Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable)

and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 18 Edward Bush School For Leadership

District Borough Number (DBN):

14K018

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Victor Garcia	Principal or Designee*	

Melvin Mizhquiri	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Amanda Lopez	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Elba Salas	District Council 37 (DC 37) Representative (staff), if applicable	
Alexandra Cerda	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Isaiah Atlriaga	CBO Representative, if applicable	
Eva Tsoureka	Member/Parent	
Alexandra Cerda	Member/Parent	
Melvin Mizhquiri	Member/Teacher	
Michelle Garcia	Member/Teacher	
Katja Ikeler	Member/Teacher	
Lisa Reynolds	Member/Title1 Parent Rep	
	Member	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

1. Analyze: Data Variation - Identification

May 13, 2024 Parent Representatives - Yadsuel Barada, Nina Zieling, Alexandra Cerda Administration - Victor Garcia Teachers - Michelle Garcia, Melvin Miizhquiri

2. Analyze: Data Variation - Share and Explore

May 29, 2024 Parent Representatives - Yadsuel Barada, Nina Zieling, Alexandra Cerda, Tiffany Themens, Lisa Reynolds, Eva Tsoureka Administration - Victor Garcia Teachers - Melvin Mizhquiri, Katja Ikeler, Michelle Garcia

3. Analyze: Survey Data

May 17, 2024 Parent Representatives - Yadsuel Barada, Alexandra Cerda, Nina Zieling, Eva Tsoureka, Lisa Reynolds, Tiffany Themens, Administration - Victor Garcia Teachers - Michelle Garcia

4. Listen: Student Interviews

May 31, 2024 Parent Representatives - Tiffany Themens, Eva Tsoureka Administration - Victor Garcia Teachers - Katja Ikeler

5. Envision: Reflect and Synthesize

June 7, 2024 Parent Representatives - Eva Tsoureka, Yadsuel Barada, Tiffany Themens, Alexandra Cerda Administration Victor Garcia Teachers - Michelle Garcia, Melvin Mizhquiri

6. Plan Writing and Revision

June 7, 2024 Parent Representatives - Eva Tsoureka, Yadsuel Barada, Tiffany Themens, Alexandra Cerda Administration Victor Garcia Teachers - Michelle Garcia, Melvin Mizhquiri

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd
Yadsuel Barada	PTA President	9/25	10/9	11/30	2/1	3/29	4/26	5/31	6/7		
	Parent	9/25	10/9	11/30	1/4	2/1	3/29	4/26	6/7	6/15	6/22
Alexandra Cerda	Parent	9/25	10/9	11/30		2/1	3/29	4/26	6/7		
Michelle Garcia	UFT	9/25		11/30	1/4	2/1	3/29	4/26	6/7		
Melvin Mizhquiri	UFT	9/25	10/9	11/30	1/4	2/1	3/29	4/26	6/7		
Katja Ikeler	UFT	9/25	10/9	11/30	1/4	2/1	3/29	4/26	6/7		
Elba Salas	DC 37	9/25	10/9	11/30	1/4	2/1	3/29	4/26	6/7		
	Parent	9/25	10/9			2/1	3/29				

Eva Tsoureka	Parent	9/25	10/9	11/30	1/4	2/1	05/13;05/17;05/23;	05/31	6/7		
Victor Garcia	Principal	9/25	10/9	11/30	1/4	2/1	3/29	4/26	6/7	6/15	6/22

Section 4: School Summary

Accountability Status

Accountability Status: **CSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Vision: Where Everyone is Brave, Connected, and Included as we Learn and Grow Together by Embracing Mistakes as Opportunities.

Mission: At P.S. 18, we are dedicated to the intellectual, social and personal growth of all students. We will cultivate an inclusive, safe, and positive educational environment where every student actively engages in their learning journey. We strive to create a challenging and rigorous academic atmosphere that supports all learners, empowering them to achieve their full potential, foster leadership skills and become lifelong learners. An active partnership between staff, students, parents and the community will be fostered to ensure that our students are immersed in the highest quality education and students are fully prepared to excel in all of their college and career goals.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS is a multilingual and equity driven school. Our CRSE/Equity Team is always looking for new ways to strengthen our culturally responsive and sustaining curriculum and teaching practices. Our student population is made up of 88.2% minority enrollment, 65.0% Hispanic/Latino, 21.2% Black or African American, 11.8% White. We have 25% of students with disabilities, 15.28% multi-language learners, 9% in temporary housing. We provide classes in Spanish as well as German Language Enrichment for our community in grades K-5. We believe that the more languages, cultures, and families we can introduce our students to the more it will enrich their lives and the community as a whole. Our school is continually growing both in size and programs, continuing hydroponics curriculum for all students in grades K-5 from NY Sunworks, as well as a school garden in our outside yard. Since 2022, our Civics program and Debate Team school wide has an impact on student advocacy. We participated in two district wide events, placing first place for our Spanish language team. We believe that students learn best through interacting with the world around us, and this gives us an opportunity to connect what students can touch, feel, and observe, to what they are reading and writing about on a daily basis. We are a Move to Improve All Star school, which means that our students will be active even when they are not in a physical education setting. Our teachers are all trained to incorporate movement into their learning opportunities, which not only keeps students physically active, but helps with processing and retaining what they are learning about each day. Our school curriculum is HMH Into Reading, Illustrative Mathematics, and our DL Spanish Classes will also use Arriba La Lectura, which features authentic Spanish literature that reinforces the NYS Next Generation Literacy Standards they are learning about in HMH Into Reading. Lastly, our Community-Based Organization (CBO) partnership is with St. Nick's Alliance, who provides our school community with an after-school program each day after school where students engage in small group reading/writing and mathematics intervention, as well as extracurricular activities that vary from karate, ballet, fine arts, and music. Our school may be small, but like our hearts, it is full of love for our students.

Briefly summarize the key initiatives your school will implement this school year.

This year our school will refine our progress monitoring to include, daily, benchmark and school-wide formative assessments in one robust data tracker. Our school will be organizing data talks bi-weekly in teacher teams to review data using Data Wise

protocols and formulate next steps for MTSS in each class. Additionally, we will be implementing a new mathematics practice to tap into the strengths of our students and leverage their innate curiosity about the world around them through math discourse. This new approach to math instruction will use exploration and math centers to develop conceptual understanding before instruction begins, giving all students an equitable entry point into math at our school. Another school-wide initiative we are implementing is the use of thinking maps. Students and teachers need a consistent and research proven approach to make thinking visible, and to strategically solve problems that they are faced with across content areas, and thinking maps will give us an opportunity to ensure that students planning matches the cognitive process taking place throughout the school. We also recognize that there are students who will require more intensive interventions, and have trained our reading teacher in SPIRE and Sound Sensible so that when T3 interventions take place, they are receiving a research proven approach, with built in progress monitoring tools.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Online Curriculum Available
Math	K-5	Illustrative Mathematics	Online Curriculum Available
Wilson Fundations	K-2	Print Curricula	
Heggerty	PreK-2	Print Curricula	

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

For the 2025-2026 school year, we are building on key strengths identified in previous years to enhance our instructional and assessment practices. Our focus remains on data-driven instruction, targeted interventions, and structured teaching approaches to meet diverse student needs.
Formative Assessment Tracking: While we are transitioning away from Mastery Connect, we are continuing our robust practice of tracking formative assessments. This system enables teachers to create and implement small group instruction in every class period, rather than limiting interventions to an isolated block. Teachers track student progress and make data-informed adjustments to instructional groups and strategies during weekly team meetings organized by grade bands (K-2 and 3-5).
Comprehensive Assessment Plan: Initiated in the 2022-2023 school year, our comprehensive assessment plan leverages iReady as a diagnostic tool. This informs instruction, facilitates individualized computer-based interventions, and fosters discussions about school- and district-wide trends.
Station Teaching and Embedded Rotations: We remain committed to strengthening the structure of station teaching with embedded rotations. This approach ensures that instruction is tailored to meet individual student needs, promoting engagement and personalized learning.
HMH Reading Modules with Knowledge Map: We are launching the HMH reading modules, integrated with the Knowledge Map, to provide students with essential background knowledge. This enhances content comprehension at a deeper level, fostering stronger literacy skills.
Online Assessments: All assessments have been transitioned to an online format, providing teachers with immediate data. This allows for more efficient planning of future lessons and station activities, enabling rapid instructional adjustments based on real-time insights. These refined practices reflect our commitment to fostering a dynamic, data-driven, and student-centered learning environment for the 2025-2026 school year.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

For the 2025-2026 school year, we have identified key challenges from the previous year that impacted the achievement of our annual goals. Below, we outline these obstacles and the targeted strategies we are implementing to address them, ensuring a more effective and focused instructional environment.
Overabundance of Assessment Data: The previous year's assessment plan generated excessive data due to frequent assessments, which overwhelmed teachers and reduced instructional time. To address this, we are scaling back from weekly to bi-weekly formative assessments. This adjustment provides teachers and students with more time to address identified needs, fostering deeper engagement with grade-level standards.
Inefficient Benchmark Processes: Written benchmarks created challenges in scoring and data disaggregation, burdening staff and families. For 2025-2026, we are transitioning to an online benchmark system. This shift streamlines scoring and data analysis, making it easier for staff to interpret results and for families to access clear, actionable insights.
Centralized Assessment Platform: Previously, formative assessments and benchmarks were housed in separate systems, complicating efforts to gain a cohesive view of student progress. We are now adopting a new platform that centralizes all formative assessments and benchmarks. This provides a clearer, more comprehensive snapshot of student progress through grade-level standards, enabling more informed instructional decisions.
New Teacher Training Needs: New teachers struggled to adapt to unfamiliar curricula, impacting instructional consistency. To mitigate this, we are implementing intensive training for our new math curriculum starting in June 2025. Additionally, all teachers will participate in either refresher or new teacher training for our reading curriculum during the same period, ensuring alignment and confidence in delivery.
Teacher and Student Absences: Absences due to illness and other factors disrupted consistent, high-quality instruction. While some external factors are beyond our control, we are strengthening our instructional framework by providing teachers with robust lesson planning tools and substitute teacher guides to maintain continuity. We are also exploring hybrid learning options to ensure students can engage with content during extended absences.
Teacher Mindset and School Culture: Some teachers' self-focused mindsets led to conflicts with peers, disrupting our collaborative school culture. To address this, we are implementing professional development focused on fostering a student-centered mindset and building stronger team dynamics. Regular culture-building activities and conflict resolution training will be integrated into our professional learning communities to promote a cohesive, supportive environment.

These strategic adjustments reflect our commitment to overcoming past challenges, streamlining processes, and fostering a student-centered, collaborative culture for the 2025-2026 school year.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

Student interviews helped to illuminate areas that needed changing both instructionally and socio-emotionally. Students were able to identify the instructional practices and activities that they felt made learning fun, and therefore informed the school community about a responsive approach to mathematics and the need to shift to a less traditional instructional approach and through Illustrative Mathematics. They also gave feedback about online instructional tools like iReady which we will continue based on student interest, but expand it's use with additional instructional options within the program to address areas of concern. Students also reported about how they feel at the school, why they like or do not like to come to school. Issues that were brought up and addressed in the CEP are restorative practices which students expressed they liked because it gave them more voice in their school.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

No

Community Schools

Yes

Elementary School Looping

Yes

Establish an Early-Warning Intervention and Monitoring System

Yes

Evidence-Based Instruction Implementation

Yes

Expanding Access to High-Quality Out-of-School-Time Programs

Yes

High Quality Instructional Materials

Yes

High Quality Tutoring

Yes

Incoming Student Induction Programs

No

Increased Learning Time

No

Instructional Coaching

Yes

Middle School Flexible Scheduling

No

Multi-tiered Systems of Support – Integrated (MTSS-I)

Yes

Ongoing Job-Embedded Professional Development

Yes

Principal Leadership Development

Yes

School Accountability Data

Subgroup	Accountability Status for Subgroup in 2023-24 school year	Weighted Avg. Ach. Level	Core Subject Perf. Index Level	English Language Proficiency Level	Chronic Abs. Level
Black	TSI	1	1		
ED	TSI	1	1		2
Hispanic	TSI	2	2		2
SWD	TSI	2	2		
All	CSI	1	1		2

Civic Empowerment Projects

Every school identified for the Comprehensive Support and Improvement (CSI) support model is required to implement a Civic Empowerment Project designed to increase student and family participation in decision-making.

Schools are required to select one of the six options listed below to address the requirement AND should be prepared to report on their implementation of their selected choice throughout the year.

Indicate your school's Civic Empowerment Project selection:

Schoolwide Voting

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
49% of students are reading at Early on Grade level or above as per i-Ready Reading June 9, 2025. Since the beginning of the school year we have increased from 16%. Our goal was 65%. Specifically in Comprehension Overall we are 42% of students at or above Grade level up from 18% at the beginning of the school year. Of the 42%; 45% are early on and above in Literature. 44% are early on and above in Informational. Based on observational data, on average in all classrooms 5 out of 20 students are annotating the texts as they read.	Students are not fully engaged with the texts that are used during reading because current instructional practices are not providing the opportunity for all students to have access	We need to implement effective instructional practices that result in an increase of student comprehension and engagement in texts.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	49%	By June, 2026, literacy for All Students will improve, as measured by a 16% Increase, from 49% to 65%, of percentage of students scoring Early on Grade level and above on the NYCPS Screener i-Ready Reading Assessment results .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase student comprehension and engagement in reading through annotation of text and effective scaffolding provided in all classes

Root Cause Addressed:

Students are not fully engaged with the texts that are used during reading because current instructional practices are not providing the opportunity for all students to have access

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During the summer, teachers will collaborate with the administration to develop a plan for embedding annotation and scaffolding into the lessons for ELA and math.
During the first semester of school teachers will be reintroduced and supported to fully develop the Data Wise Cycle and protocol. Team meeting expectations are created aligned with the Data Wise Cycle with the specific focus on analyzing student annotations and scaffolding.
Instructional expectations will be reinforced and made clear by Administration for all grades from 3K through 5th grade. Instructional expectations will be in alignment with the District, specifically annotation of texts and the teacher provided scaffolds to meet the needs of all students.
Embedded in the school master schedule will be bi-weekly data chats with teachers and Administration to ensure data is effectively analyzed and plans for instruction are in direct alignment with student annotation and engagement.
During weekly teacher team meetings teachers will practice using the data wise cycle/protocol to plan for student annotation and scaffolding.
Principal will conduct regular classroom walkthroughs and review lesson plans to ensure teachers are planning for annotation of

text and effective scaffolding. Instructional coach will support implementation of annotation of text and effective scaffolding through classroom visits and lesson planning support. Data will be shared with teachers to develop individualized plans for providing additional support.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Administrator will conduct regular classroom observations and review lesson plans to ensure teachers are planning for and using scaffolding and teaching annotation of text effectively. Instructional coach will provide targeted support through co-planning, modeling lessons, and offering feedback based on classroom visits. They will also facilitate professional learning to help teachers collaboratively refine their instructional practices. Teachers will also complete brief self-reflections to share their progress and challenges. Student learning will be tracked through formative assessments, student work samples, and feedback surveys. These will be reviewed during weekly team meetings, where teachers will refine their strategies and address skill gaps collaboratively. Student achievement will be measured using benchmark assessments administered three times a year. Team Meetings will analyze this data to guide instructional adjustments and interventions. Finally, teacher team meeting effectiveness will be monitored through meeting notes, shared resources, and peer feedback, ensuring ongoing collaboration and professional growth.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Provide Parent workshops led by teachers and out of classroom staff to teach parents the power of annotation as they read and how they can help their child	St. Nicks

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Coach, Administration, St. Nicks After school staff

Instructional Resources

HMH Curriculum, online reading sites

Schedule Adjustments

Prep / Coverage changes to free teachers

Other Resources Needed

Allocation for clusters and substitute teachers for teachers to attend professional learning, Financial support for the parents to provide food and drink

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

SIG Expenditures will be utilized to provide Coaching, inter visitations and professional development.

Evidence-Based Intervention Category

Coaching for Excellence evidence based intervention that will be implemented for the upcoming school year. Coaching will be occurring for teacher teams and individual teachers.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 school year there were 24 incidents entered into Office of Safety and Youth Development system	Staff members across the school building are inconsistently utilizing behavior intervention strategies within the classroom.	Implement with fidelity the Child Mind District 14 curriculum and structure for all students to support them social emotionally

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 14 Decrease, in number of level 2-5 incidents from 24 to 10, per the Online occurrence Reporting system reports .

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement with fidelity the Child Mind District 14 curriculum and structure for all students to support them social emotionally

Root Cause Addressed:

Staff members across the school building are inconsistently utilizing behavior intervention strategies within the classroom.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All classroom teachers will utilize the Child Mind curriculum as a method of embedding SEL activities into classrooms as measured by teacher observations.
All staff will be a mentor and be matched with student(s)/mentee(s) to develop supportive relationships within school; and engage in contact time (check ins, activity, events, special projects, etc.) as measured by mentoring logs, attendance, academic growth).
The school's Social Emotional Team made up of the school guidance counselor, social worker, administration and other staff will provide ongoing professional development to teachers, paraprofessionals and support staff on student behavioral and emotional de-escalation strategies.
The Social Emotional Team (SEL) will conduct Class DOJO assemblies in the auditorium throughout the school year to promote our positive behavior intervention system to our students and teachers. This will provide motivation for both students to improve their behavior.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Advanced Observation data, Office of Youth and Safety Development (OORs) data, observational data.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	The SEL Team will host parent workshops to engage parents in conversations about our PBIS system, educate parents on Bullying, and provide information on our system of Social Emotional Support.	St. Nicks Alliance

Title I CSI School Funding will be used to provide student rewards

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
45% of students are performing at Early on Grade level or above as per i-Ready Math June 9, 2025. Since the beginning of the school year we have increased from 9%. Our goal was 60%. NYS Math 2024 Problem solving results by grade level: 14% Proficient Grade 5 15% Proficient Grade 4 22% Proficient Grade 3	Students are not consistently provided the opportunity to engage in and solve math word problems independently or in small groups.	We need to provide students with an opportunity to engage in a productive struggle with their peers in solving math word problems that will allow them to explore and be exposed to various strategies.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45%	PS 18 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring Early on Grade level and above will Increase by 20% from 45% to 65%, for All Students, as measured by i-Ready Math Diagnostic results .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Individual and collaborative shared, low-floor, high-ceiling word problems that provide cognitively demanding grade-level work to all learners.

Root Cause Addressed:

Students are not consistently provided the opportunity to engage in and solve math word problems independently or in small groups.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During the summer, teachers will collaborate with the administration to develop a plan for embedding low-floor, high-ceiling word problems that provide cognitively demanding grade-level work to all learners. Principal will work with instructional leadership team to develop a plan for supporting teachers with implementing the Five Mathematical Practices into the math block.
During the staff meetings within the first semester of school, instructional leadership team will introduce, explore and support the shift with teachers of the structure to teaching math by implementing the Five Mathematical Practices throughout all grades focusing on improving students word problem solving skills.
Expectations on the structure for math instruction will be adjusted in collaboration with administration and teachers to align with the 5 Mathematical Practices, focusing on students productively struggling to solve math word problems more than teacher modeling.
Expectations will be set and modeled to all teachers on how to plan independent and teacher-led stations where students continue to engage in for low-floor, high-ceiling word problems. This planning will be based on the data analyzed during teacher team meetings on students' performance in solving math word problems.
Teachers will participate in ongoing professional learning and coaching of the Five Mathematical Practices to increase student

performance in solving math word problems. Intervisitation opportunities will be provided for teachers to learn from each other.

Principal will conduct regular classroom walkthroughs and review lesson plans to ensure teachers are planning for low-floor, high-ceiling word problems that provide cognitively demanding grade-level work to all learners and the 5 Mathematical Practices. Instructional coach will support implementation of low-floor, high-ceiling word problems that provide cognitively demanding grade-level work to all learners and the 5 Mathematical Practices through classroom visits, team meetings, individualized coaching, professional learning meetings and lesson planning support. Data will be shared with teachers to develop individualized plans for providing additional support.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To progress monitor the implementation of key strategies and action steps for the PS 18 CEP Priority 3 math goal, the following primary structures and data sources will be utilized to assess progress and impact on instruction, student learning, and achievement:

Instructional Walkthroughs: Conducted by administration and instructional coaches to observe classroom practices, focusing on the integration of key math strategies. Evidence collected includes walkthrough checklists, teacher feedback, and observational notes on student engagement and instructional alignment with math goals.

Informal and Formal Advance Observations: Regular observations to evaluate teacher implementation of math strategies. Data includes observation reports, ratings, and post-observation conference notes highlighting strengths and areas for improvement.

Student End-of-Module Assessments: Administered to measure student mastery of math concepts. Data includes assessment scores, item analysis, and trends in student performance to gauge instructional impact.

i-Ready Data: Diagnostic and progress monitoring data from i-Ready assessments to track individual and class-level math

proficiency. Evidence includes growth reports, domain-specific performance, and instructional recommendations.

Interim Assessment Data: Periodic assessments to evaluate student progress toward math standards. Data includes performance metrics, subgroup analysis, and alignment with curriculum goals.

External Monitoring: Support from NYC Solves/Teaching Matters and District Staff to provide feedback on strategy implementation. Evidence includes coaching logs, professional development evaluations, and progress reports from external partners.

These structures ensure comprehensive monitoring, with data analyzed regularly to inform instructional adjustments, professional development, and resource allocation to improve math outcomes.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent workshops on the 5 Mathematical Practices and how parents can help their child at home.	St. Nicks Alliance

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Paraprofessionals, Administration, district instructional specialists and NYC Solves coach

Instructional Resources

Illustrative Mathematics curriculum

Schedule Adjustments

Teacher team meetings, professional learning sessions, inter visitations

Other Resources Needed

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

SIG Funding will be leverage in support of deeper understanding of the resources within Illustrative Math through professional learning and per session for teachers.

Evidence-Based Intervention Category

Coaching for Excellence intervention will provide the coaching to teachers directly in the classroom to provide the support for the shift in mathematics instruction.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 school year there were few activities for student council to engage in as measured by student survey results.	While Student Council was created few events occurred due to lack of initiative from teachers	Strengthening a functioning and independent Student Council

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	5	PS 18 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the number of Student Council Events increasing for All Students will Increase by 10 from 5 to 15 as measured by NYC School Survey Results.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

For the 2025-2026 school year, PS 18 is committed to foster a robust, independent, and inclusive Student Council that amplifies student voice, encourages family participation, and promotes shared decision-making in school initiatives.

Root Cause Addressed:

Low faculty and staff participation in student council and events planned to organize it and strengthen it.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
A team of staff from the school will be created, led by our Civics teacher, to learn how to organize and structure a student council.
Students are elected for student council and conduct meetings to plan assemblies and events.
Conduct elections to determine the role and responsibilities of students in the council.
Implement change inside and outside the school, based on students wants and ability based on survey.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In collaboration with the Student Council students and staff, develop a plan and calendar of events we will conduct during the school year. The plan and calendar will hold us accountable to completing the events and implementing the change the students want to see.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parents of the students involved will be included in the meetings conducted with students.	
09/04/2025	06/26/2026	Parent workshops will be conducted to inform parents of the goals for the Student Council.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Civics for All, District Team Members, Teachers, and Staff

Instructional Resources

NYCPS Student Council activities and guidance

Schedule Adjustments

Per session for after school meetings (as needed), lunch times to free students and staff up i.e. adjusted schedules for faculty and staff during the school day

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Percentage of parents who feel communication was strong on their child's academic performance went up to 97% as measured by the NYC Family survey.	Family engagement and Trust was low due to lack of enrichment programs provided during the school year and disruption within the PTA.	Parent-Teacher/School Trust and involvement must improve to strengthen the school's culture and enrollment.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	97%	PS 18 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families will Increase by 3% from 97% to 100% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The school principal and leadership team will communicate monthly through concise newsletters and virtual town halls to share progress on the Comprehensive Education Plan (CEP), school goals, and policies for the 2025-2026 school year. These updates will address past leadership transitions, affirm current stability, and outline the school's vision, while integrating with PTA events, Coffee/Tea with the Principal, School Celebrations, and Attendance Awards to boost engagement.

All communications will be accessible in multiple languages, with recordings and feedback forms available to ensure inclusivity and community input. The leadership team will review engagement metrics quarterly to refine outreach efforts and foster trust.

Root Cause Addressed:

Family engagement and Trust was low due to lack of enrichment programs provided during the school year and disruption within the PTA.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school principal and leadership team will send monthly newsletters and host virtual town halls to share updates on school goals, policies, and progress toward the Comprehensive Education Plan (CEP).
Launch a centralized online portal (integrated with the school website) where parents can access teacher contact information, schedules for parent-teacher conferences, and updates on classroom activities.
Implement a quarterly anonymous feedback survey (shorter than the NYC Family Survey) to gauge parent trust and satisfaction. Results will be shared publicly, with action plans to address concerns, demonstrating responsiveness and transparency.
Organize at least three school-wide events (e.g., literacy night, STEM fair, cultural celebration) during the school year, co-planned with the Parent-Teacher Association (PTA) and Student Council, to encourage family participation and strengthen relationships with school staff.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Program Oversight Committee: Monthly meetings with principal, assistant principal, two teachers (K-2, 3-5), two PTA parents, and Student Council advisor to review data and adjust strategies.

Bi-Monthly Data Reviews: Analyze participation, survey, and academic data in October, December, February, April, and June to track progress and inform adjustments.

Feedback Loops: Collect quarterly parent and teacher feedback via surveys and focus groups during Family Voice Forums.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Form grade-level committees (K-2 and 3-5) co-led by parents and teachers to provide input on curriculum implementation, school events, and family engagement activities. Committees will meet bi regularly to foster trust and ensure parents feel valued in decision-making.	St. Nicks
09/08/2025	06/26/2026	Organize at least three school-wide events (e.g., literacy night, STEM fair, cultural celebration) during the school year, co-planned with the Parent-Teacher Association (PTA) and Student Council, to encourage family participation and strengthen relationships with school staff.	St. Nicks

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Admin, Teachers, St. Nicks staff, PS 18 staff

Instructional Resources

HMH Into Reading and IM Math, STEM/Sustainability/Green Team/ Climate Action Days/NY SUN WORKS, Civics and Student Government Events and celebrations.

Schedule Adjustments

Team Meeting to plan, engage parents and community members through online, virtual/hybrid/in-person Principal's Town Halls, Coffee/Tea with Principal, Special Events at monthly PA Meetings

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
36% chronically absent students as per New Visions Portal by NYCPS 06/09/2025. Our goal was 25%.	Some challenges parents are facing to attendance are not identified or being met resulting in students remaining chronically absent.	PS 18 Attendance team must communicate with families struggling with attendance in a way that breaks down barriers, fosters relationships and results in needs not identified to be met.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	By June, 2026, the Percentage of chronically absent students for All Students will decrease by 11%, from 36% to 25%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Mentoring program for chronically absent students that focuses on collaboration with students and parents to address barriers to attendance.

Root Cause Addressed:

Some challenges parents are facing to attendance are not identified or being met resulting in students remaining chronically absent.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During the summer, attendance team will begin planning series of parent workshops on attendance and other topics with the goal of breaking down barriers to identify needs.
During first few weeks of September, attendance team will analyze New Visions Portal data on Chronically Absent students to identify families that will be invited to work with an Attendance team member to address barriers to attendance and build relationships.
Attendance team will conduct home visits to families of chronically absent students to see where and how the school can support their needs, address barriers, and build relationships.
Weekly attendance meetings will be held with the school attendance team to continuously identify chronically absent students, students at risk, and mentors will continuously create/strengthen plans that address barriers to attendance. During these meetings the team will identify students for success mentoring and to partner mentors with mentees.
Attendance team will conduct parent workshops on an ongoing basis throughout the school year to address barriers to attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring will be conducted through the use of collecting data from New Visions portal on a Weekly basis and analyzed by the Attendance team comprised of school secretary, parent coordinator, school aide, social worker, District Attendance team, and guidance counselor.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Ongoing Parent workshops by our Guidance Counselor and Social Worker	St. Nicks Alliance
09/08/2025	06/19/2026	One to one meetings in-person/virtual/at home to understand needs and meet them	St. Nicks Alliance

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Social Worker, Guidance Counselor, district attendance team members

Instructional Resources

Workshops on curriculum, SEL Framework and other opportunities to engage families.

Schedule Adjustments

Adjustments to schedule to allow for home visits and workshops to be conducted

Other Resources Needed

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

N/A

Evidence-Based Intervention Category

N/A

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Data Trend(s): 40% of IEP's reviewed showed specific evidence of SDI, 50% showed general evidence of SDI, and 10% showed no evidence of SDI Data Source: IEP Review 2024-2025	1. SIT team must continue to review SDI in IEP development on a consistent basis. 2. Professional development for teachers with identifying SDI and IEP development must continue to build on the work started this past year.	IEP Development and Fidelity of Implementation
	Inconsistent implementation of transition planning processes and inadequate staff training on compliance requirements have led to gaps in meeting regulatory	Transition Planning and Compliance

	standards and supporting student needs during transitions.	
SDI in classroom observations, progress monitoring of IEP goals Data Source:SDI Walk-throughs and SIT reviews 2024-2025	Students were provided services not in alignment with what the data suggests. Students are receiving additional services than needed.	Referral Process and Equity
	Inconsistent use of the positive behavior intervention system at the school across classrooms.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	25%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve By June, 2026, to strengthen the quality and implementation of IEPs for All Students with Disabilities (SWD), we will improve IEPs to have specific evidence of SDI to describe the instruction on skills, concepts and/or strategies that directly connect with the stated student needs or supplementary instruction required to access and progress in the General Education curriculum. by a 30% Increase, from 25% to 55%, as measured by IEP Review .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

the IEP team uses the NYC DOE's Special Education Student Information System (SESIS) effectively to document and align IEPs with state requirements. Provide professional development for teachers on strength-based approaches and UDL, and foster a school culture that values data-driven adjustments and parental collaboration. Regularly review IEP progress to ensure students are making meaningful academic and functional gains.
Collaborative Team Input: Ensure the IEP team—including teachers, special education staff, parents, and, when appropriate, the student—actively collaborates to set realistic, measurable goals. Encourage open dialogue to align the IEP with the student's academic, behavioral, and social needs, as well as state standards and the school's curriculum. Regular communication with parents, such as providing 24-hour notice for recording IEP meetings, builds trust and ensures their input is valued.
Data-Driven Decision Making: Use evidence-based assessments, progress monitoring, and functional behavioral assessments (if needed) to inform the IEP's goals, accommodations, and services. For instance, pre-testing and observation can help tailor instruction to the student's current knowledge level, ensuring goals are within their zone of proximal development. Regularly review data to adjust interventions, ensuring they remain effective and relevant.

Root Cause Addressed:

IEPs are written in a manner that aligns with the school schedule and not individual student needs.
1. SIT team must continue to review SDI in IEP development on a
consistent basis. 2. Professional development for teachers with
identifying SDI and IEP development must continue to build on the work
started this past year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide teachers with professional development around SDI tool to assist in creation of student PLOP and IEP goals.
Create a detailed PLOP and goals section that specifically aligns to SDI, indicating specific strengths and needs in all subject areas, in order to create action steps for the teacher to monitor progress.
Conduct pre- and post conferences of IEP meetings with teachers and SBST to ensure PLOP and goals are reflective of student progress and current levels.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To progress monitor PS 18's CEP and IEP implementation goals, use these structures and data sources:

1. Regular meetings; data: agendas, teacher reflections; assess: instructional improvements.
2. Quarterly/monthly CBMs; data: performance metrics, IEP goal tracking; assess: student growth.
3. Formal/informal walkthroughs; data: rubrics, lesson plans; assess: strategy fidelity.
4. Student/family surveys; data: responses, engagement logs; assess: motivation, satisfaction.
5. Regular team meetings; data: progress reports, compliance logs; assess: goal attainment.
6. Digital platforms; data: attendance, behavior, academics; assess: trends, interventions.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/26/2026	On-going Parent Training and Workshops	
09/08/2025	06/26/2026	Teacher training on quality IEP writing & progress monitoring.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.
Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.
Human Resources:

IEP Teacher; School Based Support Team, assistant principal, St. Nicks Alliance, Parent Teacher Association

Instructional Resources

Professional development on specially designed instruction

Schedule Adjustments

Designated common planning times for special education teachers and related service providers to meet during the school day.

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support	Criteria for Determining	Program Type or	Service Delivery	When is Service Provided? (Before, during or after school)	Technology-Based Tool

Indicate Tier 2 or 3	Service	Strategy	Model (Small group, one-to-one, tutoring, etc.)		(Indicate Yes or No)
Tier 2 - ELA	BOY iReady Assessment, and Benchmark Assessments, and Formative Assessments	Dedicated Intervention periods minimum 3x per week	Small group and 1:1 based on the skill/standard being addressed.	During school as part of an ELA or Math Block, alternating with Arts Education	Yes, individualized instruction can be assigned in iReady to students
Tier 3 - ELA	BOY iReady Assessment, and Benchmark Assessments, and Formative Assessments	Strategic intervention in 6 week cycles	Small group or 1:1 based on the skill/standard being addressed.	During school by reading specialist and math AIS teacher. Afterschool as dictated by Per-Session posting. Utilizing SPIRE or Sounds Sensible.	No
Tier 2 - Math	BOY iReady Assessment, and Benchmark Assessments, and Formative Assessments	Dedicated Intervention periods minimum 2x per week	Small group or 1:1 based on the skill/standard being addressed.	During school by reading specialist and math AIS teacher. Afterschool as dictated by Per-Session posting. Utilizing Great Leaps.	Yes, individualized instruction can be assigned in iReady to students
Tier 3 - Math	BOY iReady Assessment, and Benchmark Assessments, and Formative Assessments	Strategic intervention in 6 week cycles	Small group or 1:1 based on the skill/standard being addressed.	During school by reading specialist and math AIS teacher. Afterschool as dictated by Per-Session posting. Utilizing Great Leaps.	

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Identification during dedicated circle time or through student survey	Special interest group work	Small group	During school, and after school based on need and in accordance with per-session posting	No
Tier 3	Identification during dedicated circle time or through student survey	At risk counseling with SW	1:1 or small group based on need	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Tiered Support overviews at Family Conferences

The school communicates MTSS components through parent orientation, parent teacher conferences, weekly parent engagement time, newsletters, and the school website. These outline the tiered intervention framework, data-driven decision-making, and support services. Family workshops and translated materials ensure accessibility and understanding for all.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive regular progress updates for students in Tier 2 or Tier 3 interventions via quarterly reports, parent-teacher conferences, and secure online portals. These updates detail academic and behavioral progress, intervention strategies, and goals, with opportunities for family feedback.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

For students receiving Tier 3 intensive interventions, families are active participants in decision-making. They are invited to collaborative meetings with the MTSS team to review data, discuss progress, and adjust intervention plans. Family input is valued to ensure culturally responsive and individualized support.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

37

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Multi-Tiered System of Supports (MTSS) Family Engagement at PS 18 Edward Bush
Sharing Essential Components of MTSS with Families
To address the diverse needs of PS 18's 37 STH families, MTSS components are shared via multilingual flyers, virtual parent workshops, and a dedicated school website section. These resources explain the tiered intervention system, data-driven support, and available services, ensuring accessibility with translations and plain language to bridge cultural and linguistic gaps.
Updates on Child Progress for Tier 2 and Tier 3 Interventions
Given potential academic gaps, families of STH students in Tier 2 or Tier 3 interventions receive monthly progress reports through secure online portals, detailing attendance, academic growth, and behavioral outcomes. Biannual parent-teacher conferences (with interpreters) allow families to review data and discuss intervention strategies, fostering collaboration.
Family Involvement in Decision-Making for Tier 3 Interventions
For STH students in Tier 3, families are integral to decision-making. They participate in quarterly MTSS team meetings to analyze data, evaluate intervention effectiveness, and co-develop individualized plans. Interpreters and flexible scheduling ensure equitable access, incorporating family insights to create culturally responsive supports.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

STH students will receive all programs and services that are provided to our Title I families, however in addition to that our STH designee will be working with families through workshops that will target the specific needs these families express. Our school will provide technology and access to materials to ensure that they have everything they need to meet the academic expectations of all students at the school. We will review school resources to provide these families with additional support as needed throughout the year, and continue to use funds to provide them with school supplies and uniforms. Funds will be utilized equitably to families to provide every child with access to all educational experiences PS 18 has to offer.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

PS 18 implements a range of social-emotional supports for foster youth, who face heightened risks of trauma, anxiety, and behavioral challenges due to placement instability. These supports align with the DOE's Office of School and Youth Development Consolidated Plan and federal mandates:

Counseling Services:
Individual and Group Therapy: PS 18 partner with on-site or community-based mental health providers to offer trauma-informed counseling St. Nicks. Foster youth, who have a 62% higher risk of PTSD than peers, can access licensed social workers or psychologists through school-based programs or referrals to agencies like the Child Center of NY, which operates in Brooklyn schools.

Trauma-Informed Training: Staff at PS 18 are trained in reflective listening and trauma-sensitive practices to foster secure attachments, which research shows improve emotional regulation and classroom engagement.

Foster Care Liaison (School Social Worker):
A designated liaison at PS 18 coordinates with ACS, foster parents, and other stakeholders to ensure students' needs are met, advocating for continuity in education and emotional support. This role ensures compliance with Education Law 3244's best interest determination process for school placement.

Relationship-Building Programs:
PS 18 may use strategies like advisories or peer mentoring to promote school connectedness, a protective factor for foster youth. After-school programs, such as those potentially offered through partnerships with organizations like NYJTL (noted at nearby PS 9), emphasize social-emotional learning and community engagement.
Positive Behavioral Interventions and Supports (PBIS) may be implemented to address behavioral challenges, common among 30–50% foster youth, through tiered interventions within a Multi-Tiered System of Support (MTSS).

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students in foster care, especially those newly transitioning, face challenges like trauma, placement instability, and academic disruptions (e.g., 34% of NYC foster youth change schools mid-year). PS 18 implements a range of targeted social-emotional, academic, and logistical supports to address these needs, with additional focus on smoothing transitions for new entrants.
Social-Emotional Supports

Trauma-Informed Counseling:
Individual Therapy: Newly transitioned foster youth, who may experience heightened anxiety or PTSD (up to 62% higher risk than peers), can access counseling through school-based social workers or partnerships with providers like the Child Center of NY, common in Brooklyn. Sessions focus on processing trauma, building coping skills, and fostering trust.
Group Counseling: PS 18 offer peer support groups to help students, especially new entrants, feel connected and reduce isolation. Research shows group interventions improve emotional regulation and placement stability.
Crisis Intervention: For students entering foster care abruptly, PS 18's guidance counselors or foster care liaison provide immediate support, assessing emotional needs and connecting families to community resources like ACS's preventive services.

Relationship-Centered Practices:
Mentorship and Check-Ins: The foster care liaison or a trusted teacher conducts regular check-ins with foster youth, particularly new students, to build rapport and monitor adjustment. This aligns with DOE's emphasis on school connectedness as a protective factor.
Peer Integration: PS 18 use buddy systems or structured activities (e.g., during recess or after-school programs) to help newly transitioned students form peer relationships, mitigating social barriers.

Behavioral Support:
Multi-Tiered Systems of Support (MTSS): PS 18 employs Positive Behavioral Interventions and Supports (PBIS) to address behaviors common among foster youth (30–50% exhibit classroom challenges). For new entrants, Tier 1 universal strategies (e.g., clear expectations) are supplemented with Tier 2 or 3 interventions (e.g., behavior plans) if needed.
Social Skills Training: Programs teach conflict resolution and emotion regulation, helping students adjust to new environments and reduce disruptions.

Targeted Academic Interventions:
Academic Assessment: For new foster youth, PS 18 conducts baseline assessments to identify learning gaps, as foster students often lag in reading and math (e.g., 10% math proficiency citywide). Teachers adjust instruction or provide small-group support.
Tutoring Programs: After-school tutoring, through school based support and/or St. Nicks, helps address academic deficits. For K–5 students, this may include literacy or math enrichment.
IEP Implementation: PS 18's Integrated Co-Teaching (ICT) classrooms, common in District 14, support foster youth with disabilities, ensuring accommodations like extended time or modified assignments are in place from day one.

Orientation: The school provides orientation sessions or tours for new foster youth and their caregivers to familiarize them with routines, staff, and resources, reducing anxiety.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Improving Services and Support
Provide immediate transportation (MetroCards/buses) to school of origin per Education Law 3244.
Impact: Reduces disruptions, boosting attendance.
Combat Absenteeism:
Use home visits and mentorship via partnerships.
Impact: Improves engagement, linked to better 5th-grade outcomes.
Enhance Academics:
Offer targeted tutoring in math/reading and ensure IEPs are active for 40% of foster youth.
Impact: Closes proficiency gaps.
Reduce Suspensions:

Train staff in restorative practices and trauma-informed discipline.
Impact: Lowers exclusion, increases retention.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

PS 18 Edward Bush in Brooklyn partners with the Child Mind Institute to deliver targeted Social-Emotional Learning (SEL) support for students in foster care, especially those in transitional grades (K, 3, 5). Specific strategies include trauma-informed group workshops, led by Child Mind clinicians, focusing on emotion regulation and peer connection, and individualized counseling sessions tailored to address trauma-related challenges common among foster youth (e.g., 62% higher PTSD risk). These are integrated into the school's Multi-Tiered System of Support (MTSS), with the foster care liaison coordinating referrals and progress monitoring. After-school SEL clubs, supported by the institute, reinforce skills like conflict resolution. These strategies reduce behavioral issues (foster youth face 4x higher suspension rates) by fostering self-regulation and improve academic engagement by enhancing school connectedness, critical for the 85% of foster youth below proficiency in math/reading, as tracked via DOE's Foster Care Dashboard.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 18 The Edward Bush School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 18 will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their

child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during but not limited to Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 18, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe

classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe environment, supportive and effective learning community for students and a welcoming respectful environment for all parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

This year teachers and community members are engaging in a book study and reflection on teacher practice involving the books The Data Wise Protocol and The Reading Strategies Book, in line with the Chancellor's Priority #1 All Students Learn to Read Well. Teachers will be engaging in a 3 month Reading/Writing Block reflection lead by our ILT that will identify high leverage strategies in reading and writing that the school will adopt in line with our educational philosophy and vision that provides students with equitable T1 instruction that directly addresses individual needs. Teachers will also be conducting weekly data meetings that will determine instructional next steps for T1 or potential T2 instruction, rooted in protocols from Meeting Wise and Data Wise books. Teachers will develop our school-wide expectations for meeting protocols and planning/documentation during the first 2 weeks of school through a book study with Meeting Wise. For the second half of the year, teachers will engage in differentiated professional learning based on licensure- Special Education, or Bilingual Education, and paraprofessional professionals.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

All professional development described above is done in collaboration with our early childhood teachers. This is because our professional learning represents a mindset shifts and educational philosophy that support our mission and vision for al students. Parent involvement is also done in a similar fashion by setting protocols with parents that will persist as student articulate up grades. Early intervention services are evaluated and provided on an individual basis in consultation with our related service providers to ensure a smooth evaluation and continuity of services as students transition to higher grades. Additional professional learning opportunities will be provided by District Instructional Leads, and when necessary, may supplant original professional learning schedules to give them a more robust and meaningful professional learning experience related to their area of speciality.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	190,327	X	Chancellor's Priorities 1-5, Chronic Absenteeism, Quality Individualized Education Program, MTSS, and Parent Engagement
Title I, School Improvement 1003(a)	Federal	56,000	X	Chancellor's Priorities 1-5, Chronic Absenteeism, Quality Individualized Education Program, MTSS, and Parent Engagement
Title II, Part A	Federal	33,992	X	Chancellor's Priorities 1-5, Chronic Absenteeism, Quality Individualized Education Program, MTSS, and Parent Engagement
Title III, Part A	Federal	0	X	N/A
Title III, Immigrant	Federal	0	X	N/A
Title IV, Part A	Federal	0	X	N/A
Tax Levy (Fair Student	Local	1,398,182	X	Chancellor's Priorities 1-5, Chronic Absenteeism, Quality Individualized

Funding)				Education Program, MTSS, and Parent Engagement

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written "Addendum Attached" and provided supplemental documentation to explain why the school was unable to obtain the individual's signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Victor Garcia
Assistant Principal (Where Applicable)*	N/A
English as a New Language (ENL) Teacher*	Jonida Balla
Teacher (if school has a bilingual program must be a bilingual teacher)*	Michelle Garcia
Parent/Guardian*	Yadsuel Barada
Teacher	
Parent Coordinator	Blanca Ramirez
School Counselor	Romy Gaffner
Related-Service Provider	Annalise D'Amato
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

4

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

121

Total number and percentage (%) of current ELLs:

23 students- 18.5%

Total number and percentage (%) of former ELLs:

1-0.83%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

20 students or 87%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

3 students or 13%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

5 students or 15.7%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

No

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At our school, the Stand-Alone ENL program is delivered in alignment with the students' English proficiency levels as identified by the NYSESLAT or NYSITELL assessments. The goal is to provide targeted language instruction that supports English Language Learners (ELLs) in developing foundational skills in speaking, listening, reading, and writing in English.
At P.S 18, students are grouped by grade band (e.g., Kindergarten-1st Grade, 2nd-3rd Grade) to ensure age-appropriate content and instruction.

Integrated ENL:

At our school, Integrated ENL services in Kindergarten, First grade, and fifth grade are delivered through a push-in model, where a certified ENL teacher enters the general education classroom to support English Language Learners (ELLs) during content area instruction.

Instructional Approach:

The ENL teacher collaborates with the general education teacher to plan and deliver lessons that meet both content and language development goals.
Push-in support occurs primarily during English Language Arts (ELA) instruction.
Co-teaching strategies such as parallel teaching, small group instruction, and individual conferencing are used to scaffold learning for ELLs without removing them from the classroom setting.

At our school, Integrated ENL instruction in second, third, and fourth grade is delivered by a bilingual teacher who is also the students' classroom teacher. This model ensures that English Language Learners (ELLs) receive both content instruction and language development seamlessly throughout the school day.

The bilingual teacher is certified in both ENL and general education, allowing them to deliver Integrated ENL services directly within the classroom.
Language objectives are embedded into content-area instruction, particularly in English Language Arts (ELA), as well as in science and social studies where appropriate.
ENL strategies such as scaffolding, visual supports, modeling, sentence stems, and academic vocabulary instruction are incorporated into daily lessons.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

N/A

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school follows NYSED guidelines to ensure that all English Language Learners (ELLs) receive the mandated number of instructional minutes for ENL services based on their English language proficiency level as determined by the NYSITELL or NYSESLAT assessments.

ENL Program (Stand-Alone and Integrated Services):

Schedules are carefully developed at the start of the school year to guarantee that all ELLs receive the required minutes of ENL instruction.
The ENL teacher maintains a service log and instructional schedule, which is aligned with each student's proficiency level.
Students at Entering and Emerging levels receive both Stand-Alone and Integrated ENL instruction, ensuring access to explicit language development support in addition to classroom-based language instruction.
Students at Transitioning or Expanding levels receive Integrated ENL support through push-in or co-teaching during ELA or other content areas.
The ENL teacher collaborates with classroom teachers to monitor progress and adjust instruction to meet individual student needs.

Bilingual-Certified Teachers (Grades 2, 3, 4 and 5):

Bilingual classroom teachers who are also ENL-certified provide Integrated ENL services directly within their content instruction, ensuring students receive language support throughout the school day.
These teachers plan lessons that incorporate both content and language objectives, meeting the required minutes through daily instruction in ELA, science, social studies, and math as appropriate.
Instructional minutes are tracked and documented through lesson plans, schedules, and school-wide compliance systems, with oversight by the ENL coordinator or administration.
This dual-certification model allows teachers to naturally embed English language development into academic instruction without removing students from the classroom, ensuring continuity and access to grade-level content.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Our school ensures that English Language Learners (ELLs) receive instruction aligned with NYSED requirements by providing targeted instructional minutes in the areas of ENL, English Language Arts (ELA), and Home Language Arts (HLA) (if applicable), depending on the student's program placement and language proficiency level.

ENL Program (Stand-Alone and Integrated Models):
ENL Instructional Minutes:
Students receive the mandated number of ENL instructional minutes based on their English proficiency level as identified by the NYSITELL/NYSESLAT.
Stand-Alone ENL is delivered in a small-group setting by a certified ENL teacher and focuses on language development in reading, writing, listening, and speaking.
Integrated ENL is provided in the general education classroom through push-in support or co-teaching, especially during ELA instruction.
ELA Instructional Minutes:
ELLs participate in the full ELA block with their general education peers.
The ENL teacher supports ELLs during ELA through differentiation, scaffolding, and co-planning with the classroom teacher.

Home Language Arts (Not applicable in ENL-only program):
Students in the ENL-only program do not receive formal instruction in their home language but are encouraged to maintain and develop their home language at home and through culturally responsive materials.

Bilingual Program (Taught by Bilingual-Certified Teachers in Grades 2–4):

ENL Instructional Minutes:
Bilingual-certified teachers who are also ENL certified deliver Integrated ENL within content-area instruction.
Language development strategies are embedded throughout the day, and the required ENL minutes are met through ELA, science, social studies, and small-group activities.

English Language Arts (ELA):
ELA instruction is delivered in English, with scaffolded supports for ELLs to develop grade-level literacy skills.
Instruction is aligned with state standards and includes guided reading, writing, vocabulary development, and comprehension strategies.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

N/A.

b. In which language(s) is each core content area taught?

English

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomers (Entering/Emerging – 87%)

Instructional Focus: Emphasis on foundational English language development across all domains—listening, speaking, reading, and writing. Lessons prioritize survival language, basic vocabulary, sentence structure, and oral language.
Strategies & Supports:
Visuals, realia, gestures, modeling, and native language support when possible.
Use of scaffolded instruction, small-group work, and repetition.
Sentence frames, vocabulary walls, graphic organizers, and anchor charts are embedded across content areas.

Programs & Planning:
Teachers use ENL push-in and pull-out models to support content instruction, especially in ELA and math.
Collaborative planning between ENL and classroom teachers ensures integration of language objectives into daily lessons.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Our school has 0% SIFE students.

Students with Interrupted/Inconsistent Formal Education (SIFE)

Instructional Focus: In addition to language acquisition, instruction addresses foundational academic skills (literacy, numeracy) that may not have been developed in their home country.
Strategies & Supports:
Use of scaffolded and highly structured lessons.
Integration of early literacy instruction, phonemic awareness, and pre-academic vocabulary.
Teachers monitor both academic and social-emotional needs closely.

Materials: Use of leveled readers, visuals, bilingual dictionaries, and digital platforms that support foundational skills.
If you currently do not have SIFE: Our school does not currently have identified SIFE students, but we are prepared to screen

for SIFE indicators using the SIFE Intake Protocol and will adapt instruction accordingly with added academic remediation, extended time, and targeted intervention.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Based on EDAT the percentage is 0 of long term ELLs for my school.

Long-Term ELLs (LTELLs)

Instructional Focus: Emphasis on academic language development and closing gaps in content literacy, particularly in reading comprehension and written expression.
Strategies & Supports:
Explicit instruction in grammar, syntax, and academic vocabulary.
Opportunities for extended writing, structured debates/discussions, and scaffolded reading of complex texts.

We currently do not have students identified as LTELLs. If we enroll any, we will integrate targeted academic interventions and provide additional language support embedded in content instruction.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

There is 0% of former ELLs at my school.
Former ELLs

Instructional Focus: Former ELLs are monitored for two years post-exit to ensure continued academic success and language development.
Strategies & Supports:
Ongoing informal language assessments and review of performance data (ELA, math).
Check-ins by ENL teacher and additional scaffolding during ELA and content areas if needed.
If necessary, Academic Intervention Services (AIS) or Tier 2 supports are provided to ensure sustained progress.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

ELLs Who Did Not Demonstrate Sufficient ELP Progress (Spring 2024 NYSESLAT)
60.4% (15 students)
This is the most concerning trend, indicating more than half of the ELLs did not make expected progress in English proficiency.

Math: ELLs Who Scored Level 1 or 2 in 2022–23 and 2023–24
26.1% (6 students)
This shows persistent low achievement in math over multiple years.

Math: ELLs Who Scored Level 1 or 2 Last School Year
26.1% (6 students)
Shows that the math challenge persists even when viewed for a single year.

ELA: ELLs Who Scored Level 1 or 2 in 2022–23 and 2023–24
21.7% (5 students)
Indicates low literacy performance sustained over time.

Indicators with 0% or Very Low Risk:

Students with Inconsistent/Interrupted Formal Education (SIFE): 0.0%

ELLs in Temporary Housing: 0.0%
ELLs Not Fully Programmed with a Certified ENL Teacher: 0.0%

These indicate that my school has strong structural supports in place (such as correct programming and housing stability), which is a strength.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

There is a total of 1 Former ELL represented in the data. This 1 student is flagged with 2 At-Risk Indicators, which means: 100% of your Former ELLs are considered at-risk. All other at-risk levels (0, 1, 3–15 indicators) show 0 students, or 0%.
The trend indicates that my school's Former ELL population is very small (only 1 student in the dataset), and this one student has multiple risk indicators. This means that while the sample size is limited, 100% of your Former ELLs are at risk, specifically with two significant indicators affecting them. This suggests a need for close monitoring and targeted support for that student, as their profile may indicate academic or socio-emotional challenges.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Based on ELL Data Analysis Tool, the primary home language of ELLs at my school is Spanish.

Staff process:
Bilingual staff and teachers who speak Spanish to assist with instruction and translation. Parent Coordinators or Family Workers who speak Spanish to communicate with families. Interpreters or translators available during IEP meetings, conferences, and school events.

Structures:
Bilingual classrooms or dual language programs to support both English and Spanish literacy.
Translated documents such as report cards, letters, and notices sent home.
Posted signage in Spanish throughout the school (entrance, office, nurse, etc.).

How This Supports Communication and Learning:

Promotes family engagement by ensuring parents understand school processes.
Honors and values students' cultural identity and language—boosting confidence and motivation.
Builds stronger relationships between school and home.
Supports academic success by scaffolding English learning through the home language

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Racial and Ethnic Classifications of English Language Learners (ELLs)

Based on school data, the current population of English Language Learners (ELLs) reflects the following racial and ethnic breakdown:

Ethnicity Non-Hispanic ELLs Hispanic ELLs Total ELLs

American Indian or

Alaskan Native 0 (0%) 5 (22.7%) 5 (21.7%)

Asian 0 (0%) 3 (13.6%) 3 (13.0%)

Black 0 (0%) 2 (9.1%) 2 (8.7%)

Multiracial 1 (100%) 0 (0%) 1 (4.3%)

White 0 (0%) 12 (54.5%) 12 (52.2%)

Total 1 (100%) 22 (100%) 23 (100%)

Section 2: Implementation of Culturally Responsive and Sustaining Education (CR-SE)

Our school is committed to promoting equity, inclusivity, and academic excellence through Culturally Responsive and Sustaining Education (CR-SE) practices. The following staff structures, instructional strategies, and schoolwide systems have been established to support ELLs and value their cultural and linguistic backgrounds:

Curriculum and Instruction

· Lessons are designed to reflect the lived experiences of Hispanic and multilingual students, including the integration of Latinx authors, cultural traditions, and multilingual texts.

· Spanish-English bilingual materials are used to support both language development and content learning.

· Students are encouraged to make cultural and personal connections to academic content through writing, art, and discussion.

Student Engagement and Voice:

· ELLs are invited to share aspects of their culture and language during class discussions, celebrations, and schoolwide cultural events.

· Students' home languages are valued as assets in the learning environment, especially in early literacy development.

Family and Community Partnerships:

· School materials and communication are consistently translated into Spanish, the primary home language of our ELL population.

· Family workshops, parent-teacher conferences, and orientations are offered in Spanish to ensure equal access to school information and engagement opportunities.

· Community members and families are invited to participate in classroom presentations and cultural activities.

Professional Development:

· Teachers and staff receive training on CR-SE principles, including strategies to build inclusive classrooms, address implicit

bias, and differentiate instruction for multilingual learners.

· Regular team meetings include discussions on how to affirm students' cultural identities and support diverse learning needs.

Schoolwide Structures:

· The school maintains clear systems for translation, interpretation, and home language support, aligned with DOE guidelines.

· Data on race, ethnicity, and language proficiency is used to inform instructional planning, student support services, and parent outreach.

Conclusion:

With a predominantly Hispanic ELL population, our school recognizes the importance of honoring and integrating students' cultural and linguistic identities into all aspects of school life. Through intentional planning, staff collaboration, and community engagement, we are committed to providing a welcoming, affirming, and academically enriching environment for all multilingual learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

There is a need for targeted support in language acquisition. A majority of ELLs did not meet sufficient progress according to ELP accountability measures. The chart and data suggest that while a small group is showing growth, most students are not meeting the benchmarks necessary to demonstrate expected progress.

Number of Students Who Met ELP Sufficient Progress:

4 students met sufficient progress, which represents 12.5% of the total 32 eligible students.

Number of Students Who Did Not Meet Sufficient Progress:

28 students did not meet sufficient progress, which is 87.5% of the eligible group.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

This report examines the NYSESLAT (New York State English as a Second Language Achievement Test) results, highlighting trends in English language proficiency among English Language Learners (ELLs) based on the 2024 data. The data provides insight into overall proficiency levels and performance across specific language modalities—Reading, Writing, Listening, and Speaking.

I. Proficiency Level Trends (2024 NYSESLAT)

The majority of ELLs are performing at the "Expanding" (50%) and "Transitioning" (33.3%) proficiency levels.
A smaller percentage of students are in the "Emerging" (11.1%) and "Entering" (5.6%) levels.
There are no Former ELLs in this dataset, indicating that no students reached the Commanding level to exit ELL status during the 2024 assessment window.

Implications:

A significant portion of students are progressing in their language development, reaching mid to high levels of proficiency.

Continued support is essential to help students transition from “Expanding” to “Commanding” and eventually exit ELL services. Attention should be given to students in the “Entering” and “Emerging” levels to accelerate their language acquisition.

II. Modality Trends (2023 vs. 2024 Comparison)

2023 Modality Performance (Grades K–5):

Most students demonstrated strength in Listening and Speaking, as indicated by consistently high performance across these areas.
Reading and Writing were areas of greater need, with fewer students scoring at a high level (i.e., 80% or more correct responses).

2024 Modality Performance (Grades K–5):

The 2024 data shows more varied performance across modalities, suggesting both gains and new challenges:
Listening remains the strongest modality overall.
Speaking shows a decline in strength compared to 2023, indicating a need for increased focus on oral language development.
Reading and Writing still present challenges, but there is slight improvement in Reading for some grade levels.
Performance is more evenly distributed across modalities than in 2023, suggesting developing skills in multiple areas.

Grade-Level Observations:

Kindergarten and 1st grade students show relatively higher performance in Listening and Speaking.
Upper elementary grades show more variation and tend to struggle more with Reading and Writing, highlighting the need for differentiated, grade-level-specific supports.

The 2024 NYSESLAT results reveal promising gains, particularly in Listening and Expanding proficiency levels. However, persistent challenges in Writing and Reading signal the need for continued, modality-specific instruction and support. This data will guide targeted interventions to help all ELLs progress toward full English language proficiency.

8. What is the relationship between students’ performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

This report explores the correlation between students’ English language proficiency levels—as measured by the 2024 NYSESLAT—and their performance on New York State ELA and Math assessments. These comparisons help determine how language acquisition affects performance on content-area state exams and provide insight into instructional focus areas for English Language Learners (ELLs).

I. NYSESLAT and ELA Assessment Comparison

The upper chart compares Spring 2024 NYSESLAT proficiency levels to Spring 2024 ELA results for grades 3–8:

- Students at the “Expanding” and “Commanding” NYSESLAT levels demonstrated higher performance in ELA. - Students in the “Entering” and “Emerging” levels scored lower on the ELA assessment. - There is a positive correlation: as English proficiency increases, performance on the ELA test improves.

Implications:

- Students with limited English proficiency struggle with reading and writing tasks on the ELA exam. - Higher NYSESLAT levels indicate readiness for more rigorous, grade-level academic tasks in English.

II. NYSESLAT and Math Assessment Comparison

The lower chart compares Spring 2024 NYSESLAT proficiency levels to 2024 Math assessment results:

- ELLs with higher NYSESLAT levels (Expanding/Commanding) performed better on the Math assessment. - Students in the "Entering" level scored lowest, suggesting that even in math—which is less language-dependent—limited English proficiency still impacts test performance.

Implications:

- Language acquisition supports not only literacy development but also comprehension and problem-solving in math. - Vocabulary, word problems, and math reasoning require English language skills, even if procedural math is not language-heavy.

III. NYSESLAT and Regents Exams (Grades 9–12)

While Regents data is not shown in this specific chart, trends typically reflect the same pattern: - Students closer to "Commanding" on the NYSESLAT are more likely to pass content-area Regents exams. - Language remains a barrier in content-heavy exams such as English and Global History Regents.

Conclusion

There is a clear and consistent relationship between NYSESLAT proficiency and performance on state assessments: - Higher English language proficiency results in better academic performance across ELA and Math. - ELLs with lower proficiency need language-integrated content instruction and accommodations to access curriculum and assessments. - These patterns highlight the need for ongoing support in academic language development alongside content instruction to improve overall student achievement.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

This report analyzes the performance of English Language Learners (ELLs) on the Spring 2024 New York State English as a Second Language Achievement Test (NYSESLAT), focusing on two key subgroups: students with Individualized Education Programs (IEPs) and students with Inconsistent/Interrupted Formal Education (SIFE). The analysis highlights trends in language proficiency levels and explores contributing factors impacting these results.

Findings

1. ELLs with IEPs

Performance Trends:
The majority of ELLs with IEPs scored in the Emerging and Transitioning proficiency levels. - No ELLs with IEPs achieved the Commanding level of proficiency. - In contrast, a greater proportion of ELLs without IEPs progressed to the Expanding and Commanding levels.

Interpretation:

These trends reveal a significant achievement gap between ELLs with IEPs and their non-IEP peers. Students with IEPs are not progressing through the proficiency levels at the same rate, which may impact their access to mainstream academic content and services.

2. SIFE Students

Performance Trends:

· - All identified SIFE students are clustered in the Emerging and Transitioning levels. - None reached the Expanding or

Commanding levels. - This consistent underperformance suggests widespread challenges for this subgroup in acquiring English proficiency.

Interpretation:

The lack of high-level proficiency among SIFE students highlights their struggle to catch up academically and linguistically. These students often have significant educational gaps due to disruptions in formal schooling, which can affect both foundational literacy and content knowledge.

Contributing Factors

For ELLs with IEPs:
Dual learning needs: These students face both language acquisition challenges and disabilities that affect learning. - Instructional limitations: They may not always receive fully differentiated instruction that integrates both language and disability supports. - Reduced exposure: IEP students may spend less time in general education or ENL settings, limiting their exposure to rich, academic English.

For SIFE Students:
Interrupted education: SIFE often lack basic literacy in their home language, making English acquisition more difficult. - Cultural adjustment: Many are new to U.S. schools and face social-emotional challenges as they adjust. - Curricular misalignment: Traditional instructional pacing may not meet their accelerated language and literacy needs.

Recommendations
Differentiated Support: Implement targeted, scaffolded instruction tailored to the dual needs of IEP and SIFE students. - Progress Monitoring: Increase frequency of formative assessments to monitor language and content progress. - Professional Development: Train teachers on effective strategies for instructing dually identified and SIFE students. - Family Engagement: Enhance communication with families to better support language development at home.

Conclusion

The 2024 NYSESLAT results underscore the need for strategic support for ELL subgroups such as students with IEPs and SIFE. By identifying these performance trends and addressing contributing factors, schools can close the achievement gap and provide equitable language development opportunities for all learners.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

To provide English Language Learners (ELLs) with a high-quality academic experience leading to deeper learning, our school employs various strategies:

Language Support Programs: We offer specialized English language support programs tailored to the needs of ELLs, including ESL (English as a Second Language) classes, bilingual education, and language immersion programs.

Qualified Teachers: Our school ensures that teachers are trained and certified to effectively teach ELLs, with an emphasis on language acquisition strategies and culturally responsive teaching methods.

Differentiated Instruction: Teachers employ differentiated instruction techniques to accommodate varying language proficiency levels within the classroom, providing scaffolding and support as needed.

Multicultural Curriculum: We integrate diverse cultural perspectives into the curriculum to make learning relevant and engaging for ELLs, fostering inclusivity and respect for all students' backgrounds.

Collaborative Learning: Our classrooms promote collaborative learning experiences where ELLs can engage with peers, practice language skills, and develop critical thinking through discussion and group activities.

Technology Integration: We leverage technology tools and resources to enhance language learning, such as language learning apps, multimedia resources, and digital platforms for practicing language skills.

Parent and Community Involvement: We actively involve parents and the community in supporting ELLs' academic success, providing resources, workshops, and opportunities for cultural exchange and language practice outside of school.

By implementing these strategies, our school aims to create an inclusive and supportive learning environment where ELLs can thrive academically and develop the language skills necessary for deeper learning across all subjects.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

A crucial element for the successful implementation of a Response to Intervention (RTI) framework for English language learners (ELLs) is a well-prepared leadership team. While many ELLs are already enrolled in bilingual education or English as a second language (ESL) programs, it is essential to have a leadership team that can effectively address their unique needs.

To create an effective school environment for ELLs, the leadership team should evaluate the overall quality of the learning environment, both at the school level and within individual classrooms. This evaluation aims to ensure that teaching and learning activities are well-structured, culturally and linguistically engaging, and promote active participation from students in their English language acquisition and academic growth.

Here are some strategies that can be employed to support ELLs within the RTI framework:

Accommodate instruction to reflect students' communication styles, acknowledging and valuing their diverse ways of expressing themselves. Incorporate and embrace diverse community practices in the curriculum, recognizing the importance of cultural inclusivity and relevance.

Adapt instruction to meet the acculturation needs of students, recognizing the challenges they may face in adjusting to a new cultural and educational environment.

Foster linguistic competence by promoting functional and purposeful dialogue in the classroom, encouraging students to use English in meaningful contexts.

Connect students' prior experiences to current skills being taught, leveraging their existing knowledge and cultural backgrounds as a foundation for learning.

Contextualize learning by integrating and honoring students' native cultural values, norms, and languages while implementing the curriculum.

By implementing these strategies, the leadership team can create a supportive and inclusive learning environment that addresses the specific needs of ELLs. This approach recognizes and values their unique linguistic and cultural backgrounds, ensuring their successful integration and academic progress within the school community.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

All the ELLs in the freestanding ENL program receive content area instruction in English using ENL methodology. In content areas, the students use a hands-on approach and are supported through leveled materials, technology, multimedia, and audio sensory materials. A variety of learning strategies are applied to differentiate instruction for ELL subgroups. The approaches include multiple intelligences, the Cognitive Academic Language Learning Approach (CALLA) for the upper grades, cooperative learning, role-playing, process writing, buddy reading, and writing. Both ENL and Academic Intervention Services are provided to all ELLs. New programs and improvements that are being considered for this year include Additional test prep material for NYSESLAT and other New York State Assessments and monthly professional development sessions with teachers on strategies to support ELLs. Our ELLs participate in the same activities as other students: Multicultural activities, academic programs, and enrichment programs during and after school, and have opportunities to go on all trips and participate in monthly cultural presentations. When pushing in, the ENL teacher applies a variety of learning strategies to help ELLs comprehend the content of the lesson. The content is modified to help foster language development, and promote understanding and the application of skills learned to meet the demands of the Common Core Learning Standards. To further support the students, we utilize a hands-on approach in math and science. The classroom and ENL teacher apply ENL methodology and appropriate strategies to enhance second language acquisition. A variety of scaffolding strategies are used to help students comprehend the content and boost their understanding of academic language. In the freestanding ENL, core content materials used are Language Power which is a literacy program that is science and social studies based. In the DL program, the language for core content instruction is both English and Spanish. Materials in both languages are used to teach core content. For native language support, we provide bilingual dictionaries, glossaries, and other instructional materials. All curriculum materials used are aligned with the Common Core Learning Standards. The native language materials support

students with accessing the content and the curriculum. This year all classrooms have technology that can be used to enhance the learning experience for students.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

As an ENL teacher, it's crucial to have clear content objectives for every lesson that are communicated in a way that ELLs can understand. These objectives should outline what students are expected to learn or achieve by the end of the lesson. At the conclusion of each lesson, it's important to check in with students to see if the objective was met, giving them the opportunity for self-reflection and helping assess their understanding.

In addition to content objectives, classroom teachers must also set language objectives that are specifically designed to meet the needs of ELLs. A language objective focuses on the language skills and proficiency that students need to develop in order to successfully meet the content objective. By clearly addressing these language objectives, teachers provide important guidance and support for ELLs, helping them build their language abilities alongside their content knowledge.

For example, if the content objective is for students to understand and provide examples of different states of matter (like solids, liquids, and gases), the corresponding language objective could be for ELLs to write simple sentences describing these stages of matter. This ensures that ELLs not only grasp the scientific concepts but also develop their writing skills to express their understanding in English.

When integrating technology, it's useful to remember that there are ELA-focused tools that offer strong language supports for ELLs. However, other educational platforms can support ELLs across various subject areas as well. For instance, Khan Academy offers its curriculum in 12 different languages, giving ELLs access to content in their native language while still learning key academic concepts.

By incorporating language objectives into content lessons and using technology tools that provide language support, educators can create a more inclusive and supportive learning environment for ELLs. This approach not only helps ELLs understand the subject matter but also fosters their language development, allowing them to succeed academically across different subjects.

Additionally, for ELLs with IEPs, the use of assistive technologies is particularly beneficial. Tools such as speech-to-text apps, text-to-speech software, and language translation tools (like Google Translate) can help students engage with the content and language more effectively. Integrating these technologies into differentiated instruction ensures that students, regardless of their language proficiency or special education needs, have the resources they need to succeed.

Collaboration with special education teachers is also vital when working with ELLs who have IEPs. These teachers can provide insights into creating individualized accommodations, such as extended time, simplified instructions, or alternative assessment methods, that meet both the student's language needs and their IEP goals. This collaboration helps ensure that ELLs are supported in both their language development and academic progress.

Furthermore, it's important to consider social-emotional learning for ELLs with IEPs. Many of these students may face additional challenges related to both language barriers and adjusting to a new school environment. Providing safe spaces for language practice and encouraging peer support can help them feel more confident and comfortable participating in the classroom.

Finally, ongoing progress monitoring is essential. Regular check-ins and formative assessments will help track both language and content objectives. This allows us to adjust instructional strategies to ensure that students receive the support they need to succeed.

b. SIFE

The majority of SIFE (Students with Interrupted Formal Education) ELLs at PS 18 are recent immigrants who have limited or interrupted schooling experiences. Given their unique needs, these students require additional support in language instruction, as they may not be proficient in their first language. To address their needs, small-group instruction is provided in the ENL classroom at the beginning of the school year, focusing on building foundational language skills.

In order to help SIFE students understand academic language used in content areas, particularly in math and science, bilingual glossaries are utilized. These glossaries assist in clarifying and comprehending key terms and concepts. Additionally, a variety of materials are employed to support their learning, including resources that provide step-by-step explanations of problem-solving processes in both English and their home language. Bilingual picture dictionaries, flashcards, and hands-on manipulatives, such as finger puppets, are also utilized to facilitate oral language practice and engagement.

To further enhance their English language acquisition, web-based programs like Raz-Kids are utilized. Raz-Kids not only supports SIFE students in learning basic elements of English, such as alphabet recognition, sounds, blending, and decoding, but also provides a platform for their ongoing language development.

By employing these strategies and resources, PS 18 aims to provide comprehensive support to SIFE ELLs, helping them bridge language gaps, develop essential academic skills, and successfully integrate into the school community.

As an ENL teacher, there are several ways you can support SIFE (Students with Interrupted Formal Education) students:

Assess language proficiency: Begin by assessing the language proficiency level of each SIFE student to determine their specific needs and target areas for instruction. This can be done through language assessments and observations.

Provide language support: Offer intensive language instruction tailored to the needs of SIFE students. Focus on developing their listening, speaking, reading, and writing skills. Use a variety of instructional strategies such as modeling, repetition, visuals, and hands-on activities to make the content more accessible.

Create a welcoming environment: Foster a supportive and inclusive classroom environment where SIFE students feel comfortable and encouraged to participate. Establish a positive rapport and build relationships with them, as it can significantly impact their learning experience.

Use visuals and real-life examples: Incorporate visuals, graphic organizers, and real-life examples to make content more comprehensible. Use gestures, body language, and visual aids to reinforce meaning and facilitate understanding.

Provide bilingual support: Utilize bilingual resources such as bilingual glossaries, dictionaries, or translation tools to assist SIFE students in bridging the language gap. Provide translations or explanations in their home language when necessary to clarify concepts and instructions.

Scaffold instruction: Break down complex tasks into smaller, manageable steps, providing clear instructions and support along the way. Use graphic organizers, guided notes, and sentence frames to scaffold their learning and help them organize their thoughts.

Collaborate with content-area teachers: Work closely with content-area teachers to ensure that SIFE students receive appropriate language support in all subject areas. Share strategies, resources, and information about students' language proficiency levels to facilitate their inclusion and success in mainstream classrooms.

Promote peer interaction: Encourage peer interactions and cooperative learning activities to provide opportunities for SIFE students to practice their language skills in authentic contexts. Pair them with English-proficient peers who can serve as language models and provide support.

Provide extra support outside the classroom: Offer additional support through after-school programs, tutoring sessions, or language support groups. Collaborate with other support staff, such as counselors or social workers, to address any socio-emotional or cultural adjustment needs of SIFE students.

Build cultural understanding: Foster cultural understanding and sensitivity among all students by incorporating multicultural literature, celebrating diverse cultural traditions, and encouraging dialogue and shared experiences among students from different backgrounds.

c. Newcomers

At PS 18, all of our ELLs in Kindergarten and first grade are newcomers, along with several students in grades 3 through 5 who also fall into this category. These students require a lot of support in understanding basic English and learning the conventions of the language. To meet their needs, we use grade- and age-appropriate language development materials.

In the beginning of the school year, the ENL teacher pushes into classrooms to help the early childhood students acclimate to school rules and the overall school culture. The teacher brings relevant materials to the classroom to support their understanding of what they are learning. As the year progresses, newcomers are pulled out for small group instruction. During these sessions, we use Language Power instructional materials, which help reinforce what students are learning in content areas like science and math. These materials include unit assessments that focus on all four language modalities: listening, speaking, reading, and writing.

In the upper grades, the ENL teacher continues to push into content and ELA periods to assist newcomers in understanding academic language as it relates to the topics being taught. For students who need additional support, small group instruction is provided to reinforce what was taught in class, as well as to practice new vocabulary and syntax that are required at their grade level.

During small group instruction, we use manipulatives and hands-on activities to help students acquire both language and content. Additionally, Thinking Maps are used as a tool to support brainstorming and help students organize their thinking. Visuals can also be incorporated with these Maps to help students communicate their ideas more effectively.

d. Long Term ELLs

We have a few ELLs who've been receiving ENL services for over four years, and we use various scaffolding strategies to support their language development and content learning. These include sentence starters, prompts, having them verbalize responses before writing, and small group work. We also use the Language Power Curriculum to help with both language acquisition and learning content, which has been effective in providing structured support.

Thinking Maps are another great tool we use to help these students acquire vocabulary and improve comprehension. These visual aids serve as a scaffold for organizing their thoughts and understanding complex concepts.

Additional Strategies We Could Implement:

Differentiated Instruction:
For long-term ELLs, we'll continue to use scaffolds but gradually reduce them as their proficiency grows. As they advance, we can introduce more specialized academic vocabulary and provide more opportunities for them to engage with increasingly complex content.

Peer Interaction:
Pairing long-term ELLs with students who are more proficient in academic language can create more opportunities for cooperative learning. Peer feedback, where students provide constructive criticism on each other's language and content, can also help them grow both academically and linguistically.

Academic Discourse:
We need to focus more on academic language skills for long-term ELLs, especially moving beyond conversational fluency to academic discourse. Activities like debates, discussions, and defending ideas will help them practice expressing themselves

more academically.

Explicit Instruction on Academic Language:
Teaching specific academic language functions like cause and effect, comparison, argumentation, and problem-solving will be important for their academic success. We can also introduce sentence frames or structures to guide their writing and speaking in an academic context.

Metacognitive Strategies:
Encouraging students to reflect on their learning process is key. We can help them become more aware of the strategies they use to acquire language and content, and they can track their progress through self-assessment or journaling.

Independent Learning Tools:
Giving students access to language learning apps, interactive games, and digital dictionaries will allow them to practice and reinforce language skills independently. These tools can make learning more engaging outside the classroom.

Writing Practice with Feedback:
Regular writing practice, paired with detailed feedback, will help students improve both their content knowledge and writing skills. We can use graphic organizers and structured writing prompts to support them through the writing process.

Language Across All Subjects:
We'll continue to integrate language instruction into all subject areas, not just during ENL periods. This will help students practice academic language in context, reinforcing their learning across the curriculum.

Ongoing Progress Monitoring:
It's important to track their progress with formative assessments to ensure they're developing both academically and linguistically. If a student is still struggling with language despite the support, we can look into more personalized interventions.

Building a Growth Mindset:
Promoting a growth mindset is essential. Praising effort and improvement, rather than just results, can help keep long-term ELLs motivated and confident in their abilities. Acknowledging their progress encourages them to keep pushing forward.

By continuing with these strategies and adding new ones, we can help our long-term ELLs further develop their academic language and content knowledge, preparing them for greater success in the classroom.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At our school, we provide a variety of supports to help ELLs with IEPs achieve their IEP goals while also attaining English language proficiency in the least restrictive environment (LRE). These students are placed in heterogeneous classrooms and participate in heterogeneous pull-out groups for ENL services. This arrangement ensures that they have opportunities to engage with their peers and access the general education curriculum, while also receiving the specialized support they need.

The special education teacher and ENL teacher collaborate closely, working with students in small groups to provide targeted support for their IEP goals and scaffolds to help them grasp the content. Additionally, the special education team, ENL teacher, paraprofessionals, and related service providers work together to ensure that students are making progress toward their IEP goals, while also receiving the necessary language support to succeed.

Curriculum modifications are made based on data and the individual IEP goals of each student, ensuring that their language needs are addressed. When appropriate, modified schedules are implemented to accommodate students' specific needs, including scheduled breaks as prescribed in their IEPs to support their attention span and engagement.

Teachers plan lessons with students' IEP goals in mind, providing modifications and accommodations that align with their unique needs, all within the context of the least restrictive environment. These adjustments help ensure that students can fully participate in the general education setting. Additionally, teachers work with students to help them articulate their goals for each content area, empowering them to take ownership of their learning and progress.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In our current program models, we assess home language proficiency in a way that supports the individual needs of ELLs.

For students who are literate in their native language, we allow them to take standardized tests in math and science in their home language, providing them with the opportunity to demonstrate their content knowledge without the added barrier of English language proficiency.

In our ENL (English as a New Language) program, we use a variety of home language assessments that focus on reading and comprehension skills. For example, we still assess students' understanding of phonics and reading in their native language through tools like native-language leveled reading assessments. These assessments help us determine where students are in their literacy development in their home language, which can be directly tied to their ability to transfer those skills to English.

For comprehension and reading levels, we utilize different digital and print resources to test proficiency, including access to bilingual dictionaries during state standardized tests for ELLs and former ELLs. This ensures that students can demonstrate their academic knowledge without the language barrier affecting their performance.

Although we no longer have the Spanish Dual Language or German enrichment programs, we continue to offer language support that respects and values students' home languages, allowing them to build literacy in both their native language and English. Our goal is to ensure that each student receives appropriate support in developing proficiency in English while still honoring their linguistic strengths.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Implementing systems and structures to support co-teaching and collaboration among teachers for various ELL program models is crucial for fostering a supportive learning environment. Here's a breakdown:

1. Professional Development: We offer regular professional development sessions focused on co-teaching strategies, culturally responsive teaching practices, and language acquisition methodologies. These sessions should be tailored to each ELL program model.

2. Co-Teaching Teams: We establish co-teaching teams consisting of general education teachers, ELL specialists, and special education teachers where applicable. These teams should collaborate on lesson planning, differentiation strategies, and assessment methods.

3. Common Planning Time: We provide dedicated common planning time for co-teaching teams to meet regularly and discuss student progress, instructional adjustments, and upcoming lessons. This time allows for effective collaboration and ensures alignment across all ELL program models.

4. Shared Resources: We create a centralized repository of instructional resources, including lesson plans, teaching materials, and assessment tools, accessible to all teachers involved in co-teaching partnerships. This promotes consistency and coherence in instruction across different ELL program models.

5. Data Analysis and Reflection: Facilitate regular data analysis meetings where co-teaching teams can review student performance data, identify trends, and adjust instructional strategies accordingly. Encourage reflective practices to continuously improve teaching and learning outcomes.

6. Parent and Community Engagement: We engage parents and community members in the co-teaching process by providing resources, workshops, and opportunities for involvement. Foster partnerships that support the linguistic and cultural needs of ELL students within the school community.

7. Ongoing Support and Feedback: We offer ongoing support and feedback to co-teaching teams through coaching, mentoring, and peer observations. Encourage a growth mindset and a collaborative culture where teachers feel empowered to take risks and learn from each other.

By implementing these systems and structures, schools can effectively support co-teaching and collaboration among teachers across various ELL program models, ultimately enhancing the educational experiences and outcomes for all students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Gather background information to find out who your students are before the school year starts: distribute a survey to find out what languages the student speaks, does the child speak or understands English, what are the child's interests and favorite activities, and so on. Ask your school for a list of students' home languages if you don't already have them.
Try to see through the eyes of an ELL student or family member. Read your school's home language survey or other materials that are sent home to your ELLs at the beginning of the year. Are they in English only? Are they welcoming? Are there images to help the reader understand? Would you understand it if it was in another language?
Lower the affective filter by making students feel comfortable and open to learning and sharing. Share your own experiences first and allow students to communicate in pairs or small groups before sharing their own experiences with the whole class.
Listen to your students. If you take time to listen to your students, they will love sharing about their traditions, holidays, and family or other cultural activities they enjoy. Then try incorporating some of these traditions or activities into school activities.
Build communication and a relationship with students and their families.
Choose content, like stories or poems, that reflects the culture of the students so they can relate to the topic or characters.
Engage families by inviting parents or caregivers into the classroom to observe, read a book from their culture, or participate as a guest speaker to talk about their culture. Host a family event, regularly send home updates, and speak with parents often.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The ENL and Dual Language teachers attend professional development through the office of DELLS and Brooklyn North Field Support Center. The ENL teacher, who also acts as the ELL coordinator for the school, turns keys that highlight the salient points from the PDs to the staff. In addition, the principal regularly plans in-house professional development for supporting ELLs. Resources to assist teachers with planning scaffolds for ELLs are shared with staff. Thinking Maps training includes conversation around how the maps can specifically be used to support ELLs with learning content and language. Teachers are not only getting professional development throughout the year on supporting ELLs but service days like Election Day are also devoted to providing additional training on strategies to support ELLs with opportunities to use the strategies learned to plan instruction.
The professional development sessions turn-keyed by the ENL teacher, the sessions provided by the principal (throughout the year and on in-service training days), and support from outside consultants ensure that the requirements of CR Part 154.2 are

being met for all staff and ENL/bilingual teachers. Agendas and sign-in sheets are kept on file to document the amount of professional development that is provided to support learning for ELLs. All teachers: Reading/writing workshop, ENL strategies, technology (see above)
ENL teacher: instructional conversations re: ENL practices with ENL teachers in the district Citywide ENL annual conference Teachers College Reading/Writing Institute Teachers College Annual Saturday Reunion.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At our school, we utilize a variety of screening assessments to guide instructional planning for our ELLs, tailored to their specific grade levels and language proficiency levels. Here are some examples:

1. iReady: We use iReady for its adaptive diagnostic assessments, which provide insights into students' reading abilities, including phonological awareness, alphabet knowledge, phonics skills, and reading fluency. These assessments help us identify areas of strength and areas needing improvement for our ELLs in kindergarten and first grade.

2. Acadience (formerly DIBELS Next): Acadience assessments, such as Phoneme Segmentation Fluency (PSF), Nonsense Word Fluency (NWF), and Oral Reading Fluency (ORF), are useful for measuring phonological awareness, decoding skills, and reading fluency in kindergarten and first grade ELLs.

Additionally, we supplement these assessments with informal measures and observational data to gain a comprehensive understanding of our ELLs' literacy development. This includes teacher observations of students' interactions with print, their ability to decode and comprehend text, and their engagement with literacy activities in the classroom. By using a combination of screening assessments and informal measures, we can effectively identify instructional needs and tailor interventions to support the literacy development of our ELLs across grade levels.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Providing small-group reading instruction that targets the five core elements of literacy—phonological awareness, phonics, reading fluency, vocabulary, and comprehension—can be highly beneficial for English language learners in elementary grades. One effective approach to fostering literacy for these students is to offer intensive small-group interventions. These interventions should focus on students identified as at risk for reading difficulties, based on assessment data and other indicators.

The duration and intensity of these interventions should align with the level of risk determined by reading assessments. Regardless of the specific time allocation, all interventions must address the five core reading elements. Direct, explicit instruction should serve as the primary method of delivery to ensure clarity and focus.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In our school, we utilize a Multi-Tiered System of Supports (MTSS) framework to guide instruction for English Language Learners (ELLs) across all grades. Here's how we integrate data into our instructional practices:

1. Universal Screening: We conduct universal screenings for all students, including ELLs, to identify academic strengths and areas of need. This helps us determine appropriate tiers of support within the MTSS framework.

2. Progress Monitoring: We regularly assess ELLs' academic progress using formative and summative assessments aligned with language proficiency standards and academic content standards. This allows us to track their growth over time and adjust instruction accordingly.

3. Data Analysis: Our instructional leadership team analyzes assessment data to identify trends, patterns, and areas for improvement among ELLs. We disaggregate data by language proficiency level, grade level, and content area to inform decision-making and resource allocation.

4. Tiered Interventions: Based on data analysis, we design tiered interventions tailored to the specific needs of ELLs at each proficiency level. These interventions may include small-group instruction, targeted language support, differentiated assignments, and academic enrichment activities.

5. Collaborative Problem-Solving: We engage in collaborative problem-solving meetings involving teachers, administrators, support staff, and families to review student data, set goals, and develop action plans for ELLs. This collective approach ensures a coordinated and holistic approach to supporting ELLs within the MTSS framework.

By integrating data into our instructional practices within the MTSS framework, we ensure that ELLs receive targeted support that addresses their unique language and academic needs, ultimately promoting their academic success and linguistic proficiency.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At P.S 018 we use different tools to assess the early literacy skills of our English Language Learners. Our school uses the Fountas and Pinnell Reading Assessment System and Teacher Created Assessments. Fountas and Pinnell help to provide teachers with information for student phonemic awareness, decoding, and encoding skills, reading fluency, and reading comprehension. In addition In our Dual Language class, Estrellita is used. The data is analyzed and teachers use the language progressions to help them identify students' strengths, and weaknesses and plan appropriately for students' proficiency levels. In Kindergarten through Grade 2, we work on sight words, phonics, and phonemic awareness, and we have additional assessments to make sure students have mastered the skills. For the upper grades, we work on writing skills, such as opinion writing, and compare and contrast. We make sure students learn the steps of the writing process and their papers are reviewed to determine where they need more help to improve their skills. Our school has also included many web programs to help students become better learners. We incorporate different websites for different purposes. Our students use Google Classroom, Google translates, I-Ready, Commonly, Newsela, BrainPOP ESL, and Raz kids. All these websites help our students in reading, writing, and speaking. I use Brainpop to assess students in grammar. I use Raz kids to assess their reading comprehension and fluency. Google Classroom has been beneficial to upload lessons and create quizzes that assess their reading comprehension. Newsela has been very helpful with the upper grades because it supports reading, writing, and speaking.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Ensuring that multilingual learners (MLs) and English language learners (ELLs) are appropriately evaluated in their home languages throughout the year requires a thoughtful and inclusive approach that takes into account both language proficiency and academic development. Here are some strategies to ensure that evaluations are fair, accurate, and culturally responsive:

1. Use of Home Language Assessments
Administer assessments in the home language where possible. If the student is more proficient in their home language than in English, evaluations should be conducted in that language to provide a more accurate reflection of their knowledge and skills.

For example, if a student is more proficient in Spanish, math assessments could be given in Spanish to better assess their mathematical understanding rather than their English proficiency.

2. Dual-Language Assessments
Implement dual-language assessments that allow students to demonstrate their understanding in both their home language and in English. This can give a more comprehensive picture of their academic abilities.

Use assessments that are linguistically and culturally appropriate for the students' backgrounds, ensuring that language barriers don't skew the results.

3. Assessing Content Knowledge Separately from Language Proficiency
Distinguish between academic content knowledge and language proficiency in evaluations. When assessing content (e.g., math, science), ensure that the focus is on understanding the subject matter, not just English language skills.

Provide assessments that evaluate content knowledge in the student's home language so that language barriers do not mask academic potential.

4. Ongoing, Formative Assessments
Use ongoing formative assessments throughout the year to monitor progress in both academic skills and language development. This can include:

Observations of student participation in class discussions.

Informal checks for understanding (e.g., quizzes, one-on-one interviews, journals).

Peer interactions in both their home language and English.

These assessments give teachers a more accurate, holistic view of student development over time.

5. Collaboration with Bilingual Educators or Translators
Work with bilingual educators or language specialists who can provide support in evaluating students in their home language. These professionals can help design assessments, interpret results, and provide culturally relevant feedback.

If bilingual educators are not available, qualified translators can assist in ensuring that assessments are fair and accurate.

6. Language Proficiency Testing
Conduct regular language proficiency assessments in both the home language and English to track the development of language skills. This helps identify whether any discrepancies exist between a student's proficiency in their home language versus English and informs instructional planning.

These assessments should be valid and reliable and should be used to inform both academic and language support services for ELLs.

7. Culturally Relevant and Inclusive Evaluations
Ensure that assessments are culturally responsive and do not include biases that could disadvantage students from different linguistic backgrounds. This includes using culturally relevant materials and avoiding questions that may be difficult to understand due to cultural differences.

Ensure that assessment content reflects students' diverse backgrounds and lived experiences, making them more relatable and understandable.

8. Parent and Family Involvement

Engage parents and families in the evaluation process. This can include conducting parent-teacher conferences in the family's home language or using interpreters to ensure clear communication.

Families can provide valuable insights into the student's academic strengths and challenges, which can inform a more comprehensive evaluation.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our school is frequently self-evaluating our ELL students to ensure students are making progress and meeting their goals throughout the year. As a very diverse community, our goal as a school is to follow common core instructions, support our ESL students, collaborate with teachers and create professional development for our staff on how to support our ESL students, comply with the language allocation policies and improve the resources for our ESL students. Our philosophy as a school is to make sure students are making progress through informal and formal assessments in their classroom and ESL setting.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

NYSESLAT is administered every year in April and May. The ELL teacher trains teachers to score NYSESLAT but the principal is the one who decides who should score the writing part. The ENL teacher will administer the NYSESLAT and three other teachers will score the assessment. The three teachers are bilingual. We plan the NYSESLAT as a three-day exam. Students are going to get tested in the morning and the afternoon students will be able to receive services as per usual.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

N/A

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school hosts an ELL Program Orientation for families of newly identified English Language Learners at the beginning of each school year or upon enrollment. The goal is to ensure that families are fully informed of their rights, the available ENL program options, and expectations for academic and language success.

The orientation includes the following key components:

Overview of ELL Program Options

Families are informed about available ENL program models, including:
Stand-Alone ENL Instruction
Integrated ENL Instruction (Push-In/Co-Teaching)
Bilingual Program (if applicable)

Explanation of the purpose of each program model and how they support English language development.
Discussion of the requirements for participation, criteria for exiting the program, and continued supports.

Program Goals and Legal Requirements

Outline of the ENL program goals:
Build proficiency in listening, speaking, reading, and writing in English.
Support academic success in all content areas.
Provide equitable access to the general education curriculum.

Explanation of legal rights under CR Part 154, including:
Parents' right to choose or opt into bilingual education (if available).
Access to services provided by appropriately certified ENL or bilingual teachers.

Next Generation Learning Standards (NGLS)

Explanation of how the Next Generation Learning Standards are used across subjects.
Emphasis on how ENL instruction aligns with NGLS to support students in meeting grade-level expectations.
Examples of how instruction is differentiated and scaffolded for ELLs.

Assessment Information

Overview of key assessments for ELLs:
NYSESLAT: Measures English language proficiency annually.
Initial Identification (NYSITELL): Used to determine eligibility.
Content area assessments (ELA, Math, Science) and classroom assessments.

Explanation of what these scores mean, how they're used, and how families will be updated on progress.

School and Academic Expectations for ELLs

Review of schoolwide expectations for attendance, behavior, academic performance, and homework.
Discussion of supports available (intervention services, translation, tutoring).
Emphasis on partnership with families to support language development and academic success.

Language Access and Family Engagement
All orientation materials and discussions are provided in the family's preferred language.
Interpreters are present to ensure full understanding.
Families are invited to ask questions, share concerns, and engage in ongoing communication with the ENL and general education teams.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Each year, our school conducts an Annual Individual Meeting for every English Language Learner (ELL) and their family to ensure strong communication and collaboration around the student's language and academic development. These meetings are held with the ENL teacher, classroom teacher (when applicable), and a translator if needed.

The purpose of the meeting is to:

Review the Goals of the ENL Program
Share the purpose and expectations of the ENL program.
Explain how instruction is delivered (e.g., stand-alone, integrated co-teaching, push-in).
Clarify how the program supports language acquisition and academic success.

Discuss Language Development Progress
I provide insight into the student's growth in listening, speaking, reading, and writing.

I use classroom data and formative assessments to show evidence of progress.

Review Language Proficiency Assessment Results
I share the student's most recent NYSESLAT scores and Level (Entering, Emerging, Transitioning, etc.).
I explain what each level means and how it informs instruction.
I compare previous years' scores to highlight trends and growth.

Identify Language Development Needs in All Content Areas
I discuss specific language needs in math, ELA, science, and social studies.
Identify accommodations, scaffolds, or strategies being used in each content area.
I collaborate with families on supports at home and in school.

Set Goals for Continued Progress
Establish individual language and academic goals for the year.
Ensure families understand the path to exiting ENL services and the supports along the way.

These meetings are documented and used to inform instructional planning, parent engagement, and student supports throughout the school year. Translation and interpretation services are provided to ensure full participation and understanding for families in their preferred language.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To ensure families receive all school communications and documents in the language they best understand, and to enable them to respond or initiate communications in languages other than English, our school employs the following strategies:

1. Language Preference Form: At the beginning of each school year or upon enrollment, families are provided with a language preference form. This form allows families to indicate their preferred language for communication. Families can choose from a list of commonly spoken languages or specify a language not listed.

2. Translation Services: Our school has access to professional translation services, either through in-house staff members or contracted translation agencies. School communications and documents are translated into the preferred languages indicated by families on the language preference form.

3. Multilingual Staff: We have multilingual staff members, including teachers, counselors, and support staff, who are proficient in various languages spoken by our student population. These staff members serve as resources for families who prefer to communicate in languages other than English.

4. Language Access Hotline: Families can access a dedicated language access hotline where they can leave messages or speak with a bilingual staff member to request information or assistance in their preferred language.

5. Online Communication Platforms: Our school utilizes online communication platforms, such as email, school websites, and parent portals, that support multilingual capabilities. Families can receive and respond to communications electronically in their preferred language.

6. Interpretation Services: In addition to translation services, our school provides interpretation services for meetings, conferences, and other school-related events. Qualified interpreters are available to facilitate communication between school staff and families who speak languages other than English.

7. Community Partnerships: We collaborate with community organizations and cultural associations to enhance language access and support for families. These partnerships may include hosting multilingual workshops, providing language-specific resources, and connecting families with external support services.

By implementing these strategies, our school ensures that families receive all school communications and documents in the language they best understand and have the ability to respond or initiate communications in languages other than English. This fosters effective communication, promotes family engagement, and supports the diverse linguistic needs of our school community.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

To foster empowerment for families of Multilingual Learners (MLs)/English Language Learners (ELLs), our school engages in activities that address their unique needs and promote active participation in their child's education. Here are some activities we implement, along with how we determine the needs of our community:

1. Needs Assessment Surveys: Our school conducts annual needs assessment surveys to gather feedback from families about their priorities, concerns, and areas where they feel they need support. Surveys can be available in multiple languages to ensure inclusivity.

2. Parent Workshops and Information Sessions:
We Offer workshops on topics relevant to MLs/ELLs families, such as navigating the education system, understanding academic expectations, and advocating for their child's needs.
- Provide information sessions on available resources and support services within the school and community, including language programs, tutoring, and extracurricular activities.

3. Language and Literacy Workshops:
- Host workshops focused on supporting language and literacy development at home, including strategies for reading with children, building vocabulary, and fostering bilingualism.
- Offer sessions on maintaining the home language and promoting cultural identity within the family.

4. Cultural Events and Celebrations:
Our school organizes cultural events and celebrations that highlight the diverse backgrounds and traditions of MLs/ELLs families. These events provide opportunities for families to share their heritage and connect with one another.
- Encourage families to participate in planning and organizing cultural events, fostering a sense of ownership and community pride.

5. Family Leadership Opportunities:
We Invite families to participate in parent-teacher associations (PTAs), school leadership teams (SLTs), and community education councils (CECs). Provide training and support to empower families to take on leadership roles within these organizations.
- Create opportunities for families to share their perspectives and contribute to decision-making processes within the school community.

6. Parent Mentorship Programs:
We have established parent mentorship programs where experienced MLs/ELLs families mentor newcomers and provide guidance on navigating the school system, accessing resources, and advocating for their child's needs.
- Pair families with mentors who speak their language and understand their cultural background to enhance communication and support.

By engaging in these activities and regularly assessing the needs of our community, our school ensures that families of MLs/ELLs feel empowered, supported, and valued as partners in their child's education journey.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure families of Multilingual Learners (MLs)/English Language Learners (ELLs) are aware of family leadership opportunities such as Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC), our school employs the following strategies:

1. Multilingual Outreach: We conduct multilingual outreach efforts to inform families about available leadership opportunities. This includes translating informational materials, hosting multilingual workshops, and utilizing interpreters during meetings to ensure accessibility for all families.

2. Orientation Sessions: We host orientation sessions at the beginning of the school year and periodically throughout the year to educate families about the roles and responsibilities of various leadership positions. These sessions are conducted in multiple languages to accommodate diverse language preferences.

3. Parent Workshops: We organize workshops focused on family leadership and engagement, providing information on how families can become involved in decision-making processes within the school community. Workshops cover topics such as effective communication, advocacy skills, and navigating the education system.

4. School Communication Channels: Information about family leadership opportunities is regularly communicated through school newsletters, emails, websites, and social media platforms. These communications are provided in multiple languages to

reach all families, including MLs/ELLs.

5. Personalized Outreach: School staff members conduct personalized outreach to families of MLs/ELLs, ensuring they are aware of leadership opportunities and feel empowered to participate. This may include phone calls, home visits, or individual meetings conducted in the family's preferred language.

6. Inclusive Meetings and Events: Whenever possible, meetings and events related to family leadership opportunities are conducted in languages other than English or provide interpretation services to accommodate diverse language needs. This ensures that all families feel welcome and included in the decision-making process.

By implementing these strategies, our school ensures that families of MLs/ELLs are aware of family leadership opportunities and are encouraged to actively participate in shaping the educational experience of their children and the broader school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At our school, we prioritize building culturally and linguistically responsive partnerships that support the diverse needs of our school community. Here are some examples of partnerships we currently have in place:

1. Community Organizations: We collaborate with local community organizations that serve diverse cultural and linguistic groups. These organizations provide resources and support services to our families, including language classes, cultural events, and referrals to social services.

2. Cultural Centers: We partner with cultural centers and ethnic associations representing various communities within our school population. These partnerships help us celebrate cultural diversity, promote cultural awareness, and provide opportunities for cultural enrichment activities.

3. Language Schools: We work closely with language schools and immersion programs that offer language instruction in languages spoken by our students and families. These partnerships support language maintenance, bilingualism, and biliteracy development among our students.

4. Parent-Teacher Associations (PTAs): Our PTA collaborates with culturally diverse parent groups to ensure representation and inclusivity. We actively recruit parent volunteers from different linguistic and cultural backgrounds to participate in PTA activities and decision-making processes.

5. Community Health Clinics: We partner with community health clinics that offer culturally sensitive healthcare services to our families. These partnerships provide access to healthcare professionals who understand the cultural and linguistic needs of our students and families.

6. Higher Education Institutions: We establish partnerships with colleges and universities that offer resources and support for English Language Learners and their families. These partnerships may include tutoring programs, academic enrichment activities, and college preparation workshops.

7. Interfaith Organizations: We collaborate with interfaith organizations and religious institutions to support the spiritual and emotional well-being of our school community. These partnerships provide opportunities for cultural exchange, dialogue, and mutual support.

8. Local Businesses: We engage with local businesses owned or operated by members of our school community to foster economic empowerment and community cohesion. These partnerships may include sponsorship of school events, job opportunities for parents/guardians, and support for school fundraisers.

By cultivating these culturally and linguistically responsive partnerships, our school creates a supportive ecosystem that addresses the diverse needs of our students and families, promotes inclusivity, and enhances educational outcomes for all.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ENL Coordinator

General Teacher

Special Ed Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school proactively plans for the ELL identification process to ensure that it does not interrupt the mandated provision of English as a New Language (ENL) instruction for current, former, and potential ELLs. The process is carefully coordinated to align with New York State Education Department (NYSED) regulations and ensures instructional continuity from the first day of school.
Pre-School Year Planning:
The ENL Coordinator and the School Registrar collaborate in August to review the enrollment roster for students with a home language other than English. Home Language Identification Survey (HLIS): This survey is distributed and reviewed immediately during registration to flag potential ELLs early.
Parent Communication: Multilingual documents and interpreters are provided at registration to ensure accurate completion of HLIS.
Screening Calendar: The NYSITELL (New York State Identification Test for English Language Learners) is administered within the first 10 days of student enrollment, with a prioritized testing schedule created to minimize lost instructional time.
Instructional Coverage: While students await NYSITELL results, they are tentatively placed in an ENL group so they do not miss critical instruction.
Our school maintains a responsive and efficient system for ELL identification that guarantees students receive timely and uninterrupted services. This system is supported by clearly defined staff roles, integrated planning, and a strong commitment to linguistic equity and compliance with state mandates.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.

b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Victor Garcia

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jonida	Balla	Teacher - Regular Grades	02/26/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ENGLISH	134	76.57%	131	77.51%	5	5
SPANISH	41	23.43%	38	22.49%	5	5

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Home Language Identification Survey	The HLIS is offered in their first language and a staff member will help to complete it in their first language.
Initial Identification and Placement letter	Our school will use the official DOE-translated temples available in over 13 languages.
Continuing Eligibility Letter	All communication will be provided in the family's home language.
ELL Exit Notification	All communication will be provided in the family's home language.
Program Selection Form	All communication will be provided in the family's home language.
NYSED Required Notification letters	All communication will be provided in the family's home language.
IEP Documents	All communication will be provided in the family's home language.
Report cards and Progress Reports	All communication will be provided in the family's home language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTC	Bilingual staff assigned to each grade: remote interpreter service scheduled if necessary.

IEP Meetings	DOE interpreters scheduled through Central IEP Translation/Interpretation request system
ENL Orientation for New Families	ENL teacher and bilingual parent coordinator provide in-language presentation and documents
Family workshop	Interpretation provided in high-frequency languages (e.g., Spanish); visuals used to aid understanding
ENL Parent Feedback Meeting	Interpreters available; surveys translated in top home languages

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Ensuring that all families receive accurate and timely information during emergencies is a top priority for our school. We are committed to providing language access during critical situations so that parents who speak a language other than English can make informed decisions and feel confident in the care and safety of their children.

Communication During a School Emergency
In events such as a lockdown, fire, medical emergency, or urgent attendance issue, our school uses the following resources and processes to ensure communication in the parent's preferred language:

1. Multilingual Messaging Platforms
Talking Points and ClassDojo are used to send real-time emergency updates in parents' preferred languages.
Messages are composed in English and automatically translated into the home language selected in the student's NYCSA (New York City Schools Account) profile.

2. Live Interpretation via Telephonic Services

The school utilizes DOE-contracted telephonic interpretation services (e.g., Language Line Solutions) for immediate oral interpretation.
Staff members are trained to access this service for phone calls with non-English-speaking families during emergencies such as:
Student illness or injury
Behavior incidents
Urgent attendance or pick-up matters

3. Bilingual Staff Support

Bilingual office staff and ENL team members serve as first responders to assist in calling or speaking with families in the top languages spoken at our school (e.g., Spanish).
These staff members are prioritized during emergency drills and are available for family-facing communication.

4. Translated Emergency Notifications

Whenever possible, emergency letters or follow-up information (e.g., after a lockdown or evacuation) are submitted in advance or immediately to the Translation & Interpretation Unit (TIU) to be translated into the top home languages.
Our school ensures these translated notices are distributed the same day through backpacks, email, and messaging platforms.

When a Parent Needs to Contact the School During an Emergency

Parents who need to communicate urgent matters to the school (e.g., a family crisis, emergency pick-up, or health concern) have access to the following supports:

Bilingual Main Office Support: Available to assist with calls or walk-ins during school hours.
Use of Telephonic Interpretation: If no bilingual staff is available, telephonic interpretation is used to facilitate the conversation.
Language Preference Flags: The student information system and front office logs include home language and preferred language flags so that staff can immediately identify language needs.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure all school-based staff understand their responsibility in upholding equitable language access: - Training Requirement Communication: At the start of the school year, the principal and the Galaxy-designated Language Access Coordinator (LAC) will send a memo to all staff outlining the mandatory asynchronous Language Access Training for School-Based Staff on the WeLearnNYC platform. - Tracking Completion: The LAC will: - Create a staff completion tracker using Google Sheets or Excel - Review progress monthly on WeLearnNYC - Send reminders to staff who have not completed the course - Follow-Up: Non-compliance will be addressed with individual follow-up and support to ensure 100% participation.

2. Familiarity with Best Practices for Translation & Interpretation

To ensure staff are aware of when to provide language access services: - Professional Development: The LAC will lead an in-person or virtual PD session early in the school year reviewing: - Best Practices for When to Provide Translation of Critical Written Communications to Parents - Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents - Ongoing Reference: Staff will receive a digital Language Access Resource Packet, including: - DOE policy guides - Scenarios and examples - Quick-reference charts for requesting translation and interpretation - New Staff Orientation: These best practices will be included in onboarding materials for any new hires throughout the year.

3. Role of the Language Access Coordinator (LAC)

The LAC will play a central role in ensuring the effective implementation of NYCPS Language Access policy by: - Resource Dissemination: - Sharing updated DOE language access memos and resources with all staff via email, Google Drive, and staff meetings.

- Maintaining a Language Access Bulletin Board or virtual folder with key resources (e.g., translated letters, request forms, interpreter contacts). - Support and Monitoring: - Supporting staff in requesting translation/interpretation services through the DOE Translation & Interpretation Unit (TIU) - Monitoring the proper delivery of language services during family-facing events and communication - Gathering feedback from staff and families to improve access and implementation - Collaboration: The LAC will collaborate regularly with the ENL team, parent coordinator, and administrative team to ensure all families, especially those with Limited English Proficiency (LEP), are fully included in school communication.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To ensure families with limited English proficiency are fully informed of their rights and access to language services, our school implements the following multilingual outreach strategies:

1. Translated Signage

- Visible Notices: Multilingual signs are displayed prominently at the school's main entrance, front office, and family welcome center to inform parents that interpretation and translation services are available free of charge. - Languages Covered: Signs are posted in the top home languages of our student body, including Spanish, Bengali, Arabic, and others as needed. - DOE Standard Posters: The DOE Language Access posters and "Your Rights as a Parent" visuals are updated annually and placed in high-traffic areas.

2. Brochures, Flyers, and Letters

- Language Access Brochures: The "Language Access for NYC Public Schools Families" brochure is distributed at the start of the year, during parent-teacher conferences, and is available year-round in the main office in multiple languages. - Multilingual Flyers: Notices about upcoming events, school policies, assessments, and health updates are translated and sent home in families' preferred languages via backpack mail and email. - Initial Identification & Eligibility Letters: All ENL program eligibility communications are translated in compliance with NYCPS requirements.

3. Parent Engagement Events

- International Families' Night: This annual event celebrates linguistic diversity and includes a presentation on available interpretation and translation services. - PTA & SLT Meetings: Every monthly PTA meeting opens with reminders of language services, and interpreters are available upon request. - ENL Orientation: Parents of ELLs are invited to a dedicated orientation session with translated presentations and multilingual staff support.

4. Messaging Applications and Digital Platforms

- Talking Points & ClassDojo: Teachers and school staff use multilingual messaging apps like Talking Points or ClassDojo,

allowing two-way communication in the family's preferred language.

- School Website: The school website includes a Language Access page with downloadable translated documents and contact information for requesting interpretation.

5. Language Access Coordinator Support

- Our Galaxy-designated Language Access Coordinator (LAC) ensures all materials requiring translation are submitted through the DOE's Translation & Interpretation Unit (TIU) on time. - The LAC also assists staff and families in requesting interpreters for meetings, and works closely with the Parent Coordinator to ensure all outreach is linguistically inclusive.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through the NYCPS Office of Language Access (OLA) Translation & Interpretation Feedback Survey, our school implements multiple strategies to gather input from parents in their preferred language to continuously improve language assistance services.

1. Multilingual Parent Surveys

Annual School-Designed Surveys: We distribute school-created surveys translated into the top home languages of our ELL families (e.g., Spanish, Bengali, Arabic). These surveys ask parents about the accessibility, timeliness, and effectiveness of translation and interpretation services. Digital and Paper Formats: Surveys are made available both digitally (via Google Forms or SurveyMonkey) and in paper format to maximize accessibility.
Distribution Channels: Surveys are sent home with students, emailed to parents, and shared through platforms like Talking Points or ClassDojo in the family's preferred language.

2. Parent-Teacher Conferences and Family Events

Feedback Tables or Forms: During parent-teacher conferences and family events, parents are invited to complete brief, translated feedback forms regarding their experiences with school communication in their language.
Live Interpretation Feedback: Interpreters are encouraged to prompt families for verbal feedback at the end of interpreted meetings or sessions.

3. One-on-One Conversations

Parent Coordinator Outreach: Our bilingual Parent Coordinator regularly calls or meets with families, especially newcomers, to informally gather insights about how well their communication needs are being met.
Culturally Responsive Check-Ins: Teachers and ENL staff check in with families during home language phone calls or virtual meetings to ask about experiences with translated materials and school messaging.

4. Suggestion Box (Physical & Virtual)

A suggestion box is available in the main office and online through the school website, where families can anonymously provide suggestions or concerns regarding language access services in their preferred language.

5. ENL Orientation & ELL Family Forums

At the start of the year and mid-year, ENL orientations and ELL family forums include dedicated feedback segments. Families

are asked for input on the quality and availability of translation and interpretation and encouraged to voice suggestions for improving communication.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Over the past school year, our school has taken intentional steps to improve the accessibility, timeliness, and quality of language assistance services for families with limited English proficiency. These efforts were guided by parent feedback, staff input, and NYCPS best practices.

Sources of Feedback:

OLA's Translation & Interpretation Feedback Survey
School-designed multilingual family surveys
Verbal feedback during ENL orientation and parent-teacher conferences
Ongoing check-ins by the Parent Coordinator
