Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps

and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Dos Puentes Elementary School

District Borough Number (DBN):

06M103

Grades Served:

K-5

School Address:

185 Wadsworth Ave

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.
Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Dr. Victoria Hunt	Principal or Designee*	
Kassandra Vizcaino-Reyes	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jericho Parms,	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Mark Wilson	District Council 37 (DC 37) Representative (staff), if applicable	
Juan Beto Burgos	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Mark Wilson	CBO Representative, if applicable	
Allyson Schettino	Member/Parent	
Sarah Daily	Member/Parent	
Niki Kekos	Member/Parent	
TBD	Member/Parent	
Irving Mota	Member/Teacher	
Stephanie Ubiera	Member/Teacher	
Clara Bello	Member/Teacher	
Andrea Homer-MacDonald	Member/Parent	
Leaondro Mota	Member/Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Dos Puentes is guided by four cornerstones that guide the school toward providing an equitable and inclusive education supporting progress and high standards for all students.
1) Promotes full bilingualism, biliteracy in Spanish and English and multicultural understandings for all students.
2) View families as partners in the education of their children.
3) Implement inquiry and hands on learning to deepen engagement
4) Include university partnerships and community partnerships to ensure a learning community that includes students and adults.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Dos Puentes is a full dual language K-5 community school located in Washington Heights in Upper Manhattan. The school is guided by four cornerstones. 1) Promotes full bilingualism, biliteracy in Spanish and English and multicultural understandings for all students.2) View families as partners in the education of their children. 3) Implement inquiry and hands on learning to deepen engagement 4) Include university partnerships and community partnerships to ensure a learning community that includes students and adults.

Dos Puentes supports the strengths of all children through an integrative collaborative teaching (ICT) model on each grade. This provides students with full time special education services to learn along side their general education peers and general education students to benefit from learning along side children that learn differently. We have two bilingual speech therapists, an occupational therapist, a physical educational therapist, and three mental health workers on staff to support students.

The Arts are important at Dos Puentes and support building on children's individual strengths. We have a full time Dance and Music teacher and a long term residency with Studio in a School. We have many partnerships to expand the art experiences for our students including About the Swing, Carnegie Hall, Alvin Alley, Hula, Ukulele, and Capoeira.

Hand-on Inquiry based learning is central to our curriculum. We partner with Teacher College Reading and Writing Program to support literacy development in Spanish and English. We are part of the Math Collective, a group of progressive Math educators that works to implement the Engage New York Math Curriculum through helping kids to be problem solvers and to defend their math thinking. We have two different science teachers that teach science in a lab setting using the Amplify Science curriculum. The science teachers partner with the Leave it Better organizations that helps us support our school garden and support composting and recycling. Our third grade students go to the Yonkers Science Barge to study the Hudson River. This is extended to the Fourth and Fifth Graders who study the Croton Waterways and visit the Croton Dam. Fourth and Fifth Graders also go camping at the Taconic Outdoor

Education Center and the Clear Pool Outdoor Education Center for three full days including overnight stay.

Our diverse population includes English Learners, Spanish learners, students with learning differences and students with roots in the United States, The Dominican Republic, Mexico, Ecuador, Honduras, El Salvador, Brazil, Spain, Nicaragua, Haiti, the Sudan, Israel, Italy, and more. Collectively we work with students and families to learn from each other. We do home visits to welcome each new student bringing them a Dos Puentes T shirt. Twice a month we have Family Fridays when families visit the classroom to see the work students are doing. Our Parent Association is extremely active and supports monthly events including Family Potlucks, Movie Nights, Fall Festival, Earth Day, Fitness and Art Nights, and more.

Briefly summarize the key initiatives your school will implement this school year.

Deepening the use of the Expeditionary Learning Language Arts Curriculum adapting to be bilingual
Tracking data consistently for analysis to adjust planning to respond to it for incremental, continuous student progress.
Implement Illustrative Math Curriculum along with being a partner with Math for All from Bank Street.
Prioritize Strong progress of our ELL students
Focus on progress monitoring students' data, especially students below grade level expectations.
Pilot push in services for support, for IEP students, especially in first, fourth, and fifth Grade.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Expeditionary Learning	Bilingual
Math	K-5	Illustrative Math	Bilingual
Science	K-5	Amplify Science	Bilingual
English Phonics	K-2	Fundations	
Spanish Phonics	K-2	Estrellita/Lunita	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
We noticed that only 25% of 4th and 5th graders who have been here since K or 1st grade have been able to reach commanding on the 2025 NYSESLAT	Students demonstrated limited progress on the NYSESLAT primarily due to a lack of exposure and practice in academic vocabulary, oral language development, and content-area reading. In addition, several students with IEPs require targeted language and literacy supports aligned with their individualized goals.	These students benefit from additional scaffolds and opportunities to practice English in authentic, content-rich contexts to strengthen both language proficiency and academic performance. We should continue to offer such programs after school and on Saturdays. We should also target long-term ELL students for intensified small-group instruction to accelerate progress during the day, after school and Saturday Academy.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	10	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 20% Increase, from 10% to 30%, of percentage of 4th and 5th Grade ENL and Former ENL students that have been at Dos Puentes Elementary since Kindergarten or first grade at level or above on the MCLASS in Spanish and English.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Use of language arts screener mCLASS in English and Spanish to monitor progress and meet the goal of benchmark on BOY, MOY and EOY

Enter a Key Performance Indicator

Movement towards benchmark or above benchmark on the mCLASS screener .

Baseline:

24 ENL students who have been at Dos Puentes since Kindergarten/1st grade and who are currently in 4th and 5th Grade. 10% are presently meeting benchmark in both languages.

Enter the date for the baseline data:

mCLASS BOY Data shows 10% of said students are at benchmark in both languages.

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

10% of the selected 24 students that met the criteria for the CEP

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

February MOY data

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

May/June EOY data

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Implement an After School Program, Saturday Academy and Small Group instruction during the school day. These Interventions will include students who need more targeted and consistent practice in both languages and who will receive explicit instruction in English and Spanish. The programs will align units of study across both languages to ensure vocabulary, themes, and concepts are connected and reinforced.

2. Provide educators with professional development that includes translanguaging and cross-linguistic strategies to help build bridges between English and Spanish. Educators will continue to integrate language objectives into lesson plans that focus on speaking, listening, reading, and writing. Educators will also receive further training on mCLASS in order to form targeted small groups and progress monitoring.

3. Families will participate in monthly workshops that provide different resources on how to help their children academically at home.

Root Cause Addressed:

Targeted students lack regular, structured opportunities to practice both English and Spanish and will now receive academic interventions services to increase exposure to rich academic language in both languages. Students will also be given strategies and materials to use as resources. Our ENL IEP students will also receive targeted lessons that align with their IEPS goals to address the enrichment of their vocabulary, listening writing and reading skills in both languages.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement After-School Academic Support - Launch the Fall After-School Program focused on reading, writing, and language development for ELLs and students with IEPs on October 1st, 2025. Activities will include vocabulary enrichment, oral presentations, and guided listening and reading using bilingual materials.
Saturday Academy for Targeted Intervention - Saturday Academy starting October 11 for students performing below proficiency on the NYSESLAT. Focus on oral language practice, reading fluency, and comprehension strategies through engaging, content-based activities.
Staff Training on Literacy Centered Bilingual Practices - Deliver professional learning sessions on literacy strategies to strengthen bilingual literacy instruction. Emphasize transfer skills between Spanish and English and scaffolded vocabulary instruction.
Use mCLASS Platform for Data-Driven Instruction - Provide training on the mCLASS platform to ensure teachers effectively analyze student reading and language data. Teachers will use data to plan differentiated small-group instruction and monitor student progress.
Small Intervention Groups During the Day - Schedule small-group intervention sessions within the school day targeting specific skill deficits (academic vocabulary, decoding, oral expression). Groups will include ELLs and students with IEPs who receive instruction by a SETSS teacher, IEP teacher, ENL teacher or Spanish Intervention teacher.
Family Engagement and Language Development Workshops - Offer bilingual family workshops to families to teach strategies for supporting literacy at home such as read aloud, discussing the texts read, and offering bilingual resources to parents for additional support.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Dos Puentes has created the following plan to monitor the action steps and key strategies for students goals:

1. Conduct monthly data meetings to review ELL progress and adjust interventions. These meetings will be to review implementation of action steps (After-School Program, Saturday Academy, Literacy training, mCLASS data usage, small group interventions and family workshops). Administration will also conduct walkthroughs of the classrooms to assess lesson planning and content learning.

2. Weekly grade-level meetings to analyze student performance data from mCLASS, formative tasks, and classroom assessments in order to measure student progress. Teachers will also calendarize progress monitoring to measure student growth and plan next steps for students instruction.

3. Gather feedback from family literacy workshops and communication logs to determine if we are targeting the needs of parents and what other workshops would they be interested in.

4. The CEP will be updated three times a year to update the progress monitoring tool.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/30/2025	06/18/2026	ENL parent workshop for newly identified ELLs that explains the NYSITELL, CR part 154, NYSESLAT and to offer activities to conduct at home with their students	ENL Coordinator
10/15/2025	06/18/2026	Math Workshops that explain how math is taught at Dos Puentes and how parents can support them at home.	DP Educator
09/26/2025	06/18/2026	Monthly Principal Chats where Dr. Hunt shares curriculum, news and events every month and addresses parent concerns	DP Administrator
09/19/2025	06/18/2026	Rincón Hispano - Meets monthly with Spanish-speaking families to offer support with student learning and engagement	DP Parent Coordinator

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Bilingual Staff, ENL Coordinator, Family Coordinator, Bilingual School Counselor

Instructional Resources

EL Curriculum Adjusted to two languages, Aprendo Leyendo, Words their Way, Palabaras a sus paso, Boost Reading.

Schedule Adjustments

Professional development time used for analysis of data

Other Resources Needed

Aprendo Leyendo materials for newly trained staff

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A-24 incidents in 24-25 decreased by 40 incidents	Reduction came from staff training, more space for students at recess, alternative recess, and structured play.	to extend this goal to also include A-33

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	66	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20 incidents Decrease, in number of A-24 and A-33 incidents from 66 to 46, per the OORS Reports capturing A-24 and A-33 infractions.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

OORS Reports and the summary page within the system.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Training of School Aides and Paras
Structured Play
Allocation of Space
Alternative Lunch/Recess
Responsive Classroom Daily in Classrooms
Structures for communication with lunch monitors and classroom teachers.
Possible student Conflict Mediation Monitors/Mentors
More communication with Families around recess and lunch procedures.

Root Cause Addressed:

Support for children playing safety but still having fun and choice with their movement time.
Additional Training for Staff on activities, conflict resolution and new personnel.
Review and planning for new personnel.
Dedicated time for staff to plan.
Communication structures with lunch/recess staff and teachers.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Staff Training
Communication Structures
Planning time

Time in Morning Meeting to bring in Lunch/Recess staff's voice
Check list for recording incidents to communicate with the Classroom teachers.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/01/2026	Include Procedures in Family Handbook	
09/08/2025	06/01/2026	Staff Training	Collaboration with WITS/ and PATH

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Paras, School aides, CBOs, Admin, Social worker and School Counselor

Instructional Resources

Morning Meeting, and Conflict Resolution Materials, Teaching into management

Schedule Adjustments

TBD

Other Resources Needed

NA

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2025 BOY i-Ready Math assessment, 91% of our ENL students performed below grade level, particularly in the Number and Operations and Algebra, and Algebraic Thinking domains.	Limited English academic vocabulary and insufficient exposure to special math language structures. In addition, there's a lack of foundational math skills, specifically in Number and Operations and Algebra, and Algebraic Thinking domains.	Data indicate that 91% of ENL students lack conceptual understanding in mathematics, limiting their ability to engage in oral language development during math discourse. There is also an inconsistent use of scaffolded supports in core instruction, which reduces equitable access to rigorous, language-rich math learning. Addressing this need will promote equity by ensuring that multilingual learners can fully participate in mathematical reasoning, discussion, and problem solving at grade level.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	9	Dos Puentes will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the ENL Students at grade level standards in Math will Increase by 26% from 9% to 35%, for English Language Learners (ELL), as measured by i-Ready Math Screener.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement the Illustrative Mathematics (IM) curriculum with fidelity, supported by Math for All professional development from Bank Street, to strengthen language-rich, conceptually focused math instruction for ENL students.
Action steps:

1. Targeted Coaching: Offer individualized coaching cycles to support for K-2nd grade teachers in applying PD strategies and refining IM implementation.

2. Professional Learning: Provide ongoing Math for All PD (Bank Street) to 3rd-5th grade math and ENL teachers focused on integrating language supports within the IM curriculum (Fall 2025–Spring 2026).

3. Implementation Monitoring: Conduct monthly IM curriculum fidelity checks with Math Leads focused on instructional routines, academic language, and student engagement.

4. Data-Driven Reflection: Hold schoolwide data meetings every 6–8 weeks to review i-Ready and formative assessment data for ENL students, identifying needed instructional adjustments.

Root Cause Addressed:

Although teachers at Dos Puentes consistently incorporate language supports within bilingual instruction, variations in students' English and Spanish proficiency levels and inconsistent alignment between language scaffolds and conceptual math instruction limit ENL students' ability to deepen their mathematical understanding. While language strategies effectively support comprehension at the surface level, they are not always explicitly connected to mathematical reasoning, discourse, and problem-solving across both languages. In addition, teachers require continued professional development on how to leverage the Illustrative Mathematics (IM) curriculum to strengthen conceptual learning while maintaining language equity in bilingual classrooms.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
1. Targeted Coaching: Offer individualized coaching cycles to support for K-2nd grade teachers in applying PD strategies and refining IM implementation.
2. Professional Learning: Provide ongoing Math for All PD (Bank Street) to 3rd-5th grade math and ENL teachers focused on integrating language supports within the IM curriculum (Fall 2025–Spring 2026).
3. Implementation Monitoring: Conduct monthly IM curriculum fidelity checks with Math Leads focused on instructional routines, academic language, and student engagement.
4. Data-Driven Reflection: Hold schoolwide data meetings every 6–8 weeks to review i-Ready and formative assessment data for ENL students, identifying needed instructional adjustments.
1) Teacher and Para PD: PD Committee carefully plans professional development based on data trends identified. 2) Family Workshops: Community and Parent coordinators plan to provide parents with workshops and supports based on the needs of the community, as well as teacher input. (Workshop samples- Homework Support, Early Literacy K-2, Routines & Expectations, Finding Resources, IM Math Workshop) 3) Saturday Academy: Using data, at-risk and low-performing students are identified and invited to partake in one of our three cycles focusing on math, writing, reading, and art from 9 am to 12:30 pm. 4) Intervention cycles run during the school day and after school on Wednesdays and Thursdays for students who are at risk or performing below expectations, with a focus on reading, writing, or math depending on the cycle.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Targeted Coaching: Offer individualized coaching cycles to support for K-2nd grade teachers in applying PD strategies and refining IM implementation.
-10 school visits
-Classroom observation with debriefing and next-step meetings
-Individual planning and peer observations with grade teams
-Identify needs, set goals and action plans with grades
-Co-teaching and planning lessons with grade teams
-Pre and post meetings with administration to align grade team individual goals to school-wide mission and vision as well as needs.

2. Professional Learning: Provide ongoing Math for All PD (Bank Street) to 3rd-5th grade math and ENL teachers focused on integrating language supports within the IM curriculum (Fall 2025–Spring 2026).
-5 cycles comprised of collaborative learning teams
-Learning teams select a focal student to use as a case study. Looking at one or more of the eight neurodevelopmental lenses/functions teachers adapt/modify IM lessons to meet the needs of focal students.
-Feedback is then provided for the teacher on modified lessons, including next steps.

3. Implementation Monitoring: Conduct monthly IM curriculum fidelity checks with Math Leads focused on instructional routines, academic language, and student engagement.
-The math lead is comprised of one math lead from each grade level. They meet monthly to discuss data, instructions, vertical alignment, ENL students, as well as IEP students.
-IM check-ins are held in these monthly meetings. Check-ins include curriculum pacing, curriculum gaps, academic language needs, SE needs in math such as growth mindset.
-Interventions are reviewed. Tier 1, Tier 2, & Tier 3 interventions.
-Intervisitations are planned
-Several math leads are in the Math for America Program

4. Data-Driven Reflection: Hold schoolwide data meetings every 6–8 weeks to review i-Ready and formative assessment data for ENL students, identifying needed instructional adjustments.
-Data trends are identified, and next steps are implemented.
-Teachers meet by gradebands to identify students for intervention cycles as well as tier 1, 2, 3 interventions.
-IM adaptations are considered based on data trends.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/01/2026	Math Workshops	Alianza and CASW
10/01/2025	06/01/2026	Series of targeted Family workshops	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Admin, Paraprofessionals, afterschool staff, parent coordinator

Instructional Resources

Illuastrative Math Curriculum, Math Intervention program TBD, IREADY plat form.

Schedule Adjustments

Allocated time for PD, Data Review, Training, Family Workshops

Other Resources Needed

TBD

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Monitoring Spanish Data to support developing full bilingualism	Access to Spanish Material	Ensuring Linguistic Equity in our curriculums
Challenge of developing Spanish Social language for non native speakers	Lack of exposure	more attention to social language for non native speakers
Native Spanish speakers need to be empowered to amplify their voice	English dominance within society	Additional opportunities for leadership for our native Spanish Speakers

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	54	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students at benchmark in Spanish reading levels or above for All Students will Increase by 14 from 54 to 70 as measured by MClass Spanish Reading Data.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Dual language program with 50% Spanish and 50% English
Targeted Social langauge development in classrooms in Spanish
Spanish Spelling B for 3, 4, 5th Graders
Spanish Movie Night
50% of Writing Units in Spanish
Support For Families to use Spanish
ISA partnership
Spanish Author visits
Possible Spanish Career Series

Root Cause Addressed:

English dominance in society
Adjusting the EL curriculum to a bilingual model

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure equity in EL curriculum between English and Spanish
Consider Spanish writing Rubrics and translanguaging practices through Biliteracy Squared
Create time for social Spanish development within classrooms
Continue to partner with ISA for more Spanish enrichment in our school: spanish scientists, authors, etc.

Family Language Exchange

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress will be monitored through the MCLASS assessment tool for Lectura, an assement that measures all students progress in Spanish literacy. Students will be measured for at-level benchmarks at the BOY, MOY, and EOY. Students who are not at the benchmark will be given intervention during the intervention period and progress will be monitored every 10 days.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/25/2025	05/30/2026	language exchange program	
10/01/2025	06/01/2026	Family Spanish Readers in the classroom	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Families, Family Coordinator, Community Coordinator

Instructional Resources

Supplemental Resources in Spanish for the EL curriculum

Schedule Adjustments

PD, School Calendar, Prose Days

Other Resources Needed

TBD

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Reduced participation in mid-year virtual Principal Chats by 10% (Principal Chat Attendance Logs - 2024-2025)	Families have logistical / scheduling conflicts at the same time as the Principal Chats. Families mentioned issues such as commuting home from work, pick-up of	Consider recording Principal Chats to share with families who are not able to attend.

	children from after-school, needing to make dinner or work with children on homework, etc...	
Reduced parent workshop attendance by 20% (Workshop Attendance Sign-In Sheets - 2024-2025)	Most workshops are held in the mornings due teacher schedules. This time is difficult for working family schedules. "Families face competing responsibilities that limit availability during standard workshop times."	Consider combining them with preexisting events making it more convenient for a family to come in once a month, instead of multiple times a month. Example would be adding a workshop after the PA meeting.
Academic Workshops have not always been aligned to classroom needs. (Parent Concerns raised during Principal Chats / Teacher Concerns shared during Grade Leaders Meetings - 2024-2025)	Outside staff developers have been facilitating these and might not be as well versed in our specific curriculum and may not have relationships with families.	Consider having teachers or DP Staff (who are familiar with the community and the curriculum) facilitate workshops. This would be make workshops more relatable for families and they would consider attending.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	78	Dos Puentes Elementary will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families attending at least 3 in-person school events will Increase by 15 from 78 to 93 as measured by Parent Coordinator Activity Reports.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will advertise the following family events on Dojo, with robo calls, at Principal chats, and other inperson means:
-Principal Chats
-Family Fridays
-Rincon Hispano
-Welcome Meeting for Sped Students
-Workshops IN classrooms guided by Classroom Teachers
-Family Resources that can be shared.
-Combined PA meeting with another pre-existing school event.

Root Cause Addressed:

In previous years, workshops with staff developers were not well attended, as staff developers do not have a relationship with families. Thus, changing to have workshops be led by DP teachers and other staff will help families feel comfortable as they already have an established relationship.
Time constraints are a challenge for many of our working families to attend school events so having workshops recorded on Zoom, or having a remote link will encourage all families to participate.
We need to continue to support our Spanish monolingual families by ensuring all events are in both Spanish and English, or there are separate sessions for Spanish speakers.
Not all families have access to ClassDojo

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Plan Family Workshops with Teachers / School Staff
Target particular families specifically families of children with IEPs
Develop Mentor Families
Work with PA to encourage more Spanish Dominant Family Participation.
Record current Principal Chat meetings and share with families.
Combine PA meetings them with another pre-existing school event (ex. family workshop, Family Friday, etc...) making it more convenient for a family to come in once a month, instead of multiple times a month.
Parent Coordinator will monitor Parent Engagement Log each month and reach out to families who are not participating.
SLT will meet regularly to progress monitor on different school goals.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Parent Coordinator will monitor Parent Engagement Log each month and reach out to families who are not participating.
The Parent Coordinator will also collaborate with the school counselors and have occasional check-ins with teachers to see where we can offer families in need more support.

SLT will meet regularly to progress monitor on different school goals.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/30/2025	06/15/2026	Monthly Family Activity for all Families	
09/15/2025	06/15/2026	Rincon Hispano Monthly meetings	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Grade Leader input to workshops, Family Coordinator, Community Coordinator, Administration, PA leadership, School Counselors

Instructional Resources

Family Materials for Literacy Development per grade, Illustrative Math Family Materials in English and Spanish

Schedule Adjustments

Morning and Evening Workshops

Other Resources Needed

Parent Engagement Log

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
While our general attendance is very high, Chronic attendance still is a concern.	Varied between location challenges, family dynamics, and pushing children to prioritize every day of school.	Support our Chronic Attendance and monitor on time arrival
The attendance team reviews RRSA, RAMO of severe and chronic students from last year, 5 day & 10 day reports, RCUA & RISA's as needed	Varied based on different family and student situations from illness, extended vacations as well as other family situations.	Support families to avoid chronic attendance, reduced severe and chronic attendance

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40 as of attendance on 10/17/25	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 15, from 40 as of attendance on 10/17/25 to 25, as measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Our school will strengthen attendance through a tiered, research-based system that addresses root causes and builds sustainable practices. The Attendance Team will meet weekly to review data, identify barriers, and implement targeted interventions. Universal supports will promote a positive attendance culture through communication and celebration, while targeted supports will include mentoring and family outreach to address specific challenges. This systemic approach builds staff capacity to use data and family partnerships to improve attendance over time.

Root Cause Addressed:

Recognizing challenges, supporting famiilies to prioritize attendance, and recognizing improvement. We also work with children to help them set realistic goals, especially in the upper grades when children have more control of arriving on time and choosing to come to school.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September: Review prior-year attendance data to identify trends and student groups with chronic absenteeism; determine top root causes (e.g., illness, transportation, family needs).
October: Conduct family outreach for identified students through meetings and personalized letters that address specific barriers and outline supports.
Ongoing (weekly): Attendance team meets to monitor data, track interventions, and adjust supports based on progress.
Weekly meetings of the attendance team.

Quarterly: Celebrate improvement and share data with staff to build collective responsibility and sustain positive attendance culture.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance team meets weekly reviewing a variety such as the RAMO, RRSA and RCUA to identify students and cross reference with the intervention and Promotion in doubt list.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	10/31/2025	Conduct family attendance meetings and provide individualized support plans for students with chronic absenteeism.	n/a
11/03/2025	06/26/2026	Host family workshops on the importance of daily attendance, share strategies to overcome common barriers such as transportation, routines, and illnesses. Share quarterly attendance updates and success stories through newsletter to celebrate improved attendance.	n/a

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
During the 2024-2025 school year, all special education teachers collected progress monitoring data on student performance on their IEP goals. Teachers noted how many ELA and Math goals students had and then, during the end of our progress monitoring cycles which coincided with parent teacher conferences,	The number of goals and number of IEPs change	IEP Development and Fidelity of Implementation

teachers noted how many IEP goals were classified as progress made or goal met on the student's progress report. We were able to see trends throughout the year of such as fluctuating progress throughout the year of Math Goals demonstrating progress made or goal met as indicated by our grade wide progress monitoring data spreadsheet. According to our progress monitoring data collection, teachers noted that in the Fall of 2024 we saw only 28% of our math goals being set as progress made or goal met. In the Spring of 2025, we saw an increase of 73% of math goals being classified as progress made or goal met. In June of 2025 we noted that 64.8% of math goals were classified as progress made or goal met.	through the year. Students also receive MTSS to help support their foundational skills.	
		Transition Planning and Compliance
		Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	65%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve by strengthening students foundational math skills to access the general education curriculum. We will also consider if foundational skills are transferring to support children's growth within the gen ed curriculum (Illustrative Math), by a 8% Increase, from 65% to 73%, as measured by IEP Goals.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

As a school we will be using the iReady and mClass assessment screeners to gain baseline data for the BOY. In addition, teachers will have various measurement tools and/or assessments connected to the EL and IM curricula that are supported through specially designed instruction and multi-tiered systems of support.

Enter a Key Performance Indicator

Based on the four mathematical domains because all of the IEPs goals encompass all areas of math.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Teachers will be receiving professional development through Math For All. Throughout the year, teachers will gain skills to teach and observe their students through various neurological-developemental lenses. Within the 60-minute math lesson, teachers will include opportunities for fluency, partner work, and critical thinking. In addition, teachers will plan rotating centers to improve foundational skills in an effort to make the general education curriculum more accessible for students.

Root Cause Addressed:

Due to the changing numbers of IEPs and total number of goals being progress monitored, our data fluctuated through out the year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Math for All Professional Development
Intervention during the school day and after school.
Specially designed instruction
Daily Small Group work
Weekly Centers

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs. Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students who are screened through mClass and small group work in the classroom and are indicated to have more than half a grade level behind in literacy in either Spanish or English. In addition, Students who are screened through iReady and demonstrated one grade level below.	Double sessions per week of guided reading dominant language and targeted small group in math dependent on iReady screener and areas of growth.	Small group	During School	No
Tier 3	Data will be based on mClass screener in addition to student performance on classroom assessments. Students who are indicated to be performing at least 2 grade levels below in Literacy below grade level in reading/ELL	Intervention with ENL teacher, students seen at risk through RtI, specifically with the SETSS provider targetingphonics through SPIRE, Sounds Sensible or Aprendo Leyendo and reading comprehension.	tutoring/small group	During the school day and After School	No
Tier 3	Data will be based on iReady screener in addition to student performance on classroom assssment. Students who are indicated to be performing at least 2 grade levels below in math.	Math Intervention with math interventionist or students added for intervention with the SETSS provider.	Small Group	During school day and After School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Recommendation from Classroom Teacher or parent based on parent/teacher observations and student's ability to demonstrate appropriate developmental benchmarks	At Risk counseling with lower or upper grade counselor. Students are seen at risk with like peers or individually to improve social relationships. executive functioning skills.	small group	during school	No
Tier 2	Dependent on classroom need, teachers work with the lower or upper grade counselor to target specific needs i.e. executive functioning skills, social relationships, and problem solving skills as a whole class or a small group. Some students are invited to alternative lunch or knitting club with the counselor as a way to offer a more calm environment.	Counselors work closely with classroom teachers to implement Trauma informed practices in the classroom as a whole group or small group during morning meeting.	Whole class and break into small groups	during school	No
Tier 1	Classroom teachers and counselors work to develop interactive family workshops focused on various areas of need i.e. Autism, ADHD, Cyber bullying, establishing routines at home. These trends are based	Family Workshop	small group	during school	No

	on observations of students of families of need.				

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Families are offered a series of options for intervention throughout the year. We structure the various intervention services to align with other progress monitoring schedules in an effort to see the amount of growth done in a given amount of time. These cycles of intervention range between six to eight weeks, depending on the school calendar.

Parents are made aware of our universal screeners during our Fall Curriculum Night and are given a detailed breakdown of the grade's core curriculum and expectations. As the year progresses, students are invited to intervention services and support is focused on one content area.

We also do Saturday Academy for students identified as Emergent Bilinguals. Parent workshops offer parents a way to learn how to implement strategies at home and learn about useful resources to help support their child at home.

Teachers are offered both in-house and outside opportunities to learn more about research based intervention programs in both languages such as, SPIRE, Sounds Sensible, Estrellita, and Aprendo Leyendo. Teachers also create action research groups centered around Next Generation grade standards and how to create specially designed instruction to address the diverse needs of our student population.

Grade teams meet weekly to analyze their student's progress and collaborate to design units that are bilingual, culturally inclusive, address language needs, and are scaffolded to ensure accessibility.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Parent's receive updates on their child's progress through ClassDojo, resources/supplemental material is sent home and their growth is marked at the point of parent/teacher progress.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families often ask for their child to be added for intervention and they are made aware of their child's involvement in Tier 3 intervention through invitation.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

TBD

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

TBD

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

These students are provided with free food and financial support from the parent coordinator to support them getting what they need in school. These children are also provided with vouchers for free after-school services.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

TBD

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

TBD

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

TBD

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

TBD

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. Dos Puentes, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Dos Puentes Elementary will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the

Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Dos Puentes Elementary, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Language Arts Development in English and Spanish: Expeditionary Learning Curriculum
Time allocated for adaption and modification for Spanish

Math Professional Development with Math leaders from each grade to consider striving students.

Support for the ICT Teams through a 10 part series with Anne Palmer from TCICP to support Specially Designed Instruction (SDI) in each ICT Classroom.

Studio in a School Professional Development for all staff to support

Equity and Trauma Informed Practices Training: 4 part series for all classroom paras and service providers to support social and emotional strategies to ensure voice, space, and student communication regarding self, experiences, and personal interactions.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

N/A

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated. For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	326,596	X	Studio in a School partnership
Title I, School Improvement 1003(a)	Federal	N/A		
Title II, Part A	Federal	N/A		
Title III, Part A	Federal	19,493	x	Saturday Academy for ENLS
Title III, Immigrant	Federal	N/A		
Title IV, Part A	Federal	N/A		
Tax Levy (Fair Student	Local	3,787,437	x	Academic Supports

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Dr. Victoria Hunt
Assistant Principal (Where Applicable)*	Dr. Alcira Jaar
English as a New Language (ENL) Teacher*	Karin DeJesus
Teacher (if school has a bilingual program must be a bilingual teacher)*	Yesenia Moreno
Parent/Guardian*	Elexis Loubriel-Pujols
Teacher	Rebeca Madrigal
Parent Coordinator	Esmeralda Martinez
School Counselor	Kassandra Reyes Vizcaino
Related-Service Provider	Stephanie Toribio
Assistant Principal	Queila Cordero
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

29

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

9

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

412

Total number and percentage (%) of current ELLs:

148 - 35.9%

Total number and percentage (%) of former ELLs:

15 - 3.6%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

123 - 83.1%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

25 - 16.9%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 - 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

8 - 5.4%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

50 - 33.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GEN	English/Spanish	2013	2	2	2	2	2	2								12
DLBE	ICT	English/Spanish	2013	1	1	1	1	1	1								6
DLBE																	0
				total: 3	total: 3	total: 3	total: 3	total: 3	total: 3	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

As a full Dual Language program, we ensure that all English Language Learners (ELLs) receive their mandated instructional minutes during the regular school day. Only students at the Entering (180 minutes) and Emerging (90 minutes) proficiency levels receive Stand-alone English as a New Language (ENL) instruction in addition to their core content. These students are grouped heterogeneously to support language development and typically receive one dedicated period per day for this targeted support. A bilingually certified classroom teacher provides this instruction by pulling Entering and Emerging students from their classes to deliver the required ENL minutes in a focused, small-group setting.

Integrated ENL:

As a Dual Language model, we have certified bilingual teachers in all classrooms and across grade levels providing instruction. Dos Puentes educators intentionally embed language development into all aspects of our unit planning by incorporating specific language goals alongside content objectives. This approach ensures that all students, including those at varying proficiency levels and Former ELLs (Commanding students) continue to benefit from targeted language development strategies throughout the instructional day.
Students are grouped in different ways according to the subject matter. Students are grouped by language proficiency levels. Students at similar levels (emergent, developing, proficient) are groups to target specific language needs. This grouping allows for tailored scaffolding of vocabulary, sentence structures, and comprehension strategies. Students are also grouped by mixed proficiency levels. There can be groups or pairs with stronger English speakers mixed with developing ones to encourage peer modeling in the English language.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Dos Puentes implements a 60/40 Dual Language model in Kindergarten and a 50/50 model in grades 1 through 5. All teachers serving these students are bilingually certified and implement the Spanish–English Dual Language program. Each grade level includes three classes: two General Education Dual Language classes and one Dual Language Integrated Co-Teaching (ICT) class.

As a full Dual Language program, we ensure that all English Language Learners (ELLs) receive their mandated

instructional minutes within the regular school day. Students at the Entering (180 minutes) and Emerging (90 minutes) proficiency levels receive Stand-alone English as a New Language (ENL) instruction in addition to their core content. These students are heterogeneously grouped to promote language development and typically participate in one dedicated period per day of targeted ENL support. A bilingually certified classroom teacher provides this instruction by pulling small groups of Entering and Emerging students from their classes to deliver focused, small-group language instruction.

All classrooms across grade levels are led by bilingual-certified teachers who provide instruction in both Spanish and English. Dos Puentes educators intentionally embed language development goals into all units of study, aligning them with content objectives. This approach ensures that all students—including those at various proficiency levels and Former ELLs (Commanding students)—benefit from continuous language development strategies throughout the school day.

Students are grouped flexibly based on the subject area and instructional focus. At times, they are organized by language proficiency levels (Emergent, Developing, Proficient) to address specific language needs through tailored scaffolds in vocabulary, syntax, and comprehension. In other cases, students are mixed across proficiency levels to encourage peer modeling and collaborative language learning, with stronger English speakers supporting developing ones during academic interactions.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At Dos Puentes, we implement a full 50/50 Dual Language model, which allows us to effectively meet—and often exceed—the mandated instructional minutes for English as a New Language (ENL), English Language Arts (ELA), and Home Language Arts for all students at the Transitioning, Expanding, Commanding, and Former ELL levels.

Students identified at the Entering and Emerging proficiency levels receive an additional 50 minutes of stand-alone ENL instruction daily. These sessions are delivered in heterogeneous groups that span the grade level and are facilitated by a certified bilingual teacher who provides targeted English language instruction.

Following the release of NYSESLAT scores, the ELL Coordinator, Assistant Principal, and Data Team review each student's language proficiency level to ensure compliance with the mandated instructional time outlined in CR Part 154. In our Dual Language setting, students often receive more than the minimum required minutes, but we remain especially vigilant in monitoring Entering and Emerging students to ensure they receive their designated stand-alone ENL support consistently.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Dos Puentes implements a school-wide 50/50 Spanish-English Dual Language model. Each grade consists of three classes: two General Education Dual Language classes and one Dual Language Integrated Co-Teaching (ICT) class.

In Kindergarten, all three classes follow a self-contained 60/40 language allocation model—60% Spanish and 40% English. Instruction in all content areas is delivered in Spanish on Mondays and Wednesdays, and in English on Tuesdays and Thursdays.

From 1st through 5th grade, ICT classes follow a consistent 50/50 model, alternating the language of instruction across all content areas. Specifically, instruction is delivered in Spanish on Mondays, Wednesdays, and Friday mornings, and in English on Tuesdays, Thursdays, and Friday afternoons.

Starting in 1st grade and continuing through 4th grade, the General Education Dual Language classes follow a side-by-side model. In this structure, students are taught all content areas by two different teachers—one in English and one in Spanish—in separate classrooms. Students alternate between the two classrooms daily, ensuring balanced exposure to both languages.

In 5th grade, the two General Education classes transition to a departmentalized model in preparation for middle school. One teacher is responsible for Language Arts in both Spanish and English, while the other teaches Math in both languages. Students alternate between classrooms within the school day. Additional content areas are divided between the two teachers and taught in alternating languages. This model supports students in developing the independence and adaptability needed for the structure of middle school.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

In Kindergarten, all classes follow a self-contained 60/40 language model, with 60% of instruction in Spanish and 40% in English. Content areas are taught in Spanish on Mondays and Wednesdays, and in English on Tuesdays and Thursdays, providing a strong foundation in both languages.

In 1st grade, all classes follow a self-contained 50/50 language model, with 50% of instruction in Spanish and 50% in English. Content areas are taught in Spanish on Mondays and Wednesdays, and in English on Tuesdays and Thursdays and half a day on Friday, providing a strong foundation in both languages.

From 2nd through 5th grade, all ICT (Integrated Co-Teaching) classes implement a 50/50 Dual Language model, with instruction alternating between Spanish and English across content areas. Specifically, instruction is delivered in Spanish on Mondays, Wednesdays, and Friday mornings, and in English on Tuesdays, Thursdays, and Friday afternoons.

Beginning in 2nd grade and continuing through 4th grade, students in General Education classes follow a side-by-side model, where all content is delivered by two teachers—one teaching exclusively in Spanish and the other in English—in separate classrooms. Students alternate between the two classrooms on a daily basis, ensuring balanced exposure to both languages.

English-proficient and ELL students are integrated throughout the school day based on their individual language needs and the subject area. The only exception is during stand-alone ENL instruction, which is provided separately for students at the Entering and Emerging levels, as required by state regulations.

b. In which language(s) is each core content area taught?

Spanish and English through a 50/50 model (Kindergarten: 60/40 model).

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

In 2024, the composition of the English Language Learner (ELL) subgroups was as follows: 83.1% Newcomers, 16.9% Developing, and 0% Long-term ELLs. This represents a 4.4% increase in the proportion of Newcomer students compared to 2023, when Newcomers made up 78.7% of the ELL population. Conversely, the percentage of Developing ELLs decreased by 4.4%, from 21.3% in 2023 to 16.9% in 2024. In both years, there were no students classified as Long-term ELLs.

Newcomer English Language Learners (ELLs) receive targeted support through additional ENL instructional minutes and native language intervention. Bilingually certified intervention teachers provide this support in small-group pull-out sessions 3 times a week, each lasting 45 minutes. Instruction focuses on foundational English language skills, including vocabulary development, grammar, and pronunciation. Lessons are scaffolded and adapted to meet each student's language proficiency level, ensuring access to grade-level content.

In addition to structured intervention, Newcomers benefit from small-group and partner-based learning opportunities within the classroom, promoting language acquisition through peer interaction and immersion. Culturally responsive teaching practices are embedded throughout instruction to help students feel welcomed, valued, and seen. These practices create opportunities for students to draw on their personal and family experiences, integrating their cultural backgrounds into the academic environment in meaningful ways.

Developing ELLs also receive additional ENL instruction and small-group support from a bilingually certified interventionist. While these students have acquired basic English skills, they continue to face challenges with academic language and complex content. Instruction is designed to build upon their existing language abilities by introducing more advanced vocabulary and grammatical structures in both English and the home language.

A content-based approach is used, with language development embedded into subject-area lessons. Differentiated instruction is key to meeting each student's unique learning needs and accelerating their language growth. Research has shown that conceptual teaching of academic vocabulary, focusing on big ideas and concepts including cognates, interactive vocabulary development, and repeated exposure across modalities, have proven especially effective in supporting comprehension and engagement among Developing ELLs.

We measure ENL newcomer growth through NYSITELL/NYSSELAT. We track growth in listening, speaking, reading, and writing proficiency levels from year to year. Educators also collect evidence of language use through writing samples, oral retells, and conversation prompts.
Educators and administration also progress monitor by using each grade's data sheets to monitor and track student growth. If these students show growth, it tells us the instruction is effective.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

The percentage of English Language Learners (ELLs) identified as Students with Inconsistent or Interrupted Formal Education (SIFE) increased by 3.7%, rising from 1.7% in 2023 to 5.4% in 2024.

In order to serve our population of SIFE, we first conduct comprehensive assessments to identify if they are SIFE students. This includes the NYSED Multilingual Screener assessment. We also conduct our school based assessments in literacy, in students native language (reading and writing) as well as considering their math abilities in their native language. It helps us to determine their prior educational experiences, literacy levels, language proficiency, and academic strengths and gaps. Our findings allow us to plan for the student's specific needs. Our SIFE students are then programmed to receive one-on-one instruction with a bilingually certified intervention teacher. The focus for these students is building vocabulary, grammar, listening, speaking, reading, and writing skills as well as deepen their content knowledge. We use multilingual resources and bilingual supports for comprehension and communication. These programs include Heggerty (in English and Spanish), Fundations, S.P.I.R.E., Estrellita, and Lunita to teach phonics, decoding, and reading fluency as well as address gaps in foundational literacy skills. Last year, we integrated the use of Aprendo Leyendo to strengthen SIFE students' native language skills when assessments indicated they were performing two or more levels below grade level.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

N/A

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

In 2024, former English Language Learners (ELLs) represented 1.7% of our student population of students who have tested out of the English as a New Language (ENL) designation. These students continue to participate in our Dual Language (DL) program through an integrated ENL approach, allowing them to further develop their bilingual proficiency in both Spanish and English.

To ensure continued academic growth, we regularly assess former ELLs in both languages to monitor progress and identify any areas where additional support may be needed. These assessments include content-based unit exams from Expeditionary Learning, as well as literacy and growth screeners such as mCLASS and MAP Growth. All assessments are administered in both English and Spanish to provide a comprehensive understanding of each student's academic and linguistic development.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

In 2024, the top at-risk indicators impacting ELLs were:

Newcomer ELLs with less than 3 years of ELL services: 83.1% (up from 78.7% in 2023)
ELLs not demonstrating sufficient English Language Proficiency (ELP) progress: 50.7% (up from 33.3% in 2023)
ELLs in Temporary Housing: 35.1% (down from 43.1% in 2023)
Compared to 2023, the data reveals a notable increase in the percentage of ELLs not making adequate ELP progress (16.8%) and a continued rise in the number of Newcomer ELLs (4.4%). Meanwhile, the percentage of ELLs living in Temporary Housing decreased by 8%.

This shift suggests a growing need for intensified language development support and targeted academic interventions for Newcomers and students struggling with language acquisition, even as housing instability shows a modest decrease among the ELL population.

Some of the students with these risk factors are students with poor attendance. Inconsistent attendance prevents consistent academic instruction, and these students' progress suffers. Our attendance team has put structures in place that have helped to improve the attendance of these students to have them attend school consistently to support stronger academic gains.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

We noticed the three highest at-risk factors for former ELLs were: 26.7% Scoring a Level 1 or 2 in Math State Test, 26.7% in Temporary Housing, and 26.7% scored Level 1 or 2 in ELA. These were the same three highest at-risk factors in 2023.

The equal percentage of former ELLs living in Temporary Housing, Scoring a level 1 or 2 in Math and ELA, highlights a strong connection between socioeconomic challenges and academic risk. These students have made progress in language proficiency and continue to develop their academic skills in Math and ELA. To build on this growth, they benefit from targeted support that extends beyond ELL services. The fact that these three areas all affect the same proportion of students (26.7%) suggests a possible overlap some students may be facing more than one of these challenges simultaneously, increasing their risk.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the largest home language represented at Dos Puentes with over 95% of our ENL learners having Spanish as their first language.

Dos Puentes has bilingual administrators and hires educators and support staff who are fluent or proficient in Spanish and English to support the vast majority of our ENL and former ENL students.

We have designated bilingual liaisons to facilitate communication between school staff, students, and families who speak languages other than English. We presently have 2 students who's first language is Arabic but mom's first language is Spanish.

Establishing language access policies and procedures to ensure that information, communications, and resources are available in languages spoken by students and families. ex. Our ClassDojo which has translation embedded in all the languages of our students, Robocalls are always recorded in both English and Spanish. Because there is only one

family in our school that does not understand English or Spanish, Spanish and English translations support almost all of our community. If ever needed we would support families out of the Spanish language by using DOE's translation services. We also offer interpretation and translation services for meetings, conferences, and school-related documents, including report cards, parent-teacher conferences, and school notices.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

As per information provided by families during the enrollment process:

-Within the Hispanic ELLs, the top 3 in the 2024 ethnicity breakdown are: 62.8% American Indian or Alaskan Native; 20.9% White; 8.1% black.

-Within the Hispanic ELLs, the top 3 in the 2023 ethnicity breakdown are: 72.8% American Indian or Alaskan Native; 17.9% White; 6.4% black.

The American Indian or Alaskan Native group still makes up the majority, but there's a notable 10% decrease from 2023 to 2024.
This drop may reflect shifting enrollment patterns or broader demographic changes in our student population. White Increased by 3%, from 17.9% to 20.9%.This suggests a growing representation within the Hispanic ELL population, contributing to greater diversity. Black increased from 6.4% to 8.1%, a 1.7% increase. Though a smaller group overall, this increase is meaningful and suggests attention to equity and cultural responsiveness remains important.

From 2023 to 2024, the Hispanic ELL population at Dos Puentes has become more ethnically diverse. While American Indian or Alaskan Native students still represent the largest group, their proportion has decreased, with White and Black Hispanic ELLs increasing. These changes have implications for how culturally and linguistically responsive supports are planned and delivered, ensuring all subgroups within the Hispanic ELL population are equitably served.

Dos Puentes serves it's students by fostering partnerships with ENL students' families, guardians, and communities to ensure their active involvement by: organizing family workshops in English and Spanish, cultural celebrations like Día de los Muertos, Parandas, Bailes, C.A.R.E.S assemblies in Spanish to highlight characteristics of good citizenship, (Collaboration, Empathy, Respect, Self Control and Assertiveness) and other community events that highlight the cultural diversity and contributions of ELL students and their families. These events and workshops foster mutual respect and understanding among all stakeholders. Educators in Dos Puentes established multicultural clubs such as the Student Council, Scores Soccer, Lego Robotics, and Counseling/ Knitting Club where ELL students can voice their experiences, concerns, and suggestions for promoting cultural responsiveness and inclusivity in the school community.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

ELP Progress Analysis (2023/2024)

Method 1: Met Progress by Exiting ELL Status 2023: 7.2% vs. 2024: 7.6%
There was a slight improvement by .4% of students who exited ELL status. This suggests marginally better overall proficiency gains among students.

Method 2: Met Annual Progress Target 2023: 10.3% vs. 2024: 7.6%

This is the most significant decline among the method by -2.7%. Fewer students met their individual annual growth targets in 2024. This could mean, greater challenges in student progress, or inconsistencies in instructional effectiveness.

Method 3: Met Safe Harbor Cumulative Growth 2023: 3.1% vs. 2024: 3.3%
A very slight +.2 % increase, indicating consistency or minor improvement in cumulative growth among students who may not have met other criteria but still showed steady improvement.

It important to note that of the 32 ELLs without a 2024 NYSESLAT Proficiency Level, all 32 did not have NYSESLAT Testing History which made an impact on our test data.

While the total percentage of students making sufficient progress remained low, the exit rate improved slightly, which is a key indicator of language mastery. The drop in annual progress target achievement is a concern and might require targeted intervention strategies. Safe Harbor growth remained stable, showing that some students are still progressing even if not rapidly.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The number of students exiting their ELL status has decreased by 3.8%,
from 9.5% in 2023 to 15.7% in 2024; although the number of students in this category went from 14 (2023) to 7 (2024).

In 2024 we noticed following in the students who were 1-10 away from the next level:
4 students were 1-10 points away from exiting Expanding
7 students were 1-10 points away from exiting Transitioning
6 students were 1-10 points away from exiting Emerging
13 students were 1-10 points away from exiting Entering
These became our target students for ELL intervention this current school year.

In regards to our 2024 expanding students, 12 were 20 or less points away from exiting. Those students were targeted for literacy tier 2 interventions during the school day and invited for after school and/or Saturday Academy focused on literacy, but specifically on writing, which has been our biggest area of need within the four modalities tested in the NYSESLAT and for the upper grades students, the English Language Arts New York State exam.

The comparison of NYSESLAT data from 2023 to 2024 reveals several key trends among ELLs and Former ELLs across grade levels. Overall, the number of test takers increased in nearly every grade, with the most significant jump in grade 0K, which rose from just 1 student in 2023 to 22 in 2024. Participation also increased in grades 1, 2, 3, and 5, while grade 4 saw a slight decrease. In terms of modality strengths, speaking was the strongest skill in 2023 across most grades, but there was a noticeable decline in 2024, particularly in grades 2 through 5. For example, grade 2 dropped from 14 students showing strength in speaking to 9, and grade 4 fell from 12 to 5. Reading and writing strengths became more distributed in 2024, with students in grades 3 and 5 showing gains in reading where there had previously been none. Writing strength remained relatively stable but saw a small increase in grade 5. Listening showed minor improvements in grade 5, increasing from 0 to 5 students demonstrating strength. Overall, the data suggests a broader distribution of strengths across modalities in 2024, with slightly more balanced performance but a decline in high-speaking performance compared to the previous year.

In 2024 our strongest modality was speaking with a 26% of students scoring the highest in this section. Yet the modalities where our students scored the lowest were Writing (21%) and Speaking (27%). It is important to note that Speaking was our highest and lowest scoring sections, but the students who scored the lowest in this modality were in the first grade. This led to our norming of the administration of the Speaking portion of the NYSESLAT this current school year.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

There is a strong correlation between NYSESLAT Level and State Exam Success. Students at higher NYSESLAT levels (Expanding and Commanding) are much more likely to meet or exceed standards on both the ELA and Math state exams.

The percentage of ELLs that scored level 1 on the ELA increased from 55% (2023) to 73% (2024).
The percentage of ELLs that scored level 2 on the ELA decreased from 34% (2023) to 17% (2024).
The percentage of ELLs that scored level 3 on the ELA increased from .07% (2023) to .09% (2024).
The percentage of ELLs that scored level 4 on the ELA decreased from .o1% (2023) to 0% (2024).

The percentage of ELLs that scored level 1 on the Math test decreased from 40% (2023) to 34% (2024).
The percentage of ELLs that scored level 2 on the Math test decreased from 48% (2023) to 42% (2024).
The percentage of ELLs that scored level 3 on the Math test increased from 11% (2023) to 23% (2024).
The percentage of ELLs that scored level 4 on the Math test was 0% both years.

There is a clear, positive relationship between a student's English language proficiency level (NYSESLAT) and their performance on other state assessments like the ELA and Math exams. As students progress through NYSESLAT levels: Their academic performance improves.
They are more likely to meet proficiency in core content areas. This supports the idea that language proficiency is a key foundation for academic achievement across subjects.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

IEP:
In SY 2024, 37% of ELLs had an IEP. This is an increase by approx. 5 percentage points when compared to 2023 (32%);
33%, 37%, and 13% of ELLs with IEP scored at the emerging, transitioning, and expanding proficiency level respectively in the 2024 NYSESLAT exam.
0% of the ELLs with IEP scored commanding in the 2024 NYSESLAT exam.

SIFE
5.4% of ELLs are SIFE. This is an increase of 3.7% percentage points when compared to SY 2023 (1.7%);
As per NYSESLAT 2024 results, 50% of the SIFE ELLs scored at the entering level (compared to 100% in 2023) while 50% scored at the emerging proficiency level (compared to 0% in 2023).

Based on the data, while there has been an increase in the proportion of ELLs with IEPs, most students in this group remain concentrated within the lower and mid-proficiency bands (Emerging and Transitioning). The lack of students reaching Commanding suggests persistent challenges in achieving higher levels of English proficiency despite

incremental growth.

Contributing factors to these results could be because pf Interrupted educational backgrounds amongst the students. Gaps in literacy and foundational academic skills in the home language can delay English acquisition. SIFE students also need time to adjust and acculturate Many SIFE students require extended time to adapt to new academic and linguistic expectations.

The data points to a need for targeted, differentiated instruction, stronger bilingual and special education collaboration, and sustained language-rich interventions.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Dos Puentes is using the District Mandated Expeditionary Learning Curriculum. With the support of the District, Dos Puentes is ensuring that the program is delivered bilingually through a 50/50 dual language model. This curriculum supports talking protocols that are presented in English and Spanish on alternating days or units. This will develop language production and vocabulary. The curriculum is based on science and social studies content with multiple opportunities to make connections to the real world through non fiction and realistic fiction texts. Writing will be based on these listening, speaking and reading experiences. Students will write in both Spanish and English alternating between days or units to develop literacy in both languages and provide the context for language transfer.

For Math, Dos Puentes will continue to use Illustrative Math. This program is in both Spanish and English and similar to the Expeditionary Learning program has a lot of opportunities for language development through student discussion and practice with math vocabulary. Students alternate languages day to day providing the opportunity for language transfer between the two languages. The curriculum supports a lot of hands on opportunities for students to show and share their problem solving strategies and comment on each others methods.

Social studies is taught through an inquiry approach that builds from the PassPort Curriculum and NY Social Studies Standards. The social studies curriculum is supported by various field trips on each grade. This provides real life experience for students to build from when reading and writing about the content. For example second grade studies New York City. They visit all five boroughs, cross the Brooklyn Bridge, visit the Bronx Zoo, and Queens Museum of Science. They also ride the Staton Island Ferry. Students create projects in the classroom after seeing all the various boroughs highlighting particular monuments and considering maps. They work collaboratively and do additional research to consider the history of the momunents they construct. These experience develop language by having various opportunities to see, speak, interpret and collaborate on these collective experiences.

We have two out of classroom bilingual Science teachers in our building who teach the Amplify Science curriculum that follows the New York State standards. Amplify is a bilingual Spanish English curriculum.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

English Language Learners (ELLs) represent 36% of our student population, and as a full Dual Language (DL) program, intentional language planning and a bilingual curriculum are central to the decision-making of our Instructional Leadership Team (ILT). Our professional development initiatives prioritize inclusivity by embedding the voices and stories of our students and their families into the curriculum. We are deeply committed to ensuring that every lesson integrates clear language objectives and provides meaningful opportunities for student-to-student interaction to promote oral language development.
Our school makes the purpose and work of the Multi-Tiered System of Supports (MTSS) explicit by aligning it with our Dual Language framework to guarantee that ELLs have full access to core instruction. Through MTSS, teachers use ongoing progress monitoring and data analysis to identify students' academic and language needs early and provide differentiated supports within the classroom. Tier 1 emphasizes high-quality, language-rich core instruction that incorporates scaffolds, visuals, and structured discourse for all learners. At Tiers 2 and 3, small-group interventions delivered by bilingual and ENL-certified educators who target specific skill areas such as vocabulary development, reading comprehension, and oral fluency, while maintaining a strong connection to grade-level content. This ensures that ELLs receive additional support without being removed from meaningful learning opportunities in the core curriculum.
In collaboration with CUNY-I, our educators have explored immigration issues to deepen their understanding of students' lived experiences and strengthen culturally responsive practices. Additionally, our partnership with CUNY–NYSITELL has focused on embedding translanguaging strategies within structured curricular spaces, allowing students to draw from their cultural and linguistic identities to deepen academic learning. These intentional practices anchored in Dual Language pedagogy and supported through MTS reflect our school's commitment to fostering bilingualism, biliteracy, and equitable access to rigorous, language-rich instruction for all learners.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The core curriculum is implemented through a 50/50 Dual Language (DL) model, alternating daily between English and Spanish instruction. Language scaffolds—such as word banks, sentence starters, and structured opportunities for discussion—are embedded throughout each lesson to support student engagement in the language of the day. Inquiry-based learning is encouraged, with students generating their own questions to explore and solve. Partner talk is a consistent and intentional practice that fosters peer-to-peer support and collaborative language use. In Kindergarten and Grade 1, daily "explorations" or free play provide rich, natural opportunities for bilingual language development in an immersive and supportive environment. In addition to integrated ENL support, stand-alone ENL services are provided: 180 additional minutes weekly for Entering (EN) level ELLs and 90 minutes for Emerging (EM) level ELLs. These services are delivered by students' English classroom teachers, all of whom hold bilingual certification. Native language (Spanish) development is further supported through instruction across all content areas, delivered in Spanish for 50% of the instructional week.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

We follow a 50/50 Dual Language model serving students in English and Spanish. We work to have students transfer their academic understandings from one language to the other using picture clues, sensory input, repetition, sentence starters, word banks, songs, graphic organizers to scaffold the non-dominant language. We also create partnerships between students with different linguistic backgrounds, small group instruction. Support from Paras, Student

Teachers and Bilingual Pupil Service Interns provide extra adult support. We use Engage NYC, to support Math in English and Spanish. We adapt the EL curriculum for Reading and Writing in Spanish and use Amplify Science in Spanish and English. Phonics uses Fundations/Heggerty for English and Estrellita/Lunita for Spanish.

Teachers also strategically plan to adapt scaffolds and interventions for ELLs individualized language and literacy supports based on students' progress toward their IEP goals.

b. SIFE

Our SIFE students' backgrounds are similar to the other ELLs in our school. We meet their needs with the same structures we use to support our other ELLs.

All classroom Teachers are bilingually certified. They scaffold grade level content by planning curriculum as a grade through content-based units. Teachers plan for accommodations to support all levels of ELLs and ELLs w/IEP (each grade has a licensed SPED teacher as well to support this work). Each grade receives at least one grade level meeting each week to support planning materials, units, and accommodations. As Bilingual Teachers, language planning and scaffolds are included in all units.

Many of our units consider the backgrounds of students, the countries and cultures from which they come, and include literature, music, art, artifacts, etc., to support the various voices of our ELLs.

c. Newcomers

As our newcomer ELLs come from Spanish speaking families. Using a Dual Language model allows our students to engage as soon as they arrive.

All of our staff is bilingual. All staff members, particularly Teachers, are encouraged to use a student's native language to help them acclimate to our school.

Because all of our curriculum is bilingual, our Spanish-speaking students are able to access the curriculum.

Newcomers are included in our intervention programs for Math and Reading, supporting learning in their dominant language. We target these students in small group instruction to support their learning and help them acclimate.

d. Long Term ELLs

As our long-term English Language Learners (ELLs) primarily come from Spanish-speaking families, our Dual Language (DL) program plays a central role in ensuring full access to grade-level curriculum. The DL model allows students to engage deeply with academic content in both English and Spanish, reinforcing conceptual understanding while continuing to develop bilingualism and biliteracy. Because all of our curriculum materials are available in both languages, Spanish-speaking ELLs are able to build on their existing language strengths to access and master rigorous content.

To accelerate language development, teachers implement targeted small-group instruction. Our Multilingual Learners/ELLs to identify patterns, monitor progress, and adjust instruction. Long-term ELLs are often included in intervention programs for reading and math, where instruction in their dominant language supports concept development and vocabulary growth while addressing specific skill gaps.
Teachers use a range of grade-level materials and technology tools to support access to core content and English language development. These include mCLASS (for bilingual literacy assessment and grouping), Heggerty (for

phonological awareness in both English and Spanish), and digital platforms that provide differentiated, language-rich learning opportunities. Instructional strategies emphasize clear language objectives, scaffolded academic discussions, and collaborative tasks that promote oral language use and academic discourse.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We use a Dual Language ICT MODEL for students with full time IEP services. This allows all our current ELL students with an IEP to be served in an inclusive environment while receiving support for language development.

Both the bilingual Sped Teacher and the bilingual gen ed teachers strategically collaboratively plan and adapt scaffolds and interventions for ELLs individualized language and literacy supports based on students' progress toward their IEP goals.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In our Dual Language (DL) program, all assessments are administered in both Spanish and English to ensure a comprehensive understanding of each student's language and academic development. Home language support for English Language Learners (ELLs) is embedded throughout our Spanish/English DL model. We use mCLASS in both languages to assess reading growth and to inform small-group instruction based on students' specific literacy needs. To strengthen phonological awareness and phonics instruction, we introduced Heggerty in English and Spanish three years ago, allowing for systematic and parallel skill development across languages.
Mathematics assessments are given in each student's language of dominance (English or Spanish) to ensure equitable access to problem-solving and conceptual understanding. For non-Spanish-speaking ELLs, informal assessments are conducted using available school resources and the NYC DOE translation services to gather accurate data in their native language.

During the ELL identification process, newly arrived students receive a home language assessment administered by a certified bilingual teacher using the Common Core Assessment Tool in Spanish. In cases where a new student speaks a language other than Spanish or English, a DOE translator is requested to assist with the assessment process. Additionally, newly identified Spanish-speaking ELLs are administered the Spanish LAB to further determine their language proficiency levels.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual

Education teacher partnerships, etc.).

Dos Puentes uses a dual language approach in every classroom Kindergarten through 5th Grade.
There are 2 DL Gen Ed Classes and 1 ICT Gen Ed class on each grade.

All classrooms are served by fully certified bilingual elementary teachers.
All grades have weekly grade planning meetings when all four teachers plan curriculum.
These same grade teams plan collaboratively during PD sessions on Mondays after school as well as during OPW.

The Sped and Gen ed teachers in the ICT classroom work collaboratively on a daily basis to ensure consistency in instruction.
1st through 4th Grade teachers use a side by side method for DL instruction and have an additional 2 common preps weekly to ensure collaboration for consistent instruction.
5th Grade Gen Ed teachers departmentalize the instruction, so one of the teachers teaches Math and Social studies, and the other teacher teaches Reading and Writing. They collaborate as they share students and follow the same daily language allocation: Mondays, Wednesdays and half of Friday for Spanish, and Tuesdays, Thursdays and half of Friday for Spanish.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Some Teachers/Para-professionals, as well as UFT Rep, participate are part of the Professional Development planning committee. This committee discusses the needs of the school, including planning for ELLs, and include them during the in-school professional development plan. Teachers also participate in out-of-school professional development, from the District and Office of ENL Services, which includes professional development related to ELLs. These include Estrellita, strategies for supporting the ELL classroom, etc.

We also have a Social/Emotional teacher team that will meet for 6-8 weeks to discuss the social/emotional support for students in and out of the classroom, including ELLs. This team will share the resources they gathered and created with the entire staff during a share session. Our Guidance Counselors, who are also bilingually certified, help to support this work and help with school-wide implementation. Much of this work began in the 2021-22 school year following the pandemic and has been continued last year and will be further developed in the 2025-26 school year.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Because all of our teachers work with bilingual students, every component of our professional development plan is designed through a language development lens with the Professional Development Committee. Our in-person professional learning is organized into two 6-week cycles during which teachers participate in collaborative study groups focused on key areas such as Biliteracy, Social/Emotional Learning, Math, and Bilingual Phonics & Word Work. Each study group is intentionally structured to address the linguistic, academic, and social-emotional needs of our

bilingual learners, ensuring that professional learning directly supports ELL-specific instructional practices.
In addition, our Principal, Assistant Principals, Literacy Specialist, and IEP Teacher actively monitor offerings from the Office of Multilingual Learners/English Language Learners (ML/ELL) to identify and share relevant CTLE coursework with staff. This ensures that our teachers meet and exceed the mandated 15% of ELL-specific CTLE hours required for certification renewal. For example, last year, several teachers attended the Estrellita training in October to strengthen foundational Spanish literacy instruction and bilingual word work practices. Additionally, one teacher from each grade level was trained in Aprendo Leyendo, a Spanish language intervention program designed to support targeted literacy development for our bilingual students.
For our bilingual education and ENL teachers, who must complete 50% of their CTLE hours in ELL-specific professional development, these internal study groups and external training opportunities provide sustained, targeted, and meaningful professional learning aligned with CR Part 154 requirements.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Dos Puentes screens all students at the BOY, MOY, and EOY in Language ARTS and Math. This data is used for planning instruction, especially for our ELLs.

K-5 students are screened in mClass and EL assessment in English and Spanish.
K-5 students are screened in iReady for Math in English and Spanish

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our school provides multiple layers of academic and language support designed to meet the diverse needs of our bilingual learners. After-school tutoring is offered in small groups for Reading, Math and NYSESLAT preparation. The groups are organized in 6-week cycles throughout the year. Additional small-group instruction is provided during the school day either through pull-out sessions with an interventionist or push-in support within the classroom.
We also offer a Saturday Academy for students in grades 3–5, with two instructional cycles—one focused on Math and another on Language Arts. To strengthen foundational literacy, all classrooms implement the Heggerty phonemic awareness program daily in both Spanish and English. In addition, one teacher per grade level has been trained in Aprendo Leyendo, a Spanish language intervention program that supports reading development for students requiring targeted literacy instruction in their native language.
Instructional groupings are formed based on students' ENL proficiency levels. Entering and Emerging students receive more intensive pull-out instruction, while Transitioning and Expanding students benefit from push-in language support integrated into core instruction. At-risk students also have access to counseling services to address academic and social-emotional needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In our school, we utilize a Multi-Tiered System of Supports (MTSS) to effectively guide instruction for English Language Learners (ELLs) across all grades. Here's how we integrate data-driven practices within MTSS to support our ELLs:

Formative Assessment Data: Teachers regularly administer formative assessments to gather data on ELLs' language

proficiency and academic progress. We collect data through mClass & EL Assessments. These assessments are aligned with language development and content standards. This data helps us to track ELLs' performance in core academic subjects and identify areas of strength and areas needing improvement.
Tiered Instructional Supports:
Tier 1 (Universal): All ELLs receive differentiated instruction based on their language proficiency levels and academic needs within the general education classroom. Teachers use instructional strategies that promote language development and content understanding simultaneously.
Tier 2 (Targeted): ELLs who require additional support beyond the core instruction participate in targeted interventions. These interventions are based on specific data points that indicate areas of challenge, such as vocabulary development, comprehension strategies, or academic language skills.
Tier 3 (Intensive): A smaller group of ELLs with significant academic or language challenges receive intensive, individualized interventions. These interventions are often provided by specialists or through small-group settings and are closely monitored for progress.
There are also after school and Saturday programs to help these students.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Students are assessed in oral reading and comprehension using mClass in English and Spanish, EL assessments. and CORE assessments.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Assessments are conducted in Spanish and English throughout the school year.

Home language assessment during the ELL Identification Process for newly arrived students are conducted using the core Assessment tool in Spanish, by a certified bilingual teacher. In the rare case that a new arrived student is a speaker of another language other than Spanish or English, then a translator is requested through the DOE to support this assessment. If a student arriving is entering 3rd grade or above, we conduct the SIFE screening. We conduct the NYSED Multilingual Literacy Screener to determine SIFE status.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

In order to determine the effectiveness of our ML/ELL Program, we look at the results of the NYSESLAT, ELA, and State Math exams.

We also assess all our students in reading in Spanish and English to compare levels and monitor and ensure progress in both. This is done through the City Screeners by using the mClass for ELA and iReady in English and Spanish.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Parents are notified, in writing, that eligible students will be taking the NYSESLAT with specific dates annotated.

Since all our Teachers are bilingually certified, we notify all Teachers involved in testing, as well as those who will provide support for non-ELL students. Students continue to receive their mandated minutes throughout the school day by their classroom Teacher, who is bilingually certified. In addition, Staff receives an email explaining the procedures, rooms, dates, and students to be tested. The Asst. Principal and ELL coordinator also meet with all Teachers and Staff involved in testing, hall monitoring, etc., to go over the testing procedures and administration.

Students are grouped by grade level and by test accommodations, according to testing modification listed on IEPs for ELLs w/IEPs.

This year we also had our first targeted intervention after school and Saturday after school to prepare students for the NYSESLAT.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our Assistant Principals/Test Coordinator, ENL Coordinator and IEP teacher are responsible for selecting appropriate accommodations based on students' individual needs and assessment guidelines. The Test administrator train teachers on how to implement specific accommodations during state assessments effectively. Lastly We monitor the effectiveness of accommodations during practice tests and mock assessments to ensure they meet students' needs without compromising assessment integrity.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When families register their students at Dos Puentes, all families arevshown the DOE video which explains the 3 ENL program options that are available: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language.

Once a child is determined to be an ELL through screening process and NYSITELL test, families are invited to the program orientation session within the first month of school where all programs are described and we explain how dual language instruction is provided in all classrooms. We explain that the goal for all students in full bilingualism, bilteracy and multicultural understandings in English and Spanish. Language Instruction is integrated into content instruction using a variety of language teaching strategies to ensure ELL students are grasping the new language and can learn to use it as they gain content knowledge. Our Pupil secretary and our Community coordinator schedule these meetings with families. Our staff members are bilingual and can communicate with the families. If translations services are needed, we us the DOE translation system. All meetings are documented as famiiies are requiered to sign-in, in the attendance log.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this

meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

All families of ELL students receive an additional meeting with their teacher yearly to discuss their child's language progress and how that relates to their child's academic progress. NYSESLAT scores are often shared to help families understand the progress of language acquisition. These meetings are usually scheduled at the beginning of January to allow students to get established in their routines and school environment. This additional meeting is scheduled through the parent's best means of communication. Parents are either called, class dojo, emailed or a paper form is sent home to establish a time. Teachers then take notes during their meetings. They discuss language development progress, language proficiency assessment results, and language development needs in all content area.
Teachers then enter information on to a google spreadsheet for record keeping.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All family communication at Dos Puentes is delivered in Spanish and English. Our families are communicated with in various ways. We use robocalls, emails, class dojo, letters going home and make sure that it is all happening in multiple languages. Our Principal chats are also conducted in multiple languages.

We are a Dual Language school so serving our families in more than one language is already embedded in our school culture.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

The SLT, ILT and Guidance Team, work together to determine the needs of MLs/ELLs by considering the number of new arrivals, new families to Dos Puentes, and language and academic levels of students in each grade.

Workshops are created to target areas of need. These needs and engagement come from the feedback of principal chats and PTO meetings. For example we had two workshops for Early childhood families in Spanish and English at the beginning of the year to support early literacy practices for children. This was targeted towards pre reading skills as well as daily practices to establish at home to support literacy development in Spanish and English. This was one of the highest demands from parents at the beginnig of the school year.

Dos Puentes plans several events for parents to participate in each month:

Fall Festival
Rincón Hispano
The Dollar Dance
Earth Day
Gardening Club
Monthly Principal Chats
Winter and Spring Concerts
Family Fridays with Classroom Teachers and Clusters
Math WorkShops
ELL Workshops
Technology Workshops
Art Show and Art Workshop
Science Fair
Homework Workshops
Book Fair
Potlucks
International Night
Talent Show
Movie Night

Monthly PA meetings
Spirit Days
Home visits
Field Day
Jazz concert
Uniform Exchange
Bronx Zoo Day
DP Auction
Parandas
Food/Coat Drive
Safety Townhall
Family Conferences

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All communication to families is conducted in Spanish and English.
Monthly Principal Chats provide the opportunity for the whole school to hear about opportunities in the school and upcoming meetings.
Events are also supported through a monthly calendar, robo calls, and Dojo messages in Spanish and English advertising these meetings.

The PA works to have representation for each position with a Spanish representative and and English representative.
The SLT also has two dominant Spanish speaking representatives to represent the diversity of our community but also ensure all materials are available in English and Spanish.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We partner with Studio in a School to provide visual arts in Spanish to all our students.
This program also supports two family workshops a year that are provided bilingually.
Our teaching artist is a fluent bilingual Spanish/English speaker and provides opportunities for enriching Spanish development through the Art Program that supports higher level vocabulary.

We partner with Theatre SEA to provide a Spanish theater performance to all our early childhood students.

Emma Ortheguy, a bilingual author, has come to share her newest children's books with all of our students in a bilingual presentation.

About the Swing, is a Jazz ensemble to that performs for our students 3 times a year to enrich our students repertoire of music.

4th Grade students partner with Carnegie Hall to experience an orchestra and perform a musical piece on their recorders.

5th Grade students work with a Capoeira Residency to understand this art and dance form.

4th Grade students work with an Alvin Alley Residence.

3rd Grade worked with the Joyce Theater Residency.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We Partner with the Bilingual Pupil Services Internship program each year to have 4-5 BPS interns to support our ELLs in particular classrooms. These interns serve as full time paras and receive specific training in bilingual instruction. They are placed in classrooms with high numbers of ENL students.

We also have bilingual student teachers from a variety of universities that do their student teaching placements with us. The universities we partner with include: Teachers College, Columbia University, City College of New York, Hunter College of New York, Bank Street College, among others.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Dr. Victoria Hunt, Principal
Karín DeJesus, ELL Coordinator
Elexis, Pujols, Pupil Secretary
Gladys Martinez, Teacher
Michelle Taveras, IEP teacher
Stephanie Ubiera, SETSS Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our ELL identification process is conducted through setting up an appointment with the families. Our Pupil Secretary Ms. Elexis schedules these. During this time she also provides them with the parent survey and program agreement form. She also shows them the orientation video. There are two set times allocated throughout the day that give teachers the ability to screen a student without having to miss an intervention small group or push in. These times are scheduled as administrative preps for the teachers.
The ELL coordinator takes care of the majority of the steps: interview and assess the child, determine the home language, should the child take the NYSITELL, does the child come with an IEP and if not was their something during the interview and assessment process that indicates that the child should be evaluated. If the child has an IEP we make sure that they go through the LPT to determine if the NYSITELL should be administered. Once the a student is identified as a ELL, they are administered the NYSITELL and SLAB.
If the child is in 3rd-5th they will be screened to see if they are SIFE using a writing sample, math and literacy assessments as well as the MLS. Parents are kept informed of this through the NYSITELL determination letter and are then brought in for an orientation on everything NYSITELL and various resources. Parents are also given the placement letter for their child..

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Victoria Hunt

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they

attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Milagros	Leonard Cordero	School Secretary	11/15/2023	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
AFRIKAANS	0	0.00%	1	0.15%		
ENGLISH	352	53.74%	348	53.29%	100% of staff	100% of staff
PORTUGUESE	1	0.15%	1	0.15%	0	0
SPANISH	302	46.11%	303	46.40%	98% of staff	98% of staff

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendars	Dos Puentes creates monthly family fliers in both English and Spanish and are reviewed by office staff to ensure accuracy in language
Flyers	All flyers are created in both English and Spanish as we are a Dual Language School
IEPs	Parents are asked during the IEP meeting in what language they prefer to receive their child's IEP. if they want a copy in Spanish, it is submitted to the DOE translation serviced and then given to the family
Enrollment documents	Families are presented with both English and Spanish copies of the forms. Parents choose which language they feel more comfortable filling out.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

workshops, PTCs)	
Principal Chats	These meetings are conducted virtually by Dr. Hunt who is bilingual. All topics are presented and discussed in both languages. A copy of the notes are then posted on ClassDojo in both languages for families who missed the meeting.
Parent Teacher Conferences	All of our teachers are bilingually certified and are able to communicate with families in English and Spanish. We do call DOE's translation services for our ASL family.
Parent Workshopes	Are conducted in both English and Spanish with ASL bilingual translation

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Dos Puentes is comprised of English and Spanish speaking families so we are able to communicate in all forms with them. In the past when we have families who speak languages outside of English and Spanish, we use the DOE translation services.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school is committed to ensuring that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC platform in a timely manner. To achieve this, the school leadership will:

Communicate the training requirement clearly to all staff through email reminders and staff meetings, making sure to include a firm deadline with a few reminders. Admin will track the progress through the WeLearnNYC's tracking system.

To ensure staff are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents, the school will:

Host informational sessions during staff meetings or professional development days to review and discuss these best practices.
Share summaries and reference guides to be put in a folder marked "staff resources"

Our Galaxy-designated Language Access Coordinator (LAC) will serve as the primary resource for language access at the school. The LAC will:

Distribute future language access resources, updates, and policy changes through staff emails and meetings.Assign a point person as a point of contact for any questions or support regarding language access.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Dos Puentes will ensure that parents are aware of language assistance services through different methods tailored to their needs. We will display translated signage at key points throughout the school building to provide immediate visual information. Additionally, we will distribute brochures, flyers, and letters in the preferred languages of our families during enrollment and at school events.

To engage families directly, language assistance services will be highlighted during parent engagement events, such as PA meetings and Rincón Hispano. We will also use ClassDojo which allows communication in multiple languages, ensuring timely and clear updates regarding language supports.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to feedback collected through the DOE's Translation & Interpretation Feedback Survey provided by the Office of Language Access (OLA), our school will use the following methods to gather input from families regarding the language assistance services they receive:

Parent Surveys - We will distribute short, translated surveys (paper and digital formats) particularly after parent-teacher conferences and major school events to capture families' experiences and satisfaction with translation and interpretation services.

Parent Coordinator & ENL Team Outreach: Our Parent Coordinator and ENL staff will proactively check in with families during routine communications to gather informal feedback on the accessibility and effectiveness of language support services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

-Dos Puentes ensured all school communications - letters, flyers, school website, and all digital platforms have availability of language assistance services. Signage in multiple languages was also placed throughout the building.

-Key staff, including main office personnel, Parent Coordinators, and classroom teachers, received training on how to access DOE interpretation services and request written translations through the Language Line and OLA portals.

Interpretation services were proactively arranged for parent-teacher conferences, IEP meetings, and school-wide events. Bilingual staff members were strategically positioned to assist families during these times.

Plans for Further Improvement (2025–2026):
Create a "Language Access Guide for Families": A brief, translated handout will explain how to request language services and what they can expect. It will be distributed at the start of the year and during new family orientations.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

172

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

10

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

10, who are the same as our ESOL/Bilingual teachers as we are a full DL program and all content teachers are bilingually certified.

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**

- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Targeting ELLs in small groups by level in after-school and Saturday instruction provides support that can target linguistic needs in relation to academic needs.

We have 4-5 6-Week intervention cycles that occur after-school on Wednesdays and Thursdays with groups of no more than 6 students. These sessions last from 2:40-3:45pm.
We also have a Saturday series from January through April to support ELLS in 3rd-5th Grade from 9-12:30pm.

* For Entering, Emerging students Spanish is used to support strengthening foundational skills.
* For Transitioning, Expanding and Commanding students, English with language scaffolds is the language of instruction.
* The After-school interventions groups focus on either Reading, Writing, or Math.
*Children are invited to various cycles of intervention depending on area of need.
* All our teachers are bilingually certified and thus are able to serve ELLs at the elementary level.
* We use authentic literature in Spanish and English, realia, art, and audio materials as well as the Engage New York Curriculum in English and Spanish.

Our ten teachers are both ESOL/Bilingual teachers as well as content teachers as we are a full DL program and all content teachers are bilingually certified.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Method 1: Met Progress by Exiting ELL Status 2023: 7.2%/2024: 7.6%
There was a slight improvement by .4% of students who exited ELL status. This suggests marginally better overall proficiency gains among students.

Method 2: Met Annual Progress Target 2023: 10.3%/2024: 7.6%

This is the most significant decline among the method by -2.7%. Fewer students met their individual annual growth targets in 2024. This could mean, greater challenges in student progress, or inconsistencies in instructional effectiveness.

3. Method 3: Met Safe Harbor Cumulative Growth 2023: 3.1%/2024: 3.3%
A very slight +.2 % increase, indicating consistency or minor improvement in cumulative growth among students who may not have met other criteria but still showed steady improvement.

While the total percentage of students making sufficient progress remained low, the exit rate improved slightly, which is a key indicator of language mastery. The drop in annual progress target achievement is a concern and might require targeted intervention strategies.Safe Harbor growth remained stable, showing that some students are still progressing even if not rapidly.

This data gives us the information we need to support our ELL's academic and English development, we will provide additional small group instruction after school targeting the following areas:
*Entering/Emerging students with additional vocabulary and literacy support
*Transitioning students with support in developing Tier II & Tier III vocabulary and writing support
*Expanding students with support in comprehension and high order thinking skillsELP Progress Analysis (2024/2025)

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Saturday program will include students in grades 3-5 and the weekday afterschool program will include K-5 students.
*Entering/Emerging students with additional vocabulary and literacy support
*Transitioning students with support in developing Tier II & Tier III vocabulary and writing support
*Expanding students with support in comprehension and high order thinking skills

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

We have 4-5 6-Week intervention cycles that occur after-school on Wednesdays and Thursdays with groups of no more than 6 students. These sessions last from 2:40-3:45pm.
We also have a Saturday series from January through April to support ELLS in 3rd-5th Grade from 9-12:30pm.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English with ELL supports
Spanish for Entering and Emerging students for foundational skills when necessary.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

10 or more depending on availability.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

We use authentic literature in Spanish and English, realia, art, and audio materials as well as the Engage New York Curriculum in English and Spanish.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

1. The groups are selected by the Language Intervention Committee and confirmed by the classroom teacher. Student data and teacher observations are a criteria for the groupings.
2. Invitations/permission slips are then sent home to the parents. The program requires a signed permission slip in order for the students

to attend the program.
3.The permission slips are submitted to the office where our community coordinator keeps track and enters it on to a google spreadsheet.
4. The After School google spreadsheet contains one tab where attendance is kept for all students attending the program. The other tabs contain each afterschool teacher's name along with their pre/post assessment and any data collected during the intervention cycle. Their tab also includes information as to how the child is to be dismissed during those particular days.
5. This data is reviewed in 6-8week cycles by the Language Intervention Committee to determine which children need more intervention and the progress each child is making.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

We will provide 2-3 hours of Professional Development from Amy Withers to provide extra ELL supports for all our teachers as our school follows a full Dual Language English/Spanish model school-wide. Our 176 ELL students are in all our classes and need support in all content areas. We will have two professional development sessions during 2, two-hour blocks to support ELLs school-wide.

As Math has been an area of challenge for our students based on present levels of performance, we will ask Ms. Withers to consider language development through the Math Curriculum

Topics that will be covered include: Ways for students to ask questions of each other as they work on math problems; Ways for students to best express their mathematical thoughts and defend their thinking and solutions with other student partners; Language scaffolds to help students explain their math thinking both in Spanish and English.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The vast majority of ELL students were 10 points or less away from the next proficiency level. In 2022, 10 students were 10 points or less emerging, 6 students were 10 points or less transitioning, 13 students were 10 points or less to Expanding and 2 students 10 points or less to being former ELLs. In 2023 19 students were close to emerging, 20 students were close to transitioning, 34 students were close to expanding and 42 students were close to the Former ELL status.

Professional Development that focused on language aquistion strategies. The goal is for educators to focus on these ELLs with the learned strategies. Students will be sepecifically targeted by looking at the modalities they need addtional support in and hopefully move them to the next proficiency level.

Professional development is also structured around the students in 2022 and 2023 which had the highest scores on the Speaking part of the NYSESLAT. This area is where they showed their strength: 1st grade increased by 51.9%, 2nd grade by 34.4%, 3rd grade by 32.6%, 4th grade by 9.2% and 5th grade by 18.3%. Teachers will learn effective ways to increase the students writing, reading and listening skills and improve ELL students results on the NYSESLAT. We want our ELL's to attain, comprehend and be able to fully engage in conversations in their second language.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All 28 Classroom Bilingual Teachers and Interventionists in the Dos Puentes community.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

There will be 2-3 hour long sessions for the whole staff and 3 additional sessions for the teachers who are teaching intervention for our ELL targeting Math. These additional sessions will be to support planning to target the students in each after-school or Saturday group.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics that will be covered include: Ways for students to ask questions of each other as they work on math problems; Ways for students to best express their mathematical thoughts and defend their thinking and solutions with other student partners. Language scaffolds to help kids explain their math thinking both in Spanish and English.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Amy Withers a Math Specialist from Bank Street is delivering the Math for All professional developments..

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All professional development is organized and documented on google document. The PD Committee oversees the scheduling and implementation of all mandated professional learning, ensuring that required sessions are embedded throughout the school year. Agendas and related materials for each PD session are maintained in our shared Google Drive. Records of any out-of-building professional development are maintained and tracked by our payroll secretary Milagros Cordero.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We will have a 4-part series of language development and literacy sessions to support families with ELL students. The sessions will consider our Expeditionary Learning Curriculum and how to support children talking about thematic content, speaking about their work and explaining the details of what they are learning in their writing. These sessions will also focus on how to support this type of language in students home language and the new language. Parents will be encouraged to use the language that is the most familiar to them.

These sessions will be hosted by the Parent Coordinator at our school, the ELL coordinator and Luana the staff developer working with teachers?

They will occur during school hours. Towards the final sessions, the parents will work directly with their children and the Parent Coordinator, Staff Developer and ELL coordinator will coach into these lessons so the families can see how they can support their children to extend their thinking and explanations.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

DP Parents participate in Monthly meetings with the PA, Principal Chats and Rincón Hispano. During these sessions data is collected through parent surveys to address parent needs.

The data shows that the highest needs are:

1. Literacy - Various workshops are offered throughout the school year that provide parents with strategies for vocabulary, reading and writing. Parents participate in games that they can also do at home with their students. This year there will be a focus on the new EL curriculum and how they can support the thematic units at home with their children.

2. ELL - Parents are brought in throughtout the year to explain what the NYSESLAT and what services are in place once their child is identified as an ELL. Their rights in programming is shared as well as the election of their program choice. We have ongoing workshops throughtout the year that provide strategies and resources for parents, so that they can reinforce what their child is learning in school.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Four (4), one-hours sessions, first thing in the school day for one hour each session.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The sessions will consider our Expeditionary Learning Curriculum and how to support children talking about numbers, showing their work and explaining the strategies they are using to solve problems. These sessions will also focus on how to support this type of language in students home language and the new language. Parents will be encouraged to use the language that is the most familiar to them.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Luana (Staff Developer)
Karin DeJesus (ELL Coordinator)
Esmeralda Martinez (Parent Coordinator)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of these activities via ClassDojo, flyers, and invitations by Classroom Teachers.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will take attendance at all events with family sign ins or accounts of people present during any online sessions.

All notifications will be kept in an an electronic folder for ENL outreach.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
