Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Maria Diaz	Principal-Staff	
Joseph Otero	Chairperson- Teacher	
Emile Fici	UFT Representative-Teacher	
Caitlin Dignan	Teacher	
Amanda Idrovo	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

We provide students with a diverse and inclusive environment comprised of Dual Language, Horizon, and Gifted & Talented programs, equitably supporting multilingual and monolingual learners. We integrate social-emotional support as we provide all students with a robust arts education, access to 21st century computer science skills, and a project-based curriculum that uses the many resources available across New York City.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S.24 is a Title I school located in the spirited community of Sunset Park, Brooklyn and serves students in grades Pre-Kindergarten through Grade 5. We are a Dual Language school with both Spanish bilingual classes in every grade level and monolingual classes. Our special education program provides various supports that cater to individual students based on their needs. Our special education program includes SETSS, ICT classes, BSE ICT classes, ASD Horizon Classes (Grades K, 1, and 2), and related services.

One of our goals continues to be to improve student performance by strengthening teacher practice. As a dual-language school, our focus centers around deepening content knowledge in literacy. With an equity lens in mind, supporting children to be strong readers gives them access to the world. One aspect of our academic priorities has been dedicated to developing academic language through discussion and project based learning. Our teachers have been engaged in implementing the HMH curriculum in grades K-5, honing foundational skills based on the Science of Reading, bolstering phonemic awareness skills through Heggerty (starting in Pre-K), and strengthening phonics work in Fundations. Curriculum in other content areas includes Illustrative Math in kindergarten, TERC Investigations for Math in grades 1-5, Amplify for Science, and the NYC Passport to Social Studies.

We strongly believe in developing the whole child; we have a rich arts program that encompasses all aspects of the arts including a Disney Theatre program in grades four and five. Everything we do as a school centers around the social-emotional learning of each student and use RULER and Sanford Harmony for our SEL program. All curricula offer rich opportunities for discussion and building language.

Most of our students are of Latinx descent mostly from South and Central America. 86% of our students are Hispanic, 8% are White,3% Asian,1% Black, 1% Native American. 95% of our students are from low-income families and 44% of our students are English language learners and SWD is 27%. 49% of our students are female and 51% male.

When students enter adult life, they will be celebrated not for their performance on basic skills tests but for the quality of their work and character.

Briefly summarize the key initiatives your school will implement this school year.

During the 25-26 school year we will be in year one of HMH Into Reading/Writing and Arriba la Lectura curriculum. We are also beginning to transition to Illustrative Math in grades kindergarten. Aligned to district initiative and expectations we will continue to deepen our Project Based Learning. We will be utilizing MTSS and Data Wise for our school improvement.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading/Arriba Lectura	
Math	1-5	TERC Investigations	
Science	K-5	Amplify	
Social Studies	K-5	Passport Learning	
Social Emotional Learning	PreK-5	Sanford Harmony/ Ruler	
Math	K	Illustrative Math	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
50% of students in K-2 reading at/or above grade level. Acadience (May 2025)	Staff needs access to build additional content knowledge and alternate approaches to use in Tier 1 to address literacy instruction.	Professional Learning focused on literacy instruction-fluency.
37% of students in 3-5 at/or above grade level in Map Growth (May 2025)	Staff is able to use research based content and curricular resources to amplify intentional targeted small group supports.	Creating roadmaps to make curricular connections with data (standard-skill/application) that support intentional small grouping.
15% of SWD and ML students are at/or above	ELL students with IEPs making minimal progress in fluency	Identify gap in instruction and provide targeted assistance.

grade level in Acadience,		

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	37	By June, 2026, literacy for All Students will improve, as measured by a 2% Increase, from 37 to 39, of number of students scoring 3 or 4 on the New York State Exam .
English Language Learners (ELL)	25	By June, 2026, literacy for Students with Disabilities that are also English Language Learners (ELL) will improve, as measured by a 3 % Increase, from 15 to 18, of percentage of students scoring at Levels 3 or 4 on the New York State ELA Exam .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At PS24, there is a deep commitment to ensuring that all English Language Learners (ELLs)—including those with IEPs—receive high-quality, equitable literacy instruction that enables them to become fluent, confident readers. Over the past several years, the school has invested in robust professional learning, curricular adoption (e.g., HMH Into Reading, Arriba la Lectura), and support for small group instruction through partnerships with expert consultants. Staff have demonstrated a strong willingness to engage in this work and continually reflect on how to better serve multilingual learners.

Despite this progress, internal data trends (MAP Growth, Acadience, NYSESLAT, NYS ELA Exams) suggest that while foundational elements are in place, fluency instruction has not yet translated into consistent, targeted gains for ELLs across grade levels. Educators express a desire for more structured, embedded opportunities to see fluency strategies in action and adapt them meaningfully for ELLs at various language proficiency levels, particularly those with IEPs.

To build on this strong foundation and further accelerate student growth, PS24 will implement a unified strategy that combines two high-impact approaches. To address the need for more effective fluency instruction at Tier 1, PS24 will implement a schoolwide Fluency Lab Model, where teachers will engage in cycles of collaborative learning, observation, and application focused on reading fluency strategies.

Fluency Lead Teachers in each grade band will open their classrooms for structured peer intervisitations every 8 weeks. Teachers will observe targeted fluency routines (e.g., repeated reading, echo reading, phrase-cued reading, number talks in math), analyze relevant student data, and use debrief sessions to adapt strategies to their own classrooms. These cycles will be supported by instructional coaches and consultants from Early Reading Matters and Metamorphosis Math.

Root Cause Addressed:

At PS24, educators are actively engaging in professional learning focused on building foundational literacy and numeracy skills, with particular emphasis on fluency. The school has made significant investments in high-quality curricula such as HMH Into Reading, Fundations, and Investigations in Math, and staff have participated in Science of Reading training, consultant-led coaching, and grade-level planning meetings. These efforts have laid a strong

foundation of knowledge and awareness across the teaching staff.

However, while these supports are in place, schoolwide instructional data and classroom observations suggest that many of the strategies introduced during professional learning are not yet being consistently implemented across all classrooms. Teachers are eager to use data to guide instruction and are open to trying new fluency routines, but they need more hands-on, embedded opportunities to see these practices in action, reflect on them, and refine their implementation over time. The challenge is not a lack of effort or willingness, but a need for structured, real-time modeling and feedback that supports the transfer of learning into daily practice.

The Fluency Lab Model directly addresses this by creating internal demonstration classrooms where fluency-focused instruction is modeled by lead teachers. Through structured observation cycles, reflective dialogue, and peer feedback, this model will build instructional coherence and deepen staff expertise in fluency instruction across the school. The approach ensures that professional learning is not a one-time event but an ongoing, collaborative process grounded in real classroom experiences.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify and train Fluency Lead Teachers across grade bands to serve as model classrooms.
Launch 8-week Fluency Lab Classroom cycles with peer observations, debriefs, and goal setting.
Develop instructional roadmaps that align fluency routines with benchmark data and curriculum pacing.
Recruit and convene Multilingual Fluency Fellows cohort (ENL, ICT, SPED, paras).
Provide training for teachers in WIDA, NYSESLAT, and differentiated fluency strategies.
Design and pilot scaffolded fluency routines for ELLs and ELLs with IEPs during intervention blocks.
Hold monthly planning meetings and coaching check-ins with Fellows and Lab Teachers.
Facilitate multilingual family workshops to support fluency at home.
Share teacher-created fluency strategies and student outcomes at PD and faculty meetings.
Review student progress data to evaluate impact and refine next steps
The district can provide periodic site visits and ongoing support to ensure sustainability.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review SY24-25 EOY Acadience and MAP Growth data with an emphasis on ELLs and SWDs. Create a list of the students with the most needs for whom assessments and immediate interventions are prioritized.
September-October Administer Acadience, MAP BOY screener in English/Spanish and identify students that need additional support K-5. Data chats begin with teachers based on Acadience, MAP data, identify teacher goals and student goals. Coordinate which teachers will lead grade team meetings during 6th period prep with an emphasis on student progress. Analyze multiple data sources and provide targeted, strategic, data-driven instruction.
School coach, consultants will meet with teachers in Grades K-5 to launch data inquiry meeting in all ELA classrooms to address the needs of ELLs and SWDs. Teachers will use data to identify fluency/comprehension or skills needed for growth and will create an action plan that supports instruction and student growth inTier 2 orTier 3. The strategy will focus around SoR with an emphasis on fluency/comprehension that can leverage the learning of ELLs and SWDs.
Continue to deepen teacher understanding of high quality literacy instruction Plan and facilitate small group instruction/literacy centers that provide opportunities for students to practice foundational/phonics skills in isolation and in context using decodable texts for those needed. Plan and deliverTier 1 lessons informed by key lesson takeaways and scaffolds that reflect high expectations for students. Map out standards based centers informed by core instruction and student data for ELLs/SWDs
Designate curriculum planning needs by grade; instructional coach begins data collection to identify support cycles for teachers. Cycle should last 6-10 sessions. Begin Inquiry Cycle with grade teams based on findings. Peer inter-visitation; identify best practices in teaching literacy through small group instruction, peer facilitating, modeling and coaching in HMH and Foundational skills LAB classrooms.
Data meetings with grade teams, coaches, admin team based on triangulated HMH Assessments, ACADIENCE, MAP GROWTH, Fundations, Heggerty data to come up with a problem of practice. Revisit supports with RTI Team. Interventions; grade-level teams will develop plans that align with curriculum expectations. Continue planning Tier 2 in class instruction and Tier 3 intervention. Formal progress monitor and adjust small groups. Inquiry-based approaches to protocols and routines across ELA classrooms. Monitor and analyze intervention program data every eight weeks and regroup students as needed
Grade Teams, coaches, consultants, admin analyzes progress monitoring data and repeats the cycle for MOY and EOY.

End of year horizontal and vertical data analysis

To align with our instructional goals, we will utilize the Danielson Framework for Teaching as a foundational tool to monitor and support teacher progress. Formal and informal Danielson-based observations will provide a clear and consistent measure of instructional practice, with an emphasis on actionable, high-leverage feedback. This feedback will directly inform and guide teachers as they align their instruction with key student data from Acadience and MAP screeners.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Classroom and intervention staff will progress monitor using Acadience and MAP Growth by October 31, 2025.. Data meetings with RTI Team, grade teams, coaches, admin team will help identify students whose data indicates a need for additional supports and interventions. Students will be referred to targeted eight weeks intervention cycles that will occur in the morning or afternoon. Progress monitoring within the cycles wlll depend on student needs. Classroom teachers will continue planning Tier 2 in class instruction and monitoring progress. All teachers will engage in an inquiry-based grade team approach to student data using protocols across ELA to progress monitor. Staff will work on norming systems of feedback to students and families.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	Book Clubs and Read Alouds Book of the Month Workshops

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

This plan will involve the collaboration between HMH Consultants, Teaching Matters Consultant, School Coaches and grade teams, substitute teachers to support professional development.

Instructional Resources

Professional Development texts: Science of Reading (LETRS text and online), CAL PDs, HMH PDs

Schedule Adjustments

We will require a sixth period prep to accommodate inquiry data cycles. coverages for teachers to work with educational consultants, per session opportunities for teachers to participate in professional development sessions before and after school.

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Date trends on the parent panorama survey (2024) indicate a strong relationship between families and the school community. Parents surveyed report positive ties to the school community and the supports provided to families.	Weekly parent enrichment and engagement provided by classroom teachers, administration, support staff and community stakeholders.	Ongoing support of families in developing home routines and structures that positively impact social emotional wellness at school and in the community.
The parent panorama survey (2024) indicates a consistently positive view around student safety, equity, diversity, and	New curriculum demands placed on teachers takes time away from developing in-class lessons around SEL needs such as bullying prevention. Additionally, for the past two years	Building competence and confidence in identifying personal needs and feelings. Through

inclusion. Teacher's indicate and ongoing need for support in bullying prevention strategies to support student emotional wellness and classroom management.	there has been an increase in intermittent enrollment of students across grades which requires ongoing community building in order to welcome new members to a classroom and adapt to new needs.	consistent SEL practices, teachers and school support staff will model, and teach strategies to amplify student voice.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Economically Disadvantaged (ED) Students	58% as reported by teachers.	By June, 2026, the physical and mental wellness for Economically Disadvantaged (ED) Students will improve, as measured by an 18% increase in the percentage of teachers favorably reporting that harassment, bullying or intimidation does not occur at this school as reported and indicated by data collected from the annual NYC School Panorama Survey Teacher Report.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

School wide professional development using evidence based practices to support physical and emotional safety, including positive bullying prevention, classroom management, restorative justice, conflict resoltion, community building, inclusive practices etc.

Root Cause Addressed:

New curriculum demands placed on teachers takes time away from developing in-class lessons around SEL needs such as bullying prevention. Additionally, for the past two years there has been an increase in intermittent enrollment of students across grades which requires ongoing community building in order to welcome new members to a classroom and adapt to new needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will introduce. modify and implement SEL mindful and restorative practices to their curriculum that create a positive learning environment that supports student focus, attention and regulation on a weekly basis.
Parent coordinator will organize monthly workshops, facilitated by different staff members, that support general mental health of students and their families.
Teachers will continue to use Sanford Harmony Connection Cards to build classroom culture centered around SEL practices that teach students how to get along

SEL and Bullying Prevention Plan: Facilitate ongoing, embedded PD focused on integrating SEL and anti-bullying practices into core instruction. Ongoing
Coaching and Peer Support: Create SEL instructional coaching cycles, classroom modeling, and peer co-planning sessions.Monthly
School/Classroom Community Norm: Revisit co-creating classroom norms and behavior expectations with students using restorative language. September
New Student Welcome: Establish routines to help teachers onboard newly enrolled students (e.g., buddy systems, SEL check-ins). Rolling
Behavioral Data Review: Build teacher capacity to analyze incident trends and apply SEL strategies to address behavior proactively. As needed by class.
Form SEL-focused teacher teams to engage in inquiry cycles focused on student SEL needs and strategies. Bi-monthly
Host workshops on school SEL practices, anti-bullying norms, and how families can support at home.
Share SEL focus of the month, student stories, tips for reinforcing skills at home (translated).
Create take-home or virtual family reflection prompts tied to SEL themes (e.g., “What made you feel safe this week?”)
Welcome New Families: Develop a family welcome packet including school values, SEL practices, and community-building events.
Parent Feedback Loops: Conduct mini “listening circles” or surveys after events to learn what families need around SEL.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To drive meaningful progress toward improving the physical and mental wellness of Economically Disadvantaged (ED) students, the school will implement a structured and data-driven monitoring system focused on the fidelity, quality, and impact of SEL and bullying prevention strategies.

Monitoring Structures
Implementation will be overseen by the SEL Leadership Team, meeting monthly to review behavior data, instructional practices, and school climate indicators. Grade teams will engage in bi-weekly check-ins to reflect on student SEL needs and implementation progress. Monthly instructional walkthroughs, led by administrators and coaches, will use a consistent rubric to observe SEL integration and bullying prevention efforts in classrooms.

Additionally, school-wide data sources such as the Panorama Survey will be analyzed twice annually to track shifts in teacher, student, and family perceptions related to safety, inclusion, and student voice. Family engagement logs and student reflection activities will supplement this data, providing qualitative insight into the effectiveness of community-building and emotional wellness strategies.

Data Collection and Use Key data sources include:

Panorama Surveys to measure progress toward the goal of an 18% increase in favorable teacher responses regarding bullying.

Behavioral incident reports to monitor bullying trends and intervention effectiveness.

Teacher SEL logs, student SEL portfolios, and classroom walkthrough tools to track implementation and instructional integration.

Pulse surveys and PD feedback forms to assess staff capacity and student emotional safety.

Measuring Impact
Success will be reflected in three key areas:

Instruction: Increased and consistent SEL practices embedded into daily teaching.

Student Learning: Improved self-awareness, communication, and problem-solving as demonstrated through student work and classroom behavior.

Student Achievement: Reduced behavioral disruptions and improved engagement, particularly among ED students, leading to more focused academic time.

Progress Reporting
Formal implementation updates will be submitted through the iPlan Portal's Progress Reporting Tool (PRT), with checkpoints aligned to DOE reporting cycles. These updates will include completion rates of action steps, evidence of implementation fidelity, perceptual data trends, and necessary adjustments based on ongoing analysis.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent Survey Created in Conjunction with Parents, Themed parent and family workshops based on parental feedback. Webinars, Community Partnerships, Consultations with School Counselor(s) and Social Worker, Parent Teacher Conferences, Weekly Parent-Engagement Time	h Parents, Themed parent and family workshops based on parental feedback. Webinars, Community Partnerships, Consultations with School Counselor(s) and Social Worker, Parent Teacher Conferences, Weekly Parent- Engagement Time. Center for Family Life, NYU Langone, Child Mind Institute, S'Cool Sounds, The Healing Center, Good Shepherd Services, PAZ Afterschool, Neighbors Helping Neighbors, NY Cares, Sunset Park Lions Club, South Brooklyn Mutual Aid, Braverhood, Local Councilmen Office.
09/08/2025	06/26/2026	Implementation of mid-year Survey, Themed parent and family workshops based on parental feedback continues. Community Partnerships offer services and host in person orientations. Consultations with School Counselor(s) and Social Worker, Parent Teacher Conferences, Weekly Parent-Engagement Time.	Center for Family Life, NYU Langone, Child Mind Institute, S'Cool Sounds, The Healing Center, Good Shepherd Services, PAZ Afterschool, Neighbors Helping Neighbors, NY Cares, Sunset Park Lions Club, South Brooklyn Mutual Aid, Braverhood, Local Councilmen Office.

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Hire a THIRD Guidance Counselor. Community Outreach, Equity consultants, Parent Coordinator After School Support, Guidance Counselor Workshops

Instructional Resources

SEL lessons derived from the schools current SEL curriculum including teacher, therapist and counselor resources designed and adopted to be used in groups with students to help build social and emotional skills and the advocacy of individual needs to be met.

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In June 2025 the ALO K-2 Math data shows that 30% of students scoring at or above grade level.	Tier 1 instruction does not consistently incorporate differentiated strategies and would benefit from increased opportunities for student discourse.	Increase student outcomes in grades K–2 by strengthening Tier 1 instruction through the implementation of a research-based curriculum that meets diverse student needs. This includes the integration of various ICT (Integrated Co-Teaching) models and targeted small group instruction aligned to priority math standards.

In June 2025 the MapGrowth Math 3-5 data shows that 38% of students scoring at or above grade level.	Differentiation within Tier 1 instruction is inconsistent, and there is a need to foster more frequent and meaningful classroom discussions that help lead to an understanding of number sense that leads to mathematical automaticity	To improve 3–5 student outcomes, strengthen Tier 1 instruction by implementing a research-based curriculum tailored to meet diverse learning needs. Key strategies include the use of inclusive ICT models and focused small group instruction that targets priority math standards.
Classroom observations	Opportunities for students to discuss and build on each other's ideas are not consistently embedded in instruction.	Increase student outcomes in K-5 through differentiation with use of the stations teaching model.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students		By June 2026, the school will increase the percentage of students in grades 3–5 demonstrating proficiency on the Math state exam reflecting a 3% overall gain from 32% to 35%.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Within the MTSS framework, a core strategy is to enhance Tier 1 instruction by using data-driven, research-based practices that support all learners. Strengthening Tier 1 through a focus on fluency, academic discourse, and differentiation ensures that high-quality instruction is firmly in place before moving to targeted interventions. Strong core curriculum that provides entry points can keep expectation high.

Root Cause Addressed:

The lack of consistent differentiation and limited student discourse within Tier 1 instruction contribute to gaps in engagement and access to grade-level content for all learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional learning with Metamorphosis Education Consultant / Mathematics Content Coach.
Teachers will participate in IM D15 Professional Development.
D15 participation of Math Leads Cohort to support Math instruction.
Allocate funds for teachers coverages for professional learning.
District will provide periodic site visits and ongoing support to ensure sustainability for SWDs.

Key Strategy 2 (Optional):

To support student understanding and engagement, a key strategy is to incorporate research-based math routines that foster meaningful discourse, allowing students to explain their reasoning, justify solutions, and build on their peers' ideas.

Root Cause Addressed:

Inconsistent opportunities for student discourse stem from limited use of structured discussion strategies and insufficient emphasis on student-to-student interaction during instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Common planning prep meeting for teachers to plan and analyze data.
Kindergarten through 2nd grades will meet to plan for the Illustrative Math curriculum.
Classroom intervisitations will be conducted to observe effective discussion protocols, provide targeted feedback, and offer suggestions for next steps to strengthen student discourse.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To progress monitor the implementation of key strategies and action steps within Tier 1 instruction, we will use the following primary structures:

1. Instructional Walkthroughs and Observations
Regular classroom walkthroughs using a calibrated instructional look-for tool will monitor the presence of:
-Differentiated instruction strategies
-Opportunities for student academic discourse
-Explicit fluency-building practices (e.g., number talks, repeated reading)
-Alignment to grade-level standards

2. Lesson Plan Reviews and PLC Collaboration
Weekly PLC meetings will include reviews of lesson plans for evidence of:
-Data-driven instructional planning
-Integration of discourse protocols (e.g., accountable talk, think-pair-share)
-Structured fluency routines

3. Student Work and Formative Assessment Data
Teachers will analyze formative assessments and student work samples to assess the impact of Tier 1 strategies on learning outcomes, particularly:
-Fluency growth (e.g., math fact fluency, reading fluency rates)
-Evidence of reasoning and communication in written or verbal responses
-Progress toward grade-level expectations

4. Student Achievement and Growth Metrics
We will use benchmark and progress monitoring tools to assess student achievement trends and identify instructional areas that require refinement.

Professional learning with Metamorphosis Education Consultant will conduct follow-ups to ensure consistent implementation of differentiated instruction through the use of stations. Additionally, the consultant will facilitate Learning Walks and Intervisitations to monitor and support the implementation of identified action steps.

These structures will ensure ongoing reflection, timely instructional adjustments, and alignment to MTSS principles, ultimately improving student engagement, learning, and achievement across content areas.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to a Pew Research Study in 2021, "financial considerations are a key reason why Americans overall do not complete a four-year degree, and this is particularly	Our school community is rich in ethnic and cultural diversity. Among our families, we serve many students who are the first or second generation in their family to be education in the United States. Perceptions of college readiness and preparation can be of	Creating a "college bound" mindset as part of our school culture. This would include exposure to NY Universities and colleges through partnerships for school events as well as

true for Hispanics." Additional indicators included, concerns around debt, and "not thinking they could get into a four year college", "not needing to go to college to get a job.	less priority to our families particularly if they do not have exposure to the process and the knowledge of its benefits. Additionally, factors such as socioeconomic status can impact whether families can see themselves as "college bound."	informational sessions for parents about the RISE program, as well as workshops on how families can begin to prepare (academically, financially, etc) for college even in elementary school.
According to data from the NY state education department (2024), within district 15 in Brooklyn, only 39% of English language learners graduated from high school compared to an 82% graduation rate from non- English language learners. This trend shows the automatic delay/lack of enrollment in college for many of our students.	A lack of exposure, knowledge and/or ability on the family's behalf to set up structures and opportunities for their child that reinforce and increase the likelihood of their child applying, attending and graduate college.	Aiming to instill a college-bound mindset in ELL elementary students by incorporating college readiness into daily learning.
According to data from the NY state education department (2024), within district 15 in Brooklyn, only 39% of English language learners graduated from high school compared to an 82% graduation rate from non- English language learners. This trend shows the automatic delay/lack of enrollment in college for many of our students.	Creating opportunities for the first born or first able to collaborate and work alongside positive role models that are developmentally appropriate and that can positively promote students' attitude towards their academic progress, habits for achievement and readiness to attend college.	Fostering and maintaining a collaborative relationship with community middle school, high school and college level students, including Alumni of P.S. 24 to cultivate and instill college and career readiness as achievable.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	--	By June, 2026, their will be an increase in percent of families activating NYCSA accounts in comparison to the previous year for all students will Increase by 5% from 85% to 90%.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Education and support of families around the value and process of college admissions.

Root Cause Addressed:

A lack of exposure, knowledge and/or ability on the family's behalf to set up structures and opportunities for their child that reinforce and increase the likelihood of their child applying, attending and graduate college.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct informational sessions for parents about college readiness and the resources available for their children.
Establish partnerships with local colleges and universities to provide resources and support for families.
Encourage community members and alumni to share their college experiences and career journeys with students.

Key Strategy 2 (Optional):

Address parental concerns around financial barriers and challenges through RISE Information Sessions.

Root Cause Addressed:

Our school community is rich in ethnic and cultural diversity. Among our families, we serve many students who are the first or second generation in their family to be education in the United States. Perceptions of college readiness and preparation can be of less priority to our families particularly if they do not have exposure to the process and the knowledge of its benefits. Additionally, factors such as socioeconomic status can impact whether families can see themselves as "college bound."

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host regular RISE (Research, Innovate, Succeed, Empower) information sessions throughout the school year, focusing on different aspects of college life and career planning.
Topics could include scholarship opportunities, financial aid, college applications, and effective study habits.
Collaborate with local education advocates and counselors to provide expert insights during these sessions.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Collaborative meetings with administration, parent coordinator, school-based support team, teachers and communal members will be organized and implemented throughout the school year to meet and discuss for the planning of helping students become college and career ready. Resource/supports will include classroom circles/lessons, orientations, workshops and trips to other educational institutions that include both the students and their families. Services, conferences and resources will be adjusted to meet the needs of the students and their families as they present themselves.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	12/15/2025	Enrollment Workshops, RISE workshops,Classroom Circles and College Trips.	RISE organization/ Parent coordinator
01/05/2026	06/01/2026	Schoolwide College and Career Themed activities, Classroom Lessons.	Center for family life, NYU family support center, Guidance/SW/Classroom teachers
01/05/2026	06/26/2026	Trips with Families to College	
01/02/2026	06/26/2026	Parent Workshops to Speak About Colleges/Career led by parents	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, classroom teachers, school counselors, community leaders and parents

Instructional Resources

Books about different carreers

Schedule Adjustments

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Low participation in parent workshops. Parent workshop	Families spend a lot of time at work and	Utilize PTCs and one-to-one meetings to celebrate student success as a way to re-engage with families

participation logs and attendance and feedback surveys.	cannot atten d workshops.	that are reluctant to participate in any school community

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	32	By June 2026, PS24 will increase meaningful family engagement by 20%, as measured by Parent-Teacher Conference attendance, one-to-one family meeting logs, and workshop participation, by using PTCs and individual meetings to highlight student strengths, celebrate progress, and build positive family connections.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To strengthen family engagement at PS24, we will shift our approach from relying solely on traditional workshops to creating more meaningful and flexible opportunities for connection. We recognize that many of our families work long hours or multiple jobs and are unable to attend workshops scheduled during the school day. As a result, participation has been low. To address this, PS24 will use Parent-Teacher Conferences and one-to-one meetings as primary touchpoints to re-engage families, celebrate student success, and rebuild connections with families who may be hesitant to participate in school events.

Our Parent Coordinator, in collaboration with teachers and school leadership, will develop intentional systems that make family engagement more accessible, personal, and purposeful. During Parent-Teacher Conferences and one-to-one meetings, teachers will begin each conversation by highlighting the child's strengths, academic growth, and social-emotional progress. Celebrating success first helps build trust and ensures that families feel valued as partners, not only contacted when concerns arise. Teachers will document key takeaways from each meeting and update student records to ensure information is shared consistently across the child's support team.

To support families who cannot attend conferences in person, the Parent Coordinator will create flexible follow-up options, including phone calls, virtual meetings, or rescheduled in-person appointments. The Parent Coordinator will also maintain a communication log to track family outreach, participation, and feedback. A system will be put in place to identify families who have not engaged and offer personalized outreach. The goal is not only to inform families, but to make them feel welcomed, heard, and included.

In addition to conferences, short "Family Learning Moments" will be embedded into these meetings—such as sharing resources, QR codes, or take-home strategy cards—rather than expecting families to attend separate workshops. Monthly data will be reviewed, including PTC attendance, one-to-one meeting logs, workshop participation, and NYCSA activation rates. This information will help the team monitor progress and determine which strategies need adjustments.

Root Cause Addressed:

Shifts family engagement away from standalone workshops and instead uses PTCs and flexible one-to-one meetings (phone, virtual, in-person) to deliver the same supports and messages. Starts every meeting by

celebrating student success, rebuilding positive relationships, and strengthening trust. Support for NYCSA activation and navigation is built into PTCs and individual check-ins rather than expecting parents to attend a separate session.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parent Coordinator contacts families who did not attend PTCs to reschedule or offer virtual options. Maintain a communication log with dates, family responses, and outcomes.
Provide quick resources during PTCs—QR codes to reading strategies, math games, NYCSA instructions. Use bilingual handouts to ensure accessibility.
Collect monthly data from PTC attendance logs, contact records, NYCSA activation, and workshop participation. Share summary data during grade team and SLT meetings.
Identify families who have not participated in any school events and assign follow-up check-ins by Parent Coordinator or teacher. Focus on positive messages and relationship-building rather than only academic or behavioral concerns.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure that our revised family engagement approach at PS24 is implemented effectively and leads to stronger relationships and improved outcomes for students, we will use several monitoring structures that provide ongoing data about participation, communication, and impact. Teachers will document all Parent-Teacher Conferences and one-to-one meetings using a standardized log that captures attendance, communication mode, the child's strengths and academic progress discussed, and any next steps identified with the family. These notes will be uploaded to student records so that the child's full support team including classroom teachers, ENL staff, service providers, and leadership has a consistent understanding of the family's perspectives and the student's needs. The Parent Coordinator will maintain a detailed communication log that tracks all outreach attempts, including phone calls, virtual meetings, messages, and rescheduled appointments. This log will help identify families who have not engaged and allow for personalized follow-up that is both supportive and flexible.

In addition to these logs, we will monitor NYCSA activation and usage data on a monthly basis to determine whether families are accessing student information regularly. Targeted outreach will be conducted for families whose accounts remain inactive. During conferences and meetings, teachers and the Parent Coordinator will also track the distribution of "Family Learning Moments," such as QR codes, take-home strategy cards, and resource sheets, gathering informal feedback from families to refine resources moving forward.

Progress will be measured through multiple data sources, including PTC attendance rates, frequency of one-to-one meetings, outreach attempts recorded in the Parent Coordinator's log, NYCSA activation rates, and the number of families receiving embedded learning resources. We will also examine family feedback and review student progress data over time to assess whether strengthened family communication correlates with improvements in attendance, social-emotional development, and academic growth. Each month, the Parent Coordinator and school leadership will review the collected data to identify trends, successes, and families who require additional outreach or support. Quarterly reflections will guide adjustments to our approach, ensuring that our strategies remain responsive to family needs and continue to promote meaningful, accessible, and culturally responsive engagement across our school community.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
07/01/2025	06/30/2026	Based on family surveys, the Parent Coordinator will offer short, accessible workshops (virtual or in-person) on requested topics such as literacy at home, mathematics strategies, behavioral supports, NYCSA, and community services.	Parent Coordinator Local Organizations
07/01/2025	06/30/2026	Partner with local community centers, libraries, and social service agencies to provide families with resources related to mental health, housing, adult ESL classes, immigration support, and after-school programs.	Parent Coordinator Local Organizations

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the June 2025 DOE insight tool, 48% of STH students are chronically absent.	Difficulty with consistent attendance due to frequent transitions related to temporary housing and transportation accommodation.	Ensuring that STH students attend school regulary.
Based on the DOE insight tool, 45% of Pre-k students and 41% of Kindergarten students are chronically absent during the 2024-2025.	Families might not see the early grades as a priority especially with Pre-k not being mandatory.	Increase Pre-k and Kindergarten attendance throughout the year.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	48%	By June, 2026, the Chronic Absentee rate will decrease by one percent each quarter. for Students in Temporary Housing (STH) will decrease by A decrease of 3%, from 48% to 45%, as measured by the By June 2026, based on the DOE insight Chronic Absenteeism Reports, the chronic absenteeism rate will decrease by 3% from 48% to 45%. .
All Students	27%	By June, 2026, the The rate will decrease throughout the school year to 24%. for All Students will decrease by A decrease of 3%, from 27% to 24%, as measured by the Based on the DOE Insight Chronic Absenteeism Report, the chronic absenteeism rate will decrease 3% from 27% to 24% . .

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance team will analyze data on a weekly basis and will send daily robo calls and emails to students that are absent. The team will meet to strategize supports for STH students and families.

Root Cause Addressed:

Difficulty with consistent attendance due to frequent transitions related to temporary housing and transportation accommodation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
STH famiies will be invited to a workshop in the beginning of the year to provide community resources and attendance information.
Families will be notified via calls and what's app when they are absent.
School will plan PBIS to motivate and incentivize good attendance.

Key Strategy 2 (Optional):

School wide team will inform and educate families of Pre-k and Kindergarten (as well as STH families) about attendance protocols, health transportation resources available in the school.

Root Cause Addressed:

Ensuring that students in the lower grades attend school regularly. Student attendance is affected by mild illness, weather, family related events.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
In collaboration with NYU Langone community services, parents in Pre-K and K will be offered workshops in the beginning of the year to provide resources and tools for student success.
Families will be sent robo calls, emails and what's app messages to alert when a student is absent.
At the fall "Meet and Greet", families of Pre-k and K students will be provided with information on the importance of good attendance.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring will take place during the Attendance Meetings. At the meetings, the attendance data will be analyzed by grade, and different sub-groups. A tiered plan will be created to support families with achieving improved attendance. The DOE Insight tool will be our data source.

In the Fall, the Parent coordinator and attendance team will host a series of workshops and Meet and Greets for new students. At these workshops, families will be provided with transportation, child care, medical and attendance resources.

January 2026, Attendance family workshop will be held. Those with chronic attendance or near chronic will be invited to this meeting. Community partners will be invited.

Throughout the year, PBIS activities and give aways for students and families will be organized in order to motivate good attendance.

Throughout the year, Coffee with the Principal will be hosted and provide families with important information and resources (i.e attendance, school testing, and community resources).

End of year, review, reflect and revise attendance plan.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
08/25/2025	09/12/2025	Prek- and Kindergarten Meet and Greet.	NYU Langone and Raising Health.

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Teacher, School Counselors, Parent Coordinator

Instructional Resources

School STH Home Survey will support us in coordinating needs for families.

Schedule Adjustments

Dependent on staffing and funds, breakfast will begin earlier to accommodate working families.

Other Resources Needed

Per session for attendance teachers to visit homes on evenings and weekends. STH funds can be allocated for ATs to visit STH locations.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP's are developed in a timely manner by teaching teams with support from the IEP liason and	Monthly special education meetings and review of compliance dates to ensure accountability and timely finalization of reports.	IEP Development

SIT team. Compliance is above 90% as per SESIS.		and Fidelity of Implementation
LRE recommendations from elementary school remain consistent through the middle school transition	Transitions require ongoing supports that need to be reassesed by receiving SBST	Transition Planning and Compliance
SESIS, PPC school referrals	Due to an increase in the newcomer population to our school there has been an increase in referrals for special education. Gaps in learning can be attributed to language acquisition, interrupted learning, new to the USSS (United States School System), and trauma.	Referral Process and Equity
OORS Data 23-24 # of Level 3s & 4s = 109. OORS Data 24-25 # of Level 3s & 4s = 17 (as of 6/3/25)	Majority of level 3 & 4 infractions are male	Equity in School Discipline
OORS Data 23-24 # of Level 3s & 4s = 109. OORS Data 24-25 # of Level 3s & 4s = 17 (as of 6/3/25)	Limited organized play during recess.	Professional Development needed around organized play during recess.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	93.8%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will ensure IEPs are written with correct program recommendations that reflect LRE (Least Restrictive Environment). by a 5% increase Increase, from 93.8% to 98.8%, as measured by SESIS Stars Linkage Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement Universal Design for Learning (UDL)/TIER 1 support principles across all learning environments to ensure accessibility, inclusivity, and equitable learning outcomes for students with disabilities.

Root Cause Addressed:

Lack of anticipation of potential struggles in learning leads to barriers for students with disabilities. Which in turn programming decision might not be appearing to Least Restrictive Environment (LRE).
Educational content and delivery methods can sometimes assume a “one-size-fits-all” approach, which unintentionally excludes learners with diverse needs. Limited training and awareness among educators regarding accessibility further perpetuate these barriers.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Build Staff Capacity - Deliver comprehensive professional development through special education meetings and consultant partnership with G & R on UDL/Tier 1, accessibility tools, and differentiated instruction. Establish mentorship and coaching for teachers to apply inclusive practices.
Systematically Review and Redesign Content- review current curriculum, co-teaching models, resources, and digital platforms for accessibility compliance to build in scaffolds and differentiated instruction. Redesign learning materials to incorporate multiple means of representation, engagement, and expression.
Foster Student-Centered Support Systems-Establish clear, accessible communication channels for students to request accommodations and feedback. Provide assistive technologies (e.g., screen readers, captioning, alternative formats) based on individual needs.
Monitor and Evaluate- Implement a continuous feedback loop with students and educators to assess the effectiveness of inclusive practices. Use data (e.g., student performance, engagement metrics, satisfaction surveys) to inform ongoing improvements.
District will provide periodic site visits and ongoing support to ensure sustainability in addition to central PL offerings that are IEP writing focused.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. (SIT Team)- Oversees UDL and accessibility initiatives; reviews data and recommends adjustments.
2. Professional Learning Communities (PLCs)- Collaborative teacher teams review classroom-level data and share inclusive practices.
3. Accessibility Walkthroughs- Formal review of digital platforms, physical spaces, and learning materials through inter-visitations/walk-throughs.
4. Student Voice Panels and Feedback Surveys- Gather students' perspectives on inclusion, engagement, and support.
5. Observation and Walkthrough Protocols- Conduct classroom observations focused on UDL, differentiation, and accessibility practices.

Instructional Impact:
Increase in the proportion of observed lessons incorporating UDL and inclusive practices (through Danielson rubric and teacher observations).

Student Learning Impact: Reduction in achievement gaps between students with disabilities and peers.

Engagement and Satisfaction: Improvement in student engagement and participation.

Accessibility Compliance: All digital and physical materials have multiple entry points and scaffolds for students with disabilities and as a tier 1 support.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
11/27/2025	11/27/2025	Workshops and parent education sessions focused on supporting students with disabilities. Offer targeted sessions on topics like UDL, assistive technology, understanding IEPs/504 plans, and strategies to support learning at home. Provide interpreters and alternative formats to ensure access.	Special Education Team
03/27/2026	03/27/2026	Individualized family engagement / support meetings. Collaborate with families of students with significant or complex needs to co-develop personalized communication and support plans. This may include regular check-ins, home visits, or customized learning resources.	Special Education Team

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education SIT Team- composed of school leaders, special education teachers, and related service providers. Special Education Coordinator and AP can support IEP compliance. Professional Learning Community (PLC) leaders trained in UDL and inclusive practices. Student Support Services staff for coordinating accommodations and supports.

Instructional Resources

UDL-aligned (digital) tools and platforms that can help to ensure multiple means of representation, engagement, and expression. New curriculum materials review for accessibility (e.g., tactile graphics, audio versions). Expanded assistive technology toolkit to meet diverse needs (e.g., alternative input devices, text-to-speech tools). Comprehensive professional development modules on UDL and accessibility practices.

Schedule Adjustments

Existing PLC meeting structures to integrate inclusive practice discussions. Monday PD and professional periods to assist with development for staff.

Other Resources Needed

Access to some community partnerships for student and family supports.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Targeted Small Group Instruction Tier 2	Classroom assessments, Acadience/MAP data, Reading levels, Running Records, EL Assessments/Performance tasks, Mid- and End-Writing Assessments and Performance tasks	Double Dose of Fundations, Guided LiteracyComprehension strategies, Shared Writing, Guided Writing, Small group explicit writing instruction	Push-in, small group, one-to-one tutoring	During school	No
Targeted Small Group Instruction Tier 3	Classroom assessments, Acadience/MAP data, Reading levels, Running Records, EL Assessments/Performance tasks, Mid- and End-Writing Assessments and Performance tasks	S.P.I.R.E small group explicit phonics instruction, Digital Great Leaps Reading Fluency, Reading Rescue, At-Risk Special Education Teacher Support Services	Push-in, small group, one-to-one tutoring	After School, Before School, During School	Yes
Targeted Small Group Instruction Tier 3	Acadience/MAP data, Reading levels, Running Records, EL Assessments/Performance tasks, Mid- and End-Writing Assessments and Performance tasks	Special Education Teacher Support Services	Push-in, small group, one-to-one tutoring	During School	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Classroom Behavior Plan (Tier 2)	Anecodotals, Teacher/Provider Observations	Self-Regulation of Behavior	Full-Class/small group, one-to-one	During School	yes
At-Risk Counseling (Tier 2)	Anecdotals, Teacher/Provider Observation, Referral from Pupil Personnel Committee	Self-Regulation of Behavior, Mental health community partnerships, Guidance Counselors	Small group	During School, After School	Yes
At-Risk Counseling (Tier 3)	Anecdotals, Teacher/Provider Observations, Referral from Pupil Personnel Committee	Self-Regulation of Behavior, Mental health community partnerships, Guidance Counselors	one-to-one	During School, After School	yes
Functional Behavior Assessment/Behavior Intervention Plan (Tier 3)	Anecdotals, Teacher/Provider Observations, Referral from Pupil Personnel Committee	Self-Regulation of Behavior	one-to-one	During School, After School	yes
Behavior Contracts (Tier 2)	Anecdotals, Teacher/Provider Observations	Self-Regulation of Behavior	small group, one-to-one	During School	yes
Pre-referral Invention Manual (Tier 2)	Anecdotals, Teacher/Provider Observation	Self-Regulation of Behavior	small group, one-to-one	During School	yes/no

Peer-Mediation (Tier 2)	Student Referrals, Teacher Referrals, School Aide Referrals	Student Mediation with trained students and adult supervisor	Small Group	During School	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 24, we believe in working closely with families to ensure every child receives the academic and social-emotional support they need to succeed. Our approach is guided by the Multi-Tiered System of Supports (MTSS). Here's how we share our MTSS process with families:

Beginning-of-Year MTSS Overview Letter
What is Included:

* A clear and family-friendly explanation of what MTSS is and how it supports all students
* How we identify students who may need additional support
* Brief description of universal screeners (MAP/ALO) and when screeners are administered.
* The kinds of support available: In-class targeted instruction, Pull-out intervention, morning/after-school/Saturday programs
* Simple visual and explanation of the TIERS of support
* Assurance that families will be kept abreast of progress and recommendations through written progress reports, in-person meetings, and/or phone calls

How to Share:

*Letters will be sent home at the beginning of the year.
*Letters will be translated into multiple languages to reflect the school community
*Letters will also be posted on the school website and Class Dojo.

MTSS Family Information Page on School Website:

*Create a dedicated section that includes:
*MTSS overview
*What families can expect throughout the year
*Copies of letters and resources
*Contact information for intervention team

Schedule a Family Workshop or "Coffee with the Principal":

*Host a family session early in the school year (in-person or virtual):
*Review the MTSS process (Provide a simple visual explaining the TIERS of support)
*Explain how data from universal screeners is used & how interventions are selected and monitored.
*Allow parents to ask questions or express concerns

Use Class Dojo for Ongoing MTSS Communication:

*Post reminders on class dojo about:
*Screeners/ Screener dates
*Morning/After-school programs
*Parent Workshop
*Celebrations of student growth

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

At PS 24, we believe that strong communication between school and home is essential to a child's success especially when students are receiving additional academic support through our MTSS. Families of students receiving Tier 2 (targeted) or Tier 3 (intensive) interventions will receive regular updates about their child's goals, progress, and next steps. Our goal is to keep families informed and involved every step of the way, working as a team to support each child's learning and growth.

Sharing Goals and Intervention Plans

*At the start of each intervention cycle, families will receive written information outlining:
*The specific goals their child is working on.
*The type of intervention their child is receiving.
*The frequency and duration of the intervention sessions.

These goals and plans will also be discussed during Parent-Teacher Conferences, where families can ask questions and collaborate on strategies for continued progress.
Progress Reports:

*Families will receive written progress reports every:
*6–8 weeks for Tier 2 intervention cycles
*4 weeks for more intensive Tier 3 support.

Progress reports will include:
*The goals being targeted.
*A description of how the student is progressing toward those goals.
*Any adjustments being made to support success.
*Next Steps if progress is limited.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At PS 24, we believe that families play a vital role in the success of students receiving Tier 3 intensive interventions. These supports are the most targeted and individualized within our Multi-Tiered System of Supports, and we are committed to involving families as vital partners in every step of the process.

Collaborative Decision-Making with Families
When a student is placed in Tier 3 intervention, stakeholders including intervention teachers, classroom teachers, support staff, and school administrators will meet with families to:

*Review the specific intervention and strategies being provided
*Discuss the frequency, duration, and time of day the intervention occurs
*Share student progress toward individualized goals
*Revise goals and supports as needed based on data and student response

These meetings will be designed to ensure that families understand and agree with the support plan, and to provide space for families to share insights, ask questions, and offer input based on their child's needs.

Ongoing Communication and Support

*Families receive written progress updates at the end of each intervention cycle.
*Meetings are scheduled as needed, especially when progress is limited.
*Communication will be provided in the family's preferred language.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Doubled up (with friends or relatives because they cannot find or afford housing): 66
Living in a shelter or transitional shelter: 88
Living in a hotel/motel: 0
Living in a car, bus, or train: 0
Living in a park or public place: 0
Living in an abandoned building: 0

154 students total

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Students in Temporary Housing do not have access to bussing that is reliable. Many students are moved from shelter to shelter and some come from Manhattan, Bronx, Floyd Bennet Field; they arrive late or do not come in. Parents need additional after school supports.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students will receive small group mentoring through local organization. STH will be able to participate in all academic after school programs as needed. They will also participate in a music program, "Alegria Around the World". Students will be exposed to instruments from different parts of the world and will begin to learn how to play various instruments. The program will end with a performance. The students in grades 4 and 5 will also have the opportunity to learn to play the Violin. This program will take place after school. Transportation will be provided as needed.

During the holidays students will receive special gifts and emergency food as needed. They will also receive coats as needed. All students will receive all the school supplies needed for a successful school year.

Parent engagement workshops will take place monthly. Parents will be contacted to participate. Transportation will be provided as needed.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of June 2025, PS24 has two students currently enrolled in foster care. Our school is committed to supporting the academic and social-emotional development of all students, with specific, responsive supports in place for those in transitional situations. Students in foster care are fully integrated into the school community and are supported through a combination of individualized services, targeted resources, and compassionate care.

PS24 has a robust guidance team, including a full-time school counselor, social worker, and partnerships with external mental health providers. These staff members offer regular check-ins, short-term counseling, and small group SEL instruction that addresses key areas such as self-advocacy, emotional regulation, and peer connection. When necessary, trauma-informed practices are used to support students' emotional well-being, and the school works closely with foster agencies to ensure continuity of care and wraparound support.

Academically, students in foster care are closely monitored through tools like MAP Growth and Acadience, which help us identify strengths and gaps early. Based on these data points, students have access to daily intervention blocks, where they receive targeted literacy and/or math instruction in small groups. Foster care students also have priority access to morning and afterschool programs, including tutoring, enrichment clubs, and Saturday academic support, with flexible scheduling to accommodate transportation needs.

PS24 is intentional in how we support the families and caregivers of students in foster care. We offer early drop-off and late pick-up options to meet the needs of working caregivers and ensure consistent attendance. We also provide school supplies, uniforms, seasonal clothing, and backpacks, either through school funds or partnerships with local community organizations. Caregivers receive timely updates, translated communications, and invitations to participate in caregiver workshops and school events. These efforts are designed to foster a sense of connection and stability for our students.

Additionally, the school has a designated Foster Care Liaison who coordinates with the DOE Office of Students in Temporary Housing, ACS, and community-based organizations to ensure compliance with all DOE mandates and to

support student success across domains. Through these combined efforts, PS24 ensures that our students in foster care are not only supported but empowered to thrive academically, socially, and emotionally.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

When a student enters foster care or transfers into our school, our Foster Care Liaison works quickly to connect with the student's caseworker, caregivers, and any involved agencies. We conduct a welcome intake meeting to identify immediate needs, gather background information, and ensure the student is matched with key support staff from day one. This includes the assignment of a guidance counselor or social worker for ongoing check-ins and emotional support. For students experiencing trauma, we offer short-term counseling and SEL-based group interventions grounded in trauma-informed practices.

Academically, new and existing students in foster care are assessed using tools such as MAP Growth, Acadience, and teacher checklists to determine their instructional level and identify any learning gaps. Based on this data, students are connected to our intervention blocks, which provide targeted instruction in reading, writing, and math. Students also have priority placement in before- and after-school programs, tutoring, and enrichment activities to provide extended learning time and safe, consistent routines.

We also recognize that stability extends beyond academics. Students in foster care have access to early drop-off and late pick-up, school supplies, uniforms, and seasonal clothing all coordinated discreetly through our guidance and family support teams. We work proactively with caregivers to maintain consistent communication and provide translation or scheduling support as needed to ensure they feel fully included in the child's school experience.

By fostering strong cross-team collaboration between administration, pupil personnel services, teachers, and external partners PS24 is able to provide students in foster care with the interventions, consistency, and care they need to succeed. Our goal is not only to meet their immediate needs, but to create a learning environment where they can build confidence, develop resilience, and thrive.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After reviewing historical and current data on students in foster care at PS24, several encouraging trends have emerged. Most notably, both of our currently enrolled students in foster care are thriving academically and maintain strong attendance, each with a rate above 92%. Their success reflects the school's commitment to providing responsive, whole-child support through collaboration, early intervention, and relationship-building.

Although both students are achieving academically, their social-emotional needs vary and highlight the importance of individualized supports. One student required extensive academic and social-emotional intervention when first entering foster care. The student was promptly connected to our school's intervention blocks for literacy and math and now receives regular one-on-one and small-group counseling sessions. Through targeted support and strong adult relationships, this student has made substantial academic progress and is building confidence and resilience.

The second student has not needed academic intervention but does receive consistent, intensive social-emotional support. This includes regular check-ins with our guidance counselor, participation in social skills groups, and access to trauma-informed strategies that create a predictable, emotionally safe environment. These interventions

have helped the student navigate challenges while continuing to perform successfully in the classroom.

The positive outcomes of these students demonstrate that with the right systems in place—early identification, targeted interventions, and meaningful adult relationships—students in foster care can thrive. Their above-average attendance further indicates that our efforts to build strong routines, maintain communication with caregivers, and provide early drop-off/late pick-up options are effectively supporting consistency and engagement.

These insights reaffirm that foster care students are not defined by a singular set of challenges. Instead, they thrive when supports are personalized, coordinated, and grounded in compassion and high expectations. PS24 will continue to use these lessons to inform its practices and ensure that every student, regardless of circumstance, has the opportunity to succeed.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

When a student in foster care enters or progresses to a transitional grade, the guidance counselor and social worker collaborate to develop a personalized support plan that includes frequent check-ins, social skills development, and routines designed to promote a sense of safety and belonging. Each student is paired with a trusted adult staff member—such as a counselor, paraprofessional, or mentor teacher—who provides regular emotional support and a consistent point of connection throughout the school day.

We also implement small-group SEL sessions focused on building self-awareness, peer relationships, problem-solving skills, and resilience. These sessions are especially effective in helping students navigate the increased independence and social complexity of upper elementary grades. For students experiencing trauma or instability, our team integrates trauma-informed practices into daily routines, including mindfulness breaks, calming spaces, and behavior regulation tools.

These SEL supports are closely aligned with academic and behavioral interventions. Students who demonstrate difficulty with focus, self-regulation, or classroom engagement may receive push-in or pull-out support, allowing them to remain on track academically while learning to manage emotional responses constructively. The guidance and intervention teams meet monthly to review data—including attendance, behavioral trends, and academic progress—and adjust supports accordingly.

Additionally, for transitional-grade students, we facilitate guided transitions, such as classroom visits before promotion, meet-and-greets with next-grade teachers, and peer mentoring programs. These strategies reduce anxiety around change and help students build trust and familiarity before new routines begin.

Together, these efforts create a layered support system that helps foster care students feel seen, supported, and capable. By addressing social-emotional needs early and intentionally, PS24 not only reduces the risk of academic and behavioral setbacks, but also builds a stronger foundation for long-term resilience and success.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 24, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 24 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 24, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

During the 23-24 school year the staff began receiving Science of Reading professional development. The teachers received LETRS training, additionally all Special Education Teachers received OG training, Spire, Sound Sensible. ENL teachers received training from the district office and CAL around best practices for ELLs. For the 2025-2026 school year the teachers and paras will be receiving training on fluency and how they can use data to differentiate their learning. School aides are receiving training around physical exercise from the gym teacher and will receive training from Morningside around s and play. Leadership cabinet is working with North Compass to help develop and sustain systems that are centered around equitable practices.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Currently we provide monthly workshops for families centered around child development, early literacy or math. The classroom teachers will develop a robust parent engagement program in which parents visit the classrooms and learn strategies alongside their children. Families are invited to school wide events and open houses. We connect the families with the schools social worker, parent coordinator and specialists. These staff members discuss roles and services that are available to them. Our parent coordinator coordinates family trips in the summer where the parents and students get to interact with future classmates. Pre K teachers meet regularly with an early childhood coach and social worker and relay pertinent information to parents. In the summer we have a Meet the Teacher Tour.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	In progress		
Title I, School Improvement 1003(a)	Federal	In progress		
Title II, Part A	Federal	In progress		
Title III, Part A	Federal	In progress		
Title III, Immigrant	Federal	In progress		
Title IV, Part A	Federal	In progress		
Tax Levy (Fair Student	Local	In progress		

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Maria Diaz
Assistant Principal (Where Applicable)*	Neysh Colon
English as a New Language (ENL) Teacher*	Emily Rebaza
Teacher (if school has a bilingual program must be a bilingual teacher)*	
Parent/Guardian*	
ENL Teacher	Elizabeth Nahar
ENL teacher	Lenore Ezra

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

We have 14 certified teachers with bilingual licenses either in early childhood, common branch or special education.

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

455

Total number and percentage (%) of current ELLs:

There are 241 ELLS which is 48.1% of our student demographic.

Total number and percentage (%) of former ELLs:

There are 37 ELLs which are 7.39% of our student demographic.

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

There are 208 newcomers which is 85.6% of our student demographic.

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

There are 35 developing ELLs which is 14.4% of our student demographic.

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

There are 5 students which is a 2.1% of our student demographic.

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

There are 67 students with IEPS which is 27.6% of our student demographic.

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

During stand alone ENL services a certified ESOL teacher teaches English language skills to ELL/MLL students. ENL teachers serve small groups of Entering and Emerging MLLs/ELLs for 360 minutes as per CR-Part 154. Entering and emerging students receive 180 minutes of those minutes stand-alone. Entering and Emerging students from different classes are combined to be instructed on both oral language, written vocabulary and grammar in a separate ENL classroom based on their proficiency in English. ENL teachers provide language support to MLLs/ELLs by incorporating the four modalities of speaking, listening, reading, and writing. ENL Teachers are using a Newcomer curriculum for stand alone called, Get Ready, Sail! for entering/emerging level students in grades 1-3 and Get Ready, Soar! for entering/emerging level students in grades 3-6. This curriculum includes an online curriculum support of slides, videos, parent letters about the unit in multiple languages, and student books and practice books for full engagement in English. The concepts support students language needs in every day engagement in school and their community.

In addition, students use hands-on methods such as cutting, pasting, art, cooking, and singing, to support their language development. The ENL teacher delivers instruction to acquire the English language skills needed for success in the core content areas. They help ELLs/MLLs develop proficiency in the language domains to develop and promote participation in the full range of culturally responsive instructional activities in the regular education curriculum and in extracurricular activities in our school. ENL teachers differentiate the core curriculum while meeting for stand alone instruction, using the grade-level content standards to plan for MLLs/ELLs. They utilize Thinking Maps and HMH graphic organizers to support writing and organization of thoughts and ideas. 95 Phonics Core Program, Fundations and Heggerty are used to develop phonemic awareness skills. When needed teachers use a device called Pocket Talk to translate procedures of a lesson or activity in the students first language.

ENL teachers help ELLs/MLLs to expand English vocabulary and sentence structure while reading and talking about books. Explicit grammar lessons support both reading and writing. MLLs/ELLs students practice various talk protocol strategies to engage with peers for example, Turn and Talk. ENL teachers translate or use the Pocket talk device to explain directions in students home language and students utilize Pocket Talk to respond or sentence stems and key vocabulary with visual to participate in classroom discussions and activities. ENL teachers create Google Slides with audio and visuals to reinforce phonemic strategies, sight words, grammar, vocabulary and content. Students are able to hear the correct pronunciation and a level-appropriate sentence to provide a familiar context for meaning. In addition, we use learning videos online to support stand alone instruction such as sites like BrainPop, GetEpic, Vista learning for digital newcomer curriculum content, Scholastic News and other educational videos on Youtube.

In addition, ENL teachers implement Finish Line New York ELLs for NYSESLAT to help instruct English Language Learners on the NY Targets of Measurement from the New Language Arts Progressions of the Bilingual Common Core Initiative. Students will become familiar with the types of questions they will face on state test for example multiple choice, short written response, and oral response. Incorporating Finish Line to help students to practice the skills needed to answer speaking, listening, reading, and writing questions centered around a common theme.

Students will have exposure to different passages types and practice comprehension skills that they will need to know and work with the Next Generation Learning Standards for ELA including informational and literary passages. ENL also use Attanasio & Associates Inc. Getting Ready for the NYSESLAT materials to prepare students for the NYSESLAT within small group instruction.

Integrated ENL:

As a part of integrated instruction, students will be seen in their classrooms and supported in small group to work on the lesson alongside their ELL and non-ELL peers. In an integrated ENL program, ENL teachers service all MLLs/ELLs for 180 minutes a week as push in. ENL teachers design and deliver instruction that is culturally and linguistically responsive for all diverse learners within the classroom setting. ENL teachers provide integrated language and content instruction to support language development through linguistically-focused scaffolds. ENL teachers and classroom teachers collaborate purposefully to incorporate ELA/ELL strategies to promote academic language and achievement in all content areas.

ENL teachers use materials and instructional resources that are linguistically, age/grade appropriate, and aligned to the Next Generation Learning Standards. ENL teachers provide opportunities for MLLs/ELLs to use academic language throughout all content areas with peers and utilize visuals and realia for a deeper understanding. ENL teachers provide vocabulary-rich text that students can read independently to build background knowledge during integrated ENL services. When possible, ENL teachers encourage students to recognize and utilize cognates to build their English language vocabulary and comprehension. ENL teachers explicitly design content and language-based objectives to target the linguistic demands of the content. Home language use and translanguaging are encouraged and celebrated to help MLLs/ELLs transfer and develop their ability to access the content. This creates a learning community to encourage non-ELL and ELL peers, whose home language is other than English, to feel welcome in the classroom.

ENL teachers meet student needs by using teacher and student-made rubrics, informal and formal assessments such as F&P, Acadience, MAP Growth, 95 Phonics Core Program, Fundations, Waggle Reading and HMH Into Reading unit benchmarks to monitor and guide instruction. ENL teachers use active teaching methods including small-group instruction and cooperative learning to promote academic discourse in a shared learning experience. Some second and fourth grade transitioning students are also being brought into other classrooms to provide similiar acquisition language instruction.

All English proficiency level students in grades k through 5 are receiving integrated ELA instruction utilizing HMH Into Reading resources such as the Tabletop mini lessons for English Language Development, Know it, Show it practice sheets, Read and Response Journals and Grammar lessons. ENL providers for Grades 3-5 will begin utilizing HMH Writable to support students academic language and grammar development. In addition to HMH resources, ENL teachers use the 95% Phonics Program, Fundations and Heggerty curriculum to support Phonics instruction in the K-5 classes. Lastly, all ENL providers utilize the Finish Line New York ELLs for NYSESLAT or Attanasio & Associates Inc. Getting Ready for the NYSESLAT materials to prepare students for the NYSESLAT within small group instruction.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Pre-K Dual Language class will follow an 80/20 model in which students will receive Spanish instruction 80% of the time and English 20% of the time. Grades K-5 Dual language classes, will follow a weekly 50/50 rollercoaster model in which students will receive all core instruction 50% in English and 50% in Spanish. The Dual language program is a one-way DLBE model with most students in the classes being classified as ELLs. All Dual Language classroom teachers receive an official ELL list with their students' proficiency levels with the corresponding mandated instructional minutes for each ELL in their class. The classroom teacher, groups students for small group instruction by either entering/emerging, transitioning/expanding and commanding. The entering/emerging groups receive 360 minutes of ENL services, the transitioning/expanding groups receive 180 minutes of ENL services and the commanding groups receive 90 minutes of ENL services. In addition, students are grouped based on content specific goals and these groups can include non-ELLs as it would in the monolingual setting.

The Spanish word study program Estrellita and Heggerty (Spanish version) program is taught daily in all classes from Pre-K to second grade. K-1 Dual Language (DL)classes will teach 95 Phonics Core Program for English phonics and phonemic awareness instruction in English. In grades 2-3 DL teachers will use Fundations and Heggerty for their phonics and phonemic awareness instruction in English. Upper grade DL teachers will use these programs for English and Spanish instruction for students who continue to demonstrate need for continued phonics instruction. All ELLs in the Spanish/English Dual Language classes receive ENL instruction from the licensed Bilingual classroom teacher.ELLs in the Dual classes are in grade appropriate classes and are grouped heterogeneously. Classroom teachers provide differentiated language support based on the content objective. Teachers are using HMH Into Reading for ELA. Every lesson has a language objective, vocabulary/sight words are taught explicitly, visuals, charts/thinking map, videos, illustrations, and photos that are embedded in the assignment and tasks to support students in meeting content and language objectives. Teachers utilize cognates to support cross linguistic connections. These objectives are found on the classroom teachers' Google Classroom Lesson Slide Decks. In the content areas, we are using Amplify Science and Passport which focuses on a multi-lingual approach to learning. Voiceover is provided in some lessons. Teachers introduce new vocabulary and differentiate their lessons to align with the language objectives and grade-level standards appropriate to each grade. Visual support with photographs, diagrams, and video assignments where appropriate are also provided.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

As per Commissioner's Regulations part 154 and the RLAT that lists students who are eligible for ENL services, ELL students will receive their mandated instructional minutes according to their proficiency level.Our school has three New York State- Certified English Speakers of Other Languages teachers who will provide the ENL mandated minutes to students in the ENL program. All ELLs in ENL or Dual Language (DL programs are placed in an appropriate grade level class heterogeneously and are grouped by their proficiency levels when serviced by the ENL teacher or Dual language teacher. The ENL and DL teachers provide services to students based on their proficiency levels which range from Entering, Emerging, Transitioning, Expanding, and Commanding to determine the students' mandated minutes of service. They provide 360 minutes of ENL services to Entering and Emerging ELLs/MLLs by allocating 180 integrated minutes and 180 stand-alone minutes to fulfill mandated services. Within the ENL program, stand alone may be provided in a separate location like the ENL classroom or in small group work within the students classes. In the Dual Language Setting, stand alone ENL instruction is provided within the small group instructional time in the classroom.

Students on an Entering proficiency level receive 180 ENL minutes and 180 minutes that support ELA instruction. Emerging students receive 90 minutes of ENL services and 180 minutes of ELA-guided instruction. The remaining 90 minutes are flexibly used within the core content areas such as social studies, math, and science. ENL Students with the Transitioning proficiency level receive 180 minutes with 90 minutes of services being flexible to options of either Stand Alone or Integrated setting, based on the student's individual needs. Transitioning students receive 90 minutes of core content support with a flexible remaining 90 minutes of either ENL support or additional core content support. Expanding students receive 180 minutes of mandated ENL services, in an integrated setting, within the classroom. ENL and Dual language teachers administer SOLOM, conduct an informal observation and confer with classroom teachers to help determine if student should receive flexible .5 unit of study in stand alone ENL or Integrated ENL in core content for EM and/or TR students. Expanding students receive 180 minutes in either ENL/ELA or other core content areas. Commanding students or former ELLs/MLLs continue to receive ENL services for an additional two years to support them in their core content areas. Both ENL and DL teachers provide opportunities for former ELLs to assist and provide peer modeling to other ELLs to improve their understanding.

The P.S. 24 testing coordinator is responsible for ENL programming in Stars and the ENL teachers are responsible creating their daily schedules.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL and Dual language (DL) teachers serve ELLs/MLLs as per CR-Part 154-2 and the RLAT that lists students who are eligible for ENL services.One licensed ENL teachers provide ENL instruction for all ELL students in Kindergarten and first-grade monolingual classes. Our school has three New York State- Certified English Speakers of Other Languages teachers who will provide the ENL mandated minutes to students in the ENL program.One licensed ENL teacher delivers ENL instruction for all ELL students in grades second and third in our monolingual classes. The third licensed teacher delivers ENL instruction for all ELL students in grades four and five in our monolingual English speaking classes. All Dual language teachers are NYS certified either with a Bilingual license or bilingual extension.

Entering level ELLs/MLLs get 360 minutes a week; 2 units of study per week. 180 minutes will be stand alone ENL curriculum. Within the ENL program, students from different classes are combined to be instructed in both oral language, written vocabulary and grammar in a separate ENL classroom based on their proficiency in English. However, in DL programs, teachers group students by proficiency level and academic need to provide instruction in vocabulary, grammar and oral language development within their classrooms.

ENL Teachers are using a Newcomer curriculum for stand alone called, Get Ready, Sail! for entering/emerging level students in grades 1-3 and Get Ready, Soar! for entering/emerging level students in grades 3-6. In both ENL and DL programs, emerging ELLs get 360 minutes a week; 2 units a week. However, there is flexibility in delivery. 90 minutes or .5 unit of study is delivered within the ENL curriculum and either 90 minutes of stand alone ENL or 90 minutes of integrated ELA instruction and or core content. Transitioning level ELLs/MLLs receive 180 minutes;1 unit of study per week. 90 minutes or .5 unit of study in ENL/ELA or .5 unit of study can be stand alone ENL or integrated ENL/ELA instruction. Expanding level students receive a minimum of 180 minutes or 1 unit of study per week. Their supports are not flexible with 1 unit of study in ENL/ELA. Commanding level students are entitled to 90 minutes or .5 unit of study per week of integrated ENL in ELA for two years.

ENL and Dual language teachers provide language support in Home Language Arts and English language Arts to MLLs/ELLs by incorporating the four modalities of speaking, listening, reading, and writing. Teachers use translanguaging, translation devices/apps to support students of various linguistic backgrounds. In DL programs based on the CR Part 154-2 adapted for Bilingual programs, in addition to the units of study for ENL, students will receive 1 home language arts unit of study and a minimum of two units of bilingual content area subjects. At P.S.24, the dual language program follows a weekly rollercoaster model to ensure students are receiving an equal amount of ELA and HLA instruction.

Within Integrated ENL/ELA instruction, both DL and ENL teachers service all MLLs/ELLs within ELA instruction. Students who receive Integrated ENL services will be seen in their classrooms and supported in small groups to work on the ELA lesson alongside their peers, supported by additional explicit instruction, vocabulary front-loading, visuals, and concrete realia materials. ENL teachers and classroom teachers collaborate purposefully to incorporate HMH Into Reading Curriculum and language supports to promote academic language and achievement in all content areas. ENL teachers use materials and instructional resources that are linguistically, age/grade appropriate, and aligned to the Next Generation Learning Standards. In addition, DL teachers collaborate in grade teams with general education teachers and other DL teachers to plan the ELA, HLA and math units per month.

Within the ENL stand alone/integrated instructional minutes teachers provide home language supports. Students are paired with other students of various language proficiencies to support each other in the home language and English. Teachers provide texts in the home language when possible or translate key concepts to students in their home language to support understanding or clarify concepts. In addition, teachers use a device called Pocket Talk when it is language that they speak or another student to build rapport and help with student understanding.

ELLs in the Dual classes are in grade appropriate classes and are grouped heterogeneously and based on their on their IEP mandate. Dual Language classroom teachers receive an official ELL list with their students' proficiency levels with the corresponding mandated instructional minutes for each ELL in their class. Currently, 192 of our ELLs are serviced in the Dual language program implementing the rollercoaster model. The rollercoaster model is one week English Mornings and Spanish afternoon and second week will be Spanish morning and English afternoon. Students receive 50% of their instruction in English and the other 50% in Spanish. This gives all students in the Dual language setting at PS24 an equitable amount of instruction in both their home language and second language development. The curriculum chosen for ELA and Math have materials, texts and teachers guides in to in English and Spanish to support home language arts instruction. Teachers use Estrellita in the lower grades to build Spanish phonics skills while in English they use Fundations. In addition, they use Heggerty to develop phonemic awareness in both languages. For students who need additional phonics support in Spanish, teachers are using Aprendo y Leyendo curriculum. Within the Dual language setting, students are taught core content in both languages. Teachers are using utilize cognates, student partnerships and translanguaging when necessary to support home language instruction. ENL teachers co-plan and use different co-teaching models to teach integrated instruction in the classroom. Dual Language teacher co plan and co teach with their grade level colleague to provide ELA, HLA core content instruction,

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Currently at P.S. 24 we have Spanish/English Dual Language classes in grades K-5 are following the one-way DLBE rollercoaster model that alternate the Spanish and English languages weekly. Kindergarden through fourth grade have two dual classes. Fifth grade has one dual class. Our Dual Language classes' goal is to be heterogeneously grouped so that 40-50% are English Proficient and 50% are Spanish proficient speakers however we have more ELLs than non-ELLs. ELLs and English proficient students are integrated into all of our Dual Language classes for the entire instructional day. All classes in grades K-5 are self-contained dual-language classes, 50% of the instructional day is in English and 50% is in Spanish. The exception to this model is our Pre-K Dual Language class that will be taught 80% of the time in Spanish and 20% in English every day.

b. In which language(s) is each core content area taught?

In our Dual Language classrooms, all core content (Reading, Writing, Math, and Social Studies) is taught in both Spanish and English, except that two cluster teachers teach Science in grades K-2 and 3-5, in English only.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

In the 2024-2025 school year, in a population of 502 students, 243 students are Current ELLs (48.4%). Newcomers (with up to 3 years of service) make up 85.6% of the ELL population (208 students). There are 35 Developing ELLs (14.4%) with 4-6 years of service. Newcomers in entering or emerging levels receive small group stand-alone instruction, supported by hands-on learning and phonics instruction. Developing ELLs who are at higher proficiency levels receive support both in and out of the classroom (depending on their NYSESLAT proficiency level), supporting their classroom curriculum.

All ELLs are provided with differentiated lessons, targeted vocabulary, visuals, sentence stems, REALIA, TPR and small group instruction. In addition, all ELLs are provided integrated language instruction in the classroom in which the ENL provider supports content and language instruction simultaneously. However, there are differences in the instruction provided. Newcomers in entering or emerging levels receive small group stand-alone instruction, supported by hands-on learning and phonics instruction with an ENL or Bilingual certified teacher. ENL teachers are using a separate English Language Learning Curriculum for newcomers in stand alone instructional time. This curriculum is called, Get Ready! Sail! and Get Ready! Soar! depending on the grade level. This research based curriculum is culturally relevant, student-centered and is specifically created for Newcomers. Newcomers participate in a new arrival and ELL Spanish intervention morning group which consists of newcomers and developing ELLs who demonstrate the need for support.

ENL and Bilingual teachers may support ELA instruction by using other instructional materials to build background knowledge or build on content being taught in class. For example, ENL teachers working with transitional level students may use 90 minutes of their flexible integrated time to do an interactive read aloud or guided reading on the same topic or utilizing the same skill taught in class. They may do an enrichment activity to support student understanding or small group instruction on foundational skills or grammar. All teachers are using HMH Into Reading curriculum student and teacher materials for support with some of this work, such as, Module lessons, Read and Respond, Know It- Show It, Table Top and HMH Grammar Lessons. In addition, Developing ELL's who are at risk in ELA, receive tier 2 small group instruction before, during or after school using Sound Sensible, S.P.I.R.E, Heggerty or a double dose of Fundations to develop foundational skills.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At P.S.24 we have 5 SIFE students which make up 2.1% of the ELL population. Students identified as SIFE receive instructional support in small group by their ENL/Bilingual/Classroom teachers. In the upper grades, teachers are using Heggerty (in both English and Spanish depending on whether the SIFE student is in a dual language setting) and Fundations to support foundational skill building. Students who are receiving ENL services in an English only setting are also provided stand alone instruction using Get Ready, Soar! as the curriculum is responsive to not only Newcomers but SIFE students.

Some newcomers participate in an early morning and afterschool enrichment program to build English language skills using our stand alone curriculum, Get Ready, Soar or Ready Set Go, Newcomers! In addition, the morning or afternoon programs offer musical theater and percussion to support Newcomers and SIFE students find comfort amongst peers and develop linguistic skills together as they start to adapt to a new culture.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently, at PS. 24 0% of our ELLs are long term ELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

5.6% of PS. 24 students are former ELLs that tested out in 2023-2024 and 1.8% of our former ELLs tested out in 2022-2023.ENL teachers are ensuring that commanding level students who are entitled to the 90 minutes of integrated instructional time receive ELA/ENL instruction for the two additional years. Former ELLs still receiving mandated ELL support are provided with differentiated lessons, in small groups, to continue and maintain linguistic progress in reading, writing, speaking and listening.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At PS 24, 164 ELL students or 67.6 % fall under 2 or more at risk indicators out of the 243 ELL/MLL total population. The most prominent at risk factor at PS 24 is that 85.6% of our ELLs/MLLS are newcomers with less than three years of ELL services. Another trend is that 39.5% of our ELLs/MLLs live in temporary housing. As a school we have enrolled many recently arrived immigrant students who are living in temporary housing. Many have lived in an inconsistent setting often times having to miss school due to mandated appearances that often led to relocation. 32.5% of ELLs did not demonstrate sufficient ELP progress on the Spring 2024 NYSESLAT. However, the above factors (85.6% are newcomers and 39.5% are in temporary housing) have a direct impact on student progress. The NYSESLAT is not an optional exam so students have to take this exam whether they have been here all year or just two days. In addition, the ELP progress report indicated that of the active 243 ELLs,79 ELLs did not demonstrate sufficient ELP progress.

Other notable at risk factors are:
12.8% of ELLs scored level 1 or 2 on the ELA exam last year.
4.5% scored level 1 or 2 for the last two years.

16.5% of ELLs scored 1 or 2 in math last year
5.8% of ELLs scored level 1 or 2 for the last two years.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

One notable trend is the need to target former ELLs who have scored a level 1 or 2 on the ELA and Math exams. There was a 5.4% increase in former ELL students who were at risk in math last school year. 16.2% of former ELLs scored at a level 1 or 2 in math last year compared to 10.8% in the year 2022-2023. There was a 10.8% increase in former ELL students who were at risk in ELA for the last school year, this year. 29.7% of former ELLs scored at a level 1 or 2 in ELA last year compared with 18.9% in the year 2022-2023.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The majority of our ELL population speaks Spanish at home with a total of 219 students. Following this 5 students speak Chinese, 8 speak Arabic, 4 speak Russian, 5 speak French, 1 speak Hindi and 1 student speaks Portuguese . As a school, we try to hire multilingual staff members to ensure, the best we can, that we can communicate with families. In addition, our school secretary inputs the family's home language and all family communication notices from school are delivered in the parent's preferred language based on the home language survey . Class dojo, is an application parents and teachers can use to directly communicate with one another. Class Dojo messages are shared in multiple languages. It gives the option to translate for families and teachers to ensure there is not a language barrier. Teachers also have access to the DOE translation telephone line if it is a language that we do not have access to in the school building. To further enhance accessibility and support communication and learning that values our students' home language, we provide interpretation services through our multilingual staff and the use of translation devices (PocketTalk) and language tools (dictionaries/glossaries etc), fostering a truly multilingual and multicultural environment.

During the school year, we celebrate families and their cultural celebrations. We have a big Unity Fair every spring welcoming all of our students to share their home languages and celebrate their cultures and identities. We also share a Diwali celebration with our school
community sharing language, culture, traditions and customs. We celebrate Hispanic Heritage Month, we have potlucks and cultural performances for students and families throughout the year to learn about each other's languages, customs and values.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Of the 243 ELL students at PS 24, 220 are Hispanic ELLs and 23 are Non-Hispanic ELLs.
The largest population are White ELLs composed of 58.4% ELL students. White Hispanic ELLs make up 59.1% with White Non-Hispanic ELLs making up 52.2% of the ELL population. 35% of our Hispanic ELLs are American Indian or Alaskan Native totaling 31.7% of ELLs. 3.3% of our ELL population are Asian with 26.1% being Non-Hispanic Asian ELLs and .9% being comprised of Hispanic Asian ELLs. 4.5% of our ELL population are Black and 21.7% are Non-Hispanic Black ELLs with 2.7% being Hispanic Black ELLs. Hispanic Native Hawaiian or Other Pacific Islanders making up.5% which is .4% total ELL population. The Hispanic Multiracial ELL population make up 1.6% of our ELLs.

PS 24 is committed to promoting equity, diversity and inclusion to ensure that English Language Learners are fully included in the planning and delivery of a culturally responsive and sustaining education. Our approach is rooted in the principles of equity, diversity, and inclusion, ensuring that every student feels a strong sense of belonging within our Dual Language school community.

The Equity team shares a theme every month and provides texts to grade bands with slides for teachers to facilitate class discussion, support explorations, and understanding around particular themes that culturally engage all students. To include all ELLs and support discussions, student- teacher and peer engagement and support academic performance, we provide educators with Pocket Talk translators to more smoothly facilitate conversations in all of our students' home languages. We ensure to include all languages, cultures, entities and identities in our curriculum, to make it relatable to our student population.

In our classrooms, we differentiate instruction and design lessons that reflect and respect the diverse cultural backgrounds of our students. This includes the integration of culturally relevant literature, projects, discussions, celebrations, fairs and learning communities, which not only validate the students' own cultures but also expose them to other cultures around the globe. By doing so, we create an inclusive educational experience that supports the academic and social-emotional growth of all students, particularly our ELLs. Our Dual Language classes offer instruction in both English and Spanish. Our Monolingual classes offer support with an ENL teacher: this helps us support our Language Learners across all racial and ethnic classifications.

We include ELLs and their families in our school effectively, as we employ a variety of communication methods for varying meetings and gatherings throughout the academic year. These include phone calls in their preferred languages, messages on ClassDojo, Zoom conferences with interpretation, in-person meetings with interpretation, and other virtual platforms, as well as celebrations and fairs. This multifaceted communication strategy ensures that all families can participate actively in their children's education. To further enhance accessibility, we provide interpretation services through our multilingual staff and the use of the DOE translation unit, translation devices (PocketTalk), and tools (glossaries/dictionaries), fostering a truly multilingual and multicultural environment. We often welcome families to participate in school events, and even offer a monthly "Family Day" as we welcome them into their Childs' classroom learning environment.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

20.9% of ELLs met ELP progress by exiting ELL status, 16.4% met annual progress target, 3.7% met safe harbor cumulative growth while 59% did not make progress. Of the total 243 ELLs, only 187 students had a 2024 NYSESLAT proficiency level. Of the 187, 81 students had a valid test but had no previous exams. 79 have not met progress yet, but 22 did make annual growth and 5 were in safe harbor. The number of students who tested out of the exam tripled from 9 in Spring 2023 to 28 in Spring 2024.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

In 2024 First grade ELLs at PS 24 showed improvement on the reading modality of the NYSESLAT. Out of 47 students who took the test, 10 students showed strength by answering more than 90% of the questions correctly on the reading. Also in 2024, 24 out of 45 ELLs and former ELLs in grade 3 showed strength in the listening modality .

Additionally, 19 out of 45 ELLs in 3rd grade showed strength on the speaking modality of the NYSESLAT by answering more than 90% of the questions correctly. Grades 2-5 demonstrated the most growth on the speaking component with students answering more than 90% of the questions correctly compared to other modalities. 5th grade demonstrated the hightest numbers of students showing strength on the writing component with 10 students answering more than 90% of the questions correctly.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Expanding and Commanding Level ELLs are meeting state standards on Math state assessment scoring at a level 3 or a 4 and 1 commanding level ELL scored a 3 on the ELA state assessment. On the 2024 Math test students across all proficiency levels scored at a level 3, with the majority being on the expanding and commanding level. Students across all proficiency levels scored a 1 on the ELA exam with 1 commanding level student scoring a level 3 on the ELA. This shows that students who are at a higher proficiency level on the NYSESLAT perform better on the ELA exam. Out of 59 ELLs and Former ELLs, 12 students on the expanding and commanding level received a 3 or above on the 2024 Math exam and 3 students on the entering-transitioning levels scored a 3. The students on a commanding proficiency level were the students who scored a 4 on the Math state assessment.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Students with Interrupted Education demonstrate challenges in English language proficiency and often score lower on the NYSESLAT. All 3 SIFE students at PS 24 scored at the entering and emerging proficiency level. SIFE students are approximately 2 to 3 years below grade level on both math and reading. SIFE students often face significant gaps in their education due to varying circumstances. Educational disruption impacts SIFE students' ability to access academic speaking, listening, reading and writing skills in their home language, making it difficult to transfer prior learning to a new language, English.New language barriers affect both SIFE and students with IEPs which add to their learning challenges. ELLs with IEPs have learning disabilities that can impact their ability to score at a higher proficiency level on the NYSESLAT. However, ELLs with IEPs score higher on the NYSESLAT than Students with Interrupted Education. Out of 60 ELLs with IEP's 41 students scored on a transitioning level or higher, with 19 students scoring on an entering and emerging proficiency level on the 2024 NYSESLAT.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

When considering the school's instructional design, we utilize the current curricula to provide equitable access for our English Language Learners (ELLs)/multilingual learners and their learning experiences. We want students to be active and inquisitive learners. Our MLLs and ELLs will be provided with opportunities to be engaged in deep learning through relevant, classroom discourse and high-complexity tasks in our HMH-Into Reading and HMH-Arriba la lectura (ELA), and TERC Investigation (Math) curricula for grades 3-5 and Imaginary Math in lower grades K-2. During HMH-Into Reading and HMH-Arriba la Lectura periods, the lessons begin with front-loading key vocabulary and opportunities for students to make connections between their home language and English for the lesson at hand. Both HMH-Into Reading and HMH-Arriba la Lectura are designed for teachers to teach foundational reading skills, vocabulary and reading comprehension. Students learn about different writing genres and use graphic organizers and highly supportive resources to write their own pieces of writing within those genres. In addition, there are differentiated lessons for small group instruction within the HMH curriculums such as English Language Development Tabletop Minilessons and Read and Response Journals, so that teachers can scaffold this work while other students work independently.

We teach with all students in mind, through the lens of finding ways to connect the content. This includes, but isn't limited to, project-based learning while attending to our students' backgrounds, culture, and experiences. For example, students created posters about their cultures to share at a school Unity Fair. Trips have been planned throughout the school year to enhance the units of study by giving students real life exposure and experiences. The school's leadership team also values the knowledge, language, and culture of our MLs/ELL's and plans opportunities throughout the year for them to see the representation of this in the school day. Our math curriculum provides students with multiple access points utilizing manipulatives, games, and multiple opportunities for students to not only learn strategies from the teacher but from each other. The goal is not to teach rules but deeper understanding of math concepts as students progress and become grounded in the foundations of math. In all subject areas, language development is at the forefront with talk protocols, sentence stems, translations using devices such as pocket talk or phone translation apps, and visual supports to encourage students to use tier 2 and 3 vocabulary in discourse.

In addition, the school has provided academic and linguistic supports before and after school as well as on Saturdays.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At P.S. 24 our leadership team is deeply committed to ensuring that all student and especially our ELLs, who make up nearly half of our population, have equitable access to rigorous, grade-level instruction. Funding is prioritized accordingly to ensure that our students have a rich social and academic experience. We are in year two of our K-5 HMH implementation. There is s strong emphasis on vocabulary and discourse during instruction. K-2 will be implementing Illustartive Math whic also focuses on making sense of math through the use of models and discussion.
Every decision we make is driven by the question: How does this support our multilingual learners? With this mindset, our school goals and structures are intentionally designed to accelerate language development and academic achievement for ELLs through inclusive and high-leverage practices. Our School Leadership Team ensures access to the core curriculum for ELLs by closely monitoring the alignment between learning activities, language objectives, and assessments. All units and lessons are reviewed during grade team meetings through the lens of language development, ensuring that ELLs are not only accessing content but also building the academic language necessary for success. Lesson plans include both content and language objectives, and assessments are scaffolded or adapted so ELLs can demonstrate understanding in multiple modalities while continuing to develop English proficiency.

We prioritize culturally responsive instruction as a cornerstone of our pedagogical approach. Teachers are expected to include texts, themes, and experiences that reflect the diverse cultures of our students, and we invest in professional development that equips staff to validate and affirm students' home languages and backgrounds. Our arts integration initiative further enriches this work. Through partnerships and arts-based residencies, we support ELLs in expressing ideas and building vocabulary in creative and culturally sustaining ways, using music, dance, drama, and visual arts to enhance comprehension and expression.

Collaboration is key to our success. We provide all classroom teachers with an additional period dedicated to analyzing data, co-planning and professional development, ensuring that instruction is cohesive, differentiated, and linguistically responsive. During this time, teachers analyze student work, identify linguistic demands of upcoming content, and plan supports to ensure ELLs can engage meaningfully with rigorous tasks. School-wide, each grade is provided common prep scheduling throughout the week to have an opportunity to co-plan and collaborate. ENL teachers have access to all class schedules and service provider schedules via the school Google Drive to facilitate with co-planning and collaborative efforts.
To support ELL access to grade-level work, we emphasize the use of scaffolds, including sentence starters, visual aids, bilingual glossaries, and graphic organizers. These tools help students participate fully in instruction while building the skills to eventually access content independently. We also implement student discourse protocols such as turn-and-talks, sentence frames, and collaborative group roles to ensure that ELLs have structured opportunities to develop oral language and academic thinking.

Data-driven instruction is embedded into our school culture. We use multiple sources of data, including NYSESLAT results, formative classroom assessments, and language acquisition checklists to track student progress and inform both whole-group and small-group instruction. Our leadership team meets regularly with grade teams to review data and plan next steps, ensuring instruction remains responsive to student needs.

ENL teachers utilize a curriculum called Get Ready, Sail or Get Ready, Soar to meet the linguistic and content needs of students. ENL teachers use repetition, visuals, songs, videos and realia within this curriculum to support language development. ENL teachers utilize translanguaging, cognates and visual word walls to build vocabulary and support student usage and understanding of English vocabulary.
ENL teachers use 95 Phonics Core Program, Fundations and Heggerty to provide to establish a strong foundation for lifelong literacy by building skills in decoding, word recognition, and spelling. ENL teachers utilize Finish Line and Getting Ready for the NYSESLAT.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Currently, core content is delivered in both Dual and ENL programs. All teachers meet as a grade team and plan for all students with a focus on ELLs and SWD's supports. In dual classrooms, students learn content, math, and literacy in both English and Spanish. However in the upcoming school year within the ENL program, teachers will use translanguaging within the integrated and stand alone instruction. Dual language teachers utilize translanguaging and cognates to support bilingual language development. All lessons include language objectives, academic vocabulary (tier 2) and content-specific vocabulary (Tier 3 words). All teachers provide content area support for ELLs within the DL and ENL programs by using scaffolds such as sentence starters, visual and verbal prompts. All teachers front load key vocabulary from the ELA curriculum by providing visuals, definitions, examples and if applicable, the use of TPR. Teachers then display the key vocabulary in English (if in Dual language both English and Spanish) to encourage students to utilize the new vocabulary. Students use graphic organizers within HMH into Reading/Arriba la Lecture in order to provide a way to organize information from texts and their own ideas. In addition, graphic organizers provide ELLs with a systematic tool to help produce high-quality discussion and to plan their writing. Teachers provide opportunities for oral language development to students during their talk protocols, small groups, and whole-class discussions. All content areas are thoroughly planned with our ELL population in mind. Teachers are utilizing HMH Into Reading Tabletop Minilessons for English Language Development which provides a visual, a supported text read aloud, questions and prompts to support listening, speaking, reading and writing.

Throughout the day, teachers meet with students in small groups to target academic and linguistic goals. Teachers utilize assessments and observations to determine supports needed. To support for example phonics work, both ENL and Dual language teachers may reteach a concept from their Fundations lessons or provide support using another curriculum such as Spire or Sound Sensible. For students who are learning phonics in Spanish in the Dual language program, teachers may target goals from Estrellita or provide support using another curriculum like Aprendo y Leyendo. When teaching phonics, teachers use echo reading during reading tasks, they utilize visuals to teach new vocabulary and routine and repetition within these programs support language development in both languages.

In the upcoming 2025-2026 school year Core content is delivered in both dual and ENL program through the HMH Into Reading/Arriba la Lectura. Discussion protocols will continue to be used in both Spanish and English to foster language development and build academic vocabulary and discourse. The HMH units are aligned to the Next Generation Standards, focusing on the priority standards assigned by the DOE. All teachers will meet as a grade team and plan for all students with a focus on ELLs and SWD's support. In dual classrooms, students learn content, math, and literacy in both English and Spanish. Students within the ENL program learn content in English. K-2 teachers in both the ENL and Dual language programs will be utilizing Illustrative Math curriculum which utilizes manipulatives, games, visuals, and stories which are highly supportive to all language learners to understand mathematical concepts. 3-5 teachers in both the ENL and Dual language programs will utilize Investigations Math, which also uses concrete examples, games, and visual models. Although grade bands are utilizing different curriculum, all students in the ENL and Dual language programs participate in discussions around mathematical topics in which teachers utilize sentence prompts and physical prompts like thumbs up and thumbs down to indicate whether they agree or disagree with a peers response to a math question.

All classes will continue to use Passport Social Studies program which is aligned to the Next Generation Standards and follows the social studies scope and sequence. All lessons include language objectives and content specific vocabulary (Tier 3 words). K-2 student are provided linguistic support within our science classes as the teacher teaches the content in both language to Dual language students and provides the content support to ELLs in the ENL

program in Spanish if they need the linguistic support to bridge their learning. While the students in grades 3-5 are provided their science instruction primarily in English, the upper grade science teacher utilizes translation and translanguaging to support student learning and engagement.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers implement the accommodations and modifications recommended in students' Individual Education Plan to further support. Teachers implement various teaching instructional strategies and models when working with MLs/ELL's and ELL's with IEPs. Teachers plan and integrate various co-teaching models and small group work to meet the diverse needs of the students. Students in the Dual Language program are offered content in both Spanish and English. All teachers including cluster teachers utilize HMH Into Reading and incorporate the "Say Something" reading strategy where students take turns reading a section and cover it up and "Say Something" about what they just read. Another reading strategy teachers use for example is the "The Big Picture" where ELLs with IEP sketch a simple presentation about the text. In general, teachers use talk Protocols that build over each grade. Students build academic language and develop academic discourse with the use of talk protocols by providing sentence starters. These protocols are used in both Spanish and English. Depending on students' proficiency level, ELA/Math conceptual understanding and IEP, teachers incorporate various strategies.
For example, students who are ELLs but also may have speech and language impairments, teachers may have visual word walls with content vocabulary, sentence stems to encourage oral and written responses and access to Fundations/Estrellita alphabet charts to support inventive spelling. Teachers use differentiated paper choices for written responses depending on students writing/fine motor needs. Students may be provided additional time to complete a task, smaller group for instruction through parallel teaching and station teaching. ENL and co-teachers may provide additional resources such as visuals, videos, or realia to further understanding for students who have difficulty with auditory processing or who's cognitive and language needs required additional exposure to the content. Teachers utilize manipulatives when possible to support with concept development. Teachers partner students for linguistic and conceptual support of new or continued learning.Paraprofessionals who work with students are included in the teachers' plans to ensure the student is able to meet their specific content and linguistic goal for the lesson. Teachers utilize Pocket Talk or Ipad translation apps to translate to the home language and allow students to use it as well. Board maker icons are used to support communication between student, teachers and peers. In addition, students with IEP use ASD Communication device, speech to text google extention, Waggle, Writable, Google Lens for translation, Flocabulary, and graphic organizers to provide comprehensible input of the grade-level materials.

b. SIFE

Students with Interrupted Formal Education (SIFE students) will be placed in a program, Dual or Freestanding ENL based on parent options and language needs. When possible, the teachers will provide one-to-one or small group instruction to support the students in both their native language and new language. Before an instructional plan is incorporated, teachers assess students in order to provide the necessary support needed. Results from the SIFE screener are provided. The instructional plan for SIFE students often incorporates enriching a student's native language through literacy and oral language, while also providing exposure to all content areas. Teachers provide opportunities for students to work in partnerships with students who speak the same home language and expose students to life experiences. Additional support in ENL is also provided to SIFE students in both the ENL and Dual

Language programs. These students are provided instruction using our stand alone curriculum, Get Ready, Sail or Soar. In addition, teachers utilize foundational skills materials/curriculum such as Heggerty and Fundations. All SIFE students are encouraged to participate in all P.S. 24 before and after school instructional programs. Students utilized an online program called Sound Sensible to build vocabulary and phonemic awareness in English. Teachers create lesson plans that is more culturally and linguistically responsive to reflect students' home cultures and languages. At PS 24, we post signs through outside and inside the building, in students's languages. SIFE students are encourage to share their culture with the class. Teachers provide explicit instruction in literacy skills in an age-appropriate manner, access to literacy-rich environments and print materials, and combine language and content instruction. Teachers implement provide material that taps into students' prior knowledge and experience. This implementation will allow SIFE students to start with the concrete information before building up to the abstract. If SIFE needs further scaffolds, teachers use scaffolds to fill the gap by creating visuals or by using technology. In addition, teach students learning strategies that they can use in the future. These strategies may include how to recognize cognates, looking for the heading of a chapter in pre-reading exercises, and using a dictionary,

c. Newcomers

Newcomers are often placed in a Dual Language or ENL program based on parent preference and language needs. Newcomer students receive standalone ENL instruction in small groups by the ENL teacher when placed in the ENL program with native language support. ENL teachers utilize a newcomer curriculum, Get Ready, Sail or Get Ready, Soar to meet the linguistic and content needs of students. Teachers use repetition, visuals, songs, videos and realia within this curriculum to support language development. ENL teachers utilize translanguaging, cognates and visual word walls to build vocabulary and support student usage and understanding of English vocabulary.
Dual language teachers do not use the newcomer curriculum however, they provide small group instruction to support newcomers English and Spanish language development.

In both the Dual language and ENL programs, students can receive differentiated instruction and receive support in their native language. Cognates, word associations, and other language skills are taught to students. In both ENL and Dual Language programs, teachers utilize the students first language to support the acquisition of a skill. For example, translated copies of a text from an ELA lesson and the teacher if possible, reteaches the lesson in the students first language or using HMH Arriba la lectura within the ENL program for newcomers to support learning of skills. During writing lessons, teachers in both ENL and DL programs, newcomers complete writing tasks in their home language and gradually students begin to write in English with use of sentence frames.

In both Dual language and ENL programs, students are utilizing, Waggle (which supports ELA and HLA) and in the grades 3-5 Writable (which also supports ELA and HLA) to support academic and language development. Teachers send targeted lessons to students based on their linguistic and academic levels. Students use translation options on their iPads in the upper grades to support their language needs independently. Options like Google lens helps translate documents especially when it is not a language spoken by the teacher.

Books and technology are used as tools for learning. Literature in the students' native language is placed in the classrooms to help support students' native language. Dependent on funding, teachers will continue placing students in after-school partnership programs such as Disney Musical in Schools and Brooklyn Conservatory Program to help foster peer socialization and support. Students are encouraged to participate in all P.S. 24 instructional programs. Newcomer ELLs are offered a place in the morning program, k ELL after school program or Saturday Title III programming to further support their language development.

d. Long Term ELLs

Currently, PS 24 does not host any English Language Learners (ELLs) who are Long-Term ELLs but we have devised a plan for ensuring quality instruction for these students. The plan would include inviting students to an after-school Guided Literacy program. Students will use a variety of materials and resources to enhance student learning. Small groups would consist of no more than six students. Individual instruction would be considered for students who have not passed the NYSESLAT and continue to receive ENL services after 6 years. The ENL teacher would service these students for the mandated ENL time required by New York State and additional weekly periods to improve language and academic development.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We use curricular, instructional, and scheduling flexibility to meet the diverse needs of our ELL-SWDs within the least restrictive environment by ensuring that there is proper communication amongst all the teachers providing services. ENL teachers work closely with classroom teachers for integrated instruction and other service providers to ensure students are receiving the appropriate services and supports needed to facilitate their understanding, such as in the event of a scribe or other accommodations / modifications in accordance with their IEP goals. In the event of pull out / stand alone services, ENL teachers work to ensure schedules do not conflict with other service providers. Classroom teachers and service providers will meet periodically to discuss specially designed instruction to support ELL-SWDs access to the general education curriculum. Our school uses flexible programming by placing ELL-SWDs in ICT classrooms where 60% of students are general education students and 40% are students with disabilities. Some ELL-SWDs are placed in ICT classes based on parent choice, classroom observations, and communication with all related personnel. We also use Sped Dual ICT teachers to service SETSS students in other classrooms. In our general education setting, there are some students who have an IEP as well. In addition, our school has the Horizon program to support students who need a more restrictive environment. ENL teachers discuss student needs (social emotional, academic and linguistic,) based on their IEP and observation to ensure that students receive instruction that will support students best.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

During the ELL in-take process, students are given an individual interview in English and their preferred home language. The ENL team utilizes the DOE Language Translation line to connect with interpreters when the students speaks a language other than English and Spanish to determine students ability to communicate in their preferred home language. In addition, Spanish speakers in both ENL and Dual Language programs are given the Spanish LAB. Students who are considered SIFE, are given the Multilingual SIFE Screener in their preferred home language. Classroom teachers receive a copy of the SIFE screen report.

mCLASS Lectura (through Amplify) is used for the K-2 Dual language classes as a beginning, middle and end of school year benchmark screener, and Progress Monitoring. For Grades 3-5 the MAP (in Spanish) is used for beginning, middle and end of school year benchmark screener to formally assess in Spanish. Estrellita/Lunita assessments are also used.

In addition to these formal assessments, students take ELA/HLA HMH and content unit assessments in Spanish within the Dual language program. ELL students in the ENL programs who need the unit assessment in Spanish (mostly utilized for newcomer students) can take the assessment in Spanish and ELL's who prefer to take in English will take the same assessment as their classmates.

.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

School-wide, each grade is provided common prep scheduling throughout the week to have an opportunity to co-plan and collaborate. ENL teachers have access to all class schedules and service provider schedules via the school Google Drive to facilitate with co-planning and collaborative efforts. ENL teachers are included in ELA professional development provided for the grade levels they service or whole school initiatives to ensure all stakeholders are receiving the most up to date information in regards to curricula. At P.S.24, it is encouraged that all ENL and/or service providers are an integral part of the instruction happening in any classroom. Therefore, various teaching models are utilized to support instruction. It is expected teachers share plans and utilize preps, Google Drive and other forms of communication to ensure cohesive instruction.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

All professional development at PS 24 has, as its central focus, the development of teachers to improve their practice as aligned to the Danielson Framework, the development of curriculum as aligned to the Next Generation Standards and the school's instructional focus based on our vision and mission statements. These frameworks provide the basis and focus for all PD conversations. All HMH Into Reading PD, Academic Language PD from the district office, Inquiry Data Meetings by grade, Literacy support from the district office, using primary and secondary services to support ELA/Math and Content Curricula, SESIS special education support by Special Ed Team, Guided Literacy by Early Reading Matters, and staff meeting discussions are aimed at improving teacher practice. All Monday PD sessions, Tuesday professional work, and weekly common preps aim to design a coherent curriculum that engages and prepares students to meet the Next Generation Standards. During this timek teachers receive professional development on , LETRS SOR, and ongoing support with Math and ELA consultants. In addition, teachers have received PD through HMH to unpack the new curriculum they will be using.

All professional learning is delivered with the lens that all students are language learners so peer engagement that is student centered with discussion protocols and other language supports are implemented. Our HMH Into Reading and Math PD will focus on small group instruction specifically how to move from teacher centered to student centered learning. Developers will teach strategies to support ELLs within the new ELA curriculum to grow vocabulary and content knowledge. Our math consultant will focus on students grappling with the use of concrete models, student discourse using mathematics vocabulary to explain their thinking with a peer.

We will also participate in professional development via our district around safety and equity to ensure cultural

responsiveness including a partnership with Bank Street.

In school, all personnel are trained on working with our community parents and teachers on an individual basis and as needed. We keep an electronic google.com calendar of professional development and all PD activity is maintained in this calendar. Staff will be encouraged to continue to participate in NYPS and Districtwide PD.

Our guidance counselor and parent coordinator attend Middle School Articulation workshops. They also attended the Community School Board meeting where the superintendent and middle school principals presented and discussed the middle school articulation process.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In response to our school community and the importance of continued professional growth to meet the needs of our ELLs, teachers are provided opportunities to participate in professional learning offered via the district office and other organizations.
The ELL coordinator and ENL providers attend a monthly ENL Working Group meeting at the district office led by Cera-Jann Guevara
Giles the ML/ELL service administrator. In addition, teachers participate in various PD opportunities via Fordham and NYU RBERN for example, some teachers participated in a Newcomer PD series via NYU RBERN during their professional learning time. ENL Teachers participated in a PD to learn about the SIFE screener and how it could support teachers. ENL teachers participated in a PD via Fordham University RBERN about Distinguishing between Language Acquisition from Learning Disabilities.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use a variety of tools as a screener for both English and Spanish to guide instructional planning and intervention. Lower grades (k - 2) use (ALO) Acadience Learning Online for foundational work in English and for Spanish. For Grades 3-5, the MAP Growth (in English and Spanish) is used for beginning, middle, and end-of-school-year benchmarks. ENL teachers review Acadience and MAP Growth screener results to form targeted small groups, such as vocabulary. The data is also used to plan for AIS and RTI cycles. In addition, we use SOAR as a reading screener to place our ELLs in a specific skill group during our morning (What I Need) period.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Newcomer and SIFE students attended an early morning instructional group utilizing the stand alone curriculum, Get Ready Soar! to support with English language development.
During the school day, Newcomer, SIFE or developing ELLs with similar foundational reading skill need in their home language participated in Spanish literacy intervention using Aprendo, Leyendo from Intelexia.
 Kindergarten students receive intervention using Estrellita during the school day. SIFE and new arrivals were also provided guidance and counseling support from our guidance counselor team.
Newcomer and Developing ELLs who are targeted for tier 2 and 3 support participate in early morning or afternoon ELA intervention by ENL and/or Classroom teachers. Teachers utilize Sound Sensible, SPIRE, Heggerty, Rigby Readers, 95% and Fundations to provide tier 2 and 3 support in English. These supports are also utilized in tier 2 instruction with classroom teachers.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

The PD (Professional Development Team) meets to analyze specific student/school data to inform instruction and intervention and shares out with the RTI team. The school uses information drawn from the EDUR and EDAT reports and the NYSESLAT results to guide instruction for all grades. In addition, the team analyzes data from the various ELA and Math screeners used from K-5. The Mood Meter during Morning Meeting provides an informal check in with students, and Stanford Harmony SEL lessons during the week to further teach about empathy and emotional learning. The PD meets monthly and shares student data and progress monitoring information. Tier 1 instructional supports are discussed. Before beginning, all data is analyzed, and students are grouped based on academic or

behavioral need. Students that are highlighted for Tier 2 and 3 supports and intervention are segregated into ELLs, SWDs, students that receive additional support, attendance data, etc. Once the data is segregated, students are assigned into cycles with RTI providers. Language of intervention is also identified at this time as a tool for progress monitoring. At the end of each 10-week cycle, the team decides if students should continue receiving this intervention or need to be regrouped based on progress.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The new curriculum from HMH, Into Reading, Arriba Lectura, has mid unit and end of unit assessments built into its design, allowing teachers to track student progress during the various units. These assessments vary from reading comprehension multiple choice based assessments to short and extended written response assessments to better gauge a student's understanding of the material. The Dual classes also administer these assessments in Spanish, as well as newcomer students in the monolingual classes. In addition, teachers in grades 1-2 utilize the Fundations end of unit assessment data to inform foundations skills instruction and Kindergarten used the 95 Percent Group assessments. Grades 1-5 used Math TERC Investigations Curriculum includes quizzes throughout the unit and end of unit assessment to guide instruction and Kindergarten used Illustrative Math assessments. The stand alone instructional curricula Get Ready, Sail! and Get Ready, Soar! include end of unit projects for students to complete and quizzes around the language, phonics and grammar concept taught.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

All Spanish-speaking ELLs that are placed in Dual Language (DL) classrooms are assessed in reading, writing, and math in both English and Spanish individually. The initial assessment given is the Spanish LAB for all ELLs in both ENL and DL programs. This provides information on students ability to speak, read and write in Spanish. Both phonics and comprehension are evaluated. The mCLASS Lectura (through Amplify) is used for the K-2 Dual language classes as a beginning, middle and end of school year benchmark screener, and Progress Monitoring. For Grades 3-5 the MAP (in Spanish) is used for beginning, middle and end of school year benchmark screener. Estrellita/Lunita assessments are also used to measure progress. Our math and ELA curricula provide end of unit assessments in both English and Spanish allowing teachers to measure growth across content areas.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We will use NYSESLAT EDAT information and the support of the district personnel to analyze this data in order to further our practice. The NYSESLAT data provides teachers with ELL proficiency levels (i.e. student Entering, Emerging, etc) and which modality was a strength for each grade level, where do students show the most need per grade and modality and any trends across years. In addition, the EDAT informs on how many ELLs are in each proficiency level and how far they were from moving to the next proficiency level. This informs teachers on what scaffolds and supports are needed. Additional summative assessments that are used to evaluate the effectiveness of ML/ELL programs are ELA and Math scores. These summative assessments provide data for teachers that inform groupings and at times next steps for instruction. This data also provides information on what ML/ELL strengths are and as a class/grade team where the gaps need to be addressed.

Upon observing and analyzing the ELL Data Analysis Tool, the students' strengths and weaknesses are identified and taken into consideration when planning instruction. The PD team meets monthly and the Data meets weekly to analyze specific student/school data to inform instruction, inquiry work and intervention. The school uses information drawn from the EDUR and EDAT reports and the NYSESLAT results to guide instruction for all grades.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The Testing Coordinator meets with the teachers who will proctor the NYSESLAT and the support team to review testing protocols and answer or clarify questions about administering the NYSESLAT. The support teams consist of ENL teachers, Dual teachers, General Education teachers, and a Special Education Liaison to administer the NYSESLAT. The testing coordinator and the ENL team train a team of pedagogues to score the NYSESLAT after school to ensure that ELLs continue to receive mandated services during the testing period. The RLER is referenced to ensure all eligible students are tested annually. Due to the number of ELLs in our school, about 25 pedagogues were trained to administer the NYSESLAT Speaking exam. The testing/ELL coordinator also uses SESIS to ensure ELLs with IEPs receive testing accommodations. For the listening, reading, writing components of the NYSESLAT a combination of ENL teachers, Dual teachers, General Education teachers, speech therapists, IEP teachers and a Special Education Liaison, a total of 24 teachers and providers, are trained and proctor the NYSESLAT for grades K-5.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing coordinator/ELL coordinator and the Special Education Liaison meet to review all the test accommodation reports on SESIS regarding our ELL students to ensure that all ELL students receive the testing accommodations they are entitled to.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS 24 we ensure that all ELL families are invited to participate in a Parent Orientation session designed to inform them about the various language program models available. This is done at the beginning of the school year and throughout the year for newly identified ELLs. These meetings are conducted in person and by an English as a New Language certified teacher, in the parents' preferred language. All forms and documents are shared in the families' preferred language. To ensure the appropriate translation is provided during meetings our multilingual staff communicates in the preferred language when applicable. We also utilize the DOE Translation Unit and translation devices such as Pocket Talks. During the orientation, we use the parent orientation video provided by NYSED. To ensure that all families fully understand the information we share the video in the parents' preferred language to ensure parents are aware of program goals, requirements and to share all three ML/ELL program models: Dual Language, Bilingual, Transitional Bilingual and English as a New Language. We share the programs offered at PS 24, along with the different program options, regardless of whether our school currently has that as an option. Through the use of the Parent Orientation video on NYSED we provide information about the different language settings offered. This approach ensures that every family can make informed decisions about their child's education. During this time parents are provided the opportunity to ask questions. We use the ELL Parent Survey and Program Agreement to further review and explain options to parents', along with rights concerning the different programs available in New York City. During this time, parents are encouraged to ask questions to make informed decisions for their child. Teachers also hold another 1 to 1 meeting with families to cover the Next Generation Learning Standards, assessments, and school expectations for English Language Learners. These meetings are held in person or on Zoom only . Throughout the school year, when a new student is admitted, this same information is

presented and a one-on-one meeting is held. At PS 24 we maintain evidence through the use of Google slides, ELL folders that we create with our agenda and a sign in sheet for attendance. We also keep record of the families' attendance as parents sign the Parent Orientation Survey and Parent Agreement which is part of the HILS process.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At PS 24 we ensure that all English as a New Language teachers and Bilingual Education teachers working with ELLs conduct an Annual 1 to 1 meeting with families. These meetings are held during our Family Engagement time and conducted in person or via Zoom. To ensure the meetings are held in the parents' preferred language we use our multilingual staff when applicable, the DOE Translation Unit and translation devices such as PocketTalks. To set up individual interviews with families, teachers send home letters in the families' preferred language with dates and times of availabilities, call families using their preferred language and also use Class Dojo (which translates) to schedule meetings to be held in person or Zoom. Our annual individual meetings are separate from parent-teacher conferences. Therefore, to support our students' academic and linguistic growth, these meetings discuss topics such as The Next Generation Learning Standards, the Parent's Bill of Rights for New York State MLs/ELLs as well as reviewing their childs' progress and challenges to support them moving forward. These meetings inform families about their childs' language proficiency assessment results, implications for instruction based on CR Part 154-2. In addition, teachers discuss student progress in the different language domains and language development strengths and areas that require support. Our school maintains evidence of these meetings on our Google Drive as we keep record of the agenda and attendance/signature logs.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At PS 24 our pupil accounting secretary is responsible for entering parents preferred language into ATS, based off of the Home Language survey. Our pupil accounting secretary is also responsible for monitoring ATS reports to ensure all parents' information is entered in a timely manner. We provide translation to all of our families who speak other languages at home, including: Spanish, Arabic, Chinese, French, Russian, Hindi and Portuguese. We provide oral translation in meetings and send home important documents, notices and flyers in their preferred languages. To facilitate communication for families that speak languages other than English, we offer multiple avenues for them to respond or initiate communication. Whether it's by providing an in-person meeting, virtual or over the phone communication, we ensure interpretation is available for languages other than English. We use the DOE translation unit, and we have staff members that support interpretation. We also have pocket talkers that are available as needed. For flyer translation, we use Google translate and our school messaging system from NYC public schools also offers interpretation. Parents and teachers can directly communicate with each other using Class Dojo. Class Dojo offers all parties a translation option allowing families to communicate using their home languages and teachers in English, if they do not speak the same language. We understand the importance of clear and accessible communication for all our families and will continue to strive towards inclusivity and diversity in our communication practices. Now the DOE has an application called the Automated Language Assistant to support students work. Our Language Access Coordinator supports by creating the calendar in different languages, and support with NYSCA account creation and Myschools account in language needed.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

To determine the needs of our community, our school actively engages with parents and families through focus groups, and individual meetings. We also collaborate with community organizations and local agencies to identify areas where families require additional support and resources. By understanding the unique challenges faced by MLs/ELLs and their families, we can develop targeted programs and activities that promote empowerment and facilitate academic success. We have partnered with organizations like NYU that provide Parenting workshops, ESL classes for parents. These organizations facilitate workshops in the native languages of families at our school. In addition, we have partnered with Center for Customized Professional Development to provide parent workshops with the Title 3 funds. For example, 3 workshops being offered this school year are, Understanding your child's report card, Helping your Multilingual child learn English and Mindfulness/Yoga workshop.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We understand that navigating the world of family leadership opportunities within the school system can be overwhelming, especially for those who are not familiar with the different options available such as Parent teacher Association (PTA), School Leadership Team (SLT), Community Education Council (CEC), etc.

We want to assure that there are various ways for families to become involved and make a difference in their child's education. We promote PTA meetings for parents to understand the role from fellow executive board members, during coffee with the principal we discuss the different leadership roles. During PTA meetings, parents have an opportunity to learn about these various leadership opportunities, the By Laws around the process of being nominated and voted into these positions and the responsibilities they entail. Meetings are presented in both English and Spanish to encourage participation of families. Flyers are sent to families with information about important meetings in addition, the PTA and Parent Coordinator share this information on the Schools Class Dojo utilizing translation assistance for the other languages spoken in the school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS.24K, we pride ourselves on the diverse backgrounds of our students, parents, and staff. In order to cater to this diversity and foster a sense of inclusivity, we have developed several important collaborations within our community.

One of our key partnerships is with NYU Langone, which allows us to empower families to actively participate in their children's education. Through workshops and events focused on building cultural awareness and understanding, we provide resources and support to our families.
Our Unity Celebration, for example, showcases the diversity of our school through food, music, and art. Community partners are invited to share resources and perform international dances, reinforcing the importance of embracing different cultures. NYU has provided adult education opportunities: Beginner ESL classes and Parent Corps parenting workshops. The Fifth Avenue Committee of Sunset Park presented a Digital Skills class parents are currently working on. In addition they are working on providing ESL intermediate and advance classes in the next year or two.

In addition to our partnership with NYU Langone, we have also established relationships with local cultural institutions and organizations. These partnerships provide opportunities for our students to learn about and appreciate diverse cultures, traditions, and languages. By collaborating with these entities, we are able to offer enriching experiences that promote cultural understanding and unity within our school community. Below are some of the partnerships we have :

-The Office of Council Member Alexa Aviles (They have assisted with HRA, housing, immigration, taxes, health care). They also have a Turkey Giveaway for Thanksgiving.
Mixteca: They support getting families in the workforce. Parents have taken OSHA Training, embroidery, sewing, soap making, health Zumba classes.
Center for Family Life has offered Childcare and Evening ESL classes.
Raising Health: Know your Rights Workshop, NYC cares (free health care and emergency Medicaid geared to our new families.
Emblem Health has provided support around Parenting, free diapers, formula, food and health insurance.
ACS has provided support around Parenting, food, toys, formula and parenting workshops.
NYU TGS has provided Pre-k and Kindergarten support with free books and food distribution for our families.

Performance Partners:
H.T. Chen Dance Center

Overall, our culturally and linguistically responsive partnerships play a crucial role in creating an inclusive and

supportive environment at PS.24K. We are committed to continuing to expand and strengthen these relationships to ensure that we are meeting the diverse needs of our students and families. Through these collaborations, we strive to celebrate the richness of our community and promote understanding and acceptance among all members of our school community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

PS 24 extends its support to MLs/ELLs through a range of artistic opportunities. These include participation in events like our annual Disney productions, where students can engage in acting, design, lighting, and production activities. Moreover, PS 24 encourages language learners to enhance their skills by enrolling in violin classes, ukulele classes, which provide opportunities to learn music notation and composition.
Through our arts enrichment program, PS 24 facilitates language learning, fosters vocabulary development, and promotes peer engagement. Additionally, actors are available to assist students in improving their drama skills. Furthermore, one of our programs offers dance classes, providing another avenue for language acquisition and artistic expression.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The team consists of four ENL teachers, a special education liaison, and one administrator that are available throughout different periods of the day.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

We have a team of pedagogues trained for the intake of newly enrolled students. The team consists of three ENL teachers, a special education liaison, and one administrator that are available throughout different periods of the day. The ENL teachers schedule is online on Google Drive and our accountant secretary has hard posts and availability.The secretary looks at the schedule of teachers and contacts one of the team members who are available for the interview.

The first step is for the trained pedagogue to determine students' enrollment status. If the student has been outside of the New York State public system for more than two years they must re-administer the entire ELL/MLL identification process. For students who have been outside of the NYC public school system within two years, the trained pedagogue will obtain NYSITELL/NYSESLAT scores from their previous school to allow students to continue in the ELL status. If the student is a new admit or readmit the team will administer the HLIS survey and it is made available in the parent's preferred language. If the family speaks a language other than the languages spoken at the school the DOE translation line is called to ensure accuracy in the information being given. NYSITELL eligibility is based on the results of the HLIS that consists of both a parent and student interview in English and their home language. In addition to the interview, students' work will be reviewed to determine whether the students have English oral and literacy skills for the grade into which the student is enrolling. Once the HLIS is completed the updates are made on ATS. If the child is eligible, they will be administered the NYSITELL and it will be given within 10 days of enrollment. If the student is ineligible to take the NYSITELL, then it is updated on the ATS ELLO screen. If

the child has an IEP, the Language Proficiency Team meets to further assess and determine the child's NYSITELL eligibility. If Language Proficiency Team determines that the student has English language development needs, the student will take the NYSITELL and the parent will be notified. Once the determination is made an NYSITELL test is given within 20 days of enrollment for (IEP students). Students are placed within their program model within 10 days or 20 days for a student with an IEP. If the student is identified as an ELL and the home language is Spanish, the Spanish LAB is administered within 10 school days and 20 schools days for incoming students with IEPs. During the ELL Identification process the trained pedagogue refers to the HLIS and parent information about prior schooling and that will determine if a SIFE identification process is required. Then the NYSED Oral Interview questionnaire and Multilingual Literacy SIFE screener are administered within 30 school days and ATS is updated. Schools have one year for final determination of SIFE status.

The school then notifies the parent of the results of the NYSITELL, by sending the parents either an entitlement letter or a non entitlement letter for Ell services with their proficiency level. ALL notifications are sent in the parents' preferred language. If a student qualifies for ELL services, parents are invited to attend an orientation meeting or an individual meeting where they will learn about the different ELL programs. After the parent orientation, the family completes the parent survey and program agreement, and parents return the form within five days. Parents will then make an informed decision as to what program best suits their child's linguistic needs. Upon receiving the completed ELL parent survey and program agreement form, parents will then receive a placement letter in their preferred language to confirm their placement. ELLs will be placed within parents' choice of program within 10 school days. If the program is not available parents are informed of their options at our school or other schools when a transfer is preferred and possible. ATS will be updated with parent choice within 20 days of enrollment.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Maria Diaz

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Ana	Aguilar	Parent Coordinator - Annual	11/15/2023	
Ada	Galan	Guidance Counselor	11/15/2023	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Surveys conducted by your school,Other (Please specify in the next question)

If Other was selected, describe the resource here:

ATS-Parent Perfered Language Report(RCPL)

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	17	2.05%	17	2.05%	1	1
CHINESE ANY	13	1.57%	13	1.57%	1	1
FRENCH	4	0.48%	4	0.48%	1	1
ENGLISH	262	31.64%	259	31.28%	107	107
RUSSIAN	8	0.97%	8	0.97%	0	0
SLOVAK	0	0.00%	1	0.12%	0	0
SPANISH	524	63.29%	526	63.53%	20	73

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent flyers and announcements	Translated by the LAC and cross referenced with staff members that are fluent in the specific language.
Calendars	Translated by the LAC and cross referenced with staff members that are fluent in the specific language.
Report Cards	The report cards are translated by the DOE and teacher comments are translated by Google and cross referenced with staff members that are fluent in the specific language.
Home Language Identification Survey, ELL Parent Survey and Program Agreement, placement letters, default placement letters	ENL teachers can find these documents on the DOE Infohub site under Multilingual Learner Parent Notification Letters that are translated in over 10 languages.
NYSITELL Entitlement letters, non-entitlement,Continued Entitlement letters after NYSESLAT, Exit/non-entitlement letters after NYSESLAT, Annual ELL parent meeting	ENL teachers can find these documents on the DOE Infohub site under Multilingual Learner Parent Notification Letters that are translated in over 10 languages.
IEP	IEP's are translated by the DOE translation unit.
Parent letters about class specific activities	Translated by teachers who are fluent in the language or using Google translate and cross referenced with staff members that are fluent in the specific language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
PTC	Teachers either use in house staff for translation or call the translation unit.
Curriculum Night	Teachers either use in house staff for translation or call the translation unit.
PTA Meetings	We survey the parents and provide translations as needed by staff members or parent volunteers.
Parent Engagement	Teachers either use in house staff for translation or call the translation unit.
Parent Workshop	Teachers either use in house staff for translation or call the translation unit.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

During a school wide emergency, parents are contacted by a staff member in their preferred language if possible, via phone call, robocall, text messages utilizing Google Translate and/or Class Dojo. Class Dojo provides translation of parents preferred language when set up to do so. In addition, information will be posted on the school website. We also use the DOE messenger to send translated messages.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Staff meeting held yearly to review goals of Chancellor's Regulation A-663. Email is also sent with the regulation. The translation unit number is posted through out the building and sent to staff via email.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Upon entering our office, there is a large signage with the Language Access for NYC Public Schools Families Brochures along side the Parent Coordinators desk. Parents will receive additional flyers with current information such as school calendars and parent engagement events.
We will send home parent notifications in families preferred language of communication. Teachers will be provided preferred language lists for each class to ensure that all teachers receive parent notifications based on the language preference. Translate signage about events and important information are posted around the school. The main entrance has a Welcome Sign in different languages. School staff members are provided information about the DOE language translation unit and phone number to ensure parents and staff can communicate with each other. Staff and parent volunteers are available during all meetings to interpret for families who speak a language other than English. In addition, PTA members engage with families within the languages available for interpretation during monthly meetings to ensure families are aware of pertinent information.
Lastly, staff, the parent coordinator and PTA utilize Class Dojo's platform to communicate with families, including translated flyers, announcements and supporting families by setting up the translation option on Classdojo to ensure families are included and receive important information.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

At PS 24 we assure that parents understand vital information about their child by asking them directly what is their preferred language. We also plan to schedule a focus group of parents inclusive of all cultures and languages represented in our school to gather feedback and best practices on quality and availability of services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Parents are offered the opportunity to meet during Tea Time Thursday and PTA meetings, time is given for parents to give feedback and raise any concerns. Videos are posted on DOJO explaining important documents sent home. All parents have the principal's, parent coordinator, tech specialist, attendance liaison's personal phone number and all of the staff's emails that work with the children.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School,Saturday Academy

Total number of ELLs to be served in this program:

120

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

13

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

8

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The Title III program in PS 24 is intended to ensure that our English Language Learners develop high levels of academic achievement and proficiency in the English language. The program is designed to help these students meet the same challenging Next Generation Learning Standards as all children are expected to meet. Thirteen certified bilingual/ESL teachers and content teachers will provide supplemental academic enrichment to approximately 120 targeted ELLs in grades K-5 in English, including a group of 21 recent arrivals. We will target our ELLs who tested at entering, emerging, transitioning, and expanding levels on the 2024 NYSESLAT to develop students' language and literacy to become proficient in English as measured by the NYSESLAT. According to the EDAT, our Ells scored low in the writing component of the NYSESLAT. Therefore, we will target those ELL students' by incorporating shared writing and using NYSESLAT exemplars to model and support their writing. We will serve up to 20 students per grade from K through 5th.

The thirteen teachers (ENL, Bilingual certified and Content area) will provide small group instruction in person in English with groups of 10-12 students on Wednesdays and Thursdays from 2:45-3:45 pm starting from October 2024 to June 2025. In addition, we will provide small group instruction in person in English with groups of 8- 10 students on Tuesdays, Wednesdays and Thursdays from 7:30 am to 8:00 am. . We also offer a Saturday program from 8:30-11:00am for our 3rd- 5th grade ELLs. The groups are placed based on individual instructional focus and baseline assessments. The 2024 NYSESLAT proficiency levels, ACADIENCE screener, MAP Growth, and teacher observations will be used as a baseline assessment.

The language of instruction will be English using ENL methodologies and techniques. We also value and support using students' home language by using PocketTalks for translation and instructional strategies such as cognates to connect their home language and their new language. We will incorporate Nonie K. Lesaux's four hallmarks for ELL instruction: engaging texts, academic language, frequent writing opportunities, and rich discussions. Students will receive direct instruction from certified ENL/Bilingual teachers and content area teachers in reading, writing, listening and speaking using grade-level texts and materials through various curricula: Ready, Set, Go Newcomers, Ready Set Sail, Discussions for Learning, IReady Mathematics Instruction, Do The Math games for grades 2nd through 5th, HMH Into Reading Resources, SPIRE and Sound Sensible. In addition in preparation for the NYSESLAT, teachers will use Finish Line and Getting Ready for the NYSESLAT. Students will be placed in flexible groupings depending on tasks. The content area, ENL, and Dual Language teachers will work with all students in all the groups, providing small-group support and instruction. ENL teachers will rotate from group to group to support content area teachers with English language instruction. Every nine weeks teachers will assess the data and the student progress. Parent progress meetings will occur during the 10th-12th week from 2:45 to 3:45 pm. Groups 1 through 6 will have ENL/Bilingual teachers the entire time, and then we will have four groups that will rotate teachers ENL (2 groups) and Content area(2 teachers) for 30 minutes to ensure the language and content support to all students. Students in the Saturday Program will only participate for one cycle for 9 sessions.

The supervision will be at no cost to Title III. Materials are replenished using Title III funding as needed. Title III funded materials will contribute to our OTPS spending that will not exceed 20% of our total allocation.

Title III program letters in the parents' preferred language will be kept in the binder. Student/teacher attendance will

be recorded online in the school's Google Doc.

Teachers will be paid for their time per session according to the UFT agreement.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Title III program in PS 24 is intended to ensure that our English Language Learners develop high levels of academic achievement and proficiency in the English language. The program is designed to help these students meet the same challenging Next Generation Learning Standards as all children are expected to meet. Eight certified bilingual/ESL teachers and two content teachers will provide supplemental academic enrichment to approximately 120 targeted ELLs in grades K-5 in English, including a group of 21 recent arrivals. We will target our ELLs who tested at entering, emerging, transitioning, and expanding levels on the 2024 NYSESLAT to develop students' language and literacy to become proficient in English as measured by the NYSESLAT. According to the EDAT, our Ells scored low in the writing component of the NYSESLAT. Therefore, we will target those ELL students' by incorporating shared writing and using NYSESLAT exemplars to model and support their writing. We will serve up to 20 students per grade from K through 5th.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

There are approximately 120 targeted ELLs in grades K-5 in English, including a group of 21 recent arrivals. We will offer a morning support program for our Kindergarten- 3rd Grade ELLs. Additionally, we will offer an afternoon support program to our 3-5 grade ELLs, Immigrants and newcomer students. We will also make a Saturday program available for our 3rd -5th grade Ells, immigrants and newcomers that have recently arrived: 0-3 years. The thirteen teachers (ENL, Bilingual certified and Content area) will provide small group instruction in person and in English. For our morning support program offered to our K-3 ELLs we will provide small group instruction with groups of 8- 10 students on Tuesdays, Wednesdays and Thursdays from 7:30 am to 8:00 am. Our afternoon program will consist of 10-12 students on grade levels 3-5, on Wednesdays and Thursdays from 2:45-3:45 pm starting from October 2025 to June 2026. Our Saturday program will be offered from 8:30-11:00pm for our 3rd -5th grade Ells on varying proficiency levels, immigrants and newcomers that have recently arrived: 0-3 years. The PM

Program is focused on entering and emerging ELLs and the Am and Saturday programs were offered to students on all proficiency levels.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Title III ELL funded morning (am) and afternoon (pm) ELL funded programs will start October 2025 and end May 2026. There will be 3 cycles for a total of 40 sessions. The program will be offered on Tuesday, Wednesday and Thursdays.
AM sessions will be from 7:30am-8:00am and PM sessions will run from 2:45-3:45pm.

Title III ELL funded Saturday Program will start January and ends in April for 10 sessions. The program time will be from 8:30am-11:00am.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Title III ELL funded programs will be provided in English with home language support. Some teachers speak both Spanish and English and will utilize translanguaging. In addition, HMH Arriba la Lectura will be used to guide teachers when home language support is needed. Lastly, teachers can use the device Pocket Talk to interpret other languages not spoken by the teachers.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The are three teachers certified in ESOL.
The are five teachers certified in Bilingual.
The is five teacher certified in content/Common Branch.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Students will receive direct instruction from certified ENL/Bilingual teachers and content area teachers in reading, writing, listening and speaking using grade-level texts and materials through various curricula:

- Vista Higher Learning: Get Ready Sail (grades 1-3)- Stored in our ENL room
- Vista Higher Learning: Get Ready Soar(grades 3-6)- Stored in our ENL room
- Davis Publication, INC: Discussions for Learning- Stored in our literacy room
- Measuring Up English Learners (Developed by Attanasio & Associates): Getting Ready for the NYSESLAT- Stored in the ENL room and book room
- The Continental Press, Inc: Finish Line- New York ELLs for NYSESLAT- Stored in the ENL room and book room
-Houghton Mifflin Harcourt (HMH): Do The Math- Stored in the math room and classrooms
-Curriculum Associates: I Ready Mathematics Instruction built for the NYS Next Generation Learning Standards- stored in classrooms
- Educators Publish Services: S.P.I.R.E- Stored in Book Room and teacher's classrooms
-Educators Publish Services: Sound Sensible- Stored in Book Room and teacher's classrooms
-Houghton Mifflin Harcourt (HMH): Into Reading/Arriba la Lectura: Waggle and Writable stored in teacher's classrooms, online resources, literacy room, and book room

Materials that need replenishing are purchased using Title III funds from ShopDoe

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

As part of our Title III program, all parents /guardians receive a formal notification letter, translated in their preferred language, outlining the supplemental programs available through our Tile III programs. These letters are up to date ,

reflective of the current school year and reference that it is a Title III program, including a descriptions of the program the instructional offerings and supports provided.
Throughout the school year, we conduct three supplemental instructional program cycles. During each cycle, teachers monitor and document student progress using benchmarks and formative assessments. At the end of each cycle, parents/guardians receive a follow up letter that includes a detailed progress report and a new Title III program invitation in their preferred language again for the next cycle. Copies of all notification and progress letters are maintained on file at the school with our administrative team . Student rosters and attendance are collected a for each class and include attendance for each date the program in in effect and each cycle. We keep record of our ELLs and their proficiency levels on our PS 24 Google Drives' "ELL Data," along with attendance and records maintained for each cycle.

The school secretary keeps track of teacher certifications for all teachers including those supporting this program. Records of parent engagement activities are maitnaned by our administrative team. We maintain records of all teacher professional development attendance on our PS 24 Google Drive and our administrative team maintains records of the agendas and activities. Purchase orders and invoices are kept in a binder in our main office for up to a year and then stored in the school basement.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

RATIONALE: Our school is a Dual Language school. Bilingual teachers, English as a New Language Teachers, and our supportive general education and special education teachers are dedicated to meeting the needs of English Language Learners, with 50% of the school population being ELLs. We believe all teachers are teachers of ELLs/MLLs. All teachers will benefit from the support of outside consultants by providing teachers with professional development and analyzing data to inform instruction. All teachers will attend in-house ELL training on academic discourse, language progression, and strategies to support ELLs in core content areas and how to prepare teachers for the NYSESLAT. Attendance is kept on Google Drive. This will be at no cost to Title III LEP funds.

TEACHERS: ALL Teachers will receive professional development on supporting ELLs and data-driven inquiry within ELA and content area subjects such as Mathematics because it is important to provide instruction that meets the linguistic and academic needs of all students.
Teachers teaching in the am/pm or Saturday Title III programs attend in-house training provided by Nina Antoniella or Neysha Colon, Assistant Principals at PS24. Cera Jann Giles will provide ENL Instructional Professional Development via an ENL working group for ENL teachers and the ENL coordinator. The professional development for ENL teachers will be provided at the district office. In addition, ENL teachers will participate in NYC RBERN Professional Developments virtually or in person at FORDHAM UNIVERSITY.

Teachers will engage in professional development both at school and outside of school about Academic discourse, language progressions, data collection, analyzing data to support data-driven instruction, and strategies to support ELLs. These professional development opportunities may be provided by administrators, P.S.24 literacy coach, colleagues, and staff developers from the Department of education or curricula professional developers.

Teachers will receive professional development on oral vocabulary and language development utilizing fine art and real-world photos in the Discussion 4 Learning curriculum. ENL teachers will provide professional development on how to incorporate ENL strategies in the classroom and how to introduce students and teachers to the format of the NYSESLAT. For example, incorporating sentence stems and sentence strips with transitional words and common phrases will help draw ELL students into a discussion. Posting new vocabulary and sentence stems around the room during Morning meetings and SEL will foster confidence and help engage reluctant speakers. In addition, some Dual

language, ENL and special education teachers participated in inquiry with Judy Anderson, one of the speech providers at PS24 around oral language and how service providers and teachers can collaborate to support ELLs with IEPs.

Title III funded consultants for professional development under this plan will contribute to our OTPS spending, that will not exceed 20% of our total allocation. The cost of per session for professional development per session will be at most 10% of the total allocation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

According to the ELL Data Analysis Tool (EDAT) , there are 241 ELLs out of the 500 student population. Of that 241 ELLs
48.1% are current ELLs and 7.39% are former ELLs. 85.9% of our ELL's are considered newcomers because they have been in the United States for 3 years or less. 24.1% of current ELLs have an IEP.

According to the at risk factors on the EDAT, 12.4% of ELL students scored a 1 or 2 on the 2024 ELA State Exam. 16.2% of ELL students scored a 1 or 2 on the 2024 Math State Exam. 32% of ELL students did not demonstrate sufficient ELP progress (Spring 2024 NYSESLAT).

Based on this data, Acadience and MAP academic data and progress monitoring, and teacher observation data, the professional development team along with the school administration team determine the foci for the school and convey this information with staff developers.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

TEACHERS: ALL Teachers will receive professional development because we believe every lesson is a language lesson.
Teachers teaching in the Title III program attended in-house training provided by Nina Antoniella and Neysha Colon. SCHEDULE AND DURATION: Training will take place regularly during Monday Professional Development in grade team meetings weekly and during scheduled consultant dates once a month. The training will take place on Mondays from September 2025 to June 2026, 2:30 pm-3:30 pm. Cera Jann Giles will give monthly ENL Instructional Professional Development for ENL teachers and the ENL coordinator once a month from 8:30 am to 12:00 pm. TOPICS TO BE COVERED: Academic discourse, language progression, analyzing data to support instruction, and

strategies to support ELLs.
Teachers will receive professional oral vocabulary and language development utilizing fine art and real-world photos in the Discussion 4 Learning curriculum. ENL teachers will provide professional development on how to incorporate ENL strategies in the classroom and how to introduce students and teachers to the format of the NYSESLAT. For example, incorporating sentence stems and sentence strips with transitional words and common phrases will help draw ELL students into a discussion. Posting new vocabulary and sentence stems around the room during Morning meetings and SEL will foster confidence and help engage reluctant speakers.
NAME OF PROVIDERS: The consultants Alyssa Landy for Early Reading Matters, Corinne Berthiaume for Education Metamorphosis from EdCube LLC, CAL Solutions(Center for Applied Linguistics), and Birch Autism Training Institute. Consultants will meet with teachers regularly to help plan instruction and progress monitor, focusing on ELLs. Literacy Coach and Instructional will also train all teachers focusing on ELLs. There will be monthly English as a New Language Instructional meetings given by Cera Jann Giles for ENL teachers at no cost to the Title III LEP funds. The cost of the consultants will be at most 10% of the total allocation

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

SCHEDULE AND DURATION: Training will take place regularly during Monday Professional Development in grade team meetings weekly and during scheduled consultant dates once a month. The training will take place on Mondays from September 2025 to June 2026, 2:30 pm-3:30 pm. Cera Jann Giles will provide ENL Instructional Professional Development via an ENL working group for ENL teachers and the ENL coordinator at the district office every other month from 8:30am-12:00pm. In addition, ENL teachers will participate in NYC RBERN Professional Developments virtually or in person at FORDHAM UNIVERSITY duration of sessions.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

TOPICS TO BE COVERED: Academic discourse, language progression, analyzing data to support instruction, and strategies to support ELLs.
Teachers will receive professional oral vocabulary and language development utilizing fine art and real-world photos in the Discussion 4 Learning curriculum. ENL teachers will provide professional development on how to incorporate ENL strategies in the classroom and how to introduce students and teachers to the format of the NYSESLAT. For example, incorporating sentence stems and sentence strips with transitional words and common phrases will help draw ELL students into a discussion. Posting new vocabulary and sentence stems around the room during Morning meetings and SEL will foster confidence and help engage reluctant speakers.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Consultants will meet with teachers regularly to help plan instruction and progress monitor, focusing on ELLs. Literacy Coach and Instructional will also train all teachers focusing on ELL support within ELA and core content areas.

Laurel Paul is a UFT Coach - supports teachers with HMH Into Reading Curriculum and FUNdations.
Alyssa Landy is from Teaching Matters - supports teachers with HMH Into Reading Curriculum.
Heidi Altescu is from G&R Inclusive Group- supported ICT teams with their models of teaching.
Karen Kemp from 95 Percent Group supports kindergarten and first grade teachers with new phonics curriculum, 95 percent.
Corinne Berthiaume is from EdCube, LLC Metamorphosis and supports teachers with TERC Investigationss and Illustrative Math Curriculum.
Catherine Cruz- Division of Early Childhood Education - worked with the Pre- K team
Elise Abegg is from True North Brooklyn supported teachers with their Database Inquiry
Horizon Coach that supports our Horizon teachers with special education professional development is Nakiya Boasiako.
NYC RBERN professional development for ENL teachers at Fordham University or via Zoom
Cera Jann Giles will provide English as a New Language Instructional meetings provided for ENL teachers at no cost to the Title III
funds.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The staff attendance for all Title 3 programs and or Professional Development will be maintained on the schools google drive. All copies will be maintained of the dated translated letters sent to the parents for Title 3 After school program.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

In the 2025–2026 school year, parental engagement activities targeted toward parents of ELLs will take place monthly. These meetings will be held on the third Friday of each month from 9:00 to 10:30 a.m.
The topics covered will include:

- Literacy Progression
- Academic Discourse
- Supporting Students at Home
- NYSESLAT Test

Parents will be notified via pamphlet, email, robocall, text, and ClassDojo. Additionally, the ENL team will host parent meetings during designated parent engagement time. Notifications will be provided in families' preferred languages. All workshops will include in-house translation and will be conducted either in person or via Zoom. These workshops will not be funded by Title III LEP funds. Records and attendance will be maintained on the school's Google Drive.
At PS 24, we foster family engagement through a variety of programs designed to involve and support our families and promote community connection. These include an Family Fitness workshops, art workshop with parents provided by Studio in a School, yoga classes by Yogi Beans, as well as ESL and computer classes for parents. All activities are listed on the school's monthly calendar and are free for all families.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At PS 24, our parental programs align with our Title III plan, school assessments, and data to meet the needs of our students and families. We analyze the NYSITELL, NYSESLAT, Acadience, and MAP Growth assessments to determine topics for our parent workshops. In the 2025–2026 school year, parental engagement activities targeted toward parents of ELLs will take place monthly. These meetings will be held on the third Friday of each month from 9:00 a.m. to 10:30 a.m.
The topics covered will be:
1. Literacy Progression
2. Academic Discourse
3. Supporting Students at Home
4. NYSESLAT Test and Strategies

The provider is our in-house Instructional Coach. The ENL team will also host parent meetings during designated parent engagement time. Parents are notified in their preferred language via pamphlet, email, robocall, text, and ClassDojo. All workshops will be held in-house.
Given the high number of ELLs and ELL families at our school, we found that many parents asked whether an ESL program was available for them. As a result, we made sure to offer ESL programming to support our students' families in developing their English language skills. Workshops are provided at no cost to Title III LEP.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In the 2025–2026 school year, parental engagement activities targeted toward parents of ELLs will take place monthly. These meetings will be held on the third Friday of each month from 9:00 a.m. to 10:30 a.m.
Our ENL team offers an in-person Parent Orientation in September for all new ELL families. Our Physical Education team hosts an hour-long Family Fun Fitness Night in October. We will continue offering Beginner Adult ESL classes once a week and weekly offsite.
We also offer NYU parental support programs that run for about an hour, from 8:30 a.m. to 9:30 a.m. when available, to help families better understand and support their children through NYU providers.
All families can access our free in-person technology/ computer class once a week, on Mondays from 11:45 a.m. to 1:45 p.m. The school also hosts Movie Nights, which are free and open to all families. Records and attendance will be maintained on the school's Google Drive.

In addition, we have partnered with Center for Customized Professional Development to provide parent workshops with the Title 3 funds. For example, 3 workshops being offered this school year are, Understanding your child's report card, Helping your Multilingual child learn English and Mindfulness/Yoga workshop.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

For our monthly parent engagement meetings, topics covered will include Literacy Progression, Academic Discourse, Supporting Students at Home, and the NYSESLAT test and strategies. Our ENL team offers a parent orientation to inform families about how the NYCDOE supports ELLs, discuss the Next Generation Learning Standards, and provide information about the NYSESLAT assessment and how ELLs are supported. Our Physical Education teachers help support our families in staying active by modeling exercises during Family Fitness Night. We support our parents and guardians directly by offering Adult ESL and computer classes, which address our families' language acquisition needs and provide opportunities to gain computer and technology skills for personal and professional use. Our other activities, such as Yoga and Art, focus on recreational engagement to encourage parental involvement and strengthen school community connections.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Our provider, Aracely Camacho-Farraj, is our in-house Instructional Coach. Elizabeth Nahar, Emily Rebaza, and Lenore Ezra, our ENL team, will also host parent meetings during parent engagement time. The ENL team will conduct annual one-to-one meetings with parents to share their child’s progress and needs. Parents will also be informed of their Bill of Rights for NYS MLS/ELLs and provided with a copy of the Parent’s Guide to the Next Generation Learning Standards. These meetings will be held in person or virtually. Linda Rizzatti and Salvatore Fatta, our Physical Education teachers, host Family Fitness Night. NYU and their providers also host some of our parental information and support classes. We use vendors like Studio in The School for our parent Art Workshop and Yogi Bean for our Parental Yoga Classes offered. In addition, we have partnered with Center for Customized Professional Development to provide parent workshops with the Title 3 funds. For example, 3 workshops being offered this school year are, Understanding your child's report card, Helping your Multilingual child learn English and Mindfulness/Yoga workshop.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians’ preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of Title III ELL family engagement activities through pamphlets, emails, robocalls, text messages, ClassDojo, and the school calendar. Notifications will be provided in families' preferred languages using our multilingual staff, DOE translation services, and PocketTalk translators. We also utilize Google Translate to support the translation of all written notices sent home, and our ClassDojo app automatically translates messages into families' preferred languages. All workshops will be held in-house, with interpretation support available as needed to ensure full access and participation.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Records and attendance will be maintained on the schools google drive. Copies will be maintained of the dated translated letters /pamphlets sent to the parents for Title 3 family engagement activities/meetings.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$30,093

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

8

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

-In the school year 2025-26 the Title 3 Immigrant Program will take place before school and after school from October 2025-June 2026. In addition there with be a Saturday Title 3 Immigrant program offered from January 2026-April 2026. The purpose of all programs is to provide targeted, small-group instruction and school based programming to strengthen partnerships between immigrant students, families and schools.

-Teachers will use Ready, Set, Go! Newcomers program to enhance instructional opportunities for our immigrant students by focusing on English language development. This a supplemental program for students in grades 3-5 with a focus on fundamental skills instruction from phonics to social communication. The program develops vocabulary and life skills through listening, speaking, writing, and reading activities necessary for newcomers to

effectively communicate. The program centers topics that newcomers nee to interact effectively at school and in their community.

-Teachers will use SPIRE, Sound Sensible, Phonics for Reading, phonics programs to support students with literacy skills based on Acadience and MAP Growth Assessments.

-During the Saturday Title 3 program, Teachers will use the web-based Get Ready, Soar! and Discussions 4 Learning An Oral Vocabulary and Language Program based on Fine Art and Real-world photos and receive Dance instruction in which they will perform for their families to strengthen are family partnership.

-Students will be grouped by English language proficiency level (entering/emerging)for immigrant ELLs receiving language instruction. For Immigrant ELLs and Non-ELLs receiving supplemental literacy instruction, students are grouped by their literacy assessment results.

 -Instruction will be delivered using targeted small group instruction led by 8 teachers with ENL teacher support. There are approximately 12-15 students consisting of immigrant students (ELL or Non ELL).

-Assistant Prinicipal supervises at no cost.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Students are chosen based on their NYSITELL/NYSESLAT proficiency levels and years of service, their MAP Growth and Acadience data. Teachers progress monitor students in K-2 using the Acadience assessment tools every two weeks. Teachers conduct a beginning, middle and end of year screener. Teachers are using Acadience Survey to get additional information about learners. The teachers in grades 3-5 conduct the MAP Growth screener in the beginning, middle and end of the year. In addition, teachers will be using ROAR and/or Acadience Survey to gather as much information as possible.
The data sources are the reports from these screeners and assessments.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

There are 75 immigrant ELL students who were invited to our morning and afternoon programs and will be invited to our Saturday programs.
There are 52 immigrant ELL students attending our Title 3 morning and afternoon programs. Students are immigrant ELLs from all proficiency levels (entering, emerging, transitioning, expanding).
31 immigrant students are attending the morning program at all proficiency levels. 21 immigrant students are attending the afternoon program. Thirty students will be invited in the January Saturday program. The immigrants have been in the country for three years or less.
3

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Title 3 Immigrant early morning and after school program began October 2025 and ends in June 2026. The morning program will take place three times a week on Tuesday, Wednesday and Thursday from 7:30 am to 8:10 am. The afterschool program meets two times a week from 2:30 pm to 3:45 pm. on Wednesday and Thursday. There will be seven groups, 12-15 mixed groups of Immigrant ELL's and Non-Ells based on their needs and proficiency levels. The Saturday program will start in January 2026 through April 2026. There will be 10 Saturday sessions from 9:00am-11:00am.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Teachers will Ready, Set, Go! Newcomers program to enhance instructional opportunities for our immigrant students during the AM/PM Title 3 program. This a supplemental program for students in grades 3-5 with a focus on fundamental skills instruction from phonics to social communication. The program develops vocabulary and life skills through listening, speaking, writing, and reading activities. The instruction will be in English with native language support. Teachers will utilize Translanguaging to support students. In addition, translation apps to aid in home language support and incorporate cognates to help build academic language.

Teachers are using Sounds Sensible and SPIRE the curricula is research based curriculum that develop literacy skills and academic language while addressing the needs of our students. These programs support English literacy skills.

In addition, teachers will use Discussions 4 learning, this curriculum is also presented in English. When needed, teachers will use translation or translanguaging to support students.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

8 teachers, bilingual, general education and ENL teachers. Each teacher will have their own group. The ENL teacher will rotate for language development /instruction support.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

The materials purchased with the Title III funds are Ready, Set, Go! Newcomers by Continental will be at no cost to Title 3 Immigrant funds and will not exceed 20% of the Title 3 Immigrant funds. Teachers were given the materials needed to teacher their groups. They are responsible for storage. At the end of the year unused materials and teachers guides will be stored in the school book room.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Google drive will be used to account for students and data. Administration and teachers will monitor the program. All staff that will be teaching the program will be trained on the program and monitoring student progress.

Parents receive the initial notification for the program two weeks in advance. Throughout the year there are 2-3 cycles. After each cycle, students are reassessed and receive notification. Parents receive notifications at the beginning and the ending of cycles.

Parent notifications will indicate it is Title 3 program and will be filed and kept in the main office when returned to school.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

In the school year 2025-26 our school will continue providing professional development to all teachers who are teachers of immigrant students and including the teachers working the Title 3 Immigrant program. Teachers receive professional development on a regular basis on Mondays from 2:30 to 3:30 pm. In addition, teachers will receive two hours of training of the materials being used to provide immigrants and non EII immigrant supplemental support to increase English language proficiency. In addition, teachers will receive professional development to support instructional literacy strategies. Teachers will receive professional development of proven strategies and practical resources they can use right away to create a welcoming environment for immigrants and facilitate their learning. At no cost to title 3.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The rationale for professional development is to provide teachers strategies for teaching immigrant ELL and non immigrants. According to the NYSESLAT scores, students needs more support with writing. 48.98 percent of our student population are Ells. According to Acadience screener and MAP (3-5) indicates that students need more support in fluency and accuracy.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers will receive professional development on a regular basis on Mondays. The teachers working the Title 3 Immigrant program will also receive training from New York City Department of Education Spire and Sound Sensible training at no cost to Title 3 Immigrant funds. Teachers will also attend virtual professional development provided Fordham RBERN at no cost to Title 3. In addition, ENL teachers attend NYC Department of Education ELL professional development throughout the year at no cost to Title 3. The ENL team provides professional development to school staff at no cost to Title 3 funding.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The professional development will happen throughout the year. The professional development will take place on two days from 2:30 to 3:30 pm in January 2025. 7 teachers working in the Title 3 Immigrant program will receive 2 days professional development for 2 hours at cost to the Title 3 Immigrant fund. No more than 10% of the total allocation will be used for the professional development.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The teachers will receive professional development around data driven instruction, reading strategies, strategies to support newcomers.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

School leadership, district instructional specialists and consultants.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

The attendance and agendas is on google drive.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

In the school year 2025-2026, our school continues to provide a multitude of parent engagement activities to all parents including parents of immigrant students.

Digital literacy program on Thursdays from October through June 2026.
A Raising Health Parent group by NYU Hospital on Wednesdays from October through June 2026.
These are at not cost to title 3.

Parent Workshops from C.I.T.E to support with language and academic support at home. This would not exceed the total allocation limits.

AParent engagement activities are offered by PTA and school leadership. They are offered in person and via zoom in order to accommodate all parents and their schedules in their preferred language. Parents are informed about parent activities through flyers, email class doJo etc. Translation is available during all parent engagement.

In addition, we have partnered with Center for Customized Professional Development to provide parent workshops with the Title 3 funds. For example, 3 workshops being offered this school year are, Understanding your child's report card, Helping your Multilingual child learn English and Mindfulness/Yoga workshop.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The rationale for the family engagement activities is to support student learning at home such as learning games, creating structured routines and community building. In addition, the digital literacy program and NYU Raising Health Parent group workshops provide information to families about how to support literacy, social emotional and technological instruction.

Majority of our immigrant families are new to the country and school system. They are English language learners themselves. By providing these workshops we are supporting families in their transition to a new culture and school system.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Digital literacy program are on Fridays until June 2026.
A Raising Health Parent group by NYU Hospital on Wednesdays from October through June 2026.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

NYU
Raising Health Parent Group
-Mental Health support for families
-Support families with family engagement and routines at home
-Support with transition to a new culture and immigrant issues

Digital Literacy:
-what is a computer
-How to use email
learn to search and shop safely online
-Teaching parents about the different digital platforms.
-Provide parents with skills to grow their digital literacy
and more.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement

activities described in this section).

Fifth Avenue Committee will provide the Free Digital Literacy Classes at P.S.24 at no cost.

NYU Langone Hospital at no cost.

In addition, we have partnered with Center for Customized Professional Development to provide parent workshops with the Title 3 funds. For example, 3 workshops being offered this school year are, Understanding your child's report card, Helping your Multilingual child learn English and Mindfulness/Yoga workshop.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified on ClassDojo, School Calendar and Flyers will be posted throughout the school. All documents and notifications will be translated to parents preferred language. School will use staff and/or Language Access through the Department of Education for interpreters.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Attendance will be maintained through google and sign in sheets when in person.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
