Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Camille Forbes	Principal or Designee*	
Pamala Tetens	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Tanika Grullon	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Vacancy	District Council 37 (DC 37) Representative (staff), if applicable	
Shaquana Bell	Title I Parent Advisory Council Chairperson (or alternate)	
Sarah Perez	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
Lenore Estrada	CBO Representative, if applicable	
Tanya Pedler	Member/Parent

n/a	n/a	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of P.S./M.S. 206 is to deliver quality instruction to all students. Staff, parents, and community will create an environment that maximizes the unique needs, interests, and abilities of each child. We will strive to enhance each child's physical, intellectual, emotional, and social growth. We envision our students becoming responsible thinkers and productive members of society. Together we strive to achieve success for all children.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Jose Celso Barbosa School is an elementary-middle school located in East Harlem, with 334 students from grade 3 through
grade 8. The school population comprises 23% Black, 70% Hispanic, 4% White, and 2% Asian, and 1% other. The student
body includes 15% English language learners and 43% special education students. Boys account for 56% of the students enrolled and girls account for 44%. We offer English as a New Language instruction for our English language learners through push-in and pull-out services. We offer integrated co-teaching teaching (ICT) classes and self-contained classes for our students with disabilities. The most current number of temporary housing students is 56.

It is critical that we focus strategic attention to ensure that our students (and their families) who are identified as chronic absentees receive the appropriate supports and guidance to ensure that their attendance and punctuality rates improve.

Our overall student population has decreased, but is currently above projections, with students and families choosing to remain at our school as the children age into adolescence and select us as a desirable middle school option. Our middle school has added a grade each year since its inception; we are at full implementation (grades 3-8) and continue to grow, even increasing our incoming students. This continuing trend represents a strong indication that we must continue to nurture and promote our school as one that will be desirable for teenagers and their families and one that will be successful, as measured by our students' perceptions and successes.

P.S./M.S.206 shares the school's complex with one other school – the tandem early childhood school, P.S. 112, having shared the building with two schools in the past. The children enter PS/MS 206 in the third grade and we have a full middle school with 6th, 7th and 8th grades. PS/MS 206 continues to reach out to involve parents and families to build and maintain strong school-family-community links through ongoing communication and meaningful, relevant activities, such as parent workshops to help and empower parents.

Our school's Leadership Team and Parent Teacher Association are fully operational and our Parent Coordinator works with families, as needed. We have dedicated financial and human resources for funding our SAVE room teacher and dean to provide in-school guidance support for our students.

Our commitment to the social-emotional well-being of our students is a priority and we also understand the need to prepare our students for college and career readiness and for their success in the 21st century. We strive to ensure that we bring our beliefs into the daily life of our school. P.S. 206 is committed to the effective development of well-rounded, competent, and secure children, whose social-emotional growth supports their academic achievement. Grounding all of our efforts is our combined set of beliefs and practices that are focused on ensuring equity for all our students and disrupting patterns of disproportionality in all aspects of the school community and in our society.

Following the work of Dr. Gholdy Muhammad's Cultivating Genius, we encourage our students in the pursuit of identity, intellect, skills, criticality, and joy, through culturally-relevant and responsive teaching, including current and complex topics and texts that increase our students' opportunities to engage in meaningful discussions and communicate their perspectives and knowledge through effectively written essays and reports, respecting and celebrating multiple perspectives and enjoying agency and ownership in their learning.

Our Smart Boards/Promethean Boards in the classrooms are utilized, not only to motivate students, but to provide access to real-world and current culturally-relevant topics and materials that standard textbooks cannot and do not provide. Smart Board/Promethean Boards professional training for teachers is provided for teachers so that they can continually increase their own capacity to use this technology in innovative and effective ways.

We are very proud of the many partnerships and services they provide towards the multi-faceted support for the whole child and which address the complexities of raising physically, socially, emotionally, and academically successful children. The following are some of our highlighted programs: Association to Benefit Children, Partnering with SCAN in the summer for Summer Rising Program, Becoming a Community School, entering into partnership with Center for Educational Innovation, NEST Program, Roads to Success, Union Settlement, Dancing in the Classrooms, Studio in a School, Salvation Army, NYU, Hunter College, Videoconferencing, Bronx Arts Ensemble, and Teachers College. These established partnerships collaboratively support our Community School, students, families, and staff's needs and we continue to engage our efforts to build new partnerships, while continuing the valuable ones already in place.

Briefly summarize the key initiatives your school will implement this school year.

The key initiatives that we will implement this year will include the following:
Trauma Crisis Intervention, College and Career goal-setting with progress monitoring and action plans towards ensuring that all students graduate college and career ready and have a strong plan and pathway to economic security; Financial Literacy curriculum and instruction; redesigning the school's systems and structures to enhance responsiveness and inclusiveness for families and parents; and enhanced, data-driven attendance improvement plans.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	3-5	HMH into Literature	n/a
ELA	6-8	HMH into Literature	n/a
Math	3-5	Investigations - Print	n/a
Math	6-7	Illustrative Math	n/a
Math	8	Illustrative Math	n/a

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the spring 2025 Item Skills Analysis Report, the spring 2025 NYS ELA exam reflects the following: Overall, school-wide: 134 students scored levels 3 and 4 96 students scored level 1 103 students scored level 2 79 students scored level 3 55 students scored level 4 42 SWI students scored level 1 42 SWI students scored level 2 34 SWI students scored level 3 19 SWI students scored level 4 53 SWI students scored level 3 and 4 41 ELL students scored level 1 19 ELL students scored level 2 2 ELL students scored level 3 1 ELL student scored level 4 3 ELL students scored level 3 and 4 Based on the spring 2025 Item Skills Analysis Report, the spring 2025 NYS ELA exam reflects the following: By Grade: Grade 3: Level 4-13 students Level 3-14 students Level 2-18 students Level 1-10 students Grade 4: Level 4-11 students Level 3-10 students Level 2-17 students Level 1-11 students Grade 5: Level 4-10	The quality of teachers' questions and questioning techniques is uneven across the school.	The school needs to enhance its instructional focus on the quality of questioning in the classroom to deepen the level of rigorous student to

students Level 3-13 students Level 2-20 students Level 1-16 students Grade 6: Level 4-12 students Level 3-20 students Level 2-15 students Level 1-16 students Grade 7: Level 4-2 students Level 3-13 students Level 2-14 students Level 1-24 students Grade 8: Level 4-7 students Level 3-9 students Level 2-19 students Level 1-19 students The spring 2024 NYS ELA exam reflects the following: 67 students scored levels 3 and 4 23 students scored level 1 36 students scored level 2 40 students scored level 3 27 students scored level 4 spring 2024 New York State ELA Exam reflects: 31% Proficiency Overall School-wide All students 26% Proficiency for MS SWIEPs 23% Proficiency for ES SWIEPs 0% Proficiency for MS ELLs 6% Proficiency for ES ELLs 23% Proficiency for MS students living in temporary housing 21% Proficiency for ES students living in temporary housing Per Grade: 4th- 31% (3rd last year) -24% level 1 44% level 2 22% level 3 9% level 4 0% 5th - 30% (4th last year) - 35% level 1 35% level 2 21% level 3 9% level 4 0% 6th - 35% (5th last year) - 28% level 1 37% level 2 28% level 3 7% level 4 0% 7th - 21% (6th last year) - 43% level 1 35% level 2 20% level 3 4% level 4 0% 8th - 37% (7th last year) - 32% level 1 32% level 2 30% level 3 6% level 4 0% ELLs (Current) 4th- (3rd last year) - 60% level 1 30% level 2 10% level 3 0% level 4 0% 5th - (4th last year) - 70% level 1 30% level 2 0% level 3 0% level 4 0% 6th - (5th last year) - 83% level 1 17% level 2 0% level 3 0% level 4 0% 7th - (6th last year) -57% level 1 43% level 2 0% level 3 0% level 4 0% 8th - (7th last year) - 92% level 1 8% level 2 0% level 3 0% level 4 0% SWIs 4th- (3rd last year) - 28% level 1 33% level 2 22% level 3 9% level 4 0% 5th - (4th last year) - 46% level 1 38% level 2 17% level 3 0% level 4 0% 6th - (5th last year) - 36% level 1 27% level 2 27% level 3 9% level 4 0% 7th - (6th last year) - 68% level 1 24% level 2 8% level 3 0% level 4 0% 8th - (7th last year) - 29% level 1 24% level 2 38% level 3 10% level 4 0% As of April 2025, the Advance Evaluator Report reflects the following component averages: component 3b-2.92 component 3c- 2.885 The spring 2024 NYC School Quality Guide Teacher Panorama Survey reflect the following teachers' responses related to Academic Press: Q.2: How many students in your classes...have to work hard to do well? grade level 177 students i-Ready Reading results for ELLs reflect the following: spring 2025 EOY data: proficiency 4 students mid or above 2 students early on grade level 2 students 1 grade below 5 students 2 grades below 11 students 3 or more grades below 60 students 2 or more years below grade level 71 students i-Ready Reading results for SWIEPs reflect the following: spring 2025 EOY data: proficiency 52 students mid or above 25 students early on grade level 27 students 1 grade below 38 students 2 grades below 20 students 3 or more grades below 51 students 2 or more years below grade level 71 students i-Ready Reading results by grade for ELLs reflect the following: spring 2025 EOY data: grade 3 proficiency 2 students mid or above 1 student early on grade level 1 student 1 grade below 1 student 2 grades below 2 students 3 or more grades below 3 students 2 or more years below grade level 5 students grade 4 proficiency 0 students mid or above 0 students early on grade level 0 students 1 grade below 2 students 2 grades below 4 students 3 or more grades below 12 students 2 or more years below grade level 16 students grade 5 proficiency 1 student mid or above 1 student early on grade level 0 students 1 grade below 1 students 2 grades below 4 students 3 or more grades below 2 students 2 or more years below grade level 6 students grade 6 proficiency 0 students mid or above 0 students early on grade level 0 students 1 grade below 1 student 2 grades below 1 student 3 or more grades below 10 students 2 or more years below grade level 11 students grade 7 proficiency 1 student mid or above 0 students early on grade level 1 student 1 grade below 0 students 2 grades below 0 students 3 or more grades below 16 students 2 or more years below grade level 16 students grade 8 proficiency 0 students mid or above 0students early on grade level 0 students 1 grade below 0 students 2 grades below 0students 3 or more grades below 17 students 2 or more years below grade level 17 students i-Ready Reading results for SWIEPs reflect the following: spring 2025 EOY data: proficiency 52 students mid or above 25 students early on grade level 27 students 1 grade below 38 students 2 grades below 20 students 3 or more grades below 51 students 2 or more years below grade level 71 students i-Ready Reading results by grade for SWIEPs reflect the following: spring 2025 EOY data: grade 3 proficiency 18 students mid or above 6 students early on grade level 12 students 1 grade below 3 students 2 grades below 6 students 3 or more grades below 5 students 2 or more years below grade level 11 students grade 4 proficiency 7 students mid or above 5 students early on grade level 2 students 1 grade below 10 students 2 grades below 3 students 3 or more grades below 3 students 2 or more years below grade level 6 students grade 5 proficiency 6 students mid or above 2 students early on grade level 4 students 1 grade below 9 students 2 grades below 10 students 3 or more grades below 9 students 2 or more years below grade level 19 students grade 6 proficiency 10 students mid or above 4 students early on grade level 6 students 1 grade below 8 students 2 grades below 0 students 3 or more grades below 9 students 2 or more years below grade level 9 students grade 7 proficiency 5 students mid or above 2 students early on grade level 3 students 1 grade below 5 students 2 grades below 0 students 3 or more grades below 16 students 2 or more years below grade level 16 students grade 8 proficiency 6 students mid or above 6 students early on grade level 0 students 1 grade below 3 students 2 grades below 1 students 3 or more grades below 9 students 2 or more years below grade level 9 students i-Ready Reading school-wide overall results reflect the following: winter 2025 MOY data: proficiency # 68 students mid or above # 29 students early on grade level # 39 students 1 grade below # 74 students 2 grades below # 45 students 3 or more		comprehension of literary and non-fiction texts.

grades below # 139 students i-Ready Reading results for ELLs reflect the following: winter 2025 MOY data: proficiency # 3 students mid or above # 1 student early on grade level # 2 students 1 grade below # 2 students 2 grades below # 11 students 3 or more grades below # 64 students i-Ready Reading results by grade for SWIEPs reflect the following: winter 2025 MOY data: grade 3 proficiency 33% mid or above 3% early on grade level 30% 1 grade below 24% 2 grades below 9% 3 or more grades below 24% grade 4 proficiency 30% mid or above 17% early on grade level 13% 1 grade below 26% 2 grades below 13% 3 or more grades below 30% grade 5 proficiency 9% mid or above 3% early on grade level 6% 1 grade below 23% 2 grades below 23% 3 or more grades below 32% grade 6 proficiency 27% mid or above 17% early on grade level 10% 1 grade below 21% 2 grades below 21% 3 or more grades below 31% grade 7 proficiency 16% mid or above 0% early on grade level 10% 1 grade below 6% 2 grades below 6% 3 or more grades below 42% grade 8 proficiency 22% mid or above 22% early on grade level 0% 1 grade below 4% 2 grades below 4% 3 or more grades below 43% As of April 2025, the Advance Evaluator Report reflects the following component averages: component 1a-3.01 component 1e- 2.935		

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	68 students	By June, 2026, literacy for All Students will improve, as measured by a 30 students Increase, from 57 students to 87 students scoring Proficient on the i-Ready Reading Diagnostic Assessment
All Students	139 students	By June, 2026, literacy for All Students will improve, as measured by a 30 students decrease, from 196 students to 166 students, of number of students scoring 2 or more years below grade level on the i-Ready Reading Diagnostic Assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning Communities focused on enhancing the quality of questioning in the classroom to deepen the level of rigorous student to student discourse.

Root Cause Addressed:

The quality of teachers' questions and questioning techniques is uneven across the school.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will receive professional development on how to provide dialogue opportunities and promote meaningful academic discourse that is culturally relevant, using a culturally responsive curriculum and culturally-responsive instructional practices that empower, recognize, and celebrate student voice, ownership and agency. The professional works of Gholdy Muhammad's Cultivating Genius and Zaretta Hammond's Culturally Responsive Teaching and the Brain, will be used as resources.
Grade Teams will develop a "teacher toolkit" of strategies and protocols in helping students build on each other's ideas during class discussion." Develop cycles of professional learning to support teachers with planning instruction to elevate academic discourse during partner discussions, number talks, book club discussions, student-facilitated whole-class conversations, teacher facilitated conversations, and/or Socratic Seminar.
School leaders and teachers conduct structured cyclical classroom visits to gauge the level of student engagement (peer to peer; peer to teacher) and respectful and rigorous discourse. School leaders will leverage the Advance

system through observation cycles to provide ratings, feedback, and actionable next steps to teachers, with a focus on component 3b, 3c, 1a, and 1e.
Teacher led professional development series on building academic discourse, accountable talk protocols such as S.L.A.N.T, inside/outside circle, jigsaw, busy bees will be conducted.
The school will administer 3 mid-year school-created surveys on rigorous instruction and it will include the following statement: "Teachers say that students build on each other's ideas during class discussion."

Key Strategy 2 (Optional):

Professional Learning Communities Focused on Planning and Implementation of Differentiation for Diverse Learners in Literacy Instruction

Root Cause Addressed:

There is uneven planning and implementation of intentional, direct instruction of vocabulary, especially for ELLs and SWIs in daily instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Sustained professional development will focus on effective planning and implementation of the Tier 1 core literacy curriculum, with effective Tier 2 and Tier 3 reading interventions to address the diverse learning needs of ELLs and SWIEPs.
Teacher teams will collaborate to analyze relevant and current ELA/reading data sources to determine strategic instructional strategies.
Mentors and coaches will provide modeling, in-class visits, one-on-one sessions, and small group workshop, focused on embedding explicit vocabulary instruction within the core ELA curriculum on a daily basis.
School leaders will monitor the implementation of Tier 1 core curriculum in ELA and MTSS Tier 2 and Tier 3 interventions, focusing on the strategies that are being planned and implemented to strengthen language development and vocabulary acquisition, with particular attention to the language needs of ELLs.
SLT will collaborate to analyze the successes and challenges of the Priority 1 action plans to inform the development of the 2025-2026 CEP related to all students learn to read well (Priority 1) and also to inform the CEP for 2026-2027.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 1 include: Rolling agendas, minutes, and attendance are reviewed
and feedback to teacher teams is provided by school leaders. Teacher PD reflection forms are collected and results used to
influence next PD steps. Data-driven discussion protocols memorialize progress monitoring results. Weekly Supervisory
Cabinet meetings include updates on Advance observations, with discussion of normed ratings, feedback, and supports
provided to teachers. Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to
Priority 1 literacy curriculum and instruction.

Priority 1 data to be collected and analyzed include the following (as applicable): i-Ready Reading Diagnostic Assessments; NYS ELA exam results; Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; core curriculum unit writing assessments

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly Parent Workshops will be provided, focusing on strategies that parents can use at home to support their children's reading and literacy skills.	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly Parent Newsletters will be distributed, highlighting the reading curriculum	CEI/Roads to Success/Union Settlement

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Consultants, Coaches, Parent Coordinator

Instructional Resources

Instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of April 2025. OORS reports reflect the following: The top 5 incident codes are: B22 (22 incidents) A24 (19 incidents) A33 (14 incidents) A36 (13 incidents) B36 (13 incidents) As of spring 2025, the Advance Evaluator Report reflects: the following component averages: component 2a-3.095 component 2d-3.08 The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Safety: Q5: "I feel safe in my classes." Favorable 85% no change from last survey The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Social Emotional: Q1: "I know where to go at my school if I need additional support with my mental-health." Favorable 76% up 5% from last survey Q3: "During this school year, most days I have felt safe when at school." Favorable 66% down 8% from	Health-related disruptions and high absentee rates have impacted the school's ability to provide sustained professional learning	Sustained continuing professional learning opportunities need to be provided to teachers and paraprofessionals in how to embed social-emotional and academic

last survey Q.8: “There is time at school to talk about feelings and emotions.” Favorable 63% up 2% from last survey The 2023-2024 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Social-Emotional: Q.4: “How many adults at this school…recognize disruptive behavior as social-emotional learning opportunities?” Favorable 72% up 8% from last survey Q.5: “How many adults at this school…have access to school-based supports to assist in behavioral/emotional escalations?” Favorable 76% up 6% from last survey The 2023-2024 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Classroom Behavior: Q.1: “How many students in your classes…listen carefully when the teacher gives directions?” Favorable 56% down 2% from last survey Q.2: “How many students in your classes…follow the rules in class?” Favorable 64% down 2% from last survey Q.4: “How many students do their work when they’re supposed to?” Favorable 54% down 6% from last survey	opportunities for teachers and other support staff, while also delivering wellness support to staff and families .	support within classroom instruction, while also providing wellness supports for staff and families.
As of April 2025. OORS reports reflect the following: The top 5 incident locations are: classrooms (107 incidents) gymnasium (30 incidents) school playground (29 incidents) Hall (15 incidents) Cafeteria (13 incidents) The top 5 incident hours are: 1:00 P.M.-2:00 P.M. (40 incidents) 12 Noon- 1:00 P.M. (35 incidents)	The safety committee has not maximally utilized specific data from OORS when determining next steps.	The safety committee needs to utilize specific data from OORS to effectively leverage and mobilize appropriate resources to locations and times of high incidents.
As of April 2025. OORS reports reflect the following: 43 suspensions The Level 1-5 Incident and Infraction Summary reflects: 204 Level 1-5 incidents and infractions Level 1-8 Level 2-26 Level 3-64 Level 4-102 Level 5-4	Changing students' mindsets related to interpersonal relationships requires continued time and sustained reinforcement, especially within an ever-changing societal climate.	The school needs to provide effective strategies for students to be able to de-escalate conflicts between peers.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	43	By June 2026, physical and mental wellness for All Students will improve, by a decrease of 5 suspensions, from 43 suspensions to 38 suspensions, as measured by OORS.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional learning opportunities for staff, focused on strengthening students' capacity to de-escalate conflicts between/among peers

Root Cause Addressed:

Changing students' mindsets related to interpersonal relationships requires continued time and sustained reinforcement, especially within an ever-changing societal climate

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop cycles of professional learning to support teachers and support staff to highlight respect for all and restorative justice practices to mitigate against bullying, harassment, or intimidation, and reckless behaviors.
Instructional Leadership Team will administer a teacher survey in grade teams 3 times during the year, ascertaining the level of expertise, comfortability, and strength and weaknesses to determine which and how many teachers feel they “help students respectfully build on each other’s ideas during class discussions.”
Assistant Principal will schedule time in the middle school schedule for student advisory or leadership groups to help create dialogue opportunities for students to be able to communicate their needs, ideas, thoughts, and feelings with other students in order to build their capacity to de-escalate conflicts among peers.
Teachers will participate in at least 2 intervisitations, focusing on respectful student to student peer support and

interactions. Student surveys and interviews will be conducted to elicit students' perceptions about safety in the school, including bullying, intimidation, and harassment. Results will be shared with teachers and teacher teams. School leaders will review OORS data and share results with a l school constituents to determine next appropriate steps, based on the OORS data.
SLT committee members, representing a l stakeholders, will review progress monitoring data points related to the successes and challenges of the 2025-2026 CEP action plans and determine the degree to which the school has met the established targets. SLT will consider next steps for the development of the 2026-2027 CEP, accordingly.

Key Strategy 2 (Optional):

Sustained professional learning opportunities need to be provided to teachers and paraprofessionals in how to embed social-emotional and academic support within classroom instruction, while also providing wellness supports for staff and families

Root Cause Addressed:

Health-related disruptions and high absentee rates have impacted the school's ability to provide sustained professional learning opportunities for teachers and other support staff, while also delivering wellness support to staff and families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Student surveys and interviews will be conducted to elicit students' perceptions about safety in the school, including bullying, intimidation, and harassment. Results will be shared with teachers and teacher teams, including safety committee.
School leaders will leverage the Advance system through observation cycles to provide ratings, feedback, and actionable next steps to teachers, with a focus on components 2a and 2d.
School leaders and safety committee will review OORS data and share results with all school constituents to determine next appropriate steps, based on the OORS data.
The Safety Committee will meet at least 3 times to analyze school data related to safety (incidents and suspensions), including assessments of students' mental and physical well-being. The school will collaborate with stakeholders to plan and implement evidence-based strategies to support staff and family wellness through various activities and supportive programs, as well as supportive strategies for students' wellness. Leveraging expertise of CBOs, provide ongoing professional training to support staff to develop and implement effective strategies related to student safety and well-being in school locations, other than classrooms.
The parent coordinator will check in with students and families, both collectively and individually to identify and

distribute resources who may need additional screening and/or assessment for stress, mental health issues, or secondary traumatic stress symptoms.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring for Priority 2 include:
Rolling agendas, minutes, and attendance are reviewed and feedback to SLT is provided by school leaders.
Data-driven discussion protocols memorialize progress monitoring results.
Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to parent/family engagement. Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to Equity and SEL initiatives. Weekly Supervisory Cabinet meetings include updates on Advance observations, with discussion of normed ratings, feedback, and supports provided to teachers.

Priority 2 data to be collected and analyzed include the following: OORS reports; student/parent/teacher surveys, questionnaires, interviews; Advance observation reports

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly Family Workshops highlighting SEL practices to support students' mental and physical wellness, as well as staff and family wellness	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly Parent Newsletters focusing on topics relating to how parents can support their children's mental and physical wellness, as well as helpful tips to support family wellness	CEI/Roads to Success/Union Settlement

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

parent coordinator, guidance support personnel

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the spring 2025 Item Skills Analysis Report, the spring 2025 NYS Math exam reflects the following: 121 students scored levels 3 and 4 85 students scored level 1 83 students scored level 2 98 students scored level 3 23 students scored level 4 49 SWI students scored level 1 30 SWI students scored level 2 31 SWI students scored level 3 4 SWI students scored level 4 35 SWI students scored level 3 and 4 4 ELL students scored level 1 3 ELL students scored level 2 4 ELL students scored level 3 0 ELL students scored level 4 4 ELL students scored level 3 and 4 Based on the spring 2025 Item Skills Analysis Report, the spring 2025 NYS Math exam reflects the following: By Grade: Grade 3: Level 4- 6 students Level 3-23 students Level 2-19 students Level 1-9 students Grade 4: Level 4-4 students Level 3-15 students Level 2-17	Teachers and teacher teams have not consistently utilized the data from the June Math Instructional Report to strategically plan for and	Teachers and teacher teams need to leverage the data from June Math Instructional Report to strategically plan for and implement

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50 students	04M206 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 2026, the number of all students scoring at Proficiency level will increase by 30 students from 39 students to 69 students, as measured by i-Ready Math Diagnostic Assessment.
All Students	122 students	04M206 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 2026, the number of students who score 2 or more grade levels below will decrease by 30 students from 200 students to 170 students, as measured by i-Ready Math Diagnostic Assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning Communities

Root Cause Addressed:

Teachers and teacher teams have not consistently utilized the data from the June Math Instructional Report to strategically plan for and implement small group instruction, based on data for groups of students and for individual students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will develop instructional resources for interventions and cycles of targeted instruction to ensure that missed content is covered in fall. Teacher teams review student work and math units of study to ensure all students have access to high quality rigorous instruction. Teacher teams will meet to identify and select culturally-relevant materials with real-world context to be used during math instruction.
Professional development cycles will be delivered to teacher teams to strengthen lesson plans with math strategies that include multiple entry points for students. Through professional development cycles, teacher teams will be trained to identify examples that reflect the culture, traditions and language(s) of ELLs when selecting differentiated supplemental and enrichment materials for math instruction. Through professional development cycles, teacher teams will be trained to identify examples that reflect the learning needs, IEP modifications and IEP goals of SWIs when selecting differentiated, supplemental and enrichment materials for math instruction.

Principal and assistant principal will engage in i-Ready data reviews with the math team to assess student progress and support revision of instructional plans. School leaders will leverage the Advance system of observations and support to connect students' learning outcomes in mathematics through teachers' enhanced pedagogical practices, with an emphasis on the lens of Advance components 1a,1e, 3b, 3c, and 3d.
SLT committee members, representing all stakeholders, will review progress monitoring Period 1,2,3 data points related to the successes and challenges of the 2025-2026 CEP action plans and determine the degree to which the school has met the progress period targets that have been established. Monthly SLT documentation will be uploaded into CEP. SLT will consider next steps towards the development of the 2026-2027 CEP, accordingly.
By the end of year, at least 75% of all teachers will have engaged in 1-2 intervisitations, with a focus on student engagement and student to student discussions, within the math curriculum. Teachers will provide students with sufficient practice with feedback in order to promote automaticity of a problem-solving strategy. Teacher teams and school leaders will analyze progress monitoring i-Ready math data and plan for the implementation of appropriate tiered interventions, based on the i-Ready math results three times, periodically, throughout the year.

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

n/a

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

n/a

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 3 include the following:
Monthly ILT (Instructional Leadership Team) meetings focus on updating status of CEP action plan activities for Priority 3, with successes, challenges, and next steps.

Supervisory meetings focus on updating status of Advance Teacher MOTP ratings, feedback, support, and next steps.

Weekly Teacher Team meetings focus on cycles of looking at student work, data inquiry, and collaborative pedagogical
practices, with self-reflections and revisions to lesson planning and classroom instruction.

SLT agendas, sign sheets, minutes, and shared documents will be uploaded to the CEP. Rolling agendas, minutes, and attendance are reviewed and feedback to teacher teams is provided by school leaders.

Teacher PD reflection forms are collected and results used to influence next PD steps.

Data-driven discussion protocols memorialize progress monitoring results. Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to math curriculum and instruction.

Priority 3 data to be collected and analyzed include the following (as applicable): i-Ready Math Diagnostic Assessments; NYS Math exam results; Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; core curriculum unit math assessment

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly parent workshops focused on math curricula with strategies that parents can use at home to support their children's math skills	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly parent newsletters focused on math curricula with strategies that parents can use at home to support their children's math skills	CEI/Roads to Success/Union Settlement

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Consultants, Coaches, Parent Coordinator

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The 2024-2025 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Additional Survey Questions: Q20: "This school helps to prepare my child for college, career, and success in life after high school." Favorable 80% down 2% from last survey Q 21: "This school provides resources to me and my child to prepare my child for college, career, and success in life after high school." Favorable 80% up 1% from last	The school has not implemented a school-wide financial literacy program across the grades.	There is a need to expand opportunities for students to

survey The 2024-2025 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Additional Survey Questions: Q1: “I am able to teach students skills about financial literacy, including earning, saving, and spending.” Favorable 48% down 1% from last survey Q.16: It’s a priority at this school that adults...provide students with opportunities to learn about different career paths.” Favorable 91% no change from last survey		strengthen their financial literacy skills.
The 2024-2025 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Additional Survey Questions: Q1: “In general, my teachers make their lessons relevant to my everyday life experience.” Favorable 69% Q.7: “Adults at this school teach me important skills about money, like earning it, saving it, and spending it wisely.” Favorable 68% up 10% from from last survey Q12: “At this school, I have the opportunity to learn about different careers to help me think about my future.” Favorable 69% down 9% from last survey	Exposing students to diverse career choices is a multi-year initiative and changes/revisions are a part of the school's reflective practice towards continuous improvement.	There is a need to expand opportunities for students to expand their exposure to diverse career choices.
The 2024-2025 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Guidance: Q1: “This school provides me with guidance on the high school application process.” Favorable 78% down 6% from last survey Q2: “This school provides my family with guidance on the high school application process.” Favorable 79% down 1% from last survey	Absenteeism may impact the school's consistent support in the high school application process.	There is a need to continue to enhance the school's strong support for students and their families throughout the high school application process.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	78%	04M206 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June 2026, the percent of favorable student responses to Additional Survey Question #12, "At this school, I have the opportunity to learn about different careers to help me think about my future." will increase by 20%, from 78% to 98%, as measured by Student Panorama Survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

expand opportunities for students to expand their exposure to diverse career choices.

Root Cause Addressed:

Exposing students to diverse career choices is a multi-year initiative and changes/revisions are a part of the school's reflective practice towards continuous improvement.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teacher teams will develop student interest surveys. Teacher surveys will be administered to gauge teachers' abilities and interest in teaching enrichment clubs. School leaders and guidance personnel will schedule, publicize, and conduct information sessions online and in-person, through multiple forums, such as SLT, ILT, PTA, Town Hall, school website, etc. to introduce the CCCR initiatives. SLT/ILT sub-committees will also be tasked with identifying additional books and/or other media that highlight diverse careers for expanding students' exposure to careers that may not be commonly known, as well as those typically available, to be incorporated into the school and classroom libraries.
The school will administer student interest surveys at least 2 times per year and results will be analyzed and shared with stakeholders to determine possible CCCR-focused enrichment clubs (for lunch time, after-school, during the day), based on the student interest surveys. (Cooking Club, Coding Club, Environmental Club, Art Club, Sewing/Knitting/Crocheting Club, Robotics Club, Makers Club, STEAM Club, Athletic Club, Gardening Club, Health Club, Equity Club, Journalism Club, Poetry Club, Book Club, etc.) The school will continue to provide a wide range of information and support for parents and students throughout the high school application process. The school will

continue to plan and implement its traditional College and Career events and elicit feedback from students, teachers, and families about these events through surveys, questionnaires, and interviews.
The school will plan and implement a monthly guest speaker series highlighting diverse careers, at least 4 times during the year. The school will leverage its partnership with CBO, CEI, to enhance the CCCR activities during the school day and through Community School Program. The SLT and other forums for stakeholders in the school will engage in authentic opportunities to provide feedback, ideas, and perspectives to elevate all constituents' voices.
Student interviews will be conducted, related to the CCCR activities that have occurred to influence possible revisions to ongoing CCCR action plan activities/strategies. SLT and other school engagement forums will analyze the successes and challenges of the CCCR action plan activities to inform possible revisions to ongoing CCCR action plan activities/strategies. The school will plan and implement career-oriented assembly series and class visits with guest speakers.
School personnel will plan appropriate work place tours for students in grades 6-8 to provide opportunities for career exposure. Student interviews will be conducted, related to the CCCR activities that have occurred to influence possible revisions to ongoing CCCR action plan activities/strategies. SLT and other school engagement forums will analyze the successes and challenges of the CCCR action plan activities to inform possible revisions to ongoing CCCR action plan activities/strategies

Key Strategy 2 (Optional):

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 4 include:

Rolling agendas, minutes, and attendance are reviewed and feedback to teacher teams is provided by school leaders.

Teacher PD reflection forms are collected and results used to influence next PD steps.

Data-driven discussion protocols memorialize progress monitoring results.

Weekly Supervisory Cabinet meetings include updates on Advance observations, with discussion of normed ratings, feedback, and supports provided to teachers.

Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to Priority 4 CCCR initiatives.

Priority 4 data to be collected and analyzed include the following : Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; IPRs; student interview/questionnaires/surveys; school-created CCCR Initiatives/Activities/Events Tracker

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly parent workshops focused on topics, such as high school application process, college and career readiness, financial literacy	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly parent newsletters focused on topics, such as high school application process, college and career readiness, financial literacy	CEI/Roads to Success/Union Settlement

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

parent coordinator, guidance personnel

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The 2024-2025 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Parent Involvement: Q1:Since the beginning of the school year, how often have you...communicated with your	Outreach to and communication	Teachers need to highlight students'

child's teachers about your child's performance? Favorable 90% Q2: Since the beginning of the school year, how often have you...seen your child's projects, artwork, homework, tests, or quizzes? Favorable 88% Q3: I know how to contact the Parent Coordinator at my child's school.. Favorable 80% Q4:During the school year, have you...attended a school meeting, school event, or parent-teacher conference (virtually or in-person)? Favorable 93% The 2024-2025 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Outreach to Parents: Q.1: School staff regularly communicate with me about how I can help my child learn. Favorable 87% down 1% from last survey Q.2: Teachers work closely with me to meet my child's needs. Favorable 91% down 4% from last survey Q.5: My child's school will make me aware if there are any concerns about my child's social or emotional well-being. Favorable 95% up 2% from last survey	with some parents and families have been limited due to individual, personal family circumstances	progress and performance during parent-teacher interactions on a consistent, ongoing basis.
The 2024-2025 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Outreach to Parents: Q.2: At this school...teachers work closely with families to meet students' needs. Favorable: 91% Q.3: At this school...school staff regularly communicate with parents/guardians about how parents/guardians can help students learn. Favorable: 87%	Accountability and progress monitoring of school-family communication had not been prioritized.	The school needs to plan and implement systems and structures for monitoring effective communication between school staff and families.
The 2023-2024 school records/family sign sheets reflect that: an average of 30 parents attended parent workshops; an average of 60 parent workshops attended shows; approximately 150 parents attended parent-teacher conferences; approximately 100-200 children with their parents and families attended monthly PTA-sponsored family trips. As of April 2025, the Parent Coordinator Activity Report (PCAR) reflects the following: 5,508 phone consultations 1,322 walk-in consultations 18 family/parent workshops conducted 567 parents/families in attendance at workshops 106 parents/families attended parent-teacher conferences	Health-related disruptions and challenging family circumstances have continued as competing demands that parents face.	The school needs to develop effective strategies to increase the percentage of parents who attend general school meetings or school events (virtually or in-person).

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	106	04M206 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June 2026, the number of parents/families attending parent-teacher conferences will increase by 24, from 106 to 130, as measured by Parent Coordinator Activity Report.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Enhancing Parent Involvement

Root Cause Addressed:

Health-related disruptions and challenging family circumstances have continued as competing demands that parents face.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will create parent friendly survey tools to more systematically and effectively gauge parents' interests and satisfaction, in formats and languages most appropriate and accessible for all families, to be administered at least 3 times during the year.
School leaders will plan and implement accountability systems and structures to monitor the effectiveness of teachers and other staff members' communication and outreach to parents and families. Teacher Teams will develop school-wide protocols and expectations for effective communication and outreach with parents/families.
Professional development will be provided, monthly, to all teachers and staff to strengthen their capacity to effectively communicate with families about the students' progress and performance in academic achievement, as well as in social-emotional development.
The school will enhance the school website for all stakeholders, including families, with relevant information and

sections, pertinent to parents and families, and provided in various languages, representative of the school community.
School leaders will monitor parent coordinator's Parent Coordinator Activity Report, on a monthly basis, and provide actionable feedback to support parent outreach efforts and impact.

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

n/a

Action Steps:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 5 include:
Rolling agendas, minutes, and attendance are reviewed and feedback to SLT is provided by school leaders. Data-driven discussion protocols memorialize progress monitoring results.
Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to parent/family engagement.
Parent Coordinator Activity Report (PCAR) and parent workshops/events/meetings attendance results are reviewed

and shared with PTA and SLT to determine next steps.

Priority 5 data to be collected and analyzed include the following:
Parent Coordinator Activity Report; parent workshops/meetings/events attendance; parent/family surveys, questionnaires, interviews; teachers' parent/family engagement logs

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly Parent workshops focused on topics of interest to parents, as indicated through parent surveys and questionnaires, including mental and physical health, finances, and culture	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly Parent newsletters focused on topics of interest to parents, as indicated through parent surveys and questionnaires, including mental and physical health, finances, and culture	CEI/Roads to Success/Union Settlement

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of spring 2025, New Visions Portal reflects the following: 50 students in MS with YTD Attendance level 1 (0-80%) 36 students in ES with YTD Attendance level 1 (0-80%) 43 students in MS with YTD Attendance level 2 (80.01%-90%) 57 students in ES with YTD Attendance level 2 (80.01%-90%) 35 students in MS with YTD Attendance level 3 (90.01%-95%) 49 students in ES with YTD Attendance level 3 (90.01%-95%) 64 students in MS with YTD Attendance level 4 (95.01% or higher) 45 students in ES with YTD Attendance level 4 (95.01% or higher) Overall, school-wide YTD attendance 90.1% and above is 57.8%. Overall school-wide, the YTD Attendance rate is 85%. Overall school-wide, the Chronic Absentee rate is 49%.	Previous attendance incentives have had impact, but chronic absenteeism still persists, although improved.	The school needs to leverage its partnership with CBOs to plan and implement expanded and creative incentive opportunities to encourage attendance and punctuality.

As of spring 2025, New Visions Portal reflects the following: 82% Year to Date Attendance for SWIEP students in MS 87% Year to Date Attendance for SWIEP students in ES 82% Year to Date Attendance for ELLS in MS 79% Year to Date Attendance for ELLS in ES 51% Chronic Absentee rate for SWIEP students in MS 52% Chronic Absentee rate for SWIEP students in ES 60% Chronic Absentee rate for ELLs in MS 57% Chronic Absentee rate for ELLs in ES	Students representing subgroup populations and their families have experienced disproportionately high levels of stress, anxiety, illness, and death due to health-related issues and have not had access to adequate resources in the community to enable students and their families to focus on their academic learning.	CBO and school attendance personnel need to coordinate efforts to provide needed physical and mental health services to individual students representing subgroup populations (and families) to close the disproportionate gaps in attendance.
As of spring 2025, New Visions Portal reflects the following: 78% Year to Date Attendance for MS students living in a shelter 70% Year to Date Attendance for ES students living in a shelter 82% Chronic Absentee rate for MS students living in a shelter 74% Chronic Absentee rate for ES students living in a shelter 81% Year to Date Attendance for MS students living in temporary housing 74% Year to Date Attendance for ES students living in temporary housing 71% Chronic Absentee rate for MS students living in temporary housing 69% Chronic Absentee rate for ES students living in temporary housing	Students and their families who are living in temporary housing situations often face unique challenges that are beyond the jurisdiction of the school to address.	The school needs to conduct ongoing parent surveys and questionnaires with students and parents of students in temporary housing to elicit parents' opinions about what goods and services they feel would be most beneficial to their children.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	193 students	By June 2026, the percentage of all students with Year to Date Attendance of 90.1% or higher will increase by 3%, from 57.8% to 60.8%, as measured by the New Visions Attendance Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Leveraging CBO Partnership focused on Attendance Improvement

Root Cause Addressed:

Previous attendance incentives have had impact, but chronic absenteeism still persists, although improved.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Staff will call the home of each student who is not in attendance each day. Staff mentors will meet daily with student mentees receiving Tier 3 support to check-in and encourage regular school attendance. Mentors will share any information about barriers to school attendance with the attendance committee. School staff will implement the individualized plans developed by the attendance committee to address barriers to school attendance.
The principal will emphasize the importance of regular school attendance in the monthly parent newsletter. Review monthly attendance data to identify any student that missed four in those two months that did not appear in the lists of those that have missed six or more. Members of the attendance committee will identify an adult within the school with whom the child has a relationship to contact families of these students by phone to discuss the importance of regular school attendance and identify any barriers.
The attendance committee will work with families to engage the support of outside agencies and school's CBO partner to address barriers that are beyond the school's capacity. Review the attendance of all students that enrolled to determine if any are showing signs of negative attendance trends. Assign supports, such as monthly individualized

attendance plans. Review the success of monthly individualized attendance plans to determine if supports should continue, increase, or decrease for the next month.
Schedule meetings with the mentor assigned to any student who has missed more than 6 days of school to determine if additional support is needed. Review disaggregated attendance data for subgroup students and determine next steps to continually improve their attendance.
Before and after school programs that provide enrichment learning opportunities will be offered to encourage attendance. “Specialty Early-Riser Family Breakfast” opportunities will be planned by stakeholders and offered to students and their families as an incentive to encourage attendance and punctuality.
SLT monthly meetings will include progress monitoring of the successes and challenges of the Chronic Absenteeism action plans to inform revisions to the 2025-2026 CEP and the development of the 2026-2027 CEP related to Attendance/Chronic Absenteeism.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority Attendance/Chronic Absenteeism include:
Rolling agendas, minutes, and attendance are reviewed and feedback to SLT is provided by school leaders.
Data-driven discussion protocols memorialize progress monitoring results.
Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to attendance and chronic absenteeism. Parent workshop attendance results are reviewed and shared with PTA and SLT to determine next steps.

Priority Attendance/Chronic Absenteeism data to be collected and analyzed include the following:
New Visions Portal attendance and chronic absenteeism rates; guidance support personnel/parent/family outreach logs; CBO attendance reports; stakeholder surveys/questionnaires/interviews

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly parent workshops focused on strategies to improvement students' attendance	CEI/Roads to Success/Union Settlement
09/10/2025	06/20/2026	Monthly parent newsletters focused on strategies to improvement students' attendance	CEI/Roads to Success/Union Settlement

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
As of spring 2025, the school's internal IEP Review reflects: 15% of IEPs include statement and quotes by students (Question 15A).	Disruptions in schedules during the school year negatively impacted	IEP Development and Fidelity of Implementation

	consistent opportunities for the collaborative inclusion of students in the IEP process and to enhance and deepen its systems and structures to elevate students' voice in the IEP process.	
As of May 26, 2025, the Shared Path Dashboard reflects: 100% of IEPs with completed transition fields.(2024-2025) 50% of IEPs with completed transition fields.(2023-2024)	The school has not fully tracked all aspects of compliance.	Transition Planning and Compliance
As of May 26, 2025, the Shared Path Dashboard reflects: Referral Rate 3.2% (2024-2025) Referral Rate 3.4% (2023-2024)	Issues of equity require continuing attention by all school personnel.	Referral Process and Equity
As of May 26, 2025, the Shared Path Dashboard reflects: 8.8% SWIEP suspensions (2023-2024) 6.2% SWIEP suspensions (2024-2025)	Issues of equity require continuing attention by all school personnel.	Equity in School Discipline
The 2023-2024 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Additional Survey Questions: Q.23: "I am satisfied with the educational planning and Individualized Education Program (IEP) development process at this school." Favorable: 90% down 3% from last survey Q.24: "At this school, my child receives what they need to achieve their Individualized Education Plan (IEP)" Favorable 91%	Parents who were balancing the demands between personal family/life challenges and their involvement with the school during the school year negatively impacted ongoing	The school needs to continue to enhance its systems and structures to improve outreach to parents of students with IEPs to elevate parents' voice in the IEP process.

	opportunities for the collaborative development of quality IEPs with all parents.	
The 2023-2024 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Cultural Awareness and Inclusive Classroom Instruction: Q.6: “I am able to...design appropriate instruction that is matched to students' need (e.g. English language learners (ELLs) or Emergent Multilingual Learners (EMLLs) proficiency and students with disabilities).” Favorable 96% up 6% from last survey Q.8: “I am able to...develop appropriate Individualized Education Programs for my students with disabilities.” Favorable: 94% up 1% from last survey Q.9: “I am able to...monitor progress on Individualized Education Program goals for my students with disabilities.” Favorable: 91% down 5% from last survey) Q.10: “I am able to...distinguish linguistic/cultural differences from learning difficulties.” Favorable: 93% up 1% from last survey	Teachers have not been provided with sustained training in developing specific specially-designed instruction, with particular attention to new teachers.	School needs to continue to provide extensive professional development to empower teachers and paras in instructional delivery to meet the diverse learning needs of individual students and the development to all teachers of SWD students in understanding, planning, and implementing specific specially-designed instruction (SDI) to address missing skills, concepts, or strategies that will assist the students in accessing and progressing within the general education curriculum

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	15%	By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will increase student voice by a 60% increase in the percent of IEPs that include statements and quotes by students, from 15% to 75%, as measured by IEP Review Dashboard (Question 15A).

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

elevate students' voice in the IEP process

Root Cause Addressed:

Disruptions in schedules during the school year negatively impacted consistent opportunities for the collaborative inclusion of students in the IEP process.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
SIT team members meet monthly to review students' IEPs and recommendations for services. School leaders leverage the Advance system through observation cycle 1 to provide ratings, feedback, and next steps related to components 1a, 1e, and 3c, based on teachers' pedagogical practices in planning and implementing specially-designed instruction required to address missing skills, concepts, or strategies that will assist the student in accessing and progressing within the general education curriculum. School leaders provide extensive professional development to empower teachers and paras in instructional delivery to meet the diverse learning needs of individual students, including social emotional support. School leaders and IEP personnel schedule and program time for co-teachers and paras to collaborate with each other and with other school support personnel to develop quality IEPs. Cycles of professional development will be provided to address the areas of need identified in the 2024-2025 IEP Review Dashboard, including but not limited to questions 15A, 16A, 24. IEP teacher and school leaders access SESIS Reports, which are completed and reviewed on a weekly basis. SIT Team will review IEPs with a particular focus on incorporating students' voice in IEPs, with direct quotes and statements by students. SIT Team will review IEPs with a particular focus on incorporating parents/families' voice in IEPs, with direct quotes and statements by parents/families
IEP teacher review annual goals to ensure that teachers develop rigorous IEP goals for students
Professional development will be provided to support teachers as they implement differentiated, tiered instruction and interventions in the general education curricula.
Teachers plan lessons to specifically and strategically include and address students' IEP-based learning needs and designated modifications and adaptations in daily instruction, including strategies for social-emotional support embedded in daily lessons.

School psychologist, service providers, IEP teacher and middle school teachers meet with families and students, aged 14 or older, to plan appropriate post-graduation options, as needed.
The school psychologist, IEP teacher, teachers, and related service providers access SESIS to schedule and conduct required IEP conferences, within compliance time frames. SIT Team review referrals on a monthly basis. IEP teacher and school leaders access SESIS Reports, which are completed and reviewed on a weekly basis.
SIT Team reviews referrals on a monthly basis.
The school psychologist, IEP teacher, teachers, and related service providers access SESIS to schedule and conduct required IEP conferences for all students in foster care, reaching out to birth parents, and foster care agency points for all initial, annual reviews, and re-evaluation Individualized Education Program (IEP) services.

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The primary structures to progress monitor implementation of this priority key strategies and action plan include: IEP Review Dashboard review, school's internal IEP Review; SIT Team meeting agendas, minutes, and sign sheets.

Data to be collected and used to determine progress and impact include: IEP Review Dashboard review, school's internal IEP Review

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/10/2025	06/20/2026	monthly parent workshops, focusing on the IEP process and parents' rights and responsibilities	CEI
09/10/2025	06/20/2026	monthly parent newsletters focusing on strategies to support the learning of students with IEPs	CEI

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

parent coordinator, guidance personnel, SIT Team

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Academic Support	i-Ready One year below (ELA and math) Teacher recommendation/ class assessments	conferencing	small group	during the day	no
Tier 3 Academic Support	i-Ready 2 years below (ELA and math) Teacher recommendation/ class assessments	conferencing	one to one tutoring	during the day	no
Tier 2 Academic Support	I-Ready (ELA & Math) Teacher recommendation/ class assessments	SETTS	small group	during the day	no
Tier 3 Academic Support	i-Ready 3 or more years below (ELA and math)	i-Ready	individual tutoring	during the day and after school	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 SEL Support	Teacher recommendation, anecdotal reports	at-risk counseling	small group	during the day	no
Tier 3 SEL Support	Guidance personnel recommendation, suspensions and or class removals	mandated counseling; Trauma Crisis Intervention	one to one	during the day	no
Tier 2 SEL Support	students identified by ongoing conflicts	mediation	small group	during the day	n/a

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school's essential components of MTSS are shared with families through parent/family workshops, parent/family newsletters and through individual parent-teacher conferences. The school's website also features a description of the Tier 2 and Tier 3 academic and social-emotion intervention supports that the school provides.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive updates on the progress of their child(ren) who receive Tier 2 targeted or Tier 3 intensive interventions through individual parent-teacher conferences and student progress reports.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are involved during decision-making regarding the progress of students receiving Tier 3 intensive interventions through on-going interactions, focused on the students' progress reports, Teachers and/or support staff discuss next instructional steps and/or next social-emotional supports with parents/families to engage them, elicit their feedback, and follow up with home activities that parents/families can implement to reinforce the school's supports.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

There are 36 ES students living in temporary housing.
There are 51 MS students living in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

As of spring 2025, New Visions Portal reflects:
23% (MS) STH students scored proficient on the spring 2024 New York State ELA exam
21% (MS) STH students scored proficient on the spring 2024 New York State Math exam

21% (ES) STH students scored proficient on the spring 2024 New York State ELA exam
16% (ES) STH students (13%) scored proficient on the spring 2024 New York State Math exam

YTD Attendance for students living in a shelter (MS) is 78%
YTD Attendance for students living in a shelter (ES) is 70%

Chronic Absenteeism rate for students living in a shelter (MS) is 82%
Chronic Absenteeism rate for students living in a shelter (ES) is 74%

YTD Attendance for students living in doubled up situation (MS) is 88%
YTD Attendance for students living in doubled up situation (ES) is 90%

Chronic Absenteeism rate for students living in doubled up situation (MS) is 47%
Chronic Absenteeism rate for students living in doubled up situation (ES) is 43%

There are no students living in hotel/motel. At this time.

The demographic, attendance, and achievement data for these students will be shared with relevant teams, comprised of all stakeholders, to collaboratively determine supports and services to be provided to this student population. Community-Based Organization partners will be involved in shared decision-making to support these students.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Based on the Title 1 STH Parent Surveys and school leadership determinations, the school may provide resources and services, as needed, from the following allowable expenditures:
1. Items of clothing and shoes necessary for participation in classes
2. Student fees that are necessary to participate in the general education program
3. Personal school supplies such as backpacks, notebooks, and remote learning devices such as internet and/or laptop/tablet
4. The acquisition of birth certificates
5. Immunizations
6. Food
7. Medical and dental services
8. Eyeglasses and hearing aids
9. Counseling services related to homeless issues that are impeding learning
10. Outreach services
11. Extended learning time (before and after school, Saturday, summer)
12. Extra-curricular activity fees
13. Tutoring services, especially in shelters or other locations where homeless students are residing
14. Parental involvement
15. Fund all or part of the homeless liaison's salary, even if that person has no Title I duties.
16. Transporting students in temporary housing to and from their school of origin.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There are no students in foster care currently enrolled in the school. If the school receives child/children in foster care, the following social-emotional and academic supports will be available to them:

- Trauma-informed counseling by school psychologist, social worker, guidance counselor.
- SEL Sanford Harmony-related small groups or one-on-one sessions
- SEL Ruler-related small groups or one-on-one sessions
- Restorative Circles small groups
- Reading i-Ready individualized lessons, based on students' i-Ready reading data
- Math I-Ready individualized lessons, based on students' i-Ready math data

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Targeted supports that would be in place for students in foster care, including those newly transitioning into the foster care system, include the following:

- Building trust and rapport with consistency with reliable figures for mentoring
- Showing empathy and understanding
- Creating supportive learning environments with culturally-responsive materials and pedagogical practices
- Getting to know students as individuals, learning about their backgrounds, interests, and challenges through one on one co-generative dialogues or conferences
- Promote students' positive identity, sense of self through celebrations of students' accomplishments and strengths
- Establish and reinforce clear expectations and boundaries with student-friendly handbooks

The school would ensure that these students receive the necessary interventions to promote stability and success through:

- Advocacy for students in foster care
- On-going collaboration with foster parents and case workers
- CBO and/or school support staff provide professional development to all staff, focusing on educating staff about foster care
- School leaders follow up through supervisory cabinet meetings to track and monitor the progress of students in foster care and ensure that targeted supports are being provided to them

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing the following historical demographic, attendance, and achievement data for students in foster care, the following trends have emerged:
There are currently no students in foster care, but the school is prepared to offer services and supports if students in foster care are enrolled throughout the year.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

The school is prepared to implement the following specific strategies to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support:

- Building trust and rapport with consistency with reliable figures for mentoring
- Showing empathy and understanding
- Creating supportive learning environments with culturally-responsive materials and pedagogical practices
- Getting to know students as individuals, learning about their backgrounds, interests, and challenges through one on one co-generative dialogues or conferences
- Promote students' positive identity, sense of self through celebrations of students' accomplishments and strengths
- Establish and reinforce clear expectations and boundaries with student-friendly handbooks
- Advocacy for students in foster care
- On-going collaboration with foster parents and case workers
- CBO and/or school support staff provide professional development to all staff, focusing on educating staff about foster care
- School leaders follow up through supervisory cabinet meetings to track and monitor the progress of students in foster care and ensure that targeted supports are being provided to them

These strategies help address the academic and behavioral challenges that students in foster care may face by strengthening the students' sense of identity, self-worth, authentic achievements and recognition.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

The school will utilize Expanded Learning Time to offer opportunities for enrichment and additional learning before, during, after school, on weekends, and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting, as follows: Homework Help, enrichment clubs, sports, and others to be determined by student interest surveys.

Identification of students who would benefit from these ELT opportunities will be based on MTSS criteria of tiered levels of academic performance and tiered levels of social-emotional development. Enrichment, remedial, and restorative strategies will be implemented during these Expanded Learning Time opportunities.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

The school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in the content areas of ELA and math by selecting and assigning an appropriately licensed pedagogue.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

The school will meet the requirement of ensuring that alignment of ELT instruction with core academic subject area instruction offered during the regular school day through teachers articulating shared materials and instructional practices and strategies. Personnel assigned to ELT instruction will be selected from personnel who teach these same core subjects during the school day, ensuring consistency and continuity. School leaders will supervise the ELT program instruction through the same classroom observation lens of Advance components that is utilized during the regular school day.

Provide a description of the materials purchased to support implementation of ELT.

Materials that will be used to support the implementation of ELT program will be aligned with the instructional materials used during the regular school day

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. 04M206, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

04M206 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

04M206, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

The school provides year-long mentors and Next Generation Standards professional development opportunities for teachers in the areas of concentration for ELA and math.
Teachers attend professional development sessions provided by the District in ELA and math, as well as in other content areas of science and social studies.
Special Education workshops; ELL workshops; City-wide workshops are provided and/or turnkeyed by in-school personnel and district personnel.
The school provides differentiated PD for new teachers and PD consultants provide workshops that focus on aligning the curriculum to the Next Generation Standards.
Reading and Math Grade Level planning occurs weekly, incorporating the Next Generation Standards in ELA and math, as well as in the use of remote platforms to support virtual teaching and learning.
Literacy coaches provide support in the areas of ELA and math standards and lesson planning.
Teachers collaborate on grade-level teacher teams to analyze student work and during these sessions, they learn from each other, as they identify students' strengths, areas of need, discuss potential feedback to students and determine next instructional steps.
Mentors and consultants also meet with teachers in small groups or in one-on-one meetings to deepen the teachers' skills in analyzing student work and determine feedback and next instructional steps.
The principal attends professional development provided by Teachers College. The principal participates in Algebra for All PD sessions from DOE. The principal participates in the Learning Partners Program. The assistant principals participate in CSA's Executive Leadership Institute workshops and mentoring program.
The school staff participates in professional development around the topics of equity and culturally responsive teaching.
Paraprofessionals will be attending professional development sessions that the city and district will be providing to specifically meet the needs of paraprofessionals to maximize their effectiveness in the classroom. Lead paras will then turnkey their learning and information with other paraprofessionals on staff.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

N/A

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	468,270.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title I, School Improvement 1003(a)	Federal	109,888.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title II, Part A	Federal	32,313.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title III, Part A	Federal	13,293.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title III, Immigrant	n/a	n/a	n/a	n/a
Title IV, Part A	Federal	5,491.00	X	Section 5/Priority

				1,,2,3,4,5 CA,IEP
Tax Levy (Fair Student Funding)	Local	3,784,917.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Center for Educational Innovation	Students/Staff/Parents	student academic and social emotional supports; professional learning; family engagement and support	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism, Quality IEP
Boriken Neighborhood Health Center Student Based Health Clinic	all students	health care services, including dental care	Section 5 Priorities 1,2, Chronic Absenteeism
Union Settlement Association	Elementary School Students	after-school program provides homework help, recreation, arts, fitness, and dance	Section 5 Priorities 1,2,3 Chronic Absenteeism

Roads to Success	Middle School Students	after-school program provides homework help, games, cooking, basketball, dance, martial arts, and other activities, based on students' interests	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Phil Ramone Orchestra	25 Elementary and Middle School Students	Students will spend up to two hours a day, two days a week (minimum) studying music in a variety of genres including classical, gospel, jazz, pop, and hip hop where possible. Sessions will include a combination of full orchestra practice (when the student is eligible), section practice by instrument, and private lessons.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Girls on the Run	Elementary and Middle School Girls	Girls on the Run inspires participants of all abilities to recognize their individual strengths while building a sense of connection in a team setting. Volunteer coaches facilitate lessons that blend physical activity with life skill development to enable participants to adapt to whatever comes their way. At the end of the season, the team completes a 5K together, which provides a tangible sense of accomplishment and sets a confident mindset into motion.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Bronx Ensemble	25 Students Elementary and Middle School	Violin lessons two times a week for students in the 3 - 8th grade with performances three times a year.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Concorde Education	Elementary School Students	STEM Programming designed to Improve Academic Achievement: Enhance students' performance in science, technology, engineering, and mathematics. In Learning: Increase student engagement and motivation by making learning relevant, exciting, and applicable to real-world challenges.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
The NYC Horticultural Society	Elementary School Students and Staff	The Hort provides a range of educational programs – classes, activities, events, convenings – to advance urban horticulture literacy among our children, youth, teachers, and parents. Students participate in STEM, Cooking and SEL activities once a week and during ELT programming.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Equity Design	Students and Staff		Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Betty Jean	Parents and Students	The NY Common Mobile Pantry provide 50	Section 5 Priorities

Brown Foundation/NYC Common Pantry		fresh produce bags twice a month for families.	1,2,3,4,5, Chronic Absenteeism
Harlem Magic Masters	Elementary School Students/ Parents	Harlem Magic Masters provides sports, recreation, team building and physical wellness skills to ELT students in grades 3 - 6. Students receive 1 hours of program five days a week.	Section 5 Priorities 1,2,3,4,5, Chronic Absenteeism
Association to Benefit Children	Identified Students	1 full time clinician will provide individual counseling , 2 student groups, consult with school support team, provide resources to families, facilitate up to four trainings for school staff, provide at least one parent workshop on mental wellness, and promote social-emotional well-being as part of a school wide culture.	Section 5 Priorities 1,2, Chronic Absenteeism

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The Center for Education Innovation (CEI) will partner with PS/MS 206 in achieving annual goals in the areas of ELA and Math, attendance/chronic absenteeism, social-emotional supportive environment and quality IEP development by offering the following services and supports:

The CBO will partner with our Community School to support the achievement of annual goals, as follows:

- actively participating in the School Leadership Team and school Wellness Council
- Spearhead monthly CBO meetings

- providing after school programs with an academic/homework help component

- Plan and support HKI yearly vision screening for whole school community - providing free glasses for students who need them

- Plan for bi-yearly Oral Health presentation, examination, gentle cleaning, fluoride, and sealants

- Community School Forum

- 3 Collaborative Planning Meetings a year

- Tiger Talk Parent Mental Health Supports (Three times a year Events)

- Monthly CBO Meetings- Once a month meeting with 206 administration and CBO partners to ensure that all programs are aligned with the schools CEP goals
- providing resources for parents whose children need academic supports - such as Learning Ally for struggling readers

- compiling a listing of resources for school leaders and school community of organizations that provide tutoring for possible supportive referrals

- coordinating and collaborating with school personnel to provide teacher workshops on integrating art into the curriculum to enrich and reinforce math and literacy teaching and learning.

- Boriken Neighborhood Health Center Student Based Health Clinic - PS/MS 206 students will be able to receive health care services from the Boriken Neighborhood Health Center, which would include dental care. The clinic is located in the PS 112 building.

- Mental health services for students provided by the Association to Benefit Children

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Our Community School will welcome and empower families to participate, collaborate, and take a leadership roles in the school community, as follows:
parent engagement activities will include but not be limited to

- curriculum workshop nights
- Bring your Dad to School Annual Event
- Grandparents Day Celebration Annual Event
- workshops focused on topics, such as: technology, self-care, and physical and mental wellness, coding
- in-person and virtual family night activities, such as game night/movies/ end of year family day, painting events, etc.
- in person and virtual celebration events for student achievement
- Providing Health Bucks for families
- art workshops
-surveying parents two to three times a year to elicit families' perspectives, opinions, and input on the wants/ needs of the school community
- partner with organizations to address food insecurity in the school community
invite parents to address the school wellness council on their concerns
- monthly calendar with all upcoming events and parent meetings
- development and distribution of a monthly newsletter for the community with events throughout the school year.
- Partner with PTA and parent coordinator to provide resources for students and families

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Our Community School offers integrated health and wellness programs that help to build healthy habits and support students' social emotional and academic learning, as follows:
create a health and wellness council comprised of a school administrator, the community school director, and other members of the school community, such as: gym teacher/school food and nutrition/social worker, and others to be determined, to ensure an inclusive council that represents constituencies and encourages multiple perspectives
partner with community food pantry and CBOs to address food insecurity in the school community
- bi-weekly fresh produce bag distribution
support school SEL programming
partner with community health organizations to provide parent and student workshops on health issues, such as asthma/obesity/diabetes/etc.
vision screening for all students and free eye glasses for students
ensure all students have mental health consent forms on file
mental health providers include:
Association to Benefit Children (ABC)- provides mental health services for students who would benefit from Tier 3 level social-emotional supports
CEI partners with Columbia University interns to provide mental health services for students who would benefit from Tier 3 level social-emotional support
CEI partners with school social workers to provide mental health supports for parents
Expanded Learning Time (ELT): Our Community School will offer opportunities for enrichment and additional learning before, during and after school and on weekends or during the summer, through programs, such as:

CEI - Center for Education Innovation after school program provides a wide variety of after school enrichment programs, such as:

Walls for Change - WALLS4CHANGE is a student arts residency program that empowers students to have a voice on social issues through creating school murals to effect change in their communities. In addition to learning art skills, techniques and concepts, students survey art and artists, learn about public art and social activism, explore issues in their communities, meet with guest artists, and ultimately create a powerful mural with a message on a major social issue. The program culminates in a school presentation.

ESports - is a comprehensive program designed to give students a complete overview of the Esports ecosystem and provides the critical communication, collaboration and problem solving skills students need to thrive in school and in life. Esports engages students in innovative ways while improving school culture,
building character and promoting career and college readiness.

Robotics - Robots are cool! Students engage in active, hands-on-learning as they design, build and test their creations. At the same time, they learn computer science concepts in algorithms, abstractions, communication, programming and prototyping.

Horticultural Society - The Horticultural program will design, create, and maintain the school garden together with the students. Participants will have access to planting kits provided specifically for learning from home. They will also learn garden tasks like planting, weeding, fertilizing, cultivating, watering and harvesting. We will introduce both indoor plants from our education greenhouse as well as outdoor plants from park spaces nearby.

Students will engage in plant-based cooking, animal studies, Makers Club, parks exploration, botany and biology. Activities will tie into the DOE science and math curriculum to include dissecting and planting seeds, identifying evergreens, differentiating leaf types, flower anatomy and natural soil fertilizers. . DMF Youth Dance program: a week two times dance program that incorporates motivational dance and life skills development to build resilience and self-esteem. DMF Youth addresses SEL through their dance workshops.

Concorde Education offers a litany of programs designed with both state and UN standard compliance with an emphasis on student engagement with new pathways to learning. Additionally, the curriculum for these courses are STEM based. Students in the CEI after school program will engage in Household Science, Digital Animation, Video Game Design and Music Production.

Harlem Magic Masters - Harlem Magic Masters' coaches immerse students into the sport of basketball, by giving them a focused intensive training regimen that is essential to improving their skills, self-confidence and overall appreciation of the game. Students learn that commitment is necessary to apply an attitude for hard work both on and off the court.

Phil Ramone Orchestra - provides music instruction for students in grades 2 - 8 in a variety of genres including classical, gospel, jazz, pop and hip hop. Lessons include a combination of full orchestra practice, section practice by instrument, and private lessons. All students receive a free instrument for use.

Union Settlement Association - provides an afterschool program that offers homework help, recreation, arts, fitness, and dance.

Road to Success provides after school programming for students in grades 6th -8th. Road to Success provides the following activities: homework help, games, cooking, basketball, dance, martial arts, and a variety of programs based on student interests.

Girls on the Run Program

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Our community school will work with CEI to reduce chronic absenteeism, as follows:
Our school will implement the Success Mentor Program and weekly attendance meetings to advance support for chronically absent students.
As per our school's OSYD Consolidated Plan, our school will:
implement a weekly attendance meeting, consisting of administration, school social workers, CSD, CBO partners, pupil accounting secretary, school aides, and the school attendance teacher, to support the achievement of the school's annual chronic absenteeism goal:

By June 2025, the number of all students with the number of absences that puts them on track to be chronically absent will decrease by 30 students, from 197 students to 167 students, as measured by the New Visions Chronic

Absenteeism Report.

The attendance team will:
create an attendance plan and attendance team for the 2024 - 2025 school year to address chronic absenteeism using data from ATS and Insight Portal.
create yearlong attendance incentives based on ATS, Insights, and Insight Portal data and attendance trends
assign school aides to make parent phone calls for absences and lateness
monitor student attendance, using the Insights and New Visions Portal
analyze the data from Insight and New Visions to determine and implement Tier 2 and Tier 3 strategies to reduce chronic absenteeism
implement the Success Mentor program, as a Tier 2 intervention for students who would benefit from Tier 2 level strategies (Success Mentors will consist of teachers, school support staff and CBO partner members)

- refer students who are receiving Tier 3 level services to school guidance/attendance teacher/CBO partners for additional mental health services, as needed
- monitor and document all attendance-related interventions

CBO partners will:

- provide necessary supports to identified students
- provide supports for parents of students with attendance concerns
- plan activities to promote school attendance
- provide parent workshops on the negative effects of chronic absenteeism

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our Community School will partner with CEI to optimize systems and structures and provide differentiated and culturally responsive supports to ensure equity for all students, including students in temporary housing, MLLs/ELLs, and students with disabilities, as follows:

Center for Education Innovation (CEI) is currently writing grants, developing workshops, and offering training, workshops and follow-up job-embedded coaching and support to teachers and paras in the following areas: educational equity; SEL; emotional intelligence; implicit bias; trauma; anti- racism; creating welcoming and affirming spaces for the LGBTQ community; engaging diverse families and communities including our LGBTQ, NEST, SWD, STH, ELL, MLL and GE students; providing resources to teachers and families, when needed (including partnering with other CBOs and cultural institutions and utilizing community resources); creating safe spaces so that all students feel supported; securing funding for arts education for special populations, including our ELL and SWD student populations.

Implicit Bias Training
For PS/MS 206 staff and a workshop for parents
During the 4-part*, Implicit Bias Awareness Series, participants will reflect on the idea of public schools as supportive and inclusive environments where students' intellectual, social, and emotional well-being are safeguarded by every adult who comes in contact with students and families; especially by ensuring that students are nurtured in every aspect of their development. During this time of reflection, participants will understand how we can hold egalitarian values while simultaneously creating policies and practices that do not reconcile with those same values and how they usually lead to inequitable and disparate outcomes.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Camille Forbes
Assistant Principal (Where Applicable)*	Yonette Youman
English as a New Language (ENL) Teacher*	Natalie Marcano
Teacher (if school has a bilingual program must be a bilingual teacher)*	Nelissa Suarez
Parent/Guardian*	Tanika Grullon
Content Area Teacher	Karen Ashby
Parent Coordinator	Lorena Smoakes
School Counselor	Ruben Zorilla
Related-Service Provider	Jennifer Urgilez
Coach	Lindsay Manevitz
Coach	Mayra Acosta

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

4

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

1

Total number of teachers with LOTE certification providing World Language instruction:

1

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

382

Total number and percentage (%) of current ELLs:

95/25%

Total number and percentage (%) of former ELLs:

28/7.3%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

68/71.6%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

16/16.8%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

11/11.6%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

25/26.3%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

23/24.2%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	ICT	Spanish	2015				2	2	2	2	2	2					12
DLBE																	0
DLBE																	0
				total: 0	total: 0	total: 0	total: 2	total: 2	total: 2	total: 2	total: 2	total: 2	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In the stand-alone English as a New Language model, students at the Entering, Emerging, or Transitioning levels are taught by the ENL teacher. Stand-alone groups are determined according to grade and proficiency level. In some cases, the stand-alone groups are heterogeneous by grade, with two consecutive grades represented in one group, and/or by proficiency level, with students spanning from Entering to Transitioning. Stand-alone instruction is aligned with the Next Generation Learning Standards and NYSESLAT Targets of Measure (TOMs) and aims to extend and support classroom study in the content areas. The amount of stand-alone instruction an ELL student receives per week is determined by the student's English proficiency level based on their results on either the NYSITELL or NYSESLAT exams. As described in CR Part 154.2, students who are designated "Entering" or "Emerging" receive 360 minutes of instruction per week, including 180 minutes of stand-alone instruction. Students who are designated “Transitioning” receive 180 minutes of instruction per week, including 90 minutes of stand-alone instruction. For instructional stand-alone periods, students separate from their official class to be instructed by the ENL teacher. The ENL teachers are Stacy McGrath (3rd grade), Jennifer O'Connell (4th grade), Hayley Aguilar (5th and 6th grades), and Natalie Marcano (7th and 8th grades).

Integrated ENL:

In the integrated (co-teaching) ENL model, students are taught by both the certified ENL instructor and the content classroom teacher in the classroom. The ELLs stay with their class, which either is taught for the entire day by one teacher or travels to different teachers as one group. In the integrated model, the ELLs within one class are heterogeneous in terms of proficiency level but homogeneous by grade. Instruction is aligned with the Next Generation Learning Standards and NYSESLAT Targets of Measure (TOMs) and aims to extend and support classroom study in the content areas. The amount of instruction an ELL student receives per week is determined by the student's English proficiency level based on their results on either the NYSITELL or NYSESLAT exams. As described in CR Part 154.2, students who are designated "Entering," "Emerging," "Transitioning," and “Expanding” receive 180 minutes of integrated instruction per week, and students who are designated "Commanding” receive 90 minutes of integrated instruction per week. The ENL teachers are Stacy McGrath (3rd grade), Jennifer O'Connell (4th grade), Hayley Aguilar (5th and 6th grades), and Natalie Marcano (7th and 8th grades). Entering and Emerging services are provided during the ELA periods of Reading and Writing. Transitioning services are provided during 2 ELA periods and 2 content area periods. Expanding services are provided during 4 content area periods (science, math, social studies, ELA).

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

n/a

Dual Language Bilingual Education (DLBE):

The DL program is a 50/50 two-way program. The school uses a side-by-side model in which students alternate their language of instruction each day so that students receive instruction in core subjects in both English and Spanish. ELLs in the DL program receive ENL instruction through the integrated model. DL classes are homogeneous in grade, and the classes are taught by one teacher team throughout the day or travel as one group to different teacher teams by content. DL classes are heterogeneous in terms of proficiency level.

ELLs in the DL program performing at the Entering and Emerging proficiency levels receive standalone instruction per CR Part 154.2. The groups of students for standalone instruction may be heterogeneous in grade (spanning no more than two grade bands) and proficiency level (spanning between Entering to Emerging).

Students who are mandated for stand-alone ENL instruction are placed into a grade level group and instruction is provided by a certified ENL instructor in order to acquire the English Language needed to access the work in the core subject areas.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our ENL program follows the guidelines set forth in CR Part 154.2. With four ENL teachers, students are able to receive their mandated instructional minutes according to their proficiency levels. Students at the Entering and Emerging levels receive 360 instructional minutes through both integrated co-teaching and standalone instruction. Students at the Transitioning levels receive 180 instructional minutes through either a combination of integrated and standalone, or only integrated. Students at the Expanding levels receive 180 instructional minutes through integrated instruction only. Students at the Commanding level receive 90 instructional minutes through integrated instruction only.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our Dual Language program ENL, ELA, and HLA instructional minutes are incorporated into core content instruction. In our monolingual program, ENL instruction is integrated into ELA content to meet the instructional minutes for students. To provide standalone minutes to Entering or Emerging students, the ENL teacher pulls students into another location in the school building.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The DL program is a 50/50 two-way program. For 3rd through 5th grade, the school uses a side-by-side model in which students alternate their language of instruction each day so that students receive instruction in core subjects in both English and Spanish. The 6th grade DL class is self-contained and receives instruction in core subjects in both English and Spanish within one day. The 7th and 8th grade DL classes receive instruction in core subjects in both English and Spanish within one day.

DL classes are homogeneous in grade, and the classes are taught by one teacher team throughout the day or travel as one group to different teacher teams by content. DL classes are heterogeneous in terms of proficiency level, so English proficient students and ELLs are integrated for 100% of the instructional day.

ELLs in the DL program performing at the Entering, Emerging, or Transitioning proficiency levels receive standalone instruction per CR Part 154.2. The groups of students for standalone instruction may be heterogeneous in grade (spanning no more than two grade bands) and proficiency level (spanning between Entering to Transitioning).

Stand-alone ENL instruction is provided by a certified ENL instructor 180 minutes across the week, in order to help students acquire the English Language needed to access the work in the core subject areas. Differentiated direct instruction in reading, writing, listening and speaking is provided based on the literacy levels of the children. Instruction is provided by way of mini-lessons to the whole class, small group instruction and independent work.

b. In which language(s) is each core content area taught?

In the 3rd and 4th grade DL program, Math is taught in both Spanish and English. Reading and Writing are taught in Spanish and English. Science is taught only in English and Social Studies is taught only in Spanish.

In the 5th grade DL program, Math is taught in both Spanish and English. Reading and Writing are taught in Spanish and English. Science is taught in Spanish only and Social Studies is taught in English.

In the 6th grade DL program, Math is taught in both Spanish and English. Reading and Writing are taught in Spanish and English. Science is taught in Spanish and Social Studies is taught in English.

In the 7th grade DL program, Science and Social Studies are taught in Spanish, and ELA and math are taught in English.

In the 8th grade DL program, Science and Social Studies are taught in Spanish, and ELA and Math are taught in English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Percentage of ELLs who are Newcomers: 71.6% (April 2025) Services for Newcomers will be based on their proficiency level as well as additional academic and social emotional considerations. If a Newcomer performs at an Entering, Emerging, or Transitioning level, they will receive Standalone services in addition to Integrated Instruction. If they perform at an Expanding level or above, they will receive only
Integrated services. ENL teachers will also consider literacy levels in Newcomers' primary languages when designing instruction. Additionally, they will be mindful of Newcomers' social and emotional needs after immigrating to a new country and incorporate SEL with a focus on the challenges of immigration into their services. Instruction for newcomers will incorporate more visual scaffolding and a focus on building language acquisition with tier 1, tier 2 and tier 3 vocabulary. On a daily basis newcomers will be provided with opportunities to create picture, word and sentence dictionaries. Teachers will emphasize cognates, multi-meaning words and idiomatic expressions.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Percentage of Newcomers who are SIFE: 26.3% (April 2025) Services for SIFE students will be based on their proficiency level as well as additional academic and social emotional considerations. Effective instruction for our SIFE students ensures that students feel welcomed and affirmed in their new academic environment. SIFE students at the Entering or Emerging Levels receive greater language support in the form of integrated and stand alone ENL within ELA using the Science of Reading through explicit instruction of its components. Effective instruction for our newly arrived students includes a strong collaboration amongst teachers that includes adaptation of lessons, exploration of content and determining which co-teaching models will insure access to content and a positive learning experience for all students.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Percentage of ELLs who are Long-Term: 11.6% (April 2025) The services of Long-Term ELLs consider factors that may interfere with language acquisition, such as learning disabilities or unmet social and emotional needs. Because Long-Term ELLs are acquiring language at a slower-than-typical pace, services will address any additional needs that may be interacting with this process. For example, if the Long-Term ELL has an IEP, ENL services will reflect the recommended supports delineated in the student's IEP to support access to the language and content.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Percentage of students who are former ELLs: 7.4% 11 plus 17 - total of 28 as per Spring EDAT 25. Former ELLs are scheduled for the mandated 90 minutes of ENL services per CR Part 154. These minutes are provided through an integrated ENL instructional model with the ENL teacher or alternate pathways in which the classroom teacher provides additional support for the former ELL.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The most populous group of at-risk ELLs are Newcomers (71.6%) and those living in temporary housing (64.2%). Next at risk group are SIFE students (26.3%). Followed by those scoring at a Level 1 or 2 in ELA (41.1%) and math (49.5%) state assessments for 2023-2024 school year. Lastly, ELLs who did not demonstrate sufficient ELP progress on the Spring 2024 NYSESLAT (37.9%). These populations of students may serve as target groups in the upcoming school years to address these at-risk patterns. With the recent influx of 68 plus Newcomers, our concerns have shifted from previous years. The majority of the Newcomers are living in temporary housing and are SIFE students.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The most populous group of at-risk Former ELLs are those scoring at a Level 1 or 2 in ELA (46.4%) and Math (39.3%) state assessments for 2023-2024 school year. The next group of at risk Former ELLs are those in temporary housing (10.7%). These populations of students may serve as target groups in the upcoming school years to address these at-risk patterns.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages at PS/MS 206 with the largest representation are Spanish, Arabic, and Haitian Creole. Many staff members are multilingual Spanish speakers, which supports communication with families that centers the home language. We also have a number of multilingual Arabic, French and Haitian Creole speakers who can communicate with families. For additional needs in Spanish, Arabic, or Haitian Creole, the school can utilize translation and interpretation services through the DOE to bolster communication with families by contacting the Language Access Coordinator (LAC). The LAC attends multiple professional developments per year to learn about resources and services that would provide increased language access for families and students. These communication supports are meant for both families and the students themselves. We have a two way Dual

Language Spanish program that positions learning in Spanish as inherently as valuable as learning in English. In the Dual Language program, students are learning in both English and Spanish. The Dual Language team has designated weekly meeting times to develop curriculum, family collaboration, and additional programming that centers and values the Spanish language. In the non-Dual Language programs, teachers are coached to affirm and demonstrate respect for students' home languages. For example, in professional developments conducted by the ENL team, teachers are encouraged to not only allow but embrace students speaking and writing in their home language, especially if they are at the Entering and Emerging levels of English acquisition, rather than demanding that they produce only in English. We are currently implementing a school-wide training on culturally and historically responsive (CHRE) pedagogy based on the work of Dr. Gholdy Muhammad, and as a result our school's curriculum will become increasingly rooted in identity. As part of this identity work, multilingual learners express ideas or concepts using their home language, or make connections with the disciplinary content using their home language. Teachers will be repeatedly exposed to these tenets of CRHE and how they intersect with home language through scheduled trainings.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

As of April 2025, of the 95 ELLs at our school, 88 (92.6%) identify as Hispanic (of Hispanic, Latinx, or Spanish origin), while 7 (7.4%) identity as non-Hispanic. Of the 7 ELLs identifying as non-Hispanic, 4 identify as Black, 1 identify as Asian and 2 identify as American Indian or Alaskan Native. As our school implements efforts to center equity, restorative practices, and CR-SE, we are considering the positions and needs of the ELLs within those frameworks. Because this will be the foundation for school-wide programs and structures, such as PBIS and SEL, leadership teams are including the needs of ELLs as our school's theory of equity and justice-based action is developed. ENL teachers hold positions on various committees and leadership teams involved in designing and expanding this work, such as the Dream Squad, which welcomes families and provides an inclusive space to help multilingual and immigrant students and their families succeed. As part of the Title III spending, the ENL teachers will receive 10 hours of training before the end of the 2025-2026 school year with a consultant with a focus on best practices to support Multilingual Learners. ENL teachers attend Equity Profession Learning meetings which address culturally responsive teaching.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

More students met ELP by exiting ELL status 11 students (20%).

8 students (14.5%) met ELP annual progress target.

36 students (65.5%) did not meet ELP.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the 2024 NYSESLAT results as shown in the EDAT we had 28 (31.4%) students score at the Entering level. This was our highest group and correlates with the data that shows that Newcomers make up 71.6% of the ELLs in our school. We had 11 (13.4 %) students score at the Emerging level, 8 (9.8 %) students score at the Transitioning level, 24 (29.3 %) students score at the Expanding level, and 11 (13.4 %) students move up to the

designation as Former ELL either by scoring Commanding or scoring Expanding on the NYSESLAT and achieving a 3 or 4 and the NYS ELA Exam.

In 2024 Speaking had the greatest number of students (31) showing strength (answering more than 90% of questions correctly), while Writing had the least number of students (5) showing strength. Speaking and Writing both had the greatest number of students (32 and 31 respectively) showing need (answering less than 15% of questions correctly) , while Listening and Reading had much lower numbers of students (2 and 5 respectively) showing need. We have noticed that the number of students who show a need in Reading and Listening are low and wonder if that might be because these questions are given in a multiple choice format, therefore giving students a 25% chance of getting a question correct even if they just guess.

In 2024 we had 82 ELLs take the test as compared with 74 ELLs taking the test in 2023. This increase is due to the number of Newcomers who have enrolled in our school.

The influx of Newcomers may contribute to the decrease in the number of students showing strength (answering more than 90% of questions correctly) in each modality. The number of students who showed a strength in Reading dropped from 13 students in 2023 to 6 students in 2024. The number of students who showed a strength in Writing dropped from 10 students in 2023 to 5 students in 2024. The number of students who showed a strength in Listening dropped from 13 students in 2013 to 7 students in 2024. The number of students who showed a strength in Speaking dropped from 40 students in 2023 to 31 students in 2024.

The influx of Newcomers may contribute to the increase in the number of students showing need (answering less than 15% of questions correctly) in each modality. The number of students who showed a need in Reading increased from 3 students in 2023 to 5 students in 2024. The number of students who showed a need in Writing increased from 15 students in 2023 to 31 students in 2024. The number of students who showed a need in Listening stayed the same from 2 students in 2023 to 2 students in 2024. The number of students who showed a need in Speaking increased from 13 students in 2023 to 32 students in 2024.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Of the 28 ELLs who scored a Level 1 on the ELA state assessment in Spring 2024, they were at the Entering (3), Emerging (6), Transitioning (7), Expanding (11), and Commanding (1) levels on the NYSESLAT. Of the 13 ELLs who scored a Level 2 on the Spring 2024 ELA assessment, they were at the Expanding (11), and Commanding (2). Of the 4 ELLs who scored a Level 3 on the ELA state assessment, they were at the Commanding level. This suggests that the Expanding ELLs were more likely to score a Level 1 than any other level. Commanding ELLs were more likely to score at Level 2 and Level 3. Of the 36 ELLs who scored a Level 1 on the math state assessment in Spring 2024, they were most likely to be Entering (12), Emerging (6), Transitioning (7), Expanding (10) and Commanding (1). Of the 15 ELLs who scored a Level 2, they were Entering (4), Emerging (2), Transitioning (1), Expanding (5), and Commanding (3). Of the 13 ELLs who scored a Level 3, they were Entering (2), Emerging (1), Expanding (7) and Commanding (3). There is no applicable data with the Regents reported in the latest EDAT from April 2024. Students' performance on the NYSESLAT may show correlations with their performance on other state assessments due to these assessments being largely English language-based. For example, much of the math state assessment items, including items from the Regents, are story problems involving academic language structures, as opposed to mathematical procedures using only equations and expressions. These story problems require a level of comfort

and mastery with reading academic language. The ELA state assessment requires performance in reading and writing of standardized academic English.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

In Spring 2024 there were 22 SIFE students at PS/MS 206. Of the 22 SIFE students who took the 2024 NYSESLAT, the largest amount scored at Entering (18 students) and Emerging (4 students). Of the 25 ELLs with an IEP who took the 2024 NYSESLAT, the largest amount scored at Expanding (8, followed by Transitioning (6 students). We imagine that these students NYSESLAT scores are impacted by their designated disability, which may interfere with their performance on the assessment items within the NYSESLAT. For example, an ELL with an IEP might be impacted by processing, language, or both when attempting an item on the NYSESLAT. (This may also apply to their year-long performance in the classroom with language-based tasks).

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

ELA teachers utilize HMH Into Reading as part of the NYC Reads Literacy Shifts, which includes explicit phonics instruction, use of decodable texts, differentiated instruction based on need, explicit instruction and practice on fluency, formative and summative assessments and content rich curriculum that builds background knowledge and vocabulary. ENL teachers co-plan with classroom teachers and collaborate with colleagues to scaffold instruction. Scaffolds include multimodal texts/alternate texts that represent the cultures of the students. Teachers may adjust instruction to make connections to lived experiences and cross linguistic connections between languages.

We are currently implementing a school-wide training on culturally and historically responsive (CHRE) pedagogy based on the work of Dr. Gholdy Muhammad, and as a result our school's curriculum will become increasingly rooted in identity. As part of this identity work, multilingual learners express ideas or concepts using their home language, or make connections with the disciplinary content using their home language. Teachers will be repeatedly exposed to these tenets of CRHE and how they intersect with home language through scheduled trainings.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The School Leadership Team (SLT) meets monthly to discuss ongoing programming at PS/MS 206. In these meetings, SLT members discuss how various subgroups, including MLs/ELLs, can be included in the approaches to curriculum and instruction.

The Instructional Leadership Team (ILT) hold periodic team meetings during which they collaborate to address student needs and implement academic interventions. Additionally, the ENL team conducts whole-staff PDs in which NYSESLAT scores are shared and discussed. ENL teachers also attend ELA department meetings, which allow for additional sharing of data.

The ILT facilitates weekly Teacher Team meetings. During these meetings, ENL and DL teachers review and analyze ELL Periodic Assessment data to identify correlations with MoSL assessments to ensure that the interventions put in place for students are appropriate.

The results of the NYSESLAT and ELL Periodic Assessments allow our Teacher Teams to identify specific areas of need in the four language modalities (listening, speaking, reading and writing). This data is used throughout the school year to inform our instruction and adjust where necessary. The NYSESLAT exam results are also used in September to plan for the upcoming school year and create strategic groupings according to proficiency levels.

MoSL and state exam data are also used to inform instruction and to create strategic groupings.

For our newest New Yorkers, we have begun to incorporate the following: phonics instruction, small group instruction, when appropriate providing supports in the students' home language, shared reading & shared writing,

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In our traditional ENL program, core content is delivered through integrated co-teaching, in which the ENL teacher co-teaches content classes with the classroom or content teacher. The ENL teacher will integrate supports such as: language objectives, peer talk, explicit modeling, and comprehensible input.

In the Dual Language program, core content is delivered in either English or Spanish, depending on the day of the week. Overall, instruction is 50% in English and 50% in Spanish. Scheduling language of instruction in the Dual Language program varies by grade, based upon class schedules. Similar to the traditional ENL program, in the Dual Language program, core content is delivered through integrated co-teaching. Instruction in both English and Spanish utilizes scaffolds to support academic language development, such as language objectives, peer talk, explicit modeling, and comprehensible input.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELL with IEPs are given extra support in the classroom from the ENL teacher and their Special Education teacher. Checklists are often utilized to help break down more complex tasks into smaller chunks. The students are taught how to make use of different graphic organizers that also help them to not be overwhelmed by larger tasks. Often, students use an audio or video addition that gives them more background knowledge about the subject at hand. Sometimes this occurs in their home language to make the academic content more accessible. They also may listen to an audio book while following along with the text. In addition, students benefit from extra, explicit, modeling of tasks at hand and one-on-one support in initiating a difficult task. ELL with IEPs also reference anchor charts that are made accessible specifically for their use to help with the current assignment.

b. SIFE

To differentiate for SIFE students, we use small group instruction focusing on early literacy skills such as phonological awareness. Additional supports may include images and translanguaging. These supports may be

embedded directly in their learning materials or housed in Google Classroom for them to access at any time. We will utilize SPIRE to help SIFE students with reading and writing skills they may have missed.

c. Newcomers

ENL teachers co-plan with classroom and content teachers to scaffold grade level content in order to provide access to Newcomer ELLs. For example, ENL teachers may create supports that include visuals, translations, and auditory input. ENL teachers may use instructional moves like re-visiting learning objectives or parallel teaching with additional exposures to content and checks for understanding. Newcomer ELLs will also receive the mandated 360 minutes of Stand-Alone ENL instruction per week in a small group setting.

d. Long Term ELLs

For long-term ELLs, we differentiate using an instructional focus on developing Tier 2 and Tier 3 academic vocabulary.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We use curricular flexibility to provide access to academic content areas and accelerate English language development by providing opportunities for student choice in independent reading and writing topics. We use instructional flexibility through flexible student groupings, multiple forms of assessment and representations of student thinking, and using a range of scaffolds, including scaffolded texts and graphic organizers. We also use a variety of co-teaching models during integrated instruction. We use scheduling flexibility through flexible standalone sessions for Transitioning students based upon their language development needs.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the DL program, for students whose home language is Spanish, 50% of all instruction is delivered in Spanish by bilingual-certified teachers. Through the use of Google Classroom and Google Drive, students have access to Spanish-language materials, including books, glossaries, and dictionaries. Students' home language is assessed through both formative and summative assessments. Formative assessments may include running records, and reading and writing conferencing. Summative assessments may include end-of-year writing and/or multiple-choice exams that assess listening, speaking, reading and writing in Spanish.

In our traditional ENL program, for students whose home language is other than English, home language support is delivered orally and through translation of written materials. ENL teachers help access home language supports to instruct students in their home language when necessary. Additionally, teachers provide home language translations of key vocabulary and definitions and other resources and materials, such as readings and graphic organizers. Teachers also utilize the language translation function of online reading platforms, such as on EPIC! and CommonLit. Home language is assessed through both formative and summative assessments. Formative assessments may include running records, and reading and writing conferencing. Summative assessments may include end-of-year writing and/or multiple-choice exams that assess listening, speaking, reading and writing. Furthermore, when possible, ENL teachers provide translations of key vocabulary and definitions and other resources and materials, such as readings and graphic organizers. Teachers also utilize the language translation function of online reading

platforms, such as on EPIC! and CommonLit.

Additionally, when taking standardized math and science tests, ELLs have the option to receive a test booklet in their home language as well as access to bilingual dictionaries. They can also elect to have test questions and directions read to them in their home language by an interpreter.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Spanish is offered to all Middle School ELLs as an elective at our school.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Regular team meetings are scheduled to discuss student progress, share, instructional strategies, and coordinate lesson planning. We have establish a resource sharing platform, where teachers can exchange materials, lesson plans, and best practices for ELL students. Our professional development program includes workshops and training sessions, focusing on culturally, responsive, teaching, and language acquisition strategies, ensuring all teachers are equipped with the necessary skills. We encourage open communication channels, and collaborative problem-solving approaches to address any challenges that arise, fostering a culture of teamwork and continuous improvement.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The ENL team has been facilitating occasional PD sessions for the DL staff. The intent is to provide the teachers with resources and techniques for helping their ELLs, as well as give them opportunities to practice, collaborate, and engage in dialogue with their co-workers.

The school staff receives training in ELL-specific instruction through various PD sessions facilitated by the ENL team or representatives from Mosaic Education . Tentative topics and dates include NYSESLAT data and proficiency levels (October 2025), planning and differentiating for all ELL subgroups (November 2025, December 2025, March 2026), writing language objectives (December 2025).

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders]

and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Per CR Part 154.2, all teachers receive at least 15% of their total professional development hours as ELL-specific PD. Topics of these PD sessions include: formulating language objectives, planning for Entering/Emerging proficiency levels, scaffolding for writing, and instructing for advanced literacy.

The bilingual and ENL teachers receive ELL-specific PD for 50% of total PD hours through sessions facilitated by representatives from such organizations as the Mosaic Education, Fordham University, City College, and Dr. Gholdy Muhammad. The ENL team met with Dr. Sarah Creider an education and equity consultant. These meetings focused on how to bring more awareness and equitable teaching to our instruction.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Screening assessments used include i-Ready and Into Reading unit assessments. The data is used to determine student strengths and areas of struggle, and inform instructional decision-making.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We use a variety of targeted intervention programs for ELLs across the content areas. Intervention programs include small group instruction in content classes and instructional programs that address specific academic language skills. For SIFE students, we use the SPIRE program. For newcomers, if they are at an Entering or Emerging proficiency level, we use SPIRE for any letters or letter-sounds that do not transfer from their other languages. Teachers in math, science, ELA, and social studies use individual and small group content instruction for these students. For long-term ELLs, we use guided reading, small group writing instruction, and conferencing in their ELA, social studies, and science classes.

These interventions are offered in English for both the Dual Language and Freestanding ENL programs.

ENL teachers will also hold separate small group instruction sessions that targets any specific academic and language needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Teachers use data from various summative and formative assessments to identify where students fall within the Response to Intervention (RtI) framework. The data gathered from these assessments are used to guide instruction and determine next steps for students who require Tier 2 or Tier 3 intervention. As per CR Part 154.2, we take a number of things into consideration when identifying students who need academic intervention. Examples of such considerations include: - Number of years of instruction in a bilingual education orEnglish as a New Language program - English and home language literacy - Content area and socio-emotional
support needs of students with inconsistent/interrupted formal education (SIFE) - English and home language

literacy needs of longterm ELLs - Results on the annual English language proficiency assessment exam - Bilingual education orEnglish as a New Language teacher recommendation - Content area teacher recommendation - Parent or guardian request - Sample of student work in English and, if possible, in the home language - Bilingual educational evaluation, if the student has or is suspected of having a disability.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Our school uses the HMH Into Reading as the primary ELA curriculum. HMH offers a full suite of assessments that measures student achievement across whole-class, small-group, and independent practice which are aligned to performance standards.

In addition to formative assessments embedded in the curriculum, the ENL teachers administer NYSESLAT- and ToM-based assessments in the fall and winter to determine student strengths and areas of struggle, inform instructional decision-making, and monitor progress within the four domains of language.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students in the DL program are administered regular Spanish-language assessments in their core subjects throughout the year. Students are administered selection quizzes and end of module assessments as part of the HMH curriculum. The Spanish module questions are designed to evaluate students' understanding of the content and vocabulary taught within the specific modules, particularly in the context of Spanish language arts or dual-language immersion programs.

In the freestanding ENL program, ELLs read texts in their home language and respond to comprehension questions using oral or written forms of their home language or English. They also work in small groups based on home language to discuss or evaluate the material. If the teacher intends to evaluate progress of English, student responses are in English. If the teacher intends to evaluate progress of the home language, student responses are in the home language. On the other hand, if the teacher intends to evaluate progress of English development, student responses are in English.

Eligible students are administered the Spanish LAB during the intake process.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The ENL teachers administer NYSESLAT- and ToM-based assessments in the winter to determine student strengths and areas of struggle, inform instructional decision-making, and monitor progress.

ELLs in grades 3 through 8 also take the NYSESLAT in the Spring.

ELLs in grades 3 through 8 (with the exception of ELLs with less than one year of enrollment in a NYS public school) also participate in the Measure of Student Learning (MoSL) exam twice a year in ELA, math and social studies and science NYS exams for grades 5 through 8.

ELLs in grades 3 through 8 also take the State ELA and math exams.

ENL and Dual Language (DL) teachers meet weekly for Teacher Teams during which they collaborate to address student needs and implement academic interventions. Additionally, the ENL team conducts whole-staff PDs in which NYSESLAT scores are shared and discussed. ENL teachers also attend ELA department meetings, which allow for additional sharing of data.

During weekly Teacher Team meetings, ENL and DL teachers review and analyze ELL Periodic Assessment data to identify correlations with i-Ready assessments to ensure that the interventions put in place for students are appropriate.

The results of the NYSESLAT and ELL Periodic Assessments allow our Teacher Team to identify specific areas of need in the four language modalities (listening, speaking, reading and writing). This data is used throughout the school year to inform our instruction and adjust where necessary. The NYSESLAT exam results are also used in September to plan for the upcoming school year and create strategic groupings according to proficiency levels.

MoSL and state exam data are also used to inform instruction and to create strategic groupings.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan is to administer the Speaking, Listening, Reading and Writing sections within the administration window. Students will be pulled from class by an individual teacher to administer the speaking portion. The Listening, Reading and Writing portions will be administered in a group setting. Group settings will be determined considering testing accommodations stated in students' IEPs. There will be make-up days designated in case students are absent during any portion of the NYSESLAT assessment.

Titles of staff administering and scoring the assessments include:
-ENL Teacher
-General Education Teacher
-Special Education Teacher

All ELLs, and former ELLs will continue to follow their regular schedule when not participating in a testing session. ENL teachers will do their best to work around students schedules when possible. When the ENL teacher is not administering or proctoring a portion of the NYSESLAT they will continue to support ELLs and former ELLs in the classroom setting.

Qualified staff members will be trained and normed in the scoring of the NYSESLAT. Staff members will then score the speaking and writing sections using the provided rubrics and scoring guides. Teachers will not score the exams of the children that they service.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The Testing Coordinator collaborates with classroom teachers to ensure that the accommodations on students' IEPs are properly implemented throughout the academic year. She works closely with teachers, administrators, and ENL teachers to review student progress and adapt accommodations as need. This collaborative effort ensures that accommodations remain tailored the individual needs of each student, optimizing their performance during assessments. She facilitates ongoing professional development session for teachers focusing specifically on effective implementation of accommodations in both classroom instruction and assessment settings. This ensures that our teachers are equipped with the knowledge and skills necessary to support our ELL students effectively.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When new families arrive, a trained staff member conducts the HLIS, student interview, and shows the NYS ELL Parent Orientation video which states the ENL program options, parent transfer rights, assessments, and standards. They then discuss the different programs available at our school and decide if this is a good fit for their child. They either choose one of our programs (dual language, ENL) or we assist them in finding a more appropriate school. During this meeting, parents/guardians are informed of school expectations and assessments.

A licensed ENL teacher is in charge of parent orientations, which take place at intake registration. Yearly parent orientation meetings take place every spring. ENL teachers contact parents/families of ELL students to arrange for mutually convenient times for meetings. Language access is ensured for families who have HLOTE through in-school translators or by using the DOE language translation unit. Information that is communicated includes: ELL program options, ELL transfers, ELL assessments and progress, and academic standards. The school's record-keeping system includes teachers' logs and notes, which are maintained by the teachers in their classrooms. Teachers' agendas/logs, notes, and sign sheets provide evidence that the orientation meetings are taking place.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

We utilize every opportunity already designated for parent interactions to help discuss and determine needs for our ELLs, including student orientations, school curriculum nights, PTA meetings and IEP meetings. ENL teachers also use their afternoon designated parent outreach time to meet or speak with parents. This allows teachers to connect regularly with parents and be available for questions. This includes making sure representatives (ENL, DL teachers or AP) are present at each scheduled meeting. While there is always a staff member present who speaks Spanish, we also utilize the Office of Translation and Interpretation to provide translations for documents going out to families as well as contacting interpreters when needed for meetings. We use Lingual Linx for translation services, when needed. Meetings and discussions that occur during the parent outreach time are documented by the ENL teachers as are all interactions between staff and parents. Any questions or requests that are made at other meetings are noted and then shared with the appropriate staff members. Parents are invited to visit the school during parent outreach time. At the annual parent meeting, we ask parents for feedback for the coming school year and offer informational resources to help MLL families get access to library programming, free English classes, and free cultural institutions during the summer. Parents also have the opportunity to ask questions and share concerns for their child in the coming school year. Bilingual staff members and over the phone translation services will be used to ensure parents have access to all information, and all written materials will be translated into the preferred languages of the parents.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We engage in outreach to our families and provide support based on needs. We share information via school website, social media, printed notifications in their preferred language. We utilize multi-lingual school staff to communicate with families when needed. The office staff is bilingual in Spanish/English and trained to contact translation services when appropriate. We also conduct dual language family workshops as well two workshops per year that focus on NYSESLAT and the annual meetings. Information is shared in the families home languages. The ENL team plans on doing events/trips throughout the year (Philadelphia/Bronx Zoo).

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school holds occasional meetings for parents and families in the Dual Language program. We also have periodic meetings for all families of ELLs, including students in the DL and freestanding ENL programs, such as our curriculum nights and report card nights to reach out to parents and help keep them informed of the activities going on in our school. Tentative topics and dates include high school selection (September 2025), NYSESLAT structure (March 2026) and annual parent meetings (ongoing). Furthermore, the school schedules field trips for parents and students to attend together in order to encourage parental involvement. The most recent trip for ELL students and families was to Philadelphia in May 2025. Because these experiences are based on visuals and physical movement, families who do not speak English will be able to fully enjoy the experience. We also held an event in December 2024 to welcome the unprecedented number of new MLL families. The meeting included information about the MLL program, the services their students are entitles to and their rights as parents in the DOE, as well as community donations of needed items toys, toiletries, warm clothing, and shoes. Lastly, we held a Cultural Celebration in February 2025 to welcome all families to celebrate the cultural diversity in our school community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

In order to ensure that families of MLs/ELLs are aware of family leadership opportunities, we encourage families through parent newsletters and published PTA and SLT agendas and minutes. We engage in outreach to our families and share information via school website, social media, and printed notifications. Information is shared in the families home languages. Parent volunteers are encouraged through our PTA to participate in serving at our PTA store and other school-wide events.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school partners with several community based organizations that provide our students with essential extracurricular services, including CEI community health work, clothing donations, community events, afterschool program, Union Settlement, Roads to Success, working with cultural institutions like the public library to plan enriching field trips.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ENL team is responsible for the ELL identification and intake process. The team includes Jennifer O'Connell, Hunter Smith, Natalie Marcano and Hayley Aguilar, all of whom are TESOL certified. All staff members on the ENL team administer the HLIS, NYSITELL, Spanish LAB, and will serve on the LPT if needed. Additionally, all ENL staff members participate in the appeals and transfer process.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

All newly enrolled students and their families attend an intake meeting with at least one ENL teacher, the school secretary/enrollment coordinator, and the parent coordinator (when position is filled). An ENL ID Schedule is posted in the main office. During this meeting, the school secretary gathers necessary information about the student and the parent coordinator provides the family with helpful resources. The ENL teacher will conduct the HLIS and informal student interview - including a brief reading assessment in English and the home language (if possible). If the ENL determines from the HLIS and informal student interview that the student is eligible for NYSITELL testing, the student will be administered the NYSITELL. This meeting will serve as an official welcome to the school for the student and their family. Teachers and other staff will provide any necessary information regarding school structure, class schedule, technology and more. Families will be given the opportunity to ask any questions regarding the successful transition into our school community for their children. ENL teachers will then follow-up with families to address any additional questions or concerns they or the student may have. If the student is administered the NYSITELL and determined to be an ELL, the families will watch the parent choice video and make the program selection for their children. At times when there is a large number of ELLs enrolling (e.g., beginning of the school year), the ENL team may schedule a group orientation with multiple families in attendance. When there is a lower number of ELLs enrolling (e.g., later in the school year), the ENL team will schedule individual parent orientations. This process will be implemented before school begins and on an ongoing basis throughout the school year as new

ELLs enroll. When multiple students are enrolled simultaneously, we enlist other staff members to support the intake process to prevent the ongoing disruption of mandated ENL services. If a few students are enrolled, then the ENL team follows an established intake rotational schedule which allows for mandated services to continue. There is no ELL identification team or process during the summer.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jennifer	Oconnell	Teacher - Regular Grades	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	7	1.56%	7	1.57%	0	0
BALUCHI	1	0.22%	1	0.22%	0	0
BAMBARA	2	0.44%	1	0.22%	0	0
CHINESE ANY	1	0.22%	1	0.22%	0	0
FRENCH	2	0.44%	2	0.45%	1	1
HAITIAN CREOLE	2	0.44%	2	0.45%	1	1

ENGLISH	220	48.89%	222	49.78%	150	150
RUSSIAN	1	0.22%	1	0.22%	2	2
SLOVAK	0	0.00%	1	0.22%	0	0
SPANISH	214	47.56%	208	46.64%	30	30

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
IEP	We will use the Translation IEP (TIEP) request form from the Office of Language Access.If needed, we will request translation from the vendor Lingualinx.
Event Flyers	We will ask multilingual staff to translate; if unavailable, we will submit to the Office of Language Access Online Translation Request form.
School Calendars	We will ask multilingual staff to translate; if unavailable, we will submit to the Office of Language Access Online Translation Request form. If needed, we will request translation from the vendor Lingualinx.
IEP meeting notices	For any documents that are not translated and generated in SESIS, we will request translation from the vendor Lingualinx.
Permission Slips	We will ask multilingual staff to translate; if unavailable, we will submit to the Office of Language Access Online Translation Request form. If needed, we will request translation from the vendor Lingualinx.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTC	We will use multilingual staff. If unavailable, we will use over the phone translation services.
Annual Parent meetings	We will use multilingual staff. If unavailable, we will use over the phone translation services.
Dual Language Parent events	We will use multilingual staff. If unavailable, we will use over the phone translation services.
IEP meetings	We will use multilingual staff. If unavailable, we will use over the phone translation services.
Disciplinary meeting	We will use multilingual staff. If unavailable, we will use over the phone translation services.
Family Trips and Special Events	We will use multilingual staff. If unavailable, we will use over the phone translation services.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of an emergency or student-specific event, we will communicate with families using multilingual staff, as well as the School News app to message parents in real-time in their preferred language. We may also use translated posts on the school's social media applications (i.e., X and Instagram). The school also utilizes an email blast to communicate with families and staff. In the event of a student-specific emergency, we will communicate with families through a phone call or text message. Translations can be provided through multilingual staff. Over-the-phone interpretation services may also be used for phone calls. If an email is needed, multilingual staff will be consulted for translation. Parents can call the main office of the school, and the front office staff has access to both multilingual staff members and over-the-phone interpretation services to meet the language needs of the parent. In the even that a parent communicates in an emergency through text message or email, multilingual staff will be contacted to translate the message.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Language Access Coordinator will hold a meeting at the beginning of the school year to ensure all staff members are aware of Chancellor's Regulation A-663. Our principal will share the best practices documents at the first staff meeting of the school year and notify staff of the We Learn training. The principal will ask staff to share their training completion emails to track staff progress.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Parents are given a translated copy of the Parent's Guide to Language Access during registration and are informed of their rights during parent orientation. Translated signs are also posted in the entrance and main office.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We will collect feedback from the annual school environment survey, informal feedback from PTA meetings, feedback from School Leadership Team meetings, parent-teacher conferences, annual parent meetings and orientation meetings with parents.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

As our school has been very dedicated to providing translation to parents, feedback from families has been largely positive. One area of improvement would be to encourage staff during professional development who do not speak a parents' language to use over the phone translation services more often rather than waiting for bilingual staff so that they can speak more immediately and directly with parents. Parents also shared that it was hard to find the settings to translate grades in Jupiter, so the school will send out a flier and inform parents during Parent teacher conferences.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

68

Grades to be served in this program. Select all that apply.

,3,4,5,6,7,8

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The target population of our Title III programming will be our population of Newcomer ELLs (68 total students), as well as the ELLs who received 1-2s on the ELA exam or ELLs deemed "at risk". The program will support student development in all of the four language modalities - Reading, Writing, Listening, Speaking - but will focus specifically on the Reading and Listening modalities.

The anticipated dates of the program will be from October 2025 through May 2026, on Wednesdays and Thursdays for 1.5 hours from 2:30-4:00 PM.

There will be 4 teachers instructing programming for heterogeneous groupings of ELLs. The four teachers have an ESOL license.

After analyzing the 2024 NYSESLAT scores and the ELA results, the data suggest that ELLs at P.S./M.S. 206M, including our long-term ELLs, need additional instruction in their Reading and Writing as well as continued work in Listening. Of the four modalities, ELLs perform the highest in Speaking. In order to address these needs, the Title III after school program will implement the following:

Third through 8th grade ELL students may participate in Girls on the Run (GOTR). Girls on the Run inspires girls of all abilities to recognize their individual strengths while building a sense of connection in a team setting. Coaches facilitate lessons that blend physical activity with life skill development to enable girls to adapt to whatever comes their way. During each lesson, all 4 language modalities practiced. At the end of the season, the team completes a 5K together, which provides a tangible sense of accomplishment and sets a confident mindset into motion. Many ELLs in the 3rd, 4th and 5th grades need practice with listening, reading, and writing, as per the 2024 NYSESLAT scores, and this afterschool program will give them additional guided practice.

The following academic language features will be targeted in these programs:
- Listening: Determination of the meaning of Tier 2 vocabulary in spoken academic English
- Speaking: Use of linking words and phrases to connect ideas in spoken academic English
- Reading: Identification of relationships, sequences, and connections in written academic English
- Writing: Use of grade-level Tier 2 and Tier 3 vocabulary words in written academic English

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The target population of our Title III programming will be our population Newcomer ELLs (68 total students), as well as the ELLs who received 1-2s on the ELA exam or ELLs deemed “at risk”. The program will support student development in all of the four language modalities - Reading, Writing, Listening, Speaking - but will focus specifically on the Reading and Listening modalities. NYSESLAT data and NYS ELA exam data are used to help determine the content and skills that students need and which are therefore provided for our Title III ELL funded program. Reading and writing modalities are the areas in which most students need supplemental instructional support.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Students served will include EIls, long-term ELLs, ELLs with IEPs. Grades that will be served are 3-8th grade.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The anticipated dates of the program will be from October 2025 through May 2026, on Wednesdays and Thursdays for 1.5 hours from 2:30-4:00 PM.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction is English. Staff are multilingual and support home language through written and spoken translation.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be 4 teachers instructing programming for heterogeneous groupings of ELLs. The four teachers have an ESOL license.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Paper, pencil, IPads, camera, computers, videos, etc. Girls on the Run (GOTR) student workbooks/journals in both English and Spanish, GOTR lesson plans with differentiated instruction.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

n/a

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional development for staff will address needs for multilingual students and their families while also centering equity and antiracism work. We will contract with an educational consultant from Mosaic Education with demonstrated expertise in the fields of educational equity, immigrant education, and the teaching of culturally and linguistically diverse communities. This consultant will conduct a training and discussion with 206 teachers that builds critical consciousness around the experiences of linguistically diverse students from immigrant families.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The consultant will delineate a framework for culturally responsive and sustaining education (CRSE) and how it may effectively serve linguistically diverse students in their academic and social development. They will also prompt teachers to develop and challenge their existing understanding of schooling and learning as they relate to systemic oppression, inequitable educational outcomes, and exclusion of communities such as the ELLs and their families. By participating in training, teachers will build capacity to design curriculum and instruction that responds to MLLs' strengths while maintaining a high level of rigor. This type of training is in response to the 68 newcomers we have in our school. Over 24.9% of our student population are now MLLs with many who have recently arrived to the USA. Many of the students are at the Entering and Emerging level and many of those students we have determined to be SIFE (data from the SIFE Screener confirms this). Furthermore, some are illiterate in their home language. These challenges have led us to lean into CRSE to help support our students both academically and social/emotionally.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The following teachers from the ENL team, who are participating in the Title III after school programs, will be receiving the training PDs:
Hunter Smith
Jennifer O'Connell
Natalie Marcano
Hayley Aguilar

We hope to include select members of SLT (school leadership team), ILT (instructional leadership team) and/or members of the Dual Language Team, who would also benefit from these PD opportunities.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

- Two 1-hour sessions for Fall/Winter of 2025
Anticipated Dates:
-November 17, 2025 2:30-3:30 PM
-December 15, 2025 2:30-3:30PM

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

- Immigration education
- Culturally responsive and sustaining education (CRSE)
- Asset-based education
- Linguistic justice
- Brain science
-Working to unlock MLL's prior knowledge and leverage that in the classroom

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Mosaic Education

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

ENL team will document all professional development given throughout the school year.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parents will be notified in writing in both English and their Home Language regarding the Title III programs available to their student. This will cover the schedule and duration of the Title III program. They will learn what their students will accomplish in the Title III program. Direct communication with families will be accessed via Class Dojo with access to Home Language. They will also be provided information about the ENL programs available for parents throughout the city, including ENL classes for adults and programs hosted by the NYCDOE and resources that can be provided remotely. They will also receive information about free resources for their students and themselves, such as what they can do with library cards, IDNYC benefits, Google voice numbers, the free homework helpline, etc.

Throughout the duration of the program, parents may be invited to join their children on field trips, virtually and in person (when permitted) to explore one or more of the topics covered in the elementary and middle school programs.

We plan on having a librarian from the NYC Library come in to meet with ELL parents and families and get them signed up for library cards as well as provide information about programs available to them through the library system. A follow up trip to the library is something that we would like to provide this year as well.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The parent orientation will give parents and students a clear idea of what to expect from the program over the coming school year, as well as getting to know their ENL team and the resources they can use to aid in their child's learning, enrichment activities, and their communication with the school. This will equip parents with the tools they need to facilitate success for their children.

Parents are invited to field trips to strengthen their relationship with the school community.

We know from an informal survey we did at the beginning of the year Dual Language parent event in October that parents are interested in engaging trips. We also analyze the annual NYC School Quality Guide Family Panorama surveys also provide valuable insights regarding parent perspectives related to parent involvement. Monthly SLT meetings provide additional opportunities for parents/families to share their perspectives related to the school's CEP family Engagement activities. SLT meet agendas, minutes, and attendance are uploaded to the CEP on a monthly basis. The School Parent Leader Contact Information (SPLCI) is maintained by the parent coordinator on a monthly basis, which documents family engagement. The activities are scheduled according to the preferences that parents have suggested.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Title III-related family meetings, events, and/or trainings will be held four times throughout the year on a Monday during Dual Language meetings from 4:00 to 6:00 PM: Dates TBD.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parent Orientation
Celebrating Student Work
Hispanic Heritage Month
NYS Test Information Session
Family Pot Luck
NYSESLAT Information Session
Annual Meeting

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Hayley Aguilar
Natalie Marcano
Jennifer O'Connell
Hunter Smith

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Interpretation and translation will be provided to parents as needed. Teachers will communicate opportunities for family involvement using flyers, permission slips, phone calls, Class Dojo and the messaging platform on the program Jupiter Ed.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The ENL team will document all family engagement activities throughout the school year through agendas, minutes, and attendance sign sheets and lists of participants.

The School Parent Leader Contact Information (SPLCI), which documents family engagement, is maintained by the parent coordinator on a monthly basis. Parent Coordinator Activity Report (PCAR) is maintained on a monthly basis by parent coordinator to document and monitor family engagement activities.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

N/A
