Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

George H. Lindsay School

District Borough Number (DBN):

14K250

Grades Served:

3K, PK, K, 1, 2, 3, 4, 5

School Address:

108 Montrose Ave Brooklyn, NY 11206

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to provide high quality education in a safe, respectful and inclusive environment that builds a foundation for lifelong learning. We aim to provide a safe learning environment with a welcoming atmosphere which creates a sense of belonging amongst the entire school community. We maintain an inclusive environment which acknowledges and respects children from diverse family and cultural backgrounds. We strive to support this environment by building a more inclusive curriculum, addressing a range of learning styles, offering a wide array of diversity efforts and programs. We empower all students to embrace learning, achieve their personal best and build their emotional and social well-being. Our students are empowered to meet current and future challenges to develop social awareness, civic responsibility, and personal growth.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 250 is a dynamic and diverse learning environment, whereby all stakeholders work together in order to provide our students with a challenging and unique learning experience. Our school community is compromised of dedicated, highly-skilled and caring professionals who ensure that every student receives an educational experience, in a safe and pleasant environment, that reflects his or her individual interests, learning styles and academic and social/emotional needs. PS 250 recognizes the partnership that our students' families play in their academic success. We believe that engaging our families in professional learning, school events and ongoing "conversations" of interest, will lead to our students reaching their fullest potential. In order to accomplish our mission, we have several initiatives in place that have proven to be successful. These include Fabulous Fridays, Reciprocal Teaching, Collaborative Team and Vertical Planning and Intervisitations, Evidence based practices, Inquiry Cycles of Learning, Cycles of Professional Learning, Sanford Harmony

"Fabulous Fridays" is a monthly initiative whereby parents are invited to visit their child's classroom and participate in a special event focusing on an aspect of the curriculum. Reciprocal Teaching is an initiative whereby students take ownership of teaching specific lessons in a group setting. Grade teams have participated in weekly planning/debriefing sessions with a focus on data/standard while working with district level and internal coaches. Teachers share evidence-based practices and participate in cycles of professional learning through classroom intervisitations and weekly data planning sessions. Teachers participate in weekly Inquiry Cycles of Learning to analyze data and create instructional plans to meet the needs of students.

2024-25 will be the first full academic year for our SEL Team to support our PS 250 community. Initiatives started by our SEL Team in conjunction with our Attendance Team include: identifying adults each student trusts to develop

a mentoring program, implementing biweekly Community Circles with at-risk students, hosting workshops and resources for staff, developing protocols for each SEL block, and incentivizing and celebrating students with high/improved attendance. We will be embarking on our 4th year with Sanford Harmony. Sanford Harmony is done daily and facilitates and cultivates a school environment that focuses on positive behavior and developing students as role models and leaders. Our collaboration with our CBO, St. Nick's Alliance assist our students who are experiencing academic and social/emotional challenges. This program is led by a youth coach who supports the students within their school environment.

Briefly summarize the key initiatives your school will implement this school year.

Focusing primarily on Tier 1 MTSS interventions, P.S. 250 will focus on the following key initiatives for the 2024-25 school year and taking specific and measurable steps to improve: 1) building a strong and consistent reading program in early childhood and strengthening reading and comprehension skills across the school, 2) Supporting staff to unpack new curriculum materials (math and resources with AI components) while simultaneously empowering them to ground all units/lessons in specific standards of need, 3) Strengthening teacher teams to support new initiatives, shifts, and continual progress monitoring with regard to data and tracking student progress to reach the goal of over 15% growth on ELA and math scores 4) Supporting teachers with professional development tailored to their pedagogical needs in order for teachers to better support student growth, with special focus on ENL and SWD students, 5) Improving student attendance, and 6) Improving parent engagement.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K - 5	Into Reading	online component
ELA	K - 2	Fundations	virtual platform
ELA	K - 5	Into reading HMH	online component
Math	Pre-K	Building Blocks	virtual platform
Math	K - 5	Eureka	online component
Math	K-5	IXL	online component
ELA	K-5	IXL	online component

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Iready ELA Results EOY 2025	Students struggle with reading. Continued support with Heggerty, Fundations, Start Right Reader decodables to apply what was taught in the Fundations using explicit instruction in foundational skills with regular progress monitoring that will result in instructional adjustment as needed must become a regular embedded practice	Foundational supports with literacy scaffolds, differentiation, and MTSS supports.
Acadience Results EOY 2025	Students struggle with basic phonics and letter recognition	Fundations and Heggerty supports needed across Prek through grade 3.

EOY iReady Assessment May 2025 Overall Proficiency Rate: 43%. Comprehension overall: 41%, Phonics: 60%	Close Reading - Although there have been strides in k-3 with foundational skills, there wasn't a structured approach to breaking down complex texts. In most cases, teachers are analyzing texts aloud while students listen passively. Data driven small group instruction -teachers need support in breaking down the progression of prerequisite skills based NGLS Standards in order to design and implement more effective small group interventions.	Literacy outcomes are not increasing at the desired rate because students need to deepen their reading comprehension of complex texts.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

IReady

Enter a Key Performance Indicator

BOY assessment in ELA

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To accelerate student reading proficiency at PS 250, the school will elevate foundational literacy instruction by expanding the Heggerty Phonemic Awareness program to include Pre-K, Grade 3, and English as a New Language (ENL) students, while also ensuring rigorous implementation of Fundations in all K–2 classrooms, which includes progress monitoring in conjunction with the benchmark assessments. This approach is designed to provide a strong, consistent foundation in phonological awareness and decoding skills across a broader range of students, addressing early literacy gaps and supporting those who need additional help.

In tandem, the school will implement robust Tier 2 and Tier 3 literacy supports, offering targeted small-group and individualized interventions for students performing below grade level. These supports will be informed by frequent formative assessments, allowing for data-driven grouping and timely adjustments to instruction. To ensure staff are equipped for these initiatives, ongoing professional development will be provided, focusing on effective delivery and differentiation of both Fundations and Heggerty, with coaching and peer collaboration to reinforce best practices and fidelity of implementation.

Progress will be closely monitored through regular assessments and data reviews, MTSS team meeting updates, transparent communication with all stakeholders, and include action steps mapped out from ancillary training through to intensive supports in the spring, ensuring that all students are on track to meet the ambitious goals of 50% proficiency by October 2025 and 70% by May 2026. Family engagement and stakeholder feedback will further support and refine these efforts, creating a collaborative environment for literacy growth.

Root Cause Addressed:

The root cause these actions address is the need for stronger, more consistent foundational literacy instruction and targeted interventions for students who are not meeting grade-level expectations. By expanding evidence-based programs and providing tailored support and professional development, PS 250 aims to close persistent literacy gaps and ensure all students have the skills necessary for reading success.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Train Pre-K, Grade 3, and ENL teachers on the Heggerty Phonemic Awareness program during summer professional development to ensure readiness for expanded implementation.
Initiate Tier 2 and Tier 3 small-group and individualized literacy interventions for students below grade level, using data from formative assessments to guide grouping and instruction.
Provide ongoing, job-embedded professional development and coaching cycles focused on effective delivery and differentiation of Fundations and Heggerty, including peer observation opportunities.
Conduct regular reading proficiency assessments and data reviews (monthly/quarterly) to monitor progress, adjust interventions, and ensure alignment with the 50% (October) and 70% (May) proficiency targets.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure effective implementation of our literacy strategies at PS 250, we will utilize a multi-tiered progress monitoring structure anchored in regular data collection and collaborative review. Primary structures include monthly formative assessments, fidelity checks for Fundations and Heggerty program delivery, and scheduled data team meetings to analyze student progress and instructional impact. Teachers and interventionists will use curriculum-based measures such as DIBELS (Dynamic Indicators of Basic Early Literacy Skills) for phonemic awareness, phonics, and oral reading fluency, as well as classroom-based running records and program-specific assessments to track student growth and identify areas needing adjustment.

Collected evidence will include student proficiency rates on benchmark and progress monitoring assessments, records of Tier 2 and Tier 3 intervention participation and outcomes, and documentation from professional development sessions and peer observations. Data will be reviewed at grade-level and school-wide meetings to inform instructional decisions, regroup students as needed, and refine intervention strategies. This systematic approach ensures that both the fidelity of program implementation and the impact on student learning and achievement are continuously evaluated, supporting our goal of increasing reading proficiency to 70% by May 2026.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	06/22/2026	Fabulous Fridays and Parent workshops led by teachers and administration--needs survey from parents	St. Nicks Alliance (outreach)
10/18/2025	10/01/2025	Curriculum Night	PC, Instructional staff
09/08/2025	06/22/2026	Incentive activities for positive attendance (over 90% or showing growth)	SBST team, teachers

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Social worker (Ms. Hurtado), Parents Association

Instructional Resources

Coaches and planning sessions

Schedule Adjustments

PLC, committee planning time, SEL adjusted schedule

Other Resources Needed

CBO support

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Student Interviews Observation of Student Behaviors and Needs. Anecdotal reports (OORS, class dojo, teacher logs, etc.)	Students learning opportunities on how to socialize and deal with conflict with their peers. Student representatives have also expressed a need for a creative outlet and more interaction and more time with one another.	Students and staff continue to seek opportunities for social emotional support and learning.
OORS reports reflected students were engaged in recurring behavioral and emotional incidents. Class dojo parent concerns regarding behavior,	Students clearly bring emotional issues into the school building, and they may not feel they have adequate resources to address	OORS reports reflected students were engaged in recurring behavioral and emotional incidents. Class dojo parent concerns regarding behavior,

safety, anxiety, or other emotionally-driven response was indicated in every classroom.	these issues- or they may not feel the school community allows them to do so.	safety, anxiety, or other emotionally-driven response was indicated in every classroom.
Trust response questionnaire (students were invited to write down the names of two adults in the building they trust and can speak to if they had a problem or needed help.	students need to feel connected and safe.	Students need to develop trusting relationships with adults/mentors

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	Student surveys correlate impact upon current attendance rate: 89% attendance	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% attendance rate increase Increase, in Student survevys from Student surveys correlate impact upon current attendance rate: 89% attendance to Attendance rate of above 90% and student surveys with 0% of students responding they do not trust any adult in the building., per the By May, 2026, physical and mental wellness for All Students will improve, as measured by a 150% Increase, in Positive responses to surveys, Student Council efficacy from 20 to 50, per the Student surveys, interviews, integrated cross-curricular student-led projects..

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Implement Proactive Positive Behavior Supports and Restorative Practices
The school will launch a comprehensive Tier 1 positive behavior support initiative, introducing a co-created Social Contract that clearly defines and models expected behaviors for all students. This will be paired with restorative justice circles and conflict resolution training, empowering students to resolve disputes peacefully and fostering a culture of respect and accountability. Staff will receive professional development on restorative practices and trauma-informed responses, ensuring consistent, equitable handling of incidents and reducing reliance on punitive measures.

2. Strengthen School Climate and Student Engagement
To address root causes of absenteeism and negative incidents, the school will introduce new engagement programs, such as peer mentoring, buddy systems for new or at-risk students, and cross-grade academic pairings to build connections and break down social barriers. The school will also implement a student-led attendance ambassador program and host regular school spirit events, incentivizing positive attendance and behavior through recognition and rewards. These initiatives will be supported by visible attendance campaigns and culturally responsive outreach to families, ensuring all students and caregivers feel welcomed and valued.

3. Enhance Physical and Emotional Safety Through Reporting and Support Systems
A new, anonymous digital reporting platform will be introduced, making it easier for students and staff to report concerns without fear of retaliation. The school will partner with local mental health providers to offer on-demand counseling and crisis support, ensuring students experiencing emotional distress have immediate access to help. Additionally, the school will increase adult supervision in high-traffic areas and conduct regular safety audits, while maintaining a warm, reassuring presence during security procedures to minimize student anxiety and reinforce a sense of safety. These combined efforts will create a safer, more supportive environment, leading to fewer negative incidents and improved attendance.

Root Cause Addressed:

The action plan targets several root causes that contribute to negative incident reports, low attendance, and students feeling unsafe at school. Key underlying issues include bullying, peer rejection, and a lack of positive school climate, all of which can lead to increased conflict, absenteeism, and emotional distress among students.

Additionally, factors such as mental health challenges, trauma, and inadequate support systems are addressed, as these can result in impulsive or aggressive behaviors and disengagement from school activities. The plan also recognizes the impact of inconsistent discipline, insufficient adult supervision, and poor communication, which can exacerbate feelings of insecurity and alienation among students.

Another set of root causes involves barriers to attendance and engagement, such as family or home challenges, lack of transportation, and aversion to school due to negative experiences or perceptions of safety. Students who do not feel emotionally or physically safe are more likely to avoid school, leading to chronic absenteeism and further academic and social difficulties. By addressing these interconnected issues through proactive behavior supports, restorative practices, and enhanced reporting and support systems, the plan aims to foster a safer, more inclusive, and engaging school environment

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a schoolwide positive behavior support initiative, including co-created social contracts and restorative justice circles, to promote respect and accountability
Provide professional development for staff on trauma-informed responses and restorative practices to ensure equitable and consistent handling of incidents
Implement peer mentoring, buddy systems, and student-led attendance ambassador programs to build connections and increase engagement among students
Develop progress-monitoring systems to collect data regarding incidents. Considering several incidents occur in high-traffic areas, Increase adult supervision in high-traffic areas, conduct regular safety audits, and maintain a warm, reassuring presence during security procedures to reinforce a sense of safety

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure effective implementation of the action plan, the school will establish a structured progress monitoring system that includes regular data collection, analysis, and review by a dedicated leadership team. Key structures will include monthly team meetings to review implementation fidelity using checklists for positive behavior supports, restorative practices, and engagement initiatives. Evidence such as staff professional development attendance logs, records of restorative circles held, and documentation of peer mentoring and attendance ambassador activities will be collected. Additionally, the school will use digital platforms to track the frequency and resolution of incident reports, as well as the utilization of the anonymous reporting system, ensuring that all action steps are being carried out as intended.

To determine progress and impact on instruction, student learning, and achievement, the school will analyze multiple data sources. These will include quantitative measures such as the number of negative incident reports, attendance rates, and participation in engagement programs, as well as qualitative data from student, staff, and family surveys on perceptions of safety and school climate. The leadership team will also review academic performance data and compare trends in behavior and attendance across grade levels and time periods. This comprehensive approach will allow for timely adjustments to strategies, ensuring that interventions are effective and that students experience measurable improvements in safety, engagement, and academic outcomes.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/23/2025	09/23/2025		

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Average Teacher MOTP for 2024-25 for the following components are: Domain 1e (Designing	Root causes include: challenges in aligning lesson plans with student needs and integrating	Differentiated Planning: Teachers scoring 2 in Domain 1e require training in aligning lesson objectives with student learning profiles, including tiered assignments and pre-assessment data. Progress Monitoring: For Domain 3d, implement formative assessment cycles (e.g., exit tickets, quick checks) to help teachers scoring 2 or 3 adjust instruction dynamically. Collaborative Feedback: Establish peer coaching groups to bridge the gap between teachers scoring 2 and 4 in Domain 3c, focusing on student-led discussions

Coherent instruction P&P): 2.44, Domain 3c (engaging students in learning) 3.0, Domain 3d (using assessment in instruction) 2.94	assessments into instruction.	and activity design. This addresses foundational planning gaps while elevating engagement and assessment practices.
As per the 2024-25 IReady EOY math results, 50% of students were Tier 2 and 11% were at risk for Tier 3	The root cause is persistent deficits in core domains such as Number and Operations and Algebraic Thinking, as reflected by the high proportion of students below grade level in these areas, especially in grades 3 and 4 where only 14% and 17% of students, respectively, are at Tier 1.	Priority Needs include: Intensifying targeted interventions in foundational math domains, particularly for grades 3 and 4. Providing differentiated instruction and additional support for Tier 2 students to prevent further regression. Implementing ongoing progress monitoring to adjust instructional strategies and ensure students move toward grade-level proficiency
As per the 2024-25 iReady EOY ELA results, 56% of students (37% Tier 2 + 19% At Risk for Tier 3)	A root cause is systemic comprehension deficits, particularly in literature (31% Tier 1) and informational text (33% Tier 1), compounded by vocabulary gaps (43% Tier 1) that worsen in upper grades.	High-Leverage Priority Needs: Comprehension Strategy Framework Implement school-wide training for teachers in evidence-based comprehension instruction (e.g., gradual release modeling, text annotation, and question-generation techniques), with emphasis on informational texts and grade-level complexity progressions. Tiered Vocabulary Support Develop a K-5 academic vocabulary continuum with daily morphology instruction and contextual word analysis, prioritizing cross-curricular terms and progress-monitoring tools for struggling learners. Data-Driven Intervention Cycles Establish bi-weekly PLCs to analyze student work samples and adjust small-group instruction, targeting comprehension breakdowns in grades 2-5 where Tier 1 rates drop sharply (28-34%). These priorities address the core equity issue: preventing comprehension gaps from widening as text demands increase. Measurable impact would include reducing Tier 2/3 populations by 15% within two diagnostic cycles through improved comprehension outcomes.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	Tier 2: 50% and At risk for Tier 3: 11%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Fewer than 40% of students in Tier 2 and fewer than 10% at risk for Tier 3 will Decrease by 11% increases from Tier 2: 50% and At risk for Tier 3: 11% to Students scoring in Tier 1: above 50%, for All Students, as measured by iready Math scores.
All Students	43% of students have achieved mastery in Tier 1	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By May, 2026, the Students scoring above 50% in Tier 1 will Increase by 10% minimum from 43% of students have achieved mastery in Tier 1 to 50-60% of all students scoring proficient (tier 1) in May of 2026, for All Students, as measured by iReady EOY scores.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The central strategy is to implement a comprehensive, schoolwide approach to strengthen reading comprehension and vocabulary development through explicit instruction, embedded daily routines, and data-driven intervention cycles. This will be achieved by equipping teachers with effective instructional tools, establishing consistent vocabulary and morphology instruction, and using regular progress monitoring to inform and adjust teaching practices. Collaborative professional learning communities and increased family engagement will further support these efforts, ensuring all students have equitable opportunities to develop the literacy skills needed for academic success.

Root Cause Addressed:

This strategy directly addresses the root causes of inconsistent comprehension instruction and insufficient vocabulary development, particularly as students progress to more complex texts in upper grades. By focusing on explicit teaching of comprehension strategies, systematic vocabulary instruction, and frequent data analysis, the plan targets the underlying gaps that have led to high percentages of students needing Tier 2 and Tier 3 interventions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development for teachers on explicit comprehension strategy instruction and vocabulary/morphology teaching techniques as well as D-14 instructional shifts in math best practices.
Develop and implement daily lesson plans that integrate comprehension and vocabulary routines across all grade

levels in ELA and math.
Schedule regular progress monitoring (every 2-4 weeks) for all students, with a focus on those in Tier 2 and Tier 3.
Adjust small-group instruction and intervention plans based on ongoing data analysis (specifically with station teaching and teacher-led groups)
Host family engagement workshops to empower parents with strategies to support reading comprehension, vocabulary, numeracy, and math skills at home.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Student attendance increased less than 2% from 2023-24 to 2024-25	Students and families fail to connect student attendance with student success now and in creating a pathway to economic security	Increased student attendance
2024-25 school year: Students exposed students to career opportunities via	Educators in elementary schools tend to focus more on foundational skills and	Increased exposure to college and career

curriculum material, but had minimal exposure to college pathways.	language acquisition	opportunities and pathways.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	89%	PS 250 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Student Attendance is for All Students will Increase by 5% increase from 89% to 95% Average attendance for 2025-26 as measured by ATS Attendance.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To effectively address chronic absenteeism and its impact on student success at 14K250, our school will implement a comprehensive family and student engagement campaign that explicitly connects regular attendance to academic achievement and long-term economic security. This campaign will utilize data-driven messaging, culturally relevant communication, and community partnerships to help students and families understand that consistent school attendance is a foundational step toward graduation, college, and career readiness. By leveraging school-wide assemblies, family workshops, and targeted outreach—especially to families of students with a history of chronic absence—we will reinforce the message that every day in school builds the skills and relationships necessary for future success.

In tandem, we will foster a welcoming, supportive school environment that motivates students to attend. This includes expanding after-school programs, creating peer mentorship opportunities, and celebrating improved attendance with frequent, inclusive recognition (not just perfect attendance awards). By ensuring students feel connected to caring adults and peers, and by making school a place where their presence matters, we can build a positive culture that encourages daily attendance and engagement.

Root Cause Addressed:

The root cause of chronic absenteeism at 14K250 is a disconnect between students and families' perceptions of attendance and its direct link to academic achievement and economic opportunity. Many families may not recognize that missing even a few days each month can significantly hinder learning and decrease the likelihood of graduation and future economic security. This disconnect has been exacerbated by the disruptions of the pandemic, increased family instability, and a lack of clear, consistent messaging from schools about the importance of attendance. As a result, students and families may not prioritize daily attendance or may not feel that school is a welcoming, supportive environment worth attending.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a school-wide attendance awareness campaign linking attendance to academic and economic success, using student-friendly visuals and family workshops.
Implement regular, positive recognition for improved and good attendance at both the individual and classroom level.
Conduct personalized outreach (calls, texts, home visits) to families of students who are chronically absent or at risk.
Expand after-school and enrichment programs to increase student engagement and foster a sense of belonging.
Provide professional development for staff on culturally responsive communication and trauma-informed practices to better support students and families.
Partner with local community organizations to address barriers such as transportation, health, and housing that may impact attendance

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Attendance was 89%, but	Parents need to be provided with rich opportunities for engagement. Parents need be provided with continuous workshops that develop	Engage parents/guardians

consistently higher during cultural and school events. Low attendance at PA meetings (average of 6 parents per meeting)	strategies on how they can become more involved with their child's educational career. These continuous workshops should be scheduled and informed with advanced notice based on the parents availability. School and families need to work together and create a flexible, hybrid schedule that could accommodate all parties involved. Engagement should include student, family and faculty to make it an cohesive unit.	with opportunities for involvement and open communication.
With over 90% of students asian, black, and hispanic, PS 250 has multiple opportunities to educate and celebrate cultural and religious events.	Many students and their families need to feel that their culture, heritage and beliefs are represented throughout the school all year. Better understanding others will help create a deeper understanding of others and their cultural values. Through this our school community will become stronger.	The need to educate and celebrate culture and diversity.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the priority of making NYC DOE school 14K250 more inclusive and responsive to parents and families, the school will implement a multi-layered engagement strategy focused on building meaningful, ongoing partnerships between families, students, and staff. This approach will leverage evidence-based practices such as flexible scheduling, regular communication, and culturally responsive programming to ensure that all families—regardless of background or availability—can actively participate in school life and decision-making processes. By prioritizing open dialogue and shared leadership, the school aims to create a welcoming environment where families feel valued as experts and collaborators in their children's education.

A central element of this strategy is the establishment of a Family Engagement Task Force, composed of parents, teachers, and administrators, to co-design and oversee new initiatives. This group will be responsible for identifying barriers to participation, developing accessible workshops and events, and ensuring that all communications are delivered in multiple languages and through preferred channels. The school will also adopt a hybrid model for meetings and workshops, combining in-person and virtual options to maximize parent involvement. By embedding these practices into the school's culture, 14K250 will foster a sense of belonging and shared responsibility among all stakeholders, ultimately supporting higher attendance and stronger family-school relationships.

Root Cause Addressed:

The root causes of low parent engagement at 14K250—including limited opportunities for meaningful involvement, lack of flexible scheduling, and insufficient communication—require targeted solutions that recognize the diverse needs and schedules of families. The school will address these challenges by offering a continuous series of workshops and informational sessions that are scheduled based on parent availability, with advanced notice and reminders sent through multiple communication channels. These workshops will focus on practical strategies for supporting children's learning at home, navigating the school system, and advocating for their children's needs.

Additionally, the school will work collaboratively with families to co-create a flexible, hybrid calendar of events and meetings, ensuring that both in-person and virtual options are available for all major activities, including PA meetings, cultural events, and academic workshops. By involving parents in the planning process and regularly seeking their feedback, the school will ensure that its engagement efforts are responsive to the real needs of the

community. This approach will help break down barriers to participation, build trust, and create a more cohesive school community where families feel empowered to take an active role in their children's education.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a Family Engagement Task Force to co-design and oversee parent involvement initiatives, ensuring diverse representation from families, staff, and students.
Survey families to identify preferred meeting times, communication channels, and workshop topics to tailor engagement opportunities to their needs and schedules.
Implement a hybrid event model offering both in-person and virtual options for all major school meetings, workshops, and cultural events.
Increase visibility and promotion of parent-teacher conferences and cultural events through targeted outreach, including social media, email, and text.
Recognize and celebrate parent participation at school events and in the newsletter to reinforce the value of family engagement and encourage ongoing involvement

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure the effective implementation of the above strategies and action steps, 14K250 will establish a robust system of monitoring and continuous improvement. The Family Engagement Task Force will serve as the primary structure for tracking progress, reviewing data, and making adjustments as needed. This group will meet monthly to assess the rollout of new initiatives, analyze feedback from families, and identify any emerging barriers or successes. The school will also utilize a hybrid model for these meetings, making participation accessible to all stakeholders and allowing for real-time data sharing and discussion.

Data collection will be multifaceted and aligned with the school's goals for family engagement and student achievement. Key evidence will include attendance records for workshops, PA meetings, and cultural events; survey responses from parents regarding their satisfaction, perceived barriers, and suggestions for improvement; and qualitative feedback gathered through focus groups or informal conversations. Additionally, the school will track student attendance, academic performance, and behavior data to identify correlations between increased family engagement and student outcomes. All data will be reviewed using a continuous improvement framework, with findings shared transparently with the school community to foster accountability and trust.

The impact of these strategies on instruction, student learning, and achievement will be determined through both quantitative and qualitative measures. Progress will be monitored by comparing pre- and post-implementation data on family participation rates, student attendance, and academic metrics such as grades and standardized test scores. The school will also evaluate the quality of communication between families and staff, the diversity of voices represented in decision-making, and the overall sense of community reported by parents and students. By regularly analyzing this evidence and adjusting practices accordingly, 14K250 will ensure that its family engagement efforts are not only inclusive and responsive but also directly contribute to improved student outcomes and a stronger school culture.

Priority 5 Family and Community Engagement

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the high chronic absenteeism rate of 42% at 14K250, the school will implement a multi-tiered, relationship-driven attendance initiative. This strategy centers on building strong, supportive connections between students, families, and staff, while systematically identifying and addressing the specific barriers that keep students from attending. The school will launch a mentorship program pairing chronically absent students with trained adult mentors and peer leaders who provide encouragement, monitor attendance, and help problem-solve obstacles. Simultaneously, the school will use real-time attendance data to trigger immediate outreach—such as personal calls or home visits—when students miss school, ensuring families feel supported, not blamed, and are connected to resources like transportation, health care, or social services as needed.

The initiative will also focus on creating a welcoming, engaging school climate that motivates daily attendance. This includes celebrating improved attendance, not just perfection, through regular recognition and incentives, and offering engaging before- and after-school programs. The school will ensure that all communications about attendance are culturally responsive and clearly articulate the link between regular attendance, academic achievement, and future opportunities. By fostering a sense of belonging and purpose, and by removing practical barriers, the school aims to make every student feel that showing up matters for their present and future success.

Root Cause Addressed:

The primary root cause of chronic absenteeism at 14K250 is a combination of barriers to attendance (such as health issues, transportation challenges, and family instability), disengagement from school, and misconceptions among students and families about the importance of regular attendance. Many families may not fully understand how missing even a few days can hinder learning and long-term success, while some students may feel disconnected from school due to a lack of meaningful relationships or engaging experiences. Addressing these underlying issues requires both practical supports and a cultural shift that redefines attendance as a shared community value and a key to future opportunity.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Reach out to families of students who have historically had poor attendance to check in, establish positive interactions in efforts to build positive relationships. Inquire about supports needed. Establish weekly check ins with each family.
Attendance Mentors check in with identified students every morning. End each week with a group activity for all students who have met their attendance goals for the week.
Attendance and student Mentors check in with their students every morning. End each month with a group activity for all students who have met their attendance goals for the month/ At the end of each week, teachers post students with perfect attendance outside their doors.
Re-convene attendance team members inclusive of administration, teachers, support staff to meet weekly and discuss attendance patterns and trends, with a focus on progress monitoring impact of interventions for students who are at risk of becoming chronically absent. Identify list of students who have historically had poor attendance. Pair students up with adult mentors.
Parent Coordinator will host check ins with teachers and attendance mentors alongside families of students identified with at risk attendance during Parent Teacher Conferences to strengthen relationships and review attendance data and impacts on student outcomes. Have parent volunteers present to offer drop off/pick up support.
Beginning in January, Attendance Team works with teachers and administration to coordinate monthly trips for students as an attendance incentive for the remaining months of school.
School will host an end of year celebration for students with Attendance Mentors and their families
Attendance team reviews data for the yearand begins to identify potential students in need of support for the following year. Consider recruiting students and families who have demonstrated improved attendance as potential

Key Strategy 2 (Optional):

Attendance Team meets weekly

Root Cause Addressed:

Support parental understanding and prioritization of consistent and punctual school attendance

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps
Hold monthly attendance assemblies to shout out individuals with perfect attendance, celebrate most improved attendance, and recognize classes with the best attendance.
Hold attendance info-sessions for parents in Early Childhood to share the importance of attendance in setting up students for future success.
Send home attendance reports and updates to students previously identified as at risk of Chronic Attendance. Host check ins with teachers and attendance mentors for students and families during Parent Teacher Conferences. Have parent volunteers present to offer drop off/pick up support.
Collaborate with the SEL Teacher Team to review attendance data and impact of Attendance Mentors on student attendance. Identify additional groups of students in need of interventions and mentoring.
Work together with attendance team to review additional options for attendance supports, including potential partnerships with outside organizations to address diverse needs of community.
Host Attendance Matters Presentation and Workshops for parents and families after return from Winter Break. Reinforce healthy habits to keep children well so they can attend school.
Continue the Attendance Mentor program, complete with daily check ins, weekly gatherings, and monthly incentives.
Engage with Student Council to come up with additional ways to support students around attendance and engagement.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance Team collaborates with staff, parents, social worker, and students to implement the aforementioned strategies, beginning in September. Data used will include: Insight, ATS, teacher logs, parent surveys, and email correspondence. Progress will be determined as attendance increases and chronic absences decreases.

Provide regular parent workshops around attendance and how it impacts student outcomes.
PC and Guidance Counselor will conduct weekly outreach to parents and families of at risk students to build relationships and to check in and inquire about supports and services needed to address barriers to attendance.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To address inconsistent data collection for IEP goals and the need for improved fidelity in BIP implementation, our strategy will center on building staff capacity and embedding best practices into daily routines. We will provide targeted professional development for the SPED team, focusing on concrete examples and scaffolding techniques for both IEP and BIP development, ensuring that all team members understand and can apply evidence-based strategies with fidelity. Additionally, we will integrate Universal Design for Learning (UDL) principles into classroom instruction, creating flexible learning environments that accommodate diverse learners and promote accessibility for all students with disabilities. Regular progress monitoring and data review cycles will be established, supported by clear protocols and checklists to standardize data collection and implementation across all settings.

This approach will foster a strengths-based, inclusive culture where every student's needs are recognized and supported. By leveraging multimodal teaching methods, assistive technology, and alternative assessments, we ensure that students with disabilities have equitable opportunities to demonstrate their learning and growth. Collaborative planning between general and special education teachers will be prioritized, breaking down silos and ensuring that inclusive practices are embedded in all aspects of instruction and intervention.

Root Cause Addressed:

The root cause of inconsistent IEP goal data collection and BIP implementation lies in insufficient awareness and support for the SPED team regarding best practices. Staff members may lack clarity on how to collect and record data consistently, and there is a need for more concrete, scaffolded examples of effective IEP and BIP implementation. This gap is compounded by a lack of structured professional development and ongoing coaching, which are essential for building confidence and competence in these areas. As a result, implementation fidelity is compromised, and progress monitoring becomes unreliable, ultimately impacting the quality of supports provided to students with disabilities.

Additionally, the absence of standardized protocols and checklists contributes to variability in how data is collected and interventions are applied. Without a shared understanding of expectations and a common set of tools, staff may rely on individual interpretations, leading to inconsistency and missed opportunities for targeted support. Addressing these root causes requires a systemic approach that combines professional learning, clear expectations, and ongoing support structures.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a comprehensive SPED team training on IEP and BIP best practices, including hands-on workshops with

concrete examples and scaffolding strategies.
Develop and distribute clear, step-by-step data collection protocols and checklists for all IEP and BIP goals.
Implement regular data review meetings to monitor progress, identify inconsistencies, and adjust supports as needed.
Assign a lead mentor or coach to provide ongoing support and modeling for SPED staff in IEP/BIP implementation and data collection.
Integrate UDL principles and multimodal instructional strategies into daily classroom practices to enhance accessibility for students with disabilities.
Create a library of scaffolded IEP and BIP examples and resources for staff to reference and adapt as needed.
Establish collaborative planning time for general and special education teachers to align instruction and intervention strategies, ensuring consistency and fidelity.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To implement the action plan for Quality IEPs and BIPs at NYC DOE 14K250, we will establish a systematic approach that embeds professional development, collaborative planning, and clear protocols into the school's daily routines. The SPED team will participate in targeted training sessions focused on IEP and BIP best practices, including hands-

on workshops and modeling by lead mentors or coaches. These sessions will be supplemented by a library of scaffolded resources and clear data collection checklists, ensuring that all staff have access to practical examples and standardized procedures. Collaborative planning time will be scheduled regularly between general and special education teachers, allowing them to align instructional strategies and intervention supports for students with disabilities. This structure will ensure that inclusive practices and fidelity of implementation are prioritized across all classrooms.

Primary structures for progress monitoring will include the use of digital and paper-based data collection tools, such as the BIP All-in-One Progress Monitoring Data Collection Toolkit and IEP data collection sheets, to track student behavior, goal progress, and intervention effectiveness. Weekly data review meetings will be held to analyze trends, identify inconsistencies, and adjust supports as needed. These meetings will involve the SPED team, classroom teachers, and administrators, fostering a culture of shared responsibility and continuous improvement. Additionally, fidelity checks through classroom observations and teacher interviews will be conducted to ensure that interventions are being implemented as intended and to provide timely feedback to staff. These structures will be supported by ongoing professional development assessments and stakeholder feedback, ensuring that the strategies remain responsive and effective.

Specific evidence will be collected and analyzed to determine the impact of these strategies on instruction, student learning, and achievement. This evidence will include quantitative data such as academic performance, attendance records, progress toward IEP and BIP goals, and behavior incident reports, as well as qualitative data from student, parent, and staff surveys and interviews. Data visualization tools, such as graphs and charts, will be used to clearly communicate trends and patterns in student progress and intervention effectiveness. By comparing current data with historical benchmarks and conducting regular comparative analyses, we will be able to identify areas of growth and target additional supports where needed. This robust monitoring and evaluation framework will ensure that our inclusive practices are making a measurable difference in the outcomes for students with disabilities.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/28/2026	Host workshops for parents to better understand and support IEP and SPED services	PC, SPED teachers, SBST team
09/15/2025	06/22/2026	Open dialogue with parents at SIT and SLT (overview, not specifics during SLT meetings) regarding IEP processes, goals, and growth.	SPED liason, team

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Current Staff: Maximize the use of existing teachers, special educators, paraprofessionals, and related service providers (e.g., speech, occupational therapy, counseling) by cross-training and flexible role assignments. Staff Training: Utilize Title II funds for professional development, such as all-staff training in supporting students with autism or inclusion coaching. Volunteers and Retirees: Recruit retired staff or community volunteers to offer additional support or supervision, particularly for small group or one-on-one interventions. Collaboration: Foster collaboration between general and special education teachers, and include related service providers in planning and implementation. Staff Time Management: Actively manage schedules to ensure staff are not overburdened, and prioritize time for collaborative planning and ongoing monitoring

Instructional Resources

Low/No-Cost Curricula and Tools: Access free or low-cost resources for executive functioning, social skills, and academic support. Examples include online platforms like Bookshare, Do2Learn, and Digital Promise resources. Sensory Materials: Seek donations or grants for sensory tools, or create DIY sensory materials using inexpensive items. Title I and Title II Funds: Use Title I for supplemental support (e.g., at-risk speech/counseling services) and Title II for reducing class ratios or purchasing specialized curricula. Shared Materials: Pool resources across classrooms or grade levels to maximize use and minimize duplication. Summer Institutes: Offer targeted summer programming for executive functioning or transition skills by leveraging existing staff and volunteers, or seek external partnerships and grants

Schedule Adjustments

Staggered Schedules: Adjust teacher and student schedules to allow for small group or individual interventions outside of core instructional times. Common Planning Time: Build in regular, protected time for general and special education teachers to collaborate and plan interventions. Flexible Grouping: Use flexible grouping strategies to provide targeted support without requiring additional staff

Other Resources Needed

Community Partnerships: Collaborate with local organizations, nonprofits, or businesses to supplement resources and support services for students with IEPs. Grants and Donations: Actively seek out grants, donations, and foundation support for specialized programs or materials. Technology: Leverage assistive technology and digital resources to enhance learning and reduce the need for expensive physical materials. Parent and Family Engagement: Involve families in planning and implementation, and provide resources and training for at-home support

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2/ 3	Level 1 or 2 on I-Ready diagnostic	Wilson	Small Group	During School	No
Tier 2	Level 1 or 2 on I-Ready diagnostic	Math 180	Small Group	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Check-In/Check-out	Attendance data	Check-In/Check-out	One to one	During school - Morning and afternoon	No
student mentors	student surveys	mentoring	one on one	During and after school	no
Community Circles	At risk students	community circles	small group	during lunch	no
Beautiful Me	All 4th and 5th grade girls	Beautiful Me	Group of girls	Before School	No
Reading Buddies	Acadience and iReady Data	Peer Mentoring	Partner	During lunch periods	Both
Mindfulness/SEL	5th Graders	Mentoring	Small Group	Afterschool	No
Sports/Team-based activities	Student interest, teacher recommendation	teams	coaching	Before and after school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

We will ensure that all families have a comprehensive understanding of our MTSS (Multi-Tiered System of Supports) framework by implementing an ongoing, robust, and transparent communication plan aligned with District 14 expectations and NYC DOE requirements.

How We Share MTSS Components
We will communicate the essential components of our MTSS process using multiple modes, including translated written materials, parent workshops, community meetings, and our school website. We will prepare visual guides and family-friendly overviews explaining each MTSS tier, intervention options, and how student progress is monitored, ensuring accessibility for all families.

Fostering Two-Way Communication
We will establish regular, proactive outreach practices, such as:

Sending home letters and digital notifications when students receive tiered supports

Hosting MTSS information sessions at least twice annually for all families

Holding meetings with families when beginning or adjusting intervention plans

Providing summaries of interventions and updates on student progress at regular intervals

Making our Parent Coordinator and key support staff readily available for follow-up discussions or questions.

Family Participation and Capacity-Building
We will invite families to participate actively in our MTSS process by:

Inviting them to join collaborative problem-solving meetings about interventions

Offering workshops and training about MTSS and family partnership opportunities

Soliciting feedback about our interventions and communication through surveys and advisory committees

Commitment to Consistency
We will document all MTSS-related family communications and events, maintain records of meeting invitations and participation, and use translation services to break down language barriers. Our goal is to foster a partnership with every family, responding promptly to their needs and valuing their insights as integral to student success.

By following this action plan, PS 250 will ensure that every family feels empowered, informed, and engaged as an essential partner in the MTSS process. This approach reflects the standards set by District 14 and the NYC DOE, and is designed to support the needs of our vibrant and diverse school community.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

At PS 250, families of students receiving Tier 2 targeted or Tier 3 intensive interventions will receive regular and meaningful updates on their child's progress through a coordinated effort involving classroom teachers, our interventionist, the parent coordinator, and our parent association.

How We Communicate Progress:
We will provide families with:

Written progress reports and data summaries at frequent intervals (e.g., every 4–6 weeks for Tier 2 and every 2–4 weeks for Tier 3), detailing the goals, supports provided, and student growth measured through progress monitoring tools.

Opportunities for conferences—either in-person or virtual—with teachers, interventionists, and the parent coordinator to review data and discuss next steps.

Direct communication from teachers and interventionists when there are significant changes in intervention or notable student progress/challenges.

Access to intervention plans and progress monitoring data in language-accessible formats, sent home and available via our school's communication platforms.

Supportive Roles:
Our parent coordinator and parent association will actively support this process by:

Assisting in the coordination of family meetings and acting as liaisons to help families navigate intervention and support processes.

Helping teachers and interventionists ensure materials and communications are accessible, translated, and culturally responsive.

Providing outreach to families who may not respond to initial communications, ensuring every family stays informed and engaged.

Emphasis on Partnership:
We are committed to fostering a true partnership with families, offering regular opportunities for feedback and ensuring that interventions reflect each child's unique strengths and needs. Our system for progress updates ensures all families are empowered to support their children and champion their growth during Tier 2 and Tier 3 interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At PS 250, families play an active and integral role in decision making regarding the progress of students receiving Tier 3 intensive interventions through consistent, structured, and inclusive practices that promote ongoing collaboration.

Parent Workshops and Education:
We routinely offer parent workshops focused on explaining Tier 3 supports, the intervention process, and progress

monitoring tools. These workshops provide families with the knowledge and confidence to participate meaningfully in all stages of their child's intervention plan, and are scheduled at various times to maximize accessibility.

Multiple Modes of Communication:
We use a wide range of communication channels—including phone calls, emails, text messages, translated letters, and virtual meetings—to keep families informed, invite their input, and schedule collaborative meetings. Our parent coordinator and parent association play a vital role in facilitating outreach and ensuring that every family's voice is heard and valued.

Collaborative Decision-Making Meetings:
For every student in Tier 3 intervention, we hold individualized student support team meetings that include classroom teachers, the interventionist, administrators, related service providers (as needed), and the student's family. During these meetings, families are presented with progress data, can ask questions, share insights about their child, and help develop or revise intervention plans. All decisions regarding changes in supports, movement between tiers, or referrals for additional services are made only after input from the family is thoroughly considered.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Trends among our STH student population at PS 250:
* Attendance is not consistent, trending lower than average
* Communication with parents is inconsistent, and often they are unable to be reached because of housing and phone concerns
* Parents of STH students are less engaged and/or connected with school events; their primary concern is Maslow's hierarchy of needs
* There tend to be increased language barriers or less desire/trust to communicate due to immigration fears
* STH students tend to have a higher need for seasonal clothing
* STH students are first to be subsidized for trips, graduation fees, or other school events.

The survey results as well as our relationships with students and families determined priority needs for individual and groups of STH students.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Ongoing partnership with outside organizations to continue to provide targeted interventions, including but not limited to: academic tutoring, individual and group conferencing, and building trusting relationships. Transportation: Free transportation is provided via busing or MetroCards to ensure consistent school attendance regardless of temporary housing location.

Access to Educational Supports: Title 1 funds are used specifically allocated to STH students to provide school supplies, outside tutoring programs, technology, tutoring, counseling, and hygiene products to address barriers to learning.

Meal Programs: STH students receive free school meals to support nutrition and health.

Special Education Services: Timely evaluations and continuity of special education services are ensured for STH students with IEPs.

Waivers of Fees for Participation: Fees for extracurricular activities, and school-related expenses are waived to avoid financial barriers for STH students.

Preschool and Childcare Priority: Children in temporary housing are prioritized for early childhood programs such as 3-K, Pre-K,

Dedicated Support Staff: Parent Coordinator (Ms. Rivera) and an expanded team of SBST (full-time guidance councilor, Ms. Piccolo) liaisons or Students in Temporary Housing Coordinators who assist families with enrollment, transportation, and accessing community supports.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

S

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 250 , in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 250 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;
. providing workshops for parents to understand and better support their children with City, State and Federal standards and assessments

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational

accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 250 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

PS 250 will provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

PS 250 supports home-school relationships and improves communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- providing multiple platforms for communicating with teachers/staff (google, dojo, messenger, email, etc.)*
* notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences, workshops, field trips, art activities, gardening, breakfasts, etc.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- incentivizing student attendance and communicating the importance of regular and punctual student attendance assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- will monitor child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;

- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

The staff will be involved in professional learning cycles throughout the year. The cycle will begin with unpacking the Next Generation standards with the current module. During the 2nd week, staff will engage in articles, share-outs, etc. to identify and implement best practices and strategies. The third week will be a Data Dive in which staff will analyze student work and reflect and revise plans based on student needs.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Curriculum used in our early childhood program is aligned with the curriculum used in grades 3-5. All curriculum used is aligned with the Next Generation Standards. We will also be implementing vertical team meetings so staff can see the alignment and cohesiveness of the standards and strategies amongst the grades from Pre-K - 5. Parents will also be invited to an open house in the end of August so they and their child could meet their teacher and explore the classrooms to make the transition seamless.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	4228	X	Parent Involvement/Supplies Classroom/Cluster
Title I, School Improvement 1003(a)	Federal	13900	X	Supplies Classroom/Cluster
Title II, Part A	Federal	n/a	X	n/a
Title III, Part A	Federal	n/a	X	n/a
Title III, Immigrant	Federal	12182	X	Translation/Interpretation Before/After School
Title IV, Part A	Federal	5737	X	Academic Before/After School
Tax Levy	Local	1451819	X	Salary/Misc

(Fair Student Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Rodney Young
Assistant Principal (Where Applicable)*	Jennifer Owings
English as a New Language (ENL) Teacher*	Michael Emmer
Teacher (if school has a bilingual program must be a bilingual teacher)*	Shirley Weng
Parent/Guardian*	Julie Rodriguez
Teacher (Dual Language)	Tan Tan Chen

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

3

Total number of teachers with LOTE certification providing World Language instruction:

3

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

2

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

264

Total number and percentage (%) of current ELLs:

21.7 % are active ELLS

Total number and percentage (%) of former ELLs:

Number of Former ELLs: 3 Percentage of Former ELLs: 1.42% Calculation: 3 former ELLs out of 212 total students

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE																	0
DLBE	Dual Language Bilingual Education	Mandarin	2016	1	1	1	1										4
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Per CR Part 154 regulations Entering level ELLs must receive at least 1 unit (180 minutes per week) of Stand-alone instruction. At P.S. 250 Entering level ELLs from Kindergarten through 5th grade receive 180 minutes (four periods) of Stand-alone instruction per week, in compliance with CR Part 154. At P.S. 250, Emerging level ELLs, who are entitled to .5 units (90 minutes) of stand alone instruction, as well as .5 units (90 minutes) of flexible programing minutes (Stand-alone or Integrated) receive 180 minutes per week of Stand-alone instruction, fulfilling the requirements of CR part 154.

Entering and Emerging ELLs receiving Stand-alone instruction are grouped by grade bands of no more than two contiguous grades. Kindergarteners are never grouped with any other grade band. Students are pulled out of their general education classes for ENL Stand-alone instruction. Stand-alone English instruction for MLs/ELLs is delivered in small group grade bands which never consist of more than two grade levels at a time. Stand alone instruction is provided by ENL teacher Mr. Emmer. Again, at P.S. 250, students entitled to Stand-alone services are never grouped in grade bands of more than 2 contiguous grades, in compliance with CR Part 154. This year, as in past years, groupings consist of K, 1/2, 3/4, and 5.

Integrated ENL:

In the school year 2025-2026 at P.S. 250 George H. Lindsay school all Entering level ELLs from Kindergarten to 5th grade receive 1 unit of integrated ENL study (180 minutes) in ELA per week, in compliance with CR PART 154. Emerging level ELLs also receive 180 minutes per week of integrated ELA, in addition to the 180 minutes they receive for Stand-alone, allowing for the total of 360 minutes per week, in compliance with CR Part 154. At P.S. 250 Transitioning level ELLs receive a total of 180 minutes per week of integrated ELA. These minutes are a combination of the required .5 units of study (90 minutes), paired with flexibility minutes (.5 units / 90 minutes of integrated ELA) as prescribed by CR Part 154, to reach a combined total of 180 minutes per week. Expanding level students receive 1 unit (180 minutes per week) of Integrated ELA in compliance with CR Part 154. Commanding level ELLs receive .5 units of study (90 minutes per week) in Integrated ELA or other content area in their homeroom class room in compliance with CR PART 154 regulations. ESL Push-In services take place during ELA instruction. Jeremin Cruz will be providing ENL services in his 5th grade class for integrated ELA instruction in the 24-25 school year.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our two-way immersion model Mandarin Dual Language Bilingual Education program (DLBE) allows students the opportunity to become bilingual and bicultural while simultaneously improving their academic ability. In our dual language general education classes students are grouped by grade and are compromised of both students who speak Mandarin as their home language and students who speak English as their home language. Classes are heterogenous with students at different levels of proficiency in the same class. Ms. Xiaomin Chen, Ms. Weng, Ms. Li Zhu, and Ms. Tan Tan Chen provide integrated ENL instruction in ELA. They also provide stand alone ENL instruction. Integrated ENL services in ELA, as well as stand alone ENL instruction are embedded in dual language teacher schedules in order to meet the mandated minutes as set forth in CR Part 154.

Rather than viewing MLs/ELLs from a deficiency mindset, at P.S. 250 speaking another language is viewed as an asset to be leveraged and celebrated. Teachers maintain separation of languages for instruction. Skills taught in each language are coordinated to maximize cross-linguistic transfer and support learning in content areas. Teachers use flexible grouping and differentiation to meet the needs of native speakers and language learners.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school staff ensures that all student minutes are programmed according to CR Part 154 guidelines. At P.S. 250, and in compliance with CR PART 154, all Entering level ELLs from Kindergarten to 5th grade, receive 1 unit of integrated study (180 minutes) in ENL/ELA or other core content area per week. Emerging level ELLs also receive 180 minutes per week of integrated ENL/ELA, in addition to the 180 minutes they receive for Stand-alone, allowing for the total of 360 minutes per week, in compliance with CR Part 154. At P.S. 250 Transitioning level ELLs receive a total of 180 minutes per week of integrated ENL. These minutes are a combination of the required .5 units of study (90 minutes), paired with flexibility minutes (.5 units / 90 minutes of integrated ENL/ELA) as prescribed by CR Part 154, to reach a combined total of 180 minutes per week. Expanding level students receive 1 unit (180 minutes per week) of Integrated ENL/ELA in compliance with CR Part 154. Commanding level ELLs receive .5 units of study (90 minutes per week) in Integrated ENL/ELA or other content area in their homeroom class room in compliance with CR PART 154 regulations.

Per CR Part 154 regulations Entering level ELLs must receive at least 1 unit (180 minutes per week) of Stand-alone instruction. At P.S. 250 Entering level ELLs from Kindergarten through 5th grade receive 180 minutes (four periods) of Stand-alone instruction per week, in compliance with CR Part 154. At P.S. 250, Emerging level ELLs, who are entitled to .5 units (90 minutes) of stand alone instruction, as well as .5 units (90 minutes) of flexible programing minutes (Stand-alone or Integrated) receive 180 minutes per week of Stand-alone instruction, fulfilling the requirements of CR part 154. Transitioning level students receive additional integrated ENL / Core content area units of study (.5), rather than Stand-alone, as allowed by flexibility under CR Part 154 regulations. Expanding and Commanding ELLs receive Integrated ENL in ELA and do not receive Stand-alone, as provided for in CR Part 154 regulations. The mandated number of instructional minutes are provided, according to proficiency levels in each program model. In accordance with the individual student's results on the NYSITELL, or NYSESLAT, students receive at least the mandated units of ENL instruction per CR Part 154.

Our school secretary enters the home language codes in ATS from the HLIS and updates the BIOU information in ATS. She then prints the RFSR, RLAT, ELPC and RAPL reports to the ENL coordinator. The ENL coordinator then programs all ELLs in ATS and STARS at the beginning of the school year. This includes the both Push In and Pull out services in STARS as well as the bilingual tracker in the remote desktop. This system remains in place throughout the year as new or transfer students enroll.

For integrated ENL instruction we follow to models of delivery, as set forth in CR Part 154 where a certified ENL teacher pushes into a class and co-teaches with a teacher with a Common Branch certification. Or conversely, a teacher who is certified in both Common Branch and ESOL provides ENL instruction. Along with school administration and the ENL coordinator, our licensed teachers ensure that the accurate minutes are met according to the Language Policy Guidelines and CR Part 154. For example, ENL students identified as Commanding level will continue to receive Former ELL services. In order for students to reach increased proficiency levels, teachers with Common Branch certification and ENL push-in teachers devote adequate time for collaborative planning. Push-in ENL teachers will have one articulation period per week with each of the classroom teachers that they work with. During the articulation period, ENL teachers and classroom teachers will discuss individual needs of English language Learners and plan lessons/curriculum together to meet those needs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the upcoming 2025-26 school year, as in past years, ENL mandated instructional minutes will be delivered through stand alone instruction with a licensed ENL teacher for Entering and Emerging students and integrated ELA services for MLLs/ELLS ranging from Entering to Commanding. For integrated services a licensed ENL provider co-

teaches with a general education teacher in the students' general education classroom. This allows students to gain confidence, a sense of comfort, and experience in their own classroom environment. In addition to Integrated ELA, Entering and Emerging ELLs are pulled out of their classes to receive additional minutes in stand alone instruction in a certified ENL teacher's classroom in compliance with CR Part 154. HLA instruction is provided through a traditional direct service delivery model and minutes are programmed into dual language teacher schedules.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language program model follows the 50/50 percentage two way model in grades Kindergarten, 1, 3 and 4. The two languages used for instruction are English and Mandarin. Our two-way immersion model includes both students whose native language is English as well as students with Mandarin or Spanish as their home language. This model promotes the development of Mandarin and the acquisition of a second language. We are dedicated to implementing an effective and innovative Dual Language program designed to accelerate learning as well as to build bilingualism and biliteracy. Classes are self contained and ELLs and students proficient in English being integrated for 70% of the daily schedule. Our dual language program model alternates on a daily schedule.

b. In which language(s) is each core content area taught?

Each core content area is taught in two languages. Split fifty percent for each language, instruction is delivered in both English and Mandarin.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 250, 50% (23 out of 46) of English Language Learners (ELLs) are classified as Newcomers, meaning they have been enrolled in the NYC DOE for 0–3 years. Recognizing the diverse needs of both Newcomers and Long-Term ELLs, our teachers are committed to scaffolding instruction, differentiating lessons, and modeling academic thinking to make learning accessible for all students. We maintain high expectations for our students, believing firmly that, despite the challenges faced by SIFEs (Students with Inconsistent/Interrupted Formal Education) and Newcomers, they are capable of learning and progressing toward their goals. Currently, none of our ELLs are identified as SIFEs, but we are fully prepared and equipped to support any SIFE or Newcomer who joins our school community. Both groups often arrive without the academic knowledge and literacy skills their peers have developed through consistent education in their home language, and they are also new to English. To address these challenges, we implement the "Gradual Release of Responsibility" instructional model, which is particularly effective for SIFE and other ELLs. This approach gradually shifts the responsibility for learning from the teacher to the students, fostering independence and academic growth. In our Integrated ENL/ELA classes, Newcomers are apprenticed into reading and writing by engaging with authentic and culturally relevant texts, allowing them to explore universal concepts and essential questions through meaningful reading and writing experiences.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0%

Although our current school community does not include any Students with Interrupted/Inconsistent Formal Education (SIFE), we recognize that, should they enroll, these students often face significant challenges upon arrival. Typically, SIFE lack the academic knowledge and literacy skills that their peers have developed through years of consistent education in their home language, and they are also new to English. To support their unique needs, our approach centers on the "Gradual Release of Responsibility" model, which is designed to maximize learning, foster independence, and enhance academic skills. This powerful instructional method, particularly effective for SIFE and other English Language Learners (ELLs), is demonstrated through Integrated ENL/ELA

instruction. By gradually transferring responsibility from teacher to student, we empower learners to take ownership of their academic growth. In our integrated classes, newcomers are apprenticed into reading and writing by engaging with authentic and culturally relevant texts, allowing them to explore universal concepts and essential questions through meaningful reading and writing experiences.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0%

None of our English Language Learners (ELLs) are currently classified as Long-term English Language Learners (LTELLs). However, should we receive LTELLs at our school this year, they will benefit from additional instructional support beyond the standard ELL minutes. This support will include extra time with certified TESOL teachers through both stand-alone instruction and increased integrated instructional time, to the greatest extent possible. Furthermore, input from the TESOL teacher and collaborative common-planning time will be used to enhance classroom instruction, ensuring that it is better tailored to meet the specific needs of LTELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Former English Language Learners (FELLs) comprise

of our student body, which currently represents one student. FELLs receive English as a New Language (ENL) support for two years after achieving a "Commanding" proficiency level, as determined by the NYSESLAT assessment. These services are delivered through small-group instruction provided by the classroom teacher, with ongoing monitoring and consultation in collaboration with the ENL department to ensure continued language development and academic success.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Students identified as "at-risk" are less frequently English Language Learners (ELLs) compared to their non-ELL peers. While some ELLs do experience attendance issues, this is not typical for the majority. However, when attendance does become a concern, it is evident that the student's learning is negatively impacted. Those students who are most frequently absent miss the continuity and consistency of both classroom and ENL instruction, which can result in significant academic losses as reflected in both school-based assessments and standardized measures of performance.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Our school's large Asian and Hispanic populations are reflected in the ethnic backgrounds of our English Language Learners (ELLs). To ensure that our instruction is both culturally responsive and sustaining, we utilize co-planning among dual language teachers, ENL teachers, general education teachers, and ICT teachers. This collaborative

approach allows us to intentionally consider the needs of ELLs when mapping out units and lessons, ensuring that the countries of origin, cultures, and important aspects of our students' backgrounds are essential components of our teaching framework at P.S. 250. Additionally, within our Response to Intervention (RTI) framework, we use data collected on our ELLs to quickly identify those who may need academic support, with the primary goal of creating a strong, supportive, and responsive classroom environment that minimizes the need for further intervention.

At the Tier I level, P.S. 250 is implementing several school-wide initiatives and instructional practices that address the language acquisition, cultural, and socio-emotional needs of all students, including ELLs. Recognizing that a positive, inclusive, and respectful environment is crucial for the social, emotional, and academic growth of our students, we continue to use the Leader In Me program. This program builds a culture of collaboration, respect, and student empowerment, grounded in the 7 Habits, and provides a strong foundation for all students, including ELLs. Our responsive and flexible school-wide system continually monitors student progress and requires teachers to adjust instruction to meet each student's needs. We believe that ELLs will become more engaged and enthusiastic learners when they feel valued as members of a collaborative learning community.

Morning meetings are an integral part of every classroom, and we employ practices designed to make the classroom more joyful, stimulating, child-centered, challenging, and developmentally appropriate. To foster motivation and ownership of learning, our instructional practices include student choice, allowing students to select differentiated learning activities that consider their proficiency levels and culturally specific interests. Since high-quality core instruction focused on language and literacy development is foundational for RTI for ELLs, we are continuing to integrate the rigorous and effective "Into Reading" literacy program school-wide, which includes components specifically for struggling ELLs. We also plan to develop intensive scaffolding methods that take into account students' cultural and linguistic backgrounds, language proficiency levels, and individual learning styles. The integrated teaching model, in which a certified ENL teacher supports the regular classroom teacher, will remain an essential component in supporting our ELLs at the Tier I level.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages with the largest representation among our English Language Learners (ELLs) are Spanish and Chinese, reflecting the significant Hispanic and Asian populations within our school community. This mirrors citywide trends, where over 67% of ELLs are Spanish speakers, followed by Chinese, with other languages such as Arabic, also present in smaller numbers.

To support communication and learning that values these home languages, our school employs several dedicated staff and structures. We have bilingual staff members, including ENL and dual language teachers, who collaborate closely with general education and ICT teachers to ensure that home languages and cultures are integrated into curriculum planning and classroom instruction. This co-planning process ensures that lessons are culturally responsive and sustaining, and that students' linguistic backgrounds are acknowledged as assets in their learning experience and cultural celebrations, such as the Lunar New Year and Hispanic Heritage month celebrations.

For family engagement and communication, we utilize interpreters, family liaisons, and paraprofessionals who are proficient in the predominant home languages. These staff members assist with translating school materials, facilitating parent-teacher conferences, and supporting ongoing communication between school and families. Additionally, our school provides translated documents and offers interpretation services for meetings and events to ensure all families can participate fully in school life.

Instructionally, ELLs receive support in both English and their home languages, especially in the early stages of language acquisition. This includes the use of scaffolding strategies, differentiated instruction, and, where possible, bilingual resources and materials. Our Response to Intervention (RTI) framework and school-wide initiatives—such as culturally inclusive literacy programs and the Leader In Me program—further reinforce the value of students' home languages and cultures in both academic and social-emotional development.

Through these comprehensive staff roles, structures, and processes, our school is committed to fostering an inclusive environment where the home languages of ELLs are respected, supported, and leveraged as key components of student success.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Given our large Asian and Hispanic ELL populations, we prioritize co-planning among dual language, ENL, general education, and ICT teachers .Our school ensures that English Language Learners (ELLs) are thoroughly included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE) through a multi-faceted, collaborative approach. This collaboration ensures that ELLs' cultural backgrounds, countries of origin, and lived experiences are intentionally woven into unit and lesson planning, making these elements essential to our teaching framework. Teachers leverage common planning time and input from TESOL-certified staff to design lessons that reflect and honor the diversity of our students, directly aligning with CR-SE criteria.

Instructional decisions are tailored to the unique needs of ELL subgroups, including newcomers, ELLs with IEPs, and SIFE students, who may require additional scaffolding and differentiation. All ELLs receive at least the mandated instructional minutes, with many receiving further support from certified ENL teachers through both integrated and stand-alone instruction, as needed. Our Response to Intervention (RTI) framework uses real-time data to quickly identify ELLs who may need academic support, ensuring interventions are timely and culturally relevant.

School-wide initiatives, such as the Beautiful Me and the SPIRE program, reinforce a positive, inclusive, and respectful environment that supports both the academic and socio-emotional growth of ELLs. Morning meetings, student choice in learning activities, and differentiated instruction based on language proficiency and cultural interests are embedded in classroom practice. The integration of the "Into Reading" literacy program, which includes targeted supports for struggling ELLs, further strengthens our commitment to high-quality, culturally sustaining core instruction.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The largest subgroup of English Language Learners (ELLs) at our school consists of newcomer ELLs. To address their increased language needs, we provide enhanced supports through scaffolding and differentiation in both integrated and stand-alone instruction. Instructional decisions are informed by the specific needs of subgroups, such as ELLs with Individualized Education Programs (IEPs) and Students with Interrupted Formal Education (SIFE), who consistently perform at lower academic and linguistic levels compared to their peers. These challenges often correlate with the nature of the student's disability as outlined in their IEP. All ELL subgroups receive at least the legally required instructional minutes, with many benefiting from additional time with certified ENL teachers to further support their learning. Whenever possible, students in these subgroups receive extra integrated or stand-alone instruction based on their individual needs, ensuring that our approach is both responsive and equitable. This

comprehensive support structure is designed to help newcomer ELLs and other subgroups successfully develop their language skills and access rigorous academic content.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Analysis of the New York State English as a Second Language Achievement Test (NYSESLAT) results reveals several important trends across the four assessed modalities: speaking, listening, reading, and writing. Generally, ELLs tend to perform strongest in the listening and speaking sections, where they can leverage oral language skills developed through daily interactions and classroom participation. Reading scores often reflect steady progress, as students build vocabulary and comprehension skills over time with targeted support and exposure to grade-level texts.

However, writing consistently emerges as the most challenging modality for ELLs. This difficulty is not unique to ELLs—writing is widely recognized as a complex skill that poses challenges for many students, regardless of language background. For ELLs, writing difficulties are compounded by limited vocabulary, challenges with grammar and sentence structure, and a lack of familiarity with genre-specific conventions and academic language. Many ELLs also struggle with organizing their ideas, planning their writing, and revising their work to meet grade-level expectations. These challenges are further influenced by cultural differences in writing norms and expectations, which can affect how students approach written tasks.

The NYSESLAT's integrated approach to assessing modalities in grades 1–12, with interconnected themes and content, aims to provide a cohesive assessment experience that mirrors classroom instruction. Despite this, the writing section remains a significant hurdle for many ELLs, often requiring additional scaffolding, explicit instruction, and individualized support to help students develop the linguistic and organizational skills necessary for effective written communication.

In summary, while ELLs often demonstrate growth in listening, speaking, and reading, writing continues to stand out as the area requiring the most intensive support and targeted instructional strategies to ensure all students can achieve proficiency.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Correlation Between NYSESLAT Proficiency and Academic Performance

Performance on the NYSESLAT serves as a reliable predictor of outcomes on ELA, math, and other state assessments. Lower proficiency levels—particularly in writing—consistently correspond to academic struggles, while systemic factors (e.g., LTELL status, inequitable resources) compound these challenges. P.S. 250's approach prioritizes language development within core instruction to mitigate these gaps.

Language Proficiency as a Foundation
1. Higher NYSESLAT proficiency levels (e.g., Expanding or Commanding) correlate strongly with improved outcomes on ELA and math assessments. Students at these levels typically demonstrate:

2.Better comprehension of complex texts and word problems in ELA and math.

3.Increased ability to engage with grade-level academic language across subjects.

Writing as a Critical Barrier

1. NYSESLAT results consistently identify writing as the most challenging modality for ELLs. This directly impacts performance on ELA assessments and math word problems, where:

2. Struggles with grammar, vocabulary, and organization limit expression of knowledge.

3. Cultural differences in writing norms further exacerbate challenges.

Diagnostic Data at P.S. 250

1. Reading: 43% of students place in Tier 1 (on grade level), while 37% require Tier 2 support and 19% need intensive Tier 3 intervention.

2. Math: 39% place in Tier 1, but 50% require Tier 2 support and 11% need Tier 3.
These gaps align with NYSESLAT proficiency data, where 43% of ELLs are at Entering/Emerging levels, indicating foundational language barriers affecting content mastery.

Systemic Challenges
1. Long-Term ELLs: Students who remain classified as ELLs for 6+ years (LTELLs) often show stagnant progress on both NYSESLAT and state assessments due to underdeveloped academic literacy despite social fluency.

Instructional Implications
P.S. 250 addresses these relationships through:

1. Integrated Language Support: Scaffolding in ELA/math lessons using ENL strategies.

2. Data-Driven Interventions: Using NYSESLAT and diagnostic results (e.g., i-Ready) to identify at-risk students early and adjust Tier 1 instruction.

3. Targeted Writing Focus: Enhanced scaffolding for writing tasks across subjects, acknowledging its role as a gateway to academic success.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Performance Trends Reflected in NYSESLAT Results: ELLs with IEPs

1. ELLs with IEPs consistently perform below their ELL peers without disabilities on English language proficiency assessments, including the NYSESLAT.

2.They represent a significant portion of the ELL population (21.9% as of recent data).

3. These students often face compounded challenges: learning English while also coping with learning disabilities, which can slow their progress toward English proficiency and academic achievement.

4. The complexity of distinguishing between language acquisition challenges and true learning disabilities can lead to misidentification, inappropriate placement, or insufficient support

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

NA

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

NA

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

NA

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Per CR Part 154 regulations Entering level ELLs must receive at least 1 unit (180 minutes per week) of Stand-alone instruction. At
P.S. 250 Entering level ELLs from Kindergarten through 5th grade receive 180 minutes (four periods) of Stand-alone instruction
per week, in compliance with CR Part 154. At P.S. 250, Emerging level ELLs, who are entitled to .5 units (90 minutes) of stand
alone instruction, as well as .5 units (90 minutes) of flexible programing minutes (Stand-alone or Integrated) receive 180
minutes per week of Stand-alone instruction, fulfilling the requirements of CR part 154. Transitioning level students receive
additional integrated ENL / Core content area units of study (.5), rather than Stand-alone, as allowed by flexibility under CR Part
154 regulations. Expanding and Commanding ELLs receive Integrated ENL in ELA and do not receive Stand-alone, as provided for
in CR Part 154 regulations. Stand-alone instruction supports ELL language acquisition needs across the four modalities: Reading, Writing, Speaking and Listening. Entering and Emerging ELLs receiving Stand-alone instruction are grouped by grade bands of no
more than two contiguous grades, with the exception of Kindergarten. (Kindergarteners are not grouped with any othergrade
band.) Students are pulled out of theirgeneral education classes forENL Stand-alone instruction, provided by a certified ENL
teacher. Stand-alone English instruction for MLs/ELLs is delivered in small group grade bands consisting of no more than two
grade levels at a time. This instruction is delivered through grade-level rigorous instruction which is differentiated to meet
student needs. Scaffolding in both English and Home Languages are provided as base supports in Stand-Alone instruction.
Students are grouped by grade band (no more than 2 grades at once) and mixed proficiency levels (both Entering and Emerging)

based on NYSESLAT scores. Small group reading, project based learning and the use of the Read-Talk-Write cycle are all
implemented in supporting ourEntering and Emerging MLs/ELLs in Stand-alone instruction. All lessons consist of both content
and learning objectives, which allow learners to deepen their understanding of phonics and develop academic vocabulary, while
simultaneously being challenged by rigorous grade level content learning standards. Stand-alone instruction research shows
that language proficiency is closely related to academic language. At P.S. 250, we believe that content area instruction is a
critical component of language acquisition. Much of academic language, orTier 2 and Tier 3 words are low-frequency words that
are found mostly in content area lessons. Stand alone instruction is scaffolded with individual students' language needs taken
into consideration. Instruction is delivered in English with multiple entry points for varied student ability. Teachers make use of
visual aids and increase student engagement through partnerand group work. All lessons are centered around the Next
Generation Learning Standards while all ENL classes, including both Stand-alone and integrated, offer home language support.
At P.S. 250, students entitled to Stand-alone services are nevergrouped in grade bands of more than 2 contiguous grades, in
compliance with CR Part 154. Therefore, grade bands consist of K-1, 2 and 3, and 4 and 5. Within these groups, smallergroups
are formed depending on proficiency with one of the four modalities. For example, during a guided reading lesson entering level
ELLs and emerging level ELLs may be split into two groups according to reading proficiency. However, if an entering level
student has shown a higher reading proficiency, they may be grouped with emerging level ELLs. Concurrently, an emerging level
ELL who has higher scores in writing on the NYSESLAT, but lower scores in speaking, may be grouped with entering level
students fora speaking lesson, but in a group with their leveled peers fora writing lesson. The break down of smallergroups
within Stand-alone instruction, in terms of specific activities, is based not only on student levels and scores, but on individual
achievement on formative classroom assessments.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team guides the way faculty and support-staff analyze and address the data used to support the learning needs of all students. In particular, through Common Planning Time, teachers are provided with input from the ENL department as to best practices for addressing varied concerns and challenges when delivering instruction to ELLs/MLs. Collaborations framed around both subject areas and grade levels provide a forum for discussing the best practices for achieving academic progress for MLs/ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the

Next Generation Learning Standards.

In order to meet the Language needs of our ELLs' we follow the servicing and scheduling requirements in CR Part 154 (Grades K to 5). To best meet the needs of our ELLs while adhering to the requirements of CR Part 154.2, PS 250 provides ELL instruction through the integrated co-teaching and a stand-alone models. The largest component of ENL instruction will be delivered through the integrated model in which an ENL teacher co-teaches with the regular classroom teacher during literacy core content blocks. Within the classroom, proficiency levels are mixed. In order to provide the most comprehensible input during content instruction, a combination or direct translation of key concepts and print translation (where appropriate) of key vocabulary is offered. During Stand-alone instruction, however, the proficiency levels are more homogeneous but the grade levels often are mixed. For example, our newcomers and emerging students from grades 3-4 are often grouped together. Transitioning and expanding students are frequently grouped together for purposes of targeted writing instruction. We attempt to remain relatively flexible with our groupings so as to better serve the evolving needs of our students. We will continue to offer Dual Language Program and we will be extending the program. The language allocation for the program model is 50% English and 50% Mandarin.

ELLs will receive explicit instruction and supports to help them achieve in terms of the Next Generation Learning Standards. Through small group instruction with non-ELLs who are bilingual, with common native language, ELLs will have additional time to explore concepts and meet goals within curricula.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Different instructional approaches and methods are used in combination or on their own to make content comprehensible. These strategies include: scaffolding instruction by using a spiral approach, thinking maps, graphic organizers, drama techniques, targeting content area vocabulary instruction, extensive oral language development around core content curriculum, visual aids/realia, and picture dictionaries. Additionally, we provide access to digital media (e.g. iPads and laptops) for direct translation and additional audial/video visual aids strategically are incorporated as planned or indicated. In order to support our students with meeting the content and language objectives, we incorporate close readings and the building of higher level thinking skills. We build background knowledge using multiple resources (smart board, high interest texts with enticing illustrations/ photos, sketches). We modify instruction where necessary and facilitate entry into content area discussion by focusing on explicit instruction in language by using conversation/sentence starters and front-loading direct teaching of Tier III vocabulary . We provide a solid foundation in spoken language upon which to build the other language modalities. We integrate shared/interactive writing as well as read-alouds with accountable talk to maximize the opportunities for language modeling and developing critical thinking skills. When the need arises and where possible, we also use the home language as support; several of our teachers are bilingual (English, Spanish and Mandarin).

b. SIFE

Students with Interrupted Formal Educations are provided with additional academic and emotional supports appropriate to their individual needs. Through collaboration with classroom teachers and appropriate support staff, SIFEs are given every opportunity to engage with grade level content. It is crucial that teachers foster both the socio-emotional and academic development of SIFE students. Many SIFE students require extra support in order for

them to have a healthy acclimation process and make an effective transition. Instructional strategies will vary depending on the level of home language proficiency. Whenever possible we look for entryways to grade level curriculum by utilizing ENL methodology, scaffolding etc., in an effort to make content meaningful. We attempt to bridge the gap between home language/culture and school language/culture by tapping into students' interest areas and making explicit cultural connections. SIFE students are grouped together with their peers in age appropriate homogeneous classrooms. Whenever possible we build on the home language literacy skills in order to secure a foundation upon which to transfer new language skills.

c. Newcomers

Newcomers make up a large percentage of our ML/ELL population and are serviced with the intention of giving them the Basic language skills (BICS) needed to function and feel comfortable in their new environment while acquiring sufficient English language skills to participate as fully as possible in the classroom. We use ENL methodology as mentioned above, which centers on embedding lessons with multiple layers of scaffolding: roll play/drama, realia, maps, photos, videos, manipulatives, preview/review lesson format, graphic organizers, dialogue journals with the teacher or peers, etc. Units and lessons are planned to incorporate both content and learning objectives. As holds true for all our instruction, but particularly important for our ELLs, teachers make sure to present information in many ways to engage students with different learning styles. Newcomers are placed in age appropriate heterogeneous classrooms so as to offer them multiple opportunities for language acquisition and enhance extrinsic motivation and peer support. Newcomers are also pulled out in small homogeneous groups to best hone in on their specific language acquisition needs. Newcomer ELLs are in need of much support. Their linguistic, socio-emotional and academic needs must be met. With this in mind, to the greatest extent possible, programming of classes is done with an eye toward placing Newcomer ELLs in classroom environments where they can receive Native Language support, through direct translation, from pedagogues, staff and students who share their NL. Additionally, classroom texts and lessons are chosen or framed with a culturally-sensitive approach - keeping in mind that some newcomer ELLs require a greater degree of personal connection to their cultural heritage through academic foci. ENL teachers often include technology to support instruction. This is especially true for newcomers who at first must rely heavily on visual clues to aid in comprehension.

d. Long Term ELLs

Long-term ELLs receive extremely targeted instruction. While their linguistic abilities still play a factor in their teachers' planning, much focus is placed on academics. Moving ELLs from Expanding to Commanding levels, as measured by the NYSESLAT, requires a heavy focus on reading and writing skills development. Teaching reading and writing through the content areas allows for content knowledge to be developed alongside linguistic ability. Even in Mathematics, this is a key influence in planning instruction. Long term ELLs are serviced under the premise that each student progresses at his/her individual rate through the language acquisition stages. According to the natural order of language acquisition, students develop BICS first and CALP second. Our long term ELLs, however generally seem to get stuck at the intermediate and advanced levels proficiency because they lack the crucial academic language necessary for their reaching the commanding level. Long term ELLs display significant gaps in reading complex grade level texts, and their writing lacks the language necessary for more complex expression. Because long term ELLs often have an insufficient command of academic language they often become hesitant participants in the classroom. In order to address these issues we are differentiating and scaffolding instruction so that literacy skills targeting academic vocabulary, grammar and syntax, and reading comprehension, are embedded in all instruction. We are also focusing on teaching explicit study skills and meta-cognitive practices that develop behaviors that are essential for academic engagement and success.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At PS 250 we have a relatively small population of ELLS who are designated as SWDs. This population receives individualized instruction from the classroom teacher, the SETTS teacher, paraprofessionals, and the ENL staff, as prescribed by their IEP. Teacher collaboration is essential to ensure congruent and focused planning. We make sure all curricula are accessible to ELLS/SWDs by applying the appropriate scaffolding strategies. We also use our guided reading library to support and allow for differentiation. Our SETTS teacher provides ongoing PD on teaching SWDs. Our resources also include native language texts.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

The home language is used, whenever possible, in the classroom, by the ENL teachers and school personnel to provide support and clarification for our ELLs. This is especially necessary to assure that content and concepts in the subject areas are made comprehensible. We have home language materials available as part of our ENL libraries as well as in our school library. These texts are used to maintain and foster home language literacy and fluency. Parents of ELLs are encouraged to read to their child, whenever possible in their home language. Parents and ELLs are encouraged to borrow bilingual and home language books from our libraries. Teachers, when possible and appropriate, use the home language to aid in communicating with our ELL population. In the dual language model, home language is supported by translating all school parent communications as well as instructional materials.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 250 effective co-teaching and collaboration among teachers in all ELL program models—including Integrated Co-Teaching (ICT) and Dual Language Bilingual Education (DLBE)—are supported by a range of intentional systems and structures. One of the most critical elements is the provision of regular, protected collaborative planning time. This ensures that co-teachers have opportunities to jointly plan lessons, align instructional goals, differentiate activities, and address both content and language objectives. Structured planning frameworks and shared templates further support this process, helping teams stay organized and ensuring both teachers have an equal voice in instructional decisions.

The school also defines and encourages the use of various co-teaching models, such as team teaching, station teaching, parallel teaching, and alternative teaching. These approaches allow teachers to share instructional responsibilities and flexibly meet student needs. In the Dual Language program, teacher partnerships are carefully structured so that both languages are given equal emphasis, with co-teachers coordinating lessons and alternating lead roles to foster balanced language development and biliteracy.

Ongoing professional development is another essential component. Teachers receive sustained training on co-teaching strategies, culturally responsive instruction, and language development, which helps them collaborate more effectively and address the diverse needs of English language learners. Joint attendance at conferences and workshops is encouraged, fostering shared learning and strengthening co-teaching relationships.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

PS 250 offers ongoing professional development for all teachers of ELLs. Our school organizes professional development through our committee which is comprised of staff members who are interested in promoting high quality and engaging PD opportunities. The office of English Language Learners and the Borough Brooklyn North Field Support Center also provide Professional development. Some topics include: -Danielson Framework/Advance - Analyzing MOSL Data through the lens of language acquisition stages - City wide Instructional Expectations/ Quality Review Rubric - Common Core and language acquisition alignment -Into Reading and Writing -Exemplars - Compliance Issues (Implementation of New CR -154 -Sanford Harmony -Best practices/strategies for modifying and scaffolding instruction -Integrated Co-teaching Model. The Division of English language learners and Student Support offers our ENL teachers' resources and materials to help in supporting ELLs as they engage with CCLS and offers specific professional development for ENL teachers. Our Professional development committee, made up of staff members, oversees the process making sure that professional development includes: - Understanding language acquisition stages in order to better differentiate instruction and provide adequate scaffolds for ENLs to increase and vary access points to state standards - Socio-emotional and culturally specific needs of our ENLs and implications for instruction - Best practices for integrated co-teaching - Integrating language and content in the delivery of State Standards instruction (aligning language acquisition to content).

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The minimum hours of ENL training are met through periodic professional development (which includes supports and scaffolding techniques for ELLs), half-day workshops, and through our ENL department updates provided by ENL teachers. We have a professional development committee (comprised of dedicated staff members) who take charge of organizing professional development and making sure that we adhere to the mandated guidelines as per CR 154.2, to include 15% dedicated to language acquisition and best practices for integrated co-teaching as well as language and content area instruction for ELLs. Our ENL teachers receive 50% of their Professional development in aligning language acquisition levels to the content area. Our Professional development team keeps records of total hours, attendance, and agendas. Our ENL Team provides on-going professional learning for school staff on ENL-specific strategies and research, thus meeting the 15% requirement.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

To guide instructional planning, at PS 250, we use the I-ready diagnostic to screen all students and guide our next steps to best meet student need. Teachers regularly use data - provided to or gathered by them - to individually plan or to plan as part of grade or content-focused teams. Because service providers (including teachers of ENL) are able to interact with a greater cross-section of all students in our school, they are also involved in planning to allow for the impact of varied interventions to be brought to bear in classrooms and with ELLs (or GenEd students) with whom educators throughout the building meet. When ELLs are shown to be in need of specific supports, they receive targeted classroom and additional instruction in those areas, in order to meet their needs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We offer several after school programs to aid in preparation for the state tests. There are typically three types of programs offered: ELA and Math test sophistication, and in the Summer we also provide an ELL program targeting grades 2-5 integrating literacy skills. Whenever possible, we incorporate home language supports. In the areas of Social studies and Science we are re-organizing our programming in order to add targeted co-teaching support when and where it is most needed.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 250 uses a comprehensive, data-driven approach within a Multi-Tiered System of Supports (MTSS) to guide instruction for English Language Learners (ELLs) across all grades. At the core of our system is the regular collection and analysis of multiple sources of data—including universal screeners, language proficiency assessments, classroom performance, and behavioral indicators—to ensure that each ELL receives the appropriate level of support and intervention.

Instructional teams, including general education, ENL, and bilingual teachers, use this data collaboratively to identify

students' strengths and needs. At Tier 1, all ELLs are provided with high-quality, culturally responsive core instruction that integrates English language development alongside grade-level content. Data is disaggregated by student subgroups to ensure that instruction is both academically rigorous and linguistically accessible, with scaffolds and supports tailored to students' English proficiency levels.

For students who require additional support, Tier 2 interventions are designed based on ongoing progress monitoring and are delivered in small groups. These interventions are evidence-based and culturally and linguistically aligned, ensuring that ELLs are not inappropriately identified as needing special education due to language acquisition challenges. Progress is tracked frequently, and instructional adjustments are made as needed. At Tier 3, students who need intensive, individualized support receive targeted interventions informed by diagnostic data, which may include language assessments in both English and the home language, family interviews, and a review of educational history.

Throughout all tiers, our instructional leadership team utilizes tools such as the Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs to reflect on and refine our systems and practices. These tools help ensure that data-based decision-making is embedded in our school culture and that supports for ELLs are continuously improved. By centering data, collaboration, and culturally responsive practices, our MTSS framework ensures that ELLs receive timely, effective instruction and interventions that promote both academic and language growth

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We employ teacher created assessments, I-Ready diagnostics, and Into Reading weekly and end of unit assessments. The data collected from these assessments is aggregated and then used to plan for whole-class, small-group and individualized instruction. The data are shared with related service providers and the planning is done within each classroom as well as being shared with other teachers across the grade for possible implementation by teachers in other classrooms. The outcome assessment data we use to evaluate and inform our ELL programs are: NYSESLAT, ELA, and Math. If we look at the data across the levels, it becomes apparent that the majority of our students are making progress moving through the 5 proficiency levels in a logical progression from Entering to Expanding. The majority of our students, however, concentrate at the Expanding level, and do not reach the Commanding level. While the distribution of proficiency levels on grades 1-3 shows students making the greatest progression in reaching the Expanding level, in grades 4 and 5 the percentages are lower in the Expanding level. Furthermore, in grade 5, there is a slower progression through proficiency levels. Nonetheless, the pattern seems to point to the fact that it is harder to test out of ENL services in the upper grades. This does not negate the fact that a vast majority of our students did reach the Expanding level which shows significant and steady growth.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We ensure that ELLs are appropriately evaluated in their home language in several ways including: ENL teachers interview Spanish speaking students in their home language and continue to evaluate them at periodic intervals throughout the year. We also use informal running records using texts in students' home language (when available) to assess their literacy skills. ENL teachers evaluate Asian students by using an interpreter to determine fluency in their home language. In the case where there isn't a native language fluent pedagogue, para or aide, we ask an adult

family member or an LTI interpreter to help us.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative assessments used to identify baseline, progress and area of need are: NYSITELL/ NYSESLAT scores, running records, inquiry work, MOSL, portfolios, and teacher narratives on ELLs'. We continually review and evaluate the strengths and weaknesses of our programs by identifying trends and patterns in our data. This helps us to remain as responsive as possible to the changing needs of our ELLs'. As soon as the data becomes available, ELA and Math state test scores and subjected to item analysis. Teams of pedagogues dissect the data in order to identify the areas for improvement for MLs/ELLs. Additionally, data is aggregated to identify those areas where students show improvement. This data is shared with grade level teams in order to show comparisons and contrasts between techniques in content delivery within individual classrooms. Teachers then allow their learning to guide their instructional best practices for the current and following school year. Additionally, NYSESLAT scores are introduced to the discussion upon availability. These discussions continue through summer curricula planning and programming.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered annually to all ELLs/MLLs in Grades K- 5, by certified teachers and administrators able to follow procedures according to the guidelines. The different sections by modality are given on different days, never in the same day, with the speaking portion being completed before the other portions begin. The time allotment should be adequate for most students and as long as students are productively working, they are allowed as much time as they need within the confines of the regular school day to complete the multiple test sessions. In Grade K, each test booklet will test one modality (Speaking, Listening, Reading, or Writing), always administered in separate sessions. By turn keying our NYSESLAT trainings, multiple members of our school community work together to proctor and score all of our tests to ensure the ENL and dual language teachers are available to continue to provide mandated services throughout the test period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that both current and former English Language Learners (ELLs) receive all necessary accommodations for state assessments by following New York State regulations and established best practices. All ELLs, as well as former ELLs for up to two years after exiting ELL status, are entitled to specific testing

accommodations on state ELA and content-area assessments, such as mathematics, science, and social studies. These accommodations include extended time (for example, time and a half or other reasonable extensions), separate testing locations to provide an optimal environment, bilingual glossaries or dictionaries, and oral or written translations of exams when available.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

ELL program orientations at P.S. 250 are carried out in person on a 1:1 basis and take place or are scheduled by the ENL program coordinator at enrollment. By providing families the opportunity to meet one on one with the ENL coordinator we ensure that not only are mandates met, but we are able to go above and beyond and provide families with the individualized attention they may require. These program orientations provide an opportunity for parents to receive information and ask questions about their children's program, and allow parents to make informed decisions about the program that is best for their child. School expectations are broached and a conversation on where each students is regarding expectations, including a review of their formal and informal assessment is continued throughout the year by both the ENL coordinator and the classroom teacher. In conjunction with the orientation video (which describes program options in detail) and the parent agreement form, the ENL Coordinator uses these orientations to become the point person, in coordination with the classroom teacher, for families of MLLs/ELLs. These orientations are carried out in Spanish for families with a language preference of Spanish, while an in house or phone interpreter is used for families with a Mandarin preference or another language preference. Evidence of these orientations, as well as the mid-year ELL parent meetings, are kept and maintained by the ENL coordinator.

Because our school has begin to receive many newcomers, as well as families in temporary housing, the ENL coordinator, through the initial ELL program orientation is able to answer many questions pertaining to both P.S. 250 ENL program models, as well as disseminate important information in coordination with the school secretary and the parent coordinator through these orientations. Some topics covered this year have included how to connect with immigration lawyer services, how to connect with doctors and hospitals regarding check-ups and immunizations, as

well as questions about transportation to and from school in NYC and many other topics. By providing families the opportunity for one to one ENL orientations, we ensure that one of our most vulnerable populations is not marginalized but rather integrated into our school community.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual meetings are carried out by all ENL and Dual language teachers mid-year every year. When possible teachers who speak the families preferred language use that language, and when not possible in house or over the phone interpretation and translation services are used. Evidence of these meetings is taken on a sign in sheet which the ENL coordinator collects and compiles after the mid way point of the year.

Parents need to understand the developmental progress of their children in content areas. During parent-teacher meetings, at least annually, teachers break down (in the preferred language of the parent) where the student is and where they need to go. Also, they will be provided with tools and guidance to assist their child at home. ENL teachers aim to create open lines of communication with Parents of ELLs by establishing a positive relationship and ongoing communication. During mandated individual meetings with parents of ELLs, we
visit and revisit the ideology of language development and the goals of our program for their child. As it is important for parents
to understand their child's needs in all content areas, we provide input from their classroom teacher as well as their ENL teachers.
Parents are informed of the scope of the progress in their child's English language skills - including their acquisition achievements
and areas for improvement in the four modalities of language. This is first done by presenting data collected from testing. Parents
are offered direct comparisons between exam scores (NYSITELL; NYSESLAT; ELA) in order to paint a linear picture. Then, parents
are given a look at the fact that language acquisition needs exist in all content areas (not just ELA) and are offered explanations
of the way we scaffold content work and how they might support their child at home as well. Additional ways we foster parental
involvement include: -Curriculum Night: At the beginning of the year, all parents are invited into the student’s classroom to learn
about the various curriculum and to discuss ways to support their child's academic growth -The ENL teachers have an open-door
policy in order to provide every opportunity possible for parents to discuss their child's language development and progress.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All communication to parents go out to parents in their preferred language according to ATS. Our secretary provides this information from ATS to the parent coordinator, who then makes the proper number of copies and disseminates them to each classroom teacher to give to their students. In this way we ensure that parent communication goes out in the preferred language of each family in our school community.

Students are able to respond and initiate communications in languages other than English by connecting with their designated liaison. For Mandarin or other Chinese languages this is one of the Mandarin dual language program teachers, while for Spanish or any other language this is through the ENL coordinator. For languages other than Spanish or Chinese languages, services rely on technology such as the use of translation and interpretation services. By providing families with a point of contact with whom they are familiar, they can reach out through via email, text, phone, or in person. Furthermore, class dojo, flyers, school calendars, and other important information are all shared in English, Spanish, and Mandarin.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

The needs of our community are funneled through our parent liaisons. Our dual language teachers and our ENL coordinator meet frequently to discuss what needs our parents have passed along and what our school community can do to meet those needs. In addition, our parent coordinator meets with with parents to listen to their ideas and to discuss what our school community can do to meet their needs. Furthermore, an ENL parent night occurs annually, in which parents can bring forth their needs, as well as meet together to support each other. Through these gatherings families become more knowledgeable regarding their children's rights to an equitable education and empowered with the information to challenge areas that need growth or require change.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The ENL coordinator, through initial program orientations and mid year check-ins, provides parents with important updates on school happenings and activities. Through these meetings leadership opportunities are discussed as well as prospects for professional development for parents who are interested.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our parent organizations support the needs of our school community by connecting with parents who have recently arrived or who are in need, while providing an opportunity for them to both be heard and find support from peers who have more often than not stood in their shoes. Often through connecting with other parents who share their cultural and linguistic background, families are able to share information and information leading to resources. The CBO St. Nick's alliance runs a robust program in our school building, providing wrap around services and supporting the needs of our diverse school community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

To provide a comprehensive understanding of how our school supports Multilingual Learners (MLs) and English Language Learners (ELLs), the following points highlight our strategies, programs, and resources:

1. Dedicated ELL Program
Qualified Staff: Our ELL program is staffed with certified ESL (English as a Second Language) teachers who have specialized training in language acquisition and cultural competence.
Tailored Instruction: ELLs receive instruction tailored to their proficiency levels, incorporating scaffolding techniques and differentiated instruction to ensure comprehension and engagement.
Small Group Instruction: To provide more personalized support, ELLs often receive small group instruction focused on language development and academic content.
2. Professional Development
Ongoing Training: Regular professional development sessions are conducted for all staff to equip them with effective strategies for teaching MLs/ELLs, including culturally responsive teaching practices and language acquisition strategies.
Collaboration and Planning: Teachers have opportunities to collaborate and plan with ESL specialists to integrate language objectives into their content area lessons.
3. Curriculum and Instructional Strategies
Inclusive Curriculum: Our curriculum includes diverse texts and materials that reflect the backgrounds and experiences of our MLs/ELLs, fostering a more inclusive learning environment.
Sheltered Instruction: We implement the Sheltered Instruction Observation Protocol (SIOP) model, which provides strategies to make content accessible while promoting language development.
Technology Integration: Technology tools such as language learning apps and online resources are utilized to support language acquisition and provide additional practice outside of classroom hours.
4. Family and Community Engagement
Multilingual Communication: We ensure that important school communications are translated into the home languages of our students. This includes newsletters, report cards, and parent-teacher conference materials.
Family Workshops: Regular workshops and informational sessions are held for families of MLs/ELLs to help them understand the school system, support their children's learning at home, and access community resources.
Cultural Events: The school organizes cultural events and celebrations to honor the diverse backgrounds of our students, promoting a sense of belonging and community.
5. Assessment and Progress Monitoring
Language Proficiency Assessments: We use standardized assessments such as the WIDA ACCESS for ELLs to measure students' language proficiency and inform instruction.
Data-Driven Instruction: Regular progress monitoring through formative assessments allows teachers to adjust instruction based on the needs of MLs/ELLs, ensuring they are making adequate progress.
6. Support Services
Tutoring Programs: After-school tutoring programs are available to provide additional academic support to

MLs/ELLs.
Counseling and Mentorship: School counselors and mentors work with MLs/ELLs to address social-emotional needs, facilitate peer support networks, and provide guidance on academic and career planning.
7. Extracurricular Activities
Inclusive Clubs and Activities: We encourage MLs/ELLs to participate in a variety of extracurricular activities, ensuring that clubs, sports teams, and other programs are welcoming and inclusive.
Leadership Opportunities: Programs such as student council and peer mentoring include leadership opportunities specifically designed to engage MLs/ELLs and build their confidence and skills.
By implementing these comprehensive supports, our school is committed to providing MLs/ELLs with the resources, opportunities, and environment they need to succeed academically and socially.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Michael Emmer (ENL Teacher and coordinator)
Shirley Weng, Tan Tan Chen, Li Zhu, Xiamon Chen, (Dual language Teachers)

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

PS 250 maintains a robust, year-round system for identifying English Language Learners (ELLs) in full alignment with the NYC DOE Policy & Reference Guide for Multilingual Learners/ELLs. This process is carefully structured to ensure that mandated English as a New Language (ENL) and bilingual instruction for current, former, and potential ELLs is never interrupted during identification, and that all students—including those with Individualized Education Programs (IEPs)—are promptly and accurately identified and served.

To proactively plan for ELL identification, we have established clear protocols and designated roles. The process begins with the in-person administration of the Home Language Identification Survey (HLIS) by qualified personnel, such as certified ENL or bilingual teachers (typically Mr. Emmer), or trained staff members with access to interpretation services as needed. This survey is completed with every newly enrolled or re-entering student's family to determine if a language other than English is spoken at home. Immediately following the HLIS, a mandated individual interview with the student and parent is conducted to further assess the student's language background and review any relevant academic records or work samples. This step is especially critical for students entering with an IEP, as it triggers the convening of the Language Proficiency Team (LPT). The LPT reviews the student's IEP and determines whether the student should take the New York State Identification Test for English Language Learners (NYSITELL), with or without testing accommodations as specified in the IEP.

For all students, the identification process—including HLIS, interview, LPT review for students with IEPs, NYSITELL

administration, and, if applicable, the Spanish Language Assessment Battery (Spanish LAB)—is completed within 10 school days of enrollment (or 20 school days for students with IEPs). Parent notification and orientation are provided in the family's preferred language, and the parent's program selection is entered into the school's data system to ensure accurate placement.

Responsibility for each step is clearly defined: the parent coordinator or intake team initiates the process at enrollment; qualified ENL/bilingual staff conduct the HLIS and interviews; the LPT manages IEP-related determinations; and the ELL coordinator or designated administrator oversees compliance, documentation, and timely placement into appropriate ELL programs. Throughout the process, our intake and ENL teams coordinate to ensure that no disruption occurs to the mandated ENL and/or bilingual instruction for any student. Current and former ELLs continue to receive required services as per state regulations, including at least 0.5 units of study of Integrated ENL or its equivalent for former ELLs for two years after exiting ELL status.

By adhering to these structured procedures and maintaining ongoing communication among staff, our school ensures that all ELLs—including those with IEPs—are identified swiftly and accurately, and that all eligible students receive uninterrupted, high-quality language instruction and support throughout the school year.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Rodney Young

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Edward	Lentol	Teacher - Regular Grades	12/05/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
CHINESE ANY	58	15.22%	54	14.48%		
CANTONESE	0	0.00%	2	0.54%		
MANDARIN	0	0.00%	2	0.54%		
ENGLISH	247	64.83%	240	64.34%		
SPANISH	76	19.95%	75	20.11%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

20 students

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

In the 2025-2026 school year Title III direct service funding will be used to our MLL/ENL After school program.

P.S. 250 George H. Lindsay MLL/ENL After school program
This program will take place each Monday and Thursday that school is in session, beginning in January.
Each session will run from 3 p.m. to 4 p.m., beginning just after dismissal and lasting for one hour.

Instruction ELLs will be engaged in will use content instruction aligned closely with grade level ELA HMH curriculum. ENL methodologies such as scaffolds and differentiation will be used to provide supports. Instructional activities will also include opportunities for enhanced English language acquisition in the form of SWiRL activities. By providing opportunities for speaking, writing, interaction, reading, and listening, instruction in our after school program for MLLs/ELLs will enhance instructional opportunities by providing authentic opportunities to engage with English across the modalities.

ELLs will be grouped according to lower and upper grades as well as by home language. There will be four total groups. Students participating in this program have historically spoken one of two languages, Spanish or Mandarin. Any MLLs/ELLs who speak a language other than Spanish or Mandarin will be included as well.

The four groupings are as follows:
Spanish: First grade, Second grade.
Spanish: Third grade, Fourth grade, Fifth grade.
Mandarin: First grade, Second grade.
Mandarin: Third, Fourth and Fifth grade. (8 students)
A total of 31 students. (These numbers can fluctuate slightly until the date that the program begins.)

Instruction will be provided from either a certified Dual language teacher or a certified ENL teacher that speaks the home language of the students in the grouping.

Instruction will be supervised by administration at no hourly per session cost to Title III.
Our OTPS expenditures will not exceed 20% of the total allocation.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Multi-Language Learner program at the George H. Lindsay School (PS 250) serves a multi-lingual K-5 community. The model of using content instruction aligned closely with grade level curriculum, provided for Multi-Language Learners (MLLs) using ENL methodologies during in-person instruction, will be closely followed during our Title III LEP enrichment program. We believe that, while many of our students needs are met during our regular school day, many students will benefit from additional instruction from varied entry points, which may not always present themselves during daily instruction. Despite the fact that our students receive much of what they need during regular academic instructional hours, our goal is to take advantage of Title III funding in the way that we believe will best reach our MLLs' where they need support to complement their learning.

All student needs are met at in varied ways and through varied entry points. Language must be experienced in a variety of ways settings.
It is important to realize that students also need the chance to interact with language, content and each other in settings which allow for varied forms of self-expression. Outside the classic classroom setting, there can be a freedom of expression and willingness to interact on a greater level of comfort. We want our Title III LEP program to supplement instruction in a way that also opens up opportunities for engagement and learning.

Data from multiple sources have shown a disparity in success between ELLs and their English proficient counterparts at P.S. 250, specifically in ELA scores. (Furthermore, while graduation rates for ELLs in NYC has been rising, ELLs have historically performed below the level of English proficient students on standardized tests across the grade levels in New York City as well as nationwide.) Our Title III programs attempt to disrupt this disparity. By introducing these Title III programs, ELLs/MLLS at P.S. 250 will receive the support in ELA and language acquisition that will allow for much needed equity. Data sources examined for disparities include iReady student data in ELA, formative classroom assessments, ELA and math grades and ELA state test scores.

In order to differ our methods of teaching to support a range of learning among Newcomers and Long-Term ELLs, teachers must scaffold to make input accessible, differentiate instruction, and model academic ways of thinking. Teachers also set high expectations because even though SIFEs/Newcomers face many challenges in school, they can learn and will progress towards their goals. Fifty-eight percent of our ELLs are Newcomers (0-3 years of enrolled school years in the NYC DOE). None of our English Language Learners are Students with Inconsistent/Interrupted Formal Education (SIFE). We are prepared, able and ready to serve all SIFE and Newcomer ELL students that come into our school community. Students with Interrupted/Inconsistent Education (SIFE), as well as Newcomers, face many challenges when they arrive in our schools. They don't have the academic knowledge and literacy that their peers have acquired through years of consistent education in the home language and they are new to English. Therefore, our method is to incorporate "Gradual Release of Responsibility" to maximize learning, build independence, and increase academic skills. Gradual Release of Responsibility is a powerful instructional method for SIFE and other ELLs that show Integrated ENL/ELA in action. It transfers responsibility from the teacher to students so they feel ownership over their learning. In the Integrated class Newcomers are apprenticed into reading and writing as they engage with authentic and cultural texts to engage them in reading, writing, and exploring universal concepts through essential questions.

The MLLs here at PS 250 will receive Title III services from 4 bilingual certified teachers and 2 teacher certified in TESOL. In order to increase academic achievement and improve English language proficiency among our students, we will use our Title III funding for an extended day program aligned with New York State Learning Standards, integrating all four modalities: listening, speaking, reading and writing, as well as a Saturday academy for MLLs and their parents/guardians. MLLs will be grouped by grade level and heterogeneously, in flexible groups, to foster cooperative and peer-assisted learning.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

While our Title III program will service the larger context of multilingual learners at our school, great attention is given to two of the most common subgroups of ELLs who tend to receive lower scores on states tests at P.S. 250, newcomers and ELLs/MLLs with IEPs. Both newcomers and ELLs with IEPs range from 1st grade to 5th grade and make up a good percentage of all ELLs at our school. Another subgroup we have identified is our transitioning/expanding subgroup. Combined, we have 22 transitioning and expanding level ELLs at our school. Our transitioning students can benefit from Title III programs as they attempt to reach the expanding level, while our expanding ELLs attempt to reach levels allowing them to exit ELL status. We believe all of these subgroups will benefit from our Title III after school program.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

See above

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English with Home language support in Spanish and Mandarin using a combination of teacher-created materials; supplemental support materials from the school's standard curriculum and online resources. The primary language of instruction will be English, through an ENL approach with native language supports.

More specifically, groups 1 and 3 will provide instruction in English in the larger group settings and then break out into two smaller groups providing 50/50 instruction in Mandarin and Spanish, respectively. Groups 1 and 3 each have a dual language Mandarin teacher that can provide instruction in English and Mandarin, as well as a TESOL certified teacher that can provide instruction in Spanish (in addition to utilizing common TESOL techniques such as differentiation, scaffolding, wait time, etc.). Group 2 will provide instruction in English as well as in Mandarin for those students with a home language of Mandarin (50/50), as group 2 will be taught by a common branch certified teacher with a dual language Mandarin certification.

Materials that will be used will be at cost to Title III ELL funds and will not exceed 20% of total allocation. The materials will only be used during Title III ELL program and not during the instructional day. Materials purchased for

Title III program use include large craft paper, pasteboard, paint, realia, dry erase boards and markers, folders, notebooks and phonics and reading practice cards. These materials will be stored and locked in the first grade room closet.

The program will be supervised by the Principal or Assistant Principal, in conjunction with other after school programs, thus supervision will be at no cost to Title III funds.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Three teachers with common branch licenses and bilingual extensions and one TESOL certified teachers. Four teachers in total.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

We will utilize English language materials with Home language support in Spanish and Chinese using a combination of teacher-created materials; supplemental support materials from the school's standard curriculum and online resources. The primary language of instruction will be English, through an ENL approach with native language supports.
Since the groundwork for RTI for ELLs is high quality core instruction, which centers on language and literacy development, we will continue the process of integrating "Into Reading" school-wide. "Into Reading" has proven to be rigorous and effective literacy program, which include components for the struggling ELLs. We plan on developing intensive scaffolding methods, which take into account the students' cultural and linguistic background, language proficiency level and individual learning style. The integrated teaching model, where a certified ENL teacher supports the regular classroom teacher, will be an essential component in supporting our ELLs' at the Tier I level. Additionally, IXL, a reading and math intervention program adopted in January of 2022, has proven to successfully support ELL students by elevating numeracy, fluency, and reading levels and will continue to be incorporated into teaching and learning for MLLs.
OTPS expenditures will not exceed 20% of the total allocation.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Records will be maintained and updated by administrators including attendance which will be manually collected by teachers and turned into admin after each session. Teachers will monitor progress and iReady will be used at the onset and conclusion of the program as one method of keeping track of progress. Parents will be notified by Title III LEP Letters. Upon return of these letters they will be stored in the Title III binders and supervisors will be notified.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The following professional development will be provided to teachers at P.S. 250 through professional development sessions in the school year 2025-2026:

Best practices and methods of teaching MLLs/ELLs, Using data to inform flexible grouping, stations, and progress monitoring, SWiRL, Using questioning and discussion in all lessons, Student self-monitoring strategies, Making thinking visible, Writing Across the Content Areas for ELLs, Supporting Mathematical thinking and Problem Solving Skills, Using Graphic organizers and Scaffolds to increase comprehension, Increasing Academic Language in the Classroom.

Furthermore, ENL teachers and Dual-language teachers will continue to attend relevant ELL professional development throughout the year - including PD offered by District 14.

There will be ongoing monthly professional development by MLL teachers for other staff members responsible for the delivery of instruction and services for MLLs from October through March. Topics to be covered will closely mirror the District 14 PDs. The objective is to deepen our staffs' sensitivity towards, and understanding of, the specific academic and social/ emotional needs of our multi-language learners. Given that the majority of our teachers have MLLS in their classroom, teachers will receive PD that will support them in fully engaging MLLs by detailing strategies for making content more accessible and meaningful. In order for our staff to keep abreast of the most current MLL strategies and best practices our MLL and other staff members will be given the opportunity to attend workshops and professional learning opportunities throughout the course of each year.

Professional development for staff are at no cost to Title III funds.

Schedule, topics and providers:

October 21st 2025: Best practices for teaching MLLs / Elevating instruction through gamification. Provided by Mr. Emmer and Ms. Mu

November 18 2025: ENL strategies in the K-5 classroom, station grouping, big Ideas Provided by Mr. Emmer and Ms. Mu

December 9th 2025: Using effective ENL scaffolding strategies to increase student's comprehension skills (Grade K-2) Provided by Mr. Emmer and Ms. Mu

January 13th 2026: Academic Vocabulary to increase mathematical thinking. Provided by Mr. Emmer and Ms. Mu

February 10 2026: Engaging all proficiency level students through the content area with scaffolds and supports for ELLs. Provided by Ms. Chen and Ms. Weng.

March 17 2026: Testing prep
Through these sessions we will increase the staff's understanding of the stages of language acquisition in order to adapt instruction to meet the students' needs at varied proficiency levels, using language progressions and integrating language objectives into instruction across the curricula. Provided by testing team

The teachers in the Title III program will receive training from professional PD sources via zoom (and/or in-person) to appropriately build-upon their prior education or directly address the needs of the upcoming session. Additional PD providers include RBERN and Steinhardt (NYU) and Nancy Cloud (Rhode Island College. Professional development provided through virtual sessions by NYU RBERN will take place on dates yet to be determined.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

PS 250 offers ongoing professional development for all teachers of ELLs. Our school organizes professional development
through our committee which is comprised of staff members who are interested in promoting high quality education and engaging PD
opportunities. Professional development for staff are at no cost to Title III funds.

Through the analysis of teacher observation data, we have recognized the need for ongoing professional development for teachers of MLLs/ELLs. Data from teacher observations has shown that teachers at our school need more support in the form of training to better implement techniques such as differentiation and scaffolding, which have been shown to enhance equity for ELLs. In addition, the need for PDs for teachers of MLLs/ELLs has been repeatedly stated as feedback from teachers in our weekly school wide professional development sessions.

The office of Multilingual Learners also provides Professional development. Some topics include: Danielson Framework/Advance -Analyzing MOSL Data through the lens of language acquisition stages - City wide Instructional Expectations/ Quality Review Rubric - Common Core and language acquisition alignment -Into Reading and Writing - Exemplars -Compliance Issues (Implementation of New CR -154) -Sanford Harmony -Best practices/strategies for modifying and scaffolding instruction -Integrated Co-teaching Model The Division of
English language learners and Student Support offers our ENL teachers resources and materials to help in

supporting ELLs as
they engage with CCLS and offers specific professional development for ENL teachers. Our Professional development
committee, made up of staff members, oversees the process making sure that professional development includes: -

Understanding language acquisition stages in order to better differentiate instruction and provide adequate scaffolds for ENLs
to increase and vary access points to state standards - Socio-emotional and culturally specific needs of our ENLs and
implications for instruction - Best practices for integrated co-teaching - Integrating language and content in the delivery of
State Standards instruction (aligning language acquisition to content)
The Instructional Leadership Team guides the way that faculty and support staff analyze and address the data used to support the
learning needs of all students. In particular, through Common Planning Time, teachers are provided with input from the DL and ENL
departments, as to best practices for addressing varied concerns and challenges when delivering instruction to ELLs/MLs.
Collaboration framed around both subject areas and grade levels provide a forum for discussing the best practices for
achieving academic progress for MLs/ELLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

We have a professional development committee (comprised of dedicated staff members) who take charge of organizing
professional development and making sure that we adhere to the mandated guidelines as per CR 154.2, to include 15%
dedicated to language acquisition and best practices for integrated co-teaching as well as language and content area
instruction for ELLs. Our ENL teachers receive 50% of their Professional development in aligning language acquisition levels to
the content area. Our Professional development team keeps records of total hours, attendance, and agendas. Our ENL Team
provides on-going professional learning for school staff on ENL-specific strategies and research, thus meeting the 15%
requirement. Professional development for staff are at no cost to Title III funds.

In order to ensure that PD providers who are also teachers in the Title III program receive mandated PD, teachers participate in trainings from the Regional Bilingual Education Resource Network (RBERN) on topics such as NYSESLAT trainings, co-teaching, SIFE identification and the annual ELLs/MLLs literacy conference. The next session is on November 5th, 2025, entitled: Safe and Affirming Learning Environments for ELLs.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Regular professional development throughout the school year occurs Monday afternoons starting September 2025 ending June 2026. The minimum hours of ENL training are met through periodic professional development (which includes supports and
scaffolding techniques for ELLs), half-day workshops, and through our ENL department updates provided by ENL teachers. Our ENL professional development team works in conjunction with the SPED team and literacy coaches, and our A.P. J. Thomas, to share resources and best practices throughout the academic year. P.D. will also be carried out by the dual language and ENL teams as according to the schedule above. Professional development provided through virtual sessions by NYU RBERN will take place on November 5th, 2025 (Safe and Affirming Learning Environments for ELLs) as well as dates in the future yet to be determined.

There are six PD sessions which all occur on Tuesdays at 7:25 A.M. and last until 8:20 for a total of 55 minutes each. Dates are Tuesday, October 21st 2025, Tuesday, November 18, Tuesday, December 9th 2025, Tuesday, January 13th 2026, Tuesday, February 10 2026 and Tuesday, March 17 2026.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

1) Gamification, making learning fun.

2) Progress monitoring/data tools.

3) Using effective ENL scaffolding strategies.

4) Academic Vocabulary.

5) Engaging all proficiency levels.

6) Test prep

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

For the school year 2025-26, ENL professional development for general education teachers will be provided and/or turnkeyed by certified bilingual teachers Ms. Tan Tan Chen, Ms. Xiaomin Chen, Ms. Zhu and Ms. Weng and certified

TESOL teachers Mr. Emmer and Ms. Mu.

Certified bilingual staff and TESOL staff will participate in online professional development through NYU RBERN and Nancy Cloud (Rhode Island College) as available. Further professional development opportunities are provided by the Office of Multilingual Learners. Professional development for staff are at no cost to Title III funds.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Dated agendas and dated and signed attendance sheets will be collected at each session, including duration of the session. Links to all Power points will be provided as well. These documents will be collected and maintained by administration and filed with Dual Language program and English language learner records.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We encourage and foster ELL parent involvement. We use in-house Translators (staff members - whenever possible) and
Translation and Interpretation Services (when necessary) to make this happen. ENL teachers aim to create open lines of
communication with Parents of ELLs by establishing a positive relationship and ongoing communication. During mandated
individual meetings with parents of ELLs, we visit and revisit the ideology of language development and the goals of our
program for their children). As it is important for parents to understand their child's needs in all content areas, we provide
input from their classroom teacher as well as their ENL teachers. Parents are informed of the scope of the progress in their
child's English language skills - including their acquisitional achievements and areas for improvement in the four modalities
of language. This is first done by presenting data collected from testing. Parents are offered direct comparisons between
exam scores (NYSITELL; NYSESLAT; ELA) in order to paint a linear picture. Then, parents are given a look at the fact that
language acquisition needs exist in all content areas (not just ELA) and are offered explanations of the way we scaffold
content work and how they might support their child at home as well. Additional ways we foster parental involvement
include: -Curriculum Night: At the beginning of the year, all parents are invited into the students classroom to learn about
the various curriculum and to discuss ways to support their child's academic growth -The ENL teachers have an open door
policy in order to provide every opportunity possible for parents to discuss their child's language development and progress.
None of the parent outreach listed above is at cost to Title III funds.

Our MLL parents are invited to participate in school committees, such as: School Safety, Attendance Committee, Pupil Personnel and our School Leadership Team. They are encouraged to join the Parents Association and attend

virtual meetings. Translators are provided, as needed at all meetings they attend. Parents are also invited to virtual classroom events and parent workshops organized by our parent coordinator and MLL teachers. During parent-teacher conferences, Spanish and Chinese translators are available. Agendas, attendance logs, and invitations are sent out in a parents preferred language and will be kept in the MLL files.

Parent workshops for the parents of ELLs and students participating in the Title III LEP program will be provided by Ms. Weng, Ms. Chen and Ms. Zhu, no more than 10% of our title III funds will be used for per session activities and refreshments during parent engagement workshops, that will include refreshments during parent workshops.

Schedule of Parent Workshops
Workshops are scheduled Wednesdays during the months of January; February, March, April and May. There will be a total of seven sessions, meeting for a minimum of 40 minutes each, set to occur on the following dates and times:

There will be seven parent engagement sessions.

December 17 2025 3:00 - 3:40

January 14 2026 3:00 - 3:40

February 5th 2026 3:00 - 3:40

March 15th 2026 3:00 - 3:40

April 15 2026 3:00 - 3:40

May 15th 2026 3:00 - 3:40

June 10 2026 3:00 - 3:40

We will be providing refreshments during parent engagement times.

Another longstanding P.S. 250 event which will be implemented throughout the 2025-2026 school year will be Coffee and Conversations with parents and administration; this weekly platform will provide parents and administrators the opportunity to openly communicate about various issues and concerns. Coffee and conversations are at no cost to Title III.

Translation needs of parents will be met by bilingual certified teachers as well as staff members who are proficient in the native language of parents. Records will be maintained by the MLL teachers providing the workshops virtually.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

An integral component of PS 250's vision, as articulated in the Mission Statement, is the belief that the school-home connection is essential to the academic success of students. " PS 250 recognizes the vital and crucial role that our students'
families play in their academic success. We believe that engaging our parents in professional learning, school events, and
ongoing conversations,will lead to our students reaching their fullest potential". In effort to fulfill this mission we are increasing our outreach to parents in the following ways: -Classroom teachers send monthly Newsletters which highlight
parental involvement events.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent workshops for the parents of ELLs and students participating in the Title III LEP program will be provided by Ms. Weng, Ms. Chen and Ms. Zhu no more than 10% of our title III funds will be used for per session activities and refreshments during parent engagement workshops, that will include refreshments during parent workshops.

Schedule of Parent Workshops
Workshops are scheduled on Wednesdays during the months of December, January; February, March, April and May. There will be a total of seven sessions, meeting for a minimum of 40 minutes each, set to occur on the following dates and times:

There will be seven parent engagement sessions.

December 17 2025 3:00 - 3:40

January 14 2026 3:00 - 3:40

February 5th 2026 3:00 - 3:40

March 15th 2026 3:00 - 3:40

April 15 2026 3:00 - 3:40

May 15th 2026 3:00 - 3:40

June 10 2026 3:00 - 3:40

We will are providing refreshments during parent engagement times.

Another longstanding P.S. 250 event which will be implemented throughout the 2024-25 school year will be Coffee and Conversations with parents and administration; this weekly platform will provide parents and administrators the opportunity to openly communicate about various issues and concerns. Coffee and conversations is at no cost to Title III.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Workshops for parents of ELLs will be offered on the following topics: strategies to enhance language acquisition and support home language - literacy enrichment at home - Nights of the Arts and Steam Expo. We also are working on increasing the number of ELL parents who attend our Fabulous Fridays. During these Fridays (once month) parents work with their child in the classroom on special activities/ projects. Our Fabulous Fridays often center around a cultural theme such as Hispanic Heritage, or Chinese New Year. Classroom teachers are keeping logs of parents who attend Fabulous Fridays, and making phone calls to encourage parents who have not yet attended to take advantage of this opportunity. During all events/ activities we keep attendance logs and follow established protocol involving contacting
parents to encourage them to participate in scheduled events. We have expanded our Parent involvement activities to
include : Take your Dad to School Day, breakfast event, a student basketball clinic for parents and students, Spring Dance,
Common Threads (Small Bites), Family Art workshops such as : Mosaic of Art, Origami, Latin Percussion, Treasure Box, Mask
Making, Writing Celebrations.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent workshops will be provided by our dual language team members. In house services include: Ms. Rivera, our Parent Coordinator, communicating translated messages via phone, text, email, and backpacked handouts to all families. Translation and interpretation services being provided for parents at community and academic events, including curriculum night, Coffee and Conversations, parent-teacher conferences,

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**

- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Open communication with all parents is key, and language barriers serve as disguised opportunities to forge stronger relationships with parents. Leveraging the multilingual skills of all staff, as well as inviting students to host student-led conferences (allowing them to serve as translators as well as self-advocates with a voice), all parents will be kept abreast of P.S. 250 activities. Whilst participating in a Fordham workshop, a parent survey was created to gauge parent interest in a plethora of workshops, activities, and connection opportunities; it was translated into multiple languages and will be disseminated via paper, computer, and QR code. A longstanding event which will be implemented throughout the 2025-2026 school year will be Coffee and Conversations with parents and administration; this weekly platform will provide parents and administrators the opportunity to openly communicate about various issues and concerns. Additionally, parents of MLLS are informed on after-school programs, Saturday academy, and other key events at ELL orientations and annual check-ins, as well as regularly through Class dojo.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

See above

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
