Evelyn Lolis

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Lillian Weber School

District Borough Number (DBN):

03M084

Grades Served:

3K, Pre-K through 5

School Address:

32 W 92nd Street, New York, Y 10025

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Evelyn J. Lolis	Principal or Designee*	
Emily Hernandez	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Laura Wieczoreck	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Joni Wildman	CBO Representative, if applicable	
Michael Balz	Parent	
Melania Sztyk	Parent	
Ana Ortin Peralta	Parent	
Ornella Nsoki	Parent	
Deanna Liderman	Parent	
Caroline McAndrews	Parent	
Alice Fontier	Parent	
Carina Sandrini-Cook	Teacher UFT	
Allison Gibbons	Teacher UFT	
Laura Maruska	Teacher UFT	
Brett Steier	Teacher UFT	
Lisa West	Teacher UFT	
Leslie Romero	Teacher UFT	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The Lillian Weber School is dedicated to fostering equity and access for all learners within a collaborative community. We empower our students with the tools they need to develop critical thinking skills, a strong work ethic, and a sense of identity and responsibility. By emphasizing teamwork and respect for diverse cultures, we encourage our students to engage with one another and explore the complexities of our world together. At PS 84, our community cultivates curiosity and interconnectedness, nurturing a shared commitment to creativity and collective growth as we learn about and care for the planet we all share as global citizens.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS84, the Lillian Weber School, is a community school that strives to provide equity and access to all learners. Our school mission is to ensure that we provide students with the means to be successful global citizens of tomorrow. Future citizens that will know, understand, and value working alongside people who may look different or have different cultural backgrounds and beliefs. After moving up form one of the six pre-K classes offered here at PS84, scholars get to opt-in to one of our three specialized language programs: Dual language, in either French or Spanish, or coding in our Computer Science/Media Arts classes.

All scholars here ROAR; they are Responsible, Open-minded, Achieving, and Respected. They ROAR with pride because they understand that they are not only learning in a specialized program, but that they are part of a larger community of learners. We celebrate and understand diversity and have memorialized our belief onto our entire school wall with a mural representing Blooms of Multiculturalism.

We have made changes within our programming to ensure that students are not separated by the program they are in. All students belong to one of our ROAR teams that consist of equal enrollment from all three programs. Students in their respective ROAR team attend specialty classes together daily.

PS84 is an amazing place where students learn more than core academics. They learn about connectivity to the world around them. They learn the Arts, environmental sciences, and how to be productive and responsible citizens. We believe that believing in a world of respect for all begins with living it.

Briefly summarize the key initiatives your school will implement this school year.

Our vison to ensure young scholars are best equipped to be happy global citizens of tomorrow, PS84 has applied to become an International Baccalaureate School and involve all our students in the Primary Years Program (PYP).

We chose to move forward in this endeavor because PYP focuses on the development of the whole child as an inquirer, both in school and in the world beyond. The PYP offers a transformative experience for students, teachers and whole school communities and delivers excellent outcomes by providing an education that is engaging, relevant, challenging and significant.

PYP learners know how to take ownership of their learning, collaborating with teachers to deepen understanding and increase their confidence and self-motivation. Through actively engaging in integrated ongoing assessment they become effective, self-regulated learners who can act on constructive feedback.

PS84 is a PROSE school. All teachers and support staff engage in professional learning on PROSE days to deepen instructional practices and develop units of study that align with the IB Programs of Inquiry. PS84's 2025-2026 school year has six half days (non-instructional) embedded into its school calendar.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Mathematics	K-5	enVisions Math 2.0	na
ELA	K-5	Wit and Wisdom	Adapted for dual language programs in French and Spanish.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Kindergarten: 2023–2024: EOY proficiency was 52%, reflecting early struggles in foundational literacy. 2024–2025: EOY proficiency increased significantly to 75%, a 23-point gain, indicating strong growth and effective interventions in early literacy. Trend: Substantial improvement suggests that foundational instruction in phonics and early literacy is becoming more effective, particularly between MOY (61%) and EOY (75%).	Inconsistent Phonemic Awareness Instruction Pre-K to K: Prior lack of vertical alignment in foundational literacy (e.g., Heggerty not yet implemented in Pre-K).	Strengthen Tier 1 Core Instruction: Ensure high-quality, evidence-based literacy instruction aligned to Science of Reading across all K–2 classrooms.
1st Grade: 2023–2024: EOY proficiency was 78%, showing high achievement. 2024–2025: EOY proficiency slightly decreased to 76%, but performance remained strong. Trend: While still high, the 3-point dip may suggest variability in instructional impact or	Gaps in Foundational Literacy Programming: Need for tighter implementation of	Enhance Data-Driven Instruction: Expand teacher capacity to analyze

cohort differences, highlighting a need to maintain consistency in instructional supports.	Fundations and systematic phonics, particularly in Kindergarten and 1st grade.	and act on Acadience data to inform grouping, pacing, and intervention.
2nd Grade: 2023–2024: EOY proficiency was 81%, the highest across all grades. 2024–2025: EOY proficiency dropped slightly to 75%, a 6-point decline. Trend: Despite a small decrease, performance remained strong, and BOY/MOY scores (80%/83%) suggest the cohort sustained growth over the year.	Limited Teacher Capacity in Data Use: While data is collected (e.g., Acadience), some staff require more consistent PD on how to translate data into instructional shifts.	Expand Targeted Tiered Supports: Tighten RTI implementation with consistent monitoring, especially for students near benchmark (Sprint students).

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	71%	By June, 2026, the percentage of students in grades K-2 reading at or above benchmark, as measured by the End-of-Year Acadience Reading assessment, will increase by 7 percentage points, from 71% to 78%.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience Reading assessment

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Data-Driven, Targeted Literacy Interventions Using Acadience and Fundations

Root Cause Addressed:

Inconsistent identification and support of struggling readers due to lack of frequent, actionable data.

Gaps in foundational phonics and phonemic awareness skills impacting early reading proficiency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement tri-weekly Acadience progress monitoring to identify students falling below benchmarks early.
Use Fundations and Heggerty assessments in tandem to pinpoint specific phonics and phonemic awareness deficits.
Establish flexible RTI groups based on ongoing data for targeted small-group interventions.
Train teachers quarterly on using data dashboards for instructional decision-making.
Expand SPIRE program for Tier 2 students, with regular progress checks.

Key Strategy 2 (Optional):

Enhanced Early Literacy Professional Development Focused on the Science of Reading

Root Cause Addressed:

Variability in teacher expertise and confidence in applying evidence-based literacy instruction.

Limited ongoing support for implementing Fundations and RTI with fidelity, as well as interpreting and using Acadience data.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct PD sessions centered on Fundation principles and their classroom application.
Provide resources and time for teacher collaboration focused on analyzing student data and sharing best practices.
Integrate PD completion and fidelity of implementation into teacher performance goals.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation monitoring will be carried out through several primary structures to ensure fidelity and progress toward the reading proficiency goal. Grade level team meetings will be scheduled, bringing together teachers and administrators to review key data points such as Acadience benchmark results and progress monitoring from Fundations and Heggerty assessments. During these meetings, the team will also analyze the progress of students receiving Tier 2 and Tier 3 interventions, making adjustments to groupings or instructional strategies as needed to better support student growth.

To further support implementation, classroom visits will be conducted with a focus on the fidelity of Fundations and RTI instruction. These observations will inform targeted coaching feedback to teachers, helping them refine their instructional practice. Teacher participation and engagement in ongoing professional development sessions will be tracked to ensure consistent growth in instructional capacity.

Progress monitoring will be facilitated through the use of digital dashboards that collect and display Acadience assessment data, allowing for timely and transparent review. A school made Google sheet will be maintained to document the frequency, duration, and student responses to SPIRE and RTI interventions, providing evidence of implementation intensity and effectiveness.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	06/26/2026	Acadience Reading assessment results are communicated to families three times a year through personalized family letters. These letters are sent home in September following the Beginning-of-Year (BOY) assessment, in January after the Middle-of-Year (MOY) assessment, and in June with the End-of-Year (EOY) assessment	
09/08/2025	06/26/2026	First and second grade students who score below grade level on reading assessments are invited to participate in a specialized after-school literacy program hosted in partnership with Stephen Gaynor School. This program utilizes the Orton-Gillingham approach, a research-based, multisensory method designed to support students in developing foundational reading skills.	Stephen Gaynor School

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

RTI Teachers, Substitute teachers for coverages during Fundations PD, Per-session teachers to accompany students to Stephen Gaynor, Data entry work

Instructional Resources

Fundations materials K-2, Heggerty curriculum PreK-2, SPIRE materials, Acadience Reading progress monitoring and assessment materials

Schedule Adjustments

Dedicated core instruction time, collaborative planning time, time to review data, common time during grade-level PD

Other Resources Needed

Technology (chromebooks/ipads), screens in classrooms for slides, student incentives and engagement tools

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
We have seen an increase in students' responses to the question "Do you feel safe at PS 84?" question through the past 2 years. Survey, June 2025	Limited SEL time in classrooms. Conflicts in the school yard with staff that may not be trained in conflict resolution. More unstructured time at school yard.	SEL taught for a minimum of thirty minutes daily by classroom teacher. More structured options at recess. Lion's Pride
Incidents in OORS are up (double from previous year).	Limited SEL time in classrooms. Conflicts in the school yard with staff that may not be trained in conflict resolution. More unstructured time at school yard.	SEL taught for a minimum of thirty minutes daily by classroom teacher. More structured options at recess. Lion's Pride

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	89.9% of students report feeling safe	By June 2026, PS 84 will improve physical and mental wellness for all students, as evidenced by a 2% increase in the percentage of students who report feeling safe at school — from 89.9% to 91.9% — according to Question 7 on the Student Experience Framework (SEF) survey: “Do you feel safe at PS 84?”

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SEF Survey, Question 7

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy 1: 30 Minutes SEL Time focusing on interpersonal relationships.
Action Steps: Use Harmony & RULER Curriculum daily.
Peer Mediation training by staff member who is trained in Peer Mediation.
Train recess staff in organized games/activities for recess options.

Root Cause Addressed:

Understanding of conflict, conflict resolution, building interpersonal relationships, unstructured to structured play, and inconsistent SEL in classrooms.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use Sanford Harmony & RULER Curriculum daily.
Peer Mediation training by staff member who is trained in Peer Mediation.
Train recess staff in organized games/activities for recess options.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review survey data
Meet with individual classes based on survey data

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The SEL team, school counselor, and social worker will review and analyze survey data to identify classrooms in need of additional social-emotional support. Targeted strategies and interventions will then be implemented to address identified needs and promote a positive classroom climate.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly Parent Workshops organized by Parent Coordinator, Marble Health, and Principal's Cafe.	Marble Health

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Staff, Parent Coordinator, Administrators, and CBO.

Instructional Resources

Harmony and Ruler

Schedule Adjustments

na

Other Resources Needed

Peer Mediated Trainings and meetings, including PTA Support.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on MAP Growth data for 2024-25, in Grade 3, Domain Number and Operations, 15% students scored in the 0-21 percentile, 13% scored in the 21-40 percentile, 13% scored in the 41-60 percentile, 26% scored in the 61-80 percentile, and 34% scored above the 80 percentile	Students in grade 3 have not taken MAP Growth assessments previously. They may lack the stamina to take the amount of questions contained within the assessment. Although almost half of the students scored above the average percentile, students in the 0-40 percentile may lack essential foundational skills in math, such as number sense, basic operations (addition, subtraction, multiplication, division), fractions, and geometry.	Intensive remediation in foundational math skills. Diagnostic assessments to pinpoint specific gaps. Increased math fluency and conceptual understanding.

Based on MAP Growth data for 2024-25, in grade 4, Domain Number and Operations, 12% of students scored in the 0-21 percentile, 11% scored in the 21-40 percentile, 13% scored in the 41-60 percentile, 29% scored in the 61-80 percentile, and 35% scored above the 80 percentile	There are 59% of students who scored above the 60 percentile and made a lot of movement towards the end of the year. Students in the 0-40 percentile may continue to lack essential foundational skills in math, such as number sense, basic operations (addition, subtraction, multiplication, division), fractions, and geometry.	Intensive remediation in foundational math skills Diagnostic assessments to pinpoint specific gaps. Increased math fluency and conceptual understanding.
Based on MAP Growth data for 2024-25, in grade 5, Domain Number and Operations, 15% of students scored in the 0-21 percentile, 11% scored in the 21-40 percentile, 9% scored in the 41-60 percentile, 25% scored in the 61-80 percentile, and 40% scored above the 80 percentile	At this grade level, reading comprehension may play a role in students' difficulty solving word problems involving multi-step operations. They may also lack the stamina to take the amount of questions contained within the assessment at this grade level	Small group intervention for word problems Use concrete materials Use illustrations to help understand questions Increased math fluency and conceptual understanding

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	43%	PS 84 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Student proficiency in Domain Number and Operations will Increase by 5% from 43% to 48%, for All Students, as measured by iReady Assessment Grade 4.
All Students	45%	PS 84 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Student Proficiency in Numbers and Operations in Grade 5 will Increase by 5% from 45% to 50%, for All Students, as measured by iReady Math Assessments Grade 5.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Data-driven instructional planning.
Goal Setting/ Asset-based support.

Root Cause Addressed:

Framing Students by Their Challenges Instead of Their Assets:
Teachers may unconsciously focus on what students lack (e.g., gaps, errors, misconceptions), which can lower expectations and limit opportunities.

Low Student Confidence and Math Identity: Students who repeatedly experience challenges with mastering math strategies may internalize the belief that they are "not good at math."

Student Agency and Perseverance: Students taking multiple chances or opportunities to make sense of math for themselves, become less passive and less dependent on teacher direction.

Students develop positive math identities, agency and perseverance when their strengths are identified and used to help them make sense of mathematical concepts and access grade-level work. Teachers first focus of what students know and can do rather than deficits in understanding. Rather than being shown a procedure for solving a problem, students first think about an unfamiliar problem and the ways they might use what they already know to solve it. This makes the learning more relevant and enduring.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Teachers collect data from assessments, observations, student work and maintain "math strengths profiles" for each student. Profiles highlight what students can do—e.g., “strong visual reasoning,” “explains thinking clearly,” or “uses patterns to solve problems.” These profiles are used during planning to group students strategically and design tasks that leverage their strengths.
Adopt or design rich math tasks that allow students to engage using different strengths. Use exemplars and open-ended problems that can be solved in various ways (e.g., visual models, number lines, equations). Encourage students to share and compare strategies. Highlight how different approaches reflect different mathematical strengths.
Incorporate regular opportunities for students to reflect on their math strengths and set learning goals. After students take end of topic math assessments, they engage in teacher-supported goal setting, determining their personal strengths as well as next steps. Students track their progress and celebrate growth and teachers guide students to connect their strengths to new challenges.
During PLCs, teachers engage in collaborative planning that intentionally build on student assets. Teachers bring student work to planning meetings. Teams identify strengths evident in the work and brainstorm how to build on them in upcoming lessons. Teachers adjust scaffolds to support access to grade-level content without diluting rigor.

Key Strategy 2 (Optional):

Differentiated instruction.
Use of technology and adaptive learning tools.

Root Cause Addressed:

Learning Gaps and Varied Pacing:
Students enter classrooms with different levels of prior knowledge and conceptual understanding. Without differentiation, some students fall behind while others are not sufficiently challenged.

Access to Grade-Level Content: Struggling students may be excluded from rigorous tasks if instruction isn’t scaffolded appropriately.
High-achieving students may not receive enrichment that pushes their thinking.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development: Train staff on managing rotations, using exemplars, and interpreting adaptive tech data.

Rotational Model with Differentiated Stations: Students rotate through stations within a block period. Each station targets different needs and strengths.
DreamBox (Adaptive Learning Technology): Personalized practice that adapts to student performance. Students log into DreamBox for 20-30 minutes daily. Teachers monitor progress weekly and adjust groupings accordingly. Teachers celebrate milestones to build motivation and ownership.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Lesson Plans & Student Work Samples: Look for evidence of tasks designed around student strengths and diverse strategies.

Teacher Reflection Logs or PLC Notes: Capture how teachers are identifying and leveraging student assets.

Formative Assessment Data: Track growth in conceptual understanding and problem-solving over time.

Math Achievement Data: Analyze performance on unit assessments, benchmarks, and state tests.

Disaggregated Data: Look at progress by student groups (e.g., ELLs, students with IEPs, historically underserved populations) to assess equity impact.

Progress monitoring for ELLs and students with IEPS.

Adaptive Platform Reports (Dreambox): Track usage, growth, and skill mastery.

Student Self-Assessment & Goal Setting: Monitor how students describe their own strengths and growth in math.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/30/2025	06/26/2026	Academic Screener reports will be shared with families.	N/A
09/08/2025	06/26/2026	Math Olympiads	PTA
09/08/2025	06/10/2026	Parent Coordinator will schedule Math Family Night/Workshops.	na

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In Spring 2024, a baseline survey was administered to 4th and 5th grade students to measure perceptions of college/career awareness, personal strengths, and foundational skills. The average rating across 7 key items on a 1–5 scale was 3.2. (School-Based Student Survey, 2024).	Limited, age-appropriate exposure to structured college/career activities.	Increase student engagement and understanding of college and career pathways.

In Spring 2024, a baseline survey was administered to 4th and 5th grade students to measure perceptions of college/career awareness, personal strengths, and foundational skills. The average rating across 7 key items on a 1–5 scale was 3.2. (School-Based Student Survey, 2024).	Lack of student understanding of survey language or purpose.	Improve clarity and relevance of survey items.
In Spring 2024, a baseline survey was administered to 4th and 5th grade students to measure perceptions of college/career awareness, personal strengths, and foundational skills. The average rating across 7 key items on a 1–5 scale was 3.2. (School-Based Student Survey, 2024).	Minimal family and community engagement on college/career topics	Enhance family/community involvement and understanding

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	2%	P.S. 84 The Lillian Weber School will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the % of students rating 4 or 5 on survey items related to: College/career awareness Self-knowledge and personal strengths Goal-setting and problem-solving skills for All Students will Increase by 8% from 2% to 10% as measured by School-Based Student Survey (1–5 scale).

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement inquiry-based college/career projects.

Root Cause Addressed:

Lack of age-appropriate exposure; inconsistent implementation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch “Who Am I?” career project in Fall 2025
Integrate with Wit & Wisdom units
Invite Speakers
Schedule experiential learning trips

Key Strategy 2 (Optional):

Integrate SEL, goal-setting, and reflection activities.

Root Cause Addressed:

Minimal SEL integration; lack of self-awareness.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use journals and roadmaps for goal tracking.
Use “Future Me” project with reflection component.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures:

Monthly Team Meetings: Grade-level and leadership teams will review implementation progress, share student work samples, and troubleshoot challenges.

Survey Check-ins: Mid-year and end-of-year student surveys will be compared to baseline to assess impact on student perceptions.

Family Feedback: Surveys and event attendance logs will be reviewed to assess family engagement.

Data/Evidence Collected:

Completion and quality of “Who Am I?” and “Future Me” projects

Participation logs for field trips, speaker events, and family nights

Student perception survey data (BOY, MOY, EOY)

Family engagement data (e.g., survey responses, returned interview forms)

Use of Data:

Adjust instructional pacing and supports as needed based on student progress

Revise or expand activities based on student feedback and engagement

Provide targeted support or coaching for teachers showing inconsistent implementation

Improve clarity and relevance of student surveys based on comprehension challenges

Identify best practices to scale across classrooms

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/24/2026	Host college/Career night	
09/08/2025	06/24/2026	Send home family interview activities and newsletters.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers to lead integration of projects and SEL lessons. Guidance counselor to support goal-setting, self-awareness, and survey reflection Community. partners (e.g., NYCCAAM) to provide speakers and career exploration opportunities Parent coordinator to organize family events and distribute materials Instructional coach to support alignment with curriculum (e.g., Wit & Wisdom) and ensure consistency across classrooms

Instructional Resources

Curricula/Programs: Wit & Wisdom (ELA integration for career-themed units) SEL curriculum (e.g., Sanford Harmony, Second Step, or CASEL-aligned tools) Student Tools: Journals for goal-tracking and reflection “Future Me” and “Who Am I?” project templates College/career interest inventories and visual aids Survey Tools: School-Based Student Survey with updated, student-friendly explanations and links to classroom activities

Schedule Adjustments

Biweekly SEL/career-focused advisory period or morning meeting Designated time during ELA or social studies blocks for project-based learning Monthly time allocation for career fairs, guest speakers, or trips Planning periods or after-school sessions for staff collaboration on goal-setting integration

Other Resources Needed

Funds for field trips and guest speaker honorariums (e.g., from Title I or community grants). Printing costs for family newsletters, project materials, and surveys Translation services to support multilingual family engagement Technology tools (e.g., tablets or Chromebooks) for digital survey administration and research Anticipated Resource Needs: Professional development for staff on integrating SEL and career readiness into instruction Additional funding for transportation and partnerships with local organizations Continued revision and testing of survey items with student feedback

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Only 74% of families in Birth-5 programs agreed they were supported in making decisions about	Limited dedicated staffing or established processes to consistently support families	Strengthen transition planning and individualized support for Birth–5 families

future school placement (NYC School Survey 2024)	through the transition from early childhood programs into Kindergarten	as they prepare for elementary enrollment
Only 88% of families say the school helps them understand what grade-level schoolwork looks like (NYC School Survey 2024)	Inconsistent schoolwide practices for sharing curriculum across grade levels; families do not consistently receive clear, timely updates about what their children are learning.	Improve consistent, grade-specific communication with families about curriculum, learning goals, and expectations

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	74	By June 2026, PS 84 The Lillian Weber School will increase the percentage of Pre-K families who feel supported in making school placement decisions from 74% to 79%, as measured by the NYC School Survey (Birth–5 Transition Question).
Parents of All Students	0	By June 2026, PS 84 The Lillian Weber School will increase the percentage of families who feel the school helps them understand what grade-level schoolwork looks like from 88% to 93%, as measured by either the NYC School Survey or participation in curriculum workshops, tracked using the Parent Coordinator Activity Reports (PCAR).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

NYC School Survey (Birth–5 Transition Question)

Enter a Key Performance Indicator

Percentage of Pre-K families who indicate that someone at the school helped them consider which schools or programs would be best for their child.

Baseline:

74%

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Workshops and transition materials scheduled; 20% of Pre-K families scheduled for one-on-one transition support with the Parent Coordinator.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

At least 50% of Pre-K families have participated in an individual meeting or attended a Kindergarten transition event.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

79% of families respond favorably on the 2026 NYC School Survey transition question.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Parent Coordinator Activity Reports (PCAR)

Enter a Key Performance Indicator

Percentage of families who attend at least one curriculum-focused family workshop during the 2025–2026 school year.

Baseline:

30% (adjust if you have a more accurate figure from 2024–2025 PCAR data)

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Curriculum workshop series calendar is published and shared with families; 10% of families attend the first round of workshops.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

25% of families have attended at least one curriculum-focused workshop by mid-year, based on PCAR sign-ins.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Increase family attendance to 35% or higher, as measured by cumulative PCAR reports by June 2026.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PS 84 will implement a targeted, relationship-driven transition strategy to support Pre-K families as they prepare for Kindergarten. This approach will prioritize inclusive outreach, personalized support, and clear communication about academic and programmatic pathways. A central component of the strategy is the training and empowerment of the Parent Coordinator to serve as a Transition Navigator. In this role, the Parent Coordinator will lead school tours, conduct one-on-one sessions with families, and offer guidance throughout the enrollment process. These interactions will ensure that families receive accurate information in a welcoming, culturally responsive environment that supports their decision-making.

Pre-K teachers will also take on an expanded role as curriculum ambassadors. They will lead family workshops that explain how early learning experiences connect to Kindergarten expectations, instructional approaches, and student support structures. To better serve families of students with disabilities, the school will provide training for staff on the CPSE-to-CSE transition process. This training will ensure that families receive consistent information about evaluations, services, and placement options.

In response to family interest in advanced academics, PS 84 will also share clear, accessible information about Gifted and Talented (G&T) application processes and enrichment opportunities offered within the school. These efforts will be supported by the creation and distribution of a Step-Up to Kindergarten Toolkit. This toolkit will be a multilingual, family-friendly resource that outlines curriculum highlights, transition steps, enrichment options, and available supports.

These integrated initiatives represent a shift from general outreach practices to intentional, inclusive, and academically-focused transition planning. The goal is to ensure that all families feel informed, empowered, and confident in their child's next steps at PS 84.

Root Cause Addressed:

There are limited established processes and dedicated staff roles to consistently support families through the transition from early childhood programs into Kindergarten. As a result, families may not feel fully informed or confident when making enrollment decisions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Train the Parent Coordinator to serve as a Kindergarten Transition Navigator by providing information on admissions timelines, G&T options, special education pathways, and common family questions. (Timeline: Fall 2025; Lead: Parent Coordinator)
Schedule and conduct one-on-one transition meetings between the Parent Coordinator and all Pre-K families to discuss Kindergarten enrollment, school programs, and family concerns. (Timeline: Winter 2026 through Spring 2026; Lead: Parent Coordinator)
Hold “Step Into Kindergarten” family workshops, led by Pre-K teachers, to explain Kindergarten curriculum, classroom routines, and expectations in a parent-friendly format. (Timeline: Fall 2025 and Spring 2026; Lead: Pre-K Teachers, Assistant Principal)
Provide CPSE-to-CSE transition training for relevant staff members to ensure accurate and consistent communication with families of students with IEPs. (Timeline: Fall 2025; Lead: Special Education Liaison, Parent Coordinator)
Develop and distribute a multilingual Step-Up to Kindergarten Toolkit that includes curriculum highlights, G&T program information, transition steps, and special education support pathways. (Timeline: Winter 2026; Lead: Parent Coordinator, Assistant Principal)
Organize Kindergarten classroom visits and welcome events for Pre-K families to build familiarity with Kindergarten teachers, routines, and the school community. (Timeline: Spring 2026; Lead: Kindergarten Teachers, Parent Coordinator)
Collect family feedback after each transition event or meeting through brief surveys or exit slips to assess the clarity and effectiveness of the supports provided. (Timeline: Ongoing; Lead: Parent Coordinator, School Leadership Team)

Key Strategy 2 (Optional):

PS 84 will strengthen curriculum communication by creating consistent, grade-level structures that increase transparency and engagement for all families, including those of students with disabilities. Teachers and school leaders will collaboratively develop Curriculum-at-a-Glance documents for each grade level to outline learning goals, key standards, and major units of study. These materials will be distributed in multiple formats and languages to ensure accessibility.

In addition, the school will offer curriculum-focused family workshops led by grade teams and supported by the Parent Coordinator. These sessions will explain classroom content in family-friendly language and offer strategies for supporting learning at home. Special attention will be given to families of students with Individualized Education Programs (IEPs) by ensuring that workshops and materials explicitly address how students with IEPs are supported to access the general curriculum and meet grade-level expectations. Opportunities for one-on-one conversations or breakout sessions for these families will be offered during events.

To reinforce school-home learning connections, PS 84 will feature monthly curriculum highlights in newsletters and digital platforms, showcasing student work and explaining instructional focus areas. Staff will receive training on how to communicate academic expectations clearly and inclusively, with an emphasis on equity for multilingual learners and students with disabilities.

Attendance at all curriculum events will be tracked through the Parent Coordinator Activity Report (PCAR) to monitor participation and identify areas for follow-up. The school will ensure translation and interpretation services are consistently provided to make curriculum communication inclusive and accessible for the entire school community.

These strategies represent a shift from general communication to intentional, inclusive, and grade-specific curriculum engagement, with a focus on supporting all families to feel confident in partnering with the school academically.

Root Cause Addressed:

Curriculum communication currently focuses on what students are learning, but does not consistently explain how learning is being taught, practiced, or assessed. Families, including those of students with disabilities, have limited visibility into the instructional process, making it harder to support learning at home or understand how their children are progressing through grade-level expectations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Expand the monthly family newsletter to include both what students are learning and how they are learning it. Each issue will highlight instructional strategies, classroom routines, and examples of student work to make teaching practices visible to families. (Timeline: Monthly, September 2025 – May 2026; Lead: Parent Coordinator, Teachers, Coaches)
Develop and distribute Curriculum-at-a-Glance documents for each grade level that outline key standards, units of study, and instructional approaches. Materials will be translated into top home languages and shared in both print and digital formats. (Timeline: Fall 2025 and Spring 2026; Lead: Grade Teams, Assistant Principal, Coaches)
Collect family feedback after each transition event or meeting through brief surveys or exit slips to assess the clarity and effectiveness of the supports provided. (Timeline: Ongoing; Lead: Parent Coordinator, School Leadership Team)
Offer breakout sessions or individual consultations for families of students with IEPs during curriculum events, with support from the special education team to explain how students are supported in accessing grade-level content. (Timeline: Fall 2025 and Spring 2026; Lead: Special Education Liaison, Parent Coordinator)
Provide staff training on effective family communication, with a focus on using clear, inclusive language when explaining curriculum, assessments, and instructional practices to families. (Timeline: October 2025; Lead: Assistant Principal, Instructional Coaches)

who were unable to attend. Use this data to refine future engagement strategies. (Timeline: Ongoing throughout 2025–2026; Lead: Parent Coordinator)Track participation at curriculum-related events using Parent Coordinator Activity Reports (PCAR), and follow up with families

Ensure multilingual access to all curriculum communication by providing translation and interpretation services at family events and translating written materials into families' preferred languages. (Timeline: Ongoing throughout 2025–2026; Lead: Parent Coordinator, Translation Team)

Administer short feedback surveys to families after curriculum events to assess clarity, usefulness, and accessibility of the information shared, and use the data to make improvements. (Timeline: After each event; Lead: Parent Coordinator, School Leadership Team)

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Goal 1: Strengthen Transition Planning for Birth–5 Families

PS 84 will monitor the implementation of its Pre-K to Kindergarten transition strategy through regular collaboration between the Parent Coordinator, Assistant Principal, and early childhood team. Progress will be reviewed at monthly leadership meetings and SLT check-ins.

Primary data sources and evidence:

One-on-one meeting logs and notes maintained by the Parent Coordinator to track which Pre-K families have received individualized transition support

Event attendance logs and sign-in sheets from “Step Into Kindergarten” workshops, Pre-K family sessions, and Kindergarten classroom visits

Feedback forms and exit slips collected after each event to assess family satisfaction and areas for improvement

Documentation of CPSE-to-CSE transition training including staff attendance and session agendas

Distribution log of the Step-Up to Kindergarten Toolkit, including verification that materials were translated into home languages

Monitoring will focus on how many families are reached, the quality of their engagement, and their confidence in the transition process. Progress will be tracked in the Progress Reporting Tool (PRT) at BOY, MOY, and EOY intervals.

Goal 2: Improve Curriculum Communication with Families

Monitoring Structures and Evidence:

The Assistant Principal, Parent Coordinator, and Instructional Coaches will co-lead the monitoring of this goal. Monthly check-ins with grade-level teams will ensure ongoing alignment between curriculum instruction and family communication.

Primary data sources and evidence:

Parent Coordinator Activity Reports (PCAR) to monitor family attendance at curriculum workshops and events

Monthly newsletter archive reviewed for inclusion of both “what” and “how” students are learning

Curriculum-at-a-Glance sharing logs, including confirmation of translation and access

Post-event feedback surveys to evaluate clarity, accessibility, and parent learning outcomes

Coach and teacher reflection notes gathered during team meetings to assess shifts in family questions, engagement, and understanding

Translation services documentation to ensure consistent access to curriculum communications for multilingual families

Progress toward full implementation will be measured through these data sources and reflected in the PRT tool throughout the year. Adjustments will be made based on participation data, family feedback, and observed impact on home-school collaboration.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/16/2025	06/19/2026	Conduct one-on-one transition meetings with all Pre-K families to guide school placement decisions and answer questions	
10/01/2025	05/15/2026	Host "Step Into Kindergarten" family workshops led by Pre-K teachers to explain Kindergarten curriculum and expectations	
09/16/2025	06/19/2026	Expand monthly family newsletter to include what and how students are learning across all grades	
10/10/2025	02/14/2026	Host curriculum workshops by grade band with breakout sessions for families of students with IEPs	
10/01/2025	06/01/2026	Translate all key family-facing materials (Curriculum-at-a-Glance, transition toolkit, newsletters) into top home languages	
01/13/2026	05/31/2026	Administer short post-event surveys to families to gather feedback on usefulness and accessibility of transition and curriculum supports	
11/01/2025	06/14/2026	Share G&T information and enrichment opportunities with families during family events and newsletters	Superintendent's Office and G&T Application Portal
12/01/2025	06/01/2026	Provide CPSE-to-CSE training for staff and share updates with families of students with disabilities during curriculum nights and meetings	Committee on Preschool Special Education (CPSE)

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator (central to both goals): Will lead one-on-one family meetings, coordinate curriculum workshops, track participation through PCAR, and support translation efforts. Instructional Coaches: Will assist in developing Curriculum-at-a-Glance documents, lead staff training on curriculum communication, and co-facilitate family events. Grade Team Teachers: Will lead curriculum workshops and develop content for newsletters and Curriculum-at-a-Glance documents. Special Education Liaison: Will support CPSE-to-CSE transition communication for families of students with IEPs and help plan targeted breakout sessions at curriculum events. Translation Services Staff: Will ensure multilingual access to all materials and events. Assistant Principal: Will oversee implementation of both goals, ensure alignment across teams, and facilitate data review and planning meetings.

Instructional Resources

NYC DOE instructional resources (e.g., grade-level curriculum guides, Amplify, Passport, Envisions, Fundations, Wit & Wisdom) NYSED curriculum standards and CPSE-to-CSE guidance documents DOE Family Engagement Toolkit and translations Customized school-designed Curriculum-at-a-Glance templates and transition toolkits

Schedule Adjustments

Designated time during staff meetings and professional development for teachers and coaches to create curriculum communications and workshop content Scheduled 1-on-1 family meetings (during school hours or after school) with the Parent Coordinator Calendar alignment to ensure events (Step Into Kindergarten workshops, curriculum nights) do not conflict with other major school initiatives

Other Resources Needed

Printing budget for Curriculum-at-a-Glance documents, event flyers, and toolkits Translation services funding or access for multilingual versions of materials Refreshments or incentives for family workshop attendance, if possible

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Extended vacations - Parent emails, Bloomz Communication	Families choose extended vacation due to cost of flights/transportation.	
Illness - Parent emails, Bloomz Communication	Children, especially in PreK & K susceptible to illness. Due to extreme temperatures doctors advise to stay home. When one child is sick, often the sibling stays home due to childcare needs.	Transportation Support

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93	By June, 2026, the daily attendance for All Students will increase by 1%, from 93 to 94, as measured by the New Visions Year to Date Attendance Report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a Tiered Attendance Intervention System.

Root Cause Addressed:

Chronic Absenteeism and Inconsistent Attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Tier 1 (All students): Set clear attendance expectations and communicate them through newsletters, family events, and classroom discussions. Celebrate good and improved attendance school wide (e.g., weekly shoutouts, classroom parties, bulletin boards).
Tier 2 (Students missing 5–9% of school days): Identify students with emerging patterns of absenteeism. Assign an adult "attendance buddy" to check in weekly. Send personalized attendance letters home.
Tier 3 (Students missing 10% or more): Conduct attendance conferences with families to identify barriers. Partner with parent coordinator, school social workers, counselors, and community agencies to provide support (e.g.,

transportation, housing, health referrals). Create individualized attendance improvement plans.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
In the 2025 NYS ELA State Test, students with IEPs earned an average of 64% in Grade 3 (25 students), 54% in Grade 4 (23 students), and	IEP goals are not consistently aligned with instructional content or monitored effectively. Writing goals and strategies often lack	IEP Development

51% in Grade 5 (13 students). Performance declined by grade and was particularly low in constructed responses: 52% in Grade 5. (NYSED ELA State Test, 2025)	connection to core instruction. Teachers and service providers require support in creating measurable, high-impact goals and integrating them into instruction.	and Fidelity of Implementation
In an internal review of 24 IEPs for students in grades 3–5 during the 2024–2025 school year, only 14 IEPs (58%) included individualized, student-centered transition goals that reflected student input or future aspirations. The remaining IEPs used generic language or omitted student voice.	Staff lack training in age-appropriate transition practices for elementary grades and tools to help students express goals and interests.	Transition Planning and Compliance
In 2024–2025, ELLs represented 15% of the school population but accounted for 38% of special education referrals	Inconsistent MTSS implementation and insufficient differentiation between language acquisition needs and suspected disabilities.	Referral Process and Equity
During the 2024–2025 school year, students with IEPs (21% of the total population, 144 out of 684 students) accounted for 44 out of 78 total behavior-related incidents, representing 56% of all incidents. (OORS Dashboard, 2024–2025)	Inconsistent implementation of behavior intervention plans (BIPs), lack of professional development in trauma-informed practices, and limited use of proactive SEL strategies across classrooms.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	60% of IEPs currently meet expectations for measurable, instructionally aligned goals.	By June 2026, the percentage of IEPs in grades 3–5 with high-quality, measurable goals aligned to classroom instruction and student need will increase from 60% to 85%, as measured by an internal IEP Quality Rubric and SESIS reviews. Additionally, SWD average constructed response performance on the 2026 ELA State Test will improve by at least 10 percentage points in Grade 4 and 5.
Students with Disabilities (SWD)	58%	By June 2026, at least 80% of IEPs for students in grades 2–5 will include individualized, student-centered transition plans, an increase from the current level of 58%, as measured by SESIS IEP reviews and the presence of student input artifacts (e.g., “About Me” worksheets, student surveys, or documented input during IEP meetings). These plans will authentically reflect each student’s interests, strengths, and goals for the future.
Students with Disabilities (SWD)	Students with IEPs make up 21% of the school population but account for 56% of all behavior-related incidents (44 out of 78).	By June 2026, PS 84 will reduce the percentage of behavior-related incidents attributed to students with IEPs from 56% to 35%, bringing the rate closer in alignment with their overall enrollment (21%). This will be achieved by implementing proactive supports such as functional behavior assessments (FBAs), behavior intervention plans (BIPs), increased use of restorative practices, and professional learning on trauma-informed approaches and de-escalation strategies.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SESIS (Special Education Student Information System) review of IEP documents and service implementation records.

Enter a Key Performance Indicator

Percentage of students with IEPs receiving all recommended special education programs and related services in full.

Baseline:

97% of students with IEPs received their recommended programs 98% received their related services

Enter the date for the baseline data:

June 2025 (end of 2024–2025 school year)

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Maintain or exceed 97% for programs and 98% for related services

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

98% of students with IEPs receive all recommended programs 99% receive all related services

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

100% of students with IEPs receive all recommended programs and related services in full

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SESIS IEP compliance reports; review of IEPs for students turning 14 and over (if applicable) and internal compliance audits for transition planning documentation (for K–5, this includes movement between grades and supports for SWDs transitioning between program settings).

Enter a Key Performance Indicator

Percentage of IEPs with clearly articulated and developmentally appropriate transition plans, including annual goals and recommended services aligned with student needs (as applicable by grade).

Baseline:

75% of IEPs for students moving between program settings or grade levels include appropriate transition planning components.

Enter the date for the baseline data:

June 2025 (end of 2024–2025 school year)

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

80% of IEPs include appropriate transition supports and planning

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

85% of IEPs include appropriate transition supports and planning

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

90% of IEPs include appropriate transition supports and planning

50% of behavior incidents involve students with IEPs

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

42% of behavior incidents involve students with IEPs

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

35% of behavior incidents involve students with IEPs

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a Multi-Tiered System of Supports (MTSS) to improve IEP alignment, transition planning, equitable referral processes, and reduction of behavior incidents for SWDs.

Root Cause Addressed:

Inconsistent MTSS implementation, misidentification of language acquisition needs as disabilities, incomplete transition plans, and lack of proactive behavior support systems.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct targeted professional learning for all teachers on MTSS tiers, with an emphasis on supporting ELLs and SWDs in Tier 1.
Launch a data-driven IEP fidelity check system using SESIS logs and service delivery tracking to ensure full implementation.
Provide explicit planning support for IEP transition components during annual reviews, with compliance monitoring checkpoints.
Roll out schoolwide training on proactive behavior strategies (restorative practices, FBAs/BIPs, trauma-informed approaches).

Key Strategy 2 (Optional):

Strengthen inclusive instruction and co-teaching practices across ICT settings.

Root Cause Addressed:

Lack of instructional coherence between general and special educators and limited differentiation for diverse learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide co-teaching training and coaching for ICT pairs with a focus on content differentiation and shared responsibility.
Facilitate instructional walkthroughs to provide feedback on inclusive practice and student engagement.
Implement weekly planning time for ICT partners to align instruction with IEP goals.
Integrate scaffolds and visuals into classroom routines to support ELLs with disabilities.
Expand access to multisensory tools and adaptive materials to support decoding, writing, and comprehension.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress will be monitored through:

SESIS service implementation logs and IEP compliance audits

MTSS tracking logs and Student Support Team meeting minutes

OORS behavior incident data, disaggregated by IEP status

Internal IEP quality rubrics (transition planning, goal alignment)

Classroom walkthroughs using an inclusive instruction checklist

PD attendance sheets and feedback surveys

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/15/2025	06/15/2026	Host quarterly IEP parent workshops including translation services for ELL families	
10/01/2025	06/20/2026		
11/01/2025	05/30/2026		
01/15/2026	06/10/2026	Partner with community organizations to support transition planning & behavior supports	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

SETSS teachers, IEP Coordinators, school psychologist, social worker Instructional coaches for ICT planning Related service providers (Speech, OT/PT, Counseling)

Instructional Resources

Fundations, Leveled Literacy Intervention, Orton-Gillingham materials Adaptive and bilingual texts Visual schedules, S.P.I.R.E., SEL curriculum (Sanford Harmony)

Schedule Adjustments

Protected IEP meeting days and co-teaching planning blocks Monthly Student Support Team meetings

Other Resources Needed

Title I/II funds for PD in inclusive practice Translation/interpreter services Professional development consultant for MTSS rollout

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Reading Intervention Tier 2	Based on BOY screener date, students scoring 25% below benchmark on Acadience or flagged for skill gaps on i-Ready Diagnostic (e.g., phonics, fluency, decoding)	SPIRE, Fundations, or targeted small group phonics intervention, regular progress monitoring	small group	During school	no
Reading/ Math Intensive Support Tier 3	Students scoring 16% and below benchmark on Acadience and i-Ready, not making adequate progress after Tier 2 interventions	1:1 or small group support led by RTI providers or intervention teachers using data-driven instruction, regular progress monitoring	1:1 or very small group	During school and/or before/after school hours	no
Academic Support for STH Students Tier 2 or 3 (as applicable)	STH students identified via STH liaison and Title I survey data who are also below academic benchmarks	Differentiated academic supports aligned to MTSS data and housing status needs	Small group or 1:1, depending on need	During school and/or before/after school hours (as applicable)	no
Culturally Responsive Literacy Tier 2	Students in need of engagement and access to texts that reflect their identity and lived experience	Use of culturally relevant texts and narratives in literacy groups	Small group	During school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Advisory Group SEL Support (e.g., Managing Emotions, Conflict Resolution, Mindfulness) Tier 2	Teacher/staff observation	Targeted SEL instruction through Age appropriate Lion's Pride Advisory Groups	Small Group	During School	No
Group Counseling (Self-Esteem, Positive Communication, Coping Skills) Tier 2	PPT Referral	counseling	Small Group	During School	No
Tier 3	PPT/SIT referral; more than 4 OORS reports in a 2-month period; intensive individual needs	counseling	Individual	During School	No
Tier 3	Ongoing behavioral concerns; referred by SIT or guidance counselor	Check-In/Check Out	Individual	During School	No
Tier 3	Unmet- intensive clinical needs,	External Counseling Referrals (e.g., Marble Hill,	Individual	During school	no

	trauma history, or housing instability	Metropolitan Center for Mental Health)			
Tier 3	Consideration of students who have 1:1 paraprofessionals	Provide information/Opportunity via District Professional Learning Communities (PLCs) and Central Crisis Support Team in Training specific to paraprofessionals to FBAs, BIPs, and supporting students with health/behavior concerns.	Group training and/or 1:1	During school and/or after school	Yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

How the school's MTSS framework is shared with families:

Families receive an MTSS explanation letter when services are provided.

Teachers, admin, and the Special Education Committee contact families via email and phone.

All materials are translated and interpreters are used when needed.

Meetings are scheduled flexibly and offered virtually when possible.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Regular updates through progress reports, parent-teacher conferences, and direct communication from intervention providers.

Families are included in problem-solving team discussions and receive copies of intervention plans and updates.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families attend IEP team meetings and help shape intervention plans.

They receive academic and behavioral data before and during intervention.

Plans are modified with their input, and outreach is culturally responsive.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

20

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

1. Chronic Absenteeism:
STH students have historically shown higher rates of chronic absenteeism due to transportation challenges, housing transitions, and shelter instability.

2. Academic Gaps:
Assessment data reveals consistent underperformance in ELA and Math. Many students arrive mid-year without complete academic records, delaying access to academic supports.

3. Social-Emotional Needs:
STH students show increased behavioral referrals and trauma indicators. They often require more intensive SEL and mental health interventions.

How trends inform services:
PS 84 now prioritizes early screening, ensures immediate Tier 2/3 academic intervention access, and facilitates

targeted counseling and check-ins. The school also supports STH families with referrals and logistical support to remove barriers to learning.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Referral to PATH (if a family is not yet in the shelter system)

Daily communication with shelter-based social workers (SWs)

DOE-provided busing and travel coordination

Parent support/counseling opportunities

Clothing, food, and hygiene referrals via community partnerships

At-risk counseling and SEL supports embedded in the school day

Priority inclusion in Tier 2/3 academic supports (e.g., phonics groups, math intervention)

These services were selected using results from the STH Title I Parent Survey, input from family liaisons, and attendance/academic data, ensuring alignment to the specific needs of this population.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

4 Students

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Academic Supports:

Immediate enrollment and expedited transcript review

Automatic eligibility for Tier 2/3 interventions

Regular progress monitoring

Collaboration with the school psychologist or intervention team

Social-Emotional Supports:

Individual counseling sessions

Trauma-informed advisory lessons through Lion's Pride

Mentor teacher or adult "check-in" system

Foster care liaison support to ensure stability and continuity

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Participation in initial SIT meeting within 10 days of enrollment

Weekly check-ins with a counselor or trusted adult

Flexible scheduling for assessments and intervention blocks

Outreach to foster parents/guardians to build collaborative relationships

Coordination with ACS and external mental health providers

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Inclusion in small group SEL lessons that focus on transitions, identity, and resilience

One-on-one counseling for trauma, grief, and behavioral needs

Mentor relationships with trusted adults for continuity

Training for teachers on trauma-informed care and building trust

Parent/caregiver collaboration via virtual or flexible meeting scheduling

These strategies help students build emotional resilience, reduce behavioral disruptions, and feel a sense of belonging—critical for academic success.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Research consistently demonstrates that strong parent and family engagement has a direct and positive impact on student achievement, school climate, and overall academic performance. At PS 84 The Lillian Weber School, we believe that families are essential partners in education, and we are committed to building meaningful, inclusive, and ongoing partnerships with all caregivers.

In accordance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), PS 84 has developed this Parent and Family Engagement Policy to outline clear expectations and strategies for fostering collaboration between school and home. This policy is designed to empower families, keep them well-informed, and involve them meaningfully in decision-making, planning, and student learning.

Parents and caregivers are encouraged to take active roles on the School Leadership Team (SLT), the School Equity Leadership Team (SELT), and the Parent Association (PA/PTA). Families are also welcomed as trained volunteers and engaged participants in all aspects of the school community.

To support this vision, school staff will work in close partnership with parent leaders and stakeholders across all grade levels to host at least one parent engagement session per grade level each month. These sessions are designed to be accessible, relevant, and aligned to student learning goals. Offerings will include:

Curriculum Communication and Transparency

Grade-level newsletters, Pre-K “Talk & Walk” calendars, and parent curriculum letters to introduce new instructional units and provide clear academic expectations.

Academic and Enrichment Workshops

Led by the Parent Coordinator, in partnership with the IB Coach and instructional leaders, workshops will focus on helping families understand grade-level expectations in ELA, Math, and Science (NGSS-aligned).

Families will also be invited to attend sessions focused on our International Baccalaureate (IB) framework, Computer Science and Media Arts (CSMA) curriculum, Dual Language instruction, and Special Education services, with strategies for supporting learning at home.

Social-Emotional and Developmental Supports

Through ongoing partnerships with the Metropolitan Center and the District 3 Central Crisis Support Team, families will have opportunities to attend workshops led by child development experts on topics such as adolescent development, wellness, trauma-informed parenting, and behavioral support.

Flexible Access and Family Voice

To meet the varied needs of our families, PS 84 offers workshops and meetings in-person, virtually, and through recorded sessions. This approach promotes accessibility and allows families to engage at their own pace and convenience.

Celebrating Family Strengths and Involvement

PS 84 will explore opportunities for family-led learning sessions, student showcases during events, and peer mentorship programs for new families to further deepen the home-school connection and celebrate community expertise.

Through these efforts, PS 84 affirms that every family plays a critical role in student success and that by working together, we can ensure all children thrive academically, socially, and emotionally.

Support for Parents and Family Members of Title I Students

At PS 84 The Lillian Weber School, we are deeply committed to supporting the families of Title I students and ensuring equitable access to academic, social, and emotional resources. We recognize that strong partnerships with families create the foundation for student success. To this end, the school will:

Provide Personalized Support for Families in Temporary Housing

We will establish strong, respectful relationships with families living in shelters or temporary housing. With care and dignity, we will offer individualized appointments to allow families to select essential items such as school supplies and weather-appropriate clothing using Title I funds. This approach honors family voice and strengthens the home–school connection.

Offer Workshops and Materials to Support Learning at Home
Parents will have access to materials, trainings, and workshops designed to support their child's academic growth in literacy, math, science, and the arts. These offerings will be aligned to grade-level expectations and presented in multiple formats, including in-person and virtual sessions, to meet the needs of working families.

Empower Parents to Participate in School Planning
We will provide parents with timely information, training, and invitations to participate in school planning and decision-making. Parents will be actively involved in the development and implementation of our Title I Parent and Family Engagement Policy and School-Parent Compact.

Build Capacity for Home–School Partnership
We will create a caring, collaborative partnership between school staff and families that fosters trust and consistent support for students. This includes providing professional learning for staff to strengthen cultural responsiveness, family engagement strategies, and effective communication.

Support Understanding of Educational Expectations
We will help parents understand city, state, and federal learning standards and assessments through accessible information sessions, printed materials, and interpretation services. Parents will be empowered to monitor their child's progress and advocate for their success.

Ensure Clear and Inclusive Communication
All school and parent-related communications will be provided in family-preferred languages and formats that are easy to understand. Translations, interpretation services, and multilingual documents will be offered whenever possible.

Partner with Experts and Community Organizations
In collaboration with the Metropolitan Center, District 3 Central Crisis Team, and other child-centered experts, we will continue to host events that offer guidance on parenting, adolescent development, and family well-being.

By offering these supports, PS 84 demonstrates its commitment to every family, ensuring that all parents—especially those of Title I students—feel respected, informed, and empowered to be active participants in their child's education.

Parental Involvement and School Quality

PS 84 The Lillian Weber School is committed to fostering equitable and supportive partnerships with families of Title I students. Recognizing the unique needs of families experiencing economic hardship, housing insecurity, or transitional living situations, we provide targeted supports that promote dignity, access, and academic success.

To that end, PS 84 will support and partner with families of Title I students by:

Establishing respectful, individualized relationships with families in temporary housing, including shelter families, by providing direct access to essential resources such as clothing, outerwear, and school supplies through a personalized and dignified appointment process with the Parent Coordinator. This individualized approach honors

the voice of the parent, builds trust, and strengthens the home-school connection.

Providing access to academic materials, tools, and training to help families support learning at home across subject areas, including literacy, mathematics, and digital platforms.

Offering ongoing parent workshops aligned with grade-level expectations and core instructional areas—including ELA, Math, Science (NGSS), IB learning principles, Computer Science & Media Arts (CSMA), and Special Education supports.

Equipping parents with information and guidance on how to participate in school planning, decision-making bodies (such as SLT and PTA), and goal-setting for their child's success.

Promoting a culturally responsive and emotionally supportive home-school partnership, encouraging regular communication between families and school staff to monitor student progress, address concerns, and celebrate growth.

Helping parents understand New York City, State, and Federal academic standards and assessments, including iReady, New York State tests, and individual performance reports, through dedicated data literacy sessions.

Ensuring language access and inclusivity, with all school communications—such as notices, program invitations, and feedback surveys—available in formats and languages reflective of our school's diverse community.

Providing professional learning for staff that includes input from families, with a focus on improving outreach strategies, building cultural awareness, and enhancing communication practices.

By centering respect, access, and partnership, PS 84 ensures that all Title I families feel welcomed, informed, and empowered to be active participants in their child's academic journey.

Encouraging School-Level Parental Involvement

PS 84 The Lillian Weber School is committed to creating a vibrant, inclusive environment where parents and caregivers are active participants in their children's educational journey. The school recognizes that when families are engaged—academically, culturally, and creatively—students thrive.

To build meaningful school-family partnerships, PS 84 will:

Host engaging educational family nights throughout the school year that invite families into the learning process and highlight student achievement. These include:

Curriculum Night to review grade-level goals, instructional strategies, and classroom expectations;

IB Project Night to showcase student inquiry, research, and reflection aligned with the International Baccalaureate (IB) framework;

Science Fair where students present their scientific explorations and discoveries;

CSMA Night celebrating student work in Computer Science and Media Arts, including digital storytelling, coding projects, and media-based learning;

Arts Night featuring student visual art exhibitions and hands-on collaborative art-making;

Theater and Musical Performances open to all families, celebrating student creativity, expression, and collaboration.

Highlight and celebrate cultural diversity through schoolwide events that reflect the rich cultural backgrounds of our families. These include:

Blooms of Multiculturalism (October)

PS 84 International Fall and Spring Fairs

CSMA-integrated cultural nights, where music, dance, media, and storytelling reflect the diversity of our global community

Collaborative events with the PTA to uplift the arts, cultural traditions, and languages represented in the school

Encourage parent leadership and voice by promoting participation in the School Leadership Team (SLT), School Equity Leadership Team (SELT), and Parent Association (PA/PTA).

Support family learning through accessible resources, including:

A dedicated Parent Resource Area and Lending Library, stocked with books, guides, and materials on child development, social-emotional learning, and parenting strategies;

A robust online presence, including the school website, Padlet, and Bloomz, where parents can find updates, key documents, and workshop recordings.

Encourage volunteerism and participation, ensuring that parents are welcomed as trained volunteers and partners in classroom and school events.

Provide timely, multilingual communication through written reports, digital newsletters, school folders, and real-time updates on Bloomz. Home-school communication is translated and adapted to ensure accessibility for all families.

Host inclusive and joyful community events, such as:

Parents Day Kickball Game in June, where families participate in a friendly match with school staff, enjoy a celebratory luncheon, and are recognized with commemorative PS 84 t-shirts. This event fosters community spirit, accessibility, and joy for families who may be less inclined to attend formal academic events.

Through these initiatives, PS 84 creates multiple, meaningful pathways for families to be involved in school life—honoring diverse perspectives, talents, and traditions while building a strong, united school community.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

At PS 84 The Lillian Weber School, we believe that student success is built on a strong, respectful partnership between families and the school. This compact reflects our shared commitment to academic excellence, social-emotional growth, and a learning environment where every child and family feels welcomed, valued, and supported.

The School-Parent Compact outlines how parents, school staff, and students will work together to support and improve student achievement. It defines clear roles and shared responsibilities to ensure that all students meet or exceed New York State's academic standards.

This compact is a living extension of the PS 84 Student and Family Handbook, which serves as a foundation for expectations, routines, and communication between home and school. Together, these tools guide how we collaborate to create a safe, structured, and nurturing community for all learners.

We are committed to open, respectful communication across all platforms—whether in person, through email, or on school-supported messaging tools like Bloomz and WhatsApp group chats. We agree to maintain positive and focused digital spaces, using group chats for school-related matters and modeling respectful digital citizenship for our children.

By embracing these commitments, families and staff affirm their shared role in fostering student growth, strengthening school-home connections, and building a culture of equity, engagement, and excellence.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

At PS 84 The Lillian Weber School, we are committed to delivering a high-quality, inclusive, and enriching curriculum that supports every student in achieving academic success while nurturing creativity, curiosity, and personal growth. We will:

Provide Rigorous and Culturally Responsive Instruction
We will implement a curriculum that is aligned to the New York State Learning Standards and grounded in inquiry-based learning through the International Baccalaureate (IB) Primary Years Programme. Our instruction will integrate Dual Language practices, Computer Science and Media Arts (CSMA), and be reflective of the rich cultural diversity of our students. We are dedicated to creating a learning environment that honors students' lived experiences and meets the needs of multilingual learners and students with disabilities.

Offer a Comprehensive Academic Program
Students will receive high-quality instruction in core subject areas—English Language Arts, Math, Science (aligned with the Next Generation Science Standards), and Social Studies—as well as enrichment through our Computer Science, music, theater, physical education, theater, dance, gardening and the visual arts. Teachers will use data to inform instruction and differentiate lessons to meet the needs of each student.

Provide Instruction by Certified and Qualified Teachers
All students will be taught by certified and highly qualified teachers. If a student is assigned to a teacher who does not yet meet certification requirements, the school will notify the family in accordance with the Every Student Succeeds Act (ESSA).

Use Instructional Time Effectively
Teachers will maximize learning time and create classroom environments that promote critical thinking, collaboration, creativity, and academic risk-taking. We will maintain a consistent focus on student growth while attending to their social-emotional well-being.

Communicate Curriculum and Expectations to Families
We will share grade-level learning goals, unit overviews, and instructional resources through curriculum nights, IB project nights, newsletters, and family letters. These tools will help families understand what students are learning and how to support them at home.

I. School Responsibilities: Supporting Home-School Relationships

At PS 84 The Lillian Weber School, we believe that building strong, respectful partnerships with families is essential to student success. We are committed to creating open lines of communication and meaningful opportunities for families to be involved in the life of the school. To support strong home–school relationships, we will:

Facilitate Ongoing Communication
We will maintain consistent communication with families through a variety of tools, including Bloomz, email, the PS 84 website, the School Information Padlet, school folders, and printed notices. All critical information will be shared in the languages spoken by our families, to the extent practicable.

Host Family Engagement Events and Curriculum Opportunities
We will provide families with opportunities to connect with the school through events such as Curriculum Night, IB Project Night, Dual Language Workshops, CSMA and Arts Nights, Science Fairs, and Family Learning Nights. These events will help families better understand grade-level expectations and provide tools to support student learning at home.

Celebrate Cultural and Community Connections
We will foster a welcoming school environment by celebrating the cultures, identities, and experiences that make up our community. Events such as Blooms of Multiculturalism, International Fall and Spring Fairs, Dance Nights, and community celebrations will reflect and honor the diverse voices of our families.

Model Respectful, Inclusive Communication
We will use all platforms—including Bloomz, school email, and class WhatsApp group chats—respectfully and with clear purpose. School staff will collaborate with parent leaders to help guide the appropriate use of group chats, encouraging school-related, inclusive conversation that promotes clarity and community.

Invite Ongoing Family Input and Partnership
We will seek and value family voice in planning and decision-making through surveys, advisory groups, and opportunities to serve on the School Leadership Team, Equity Leadership Team, and Parent Association. We will continue to offer flexible meeting times and virtual options to ensure access and participation for all families.

Provide Key Information and Resources
We will ensure that the PS 84 Student and Family Handbook is distributed and discussed each year to clarify expectations, routines, and supports. In addition, our Parent Resource Area and Lending Library will provide materials related to child development, social-emotional learning, parenting strategies, and academic support.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

At PS 84 The Lillian Weber School, we believe in maintaining strong, respectful, and accessible communication between families and staff. We are committed to being available to families in ways that are timely, inclusive, and supportive of student success. To ensure this, the school will:

Ensure Multiple Ways to Reach School Staff
Families will be able to reach teachers, administrators, and support staff through school email, Bloomz messaging, school phone extensions, and in-person or virtual meetings. We will provide a school contact sheet at the beginning of the year with key staff roles, emails, and phone extensions, along with contact information for the Parent Association and PTA Executive Board.

Offer Flexible Meeting Opportunities
We will offer meetings at times that accommodate the needs of working families, including before school, after school, and virtual options. When possible, we will provide interpretation or translation services to ensure that all families can fully participate.

Support One-on-One Communication
We encourage families to schedule individual meetings with teachers or other staff to discuss student needs, progress, or concerns. These conversations will be confidential, respectful, and focused on collaborative problem-solving and support.

Maintain Respectful Digital Spaces
We will guide the use of digital communication tools, such as WhatsApp group chats, to ensure they remain focused, respectful, and relevant to school matters. Families are encouraged to contact teachers or school staff directly for specific concerns rather than using group platforms.

Encourage Classroom Visits and Parent Involvement
With prior arrangement, we welcome opportunities for families to visit classrooms, observe learning activities, and participate as volunteers or guest speakers. These experiences help strengthen the bond between home and school and deepen families' understanding of their child's educational journey.

I. School Responsibilities: Providing General Support to Parents

At PS 84 The Lillian Weber School, we recognize that families are our most important partners in education. We are committed to providing the information, resources, and support needed to help all parents and caregivers engage meaningfully in their child's learning experience. To provide general support to families, the school will:

Create a Welcoming and Respectful Environment
We will cultivate a school culture where all families feel respected, included, and valued. Our staff will be available to listen to family concerns and respond promptly and compassionately. We will ensure that families are greeted warmly when they enter the school building and that all school spaces are physically and emotionally welcoming.

Help Parents Understand Standards and Expectations
We will offer family workshops and learning sessions to help parents understand academic expectations, state assessments, and how to support their child's progress in literacy, math, science, and other areas. These sessions will be offered in-person and virtually to ensure access for all.

Offer Resources to Strengthen Home–School Learning
We will maintain a Parent Resource Area and Lending Library that includes books and materials on parenting strategies, social-emotional development, academic supports, and special education topics. We will regularly share

tools and strategies through newsletters, Bloomz, and curriculum events.

Share Best Practices for Communication and Advocacy
We will model and encourage respectful communication and collaboration between families and staff. We will share strategies for effective home–school partnership and empower parents to advocate for their children's needs.

Support Parent-Led Initiatives and Requests
We will listen to parent feedback and support parent-requested activities whenever possible. This includes working with the PTA, Parent Involvement Team, and Equity Team to offer programming that reflects the diverse needs and interests of our school community.

Ensure All Families Are Informed
We will provide timely updates about school programs, events, and student progress through multiple platforms—Bloomz, email, flyers, the school website, and the School Information Padlet. All critical information will be translated and accessible in the languages spoken by our families, to the greatest extent possible.

II. Parent/Guardian Responsibilities

As a parent or guardian of a student at PS 84 The Lillian Weber School, I understand that I play a critical role in my child's success. I will support my child's academic and social development in the following ways:

1. Supporting My Child's Learning and Well-Being
I will make sure my child attends school every day, arrives on time, and is well rested and ready to learn. I will encourage my child to follow all school expectations, routines, and behavior guidelines outlined in the PS 84 Student and Family Handbook. At home, I will read with or talk to my child each day to develop strong literacy habits. I will support homework completion, help my child stay organized, and promote healthy habits, including setting age-appropriate limits on screen time and maintaining a consistent bedtime routine.

2. Staying Informed and Engaged
I will read all school messages, updates, and announcements, including those sent through Bloomz, the school website, and printed notices. I will respond when needed and reach out with questions or concerns. I will attend curriculum events, parent-teacher conferences, and school workshops to stay connected to what my child is learning and how I can help. When I need assistance or have a question, I will contact staff directly through the appropriate communication channels.

3. Communicating Respectfully and Collaboratively
I will use all school communication platforms in a respectful and constructive way. This includes participating in WhatsApp group chats and Bloomz in ways that are focused, appropriate, and related to school. I will avoid posting off-topic messages or messaging during late hours. When I need to share a personal concern or ask a specific question, I will contact the teacher, Parent Coordinator, or staff member directly and privately.

4. Participating in the School Community
I will make every effort to be involved in the life of the school. This may include volunteering for events, attending family engagement nights, contributing to school initiatives, or participating in the Parent Association (PA/PTA), School Leadership Team, or school events. I will respond to school surveys and feedback opportunities and do my part to support a welcoming, inclusive, and joyful school culture that celebrates the diverse backgrounds and experiences of all families.

By fulfilling these responsibilities, I help create a strong and connected school community where every child has the opportunity to succeed.

III. Student Responsibilities

As a student at PS 84 The Lillian Weber School, I understand that I have an important role in my own learning and in helping to create a kind and respectful school community. I will do my best to:

1. Come to School Ready to Learn
I will come to school every day, on time, and ready to learn. I will bring the materials I need, complete my homework, and ask for help when I don't understand something. I will try my best in every subject and keep a positive attitude, even when something is challenging.

2. Follow School Rules and Expectations
I will follow the rules in my classroom and throughout the school. I will show kindness, respect, and care for my classmates, teachers, and all adults in the school. I will help make PS 84 a safe, welcoming place for everyone.

3. Take Responsibility for My Work and Actions
I will do my best to stay focused and complete all assignments. I will be honest about my work and choices. I will take care of my school materials, help keep my classroom clean, and treat school property with respect.

4. Talk to My Family About School
I will talk with my family about what I am learning and ask for help when I need it. I will share notes, folders, and homework with my family, and make sure they see messages or papers that come home from school. I will be proud of my progress and work with my family to set goals for how I can keep growing.

By doing these things, I show that I care about my learning, my classmates, and my school. I will take responsibility for being the best student I can be.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Dr. Evelyn Lolis
Assistant Principal (Where Applicable)*	Afroditi Cuevas
English as a New Language (ENL) Teacher*	Laila Lyngstad
Teacher (if school has a bilingual program must be a bilingual teacher)*	Carina Sandrini-Cooke
Parent/Guardian*	Salima Djaoudi
French DL Teacher	Assa Sissoko
Parent Coordinator	Judie Vidals
School Counselor	Jessica Wisoff
Related-Service Provider- Speech Teacher	Annie Li

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

8

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

574

Total number and percentage (%) of current ELLs:

PS 84 currently has 43 current ELLs, 7.49% of the schools population

Total number and percentage (%) of former ELLs:

PS 84 currently has 8 former ELLs, 1.8% of the population

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

42 (7.31%) of PS 84's ELLs are Newcomers

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

1 student (0.1%) is a developing ELL.

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

1 of 43 ELLs 0.1%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	N/A																0
TBE																	0
TBE																	0
DLBE	GE	French	2025/26	2	2	2	2	2	2								12
DLBE	GE	Spanish	2025/26	1	1	1	1	1	1								6
DLBE																	0
				total: 3	total: 3	total: 3	total: 3	total: 3	total: 3	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone English as New Language (ENL) is delivered by the dually certified (Common Branches and TESOL) ENL teacher, Laila Lyngstad. Students are grouped by grade (contiguous grade levels) and/or proficiency level for the stand alone instructional component. All Entering and Emerging students are grouped heterogeneously and receive a total of 360 minutes ENL instruction per week (180 minutes stand alone, 180 integrated). During the 180 minute stand alone instruction time for entering/emerging ELLs, they are pulled out of their classroom and receive targeted English instruction from the dually certified ENL teacher to provide foundational skills and strategies to support success in the monolingual classroom. Stand-alone minutes in the French and Spanish Dual Language programs are delivered by the certified classroom teachers in grades K-5.
Instruction focuses on the development of both social and academic language to ensure comprehension of all content area instruction in order to better understand and support their social and emotional learning and use of language.

Integrated ENL:

All integrated minutes for students in the Free standing/monolingual program is delivered by the dually certified (TESOL/Common Branches) ENL teacher, Ms. Lyngstad. Entering and emerging students receive 180 ENL/ELA integrated minutes. Transitioning level ELL students receive 90 minutes of flexible integrated/stand-alone minutes and 90 integrated minutes of content area instruction by the ENL teacher. Expanding level students receive 180 minutes of integrated ENL/ELA, or other content area instruction by the ENL teacher.
The ENL teacher works together with the classroom teacher to co plan and deliver content based integrated lessons while pushing into the classroom for integrated minutes.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Students in the dual language classes are heterogeneously grouped by proficiency level. The Dual Language French and Spanish programs use a 50:50 instructional model in heterogeneously grouped classes (proficiency level and language), in which the amount of instructional time is divided between the two languages, each grade level by a certified teacher. The certified dual language teacher delivers the mandated integrated instructional time for

emerging/entering, transitioning, and expanding ELLs. The ENL teacher delivers the 180 stand alone minutes to entering/emerging ELLs.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures that all the mandated number of instructional minutes is provided according to each proficiency level. All stakeholders are aware of the amount of time required for each proficiency level. Scheduling is discussed with the principal and the assistant principals and then posted. The required minutes of delivery of ENL instructional minutes via the mandates of 360 minutes for entering and emerging students :180 stand alone, 180 integrated: 180 minutes per week of integrated instruction for transitioning and expanding students through our dually certified ENL teacher.

In order to maximize English language acquisition for ELLs the ENL teacher and the classroom teachers work together to deliver literacy instruction as well as tailor content area instruction to meet the needs of our ELL population. By using a combination of of stand alone and integrated instruction, all ELLs in the monolingual classes receive their instructional minutes from the dually certified ENL teacher with a minimum of 180 minutes of stand alone and 180 minutes of integrated ENL/ELA (with ELA or other content area) for entering/emerging levels. For the transitioning level they receive 180 minutes (90 minutes flexible) of integrated ENL/ELA (with ELA or any other content area). The expanding level students receive 180 minutes of integrated ENL/ELA or other content area by the ENL teacher. The French or Spanish dual language teacher delivers the mandated integrated ENL, ELA and HLA minutes for students in the dual language French and Spanish classes.

The Dual Language program uses a 50:50 instructional model in a heterogeneously grouped class (proficiency level and language), in which the amount of instructional time is divided between the two languages, each grade level by a certified teacher. The certified dual language teacher delivers the mandated integrated instructional time for emerging/entering, transitioning, and expanding ELLs. The ENL teacher delivers the 180 stand alone minutes to entering/emerging ELLs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Both stand alone and integrated ENL minutes are delivered by the dually certified ENL teacher to students in the monolingual classes. Students in the DL classes receive their ENL and HLA instructional minutes by their teachers.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The French program uses a side by side model. Group A will be with the French teacher for the full day and group B with the English teacher for the full day , they alter daily. The Spanish Dual Language program uses the 50:50 self-contained model and remains with one teacher and the language of instruction alternates daily between Spanish and English.

b. In which language(s) is each core content area taught?

All core content areas are taught in English and French in the French dual language program and Spanish and English in the Spanish dual language program.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At PS 84, we currently have 58 current ELLs and 8 former ELLs 3 of which tested out in 2024. 98.3% of our current ELLs (57) are Newcomers and 1 is a Developing ELL. With its high percentage of newcomer ELLs, effective instruction prioritizes foundational English language development, intensive scaffolding, and social-emotional support, differing markedly from approaches used with developing or long-term ELLs who focus more on academic language and content mastery. Aligning instruction with the NYS guidelines ensures that all ELLs receive appropriately targeted support to achieve both linguistic and academic success.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

PS 84 currently has no SIFE students. Effective instruction for SIFE is more intensive and foundational, combining language development with literacy and content remediation, scaffolded learning, culturally responsive materials, and strong social-emotional supports.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

PS 84 has no long-term ELLs. Even though we currently serve no long-term ELLs, we implement instructional practices that support all multilingual learners in developing both social and academic English including integrated ENL instruction, small group language support and push in models, use of data from NYSESLAT and formative assessments to guide differentiation. We also have ELL after school instructional programs to support students.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

1.4% (8) of Ps 84's ELLs are former ELLs. 3 of the former ELLs tested Commanding in 2024 and 5 in 2023. We provide mandated instruction through an integrated ENL model where former ELLs receive 90 minutes of ENL integrated instruction or small group instruction. Former ELL students also receive testing accommodations for 2 years post testing commanding.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Upon examining all the at risk levels of all 58 English Language Learners, with 98.3% (57 students) identified as newcomers and 60.3% (35 students) of those Newcomers are living in temporary housing. A total of 9 ELLs (15.5%) did not demonstrate sufficient growth on the 2024 NYSESLAT. In ELA, 5 students (8.6%) scored Level 1 or 2 in 2023–24; 3 were newcomers taking the exam for the first time, and 1 student with an IEP, who is in a 12:1 IEP setting, scored Level 1 or 2 in both 2022–23 and 2023–24. In Math, 3 students scored Level 1 or 2 in both years, while 9 additional Newcomers scored Level 1 or 2 in 2023–24 while taking the test for the first time. The data highlights the need for ongoing academic, linguistic, and socio-emotional supports for PS 84's ELLs, especially for students with overlapping risk factors.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Of the 8 former ELLs examined, 2 are at risk due to living in temporary housing and 1 of those 2 students received a 1or 2 on both the 2022/23 and 2023/24 ELA State test. Our other student that received a 1or2 is in the process of receiving an IEP. first time. The other 5 former ELLs have no at risk indicators.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation at our school is Spanish and French. Fifty percent (29) of the ELLs speak Spanish and twenty nine percent (17) speak French. We have both a dual language Spanish and French program to support students learning and communication. Many of our office staff are bilingual and are able to assist with communicating when needed outside of the classroom. We also try to assign bilingual teaching assistants and paras when possible. We also have several translating devices for teachers and students to assist with communicating with students speaking low incident languages.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

PS 84 has 58 ELLs, 58.6% were classified as white both Hispanic and Non-Hispanic- 15 students (51.7%) are Non-Hispanic students white students and 65.5% (19 students) are Hispanic. Amongst the Non-Hispanic ELLs, 6.9% are Asian (2 Japanese siblings), 41.4% black (12 students),.Amongst the Hispanic ELLs, 13.8% (4 students) are American Indian or Alaskan, 20.7% (6 students) are black, and 65.5% (19 students) are white.

To ensure instruction is inclusive and identity-affirming, PS 84 embeds CR-SE practices across all classrooms by:

Incorporating students' cultural and linguistic backgrounds into daily instruction, classroom libraries, and curriculum materials.

Using multilingual resources and affirming home languages during instruction and family engagement.

Engaging students in projects that celebrate heritage, identity, and lived experiences, allowing them to see themselves reflected in the learning environment.

Providing staff with ongoing professional learning focused on equity, anti-bias instruction, and the NYC CR-SE Framework.

Partnering with families from all backgrounds to co-create culturally relevant school experiences and ensure voice and representation.

These strategies ensure that all ELLs—across racial, ethnic, and language backgrounds—are seen, supported, and empowered in their learning.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In reviewing ELP growth we noticed that 9 students (64.3%) of our 14 ELLs did not meet ELP sufficient progress. Of those 9 students, 2 are in 12:1 classes, 1 is a SIFE student, 1 has an IEP and 4 are in temporary housing. 5 of the remaining students met ELP sufficient progress: 3 by exiting ELL status, 1 met annual progress target and 1 by meeting safe harbor cumulative growth. Upon reviewing further we noticed that the majority of the 9 were low in writing. We also noticed that the New New Yorker students may not have made significant gains in English because they were not reading and writing in their home language and were making gains in that area.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Upon reviewing the results of the NYSESLAT we noticed that speaking and writing are modalities with the highest need for support. Students consistently did better in the reading and listening modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Seven of our 58 ELLs took the NYSESLAT and ELA/ Math test. Of the seven, 4 scored at a level 1. Of those 4, 1 was emerging, 1 transitioning, 1 expanding and 1 commanding.2 of our expanding students scored a 2 and 1 of our commanding students scored a 3. Three of the students scoring 1s were all taking the ELA test for the first time and the commanding student scoring a 1 has an IEP. Another of students that made no growth on NYSESLAT is in a 12:1 class and has remained in the expanding level on the NYSESLAT with writing being the area that he is lowest in. He also struggled on the ELA and scored at level 2 through the past 2 years. Our SIFE student also has scored at a level 1 on both math and ELA .

Fifteen ELLs took the state math test and scored as follows:
Level 1: 3 students- 2 entering and 1 emerging.
Level 2: 6 students- 1 emerging, 1 entering, 3 transitioning and 1 expanding.
Level 3: 3 students- 1 expanding and 2 commanding
Level 4: 2 students at commanding level.
We noticed that the students that were at the expanding and commanding proficiency level did significantly better than the other proficiency levels. We also noticed that the struggles in reading and writing were consistent amongst both assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We have noticed that the ELLs with IEPs had not met the annual measurable growth. They have remained within the same proficiency level and none have dropped. Our SIFE student had not made any significant gains on the NYSESLAT but, have made gains in their classroom assessments in both English and Spanish.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

PS 84 provides English Language Learners(ELLs) with a high quality academic experience through robust Spanish and French Dual-language programs and our English as a New Language (ENL) program. In the dual-language programs, students learn academic content in both their home language and English, fostering bilingualism, biliteracy, and cultural competency. The ENL program supports ELLs in monolingual classes with targeted instruction and scaffolded strategies that integrate language and content learning. Across all programs, teachers use differentiated instruction, culturally responsive materials, and ongoing assessment to ensure deep comprehension and academic success. By engaging families and celebrating linguistic diversity, we create an inclusive environment that empowers all learners to achieve their full potential.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

PS 84's Instructional Leadership Team considers MLs/ELLs and has focused on the ways students are currently served by assessment and instruction. Our school carries out a range of assessment practices in English, and, in students' second language, that elicit knowledge about student growth, learning, and competencies that are used to inform teaching and learning decisions. MLLs/ELLs are an important subgroup within our school population and frequently needs additional support with assessment and instruction. In order to help prevent language from being a barrier to their success on assessments, the ENL teacher works closely with the classroom teachers to ensure that testing accommodations are being provided to each ML/ELL. Our school leadership team and teachers build on ELLs/MLLs assets and incorporate the culture, language, background and experiences that our ELLs/MLLs bring to school to build and enrich their academic language. Teachers integrate language and content to make learning relevant and purposeful. To support classroom
instruction, by using a standards based and inclusive curriculum and using the Four Hallmarks of Core instruction to promote academic language while simultaneously affirming cultural. In order to know every MLL/ELL well, we use assessment data such as NYSESLAT, TCRR, MAPS, Acadience, and teacher assessment data to understand trends and academic needs of our students. Reviewing this data informs ILT of the strengths and needs of individual students as well as a group. By using our students' data qualitatively (racial, cultural, and linguistic identities) and quantitively.

By having a common understanding of the language skills required of our MLL/ELLs and their peers, PS 84 has created a common set of instructional practices and established a shared language amongst our teachers and school leaders. Lessons routinely feature rich texts, writing and instruction of high utility, academic vocabulary, and accountable talk. In order to ensure that MLLs/ELLs receive a culturally responsive orientation to learning, we provide and represent a range of perspectives for language and knowledge building and represent various abilities, cultural and racial groups.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

PS 84 has an expectation that instruction in language development is the responsibility of all teachers throughout the school and instruction to ELLs/MLLs includes explicit and implicit evidence-based academic vocabulary instruction. Dual language French/Spanish, ELL/MLL teachers intentionally collaborate to design instruction, analyze student work and data, and co-plan and develop rigorous lessons in all content subjects. Content area is presented in each program model using many approaches to support and or scaffold the content areas. Assessing prior knowledge, using graphic organizers, visual images, videos, and doing hands on activities, as well as modeling are some of the strategies used by the teacher to make the content more comprehensible. In addition, the ENL and content teachers plan together to identify and pre-teach the academic language that is involved in each lesson. Based on the proficiency level of the student, we address Tier 1 (basic vocabulary), Tier 2 (high frequency academic vocabulary), and Tier 3 (domain specific) All lessons are aligned to the Next Generation Learning Standards. The ENL teacher also works to support this during literacy instruction in the classroom. Anchor standards are used during stand-alone instruction. In both the French and Spanish Dual Language classes the content area is taught in both languages and instruction is aligned with the Next Generation Learning Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

All PS 84 teachers use instructional supports to help scaffold language and content learning of ELLs/MLLs to provide access to grade level academic areas and to assist in the acceleration of Engish language development . Teachers of ML/ELL-SWDs use structured language comprehension supports for English Language Learners such as practicing with native speakers of English or speakers of their native language, use of nonverbal cues, picture symbol cards, modeling, bridging, schema building, pre-teaching specific vocabulary or grammatical structures needed to participate in lesson such as modeling, bridging, and schema building .Teachers provide students with multimodal materials such as infographics, videos, slides and online learning platforms as appropriate scaffolds for access purposeful learning of grade level content, analytical practices, and acceleration of English language development.

Structured supports for reading, writing, and/or math tasks such as charts, reference tables, manipulatives, individual and student groupings are used and indicated in our teachers lesson plans. Bilingual glossaries, native language materials and English as a New Language (ENL) materials (toolkits) are readily available in all classrooms. Students use these materials independently and/or with guidance. Classrooms labels, rules, and assignments are posted in English and students' home language.
Teachers are using the Heineman Leveled Literacy Kits, Fundations , Words Their Way for small/targeted group

instruction. The Envisions math workbooks are available in Spanish and English and French math lessons are translated which supports MLL/ELLs as they learn academic language and skills in English and their native language. In addition, students use digital programs such as Dreambox, Splash Learn, Learning A-Z, Lexia, and Duolingo are used. Each student has access to use a laptop in class.

b. SIFE

Currently, PS 84 has 0 SIFE students. We begin by screening potential SIFE students using the NYS SIFE screening and SIFE resources to identify and support families of SIFE students. We also administer native language assessments when possible. This data helps us assess the child's strengths, weaknesses, and interests as well as anticipate any social-emotional needs the child may have. Working as a team with the guidance counselor, ENL teacher, classroom teacher(s), principal, and assistant principal allows us to make a collective plan to move SIFE students from one academic level to the next. We screen for SIFE students using the NYS SIFE screening and SIFE resources to identify and support families of SIFE students. We will meet the needs of SIFE students by implementing a program rooted and guided by the NYS SIFE Manual, that incorporates all ENL methodologies and materials throughout the student's daily instruction to meet the linguistic, academic and socioemotional needs of SIFE students. Students are taught using a multi-sensory and multi-cultural approach. Our ENL teacher will work closely providing native language supports and the use of technology to meet education goals and incorporating TPR, expository learning, teacher modeling, small group work, role play, explicit reading intervention, and additional native language supports such as translated materials and native language instruction during extended day periods.

c. Newcomers

Newcomer ELL students who have been in US schools less than 3 years receive instruction based on their mandated needs. Instruction focuses on the development of both social and academic language to ensure comprehension of all content area instruction. The lessons for newcomers always include the four modalities: reading, writing, listening, and speaking. Bilingual glossaries were provided for the students to address vocabulary specific to the content areas including ELA, math, science, social studies, and science.

d. Long Term ELLs

By continually monitoring the progress of all ELL students, we are aware of the needs of our students, especially those students who have received ENL services in the school system for six years or more. PS 84 does not currently have any long-term ELLs/MLLs, but if/when we do, we would schedule monthly meetings with the classroom teacher, the ENL teacher, and other service providers to identify the area(s) of need. When needed, interventions such as RTI will be provided.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The ENL teacher collaborates with the IEP teacher, the special education teachers, and related service providers (occupational therapists, speech, physical therapists and counselors) to ensure that the students IEP goals are met. In order to provide maximum instruction and meet the students' needs, the ENL teacher pushes into the students' classroom for integrated teaching. Language instruction is aligned to the curriculum using strategies such as flexible grouping, scaffolding, as well as multi-sensory instructional tools (labeling, color coding, repetition) to increase language development and comprehensible input.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At PS84, we assess the home language in each program model to monitor biliteracy development and inform instruction. In the Dual Language French program, students' French literacy skills are assessed twice a year using GB+ by Beauchemin, which measures reading level, fluency, and comprehension in French. In the Dual Language Spanish program, we use the Evaluación del desarrollo de la lectura 2 (EDL2) twice a year to assess Spanish reading development, including decoding, fluency, and comprehension. Students in French and Spanish classes are assessed in math using Envisions and Wit and Wisdom for ELA. For students in the ENL program, home language proficiency is initially assessed through the HLQ (Home Language Questionnaire) and, if needed, the NYSITELL placement test includes home language considerations. Additionally, teacher observations and informal assessments are used to guide instruction and support continued development of students' home languages in all models.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

PS 84 ensures that ELLs receive a high-quality academic experience through well structured systems that support co-teaching and collaboration among teachers across all program models including Spanish and French Dual Language programs integrated teaching and ENL classes. We prioritize team planning time, allowing dual language, ENL, and monolingual classroom teachers to co-plan integrated lessons that align language development with rigorous academic standards. Schoolwide professional development focuses on best practices for co-teaching, scaffolding, and culturally responsive teaching enabling our staff to effectively address diverse student needs Regular cross-program collaboration fosters alignment between dual language teams and general education teachers creating a cohesive, supportive learning environment for all students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

PS 84's annual professional learning plan ensures that all staff incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs considering different audience members, offering professional development that focus on the academic success of ELLs. Our professional learning plan includes reaching out to our B/CO for MLL/ELL focused pd opportunities. Dual language teachers are trained regularly with ELL specific pd's and turnkey with staff.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The teachers of PS 84 meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for renewal as per CR Part154- (15% for all certified faculty and 50% total hours for bilingual/dual language/ENL teachers) by scheduling for workshops through OMLL. and through turn key training with the ENL teacher and curriculum with IB/W&W in house instruction coach. The staff meets every Monday afternoon from 3:20-4:20. Over the course of the school year, 2024-2025, the discussion topics include differentiating instruction for ELLs, scaffolding strategies like schema building, text re-presentation, modeling, bridging, metacognition, and contextualizing instruction. Our principal maintains a professional development binder in which all attendance sheets and agendas are stored in date order from September to June. All PD has been adapted to do remotely via zoom if need be.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

In order to guide instructional planning for our ELLs, we use Acadience and MAP Growth for screening assessments. The results from this data is used for instructional design, professional learning (areas of need), and to support instruction and planning. Interventions are created and students with common needs will be offered targeted small group instruction.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our targeted intervention programs are designed to address the diverse linguistic and academic needs of English Language Learners (ELLs), ensuring equitable access to core content and language development. Interventions vary by grade band and ELL proficiency level, and support is provided in both English and the students' home languages (French, Spanish). Dreambox is used for math in grades K-5 in addition to Dreambox reading for grades 3-5. Lexia is used for students in grades K-5. Students in K-2 are offered Fundations for phonemic awareness and to improve reading skills. Fundations and Words Their Way may also be used for beginner proficiency levels in upper grades as well. The Leveled Literacy Intervention Program is used in K-2 and may also be used with entering and emerging level ELLs grades 3-5. The Wilson Reading Program is used for upper grades (3-5) as a reading intervention. In addition to these programs, students are placed in guided reading or strategy groups based on individual needs. ELL students are assigned to lunchtime reading buddies our ENL teacher also has a flexible extended day group to provide targeted and focused instruction. The dual language teachers provide extra intervention services to students in either French, Spanish, or English depending on student's individual need. Additional online programs such as Reading A-Z, Splash Learn, Zern are used for math interventions.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Teachers and instructional leaders regularly analyze assessment data such as NYSESLAT, NYS ELA, and math, Accadiance, map growth and various other formative assessments as well as classroom performance to identify student strengths and needed areas for growth. Using the Instructional Leadership Framework for ML/ELLs, we create targeted support plans that include differentiated instruction, small group interventions, and individualized supports for Tier 2 and Tier 3 students. Data meetings and collaborative planning sessions ensure alignment between classroom practices and schoolwide goals for ELLs. This allows us to continually monitor progress, adjust

instruction, and provide ELLs with the tools they need to achieve academic success while developing their language skills.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Our school utilizes a variety of formative assessments to inform and drive instruction for ELLs within a multi-tired system of supports. In math, we use Envision Math topic assessments and daily quick checks to identify students' understanding of concepts and adjust instruction accordingly For ELA, Wit and Wisdom formative tasks, such as evidence-based writing prompts and vocabulary checks, help monitor language development and comprehension. In literacy, New Read Assessment provide insights into fluency and comprehension skills, enabling targeted interventions. These assessments combined with ongoing classroom observations and informal checks for understanding allow teachers to differentiate instruction, plan small group activities, and provide personalized support to ensure all students achieve their learning goals.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In order to ensure that ELLs are appropriately evaluated in their native language (Spanish) in grades K-5, the teachers use the EDL II to evaluate the students' growth in Spanish twice a year. Native Spanish speakers are assessed with the Spanish Lab-R within 10 days of enrollment to evaluate Spanish language skills. Teachers of K-5 French DL program use the GB+ by Beauchemin to evaluate the students' growth in French twice a year. These are in addition to conferences, observations and assessments of students.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative assessments used to evaluate the effectiveness of PS 84's ML/ELL programs are the NYSESLAT, ELA and Math NYS tests. During the school year, there are data meetings between administration and teachers to review student assessment data. ENL students are carefully monitored by ENL teacher, classroom teacher, ILT, and administration to ensure that they are meeting state expected levels of progress in all subject areas. If and when data reveals that a student is not making progress, even after Tier 1 intervention services are provided, ELL students at risk of not meeting expected progress are referred to our PPT. During PPT meetings, student profiles are individually reviewed and action plans are determined through the consensus of the PPT.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the

assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

During the NYSESLAT administration window, the ENL teacher will administer the NYSESLAT band during the students scheduled time to maintain their mandated minutes. The testing coordinator, IB coach and RTI teachers will assist in administering and scoring the NYSESLAT so that students will not miss mandated instructional time. Scoring of the NYSESLAT is done by teachers within the school. The ENL teacher does a yearly turn key NYSESLAT training to the testing coordinator and RTI teachers that administer the NYSESLAT. ELL students are with IEPs or 504s receive mandated accommodations. Students that are absent for one or more parts of the test are tested during the pre scheduled makeup window.
In order to avoid interruption of the provision of mandated ENL instruction to current and former ELLs year-round, each of the members of the intake ELL identification team- Ms. Lyngstad licensed ENL Teacher, Mrs. Winderman RTI Teacher, Mrs. Kim RTI teacher, Mrs. Cuevas Asst. Principal, and Mr. Acevedo Asst. Principal- are all certified pedagogues that have been trained by the ENL teacher on the intake process will provide their schedules to the pupil personnel secretary in order to ensure that each potential ELL student is properly identified. Ms. Lyngstad then schedules each student's NYSITELL assessment to ensure that it is administered within the 10 day window.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

PS 84's ENL teacher Ms. Lyngstad creates a list of current and former ELLs that are eligible to receive accommodations for state assessments and meets with the testing coordinator several times a year to ensure compliance. Students practice testing accommodations throughout the year on class assessments. Classroom teachers are provided with a current list of their students to ensure accuracy. Space is allocated to ensure separate location for smaller group testing.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

As per CR Part 154 parents will be provided with the required ELL Program Orientation meeting (viewing and discussing NYS Parent Orientation Video) to inform parents of newly identified ELLs of ELL program options including the goals and requirements for all three MLL/ELL program models: Dual Language Bilingual, Transitional Bilingual Education and English as a New Language in addition to a high-quality orientation section on the NEXT Generation Learning Standards, NYSESLAT ELA, Math assessments and school expectations for English Language Learners by offering a flexible schedule for parents to ensure attendance. When possible, parents are offered the meeting individually upon registration (frequent enrollment of New New Yorkers has required this). A group meeting is offered within the 10-day window of school enrollment in the beginning of the school year. An attendance log will be maintained by the ENL teacher to ensure all parents are seen.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual meetings will be scheduled to discuss the goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas based the parents'

availability before March with the ENL or classroom teacher of Dual Language students. Translation will be provided as needed by in house staff or a DOE approved vendor.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All communication is translated as necessary and is communicated as follows: -Backpacked home with students -Via email -School app
notifications -School newsletters, -PTA News and website, -Parent Coordinator correspondences. In order to ensure language access for
families regarding these activities, our schools language access coordinator ensures flyers are translated through in house staff or
through the Office of Language Access resources.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

PS 84's parent engagement activities are based on the needs and interests of our parents. In order to gauge these needs, in house
school wide surveys in addition to classroom specific surveys are provided to parents 2-3 times a year. The PTA also hosts meetings that
address the needs of parents that are then discussed with the administration. Families and their participation and engagement in
students' academic careers are crucial and impact higherachievement forELLs . As such we host numerous family activities to inform
and engage with our community, we insure that translated surveys are provided to families. We also offer interpretation services for
families during meetings (using in house staff for French, Spanish and Chinese and over the phone interpretations/virtual interpretations
for low incidence languages).

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

In order to ensure families of ML/?ELLs are aware of family leadership opportunities by posting a calendar of events on PS84's Padlet, and Bloomz app in addition to paper copies for those in need, as well as post on the Parent Communication Bulletin board.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

In order to culturally and linguistically responsive, we support parents that would like to learn English by connecting them with "School for Adult Education" which offers afternoon and weekend ESL classes in addition to career and technical education classes. We have also established relationships with the Hispanic Society Museum & Library, the French Embassy. EFNY offers children additional after school support in French activities for native and non-native speaker

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

In order to avoid interruption of the provision of mandated ENL instruction to current and former ELLs year-round, each of the members of the intake ELL identification team- Ms. Lyngstad licensed ENL Teacher, Ms. Sandrini-Cooke, IB Coach, Ms. Winderman RTI Teacher, and Mrs. Cuevas, Asst. Principal are all certified pedagogues that have been trained by the ENL teacher on the intake process will provide their schedules to the pupil personnel secretary in order to ensure that each potential ELL student is properly identified. Each of the pedagogues will administer the HLIS, parent interview and in depth student interview. A folder is created for copies of the HLIS and interview information for the ENL teacher to review. If a potential ELL is identified as having an IEP, a meeting is scheduled with the the LPT team to determine whether the student should be administered the NYSITELL. The LPT team must have this determined within 20 days to ensure timely administration of NYSITELL. Ms. Lyngstad also schedules and oversees the administration of each eligible student's NYSITELL assessment to ensure that it is administered within the 10 day window.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Dr. Evelyn Lolis

Part IX: LAP Assurances

LAP Assurances Page

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Laila	Lyngstad	Teacher - Regular Grades		
Judie	Vidals	Parent Coordinator - Annual	02/26/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.13%	1	0.13%	0	0
CATALAN	1	0.13%	1	0.13%	0	0
FRENCH	28	3.65%	31	4.08%	10	6
FULANI	2	0.26%	2	0.26%	0	0
ENGLISH	669	87.11%	660	86.84%	10	10
SPANISH	67	8.72%	65	8.55%	10	10

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Welcome Letter	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
School Calendar	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
Family and student handbook	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
Family Workshops	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
School events	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor
School permission slips for trips	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Family Workshop	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
Parent Teacher Conference	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
Middle School Transition/Choice/Application	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.
Curriculum Night	We will utilize staff members who are comfortable interpreting for families in languages other than English. Alternatively, we will arrange for an interpreter in advance from an approved DOE vendor.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, we will rely on available bilingual staff or the DOE-approved over-the-phone interpretation vendor to ensure clear communication with families who have limited English proficiency (LEP). Additionally, our school communication app, Bloomz, automatically translates messages into each family's preferred home language, helping us deliver timely and accessible updates. If a parent experiences an emergency and needs to reach the school, they may contact us by phone or email in their preferred language. The Language Access Coordinator (LAC) will assist by either responding directly or using available staff or the DOE's interpretation services to facilitate effective communication with LEP families

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At PS84 we are committed to upholding the goals of Chancellor's Regulation A-663, which ensures that parents with limited English proficiency have meaningful access to school programs and services. To support this, we provide ongoing staff training and make a variety of language access resources readily available. Families receive the "What Do NYC Parents Speak?" pamphlet, and we prominently display the "I Speak" card at our school's main entrance to help identify language needs.
Our school communication platform, Bloomz, also supports language access by automatically translating messages into each family's preferred home language. In addition, our designated Language Access Coordinator plays a vital role by leading workshops, distributing resources such as the NYC DOE Language Access Toolkit, and serving as the main point of contact for any questions or concerns related to language access.
These practices ensure that we remain in compliance with the regulation while fostering an inclusive and welcoming environment for all families in our school community.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We will display the LTI (Language Translation and Interpretation) sign at the main entrance of the school to inform families about the availability of interpretation services, including the name and contact information of our Language Access Coordinator (LAC). We use the Bloomz school communication app to remind families of their rights to translation and interpretation services.
To further support awareness, our LAC communicates with both staff and families three times per year to reinforce the availability and importance of these services. We also make full use of all translated materials available through the DOE's InfoHub to ensure clear and consistent communication.
In addition, the language needs of our school community have been shared with the Parent Association to ensure that appropriate language support is provided at all parent engagement activities and events

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Following each use of translation or interpretation services, the Language Access Coordinator (LAC) conducts verbal check-ins with the families involved to evaluate the effectiveness and quality of the support provided. Twice a year, the LAC also reaffirms the availability of these services by engaging both staff and families to ensure ongoing awareness.
We utilize our school communication platform, Bloomz, to send messages in families' preferred home languages, which allows us to gather meaningful feedback and continuously improve our language access efforts.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Feedback from the surveys will be used to improve areas of concern or continue in areas of satisfaction. We have implemented parent feedback by ensuring that all information disseminated whether back packed, on the school website or Blooms which automatically translated into the families languages from the survey. Parents felt that we always back-pack letters translated into French, Mandarin and Spanish but that at times the information on the schools App was only in English. Consequently, we will try to ensure that before anything is posted it must be translated into the parents requested languages. Throughout the year, teachers survey their parents again to ensure accuracy and get feedback.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

30

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

PS 84's Title 3 after- school program will be held on Tuesdays and Wednesdays from 2:40-4:30 PM beginning in mid-November and ending in January. It is designed to provide enriched, targeted language instruction for approximately 35 English Language Learners in grades 1 through 5.
Students will be grouped within two contiguous grade levels as well as by ELP levels and specific skill needs, ensuring instruction is appropriately scaffolded and differentiated. Each group will consist of no more than 6 to 8 students to allow for individualized attention and support. Instruction will include a combination of team teaching and one-on-one interventions, focused on accelerating language acquisition and closing learning gaps.

Students will engage in a variety of activities tailored to enhance their reading, writing, speaking, and listening skills. These include guided reading sessions using leveled texts to build decoding and comprehension strategies; interactive read-alouds with targeted academic conversations using sentence stems and visual supports; scaffolded writing tasks that focus on organizing ideas, using academic language, and listening comprehension exercises using multimedia content aligned with classroom themes (IB aligned). Language games and collaborative tasks will also be used to promote peer interaction and oral fluency in a low risk, engaging setting.
These activities are designed to mirror and reinforce grade-level classroom content while addressing language development goals. By providing ELLs with additional time and targeted support in a small group setting, the program enhances their access to academic content, strengthens their foundational language skills, and increases their confidence and participation in the classroom. The program will be supervised by the Assistant Principal who's working hours are from 7:30- 3:15 pm and will be paid from 3:16- 4:45 and fully funded through Title 3 resources.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The rationale for implementing this Title III ELL-funded after-school program is grounded in a thorough analysis of both qualitative and quantitative data, which reveal gaps in English language proficiency and academic achievement among English Language Learners (ELLs) in grades 1 through 5. Quantitative data from the most recent NYSESLAT results show that some participating students demonstrated limited annual measurable growth, remaining within the same proficiency levels. NYS ELA and Math assessment scores further support this need for grades 3-5, with some ELLs performing below grade-level standards, particularly in reading comprehension, vocabulary acquisition, and problem-solving tasks. MAP Growth and Acadience assessments indicate that some students need further support meeting expected benchmarks in foundational literacy and numeracy skills, particularly in phonics, oral reading fluency, and number sense. End-of-unit assessments in ELA and Math similarly reveal gaps in content understanding that are often tied to limited English language proficiency rather than conceptual misunderstandings.

Qualitative data from classroom observations, teacher team meetings, and student work samples highlight the need for additional language support beyond the core instructional day. Teachers report that many ELLs struggle to participate in academic discussions, construct written responses, and access grade-level texts independently. Observational data confirm that these students often require extended wait time, sentence scaffolds, and visual supports to engage meaningfully with instruction. These findings justify the need for a structured after-school program that provides small-group instruction tailored to language development needs.

This after-school initiative will directly address the language and academic gaps identified in these data sources by offering targeted instruction in reading, writing, listening, and speaking. The use of differentiated strategies—such as guided reading, structured academic conversations, scaffolded writing tasks, and vocabulary games—will support ELLs in acquiring the academic language necessary to succeed in content areas. This program is a critical response to the documented underperformance and specific linguistic needs of our ELL population, and it aims to provide equitable access to academic success through sustained, data-driven instructional support.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Total number will be updated in September 2025 after we receive parent responses but we are predicting 30 Entering and Emerging ELLs in grades 1,2,3,4,5. Transitioning and expanding students in grades 1,2,3,4,5

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Our Title 3 After-School Program will be offered twice a week to ELL/MLL students beginning mid-October and ending in February 2026. Sessions will commence at 2:45 and end at 4:30 on Tuesday's and Wednesdays. The specific start/end date, total # of sessions will be updated in the beginning of the 2025/26 school year.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for the Title III-funded after-school program will be English, with a primary focus on strengthening students' proficiency in reading, writing, listening, and speaking. Instruction will be designed to build academic language and support content comprehension aligned with grade-level expectations. Home language support will be incorporated to ensure accessibility and deepen understanding for English Language Learners. This support may include the strategic use of bilingual glossaries, translated directions or materials, culturally relevant texts, and visual aids labeled in both English and the student's home language. Teachers will use translanguaging strategies to allow students to process information and express understanding using their full linguistic repertoire. Teachers will also encourage peer collaboration in both English and students' home languages when appropriate, to reinforce comprehension and foster confidence. These supports aim to validate and leverage students' linguistic backgrounds as assets while accelerating their English language development in an inclusive learning environment.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There are a total of 4 certified teachers that include TESOL, Common Branches, Special Education, and Bilingual extensions that will

1 Dually Certified TESOL/Common Branches teacher
1 Certified TESOL, Bilingual Extension, and Common Branches/Special Education, teacher
2 Certified Common Branches with a Bilingual Extension (French/Spanish)

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For the Title III ELL-funded after-school program, a variety of instructional materials will be utilized to support English language development and engagement. Approximately 20% of the allocated Title III ELL funds will be used to purchase these materials. Instructional resources will include ELL BrainPOP, which offers interactive, leveled videos and activities to build academic vocabulary and comprehension across content areas. In addition, we are exploring the use of Sound-Spelling Transfer Kits by Benchmark Education, which support phonics and foundational literacy development for multilingual learners. We are currently in the process of reviewing additional titles and publishers to ensure that all supplemental materials are aligned to student needs and program goals. Materials will include leveled readers, vocabulary games, graphic organizers, hands-on project supplies, writing tools, and visual

aids to support oral and written language tasks. All purchased materials will be stored securely in the ELL closet, where they will be organized by instructional category and made available for use during after-school instructional sessions

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school's Title III-funded after-school program for English Language Learners will be implemented with clear communication and structured documentation. Parents and guardians will be notified about the program in advance through a formal parent notification letter created by the ENL teacher in collaboration with the Assistant Principal. These letters will be translated into families' preferred languages to ensure accessibility and understanding. Notifications will include key details such as the purpose of the program, schedule, eligibility, and contact information for follow-up questions. Letters will be backpacked home following an email informing of the information.

To maintain accurate and compliant records of the Title III ELL-funded program, the ENL teacher and Assistant Principal will organize a Title III binder that includes all relevant documentation. This binder will contain:

Copies of translated parent notification letters
Student attendance records for each session
Verification of teacher certifications for all staff providing instruction in the program
Records of professional development activities attended by staff supporting the program

Additionally, our Parent Liaison will be responsible for maintaining records of all parent engagement activities, including sign-in sheets, agendas, and materials used during these events. These efforts will ensure the program is implemented with transparency, fidelity, and a strong focus on family engagement and accountability, in alignment with Title III guidelines and requirements.

Purchases and invoices related to Title III-funded instructional materials and supplies ordered will be maintained by our school's business manager.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

As part of our school's Title III ELL program, we are committed to providing high-quality, targeted professional development (PD) to support teachers in delivering effective, research-based instruction for English Language Learners. Professional development will focus on strategies to enhance language acquisition across content areas and strengthen culturally responsive practices.

PD sessions will be designed to address key topics including:

Scaffolding academic language instruction
Differentiating instruction for varying levels of English proficiency
Using translanguaging strategies to support comprehension
Implementing formative assessments to monitor language development
Integrating ELL-specific digital tools such as ELL BrainPOP into daily instruction
Supporting oral language development through structured academic conversations and sentence frames
Using the Sound-Spelling Transfer Kit by Benchmark (if selected) to support foundational literacy for ELLs

Teachers will participate in collaborative workshops, hands-on planning sessions, and reflective practice activities. These sessions will be led by the ENL teacher, IB DL Coach, and supported by the Assistant Principal, with the possibility of bringing in external vendors pending final selection. Activities will include analyzing student work, reviewing NYSESLAT data, co-planning ELL-specific instructional tasks, and modeling effective strategies through peer-led demonstrations.

A portion of Title III ELL funds—up to 10%—will be allocated to teacher per-session compensation for PD activities, and up to 20% of OTPS funds may be used for external vendors or instructional materials used during PD. All PD sessions will be aligned with student needs as determined by data, and documented through sign-in sheets, agendas, and evaluations to ensure accountability and impact.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Within our ELL/MLL community our students have different needs according to their proficiency level which ties to their individual academic needs. We feel that it is important for our staff to have an understanding of the different stages of language acquisition, proficiency levels and how this understanding will support their students. Along with rigorous instruction, a teacher's understanding, skill, and ability to use different strategies, and scaffolds support the success of meeting the academic and linguistic needs of our ELL/MLLs. , We have a large community of newcomer migrant ELLs that struggle with literacy and all of our teachers must know how to use ELL strategies to support them.

The rationale for the professional development activities provided through our Title III ELL program is grounded in both quantitative and qualitative data analysis that highlight instructional gaps and specific areas for teacher growth in supporting English Language Learners (ELLs). Teacher observation data, including formal and informal classroom walkthroughs conducted by the Assistant Principal, have shown a need for more consistent use of academic language scaffolds, such as sentence stems, visual aids, and structured oral language activities.

Quantitative analysis of student achievement data further supports the need for targeted PD. NYSESLAT results show limited progress in speaking and writing domains, especially among students in the Entering and Emerging proficiency levels. NYS ELA and Math assessments, along with MAP Growth and Acadience data, reveal a trend of ELLs performing below grade-level expectations, with notable gaps in vocabulary, reading comprehension, and oral language fluency. Teachers have expressed in feedback sessions a desire for concrete strategies to better engage ELLs and make rigorous content more accessible.

Based on these findings, professional development will focus on the following activities:

Training on differentiating instruction for multilingual learners using scaffolding strategies
-Workshops on translanguaging practices to support comprehension and student voice
-Sessions focused on analyzing NYSESLAT data and using it to guide instruction
-Hands-on training in integrating digital tools like ELL BrainPOP to support language development
-Guided practice using resources such as the Sound-Spelling Transfer Kit (Benchmark) to support foundational literacy

These professional learning opportunities are designed to be practical, data-driven, and immediately applicable in the classroom. The ultimate goal is to equip teachers with tools and strategies that address the specific linguistic and academic needs of our ELL students, thereby improving student outcomes and fostering more inclusive and effective classroom environments.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers schoolwide who work with MLs/ELLs, including ENL, general, and special education teachers will receive training.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

All teaching staff will participate in regular staff development sessions throughout the year that will be facilitated by our ENL teacher, dual language teacher, and IB coach. Staff development will be scheduled once a month during Monday afternoon PD time . The staff will be divided by grade and the PD will be facilitated by one of three teachers (ENL, DL,IB Coach).

ENL/Dual Language teachers will attend professional development related to Title III instruction (supporting ELLs in literacy and language development) throughout the year from various sources and providers. The ENL teacher will also attend professional development workshops offered by the Division of Multilingual Learners regarding ELL instruction and compliance and turn key when applicable Meetings are conducted by the Office of Multilingual Learners.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

ENL Professional development top will cover the following topics:

- Analyzing Assessments to Support ELL Learning
- Understanding Academic Language
- Understanding Second Language Acquisition (SLA) Stages
- Using ELL Strategies in the Classroom
- Using Formative Assessments to Support ELL/MLL Learning
- Using Language Objectives to Plan for ELL/MLL Students

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The ENL teacher will provide in house trainings along with two dual language teachers and the IB Literacy.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All Title 3 professional development documentation such as agendas and attendance sheets will be maintained in the Title 3 Binder created by the ENL teacher and the Assistant Principal.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Families and their participation and engagement in students' academic careers are crucial and impact higher achievement for ELLs . As such we host numerous family activities to inform and engage with our community.

Dr. Lolis hosts a monthly virtual Principal's Coffee Klatch with parents. School activities and business is discussed to keep parents informed of schoolwide happenings. There is also an opportunity for parents to engage in Q/A with Dr. Lolis. translation is offered as needed.
Once a month, the school hosts parent teacher association (PTA) meetings to inform families of school-wide events and initiatives. (translation is provided as needed).
Cultural fairs such as the Dia de los muertos, Cinco de Mayo and the spring fair are organized by parent groups to celebrate and highlight the cultures within our community. These fairs are hosted by school parents. Parents are welcomed to participate as hosts or guests.
The annual Spring Fair offers an opportunity for families to come together socially to strengthen the PS 84 community. Parents are invited to share their talents and skills to help organize, create, and participate.
The guidance counselor hosts several meetings for 5th grade parents to help guide them through the middle school process/transition.(translation/interpretation provided as needed)
Individual classrooms host Diversity Workshops that highlight the various cultures that are represented in their classrooms. Students research and study as a class and parents are invited to present to the class. (translation as needed) This occurs monthly.

Parents are notified of schoolwide activities on the school app (translated into multiple languages), backpacked letters and schoolwide signage. Notification of individual class centered activities are emailed and letter backpacked (translated in parent preferred language).
As of recent Title 3 funds will not be used because they will be funded by other school funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

PS 84's parent engagement activities are based on the needs and interests of our parents. In order to gauge these needs, in house school wide surveys in addition to classroom specific surveys are provided to parents 2-3 times a year. The PTA also hosts meetings that address the needs of parents that are then discussed with the administration. Families and their participation and engagement in students' academic careers are crucial and impact higher achievement for ELLs . As such we host numerous family activities to inform and engage with our community, we insure that translated surveys are provided to families. We also offer interpretation services for families during meetings (using in house staff for French, Spanish and Chinese and over the phone interpretations/virtual interpretations for low incidence languages).

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

PTA Meetings, Principals Coffee Klatch, monthly for 1.5 hours per meeting
Diversity Workshop- generally monthly but vary classroom to classroom.
Middle School Meeting 1x group multiple times for individual meetings.
Cultural Fairs - dependent on scheduling 1-4x a year
Spring Fair 1x a year.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Dr. Lolis hosts a monthly virtual Principal's Coffee Klatch with parents. School activities and business is discussed to keep parents informed of schoolwide happenings. There is also an opportunity for parents to engage in Q/A with Dr. Lolis. translation is provided as needed.
Once a month, the school hosts parent teacher association (PTA) meetings to inform families of school-wide events and initiatives. (translation is provided as needed).
Cultural fairs such as the Dia de los muertos, Cinco de Mayo and the Spring Fair are organized by parent groups to celebrate and highlight the cultures within our community. These fairs are hosted by school parents. Parents are welcomed to participate as hosts or guests.
The annual Spring Fair offers an opportunity for families to come together socially to strengthen the PS 84 community. Parents are invited to share their talents and skills to help organize, create, and participate.

The guidance counselor hosts several meetings for 5th grade parents to help guide them through the middle school process/transition.(translation/interpretation provided as needed)

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Providers of Parent Engagement:
Dr. Evelyn Lolis, Principal- Coffee Klatch
PTA Meetings- PTA Members
Judie Vidals- Parent Coordinator (various parent meetings)
Guidance Counselor- Jessica Wisoff

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

All communication is translated as necessary and is communicated as follows: Backpacked home with students, via email, by school app notifications, and can be found in school newsletters, PTA News and website, in addition to Parent Coordinator correspondences. In order to ensure language access for families regarding these activities, our schools language access coordinator ensures flyers are translated through in house staff or through the Office of Language Access resources.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Documentation of agenda's and attendance will be maintained by the parent coordinator.,
