Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.

- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Meaghan Gribbins	*Principal or Designee	
Chiffon Wells	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Marylin Hernandez	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
Yanelly Peralta	District Council 37 (DC 37) Representative (staff), if applicable	
Tiffany Bethune	Title I Parent Advisory Council Chairperson	
N/A	Student Representative (Required for high schools)	

N/A	Student Representative (Required for high schools)
Fernando Taveras	CBO Representative, if applicable
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)
Tonicka Jackson	SLT Parent
Maria Romero	SLT Parent
Wilmary Rentas	SLT Parent
Paul Blake	Dean of School
Michael Sonnichsen	Assistant Principal
Melissa Agudelo	Teacher/Data Specialisit
Sara Falkenstein	Staff/Teacher
Ashley Cox	Staff/Teacher

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Roxanna Ancher	DHHES Coordinator	
Alexis Morales	Parent Coordinator	
Cristina Cerezo	Guidance Counselor	
Rosanna Cedano	Social Worker	
Ariel Serrano	Family Worker - Attendance	
Cheryl Velazquez	Assistant Principal	
Michael Sonnichsen	Assistant Principal	
Veronica Vadi	UFT Coach	

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

1. Analyze: Data Variation - Identification

April 2025

2. Analyze: Data Variation - Share and Explore

April 2025

3. Analyze: Survey Data

April 2025

4. Listen: Student Interviews

May 2025

5. Envision: Reflect and Synthesize

May 2025

6. Plan Writing and Revision

June 2025

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd

Section 4: School Summary

Accountability Status

Accountability Status: **CSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to build a welcoming and affirming environment where every student feels valued and empowered. We are committed to nurturing the whole student through discovery and personalized growth, while fostering joy and a strong sense of community. By cultivating a strong sense of citizenship, we strive to prepare students to be thoughtful, responsible, and engaged members of their communities.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Longwood Academy of Discovery serves students in grades 3K through 5th grade in the Longwood section of the Bronx. Our school community includes a diverse population: 24% of our students identify as African American and 72% as Hispanic. We are proud to serve a culturally rich student body with varied needs, including 22% English Language Learners, 32% students with disabilities, and 13% students living in temporary housing. Our school building is co-located with a District 75 school and includes an integrated Deaf and Hard of Hearing program, further enriching our inclusive environment. We offer a 50/50 Two-Way Dual Language Program from Pre-K through 5th grade. This program is designed to develop bilingual, biliterate, and bicultural learners by supporting both native Spanish speakers and students seeking to acquire Spanish as an additional language. As a transient school, we are deeply committed to supporting students in temporary housing within the Longwood community. We are a Title I school, with 95% of our students coming from economically disadvantaged families. As a community school, we are proud to partner with New York Edge, which facilitates various community partnerships and provides a robust after-school program. We also collaborate with Astor Services for Children and Families, offering school-based mental health and social-emotional support to students and families. Additionally, through our partnership with the Urban Health Program, we provide comprehensive on-site healthcare services—including primary care, dental care, health education, and social services on site.

Briefly summarize the key initiatives your school will implement this school year.

For the 2025 - 2026 school year we will be implementing the following initiatives:

PBIS Rewards System - PBIS Rewards is an affordable school wide PBIS management system that assists schools in their Positive Behavioral Interventions and Support program. The multi-device platform makes it easy to continuously recognize students for meeting behavior expectations from anywhere in the school, not just the classroom. And with added features like referral tracking, Check-In/Check-Out, and a teacher rewards system, PBIS Rewards helps to foster accountability and positive behaviors among students on an ongoing basis.

Summer Training for Teachers - In order to support teachers with practice and starting the new school year, administration and outside partnerships will support teachers with a first annual two-day training prior to the start of the school year.

PLC for admin/cabinet - Administration will participate in Professional Learning Series through the support of coaches, district personnel, data analysis, calibrating practices, and book studies.

Team Building Opportunities for Staff - Through the use of outside providers, administration, and teacher PLCs staff will have the opportunities to engage in activities which support collaboration, team building, and "breaking bread".

We will be partnering with STEAM to utilize the grant, which includes access to STEAM Labs, coding programs, and LEGO curriculum.

Our continued enrichment experiences will include the following:
Technology class, Science/Hydroponics Lab, Art class, Debate Club, Student Council, and Theater Class.

With partnerships such as: Sun Works (Hydrolab), Calpulli Dance Company, Bronx Arts Hip Hop Dance, Johnny Mac Tennis Project, Asphalt Green Waterproofing Program, Soccer Champions, CSSA/kickball, NYC Parks/Flag Football, District 8 Soapbox Derby, District 8 My Brothers Keeper (MBK), and Rising NY Road Runners our students will be engaged as they will be given authentic learning experiences that are fun and hands on for them.

Attendance: Back-to-School Backpack Giveaway, monthly attendance recognition, parent workshops, award ceremony, resource fairs

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Fundations (ELA)	K-3	Print	
Heggerty	K-2	Print	
Into Reading (English) (ELA)	K-5	Digital and Print	Modify the reading and writing portion to align to the CRSE and NG Standards.
Arriba la Lectura (Spanish for DL program) (SLA)	K-4	Digital and Print	Modify the reading and writing portion to align to the CRSE and NG Standards.
Desmos Amplify Math (in English)	K-5	Print & Digital	Modify for Dual Language
Creative Curriculum	3K and PK	Print	
Estrellita (Spanish Phonics)	K,1	Print and Remote	

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

Last year's success in meeting annual goals was driven by a strong collaborative culture and strategic partnerships. Weekly meetings with the Instructional Leadership Team and School Improvement Team ensured alignment on initiatives, while support from the UFT and EFE Coach enhanced classroom practices. Inter-visitations within the district and model classrooms fostered professional learning and shared best practices. A strengthened data team enabled targeted support for students, particularly through initiatives like My Brother's Keeper and the NYC Sprint Initiative for grades 3–5. Additional programs such as Saturday School, the Morning Program, and the 2nd Grade Gear Up initiative provided extended learning opportunities. The partnership with New York Edge further enriched student experiences through community-based support.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

While the school made meaningful strides toward its annual goals, several ongoing challenges presented opportunities for growth. High levels of chronic absenteeism continued to impact student achievement and engagement. Additionally, there were areas for improvement in maximizing the use of in-house resources and support systems to better meet student and staff needs. The introduction of multiple new initiatives, alongside the transition to a new administrative team, required significant adjustment from staff and highlighted the need for continued support and clear communication during periods of change.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

Student interviews informed the development of our plan by providing opportunities for us to learn about their experiences in our goal to move the school forward.

The interview process helped students identify aspects within the school community that students really enjoyed. Students that were interviewed in all grade areas identified that visiting the school "BRAVE CAVE" was a top activity that students valued. Students across all areas identified sports and going on trips as something else that was very enjoyable.

Second grade students who were interviewed expressed excitement about being part of the swimming and tennis that occurred weekly off campus.

Some academic areas that students mentioned were FUNDATIONS and Math. Some students identified that they enjoyed math, especially ten frames. Students interviewed also indicated that they enjoyed typing software that was taught in technology.

Several students mentioned that they experienced growth in Social Emotional Areas such as self awareness and getting along better with others.

Students statements include:
"What helped top improve this year was Iready, WIN period"
"Taking the state exam"
"Classroom activities that helped me were small groups, stations and WIN"
"I really loved soccer and tennis"

Moving forward we will continue to keep these students experiences at the center of our development plan.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

No

Community Schools

Yes

Elementary School Looping

Yes

Establish an Early-Warning Intervention and Monitoring System

No

Evidence-Based Instruction Implementation

Yes

Expanding Access to High-Quality Out-of-School-Time Programs

Yes

High Quality Instructional Materials

Yes

High Quality Tutoring

Yes

Incoming Student Induction Programs

No

Increased Learning Time

Yes

Instructional Coaching

Yes

Middle School Flexible Scheduling

No

Multi-tiered Systems of Support – Integrated (MTSS-I)

Yes

Ongoing Job-Embedded Professional Development

Yes

Principal Leadership Development

Yes

School Accountability Data

Subgroup	Accountability Status for Subgroup in 2023-24 school year	Weighted Avg. Ach. Level	Core Subject Perf. Index Level	English Language Proficiency Level	Chronic Abs. Level
Black	TSI	1	1		1
All	CSI	1	1	2	2

Civic Empowerment Projects

Every school identified for the Comprehensive Support and Improvement (CSI) support model is required to implement a Civic Empowerment Project designed to increase student and family participation in decision-making.

Schools are required to select one of the six options listed below to address the requirement AND should be prepared to report on their implementation of their selected choice throughout the year.

Indicate your school's Civic Empowerment Project selection:

Design Your Own

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on MOY Acadience 40% are proficient on NWF. Out of 182 students, 72 are proficient in NWF.	- Inconsistencies in Tier 1 instruction with decoding strategies -Inconsistencies in Tier 1 instruction with letter naming and sound fluency.	- Instruction with appropriate scaffolds as part of Tier 1 learning that strengthens phonemic awareness.
Based on MOY Iready, 84% of 3-5 students are below level on vocabulary domain. That is 167 students out of 199.	- Lack of formal accountability in Tier 1 instruction using grade level academic vocabulary	- Explicit academic and domain-specific vocabulary instruction in tier one that leads to vocabulary acquisition opportunities.
According to MOY iReady ELA Data, 52 black students in 3-5 tested, 8% of students (4 students) are proficient	-Inadequate application of Tier 2 and Tier 3 interventions to address specific gaps.	- Professional Learning on using data to group for instruction. - Professional Development in implementing Tier 2 and Tier 3 interventions with fidelity.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52%	By June 2026, literacy for All Students will improve by a 5% Increase, from 52% to 57%, of proficiency in levels 3/4s as measured by Acadience.
All Students	24%	By June 2026, literacy for All Students in grades 3-5 will improve, as measured by a 5% Increase, from 24% to 29%, of Proficiency on the NYS State ELA Exam.
Black Students	9%	By June 2026, literacy for all Black Students will improve, as measured by a 10% Increase, from 9% to 19%, of Proficiency on the NYS State ELA Exam and Acadience.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Station Teaching.

Root Cause Addressed:

Station teaching is an instructional model to target multiple skill deficits and inconsistencies in Tier 1 instruction.
Station teaching will address phonemic awareness by providing dedicated, multisensory practice in groups where students engage in blending, segmenting, and sound manipulation with immediate feedback. It will also address Tier 1 decoding strategies by providing targeted instruction that reinforces consistent routines, language, and application of phonics skills.
Station teaching supports reading comprehension and academic vocabulary by providing targeted, consistent instruction through varied, small-group tasks that reinforce key skills and concepts.
Station teaching will address academic stamina by building structured, timed routines that increase students' focus and independence.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will participate in a 6–8 week professional development cycle, focused on supporting the implementation of Station Teaching in Tier 1 Instruction with school based ELA coaches and consultant coaches.
Students will be placed in flexible, data-informed groups to receive targeted Tier 1 instruction in specific skills, such as phonemic awareness and vocabulary development.
Teachers will participate in a 6–8 week professional development cycle, supported by a range of resources including a book study of Explicit Instruction, collaboration with a UFT coach, and guidance from external instructional coaches.
Internal and external intervisitations will be conducted with a strategic focus on implementing Station Teaching during Tier 1 instruction.
Teachers will engage in Professional Learning Communities (PLCs) during biweekly common planning periods to reflect on practices, share insights, and plan for implementation.(2x a month)
Throughout the 6–8 week cycle, teachers will analyze student work using the IF WHAT, SO WHAT, NOW WHAT protocol and progress monitor results during a differentiated professional development session, identifying trends to inform future instruction and assess student growth in targeted skill areas.
Student Data every 6-8 weeks will be reassessed to collaboratively determine next steps as a team.
Teachers will continue station teaching using data to ensure all students receive explicit instruction in centers/stations with

appropriate scaffolds of as part of Tier 1 learning that strengthens phonemic awareness.
Rubrics will be completed by coaches and colleagues to provide feedback to teachers implementing Station Teaching during walkthroughs and intervisitations.

Key Strategy 2 (Optional):

Explicit instruction

Root Cause Addressed:

Explicit instruction can address NWF and academic vocabulary acquisition by providing teachers with clear, structured modeling of effective instructional routines for decoding strategies, letter naming, and sound fluency.

Explicit instruction enhances reading comprehension and academic stamina by modeling strategies and providing scaffolded, gradual practice. It also ensures more consistent Tier 1 instruction by ensuring direct instruction of grade-level, domain-specific, academic vocabulary in context.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will participate in a 6–8 week professional development cycle, centered on Explicit Instruction: Effective and Efficient Teaching by Dr. Anita Archer, and led by ELA coaches (Mrs. Vadi) and consultant coaches (Dr. Gregory & Associates).
Teachers will participate in Professional Learning Communities for explicit instruction and coaching support from Dr. Gregory and UFT coach.
Teachers will receive ongoing support of explicit instruction implementation through intervisitations, coaching, Professional Learning Series with UFT coach, collaborative learning and continuous professional learning.
Teachers will engage in common planning periods and Monday professional development monthly to reflect on best practices and plan for implementation.
Internal and external intervisitations will take place during literacy instruction, Tier 1 instruction, with strategic focus on explicit instruction.
During the 6-8 week cycle teachers will analyze student work using the IF WHAT, SO WHAT, NOW WHAT protocol to progress monitor and identify trends to inform future explicit instruction and assess student growth.
After the 6-8 week cycle teachers who are in need of additional support will engage in intervisitation with Lab classrooms and co-planning with UFT coach.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In September, teachers will begin Professional Learning Communities with coaches and administration with a focus on explicit instruction in Tier 1 curriculum support and Station Teaching. Teachers and coaches will decide the two instructional strategies for explicit instruction to be focused on throughout the year. They will create a rubric and checklist to support teachers during walkthrough visits and inter-visitations. From October - June, teacher classroom walkthroughs with instructional feedback and next steps for Tier 1 Instruction and station teaching. Feedback will come from administration, coaches, and peers. Walkthroughs

will include administration, UFT Teaching Center Coach, Outside Coaches, and district representatives. Series of Professional Learning in alignment with strengthening Tier 1 Instruction and Station teaching strategies. Teachers will engage in 6–8-week cycles provided by multiple stakeholders that will focus on data. Student learning will be assessed through Tier 1 curriculum assessments and data, as well as progress monitoring tools (iReady and Acadience). In November, standard mastery using iReady will be used to progress monitor student learning. Dr. Gregory & Associates PLC will begin in September with a monthly visit to support alignment in Tier 1 Instruction and through station teaching. Coaching will be provided to support the development of tier 1 instruction through station teaching.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	09/09/2025	What to expect from HMH curriculum? What to expect from Fundations?	Parent Coordinator, ELA Ambassador, Administration
10/14/2025	10/14/2025	Screener Assessments (Iready/Acadience)	Parent Coordinator, ELA Ambassador, Administration, CBO leveraged
11/11/2025	11/11/2025	Explaining Your Child's IEP	Parent Coordinator, IEP teacher Administration, CBO leveraged
01/13/2026	01/13/2026	Supporting literacy at home	Parent Coordinator, ELA Ambassador, Administration, UFT Coach
02/10/2026	02/10/2026	Understanding NYSESLAT for ELLs	Parent Coordinator, ENL Teacher Administration,
04/14/2026	04/14/2026	Understanding how to navigate IREADY	Parent Coordinator, Tech Teacher
05/05/2026	05/05/2026	How to prepare your child for state testing?	Parent Coordinator, ELA Ambassador, Administration,
12/16/2025	12/16/2025	Multilingual Families - Supporting ELA at home	Parent Coordinator and ENL teacher
03/10/2026	03/10/2026	ELA in the digital age using technology to boost literacy.	Parent coordinator and Tech teacher

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Dr. Gregory & Associates, Coaches, ELA consultants, School Administration, Coaching For Excellence, Teaching Matters

Instructional Resources

HMH Into Reading, Fundations, Phonics for Reading, SPIRE, Explicit Instruction by Anita Archer

Schedule Adjustments

6 period prep - SBO passed, ELA Blocks 90 Minutes, "What I Need" period 4th & 5th, Fundations same block scheduling, Departmentalization

Other Resources Needed

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Dr. Gregory & Associates consultants to work with teacher leaders to develop rubric and professional development regarding Explicit Instruction utilizing Explicit Instruction by Anita Archer.

Evidence-Based Intervention Category

Per session activities with consultants and administration utilizing the book Explicit Instruction by Anita Archer. Activities will include the creation of a rubric aligned to the evidence-based interventions.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the June 2025 OORs report, there was an 11% increase in Level 3 infractions from 44% (89 infractions) to 55% (114 infractions).	Inconsistent implementation of Tier I behavior expectations and school wide behavioral systems.	Create systems to ensure fidelity of intervention, implementation, and follow-up support for students demonstrating high-level behaviors
According to the June 2025 OORs report, there were 9 out of 17 (53%) confirmed PMI occurrences involving Harassment and Bullying.	Students have limited access to consistent instruction and learning opportunities that promote Respect for All values.	Provide explicit instruction and reinforcement of anti-bullying expectations through advisory, classroom lessons, and assemblies.
Based on the June 2025 OORS Student Accused Recidivist Report, 40% of students with repeated behavioral incidents (26 students) were identified as Black and were involved in Level 3 infractions.	Limited staff training in culturally responsive, restorative, and de-escalation practices to address high-level behaviors.	Support teachers in building meaningful, trusting relationships with all students by providing professional learning focused on anti-bias practices and culturally responsive teaching and de-escalation practices.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	114 infractions	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20 Decrease, in Decrease number of level 1-3 occurrences from 114 infractions to 94 infractions, per the Online Occurrence Reporting System (OORS) reports.
All Students	9	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5 Decrease, in number of confirmed PMI occurrences from 9 to 4, per the School Safety and Climate Dashboard .
Black Students	26	By June, 2026, physical and mental wellness for Black Students will improve, as measured by a 5 Decrease, in Decrease in level 3 infractions from Black students from 26 to 19, per the Online Occurrence Reporting System (OORs) - Student Accused Recidivist Report.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

20

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

26

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Creating, implementing and strategically sharing systems and protocols with all stakeholders through professional development and staff handbook.

Root Cause Addressed:

Implementing clear systems and protocols ensures consistent, effective support for students with high-level behaviors. This includes structured referral and progress monitoring processes, regular team meetings for coordination, and staff training to maintain fidelity. Digital tools can streamline tracking and follow-up, while a tiered support model ensures timely, targeted interventions. Together, these systems promote accountability and sustained student success.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Protocols & Procedures will be taught to staff by the Dean and Admin through Professional Development with clear consistent guidelines and protocols for restorative practices, ladder of referrals, disciplinary protocols, and PBIS.
PBIS Rewards will be rolled out through a townhall/Pep Rally in September for students and staff. Continued townhall/Pep rallies will continue to happen on an 8 week cycle in order to strengthen positive behavior. These will be planned and presented by the PBIS Team.
PBIS initiative and incentives will be mapped out on calendars for gift shopping that all stakeholders will have access to. This will be done by the PBIS team. BRAVE Cave incentive shopping will take place biweekly, with emails sent by PBIS team to staff to ensure shopping for incentives takes place.
The PBIS Rewards system training will include time for staff to prepare for how they plan on implementing the strategy in their respective areas. Training will take place by the PBIS Team. Biweekly data checks of PBIS rewards will determine what training needs to take place regarding the platform.
The usage of the PBIS rewards system will be monitored through bimonthly meetings. CBO and PBIS teams can be leveraged to identify best practices in using the app with fidelity.
The PBIS rewards system will provide data on students behaviors based on points received in classrooms. This data will be analyzed by the PBIS Team regularly and discussed at biweekly meetings.

Key Strategy 2 (Optional):

Restorative circles will be used as a strategy to build community and resolve conflict through structured, respectful dialogue.

Root Cause Addressed:

Restorative circles provide a structured, inclusive space for students and staff to engage in open dialogue, fostering empathy, accountability, and community. When integrated into advisory, classroom lessons, and assemblies, they offer a powerful platform for explicitly teaching and reinforcing anti-bullying expectations. These circles also support the development of meaningful, trusting relationships by encouraging active listening and mutual respect. For educators, restorative practices can be paired with professional learning on anti-bias, culturally responsive teaching, and de-escalation strategies—empowering them to create safe, supportive environments where all students feel seen, heard, and valued.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Collaboration with district personnel (Social Work Department) to train staff and provide reasoning for restorative circles in a 6-8 week cycle
Restorative Circles will be introduced during whole staff PD at the beginning of the year with the explanation of expectation of using restorative circles with students. These circles will be revisited throughout the year and provide staff multiple opportunities to practice with these restorative circles.
Dean of students will create and model how to set norms for restorative circle by setting clear guidelines for respect and listening while identifying spaces for circles.
Dean of students and Social Worker will create opportunities for students to engage with restorative circles with students who are experiencing conflict.
Students will share personal experiences and respond to prompts that encourage empathy and respect during community-building circles. When conflicts occur, they can work together to discuss what happened, understand its impact, and agree on steps to make things right.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure the PBIS rewards system supports our goal, we will use monitoring through PBIS Leadership Team meetings, teacher teams, and coaching cycles. Staff participation in professional development on Respect for All protocols and PBIS app usage will be tracked using logs, sign-in sheets, and post-PD reflections to assess understanding and readiness. Implementation fidelity will be monitored through walkthroughs. The PBIS Leadership Team will review dashboard data monthly, including student point trends, classroom participation, referrals, and reward redemption rates. Townhall events will be documented through agendas and photos, and staff/student surveys will provide feedback on motivation, app usability, and overall effectiveness. These structures will allow for mid-course adjustments during monthly team meetings, ensuring alignment with the SMART goal. Artifacts collected will include walkthrough checklists, PD attendance records, PBIS dashboard reports, and survey results.

Implementation of restorative circles will be monitored through teacher teams, coaching cycles, and monthly leadership reviews. Staff training attendance and feedback will be collected to gauge readiness, and a rollout calendar will guide implementation. Expert-led modeling and coaching cycles will support staff during early phases. Monthly non-evaluative walkthroughs and brief staff reflections will assess fidelity and impact on classroom culture. OORS data will be reviewed during safety team meetings to monitor behavior trends, and intervisitations will highlight effective practices and provide peer support. Progress will be reviewed during leadership and teacher team meetings to make mid-course adjustments that improve outcomes aligned with the SMART goal. Data and artifacts collected will include training attendance logs, walkthrough checklists, staff reflections, OORS reports, and intervisitation notes.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/12/2025	09/12/2025	Welcome back townhall/Pep rally. How can I support my students in understanding behavioral expectations?	School administration, PBIS team ,CBO New York Edge leverages
10/01/2025	10/01/2025	Parent-Student handbook Signing Day	School administration, PBIS team ,CBO New York Edge leverages
05/26/2025	05/26/2025	PBIS Rewards Gala	School administration, PBIS team, Teachers, CBO New York Edge leverages
11/14/2025	11/14/2025	Elevate Workshop for Parents & Students on Bullying versus Conflict	Parent Coordinator, School administration, PBIS team, Teachers, CBO New York Edge leverages
01/08/2026	01/08/2026	Elevate Workshop for Parents on SEL Activities at home.	Parent Coordinator, School administration, PBIS team, Teachers, CBO New York Edge leverages
02/10/2026	02/10/2026	Respect For All TownHall for students	Parent Coordinator, School administration, PBIS team, Teachers, CBO New York Edge leverages
04/14/2026	04/14/2026	De Stress The Test	School Counselors, Parent Coordinator, School administration, PBIS team, Teachers, CBO New York Edge leverages

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

PBIS team, CBO New York Edge , School admin, Social Worker Department, Dean of Students, Success mentors, Elevate Workshops

Instructional Resources

PBIS Rewards System & CASEL Social Emotional Learning

Schedule Adjustments

Weekly team meetings, K-2 bi weekly and 3-5 monthly rewards shopping with calendar for brave cave visits, monthly town halls/Prep rally

Other Resources Needed

Rewards, Success mentors

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the Measurement & Data and Geometry standard, 16% of students in grade K-5 are proficient in Measurement & Data; 14% of students in grades K-5 are proficient in Geometry as measured by iReady June 2025. From June 2024 in comparison to iReady a x% decrease in 2-5.	Students enter the grade with math foundational gaps.	Hands on manipulatives during station teaching to demonstrate thinking and understanding
Students require additional support in Numbers and Operations. 401/415 tested in the standard and only 23% displayed proficiency in Number and Operations as measured by iReady June 2025.	-Differences in teachers experience levels and content knowledge results in learning gaps. -Students inconsistency of vertical and horizontal knowledge of math foundational skills.	Departmentalization and creating math lab classrooms
According to the NYS Math Exam, 9% of black students are proficient	47% of 100 Black Students are Chronically Absent	Utilizing CBO to have success mentors aimed at increasing attendance rate and academic performance in class

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20%	By June 2026, Math proficiency for all students in grades 3-5 will improve by a 5% increase from 20% to 25%, as measured by the NYS Math Exam.
All Students	29%	By June 2026, math for all students in grades K-5 scoring at levels 3 & 4 will improve by 5%, from 29% students to 34% students as measured by iReady screeners.
Black Students	x	By June 2026, math for all black students in grades 3-5 will improve, as measured by a 5% increase, from 9% to 19% as measured by the NYS Math exam.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Hands on manipulatives during station teaching to demonstrate thinking and understanding. Professional development to broaden teachers' understanding and use of different ways for students to demonstrate understanding of mathematical principles.

Root Cause Addressed:

Hands-on manipulatives in station teaching ensure consistent Tier 1 math instruction by reinforcing foundational skills. Use of manipulatives during whole group and station learning helps students demonstrate their thinking in measurement, and geometry and allows teachers to use this information to teach to student needs. Teachers will use manipulatives during tier 1 instruction effectively during teacher led small group stations. The use of manipulatives will provide direct guidance and allow for the teacher to observe individual student thinking. The use of manipulatives will also be used to introduce new math concepts in a hands-on way.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will participate bimonthly in a 6-8 week professional development cycles, with a focus on implementation of manipulatives in Tier 1 instruction and station teaching with school based coaches and Desmos consultants. Math Ambassador will attend monthly district meetings to turn key at weekly ILT meetings.
Teachers will choose manipulatives that align with the specific learning objectives of each station activity. Teachers will strategically incorporate manipulatives into stations that are engaging, hands-on, and effective Tier 1 math instruction for all your students.
Teachers will meet bimonthly during common planning meetings to review and share in best practices and plan implementation of manipulatives usage during daily instruction. Strengthening use of different stations rooted in understanding the standard under study.
Internal and external weekly intervisitations during math instruction will be conducted by teachers who have been paired according to data with a strategic focus on manipulatives and station teaching during Tier 1 instruction.
Teachers will meet every 6-8 weeks to share their analysis of students' progress and identify trends to inform future instruction and assess student growth.

Key Strategy 2 (Optional):

Departmentalization and creating math lab classrooms. Departmentalization and math lab classrooms provide targeted professional development that equips teachers with specialized content knowledge needed for core instruction.

Root Cause Addressed:

Strengthen teacher expertise to ensure delivery of core math instruction that will improve student learning outcomes.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers receive PD on departmentalization and district math expectations on a 6-8 week cycle. The PD will provide best practices to support onboarding. For math labs, teachers will have monthly visits to increase planning time, promote professional learning, reduce isolation in teaching, and foster collaboration.
Initial phase for roll out includes group meetings that support teachers organize intervisitations, district guidance on best practices in departmentalized settings, and administrator support in upholding teachers fidelity to NGLS and curriculum pacing.
Staff will be supported during the roll out by having two math blocks, non-evalutory intervisitations with reflection meetings to strengthen instructional practice, and a math ambassador to turnkey district initiatives and guidance. Also, teachers will have summer opportunities to assist with unpacking curriculum and planning out best practices for the beginning of the year.
Math PD's led by the school math ambassador will allow teachers to reflect on acquired knowledge by having 30 minutes to plan with grade teams. Other PD's led by admin or curriculum consultants will also provide time for teachers to reflect and plan for how they can improve instruction.
Teacher surveys provided by Amplify Desmos will measure efficacy of skill to gauge how teachers are benefiting from skill. Surveys will be used at the conclusion of each unit to allow for immediate support.
Strategy will be measured at the end of each Amplify Desmos unit, as well as BOY, MOY, and EOY of iReady screeners. Additionally, NYS results will be reviewed to measure student outcomes as a result of the strategy.
Curriculum consultants will visit and provide professional development to support teachers who require additional support with leveraging curriculum.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In September, teachers will begin Professional Learning Communities with coaches and administration with a focus on departmentalization, creating math lab classrooms, and hands on manipulatives during station teaching. The primary structures to progress monitor the implementation of key strategies and action steps will be: using BOY, MOY,EOY iReady screeners, EOU Form A from Amplify Desmos assessments, "Show What You Know" and "Wrap-Up" (Exit tickets) from Amplify Desmos, and monitoring chart suggested by district math team. Data points will be analyzed as a part of a six week cycle to reflect on classroom practices. Teachers will use the NYC Solve implementation checklist to support teachers during walkthrough visits and inter-visitations happening from October to June. Feedback will come from administration, coaches, and peers. Walkthroughs will include administration, UFT Teaching Center Coach, Outside Coaches, and district representatives. Teachers will engage in 6–8-week cycles provided by multiple stakeholders that will focus on data. Dr. Gregory & Associates PLC and coaching will begin in September with a monthly visit to support departmentalization, creating math lab classrooms, and hands on manipulatives during station teaching.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Back to school night to introduce new strategies and curriculum.	Parent Coordinator, School Administration, CBO leveraged
10/14/2025	10/14/2025	What is Amplify Desmo and how can I support my child?	Parent Coordinator, School Administration, Desmo consultant, Math Ambassador, CBO leveraged
11/14/2025	05/20/2026	Monthly parent workshop to introduce new units of study.	Parent Coordinator, School Administration, Math Ambassador, CBO leveraged
12/02/2025	12/02/2025	Getting ready for MOY (Iready) Supporting my child with upcoming assessments.	Parent Coordinator, School Administration, Math Ambassador, CBO leveraged
03/03/2026	03/03/2026	Preparing for State Exam	Parent Coordinator, School Administration, Math Ambassador, CBO leveraged
06/09/2026	06/09/2026	Summer Practice Strategies	Parent Coordinator, Math Ambassador, CBO leveraged

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Dr. Gregory & Associates, School administration, Teaching Matters, Amplify Desmos consultant, Math School Ambassador

Instructional Resources

Amplify Desmos

Schedule Adjustments

Math blocks 90 minutes, Departmentalization, Intervisitations

Other Resources Needed

none

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Working with Dr. Gregory & associates over the summer to unpack new math curriculum and align pacing.

Evidence-Based Intervention Category

Use of manipulative to explicitly teach math concepts and skills.
Vertically and horizontally align pacing of math skills.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Insight indicates that only 24.5% of parents have activated their child's Kids Rise account	Lack of informational workshops during after school hours	Increased opportunities for parents to enroll and receive support in how to access the Kids Rise account.
NYS Science Assessment indicates that 13% of students are proficient.	Discrepancy in pacing across science classrooms	Increase opportunities for strengthening alignment to pacing.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24.5%	By June, 2026, the Percentage of active NYC RISE college savings accounts for All Students will Increase by 25% from 25% to 50% as measured by NYC RISE enrollment reports.
All Students	12%	By June 2026, proficiency levels for students will increase by 10% from 12% to 22% as measured by NYS Science Assessment.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning to Support Effective Family Workshops
This strategy focuses on equipping staff with the knowledge and skills to plan, promote, and facilitate impactful family workshops that increase parent engagement and support student achievement.

Root Cause Addressed:

Increasing the number of family workshops creates more accessible opportunities for parents to learn how to enroll in and navigate the Kids Rise account system. These workshops provide hands-on guidance, address individual questions, and build digital literacy, empowering families to take full advantage of the financial tools and resources available through the program. By fostering a welcoming, supportive environment, workshops also strengthen school-family partnerships and promote greater long-term engagement in students' educational and financial futures.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review enrollment data to identify students without activated Kids Rise accounts. Call parents to remind them about Kids Rise Lab and upcoming workshops.
Use GAMA system to send reminders and workshop details to all parents. Include benefits of Kids Rise participation.
Distribute monthly flyers to students to take home, explaining account activation steps and benefits.
Set up a table during student arrival with staff and iPads to assist parents in activating accounts on the spot.
Host virtual workshops after school hours to explain benefits and guide parents through
Post workshop dates, benefits, and success stories on school social media and ClassDojo.

Key Strategy 2 (Optional):

Professional Development to improve effective implementation of science curriculum

Root Cause Addressed:

Develop and implement a structured professional development plan that aligns with state and national science standards by using science standards and formative assessments. Support collaboration by engaging teachers in regular planning sessions to share

best practices. Monitor and adjust collection of data to inform classroom instruction and refine pacing throughout the year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Organize collaborative science projects and fairs where students showcase learning. Collect data on student engagement and mastery to identify effective instructional practices.
Coaches provide targeted support to teachers on using formative data to differentiate instruction and integrate hands-on science activities.
Conduct monthly PD focused on specific science strands (Physical Science, Life Science, Earth Science). Include model lessons, hands-on activities, and strategies for inquiry-based learning.
Facilitate teacher visits within and outside the school to observe best practices in science instruction. Debrief sessions to reflect and plan implementation.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure the strategy, action steps, monitoring, and targets are logically connected and collectively support goal attainment, the school will implement structured processes for outreach and review. The overarching strategy is Professional Learning to Support Effective Family Workshops, aimed at increasing parent engagement and Kids Rise account activation. The Parent Coordinator, alongside the Community Coordinator, will conduct outreach through phone calls, GAMA messages, flyers, and social media to promote Kids Rise workshops. Communication logs will be maintained to track the frequency and reach of parent communications, including the number of phone calls made and responses received, GAMA message delivery and open rates, and the number of flyers distributed and returned when applicable. Workshop attendance will be monitored through physical or digital sign-in sheets for both in-person and virtual sessions, and monthly updates on Kids Rise account activation will be collected to measure progress toward the SMART goal.
Monitoring will occur through bi-weekly Family Engagement Team meetings to review communication logs, attendance data, and activation reports, and monthly Leadership Team meetings to analyze trends and identify families needing additional outreach. Coaching cycles will provide support and feedback to staff facilitating workshops to ensure consistency and effectiveness. Progress will be reviewed regularly, and mid-course adjustments will be made based on data trends, such as modifying workshop times, increasing targeted outreach for families with low engagement, and refining workshop content based on parent feedback. Data and artifacts collected will include communication logs, GAMA open rates, flyer distribution records, workshop attendance sheets, and Kids Rise activation reports. These structures and processes will ensure fidelity of implementation and help achieve the expected impact of 90% Kids Rise account activation by February, strengthening family-school partnerships and supporting financial literacy for students.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/11/2025	06/23/2026	Kids Rise Lab days	Parent Coordinator, Community Coordinator
10/17/2025	06/26/2026	Monthly Kids Rise Parent workshop in person and Virtual	Kids Rise, Parent Coordinator, CBO staff
10/22/2025	06/01/2026	Family Investigation Nights	Parent Coordinator, Community Coordinator
05/01/2026	05/01/2026	District/School Science Fair	Parent Coordinator, Community Coordinator, CBO staff, Science Teachers, UFT coach

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Admin, Community Coordinator, UFT coach, Science Teachers

Instructional Resources

Kids Rise Workshops, Kids Rise resources and information packet, Amplify

Schedule Adjustments

After School Workshops, Morning arrival table event

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School Survey shows 88% of parents believe that conflicts are resolved fairly in school	Lack of training on restorative circle practices	Professional development on restorative circles
School Survey shows that 86% of parents attended a school meeting event or parent teacher conference	Minimal communication with parents on events	Use our parent-facing platforms more effectively. Use personal outreach and Promote parent workshops through our school messaging systems.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	88%	By June, 2026, there will be an Increase by 5% from 88% to 93% as measured by NYC School Survey Results in conflict resolution.
Parents of All Students	86%	By June, 2026, there will be an Increase by 5% from 86% to 91% as measured by NYC School Survey Results in parent engagement.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning and Family Engagement to Strengthen School-Home Partnerships
This strategy focuses on improving communication, building trust, and increasing family involvement to support student achievement and SMART goal attainment.

Root Cause Addressed:

Establish consistent two way communication with parents

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will create and share newsletters with parents highlighting curriculum updates, upcoming events, and student achievements.
Parent Coordinator, STH Community Coordinator, Title I Chair, and PTA will distribute surveys to gather feedback on school climate, communication preferences, and involvement interests.
Host events such as breakfasts and award ceremonies to recognize and thank involved families.
Teachers and staff will use ClassDojo for real-time updates, translation support, and direct communication with parents.
STH Coordinator, CBO New York Edge, and Parent Coordinator will host fairs where families access resources to overcome barriers. Urban Health collaborates with CBO and Parent Coordinator to provide health-related resources
Parent Coordinator and STH Coordinator will share monthly workshop promotions via social media and the school website.
Host a minimum of three workshops per month on topics such as academic support, social-emotional learning, and community resources.

Key Strategy 2 (Optional):

Implement a Restorative Practices Framework to Resolve Conflict and Build Community

Root Cause Addressed:

Lack of training on restorative circle practices

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development: Provide training for teachers and staff on restorative circles, active listening, and de-escalation techniques.
Engage Families in the Process with Parent Workshops: Offer sessions on restorative practices and how to support conflict resolution at home.
Use Success mentors to facilitate more serious restorative circles
PBIS will host student workshops to teach students conflict resolution skills, empathy, and how to participate in restorative conversations/ restorative circle

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Using a tracking system to monitor restorative practices. Leadership Team to review data regularly and adjust strategies

Review restorative practice data from the tracking system

Discuss challenges and successes

Identify students needing additional support

Share best practices and strategies

Keep monthly meeting notes in a shared folder

Track action items and follow-ups

Monthly meetings with Success mentors to discuss implementation and share insights.

Celebrate and Communicate Wins

Share progress with staff and families through newsletters, bulletin boards, and assemblies.

Include new Award categories for our yearly awards gala where parents and students are celebrated

Parent coordinator will Use surveys to monitor parent responsiveness to restorative practices that include open ended answers for parents to express their experience.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
08/28/2025	08/28/2025	Welcome Back Resource Fair	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator
09/17/2025	09/17/2025	Back to school Night & Resource Fair	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator
08/26/2025	05/30/2026	Resource Fair & Free Flea Market	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator
01/14/2026	01/14/2026	Parent workshop on restorative practices and how to support conflict resolution at home	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator
12/09/2025	12/09/2025	Addressing bullying Parent workshop	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator
02/24/2026	02/24/2026	Stress Management Parent Workshop	CBO NYE, Graham Windham, Urban Health, Astor Services, Administration, Community Coordinator, Parent Coordinator

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

CBO, Admin, Parent Coordinator, Community Coordinator, Graham Windham, Urban Health, Astor Services,School Counselor

Instructional Resources

Pamphlets, Parent Workshops, Flyers, Newsletter, professional development for staff

Schedule Adjustments

After School workshops and Summer Resource Fair

Other Resources Needed

Swag, Raffles

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Insight indicates for the 2024-2025 SY YTD attendance is 89%	Inconsistent outreach to share the importance of daily attendance, the attendance policy, and the community resources available to support .	Implement consistent outreach to highlight attendance importance and policies.
Insight indicates for the 2024-2025 SY YTD Chronic Absenteeism is 45%	Caregivers lack familiarity of community and school resources	Build systems to regularly share community and school resources with families.
Based on Insight data Chronic Absenteeism for Black students is 47%	Lack of utilization of school to community resources.	Strengthen school-community partnerships to boost resource use and family support.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	88%	By June 2026, the Overall Attendance for All Students will increase by 5%, from 88% to 93%, as measured by the Insight Attendance Reports.
All Students	46%	By June 2026, the Chronic Absenteeism Rate for All Students will decrease by 5%, from 46% to 41%, as measured by the Insight Chronic Absenteeism Reports.
Black Students	47%	By June 2026, the Chronic Absenteeism Rate for Black Students will decrease by 5%, from 47% to 42%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Systems created to advertise community and school resources.

Root Cause Addressed:

Systems that advertise community and school resources increase caregiver awareness and accessibility by providing clear, organized, and consistent information. This helps caregivers better understand and utilize available supports to meet their children's needs. Develop and maintain systems that clearly and consistently promote community and school resources to increase caregiver awareness and access to support services for their children.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers and staff will be provided with Professional Development on how to provide supportive resources to families. Including PD regarding services and resources available for parents in the school
Resource Fair for the school community that will provide resources from community partners based on needs.
Quarterly attendance meeting to provide families with attendance expectations as well as provide any additional supportive services the family may need.
OPW time will be utilized for teachers to conduct outreach and present resources to the families.
Teachers and staff will provide outreach via e-mail in order to disseminate information for the i-log platform.
The attendance team will review outreach data during weekly meetings.
Teachers are provided with grade level support regarding outreach and resources.
EOY 2025 - Parents and staff are provided with expectations of start date for new school year, Sept. 4th

Key Strategy 2 (Optional):

Campaigning for Attendance

Root Cause Addressed:

An Annual Attendance Campaign ensures consistent, school-wide communication about the importance of daily attendance and clearly shares the attendance policy. This regular outreach raises awareness and encourages families to prioritize attendance throughout the year.
Implement an Annual Attendance Campaign to ensure consistent, school-wide communication about the importance of daily attendance and to clearly convey attendance policies. This ongoing outreach fosters awareness and encourages families to prioritize regular school attendance year-round.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will receive training on entering attendance remotely , staff will also be receiving a professional development explaining the attendance protocols as well as what are the expectations.
Communicate to stakeholders their role in addressing absenteeism teachers, admin, and support staff. Hand out flyers with attendance rubric/ladder of intervention
Support teachers in communicating through apps to families in being the first line of defense
Staff will communicate to the families during PWT
Staff will have access to a google form/ excel to communicate with attendance team to monitor outreach
During weekly attendance meeting team will review data tracking that we are meeting our goals
informing staff of in house resources to help bridge the gap with any barriers
Hand out flyers with attendance rubric/ladder of intervention

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will start participating in Professional Learning Communities alongside coaches and administrators in September, with an emphasis on providing clear training in attendance protocols. From October - June the attendance team will conduct weekly meetings to review outreach data. Teachers and staff are providing outreach via e-mail to disseminate information for the i-log platform.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/18/2025	06/26/2026	Principals Roundtable/Attendance Recognition Monthly with SWAG	Parent Coordinator CBO Principal
09/09/2025	06/25/2026	Attendance Parent Workshop Bi Monthly	CBO Parent Coordinator Attendance Teacher
05/26/2026	05/26/2026	Attendance Award ceremony	Attendance team, Admin, CB, support staff
08/25/2025	08/25/2025	Back to school event with Resource tables and backpack giveaway.	Parent Coordinator, CBO
09/16/2025	09/16/2025	Workshop:The Importance of Attendance (Resources/ Support)	Parent Coordinator, Administration, Attendance Committee
10/22/2025	10/22/2025	How attendance impacts academics	Parent Coordinator and AdministrationThe
01/12/2026	05/01/2026	Graduation flyer distribution including back to school dates and attendance tier chart.	Parent Coordinator, Admin, CBO
08/25/2025	06/26/2026	Quarterly Resource Fairs with community partners to provide access and signing up parents for resources.	Astor Services, CBO, Graham Windam

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
According to the Acadience EOY and iReady ELA diagnostic, 37% (41 students) with IEPs are proficient.	Limited implementation of targeted, data-driven instructional adjustments based on progress monitoring results and alignment to students' IEP literacy goals.	IEP Development and Fidelity of Implementation
		Transition Planning and Compliance
According to the SESIS Progress of Measurable Annual Goals report, 7% (8 students) met their annual goals.	Annual goals may not have been written in a measurable, targeted, or attainable way, limiting clarity and progress tracking. Inconsistent integration of IEP goals into daily instructional practices and curriculum.	Referral Process and Equity
According to the Acadience EOY and iReady ELA diagnostic, 23% (7 students) black students with IEPs are proficient in ELA instruction.	IEP goals may not be rigorous, culturally responsive, or directly aligned to grade-level ELA standards.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	37%	By June 2026, the percentage of students with IEPs will meet proficiency in ELA by a 10% increase from 37% to 47% as measured by Acadience and iReady Diagnostics Assessments.
Black Students	23%	By June 2026, black students with Individualized Education Plan (IEP) will meet proficiency by 10% from 23% to 33% as measured by Acadience and iReady Diagnostic Assessments.
Students with Disabilities (SWD)	7%	By June 2026, the percentage of students with IEPs meeting their annual IEP goals will increase by 10% from 7% to 17% as measured by the SESIS Progress of Measurable Annual Goals Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

PD to build teacher capacity to individualize instruction to meet the needs of all students

Root Cause Addressed:

Limited implementation of targeted, data-driven instructional adjustments based on progress monitoring results and alignment to students' IEP literacy goals.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
This strategy will be taught to staff through targeted professional development sessions as conducted by our SEIT teacher focused on scaffolded instruction, IEP-aligned planning, and inclusive ELA practices.
This strategy will be rolled out through professional development, co-planning sessions, and instructional coaching focused on scaffolding techniques and aligning IEP goals to Tier 1 ELA instruction. Staff will engage in ongoing progress monitoring and collaborative reflection to adjust instruction and ensure student access to grade-level content.
Staff will be supported through targeted professional learning, co-planning time with grade level teams, and in-class coaching cycles that model scaffolded instruction. Ongoing data reviews and instructional walkthroughs will provide feedback and ensure alignment to IEP goals.
Staff will have dedicated time during weekly grade team meetings and scheduled co-planning sessions to implement the strategy, reflect on student progress, and adjust instruction.
Staff use of the strategy will be monitored through instructional walkthroughs and co-planning observations, with feedback focused on scaffold implementation and alignment to IEP goals.
Staff use of the strategy will be measured for impact on student outcomes during scheduled progress monitoring cycles every 6-8 weeks, using data from Acadience and IEP goal tracking to assess student growth and inform instructional adjustments.
Staff needing additional support will receive targeted coaching, allow for intervisitations in lab classrooms, planning support, and feedback cycles.

Key Strategy 2 (Optional):

Develop a system that ensures active monitoring of student performance and progress towards IEP goals

Root Cause Addressed:

IEP goals may not be rigorous, culturally responsive, or directly aligned to grade-level ELA standards.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During the September staff PD, introduce the purpose and expectations of active IEP progress monitoring, highlighting its impact on student achievement and IEP compliance.
Facilitate ongoing PD sessions for teachers on how to create measurable IEP goals, use data collection tools, and align progress monitoring to instructional practices and present level of performance (PLOP)
Staff will be supported through targeted professional development, access to progress monitoring tools (GoalBook), and collaborative IEP goal-writing sessions during grade level meetings.
Staff will have time to implement the strategy during grade team meetings, SIT meetings and Special Education Department meetings where they can review IEP goals, update progress monitoring tools, and plan instruction.
Staff use of the strategy will be monitored through the review of SESIS Progress Monitoring Reports to ensure IEP goals are updated with meaningful data. Administrators will also conduct classroom walkthroughs and check-ins with grade team meetings to confirm that progress monitoring is being used to inform instruction. SEIT teacher will be provided with designated time to complete updates and collaborate with classroom teachers.
Staff's use of the strategy will be measured for impact on student outcomes during progress monitoring cycles every 6-8 weeks using SESIS progress monitoring reports.
Staff who need additional support will receive collaborative planning time with experienced colleagues or school based support team.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of this strategy will be monitored through instructional walkthroughs and lesson plan studies to ensure that scaffolded supports are embedded within Tier 1 instruction. Administrators and instructional coaches will look for clear alignment between instructional tasks and students' IEP goals. Collaborative planning sessions and grade team meetings will serve as a platform for teachers to co-design lessons that allow students with IEPs to engage meaningfully with grade-level content. Evidence of impact will include increased student engagement, improved performance on classroom-based tasks, and greater alignment between IEP goals and instructional materials.

This strategy will be monitored through monthly reviews of SESIS Progress Monitoring Reports to ensure that staff are consistently entering and updating data aligned to student IEP goals. Every 6-8 weeks, school teams will analyze data from iReady, Acadience, and classroom assessments to evaluate student growth and determine if instruction is meeting the needs outlined in the IEP. The impact will be measured by increased IEP goal attainment rates and improved academic outcomes for students with disabilities.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
11/12/2025	11/12/2025	Graham Windham	Providers from Graham Windham
12/09/2025	12/09/2025	Astor Services	Providers from Astor
01/06/2026	01/06/2026	Medical Services: Urban Health	Urban Health Provider
02/03/2026	02/03/2026	Understanding your child's 504	DOE Nurse and 504 Coordinator
03/11/2026	03/11/2026	Recognize asthma triggers and control strategies	DOE Nurse and Parent Coordinator
04/14/2026	04/14/2026	BeFitNYC	Administration, CBO leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.
Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.
Human Resources:

Urban Health, 504 Coordinator, Astor Services, Graham Windham, BeFitNYC, CBO, Administration

Instructional Resources

Flyers, PowerPoints, handouts, interpreter services, informational brochures, translated materials, family engagement toolkits, and professional developments.

Schedule Adjustments

Coordination with CBO/provider availability and other organizations

Other Resources Needed

Sign-in sheets, technology access (laptops/projectors), and feedback forms.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	I-ready Data	WIN	Small group	Services will be provided during school.	yes
Tier 3	Individualized Education Plan (IEP)	Special Education Teacher Support	Small Group	Services will be provided during school	No

		Services (SETSS)			
Tier 3	Students who are performing below level on ELA & Math Standards based assessments.	I-Ready Standards Based Lessons	Small group	Services will be during the school day. Students will be provided academic support by school staff using I-Ready Math Standards Lessons.	No
Tier 2	If students in grades 3-5 are below (levels 1 or 2) in ELA on the NYS exams	Phonics for Reading Benchmark Star	small groups	Services will be during the schooldays. Students will be provided academic support by school staff using the programs listed.	No
Tier 3	Individualized Education Plan (IEP)	Special Education Teacher Support Services (SETSS)	One to one	Services will be provided during the school day.	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Staff or parent referral	Conflict Resolution or peer mediation	Small group	During school day	No
Tier 3	Staff Referral Parent Referral	Astor Services	One-to-one	During school day Astor services therapist will provide services to students.	No
Tier 2	Staff or parent Referral	At-Risk Counseling/mediation or Restorative Circles	Small group or one-to-one	During school day	No
Tier 2	Grade Team Referral forms and PBIS.	Check in and Check out	One to one	During school day	yes
Tier 2	OORs	Restorative Circles	Small group	During school	yes
Tier 3	PBIS and OORs	Counselor Intervention	At risk individual counseling	During school	yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school ensures that families are well-informed about the essential components of MTSS (Multi-Tiered System of Supports) through several strategies designed to engage and support parents in understanding the framework and its benefits for their children: parent workshops, back-to-school nights, parent handbooks, ongoing family engagement through emails, gama, parent teacher conference, school's social media and website, and parent members of the SLT (School leadership Team) who ensure MTSS information is clear, culturally responsive, and accessible.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or tier 3 interventions receive updates on the progress of their child(ren) through regular, structured, and personalized communications. Families will receive progress monitoring reports on a regular schedule basis (bi-weekly or monthly). There will be direct communication from staff by phone calls, emails, notes sent home, and parent communication apps (google classroom/ classDojo).

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families play a critical role in the decision making process for students receiving Tier 3 Interventions and the schools take intentional steps to ensure their involvement. Families will be invited to attend meetings to review student progress/data and discuss next steps. During these meetings families will also discuss their child's strengths, challenges, needs, have opportunities to ask questions, and work on next steps. In addition, parent members of the SLT help shape school policies during meetings and how MTSS is implemented and evaluated.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Total of STH students: 69

Doubled up (with friends or relatives because they cannot find or afford housing): 42
Living in a shelter or transitional shelter: 27
Living in a hotel/motel: S
Living in a car, bus, or train: S
Living in a park or public place: S
Living in an abandoned building: S

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The trend we've noticed is that many families do not have the additional support to assist in bringing in their child(ren) to school as well as picking them up. By communicating with the STH CC as well as the PC, the school will be able to bridge the gap in any barriers.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The STH CC will be working on providing an academic after school program for the students as well as English classes for the parents in order to further enhance their success. STH CC will also provide the students with uniforms, school supplies, as well as any additional resources needed. STH CC will also be providing the families with groceries periodically during long breaks of the school year.
To assist families in any supportive assistance, the STH CC sends out the STH Title 1 Survey in the beginning of the school year, as well as continuously when new students are enrolled. The STH CC alongside administration will align the needs reflected of the surveys to the families in order to ensure they are being provided with any support or services that are being requested.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

6 students currently in Foster Care. School Counselors, provide individual and group counseling, help with conflict resolution, stress management, and goal setting, support students in crisis situations. Social Workers address family or community-related challenges. Parent Coordinator as well as the Graham Windham connect families with external resources (housing, food, mental health services).

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Our School Counselors provide individual and group counseling. Our School Based Support Team (SBST) and Parent Coordinator refers families to Graham Windham, Urban Health, and Astor Services when needed.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Extending the outside resources into our school building to further assist with the SEL of our students in Foster Care. Collaboration with the foster care agencies, to ensure that the students are receiving any and all services necessary to support students' success. Weekly check-ins with service providers in the school.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

PBIS team consisting of school counselors, social workers, and out of classroom staff meet regularly to monitor academic, behavioral, and emotional progress. Ensures continuity of care and proactive intervention during key transitions

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

At our school, the Extended Learning Time (ELT) program will be used to offer tailored enrichment opportunities and additional learning experiences designed to address the unique needs and interests of all students, especially those who may benefit from experiences that go beyond traditional classroom settings. Morning programs that will be offered are flag football, track and field, academic enrichment program focused on math fluency and reading comprehension, Bippity Boppity Book, and journaling. The Community Based Organization (CBO) New York Edge will offer an afterschool program, as well as basketball, flag football, soccer, futsal and Kickball. Our Saturday Academy Program focuses on our targeted students and increasing their academic levels.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

To meet the requirement of ensuring that Extended Learning Time (ELT) instruction is delivered under the supervision of a teacher who is New York State (NYS) certified in the relevant content area, our school will implement a structured system for monitoring, evaluating, and supporting the effectiveness of ELT instruction. Assistant Principals will monitor and evaluate teachers through observation and feedback, cross collaboration between content area teachers, special education teachers, and supporting staff, and ongoing professional developments.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Our school is committed to ensuring that ELT instructions are purposefully aligned with core academic instruction offered during the regular school day. To meet this requirement the school uses researched based programs that aligns to the school's core academic subjects. The program is staffed with certified teachers who work in this school. Teachers will use students' academic data to identify the students needs and tailor ELT activities to provide target support, reteaching, or enrichment. ELT instructions will be supervised by certified assistant principals, ensuring that academic rigor and instructional strategies are consistent with core academic subject areas.

Provide a description of the materials purchased to support implementation of ELT.

To effectively implement our Extended Learning Time (ELT) program, our school and Community Based Organization (CBO/New York Edge) has purchased a range of student support materials designed to align with academic standards, reinforce classroom learning, and engage students in meaningful skill-building activities. Some of these materials include sports equipment, Journals, Books, academic resources, stem kits and hands on learning tools, art supplies, teacher support materials, items for rewards, and items for giveaways/raffles.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 333, The Longwood Academy of Discovery, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

The Longwood Academy of Discovery will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- creating time for parents to engage with their child;s teacher via office hours;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;

School-Parent Compact (SPC)

School-Parent Compact (SPC)

The Longwood Academy of Discovery, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards and the NYS CRSE Framework;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA)

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available)
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences; Parent Workshops

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's

progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- come to school with an open mind and ready to learn;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

In the areas of ELA and Mathematics, all stakeholders will engage in high quality robust professional development in
- Unpacking the state standards,
- Explicit direct instruction
- Gradual Release
- engagement and differentiation
- Learning Targets and activity alignment

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Transition plans to assist preschool children to early childhood programs to the elementary school programs include opportunities to engage with the school community through participation in school activities, assemblies, Open House visits to kindergarten classes, meet and greet events with families and elementary school program staff, student portfolio sharing via school's drive, and supporting intervention services for academic and social emotional needs of students.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	569,295	x	
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	42,292	x	
Title III, Part A	Federal	13,182	x	
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student Funding)	Local	3,784,525	x	

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement

standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.

- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
New York Edge	Chronically Absent	Provide interventions to support services to increase attendance.	By June, 2025, Chronic Absenteeism for All Students will Decrease 5%, from 47 to 42, as measured by New Visions Data portal .
New York Edge	Level 1s in ELA	Provide extended instructional time to support ELA.	By June, 2025, ELA Level 1 Students will Decrease 10%, from 43 to 33 as measured by Acadience for grades K-2 and grades 3-5 from 81% to 71% on the ELA NYS Exam
New York Edge	Level 1s in Math	Provide extended instructional time to support Mathematics.	By June, 2025, Math level 1 students will Decrease 10%, from 89.5% level 1 to 79.5% , as measured by Grades K-2 I-Ready Math Standards Mastery and Grades 3-5 Math NYS Exam.
New York Edge	Level 3s and 4s in ELA	Provide enrichment opportunities in ELA.	By June 2025, ELA level 3s and 4s will increase 10% from 57% to 67% as measured by Acadience for grades K-2 and grades 3-5 ELA from 16% to 26% on the NYS Exam.
New York Edge	Level 3s and 4s in Math	Provide enrichment opportunities in Math.	By June 2025, Math level 3s and 4s will increase by 10% for grades k-2 from 23% to 33% as measured by Grades K-2 I ready math.
New York Edge	Level 3s and 4s in Math	Provide enrichment opportunities in Math.	By June 2025, Math level 3s and 4s will increase by 10% for grades 3-5 from 12% to 22% as measured by NYS math exam.

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

New York Edge's Community School Director at PS 333 will work with the school directly as a liaison and participate and engage in meetings related to the school's annual goals (ie. SLT, attendance meetings, MTSS, instructional cabinet, and all teams pertaining to progress towards annual goals.) This director will communicate directly the school's progress towards the annual goals to New York Edge.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The Community School will work with parents as partners by engaging them in various opportunities where they can express their goals aligned to the school's vision and suggest ways for parents to participate in authentic partnership. CBO director will participate in the school's leadership team (SLT), the Parent Teacher Association (PTA) and in ongoing town-hall meetings to drive school change and support students' holistic development.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

The Community School Director will participate and attend MTSS meetings as well as review and analyze data from OORS reports to assist in developing and implementing action plans to support the social-emotional well-being of the young scholars at The Longwood Academy of Discovery. They will also participate as mentors in our school's Success Mentor system. They will collaborate with our counselors to design and facilitate meetings with parents on school wellness. Members of our CBO will also participate in our School Wellness Committee.

Finally, they will perform outreach to community organizations who could partner with LAD to further promote wellness.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

The Community School Director will be a member of the attendance team, analyzing attendance data and helping devise personalized interventions for chronically absent students. The CBO liaison will also assist in progress-monitoring the effectiveness of these interventions, and assist in making adjustments where necessary. Furthermore, the CBO will also make home visits, host family workshops on attendance, and work collaboratively with the attendance team to support families in improving attendance. The CBO will draw from its network to bring in additional community resources that could assist in removing barriers to attendance.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

The CBO will meet weekly with the ILT, MTSS, Attendance, and SLT teams to devise and implement data-driven action plans that support all students. The CBO will assist in auditing these action plans to ensure that there are no equity gaps.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written "Addendum Attached" and provided supplemental documentation to explain why the school was unable to obtain the individual's signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Dr. Meaghan Gribbins
Assistant Principal (Where Applicable)*	Mrs. Cheryl Velazquez
English as a New Language (ENL) Teacher*	Ms. Calderon
Teacher (if school has a bilingual program must be a bilingual teacher)*	Mr. Christopher Jimenez
Parent/Guardian*	Ms. Julissa Peña
Teacher	Ms. Gonzalez
Parent Coordinator	Ms. Alexis Morales
School Counselor	Ms. Christina Cerezo
Related-Service Provider	Ms. Chiffon Wells
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

03

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

02

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

440

Total number and percentage (%) of current ELLs:

26.33%

Total number and percentage (%) of former ELLs:

1.21%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

80.6%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

19.4%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

5.6%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

31.5%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2019	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At The Longwood Academy of Discovery, we offer stand-alone services for grades K-5, including our HES (Deaf and Hard of Hearing Students). The students travel as a group with their ENL service provider. They are grouped heterogeneously. ELLs receive the following services: ELL's /ML's at the Entering and Emerging levels receive 360 minutes, Transitioning and expanding levels receive 180 minutes and commanding receive 90 minutes of service. Teachers and ENL providers plan lessons aligned to the Language Progressions and the ELA Next Generation standards. They use discussion prompts, and opportunities for students to summarize and respond to assignments through writing and/or speaking. Teachers and ENL providers expose students to a variety of texts and genres through modeling and independent practice offered through our curriculum. Each co-teaching partnership collaborates to ensure students are receiving instruction that is specific to their language needs. They incorporate best practices such as providing visuals and user-friendly definitions for target vocabulary. Ask guiding questions when students are reading a paragraph; chunking the text and showing one section at a time. They may utilize home language support such as use of translations. Record and post videos that feature academic language. Post sentence stems or provide word banks that students can use for group discussions. Teachers and ENL providers will preserve interactions, lessons and assignments. They will share and include other teachers and stakeholders. Teachers will include language objectives within their lesson plans to support English language development and scaffold text complexity to make content accessible. Finally, for our ELL students in HES (Deaf and Hard of Hearing) in grades K-5, work with ASL interpreters/ENL providers. Teachers utilize technology such as rogers-fms to transmit the best sound quality for our ELL students. Providers work hand in hand with speech teachers and classroom teachers to plan accordingly.

Integrated ENL:

In an integrated classroom ELL students will receive services from an ENL-ESOL certified teacher and an elementary certified teacher. Co-teachers plan lessons aligned to the Language Progressions and the ELA Next Generation standards. Culturally responsive texts are used. To provide students with access to the text, translated text in their first language is provided-Spanish. Teachers use discussion prompts, to provide opportunities for students to summarize and respond to assignments through writing or speaking. Teachers utilize background knowledge strategies by exposing students to culturally relevant texts included in the curriculum. Each co-teaching partnership establishes how they will communicate for lesson design and delivery. They will incorporate best practices such as providing visuals and user-friendly definitions for target vocabulary. Students will be exposed to grammar lessons that strengthen their writing skills and develop comprehension in connection to curriculum texts. The ENL teacher will also meet with entering and emerging ELLs in small groups to meet their academic and language needs. Teachers will include language objectives within their lesson plans to support English language development and scaffold text complexity to make content accessible.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

Not applicable

Dual Language Bilingual Education (DLBE):

At The Longwood Academy of Discovery, we have 6 Dual Language classes in grades kindergarten to 5th grade. Dual Language teachers in grades Kindergarten to 3rd grade use the Roller Coaster model, a 2 way immersion program. In the schedule it reflects 3 days in English in addition these 3 days also include 2 periods in Spanish and then the vice versa. Dual language teachers in

grades 4 and 5 use the 10 Day Rotation model. Schedules reflect alternating English and Spanish instruction. ELLs in a Dual Language program receive ENL services from their bilingual certified classroom teacher. For entering and emerging students 1 unit of study for ENL (English as New Language) instruction will be provided by the ENL teacher (pull out). 1 unit of study in ENL/ELA instruction which is a total of 360 minutes per week. Also, it must include 1 unit of study in Home language arts (HLA) and a minimum of 2 units of study for bilingual content. For students in transitioning and expanding receive 180 minutes per week of ENL. .5 units of study in ENL/ELA. .5 units of study can be stand-alone ENL or integrated ENL/content area . It must include 1 HLA class and a minimum of 1 unit of study of bilingual content area subjects.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At The Longwood Academy of Discovery, we offer stand-alone services for grades K-5: including students in our Dual Language classes and our district 75 DHHES (Deaf and Hard of Hearing). The students travel as a group with their ENL service provider. They are grouped heterogeneously. ELLs receive the following services: ELL's /ML's at the Entering and Emerging levels receive 360 minutes per week of 2 units of study. 1 unit of study in ENL stand-alone (pull out) and 1 unit of study in ENL ELA/content area. Students who are at the transitioning level receive 180 minutes per week of 1 unit of study in ENL, .5 unit of study in ENL/ELA. .5 units of study can be stand-alone or integrated ENL/content areas. For expanding, ELLs receive 180 minutes per week of 1 unit of study of ENL, 1 unit of study in ENL/ELA or other content area . For commanding, ELLs students receive services and accommodations for 2 years. .5 units of study per week of integrated ENL in ELA or content area . Integrated English as New Language (ENL) In addition to the 2 units of ENL instructional time for entering ELLs, 180 minutes or 1 unit of study is provided in ELA/content area, for emerging students 180 minutes or 1 unit of study is provided in ELA/content area, for transitioning students .5 unit of study in ELA/content area-180 minutes or 1 unit of study is provided in ELA/content area, expanding 90 minutes or 1 unit of study is provided in ELA/content area.
Dual Language (DL) program At The Longwood Academy of Discovery, we have 6 Dual Language classes in grades kindergarten to 5th grade. Dual language teachers in grades Kindergarten to 3rd grade use the Roller Coaster model a 2 way immersion program. ELLs in a Dual Language class receive ENL services from their bilingual certified classroom teacher. For entering and emerging students 1 unit of study for ENL (English as New Language) instruction. 1 unit of study in ENL/ELA instruction which is a total of 360 minutes per week. Also, it must include 1 unit of study in Home language arts(HLA) and a minimum of 2 units of study for bilingual content. For students in transitioning and expanding receive 180 minutes per week of ENL. .5 units of study in ENL/ELA. .5 units of study can be stand-alone ENL or integrated ENL/content area . It must include 1 HLA class and a minimum of 1 unit of study of bilingual content area subjects.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At The Longwood Academy of Discovery, we offer stand-alone services for grades K-5: including students in our Dual Language classes and our district 75 DHHES (Deaf and Hard of Hearing). The students travel as a group with their ENL service provider. They are grouped heterogeneously. ELLs receive the following services: ELL's /ML's at the Entering and Emerging levels receive 360 minutes per week of 2 units of study. 1 unit of study in ENL stand-alone (pull out) and 1 unit of study in ENL ELA/content area. Students who are at the transitioning level receive 180 minutes per week of 1 unit of study in ENL, .5 unit of study in ENL/ELA. .5 units of study can be stand-alone or integrated ENL/content areas. For expanding, ELLs receive 180 minutes per week of 1 unit of study of ENL, 1 unit of study in ENL/ELA or other content area . For commanding, ELLs students receive services and accommodations for 2 years. .5 units of study per week of integrated ENL in ELA or content area . Integrated English as New Language (ENL) In addition to the 2 units of ENL instructional time for entering ELLs, 180 minutes or 1 unit of study is provided in ELA/content area, for emerging students 180 minutes or 1 unit of study is provided in ELA/content area, for transitioning students .5 unit of study in ELA/content area-180 minutes or 1 unit of study is provided in ELA/content area, expanding 90 minutes or 1 unit of study is provided in ELA/content area.
Dual Language (DL) program At The Longwood Academy of Discovery, we have 6 Dual Language classes in grades kindergarten to 5th grade. Dual language teachers in grades Kindergarten to 3rd grade use the Roller Coaster model a 2 way immersion program. ELLs in a Dual Language class receive ENL services from their bilingual certified classroom teacher. For entering and emerging students 1 unit of study for ENL (English as New Language) instruction. 1 unit of study in ENL/ELA instruction which is a total of 360 minutes per week. Also, it must include 1 unit of study in Home language arts(HLA) and a minimum of 2 units of study for bilingual content. For students in transitioning and expanding receive 180 minutes per week of ENL. .5 units of study in ENL/ELA. .5 units of study can be stand-alone ENL or integrated ENL/content area . It must include 1 HLA class and a minimum of 1 unit of study of bilingual content area subjects.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At The Longwood Academy of Discovery, we have six Dual Language classes in grades Kindergarten to 5th grade. Dual language teachers in grades Kindergarten to 3rd grade use the Roller Coaster model, a 2 way immersion program. In the schedule it reflects 3 days in English and also includes 2 periods in Spanish and then the vice versa. Dual language teachers in grades 4 and 5 use the 10 Day Rotation model. Schedules reflect alternating English and Spanish instruction. Emergent literacy skills are taught in both languages. We follow the A/B model of instruction in our Dual Language program. On day A instruction is provided in English and on day B instruction is provided in Spanish. ELLs in a Dual Language class receive ENL services from their bilingual certified classroom teacher. For entering and emerging students 1 unit of study for ENL (English as New Language) instruction. 1 unit of study in ENL/ELA instruction which is a total of 360 minutes per week. Also, it must include 1 unit of study in Home language arts (HLA) and a minimum of 2 units of study for bilingual content. For students in transitioning and expanding receive 180 minutes per week of ENL. .5 units of study in ENL/ELA. .5 units of study can be stand-alone ENL or integrate

b. In which language(s) is each core content area taught?

The core content is taught in Spanish and English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Not applicable

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At the Longwood Academy of Discovery 80.6% of ELLs are Newcomers. Our school analyzes the needs of all students including Newcomers at our school. The analysis within school teams allows all teachers that work with newcomers to differentiate the instruction to provide students access to all grade content. At our school we are aware that these are ELLs identified under CR Part 154 who received English as a New Language instruction, as a component of their bilingual education or English as a New language program, for a total of zero (0) to three (3) enrolled school years in the NYC DOE. There is often a misconception that newcomer ELLs are only those who arrived very recently and exhibit little or no knowledge of English. While newly arrived ELLs are represented among the group of newcomer ELLs, many others are USborn and are at the emerging, transitioning, or higher levels.
According to the principals guided in the Blueprint for English language learners success All teachers are teachers of English Language Learners/Multilingual Learners at our school plan accordingly by: Designing and delivering instruction that is culturally and linguistically appropriate for all diverse learners, including those with Individualized Education Programs (IEP). Providing integrated language and content instruction to support language development through language-focused scaffolds. Bilingual, ENL, and other content-area teachers collaborate purposefully and consistently to promote academic achievement in all content areas. They also utilize materials and instructional resources that are linguistically age/grade appropriate and aligned to the Next Generation Learning Standards.
Newcomers receive their Stand-alone ENL minutes from their certified teacher: The primary instructional goal of the Stand-alone component is language development. However, language development is never in isolation of content. The Stand-alone components are aligned to the grade-level content and standards. ESOL teachers as a result of their common meetings are select content based on the instruction that is taking place during content area instruction and selecting key texts with rich language and content that leverages the overarching instructional goals of a unit of study. The New Language Arts Progressions (NLAP) provides a framework for teachers to ensure that students in English as a New Language and Bilingual Education programs are meeting the standards for all ELLs, especially the newcomers. ESOL teachers consistently link to the content area(s) that most benefit their students (for example ELA, social studies) or leverage thematic units that have cross-content entry points. Here at the Longwood Academy of Discovery we want to provide explicit, targeted instruction that is based on language progressions for our newcomers. This will include small group instruction in the classroom and in stand alone, before and after school programs. Students are provided with learning experiences/opportunities to develop social and academic skills aligned to language progressions. In addition we use the English Language Learners Proficiency Support Tool to plan instruction and facilitate a more learner-centered environment where students get the scaffold they need to get involved in their own learning process. This tool describes what students are able to do in the four modalities: speaking, listening, reading and writing and in each proficiency level and gives teachers ideas of how they can best support their students. These opportunities can be provided via classes (before and after school, Saturday classes), newcomers clubs, project base activities that can also involve parent academies, and field trips. Most of our newcomers are also DHHES students (Deaf and Hard of Hearing-district 75) as well as students who have less than 3 years of ENL services. Our school, the district and the department of Multilingual learners will provide professional development to teachers on best practices to use for the development of all ELLs, especially the newcomers. Furthermore, to best support our newcomers we also incorporate technology to support students' learning (I-Ready, MyOn). We promote first hand experiences using the community as a learning platform for our newcomers.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE? 5.6% of ELLs at our school are Students with Inconsistent/Interrupted Formal Education (SIFE). We currently

have four SIFE students which represents 5.6% of our Ell population in grades 3 to 5. We want to provide explicit, targeted instruction that is based on language progressions. This will include small group instruction provided by the classroom teacher, an Academic Intervention service-AIS provider or WIN (What I need) targeted instruction based on their language academic skills provided daily. Support is also provided before and after school programs as well as providing learning experiences/opportunities to develop social and academic skills aligned to language progressions. In addition we use the English Language Learners Proficiency Support Tool to plan instruction and facilitate a more learner-centered environment where students get the scaffold they need to get involved in their own learning process. This tool describes what students are able to do in the four modalities: speaking, listening, reading and writing and in each proficiency level and gives teachers ideas of how they can best support their students. These opportunities can be provided via classes (before and after school, Saturday classes), clubs, project base activities that can also involve parent academies, and field trips. We also incorporate technology to support students' learning (My On, and I-Ready). We promote first hand experiences using the community as a learning platform.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At the Longwood Academy we have no long term ELLs; that is 0.0%. However, in the event that we do acquire a long term ELL the ENL-ESOL/Dual Language teachers will provide enrichment programs before or after school. ENL teachers will also push into their classroom during core classes to support students in academic areas. All teachers of ELLs will meet with students in small groups to provide explicit instruction in all content. Discussions are also utilized to support the output. Teachers will also attend Professional Development opportunities to support Long term ELLs. Long term ELLs are also part of our Tier 2 small group academic intervention services (AIS/WIN)-groups. Long term ELLs will be provided additional support up to 30 minutes a day by their classroom or AIS teacher.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At our school we have 5 students, 1.2% of our students that are former ELLs. At our school we provide 90 minutes per week of integrated ENL mandated instruction to our former ELLs. Integrated ENL instruction is provided in small group instruction in a content area class (ELA, Math, Science, or Social Studies). This instruction is provided by the ENL provider.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to the EDAT-ELL data analysis tool, the risk factors that are affecting our ELLs at The Longwood Academy are as follow: 36 (33.3%) ELL students are in temporary housing. 87 (80.6%) of our ELL population are newcomers who have received between 0-3 years of ELL services. 21 ELLs (19.4%) who scored a 1 or 2 in ELA state assessments and 22 (20.4%) who scored a 1 or a 2 in the Math state assessment. There are 14 (13.0%) potential ELLs that may become possible long term ELLs. 40 (37.0%) did not demonstrate sufficient ELP progress.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the EDAT-ELL data analysis tool 5 (1.2%) former ELLs students have been identified as having some at-risk levels that are affecting them. 3 (60.0%) students have scored a level 1 or 2 in the ELA. For the Math State assessment exam, we have 3 (60.0%) students. 1 (20.0%) students scored a level 1 or 2 for two consecutive school years in a row. 2 (40%) of these 5 students are also from temporary housing.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the latest EDAT report, the largest representation of the language of ELLs at P.S. 333x is Spanish-101 students. 3 Arabic, 1 Twi, 1 Mandika and 1 American sign language. The school has a large percentage of staff that support all these languages. All communication with families is translated and supported by staff that speak the language. From the time a new student enters our school building translation services are provided by school staff or DOE interpretation/translation department. All correspondences are also translated to support the language needs of our school community. At our school we also have ELLs who are part of our district 75, DHHES (Deaf and Hard of Hearing). For these students we also provide interpreters who can sign and can speak more than one language. We also have paras who speak Spanish, and Arabic to support our families.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The Longwood Academy of Discovery is a very diverse school. Hispanic ELLs classifications are as follow: 30 ELLs (29.1%) classified as black, 14 ELLs (13.6%) are American Indian, 52 (50.5%) white, 2 ELLs (1.9%) are classified as Multiracial and 5 ELLs (4.9%) Native Hawaiian or other Pacific Islanders. For Non Hispanic ELLs the classifications are as follow: 1 ELL (0.9%) classify themselves as Asian. 32 ELLS (29.6%) are classified as Black and 53 ELLs (49.1%) are classified as White. As a school community we embrace the diversity of all students, families, and the community through our school vision of creating a learning environment that is safe, equitable, nurturing, and a culturally responsive space that values diversity, social emotional well being, self advocacy and independence. Our work is to provide a culturally responsive and sustaining education for all of our students.
We are guided by the following principles: To provide a Welcoming and Affirming Environment
• Set High Expectations and Rigorous Instruction
• Provide Inclusive Curriculum and Assessment
• Provide Ongoing Professional Learning to our school community. Our current curriculum in grades k-5, Into Reading-HMH combines and provides the following: it sets high expectations and rigorous instruction in English and in Spanish, it provides resources and text that are racially, culturally, and linguistically diverse in perspectives. It is a project based curriculum that allows for our ELLs to utilize their speaking, listening, reading and writing skills. Our Social Emotional Learning program, Second Step also provides the skills and lessons that will foster and meet the social emotional needs of our ELL students.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the English Language Proficiency (ELP) growth report this is what we notice: 3 ELL students (5.2%) met progress by exiting ELL status. 11 (19.0%) met the annual progress target. 4 students (6.9%) Met Safe Harbor Cumulative Growth. 40 ELL students did not make ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

A total of 81 students took the NYSESLAT test in 2024: 3 (3.7%) of those students scored a commanding level. 9 (11.1%) scored entering, 19 (23.5%) emerging, 14 (17.3%) transitioning, and 36 (44.4%) expanding. The ELL students at the Longwood Academy of Discovery show a strength is listening. Listening is a strength modality for all ELL students taking the NYSESLAT. Speaking and Reading modalities need to improve for grades for K-5. Writing is also an area of weakness for all grades. We will continue to provide the opportunity to allow the students to discuss what they will write about through discussions. We will also utilize graphic organizers to allow students to also take notes before they write (especially during an assessment). This will allow students to “self talk” before writing. For our Deaf and Hard of Hearing students teachers will continue to provide scaffolds that bridge sign and print (writing).

8. What is the relationship between students’ performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to Spring 2024 NYSESLAT and Spring 2024 ELA, student performance relationships between the NYSESLAT and ELA State Assessments shows that 3 'expanding' ELLs in grades 3- 5 have scored a level 1 and 6 'expanding' ELLs scored a level 2 in the ELA exam. 7 'transitioning' ELLs scored a level 1 in the ELA assessment and 4 'emerging' ELLs scored a level 1 in ELA. 1 ‘entering’ ELL student scored a level 1 in the ELA assessment. 1 'commanding' ELL students scored a level 2 in the ELA exam. 1 'commanding' ELL scored at a level 3 in the ELA exam. Student performance relationships between the NYSESLAT and Math State Assessments show that 2 'commanding' ELLs in grades 3-5 have scored a level 2, 1 'commanding' ELLs scored a level 3. 5 'expanding' ELL students have received a level 1. 2 'expanding' ELLs scored a level 2. 1 'expanding' ELL scored a level 3. 1 ‘expanding’ ELL student scored a level 4 in the Math State exam. 6 'transitioning' ELLs have scored a level 1 in the Math exam. 1 'transitioning' ELLs have scored a level 2. 4 'emerging' ELLs have scored a level 1. 2 ‘emerging’ ELLs have scored a level 2. 1 'entering' ELL student scored a level 1 in the Math State exam. 1 ‘entering’ ELL student scored a level 2 in the Math State exam.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the 2025 Spring EDAT report at our school we currently have 6 ELL SIFE students. There are 34 ELL students who took the NYSESLAT. The following data was noted: 3 ELL students with IEPs are entering level, 9 are emerging, 6 transitioning, 8 expanding and 1 commanding. We noticed that these students' needs are listening, speaking, reading and writing. We also noted that many of these ELLs with IEPs are students from our district 75: DHHES (Deaf and Hard of Hearing). We believe that due to their hearing limitations, their other abilities in their speaking, reading and writing skills have been impacted. Apart from providing

ENL services to these students we are currently providing these students with mandated services, such as speech and language, ASL services and hearing services. The ENL provider is working closely with the staff in DHHES to continue to support these students. For students with IEPs who are not part ofDHHES, we have noticed that their needs are reading and writing. Most of these students also fall in the emerging, transitioning and expanding levels. Therefore, vocabulary and comprehension along with writing skills is what is impacting their results. We are also analyzing their ELA unit curriculum assessment, and I-ready data in reading and writing data to analyze the gaps and needs of these students. We also monitor progress every 6 weeks. We also assess students at the end of each unit of study. Providers plan accordingly with specific ESL strategies and language objectives for reading and writing for these ELLs. We are also utilizing graphic organizers, close reading strategies through stop and jot strategies, annotations, context clues and use of vocabulary/skills anchor charts to continue to support and provide access to new content/learning.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

Not applicable

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

Not applicable

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

Not applicable

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Not applicable

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At The Longwood Academy of Discovery, the ILT (Instructional Leadership Team) team has created a supportive environment and set rigorous expectations for every student at our school. The ILT team ensures ELLs to have access to core instruction/curriculum. The team includes ENL, Dual Language, DHHES and SWD educators. The team evaluates and refines the school's vision and mission statement to make explicit the school wide purpose and work of MTSS. They center the needs of MLS/ELLs and unique subgroups like newly arrived ELLS, SIFE, and long term ELLs. They also promote the view of home and community dialects, languages and cultures as an asset. When designing instruction the ILT team is guided by teaching principals of getting to know each of our students individually, use and share an all inclusive curriculum and sustain a culturally responsive classroom. To provide access to content and support the language acquisition of our MLs/ELLs, the ILT team has designed instructional protocols that incorporate the following: a variety of text that feature big ideas, culturally rich content and multiple perspectives. They ensure teachers allow students to talk/discuss, and use writing platforms to build language and knowledge and that they study a small set of high utility vocabulary to master language and knowledge. Furthermore, they are also provided the opportunity to demonstrate their new learning through projects. The leadership at our school also monitors MLs/ELLs data to identify gaps, needs or progress. This is done at least 2 a month. Teachers also monitor the ELLs on a daily basis through small groups, weekly assessments, screeners and end of unit assessments. For transparency and support purposes the data is shared with the school leadership team to discuss and plan accordingly to make any adjustments to support instruction.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

To accelerate English language development and meet the demands of the Next Generation Learning Standards in our stand alone, integrated and dual language programs here at our school, the following core content is delivered in the following way: teachers utilize culturally responsive printed texts, digital and visual texts, movies, videos, maps, and realia. Whole group (TIER 1) and small group (TIER 2) explicit instruction will be delivered in every model. The use of language objectives will target the language needs of our ELLs. Teachers will then gradually release the students as they gain concepts learned. Skills group will also reinforce concepts students need to continue to work on. In a dual language classroom both English and Spanish will be utilized to provide students access with the content. Total physical response activities, group conversations, language stems, project based learning, field trips, hands-on activities will foster language development for all of the students. Teachers will: Introduce the most challenging texts (or portion of a text) for instruction. This might include a focus on the academic language features that support comprehension. Model strategies that aid comprehension, for example, an annotation strategy that students can apply and practice independently. Use a small set of protocols that promote collaborative discussions amongst peers. Students are supported to engage in discussion that enforces discipline-specific language in order to demonstrate content understanding. Focus on oral language development as a way for students to rehearse language and content needed to be successful in discipline-specific classes. Teach vocabulary that has utility across disciplines; create multiple opportunities for interaction with these words. Provide visuals (when and where possible) and user-friendly definitions for target vocabulary. Introduce writing tasks that are designed to build and show students' understanding of content. Ensure that students have the language to express their ideas in writing. Use templates and sentence starters for students newer to English. Invite students to use their home language as

a support. If available in the classroom, use translations in Google Classroom and explore content learning in their home language, when applicable. In stand alone: The primary role of an ENL teacher, in both a standalone and an integrated model, is to support ELLs with the language needed to access grade-level content. Depending on the language proficiency of the students, teachers will ensure that supports are inclusive of teaching vocabulary, language structures, activating prior knowledge, linking new information to old information, and building background knowledge, to name a few. These supports are always designed in relation to a text and/or task in a given content area (for example, a unit in social studies, a math problem, an ELA text, science journaling), and never in isolation. These scaffolds, while common in a brick and mortar classroom, are equally necessary and possible as part of a blended learning setting. In a Dual language classroom: the bilingual teacher role is to support MLLs/ELLs on their way to becoming bilingual and biliterate. In doing so, the teacher needs to ensure access and engagement with grade-level content in both languages of instruction-English and Spanish.Bilingual teachers are also responsible for lesson design, lesson implementation, and assessment in both languages. Furthermore, bilingual teachers explicitly support students with language and content development in both whole and small groups.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At P.S. 333x, teachers plan and are guided by the Language Progressions to meet all ELLs (subgroups-students with IEPs) language needs. Teachers and ENL providers will create discussion or visual prompts, to provide opportunities for students to summarize and respond to assignments through writing or speaking. Teachers and ENL providers will utilize multiple platforms to monitor and assess understanding of English academic language; such as I-Ready, google slide/forms. Teachers and ENL providers will provide access to videos to provide comprehensible input and build prior knowledge. Share a link to a shorter text that students can read independently. Teachers and ENL providers will set up lots of reading time. Teachers and ENL providers will utilize text, video and other internet resources for trips or virtual field trips and experiences in order to build background knowledge and ask them to write or speak about their experiences. They will incorporate best practices such as providing visuals and user-friendly definitions for target vocabulary. Use WordSift to place the text and highlight or enlarge important words then share the image with students as a visual resource. Post sentence stems or provide a word bank that students can use for group discussions and writing assignments. Teachers will also include language objectives within their lesson plans to support English language development and scaffold text complexity to make content accessible. Ask guiding questions when students are reading each paragraph; chunk the text and show one section at a time. Teachers and ENL providers will create stations that provide content and language access. Such stations can include Imagine Learning, projects, videos and hands-on materials. Dual language: Teachers will continue to use instructional videos, modeling, use of sentence frames, visuals, use educational videos, and use vocabulary strategies and ebooks during instruction in English and Spanish. In addition, home language resources from HMH Into Reading and Arriba La Lectura (libraries, texts, technology, primary resource materials will be made available. In Dual Language teachers will also include language objectives within their lesson plans to support English/Spanish language development and scaffold text complexity to make content accessible. Ask guiding questions in either language when students are reading each paragraph; chunk the text and show one section at a time. Share cognates with students. Students will also search for the meaning of those in their own language. We will use the following resources: Estrellita, Arriba La Lectura, HMH Into Reading, MyOn and fundations resources in Spanish and English.

b. SIFE

SIFE students have very specific needs. Some SIFE arrived in the United States with limited literacy skills, even in their home language. Many demonstrate a large gap in content knowledge for their age, which poses additional challenges for teaching and learning. They may have complex social and emotional needs due to traumatic migration experiences and frustration with their academic delays. Therefore we will implement the following strategies and tools to address the diverse needs of our SIFE students: Provide opportunities for SIFE to work with peers who speak their home language and share the same culture. Choose appropriate texts and balance reading at their level with reading more complex text and provide instruction in foundational literacy skills as needed. Promote collaborations between teachers and bilingual counselors who are knowledgeable about students' cultures and immigration circumstances. Use students' home language as a tool to access content whenever feasible. Provide social-emotional support and language literacy development. These students will be assessed in their first and second language to determine progress. We will also provide intervention in their second language to support the large gaps. This will be done within the classroom TIER 2 and or pull out for TIER 3 intervention. The home language will be utilized during instruction to support and bridge new concepts learned in English.

c. Newcomers

The newcomers at our school will receive 360 mandated ENL minutes of instruction. They will receive these services from their classroom teacher and a certified ENL provider. Students will view videos that have been created/assigned by their teachers. Teachers will plan, model and focus on specific language objectives and academic content objectives. Students will then practice

those objectives in small guided groups. Newcomers will also be provided the opportunity to collaborate and practice their social skills to help them develop their academic skills. Newcomers will also utilize technology programs such as I-Ready to help them with their foundational language skills. These students will also be invited to participate in our newcomers/homework help after school program.

d. Long Term ELLs

Long term ELLs students will receive 180 mandated ENL minutes of instruction. They will receive these services from their classroom teacher and ENL provider. Students will view lessons/videos that have been created by their teacher. These lessons/videos will focus on a specific language objective and academic content objective. Students will then practice those objectives in small guided groups and stations. Our goal is to also provide additional AIS services for these students for 6 weeks to fill in gaps and to rule out possible disabilities. We will also use such AIS programs as fundations, Spire, and Phonics to Reading.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Teachers and ENL providers use Next Generation grade level standard aligned curriculum-Into Reading and HMH Language Launch. They use a variety of modalities to support students learning through visual, written, kinesthetic, and auditory instructional practices. Lessons are aligned to the Gradual Release of instruction model that allows for the teacher to provide a focused model mini lesson that includes thinking aloud, building vocabulary, and guiding students through misconceptions. This is then followed by guided instruction where the teacher student interacts, followed by collaborative work with peers, and ending with independent application of content and skills. ELL-SWDs receive small group support by the teacher and are provided additional instructional support. Classroom teachers work closely with ENL teachers in order to provide needed scaffolded support for ELL-SWDs in order to meet IEP and ENL Goals. Flexible scheduling for ELL-SWD's will be provided by creating more opportunities for students to work in small groups with the ENL teacher (during push in or pull out), as well as access to recorded instructional videos to support students at their own pace in achieving IEP goals and English Proficiency.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Stand-alone English as New Language (ENL) ENL Program: ELLs at the entering and emerging levels receive 360 minutes per week of 2 units of study in ENL, 1 unit of study in ENL stand alone (pull out) and 1 unit of study in ENL/ELA. For Emerging students .5 units of study for stand alone services will be provided. .5 units of study can be stand-alone ENL or integrated ENL/content area. Students who are at the transitioning level receive 180 minutes per week of 1 unit of study in ENL, .5 units of study in ENL/ELA. .5 units of study can be stand-alone or integrated ENL/content areas . For expanding, ELLs receive 180 minutes per week of 1 unit of study of ENL, 1 unit of study i n ENL/ELA or other content area. For commanding ELL students receive ENL services for 2 years and also receive testing accommodations; 5 units of study per week of integrated ENL in ELA or content area. ENL teachers allow students to ask questions in their home language but answer the questions in English. Students are also encouraged to work with partners to help one another support their home language. Spanish level libraries are also available in classrooms. Throughout instruction, ENL teachers assess students using BDS, formative and summative assessments. In the Dual Language Bilingual Education program the home language will be assessed in both Spanish/English. Assessments in the home language in language arts and mathematics are used at the beginning of the year and periodically. These include Estrellita Phonics Assessment, Spanish Language Arts Assessment (BOY & EOY Pairs), and Spanish/English Mathematics assessment. The home language is delivered via the Two Way Dual Language structure that provides Spanish Language Content instruction in Language Arts, Mathematics, Science, and Social Studies. Once a student is identified as an ELL, several evaluations take place. Estrellita benchmarks are also utilized to form goals, and groups (grade K-2). The estrellita program also has ongoing assessments throughout the school year. At the beginning and at the end of the school year students have to take benchmarks created by the NYC teachers in either English or Spanish. The Dual Language Bilingual Education classes will utilize the English/Spanish curriculum and assessments from the Arriba la lectura and HMH Into Reading programs. Math assessments are provided to the students either in English or Spanish. For grades 3-5, Math and Science state exams are offered in both English and Spanish. Students are also always given the option to respond, summarize in their choice of language. Students are also provided translators or interpreters (for DHHES students) during the Math and Science exams. Students will have access to glossaries in their native language and word to word dictionaries. For those who will be taking math or any content exam in their native language, determination for the language of assessments will be made at the beginning of the year and students will be taught how to use resources in their native language to support them throughout the year in class and during classroom assessments and at the time of the state exam.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Not applicable

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At the Longwood Academy of Discovery we support collaboration among all teachers for all ELL programs. Teachers of ELL's engage in professional development that is aligned to the expectations of teaching ELLs/MLL's as described in the ELLs/MLLs Policy Guide. Teachers participate in PD in school face to face or via webinar opportunities with a focus on learning best practices and pedagogy to support ELL's. All professional development provides teachers with the opportunity to engage in the application of the Next Generation Learning Standards as their guide to support ELL's in mastering the standards. Teachers also engage in the use of school curriculum and resources available to support ELL's. For example, the Math program Amplify Math Desmos provides additional resources for ELL's which are available for teachers to support students and families. Teachers of ELLs in the ENL and Dual Language program also attend professional development provided at school through the UFT teacher center established here at P.S.333x. They also attend outside professional development provided by the district. Teachers of ELLs attend Professional development provided by the NYC MLLELL department and district 75 (for our DHHES students). All other clusters teachers of ELLs also attend Professional development provided in house-UFT teacher center and other PDs provided by the Department Of Education MLL-ELL department. Such professional development will include Social emotional needs of all students (HMH), Co-teaching, utilizing ENL strategies in Math, Reading in all content areas, incorporating the Next Generation Learning Standards when planning, use of language objectives, and scaffolding effective lessons using ENL strategies. Teachers will also attend a series of workshops that will focus on discussions and questioning techniques in math aligned to Next Generation Learning Standards provided by administration, the school, and the network team. Currently our school provides the ELL staff assistance with students that move from elementary school to middle school by providing resources that are translated for parents and students to understand the process of the transition. The school provides professional development 50% total hours for ENL, Dual Language teachers and 15% total hours for other teachers throughout the school year. Teachers attend ELL pds provided by coaches, certified ENL in-house staff, and attend District 8 Professional developments forELLs. At P.S.333x we conduct weekly ELL PLC meetings that include professional development. Teachers receive training such as looking at Next Generation Language Standards and the expectations of teaching ELLs/MLL's as described in the ELLs/MLLs Policy Guide.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Teachers of ELL's engage in professional development that is aligned to the expectations of teaching ELLs/MLL's as described in the ELLs/MLLs Policy Guide. Teachers participate in PD in school with a focus on learning best practices and pedagogy to support ELL's. All professional development provides teachers with the opportunity to engage in the application of the Next Generation Learning Standards as their guide to support ELL's in mastering the standards. Teachers also engage in the use of school curriculum and resources available to support ELL's. For example additional resources for ELL's in Amplify Math Desmos are available for teachers to support students and families. · Teachers of ELLs will also attend professional development provided at school through the UFT teacher center established here at P.S. 333x. They will also attend outside professional development provided by the district. Teachers of ELLs will attend Professional development provided by the NYC MLL-ELL department and district 75 (for our DHHES students). All other clusters teachers of ELLs will also attend Professional development provided in house-UFT teacher center and other PDs provided by the Department Of Education MLL-ELL department. Such professional development will include Social emotional needs of all students (HMH), Co-teaching, utilizing ENL strategies in Math, Reading in all content areas, incorporating the Next Generation Learning Standards when planning, use of language objectives, and scaffolding effective lessons using ENL strategies. Teachers will also attend a series of workshops that will focus on discussions and questioning techniques in math aligned to Next Generation Learning Standards provided by administration, the school, and the network team. Currently our school provides the ELL staff assistance with students that move from elementary school to middle school by providing resources that are translated for parents and students to understand the process of the transition. The school provides professional development 50% total hours for ENL, Bilingual and Dual Language teachers and 15% total hours for other teachers throughout the school year. Teachers attend ELL pds provided by coaches, certified ENL in-house staff, and attend District 8 Professional developments for ELLs. At P.S.333x we conduct weekly ELL PLC meetings that include professional development. Teachers receive training such as looking at Next Generation Language Standards and the expectations of teaching ELLs/MLL's as described in the ELLs/MLLs Policy Guide.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership

service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

At The Longwood Academy of Discovery, we provide a minimum of fifteen percent (15%) of the required professional development hours for all teachers prescribed by CR Part 154.2. The professional development, whether provided in house or in attendance with the MLL-ELL department is dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. For all Dual Language and English as a new language teachers, a minimum of fifty percent (50%) of the required professional development hours is dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. All professional development agendas, and sample powerpoint presentations or artifacts are housed in our ELL binder and our monthly professional development binders. Professional Development provides teachers with research based practices to support and engage ELL's learning progression towards master of the Next Generation standards. Pedagogical development for the instruction of ELL's includes workshops in school and out of school. Agendas and sign ins of professional development provided in school are kept in house, teachers are also required to provide registration documents for outside PD's and completion documentation.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At the Longwood Academy of Discovery, we utilize assessments from Acadience screener/progress monitoring, Estrellita Phonics, Fundations Phonic Assessment, Phonics to Reading assessments, I-Ready, SPIRE, Into Reading and Arriba La Lectura to guide the instructional plans for ELLs. Teachers also create their own standards based assessments that will track progress as aligned to the Next Generation Standards. Engaging and interactive instruction will allow multiple opportunities for students to demonstrate their understanding through a variety of representations. Feedback is provided on a regular basis in the classroom. In Math, we also I-Ready and Amplify Math Desmos assessments. Teachers also create standard based assessments in English and Spanish. These screeners help us on a daily, weekly, and monthly basis to track the progress of our ELLs and plan accordingly to meet their specific needs. We will use specific phonemic awareness, phonics and reading fluency screeners on a weekly basis from Acadience to help us group the students according to their literacy needs. The Math topic assessments, both in English and Spanish, from Amplify Math Desmos, help us plan and group accordingly. They guide us to create specific skill based groups and plans that meet the needs of our ELLs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Currently our school has an MTSS (Multi Tier Support Services) Team which includes school administrators, school psychologist, counselors, SETTS teacher, IEP teacher, coach, AIS teachers and ENL providers. This team meets on a weekly basis and reviews data and teacher concerns. The team then decides which interventions all ELL students (Newcomers entering/emerging, transitioning, expanding, SIFE, SWD, long term ELLs, and former ELLs) can receive apart from their ENL services. Interventions can include RTI Tier Intervention in their class or in separate small groups. Interventions can be provided in both English and Spanish. We also have paras that speak Arabic and Bengali. If the need arises we will utilize these paras for support. If a child needs counseling services the team makes arrangements with the family to consider in house services from Astor Services. ENL providers and Dual language teachers also gather on a weekly basis to look at data and discuss further interventions. Such interventions can also include SETTS. For each English language learner who scores below specified levels of performance on the annual English language proficiency assessment, the MTSS team determines the additional support services to provide the student, taking into consideration evidence such as the following: Number of years of instruction in a bilingual education (Dual Language) or English as a new language program, English and home language literacy abilities, Content area and socio-emotional support needs of students with inconsistent/interrupted formal education (SIFE), English and home language literacy needs of long-term ELLs, results on the annual English language proficiency assessment exam (for example NYSESLAT) Bilingual education or English as a second language teacher recommendation, content area teacher recommendation, parent or guardian request, sample of student work in English and, if possible, in the home language and Bilingual educational evaluation, if the student has or is suspected of having a disability.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Building strong, responsive, and equitable school-wide practices for the unique and diverse strengths and needs of MLs and ELLs is an ongoing and continuous process. A multi-tiered system of support (MTSS) is driven by data gained from across academic, social, emotional, and behavioral domains and integrated into a problem-solving cycle of analysis and action. At The Longwood Academy of Discovery, we use the NY state ELA and Math test results, periodic assessments, Acadience, NYSESLAT scores, student IEPs-goals, performance tasks, benchmarks, unit exams in order to track ELLs' progress. RTI is available for students at three levels, TIER 1, TIER 2, and TIER 3. At TIER 1, before students are referred to the MTSS team, teachers collect data and anecdotals about the progress of the child. Teachers provide the necessary intervention for 6 weeks in the classroom. If progress is below grade expectations, they then refer the child to the MTSS along with the data and anecdotal. The classroom teacher, the ENL teachers and other support staff work together to identify the needs and the services required to help the ELLs during

meetings. The MTSS A team focuses on ELLs in general education. For our ELL students in Special Education classrooms we have our MTSS B Team. At TIER 2, ENL, AIS, school psychologist and SETTS teacher pulls out the student 6 week cycle. At Tier 3, AIS, ENL teachers, and the SETT's teacher work one on one with the students who need more intensive intervention. Continuous progress monitoring is done on a 6 week interval to track student progress. At TIER 3, we provide intervention services as needed. This year we also have a S.P.I.R.E. (Specialized Program Individualizing Reading Excellence) which is TIER 3 intervention program at our school in which students meet with the teacher 3 to 4 times a week, either 1 to 1 or up to 3 students.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Multiple formative assessments will be embedded throughout the school year in order to track ELL progress, inform and drive instruction. We will use Acadience screener, and I-Ready to guide the instructional plans for ELLs. For Math benchmarks, and unit/topic assessments and I-Ready will also be utilized to inform and drive instruction, Teachers will also create their own standards based assessments that will track progress as aligned to the Next Generation Standards. Engaging and interactive instruction will allow multiple opportunities for students to demonstrate their understanding through a variety of representations. Feedback will be provided on a regular basis in the classroom.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

At our school we utilize the following assessments to evaluate MLs/ELLS home language: Arriba La Lectura literacy program in Spanish, Estrellita (phonics is Spanish), I-Ready weekly/unit of study assessments in English/Spanish. Amplify Math Desmos assessments in English and Spanish. For all other home languages needs the school utilizes the department of NYC translation/interpretation services for support with translation/interpretation of the assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The school evaluates the success of the ELL program by reviewing the ELL Data Analysis Tool, NYSESLAT spring results, Acadience screeners, I-Ready (BOY, MOY and EOY) are utilized to evaluate the effectiveness of our ML/ELL programs. Our school will begin to monitor progress in Math using I-Ready and Amplify Desmos which comes in English and Spanish. We utilize such data from the ELL Data tool to inform our instructional and curricular decisions: years of service, SIFE, ELLs who have been held back, ELLs who made progress or no progress in language development and ELLs who are SWD who may need further support.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

At our school we have an ELL team which consists of certified ENL providers, and Dual Language teachers. They will administer, train and score the NYSESLAT. All NYSESLAT testing guidelines will be followed. Such as separate location, and untimed testing. We will also follow IEP testing accommodations recommendations. Such as 'test read', use of ASL interpreters, use of scripts for our DHHES (deaf and hard of hearing students) and scribe. The ELLs, and former ELLs will continue to receive their mandated services based on the NYSESLAT results and per CR part 154 mandated service regulations. Entering and Emerging ELLs will receive a total of 360 mandated ENL/Bilingual services, transitioning and expanding ELLs will receive a total of 180 mandated ENL/Bilingual service and commanding and former ELLs will receive 90 minutes of ENL/Bilingual services. Former ELLs will also receive testing accommodations up to 2 years after testing out of ELL status.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Not applicable

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Within five school days of ELL determination, our school informs parents/guardians of the results of the NYSITELL, ELL status, and their right to seek review of this determination. Our school uses the NYC DOE standard parent notification letters (in the parents' preferred language). Translation/interpretation supports families are available upon request. Parents/guardians are the sole determinants of the ELL programs their children receive, initially and in subsequent years. The Longwood Academy of Discovery notifies parents/guardians of their child's eligibility for ELL services and provides information and program selection through parent orientations (in the parent's/guardian's preferred language). Parents are invited to attend the parent orientation to complete the parent program survey in their language of preference. Parents view program goals and requirement videos in their preferred language. View the video(s) below, from the NY State Department of Education, to learn more about: The English Language Learner identification and eligibility, The three types of English Language Learner programs and Ways parents can participate in their child's education. The parents receive the following program goals and requirements: All ELLs receive English as a New Language (ENL) whether standalone or in the classroom. The child will be taught to read, write, and speak in English with support in the child's home language. We also explain the bilingual education program. We offer Dual Language Bilingual Education (DLBE): The goal of this program is for the child to read, write, and speak in both languages-English and Spanish. After the child is no longer an English Language Learner (ELL), they will stay in the program to learn and improve both languages. After parents choose a program the parents are also provided with information regarding expectations for the programs as well as standards, school and assessment expectations. NYSITELL and NYSESLAT assessment is also discussed. We explain the following to our parents that the NYSESLAT test measures the child's progress in learning English. The results allow our parents, children, and their teachers to understand strengths and areas that need improvement, such as speaking, reading, and writing in English. The results of the test are also used to determine if the child will continue to be identified as an English language learner in the next school year. Parents also receive a copy of the Next Generation Learning Standards and resources for parents of ELLs found in teachhub provided by the department of Multilingual Learners.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At The Longwood Academy of Discovery we encourage the parents of ELLs to become a partner in their child's education. At our school we meet individually with the parents or guardians of English language learners at least twice a year, in addition to parent-teacher conferences, initial parent orientations, quarterly progress meetings or other scheduled meetings are provided for our parents or guardians. We discuss the goals of the ENL program, their child's language development progress, their child's English or Spanish language proficiency assessment results, and language development needs in all content areas. We inform the parents

or guardians about their child's language development in all content areas in English and in the child's home language in the case of students enrolled in a bilingual education program. We always provide a qualified interpreter/translator in the language or mode of communication of the parent or guardian.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To ensure that parents whose preferred language is other than English are provided with meaningful opportunities to participate in and have access to programs and services critical to their child's education (Chancellor's Regulation A-663). When a parent enters our school building to register a student, the school secretary makes contact with the ENL provider or trained pedagogue to quickly identify whether a language interpretation/translation service is required. A Language ID guide is also present at the office desk to help identify the parent's home language. Upon evaluation by the coordinator, she determines whether the parent needs further assistance with translation and or oral interpretation services. If the parent does not speak Spanish or Bengali the office makes contact with the translation and interpretation unit for further assistance. The ENL coordinator, the parent coordinator and most of the staff in the main office speak Spanish; which is the major language spoken at our school. They translate or interpret any information to that parent in Spanish. According to our school data, the ATS report RCPL, completed HILS: Language Surveys shows that Spanish is the major language at PS 333x. Any letters sent from our school are also provided in English and Spanish. According to the RCPL report on ATS, the main language other than English (58.54%)that is also preferred at our school is Spanish 40.2%, Arabic 0.56%. Throughout the school year, parents are informed via phone messages in several languages, PTA meetings, parent workshops, school signage, and schools Parent Handbook that they may request documents in their preferred language. Throughout the school year the school parent coordinator, STH Coordinator, and CBO Director, and school administrations will survey families during school family events to gather feedback on preferred languages and how to best support that all school related services are in a language of their preference.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Throughout the school year families will engage in several school events hosted by the parent coordinator, Family Workers and school staff to empower our families. Additionally, on a weekly basis teachers set up meetings to discuss students progress and needs throughout the school year. Support services are made available for staff and parents to provide language support such as translations to support families during meetings and conversations throughout the school year. The school principal also holds weekly meetings, "Meet with the Principal." The Principal here also collaborates with the parents to determine needs of the community. Here parents get to hear what is happening in our school and how they can be part of the process. Parents also get to voice any concerns or suggestions they may have. The Parents of ELLs and Immigrants are also invited to participate in the Title 3 after school ESL parent class. Here the parents have the opportunity to develop their English language skills . Parents attend the ESL class during the time the students are attending their after school program. On a monthly or weekly basis we also have parent workshops that are based on survey results from our parents. At our school we work diligently with our Parent Coordinator and our School Parent Association (team) to create a school culture that fosters parental involvement. Throughout the school year also our school parent association runs several events for our school such as bake sales, photo days, book fairs , winter and spring dance, and field days.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 333, The Longwood Academy of Discovery, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community. The Longwood Academy of Discovery will support parents and family members of Title I students by:
• providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
• providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
• fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
• providing assistance to parents in understanding City, State and Federal standards and assessments;
• sharing information about school and parent related programs, meetings and other activities in a format, and in languages that

parents can understand;
• providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community; The school's Parent and Family Engagement
Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program.
This information will be maintained by the school. In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
• actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
• engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
• ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
• support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I.

Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
• maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
• conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
• provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
• host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
• schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
•translate all critical school documents and provide interpretation during meetings and events as needed. The school will further encourage school-level parent and family engagement by:
• hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
• creating time for parents to engage with their child's teacher via office hours;
• encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
• supporting or hosting Family Day events;
•encouraging more parents to become trained school volunteers;
• providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
• developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress; The Longwood Academy of Discovery, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

The registration team at our school which includes the ENL providers, Pupil secretary, Parent Coordinator and Family worker, work hand in hand to assist newly enrolled students. We conduct open house events which welcome or welcome back all students to the school. These events will also take place during June and prior to the first day of school to provide families with school expectations and norms as well as other vital information (school resources, uniforms and school policy). School counselors are informed of newly enrolled students so they can welcome them to our school. Parent Coordinator conducts and needs assessment and provides the families with school supplies and resources in the school community that support students transition to a new school environment. The Parent Coordinator shares information services such as translation and interpretation services available. Teachers pair up students within the classroom to support as school ambassador/buddy and support the new students acclimate to the school community. School creates a welcome video that provides an overview of the curriculum, school policies and procedures of the school and social emotional support for parents to view as part of the registration and welcoming to The Longwood Academy of Discovery. Throughout the school year families engage in several school events hosted by the parent coordinator, ENL providers, Family Workers and school staff. Additionally, teachers and staff reach out to families and set up necessary meetings to discuss students progress and needs throughout the school year. Dual Language resources and videos are also shared with the community to inform them of our growing program.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

At The Longwood Academy of Discovery the members of the ELL identification team include the ELL Coordinator, Pupil Secretary, Parent Coordinator, and Family Worker and Supervising ENL assistant principal.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Initial Intake and Registration:

Upon a new family's arrival, the Pupil Secretary notifies the ENL and Parent Coordinators.
The ENL and Parent Coordinators assist families in completing registration forms in their preferred language, utilizing translation services as needed. The ENL Coordinator conducts an intake interview with the family and student, reviews prior academic records and assessments, and helps complete the Home Language Identification Survey (HLIS). The student's literacy and math levels in their home language are assessed using work samples or other tools, with translation support provided by bilingual staff or DOE-approved services. The ENL Coordinator assigns a language code in HLIS, which the Pupil Secretary enters into ATS.

ELL Eligibility and NYSITELL:

If eligible, the student takes the NYSITELL. Students who do not score "Commanding" are identified as ELLs.
Parents are informed of their child's ELL status and invited to an orientation where they receive detailed information about NYC's ELL program models, including a multilingual video presentation and interpretation services. Parents select an ELL program for their child. If the chosen program is unavailable, a transfer option is offered per DOE policy. If the student remains, they are placed in an English as a New Language (ENL) program, and parent preferences are tracked to support future program offerings.

Special Cases and Re-Identification:

For re-enrolling students who attended NYS public schools within the past two years, the school contacts the previous school for ELL status and assessment data. If the student has been out of NYS public schools for over two years, the full ELL Identification Process is administered.The ENL Coordinator also facilitates the Re-Identification Process for students potentially misidentified, which must be requested within 45 school days of enrollment. The principal reviews any status changes within 6–12 months.
Timelines and IEP Considerations:

The ELL Identification Process is completed within 10 school days of enrollment (20 days for students with IEPs).
For students with IEPs, the Language Proficiency Team (LPT) makes a recommendation to the principal, who seeks final approval from the superintendent.

Family Engagement and Support:

Families receive information on school expectations, policies, uniforms, and available resources.
If the student's home language is Spanish, the Spanish LAB is administered. Copies of all ELL-related communications are stored in the student's cumulative file. School counselors are informed to welcome new students, and teachers are notified to assign peer buddies to help students acclimate. The Parent Coordinator conducts a needs assessment and provides school supplies and community resources.
A welcome video outlining curriculum, policies, and social-emotional supports is shared with families. Throughout the year, families are invited to school events hosted by the ENL team and staff. Teachers maintain regular communication with families to discuss student progress.

These structures and process will be conducted all year round. In order for on interruption for the provision of the mandated ENL/bilingual instruction a schedule and time frame has been established in our school. The ENL Coordinator and the ENL provider have coordinated schedules that does not allow interruptions of instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school. We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Nancy	Pacheco	Teacher - Bilingual	11/06/2024	
Maria	Maglaras	Teacher- Bilingual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	3	0.44%	3	0.44%	0	0
FRENCH	1	0.15%	1	0.15%	0	0
ENGLISH	394	58.28%	385	56.95%	10	10
SLOVAK	1	0.15%	2	0.30%	0	0
SPANISH	277	40.98%	284	42.01%	3	0
SONINKE	0	0.00%	1	0.15%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Flyers of events	Parent coordinator/Staff will receive flyers ahead of time to translate in Spanish.
IEP	If parent requests it, the SEISS dashboard prints it in another language.
Parent Notices	Parent coordinator will translate before distribution.
Calendar	Parent coordinator or staff will translate
Parent Newsletter	Parent coordinator and teachers will translate.
Trip Forms	Parent Coordinator or trip coordinator will translate.
Permission slips (Photo/Tech)	Parent Coordinator. Staff will receive documentations before distributed to have time to translate.
Data Report	Parent Coordinator. Staff will receive documentations before distributed to have time to translate.
Gama Blasts	System allows for blast in language needed.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Monthly Principal Events	One of the staff members will be available to translate.
Parent Workshops	One of the staff members will be available to translate.
PTA Meetings	One of the staff members will be available to translate.
Parent Teacher Conferences	One of the staff members will be available to translate.
Parent Meetings (IEP, etc)	

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

GAMA messages are sent out in multiple languages
Translators are available during parent meetings
All protocols and procedures are shared in multiple languages.
All systems used like (SEISS) have option to print in multiple languages .
Data reports printed in both languages.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the beginning of the school year, during our staff back to school meeting, the LAC Coordinator provides an email and a folder detailing the chancellor's regulation A663 and also provides all contact information on how staff can reach the translation and interpretation unit via phone call or email if they require translation and interpretation services. The information is also provided for a week or so before any parent conference or parent meeting or workshop.
Staff will also review the student's blue card or ATS as a way to determine the language translation needed. A translator will be secured if needed before meeting with parents.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Throughout the school year, parents are regularly informed—via multilingual phone messages, PTA meetings, parent workshops, school signage, and the Parent Handbook—that they may request school documents in their preferred language.
Flyers and parent material will also be displayed in the different langauges around the school. Language posters will also be posted in both the front door entrance and parent center.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Throughout the school year the school parent coordinator, STH Coordinator, CBO Director, Parent Coordinator and school administrations
will survey families during school family events to gather feedback on preferred languages and how to best support that all school related services are in a language of their preference.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School,Saturday Academy

Total number of ELLs to be served in this program:

93

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2 TESOL teachers

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Here at the Longwood Academy of Discovery, our after school program aims to increase and enhance our ELL/MLL's academic language and skills by using ENL methodologies. The students will strengthen their language skills in the four modalities: speaking, listening, reading, and writing, thereby accelerating their overall academic achievement. Differentiated instruction will include guided reading, close reading, read-aloud, shared reading, reading conferences, note-taking, use of graphic organizers, sentence frames and sentence starters, listening to and engaging in conversations with peers and teachers, as well as phonics instruction. For math, our focus is to help students build math fluency, such as mental math skills, and problem-solving strategies, promote math accountable talk centered on fluency and number sense, and teach the math vocabulary needed. Students will also utilize

the software program Imagine Learning which matches students to their academic performance level and abilities and track their progress. We will band students accordingly: We will serve two student groups: Grades K–2 and Grades 3–5, with at least 10 students per group. Teachers will use data from Acadience, ELA i-Ready, Math i-Ready, NYSESLAT, the EDAT exam, and other relevant assessments to plan differentiated instruction that meets students' needs and addresses priority standards. All data will be analyzed and applied appropriately. At the end of November 2025, certified ENL teachers will begin running the Title III after-school program. The program also aims to support the District 8 goal of reducing the number of Level 1 students by 10% (based on the number of ELL/MLL students performing below grade level in ELA as measured by the NYS ELA Exam and Acadience) and increasing the percentage of students scoring at proficient Levels 3/4 by 10% (students performing on or above grade level in ELA as measured by the NYS Exam and Acadience). Both the K–2 and 3–5 groups will focus specifically on entering and emerging students, using targeted ENL strategies. The after-school program will take place every Tuesday and Wednesday from 2:30 p.m. to 4:00

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

According to the EDAT, we have 74 newcomers (0-3 years of service in grades 1-4) therefore the plan is to serve these newcomers during after school. We also have 19 ELL's who are developing students (4-6 years of service in grades 3-5). Therefore, we need to create a program to increase and enhance the oral and academic language skills of our ELL's by using ENL methodologies. The students will strengthen their language skills in the four modalities: speaking, listening, reading and writing thereby accelerating their overall academic achievement. Differentiated instruction will include guided reading, close reading, read aloud, shared reading, reading conferences, note-taking, use of graphic organizers, sentence frames and sentence starters, listening to and engaging in conversations with peers and teacher as well as phonics instruction.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

K-5, all ELL-ENL and Dual Language students and all subgroups will be invited to attend the after school program. We have a total of 93 Ell students. 60 students are entering and 14 emergent. 19 students are expanding or transiting within all grades. 49 of those students are in grade K- 2 and 44 in grades 3-5. 39 students in grades K-2 are entering and emerging. 35 students in grade 3-5 are entering and emerging.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Afternoon program is scheduled to run from November 2025 until April 2026. Students will participate in blended learning every Tuesday and Wednesday from 2:30pm to 4:30pm. About 30 sessions in total.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

At the Longwood Academy of Discovery after school program the languages of instruction that will be provided will be English and Spanish when needed to support students. We will support the home language through the use of translated text, videos, oral language translations and tasks.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

2 teachers will be funded to run the Title 3 program. These 2 teachers are certified in both ESOL.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For Developing ELLs we would include the following materials: Reader's Theater series collections for grader 3-5, chromebooks, skit material, props, art supplies. For newcomer ELLs in grades 1-4 we would include the following materials: art supplies such as paper, canvas, paint brushes, paint, easel, pallets and smocks. English 3D, HMH material, Math workbooks.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The ELL teachers participating in the Title 3 program will maintain all records for the after school program. This will include parent permission letters (in translated formats), attendance records, letter correspondences, progress monitoring, assessments and lunch snacks attendance.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Teachers will receive professional development on content instruction that meet the needs of all our English Language Learners. This will be at not cost to the Title III funds. At The Longwood Academy of Discovery teachers receive professional development from our inhouse UFT teacher center. These PDs also incorporate best practices that support all of our ELLs. The ENL and Dual language team also meets twice a month. These meetings also include turn key trainings from the ELL Coordinator/District Ambassador. The trainings the ELL Coordinator includes best ENL language practices, strategies and scaffolds that all students can benefit from. Professional development topics can include differentiating for sub groups (newcomers, SIFE, ELL SWD), looking at progressions, analyzing data or student work, progress monitoring,small group , use of decodable books, lesson planning, etc.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

According to the EDAT, we have 87 newcomers (0-3 years of service in grades 1-4) therefore the plan is to serve these newcomers during after school. 21 ELL's are developing students (4-6 years of service in grades 3-5).At our school we have an ENL and Dual Language Bilingual program in grades K-5 and want to ensure that our ENL and Dual Language teachers are in a constant cycle of learning in order to support our Language Learners.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Ms. Guzman (DL), Ms. Martinez (DL) Ms. Dorado (DL) Ms. Calzado (ENL), Mr. Morales (DL) Ms. Fernandez (DL) Mr. Jimenez (DL) will receive professional development on content instruction that meet the needs of all our English Language Learners. This will be at not cost to the Title III funds. At The Longwood Academy of Discovery teachers receive professional development from our inhouse UFT teacher center. These PDs also incorporate best practices that support all of our ELLs. The ENL and Dual language team also meets twice a month. These meetings also include turn key trainings from the ENL teacher/District Ambassador. The trainings includes best ENL language practices, strategies and scaffolds that all students can benefit from. Professional development topics can include differentiating for sub groups (newcomers, SIFE, ELL SWD), looking at progressions, analyzing data or student work, progress monitoring, small group instruction, use of decodable books, lesson planning, etc.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The program is scheduled to run from December 2025 until April 2026. Teachers will participate in blended learning weekly from 2:30pm to 4:30pm. About 15 sessions in total.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

ENL & DL Best Practices
Math best practices
Data Analysis
scaffolding vocabulary,
analyzing and evaluating student writing on the NYSESLAT,
teaching academic language,
understanding the writing process and incorporating ESL strategies/scaffolds.
language progressions,
writing language objectives,
total physical response,
oral language development strategies for newcomers.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The following providers will provide professional development. Ms. Vadi UFT Teacher Center Coach, Mr. Nelson Caro District 8 ELL Instruction Achievement Specialist.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

At the Longwood Academy of Discovery we have a school drive where we document and outline all professional developments, goals, and next steps. This also includes the documentations of meetings and professional development for the title 3 afterschool program.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Based on our school population 26.3% of our students are current ELLs and come from a home in which English is the second language spoken. Therefore, the parents of those students who will be participating in the Title 3 program will be invited to attend the ESL adult class from December 2025 through April 2026 Tuesdays and Wednesdays from 2:30pm- 4:30 pm. The goal is to increase English conversational, reading comprehension, writing skills , increase parent involvement and have the parents become part of the morningn and after school program, alongside their child. Such topics can include: Our community, writing a resume, using a computer, navigating apps, community resources, family trips, etc.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Based on our school population 26.2% of our students are current ELLs and come from a home in which English is the second language spoken. Therefore, the parents of those students who will be participating in the Title 3 program will be invited to attend the ESL adult class from December 2024 through April 2025 Tuesdays and Wednesdays from 2:30pm- 4:30 pm. The goal is to increase conversational English, reading comprehension, writing skills , increase parent involvement and have the parents become part of the after-school program, alongside their child.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The program is scheduled to run from December 2025 until April 2026. Parents will participate alongside the students after school every Tuesday and Wednesday from 2:30pm to 4:30pm. About 30 sessions in total.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

To engage our families the following topics will be covered: basic conversation skills through social conversations (small group activities), identify community buildings/workers, develop computer and jobs skills, overview and breakdown of the NYSESLAT, Science of Reading-phonics or comprehension or ways to best support your child with Math and English Language Arts.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ENL Teachers: Ms. Calzado, Ms. Maglaras
CBO staff
Parent Coordinator - Ms. Morales
Mr. Nelson Caro (Distrcict ELL/MLL Support)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be invited in their native language via email, social media, class dojo, google classroom, telephone calls, or in writing (flyer) to attend other parent workshops that the school offers

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Agendas ans attendance sheets will be kept in ENL room or with Supervising Assistant principal.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$12,993

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	N/A	Teachers will be participating in professional development to support them during morning and after school programs.
Purchased services -High quality staff and curriculum development contracts.	N/A	Support will be attained to provide the professional development for teachers as well as resources to develop their pedagogy.
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	N/A	Academic resources will be needed for students and staff
	N/A
