Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 58 The Carroll School

District Borough Number (DBN):

15K058

Grades Served:

Pre-K-5

School Address:

330 Smith St. Brooklyn, NY 11231

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Katherine Dello Stritto	Principal or Designee*	
Rosy Clark	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jared Rich	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Liz Hom	District Council 37 (DC 37) Representative (staff), if applicable	
n/a	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
n/a	CBO Representative, if applicable	
Zoe Rosen	Member/staff	
Rachael Kilian	Member/staff	
Sarah Alden	Member/staff/	
Emily Berger	Member/staff	
Jessica Weitz	Member/staff	
Dana Connery	Member/parent	
Emily Turner Julien	Member/parent	
Meghan Gallagher	Member/parent	
Jessica Burgoon	Member/parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

We are a community school with classes from pre-Kindergarten to fifth grade. As a community school we strive to support all of our students in a warm and supportive environment. Our families come from all socio-economic groups and from around the world, and together, they shape the heart and soul of our community.

At PS 58, our mission is to create a culture that celebrates advocacy and pursues justice and equity for all in a rigorous academic environment.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Curriculum and Instruction
We tailor our instruction to support students who need extra help and students who are ready for extra challenges. Our main literacy program is the Columbia Teachers College Reading and Writing Workshop Project. For Math, we use TERC Investigations as our main program. We also use Math Exemplars and Math in the City. Teachers check in with students often to identify individual needs. Our school also supports ongoing teacher training and organizes schedules so that teachers can meet to plan and share knowledge.

P.S. 58 believes that each child should have a chance to find their own interests and talents. Our approach is to incorporate the world around us in our environment and bring that world to life for our children. We have a strong arts program, which includes visual art and music instruction for all grades. Our orchestral program has been built over the course of almost 30 years. Our students graduate from our program knowing how to play a string instrument

Students take trips that bring learning to life, and authors and illustrators visit each grade throughout the year to talk about their work.

Briefly summarize the key initiatives your school will implement this school year.

For the 2024-2025 school year our key initiatives include:
1. Supporting all community members with the integration in the Wit & Wisdom curriculum
2. Ensuring our integrated co-teaching classes use research based teaching methodology to support all learners.

3. Ensuring our younger grade students have concrete instruction in phonics and phonemic awareness across all classes.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	Prek-5	Teachers College Reading and Writing Program	Fundations K-2, Heggerty, Words Their Way supplemental
Math	Prek-5	TERC Investigations	Exemplars, Engage NY, Illustrative Math
Math	Prek-5	Exemplars Problem Solving	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Kindergarten MOY data Shows a dip in progress in ELA End of year state test data 75% level 3 & 4 for economically disadvantaged students	Not adequate time on foundational skill instruction Possible lack of consistency across classrooms Students attention span Change in curriculum Teaching not aligned with assessment ? Acadience assessment demands increase BOY assess only FSF (first sound) MOY assesses PSF (phoneme segmentation) and NWF (nonsense word)	Curriculum maps to ensure pacing Engage family and academic visits Training from Acadience coach with new teachers Oral Reading Fluency for Acadience Looking at implementation calendar for Heggerty - make sure that consistent instruction is provided on phoneme segmentation Looking at Fundations implementation for letter-sound correspondence
Kindergarten DLP	Time issue - phonics	Change in scheduling More Teacher Training

students are performing lower than than general education students in non DLP classes		
Economically disadvantaged students are not achieving as high as a rate as other students (may or may not be ENL or IEP students) 75% at level 3 or 4 on NYS exam	Deficit ideology	More Teacher Training Deficit vs Asset Ideology
Some families struggle to fully understand what their students are learning and how to help that at home	Change in curriculum Change from how they were taught in school Uneven and/or inconsistent communication regarding academic goals/content	Ensure consistent communication that states academic goals/content Regularly communicated and replicable across each grade

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Economically Disadvantaged (ED) Students	40	By June, 2026, literacy for Economically Disadvantaged (ED) Students will improve, as measured by a 5% Increase, from 75% to 80%, of Students receiving a score of or 3 or 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

ELA GOAL - Improve Outcomes for Economically Disadvantaged Students in ELA for grades K-2

Root Cause Addressed:

Acadience assessment demands increase
BOY assess only FSF (first sound)
MOY assesses PSF (phoneme segmentation) and NWF (nonsense word)

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Data deep dives for teachers working with students with disabilities
Professional learning on connecting IEP goals to learning targets in the classroom
Intervisitation for ICT teachers with model classrooms
coaching sessions with staff developer for classroom teachers working with students with IEPs
School leadership will use ADVANCE to give two-three examples of high leverage feedback to move instruction to support target students in targeted intervention and small group work.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use screener data and classroom assessments to progress monitor.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	10/31/2025	Outreach around Literacy Workshop on Supporting Foundational Literacy at Home	
10/08/2025	12/19/2025	Schoolwide Review of Communication Practices to ensure that economically disadvantaged families are engaged	
02/02/2026	04/24/2026	School Leadership Workshop series on understanding IEPs and resources	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Centrally Funded Intervention teacher, special education teachers, general education teachers, parent coordinator, School Based Support team

Instructional Resources

Schedule Adjustments

n/a

Other Resources Needed

n/a

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increased classroom disruptive behavior (referral to Principal or AP). Increase in level 2 infractions from middle of the year to end of year. Increase of 12 infractions over the course of the last three months of school.	Increased anxiety, difficulty remaining on task/completing tasks and decreased ability to resolve conflicts peacefully	Promoting independence and free play promoting independent conflict resolution skills Integrate RULER into Social Stories or SEL lessons
Increased attention fragmentation - staff survey reports 65% of students have distraction struggles during lesson time.	increased screen time overscheduled open time fragmented learning time with peers	Classroom changes, highlighting best practices and model classrooms Staff book club: The Anxious Generation, by Jonathan Haidt

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	10	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5 incident Decrease in A24 infractions from 10 to 15, per the OORS reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Development cycles using book clubs and action research in classrooms around successful behavior management strategies.

Root Cause Addressed:

Increased anxiety, difficulty remaining on task/completing tasks and decreased ability to resolve conflicts peacefully

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Classroom changes that incorporate brain breaks and predictable routines. Using model classrooms to systemize creating a supportive environment for all.
We will be retraining and training all staff on the RULER implantation for all classrooms.
We will be leading a staff book club: The Anxious Generation, by Jonathan Haidt. There will be a learning group and an implementation group.
We will be implementing a Let Grow Project at each grade level each month. We will be starting a Let Grow Playclub.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor progress with:
Implementation checklist to track whether key steps of the PD cycle (reading, meetings, classroom application) are completed.
We will use teacher surveys and observations to record classroom experiences, reflections, and strategy outcomes.
We will use Surveys (Pre/Mid/Post) to measure teacher confidence and perceived effectiveness of strategies.
Student behavior data collect data on incidents in OORS, and behavior trends over time.
We will use our advance rubrics looking at classroom management and monitor teacher implementation

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	10/03/2025	Curriculum mornings with all families to highlight our implementation of independence continuum	
11/03/2025	02/26/2026	Let grow activities by grade for families each month	
03/02/2026	06/05/2026	Workshop series with SLT support on building independence, supporting mental health, and other strategies families have requested help with.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, paraprofessionals, school leadership, school based support tea, guidance staff

Instructional Resources

Let Grow School Pack, RULER implementation guide, classroom and gradewide goals for behavior, PS 58 Independence Continuum

Schedule Adjustments

Other Resources Needed

n/a

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
second grade students show a lag behind standard at MOY and EOY screener data.	gaps in curriculum for math instruction	address curriculum gaps and ensure curriculum is in alignment with Next Generation Standards
Students with disabilities are not making adequate progress on math standards in grades 4 and 5	gaps in curriculum and lack of effective differentiation for target groups	ensure we are using research based teaching techniques to deliver core math instruction

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	86%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring a level 3 or 4 will Increase by 4% from 86% to 90%, for All Students, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide year long professional learning to staff to support effective math instruction across grades k-2 ensuring standards based alignment.
Focus small group professional learnings on targeted small group instruction that focuses on research based strategies that deliver multiple access points to diverse learners.
Intervisitations for classroom teachers to see instruction in action and have critical time for reflection.

Root Cause Addressed:

gaps in curriculum and lack of effective differentiation for target groups

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Dedicated professional learning time to review present levels of performance for students with IEPS and review student IEP goals to ensure adequate time in spent on planning and resource gathering.
Professional learning with the 5 Practices of Orchestrating Productive Math Discussions
Use ADVANCE observations to target feedback around what skills and strategies need to be taught during target intervention and small group work.
Inter-visitations for classroom teachers to see instruction in action and have critical time for reflection.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will progress monitor with screener data results.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	12/23/2025	Host family workshops outlining math strategies and how to support students with math strategies at home.	PTA
01/15/2026	03/16/2026	Offer students and families support during afters chool programming to build foundational math skills	PTO

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, out of classroom providers, support staff, assistant principals

Instructional Resources

Mathletes, Eureka resources, investigations

Schedule Adjustments

Other Resources Needed

time and space from the after school team

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students are not aware of diverse career paths based on survey data from 2024-2025 school year. Survey results showed students were aware of less that 70% careers.	student exposure is limited to the adults they see on a regular basis	ensure students have access to knowledge base are around culturally diverse professionals

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	25%	PS 58 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students participating in career exploration activities will increase by 25% from 25% to 50% as measured by Students participating in career exploration activities and days

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PS 58 will use a multi pronged approach to teach students about different career opportunities available to our students. We will utilize community members, families, and staff to ensure all students have access.

Root Cause Addressed:

student exposure is limited to the adults they see on a regular basis

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Introduce students to career exploration platforms and invite 3 diverse guest speakers (e.g., from the tech industry, healthcare, and the arts).
We will take 2 field trips to local businesses in grades k-2
We will have students complete a career interest survey and match their interests with potential job sectors
We will host a career day including careers found on the interest survey

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	12/15/2025	Family workshop offered by classroom teachers on	
01/12/2026	04/15/2026	Family showcases offered for lower grade classes having the families come teach about their jobs/career.	
02/10/2026	05/29/2026	Families will have access to tools to help them support work at home after meeting with teachers during the fall and spring.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

school guidance counselor will organize career day, parent coordinator and assistant principal will manage school survey and results for classroom teachers

Instructional Resources

We will use literacy lessons to engage students along with books to read about different careers

Schedule Adjustments

students will have access to the school library to learn more about diverse careers

Other Resources Needed

community members will come share about their diverse careers

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on NYC survey data families are feeling less capable to support their children at home with school work	High academic performance has masked gaps in inclusion—some families are not raising concerns, but also may not actively engaged. Families	Ensure families are aware of where their students are academically and

	are not as familiar with the new curriculum	how to support them at home
PAR reports show some classes have lower family turn out for events/workshops. 5th grade classes show less family turn out. Some upper grade dlp classes have less turn out. 10-15% less than other classes on the grade.	Unintentional Bias: Staff may not fully recognize how implicit bias or institutional norms affect family involvement.	ensure all staff communication clearly using multiple communication methods

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	91%	PS 58 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of families indicating that they are satisfied with how well they are able to support their child at home will Increase by 4% from 91% to 95% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 school year 9% of students were chronically absent	access to family support outside of school setting	increase support for families to lower chronically absent percentage

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	9%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 3%, from 9% to 6%, as measured by the Insight reports, new visions portal.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Targeted support for families in temporary housing and families with long commute times to school

Root Cause Addressed:

Access to family support outside of school setting.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Automatic messaging about absence information
Communication from family worker when student reaches 5 absences
Family meeting for support set up if student reaches 8 or more absences
Request attendance teacher support to make weekend and evening home visits for students who have been chronically absent for a calendar year

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use weekly and monthly attendance reports from Insight and New Visions Portal.
Reports will be reviewed at regular attendance meetings.
We will review student data such as screeners, report cards, and teacher observations for students who are chronically absent during attendance meeting time.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	10/31/2025	Family night/morning to help families learn more about school programming, how to be involved, learning new curriculum, fun with students	
11/07/2025	02/27/2026	Family outreach to target students offering support for before school and access to afterschool.	
03/02/2026	05/29/2026	Weekly outreach to offer breakfast support for families to drop students early allow for improved daily attendance.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

parent coordinator outreach to families, family worker outreach to families, assistant principal support meetings

Instructional Resources

Teacher created supports for students at home when missing school

Schedule Adjustments

prioritizing high interest activities on days where chronic absenteeism sees spikes base don data

Other Resources Needed

support communication from parent-teacher association

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
2024-2025 review dashboard shows students have not made progress on 1 or more goals		IEP Development and Fidelity of Implementation
2024-2025 compliance report showed 10% of IEP reviews past annual review	special education provider needs support with long range planning	Transition Planning and Compliance

date		
school data reports high initial referral rate	initial referral rate does not have an equity lens that considers access to interventions	Referral Process and Equity
	need to use research and evidence-based practices to respond to behavior needs	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	70	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve alignment of IEPs across present level of performance by a 15% Increase, from 70% to 85%, as measured by IEP survey review.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Provide Year Long Professional Learning in Evidence-Based Behavior Support - i.e. TCIS, ABA, LSCI, Restorative Circles for all staff.

Root Cause Addressed:

need to use research and evidence-based practices to respond to behavior needs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure Principal's designee, grade leaders and instructional coaches turnkey PL from District/Central/RPC/Other.
Generate a yearlong PD Calendar of Behavior Support Offerings.
Service providers and school based special education teachers will attend district professional learning on writing quality IEPS, and data driven progress monitoring

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Utilizing team leaders, mentor teachers, assistant principal etc. to more intently support and work with staff in restorative practices, ensuring weekly scheduling and support

Instructional Resources

Evidence/Research -Based High Leverage Practices for Special Education Behavior including PBIS, SEL programs: Harmony and Restorative Circles,

Schedule Adjustments

cross grade meetings will occur two times in the fall, winter, and spring. Grade wide planning time will be every week two times a week

Other Resources Needed

technology, staff developer support,

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Small Group instruction with MTSS provider	Below benchmark on 2 or more classroom benchmark assessments	AIS	Small Group Instruction, with 5 or less students per group	During school	No
Tier 2 - Wilson Reading System	Well Below benchmark on classroom reading assessment and Acadience reading Screeners	AIS	Small Group Instruction, with 5 or less students per group	During school	No
Tier 3 - Wilson Reading System	Well Below benchmark on classroom reading assessment and Acadience reading Screeners	AIS	one-on-one	during school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
at risk groups	Students at-risk as determined by teaching team	Counseling	small group	during school day	no
community read alouds	students at risk as determined by teaching team	Regular classroom	small group and whole group	during the day	no
lunch clubs	students at risk as determined by teaching team	counseling	small group	during school day	

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 58, strong family partnerships are essential to the success of the Multi-Tiered System of Supports (MTSS). To keep families informed and involved, the school provides clear written communication that outlines the core components of MTSS, including how academic, behavioral, and social-emotional interventions are implemented across the tiers. These documents are thoughtfully crafted to be accessible to all families and are distributed at key points throughout the year, ensuring that caregivers understand the process for identifying student needs, monitoring progress, and collaborating with support teams.

A significant touchpoint for sharing MTSS information is during Back to School Night, where families are invited to attend dedicated information sessions. These sessions provide an overview of the MTSS framework, including what supports are available at each tier and how students move between tiers based on data. Teachers and support staff use this opportunity to answer questions and highlight the importance of early intervention and inclusive practices, setting a tone of transparency and partnership from the beginning of the school year.

In addition to formal communication and presentations, PS 58 promotes ongoing dialogue with families through newsletters, parent-teacher conferences, and family workshops. These multiple avenues of engagement reinforce a shared commitment to student success and create opportunities for families to actively participate in the problem-solving and decision-making process. By making MTSS both visible and approachable, the school ensures that every family feels empowered to support their child's learning journey.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 intensive interventions at PS 58 are kept actively informed through regular, personalized updates that highlight their child's progress and areas of ongoing need. These updates are typically shared through scheduled progress monitoring reports, which include data on how the interventions are impacting student performance, behavior, or social-emotional growth. Reports are designed to be easy to understand and are accompanied by explanations from support staff or teachers to help families interpret the information meaningfully.

In addition to written updates, families are invited to participate in follow-up meetings or conferences with members of the MTSS team. These sessions provide a chance to discuss progress in more detail, share observations from home and school, and make collaborative decisions about adjusting interventions if needed. These meetings often include specialists—such as interventionists, counselors, or school psychologists—who can offer deeper insights into student needs and suggest strategies for support beyond the classroom.

Students in academic intervention groups will get a progress report at six weeks into the program.
Students in academic intervention groups will get a progress report at the completion of the 12 week program cycle.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At PS 58, families play a vital role in the decision-making process for students receiving Tier 3 intensive interventions. When a student is identified for this level of support, the school initiates close collaboration with the family to develop an intervention plan tailored to the student's specific needs. This process begins with a team meeting that includes the family, the classroom teacher, intervention specialists, and other relevant support staff. Together, they review assessment data, discuss concerns, and establish clear goals to guide the intervention.

As interventions are implemented, families continue to be partners in evaluating their child's progress. They receive frequent progress updates and are invited to participate in scheduled review meetings, where data is analyzed and next steps are determined. During these meetings, families are encouraged to share their perspectives and observations from home, helping the team form a more complete picture of the student’s development. Their input is not only valued but considered essential in determining whether current interventions should be adjusted, intensified, or faded.

The school makes a concerted effort to ensure families feel informed and empowered throughout this process. Communication is clear and ongoing, and support is provided in multiple languages as needed. This partnership fosters trust and ensures that decisions are made collaboratively, always in the best interest of the student’s long-term success.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

13

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Our students in temporary housing

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students designated in Temporary Housing will have access to:
1. Our STH liaision on a weekly basis
2. Students will receive check-in support in the classroom each month as needed.
3. Students will have access to all supplies needed prior to the beginning of the school year.
4. Each grade team will have a dedicated staff member who reports back to the leadership team regarding specific needs (clothing, school supplies, etc.)

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

n/a

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

n/a

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

n/a

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

PS 58 The Carroll School is not a Title I school. We encourage parent engagement from all our families and support all families with resources and workshops for student achievement. The Title I funds that we receive are used to provide essential school and personal supplies, materials and in-school counseling to Title I students.

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 58 The Carroll School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by

actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association). Since PS 58 The Carroll School is not a Title I school, we do not have a Title I Parent Advisory Council. All parents and guardians are encouraged to become trained volunteers and all are welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 58 The Carroll School is not a Title I school. We encourage parent engagement from all our families and support all families with resources and workshops for student achievement. The Title I funds that we receive are used to provide essential school and personal supplies, materials and in-school counseling to Title I students.

PS 58 The Carroll School will support parents and family members of all students, including Title I students, by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

PS 58 The Carroll School is not a Title I school. We encourage parent engagement from all our families and support all families with resources and workshops for student achievement. The Title I funds that we receive are used to provide essential school and personal supplies, materials and in-school counseling to Title I students.

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members. This information will be maintained by the school.

Our school administrators and support staff, including the principal, assistant principals, parent coordinator, school psychologist, social worker and guidance counselor all meet together weekly to plan for families who are in need of special support, such as those in temporary housing or who are experiencing financial distress. Additionally, we distribute translations of NYC Public School letters and school documents in appropriate languages based on a parent's expressed language preference. Interpretation is available upon request for school and PTA meetings. In addition, all of our online communication platforms are accessible in multiple languages and provide a translation options for all the languages spoken by our families.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent-Teacher Association;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- sending a weekly e-blast with current school news to all families in a platform that can be easily translated to all home languages spoken by our families;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 58 The Carroll School is not a Title I school. We encourage parent engagement from all our families and support all families with resources and workshops for student achievement. The Title I funds that we receive are used to provide essential school and personal supplies, materials and in-school counseling to Title I students.

We seek feedback from all parents about the effectiveness of our programs. The principal presents at every PTA meeting and asks for parent questions and concerns. In consultation with our SLT, the principal implements or adjusts policy and programming to address family needs and concerns.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

PS 58 The Carroll School is not a Title I school. We encourage parent engagement from all our families and support all families with resources and workshops for student achievement. The Title I funds that we receive are used to provide essential school and personal supplies, materials and in-school counseling to Title I students.

PS 58 The Carroll School supports home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

PS 58 The Carroll School provides parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

PS 58 The Carroll School provides general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs. We are not a Title I School, but we always listen to parent concerns and provide the contact information to escalate any concerns to the District that we cannot address to a parent's satisfaction.

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Katie Dello Stritto
Assistant Principal (Where Applicable)*	Annique Leman
English as a New Language (ENL) Teacher*	Katie Lapham
Teacher (if school has a bilingual program must be a bilingual teacher)*	Sarah Przedborski
Parent/Guardian*	TBD
Teacher	
Parent Coordinator	Joan Bredthauer
School Counselor	Amy Alvarez
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

701

Total number and percentage (%) of current ELLs:

30; 4.3%

Total number and percentage (%) of former ELLs:

10: 1.4%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

30; 100%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

0; 0%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0; 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0; 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

5; 16.7%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	French	2007	2	2	2	2	2	1								11
DLBE																	0
DLBE																	0
				total: 2	total: 2	total: 2	total: 2	total: 2	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In this program, our ENL teacher provides instruction in English to heterogeneous same-grade groups of students, while also ensuring to incorporate home language support through appropriate resources (bilingual dictionaries, trade books, etc.). The ENL teacher pushes in to classrooms to provide stand-alone instruction to newcomer MLs/ELLs in both monolingual classrooms and in our dual language program. According to their proficiency levels, students receive the mandated amount of instruction in both stand-alone ENL, delivered by our ENL teacher, as well as integrated ENL, delivered with our ENL teacher along with a common branch-certified co-teacher.
Entering and emerging MLs/ELLs receive their mandated stand alone instruction via pull-out classes with our ENL teacher. Groups are formed by proficiency and grade levels.

Integrated ENL:

Our ENL teacher pushes into general education and ICT classes which contain MLs/ELLs not in the dual language program. MLs/ELLs on each grade tend to be in the same class and the ENL teacher works closely with the classroom teacher (s) to support MLs/ELLs. The ENL teacher creates their schedule in compliance with CR Part 154 mandates. The ENL teacher either pushes into or supports the English classroom teacher in our dual language program to provide integrated ENL support.
Students are grouped by grade level and proficiency levels within each class are heterogenous. Instruction mirrors the classroom teachers' units of study, however it is differentiated to meet the individual needs of the MLs/ELLs. The ENL teacher scaffolds for the MLs/ELLs by providing them with visuals, realia and books on different reading levels. This ensures MLs/ELLs are learning grade level content at their particular reading and writing level. The teachers, both classroom and ENL, also provide MLs/ELLs with hands-on projects to support the learning taking place in the classroom that may not necessarily be reflected through more formal writing assignments.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language (French) program:
The Dual Language (French) program uses two models to support sequential biliteracy: self-contained classes in K-1 and side-by side classes in 2-5. Within the self-contained configuration, there is one teacher who provides instruction in both languages at separate times. The classroom contains instructional materials in both languages

and is organized so that the language of instruction is clearly designated (i.e. color codes for language, flower pin indicating language of instruction). The teacher plans what concepts and activities s/he will conduct in each of the languages. Within the side-by-side class configuration, there are two teachers who provide instruction; one in French and one in English. They follow an alternate day pattern. One day of instruction is in English and one day is in French. Each classroom contains instructional materials in the appropriate language and the teachers plan what concepts and activities they will conduct in each of the languages. All ELLs in the dual language program are in heterogenous single-grade classes.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

To determine the number of instructional minutes - and program- needed to support each ML/ELL, we refer to the RLAT report in ATS. This report tells us the official English-language proficiency level for each student based on two assessments: scores from the most recent NYSESLAT and NYSITELL scores.

In the freestanding ENL program, our ENL teacher provides the ENL instructional minutes to ELLs and pushes in to provide appropriate integrated ENL/ELA minutes in conjunction with the classroom teacher. Our ENL teacher co-plans with classroom teachers to provide additional scaffolds and supports for students to access the grade level curriculum. Teachers in the dual language program co-plan with their grade teams to plan units of study and then plan together as a team to provide additional scaffolds and strategies for ENLs to access grade level curriculum.

Students receiving services with the following allocation:
Entering: Stand alone (180 minutes) + Integrated ENL (180 minutes) = 360 minutes per week
Emerging: Stand alone (90 minutes) + Integrated ENL (180 minutes) + Flex (90 minutes) = 360 minutes per week
Transitioning: Integrated (90 minutes) + Flex (90 minutes) = 180 minutes per week
Expanding: Integrated (180 minutes)
Commanding: Flex (90 minutes)

In the Dual Language Program, in grades K-1, the bilingual certified teacher provides the appropriate number of ENL, ELA, and HLA minutes according to proficiency level. In grades 2-5, the English-side teachers provide the appropriate number of ENL and ELA instructional minutes according to proficiency level. The French-side teacher provides the appropriate number of HLA minutes. Students receiving services with the following allocation:

Entering: Stand alone (180 minutes) + Integrated ENL (180 minutes) = 360 minutes per week
Emerging: Stand alone (90 minutes) + Integrated ENL (180 minutes) + Flex (90 minutes) = 360 minutes per week
Transitioning: Integrated (90 minutes) + Flex (90 minutes) = 180 minutes per week
Expanding: Integrated (180 minutes)
Commanding: Flex (90 minutes)

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

As per CR Part 154-2, instructional minutes are provided as follows in both the ENL program and in the dual language program:

Entering ELLs:

180 minutes of stand-alone ENL
180 minutes of integrated ENL/ELA

Emerging ELLs:

90 minutes of stand-alone ENL
180 minutes of integrated ENL/ELA with flexbility (90 minutes can be stand-alone ENL or integrated ENL/core content area)

Transitioning ELLs:

90 minutes of integrated ENL/ELA with flexibility (stand-alone ENL or integrated ENL/core content area)

Expanding ELLs:

180 minutes of integrated ENL/ELA or other core content area

Former ELLs (for two school years following testing commanding on the NYSESLAT or receiving a level 3 on the NYS ELA assessment):

90 minutes per week of integrated ENL in ELA/core content area or through other approved services for former ELLs such as project based learning or small group work.

For ELA, our school is currently using the Wit and Wisdom curriculum along with Heggerty and Fundations. In the dual language program, units are planned in both languages. While the lessons and end projects sometimes differ in each language, each unit's central skills and questions are present and practiced in both languages. This includes writing as well.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

In K-1, our French dual language classes are self-contained with one teacher responsible for instruction in both languages (English and French). There are two dual language classes in grades K and 1 respectively for a total of four dual language classes, and four certified dual language teachers, among these two grades.

In grades 2-5, we use the side-by-side model in our dual language program. On each grade there is one French-language classroom and one English-language classroom. Students alternate language by day. There are a total of eight dual language classes in grades 2-5. Four of the teachers (one in each grade) are certified to deliver French-language instruction.

English proficient students and MLs/ELLs are integrated 100% of the instructional day.

b. In which language(s) is each core content area taught?

French and English

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

100% of ELLs at P.S. 58K are newcomers (30 students). However, the proficiency levels within this group vary. Some newcomers are entering and emerging ELLs while others are transitioning and expanding. Their individual needs and methods of support are not uniform.

In providing effective instruction, we must look at the individual proficiency levels in this category. Entering and emerging ELLs require more stand-alone English, vocabulary, beginning phonics and scaffolds/realia while transitioning and expanding ELLs have more oral language and comprehension but likely need more support with grade level reading and writing as well as vocabulary. All ELLs - regardless of proficiency level - benefit greatly from as much speaking practice as possible.

Entering and emerging ELLs in this category may need more exposure to content about their new city and country while newcomer ELLs at the transitioning and expanding levels might have more familiarity about their new home. Highly engaging project based learning aligned to grade level work benefit all newcomer ELLs.

Developing and/or long-term ELLs have been in the country longer and likely have stronger speaking and listening skills than newcomer ELLs. In our experience, the focus with developing and long-term ELLs in on helping them read and write on grade level. It is important to have a good understanding of why these ELLs have not tested commanding on the NYSESLAT (or have not received a score of at least 3 on the NYS ELA assessment). We need to address their individual needs to help them exit the program and/or to ensure that they are getting additional services/support so that they can grow academically and perform on grade level.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.0% of ELLs (zero) are SIFE students. We have not had any students entering in grades 3-5 that have qualified for SIFE status. However, we have had students in K-2 who are SIFE even though they aren't formally identified at such due to their grade level. By the time these students enter grade 3, they are far below grade level. Their speaking

and listening skills improve significantly, but they require a great deal of support in reading and writing. It's important to customize instruction for these students to meet their individual needs. While they must engage with grade level content, adjustments need to be made in other areas - namely reading and writing - so they can show their understanding of material as independently as possible. Another key component of supporting SIFE ELLs is to communicate regularly with the students' guardians/parents. Among other reasons, this ensures that we are fully aware of any past struggles/traumas that might contribute to the students' academic struggles. It is critical to support not just the academic needs of SIFE students but also their social emotional needs. Creating a safe space for the students is imperative.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0% of ELLs at P.S. 58K are long-term ELLs. Likewise, 0% of ELLs are developing. Developing ELLs have received ENL services for 4-6 years while long-term ELLs have been in an ENL program for 7 or more years. For all of these students, it is important to know as much about these students as possible, both their academic and social-emotional needs. This includes examining their performance on the NYSESLAT over the years. Which modality (modalities) do they struggle with the most? Based on this information, instruction can be customized to meet their particular needs. Close communication between the ENL provider and the classroom teacher (s) is also a key component in supporting these ELLs. Wherever possible, small group work benefits ELLs who have been in an ELL program for an extended period of time.

Long-term ELLs are more likely to also have an IEP. We will ensure that they are receiving the correct services as per their IEP and/or we will determine which Tier 2 or Tier 3 interventions - informed by multi-tiered systems of support - would benefit these long-term ELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

In 2024, 7 ELLs scored at the proficient (commanding) level on the NYSESLAT. The year before, in 2023, 3 ELLs exited the program. The averaged percentage of students who are former ELLs is 1.4% (or 10 students).

In September of every school year, the ENL coordinator determines who the former ELLs are. Former ELLs receive targeted academic support for 2 years following testing proficient on the NYSESLAT.

The ENL teacher works closely with the classroom teachers of former ELLs to determine how former ELLs will be supported. There are 3 options to choose from:

Option A - small group learning
Option C - project-based learning
Option D - a minimum of 90 minutes per week of integrated ENL

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

73.3% of ELLs (22 ELLs) have one at-risk indicator. For most of the students, the reason for this is due to their status as a newcomer ELL (0-3 years of ELL service). School staff will look closely at these ELLs to ensure they are getting the support they need through differentiation in the classroom, strong Tier 1 instruction and stand-alone ESL,

if necessary.

20% of ELLs (6 students) have two at-risk indicators and 6.7% of ELLs (2 students) have four at-risk indicators. There are multiple reasons for this. Two of our ELLs live in temporary housing. Our school, led by the social worker, works closely with the families of these students to ensure that they have everything they need, including consistent and sound transportation to and from school and a seat in our after school program, which offers academic support among other things.

Two ELLs (6.7%) received a score of 1 or 2 on the 2024 NYS ELA test and 2 ELLs (6.7%) received a score of 1 or 2 on the 2024 NYS Math test. The ENL coordinator, along with the classroom teacher, helps to determine what interventions these ELLs need for academic success. This school year, for example, two ELLs received SETSS in math and ELA in a small group setting.

Four ELLs (13.3%) did not demonstrate sufficient ELP progress on the spring 2024 NYSESLAT. The ENL coordinator will closely examine the NYSESLAT performance of these ELLs over time to see which modality (ties) they need more support in. In addition, the coordinator will work with classroom teachers to ensure that these ELLs are receiving strong Tier I instruction as well as any necessary academic interventions aligned to MTSS.

Two ELLs (6.7% of ELLs) are not fully programmed in STARS for ENL with an appropriately certified teacher. P.S. 58 has diligently ensured that all ELLs receive their proper services as per their ENL/ESL levels. However, there have been glitches in STARS over the years. The district office periodically alerts us of these issues and we resolve them as soon as possible.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

One former ELL (10%) has one at-risk factor and one former ELL (10%) has two at-risk factors. Both of these factors are based on scores of 1 or 2 on the NYS ELA test. We are providing SETSS support to these students in ELA.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

French is the home language with the largest representation at our school: 21 out of 30 ELLs. We honor ELL parent program choice and the vast majority of these students are in our French dual language program. We have French-speaking teachers on every grade level and our assistant principal is fully bilingual in French and English. Our assistant principal translates at parent meetings and communicates with our parents in French. Letters are sent home in French if that is the language of communication that the family has chosen. Our school library has a French section and the dual language classrooms have French libraries as well. Curriculum is offered in French and our school holds a French film festival and a French book fair every year. In addition, we partner with the French consulate for cultural experiences and the 5th graders in the dual language program have a separate graduation ceremony there every year.

Three ELLs speak Japanese, two speak Danish, one speaks Albanian, one is Dari/Farsi/Persian, one is Portuguese and one is Spanish. Our ENL teacher ensures that the classrooms of these students contain books about their respective cultures and languages. If necessary, the school utilizes interpretation services to communicate with families in these languages and letters are sent home to families in their language of choice.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

21 (72.4%) of our ELLs identify as white, non-Hispanic ELLs. Within this group, 3 are Asian (10.3%), 3 are Black (10.3%), 2 are multiracial (6.9%). 1 ELL identifies as Hispanic. The ENL coordinator is a member of our school diversity team called STRIDE. The coordinator ensures that all classrooms have books that reflect the cultural and linguistic diversity of our ELLs. The ENL coordinator is also on the instructional leadership team to help shape instruction with ELLs in mind. The ENL coordinator works closely with classroom and specialty teachers to ensure that the languages and cultures of our ELLs are incorporated into the classroom community and that connections are made to them in lessons.

We regularly update our classroom and school libraries to ensure that our books - used for read alouds, book clubs and independent reading - are diverse and inclusive and represent the racial and ethnic classifications of our ELLs. We stay on top of the latest titles being published and regularly order new books for the school. Classroom teachers showcase social justice changemakers from our students' backgrounds, highlighting their accomplishments. Every February, our school participates in the Black Lives Matter Week of Action at NYC Schools. Similarly, it is expected that all classrooms engage in activities and lessons related to the Asian American experience during Asian American Pacific Islander (AAPI) month and gain a better understanding and appreciation for Hispanic culture during Hispanic Heritage month. However, our bigger goal is to do this type of work throughout the school year not just during certain months, and to be conscious of whose stories we are telling and whose voices aren't being heard.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

15 ELLs were progress eligible students. Seven met progress by exiting ELL status. Three students met their annual progress target and one ELL made ELP sufficient progress by meeting safe harbor cumulative growth. Four ELLs did not make sufficient progress. The number of students who exited ELL status in 2024 doubled from 2023. Three of the four students who did not make sufficient progress took the new first grade NYSESLAT in 2024. In terms of content and skills tested, there is a big jump from kindergarten to first grade, and last year was the first year of the new first grade only NYSESLAT. In the past, first and second graders took the same assessment. One of the first graders who did not make adequate progress transferred to our school in the fall of 2024. The remaining student who did not make sufficient progress has an IEP and is a holdover.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

In 2024, no ELLs tested at the entering level. Seven ELLs tested proficient, 10 ELLs tested at the expanding level, four ELLs tested at the transitioning level and three tested at the emerging level. Most of our ELLs are expanding. Within the expanding proficiency level, half (five) were 1-10 points from testing at the commanding level. This school year, we focused on these students to push them to proficiency on the NYSESLAT.

In terms of the individual modalities, listening and speaking tend to be areas of strength for our ELLs followed by reading. Only two ELLs were identified as having writing as an area of strength. As a result, we are focusing on improving writing among our ELLs. We explicitly teach paragraph writing, including how to write a topic sentence and a conclusion.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Two ELLs and four former ELLs took the 2024 NYS ELA and math assessments. Math was the stronger area. In math, one ELL scored a 1 and one scored a 2. The rest of the scores were either 3 or 4. In ELA, three students scored a 1 and one scored a 2. The rest of the scores were either 3 or 4. Two former ELLs received a score of 1 or 2 on the NYS ELA test but scored a 3 on the math test. They are receiving AIS in ELA to help them improve their performance on the ELA test.

The two ELLs who took the 2024 NYS ELA and math assessments both scored a 1 or 2 on both assessments. One is a transitioning ELL and the other is expanding. Both made sufficient ELP progress on the 2024 NYSESLAT. These two students each have IEPs and are receiving SETSS in math and ELA as well as ENL support. The transitioning ELL has the support of a paraprofessional and will be in ICT next year.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We currently do not have any ELLs who are SIFE. Six ELLs have an IEP and there are no former ELLs with an IEP. Only one of these students did not make adequate progress on the 2024 NYSESLAT, and this ELL struggles in reading and writing and test-taking. Three are transitioning ELLs, two are expanding and one is emerging. The emerging ELL just arrived in the country and speaks and understands English but is not yet writing and reading in English. Three ELLs with an IEP had low scores in writing, and one had a high score in speaking. This makes sense because the ELLs with an IEP tend to struggle with reading and writing and do better in speaking and listening.

The transitioning ELLs with an IEP all have a learning disability. We hope they will move up to expanding in 2025. Likewise, we hope the expanding ELLs will test proficient on the 2025 NYSESLAT. Testing proficient/commanding is a struggle for the ELLs with a learning disability in reading and writing.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

MLs/ELLs are placed in both monolingual and dual language classrooms alongside their non-ELL peers. They are fully integrated in all areas of school life. We ensure that classrooms offer strong Tier 1 instruction and both our ELA and math curriculum are research-based and approved by the NYCDOE.

In the 2025-2026 school year, we will continue to use the Wit & Wisdom curriculum for ELA. All classroom teachers have attended professional development and are learning how to differentiate and scaffold this curriculum for MLs/ELLs.

The ENL teacher supports the DLP teachers who have MLs/ELLs. The ENL teacher offers instructional support for MLs/ELLs in DLP as well as resources and materials. The ENL teacher pushes into monolingual classrooms to support MLs/ELLs across the content areas and in ELA, and the ENL and DLP teachers provide stand-alone instruction to entering and emerging MLs/ELLs.

All ELLs engage with grade level material, and we differentiate and scaffold to ensure that MLs/ELLs comprehend as much of the material as possible.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT designs instruction with MLs/ELLs in mind, and the ENL coordinator/teacher is a member of this team. We consider the following:

What language supports are needed for students to have equal access to the curriculum? Language supports include materials in students' home languages, visuals/realia, differentiated graphic organizers and differentiated responses/assessments to the material being taught. Are these available in the building? Are they updated? Do we need additional resources and where do these resources and materials come from?

What are the individual needs of each ELL? We have a range of ELLs/MLs in the building from newcomer students to

expanding ELLs. Some of our ELLs have IEPs. We prioritize getting to know our students well so that we can offer them customized support that addresses their individual needs. Does the student continue to require a one-on-one para, for example? The ENL teacher is always included in IEP meetings.

How can the freestanding ENL teacher support the Dual Language teachers in supporting MLs/ELLs in the French Dual Language program? The freestanding ENL teacher works closely with the Dual Language teachers to provide support for the ELLs in their program, particularly the newcomer ELLs. She pushes in to the Dual Language classes to offer ESL support to newcomers, for example, and she helps to differentiate English-language materials for the classroom teachers.

In addition, the ILT ensures that our specialty teachers are aware of students' backgrounds and language needs. The freestanding ENL teacher offers support to these teachers so that MLs/ELLs can fully access materials and participate in activities.

-

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

We have a Dual Language (English/French) program on each grade, from K-5. Our French-speaking ELLs are in this program. All other MLs/ELLs, whose home language is a language other than French, are in our general education classrooms and ICT classrooms. MLs/ELLs with IEPs are in our ICT classrooms. Core content is uniform throughout the grades and programs. Teachers work very closely together.

Our school uses Wit & Wisdom for English-language arts instruction and Investigations for math. Both are aligned to the Next Generation Learning Standards.

All students - ELLs and non-ELLs alike - write across the genres: personal narrative, non-fiction, persuasive, fiction, poetry. In our Dual Language program, this is being done in French as well as in English. Both English and French grammar and phonics are also taught. In the upper grades, all students - ELLs and non-ELLs alike - use the Flocabulary program for English-language vocabulary development. Read alouds are conducted daily in every classroom and are genre-based depending on the unit of study (fiction, non-fiction, memoir, persuasive, etc.). Our Dual Language program does this in French as well. Shared and guided reading as well as books clubs are also done in every classroom. And every day, students have an opportunity to do independent reading at their level.

In both math and ELA, all students are given ample opportunities to develop oral language skills through discussions about literature, ideas and concepts.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Classroom teachers and the ENL teacher use a variety of materials to support MLs/ELLs in accessing academic content areas and in accelerating English language development. For stand-alone instruction, the ENL teacher shares with ELLs newcomer-specific trade titles such as This Is How We Do It by Matt Lamothe, I'm New Here by Anne Sibley O'Brien, and My Map Book by Sara Fanelli. Using these texts, and with the support of the ENL teacher and classroom teachers, newcomer ELLs write and illustrate All About books and create different types of maps with labels to learn new English-language vocabulary.

We also use graphic novels and high quality, culturally responsive picture books to help MLs/ELLs access grade level content and ELA units of study such as story elements, personal narrative, literary essay and writing and reading about non-fiction. To support comprehension, the teachers do a vocabulary preview with images from the text. Just-right scaffolds are also used according to students' proficiency levels. These include pre-taught words and phrases, sentence starters, cloze paragraphs, word and phrase banks and a variety of graphic organizers.

Teachers also use a variety of phonics books with MLs/ELLs, and they provide MLs/ELLs with sight word lists and alternative graphic organizers during writing.

In math, we have begun using Same But Different math. This approach allows all students, including MLs/ELLs and ELLs with IEPs, to access the same grade level content. It gives them the opportunity to participate in whole class math problems that can be tackled from different perspectives and interpreted in different ways.

Laptop carts are available on every floor and students use Chrome books in different ways. Students can do online research/reading in their home languages and they can also look at images of content to help them better comprehend material. Students can also make slide shows to convey their understanding of content material.

Both the classroom teacher and ENL teacher familiarize themselves with IEPs belonging to MLs/ELLs and customize instruction according to the IEP's learning goals. Many of the above-mentioned strategies are useful with MLs/ELLs who have IEPs.

b. SIFE

If a SIFE student is identified, the ENL teacher will work closely with the classroom teacher(s) to design a targeted academic intervention plan. Teachers will obtain materials in the student's home language to reinforce concepts and skills being taught in the classroom. Teachers will also modify core content to meet the student's individual needs. Realia and images are utilized and alternative assessments and activities are created. Books on different reading levels are used. Phonics and word study programs are also available should the student need them. SIFE students are invited to the Title III ML/ELL and immigrant student after school program, which is designed to help students gain confidence in speaking, listening, reading and writing in English.

c. Newcomers

Newcomer ELLs are integrated into classrooms on each grade level. They are placed in grades that are age appropriate. An ENL teacher pushes in to these classrooms to work closely with newcomers to ensure they have access to and engage with grade level content. In addition to providing freestanding ESL support, the ENL teacher modifies instruction for the newcomer ELL. Materials in the students' home languages are provided and alternative activities and assessments are created. The content and skills, however, are the same as what the other students are working on. Newcomer ELLs also participate in small group work and are often partnered with students who share the same home language.

d. Long Term ELLs

Long term ELLs have access to the same content and skills as their grade-level peers. The ENL teacher pushes-in to classrooms to support these ELLs by offering extra scaffolds targeted to the students' individual needs. These include alternative graphic organizers and activities and modified assessments. Books on different reading levels, but covering the same material, can also be provided to long term ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

MLs/ELLs with IEPs are placed in the least restrictive environment and IEPs are reviewed and adjusted, if needed, annually. The ENL teacher as well as the classroom teachers are very much part of the IEP process for MLs/ELLs. Materials are differentiated according to students' individual needs. For example, alternative graphic organizers can be given to these students so that they can practice the same skills and concepts as other students on the grade but in a more manageable and targeted way. Classrooms libraries have a range of levels so that MLs/ELLs with IEPs can access the same academic content but at their own reading level.

Math, reading and writing instruction can all be done in smaller groups in an ICT classroom with two teachers. The freestanding ENL teacher also pushes-in to classrooms to support MLs/ELLs individually and in small groups. MLs/ELLs with IEPs can be given extra time to complete assignments and can take untimed assessments in separate locations. We offer adaptive technology to MLs/ELLs with IEPs so that they can speak their ideas and answers into the computer. Teachers can also read directions and passages aloud to MLs/ELLs with IEPs to help them access content.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

P.S. 58 has a French dual language program. Our MLs/ELLs in this program receive 50% of their instruction in their home language (French). What is learned in English is mirrored and reinforced in French, and learning materials are provided in French.

We do not have a TBE program. For ELLs enrolled in ENL, the ENL teacher ensures that books and stories reflecting their backgrounds are made available to them, and to all individuals in their classroom. To support newcomer ML/ELLs, dictionaries are created (or provided) in both English and their home language. Bilingual books and other resources are also provided, if available.

French-language assessments are administered in the Dual Language program. These include Canadian running records (GB+) in French, which are leveled according to F & P.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Not Applicable

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

The ENL coordinator/teacher is a member of the DLP teaching team that meets regularly to discuss the needs of the program. The ENL teacher is also a member of the ILT and represents the providers on the grade leader team. The ENL coordinator/teacher ensures that the needs of ML/ELLs are considered in all school-wide decisions.

The ENL teacher works closely with all classroom teachers of MLs/ELLs - both monolingual and DLP - to provide instructional support and materials to ELLs. The ENL teacher plans lessons with classroom teachers and suggests effective ways to support ELLs. The ENL coordinator/teacher shares with classroom teachers resources such as the targets of measurement (TOMs).

The ENL teacher, along with DLP teachers, provide school wide professional development to all staff on how to best support ML/ELLs.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school is committed to providing ongoing, up-to-date and relevant professional development for all staff. The ENL teacher works closely with administration and the STRIDE team (diversity and equity team) to ensure that the academic and social emotional needs of MLs/ELLs are considered when designing professional learning. The ENL coordinator is a member of the STRIDE team and regularly attends district professional learning sessions. A minimum of 15% of all professional development for teachers and administrators will focus on ELL-related topics. For the school's ENL and dual language teachers, a minimum of 50% of professional development will be ELL-focused.

In-school professional development includes up-to-date best practices for ELLs/MLs both academically and socially emotionally, ENL methodologies and scaffolds, culturally relevant instruction and how to make adjustments to Wit & Wisdom for ELLs. Staff also receives professional learning through district/network PD and UFT PD. ENL and bilingual teachers attend ELL-related PDs and turnkey the information to staff. The ENL teacher also regularly attends grade meetings to ensure that the instruction is designed with ELLs/MLs in mind.

The ENL coordinator ensures that all staff members have a good understanding of language acquisition stage behaviors at the various proficiency levels (entering, emerging, expanding and commanding). The ENL coordinator also shares with staff members just right scaffolds in speaking, listening, reading and writing that can be used with ELLs in accordance with their proficiency levels.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

A minimum of 15% of all PD for teachers and administrators will focus on ELL-related topics. For the school's ENL teachers and dual language teachers, a minimum of 50% of PD will be ELL-focused. Teachers have many opportunities to acquire their ELL-focused PD hours, including at weekly meetings for the dual language program, as well as through district workshops, and through the UFT. We continue to incorporate the following into in-school, whole staff PD: best practices for MLs/ELLs and ESL methodologies, scaffolding for MLs/ELLs, culturally relevant pedagogy, guided reading support. During weekly professional development time, we regularly have district representatives here to help us strengthen our teaching practice across the content areas. Particular attention is given to how we can improve outcomes for MLs/ELLs and students with IEPs and the professional development strategies reflect this.

The ENL teacher also attends planning meets with co-teachers to co-plan instruction and to discuss the learning needs of MLs/ELLs. Minutes are taken during grade meetings and planning meetings. An attendance sheet is taken for professional development meetings. This ensures that records are maintained.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use the NYSITELL to identify ELLs. This assessment tells us their English proficiency level and helps us determine how much English-language support is needed as per CR Part 154-2. Additionally, we administer the MAP and Acadience screeners three times a year. MAP is used for students in grades 3-5 while Acadience is used for students in grades K-2. Data from these assessments identifies trends among our MLs/ELLs and help us target instruction to meet students' individual needs. However, it is important to keep in mind that these assessments may not be reliable for ELLs at the entering and emerging proficiency levels and that alternative screeners are required for these students.

We also use these screeners to see if any MLs/ELLs are in the bottom 16%. If so, we create an action plan for these students.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The ENL teachers and classroom teachers work closely together to ensure that the academic needs of MLs/ELLs are being met. If, after analyzing assessment data, a ML/ELL is performing below grade level, teachers will meet to strategize an intervention plan. Teachers re-teach concepts and skills individually and in small groups these MLs/ELLs. Additional scaffolds are utilized, such as realia/images and modified graphic organizers, as well as books at different reading levels. We also provide AIS in math and ELA and MLs/ELLs are entitled to this support. Students receiving AIS support are grouped according to grade and/or targeted skill.

Newcomer groups are formed each school year to provide freestanding ESL support to newly arrived MLs/ELLs with limited English-language proficiency. Students are grouped by age (K-2 and 3-5).

In addition, each school year we offer a Title III after school program for ELLs/MLs and immigrant students. In this program, students will engage in meaningful, relevant and creative work that allows them to improve their English speaking, listening, reading and writing skills.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

The Multi-Tiered System of Supports (MTSS) guides us in providing strong Tier I instruction to all students, including MLs/ELLs, as well as intervention strategies at the Tier II and Tier III levels. It integrates academic, behavioral, and social-emotional supports so that all students, including MLs/ELLs, have access to the right level of support at the right time.

We use data from formative and summative assessments, as described below, to determine what level of support is needed for each ML/ELL. We also look at social-emotional and behavioral records. Tier I instruction at the classroom level is inclusive, high quality, linguistically and culturally responsive and standards-based. Tier II is more targeted and can include small group instruction. Tier III is more intensive and individualized. A ML/ELL in this tier may require the support of a reading/writing specialist. Both Tier II and Tier III include progress monitoring.

The ENL teacher is a member of a team, which also includes service providers, that meets regularly to discuss the needs of Tier II and Tier III students. An intervention plan, guided by the MTSS, is formulated for each student discussed.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

For English-language arts, we use the Wit & Wisdom curriculum, which provides ample assessment opportunities to collect data and track student progress towards grade level Next Generation ELA Learning Standards. Wit & Wisdom offers an end-of-module task for each module as well as Socratic seminars, reading assessments, focusing question tasks and checks for understanding. Fountas and Pinnell running records are also available for use to assess reading levels. Teachers also create project-based assessments, particularly for social studies. The Investigations math program also has pre- and post unit assessments.

To assess progress in French, we use GB+, a running record assessment that is very similar to a French version of Fountas and Pinnell. Additionally, teacher teams have created a French language assessment, similar to an informal version of the NYSESLAT to assess French language acquisition for our students, whose first language is English.

The ELL/MLL Academic Language assessment (grades 3-5) is also available to assess the English-language proficiency levels of MLs/ELLs during the school year. It is administered twice a year and measures language skills across the 4 modalities: speaking, listening, reading and writing.

All of these assessments are used to inform and drive instruction.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In the French Dual Language program, teachers use Canadian running records (GB+) in French, which are leveled according to F & P. Teachers have also developed letter/sound assessments, sight word assessments, math exemplars, genre writing rubrics, spelling inventories, and concepts of print assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The results from the NYSESLAT, which is given annually to every ML/ELL, tell us current proficiency levels and how many minutes of service MLs/ELLs are entitled to. We are able to use the results to see if MLs/ELLs have made progress and where they might need extra support (speaking, listening, reading, writing). Our MLs/ELLs also take the state ELA and math tests in grades 3-8. The results from these assessments tell us in what area (s) support is needed. We identify potential trends and ensure that our curricula covers the skills needed for student success on NYS assessments. We supplement materials where needed.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered annually to ELLs. The ENL coordinator attends district trainings and adheres to the guidelines and timetables provided by NYSED.

The ENL coordinator is responsible for creating a NYSESLAT testing schedule and securing testing locations in the school building. The coordinator also informs caregivers about the test and holds NYSESLAT information sessions for any interested caregivers.

The speaking section is done first, one-on-one, by ENL teachers and bilingual teachers. Then there is a two week window to administer the listening, reading and writing sections. Students are grouped by grade and level and the coordinator reviews any IEPs to ensure ELLs with IEPs receive the correct testing accommodations. ENL teachers and out-of-classroom teachers administer the listening, reading and writing sections in small groups. At minimum, three teachers - all either ESL or bilingual certified - then score the writing sections. The ENL coordinator ensures that all testing grids are bubbled and scans them into ATS. The coordinator then ships the test booklets back to the testing company.

Out of classroom teachers are utilized for testing to minimize disruptions to mandated ENL services. The ENL teachers make adjustments to schedules to ensure ELLs and former ELLs continue to receive mandated services.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ENL coordinator works closely with the testing coordinator to review IEPs of MLs/ELLs. Both staff members ensure that MLs/ELLs with IEPs receive the correct testing accommodations on all state assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

After identifying new ELLs, the ENL coordinator invites the caregivers of these students to attend an ELL program orientation. As per CR Part 154, this is done within 10 days after an ELL is enrolled in school. The ENL coordinator utilizes the form letters produced by the NYC Office of Multilingual Learners to notify caregivers of the ELL program orientation. Letters are sent home via backpack mail in caregivers' preferred languages. A sign in sheet as well as a meeting agenda are made available at these orientations.

At the orientation, a video is shown in caregivers' preferred languages. This video describes all three ML/ELL program models: DLBE, TBE and ENL. Caregivers are also made aware of their rights should our school not offer the program they desire for their child (ren). In addition, the ENL coordinator gives families information about the Next Generation Learning Standards, the assessments we use and school expectations. The ENL coordinator answers any questions the caregivers may have and helps them complete the ELL parent survey and program agreement in their preferred language. The original ELL parent survey and program agreement is placed in student cumulative record folders.

If needed, interpretation services are available through the DOE, however we do have multilingual staff members who can be called upon to interpret for caregivers.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

An annual individual meeting is offered to caregivers of MLs/ELLs. Invitations are sent home to caregivers in preferred languages and staff members, as well as NYCDOE resources, are available for interpretation services. All meetings have sign in sheets and an agenda.

At the meeting, the ENL coordinator discusses with caregivers the goals of the program their child (ren) is enrolled in, language development progress, language proficiency assessment results (if any), and language development needs in all content areas. The ENL coordinator answers any questions the caregivers may have.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

The ENL coordinator works closely with the parent coordinator to ensure that all communication sent home is in the caregivers' preferred language. We use Konstella to send e-blasts to families and these are sent out in parents' preferred languages. Families can respond to school communication in languages other than English by phone or in writing. We have staff members on hand to translate such communication. If not, we will utilize DOE interpretation services.

In addition, the "We speak your language" poster is displayed at the school entrance so that parents may indicate their preference to speak to staff in a language other than English. Language identification cards are available at the safety desk and the main office. Bilingual school staff are called upon to assist with oral interpretation. Families and bilingual staff develop a relationship through frequent interpretation and families often ask for specific staff upon arrival. If bilingual staff is not available, we use the DOE over the phone interpretation service.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

In September, families receive a survey from every classroom teacher which, among other things, solicits such input. Families and caregivers attend student performances throughout the school year across all grade levels. They participate in special classroom activities, chaperone field trips and visit classrooms as mystery readers. Families and caregivers also come to classrooms to discuss their careers with students.

The ENL coordinator/teacher communicates regularly with caregivers of MLs/ELLs in the monolingual program to determine what needs they have. The ENL coordinator works closely with the parent coordinator to ensure that all caregivers of MLs/ELLs are included in school activities and that notifications are sent home in preferred languages. In March of every year, the ENL coordinator offers a NYSESLAT info session to caregivers.

The DLP liaison committee is a branch of the SLT which is comprised of teachers and DLP parents. Together they plan activities that draw awareness to French culture and language. We have regular French story hours and a French film festival and these are open to all P.S. 58 students and families.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Konstella e-blasts are sent to all families weekly in caregivers' preferred languages. These e-blasts contain updates from the principal which communicate such leadership opportunities. In addition, notices about the PTA, SLT and CEC go home via backpack mail in caregivers' preferred languages. The PTA has an Instagram site and sends emails to all families via Konstella.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We offer a Title III after school program for MLs/ELLs and immigrant students that is culturally and linguistically responsive. Parents and caregivers are invited to an end of program party to celebrate the work completed by the students in this program.

In addition, all families at PS 58 are invited to become a learning leader at the school. Notices about learning leader meetings are sent home to families in their preferred languages. These volunteers work one-on-one with students who need more support in ELA, math and French language arts. Some of our French-speaking families train to become learning leaders.

Our DLP (dual language program) liaison committee is a branch of the SLT that is comprised of parents and teachers. They organize events to highlight French culture and language in our community. These events include a French film festival and French story hour.

We also partner with local organizations to provide enrichment opportunities to our students. These are culturally and linguistically responsive and include ballroom dancing, Met opera, and the Anne Frank residency.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of the ELL identification team are: ENL coordinator, assistant principal, principal, a dual language teacher and a monolingual teacher. They are all certified pedagogues.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

In September, the ENL coordinator reviews the NYSESLAT scores and updates proficiency levels of existing ELLs. They collaborate with a staff member to update STARS with mandated minutes and programming information for ELLs. The ENL coordinator also administers the NYSITELL to new students whose home language is a language other than English. Students who are identified as ELLs are then programmed into STARS according to proficiency level. The ENL teacher creates a push-in schedule to support current and newly identified ELLs according to their mandated minutes. The ENL

In September, former ELLs are also identified. The ENL coordinator meets with classroom teachers of former ELLs to determine which support model works best for these students: small-group learning, project-based learning or a minimum of 90 minutes per week of integrated ENL.

Step 1: The ENL coordinator and school pupil accounting secretary will determine the student's enrollment status. The pupil accounting secretary will enter appropriate code into the ATS system.
Step 2: The coordinator conducts the home language identification survey and confirms the home language. Over the summer, and in September at the start of the new year, the ENL coordinator reviews all other home language surveys of new students, including students transferring to our school from within the NYCDOE. After interviewing each new family, including the student, the ENL coordinator can confirm the home language. The ENL coordinator works closely with an assistant principal and a dual language teacher to confirm the home languages of students in

the dual language program. They also consult with one other if a student with a home language other than English is already English-proficient. The pupil accounting secretary will enter the appropriate code in the ATS system.
Step 3: Together the team determines whether or not the student needs to take the NYSITELL. This process is the same for new students entering our school at other times of the school year. The ENL coordinator, assistant principal and dual language teacher are all trained pedagogues, qualified to determine students' home languages. The pupil accounting secretary will enter the appropriate code into the ATS system.
Step 4: Family is notified by the ENL coordinator in the family's preferred language of the student's ENL status.
Step 5: The ENL coordinator will administer the Spanish Lab if appropriate.
Step 6: The ENL coordinator works with the assistant principal to identify if the newcomer is considered a student with interrupted formal education.
Step 7: The team notify the family of eligibility and included in this step is the ENL coordinator hosting an information session for all families of ENL students.
Step 8: Students will be placed appropriately in programs in the school.
If needed, step 9: The ENL coordinator will work with school staff to go through the re-identification process for a student.
If needed, step 10: The ENL coordinator will work with school staff to review the re-identification process and reversal for a student.

Our pupil secretary is the first individual to greet new families joining our school. During the registration process, the pupil secretary reaches out to the ENL coordinator to review the home language survey and to interview the family. If the ENL coordinator is not available, we maintain a list of individuals who can complete the home language survey process with new families. These include a monolingual classroom teacher, a dual language teacher and the assistant principal. They are all trained in the ELL identification process. The pupil secretary has the updated teaching schedules for the staff on the ELL identification team.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Katie Dello Stritto

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Joan	Bredthauer	Parent Coordinator - Annual	10/23/2023	Y
Katherine	Dellostritto	Principal - Elementary		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	1	0.12%	1	0.12%	0	0
DARI/FARSI/PERSIAN	2	0.24%	2	0.24%	0	0
FRENCH	21	2.48%	22	2.60%	7	7
JAPANESE	3	0.35%	3	0.35%	0	0
ENGLISH	819	96.58%	815	96.34%	75	75
SPANISH	2	0.24%	3	0.35%	2	2

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Safety Handbook	Distribute NYCPS template to families.
School policies, family handbook	Distribute NYCPS templates when available. Direct families to NYCPS website and PS 58 website which parents can view in their preferred language.
Konstella e-blasts	Parents can view Konstella announcements in their preferred language. In addition, parent coordinator provides translated paper copies to families who prefer backpack mail.
School Year Calendar	Distribute NYCPS translated calendars to families via email and backpack. Send link to NYCPS calendar webpage which parents can view in their preferred language.
Notice of school holidays	Distribute NYCPS translated templates by email through GAMA, Konstella and backpack mail.
PTA Notices	PTA posts notices on Konstella which parents can view in their preferred language. PTA also translates flyers into French.
Lunch Menu	Direct parents to the NYCPS website which parents can view in their preferred language.
CEC flyers	CEC provides translations which we distribute via email and backpack.
Chancellor's letters	Distribute NYCPS translations in preferred languages via email and backpack.
Respect for all brochures	Distribute translated paper materials from NYCPS and point parents to the RFA page of the NYCPS website which parents can view in their preferred language.

Sexual harrassment awareness brochures	Distribute translated paper materials from NYCPS and point parents to the RFA page of the NYCPS website which parents can view in their preferred language.
NYC School Survey	Distribute paper surveys which are provided by NYCPS in parent's preferred language
Parent Guide to Special Education	Distribute hard copies of translated brochure and point parents to NYCPS webpage which can be viewed in their preferred language.
NYC Admissions Guides	Distribute NYCPS translated brochures. Direct parents to the NYCPS website which parents can view in their preferred language.
Save for College Program Information	Distribute translated brochures and letters as provided by NYCPS and Kids RISE. Direct parents to the Kids RISE website and the NYCPS website, both of which parents can view in their preferred language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Principal and Language Access Coodinator will communicate to staff at the beginning of the school year by email or in person to make them aware of Chancellors Regulation A-663. The Principal will share the best practices documents at the first staff meeting and will notify staff of WeLearn training. The Principal will ask staff to share their training completion emails to track staff progress.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We posts the multilingual welcome poster and other provided signage at the front entrance, in the parent coordinator's office and throughout the building. The School Safety Agent has "I speak" cards to help identifiy a parent's language. Parents are notified of their right to receive information in their preferred language during orientation and in start of school e-blasts.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We will distribute a survey to parents who speak a LOTE to gather feedback on the effectiveness of our translation and interpretation materials. Our community of families who speak a LOTE is relatively small, allowing for one-on-one conversations during which we gather feedback.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We continue to remind staff of parents rights regarding language translation and interpretation throughout the year. We recommend the use of the over the phone translation service when there is no staff member to interpret at parent meetings.
