Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 87 William T. Sherman

District Borough Number (DBN):

03M087

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Monica R. Berry	*Principal or Designee	
Lauri Posner	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Katie Baker	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
TBD	Staff	
TBD	Staff	
TBD	Staff	
TBD	Parent	
TBD	Parent	
TBD	Parent	
TBD	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

P.S. 87 IS ONE FAMILY UNDER THE SUN

We are a community of learners that includes children, teachers, staff, and families. Our mission is to build a stimulating and inclusive environment in which every student develops academically, socially, and emotionally.

WE ARE COMMITTED TO:

* Creating a safe and supportive school culture, which promotes academic risk-taking in students and teachers.

* Encouraging diverse learners to become self-directed, creative and independent through inquiry and exploration.

* Fostering critical thinking through a grade-by-grade thematic curriculum centered on experiential learning, always striving towards academic excellence.

Our hope is that as students leave P.S. 87, they continue to be active participants in their communities

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 87 is a PK-5 primary school serving families on the Upper West Side. The school itself is a draw for families moving into the area. It offers a first-rate public education to its students and retains a strong and vibrant sense of community. The core values of our school have always been, and will continue to be, a commitment to diversity and differentiated instruction: although seemingly unrelated, we believe they go hand-in-hand. As a school, we recognize that to advance each student through their individuated instructional path, we must teach—and know—the whole child. By encouraging our community members to follow our four tenets -be kind, wise, brave, honest- we hope to promote inclusion and acceptance academically, socially, and emotionally.

We have a very experienced teaching staff with an average of 16 years of experience. This level of experience adds to the quality of education the students receive in our school. To achieve our mission, we teach students through deep, thematic units of study heavily steeped in science and social studies. Through these units, students can

apply the skills they have learned in literacy and mathematics as they also learn to think critically about the world around them using multiple learning modalities. To enrich the academic experience of the children at PS 87, we have partnerships with the following organizations:

-National Dance Institute
-Center for Architecture
-Symphony Space
-Dancing Classrooms
-Art Farm
-Anja Dance
-PS 87 Afterschool (now a separate organization)

Briefly summarize the key initiatives your school will implement this school year.

Select, adapt and implement a Digital Literacy & Etiquette curriculum.

Continue to elevate scientific literacy through increased hands-on and experiential learning.

Continue to transform IEP data collection from qualitative to quantitative.

Enhancing family communication surrounding current instructional topics to increase family connectedness and elevating student voice when possible within Backpack News.

Create early intervention protocol for students struggling in Math and Reading, starting in the second half of Kindergarten.

Continue to implement strategies learned from Orton- Gillingham professional development to support student literacy.

Continue to elevate experiential learning through enrichment field trips and hands-on learning that correlate with curriculum.

Continue to work on strengthening our community ties through in-person activities.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5th Grade	Wit and Wisdom and thematic units	
Math	Kindergarten-3rd Grade	Investigations	
Math	4th-5th Grade	Envisions	

ELA	K-2nd Grade	Fundations	With IMSE

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
(Screener data/EOY data available in June)	Through our training with IMSE we have seen a change in our screener data. However, Implementation needs to be more consistent	Students in bottom 1/3
Last year's state exam	Reinforce ELA/literacy for all students	All students
Attendance/Lateness data vs. student performance data	Students who are chronically late and absent are not in school to receive necessary instruction to work up to their potential	Chronically absent/late students

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	58%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5% Increase, from 58% to 63%, of percentage of students scoring at or above proficiency on the Student Portfolio Evaluations, Acadience and iReady.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continue PD for teachers newly trained in Orton-Gillingham and provide ongoing support as well as utilize District provided staff development for Wit and Wisdom, and continue expansion of Boost-Up to younger grades.

Root Cause Addressed:

Need for stronger phonics instruction in lower grades.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Train teachers new to school in Orton-Gillingham through the Institute of Multisensory Education
Provide continued PD in progress monitoring for all students with IEPs for reading.
Continue with early intervention reading program, Boost Up to support phonics and fluency teaching
Continue PD with Wit and Wisdom coach to support reading instruction
Provide PD for parents on how to support their children at home with reading
Continue to work with Stephen Gaynor on reading strategies to support our students with learning differences in Reading

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Provide parent workshops each semester on how to support students' reading at home	Stephen Gaynor

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair Student Funding and PA Grants

Instructional Resources

Fair Student Funding, Core Curriculum and PA funding to cover Wit & Wisdom, Boost-Up, Fundations, Orton-Gillingham thorugh IMSE, Heggerty

Schedule Adjustments

Fair Student Funding to pay for teacher coverage

Other Resources Needed

City Council Grants to pay for PD with Stephen Gaynor

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students & families struggling with digital communication skills online as phones and texting become more prevalent in the community as seen in an uptick of OORs related to cyber-conflicts reports in the 2024-2025 school year	Lack of knowledge of digital ettiqute or ways to monitor student online activity	4th and 5th grade students

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	5	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 100 Decrease, in number of cyberbullying incidents reported from 5 to 3, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Educating students and families on digital etiquette and cyber safety as well as working with students on positive conflict resolution.

Root Cause Addressed:

Lack of education on digital etiquette and effective strategies for resolving conflict.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use Common Sense Media for digital literacy education
Workshop for parents about how to monitor student internet usage
Work with New York Peace Institute to work on peer mediation strategies
Consider having 5th grade ambassadors to teach the children in lower grades about digital literacy
Work with Take Two Media to have high schoolers speak with our 4th and 5th graders about digital literacy

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

During our safety meetings, we will look at OORs data to examine the types of incidents that are recorded.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	4 parent meetings (two for K-2 and Two for 3-5) to address monitoring children's digital life and supporting them on setting boundaries with children.	Take Two Media

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

FSF for teaching staff, PA Grant for Take Two Media

Instructional Resources

N/A (Common Sense Media is free)

Schedule Adjustments

N/A (classes will be built into the schedule)

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Internal Assessment of Students Meeting and Exceeding State Scientific Standards	Resources deployed to the Sciences	Resources deployed to the Sciences

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	TBD	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by TBD from TBD to TBD (Based on 2025 scores), for All Students, as measured by NYS Science Exam.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

investing in new science curriculum to increase the science learning in the building.

Root Cause Addressed:

Students will now have an experience in science that is more robust to increase engagement and science knowledge.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Forge new partnerships with the Natural History Museum Education Department to increase PS 87 Student experiential learning
Increase communication and curriculum transparency with parents
Explore reinstating the school's Green Team and reintroducing the Grow Tower and other hands on science projects
Plan "Women in STEM Day" to celebrate Ada Lovelace Day
Continue to have our Maker Fair / Schoolwide Science/Steam Initiative (in concert with the PA)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will have regular meetings with the committees organizing the events for the school and report that information out at the SLT meetings. Additionally, the science lab teacher will check in monthly with administration to provide information about how the science classes are going and express what is needed to improve the science program in the building.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/14/2025	10/14/2024	We will ask parents to participate in our Women in STEM Day	Parents Association
05/07/2026	05/07/2026	Maker Faire	Parents Association

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair Student Funding and PA Grants

Schedule Adjustments

Other Resources Needed

PA grants for Maker Faire

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYS Math Exam	Need for more differentiated instruction and support for struggling students	Focusing on Students in the bottom 1/3

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	78%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the the percentage of students at or above grade level proficiency for All Students will Increase by 5% from 78% to 83% as measured by New York State Math Exam.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increased math PD to deepen the teachers knowledge of math and how students learn math in order to develop their math teaching skills.

Root Cause Addressed:

Minimal math professional development for teachers

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Have more classes engage in Number Talks professional development with Liz Irwin
Work with teachers in lower grades to create more morning routines that deep number sense
Explore peer mentorship program (like Reading Buddies) to support math literacy
Continue first grade math intervention support
Look into developing a relationship with Stephen Gaynor to help with math issues related to dyslexia.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Bi-yearly parent workshops to inform parents how they can support their child's math learning.	
10/01/2025	05/18/2026	Have 2 math mornings for parents to come in and play math games with students.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Internal PA Survey on how satisfied families are with school communication	School is still working on the family/school relationship post-pandemic	Communication with families to increase transparency surrounding curriculum and classroom community

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	TBD	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the the percentage of families indicating they are satisfied with the communication coming from the school will Increase by TBD from TBD to TBD as measured by Internal SLT Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). 1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Our students who are economically disadvantaged have a significantly higher rate of absence than our average student absence rate.	Our inability to connect with parents to support them in bringing their children to school.	Students who are economically disadvantaged
Students are missing long periods of school due to family reasons	Families are stating that they are taking more vacations or are visiting family during the school year.	All Students
N/A	N/A	N/A

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	130	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 20, from 130 to 110, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continue to have the attendance team work with parents to stress the importance of coming into school as well as engaging the parents and students so they do not want to extend their vacations but come to school.

Root Cause Addressed:

If parents and students are more engaged, they will make having their children in school a priority.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct home visits to all families to support where needed
Evaluate to see if students need added academic support to be able to engage in school
Continued weekly outreach to families for support
Ensure families understand transportation options and support families who need assistance to ensure students can get to school
create commuter pods to see if families are located nearby and can assist getting students to school

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Have monthly parent events that help parents feel more engaged in the building.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Quantitatively Measuring Student Progress On IEP Goals and Percentage of completion as measured by SESIS IEP completion report	We need to continue working on our progress monitoring	IEP Development and Fidelity of Implementation

Service Reports seen in SESIS	Lack of Service providers and reporting issues	Transition Planning and Compliance
PPT tracking report kept by IEP Teacher	There is disproportionality in who is referred for services that needs to be addressed.	Referral Process and Equity
OORs Data	Students with disabilities may be referred for discipline issues when the issue is more about the services the child is not receiving than discipline.	Equity in School Discipline
N/A	N/A	N/A

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	61%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the effectiveness of the recommended programs and services by a 5% Increase, from 61% to 66%, as measured by Acadience and IReady.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

By regular progress monitoring, we will be able to see if the recommended program or current interventions are effective in supporting our students with IEPs.

Root Cause Addressed:

Seeing if progress is made on a more regular schedule will allow us to see if we need to change our strategy of support sooner than by just doing our quarterly progress monitoring.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment by analyzing student progress monitoring at Weekly SIT Meetings.
Monthly IEP review with IEP teacher and special education teachers
Monthly meeting with IEP teacher and Admin to review attendance data for services
Create a compliance date calendar that is reviewed with SBST team and administration bi-weekly.
Monitor referrals to Special Education to ensure appropriate referrals only

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

Our progress monitoring in Acadience and iReady as well as SESIS compliance reports and out PPT tracker.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/02/2025	06/26/2026	Having regular meetings explaining the IEP process and parents' due process rights in the process. Additionally we will have workshops for parents so they will know how to regularly support their students at home with their learning differences or emotional needs.	PA
09/04/2025	06/26/2026	N/A	N/A

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Acadience performance	Aprendiendo Leyendo	Small Group	During School	No
Tier 2/3	Below Grade Level F&P levels and Acadience	SPIRE / OG-IMSE / Boost Up	Small group	During School	There is a technology component that can be used
Tier 2	Low performance on ECAM / Math Performance Tasks / MAP data	Targeted math instruction	Small Group	During school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	observed escalated behavior	At-Risk Guidance Counseling	Individual	During school	No
Tier 2	Observed social difficulty	At-Risk Social Skills groups	small group	during School	no
Tier 3	IEP Mandates	Counseling	small group or individual	during school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Because the parents help to pay for the training, the teachers get to use the MTSS programs in the building, and the parents are given quite a bit of information about MTSS in the school. We have meetings with parents to describe what intervention services are and how their students are eligible. The parents know that all of our teachers have been trained in Orton-Gillingham and know how to provide Tier One support. The teachers talk about this support at their curriculum meeting in the beginning of the school year and throughout the year as needed.. Our IEP teacher conducts workshops and does 1 to one parent training on intervention and how children can receive tier 2 or 3 services. We also have a written Parent Handbook that all parents receive with the MTSS model written out for them.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Parents have regular conferences with the child's teacher or service provider to receive progress information. These meetings are at minimum monthly and are increased depending on the needs of the student and family.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Because we meet with the parents so regularly and the communication with the families in the building and the staff, parents are able to give their feedback and be partners in the decisions making when it comes to intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

21-Number will be updated in September

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Attendance has been an issue for our students in temporary housing. Because the children are not in school, they are not able to receive instruction that would help them to make progress in school. We have hired more Spanish speaking staff to help with reaching out to families and making phone calls and sending WhatsApp messages to try and engage them.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Currently, all of our students in temporary housing are newly arrived New Yorkers. Below are the services we will be providing the students:

-Additional small group instruction in ELA and math during the school day
-Additional literacy instruction in the home language during the school day
-Group and individual counseling
-ESL support beyond the mandated ENL service
-Individual support reading support through our Parents as Reading Partners program

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

N/A

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

N/A

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

N/A

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 87, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association, and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS87 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association , as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State

accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;

- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS87, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Monica Berry
Assistant Principal (Where Applicable)*	Barbara Kissane
English as a New Language (ENL) Teacher*	Allison Hawke
Teacher (if school has a bilingual program must be a bilingual teacher)*	Jacqueline Morison
Parent/Guardian*	N/A
Teacher	
Parent Coordinator	Jennifer Stark
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

741

Total number and percentage (%) of current ELLs:

6.5

Total number and percentage (%) of former ELLs:

1.5

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

97.9

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

2.1

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

6.3

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

8.3

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	SP		1	1	1	1	1									5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our ENL program is taught by our ENL teacher, Allison Hawke. Students' needs are determined by using their NYSITELL and NYSESLAT scores and by analyzing the results generated on the ELL Data Analysis Tool. The students are all blocked. The vast majority (97.9 %) of our current students are Newcomer ELLs so these students are grouped homogeneously. Students who have acquired more English and whose proficiency level is Transitioning or Expanding are put in heterogeneous groups. For the 2024-2025 year, students are in ungraded groups.

Integrated ENL:

Instruction for ELLs/MLs within the Integrated Model differs according to the objectives of each class and how the content is being taught. For example, during some Integrated ENL instructional periods, ELLs/MLs might be gathered homogeneously in a separate section of the room where the ENL teacher will preview Tier 2 and Tier 3 vocabulary, model good thinking and use mentor texts. Other times, ELLs/MLs might be working heterogeneously with their English Proficient classmates and thus the ENL teacher will facilitate peer-modeling and encourage peer-editing. Regardless of how students are grouped, text complexity and reading diverse genres is incorporated into instruction. Whenever possible, ELLs with the same home language background are clustered during subject area content instruction so that these students might access subject content by interacting with each other. In addition, to the degree possible, ELL home language resources (such as texts and technology) are made available in the classroom and in the school's library so that student learning is accelerated.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Students in the Dual Language Bilingual program are taught by certified dual-language teachers. In the 2025-2026 school year, the kindergarten DLBE program will be taught by Adriana Abreu. Genevieve Tami will teach the first-grade DLBE program. Juan Auli will teach the second-grade DLBE. The third-grade DLBE class will be taught by Edgar Salazar, and Pamela Escalante will teach the fourth-grade DLBE. Additional instructional support for these students, especially ones who are SIFE, will be provided by Jacqueline Morison. The students in the DLBE programs are blocked and services are not provided in ungraded setting. Since the vast majority of our ELL students in the DLBE program are at the Entering Level of English Language proficiency, most students are in homogenous groups

for ENL but are in heterogenous groups for other content areas (math, social studies, science, Spanish language arts). Classes are taught whole class in both English and Spanish utilizing a 50/50 model of language instruction.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The explicit ENL, ELA and HLA instructional minutes are delivered in each program model by licensed ENL and bilingual teachers. We also bring in F-status teachers with bilingual and ENL certifications to provide services for the students.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Instruction for MLs/ELLs is delivered in the Freestanding ENL program by using students' Proficiency Levels and grade to create instructional groups. Students' needs are determined by using their NYSITELL and NYSESLAT scores and by analyzing the results generated on the ELL Data Analysis Tool. A large percentage of our current students (97.9%) are Newcomer ELLs so these students have been grouped homogeneously.. Students who have acquired more English and whose proficiency level is Transitioning or Expanding are put in heterogeneous groups. Once instructional groups have been determined, instruction is differentiated so that the various needs of the students are met and so that instruction is aligned with the Targets of Measurement for each Proficiency Level and with the Next Generation Learning Standards. The ENL teacher also works closely with the classroom teachers to integrate the curriculum and to discuss student progress, development and ELL student interaction with EP students. Instruction for ELLs/MLs within the Integrated Model differs according to the objectives of each class and how the content is being taught. For example, during some Integrated ENL instructional periods, ELLs/MLs might be gathered homogeneously in a separate section of the room where the ENL teacher will preview Tier 2 and Tier 3 vocabulary, model good thinking and use mentor texts. Other times, ELLs/MLs might be working heterogeneously with their English Proficient classmates and thus the ENL teacher will facilitate peer-modeling and encourage peer-editing. Regardless of how students are grouped, text complexity and reading diverse genres is incorporated into instruction. Whenever possible, ELLs with the same home language background are clustered during subject area content instruction so that these students might access subject content by interacting with each other. In addition, to the degree possible, ELL home language resources (such as texts and technology) are made available in the classroom and in the school's library so that student learning is accelerated.Our dual language classes are self-contained and are comprised of 50% native English speakers and 50% native Spanish and Spanish proficient students. The school day is taught 50% in English and 50% in Spanish. Second language acquisition techniques are used during the day so both English dominant and Spanish dominant students are able to acquire a second language, thus becoming bilingual and bi-literate.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our dual language classes are self-contained with the goal of being comprised of 50% native English speakers and 50% native Spanish and Spanish proficient students. Currently, most classes are comprised of 33% native Spanish speakers, 33% bilingual Spanish speakers (heritage language speakers), and 34% native English speakers The school day is taught 50% in English and 50% in Spanish. Second language acquisition techniques are used during the day so both English dominant and Spanish dominant students are able to acquire a second language, thus becoming bilingual and bi-literate.

b. In which language(s) is each core content area taught?

The core content is taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The percentage of ELLS who have been identified as Newcomers is 97.9%. Effective instruction for Newcomers differs from those provided to Developing or Long-Term ELLs in a variety of ways: as the City is promoting the science of reading for all students, reading and writing instruction for Newcomer ELLs places a strong focus on the explicit and systematic teaching of phonics and phonemic awareness, while at the same time, building their vocabulary base–particularly Tier 1 words, and comprehension. Phonics-based instruction is implemented in guided mini-lessons and instructional time is also allocated for developing students understanding and use of visual information that often accompanies texts, such as diagrams, maps or charts. In implementing this instruction, the ENL teacher and classroom teachers develops instructional plans that access students' previous knowledge or experiences and uses this knowledge or experiences as a platform from which to build an understanding of the new content. Another focus for students who have been identified as Newcomer, is to enable them understand and engage in classroom content so that they are able to express their thoughts, in both spoken and written form, in the classroom. Attention is also paid to the transferability of the students' literacy and writing skills from their home language into English and to the development of their metacognitive skills. Using the above mentioned instructional methods, effective instruction is differentiated for Newcomers as opposed to Developing or Long-Term ELLS, however, at all the levels of English language learning, Entering through Expanding, classroom instruction is differentiated and time is allocated to developing their academic vocabulary across content areas, improving their ability to respond to increasingly complex level of diverse texts and strengthening the academic core. Finally, students follow curriculum Wit and Wisdom and also have access to their own Lexia accounts which they use during the school day.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

For the 2024-2025 school year, approximately 6.3% of our students have been identified as SIFE; however, during the 2024-2025 school year, there were other students have transferred to other schools, who were in the process of being designated SIFE. Instructional support for Newcomer ELLs who have been identified as SIFE is to strengthen

the instructional core in both their primary language (which is Spanish) and in English. Furthermore, we have also been exposing them to a variety of topics in different core areas in order to strengthen their background knowledge. Moreover, we have been using Orton-Gillingham based techniques in order to provide them with phonics-based instruction. Effective instruction for SIFE students is differentiated to meet the individual needs of each SIFE student in order to strengthen the academic core.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

For the 2024-2025 school year, we currently do not have any students who are Long-Term ELLS. However, if we did, effective services for these students would differ in a variety of ways. We would use data provided by the EDAT as well as data provided by summative assessments to develop a strong understanding of the students' instructional needs. Moreover, students would learn from the curriculum provided in the Wit and Wisdom program. Finally, in addition to using data to guide our instructional practices, we would have open communication with and strong connections to the students' families so that so that we could apply best practices and help the students meet the demands of the Next Generation Learning Standards.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Constituting .8% of our total student population for the 2024-2025 school year, there are six students who have been identified as former ELLs. The classroom teachers, specialty teachers (such as the drama, music, gym teachers) in conjunction with the ENL teacher, provide necessary support for ELLs who are at the Commanding level. We continue to monitor their progress and to ensure that they can best meet the demands of the Next Generation Learning Standards. Students engage in project-based learning provided in Wit and Wisdom and their language learning and academic development is monitored by their teachers. Summative assessments are given and student progress is evaluated.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

One, in addition to being Newcomer ELLs, for the 2024-2025 school year, one at-risk level that might adversely affect our ELL population is the increased amount of students in temporary housing. According to our ELL Data Analysis Tool (EDAT), 50% of our ELLs are in temporary housing. In addition, we've had a significant number--25 students (and it's possible this number will continue to grow) transfer from our school to another school or, conversely, transfer into our school,within the 2024-2025 school year.

Another dominant trend this year has been an increase of student absences. Outreach has been done--in students' home languages, in an effort to increase student attendance. Additionally, students who have self-reported as are not having received enough sleep at night, are, due to their reduced ability to concentrate, focus and stay on task, and most therefore most likely have an increased likelihood of being at-risk. In addition, more instructional time is spent assisting these students in understanding class content that they did not have access to due to their absences or diminished ability to focus due to lack of a goodnight's sleep. We also had 14.6% of our students who did not demonstrate significant progress on the Spring 2024 NYSESLAT. Many students who did not demonstrate significant progress also had challenges with attendance and latenesses.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

For the 2024-2025 school year, there are two at-risk levels that might adversely affect former ELLs at our school. According to our ELL Data Analysis Tool (EDAT), 18.2% of our former ELLs are in temporary housing. Another trend is that 9.1 % of Former ELLs scored at Level 1 or 2 last school year on the State Math Test.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

For the 2024-2025 school year, the home language with largest representation at our school continues to be Spanish. Currently, including students who have reached the Commanding level on the NYSESLAT, we have 30 ELLs whose home language is Spanish. We have a variety of supports in place to support communication and learning that values their home language. To begin with, we have a Dual Language Immersion program which promotes learning and culture appreciation in Spanish. In addition, our Dual Language Coordinator, Jacqueline Morison, also provides linguistic and cultural support for Spanish speaking students who are and who are not currently enrolled in the Dual Language Program. Furthermore, a significant number of teachers, paraprofessionals and other staff members speak Spanish so students have ample access to home language communication and support. Additionally, ENL teacher is in the process of learning Spanish so that she might enhance communication with students and their families. Furthermore, students also have access to Spanish books, which they can borrow and share with their family members. In addition, through out the academic year, activities such as a Dia de Muertos, an event hosted by Ms. Morison and the Dual Language Sing Along, with songs performed exclusively in Spanish, are held so that students can experience having their home language and cultures being valued. We have seven Hebrew speakers, making Hebrew the second most commonly spoken language for our students. Students who are Hebrew speakers are provided with English-Hebrew glossaries. In addition, teachers and staff at PS 87 also connect these students to students and staff who are bilingual Hebrew/English speakers so that students can not only receive academic support but also have the opportunity to make personal connections and thus feel that their culture and language are supported at our school.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

For the 2024-2025 school year, as per our EDAT, of our Hispanic ELLs, 43.3% are American Indian or Alaskan Native, 10% are Black, and 50% are White. For our Non-Hispanic ELLs, 11.1% are Asian, 16.7% are Black, 5.6% are multi-racial and 66.7% are White. The total percentage of ELLs who are Hispanic is 27.1%, our total percentage of ELLS who are Asian is 4.2%. The total percentage of ELLs who are Black is 12.5%, the total percentage of ELLS who are multi-racial is 2.1% and the total percentage of ELLS who are White is 54.2 %. ELLs are being included in the planning and delivery of Culturally Responsive and Sustaining Education by being taught in a welcoming and affirming environment, with an inclusive curriculum and assessment, in which they are held to high expectations and are taught by staff who receive ongoing training on to examine implicit bias and who also receive support in aligning curriculum to include the history, language and communities of previously under-represented communities and voices.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient

progress?

For the 2024-2025 school year, some trends that we noticed in reviewing English Language Proficiency (ELP) growth at our school is that, of the eligible students, 33.3% demonstrated progress by exiting ELL status, 20% met annual progress and 46.7% did not meet progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

To begin with, when we look at the 28 ELLs with an active NYSESLAT proficiency level, 7 of the students had Progress Not Met and 18 had a valid 2024 NYSESLAT but no previous exam history. For students without a 2024 NYSESLAT proficiency level, 19 had no previous NYSESLAT history. Furthermore, For first graders who were kindergartners when they took the 2024 NYSESLAT, areas of strength were the listening and speaking modalities. For second graders who were in first grade when they took the 20234 NYSESLAT, areas of strength were almost equally divided into the four modalities--students' reading scores were slightly lower than their scores on speaking, reading and writing. For third graders who were in second grade when they took the 2024, speaking was their strongest modality followed by reading, writing and then listening. For fourth graders who were in third grade when they took the 2024 NYSESLAT, there was no defined area of strength. Finally for fifth graders who were in fourth grade when they took the 2024 NYSESLAT, speaking was the strongest modality followed by reading, writing and listening. Modalities of Need for ELLs and former ELLs on the 2024 NYSESLAT were as follows: for first grade, students indicated need in speaking followed by writing. In second grade, writing was the only modality of need; in third grade, writing and speaking were the modalities of need, as they were in fourth grade as well. Finally, for fifth grade, writing listening and speaking were shown to be modalities of need.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

There is a high relationship between the student's performance on the NYSESLAT and their performance on the ELA; three students who were at the Entering, Emerging and Transition levels of English proficiency received a score of 1 on the ELA. One student who was at the Expending level of English proficiency scored a 2 on the ELA and one student who at the Commanding level received a score of 4 on the ELA.

On the State Math test, the lower the student's NYSESLAT score, the higher the likelihood that the student's performance on the State Math was not as high as the score of students who had acquired more English. Three students who were at the Entering or Transitioning level received a score of 1 on the State Math Test. Three students who were at the Entering or Transitioning level received a score of 2 on the State Math Test. Two students who were at the Transition level scored a 3 on the State Math Test and two students who at the Emerging and Commanding levels received a score of 4. Students for whom the test was available in their home language were given the test in both English and their home language.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Of the four ELLs with IEPs, two scored at the Entering level and two scored at the Expanding Level on the 2024 NYSESLAT. Of the students designated SIFE, both scored at the Entering level. One fact that could be impacting results is school absences another is school lateness.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provides ELLs with a high-quality academic experience that leads to deeper learning in many ways. To begin with, we provide a strong instructional core using Tier 1 strategies for all ELL students that have inclusive, linguistically responsive and culturally sustaining practices and that are evidence based. In order to provide that, we use texts that thematically large, rich in content and that also provide a variety of perspectives. Secondly, we also use provide opportunities for students to talk and discuss with fellow classmates in order to build their knowledge and content. Thirdly, we provide our students with writing opportunities such as, but not limited to, responding to short constructed responses to writing paragraphs and essays, in order to build students' language and knowledge. Fourthly, we focus on building students' Tier 1, Tier 2 and Tier 3 vocabulary so that students have the opportunity to master language as well as content. Finally, we provide Social and Emotional Learning opportunities for our ELLs.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

We have a dual language program as well as an ENL program. These programs are built around the same goals and grade level standards as the monolingual programs. Our expectation is that our ENL students will be learning at the same level as their peers. Because we recognize that all of our students may not be English dominant, we utilize project-based hands-on learning in the classroom so students can gain access to content. Some differentiation and strategies used for ML/ELLs are: working on building their vocabulary, using extended writing so as to provide a platform for students to build language, providing students that opportunity to discuss and collaborate with their peers and providing rich grade level texts to build students knowledge and language skills. We also have children express their understanding in multiple ways in the projects so we are able to measure what the students have learned. In addition, we are regularly asking students to bring aspects of their culture and language into the classrooms. We do not want language to hinder teaching and learning in our building. We see it as an asset and treat it as such.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the

Next Generation Learning Standards.

In the ENL program model, core content is delivered primarily in English but whenever possible and to the degree that it is helpful to the student, it is also delivered using the students' home language so that the student has access to the content. Over the past few years, we have welcomed many Newcomer Spanish speaking students in to the ENL program, and as a result, in order to provide basic instructions and content to these students, the ENL teacher worked on increasing her proficiency in Spanish. In this way, students were able to share their concerns and express their level of understanding with our ENL teacher. For our Newcomer students, a variety of instructional approaches and methods were used; initially students were taught basic classroom vocabulary and common phrases that would facilitate their interactions with their teachers and peers. At the upper level, students in the ENL model read a variety of texts (for example, realistic fiction, biographies, digital texts, scientific texts and poetry), that are content-rich and that provide a multiple perspectives. These texts are presented at different levels and represent a various cultural, racial and ethnic groups. The students have in-depth discussions on the texts so that they may build their language skills and consolidate their understanding. Students write short and extended constructed responses and they write creative pieces as well, in order to build their linguistic base, expand their knowledge and to strengthen their critical thinking skills. Students also study small sets of high utility vocabulary words, which are often organized into alphaboxes. Discussions, texts and writing assignments are culturally responsive. At all levels, and to the degree that it supported student development, phonic instruction was used.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

We use a variety of instructional and grade-level materials, including technology, to provide access to grade level academic content areas and accelerate English language development for ELLs with IEPs. Currently, we have two students who have been identified as ELLs with an IEP. One strategy that benefits our ELLs with IEPs, is guided phonetic instruction that is based on Orton Gillingham principals. The students additionally benefit from discussing and planning writing before beginning a writing task. When providing ELLS with IEPs with instruction, teachers, both in the classroom and in the support setting, employ Multi-tiered System of Supports (MTSS) approaches that begin with Tier 1 strategies, which include a strong instructional core for all students that has inclusive, linguistically responsive and culturally sustaining practices and that is evidence based. After discussions, meetings and input from student families, teachers and support staff then employ Tier 2 strategies, which are in addition to and not in lieu of, Tier 1 strategies, and which include targeted or small group instruction and that is aligned, based on multiple sources of data, to meet student need. Student progress is also monitored. Finally, for students who are not responding to Tier 2 strategies, Tier 3 strategies are implemented. These strategies include smaller group instruction with one of our trained specialists. For example, if data reveal that ELLs/MLLs might need Tier 3 intervention, they might join our Boost Up reading program.

b. SIFE

During the 2024-20245 school year, our school welcomed many students who have been identified as SIFE. When these students arrived, our dual language coordinator, Jacqueline Morison, reached out to the families and obtained a verbal record of each student's educational history, and then she evaluated each students' reading, writing skills in Spanish. Students' math skills were also evaluated. These procedures enabled us to understand how we should differentiate instruction for each student. One effective strategy that we have used to help provide access to content area and accelerate English language development for these students is have them is to offer them

repeated exposure to newly-acquired material while at the same time, expanding their content knowledge base by providing them with materials in Spanish. Additionally, SIFE students with a developing acquisition of the letters and sounds of the alphabet, benefited from receiving targeted phonics-based instruction. They have been learning how to tap out sounds and are now writing consonant-vowel-consonant words. In addition to receiving services in ENL classes or in the DI immersion classes, these students have also received small group instruction in Spanish, which has been designed to build the instructional core so that the skills may transfer to English, by Ms. Morison. Additionally, we have also used technology to support access to grade level content for these students. One program that has been used in classrooms has been Lexia; another has been Duolinguo and another program has been Kidsa-z, which provides texts at every reading level and in both in English and in Spanish, and which provides students with the opportunity to read and listen to texts and to receive feedback on their reading comprehension skills. Additionally, whenever helpful, Google translate has been used as well.

c. Newcomers

As indicated earlier, for the 2024-2025 school year, almost 100% of our students are Newcomer ELLs. eleven of these students are the Entering Level, five are at the Emerging Level, four at the Transitioning Level and eight are at the Expanding level and five are considered former ELLs. . Additionally, all of our SIFE students are Newcomers, so the strategies mentioned above are also the ones that would be applied to them. Attention is also paid to the transferability of the students' literacy and writing skills from their home language into English and to the development of their metacognitive skills. At all the levels of English language learning, Entering through Expanding, classroom instruction is differentiated and time is allocated to developing their academic vocabulary across content areas and improving their ability to respond to increasingly complex level of diverse texts. Instructional time is also allocated for developing students understanding and use of visual information that often accompanies texts, such as diagrams, maps or charts. In implementing this instruction, the Dual Immersion, classroom teachers and ENL teacher develop instructional plans that access students' previous knowledge or experiences and uses this knowledge or experiences as a platform from which to build an understanding of the new content. Furthermore, in terms of technology, in addition to using Lexia, Duolinguo and Kidsa-z.com, teachers have also used websites such as Brainpop, EPIC books, abcmouse.com and NatGeokids.com. Additionally, whenever helpful, Google translate has been used as well. All of these supports are designed to promote student progress in regard to state testing and in relation to the Next Generation Learning Standards. Because of the change in the population in our school, we are looking at the way in which we welcome new students into our community and how we will structure language learning for them. We are planning to increase student interaction with their English speaking peers as we have found this so this incredibly helpful in increasing students' English proficiency. In addition, we have been providing more professional development for teachers in the acquisition of language through the Institute of Multisensory Education.

d. Long Term ELLs

Currently, our school does not have long-term ELLs; however if we did, we would use the Performance Level Descriptors (PLDs) and look at the Anchors for the Targets of Measurements (ToMs) to create curricula that would, using differentiated instruction, strengthen the instructional core for each of the students while also strengthening the student's skill in all four modalities: speaking, listening, reading and writing. Furthermore, we would also continue to monitor their progress. We would also use a variety of instructional and grade-level materials, including technology, to provide access to grade level academic content areas and accelerate English language development for this student. Some instructional strategies that we would use for Long Terms ELLs would be to: have the student discuss and generate ideas before writing on a given topic, provide graphic organizers for essay writing, enable the student to acquire higher-level vocabulary by creating alphaboxes with Tier 3 vocabulary, and to use the above-mentioned technology.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The team works together (classroom teachers, services providers, ENL teacher, SpEd teacher) come up with a plan for the our ELLS with IEPs to ensure that all work is structured in a way that would support the students to achieve their IEP goals and English language proficiency.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the ENL program, home language support is assessed and delivered in a variety of ways. First of all, throughout the school year, the ENL teacher has been learning Spanish in order to directly communicate with our Spanish speaking students and as a result, students have been able to directly share their thoughts, concerns and understandings with the teacher. For discussions that are more complex in nature, translating websites, such as Translate.google.com, have been used, and, on occasions, and when they free, paraprofessionals who speak Spanish have also been extremely helpful in providing home language support. Furthermore, if a fellow student or a member of the PS 87 speaks the same language as one of students for whom we'd like to provide home language support, that member of staff will assist the student. We are fortunate to have many Spanish speakers on our staff and our Spanish speaking students have all identified Spanish speaking adults. Furthermore, we have teachers and staff who speak many of the same languages that our other students speak, such as Hebrew, and who can thus provide home language support. For example, we have teachers and staff members who can provide support in Hebrew, Chinese, Japanese, French, Italian, Hebrew, Korean, Greek, Lativian. Additionally, students are sometimes paired with classmates who are fluent in English but with whom they share a home-language; for example our Hebrew speaking students, especially at the beginning of the year, benefitted from having opportunities to converse with Hebrew speaking classmates. Furthermore, when possible, students are provided books to read in their native language. Additionally, at the Parent Orientation Meeting, the ENL teacher, by showing parents how to access the New York Public Library website to request books, shares with parents the accessibility of books in their native language. Lastly, when there are DOE tests that are available in their home languages, students are assessed in mathematics in their home languages. For students for whom the DOE does not provide translated math tests, glossaries, which are provided to students and families alike at the beginning of of the school year, are provided. Glossaries in all content areas are provided to all in Grades 3-5 from the DOE website.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

N/A

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

When planning, we consider that we are planning a large cohort: teachers, administrators and non-pedagogical staff. Given the increase of students who are not English dominant, we are planning to have more PD around different approaches to teaching students with different language abilities. We are also going to do more PD in social emotional learning so we can create an environment where ENL students feel as if they are a part of the school community and that they belong here with us.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

We are in the process of developing a partnership with an organization that provides ENL PD who offers CTLE hours. In addition, the administration attended a workshop with the Office of Multilingual Learners this summer, and theywill be looking to them for support in this area as well.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

In the lower grades, we use Acadience (K-2nd), in the upper (3rd-5th) grades, we will be using iReady in the 2025-2026 school year. Assessment.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We have a intervention programs taught by teachers with an ENL and SpEd license. The teachers use a variety of programs based on the needs of the children. These programs include Recipe for Reading, S.P.I.R.E. , Rewards, and Great LEAPS for ELA, and an in-house created program in math.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In order to guide instruction for ELLs/MLLs within the Multi-tiered System of Supports (MTSS), our school uses a variety of data. Using the ELL Data Analysis Tool (EDAT), we determine how many NYSESLAT exams each student has taken, in which modalities each individual student demonstrated areas of strength and in which they demonstrated areas of need and which students are at risk level 3 or greater. Moreover, we also examine how students performed on other state-wide assessments such as the ELA, State Math test, the ELE and the Science exam, we consult with all the teachers working with the student and we meet with the student's family to gain their perspective and understanding. After all the data has been consolidated, we are able to apply the appropriate level of MTSS intervention. All students receive quality Tier 1 interventions, which is designed to strengthen the educational core and to provide inclusive curricula that is linguistically responsive and culturally sustaining; however, if the data accumulated from the above methods indicates that a student might benefit from receiving additional interventions that are, based on multiple points of data, directly targeted to meet the students need, then a student may receive Tier 2 interventions. If the data indicates that more intervention might be necessary, then a student might receive smaller group, Tier 3 interventions which would be provided by a specialist such as a reading intervention teacher. The progress of these students receiving Tier 2 and Tier 3 interventions is closely and continually monitored to see if they are assisting the student.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

A variety of formative and curriculum-embedded assessments are employed to guide instruction for our MLs/ELLs. Across all grades, from kindergarten to 5th grade, the Fountas and Pinnell Benchmark Assessment System is used to assess students' independent and instructional reading levels. Teachers also construct assessments based on their specific curricula to assess our students. For example, the ENL teacher and classroom teachers construct rubrics that are based on theories that have been promulgated by proponents of the Universal Design for Learning. The type of rubric implemented will vary depending on the topic being taught. For example, one rubric might assess the ability of students to write descriptively and another might assess their ability to implement explanatory writing. Once these rubrics have been constructed, ELLs/MLLs are tasked with self-assessment. Once the students have established how they believe they have fared on task completion, they then are required to write a brief justification as to how they arrived at their conclusion. Then ENL teacher will read their assessment and the accompanying paragraph and will then assess the accuracy of the students' response. A follow-up conversation between the student and the teacher, in which the similarities and discrepancies between the teacher's response and the student's response are discussed, will then ensue. The data acquired from the variety of assessments used at PS 87 informs our planning by allowing us to engage in best practices. Finally, another manner in which we formatively assess students is through the use of student portfolios. Maintained for as long as a student retains ELL/MLL status or Ex-ELL status, portfolios present the aggregate of student endeavor and thus allow a long-term view of student progress.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We assess students in Spanish using Spanish Fountas and Pinnell. We value the internationally diverse and linguistically rich backgrounds of our MLs/ELLs. Whenever possible, we provide informal evaluation of students in their home languages by providing them access to speakers of their home languages.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Summative assessments such as NYSESLAT scores, in conjunction with the ELL Data Analysis Tool, are used to evaluate the effectiveness of our ML/ELL programs and to inform instructional design and curricular designs. Using the EDAT, PS 87 closely examines how each individual student performed in the Speaking, Listening, Reading and Writing modalities and whether or not the data indicates a trend in overall student performance. Beyond examining whether scores improved, remained stable or declined, we identify precisely in which modalities students have excelled and in which areas they are in need of additional support. Furthermore, the ENL teacher also assesses how closely students were to reaching the next performance level. Moreover, if a student's performance has declined, then the ENL teacher, in collaboration with the classroom teachers and other support teachers, examines possible causes. Once this information has been obtained, instruction is redesigned to meet the demonstrated needs of each ELL. Assessment results are distributed to teachers, administrators and to students' families. Teachers also discuss

the findings in casual meetings and in the more formal setting of P.P.T. Assessment results are also discussed with ELL/MLL families during the allocated weekly Parent Engagement time on Tuesday afternoons, the biannual Parent-Teacher conferences and during I.E.P. meetings. Families are provided the opportunity to share knowledge and insight they possess that might assist in creating an optimal learning environment for their child.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

A NYSESLAT administrative checklist is generated each year to identify the tasks needed to complete the NYSESLAT. Then all steps delineated in the NYSESLAT School Administrator's Manual are followed. All sessions of the NYSESLAT are administered by our ENL teacher. For the 2024-2025 school year, the speaking session of the test was scored by Allison Hawke, our ENL teacher and by our assistant principal, Barbara Kissane. The writing sections were scored by a cohort of licensed ENL teachers from District 3.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former ELLs receive necessary accommodations for state assessments because our testing coordinator, Hillary Kusinitz, prepares a detailed list of what accommodations every student, including ELLs and former ELLs, are entitled to and should receive and then she follows through to make sure all these accommodations are met. For example, for the State Math test, she orders, when possible, translated copies of the the test, and she provides students for whom New York State does not provide translated tests, appropriate glossaries. For example, our Hebrew speaking students received Hebrew/English glossaries. Furthermore, our testing coordinator also ensures that ELLs with IEPs receive all the accommodations to which they are entitled.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners, is held throughout the school year. The ENL teacher has provided newly identified ELL families with opportunities to meet and discuss their children's needs. This opportunity is discussed at the initial Parent Orientation meeting, where families are informed that every Tuesday is parent engagement time and that they are invited to use that time to ask questions or to share concerns and to learn about their children's progress. Families are also informed that an interpreter will be present at any meeting. During the 2024-2025 school year, many families had individualized meetings in which their child's academic development was discussed. In addition, the ENL teacher has had many phone and email conversations, using translation services whenever necessary, with ELL families. Finally, the ENL teacher provided an opportunity for families of children both in the Dual Language program and those whose children are in the ENL program, to have an orientation meeting about the NYSESLAT. Additionally, information about the NYSESLAT was emailed and sent home via backpack to students in both programs.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

During the 2024-2025 school year, families of ELLs--both those who are newly identified and those who have been in the Dual Language and and ENL programs longer, are invited to annual individual meetings to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. These meetings are separate from and do not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences. These meetings have generally happened on Tuesday, during parent engagement time; however, when families are unable to attend a conference during that time, accommodations have been made--such as having a conference after school on another day or before school starts in the morning.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

First of all, we ensure that families receive all school communications and documents in the language they best understand by asking them, both in person and by checking their responses on the HLIS, in which language they would prefer to receive oral and written communication from the school and we then confirm these choices by communicating in their home language. PS 87 currently has a high number of ELLs/Former ELLs whose home language is Spanish and we are fortunate to have many staff members who are fluent Spanish speakers. These staff members assist at family meetings and they also assist with written documents as well. Additionally, during the intake process, families are given the HLIS form, and current follow up communications, in their home language; for the Parent Orientation Meeting, families watch the Orientation Video in their home language whenever the video is available in their home language and for other languages, we use the interpretation and translation services provided by the DOE. Furthermore, when possible and appropriate, we tap into the rich linguistic background of our PS 87 community and have the peers of our ELLs assist in communication. Finally, during the 2024-2025 school year, we have many families whose students are learning English but who are proficient in English and thus do not request any type of translation or interpretation services.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Activities that foster empowerment for ML/ELL families at PS 87 include using their preferred language of communication and mode of written and oral communication and communicating in a culturally responsive way. Throughout the school year, we invite families into our classrooms in order to share their family heritage and language. For example, families have shared how they celebrate Hanukkah, Kwanzaa, Lunar New Year, Dia de Muerto and Ramadan. One highlight of the school year is International Day, where families come to school to celebrate our rich and diverse heritages. Another highlight is the Dual immersion program Sing Along, where songs are sung in Spanish. Furthermore, some ways that we determine the needs of our community is by DOE school surveys and communicating directly, though impromptu after school meetings and conversations, or in a scheduled meetings, what families needs are.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Some ways that we ensure that families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.) is by directly communicating, in their language of preference, that such leadership opportunities, such as such as Parent Association (PA) and School Leadership Team (SLT) exist. Another way we share this information is via Backpack News, which is, on a weekly basis, sent to families.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

N/A

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Like many schools in New York City Public Schools, we strive to ensure that our ML/ELL students are immersed in our community. We work closely with our Parents Association to bring in enrichment that celebrates the students cultural and linguistic backgrounds. lAdditionally, we host community events that bring our entirecommunity together.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

For the 2025-2026 school year, the members of our ELL identification team are as follows: Allison Hawke, our ENL teacher; Jacqueline Morison, our Dual Language coordinator (and certified pedagogue); and Barbara Kissane, our assistant principal and licensed pedagogue.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ELL identification process that PS 87 follows is the one that is set forth in the yearly published Policy and Reference Guide for Multilingual Learners/English Language Learners. Whenever a new student is admitted to PS 87, the parent or guardian of the student, in conjunction with a licensed pedagogue who is part of the ELL identification team, completes the Home Language Identification Survey (HLIS). During the completion of the HLIS, an interview with both parent/guardian and the student, is given by the licensed pedagogue. If as a result of the interview and the completion of the HLIS, a student is determined to be eligible to take the NYSITELL, then the NYSITELL is administered to the student within ten days of the student's arrival at PS 87. If a student does not score at the Commanding level, the family of the newly identified ELL is invited to a New Parent Orientation Meeting, which is held in the language of the family's choice. During this meeting, the family member watches the New Parent Orientation video and completes the Parent Agreement and Survey. As per family wishes, the newly identified ELL is put in the program placement of their choice, (or is given an option to transfer to a school which does have the a DLBE or TBE program in the language of their choice; we did not receive any such requests this school year). With the student correctly identified and placed, the student receives immediately begins receiving services as an English Language Learner. This process is ongoing throughout the school year.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Monica R. Berry

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jennifer	Stark	Parent Coordinator - Annual	11/20/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,Other (Please specify in the next question)

If Other was selected, describe the resource here:

When teachers meet with parents at the beginning of the school year, they ask parents about their preferred language of communication, both written and oral. We also ask parents who have indicated that English is their second language if they would like to have a translator at some of our more complicated meetings.

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.09%	1	0.09%	0	0
CHINESE ANY	2	0.17%	1	0.09%	0	0
FRENCH	2	0.17%	2	0.17%	2	0
GERMAN	1	0.09%	1	0.09%	0	0
HAITIAN CREOLE	3	0.26%	3	0.26%	1	0
HEBREW	1	0.09%	1	0.09%	2	0

MANDARIN	0	0.00%	1	0.09%	1	1
ENGLISH	691	94.89%	691	94.72%	80	80
RUSSIAN	4	0.35%	4	0.35%	0	0
SPANISH	45	3.90%	47	4.07%	25	25

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Beginning of year Class assignments	We run the form through Google Translate, then have one of the native speakers in our community proofread it. If we do not have someone to support us with
Beginning of the year class information (rules, supplies, etc.)	We run the form through Google Translate then have one of the native speakers in our community proofread it.
Weekly updates to parents	We have purchased a new parent communication system that translates all messages sent home to parents.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g.	How do you plan to offer interpretation services? Please outline the procedures and

parent workshops, PTCs)	resources in place to ensure timely access to interpretation for parents.
PA meetings	We have parents who have offered to Translate
Parent workshops	We have parents who offer to translate
Teacher/Parent meetings	We use the NYC DOE language line

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Our new communication system allows us to both text and email parents. When parents sign up, they choose the language they want to receive messages in. We also use the language line, especially if a child goes to the nurse's office to call parents. We also have parents who volunteer to translate for others in their grade to make sure they understand what is going on in school.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the beginning of the year, we have a series of workshops for staff about school readiness. One of those workshops is conducted by the LAC. During this presentation, she goes over how to use the language line and how to get information translated as needed. All teachers are given a day during our Monday professional development time in September to take the Language Access Training for School-Based Staff.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Again, through our system, we first email parents about translation services provided. They are given another opportunity at that time to tell us what their preferred language of communication (both written and oral) is. Additionally, the classroom teacher also surveys the parents to determine their preferred language of communication.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We are in regular communication with our parents. We regularly seek ways to improve our communication so that our PC talks to parents to ensure they not only receive the language services but they also feel connected and informed about what is happening in the building.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our LAC has done an amazing job in getting the teachers to learn how to use the Language Line to speak to parents. Additionally, she is the one who found this new program that she used at a school that had more international students than we do, and it was very successful in getting information to parents.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

24

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The number of new New Yorkers has risen just as in all schools across the City. In order to help the students in grades 1-5 learn English, we are creating a program for students who are at the "Entering" level on the NYSESLAT or who have newly arrived. The students will be receiving direct instruction from an ENL certified teacher.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Many of our students not only are new to English language learning, but they also had interrupted formal education. Because of this, there are foundational skills in their native language that they never learned that would help with with the acquisition of English. By taking the students in smaller groups for additional time, our goal is to fill the gaps that will help the students acquire English and pass the NYSESLAT

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Students who are identified as SIFE in grades 1-5.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

2 hours a day

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

1 ENL Teacher
1 Bilingual Teacher

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Decodable books
Purchasing of consumable materials
Paper for copying Orton Gillingham assessment materials

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

All of the records will be kept in a file in the main office with the school's business manager.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Our teachers (both ENL and bilingual teachers) have been trained by the Institute for Multisensory Education to learn about the Orton Gillingham philosophy of teaching phonics. The course was a 30 hour course over five days that covered:

The Science of Reading and Structured Literacy
Understanding how students can best learn English
Identifying and administering various types of assessments
Implementing and creating structured literacy lessons

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

We have found that Orton-Gillingham's focus on phonemes and making connections for students between the bases of words is a powerful tool for working in classrooms with students at different levels of English fluency. Most of our ENL students are Spanish speakers, which is a very phonetic language. Using the OG approach to teaching phonemes in English, which has many exceptions, has helped with students' English language learning. .

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The only PD we will be doing is the 30 hour IMSE course

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Training took place July 8-12. There were 5 6-hour sessions for a total of 30 hours.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The Science of Reading and Structured Literacy
Understanding how students can best learn English
Identifying and administering various types of assessments
Implementing and creating structured literacy lessons

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Institute of Multisensory Education

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

IMSE have sent us certificates of completion.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We have a number of parent engagement activities as a community, but there are some that we specifically try to get our ENL parents to attend.

We have events at the school that have activities for the students and meals for families. We have events where we invite in immigration lawyers to help our families seeking asylum. We have also organized special middle school events for our parents who speak other languages to help them learn about the schools in their native language and to visit the schools and get their questions answered.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

We want to make sure that we have the events with food as a number of our families are living in shelters were they do not have food that they enjoy or that is of the highest quality. We also know how daunting is can be to try and find legal help to work on their asylum applications. In addition, it is sometimes easier to get questions answered if there is a small group of parents who speak a common language when it comes to the middle school process. We could just get translation services to come to our larger meeting, but being in a room of 100 or so parents can be intimidating. We want to make sure that our families can get their questions answered.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule of events can be found on the schools' website at www.ps87.info (there are too many to list).

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Applying for middle school. Navigating NYC and the "What are your rights?" workshops

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

School Staff, PS 87 Parents Association, The JCC on the Upper West Side, Project Rousseau.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

We email and backpack notifications. We also send messages through a WhatsApp chat group. We are going to start sending information via WhatsApp using the voice note feature as we have found that many of our parents do not have strong literacy skills.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We send all of our notifications through a email service that keeps record of what was sent, who's email was not delivered, and who did not open the email. We can use this information to send individualized information to families.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	18,000	This will pay the salaries for the two teachers teaching in the program. We may also need a paraprofessional for the class. This would cover salary of para as well.
Purchased services -High quality staff and curriculum development contracts.	0	All professional development was paid for by the school's Parents Association
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	4,000	purchasing consumables from ISME program and Paper to copy other materials
Educational Software (Object Code 199)	0	We will not be using software in this program
Travel	0	N/A
Other	0	N/A
TOTAL	20,000	This will cover the cost to support our immigrant students
