Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Maritza A. Rodriguez	Principal or Designee*	
Tanya Amato	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Daniela DeLeon	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
Melissa Alameda	CBO Representative, if applicable	
Lisa Gonzalez	Member/UFT	
Valerie Vazquez	Assistant Principal/CSA	
Diser Amato	Member/UFT	
Katherine Batista	Member/Parent	
	Member/Parent	
	Member/parent	
	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

P.S 98's mission is to cultivate a dynamic learning environment that embraces the power of language and the wonders of STEAM education. We strive to empower our students with the skills, knowledge, and cultural competency needed to succeed in an interconnected world.

As a dual language school, we celebrate linguistic diversity and aim to develop bilingual and bi-literate students. Fluency in multiple languages enhances cognitive abilities, fosters empathy, and expands horizons. Through engaging and interactive language instruction, we provide a strong foundation for our students to become confident communicators and global citizens.

Besides language proficiency, we are committed to fostering creativity, critical thinking, and problem-solving skills through our STEAM (Science, Technology, Engineering, Arts, and Mathematics) studies. We encourage hands-on exploration, experimentation, and collaboration by integrating STEAM concepts across our curriculum. Our students develop a deep understanding of how these disciplines intersect and shape the world around them.

We place a high value on creating an inclusive and nurturing school community where every child feels valued and supported. Our dedicated educators foster a love of learning, promoting intellectual curiosity and a growth mindset. We embrace innovative teaching methods, leveraging technology and experiential learning to engage our students in meaningful and authentic experiences.

Our school strives for academic excellence while nurturing the social-emotional well-being of our students. We prioritize holistic development by providing physical activity, artistic expression, and community engagement opportunities. We encourage our students to be compassionate, responsible, and active contributors to their local and global communities.

Through our dual language program and STEAM studies, we are deeply committed to preparing our students to thrive in a rapidly changing world. We equip them with the skills and knowledge necessary for success in the 21st century. Together with our dedicated staff, supportive families, and engaged community, we create an enriching educational journey for all students at our elementary school.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Our school has various partnerships and residencies that provide additional learning experiences inside and outside the regular school day. These specialty programs offer individual support for our students.

The residencies and partnerships we have at PS98 are the Carmel Hill Fund Educational Program, Teaching Matters, Ballet Hispanico, Ballroom Basix, Rosie's Theatre, Salvadori Center, Wellness in the School, and The Leadership Program.

Our school takes immense pride in the strong partnerships we have established with various organizations in our community. These collaborations play a crucial role in enriching our students' educational experience and fostering a vibrant learning environment.

One of our key partnerships is with local businesses and industry leaders. Through these connections, our students gain exposure to real-world applications and develop a deeper understanding of various professional fields. Our partner organizations provide internship opportunities, mentorship programs, and guest speakers who share their expertise and insights. These interactions inspire our students, broaden their career horizons, and help them build meaningful connections for future endeavors.

We have also formed alliances with renowned universities and research institutions. These partnerships enable our students to access cutting-edge research, participate in scientific studies, and collaborate with experts in their respective fields. Students can engage in hands-on experiments, attend seminars, and benefit from mentorship programs. These experiences ignite their curiosity, nurture their passion for learning, and pave the way for potential future careers in academia or research.

Furthermore, our school values community engagement and service. We have joined forces with local non-profit organizations, charities, and social service agencies. Our students actively participate in community service projects, volunteer initiatives, and fundraising campaigns through these partnerships. This involvement fosters empathy, compassion, and a sense of responsibility towards the community. Our students gain a deeper understanding of social issues and develop lifelong values of giving back and making a positive impact.

Additionally, we have established connections with cultural institutions, such as museums, theaters, and art organizations. These partnerships enable our students to explore and appreciate various art forms, attend performances, and showcase their artistic talents. Collaborating with these organizations exposes our students to diverse cultural experiences and promotes creativity, self-expression, and cultural awareness.

Through modeling, technology, inquiry, and creativity, we can provide real-world relevance to our curriculum. Committed staff and parents can contribute to supporting our students as critical thinkers, responsible citizens, and innovative future leaders.

Briefly summarize the key initiatives your school will implement this school year.

We will implement the resident partnerships we have at P.S.98 are Teaching Matters, Ballet Hispanico, Rosie's Theatre, Salvadori Center, and The Leadership Program.

Teaching Matters sends consultants to the school to work with our teachers, providing them with professional development in literacy. Currently, they are supporting teachers at our school with our new literacy curriculum, Expeditionary Learning.

Ballet Hispanico incorporates storytelling with Hispanic dance. Rosie's theatre introduces our young students to the magic of Broadway by having them learn chorus and dance.

The mission of the Salvadori Center is to educate the next generation of Science, Technology, Engineering, Art/Architecture, and Math (STEAM) leaders! For nearly 50 years, Salvadori has provided STEAM-based in-school residencies and after-school programs for tens of thousands of students. They are currently working with our kindergarten, 3rd, and 4th grade students.

The Leadership Program is our school's CBO. They provide after-school programming for students in K-5th Grade. They provide homework help, cooking, yoga, art, music, basketball, soccer and dance.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Expeditionary Learning - Print	
Math	K-5	Envision Math - Print	
3K-PK	3K - PK	Creative Curriculum - Print	
Heggerty	K-2	Print	
PAF Providing Academic Failure	K-5		

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
iready 24-25 (71 %) of students in K-5 are below grade level	deficit in phonemic awareness, phonics, vocabulary and reading fluency	strengthen instructional practice in phonic and phonemic awareness by implementing the program PAF in grades K-5

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	29% of students K-5 are on grade level	By June, 2026, literacy for All Students will improve, as measured by a 10% increase from 28%- 38% Increase, from 29% of students K-5 are on grade level to 40% of the student population will be reading on grade level, of percentage of students on grade level will increase from 28% to 38% on the Iready.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Iready

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen tier 2 instructional practices with small group instruction, individualized feedback and strategies to address specific individual academic needs of students.
Use the Program Preventing Academic Failure schoolwide (K-5). The program will strengthen instructional practices in phonics and phonemic awareness.
Closely monitor students' progress in Phonemic Awareness and phonics in PAF by administering the quarterly assessments.
Develop parental workshops that will educate families on how children develop their phonic skills.
Progress monitor students in K-5th Grade to identify if small group practices are successful.
After-school and Saturday support will be offered to students who are in the bottom 18% according to the sreener assessments

Root Cause Addressed:

Strengthen phonemic awareness by implementing the program PAF (preventing academic failure). This program contains all of the critical elements of a comprehensive program. This includes phonemic awareness, phonics , decoding, word recognition, vocabulary, spelling and comprehension strategies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PD on the implementation of the PAF program - Teachers will be given professional development on how to facilitate a PAF lesson to a small group of students. Included in the PD will be how to use on going assessments to progress monitor students.

PD on the Science of Reading - The science reading explains how people learn to read and write, and provides evidence-based principles for effective instruction. It focuses on foundational skills like phonemic awareness and phonics, as well as the development of fluency, vocabulary, and comprehension. This evidence-based approach is used to inform curriculum and pedagogy to ensure all students can become proficient readers. Teachers will be given the opportunity to develop their understanding of the components of the science of reading and how they can ensure they are giving their students instruction based on the science of reading.
quarterly assessments (PAF) - Ongoing progress monitoring of our students to make sure they are developing the skills necessary to become proficient readers.
Teacher/ Admin Data Dives on Literacy - Teacher teams will be given time to analyze student data and develop next steps to ensure student success. Admin will schedule meetings with teachers to review data and discuss possible next steps to strengthen student outcomes.
Teacher team planning on the use of PAF
Develop Parent workshops on the science of reading - Educate parents on the science of reading and the different literacy components that make up the science of reading.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use the i-Ready benchmark and the PAF assessments to progress monitor our students. The i-Ready benchmark will take place in October, February, and June. Based on the benchmarks, students will then be monitored for progress, and those who need extra support will be identified. The PAF benchmark assessments will also be given to the students quarterly. These assessments will be used to monitor the impact that the PAF program has on students' development of phonemic awareness, fluency, vocabulary, and phonic skills.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly parental updates on the PAF program - Teachers will communicate with parents using Class Dojo. The parent coordinator will schedule a meeting for the parents.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

In school professional development, Teaching Matters

Instructional Resources

PAF readers and teacher guides

Schedule Adjustments

Teachers will be given time and opportunity to work with the consultants. The schedules will be adjusted on the date of the consultant visit.

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
DOE OORSS Report	Family situation Lack of collaborative problem solving lack of being able to resolve conflicts constructively	Decrease the number of incidents or accidents report during lunch times and at Recess.
OORSS Report	Lack of understanding the influences of organizations/systems on behavior (lack of adult supervision)	Staff training, restorative practices, Small Social Skills group
Responsible Decision Making (Sanford Harmony-- CASEL, SEL: Framework 2025)	Lack of identifying solutions for personal and social problems	Recognizing how critical thinking skills are useful both inside and outside of school

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 15% decrease, in level 3 incident reports from 65% to 50% , per the OORS.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers and staff members will continue to recieve professional development on Social Emotional Learning (Sanford Harmony), Brainpower Wellness, and conflict resolution.

Root Cause Addressed:

Peer to peer conflicts that start verbally, rather than psychically. Peers will be able to express their feelings and resolve.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Supporting teachers and staff members with on going professional development.
Admin team will support in leading brief Community Code creation so that each grade an implement it in their classrooms.
Admin will support and monitor the use of the Community Codes in lunch and recess.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Visit classrooms and all spaces to monitor that the Community Codes are being implemented.
Monitor the way lunch and recess staff (school aides) are implementing the Community Codes and Brain Power Wellness (brain breaks).
Keep track of the number of reports in OORS that are coded under as A24 on the data dashboard screen.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/17/2025	06/19/2025	Communicate with families the Community Codes created within the classroom and for grade level lunch groups at PA meetings and on ClassDojo	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
I-Ready ELA End of Year Scores- 6/2025	Students are lacking overall reading skills. This includes (phonemic awareness, phonic, fluency and vocabulary.	Students will need to strengthen and improve their phonemic awareness, phonics, fluency, vocabulary and comprehension skills.
I-Ready Math End	Math foundational skills need to be developed.	Develop and implement targeted Tier II/III interventions for atrisk students in Math that will include ongoing progress monitoring

of Year Scores- 6/2025		to differentiate instruction for our students to ensure rigor and accessibility.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	29% are grade level	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Looking at their overall growth from each diagnostic (BOY,MOY,EOY) will Increase by 11% from 29% are grade level to 40%, for All Students, as measured by I-Ready ELA End of Year Data will be the tools to measure student progress. .
All Students	25% are grade level	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Looking at their overall growth from each diagnostic (BOY,MOY,EOY) will Increase by 10% from 25% are grade level to 35%, for All Students, as measured by I-Ready Math End of Year Data will be the tools to measure student progress. .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In K-5 classes, teachers will create tier 2 and tier 3 groups using the program I-Ready as an intervention program. The students will get extra time working on the NYS standards that they will need to master. The teacher will program the students' individual path on the iReady Program.

Root Cause Addressed:

Students are lacking foundational skills due to a combination of factors, including learning gaps from the pandemic, poverty and inequality, and a lack of parental and community support. Specifically, rushed instruction without enough practice, and societal barriers like poverty and lack of resources, hinder student mastery of essential reading skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional development for teachers addressing tier 2 and tier 3 interventions.
Professional development on how to use I-Ready as a tier 2 and tier 3 support for students. Support teachers in understanding how to use the iready platform to modify instruction and create an individual learning path for their students.
Create centers that explicitly focus on overall reading skills.

Create centers that explicitly focus on phonemic awareness, phonics, vocabulary, fluency, and comprehension skills. These centers will be created by the teachers based on students needs and rolled out during the WIN period.
Use I-Ready to progress monitoring system to track student growth. This will be rolled out after the screeners are given to the students. The students that are in the bottom 20% will receive this extra support and time on the iready platform.

Key Strategy 2 (Optional):

In K-5 classes, teachers will create tier 2 and tier 3 groups using the program I-Ready as an intervention program. The students will get extra time working on the NYS standards that they will need to master. The teacher will program the students' individual path on the iReady Program.

Root Cause Addressed:

Students are lacking foundational skills due to a combination of factors, including learning gaps from the pandemic, poverty and inequality, and a lack of parental and community support. Specifically, rushed instruction without enough practice, and societal barriers like poverty and lack of resources, hinder student mastery of essential math skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional development for teachers addressing tier 2 and tier 3 interventions.
Professional development on how to use I-Ready as a tier 2 and tier 3 support for students. Support teachers in understanding how to use the iready platform to modify instruction and create an individual learning path for their students.
Create centers that explicitly focus on the math strands. These centers will be created by the teachers based on students needs and rolled out during the WIN period.
Use I-Ready Math to progress monitoring system to track student growth.
Use I-Ready Math to progress monitoring system to track student growth.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use I-Ready to progress monitor our students. The students will take the baseline assessment in September 2025, mid year assessment in January 2026 and the end of the year assessment in June 2026. I-Ready has a progress monitoring system that the classroom teachers will use in between assessments to track student progress. The progress monitoring will be measured in 4 to 6 week intervals. The classroom teachers will go over the data with the school's coaches and ILT team to track student progress and to discuss next steps.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/11/2025	06/19/2026	Share with families students' progress on completed iReady assessments across the school year. This will be done in conjunction with the Progress Monitoring schedule.	
12/04/2025	12/04/2025	With support from the parent coordinator, a meeting will be setup to discuss with parents the schools MTSS plan. The meeting will be given by the school's administration.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY 2024 iReady Diagnostic.	Lack of targeted planned instruction for small groups, or instructional interventions related to Number	Improving student performance in Number Sense and operations so that there is a decreasing number of students

	Sense and operation skill development.	performing below grade level on standards related to Number Sense and operations on iReady screener.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	43%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026 for All Students will Increase by 17% from 43% to 60% as measured by iReady Screener and Diagnostic: Number and Operations..

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Study units that are addressing Number Sense and Operations in EnVisions Math Program and our overall Math Curriculum and ensure that the rigor of work that students are facing during daily math instruction is standards and rigor aligned to the grade level standards that address Number Sense and Operations.

Root Cause Addressed:

Students not be completing work on a daily basis during math instruction that matches the level of rigor of the grade level standard

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continued with EnVisions Math professional development
Study more closely students performance on the questions that are specifically aligned to Number Sense and Operations on i-Ready to understand the ways in which the assessment assesses students understanding of Number Sense and operations.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implement i-Ready screener three times across the school year. Use Teacher Team Meetings to conduct unit launch protocols.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Parent sign in sheets	Parent involvement	Parent incentives
New vision	Attendance habits	Develop and promote initiatives that educate

		families
Students are not doing homework	Academic support at home	Provide parents tools, strategies, and resources

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	20	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By May, 2026, the Percentage of parents/families attending at least 30 in-person school events will Increase by 10% from 20 to 30 as measured by PCAR.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Systematic Multi-Touch Communication System

Root Cause Addressed:

Busy Family Schedules: Parents need multiple reminders to plan participation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Class Dojo Event Setup
Physical Flyer
WhatsApp messages

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly data collection cycles tracking communication effectiveness across all platforms (measuring response rates, event attendance, and family engagement patterns), quarterly impact assessments that correlate family participation with student academic performance (including standardized test scores, classroom behavior, and assignment completion rates), and weekly implementation tracking to ensure strategy fidelity and immediate adjustment capabilities.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
35% of all students were chronically absent, New Visions Portal, 2025	Health; travel; distance from school; life challenges; family dynamics	Met overall attendance goal but not chronic absence goal

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 6%, from 35% to 29%, as measured by the measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continue our work of targeted and proactive outreach to Chronically Absent families from the 2025-2026 by using our Tiered Teacher interventions.

Root Cause Addressed:

Necessary distribution of outreach and intervention for such a large group.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Determined tiered intervention students and assign to teachers
Outline monthly responsibilities for teachers and other attendance interventions
Design calendar of Attendance Incentive days
Beginning of the year conferences at Back to School time with families who were chronically absent during the 2024 2025 School Year

Key Strategy 2 (Optional):

Calendar of Attendance Intervention dates, based on school calendar, to incentivize improved attendance on those dates for chronic and all students

Root Cause Addressed:

Necessary distribution of outreach and intervention for such a large group. Significant increase of absences on certain days based on breaks, school holidays, etc.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance Team meets weekly to analyze and improve on schoolwide and tiered systems of intervention and incentives for attendance.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
		IEP Development and Fidelity of Implementation
		Transition Planning and Compliance
		Referral Process and Equity

		Equity in School Discipline
IEP Quality Reviews	Professional development and norming practice especially for new teachers and SBST	Goal structure is inconsistent

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	75%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Alignment of IEPs across present level of performance (PLOP), goals, and recommended programs and services; and be sure goals are indicative of where should can go. by a 25% Increase, from 75% to 100%, as measured by IEP Quality reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Having norming training with SPED teachers. Also creating time in the schedule for collaboration and reviews before finalization.

Root Cause Addressed:

Professional development and norming practice especially for new teachers and SBST.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review recommendations as Special Education Team Ensure all students are in the appropriate setting and least restrictive has been considered.
Quarterly IEP quality reviews, one per teacher per grade Norming meetings Professional Development with GR Inclusive Group.

Key Strategy 2 (Optional):

Root Cause Addressed:

Ensuring that program and service recommendations are appropriate for each student and provide access to the student's least restrictive
environment. Ensure “impact of disability” statements reflect the effect of the student's disability on access,

participation and progress in the general education curriculum.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Back to School Night Information Session for Families of SWDs	
11/20/2025	03/19/2026	Report Card Conferences Information Session for Families of SWDs	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	65% of students in K-2 are below the benchmark score for reading in Acadience	Heggarty	Small Group	During School	no
Tier 3	65% of students in K-2 are below the benchmark score for foundational skills in Acadience	Systematic phonics instruction	One to one tutoring	During and After	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	recommended by teacher	Yale Ruler	one to one	during school	no
Tier 2	recommended by teacher	sanford and Harmony	whole class, small group	during school	no
Tier 3	recommended by teacher	Counseling	one to one and small group	during school	no
Tier 2/3	recommended by teacher	SEL/ Character Education Research Evident Based Program SAPIS	Universal -Whole School K-5	during school	Yes
Tiers 2,3	recommended by teacher	Classroom Presentations using SEcond Step Program	Classroom Presentations	during school	yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Our school ensures families are informed partners in the MTSS process through providing documents in multiple languages, holding parent meetings. We explain the three-tier system in plain language, describing how we use data to identify student needs and provide appropriate supports. Families receive regular updates about their child's placement within the MTSS framework, specific interventions being implemented, and progress monitoring data in understandable formats.

* Parents are provided with Parent workshops in different topics including : Bullying Prevention, Attendance, Socio-Emotional Awarenesss and Management, Substance Abuse Prevention (SAPIS),

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will get the Iready reports, and can schedule meetings with the teacher for additional understanding. The reports will be given to the parents 3 times a year. The first report will go out after the beginning of the year assessments are completed (Oct 2025). The 2nd report will go out after the MOY screeners are completed (Jan 2026). The final report will be given to the families at the end of the school year (June 2026).

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families of the students who need intensive intervention will be contacted by the teacher will be responsible for the intervention. Teachers will meet with families to inform them to discuss the frequency and form of the intervention. The families will receive frequent updates from the teachers who are providing tier 3 support. The updates will come in the form of teacher phone calls, meeting, and reports of the progress monitoring.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

67 students in temporary housing

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

During our attendance meetings, the team uses Insight to review the absences. It has been noted that many of the students who are our STH students make up more than half of our students who are coming in late and or chronically absent. The information we gather from Insight is important because it guides the team in how to best support these students. The guidance counselor can make sure that they have transportation or be given resources for child care.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

As per Insight data we currently have 67 STH students. Last year we had 64 sth students.

The school maintains an inventory of uniforms and backpacks with basic school supplies which are given to identified students when they register and throughout the school year as needed. -Our SEL Team (School Social Worker, School Counselor and Sapis Worker) work closely to develop close relationships with identified STH families. The Sapis Counselor ensures that families are supported in providing the students with eye glasses, coats and shoes when needed -
STH families who have been identified by the SEL Team in need of Metrocards have been provided with Metrocards by the School Secretary. The school counselor meets with identified STH families then coordinates with School Secretary for the distribution of Metrocards.

After school programs, Saturday academy, and enrichment activities for the population.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We have "0" students in foster care. When students in foster care attend our school we ensure that our school is a school that has been determined to be in their best interest, no matter their current address. We also ensure that if needed, transportation to our school is provided to the family and, in the event there' s a school change, the school secretary ensures immediate enrollment and/or transfer of school records.

In terms of the needs assessment, The School Secretary, The EL Teacher, The School Social Worker, The School Counselor and/or SAPIS Counselor meet with the families to ensure socio-emotional and academic supports can be available for the students.
In addition, a member of the School's Socio-Emotional (SEL) Team --School Social Worker, School Counselor, SAPIS Counselor, Parent Coordinator can meet with family member in making sure such supports are in place. The School Social Worker/School Counselor and/or SAPIS Counselor can provide counseling and social emotional/ mental health support to the students involving small group, individual counseling as well as Guidance Lessons in the classroom provided by SAPIS Counselor. Mental health referrals and/or referrals to community agencies and neighborhood food pantries may be suggested according to needs expressed by the families. The interventions and supports offered to the students in foster care are closely aligned to our STH student population.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

The SEL Team meets on a regular basis to ensure that such needs are being met and supported in a caring, confidential and expedited way. Members of the school's SEL Team meet to discuss needs assessment and adjustments to the different changes a family may be facing. Meetings with parents are also conducted in order to make sure students and families' needs are being reached. The SEL Team (School
Social Worker, School Counselor, SAPIS Counselor and Parent Coordinator confer with the school administrators

(School Principal and Assistant Principal,) and with one another on a need-base in order to ensure that such interventions are put in to place. Continous communication and outreach with Foster Care Agencies and ACS are also part of this process to ensure that newly transitioned students and families are able to reach stability and success.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Since we did not have any indicated students in foster care ("0" students--as per Insight NYC DOE data) we did not have any data to anchor any past trends. However, we can infer that students in foster care may need a great deal of socio-emotional and academic supports when it comes to attendance, transportation and other supports. Our SEL Team, as well as different school teams (Attendance Team, STH Team) and school staff are available to meet the needs of foster care students.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Class presentation for (K-5) and small social skills group facilitated by the SAPIS using Evidence based SELCurriculum Second Step program and Life skills Training. The following topics are presented : Empathy and Respect, Emotion management, Problem Solving, Bullying Prevention, Self- Esteem, Decision making and Social skills

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Our school will offer additional instruction to eligible students. This extra instruction will be given to students during school time, afterschool and during Saturday Academy. The support will come in various formats. Iready will be used during the school day and after school. One to One tutoring will be offered to eligible students after school and on Saturdays.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

We will offer our teachers per-session to teach ELT programs.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Our teachers will get per- session planning time to ensure the requirement of the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Provide a description of the materials purchased to support implementation of ELT.

n/a

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS98M, Shorac Kappock, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Shorac Kappock, P.S. 98m, will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision-making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State, and Federal standards and assessments;
- sharing information about school and parent-related programs, meetings, and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Shorac Kappock, P.S. 98m, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Professional Learning Topics will include:
Deepening Questions and Discussion Techniques
Making thinking visible
Social Emotional Support

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Transition plans include: School tours, joint PD & parent involvement activities, and sharing of records/information.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	23,5612		
Title I, School Improvement 1003(a)	Federal	8,000		
Title II, Part A	Federal			
Title III, Part A	Federal	12,000		
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
The Leadership Program	ALL	21st Century Orientation: At the beginning of the school year, the Community School Director will introduce parents to the lead community-based organization at PS 98, survey parents for preferences and ideas for future parent workshops, give an overview of the after school program for K-5 students, and support with applications. Community School Forum: Towards the end of the school year, The Community School Director collaborates with school administration to provide a state of the school, and gather feedback from parents about school environment, expanded learning time, health and wellness, instruction and curriculum, and family engagement to inform the following year's CEP. Throughout the fall and spring, The Leadership Program conducts 5 parent workshops based on the results from the parent survey. For example, this year we chose	

		the following topics: Understanding Your Child's Learning Style, Time Management, Food, Fit, and Fun: Different Ways to Stress LESS, Arts and Crafts, and Summer Enrichment from A-Z.	

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

School leaders will meet quarterly with the Community School Director to review the progress that has been made with grant goals and adjust, as deemed necessary.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

1. Make all families feel welcome in the school community
Families that are active participants in the school life of La PS 98M feel welcomed, valued and connected with each other, with the school staff and with what their children learn and do in class.
2. Communicate effectively
Families and school staff regularly have meaningful two-way communication about student learning.
3. Support student success
Families and school staff are constantly working together to support students' healthy learning and development, both at home and at school, and have regular opportunities to strengthen their knowledge and skills to do this effectively.
4. Speak up for all the children
Make families feel empowered to advocate for their own children and other children, to ensure that students are treated fairly and have access to learning opportunities that contribute to their success.
5. Share power
Families and school personnel are equal partners in decisions that affect children and their families, and together they inform, influence, and create policies, practices, and programs.
6. Collaborate with the community
Families and school staff collaborate with community members to connect students, families, and staff to increased learning opportunities, community service, and civic engagement.

Empowerment of family participation
1. Update your contact information
Make sure your emergency contact information is complete and up to date so that your child's school can reach you. Every year PS 98M sends out the blue card at the beginning of the school year to update your home address, cell phone number, email, etc.
2. Talk to your parent coordinator
Hector Vasquez the Parent Coordinator is available to help you! In everything that is within your reach. Tel 212-927-7870, Email: HVasquez@schools.nyc.gov
3. Participate in school events, meetings, and decisions
PS 98 Schools hosts various events throughout the school year that provide opportunities to connect with your

child's school community.
1. Monthly Parent Association Workshops
2. Parent Coordinator Workshops
3. Leadership Team Meetings.
4. Meeting of the School Safety team.
5. Wellness in the School workshop
4. Attend parent-teacher conferences
PS 98M schools host parent-teacher conferences four times a year and it is important that families attend. This is your opportunity to meet with teachers and ask questions about your child's progress.
5. Get active with PS 98M Parents Association
Parents / Guardians can make a positive difference in their child's education and in the PS 98M school community by actively participating in the Parent Association and by networking, exchanging ideas, working together to resolve concerns they have, and to I will know better.
6. Run for Parent Leadership Positions
PS 98M parents can serve their school communities as parent elected leaders at the PS 98M school level, on the Parents Association Executive Board, Leadership Team, Parents Voluntary at the CEC, Etc.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

This year, students have dealt with many hardships either at home, school or in their community. From wearing masks, learning remotely, and being away from the people they saw every day, this year was crucial to support students' social-emotional and academic learning. Our school offered programs like cooking, guidance, Physical Education, America Scores Soccer/Poetry, and many others to help support the students. Discussions in PE helped students speak about their feelings and their experiences. Topics like choices, confidence, chances, and how to cope with emotions during this time helped students be heard. Supporting the student's socio-emotional was the most important part of the planning. Lessons on never giving up and training your mind to be optimistic will help students grow and cope with different emotions in their lives. Furthermore, the America Scores Soccer/Poetry program allows students to have fun, learn new skills, and most importantly be part of something despite adversity.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

The Community School will distribute and clearly explain attendance policy to all staff. At the beginning of the school year, the school will solicit feedback from parents to get a better understanding of reasons for student absences. School staff will receive professional development from CBOs to illustrate the link between increased student attendance and performance. Letters will be sent home at regular intervals over the course of the school year regarding student attendance and the importance of consistency. Attendance improvements will be celebrated at the school level to incentivize students and their parents. The Attendance Team will meet weekly to review attendance trends of students in each tier using the New Visions/Insight data sorter or ATS. Information will be communicated with teachers to help support interventions and keep stakeholders informed. Chronically absent students will be assigned school staff members as mentors to check-in with them regularly.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

The Community School will collaborate with the city's resources to connect families to Eviction Services and other referral services. In the weekly attendance meetings, the team will provide targeted support to STH who are chronically absent.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Maritza Rodriguez
Assistant Principal (Where Applicable)*	Olinka Crusoe
English as a New Language (ENL) Teacher*	Ella Tikhon
Teacher (if school has a bilingual program must be a bilingual teacher)*	Catherine Rosario
Parent/Guardian*	Ana Cordero
Teacher	
Parent Coordinator	Hector Pena Urena
School Counselor	Heidi Guzman
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

233

Total number and percentage (%) of current ELLs:

84 (36 %)

Total number and percentage (%) of former ELLs:

15 (6%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

69 (29%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

15 (6%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

5 (2%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

15 (6%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	SP	20+ years	1	1	1	1	0	1								5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 0	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our Freestanding ENL Program provides instruction in English with supports emphasizing English language acquisition. It is based on the standalone ENL and integrated ENL/ELA (or other content area) models.

During the stand-alone ENL instruction students develop English language skills so that they can succeed in core content courses. The classes focus on English language instruction in how to communicate in English and access the curriculum taught in the classroom.

The instruction is delivered by an ENL teacher who brings together ELLs for small-group, individualized English acquisition-focused instruction in the English language, reading, writing, and content areas where applicable. The goal is to align the ELL instruction with the standards and with our school's curriculum.

When we place ELLs in small groups, we strive to group them homogeneously or partly heterogeneous into categories with the same/similar proficiency level based on their performance levels obtained from the latest NYSESLAT results and the NYSITELL scores for new ELLs (Entering and Emerging), and their grade level. In some cases, our groupings span two continuous grades (e.g., K/1 and 4/5). In the stand-alone setting, they meet at least 4 times a week.

The ENL teachers collaborate with the classroom teachers to provide instruction that supports the work that is being done in the classroom as well as instruction that supports the student's acquisition of English using specific strategies (visuals, vocabulary development, graphic organizers, etc.).

In 2025-26, standalone ENL is provided by Ms. Ella Tikhon, an ENL teacher certified in ESOL, in Grades K-5.

Integrated ENL:

Integrated ENL is co-taught by an ELA (or other content area) teacher and and ENL certified teacher.

During integrated ENL instruction, ELLs build English language skills through content area instruction. They are grouped by grade, and within each grade, they are grouped heterogeneously by the NYSESLAT level. Sometimes teachers employ homogeneous groupings, depending on the particular lesson or assignment.

The two teachers meet to collaborate and co-plan the lessons, discuss what is being covered in the classroom, how they can tailor the lessons to the needs of their ELLs, what modifications they could incorporate into the lessons, and the best ways to provide language support to ELL students to make classroom content clear, concise, and comprehensible, and to ensure that the ELLs are given ample opportunity to practice and discover new understandings on their own.

In 2025-26, integrated ENL is provided by Ms. Ella Tikhon in Grades K, 2, 4, and 5, Ms. Waleska Rivera in Grade 1, and Ms. Catherine Rosario in Grade 3.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

For the academic school year of 2025-26, we will have DLBE classes in Grades K, 1, 2, 3, and 5.

The primary goal of our DLBE program is the development of grade-level-appropriate biliteracy and academic skills in English and Spanish.

The program consists of the following components:
- an ENL component to help students develop skills in listening, speaking, reading, and writing in English;
- a Spanish Language Arts component to help students develop skills in listening, speaking, reading, and writing in Spanish;
- and content area instructional component (math, science, social studies) taught in English and Spanish.

Teachers in our DLBE program are dually-certified (bilingual extension and common branch licenses) and follow the "one teacher - both languages" DLBE model. They teach all content areas (Reading, Writing, Math, social Studies and Science) using a 50-50 model of instruction, alternating between English and Spanish instruction daily and supporting the development of both languages.

The program serves both ELL students in need to English language development and monolingual English-proficient students who are interested in learning Spanish. The students are grouped heterogeneously (all proficiency levels are presented in the class) and with their grade level, though teachers may also employ homogeneous groupings for small-group instruction.

The ENL support in DLBE program is also provided by the classroom teacher. The teacher sets aside specific time to work exclusively on English language skills (language functions, vocabulary, grammar, pronunciation, comprehension strategies). The instruction is tailored to the individual needs of the students' language proficiency level, using their knowledge of both English and the student's native language to explain concepts and provide support. They can explain (a) complex concepts in the student's native language, (b) draw parallels between cultural backgrounds between the student's native language and English and (c) create a supportive learning environment through their awareness of different cultural backgrounds.

In 2025-26, DLBE is provided by Ms. Urena in kindergarten, Ms. Aponte in Grade 1, Ms. Lopez in Grade 2, Ms. Vega in Grade 4, and Ms. Ferguson in Grade 5, all certified bilingual teachers.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school make a great effort to ensure that the mandated number of instructional minutes is provided according to the NYSESLAT proficiency levels from the RLAT report on ATS.

Before the beginning of each school year, the administration, ENL teacher, STAR programmers, monolingual classroom teachers, and dual language teachers work together to develop a schedule that is compliant with the CR Part 154 regulations. The ENL teacher reviews the NYSESLAT data and prints the RLAT to determine the number of mandated minutes required for each ELL student. After gathering the data, the ENL teacher creates a spreadsheet with student names, proficiency levels, stand-alone vs integrated minutes, subject area, and any other pertinent information that may impact the ELL services for each student (such as, related services).

We use this data to program the students into STARS and provide ENL services.

The ELLs who are enrolled in the ENL program, are provided with stand-alone and integrated ENL services by our certified ENL teacher. Our DLBE program follows a 50/50 model where one day is taught in English and the following day is taught in Spanish. The ELL students who are enrolled in the DLBE program are given English supports through that program and taught by a teacher who has a Bilingual Extension license.

We adhere to the following units of study requirements (1 unit of study = 180 minutes):

Entering - stand alone: 180 min, integrated ENL/ELA: 180 min, total: 360 min
Emerging - stand alone: 90 min, integrated ENL/ELA: 180 min, stand alone or integrated: 90 min, total: 360 min
Transitioning – integrated ENL/ELA: 90 min, standalone or integrated: 90 min, total: 180 min
Expanding - integrated ENL/ELA or other content area: 180 min, total: 180 min
Commanding – integrated ENL/ELA or other content area, or alternative pathways (small-group learning or project-based learning) to support their language development/academic progress

Finally, we review the student programs, the mandated services minutes and run the reports providing ELL proficiency data at least once a month or as new students are enrolled, to ensure each student is correctly programmed in STARS and is receiving the correct mandated minutes of instruction per their latest proficiency level.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL, ELA, and HLA INSTRUCTIONAL MINUTES are delivered as follows:

SMALL GROUP LEARNING: ELLs in each grade are grouped by Acadience, i-Ready, and Math data. They receive mandated minutes through small group instruction. These small groups are co-taught by the General Education, ENL, and/or and Special Education teachers (if applicable).

HLA: To provide HLA instruction in the DL classroom and to meet the required instructional time for HLA, which is 25% of the total ENL minutes required for each proficiency level, teachers schedule specific blocks of time within the day for HLA instruction, where students focus on literacy activities solely in their home language; bilingual online glossaries, dictionaries, books, stories and other materials allow students to connect concepts between their home language and English.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Dual Language (DL) classes adhere to a 50/50 language allocation policy. The target language is used in kindergarten through 5th grade for 50% of the instructional time and English is used for 50%.

The teachers alternate language every day: the instruction is delivered in home language on Day 1 and in academic English on Day 2. At each grade level, the amount of instruction in the English and the target language remain the same for all students in the program, including the ELLs.

Our dual language classes are taught by fully certified bilingual teachers who are responsible for conducting the instruction in both English and Spanish. Our philosophy is predicated on children being able to learn from each other and to promote each other's academic growth.

b. In which language(s) is each core content area taught?

As a 50-50 Dual Language model, our students are immersed in both English and Spanish in all content areas (ELA/HLA, Math, Science and Social Studies). Emergent literacy is taught simultaneously in English and in Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Percentage of Newcomer ELLs: 82.1% (69 students)

We realize that the demands of newcomer ELLs are different from the ELLs who have been in the country for more than a year. When newcomer ELLs are grouped together, our teachers employ a variety of scaffolding methods to ensure differentiation.

In the very beginning, the instruction centers on teaching the Basic Interpersonal Communicative Skills (BICS) and phonics. The students acquire the basics of the language in order to be able to communicate in school setting and be able to express their needs.

Some of the strategies teachers use to develop BICS:

- physical gestures
- modified teacher talk
- visuals, videos, props and realia
- cognates
- chants, poems, songs
- letters and sounds
- pre-teaching vocabulary
- labeling
- sentence frames
- translations
- adequate wait time
- determining prior knowledge
- teacher read-alouds

While they are acquiring the basics, they are also introduced to the academic English language, or taught Cognitive Academic Language Proficiency (CALP) through various instructional strategies. This way the students master

academic content while they are becoming proficient in English as subject areas are integrated with language objectives. They learn English as they study meaningful content.

Some of the strategies teachers use to develop CALP:

- Modeling academic languages
- modeling note-taking
- graphic organizers
- pre-teaching vocabulary
- Think-Pair-Share
- grammar instruction in context of the lesson
- explicitly teach academic vocabulary
- structured group discussions
- word banks
- sentence frames
- expanded summaries

With the Emerging or Transitioning newcomers, the focus usually shifts to sentence syntax and the grammar rules, as well as reading comprehension and writing/editing. We support these learners in a variety of content areas, including social studies and mathematics, scaffolding their learning through previewing, explaining concepts and ideas to peers and teachers, as well as providing students with manipulatives and other hands-on materials. We use progress monitoring to evaluate the effectiveness of the selected strategies.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Percentage of SIFE students: 6% (5 students)

In the 2024-25 academic school year we had 6 SIFE students. We try to place them in an appropriate age range and in the group that best suits their needs. They are exposed to read-alouds from a variety of genres in order to develop listening skills and expand vocabulary. Language structures are developed by engaging students in shared reading. Teachers are using interactive writing and explicit instruction to support those students with their writing skills. They also apply appropriate scaffolding techniques and use peer buddy and small-group activities so that the SIFE students gradually feel safe to take educational risks. We are working towards securing the personnel needed to provide our SIFE students with extra academic support in reading and math during and after school day. We use progress monitoring to evaluate the effectiveness of the selected strategies for our SIFE students.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Percentage of Long-Term ELLs: 0% (0 students)

Currently we do not have long-term ELLs, but if we did, our plan would have been as follows:

The long-term ELLs are often orally bilingual (they have a high level of proficiency in social English and their native language), but they have limited literacy skills in their native language and limited academic literacy skills in English. They often have moved back and forth between countries and have inconsistent schooling. This results in difficulties with reading and writing which impact their performance in other content area subjects. Some long-term ELLs are identified with cognitive learning challenges in addition to their language status. It is important to learn

more about the academic backgrounds of long-term ELLs and base instruction upon an intensive study of their NYSESLAT scores and other assessment data reflecting opportunity areas for improvement. The goal is to develop a strong foundation in academic language and content areas by focusing simultaneously on content (Math, Science, and Social Studies) and literacy/language learning (e.g., via the SIOP model).

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Percentage of Former ELLs: 2.1% (5 students)

Our Former ELLs receive at least 90 minutes of integrated ENL/ELA (or other content area), and classroom teachers continue to support them through scaffolding. The students are paired with classmates whose reading and writing skills in English are on or above grade level. We also ensure that the test accommodations are available to former ELLs for up to two years after passing the NYSESLAT (these students are provided with extended time on all standardized state-wide exams, as well as the opportunity to take the exam in a separate location). In some cases, glossaries or bilingual dictionaries are used. The ENL teacher and the classroom teachers have an ongoing dialogue throughout the year to monitor students' progress.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

We review our school's spring and fall EDAT reports to determine the at-risk ELLs and leverage our teacher teams to provide supports to these ELLs.

The top three at-risk indicators impacting the greatest number of ELLs in our school are:

- Newcomer ELLs with less than 3 years of ELL services (85.9% in 2023-24 and 82.1% in 2024-25),
- ELLs in Temporary Housing (43.5% in 2023-24 and 42.9% in 2024-25),
- and ELLs not demonstrating sufficient ELP progress (31.5% in 2023-2024 and 33.3% in 2024-25).

When comparing the data to the one from the previous school year, we can say:

1) The number of Newcomer ELLs decreased by about 4 percentage points.

2) ELLs not demonstrating sufficient ELP progress has increased by about 2 percentage points.

3) The number of ELLs in Temporary Housing has decreased slightly, from 43.5% in 2023-24 to 42.9% in 2024-25.

It is important to note that when it comes to the "ELLs Who Scored Level 1 or 2" performance at-risk indicator, even though it wasn't one of our top 3 indicators, the number of ELLs scoring at level 1 or 2 in ELA and Math has significantly increased:

ELA: from 15.2% in 2023-24 to 23.8% in 2024-25;
Math: from 15.2% in 2023-24 to 21.4% in 2024-25.

Finally, in 2023-24 and 2024-25, the majority of ELL students in our school have between 1 and 3 at-risk indicators.

As far as the students with the highest at-risk indicators, the data is as follows:

- in 2023-24, 4 students have 6 at-risk indicators; 4 students have 5 at-risk indicators; and 5 students have 4 at-risk indicators.

- in 2024-25, 1 student had 7 at-risk indicators, 4 students had 6 at-risk indicators, 2 students had 5 at-risk indicators, and 3 students had 4 at-risk indicators.

This shows that the number of ELLs with the highest number of at-risk indicators has increased: in 2024-25, 13 students had the highest number of at-risk indicators; in 2023-24, 10 students had the highest number of at-risk indicators.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk indicators of our former ELLs in 2024-25:

- 66.7% of former ELLs - no at-risk indicators;
- 13.3% (2 students) - 1 at-risk indicator;
- 6.7% (1 student) - 2 at-risk indicators;
- 6.7% (1 student) - 3 at-risk indicator.

The at-risk indicator impacting the greatest number of former ELLs in our school is:

- Former ELLs who scored Level 1 or 2 in Math last school year (26.7% in 2024).

In 2023 the at-risk indicator impacting the greatest number of former ELLs was ELLs in Temporary Housing (23.1%).

When comparing the current data to the data from last year, we can say that the number of former ELLs in "Former ELLs Who Scored Level 1 or 2 in Math" has increased by about 6 percentage points (one student).

We have also noticed that some of our "at-risk" former ELL students have poor attendance, are disengaged from the learning environment, and, as a result, have low academic achievement. Research shows that students who attend school regularly have been shown to achieve at higher levels and are also more likely to pass reading and math assessments than students who do not have regular attendance. If students are missing many days of school, they become academically at-risk.

In 2023, our school had started the Bridge to Outstanding Attendance initiative. The goal is to address chronic absenteeism and to improve the academic performance of students as a result. We have continued this initiative in 2024-25.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language of our ELLs is still predominantly Spanish - 95% (80 students) in 2024-25 versus 96% (88 students) in 2023-24.

There are two (2) Wolof-speaking students in Grades 2 and 5, and one (1) Lingala-speaking student in kindergarten.

We identify the language needs during our interactions and contact with parents. The Home Language Identification Survey (HLIS) asks parents to indicate their preferred language and is always referenced by us in determining who may need written or oral translations, as well as what languages are needed.

To ensure that the parents are provided with appropriate and timely information in their native language, all written communication to parents (correspondence related to our school's outreach for academic intervention services and after school programs, newsletters, parent handbooks, flyers, surveys, etc.) is translated into the requested language by either staff, parent/community volunteers, or through the NYC DOE Translation and Interpretation Service. Vital Department of Education information, such as report cards and promotion in doubt letters, are downloaded/ordered in the languages that represent our school population. Important and time-sensitive information and letters are given to translators well in advance of scheduled meetings, conferences, and workshops to ensure that materials are available in the parents' native languages when needed.

Oral interpretation services are provided in school by the school staff (e.g., parent coordinator, literacy/math coaches, teachers, parent volunteers, principal, and assistant principal) who are fluent in English and Spanish, as well as the NYC DOE phone translation system for low-incidence languages, or when Spanish speaking staff are not available.

To ensure that all staff members are aware of how to use translation services and the over-the-phone interpretation service, the NYC DOE Translation & Interpretation Unit brochure and copies of Language ID Guides are distributed to all staff members.

A copy of the notice informing parents about their rights regarding translations and interpretations services are distributed. Parents are also made aware of these rights during meetings with school staff, i.e., conferences, IEP meetings, etc. Signs offering translation services and assistance in the parents' respective languages are posted in the main office and by the security desk.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

As per the information provided by our families during the enrollment process, our school's current ELL demographics are as follows:

- American Indian/Alaskan Native (Hispanic) → 17 students (20.2%)
- Black (Non-Hispanic): 3 students; Black (Hispanic): 33 students → 36 students (42.9%)
- Multiracial (Non-Hispanic): 1 student; Multiracial (Hispanic): 19 students → 20 students (23.8%)
- Native Hawaiian/Pacific Islander (Hispanic) → 4 students (5%)
- White (Hispanic) → 7 students (8.3%)

Our school's 2023-24 ELL demographics were as follows:

- American Indian/Alaskan Native (Hispanic) → 16 students (17.4%)
- Black (Non-Hispanic): 2 students; Black (Hispanic): 42 students → 44 students (47.8%)
- Multiracial (Hispanic) → 14 students (15.2%)
- Native Hawaiian/Pacific Islander (Hispanic) → 5 students (5.4%)
- White (Non-Hispanic): 2 students; White (Hispanic): 11 students → 13 students (14.1%)

Our school's 2022-23 ELL demographics were as follows:

- American Indian/Alaskan Native (Hispanic) → 9 students (9.4%)

- Black (Non-Hispanic): 0 students; Black (Hispanic): 55 students → 55 students (57.3%)
- Multiracial (Hispanic) → 2 students (2.1%)
- Native Hawaiian/Pacific Islander (Hispanic) → 7 students (7.3%)
- White (Non-Hispanic): 3 students; White (Hispanic): 20 students: 23 students (24%)

It is important to note that the percentage of ELLs who are identified as Black has decreased from 57.3% in 2022 to 47.8% in 2023, and to 42.9% in 2024 - by about 14 percentage points in 3 years.

The percentage of ELLs who are identified as Hispanic stayed about the same: 95.2% in 2024, 95.7% in 2023, and 96.9% in 2022.

In our school all students, including ELLs, follow the same standards-based rigorous curriculum and are afforded full access to all school programs and activities. Our teachers make every effort to make their classrooms more inclusive and culturally responsive. They get to know their students and the factors that make up the students' personal and family lives, such as their socioeconomic status, family make-up, the educational expectations and goals a family has for their child, student interest and experiences, and provide opportunities to make the learning experiences more personalized and better meet the students' needs. They make sure that their instructional approaches, materials, and assessments reflect the cultures of the students and expose them to other different cultures. They make efforts to assure that the students' first language has value and will benefit the students' literacy life as they become more proficient in English. Our teachers engage families and communities in the academic lives of students, so that families feel more included and become partners with our school. Our school values the culture of our ELLs in all aspects, which helps strengthen the students' sense of identity, better engages them in the learning process, and promotes equity and inclusivity.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Method 1: the percentage of ELLs exiting their ELL status in the last 2 years:

2023: 21.6%
2024: 11.4%

The above data shows that the number of ELLs passing NYSESLAT has decreased.

Method 2: the number of ELLs meeting English language annual progress targets:

2023: 21.6%
2024: 25%

The above data shows that the number of ELLs meeting the ELP progress targets has increased, however, 28 out of 44 progress eligible ELLs in our school still did not meet ELP progress targets in 2024. That is 63.6% of all eligible ELLs. In 2023, 56.9% of eligible ELLs did not meet ELP progress targets.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the 2023 and 2024 NYSESLAT data from our school's Spring 2024 and Spring 2025 EDAT reports,

EXPANDING LEVEL
2024 - 18 students (29%)
2023 - 22 students (31.4%)

TRANSITIONING LEVEL
2024 - 18 students (29%)
2023 - 11 students (15.7%)

EMERGING LEVEL
2024 - 18 students (29%)
2023 - 12 students (17.1%)

ENTERING LEVEL
2024 - only 3 students (4.8%)
2023 - 14 students (20%)

The data shows that in 2023 the percentage of Expanding ELLs was 31.4% versus 20% Entering ELLs. In 2024, the percentage of Expanding ELLs was 29% versus 4.8% Entering ELLs.

Also, the percentage of ELL students scoring commanding has decreased by about 8 percentage points from 2023 to 2024: from 11 students (15.7%) in 2023 to 5 students (8.1%) in 2024.

It is important to note that in 2024 ten (10) ELLs in our school were less than 10 points away from the next highest proficiency level. For example, 2 ELLs at the Expanding proficiency level in 2024 were less than 10 points away from scoring at the commanding level. This means that 11% of the Expanding ELLs were only points away from testing out of the NYSESLAT and becoming Former ELLs. A similar pattern can be found in all other proficiency levels.

A review of the NYSESLAT results also demonstrates that ELLs of all grade levels develop listening and speaking skills first and then develop reading and writing skills. ELLs at the entering and emerging levels show stronger listening and speaking skills than reading and writing. ELLs at the transitioning level demonstrate growing ability in reading while their writing still needs significant improvement. ELLs at the commanding level demonstrate a considerable growth in their writing ability. These patterns help us plan differentiated small-group instruction. With more intensive work in the area of reading comprehension and written expression, our expectations are that the students will move more quickly from Transitioning level to Expanding and from Expanding to Commanding.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

After examining the student test results across proficiencies and grades in our programs for ELLs (currently DL and ENL), we have noticed the same pattern across both programs: as students achieve English proficiency, their ELA scores improve.

For example, in Spring 2024, 23 ELLs took the ELA exam. 3 Commanding students scored a "3" and one Commanding student scored a "2". 4 students at the Emerging, 5 students at the Transitioning, and 5 at the Expanding level scored a "1". 5 Expanding students scored a "2". This shows that 75 % of commanding students passed the ELA exam scoring a "3".

Similar patterns can be noticed in the 2023 NYSESLAT/ELA data comparison - only Commanding students scored a

"3" on the ELA exam, which shows a direct correlation between the English proficiency level and success on the ELA exam.

Once ELLs become commanding in English and acquire the academic knowledge and concepts, their NYS test scores increase.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

In our school we follow a very thorough screening process to identify potential ELLs with disabilities and potential SIFEs to ensure that the students are not misclassified and that they receive the services they need and will benefit from.

The NYSESLAT results of ELLs with IEPs and SIFEs show that it takes those students longer to score at “proficient/commanding” level on the NYSESLAT and/or at “advanced/expanding” level on the NYSESLAT and Level 3 or 4 on the NYS ELA exam, to exit the ELL status.

For example, in Spring 2024, we had 1 student with IEP at the Entering level, 5 students with IEP at the emerging level, 4 - at the transition, 4 at the expanding, and no students with IEP scored at the Commanding level. We see a similar pattern in Spring 2023 - 4 Entering ELLs with IEPs, 4 transitioning, 3 expanding, and 0 Commanding.

We understand that these ELLs have very specific language, literacy, and academic needs and our teachers make every effort to provide them with exposure to a rich language environment and scaffolded support that matches their level of language proficiency. Like all students, they have access to the same rigorous curriculum as their peers and are provided with academic support in their home language in order to tap into existing content knowledge and culturally and linguistically diverse prior experiences.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We believe that in order to provide ELLs with a high-quality academic experience that leads to deeper learning, we must provide them with the same rich, compelling, and challenging instruction that other students receive. And in order for them to access this compelling and challenging instruction, we must (a) teach the English language in content and (b) build in varying levels of English language support.

Content-based language learning is one of the best ways for students to learn a language. Phonics is very beneficial for beginning ELLs. However, in order for the students to continue growing linguistically, they must have access to rich and complex language.

We incorporate the following oral and literacy approaches to support the learning needs of ELLs:

1. Language Dives - guide students to notice and thing about how language is used (deconstruct → reconstruct → practice)

2. Conversation Cues - conversation cues are questions teachers ask students to promote productive and equitable conversation, helping to gauge students' thinking. The questions can encourage students to have productive discussions and generate new ideas before they begin writing tasks. The questions are based on four goals that encourage each student to:

Goal 1: Talk and be understood, e.g.,
"I'll give you time to think and sketch or discuss this with a partner";
"Can you say more about that?"

Goal 2: Listen carefully to one another and seek to understand, e.g.,
"Who can repeat what your classmate said?"

Goal 3: Deepen their thinking, e.g.,
"Can you figure out why the author wrote that phrase?"

Goal 4: Think with others to expand the conversation, e.g.,
“Who can explain why your classmate came up with that response?”

3. Levels of Language Support:

For heavier support: for students who are new to English, provide sentence frames the students can use orally and in writing, word and phrase banks and manipulatives to help students begin to construct their own sentences.

For lighter support: for students who have moved beyond intermediate levels, employ strategic grouping, inviting students with more language proficiency to create sentence frames for students who need heavier support.

4. Diversity and Inclusion - include texts and activities that honor the cultures and backgrounds of our students and their families.

Writing Practice - ample writing practice for ELLs that is similar in structure (but not in content) to the assessments, e.g., the ELLs practice reading and writing about one animal’s defense mechanisms during lessons, then they read and write about a different animal’s defense mechanisms in the end of unit assessment. This helps ELLs become familiar with writing expectations.

5. Vocabulary and phrases in context:

-teachers introduce vocabulary and phrases in context,
-students write these words in their customized vocabulary logs,
-teachers ask students to use these new words to discuss or write about the materials they are learning,
-students use a Word Wall to track and learn selected vocabulary.

Language Usage: celebration and error correction

-Explicitly and compassionately point out effective communication and attend to language errors.
-Discuss as to why the students’ communication is effective or inaccurate/incomprehensible (especially during writing).
-Discuss errors that are common to the group or provide one-on-one feedback.

2. How does your school’s leadership team ensure ELLs have access to core instruction/curriculum?

To support age, grade and proficiency levels of the ELL students, we align our materials and instructional resources to meet their needs. Our goal is to have a constant collaboration between the classes and the ELL programs, so that there is a consistency of message and content.

Our ILT has developed a strategic plan for the implementation of MTSS in our school setting, which allows for differentiated instruction and services for all students, with an emphasis on meeting the unique needs of each student. Our ENL teacher is a member of our Instructional Leadership Team.

Our student’s home languages play an important role in the classroom. We nurture our students by using their home language as we help them in acquiring English.

Some of the instances when we use the student’s home language in the classroom are

(a) in understanding directions,
(b) connecting vocabulary and accessing new concepts,

(c) accessing nuanced ideas,
(d) classroom routines,
(d) navigating complex English grammar.

We also encourage students and their family members to continue communicating and reading in their home language. Evidence has shown that the stronger a student is in his/her home language, the more readily they can learn another language.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Our goal is to align all ELL programs with the comprehensive core curriculum. The ELLs at our school receive integrated and stand-alone services. Integrated ENL periods involve a Co-Teaching model where the mainstream teacher and the ENL teacher collaborate in order to provide scaffold, differentiated instruction, and parallel reading instruction. The two teachers plan together during C6 in order to ensure students' needs are met and that lessons are adapted so that they reach our ELLs.

Our curriculum provides explicit instruction in all four English modalities: listening, speaking, reading and writing. Class discussion and structured partner talk are highly scaffold components of this program and the use of projectable resources provide visual supports that are particularly helpful for ELLs. The curriculum is aligned with the common core standards and it encourages teachers to focus on consistent assessment practices in order to group students and plan for future instruction. Additionally, the curriculum caters to various learning styles in order to try and reach all students. Different kinds of visuals such as pictures and projectable materials cater to visual learners while the incorporation of music caters to auditory learners. Explicit grammar instruction and word study are embedded in reading, phonics is taught through Fundations, and interactive writing is also part of the daily curriculum at P.S 98.

In Grades K-5 bilingual classes, literacy is taught in both English and Spanish as per the Language Allocation Policy. The literacy program includes a period for skill building in English which introduces ELLs to the conventions of grammar, literacy texts, oral language and vocabulary development in an authentic context. Instructional strategies depend on the study units and the assessment data. Teachers facilitate direct teaching of vocabulary through listening, speaking, reading, and writing in short-time segments, they assess informally based on curriculum, do fluency building (high frequency words), as well as teach academic vocabulary using various research-based strategies. Teachers use a variety of interactive strategies to teach phonemic awareness.

We are currently implementing the Envision Math program designed to meet the objectives of the standards for Mathematics. Lessons begin with context-based situations and progress toward abstract problems. Students receive support as they advance from concrete to abstract content through the use of models and math talk prompts, which is presented throughout the program. The mathematical content strands are all addressed in Envision. Each strand is addressed throughout all grade levels of the program. Each grade level builds on and extends concept understanding so that the students approach each new challenge from a firmly established foundation. Teachers use explicit vocabulary building and recurrent informal assessments. They monitor progress through group and individual assessments and portfolios. Concepts are reinforced through games, math journals, and a variety of tactile strategies.

In Dual Language classes math is taught in Spanish and English using ENL strategies and native language support. Students in Freestanding ENL programs receive Math instruction in English with scaffolding and native language support to make content comprehensible.

Social Studies (ENL and Dual Language):
The Houghton Mifflin Harcourt Social Studies program is used for grades K-5. Students read an array of informational texts. They learn text structure and unique features of informational text as ways to enhance understanding, master the general academic and domain-specific vocabulary, and master the skills necessary to speak and write about various social studies subjects knowledgeably. Some of the materials used with ELLs in the Freestanding ENL program are thematic units on history/social studies from the Rourke Classroom Resources' ELL Interventions Kits (Readers for Writers). In DL classes, Social Studies is taught in the native language (Spanish) and English using ENL strategies/native language support.

Science (ENL, and Dual Language):
Grades K-2 use the Harcourt School Publishers, New York City Edition, and Grades 3-5 use the Foss Core Science curriculum. Science glossaries are provided to ELLs in Grade 4 which are also used during the administration of the NYS Science Test. A Science cluster teacher provides additional science instruction, including lab work, for grades K-5. Students read a lot of texts in science. They learn text structure and unique features of scientific text as ways to enhance understanding; master the general academic and domain-specific vocabulary; and acquire the skills necessary to speak and write about the scientific subjects knowledgeably. In freestanding ENL, some of the materials used are thematic units/leveled texts from Readers for Writers (Science) by Rourke Classroom Resources. In DL classes, Science is taught in the native language (Spanish) and English using ENL strategies/native language support.

All cluster content areas teachers align their work with the curriculum in each grade. They use various scaffolding techniques to build academic vocabulary and to make academic content comprehensible. They consult with classroom teachers in order to give additional support to the students. Also, our teachers analyze student writing work in Teacher Teams. In response to identified students' needs, the teachers work to develop approaches that would teach the students various writing skills. The teachers assess the success of their approach in order to determine the next steps. The aim is to strengthen student writing.

Some of our bilingual and ENL teachers attended the Sheltered Instruction Observation Protocol (SIOP) training. Our goal is to expand this training to other school-based personnel in order to implement this highly structured and effective model in the classrooms. This will help our ELLs have access to difficult Math, Science, and Social Studies concepts while mastering the English language simultaneously.

In all subject areas, including Social Studies and Science, the following approaches, methods and strategies are used as part of targeted interventions for all students, including SIFEs, newcomer ELLs, long-term ELLs, ELLs with special needs, and former ELLs:

- following the Science of Reading which includes systematic, explicit phonics instruction

- co-teaching

- small groups

- targeted individualized support

- graphic organizers, such as semantic mapping, story maps, concept maps, KWL

- video to build background knowledge and conduct other schema building activities (including videos in native language)

- realia, art objects, visual displays, illustrations, real life examples, visual cues, kinesthetic (hands-on) activities

- word walls, word banks, strategy charts related to the units of study, the flow of the day charts, charts modeling

the correct use of language, leveled libraries across a variety of genres, including multicultural books and books in Spanish and other languages of the students

- chants and songs to practice new vocabulary and sight words

- sentence starters and language stems

- glossaries and dictionaries in the students' native languages

- vocabulary cards with visual examples, videos and user-friendly definitions

- a strong vocabulary and grammar development component in the curriculum and extra time to practice applying and using the new vocabulary and correct grammar

- cooperative learning, peer tutoring

- opportunities to summarize text

- practicing paraphrasing and retelling, picking out the main idea of the text and justifying it through text-based evidence, relating reading to student experiences, prediction, and visualization of a story (draw a scene, plot, etc.)

- TPR (Total Physical Response) with entering and emerging ELLs to address the listening modality

- Natural Approach methodologies, Cognitive Academic Language Learning, Whole Language Approach

- individual conferencing with the teacher, think-alouds used with reading, explicit teaching of text structure, chunking and questioning aloud, retelling a story, daily re-looping of previously learned material, and use of native language support

- pre-teaching vocabulary

- daily vocabulary and sight word practice (e.g., with an English proficient buddy using the vocabulary Practice Protocol which includes reciting words and drawing pictures to represent vocabulary and lesson concepts from the text using a vocabulary graphic organizer)

- weekly vocabulary assessments

- "chunking" the learning objective or breaking it into numbered parts so that each step is clear to the student

- using student-friendly rubrics and self-assessments to help support metacognition

- examples of completed tasks scored against the student rubric

- annotating the lesson objective and the lesson text according to parts of speech or unknown vocabulary

- technology support with digital books e.g., from Epic

- paraphrase and drawings

- cognates and other helpful mother-tongue equivalents to facilitate vocabulary development and to make content comprehensible

- pre-teaching or checking for understanding of the concepts in the native language if appropriate

- pairing students who share the same native language but have different levels of English proficiency, especially for newcomer ELLs

- books on the language, culture, and history of the countries of the ELL students

- native language books relating to the topic or theme of a lesson

- lower level version of a text for the ELLs to preview before reading the grade level content - we choose books and writing activities based upon age and grade level as well as proficiency. A text that will peak the interest of a kindergartener will not have the same effect on a 4th Grade student. So we match a 4th Grade entering ELL with subject texts that would interest a 9-year-old, while meeting the language needs of the same student by providing easier texts. Our belief is that text levels can be adapted to suit different ELL proficiency levels while also providing appropriate and important core curriculum from each grade level.

Some of the materials used with ELLs in the Freestanding ENL program are thematic units from the National Geographic REACH program. We are also implementing the Imagine Learning program with groups of students in Grades 1 and 4. We are planning to expand the programs.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs with IEPs have lessons tailors by differentiating content, process, and product as needed.

Additional scaffolds for ELLs with IEP in all grade levels include:

- concise background knowledge,
- parallel teaching to provide extensive or higher level content exposure,
- pre-teaching vocabulary in the beginning of every unit,
- graphic organizers,
- language stems,
- cognates,
- direct grammar instruction,
- fluency work,
- word families and analogies to support students in learning patterns,
- verbal rehearsing,
- word walls and anchor charts for visual support,
- glossaries,
- dictionaries,
- modeling,
- small group work/differentiated groupings for phonics, reading, and comprehension,
- access to iPads and chrome books for speech to text and on the spot translation.

See the answers to questions 1 and 2 above for additional approaches, strategies, and scaffolds.

b. SIFE

We place our SIFE students in the appropriate age range and in the group that best suits their needs. They are exposed to read-alouds from a variety of genres in order to develop listening skills and expand vocabulary. Language structures are developed by engaging students in shared reading. Teachers are using interactive writing and explicit instruction to support those students with their writing skills.

They also apply appropriate scaffolding techniques and use peer buddy and small-group activities so that the SIFEs gradually feel safe to take educational risks.

We currently have 11 Imagine Learning Language & Literacy licenses for our SIFEs in Grades 4 and 5, and we are looking into obtaining more licenses.

c. Newcomers

When newcomer ELLs are grouped together, our teachers employ a variety of scaffolding methods to ensure differentiation.

In the very beginning, the vocabulary range is our strongest focus in the instruction of our newcomer ELLs. The newcomer ELLs' language instruction centers on teaching of the Basic Interpersonal Communicative Skills (BICS), so that they acquire the basics of the language in order to be able to communicate in school setting and be able to express their needs.

While they are acquiring the basics, they are also introduced to the academic English language, or taught Cognitive Academic Language Proficiency (CALP) through various instructional strategies. This way the students master academic content while they become proficient in English as subject areas are integrated with language objectives. They learn English as they study meaningful content.

With the Emerging or Transitioning newcomers, the focus usually shifts to sentence syntax and the grammar rules, as well as reading comprehension and writing/editing. We support these learners in a variety of content areas, including social studies and mathematics, scaffolding their learning through previewing, explaining concepts and ideas to peers and teachers, as well as providing students with manipulative and other hands-on materials.

Also, our teachers strategically use the students' home language to prepare and to engage the learner, and to extend the learning by helping students identify cognates, allowing responses to prompts in their home language, activating prior knowledge and build background by providing texts and media resources in a student's home language, teaching students to annotate text in their home language through labeled drawings and post-its, etc.

Use of the home language deepens the students' understanding of the subject matter, strengthens the academic interactions with the peers, and gives them the ability to express what they know about the subject matter. Also, many of our teachers and support staff speak Spanish which is a great support to integrating students' home language into the instruction.

d. Long Term ELLs

Currently we do not have long-term ELLs, but if we did, our goal would be to leverage teacher teams to review and analyze quantitative and qualitative data to conduct a true peer comparison using the MTSS Decision Tree for MLs/ELLs and then develop a plan for the ELLs to increase their academic achievement in Language Arts and Mathematics, to reach English proficiency, and test out of NYSESLAT.

In order to accomplish that, we would need to provide the ELLs who are at risk of becoming long-term ELLs and who have scored a Level 1 or 2 on ELA/Math with intensive literacy development and math interventions through a coordinated effort from support personnel (Reading, Math, SETSS, classroom, and ENL teachers) during regular school hours.

We would analyze the students' NYSESLAT scores and other assessment data reflecting areas of strengths and weaknesses. Then we would plan for instruction which includes the regular minutes mandated by CPR 154, Tier 1 instructional core with scaffolded supports (strategically placed scaffolds are essential for the success of ELLs - in addition to facilitating learning, they motivate students' interest related to the task, make it more manageable and achievable, and help them focus on achieving the goal), and Tier 2 structured literacy intervention in targeted skills area. The students would participate in the NYSESLAT test prep geared towards their deficiencies assessed by NYSESLAT, and they would also be encouraged to attend an after-school program where extra support would be given in reading, writing, and math.

The long-term ELLs are often orally bilingual (they have a high level of proficiency in social English and their native language), but they have limited literacy skills in their native language and limited academic literacy skills in English. They are usually transnationals who have moved back and forth between countries and have inconsistent schooling. This results in difficulties with reading and writing which impact their performance in other content area subjects. Many long-term ELLs are dual-identified with cognitive learning challenges in addition to their language status. Some students may not be making adequate progress based on any social emotional aspects as well. It is important to learn more about the academic backgrounds of long-term ELLs and base instruction upon an intensive study of their NYSESLAT scores and other assessment data reflecting opportunity areas for improvement. The goal is to develop a strong foundation in academic language and content areas by focusing simultaneously on content (Math, Science, and Social Studies) and literacy/language learning (SIOP model).

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The ELL-SWD students receive the same state-mandated services for English Language Learners and their classes follow the same rigorous curriculum for the grade in all content areas as the general education students.

Curricular and instructional flexibility: we will provide multi-sensory access to content through field trips, class projects, center activities, music, dance, physical education, and our art program. We also use instructional flexibility (based on NYSESLAT data) to target modalities during our after-school Title III program

Scheduling flexibility: ELL-SWDs have access to the least restrictive environment in classes with ICT and SETSS programming, where there is one certified Special Education teacher and one certified General Education teacher. The special education teacher, PT, PR and speech service providers work together with the ENL teacher to coordinate their schedules to ensure ELL-SWDs are receiving the necessary instruction to meet their IEP goals and attain English proficiency. We also use scheduling flexibility for all of our ELL students to achieve testing accommodations during Measure of Student Learning baseline and benchmark exams, as well as all standardized state exams.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Our Freestanding ENL Program provides instruction in English with supports emphasizing English language acquisition. It is based on the standalone ENL and integrated ENL/ELA (or other content area) models. During the

stand-alone ENL instruction students develop English language skills so that they can succeed in core content courses. It is delivered by one of our two ENL teachers. During integrated ENL instruction students build English language skills through content area instruction. The ENL teacher parallel teach along with pulling small groups of students when integrating in monolingual classroom with ELLs. Currently, our self contained classroom is led by a dually certified teacher (ENL/Common Branch) that will provide services to her students throughout the school day.

Currently ENL is delivered via the stand-alone/small group and integrated models. In the integrated model, our ENL teachers work collaboratively/co-teach with classroom teachers to provide language acquisition and vocabulary support. In the stand-alone model, we bring together ELLs from various classes for small-group instruction.

Our Dual Language program serves both ELL students in need to English language development and monolingual English-proficient students who are interested in learning Spanish. It consists of the following components: an ENL component to help students develop skills in listening, speaking, reading, and writing in English; a Spanish Language Arts component to help students develop skills in listening, speaking, reading, and writing in Spanish; and content area instructional component (math, science, social studies) taught in English and Spanish. All dual language classes alternate between English and Spanish instruction following the balanced literacy model, and the ENL support is provided by the classroom teacher in the classroom.

The primary language acquisition goals of our Dual Language program is the development of grade-level-appropriate biliteracy and academic skills in English and Spanish.

We use the following tests and screeners to assess the students' home language:

- Spanish LAB if a student is identified as an ELL and has a home language of Spanish;

- Multilingual Literacy Screener to assess home languages other than Spanish and to identify SIFEs (if applicable);

- informal in-depth interviews in the student's home language during the ELL identification process.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

During integrated ENL instruction students build English language skills through content area instruction. ELLs are grouped by grade, and within each grade, they are grouped heterogeneously by the NYSESLAT level. Sometimes teachers employ homogeneous groupings. ENL teacher collaborates with teachers to create and tailor lessons to the needs of ELLs in the integrated classroom. They plan together - sharing the workload, building off of one another's strengths, and providing direct instruction via the parallel co-teaching model. Content is delivered in a clear, concise, and comprehensive way. The ENL teacher provides language acquisition and vocabulary supports. Students are given ample opportunities to practice and are empowered to discover new understandings on their own.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

In the years 2024-2025, all teachers (both teachers of ELLs and non-ELL teachers) will receive staff development to refine their instructional and assessment practices. Some of the PDs done in the previous years (such as Questioning, Analyzing Student Work, and Danielson's Framework) will be revisited.

Here's a list of some of the PDs projected for the 2025-2026 school year:

- EL Curriculum
- Identifying Rigor
- Identifying Student Active Involvement
- Close Reading Instruction
- Questioning & Discussion Techniques
- Modeling Techniques
- Establishing a Purpose of a Lesson
- Learning Targets and Tasks
- Assessments / Checking for Understanding
- Differentiation
- Teacher Intervisitations
- Implementation of the ELA and Math curricula / Lesson Planning

Our ENL teachers attend various workshops geared towards ELLs throughout the year and share the information with the staff. Here is a sample of just a few of the PDs they have recently attended or plan to attend:

- Using the SIOP Model
- Classroom-Based Strategies and Structures that Support the Inclusion of Students with Special Needs (Meeting the Diverse Needs of Learners: Responding to the Special Education Reform)
- Effective Reading Instruction for ELLs
- Promoting Critical Thinking in Math and ELA through Questioning to Influence Classroom Practices

Our Guidance Counselor Heidi Guzman has been involved in the professional development sessions on the Middle School application process, and the Respect for All PDs through our Parents Association.

Our coaches will continue providing group and individual professional development to staff on a needs basis throughout the year.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In 2025-2026, our school will provide PDs to all teachers and administrators that address the needs of ELLs.

At least 15% of the PD hours for all teachers will be dedicated to language acquisition, including a focus on best

practices for co-teaching strategies and integrating language and content instruction for ELLs.

Bilingual and ENL teachers will receive a minimum of 50% of the PD hours focused on language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs.

Also, all the teachers will be given information on how to provide scaffolding and differentiate instruction for the ELL students, how to work with newcomers in the classroom, we review NYSESLAT procedures, testing accommodations, discuss strategies for the ELLs with special needs, etc.

Records for PDs are compiled in a binder and stored in the PD binder of the administrator supervising that training.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We work with the organization Reading Matters that provides professional development and support so that teachers can make instructional decisions based on the data gathered. In addition, we coordinate with the Literacy Coach and Math Coach to analyze the results of content-based assessments and conduct data talks.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We evaluate students' growth in various assessments and use multiple sources of data to make instructional-based decisions and guide planning and group formation.

Our school uses the following tools to assess the early literacy skills of the English Language Learners (ELLs):

- STAR Early Literacy and Literacy (administered 3 times a year)
- Wilson Assessment of Decoding and Encoding (WADE)

To monitor the academic growth of our ELLs, we rely on the following assessments:

- i-Ready
- Acadience
- Estrellita (Grades K-2)
- Math problem solving
- Teacher-made assessments (rubrics, checklists) aligned to the curriculum
- Multilingual Literacy SIFE screener
- SIFE Writing screener
- Accelerated Reader book quizzes (enable teachers to monitor the quantity and quality of reading practice engaged in by the students)

The data collected from these assessments provide us with the insights into the growth of our ELLs - which students make progress, plateau or lag behind. This helps us plan targeted lessons that meet the needs of our students.

In addition, the assessments are helpful in planning professional development sessions for teachers focused on how to move the ELL students forward. We can use the assessments to identify trends in the data and then focus on those areas to develop professional competencies within our staff.

Last but not least, the assessments help us evaluate the efficacy of our programs and instruction and modify as needed based on the results.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

As a school community, we collect and analyze the data throughout the year, discuss the areas of need, and make decisions about the
programs, placements of students, as well as any additional supports needed.

At the beginning and end of the year our leadership team review the school-wide assessments. Then the assessment plan along with a structured process to utilize student data is communicated to all staff. At Tier 1, all ELL students are provided with whole-class instruction and small-group instruction from their general education teacher. Students receive explicit, systematic, and evidence-based foundational skills instruction. Bilingual teachers use ENL strategies and native language supports to enhance and scaffold units and lessons, and make content comprehensible for culturally and linguistically diverse learners. The support of ELLs in monolingual classrooms is provided by the ENL teachers via the standalone ENL and/or integrated ENL/ELA or other content area model.

At Tier 2, ELL students identified for more support receive supplemental targeted supports and interventions. They receive small-group instruction services via a push-in and/or pull-out model by a SETSS teacher and/or a Reading and/or Math teacher. The Tier 2 instruction is a supplement to the core curriculum. Interventions are targeted specifically to identified student needs based on multiple sources of data. Through the interventions employed in Tier 2 we address any barriers that impede the academic performance of our ELLs. Students receive interventions 3-5x a week, in addition to Tier 1 core instruction, with intensity determined by student need and targeted to specific skills. Progress monitoring assessments are administered 1-2x a month to ensure adequate progress. ENL and bilingual teachers provide mandated language support to the ELL students using the ENL strategies and native language support.

Tier 3 includes the students who do not make adequate progress with services in Tier 2 and require individualized intensive support and intervention. Students receive smaller-group or individual (1-3 students) interventions 3-5x a week in addition to Tier 1 core instruction with intensity determined by student need and targeted to specific skills. Progress monitoring assessments are administered 1x a week or bi-weekly. Tier 3 includes Data-Based Individualization: adaptations to a Tier 2 intervention that provide more alignment to an individual student's need via an increase in frequency, lowering of group size, and explicitness. Bilingual teachers scaffold the instruction of the ELLs in Tier 3 using the ENL strategies and natives language support. The ELLs in monolingual programs continue receiving the mandated services from the ENL teachers.

We use the following intervention programs and materials:

- PAF
- S.P.I.R.E.
- The Spalding Method
- Wilson Fundations
- National Geographic REACH
- Teacher-developed materials
- Pre-Referral Intervention Manual (PRIM)
- Strategies from the book Asking Better Questions by N. Morgan
- Strategies from the book Making Thinking Visible by R. Ritchhart

- Strategies from the Explicit Direct Instruction by John Hollingsworth

We share the NYSITELL/NYSESLAT, ELA and Math data including the data from the ELL Data Analysis Tool (EDAT) with the teachers and students' related services providers. A review of the NYSITELL and NYSELAT results demonstrates that most of the students in our school are either at the intermediate (emerging/transitioning) or advanced (expanding) level of their English language acquisition. It appears that the younger the students are, the more likely they are to be at the beginning (entering) and intermediate (emerging/transitioning) level, unless the students are newcomers. The review of the tests' results also demonstrates that ELLs at all grade levels develop listening and speaking skills first and then develop reading and writing skills. ELLs at the beginning level show stronger listening and speaking skills than reading and writing. ELLs at the intermediate level demonstrate growing ability in reading while their writing still needs significant improvement. ELLs at the advanced level demonstrate a considerable growth in their writing ability. With more intensive work in the area of reading comprehension and written expression, our expectations are that the students will move more quickly from the intermediate (emerging/transitioning) to the advanced (expanding) level, and from the advanced (expanding) to the proficient (commanding) level. All services, interventions, and assessment tools are documented via students portfolios, teacher data binders, professional development, team meetings, etc.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We evaluate students' growth in various assessments and use multiple sources of data to make instructional-based decisions and guide planning and group formation. Our school uses the following tools to assess and monitor the academic growth of ELLs in order to inform and drive instruction:

- STAR Early Literacy

- Wilson Assessment of Decoding and Encoding (WADE)

- Accelerated Reader book quizzes (enable teachers to monitor the quantity and quality of reading practice engaged in by the students)

- Math problem solving

- Guided reading conference notes

- Estrellita (Grades K-2)

- Teacher-made assessments (rubrics, checklists) aligned to the curriculum

- Pre- and post- RTI reading assessments

The data collected from these assessments provide us with the insights into the growth of our ELLs - which students make progress, plateau or lag behind. This helps us plan targeted lessons that meet the needs of our students.

In addition, the assessments are helpful in planning professional development sessions for teachers focused on how to move the ELL students forward. We can use the assessments to identify trends in the data and then focus on those areas to develop professional competencies within our staff.

Last but not least, the assessments help us evaluate the efficacy of our programs and instruction and modify as needed based on the results.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We use licensed teachers and personnel who speaks the home language of students who need language access to assessments.

In order to ensure that our ELLs are appropriately evaluated in their native language throughout the year, we will administer the following assessments:

- Spanish Language Assessment Battery (Spanish LAB) test to determine language dominance during the initial identification of ELLs;

- Evaluación Del Desarrollo De La Lectura (EDL) to determine the students' reading levels/proficiency in Spanish;

- El Examen de Lectura en Español (ELE) to test students' vocabulary knowledge and ability to understand words in context.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

- ELA and Math State Exams

- Acadience

- iReady

- NYSESLAT

- El Examen de Lectura en Español (ELE) (to test students' vocabulary knowledge and ability to understand words in context)

- EDEL

- Home Language Arts Spanish Performance Assessment

In looking at our NYSESLAT data, our EDAT report, as well as all other in-house gathered data, we identify strengths, patterns, and areas that may need improvement. The analysis of these data sources allows us to streamline instructional practices across all content areas in an effort to cohesively and explicitly address the needs which we have identified. We use these data sources to create action plans and then asses impact of instructional shifts based

on students outcomes. Analysis of these data points also allows us to develop a more impactful Title III program which will target specific needs and individual groups of students.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The titles of the staff that administer and score the NYSELAT:

- ENL Teacher
- Bilingual SETSS Liaison
- 4th Grade SPED Teacher
- 3rd Grade SPED teacher
- 1st Grade Dual Language teacher
- 4th Grade Dual Language teacher
- 5th Grade Dual Language teacher
- Art Teacher
- Librarian

Staff are informed of the NYSESLAT administration via a memo sent out by Ms. Valerie Vazquez, our literacy coach and testing coordinator. The parents of ELLs are informed of the NYSESLAT administration via letters sent in their preferred language.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All our current and former ELLs (for up to two years after passing the NYSESLAT) are provided with the testing accommodations according to the NYS guidelines and the students' IEPs, if applicable. For example, students receive extended time on all standardized state-wide exams, as well as the opportunity to take the exam in a separate location. In some cases, glossaries or bilingual dictionaries are used. Our testing coordinator, IEP teacher, and ENL teacher cross-check lists of students throughout the year to ensure that every eligible students receives an accommodation.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our ENL teacher, Ms. Ella Tikhon, is in charge of coordinating our parent orientations. Within 5 school days of identifying a student as an ELL, Ms. Tikhon sends out a written notice to the student's parents/guardians in their preferred language including:

-Parents' right to see a Review of ELL Identification Determination ,
- ELL's English Proficiency Level,
- Information regarding the date and time of the Parent Orientation session.

All ELL orientations are conducted by Ms. Tikhon or another licensed and trained pedagogue and in a language that the parent/guardian best understands.

We inform the parents/guardians of the goals and requirements of the three instructional program models available in New York City for MLs/ELLs (dual language, transitional bilingual education, and ENL) regardless of whether we currently have either type of bilingual program. The parents/guardians view the Parent Orientation Video: ELL Programs in NYS in their preferred language (https://www.nysed.gov/bilingual-ed/parent-orientation-video-english-language-learner-ell-programs-new-york-state?msclkid=47f9eb7fd06911ec9e2f8740285e99b2).

At the orientation, we also explain:

- NYS standards,
- Assessments,
- School expectations for MLs/ELLs.

We prepare the following documents for the meeting:

- Agendas,
- Sign-in sheets,
- Copies of ELL Parent Survey & Program Agreement in the parent's preferred language (https://infohub.nyced.org/nyc-doe-topics/print-only-documents/multilingual-learner-parent-notification-letters),
- Guide for Parents of ELLs/MLs in NYS (https://www.nysed.gov/bilingual-ed/guide-parents-english-language-learners-and-multilingual-learners-new-york-state).

We encourage the parents to ask questions, so that they are informed about all ELL programs.

Translation and interpretation services are provided throughout the meeting.

Meeting agendas and sign-in sheets are maintained in our school files. The parent choice is reflected on the ELPC screen in the ATS and the Parent Survey and Program Agreement form is kept in the student's permanent record.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In 2025-2026, our school will individually meet with the parents/guardians of ELLs at least once a year (in addition to parent teacher conferences, initial parents orientations, quarterly progress meetings, or other scheduled meetings), to discuss:

(a) the goals of the student's program,
(b) the child's language development progress,
(c) English proficiency assessment results,
(d) and language development needs in all content areas in English and in the Spanish language in the case the child is enrolled in our DL program.

The meetings will be conducted with a qualified interpreter/translator, if needed.

To schedule the meetings, teachers will send home personalized letters (or emails) inviting parents to annual individual ELL meeting. If parents cannot attend in person, they can set up a conference call and translation services will be provided as needed.

We will keep phone logs and send follow-up letters in the case of a phone conference, parents will receive a follow-up letter summarizing the conversation and key goals going forward.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To ensure families receive all school communication and documents in the language they best understand, our school has a multilingual Welcome Poster displayed at the entrance of the school building and a Language Access Rack Card Kit, which remind visiting family members that language assistance services are available.

Also, the staff utilizes a Language Identification Guide which includes over 30 languages to help identify the language of a visiting family who prefers to communicate in a language other than English, and a multilingual Special Education Poster to remind families that language assistance services are available throughout the IEP process.

During the intake process, the Home Language Identification Surveys are very useful in determining who may need written or oral translations, as well as what languages are needed. In Part III of the HLIS parents indicate their preferred language in which they would like to receive written information and communicate orally with school staff. The data is collected and input into ATS. The LAC prints RAPL (Adult Preferred Language Report) on ATS and shares it with administration, classroom teachers, out-of-classroom teachers, paraprofessionals, and school aids. Also, the office has a binder with emergency cards, which indicate the family's preferred language. Classroom teachers have a binder with emergency cards that indicate the family's preferred language.

The LAC coordinates interpretation services for meetings also based on the RAPL report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. If needed, we can also reach out to the DOE's vendors for over the-phone interpretation services in the event that a bilingual staff member is not available.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Parental involvement is a cornerstone of our school and a contributing factor to the success of our school. We have fostered a really good relationship with our parent community. We are constantly reaching out to families to give them frequent updates and next steps. We schedule family meetings as needed and review DOE schools surveys to coordinate various parental engagement activities.

Our parents are actively involved in many different activities that foster parental involvement for parents of ELLs, such as,

- Parents participate in the governance of the school via the SLT,

- Open Houses organized by the school administration where our parents have an opportunity to meet with teachers and receive information about the curriculum and the expectations for the school year,

- Parent Coordinator led workshops for parents - every month the parent coordinator has a workshop for parents. The topics range from how to read together with their children, help their children with homework, work with the

teacher of your children to how to help their children learn to take responsibility and the ABCs of discipline at home, social-emotional learning, computer basic skills, financial literacy, and more.

- Teachers, administration, and other school staff use ClassDojo to communicate effectively with all parents, including the parents of ELLs about the expectations, assignments, and school events. Additionally, the parent coordinator has created a WhatsApp group for parents to share information and facilitate direct communication between the school and parents.

- Family Game Night - takes place at P.S. 98 every year. Parents interact with their children and other families,

- Family Movie Night - held at P.S. 98 twice a year. The school auditorium is converted into a cinema and parents have an opportunity to spend quality time with their children, other family members, and the members of the community,

- Fall and Spring Festivals - multicultural events held once a year in which the school community and the neighborhood get together,

- Monthly meeting of Parent Association - every month the PA meets to discuss and plan events and activities,

- Parents of ELLs have various opportunities to volunteer in our school. Some parents of ELLs are part of the PTA.

Throughout the year, teachers keep in close contact with the parents of ELLs, informing them of their children's progress or any concerns they might have. Parents are encouraged to read to their children in their home languages. All parents are informed about and encouraged to attend meetings, shows, and events held at P.S. 98. In addition, we publish monthly newsletters for parents in English and Spanish, and a monthly calendar that informs parents about all school activities. The activities are conducted with a qualified interpreter/translator if needed.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

As we strive to foster an inclusive and supportive environment for all our students and their families, we ensure that families of MLs/ELLs are aware of and can participate in family leadership opportunities.

Our current strategies include:

- Multilingual Communication: We provide information about leadership opportunities in multiple languages, ensuring that language barriers do not prevent families from accessing this information.

- Community Liaisons: We have dedicated staff or volunteers who serve as community liaisons. They reach out to MLs/ELLs families, offering support and encouraging participation in leadership roles.

- Parent Workshops and Meetings: We organize workshops and meetings specifically tailored for MLs/ELLs families, explaining the various leadership opportunities and how they can get involved.

- Digital Platforms: Our school utilizes digital platforms such as ClassDojo and the newly created WhatsApp group by the parent coordinator to share information and facilitate direct communication between the school and families.

- School Events: During school events and gatherings, we provide information and materials about leadership opportunities, ensuring visibility and accessibility for all families.

- Bilingual parents participate in SLT and/or PA: Lorenzo Pryce, Mia Sharma, Ramon Badia, Nancy Perez (2025-26).

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

As one of the recipients of the 21st Century Community Learning Centers grant, our school is a Community School. We partner with various community-based organizations that provide services focused on expanding learning time, family engagement, attendance improvement strategies, and health and wellness services for all our students, including the ELLs.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Due to the comprehensive nature of our ELL programs, we always try to be proactive in contacting and informing ELL parents whose children will be attending P.S. 98M. Our office staff flags those families whose home language is not English, and supplies them with additional information and support. The Parent Coordinator offers workshops throughout the year to engage families and support them with strategies to help their children academically. He also holds office hours to meet with families as needed to tailor support and services on a case-by-case basis. In addition, our school organizes individual and school-wide orientations for families of ELLs to assist the newly enrolled ELL students before the beginning of the school year. In these meetings, families learn about their program options available in the New York City public school system for ELLs. Our school counselor is bilingual and works with the families of ELLs as needs arise.

All 5th Grade teachers of ELLs and the parents of 5th Grade ELL students are provided with an orientation by the Guidance Counselor regarding the middle school process. Two presentations are made available in the English and Spanish languages. The Guidance Counselor explains the transition from Elementary to Middle school - the application process, the middle school choice criteria, and the admission process.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Dr. Olinka Cruise, Assistant Principal
Ms. Ella Tikhon, ENL Teacher
Ms. Valerie Vazquez, Literacy Coach
Ms. Catherine Rosario, Bilingual Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

We adhere to the following ELL identification procedures and our staff are trained on the following:

1. We complete the ELL Identification Process for each student within 10 school days of enrollment (20 school days for students entering with IEPs).

2. We determine the enrollment status of each newly admitted student. If a student has been in NYS public schools within past 2 years, our school contacts previous school to obtain the ELL status relevant assessment scores and proficiency level.

3. The home language of the student is determined by a trained and licensed pedagogue. Usually, it is our ENL teacher, Ms. Ella Tikhon (Dr. Olinka Crusoe, Ms. Valerie Vazquez, and Ms. Catherin Rosario are backups). The Home Language Identification Survey is completed with the parents in the parents' preferred language. Translation and interpretation services are provided by a bilingual staff member (usually, by our pupil secretary, Ms. Carminia Dilone). We also use the DOE's over-the-phone interpretation services.

4. Then we determine the student's eligibility for the NYSITELL by conducting an individual, in-depth interview with

the student in English and in the student's home language. If the newly enrolled student is entering with an IEP, our school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent. The LPT includes ENL teacher, related services providers, bilingual SETSS teacher, Guidance Counselor, Assistant Principal, a grade level teacher, and the parents of the student. The LPT make their recommendation based on the evidence which includes the student's IEP, academic records, practice tests in English and the student's home language, and an informal interview in English and in the home language.

5. Student is administered the NYSITELL, if eligible.

6. Parent letters are sent to the parent in the parent's preferred language, notifying them of their child's ELL status.

7. If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish LAB. This year, our Spanish bilingual teacher, Ms. Catherine Rosario, will be administering the Spanish LAB. Our pre-K teachers Ms. Jocelyn Santos and Ms. Gail Diaz had been trained to administer the Spanish LAB as well and we will utilize them if a back-up is needed.

8. Student with interrupted/inconsistent formal education (SIFE) status is determined using New York State's resources available on NYSED's website: http://www.nysed.gov/bilingual-ed/schools/studentsinterruptedinconsistent-formal-education-sife. We conduct the SIFE Oral Interview Questionnaire; administer the Multilingual Literacy SIFE Screener (reading comprehension and math); the SIFE writing screener; and discuss the student's academic performance in the classroom before we make the determination.

9. If we determine that a student is an ELL, we invite the parents to the parent orientation meeting. The parent orientation meeting provides parents with an explanation of each ELL program models offered in NYC; the parent video describing the three programs is presented in the parent's preferred language; we encourage the parents to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

10. The ELLs are placed in the ELL program that the parents selected. If the ELL program that the parents selected is not available, the parents are offered a transfer to a school with that program in accordance with DOE transfer policies. If the ELL remains in the school, the ELL is placed in the English as a New Language program and our school keeps track of parent choice so that when minimum thresholds are met, we can open the ELL program of choice.

11. Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).

12. If the ELL Reidentification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Reidentification Process within 6 to 12 months.

_____

P.S.98M ELL SCREENING STEPS

STEP 1: SCREENING

Email/Text: Ms. Dilone (pupil secretary) notifies (via email/text/phone call) trained pedagogues and administration that she is registering a potential ELL student.
Ms. Tikhon (Ms. Vasquez, Dr. Crusoe, Ms. Rosario) administers the Home Language Identification Survey to new students in the family's preferred language and conducts an in-depth individual interview in English and in the student's home language.
Survey is maintained in CUM records.
Ms. Dilone enters the student's home language into the ATS/BIOU.

Ms. Tikhon updates the HLIS flag in the ATS/BIOU screen to “Y” - indicate that the HLIS has been administered.
Ms. Tikhon updates the ELLO screen.
10 days to identify ELLs (20 days for students entering with IEPs), administer the Spanish LAB if needed, conduct the parent orientation, and to place the student in the ELL program selected by the parents. Additional 10 days to update the ELPC screen.

A. If student's Home or primary language is other than English, we continue screening. If preferred language is Spanish - Pupil Secretary/Ms. Dilone will translate). Otherwise, we call the translation department to support the language.

B. If the student's home or primary language is English. STOP: STUDENT IS NOT an ELL.

C. Ms. Tikhon will update ELPC screen Monday's PD/during family engagement time.

Screening/Individual Interview: Interview is conducted in English and in the student's home language. Use the following script:

"Hi my name is _____. What is your name? How old are you? Have you been to school before? Oh wonderful, where did you go to school? What did you like about your school? Is there anything else you like about school? What do you like to do with your friends? What foods do you like? What shows do you like to watch on TV? What is your favorite story? Can you tell me about it? ... Welcome to PS98!.."

If possible, arrange an interaction with a class, small group, or individual child (preferably of the shared native language) to observe the student's level of language and school readiness. Review documents, prior assessments, work samples, and academic experience to determine the student's literacy and math level in his/her home language.

If the results of the interview confirm that the student's home language is other than English - students with IEP continue to 1C; student with no IEP continue to 2A/NYSITELL.

B. Results of the interview indicate the student's home language or primary language is English. STOP - Home language should be updated in ATS as English.

LPT Screening is conducted if a student is entering the school with an IEP. Based on IEP review and interview, the LPT (Language Proficiency Team) determines what the student needs.

LPT PROCESS:
-Enroll the student.
-Give the student a couple of days in class.
-Search SESIS for the details of the IEP.
-ENL teacher meets with student and collaborates with the IEP teacher and other members of the LPT team (administrators, related services providers, parents)
-The team meets to review all information about the child and include the parent. Decisions should be holistic. The LPT will consider evidence (IEP, interview notes, academic and assessment history, work samples, how certain elements of the second language acquisition process compare to learner characteristics associated with a learning disability, etc.) to make a recommendation as to whether the student may have second language acquisition needs, requires second language supports, and must take the NYSITELL OR makes the recommendation that the disability may be the determinant factor affecting the student's ability to demonstrate proficiency in English.
-Once the process is done, if a decision is made that a student should not be administered the NYSITELL, a form is completed, signed by the team and submitted first for the principal's review, then for the superintendent's review.

How to screen for cognition versus language acquisition -

1. Review results of interviews, evaluations and present levels of performance in home language and English:
-students attempting hands-on tasks with visuals, models and monitoring for delays;
-levels and patterns of language development;
-academic achievement and response to intervention;
-social skills;
-behavior and management needs.

2. Social History:
-educational history;
-history of language use.

When recommending that a student with a disability should not take the NYSITELL because the disability is the determinant factor affecting whether the student can demonstrate English proficiency, our LPT looks for evidence that the student has no second language needs, requires no second language supports, and does not meet the federal definition of English Language Learner (ELL).

A. If the student may have language acquisition needs, administer NYSITELL using IEP accommodations.

B. If the LPT recommends that the principal student does not have second language acquisition needs, if the principal agrees, the principal notifies the superintendent and guardians. The superintendent has 10 days to agree or disagree. If the superintendent agrees, guardians will be notified within 5 days of final determination if the student will not take the NYSITELL thus not being an ELL. STOP student is not an ELL.

LPT Team (meet on Monday at 3:20pm)
Ms. Tikhon, ENL Teacher
Ms. Rodriguez, Principal
Dr. Crusoe, Assistant Principal
Ms. Herrera, Bilingual Speech Therapist
Ms. Armstrong, Speech Therapist
Parent(s) / Guardian(s)

STEP 2: INITIAL ELL IDENTIFICATION ASSESSMENT

NYSITELL: Ms. Tikhon will administer the NYSITELL to students within 10 days of enrollment.
In September, a schedule will be made for testing.
Scan finished test to ATS.
Spanish LAB - bring in translator / must be done within 10 days of school's enrollment

A. If student demonstrates English proficiency at the commanding level, the student is NOT an ELL.
B. Student demonstrates English Proficiency at the following levels: entering, emerging, transitioning, expanding, the student is an ELL.

SIFE Screening (newly admitted ELLs/grade 3 and above): Ms. Tikhon administers:
- SIFE Oral Interview Questionnaire
- Multilingual Literacy SIFE screener (MLS screener)
- Writing screener

30 school days from initial enrollment to make an initial SIFE determination. Up to one year to change the SIFE status if necessary.

A SIFE will be automatically declassified if the student attains TR or higher level on the NYSESLAT. Update the BNDC

screen in ATS to indicate if the student is a SIFE.

Parent Notification of ELL Identification: Within 5 school days of a student being identified as an ELL, guardians are to receive written notice in their preferred language including:

* Parents' right to see a Review of ELL Identification Determination
* Information regarding the Parent Orientation session
* ELL's English Proficiency Level

Parent Orientation for New English Language Learners:
Set date and send notification letters home.
Orientation and sign-in sheets must be maintained in school files.

Parent Orientation explains:
- NYS standards
- Assessments
- School expectations for MLs/ELLs
- Program goals and requirements for all three ML/ELL program models: dual language, transitional bilingual education, and ENL regardless of whether the school currently has either type of bilingual program (video available for this)
- orientation agendas
- sign-in sheets

Additional Meeting time: Parent orientation can take place during family engagement time.

STEP 3: ELL PROGRAM PLACEMENT

Student must be identified and placed within 10 school days. BE is the default program placement. Grade span for BE and ENL is 2 contiguous grades.

Parent must receive written notification of their child's ELL Program Placement.

If a parent chooses a TBE program that we currently do not provide:
- The parents fill out an ELL Transfer Request form.
- We send that through the Central team.
- We continue to serve the students in the meantime.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Carminia	Dilone	Education Para / Annual IEP	11/03/2022; 02/26/2025	Y
Ella	Tikhon	ENL Teacher	11/17/2022; 05/21/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
FRENCH	3	0.86%	5	1.47%	0	0
ENGLISH	153	43.97%	137	40.41%	30	30
SPANISH	191	54.89%	195	57.52%	20	20
WOLOF	1	0.29%	2	0.59%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School calendar	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. We check the DOE's HELLO page for guidance on obtaining translations and estimated turnaround times (https://www.schools.nyc.gov/school-life/school-environment/hello).
School meetings invitations	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time.
Classroom notices and various school activity flyers	We make every effort to use a previously-prepared translation already used by the school and adapt it to our current situation. However, usually, we translate this type of written material in-house as 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. When necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. Certain translated forms are available from the Office of Language Access on the NYC DOE InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.

Information sent directly from NYC DOE	The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.
Field trips and off-site excursions	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time.
IEPs	The case manager for each student with an IEP will coordinate translation of the IEP by submitting an IEP Translation Request Form to the Office of Language Access.
Documents related to educational progress, such as promotion in doubt letters, report cards, and progress reports	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.
Documents related to health and safety	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.
Documents related to legal or disciplinary matters	We translate all written material in-house as the majority of our staff are bilingual and able to do the translations. 90% of the staff is fluent in written and oral Spanish, they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.
Documents related to	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the

changes in school schedules, days off or remote days, and pick-up/drop-off times	DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.
Documents related to enrollment, academic standards and programs, and entitlement to public education	We translate this type of written material in-house. 90% of the staff is fluent in written and oral Spanish, and they collaborate for translations. However, when necessary we will reach out to the DOE's vendor for general school document and flyer translation services. We fill out the Translation Request Form for Public Schools and submit it 2 weeks prior to it distribution to ensure it is translated on time. The DOE has numerous non-student-specific critical communications translated in many languages that can be found on the DOE website, the Public InfoHub and the Employee InfoHub. When planning to send centrally produced non-student-specific written communications to parents, we obtain existing centrally-prepared translations of the communications in the covered languages and provide them to the parents who prefer to communicate in a covered language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTCs	The LAC coordinates interpretation services based on the RLPC report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. We also reach out to the DOE's vendors for over-the-phone interpretation services in the event that a bilingual staff member is not available.
Town Halls	The LAC coordinates interpretation services based on the RLPC report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. If needed we can also reach out to the DOE's vendors for over-the-phone interpretation services in the event that a bilingual staff member is not available.
PTA Meetings	The LAC coordinates interpretation services based on the RLPC report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. If needed we can also reach out to the DOE's vendors for over-the-phone interpretation services in the event that a bilingual staff member is not available.

Open Houses	The LAC coordinates interpretation services based on the RLPC report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. If needed we can also reach out to the DOE's vendors for over-the-phone interpretation services in the event that a bilingual staff member is not available.
IEP Meetings	The LAC will coordinate interpretation using the DOE Office of Language Access's vendors for families who speak languages other than English and Spanish, based on the RLPC report in ATS. For Spanish speaking families, our teachers, school aides or paraprofessionals will be assigned to each grade to interpret during the meeting.
ELL Parent Orientations	The LAC coordinates interpretation services based on the RLPC report in ATS. We use in-house consecutive interpretation for all meetings which is provided by our staff members, 90% of whom are bilingual. They either translate information during individual meetings or hold the meeting in the dominant language of the parent. If needed, we can also reach out to the DOE's vendors for over-the-phone interpretation services in the event that a bilingual staff member is not available.
Phone calls and oral communication between office staff and families	For oral communication in Spanish, all of our main office staff members speak Spanish and they will conduct all oral interpretation between office staff and families. For languages which our staff do not speak, we contact DOE's vendors to coordinate interpretation as needed.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

(A) a school-wide emergency (i.e. lockdown, fire, etc..):

In the event of an immediate emergency where there are changes to student release and/or pickup, English-Spanish bilingual staff will inform and update Spanish-speaking families via telephone. Classroom teachers or secretaries will call non-English speaking families who do not speak Spanish using the DOE vendor. In addition, we have a system for school-wide phone calls to parents in which calls/text messages are sent out in both English and Spanish. We also communicate via ClassDojo which families have a set/preferred language that they can understand. Our PA has an account with bilingual notifications where information is also disseminated.

(B) a student-specific emergency (i.e. student attendance, nurse/hospital visit, etc..):

In the event of an immediate emergency where there are changes to student release and/or pickup, English-Spanish bilingual staff will inform and update Spanish-speaking families via telephone. Classroom teachers or secretaries will call non-English speaking families who do not speak Spanish using the DOE vendor. In addition, we have a system for school-wide phone calls to parents in which calls/text messages are sent out in both English and Spanish. We also communicate via ClassDojo which families have a set/ preferred language that they can understand. Our PA has an account with bilingual notifications where information is also disseminated.

(C) If a parent has an emergency and needs to contact the school:

Parents can call the main office directly as bilingual staff will be able to support their needs.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Staff members are provided with training specifically on the Chancellor's Regulation A-663. All staff members have access to the regulation via the school google drive folder. The Over-the-Phone Interpretation Desk Aid, Language Access Handbook, and Office of Language Access. Info Hub Link are provided to staff via school Google drive folder and/or at faculty meetings.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We use in-house simultaneous interpretation for all meetings, so we usually have no need for an outside vendor. We distribute copies of the translated notice informing parents about their rights regarding translations and interpretations services. Parents are also made aware of these rights during meetings with school staff, i.e., conferences, IEP meetings, etc. Signs offering translation services and assistance in the parents' respective languages, translated Parent's Guide to Language Access, translated Safety Information, and Language ID Guide will be posted in the main office and by the security desk. The locations of the signs will be stated in the school's safety plan. The safety plan will contain procedures for ensuring that parents in need of language access services will not prevent them from reaching the school's administrative offices solely due to language barriers.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The feedback from parents on the quality and availability of translation and interpretation services will be gathered and assessed using targeted surveys in the parents' preferred languages, which will allow parents to specify areas in which they need help. We will also gather feedback through conversations with parents and staff and during PTA meetings.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We will use the information gathered to evaluate whether our translation and interpretation services address the needs of the parents. We will regularly review our procedures and make adjustments or implement new ones to address parental needs.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

42 students for Saturday Academy and 33 students for After School

Grades to be served in this program. Select all that apply.

,2,3,4,5

Total number of teachers in this program:

9

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4 for Saturday Academy, 4 for Success Academy

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

4

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S. 98 will create a newcomers group where newcomers to the country (0-6 months) meet in a linguistically homogeneous group in terms of English proficiency (but not native language) in order to gain early literacy skills and adjust to school and life in the United States. The purpose of this group is to provide as much support as possible so that students will be able to glean information from their mainstream classes, but also to introduce students to some of the cultural norms. The instructional language of the program will be in English supported by Spanish directives and facilitated by a fully certified (K-12) ENL teacher.

The ENL instruction is within a balanced literacy framework. We teach word features and high frequency words in isolation, build and solve words putting word features together, model strategies and provide direct instruction in vocabulary through level appropriate text, and ensure the application of skills into reading and writing, shared reading, guided reading, interactive writing. Newcomers engage in discussions using sentence frames, new vocabulary, and building on ideas. This foundational skill building gives students confidence they need to read, write, and speak English. We use parts of Fundations, Preventing Academic Failures, Leveled Literacy Intervention, Teachers
College Reading and Writing programs to develop a comprehensive program from our newcomers. The PAF and Leveled Literacy Intervention programs are supplemental programs that provide materials that will support language growth. We use the New Language Arts Progression standards for planning, printable resources, leveled paper choice, and graphic organizers for additional support. The newcomers group will meet afterschool on Wednesdays and Thursdays from 2:30 PM - 4:30pm.

We will also have Saturday Academy from 9am -12pm our immigrant students who have been in the country less than 3 years, to continue giving them small groups that include enrichment projects that incorporates language building. In Saturday program fun and exposure will be at the foundation. We will work hard to keep students engaged by thoroughly and purposefully planning. Our plans will be individually differentiated; accountable to and adaptable based on data; engaging; joyful; and empowering to language learners.

In addition to building foundational literacy through these curriculums, we will also take students on virtual trips that cross curriculums, allowing learners to engage with and to learn about authentic artifacts and to explore places important to the discipline of study and consistent with their individual learning and language needs. Students will be invited based on NYSITELL and NYSESLAT results and classroom data such as running records, teachers' conferring notes, and how well students are able to interact in class with grade level content. Parents will receive invite notifications in the language indicated on their home language identification survey. As notices are given and received we will maintain records in an ENL binder along with student attendance.

Our Saturday program will begin October 18 and end in May.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Currently approximately 100 of our school's approximately 300 K-5 students (33% of the student body) have been identified as English Language Learners (ELLs).

84% of the 51 Grade 3-5 ELLs (43 students) had taken the 2025 ELA test. Of those students, 3 ELLs have been in the U.S. for one year.
After having carefully reviewed the NYS exam data of our ELLs for patterns and trends, we have determined that our ELL population are mostly performing at Levels 1 and 2. Also, the NYSESLAT data show that our ELL population needs support in developing their academic language, reading comprehension, and especially their writing skills. Furthermore, the Spanish LAB-R exams tell us that many new arrivals have academic deficiencies in their first language.

Our goal is to achieve equity of instruction for our ELLs. To achieve this goal, we need to implement a robust academic ELL support system and improve our teaching and learning for all ELLs. We believe that our approach/plan will help our students make progress in their English language acquisition, reach English language proficiency, and increase their performance in city and state assessments. As part of the implementation of the strong ELL support system, we are planning to have a supplementary After School Title III instructional program for ELLs.

We will use PAF data, Iready Data, writing samples, and interim assessments to monitor students progress. Based on this data we will then determine any shifts to the program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

We estimate that the Saturday program will service about 42 ELLs in grades 3-5 based on their needs and according to the NYSESLAT and NYSITELL data. The After School program will service about 33 ELLS in grades 2-5. We may also invite former ELLs (for up to two years after they have exited the program).

We will group the students into six (6) groups based on their grade, their proficiency levels as determined by the NYSESLAT/NYSITELL, acadience data, teachers' conferring notes, and how well students are able to interact in class with grade-level content:

Entering and Emerging levels
- one (1) group of second graders
- one (1) group of fourth graders
- one (1) group of fifth graders

Transitioning and Expanding levels, plus Former ELLs:
- one (1) group of second graders

- one (1) group of third/fourth graders
- one (1) group of fifth graders

We will have about 7-10 students in each group.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will commence in November 2025 and go through May 2026. It will be held at P.S. 98M.

The sessions will take place on Wednesdays and Thursdays. They will begin at 2:30 p.m. and end at 4:30 p.m. (an average of 4 hours a week). This will give about 76 sessions.

Saturday program began October 2025 and will continue to June 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We will have eight (4) ESOL/ bilingual teachers assigned for teaching Wednesday, Thursday and (4) bilingual/ ESOL licenesed teachers for Saturday program - 4 for Saturday Academy, 4 for Success Academy. The teachers will be certified in ENL and/or Bilingual Education. Each teacher will be responsible for delivering and customizing language lessons that integrate literacy, Science, Social Studies, and Math.

If we do not have sufficient ENL/bilingual teachers for the program, we will follow the district's protocol for hiring qualified teachers.

There will be one (1) administrator supervising each of the programs for its duration (as there will be no additional programs. The role of the supervisor will be to monitor teachers' instruction, support teacher development, and help with identifying teaching strategies. The supervisor has extensive training in state mandates for ELLs and has been exposed to the curriculum and regulations of the ELLs.

The supervisor for Afterschool contractual time ends at 3:00pm M-F, therefore will be present to provide support and supervision of the program for its duration.

The supervisor for Saturday school contractual time is M-F and ends at 3:45pm.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Entering and emerging students will receive more intense, skill-driven activities through the National Geographic's In the USA and BrainPop ELL, whereas the transitioning, expanding, and former ELL students will receive more enrichment through the National Geographic's REACH program.

To support our After School program, we are planning to use recognized and research-based materials that incorporate ENL instructional strategies across core content subject areas, such as the National Geographic In the USA (for entering and emerging students), National Geographic REACH (for transitioning, expanding and former ELLs), and BrainPOP ELL (as a supplement).

The purchase of the materials is to address the needs of our ELL students (spelling, pre-reading/reading strategies, fluency and oral reading skills, vocabulary development, comprehension strategies, etc.) which is at no additional cost.

Through these resources, the ELL students will engage with challenging and authentic fiction texts from traditional and contemporary literature, and non-fiction texts related to ELA, Math, Science, Social Studies, and Technology. Teachers will differentiate instruction to meet the needs of ELLs using a variety of instructional strategies, including but not limited to scaffolding, TPR, song and chants, graphic organizers, printable resources, leveled paper choice, sentence frames, academic vocabulary instruction, modeling, retelling, sequencing, guided reading, shared reading, interactive writing, various assessment strategies, accountable talk, etc.

Additionally, native language support and instruction (Spanish) will be provided to enhance the ELLs' language acquisition skills through the BrainPOP Español.

We may also incorporate parts of the programs we are already using in our school, such as Heggerty, Preventing Academic Failures, and Leveled Literacy Intervention to further support our ELLs' language growth and academic progress, which is at no additional cost.

The teachers will track student progress through the National Geographic and BrainPOP assessments data, running records, AR progress assessments, teacher generated assessments, and teacher conference notes. The data used will be especially informative because this technology program differentiates for all students and targets specific weaknesses identified in the diagnostic assessment and formative assessment data.

We will use the New Language Arts Progressions (NLAP) for planning.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents will be informed about the after school program via classroom dojo, letters backpacked with students, and the school calendar distributed monthly. The PA meetings will also serve as a resource to share information.

Parents will receive invite notifications in the language indicated on their home language identification survey. As notices are given and received, we will maintain records in an ENL binder along with student attendance.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

P.S. 98 provides a variety of professional development for the entire school community throughout the school year. The school's professional development plan for ELL personnel consists of virtual after-school sessions, lunch and virtual learns, preparation periods, Saturday virtual training and planning designed to familiarize all staff with the most current, research-based best practices. These sessions are usually facilitated by administrators, district support staff or school staff. Mainstream ELL, Bilingual teachers will also have opportunities to register for professional development opportunities outside of the school. They will come back and turn-key information so that the entire ELL community can benefit from these workshops.

Teachers of ELLs currently participate in professional development through a cycle of virtual grade team meetings, and after-school professional developments in which practices to support ELLs are discussed. Additional ELL workshop series will be offered to teachers that are based on supporting the growth of teachers and ELLs. These meetings are facilitated through either our ENL Coordinator Ella Tikhon, Assistant Principal Ms. Valerie Vazquez, and teachers who are willing to share their expertise. Administration will make themselves available for collaborative planning during teachers preps. If teachers want to organize during their preparation periods, this will be an additional time given to supporting the work with students and developing practices. Meeting topics include strategies to support ELLs, Co-teaching, Building Academic Literacy, Enhancing ELL instruction in integrated classrooms, using the NLAP to plan read-alouds.

Additional Title III funded PD opportunities for the General Education teachers of ELL students will happen as per session meetings after school, planned and facilitated by the ENL Coordinator/teacher on best instructional practices for ELLs.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

In 2025-2026, our school will provide PDs to all teachers and administrators that address the needs of ELLs. At least 15% of the PD hours for all teachers and a minimum of 50% of the PD hours for all Bilingual and ENL teachers will be dedicated to training teachers on effective instructional practices that address the academic and linguistic needs of ELLs. Our ultimate goals are

- to improve the ELLs' English Language proficiency,
- prepare them to meet and exceed Common Core standards,
- and achieve higher scores on all city and state assessments.

At the beginning of the school year, a needs assessment survey will be given to all staff. Based on the results of this assessment as well as the data we have collected through classroom observations, classroom walk-throughs, looking at student work, and teacher feedback, a series of weekly workshops will be designed to address teachers' desires and needs for professional development.

The duration of the PDs may be intermittent for the duration of the program. Some PD topics may require more than one session or be ongoing depending on the needs of our teachers.

We believe our PDs will empower our teachers to accomplish their jobs even more effectively, grow as professionals, and have a lasting impact on the performance of our ELLs. We need to have more high-quality teachers in front of our ELLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

PD sessions are designed for all teaching staff, including teachers participating in the Dual Language Program. This year, a primary focus is to support our ENL teachers to implement the EL curriculum. There will be ongoing professional development provided by the EL Consultant, Envision consultant, school staff, and district personnel.

To ensure that all teachers working in the Title III ELL (English Language Learner) program receive ongoing professional development, we will implement the following strategies:

1. Regular Workshops and Training Sessions: We will organize workshops focusing on best practices in ELL instruction, cultural competency, and the latest research in language acquisition. These sessions will be led by consultants in the content areas and will provide teachers with practical strategies they can apply in their classrooms.

2. Peer Collaboration: Regular collaborative planning sessions will also be scheduled to foster the sharing of resources and strategies among teachers.

3. Data-Driven Reflection and Improvement: We will implement a system for teachers to analyze student performance data regularly. This reflection will guide their professional development needs and help tailor future training sessions to address specific challenges faced in the classroom as well as Ell's.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Two Mondays a month from 2:20 pm to 3:40 pm from September 2025 to June 2026 for a total of 20 sessions in the school year will be dedicated to training.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

List of possible topics

- Planning of academic and linguistic objectives in all content areas
- Second language acquisition
- Co-teaching strategies
- Integrating language and content instruction for ELLs
- How to work with newcomers in the classroom
- NYSESLAT procedures
- Testing accommodations for ELLs
- Strategies for the ELLs with special needs
- Using the Sheltered Instruction Observation Protocol (SIOP) model
- Entry points for ELLs
- Guided reading/writing for ELLs
- Academic vocabulary development
- Questioning and discussion techniques with ELLs
- Best scaffolding and differentiated instructional strategies for teaching ELLs
- Instructional strategies and teaching methodologies for ELLs
- Effective reading instruction for ELLs
- Effective writing instruction for ELLs
- Integrating technology into all content areas to enhance language instruction
- Reciprocal teaching strategies to enhance the ELLs' reading comprehension
- Designing assessments to monitor language development

In addition, the teachers working during the Title III After School instructional program will receive professional development and training on using new instructional materials.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The workshops will be led by in-house staff who have years of experience successfully teaching ELLs.

In addition, our ENL and Bilingual teachers will participate in the Office of ELLs-sponsored professional development series, or PDs conducted by our Community School District 6 staff on the methodology and strategies of teaching ELLs. They will come back and turn-key information so that the entire ELL community can benefit from these workshops.

Professional development will also be provided by the Expeditionary Learning consultant an the Envision Math consultant.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Before PD:

-Plan agenda prior to date of the meeting
-Inform the participating teachers
-Plan schedule
-Share the PowerPoint presentation with the staff members
-Add to our professional development plan

Day of PD:

-Prepare a sign-in sheet
-Collect attendance
-An admin or ILT rep in each session
-Have a debrief session with ILT and admin present at the end of the day
-Receive a summary of the day email
-Ensure that follow-up is shared with the teachers or confirm that the consultant shares it with the teacher
-Coach/ILT will follow up with teachers prior to the next visit (Visitation Cycle)

After PD:
- Maintain copies of all agendas/sign-in sheet
- Provide A. Zavala with the agendas/sign-in sheet
- Add presentation to PD calendar
- Math - A. Flores
- ELA - V. Vasquez

- ENL - E. Tikhon
- Safety/PK - V. Vazquez
- Data - M. Rodriguez
- Archive all PD documents - A. Zavala

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

This school year, based on a parent survey, PS 98 will offer a series of "Parent Tech and Literacy Workshops" and. These workshops will be geared to parents of ELL students and opened to any parent that can use the technology literacy and language support. The focus of these workshops will be to introduce a literacy initiative to increase parent engagement with school, including understanding how to help their students use technology. We will be providing various strategies and activities that parents will have an opportunity to create,
practice, and do at home to support students academically.

Ms. Tikhon, ENL Teacher, Assistant Principal Vazquez with supporting staff, will provide many of the workshops and in partnership the PA. Each workshop will last for an hour to two hours and parents will be notified about workshops through parent notices translated in preferred languages and courtesy phone calls.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At these workshops we will also "Show" rather than "tell" about our current curriculum and give parents an opportunity to ask questions in their native language. We will send parents a survey to fill out about desired trainings they would like to receive to best support their child navigating the school year. We will be developing and working with partners to organize a series of several parent learning opportunities. Available in both English and Spanish, the parent webinars will be designed with the parent in mind to guide parents as we implement a new way of teaching and learning for 2025-26. These workshops will be organized by our ENL Coordinator, the CBO and PA president. The PDs will have a cost to the title 3 program.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Monthly parent workshops

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

- Parent ENL classes
- Curriculum night
-Mental and emotional health management
-How to choose middle schools best for ELL students.
-SEL workshops.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent Association
ENL / Bilingual Teachers - Ella Tikhon and Meris Urena
Parent Association- Daniella Alvarez
Guidance Counselor - Heidi Guzman

Parent Coordinator-Hector Pena

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**

- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are notified through classroom dojo which translates to families desired language, backpack letters, and email which will be written in both English and Spanish.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Agendas and Sign-in sheets will be archived. A copy will be provided to the school secretary so she may archive it as well.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
