Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Cary Pantaleon	Principal or Designee*	
Michelle Coleman	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Lorena Bravo	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Nairoby Rivera	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Ivania Mieses	Member/Staff	
Idalia Machuca	Member/Staff	
Solangel Pimentel	Member/Staff	
Alicia Betancourt	Member/Staff	
Belkis Gonzalez	Member/Parent	
Brenia De La Cruz	Member/Parent	
Taly Hernandez	Member/Parent	
Lindsay Lupi	Member/Parent	
Kally Sparks	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

VISION AND MISSION
At P.S. 128M, our Vision, Mission, and Core Values are the guiding principles that shape our educational philosophy. They help us make informed decisions and take purposeful actions to achieve our goals.
OUR VISION
At our school, empathy, integrity, and excellence are valued by everyone. We believe that by building strong relationships, and collaborating with all stakeholders, every child can grow into responsible, respectful, and resourceful citizens.
OUR MISSION
We are committed to creating a safe and nurturing environment for all students. By involving our staff, families, students, and community-based organizations, we will work together to integrate students' cultural experiences, physical, social, and emotional development into their education.

We are dedicated to continuous growth and reflection. Through these practices, we strive to eliminate disparities and ensure that every student achieves the highest standards of academic and personal success.

We aim to empower all students and families to reach their fullest potential, and prepare them to thrive in the ever-changing global economy.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Our elementary school offers a wide range of academic programs and enrichment opportunities designed to support the growth and development of every student. We provide classes from 3K through 5th grade, including a Dual Language Program from 4K to 5th grade to foster biliteracy. Special Education classes are available to meet the needs of diverse learners, and our small class sizes ensure personalized attention. Students benefit from a variety of specialty classes such as Dance, Art, Music, Media, and Physical Education. We also offer extended learning opportunities, including an ENL afterschool program for English learners, homework help for students in K–5, and a Pre-K afterschool option for working families. Additional academic support includes ELA and Math Academy for grades 3–5, Saturday Academies, early morning drop-off, and afterschool programs led by community-based organizations.

Beyond academics, we offer a vibrant selection of clubs and extracurricular activities. Morning clubs and afterschool options include Dance, Art, Music, Media, Basketball, Soccer, Robotics Club, and Musical Performances such as The Lion King. Students can also join the Dance Team and Robotics Team. Recognition programs celebrate student achievements through Student of the Month awards, Attendance Awards, Parent as Reading Partner

certificates, and positive behavior challenges. Parent engagement is a key part of our community, with events like Coffee with the Principal, Parent and Me activities, school tours, middle school fairs, and weekly parent workshops on topics like ESL, financial literacy, and technology. Our Cookshop Program for 3K–Kindergarten promotes healthy eating, and an annual Art Show showcases student creativity.

Communication with families is ongoing and multifaceted, using tools such as the Principal Newsletter, a monthly calendar, Class Dojo, Google Classroom, Instagram, Facebook, emails, and phone calls. Our school also places a strong emphasis on social-emotional support, with a full-time guidance counselor, psychologist, social worker, and family worker available. The CAM Curriculum helps students manage emotions, and we partner with New York Presbyterian Hospital for additional support. Student voice is valued through the Student Council, where 5th graders represent their peers and contribute ideas.

To foster school spirit, we celebrate monthly School Spirit Days such as Silly Hat Day and PS 128 Day. Special events throughout the year include Girls' and Boys' Sport Days, multicultural assemblies in winter, spring, and summer, and a talent show that highlights students' unique abilities. Health services are available through vision screenings and free dental care provided by Smile NY. Students also enjoy outdoor activities such as daily recess, structured play, and educational field trips aligned with curriculum content.

Our technology resources support modern learning, with devices available for home use, a computer lab with Apple desktops, classroom laptops and iPads, and Promethean Boards. We proudly showcase student artwork on our PS 128 Instagram Art page. Altogether, these offerings reflect our commitment to nurturing well-rounded, confident, and capable students ready to thrive academically, socially, and emotionally.

We also have a School Leadership Team (SLT) consisting of representatives from each constituency, provides guidance and participates in the decision making process. In addition to the SLT, PS 128 has several teams that contribute to instructional plans, assessment decisions,
and various other programs/events that impact students, families and staff. This includes, but is not limited to, horizontal and vertical Teacher Teams, the Cabinet, the Professional Development (PD) Team, the Instructional Leadership Team (ILT), the MOSL Team, the Child Study Team (CST), the Equity Team, the School Implementation Team (SIT), just to name a few. Each team includes representation from different school cohorts such as special education, ELLs, grade leaders, and content specification. Parent outreach focuses on family literacy, health and safety, parenting skills, parent leadership and enhancing their knowledge of community resources. The parent coordinator facilitates all parental involvement components that include participating in the SLT, school events/programs, Parents' Association activities and meetings, the school volunteer program, workshops, school committees as well as adult education classes. There are weekly parent workshops based on a needs' assessment, in addition to those presented by individual grades and/or teachers. The Principal also conducts weekly information sessions with parents and monthly with the Parents Association Executive Board in a continuous effort to keep them informed and obtain their ideas. PS 128M strives for academic excellence and to ensure high quality instruction for all students, especially our English Language Learners (ELLs) and Students with Disabilities (SWD). Clear expectations and academic rigor, aligned to the Next Generation Learning Standards is pivotal in all instructional plans, including a structured literacy program, a Math Action Plan that includes manipulative materials, games, and data driven activities. This includes problem solving processes and application of mathematical concepts to real life situations. Students are also provided with supplemental instruction as part of intervention, based on data analysis. Instructional plans also include the integration of writing, Social Studies and Science, as well as technology. Diagnostic prescriptive instruction based on data analysis is provided to meet our students' needs. All mainstream curriculum and programs are paralleled in Bilingual, Dual Language and Special Education classes. Moreover, all instructional plans are modified throughout the school year based on students' needs and data analysis.

Briefly summarize the key initiatives your school will implement this school year.

One of the elements of the Framework in which we made some improvement is Rigorous Instruction. In order to better serve our students and address their needs, we have modified the structure, the time, components and resources for the English Language Arts (ELA) and Math curriculum. Specifically, for ELA, our students need more support in order to manipulate and comprehend the text as part of this program. Hence, our ELA Plan includes differentiation, independent reading, and vocabulary work, as well as phonemic and phonics activities for the lower grades as needed. Similarly, our Math Plan includes differentiation, structured practice, hands on activities and additional math time. Thus, for the 2025-2026 we will continue revising both the ELA and Math Plans to include additional resources that can better support our children both in person and digitally. Finally, in our effort to integrate academic subjects, we will continue with our hands on STEM science curriculum Amplify. PS 128M has and continues to be focused on providing each child with optimal learning opportunities in order for them to become future contributing citizens. We emphasize creating a warm and motivating culture for all students, staff and parents. This will be reinforced through the Equity team, in order to ensure that all students continue to receive the necessary skills to persevere both academically and emotionally.

We will also continue to use Expeditionary Learning as our literacy curriculum in grades K-5. Year two of our new reading curriculum aims to ensure that every student develops advanced knowledge in literacy skills and we will continue to use Illustrative Mathematics as our math curriculum in grades K-5. The math curriculum aims to ensure that every student develops advanced knowledge in mathematical skills so that they can be college and career ready.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Digital/Print- Expeditionary Learning	Spanish Translation of Slides and Compatable Spanish Books
Math	K-5	Digital/Print- Illustrative Mathematics	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A significant number of students are performing below benchmark in phonics, particularly in decoding, as shown in Acadience K-2 data(2025)	Week decoding skills,Acadience K-2, 2025	Teachers need to consistently implement Tier 1 and Tier 2 interventions. There is an increased need to practice and reinforce foundational skills. There is a lack of differentiation instruction based on student needs.
A significant number of students are performing below benchmark in comprehension, particularly in making inferences and activating prior knowlegde, as shown in Iready 3-5 data(2025)	Low scores on grade level reading comprehension passages, Iready and ELA Practice 2025, for grades 3-5	Lack of adequate vocabulary development and exposure

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48	By June, 2026, literacy for All Students will improve, as measured by a 3% Increase, from 48 to 51, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

K-2 teachers will use Fundations, and Heggerty to help improve phonics skills.
3-5 teachers will use a designated scheduled time for Iready grade level teacher assigned lessons (based on needs) to improve reading comprehension.

Root Cause Addressed:

Lack of knowledge of the sounds associated with letters and letter patterns will result in weak decoding which can contribute to difficulties with fluent word reading, and in turn, often cause problems with comprehension.

Recognizing and decoding words, limited vocabulary, and low interest or motivation in reading can cause comprehension difficulties for students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will use whole class instruction as well as small group instruction to target phonemic awareness, phonics, fluency and vocabulary development needed to advance reading comprehension
Teachers will engage in feedback with students on the length of text passages students are able to read, as a way to build stamina. Teachers will use the new DOE reading curriculum Expeditionary Learning (EL) as well as additional programs such Iready to build phonemic awareness, phonics, and comprehension.
Teachers will analyze data and identify students in need of Tier 2 RTI remediation. Administration and school-based

coaches will support teachers with teaching strategies and provide resources to support struggling learners. After /before school extra help groups will be in place to help support identified struggling readers.
We will initiate a school-wide public library information program to explore opportunities for students to obtain library cards, in order to engage in independent reading and research.
The ELA intervention program will provide 30-minute sessions three times per week to support students' learning needs. To ensure consistency and alignment across grade levels, all grades will follow the same intervention schedule with consistent time slots. Support staff will be strategically assigned to specific classes based on student needs and data, allowing for targeted instruction and effective use of resources. This structured approach promotes collaboration among teachers and support staff while minimizing disruptions to core instructional time.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The primary structures for implementation monitoring include Data Team Meetings, Teacher Teams and Coaching Cycles that are held bi-weekly or monthly to monitor strategy implementation, analyze student work,and adjust instruction accordingly. Evidence collected in these sessions includes common formative assessment results, student work samples, teacher reflections and implementation logs, as well as walkthrough data. Second, instructional walkthroughs and observations are conducted on strategy usage, and instructional quality. These observations utilize rubrics aligned to instructional goals and include notes on specific strategies such as differentiation and academic discourse, along with indicators of student engagement and immediate feedback for

teachers.

Another critical structure is the use of implementation rubrics or checklists, typically completed by instructional coaches, administrators, or grade-level leaders. These tools help monitor the fidelity of program or instructional model implementation by assessing consistency in strategy application, incorporating both teacher self-assessments and coach evaluations, and identifying needed supports. Additionally, student assessment data plays a vital role. This includes benchmark and interim assessments such as iReady, or Acadience, and summative state tests. These assessments help measure the impact of instruction on student learning through growth and proficiency trends, subgroup performance, and item analysis aligned to targeted standards.

Progress Checks will be conducted for The IReady ELA in November, February and June to progress monitor student learning.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent Workshops	N/A
09/04/2025	06/26/2026	Parent Workshops	N/A

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A significant number of students are displaying disruptive behavior as shown in OORS data 2026	Some students may struggle with developmental delays, learning disabilities, or mental health challenges such as anxiety or trauma.	A critical need is ensuring students feel safe and emotionally secure. Children must trust that their classroom is a predictable, stable place where they will not be embarrassed, threatened, or harmed. This involves establishing clear and consistent routines, implementing trauma-informed practices, and providing calming strategies or spaces where students can regulate their emotions when overwhelmed.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	10	By June 2026, 100% of students will participate in structured student-to-student coaching and restorative group discussions at least twice per month to strengthen peer relationships, conflict resolution skills, and emotional regulation. As a result, the school will reduce student conflict incidents and improve student reports of feeling physically and emotionally safe by at least 10%, as measured by behavior logs, restorative meeting records, and student climate survey data..

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

All staff will participate in the Respect for All: Preventing and Addressing Student-to-Student Discrimination, Sexual and Other Harassment, Intimidation, and Bullying PD.

Root Cause Addressed:

Difficulty in core subject areas such as reading/ math and/or difficulty at home due to death, divorce, or some other trauma.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement bi-monthly restorative circles or group talks in each classroom.
Train students in peer coaching strategies such as active listening, empathy, and respectful communication.
Use restorative practices to address conflicts and repair relationships.
Track participation and outcomes through behavior logs and restorative practice documentation.
Review data quarterly to adjust supports and ensure progress toward improved safety.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The school will monitor the implementation of student-to-student coaching and restorative group talks through ongoing collaborative structures and data review cycles. Grade-level teams, the school leadership team, and support staff will review implementation during monthly data meetings and professional learning communities (PLCs). During these meetings, staff will analyze behavioral, social-emotional, and climate data to determine the effectiveness of restorative practices and peer coaching strategies.

Evidence collected will include behavior incident reports, restorative circle and conference logs, student reflection forms, and teacher observation notes documenting student participation in peer coaching and restorative discussions. The school will also review student climate survey results, including measures of physical and emotional safety and sense of belonging. Attendance data and patterns in classroom disruptions will be examined to determine whether improved peer relationships are contributing to a more positive learning environment.

Teachers and support staff will use this data to adjust instructional and social-emotional supports, reinforce positive peer interactions, and provide targeted interventions for students who need additional guidance in conflict resolution and emotional regulation. The leadership team will conduct quarterly reviews of the collected evidence to assess progress toward the CEP goal and to determine the impact of restorative practices and peer coaching on student learning, engagement, and overall school climate.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	09/26/2026	Parent Workshops	N/A

Priority 2 Budget and Resources

Budget and Resources

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A significant number of students are performing below benchmark in Computational Skills, particularly in	One factor is a lack of foundational number sense. Many students struggle with division because they have not yet mastered multiplication facts or do not fully understand place value and grouping, all of which are essential for successful division. Additionally, there is often an overreliance on memorizing procedures without a deep conceptual understanding of what division represents.	Our priority need based on the i-Ready 2025 data is to strengthen students' foundational understanding and fluency in division, with a focus on building conceptual understanding and number sense. This includes ensuring that students have a solid grasp of multiplication facts, place value, and the meaning of division as equal grouping or partitioning. Without this foundation, students struggle to apply division in

division as shown in Iready 3-5 data (2025)	Without the use of visual models or hands-on tools, students may fail to grasp important concepts such as sharing, grouping, or interpreting remainders.	both computation and problem-solving contexts. Addressing this need is essential to improving overall computational skills and helping students meet grade-level benchmarks.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	41	P.S. 128 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 3% from 41 to 44, for All Students, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Math games, projects and real-life problems (budgeting, sports stats, etc.) will be used to help motivate students.

Root Cause Addressed:

Lack of basic computational skills, which is an obstruction in completing complex mathematical operations such as multiplication, division, fractions, and geometry. Students need to build automaticity, and accuracy in their Mathematical skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All teachers will participate in IM Certified Professional Learning that will guide teachers through instructional and practice shifts to provide long-term, sustainable support for improving instruction and boosting student achievement.
All teachers will plan and implement differentiated instruction and tasks to address student needs, including advanced learners.
Teachers will revise instruction based on data analysis that will include a weekly 60 minute session of IReady in order to determine growth and modify instructional moves.
The math intervention program will provide 30-minute sessions three times per week to support students' learning needs. To ensure consistency and alignment across grade levels, all grades will follow the same intervention

schedule with consistent time slots. Support staff will be strategically assigned to specific classes based on student needs and data, allowing for targeted instruction and effective use of resources. This structured approach promotes collaboration among teachers and support staff while minimizing disruptions to core instructional time.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The primary structures for implementation monitoring include Data Team Meetings, Teacher Teams and Coaching Cycles that are held bi-weekly or monthly to monitor strategy implementation, analyze student work,and adjust instruction accordingly. Evidence collected in these sessions includes common formative assessment results, student work samples, teacher reflections and implementation logs, as well as walkthrough data. Second, instructional walkthroughs and observations are conducted on strategy usage, and instructional quality. These observations utilize rubrics aligned to instructional goals and include notes on specific strategies such as differentiation and academic discourse, along with indicators of student engagement and immediate feedback for teachers.

Another critical structure is the use of implementation rubrics or checklists, typically completed by instructional coaches, administrators, or grade-level leaders. These tools help monitor the fidelity of program or instructional model implementation by assessing consistency in strategy application, incorporating both teacher self-assessments and coach evaluations, and identifying needed supports. Additionally, student assessment data plays a vital role. This includes benchmark and interim assessments such as iReady, and summative state tests. These

assessments help measure the impact of instruction on student learning through growth and proficiency trends, subgroup performance, and item analysis aligned to targeted standards.

Progress Checks will be conducted in IReady Math in November, February and June to progress monitor student learning.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Save for College Program	Lack of understanding on how important it is to start college preparation in elementary school	A priority need for college and career readiness, is building early financial awareness and planning to support postsecondary goals.

Report April 2025		
Save for College Program Report April 2025	Mistrust or Misunderstanding: Concerns over eligibility, fees, or government involvement deter some.	Establishing a savings account not only helps families prepare for the costs of college or career training but also teaches students the importance of budgeting, goal setting, and financial responsibility.
Save for College Program Report April 2025	Accessibility Issues: Language barriers, digital divides, and complex sign-up processes reduce participation.	Parents need to lay a strong foundation for their child's future academic and career success.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	354 students	P.S.128 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 46 students from 354 students to 400 students as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs

NYC School Survey 2024	Due to remote PTC in the past few years' parents don't feel as welcomed in the child's school	We need to increase the rate of parents answering favorably on the parent survey questions about "parent involvement in school and in their child's learning" on the NYC School Survey by creating more opportunities for parents to engage in their child's school.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	65%	P.S.128 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/ families indicating that they are satisfied with the education their child is receiving will Increase by 10% from 65% to 75% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

NYC School Survey

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase in school events for parents

Root Cause Addressed:

Parents not answering favorably on the on the NYC School Survey questions about "parent involvement in school and in their child's learning"

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Coffee with the Principal will be hosted for all parents'
School assemblies will be hosted for all grades and parents will be invited
There will be a Seasonal School wide Extravagances after school for all families
There will be a Meet and Greet for new families
Friendsgiving Luncheon, Tea Party with Arts and crafts, Gingerbread Making etc. will be hosted for families.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will review the progress of outreach strategies, troubleshoot barriers, and adjust action plans monthly to ensure parent participation in school events.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Cricut Classes, Cookshop, and Computer Literacy classes will be provided	Parents Association
09/04/2025	06/26/2026	STEM at Home, NYS ELA & Math Test Workshops will be provided	N/A

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Poor attendance rate in ATS 2024- 2025	Lack of parent/student understanding of the connection between excellent attendance and academic success	Attendance

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 3%, from 36% to 33%, as measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The AP will monitor and run attendance reports and have bi-weekly meetings with the attendance team on how to better support our cronically absent students.

Root Cause Addressed:

Lack of parent/ student understanding the connection between excellent attendance and academic success

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review student attendance reports at bi-weekly meetings to identify any chronic absences and plan for family outreach
Create a plan that assigns a child in need of attendance support to every adult in the schools building. The mentor will check in on the student at least once a week and will support the child academically and emotionally to help improve attendance.
Create art and sport clubs before and after school as incentives for students to want to come to school on time on daily.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The AP will monitor and run attendance reports and have monthly meetings with the attendance team on how to better support our chronically absent students.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Conflict of Service IEP's 2024	Lack of Service Providers (Speech)	IEP Development and Fidelity of Implementation
Age 12+ Interview IEP 2024	Case Manager Oversite	Transition Planning and Compliance
Child Study Team (CST) 2024	Consent for Evaluation	Referral Process and Equity

	from Parents	
School Implementation Team (SIT)	Focus on prevention	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	85%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Timeliness of IEP completion by a 5% Increase, from 85% to 90%, as measured by Sesis Status of Annual Reviews Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

A new digital compliance calendar will be created on google drive so that it can be shared with all providers so that meetings are done in a timely manner. Notices of IEP annual review meetings will go out 2-3 weeks prior to set meeting date to ensure compliance with IEP dates.

Root Cause Addressed:

Annual IEP's not done on time

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Discuss and look at data during grade meetings to ensure that students have access to the General education curriculum with modifications and accommodations based on their needs and disability.
Monitor student progress and develop appropriate SMART goal and objectives that are rigorous and standard based.
Child Study Team((CST) will meet bi-weekly to monitor student referrals and ensure that intervention services have been provided before they are processed for Special Education evaluations.
All legal guardians and appropriate agencies will be notified and/or invited prior to the meeting dates when applicable.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use a digital calendar for all IEP meetings with automated reminders. Timeline expectations will be given to all members, including special education staff, general educators, parents, and administrators. The IEP Coordinator will be responsible for monitoring IEP meeting schedules and following up on any delays. Biweekly team meetings will be conducted to review the status of upcoming and overdue IEP meetings.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Involve parents throughout the year in the process of determining goals, and progress monitoring as well as presenting current data and how data is tracked.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students who are identified as at-risk based on Universal Screener and/or students who have not made progress in Tier 1 after 6-8 weeks	IReady ELA/ Math	One on one and small group	During school/ Before School/After School	Yes
Tier 2	Students who are identified as at-risk based on Universal Screener and/or students who have not made progress in Tier 1 after 6-8 weeks	Phonics to Reading	Small Group	During School	No
Tier 3	Students who are identified as at-risk based on Universal Screener and/or students who have not made progress in Tier 1 after 6-8 weeks	Reading Rescue	One to one	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Child Study Team Recommendation	At Risk Counseling	One to one and small group	During School	No
Tier 3	Students in Temporary Housing	Champion Program	One on One	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The essential components of Multi-Tiered Systems of Support (MTSS) are shared with families through parent meetings, workshops, and individual parent teacher meetings to ensure that they are well-informed and actively involved in their child's educational. These components generally include academic support, behavioral interventions, and social-emotional learning.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive updates on the progress of their children who are receiving Tier 2 (targeted) or Tier 3 (intensive) interventions through Progress reports, Individualized Educational Plans, PTC, phone calls, texts, emails, letters, and class Dojo to ensure communication is clear, consistent, and collaborative.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

In Tier 3 interventions, parents play a critical and active role in the decision-making process regarding their child's progress. Parents are invited to meetings and conferences with the teacher as well as the Special Education Team to participate in the decision-making process. These interventions are the most intensive and are tailored to meet the needs of students who have not responded adequately to the interventions provided in Tiers 1 and 2. The involvement of families is essential for ensuring that the intervention is effective and that the child receives the support they need across all environments.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

97

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Students in temporary housing often face challenges getting to school on time, including long commutes, which can lead to lateness and school exhaustion. Metro cards and alternative transportation can be offered to STH to help with commuting.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

In an effort to better support students, as indicated in the school's Vision, we will continue with our Champion Program. Through this program, we will mentor students that need someone they could depend on at school. Staff members participating in the Champion Program will meet once a week with the student for at least 10 sessions. Staff members will keep track of the student's academic growth as well as their social and emotional well being in

order to ensure school success. If concerns about a particular student develop, staff members will report it immediately to the Child Study Team for next steps. In addition, staff members will check in periodically with previous students from the program to make sure they are adapting well to the current school year.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of the 2024–25 school year, we have 6 students in foster care, representing less than 1% of the total student population. We have a designated liaison, our guidance counselor responsible for assisting foster students with enrollment, transportation, and connecting to educational resources.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

We have a designated liaison, our guidance counselor responsible for assisting foster students with enrollment, transportation, and connecting to educational resources.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

The biggest trend we notice is that foster students are significantly more likely to be chronically absent than their peers. Our guidance counselor as well as our attendance team provide support and strategies to help improve student attendance.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these

strategies help address academic and behavioral challenges?

Our guidance counselor is responsible for assisting foster students with counseling, and connecting them to educational resources. She also provides Regular Check-ins, Individual Learning Plans, Crisis Response Support, and Transition Planning to help students in foster care prepare for Middle school.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS128M, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 128M will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and

ongoing professional
learning, especially in developing leadership skills;
• maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent
Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who
attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator
will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
• conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level
curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents'
capacity to help their children at home;
• provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student
proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
• host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about
the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements
under Title I, Part A, Section 1116 and other applicable sections under ESSA;
• schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share
information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
• translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
• hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
• encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title
I Parent Advisory Council;
• supporting or hosting Family Day events;
• establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
• encouraging more parents to become trained school volunteers;
• providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
• developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and
student progress;
• providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent
practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 128M, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA)

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and

other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each
year

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking
parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom
activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and
guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by
providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school
community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and
the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I
requirement for Every Student Succeeds Act (ESSA) and Title I programs

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to
inform the school when my child is absent
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;

- check and assist my child in completing homework tasks, when necessary
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family
  time
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits
- participate, as appropriate, in the decisions relating to my child's education
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and
  responding to all notices received from the school or district
- respond to surveys, feedback forms and notices when requested
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this
  Compact
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about
  teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title
  I Parent Advisory Council, School or District Leadership Teams
- share responsibility for the improved academic achievement of my child

III. Student Responsibilities

- attend school regularly and arrive on time
- complete my homework and submit all assignments on time
- follow the school rules and be responsible for my actions
- show respect for myself, other people and property
- try to resolve disagreements or conflicts peacefully
- always try my best to learn

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers work in collaborative planning teams to discuss standards-based learning expectations for students. These teams select evidence-based instructional strategies for meeting the standards. Teams develop common lessons to incorporate select strategies that best support students. Teachers implement the planned lesson, and gather evidence of student challenges and learning to improve instruction. Teams review student work and discuss student understanding of the standards. Teams reflect on the implications of the analysis of student work and discuss potential modifications to instructional strategies.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Preschool teachers work very hard to prepare the children in their classrooms to be ready for kindergarten. In order to help students, preschool teachers visit kindergarten classes, and other rooms in the school, to help them understand how to navigate the building. They also share read alouds, and videos to help them understand kindergarten expectations.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	357,864	x	Educational Programs for Students
Title I, School Improvement 1003(a)	Federal	N/A	x	N/A
Title II, Part A	Federal	75,113	x	Reducing Class Size
Title III, Part A	Federal	13,840	x	ENL Program Teachers
Title III, Immigrant	Federal	N/A	x	N/A
Title IV, Part A	Federal	0	x	Technology, Professional Development

Tax Levy (Fair Student Funding)	Federal	3,623,531	x	Teacher Salaries, Student Programs

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Cary Pantaleon
Assistant Principal (Where Applicable)*	Yvette Corporan
English as a New Language (ENL) Teacher*	Courtney McNamara
Teacher (if school has a bilingual program must be a bilingual teacher)*	Solangel Pimentel
Parent/Guardian*	Lorena Bravo
Teacher	Heriberta Osoria
Parent Coordinator	Kenya Amparo
School Counselor	Lolita Bitanga
Related-Service Provider	N/A
Other (Name and Title)	N/A
Other (Name and Title)	N/A

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

11

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

385

Total number and percentage (%) of current ELLs:

126= 32.7%

Total number and percentage (%) of former ELLs:

16 = 4.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

109 = 86.5

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

17 = 13.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3=2.4%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

40 = 31.7

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	SC	Spanish					.33	.33	.33								0.99
TBE	SC	Spanish		.33	.33	.33											0.99
TBE	N/A	N/A															0
DLBE	GE	Spanish		2	2	1	1	2	2								10
DLBE	N/A	N/A															0
DLBE	N/A	N/A															0

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our Stand-Alone ENL Program is a pull-out program with homogenous grouping with groups based on grade level, some groups containing two consecutive grade levels. It is provided in English by the certified ENL teacher, Ms. McNamara, and focuses on English language acquisition. Ms. McNamara uses Stand-Alone ENL instruction as a pull-out program to improve English language skills. The curriculum used includes NYSESLAT Prep, the DOE ENL Standalone units, and Ms. McNamara also coordinates assignments with classroom teachers to better assist students. Ms. McNamara will continue to incorporate language objectives in all lessons and provide instructional support for language development.

Integrated ENL:

The Integrated ENL instruction involves building English language skills through content area instruction with heterogeneous groups based on grade level. This instruction will be delivered by either a dually certified teacher (ENL and a content area) or by a certified ENL teacher together with a certified content area teacher. The teachers involved in this program include Ms. McNamara (the certified ENL teacher) provides services for children in grades K-5, collaborating with classroom teachers in each grade. Both methods of integrated ENL instruction will incorporate content area subject matter and English language development using ENL strategies. All English Language Learners (ELLs) and former ELLs up to 2 years after exiting ELL status will receive the mandated number of units of integrated ENL.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

In the Transitional Bilingual program English/ Spanish, students are grouped homogenously based on the students' language proficiency according to the NYSESLAT. Students who scored at the Entering and Emerging level receive literacy, math, and science instruction in Spanish, while Social Studies is taught in English using ESL methodology. Moreover, students at the Transitioning and Expanding level receive literacy and Social Studies instruction in English using ESL methodology whereas, Math and Science are taught in Spanish to support home language development. Ms. Fernandez teaches grades k-2, Ms. Santos teaches grade 3-5, both of whom are dually certified in bilingual and special education.

Dual Language Bilingual Education (DLBE):

For the Dual Language Bilingual Education program, we will continue to follow a 50/50 model with alternating days English/ Spanish; students are grouped homogenously based on the students' language proficiency according to the NYSESLAT. In grades K-5, the Dual Language Bilingual Education classes are self-contained with a Bilingual Certified teacher teaching both languages on alternating days. The teacher uses ENL strategies and provides all content in the DLBE class. Teachers will use Expeditionary Learning (EL) for ELA instruction. Illustrative Mathematics in both English and Spanish for math instruction and Amplify Science and Civics Passport for Social Studies. Dual language teachers are as follows: Kindergarten - Ms. Johnson, and Ms.Troncoso KIndergarten - Ms. Guzman and Ms. Aybar, Second Grade- Ms. Machuca , Third Grade- Mr. Maurtua , Fourth Grade - Ms. Rodriquez and Ms. Garcia, Fifth Grade- Ms. Carasco and Ms.Osoria.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

In order to ensure that the mandated number of instructional minutes are provided, the ENL teacher, Ms. McNamara, and the AP, Ms. Corporan determined and create a schedule based on students' NYSESLAT proficiency levels which are taken from the RLAT at the end of August. The ELL Supervisor (Ms. Corporan) monitors that each ELL student receives the mandated minutes of ENL instruction, keeping track of new ELLs as they are screened and tested. In addition, the classroom teachers are provided with student lists indicating the required ENL minutes along with a schedule of services. The schedule includes the time and frequency of services. Due to the collaborative nature of our school, our classroom teachers and ENL teacher work together to make sure that all students receive the mandated services. The certified ENL teacher (Ms. McNamara) will use the stand-alone (pull-out) and integrated (push-in) model of ENL instruction to service ELLs in mainstream classes in accordance to their language proficiency and the required units of support. In the integrated model the ENL teachers provide the services co-teaching and co-planning with the mainstream teacher where the lesson is scaffolded to develop language proficiency. In the stand-alone model, the ENL teacher provides ENL services to students that are based on NYSESLAT levels and by grade regardless of class. Entering (Beginning) and Emerging (Low intermediate) level students will receive 360 minutes of ENL per week and Transitioning (Intermediate), Expanding (Advanced) level students will receive 180 minutes of ENL per week. For Entering and Emerging students, 180 of the minutes are stand-alone, with the rest being integrated with Ms. McNamara pushing into classrooms as needed. Explicit ENL instruction is facilitated through content area teaching. For students in bilingual classes, both DL and TBE, all mandated minutes are provided by the corresponding classroom teachers. Stand-alone ENL minutes are met through small group instruction. Professional development is provided to enhance the teachers' best practices in second language acquisition methodology including scaffolding instruction.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the ENL pull-out model, students receive ELA instruction in small groups outside of their regular classroom with support in HL provided by the ENL teacher. ELA instructional minutes are dedicated to supporting English language acquisition. ELA instruction is provided for at least 3 periods a day, with the ENL teacher (Ms. McNamara) integrating minutes during these periods.

In Dual Language, HLA instructional minutes are delivered through a balanced approach that promotes bilingualism and biliteracy. Students receive instruction in both their home language and English, we will continue to follow a 50/50 model with alternating days English/ Spanish. HLA instruction will continue to focus on developing literacy skills, including reading, writing, speaking, and listening, in the home language. ELA instruction is provided for 3 periods a day on English days, and HLA for 3 periods a day on Spanish days.

In the Transitional Bilingual program HLA instruction is provided to students while gradually transitioning them to English-only instruction. HLA instructional minutes are gradually reduced as students become more proficient in English. In the early stages, students may receive 80% of instructional minutes in their home language and 20% in English. As students progress, the ratio shifts to 50% HLA instruction and 50% English instruction. HLA instruction focuses on developing literacy skills in the home language while also building English language proficiency.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

For the Dual Language program we will continue to follow a one-way 50/50 model with alternating days English/ Spanish. In grades K-5, the Dual Language classes are self-contained with a Bilingual Certified teacher teaching both languages on alternating days. The teacher uses ENL strategies and provides the core content in the DL class. The students will continue to receive instruction from their Bilingual Certified teacher in both English and Spanish. The students will continue to learn the two languages simultaneously. Teachers will use Expeditionary Learning in English for ELA instruction and Civics Passport Social Studies. Illustrative Math in both English and Spanish for math instruction and Amplify Science in English and Spanish for Science instruction.

b. In which language(s) is each core content area taught?

The students will continue to receive instruction from their Bilingual Certified teacher in both English and Spanish. The students will continue to learn the two languages simultaneously. Teachers will use Expeditionary Learning (EL) for ELA instruction and Civics Passport Social Studies in English. Illustrative Math in both English and Spanish for math instruction and Amplify Science in English and Spanish for Science instruction.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

The Transitional Bilingual program, English/ Spanish is tailored based on the students' language proficiency according to the NYSESLAT. Students who scored at the Entering and Emerging level receive literacy, math, and science instruction in Spanish, while Social Studies is taught in English using ENL methodology. Moreover, students at the Transitioning and Expanding level receive literacy and Social Studies instruction in English using ENL methodology whereas, Math and Science is taught in Spanish to support home language development.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

In our school, the Spanish-speaking ELL subgroup consists of students who primarily speak Spanish at home and have varying levels of English proficiency. These students may come from countries such as the Dominican Republic, Mexico, and Colombia. Currently, we have 32.7% ELLs, 4.2% former ELLs, less than 1.6% ever ELLs, and 61.6% never ELLs. We receive very few SIFE students at the elementary level, 0.8%. Most Newcomers enter dual language bilingual education classrooms, which is an effective service, and they receive small-group home language support daily. In the 2024-2025 school year, we had 86.5% of Newcomer ELL students, representing a 3.2% decrease from the 2023-2024 school year.

Effective instruction for Newcomers who are newly arrived and often at the earliest stages of English proficiency differs significantly from instruction provided to Developing English Language Learners (ELLs), who have acquired some foundational language skills and are building toward proficiency. Instruction for Newcomers typically emphasizes survival English, basic vocabulary, and the development of essential communication skills needed for immediate participation in school and daily life. It incorporates visuals, gestures, real-life objects, and highly scaffolded activities to make content comprehensible. Teachers provide extensive language modeling and opportunities for listening and speaking in a low-pressure environment to build confidence. In contrast, instruction for Developing ELLs can move beyond basic language acquisition to focus more heavily on academic vocabulary, reading comprehension, writing structure, and content-specific language across subjects. These learners benefit from targeted support that builds on their existing English foundation, with strategies like sentence frames, guided reading, and structured writing tasks. While both groups need language-rich, supportive environments, the key difference lies in the level of linguistic scaffolding and the balance between basic communication skills and academic language development. Effective instruction for ELLs is determined by how well teaching is aligned with their language proficiency, cultural/linguistic backgrounds, and academic needs, while providing scaffolds and ongoing assessment to support both language and content learning.

At this time we do not have any long term ELLs, however teacher team discussions are facilitated to identify these ELLs when necessary and their qualitative and quantitative data is looked at to determine where these students need the most support and implement a research-based, grade level standards-aligned strategy. Monitor for progress and adjust the strategy/support based on student performance.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We receive very few SIFE students at the elementary level. Most Newcomers enter dual language bilingual education classrooms which is an effective service and they receive small group home language support on a daily basis. In the 2023-2024 school year, there were two SIFE students enrolled. However, in the 2024-2025 school year, we had 3 SIFE students, bringing the overall percentage to 2.4%. These students are enrolled in dual language classes, receiving home language support in small groups on a daily basis. Small group supports include graphic organizers and visuals for vocabulary. The support is given both in the classroom by their teacher as well as through after school Title III programming and Saturday Academy. Effective instruction is determined by classroom observations, formative assessments and quick checks, to help determine next steps. Instruction is adjusted based on continuous monitoring of both content mastery and language growth.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At this time we do not have any long term ELLs, however teacher team discussions are facilitated to identify these ELLs when necessary and their qualitative and quantitative data is looked at to determine where these students need the most support and implement a research-based, grade level standards-aligned strategy. Monitor for progress and adjust the strategy/support based on student performance.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

In the 2023-2024 school year, we had 3.7% Former ELLS, which increased by 0.5% to 4.2% in the 2024-2025 school year. Former ELLs are provided with support in various ways. Former ELLs in dual language classrooms continue to receive consistent support in their home language of Spanish. Former ELLs in monolingual settings are provided with appropriate, scaffolded support in the classroom from the ENL teacher. Former ELLs are also eligible for testing accommodations for two years after testing out of the NYSESLAT. Former Ell's are provided with integrated ENL services by the ENL teacher for two years after passing the NYSESLAT.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk indicators impacting the greatest number of ELLs at PS 128 are: Newcomer ELLs with less than 3 years of ELL services (86.5%), ELLs in Temporary Housing (40.5%), and ELLs not demonstrating sufficient ELP progress (33.5%). When comparing the data to the one from the previous school year, we can say: 1) the number of Newcomer ELLs at PS 128 has decreased by 2.5 percentage points from 89% to 86.5%) The number of ELLs in Temporary Housing has increased by 6.6 percentage points, from 33.9% to 40.5%. The percentage of ELLs not demonstrating sufficient ELP progress decreased from 35% to 33.5 from 2023-2024 to this year, 2024-2025. Additionally, other at-risk levels to consider are that 22.2% of ELLs scored a 1 or 2 on the Math exam which was a 6.9% increase from the previous school year. 18.3% of ELLs scored a 1 or 2 on the ELA exam, which was a 5.3% increase from the previous school year.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk indicators impacting the greatest number of former ELLs at PS 128 are: Former ELLs in Temporary Housing (18.8%), and Former ELLs who scored a 1 or 2 on the Math Exam (12.5%). When comparing the data to the one from the previous school year, we notice the number of Former ELLs in Temporary Housing has decreased by 16.9 percentage points, from 35.7% to 18.8%. Additionally, there was a 5.6% increase of Former ELLs who scored a 1 or 2 on the Math Exam from 7.1% in 2023 to 12.5% in 2024.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Over the past few years, Spanish has consistently been the predominant language among our students. We do, however, have one French-speaking student who has been with us for the past three years. She is currently in fifth grade and will be graduating this year. Her enrollment slightly shifted the overall language percentages to 99.2% Spanish and 0.8% French.

At our school, communication and learning are supported through bilingual staff, translators, and family liaisons who help bridge language barriers. Structures such as bilingual programs, ENL support, and small-group instruction promote both English proficiency and home language development. Additionally, the school implements processes like multilingual family workshops, translated communications, and culturally responsive classroom practices to ensure families feel valued and engaged. These combined efforts create a learning environment that honors and integrates the diverse home languages represented in our school community.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Our ELLs are predominantly Hispanic (82%), 9.0% Hispanic Black, 5.7% Multiracial Hispanic and 2.5% Hispanic white. We support all our families according to how they identify racially. We use information from the ELL Data Analysis Tool (EDAT) to help us support our families diversities. ELLs are included through welcoming environments in all settings, an inclusive curriculum including culturally responsive texts, and rigorous instruction no matter the level of the ELL.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Overall, students who met ELP progress this year decreased from 41.8% in 2023 to 39.1% in 2024, demonstrating a 2.8% decrease. There was a 1.8 increase from 12.7% in 2024 to 14.5% in 2024 of students who met ELP progress by exiting ELL status. In 2024, 20.3% students met the annual progress target, from 2.4% in 202. There were no students who met safe harbor cumulative growth in 2023, and 4.3% met ELP progress this way in 2024. Overall, there was a 22.8% decrease in students who did not meet ELP progress from 81% in 2023 to 58.2% in 2024.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The % of students exiting their ELL status was 0.79% of ELLs on the 2024 NYSESLAT, representing 10 students who exited ELL status. Additionally, emerging level ELLs and entering level ELLs continue to be the groups with the highest and the lowest representation in our school, respectively.

2024 NYSESLAT results indicate that 12.5% (3) of the expanding level ELLs were between 1 to 10 points away from scoring commanding while 41.6% (10) were less than 20 points away from scoring commanding and exiting their ELL status. These are the students that are closer to reaching English proficiency and exit their ELL status.

Additionally, 34.7% (8) of the ELL students who scored at the transitioning level were 10 or less points away from scoring expanding.

Based on the 2024 NYSESLAT results, 41.5% of the ELLs in our school scored HIGH (90% or more questions correctly) in the speaking modality. This is four times the % of ELLs scoring HIGH in listening (10.8%), four times the % of ELLs scoring HIGH in reading (9.9%) and more than ten times the % of ELLs scoring HIGH in writing (2.9%).

Not only fewer ELLs scored HIGH in writing, but also a significant number of them are scoring LOW (15% or less questions accurately) in this modality. As per 2024 NYSESLAT results, 32 (31.6%) ELLs in our school scored LOW in writing. This means that one third of our ELLs are really struggling with writing.

Upon reviewing the trends from the NYSESLAT 2023 & 2024 we notice that our students show strength in the Speaking and Listening modalities but continue to struggle with the Reading and writing modalities. 42% of all ELLs scored “high” on the Speaking Modality, which showed an increase of 11% from 33% scoring “high” on the 2023 NYSESLAT. However, in 2024 30% of all ELLs scored low on the writing modality, which represented a 1% increase from 2023 (29%).

8. What is the relationship between students’ performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Looking at the ELA assessment, on the 2024 exams, 91.6% of ELLs scored either a 1 or a 2 on the ELA exam, which increased from 83.3% of ELLs scoring a 1 or 2 in the 2023 exam year. The Math assessment saw a similar trend with 84.8% of ELLs scoring a 1 or 2 on the 2024 math assessment and 91.7% scoring a 1 or 2 on the 2023 Math assessment. There were only 2 ELLs that scored a 3 on the 2024 ELA assessment and all of these ELLs scored Commanding on the NYSESLAT. There were 5 ELLs that scored a 3 on the 2024 Math assessment and these were represented by 1 Commanding NYSESLAT score and 4 Expanding. Similarly on the 2023 ELA exam, there was 1 ELL that scored a 3 on the 2023 ELA assessment and these were represented by 1 Commanding NYSESLAT score. On the Math assessment in 2023, 2 ELLS scored a 3, and both received Expanding on the 2023 NYSESLAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We currently have 3 SIFE students, however, when looking at the ELLs with IEPs in the 2023 NYSESLAT results, we see 12.9% scoring Entering, 29% scoring Emerging, 32% scoring Transitioning, 22.5% scoring Expanding and 1 ELL student with an IEP (3%) scoring Commanding. In 2024, there was no increase in ELLs with IEPs, Entering remained the same at was 12.9%, there was a 6.4% increase in Emerging ELLs with IEPS (35.4%), and 32% of ELLs with IEPs scoring Transitioning (same as 2023). We did have 16% of ELLs scoring Expanding in 2024 which represented a 6.5% decrease.

Several factors may be impacting the NYSESLAT results for these subgroups of ELLs with IEPs. For the SIFE students, gaps in prior formal education can limit their foundational literacy and language skills, making it more challenging to progress quickly in English proficiency. The stability in the Entering and Transitioning categories suggests that some students may not be receiving sufficient targeted language support or differentiated instruction to move to higher proficiency levels. The increase in Emerging students alongside the decrease in Expanding students could indicate that while more students are acquiring basic language skills, they may not yet have the academic language or scaffolding needed to advance to more complex English use. Additional factors could include inconsistencies in access to specialized instruction, limited exposure to rigorous grade-level content in English, and potential gaps in alignment between IEP goals and ELL support. Finally, school structures, classroom strategies, and home language support may also play a role in either accelerating or slowing progress within these subgroups.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At our school, we are committed to providing English Language Learners (ELLs) with a high-quality academic experience that promotes deeper learning. We understand the unique needs of ELLs and have implemented various strategies to ensure their success. We offer specialized instructional programs specifically designed to meet the needs of ELLs. These programs focus on English language development as well as academic content. Students receive additional support in language learning and are provided with strategies and resources to enhance their oral and written comprehension and expression. Our teaching staff is trained in effectively instructing ELLs and is dedicated to providing them with a quality educational experience. Teachers utilize pedagogical strategies that encourage active and participatory learning, adapting their teaching to meet the individual needs of each student. The coaches provide resources
and support for teachers that help improve teaching and learning based on data. Learning lab sites, inter classroom visitations and model lessons are also provided. The administration plans for teachers to attend outside professional development and turnkey the information to the cabinet, and grade level teams. We foster an inclusive and respectful environment where all students, including ELLs, feel valued and supported. We promote cultural and linguistic diversity and encourage students to share their experiences and knowledge with their peers. This creates an environment in which ELLs feel safe to actively participate in learning and develop their confidence in using the English language. We provide ELLs with resources and materials that are suitable for their learning needs. This includes books and materials at various difficulty levels, interactive digital tools, and audiovisual resources. These resources help students develop their reading, writing, listening, and speaking skills in English. We utilize formative assessment to monitor the progress of ELLs and provide ongoing feedback. Teachers regularly assess students' language and academic skills through classroom projects and assessments as well as IReady, and use this information to adapt their teaching and provide additional support when needed. Additionally, we provide opportunities for students to self-assess their own learning and set goals for their development.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team considers MLs/ELLs in the school Instructional Design by looking at the cohorts' data on a regular basis. This data includes but not limited to I-READY Benchmark assessments three times a year to assess students' literacy skills. The team provides resources and support for teachers that help improve teaching and learning based on data. The team plans learning lab sites, inter-classroom visitations and model lessons. The Instructional Team also plans for teacher to attend outside professional development and turnkey the information to the administrative, cabinet, and grade level teams. The Instructional Leadership Team also promotes the view of home and community dialects, and languages and cultures as assets within the instructional core.

Professional learning that affects MLs/ELLs is tiered and modified to address teacher needs based on trends and observational feedback and NYC DOE recommendations. Examples of these sessions and targeted topics are the Advanced Literacy Hallmarks, Use of High Utility Words, Extended Writing & Student Discussion. Once a month, teacher teams meet with their respective cohorts in vertical teams to conduct similar work, ELL Cohort (11 bilingual certified teachers and one TESOL), Special Education Cohort, and the Lead Teacher Cohort.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the Dual Language program, core content is delivered in a 50/50 model with alternating Spanish and English instructional days. This model fosters development in each language, with lessons designed with both instructional and language objectives in mind.
In the ENL model, the integrated and stand-alone models are implemented as needed based on the students' English proficiency levels. The integrated model ensures MLLs have equitable support to master core content while incorporating appropriate language objectives. The stand-alone model allows lower level ELLs to access language and core content objectives in a small group setting. In both models the ENL teacher and the classroom teachers collaborate to ensure the MLLs instruction is well-planned and coherent.
There is also a TBE model used in self-contained special education classrooms. In this model, the students receive instructional support in Spanish from bilingual teachers. There is also home language support provided by para professionals in the classroom. This model effectively fosters both Spanish and English language development, as well as helping students achieve IEP goals.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

This ELL subgroup is supported through consistent communication and collaboration with all service providers and teachers which include classroom teachers, special education teachers, and the ENL teacher. All teachers work together to analyze the students grade level academic goals and carefully plan as a team to help the students achieve these goals with language support. Knowing your students level of language proficiency in both their native language, as well as the new language being learned, is the first step in understanding where to start with a child who has been identified with a disability. However, the same premise that applies to all students learning in a second language applies to students with disabilities. All students must have opportunities to practice using the language in context with appropriate support in various modalities.
Teachers and teacher teams develop and maintain a comprehensive learning profile that aligns with a student's IEP by collaborating regularly to gather and analyze information about the student's strengths, needs, goals, and

accommodations. This process begins with a thorough review of the IEP to ensure all educators working with the student understand the specific learning objectives, modifications, and supports required. Teachers then create a profile that includes academic data, language proficiency, social-emotional needs, and any assistive technology or environmental supports outlined in the plan. The profile is updated continuously through progress monitoring, formative assessments, and team discussions to reflect the student's growth and evolving needs. By maintaining this living document, teachers ensure that instruction, interventions, and classroom practices remain closely aligned with the IEP, fostering consistency, accountability, and a supportive learning environment across all settings.T

b. SIFE

According to our most recent data, we currently have 3 students identified as SIFE. When a SIFE student is enrolled in a PS128 program, the home language is supported with translation support (via the internet, or by phone) by his teacher as well as numerous staff members throughout the school. Based on the respones to the SIFE student questionnaire, the teacher is able to gain a better understanding of the student's academic history and provide the necessary scaffolds so these students can access learning.

c. Newcomers

Our newcomer population is supported by classroom bilingual teachers as well as the ENL teacher. Newcomers have access to materials and resources in their home language, which is Spanish for all but 1 of our current ELLs. Grade level content is scaffolded to ensure equitable access through visual resources and small group instruction. Supports for small group instruction include visuals for vocabulary as well as graphic organizers. Intervention services will also be provided to SIFE students with a bilingual certified teacher. We also have PoketTalk handheld translation devices available to newcomers to use to interact with their English speaking peers and teachers.

Teachers support Newcomer English Language Learners (ELLs) in accessing grade-level texts by providing scaffolds, language supports, and culturally responsive strategies that allow students to engage with rigorous content while building English proficiency. They pre-teach key vocabulary, incorporate visuals, and gestures, and make connections to students' background knowledge to strengthen comprehension. Teachers also use bilingual resources, translated summaries, and opportunities for discussion in students' home languages to bridge understanding. To make complex texts more accessible, they may chunk passages, simplify directions, or pair leveled texts with grade-level materials. Interactive reading strategies such as read-alouds, annotations, and graphic organizers help students process ideas, while explicit modeling and think-alouds show them how to approach challenging passages. Teachers build background knowledge through multimedia and hands-on experiences, design questions at different language levels, and provide sentence frames or visuals so students can demonstrate understanding in varied ways. Collaborative learning and peer interaction further expose students to academic language and provide authentic opportunities for practice. Through these supports, Newcomer ELLs can meaningfully access grade-level texts while simultaneously developing their English skills.

d. Long Term ELLs

N/A

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The teachers at our school collaborate on a consistent basis to ensure that ELLs are meeting IEP goals as well as language objectives. When appropriate, intervention begins are the earliest possible stage with resources such as Reading Rescue and small group instruction. For ENL students, student groups are designed to support students with similar goals and language needs without overlapping with other service providers. Visuals are provided to differentiate in small groups. Dual language teachers with IEP students constantly differentiate based on both language needs and IEP goals.

Teachers scaffold core instruction to support ELLs with IEPs by intentionally layering supports that address both language development and individual learning needs. They break down complex tasks into smaller, manageable steps and use clear, simplified instructions paired with visuals, gestures, and graphic organizers to enhance understanding. Teachers also pre-teach key vocabulary and provide bilingual glossaries, sentence frames, or word banks to help students participate in academic discussions and written tasks. During instruction, they model processes through think-alouds, use multimodal resources such as videos and hands-on materials, and offer frequent checks for understanding. Flexible grouping and peer support allow students to collaborate while hearing academic language modeled by peers. Additionally, teachers adapt assignments by providing alternative formats for demonstrating learning, such as oral responses, drawings, or technology-based tools. These scaffolds ensure that ELLs with IEPs can access grade-level content while receiving the targeted support they need to make meaningful progress in both language and learning goals.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language support in our DL program is delivered in a 50/50 model, with alternating days of each language. In the TBE program, the teacher individually assesses home language support needs through formative assessment and analyzing NYSESLAT results. For ENL students, home language support is provided in a variety of ways including delivery of instruction in the home language when possible, communication with parents in their home language through Google classroom and Class Dojo, and bilingual texts. The Spanish LAB is used to assess all incoming students with a HL of Spanish. For SIFE students, the Multilingual Literacy Screener is used.

Dual Language Bilingual Education (DLBE):
In DLBE programs, the home language is assessed regularly as part of biliteracy development. Students are evaluated in reading, writing, speaking, and listening in both English and the partner/home language. Assessments may include standardized tests in both languages, running records, writing samples, and oral language proficiency measures. The goal is to monitor progress in both languages and ensure balanced development.

Transitional Bilingual Education (TBE):
In TBE programs, the home language is assessed mainly to support access to content while English proficiency develops. Teachers may use informal assessments such as oral language , comprehension checks, and writing samples in the home language.

English as a New Language (ENL):
In ENL programs, the home language is generally not formally assessed for literacy development, since the focus is on English acquisition. Teachers may use students' home language informally to gauge understanding (e.g., asking them to explain a concept in their first language or checking comprehension with a bilingual glossary), but the formal assessments are in English only. However, students' home language skills may still be acknowledged through family input, background surveys, or occasional performance tasks to better understand their strengths.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

To support co-teaching in the ENL model, the ENL teacher attends grade level common planning meetings to co-plan with classroom teachers. The Dual Language partnership model teachers communicate on a daily basis and co-plan during prep periods to make sure the co-teaching model is supporting literacy development in both languages.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our overall, annual professional learning plan ensures that all staff incorporate learning specifically related to the academic and social emotional needs of ML's/ELL's through the implementation of CRSE. Culturally Responsive & Sustaining Education allows students to explore learning through the lens of race, social class, gender, language, sexual orientation, nationality, religion, or ability. Recently our administration purchased well over 100 book titles for each classroom in our school, in English and in Spanish. These bilingual resources are aimed to provide effective accessibility to enriching and engaging multilevel and multilingual texts that will spark interest in our ELL and ML students. PS128 teachers use pedagogical approaches that are challenging, but honor students' diversity. Students' lives and identities are aimed to be connected to their learning here at PS128. Our mission statement encourages students to become critical thinkers and feel the agency to end inequality in our society. PS 128 administrators encourage teachers to set high expectations for all students. They must be able to examine their own personal beliefs around identity, while giving professional learning and support. Non-pedagogical staff participate in workshops that emphasize cultural responsiveness, communication strategies, and ways to build strong relationships with MLs/ELLs and their families. By providing a layered approach that addresses the responsibilities of each role, the professional learning plan ensures a cohesive, schoolwide commitment to advancing both the academic success and the social-emotional well-being of MLs/ELLs. Staff at our school build strong connections with students to understand their lives, backgrounds, and identities in order to build trust and engagement from families to best support their children.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's ENL teacher is allotted time to register, attend, and turn key any ELL Professional Development sessions. She prioritizes sessions dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English Language Learners. She then turns key to our pedagogical staff during our extended day (CPLC time), where she engages our Dual Language and Bilingual teachers in learning best practices to support their ELL students. CPLC time is held every Monday afternoon after school hours. During these sessions, our school data specialist also attends, so that they can meet as a cohort to analyze and review ELL data. This includes IReady Diagnostics, AMIRA, Acadience, writing samples, as well as math unit tests to ensure that we are supporting students in all content areas. Using the strategies our ENL teacher provides from her PD engagement, teachers then return to their classrooms to implement best practices for their ELL population.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At the start of the school year, students' reading levels, including those of ELLs, are assessed using the i-Ready screener. Students who score below grade level are further assessed with the through the ROAR platform that assesses foundational reading skills in K-12 students through quick and engaging virtual test. The results from these assessments help guide the formation of small groups and inform the grouping of ELL students for targeted instruction.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

IReady and Imagine Learning English are used for targeted intervention at home, which allows for individual differentiation. This is helpful for ELLs as both programs include picture and audio support, as well as immediate data for planning purposes.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At our school, data is used systematically within a Multi-Tiered System of Supports (MTSS) to guide instruction for ELLs across all grade levels. Using the Instructional Leadership Tool for MLs/ELLs and the MTSS Guide, teacher teams and administrators review multiple data points—including language proficiency scores, formative and summative assessments, classroom performance, and social-emotional indicators—to identify student strengths and needs. At Tier 1, data helps ensure that core instruction is differentiated and that language objectives are embedded alongside content objectives in every lesson. For students requiring additional support at Tier 2, progress monitoring tools are used to identify patterns in academic and language development, which inform targeted small-group interventions focused on both skill-building and language acquisition. At Tier 3, more intensive, individualized supports are designed based on a close analysis of student performance data, IEP/504 plans if applicable, and collaboration with specialists. Data is revisited in regular cycles by teacher teams, instructional leaders, and support staff to measure effectiveness, adjust interventions, and ensure that MLs/ELLs are making both academic and linguistic progress. This continuous, data-driven approach ensures equity and alignment with best practices while supporting ELLs' success across all tiers of instruction.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Teachers use the IReady assessments throughout the year to inform instruction. Each student is assessed at least 3 times throughout the school year. Additionally, classroom assessments and unit test are used to assess students on more specific skill sets in both ELA and Math.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

For students in the dual language program, bilingual teachers assess their Spanish speaking ELLs through formative assessments all year. Progress is analyzed alongside assessments in English to determine whether student's needs are academic or language based.

ENL students are assessed mostly in English. However, with a strong concentration of Spanish speaking staff members, entering ELLs can be evaluated whenever necessary. We do have a very small number of French ELLs (1) and utilize translation services when necessary for evaluations.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The NYSESLAT has a strong influence on instructional design and curricular decisions. The EDAT helps us to understand the specific strengths and needs of our ELLs. For example, the 2024 NYSESLAT results indicate that 35% of our ELLs did meet sufficient ELP progress. Using this assessment, our school is going to put a stronger emphasis on language development in ELLs through rigorous academic and language instruction. Upon EDAT analysis, we have identified target students that are 1-10 points away from testing Commanding on the NYSESLAT in order to focus on their areas of need It has influenced our instructional design to make sure dual language and ENL teachers are providing enough writing opportunities for ELLs, as this was the consistently lowest scoring modality for NYSESLAT test takers.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered to all ELLs. Parents/guardians receive notice via a letter sent home, a posting on the school website, and a Class Dojo message prior to the exam. The test is administered by various staff including the ENL teacher, DL teachers, and TBE teachers. All ELLs will continue to receive services after the test takes place,

from their ENL, DL, or TBT. Scoring of the exam will be done after school, and during prep periods in order to ensure that students don't miss instructional time.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All current and former ELLs are provided a standardized Bilingual glossary to use during the ELA and Math state assessments. Additionally, any Newcomer ELLs that prefer to take the Math exam in Spanish will take the entire exam in Spanish. If different HLs are present, translation services will be provided as needed. Students in DL classes have a choice to take the Math exam in their preferred language. All exams are untimed and all ELLS receive a third reading of the listening passage during the Language Arts exam whenever necessary.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Every year we host an ELL orientation in the fall for parents of newly identified ELLS as soon as possible, held in the auditorium. This meeting is led by a team comprised of an administrator (either the principal or an AP), ENL teacher, and a bilingual teacher/translator. All program options are explained in a brief presentation including a showing of the Parent Orientation video in all preferred languages. There is then a portion of the meeting dedicated to questions and answers about program options with informed pedagogues. Parents unable to attend the orientation are offered separate in person or virtual meeting options. At the orientation, an attendance sheet is filled out and kept on file as well as an agenda from the orientation.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school provides annual meetings with families of ELLs to discuss language development progress, language assessment results and language development needs for all content areas in October for all ELL students. We want all families to participate so interpreters, and

interpretation services are available to all families. All teachers that provide ENL services (both ENL and Bilingual education teachers) hold these meetings on an annual basis. These meetings are scheduled on an individual basis based on parent availability which is communicated through Class Dojo and phone calls to parents. Teachers will use all available academic data including NYSESLAT and iReady diagnostic data. Teachers are required to keep a log of all parent communication on the Google drive, including these annual meetings.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

The Parent Coordinator, School Coaches, Teachers, and the Principal translate letters flyers and daily messages based on the preferred language indicated on the HLIS. DOE Translation Services are also used when necessary. The Office of Language Access, previously known as the Translation and Interpretation Unit, supports DOE offices and public schools in their efforts to connect with families who prefer to communicate in a language other than English, to ensure equity and access for all. The Office of Language Access offers free written translation services, interpretation services for centrally organized events, connects schools with over-the-phone interpretation services and spearheads all system-wide language access efforts and initiatives. The Office of Language Access' Field Language Access Coordinators supports schools, particularly Language Access Coordinators, in developing and maintaining a comprehensive approach for engaging and communicating with all families. All the information posted on the school website is available in all preferred languages currently spoken at the school, and the Class Dojo platform is also utilized by all staff members and provides automatic translation.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

One way our PS128 fosters parent empowerment is by encouraging all parents to seek out community support for various activities. Our parent coordinator is our number one resource for ensuring ALL parents are engaged and empowered to seek out resources for their children and themselves. The parent coordinator uses school created surveys to ensure families needs are being met. For example, every fall our principal hosts coffee with the principal in order to get to know the individual families at the school, as well as teacher-led computer classes and a testing workshop for parents. We also have a Students in Temporary Housing Community Coordinator to support this specific subgroup. These resources include ESL classes for adults, parents workshops, and extended community support. This includes mental health support through partnerships with New York Presbyterian Hospital, academic support for children through Fresh Youth Initiatives, and a close relationship with a PS128 alumni who is now a youth sports coach and community organizer in our local Washington Heights neighborhood that empowers students to explore their physical and creative abilities through sports and vocational activities.

The 2025 NYC School Survey results indicate that parents at PS128 rated the school highly for parent outreach, with a score of 96%. Similarly, parent involvement in school activities received a favorable rating of 96%, reflecting strong family engagement and effective communication between the school and its community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

ELL students that are newly enrolled in our school are provided with a packet of activities to complete before the beginning of
the school year. In addition, we encourage newly enrolled ELLs to participate in the Welcome Program from Fresh Youth

Initiatives throughout the school year. The Welcome Program offers students and families who have recently arrived to the USA activities to get them acclimated to the culture. The Parent Coordinator and the STH Community Coordinator also provide workshops and information to families about the Parent Association (PA), and School Leadership Team (SLT). Currently we have several parents of ELL students that are actively involved in the PA and on the SLT.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Research demonstrates that when families participate in their children's education, those children make academic gains. Our parent coordinator assist parents with learning basic words and phrases in the families' first language. We use interpreters or school/ community liaisons to translate communication between family members and educators. We conduct parent workshops on how to interpret and respond to progress reports, report cards, and standardized test scores. We also provide information about literacy development at home and expectations pertaining to homework completion and we offer English classes for parents. We have a partnership with Fresh Youth Initiatives (FYI) which supports working families by providing an after school program that supports physical and mental well-being.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We provide English as a Second Language (ESL) instruction to students at various language proficiency levels. Teachers use research-based strategies, such as scaffolding, visual aids, and interactive activities, to build academic and social language skills. Lessons integrate language and content objectives, ensuring students develop English proficiency while mastering grade-level standards. Data is used to inform instruction and provide additional support where needed. Families are invited to participate in workshops that support language development and academic achievement at home.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Principal, Cary Pantaleon
Assistant Principal, Yvette Corporan
English as a New Language (ENL) Teacher, Courtney McNamara
Bilingual Special Education Teacher, Solangel Pimentel

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

First, the HLIS is conducted by a trained pedagogue. The front office has a copy of all teachers schedules to ensure instruction is not interrupted. Next, the ENL teacher is responsible for all notification letters and conducting parent orientations within the mandated time frame. If there is a discrepancy based on the responses to the HLIS, the LPT is activated to determine the ELL status of the student in question. OPW time and prep periods wil be used for identification process steps so instruction is not interrupted.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Cary Pantaleon

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Kenia	Amparo	Parent Coordinator - Annual	12/05/2024	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Surveys conducted by your school,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
FRENCH	1	0.18%	1	0.18%		
ENGLISH	288	52.08%	285	51.91%		
SPANISH	264	47.74%	263	47.91%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parents' Association Monthly Membership Meeting	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
Parent Workshops	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
Pre-K Workshops	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
Book Fair	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
Parent Handbook	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
Days Off of School	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.
School Assemblies	Parent Coordinator, School Coaches, Teachers, and the principal translate letters. DOE Translation Services are also used when necessary.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTC	Teachers/ Paraprofessionals Translate/ DOE Translation Services/ Private Vendors when necessary
Curriculum Night	Teachers/ Paraprofessionals Translate/ DOE Translation Services/ Private Vendors when necessary
PID	Teachers/ Paraprofessionals Translate/ DOE Translation Services/ Private Vendors when necessary
Family Fun Night	Teachers/ Paraprofessionals Translate/ DOE Translation Services/ Private Vendors when necessary
ELL Parent Orientation	Teachers/ Paraprofessionals Translate/ DOE Translation Services/ Private Vendors when necessary

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school emergency, limited-English proficient families will be contacted by telephone calls, a human translator, qualified contracted vendors, translator devices, or a computerized program. Over-the-phone interpretation services are available to all schools and offices during regular business hours in over 150 languages. These services can be accessed by contacting the DOE Translation and Interpretation Unit, but are provided by a contracted vendor.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Principal and Language Access Coordinator (LAC) will generate a list of all school-based staff required to complete the asynchronous NYCPS Language Access Training for School-based Staff on WeLearnNYC. The LAC will monitor completion rates using WeLearnNYC's tracking tools and will provide regular updates to school leadership. The LAC will facilitate a brief overview presentation in September during a staff meeting to highlight the "Best Practices for When to Provide Translation of Critical Written Communications to Parents"

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Multilingual welcome posters and other multilingual signage are displayed in the main entrance of the school building near the entrance. Multilingual posters are also posted in the main office. The Parent Coordinator has multilingual pamphlets & flyers which she distributes to parents. All parents are notified of their language access rights at the Orientation, Curriculum night, Parent -Teacher conferences, and PTA meetings. Parents are also provided the Bill of Parents Rights and Responsibilities in their preferred language. Parents are reminded of and offered the available language assistance provided by the DOE each time they are invited to the school if a human translator is not available. Additionally, the Parent handbook is translated into all languages spoken by our parents and distributed to parents at the beginning of the academic school year

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Our parent coordinator will maintain regular contact with families and serve as a bridge between home and school. Through their ongoing interactions, they will informally gather feedback, identify trends, and share insights with school leadership to improve services. Also, during parent-teacher conferences, family nights, and other school events, we will provide brief feedback forms and suggestion boxes (with translations) to allow parents to quickly and anonymously share input about language services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We have increased the availability of qualified interpreters for parent-teacher conferences, IEP meetings, and school-wide events. We translate all documents, notices, and event flyer into the current languages spoken by our families. We implemented the use of digital tools such as, which allow staff to communicate instantly with families in their preferred languages via text and phone.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

60

Grades to be served in this program. Select all that apply.

,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S. 128M will offer our English Language Learners (ELLs) in grades 2 through 5, an in-person supplemental after school program, focusing on the development of all strands of language acquisition, including: listening, speaking, reading and writing. The after school Title III LEP Supplemental Program will allow individual students' needs to be targeted through small group settings through a diagnostic-prescriptive approach. The after school, Title III LEP Supplemental Program will target approximately 60 students at the Entering, Emerging, Transitioning, and Expanding levels of proficiency as determined by the 2025 NYSESLAT. In addition, this program will also include SIFE students in grades 4-5, as well as some SWDELL students. Groups will be comprised of 12-15 ELL students. The after school Title III LEP Program will meet Tuesday, Wednesday,Thursday, and Friday for two hours 2:50 P.M. - 4:50 P.M. for approximately 15 weeks from October 8, 2025 - January 15, 2026. Four certified Bilingual and/or ENL teachers, with a minimum of three years' experience, will provide instruction. Teachers that are providing instruction will receive Professional Development around STEM, NYSESLAT test taking strategies and extended writing in all content areas. Students will be instructed through integrated STEM lessons to bridge the Science and ELA content areas to ensure higher academic achievement and College and Career readiness.

The goal of the program is to increase student proficiency levels and empower them to become proficient in English and succeed academically and socially in an English speaking environment by developing their content knowledge for literacy, math, science, and technology. ELL students in grades 2-5 will be provided instruction to support their reading comprehension, vocabulary and language development, critical thinking, and content area writing. The students will engage in extended writing activities to explain their thinking and learning. Students' progress will be assessed through writing pieces, Project Based Assessments, rubrics and the NYSESLAT.

Getting Ready for the NYSESLAT (Measuring Up) booklets will be purchased from SES company to support students with test taking strategies and format. Additionally, STEM science kits with engaging experiments, which are NGSS aligned, and infused with ELA and crosscutting concepts, will be purchased from the Sussman Education Company to support student achievement. These integrated STEM kits include authentic texts and hands on manipulatives to engage and explore through real world experiments. These materials will be specifically used with the students participating in the after school, Title III LEP Supplemental Program.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The % of students exiting their ELL status was 0.79% of ELLs on the 2024 NYSESLAT, representing 10 students who exited ELL status. Additionally, emerging level ELLs and entering level ELLs continue to be the groups with the

highest and the lowest representation in our school, respectively.

2024 NYSESLAT results indicate that 12.5% (3) of the expanding level ELLs were between 1 to 10 points away from scoring commanding while 41.6% (10) were less than 20 points away from scoring commanding and exiting their ELL status. These are the students that are closer to reaching English proficiency and exit their ELL status.

Additionally, 34.7% (8) of the ELL students who scored at the transitioning level were 10 or less points away from scoring expanding.

Based on the 2024 NYSESLAT results, 41.5% of the ELLs in our school scored HIGH (90% or more questions correctly) in the speaking modality. This is four times the % of ELLs scoring HIGH in listening (10.8%), four times the % of ELLs scoring HIGH in reading (9.9%) and more than ten times the % of ELLs scoring HIGH in writing (2.9%).

Not only fewer ELLs scored HIGH in writing, but also a significant number of them are scoring LOW (15% or less questions accurately) in this modality. As per 2024 NYSESLAT results, 32 (31.6%) ELLs in our school scored LOW in writing. This means that one third of our ELLs are really struggling with writing.

Upon reviewing the trends from the NYSESLAT 2023 & 2024 we notice that our students show strength in the Speaking and Listening modalities but continue to struggle with the Reading and writing modalities. 42% of all ELLs scored “high” on the Speaking Modality, which showed an increase of 11% from 33% scoring “high” on the 2023 NYSESLAT. However, in 2024 30% of all ELLs scored low on the writing modality, which represented a 1% increase from 2023 (29%).

The goal of the program is to increase student proficiency levels in all content areas, hence why an integrated STEM program, which targets literacy, math, science, and technology, will be most beneficial. ELL students in grades 2-5 will be provided instruction to support their reading comprehension, vocabulary and language development, critical thinking, and content area writing. The students will engage in extended writing activities to explain their thinking and learning. Students' progress will be assessed through writing pieces, Project Based Assessments, rubrics and the NYSESLAT.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The goal of the program is to increase student proficiency levels in all content areas, hence why an integrated STEM program, which targets literacy, math, science, and technology, will be most beneficial. ELL students in grades 2-5 will be provided instruction to support their reading comprehension, vocabulary and language development, critical thinking, and content area writing. The students will engage in extended writing activities to explain their thinking and learning. Students' progress will be assessed through writing pieces, Project Based Assessments, rubrics and the NYSESLAT.

The after school, Title III LEP Supplemental Program will target approximately 60 students at the Entering, Emerging, Transitioning, and Expanding levels of proficiency as determined by the 2025 NYSESLAT. In addition, this program will also include SIFE students in grades 3-5, as well as some SWDELL students.

Groups will be comprised of 12-15 ELL students that are heterogeneously grouped.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The after school Title III LEP Program will meet Tuesday to Friday for two hours, 2:50 P.M. - 4:50 P.M. for approximately 15 weeks from October 08, 2025 - January 15, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The goal of the program is to increase students' literacy proficiency in English. Instruction will be given in English with home language support provided through various resources such as bilingual texts, glossaries, and direct explicit instruction.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Four certified Bilingual and/or ENL teachers with a minimum of three years' experience, will provide instruction.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Getting Ready for the NYSESLAT booklets to support test taking strategies and exposure to standardize exams. Also, the STEM science kits with engaging experiments, which are NGSS aligned, and infused with ELA and crosscutting concepts, will be purchased with Title 3 funds to support this work. These integrated STEM kits include authentic texts and hands on manipulatives to engage in exploration through real world experiments. These materials will be specifically used with the students participating in the after school, Title III LEP Supplemental Program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents will be informed of the Title III programs through multiple methods to ensure clear communication and understanding. Information will be shared through letters and notices sent home in the family's preferred language, outlining the purpose of Title III programs, eligibility criteria, and the services provided. In addition, schools will host parent meetings and informational sessions where staff will explain how these programs support English language development and academic achievement. During parent-teacher conferences, teachers will discuss individual student participation and progress in the programs. These combined efforts ensure that families are well-informed and actively engaged in their child's educational experience. Teachers will also, take daily attendance to ensure regular participation and phone calls will be made to follow up with any students not consistently attending the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Research indicates that Professional Development (PD) is the key to improving student achievement. The Assistant Principal, ELL Instructional Lead Teacher, and Instructional Coach, will offer a comprehensive Professional Development (PD) program to support the 5 teachers participating in the Title III Supplemental after School Program. The PD program will address the needs of our new and experienced staff in order to align best teaching practices for ELLs with research based findings on language acquisition through the integrated STEM program. Once a month, on Fridays, from October 2025 - January 2026, there will be a one hour PD/ planning session from 3:00 P.M. to 4:00 P.M. The topics will include: Overview of the Integrated STEM program, Ensuring Equitable and Accessible High-Quality Instruction, Utilizing Center Work for Student Exploration, Creating Rigorous/Differentiated Tasks to Support ELLs, and Language Development Through Student Discussion. Experienced teachers will be assessed for their strength and weaknesses based on observations, questionnaires, online classroom visits and supervisory input. During these professional development sessions, the use of pedagogical second language acquisition strategies and techniques such as scaffolding language and meta-cognition processes, will be emphasized. Teaching strategies will also include activities and techniques to develop oral language and vocabulary, as well as reading and writing skills. Best practices in second language instruction will be modeled, analyzed and implemented in person. In addition, non-ENL/Bilingual certified teachers will have the opportunity to attend workshop sessions offered by the Department of ELLS to enhance their pedagogical skills.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The Title III Program training will address the needs of our staff in order to align best teaching practices for ELLs with research based findings on language acquisition through the integrated ISprowt STEM program. The teachers who are receiving the training are the five teachers who are teaching the program. The training is scheduled through out the program which spans from October to January.

Our ELLs are predominantly Hispanic (82%), 9.0% Hispanic Black, 5.7% Multiracial Hispanic and 2.5% Hispanic white. We support all our families according to how they identify racially. We use information from the ELL Data Analysis Tool (EDAT) to help us support our families diversities. ELLs are included through welcoming environments in all settings, an inclusive curriculum including culturally responsive texts, and rigorous instruction no matter the level of the ELL.

Overall, students who met ELP progress this year decreased from 41.8% in 2023 to 39.1% in 2024, demonstrating a 2.8% decrease. There was a 1.8 increase from 12.7% in 2023 to 14.5% in 2024 of students who met ELP progress by exiting ELL status. In 2024, 20.3% students met the annual progress target, from 2.4% in 202. There were no students who met safe harbor cumulative growth in 2023, and 4.3% met ELP progress this way in 2024. Overall, there was a 22.8% decrease in students who did not meet ELP progress from 81% in 2023 to 58.2% in 2024.,

The rationale for this professional development is to give teachers time to plan out their scope and sequence for their
group in the Title III program. It is also meant to be a time where teachers can familiarize themselves with the material
and plan out how to use it for the program in order to better support the students. The PD time is meant for teachers to reflect on their approach and make necessary adjustments to their pedagogy for the program. Teachers will use the data from NYSESLAT, NYSITELL, classroom assessments and classroom observations to support students with the ISprowt Stem program.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The Assistant Principal, Yvette Corporan, ELL Instructional Lead Teacher Courtney McNamara, and Instructional Coach Stacey Capella, will offer a comprehensive Professional Development (PD) program to support the 5 teachers participating in the Title III Supplemental after School Program. The PD program will address the needs of our new and experienced staff in order to align best teaching practices for ELLs with research based findings on language acquisition.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**

- **Time and duration of sessions.**

Once a month, on Friday, from October 202 - January 2026, there will be a one hour PD/ planning session from 3:00 P.M. to 4:00 P.M.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The topics will include: Overview of the Integrated STEM program, Ensuring Equitable and Accessible High-Quality Instruction, Utilizing Center Work for Student Exploration, Creating Rigorous/Differentiated Tasks to Support ELLs, and Language Development Through Student Discussion.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The Assistant Principal, Yvette Corporan, the ELL Instructional Lead Teacher Cortney McNamara, and Instructional Coach Stacey Capella.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Agendas will be created and attendance will be taken for each professional development session.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The Assistant Principal Yvette Corporan, and the Parent Coordinator Kenia Amparo, will provide 2, two-hour sessions for parents to address the ELL students' academic, social, and emotional needs. The parent workshops will help parents integrate STEM activities at home using everyday activities and materials. All parents of ELL/Immigrant students will be invited and encouraged to attend these workshops. Parents are notified through email, letters, flyers, phone calls, Class Dojo, Google Classrooms, and the school's social media platforms for parent workshops. The parent workshop topics are aligned with the Title III program. These workshops will focus on developing academic language at home, building prior knowledge and vocabulary, developing reading and writing at home, activities to increase listening, speaking, reading, and writing, and creating games to increase mathematical concepts and fluency. Parents will also be informed of the instructional program that the students receive in the bilingual and Dual Language and recommended practices that parents can use to assist their child in his or her academic growth.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The Assistant Principal Yvette Corporan, and the Parent Coordinator Kenia Amparo, will use the parent surveys to gather information about the needs of our families so that we can provide parents will the best way they can help at home. The parent workshops will also help teach parents how to integrate STEM activities at home using everyday activities and materials.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

TThe Assistant Principal Yvette Corporan, and the Parent Coordinator Kenia Amparo, will provide 2, two-hour sessions for parents to address the ELL students' academic, social, and emotional needs.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

These workshops will focus on developing academic language at home, building prior knowledge and vocabulary, developing reading and writing at home, activities to increase the listening, speaking, reading and writing, and creating games to increase mathematical concepts and fluency.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The Assistant Principal Yvette Corporan, and the Parent Coordinator Kenia Amparo, wil be the providers.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are notified through email, letters, flyers, phone calls, Class Dojo, Google Classrooms and the school's social media platforms for parent workshops.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The Assistant Principal Yvette Corporan, and the Parent Coordinator Kenia Amparo, will maintain all documents in a binder in the principals office.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

N/A

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
