Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps

and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 048 Joseph R. Drake

District Borough Number (DBN):

320800010048

Grades Served:

3K - 5

School Address:

1290 Spofford Ave

Phone Number:

718-589-4312

Fax:

718-842-6993

School Contact Person:

Joseph DiCrescento

School Contact Person Email Address:

jdicres@schools.nyc.gov

Principal:

Mr. Joseph DiCrescento

United Federation of Teachers (UFT) Chapter Leader:

Jeanette Cano- Lawson

Parents' Association President:

Ms. Shantae Langley

SLT Chairperson:

Ms. Jeanette Cano- Lawson

Title I Parent Advisory Council Chairperson (PAC):

Student Representative(s) Middle /High School:

NA

Student Representative(s) Middle /High School:

NA

Community Based Organization (CBO) Representative:

Melanie Acosta

School-Based Students in Temporary Housing (STH) Liaison:

Bernadette Williams

District Information

Geographic District:

District 8

Superintendent:

Jennifer Joynt

Superintendent’s Office Address:

1230 Zerega Ave Bronx, Ny, 10462

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.
Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Joseph DiCrescento	Principal or Designee*	
Jeannette Cano-Lawson	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Shantae Langely	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Veronica Scaduto	District Council 37 (DC 37) Representative (staff), if applicable	
Ania Moreta	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Joshua Mateo	Assistant Principal	
Michelle Sukhdeo	Assistant Principal	
Laverne Wyre	Assistant Principal	
Melanie Acosta	Community School Director	
Philip Kipp	Teacher	
Isabel Aronov	Teacher	
Derrick Horne	Teacher	
Erica Ledee	Teacher, ENL	
Justin Czarka	Teacher, ENL	
Raymod Chalmers		

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 48 we are committed to perpetuating a safe learning environment in which our children can reach their academic and social emotional goals through the use of multiple modalities. Students are given opportunities to demonstrate what they know, understand and can do, while acknowledging, respecting and celebrating each of their cultures and unique experiences.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 48 is located in the Hunts Point section of the Bronx, which is the poorest congressional district in the country. Our student population is predominantly Hispanic/LatinX (72%) and Black (25%). 27% of our students are English Language Learners, and 27% of our students are in Special Education. 23% of our students are in temporary housing and we have recently received a large number of families seeking asylum. Food insecurity is a primary concern for our families, and we have weekly food pantries sponsored by Brighter Bights.
Our partnerships include our Community Based Organization - United Community Schools, The Hunts Point Alliance for Children, Positive Learning Collaborative, Police Athletic League, and Ernst & Young,

Briefly summarize the key initiatives your school will implement this school year.

There are many initiatives that will be implemented this year, which include:
Science of reading 3-5
Heggerty
Model/lab sites for Fundations
Implementing Fundations in grade 3
Assessing new incoming students over the summer, placing them homogeneously
Addition of decodable books
Fewer, more targeted assessments
109 power word list
Progress monitor Acadience, bi-weekly
Re-do the Fundations pacing to start where the previous grade ended

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Into Reading HMH	K-5	Digital/Print Curricula	
ENVISON 2020	K-5	Digital/Print Curricula	
Fundations	K-3	Digital and Print	Pacing will be based off of grade's last mastered unit
Heggerty	K-5	Digital and Print	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to 2024-2025 iReady EOY data, 43% of students in grades 3-5 are performing at a level 1. 3rd grade level 1: 34% 4th grade level 1: 34% 5th grade level 1: 63% Overall BOY: 70% MOY 57:% EOY: 43%	- Gaps in Foundational Comprehension and Vocabulary Skills - Insufficient Differentiation During Core Instruction - Post-Pandemic Learning Gaps	-Strengthen Use of iReady Diagnostic Data -Enhance Reading Stamina and Independence -Expand and Systematize Tiered Interventions -Phonics instruction
According to 2024-2025 EOY data, 43% of students in grades K-2 are performing at or above grade level. Kindergarten: 57%, 1st grade: 36%, 2nd grade: 39%	- Inconsistent Foundational Skills Instruction - Lack of Fluency Practice - Weak Independent Reading Culture	-Enhance Reading Stamina and Independence -Expand and Systematize Tiered Interventions -Phonics instruction

According to 2024-2025 iReady EOY data, 28% of students in grades 3-5 are performing on or above grade level. 3rd grade: 42%, 4th grade: 30%, 5th grade: 16%	- Gaps in Foundational Comprehension and Vocabulary Skills - Insufficient Differentiation During Core Instruction - Post-Pandemic Learning Gaps - Limited Use of iReady Diagnostic Data for Planning	-Strengthen Use of iReady Diagnostic Data -Enhance Reading Stamina and Independence -Expand and Systematize Tiered Interventions -Phonics instruction

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	28%	By June, 2026, literacy for All Students in grades 3-5 will improve, as measured by a 5% Increase, from 28% to 33%, of percentage of students scoring at or above proficiency on the NYS ELA assessment. By June 26, 2026, there will be a 5% increase in the percentage of ALL students performing at proficiency levels from 28% to 33% ,Students with Disabilities (SWD) students performing at proficiency levels from 25% to 30% , English Language Learner (ELL) students performing at proficiency levels from 18% to 23%, Black students performing at proficiency levels from 39% to 44%, Students in Temporary Housing performing at proficiency levels from 14% to 19%. AND a 5% reduction of ALL students performing at level 1 from 54% to 49%, Students with Disabilities (SWD) students performing at level 1 from 54% to 49%, English Language Learner (ELL) students performing at level 1 from 62% to 57%, Black students performing at level 1 from 39% to 34%, Students in Temporary Housing performing below proficiency from 56% to 51% According to iReady EOY data, 28% of students in grades 3-5 are performing on or above grade level. 3rd grade: 42%, 4th grade: 30%, 5th grade: 16%
All Students	43%	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 43% to 48%, of percentage of students scoring at or above grade level on the Acadience.
All Students	72	By June, 2026, literacy for All Students will improve, as measured by a 5% Decrease, from 72 to 67%, of students performing at a level one on the iReady assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

iReady assessments - BOY, MOY, EOY

Enter a Key Performance Indicator

Measuring the percentage of students performing on or above grade level using iReady.

Baseline:

iReady BOY

Enter the date for the baseline data:

October 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

28%

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

30%

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

32%

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience BOY, MOY and EOY

Enter a Key Performance Indicator

Students performing at or above grade level, using the reading composite score from Acadience

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

67%

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Tiered Reading Supports Based on iReady Data

Use BOY, MOY, and EOY diagnostics and ongoing iReady instructional data to group students for Tier I (core), Tier II (targeted), and Tier III (intensive) reading supports.

Embed Explicit Comprehension Strategy Instruction into Core Curriculum

Model and practice reading strategies such as summarizing, inferring, and citing evidence across all content areas.

Use graphic organizers, accountable talk routines, and structured response frames.

Use iReady Domain Data to Drive Instruction and Reteaching

Analyze domain-level data (e.g., vocabulary, comprehension of literary/informational texts) to design differentiated lessons.

Group students flexibly and revise instructional plans monthly based on progress.

Increase Student Engagement and Ownership in Reading

Launch student goal-setting and growth tracking using iReady data.

Strengthen Core Instruction with Grade-Level Texts and Scaffolds

Ensure every student engages with rigorous, complex texts appropriate for their grade level.

Provide scaffolds such as pre-reading vocabulary, guided questions, and sentence starters to support access.

Expand Vocabulary and Academic Language Instruction

Embed morphology (prefixes, roots, suffixes) into regular instruction.

Enhance Independent Reading and Stamina

Build structured daily independent reading time with access to high-interest, leveled texts.

Engage Families in Literacy Growth

Host literacy nights, send home leveled books, and provide family-friendly iReady reports.

Offer tools for families to support fluency and vocabulary at home.

Root Cause Addressed:

Gaps in Foundational Comprehension and Vocabulary Skills

Many students enter Grades 3–5 lacking automaticity in decoding, limiting comprehension.

Limited exposure to tiered vocabulary and nonfiction content.

Lack of Strategic Reading Practice

Inconsistent use of evidence-based comprehension strategies (e.g., summarizing, questioning).

Students lack stamina and metacognitive strategies when reading grade-level texts.

Insufficient Differentiation During Core Instruction

Whole-group instruction does not meet the diverse reading needs of all students.

Students at Level 1 often receive too little targeted support during core time.

Limited Use of iReady Diagnostic Data for Planning

Instruction is not consistently adjusted based on domain-specific iReady performance.

Teachers need more support translating data into actionable groupings.

Intervention Inconsistencies

Tier II and III supports are not always provided consistently or aligned to student needs.

Low Student Engagement and Motivation

Students reading below grade level often experience frustration and disengagement.

Post-Pandemic Learning Gaps

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Analyze diagnostic domain data by grade and subgroup.
Conduct PD on interpreting iReady data and planning instruction.
Begin small group rotations using Teacher Toolbox and other resources.
Start reading strategy mini-lessons (e.g., main idea, inference, summarizing).
Implement daily independent reading with choice and accountability.
Launch Tier II and Tier III interventions (4–5x/week, 30 minutes daily).
Focus on nonfiction and vocabulary acquisition.
Launch reading stamina challenge with incentives.

Continue Tiered intervention with progress monitoring every 2 weeks.
Host literacy nights, send home leveled books, and provide family-friendly iReady reports.
Provide daily small group instruction targeting comprehension, fluency, and vocabulary needs.
Celebrate student progress publicly through bulletin boards, certificates, or classroom recognitions.
Integrate daily Tier 2 and Tier 3 vocabulary routines using explicit teaching and context-based strategies.
Track reading volume and stamina with logs, conferences, and reading reflections.

Key Strategy 2 (Optional):

Implement Structured Literacy Practices in Core Instruction

Deliver daily explicit, systematic instruction in phonemic awareness, phonics, and decoding.

Align curriculum with the Science of Reading (e.g., decodable texts, sound walls, blending routines).

Use Acadience Subtest Data to Drive Small Group Instruction

Group students by skill-specific needs using BOY, MOY, and progress monitoring data (e.g., phoneme segmentation, nonsense word fluency).

Adjust groups and focus areas every 4–6 weeks based on new data.

Provide Tier II and Tier III Interventions with Fidelity

Ensure struggling students receive daily targeted intervention beyond the core block.

Use evidence-based programs (e.g., 95 Percent Group, Really Great Reading) with biweekly progress monitoring.

Build Independent Reading Stamina with Accountability

Create daily independent reading blocks with student choice and leveled texts.

Track minutes read and stamina using logs or student goal-setting charts.

Embed Fluency, Oral Language, and Vocabulary Practice

Integrate oral reading fluency routines (e.g., echo reading, choral reading) in Grades 1–2.

Include daily vocabulary routines and sentence-level oral language practice across all grades.

Conduct Regular Data Meetings and Instructional Coaching

Hold structured data meetings every 6 weeks to analyze Acadience data and adjust instruction.

Provide coaching cycles focused on high-leverage literacy practices, especially in small group and intervention blocks.

Engage Families as Literacy Partners

Send home decodable texts and reading strategy guides for caregivers.

Host family literacy events focused on phonemic awareness and early reading strategies.

Celebrate Growth and Movement Across Performance Levels

Recognize students who move from Well Below to Below or At/Above Benchmark with classroom or schoolwide incentives.

Use visual trackers (e.g., reading rockets, goal ladders) to build student ownership and motivation.

Root Cause Addressed:

Gaps in explicit and systematic phonics and phonemic awareness instruction, particularly in K and 1st grade.

Variability in how foundational skills are introduced and reinforced across classrooms and grades.

Insufficient Time for Intervention

Limited or inconsistent scheduling of Tier II and Tier III interventions.

Intervention groups not always aligned with individual student skill deficits.

Delayed Identification of At-Risk Students

Late or infrequent use of progress monitoring tools.

Gaps between identification of needs and delivery of targeted support.

Lack of Fluency Practice

Inadequate focus on building oral reading fluency in 1st and 2nd grade.

Missing or inconsistent routines for repeated, timed, or partner reading.

Weak Independent Reading Culture

Minimal emphasis on developing stamina, choice, and daily practice.

Lack of decodable and engaging independent reading options.

Variable Instructional Quality and Planning

Uneven implementation of structured literacy practices.

Need for stronger support in lesson planning and small group differentiation.

Home-to-School Disconnection

Families may lack tools or knowledge to reinforce reading at home.

Limited two-way communication about student progress and home support strategies.

Impact of Early Learning Disruptions

Lingering foundational gaps due to pandemic-era learning interruptions, especially in oral language and early literacy.

Students entering upper primary still working to close early reading deficits.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct staff PD on interpreting Acadience data and grouping students.
Share student performance data with families.
Conduct instructional walkthroughs with feedback on core ELA practices.
Launch take-home literacy kits for families.

Coaching cycles focused on phonemic awareness (K–1) and ORF (1–2).
Data team meetings to review student growth trends.
Family literacy night with a focus on phonics and reading strategies.
Focus on oral reading fluency in 1st–2nd grade. Introduce repeated reading, partner reading, echo reading routines. Use data to refine phonics instruction and scope.
Begin high-leverage intervention cycles (e.g., 2-week skill sprints). Integrate EOY-style practice with decodable texts and fluency passages.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Instructional Leadership Team (ILT) Meetings

Monthly review of student progress data (iReady, Acadience, classroom assessments).

Analysis of strategy implementation using walk-through trends, lesson plan audits, and student work samples.

Grade-Level Data Meetings (Every 4–6 Weeks)

Review of domain-specific iReady growth and Acadience subtest results.

Adjustments to student groupings and instructional plans based on data trends.

Identification of students needing Tier II/III support or enrichment.

Ongoing Instructional Walkthroughs and Coaching Cycles

Weekly literacy-focused walkthroughs using a calibrated look-for tool aligned to structured literacy, small group instruction, and fluency routines.

Feedback and coaching provided to ensure fidelity of implementation.

Tier II/III Intervention Logs and Progress Monitoring Reports

Biweekly review of intervention group attendance, lesson alignment, and progress monitoring results.

Use of data to refine group focus and track growth out of Level 1 or Well Below Benchmark tiers.

Student Progress Trackers and Goal-Setting Binders

Individual student data binders tracking iReady diagnostic levels, growth measures, and Acadience subtest performance.

Used in conferencing and goal-setting activities with students.

iReady and Acadience Benchmark and Growth Data Analysis

Use BOY, MOY, and EOY data to measure schoolwide progress toward proficiency goals.

Monitor % of students moving between performance tiers (e.g., from Level 1 to Level 2+, or Below Benchmark to Benchmark+).

?? Data/Evidence to Be Collected:
iReady BOY, MOY, EOY diagnostic scores and domain growth reports

Acadience Reading BOY, MOY, EOY benchmark results by subtest

iReady instructional usage reports (time-on-task and lesson pass rates)

Tier II/III intervention progress monitoring data (biweekly)

Student goal trackers and reading logs

Instructional walkthrough look-for data and feedback notes

Teacher lesson plans reflecting small group, vocabulary, and fluency strategies

Family engagement artifacts (e.g., literacy night attendance, home reading logs)

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	Host interactive workshops where families learn and practice strategies to support phonemic awareness (K–2) and reading comprehension (3–5). Provide hands-on materials such as decodable texts, vocabulary games, and guided reading questions to use at home.	Teachers, PC, STH staff, UCS, PAL, HPAC
09/01/2025	06/30/2026	Share iReady and Acadience results with families at BOY, MOY, and EOY.	Teachers, Paras, School Aides
09/01/2025	06/30/2026	Distribute take-home literacy kits containing decodable books, reading logs, vocabulary flashcards, and fluency trackers. Customize kits by grade and performance level to support targeted practice.	Teachers, PC, STH staff, UCS, PAL, HPAC
09/01/2025	06/30/2026	Launch schoolwide and grade-level reading challenges with incentives for families who support regular at-home reading. Recognize family involvement during events such as parent appreciation days and award ceremonies.	Teachers, PC, STH staff, UCS, PAL, HPAC
09/01/2025	06/30/2026	Collaborate with local libraries and community centers to promote reading programs and distribute leveled books. Invite guest readers and local authors to engage students and families in a shared culture of literacy.	Teachers, PC, STH staff, UCS, PAL, HPAC, NYPL

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teaching Matters Coaches

Instructional Resources

HMH, Hegerty, Fundations, Spire (WIN), Phonics for Reading (WIN), IXL, Nearpod

Schedule Adjustments

WIN period built-in; common planning built in to teacher schedules

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Sources: School Safety & Climate Dashboard (NYCPS OSYD), SY2023–2024 & SY2024–2025 YTD data (as of May 30, 2025)Behavioral Incidents: Level 1–3 Incidents: Decreased from 52 to 37 incidents — 28.8% Level 4–5 Incidents: Increased from 13 to 54 — 315.4% Suspensions: Principal & Superintendent Suspensions: Increased from 2 to 6 — 200% Suspension Rate: 1.7%; Average Days per Suspension: 10 EMS Transports & Suicide Ideation: Suicide ideation	Inadequate Tiered Support Systems: Few supportive interventions relative to the number of high-level incidents suggest limited or inconsistent implementation of restorative practices. Lack of Proactive Behavior Instruction: Absence of a schoolwide social-emotional learning (SEL) curriculum or positive behavior support system. Insufficient Staff Training: Disproportionate	Implement a Schoolwide PBIS Framework: Establish clear expectations, teach appropriate behaviors, and celebrate positive choices to reduce Level 4–5 incidents. Increase access to counseling, conflict resolution, and behavior intervention plans, especially for repeat or high-level behaviors. Staff Professional Development: Provide targeted training in trauma-informed practices, de-escalation, and equity-centered discipline. Data-Driven MTSS for Behavior: Use incident and intervention data to drive support

cases decreased from 4 to 2 — 50% Supports & Interventions: Demographics of Suspended Students: 66.7% Hispanic, 33.3% Black 50% were students with disabilities (SWD); 16.7% were English Language Learners (ELL)	Impact on SWD and ELLs: These subgroups are more likely to face suspension, pointing to possible inequities in behavior expectations, communication supports, or classroom management strategies.	allocation and ensure equitable practices for SWD and ELL students. SEL & Mental Health Supports: Partner with mental health providers and implement consistent SEL instruction to proactively support emotional regulation and peer interactions.
Sources: School Safety & Climate Dashboard (NYCPS OSYD), SY2023–2024 & SY2024–2025 YTD data (as of May 30, 2025)Behavioral Incidents: Only 15 Level 4–5 incidents received supportive interventions, suggesting a gap in restorative practices.	Gaps in de-escalation strategies and trauma-informed practices likely contribute to the escalation of behaviors to Level 4–5.	Expand Restorative Practices & Tier 2/3 Supports:

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	54	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 25% Decrease, in will reduce Level 4–5 behavioral incidents by 25% (from 54 to 40 or fewer) and increase the number of documented Tier 2 behavioral supports from 15 to at least 30, from 54 to 40, per the OSYD Safety & Climate Dashboard reports..

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PBIS Implementation

Launch monthly incentives and classroom point systems.

Provide staff PD on PBIS expectations and routines by October 2025.

Track class-level behavior data weekly.

Restorative Practices Integration

Train all teachers in restorative circles and conflict resolution by December 2025.

Implement a schoolwide restorative reflection process for all L4–L5 incidents.

Root Cause Addressed:

Inconsistent Behavioral Expectations Across Classrooms

Explanation: Without a unified schoolwide system, students receive mixed messages about acceptable behavior.

PBIS Action Alignment: Monthly incentives and a consistent classroom point system provide clear, positive behavior expectations for all students.

Lack of Proactive Behavior Supports (Tier 1 and Tier 2)

Explanation: With only 15 documented Tier 2 supports for 54 high-level incidents, there's a lack of timely interventions.

PBIS Action Alignment: Weekly tracking of behavior and implementation of classroom-based supports catch issues early before escalation.

Limited Staff Capacity to De-Escalate and Repair Harm

Explanation: The 315% increase in L4–L5 incidents suggests staff may not be equipped with tools to prevent or repair behavioral conflicts effectively.

Restorative Practices Action Alignment: PD on conflict resolution and restorative circles builds staff capacity to de-escalate and restore relationships.

Absence of Student Voice and Reflection in Discipline Process

Explanation: Without restorative conversations or reflection opportunities, students may repeat behaviors due to lack of understanding or ownership.

Restorative Practices Action Alignment: A structured restorative reflection process for every major incident ensures students think through actions, repair harm, and learn alternative behaviors.

Disproportionate Impact on Subgroups (SWD and ELLs)

Explanation: 50% of suspensions were students with disabilities; 16.7% were ELLs. These groups may lack support structures that meet their needs.

PBIS & Restorative Practices Alignment: Consistent behavior supports and inclusive restorative practices reduce bias and support diverse learners with equity.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch Monthly Incentives and Classroom Point Systems By September 2025, each classroom will implement a uniform point system tied to behavior expectations (e.g., “Tiger tickets "). Monthly reward events or privileges will be offered schoolwide based on earned points.
Track Class-Level Behavior Data Weekly Starting September 2025, grade teams will input weekly behavior trends using a shared tracker reviewed by APs and the Dean to identify Tier 2 needs early.
Train All Teachers in Restorative Circles and Conflict Resolution By December 2025, teachers will be trained in facilitating circles, mediating peer conflict, and embedding community-building practices into instruction.
Implement Schoolwide Restorative Reflection Process for All L4–L5 Incidents Every major behavioral incident will be followed by a structured restorative meeting involving students, staff, and families to repair harm and set clear expectations.
Trauma informed practices will be provided to all staff
CASEL implementation

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
08/26/2025	08/26/2025	Retreat for staff and key parents around SEL	UCS, PAL, OSYD
10/01/2025	06/04/2026	Monthly trauma informed parent workshops	UCS, Dr. Susan green

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Professional development provided by OSYD staff

Instructional Resources

CASEL learning

Lack of structured one on one coaching system via a Math coach, generate a consistent inter-visitation cycle via a coaching model.	Need for structured one on one coaching system via a Math coach, generate a consistent inter-visitation cycle via a coaching model.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	38	PS48 will address Priority 3: All (K-2) students have a high-quality academic experience with the following SMART Goal: By June, 2026, the performing On/Mid or Above Grade Level will Increase by 5% from 38% to 43%, for All Students, as measured by K-2 iReady and a 5% reduction of students performing at level 1 from 18% to 13% as measured by the 2026 EOY iReady screener. EOY iReady screener. By June 26, 2026, there will be a 5% increase in the percentage of SWD students performing On/Mid or Above Grade Level from 26% to 31% in grades K-2 as measured by the 2026 EOY iReady screener and a 5% reduction of students performing at level 1 from 16% to 11% as measured by the 2026 EOY iReady screener. By June 26, 2026, there will be a 5% increase in the percentage of ELL students performing On/Mid or Above Grade Level from 33% to 38% in grades K-2 as measured by the 2026 EOY iReady screener and a 5% reduction of students performing at level 1 from 29% to 24% as measured by the 2026 EOY iReady screener. By June 26, 2026, there will be a 5% increase in the percentage of Black students performing On/Mid or Above Grade Level from 40% to 45% in grades K-2 as measured by the 2026 EOY iReady screener and a 5% reduction of students performing at level 1 from 20% to 15% as measured by the 2026 EOY iReady screener. By June 26, 2026, there will be a 5% increase in the percentage of STH students performing On/Mid or Above Grade Level from 32% to 37% in grades K-2 as measured by the 2026 EOY iReady screener and a 5% reduction of students performing at level 1 from 8% to 3% as measured by the 2026 EOY iReady screener.
All Students	30	PS48 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 26, 2026, there will be a 5% increase in the percentage of students in 3-5 on proficiency from 26% to 31% as measured by the 2026 Math State Exam and for All Students, as measured by 3-5 NYS Exam and a 5% reduction of students performing at level 1 from 37% to 32% as measured by the 2026 NYS Exam screener. By June 26, 2026, there will be a 5% increase in the percentage of SWD students performing On/Mid or Above Grade Level from 18% to 23% in grades 3-5 as measured by the 2025 Math State Exam and a 5% reduction of students performing at level 1 from 39% to 34% as measured by the 2026 Math State Exam. By June 26, 2026, there will be a 5% increase in the percentage of ELL students performing On/Mid or Above Grade Level from 7% to 12% in grades 3-5 as measured by the 2025 Math State Exam and a 5% reduction of students performing at level 1 from 37% to 32% as measured by the 2026 Math State Exam. By June 26, 2026, there will be a 5% increase in the percentage of Black students performing On/Mid or Above Grade Level from 31% to 36% in grades 3-5 as measured by as 2025 Math State Exam and a 5% reduction of students performing at level 1 from 31% to 26% as measured by 2026 Math State Exam. By June 26, 2026, there will be a 5% increase in the percentage of STH students performing On/Mid or Above Grade Level from 16% to 21% in grades 3-5 as measured by as measured by the 2026 EOY iReady screener and a 5% reduction of students performing at level 1 from 42% to 37% as measured as measured by the 2026 EOY iReady screener.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Levers for Success (Grades K-2):

-(Math Professional Development) focused on NYC Math Shifts, 5 Mathematical Practices, District 8 Amplify Desmos Unit Pacing Structure and PS48 Math Pacing Guide Resources for Grades K-2. (This includes looking at the flow of an Amplify Math Desmos lesson)

-(K-2 Math Teams) keep PS48's CEP Math Goals, Priority Needs, Root Causes at the forefront of every Math PD, ILT, and Math teacher team to act as a driving force for the work and maintain a through-line when engaging with inquiry cycles.

-(i-Ready Student Report Groups) are formed identifying Target Students, MLLs, and SWDs. Utilize this data when using ATLAS Protocol, Looking at Student Work Protocols, to drive differentiated instruction, and when teachers are engaged in inter-visitation to identify how those specific students are being serviced.

-(K-2 Teacher Inter-visitation Cycles) where teachers visit one another, not just to look at general best practices, but to go in classrooms with intentional, targeted, lenses based on 1) Their own needs as a pedagogue 2) Specific lenses around instruction 3) Using data collected by i-Ready Student Report Groups, especially for our MLLs and SWDs.

-(Amplify Math Desmos Learning Centers) used for targeted support and student differentiation during Math block period 2, straight from Amplify Math Desmos.

-(K-2 Math Progress Monitoring) Making sure that K-2 teachers are progress monitoring daily lesson checkpoints aligned to NYS/NGLS Standards.

Root Cause Addressed:

Lack of consistent K-2 professional development targeting grade-specific, MLLs, and SWD student populations, especially around using created i-Ready student report groups.

Minimal, structured inter-visitation of K-2 peer modeling on differentiation of targeted student populations (MLLs and SWD).

Limited opportunities to embed K-2 student autonomy via project-based learning for Math in alignment to Amplify Math Desmos and NYC Solves/Math Shifts.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch year with PD on NYC Math Shifts, 5 Mathematical Practices, and Amplify Math Desmos unit structure pacing for Grades K-2. Share Trimester 1 Performance Task bank from Amplify Desmos.
Organization of i-Ready Student Report Groups for MLLs and SWDs after BOY is administered. ILT and teacher teams begin using ATLAS Protocol to analyze student data collected and using the Looking at Student Work Protocol during grade teams.
Inter-visits cycle #1 is intentionally created, initiated, and progress monitored. Students engage in targeted and differentiated Math Learning Centers during their period 2 math block. IXL is used for small group instruction during grades K-2 Period Block 2.
Teacher Math Data Chats take place with administration. Reviewing imperative PS48 Progress Monitoring Tools, their respective Lesson Checkpoint data from Amplify Math Desmos Curriculum (High Ceiling/Low Floor Daily Tasks).
Targeted PD on NYC Math Shifts, 5 Mathematical Practices, and Amplify Math Desmos unit structure pacing. Math Period Block 2 Pivot with a focus on NYS NGLS focus standard domains from standards not yet mastered during the year.
Inter-visits #2 is completed and progress monitored. i-Ready Student Report Group data for MLLs and SWDs after MOY is disseminated. ILT and teacher teams use the ATLAS Protocol to analyze student data collected and use the Looking at Student Work Protocol during grade teams. Students engage in targeted and differentiated Math Learning Centers during their period 2 math block.
Inter-visits #3 is completed and progress monitored. Teacher Math Data Chats take place with administration. Reviewing imperative PS48 Progress Monitoring Tools, their respective Lesson Checkpoint data from Ampify Math Desmos Curriculum (High Ceiling/Low Floor Daily Tasks).
School-wide Math Showcase: Final analysis of impact using i-Ready, ATLAS, and student work. Action steps identified for 2026–2027 based on inquiry cycles. PS48 Envisioning Activity is conducted by entire staff to identify areas of need, possible root causes, and priority needs to assist in crafting new 2026/2027 PS48 CEP.

Key Strategy 2 (Optional):

Key Levers for Success (Grades 3-5):

-(Math Professional Development) focused on NYC Math Shifts, 5 Mathematical Practices, District 8 Amplify Desmos Unit Pacing Structure and PS48 Math Pacing Guide Resources for Grades 3-5. (This includes looking at the flow of an

Amplify Math Desmos lesson)

-(3-5 Math Teams) keep PS48's CEP Math Goals, Priority Needs, Root Causes at the forefront of every Math PD, ILT, and Math teacher team to act as a driving force for the work and maintain a through-line when engaging with inquiry cycles.

-(i-Ready Student Report Groups) are formed identifying Target Students, MLLs, and SWDs. Utilize this data when using ATLAS Protocol, Looking at Student Work Protocols, to drive differentiated instruction, and when teachers are engaged in inter-visitation to identify how those specific students are being serviced.

-(3-5 Teacher Inter-visitation Cycles) where teachers visit one another, not just to look at general best practices, but to go in classrooms with intentional, targeted, lenses based on 1) Their own needs as a pedagogue 2) Specific lenses around instruction 3) Using data collected by i-Ready Student Report Groups, especially for our MLLs and SWDs.

-(Amplify Math Desmos Learning Centers) used for targeted support and student differentiation during Math block period 2, straight from Amplify Math Desmos.

-(3-5 Math Progress Monitoring) Making sure that 3-5 teachers are progress monitoring daily lesson checkpoints aligned to NYS/NGLS Standards and preparing for NYS Math Exams by lifting focus standards ahead of the NYS Exam, inclusive of utilizing state released questions, and taregeting NYS Math standards not covered yet during the school year, (which appear on the state test).

Root Cause Addressed:

Lack of consistent 3-5 professional development targeting grade-specific, MLLs, and SWD student populations, especially around using created i-Ready student report groups.

Minimal, structured inter-visitation of 3-5 peer modeling on differentiation of targeted student populations (MLLs and SWD).

Limited opportunities to embed 3-5 student autonomy via project-based learning for Math in alignment to Amplify Math Desmos and NYC Solves/Math Shifts.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch year with PD on NYC Math Shifts, 5 Mathematical Practices, and Amplify Math Desmos unit structure pacing for Grades 3-5. Share Trimester 1 Performance Task bank from Amplify Desmos Curriculum.
Organization of i-Ready Student Report Groups for MLLs and SWDs after BOY is administered. ILT and teacher teams begin using ATLAS Protocol to analyze student data collected and using the Looking at Student Work Protocol during grade teams.
Inter-visits cycle #1 is intentionally created, initiated, and progress monitored. Teachers embed Amplify Math Desmos Learning Centers during their period 2 Math block. IXL is used for small group instruction during grades 3-5 Period

Block 2.
Teacher Math Data Chats take place with administration. Reviewing imperative PS48 Progress Monitoring Tools, their respective Lesson Checkpoint data from Amplify Math Desmos Curriculum (High Ceiling/Low Floor Daily Tasks).
Targeted PD on NYC Math Shifts, 5 Mathematical Practices, and Amplify Math Desmos unit structure pacing. Math Period Block 2 Pivot for Grades 3-5 with a focus on NYS NGLS focus standard domains from upcoming NYS Math Exam.
Inter-visits #2 is completed and progress monitored. i-Ready Student Report Group data for MLLs and SWDs after MOY is disseminated. ILT and teacher teams use the ATLAS Protocol to analyze student data collected and use the Looking at Student Work Protocol during grade teams. Teachers embed Amplify Math Desmos Learning Centers during their period 2 Math block..
Inter-visits #3 is completed and progress monitored. Teacher Math Data Chats take place with administration. Reviewing imperative PS48 Progress Monitoring Tools, their respective Lesson Checkpoint data from Ampify Math Desmos Curriculum (High Ceiling/Low Floor Daily Tasks).
School-wide Math Showcase: Final analysis of impact using i-Ready, ATLAS, and student work. Action steps identified for 2026–2027 based on inquiry cycles. PS48 Envisioning Activity is conducted by entire staff to identify areas of need, possible root causes, and priority needs to assist in crafting new 2026/2027 PS48 CEP.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring of implementation strategies and action steps include a rigorous professional development plan, which tracks, highlights, and aligns itself to the District 8 professional development/guidance for Math. A Google Form that tracks and monitors teacher inter-visitations and tracks the purposes for each classroom visit and desired outcome from each individual teacher.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Host monthly family Math town halls focused on deepening understanding of curriculum alignment, instructional coherence, and Math pacing.	Assistant Principal, Mr. Mateo, instructional leads, model teachers, teacher leaders, Parent Coordinator.
09/08/2025	06/26/2026	Distribute unit overview materials and family communication aligned to Amplify Math Desmos for Grades K–5.	Assistant Principal, Mr. Mateo, instructional leads, model teachers, teacher leaders, Parent Coordinator.
09/08/2025	06/26/2026	Share individualized screener data results with families, including clear next steps tailored to each student's needs identified.	Assistant Principal, Mr. Mateo, instructional leads, model teachers, teacher leaders, Parent Coordinator.
09/08/2025	06/26/2026	Host monthly recognition ceremonies celebrating student progress in Amplify Math Desmos, with family engagement and participation.	Assistant Principal, Mr. Mateo, instructional leads, model teachers, teacher leaders, Parent Coordinator.

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

To address the inconsistent, grade-specific support for Multilingual Learners (MLLs) and Students with Disabilities (SWDs), each grade band (K-2 and 3-5) will be anchored by Teacher Leaders. These leaders will specialize in standards-aligned differentiation and Amplify Math Desmos Learning Centers, ensuring every team has an in-house expert on MLL/SWD adaptations. In addition, two Academic Intervention Service (AIS) Mathematics specialists—one for K-2 and one for 3-5—will provide tiered support that combines small-group push-in instruction with targeted pull-out acceleration for students furthest from proficiency.

Instructional Resources

Teacher Leaders will: Model high-impact practices (e.g., small-group conferring, language-rich scaffolds, UDL strategies) during live lessons for their grade teams. Coordinate structured inter-visitations focused on differentiation for MLLs and SWDs, followed by debrief protocols that turn observation into action steps. Facilitate monthly Math inquiry cycles that guide teams through analyzing screener data, Amplify Math Learning Centers, and examining student work for evidence of growth. AIS specialists will complement this work by maintaining a fluid roster of target students, via Amplify Math Desmos differentiated/targeted Learning Centers, and sharing progress-monitoring data with families and staff.

Schedule Adjustments

Protected AIS service blocks are embedded daily so specialists can push in during core instruction and pull out for intensive support without disrupting tier-one learning. Weekly, 45-minute Grade-Team PLCs are carved out for Math inquiry cycles, ensuring teachers have uninterrupted time to analyze data and take time to look at differentiated/targeted Amplify Math Desmos Learning Center results. Bi-monthly extended planning sessions (released through strategic coverage) allow Teacher Leaders to calibrate inter-visitation foci and scaffold upcoming professional-development mini-lessons. These adjustments guarantee consistent, job-embedded professional development, systematic peer modeling, and expanded opportunities for student-driven, project-based Mathematics learning—the very priority needs that emerged from our root-cause analysis.

Other Resources Needed

Magic School AI Lessons & Text Tools (Example: Lesson Plan Generator/Facilitator, Text Leveler, Math Story Problem Creator). Generates tiered tasks, family letters, and language-adjusted texts in seconds. Illustrative Mathematics Open Up (Free Digital Library). High-quality, problem-based units with embedded language routines. Amplify Desmos Math and IXL (Tier 2 and Tier 3 instruction and data collection).

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of July 2025, 42.1% of eligible families of students in grades K-3 signed up for NYC Save For College program	- Language and accessibility barriers - Lack of awareness - Lack of trust and skepticism - Competing priorities	-Increase family awareness and understanding -Increase trust - Create opportunities to register
- Only 12% of Grade 5 students at PS 48 scored proficient (Levels 3 & 4)	- Lack of familiarity and teacher training with the new P-12 Science	. Strengthen Science Instruction Aligned to New Standards: Provide

on the 2023–24 NYS Science Exam, compared to 22% for the district and 35% for the state. - 42% of students scored Level 1, and 46% scored Level 2—indicating that 88% are performing below proficiency. - The test measured the new NYS P-12 Science Learning Standards, and results are not comparable to prior years, but still show a significant performance gap. Source: NYSED Science Assessment Dashboard, SY 2024–2025.	Learning Standards and 3D science instruction (science and engineering practices, disciplinary core ideas, crosscutting concepts). - Limited lab-based or hands-on investigations due to time, space, and materials constraints. - Science often receives reduced instructional time compared to ELA and math, particularly in tested grades. - Infrequent use of formative science assessments to drive instruction or differentiate support.	targeted PD on the new NYS science framework and implement 3D-aligned lessons and performance tasks weekly. 2. Increase Student Access to Hands-On, Inquiry-Based Learning: Ensure students have regular exposure to experiments, simulations, and real-world applications of science. By addressing these needs, PS 48 can increase proficiency, close the equity gap, and prepare students for middle school success in STEM fields.
Source: NYSED Science Assessment Dashboard, SY 2024–2025	Limited access to targeted academic interventions. Inconsistent implementation of scaffolds and supports for SWD and ELLs. Attendance and chronic absenteeism disproportionately affecting priority group.	Implement targeted small group instruction using Amplify Train teachers in differentiated instructions strategies Professional development by the Ambassadors

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40	PS 48 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will increase by 20% from 40% to 60% as measured by NYC RISE enrollment reports.
All Students	12%	PS 48 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the 32% proficiency 16 out of 50 students tested for All Students will Increase by 20% from 12% to 32% as measured by NYS Science Assessment .
All Students	19%	PS 48 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the SWD, And African American Students proficiency (Levels 3 and 4) for All Students will Increase by 10% from 19% to 20% as measured by Amplify assesmnets .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Power Bi monthly reports

Enter a Key Performance Indicator

January 2026

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

June 2026

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Culturally Responsive Family Engagement: Host multilingual family information sessions during Breakfast with the Principal, PA meetings, Parent Teacher Conferences, and other school events.

Leverage trusted school staff, specifically the STH Social Worker, to make personal outreach calls to families.

Leverage Partnerships: Collaborate with HPAC, United Community Schools, PAL to promote NYC RISE in community spaces.

Invite NYC Kids RISE representatives to speak at school events.

Streamlined and Supported Enrollment: Set up a mobile "Enrollment Help Desk" during family-facing events; assist families with online enrollment during arrival, dismissal, and parent events.

Targeted Communications: Send home flyers in multiple languages with QR codes linking directly to the enrollment site. Use DOE messaging system for personalized reminders and success stories from families already enrolled.

Celebrate classroom or grade-level milestones (e.g., "80% of Class 201 Enrolled!").

Student-Led Advocacy: Have students create posters or short videos about college dreams and savings.

Include NYC RISE awareness in college and career week.

Root Cause Addressed:

Enhance communication with multilingual materials and direct community engagement.

Build trust through partnerships with familiar school staff and local organizations.

Streamline enrollment with tech support and in-person assistance.

Increase family understanding of long-term college savings benefits.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch multilingual campaign at Curriculum Night
Family workshops with NYC RISE rep and CBO partner
Set up Enrollment Help Desk at all events
Send out message blasts with success stories
Have a contest for students to create short videos on their college dreams and goals
Monitor participation, follow up with non-respondents

Key Strategy 2 (Optional):

Standards-Aligned Instructional Planning:

Action Steps:

Sept–Oct 2025 Conduct instructional audit of current science curriculum to identify alignment gaps with NYS P-12 Science Learning Standards APs + Science Teacher Leaders Audit report, planning meeting notes

Oct–Nov 2025 Revise science pacing guides and unit plans to reflect standards, crosscutting concepts, and science/engineering practices APs, Grade 5 Teachers Updated curriculum documents

Nov 2025–June 2026 Implement weekly common planning time to unpack standards, plan aligned lessons, and develop performance-based tasks Grade 5 Teachers, Science Ambassador Agendas, lesson plans, student work samples

Increase Inquiry-Based & Hands-On Learning:

Sept–Oct 2025 Provide professional development on inquiry-based instruction and the 5E model (Engage, Explore, Explain, Elaborate, Evaluate) Science Ambassador , PD Partner Attendance, PD feedback, agendas

Nov 2025–March 2026 Schedule monthly lab investigations using kits aligned to current units of study Science Teacher, Grade Team Lesson plans, photo evidence, student lab reports

Jan–May 2026 Implement one engineering design challenge per unit Teachers, AP Student products, rubrics, anchor charts

SWD:
Sept 2025 Identify Baseline & Group Students Analyze item-level data to create targeted groups based on misconceptions and needs. IEP Teachers, Admin Small group rosters and baseline skill trackers

Oct 2025 Use hands-on, scaffolded instruction aligned to NYS Science standards; include visuals, realia, and vocabulary support. SETSS Teachers, Classroom Teachers. Lesson plans, intervention logs, student work samples

Jan 2026 Conduct Hands-On Science Bootcamp. Run a 6-week after-school or in-school pull-out program with experiments tied to test concepts and question types.Admin, Science Team. Attendance logs, interim test scores

Root Cause Addressed:

Misalignment between classroom instruction and new NYS P-12 Science Learning Standards

Limited use of hands-on inquiry-based science learning

Inconsistent formative assessment and data-driven instruction

Gaps in science instructional time or rigor

Teacher need for targeted PD in science instruction and NGSS-aligned practices

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop or select standards-based formative science assessments
Conduct data analysis after each unit using common rubrics to identify misconceptions and plan re-teaching
Host data chats with Teacher to track science progress and set goals

Align IEP Goals with Science Vocabulary & Comprehension.Embed science academic language and processing skills into reading/writing IEP goals. Related Services, IEP Team
onduct Hands On Science Boot Camp for 6 weeks after school or in school pull out programs with experiments tied to test concepts and questions types
Simulate testing environment with supports. Analyze results to guide final instructions

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly Family Engagement Meetings
Used to review outreach efforts, identify barriers, and adjust messaging or methods as needed. Attendance, feedback, and enrollment trends will be tracked.

SLT and CEP Review Sessions
NYC RISE enrollment updates will be included as a standing agenda item at monthly School Leadership Team meetings.

Parent Coordinator and Guidance Logs
Logs will be maintained to track direct outreach calls, family questions, enrollment support provided, and follow-up needs.

Event-Based Checkpoints
Events such as Curriculum Night, Report Card Night, and College Awareness Week will serve as milestone opportunities to promote the program and collect participation data.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	Host monthly in-person and virtual sessions in families' home languages (e.g., Spanish, Bengali, Chinese) to explain the benefits, enrollment process, and impact of NYC Kids RISE.	
09/01/2025	11/30/2025	Parent Coordinators, guidance counselors, and trusted school staff will make direct phone calls and in-person check-ins with families who have not yet enrolled, providing tech support and answering questions.	
09/01/2025	06/30/2026	Designated “Enrollment Help Desks” will be set up during report card conferences, curriculum night, and family engagement events to offer hands-on support with account creation and program activation.	
09/01/2025	06/30/2026	Partner with UCS, PAL, HPAC and immigrant-serving organizations to co-host events, distribute flyers, and build trust around NYC RISE through trusted messengers.	
11/03/2025	06/30/2026	Provide raffles, classroom recognition, and small prizes for families who complete enrollment to encourage momentum and create positive peer influence.	
09/01/2025	06/30/2026	Integrate NYC RISE awareness into classroom activities (e.g., student-created posters, essays on future college goals), encouraging students to engage their families in the conversation at home.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Parent Coordinator, PA, NYC RISE staff

Instructional Resources

Translated flyers, NYC RISE brochures

Schedule Adjustments

Include time at parent events to promote NYC RISE

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
This gap is critical considering the goal implementation for all students: Increase parent	Lack of Training/Resources for Families: Families may trust the school and feel involved, but many lack the tools to	Enhance Family Advocacy Capacity Families must be partners in development. Improving their

participation from 8% to 20% by June 2026 (NYSED, 2024).	effectively advocate for all student (ELL, MLL, SWD)	understanding empowers meaningful input.
Despite strong relational trust, parent advocacy related to special education, ESL, and MLL is a key area needing support.	Families of SWD, especially those with limited English proficiency or new to the system, may not fully understand their legal entitlements.	Expand Workshops on Special Education Rights & Supports Equips families with the knowledge to make informed decisions and collaborate effectively.
Parent Involvement in School: 93%(NYSED, 2024)	Insufficient Opportunities for Deep Family Engagement: Family workshops or conferences may focus on academics but not on developing advocacy skills or shared planning.	Regular, clear, multilingual updates on academic progress are essential for trust and student success.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	7	PS 48 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the According to the parent 2025 NYC School Survey, Parent Involvement in School is 93%. The goal is 100% by June 2026. will Increase by Increase from 93% to 100% from 7 to With increased parent collaboration, student academic goals become more aligned with student strengths, needs, and family insights in academic areas such as ELA and Math Students receive more consistent support between home and school, leading to increased goal mastery Families who understand instructional strategies can reinforce them at home. Result: More consistent student engagement and improvement in state assessment performance (ELA/Math proficiency). as measured by NYC School Surveys, Parent Teacher Conference Attendance sign-in sheets, School Community events attendance sheet

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Empower families through structured training and personalized support to build their capacity as informed advocates in their child's educational planning.

Root Cause Addressed:

While trust and overall satisfaction are high (94%+ in most areas), families lack consistent access to tools, training, and opportunities to meaningfully participate in both general education and special education decision-making. This has limited their ability to serve as active, knowledgeable advocates in planning and implementation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a quarterly Parent Advocacy Series (live and virtual) focused on understanding in General Educations, ESL, MLL, student rights, and special education services. Translated into languages currently spoken by students and parents.
Facilitate PD for teachers and related service providers on family-inclusive academic development and culturally responsive engagement strategies.
Ensure interpreters are scheduled in advance and all materials are translated for families with limited English proficiency.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2026	06/26/2026	Launch a quarterly workshop series designed to build parent confidence in student academic process, student rights, special education/ELL services, and transition planning.	Provide professional facilitators for family advocacy workshops for support services, and navigating DOE systems.Brings credibility, expertise, and culturally responsive materials to parent training sessions.
09/05/2025	06/26/2026	Offer guidance to families of upper elementary and middle school students on transition planning and post-secondary supports.	Introduces families early to future options and connects them to career readiness pathways.

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers are looping with their classes in grades K-5, AID provider, volunteers for parent workshops, teachers to assess incoming students in the summer.

Instructional Resources

Phonics for Reading, Fundations, HMH, Acadiance, NYS Rally

Schedule Adjustments

There will be be one period a day where students get what they need - WIN (What I Need)

Other Resources Needed

N/A

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions data 2023-2024 YTD 86%; New Visions Chronic absenteeism 55%. New Visions data 2024-2025 YTD 88%; New Visions Chronic absenteeism 48%. This represents and increase for YTD and a decrease in Chronic absenteeism,	Limited family engaged ; families not engaged as much as we would like. Increase communication with parents.	Strengthen family engagement by building trusting relationships, improving two-way communication, and providing resources that empower families to support consistent attendance. Increase the percentage of students who are present in school.
New Visions data for STH 2023-2024 Chronic absenteeism 53%; New Visions data for STH 2024-2025 Chronic absenteeism 48.6%. This represents a decrease in chronic absenteeism.	Inconsistent communication : Building partnerships with families. Improving parental support.	Enhance identification, case management, and coordination with community agencies to better support students in temporary housing. Educating parents on consistent routines and on students attending school.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	88%	By June, 2026, the increase in year to date attendance rate for All Students will increase by 2%, from 88% to 90%, as measured by the New visions portal reports.
All Students	48%	By June, 2026, the Reduction by Chronic Absenteeism Rate by 2% for All Students will decrease by 2%, from 48% to 46%, as measured by the New Vision Chronic Absenteeism Reports.
Students in Temporary Housing (STH)	90%	By June, 2026, the Increase in the year to date attendance of STH students for Students in Temporary Housing (STH) will increase by 1%, from 90% to 91%, as measured by the New Visions Chronic Absenteeism Reports..

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

MTSS launch Urban Health Initiative: Boost daily student attendance through health education and wellness engagement. Relationship-Based Attendance Outreach: focuses on connection, trust, and regular engagement with students and families.
Community-Based Attendance Support: highlights the interagency/shelter outreach.

Host a monthly breakfast at the school with the principal, focused on attendance awareness, resources, and student health.
Use this time to share updates , celebrate improved attendance, and hear parent concerns.
Share real-time attendance data and set small, attainable goals with families.

Root Cause Addressed:

Chronic and Acute illnesses; Limited access to healthcare, mental health services, dental care, Lack of reliable transportation; Housing instability and food insecurity Issues can create significant stress for parents and students

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Host a monthly breakfast at the school with the principal, focused on attendance awareness, resources, and student health.
Teachers will analyze data during grade team meetings regarding students who are in tier 2 and 3 and outreach parents on a monthly basis
Attendance team will send out attendance calendar during the month of August and January to parents with important dates in the school year.
Attendance team members will meet with parents whose children are in tier 2 and 3 and set attendance goals with parents
Quarterly check-ins with parents of tier 2 and tier 3 with attendance goals
Send out calendar of events for attendance in September to parents with school activities and events for the 2025-2026 year.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In June 2025, each student will receive a printed copy of their RISA (Review of Student School Attendance), detailing their personalized attendance record for the current school year. A copy of this attendance summary will also be sent home to the student's parent or guardian for their review and records.

Attendance team will continue to monitor ATS, new visions portal, and excel attendance spreadsheet. Attendance team will meet on a weekly basis to review attendance data.

During grade team meetings, we will measure the impact of attendance on student academics. Provide list of chronically absent students to teachers during weekly grade team meetings to focus on chronic absenteeism once per month.

Attendance team will use text chain to communicate with each other in real time regarding student attendance and daily absences.

After a student accumulates three absences, the parent or guardian will receive a phone call to schedule a meeting with the school's Attendance Team. During the meeting grade leader will meet with the parent to discuss the student's attendance concerns and work collaboratively to create a personalized action plan to improve attendance.

Grade leaders will continue to coordinate with attendance team members and follow up with the families through regular check-ins to monitor progress, offer support, and provide any additional resources or assistance needed to help ensure the student's consistent attendance and success in school.

Attendance team will review past chronic absenteeism from the previous year. Students will be prioritized for extra assistance at the beginning of the academic year.

Attendance team in the first two weeks of school will monitor absences and immediately create a plan to re-engage families.

The school will create a calendar of times to contact families for updating blue card information.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/11/2025	05/08/2026	Have regular and personalized communication with families.	Graham Windham
09/05/2025	06/25/2026	Have culturally responsive outreach. Translate outreach into different languages.	Graham Windham
10/15/2025	06/19/2026	Parent Workshops	Parent Coordinator

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

STH Liason, School counselor, attendance coordinator, family worker, UCS school site staff, UCS social worker, district attendance teacher, assistant principal, ACS MSW Intern, and Graham Windham

Instructional Resources

New Visions, attendance works

Schedule Adjustments

Provide students who are chronically absent with the time to check in with success mentors.

Other Resources Needed

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Only 8% of students with IEPs scored at proficiency levels 3–4 on the 2024–25 NYS exams	Rigid Curriculum Implementation HMH and scripted programs are often too inflexible, limiting differentiation and responsiveness to student needs.	IEP Development and Fidelity of Implementation

33% of exiting Students with IEPs are missing clear goals in 2024–25 DOE snapshot)	To improve on the opportunity to strengthen collaboration and establish a consistent, standardized transition protocol between grade levels and feeder middle schools.	Transition Planning and Compliance
Multiyear data shows under-referral of students from marginalized subgroups to special services (e.g., only 16% of ELLs received SPED evaluations in 2024–25)	Lack of clear referral criteria and teacher support for early warning indicators, leading to inequitable screening for supports.	Referral Process and Equity
Students with IEPs received small portion of disciplinary referrals (2.4%) compared to 5% of general ed peers in 2024–25)	Students with IEPs may not be equitably included in enrichment or SEL-based activities like clubs, sports, and garden projects.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	8%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve through the implementation of targeted instructional strategies, progress monitoring, and IEP-aligned interventions. By a 12% Increase, from 8% to 20%, as measured by IEP Progress monitoring .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

September – Laying the Foundation
Step 1: Build Awareness and Align Staff
Host a mandatory Inclusive Education Kickoff PD focused on IEP fidelity, UDL (Universal Design for Learning), and the referral process.
Create and distribute a "Fidelity Checklist" for all co-teaching and ICT classrooms.
Ensure all teachers receive the IEP-at-a-Glance for each student and sign off.

October – Communication & Planning Systems
Step 2: Implement Consistent Transition and Collaboration Protocols
Launch structured monthly collaboration cycles for ICT, SETSS, and gen ed teachers (build in coverage).
Develop a K–5 Transition Map for students with IEPs with input from service providers, including ECC to main building supports.
Begin IEP alignment walkthroughs (admin + coaches) with a focus on instructional match and classroom supports.

November–December – Inclusive Practices & Equity in Discipline
Step 3: Redesign PBIS to Include IEP Lens
Ensure PBIS team reviews discipline data disaggregated by IEP status, race, and ELL.
Develop inclusive Tier 1 supports with explicit accommodations for students with disabilities.
Create a Restorative Practices Toolkit for staff to use proactively and in response to behavioral challenges.

Root Cause Addressed:

Lack of staff knowledge around IEP implementation, co-teaching fidelity, and legal responsibilities
Inconsistent access to critical student information (IEP-at-a-Glance)
Unclear expectations for inclusive instructional practice

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Step 1: Build Awareness and Align Staff
Host a mandatory Inclusive Education Kickoff PD focused on IEP fidelity, UDL (Universal Design for Learning), and the referral process.
Create and distribute a "Fidelity Checklist" for all co-teaching and ICT classrooms.

Ensure all teachers receive the IEP-at-a-Glance for each student and sign off (407s).

Key Strategy 2 (Optional):

Redesign PBIS to Include IEP Lens

Root Cause Addressed:

Disproportionate discipline of students with IEPs and multilingual learners
PBIS systems not responsive to students with behavioral or emotional disabilities
Lack of Tier 1 behavioral accommodations embedded in general ed settings

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure PBIS team meets monthly to analyze disaggregated behavior data by IEP Status Race/ethnicity ELL designation.
Redesign Tier 1 behavioral supports to include Behavior expectations tied to IEP accommodations Visual behavior cue systems Flexible seating, movement breaks, and sensory strategies.
Develop and distribute a Restorative Practices Toolkit for all staff, including: Proactive relationship-building strategies De-escalation protocols Reflective conversation guides linked to student support plans
Provide PD on trauma-informed practices and behavior through a disability equity lens

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring Structures
Primary Strategies for Monitoring Implementation:

Bi-weekly IEP Review Team Meetings: Track service delivery, accommodations, and student response to interventions

Use of Data Dashboards: Tracking goal progress and assessment performance
Instructional Walkthroughs & Learning Walks: Observing alignment between instruction, IEP goals, and student engagement
Student Work Analysis Protocols: Examine samples for evidence of standards-based growth
Teacher Progress Monitoring Logs: Documenting strategy use and individual student responses
Monthly Data Review Cycles: Adjusting instruction/intervention based on interim benchmark assessments
Data/Evidence to Collect:

Completed IEP progress reports (every 8–10 weeks)
Student benchmark assessment scores (e.g., iReady, HMH, IXL, Spire or Amplify Desmos data)
Attendance in intervention groups
Observation notes from inclusive instructional practices
Student goal progress graphs (collected through SESIS or equivalent tool)

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family Support Infrastructure Parent workshops on IEP development, progress monitoring, and understanding special education services Bi-monthly Special Education Family Forums (with translation services) Dedicated Family Liaison for Students with Disabilities.	United Community Schools District Liaison and SIT team.
09/04/2025	06/26/2026	We will implement a system to ensure families receive consistent, understandable, and timely updates regarding their child's academic and transition progress: IEP Progress Reports sent home every 8–10 weeks aligned to IEP benchmarks and academic progress Parent-Teacher Data Conferences three times per year with interpretation services available Quarterly Goal-Tracking Summaries shared via email, mail, or in person (includes visual progress charts and next steps) Parent Access to Progress Dashboards (using platforms like SESIS, ClassDojo, or Google Classroom) with simple guides provided.	Staff IEP Teacher United Community Schools District Liaison and SIT team.

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs. Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP Teacher, AP of Special education

Instructional Resources

HMH Into Reading, SPIRE, Jennifer SERRIVELLO reading strategies.

Schedule Adjustments

Program a time where special education teachers can meet and adapt the curriculum to meet their students needs.

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 - Phonemic Awareness - Phonics for Reading	Students in grades 4-5 who are performing well below grade level	Phonics for Reading	Small groups	During school	No
Tier 2 - Phonics - SPIRE	Students in K-2 who score below benchmark in Acadience	Spire with AIS provider	Small groups	During school	No
Tier 2 - Math	Students in grades K-5 who scored well below grade level	IXL	Small groups; independent	During school	Yes
Tier 3 - ELA	Students in grades K-5 who have a deficit in phonemic awareness, Sound mastery and Phonics word study.	Rewards with AIS provider	Auditory, visual and kinesthetic through 10 steps independently	During school	No
Tier 3- ELA	Students in grades 3-5 who scored below grade level on district screener I- Ready assessment	iReady	Individual lessons based on students needs	During school	Yes
Tier 3 - Math	Students who scored below grade level on iReady assessment	iReady	Individual lessons based on students needs	During school	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 - Mood Meter	After 2 incidents recorded in OORS or at the recommendation of teacher/adminbased on inability to regulate emotions.	Check in based on current feelings	Small group	During school	No
Tier 2 - UFT Social Worker	Teacher recommendation; OORS data; guidance referrals	Counseling-At-risk	Small group	During school	No
Tier 3 - Mentors/Mentees	OORS and attendance data	Mentoring	1:1	During school	No
Tier 3 - Conduct sheets	4 or more OORS incidents; teacher referrals	Mentoring	1:1	During school	No, but can be adapted

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 48, the essential components of our Multi-Tiered System of Supports (MTSS) are regularly communicated and shared with families through a variety of methods designed to foster understanding, transparency, and collaboration. Our approach includes the following strategies:

Parent Workshops and Information Sessions:
We host scheduled MTSS parent workshops during the school year, both in-person and virtually, to explain the MTSS framework, including academic interventions, social-emotional supports, and behavioral strategies. These sessions provide families with clear explanations of Tier 1, Tier 2, and Tier 3 supports and how decisions are made regarding student needs.

Parent-Teacher Conferences and Individual Meetings:
During formal parent-teacher conferences and as needed throughout the year, teachers and support staff discuss students' progress within the MTSS framework. Families receive information on the interventions being used, progress monitoring tools, and how they can support learning at home.

Printed and Digital Communication:
PS 48 distributes family-friendly MTSS brochures and flyers in multiple languages that outline the purpose of MTSS and the types of supports available. The school website and digital newsletters also include updates and tips on academic and social-emotional learning aligned to MTSS strategies.

Family Engagement via School Leadership and PTA Meetings:
The school leadership team (SLT) and Parent-Teacher Association (PTA) meetings regularly include updates on the MTSS process, including data-driven practices, attendance support, behavioral strategies (e.g., PBIS), and how these systems promote equity and access for all students.

Collaboration with Support Staff:
Our school counselors, social workers, and intervention specialists play an active role in communicating with families about MTSS. When a student requires Tier 2 or Tier 3 interventions, families are involved in goal-setting meetings and progress updates.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

At PS 48, families of students receiving Tier 2 or Tier 3 interventions are kept informed and actively engaged in their child's progress through a consistent and structured communication plan. These updates include:

Regular Progress Reports:
Families receive written progress reports every 6–8 weeks, aligned with intervention cycles. These reports detail the specific goals of the intervention, the student's performance data, attendance in intervention sessions, and next steps.

Scheduled Family Meetings and Check-Ins:
For students receiving Tier 2 or Tier 3 supports, school staff (such as intervention teachers, the MTSS coordinator, or support service providers) schedule regular check-ins with families—either in person, by phone, or via virtual meetings. These meetings offer a more personalized review of the student's growth, challenges, and any needed

adjustments to interventions.

Parent-Teacher Conferences with MTSS Updates:
During scheduled parent-teacher conferences, additional time is devoted to reviewing intervention data and supports in place. Teachers share screening results (e.g., i-Ready, Acadience), progress monitoring graphs, and strategies being used to support the child.

Direct Communication from Intervention Staff:
Intervention teachers, related service providers, or support personnel (e.g., SETSS providers, counselors, social workers) maintain communication logs and contact families directly with updates. These may include brief updates through phone calls, emails, or messages via school communication platforms like ClassDojo or Remind.

Family Engagement in Goal-Setting and Decision-Making:
When a student is identified for Tier 3 intensive support, families are invited to participate in collaborative planning meetings with the MTSS team. This includes discussing individualized goals, reviewing progress monitoring data, and contributing input on the child's strengths, needs, and home supports.

By maintaining clear, ongoing communication and involving families as partners in the intervention process, PS 48 ensures that supports are transparent, data-driven, and tailored to meet each student's unique needs.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

1. Initial Referral and Consent
Notification of Tier 3 Intervention: Families are informed when their child is being considered for Tier 3 interventions. This typically happens after Tier 1 and Tier 2 interventions have been tried and the student still requires more targeted, intensive support.

Obtaining Parental Consent: Before a child can receive Tier 3 interventions, parents or guardians are asked to consent to the intervention plan. This process involves explaining the nature of the intervention, its goals, and how it will be monitored.

2. Collaborative Planning and Goal Setting
Involvement in Planning: Families are invited to participate in meetings where the intervention plan is developed. During this stage, educators, intervention specialists, and parents discuss the child's specific needs and challenges, and agree on personalized goals.

Defining Success: Parents help set measurable and achievable goals for their child. These goals focus on the academic, behavioral, or social skills the student is working on, ensuring that the goals are meaningful and align with the child's long-term development.

Home-School Alignment: Teachers and parents discuss strategies that can be consistently applied both at school and at home. For example, if a child is receiving behavioral interventions at school, the family might reinforce similar strategies at home to maintain consistency.

3. Ongoing Communication and Progress Monitoring
Regular Updates: Parents are regularly updated on their child's progress. This could be through progress reports, data sheets, or scheduled meetings. The updates help parents understand how the interventions are working and whether progress is being made.

Data Sharing: Teachers and interventionists share specific data regarding the child's response to the interventions,

such as improvements in academic skills or behavior. This data helps the family understand the student's strengths and areas that still need attention.

Parent-Teacher Conferences: Parents participate in formal meetings with educators, where the team discusses the child's progress, challenges, and next steps. These meetings allow the family to provide feedback, ask questions, and suggest adjustments to the intervention plan.

4. Review and Adjustments to the Plan
Evaluating Effectiveness: Families are involved in discussions about the success of the intervention. If the student is not making the expected progress, the team may adjust the strategies being used. Parents provide valuable insight into the child's progress at home, which can inform adjustments to the intervention.

Changing Strategies: If the child is not responding to the current interventions, parents might be asked to collaborate with the team in considering alternative approaches or additional support. This could involve changing the instructional strategies, modifying the intervention frequency, or even consulting with outside experts.

5. Decision About Transitioning Out of Tier 3
Evaluating Exit Criteria: As the child progresses, the team may evaluate whether the student is ready to exit Tier 3 and move to a less intensive level of intervention (Tier 2 or Tier 1). Parents are involved in this decision, providing input based on their observations and the child's progress in different environments.

Celebrating Successes: If the child successfully transitions out of Tier 3, families are often recognized for their involvement and support throughout the process. Celebrating progress helps reinforce the importance of their role in the child's academic journey.

6. Home Support and Consistency
Supporting Interventions at Home: Families are often asked to support and reinforce the strategies being implemented at school. For example, if a student is receiving reading interventions, the parents might help the child with extra reading practice at home.

Behavioral Strategies: For behavioral interventions, parents may use similar behavior management techniques at home to ensure consistency in the child's routine. This support strengthens the intervention's impact by creating a consistent environment across school and home.

7. Collaborating with External Resources
Connecting with Outside Professionals: In some cases, schools may involve external professionals such as psychologists, speech-language pathologists, or counselors to provide additional support. Families are consulted on how to integrate these professionals into the student's intervention plan and how to coordinate services.

Referral to Specialized Services: If the child's needs extend beyond what can be addressed within the school, families may be encouraged to seek additional support from outside agencies or specialists. The school and family can work together to ensure that the child receives holistic support.

8. Cultural Sensitivity and Family Context
Understanding Family Context: The family's cultural background, language, and life circumstances are considered when making decisions about interventions. Schools often work to ensure that strategies are culturally relevant and that the family's values and concerns are respected in the process.

Family Engagement: Some families may require additional support or resources to be fully involved in the decision-making process, especially if language barriers or other factors impact their ability to engage. Schools may offer translated materials, interpreters, or flexible meeting times to accommodate these needs.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

109 students in STH, of which 56 students are living in shelters and 53 are doubled up (living with friends or relatives).

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Our population of STH students has increased and so have their needs. The STH survey is used as well as a more detailed in-house survey so that we ensure our families receive support they need, and not what we think they need.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

-Distribution of clothing
-Food pantry
-Distribution of household items, school supplies
- Counseling
-Continuing adult education classes, including English and GED classes
-2 dedicated STH staff members - Social Worker and Community Associate

-Dedicated after school

These services were selected based on the needs of our families.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of June 2025, 6 students in foster care are enrolled at our school across Grades K–5. These students are supported through a multi-tiered framework of social-emotional care, academic intervention, and collaboration with foster families and agencies.

Social-Emotional Supports:
School Counselor and Social Worker Case Management: Each student in foster care is assigned to a school counselor or social worker who provides regular check-ins, emotional support, and coordination with foster parents and agency caseworkers.

Trauma-Informed Group Counseling: Select students are invited to participate in small group sessions focused on emotional regulation, identity, and resilience.

Crisis Response and Referrals: Immediate mental health services are coordinated through DOE partnerships or external providers when needed.

Designated Trusted Adults: Each student is paired with a staff member for consistent relational support and advocacy throughout the school day.

Academic Supports:
Individualized Learning Plans: Developed collaboratively by support staff and teachers to target skill gaps and ensure students meet academic benchmarks.

Access to Tier II and Tier III Interventions: Foster care students receive prioritized entry into reading and math intervention groups, with biweekly progress monitoring.

Technology and Materials Access: Ensured availability of digital tools, school supplies, and independent reading materials, particularly for students transitioning between placements.

Family & Agency Collaboration:
Ongoing Communication with Caseworkers and Foster Parents: Regular updates on academic, attendance, and behavioral progress. Invitations to IEP/504 meetings and parent-teacher conferences are extended to caseworkers as appropriate.

Culturally Responsive Outreach: All communication is available in families' preferred languages. The school works to build inclusive, affirming partnerships with foster families and caregivers.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Our school provides intentional, equity-driven support systems to ensure students in foster care—including those newly entering the system—receive the academic, social-emotional, and stability-focused interventions necessary to succeed.

Immediate Onboarding and Needs Assessment
Upon identification or enrollment of a student in foster care, the school counselor or social worker conducts an intake meeting to assess the student's academic history, emotional needs, and living situation.

Staff are notified on a need-to-know basis to ensure appropriate accommodations and sensitivity in the classroom.

Stability and Advocacy Supports
Each student in foster care is paired with a trusted adult mentor on staff to serve as a daily check-in point and long-term advocate.

The school maintains close coordination with the DOE Office of Students in Temporary Housing (STH), ACS, and foster agencies to ensure transportation, placement stability, and continuity of services.

Academic Interventions
Students are prioritized for Tier II and Tier III supports in reading and math, based on progress monitoring and benchmark data (e.g., iReady, Acadience).

Instructional support plans are created to provide small group or one-on-one assistance, and tutoring may be arranged through after-school programs or CBOs.

The school's MTSS team (Multi-Tiered System of Supports) reviews their data more frequently to ensure timely intervention and referral for additional services (e.g., IEP or 504 evaluation).

Social-Emotional and Mental Health Services
Students have access to counseling services, including trauma-informed care and small group SEL sessions focused on identity, self-regulation, and resilience.

Crisis counseling and mental health referrals are available through school-based mental health providers or external partnerships.

Family and Agency Collaboration
The school maintains regular communication with foster parents, agency caseworkers, and legal guardians to ensure alignment across academic goals, behavioral supports, and attendance plans.

Students and caregivers receive translated materials, support with remote access, and assistance with navigating DOE

services.

Monitoring and Follow-Up
Foster care students are flagged in ATS and tracked internally to ensure their needs are reviewed monthly by the school's support team.

Adjustments are made proactively to ensure ongoing support and academic progress, especially during placement changes or periods of transition.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Historically, there is no consistent pattern/trend of attendance that can be generalized for that population. Each student and family is serviced individually, based on their unique needs. Since there are only 6 students, personalized services and support are provided.

Individualized Approach: The lack of a consistent attendance trend underscores the importance of a tailored approach. Attendance plans and interventions must be flexible and responsive to the specific barriers faced by each student and family.

Family Engagement: Close collaboration with families is essential. Staff must maintain open, ongoing communication to understand and address home, transportation, health, or other issues that may impact attendance.

Holistic Supports: Students may require a range of supports, including academic accommodations, mental health services, transportation assistance, or access to basic needs (e.g., food, clothing). Services are coordinated through a wraparound model to meet each student's needs holistically.

Consistent Monitoring: Because patterns may not emerge across the group, frequent check-ins and monitoring of each student's attendance are crucial to detect issues early and respond promptly.

Staff Flexibility and Training: Personnel working with this population need to be equipped with skills in trauma-informed care, cultural responsiveness, and case management, enabling them to adapt interventions effectively.

Data-Informed Decisions: While trends may not be generalizable, data collection at the individual level supports decision-making, ensuring that services evolve with the student's circumstances.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Trusted Adult Mentorship: Each student in foster care is paired with a designated staff member for daily emotional check-ins and long-term support, promoting connection and consistency during critical transition years (K, 2, 5).

Small Group SEL Counseling: Weekly small group sessions facilitated by school counselors or social workers focus on trauma-informed topics such as emotion regulation, friendship skills, and school transitions. Groups are tailored by grade band.

Individualized Counseling Support: Students in foster care receive access to one-on-one counseling to process

trauma, placement transitions, or personal concerns impacting school success.

Transition Readiness Supports: 5th grade students in foster care receive targeted support for middle school readiness, including guided orientation, planning tools, and counselor-led transition workshops.

Tier I SEL Curriculum Integration: Schoolwide SEL instruction (e.g., Second Step or school-developed programming) is implemented to ensure consistent emotional literacy and a safe, inclusive classroom environment.

Agency and Caregiver Collaboration: Regular meetings and two-way communication with foster parents and agency workers support SEL plan alignment across school and home. Translated SEL resources are provided as needed.

Behavioral Health & MTSS Monitoring: Foster care students are prioritized in monthly behavior and intervention team meetings. Supports are strength-based and individualized, with early intervention for any emerging concerns.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

ELT is primarily after school; the time is used to provide students with social emotional learning as well as to receive tailored instruction to meet their needs. A comprehensive plan is built when the eligible students are identified and there is an analysis of the data.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

There will be multiple after school classes offered, taught by certified teachers. Postings will be sent out to recruit certified teachers.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Ensuring the alignment of Extended Learning Time (ELT) instruction with core academic subject area instruction offered during the regular school day is vital for providing a cohesive and supportive learning experience for students. Our school will take several measures to meet this requirement effectively:

1. Curriculum Mapping and Planning: We will conduct comprehensive curriculum mapping exercises to identify the specific learning objectives and standards covered in both regular classroom instruction and ELT programs. By aligning the content, skills, and concepts, we can ensure that ELT instruction reinforces and supplements the core academic subjects.

2. Collaborative Professional Development: Teachers involved in ELT and regular academic instruction will participate in regular collaborative professional development sessions. These sessions will facilitate the exchange of ideas, strategies, and best practices to ensure that ELT and regular classroom instruction are in sync. Professional development will focus on instructional methodologies, data analysis, and differentiation techniques to meet diverse student needs.

3. Common Assessments: Implementing common formative and summative assessments between regular classroom instruction and ELT will provide valuable data to track students' progress consistently. Analyzing the assessment results will help us identify areas that require additional focus and allow us to adjust ELT instruction to address specific learning gaps.

4. Data-Driven Decision Making: We will establish a data-driven culture, where teachers and administrators use

ongoing assessment data to inform instructional decisions. Regular data review meetings will enable us to make informed choices regarding the content and delivery of ELT instruction to better support students' academic growth.

5. Cross-Grade and Subject Collaboration: To foster alignment across grades and subject areas, teachers from different grade levels and disciplines will collaborate regularly. These collaborative efforts will ensure that ELT instruction aligns not only with the core subjects but also with the broader educational goals and learning progression of the school.

6. Flexible Differentiation: ELT instruction will be tailored to meet the diverse needs of students. We will employ flexible differentiation strategies to address various learning styles, abilities, and interests. By personalizing instruction within ELT, we can complement and reinforce the regular classroom learning experience effectively.

7. Seamless Transitions: To minimize disruptions and ensure a seamless transition between regular classroom instruction and ELT, we will create a structured schedule that allows for smooth shifts in instruction. Students will be familiar with the routines and expectations of both settings, promoting a more coherent and integrated learning experience.

8. Communication and Feedback: There will be regular communication and feedback loops between ELT instructors and regular classroom teachers. This open dialogue will facilitate an exchange of insights, progress updates, and individual student needs, leading to improved instructional alignment.

By implementing these measures, our school will be better equipped to ensure that ELT instruction aligns closely with core academic subject area instruction offered during the regular school day. This alignment will enhance student learning, reinforce key concepts, and provide targeted support to bridge learning gaps effectively.

Provide a description of the materials purchased to support implementation of ELT.

Research based programs, such as Spire, Phonics for Reading

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 48 Joseph R. Drake School will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the

Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 48 Joseph R. Drake School in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

PS 48 has developed a Professional Development Team to ensure that all teachers needs are being addressed to help move our students. This Teams consist of ENL teacher, Special Ed Teacher , Early Childhood Teacher, UFT Chapter Leader and Admin. This team meets to discuss and plans the PD that the teachers are stating they need more support in. Once the Team meets and Discuss then its brought to Instructional Leadership team to discuss and approve. This allows for the Collaboration between the teachers and administration.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 48, we implement a comprehensive transition plan to support preschool children as they move from early childhood programs (3K and Pre-K) into the elementary school setting. Our goal is to ensure a seamless and developmentally appropriate transition for every child by fostering alignment, communication, and collaboration among families, teachers, and support staff.

Key components of our transition plan include:

Aligned Curriculum and Instructional Practices:

Our Pre-K curriculum is aligned with the Next Generation Learning Standards and foundational skills that support readiness for Kindergarten.

Kindergarten and Pre-K teachers collaborate to ensure vertical alignment in literacy and math instruction, especially through shared practices such as Fundations phonics and HMH Into Reading.

Joint Professional Development (PD):

Assistant Principal Laverne Wyre leads joint PD sessions for Pre-K and Kindergarten staff to align expectations, share instructional strategies, and discuss student developmental needs.

PD topics include early literacy development, social-emotional learning, and classroom routines to ease the transition.

Family and Parent Involvement Activities:

Families are invited to participate in spring transition events such as Kindergarten Orientation, school tours, and classroom visits.

Parent workshops are offered to help families understand Kindergarten expectations and how to support learning at home.

Sharing of Records and Information:

Pre-K teachers complete detailed transition forms and progress reports that are shared with Kindergarten teachers.

Records include developmental milestones, academic progress, and notes on social-emotional growth, allowing Kindergarten teachers to plan supports accordingly.

Early Intervention and Support Services:

For students receiving early intervention or special education services, transition meetings are held with families, service providers, and Kindergarten staff to review IEP goals and ensure continuity of services.

Our school-based support team monitors these students closely during the transition to address any additional needs.

Social-Emotional Readiness Activities:

In-class activities focus on building independence, routines, and peer relationships.

Students participate in Kindergarten “buddy” visits and storytelling sessions to familiarize them with the new environment.

By implementing these strategies, we ensure that our youngest learners are well-prepared socially, emotionally, and academically for their next stage of learning.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated. For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	Title I SWP $468,906 Title I SWP Carry Over $37,046 Title I Carry Over Family Engagement $380 Title I SWP Family Engagement $4,689 Title I SWP STH $105,550 Title I SWP Translation Services $2,169	X	After School Salary STH Students Parent Engagement
Title I, School Improvement 1003(a)	Federal	n/a	n/a	n/a
Title II, Part A	Federal	Title IIA Supplemental $65,918	X	Teacher Salary
Title III, Part A	Federal	Title III LEP $13982	X	afterschool program software
Title III, Immigrant	Federal	n/a	n/a	n/a
Title IV, Part A	Federal	Title IV community Coordinator $91,382 Title IV Fall Reopening Planning Cost	X	CC Salary Per Session

				Secretary and Admin
Tax Levy (Fair Student Funding)	Local	FSF $3,288,244 FSF Floor Raise $170,789	X	Staff Salary Per Diem Per Session OTPS

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
United Community Schools	Students	ELT/Wellness Supports/Academic Achievement	Health & Wellness, ELT, Academic Achievement, Arts
United Community Schools	Families	Family engagement/community	Engagement with community resources
United Community School Social worker	Staff	Educator Support	Restorative Justice Practices/ Trauma Informed teaching practices
Hunts Point Alliance for Children (HPAC)	Families/Students	Family Engagement/ Student Supports	Additional Support Resources

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

During the school year 2025-2026, the Community School Director (CSD) will collaborate with the school community to set annual goals that align with the school's mission. These goals will focus on areas such as academic achievement, including extended learning time, social-emotional development, community engagement, and family engagement. To implement the Community School Model successfully, the CSD will engage in monthly Advisory Board Meetings with school administration, families, community partnerships, and stakeholders. During these meetings, data will be reviewed to assess progress, identify areas for improvement, and make informed adjustments. Additionally, the CSD will periodically send surveys to families to conduct check-ins and refine strategies based on the collected data. To continuously identify and leverage resources from external organizations and community partnerships, including financial resources and community connections, the CSD will actively seek out opportunities. The annual forum at the end of the year will be held, and the CSD will also plan to incorporate more monthly family engagement events in collaboration with the parent coordinator to foster a sense of community and maintain regular communication with parents. By implementing these strategies, PS 48 and the Community School CBO can effectively share leadership, engage in collaborative planning, and ensure an organized approach to achieving the school's annual goals while fostering a supportive and engaged community.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

By implementing the following strategies, the Community School can foster authentic relationships with families and community members, creating an inclusive environment where everyone actively participates in decision-making, leadership, and supporting students' overall development.

- Ensure regular, open communication through the Teach hub communication platform, social media, and Breakfast with Principal Meetings to keep families informed and engaged.
- Offer workshops for families on topics such as supporting academic success, case management through NYCP to assist with housing and food benefits.
- Actively involve families and stakeholders in initiatives related to the whole-child approach to education, which includes academic, social-emotional, physical, and mental health components, by seeking programming opportunities for students and families that align with these areas.
- Regularly recognize and celebrate the contributions of families and community members through awards, acknowledgments at school events, and public communications.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

To address the learning barriers students encounter when out of school, the Community School will strengthen its current partnerships while exploring future opportunities with social and health service agencies and providers. CSD will remain committed to collaborating with the Urban Health Plan on-site clinic to ensure families have access to health screenings and immunizations. At the start of the year, CSD will actively work to ensure 75% of families at PS 48 sign up for the clinic. CSD will also continue to partner with Hellen Keller Institute and SMILES dental to provide on site Vision and dental services to students twice a year.In partnership with Graham Windham SBS services, CSD will continue to focus on supporting families with short-term and long-term preventive services to address challenges with attendance, mental, and social barriers. Through this partnership, families will receive on-site case management services and external opportunities to further support them. CSD will continuously seek opportunities to address barriers affecting our newcomer families with legal services to ensure their safety and provide knowledge on navigating city and state laws.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

To effectively address chronic absenteeism, the Community School will adopt a structured, data-driven approach. This plan, which will be implemented in the school year 2024-2025, will involve weekly meetings, utilizing data from ATS and New Visions, and leveraging community resources. Team members will analyze data to identify patterns in student attendance, particularly those at risk of chronic absenteeism. Additionally, the school will coordinate with community agencies such as HPAC and Graham Windham to provide integrated services addressing the root causes of absenteeism, including healthcare access, housing instability, and food insecurity. To support parents in ensuring their children's regular school attendance, the school will offer workshops at the start of the school year. Furthermore, a mid-year resource/check-in fair will be held to support families facing challenges with attendance.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

We will maintain strong partnerships with community-based organizations (CBOs), mental health providers, academic intervention specialists, and family service agencies to create a web of integrated support. Students in Temporary Housing will receive priority access to resources such as school supplies, uniforms, hygiene products, and referrals to

housing and legal support through our Bridging the Gap Services. Additionally, ML/ELL students will be supported through culturally relevant curriculum, home-language supports, and proper translation for parents to understand their child's progress. Literacy interventions will be targeted to ELL students as needed. Students with Special Needs (SWD) will be in inclusive and safe environments where they can receive IEP-aligned services. By being flexible in offering a wide range of supports to our diverse populations, we can foster a welcoming and inclusive community where families feel supported and witness their children's positive progress.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Joseph DiCrescento
Assistant Principal (Where Applicable)*	Joshua Mateo
English as a New Language (ENL) Teacher*	Justin Czarka
Teacher (if school has a bilingual program must be a bilingual teacher)*	Jasmine Mendoza
Parent/Guardian*	
Teacher	Erica Ledee
Parent Coordinator	Ricardo Polanco
School Counselor	Raymond Chalmers
Related-Service Provider	Celia Abuin
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

3

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

356

Total number and percentage (%) of current ELLs:

25.8

Total number and percentage (%) of former ELLs:

3

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

80 (87%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

12 (13%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3 (3.3%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

19 (20.7%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	n/a	n/a	n/a	0	0	0	0	0	0	0	0	0	0	0	0	0	0
TBE	n/a	n/a	n/a	0	0	0	0	0	0		0	0	0	0	0	0	0
TBE	n/a	n/a	n/a	0		0	0	0	0	0	0	0	0	0	0	0	0
DLBE	General Education	Spanish/English 50/50	2017	1	1	1	1	1	1	0	0	0		0	0	0	6
DLBE	n/a	n/a	n/a	0	0	0	0	0	0	0	0	0	0	0		0	0

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL Model: P.S. 48x has a blended model for instruction of English Language Learners by adhering to the regulations set forth in CR Part 154. This flexibility allows the school to program services for ELLs in a targeted manner tailored to student needs. As such beginners, or newcomers at the Entering and Emerging level on the NYSITELL/NYSESLAT, receive 180 minutes of stand alone instruction. We have developed a system for ENL teaching in order to address learning needs regardless of where students are learning at, including Home Language Arts (HLA) support. This is based on current research. P.S.48x has few long term ELLs (more than six years receiving English language services). We strive to ensure that students demonstrate continual progress is reaching English language proficiency within three years of schooling. Still P.S. 48x provides every student entitled to receive ENL services the appropriate language focused instruction until they pass the NYSESLAT.

Students who become proficient in English, as determined by the spring administration of the NYSESLAT, receive transitional supports and testing modifications for two additional school years as 'former ELLs (FELLs).' They continued to be placed in PS 48 ENL homeroom, where possible, for another one to two school years in order to provide transitional supports. This additional year or two of transitional ENL supports ensures that the students deemed proficient, based on the NYSESLAT, receives continued instruction language supports as they deepen and internalize the structures of English. These students continue to receive NYSED testing modifications that they are eligible to receive while ELLs.

Entering and emerging proficiency level ELLs receive 360 minutes of ENL instruction per week, in addition to English Language Arts (ELA) instruction alongside their monolingual classmates. Transitioning, Expanding, and Commanding (for two years) ELLs receive 180 minutes of ENL instruction per week, in addition to 180 minutes of English Language Arts instruction. ELA instruction utilizes reading and writing instruction that develops phonics, vocabulary, comprehension, fluency, and the writing process, all across multiple genres, aligned to the NGLS and NYS ELA standards. We incorporate digital learning platforms, including Nearpod, IXL, iReady, Google Translate, G Suite (Classroom, Docs, Slides, Forms), Flip, Readworks.org, Zoom, Scratch, Scratch Jr., among others, to ensure that all modalities of English are reinforced throughout the learning experience, in person and remotely, in both whole and small groups, plus independently. We are prepared for instruction in both in person, blended, remote and asynchronous means to provide continual, high quality instruction across the content areas, using a balanced literacy approach.

Self-contained ENL classrooms and integrated ENL classrooms are put together heterogeneously by looking at NYSITELL and/or NYSESLAT levels. Transitioning, Expanding, and Commanding proficiency ELL students provide links and language models for newcomer ELLs, as well as assisting in providing native language supports. ELL student needs, informed by NYSESLAT modality levels (Reading/Writing and Listening/Speaking), determine which ENL homeroom to place specific students on particular grade. This learning takes place in both in person and virtual learning environments. Self-contained ENL Model: Students receive mandated CR Part 154 Instructional Unit Requirements for ELLs: 360 minutes for Entering and Emerging students, and180 minutes for Transitioning, Expanding, and Commanding students by the classroom teacher who is certified or in the process or receiving certification in ENL. Differentiation, scaffolding and thematic planning are always embedded on our school-wide curriculum which are

the key ingredients for a successful ENL classroom. Therefore, students who are learning English are already comfortable and exposed to collaborative group work, thematic instructions through content areas i.e. social studies and science and oral development less ons through songs, partner reading and writing, choral and echo reading and monthly grade assembly performances when they were placed in an ENL self-contained classroom this school year. In a self-contained classroom, all instructions are done in English with scaffold in regards to students' language levels based on their NYSESLAT or NYSITELL. Newcomers in the class are grouped with someone who speak the same language like them for cognitive and social-emotional support in the classroom. This learning takes place in both in person and virtual learning environments (should such need arise).

ENL Stand-alone Model: groups are placed homogeneously where entering and emerging students requiring the same language supports are placed in the same groups. While difficult to accommodate student scheduling and other mandated services, we strive to ensure an appropriate education setting conducive to effectively learning the English language. Groups are formed upon CR Part 154 Instructional Unit Requirements for ELLs: 360 minutes for entering and emerging students, and 180 minutes for Transitioning, Expanding, and
Commanding. In addition to targeted and tailored classroom supports for ELLs, P.S. 48x ensures that all students, including ELLs, have access to all school programs. Some of these programs include: Fall and spring school performances and talent shows, after school programs sponsored by Police Athletic League (PAL), physical education programs, school-based gardening programs in The South Bronx
Schoolyard Garden and Outdoor Classroom, music program where students learn different instruments, songs and participate in school-wide concert performances and the school nurse . ELLs are afforded the opportunity to be included in all activities of the school. There is no differentiation between non-ELL and ELL when determining student participation in school and community programs. This learning takes place in both in person and virtual learning environments(when necessary).

In order to make content learning comprehensible in mathematics, science, and social studies, P.S. 48x teachers make concerted efforts to employ successful research based strategies and methodologies are utilized, alongside technology and Internet resources for developing visual understanding of content concepts and hands on use of manipulatives, realia, and objects pertaining to particular units of study. A science and ENL program has been developed to provide contextual basis for science learning. See the program website at: https://tinyurl.com/PS48el ls. Additional technologies that wi l l assist ELLs in learning English, concurrently with content knowledge and processes, include laptops, Nearpod, iPads, SmartBoards digital storytelling, Raz Kids, Google Classroom, and audio/visuals. These tools will be utilized by the students themselves in the various units of study. We utilize these tools in order to move students from consumers of information to producers of content, steeped in information learned and shared in English. The end goal is to develop our ELLs into confident users of information in English for real world purposes, always aligned to the current standards and expectations on a given grade. This learning takes place in both in person and virtual learning environments (when necessary).

Integrated ENL:

Integrated Model: The ENL certified teachers integrate, or push into, the classroom and co-teach alongside the ENL homeroom classroom teacher. During the integrated push in period (typically 60 minutes a session, up to the total number of minutes required weekly for each individual child based upon CR Part 154 Instructional Unit Requirements for ELLs: 360 minutes for Entering and Emerging students, and 180 minutes for Transitioning, Expanding, and Commanding students, a whole class mini-lesson occurs, after which the students are broken up into small groups for strategy work based on student needs. The whole class mini-lesson on is usually co-taught, sometimes led by the classroom teacher and sometimes led by the ENL push in teacher. This learning takes place in both in person and virtual
learning environments (should the need arise).

In order to make content learning comprehensible in mathematics, science, and social studies, P.S. 48x ENL teachers make concerted efforts to employ successful research based strategies and methodologies are utilized. The school

leverages technology and Internet resources for developing visual understanding of content concepts and hands on use of manipulatives, realia, and objects pertaining to particular units of study. A science and ENL program has been developed to provide contextual basis for science learning. See the program website at: https://tinyurl.com/ps48ellsAS. Additional technologies that will assist ELLs in learning English, concurrently with content knowledge and processes, include Nearpod, iPads, Flip, Scratch, Scratch Jr., Immersive Reader, Google Translate, IXL, iReady, Google Classroom, and audio/visuals. These tools will be utilized by the students themselves in the various units of study. We utilize these tools in order to move students from being passive consumers of information to producers of content, steeped in information learned and shared in English. The end goal is to develop our ELLs into confident users of information in English for real world purposes, always aligned to the current standards and expectations on a given grade. This learning takes place in both in person and virtual learning environments(should the need arise).

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

n/a

Dual Language Bilingual Education (DLBE):

PS 48 opened a two way dual language (DL) Spanish-English program that started in the 2017-2018 school year. This program has expanded through grade 5 in Fall 2022. Since Fall 2022 each grade has a dual language class. However during the 2025-2026, based on parent selection and class roster sizes, 2nd grade currently does not have a dual language class. We continue to monitor parental selections for new admits and transfer ELL students. If a sufficient number of ELLs per CR Part 154 on the grade request a dual language class we will open the class on that grade as well.

We seek professional development, inter-visitations, mentoring, and DOE visits to reflectively build the program. We currently
collaborate with NYCDOE personnel to develop a cohort of schools with successful dual language programs to build on successes and share with others. Integrated ENL supports are provided by the DL certified classroom teacher throughout the school day to meet CR Part 154 mandates for minutes. Standalone ENL supports are provided by the ENL providers throughout the school day to meet CR Part 154 mandates for minutes. Students are strategically grouped based on assessment and progress data monitoring and then grouped heterogeneously, across proficiency levels, to provide language models for accelerating English language development. This learning takes place in both in person and virtual learning environments (if the need should arise), using digital platforms including BrainPOP. Nearpod, Flip, G Suite for Education, IXL, Amplify Desmos, and HMH Into Readying. We are prepared for instruction in both in person, blended, remote and asynchronous means to provide continual, high quality instruction across the content areas. We intend to participate in district wide collaborations with other schools having dual language programs in order to build on the each other's successes and adapt to our particular school settings.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

PS 48 utilizes STARS to program ELLs for mandated number of instructional minutes. STARS, alongside NYCDOE's DMLL EDAT and ELL Data Update Report (EDUR), which is received by the school each month, allows us to track and ensure that the ELLs receive their mandated instructional minutes. We are prepared for instruction in both in person, blended, remote and asynchronous means to provide continual, high quality instruction across the content areas.

Students scoring at the Entering and Emerging English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT score) receive a minimum of 2 units of study (360 minutes) per week. For students scoring at the Entering English proficiency level, this includes a minimum of 1 unit of study (180 minutes) of Stand-alone ENL and 1 unit of study in Integrated ENL/ELA (180 minutes) for a total minimum of 360 minutes per week. For students at the Emerging English proficiency level, this includes at minimum 0.5 units (90 minutes) of Stand-alone ENL, 1 unit (180 minutes) of Integrated ENL in ENL/ELA, and 0.5 units (90 minutes) of Integrated ENL/Content Area, for a total minimum of 360 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Students scoring at the Transitioning English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT) receive a minimum of 0.5 units (90 minutes) of Integrated ENL/ELA and 0.5 units (90 minutes) of Integrated ENL/Content Area, for a total minimum of 180 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Students scoring at the Expanding English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT) receive a minimum of 1 unit (180 minutes) of Integrated ENL/ELA or other Content Area, for a total minimum of 180 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

FELLs continue to receive 0.5 units of study (90 minutes) of Integrated ENL in ELA and/or Content Area (mathematics, science, and social studies) depending on individual student needs, for an additional 2 years. Students are determined to be former ELLs by one of two ways: a) Students scoring at the Commanding level on the prior school year administration of the NYSESLAT; or b) or receive a 3 or 4 on the NYS ELA Assessment and at the Expanding English proficiency level on the NYSESLAT (relevant for students in grades 3-5 in our school). The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Targeted grouping for ENL instruction takes place on no more than 2 contiguous grades, except for ELLs in special education classes, to ensure the academic progress and English language development of the ELLs within our school. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

In the DL program, the mandated number of instructional minutes are provided by the DL certified teacher, who additionally provides
HLA instruction to the ELLs, and the ENL teacher, who provides stand alone ENL instruction for entering and emerging students. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

PS 48 utilizes STARS to program ELLs for mandated number of instructional minutes. STARS, alongside NYCDOE's DMLL EDAT and ELL Data Update Report (EDUR), which is received by the school each month, allows us to track and ensure that the ELLs receive their mandated instructional minutes. We are prepared for instruction in both in person,

blended, remote and asynchronous learning means to provide continual, high quality instruction across the content areas to accelerate English development for all students.

Students scoring at the Entering and Emerging English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT score) receive a minimum of 2 units of study (360 minutes) per week. For students scoring at the Entering English proficiency level, this includes a minimum of 1 unit of study (180 minutes) of Stand-alone ENL and 1 unit of study in Integrated ENL/ELA (180 minutes) for a total minimum of 360 minutes per week.

For students at the Emerging English proficiency level, this includes at minimum 0.5 units (90 minutes) of Stand-alone ENL, 1 unit (180 minutes) of Integrated ENL in ENL/ELA, and 0.5 units (90 minutes) of Integrated ENL/Content Area, for a total minimum of 360 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Students scoring at the Transitioning English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT) receive a minimum of 0.5 units (90 minutes) of Integrated ENL/ELA and 0.5 units (90 minutes) of Integrated ENL/Content Area, fora total minimum of 180 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Students scoring at the Expanding English proficiency level on the NYSESLAT or NYSITELL (if no NYSESLAT) receive a minimum of 1 unit (180 minutes) of Integrated ENL/ELA or other Content Area, fora total minimum of 180 minutes per week. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

FELLs continue to receive 0.5 units of study (90 minutes) of Integrated ENL in ELA and/or Content Area (mathematics, science, and social studies) depending on individual student needs, for an additional 2 years. Students are determined to be former ELLs by one of two ways: a) Students scoring at the Commanding level on the prior school year's administration of the NYSESLAT; or b) or receive a 3 or 4 on the NYS ELA Assessment and at the Expanding English proficiency level on the NYSESLAT (relevant for students in grades 3-5 in our school). The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

Targeted grouping for ENL instruction takes place on no more than 2 contiguous grades, except forELLs in special education classes, to ensure the academic progress and English language development of the ELLs within our school. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level. In the DL program, the mandated number of instructional minutes are provided by the DL certified teacher, who additionally provides HLA instruction to the ELLs, and the ENL teacher. The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports, and internal data tracking at the school level.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

P.S. 48 implemented a Dual Language program in the Kindergarten level in Fall 2017 and monitors the implications it might have on student progress across the content areas. This was the beginning of a roll out over the next 6 years in order to create a DL program on each grade level with one class per grade being dual language. PS 48 plans, reflects, and builds best practices and school personnel capacity for implementing a successful DL program. The school will utilize the DMLLS' "Checklist of Model Dual Language Enrichment Programs" to guide the process. Our school will determine ELL eligibility through the NYSITELL (and thus the Spanish home language students for the program). For English home language students, school staff will be trained to interview proficiency in English. This program is offered in both in person and remote options (should the need arise) to ensure seamless preparation for external events that may alter the educational experience at our school.

The DL program is two way dual language program that is self-contained where half the students have a home language of Spanish who will deepen their Spanish literacy skills (speaking, listening, reading, writing, and visual literacy) while learning English in an academic setting. Concurrently, the other half of the students have an English home language, and will build on their English skills to develop Spanish-English bilteracy. The program is a commitment on the behalf of PS 48 for the school community. Families commit to ensuring that their child maintains participation in the program in subsequent years to build and deepen literacy skills (speaking, listening, reading, writing, and visual literacy) in both languages. One classroom teacher is responsible for instruction in both languages. This program is offered in both in person and remote options (should the need arise).

b. In which language(s) is each core content area taught?

Core content is taught in both Spanish and English, including literacy (HMH), mathematics, social studies, and science curriculum. Curriculum is aligned to CCLS/NGLS and NYCDOE pacing charts, utilizes HMH Into Reading literacy (reading and writing), 10-10-10, Adelante, Math Problem of the Day, and Amplify Math materials, that are augments by supplemental materials, including dual language texts that support phonics, comprehension, vocabulary, and content development in both languages.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

This data analysis is based on the spring 2025 ELL Data Analysis Tool (EDAT). During the 2024-2025 school year (SY), at P.S. 48, 87% (80 students) of ELLs are Newcomers (0-3 years). 13% are developing ELLs (3-6 years of service). There no long term ELLs, partially a function of the definition (6 or more years) since PS 48 only teaches identified ELLs in 6 grades (K-5_ In contrast, during SY 2023-2024, it was 84.47%. This represents an increase of over 2.5% year over year. 41.3% (38 students) of ELLs are in temporary housing status. The prior analysis was 43.69% (45 students), or a drop of 2.3%. A super majority of the ELLs in temporary housing status are newcomer ELLs. Effective instruction for Newcomer ELLs provides wrap around supports for the entire family to build up academic language. This large number of Newcomers reflects the age of the student population and pathways of arrival to New York City. Newcomer ELLs receive 360 minutes of ENL instruction per week which is delivered in stand-alone and integrated form. Regarding newcomers, defined as ELLs who have been receiving English language instruction in the United States for less than 3 years, we begin instructional plans by looking at available data: NYSITELL, NYSESLAT, MAP (math), IXL (math), i-Ready diagnostics, Fundations, Acadience, HMH literacy assessments, DRA, DRP, informal teacher assessment based in a school data tracker, and NYSED testing program assessments.

From this base, alongside parent program selection decisions, students are placed into appropriate classrooms in order to acquire and learn English. These students learn through the classroom curriculum. Through TPR and sheltered instruction model, we develop student-capacity for understanding the language and grade specific content, and, based on Stephen Krashen's research, transition into productive skills utilizing comprehensible input just above where the student is able to function independently. Additionally, we provide additional pullout periods for ENL services for these students utilizing school-based “newcomer” lessons to assist students in adjusting to learning in our school. At the end of each school day, these students receive intensive English language supports in the ENL classroom. The above strategies are utilized to improve the learning outcomes for our newest ELLs. This learning takes place in both in person and virtual learning environment (when necessary). Scaffolds and differentiation are provided in a gentle release model. We continually reference the NYSED NYSESLAT PLDs and TOMs to ensure that ELL instruction is within the zone of proximal development (ZPD) that provides research based progress expectations forELLs, and tools for monitoring that progress.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

3.3% (3 students) are Students with Inconsistent/Interrupted Formal Education (SIFE). This is an decline from the 2023-2024 which was 4.58% (5 students) of ELLs. The SIFE screener and in depth interview provide background knowledge to adjust supports to meet SIFE students where they are at academically, plus align to their SEL needs, using CSRE best practices. PS 48 ensures that the ML/ELL SIFE subgroup has access to and engage with grade level content. PS 48 infrequently receives official SIFE students due to being an elementary school. Students enter either having attended school in the home country, or, in the case of kindergarten and first grade students, have yet to commence the schooling process. We do however have many unofficial SIFE students, or students entering our school with limited formal schooling and unable to engage in written tasks in their native language. We prepare for their arrival in order to provide appropriate instruction immediately upon registration. In order to effectively teach students who are determined to be SIFE, we develop an understanding of their home culture in order to incorporate into units of study. Students begin with intensive receptive language development (listening and reading). We plan for potential ELLs as part of the ENL teachers' continued professional development research, as well as classroom teachers of SIFE students, into the cognitive, academic, and social demands of SIFE students. This learning takes place in both in person and virtual learning environments (when necessary). We utilize native language development supports through technology, including Google Translate, Immersive Reader, Flip, IXL, iReady, I-Ready and Nearpod. This helps accelerate a connection to written language in the native language and connecting it to the English language.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At P.S. 48, 0.0% of ELLs are Long-term ELLs. In preparation for providing effective services for Long-Term ELLs, we focus on developing a deep sense of academic and social use of the English language. Native language supports continue to play a role in developing the target language. Long-Term ELLs benefit from small group instruction across the content areas. A strategic look at school-wide data and formative assessments. We utilize differentiated supports, including audio, visual, and different ways of representing understanding. We focus on attacking individual Long-Term ELLs specific literacy needs, utilizing best practices from balanced literacy. Teachers collect data from small group instruction, particularly in science of reading practices, using data from HMH Into Reading (which includes writing), baseline and endline assessments. Additionally teachers utilize assessments embedded into Readworks.org, and other digital literacy comprehension resources that inform next teaching steps. Additionally, the school will utilize Amplify Math and iReady unit assessments for mathematics, plus MAP. The school utilizes these assessments to pinpoint areas to provide scaffolding and support strategies for ELLs. These assessment tools are monitored and tracked regularly to identify areas of improvement and reteaching to support and guide instructional planning for the Long-Term ELLs. Scaffolds and differentiation are provided in a gentle release model. We continually reference the NYSED NYSESLAT PLDs and TOMs to ensure that ELL instruction is within the zone of proximal development (ZPD) that provides research based progress expectations for ELLs, and tools for monitoring that progress.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

3 students (0.8%) are former ELLs (FELLs) This compares to 2023-2024 where it was 6 students (5.83%) who were former ELLs. Many of the commanding level students have since moved onto middle school as sixth or seventh grade students. PS 48 provides small group, intensive supports to FELLs. This takes place across the content areas. It is evident from research that a structured academic vocabulary approach through a holistic curriculum targeting science and social studies to impact literacy development. Providing the ENL supports within the content areas will afford more authentic access to standard-based curricular learning opportunities. This will ensure that the school's ELLs and former ELLs are making progress in both content, literacy, and English language development. We will use online

digital platforms for teaching and assessment, including Raz Kids, Flocabulary, Nearpod, Google Forms, Mastery Connect, Readworks.org, and others to measure progress for former ELLs. FELLs continue to receive 0.5 units of study (90 minutes) of Integrated ENL in ELA and/or Content Area (mathematics, science, and social studies) depending on individual student needs, for an additional 2 years. Students are determined to be former ELLs by one of two ways: a) Students scoring at the Commanding level on the prior school year administration of the NYSESLAT; or b) or receive a 3 or 4 on the NYS ELA Assessment and at the Expanding English proficiency level on the NYSESLAT (relevant for students in grades 3-5 in or school). The EDAT informs the groupings and instructional minutes served, along with ATS: RFSF reports. We continually reference the NYSED NYSESLAT PLDs and TOMs to ensure that ELL instruction is within the zone of proximal development (ZPD) that provides research based progress expectations for FELLs, and tools for monitoring that progress.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

PS 48 utilizes the ELL Data Analysis Tool (EDAT) to examine at-risk levels. Early warning, at-risk indicators for ELLs are unique to the EDAT. These help PS 48 prioritize support for specific student subgroups according to best practices and research-based at-risk indicators for ML/ELL success. 87% (80 students) of ELLs are Newcomers. This is a large at-risk level. It reflects the increasing need to support our newest members of the community through access to social, academic, cultural, housing, and financial supports in New York City. 23.9% of ELLs (22 students) are ELLs Who Scored Level 1 or 2 Last School Year on the ELA. This indicates that additional support should be provided to students after their 1st year exemption from the ELA in order to understand the framework for the NYS ELA. 42.4% (39 students) are ELLs Who Did Not Demonstrate Sufficient ELP Progress (Spring 2024 NYSESLAT). We are considering how to utilize such a trend, considering the interrelated nature of other risk factors, including that 41.3% (38 students) of the ELLs are in Temporary Housing. The unsettled nature often provides students and their families with additional hurdles and lengthens the time for achieving the academic success they inevitably reach with our school system. 25.0% (23 students) are ELLs Who Scored Level 1 or 2 Last School Year on the Math. While a significant portion of the ELLs, 75% of ELLs are not scoring at Level 1 or 2. Additional home language connections around mathematical vocabulary should be explored, along with professional development about the cultural underpinnings of mathematics. Furthermore, word problems, inherently a literacy-mathematics nexus, will need to take on increased focus during professional development. 36 students (39.1%) of ELLs have 2 risk factors. 19 students (20.7%) have 3 rich factors, and most telling, 9 students have either 6 or 7 risk factors. Attendance is essential to academic achievement of our ELLs. PS 48 has multiple strategies in place to support the attendance of ELLs to support academic achievement. The more time that our ELLs are in school, the more effective their acquisition of English. We utilized the DOE Messenger app for continual communication with families on events, assignments, and progress. We utilize the PS 48 website (www.ps48x.org), Twitter, and Instagram to connect with families across languages, and boost attendance. We utilize PBIS to foster the T.I.G.E.R. traits of the school (teamwork, integrity, gratitude, empathy, and respect). Through the promotion and advocacy of positive school culture that embraces the cultures of our students and their families we are positively influencing academic achievement. We are a United Community School (UCS) and attendance is a priority at monthly meetings. The attendance team utilizes New Visions data to inform decision making and enhance asset based approaches to ensuring attendance. In the cases where necessary, we conduct home visits to support families where they are at. These are the trends within the at-risk levels that adversely affect ELLs at your school. That said, it is essential to maintain an asset based approach to discussing the language, academic, social, and emotional growth of ELLs. Only 8.7% (8 students) of ELLs scored at level 1 or 2 in the prior two school years. 100% of ELLs are served in STARS, fully programmed for ENL with an appropriately New York State Certified Teacher.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

2 former ELLs (66.7% of former ELLs) are in temporary housing. We are providing wrap around supports in order to facilitate language development. Attendance is essential to academic achievement of our former ELLs. PS 48 has multiple strategies in place to support the attendance of ELLs to support academic achievement. The more time that ourELLs are in school, the more effective their acquisition of English. We utilized the DOE Messenger app for continual communication with families on events, assignments, and progress. We utilize the PS 48 website (www.ps48x.org), Twitter, and Instagram to connect with families across languages, and boost attendance. We utilize PBIS to foster the T.I.G.E.R. traits of the school (teamwork, integrity, gratitude, empathy, and respect). Through the promotion and advocacy of positive school culture that embraces the cultures of our students and their families we are positively influencing academic achievement. We are a United Community School (UCS) and attendance is a priority at monthly meetings. The attendance team utilizes New Visions data to inform decision making and enhance asset based approaches to ensuring attendance. In the cases where necessary, we conduct home visits to support families where they are at. 33.3% (1 student) is a Former ELL Who Scored Level 1 or 2 Last School Year in Math. Additional home language connections around mathematical vocabulary should be explored, along with professional development about the cultural underpinnings of mathematics. Furthermore, word problems, inherently a literacy-mathematics nexus, will need to take on increased focus during professional development. 1 FELL had 0 risk factors, 1 FELL had 1 risk factors, and 1 FELL had 2 risk factors.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the home language other than English with the largest representation in PS 48, not just for ELLs. 41.97% of the school's students (kindergarten through 5th grade) have a home language of Spanish. This is a 0.01% decrease from a year ago. Of the ELL population, 96.7% (89 of 92 students) of the students' have a home language of Spanish. This is a decrease of 0.39% from the prior school year. We have multiple staff positions (admin, teachers, para, school aides, and parent coordinator roles) with Spanish speakers. Each fall we disseminate a "PS 48 Staff Language Inventory" form to leverage the language knowledge of the school's staff to support the families within the school community. We continually seek to ensure that the languages of PS 48 are embraced and able to be utilized by school staff. As such, we have staff who speak other languages, such as French as well. We maintain on file a list of the languages used by staff members to support families when needed. We send home written communication in the official language of NYC. DOE Messenger app is used to send home communication in the preferred languages of our school community's families. During school events we have strategically placed staff members to represent the languages utilized by the families of PS 48. During town hall meetings we make sure that we have interpretation available. We post signage in multiple languages. The goal is to embrace language learning, diversity, cultural awareness, and make everyone welcome in the school community regardless of the language(s) used by those who represent the community of PS 48. These wrap around supports take place across settings: in person, blended, remote, and asynchronous.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

PS 48 operates under an integrated programmatic student schedule. This entails all students across all grades and in all classroom settings and restrictions participating completely in the full school schedule and programming. ELLs participate alongside monolingual English speakers in the Arts, Physical Education and Health, Music, Drama, Science, Social Studies, Dance, Technology, Library, after school programming, field trips, goest programs, and Rising NYRR. Linguistic use and diversity is viewed as an asset to be celebrated and utilized to support academic and social growth, in language and content. Additionally all ELLs are afforded an opportunity to participate in field trip experiences, school performances, gardening and outdoor learning (https://sites.google.com/view/sci-wiki-tific/gardening), the Hunts Point Slave Burial Ground Project, service learning opportunities such as The Daffodil Project, and after school

sports and academic programs sponsored by the Police Athletic League (PAL), HPAC, and UCS sponsored programming. There is no differentiation between ELL and non-ELL when it comes to programming and/or selecting students to participate in activities. This inclusive practice ensures that every student develops cultural understanding through our culturally relevant pedagogy. When the programs are developed, English language learning does not play a prohibitive role in the decision process. In essence, each student and each class is viewed as requiring these essential components of a well-rounded education. To that end, we carefully address the social, emotional, and academic needs of ELLs as they participate in the program offerings of the school. After School and Supplemental Services for ELLs: Title III funding affords P.S. 48x with the ability to specifically target ELLs for supplemental services. This occurs through small group instruction and after school programming. The goal of these programs is to accelerate English language learning through a hands on, thoroughly engaging learning experience. By connecting environmental literacy with English language learning, ELLs develop an end product in the target language of English. Each school year, the project changes, based on student age, grade, language needs, and teacher participation. Speaking, Listening, Reading, and Writing activities are incorporated around a central theme in life sciences. The program embeds language learning in the context of content development. Additionally ELLs participate in the Police Athletic League (PAL) after school program and The Point's diverse after school activities. We host an annual South Bronx Intensive English Sessions for ELLs each Winter and Spring. Information on the program can be viewed at: https://tinyurl.com/ps48ellsAS. The program saw a 23% increase in English usage by ELLs over the course of the program, as measured from the baseline to endline assessment. The program meets twice a week for two hour intensive sessions each week. 100% of students demonstrate progress in Listening, Reading, and Writing in English, as assessed through a baseline and endline assessment that measures progress. The average growth from baseline to endline is a 28% growth in listening, reading, and writing combined. 3 ELLs (3.26%) are non-Hispanic ELLs. 96.74% of ELLs (89) are Hispanic ELLs (EDAT Spring 2025).

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In reviewing ELP growth, it is essential to develop context in order to discuss growth and progress. PS 48 has an ELL population that consists of 25.8% of the school population, a 1.4% drop from the 2023-2024 school year. This 25.8% is 7% above the school district average (18.8%), per the EDAT spring 2025 data analysis. At P.S. 48, 87 % of ELLs are Newcomers (0-3 years), a 2.53% increase from last school year. Given that a super majority of PS 48 ELLs are Newcomers, ELP growth may not be taking into account best practices and research into language acquisition. 48 ELL students are Progress Eligible Students. 39 (81.3%) did not make progress. PS 48 will focus on develop modality specific, NYSESLAT TOMs aligned strategies for promoting a higher percentage of progress in ELP growth. Though students have been here less than 3 years, 18.7% are making progress per federal and state accountability metrics for ELLs. PS 48 will explore best practices for developing HLA in grades 3-5 to accelerate ELP growth.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

1 ELL (1.4%) scored at the Commanding level on the spring 2024 NYSESLAT. 14 ELLs (19.7%) scored at the Expanding level on the spring 2024 NYSESLAT. 21 ELLs (29.6%) scored at the Transitioning level on the spring 2024 NYSESLAT. 28 ELLs (39.4%) scored at the Emerging level on the spring 2024 NYSESLAT. 7 16 ELLs (9.9%) (21.9%) scored at the Entering level on the spring 2024 NYSESLAT. Most critically, the Entering level dropped 12.0% from the spring 2023 NYSESLAT (21.9%).

9 modalities across grades K-5 were modalities of strength (Grade 1: Reading, Listening, and Speaking; Grade 2: Speaking; Grade 3: Listening and Speaking; Grade 4: Speaking; Grade 5: Listening and Speaking). This is in contrast to the 2023 NYSESLAT when there were only 7 areas of strength. This is a 22% increase in modalities of strength

across the school year over year. Speaking modality is an area of strength across the grades, particularly after 2 years of service. All grades with comparable data showed growth (Kindergarten students cannot show growth since they only has been administered the NYSESLAT one time). In comparing the spring 2024 NYSESLAT to the 2023 NYSESLAT, modalities of strength are analyzed across grade bands. Grade one (NYSESLAT 2024) saw Reading, Writing and Listening as strengths, whereas they were not strengths in spring 2023. Grades 3-5 all saw Speaking as modalities of strength. Writing is a modality that should receive additional instructional focus in future years. No grade saw this modality as a modality of strength. Explicit instruction in the writing rubric, writing demands, and content academic vocabulary instruction will be needed. This is particularly important based on the Writing modality data in grades 2-5. The same goes for the Reading modality, which is only a modality of strength for 1 grade band (grade 1).

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

1 NYSESLAT Commanding student scored at a level 3 on the 2024 NYS ELA exam. 1 NYSESLAT Commanding student scored at a level 3 on the 2024 NYS Mathematics exam. All 7 emerging students scored as a 1 on the NYS ELA, reflecting the Newcomer status of all students at the Emerging level in a testing grade. All transitioning students (7) scored at the level 1. This should see progress towards a 2, and perhaps with a more sophisticated and granular data analysis than the EDAT can provide, we may see an actual rise with the band range for score point 1. All 7 Expanding students scored a level 2 on the ELA exam. 20 of 31 (64.51%) of ELLs scored at level 2 or 3 on the NYS Mathematics exam. This is nearly a 20% increase in scores for the PS 48 ELLs from the prior 2022-2023 school year's NYS Mathematics exam (44.82% or 13 of 29 ELLs). It appears that while ELP growth may demonstrate proficiency level growth, mathematics development is different than language development. It also allows for home language support, which continues to reinforce the essential need for embracing home language development for content and academic purposes.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

3 SIFE students took the spring 2024 NYSESLAT. This is 1 more SIFE student than for the 2023 NYSESLAT. All 3 students scored at the Entering level, reflecting that they are recently arrived to an English school system. Writing and reading development requires a more rigorous approach to ensure that SIFE students develop growth. Differentiated supports target these needs during the WIN period. 17 of 71 (23.94%) of PS 48 ELLs also have an IEP. This is an 4.76% increase from the 2023 NYSESLAT administration (14 of 73 (19.18%). 0 ELLs with IEPs scored the Entering proficiency level. 9 ELLs with IEPs scored the Emerging proficiency level. 6 ELLs with IEPs scored the Transitioning proficiency level. 2 ELLs with IEPs scored the Expanding proficiency level.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We use various methods and strategies to provide students with high quality instruction at the Tier I instruction level, such as:

Language Support: Provide bilingual or English as a Second Language (ESL) teachers to support ELLs in their language development. This can include language instruction, translation, and interpretation services.

Modified Instruction: Adapt instructional materials and teaching strategies to meet the needs of ELLs. This may involve using visual aids, simplified language, and hands-on activities.

Cultural Sensitivity: Foster a culturally responsive environment that values diversity and promotes inclusivity. This can be achieved by incorporating ELLs' cultural backgrounds into lesson plans and using diverse teaching materials.

Assessment Accommodations: Offer accommodations on assessments, such as bilingual dictionaries, dictionaries, or extended time to ensure that ELLs are not disadvantaged by language barriers.

Content-Based Instruction: Teach content areas (e.g., math, science, social studies) in English, while providing scaffolding and support to help ELLs access the content.

Differentiated Instruction: Use various teaching strategies and instructional methods to cater to different learning styles, abilities, and needs of ELLs.

Technology Integration: Leverage technology to support language development, such as online language learning platforms, language translation software, and multimedia resources.

Family Engagement: Encourage family involvement in students' education by providing opportunities for parent-teacher conferences, offer Adult ENL and GED classes for parents, and opportunities to participate in parent-teacher associations.

Professional Development: Offer ongoing professional development opportunities for teachers to enhance their knowledge of ELLs' language acquisition processes, cultural sensitivity, and instructional strategies.

Co-Teaching Models: Implement co-teaching models that involve both general education and ENL teachers working together to support ELLs' language development and academic achievement.

Data-Driven Instruction: Use data to inform instruction and identify areas where ELLs may need additional support or scaffolding.
By implementing these strategies, schools can create a supportive and inclusive learning environment that fosters academic success and deeper learning for ELLs.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team Meets on a weekly basis to engage in the understanding all learners. During our weekly meeting we will focus on each stakeholder to align priorities to drive instruction for all learners, including ML/ELLs. The ILT consists of teachers and staff, including members that work with ML/ELL learners. On the team are one ENL teacher who helps ensure that our ML/ELL learners needs are being met. All Staff members have been trained in supporting ML/ELL through professional development and trained in strategies to support all learners.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

PS 48 ensures that ELLs learn appropriate grade level material in preparation for NYS tests in ELA and Mathematics. Specific grade level and developmentally appropriate research-based strategies are used, alongside technology and Internet resources for developing visual understanding of content concepts and hands on use of manipulatives, realia, and objects pertaining to particular units of study. We utilize Into Reading, Fundations, and Heggerty . Assessments used for literacy and Mathematics are Acadience, Fundations, as well as I- Ready and Performance Mastery assessments . A science and ENL program has been developed to provide contextual basis for science learning. The program model can be viewed at https://tinyurl.com/ps48ellsas. Additional technologies that will assist ELLs in learning English, concurrently with content knowledge and processes, include laptops, iPads, SmartBoards digital storytelling, Google Classroom, Nearpod, Readworks.org and audio/visuals. These tools will be utilized by the students themselves in the various units of study. This learning takes place in both in person and virtual learning environments(when necessary). All programs are available for students in English and Spanish. In the school's dual language program, strategic development of English and Spanish fosters language development in both languages across the modalities.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

Immersive Reader: afford audio supports plus translation and interpretation of written texts into the native language, provide visual dictionary support for vocabulary words, and the ability to analyze across two languages, building students' skills for independent learning in the L1 and L2, as well as to engage in classroom lessons across the curriculum, especially when utilized within Nearpod.
Google Translate: a Tool for translation, conducted orally or in written format. Helps students confirm understanding

of classroom tasks, practical pronunciation independently and connect oral language to written characters.
Discussion protocols: Structured discussion and conversation protocols in partner, triad, small group and whole group formats provide a variety of settings for utilizing oral language and listening comprehension to deepen and accelerate English language development to connect to grade level academic content areas.
Hands on exploration: Tactile learning through the use of manipulatives affords students with a multisensory connection to learning English.
Nearpod: provides all learners, including ELLs, visual, audio, translation, and multimedia wraparound to learn, manipulate, use, and produce content and language in both written, graphic, and oral formats.
I-Ready: provides engaging activities and opportunities to practice different skills.

b. SIFE

PS 48 ensures that the ML/ELL SIFE subgroup has access to and engage with grade level content. PS 48 infrequently receives official SIFE students due to being an elementary school. Students enter either having attended school in the home country, or, in the case of kindergarten and first grade students, have yet to commence the schooling process. We do however have many unofficial SIFE students, or students entering our school with limited formal schooling and unable to engage in written tasks in their native language. We prepare for their arrival in order to provide appropriate instruction immediately upon registration. In order to effectively teach students who are determined to be SIFE, we develop an understanding of their home culture in order to incorporate into units of study. Students begin with intensive receptive language development (listening and reading). We plan for potential ELLs as part of the ENL teachers' continued professional development research, as well as classroom teachers of SIFE students, into the cognitive, academic, and social demands of SIFE students. This learning takes place in both in person and virtual learning environments (when necessary). We utilize native language development supports through technology, including Google Translate, Immersive Reader, I-Ready and Nearpod. This helps accelerate a connection to written language in the native language and connecting it to the English language.

c. Newcomers

PS 48 ensures that the ML/ELL newcomer subgroup has access to and engage with grade level content. Regarding newcomers, defined as ELLs who have been receiving English language instruction in the United States for less than 3 years, we begin instructional plans by looking at available data: NYSITELL, NYSESLAT, , Acadience, Periodic Assessments, informal teacher assessment, and the NYSED testing program assessments. From this base, students are placed into appropriate classrooms and flexible groupings in order to acquire English, learn in English, and use English. These students learn through the classroom curriculum. Through TPR and sheltered-instruction model, we develop student-capacity for understanding the language and grade specific content,
and, based on Stephen Krashen’s research, transition into productive skills utilizing comprehensible input just above where the student is able to function independently. Additionally we provide additional pull out periods for ENL services for these students utilizing school-based “newcomer” lessons to assist students in adjusting to learning in our school. The above strategies are utilized to improve the learning outcomes for our newest ELLs. This learning takes place in both in person and virtual learning environments(when necessary).

d. Long Term ELLs

PS 48 ensures that the ML/ELL long term subgroup has access to and engage with grade level content. Available assessments, such as NYSITELL, NYSESLAT, Acadience, Periodic Assessment, informal teacher assessment, NYS ELA, NYS Mathematics,
performance tasks for each unit of study, and (if available) NYS Science, provide the foundation for developing targeted instruction of long-terms ELLs. Based on the data, we develop plans for these long term ELLs. Particularly, if these ELLs are not demonstrating progress on the NYSESLAT or if we have concerns about their language needs, we

utilize RtI supports. Many of these long-term ELLs are also ELL-SWD. We employ and utilize IEP-based instructional goals for these students with IEPs. We collaborate with classroom teachers to identify student needs and formulate units of study connected to the classroom that addresses these English language learning needs. This learning takes place in both in person and virtual learning environments(when necessary).

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

In order to meet the needs of ELL-SWDs within the least restrictive environment, in consultation with the school-based support team, these students participate in the full school program, from the arts and music, physical education, social studies, science, mathematics
and literacy. Modifications based on the IEP and classroom settings are provided where needed. The goal is to remain inclusive of all students within the school community. Our school is prepared so that scheduling of students services affords flexibility (in case we have to suddenly shift to remote learning). Class and individual student programs are also based student schedules for lunch and related services. Additionally, we utilize the SESIS online system. This report enables us to know if a child coming into the school needs language services and we can seamlessly provide the services from the beginning of the student's entry into the school. We look at individual student IEPs to make sure that they receive the appropriate IEP-mandated instruction necessary for the success of the student.
PS 48 assigns alternate bilingual placement para professionals for children with IEPs mandating bilingual instruction. This way the individual student receives the bilingual services needed in order to fully participate in the school experience, develop academic language, and strengthen the use of the native language. In addition, students receiving an alternate bilingual placement paraprofessional receive ENL services by a NYS certified ENL teacher. PS 48, in this manner, ensures that ELL-SWDs accelerate in English language development. This learning takes place in both in person and virtual learning environments(when necessary).

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Development of one's first language (L1) is essential to second language (L2) acquisition and development. Beverly A. Clark's paper
(http://ceep.crc.uiuc.edu/pubs/katzsym/clark-b.pdf), "First- and Second-Language Acquisition in Early Childhood" details this essential necessity by stating, "...continued first-language development is related to superior scholastic achievement. When children do not have many opportunities to use language and have not been provided with rich experiential base, they may not learn to function well in their
second language, and at the same time, they may not continue to develop their first language" (184). She cites the research by the
following individuals: Collier, 1995a; Grosjean, 1982; Krashen, 1996; McLaughlin, 1984. To that end, P.S. 48 ensures first and foremost that the home school connection continues through validating the home language. During parent orientations, parents are encouraged to foster, develop, and connect the home language to the content and language learned at P.S. 48 and within the community. 25.8 % (92 ELLs)
of the school population is ELLs, with many more whose home language is not English. We view this as an asset. In the classroom setting, students are encouraged to communicate in the first language when needed, and when relevant, provided glossaries and classroom texts in the native language. Key concepts are provided in the native language in order to front-load the content material being examined. We ensure that the native language is valuable to the school and provide digital and hard copy resources in Spanish. Within the DL program, we will be exploring materials and assessments to deliver research based best practices to support the home language and English acquisition concurrently. Futhermore we utilize Immersive Reader and Google Translate to promote student agency and independence in their journey towards learning English. We assess home language growth through classroom rubric based assessments in the language domains.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Our school offers a range of English Language Learner (ELL) program models to support students who are learning English. To ensure effective co-teaching and collaboration among teachers, we have established the following systems and structures for each program model:
Integrated Co-Teaching (ICT) Model:
Teachers from general education and ELL departments communicate regularly to plan and discuss curriculum, instructional strategies, and assessment methods.
ICT teams are responsible for developing and implementing unit plans, lesson plans, and differentiated instruction.
Regular communication and feedback are encouraged through email, phone calls, and in-person meetings.Dual Language Bilingual Education (DLBE) Teacher Partnerships:
DLBE teachers from each language (e.g., English and Spanish) work together to develop and implement curriculum, lesson plans, and assessments.
Partnerships are established through regular meetings, joint planning, and shared responsibility for student instruction and progress.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's professional development plan ensures that our ELL students receive effective instruction. We provide teachers with research based language acquisition and content development professional development that is tailored specifically to the needs of our school's ELLs, including co- teaching strategies, and integrating language and content instruction. This includes a targeted 15% of school's total hours of professional development in ELL-specific areas of focus for all teachers within the school. Additionally, teachers of ENL receive 50% of their professional development in ELL-specific areas of focus. The professional development plan includes sessions developed collaboratively by school staff, outside organizations and institutions, including, but not limited to the New York City Department of Education's Office of Multilingual Learners (NYCDOE DML), Fordham University, OTIS Teq, and the United Federation of Teachers (UFT). Teachers maintain their own records of their 175 hours of professional development. PD topics include language proficiency levels and the specific learning needs of students at this level; identification process, co teaching strategies, integrating content, vocabulary development, content area supports, and cross cultural understanding. Professional development is conducted on a continual basis every Monday that school is in session. This long term plan builds on previous weeks to deepen the understanding of the academic learning and second language acquisition needs of ELLs. The overarching themes for the yearlong professional development align to CCLS/NGLS Mathematics and English Language Arts expectations, with investment in deeply looking at scaffolds and differentiations for ELLs across all language proficiency levels. PS 48 understands that the more informed the entire school staff is regarding the instructional need of ELLs, the more successful our ELL population will be.
To that end, all staff receives professional development in both formal and informal ways on a continued basis throughout each school year. Professional development for instruction of ELLs includes the following personnel: principal, assistant principals, ENL coordinator and ENL teachers, common branch, special education, and content coverage (prep) teachers, paraprofessionals, counselors, secretaries, SETTS teachers, and the parent coordinator. It is

essential that all staff understand the unique learning needs of ELLs, along with the attached social-emotional supports required to nurture their social and academic development. On any given day each week of school PS 48 holds grade level meetings. In these collaborative meetings, teachers, staff developers, and administrators work together to deepen pedagogical practices. During these meetings, the unique needs of the ELL population are discussed, in relationship to the expectations of all students derived from the Common Core Learning Standards. Additionally, on Mondays vertically integrated teams of teachers provide professional development to their colleagues. The overarching themes for the yearlong professional development align to CCLS Mathematics and English Language Arts expectations, with investment in deeply looking at scaffolds and differentiations for ELLs across all language proficiency levels.

Professional development during these meetings consists of exploring the stages of language acquisition, the various language based tasks relevant to students at any particular stage, understanding the social and emotional context for learning a new language, communicating with parents, state and city regulations regarding services to ELLs, how to assess ELL student work and academic growth.
Both pedagogical and non-pedagogical staff will receive information about our school's program offerings, the basic concept and theory behind best practices in ELL instruction and the Common Core Learning Standards/NGLS. Additionally the school-based staff receives professional development in the New York State Education Department LEP identification process. School staff becomes familiar with the identification and the NYS testing program as it pertains to ELLs. The pupil secretary, in particular, receives ongoing professional development in ATS screens pertinent for the proper placement of new admit and transfer ELLs. Classroom teachers with ELLs receive online articles and lessons pertinent to meeting the literacy development needs of the ELLs.
In particular, we are focusing on developing our curriculum as we adapt to implementation of Into Reading and Envision 2.0 math curriculum both in- person and virtually (if necessary).

An integral component of the professional development program hinges on the collaboration of classroom teachers and the ENL teachers. The professional development that occurs in these meetings is then turn-keyed to the rest of the school staff (assistant principals, classroom and content teachers, and paraprofessionals) during collaborative common planning meetings that take place every week. During these meetings ENL professional development information is discussed to coordinate our instructional programs and share information on such issues as best practices in second language acquisition, ENL instruction, and testing accommodations for ELLs. Best research based strategies for ENL, ELA, Mathematics, Science, Social Studies, and the Arts. Professional development involves vocabulary development, grammar development, oral language development, test preparation, interacting with parents of ELLs, and using realia. Administration will also ensure that each staff member is aware of the materials and information available regarding ELL instruction in our school.

Planning sessions incorporate the use of ELL Assessments to determine literacy goals and to drive instruction and provide a solid literacy foundation for ELLs across the curriculum. Each session provides direct professional development and support through "ENL strategy snapshots," which provide classroom teachers with a strong background in ENL teaching best practices. Additionally, ENL teachers and ENL homeroom teachers will attend professional development offerings provided by local colleges and universities online , as well as the NYCDOE DML trainings, to build school capacity in meeting the needs of ELL students. In this manner, classroom teachers develop a repertoire of skills for teaching ELLs that they can utilize throughout the school year.
This targeted capacity building additionally ensures that all school staff understands the unique learning challenges facing ELLs and all staff becomes equipped to providing a productive learning environment for all students developing listening, speaking, reading, and writing skills in English.
*PD agendas and sign in sheets will be maintained by the school administration. The planned topics include ELL supports and differentiation in the following areas (through November, along with a proposal for a study group for teachers of ELLs):
*5 Practices of Orchestrating Mathematical Discussions
*Digital Tools for Learning, Assessment, and Teaching: Google Classroom, i-Ready, Readworks, Readworks,org, Ed Puzzle, etc.
*iReady Training
*Fundations (K-2) and Heggerty

*Into Reading literacy

Additional professional development will occur around advanced literacies and the implication for student learning.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development plan ensures that our ELL students receive effective instruction. We provide teachers with research based language acquisition and content development professional development that is tailored specifically to the needs of our school's ELLs, including co- teaching strategies, and integrating language and content instruction. This includes a targeted 15% of school's total hours of professional development in ELL-specific areas of focus for all teachers within the school. Additionally, teachers of ENL receive 50% of their professional development in ELL-specific areas of focus. The professional development plan includes sessions developed collaboratively by school staff, outside organizations and institutions, including, but not limited to the New York City Department of Education's Office of Multilingual Learners (NYCDOE DML), Fordham University, OTIS Teq, and the United Federation of Teachers (UFT). Teachers maintain their own records of their 175 hours of professional development. PD topics include language proficiency levels and the specific learning needs of students at this level; identification process, co teaching strategies, integrating content, vocabulary development, content area supports, and cross cultural understanding. Professional development is conducted on a continual basis every Monday that school is in session. This long term plan builds on previous weeks to deepen the understanding of the academic learning and second language acquisition needs of ELLs. The overarching themes for the yearlong professional development align to CCLS/NGLS Mathematics and English Language Arts expectations, with investment in deeply looking at scaffolds and differentiations for ELLs across all language proficiency levels. PS 48 understands that the more informed the entire school staff is regarding the instructional need of ELLs, the more successful our ELL population will be.
To that end, all staff receives professional development in both formal and informal ways on a continued basis throughout each school year. Professional development for instruction of ELLs includes the following personnel: principal, assistant principals, ENL coordinator and ENL teachers, common branch, special education, and content coverage (prep) teachers, paraprofessionals, counselors, secretaries, SETTS teachers, and the parent coordinator. It is essential that all staff understand the unique learning needs of ELLs, along with the attached social-emotional supports required to nurture their social and academic development. On any given day each week of school PS 48 holds grade level meetings. In these collaborative meetings, teachers, staff developers, and administrators work together to deepen pedagogical practices. During these meetings, the unique needs of the ELL population are discussed, in relationship to the expectations of all students derived from the Common Core Learning Standards. Additionally, on Mondays vertically integrated teams of teachers provide professional development to their colleagues. The overarching themes for the yearlong professional development align to CCLS Mathematics and English Language Arts expectations, with investment in deeply looking at scaffolds and differentiations for ELLs across all language proficiency levels.

Professional development during these meetings consists of exploring the stages of language acquisition, the various language based tasks relevant to students at any particular stage, understanding the social and emotional context for learning a new language, communicating with parents, state and city regulations regarding services to ELLs, how to assess ELL student work and academic growth.
Both pedagogical and non-pedagogical staff will receive information about our school's program offerings, the basic concept and theory behind best practices in ELL instruction and the Common Core Learning Standards/NGLS. Additionally the school-based staff receives professional development in the New York State Education Department LEP identification process. School staff becomes familiar with the identification and the NYS testing program as it pertains to ELLs. The pupil secretary, in particular, receives ongoing professional development in ATS screens

pertinent for the proper placement of new admit and transfer ELLs. Classroom teachers with ELLs receive online articles and lessons pertinent to meeting the literacy development needs of the ELLs.
In particular, we are focusing on developing our curriculum as we adapt to implementation of Into Reading and Envision 2.0 math curriculum both in- person and virtually(if necessary).

An integral component of the professional development program hinges on the collaboration of classroom teachers and the ENL teachers. The professional development that occurs in these meetings is then turn-keyed to the rest of the school staff (assistant principals, classroom and content teachers, and paraprofessionals) during collaborative common planning meetings that take place every week. During these meetings ENL professional development information is discussed to coordinate our instructional programs and share information on such issues as best practices in second language acquisition, ENL instruction, and testing accommodations for ELLs. Best research based strategies for ENL, ELA, Mathematics, Science, Social Studies, and the Arts. Professional development involves vocabulary development, grammar development, oral language development, test preparation, interacting with parents of ELLs, and using realia. Administration will also ensure that each staff member is aware of the materials and information available regarding ELL instruction in our school.

Planning sessions incorporate the use of ELL Assessments to determine literacy goals and to drive instruction and provide a solid literacy foundation for ELLs across the curriculum. Each session provides direct professional development and support through “ENL strategy snapshots,” which provide classroom teachers with a strong background in ENL teaching best practices. Additionally, ENL teachers and ENL homeroom teachers will attend professional development offerings provided by local colleges and universities online , as well as the NYCDOE DML trainings, to build school capacity in meeting the needs of ELL students. In this manner, classroom teachers develop a repertoire of skills for teaching ELLs that they can utilize throughout the school year.
This targeted capacity building additionally ensures that all school staff understands the unique learning challenges facing ELLs and all staff becomes equipped to providing a productive learning environment for all students developing listening, speaking, reading, and writing skills in English.
*PD agendas and sign in sheets will be maintained by the school administration. The planned topics include ELL supports and differentiation in the following areas (through November, along with a proposal for a study group for teachers of ELLs):
*5 Practices of Orchestrating Mathematical Discussions
*Digital Tools for Learning, Assessment, and Teaching: Google Classroom, i-Ready, Readworks, Readworks,org, Ed Puzzle, etc.
*iReady Training
*Fundations (K-2) and Heggerty
*Components of Balanced Literacy
*Envision Math 2.0
*HMH Into Reading literacy

Additional professional development will occur around advanced literacies and the implication for student learning

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

I-Ready ELA and Acadience are being used to assess students progress through out the school year for Both ELL and General education students. Then the ENL coordinators with the ILT look at the data and analyze it to determine if they are in need of AIS services. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in English Language Arts. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI,
and peer-to-peer assistance in Mathematics. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in Social Studies. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in Science. Students are provided, as needed, with bilingual dictionaries and access to translation programs. These interventions are in English, with native language supports. Students with native language supports also utilize native speakers of their language for peer-to-peer assistance. Multiple instructional strategies are utilized to facilitate appropriate curriculum and language development. The Next Generation Learning Standards form the basis for instructional plans for all ELLs. Using Common Core grade benchmarks, assessment results on the NYSESLAT and ELL Periodic Assessments, we connect to academic content required in grades K-5 in ELA, Mathematics, Social Studies, and Science. PS 48 analyzes student data on available exams in ELA, Mathematics, Social Studies, and Science to better inform the academic language development needs of ELLs. PS 48 curriculum maps, aligned to the Next Generation Learning Standards, help guide instruction. PS 48 attempts to make students accountable for their own learning. To that end, the school ensures that students understand what language needs they have and consult with students regarding what they believe need additional assistance in learning. Supports are in the native language, if possible, as well as English.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in English Language Arts. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI,
and peer-to-peer assistance in Mathematics. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in Social Studies. ELLs receive targeted intervention through Academic Intervention Services (AIS), small group instruction, RtI, and peer-to-peer assistance in Science. Students are provided, as needed, with bilingual dictionaries and access to translation programs. These interventions are in English, with native language supports. Students with native language supports also utilize native speakers of their language for peer-to-peer assistance. Multiple instructional strategies are utilized to facilitate appropriate curriculum and language development. The Next Generation Learning Standards form the basis for instructional plans for all ELLs. Using Common Core grade benchmarks, assessment results on the NYSESLAT and ELL

Periodic Assessments, we connect to academic content required in grades K-5 in ELA, Mathematics, Social Studies, and Science. PS 48 analyzes student data on available exams in ELA, Mathematics, Social Studies, and Science to better inform the academic language development needs of ELLs. PS 48 curriculum maps, aligned to the Next Generation Learning Standards, help guide instruction. PS 48 attempts to make students accountable for their own learning. To that end, the school ensures that students understand what language needs they have and consult with students regarding what they believe need additional assistance in learning. Supports are in the native language, if possible, as well as English.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

For our ENL/ELL learners who scors below specified levels on assessments within the school's data tracker, plus the performance on the annual English language proficiency assessment, we consider culturally relevant additional support services to provide the student within the RtI framework. We look at different pieces of information, including (from PRGML/ELL):
• Number of years of instruction in bilingual education orEnglish as a new language program
• English and home language literacy
• Content area and socio-emotional support needs of students with inconsistent/interrupted formal education (SIFE)
• English and home language literacy needs of long-term ELLs Policy & Reference Guide
• Results on the annual English language proficiency assessment exam (for example NYSESLAT)
• Bilingual education or English as a second language teacher recommendation
• Content area teacher recommendation
• Parent or guardian request
• Samples of student work in English and, if possible, in the home language
• Bilingual educational evaluation, if the student has or is suspected of having a disability

We provide RtI before referral when a learning disability might be considered in order to analyze the as opposed to a language acquisition need. We consult with the NYSED's webpage (https://www.p12.nysed.gov/docs/ais-rti.html) as a continual guidance on RtI best practices across the tiers, alongside referencing the "Similarities Between Learning Disabilities and Language Acquisition" the most updated PRG/MLL housed on the NYCDOE's Infohub.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Acadience is used to inform and drive ELA instruction in grades K-2. Performance Mastery assessments are used to drive ELA instruction in grades 3-5.
I-Ready Math assessments are used to drive the instruction through all grades K-5.

ELL/MLL Academic Language Assessment (Fall Baseline) (only grades 3-5)
ELL/MLL Academic Language Assessment (Spring Baseline)
ELL/MLL Micro-Assessments Bundle: ELA (only grade 4)
ELL/MLL Micro-Assessments Bundle: Science (only grade 4)
ELL/MLL Micro-Assessments Bundle: Social Studies (only grade 4)
Universal English Language Development Rubrics (Speaking & Writing) (grades K-5)

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Home Language supports are integral to the development of bilterate students. We provide native language supports through texts and websites like Nearpod . Formative assessments and running records help the school understand the home language development. Building on the home language(s)' foundation supports the development of English.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At PS 48 we use THE NYSESLAT to evaluate the effectiveness of our programs. After each administration we sit down and analyze the data and helps us place students in the right classes. Additionally we look internal data, as our school collects and analyzes data in a central data tracking file. We look at reading level progress, DRP, phonics, math assessments, and so on. The tracker has information on ELL level as well to filter and look for trends based on proficiency. Next school year we will be beta-testing the periodic assessments, including the following:
ELL/MLL Academic Language Assessment (Fall Baseline) (only grades 3-5)
ELL/MLL Academic Language Assessment (Spring Baseline)
ELL/MLL Micro-Assessments Bundle: ELA (only grade 4)
ELL/MLL Micro-Assessments Bundle: Science (only grade 4)
ELL/MLL Micro-Assessments Bundle: Social Studies (only grade 4)
Universal English Language Development Rubrics (Speaking & Writing) (grades K-5)

We use the data as a jumping off point for provided scaffolded and differentiated supports that ensure ML/ELL learners concurrently learn English and content. The data tracking is a live process, that evolves as the learning takes place throughout the school year.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

PS 48 ensures that the ELLs with IEPs subgroup has access to and engage with grade level content.Context is essential to language development. PS 48 ensures the ELLs learn through units of study that emphasize a n end of unit goal, providing purpose and motivation for learning content and language. Less ons incorporate al l four language strands using a variety of strategies and supports. Connections are made to the native language and culture whenever possible to provide links and pathways for learning English. ENL teachers use native language vocabulary to provide examples and foster the use of the native language amongst students to provide scaffolding and supports. In this way, students are provided with a means of maintaining their native language. PS 48 strives to encourage students to see their native language as a resource to be drawn upon as they learn English. Whenever possible, Total Physical response (TPR) activities, realia, and hands on use of science (magnifying lens, rocks, animals, etc.), social studies (maps, money, and songs) and literacy materials foster language development. We will offer supports in both in person and virtual learning environments, leveraging digital platforms.

These interventions are in English, with native language supports. Students with native language supports also utilize native speakers of their language for peer-to-peer assistance. Multiple instructional strategies are utilized to facilitate

appropriate curriculum and language development. The Common Core Learning Standards form the basis for instructional plans for all ELLs. Using Common Core grade benchmarks, assessment results on the NYSESLAT and ELL Periodic Assessments, we connect to academic content required in grades K-5 in ELA, Mathematics, Social Studies, and Science. PS 48 analyzes student data on available exams in ELA, Mathematics, Social Studies, and Science to better inform the academic language development needs of ELLs. PS 48 curriculum maps, aligned to the Common Core Learning Standards, help guide instruction. PS 48 attempts to make students accountable for their own learning. To that end, the school ensures that students understand what language needs they have and consult with students regarding what they believe need additional assistance in learning. Supports are in the native language, if possible, as well as English.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

PS 48 uses ATS reports and EDAT information to ensure that current and former ELLs receive necessary accommodations for state assessment. In collaboration with the SBST, student IEPs are analyzed to determines all accommodations that current and former ELLS. These are looked at in concert with NYSED assessment School Administration Manuals (SAMs).

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Here at PS 48 we empower all families to be part of the school community. We hold all our events in English and Spanish and all printed materials as well as notifications are translated to Spanish and currently French. We are prepared to ensure that families using languages other than English or Spanish as welcomed and included in all events, functions, and meetings. We offer families ENL classes to families them learn the English language. We will strive to offer this programming to support our families. United Community Schools (UCS), Students in Temporary Housing (STH), and the parent coordinator articulate to provide relevant programming and activities to empower our families of MLs/ELLs. The school will record attendance at the individual meetings and maintain these records in a secure location along with other ELL related critical documents. This process informs parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models

The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs). Each newly admitted student is determined. We are guided by the CR Part 154, the NYC DOE PRG-MLL and Chancellors Regulations. These are the steps PS 48 adheres to:

1. Enrollment status of each newly admitted student is determined.
a. If a student has been in NYS public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and proficiency level.
b. If a student has been outside of NYS public schools for more than 2 years, our school administers the ELL

Identification Process as part of reentry to NYC schools.

2. The home language of the student is determined by a trained and licensed pedagogue. a. The parent completes the Home Language Identification Survey (HLIS) in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

3. An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.

4. Eligibility for the NYSITELL is determined utilizing the HLIS, student interview, and review of student work (where applicable).
a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent. The LPT includes the parent/guardian, ENL teachers, the IEP teacher, and the administrator(s) for ELLs and SWDs.

5. Student is administered the NYSITELL, if eligible.

6. Parent notification letters are sent to the parent in the parent's preferred language.
a. Parents are notified of their child's ELL status and results of the NYSITELL.

7. If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish LAB.

8. Student with interrupted/inconsistent formal education (SIFE) status is determined. The SIFE status is determined through more in depth interviews with the student and family, review of student work in both the native language and English, plus administration of the Multilingual Literacy Screener (MLS). We utilizing the following NYSED resource: https://www.nysed.gov/bilingual-ed/students-interruptedinconsistent-formal-education-sife .

9. If student is determined to be an ELL via the ELL Identification process, parent is invited to the parent orientation meeting.
a. Parent orientation meeting provides parents with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting

10. ELL is placed in the ELL program that the parent has elected.
a. If the ELL program that the parent selected is not available, the parent is offered a transfer to a school with that program in accordance with DOE transfer policies, or to be placed on a waiting list.
b. If the ELL remains in the school, the ELL is placed in English s a new language and our school keeps track of parent choice so that when minimum thresholds are met, we can open the ELL program of choice.

11. Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).

12. If the ELL Re-identification Process is implemented for any student, the PS 48 principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.

14. Copies of letters and parent notifications regarding ELL identification are kept in the students' cumulative files.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

PS 48 strives to individually meet with the parents or guardians of English Language Learners at least once a year as required by CR Part 154 to discuss the goals of the ELL program, their child's language development progress, their child's English language proficiency assessment results, and language development needs in all content areas. This meeting is in addition to parent-teacher conferences, initial parent orientations, quarterly progress meetings, or other scheduled meetings provided for parents or guardians.

The meeting is scheduled at convenient times to facilitate attendance by our school's ELLs' families. This meeting includes relevant school staff necessary to inform the parents/guardians about the student's language development in all content areas in English and the student's home language in the case of students enrolled in a bilingual education program.

This meeting is conducted with a qualified interpreter/translator in the language or mode of communication the parent or guardian best understands. PS 48 determines the manner and form of such individual parent meetings based on the needs of the school community's families. Schools should record attendance using existing procedures. We distribute the New York State Education Department's Parent's Guide to the Next Generation Learning Standards and the Parents' Bill of Rights for New York State English Language Learners/Multilingual Learners.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

PS 48 ensures that family engagement remains a core component of the school community. As such, we foster an environment where all communications and documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access (OLA). We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 48, we prioritize understanding and supporting the needs of our community, particularly the families of Multilingual Learners (MLs) and English Language Learners (ELLs). We believe that fostering a collaborative environment where parents feel empowered is essential for the success of their children. To achieve this, we implement several strategies:

Parent Surveys:
We regularly survey parents to gather insights on their needs, preferences, and suggestions for supporting their children’s education. These surveys are designed to be accessible to all, available in multiple languages, and distributed through various channels, including paper forms, online surveys, and during parent-teacher meetings.

Focus Groups and Meetings:
We strive to hold informal focus groups and meetings with parents to discuss their experiences and challenges. These sessions provide a platform for open dialogue and help us gain a deeper understanding of specific needs. We ensure these meetings are convenient for parents by offering flexible scheduling and childcare services.

Community Partnerships:
Collaborating with local organizations allows us to extend our support network. By partnering with community centers, libraries, and local businesses, we provide additional resources and opportunities for our families, such as language classes, job training, and cultural events.

Bilingual Communication:
Recognizing the linguistic diversity of our community, we ensure that all communications, including newsletters, announcements, and school materials, are available in multiple languages. This approach helps bridge the language gap and ensures that all parents have access to important information.

Workshops and Training:
We offer workshops and training sessions tailored to the needs expressed by parents. Topics include navigating the school system, supporting academic development at home, and accessing community resources. These sessions

empower parents with knowledge and skills to better support their children's education.

Cultural Events and Celebrations:
We celebrate the cultural diversity of our community through events that honor various traditions and customs. These events not only foster a sense of belonging but also provide an opportunity for parents to engage with the school community in a meaningful way.

Feedback and Adaptation:
We continuously seek feedback from parents on the effectiveness of our initiatives and make necessary adjustments. This iterative process ensures that our support remains relevant and impactful.

By actively involving parents in the decision-making process and addressing their specific needs, PS 48 creates an environment where families feel valued and supported, ultimately contributing to the success of our MLs/ELLs.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure that the families of Multilingual Learners (MLs) and English Language Learners (ELLs) are aware of inclusive family leadership opportunities, we have implemented a multifaceted approach:

Bilingual Communication: We provide flyers in both English and Spanish to effectively reach a broader range of families. This ensures that language is not a barrier to accessing important information about leadership opportunities. This is a build in school-wide process.

Personal Engagement: Our staff, including the Parent Coordinator and Community School Director, actively engage with families on a daily basis. They take the time to speak directly with families about the various opportunities available to be involved in the school community, such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC).

Presence and Availability: As a school community, we make it a point to be present outside the school during drop-off and pick-up times to personally speak to families. This face-to-face interaction helps build trust and encourages more families to participate in leadership roles.

Through these efforts, we strive to create an inclusive environment where all families feel informed, valued, and empowered to take on leadership roles within our school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school is committed to fostering culturally and linguistically responsive partnerships to support the diverse needs of our community. Currently, we provide flyers and communications in all the native languages represented in our student body. Additionally, we utilize the DOE School Messenger, which offers translation services to ensure that all families receive important information in their preferred language. STH and UCS offer continual events, workshops, and meetings that forge partnerships that promote cultural and linguistically responsive connections within the school community.

While these efforts have been beneficial, we recognize the importance of continually improving our practices. We aim to enhance our engagement by exploring more robust translation tools, expanding our outreach to community

organizations that support multilingual families, and providing staff with additional training on cultural competency. Our goal is to ensure that all members of our school community feel informed, included, and valued.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ELL identification includes the ENL coordinator, the other school ENL teacher, alongside trained pedagogues, including the dual language program teachers and ENL homeroom teachers. Additionally, the A.P. for ELLs supports the ELL identification team. Upon registration, the pupil accounting secretary or designee, contacts the members of the PS 48 ELL Identification team to begin the ELL identification process. Only licensed pedagogues conduct the PS 48 ELL Identification intake process who are trained by parts of the PS 48 ELL Identification team.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school follows the NYC DOE Policy & Reference Guide for Multilingual Learners (MLs) and English Language Learners (ELLs) to ensure a seamless and thorough identification process year-round. We have established specific structures and processes to facilitate this.

Initial Registration and Home Language Identification:
During the registration process, all new students complete a Home Language Identification Survey (HLIS) to determine if a language other than English is spoken at home. Our trained bilingual staff review the HLIS responses to identify potential ELLs.

English Language Proficiency Assessment:
Identified potential ELLs are promptly assessed using the New York State Identification Test for English Language Learners (NYSITELL). The assessment results are used to determine the students' English proficiency levels.

Parent/Guardian Notification:
We inform parents/guardians of the assessment results and provide them with information on their child's eligibility for ENL and/or bilingual programs. Communication is provided in the parents' preferred language to ensure

understanding and support.

Program Placement and Service Provision:
Based on the NYSITELL results, students are placed in appropriate ENL and/or bilingual programs. Our school ensures that mandated ENL and bilingual instruction begins without delay to support current, former, and potential ELLs.

Ongoing Monitoring and Support:
We regularly monitor the progress of ELLs through formative assessments and classroom performance. Adjustments to instructional programs are made as needed to ensure continuous support and academic growth.

Proactive Planning:
We conduct professional development sessions for teachers and staff to stay updated on the identification process and best practices for ELL instruction. Our school calendar includes designated times for assessments and program reviews to prevent any interruption in
mandated services. We maintain a collaborative approach by involving administrators, teachers, and support staff in the planning and
implementation process. By having these structures and processes in place, we ensure that the identification and support of ELLs are handled efficiently and effectively, meeting the requirements of the NYC DOE Policy & Reference Guide while minimizing any
disruption to the provision of mandated instructional services.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they

attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Justin	Czarka	Teacher - Regular Grades	02/14/2024	
Ricardo	Polanco	Parent Coordinator	unknown	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BAMBARA	1	0.22%	1	0.23%	0	0
CHINESE ANY	1	0.22%	0	0.00%	0	0
EWE	5	1.12%	5	1.14%	0	0
FRENCH	6	1.35%	4	0.92%	1	1
MANDARIN	0	0.00%	1	0.23%	0	0
ENGLISH	241	54.16%	235	53.78%	20+	20+
PORTUGUESE	1	0.22%	1	0.23%	0	0
SPANISH	190	42.70%	190	43.48%	20+	20+

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Assembly invitations (graduation, music, dance, and theatrical performances)	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Teacher's Parent Letters	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Parent Calendar of Events	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.

School LeadershipTeam (SLT) Notices	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Principal's Parent Letters	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Parent Monthly Newsletters	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Parent Teacher Conferences (PTC) notices	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Medical Office Forms	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Summer Rising and Vacation/Break Educational Programming	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48

	Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
After school and weekend educational programming options (Title III, STH, PAL, Reading Partners, The, Point, HPAC)	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Notices on updates to school policies (ie dismissal procedures, permission slips)	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.
NYSED testing dates	PS 48 ensures these documents are translated into parent/guardian preferred languages via the following methods: a) Utilizing the Language ID Guides for Bilingual School Staff (i.e. School Aides), support of Parent Volunteers, DOE Messenger App, and via emails that are differentiated and translated into preferred languages. Additionally the school uses the DOE Messenger Call System. For languages where school staff personnel do not utilize the language to support translation, the school will utilize the NYC DOE's Office of Language Access. We access the "PS 48 Staff Language Inventory'' form, which annually collects school level data that details the languages utilized by the school's staff, to support languages represented by families at PS 48.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Annual Meeting with Parents/Guardians of ELL students	Bilingual School Staff (i.e. School Aides, etc.), Parent Volunteers and NYCDOE's Over-the-Phone Interpretation are utilized for interpretation support in person and remotely. For languages where school staff personnel do not utilize the language, the school will utilize the NYCDOE's Over-thePhone Interpretation. We provide these resources to all school-based staff to confidently and independently ensure communication in parent/guardian's preferred language. We access the "PS 48 Staff Language Inventory" form, which details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Parent Teacher	Bilingual School Staff (i.e. School Aides, etc.), Parent Volunteers and NYCDOE's Over-the-Phone

Conferences (PTC) November 2025, March 2026, May 2026	Interpretation are utilized for interpretation support in person and remotely. For languages where school staff personnel do not utilize the language, the school will utilize the NYCDOE's Over-thePhone Interpretation. We provide these resources to all school-based staff to confidently and independently ensure communication in parent/guardian's preferred language. We access the "PS 48 Staff Language Inventory" form, which details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Meet the Teacher Night September 2025	Bilingual School Staff (i.e. School Aides, etc.), Parent Volunteers and NYCDOE's Over-the-Phone Interpretation are utilized for interpretation support in person and remotely. For languages where school staff personnel do not utilize the language, the school will utilize the NYCDOE's Over-thePhone Interpretation. We provide these resources to all school-based staff to confidently and independently ensure communication in parent/guardian's preferred language. We access the "PS 48 Staff Language Inventory" form, which details the languages utilized by the school's staff, to support languages represented by families at PS 48.
United Community Schools (UCS) Community Forum May 2026	Bilingual School Staff (i.e. School Aides, etc.), Parent Volunteers and NYCDOE's Over-the-Phone Interpretation are utilized for interpretation support in person and remotely. For languages where school staff personnel do not utilize the language, the school will utilize the NYCDOE's Over-thePhone Interpretation. We provide these resources to all school-based staff to confidently and independently ensure communication in parent/guardian's preferred language. We access the "PS 48 Staff Language Inventory" form, which details the languages utilized by the school's staff, to support languages represented by families at PS 48.
Parent Workshops (SEL, academic, community resources)	Bilingual School Staff (i.e. School Aides, etc.), Parent Volunteers and NYCDOE's Over-the-Phone Interpretation are utilized for interpretation support in person and remotely. For languages where school staff personnel do not utilize the language, the school will utilize the NYCDOE's Over-thePhone Interpretation. We provide these resources to all school-based staff to confidently and independently ensure communication in parent/guardian's preferred language. We access the "PS 48 Staff Language Inventory" form, which details the languages utilized by the school's staff, to support languages represented by families at PS 48.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

The school utilizes its School Messenger System to reach families. Additionally, all schools staff have been provided with information on using Language Line in the case of an Emergency. Furthermore, we will be adopting the DOE Messenger App to provide digital communication to families via text messages and emails that will be translated into the preferred language of the families within our school community. School staff have been designated who speak languages of parents/guardians to communicate with parents who speak a language other than English.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The school principal and parent coordinator will complete the mandatory Language Access Training for School-based Staff for the 2025-26 school year by accessing the WeLearnNYC platform. The school principals and parent coordinator will receive a link to access the training, along with detailed instructions for completion. Additionally school staff will be afforded time during the school's PD plan to complete the required asynchronous NYCPS Language Access Training for School-based Staff. The Galaxy-designated LAC will disseminate future language access resources and updates to all staff members via email updates that provide links to the NYCPS's OLA website, plus maintain digital PDF copies in the PS 48 Google Drive, including the "Best Practices for When to Provide Translation of Critical Written Communications to Parents" and "Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents." These will be discussed and shared in hard copy format during staff development early in Fall 2025. The materials will be reinforced as follow up during grade team meetings.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

P.S. 48 fulfills Section VII of Chancellor's Regulations A-663 regarding parental notification requirements for translation and interpretation services. Signs are posted in the main office, at the entrance to the parent coordinator's office, and at the main entrance to the school provided by the NYC DOE. Along with providing school staff with information on the NYCDOE's Office of Language Access's "Translation Resources" webpage, links to the the available signs are provided to key school staff, including the principal, pupil secretary, parent coordinator, office staff, school aides, and ENL Coordinators. Parents are made aware of their rights and ability to receive information in their preferred language(s). For the primary language of Spanish, school staff provides both written translation and oral interpretation services on an ongoing basis, during both formal and informal meetings and conferences. Language ID guides are situated throughout the building, including at the security desk and main office. NYCDOE's Office of Language Access contact information is readily distributed on materials throughout the school community. Additionally we the DOE Messenger app to communicate for parent engagement events, along with the use of interpreters.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

35

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**

- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Rationale and Overview
The PS 48 Title III After School Program for SY2025-2026 focuses on accelerating the English language acquisition for English Language Learners (ELLs) students who have a home language other than English. The Title III program consists of intensive, small group and whole group supplemental ENL instruction above and beyond the mandated requirements of CR Part 154.

In concert with structured English language development, students will engage in authentic, hands on science, social studies, and art investigations through "Content and Language Development Units" of 6 sessions each. Each session will have two components: a) a language acquisition, vocabulary, and literacy development strategy lesson component; as well as a b) content development component (science, social studies, art) that reinforces the English language development and builds academic skills and knowledge for success on NYSED assessments. Both components of each of the 6 sessions are connected under an umbrella theme for an interdisciplinary approach to learning within the particular theme for the selected unit. The sessions will be structured as follows:

Session 1-2: Component A: Unit Introduction, Literacy Vocabulary Development, and Reading; and, Component B: Content Experimentation 1
Session 2: Component A: Literacy Vocabulary Development & Descriptive Writing; and, Component B: Content Experimentation 2
Session 3: Component A: Writing Revision, Editing, and Reflection; and, Component B: Content Experimentation 3 and Vocabulary Development
Session 4: Component A: NYSESLAT Prompt-Based Writing; and Component B: Content Experimentation 4 and Presentation.

We will use Google Classroom as the digital hub for building community. We will use digital tools in concert with person exploration of the local community to create digital work portfolios using the following platforms and apps: Flipgrid, Nearpod, Minecraft, Mastery Connect, IXL, iReady, and G Suite (Slides, Docs, Forms, Sheets, etc).

The units will include life science (plant and animal interdependence through outdoor hands on learning in the school garden), geologic investigations (science), weather and seasons (literacy, technology and art), mapping community locations (literacy, mathematics, geography, technology), artistic expressions (multimedia: paint, pencil, digital, photography), and physical literacy (NYRR Rising Runners active learning lessons).

Focus on English writing skills through hands on content-based inquiry and connected short constructed responses and extended constructed responses with the goal of accelerating performance on the May 2026 NYSESLAT assessment. The Title III program ensures English language acquisition through hands on content-based inquiry targeting each language modality specifically, strategically, and holistically (speaking, listening, reading, writing, and visual).

The end goal (based on school historical NYSESLAT data and current EDAT): Students will be able to develop on demand short and extended constructed responses in preparation for the NYSESLAT using student-friendly NYSESLAT writing rubrics. Students will learn science content knowledge, along with strategies for applying that content knowledge to the development of constructed response essay. Writing mini-lessons will prepare students for developing an essay in one sitting, from brainstorming, organizing ideas, revising, editing, and including an opening,

closing, and relevant details from the information provided. Additionally, contextual vocabulary development will enhance speaking and listening skills, and assist reading progress.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The program rationale is to develop content knowledge aligned to the New York City Public Schools (NYCPS) social studies and science scope and sequence to accelerate English language acquisition and development that is aligned to the Next Generation Learning Standards (NGLS). This will provide the academic vocabulary and literacy skills to be successful for grade level demands, including daily lesson and end of unit tasks, formative assessments in literacy, mathematics, science, and social studies, ultimately impacting student performance on the New York State Education Department (NYSED) assessments, in particular the NYSESLAT assessment.

Analysis of the most recent ELL Data Analysis Tool (EDAT) information indicates that Writing is a core need for additional instruction. The continual analysis of updated iterations of the EDAT will continue to inform: a) the particular students selected; and b) the focus of the lessons within the Title III program. We are prepared to pivot the instruction units based on on going data analysis of student needs.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The anticipated grade levels are first grade, second grade, third grade, fourth grade, and fifth grade. Tentatively 35 students will be invited as part of this supplemental program, with 1 group per grade, approximating 7-8 per instructor. ELL students at the Entering, Emerging, and (based on EDAT analysis of trends) a select group of Transitioning proficiency levels will receive targeted instruction utilizing English for the duration of the program.

The group of targeted students has been based on an analysis of the ELL Data Analysis Tool (EDAT) and Spring 2024 NYSESLAT scores to maximize the student gains in learning English. Based on analysis of NYSESLAT scores, oral language development for newcomers will be a strong initial focus to support writing development in English. Additionally the Title III program collects formative assessment data at two points (beginning and endline) each year to gauge student progress, adjust throughout the program, and to anticipate student needs for the upcoming year's cycle of the program.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III after school program will run on Wednesday and Thursday, starting in January 2026 through May 2026, from 2:30 p.m. until 4:30 p.m. over the course of 19 weeks for a total of 38 sessions of supplemental instruction per student. Attendance will be monitored and kept on file in the school's Title III LEP after school program online learning management system, plus via ATS, and paper sign out by parents/guardians. Attendance data will be tracked to ensure high rates of attendance. The after school program is flexible, and invites new students to join the program who have newly arrived in our school community.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The Title III After School program will be conducted in English. Native language supports are provided as scaffolds to deepen English language acquisition, including the use of translanguaging. These include supports provided peer-to-peer, teacher-student, and through materials utilized, including bilingual texts, Google Translate, Immersive Reader, and different audio supports. They are designed to comply with CR Part 154 mandates and are based on recent into activating native/primary language use to accelerate English language acquisition.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Five (5) ENL/Bilingual and/or elementary education NYS-certified teachers will teach the Title III after school program. Teachers will focus on providing students with strategies and mini-lessons for accelerating language acquisition. Teachers will model best practices for accessing written materials, developing the writing craft, and structured academic and social conversations that drive instructional content objectives aligned to NGLS in literacy and mathematics. The teachers' serve as content and inquiry specialists, and develop the framework for the curricular objectives. Teachers develop the lessons based on NYCPS Science and Social Studies Units of Study and NGLS frameworks, with connections to art. The teachers collaborate to present and provide connections through whole group lessons, and then break the whole group into small groups, as determined by a baseline speaking, listening, reading, and writing assessment, and anecdotal observational recordings tied to both language development and content goals. The service providers will meet once a month, for 1 hour, over the duration of the program to plan collaboratively (7 sessions) through a continuous professional development and learning community.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Key curricular components and materials of the program include HMH Into Reading materials, Mystery Science, Nearpod, Readworks.org, iReady, Amplify, IXL, Rising NYRR, Flip, Flocabulary, NYCDOE DMLL Newcomer resources, NYCDOE Passport (Social Studies) iPads, local Parks, schoolyard garden, measuring tapes, rulers, magnifying lens, rocks, SmartBoard, interactive videos, art supplies, and teacher-developed NYSESLAT simulation preparation materials. Additionally, conferencing notes, along with formal and informal teacher created assessment and NYCDOE assessments will be utilized to inform the teacher and school community regarding the ELL students' progress in developing English language skills and functions.

Students in the Title III after school program receive a beginning of program (BP) and end of program (EP) NYSESLAT simulation assessment that targets listening, reading, and writing Targets of Measure (TOMs) aligned to the NYSESLAT. The data is tracked in an online data management environment to analyze growth and areas of weakness, with shifts in instruction after the BP to rapidly pivot towards students' learning needs and targets. This allows the program teachers to adapt and modify instruction to meet that specific needs of the students. The program teachers reflect on the program's success at the end of the program to verify and modify the program as needed for future years. At the end of the Spring 2025 program, the program was deemed a success based on an analysis of student assessment data from beginning to end of program. For example, of students in grades 3-5 taking both the beginning (BP) and end of program assessments (EP), 100% made gains in English use. Overall mastery improved from 15% on the BP to 48% on the EP.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Records of ELLs served will be monitored and kept on file in the school's Title III LEP after school program online learning management system. This includes attendance data will be tracked to ensure high rates of attendance. Data is analyzed to provide supports to families requiring additional supports to attend the program. Furthermore, ATS attendance is recorded as each group is created as a class. Lastly paper attendance and parental pick up is recorded at each session's dismissal. This information is stored for 2 years. Please view the program website: https://sites.google.com/view/sci-wiki-tific/gardening/south-bronx-intensive-english-sessions-home-page

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Quality instruction begins with quality professional development (PD). Title III instructors will be provided with PD opportunities in house and digitally to develop teacher capacity for using high quality instructional materials that concurrently support native/primary language and English language development alongside content learning to maintain pace with their English dominant peers. Below you will learn about the PD provided and activities that teachers will engage. The PD will be at cost to the Title III ELL funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Effective ENL instruction provides the framework for students to successfully acquire academic English. In order to optimally address the individual learning needs of the students within the Title III program, the teachers will delve into ongoing professional development. Teachers collaborate to develop and refine lessons and assessments, as well as an inquiry team to gauge student progress and the success of curriculum materials utilized. Teachers utilize professional literature materials to build the capacity for working with ELL students. Attendance (sign-in sheets) and agendas will be kept on file. Teachers use the school's data tracker to align professional development needs to student learning needs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The after school teachers will meet once a month, for 1 hour, over the duration of the program to plan collaboratively (7 sessions) through a professional learning community approach. This is activity will be charged to Title III funding. Best practices in effective ELL instruction to promote language development across the listening, speaking, reading, and writing modalities while connected to STEM content will be a key focus.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers responsible for teaching the Title III Program receive collaborative professional development on a monthly basis for the entire school year. The PD schedule for the Title III takes place on Mondays from 3:30-4:30 during the months of January 2026 through May 2026. The duration of each session is 1 hour.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

These sessions provide the basis for developing the curriculum and applying multicultural strategies. The planning sessions incorporate the use of NYSESLAT-aligned assessments, creating practice NYSESLAT listening, reading and writing prompts, and teacher observations to determine literacy development goals and best practices for using HMH Reading, and STEM content curriculum materials that will drive instruction and provide a solid literacy foundation for ELLs in all curriculum areas. A particular focus will be on the use of outdoor learning. We will learn best practices for using digital platforms, including Google Translate, Immersive Reader, Readworks.org, Kahoot!, Nearpod, Flocabulary, Flip, IXL, iReady and other digital platforms and apps. The regular professional development meetings provide direct professional development and support through "ENL strategy snapshots," which provides a comprehensive and strong background in effective ENL teaching practices. One integral professional text utilized will be "Connecting Content and Academic Language for English Learners and Struggling Students." by Ruth Swinney and Patricia Velasco. Additionally, the P.S. 48 ELL Toolbox is in continual development, which provides curricular resources and professional development information for the teachers in the Title III Program.

Additionally, when offered, the Title III Program teachers will attend professional development offerings provided by outside agencies, including network-based and NYCDOE DELLs trainings, on an ongoing basis to build school capacity in meeting the needs of students participating in the Title III Program.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The school's ENL Coordinator will be responsible for organizing the collaborative professional development for the Title III Program teachers, based on the teachers collective needs, reflections, and both their teaching and instructional observations of the students within the program. Each teacher within the Title III after school program will have shared ownership over the professional development based on the needs of both the teachers and the students being instructed in the program. Agendas and sign in sheets will be maintained.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We utilize digital and paper agendas that serve as sign in sheets to document professional development attendance. These include sign in sheets. These records are stored in the PS 48 ENL compliance binders.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

School leadership, alongside the parent coordinator devise high impact family engagement activities. The school's parent coordinator, in close coordination with the school's Community Schools Director (CSD), will conduct workshops on various topics that provide inclusion and understanding of the NYCPS regulations and academic goals for children.

Parental interest and availability will be gauged through Parent Association (PA) meetings, in person conversations and online surveys and digital communications tools (email, DOE Messenger app, phone calls), which afford accessibility in the language of the parents. A key goal is to empower parents, within our school community, who may feel that they are unable to support the academic and language progress of their child since parental involvement plays an important role in the development of language. We want to support our families where they are, and leverage their skills to make an impact on the academic and social development of their children. We work in concert with the attendance team, STH staff, and UCS CSD to align priorities to parent/guardians needs and wants.

The workshop schedule includes "Meet the Teacher," "Navigating the NYCDOE Family Facing Website During Covid19," "Using Digital Platforms," "The 10 Benefits of Being Bilingual," "Traditional Family Involvement/Non-traditional
Family Involvement," "Attendance Meeting," "Dial A Teacher Orientation," "Writing Notebook for Parents," "Making the Transition to Middle School," "Parent Support Checklist," "Understanding the Common Core Learning Standards/NGLS," "Early Child Development," "Test Taking Tips," "Let Me Show You How Math Test Prep," and "Graduation Collaboration."

All workshop activities will be conducted at no charge to Title III Funds. We utilize digital and paper agendas that serve as sign in sheets to document the school's high impact Family Engagement Activities attendance.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The school's parent coordinator, in close coordination with the school's Community Schools Director (CSD), will conduct workshops on various topics that provide inclusion and understanding of the New York City Department of Education regulations and academic goals for children. Additionally, the parent coordinator offers pertinent workshops that assist parents of ELLs in improving the English language acquisition of their children. These programs and invitations to the programs will be translated and interpreted as necessary into the pertinent language of the parents in attendance. PS 48 data tracker, attendance committee discussions, UCS CSD surveys and STH information provide qualitative and quantitative data analysis to develops and dates/times aligned to parent/guardian needs.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The program consists of multiple workshops commencing in October 2025 and running once a month through May 2026 of the school year. Parents will be notified letters sent home, DOE Messenger app, email, on the school calendar and monthly newsletter, and phone calls. Attendance (sign-in sheets) and agendas will be kept on file by the parent coordinator.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The workshop schedule includes "Meet the Teacher," "Navigating the NYCDOE Family Facing Website During Covid-19," "Using Digital Platforms," "The 10 Benefits of Being Bilingual," "Traditional Family Involvement/Non-traditional Family Involvement," "Attendance Meeting," "Dial A Teacher Orientation," "Writing Notebook for Parents," "Making the Transition to Middle School," "Parent Support Checklist," "Understanding the Common Core Learning Standards/NGLS," "Early Child Development," "Test Taking Tips," "Let Me Show You How Math Test Prep," and "Graduation Collaboration." All workshop activities will be conducted at no charge to Title III Funds.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The school's parent coordinator, in close coordination with the school's Community Schools Director (CSD), will conduct workshops on various topics that provide inclusion and understanding of the New York City Department of Education regulations and academic goals for children.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parental interest and availability will be gauged through Parent Association (PA) meetings, in person conversations and online surveys and digital communications tools (email, DOE Messenger app, phone calls), which afford accessibility in the language of the parents. A key goal is to empower parents, within our school community, often feel that they are unable to support the academic and language progress of their child.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We utilize digital and paper agendas that serve as sign in sheets to document Family Engagement Activities attendance.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$20,000 (includes $8,000 in carry over funds)

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$18,000	Staff ENL teachers and other staff member to teach the Title III after school program
Purchased services -High quality staff and curriculum development contracts.	$2,000	High quality staff and curriculum development contract
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	n/a	n/a
Educational Software (Object Code 199)	n/a	n/a
Travel	n/a	n/a
Other	n/a	n/a
TOTAL	$20,000	n/a

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,2,3,4,5,1

Total number of teachers in this program:

4

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Program Time of Day
The Title III Immigrant plan is strategically designed to enhance instructional opportunities for immigrant students (including ELLs) through an after school program that builds upon converging best practices in support students who are immigrants, including English Language Learners.

Engaging Activities
Students will engage in content and literacy instructional units of study that target vocabulary development, listening and reading comprehension, elevate writing skills, and develop spoken language abilities. They activities are built upon equitable educational practices and steeped in the science of reading best practices, including an emphasis cross curricular vocabulary and language development, large use of oral language, and explicit phonics instruction. Students will utilize a site based outdoor learning space, The South Bronx Schoolyard Garden and Outdoor Classroom

(SBxSGOC) (https://tinyurl.com/48garden), to enhance instructional opportunities for immigrant students (including ELLs).

Student Groups
Students will be grouped into grade bands, with anticipated groups including: A) grades 1-3; and, B) grades 4-5. This is 2 groups, with an average of 20 students in each group. The groups will be flexibly subdivided into groups based on ongoing assessment data, classwork work samples and anecdotal records from classroom teachers aligned to student linguistic, academic, and language needs.

Instruction Delivery
Instruction will be delivered through a team teaching process that supports staff in facilitating activities that engage students in developing literacy skills across the modalities.

Program Supervision
A PS 48 administrator will oversee the program as a supervisor to provide support. The administrator will provide support with instructional development, parental outreach, and clerical needs. The administrator will not be funded as a cost to the Title III Immigrant program.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Qualitative and Quantitive Data Analysis
PS 48 utilizes multiple data points to analyze and adapt the program to meet the needs of the school student population, as well as to monitor the efficacy of the program. Program staff utilize these data sources (see below) to drive the program development, create meaningful instructional units of study aligned to students, ensure differentiated instruction, and engage students in learning opportunities.

Data Sources
PS 48 utilizes various data sources that underpins the need for the program, the student selection, and instruction. The include the FURBY, ELL Data Update Report (EDUR), NYSITELL and Spring 2025 NYSESLAT (only pertains to possible ELLs in the program). Additionally, PS 48 uses an internal data tracker, New Visions portal, ATS reports including REXH, iReady, and IXL reports, plus data tracked during the What I Need (WIN) period. The WIN is an innovative and results oriented instructional approach that promotes every student get what they need during 5th period of the school day.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,

- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Total Number of Students
40 students will be targeted for instruction in the program.

Grade Levels

Students will be grouped into grade bands, with anticipated groups including: A) grades 1-3; and, B) grades 4-5. This is 2 groups, with an average of 20 students in each group. The groups will be flexibly subdivided into groups based on ongoing assessment and anecdotal records from classroom teachers.

ELL Subgroups
Students will be selected primarily from the newcomer ELL subgroup to accelerate the use of the English language across modalities (Listening, Reading, Speaking and Writing).

Schedule and Duration

For each Title III Immigrant funded program, include:
- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Start and End Date
This After-School program plan tentatively anticipates occurring twice weekly (Wednesdays and Thursdays), over 16 school calendar weeks, starting February 2025, until the last week of school in May 2025, with input from the classroom teachers.

Number of Sessions and Time/Duration
These sessions will be operational after school hours, for two hours, on Wednesdays and Thursdays from 2:30 pm to 4:30 pm, for a total of 32 two-hour sessions.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The program's lessons and materials will teach students how to utilize the native language for supporting English language acquisition and learning. This will take place primarily in Spanish, French, and English. The core language of instruction will be English.

Number and Types of Certified Teachers

For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Each teacher is New York State certified in elementary education/common branches and/or English as a New Language (ENL) and/or early childhood and/or bilingual extensions. These teachers are certified elementary education teachers and we anticipate 4 certified teachers participating in the After-school Title III Immigrant Program Activity.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

We will strategically identify, acquire, and upgrade curricula, instructional materials, educational software, and assessment procedures to accelerate the academic performance of immigrant students at PS 48.

The classrooms will have reading materials that are in both English and Spanish. The selected instructional materials will provide texts in both languages to deepen vocabulary and content knowledge, as well as develop reading comprehension for both languages, including HMH Into Reading, Amplify Science and Desmos Math, and technology platforms. Technologies and instructional software will be utilized to deepen the instruction, including Nearpod and BrainPOP, at no cost to the Title III Immigrant program. PS 48 will improve instruction through providing after school programming that utilizes educational technology across all ELL/MLL subgroups and immigrants, in grades K-5, for both general education and special education students to meet students' academic and SEL. This will drive the enhancement of the instructional program for ELLs/MLLs and immigrant students who are not ELLs to ensure equitable learning opportunities.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

PS 48 maintains records of students served in this program via the Title III Immigrant program binder, which includes daily attendance sheets and parent forms. Additionally ATS attendance will be created. Furthermore we maintain internal spreadsheets that track attendance and use the data to encourage 100% attendance.

We will send out permission slips in late December and early January to families inviting them to attend the program. The assistant principal for ELLs and PS 48 ELL Coordinator (otherwise known as an ambassador in the district) will maintain the records within a locked closet.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

It is imperative that teachers receive cohesive professional development in order to implement best practices that most effectively impact instruction and ensure accelerated student learning. Professional development will include incorporating the curricula materials so that teachers become familiarized themselves with the teacher's guides and text topics, in a sustained, ongoing format that is intensive and job-embedded while focused on using data to improve the instruction and foster equitable educational outcomes. The professional development will deepen understanding of and support implementation of best practices in language acquisition. The professional development for teachers will cover metacognitive strategies for using the native language to learn English, strategies for incorporating texts across the school's core curriculum, utilizing the teacher's guides for school curricula, and how to embed technology into the classroom and home learning environments. The professional development will be provided at cost to the Title III Immigrant funds, not exceeding 10% of the allocation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Qualitative and Quantitive Data Analysis
PS 48 utilizes multiple data points to analyze and adapt the program to meet the needs of the staff receiving professional development, as well as to monitor the efficacy of the program. Program staff utilize these data sources (see below) to drive the professional development, create meaningful instructional units of study aligned to students, ensure differentiated instruction, and engage students in learning opportunities.

Data Sources
PS 48 utilizes various data sources that underpins the need for the program, the student selection, and instruction. The include the FURBY, ELL Data Update Report (EDUR), NYSITELL and Spring 2025 NYSESLAT (only pertains to possible ELLs in the program). Additionally, PS 48 uses an internal data tracker, Solved portal, ATS reports including REXH, iReady, and IXL reports.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Every teacher teaching in the Title III Immigrant program will receive professional development. Teachers will participate in collaborative professional development to understand the program materials, and instructional units throughout the program duration (February through June).

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Title III Immigrant professional development will consist of 4 sessions once a month in February, March, April and May for 2 hours after school on either a Tuesday, Wednesday or Thursday a day convenient to all program teachers.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Professional development will include incorporating the curricula materials so that teachers become familiarized themselves with the teacher's guides and text topics, in a sustained, ongoing format that is intensive and job-embedded while focused on using data to improve the instruction and foster equitable educational outcomes. The professional development will deepen understanding of and support implementation of best practices in language acquisition. The professional development for teachers will cover metacognitive strategies for using the native language to learn English, strategies for incorporating texts across the school's core curriculum, utilizing the teacher's guides for school curricula, and how to embed technology into the classroom and home learning environments.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Title III program teachers will collaboratively host professional development with each other to provide and facilitate the professional development in an organic format, with the driving guidance provided by the PS 48 ENL Coordinator, Mr. Czarka, NBCT, and Ms. Ledee, ENL teacher.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

PS 48 maintains records of professional development provided in this program via the Title III Immigrant program binder, which includes daily attendance sheets and agendas.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The parent coordinator, (title III funds will not be used), in collaboration with key stakeholders within the school community, including the UCS CSD, will articulate with community-based organizations to develop a professional development series that provides parents of immigrants with a toolbox of skills and strategies to support learning at home, drawing on evidence that building up the home language (L1) accelerates new language (L2) acquisition and learning.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The series of professional developments will provide parents with strategies for supporting language and content learning. Furthermore, since the school represents cultures from across the globe, on five different continents, the professional development series will provide all parents of immigrants the ability to share key cultural experiences with the school community. The end product is dual: deepening parental capacity for supporting learning in the home irrespective of language, and to foster a school community that highlights and leverages its multicultural experiences. The parent coordinator will conduct surveys to determine possible topics and the optimal time to target the most parents.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,

- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The anticipated schedule will be one session in the series per month, to be scheduled at a time most convenient to the school community's parents. The parent coordinator will conduct a survey to determine the optimal time to target the most parents and length of time for each session.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

The professional development series for parents will include the following:
*Addressing the Social Emotional Learning (SEL) for Your Family
*Using the PS 48 Digital Platforms to Support Your Child's Academic Progress
*Using the Home Language to Support your Child in Mathematics and Reading
*Sharing Your Culture with the School Community
*I Don't Speak English...How Can I Help My Child?
*Incorporating Technology to Help Your Child Learn...Even on Your Phone!

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Additional workshops will be provided in collaboration with our CBOs, including PLC, Counseling in Schools, Abundance (Adult/Parent ESL and GED), and UCS. These workshops will be provided at no cost to the Title III program.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents will receive communication via DOE Messenger, phone calls, paper letters sent home, and QR code scans. Phone calls, email and face to face correspondence will be conducted on a needs basis.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

PS 48 maintains records of parent meetings provided in this program via the Title III Immigrant program binder, which includes daily attendance sheets and agendas, which will be stored with the school's parent coordinator.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):
