Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 161 X, Juan Ponce de Leon

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Alana Bibergal	Principal or Designee*	
Melissa Williams	United Federation of Teachers (UFT) Chapter Leader or Designee*	
L'vone Jones	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Orlando Catala	Title I Parent Advisory Council Chairperson (or alternate)	
NA	Student Representative (Required for middle and high schools)	
NA	Student Representative (Required for middle and high schools)	
NA	CBO Representative, if applicable	
Mayra Ocasio	Parent	
Sheena Anderson	Parent	
Simny Quezada	Parent	
Janeyia Campbell	Staff - UFT	
Abbey Drechsler	Teacher - UFT	
Cindy Malave	Staff - DC37	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of PS 161 is to work in collaboration with one another to provide students with a safe, supportive, and joyful learning environment where children are intellectually stimulated and feel comfortable taking risks, in order to give them the skills they will need to become critical thinkers and successful leaders.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

We are a tight knit community and are in constant collaboration with one another so we can provide the best learning environment possible for our students. We want to show and give our students the world and bring joy to their school experience. Students are provided with rigorous instruction in ELA and math. We also provide intervention to students who need extra support, as well as enrichment opportunities for students who are excelling. In addition to providing strong academic instruction, we also prioritize exposing students to the arts. Students receive music and visual arts as part of their regular program, and we collaborate with community-based organizations to provide additional arts instruction. We collaborate with various organizations such as Start Lighthouse, Green Bronx Machine, Studio in a School, A+ STEM Labs, and CUNY Tutors, in order to support students' literacy development and exposure to the arts and STEAM. We also partner with Fan4Kids, SMILE Dental, The Reading Institute, and Capoeira programs. This year we are partnering with Brighter Bites to provide free and fresh produce to our families. We work with Astor Services to provide mental health, wellness, and behavioral support to our students who can benefit from this.

Briefly summarize the key initiatives your school will implement this school year.

For the 2025-2026 school year, key initiatives include increasing student proficiency in literacy and math and also ensuring our students are exposed to the arts. All teachers in K-5 will be in year 2 of implementation of a new literacy curriculum called Expeditionary Learning. Teachers will also continue to deepen their knowledge of the Illustrative Math Curriculum.

For literacy, lower grade teachers will continue to deepen their understanding of the science of reading by applying knowledge they gained in LETRS trainings and using the UFLI Foundational Skills Curriculum. Teachers will also analyze data, provide individualized intervention, progress monitor literacy skills, and meet in data teams to discuss student progress and ensure the student plan is effective. For literacy in the upper grades, teachers will analyze data, provide intervention using Phonics for Reading or REWARDS, and enrichment opportunities, and engage in data meetings to analyze student progress and plans.

In math, K-5 teachers will provide intervention to students based on data and meet in data teams to analyze student progress and plans. We will implement math fluency and word problem practice as a supplement to the curriculum.

In 3K/PK teachers will provide phonological and phonemic awareness instruction using the Heggerty PA Curriculum.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA-Reading	K-5	Expeditionary Learning	N/A
ELA-Writing	K-5	Expeditionary Learning	N/A
Math	K-5	Illustrative Math	N/A
ELA: Word Study	K-2	UFLI	N/A
ELA: Word Study	3-5	EL ALL Block	N/A
ELA and Math	3K and PK	Creative Curriculum	N/A
Phonemic Awareness	3K and PK	Heggerty	N/A
Spanish Word Study	K-2	Aprendo Leyendo	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 iReady data indicates 43% of students in grades 3-5 are performing on grade level. Most students not on grade level lack phonics, vocabulary, and/or comprehension skills. Thirty-one percent of students have not mastered the phonics domain and still need to build foundational literacy skills. Twenty-nine percent of students	The lack of early literacy skills and/or vocabulary acquisition make it difficult for students to engage and access a variety of complex text (literary and or informative) during core instruction. Students lacking in early literacy skills (PA, Phonics, etc.) may not be consistently participating during the intervention period due to absences, lateness, etc. and/or need additional support and instruction using alternative	Although students met the prior year CEP goal, only 43% of students are performing on grade level. Students in grades 3-5 require instruction that targets reading comprehension skills such as understanding story elements, making inferences, evaluating key ideas and details, and improving vocabulary acquisition. Students lacking in early literacy skills need targeted instruction utilizing

are one or more grade levels below proficiency in vocabulary.	research based methodologies to ensure retention and application of skills taught.	research based programs and methodologies.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	43%	By June, 2026, literacy for All Students in grades 3-5 will improve, as measured by a 7% Increase, from 43% to 50%, of students scoring early on, mid, or above grade level on the iReady Reading Assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strategically groups students with similar needs to provide targeted instruction for upper grade students utilizing intervention programs (i.e. Phonics for Reading and REWARDS) that focus on phonics as well as other key components of reading. Progress monitor students frequently to ensure the intervention is working and if not take steps to determine why its not working and make adjustments to address lack of learning. i.e. program, resources, attendance issues, etc.

Root Cause Addressed:

The lack of early literacy skills and/or vocabulary acquisition make it difficult for students to engage and access a variety of complex text (literary and or informative) during core instruction. Students lacking in early literacy skills (PA, Phonics, etc.) may not be consistently participating during the intervention period due to absences, lateness, etc. and/or need additional support and instruction using alternative research based methodologies to ensure retention and application of skills taught.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure that all teachers are properly trained to effectively utilize intervention programs and provide targeted instruction.
Create a schedule that provides time for targeted instruction of literacy skills on a daily/weekly basis.
Administer screening or placement tests to assess and group students homogeneously during WINN time. Assign

trained staff to formalized groupings and distribute materials and resources to support targeted instruction. i.e. Phonics for Reading, Rewards, etc.
Progress monitor students using intervention placement and/or unit assessments to ensure its working and if not make adjustments periodically.
Schedule and conduct frequent data chats to discuss student progress and determine next steps if necessary.

Key Strategy 2 (Optional):

Engage students in literacy instruction that emphasizes vocabulary and comprehension building for students who test out of early literacy skills and/or intervention program placement to continue developing reading skills in both literary and informative texts that will transfer into Tier 1 instruction.

Root Cause Addressed:

The lack of vocabulary and comprehension skills make it difficult for students to engage and/or access a variety of complex text (literary and or informative) during core instruction which contributes to overall low proficiency scores.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review data for students (Iready, Datamate, unit assessments, etc) to identify key standards or skills they need additional support in with teachers.
Engage students in additional literacy instruction that emphasizes on vocabulary development and comprehension utilizing lessons from learning links, Iready, etc. as well as best practices for literacy instruction. i.e. close reading during WINN time.
Regularly monitor and assess student learning utilizing exit slips, quizzes, short responses, student work, etc. from lessons provided to inform next steps for instruction.
Provide teachers with professional development for accessing data platforms, analyzing data, and best practices for providing vocabulary and comprehension instruction during PD Mondays or common planning time.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School-wide OORS reports from, 2024 -2025 show that there were 145 reported incidents. This is an increase compared to last year. The OORS snapshot indicates that most incidents occur in the gym or recess.	PBIS is still in the early stages of implementation. Students need a clear understanding of the behaviors that align with each school-wide value and consistent positive reinforcement individually and as a group and class. There were also individual students who had a high number of incidents	Students need a supportive and positive school culture in order to succeed.Incidents need to be reduced and learning loss for all children to be safe and succeed academically. Students in crisis need individualized support and plans.
School-wide OORS reports from, 2023 -2024 show that there were 122	PBIS is still in the early stages of implementation. Students need a clear	Students need a supportive and positive school culture in

reported incidents. We need to decrease our school incidents in order for students to succeed academically. We hope to see a decrease in our OORS reports by 10% which is occurring mostly in recess and gym.	understanding of the behaviors that align with each school-wide value and consistent positive reinforcement individually and as a group and class.	order to succeed.Incidents need to be reduced and learning loss for all children to be safe and succeed academically.
School-wide OORS reports from, 2022-2023 show that there were 220 reported incidents. We need to decrease our school incidents in order for students to succeed academically. We hope to see a decrease in our OORS reports by 10% which is occurring mostly in recess and gym.	Insufficient training and strategies implemented by classroom teachers and out of classroom staff in order to de-escalate Social-Emotional occurrences.	Students need a supportive and positive school culture in order to succeed.Incidents need to be reduced and learning loss for all children to be safe and succeed academically.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	145	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in The key performance indicator of student progress in the number of Level 3-4 incidents from 145 to 131, per the NYC DOE OORS (Online Occurrence Reporting System) .

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementing strategies like Positive Behavioral Interventions and Supports (PBIS) to help create a safer and more supportive school environment.

-Our goal is to create a more structured and positive recess experience that reduces incidents and promotes student well-being.

Root Cause Addressed:

The OORS snapshot indicates that most incidents occur in the gym or recess. Additionally, the data shows that specific students in crisis account for a significant portion of OORS reports.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create a more structured and positive recess experience that reduces incidents and promotes student well-being.
Professional development opportunities and training will equip school aides with strategies and activities to lead organized games and interactions during recess, helping to channel student energy constructively and minimize unstructured time that can lead to conflicts.
Establish a consistent, collaborative team focused on Social-Emotional Learning (SEL) and Positive Behavioral

Interventions and Supports (PBIS), and to ensure all staff have the necessary skills to support student behavior effectively.
School Administrative Team and School Counselor will analyze OORS reporting data/Panaroma Survey, in order to pinpoint areas of needs/supports to reduce OORS incident reports for the school year 2025-2026.
Provide behavior support training for teachers and paraprofessionals to create a positive and effective learning environment for all students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

NYC DOE (Online Occurrence Reporting System) OORS and NYC Survey responses for school year 2024-2025.

NYC DOE Panorama Survey 2024-2025

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parents will have access to students points (connected to PBIS) in Class Dojo	Teachers and Parents
10/01/2025	05/29/2026	Parent workshops on how PBIS is being implemented and ways positive reinforcement can happen in the home.	School counselor, SEL/PBIS Team members, PK social worker, parent coordinator
10/15/2025	05/27/2026	Parent workshops on social emotional, anxiety, bullying, etc.,that will support and empower families on how to deal with students social emotional issues and trauma related occurrences and engage in de-escalation practices.	School Counselor, Grade-Lead teachers, Pre-K Social Worker, Parent Coordinator, and CBOs connected to DOHMH

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School Counselor, Grade-Lead teachers, IEP teacher, DOE Special Education Specialists, CBOs connected to DOHMH, SEL Team, and administrators, Astor BHRT and SYNC programs

Instructional Resources

PBIS Handbook and tools, Sanford Harmony Resources, DOE Social-Emotional and Trauma Support resources for families.

Schedule Adjustments

Professional Development sessions will occur during the day and after-school as requested by Parents/families.

Other Resources Needed

Project Pivot funding

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to iReady, 38% of students in grades 3-5 were early on, mid, or above grade level in math in June 2025. The 2025 NYS math scores revealed that 35% of students in	Students have a foundational lack of conceptual understanding of addition and its properties, coupled with insufficient strategies for translating real-world scenarios into mathematical problems. Students are not just struggling with calculation, but with understanding when and how to apply addition in a meaningful way, and with the mental flexibility that comes from an implicit understanding of mathematical properties.	Expose students to all types of addition word problems (separate, Part-Part-Whole, Compare etc.) from the start, not just simple "put together" scenarios. Explicitly teach and discuss the different language associated with each type (i.e., "in all," "total," "altogether," "more than," "how many altogether"). Develop Implicit Understanding of Addition Properties i.e. Associative Property

grades 3-5 are proficient in math.		

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	38%	PS 161x will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, students early on, mid, or above grade level will Increase by 12% from 38% to 50%, for All Students in grades 3-5, as measured by iReady Math Results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Math Intervention (WINN)
Data Chats to Analyze Student Performance (B.O.Y, M.O.Y, E.O.Y)

Root Cause Addressed:

Students have a foundational lack of conceptual understanding of addition and its properties, coupled with insufficient strategies for translating real-world scenarios into mathematical problems. Students are not just struggling with calculation, but with understanding when and how to apply addition in a meaningful way, and with the mental flexibility that comes from an implicit understanding of mathematical properties.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Through teacher team meetings, administrators will facilitate a collaborative process for reviewing and analyzing baseline data.
Teachers will use data findings to create flexible math groups for current units, differentiating instruction and targeting student learning gaps
Teachers and administrators will engage in continuous training and coaching with IM Math consultants to effectively implement Illustrative Mathematics. This ongoing support will also focus on using formative data to inform teaching practices and provide timely student feedback.

Grades 3-5 teachers will supplement IM with Reflex Math to support fluency.

Involve families more in understanding the math their children are learning and how to support them through parent math workshops

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A structured schedule for teacher observations and coaching will be created to provide ongoing support for program implementation. We will systematically evaluate the effectiveness of these efforts and their impact on student outcomes by examining teacher observation ratings, iReady data, and IM unit test data.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
08/28/2025	06/26/2026	Share student data reports with families and meet with them to discuss student progress	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, teachers, math coach, iReady trainer, ILT, Cabinet, parents/guardians

Instructional Resources

Illustrative Math, Reflex Math, iReady math

Schedule Adjustments

Dedicated common planning time will be allocated for teachers to engage in data-driven discussions and collaborative instructional planning.

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June	Lack of awareness due to low attendance at PTA meetings and parent events. Many families may not be aware of the NYC Kids RISE Save for College program	Students need to have a plan for

2025, 58% of NYC Kids RISE Save for College accounts have been activated	or the benefits it offers. Impact: Families are less likely to take the necessary steps to activate their accounts without sufficient knowledge about the program. Difficulty with technology. The process for activating the Save for College accounts may be perceived as complicated or time-consuming. Impact: Families might feel overwhelmed by the activation process and delay or avoid completing it. Limited Access to Information and Resources: Some families may have limited access to the information and resources needed to activate their accounts, such as internet or language support. Impact: This lack of access can prevent families from learning about and engaging with the program.	college and career early in life so they have the means and motivation to further their education and advance in their careers. This will allow students to be the bridge to generational success.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	58	PS 161x will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 20% from 58 to 78 as measured by percentage of active NYC RISE account.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Other Resources Needed

Funds to purchase raffle prizes to increase parent attendance at events

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
PS 161 does not have a DYCD	Due to the cost, PS 161 has not had a consistent afterschool program	Working families need afterschool programs for their children.

funded afterschool program and must pay vendors and per session to teachers to create an afterschool program. Programming is dependent on budget.	Monday -Friday, which is causing parents to choose other schools that do have one. The lack of afterschool programs could make the school less attractive to families, further affecting enrollment numbers.	
The community does not know all the wonderful things happening at PS 161	According to the NYC DOE School Performance Dashboard, the K-5 student population from 2019-now has consistently declined, at PS 161. The number of students in K-5 over the last several years is as follows: 2019 = 392, 2020 = 363, 2021= 317, 2022 = 277, 2023 = 269, 2024 = 251, 2025=226	The 2023-2024 school year was the first year the school had an Instagram page and the Twitter page had not been active since 2019. Families not registered at the school did not have knowledge of what is happening. Potential families may not be aware of the school's offerings, leading to lower enrollment numbers. The district has seen a rise in the number of charter schools, which may be attracting potential students away from the K- 5 school.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	226	PS 161x will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the number of children enrolled will Increase by 10% from 226 to 249 as measured by enrollment data in ATS.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase awareness of what is happening in the school community through social media, newsletters, flyers to put under people's doors, posters around the school about what is happening, brochure at main desk, brochures in bodegas, brochures in the playgrounds, PS 161 podcast (includes kids talking about their experiences), outside banners and door wraps.

Root Cause Addressed:

Decrease in enrollment because families do not know all the things PS 161 has to offer.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Post in Instagram and Twitter multiple times a week to reach the community.
Principal to send out bi-monthly newsletter to school community.
SLT members to support in distribution of Accomplishments Report to buildings in the neighborhood.
Update brochure from last year and work with a team to distribute it in the neighborhood.
More frequent open houses and/or tours. Community event - student performances. Time this for 3K/PK/K applications.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will look at data and review the action steps that are indicated, as well as what has been implemented, during SLT meetings. We will look at enrollment data to determine progress.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Weekly school tours that parents can sign up for.	n/a
09/04/2025	06/26/2026	Increase visibility through social media and branding. Highlight work done with school staff and partners	Brighter Bites, Start Lighthouse, SMILE Dental, NY Cares

Priority 5 Budget and Resources

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As a Tier 2 school with a 35.3% chronic absenteeism rate, P.S. 161 needs to prioritize improving attendance. Our focus will be on decreasing this rate by ensuring families understand how crucial consistent attendance is for their children's educational progress and for instilling a positive school ethic that	The 2025 Beta insight report reveals that 37% of our students are chronically absent, meaning they've missed 10% or more of the school year. This is a concerning trend, as all subgroups show an increase in absenteeism: Multilingual Learners (MLS) are at 38%, students with Exceptional Learners (ExL) at 40%, and	Parent Communication: Parents/guardians not understanding the cumulative impact of even a few missed days. Belief that occasional absences (especially if "excused") don't significantly affect learning. Lack of awareness about the direct link between attendance and long-term academic and life success. Barriers to Attendance: Health challenges: Chronic illnesses (for the student or family members), lack of access to healthcare. Housing instability/homelessness: Frequent moves, lack of a stable address, living in temporary

will benefit them throughout their lives.	Students in Temporary Housing (STH) at 47%.%	shelters, which makes consistent attendance extremely difficult

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35.3%	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease of 5%, from 35.3% to 30%, as measured by the Insight Beta.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Weekly Attendance Team Meetings
School Wide Data Chats
Incentive on days and dates with historically low attendance
Monthly incentive/acknowledgements
School Spirit Days

Root Cause Addressed:

Parent Communication:
Parents/guardians not understanding the cumulative impact of even a few missed days.
Belief that occasional absences (especially if "excused") don't significantly affect learning.
Lack of awareness about the direct link between attendance and long-term academic and life success.

Barriers to Attendance:
Health challenges: Chronic illnesses (for the student or family members), lack of access to healthcare.
Housing instability/homelessness: Frequent moves, lack of a stable address, living in temporary shelters, which makes consistent attendance extremely difficult

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Designate grade-level attendance mentors to monitor attendance and document interactions

The attendance team will develop a comprehensive school attendance plan for both staff and families, using the data we've gathered to guide our strategies.

Key Strategy 2 (Optional):

Root Cause Addressed:

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
SY 2024-2025 Implementing annual goal reporting was at 67.5% as	Need to continue to implement reminders during the IEP meetings to close out all goals prior to finalizing the new	IEP Development

reported in Power Bi to ensure IEP development and implementation	IEP. Send reminders for reporting goals during each report card/marking period.	and Fidelity of Implementation
SY 2024-25 IEP Reviews in Power Bi showed that of IEPs include student voice reflecting statements on quotes student are stating on themselves and students' vision of success for themselves was at 50%.	IEP do not always have statements that reflect student voice: strengths, interest and preference	Transition Planning and Compliance
School Data Performance in Power Bi as of SY 2024-25 stated that IEP evaluations were conducted for 11 out of 277 students. The percentage was at 4.8%.	The team will ensure that students received the tiered intervention in either reading or math based upon specific needs. The team will see that tier 2 and 3 are implemented and uploaded to SESIS to provide that students were given the intervention ad were unable to make progress due to the need of more supports.	Referral Process and Equity
SY 2025-2025 reported the school had 2 students suspended that are SWD out of 83. The percentage according to Power Bi; Shared Path dashboard states 2.4% last year and the citywide data was at 3.7%	The school will continue to utilize the supports of SEL and utilize BIPs to ensure students receive the support needed in the classroom. They will progress report on the BIP according to the weeks list on the BIP to report.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	67.5%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve improve annual goal reporting by a 10% Increase, from 67.5% to 77.5%, as measured by IEP Management Tool in Power BI.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Provide reminders and deadlines to all related service providers to enter goal progress. Check with classroom teachers if goal progress has been printed.

Root Cause Addressed:

Teachers and providers require reminders to enter goal progress.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement reminders during the IEP meetings to close out all goals prior to finalizing the new IEP
Send reminders for reporting goals during each report card/marking period.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Data will be discussed at SLT meetings in December, April, and June.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Review goal progress during PTCs	special education teachers and related service providers
09/04/2025	06/26/2026	Develop appropriately rigorous standards aligned annual goals	- Conduct small group workshops in which, teachers will be given the opportunity to review peer goals and exemplars.
09/04/2025	06/26/2026	Monitor referrals to Special Education to ensure appropriate referrals only	- Teachers will consult with their supervisors about students on the referral list - RTI implementation - Monthly PPT meeting with general education teachers - IEP Teacher will provide intervention for both general a nd special education students.
09/04/2025	06/26/2026	Ensure that students in foster care, their birth parents, and foster care agency points are reached out to for all initial, annual reviews, and reevaluation Individualized Education Program (IEP) services.	- Class Dojo -Letter home to parents - Emailing -Phone calls -Meet with parents during arrival and dismissal

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
ELA Tier 2	Struggling Students who score a Level 1 or 2 on the NYS ELA Exam and/or are below grade level on screener data	iReady, UFLI Tier 2/3, Phonics for Reading, REWARDS,	homogenous and/or small group (4-5)	During the day	yes and no
ELA Tier 3	Bottom third of gened students according to screener data and students with IEPs who have ELA goals	UFLI Tier 3, Phonics for Reading, REWARDS, Wilson, CUNY Tutors	small group (2-3) or one to one	During the day	No
ELA Tier 3	Students in K-3 about 1 grade level below in reading	Reading Ready or Reading Go - Readers for all Learners Program	one to one tutoring	during day and after school	No
ELA Tier 2	Students who are on the cusp and scored within ranges of:2.46-2.99 on the NYS ELA State Exam	ELA Prep Academy Intervention After-School Program: iReady and next gen test prep materials	Small Group	After School	I-Ready (Yes)
ELA Tier 2	ELL Students in Grades Kdg.-5th Grades	Title III After-School Intervention Program	Small group	After School	Imagine Learning-(Yes)
Math Tier 2	Struggling Students who score a Level 1 or 2 on the Math Exam and/or are below grade level on screener data	Kickstart for K-2 and DDI with iReady for 3-5	Small Group	During the Day	yes and No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
MBK, Tier 2	Upper grade male students in need of this social/emotional support	Small group mentoring	Small group	after school	No
Counseling services Tier 2 and Tier 3	Mandated, incident, crisis response, lack of work produced and other signs of depression	1:1 or small group	1:1, Small group	during school	No
PBIS Tier 2	Motivation, behavior plan incentives, class rewards	small group, 1:1, class	incentives for most modalities and student groupings	during school	No
MSK	Upper grade female students in need of this support	Small group mentoring	Small group	during school	No
Astor Services	Staff referrals based on anecdotals and OORS incidents	BHRT individual or group therapy and SYNC services individual or group	individual and small group	during school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

They are shared at PTA meetings and other family events, in the principal newsletter, and from teachers directly via class dojo and parent meetings.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive Acadience or iReady parent reports at BOY, MOY, AND EOY. Teachers also share progress in meetings.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Teachers meet with parents to share progress and importance of Tier 3 intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We currently have 42 Students in Temporary Housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Our STH population has a lower attendance rate and higher chronic absenteeism rate than the school average. The STH Title I survey guided us with how we used the STH Title I funds.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

STH and families will be provided with items that will support them for successful participation in classes during the 2024 - 2025 school year:
1) uniforms
2) school supplies
3) books

4) laundry supplies
5) Academic Programs & educational support services
6) Basic emergency supplies : sweatshirts, sweatpants, socks, and undergarments
7) Attendance Incentives
8) Intervention programs
9) Counseling and/or services related to displacement

Title I set-aside funds are used primarily for educational services in order to ensure that our Students in Temporary Housing population progress academically. These Title I funds will be used to pay for emergency supplies.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We have 3 students in foster care. The guidance counselor is in communication with teachers and provides at risk counseling, if needed. We also share outside therapy resources with foster parents.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

The guidance counselor is in communication with teachers and provides at risk counseling, if needed. We also share outside therapy resources with foster parents.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students in foster care often need more social emotional support. This data supported our decision to bring in Astor Services.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

We look at our Panorama data and use it to provide at risk counseling services, in school services with Astor, and/or referral for outside services.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 161x, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 161x will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 161x, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
• ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
• ensuring parents have access to school platform's e.g. classdojo, google classroom, Instagram, Facebook etc.
• notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
• arranging opportunities for parents to participate in their child's class, multi-cultural events, gallery walks
• planning activities for parents during the school year, e.g., Parent-Teacher Conferences; workshops

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
• creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
• assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
• sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
• supporting parental involvement activities as requested by parents and family members;
• ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
• advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

We will create cycles of support for educators. District staff will support teachers with the implementation of UFLI and the science of reading. Teachers will receive support in implementing the new Expeditionary Learning ELA Curriculum, including coaching and PD. All K-5 teachers will receive coaching from Bank Street Consultants and also engage in workshops related to the new Illustrative Math curriculum. Administrators will engage in district PDs centered on improving student learning through science of reading, the new EL curriculum, and the Illustrative Math Curriculum. Special education leads, ELL leads, and other academic leads will attend district PDs. The guidance counselor will support paraprofessionals with understanding behavior intervention plans and supporting students social-emotionally.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We utilize aligned curriculum, Joint PD's, family activity and shared coaching. The PK education specialist and PK social worker provide workshops and support parents with the transition.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I SWP	Federal	$311,099	X	ELA, Math, SEL, CA, MTSS
Title I, SWP STH	Federal	$39,958	X	ELA, Math, SEL, CA, MTSS
Title I SWP Carry Over	Federal	$15,964	X	ELA, Math, SEL, CA, MTSS
Title I parent and family engagement	Federal	$3,111	X	ELA, Math, SEL, CA, MTSS
High needs support for Title I	Federal	$21,412	x	ELA, Math, SEL, CA, MTSS
High needs support for title I STH	Federal	$2,750	x	ELA, Math, SEL, CA, MTSS
Title I parent	Federal	$160	X	ELA, Math, SEL,

and family engagement carry over				CA, MTSS
Supplemental support for Title I services	Federal	$30,902	X	ELA, Math, SEL, CA, MTSS
Supplemental Support for Title I STH Services	Federal	$3,969	x	ELA, Math, SEL, CA, MTSS

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Alana Bibergal
Assistant Principal (Where Applicable)*	Barbara Pinos
English as a New Language (ENL) Teacher*	Myra Santiago
Teacher (if school has a bilingual program must be a bilingual teacher)*	Melissa Williams
Parent/Guardian*	Crystal Parham
Teacher	
Parent Coordinator	Denise Jourdan
School Counselor	Candace Oreiro-Bruce
Related-Service Provider	Alicia Bolanos
Other (Name and Title)	Ibis Lopez, AP
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

228

Total number and percentage (%) of current ELLs:

38 current ELLs, 17% of our student population are ELLs

Total number and percentage (%) of former ELLs:

14 F-ELLs , 6% of our school population are F-ELLs

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

32 ELLs, 84% of our population Newcomers

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

6 ELLs, 16% are Developing ELLs

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 ELLs are Long-Term ELLs.

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 SIFE students

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

14 ELLs, 37% with IEPs

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	SPANISH	2025-2026	1	1	1	1	1									5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

As per CR Part 154, ENL instruction is determined by the number of required minutes according to the most recent NYSITELL or NYSESLAT levels per student.

The Freestanding ENL program is an Integrated and Stand-Alone program that follows the mandated number of minutes allotted to each student by the results of the NYSESLAT or NYSITELL exams according to CR Part 154.
- ELL students that are considered Entering are allotted 360 minutes (180 minutes Stand-Alone ENL and 180 minutes Integrated ENL) which total 8×45 minute sessions a week.
- ELL students that are considered Emerging are allotted 360 minutes (90 minutes Stand-Alone ENL ,180 minutes Integrated ENL and/or 90 minutes Flexibility- either in Stand-Alone or Integrated) which total 8×45 minute sessions a week.
- Those students who are Transitioning and Expanding warrant 180 minutes per week which total 4×45 minute sessions. (Transitioning- 90 Integrated ENL and 90 minutes Flexibility in either Stand-Alone or Integrated) (Expanding- 180 minutes Integrated ENL only.)
- Commanding students are allotted 90 minutes a week of Integrated ENL in ELA/Content Area instruction which is 2×45 minute sessions for 2 consecutive years following their proficient status.

In Stand-Alone groups, students are grouped according to their proficiency levels in grade bands of K-2 and 3-5. They are provided instruction in English with support in the Home Language. An ENL program called Language Power, Building Language Proficiency is used to promote English proficiency through the content areas of Social Studies and Science. It provides academic and linguistic support through scaffold instruction which develop the foundational language skills necessary to reach language goals. As a supplemental technology component, a program called Yeti Confetti is utilized to support all multi-entry points in vocabulary and language development with a more individually targeted instruction. This program supports students of many languages and develops an instructional plan according to the results of a diagnostic test.

Integrated ENL:

The Integrated English as a New Language program offers support to students within their classroom during content area instruction. The ENL teacher along with the classroom teacher will collaborate focusing on English language acquisition and vocabulary development. The ENL teacher works with MLL's in small group instruction allowing students scaffold access to content based material. This will support a heterogeneous grouping of ELL students in a push-in model of instruction.

-ELL students that are considered Entering are allotted 360 minutes a week (180 minutes Stand-Alone ENL and 180 minutes Integrated
ENL) which total 8×45 minute sessions.
- ELL students that are considered Emerging are allotted 360 minutes a week (90 minutes Stand-Alone ENL ,180 minutes Integrated
ENL and/or 90 minutes Flexibility- either in Stand-Alone or Integrated) which total 8×45 minute sessions.
- Those students who are Transitioning and Expanding warrant 180 minutes per week which total 4×45 minute sessions. (Transitioning- 90 Integrated ENL and 90 minutes Flexibility in either Stand-Alone or Integrated) (Expanding- 180 minutes
Integrated ENL)
- Commanding students are allotted 90 minutes a week of Integrated ENL in ELA/Content Area instruction which is 2×45 minute
sessions for 2 consecutive years following their proficient status.

The ENL and classroom teacher will focus on ELA and Writing skills and strategies that will support ELL students of all proficiency levels. Scaffolds, home language support and translation will be incorporated in planning.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

There is currently no Transitional Bilingual Education (TBE) program at our school.

Dual Language Bilingual Education (DLBE):

Our school currently has a Spanish Dual Language Program in Grades PK-4. The goal at PS 161 is to enhance our Dual Language program to service students in grades Pre-K - 5 by the school year 2026-2027. Each year we have been able to add another grade to our growing population of ELL students. The Dual Language program follows the 50/50 model that ensures an equal amount of language instruction in English and Spanish. The Dual Language teachers follow the alternating language of the day model and also provide content area instruction in both languages (English and Spanish) to our ELL's and EP's. Our ELL's and EP's are heterogeneously integrated in one language room to ensure collaboration between English dominant and Multilingual Learners. All students are provided English language models on English days and Spanish language support on Spanish days.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our certified Dual Language and Bilingual Special Education classroom teachers as well as our English as a New Language teachers provide the mandated ENL, NLA and ELA instruction as specified in CR Part 154. The ELL students are provided the appropriate number of minutes in ENL, ELA and Native Language Instruction. Entering and Emerging students receive 360 minutes (8 periods) of ENL instruction per week. Transitioning and Expanding students receive 180 minutes (4 periods) of ENL instruction and 180 minutes (4 periods) of ELA instruction per week.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Dual Language: We follow an alternate day model, so ELA is taught 50% of the school year in each subject and HLA is taught 50% of the school year in each subject.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language model our school implements is the self contained alternate language day model of instruction. Three days in English and two days in Spanish. English proficient and ELL students are integrated 100% of the day. Students are heterogeneously grouped and provided with strategies to support their various levels of proficiency.

b. In which language(s) is each core content area taught?

Writing and Math instruction is taught in both English and Spanish. ELA is taught in English and HLA in Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to the EDAT 84% of our ELLs are currently Newcomers ranging from 0-3 years of service. Newcomers receive the mandated 360 minutes per week as outlined in CR Part 154, in a Stand Alone and/or Integrated ENL program or a Dual Language program. They receive one unit of study of ENL for 180 minutes and one unit of study in ENL/ELA for 180 minutes per week. Newcomers are supported in their native language until they are ready to transition into English. Our Dual Language program provides alternate day language instruction which allows newcomers to develop skills in both languages simultaneously. Home language support across content area allows students to use prior knowledge and incorporate them into the english content while embracing their culture of origin. We will support our Newcomers by providing more stand-alone/integrated ENL, small group instruction, after school and Saturday programing as well. For those ELL's in our ENL program, the teacher will provide various stand alone scaffolds to help differentiate instruction and support in their oral English language development. Through listening and speaking activities, such as the use of discussion prompts, and conversational role playing in pairs and small groups, students will exercise these two modalities that will help if the development of the other two modalities of reading and writing. Students will be encouraged to use think, pair, share strategies as they participate in buddy reading and cooperative play activities.
Our Developing or Long term ELLs will continue to get support through scaffold instruction, developing vocabulary, reading and writing skills. They will also be included in our after school programs.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At this moment, there are no SIFE students.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to EDAT, 0% of our ELLs are Long Term ELL's. 16% of our Developing ELLs continue to get support in their Native Language as well as in English. In many cases students who come in at a higher grade are sent to a lower grade to get support in Phonics and Reading. Teachers work collaboratively on targeted skills that will help close the gap of phonemic awareness so the student can transition into the English language in reading and writing much easier. Developing students are provided support in the modality that they need most support in while using collaboratively the modalities they are strong in. Through Tier 2 and 3 services students will receive after school and Saturday programing to address language acquisition and any learning gaps.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to EDAT, 3% of our ELL students are Former ELL's. Former ELLs continue to get support through small group targeted instruction by the ENL or Dual Language teachers which enables students to progress with scaffold support. All Former ELLs are included in our planning of all after school programs and are accommodated with all testing modifications for 2 consecutive years after achieving commanding levels. We provide students with small group instruction as per CR Part 154 requires.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Some of the At-Risk Indicators that affect ELLs in our school are:

1. Newcomers (0-3 Years of ELL Service)- 84%
2. ELLs Who Did Not Demonstrate Sufficient ELP Progress (Spring 2024 NYSESLAT)- 40%
3. ELLs in Temporary Housing- 34%
4. ELA: ELLs Who Scored Level 1 or 2 Last School Year- 24%
5. Math: ELLs Who Scored Level 1 or 2 Last School Year- 24%
6. ELA and Math: ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24- 11%

The EDAT shows that 45% of our ELL population are affected by any 2 of these indicators, 26% are affected by at least 1 indicator, 13% are affected by at least 3 indicators and 5% are affected by 4, 5, or 6 of these at risk indicators.
The trends that our at risk ELLs show is that 84% of our ELL's are Newcomers. This targets the need for basic skills like in phonics, phonemic awareness, vocabulary and writing mechanics. Many of the students are not coming in with strong skills in their first language which makes it more difficult for the transition into the English language. 24% of our ELLs in testing grades are also scoring levels 1 in both ELA and Math State test. We also see 40% of our ELLs have not made ELP progress. These at risk factors are used to developing at risk groups and after-school programs. In some cases students that are at risk are encountering other academic issues that are not due to language development. It is evident that attendance is key to learning in all subgroups and affects the development of the necessary skills taught during the school day. ELL's with poor attendance is reflected on their performances in all modalities. They are not present enough to practice the skills needed for language acquisition. We also see a trend where 34% of our ELL students are in temporary housing. That is a 12% increase from last year. We are working with our STH coordinator and making efforts to assist families of our ELL students with attendance concerns.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Some of the At-Risk Indicators that affect Former ELLs in our school are:

1. ELA: Former ELLs Who Scored Level 1 or 2 Last School Year- 29%
2. Math: Former ELLs Who Scored Level 1 or 2 Last School Year- 29%
3. ELA: Former ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24- 7%
4. Math: Former ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24- 7%

The EDAT shows that 71% of Former ELLs have NO At-Risk indicators. 22% has at least 2 indicators and 7% has at least 4 of these indicators.

Our 2025 EDAT report indicates that 29% of our former ELLs in testing grades scored a level 1 or 2 in both ELA and Math 2024 State test. It also stated that 7% of former ELLs scored a 1or 2 on their ELA and Math State test for SY 23' and 24'. All students are provided with the opportunity to attend our after school programs and/or Saturday Academies for additional support in ELA and Math skills.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the Home Language of the largest representation of ELLs at our school. Our staff is predominately Spanish speaking so there is support in many areas both in and out of the classroom for both students and parents. There is always someone available for translation both in written and oral. All students and families of different languages are always supported with in house personnel when available and over the phone interpretation if needed.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Our ELL students consist of a mix culture of Hispanic, Arabic and African American. Many students come from Latin countries like Spain, Honduras and Ecuador. Some come from different regions of Africa speaking dialects that are sometimes only oral and not written. We have had an increase in our Arabic population as well. Students cultural backgrounds are considered when developing and implementing culturally responsive lessons. Students are given the opportunity to share, embrace their culture and incorporate what they know to the new language and culture through activities that create a sensitivity to all cultures. We have Spanish speaking members in our SLT team helping to drive our planning forward in an inclusive way that is reflective of our community. We will also be including Start Lighthouse which is a literacy program directed to address our schools Culturally Responsive and Sustaining Education.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

There are three criteria that indicate the type of growth our ELL students have made.

1. Method 1: Met Progress by Exiting ELL Status - 7 ELLs- 25%

2. Method 2: Met Annual Progress Target - 1 ELL- 4%

3. Method 3: Met Safe Harbor Cumulative Growth - 5 -18%.

15 ELLs, 54% did not meet ELP sufficient progress.

There has to be sufficient data when calculating ELP progress such as: if students did not exit ELL status, did not receive a Spring 2024 NYSESLAT proficiency level, or have fewer than two NYSESLAT exams. All students that have two NYSESLAT exams and did not meet sufficient progress according to the three methods are considered progress not met for their most recent NYSESLAT.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The 2024 NYSESLAT reflects trends of increases and decreases in some modalities varying from student to student based on their academic challenges. The data states that our ELL population have made gradual gains within each modality of
listening, reading, writing, and speaking.

The scores reflect 21% tested proficient, 42% are Expanding, 24% are Transitioning, and 6% are both Entering and Emerging

The NYSESLAT data also shows patterns across the grades indicating strengths and weaknesses in each within modality.

Students in Grades 1, 3 and 5 indicated strengths in Reading , Listening and Speaking but improvement needed in Writing.
Grades 2 students showed strengths in Speaking and Listening but weaknesses in Reading and Writing.
Students in Grade 4 showed strengths in Speaking but a need Reading, Listening and Writing.

Overall, our NYSESLAT data has guided us to focus on the modalities of reading and writing, incorporating the Listening and Speaking modalities to continue Language Development.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Student performance on the NYSESLAT and other State exams show a similarity in the Reading and Writing skills students need to improve on.
The results of the ELA and Math State test show that:
1. Three Transitioning ELLs scored a Level 1 in both ELA and Math.
2. Six Expanding ELLs scored a Level 1 in ELA. and three Expanding ELLs scored a Level 1 in Math.
3. One Commanding ELL scored a Level 2 in ELA and 1 Commanding ELL scored a level 1 in Math.
4. Three Expanding ELLs scored a Level 2 in Math.

Focusing on specific skills like questioning techniques, vocabulary and writing strategies along with scaffold support can enhance student performance on all state exams. Through our small group guided instruction, during and after school programs, and IReady technology programs, students will have the opportunities to practice and develop the necessary prerequisite skills to increase in the ELA and Math content areas.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The NYSESLAT reflects trends of increases and decreases in some modalities varying from student to student based on their academic challenges. All our students who have IEP's are provided the same opportunities to attend the programs created for our ELL and non-ELL students. According to IEP goals, students will be given the opportunity to meet their goals through lessons, activities and strategies that they will practice in all modalities. Each student with an IEP have different learning disabilities that need to be addressed on an individual basis. Our school ensures that communication and collaboration with the classroom teacher is the best way to enhance student learning with the proper supports. We will increase our efforts, strengthen our Tier 1 instruction, increase small group work opportunities, and provide after-school and Saturday learning opportunities.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our MLL students are provided with support from the ENL and Dual Language teachers through Integrated and Stand Alone small group instruction. Students are taught in their Native Language and English through scaffold and differentiated instruction in the content areas of ELA, Math Science and/or Social Studies. The use of manipulative's, realia, vocabulary, phonics and phonemic awareness instruction provide support for language acquisition. MLL students are provided the opportunity to attend after school programs that will support the instruction in the four modalities of Speaking, Listening, Reading and Writing. In order to deepen the learning experience, students will enhance their understanding of content through higher levels of questioning.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT takes all student populations into consideration when designing any instructional plan especially for our MLLs and SWD. Our curriculums emphasize on strategies and scaffold instruction that are incorporated into daily activities. The curriculum allows for small group instruction that target MLL student needs at every entry point. Teachers meet during grade planning sessions to develop age appropriate activities based on formative and summative assessment data. Data results target prerequisite skills that are needed and activities are developed to improve those skills. We focus on developing questioning and discussion skills, vocabulary building, and literacy development. We provide comprehension support through culturally responsive teaching.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the

Next Generation Learning Standards.

In our Spanish DL program, we supplement with aligned Spanish resources to provide home language instruction using the EL literacy program. The IM Math program comes in English and Spanish. Teachers continuously meet to collaborate with each other to identify resources that will help support each programs alignment with the Next Generation Learning Standards. Teachers of K-5, provide various scaffolds and ENL strategies to foster language development. The MLL students are provided the appropriate number of minutes in ENL, ELA and Home Language Arts instruction. Home Language Arts is provided for more than the required 300 minutes to 450 minutes per week for Entering and Emerging. Transitioning, Expanding and Commanding students also receive more than the required 225 minutes per week . The Dual Language program follows the 50/50 model that ensures an equal amount of language instruction in English and Spanish in all content areas. Content areas are supported with various native language materials like guided reading and anchor text.

The ENL program uses a program titled Language Power which is a language development program that groups students according to their language proficiency . The content areas of Social Studies and Science support the vocabulary, reading and writing standards for English Language Learners. In monolingual classes, teachers support MLLs using various MLL strateiges.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Students are provided with laptops, Chrome books, or IPads so they can target specific skills determined through diagnostics in the technology programs like IReady. Other technological support such as text to voice applications, platforms like Nearpod and Google Classroom, Starfall, Yeti Confetti and Epic are also used. Every classroom is also equipped with Smart Boards that are used to maximize comprehensible input during content area instruction especially in ELA and Math. Grade level materials like translated books and articles provide language support.

b. SIFE

SIFE students will be provided with academic intervention based on screening results. Their instruction will be tailored to their specific needs. Students with severed interrupted schooling receive intensive AIS. Academic Intervention programs include extended day, after school programs, and ELA/MATH academy. SIFE students will be provided opportunities to strengthen the L1 and transfer skills to L2. Students will be encouraged to use their diverse experiences and express their knowledge through oral story telling, traditional cultural practices and beliefs. SIFE students will expand their vocabulary and knowledge through integrated activities and use of glossaries and cognate lists.

At this time we do not have SIFE students.

c. Newcomers

Students in the Dual Language classes who have less than 3 years (newcomers) are provided alternate day instruction in English and Spanish. Research has shown that students show more progress when the Native language is utilized for instruction and strengthening the native language accelerates English language acquisition. Appropriate ENL strategies such as TPR, visuals and realia are utilized to motivate and engage MLL newcomers. Students are encouraged through differentiated and scaffold instruction to expand on their background knowledge and experiences. They are also invited to attend our Title III after school program where enrichment of all modalities are exercised.

d. Long Term ELLs

At this time, although we do not have any Long-Term MLLs, we would mandate them to attend ELA/Math After school Academy. They would also be invited and encouraged to attend our Title III After school Academy where they would receive additional instruction in English as a New Language, English Language Arts, and Native Language Instruction. Long-term MLLS would be entitled to additional support by our pull-out writing and math academic intervention services during the day.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school uses the following instructional flexibility to meet the diverse needs of MLL-SWDs within the least restrictive environment: SETSS, ICT program, flexible skill grouping, task modifications, differentiated tools/tasks, technology programs, among others. Furthermore, to assure that our MLL-SWDs are placed in the appropriate program that promotes English proficiency and the achievement of IEP goals in the least restrictive environment, the child's ability to communicate and process information in his/her native language is assessed. Then the child's academic level and ability to learn is assessed by an evaluation multidisciplinary team. The results from the assessments determine the type of program that the child will be placed. Currently, we provide SETSS, ICT, Flexible schedule, and Self-Contain for our MLL-SWD. Students that demonstrate to be accelerated in a particular subject can participate in a mainstream classroom for that subject and in a smaller class for subjects that appear to be more challenging for the student. This assures that the child is progressing as he/she receives the support needed. In addition, MLL-SWD students receive the following accommodations for assessments as indicated in their IEP: separate location, double time, extended time, questions read, directions read, glossaries, test translations and scribing if applicable.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the Dual Language program, Native language instruction in reading and in the content areas is provided on an alternating day basis. Native language books are provided as a support in the ENL classroom along with the support of a targeted MLL program Language Power that focuses on all four modalities.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Our ENL and Dual Language teachers are provided the time to collaborate with each other during common planning designated periods.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

This year professional development topics for MLL personnel are the following: Monitoring of students Understanding, Activities and Assignments-Rigor/Differentiation, Learning Modalities-Instructional Materials and resources for MLLs, Quality of questions and prompts, Discussion techniques for MLLs, and Student Participation. Professional development teams meet in cycles of six weeks. During the six weeks cycle, teachers research, implement, collect data, analyze, and reflect on the strategies and techniques learned about one of the topics mentioned above. Once teachers have concluded one cycle, they may start another six weeks cycle on a different topic. These topics aim to improve the teachers ability to teach MLLs in all subjects. We will target skills that will deepen the students understanding of questions and responses. The use of multiple entry points will also be an area of focus to be able to target MLLs, and SWD/MLLs.
Our consultants provide sessions on unpacking the IL Math and EL Modules for ELA. Teachers analyze the Modules and unpack the units to maximize learning goals in their lessons. They explore the unit plans and target the modalities in the content areas of ELA and Math. Teachers will attend professional development sessions provided by the Division of English Language Learners to become more aware of the new changes to CR part 154 and the Language Allocation Policy.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school Guidance Counselor arranges middle school visit tours that provide information to the students and parents about their prospective schools. These visits assist students and parents in selecting the school of their choice. Parents are provided a middle school workshop where information and assistance is provided in both languages. School personnel, administration and teachers also facilitate assistance to parents and students whenever questions arise about the application process or their prospective schools. ELL students that are making the transition from fifth grade to middle school will preview the middle school experience by either middle school

representatives visiting our school or ELL student's visits with their class and teacher to prospective middle schools. Students are exposed to special programs that are provided within the particular middle school. Parents are provided assistance in completing the middle school application in a timely manner at a workshop provided by school personnel or on a daily basis. The Guidance Counselors receive out of building Professional Development to keep them updated on any new protocols or changes in the system. They are provided with ways to ensure a seamless transition and are always available to provide assistance. Translation is provided for those parents who do not understand the English language by using our in house staff or the DOE Translation and Interpretation Unit.

Every Monday, the school provides Professional Development dedicated to enhance teacher pedagogy. Through discussions that target but are not limited to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. Teachers within the school community attend workshops and turnkey the content they learned. Topics like the use of Technology, Differentiation, Scaffolding and teachers practices have been several topics addressed thus far. Furthermore, Dual Language teachers and Special Education Teacher receive one common preparation period per week to plan and discuss strategies and techniques specific to MLLs and SWDs . Agendas , handouts, and sign in sheets are collected at each professional development session/meeting and kept in the ELL PD binder by the PD team. Also teachers, will participate in various professional development sessions provided by the DOE MLLs program.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Screeners include Acadience (K-2) and iReady (3-5). iReady is available in English and Spanish. As an instructional support in their native language, we use the Estrellitas and Palabras a Su Paso program which provides sequential, cumulative, structured, systematic, and differentiated direct instruction. The assessment components are used to monitor language arts literacy levels and unit assessments to assist teachers as they monitor progress in the Spanish language. Other programs that are used to guide instructional planning are Fundations, Teachers College Reading and Writing and Envisions (pre/post) assessments. Data collected from these assessments are used to formulate instructional groups and target individual student needs. The assessment focuses on specific skills that will allow the teacher to formulate reading groups and target specific skills. The data collected allows us to target specific students for our after school programs and AIS services.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our teachers providing AIS provide targeted instruction to those students that are either referred by the teacher or who scored proficiency levels 1 and 2 on the NY State Math test. In addition we offer Math RTI for 30 minutes per day. The Phonics for Reading program provides phonics and phonemic awareness to struggling readers along with other programs like UFLI and Rewards. For approximately 45 minutes per day, our struggling ELL readers receive small group reading instruction. Our ELA/Math Academy provides targeted instruction in English Language Arts and Math to ELL's in grades 3, 4 & 5. We provide a Title III After school Academy that targets all levels of English Language Proficiency levels of Entering, Emerging, Transitioning, Expanding and Commanding. Yeti Confetti is a source of technological intervention where native language support is provided in many languages while reinforcing English Language Development in grades K-3. Social Studies and Science Teachers provide scaffold instruction, differentiated materials and tasks to assure that ELL students are meeting the content and language objectives of the lesson.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Data is collected through a variety of platforms like IReady, Acadience, Phonics for Reading, UFLI, informal assessments, pre and post unit test for Reading, Math and Writing. Teachers have data chats to discuss student levels, areas of concern and intervention plans to put in place.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

As an instructional support in their native language, we use the Estrellitas and Palabras a Su Paso program which provides sequential, cumulative, structured, systematic, and differentiated direct instruction. The assessment components are used to monitor language arts literacy levels and unit assessments to assist teachers as they monitor progress in the Spanish language. Other programs that are used to guide instructional planning are EL Reading and Writing program and Illustrative Math (pre/post) assessments. Data collected from these assessments are used to formulate instructional groups and target individual student needs. The assessment focuses on specific skills that will allow the teacher to formulate reading groups and target specific skills. The data collected allows us to target specific students for our after school programs and AIS services.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We can assess students in Spanish using iReady. We evaluate their native language through a variety of elements. We take all of the following into consideration: teacher- student observations, dialogue, conferences with the students, students' standardized test scores, students' performance on teacher made tests, interim assessments, classroom assignments, portfolios, homework, and rubrics in order to ensure that our students are making adequate yearly progress in their native language. We also use pre and post test in math to support direct instructional needs in Spanish.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Administrators, ENL , and inquiry teams hold ongoing instructional conferences with grade teams based on student work, formative and summative data, EL Writing on demand pieces and instructional practices/ENL strategies that evaluate effectiveness and necessary adjustments in our Dual Language program.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Administration of the NYSESLAT will consist but not limited to all Dual Language teachers and available classroom teachers along with the ENL teacher, Mrs. Santiago. Groups will be formulated according to specific grade bands and coverage will be provided to ensure students continue to receive mandated services during the testing period.

During the window of administration, each Session of the test will take place on a specific day for all grade bands. Once testing is completed, the scoring of the test will be scheduled for available teachers. Training on scoring will take place prior to scoring by all staff available.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our Testing Coordinator ensures that all former ELLs get the testing accommodations for two consecutive school years during all State test. NYSESLAT data found in the RLAT indicates who the Commanding students are. Expanding students along with an ELA Level 3 score also qualify as Former ELLs. These students are grouped with other students with similar testing accommodations. They are also provided with bilingual dictionaries and translated test when available.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

During enrollment, the ENL teacher and trained staff provide ELL families with information about the Bilingual programs our school provides. As required by CR Part 154, students are identified to qualify as ELL students according to their Home Language determined by the ENL teacher. Parents are informed of the programs available and the additional services MLL's qualify for, such as Title III Afterschool programs and mandated minutes based on the proficiency levels provided by NYSITELL and /or NYSESLAT results. A Parent orientation will be scheduled for all new MLL. This orientation will provide parents with information about the bilingual programs our school has, the meaning of the proficiency levels based off the NYSITELL or NYSESLAT test and both academic and language support we provide to our ELL students and families.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At P.S. 161, we have Parental Support Tuesdays, which is a time allotted for teachers to meet with parents to discuss student progress and concerns. This would be the best time to schedule the annual individual meetings to discuss students language development, results of assessments and areas of concern. Teachers will telephone parents and

make arrangements to fit both their needs if this day will not work. Translation is provide either by a staff member or the DOE's Translation and Interpretation Unit.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

During registration, parents select the language of preference in both written and oral. We use this information to input it in ATS. All letters home sent to parents are sent in English and Spanish. Translated versions of letters in other languages are transcribed as needed using the DOE's Translation and Interpretation Unit. Members of our school community are also available to translate both orally and written if necessary. Many members of our school personnel speak Spanish so translation is always readily available. The DOE's Translation and Interpretation Unit and phone services are also used for those languages not spoken or supported by any school personnel.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our Parent Coordinator, Denise Jourdan, is in communication with the parents using platforms like ClassDojo and phone messenger. Ms. Jourdan surveys parent needs, interest and areas of concern in our school community so that she can better support our families. Community outreach for services is done to help families both in and out of school grounds. Saturday trips and Parent meetings are scheduled to keep informed.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Families are invited to partake in PTA, SLT and CEC meetings through Class Dojo reminders and memos sent home with all upcoming events in English and Spanish. Translated versions provided as needed.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our diverse school community continues to grow and we are happy to collaborate with Start Lighthouse, a nonprofit organization geared to closing the literacy gap and supporting our families and students with bilingual books that are culturally responsive. As we integrate multicultural literature within our curriculum, we focus on students developing a love for reading as the stories relate to everyday experiences making text to self connections. In this approach, students will be engaged and empowered. We will increase comprehension and build fluency.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of our ELL Identification teams are Myra Santiago and Deyanira Romero. They are our two ENL teachers who work collaboratively with our office staff during registration to ensure proper identification and documentation of all our students.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

As new students enter at any given part of the year, our ENL teacher, Mrs. Santiago and Deyanira Romero are primarily in charge of the ELL
Identification process. Along with the School Pupil Accounting secretary and office staff, registration is completed by collecting all necessary documentation that the guardian needs to fill and the HLIS which is is completed by an ENL teacher. The ENL teacher will conduct the student and parent interview and determine the students Home Language. The Pupil Accounting secretary will then input the Home
Language on ATS. Once the student has been determined to be ELL eligible, the ENL teacher will administer the NYSITELL exam and the Spanish Lab if necessary. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.
Parents will receive letters notifying them that their child took the NYSITELL and either tested in or tested out. These letters will be provided in the language choice indicated in the HLIS. If the student tests in, then the parent isrequired to fill out a Parent Selection Survey indicating the program they wish to have their child in during the Parent Orientation. All ELL reports and documentation will be completed and choices updated on ATS.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Alana Bibergal

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Myra	Santiago	Teacher - Regular Grades	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
AFRIKAANS	1	0.33%	1	0.33%	0	0
FRENCH	1	0.33%	1	0.33%	0	0
ENGLISH	188	61.64%	184	61.33%	60	60
SPANISH	114	37.38%	113	37.67%	10	19
SONINKE	1	0.33%	1	0.33%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendars	School generated documents are sent out in the two primary languages (English and Spanish) representative of majority of our population. School staff, such as the school secretary, the assistant principals, principal, family worker, and teachers will partake in translating letters to be sent home. We use DOE Intranet templates for the languages supported, bilingual school-based personnel, Translation and Interpretation unit, or if needed, a translation vendor for languages not offered.
School Memos/Reminders	Translated by a certified pedagogue. For the languages not spoken by staff members, the Intranet will be checked to see if a customizable template in the language(s) needed has been created. If not, we will complete a translation request form and email the document to see if we can have it translated.
PTA Meeting, Fundraisers, After School Programs	Teachers will submit parent letters to be translated, these letters will first be reviewed and approved by administrators and then are passed on to one of the identified staff members that will handle the translation. This process will take no more than forty eight hours. These staff members will also translate any key information distributed at the monthly parent development workshops. School calendars and grade specific newsletters are translated and sent to parents on a monthly basis. Parent-teacher conference announcements are translated and are distributed to parents during the month of September for "Meet the Teacher Night", November for the first PTC, March for the second PTC, and May for the summative PTC. Moreover, notices about after school information, test taking tips, and NYS testing dates are also translated. When parents have an initial, annual, or tri-annual IEP meeting, reports and IEP are translated at the request of the parent.
Parent Teacher Conferences	We will use school-based personnel to assist in translation of any documents necessary to help inform parents of their child's progress or concerns and an explanation of their report

	card. We will also use the over the phone translation service, if necessary.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Individual parent meetings/ Phone Calls from a teacher or Guidance Counselor/ Attendance teacher	An inventory of our staff spoken and written language is available and when necessary, an available member of our school community will provide the necessary interpretation for the parent. If no one is available to translate another language that is not Spanish, we use an over-the-phone interpreterand/or request and interpreter using any other service provider from the DOE.
Meet the Teachers	An inventory of our staff spoken and written language is available and when necessary, an available member of our school community will provide the necessary interpretation for the parent. If no one is available to translate another language that is not Spanish, we use an over-the-phone interpreter or hire a DOE vendor to send an on-site interpreter.
Parent Engagement	An inventory of our staff spoken and written language is available and when necessary, an available member of our school community will provide the necessary interpretation for the parent. If no one is available to translate another language that is not Spanish, we use an over-the-phone interpreter or hire a DOE vendor to send an on-site interpreter.
IEP Meetings	We us the DOE InfoHub templates for the languages supported, bilingual school-based personnel, Translation and Interpretation unit, or if needed, a translation vendor for languages not offered. We use an over-the-phone interpreter or hire a DOE vendor to send an on-site interpreter.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In a school wide emergency a message is sent through our school purchased phone communication system called School Messenger that
translates according to the specific language needs from our surveys and they are: English, Spanish, French, Fulani, Mandingo, Arabic, and
Bengali. As for the Spanish speaking families who call the school, they will be assisted by one of our staff members who speak Spanish. In
house staff is always available to translate any concerns and emergencies our parents require assistance in. Teachers also have the ability to relay any important messages through ClassDojo which is a teacher/parent communication forum currently being used. If a certified pedagogue is not available and/or does not speak the preferred language, the Bronx Field Support Center's Over-The-Phone Interpretation line is used to communicate with Limited-English-proficient families. Each teacher will be given the number to an over the phone interpreter which will allow them to access 200 plus languages so they can speak to all parents regardless of preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All staff members will be provided with the overview of the Chancellor's Regulation A-663 during our yearly Welcome Back PD for all staff members in September, 2025. They will be made aware of the available resources to ensure all families are kept well informed. The Language Access Coordinator (LAC) and ELL Coordinator will turnkey the information learned at the training provided by the Translation and Interpretation Unit on how to use and acquire translation services and over-the-phone interpretation services. The Principal will make weekly announcements during Parent Engagement Tuesdays to remind all staff and parents about the translation services available both in house and in the DOE. Copies of the brochures, guides, and over the phone interpreter services will be distributed to all staff members and made available for parents for future use during our first staff meeting and week of school.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Through the Parents' Association, Parent Coordinator, and school staff members, translation information and interpretation services will be disseminated to any and all parents who require interpretation. During orientations and/or open
houses, parents are informed of their rights to request a translator or get translated services in order to communicate
effectively with any members of the Department. They are provided information in the language of preference that is indicated in
their child's biographical. All school related postings will be available in the covered languages as per the regulations. The Parent
Coordinator will assure that all information is displayed in its proper form and that parents are aware of their rights.
The Parent Association and the Parent Coordinator assure the communication between school and home is timely and explicit.
The school Counselors discuss with students key details of the Disciplinary Handbook and Parent/Student Contracts which are
translated for parents to understand before they are sent home. Parents are provided with their Parents' Bill of Rights and
Responsibilities to assure that they are aware of their rights. They are to sign the contract and return it to the classroom teacher. If
there are any questions, students are encouraged to have their parents come in and seek clarification.
Language and Translation Services material will be available at the Parent Coordinators room and the main office.
Welcome posters indicating contact personnel are posted at the school entrance to inform parents of who can assist them if translation is needed.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Through the Parents' Association, Parent Coordinator, and school staff members, translation information and interpretation
services will be disseminated to any and all parents who require interpretation. During orientations and/or open houses,
parents are informed of their rights to request a translator or get translated services in order to communicate effectively with
any members of the Department. They are provided information in the language of preference that is indicated in their child's
biographical. All school related postings will be available in the covered languages as per the regulations. The Parent Coordinator will assure that all information is displayed in its proper form and that parents are aware of their rights. The Parent
Association and the Parent Coordinator assure the communication between school and home is timely and explicit. The school
Counselors discuss with students key details of the Disciplinary Handbook and Parent/Student Contracts which are translated
for parents to understand before they are sent home. Parents are provided with their Parents' Bill of Rights and Responsibilities
to assure that they are aware of their rights. They are to sign the contract and return it to the classroom teacher. If there are
any questions, students are encouraged to have their parents come in and seek clarification. Language and Translation
Services material will be available at the Parent Coordinators room and the main office. Welcome posters indicating contact
personnel are posted at the school entrance to inform parents of who can assist them if translation is needed.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Yes, we have been bringing in interpreters.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

52

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

9

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

This school year, 2025-2026, our intention is to utilize the Title III funds for a fully in person after school program that will begin October 14, 2025. The after school program will start meeting twice a week on Wednesday and Thursdays from 3-5 PM from October through May 21, 2026. We will focus on empowering language learners to build English-language proficiency through a highly differentiated and rich instructional program called Language Power. Language Power is a rigorous program that targets instruction by addressing all four language domains. It provides listening and speaking opportunities in every lesson (labeled Talk Time), including structured support for speaking through sentence frames. It allows interaction with texts on a range of topics representing a variety of genres and content areas and provides regular opportunities to write about learning. Students are grouped according to language proficiency levels and grades. ELLs face a unique set of opportunities and challenges in meeting the Next Generation of Learning Standards (NGLS). These standards require all students to develop literacy in the content areas. ELLs also bring other types of assets to their learning that constitute important resources for their success in the classroom, such as first-language knowledge and skills (Fránquiz & Reyes, 1998). These assets can play a part in the success of our students in order to be college and career ready. It will help them to learn and understand other perspectives and cultures.

English learners benefit from a thematic approach to learning (Haas 2000). When students can connect learning to a larger context, it makes the information more meaningful (Haas 2000). Students are able to make connections and see how learning across the curriculum is interrelated. In language, a thematic approach allows English learners to be exposed to the content and academic language connected to the theme. Language Power provides students with, high interest, level-appropriate text sets, all organized around common curriculum themes. Each book and text card is carefully selected to provide a natural progression in language and learning opportunities. With a thematic approach, English learners have an opportunity to use academic language across the curriculum, and experience the varied contexts in which to use language appropriately. They are asked to use language for similar academic functions, such as
description, explanation, compare and contrast, cause and effect, and analysis as they learn content from different disciplines. This gives English learners the chance to use the forms of language necessary to carry out the given task (function). This further provides opportunities for students to use general academic vocabulary to share their learning while developing new content-specific vocabulary, as well. Thematic instruction is an authentic approach to learning as it relates to the real world. Language Power lessons include a specific section for building background knowledge and vocabulary. This section is strategically placed before reading to help students make language and learning relevant and meaningful throughout the lesson. Language Power facilitates comprehensible input by giving students multiple opportunities to see, hear, and interact with vocabulary and language, and through the use of graphic
organizers in the Student Guided Practice Book. The program facilitates comprehensible output by giving students opportunities to use language through speaking and writing activities, supported by sentence frames and opportunities for immediate feedback. Language Power provides students with appropriate support to ensure the successful transfer of language skills from guided practice to independent application. Each lesson follows the I Do, We Do, You Do model with the overall goal of promoting language proficiency.

Language Power is differentiated by design (via grade spans and language proficiency levels). Opportunities for

differentiation are in each lesson.
• a range of reading levels within each text set
• activities in the Student Guided Practice Book, which can be completed with teacher support, in pairs, or independently
• full-color books with photos and illustrations to support visual learners
• graphic organizers to provide comprehensible input
• sentence frames to scaffold the use of appropriately complex language structures
• instructional activities that address multiple learning modalities
audio support via the Audio CD
• flexible writing activities
• activities to support fluency
• Family Literacy Activities to enhance language development in the home

We have taken into consideration that some of our ELLs have had limited or interrupted formal education, and that they may lack important academic skills and learning strategies, which are important to high achievement (Genesee, Lindholm-Leary, Saunders, & Christian, 2005). Given these challenges, program focuses on the literacy and language development of ELLs with targeted activities and strategies. The approach of building upon ELLs existing background knowledge and first language is central to the implementation of these programs.

Given the above-mentioned challenges facing ELLs, Language Power will:
• Capitalize on ELLs first language knowledge and skills
• Provide essential scaffolding that can be adjusted for ELLs with different levels of English proficiency to help them overcome the challenges of meeting grade level content and literacy standards in their second language
• Maintain the complexity of the text, so that our ELL students get the full benefit of reading grade-level text
• Build upon students' language proficiency
• Enhance relevant knowledge about literary concepts
• Develop students' reading and writing skills with the goal of helping students meet grade-level standards.

We will also make sure to provide a virtual intervention support for all our ELL students with the support of Imagine Learning units. Imagine Language & Literacy is an adaptive learning solution that accelerates reading and language proficiency for students in grades PreK–6. Designed to supplement core literacy instruction, Imagine Language & Literacy provides instruction and practice in all four domains of literacy—reading, writing, listening, and speaking.

English Language Learners:

Imagine Language & Literacy provides English Learners strategic first-language support in fifteen languages, as well as explicit instruction in English phonemes.
Vocabulary is taught through extensive, direct instruction and contextualized through multimedia examples and connected text. Grammar lessons focus on areas of challenge for ELLs, such as regular and irregular verbs, plurals, and subject-verb agreement.

Targeted Instruction:

Just-right resources empower teachers to deliver differentiated instruction. While students work independently through adaptive learning pathways, teachers can assign online activities to individual students based on areas of unfinished learning and deliver small-group instruction offline through scripted less on plans.

Flexible Implementation:

Imagine Language & Literacy fits flexibly into whole-class, small-group, and one-on-one literacy instruction.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Our ELLs need additional support in both literacy on math. The 2025 NYS ELA Exam revealed that 33% of current ELLs were proficient in ELA as compared to 45% of all grades 3-5 students. The 2025 NYS Math Exam revealed that 38% of ELLs were proficient in math as compared to 35% of all grades 3-5 students. Although, current ELLs did well on math, they still require support to continue to increase in proficiency.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Approximately fifty students in grades K to 5 will be invited to ELL Academy afterschool. The ELL Academy will begin October 14, 2025. The after school program will meet on both Wednesdays and Thursdays from 3-5 PM. Instruction will be delivered by 2 Bilingual/ENL teachers for the in person after school program. We will target newly arrived, holdover, potential holdover students that failed to demonstrate progress and at risk ELL students. Specifically, the subgroups targeted will be newcomers (0-3 years), ELLs with 4 to 6 years, Former ELLs (P1 and P2) and ELL/LEP students with an IEP (Individualized Education Plan). The teachers will provide supplementary instruction in English as a New Language (ENL) to ELL students in grades K-5.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Afterschool Title III will take place on Wednesdays and Thursdays from 3:00-5:00 PM from October 15, 2025 - May 21, 2026 for a total of 51 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be in English. Home language supports will be provided through the use of bilingual glossaries, videos, realia and classroom libraries. We will focus on empowering language learners to build English-language proficiency through a highly differentiated and rich instructional program called Language Power.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We have 4 certified bilingual teachers and 2 ENL teachers who can apply to work our ELL Academy and ELL afterschool programs.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

We will utilize Ipads/laptops, manipulatives, educational games, Language Power resources, student workbooks and readers from the school's existing curricula. Consumable materials like student workbooks will be supplied with Title III funding. We will explore additional digital resources such as Yeti Confetti.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

After school teacher will keep an attendance record of all the ELL students who participated. Permission slips for the program will be distributed to all ELL students in language of preference and collected to create groups and assignments. Teachers will review and discuss curriculum prior to implementation and the start of the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The ENL teacher will attend monthly ENL meetings and language support PDs. The monthly MLL professional developments focus on topics related to our EL Reading program and strategies we can use to provide support for our ELL students. Some activities that will be shared are discussion strategies, sentence frames starters and language development centers. The ENL teacher will support teachers who have ELLs in their classroom as well as the DL teachers. These professional developments are provided at no cost by District 7.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Teacher observations and data collected in classroom diagnostics identifies the need for ELL support in Reading and Writing. Professional development in these areas will provide ELL support in the new EL reading program. The ENL teacher, Ms. Santiago will provide Reading strategies that will enrich the learning environment for ELL students. Teachers will focus on ways they can support students through scaffold and differentiated content, process and product. EL provides Language Dives and other suggested supports for teachers to incorporate in their lessons.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Bilingual Teachers and Certified ENL teacher working the program will complete pre and post meetings regarding the materials and effectiveness of the program. Ongoing monthly MLL PD's will allow turnkey of important information that teachers can incorporate in the Title III program. They will have time to create and develop activities within the pre and post meetings.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

It is our intention to provide a total of three hours of per session professional development before, during and after the Title III Program.
On Wednesday October 29, 2025, teachers will be provided with a 1 hour after school session of professional development focusing on an overview of Language Power. On Wednesday, November 5, 2025, another 1 hour after school professional development day will allow teachers to take a closer look at the curriculum and create a pacing calendar. Student data will be reviewed and strategic groups will be created to promote language development success. EDAT and NYSESLAT data will be reviewed and a list of activities for each modality will be created. The third day of professional development will take place on Friday, December 12, 2025 where teachers will evaluate and reassess the program. Teachers will reconvene and discuss ways to improve the delivery of the program. New strategies can be shared and placed for the duration of the program. On this day, teachers will evaluate the program and its effectiveness by looking at student data collected. A determination of the programs continuation will be made. Agendas and sign in sheets will be kept on file. Translation and transportation services will be provided as needed. Professional development will be included in the budget of our Title III LEP funding.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Student data will be reviewed and strategic groups will be created to promote language development success. EDAT and NYSESLAT data will be reviewed and a list of activities for each modality will be created. Discussions about other supports students are receiving will be had as well. Teachers will reconvene and discuss ways to improve the delivery of the program. New strategies can be shared and placed for the duration of the program. PD will target reading strategies. On this day, teachers will evaluate the program and its effectiveness by looking at student data collected. A determination of the programs continuation will be made.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Our ENL teacher, Ms. Santiago will provide strategies that will enrich the learning environment for ELL students. Scaffolds such as Modeling for the students during Think- Aloud and encouraging them to ask themselves questions that would help in their comprehension of the topic. Activation of prior knowledge activities can encourage students to show what they know and how they can apply their knowledge to what they are learning. Some scaffolds are the use K-W-L Charts, Brainstorming Webs and Think-Pair-Share and Quick Writes, where students can write about a topic without feeling discouraged if its incorrectly written. Students will be encouraged to Turn and Talk allowing them to share their thoughts and ideas among each other creating an atmosphere of comfort while increasing their confidence . Vocabulary building activities and the use of visual aides are additional supports that will be discussed to better support our Multilingual Language Learners. These professional developments will be incorporated in the Title III budget.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Documentation of materials, agendas and attendance will be collected and stored in a binder.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We will invest in a program that not only supports language development but also strengthens the cultural bridge between home and school. Bringing Ballet Hispánico's Latine Immersive Experience to our community will accomplish this. This experience will be funded with Title III funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The Ballet Hispanico Latine Immersive Experience validates the heritage of our MLLs and fosters pride, while introducing all families to the richness of Latine traditions. This will create shared experiences that deepen trust and collaboration between families and the school. In addition, dance and storytelling are powerful tools for English learners. Movement, music, and bilingual narration provide accessible entry points for vocabulary, comprehension, and expression. Data from attendance at parent events has demonstrated a low turn out, and the majority of parents attending are English speakers. During the event we will share information about upcoming parent workshops specifically for families of ELLs and also share resources.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

October 23, 2025 (one session for 45 minute).

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The Latine Experience teaches about Latin American culture and history using dance.

Family events not funded by Title III funds, will be promoted at the experience. We will promote free parent workshops. The service provider will be a Bilingual certified teacher that will use strategies that will accommodate the needs of our parents. Some of the proposed topics to be covered will include greetings, asking for directions, basic grammar, calling on the phone, shopping for clothes, telling the date, visiting the doctor, etc.

The Language Power program empowers families to support their child's language development through Family Literacy Activities for each lesson and Parent Tip Cards that offer useful tips and engaging activities to build parents' capacity to support literacy and language learning in the home. The Digital Resource CD allows student to take home a printed and replicated copy of each lessons book or text card, as well as Spanish and English versions of the Family Literacy Activities.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Vendor: Ballet Hispanico

Teachers for workshops: Ms. Bolanos is one of our Bilingual Speech teachers who has provided our parents with basic computer skills and oral language development activities.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Please note that in order to inform the parents about these classes, letters, fliers (in both languages) will be sent home with students, as well as our school wide telephone messenger system will remind all families of these opportunities. All agendas and sign in sheets will be kept on file.

Translation and interpretation services will be available as needed. These after school activities for parents will be funded through Title III LEP funds.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Records will be maintained in a binder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

20,000

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
