Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Willis Avenue School

District Borough Number (DBN):

07X049

Grades Served:

3K through 5th Grade

School Address:

383 East 139th Street Bronx, New York 10454

Phone Number:

718-292-4623

Fax:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Monica Brock-Walker	Principal or Designee*	
Lushawnda Richardson	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Beatriz Sanchez	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Vanessa Trujillo	District Council 37 (DC 37) Representative (staff), if applicable	
Lindsay Grayson	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
Sanaya Williams	CBO Representative, if applicable	
Haneen Nseirat	Member/Chairperson (Teacher)	
Christina Encarnacion	Member/Secretary (Teacher)	
Ashley Gomez	Member/(Teacher)	
Joanna Levy	Member (teacher)	
Allyson Rose	Member (Treasurer)	
Cecilia Patricio Navarro	Parent/Treasurer	
Luis Hernandez	Parent/Secretary	
	Parent (Vice President)	
	Parent	
	Parent	
	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

"Learners today, Leaders tomorrow." Prepare our Learners of today to be leaders of tomorrow.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 49X The Willis Avenue School, located within the Mott Haven neighborhood of the South Bronx, serves the needs
of 509 students who represent the diversity of the community. P.S. 49X serves a diverse population. n order to help meet the needs of our students, we have partnered with consultants in literacy, mathematics, STEAM, the arts, and technology. These partners have supported teaching, leading, and learning at PS 49X.

In helping to serve the needs of the whole child, our school has also joined forces with Healthy and Ready to Learn (Children's Health Fund)
to provide on-site health services to the students and families of our school community. To reinforce and strengthen student growth, P.S. 49X has instituted a school-wide STAR initiative. Students begin every day with the STAR student declaration stating: "P.S. 49 students are STARs. We are Scholars, who Treat others with kindness, Act responsibly and, Respect themselves and others".

We take pride in establishing a learning environment conducive to maximizing the learning experience for each and every student. The tone of the building and classroom environments are warm and welcoming, providing a safe space for learning experiences.

We have 3k. and Pre -Kindergarten. We also have a Dual Language program in grades Pre-K -5. Gifted & Talented in Grades K -2, and a Bilingual ICT in grades K and 1.Classrooms in grades 1 - 5 are departmentalized, giving classroom teachers the opportunity to become experts in their subject areas.

We currently have an afterschool partnership with SoBro (South Bronx Overall Economic Development Corporation)

Briefly summarize the key initiatives your school will implement this school year.

At PS 49X we believe that school is a place where all students should feel welcomed and safe, both physically and emotionally. Students and staff at the school have multiple opportunities throughout the year to celebrate their work and progress and to reflect on the values and purpose of the school.

PS 49 X offer both enrichment and academic initiatives. We offer morning program at 7:30 am through CHAMPS sports. We are a PROSE school. We begin our day with enrichment clubs. Our enrichment clubs follow the Renzulli model of enrichment, where we match student interest to teacher interest. PS 49 has Afterschool and Saturday programs We also have the following partnerships.

Healthy and Ready to Learn
We are proud to partner with Healthy and Ready to Learn. The organization plays an important role in fostering student well-being. They hold educational parent workshops on important health and mental health themes, which have a direct impact on students' learning and general wellness. In addition, they provide critical mental health support for students in need through a dedicated school counselor. They also work with other health partners, such as dental agencies, to ensure that children have access to comprehensive dental care directly at their school.

In their commitment to student success, Healthy and Ready to Learn, place a strong emphasis on early childhood development, setting the foundation for new students entering the school. Their goal is to ensure that these young learners embark on a path to success throughout their school years at PS 49. Moreover, they work closely with the school staff to support and align their objectives throughout the academic year, fostering a collaborative approach that benefits the school community. Through this partnership, we are dedicated to creating a nurturing and goal-oriented environment for students from their earliest days in school to their future achievements.

Arts Connection
PS 49, The Willis Avenue School has had a relationship with ArtsConnection for more than 9 years. Arts Connection has provided violin, puppetry, musical theater, SEL animation, and visual arts programs. Programs are offered during the school day in classrooms, and afterschool. We have a strong partnership with ArtsConnection through planning curriculum with Teaching Asrtists and providing safe spaces for arts education. Last year, ArtsConnection provided a theater director to coordinate and direct our spring musical.. The ArtsConnection director organized, planned, and directed the play, and our arts staff provided music and dance support.

PS 49 is beginning a new partnership with Alvin Ailey Dance Education Center. A Teaching Artist will be instructing students in grades 3-5 in Contemporary Dance.

Alpha Kappa Alpha Tau B=Nu Omega
The Childhood Hunger Initiative Power Pack (CHIPP), hosted by Alpha Kappa Alpha Sorority, Incorporated®, Tau Nu Omega Chapter, offers a supply of meals and snacks, free of charge to 65 of our scholars free of charge, over the weekend and extended holidays. Each week they provide nonperishable food items for families who may find it difficult to have access to enough food for the entire month.

Girl Scouts
Through this partnership we provide experiences for girl is grades K – 5. This program. Through Girl Scouts provide experiences for young people that build character by teaching responsibility for our environment and respect for our fellow citizens. Join us for a weekend away designed to challenge them to go beyond their limits and to reach new heights as a troop. With the encouragement of their peers, leaders and our experienced staff, they will succeed. With several weekends dedicated to helping scouts build skills in many different arenas – from horseback riding to arts & crafts, to nature and conservation – Frost Valley YMCA builds young leaders.

NY Sun Works
This is our first year as a NY Sun Works School. This partnership provides hands –on learning experiences that foster scientific inquiry. Through this partnership our students learn about food production and sustainability education and make connections to the natural world.

Because we believe in educating the whole child, we have enrichment initiatives, that students enjoy participating in, Programs offered are designed to engage students academically, socially, and artistically.

High Impact Tutoring
Students in grades K - 2 are invited to begin their mornings, before class receiving small group literacy support. 70 students in grades K-2 meet with teachers 3 days a week, before or after school to improve learning efficiency.

Spelling Bee
.As a goal to help improve students' vocabulary development, this year we are preparing students to participate in the Scripps National Spelling Bee. We know that the skills developed preparing for the Spelling Bee will

Imagine That Chess
Students in grades 3 and 4 have the opportunity to learn chess and compete in tournaments. Playing chess can improve cognitive skills like memory, planning, and problem-solving. Our partnership with Imagine That Chess has helped our students to develop the skills needed for success in and beyond the classroom.

Double Dutch - Ms. K's Dance Company
Through our partnership with Ms. K's Dance Company, our students are learning how to Double Dutch. Double Dutch is considered an art form. Students learn to work together collaboratively, develop a skill and engage in tam building. Throughout the school year, our students have the opportunity to compete in different tournaments across New York City.

Our Sports Program include:
Boxing
Basketball
Volleyball
Soccer

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	EL Education	
Math	K-5	Illustrative Math	
ELA/MATH	3K/Pre K	Creative Curriculum	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYS ELA data indicates that there are students in grades 3-5 that perform below grade level (Level 1) Grade 3: 21% (2022) 34% (2023) 18% (2024) Grade 4: 28% (2022) 47% (2023) 29% (2024) Grade 5 (31% (2022) 22% (2023) 34% (2024) iReady (EOY) indicates there are students who are performing one to two grade levels below: Grade 3- 66% 2023 Advance Data indicates teachers average range of 2.79 to 2.88 in Questioning and Discussion and Student Engagement.	Teachers require consistent training and monitoring in curriculum implementation: phonics, instruction, vocabulary strategies, and effective higher order thinking questions	Increase the number of students proficiency in ELA by strengthening their decoding, fluency, vocabulary, reading comprehension, and writing skills.

ELL students are performing lower than their general education peers on benchmark assessments as measured by 2025 ELA iReady Diagnostic and 2024 NYS ELA Assessment	Teachers require training in a research based phonics intervention program that includes additional support in fluency, vocabulary, reading comprehension, and writing.	ELL students require tiered instruction and repeated opportunities to engage in discussions using tier 2 vocabulary and supportive instructional resources. ELL students require additional opportunities to apply their understanding of texts through written constructive responses and receiving feedback.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	54%	By June, 2026, literacy for All Students will improve, as measured by a 8% Increase, from 54% to 62%, of percentage of students scoring at or above proficiency on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

iReady Reading Assessment

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers and Administrators will execute a Multi-Tiered System of Support, ensuring that students are provided with the opportunity to receive targeted phonics intervention through evidence-based programs and approaches in an effort to support their ability to work towards grade-level expectations. (Phonic for Reading, On-going targeted professional development)

Root Cause Addressed:

Teachers require consistent training and monitoring in curriculum implementation: phonics instruction, vocabulary strategies, and effective higher order thinking question strategies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Systematic and Structured Tier 2 Phonics Instruction, using Phonics for Reading Intervention, at least 3x a week for 30 minutes.
Systematic and Structured Tier 2 Phonics Instruction for grades K-2, using double dose of UFLI small group Instruction, at least 3x a week for 30 minutes.
ILT will continue to engage in instructional rounds to assess the impact of professional learning and best practices to determine next steps.
ILT, including model teachers will facilitate professional learning centered around the problem of practice.

ILT will continue to conduct instructional rounds centered on revising the Problem of Practice. Teacher teams will continue to make adjustments to teaching practice and engage in inquiry cycles.

Key Strategy 2 (Optional):

Teachers and Administrators will engage in grade and department conferences to support the implementation of data driven instruction across modalities. During grade team meetings, teachers will analyze student work samples, class reading assessments, and make the necessary adjustments to their small group instruction.

Root Cause Addressed:

A protocol for analyzing student work samples and aligning strategies to support small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will continue to conduct data based conferences and small group instruction more often with students that score towards the bottom third of their class.
Implement systemwide data protocols that teachers can use effectively to use interntion for targeted groups of students (ExLrns, MLLs)

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Collect and analyze iReady data (BOY, MOY, EOY) to monitor and revise small group instruction and RTI groups
-Collect and analyze assessments from intervention programs such as UFLI and Phonics for Reading.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/27/2026	Workshops in supporting families with NYS Assessments	Teacher created professional development for families, information shared from Chancellor's Office and ELI to provide information on the New Generation Learning Standards

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom Teachers, Coaches, Administrators, RTI Support Staff, Paraprofessionals (all school staff), Literacyand Math Consultants

Instructional Resources

EL Education, iReady, UFLI, Decodable Texts, Fundations, Aprendo Leyendo, SPIRE, Phonics for Reading

Schedule Adjustments

Professional Development, Common Preps, Rtl schedule

Other Resources Needed

Central and District Support and Guidance for implementation of the Units

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC School Survey reveal a positive response rate of 52% for social awareness	Students lacking positive friendships or one unhealthy reciprocal friendship leading to profound isolation.	Facilitating Peer Inclusion
	Students feeling excluded from games, experiencing "relational aggression"	Strengthening Teacher-Student Attunement
	Some students suffer from "belonging uncertainty" where they interpret every small social slight (like not being sat next to at lunch) as proof that they don't fit in, rather than a random event.	Facilitating Peer Inclusion

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Increase, in Percentage of students positvely interacting with peers from 52% to 62%, per the Panorama Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Social Emotional Supports within the schoolwide community

Root Cause Addressed:

Deficits in social emotional competencies and concerns around students' mental health,

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students who require additional support are given at risk counseling with school guidance counselor, social worker or school psychologist. Initiative- reflecting on the competencies and differentiating the support based on the students/families needs.
Respect for All Activities and Partnerships will have a strong SEL component. MyRobin SEL component will be tof ocus on the needs of the school community in terms of family feedback based on Survey. Initiative-
Sensory Room
Brain Breaks
Student Surveys to find out impressions/experiences. New initiative is to have the Student Government members be part of collecting the data and brainstorming next steps. Initiative- communicating in the newsletter.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Panorama Survey Data
PPT Minutes (at-risk counseling) - monthly
In class lessons (counselor led)
Frequent student check-ins
Creating spaces for students to express their feelings (Circle of Brothers/Circle of Sisters)

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Varied preventative services that support student and family well-being.	Additional Agencies as needed (ACS, NY Foundling, Healthy and Ready to Learn)
09/04/2025	06/26/2026	Executive Functioning Skills and life skills.	Project DNA
09/04/2025	06/12/2026	After school program with a wide variety of additional support programs ranging from mental health to childcare to older adult services.	New York Edge

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

All Classroom Teachers, Administration, Guidance Counselor, School Psychologist, Social Worker, Related Service Providers, Paraprofessionals, NY Foundling, Healthy and Ready to Learn, Project DNA

Instructional Resources

My Robin, EL Education

Schedule Adjustments

Daily Time provided within the school day (in addition to morning and evening hours as well); this is reflected in the School Calendar.

Other Resources Needed

Part of the Human Resources - our Parent Leaders, in providing and sharing their special skills to and for the school community.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Iready Diagnostics June 2025: Little or no growth between i-Ready BOY (Beginning of Year), MOY (Middle of Year), and EOY (End of Year) diagnostics.	Students scoring Level 1 may not have received consistent or intensive Tier 2 or Tier 3 support aligned to their i-Ready data.	Students need small-group or individualized instruction focused on the specific domains where they are below grade level (e.g., number sense, operations, fractions).
New Visions/ Insight 2024: Many Level 1 students have higher rates of absenteeism, particularly on intervention or assessment days.	Some Level 1 students have attendance concerns, which reduce their instructional time and disrupt their continuity in both core instruction and intervention.	Identify Level 1 students with chronic absenteeism and provide supports (family outreach, incentives, check-ins).

IM/Rally assessments EOY 2025:Students struggle with multi-step problems, word problems, and applying strategies independently.	Instruction may focus heavily on procedural skills without adequate exposure to multi-step, application-based problems like those found on the state test.	Increase opportunities for students to engage with multi-step, standards-aligned problems that reflect the complexity of state assessments.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50	PS 49X will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of students scoring level 3 or 4 will Increase by 10% from 67% to 77%, for All Students, as measured by NYS Math Exam.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Data-Driven, Targeted Small Group Instruction with Ongoing Progress Monitoring.

Root Cause Addressed:

Students scoring Level 1 may not have received consistent or intensive Tier 2 or Tier 3 support aligned to their i-Ready data.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify Students and Skill Gaps: Analyze i-Ready Diagnostic domain reports to identify students in Level 1 with specific deficits .
Build and Schedule Tier 2 and Tier 3 Groups: Develop a small group intervention schedule (3–5 students per group, 3–4x per week).
Monitor Progress Weekly: Use i-Ready lesson completion and pass rates, exit tickets, or mini-assessments to track progress. Adjust groupings every 4–6 weeks based on student growth data.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Support families to help with academic strategies and resources at home	Teaching Matters
09/04/2025	06/26/2026	Workshops in supporting families with NYS Assessments	Teachers/Instructional Coaches

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom Teachers, Coaches, Administrators, RTI Support Staff, Paraprofessionals (all school staff), IM, iReady (various people)

Instructional Resources

Ilustrative Mathematics, iReady (BOY/MOY/EOY), IXL Math

Schedule Adjustments

Professional Development, Common Preps, RtI schedule

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Parents were hesitant to enroll because of privacy data	Some parents were reluctant to share information or lacked required information (SSN/ITIN to complete enrollment	Support parents in obtaining required documentation needed for enrollment
Parents do not follow through on enrollment	Parents are reminded to complete the enrollment and are aware of the benefits,	Continue to make out reach to parents and set increment benchmarks for enrollment

despite reminders	but there is a lack of follow through	untikl the goal is achieved

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65	By June, 2026, the parent participation for All Students will Increase by 30% from 65 to 95 as measured by NYC RISE enrollment data.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Look closely at Power Bi data and identify whch grades lack the most participation. Identify the "Missing" Groups: Cross-reference enrollment data with school demographics.

Root Cause Addressed:

Despite assurances that no status info is shared, some immigrant families remain hesitant to enter data into government-linked systems.
Some families did not complete the process due to lack of SSN/ITIN

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Invite parents to the "Dinner " being hosted by Kids Rise in November and enroll new families.

Identify families that have not signed up and have staff equipped with Ipds at arrival and dismissal to walk parents through the 5-minute activation process on the spot.
Have school aides contact parents of un-enrolled studens and set up appointments for them to meet with the parent coordinator to support with activation.
Ensure that we are continuously enrolling families at every school event.
Incentivize enrollment by offering parents an activation bonus when they enroll before a certain period.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly SLT/Equity Team Review: Include a standing 10-minute agenda item at monthly SLT meetings to review activation percentages by grade level (1–4).

Use the Account Activation" Tracker on Power Bi to track which families have completed "Building Block 1 and make outreach to families.."

Discuss thr benefits of NYC Kids Rise during Parent-Teacher Conference

Create a "Save for College" checkpoint into every parent engagement activity throughout the school year.

Make outreach to kindergarten parents prior to January to inform them that they can open their account at the start

of 2026.

Work with CBO to enroll parents at dismissal

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	09/05/2025	"Save for College Station at Back to School Carnival	Parent Coordinator CBO New York Edge
10/14/2025	10/16/2025	Enroll families during OPEN CLASSROOM Visits	Parent Coordinator Classroom teachers, Support Staff
10/01/2025	05/26/2025	Enroll parents in grades 1-4 at monthly ELA and MAth Workshops	Support staff, Teachers, Parent Coordinator

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
92% of parents feel that conflicts are resolved fairly as per NYC School Survey	Parents may feel uninformed about the conflict resolution process, what steps are being taken, or the outcome. They might not understand the school's policies or procedures.	Schoolwide Behavior Policy

92% of parents feel that conflicts are resolved fairly as per NYC School Survey	Disciplinary actions or conflict resolutions may seem inconsistent across different situations or students, causing parents to lose trust in the school's fairness.	Schoolwide Behavior Policy

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	92	By June, 2026, the Percentage of parents/families indicating that they are satisfied with how conflicts are resolved at their childs school. will Increase by 3% from 92 to 95 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Peer mediation through supports provided by Project DNA
Investing in professional development for staff in conflict resolution and communication.
Ensuring fairness and consistent application of policies.
Adopting restorative practices that focus on resolution and relationship-building.
Providing opportunities for genuine parent involvement and shared understanding.

Root Cause Addressed:

Students have difficulty resolving conflicts and teacher response to coflicts are uneven.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and widely disseminate a comprehensive policy that outlines the steps for reporting, investigating, and resolving conflicts.
Equip both staff and students with the skills to effectively address conflicts.
Create a system for reviewing conflict resolutions that is perceived as fair and unbiased.
Increase parent understanding and awareness of the school's conflict resolution policies, procedures, and the status/outcomes of specific conflicts.

Clearly outline the typical steps involved when a conflict arises (e.g., initial teacher intervention, referral to administration, parent notification, investigation, consequences, follow-up).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Policy Document Review:

Widely disseminate the policy.

Communication Announcements: Copies of newsletters, emails, or memos informing the school community about the policy's availability and key features.

Meeting Agendas/Minutes: Evidence that the policy was introduced and discussed at faculty meetings, PTA meetings, and student assemblies.

Facilitate small group discussions with different stakeholders to elicit their understanding and identify any areas of confusion.
Impact on Instruction, Student Learning, and Achievement

Student Survey Data: Questions like, "Do you know what to do if you have a conflict at school?" or "Do you know where to find information about resolving conflicts?" (Yes/No/Maybe).

Staff Survey Data: Questions like, "Are you familiar with the steps for reporting conflicts as outlined in the new

policy?" or "Do you feel confident explaining the policy to students and parents?"

Parent Survey Data: Questions like, "Are you aware of the school's conflict resolution policy?" (Yes/No/Somewhat).

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per Insight over the years STH has had an overall attendance percentage of 93% and between 23%-25% CA rate. With similar barriers our data has remained about the same year after year.	Students who are identified as STH live outside the immediate vicinity of the school. These students face substantial upheaval during the course of the school year. These students are more likely to move between September and June. Additionally, upon registration the students tend to have bussing delays which leads to absenteeism	Track and monitor students who are classified as STH. Use baseline data (25%) to determine the students who have been identified as chronic and create individually attendance plans with families.
Pre-Kindergarten has the highest chronic absenteeism rate amongst	Parents don't see the importance of everyday counts in pre-kindergarten. 3 and 4 year olds tend to get sick more frequently and parents keep the	Monitor chronic absenteeism across all Pre- Kindergarten classes. Educate the parents

all the grades at 41% CA rate as per Insight for school year 24-25.	students home. Since these students relay on their parents to get them to school, we need to focus our efforts on parent	on the importance of school and how daily attendance in these grades leads to greater academic achievement in K-12.
Students who are identified as Tier 2(80%-89%),will be monitored by Insight. These students will be targeted and tracked to help increase their attendance rate.	Students tend to accumulate absences after the first half of the school year. Extended vacations, illnesses, and the occasionally absences start to increase which cause the students to become chronic by January.	Monitor tier 2 students to help decrease the CA rate down to 27%.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30%	By June, 2026, the Percentage of Chronically absent stdents for All Students will decrease by 3%, from 30% to 27%, as measured by the New Visions portal, Insight Beta, ATS Reports.
Students in Temporary Housing (STH)	25%	By June, 2026, the Percent of Chronically Absent Students for Students in Temporary Housing (STH) will decrease by 3%, from 25% to 22%, as measured by the Insight Beta.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance Coordinator will monitor students attendance from 9/4/25 and reach out to any family that has not shown up as of 9/8/25. Attendnace will be monitored daily.
The STH Counselor will work along side the Attendance Coordinator to identify the students who are chronically absent. They will use the RATH report in ATS to develop an attendance plan.
Learn To Earn Attendance Incentive for all pre-kindergarten classes. Parents will receive gift cards if their child has less than 1 day absent for the month. Each month the child meets that goal the parent will receive another gift card with a $5 increase per month starting at $25.

Root Cause Addressed:

Parents in pre-kindergarten often don't see the importance of attendance. Lower elementary students get sick more frequently and parents tend to keep their children home.
STH students have high mobility throughout the school year and tend to have higher CA rate.
Parents don't see how the occasional absences add up and students become chronic by the middle of the school year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parents will attend a workshop on Learn to Earn Incentive program. Parents will receive gift cards when students have less than 1 day absent for the month
Teachers will receive attendance reports every month to help monitor individual student attendance

Attendance trips will be scheduled throughout the school year to help decrease chronic absenteeism
Utilize shelter based staff with the STH guidance counselor to develop attendance plans for the students.
School aides will be assigned a specific grade to help monitor the daily attendance
Teachers will use parent engagement time to communicate with the parents about their child's attendance

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The Attendance Coordinator will oversee attendance across the entire building. The attendance team will assist in monitoring Tier 2 students, STH students, and pre-kindergarten students using Insight Beta as the primary monitoring tool. Attendance will be reviewed and monitored every 45 days. Students will be incentivized to

encourage consistent attendance and engagement. Attendance trips will be plan to help increase daily attendance and decrease chronic absenteeism. Attendance Coordinator will use New Visions to corelate the attendance with the academic achievement of the students we are monitoring. Attendance will foster strong partnerships with families by implementing the Learn to Earn Pre-Kindergarten incentive program and hold monthly assemblies where families will be invited to receive gift card and certificates. The attendance team will work along side New York Edge (CBO) to support student attendance.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
SESIS Annual Goal Progress Monitoring Report 2024-2025 83.5%	Some teachers and/or related service providers did not complete required progress reports on time or at all.	IEP Development and Fidelity of Implementation
Parent concerns about their child transitioning to middle	Lack of communication between counselors/teachers for students with IEPS	Transition Planning and Compliance

school and IEP implementation	transitioning from elementary to middle school with parent input	
Annually we receive 20-25 request for evaluations	Communication between school and home in reference to IEP process must be more clearly defined	Referral Process and Equity
Increase in amount of FBA PIP request from teachers	Educators have different "thresholds" for what they consider "disrespectful/disruptive behavior" based on a student's disability	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	83.5%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve timely and complete progress monitoring by a 11.5% Increase, from 83.5% to 95%, as measured by SESIS Annual Goal Progress Monitoring Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Create a progress monitoring calendar with non-negotiable check-in dates

Root Cause Addressed:

Some teachers and/or related service providers did not complete required progress reports on time or at all.
Teachers need extended time to complete quality IEP's.
Timely feedback to teachers and RS providers

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create a schedule and share with case managers
Develop appropriately rigorous standards-aligned annual goals
Teachers will utilize their PROSE PD periods for completion of IEPs
Develop a system where teachers are receiving timely feedback from related service providers and vice versa

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Conduct quarterly "SESIS Labs" where Special Education teachers and Service Providers (OT/PT/Speech) have dedicated, facilitated time to input data

Develop a Standardized Progress Monitoring Tool (e.g., Good to Go) that aligns classroom-based evidence (running records, math assessments) directly to specific IEP goal criteria.

Establish a Monthly "Health Check" Schedule where the Centrally Funded IEP Teacher reviews the SESIS "Draft" progress reports 15 days before the due date

Allot time for a Peer Review Protocol during grade-level meetings where teachers "cross-check" one another's progress monitoring entries for quality and data-backed evidence.

Teachers will closely monitor their data looking for gradual progress to adjust their small groups instruction more frequently

Provide parents with a clear trajectory of their child's growth during Parent-Teacher Conferences,.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Timely invites with flexible arrangements, based on family need	Special EDucatio Teacher, Related Servoce Providers, Centrally Funded IEP Teacher

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier II ELA	ELA data both formal/ informal assessment and teacher observation and anecdotal record.	Phonics for Reading/UFLI	Small group instruction, no more than 8 students 3 times per week for 30 minutes	During school	No
Tier II Math	Math Data both formal/ informal assessment and teacher observation and anecdotal record.	Bridges Intervention	Small group instruction, no more than 8 students 3 times per week for 30 minutes	During School	Yes
Tier III	ELA/Math State Test Data	Sound Partners/Magnetic Reading	Small group instruction, no more than 5 students 5 times per week for 30 minutes	During School	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Teacher observation and anecdotal record and data from classroom behavior systems put in place during Tier 1	Daily morning check-ins	1 or 2 students will be classroom monitors and assist teacher of their choice.	During Lunch or periods	No
Tier 2	Students who show difficulty socializing and in settling back into school routines.	Monitoring social interactions and how students respond to teacher feedback and correction.	small group or 1 on 1 depending on severity of student in crisis.	During Lunch or periods of high stress.	No
Tier III	Teacher observations, anecdotal record and data from classroom behavior systems put in place during Tier 1 and continued Tier 2.	At-risk counseling with social worker, psychologist or school guidance counselor	small group or 1 on 1 depending on severity of student in crisis.	During Lunch or periods of high stress.	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

School Website: Our school website features a dedicated section explaining MTSS, its purpose, and an overview of the different tiers of support. This serves as a readily accessible resource for all families.

Parent Information Nights/Workshops: We host informational sessions at the beginning of the school year or as needed to explain the MTSS framework, the types of supports available, and how families can partner with us.

School Newsletter/Emails: Regular updates and reminders about MTSS, including general information about interventions, are shared through our school newsletters and email communications.

Specific Communication for Students Receiving Tier 2 or 3 Supports:

When a student is identified as needing Tier 2 or Tier 3 academic support, families receive individualized communication to ensure they understand the specific interventions their child will receive.

For Tier 2 Academic Supports (ELA & Math):

Initial Notification Letter/Email: Families will receive a formal letter or email outlining that their child has been identified for Tier 2 support. This communication will include:

An explanation of what Tier 2 support means.

The specific subject area (ELA or Math) the support will address.

A brief overview of the program being used (Phonics for Reading/UFLI for ELA; Bridges Intervention for Math).

Details about the frequency and duration of the small group instruction (3 times per week for 30 minutes).

Information about the small group size (no more than 8 students).

Reassurance that these interventions take place during the school day.

Invitation to discuss further with the teacher or intervention specialist.

Parent-Teacher Conferences: During scheduled parent-teacher conferences, the classroom teacher will discuss the student's progress, the rationale for Tier 2 placement, and the specific data (both formal/informal assessment, teacher observation, and anecdotal records) that informed the decision. They will also explain how the chosen program will address specific learning needs.

Progress Reports/Communication: Families will receive regular updates on their child's progress within the Tier 2 intervention. This may be through:

Specific sections on report cards indicating participation in Tier 2 supports.

Interim progress reports from the intervention specialist or classroom teacher.

Informal communication (emails, phone calls) as needed to share successes or discuss any emerging concerns.

For Tier 3 Academic Supports (ELA/Math):

Formal Notification and Meeting: Due to the intensified nature of Tier 3 support, families will receive a formal notification letter and will be invited to a dedicated meeting with relevant school staff (e.g., classroom teacher, intervention specialist, school administrator, guidance counselor if appropriate). This meeting will cover:

A comprehensive explanation of Tier 3 support and why it is being recommended.

A detailed review of the student's data, including State Test Data and other formal/informal assessments, teacher observations, and anecdotal records that informed the decision for Tier 3.

Specifics of the intervention program (Sound Partners/Close Reading).

The increased intensity of the intervention: small group instruction (no more than 5 students), 5 times per week for 30 minutes.

Clarification that these interventions occur during the school day.

Discussion about specific learning goals and how progress will be monitored.

Opportunity for families to ask questions and provide input.

Regular Progress Monitoring and Communication: Families will receive frequent and detailed updates on their child's progress in Tier 3. This will include:

More frequent, individualized progress reports from the intervention specialist.

Scheduled check-in meetings or phone calls to discuss ongoing progress, celebrate achievements, and address any challenges.

Discussion during parent-teacher conferences specifically focused on Tier 3 intervention outcomes and next steps.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Parents will receive information through f ormal Communication Channels:

Report Cards: Regular report cards (November, March, June) will include grades for core subjects and may have a section indicating participation in Tier 2 or Tier 3 interventions.

Progress Reports: (January/May) For students in Tier 2 or Tier 3, will have a seperate section indicated on their progress report. These reports will detail:

The specific intervention program (e.g., Phonics for Reading, Bridges Intervention, Sound Partners).

The skills being targeted.

Data on the student's progress towards specific goals (e.g., progress monitoring graphs, scores on specific

assessments).

An explanation of whether the intervention is effective, needs adjustments, or if the student is ready to transition to a different tier of support.

Parent-Teacher Conferences: For Tier 2, the classroom teacher will explain the intervention, share relevant data (formal/informal assessments, teacher observations, anecdotal records), and discuss home support strategies.

For Tier 3, parents will have a more comprehensive with the classroom teacher and the intervention specialist, and possibly an administrator or school psychologist if needed to review diagnostic data, discuss the individualized plan, and set clear goals.

Formal Letters/Emails: Initial notification of a student's placement in Tier 2 or 3 will be sent via formal letter or email, explaining the intervention, its duration, and what to expect. Subsequent formal communications may include updates on significant changes or transitions.

Emails: Teachers and intervention specialists often use email for quick updates, to share positive news, or to address minor concerns. This allows for asynchronous communication that fits busy parent schedules.

Phone Calls: Personalized phone calls are valuable for more immediate or sensitive discussions, to clarify information, or to simply check in on a student's progress. Teachers may schedule calls to share both positive news and discuss areas for growth.

Individualized messages to parents about their child's daily progress, assignments, or behavior.

Access to grades and attendance records.

A secure way for parents to message teachers directly.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Formal Meetings:

Dedicated MTSS/Tier 3 Meetings: As mentioned, families are invited to a formal meeting when a student is placed in Tier 3. This meeting is not just for notification but for collaboration. This is the primary forum for shared decision-making.

Discussion of Data: During the meeting, school staff (including teachers and intervention specialists) will present and discuss all relevant data, such as State Test scores, Acadiance, and/or IReady progress monitoring data, and formal/informal assessment results. Families are encouraged to ask questions about the data and its interpretation.

Collaborative Goal Setting: Families and school staff work together to set specific, measurable, achievable, relevant, and time-bound (SMART) goals for the student. These goals are based on the data and the student's needs.

Input on Intervention Plans: Families provide valuable insights into their child's learning styles, strengths, and challenges at home. This information helps school staff tailor the intervention plan (e.g., specific programs like

Sound Partners or Close Reading) to be more effective.

Decision on Next Steps: Decisions about a student's progress and next steps are made collaboratively. This includes whether to continue the intervention, adjust the intensity, or consider a transition to another level of support.

Ongoing Communication and Feedback:

Frequent Progress Updates: Families receive frequent and detailed updates, often weekly or bi-weekly. These updates are crucial for continuous dialogue about the intervention's effectiveness.

Sharing Observations from Home: Families are encouraged to share their observations of the student's progress and challenges in home settings. This feedback is critical for the school to understand if the skills learned in the intervention are generalizing to other environments.

Open Communication Channels: Families should feel empowered to reach out to the intervention specialist or teacher at any time with questions or concerns. Whether through email, phone calls, or school communication apps, an open line of communication is vital.

Home-School Collaboration:

Reinforcing Strategies at Home: School staff will often provide families with strategies or activities to use at home to reinforce the skills taught during the intervention. This collaboration amplifies the intervention's impact.

Celebrating Progress Together: By sharing both successes and challenges, families and the school can celebrate a student's progress and work together to overcome hurdles. This shared responsibility fosters a supportive and consistent environment for the student.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

83

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

23% Chronic Absenteeism population transient

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Counseling to students and parents
School Supplies and Uniforms
Communication with Instructional leads from the Shelter
Bussing for students
Referrals for different resources
Attendance support

The family works with the parent coordinator and STH Bridging the Gap Social Worker. They ensure that the needs of parents are effectively communicated. Our parent coordinator will be the support for communication between parents and teachers or staff when needed. Often times our parents need technology assistance, and our parent coordinator supports with those issues.

The Bridging the Gap Social worker is in constant communication with instructional leads from the shelter, as well as parents that are doubled-up. He supports parents with uniforms and school supplies throughout the year. As part of the attendance teams he supports with bussing, attendance, and referrals for external support services for families.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Five students are currently in foster care.

Social Worker—counseling provided
School Counselor—counseling provided
Academic screening to access level
AIS if needed
Collaboration with agency
Referral if appropriate.
Buddy system if the child is new to the school
Ensure student makes a connection to staff and students
Provide a schedule to create a sense of stability
Share details and events that the school participates in.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

When a student is placed in foster care, they are serviced by our school social worker and school counselor. The social worker and guidance counselor are in contact with the foster care agency and foster parents to support the transition. This immediate connection with a staff member can provide a sense of security to the student and limit feelings of negativity and isolation.

The social worker and guidance counselor work to help students build self-esteem and foster healthy relationships with peers and adults. The use of daily check-ins supports students in developing positive social and emotional

skills as well as self-awareness, which helps students navigate their personal and academic goals and challenges. The school counselor and social worker collaborate to create a positive school climate that creates a sense of belonging for students that have been placed in foster care. The support staff assesses the need for clothing, transportation, and academic support.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

In order to improve the academic performance, attendance, and achievement of students in foster care, a wraparound system of support is required. Transportation is frequently an issue when students are placed in foster care, and students miss school because of transportation issues. For a student to succeed and feel like they belong, services must be implemented right away.
It is crucial to get to know the students to be able to meet their needs and identify a baseline of their academic and social-emotional well-being to establish a plan of action.
By creating a wraparound approach including behavior, social and emotional well-being, and academic support, as well as clothing and transportation, it reduces the feelings of isolation and abandonment and can increase the students' chances of success.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Identification and support are immediately provided upon placement for all students in foster care. Additionally, students in transition grades such as pre-K and 5th are carefully monitored to ensure necessary skills are acquired and/or applications to middle schools are completed for each student.
Collaboration with the foster care agency and foster parent to assess transition and needs is ongoing with the support of a social worker and/or school counselor. SEL is part of our curriculum, and students are monitored by their teachers for behavior and/or verbal responses. When additional SEL is needed, referrals can be made to the foster care agency with the support of the parent if appropriate. By providing these supports, the students' emotional well-being and academic progress are monitored to avoid students' grades falling and feelings of isolation and/or developmental behavior challenges.,

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 49X will support parents and family members of Title I students by:
• providing materials and training to help parents work with their children to improve their academic achievement level, e.g., literacy, math and use of technology; (Monthly workshops)
• providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children; (Parent Coordinator, Partnership with Healthy and Ready to Learn, Guidance Counselor)

• fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
• providing assistance to parents in understanding City, State and Federal standards and assessments;
• sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
• providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community; (Monthly Principal Meeting)

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
• actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
• engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
• ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
• support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
• maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events; (Workshops for Academic achievement, SEL, Mental Wellness)
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 49X, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

During the 2021-2022 school year, teachers will participate in ongoing professional development on effective ELL strategies and practices on designated dates, as well as meetings to help plan and support ELL learning. This PD will be available to our bilingual teachers, ENL teachers, as well as monolingual teachers who have a high concentration of ELLs in their classrooms and provided in house. It is designed to help teachers develop stronger language objectives and techniques. The training will occur from November
2021 to June 2022, for a total of 14 sessions that will last 60 minutes once a month. Teachers will also receive supplies and materials to implement the program.

Additionally, all teachers will be offered professional development workshops, such as those offered during the school day by the Division of Multilingual Learners and Bronx Borough Office, as needed to ensure thorough training and support. Furthermore, teachers will also become more familiar with the Next Generation Learning Standards. Professional Development will be offered by in house pedagogues who have received outside professional development. The ENL liaison/point person will turn-key all professional development to members on the ENL team.

For the 2021-2022, year we are focusing on topics such as:
English Language Literacy, Visual Arts a nd the Common Core
Response to Intervention
Collaboration and Co-teaching: Strategies for English Learners
Implementing the Estrellita Program
Unpacking the TOMS and the NLAP
Strengthening Language a nd Mathematical Competence in the classroom
Unpacking the NYSESLAT-Next Steps
Planning a nd Preparation for ELLS
Questioning Techniques in the Classroom: Engaging our ELLs
Text Based Discussions In the Classroom To Engage ELLS
The intake process for clerical staff
We keep a record of all professional development sessions attended by our staff, including maintaining copies of attendance records, agendas and topics provided throughout the year. Pleas e note that some of the sessions consist of a series of works hops whereas others consist only of one works hop.
This PD will be offered remotely through Microsoft teams or in person.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Prospective family visits—families considering enrolling their children are invited to visit PS49X for a tour. During this tour, families learn of our approach to teaching and learning (philosophy), see our learning environments, meet our teaching staff, and have opportunities to have their questions answered. The goal of this visit is to make sure that PS49X is a "good fit" for their child.

Kindergarten Kickoff—we use an orientation checklist to make sure the enhanced orientation is complete. The orientation includes: a tour of the building, showing children where their classroom is is, meeting teaching staff, playing in their classroom with peers and teachers, conversations between parents and teachers and between children and teachers, learning more about the PS49 policies and practices, learning drop-off and pick-up procedures, and much more. Teachers use this as an opportunity to speak with parents about a child's first day and talk about how we will help the parent and child with common separation issues. The goal of orientation is to help children and families feel comfortable and part of the PS 49 community and ease the child into their first day of attendance.

Family information sheet—when a family chooses to enroll, we provide the parents with several forms to complete. One form is a "Family Information Sheet." This four-page document provides parents the opportunity to tell us all about their child and their family. From this sheet we learn about child interests, typical guidance approaches, family dynamics, health history, etc. After this form is returned the information provided is shared with the teacher and any service provider that will support the student teachers of the room, read the form as a means of getting to know the child and family better. A copy is put into the classroom binder, and the original is placed in the child's file in the office.

Family Handbook—upon enrollment parents are provided with a comprehensive Family Handbook. This handbook clearly explains the schools purposes, policies, and procedures. The purpose of the handbook is to help the parent transition into the culture of PS 49 with a clear understanding of how the school operates. Choosing an elementary school is an important task and we use our Handbook as one way of telling families all about who we are and what they can expect at our school..

- New family welcome—teachers warmly welcome new (and continuing) children into the classroom with a well prepared learning environment and warm interactions. Teachers help children who may be having a difficult time separating by speaking calmly to them, helping them get involved in activity, singing to them, listening to them, or looking at a family picture from home.

Students in our preschool program will have scheduled visits beginning in May 2022 to the kindergarten dual language classroom to meet the teacher and engage with kindergarten students.

Kindergarten teacher visits to the preschool classroom to introduce herself to pre kindergarten (already enrolled) students and meet with them monthly to familiarize herself with students..

There will be a series of three workshops planned for networking for parents of our pre kindergarten students

Pre Kindergarten teachers will support kindergarten team during planning session and use end of year data to plan for September 2021

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$529.502	x	ELA, Math, SEL, IEP, ENL. Chronic Absenteeism
Title I, School Improvement 1003(a)	Federal	n/a	n/a	n/a
Title II, Part A	Federal	$60,515	x	ENL (ELA)
Title III, Part A	Federal	n/a	n/a	n/a
Title III, Immigrant	Federal	$12,000	X	ENL
Title IV, Part A	Federal	$7,162	X	ELA/Math
Tax Levy	Local	$4,333,771	X	ELA, Math, SEL,

(Fair Student Funding)				IEP, ENL. Chronic Absenteeism

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Monica Brock-Walker
Assistant Principal (Where Applicable)*	Rachel Merriman
English as a New Language (ENL) Teacher*	Angela Berkoe
Teacher (if school has a bilingual program must be a bilingual teacher)*	Evelyn Diaz
Parent/Guardian*	Gregoria Silva
Bilingual Teacher (Math)	Jeanette Vasquez
Parent Coordinator	Carlos Sosa
School Counselor	Lisa Donato
Related-Service Provider	Mariana Peralta
Coach	Diana Rodriguez
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

399

Total number and percentage (%) of current ELLs:

83 ELLs 20.80%

Total number and percentage (%) of former ELLs:

9 Former ELLs 2.26%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

16 Newcomers 4%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

67 Developing ELLs 16.80%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 SIFE 0.5%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

25 ELLs with IEP 6.3%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0	0	0
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0	0	0
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0	0	0
DLBE	GE	Spanish	2016	1	1	1	1	1	1	0	0	0	0	0	0	0	6
DLBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0	0	0
DLBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0	0	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone English as a New Language (ENL) programs are provided by certified ENL teachers for students in grades K–5. These students are placed in heterogeneous groups within general education, Integrated Co-Teaching (ICT), or self-contained special education classrooms. ENL teachers then group students both heterogeneously and homogeneously to ensure that state-mandated service minutes are met based on each student's English proficiency level. Specifically: Entering ELLs receive a minimum of 180 minutes of stand-alone ENL instruction per week. Emerging ELLs also receive a minimum of 180 minutes per week. Stand-alone ENL services are delivered in small-group settings within the ENL department office. Instruction is designed to integrate the ELA content-area Next Generation Learning Standards with the NYS Targets of Measure, ensuring rigorous and targeted support for all MLLs/ELL students. Instructional focus areas include: Phonics and phonemic awareness, Vocabulary development, Reading and writing strategies, Guided reading and writing. Most lessons are guided using SIOP (Sheltered Instruction Observation Protocol) model strategies, incorporating hands-on activities, visual supports, scaffolding techniques, and development of higher-order language skills. To ensure ENL instruction aligns with grade-level and content-area learning, teachers use shared Google Drive folders organized by grade level. These folders contain co-planning materials and instructional resources. The school employs two certified ENL teachers, each serving a grade band (K–2 and 3–5). They provide both stand-alone and integrated ENL instruction to all ELL students, including those in general education classrooms and those with disabilities in ICT and self-contained settings across all grades.

During stand-alone instruction, the ENL teacher provides the required 180 minutes of service to students at the Entering and Emerging proficiency levels. These students are grouped in small cohorts of five or fewer, based on both their grade level and English proficiency level, to ensure targeted language support. These students receive daily instruction, and those requiring 360 minutes of service are supported both through push-in and pull-out models to meet their language needs. ENL instruction emphasizes oral language development, reading comprehension, and vocabulary acquisition. The teacher integrates both literary and informational texts into instruction, focusing on building academic vocabulary and deepening comprehension skills aligned with grade-level content.

Integrated ENL:

Integrated ENL (English as a New Language) instruction is delivered by certified ENL teachers in grades K–5. Students are placed in heterogeneous groups within their general education, ICT (Integrated Co-Teaching), or self-contained special education classrooms. ENL teachers then form both heterogeneous and homogeneous groupings as needed to meet the required service minutes based on students' English proficiency levels. The required minimum minutes of integrated ENL instruction per week are as follows:

Entering ELLs: 180 minutes of Integrated ENL/ELA
Emerging ELLs: 180 minutes of Integrated ENL/ELA

Transitioning ELLs: 180 minutes of Integrated ENL/ELA
Expanding ELLs: 180 minutes of Integrated ENL in a Core Content Area
Commanding ELLs: 90 minutes of Integrated ENL in ELA or a Core Content Area (or other approved Former ELL services for two additional years)
ENL instruction is provided in small-group settings within the students' regular classrooms. Lessons are developed and delivered by ENL teachers using a curriculum that integrates the New York State Next Generation Learning Standards with the NYS Targets of Measure for English Language Learners. Instruction is rigorous and scaffolded to meet the diverse learning needs of ELL students.
A majority of instruction utilizes SIOP (Sheltered Instruction Observation Protocol) model strategies, which include: Hands-on activities,
visual supports, background knowledge building, explicit vocabulary instruction, scaffolded content, development of higher-order language skills. ENL teachers align their content objectives and targeted language skills with the classroom teachers' lessons to ensure that ELLs can access grade-level content in both subject matter and language. Differentiation in ENL instruction can be observed in the level of scaffolding, additional language development activities, and tailored instructional techniques. To support collaboration and consistency, the school maintains shared Google Drive folders by grade level, containing all necessary co-planning materials for ENL and classroom teachers.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Dual Language Program serves students from Pre-Kindergarten through Grade 5, with one dual language class offered at each grade level. All dual language classrooms are led by certified bilingual teachers. Student placement in the program is determined by eligibility criteria and parent preference. Within each classroom, students are grouped heterogeneously; however, small-group instruction is typically organized into homogeneous groups to better target specific learning needs.

Students in the program represent a full range of English language proficiency levels, including Entering, Emerging, Transitioning, Expanding, and Commanding. Typically, Entering and Emerging students are grouped together to receive focused small-group instruction, with language supports integrated into content lessons. The remaining students are grouped together according to their proficiency levels.

Instruction is aligned with both the New York State Next Generation Learning Standards and the NYS Bilingual Next Generation Learning Standards, ensuring a rigorous, standards-based curriculum that addresses both content and language development. The dual language model implemented is a stand-alone model for Kindergarten through Grade 5, utilizing a 50/50 approach. Instruction alternates daily between English and Spanish. In Grades K–2, students receive phonics instruction in both English and Spanish on a rotating basis, with emergent literacy taught simultaneously in both languages.

The majority of instruction is guided by the SIOP (Sheltered Instruction Observation Protocol) model, incorporating strategies such as hands-on learning, visual supports, background building, explicit and embedded vocabulary instruction, home language integration, scaffolding, and the development of higher-order language skills.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At our school, the organization and deployment of instructional staff are strategically designed to ensure that all English Language Learners (ELLs) receive the mandated number of instructional minutes in accordance with their English language proficiency levels, as outlined in CR Part 154. ENL Services for Non-Dual Language Students (Grades K–5). Our English as a New Language (ENL) teachers support K–5 ELLs who are not enrolled in the Dual Language program, including students in general education, Integrated Co-Teaching (ICT), and self-contained classrooms. Entering and Emerging Levels: These students receive a total of 360 minutes of ENL instruction per week—180 minutes in an integrated ENL setting and 180 minutes in a standalone ENL setting. Transitioning and Expanding Levels: These students receive 180 minutes of integrated ENL instruction per week. Commanding Level: Students at this level receive a minimum of 90 minutes of transitional support services per week for two years following their attainment of Commanding status.
All instruction is differentiated based on students' proficiency levels to meet their linguistic and academic needs effectively. To support collaboration and effective co-planning, our school maintains shared Google Drives where all instructional materials are accessible to both classroom and ENL teachers. This ensures alignment and consistency in instructional delivery across all service models.

Dual Language Program Instruction
In the Dual Language classrooms, certified bilingual teachers provide instruction in both English Language Arts (ELA) and Home Language Arts (HLA). ELA instruction focuses on developing listening, speaking, reading, and writing skills in English, integrated within content areas and supported with scaffolds as needed. Simultaneously, these same language modalities are developed in Spanish through content-based instruction.

Instruction alternates daily between the two languages:

English Day: All instruction is delivered in English, across all content areas, with intentional focus on language development and appropriate scaffolding.
Spanish Day: All instruction is conducted in Spanish, targeting the same academic and linguistic goals, with necessary supports tailored to students' language needs.
This structure ensures balanced language development and content mastery in both English and Spanish.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

To ensure equitable and effective language instruction, our program provides English as a New Language (ENL), English Language Arts (ELA), and Home Language Arts (HLA) instructional minutes according to students' English proficiency levels and program models.

ENL Services:

Entering and Emerging Levels: Students receive a total of 360 minutes of ENL instruction per week:
180 minutes in an integrated ENL setting, where language instruction is embedded within content areas.
180 minutes in a standalone ENL setting, focused solely on language development.
Transitioning and Expanding Levels: Students receive 180 minutes of integrated ENL instruction per week, embedded in content-area classes.
Commanding Level: Students receive at least 90 minutes of transitional support services per week for two years, to ensure continued academic success as they exit the ENL program.
Instruction is differentiated by English proficiency levels in accordance with Commissioner's Regulation (CR) Part 154. Dual Language Program:

In the dual language model, certified bilingual teachers deliver instruction in both English and the students' home language (Spanish).

Small Group Instruction: Teachers pull small groups to focus on developing listening, speaking, reading, and writing skills in English, with home language support as needed.
Home Language Arts (HLA): The same language modalities are explicitly taught in Spanish during content instruction.
Instructional Schedule:

Alternating Days:
One full day of instruction is delivered entirely in English across all content areas, with targeted language modality development and appropriate scaffolds.
The following day, instruction is delivered entirely in Spanish, also targeting the four language modalities and including necessary scaffolds.
This alternating approach ensures balanced and systematic development of academic language proficiency in both English and the home language, promoting bilingualism and biliteracy for all students.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

We utilize a two-way, side-by-side Dual Language (DL) model that integrates English proficient students, former English Language Learners (ELLs), and current ELLs together in the same classroom for 100% of the instructional day.

Our DL teachers are departmentalized by content area and work in grade-level pairs. Each teacher is responsible for two consecutive grade levels (e.g., K–1, 2–3, or 4–5) and specializes in two core content areas—either English Language Arts (ELA) & Social Studies or Math & Science.

For example, in the Kindergarten–1st grade DL team:

One teacher teaches Math and Science to both Kindergarten and 1st grade students.
The partner teacher teaches ELA and Social Studies to the same students.
This structure is mirrored in the 2nd–3rd and 4th–5th grade DL classrooms, ensuring consistency, specialization, and deep content expertise within a collaborative teaching environment.

b. In which language(s) is each core content area taught?

The core content is delivered in both English and Spanish, alternating by day. On one day, all subjects are taught in English; on the next, all subjects are taught in Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomer ELLs make up 81.9% of the total ELL student population at PS49X. Effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs by integrating foundational literacy skills within daily content lessons. To be more specific within each program: Dual Language/ENL creates small, data-driven guided groups of newcomers (in all content areas) to target the needs of the students to succeed in the classroom in both language and literacy. Dual Language/ENL teachers also pre-teach pre-requisite skills to help build students' abilities up towards meeting grade-level standards. All daily lessons, regardless of content area, include both a language and content target (objective) to ensure that language and content are being taught simultaneously, so that teaching and learning is inclusive for newcomers. In order to guide their instruction, teachers also use informal and formal assessments of foundational skills to determine next steps of instruction. ENL teachers provide services to newcomers within the classroom and within the ENL office/classroom, depending on the students' English Language proficiency level. ENL teachers regularly confer with classroom teachers to align their instruction, in order to ensure that students simultaneously learn both content and language. ENL teachers and Dual Language teachers consistently use ELL scaffolds within each lesson such as visuals, Total Physical Response (TPR), sentence starters and frames,
modifying texts and graphic organizers. Additionally, all lessons include both a learning and language target, and lessons are aligned to both the NGLS and the Targets of Measurements (TOMs). The instructions integrates all modalities of language - speaking, listening, reading and writing - in every lesson. Both ENL and Dual Language teachers provide a range of differentiation in activities, questions, expectations for oral group or group participation (e.g., group roles, differentiation of question types by English Language proficiency level), to align to the abilities and expectations of newcomer, developing, and long-term ELLs. Scaffolds may be built-in or removed from the varying tiers of differentiation, in order to align to the abilities of all groups of ELL students.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

2.4% of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE). In both our Dual Language and ENL programs we differentiate effective instruction for SIFE students by activating their prior knowledge to know

what information our students have and linking new information to what they already understand. Providing lots of visuals that corresponds to the text such as; maps, charts, signs, posters with motivational phrases, the alphabet in print and script. Also including appropriate text that are written at basic reading levels, high interest/low ability books, native language materials, and bilingual glossaries to help provide a print rich environments for our SIFE students. We also engage students in hands-on learning so they feel physically involved. We provide multiple opportunities to demonstrate understanding and giving frequent checks for communication, also increasing our wait time to give students extra time to process the question, think of the answer, and then find the words they need in English.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0.0% of ELLs are long-term ELLs. Effective services for Long-Term ELLs are currently not applicable. For our current population, our primary focus at this time is to prevent our developing ELL student population from turning into LongTerm ELL students by providing them additional support with the ELL teacher through usage of small group instruction, and additional 6-8 week cycles of RTI support in research-based programs such as LLI, SPIRE, etc. These students are also targeted for direct instruction in after-school programs as well as Saturday Academy. If in the event that there is a population of Long-term ELLs in our school, we plan to utilize the following instructional materials for effective services: leveled reading materials, decodable readers, anchor charts, graphic organizers and mind maps, paragraph
and sentence frames, tactile-learning tools/activities (e.g., manipulative, checklists, visuals, realia, and student friendly-rubrics. Technology materials will be utilized that provide individualized instruction based on assessment data that include i-ready, nearpod, and IXL. Additionally, the Long-Term ELLs will be presented with content and materials based on their reading level so they can absorb a maximum amount of comprehensible input, without reaching a frustration level, but also pushing them into next levels in terms of content and language.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The percentage of former ELLs at our school is 2.8%. Students that are former ELLs in the dual language program are serviced by their bilingual-certified, dual language teachers. Students that are former ELLs outside of the Dual Language program (General Educations, ICT, or Self Contained) are serviced for 90 minutes a week by a certified ENL teacher in an integrated ENL setting.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

All at-risk levels that might adversely affect ELLs at our school are newcomer (81.9% of our ELLS). ELLs who didn't demonstrate sufficient English Language Proficiency (ELP) progress as of the 2024 NYSESLAT (48.2% of our ELLs), followed by ELLs in temporary housing (36.1% of our ELLs), ELLs who scored level 1 or 2 last school year in math (14.5% of our ELLs), ELLs who scored level 1 or 2 last school year in ELA (21.6% of our ELLs). Other at-risk indicators present in our ELL population are below 10%. Overall, at-risk levels of ELLs show trends of slower progression toward proficiency because of the adverse effects that the at-risk indicators pose on student learning. While reading skills show improvement, writing, followed by speaking and listening. ELLs who are at risk in our school receive small-group instruction and additional scaffolding and support in the classroom, RTI, and if available, students can attend, before, after, and Saturday school for remedial support to develop language proficiency (and content learning).

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

All at-risk indicators that might impact our former ELLs at our school may be struggling with content area subjects after they exit the program and also challenges with academic tasks, such as understanding complex vocabulary, idioms, and figurative language in English texts. Other at-risk indicators present in our ELL population are below 20%. The trends that I notice about the at-risk levels of former ELLs at our school is that may still have underdeveloped literacy skills in both their native language and English, hindering their academic progress.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

When excluding the students with English as a home language, the home language among the ELL population represented at PS49X is approximately 77 students in grades K through 5 are Spanish speakers, 2 students speak Soninke, 2 students speaks Mixtec, 1 student speaks Bambara and 1 students speaks Arabic. Thus, the largest home language subgroup represented in our school among the ELL population is Spanish. Our school has 6 Spanish bilingual-certified classroom teachers that are currently teaching in a dual language classroom (Kindergarten through grade 5), 4 Spanish teachers in a transitional bilingual classes (K-1) and 1 Spanish bilingual-certified teacher teaching in a dual language mirroring pre-K (4-K) classroom.
Additionally, our school also has 2 Spanish bilingual secretaries, 3 Spanish bilingual school aides, 2 Spanish bilingual family workers, 1 Spanish bilingual school psychologist, 1 Spanish bilingual social worker, 1 Spanish bilingual (pre-k) family assistant, 1 Spanish bilingual parent coordinator, 1 Spanish bilingual SETSS teacher, 1 Spanish bilingual Speech teacher, and a few classroom teachers and paraprofessionals with a variety of Spanish bilingual proficiencies (e.g. working- knowledge, proficient, and fluent). All aforementioned staff help to support communication with ELL students and families and learning that values their home languages. Further, students and their families are able to communicate their concerns, resolve problems, or clarify understandings or misunderstandings with the school,
teacher, etc. through the teachers themselves or support staff. Our school utilizes the Language access provided by the DOE for translation and interpretation for the parents of our Students who speak Soninke, Mixtec, Bambara and Arabic.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs at our school are American Indian or Alaskan Native Hispanic, BlackHispanic and Non-Hispanic, Multiracial, and White Hispanic and Non-Hispanic descent. The CR-SE framework helps educators create student-centered learning environments that: affirm racial, linguistic and cultural identities; prepare students for rigor and independent learning; develop students' abilities to connect across lines of difference; elevate historically marginalized voices; and empower students as agents of social change. ELLs at PS49X are considered and included in the planning and delivery of Culturally Responsive and Sustaining Education. In planning and preparation, our teachers consider their students' cultural backgrounds when planning instruction (e.g., culturally responsive activities and texts). Additionally, all events and activities include ELLs/MLLs and their families, such as the School Leadership Team's events and other grade or school-wide events. Finally, our school regularly celebrates our students' cultural backgrounds by hosting celebrations, making morning (school intercom) announcements commemorating cultures and historical peoples of different cultures (e.g. Black and Hispanic history month), and put on performances and shows organized by our school's arts department that reflect

students' cultures and recognize cultural diversity in our community. These initiatives help to teach about and reinforce the importance of our students' cultural identities.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The trends that I notice in reviewing English Language Proficiency (ELP) growth at our school is that English Language proficiency scores has remained the same. Majority of the students in grades 4 and 5 performed very well on the speaking modality. Students in grades K through 3 did not meet the ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the EDAT, there are several trends that stand out in strengths and needs across different grade levels and modalities. First, the most visible trend is that speaking is a strength when considering all ELLs across grade levels in PS49. Specifically, this modality was the strongest in grades 4-5, based on the 2023 and 2024 Spring NYSESLAT. In terms of the needs/weakest modality, our ELLs as a collective whole struggle most with writing, following by reading, then listening. This trend may be due to speaking and writing being productive modalities, which our newcomers seem to struggle more with, in contrast to listening and reading (receptive modalities).

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

There are some correlations that can be seen between students' performance on the NYSESLAT and the ELA state test. When referencing the results of the 2024 Spring NYSESLAT and the grades 3-5 ELA test results, 10 ELLs received a 1 on the ELA, 7 ELLs received a 2 on the ELA, and 6 ELLs received a level 3. To be precise, 1 entering ELL received a level 1, 3 emerging ELLs received a level 1, 3 transitioning ELLs received a level 1, and 3 expanding received a level 1. 3 expanding ELLs received a level 2, 2 transitioning received a level 2, and 6 commanding ELLs received a level 3 on the ELA state test. Based on these results, generally the higher the NYSESLAT score, the higher the ELA score they receive. When referencing the results of the 2024 Spring NYSESLAT and the grades 3-5 math test results, 6 ELLs received a level 1 on the math test, 6 ELLs received a level 2, 11 ELLs received a level 3, and 5 ELLs received a level 4. More specifically, 2 entering ELLs received a level 1, 2 emerging ELL received a level 1, 1 transitioning received a level 1, 1 entering received a level 2, 2 emerging received a level 2, 3 transitioning received a level 2, 9 expanding received a level 2, 2 expanding ELL received a level 3, and 1 transitioning received a level 3, 2 commanding received a 3, 3 commanding received a level 4. Overall, the higher the NYSESLAT proficiency level, the higher the Math scores based on the fact that students at commanding were able to get levels 3, and 4 on the Math state test. The regents exam is not an applicable data for our students as ELLs in grade 3-5 do not take this exam.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

With reference to the trends reflected in the 2024 NYSESLAT results, ELLs with IEPs exhibit that they do not show great growth from year to year. Our ELLS with IEPs range from entering to commanding in proficiency level, with 1 entering, 2 emerging, 5 transitioning, 2 expanding, and 2 commanding. As for SIFE ELLs, we had 1 SIFE students

during the administration of the 2024 NYSESLAT. Patterns show that some of the struggles that our ELLs with IEPs face include but are not limited to decoding, encoding, and comprehension. These skills align with the disabilities that our ELLs with IEPs have. For those students struggling with decoding, who do not receive test-read as an IEP accommodation, they will also struggle with comprehending the text, as meaning is inaccessible when the students cannot read the words. This aligns with the observation that ELLs with IEPs in our school tend to score lower in all modalities. It can be noted that our students with IEPs tend to have lower F&P reading levels and scores on school based assessments. Reading below grade-level adversely impacts the test results.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provide ELLs with a high-quality academic experience that leads to deeper thinking by creating differentiated instructions to engage students in active learning according to the individual needs, we also group our ELLs with a combination of whole group, small group, and individual instruction which allow teachers to create flexible groups that meet students' individual needs. Students are also actively engaged during instruction to help them reach multiple opportunities to respond and ample time to practice skills.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership Team (ILT) considers MLs/ELLs in a multitude of ways. Firstly, the ILT ensures that school-wide best-practices and protocols are being used by all teachers, including all classroom teachers (e.g., general education, special education, and all grade levels), ENL teachers, and related/special education service providers. The goal, as set forth by the team, is that all teachers at PS49 use data to deliver small-group instruction with a focus on developing students' reading and math fluency, building comprehension, and vocabulary development to increase student achievement and deepen understanding of content. The team engages in an inquiry cycle that targets incorporating the following practices to ensure effective student learning and engagement: 1. Activities and assignments are aligned to the learning and language target 2. Grouping of students is evident (based on data and/or instructional goal) 3. Students use technology to access learning materials and collaborate with peers 4. Instruction is rigorous that allows for students to struggle productively toward task acquisition 5. Student choice is apparent. During instructional walkthroughs, the team also ensures that they are providing necessary support and feedback to teachers for scaffolding instruction across content areas for ELLs, that include but aren't limited to (visual) word walls, individual/personal resources for students, visuals on or for lessons, labels in multiple languages, translators (e.g., on technology devices), and anchor charts. Furthermore, our school's instructional coaches (math, ELA, and early childhood) make sure to provide our teachers with culturally relevant pedagogy and resources.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Our school uses the following programs as guiding resources for instructional unit planning: Teacher's College, Envisions, LLI, Reading Reform, Spire, and Heggerty. In our school's dual language program, content is delivered in English and Spanish, alternating between each language each day. In other words, one full day of instruction is delivered in English, and the following day, instruction is fully in Spanish. Additionally, in the dual language classrooms, content is taught to students in small-group settings in order to differentiate lessons between different tiers or levels of students, so that content is made more accessible for each individual child. All students get an opportunity to be provided direct, small-group instruction as teachers ensure that they have a schedule in place that has been pre-planned, so that each student and/or each group gets direct instruction throughout their teaching blocks and/or throughout the teaching week. When groups are not directly being instructed by the teacher during rotating groups, they are engaged in a NGLS-aligned group or independent activity that matches the skills of the lesson that the teacher is providing instruction in. This will help to prepare them before they receive teacher instruction and to provide opportunity for additional practice post-lesson. In DL classes, content is scaffolded for all learners to access content, regardless of language proficiency levels and learning needs. Such scaffolds may include: contextualization including visual representations, schema building, text-representation, the use of metacognitive processes, teacher created and student created success criteria (checklist) and rubrics, (visual) word walls, graphic organizers, and realia. Additionally, translated versions of the lessons and curriculum are available to students as needed, and classroom libraries include both Spanish and English texts. In daily instruction, all English and Spanish language modalities are developed in the dual language classrooms through engaging activities and the use of technology such as student-led discussions, small-group opportunities (e.g. turn and talk, working in partners during guided instruction time), and pre-recordings of read-aloud on technology devices. As for the ENL program, the ENL teachers regularly norm and collaborate with the classroom general education or special education teachers. This way, the ENL teachers can ensure that their lessons utilize the best strategies that can be used to facilitate the learning of content and language, while meeting the demands of the Next Generation Learning Standards. Similar to how content and language are scaffolded for the dual language classes, ENL teachers often use schema-building, success criteria (checklists), graphic organizers, mind maps, visuals, vocabulary building exercises, word walls, and realia to make content comprehensible. Also, the language of instruction (English), both in writing and speaking, may sometimes be simplified or reworded as necessary (text modification to meet students' language or reading levels) to facilitate content learning. For ELLs at the entering and emerging proficiency level, there is a focus on phonemic awareness, phonics (decoding and encoding), and reading comprehension. Reading Reform and F&P LLI are utilized as guiding resources to help support this learning.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Instructional strategies used by teachers of all MLs (including the subgroups within such as ELLs, ELLs with IEPs, etc.) to provide access to academic content areas while also accelerating English development include SIOP features, when applicable or necessary, such as inclusion of both a learning and language objective, adapting content (comprehensible input), integrating all language modalities throughout the lesson, modeling, guided practice, realia (hand-on activities), contextualization, regular assessments, and providing various forms of corrective feedback to students. Additionally, teachers will make content presented more comprehensible by pairing visuals with text when possible, extended wait time, rewording or rephrasing of original texts, sentence starters (verbal and written), and vocabulary development (tier 1, 2, and 3). Grade-level materials that are used include a

variety of culturally-responsive literature that covers a wide-range of genres, reading skills and topics; Reading Reform; Heggerty; and Envisions Math Curriculum (English/Spanish). On an as needed basis, bilingual teachers provide translated texts for their students in Spanish. These strategies and materials help to ensure that students are learning the required skills as per the Next Generation Learning Standards for the appropriate grade-level. Technology is used throughout the day and is integrated in many activities, as each child in every classroom has their own personally-designated device (chrome book or iPad). For example, during guided practice, independent work, or as assessments, teachers will make lesson slides, graphic organizers, etc. available to students to use on their devices to complete the activity via platforms like Google Slides, NearPod, JamBoard, and Kahoot for both ELA and math. Every day, students are also required to engage in a minimum of 30 minutes of iReady lessons for both Math and ELA. As supplemental resources, students have access to IXL (Math and ELA) and Razz Kids (ELA) that can be used during centers.

b. SIFE

Newcomers need remedial, foundational skills for literacy and math such as phonemic awareness, phonics, number recognition, etc. This is even more crucial for our SIFE newcomers who not only need this explicit-instruction and small-group support, but also adequate time for exposure and practice of the aforementioned concepts and skills. SIFE students receive this support in both RTI and in small-group instruction with the classroom teachers. Additionally, for grade-level content, these students needed highly scaffolded instruction. For instruction aligned to the Next Generation Learning Standards, some effective scaffolds utilized include heterogeneous grouping (e.g. high proficiency MLLs with SIFE/low proficiency ELLs), homogenous instruction (e.g. SIFE and newcomers/low-proficiency ELLs), and planning where lessons are created with the goal of being culturally-inclusive and culturally-relevant. This can include making reference to the backgrounds and interests of our newcomer/SIFE students. Doing so will make the lesson memorable for the student which will increase likelihood of language and content retention. Additionally, newcomers have immediate access to bilingual dictionaries on their devices (e.g., Google translate including speech-to-text function).

c. Newcomers

In the dual language programs, newcomers receive small group instruction and guided groups in all content areas throughout the day. Newcomers have immediate access to bilingual dictionaries on their devices (e.g., Google translate including speech-to-text function). Students in the ENL program that are newcomers are supported both in their content classes and the ENL stand-alone classes. Within their content classes, newcomers receive modified lessons from the ENL teacher that interweaves language support into the content lesson that include, but are not limited to: visuals, L1 translations/supports, graphic organizers, word banks, sentence starters, and modification of texts. They are given tasks that are within their range of ability. They may receive highly-scaffolded activities and ask questions that may be answered with: a yes/no answer, a single word, a short-phrase, or by selecting a multiple choice answer (that may be or include visuals as opposed to full phrases and sentences). In discussions, newcomers are encouraged to agree/disagree (pre-taught accountable talk/classroom discussion routine) with another student's more elaborate oral explanations, until they are able to express more complex phrase or sentence structure. For their stand-alone classes, they receive lessons that aim to support remedial language skills including building students' BICS and CALPs vocabulary through reading lessons (aligned to the NGLS for ELA) and literacy skills (e.g. phonics (decoding and encoding), phonemic awareness, reading comprehension). Also, ENL teachers are in constant communication with the classroom teachers to ensure that instruction is cohesive, effective, and targeting skills/students' needs as per formative and summative assessments.

d. Long Term ELLs

Long Term ELLs are generally close to commanding level expectations, but need the targeted extra support in writing and development of academic (tier 2 and 3) vocabulary. In terms of writing, they are provided support such as organizers or encouraged to use mind maps to help them brainstorm and organize their writing. They then use those ideas to draft well-crafted paragraphs and essays. In terms of developing the students' vocabulary, long-term ELLs are taught strategies for determining the meaning of new (tier 2 and 3) vocabulary. For example, they are shown how to use context-clues to determine word meaning. Other times, they may be taught explicitly the meaning of words. Furthermore, they are encouraged to use academic vocabulary in both writing and speaking. For example, the language target of a writing lesson may require students to use specific vocabulary in order to meet the language goal. Additionally, it is common-practice for teachers to evaluate students' use of vocabulary in class discussions as it is often (for many of our ELL teachers to have) a component on vocabulary in discussion rubrics. Finally, long-term ELLs who are close to achieving the commanding level on the NYSESLAT will receive guidance and support in test-taking strategies as the NYSESLAT approaches in the springtime.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The school allows and provides many outlets for ELL-SWDs to achieve their IEP goals and attain English proficiency in a least restrictive environment while also being flexible in scheduling, instruction, and curriculum. For each student with an IEP, the IEP team meets to place students in the proper setting that would fulfill the students' learning and linguistic needs. The different programs at PS49 that are available for ELLs with IEPs include the self-contained special education class with IEP (e.g. speech, OT, PT, and counseling) and ENL services, the ICT class with ENL and IEP services, the monolingual general education class with ENL and IEP services, and the dual language class with IEP services. Schedules are created in a way that ensures students receive all of their mandated ELL and IEP services. Instruction is developed with the needs/abilities of the ELL with IEPs in mind so that appropriate scaffolding and differentiation is implemented, in order to allow students to learn the language and content while achieving their IEP goals. Similarly, curriculum is modified as necessary to allow students to learn at the pace or level that is appropriate for their language and learning.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Our school has DL and ENL. In these programs, home language support is assessed through the use of native language libraries within the bilingual classrooms and the ENL department office/classroom. The ENL room is also available as a resource to all teachers as needed, in order to provide native language support to both bilingual teachers and classroom general education or special education teachers. Our DL and ENL classrooms have bilingual dictionaries, English and Spanish thesauruses, bilingual books, picture dictionaries in both English and Spanish, and native language books to support native language literacy. The writing curriculum maps at every grade level promotes alignment to and acquisition of skills. Writing is also supported by programs and approaches such as Wordly Wise 3000, Tier II vocabulary and graphic organizers. Native language skills are also reinforced through the content areas of math, social studies, and science through the use of translated versions of texts, worksheets, books, etc.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A. Our school only serves grades K-5.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at our school are; teachers communicate and routinely discuss methods and expectations for supporting our English Language Learners in the classroom. Colleagues are educated about available resources to ensure that everyone is aware of the extra services students are able to receive in learning context. For example, teachers are aware of the extended programs that are in place for ELLs so they make sure to send students down to their required programs in after-school. Professional developments are conducted throughout the school year to strengthen collaborative relationships. Teachers meet during their grade meetings to plan lessons and support each other.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's staff will participate in ongoing professional development that includes effective ELL/MLL strategies and practices on designated dates, as well as meetings to help plan and support ELL learning. PD will be available to our bilingual teachers, ENL teachers, monolingual teachers, special education teachers, administrators, and paraprofessionals. Attending the PDs will help teachers develop stronger language objectives, techniques, and activities. PDs will also enlighten teachers and staff on the socio-emotional needs of all our students including our MLLs, coming from various backgrounds, upbringings, and socio-economic backgrounds. PDs may occur on the designated PROSE weeks/days (PROSE weeks will occur every six weeks). For all professional developments offered in-house, agendas and sign in sheets will be maintained on file. Additionally, all teachers will be offered and encouraged to attend professional development workshops, such as those offered during the school day by the Division of Multilingual Learners. Professional Development will also be offered by in-house pedagogues who have received outside professional development.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school will promote and encourage professional development to all teachers and administrators, that specifically addresses the needs of English language learners. A minimum of fifteen percent (15%) of the required professional development hours for all teachers, as described in CR Part 154, will be dedicated to language acquisition, including a focus on best practices for integrating language and content instruction for English language learners. For all bilingual and English as a new language teachers, a minimum of fifty percent (50%) of the required professional development hours will be dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. The school will consistently bring to all relevant teachers' attention workshops available by the district, the city, and the union, ELL pedagogical professional development that satisfies

the CTLE ELL specific hours for teacher certification through announcements and email newsletter blasts. All agendas and sign-in sheets from professional development provided will be maintained on file.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessment we will be using in grades K, 1, and 2 is Acadience. Acadience focuses on phonics and phonemic awareness. It is timed and standardized. It will be given three times a year, at the beginning, middle, and end. It will be used to plan instruction for ELLs by providing data for small-group instruction. It will show teachers what prerequisites are needed or must be further developed in students in order to access grade-level content. The upper grades are given an I-Ready exam. It is for ELA and Math. It measures the students' levels on specific skills in each subject. This will reveal to teachers what the ELLs need to further learn and develop in small-group instruction.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Consistent with special education guidelines, our evaluations and parent meetings are conducted in a non-discriminatory manner, in both English and Spanish for our students with special needs and their families. Teachers scaffold and differentiate instruction for all students, including ELLs and ELLs with disabilities, according to their social-emotional, linguistic, and academic needs. Teachers may employ strategies such as the use of graphic organizers, visuals, and frequent use of the SmartBoard to provide interactive and engaging lessons. Teachers may also use high-interest literature to appeal to student interest, ability, and culture. These strategies are used across all grade levels to make sure learning is aligned to Next Generation Learning Standards, in reading, writing, math, science, social studies, and vocabulary across the content areas. Finish Line NY ELLs is the program that our school uses to support ELLs when explicitly targeting the language modalities of listening, speaking, reading and writing.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

After students are assessed for their academic skills in reading, math and writing, and social skills and behavior. Our team, which comprises of the ENL, bilingual and SETTS teacher uses the assessment to develop better and responsive instructional practices in the classroom to make sure learning is accessible to all students. These intervention services include small-group instruction by intervention providers. The instructions provided are tailored to target the data. Providers will target the foundational and remedial skills that the data suggests that students need to develop. Providers will consistently assess and take note of observations and regularly assess the progress of the students towards the goals of the initial assessments. These instructional practices are delivered using a 3-tiered system such as; differentiated instruction to meet specific needs of the students, we also work on

choral reading, repeated reading, partner reading, etc. Teachers will also work with students on individual interventions for students who are not on grade level and are struggling. School team also communicate with parents within and beyond school days to create a plan that will be beneficial to our students.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Some school-wide, standardized formative assessments used at PS49 include curriculum-embedded tri-weekly assessments, Fountas and Pinnell Running Records, Reading Reform assessments, and weekly math fluency drills (quizzes). These formative assessments are used across all classrooms and are used to inform instruction. Teachers will effectively use the data to adjust lessons including but not limited to reteaching, further scaffolding, and determination of student-groups (e.g., small-group instruction) and teaching models/instructional methods (e.g. workshop model, inquiry model, centers). Additionally, all teachers use their own version of an informal observation note-catcher (e.g. conferencing notes, checklists, discussion tracker, etc.) and student work samples (collected throughout the lesson such as engage pre-assessments, guided practice, independent practice, exit ticket, etc.) to assess students' ability to meet the learning standards to help guide their next-steps in instruction. Based on their collected data, teachers also provide effective feedback in a variety of ways including verbal and written corrective feedback.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

When students are enrolled in our school, their parents fill out the HLIS to identify childrens' home language. Trained and licensed pedagoges also conduct informal interviews with the parent and child, either via speaking the home language or by using the over-the-phone interpreter vendor provided by the DOE. If the child is a potential ELL, he or she is administered the NYSITELL. Furthermore, if the child's home language is Spanish and is identified as an ELL, then he or she is administered the Spanish LAB. We ensure that all students in grades 3 through 5 receive the math and science state tests in their home language. In the Dual language classrooms, students are regularly/formatively assessed in their home language (Spanish) in the following: Fountas and Pinnell Running Records, Reading Reform, Reading fluency, sight words, dictation, and reading strategies.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

To evaluate the effectiveness of our ML programs, we consider each child's progress using summative assessments. Assessments that we look at include F&P reading level, Math and ELA MOSL assessments, and standardized New York state assessments including the NYSESLAT, Math, and ELA exams. F&P levels along with Math and ELA MOSLs indicate whether students have mastered skills and standards that they have learned during lessons and units throughout the school year. All activities, lessons, and instruction implemented to allow student learning is reflected on state tests and scores achieved on the standardized tests of the NYSESLAT, ELA, and Math.

Analysis of the results of these assessments is discussed amongst administrators and school teachers/staff in order to determine how to best differentiate instruction for students and possible curriculum changes to adjust for maximum learning (to make up for skill deficits reflected in data). Students and parents are also made aware of their results to further improve transparency and collaboration between families and teachers/school.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our testing coordinator works with the principal in order to decide the administration dates of the NYSESLAT. They are also in charge of ordering the testing materials and the organization and determination of the teacher team that administers the exam. Once the materials have arrived and the dates are set, the bilingual teachers, ENL teachers, and any other supporting teachers administer the NYSESLAT exam, ensuring that all accommodations that students are supposed to receive are met. Bilingual classroom teachers administer the sessions 1-3 components of the NYSESLAT within their own classrooms so as not to allow additional service disruptions to the daily schedule. The speaking component of the assessment is administered by the classroom teacher through usage of half day coverage by their (bilingual certified) partner teacher, so that teachers can swap students as necessary and still provide students' their ELL mandated minutes. After the exam has been administered, all teachers who are certified in ENL and the school's testing coordinator norms and then grades the exams. No one grades their own students' exams. Once the grading is done, the testing coordinator is in charge of packaging them and sending them out. In order to continue to receive ENL mandated services during the testing period, all ELLs and former ELLs will continue to receive mandated services during the testing period by substitute teachers.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

When students are enrolled in our school, their parents fill out the Home Language Identification Survey (HLIS) to identify children's home language. Trained and licensed pedagogues also conduct informal interviews with the parent and child, either via speaking the home language or by using the over-the-phone interpreter vendor provided by the DOE. If the child is a potential ELL, he or she is administered the NYSITELL. Furthermore, if the child's home language is Spanish and is identified as an ELL, then he or she is administered the Spanish LAB. We ensure that all students in grades 3 through 5 receive the math and science state tests in their home language. In the Dual language classrooms, students are regularly/formatively assessed in their home language (Spanish) in the following: Fountas and Pinnell Running Records, Reading Reform, reading fluency, sight words, dictation, and reading strategies.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The ML/ELL family empowerment at our school includes virtual and in-person workshops, individual teacher-parent meetings, beginning of the year orientations, etc. During the orientation process, Tfamilies will be communnicated to in their preferred language. These sessions will cover the following topics:
New York State Next Generation State Standards (NGSS). Assessments (NYSESLAT Overview, School expectations for ELLs
Program goals and requirements for Bilingual Education (BE) and English as a New Language (ENL) programs. Different programs available for ELLs in the school or district Parent support and/or MLL family empowerment activities are provided by the school staff including the Parent Coordinator, administration, SLT, and teachers to ensure that students have maximum support both at home and at school, fostering a sense of community between families and the school, while also keeping open lines of communication between school faculty and parents. Additionally, our school's bilingual (Spanish and English) Parent Coordinator plays an extremely important role in helping to empower our ML families. His responsibilities include, but are not limited to, supporting students by communicating with their parents as needed as well as facilitating workshops to support parents. Furthermore, if a teacher is struggling to communicate with a parent, the person they are directed to is the Parent Coordinator. If there is a language that our staff cannot provide translations for, the over-the-phone Translation and Interpretation vendor for the DOE will be utilized. Additionally, Class Dojo is a school-wide, virtual platform for communication between teachers, other school staff (e.g. parent coordinator, administration, etc.), and parents. Class Dojo has built-in translation functions that allows easy and quick communication between parties.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The school will provide annual individual meetings with parents of ELLs to discuss goals of the program their child is in, current language proficiency including assessment results, language development progress, and language development needs in all content areas and language modalities through virtual settings, phone calls, and/or letters or other types of messages to parents (depending on parent preference). The designated times for these meetings will take place during the PROSE weeks which will take place every six weeks throughout the academic school year. Interpretation and translation is provided as needed by school personnel who are proficient in the family's preferred language of communication. If no school-based personnel is available or can speak in the family's preferred language of communication, the over-the-phone translation vendor provided by the DOE will be utilized. Each ELL teacher will make sure to have an agenda and sign-in sheet and all will be kept on file. Additionally, our parent coordinator and Assistant Principal regularly facilitate workshops for parents of ELLs, on various topics such as math strategies to use at home, help with homework, trauma, etc. All meetings will be conducted or translated into the parents' preferred home language. Presentations will be posted on our schools webpage (once translated) to support our working parents and families with varying schedules and needs.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We ensure that families receive all school communications in the language they best understand by sending documents printed in both English, Spanishand languages that reflect our school community. In house staff are used to translate communications sent home. Translations in Spanish are done by a bilingual staff member that is proficient in both English and Spanish. If a parent's preferred language of communication is other than English or Spanish, the DOE's translation and interpretation vender will be contacted for assistance.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school develops activities that foster empowerment for families of MLs/ELLs by developing a needs assessment survey for parents, providing workshops geared to those needs, providing opportunities for parents to interact with teachers and staff. Also, developing relationships with families.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school has monthly School Leadership Team meetings which includes members that are active in the Parent Teacher Association (PA). The SLT and PA have access to post on the school wide ClassDojo, Instagram, and school webpage, events and leadership opportunities that happen throughout the school year. These events may also be found on the school calendar that is given out each month.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

The culturally and linguistically responsive partnerships that our school currently has and support the needs of our school community are United Way food boxes they provide food for families in our school community every Friday. We also have healthy and Ready to Learn parent workshops and community activities. Another program is Hearts Foundation, they provide a recreational building area. A fraternity group (AKA) provides snacks for students in temporary housing and public assistance every Friday.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

All parents, especially MLL/ELL families, are encouraged to participate as much as possible in our school's community. For example, parents are invited to be chaperones on class trips. Parents are invited to school-wide events including events in celebration of families (e.g. Mother's Day Celebration, Father Figure event, etc.), Movie Nights, Bingo Night, etc. These events are made known through ClassDojo, flyers backpacked and displayed at multiple entryways around the school. All of these event invites are translated in the various languages that reflect our school community.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The titles of the members of our identification team are the Assistant Principal, the SETSS teacher, ENL teacher and ELA Coach.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ENL teacher or a trained pedagogue conducts an interview with the parent and newly enrolled student to determine if the student is an English Language Learner, once the student is identified the ENL teacher administers the NYSITELL to establish the student's language proficiency level. The individuals responsible for ELL identification have been trained on how to identify an English Language Learner. Our ENL teachers (with assistance from the secretaries and parent coordinator during registration) ensure that every student that is enrolled into our school have a Home Language Identification Survey completed by a parent/guardian and administered an informal interview with both the parent/guardian and the student. If the child has a home language of any other than English and is determined to be a
potential ELL with language acquisition needs, they will be administered the NYSITELL and Spanish Lab, if the home language is Spanish, by our ENL teachers. Parents are notified by the ENL teachers about their child's entitlement (and invitation to parent orientation) or non entitlement to ELL services via parent notification letters provided by the DOE, and phone calls home inviting parents to the ELL orientation for those determined to be ELL students. After the orientation, parents fill out the program agreement form to decide which ELL program (ENL, TBE or D) their child will be placed in, they will then receive a placement letter stating which program their child is enrolled in. Parents of ELLs from previous years will receive a continuation letter. ELLs and former ELLs will continue to receive mandated ENL instruction during this intake timeline process accordingly. The student is placed in the selected program within 10 school days. If the school does not have the parents' preferred program, the parent has the option of requesting a transfer to a school that has the program. The testing coordinator (Ms. Thomas) ensures that mandated minutes of

ELL services are met and programmed appropriately. Members of the identification team work in conjunction together as students come in throughout the year to ensure that intake and identification of ELLs are correctly placed in the program of their parents' choice. ENL teachers will continue providing services to our English Language Learners. A certified teacher of our identification team who is trained to administer the HLIS during registration will continue to do
so.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Monica Brock-Walker

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Angela	Berkoe	Teacher - Regular Grades - ESL	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.23%	1	0.23%		
HAUSA (HAOUSSA)	1	0.23%	1	0.23%		
MALAGASY	1	0.23%	1	0.23%		
MIXTEC (MIXTECO)	1	0.23%	1	0.23%		
ENGLISH	269	60.86%	263	61.45%		
SOMALI	1	0.23%	1	0.23%		

SPANISH	166	37.56%	158	36.92%		
SONINKE	2	0.45%	2	0.47%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent notices and reminders	All documents are printed in both English and Spanish. Spanish translations are completed by a bilingual staff member who is proficient in both English and Spanish. If a parent's preferred language of communication is a language other than English or Spanish, the DOE's translation and interpretation vendor may be contacted to provide assistance.
School event flyers	All documents are printed in both English and Spanish. Spanish translations are completed by a bilingual staff member who is proficient in both English and Spanish. If a parent's preferred language of communication is a language other than English or Spanish, the DOE's translation and interpretation vendor may be contacted to provide assistance.
Monthly school calendar	All documents are printed in both English and Spanish. Spanish translations are completed by a bilingual staff member who is proficient in both English and Spanish. If a parent's preferred language of communication is a language other than English or Spanish, the DOE's translation and interpretation vendor may be contacted to provide assistance.
MLL/ELL parent notification letters	DOE Info hub templates are utilized. For languages/translations not available on the DOE's Info Hub, DOE's translation and interpretation vendor will be utilized.
Permission slips (fields trips,	Physical document translations are completed by a bilingual staff member who is proficient in both languages. If a parent prefers to communicate in a language other than English or Spanish, assistance can be requested through the DOE's official translation and interpretation vendor.

enrichment programs	
IEPs	If a parent's preferred language of communication is a language other than English or Spanish, the school will contact the DOE translation and interpretation vendor to provide assistance.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	If the meeting is conducted in person, school-based personnel who provide Spanish translation services will be available. Each translator will be assigned to a specific floor or section of the building to assist with communication between staff and Spanish-speaking parents. For families who prefer a language other than Spanish or English, translation services through the DOE's approved vendor will be utilized as needed. If the meeting is held virtually, school-based personnel will assist with live translation as necessary during the online session. Additionally, teachers may enable translated subtitles if using Google Meet, or access the DOE's translation and interpretation vendor for further support.
Parent Workshops	Meetings will initially be conducted in English. Depending on the audience's preferred language, bilingual school personnel proficient in both English and Spanish will provide verbal translation as needed. For parents whose preferred language is neither English nor Spanish, staff will utilize the DOE's translation and interpretation vendor services.
Meeting with the Principal	Meetings will be conducted initially in English. Depending on the audience's preferred language, bilingual school personnel proficient in both English and Spanish will provide verbal translation as needed. For parents whose preferred language is neither English nor Spanish, staff will utilize the Department of Education's translation and interpretation services.
ENL Parent Orientation	Orientation is conducted in English, with an interpreter provided for parents whose preferred language is Spanish. For parents whose preferred language is neither English nor Spanish, staff will use the DOE's translation and interpretation vendor to ensure effective communication.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

At PS49X, the most commonly preferred languages of communication among our families are English, followed by Spanish. To ensure clear and effective communication during emergencies, our Crisis Team includes bilingual members proficient in both English and Spanish.

In the event of an emergency, designated Crisis Team members are assigned to specific grade bands (3K–1–2–3 and 4–5) to promptly notify families and provide essential information. School Messenger announcements are delivered via telephone in both English and Spanish to ensure broad accessibility.

Our main office staff—including secretaries, the parent coordinator, family workers, and school aides—are equipped to provide both oral and written translation or interpretation in English and Spanish for student-specific emergencies (e.g., attendance issues, nurse or hospital visits).

For families who prefer a language other than English or Spanish, our staff have access to the New York City Department of Education's (DOE) translation and interpretation vendor to facilitate communication.

If a student needs to be transported to the hospital, a bilingual staff member (English/Spanish) will accompany the student. This staff member will also have immediate access to the DOE's translation and interpretation services to assist in communicating with families who speak other languages.

At PS49X, we are committed to ensuring all families receive timely, clear, and culturally responsive communication during critical situations.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

During the Principal's "Welcome Back" presentation at the start of the school year, all staff members will be informed about the required asynchronous NYCPS Language Access Training for School-Based Staff, which must be completed on the WeLearnNYC learning platform.
Following the presentation, a handout outlining the training requirements will be placed in each staff member's mailbox. This handout must be signed and returned by the specified due date to confirm awareness of the training. Staff are required to screenshot their certificate of completion at the end of the training and email it to the Principal to retain it for their records. Additionally, our Language Access Coordinator will brief the Principal on the available Language Access resources, including an overview of and instructions for accessing the DOE's translation and interpretation services. The Principal will share this information with staff during the Welcome Back presentation. Afterward, the Language Access Coordinator will follow up by sending an email blast to all faculty members, providing further details and updates regarding Language Access resources.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

It is standard practice in our school that all official school documents (signage for parents, brochure/flyers/letters informing parents, and parent engagement event invitations) will be provided in both English and Spanish. If necessary, translation services will be provided by the DOE's Office of Translation and Interpretation for further parent communication and understanding of any events or information. At our school, the Parents' Guide to Language Access and Parents Bill of Rights are given as soon as possible during the
Parent Coordinator's Parental Meeting. Upon entrance to the building, you will see a welcome poster placed visibly in
front to ensure that all parents have access to information about their language access rights. The Language Access for NYCPS families brochure is placed at the main entrance available at all times. Our school also utilizes the following online resources to easily communicate with parents and to ensure their access to information about their language rights. Class Dojo, our school utilizes this app all year-around
for parent communication where school event flyers and posters are posted in both English and Spanish. The posters
will include a caption, in both English and Spanish, in the app. The app has a built-in translation feature for both the school-wide announcements and in their preferred language. Talking points- parents are able to speak with school staff and teacher via text messages in their preferred language. Microsoft Translator is used to translate written forms
of communication for parents and guardians.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We will be conducting a survey to gather parent feedback regarding language preferences other than English. To do this, we will use the Language Translation and Interpretation Parent Survey, which is available on the Info Hub in nine supported languages. If needed, translation services for additional languages will be provided by the Office of Translation and Interpretation to ensure accessibility for all families. At the end of the school year, a follow-up survey will be distributed to gather parent input on the quality and availability of language services. This survey will include questions related to:
Preferred language of communication
Availability and accessibility of language support programs and student educational services
Availability of staff to support parent engagement and communication
Overall sense of welcome and inclusion in the school community
These efforts aim to support clear communication and foster a strong school-family partnership.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

All parent feedback—whether provided through surveys or shared informally (e.g., verbal suggestions)—will be reviewed and thoughtfully considered in the planning of parent education services, school events, and other family engagement activities throughout the school year. If a specific request is made for a workshop, event, or communication in another language, our school will ensure interpretation services are provided in the requested language. For the upcoming school year, families will receive a brochure that includes the "I Speak" card, which they can use to request language assistance when visiting our school or any NYC Public Schools office. This brochure is provided by the NYCPS Office of Language Access.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

60

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

All ELLs have equal access to all school programs and supplemental services offered in the building. All ELLs are eligible for after-school and Supplemental Educational Services programs (SES) based on Title 1 eligibility and parental consent. They are also eligible for RTI and ETS. There is also a Saturday program, which is available to all English Learner students. Parents are notified about program availability through translated letters, parent workshops, meeting where translators are available, and through phone calls.

P.S. 49 will use the Title III funds to enrich the existing ELL program, including our Freestanding ENL program (grades K-5) and Dual Language Program (grades K-5). We want our students who are newcomers to develop stronger English language skills across all modalities. The program will invite and serve all ELL students in grades K-5, including SIFE students, newcomer students, ELLs with IEPs/disabilities, long-term ELLs, and former ELLs receiving 2 years of transitional services. This also includes ELL students across the different English language proficiency levels of entering, emerging, transitioning, expanding, and commanding. We also want to offer services to both parents and students because parents can better academically support their child at home when they have knowledge on both the English language and the American/NYC school system. In addition to developing stronger survival English language skills, our parents will hear about topics, such as immigration, job search advice, and health care from professionals who will present on those particular topics.

We will operate for weeks for a total of 51 hours of extra help. The program will operate 3 days a week, for 180 minutes on Tuesdays, Wednesdays and Thursdays from January 6, 2026 through May 14, 2026. The program will be held in-person.

There will be a total of 4 teachers working with our ELL students. All participating teachers hold ENL/Bilingual certification.

The language of instruction will be English. The teachers will be working with students in the areas of reading, writing, listening, and speaking. The instructional goal is proficiency/improved proficiency in English. However, students' home language/Spanish will be used as a scaffold on an as needed basis.

The program, Finish Line New York ELLs, Second Edition (Continental Press), will be used for the duration of the program, in addition to other outside materials that the teacher may find useful to supplement or differentiate instruction. The teachers will integrate iPads to instruction and activities, as it is a motivating tool which increases participation, fosters 21st century skills, and helps students with the following: 1) use visual skills to enhance reading comprehension; 2) build vocabulary; and 3) strengthen listening, reading, and writing skills. Teachers will use videos that are student-friendly and grade-appropriate to further comprehension for students inside and outside of the classroom. Additionally, formative and summative assessments will help track students' performance and progress. In addition to the infusion of technology, the program will include the following: TPR, modeling, scaffolding, graphic organizers, accountable talk, and hands-on activities in English (with supports using the Spanish language). Authentic texts and games will be used to develop reading comprehension and language skills. The program will also incorporate interactive learning through literacy games, basic language pattern and structures of the English language, extensive skills practice, and repetition.

The teachers selected to work in this program will also be participating in a SIOP training as a means of providing teachers professional development that will enhance teaching and learning opportunities.

The Saturday program will be funded through another source and not at cost to Title III LEP.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

All ELLs have equal access to all school programs and supplemental services offered in the building. All ELLs are eligible for after-school, Saturday Academy, and Supplemental Educational Services programs (SES) based on Title 1 eligibility and parental consent. They are also eligible for RTI and ETS. There is also a Saturday program called ELLA which is available to all English Learner students. Parents are notified about program availability through translated letters, parent workshops, meeting where translators are available, and through phone calls. Through this Title III after-school program, ELL students will further develop their English language skills. The expectation is for students to develop Tier I, II, and III vocabulary (with a heavy focus on Tier II) and build real-world connections.

Students were selected using NYSESLAT and NYSISTELL. Data from these assessments were used to identify students by fluency levels. Unit assessments from ELA exam were also used to identify students.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

P.S. 49 will utilize Title III funds to enhance and expand our existing English Language Learner (ELL) programming, which includes our Freestanding English as a New Language (ENL) Program and our Dual Language Program, both serving students in grades K–5. Our goal is to help newcomer students strengthen their English language proficiency across all modalities—listening, speaking, reading, and writing—while supporting their academic success in all content areas.

This initiative will serve all ELL students in grades K–5, including Students with Interrupted Formal Education (SIFE), newcomer students, ELLs with Individualized Education Programs (IEPs) or disabilities, long-term ELLs, and former ELLs currently receiving two years of transitional support. Services will be tailored to meet the needs of students at all levels of English language proficiency, including Entering, Emerging, Transitioning, Expanding, and Commanding.

In addition to student services, Title III funds will support programs for families. We believe that parents and guardians play a vital role in their child's academic progress. When families have a stronger understanding of the

English language and the U.S./NYC school system, they are better equipped to support their children at home. Our parent workshops will not only focus on building survival English skills but will also offer valuable information on topics such as immigration, job search strategies, and healthcare. These sessions will be led by professionals with expertise in each area.

Through this comprehensive approach, P.S. 49 aims to create a more inclusive, supportive, and linguistically rich environment for all members of our ELL community.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

A total of four certified ENL/Bilingual teachers will work with our English Language Learner (ELL) students. The program will run for 17 weeks, from January 6, 2026, through May 14, 2026, providing a total of 51 hours of additional academic support. Sessions will take place in person thrice a week—on Tuesdays, Wednesdays and Thursdays for 60 minutes each day.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be English. Teachers will support students in developing their skills in reading, writing, listening, and speaking. The primary instructional goal is to help students achieve proficiency or improved proficiency in English. However, students' home language, Spanish, will be used as a scaffold when needed to support understanding and facilitate learning.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be a total of 4 teachers working with our ELL students. All participating teachers hold ENL/Bilingual certification.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Finish Line New York ELLs, Second Edition (Continental Press) will serve as the primary instructional resource throughout the duration of the program. Teachers may also incorporate supplemental materials as needed to differentiate instruction and support diverse learning needs. Instruction will be enhanced through the integration of iPads, which serve as engaging tools to increase student participation, develop 21st-century skills, and support language acquisition in several key areas: (1) enhancing reading comprehension through visual aids, (2) building academic vocabulary, and (3) strengthening listening, reading, and writing skills.

Student-friendly and grade-appropriate videos will be used both in and outside of the classroom to support comprehension. Teachers will utilize a combination of formative and summative assessments to monitor student progress and inform instruction.

In addition to the integration of technology, the program will incorporate effective instructional strategies such as Total Physical Response (TPR), modeling, scaffolding, graphic organizers, accountable talk, and hands-on activities conducted in English, with Spanish-language supports as needed. Authentic texts and educational games will be used to reinforce reading comprehension and language development.

Interactive learning will be emphasized through literacy games, foundational English language structures and patterns, extensive practice, and repetition.
Title III funds will be used to purchase necessary materials for the program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents will be informed about program availability through multiple channels, including translated letters, parent workshops, meetings with available translators, and phone calls. Agendas and attendance records for these events will be maintained in a binder located in the main office. Program progress will be monitored through teacher observations and analysis of student performance data.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

During the 2025-2026 school year, all teachers will engage in ongoing professional development focused on effective strategies and best practices for supporting English Language Learners (ELLs). These sessions will be held on designated dates throughout the year, complemented by teacher team meetings aimed at collaborative planning to ensure ELL success across all classrooms.

The professional development will emphasize the development of strong language objectives and instructional techniques tailored to meet the diverse needs of ELL students.

This training will be available to:

Bilingual teachers
ENL (English as a New Language) teachers
General education and special education teachers with ELLs in their classrooms
Paraprofessionals who support classrooms that include ELL students
Program Details:

Timeline: October 2025 – June 2026
Frequency: Monthly sessions (18 total)
Duration: 60 minutes per session
Resources: Teachers will be provided with supplies and materials to support implementation

We will maintain comprehensive records of all professional development activities, including attendance, session agendas, and topics covered. Please note that some topics will be delivered as a series of workshops, while others may be offered as stand-alone sessions.

For the upcoming 2025–2026 school year, our professional development efforts will center around strengthening instructional practices and support for English Language Learners (ELLs). Our focus areas include:

-English Language Literacy and the Next Generation Learning Standards
-Response to Intervention (RTI) for ELLs
-Collaboration and Co-Teaching: Strategies for Supporting English Learners
-Teaching Students in Their Home Language
-Unpacking the TOMS and the NLAP
-Effective Small-Group Instruction for ELLs
-Unpacking the NYSESLAT: Data Analysis and Next Steps
-Intentional Planning and Preparation for ELLs
-Integrating Language and Content Learning
-Effective Questioning Techniques: Engaging Our ELLs in the Classroom
Professional development will be delivered in-house at PS49 by both our in-house pedagogical team and external experts. Our ENL liaison/point person will serve as the turnkey facilitator, ensuring that all professional learning is shared with teachers of English Language Learners to enhance classroom practices and student outcomes.

This PD will be offered in-person.

10% of Title III funding will be used for Professional Development ($1,220)

In addition to the aforementioned professional development provided in-house, all teachers will be offered or made aware of other professional development workshops available throughout the year, such as those offered by the Division of Multilingual Learners and Bronx Borough Office, to ensure thorough training and support.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

During the 2025–2026 school year, teachers will engage in ongoing professional development focused on effective strategies and practices for supporting English Language Learners (ELLs). These sessions will take place on designated dates and will be complemented by regular teacher team meetings aimed at collaborative planning and sharing of best practices to enhance ELL instruction across all classrooms.

Professional development will be designed to strengthen teachers' ability to create and implement clear language objectives, as well as to apply instructional techniques that promote language development across content areas.

Teacher effectiveness and student progress will be monitored through classroom observations and analysis of NYSESLAT performance data, ensuring that instructional practices are responsive to student needs and aligned with language development goals.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Professional development opportunities will be provided for bilingual teachers, ENL teachers, general education and special education teachers who serve English Language Learners (ELLs), as well as paraprofessionals supporting classrooms with ELL students. Teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program through ongoing long term workshops.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The training will occur from October 2025 to June 2026, for a total of 14 sessions that will last 60 minutes once a month. Teachers will also receive supplies and materials to implement the program.

We keep a record of all professional development sessions attended by our staff, including maintaining copies of attendance records, agendas and topics provided throughout the year. Please note that some of the sessions consist of a series of workshops whereas others consist only of one workshop.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

For the 2025-2026 school year, we are focusing on topics such as:

- English Language Literacy and Next Generation Learning Standards
- Response-to-Intervention
- Collaboration and Co-teaching: Strategies for English Learners
- Unpacking the TOMS and the NLAP
- Strengthening Language and Mathematical Competence in the classroom
- Small-group instruction to best support ELLs
- Unpacking the NYSESLAT - Next Steps
- Planning and Preparation for ELLs
- Integrating Language and Content learning
- Questioning Techniques in the Classroom: Engaging our ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Professional Development will be offered in-house at PS49, by in-house pedagogues who have received outside professional development. The ENL liaison/point-person will turn-key all professional development to teachers of ELLs.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All professional development agendas will be kept in the coaches office or on rolling agenda.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our primary goal is to increase engagement of English Language Learner (ELL) parents in their child's education. To achieve this, we will host a series of interactive workshops designed to strengthen the connection between school and home learning.

Each session will focus on two key areas:

1. Understanding Curriculum – We will show parents what their child is learning in school, helping them better understand academic expectations and classroom content.
2. Home Support Strategies – We will provide parents with a variety of tools and resources, including practical tips, physical materials, and online supports to help them reinforce learning at home.
By empowering parents with this knowledge and support, we aim to make learning a continuous and meaningful experience for students both in school and at home.

Workshop Logistics:

Frequency: Every other month, from October through May
Timing: During the school day and/or after school (based on family needs and availability)
Duration: Approximately 1 hour per session
These workshops will foster a collaborative environment where parents feel informed, confident, and connected to their child's educational journey.
Parents of English Language Learners (ELLs) will be invited to participate in a series of meetings focused on understanding the New York State Assessments—including the English Language Arts (ELA), Mathematics, and the NYSESLAT exams—and learning how to support their child's English language development and academic progress.

The meetings will begin with an overview of each assessment, including the purpose of the tests, the content and language skills they measure, and the reasons why ELL students are required to take them. Parents will then explore each assessment in greater depth, gaining insight into test formats, timing, question types, and the academic demands students are expected to meet.

Finally, families will be introduced to practical strategies and resources to support their child's learning at home. These will include both physical materials and access to web-based programs that promote English acquisition and math skills. Many of these digital tools are school-supported and available to students and families 24/7, ensuring

continuous support outside of the classroom.
Parent engagement workshops will be led by our in-house ENL-certified pedagogues. The facilitation team will consist of:

-Two ENL teachers (serving grades K–2 and 3–5)
-Six dual language teachers (grades K–5)
-One dual language/bilingual-certified Pre-K (4K) teacher
Workshops will be facilitated by grade-band teams for English Language Learners (ELLs): PK–2 and 3–5, rotating on a monthly basis. For example, the October workshop will be led by the PK–2 ENL team, followed by the 3–5 ENL team in November.

Parent Communication and Notification Methods:

-Bilingual letters (English and Spanish) will be:
-Emailed to parents/guardians
-Sent home in students' backpacks
-Our Spanish-bilingual parent coordinator will follow up with:
-Individual phone calls
-Automated phone blasts
-Text messages
-For families who speak a language other than English or Spanish, the DOE's translation and interpretation vendor will be used as needed to ensure accessibility in the parents' preferred language.
These workshops and all associated parent engagement efforts will be conducted at no cost to Title III LEP funding.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Our main goal is to increase engagement of ELL (English Language Learner) parents in their child's education. To achieve this, we are launching a series of monthly parent workshops designed to:

-Show parents what their child is learning in school
-Provide practical strategies and resources to support learning at home
These workshops will include hands-on strategies, physical materials, and access to helpful online resources. By doing so, we aim to make learning continuous and meaningful for students between home and school.

This initiative is a direct response to feedback gathered during Parent Association meetings, where many parents expressed a need for more support, particularly in reading and within our dual language classes. In alignment with our new curriculum, each grade level will now host a monthly parent workshop tailored to the specific needs of that grade.

Parents will be informed about workshops through various communication channels, including class newsletters, the monthly school calendar, social media, and Class Dojo.

Additionally, we administered a Parent Survey to gather feedback on the types of offerings families would like to see. The information collected is helping guide the design and focus of future workshops.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent workshop meetings will take place monthly, during the school day. Each meeting is 90 minutes. Workshops will begin in October 2025 and end in June 2026. .

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parents of English Language Learners (ELLs) will participate in a series of meetings designed to inform and empower them in supporting their child's academic success, particularly in relation to the New York State Assessments (e.g., ELA, Math, and NYSESLAT). These sessions will begin with an overview of each assessment, including what content and language skills are tested, and the purpose behind each exam. Parents will gain a foundational understanding of why their child takes these assessments and how they align with both language development and content proficiency goals.

As the sessions progress, parents will explore each assessment in greater depth—examining test formats, time allocations, and the academic demands their children will encounter. This deeper dive will help demystify the testing process and set realistic expectations for both parents and students.

Finally, parents will be introduced to a variety of strategies and tools to support their child's learning at home. These include both physical materials and digital resources, such as school-purchased web-based programs tailored for ELLs in English language acquisition and mathematics. These resources are available to students and their families 24 hours a day, 7 days a week, ensuring continuous support beyond the classroom.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

These parent engagement workshop meetings will be provided by our in-house ENL-certified pedagogues. The team facilitating these meetings will include the 2 ENL teachers (ENL grades K-2 teacher and ENL grades 3-5 teacher), the 6 dual language teachers (grades K-5) and the 1 dual language/bilingual-certified 4K (Pre-K) teacher at PS49. Meetings will be facilitated by ELL grade-team bands, PK-2 and 3-5, on a rotating monthly basis. For example, the first workshop in October will be facilitated by ENL teachers in PK-2 and the next workshop in November will be facilitated by ENL teachers in 3-5.
ELL teachers

The following teachers all hold a bilingual certification or ENL license.
Bianca Mendez
Angela Berkoe
Vanessa Jacobs
Jeanette Vazquez
Evelyn Diaz

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parental contact/notification for these meetings will be in the form of letters, in both English and Spanish, that will be sent out via 1) parent/guardian email and 2) physically sent home in students' backpacks. Additionally, our Spanish-bilingual parent coordinator, will contact parents via telephone (e.g. individual phone calls, phone blasts, and text message). For home languages/parents' preferred language of communication that are other than Spanish or English, the DOE's translation and interpretation vendor will be utilized on an as needed basis.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All agendas, and notifications to families will be kept in a binder in the ENL office and the Principals office .

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

20,000

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
