**PRINCIPAL**
Christine Wong

# Comprehensive Educational Plan Outline

## Table of Contents

**Main Sections (Customized Based on School Accountability Status):**

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

**Appendices (Reflecting Additional Requirements for Specific Groups of Schools):**

F

# Section 1: Overview of Comprehensive Education Planning

## Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

**The Education Planning Process**

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

# Guidance on Conducting a Comprehensive Needs Assessment

**Directions:** Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

**1. Review Multiple Data Sources:** Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

**2. Analyze Data Trend(s) to Identify Areas of Strength and Need:** Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

**3. Identify Root Cause(s):** After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

# Section 2: School Information

## School Information

**School Name:**

PS 1 Alfred E Smith

**District Borough Number (DBN):**

02M001

**Grades Served:**

3K-5th

**School Address:**

8 Henry Street New York, NY 10038

**Phone Number:**

212-267-4133

**Fax:**

212-267-4469

**School Contact Person:**

Christine Wong

**School Contact Person Email Address:**

Cwong7@schools.nyc.gov

**Principal:**

Christine Wong

**United Federation of Teachers (UFT) Chapter Leader:**

Kara Adamik

**Parents' Association President:**

Sally Zhao

**SLT Chairperson:**

Arleen Chiu

**Title I Parent Advisory Council Chairperson (PAC):**

Moline Ng-Mayz

**Student Representative(s) Middle /High School:**

n/a

**Student Representative(s) Middle /High School:**

n/a

**Community Based Organization (CBO) Representative:**

Nector Santiago

**School-Based Students in Temporary Housing (STH) Liaison:**

Hei-Man Suen

# District Information

**Geographic District:**

2

**Superintendent:**

Kelly Mcguire

**Superintendent’s Office Address:**

333 Seventh Avenue, 8 th  Floor  New York, NY 10001

**Superintendent’s Email Address:**

kmcguire@schools.nyc.gov

**Phone Number:**

212-267-4133

**Fax:**

212-267-4469

# Section 3: CEP SLT/Stakeholder Signature Page

## School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

**Directions:** List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

| | | |
|---|---|---|

| SLT Member Name | Position and Constituent Group Represented | Signature |
|---|---|---|
| Christine Wong | Principal or Designee* | |
| Kara Adamik | United Federation of Teachers (UFT) Chapter Leader or Designee* | |
| Sally Zhao | Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President* | |
| Ana Cartier | District Council 37 (DC 37) Representative (staff), if applicable | |
| Moline Ng-Mayz | Title I Parent Advisory Council Chairperson (or alternate) | |
| N/A | Student Representative (Required for middle and high schools) | |
| N/A | Student Representative (Required for middle and high schools) | |
| Nector Santiago | CBO Representative, if applicable | |
| Ann Yau | Member/Teacher | |
| | Member/Teacher | |
| Roberto Serrano | Member/United Community Schools | |
| Arleen Chiu | Member/Teacher | |
| Yu Lian Zhong | Member/Parent | |
| Bi Zhen Huang | Member/Parent | |
| Xiu Hua Liang | Member/Parent | |
| Shanique McNeil | Member/United Community Schools | |
| | | |

# Additional Stakeholder Signature Page

**Directions:** Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

| Name | Position and Constituent Group Represented | Signature |
|---|---|---|
| N/A | N/A | |

# Section 4: School Summary

## Accountability Status

Accountability Status: **LSI**

# School Summary

**Directions:** Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

**Provide your school's mission statement:**

Our mission is to foster the growth of each student so that each may benefit from their multi-cultural community today, and contribute to their multifaceted world tomorrow. PS 1 is a community dedicated to the joy of learning, the excitement of discovery and the sharing of knowledge. We will do this in the following ways:
• Expanding the children's awareness of their world;
• Fostering the growth of our community of life long learners;
• Increasing the children's oral and written language and communication skills;
• Integrating all curriculum areas to enhance and support the learning opportunities for our English Language Learners, Special Education and High Achieving children;
• Developing the children's critical thinking skills;
• Creating rigorous learning environments and opportunities for all children to meet high standards.

**Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:**

Include demographic information about your school's student population.

This year, PS 1 continues to strive to develop strong family and community ties. We understand that student's learning can be reinforced and further developed when there is strong family understanding and support.

This year PS 1 strategically planned and scheduled programs to continue to support families. This past year, the Parent Coordinator and Community School Directed used parent survey results to plan and schedule workshops throughout the school year. During one of the parent meetings, parents were engaged in learning about strategies to support their child's emotional and mental wellness at home. In addition, our new SEL curriculum, MindUP, was shared with families. Families learned how students are encouraged to use brain breaks to help them refocus on their work and become better listener with another. In addition MindUP supports students in developing empathy, and identifying their own feelings. Families were encouraged to use these activities with their children at home.

Our partnerships with American Ballet Theatre, National Dance Institute, Dancing Classrooms, City Lore and New York City Football Club provided sessions aligned to our Wit and Wisdom curriculum that invited all families to a culminating event. Grades 1 and 5 students celebrated their ballet dance with ABT by welcoming all families to our spring Family Forum. Grades 1, 3, and 4 students created poems and shared a whole class song during the end of the year event for City Lore. Dancing Classrooms helped our grade 5 students learn about various dances from around the world. National Dance Institute worked with our grades 2, 3, and 4 students to move and dance to their favorite songs while celebrating Rock and Roll. New York City Football Club supported grades 2-5 with weekly soccer lessons while working together to develop sportsmanship in teams. Selected students in grades 3-5 were invited to the invitational soccer tournament in June.

An area of focus this year will be the element of rigorous instruction, particularly in implementing year 2 of our NYC Reads curriculum: Wit and Wisdom. In addition, we will continue to use data driven instruction protocols to develop lesson and unit plans. We will be in year 3=4 of implementing our math curriculum, Eureka Math Squared, and year 3 in implementing Fundations and Heggerty in grades K-3. With the teacher inquiry teams already in place, PS 1 will be deepening the work by reflecting and reviewing how we can intensify our core instruction in tier 1, such as with Wit and Wisdom. We will also implement our tier 2 and 3 interventions in both literacy and math using Phonics for Reading and Bridges Intervention. Teachers will continue to progress monitor and growth monitor to assess student learning and progress while also using at least 1-2 elements of explicit instruction to support and strengthen our tier 1 instruction. Teacher teams will then use the progress monitoring data and diagnostic data to redesign their lessons, unit plans, and learning goals. Furthermore, the data will be used to plan lessons and units to meet all learners, especially our targeted subgroups. The teams will also work together to strategically have conversations with their students to learn more them as individual beings, observe their students' partnerships and conversations with their peers, and to examine a student's morale and how it directly affects learning. The learning and inquiry is divided into 3 cycles during the school year that directly align to the BOY, MOY, and EOY diagnostic testing periods. We will monitor data from our subgroups (Black, Latinx, Asian, SWD, ENL) with a theme of "belonging" and how do we make sure all students belong.

**Briefly summarize the key initiatives your school will implement this school year.**

PS 1 will continue to focus on key initiatives this year to support rigorous instruction. PS 1 will continue to work with District 2 Math Instructional Lead Rachel Benoff to support the fourth year in implementing Eureka Math Squared. For our literacy work, we will continue to work with our District 2 AIS coordinators to implement Heggerty and Fundations in our lower grades while looking at how we continue to provide intervention support for our students in grades 3-5. We will also work with our District 2 Literacy team to implement our year 2 implementation of Wit and Wisdom.

We will continue to focus on reviewing our curriculum to ensure alignment to the Next Generation Learning Standards. Teachers will participate in school-wide inquiry to focus on unpacking the Next Generation Learning Standards while reviewing our current curriculum to support in planning, teaching, and analyzing student learning for next steps and targeted small group instruction in a tier 2 intervention, which includes our student subgroups.

In addition, we will continue to focus on consistently implementing our SEL work through MindUP across the grades.

We will also work to maintain our arts partnerships from the previous years in order to support students' SEL and academic growth.

**What are the primary digital and/or print curricula/programs used for ELA and Math:**

Indicate the content area, grade band and any adaptations made.

| Content Area (Indicate ELA and Math Only) | Grade Band | Digital and/or Print Curricula/Program | Adaptations |
|---|---|---|---|
| ELA | K-5 | Wit and Wisdom | translated version in Spanish |
| Math | K-5 | Eureka Math Squared | translated version in Spanish |

| | | | |
|---|---|---|---|
| ELA | K-3 | Fundations | |
| ELA | Prek-1 | Heggerty | |

# Section 5: Priority 1 – All students learn to read well

## Priority 1 Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| EOY iReady Reading data shows that 43% of student are reading on grade level or above; iReady Reading Data (EOY 2025) | Establish strong Tier I (core) High Quality Instructional Materials (HQIM) built on the science of reading, research-based, aligned to Next Generation Learning Standards (NGLS) | Establish Tier I HQIM + coaching, planning, and evaluation of practice |
| EOY iReady Reading data shows that Latinx students had lowest number of students reading on grade level or above (9%); iReady Reading Data (EOY 2025) | Establish strong Tier I (core) High Quality Instructional Materials (HQIM) built on the science of reading, research-based, aligned to Next Generation Learning Standards (NGLS) | Establish Tier I HQIM + coaching, planning, and evaluation of practice |

| | | |
|---|---|---|
| EOY iReading Reading data shows that SWD students had 15% of students reading on grade level or above; iReady Reading Data (EOY 2025) | Establish strong Tier I (core) High Quality Instructional Materials (HQIM) built on the science of reading, research-based, aligned to Next Generation Learning Standards (NGLS) | Establish Tier I HQIM + coaching, planning, and evaluation of practice |

# Priority 1

**Directions:** After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Systemwide Focus Areas for Literacy**

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

# Priority 1 SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| All Students | 43 | By June, 2026, literacy for All Students will improve, as measured by a 17% Increase, from 43 to 60, of percentage of students scoring at or above proficiency on the iReady Reading Diagnostic Data. |
| Hispanic Students | 9 | By June, 2026, literacy for Hispanic Students will improve, as measured by a 16% Increase, from 9 to 25, of percentage of students scoring at or above proficiency on the iReady Reading Diagnostic . |
| Students with Disabilities (SWD) | 15 | By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 15% Increase, from 15 to 30, of percentage of students scoring at or above proficiency on the iReady Reading Diagnostic . |

# Priority 1 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

**Enter a Measurement Tool:**

iReady Reading Diagnostic

**Enter a Key Performance Indicator**

MT - Meet Standards

**Baseline:**

43%

**Enter the date for the baseline data:**

June 2025

**Enter Period 1: Beginning of Year (BOY) Progress Target:**

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

43

**Enter Period 2: Middle Of Year (MOY) Progress Target:**

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

52

**Enter Period 3: End of Year (EOY) Progress Target:**

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

60

# Priority 1 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

**Enter a Measurement Tool:**

23

**Enter Period 3: End of Year (EOY) Progress Target:**

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

30

# Priority 1 Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Engage in cycles of professional learning, coaching, and evaluation centered on the implementation of Tier I, HQIM and classroom practice.

Strengthen the use of data and information centered on student outcome (“Is what we are doing working? How does this show up in the data?”) to make decisions regarding student programming, intervention selection, dosage, by establishing an “MTSS Data Team” or "Intervention Team" structure in the school.

A data and/or intervention team will be created to support with reviewing iReady and Acadience data after schoolwide BOY, MOY, and EOY assessments. Data team will lead grade team meeting and grade band meetings (k-2 and 3-5) to review the data and then directly review teacher planning to support evidence from data. The following data will be created on each grade and across grade bands, individual grade data for iReady and Acadience K-2 data and iReady data for 3-5. We will also review data for subgroups ENL, SWD, black, Latinx, Asian.

**Root Cause Addressed:**

Tier 1 intensification (MTSS)
Implementing Tier 2 and 3 instruction

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |

| |
|---|
| Focus on planning, including use of curriculum, Tier I intensification |
| In-class coaching and peer observation with staff developers around Tier 1 curriculum to focus on specific teacher action to increase student engagement through student small group and targeted instruction and student action by using text evidence to support discussions and conversations. |
| Teacher evaluation and feedback using 1-2 elements from the 16 Elements of Explicit Instruction and the Wit and Wisdom learning indicators for both teachers and students. |
| Develop observation tool to record participation / engagement of students |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
|---|
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

We will create and establish a MTSS / Data team and school program to support data analysis, including progress monitoring and review of overall school program. We will collect data from our school-wide reading diagnostic using iReady Reading for grades K-5. In addition, our tier 2 interventions will be using the curriculum, Phonics for Reading in grades 3-5; Fun in Focus in grades 1-2, and we will focus on intensification of core curriculum in Kindergarten. The placement test will be used initially to determine eligibility for a tier 2 intervention in grades 1-5. Every 7th lesson, students will be progress monitored using Acadience to check for understanding.

A data and/or intervention team will be created to support with reviewing iReady and Acadience data after schoolwide BOY, MOY, and EOY assessments. Data team will lead grade team meeting and grade band meetings to review the data and then directly review teacher planning to support evidence from data. The following data will be created on each grade and across grade bands, individual grade data for iReady and Acadience in grades K-2 and iReady data gor grades 3-5. Across all grades, data for the subgroups ENL, SWD, black, Latinx, Asian will be reviewed.
In addition, progress monitoring will be reviewed and analyzed during our data/intervention team meeting to determine if the intervention is the most appropriate for students.

We will continue to train teachers for selected tier 3 interventions: Sounds Sensible and SPIRE.

# Priority 1 Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

| Start Date | End Date | Strategies to Support Family & Community Engagement | Partners/CBOs Leveraged |
|---|---|---|---|
| 09/15/2025 | 10/06/2025 | Back to School, Curriculum Night, Family Engagement | United Community Schools |
| 09/04/2025 | 06/26/2026 | Discussions during monthly SLT and PTA meetings. | United Community Schools |

# Priority 1 Budget and Resources

**Budget and Resources**

**Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.**

**Human Resources**

**Other Resources Needed**

n/a

# Section 5: Priority 2 – All students are physically and emotionally safe

## Priority 2 Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| OORS Reporting (OSYD) data shows that 24.4% of reports were documented from the classroom and included student to student conflict. | Inconsistent classroom teacher support for student to student conflicts. | Implementation and collaboration of MindUP SEL curriculum between teachers and social workers. |
| | | |
| | | |

# Priority 2

**Directions:** After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Systemwide Focus Areas for Physical and Emotional Safety**

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

# Priority 2 SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| All Students | 24.4% | By June, 2026, physical and mental wellness for All Students will improve, as measured by a 6% Decrease, in number of OORS reports including student to student conflicts in the classroom from 24.4% to 18%, per the Online Occurrence Reporting System (OORS) reports. |

# Priority 2 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

**Enter a Measurement Tool:**

OORS

**Enter a Key Performance Indicator**

# Priority 2 Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Engage in continued professional learning with MindUP SEL curriculum in collaboration with United Community Schools (UCS), school-based social worker, and community-based social worker. Social workers will create a school-wide schedule to support classroom teachers to implement at least one MindUP SEL lesson a week. In addition, social workers will engage all students in school-wide brain breaks at least 2x a week. Social workers and SEL team will engage in a BOY walkthrough to make sure all classes have materials and teaching curriculum to begin the year. Social workers will develop a BOY assessment to monitor SEL development and growth. SEL meetings will be scheduled for at least twice a month to discuss MindUP progress and review BOY, MOY, and EOY iReady and Acadience data to measure academic growth with support of SEL implementation.

**Root Cause Addressed:**

Inconsistent implementation of SEL/MindUP curriculum and support to transfer strategies to additional specialty classes and support staff.

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| Create a school-wide schedule of SEL/MindUP lesson support with school-based and community-based social workers with classroom teachers (at least 1x a week). |
| Establish team SEL structures to include a BOY and EOY assessment. |
| Calendar all SEL meetings (2x a month) |

| |
|---|
| Creating a tier 2 and tier 3 SEL cycle to support grades K-5. |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
|---|
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

We will create and establish a SEL team that meets 2x a month to review OORs reporting, SEL observations, and SEL tier 2 and tier 3 using new curriculum from Social Thinking Strategies. The SEL team will share observations and and school program to support data analysis, including progress monitoring and review of overall school program.

We will monitor data from our school-wide reading diagnostic using iReady Reading for grades K-5 as a method to monitor progress of our tier 2 and tier 3 SEL intervention.

Our school-based and community-based social worker will participate in our school-wide inquiry cycle to monitor student small groups (focus on student subgroups) and share additional SEL information with classroom teachers.

# Priority 2 Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

| Start Date | End Date | Strategies to Support Family & Community Engagement | Partners/CBOs Leveraged |

# Section 5: Priority 3 – All students have a high-quality academic experience

## Priority 3 Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| EOY iReady Math data shows that 41% of students in K-5 are performing at or above grade level in math; iReady Math Data (EOY 2025) | Analyze student programming to include defined time for intervention (WIN period, intervention, etc) | Establish Tier II research-based reading and math intervention programs; Intensification of Tier 1 Math |
| EOY iReady Math data shows that Latinx students had 15.1% of students performing on grade level or above in math; iReady Math Data (EOY 2025) | Analyze student programming to include defined time for intervention (WIN period, intervention, etc) | Establish Tier II research-based reading and math intervention programs; Intensification of Tier 1 Math |
| EOY iReady Math data shows that Black students had 17.8% of students performing on | Analyze student programming to include defined time for | Establish Tier II research-based reading and math intervention |

| | | |
|---|---|---|
| grade level or above in math; iReady Math Data (EOY 2025) | intervention (WIN period, intervention, etc) | programs; Intensification of Tier 1 Math |

# Priority 3

**Directions:** After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Systemwide Focus Areas for High Quality Academics**

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

# Priority 3 SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| All Students | 41 | <School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 9% from 41 to 50, for All Students, as measured by iReady Math Diagnostic . |
| Hispanic Students | 15 | <School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 10% from 15 to 25, for Hispanic Students, as measured by iReady Math Diagnostic. |
| Black Students | 17 | <School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 10% from 17 to 27, for Black Students, as measured by iReady Math Diagnostic . |

# Priority 3 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). # Priority 3 Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Engage in cycles of professional learning, coaching, and evaluation centered on the implementation of Tier II and HQIM and classroom practice. We will create intervention teams (k-2 and 3-5) to review all data after BOY, MOY, and EOY assessment periods to determine next steps for Tier 2 and 3 cycles. Teams will administer secondary diagnostics and develop a sessions for a cycle of tier 2 intervention with Bridges Curriculum. In addition, grade teams will continue to meet during Monday PD times and weekly common planning times to discuss how to intensify the Tier 1 curriculum: Eureka Math Squared.

Strengthen the use of data and information centered on student outcome (“Is what we are doing working? How does this show up in the data?”) to make decisions regarding student programming, intervention selection, dosage, by establishing an “MTSS Data Team” or "Intervention Team" structure in the school.

A data and/or intervention team will be created to support with reviewing iReady Math data after schoolwide BOY, MOY, and EOY assessments. Data team will lead grade team meeting and grade band meetings to review the data and then directly review teacher planning to support evidence from data. The following data will be created on each grade and across grade bands, individual grade data for iReady K-2 data and 3-5 data, as well as data for subgroups ENL, SWD, black, Latinx, Asian.

**Root Cause Addressed:**

Data is used in the school, but not always shared widely or to make programming / curriculum decisions.

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |

| |
|---|
| Focus on data-based planning, including use of curriculum. |
| In-class coaching and peer observation. |
| Calendar and schedule grade team meetings at least once a month to review data and student intervention groups. |
| |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
|---|
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

A data and/or intervention team will be created to support with reviewing iReady Math after schoolwide BOY, MOY, and EOY assessments. The data team will lead grade team meeting and grade band meetings to review the data and then directly review teacher planning to support evidence from data. The following data will be created on each grade and across grade bands, individual grade data for iReady K-2 data and 3-5 data. We will focis on  for data for subgroups ENL, SWD, black, Latinx, Asian). Our K-2 teams will focus on intensification of Tier 1 Eureka Math Squared curriculum.

We will create and establish a MTSS / Data team and school program to support data analysis, including progress monitoring and review of overall school program. We will collect data from our school-wide reading diagnostic using iReady Math for grades 3-5. In addition, our tier 2 interventions will be using the curriculum, Bridges Math. The

placement test will be used initially to determine eligibility for a tier 2 intervention. A growth monitoring calendar will be created for progress monitoring (about 1x a month).

# Priority 3 Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

| Start Date | End Date | Strategies to Support Family & Community Engagement | Partners/CBOs Leveraged |

# Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

## Priority 4 Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| EOY iReady Reading data shows that 43% of student are reading on grade level or above; iReady Reading Data (EOY 2025) | Establish strong Tier I (core) High Quality Instructional Materials (HQIM) built on the science of reading, research-based, aligned to Next Generation Learning Standards (NGLS) | To improve awareness of various career and college readiness opportunities. All children will learn to read well. |
| | | |

| | | |
|---|---|---|
| | | |

# Priority 4

**Directions:** After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Systemwide Focus Areas for College and Career Readiness**

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

# Priority 4 SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| All Students | 43% | Alfred E. Smith will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students reading at or above proficiency for All Students will Increase by 17% from 43% to 60% as measured by iReady Reading Diagnostic . |

# Priority 4 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

# Priority 4 Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Our SEL team will collaborate with teacher teams to support with reviewing iReady and Acadience data after schoolwide BOY, MOY, and EOY assessments. SEL team will gather data during assessment period to monitor how the planning and implementation of our annual Career Day impacts student learning as measured by iReady data.

**Root Cause Addressed:**

Challenges with consistent attendance.

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| Focus on planning, including use of curriculum, Tier I intensification |
| Focus on data-based planning, including use of curriculum |
| |
| |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

# Priority 4 Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

| Start Date | End Date | Strategies to Support Family & Community Engagement | Partners/CBOs Leveraged |
|---|---|---|---|
| 09/04/2025 | 06/26/2026 | Discussions with SLT and PTA each month. | United Community Schools |
| 09/04/2025 | 06/26/2026 | Monthly SEL meetings with school-based and community-based social workers to review reading data to support with college and career readiness through Annual Career Day event. | United Community Schools |

# Priority 4 Budget and Resources

**Budget and Resources**

**Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.**

**Human Resources**

n/a

**Instructional Resources**

n/a

**Schedule Adjustments**

n/a

**Other Resources Needed**

n/a

# Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

## Priority 5 Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| end of year attendance 87% (New Visions Portal) | challenges of attendance, temporary housing | Increase attendance and family participation in family workshops and meetings. |
| | | |

| | | |
|---|---|---|
| | | |

# Priority 5

**Directions:** After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Focus Areas for System Responsiveness to Parents, Families and Communities**

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

# Priority 5 SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| Parents of All Students | 17 | PS001 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of families attending family event will Increase by 13 from 17 to 30 as measured by event attendance sheet. |

# Priority 5 Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

**Enter a Measurement Tool:**

# Priority 5 Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Our SEL, Attendance Team, and Dream Squad members will meet each month to review monthly attendance from parent events, including PTA meetings, parent workshops, and parent volunteer opportunities. The team will collaborate with classroom teachers to create fliers, messages, and memos to send to families to encourage more diverse and inclusive parent involvement at all school events.  In addition, our Parent Coordinator and Community School Director will learn how to use ClassDojo to send messages to the whole school.

**Root Cause Addressed:**

We are addressing low parent attendance at events and consistent parent attendance that does not include all families from various cultural, multilingual, and ethnic backgrounds.

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |

# Section 5: Attendance/Chronic Absenteeism

## Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs |
|---|---|---|
| YTD EOY Chronically Absent data for all students is 49% (New Visions Portal, June 2025) | temporary housing | improving overall attendance |
| YTD EOY Chronically Absent data for students in Latinx subgroup is 66% (New Visions Portal, June 2025) | temporary housing | improving overall attendance |
| YTD EOY Chronically Absent data for students in Black subgroup is 65% (New Visions Portal, June 2025) | temporary housing | improving overall attendance |

# Attendance/Chronic Absenteeism

**Directions:** After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

**Systemwide Focus Area for Attendance/Chronic Absenteeism:** Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

# Attendance/Chronic Absenteeism SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| All Students | 49% | By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 9%, from 49% to 40%, as measured by the New Visions Chronic Absenteeism Reports. |
| Hispanic Students | 66% | By June, 2026, the Percentage of Chronically Absent Students for Hispanic Students will decrease by 10%, from 66% to 56%, as measured by the New Visions Chronic Absenteeism Reports . |
| Black Students | 65% | By June, 2026, the Percentage of Chronically Absent Students for Black Students will decrease by 10%, from 65% to 55%, as measured by the New Visions Chronic Absenteeism Reports . |

# Attendance/Chronic Absenteeism Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. # Attendance/Chronic Absenteeism Action Plan

**Directions:** Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

**Key Strategy 1 (Required):**

Perform deeper data dive into chronic absenteeism data by subgroup to review as attendance team.

**Root Cause Addressed:**

Students in Temporary Housing, 3k and Prek attendance

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| Weekly attendance team meetings to analyze attendance for trends (ATS, New Vision) |
| Attendance team implements school-wide plan to target attendance trends (lateness, absences, chronically absent students). |
| Attendance team meets with individual grade teams and families to develop individualized attendance plan to support lateness, absences, and chronically absent students). |
| |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

In September 2025, the attendance will meet to determine calendar for meetings, an attendance recognition plan to implement school-wide, and to create files to document monthly data collection. The attendance team will review the CEP goals.
The attendance team will perform a deep dive into the attendance trends from New Visions (reviewing individual student iLog notes, reviewing housing status, reviewing student grade level) to support in identifying cause for absences and/or latenesses.
Attendance team will support to monitor CEP progress.

# Attendance/Chronic Absenteeism Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

| Start Date | End Date | Strategies to Support Family & Community Engagement | Partners/CBOs Leveraged |
|---|---|---|---|
| 09/04/2025 | 06/26/2026 | Set up expectations with families during Back to School Night, Curriculum Night about attendance expectations. Pupil Accounting Secretary and Attendance teacher will continue with teachers to outreach to families who need support with attendance. | United Community Schools |
| 09/04/2025 | 06/26/2026 | Attendance discussion at monthly SLT and PTA meetings. | United Community Schools |

# Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

## High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

**Priority Needs and Root Causes**

**Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:**

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

| 1. Data Trend(s) (Cite Data Source & Year) | 2. Root Cause(s) | 3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.) |
|---|---|---|
| IEP compliance completion (SESIS, June 2025) | challenges of training new staff and team | IEP Development and Fidelity of Implementation |
| District Special Education Leads Meetings/Monthly PS 1 IEP meetings (District 2 meetings) | challenges of training new staff and team | Transition Planning and Compliance |

| | | |
|---|---|---|
| District Special Education Leads Meetings/Monthly PS 1 IEP meetings (SESIS, June 2025) | challenges of training new staff and team | Referral Process and Equity |
| District Special Education Leads Meetings/Monthly PS 1 IEP meetings (OORS, June 2025) | challenges of training new staff and team | Equity in School Discipline |
| | | |

# High Quality Inclusive & Accessible Learning for Students with Disabilities

**Directions:** After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

**Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:**

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

# High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

| Target Population | Baseline Data | SMART Goal |
|---|---|---|
| Students with Disabilities (SWD) | 80% | By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Completed IEP development and alignment of IEP's across present level of performance to the goals. by a 20% Increase, from 80% to 100%, as measured by IEP review . |

# High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

**Directions:** It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). # High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

**Key Strategy 1 (Required):**

Focus on planning and professional learning on completing IEPs and aligning PLOP with goals.

**Root Cause Addressed:**

Establish strong protocols and structures to support teachers to complete IEPs and to align PLOP to goals.

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| Develop a schedule and protocol for using SIT questionnaire during IEP meetings to ensure program and service recommendations in LRE. |
| Develop a schedule and protocol for IEP review by SIT Committee prior to finalization for standards-alignment |
| CF Intervention Teacher will review weekly related services and compliance reports. |
| |
| |

**Key Strategy 2 (Optional):**

**Root Cause Addressed:**

**Action Steps:**

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

| Action Steps |
| --- |
| |

**Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.**

**Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.**

# High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

**Family and Community Engagement**

**Directions:** Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

| Start Date | End Date | Multi-tiered Supports to Engage Family & Community | Partners/CBOs Leveraged |
|---|---|---|---|
| 09/04/2025 | 06/26/2026 | Families will be notified of all IEP meetings at least a week prior to the scheduled meeting. Outreach will include phone call, messaging, and email. Both birth parents and foster parent will be invited to attend the IEP meeting. Staff members will attending trainings to engage in and support families that include both foster and both parents. All family and community engagement activities will be sent to families. School-based social worker and community based social worker will work with District office to support families as needed with IEP process, understanding the programs, and community programs. | United Community Schools |
| | | | |

# High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

**Budget and Resources**

**Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.**

**Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.**

**Human Resources:**

# Section 6: Multi-Tiered Systems of Support (MTSS)

## Academic Support

**NYCPS Multi-Tiered Systems of Support (MTSS)** align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

**Tier 1** provides schoolwide, high-quality programming for all students, including SWDs;

**Tier 2** offers data informed small-group interventions for at-promise students; and

**Tier 3** delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

**Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.**

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

| Academic Support Indicate Tier 2 or 3 | Criteria for Determining Service | Program Type or Strategy | Service Delivery Model (Small group, one-to-one, tutoring, etc.) | When is Service Provided? (Before, during or after school) | Technology-Based Tool (Indicate Yes or No) |
|---|---|---|---|---|---|
| AIS Literacy/Math Tier 1 intensification /Tier 2 | Reading one reading level below grade level | Reading/ Math | small group in the class | During School | No |
| Phonics for Reading Program Tier 2/3 | Reading below Grade level (2-3 levels) | Reading | small group in a separate location | During School | No |
| AIS Math/Bridges Tier 2 | Math below grade level (2-3 levels below) | Math | small group in a separate location | During School | No |

# Student Social/Emotional Support

**Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.**

| Student Social/Emotional Support Indicate Tier 2 or 3 | Criteria for Determining Service | Program Type or Strategy | Service Delivery Model (Small group, one-to-one, tutoring, etc.) | When is Service Provided? (Before, during or after school) | Technology-Based Tool (Indicate Yes or No) |
|---|---|---|---|---|---|
| Community-Based Social Worker Tier 2 | Parent, teacher, student request for additional support. | Community-based support | one-to-one | During School | No |
| Community-based Social Worker Tier 2 | Parent, teacher, student request for additional support. | Community-based support | small group | During School | No |
| | | | | | |

# Family and Community Engagement Around MTSS

**Describe how the school's essential components of MTSS are shared with families.**

The school's essential components of MTSS are shared with families during our Back to School Curriculum Night, monthly newsletters, Principal letters, School Leadership Team meetings, Parent-Teacher conferences, and during family meetings.

In our monthly Principal letters to families, we share our curriculum with all families.

Each September, our teachers hold a Curriculum Night to share with new families the upcoming year's curriculum. During this time, we will share with families components of MTSS: tier 1, 2, and 3 curriculum. In addition, we will share information about how teachers plan to support academic learning with students through specific teaching strategies, progress monitoring and screeners/diagnostic assessments.

**Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.**

Families receive updates on the progress of their children who receive tier 2 or 3 interventions during Curriculum Night,  Parent Teacher Conferences in November and March, and in May during the last Family Forum. If students have an IEP, families receive updates at their child's IEP meeting.

**Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.**

Families are involved in the decision making regarding the progress of students receiving Tier 3 at our monthly School Leadership Team meetings. At our beginning of the year during our School Leadership Team, we review the curriculum and teachers who will be supporting with Tier 3 interventions. Families are scheduled to meet with the teachers to receive updates about Tier 3 intervention during Curriculum Night, parent-teacher conferences in November and March, and during the May parent event.

# Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

**Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.**

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We currently have 17% of our students in temporary housing, which is 33 students.

**After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?**

After analysis of demographic, we observed that most of our students in temporary house or families who identify as Latinx. Beginning in the 2025-2026 SY, we will utilize the STH Title 1 Survey. Then the attendance team, which includes our social workers, will review the survey to select services and support to align to each individual family's needs.

**Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?**

Once the children enter our school, we will conduct an informal needs assessment to include needs and supports. Our work with non-profit organizations such as Apex for Youth provides ready made schoolbags with essential school materials including writing tools, reading materials and a dictionary. Also an initial assessment is completed

with the math coach and reading recovery teacher to obtain baseline data of what the child knows and can do. Immediately we meet with the intervention team to provide additional AIS services in areas of need. In additional the children will be part of extended day programs and any enrichment activities deemed appropriate such as soccer, basketball, and Saturday programs.

The classroom teacher continues to maintain assessments such as reading levels and scoring writing samples measured against curriculum rubrics. With the McKinney funds we purchase additional books for the children to create home libraries and additional consumable supplies.

# Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

**How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.**

There are currently two students in foster care.

The social-emotional and academic supports available to them are the following:
-support from school-based social worker - weekly check in
-support from community-based social worker - outreach to community events and organizations
-small group work throughout the day
-tier 2 intervention support
-early arrival and after school availability
-annual vision screening
-3x a year food drive
-support with school supplies
-support with bus transportation
-support with agency liaison to create stability plan

**What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?**

For newly transitioned students into foster care, we have the following plan in place after an initial needs assessment:
-we outreach to case worker to confirm status and ensure safety of child
-we develop arrival and dismissal plan and support family with completing updated paperwork and school forms
-identify support systems and needs for student and family
-meet with classroom teachers to share update and next steps
-school-based social worker will support with daily-weekly student and family check-in

-school will supply academic supplies (schoolbag, books, pencils, paper)
-if applicable, students will receive devices
-families will receive school services: food drive, vision screening, health workshops with community based organization
-eligible for tier 2 and/or small group academic services
-early arrival and after school available
-setting up bus transportation if needed
-school-based social worker will meet with caseworker to inquire about outside tutoring and other services

**After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?**

After analysis of demographic, we observed that most of our students in foster care are families in the Black subgroup. Beginning in the 2025-2026 SY, we will utilize the STH Title 1 Survey. Then the attendance team, which includes our social workers, will review the survey to select services and support to align to each individual family's needs.

**What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?**

As a school, we have implemented a tier 2 SEL curriculum called MindUP. Our community-based social worker and school-based social worker visit classrooms in grades Prek-5 to implement at least 1 class lesson a week alongside the classroom teachers. In the MindUP curriculum, students learn the following motto: Be Kind, Be Safe, Be Focused. In addition, students learn about their brain and regulating their emotions as well as empathy.

Students who need additional support will received a tier 2 intervention with MindUP with our social workers during the week to review the learned material from the whole class lesson in a small group setting about 3x a week in cycles throughout the school year.

# Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

**Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.**

When we receive ELT support we will continue to provide a comprehensive learning programs during our after school program.  We will ensure all eligible students who are considered at-risk of not meeting state standards to be in attendance. After School programs will include small group and targeted instruction in literacy and/or math.

**Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.**

Teachers will be offered per session positions to plan and time to collaborate with tutors and mentors.  They will provide professional development sessions to support each other before and after programming for debriefing and planning for the next sessions.  we will also provide additional support from consultants and specialists from the District team, iReady, and other professional learning.

**Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.**

We will continue to plan with our teacher teams to align curriculum to the ELT instruction to ensure core academic subject area instruction is offered during the regular school day. We also look at our budget for additional funding to support programming including resources and materials.

**Provide a description of the materials purchased to support implementation of ELT.**

We plan to purchase additional decodable books, writing notebooks, and content area books that support our current Wit and Wisdom modules across grades K-5.

# Section 7: Parent and Family Engagement Policy and School-Parent Compact

## Parent and Family Engagement Policy

**Directions:** The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

**Parent and Family Engagement Policy**

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

### Support for Parents and Family Members of Title I Students

PS 1 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

### Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

### Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

# School-Parent Compact (SPC)

### School-Parent Compact (SPC)

PS 1, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

### I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

### I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

### I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

### I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

### II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

### III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

# Title I Program Information

## Part 1: Title I Program Type

**Title I Requirements and Strengthening Title I Parent Involvement:** Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

**Your school's Title I Program**

Title I SWP

# Part 2: All Title I Schools

**High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.**

Our areas of concentration will include ELA to develop our children's speaking, listening, reading and writing skills . Our professional development will focus on the continuation of building our teaching literacy strategies and ensure our assessments will inform our instructional; practices. We will be using Acadience as a literacy screener, the iReady diagnostics in ELA, and review programs such as our phonic programs and supplement programs such as Heggerty and Fundations in K-2. In addition, we will focus on implementing our new curriculum Wit and Wisdom in grades K-5.

We will also continue to work with our District 2 AIS Coordinators and Staff Developers as mentors and models of best practices for our classroom teachers. Strategies include turn and talks, close reading, rereading, and retells using sentence starters to start conversations and thinking process.

# Part 4: Schoolwide Program (SWP)

**Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).**

Our transition plans will include open houses for all the new families. Also families will receive invitations to attend our Spring Family Engagement Night in May/June.  We will include the preschool children to events and activities such as playtime and read aloud time with our elementary programs, i.e., the children will be at recess together. Curriculum will be shared with 3K and PreK and K.  For the past two years, PreK and K classes had their stepping u-p program together as a unit.  This is a wonderful celebration among the families.

Children's records and documents are shared during clerical day as well as during professional development times. Staff will visit each other classrooms  During open houses we make sure families see the elementary program at least one grade above entering class, i.e., a family in PreK will also see a K classroom.

# Part 5: "Conceptual" Consolidation of Funds in SWP Schools

**Directions:** All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

| Program Name | Fund Source (i.e. Federal, State or Local) | Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts) | Column A Verify with an (X) | Column B Section/Priority Reference(s) |
|---|---|---|---|---|
| Title I, Part A (Basic) | Federal | 195, 699 | x | priority 1 & 2 |
| Title I, School Improvement 1003(a) | Federal | | | priority 1 & 2 |
| Title II, Part A | Federal | | | priority 1 & 2 |
| Title III, Part A | Federal | | | priority 1 & 2 |
| Title III, Immigrant | Federal | 12,182 | X | priority 1 & 2 |
| Title IV, Part A | Federal | 4,895 | X | priority 1 & 2 |
| Tax Levy (Fair Student | Local | | | priority 1 & 2 |

| | | | | |
|---|---|---|---|---|
| Funding) | | | | |

# Explanation/Background

**1. Explanation/Background:**

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

**Title II, Part A:** Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

# Community Schools

## Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

**Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.**

| CBO Partners | Target Population | Scope of Service | Priority/section(s) and Annual Goal |
|---|---|---|---|
| Apex for Youth | Students and Families | Academic and social services | attendance |
| | | | |
| | | | |

# Implementation of Community School Core Features & Components

**Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.**

Apex for Youth will meet with leadership team from PS 1 at the beginning of the year to share school-wide goals, CEP, and school data to plan two cycles of learning (Fall and Spring) that will occur on Saturdays. Each Saturday, teacher in charge and Community School Director will work directly with Apex for Youth staff to plan and work with students in selected grades in small group setting to focus on ELA and Math.

**Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.**

At the beginning of the year, Parent Coordinator and Community School Director will meet with PTA executive board to create a survey and then calendar of family workshops to support family's needs. PS 1 will share a calendar of family workshops and SLT meetings at the beginning of the school year so families can have access to dates and times. Throughout the year, feedback will be requested from families through Google form/survey. Parent members will continue to participate in SLT meeting and United Community Schools Advisory boards monthly. During the meetings, members will participate in decision-making.

# Implementation of Community School Core Features & Components

**Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.**

PS 1 will address out-of-school barriers by partnering with a CBO to offer more extended learning time for students. When we receive ELT support, we will continue to provide a comprehensive learning programs for Saturday Academy. We will ensure all eligible students who are considered at-risk of not meeting state standards to be in attendance. Saturday Academy will include small group and targeted instruction in ELA and math.

**Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.**

For support, you may access strategies here.

Apex for Youth will meet with leadership team from PS 1 at the beginning of the year to share school-wide goals, CEP, and school data to plan two cycles of learning (Fall and Spring) that will occur on Saturdays. Each Saturday, teacher in charge and Community School Director will work directly with Apex for Youth staff to plan and work with students in selected grades in small group setting to focus on ELA and Math. Teacher in charge and Community School Director will share attendance data information with Apex for Youth, and support with making individual family phone calls. Students and families will complete a student interest form to assist Apex and PS 1 staff in planning for additional activities that may be of a strong interest to students, such as basketball, art, or mentoring programs.

**Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.**

Apex for Youth will meet with leadership team from PS 1 at the beginning of the year to share school-wide goals, CEP, and school data to plan two cycles of learning (Fall and Spring) that will occur on Saturdays. Each Saturday, teacher in charge and Community School Director will work directly with Apex for Youth staff to plan and work with students in selected grades in small group setting to focus on ELA and Math. Teacher in charge and Community School Director will share data information with Apex for Youth, such as IEP, ENL strategies, and data from screeners to ensure students received differentiated instruction. In addition, we will continue to review weekly lesson plans with Apex to make sure that all students receive culturally responsive supports. Teacher in charge and CSD can share information about families, such as home language survey with Apex.

# Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

# Submission Assurances

## Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

# Language Allocation Policy Outline

## Language Allocation Policy Outline

**2025-26 Language Allocation Policy (LAP)**

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents.  When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

# Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

# A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

**Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.**

| Member Title | Name |
|---|---|
| Principal* | Christine Wong |
| Assistant Principal (Where Applicable)* | Parija Desai |
| English as a New Language (ENL) Teacher* | Bi Ming Yang |
| Teacher (if school has a bilingual program must be a bilingual teacher)* | Wenting Lin |
| Parent/Guardian* | |
| Teacher | Kathy Robles |
| Parent Coordinator | Cindy Lau |
| School Counselor | Hei-man Suen |
| Related-Service Provider | |
| Other (Name and Title) | |
| Other (Name and Title) | |

# B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

# 1. English to Speakers of Other Languages (ESOL) Certified Teacher

**Number of ESOL certified teachers currently teaching ENL:**

2

**Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:**

1

**Number of certified ESOL teachers not currently teaching ENL:**

2

**Number of teachers who hold both content area/common branch and ESOL certification:**

3

**Number of ESOL certified teachers with a bilingual extension:**

1

# 2. Certified Teachers with a Bilingual Extension

**Number of certified teachers with a bilingual extension currently teaching in a bilingual program:**

4

**Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:**

0

**Number of teachers certified to teach students with disabilities that also have a bilingual extension:**

0

# 3. Language Other than English (LOTE)/World Language Certified Teachers:

**Total number of teachers with LOTE certification:**

n/a

**Total number of teachers with LOTE certification providing World Language instruction:**

n/a

**Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:**

n/a

# C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

**Total number of students (excluding pre-K):**

161

**Total number and percentage (%) of current ELLs:**

49, 30.4%

**Total number and percentage (%) of former ELLs:**

9, 5.6%

**Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):**

46, 93.9%

**Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):**

3, 6.1%

**Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):**

0.0%

**Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):**

1, 2%

**Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):**

8, 18.4%

# Part II: Bilingual Programs

**Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?**

Yes

**Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.**
**Please include the total number of classrooms for each bilingual program in the last column.**

| | Program Type | Language | School Yr Opened | k | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | Totals |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| TBE | | | | | | | | | | | | | | | | | 0 |
| TBE | | | | | | | | | | | | | | | | | 0 |
| TBE | | | | | | | | | | | | | | | | | 0 |
| DLBE | 50-50 | Mandarin | 2016 | 1 | 1 | 1 | 1 | 1 | 1 | | | | | | | | 6 |
| DLBE | 50-50 | Spanish | 2023 | 1 | 1 | 0 | 0 | 0 | 0 | | | | | | | | 2 |
| DLBE | | | | | | | 1 | | | | | | | | | | 1 |
| | | | | total: 2 | total: 2 | total: 1 | total: 2 | total: 1 | total: 1 | total: 0 | total: 0 | total: 0 | total: 0 | total: 0 | total: 0 | total: 0 | |

# Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

**a. English as a New Language (ENL)**
**Stand-alone ENL:**

Our organization models include integrated ENL /Stand Alone ENL, collaborative, and self contained which are integrated models. The program models are blocked scheduled when the ELL students move from grade to grade or across the grade in heterogeneous grouping. The ENL teacher and classroom teachers as well as the teacher teams will decide the how the children will be grouped. For example, if beginner ENL students need to build on his/her vocabulary through conversations, the ENL teacher will integrate the ENL small group of 2-3 in a Pre-Kindergarten classroom because during the children's family style lunchtime the children will be conversing in English in a non academic environment. To practice reading, they can read level texts to the younger children.

Also the ENL students become peer mentors for the other students. A Stand-alone ENL program is implemented by having an ENL teacher assigned to particular classes from kindergarten to grade 5 to focus instruction with mandated students to the classroom in order to maximize time and direct student support. The ENL teachers provide instruction in English in core content areas based on each child's language proficiency level in order to further develop their English language skills. The ENL teacher also provides core content area instruction in reading and writing. The students will be working with a licensed ENL teacher.

For this school year, we will continue to plan to program ENL small groups by grade levels and/or ability levels for the course of the week so all minutes are met as per CR PART 154.2. Additional programming includes flex planning where children work with ENL teachers on grade level or at supportive instructional environments such as art, dance and music classes. ENL Teachers for Grades K-5 will engage ENL students in weekly instructional sessions a week.

The following academic supports have been provided:

- Content area books and videos aligned to Wit and Wisdom modules, decodable texts, and appropriate reading levels are assigned to students.
- iReady Reading and Math where teachers can assign grade appropriate lessons and students work at their own pace and on their own level.
- District 2 ML/ELL Services Administrator and Wit & Wisdom Staff Developers will work with ENL teachers to modify curriculum and instruction to accommodate learning for ENL students.
- During lessons, videos and picture visuals are used to support lessons.
- Weekly family notices and memos are sent home through translations Class Dojo, or Google Translate. In addition all staff are informed to use the DOE translation units for support.

**Integrated ENL:**

The organization models include integrated ENL/Stand Alone ENL, collaborative, and self contained which are integrated models. The program models are blocked scheduled when the ELL students move from grade to grade or across the grade in heterogeneous grouping. The ENL teacher and classroom teachers as well as the teacher teams

will decide the how the children will be grouped. For example, if beginner ENL students need to build on his/her vocabulary through conversations, the ENL teacher will integrate the ENL small group of 2-3 in a Pre-Kindergarten classroom because during the children's family style lunchtime the children will be conversing in English in a non academic environment.

The ENL teachers provide instruction in English in core content areas based on each child's language proficiency level in order to further develop their English language skills.

For this school year, we will continue to plan to program ENL small groups by grade levels and/or ability levels for the course of the week so all minutes are met as per CR PART 154.2. Additional programming includes flex planning where children work with ENL teachers on grade level or at supportive instructional environments such as art, dance and music classes. ENL Teachers for Grades K-5 will engage ENL students in weekly instructional sessions a week. As part of our intervention work this year the ENL teacher worked with a group of students in grade 4 & 5. We used the Phonics for Reading program to support the student phonics work.

**b. Bilingual Education (If applicable)**

**Transitional Bilingual Education (TBE):**

n/a

**Dual Language Bilingual Education (DLBE):**

Dual Language Program

In the Dual Language (Mandarin) program, classes are integrated models where classes provide full day instruction to students in needs of English language development alongside students who are learning Mandarin and English as the home language. Half of the students' instruction is in English and students receive the other half of instruction in Mandarin. Instruction in Mandarin is taught through the content areas in literacy, such as ELA and Social Studies.

In Kindergarten and first grade, the Dual Language programs are the side by side model. In grades 2-5 grade, the Dual Language programs are self-contained models.

Grade 2-5 - the following academic supports have been provided:

- Content area books and videos aligned to Wit and Wisdom modules, decodable texts, and appropriate reading levels are assigned to students.
- iReady Reading and Math where teachers can assign grade appropriate lessons and students work at their own pace and on their own grade level.
- District 2 ML/ELL Services Administrator and Wit & Wisdom Staff Developers will work with ENL teachers to modify curriculum and instruction to accommodate learning for ENL students. Dual Language Staff will reference and modify curriculum with the Wit & Wisdom Multilingual Learner Resources.
- Students use iChinese Reader to support lessons in Mandarin.
- During lessons, videos and visuals are used to support lessons (also for Grades K-1). At least one lesson in Wit & Wisdom arcs focus on using pictures/paintings to develop comprehension and critical thinking skills and strategies through speaking and listening.

Weekly family notices and memos are sent home through translations Class Dojo, or Google Translate. In addition all staff are informed to use the DOE translation units for support.

**2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?**

Accordingly ENL, ELA, and HLA instructional minutes are counted as fifty minute periods a day. We follow all federal and state mandates as per CR Part 154:

The free standing program has licensed ENL teachers as the classroom teachers. We integrate the Wit & Wisdom curriculum and we use Eureka Math Square. It is important for the children to develop their oral language through talk including discussions and conversations. The children are read to often and teachers use strategies from shared reading to work in small group settings. In addition we will assess the child to see if the child would qualify for programs such as Foundations, Phonics For Reading, Wilson, IReady (computer based program), Great Leaps, or Making Meaning. An ENL teacher will provide 180 minutes of small group work and direct instruction to students who are "Transitioning" or "Expanding" proficiency levels during an ELA content study less on. An ENL teacher will provide 360 minutes of small group work and direct instruction around ELA work to students who are "Entering" and "Emerging" proficiency levels.

We integrate the Wit & Wisdom curriculum with supports from the Multilingual Learner Resources. We feel it is important for the children to develop their oral language through accountable talk and Socratic Seminars . The children are read to often and teachers use strategies from shared reading to work in small group settings. We also follow the Wit & Wisdom reading and writing modules of study alongside Fundations, our phonics program. We have reading and writing workshop as well as time for children to read independently from core texts. Also we provide the students individual and small group instruction with the literacy teachers and licensed ENL content teachers, i.e., the special education interventionist. In addition we will assess the child to see if the child would qualify for programs such as Fundations  Phonics For Reading, Rewards, iReady (digital curriculums), Great Leaps, or Making Meaning. We will continue to revise programming and platforms to provide effective strategies for all ENL services.

**3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?**

In our school, HLA support is provided via the use of HL libraries, books, and software for "Entering, Emerging, Transitioning, or Commanding" proficiency levels through leveled electronic digital books from Sussman.

Content area books and videos aligned to Wit and Wisdom modules, decodable texts, and appropriate reading levels are assigned to students.

The implication for the school's instruction includes making sure we are servicing the children as mandated by CR Part 154. We identify which children are entitled to services and weekly schedules are posted on the classrooms' doors to indicate the ENL periods which overlaps into content areas (ELA /Math examples are below). Every teacher receives training and a copy of the ATS generated report. All students with "Entering" or "Emerging" proficiency levels will receive 360 minutes per week of mandated ENL instruction. Students with "Transitioning" or "Expanding" proficiency levels will receive 180 minutes per week of ENL instruction. Students with "Commanding" proficiency level will receive 90 minutes per week of ENL instruction. We will continue to revise programming and platforms to provide asynchronous and synchronous for ENL services. In case we will be in remote learning,  ELA learning in Grades K-5, there will be 2 thirty minutes live instruction sessions a week, 1 thirty minute recorded video session a week, daily 2-3 small group video chats, daily Google Classroom assignments. We will adjust minutes accordingly to meet mandates.

The following academic supports have been provided:
• Small group work in Level 1 and 2 for Phonics for Reading modified to support ENL learners by Bilingual/ ENL teachers will use

content area books and videos aligned to Wit and Wisdom modules, decodable texts, and appropriate reading levels are assigned to students.
•iReady Learning Reading and Math where teachers can assign grade appropriate lessons and students work at their own pace and on their own grade level.
- Wit & Wisdom Staff Developers and District 2 Leads will continue to work with teachers to ensure Wit & Wisdom curriculum is taught with fidelity to support the instruction and to accommodate learning for all ENL students.
- During lessons, videos and visuals are used to support lessons.
- Students use chats, emails, Google Docs, Jam board, and Pear Deck to communicate, share ideas, and receive feedback.

Weekly family notices and memos are sent home through translations, Class Dojo, or Google Translate.

Home Language is used only when necessary in our free standing ENL classes. In most cases, teachers use home language with the emergent and intermediate learners. We also purchased a variety of bilingual dictionaries/Pictionary's so that all classrooms have these resources for their ELLs to us e. Alternative language para professionals are assigned for ELL-SWD students who require that support as noted in their IEPs. In addition we purchased subscriptions to iChinese Reader Program to ensure we have translated materials and book titles for al l level of readers.

**4. For schools with Dual Language Bilingual Education (DLBE) programs:**

**a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.**

Dual Language Program

In the Dual Language (Mandarin) classes they are integrated self contained models where classes provide full day instruction to students in needs of English language development alongside students who have are learning Mandarin and English is the home language. Half of the students' instruction is in English and students receive the other half of instruction in Mandarin. Instruction in Mandarin is taught through the content areas and literacy, such as ELA and Social Studies.

In Kindergarten and first grade, the Dual Language programs are the side by side model. In grades 2-5 grade, the Dual Language programs are self-contained models.

Grade 2-5 - the following academic supports have been provided:
• Small group work in Level 1 and 2 for Phonics for Reading modified to support ENL learners by Bilingual/ ENL teachers
Content area books and videos aligned to Wit and Wisdom modules, decodable texts, and appropriate reading levels are assigned to students.
- iReady Learning Reading and Math where teachers can assign grade appropriate lessons and students work at their own pace and on their own grade level. (in Spanish)
- Wit & Wisdom Staff Developers and District 2 Leads will continue to work with teachers to ensure Wit & Wisdom curriculum is taught with fidelity to support the instruction and to accommodate learning for all ENL students.
- During lessons, videos and visuals are used to support lessons.
- Students use chats, emails, Google Docs, Jam board, and Pear Deck to communicate, share ideas, and receive feedback.om Staff
- Students use iChinese Reader to support lessons in Mandarin.

Weekly family notices, memos, and newsletters (grades K-1) are sent home through translations, Class Dojo, or Google Translate.

**b. In which language(s) is each core content area taught?**

Mandarin /English (PreK- Grade 5) and Spanish/English (Kindergarten-Grade 1)

**5. For schools with Transitional Bilingual Education (TBE) programs:**

**a. Which core content areas are taught bilingually?**

N/A

# Part IV: Data Analysis

## Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

**1. What is the composition of the ELL subgroups at your school?**
**What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?**

From Spring 2025 ELL Data Analysis Tool: Newcomers: 93.9% Developing: 6.1% Long-term: 0% SIFE: 2.0% ELL with IEP: 18.4%. Of the 93.9% of Newcomers. We place these students in our Dual Language program with a licensed bilingual teacher for full-day instruction. We use additional assessments such as reading records to monitor progress in addition to Universal screener, Acadience. If no progress is made, we search out alternative resources including student interviews to support the child.

In addition, we will assess the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. Also, we assessed the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. All Grade 3-5 teachers are trained in Phonics for Reading. We used Phonics For Reading program this year with our grade 4 & 5 new comers & Developing ELLs for Level 1 and Level 2. We developed alongside the teachers a plan i.e, to teach for 6 days with interventions and progress monitor. Then regroup to analyze the data and plan again for 6 days of instruction so to monitor for proficiency. The total teach is 21-25 lessons. We will also use iReady for reading and math initial diagnostics. To further support the Long -term ELLS all teachers in grades 3-5 received training on progress monitoring using Acadience.

We have been using Bridges in Math to support our ELL learners in grade 3-5 in small group interventions for 4-5 students, one period each day 5 days a week.

Effective instruction for newcomers differ from those provided with Developing or Long-Term ELLs is that we will need to monitor a newcomer's progress using progress monitoring to determine is the instruction provided in the classroom is effective. For our Developing and Long-Term ELLs, we will continue to use screeners and diagnostics three times a year as well as a secondary diagnostic when needed to measure the effectiveness of instruction.

**What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?**

It is 2% of our ELL population. These students are often limited because they will be in our school for six years if they started their schooling with us from Pre-Kindergarten. Pending on the mandates they need to receive at this point, we hope the time has lessen. In these cases, the child can be pulled out in small groups with the literacy teachers for Tier II (max 15 children in the group) and Tier III (max 6 children in the group) interventions. If not, we place these children in freestanding ENL classes with ENL licensed teachers for full day instruction or in a Dual Language program.

We use additional assessments such as Interim assessments, Acadience, NYSESLAT, and running records, and performance assessments to monitor progress. If no progress is made, we search out alternative resources including special needs materials and strategies to support the child. To further support the Long-term ELLS all teachers in grades 3-5 received training on progress monitoring using Acadience.

Also, we assessed the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. All Grade 3-5 teachers are trained in Phonics for Reading. We used Phonics For Reading program this year with our grade 4 & 5 new comers & Developing ELLs for Level 1 and Level 2. We developed alongside the teachers a plan i.e, to teach for 6 days with interventions and progress monitor. Then regroup to analyze the data and plan again for 6 days of instruction so to monitor for proficiency. The total teach is 21-25 lessons. We will also use iReady for reading and math initial diagnostics. To further support the SIFE ELLS all teachers in grades 3-5 received training on progress monitoring using Acadience.

We have been using Bridges in Math to support our ELL learners in grade 3-5 in small group interventions for 4-5 students, one period each day 5 days a week.

A SIFE designation only applies to grade 3 and older, and is removed when a student scores Transitioning on NYSESLAT. Instruction is differentiated for SIFE students and includes additional progress monitoring points throughout the year and in between diagnostic and screeners. Additional data is collected for a student with designated as SIFE so we can continue to monitor academic progress.

**What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?**

It is 0% of our ELL population. These students are often limited because they will be in our school for six years if they started their schooling with us from Pre-Kindergarten. Pending on the mandates they need to receive at this point, we hope the time has lessen. In these cases the child can be pulled out in small group with the literacy teachers for Tier II (max 15 children in group) and Tier III (max 6 children in group) interventions. If not, we place these children in freestanding ENL classes with ENL licensed teachers for full day instruction or in a Dual Language program.

Also, we assessed the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. All Grade 3-5 teachers are trained in Phonics for Reading. We used Phonics For Reading program this year with our grade 4 & 5 new comers & Developing ELLs for Level 1 and Level 2. We developed alongside the teachers a plan i.e, to teach for 6 days with interventions and progress monitor. Then regroup to analyze the data and plan again for 6 days of instruction so to monitor for proficiency. The total teach is 21-25 lessons. We will also use iReady for reading and math initial diagnostics.

We have been using Bridges in Math to support our ELL learners in grade 3-5 in small group interventions for 4-5 students, one period each day 5 days a week.

**What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?**

5.6% of our ELL population are former ELLs. These students will be monitored consistently throughout the year using assessments such as iReady assessments for reading and math, progress monitoring through Acadience and additional in class informal assessments. In addition, we will be using Universal screeners, such as Acadience.

If needed, for small group instructions, we assessed the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. All Grade 3-5 teachers are trained in Phonics for Reading. We used Phonics For Reading program this year with our grade 4 & 5 new comers & Developing ELLs for Level 1 and Level 2. We developed alongside the teachers a plan i.e, to teach for 6 days with interventions and progress monitor. Then regroup to analyze the data and plan again for 6 days of instruction so to monitor for proficiency. The total teach is 21-25 lessons. We will also use iReady for reading and math initial diagnostics. To further support the ELLS all teachers in grades 3-5 received training on progress monitoring using Acadience.

We have been using Bridges in Math to support our ELL learners in grade 3-5 in small group interventions for 4-5 students, one period each day 5 days a week.

**2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?**

Teachers of Newcomers (46 students) ELL-SWDs use decodable books from Wit & Wisdom to provide access to academic content areas and to accelerate English language development. For example the ELA: ELLs scored level 1 or level 2 , ELL-SWD teachers utilize Wit & Wisdom the curriculum resources: the Multilingual Learner Resource. We reviewed the module map, module learning and alignment to WDA (world Class Instructional Design and Assessment) and (ELP English Language Proficiency) standards, and lesson specific supports for each literacy standard: reading, writing, language and speaking and listening.

Another example would be that the Newcomers ELL-SWD teacher will have use and full access to the phonics units from Fundations and Spire and phonemic awareness work from Heggerty and Bridge the Gap. Resources including the tool kits, digital activities, and reinforcement lessons. Often teachers noticed and based on initial data that our at-risk level of ELLs need phonemic awareness and phonics work. Furthermore the ELL-SWD teachers will be working with our literacy staff developers to assist in modifying and differentiating reading and writing lessons. We integrated decodable books into the reading book bins.

During the units of study, students integrate the strategies learned into their work and utilizes materials such as the class word wall, individual word list, complex texts, various paper choices, topic/ leveled books as well as work in appropriate literacy centers. The development of teaching materials is also differentiated so that all students within a classroom can learn effectively, regardless of differences in ability. Teachers begin with grade level strategies and will differentiate the lesson with various core texts and books.

Also, we assessed the child using our phonics based program, Fundations, or Heggerty for phonemic awareness with the younger children or newcomers, and Spire program and Bridge the Gap for phonics and phonemic awareness with the older children or newcomers in the upper grades. All Grade 3-5 teachers are trained in Phonics

for Reading. We used Phonics For Reading program this year with our grade 4 & 5 new comers & Developing ELLs for Level 1 and Level 2. We developed alongside the teachers a plan i.e, to teach for 6 days with interventions and progress monitor. Then regroup to analyze the data and plan again for 6 days of instruction so to monitor for proficiency. The total teach is 21-25 lessons. We will also use iReady for reading and math initial diagnostics. To further support the ELLS all teachers in grades 3-5 received training on progress monitoring using Acadience.We have been using Bridges in Math to support our ELL learners in grade 3-5 in small group interventions for 4-5 students, one period each day 5 days a week.

We will continue to support the ELLs who did not demonstrate sufficient ELP progress (Spring NYSESLAT). The students will continue to work with the Fundations and Heggerty programs for decoding and phonemic awareness as well as digital curriculums such as iReady and Myon. These digital curriculums will further engage the students and provide speaking and listening activities. Teachers create UDL to differentiated instruction so that they can provide students with various methods to meet the needs of the students. UDL or Universal Design by Learning is utilized to provide accessibility to the reading and writing curriculum, focusing on helping students reach New Generation Standards. Weekly family notices and memos are sent home through translations, Class Dojo, or Google Translate.

**3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?**

Teachers of former ELLs, including ELL-SWDs (English Language Learners - Students with Disabilities), utilize the reading and writing models from Wit & Wisdom to provide access to academic content and accelerate English language development. For instance, ELLs who scored at levels 1 or 2 on last year's ELA assessments will benefit from tailored lessons in each module for grades 3-5. Newcomer ELL-SWDs will have access to phonics units from Fundations and Spire, as well as phonemic awareness activities from Heggerty and Bridge the Gap. These resources, which include toolkits, digital activities, and reinforcement lessons, address the specific needs identified through initial assessments, highlighting a trend where phonemic awareness and phonics work are critical for at-risk ELLs.

To support former ELLs, especially those with disabilities, teachers collaborate with literacy staff developers to modify and differentiate reading and writing lessons. This approach ensures that students can integrate the strategies learned into their work using various materials, such as word walls, individual word lists, complex texts, and leveled books. Differentiated teaching materials cater to diverse abilities within the classroom. Starting with grade-level strategies, teachers adjust lessons with core/ leveled texts to meet each student's needs. Teachers will continue to use diagnostics and screeners to monitor student progress throughout the year. Depending on the assessment information, teachers may utilize a secondary diagnostic to support in a possible tiered intervention group or additional small group work.

Intermediate ELLs receive additional support through teacher training in progress monitoring using Acadience. All grade 3-5 teachers receive training in Phonics for Reading. A structured plan is developed where teachers implement interventions over six days, monitor progress, regroup to analyze data, and plan the next ten days of instruction. This cycle aims to ensure proficiency in foundational skills for ELLs who did not show sufficient progress on the Spring NYSESLAT. Students continue to engage with programs like Fundations and Heggerty for decoding and phonemic awareness, as well as digital curricula like iReady and Myon, which offer engaging speaking and listening activities. To provide differentiated instruction, teachers utilize Wit & Wisdom the curriculum resources: the Multilingual Learner Resource. We reviewed the module map, module learning and alignment to WDA (world Class Instructional Design and Assessment) and (ELP English Language Proficiency) standards, and lesson specific supports for each literacy strand: reading, writing, language and speaking and listening. Also in Wit & Wisdom there are writing assessments as well as the students' performance on Focusing Questions Tasks and End -of -Module Tasks to assess writing competencies.

This comprehensive approach addresses the at-risk levels of former ELLs by focusing on foundational skills, continuous progress monitoring, and differentiated instruction, ensuring that all students have the opportunity to succeed academically.

Regular communication with families through translations, Class Dojo, or Google Translate keeps parents informed and involved in their children's education.

**4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?**

The home languages of the ELLs with the largest representation in our school is Chinese (Mandarin). Other home languages include Cantonese, Fujianese, and Spanish. Home Language is used in our free standing ESL classes and our Dual Language classes. In most cases, teachers use home language with all ENL learners. We also purchased a variety of bilingual dictionaries/ pictionaries so that all classrooms have these resources for their ENL students to use. Alternative language para professionals are assigned for Emergent and Intermediate ELL-SWD students who require that support as noted in their IEPs.

For this school year we have been building our Spanish resources with the use of Estrelita Spanish Language literacy program. We have also been intentional in making sure core texts are also translated as well as decodable books. Estrelita utilizes a syllabic approach to blending and segmentation which systematically builds upon itself. In addition we purchased subscriptions to iChinese Reader Program as well as their online assessments to ensure we have translated materials and book titles for all level of readers. ELL students are evaluated in their home language through translated class assessments, use home language during oral conferencing time with teachers, and analysis of student work. Also in Grades K-5, ENL teachers record instruction on video in home language, interact in small group live instruction, one to one conferences, and documenting student work on a digital work portfolio. We will also reference the following supports: Posting daily assignments onto Google Classroom -Use of translations through Class Dojo and Google Translate -Translated glossaries and dictionaries.

We have been very intentional to remind staff to use the DOE Translation Office to support.

**5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?**

EDAT Data - Spring 2025: There are 49 current ELL students. There are 22 identify as Asian, 25 identify as Hispanic, 1 identify as white, and 1 identify as Black. In a regular school year, we ensured that our ELL population are provided equal access to programs and services. Our ELL children are given the same and at times additional opportunities for after school and supplement services.

They are included in all school activities and programs with The National Dance Institute, American Ballroom Dance Institute, Young People's Chorus, Cookshop, Grade 4 NY Historical Society, Grade K & 2 Architecture Program, Spoons Across America, APEX Saturday Reading Empowers program and STEAM programs. There are additional resources to support our ELL students as they participate in programs such as Read Ahead, America Reads, America Counts and APEX for Youths where they are paired with one on one tutors. We will continue to revise programming and platforms to provide for ELL services. For this school year some of these programs are offered virtually with shorter cycles and shorter meeting times afterschool or on Saturdays. Also, we are continuing our partnership with the NYC Food Bank. All students in grades PreK to Grade 1 and the Special Education class are

participating in a nutrition/cooking program called Cookshop. The purpose of Cookshop is to promote a lifelong, healthy lifestyle. The program starts with educating children about healthy eating habits and how to prepare healthy foods. The students, in turn, will encourage their parents to buy healthier foods and to develop nutritious eating habits. The curriculum will include interactive word games and videos.

For our Saturday STEAM program, we will group two to three ELL children on the same level ( based on assessments) to work with tutors who speak their native language. The tutors are exposing the children to conversational English and giving them strategies to navigate the school structures and their new community through their project work. This year, a program called Read Ahead is servicing 100 students from grades 1 through grade 5 once a week for 40 minutes for "LUNCH CHATS". This number of attendees had tripled since beginning last year. For grades 1-3 ELL students, they will be encouraged to attend a Saturday read aloud session for one hour. The children are in small groups of 5-6. The volunteers are trained by classroom teachers to read and have conversations with the children. During after school, ELL students in grades K-5 across all proficiency levels are able to participate in an after school class for a cycle of 8 sessions for 1 hour twice a week with an ELL teacher. Students will engage in observing, planning and creating structures and skyscrapers within New York City. Also we will have a music teacher and ELL licensed teacher work with children to learn to play a guitar, read music, or learn how to cooperatively play board games.

**6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?**

Reviewing the Spring 2025 NYSESLAT results for English Language Proficiency (ELP) growth at our school, a positive trend is evident in our students' progress toward language proficiency. Out of the 23 eligible students, 11 met ELP sufficient progress, which accounts for nearly half (47.8%) of the students. These students showed growth by either exiting ELL status, meeting annual progress targets, or making gains through the Safe Harbor cumulative growth method. This indicates that many of our ELLs are making meaningful gains and are on the right track toward English proficiency.

Additionally, the data reveals that our students are spread across various proficiency levels, with strong representation in the “Expanding” and “Emerging” levels. This reflects a balanced distribution and highlights the effectiveness of our instructional support in moving students along the proficiency continuum. Notably, we have a solid number of former ELLs who successfully exited based on achieving commanding or expanding scores in conjunction with other exit criteria - another positive indicator of student success and the support systems in place.

While 12 students did not meet the ELP sufficient progress criteria this year, it is encouraging to see that some of them had valid 2025 NYSESLAT scores but no prior scores to compare for growth. These students are now in our data system and can be supported more effectively moving forward. With continued individualized instruction and targeted interventions, we are confident more students will reach their ELP goals in the next cycle. The data gives us a clear path to celebrate our achievements and refine our strategies for the upcoming year.

**7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?**

When looking at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), several positive aspects stand out. From the 2025 modality strengths analysis, Listening and Speaking continue to be areas of strength, especially in Grades 3 and 4. For instance, in Grade 4, five students scored "high" in Listening and four in Speaking. This suggests that students are increasingly confident and accurate in oral comprehension

and verbal expression. The data also show a consistent pattern of strength in Speaking across multiple grade levels, a strong indicator of oral language proficiency growth.

On the other hand, the modality needs chart identifies Writing as the most frequent area of need, particularly in Grades 3, 4, and 5. For example, four students in Grade 4 and five in Grade 5 scored "low" in Writing. Reading also appears as a need, particularly in Grade 5, with two students identified. However, this pattern also shows that as students advance in proficiency, the demands of academic writing and complex texts grow, and these students are nearing the threshold of meeting expectations with targeted intervention. Overall, the data show that students are making strong gains, particularly in oral modalities, and a substantial portion are within reach of the next proficiency level. The targeted support in writing and reading will help ensure continued progress toward full English proficiency.

### 8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The data from the Spring 2025 NYSESLAT and the Spring 2025 ELA and Math assessments reveals a clear relationship between students' English language proficiency and their academic performance on state assessments. Specifically, students who scored at higher proficiency levels on the NYSESLAT: Expanding and Commanding, they tended to perform better on the ELA assessments. For example, among the students who scored a Level 4 on the ELA assessment, all were either in the Expanding or Commanding categories on the NYSESLAT. Conversely, students who were categorized as Entering or Emerging on the NYSESLAT were more likely to score a Level 1 or 2 on the ELA, indicating that limited English proficiency may hinder students' ability to fully demonstrate their reading and writing skills on the state exam.

Similarly, a positive correlation exists between students' NYSESLAT levels and their performance on the Math assessments. Although math is less language-dependent than ELA, students with higher English proficiency generally performed better. The data shows that students in the Expanding and Commanding categories on the NYSESLAT were more likely to score a Level 3 or 4 in Math. For instance, at Math Level 3, three out of six students were Commanding, and at Math Level 4, all students were either Expanding or Commanding. That shows English language proficiency still plays a role in accessing math content, likely due to the language demands in word problems, instructions, and test formats.

Overall, the relationship between NYSESLAT scores and state assessment performance demonstrates that English language proficiency significantly influences students' academic success across subject areas. Students with higher NYSESLAT levels are better equipped to understand test questions and express their knowledge effectively, which results in stronger performance on both the ELA and Math state exams.

### 9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

In terms of the trends reflected in the NYSESALT results for ELL subgroups such as ELLs with IEPs and SIFE, according to the Sping 2025 data, there were 1 student identified as SIFE, while there were 9 ELLs with an IEP flag. Out of 9 students with IEPs, 2 reached the Expanding level and none reached Commanding. This indicates that students with IEPs are generally progressing more slowly in their English language development compared to their non-IEP peers, many of whom reached the higher proficiency levels.

In contrast, the data shows that none of the NYSESLAT test takers were identified as SIFE students at our school, despite the chart being included. All 37 students across all proficiency levels were marked as "No" for SIFE designation. This suggests that inconsistent or interrupted formal education is not currently a factor affecting

English proficiency outcomes in our specific population, though it remains important to monitor this designation in future cohorts as it could become relevant.

Several factors may be impacting the performance of ELLs with IEPs. These students may require additional supports to access both language and academic content. Challenges such as processing delays, learning disabilities, or limited access to differentiated instruction in both languages can hinder their progress. We will provided targeted small group instruction, visuals, and structured language supports to help these students succeed. Our Special education provider and ENL teacher will be collaborate to ensuring appropriate scaffolds are consistently in place.

**10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:**
**a. How many ELLs are on-track towards graduation?**

N/A

**b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?**

N/A

**c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?**

N/A

**d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?**

N/A

# Part V: ML/ELL Instruction

## Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

## Tier 1 Core Instruction

**1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?**

Our school district has adapted a new literacy curriculum Wit & Wisdom. It provides a high-quality academic experience for ELLs through comprehensive language support programs tailored to meet their diverse needs. Teachers utilized Wit & Wisdom the curriculum resources: the Multilingual Learner Resource. We reviewed the Multilingual Learner Resource Module Map, module learning and alignment to WDA (World Class Instructional Design and Assessment) and (ELP English Language Proficiency) standards, and lesson specific supports for each literacy strand: reading, writing, language and speaking and listening.

Such programs include dedicated ENL classes where students receive focused instruction in English language development. This instruction is provided by certified ENL teachers who employ research-based strategies to build proficiency in listening, speaking, reading, and writing. Additionally, we integrate language support within the content areas, ensuring that ELLs can access and engage with the standard curriculum while developing their language skills. To promote deeper learning, our school employs differentiated instruction and assessment methods that cater to the varying proficiency levels of ELLs. Teachers use formative assessments to identify the specific needs of each student and adjust their teaching strategies accordingly. Instructional techniques such as scaffolding, visual aids, and interactive activities are used to make content comprehensible and engaging. This approach encourages active participation and critical thinking.

Our curriculum is designed to be culturally responsive, recognizing and valuing the diverse backgrounds of our ELL students. We incorporate multicultural content and perspectives into the curriculum to make learning more relevant and engaging for all students. By doing so, we not only enhance the educational experience for ELLs but also promote a school culture of respect and inclusivity. This approach helps ELLs feel valued and understood, which is essential for their academic and social-emotional development. In addition, our school promotes cooperative learning strategies that encourage peer interaction and support. Group projects, Socratic Seminars, peer tutoring, and collaborative discussions provide ELLs with opportunities to practice language skills in a social context, enhancing their communication abilities and building confidence. By working together with their peers, ELLs develop a sense of belonging and are more likely to take risks and actively participate in their learning.

We will continuously be monitoring and evaluation of ELL programs and student progress and ensuring the effectiveness of our initiatives. We use data-driven approaches to assess the impact of our instructional strategies

and make necessary adjustments. Regular assessments, both formal and informal, help track student growth in language proficiency and academic achievement. Feedback from students, parents, and teachers is also collected to inform ongoing improvements. This commitment to accountability and continuous improvement ensures that our ELL programs remain responsive and effective in meeting the needs of our students. Through these multifaceted approaches, our school is dedicated to providing ELLs with a high-quality academic experience that leads to deeper learning and overall success.

**2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?**

Our Instructional Leadership Team including the ENL teachers and Dual Language team, will plan and support classroom teachers with administering assessments and gathering data to further inform instruction. We will revise instructional practices to support children in a  learning environment.  We will continuously build upon our best practices and instructional plans based on the changing learning environments. There is an ENL specialist and/ or a bilingual licensed teacher on every teacher team to bring the prospective of an ENL learner into the conversation. This is being very intentional to include the ELL /Bilingual teachers in the conversation and to keep the ENL students in the forefront of our planning.

We will organize grade teams (which will include special education, and ENL teachers, Dual Language teacher) and have them meet during PD time on Mondays for a cycle of 8 weeks. The teams will engage in data wise improvement process eight steps: organize for collaborative work, build assessment literacy, dig into student data, examine instruction, develop action plan, plan to assess progress, and act and assess. After each inquiry study each team with share study with the staff.

Grade teams will meet during professional development times on Monday to review the data they had gather to plan instruction in a classroom learning environment. Grade teams, Dual Language teacher, and ENL teacher will then meet with Staff Developers once a month to review data, student work, and revise lessons to plan for small group instruction. After meetings we as the school leadership team will visit classrooms to focus on the instruction and classroom environments that support ENL learners.

Grade teams, Dual Language teachers, and ENL teachers will meet with administration once a month to review lessons and plans. In addition K-2 teachers will be working with literacy coach to model lessons and visit each others' classrooms for best practices. The coach will support the teachers with their inquiry studies by working specifically in cycles to support the instruction as indicated by data and assessments. Also administration will provide feedback to ENL teachers regarding lessons using the Danielson Framework.

With a new core literacy curriculum, school leaders and teachers will plan and utilize Wit & Wisdom modules with the curriculum resources: the Multilingual Learner Resource. We will review the module map, module learning and alignment to WDA (World Class Instructional Design and Assessment) and (ELP English Language Proficiency) standards, and lesson specific supports for each literacy strand: reading, writing, language and speaking and listening.

**3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.**

The goals throughout our school-based planning and program implementation have been to prepare all our students to be responsible
and productive participants in the community. Our focus has been on developing communication skills and critical thinking skills in all content areas especially for our second language learners. This year we are concentrating on

developing foundation literacy skills for all our students.  We are using Fundations in Grades K-3 and Phonic for Reading for Grade 3- 5. Also we will continue to progress monitor in K-2 classroom using Acadience  and analyze the iReady assessments to support the children's learning and our teaching practices.  Some of the best practices from K-2 will be used in grade 3-5 such as progress monitoring We will also deepen our work with the Next Generation Standards to align with our curriculum especially for our ENL students focusing on the Chancellor's Literacy Shifts.

For this school year we will use Module 0 for our Kindergarten classes only. We have planned the focus arcs with the learning and content questions for Module 1 of the Wit & Wisdom curriculum to ensure success for all children including the ELL and SWD students. As a school with the support of the School Leadership Team, teachers are trained and will be implementing the following two programs for the school year 2024-2025, the Fundations and Heggerty curriculum for grades K-3, Eureka Math Squared for grades K-5, and Amplify Science curriculum for grades K-5 (Digital Curriculums) as well as Creative Curriculum in 3k and PreK and Wit & Wisdom in grades K-5 as core instruction.

The additional tasks and focus on building strong foundations will support the growth of all our ELL students. The new curriculums will be engaging and provide additional opportunities (whole group and small group delivery of lessons) for our ELL students to build on their
language. ELL students will meet the demands of the Next Generation Standards through whole class and small group instruction across the grade levels. At- risk grade 1 English Language Learners are eligible for the AIS literacy programs. The literacy AIS teacher works daily with small groups of children selected for this program. Additional sessions in small groups will service these children for AIS services and Tier II interventions, using programs such as Phonics for Reading and progress monitoring.

We will use iReady data to determine the most at-risk students as well as additional data sources from NYSESLAT and other state exams. With iReady Teachers have access to lessons that are very focused. Also we will use the iReady data and running records to determine which at-risk children will be engaging in Phonics for Reading in grades 3-5.  We will use Fundations as our phonics program for the grade K-2 children.  We will use specific decodable text to support the children in transferring what they learn with teacher to independent reading.

Our work to deliver core content in each Dual Language class will be the following:
-Classroom schedule, room labels, charts, calendars, book bins should clearly be labeled in Spanish / Mandarin as well as in English, technically in different colors.
-DL time will include morning meeting, any relevant morning routines, and a Spanish read-aloud that previews the upcoming Wit & Wisdom core text or a selection from that text.
-Wit & Wisdom for DL will be in English for now. Support W&W through Mandarin Home Language Arts and through ENL by planning aligned instruction, as we discussed over last year.

**4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development?  Include core content area and language materials with consideration to specific ELL subgroups.**

**a. ELLs with IEPs**

Teachers of MLs/ELLs are provided access to grade level academic content areas and accelerate English language development.  The K-2 children engage in Fundations , phonics program and Heggerty, the phonemic awareness program as the foundational literacy learning. Grade 3 -5 Teachers administers the Rosewell to determine if the children will need to be in Phonics for Reading program. The teachers will use the same curriculum as the non-ENL students.

For school year 2025-2026, we will be using Wit & Wisdom as our core instruction and Eureka Squared Math. Currently 6 trained staff members are using the NYC Computer Science for All curriculum as part of their daily routines and structures for the past 3 years. Also technology includes IReady in ELA and Math, iChinese Reader, and Pebble Go are accessible to all teachers.

Additional instructional strategies will include the following:
Classroom schedule, room labels, charts, calendars, book bins should clearly be labeled in Spanish / Mandarin as well as in English, technically in different colors.
DL time will include morning meeting, any relevant morning routines, and a Spanish read-aloud that previews the upcoming Wit & Wisdom core text or a selection from that text.
Wit & Wisdom for DL will be in English for now.
Support W&W through Mandarin Home Language Arts and through ENL by planning aligned instruction, as we discussed over last year while using the ML glossary for support.
Planning for Module 2 W&W could also entail putting together a book bin based on topic / genre / language.

### b. SIFE

SIFE Students – we will provide the students small group instruction with the literacy teachers and licensed ESL content teachers. In addition we will assess the child to see if the child would qualify for programs such as Foundations, Great Leaps or Orton -Gillingham Approach. To continue to engage the students we will use digital curriculums such as iReady to support the children's literacy progress. We will continue to revise programming and platforms to provide continual technology learning.

If no progress is made, for example we will use iReady data to support the SIFE students. With iReady, teachers have access to lessons that are very focused and are intentional in teaching the skills. Also we will use the iReady data and running records to determine which SIFE children will be engaging in Phonics for Reading in grades 3-5. We will use Fundations activities for additional support for the children. We will use specific decodable texts to support the children in transferring what they learn with teacher to independent reading and writing.

In our Dual Language programs, students will receive instruction in their home/native language. Teachers will collect student work in their home language to include reading and writing. In the Spanish DL program, the class will use Estrellita. In our Mandarin program, students will use iChinese Reader to support their oral language and reading.

At the beginning of the year, we will administer the SIFE questionnaire to gather additional information about the student. We will also translate the ENL/ML interview questions into Chinese and Spanish to gain additional information about students' ability to respond in their home language.

### c. Newcomers

Newcomers will be tracked every year. For newcomers we will focus on developing their speaking and listening skills and strategies. We place these students in DL classes with Bilingual licensed teachers for full day instruction. We use additional assessments such as individual interviews, reading records, and Acadience (universal screeners) to monitor progress.

If no progress is made, we will continue search out alternative resources including special needs materials and strategies to support the child. In addition we will assess the child to see if the child would qualify for programs such as Foundations or Heggety for phonemic awareness with the younger children and Wilson for decoding and phonemic awareness with the older children . Also for new comers they will engage in digital curriculum including

iReady, iChinese Reader, and Epic reading.

In our Dual Language programs, students will receive instruction in their home/native language. Teachers will collect student work in their home language to include reading and writing. In the Spanish DL program, the class will use Estrellita. In our Mandarin program, students will use iChinese Reader to support their oral language and reading.

### d. Long Term ELLs

Long Term students are those who have been in the NYC six or more years pending on their mandates they need to receive at this point, we hope the time has lessen in terms of servicing. In these cases the child can be pulled out in small group with the literacy teachers.

If not, we place them in DL classes with Bilingual licensed teachers for full day instruction. We use additional assessments such as writing samples, interim assessments, NYSESLAT, and reading records, and Acadience assessments to monitor progress.  If no progress is made, we search out alternative resources including special needs materials and strategies to support the child. In addition we will assess the child to see if the child would qualify for programs such as Foundations, Phonics For Reading and Wilson for decoding and phonemic awareness with the older children or Great Leaps to build fluency. Furthermore we use digital programs such as IReady to support and monitor the child's progress. We will continue to revise programming and platforms to provide services for ENL students.

We will also engage the child in mentorships and peer tutoring and include them in afterschool Title III programs.

In our Dual Language programs, students will receive instruction in their home/native language. Teachers will collect student work in their home language to include reading and writing. In the Spanish DL program, the class will use Estrellita. In our Mandarin program, students will use iChinese Reader to support their oral language and reading.

## 5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

For this school year 2025-2026, we use screeners and diagnostic assessments from iReady and Acadience, end of unit tasks, and informal classroom assessments. We will follow the mandates on IEPs. We provide blocked programming within the class for the needs of ELLs-SWDs. Also we provide the students small group instruction with the literacy teachers and licensed ENL content teachers.

ELL-SWD students may also be pushed into another class with the ENL teacher to provide their service in a content area such a social studies. The flexible scheduling al lows our bilingual speech provider to also push into the ENL content class to support individual or small groups of ELL-SWD students. The Occupational Therapist and Speech teachers will also push into an ENL content lesson to support any hands on learning.

There is content learning instruction in science, social studies, music, and art. The older students work as mentors to the younger students to provide peer tutoring for example lunch partners. We also have paraprofessionals that assist the ELL/SWDs in all content areas for example we trained two paras in Phonics for reading to work with Grade 3-5 students. In addition, we have Title III enrichment programs such as Healthy Me and STEM programs, i.e, sports drills and the science hands on projects.

In addition we will assess the child to see if the child would qualify for programs such as Foundations, Wilson, or Great Leaps. We
will also use universal screeners such as Acadience to support. We will continue to identify digital curriculums such

as iChinese, Amplify,
and Passport to align remote work to content areas of study for the ENL students.

The following additional academic supports

- Bridges Math Intervention where teachers can provide tiered 2 intervention work.
- Reading - Phonics for Reading/Rewards -one period a day - pending level 5 days a week in small groups of 3-4 children.
-Site provides additional math support for students to use in a self-paced manner. https://xtramath.org

Students use chats, emails, Google Docs, Google Classrooms and Pear Deck to communicate, share ideas, and receive feedback.

**6. How is home language assessed in each program model (DLBE, TBE, and ENL)?**

Home Language is used in our DL classes during the following times of the day: one period for direct home language instruction, and 2-3 additional periods of home language during a content area. For our ENL instructional groups, teachers will use the Wit and Wisdom ML glossary to support instruction as well as using Wit and Wisdom lesson components as a reteaching: Deep Dive, Vocabulary, Fluency.

Teachers may also use home language with our beginning and emergent learners to support understanding structures and routines in the class. Paraprofessionals who have the same language as indicated on home language forms maybe assigned to support ELL-SWD students who require that support as noted in their IEPs. In addition we purchased subscriptions to the iChinese Reader Program to ensure we have translated materials and book titles for all level of readers.

Home language is assessed using Estrellita in our Spanish Dual Language and iChinese Reader in our Mandarin Dual Language program. In addition, our Dual Language team has created a progress report which identify skills to learn in either Spanish and Chinese that will be shared with families twice a year.

**7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?**

N/A

**8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).**

Our school implements structured co-teaching models to support collaboration among teachers across all ELL program models. In our integrated ENL (English as a New Language) and Dual Language Bilingual Education programs, general education teachers and ESL specialists co-plan and co-deliver instruction. To support effective co-teaching and collaboration, our school offers joint professional development opportunities for all teachers involved in ELL programs. These sessions cover topics such as co-teaching models, culturally responsive teaching,

differentiated instruction, and assessment strategies for ELLs. By participating in these professional development activities together, teachers build a shared understanding of best practices and develop a cohesive approach to teaching ELLs.

We provide dedicated planning time within the school schedule for co-teaching teams. This integrated planning time allows teachers to collaboratively design lessons, analyze student work, and develop intervention strategies. During these planning sessions, teachers discuss the specific language needs of their students and plan how to incorporate language objectives into content lessons. Our school utilizes collaborative tools and platforms to facilitate resource sharing among teachers. Online platforms such as Google Classroom, shared drives, and professional learning networks allow teachers to share lesson plans, instructional materials, and student data.

Teachers in the Dual Language program are certified in either early childhood education or childhood education and have a bilingual extension. Teachers with a bilingual extension are able to also provide integrated ENL services in the classrooms to their ENL learners as well as instruction in the designated home language.  Our Mandarin Dual Language program also includes an ICT program for designated grades. The models used in these DL/ICT classrooms include the following: parallel teaching, one teach-one assist.

**9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.**

Staff development for teachers includes a support group for new teachers as well as New Teacher Training in August. Also this year the teachers will have the opportunity to work with staff developers from Wit & Wisdom and Fundations/Wilson Reading. In addition, Wit & Wisdom offered a series of 3 workshops of ENL focused workshops for teachers with self contained and small group classes. ESL issues will also be addressed during faculty conferences, staff development days, and monthly grade meetings. In addition we will train teachers to implement literacy intervention programs such as Fundations, Phonics For Reading, Rewards, or iReady Learning (digital curriculum).

Staff developers, will be working with teachers in groups and individually to model best ELL literacy practices while using Wit & Wisdom curriculum written to support ELL students.  Our literacy coach will continue to work with new teachers and mentor teachers on grades K-2 to address issues dealing with developing an understanding of ELA content knowledge and ENL strategies. She will also work with K-2 teachers to support the implementation of Acadience universal screeners and creating an circular action plan to support the ENL students in meeting core standards.

Our September staff development days included strategies for assessing all children including through conferencing and observations as well as aligning to the Power Standards to our curriculums including the digital curriculum. In addition teachers on the grade and across grade spent time analyzing assessments and planning for instruction using data from June. We will continue this year to focus on developing our children's foundations literacy skills. We used the  Fundations programs in K-2 to  make sure every child has a decodable text to engage in during independent reading. We asked the children: What they were reading? and How do they know the books were just right for them? We will continue to look at and refer to the components of the Language Allocation Policy as we progress during the school year and continue to share with our SLT team members the ENL students' progress.

For this school year we will continue to work with teachers teams. The teams will engage in the RIDES PROTOCOL for improvement process: organize for collaborative work, build assessment literacy, dig into student data, examine instruction, develop action plan, plan to assess progress, and act and assess. The focus will be the ENL students' learning. In addition in inquiry groups, teachers are able to develop a collegial and collaborative relationship through

the process. We create a 8-10 week cycle of learning where they share plans and created multiple opportunities for their children to work and learn together. We believe in many models of good instruction so we are carving out multiple opportunities for our teachers to grow as learners within the school.

For further support we have mentors who work with teachers, who have taught less than three years.
Mentor – Teacher (Experienced) mentors New Teachers:
1. Christine Wong Principal, Parija Desai Assistant Principal, and Arleen Chiu, Special Education Specialist Teacher mentors newly licensed Special Education teacher Ivy Lee Walters

For Professional Development for All Staff (tentative):

September-October
What does returning to school learning look like?  SEL/Equity Team running workshops to include practices from Mind Up: Be Kind Be Focused and Be Safe
What does classroom learning look like ? for content areas i.e, reading, writing and math as well as addressing the NYSESALT Modalities: Speaking and Listening with face masks.. Using on demand tasks as an assessment and score tasks according to narrative rubric.  Review and share ELL Data Analysis Tool.
What will Module 1 look like during implementation of Wit & Wisdom in classroom? planning for environment and children's access to classroom libraries.
Prepare intervention groups to start date second week of September

November -December
Begin review classroom libraries and organizing decodable bins and core text topic bins.
Differentiation of Instruction/Strategies for Assessing ENLs (Identify groups for inquiry team) What's the discourse in the classroom?
Are there evidence of partnerships, turn and talk charts and sample speaking templates? Review writing samples and what is the data telling us.
Mind Up training - "Brain Breaks"- curriculum planning
Review BOY and MYO data to identify stretch growth

January – February
Looking at MOY student data to document progress and growth as a reader and writers. Identifying content areas for integrated studies.
Continue to reorganize classroom libraries
Preparing for ELA& Math State Exams.
Continue Wit & Wisdom Modules.
Restructure intervention groups and programming.

March- April
Preparing for the NYSESLAT/ ELA and Math . Goal setting - using varies data to create individual student goals.
Review writing samples and what is the data telling us
Review BOY and MYO data to identify stretch growth

May –June
End of the year planning; looking at reading and writing. Revise pacing calendars for the follow year; Share Inquiry Team Presentations. Identify grade K-5 students for summer programming with a focus on ENL/SWD students.

**10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154**

**(15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).**

For this school year, all our staff including the ELL and Bilingual teachers are involved in multiple professional development opportunities that are on-going and sustained throughout the year. This year, we are working with a literacy coach from Wit and Wisdom for 18 days, a Fundations coach for 4 days, our district Math instructional lead, and our District 2 team. The last two days is for planning the end of the year for the beginning of the following school year) which involves the staff developers modeling and coaching instructional practices, analyzing students work together (using pre- and post assessments and planning next steps based on the data and students' needs. Also we have time to review focus arc questions, content questions and learning questions for at least 2 of 4 modules of Wit & Wisdom.

Our ELL teachers received Fundations and Heggerty training. Attendance, sign in sheets as well as agendas are records we file for verification. The team of ENL teachers including the bilingual teachers and ENL teachers work collaboratively to offer professional development around ENL practices during Monday PD. Also we gather data from informal and formal observations, pre- and post- assessments from performance tasks, IReady reading records, and Acadience progress monitoring to plan for effective teaching strategies for all our ENL learners. This year our lead ENL teachers attend District PLOs and DOE ENL workshops in the summer as well as during the school year. They received training for Phonics for Reading and will be receiving additional support from our District 2 AIS Interventionist Jeannie Michele and Ellenia Lyons. Our Bilingual and ENL teachers worked with Sarah Seliger Distict 2 ML/ELL Services Administrator.

In June for the Chancellor's Professional Development Day, as a team, they used what they learned from their inquiry study around data to review and identify Wit & Wisdom lessons with fidelity to include a performance task such as focus question tasks and the end of module tasks. Also the reviewed students' EOY data, teachers identified next steps, and shared reflections. A major focus and component of their conversations was around the work progress with ENL students and ENL academic achievement. After their planning sheets were submitted through Google Docs . We uploaded all the documents for the school to share. In addition agendas and attendance sign in sheets.

# Assessment

# SCREENERS

**11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?**

We have been using Acadience as our universal screener for all our ENL students.  From the data we discovered that word work practices and strategies had to be stronger in building the foundation for speaking, listening reading and writing skills especially for our ENL students. As a school  we have adopted and trained teachers in Heggerty Phonemic Awareness Program  and Fundations Phonics Program. We have seen steady progress in our ELL students.

**12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.**

Currently all our ranges of intervention services are offered in English. Our targeted intervention programs for ELLs in ELA include the Fundations, Heggerty (K-2) and Phonics for Reading programs. In K-2, our teachers use Fundations End of Unit trackers to then create small group instruction for reteaching. For our students in grades 3-5, the results from our diagnostic screener in iReady is used to determine if students need a secondary diagnostic. Based on the results of the secondary diagnostic assessments, students may be eligible for a tier 2 intervention in one of the levels for Phonics for Reading. The same protocol is followed for math using the Bridges Intervention program placement for the secondary diagnostic.  Also our Bilingual social worker with the ENL teacher services the ENL
children during for social emotional learning through Restorative Circles and adapting Mind Up curriculum ( Be Kind, Be Focused, Be Safe)

These programs target our students with a proficiency level of " Entering", "Emergent", and "Transitioning". In addition we have after school programs such as Bricks for Kids which is STEM (science) focused for Kindergarten and entering and emergent ENL students.  The programs to build oral and academic language for students. The STEM class is serviced in Chinese and English. In addition, we have a math interventions using digital curriculum programs like iReady and Myon for all ENL students. A;lso resources from Eureka Math Squared.

The following academic supports have been provided:

- Bridges Intervention math grade 3-5.
-iReady (Spanish) for reading and math

- Xtra Math site provides additional math support for students to use in a self-paced manner. https://xtramath.org/

Students use chats, emails, Google Docs, Google Classroom, and Pear Deck to communicate, share ideas, and

receive feedback.
Weekly family notices and memos are sent home through translations, Class Dojo, or Google Translate.

Our science teacher services the grade K-2 students with a proficiency level of "Entering", "Emerging", and "Transitioning" with small group science lessons at least three times a week. We will continue to revise programming and platforms to provide for ENL services.

The following academic supports have been provided:
- Amplify provides videos and recorded lessons for students to review and work at their own pace. (https://amplify.com)
- PBS Kids provides videos to support student learning and understanding at their own pace. www.pbskids.org (http://www.pbskids.org)

For social studies in grades K-5
The following additional academic supports have been provided:
-Civics for All

Students use chats, emails, Google Docs, Google Classroom, and Pear Deck to communicate, share ideas, and receive feedback.

Also, teachers may also use home language with our beginning and emergent learners to support understanding structures and routines in the class. Paraprofessionals who have the same language as indicated on home language forms maybe assigned to support ELL-SWD students who require that support as noted in their IEPs.

**13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.**

Every staff member has an area of expertise related to their roles and we tap into their expertise when we struggle to support our most at
risk children. As a team we share ideas and best practices as well as literacy intervention programs and how to incorporate such strategies
in a classroom and small group settings, To that end we reach out to our PPT team to work with our Special Education Specialist and Speech Teachers to turn-key specific intervention programs for RTI and AIS interventions. For this school year, In terms of interventions, our ENL teachers will continue to provide small group instruction and provide content driven curriculum for these students. The children will engage in shared reading with complex text and strategies around "close readings." The work from the classrooms will be presented in smaller groupings or individually. Researched based programs such as Fundations and Heggerty will be used with fidelity in all K-2 classrooms. We will use existing data in grades 3- 5, from iReady and reading records to determine which children will receive Phonics for Reading instructions in a very structured and timed matter., i.e., 6 days of instruction with progress monitoring using Acadience. Our District 2 AIS Literacy Interventionist will support our ENL teachers by modeling lessons, analyzing data, and coaching instruction.

Our targeted intervention programs for ELLs in ELA include the Fundations, Heggerty (K-2), Phonics for Reading programs, and Math Bridges Intervention. In K-2, our teachers use Fundations End of Unit trackers to then create small group instruction for reteaching. For our students in grades 3-5, the results from our diagnostic screener in iReady is used to determine if students need a secondary diagnostic. Based on the results of the secondary diagnostic assessments, students may be eligible for a tier 2 intervention in one of the levels for Phonics for Reading. The same protocol is followed for math using the Bridges Intervention program placement for the

secondary diagnostic.

Our Dual Language team created a progress report to monitor Spanish and Mandarin language development. This report is used to document student development in home language and the development of the multilingual learners.

# FORMATIVE

**14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?**

Our learning focus aligns with our district vision for improving reading outcomes for all students. Specifically this is year two, with the continuous and consistent implementation of Fundations and Heggerty programs, there will be an improvement in students' decoding and fluency skills by 15% as measured by Acadience assessments in grades K-2. We hope to meet the Acadience 80% proficiency across grades K-2. for all our students

Formative Assessments – identifying and creating a system of assessment practices for school: 2025 State exams in ELA, MATH, NYSESLAT, Chinese and Science
i-Ready – September, February, June

- Diagnostics in September/June and teacher toolbox
- PD use of the i-Ready : October 16 & 30 and November 7

Universal screeners - Acadience additional to Fundations grades K-2 (Administer to ICT students as progress monitoring)

- Heggerty
- Training with speech therapists (attended Fundations Level 1 and 2 trainings)

Core – Fundations – training new teachers K-2

Using Roswell Chall and Phonics for Reading (additional interventions) - for students identify from iReady and Reading record data that they have yet to master phonics and phonemic awareness skills in Grades 3-5.

iChinese Reader – Grades K- Grade 5 ebooks in Chinese with assessments

- Fall Gr 2-5 are currently using program
- Spring Gr K-5 will be using program assessments.

**15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?**

ENL students in the DL program are evaluated in their home language through translated class assessments, use home language during oral conferencing time with teachers, and analysis of student work (written in home language) . Also in Grades K-5 ELL teachers record instruction on video in home language, interact in small group instruction, one to one conferences, and documenting student work on a digital work portfolio.

We will also reference the following supports:

- Posting daily assignments onto Google Classroom
- Use of translations through Class Dojo and Google Translate
- Students utilizing the chat function in Google Meet and Zoom.
- Scheduling one on one sessions with students to check in and support with assignments.

Students who are newly identified ENL students and scored an Entering or Emerging level as evidenced from the NYSITELL testing and have a home language of Spanish as per HLIS are eligible to take periodic assessments on iReady in Spanish.

# SUMMATIVE

**16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).**

For this school year teachers will use Acadience and iReady screeners/diagnostics (September, January, and June) during the school year. We will begin with baseline (the June 2025 end year benchmarks to compare to beginning September 2025 benchmarks to determine a baseline) and continue to progress monitor areas of needs. The data will continue to monitor the students' decoding, comprehension and fluency skills so to identify areas of needs.

For interim assessments teachers will use progress monitoring and growth monitoring through Acadience or iReady. In addition, teachers will use unit tests from the Fundations programs in grades K-2 , and for our ENL and at-risk students. Also teachers will use writing tasks and end of modules tasks from Wit and Wisdom. From the Spring 2025 ELL Data Analysis Tool, it provided specific NYSESLAT Modality Analysis to indicate strengths and needs of our ENL students we can further use to guide our instructional design and curricular practices and decisions. The tool also provides the NYSESLAT results overview for proficiency level and early warnings for ENLs (At-risk Indicators). This year we will need look at student writing against our rubrics and continuums from 3K thru Grade 5. We need to think about the opportunities we are providing for our ENL children to orally express their thoughts or orally rehearse their explanations and their thinking before writing.

In June, we revisited the end of the year data again and continue to reflect on the content as we collect our assessments. We worked with our District 2 Math Lead, Rachel Benoff to create grade level math assessments to measure skills and strategies as highlighted within Generation standards. The success of the program is dependent on using the assessments to plan for instruction to meet the needs of the children.

We will include the data and assessments we received from screeners such as Acadience) and benchmark assessments from Fundations, our phonic program. In addition we will reference the digital curriculum data and assessments to identify meeting benchmarks and provide next steps, i.e., iReady has a 45 minute initial student diagnostic for each child in Math and ELA which we can use as baseline data. We will also continue to include teacher designed evaluations and observations to support overall children's learning.

**17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.**

Our NYSESLAT Administration Plan is aligned to all testing and administration regulations from NY state and NY city. We create a team of the administration and scoring of the NYSESLAT. With four modalities we first double check our enrollment and identify all ELL students who are eligible to take the NYSESLAT. We notify our staff and families about the upcoming administration with a range of dates.

Licensed Classroom ESL teachers administer the speaking and listening in grades K-2 and the ESL and IEP Teacher

support the administration in grades 3-5.  The core team is made up of the IEP teacher, grade 1 and 4 ESL teachers, ENL Coordinator, and a Dual Language K teacher.

Our required services support and resources correspond to ELLs ages and grades levels. Every child is entered into the STAR reporting system. The systems in place with BEDS, ATS, STAR and MOSL are aligned as a second check to make sure every ELL student is being
serviced and by licensed individuals.  We also revise our programming for the day to ensure mandated services are received during the testing period.  Also we schedule scoring times before or after school or during PD Mondays to ensure instructional time are not in conflict.

**18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?**

Our school begins by ensuring that all current and former ELLs are accurately identified and documented in our student information system. Upon enrollment, students' language proficiency is assessed using standardized tests, and those identified as ELLs are flagged for necessary accommodations. This documentation process is meticulously maintained and regularly updated to reflect changes in students' ELL status, ensuring that no student in need of accommodations is overlooked during state assessments. Then, we develop customized accommodation plans for each ELL student based on their language proficiency levels and individual needs. These plans are created in collaboration with ENL teachers, general education teachers, and support staff, ensuring that all aspects of the student's educational needs are considered. Accommodations may include extended time, use of bilingual dictionaries, oral translation of test instructions, and the option to test in a smaller, distraction-free environment. Each plan is tailored to provide the support necessary for the student to demonstrate their true academic abilities during state assessments. Furthermore, we provide ongoing professional development for teachers and staff to ensure they are well-versed in the accommodations available for ELLs during state assessments. Training sessions cover the specific types of accommodations, the procedures for implementing them, and the importance of adhering to standardized testing protocols. By keeping educators informed and prepared, we ensure that accommodations are consistently and effectively applied, giving ELLs the best opportunity to succeed.

We continuously monitors and evaluates the effectiveness of the accommodations provided to ELLs during state assessments. After each testing period, we review student performance data, gather feedback from teachers and students, and assess the implementation process to identify any areas for improvement. This ongoing evaluation helps us refine our accommodation strategies and ensures that we are meeting the needs of our ELL students effectively. Last but not least, we always maintain open lines of communication with the parents and guardians of ELL students regarding the accommodations their children will receive during state assessments. This communication includes providing information about the types of accommodations available, the process for implementing them, and the importance of these supports in helping their children succeed.

# Part VI: Family Partnership

## Family Partnership

**Required Meetings Under CR Part 154**

**Describe your schools' plan to ensure families of ELLs are provided with the required meetings** specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

**a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.**

To ensure compliance with CR Part 154 and the NYC DOE Policy and Reference Guide for MLs/ELLs, our school has implemented a comprehensive plan to engage and support families of ELLs through required meetings, including the ELL Program Orientation. This plan includes several key components designed to facilitate meaningful engagement and attendance while maintaining thorough records. Upon identification of a new ELL, our school immediately schedules an ELL Program Orientation for their parents or guardians. During this orientation, we provide detailed information on the available ELL program options: Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language. We explain the goals, requirements, and benefits of each program, regardless of whether our school currently offers bilingual programs. Additionally, the orientation includes an overview of the Next Generation Learning Standards, assessments, and school expectations for ELLs. To ensure all families can fully participate, we provide translation and interpretation services in the parents' preferred language. We utilize both in-house bilingual staff and professional translation services to meet this need. Prior to the meeting, we survey families to determine their language preferences and arrange for the necessary support, ensuring that all materials and communications are accessible.

Understanding that families have diverse schedules and commitments, we offer multiple time slots for the ELL Program Orientation, including morning and evening options. We also provide virtual meeting options to accommodate those who may face challenges attending in person. Our school communicates these options clearly and well in advance through multiple channels, including phone calls, emails, and notices sent home with students. Additionally, we provide transportation assistance when necessary to ensure that all families have the opportunity to

attend. Our school diligently maintains records of all ELL Program Orientations. We document attendance through sign-in sheets and keep records of all communication with families regarding the meetings. This includes invitations, reminders, and follow-up communications. We also retain copies of all materials provided during the orientations, including translated documents. Furthermore, we use a centralized digital system to log details of each meeting, including the date, time, attendees, and topics covered. This system allows us to track and retrieve records easily for compliance and auditing purposes. We also collect feedback from families after the orientation to continually improve our processes and ensure we meet their needs effectively.

**b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.**

During our annual individual meetings with parents of ENLs, we discuss goals of the program, language development progress, language
proficiency assessment results, and language development needs in all content areas. Each year, the parent coordinator and community school director support classroom teachers to contact each parent through a letter and phone call from the school. We set up appointments with families and use the Tuesday parent engagement time to set up individual appointments for parents to meet with the ENL teacher to discuss the program and progress. These appointments are in addition to the regular parent orientations and conferences, In November we meet with every family virtually on zoom. We program meetings to accommodate the parents' schedules. Often the parent coordinator and the ENL teacher conducted the meetings together we also included the grade teams so information can be shared and all the staff members will be able to support the ENL students and families. We continued to use in-person or remote platforms for parent meetings. We had great success with families engaging in virtual workshops around topics such as social emotional learning and mental supports. However this year we decided to have in-person meetings as many as possible. If it is not possible we make phone calls and presented over the phone. Interpreters and translated materials are made available at each parent meeting when needed through the DOE translation office.

Teachers keep an attendance sheet for the annual individual meetings.

# Family Engagement

**2. Beyond the mandated meetings and orientations, describe how your school:**
**a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?**

At our school, ensuring that families receive all communications and documents in the language they best understand is a critical priority. To achieve this, we employ a multifaceted approach that includes the use of the DOE translation services, multilingual staff members, and technology. Firstly, all official school communications, including newsletters, announcements, and policy updates, are translated into the primary languages spoken by our families. We utilize the DOE professional translation services to ensure accuracy and cultural sensitivity. These translated documents are then distributed via multiple channels, such as email, physical copies sent home with students, and postings on the school's website.  Secondly, we have a dedicated team of bilingual and multilingual staff members who play a crucial role in bridging the communication gap. These staff members are available to assist families during school events, parent-teacher conferences, and individual meetings. They provide real-time translation services and help families understand the content and context of communications from the school. To further facilitate communication, we also conduct language-specific parent meetings and workshops where families can receive information and ask questions in their preferred language. Moreover, our school employs various technological tools to support multilingual communication. We use platforms like ClassDojo, which offers automatic translation features. These platforms enable parents to receive messages and updates in their preferred language and also allow them to respond or initiate communication in that language. For instance, through ClassDojo, parents can send messages to teachers and administrators in their native language, which are then translated into English for the recipient. This two-way translation capability ensures that language barriers do not hinder effective communication between the school and families, as parents can easily translate the text into their home language. In addition to these measures, we actively encourage feedback from families about their communication preferences and language needs. Regular surveys and feedback forms are provided in multiple languages to ensure all voices are heard.

**b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.**

One of the key strategies we use to understand and address the needs of our families is through bi-annual surveys developed by Cindy Lau, our parent coordinator, with the support of our Community School Director, Nector Santiago. These surveys include questions about the types of programs and services that would benefit their children, their access to technology, and the kinds of adult education programs they are interested in. This feedback is crucial as it helps us tailor our offerings to the specific needs of our community. For example, based on previous survey responses, Cindy discovered that many ELL parents needed support with computer literacy. In response, she coordinated with the Chatham Square Library to provide workshops on navigating Department of Education platforms, setting up email accounts, and other essential digital skills.

To further support our ELL families, we have established a PS 1 Family Wing of office space within the school. This dedicated space serves as a hub for parents to meet, attend workshops, and access resources such as social workers and community school directors. Here, parents can participate in workshops designed to help them understand the school curriculum, including programs like Fundations, Wit & Wisdom, and Eureka Math Squared. These workshops are essential in helping parents support their children's education at home and also to understand core curriculum.

In addition to these ongoing programs, we conduct specific parent orientations and workshops throughout the school year (September, November, March, and May). During Family Engagement Nights in September, we schedule grade-specific parent orientations where teachers meet with parents to discuss needs and expectations. These meetings are supported by interpreters, and all materials are translated to ensure accessibility. Further workshops are planned and scheduled during the parent-teacher conferences in October, January, March, and April for the Dual Language and ENL programs. These sessions provide parents with important information about ENL/bilingual programs and NYSESLAT scores, helping them stay informed about their children's progress and school initiatives. Cindy Lau coordinates school-wide parent groups to attend city-wide workshops on ENL issues, ensuring that our parents are well-informed and connected to broader resources. Additionally, interpreters accompany Cindy and parents to literacy workshops at the District, where they learn strategies to support their children's literacy development. By continuously seeking feedback, providing targeted workshops, and ensuring open lines of communication, our school empowers ELL families to engage deeply with their children's education and become active participants in the school community.

### c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Firstly, we translate all informational materials related to family leadership opportunities into the primary languages spoken by our ML and ELL families. These materials include flyers, brochures, emails, and announcements that detail the roles, responsibilities, and benefits of participating in these leadership bodies. By providing these resources in multiple languages, we ensure that non-English-speaking parents can fully understand and consider these opportunities.

Additionally, we utilize multilingual communication platforms, such as ClassDojo and DOE messaging, which allows parents to receive and translate messages into their home languages. Important announcements about upcoming elections, meetings, and volunteer opportunities for the PA, SLT, and CEC are regularly posted on these platforms. This ensures that all families are kept informed in real-time and can easily access translated information at their convenience. We also leverage the expertise of our bilingual staff members, who actively reach out to ML and ELL families to encourage their participation. These staff members make phone calls, send personal messages, and hold informational sessions in various languages to explain the significance of family leadership roles. During parent-teacher conferences and school events, bilingual staff are available to discuss these opportunities and address any questions or concerns parents might have. Furthermore, our school hosts specific informational meetings and workshops aimed at ML and ELL families. These sessions are conducted in multiple languages and provide detailed explanations of the PA, SLT, and CEC, including how parents can get involved and the impact of their participation on school governance and student outcomes. These meetings are designed to be interactive, allowing parents to ask questions and engage in discussions with current members of these leadership bodies.

We have also use the DOE Translation Unit (on the phone) to support with family outreach as well as for IEP meetings and conferences.

## 3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our Community School Director and Parent Coordinator continue to support the needs of the community by outreaching to community partners to support our families. This past year, our Community School Director secured a grant, No Kid Hungry, that allowed the school to send recipes and food home to families three times this year. All recipes were translated into Spanish and Chinese. The recipes were aligned to specific holidays on the calendar: apple pie for Thanksgiving, lo mein and sponge cake for Lunar New Year, and pico de gallo and pita chips for Cinco

de Mayo. Families shared photos with our Community School Director, which was later shared at our end of year celebration, Family Forum.

During our PTA meetings, we partner with Charles B. Wang to provide our school community with workshops around mental health, support children with homework, and assisting with child and home behavior support. During all family workshops, the partners support the PS 1 community with translated information and interpreters in Chinese and Spanish. If the partners are not able to support our PS 1 families, we have staff members who are ready to interpret or call the DOE Translation Unit. We also partner with our public library, Chatham Square library, to share family workshops with families, such as how to understand an IEP. We also share the translated library calendar with families so children can visit the library for homework help or participate in after school activities. In addition, our classroom teachers engage in class visits to the children's library to visit author's or listen to story time in Mandarin. Our Google Forms, family surveys, IEP meetings, parent teacher conferences, and notices are always translated into multiple languages.

# Part VII: Additional Information

## Additional Information

**Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.**

N/A

# Part VIII: ELL Identification Attestation and Principal Certification

## Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

**1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.**

Christine Wong, Principal
Parija Desai, Assistant Principal
Biming Yang, Dual Language/Bilingual Teacher
Hei-Man Suen, Bilingual Social Worker
Mary Chen, ENL Teacher
Arleen Chiu, Special Education Teacher

Within the first 10 days a child is enrolled at school (20 days for students registering with IEPs), a trained pedagogue interviews the parent to complete the Home Language Interview Survey. If the parent's preferred language is not English, translated forms are provided and an interpreter supports with the oral interview. Either a bilingual staff member supports or we use the DOE's Over the Phone Translation service. The child is interviewed by the teacher to assess the student's language abilities. Based on the results of the HLIS, the NYSITELL is determined to be administered or not. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) conducts a meeting to assess the child's abilities and/or work samples to determine if the child is eligible to take the NYSITELL or not. Their decision is then given to the principal who obtains final approval from the Superintendent. Parents are then notified of their child's ELL status and the results of the NYSITELL. The Pupil secretary or the parent coordinator will enter into ELPC to parent's preference of class program as based on the Program Choice document.

**2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:**

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Upon a student's enrollment, the Home Language Identification Survey (HLIS) is administered to determine if a language other than English is spoken at home. If the survey indicates the use of another language, the student

undergoes the New York State Identification Test for English Language Learners (NYSITELL) to assess their English proficiency. This initial assessment helps categorize the student as an ELL if necessary. Our school ensures that this identification process is completed promptly, ideally within the first 10 days of the student's arrival, to avoid any delays in providing needed language support services. Then, we have a licensed ENL teachers to oversee the identification process. These licensed ENL teachers work closely with registration personnel to ensure that HLIS forms are accurately completed and promptly processed. Additionally, they organize and schedule the administration of the NYSITELL. To further mitigate interruptions, our school implement flexible scheduling strategies and employ substitute or additional teaching staff to cover classes during periods of high enrollment, ensuring that ENL and bilingual classes remain adequately staffed. Regular professional development for teachers and support staff also ensures that everyone is equipped to handle the influx of new students efficiently. Moreover, we maintains meticulous records and data tracking of current, former, and potential ELLs. This ongoing data collection helps in anticipating and preparing for the arrival of new students, allowing for quick adjustments to staffing and resource allocation. Communication between teachers, administrators, and parents is also prioritized to foster a collaborative approach in supporting ELLs. Both ELLs and former ELLs will continue to receive mandated instruction during the implementation of the ELL identification process because various staff support the process throughout the year so as not to interrupt mandated instruction.

# Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

**Principal Name:**

Christine Wong

# Part IX: LAP Assurances

## LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

# LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

**Office of Language Access (OLA) Contact:**

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

**Designation of a LAC**
**Name of person designated and trained as the LAC.**
**At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.**

**We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.**

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

| First Name | Last Name | Title | Date attended OLA Language Access Coordinator Professional Learning Opportunity | Confirmed (Y/N) |
|---|---|---|---|---|
| Mary | Chen Ing | Teacher - Regular Grades | | |
| Parija | Desai | Assistant Principal 10 Month | 12/05/2024 | Y |
| Biming | Yang | DL Teacher | | |

# Part B: Parents' Preferred Languages

## Parents' Preferred Languages

Language identification and assessment of parent population.

**1. Check the resources your school staff uses to identify parents' preferred languages:**

,Part III of the Home Language Identification Survey (HLIS),Surveys conducted by your school,Student Emergency Contact cards,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

**If Other was selected, describe the resource here:**

**2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".**

| Language (Description within RCPL) | Written Preferred Count | Written Preferred Percentage | Oral Preferred Count | Oral Preferred Percentage | No. of Staff to Help with Written Translation | No. of Staff to Help with Oral Interpretation |
|---|---|---|---|---|---|---|
| CHINESE ANY | 50 | 18.94% | 52 | 19.77% | 6 | 10 |
| CANTONESE | 0 | 0.00% | 2 | 0.76% | 1 | 4 |
| FRENCH | 1 | 0.38% | 1 | 0.38% | 0 | 0 |
| HAITIAN CREOLE | 1 | 0.38% | 1 | 0.38% | 0 | 0 |
| MANDARIN | 0 | 0.00% | 2 | 0.76% | 6 | 10 |
| MOSSI (MOORE/MORE) | 0 | 0.00% | 1 | 0.38% | 0 | 0 |
| | | | | | | |

| | | | | | | |
|---|---|---|---|---|---|---|
| ENGLISH | 163 | 61.74% | 152 | 57.79% | 30 | 30 |
| SPANISH | 48 | 18.18% | 51 | 19.39% | 2 | 4 |
| UZBEK | 1 | 0.38% | 1 | 0.38% | 0 | 0 |

# Part C: Parent Communications and Engagement

## Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

**1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.**

| Document Type (e.g. parent flyers, IEPs, etc.) | How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents. |
|---|---|
| Curriculum | We will continue to ask grade team teachers to work on documents on the Google drive so all staff has access to the resources and materials including translated materials. We offer per session for staff members to attend support grade teams meetings while meeting with parents to provide interpretation during workshops and conferences. We also reach out to local CBOs to support us in translating the documents as a service to our community. Finally we can reach out to the Office of Language Access for additional language support. |
| Parent Workshops | We will continue to ask grade team teachers to work on documents on the Google drive so all staff has access to the resources and materials including translated materials. We offer per session for staff members to attend support grade teams meetings while meeting with parents to provide interpretation during workshops and conferences. We also reach out to local CBOs to support us in translating the documents as a service to our community. Finally we can reach out to the Office of Language Access for additional language support. |
| Monthly Parent Calendars/Newsletters | We will continue to ask grade team teachers to work on documents on the Google drive so all staff has access to the resources and materials including translated materials for our Parent Coordinator and Community School Director to access and share with families. We offer per session for staff members to attend support grade teams meetings while meeting with parents to provide interpretation during workshops and conferences. We also reach out to local CBOs to support us in translating the documents as a service to our community. Finally we can reach out to the Office of Language Access for additional language support. |
| PTA and SLT Minutes | We will continue to ask grade team teachers to work on documents on the Google drive so all staff has access to the resources and materials including translated materials so members on the PTA and SLT can access and share. We offer per session for staff |

| | |
|---|---|
| | members to attend support grade teams meetings while meeting with parents to provide interpretation during workshops and conferences. We also reach out to local CBOs to support us in translating the documents as a service to our community. Finally we can reach out to the Office of Language Access for additional language support. |
| | |
| | |
| | |
| | |

**2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.**

| Meeting Type (e.g. parent workshops, PTCs) | How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents. |
|---|---|
| Parent Teacher Conferences | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent interpreter for specific families. Staff are asked to identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of interpretation services. We work with the families to schedule a date and time that is convenient for them. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| Family Engagement Nights/Curriculum Night/Parent Workshops | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent interpreter for specific families. Staff are asked to identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of interpretation services. We work with the families to schedule a date and time that is convenient for them. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| Family Engagement Wednesday to Friday | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent interpreter for specific families. Staff are asked to identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of interpretation services. We work with the families to schedule a date and time that is convenient for them. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| Cookshop for Families | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent interpreter for specific families. Staff are asked to |

| | |
|---|---|
| | identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of interpretation services. We work with the families to schedule a date and time that is convenient for them. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| IEP Meetings | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent translator for certain families. Staff are asked to identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of an interpreter. We work with the families to schedule a date and time that is convenient for them. Our bilingual (Mandarin) school psychologist can support with interpretation. Our bilingual (Spanish) clerical worker also supports with interpretation. In addition, our parent coordinator, bilingual (Cantonese/Mandarin) paraprofessional, bilingual (Spanish) Community School Director, and bilingual (Mandarin) teachers can support with interpretation during in-person meetings or virtual meetings. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| ENL Parent Meetings | All staff are asked to provide notes/agenda of what needs to be interpreted and selected staff members are asked to be the consistent translator for certain families. Staff are asked to identify the need for an interpreter at least 2 days before the meeting and provide notes for the interpreter so that messages are clear. We also provide a Google form to ask parents if they are in need of an interpreter. We work with the families to schedule a date and time that is convenient for them. Our bilingual (Mandarin) school psychologist can support with interpretation. Our bilingual (Spanish) clerical worker also supports with interpretation. In addition, our parent coordinator, bilingual (Cantonese/Mandarin) paraprofessional, bilingual (Spanish) Community School Director, and bilingual (Mandarin) teachers can support with interpretation during in-person meetings or virtual meetings. Finally we can reach out to the DOE Over-the-phone Interpretation Unit for further support. |
| | |
| | |

**3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.**

In the event of an emergency when all parents need to be informed if the building had to be evacuated, there will be a posting (translated in English, Spanish and Chinese) on the main school doors to indicate the evacuation sites. We will also be utilizing our PS1 website to post messages for events and assemblies. In addition parents that speak a second language like Chinese have been invited to a group "WECHAT" address, that is monitored and navigated by the Parent Coordinator. For other languages, such as Spanish, families are contacted through WhatsApp, that is monitored and navigated by the Community School Director. All our families are registered on ClassDojo so through these apps, messages can be sent out immediately to their individual smart phones. In addition, we utilize the DOE messaging applications to send messages to families. We also remind all families to register for NOTIFY NYC app. Furthermore we have email addresses for all our families, which are gathered during registration. Twice a year we reach out to families to update emergency information so we have most updated information We will continue to ask

the families to identify the best way to communicate with them in case of an emergency at the beginning of the year and during parent-teacher conferences.

# Part D: Staff Awareness

## Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

**1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.**

On the first day of professional development the Language Access coordinator, ENL coordinator and team members will present CR A-663 to the staff and provide every staff member access to a copy of the regulation. SLT members will continue to share the CR A663 after initial meeting. For example, we will advertise the information on posters regarding language access that we received from the DOE translations and interpretation unit in the main office and on the first floor entry way of the school building so as families enter, they can see familiar text. We will also post flyers, reminders, and memos in three languages throughout the school building. In addition, we will also continue to ensure all memos and written documents are distributed at the same time in different languages (English, Chinese, Spanish, French, Haitian-Creole) so there is equal access for all families. We will also reach out to families with phone calls to ensure they have received messages from school. Furthermore, we will continue to plan with interpreters in mind as we are now shifting most families meetings to in-person and some meetings will be held virtually. We will prepare Google forms to identify each family language preferences so we can prepare for our meetings with adequate interpretation services. Staff will be consistently and constantly reminded to support families' different languages as stated in CR A-663.

# Part E: Parental Notification

## Parental Notification

Provision of notice to parents on the available language assistance services.

**1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:**

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We have posted the Chancellor's Regulations, "Bill of Parental Rights and Responsibilities" in 9 languages on the PTA Family Room bulletin board, P.S. 1 community news bulletin boards, and places where there is a high volume of parent engagement (i.e, pick up and dismissal areas). Extra copies of regulations are available in the PTA room and school main office. Also our main office maintains appropriate and current updated records of preferred home language of each parent on ATS. We will also direct families to the language specific links on the DOE website so that parents are informed in another way of their right to receive information in their preferred language. In the beginning of the year, we will also inform new and returning parents during PTA and Parent Orientation meetings that interpretation are available for all school home communication needs. For parent workshops and meetings, we ask parents to complete a Google form to identify the language they prefer in advance so we can have interpreters readily available. We also notify the parents that the DOE may provide translation and interpretation services beyond those outlined in CRA-663. Additionally we notify the parents that when it comes to student progress and conduct, the interpreters they choose to bring must be 18 years old or older. Finally we note to the parents that DOE will have interpreters at Citywide meetings including Panel for Educational Policy Meetings, Citywide MLL/ENL parent meetings, Citywide/Community , and Education Council Meetings. Included in our safety plan, we provide parents in need of language access services procedures to ensure that they have full access to the schools administrative offices. Notices and evacuation materials are translated into the needed languages. Sign-in procedures are in place for parents as they enter the building with security. The Parent Coordinator is readily available via by phone for interpretation (her phone number is posted on the bulletin board at the front door entrance) in Chinese and the Community School Director is available for interpretation in Spanish. Office hours to address any concerns about the school's translation and interpretation services are also posted. Finally, most DOE documents can be printed and translated in preferred languages upon request. Finally we can schedule material to be translated and reach out to the DOE Translation and Interpretation Unit for further support. Brochures, flyers, and letters are also posted on the first floor and second floor community/parent bulletin board. Our Parent's Guide to Language Access is also posted on the bulletin boards.

# Part F: Monitoring

## Monitoring

Methods for soliciting and implementing feedback on language assistance services.

**1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.**

Parents will complete the Parent Survey on Language Access at the end of each year to support us in preparing for next school year. The LAC, ENL teacher, Principal, and social worker will gather and review the feedback. As a United Community School (UCS), we partner with the UFT to issue two parent surveys a year, which include questions to provide us feedback on language services they receive. This is in addition to the NYC School Survey. The surveys that come from PS 1 are related to workshops and parent engagement opportunities. We also receive input from our PTA Executive Board, School Leadership Team, and UCS Advisory members. In addition after every parent workshop, we ask the participants to complete a reflection on a Google form. In all cases we revise workshops, protocols and systems to provide better quality and availability of services to our parents. Furthermore, we offer and provide over the phone interpretation at school. The translation and interpretation service information is highlighted on public area bulletin boards, shared at parent orientation and written backpacked memos home on the first day of school. We also make use of the home language surveys to inform us of other languages spoken. Every year we create Google forms to capture feedback from families regarding curriculum, students enrichment programs and families services which includes a question asking, "What do you feel we can do better as a school?" and "How can we improve our communication with families?". We also created specific questions related to our communication and translation services:
"What language do you prefer to speak in?"
"What language do you prefer to receive written communication in?"
"How often do you receive translated documents from PS 1?"
"How supported do you feel with interpretation and translation services at PS 1?"

We also ask prior to workshops, parent teacher conferences and family engagement nights, "What language would you prefer?" Based on the families responses, we create small groups to support any language concerns.

**2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.**

This year, we included specific questions related to our communication and translation services in our end of the year parent survey:
"What language do you prefer to speak in?"
"What language do you prefer to receive written communication in?"
"How often do you receive translated documents from PS 1?"

"How supported do you feel with interpretation and translation services at PS 1?"

Based on our survey results, we have purchased additional Pocketalk devices to support with translation and interpretation when meeting with families. In addition, most families prefer to communicate using ClassDojo and additional staff will be trained to send school-wide memos and documents during the school-wide ClassDojo messaging option.

# Title III Outline

**Title III Supplemental Program for ELLs for SY 2025-26**

## REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

**Note:** The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

# Part A: School Information

**This school is (select one):**

NOT conceptually consolidated (must complete part E Budget below)

# Part B: Direct Instruction Supplemental Program Information

**The direct instruction component of the program will consist of (select all that apply):**

,Before School,After School,Saturday Academy

**Total number of ELLs to be served in this program:**

40

**Grades to be served in this program. Select all that apply.**

,K,1,2,4,3,5

**Total number of teachers in this program:**

4

**Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):**

2

**Number of content area teachers (i.e., teachers that have common branch/content area licenses only):**

1

# Title III ELL Summary

**Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:**

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

We have two direct instruction supplemental programs. We will service all our ENL children in grade bands from K-2 (20 students) and Grade 3-5. (20 students). We will plan for a Musical Play adapted from the story Char Siu Bao Boy by Sandra S. Yamate. The story supports Social Emotional Learning which we have been focusing on since the return to in- person learning. we are working.

This afterschool musical play program will support ENL learners' acquisition of language and increase of their academic vocabulary through drama. The program will prepare students to use English in the real world. The drama simulates real-life conversations and situations. This can help reduce ENL students' fears of using language in real settings. Through drama, students begin to sense the meaning words convey. Drama elicits the use of body language, facial expressions, hand gestures, body movement, etc. accompany verbal language to make it complete. When ENL students speak English, they are often stiff because they concentrate too hard on the verbal language that they are trying to produce. With drama, the body becomes a spontaneous part of the overall language students use to communicate a message. ENL students will help write script, cast actors, and create a playbill to better understand the story.

This afterschool program will also help teachers involved to be part of cross grade vertical planning. "Vertical alignment requires teachers to think beyond their classroom walls and collaborate with their colleagues. Together, they can organize around a better curriculum that focuses on developing those skills further, rather than repeating them over and over at the same level." Chalk.com

For example:
DL classes will use persuasive writing to make flyers, and recommendation to watch play.
All students who want to be part of the play can learn Chinese folk dance and hip hop.
DL Students will sing songs in Chinese and English.
Background sets for the play in Art can involve many grades and classes in the school

The musical play will be inclusive for all students who would like to take part of the school play. This will allow for the ENL students to see good models of English speakers, readers and writers. We will continue to use the iChinese Reading program to track progress for each ENL child. In addition iChinese Reader will give the children virtual access to bilingual literature similar to the books in the classrooms.

20 ENL students will be selected for the afterschool program. The play will be in two target languages. English and Chinese. We will have two teachers working with this groups, one bilingual Chinese teacher and one Common Branch licensed teacher who will supervise students during the duration of the program.

Teachers per session 4 hours per week for 10 weeks at $65 per hour 40 hours is $2,600 with 2 teachers TOTAL $5,200

We will need materials such as consumables (markers, poster boards, paints, multi-colored xerox paper, ink cartridges for printing) for scenery, playbills and announcements. Also we will purchase a copy of the book, Char

Siu Bao Boy by Sandra S. Yamate for all the students in program and one copy for each classroom in school. We will also need additional headphones with speaking mikes because we will be presenting the play in the playground outdoors so families can attend also. All DOE and CDC guidelines will followed during performance.

The following is a tentative schedule.
Program to begin on March 3

Week 1
March 3 and March 4  2:40 – 4:40 pm

Week 2
March 10 and March 11  2:40 – 4:40 pm

Week 3
March 17 and March 18  2:40 – 4:40 pm

Week 4
March 24 and March 25  2:40 – 4:40 pm

Week 5
March 31 (Wednesday only) 2:40 – 4:40 pm

Week 6
April 14  and April 15  2:40 – 4:40 pm

Week 7
April  21 and April 22  2:40 – 4:40 pm

Week 8
April  28 and April 29  2:40 – 4:40 pm

Week 9  Rehearsal Week
May 5  and May 6  2:40 – 4:40 pm

Week 10
May 12  Dress Rehearsal

May  13  TDA  - Performance Day 2:40 – 4:40 pm

Teachers:
Bi Ming Yang - Bilingual Teacher
Mary Chen Ing - ENL Teacher
Wenting Lin - Bilingual Teacher

Our second program will also be an afterschool program.  It will be a series of robotic workshops. Each workshop is 60 minutes in duration. Each session the instructors and teacher will cover a new topic/model aligned to the Science Standards. It will be a hands-on workshop where students will build models of machines, vehicles and other structures out of LEGO bricks powered by motor and battery. Students will explore principles of engineering, architecture, physics and more. While working in a lab type setting student will develop problem solving and critical thinking skills and collaborate with one another. The instruction will be in two languages Chinese and English.

There will be one bilingual teacher and one general education teacher for 15 children. There will be two sessions (grade 1-2) and (grade 3-5) per week with different groups of children. We will work with a vendor Bricks 4 Kids. They will supply all materials to use to create and the models. Instruction will be in Chinese and English. The cost for the Bricks 4 Kids instruction for 5 weeks beginning week of April 4th thru week of May 9th. We will take videos of presentations and pictures of the process to share with families during family engagement events in mid May. The children's oral presentations will be in Chinese and English. The teachers will supervise students during the duration of the program.

Teachers will meet with children from 2:45-3:45PM and 3:45- 4:45PM. The day of the week will be determined on teachers and program availability. 2 classes x 5 sessions for each class. It's $ 225 per class, total $2,250.00. Teachers: per session 10 hours per teacher at $63.04 per hour 10 hours total $630.

Teachers:
Mary Chen Ing - ENL Teacher
Diana Lee - General Education Teacher
Bi Ming Yang - Bilingual Teacher

Joselina Reyes- Bilingual Spanish para
Yanping Yau - Binligual Chinese Para

# Rationale for Title III ELL Funded Programs

**Describe the rationale for each Title III ELL funded program. For each program, include:**

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

We have two direct instruction supplemental programs. We will service all our ENL children in grade bands from K-2 (27 students) and Grade 3-5. (30 students). We will plan for a Musical Play adapted from the story Char Siu Bao Boy by Sandra S. Yamate. The story supports Social Emotional Learning which we have been focusing on since the return to in- person learning. we are working.

This afterschool musical play program will support ENL learners' acquisition of language and increase of their academic vocabulary through drama. The program will prepare students to use English in the real world. The drama simulates real-life conversations and situations. This can help reduce ENL students' fears of using language in real settings. Through drama, students begin to sense the meaning words convey. Drama elicits the use of body language, facial expressions, hand gestures, body movement, etc. accompany verbal language to make it complete. When ENL students speak English, they are often stiff because they concentrate too hard on the verbal language that they are trying to produce. With drama, the body becomes a spontaneous part of the overall language students use to communicate a message. ENL students will help write script, cast actors, and create a playbill to better understand the story.We have two direct instruction supplemental programs. We will service all our ENL children in grade bands from K-2 (21 students) and Grade 3-5. (27 students). We will plan for a Musical Play adapted from the story Char Siu Bao Boy by Sandra S. Yamate. The story supports Social Emotional Learning which we have been focusing on since the return to in- person learning. we are working.

# Students and Grade Levels to be Served

**For each Title III ELL funded program, describe the students that will be served. Include:**

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

30 ENL students will be selected for the afterschool program.  The play will be in two target languages. English and Chinese. We will have two teachers working with this groups, one bilingual Chinese teacher and one Common Branch licensed teacher.

Subgroup ENL from K-5 Students

# Schedule and Duration

**For each Title III ELL funded program, include:**

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The following is a tentative schedule.
Program to begin on March 3

Week 1
March 3 and March 4  2:40 – 4:40 pm

Week 2
March 10 and March 11  2:40 – 4:40 pm

Week 3
March 17 and March 18  2:40 – 4:40 pm

Week 4
March 24 and March 25  2:40 – 4:40 pm

Week 5
March 31 (Wednesday only) 2:40 – 4:40 pm

Week 6
April 14  and April 15  2:40 – 4:40 pm

Week 7
April 21 and April 22 2:40 – 4:40 pm

Week 8
April 28 and April 29 2:40 – 4:40 pm

Week 9 Rehearsal Week
May 5 and May 6 2:40 – 4:40 pm

Week 10
May 12 Dress Rehearsal

May 13 TDA - Performance Day 2:40 – 4:40 pm

# Language of Instruction

**For each Title III ELL funded program, include language of instruction and how home language support is provided.**

The musical play will be inclusive for all students who would like to take part of the school play. This will allow for the ENL students to see good models of English speakers, readers and writers. We will continue to use the iChinese Reading program to track progress for each ENL child. In addition iChinese Reader will give the children virtual access to bilingual literature similar to the books in the classrooms

For example:
DL classes will use persuasive writing to make flyers, and recommendation to watch play (in English and Chinese).
All students who want to be part of the play can learn Chinese folk dance and hip hop.
DL Students will sing songs in Chinese and English.
Background sets for the play in Art can involve many grades and classes in the school (English and Chinese culture)

.

# Number and Types of Certified Teachers

**For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):**

The play will be in two target languages. English and Chinese. We will have two teachers working with this groups, one bilingual Chinese teacher, one ENL teacher and/or one Common Branch licensed teacher.

# Types of Materials

**For each Title III ELL funded program, include:**

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

We will need materials such as consumables (markers, poster boards, paints, multi-colored xerox paper, ink cartridges for printing) for scenery, playbills and announcements. Also we will purchase a copy of the book, Char Siu Bao Boy by Sandra S. Yamate for all the students in program and one copy for each classroom in school. We will also need additional headphones with speaking mikes because we will be presenting the play in the playground outdoors so families can attend also. All DOE and CDC guidelines will followed during performance.

# Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The staff will take attendance and maintain records of ELL served in this program on a google doc. The paper copies will be kept with the Community School Director on file.

# Part C: Professional Development

## Professional Development Summary

**Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:**

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

We continue to note the importance of developing the children's speaking and listening skills, including proper behaviors during conversations and class discussions. We continue to build students' oral language to discuss the texts read in class as well as using writing to transfer oral language into written expression.

Our Professional Development this year includes deepening teachers' understanding with a new literacy curriculum, Wit and Wisdom. As part of this new literacy curriculum. teachers continue to learn new instructional routines that focus on increasing student to student discussion and allowing more time for students to engage in these discussions. We will be progress monitoring throughout the school year in October, February, and May and align to our work with our CEP ENL goals.

We are currently using units from the MindUp SEL curriculum across all grade levels. We are using SEL practices daily to support all our children. In addition, with our ENL students, students continue to receive support during whole class push-in sessions and as well as a small group pull-out session. We are also implementing "Break Breaks" from MindUp in every classroom.

Our teachers receive content coaching from our literacy staff developers from Wit & Wisdom, Fundations, and support from our District 2 AIS coordinators Jeannine Michele and Ellenia Lyons, to support our literacy, Fundations, and Phonics for Reading implementation. We also work with Rachel Benoff, the District 2 Instructional Math Lead, working with our Grade 3K-5 teachers to focus on our year 3 math curriculum Eureka Math Squared implementation as well as the Bridges intervention program. All teachers were engaged in a school-wide inquiry cycle to understand the learning process of implementing targeted instruction to student subgroups. We will continue to work with Rachel Benoff to strengthen teachers' planning and lessons to be inclusive and rigorous across K-gr 5. We will use data from iReady and Acadience (Universal Screeners to guide our decisions and teaching points) to decide which students will engage in interventions.

For Literacy: Teachers will once again work with a Wit and Wisdom staff developer. Sarah Seliger, ML/ELL lead will work with our Dual Language and Bilingual teachers to support the transitions and modifications of the modules in Wit & Wisdom. In literacy, we will continue to strengthen our phonics program and identify supplemental programs

to address gaps in learning such as using Fundations Fun and Focus and the Heggerty program.

For Math: We will work with Rachel Benoff to continue to deepen our understanding of the Eureka Math Squared curriculum. We will continue to leverage big math ideas and align our math work to the standards, as well as to the new NYCPS Mathematics Shifts.

As a staff we will continue to review the Next Generation Standards to reflect and discuss how our teaching instruction and core curriculum implementation aligns to the standards as well as how our teacher planning is targeted to all student subgroups. This work will focus on our teaching, learning, and planning in literacy as well as mathematics. Additionally, staff will be introduced to the NYCPS Mathematics Shifts and engage in professional learning in order to focus on larger 'understandings' that can be applied across content areas, as well as across grades.

Teachers:
K - Kathy Robles and Jane Ong-pan
Grade 1 Linda Gao and Joy Chang
Grade 2 Kara Adamik and Karin Ma
Grade 3 Wenting Lin, Ivy Lee Walters
Grade 4 Susie Tsang and Arleen Chiu
Grade 5 Mafan Gong and Bi Ming Yang

# Rationale for Professional Development

**Describe the rationale for the professional development to be provided. For each activity, include:**

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

We continue to note the importance of developing the children's speaking and listening skills, including proper behaviors during conversations and class discussions. We continue to build students' oral language to discuss the texts read in class as well as using writing to transfer oral language into written expression. We focused our Professional Development this year to strengthen our work around early literacy foundation.  We used Fundations, a phonics program, with fidelity in grades K- 3, Heggerty in K-2, and Bridge the Gap in grades 3-5.

Fundations will be a year 3 program for our teachers in K-2 and Phonics for Reading is a year 2 program for our grade 2-5 teachers. All grade 3-5 teachers were trained in Phonics for Reading. This year we programmed the school for students in grades 2-5 to receive literacy and math interventions. We will continue to progress monitoring throughout the school year in alignment to our CEP ENL goals. We choose these programs to align to the Chancellor's literacy shifts.

Teachers:
K - Kathy Robles and Jane Ong-pan
Grade 1 Linda Gao and Joy Chang
Grade 2 Kara Adamik and Karin Ma
Grade 3 Wenting Lin and Ivy Lee Walters

Grade 4 Susie Tsang and Arleen Chiu
Grade 5 Mafan Gong and Bi Ming Yang

# Teachers to Receive Professional Development

**Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.**

All teachers will receive training and ENL teachers will receive additional training with coaches or from opportunities from the DOE/ District due to the fact that we want to support our ENL students while using core curriculums: Fundations, Eureka Squared, and Wit & Wisdom. Wit & Wisdom has additional resources and suggestions to support the ENL learners with the Multilingual Learner Resources.

Teachers:
K- Kathy Robles and Jane Ong-pan
Grade 1 Linda Gao and Joy Chang
Grade 2 Kara Adamik and Karin Ma
Grade 3 Wenting Lin and Ivy Lee Walters
Grade 4 Susie Tsang and Arleen Chiu
Grade 5 Mafan Gong and Bi Ming Yang

# Schedule and Duration

**For each Title III ELL professional development activity, include:**

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Our ENL teachers receive content coaching from our literacy staff developers from Wit and Wisdom and our District Leads. These dates are determined according to schedules. Our ENL teachers also attend District led professional learning opportunities.

Also we have Rachel Benoff, the District 2 Math Lead working with our K-5 ENL teachers on increasing student discussion and talk. All teachers participated in our school-wide inquiry team. We will continue to work with Rachel Benoff to strengthen teachers' planning and lessons to be inclusive and rigorous across K- gr 5. Ten day cycle: these dates are determined according to schedules.

This year our Bilingual and ENL teachers worked with Sarah Seliger, ML/ELL Services Administrator to think about the implementation for Wit & Wisdom. They planned with each module in mind to ensure that every child had access to the core curriculum. We hope to increase her days to 6-7 days before and after each module. She worked on environment and help teachers think about how to support ENL student in the classrooms: labels, structures, etc.

Most session will be double periods, first we visit classrooms debrief lessons with data and plan for next lessons. We also use classrooms as lab sites to bring teachers in to observe students' engagement and talk. We hope this year to start the end of September so we have initial beginning of the year data to analyze and end in mid June to use end of year data to plan for the new school year.

Additionally, our school was accepted to the Dream Squads Community, where we will be supported to design, implement, and sustain a welcoming school plan for multilingual and immigrant students and families. As Dream Squad members work together, the educators plan for this population across 4 focus areas: (1) School Leadership Action, (2) Educator Engagement, (3) Student Empowerment, and (4) Family Empowerment. There will be a 5-part virtual training and 1 in-person training session between October 2025-November 2025.

Staff to be trained:
Biming Yang
Parija Desai
Nector Santiago
Franceska Laub
Weronika Klisiewicz
Kathy Robles

# Topics to be covered

**For each Title III ELL professional development activity, include topics to be covered.**

For Literacy: Teachers will work with Wit and Wisdom staff developer. In literacy we will continue to strengthen our phonics program and identify supplemental programs to address gaps in learning such as using the Heggerty program as well as Fundations Fun and Focus. We will also continue to use strategies from Phonics For Reading to support small group learning. Staff Developers will meet and plan with teachers as well as train our paraprofessionals.

For Math: We will work with Rachel Benoff to continue to deepen our understanding in Eureka Math Squared curriculum. We will continue to leverage big math ideas and align our math work to the standards, as well as to the new NYCPS Mathematics Shifts. Also, we will implement Bridges small group interventions in math. Our focus will remain on increasing student talk and discussion in the classroom, including implementing predictable routines for sharing thinking, which will impact our SWD and ENL students.

In addition, this year we will be using Wit & Wisdom for our literacy work. Our Bilingual and ENL teachers worked with Sarah Seliger,  ML/ELL Services Administrator to think about the implementation for Wit & Wisdom. They planned with each module in mind to ensure that every child had access to the core curriculum and planned for multiple opportunities for students to make connections and build linguistic knowledge in both their home language and in English.

As part of the Dream Squads Community, staff members will be supported to design, implement, and sustain a welcoming school plan for multilingual and immigrant students and families. During a 6-session training, topics to be covered include:

- Culturally Responsive Approaches for Multilingual, and Immigrant Communities
- Explore, Prepare, Apply: A Postsecondary Framework
- Culturally Responsive Family & Community Partnerships

- Creating a Welcoming & Inclusive School Plan
- School Plan Implementation & Dream Squads Collaboration
- School Plan Implementation & School Year Support

Upon completing the required 6-part training to develop a Dream Squad, there will also be a required spring convening in May 2025 with each Dream Squad expected to share challenges and wins across implementation strategies and identify areas of refinement for the following school year.

# Name(s) and Title(s) of Provider(s)

**For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).**

Wit and Wisdom
Arlyn Liriano-Sanchez

Fundations:
Ann Wachs

Math
Rachel Benoff - District Office 3K- Grade 5

District 2 AIS Coordinators
Jeannine Michele K-2
Ellenia Lyons 3-5

ML/ELL Services Administrator
Sarah Seliger - K-5

Dream Squads Community
Office of Multilingual Learners' (OML)
Multilingual and Immigrant Student Support Team (MISST)

# Maintaining Records

**Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.**

The professional development days are made public on our school calendars and outlook calendars. We will also have teachers' reflections and exit slips kept on Google forms and paper copies by the staff developers. We will also take attendance, and this file is kept in principal's office.

# Part D: Family Engagement Activities

## Family Engagement Summary

**Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.**
**Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.**

For parent engagement activities, we will have parent teacher conferences two times a year. We will provide additional time on Tuesday afternoon for parent meetings and workshops. We will have scheduled parent orientations during the ELL identification process and with new ENL admits and continuing ENL students during the school year. All the workshops and conferences will be in person.

In addition, twice a year we offer workshops for parents on curriculum nights where Grade Teacher Teams present focused lessons and strategies for the parents. The goal is to help the parents understand what is happening in the classrooms during a regular day at school.  Our second curriculum night the teachers will begin with a video and slide show of the children in classrooms and during a typical school day. Parents can learn about the core curriculum, student learning, and any arts programming during this time. Each class or session always has an interpreter ready to support families in both Chinese and Spanish. All agendas and memos are translated into families' home languages. We know it's important to share with the families at this midpoint the learning and joy that children are engaged in. We also have a Family Forum in May to celebrate the children's hard work this year. We will showcase best work and practices for families during an outdoor and indoor event.

Our parents are notified of events through monthly calendars and school newsletters in Chinese and Spanish via email. We also utilize the DOE Messaging to support with sharing information to families. In addition, we send out save the dates flyers for each event as well as reminders that are also posted around the school. The parent coordinator also sends out an email blast 24-hours before the event and classroom teachers sends out reminders on ClassDojo. All correspondences are translated into Chinese and Spanish. Also we ask parents for their language of choice on every Google form and survey.

## Rationale for Family Engagement Activities

**Describe the rationale for the family engagement activities to be provided: For each activity, include:**

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

For parent engagement activities, we will have parent teacher conferences two times a year. We will provide additional time on Tuesday afternoon for parent meetings and workshops. We will have scheduled parent orientations during the ELL identification process and with new ENL admits and continuing ENL students during the school year. All the workshops and conferences will be in person.

We provide 3 surveys a year to our parents to ask for feedback, during the first PTA meeting in October, another mid year, and finally towards the end of the year after our Family Forum in May. These surveys can inform the school about issues or concerns that the community would like to address.  The surveys are shared with the School Leadership Team before we send out.

# Schedule and Duration

**For each Title III ELL family engagement activity, include:**

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

September and and May - 2 days - Family Engagement Evenings from 4:00 - 7:00PM
October - Dual Language Parent Orientation Meeting from 5:00 - 7:30PM
November and March - 2 days - Parent Teacher Conferences from 5:00 - 7:30PM
May - United Community Schools Family Forum from 4:30 - 7:00PM

Information sessions are recorded so all families have access. Some families have 4 children.

# Topics to be Covered

**For each Title III ELL family engagement activity, include topics to be covered.**

Social Emotional Learning - continue
- share workshop sessions from Mind UP with families
  self care

Health care - Charles B Wang
- Immunization
  support children with ADHD
  support children with IEPs
  vision screening

Curriculum Night - Math/Literacy

Family Forum - Sharing best work from students

Family Arts and Spring Fling - performances from American Ballet Theatre, National Dance Institute, and Young's Peoples Chorus

# Name(s) and Title(s) of Provider(s)

**For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).**

PS 1 Social Workers , PS 1 Staff, ABT and NDI Dance Instructors partners, Charles B Wang Health Clinic personnel, Speech teachers, UCS Community School Director.

# Family Notification of Activities and Translation and Interpretation Supports:

**Describe:**

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Our parents are notified of events through monthly calendars and school newsletters in Chinese and Spanish via email. We also utilize the DOE Messaging to support with getting information to families. In addition, we send out save the dates flyers for each event as well as reminders that are also posted around the school. The parent coordinator also sends out an email blast 24-hours before the event and classroom teachers sends out reminders on ClassDojo. All correspondences are translated into Chinese and Spanish. Also we ask parents for their language of choice on every Google form and survey.

# Maintaining Records

**Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.**

We send a Google form to remind families of events. There is a question on the Google form that asks if the families will be attending or not. We also have surveys results to indicate how many families responded. Our Parent Coordinator and UCS Community School Director keeps all the documentation including sign-in sheets as well as the notifications.

# Part E: Budget

**FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY.** Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.
