Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 169 Sunset Park School

District Borough Number (DBN):

15K169

Grades Served:

Elementary / K - 5

School Address:

4305 7th Avenue - Brooklyn, NY 11232

Phone Number:

718-853-3224

Fax:

718-633-9621

School Contact Person:

Emily Hurst

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Emily Hurst	Principal or Designee*	
Yaritsa Rodriguez	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Xiaotang Lin	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Miriam Ramos	District Council 37 (DC 37) Representative (staff), if applicable	
Wen Ying Cao	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Luciana Gonzalez	Member/UFT	
Thomas Kelly	Member/UFT	
Pnina Srour	Member/UFT	
Herica de Santiago	Member/Parent	
Qin Yu Chen	Member/Parent	
Celia Chan	Member/Parent	
Elia Perez	Member/Parent	
Jun Jao Lu	UFT (alternate)	
N/A		
N/A		

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

PS 169 cultivates a joyful and nurturing community, where students are seen, heard, and valued. We provide a safe, equitable, and academically rich learning environment so that all students are empowered to develop their individual voices, grow as learners, and celebrate their identities throughout their lifetimes.

PS 169's mission is to cultivate a safe and nurturing community that empowers our students and families. We will do this by:
- Creating a supportive school environment that elevates student voices
- Valuing all languages equally
- Ensuring that students and families see themselves and their identities reflected in culturally-responsive learning experiences.
- Developing literacy and biliteracy skills through explicit reading instruction and immersion in rich texts
- Empowering students to be caring and responsible citizens, making positive contributions to their communities to make the world a better place

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 169 Sunset Park School is a vibrant, diverse community serving about 770 students in kindergarten through fifth grade, supported by nearly 200 staff members. Located in Brooklyn's Sunset Park neighborhood, the student body is 59% Asian American and Pacific Islander, 37% Hispanic, 1% African American, and 3% White. A large majority—95%—qualify for Title I funding, 56% are English Language Learners (ELLs), and 20% have Individualized Education Programs (IEPs).

For the 2025–2026 school year, PS 169 will offer 43 classes, including 18 Dual Language (Mandarin and Spanish) classes and additional Integrated Co-Teaching (ICT), ENL, and monolingual classes across all grades.

Leadership is stable and experienced: the principal is entering her fifth year after six years as an assistant principal at the school, alongside two assistant principals with five and eleven years of service.

Guided by a mission to cultivate a safe, nurturing, and equitable community, PS 169 values all languages and cultures, providing culturally responsive instruction that empowers students to develop their voices and celebrate their identities. The school prioritizes social-emotional learning and restorative practices through a partnership with the Morningside Center for Teaching Social Responsibility, reinforcing a supportive and inclusive environment.

Equity is central to all school efforts, ensuring every student can thrive academically and socially. Additionally, PS

169 is deeply committed to the arts, collaborating with organizations such as the National Dance Institute, Marquis Studios, Puppetry in Practice, and the Brooklyn Arts Council to enrich students' creative experiences.

Together, these efforts create a joyful, academically rich environment where students grow as learners, leaders, and responsible community members.

Briefly summarize the key initiatives your school will implement this school year.

In the 2025–2026 school year, PS 169 will continue to prioritize literacy development through research-based practices grounded in the science of reading. While our instructional model of small group intervention remains in place, we are sharpening our focus on using data to inform every step of instruction—from identifying student needs to adjusting strategies based on ongoing progress monitoring. Teachers will engage in cycles of collaborative planning and reflection to ensure instruction remains responsive and effective.

Intervention is delivered through programs such as PAF (used in all Spanish dual language and special education classes), Wilson's Fundations, and Just Words. Spanish dual language students receive additional instruction through Aprendo Leyendo, and Chinese dual language students use iChinese Reader. Phonemic awareness continues in grades K–3 in both English and Spanish through Heggerty.

We will continue the block literacy schedule launched in 2023–2024, allowing students to move across classrooms for differentiated instruction. Our commitment to smaller class sizes continues: in 2024–2025, 79% of classes met New York State guidelines. In 2025–2026, we aim to increase that percentage by adding two new lower-grade classes and hiring two additional teachers, with a focus on reducing class sizes in Spanish dual language and lower-grade ICT classes.

We are also expanding our supports for students and families. A social worker dedicated to students in temporary housing, added last year, works with our community coordinator to provide targeted services, including a school-based food pantry. Our partnership with the Center for Family Life (CFL) Support in Schools program continues to offer wraparound services and will grow in the coming year.

Our equity-focused work will also expand. We are increasing the size and scope of our Equity Team, enhancing ENL instruction across all modalities, and deepening our partnership with the Morningside Center for Teaching Social Responsibility. In 2025–2026, we will introduce student facilitator training and extend restorative circles into classroom and family engagement spaces.

We will continue using Into Reading and Arriba la Lectura to ensure alignment across grades in ELA. In math, we will maintain Eureka Math as our core curriculum while piloting Illustrative Math in select classrooms to support the NYC Solves Math Shifts and deepen conceptual learning.

Enrichment remains a priority. In 2025–2026, we will offer visual arts, music, science, technology, and physical education, supported by three arts teachers, four PE teachers, two technology teachers, and two science teachers. Through our partnership with the Brooklyn Arts Council, we offer after-school arts programs, alongside our Little Kids Rock band led by school staff. About 200 students also participate in after-school programming provided by CFL. We are entering our tenth year with the National Dance Institute, our fourth with Puppetry in Practice, and continue our collaboration with Marquis Studios, which provides percussion-focused music for younger students.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading, Arriba la Lectura, Heggerty, Fundations, PAF, Aprendo Leyendo	
Math	K-5	Eureka Math, Illustrative Math	Piloting IM in select classrooms

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
48.8% of all students proficient in reading, as measured by 2025 NYS ELA exam; 44% of all students proficient on spring 2025 Acadience/MAP Growth screeners	Limited structures for consistent data analysis and follow-up.	Implement data-driven cycles with teachers
22.5% of Hispanic/Latinx students proficient in reading, as measured by 2025 NYS ELA exam; 27% of Hispanic/Latinx students proficient on spring 2025 Acadience/MAP Growth screeners	Limited structures for consistent data analysis and follow-up.	Implement data-driven cycles

		with teachers
16.3% of students with disabilities proficient in reading, as measured by 2025 NYS ELA exam; 22% of students with disabilities proficient on spring 2025 Acadience/MAP Growth screeners	Limited structures for consistent data analysis and follow-up; the need for more specially designed instruction to address the needs of students with disabilities as recommended by their IEPs	Implement data-driven cycles with teachers

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48.8%	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 48.8% to 53.8%, of percentage of students scoring at levels 3 & 4 on the NYS ELA exam results.
Hispanic Students	22.5%	By June, 2026, literacy for Hispanic Students will improve, as measured by a 5% Increase, from 22.5% to 27.5%, of percentage of students scoring at levels 3 & 4 on the NYS ELA exam results.
Students with Disabilities (SWD)	16.3%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5% Increase, from 16.3% to 21.3%, of percentage of students scoring at levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

MAP Growth ELA Screener

18

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

21.3

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish structured, individualized data chats for teachers throughout the year. These conversations with instructional coaches or administrators will focus on analyzing student performance data to plan targeted instructional supports. Advance observations will be used to provide additional insight into instructional practices and help connect student outcomes with classroom strategies. Observation feedback will be aligned with the school's instructional focus on using data to plan and monitor targeted interventions, reinforcing expectations and supporting teacher development. Follow-up meetings and dedicated time for grade-level teams to examine broader trends will ensure accountability and promote collaboration. This approach supports consistent data use to inform instruction, strengthens progress monitoring, and enables timely adjustments. It also builds teacher capacity in data literacy, offers tailored professional support, and encourages greater ownership and sustainability of data-driven practices.

Root Cause Addressed:

Limited structures for consistent data analysis and follow-up; the need for more specially designed instruction to address the needs of students with disabilities as recommended by their IEPs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a data chat schedule that includes multiple touchpoints throughout the year for individualized teacher meetings and grade-level trend discussions.
Assign coaches and/or administrators to facilitate one-on-one data chats with teachers, ensuring follow-up meetings

are scheduled to monitor progress.
Collaborate with an Acadience coach to refine existing data protocols and build the capacity of instructional coaches to lead effective data conversations.
Provide dedicated time in the calendar for grade-level teams to review data trends and plan instructional responses collaboratively.
Develop a system to track instructional adjustments and monitor implementation and outcomes following each data chat.
Leverage ongoing Advance observations to align feedback with the instructional focus and inform data-driven coaching conversations.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In addition to the academic screeners administered three times per year—Acadience and MAP Growth—we also use the LETRS Phonics and Word Reading Survey three times annually in grades K–5 as a secondary screener. This provides a more detailed understanding of students' specific phonics and word reading needs.

Teachers monitor the progress of students in targeted intervention groups, as well as those with IEPs, at least biweekly using Acadience or other assessments aligned with individual IEP goals.

All instructional staff participate in individualized data chats three times per year with a coach or administrator. These meetings provide an opportunity to analyze student progress, reflect on the effectiveness of instruction, and collaboratively plan adjustments to better meet student needs.

To evaluate the impact of professional development, staff are surveyed after each session. Responses are reviewed by the Instructional Leadership Team (ILT) and the Staff Development Committee (SDC) to inform planning. School leaders also conduct regular instructional walkthroughs and review Advance data to assess the impact on teaching and learning.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	After-school homework help through CBO Center for Family Life (CFL) for students participating in program K-5.	Center for Family Life (CFL)
10/25/2025	05/09/2026	Saturday program through Apex forYouth, with focus on math and literacy for students in grades 3-5.	Apex for Youth
09/04/2025	06/26/2026	The literacy coaches, in collaboration with the family support team, provide workshops to families on school-based literacy practices and how to support children in developing literacy skills.	
09/04/2025	06/26/2026	Regular communication with families about their children's progress	
10/01/2025	05/31/2026	Through monthly Family Wednesdays, opportunities for families to experience the literacy curriculum and participate in literacy-based activities with their children in the classroom	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

One Assistant Principal supervising literacy (K–5) Two Literacy Coaches: One focusing on MTSS (K–5) One focusing on curriculum (K–5) Both coaches also provide teacher coaching and literacy intervention Three full-time Intervention Teachers One Special Education Intervention Teacher (SEIT) Four full-time ENL (English as a New Language) push-in/pull-out providers: These staff members provide literacy intervention through mandated ENL instruction Family Support Team

Instructional Resources

Literacy Curriculum and Instructional Materials: HMH Into Reading curriculum materials PAF (Preventing Academic Failure) Fundations Heggerty

Schedule Adjustments

Programming of Literacy Block Periods Across Grades: Period 2: All K–2 Spanish Dual Language and Special Education classes Period 3: K–3 ICT (Integrated Co-Teaching) classes Period 4: Grades 3–5 Spanish Dual Language and Special Education classes Period 6: Prep period for weekly grade-level meetings

Other Resources Needed

Partnerships and Professional Support: Partnership with CFL (Center for Learning) Partnership with Apex for Youth Supports implementation of the HMH Into Reading curriculum Collaboration with an Acadience Coach Supports staff in understanding and applying Acadience data to inform instruction and intervention

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Although it is happening much less frequently, guidance counselors are still getting called to rooms to de-escalate situations that are not crises; overall incidents in OORS decreased from 104 in 2023-2024 to 63 in 2024-2025, but are still above the 61 incidents reported in 2022-2023. Level 3-5 incidents decreased from 81 in 2023-2024 to 46 in 2024-2025, which was about even with the 48 level 3 and 4 incidents reported in 2022-2023.	Classroom teachers need continued support in understanding and consistently integrating SEL practices into their classrooms, and in identifying specific supports to address students' social emotional needs.	Continue to build understanding of what constitutes a crisis and how to de-escalate a crisis.

On the 2024-2025 School Survey, the percentage of staff responding "none of the time" or "rarely" to the statement "At this school students harass, bully, or intimidate other students" increased from 60% to 68%, but still has room to improve. 82% of teachers responded "a lot" or "all" to the question "How many adults at this school recognize disruptive behaviors as social-emotional learning opportunities." The percentage of staff responding favorably to the question "How many adults at this school have access to school based supports to assist in behavioral/emotional escalations" decreased from 83% in 2023-2024 to 72% in 2024-2025.	Classroom teachers need continued support in understanding and consistently integrating SEL practices into their classrooms, and in identifying specific supports to address students' social emotional needs.	Continue to build understanding of what bullying reporting procedures and how social-emotional learning can address disruptive and bullying behaviors.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46	By June, 2026, physical and mental wellness for All Students will improve, as measured by a from 46 to 40 Decrease, in number of Level 3-5 incidents from 46 to 40, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Deepening school-wide restorative practices by expanding training for selected staff as circle facilitators, setting the expectation that classrooms hold circles 1–2 times weekly, and integrating restorative circles with the school's equity team to promote equity-centered, inclusive community building.

Root Cause Addressed:

Classroom teachers need continued support in understanding and consistently integrating SEL practices into their classrooms, and in identifying specific supports to address students' social emotional needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue to expand training for selected staff, including out-of-classroom personnel, to build a skilled team of circle facilitators.
Set and communicate the expectation that classrooms hold restorative circles 1–2 times per week, providing support as needed.
Integrate the school's core values (developed by the equity team) into the circle process to strengthen community culture.
Hold monthly meetings with circle facilitators, equity team members, and the student equity team to collaborate, share best practices, and train student circle keepers to lead peer circles and help deescalate conflicts.

Communicate regularly with staff through professional development, and with students and families through newsletters, assemblies, and events to foster community engagement.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor implementation of restorative practices and SEL strategies, monthly meetings will be held with circle facilitators, equity team members, and the student equity team to review progress, share feedback, and plan next steps. Following each restorative circle professional learning session, participating staff will complete a feedback survey, which facilitators will review together to inform future training and support needs.

Data on the frequency of circles occurring in classrooms 1–2 times per week will be collected through teacher self-reporting and informal observations by administrators and instructional coaches. The school leadership team will regularly review this data alongside behavior incident reports, looking for trends in reductions of conflicts and referrals, particularly those involving de-escalation through student-led circles.

School climate surveys administered to staff, students, and families twice yearly will measure perceptions of inclusiveness, safety, and the impact of restorative and equity-centered practices. Survey results will be analyzed by the leadership and equity teams to identify areas for improvement.

Communication and updates regarding restorative practices and equity efforts will be shared regularly with staff through professional development sessions and with families through newsletters and community events to build engagement and collective ownership.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	10/01/2025	Interviews with families of incoming kindergarten students, conducted by staff members	Morningside Center for Teaching Social Responsibility
09/04/2025	06/26/2026	Regular workshops for families on SEL topics	CFL Support in Schools
09/04/2025	06/26/2026	Commitment to valuing all families' languages equally, always providing interpretation for meetings and translations of all documents	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Staff facilitators of restorative circles and members of the equity team; family support team, guidance counselor and STH social worker; school aides; collaboration with CFL Support in Schools, the Morningside Center for Teaching Social Responsibility, and the Center for Racial Justice in Education to facilitate workshops, equity team, and support circle work for all stakeholders

Instructional Resources

Morningside 4Rs curriculum, Circle Keeper's Handbook

Schedule Adjustments

Coverages provided on a monthly basis to allow circle facilitators and equity team members time to meet

Other Resources Needed

collaboration with CFL Support in Schools, the Morningside Center for Teaching Social Responsibility, and the Center for Racial Justice in Education to facilitate workshops, equity team, and support circle work for all stakeholders

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
67.4% of all students proficient in math, as measured by 2025 NYS math exam; 55% proficient on spring 2025 Acadience/MAP Growth screeners	Limited structures for consistent data analysis and follow-up; the current curriculum is not fully aligned to student needs	Implement data-driven cycles with teachers and pilot more student-centered, inclusive curriculum
36% of Hispanic/Latinx students proficient in math, as measured by 2025 NYS math exam; 24% proficient on spring 2025	Limited structures for consistent data analysis and follow-up; the current curriculum is not fully aligned to student needs	Implement data-driven cycles with teachers and pilot more student-

Acadience/MAP Growth screeners		centered, inclusive curriculum
38.8% of students with disabilities proficient in math, as measured by 2025 NYS math exam; 28% proficient on spring 2025 Acadience/MAP Growth screeners	Limited structures for consistent data analysis and follow-up; the current curriculum is not fully aligned to student needs; the need for more specially designed instruction to address the needs of students with disabilities as recommended by their IEPs	Implement data-driven cycles with teachers and pilot more student-centered, inclusive curriculum

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	67.4%	By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 3% from 67.4% to 70.4%, for All Students, as measured by NYS Math Exam results.
Hispanic Students	36%	By June, 2026, the percentage of Hispanic/Latinx students scoring at Levels 3 & 4 will Increase by 3% from 36% to 39%, as measured by NYS Math Exam results.
Students with Disabilities (SWD)	38.8%	By June, 2026, the percentage of students with disabilities scoring at Levels 3 & 4 will Increase by 3% from 38.8% to 41.8%, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

41.8

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish structured, individualized data chats for teachers throughout the year. These conversations with instructional coaches or administrators will focus on analyzing student performance data to plan targeted instructional supports. Advance observations will be used to provide additional insight into instructional practices and help connect student outcomes with classroom strategies. Observation feedback will be aligned with the school's instructional focus on using data to plan and monitor targeted interventions, reinforcing expectations and supporting teacher development. Follow-up meetings and dedicated time for grade-level teams to examine broader trends will ensure accountability and promote collaboration. This approach supports consistent data use to inform instruction, strengthens progress monitoring, and enables timely adjustments. It also builds teacher capacity in data literacy, offers tailored professional support, and encourages greater ownership and sustainability of data-driven practices.

Root Cause Addressed:

Limited structures for consistent data analysis and follow-up; the need for more specially designed instruction to address the needs of students with disabilities as recommended by their IEPs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a data chat schedule that includes multiple touchpoints throughout the year for individualized teacher meetings and grade-level trend discussions.
Assign coaches and/or administrators to facilitate one-on-one data chats with teachers, ensuring follow-up meetings

are scheduled to monitor progress.
Collaborate with an Acadience coach to refine data protocols and build capacity of instructional coaches to lead effective data conversations.
Provide dedicated time in the calendar for grade-level teams to review data trends and plan instructional responses collaboritively
Develop a system to track instructional adjustments and monitor implementation and outcomes following each data chat.
Leverage ongoing Advance observations to align feedback with the instructional focus and inform data-driven coaching conversations.

Key Strategy 2 (Optional):

Pilot the Illustrative Math (IM) curriculum in select classes to evaluate its effectiveness in meeting diverse student needs. Selected teachers will receive training and support, and implementation will be monitored through classroom observations, student work, and assessment data. Feedback from teachers and students will inform potential school-wide adoption.

Root Cause Addressed:

The current curriculum is not fully aligned to student needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Select specific grades and teachers to participate in the pilot based on student needs and teacher interest.
Continue collaborative planning sessions between pilot teachers and the math instructional coach to support implementation.
Begin using the IM curriculum in pilot classrooms with regular check-ins from instructional leaders to monitor progress.
Collect and review student work, assessment data, and observation notes to evaluate the curriculum's impact on learning.
Gather feedback from teachers and students to inform adjustments and determine next steps for broader implementation.

Leverage ongoing Advance observations to align feedback with the instructional focus and inform data-driven coaching conversations.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In addition to the academic screeners administered three times per year—Acadience Math and MAP Growth—we monitor progress in mathematics using unit assessments and teacher-created formative tasks aligned to grade-level standards and the IM curriculum.

Teachers monitor the progress of students in targeted math intervention groups, as well as those with IEPs, at least biweekly using Acadience Math, classroom assessments, or other tools aligned with IEP goals.

All instructional staff participate in individualized data chats three times per year with a coach or administrator. These meetings focus on analyzing math data, reflecting on instructional practices, and planning next steps to better support all learners.

To evaluate the impact of collaborative planning sessions tied to the IM pilot, participating teachers provide feedback following each cycle. Responses are reviewed by the instructional coach and leadership team to adjust support and inform decisions about future implementation.

For the IM pilot, instructional leaders conduct regular classroom walkthroughs and monitor student outcomes—such as task completion, assessment performance, and engagement—to evaluate the curriculum's impact. Feedback from teachers and students in the pilot is collected and analyzed to guide possible expansion in future years.

To evaluate the impact of professional development, staff are surveyed after each session. Responses are reviewed by the Instructional Leadership Team (ILT) and the Staff Development Committee (SDC) to inform planning. School leaders also conduct regular instructional walkthroughs and review Advance data to assess the impact on teaching and learning.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	After-school homework help through CBO Center for Family Life (CFL) for students participating in program K-5	CFL
10/25/2025	05/09/2026	Saturday program through Apex for Youth, with focus on math and literacy for students in grades 3-5	Apex for Youth
09/04/2025	06/26/2026	The math coach, in collaboration with the family support team, provides workshops to families on school-based math practices and how to support children in developing math skills	
10/01/2025	05/31/2026	Through monthly Family Wednesday events, opportunities for families to experience the math curriculum and participate in math-based activities with their children in the classroom	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

One assistant principal supervising math K-5; math coach, who also provides math intervention; classroom teachers, including teachers piloting the IM curriculum

Instructional Resources

Continued use of math manipulatives K-5; Eureka Math (including translations and common vocabulary we have developed) and Illustrative Math (IM) curriculum materials

Schedule Adjustments

Sixth period prep for weekly grade meetings and data chats

Other Resources Needed

Partnerships with Center for Family Life (CFL) an Apex for Youth for after-school and Saturday programs

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
46% of eligible families (of students on grades K-3) have activated NYC Kids RISE accounts, including 27% of kindergarten families	Limited understanding of the program; need to build trust and awareness of how it supports children's long-term success	Increase activation of NYC Kids RISE savings accounts, particularly among kindergarten families
Teachers report implementing a financial	Teachers have a limited understanding	Strengthen teacher

literacy curriculum in grades K–3; however, there is limited observable evidence of consistent use across classrooms or grade levels	of the financial literacy curriculum and its relevance, leading to inconsistent implementation across K–3 classrooms	understanding and application of the K–3 financial literacy curriculum

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46	By June, 2026, the percentage of active NYC RISE college savings accounts for all eligible students will increase by 4% from 46% to 50%, as measured by NYC Kids RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build trust and understanding of NYC Kids RISE by strengthening early and consistent communication with families—starting in kindergarten—and ensuring lower-grade staff are prepared to support these conversations. Introduce the financial literacy curriculum at the beginning of the year and use SEL practices like restorative circles to foster relationships and create space for ongoing dialogue with families.

Root Cause Addressed:

Limited understanding of the program; need to build trust and awareness of how it supports children's long-term success

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Share clear, family-friendly information about NYC Kids RISE during kindergarten enrollment and orientation events.
Provide lower-grade staff with key talking points and resources to help them communicate confidently about the program.
Begin implementing the financial literacy curriculum in grades K-4 at the start of the school year.
During grade meetings, take time to unpack the financial literacy lessons with teachers and plan together.
Use restorative circles and other SEL practices during family events to build trust and strengthen relationships.

Send regular, multilingual communications to families with updates, reminders, and success stories related to NYC Kids RISE.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Throughout the year, the principal and the family support team will review NYC Kids RISE account activation data in PowerBI to assess progress and guide next steps. This data will be used to identify trends, monitor increases in activations, and target outreach efforts. The team will also gather informal feedback from families and staff during events and check-ins to better understand barriers and adjust communication strategies. Progress will inform the planning and direction of family workshops and other engagement activities to ensure they are responsive to community needs.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family workshops around the NYC Kids RISE program	Central staff from NYC Kids RISE
10/01/2025	05/31/2026	Through monthly Family Wednesday events, an opportunity to participate in career days and financial literacy lessons	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024–2025 school year, families of students in grades 3–5 made up 20% of attendees at monthly Family Wednesday events. While this was an improvement over the previous year, it	Some families of students in grades 3–5 may not see Family Wednesday events as directly	Increase attendance at Family

was still below our goal. Attendance from grades 3–5 was highest in May, reaching 32%, when teachers in those grades organized a special event.	relevant, especially when there aren't clear activities planned for their grade levels	Wednesdays for families of students in grades 3-5

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	20	By June 2026, attendance of families of students in grades 3-5 at monthly Family Wednesday events will increase from an average of 20% to 30%, as measured by Parent Coordinator Activity Reports (PCAR).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

For each Family Wednesday, plan fun and meaningful activities that focus on the needs and interests of families with students in grades 3–5. Work with teachers from these grades to make sure the activities are relevant and helpful. The goal is to encourage more families to join by offering events that connect to what matters most to them and support their children's learning.

Root Cause Addressed:

Some families of students in grades 3–5 may not see Family Wednesday events as directly relevant, especially when there aren't clear activities planned for their grade levels

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Survey families of students in grades 3–5 to gather feedback on last year's Family Wednesday activities and identify what they found most helpful or enjoyable.
Share survey results with 3–5 grade teachers to inform planning for this year's events.
Meet monthly with 3–5 grade teachers to brainstorm and plan relevant activities based on family feedback.
Promote upcoming Family Wednesday events through newsletters, calls, and social media, clearly highlighting activities for families of 3–5 graders.

Collect feedback after each event from families and teachers to continue improving future activities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

After each Family Wednesday event, 3–5 grade teacher teams will review attendance data and reflect on the event's success, focusing on ways to increase family participation in the next month's event. School leaders will meet weekly with the family support team to analyze PCAR data, discuss family engagement trends, and plan next steps to strengthen outreach and involvement.

Priority 5 Family and Community Engagement

Family and Community Engagement

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024–2025 school year, 34% of Hispanic or Latinx students were chronically absent—the same rate as the previous year. While some students showed improved attendance early on, these gains were offset by a decline later in the year.	Many families face instability due to immigration status, poverty, and temporary housing—challenges worsened by growing uncertainty around immigration policies. Some are hesitant to engage with the school, stemming from a broader distrust of institutions. There is also confusion about attendance rules, such as how many absences are too many or that even excused absences still count toward chronic absenteeism.	Improve attendance for Hispanic/Latinx students

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Hispanic Students	34	By June 2026, Chronic absenteeism for Hispanic/Latinx students will be reduced 4% from 34% to 30% as measured by Insight Chronic Absenteeism data

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address chronic absenteeism caused by distrust and confusion around attendance policies, we will focus on building trust and improving communication with families. At the start of the year, the attendance team will meet individually with families of students who were chronically absent the previous year to explain attendance expectations clearly and listen to their concerns. Kindergarten families will participate in interviews during enrollment or orientation to establish early connections and communicate attendance guidelines. Throughout the year, the family support team will facilitate restorative circles with families to foster open dialogue, build relationships, and collaboratively address barriers to attendance. This approach aims to create stronger partnerships, reduce misunderstandings about attendance rules, and promote a culture of trust and shared responsibility.

Root Cause Addressed:

Many families face instability due to immigration status, poverty, and temporary housing—challenges worsened by growing uncertainty around immigration policies. Some are hesitant to engage with the school, stemming from a broader distrust of institutions. There is also confusion about attendance rules, such as how many absences are too many or that even excused absences still count toward chronic absenteeism.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule and conduct individual meetings early in the school year with families of students who were chronically absent the previous year, led by the attendance team.

Continue the existing standardized kindergarten family interviews during enrollment and orientation to communicate attendance expectations.
Launch restorative family circles facilitated by the trained family support team, focusing on attendance, trust-building, and problem-solving.
Create and distribute clear, accessible materials in multiple languages explaining attendance policies, including what counts as an absence and the impact of chronic absenteeism.
Establish a regular schedule for restorative family circles throughout the year to maintain ongoing communication and strengthen relationships.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The attendance team, including family support staff, will meet weekly to review attendance data in the Insight portal. They will identify students who are chronically absent or showing signs of attendance challenges and discuss recent family outreach efforts, such as individual meetings and restorative circles. The team will regularly evaluate how well their action plans are working by analyzing attendance patterns and gathering family feedback, making adjustments as needed to better support students and families. Progress on key activities—including family meetings, kindergarten interviews, distribution of attendance materials, and restorative circles—will be tracked to ensure timely completion. By working closely together, the team will respond promptly to emerging issues and continuously improve their approach based on family needs.

Attendance/Chronic Absenteeism Family and Community Engagement

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Establish structured, individualized data chats for teachers throughout the year, specifically focused on progress monitoring IEP goals. These data conversations—facilitated by instructional coaches and/or administrators—will center on reviewing student progress data (e.g., from Acadience) to assess the effectiveness of interventions and guide instructional decision-making. Follow-up meetings and scheduled time for grade-level or special education teams to review trends across students will support accountability and collaboration. This strategy promotes consistent, meaningful use of progress monitoring data to inform instruction, strengthens IEP goal implementation, and enables timely instructional adjustments. Additionally, it builds teacher capacity in data literacy specific to special education, offers targeted professional support, and encourages shared ownership of data-driven practices to support students with IEPs.

Root Cause Addressed:

Limited understanding of the purpose and value of using Acadience to progress monitor IEP goals

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a data chat schedule with multiple touchpoints throughout the year for individualized teacher meetings and special education data discussions.
Assign coaches and/or administrators to facilitate one-on-one data chats with teachers, with scheduled follow-ups to monitor progress.
Collaborate with an Acadience coach to refine data protocols and build instructional coach capacity to lead effective data conversations.
Collaborate with District 15 staff to provide targeted professional learning for staff focused on strengthening core instruction, improving progress monitoring practices, and enhancing the quality of IEP development.
Provide dedicated calendar time for special education teachers to review data trends and collaboratively plan instructional responses.
Develop a system to track progress monitoring practices and ensure consistent use of data to evaluate IEP goal growth over time.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Students with IEP goals in areas such as phonics and comprehension are expected to be progress monitored at least once per month using Acadience or other aligned assessments. This ensures timely, actionable data is available to support instruction and track student growth.

Progress monitoring is tracked automatically in the Acadience system, allowing administrators and instructional coaches to review reports regularly. These reports are used to confirm that monthly monitoring is occurring and to identify any gaps in implementation.

Individualized data chats are held at least three times per year between special education teachers and instructional coaches or administrators. These meetings focus on reviewing IEP progress data, evaluating instructional effectiveness, and planning next steps. A consistent protocol guides these conversations to promote focused, actionable dialogue.

Follow-up meetings are scheduled as needed to revisit student progress and ensure monitoring practices are leading to meaningful instructional adjustments. Coaches and administrators document key takeaways and next steps to support accountability.

To build staff capacity, the school will collaborate with an Acadience coach to refine protocols and support instructional coaches in leading IEP-focused data conversations.

Dedicated time is provided in the school calendar for special education teachers to review data, identify trends, and collaboratively plan instructional responses aligned to student needs.

To assess impact, staff involved in data chats and professional learning will complete feedback surveys. The Instructional Leadership Team (ILT) will review survey data, walkthrough observations, and progress monitoring reports to guide future support and ensure consistent implementation.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Regular communication with families about their children's progress	
09/04/2025	06/26/2026	The special education intervention teacher, in collaboration with school leaders and the SBST, provides information and workshops to families about special education and the IEP process	
09/04/2025	06/26/2026	Teachers provide goals progress reports to families three times a year and as outlined in IEPs	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Principal who supervises special education, two assistant principals who supervise teachers within K-2 and 3-5 grade bands, one special education intervention teacher, two literacy coaches and one math coach, special education teachers

Instructional Resources

Acadience progress monitoring assessments

Schedule Adjustments

Period 6: Prep period for weekly grade-level meetings and data chats

Other Resources Needed

Collaboration with an Acadience Coach Supports staff in understanding and applying Acadience data

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	LETRS Phonics and Work Reading Survey, Fundations Placement inventory, Acadience and MAP Growth screeners	FundationsJust Words, Preventing Academic Failure (PAF), Aprendo Leyendo, ERM	Small Group	During School	NO
Tier 3	LETRS Phonics and Work Reading Survey, Fundations Placement inventory, Acadience and MAP Growth screeners	Spire, Preventing Academic Failure (PAF), Aprendo Leyendo	Small Group, one-to-one	During School	NO

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	family interview	4Rs, Responsive Classroom	small group	during school	no
Tier 2	IEP, observations	Mandated and at-rick counseling	small group	during school	
Tier 3	IEP, observations	Mandated and at-risk counseling	one-on-one	during school	

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school shares the essential components of MTSS with families through Family Wednesday workshops, parent-teacher conferences, and regular communication such as newsletters and flyers. Teachers explain how students are supported through tiered instruction and how progress is monitored over time. Families receive updates on their child's progress through report cards, assessment data, and their NYC Schools Account (NYCSA), where information about interventions and student progress is available. The school also offers workshops to help families access and understand NYCSA and stay informed about the supports their children are receiving.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 interventions are kept informed through multiple forms of communication. Letters are sent home to notify families when their child begins receiving additional support, outlining the specific interventions being provided. Progress monitoring data is shared regularly through follow-up letters and during parent-teacher conferences, helping families understand how their child is responding to the interventions. Families can also access updates through their NYC Schools Account (NYCSA), and the school offers workshops to support families in navigating the platform and understanding their child's progress.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families of students receiving Tier 3 intensive interventions are engaged in the decision-making process primarily through scheduled meetings and ongoing communication with teachers, support staff, and administrators. During these meetings, school staff review progress monitoring data, explain the interventions in place, and discuss any needed adjustments. Families are encouraged to share their insights, ask questions, and provide input that helps inform next steps. When appropriate, Tier 3 planning is coordinated with IEP or other support meetings to ensure alignment and clear communication.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

As of now, there are 140 Students in Temporary Housing (STH) enrolled at our school. The majority of these students are in doubled-up living situations, while a smaller number are currently residing in shelters. This number is closely monitored in collaboration with the school's STH liaison and family support team, as changes in housing status can occur frequently and may indicate an increased need for support and services.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After reviewing historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH), several important trends have emerged. The majority of STH students are recent immigrants, and most are multilingual learners who speak languages other than English—primarily Spanish, but also Chinese, Russian, Uzbek, Haitian Creole, Arabic, and some English.

Attendance among STH students generally aligns with the overall student population, averaging 94%. However, the percentage of students identified as chronically absent is slightly higher for STH students (20%) compared to the overall school rate (17%). Academically, STH students perform similarly to peers in comparable subgroups—when controlled for factors such as race, ethnicity, gender, and socioeconomic status—suggesting that housing status alone is not the primary driver of academic gaps.

These trends point to the need for continued language-accessible communication with families, culturally responsive outreach, and targeted academic supports. They also reinforce the importance of building strong relationships with families through trusted staff and providing consistent, wraparound services that address both academic and social-emotional needs.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Three years ago, we added the position of Students in Temporary Housing (STH) Community Coordinator, dedicated full-time to supporting the needs of students in temporary housing. Last year, we expanded our support by hiring a full-time social worker devoted specifically to working with the STH population. We plan to continue both roles in the coming year to ensure consistent, targeted support for students and families experiencing housing instability.

Our ongoing services include a school-operated food pantry and the distribution of essential clothing items—such as t-shirts, sweatshirts, and sweatpants—for all students in temporary housing. We also continue to fund a per session after-school program specifically designed for STH students. This program provides academic help from teachers and social-emotional support from guidance counselors, while also extending the school day—an added benefit for families who live far from the school or face transportation challenges.

This year, we will continue our partnership with CFL Support in Schools to provide wraparound services for STH students and families, including case management, referrals to housing and social services, and support navigating complex systems. The STH Community Coordinator and full-time social worker collaborate closely with school leaders to assess emerging needs and coordinate appropriate services.

We used feedback from the STH Title I Survey to prioritize services families identified as most important, such as academic support, mental health services, and access to basic resources. This input, along with ongoing communication with families and regular data review, ensures that our services remain responsive and aligned to student and family needs.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

While we currently do not have any students in foster care, we have systems and staff in place to support them if needed. Our Students in Temporary Housing (STH) Community Coordinator and STH Social Worker would work closely with the student and foster family to provide individualized support and help with the transition into our school.

This would include coordinating academic and emotional supports, such as counseling, small group instruction, and regular check-ins. Transportation is also a priority, and we would work with the district to arrange busing to help ensure consistency and minimize disruption to the student's routine.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

We do not currently have any students in foster care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Although we do not currently have any students in foster care, our school is prepared to provide strong social-emotional support for any student who may enter the foster care system, especially during transitional grades. Our Students in Temporary Housing (STH) Community Coordinator and STH Social Worker would work closely with the student and foster family to develop individualized supports.

Many of our staff members—including all guidance staff, the Family Support Team, and both the STH Social Worker and Community Coordinator—have been trained in restorative circles through the Morningside Center for Teaching Social Responsibility. Restorative circles are regularly used in classrooms to build community, strengthen relationships, and support students in working through challenges together.

Teachers also integrate elements of Responsive Classroom and Bank Street's Emotionally Responsive Practices into their daily routines. These include the use of feelings charts, quiet corners, and, in kindergarten, the Bears curriculum, which helps young children recognize and talk about emotions in developmentally appropriate ways.

These strategies are designed to help students feel safe, connected, and supported, which in turn helps them manage stress, engage in learning, and navigate academic and behavioral challenges more effectively.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research consistently shows a positive correlation between effective parental engagement and student achievement. The goal of this policy is to establish clear expectations and objectives for meaningful parent and family involvement within the school community.

PS 169 Sunset Park School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is committed to developing and implementing a parent and family engagement policy that strengthens the partnership between families and the school in support of student success.

This policy is designed to keep parents informed and actively engaged in school planning and decision-making processes. Parents are encouraged to participate as trained volunteers and valued members of the school

community through roles on the School Leadership Team, Parent Association (or Parent-Teacher Association), and the Title I Parent Advisory Council.

Support for Parents and Family Members of Title I Students

PS 169 will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned

for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 169, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Administrators and coaches work with the BCO, district, and various central departments for on and off site support. During the Professional Learning, cohorts of teachers work with coaches and administrators to refine their units of study in math and literacy so that they best meet the needs of our learners. Teachers will also have have grade level meetings as well as support.

Please see section 5a and 5b for a full menu of Professional Development opportunities we are providing for our staff.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS169 collaborates with organizations in the community that research and prioritize pds and parent involvement activities that support the transition of preschool children to elementary school.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$977,828	X	Class size reduction, enrichment, bridging achievement gap
Title I, School Improvement 1003(a)	Federal	N/A		N/A
Title II, Part A	Federal	$169,573	X	Class size reduction
Title III, Part A	Federal	$59,058	X	Supplemental for ELLs, direct instruction, PD, family engagement, OTPS
Title III, Immigrant	Federal	N/A		N/A
Title IV, Part	Federal	$21,280	X	Supplemental ELA Math

A				Support
Tax Levy (Fair Student Funding)	Local	$9,478,693	X	ELA, Math

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Emily Hurst
Assistant Principal (Where Applicable)*	Pei Yu Chang
English as a New Language (ENL) Teacher*	Helen Jahan
Teacher (if school has a bilingual program must be a bilingual teacher)*	Mary DeJesus
Parent/Guardian*	Nancy Lin
Teacher	Thomas Kelly
Parent Coordinator	Julie Guevara
School Counselor	Chu Kay Leung
Related-Service Provider	Karen Keung-Chan
Bilingual Teacher	Chunyun Xu

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

16

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

10

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

12

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

18

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

711

Total number and percentage (%) of current ELLs:

383, 53.8%

Total number and percentage (%) of former ELLs:

48, 6.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

342, 78.3%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

95, 21.7%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

92, 21.1%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language	Spanish	2025-2026	2	1	1	1	1	1								7
DLBE	Dual Language	Mandarin	2025-2026	2	2	2	2	2	3								13
DLBE																	0
				total: 4	total: 3	total: 3	total: 3	total: 3	total: 4	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our school offers a comprehensive English as a New Language (ENL) program that includes a combination of stand-alone ENL, integrated ENL (push-in/co-teaching), and Dual Language instruction, in accordance with the requirements of CR Part 154. These models are designed to meet the diverse needs of our Multilingual Learners (MLLs).

1. Dual Language Program (DLBE)
In our side-by-side Dual Language classes, stand-alone ENL instruction is delivered by dually certified English teachers. In self-contained Dual Language classrooms, bilingual classroom teachers provide both content and stand-alone ENL services. Along with both targeted language instruction.
These teachers design targeted ENL instruction focused on the linguistic needs of MLLs within the bilingual framework. Lessons emphasize vocabulary development, grammar structures, and language skills relevant to academic content areas. Teachers collaborate within and across grade levels to align language objectives with curriculum goals and incorporate cultural knowledge from both language groups to foster engagement and inclusivity.

2. Integrated ENL (Push-In Model)
ENL teachers provide integrated support by pushing into general education classrooms. They offer differentiated instruction tailored to students' language proficiency levels and frequently co-teach with content-area teachers. This model ensures that MLLs receive language support within the context of grade-level content instruction.

3. Stand-Alone ENL (Pull-Out Model)
In stand-alone settings, ENL teachers work with small groups of MLLs to deliver targeted language instruction. Instruction is focused on specific language objectives aligned with students' proficiency levels and academic content. Regular progress monitoring informs grouping and instructional strategies.
Students at the Entering and Emerging proficiency levels receive a minimum of 4 periods per week of stand-alone ENL instruction, in addition to at least 4 periods of integrated ENL as required by CR Part 154.

Student Grouping
MLLs are grouped heterogeneously in stand-alone ENL classes, often including students across proficiency levels (e.g., Entering, Emerging, Transitioning, Expanding, and Commanding). Groupings are flexible and based on students' academic and linguistic needs. For example, a Transitioning student requiring vocabulary support may be grouped with Entering students focused on similar skills.
Additionally, Newcomer groups are offered as pull-out instruction for at least two 45-minute sessions per week. These groups focus on foundational English skills, including phonics, vocabulary development, and oral language practice.
All ENL services provided are aligned with CR Part 154 requirements.

Integrated ENL:

All Entering and Emerging Multilingual Learners (MLLs) receive a minimum of four (4) periods per week of integrated ENL instruction, as required by CR Part 154. Transitioning and Expanding MLLs also receive at least four (4) periods per week of integrated ENL.

Integrated ENL is delivered through two primary models:

– Co-teaching, in which a certified ENL teacher and a general education (common branch) teacher collaborate to plan and deliver instruction

– Instruction by a dually certified teacher, who holds both ENL and common branch certifications and delivers content-based language instruction independently

Students are heterogeneously grouped in general education settings alongside other MLLs, former MLLs, and non-MLLs. Placement decisions are informed by parental choice, NYSITELL results, and NYSESLAT proficiency levels.

In grades K–2, integrated ENL instruction often takes place during the ELA block. ENL teachers co-plan and co-teach with classroom teachers to embed language objectives into whole-class instruction. Following the whole-class lesson, ENL teachers may work with small groups of MLLs to provide targeted language support. For example, during a writing unit, the ENL teacher may reinforce key vocabulary and sentence structures necessary for MLLs to successfully complete their writing tasks.

In specialized settings, such as a 12:1:1 kindergarten class, the ENL teacher may provide small-group support during phonics or PAF instruction, allowing for differentiated language development.

Additionally, dually certified classroom teachers provide integrated ENL support during small-group instruction across content areas including ELA, Social Studies, and Math. These teachers are trained to scaffold instruction and monitor language development during core instruction.

We believe that all teachers are teachers of multilingual learners, and we prioritize collaborative planning to ensure that instruction is responsive to the needs of MLLs. ENL and general education teachers regularly meet to co-plan, share data, and design instruction that integrates both language development and academic content.

All services are fully aligned with the mandates of CR Part 154 and are documented and monitored to ensure compliance and student progress.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

At P.S. 169, we currently offer Transitional Bilingual Education (TBE) programs in both Chinese and Spanish to support the linguistic and academic needs of our Multilingual Learners (MLLs) who are developing English proficiency.

There are two Chinese TBE classes offered in Integrated Co-Teaching (ICT) settings:
– One class in Grade 1
– One class in Grade 2

We also offer one Spanish TBE ICT class in Grade 4.

Each of these TBE classes includes a mix of English Language Learners (ELLs), former ELLs, and English-proficient students. Students receive core content instruction in their home language (Chinese or Spanish) alongside English instruction, with the goal of supporting both academic success and English language development.

The ICT model ensures that both a general education teacher and a bilingual special education teacher (or dually certified teacher) collaborate to meet the diverse learning needs of students, including students with IEPs.

Instruction in TBE classes follows a transitional model, in which students begin their education in their home language and gradually transition to English over time. English Language Development (ELD) is supported through stand-alone ENL and integrated ENL services provided by certified ENL teachers or bilingual teachers, in accordance with CR Part 154 mandates.

Instructional materials and resources are provided in both English and the students' home languages. Teachers plan collaboratively to ensure language objectives are embedded in content lessons and to maintain cultural relevance and responsiveness in the classroom.

Grouping in TBE classrooms is based on students' language proficiency, grade level, IEP status and program recommendation. MLLs are monitored regularly to ensure adequate progress in both English language development and content knowledge.

P.S. 169 remains committed to maintaining and expanding bilingual programming that reflects the linguistic diversity of our student population and supports academic achievement through equitable access to multilingual instruction.

Dual Language Bilingual Education (DLBE):

P.S. 169 offers Dual Language (DL) programs in both Chinese and Spanish for students in Kindergarten through 5th grade. The majority of our DL classes use the side-by-side model, where students alternate between instruction in the target language and in English. A smaller number of classes utilize the self-contained model, where students receive content instruction in both languages within the same classroom setting.

In both models, students alternate their instruction days between the target language class and their English class or between target language and English, depending on the specific structure of the class. This approach ensures that students have access to balanced language development in both their home language and English.

Language Allocation:
– On days when students are in English classrooms, they receive stand-alone ENL and integrated ENL support. Stand-alone ENL services are delivered by certified ESOL or bilingual teachers, while integrated ENL support is provided by push-in services from an ESOL-certified teacher.
– On days when students are in target language classrooms (either Chinese or Spanish), they receive content instruction in the target language and support for language development in English through integrated ENL services.

Grouping and Instruction:
Students are grouped based on their academic needs and language proficiency levels. For example, during a writing lesson, students who require additional support with sentence construction may be grouped heterogeneously across proficiency levels to work together on developing specific writing skills. This grouping strategy allows for targeted, differentiated instruction while ensuring that each student receives the language support they need at their level.

The side-by-side model promotes the use of both languages throughout the day, fostering a biliteracy approach in which students build fluency and literacy in both English and their home language. The self-contained model supports an immersive language experience where students benefit from deeper instruction in both languages within the same class.

Teachers in both models collaborate extensively to ensure that language objectives are embedded in all content areas. Co-planning between the classroom teacher and the ENL teacher ensures that lessons are linguistically accessible and aligned to students' needs, as well as to state standards.

Our Dual Language program is designed to not only promote academic achievement but also to develop cultural competence in all students. By alternating instruction between English and the target language, we ensure that students gain academic language skills in both languages, setting them up for long-term success in school and beyond.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At P.S. 169, all ENL and bilingual educators are instructed to provide the mandated number of instructional minutes for ENL services based on students' English language proficiency levels, as outlined in CR Part 154.

1. Instructional Minutes for ENL Services:
– Entering and Emerging students receive a total of 360 minutes per week of ENL instruction. This includes four 45-minute periods of stand-alone ENL and four 45-minute periods of integrated ENL.
– Transitioning and Expanding students receive four 45-minute periods of integrated ENL per week.
– Commanding students receive two 45-minute periods (90 minutes) of integrated ENL per week.

Teachers are expected to reflect these instructional minutes in their programs in alignment with CR Part 154, ensuring that students receive targeted support based on their language proficiency level.

2. Home Language Instruction (HLA):
In addition to ENL services, bilingual teachers integrate Home Language Instruction (HLA) into their teaching to support students in both their home language and English.
– In Spanish Dual Language classrooms, HLA is provided using the Heggerty Phonological Awareness Program in Spanish, complemented by Apprenda Leyenda, an explicit phonics curriculum for Spanish.
– In Kindergarten Chinese Dual Language classrooms, HLA is provided using home-grown lessons, which include phonics in pinyin for students in grades K-1.
– In grades 1-5 Chinese Dual Language, HLA is delivered using MeiZhou Chinese, a curriculum designed for Mandarin Chinese instruction.

3. Dual Language Classrooms:
In Dual Language (DL) classrooms, ENL instruction is provided in small groups to ensure that both English and the home language are balanced. Teachers follow a balanced instructional model for both languages, ensuring that students receive rigorous instruction in content areas while developing academic proficiency in both languages.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At P.S. 169, we ensure that ENL, English Language Arts (ELA), and Home Language Arts (HLA) instructional minutes are delivered in a way that meets the needs of our multilingual learners (MLLs) and supports their academic success in both languages.

1. ELA Instruction
ELA instruction is delivered for at least 90 minutes per day to all students, ensuring they receive the foundational literacy skills needed to succeed in English. This time is dedicated to developing reading, writing, speaking, and listening skills, with a focus on academic language and content comprehension.

2. Home Language Arts (HLA) Instruction
In our Dual Language programs, HLA is delivered for at least 45 minutes per week. In the Spanish Dual Language classrooms, students engage in HLA instruction using Apprenda Leyenda, an explicit phonics curriculum tailored to Spanish literacy development. In the Chinese Dual Language classrooms, MeiZhou Chinese is utilized for HLA instruction, supporting students' development of reading and writing skills in Chinese. HLA instruction is designed to promote biliteracy, ensuring students develop strong literacy skills in both their home language and English.

3. ENL Instructional Minutes
Students receive ENL services based on their English proficiency level. As previously detailed, the number of ENL minutes varies according to students' proficiency levels, and services are delivered in accordance with the guidelines established by CR Part 154.
– Entering and Emerging students receive 360 minutes per week (4 periods of stand-alone ENL and 4 periods of integrated ENL).
– Transitioning and Expanding students receive 4 periods of integrated ENL per week.
– Commanding students receive 2 periods of integrated ENL per week.

For students in Dual Language programs, ENL services are integrated into their instruction in small groups, ensuring that language objectives are embedded in both English and home language lessons. In addition to the mandated ENL services, students in the Spanish Dual Language program benefit from a rich cultural environment, supported by Apprenda Leyenda and ongoing partnerships with families through PAF (Parents as Partners in Education). These efforts contribute to the academic and social success of our ELLs.

In the Chinese Dual Language program, the use of MeiZhou Chinese supports students' development of Chinese literacy through authentic texts. This resource helps bridge gaps for ELLs and enhances their language learning by providing both language support and cultural context, fostering a more holistic bilingual education.

Through this integrated approach, we ensure that all students receive appropriate instructional minutes for ENL, ELA, and HLA, aligned with both their language proficiency levels and program model, as required by CR Part 154.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At P.S. 169, we implement a Dual Language Bilingual Education (DLBE) program that is designed to meet the needs of both English Language Learners (ELLs) and English proficient students. The model is structured based on the needs of our students and their language proficiency levels.

1. Chinese Dual Language Program:
In kindergarten, we might have a combination of self-contained and Dual Language Collaborative Integrated Co-Teaching (DLCH ICT) models. One kindergarten class is self-contained, while the other follows the ICT model, where ENL and bilingual educators work alongside the general education teacher.
For grades 1-5, most of the Chinese Dual Language classes follow the side-by-side model. However, due to student enrollment numbers, one of our 5th-grade Chinese Dual Language classes is self-contained.

2. Spanish Dual Language Program:
In the Spanish Dual Language program, we primarily follow the side-by-side model for most classes. Some classes, based on student enrollment and proficiency levels, are self-contained, where both content instruction and language instruction are delivered in the target language.

3. Integration of English Proficient Students and ELLs:
In all of our Dual Language program models, English proficient students and ELLs are integrated throughout the entire instructional day. This integration happens as follows:
– On English-language days, English proficient students serve as language models for the ELLs, helping to guide their language development.
– On target-language days (Chinese or Spanish), ELLs serve as models to English proficient students in the target language.

To further support language acquisition and academic growth, students are grouped based on specific learning needs. Small group instruction is provided to students, regardless of their English proficiency level, whenever there is a need to focus on a particular skill.

Teachers, including our English and ESOL-certified teachers, work together to plan lessons that reflect the Universal Design for Learning (UDL) framework. This ensures that all students, regardless of language proficiency, have access to differentiated instruction and support that meets their unique learning needs.

In this way, we foster an inclusive and supportive learning environment, where both English proficient students and ELLs have ample opportunities to develop language skills and content knowledge in both English and their home language.

b. In which language(s) is each core content area taught?

In our Dual Language Bilingual Education (DLBE) program, core content areas are taught in both English and the target language (Chinese or Spanish). Instruction is split evenly, with 50% of the time spent in each language. This balanced approach ensures that students develop both academic content knowledge and language proficiency in both languages, fostering biliteracy and bilingualism.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

ELA , Math and Social studies

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

78.3%, 342 students

Newcomer ELLs (0-3 years of ENL service) are recent arrivals who are often tested at the entering or emerging levels of English proficiency. Instruction for these students focuses on foundational language development, including survival English, essential vocabulary, phonics and basic grammar. Teachers use strategies such as visual aids, gestures, modeling, and bilingual support to help newcomers access the curriculum. In addition, structured routines, cultural orientation, and social-emotional support are critical components of instruction. Our dual language programs enhance newcomer support by allowing students to continue developing literacy in their home language (Chinese or Spanish) while acquiring English, which helps bridge understanding and build confidence.

To strengthen our support for this population, our school will provide professional development (PD) for staff on best practices in newcomer instruction and implement a standardized system of ELL push-in and pull-out support across all grade levels. These services will consistently target listening, speaking, reading, and writing, ensuring cohesive language development and sustained academic growth for all newcomer ELLs.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.5%, 2 students.

SIFE students require specially differentiated instruction that addresses both academic gaps and language development. For our two SIFE students, effective instruction includes building foundational literacy and numeracy skills alongside targeted English language instruction. Lessons incorporate visual aids, hands-on activities, and culturally relevant materials to promote engagement and comprehension. Additionally, social-emotional learning is integrated into instruction to support the transition into a structured learning environment. Collaboration among bilingual teachers, ELL service providers, classroom teachers, intervention teachers and counselors ensures a coordinated approach that addresses the whole child.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

9.8%, 43 students.

With Long-Term ELLs making up 9.8% of our student population (43 students), it's important to differentiate instruction from that provided to Developing ELLs due to their unique educational profiles. Long-Term ELLs often have conversational fluency but continue to struggle with academic language, particularly in reading and writing. Effective instruction for Long-Term ELLs focuses on rebuilding academic literacy, correcting fossilized language errors, and increasing engagement through higher-order tasks like argument writing and text analysis. In contrast, Developing ELLs who are still acquiring English need more foundational language support, including vocabulary development, grammatical structures, and scaffolds for accessing content. While both groups benefit from targeted support, long term ELLs require interventions that move them beyond plateaued proficiency and deepen their academic communication skills across disciplines.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Our school currently serves 48 former ELLs, representing 6.2% of our student population. In compliance with CRP 154, we provide mandated two years of monitoring and instructional support to ensure these students continue to succeed academically after exiting ELL services. This support includes regular progress monitoring through classroom assessments, annual ENL parent meetings, report card reviews, and teacher feedback. Former ELLs receive AIS support when needed, and content-area teachers collaborate with ENL staff to differentiate instruction and maintain language-rich environments. Additionally, these students continue to benefit from inclusive practices and scaffolds aligned with their linguistic and cultural backgrounds, ensuring a smooth transition to full mainstream instruction while sustaining academic growth.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At P.S. 169, we closely examine the at-risk indicators that may adversely affect the academic and language development of our English Language Learners (ELLs). Analyzing the data across grade levels, a clear trend emerges:

– Grade 1: 166 ELLs flagged as at-risk
– Grade 2: 175 ELLs flagged as at-risk
– Grade 3: 50 ELLs flagged
– Grade 4: 20 ELLs flagged
– Grade 5: 11 ELLs flagged

We observe a significantly higher concentration of at-risk ELLs in grades 1 and 2, with the number dropping sharply beginning in grade 3. Several factors may contribute to this trend:

1. Early Literacy and Language Acquisition Gaps
Many ELLs in grades 1 and 2 are still developing basic interpersonal communication skills (BICS) and beginning to build academic language (CALP). At this stage, students may also be struggling with foundational literacy skills,

especially those who have had limited exposure to English before entering school.

2. Recent Arrivals and Newcomers
Grades 1 and 2 often include recent immigrant students or newcomers to the U.S. school system who may not have had early childhood education in English. These students may also face interrupted formal education (SIFE) or come from homes where access to early learning resources was limited.

3. Developmental Expectations vs. Language Proficiency
At-risk indicators may be flagged when a student does not meet grade-level benchmarks in reading or math, often without considering that the language acquisition process is still in its early stages. This may result in a higher number of younger ELLs being marked at risk, even if they are progressing appropriately in language development.

4. Drop in Numbers by Upper Grades
By grades 3 through 5, many students have exited ELL status or are performing at higher levels of English proficiency. They may have also benefited from multiple years of targeted ENL support, which contributes to their academic stability. The declining numbers suggest that targeted interventions in early grades are effective over time, though the high early grade numbers still indicate a critical need for early intervention and support.

In response to this trend, we continue to prioritize targeted literacy interventions, small group instruction, and push-in/pull-out ENL services in the early grades. We also work closely with families to increase engagement and ensure students receive the academic and emotional support needed to thrive.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At P.S. 169, we closely monitor the progress of our former English Language Learners (ELLs) to ensure they continue to receive the support necessary for sustained academic success after exiting ENL services.

Based on current data, the number of at-risk former ELLs is as follows:

– Grade 1: 19 students
– Grade 2: 3 students

Additionally, there are 17 former ELLs who scored Level 1 or 2 on the NYS ELA exam last school year, indicating a need for close academic monitoring and support.

Trend Analysis:

Higher Numbers in Grade 1:
The largest number of at-risk former ELLs is in first grade, which likely reflects students who have recently exited ENL services (either in Kindergarten or pre-K) and are now adjusting to the academic demands of general education without dedicated ENL support. These students may still be developing academic English, especially in reading and writing, and can easily fall behind without continued scaffolding.

Drop in Grade 2 Numbers:
By second grade, the number of at-risk former ELLs drops to just 3 students, suggesting that many students who exited the program earlier have begun to stabilize academically. This may reflect the impact of continued monitoring and support services provided during the mandated two-year former ELL monitoring period.

Low ELA Proficiency for Some Former ELLs:
The 17 former ELLs who scored at Level 1 or 2 on the state ELA exam indicate a group that, although officially exited, still faces challenges with academic language. These students may need re-entry consideration, additional academic intervention, or literacy support to ensure they do not fall further behind.

Implications and Next Steps:
– Ensure that all former ELLs are closely monitored for two years post-exit, as required by CR Part 154, with interventions available for students showing academic struggle.
– Increase push-in support, small group instruction, or Tier 2 literacy interventions for former ELLs performing below proficiency.
– Work collaboratively with classroom teachers to plan differentiated instruction that supports language needs, even after ENL services have officially ended.

By identifying trends early and intervening quickly, we aim to support all former ELLs in maintaining academic progress and long-term success in mainstream instruction.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

With a total of 437 English Language Learners (ELLs) at P.S. 169, the largest home language group is Chinese, spoken by 260 families. To support communication and learning that values and preserves students' home languages, we have several staff members, structures, and processes in place:

– A bilingual administrator who speaks Chinese helps bridge communication between families and the school, ensuring that important information is accessible and culturally responsive.
– Bilingual teachers and support staff provide instruction and services in students' home language, both in Dual Language and Transitional Bilingual programs.
– Parent Coordinators and office staff are also bilingual and assist families daily with school communication, forms, events, and academic support.
– The school regularly sends home translated materials, notices, and newsletters in Chinese and Spanish, ensuring families remain informed and engaged.
– During family workshops, parent-teacher conferences, and IEP meetings, interpretation services are provided in the home language.
– Chinese and Spanish Dual Language programs not only support content learning in students’ home languages but also affirm their cultural identities and promote biliteracy.
– We utilize platforms like TalkingPoints, WeChat, and other parent communication tools that support multilingual messaging.

These efforts demonstrate our commitment to valuing students’ linguistic backgrounds and building a culturally inclusive learning environment where families feel respected, connected, and empowered to support their children's education.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S. 169, the majority of our English Language Learners (ELLs) identify as Asian or Hispanic. Specifically, we serve approximately 260 Asian ELLs and 160 Hispanic ELLs, representing a rich diversity of cultures, languages, and lived experiences.

To ensure that ELLs are meaningfully included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE), we have implemented several key structures and practices:

– Our Equity Team meets regularly to review data, plan initiatives, and ensure that curriculum, instruction, and school culture reflect the identities, languages, and histories of our students.
– We are intentional in selecting and using multilingual, authentic texts in classroom instruction and in our school library—texts that feature characters and stories that mirror our students' cultural and linguistic backgrounds.
– We continue our partnership with the Morningside Center for Teaching Social Responsibility, which has helped us implement Restorative Circles as part of our schoolwide daily routine. These circles create a space for students to share experiences, build empathy, and affirm their identities.
– Teachers engage in ongoing professional development focused on CR-SE practices, including strategies to integrate students' cultures and languages into instruction and create inclusive classroom environments.
– We actively seek student voice and family input in decision-making, ensuring our programs and events reflect and honor the values of our multilingual communities.
– Classroom displays, bulletin boards, and celebrations throughout the school highlight and celebrate the diverse cultures and languages of our student body, creating a sense of belonging for all learners.

Through these efforts, we are committed to fostering a school environment where ELLs see themselves reflected in the curriculum, feel valued in their identities, and are empowered as full participants in their learning.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The trends we have noticed in reviewing English Language Proficiency growth in our school are the needs for Tier Two vocabulary, writing skills and speaking skills. The number of students who have met ELP sufficient progress is 86 and the number of students who have not met the ELP sufficient progress is 163.

Another trend we noticed is that 46% of our ELLs are Transitioning or Emerging. We have almost 36% of the ELLs at an expanding level.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Almost half of the ELLs are transitioning or emerging, and about 36% are expanding. Among these students, 12% of the ELLs are 1-10 points away from moving to the next level. However, these 12% of ELLs are mostly not showing growth in the past two years. In general, students are showing more growth in speaking and listening than in reading and writing. Writing is the modality that needs most support.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

For students who took both the ELA state test and NYSESLAT, all of the emerging and transitioning students scored level 1, and 58% of expanding students scored at level 2. Only a few students (5 out of 8) who are on commanding level scored level 3 or 4. There is no strong correlation between the Math state test and NYSESLAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Of the IEP students who took the NYSESLAT, 21% of them scored expanding or commanding, 36% scored transitioning, 34% scored emerging, and 1% scored entering.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

PS 169 is committed to providing English Language Learners (ELLs) with a rigorous, high-quality academic experience that fosters deeper learning and long-term academic success. We accomplish this by using a combination of research-based instructional models, systematic progress monitoring, and native language support, all aligned with state standards and responsive to students' linguistic and academic needs.

Progress Monitoring and Data-Driven Instruction
Regular and ongoing progress monitoring is at the core of our instructional approach for ELLs. We use a variety of assessments, including LETRS, Acadience, and MAP Growth, to evaluate students' language development and academic progress in reading, writing, and content-area understanding. These tools help educators:

Identify specific areas where students require additional language or academic support

Monitor growth across language proficiency levels

Inform small-group instruction and individualized learning plans

Adjust scaffolds and strategies based on real-time data

In addition, formative classroom assessments, NYSELAT scores, and teacher observations are used to provide a well-rounded view of student progress. This allows teachers to differentiate instruction effectively, providing tailored supports that promote both comprehension and academic engagement.

Integrated and Scaffolded Instruction for Deeper Learning
Our Integrated ENL (push-in) and Stand-Alone ENL (pull-out) models are designed to promote deep engagement with content. ENL teachers work closely with content-area teachers to deliver instruction that is aligned with grade-level standards while also being scaffolded to support language development. Strategies such as sentence frames, visual aids, graphic organizers, and vocabulary pre-teaching are used to build background knowledge and make content accessible.

Teachers emphasize higher-order thinking skills, such as analysis, synthesis, and inference, to ensure that ELLs are not just accessing information but also engaging with it at a deep level. Students are encouraged to participate in academic discussions, project-based learning, and writing tasks that require critical thinking and application of new knowledge.

Dual Language and Native Language Support
Our Dual Language Bilingual Education (DLBE) program plays a pivotal role in enhancing the academic experience of our ELLs. Instruction is delivered in both English and the students' home language (Mandarin and Spanish), providing a biliterate educational experience. This approach supports deeper learning by:

Reinforcing academic concepts across two languages, which improves retention and comprehension

Allowing students to use their full linguistic repertoire to access rigorous content

Honoring students' cultural and linguistic identities, which fosters engagement and self-efficacy

In DLBE classrooms, bilingual teachers align language and content objectives across subjects and collaborate with colleagues to integrate culturally relevant materials. The use of students' native language as a bridge to English proficiency is a strength-based strategy that empowers students to transfer knowledge and skills across languages.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's leadership team, in collaboration with the Instructional Leadership Team (ILT), ensures that English Language Learners (ELLs) across grades K–5 have full access to high-quality core instruction through a combination of strategic instructional planning, data-informed decision-making, and culturally responsive practices.

Standards-Aligned and Systematic Instruction
To ensure accessibility to the core curriculum (HMH) , our school implements research-based programs that provide systematic and explicit instruction, particularly in foundational literacy. These include:

Fundations (K–3) and Heggerty (K–3) for foundational skills in English

PAF (Preventing Academic Failure) and Aprendo Leyendo (Spanish literacy) in Dual Language classrooms

Heggerty and PAF are also used in small group instruction for Newcomers to strengthen phonemic awareness and language acquisition

These resources are intentionally selected to support language development and literacy acquisition across both English and the home language, ensuring that all students, regardless of language proficiency level, receive instruction aligned to grade-level standards.

Instructional Planning and Differentiation
Instructional planning across all grades is guided by ILT-developed systems and protocols that ensure ELLs' diverse needs are met within the core curriculum. Teachers collaborate in grade-level teams to develop differentiated lessons, incorporating scaffolds such as:

Visual supports and sentence frames

Strategic use of students' home language (in DLBE settings)

Small-group instruction based on proficiency levels

Literacy routines embedded in content areas

Data-Driven Support and Progress Monitoring
The ILT has implemented structures to promote data-driven instruction. Teachers conduct comprehensive assessments at the beginning, middle, and end of the year to understand each student's academic, social-emotional, and language development needs. These include:

Family interviews to build trust and gather information about students' backgrounds

LETRS assessments, Acadience, MAP Growth, and teacher-created formative tools

Qualitative observations and ELL-specific language proficiency data

Based on this data, students are grouped flexibly within classrooms and targeted for additional support as needed. Those requiring intensive instruction are invited to participate in our after-school intervention and enrichment programs, where ELLs receive academic reinforcement and language development activities aligned with their learning goals.

Support for Long-Term ELLs
Using data from our EDAT (English Data Analysis Tool), the ILT identifies long-term ELLs who are not making expected progress. These students are monitored closely, and their instructional supports are reviewed and adjusted. Teachers and support staff collaborate to develop individualized learning plans that include:

Increased frequency of small group instruction

Targeted vocabulary and comprehension instruction

Home-language reinforcement where appropriate

Professional Collaboration and Data Conversations
The ILT is currently working to strengthen staff capacity around in-depth data conversations. A Data Dive Protocol is being piloted to guide teacher teams in analyzing ELL performance across multiple measures, identifying instructional gaps, and designing action plans for differentiated instruction. This collaborative process fosters a culture of continuous improvement and accountability to ensure ELLs are not only accessing, but succeeding in, the core curriculum.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At PS 169, core content is delivered through a combination of Integrated ENL, Stand-Alone ENL, and Dual Language Bilingual Education (DLBE) program models. All instruction is aligned with the Next Generation Learning Standards (NGLS) and designed to foster both academic achievement and language development.

English as a New Language (ENL) Programs
We implement both stand-alone and integrated ENL models to support our English Language Learners (ELLs), based on their proficiency levels:

Entering and Emerging ELLs receive a minimum of 4 periods per week of stand-alone ENL instruction and 4 periods of integrated ENL.

Transitioning and Expanding ELLs receive at least 4 periods per week of integrated ENL.

Stand-alone ENL instruction is delivered in English in small-group settings. It focuses on developing foundational English language skills such as phonemic awareness, phonics, vocabulary, grammar, reading comprehension, and academic writing. Instructional strategies include scaffolding, visual aids, modeling, sentence frames, and interactive language practice to help students access content and build language proficiency.

Integrated ENL instruction takes place in general education classrooms and is either:

Co-taught by a certified ENL teacher and a general education teacher, or

Led by a teacher dual-certified in ENL and common branches.

Students are grouped heterogeneously with ELLs, former ELLs, and non-ELLs to promote peer modeling and interaction. Instruction is differentiated based on language proficiency and uses small-group rotations, visuals, academic vocabulary strategies, and language objectives embedded in content lessons.

Dual Language Program (DLBE)
Our Dual Language program includes both side-by-side and self-contained classroom models. In both, students alternate between English instruction and target language instruction (Spanish or Chinese) on a weekly basis. Instruction is content-based and delivered in one language at a time, adhering to the 50/50 model.

In Spanish Dual Language classes, instruction is delivered using programs such as PAF (Preventing Academic Failure) and Aprendo Leyendo, which provide structured Spanish phonics and literacy instruction.

In Chinese Dual Language classes, we use Meizhou Chinese for CLA instruction in the target language.

DL teachers collaborate across both language strands to ensure alignment of content and language objectives. The program emphasizes the development of biliteracy, bilingualism, and cross-cultural understanding, and fosters deep content learning through the use of both languages.

Classroom environments are print-rich in both English and the home language, and classroom libraries include a wide selection of multilingual texts to support reading comprehension and language development in both languages.

Curricula Supporting Core Content Instruction (K–5)
All content-area instruction is aligned to the Next Generation Learning Standards and adapted to support multilingual learners. Our core programs include:

Fundations (K–3, and as needed 4–5) – English phonics instruction

Heggerty (K–3, and as needed 4–5) – Phonemic awareness

PAF – English phonics instruction (for Spanish Dual, 12:1 classes, and select ICT settings)

Aprendo Leyendo – Spanish language arts instruction in K-5 Dual Language settings

HMH Reading and Writing (K–5) – English literacy instruction

Meizhou Chinese – Literacy and content instruction in K-5 Chinese DL classes

Homegrown Social Studies and Science Curriculum – Aligned to NYS Scope & Sequence, integrating all four modalities (reading, writing, listening, speaking)

Eureka Math (K–5) – Math instruction with attention to math-specific language development

These curricula are adapted to meet the needs of diverse learners by incorporating multiple scaffolds, differentiation options, and small-group instruction frameworks. Emphasis is placed on domain-specific vocabulary (particularly in math and science), comprehension strategies, and oral language development.

In ENL settings, instruction is delivered in English, with native language supports such as translated materials and bilingual texts as needed. In Dual Language settings, content is delivered in both English and the target language, ensuring balanced exposure and opportunity to develop content knowledge and language skills in both languages.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At PS 169, teachers of Multilingual Learners (MLs)/English Language Learners (ELLs) use a combination of differentiated instructional strategies, grade-level curriculum materials, and technology tools to provide equitable access to academic content and accelerate English language development. Instruction is aligned with the Next Generation Learning Standards and is designed to meet the diverse needs of all ELL subgroups, including students with Individualized Education Programs (IEPs).

Instructional Strategies
Teachers implement a wide range of scaffolds and supports, including:

Neighborhood walks and local trips to build background knowledge and make real-world connections to academic content

- Read-alouds and leveled texts, moving from texts with less complexity to more complex materials over time to support comprehension and gradual release of responsibility

- Flexible seating and student choice in workspace and materials to increase engagement and accommodate various learning needs

- Visuals, multimedia, and video content to support comprehension and reinforce vocabulary and concepts in all content areas

- Chunking of tasks into manageable steps with guided practice and immediate feedback to support student understanding

- Word banks and sentence starters, especially during writing and speaking tasks, to support language production

- Pre-assessments and diagnostic tools to gather information about students' prior knowledge at the beginning of each unit

- Informal and formative assessments to adjust instruction and groupings as needed

These strategies are especially critical for MLs/ELLs with IEPs, who benefit from multisensory approaches, explicit modeling, visual schedules, and extended time to process language and content.

Curriculum Materials and Technology Integration
Teachers use a combination of core content curricula and language development resources, supplemented with technology to enhance accessibility:

Fundations, Heggerty, and PAF for foundational literacy instruction in English and Spanish

HMH Into Reading and Writing for ELA, with embedded language scaffolds

Aprendo Leyendo and Meizhou Chinese in Dual Language classrooms to promote biliteracy

Eureka Math for K–5 mathematics, supported with visuals and manipulatives

Homegrown Social Studies and Science units with embedded vocabulary, language objectives, and multimodal activities

Digital platforms such as i-Ready, Raz-Kids, BrainPOP, and Google Classroom for individualized instruction, content review, and language development

These materials provide differentiated pathways to content learning and include built-in features such as read-aloud functions, closed captioning, bilingual text options, and visual glossaries to support language learners at various proficiency levels.

Ongoing Progress Monitoring
Teachers engage in continuous monitoring of student progress using:

- Acadience, MAP Growth, LETRS, and curriculum-based assessments

- Classroom formative tools, including running records, exit tickets, and performance-based tasks

- Language proficiency data from NYSESLAT and formative ENL assessments

This data is used to drive instruction, inform grouping, and design targeted interventions to meet each learner's unique language and academic needs.

b. SIFE

SIFE students at PS 169 receive a minimum of 4 periods per week of stand-alone ENL instruction, in alignment with state requirements. In addition, they benefit from targeted academic interventions delivered through a combination of push-in/pull-out instructional support during the school day, as well as through our afterschool Title III-funded

language enrichment program.

Instruction for SIFE students is highly individualized and designed to accelerate both language acquisition and academic skill development. Intervention areas are selected based on diagnostic assessments, language proficiency data, and teacher observations, and may include foundational literacy, numeracy, and oral language development.

For example, if a 5th-grade SIFE student is assessed at a 1st-grade proficiency level in both language and math, they may receive math instruction in a 2nd-grade classroom setting with additional language supports and instructional scaffolds to help bridge the academic gap. The goal is to meet each student at their current level of readiness while gradually building toward grade-level proficiency through targeted instruction, native language support when available, and frequent progress monitoring.

These supports ensure that SIFE students can access academic content, develop foundational skills, and engage meaningfully in the school community.

c. Newcomers

Newcomer English Language Learners (ELLs) at PS 169 receive 360 minutes of ENL instruction per week, consistent with CR Part 154 guidelines and tailored to their unique needs as recent arrivals to the U.S. school system.

Instruction for Newcomers is grounded in a theme-based curriculum that is both rigorous and accessible. It emphasizes:

Vocabulary development

Phonics and phonemic awareness

Close-reading strategies

Academic content knowledge across subject areas

All instruction is delivered through scaffolded methods designed to build students' academic English proficiency while promoting engagement and comprehension. Lessons are differentiated based on students' English proficiency levels and prior educational experiences.

Culturally Responsive and Linguistically Affirming Practices
The cultural backgrounds, native languages, and life experiences of Newcomer students are intentionally embedded into instruction. Teachers create an inclusive classroom environment that:

Honors students' identities and encourages the sharing of experiences

Incorporates multilingual texts and visuals

Uses sheltered instruction techniques to support comprehension

Encourages student discourse and collaborative learning to foster oral language development

Small-Group Instruction and Language Development
In addition to whole-group instruction, Newcomer ELLs participate in small-group sessions specifically designed for Newcomers. These sessions provide a more sheltered setting where students receive focused support in

developing basic interpersonal communication skills (BICS) and early academic language. Instruction in these groups targets:

Functional English for everyday communication

Foundational literacy and numeracy skills

Early exposure to content-area vocabulary and concepts

Extended Learning Opportunities
Newcomer students are also prioritized for enrollment in our Title III-funded after-school language enrichment program. This program offers additional time for language practice through interactive and content-based activities that reinforce in-school instruction.

By combining structured language instruction, culturally responsive teaching, and extended learning opportunities, PS 169 ensures that Newcomer ELLs are supported in their transition to U.S. schools and positioned for long-term academic success.

d. Long Term ELLs

At PS 169, Long-Term English Language Learners —students who have been classified as ELLs for six or more years —receive targeted, data-informed supports to ensure continued language development and academic progress. Our school is committed to addressing the unique challenges Long Term ELLs face, including plateaued language proficiency and gaps in academic vocabulary, reading comprehension, and writing skills.

Identification and Monitoring
LTELLs are identified using the EDAT , NYSESLAT scores, classroom-based assessments, and teacher input. The Instructional Leadership Team (ILT) regularly reviews the progress of LTELLs to monitor growth, analyze trends, and recommend necessary instructional adjustments. These students are flagged for more frequent progress monitoring and inclusion in intervention planning.

Instructional Support
LTELLs receive at least 4 periods per week of Integrated ENL instruction, delivered through co-teaching or by dual-certified teachers. Instruction is designed to support both academic content learning and advanced English language development, with a focus on:

Academic vocabulary across content areas

Complex sentence structure and grammar

Reading comprehension of grade-level texts

Extended writing tasks with support for planning, revising, and editing

Opportunities for academic discourse in both oral and written forms

Where needed, students also receive additional stand-alone ENL instruction or participate in small-group, pull-out language development sessions that address individual learning gaps.

Interventions and Enrichment

LTELLs may participate in our afterschool Title III-funded enrichment program, which offers additional time for language development through thematic units, project-based learning, and culturally relevant texts. They may also receive targeted support during intervention blocks built into the school day.

Instructional Strategies for LTELLs
Teachers use a range of strategies to support LTELLs, including:

Sentence frames and academic discourse protocols

Reading and writing scaffolds (e.g., graphic organizers, guided writing)

Content-based language instruction tied to grade-level curriculum

Native language resources, when available, to support comprehension and bridge learning

Strategic grouping for peer modeling and collaborative learning

Long-term ELL instruction, while still rigorous, focuses on the students' acquisition of academic language, phonemic awareness, reading and writing strategies, and organizational skills. Additional supports include small-group instruction with the classroom teacher, small groups with ENL push- in/pull-out teachers, participation in our Title III-funded afterschool enrichment program for ELLs, and support through our community partner's (Apex for Youth) remote Saturday program.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At PS 169, English Language Learners (ELLs) with IEPs are supported through a collaborative, inclusive, and data-informed approach that ensures access to grade-level curriculum and promotes progress toward both IEP goals and English language proficiency, all within the least restrictive environment.

Curriculum Access and Collaborative Planning
All students, including ELLs with IEPs, have access to the same standards-aligned core curriculum. Instruction is modified and scaffolded to meet individual learning needs based on students' IEP goals and language proficiency levels.

Special Education Teachers, ENL providers, and SETSS providers engage in ongoing consultation and collaborative planning to ensure that ELLs with disabilities receive:

Targeted academic interventions

Language development support

Accommodations and modifications aligned with IEPs

Instructional strategies tailored to both disability-related and language acquisition needs

Inclusive Programming and Least Restrictive Environment

To promote inclusion and meaningful participation, we offer a Mixed ICT setting for ELLs with bilingual IEPs. This setting allows students to receive instruction from both Special Education and ENL-certified teachers, ensuring that their dual needs are met within the general education environment.

This model provides:

Enhanced language and academic support

Access to peer models

Reduced need for paraprofessional or alternate placements

Opportunities for social-emotional development within a general education classroom

To the extent possible, ELLs with IEPs are intentionally programmed into this inclusive setting. This structure ensures that students are supported in meeting their IEP goals and developing English proficiency while learning alongside their peers.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At PS 169, home language development is monitored and assessed through a variety of formative and curriculum-based tools, depending on the student's program model. Assessing the home language is critical to ensuring biliteracy development in bilingual programs and for leveraging students' linguistic assets in ENL instruction.

Dual Language Bilingual Education (DLBE)
In our Dual Language program (Chinese and Spanish), students are assessed in both English and their home language to monitor biliteracy progress. Home language assessment tools and practices include:

Guided reading assessments in both English and the target language

Aprende Leyendo (PAF Spanish literacy program) for formative and diagnostic assessments in Spanish

iChineseReader for Chinese literacy progress and comprehension assessments

Teacher-created rubrics to assess oral language, writing, and reading comprehension in the home language

Classroom tasks and assignments completed in the home language and assessed using language-specific success criteria

Bilingual instructional resources, including bilingual dictionaries, leveled readers, and translations of key tasks and directions, help support and inform assessment

Transitional Bilingual Education (TBE)
In TBE classes, home language development is used to support content learning and literacy development. Teachers alternate instruction between English and the home language (Chinese or Spanish), particularly in science and social studies.

Formative assessments in the home language are conducted during independent reading and content-area instruction

Oral language assessments and reading records are collected in the home language to guide small group instruction

Teachers use observational checklists, writing samples, and curriculum-based assessments to track literacy development in both languages

English as a New Language (ENL)
While ENL instruction is delivered primarily in English, teachers recognize the importance of leveraging students' home languages as a resource for learning. To that end:

Bilingual glossaries, dictionaries, and translated materials are made available to support comprehension and vocabulary acquisition

Teachers informally assess students' use of the home language to make connections with English-language concepts

Family interviews, student work samples, and home-language reading logs may be used to gain insight into home language proficiency

When needed, initial home language screenings (e.g., during the ELL identification process) are referenced to support instructional planning

Across all models, assessment of the home language is used not only to inform instruction, but also to affirm students' cultural and linguistic identities, supporting both academic success and language development.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 169, we have established robust systems and structures to support effective co-teaching and collaboration among educators across all ELL program models, including Integrated Co-Teaching (ICT) and Dual Language Bilingual Education (DLBE) teacher partnerships. These collaborative practices are foundational to delivering high-quality instruction that addresses both academic content and English language development.

1. Integrated Co-Teaching (ICT) Model
In our ICT classrooms, a general education teacher is paired with a certified ENL or bilingual teacher to deliver instruction to ELLs and non-ELLs within the same classroom setting. Supports include:

Collaborative Planning: Co-teaching pairs participate in regular planning sessions to align curriculum goals, identify language and content objectives, and develop differentiation strategies.

Shared Instructional Responsibilities: Instructional roles are flexibly assigned based on teacher expertise. The general education teacher typically leads content instruction, while the ENL or bilingual teacher focuses on language supports, vocabulary development, and scaffolding.

Ongoing Reflection: Teachers meet to reflect on lesson implementation, analyze student data, and make adjustments to instructional practices.

2. Dual Language Bilingual Education (DLBE) Teacher Partnerships
Our DLBE classrooms (Spanish and Chinese) operate on a team-based model where bilingual teachers collaborate to provide instruction in both English and the partner language. Supports include:

Strategic Language Allocation: Teachers follow a clearly defined language allocation plan (e.g., alternating days or weeks), ensuring balanced instruction in both languages.

Joint Planning: Dual language teacher teams plan together to align standards, content objectives, and language goals across both instructional languages.

Cultural Responsiveness: Teacher collaboration also centers on integrating culturally responsive practices, supporting students' linguistic identities and promoting cross-cultural competence.

3. Schoolwide Collaboration Structures
To support collaboration across program models, the school implements:

Professional Learning Communities (PLCs): Teachers from different program models meet regularly in PLCs to share best practices, analyze student work, and engage in instructional planning for ELLs.

Data-Driven Decision Making: Teams review student data (including formative assessments, NYSESLAT scores, and classroom performance) to identify student needs and plan targeted interventions or enrichment.

Instructional Coaching and Mentoring: Teachers are supported through coaching cycles, peer observation, and mentoring opportunities to refine instructional practices specific to ELLs and co-teaching environments.

These systems promote a collaborative and inclusive school culture that supports the success of multilingual learners. By leveraging co-teaching partnerships and cross-program collaboration, PS 169 ensures that all ELL students receive rigorous, linguistically responsive instruction tailored to their academic and language development needs.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At PS 169, our professional learning plan is strategically designed to support all staff, administrators, teachers, and non-pedagogical personnel, in meeting the academic and social-emotional needs of our Multilingual Learners (MLs)/English Language Learners (ELLs). With 56.7% of our students classified as ELLs (Spring 2025 EDAT report) and an even larger percentage speaking a language other than English at home, our ongoing professional development directly reflects the linguistic and cultural diversity of our school community.

Program-Specific and Role-Based Professional Development
ENL and Dual Language Programs: We provide targeted PD aligned to each instructional model. As our Dual Language Bilingual Education (DLBE) program expands each year, teachers receive additional training and coaching in bilingual pedagogy, biliteracy development, and effective language allocation practices.

Title III Program: Teachers participating in the language enrichment program complete a PD and curriculum planning session prior to implementation.

Orton-Gillingham (OG) Training: Recognizing the importance of foundational literacy, especially for MLs with decoding challenges or those dually classified with IEPs, we are implementing OG-based training for teachers. This equips them with structured, multisensory strategies rooted in evidence-based reading instruction.

Instructional Focus Areas
Professional learning throughout the year is anchored in high-leverage practices that support both content mastery and language acquisition. Focus areas include:

Co-teaching strategies across ENL and content instruction

Integrating language and content instruction across disciplines

Foundational literacy skills, including OG-based phonics and decoding strategies

Academic vocabulary and sentence structures for speaking and writing

Reading comprehension and scaffolding strategies for complex texts

Supports for mathematical language and concept development

SEL-integrated literacy, giving students opportunities to express emotions and reflect on experiences

Understanding and implementing NYSESLAT expectations and performance indicators

Distinguishing instructional planning between ENL and Dual Language models

Social-Emotional Learning (SEL) and Language Development
Our monthly staff meetings include a specific focus on supporting the social-emotional needs of MLs/ELLs. Teachers explore how to:

Help students express emotions and resolve conflicts in English

Incorporate trauma-informed practices into classroom discourse

Use writing and oral language activities to help students reflect and self-regulate

Collaboration & Data-Driven Instruction
Monthly Grade Team Meetings: These meetings now focus on data dives across all content areas—ELA, math, science, and social studies—to analyze student progress, identify trends for ELL subgroups, and inform next steps for instruction.

PLCs and Vertical Articulation: Staff meet regularly across grade levels and program models to share strategies, refine scaffolding practices, and monitor ELL progress.

Instructional Coaching and Peer Support: Facilitated by ENL teachers and school leaders, ongoing coaching helps teachers apply research-based strategies in their classrooms.

Accountability and Records
All professional development activities are documented and archived in the school's Google Drive, including:
Agendas and session materials
Participant sign-ins
Budget alignment with Title III and LAP goals
Records of consultant involvement (where applicable)

Impact on Student Outcomes
Our professional learning plan ensures that educators are equipped to:
Design responsive, differentiated lessons that meet students where they are and take them where they are supposed to be.
Implement targeted interventions and progress monitoring.
Foster both academic growth and English language development.
Promote equity and access for all MLs/ELLs across settings and programs

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

At PS 169, we have developed a comprehensive professional development (PD) plan to ensure compliance with Continuing Teacher and Leader Education (CTLE) requirements, specifically the ELL-specific hours mandated by CR Part 154:

All certified faculty (professional certificate holders in classroom teaching, educational leadership, and Level III teaching assistants) must complete 15% of their CTLE hours in ELL-specific professional development.

Bilingual and ENL-certified teachers must complete 50% of their total CTLE hours in ELL-specific professional development.

Our PD plan is structured to meet these mandates while building staff capacity to effectively support Multilingual Learners (MLs)/English Language Learners (ELLs) across instructional models and grade levels.

Key Components of the PD Plan:
1. Schoolwide Focus: Data Dive Protocol

We conduct regular data dive meetings during grade team time to analyze ELL student performance data across content areas.

These data discussions identify trends, inform instructional next steps, and surface professional development needs specific to language acquisition, academic vocabulary, and differentiation for MLs.

2. Customized ELL-Specific Workshops

PD sessions are designed to directly address core ELL topics, including:

Second language acquisition and literacy development

Culturally responsive pedagogy

Differentiation by English proficiency level

Scaffolding strategies in reading, writing, math, and content areas

Compliance with CR Part 154, ELL identification and service requirements

3. Professional Learning Communities (PLCs)

Teachers participate in PLCs that focus on sharing best practices, co-planning lessons, and refining instructional strategies for ELLs.

PLC discussions often include case studies, student work analysis, and unit planning aligned with NYSESLAT performance indicators.

4. Monthly Staff Circles

We facilitate monthly staff circles as a professional and reflective space where staff come together to:

Discuss culturally responsive practices

Share strategies to support MLs' social-emotional needs

Reflect on student experiences, challenges, and successes

These circles foster staff well-being, collective responsibility, and greater insight into supporting ELLs beyond academics.

5. Expert-Led Workshops and Guest Speakers

We host guest facilitators and consultants who specialize in ENL instruction, dual language education, and language development through content.

These sessions enrich teacher understanding of research-based practices and support deeper implementation in the classroom.

6. Technology Integration for Language Development

Teachers are trained in using technology to enhance instruction for MLs/ELLs, including:

Digital platforms that support language scaffolds (e.g., translation tools, audio texts)

Apps and websites for vocabulary development, oral fluency, and grammar

Interactive tools for real-time assessment and feedback

7. Ongoing Reflection and Feedback

Teachers engage in self-reflection and peer feedback cycles to evaluate the effectiveness of their instruction with ELLs.

School leaders provide regular feedback focused on implementation of language objectives, scaffolds, and student engagement.

8. Monitoring and Documentation

All PD activities are documented in the school's Google Drive:

Session agendas and materials

Attendance logs

Consultant information

CTLE alignment to CR Part 154 mandates

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses Acadience as a universal screening tool for students in grades K-2, and MAP Growth for students in grades 3-5. Additionally, the LETRS assessment is administered as a secondary screener for all K-5 students.

The results from LETRS, Acadience, and MAP Growth screeners are regularly reviewed by classroom teachers, the ENL team, and the AIS/RtI team. Classroom teachers utilize these assessment results to guide instructional planning tailored to the needs of ELLs in their classrooms.

Based on LETRS assessment data, Tier 2 interventions are delivered in small groups within the classroom setting. For students requiring more intensive support, Tier 3 interventions are provided through our after-school intervention program.

Moreover, ELLs who demonstrate challenges in language development are invited to participate in our Title III-funded LEP program, which offers additional language enrichment support.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

For the 2025-26 school year, we have maintained small class sizes to effectively address both the academic and social-emotional needs of our ELL students. All teachers have received training in Fundations or Just Words, and first-grade teachers have been specifically trained in Preventing Academic Failure (PAF) to support struggling learners in this critical grade.

Because of the small class sizes, Tier 2 interventions are provided within the classroom setting. Tier 3 interventions are offered in school , either in 1:1 or 2:1 formats, to provide more intensive, individualized support.

To support our Spanish Dual Language students who struggle with reading, we have invested in a Spanish-language phonics program as well as Heggerty in Spanish for phonemic awareness development. For students in our Chinese Dual Language classes, we utilize I Chinese Reader as a supplementary intervention platform focused on Chinese reading skills.

Intervention services are offered in both English and the students' home languages (Spanish and Chinese), ensuring targeted support tailored to the needs of specific ELL subgroups.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At our school, we utilize data from LETRS, Acadience, and MAP Growth screeners to guide instruction for English Language Learners (ELLs) within a Multi-Tiered System of Supports (MTSS). These assessments allow us to identify the specific linguistic and academic needs of our ELL students and to strategically allocate resources and interventions through differentiated instruction across all tiers of support.

The Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs provide essential frameworks that inform the development and implementation of our school's MTSS plan for ELLs. By aligning with these resources, we ensure that targeted support is systematically provided at each tier—universal, targeted, and intensive—based on students' data and ongoing progress monitoring.

Our MTSS coach plays a key role in supporting and monitoring teachers to effectively use data to inform instruction, adjust strategies as needed, and deliver interventions tailored to meet the unique needs of our ELL population. This comprehensive, data-driven approach fosters an academic and linguistic environment where ELLs can achieve sustained growth and success.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At our school, we utilize a variety of formative assessments to inform and drive instruction for ML/ELL students. These assessments provide essential, ongoing feedback and enable teachers to continuously monitor student progress throughout the instructional process. Some of the key formative assessments we use include:

Classroom Observation Notes and Writable: Teachers regularly collect observational data during lessons, noting student participation, engagement, language use, and comprehension. Additionally, Writable is used to support writing development through targeted, scaffolded writing assignments that provide both formative feedback and progress monitoring. These tools help tailor instruction to meet the immediate needs of ML/ELL students in real time.

NYSESLAT Test Sampler: This language proficiency assessment sampler targets listening, speaking, reading, and writing skills specifically for ML/ELL students. Results from the NYSESLAT test sampler guide language development instruction and help track student progress in English language acquisition.

Waggle: This adaptive digital platform provides personalized formative assessments in ELA and Math, helping teachers identify student strengths and areas for growth. Waggle supports differentiated instruction by offering targeted practice and real-time progress monitoring.

Each formative assessment plays a vital role in providing timely data that teachers use to adjust instructional strategies, differentiate learning, deliver targeted interventions, and scaffold content to support the diverse needs of ML/ELL students. The regular use of these assessments ensures that instruction remains dynamic, responsive, and focused on helping students reach their academic and language proficiency goals.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Ensuring that Multilingual Learners (MLs) and English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the year is a key component of our school's commitment to equity and accurate assessment. We recognize the importance of using linguistically and culturally responsive evaluation tools to gain a true understanding of students' skills and knowledge. Our approach includes the following:

Spanish Dual Language Program: Students are assessed using the Preventing Academic Failure (PAF) program and Aprende Leyendo (AL) in Spanish to monitor literacy development. These assessments provide valuable insights into phonics, fluency, and reading comprehension in the students' home language.

Chinese Dual Language Program: We utilize internally-created Chinese reading assessments along with the iChineseReader online assessment platform to evaluate literacy development. These tools help us monitor students' reading proficiency and growth in Chinese.

All of these home language assessments are administered three times per year (beginning, middle, and end of year) to ensure consistent progress monitoring and to inform instruction.

By incorporating these targeted, home-language evaluations into our assessment calendar, we ensure that students are being supported in a linguistically appropriate manner that values and builds upon their native language strengths.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At our school, we utilize a variety of summative assessments to evaluate the effectiveness of our ML/ELL programs. These include the NYSESLAT (New York State English as a Second Language Achievement Test), ELA (English Language Arts), and Math assessments, where applicable. Each of these assessments provides valuable data on the academic progress and proficiency levels of our ML/ELL students.

The ELL Data Analysis Tool (EDAT) plays a crucial role in interpreting and utilizing this assessment data. It enables us to disaggregate results by student demographics, language proficiency levels, and other relevant factors, helping to identify strengths, areas for improvement, and achievement gaps among ML/ELL students. This data analysis informs our instructional design and curricular decisions in several key ways:

Differentiated Instruction: We tailor instructional strategies and resources based on the specific needs identified through assessment data. For example, students performing below proficiency in ELA may receive targeted literacy interventions, while those struggling with math concepts participate in small-group instruction focused on foundational skills.

Professional Development: Summative assessment data guides professional development for teachers and support staff. It helps us pinpoint areas where additional training or resources are needed to effectively support ML/ELL students across subjects and grade levels.

Curriculum Alignment: The data informs decisions regarding curriculum alignment and adaptation. We ensure that

curricular materials and resources are linguistically and culturally responsive, supporting the diverse needs of ML/ELL students while aligning with state standards and assessment frameworks.

Program Evaluation and Planning: By analyzing summative assessment results over time, we evaluate the overall effectiveness of our ML/ELL programs. This ongoing evaluation supports strategic planning and continuous improvement, allowing us to adjust program initiatives and allocate resources effectively to meet the evolving needs of our ML/ELL student population.

In essence, the use of summative assessments combined with the ELL Data Analysis Tool (EDAT) enables us to maintain a data-driven approach to instruction and program management. This ensures that our ML/ELL students receive equitable access to high-quality education that supports both their academic success and linguistic development.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our NYSESLAT administration plan involves careful coordination and scheduling to ensure that all English Language Learners (ELLs), including former ELLs, are tested annually and continue to receive mandated instruction during the testing period.

The assessment is administered by certified ESL teachers who are specifically trained to conduct all sections of the NYSESLAT — speaking, listening, reading, and writing — in accordance with state guidelines. In addition, bilingual aides and paraprofessionals provide logistical support and language assistance as needed throughout the testing sessions.

To maintain instructional continuity, we use a flexible scheduling approach that strategically groups ELL students to minimize disruptions to their regular academic programming. ESL teachers collaborate closely with general education and content area teachers to align instruction and provide accommodations or modifications for students during the testing window. This coordination ensures that all ELLs and former ELLs receive targeted, uninterrupted instruction tailored to their linguistic and academic needs.

Furthermore, we maintain clear communication with students and families to address any concerns and facilitate a smooth transition between testing and instructional periods. This comprehensive approach supports both compliance with NYSESLAT requirements and the ongoing academic progress of our ELL population.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At our school, we ensure that both current and former English Language Learners (ELLs) receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) when applicable, through a comprehensive, student-centered process aligned with state guidelines.

We begin by assessing each student's language proficiency and individual needs. Accommodations are documented in students' Individualized Education Programs (IEPs), 504 Plans, or other relevant educational plans, specifying the supports each student requires during testing.

Our educators are trained to implement these accommodations consistently and effectively, ensuring that all testing conditions meet students' needs. We maintain ongoing communication with students and families to clarify the accommodations provided and to ensure their full understanding and support.

Additionally, our school collaborates closely with district and state officials to stay current with assessment policies and regulatory updates related to accommodations for ELLs. This proactive approach guarantees that all current and former ELLs receive equitable opportunities to demonstrate their knowledge and skills during state assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS 169, we prioritize providing a comprehensive ELL Program Orientation to ensure that parents and guardians of newly identified English Language Learners (ELLs) are well-informed about program options, goals, assessments, and expectations. This orientation equips families with the knowledge needed to make informed decisions regarding their child's education and fosters a strong home-school partnership. Our plan includes the following key components:

Introduction to ELL Program Models

We utilize the NYSED parent orientation materials translated into families' preferred home languages to provide an overview of the three main ELL program models: Dual Language Bilingual Education (DL), Transitional Bilingual Education, and English as a New Language (ENL). Even if our school currently offers only some of these models, we explain the theoretical framework, benefits, and typical implementation of each.

Parents/guardians learn about the goals of each program model, including fostering bilingualism and biliteracy, supporting academic achievement across content areas, and promoting cultural competence.

Program Requirements and Expectations

We clearly outline the instructional time allocation in English and/or the home language, eligibility and exit criteria,

and ongoing language proficiency assessments.

Families receive detailed information about how their child's language proficiency and academic progress will be monitored and supported throughout their education.

Next Generation Learning Standards (NGLS)

A dedicated section highlights the academic expectations and learning outcomes aligned to NGLS across subjects such as ELA, Math, and Science.

We explain how instruction is aligned with these standards and how ELLs receive targeted supports to access grade-level content.

Assessments

Parents/guardians are informed about formative and summative assessments their children will participate in, including the NYSESLAT and other diagnostic tools used to measure language proficiency and academic growth.

We explain available accommodations during assessments to ensure equitable access and fair evaluation.

School Expectations and Support Services

Information is shared regarding expectations for attendance, behavior, and participation in extracurricular activities.

Families learn about support services available to ELLs, such as ESL instruction, tutoring, counseling, and parent engagement opportunities.

Q&A Session

We provide time for parents/guardians to ask questions and express concerns, fostering open communication and collaboration between families and school staff.

Translation and Interpretation Support
To ensure meaningful family engagement, we provide interpretation and translation services as needed using in-house bilingual staff or the DOE translation hotline. All materials are made available in families' preferred languages to facilitate understanding.

Scheduling and Documentation
Orientations are scheduled at convenient times, including evenings or weekends, to maximize family participation. We offer multiple sessions and provide reminders via phone calls, texts, and emails. Attendance is documented with sign-in sheets, and records of translated materials and interpreter use are maintained in compliance with NYC DOE Policy and Reference Guide requirements.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At PS 169, we prioritize holding an Annual Individual Meeting for each English Language Learner (ELL) and their parents/guardians to review the student's language development, academic progress, and instructional support. This meeting is distinct from the mandated ELL Program Orientation and separate from DOE-scheduled Parent-Teacher Conferences. It is designed to provide families with focused, individualized information that supports their child's ongoing language and academic growth.

1. Program Goals
During the meeting, we review the goals of the ELL program the student is currently enrolled in—whether Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), or English as a New Language (ENL). We explain how the selected program supports both English language development and academic success across content areas.

2. Language Development Progress
We share updates on the student's progress in developing English language proficiency. This includes a review of growth in the four language domains: listening, speaking, reading, and writing. Data is gathered from assessments, classroom performance, and teacher observations to give a full picture of the student's development.

3. Language Proficiency Assessment Results
We present and interpret recent language proficiency assessment results, including the NYSESLAT, and other diagnostics or interim measures. Families are guided through what each score means and how their child's current proficiency level informs instructional decisions and supports.

4. Language Development Needs in Content Areas
The student's language development across core content areas—ELA, Math, Science, and Social Studies—is discussed. We identify any specific supports needed to strengthen academic vocabulary, language comprehension, and oral or written communication within each subject.

5. Individualized Support Plan
Based on the student's strengths and needs, we co-develop a personalized plan that includes:

Instructional scaffolds

Targeted interventions

Accommodations and modifications

Additional services (e.g., Title III after-school programs, small group support)

This plan is adjusted over time to reflect the student's progress and is shared with relevant teachers and support staff.

6. Family Engagement and Input
We value and encourage active participation from families. Parents/guardians are invited to ask questions, share their perspectives, and discuss their child's experiences and needs. This open dialogue reinforces the collaborative partnership between home and school.

Translation & Interpretation Services
To ensure families can meaningfully participate, we provide in-person interpretation, use of the DOE Translation & Interpretation Unit, or bilingual staff support. All materials are translated into the family's preferred home language.

Scheduling & Documentation

Meetings are scheduled at times convenient for families, with invitations sent in advance via email, ClassDojo, phone calls, or letters.

Parent attendance is tracked through sign-in sheets or digital meeting logs.

Notes and individualized support plans are documented and saved in each student's file. Communication is also logged in our parent communication tracker.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At our school, we are committed to ensuring that all families receive school communications in the language they best understand. We also support two-way communication, allowing families to respond or initiate communication in their home language. We accomplish this through the following systems:

1. Translation and Interpretation Services
All critical school documents—including newsletters, announcements, permission slips, and policy updates—are translated into families' preferred languages. We use professional translation services to ensure linguistic accuracy and cultural relevance. For in-person and virtual meetings, interpretation is provided either by in-house bilingual staff or via the NYC DOE Translation & Interpretation Unit.

2. Multilingual Staff and Language Access
Our school staff includes bilingual members who help bridge communication between the school and families. In cases where bilingual staff are not available, we utilize the DOE's over-the-phone interpretation services to ensure real-time language support during conferences, meetings, or phone calls.

3. Technology Integration
We leverage technology to promote multilingual communication:

Pocketalk devices have been distributed to teachers to facilitate real-time translation during conversations with families.

Translation apps are modeled and taught to staff to ensure comfort and proficiency in using digital tools to communicate across languages.

Platform like ClassDojo is used with built-in translation features to send and receive messages in families' home languages.

4. Two-Way Communication
Families are encouraged to communicate with school staff in their preferred language. Staff members are trained on how to:

Use translation tools to receive and respond to messages in different languages.

Offer multilingual options when contacting families.

Document and respond to communications using translation support, ensuring nothing is lost in interpretation.

5. Culturally Responsive Practices
Our staff receives professional development on cultural awareness and linguistic equity. This includes guidance on:

Communicating respectfully across cultures.

Understanding the communication styles and values of our diverse communities.

Building trust and engagement with families who are not fluent in English.

6. Family Language Preferences and Feedback
We maintain a database of families' preferred languages, gathered through enrollment forms and updated regularly. We also collect ongoing feedback through surveys, parent engagement events, and individual check-ins to ensure our language access practices are meeting their needs.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 169, we are deeply committed to developing activities that empower families of Multilingual Learners (MLs) and English Language Learners (ELLs). We believe that strong family-school partnerships are essential for student success, and we actively create opportunities for families to engage, lead, and access the support they need. Our approach includes the following components:

1. Needs Assessment and Community Engagement
To determine the needs of our ML/ELL families, we:

Conduct regular surveys, focus groups, home visits and 1:1 conversations with parents to gather input on their priorities, concerns, and interests.

Analyze data from tools such as the LETRS assessment, school climate surveys, and attendance/engagement metrics.

Host listening sessions to ensure that family voices directly shape the design of support activities.

This ongoing dialogue helps us create responsive and relevant programming aligned to families' linguistic, academic, and social-emotional needs.

2. Tailored Workshops and Training Sessions
Based on community feedback, we provide multilingual workshops and training on topics such as:

Understanding the U.S. education system and Next Generation Learning Standards

Supporting language development at home

Homework help strategies

Accessing special education or intervention services

Legal rights and advocacy for immigrant families, including access to free legal consultation for families needing support with immigration, housing, or education-related legal issues.

All sessions are offered in families' preferred home languages with interpretation provided as needed.

3. Parent Leadership and Advisory Committees
We support family empowerment through:

Parent advisory committees made up of ML/ELL parents who help inform school policies and programs.

Leadership training to prepare families for meaningful roles in school governance and community advocacy.

Regular committee meetings to gather input, share updates, and collaborate with school leadership on equity-focused initiatives.

4. Cultural Celebrations and Community Events
To celebrate and connect our diverse school community, we host events such as:

Cultural heritage nights, student showcases, and multilingual performances

Potlucks, art exhibits, and storytelling sessions centered on students' and families' cultural identities

Community-building events designed to encourage cross-cultural dialogue and appreciation

These events promote inclusivity and strengthen school-home relationships.

5. Parent Education and Resource Centers
We provide access to:

A dedicated Parent Resource Center that offers translated materials on academics, health, and social services

One-on-one support with school enrollment, navigating DOE systems, and connecting with community organizations

Workshops and referrals for adult ESL classes, job readiness, digital literacy, and citizenship preparation

6. Technology and Communication Tools
We ensure open and accessible communication by:

Using multilingual communication apps (e.g., TalkingPoints, ClassDojo, Remind) with auto-translate features

Equipping teachers with Pocketalk translation devices to support real-time communication

Sharing DOE interpretation hotline resources and training staff in using tech tools that facilitate two-way dialogue

Ongoing Reflection and Improvement
We continuously evaluate the effectiveness of our family engagement strategies through follow-up surveys, feedback forms, and participation data. This ensures our work remains aligned with the evolving needs of our ML/ELL families and helps us improve programming year over year.

By creating spaces for collaboration, offering relevant supports, and recognizing families as co-educators and advocates, we cultivate a school culture where ML/ELL families are empowered, informed, and engaged.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At our school, we are dedicated to ensuring that families of Multilingual Learners (MLs) and English Language Learners (ELLs) are aware of and encouraged to participate in family leadership opportunities such as the Parent Association (PA), School Leadership Team (SLT), and other leadership roles. Here's how we ensure awareness and promote engagement:

1. Clear Communication and Outreach:

We communicate information about family leadership opportunities through multiple channels, including school newsletters, emails, flyers, and our school website. Information is provided in languages spoken by our diverse community to ensure accessibility for all families. We conduct orientation sessions at the beginning of each school year and during key events to introduce families to various leadership roles, explain their importance, and outline the benefits of participation.

2. Parent Information Sessions:

We host regular information sessions and workshops where families can learn about the PA, SLT, and other leadership opportunities available at our school. These sessions cover the responsibilities, expectations, and impact of each role on school decision-making and student success. Bilingual staff and interpreters are available during these sessions to facilitate understanding and encourage participation from ML/ELL families.

3. Cultural Sensitivity and Inclusivity:

We promote cultural sensitivity and inclusivity within our leadership structures by actively seeking input and perspectives from ML/ELL families. Efforts are made to ensure that leadership roles reflect and respect the diversity of our school community. Training and support are provided to empower ML/ELL parents/guardians to effectively participate in leadership roles, including advocacy, decision-making, and collaboration with school administration.

4. Personal Invitations and Outreach:

We personally invite ML/ELL families to participate in leadership opportunities through individualized outreach, phone calls, and personal invitations from teachers, administrators, and current parent leaders. Efforts are made to build trust and relationships with families, emphasizing the importance of their voice and involvement in shaping school policies and programs that impact their children's education.

5. Support for Language and Cultural Understanding:

We provide resources and support to ML/ELL families to enhance their understanding of school governance structures, procedures, and decision-making processes. This includes translating relevant documents, providing interpreters for meetings, and offering training on effective communication and advocacy skills. Regular feedback sessions and opportunities for dialogue are facilitated to ensure that ML/ELL families feel empowered to participate actively and confidently in leadership roles.

By implementing these strategies, our school aims to create a supportive and inclusive environment where ML/ELL families are informed, engaged, and empowered to contribute meaningfully to school leadership and decision-making processes. We value the diverse perspectives and experiences of our families and recognize their role as essential partners in promoting student success and school improvement efforts.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS 169, we have cultivated a range of culturally and linguistically responsive partnerships that support the diverse needs of our Multilingual Learners (MLs), English Language Learners (ELLs), and their families. These partnerships play a critical role in building an inclusive, supportive school environment where all students can thrive academically, socially, and emotionally. Below are the key partnerships and their contributions:

1. Community-Based Organizations (CBOs)
We partner with local organizations such as CFL, Apex for Youth, and Brooklyn Chinese-American Association (BCA), which provide:

Language classes for adults

Immigration and legal assistance

Health and wellness support

Academic enrichment and mentoring
These organizations are trusted community anchors that help connect ML/ELL families to critical services and advocate for immigrant rights and equity.

2. Cultural and Educational Institutions
We collaborate with institutions such as Universities, Libraries, and Museums to:

Offer cultural enrichment programs

Provide student-centered learning experiences (e.g., museum field trips)

Host family workshops aligned with curriculum and cultural themes
These partnerships promote cross-cultural understanding and expand access to educational opportunities beyond the classroom.

3. Parent and Community Advisory Groups
We engage ML/ELL families through:

Parent Advisory Councils

Language-specific parent groups

Community roundtables
These advisory groups offer a platform for families to provide feedback on curriculum, school policy, and program development. This fosters two-way communication and meaningful parent engagement in school governance and planning.

4. Dual Language Program Collaboration
Our Spanish/English and Chinese/English Dual Language programs are built on partnerships that support:

Cultural exchange activities

Peer tutoring and cooperative learning across languages

Classroom projects that honor students' linguistic identities
These programs reinforce bilingualism, biliteracy, and intercultural competence among all students.

5. Professional Development Partnerships
We work with universities and educational consultants to offer training on:

Culturally responsive pedagogy

Language acquisition strategies

Differentiated instruction for ML/ELLs
These partnerships support staff in implementing equitable instructional practices that meet the needs of a diverse student population.

6. Technology and Communication Tools
To improve access and engagement, we leverage:

Multilingual communication platforms like ClassDojo

Translation devices (e.g., Pocketalk) for real-time support

DOE's Translation and Interpretation Services and hotline
These tools ensure that families receive timely information in their preferred language and can actively participate in school life.

7. Health and Social Service Providers
We partner with providers such as NYU Langone to:

Offer on-site counseling and mental health services

Connect families to primary healthcare and social service agencies

Address non-academic barriers to student success
This whole-child approach ensures ML/ELL students' academic development is supported alongside their health and wellness.

Through these culturally and linguistically responsive partnerships, we ensure our school community is equipped with the tools, resources, and relationships necessary to promote equity and success for all learners. These partnerships are essential to our mission of empowering families, celebrating diversity, and closing opportunity gaps for multilingual students.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

In addition to the culturally and linguistically responsive partnerships outlined earlier, our school implements a range of strategic initiatives to comprehensively support Multilingual Learners (MLs) and English Language Learners (ELLs). These efforts are central to our Language Acquisition Plan (LAP) and reflect our school's deep commitment to equitable, inclusive, and high-quality instruction for all students, regardless of language background.

1. Bilingual ENL Support Services
Our school provides bilingual English as a New Language (ENL) instruction delivered by certified ESL teachers with expertise in dual language development and sheltered instruction. These services support the development of English proficiency while affirming and building upon students' home language skills. Instruction is delivered through a combination of bilingual supports and targeted English language development, using flexible grouping and differentiated strategies to meet a range of proficiency levels and academic needs.

2. Curriculum and Instructional Adaptations
Teachers integrate culturally responsive pedagogy into daily instruction, incorporating diverse texts, perspectives, and materials that reflect and affirm students' linguistic and cultural identities. Instructional resources are selected and adapted to promote accessibility, relevance, and rigor, ensuring that ML/ELL students can engage meaningfully with grade-level content while continuing to develop their English proficiency.

3. Professional Learning Communities (PLCs)
We sustain active PLCs that focus on collaborative planning, student data analysis, and the development of targeted instructional strategies for ML/ELL students. These learning communities serve as a foundation for sustained professional growth in areas such as second language acquisition, scaffolding techniques, and culturally responsive practices. PLCs also support educators in designing interventions tailored to student language development goals.

4. Family and Community Engagement
In addition to our partnerships and advisory committees, we offer a range of engagement opportunities such as parent workshops, cultural events, and family learning nights. These activities strengthen the home-school connection and equip families with strategies to support their child's academic and language growth. Communication is multilingual and accessible, with interpretation services provided for all school events and individual meetings.

5. Data-Informed Decision Making
We use multiple sources of data—including formative and summative assessments, screeners, classroom observations, and progress monitoring tools—to track ML/ELL student growth. This data informs individualized learning plans, instructional groupings, and intervention strategies. Ongoing analysis helps staff identify trends, adjust supports, and ensure each student is making measurable progress in both academic and language development.

6. Continued Professional Development
Teachers and support staff receive ongoing professional learning focused on best practices for ML/ELL instruction. Training includes topics such as:

Differentiation for language learners

Scaffolding and sheltered instruction

The role of academic discourse in language acquisition

Cultural competence and anti-bias education

These professional learning opportunities are designed to build capacity across the school and ensure that all staff are equipped to meet the diverse needs of ML/ELL students.

Through these comprehensive structures and practices, our school is committed to fostering a learning environment where Multilingual Learners and English Language Learners are academically challenged, linguistically supported, and culturally affirmed. These initiatives strengthen the implementation of our LAP and reflect our belief in equity, excellence, and inclusion for all students.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

At our school, the ELL Identification Team consists of the following pedagogical staff members:

Assistant Principal (AP)

ENL Teachers

Classroom Teachers (from the grade level of the newly enrolled student)

Bilingual Teachers (if available, especially for Dual Language or Transitional Bilingual Education programs)

These team members work collaboratively to review the Home Language Identification Survey (HLIS), administer the NYSITELL (if applicable), and analyze relevant academic and linguistic data to determine appropriate ELL identification and placement in compliance with CR Part 154.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS 169, we maintain a structured, year-round process for the identification of English Language Learners (ELLs), ensuring compliance with the CR Part 154 regulations and the NYC DOE Policy and Reference Guide for MLs/ELLs. Our goal is to identify and serve all ELLs—including those with Individualized Education Plans (IEPs)—efficiently and without disruption to mandated services for current and former ELLs.

1. Proactive Planning to Avoid Instructional Disruption
To ensure mandated ENL and/or bilingual services are not interrupted:

Dedicated Staffing: Our ENL and bilingual teachers are scheduled and assigned flexibly to accommodate new entrants, ensuring immediate support is available.

Rolling Identification Schedule: The ELL identification process is active year-round. Our team monitors enrollment weekly and initiates identification steps for new students immediately upon registration.

Temporary Instructional Support: While awaiting formal identification results, students flagged as potential ELLs receive provisional ENL or bilingual instruction, as outlined in DOE guidance.

Coordination with Special Education Team: For students with IEPs, our ELL identification team collaborates with the Committee on Special Education (CSE) and the special education staff to ensure dual-language needs are considered promptly and appropriately.

2. At our school, the ELL identification process is a coordinated effort involving several key staff members to ensure accuracy, compliance, and timely placement of students into the appropriate language support programs. When a new student enrolls, the school registrar first ensures that the Home Language Identification Survey (HLIS) is completed by the parent or guardian. This initial screening helps determine whether the student speaks a language other than English at home and may require further language support.

Once the HLIS is completed and submitted, the assistant principal (AP) reviews the responses to determine whether the student needs to move forward with the identification process. If the HLIS indicates potential English language learner status, a parent interview is scheduled. This interview is conducted by the ENL teacher in collaboration with the AP and, when necessary, with the support of interpretation services to ensure clear communication in the family's home language.

If the outcome of the interview confirms the need for further assessment, the ENL teacher administers the New York State Identification Test for English Language Learners (NYSITELL). This assessment must be administered within ten school days of the student's registration. The results of the NYSITELL determine whether the student is identified as an ELL and at what level of proficiency.

If the student has an Individualized Education Plan (IEP), the identification process also includes a review by the special education team, in collaboration with the ENL teacher and AP. Together, they ensure that any language needs are considered alongside the student's special education requirements. This process ensures that the student receives appropriate services without delay or misidentification.

Once all required assessments and reviews are complete, the ELL Identification Team, consisting of the AP, ENL teacher, general education teacher, and bilingual teacher (if applicable), makes the final determination on the student's ELL status and program placement. The team then communicates the decision to the family, providing a parent notification letter in the family's home language that explains the student's eligibility for ELL services and outlines available program options.

Continuity of Mandated Instruction for Current and Former ELLs
To ensure that current and former ELLs continue to receive their mandated instruction:

Scheduling Oversight: The AP oversees student schedules to ensure that ENL or bilingual instruction is embedded in the students' daily programs as required by their proficiency level and years in service.

Service Tracking: We use SESIS and ATS to monitor and document ENL service delivery, ensuring compliance and timely adjustments.

Former ELL Support: Former ELLs continue to receive at least two years of monitoring and instructional support, with

progress reviewed quarterly to determine if reentry into ELL services is needed.

Collaboration with Teachers: ENL and content-area teachers co-plan instruction to integrate language development within core instruction and maintain instructional continuity for ELLs and former ELLs.

Progress Monitoring: Formative assessments and benchmark data are reviewed frequently by the MTSS/RTI team to ensure all ELLs, including those recently identified, are making appropriate progress.

Special Considerations for Students with IEPs
The ELL Identification Team works collaboratively with the special education department to ensure that:

The IEP includes specific ENL and/or bilingual supports.

Accommodations for language-based needs are aligned with both language proficiency levels and disability-related needs.

Language proficiency and cognitive development are considered separately during identification to avoid misclassification.

This structured and responsive process ensures that ELLs—both newly enrolled and currently attending—receive timely and appropriate services while maintaining continuity of instruction for all ELL-designated students and their families.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Emily Hurst

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Johanna	Bjorken	School Business Manager (DOE) - Annual	12/05/2024	Y
Julia	Guevara	Parent Coordinator - Annual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Other (Please specify in the next question)

If Other was selected, describe the resource here:

Information from teachers and other staff based on contemporaneous communication

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	6	0.44%	3	0.22%	2	2
BENGALI (BANGLA IN BANGLADESH)	3	0.22%	4	0.29%	0	1
CHINESE ANY	763	55.69%	271	19.81%	>15	>15
CANTONESE	1	0.07%	19	1.39%	>10	>10

HAITIAN	1	0.07%	1	0.07%	0	0

CREOLE						
MANDARIN	6	0.44%	479	35.01%	>15	>15
ENGLISH	154	11.24%	151	11.04%	>50	>50
POLISH	0	0.00%	1	0.07%	1	1
RUSSIAN	12	0.88%	12	0.88%	1	1
SPANISH	414	30.22%	416	30.41%	>10	>10
URDU	1	0.07%	1	0.07%	0	0
UKRAINIAN	2	0.15%	2	0.15%	0	0
UZBEK	5	0.36%	5	0.37%	0	0
VIETNAMESE	2	0.15%	2	0.15%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Letters home	Staff translate documents into Spanish and Chinese. We encourage teachers to use Class Dojo, which has a well regarded translation feature, for classroom communications.
letters from central	If translations are not provided, staff translate documents into Spanish and Chinese. We ensure that families receiving communications in non-DOE languages are able to reach out to a staff member for assistance understanding documents, which may include calling the over the phone translation line.
Family Newsletter and Calendar	If translations are not provided, staff translate documents into Spanish and Chinese. We ensure that families receiving communications in non-DOE languages are able to reach out to a staff member for assistance understanding documents, which may include calling the over the phone translation line.
Report cards (formal)	We ensure that translations of report cards are available to staff for all languages spoken by our students.
Progress reports	If translations are not provided, staff translate documents into Spanish and Chinese. We ensure that families receiving communications in non-DOE languages are able to reach out to a staff member for assistance understanding documents, which may include calling the over the phone translation line.
IEPs	translations are organized by the language and Interpretation unit.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
IEP meeting	We coordinate interpretation with the LTI office.
Parent teacher conferences	We use SAM funds to pay bilingual per session for work out of hours, and also contract paid interpreters for backup and low incident languages when teachers organize conference times in advance. Staff also use the over the phone interpretation service.
Family workshops/events	We use SAM funds to pay bilingual per session for work out of hours, and also contract paid interpreters when appropriate
SLT meetings	We hire a bilingual staff member to interpret for SLT members who do not speak English, and in the case we do not have bilingual staff use SAM funds to hire interpretation services
PTA meetings	Parent coordinators interpret to Chinese and Spanish using simultaneous interpretation equipment owned by the school
Graduation	We hire simultaneous interpreters through the contracted agency

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

(A) a school-wide emergency (i.e. lockdown, fire, etc..)
We have staff who are fluent in our primary languages (Chinese and Spanish), to ensure the accuracy of communication. We use the DOE messaging app, which has a machine translation function, for other languages. When necessary, we use Pocket Talk or Google Translate. We do not use Google Translate for communication with any personally identifiable information. We identify the translation as machine translated when it is not self evident.

(B) a student-specific emergency (i.e. student attendance, nurse/hospital visit, etc..).
When possible, we have a staff member fluent in the family's home language make the calls. When that is impractical and/or for languages not spoken by any staff member, we use the over the phone interpretation service. Staff who have high degrees of contact with families (Parent coordinators, front office staff, security, guidance counselors, paraprofessionals, school aides) have Pocket Talk's (machine interpretation) assigned to them; additional devices are available for staff to check out when needed

(C) If a parent has an emergency and needs to contact the school.
We have Chinese and Spanish speaking staff in our main office to address the most commonly spoken languages, and try to ensure a distribution of Chinese and Spanish speaking staff are present at arrival and dismissal locations. When that is not possible, and for low incident languages, we have Pocket Talk interpretation devices that staff can use, including at the front security desk. When communication becomes more involved and a bilingual staff member is not available, we use the over the phone interpretation service.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The "Best practices" documents will be circulated to all staff at the beginning of the school year. However, at PS 169 we go beyond these formal requirements.

At PS 169 ensuring that our families with limited English can fully participate in their children's education is at the heart of all parent engagement, since almost 90% of our students speak a language other than English at home. Staff are constantly made aware of the need to plan multilingual access to all parent-facing activities, in PD, weekly staff communication, and visual reminders around the building.

We always display the language resource guides, and ensure that all staff are aware of the over the phone and PocketTalk interpretation resources, and ensure that all signage outside our school is also translated to make sure that the environment communicates that PS 169 is a place that values the participation of our families in the language in which they feel most comfortable communicating.

In 2024-25 we trained all staff on the principles of language justice, as well as best practices for using and being interpreters, since we found that even bilingual staff have drawn upon informal experience of interpretation rather than recognized best practices, and staff that use interpreters also need to understand those best practices.

We ensure that all communication sent to families is translated to Chinese and Spanish, and are checked and copy edited by other bilingual staff. For our low incident language families, after identifying the language needs we will designate a point person in the school who can communicate important information, whether because they are bilingual or because they have a trusted relationship with the parent.

Goals for 2024-25 are to ensure staff are able to identify and uplift languages that may be preferred by families despite fluency in a more dominant DOE language (for example, indigenous language speakers who also speak Spanish).

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We display all signage welcoming multilingual learners at the front entrance, security desk, and main desk (the welcome banner, the "I speak" cards). We translate all posters and flyers (as well as emailed/text/website communications) into Spanish and Chinese and have machine translation available for other languages. Our phone system has announcements in English, Spanish and Chinese. With dual language programs in both Spanish and Mandarin, multilingual student work is also displayed and celebrated. The overarching goal is to ensure there is no question that PS 169 is a community where multilingualism is valued, not just in our dominant languages of Spanish and Chinese, but all languages spoken in our community.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

According to the NYC School Survey (2024), 99% of families responded favorably that "Language translation and interpretation are readily available for all family events at my child's school" again in 2024 (the percentage who "Strongly Agree" increased from 24% to 32%. 99% of families again responded favorably to "My child's school communicates with me in a language that I can understand"; the percentage who said "Strongly agree" increased from 30% to 36%).

In addition to the very general school surveys, we are also looking at ways we can use data from the over-the-phone interpretation line to ensure that staff are using resources available to them, particularly with low incident languages. Based on data provided from the interpretations unit, in 2024-25, 68 calls were made to families in languages other than Mandarin or Spanish using the over-the-phone service, an increase of 41% over 2023-24. The calls were for 10 languages (other than Spanish and Mandarin), as opposed to 5 in 2023-24. Overall the number of calls were down in Chinese and Spanish (from 340 to 240 Mandarin, from 221 to 214 Spanish), but that may reflect more staff or contracted agency interpretation services at key junctures. We are also aiming to ensure that communication with low-incident-language families occurs throughout the year, not just at parent teacher conferences. For that we will also be comparing over-the-phone service usage in months when there are no parent teacher conferences (we only have that breakdown for 2024-25)..

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

In 2023-24, we were part of a "Cultivating Understanding and Partnership" internal grant whose purpose was to strategically and thoughtfully engage multilingual and immigrant families, however funding to implement the plans developed for that grant did not materialize in 2023-24. As part of that grant, we looked specifically at cultivating parent leadership in our multilingual families. We plan to continue to draw from those unrealized plans to go beyond language access towards language justice, in order to fully integrate our multilingual families into the life of the school as a multilingual community. The unfunded aspect of our plans included doing participatory action research to target low incident language speakers about their needs. We also want to hold workshops with non-English speaking parents to explore their preferences for delivery of interpretation services. We did not have the funding to realize those plans in the 2024-25 school year. If budget allows, we plan to have such a workshop shortly after the fall parent teacher conferences, in order to get feedback from participating families, then be able to adjust plans and evaluate any changes after the spring parent teacher conferences.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Total number of ELLs to be served in this program:

127

Grades to be served in this program. Select all that apply.

,3,4,2,5

Total number of teachers in this program:

12

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

6

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Title III ELL Program Summary – SY 2025–2026

Fall 2025 Title III LEP Support Program

Start and End Dates: October 18, 2025 – January 24, 2026

Dates: 10/25, 11/01, 11/08, 11/15, 11/22, 12/6, 12/13 and 12/20

Total Number of Sessions: 8 sessions

Days of the Week: Saturdays

Time and Duration: 8:30 AM – 12:00 PM (3.5 hours per session)

Participants:

Grades: 2–5

Number of Students: 60

Grouping: 5 small groups of approximately 12 students each, based on grade and proficiency level

Instructional Focus:
Teachers trained in Orton-Gillingham (OG) strategies will provide explicit, systematic instruction in:

Phonemic awareness/ Phonics/ Decoding/ Spelling/ Vocabulary development/ Reading fluency and comprehension

Core materials include Wilson Fundations, decodable texts, and OG-informed language routines

Instruction is enriched with Art-integrated activities to promote engagement and contextual language use

Instructional Model:

Single-teacher model: ENL/Bilingual teacher remains with students throughout each session

Instruction is structured, sequential, and multisensory, incorporating OG-aligned routines such as sand trays, tapping out sounds, and kinesthetic blending techniques

Monitoring and Supervision:

Student progress monitored through pre/post assessments, LETRS data, and MAP Growth scores

Teachers will maintain individual portfolios for each student to document growth

Program supervision is funded by Title III

Supervisor hours: Saturdays 8:30 AM – 12:00 PM

Regular school hours: M–F, 8:00 AM – 4:00 PM

Attendance records maintained in Room 439 and on the DOE shared drive

Program 2: Title III Spring Test Prep for Expanding & Transitioning ENLs (Grades 3–5)
Schedule:

Dates: 1/31, 2/7, 2/14, 3/7, 3/14, 3/21, 4/4, 4/25, 5/2, and 5/9

Time: 8:30 AM – 12:00

Participants:

Grades: 3–5

Number of Students: 70

Grouping: 6 groups of approximately 12 students each

Instructional Focus:

Academic language and test preparation using:

Ready New York ELA workbooks

New York ELLs materials

Supplemental digital platforms: Raz-Kids, Zearn

Focused instruction in:

Reading comprehension /Academic vocabulary /Writing strategies/ Test-taking skills

Instructional Model:

Rotation model with 3 ENL/Bilingual teachers paired with 3 content-area teachers

ENL/Bilingual teachers focus on ELA/language development

Content-area teachers reinforce Math concepts

Students rotate between ELA and Math blocks, integrating test skills and language supports

Monitoring and Supervision:

Student progress tracked with formative assessments and performance tasks

Teacher collaboration ensures integrated instruction and differentiated support

Supervision by Title III-funded supervisor (Saturdays 8:30 AM – 12:00 PM)

Additional Notes:
Both programs are designed to enhance student proficiency in listening, speaking, reading, and writing

Instruction is aligned to Next Generation Learning Standards and language acquisition benchmarks

Materials budget will not exceed 20% of total Title III allocation

All sessions are facilitated by certified ENL/Bilingual teachers and trained general education teachers

Foundational literacy and language skills using a multisensory structured literacy approach

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Rationale:
This program is designed to address the urgent language development needs of ENLs in grades 2–5 who are not meeting Limited English Proficiency (LEP) progress targets. Data shows a consistent group of students remaining at the Entering/Emerging proficiency levels beyond their first year in the ENL program. These students require explicit foundational literacy instruction to accelerate their language acquisition and support access to academic content.

Quantitative Data Analysis:
EDAT

NYSESLAT Results (Spring 2024):
A significant proportion of students remained at the Entering or Emerging levels, with limited gains in reading and writing subdomains.

Acadience and MAP Growth Data (2023–2024):
ENLs below proficiency levels showed minimal growth in K–2 foundational reading skills, with over 60% scoring below the 30th percentile in reading and vocabulary.

Qualitative Data Analysis:
Teacher anecdotal records and intervention logs suggest that these students struggle with decoding, phonics, and fluency, which impedes content access in core subjects.

Classroom walkthroughs and instructional rounds reveal that language gaps are a key barrier to grade-level

academic participation, particularly in writing and collaborative discussion tasks.

Parent meetings indicate that families of newly arrived students are concerned about their children's ability to catch up academically and socially due to language barriers.
ummary of Needs Assessment & Data-Driven Planning:

Both Title III programs are rooted in evidence-based identification of student needs using a combination of:

Quantitative data (standardized assessments, NYSESLAT, MAP, classroom-based metrics)

Qualitative evidence (teacher observations, classroom walkthroughs, student work, and family input)

These data sets help to differentiate program offerings, ensuring that students at all stages of language development—whether needing foundational instruction or academic refinement—receive targeted, relevant, and equitable support. Each program supports long-term language acquisition, academic achievement, and eventual exit from ELL services in alignment with federal and state expectations under Title III.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Student Population Served by Each Title III ELL Funded Program
Fall 2025 Title III LEP Support Program
Total Number of ELLs: 56 students

Grade Levels: Grades 2–5

ELL Subgroups/Proficiency Levels:
This program will serve Entering and Emerging level ELLs who did not meet their annual LEP progress targets based on NYSESLAT performance and other school-based assessment data. These students require intensive, targeted support to accelerate their English language acquisition and help them close proficiency gaps.

Spring 2026 Title III Test Preparation Program
Total Number of ELLs: 70 students

Grade Levels: Grades 3–5

ELL Subgroups/Proficiency Levels:
This program targets Transitioning and Expanding level ELLs preparing for the New York State ELA and Math assessments as well as the NYSESLAT. These students are nearing Commanding level and will benefit from focused academic language instruction and test readiness strategies to strengthen performance and move toward exiting ELL status.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Fall 2025 Title III LEP Support Program
Start and End Dates: October 25, 2025 – December 20, 2025

Total Number of Sessions: 8 sessions

Days of the Week: Saturdays

Time and Duration: 8:30 AM – 12:00 PM (3.5 hours per session)

Spring 2026 Title III Test Preparation Program
Start and End Dates: January 31, 2025 – May 9, 2026

Total Number of Sessions: 10 sessions

Days of the Week: Saturdays

Time and Duration: 8:30 AM – 12:00 PM (3.5 hours per session)

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of instruction for Title III newcomer program:

The language of instruction for the newcomer program will be English with some native language support depending on language needs & staffing. We will provide home language support through staffing when available (teachers who are bilingual in English/Spanish and
English/Chinese) and supplemental materials such as books, songs, poems, videos, and other teacher-created instructional materials in the students' home languages.

The instruction language of Title III Spring session will be English.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Fall 2025 Title III LEP Support Program:
There will be 5 classes taught by a total of 5 teachers, all of whom are either ENL/Bilingual certified teachers or general education teachers with extensive training and experience in phonics instruction. These teachers will provide targeted support to students not meeting LEP goals through explicit foundational skills instruction.

Spring 2026 Title III Test Preparation Program:
There will be 6 teachers invited to join the Title III Spring session. This program will use a team-teaching and rotation model with 3 ENL/Bilingual certified teachers collaborating closely with 3 content area teachers. This partnership supports transitioning and expanding level ENLs in meeting both their language development and content area goals.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials for Title III ELL Funded Programs
Wilson Fundations Levels 1 or 2 (Fall 2025 Title III LEP Support Program)

Decodable Texts (Fall 2025 Title III LEP Support Program)

Reading A-Z ELL Edition (Fall 2025 Title III LEP Support Program)

BrainPOP ELL (Fall 2025 Title III LEP Support Program)

NYSESLAT Test Preparation Books (Spring 2026 Title III Test Preparation Program)

Ready New York ELA and Math Workbooks (Spring 2026 Title III Test Preparation Program)

Supplemental Hands-on Materials (e.g., cardboard boxes, paper, scissors, string, straws, play-dough, crayons) — used in both programs to support interactive learning activities.

Materials Storage and Use:
All materials purchased with Title III funds will be stored securely in Room 439. These materials are supplemental and intended exclusively for use by ELL students participating in the Title III programs. They are in addition to the

instructional materials used during the regular school day. Materials purchased with Title III funds will not be used during regular instructional hours outside of the Title III programs.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parent/Guardian Notification:
Parents and guardians will be notified about the Title III ELL programs through letters sent in their preferred languages to ensure clear communication and accessibility. These notification letters will detail the program goals, schedule, and expectations. Parents will be asked to return signed slips indicating their receipt and understanding of the program information. All notification letters and returned slips will be securely stored both physically in Room 439 and digitally in the school's Google Drive.

Attendance and Follow-Up:
The program supervisor will coordinate with teachers to verify and maintain accurate attendance records for all students enrolled in the Title III programs. Attendance logs will be stored in both the physical location (Room 439) and electronically on the Google Drive for easy access and audit purposes. For students who miss sessions, the parent coordinator will conduct follow-up phone calls to families to encourage participation and address any barriers.

Student Progress Monitoring:
Teachers will administer pre- and post-assessments to evaluate student progress throughout the program. Data from assessments such as LETRS, Acadience, and MAP Growth will be used to inform instruction and tailor support to meet each student's learning needs. At the conclusion of each program, teachers will compile a comprehensive portfolio for every student that documents growth and achievements.

Record Keeping and Documentation:
To ensure compliance and transparency, the school will maintain detailed records related to the Title III programs, including:

Evidence of parent notifications in preferred languages (letters and signed slips)

Student attendance records

Teacher certifications for all staff involved in the program

Documentation of parent engagement activities

Records of professional development activities related to Title III goals

Purchase orders and invoices for all Title III funded materials and services

All records will be organized and securely stored both physically (Room 439) and electronically (Google Drive) for review and audit purposes as needed.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

PS 169K will offer comprehensive professional development focused on Orton-Gillingham (OG) instructional strategies to enhance the capacity of ENL/Bilingual and collaborating general education teachers. This training will support effective delivery of our Title III supplemental programs by equipping teachers with multisensory, structured literacy techniques tailored to the needs of English Language Learners (ENLs) who are not meeting LEP progress benchmarks.

Activities Teachers Will Engage With by Topic:

Foundations of Orton-Gillingham (OG) Approach: Teachers will participate in a 3-day foundational workshop covering OG principles such as phonemic awareness, phonics, decoding, spelling, vocabulary, and reading fluency strategies.

Instructional Routines and Materials: Hands-on training with Wilson Fundations curriculum, decodable texts, and OG-informed language routines, including kinesthetic blending and sand tray activities, enhanced with Art integration for engagement.

Data-Driven Instruction: Teachers will learn to analyze LETRS data, MAP Growth scores, and pre/post assessments to differentiate instruction and track student progress through portfolio maintenance.

Collaborative Planning and Coaching: Ongoing coaching during program sessions, monthly collaborative planning meetings, and peer-sharing sessions will support lesson design, instructional problem-solving, and integration of OG strategies with content-area instruction.

Refresher Training and Reflection: Mid-year refresher workshops will address instructional challenges and advanced techniques, followed by end-of-year evaluation of PD impact on teaching and student outcomes.

Funding and Budget Considerations:
The professional development activities will be funded through Title III ELL funds. Vendor costs associated with OG

expert trainers and materials are included under Other Than Personnel Services (OTPS) and will not exceed 20% of the total Title III allocation. Teacher per-session stipends for participation in PD workshops, coaching, and collaborative meetings are categorized under Professional Development (PD) costs and will remain below 10% of the total allocation. This budget allocation ensures efficient use of Title III funds while providing high-quality, sustainable professional development to support ENL student success.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development plan for PS 169K's Title III ELL program is based on a thorough analysis of both quantitative and qualitative data that demonstrate a clear need to enhance instructional strategies for English Language Learners (ENLs) who are not meeting proficiency benchmarks.

Quantitative Data Analysis:
Analysis of multiple data sources reveals consistent patterns of ENLs struggling with English language proficiency and academic achievement. Specifically:

NYSESLAT (New York State English as a Second Language Achievement Test) results from the prior school year indicate that a significant percentage of ENLs are not meeting annual growth targets in key language domains such as speaking, listening, reading, and writing.

State ELA assessments for grades 3–5 show many ENLs are performing below grade-level standards, particularly in reading comprehension and academic language, highlighting the urgent need for targeted literacy interventions.

MAP Growth scores and internal pre/post assessments confirm gaps in foundational literacy skills such as phonemic awareness, decoding, and vocabulary development among ENLs in grades 2–5.

LETRS (Language Essentials for Teachers of Reading and Spelling) data reveal variability in teacher proficiency with multisensory, structured literacy approaches, indicating areas where targeted professional development would be most impactful.

Qualitative Data Analysis:

Feedback from in-house teacher surveys and focus groups conducted last year showed that both ENL/Bilingual and general education teachers expressed a strong desire for training in evidence-based literacy strategies, particularly those that are multisensory and structured like the Orton-Gillingham (OG) approach.

Observation and coaching data from Title III instructional supervisors noted inconsistent application of phonics and decoding strategies in classrooms, with several teachers requesting ongoing support and resources to effectively implement OG methods.

Data Sources Utilized:

NYSESLAT student performance reports

State ELA assessment results

MAP Growth and HMH assessments

LETRS teacher assessment

Teacher surveys and focus group feedback

Observation and coaching reports from Title III supervisors

Student progress monitoring portfolios maintained during Title III programs

This comprehensive data review supports the prioritization of Orton-Gillingham-focused professional development to build teacher capacity in delivering explicit, multisensory literacy instruction. Strengthening these instructional practices will directly address current achievement gaps and promote the academic success of our ENLs.

The attendance record for each session will be kept in the main office. The agenda for each PD will be saved in the DOE drive.
This component is at cost to Title III LEP and will not exceed 10% of total allocation.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers involved in the Title III ELL program at PS 169K will receive ongoing, targeted professional development to support their work with English Language Learners (ENLs). This includes ENL/Bilingual teachers as well as general education teachers who co-facilitate instruction in the spring Title III test preparation program.

Teacher Participation Overview:

Saturday Foundational Skills Program (Fall–Winter):
Five ENL/Bilingual teachers assigned to small groups of ENLs in grades 2–5 will participate in structured OG-based professional development. These teachers will receive training and coaching in multisensory structured literacy instruction aligned to the Orton-Gillingham approach, including use of Wilson Fundations and OG-informed routines.

Spring Test Preparation Program (Grades 3–5):
Six teachers (three ENL/Bilingual and three content-area general education teachers) will receive professional development focused on integrating academic language development, literacy strategies, and test preparation. These sessions will emphasize the rotation model and collaborative planning between ENL and content-area staff.

Ongoing Professional Development Structure:

All Title III instructional staff will engage in the following PD activities throughout the school year:

Initial Training (August 2025):
A 3-day intensive workshop on foundational OG practices, literacy strategies, and the structure of Title III programming.

Monthly Collaborative Planning Meetings (Sept 2025 – May 2026):
Teachers will engage in cross-grade and cross-discipline planning sessions to align instruction, share best practices, and review student progress data.

In-Session Coaching and Feedback (October 2025 – January 2026):
Title III-funded instructional coaches will observe Saturday sessions and provide in-the-moment modeling, feedback, and support for implementing OG strategies.

Mid-Year Refresher Workshop (January 2026):
A half-day follow-up PD session will review student data and address challenges or advanced instructional needs.

End-of-Year Reflection and Planning (May 2026):
Teachers will participate in a final PD session to reflect on program implementation, share outcomes, and provide input for future Title III PD planning.

All professional development sessions are aligned to the goals of the Title III ELL program and are designed to strengthen instructional effectiveness for ENLs. Participation in this PD will be required for all staff teaching in Title III-funded supplemental programs. Teacher per-session stipends will be funded through Title III PD allocations and will remain within the 10% spending threshold.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Below is the updated schedule of professional development activities for teachers participating in the Title III ELL program at PS 169K:

Orton-Gillingham (OG) Training – Cohort 1

Dates: September 12, 19, 26; October 3, 10, 2025 (Fridays)

Time: 8:30 AM – 2:30 PM (6 hours per session)

Total Sessions: 5

Orton-Gillingham (OG) Training – Cohort 2

Dates: January 1, 16, 23, 30; February 6, 2026 (Fridays)

Time: 8:30 AM – 2:30 PM (6 hours per session)

Total Sessions: 5

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Orton-Gillingham (OG) Training – Cohort 1 & Cohort 2
Dates:

Cohort 1: September 12 – October 10 2025 (Fridays)

Cohort 2: January 1 – February 6, 2026 (Fridays)

Topics Covered:

Principles of the Orton-Gillingham approach: Structured, sequential, multisensory literacy instruction

Phonological and phonemic awareness: Segmenting, blending, and sound-symbol correspondence

Phonics and decoding strategies for ENLs

Spelling and encoding using OG-based techniques

Vocabulary instruction and oral language development for multilingual learners

Integration of OG routines with Wilson Fundations and decodable texts

Differentiating OG instruction for varying ENL proficiency levels

Using multisensory tools: sand trays, tapping out sounds, kinesthetic blending

Supporting language development through reading fluency and comprehension strategies

Orton-Gillingham (OG) Training – Cohort 2

Dates: January 1, 16, 23, 30; February 6, 2026 (Fridays)

Topics Covered:

Same as Cohort 1, with adjustments based on staff experience and classroom needs. This cohort will also include:

Deeper focus on application during Saturday programs

Troubleshooting student challenges with OG routines

Collaborative discussion on differentiation and student case studies

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Name of provider
- OG coach: Ann

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The attendance record for each session will be kept in room 439 and the agenda for each PD will be saved in the DOE drive.
This component is at cost to Title III LEP and will not exceed 10% of total allocation

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Rationale:

Families are essential partners in the academic success and language development of our English Language Learners (ELLs). To strengthen this partnership, PS 169K is committed to providing targeted and culturally responsive family engagement opportunities throughout the year. These activities are designed to increase families' understanding of the language acquisition process, state assessments, and instructional tools so they can more confidently support their children at home.

In the 2025–2026 school year, we will offer a series of multilingual workshops focused on literacy, academic support strategies, and the NYSITELL/NYSESLAT assessment process. These workshops will be led by ENL and bilingual staff and are designed with linguistic and cultural accessibility in mind. Family engagement activities will be funded through Title III ELL funds, within the allowable 10% per-session allocation.

Topics to Be Covered:

NYSITELL Parent Workshop

Date: October 15, 2025 at 8:30 AM

Presenters: Arelis Carrion, Bonnie Nath. Eva Garriga, Ada Leung and Amy Seto

Description: An overview of the NYSITELL exam, how initial language proficiency is determined, and how results impact services and instruction.

K–2 NYSESLAT Parent Workshop

Date: March 11, 2026 at 8:30 AM

Presenters: Arelis Carrion and Bonnie Nath

Description: An introduction to the NYSESLAT exam for grades K–2, including test format, scoring, and how parents can support their child's language development.

Grades 3–5 NYSESLAT Parent Workshop

Date: March 11, 2026 at 8:30 AM

Presenters: Eva Garriga & Ada Leung

Description: A review of the speaking, listening, reading, and writing components of the NYSESLAT for grades 3–5, along with strategies for at-home academic language reinforcement.

Incoming ENL Parent Orientation Workshops (K–5)

Dates: May 30, 2026 and June 13, 2026 from 8:30 AM – 1:00 PM

Languages & Presenters:

Spanish Sessions: Ms. Espinal, Ms. Noriega, Ms. Garriga, Ms. Morales, Ms. DeJesus

Mandarin Sessions: Ms. Gao, Ms. Jin, Ms. Xu, Ms. Lu, Ms. Chen

Description: A multilingual orientation for newly identified ENL families. Topics include ENL services, curriculum overview, academic support strategies, and Q&A sessions in parents' home languages.

Communication and Logistics:

Workshop information will be shared in FST parent newsletter, as well as through letters and flyers translated into English, Spanish, Chinese, and Russian.

Robocalls will be sent in families' preferred languages the day before each event as a reminder.

Teachers will be compensated for planning and facilitating workshops using Title III family engagement funds, with costs staying within the 10% per-session cap.

Attendance records will be maintained in Room 439.

All agendas, presentations, and parent communication materials will be saved in the school's shared Google Drive for documentation and compliance.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At PS 169K, we recognize that families are vital partners in supporting the academic, linguistic, and emotional development of English Language Learners (ELLs). Our family engagement plan is intentionally designed to equip families with the knowledge and tools needed to reinforce learning at home and to better understand the instructional programs and assessments used with their children.

The workshops and sessions offered are based on both qualitative and quantitative data, including:

In-house parent surveys (Spring 2024), which indicated strong interest in learning more about NYSITELL/NYSESLAT assessments, foundational literacy programs, and available online learning tools.

Feedback from our Parent Association and Title I parent meetings, which emphasized the need for translated materials, more culturally responsive communication, and mental health support resources for children and families.

Attendance patterns from past Title III family workshops, which showed highest participation during morning hours (8:30 AM), reinforcing our decision to schedule sessions during that time.

In response to these findings, our family engagement plan for SY 2025–2026 includes:

Workshops on assessments (NYSITELL and NYSESLAT) to help families understand how their child's English proficiency is measured and how this data is used to guide instruction and services.

Grade-band specific sessions (K–2 and 3–5) to provide age-appropriate strategies and explanations, tailored to the developmental and academic needs of students.

Orientation sessions for incoming ENL families, offered in Spanish and Mandarin, to provide linguistic access and foundational knowledge about ENL programming, instructional models, and family support systems.

Mental health and emotional wellness resources, addressing continued social-emotional needs of students post-pandemic, a priority area flagged by both teachers and families in school feedback forums.

All presenters will be ENL and/or bilingual certified teachers from PS 169K. Per-session compensation for planning and facilitation will be covered under the Title III family engagement budget and will remain within the 10% allowable allocation.

To ensure transparency and compliance:

Attendance records will be maintained in Room 439. Agendas, flyers, and translations will be archived in the school's shared Google Drive

Multilingual outreach (English, Spanish, Chinese, and Russian) will ensure equitable access and communication. This approach ensures that families of ELLs are not only informed, but also actively engaged in their children's academic journeys.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Below is the schedule of family engagement activities planned to support families of English Language Learners (ELLs). All sessions will be held in the morning, in alignment with family preference data collected through in-house surveys and previous attendance trends.

Schedule and Duration — Title III ELL Family Engagement Activities

NYSITELL Parent Workshop

Date: Tuesday, October 14, 2025

Total Sessions: 1

Time/Duration: 8:30 AM – 9:30 AM (1 hour)

K–2 NYSESLAT Parent Workshop

Date: Tuesday, March 10, 2026

Total Sessions: 1

Time/Duration: 8:30 AM – 9:30 AM (1 hour)

Grades 3–5 NYSESLAT Parent Workshop

Date: Tuesday, March 10, 2026

Total Sessions: 1

Time/Duration: 8:30 AM – 9:30 AM (1 hour, concurrent session)

Incoming ENL Family Orientation – Spanish and Mandarin Sessions

Dates: Saturday, May 30, 2026 and Saturday, June 13, 2026

Total Sessions: 2

Time/Duration: 8:30 AM – 1:00 PM (4.5 hours per session)

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

NYSITELL Parent Workshop:

Overview of the NYSITELL assessment purpose and structure

Understanding initial English language proficiency identification

How NYSITELL results inform ENL placement and services

Strategies for families to support English language development at home

K–2 NYSESLAT Parent Workshop:

Explanation of the NYSESLAT exam components for Kindergarten to Grade 2

Understanding how language proficiency is measured across listening, speaking, reading, and writing

Tips for families to support early literacy and oral language skills

Resources and tools available to support foundational language development

Grades 3–5 NYSESLAT Parent Workshop:

Detailed review of NYSESLAT components for Grades 3 to 5

Understanding academic language demands and performance expectations

Home strategies to build vocabulary, reading comprehension, and writing skills

Navigating test-taking supports and accommodations

Incoming ENL Family Orientation (Spanish and Mandarin Sessions): Introduction to ENL programs and services at PS 169K

Overview of language acquisition stages and instructional models

Information about assessments, academic expectations, and school supports

Strategies for family involvement in supporting language and academic growth

Mental health and social-emotional resources for students and families

Q&A session in families' home languages to address concerns and build community

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Family workshops will be facilitated by Assistant Principals, ENL providers, bilingual teachers, parent coordinators, family workers, community members, and supported by the DOE's interpretation unit for staff training and language access. Below is the updated list of presenters and dates for SY 2025–2026:

NYSITELL Parent Workshop:

Date: October 14, 2025 at 8:30 AM

Presenters: Arelis Carrion, Bonnie Nath. Eva Garriga, Ada Leung and Amy Seto

K–2 NYSESLAT Parent Workshop

Date: March 10, 2026 at 8:30 AM

Presenters: Arelis Carrion and Bonnie Nath

Grades 3–5 NYSESLAT Parent Workshop

Date: March 10, 2026 at 8:30 AM

Presenters: Eva Garriga , Ada Leung and Amy Seto

Incoming New ENL Parent Workshops (K–5)

Dates: May 30, 2026 and June 13, 2026 from 8:30 AM – 1:00 PM

Spanish Presenters: Ms. Espinal, Denise Noriega, Ms. Garriga, Ms. Morales, Ms. DeJesus

Mandarin Presenters: Ms. Gao, Ms. Ye, Ms. Jin, Ms. Xu, Ms. Lu, Ms. Tao

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

To ensure inclusive communication and strong participation in Title III ELL family engagement activities, PS 169K will implement a multilingual and multi-platform notification process. This process will ensure that all families, including those who are new to the school community, receive timely and accessible information.

Notification Methods:

Classroom teachers will post all Title III family engagement events in their Google Classrooms (GC) to reach families regularly engaged with digital communication.

Letters and flyers will be sent home with students and emailed to families at least one week prior to each event.

Families will receive a robocall reminder the day before each scheduled workshop or orientation session.

Translation of Notifications:

All written communications will be provided in the home languages of families, including English, Spanish, and Chinese, which reflect the major language groups in our ENL population.

New ENL families will receive invitations in their preferred language during registration or intake meetings with staff.

Interpretation Support at Events:

Live interpretation in Spanish and Mandarin will be available at all family workshops.

For the Incoming ENL Parent Orientation, workshops will be conducted in Spanish and Mandarin in separate sessions to provide full-language access.

When needed, PS 169K will partner with the NYC DOE Translation & Interpretation Unit to ensure additional language support for other language groups and for training staff in culturally responsive communication practices.

This approach ensures that language is never a barrier to meaningful family engagement in our Title III programming.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The attendance records will be kept in room 439 and the agenda and invitations will be kept in the school drive.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Grades to be served in this program. Select all that apply.

,3,4,5,2

Total number of teachers in this program:

5

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The Title III Immigrant–funded program will take place on Saturdays from 8:45 a.m. to 12:45 p.m.

Program Dates: 1/10, 1/24, 1/31, 2/7, 2/28
Program Hours: 8:45 a.m.–12:45 p.m.

Program Overview:
The Title III Immigrant program will focus on developing foundational literacy skills for immigrant students who are learning English. Activities will include foundational literacy practice, decodable book reading, sentence writing, and speaking practice.

There will be approximately 7–8 students per class, for a total of five classes. Students will be heterogeneously grouped based on their LETRS data.

Each teacher will begin the day with a morning meeting designed to build students' English fluency. Instructional activities will include letter naming, letter–sound correspondence, sight word reading, sentence reading, and fluency practice. Students will be grouped according to their LETRS data, and teachers will use this data to plan lessons tailored to students' individual needs.

Progress Monitoring:
Teachers will monitor student progress throughout the program. In addition, student growth will be evaluated by comparing BOY and MOY screener and LETRS data at the end of the program.

Supervision and Record-Keeping:
The program will be supervised by an assistant principal. Student attendance will be recorded and stored in the DOE Google Drive.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Students who are invited to be part of the Title III immigrant funded program are based on the BOY screener data and students' birth country (PROB and UYRE reports) .

We will use LETRS data to identify the students in need of additional support. We will choose students who are newcomers as our target group. Then, we will check students' birth country to filter out students who are not considered immigrants. We will also run UYRE report to find out the years enrolled in US school.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

There will be only one Title III immigrant funded program and total number of students for this program is approximately 40.

We are inviting grade 2-5 students who were born out side of the States and those who are showing limited progress in BOY screener and LETRS data as at risk students.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Program Dates: 1/10, 1/24, 1/31, 2/7, 2/28
Program Hours: 8:45 a.m.–12:45 p.m.
Total Number of sessions: 5
Days of sessions: 5

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The Title III Immigrant funded program will be delivered in English with students' native language support when necessary.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There will be five teachers teaching in this program. All five are either bilingual teachers or general education teachers who have knowledge of foundational literacy instruction and effective strategies for teaching with decodable books.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

We will be using Wilson Fundations Levels 1 and 2 as our core phonics curriculum. Teachers will use the Emerging Reader Lesson Plan Template to design each lesson, incorporating decodable book reading, sentence reading, word reading, and sentence writing activities to engage students in learning English.

All instructional materials are stored in the Google Drive and are provided at no cost to the Title III Immigrant program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Program supervisor will monitor student attendance. Student attendance record will be kept in the NYCDOE Google drive .
The supervision will be at cost of Title III program to provide safety and security for staff members and student . One assistant principal will be supervising Title III immigrant program. The regular school days for administrator is Monday to Friday from 7:30-3:30, and the per-session schedule for the supervisors is from 8:45-12:45 on Saturdays on the dates listed above.
The total allocation for materials will not exceed 20% of total allocation.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional Development (PD) Focus

1. Wilson Fundations Implementation

Deepening teachers' understanding of Wilson Fundations Levels 1 and 2.

Best practices for teaching phonics, phonemic awareness, and decoding.

Strategies for differentiating instruction for English learners using Fundations materials.

2. Effective Use of Decodable Texts

Selecting and using decodable books to reinforce phonics skills.

Designing lessons that integrate decodable reading, sentence reading, and sentence writing to build literacy fluency.

3. Emerging Reader Lesson Planning

How to use the Emerging Reader Lesson Plan Template effectively.

Aligning lesson objectives with students' LETRS data and literacy benchmarks.

Incorporating formative assessment to track student progress.

4. Supporting English Learners (ELs)

Building oral language and English fluency through structured morning meetings and small-group discussions.

Scaffolding techniques for students with varying levels of English proficiency.

Integrating vocabulary and sentence structure practice into daily literacy instruction.

5. Data-Driven Instruction and Progress Monitoring

Using LETRS data, BOY/MOY screeners, and teacher observations to plan and adjust instruction.

Documenting progress and maintaining data in the DOE Google Drive.

All above activities are at cost to Title III Immigrant funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The professional development (PD) for the Title III Immigrant program is designed to strengthen teachers' instructional capacity in delivering high-quality foundational literacy instruction to English learners. Analysis of school-level data indicates a need for targeted training in phonics-based instruction, English language development, and data-driven lesson planning.
Quantitative Data Analysis

Literacy Screener Data: Beginning-of-year (BOY) literacy screener results from Fall 2024 show that 68% of immigrant students in Grades K–2 scored below grade level in foundational reading skills, including phonemic awareness, decoding, and fluency.

Progress Monitoring Data: Mid-year (MOY) benchmark data from the previous school year indicated limited growth in phonics and word reading fluency among English learners compared to their non-ELL peers.

LETRS Data: Teacher analysis of LETRS diagnostic results revealed that many students have persistent gaps in letter–sound correspondence and blending, particularly at Fundations Levels 1 and 2.

These data trends demonstrate the need for teachers to deepen their understanding of systematic phonics instruction and effective use of decodable books to accelerate literacy growth among immigrant English learners.

Qualitative Data Analysis

Teacher Observation Data: Classroom observations and instructional walkthroughs indicated variability in how teachers deliver phonics instruction and support English language development during small-group lessons.

Teacher Feedback: In-house teacher surveys and informal feedback sessions revealed that teachers desire more hands-on training in Wilson Fundations and practical strategies for differentiating instruction for English learners.

Student Engagement: Qualitative feedback from classroom teachers noted that immigrant students are often hesitant to participate in oral reading or sentence writing activities, highlighting a need for PD that supports both academic and language confidence.

Data Sources
- BOY and MOY literacy screener data
-LETRS diagnostic and progress reports
-Classroom walkthrough and observation notes

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers participating in the Title III Immigrant program will receive ongoing professional development to ensure high-quality instruction for newly arrived English as a New Language (ENL) students. A total of five teachers—either bilingual or general education teachers with expertise in early literacy—will teach in the program.

Professional Development Plan

Initial Training (Pre-Program)

Prior to the start of the program, all teachers will participate in an orientation session focused on:

Effective implementation of Wilson Fundations Levels 1 and 2 as the core phonics curriculum.

Use of Emerging Reader Lesson Plan Templates to plan decodable book reading, word reading, sentence writing, and fluency practice.

Strategies to build English language fluency and oral participation among newly arrived ENL students.

This session will include collaborative planning time to review program expectations, instructional materials, and data protocols.

Ongoing Professional Development (During Program)

Topics will include:

Analyzing LETRS and screener data to guide instruction.

Differentiating literacy instruction for students at varying English proficiency levels.

Monitoring and documenting student progress using BOY and MOY data.

Sharing best practices and reflecting on instructional challenges and successes.

The professional development will specifically address the needs of newly arrived immigrant students who are at the beginning stages of English acquisition. Teachers will receive training in:

- Building foundational literacy skills for emergent readers.

- Encouraging oral language development through structured morning meetings and interactive literacy activities.

- Creating a welcoming and culturally responsive environment that supports the academic and social-emotional needs of immigrant learners.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

PD for Title III Immigrant program will be on 12/17 and 12/18, from 2:35-4:35, for a total of 4 hours in two sessions.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topic for 12/17:
- Supporting English Learners
Building oral language and English fluency through structured morning meetings and small-group discussions.
Scaffolding techniques for students with varying levels of English proficiency.
Integrating vocabulary and sentence structure practice into daily literacy instruction.

- Data-Driven Instruction and Progress Monitoring
Using LETRS data, BOY/MOY screeners, and teacher observations to plan and adjust instruction.
Documenting progress and maintaining data in the DOE Google Drive. Routines, Grade level math activities

Topic for 12/18:
-Wilson Fundations Implementation
Deepening teachers' understanding of Wilson Fundations Levels 1 and 2.
Best practices for teaching phonics, phonemic awareness, and decoding.
Strategies for differentiating instruction for English learners using Fundations materials.

- Effective Use of Decodable Texts
Selecting and using decodable books to reinforce phonics skills.
Designing lessons that integrate decodable reading, sentence reading, and sentence writing to build literacy fluency.
-Emerging Reader Lesson Planning
How to use the Emerging Reader Lesson Plan Template effectively.
Aligning lesson objectives with students' LETRS data and literacy benchmarks.
Incorporating formative assessment to track student progress. materials/ Title III curriculum and planning

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Staff trainer for 12/17 and 12/18 will be Pei Yu Chang
Title III curriculum and planning session will be provided by Pei Yu Chang, AP of ENL.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All documents will be kept in the DOE drive .

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

We plan to engage to our immigrant families with activities that follows:
- Bilingual Guidance counselor meeting with newly arrived immigrant families
- Bilingual Social Worker meeting with newly arrived immigrant families
- ENL teachers meet with immigrant ENL families
- Bilingual staff member meeting with immigrant families
- Bilingual parent coordinators meeting with immigrant families

All of the family engagement activities are meant to support different needs of our newly arrived immigrant families. At PS 169, we engage our newly arrived immigrant families since day one. Each department take turn planning activities to support different areas of needs for immigrant families (including ELLs). Bilingual counselor meet with parents as a regular basis to conduct group workshop and/or individual conference to support students' social emotional needs. They also provide guidance to immigrant families to complete the middle school application process. ENL teachers meet with ELLs parents to provide support to how to support their children. These activities will be at no cost to Title III Immigrant.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

For the Guidance counselor meeting with newly arrive immigrant families, we will emphasize on how to support immigrant families' SEL needs.
For the ENL teachers meet with immigrant ENL families, we will focus on the needs of ENLs and also provide information to families.
For the Bilingual staff member meeting with immigrant families, we would like to bring some community

organizations in and have them talk to the immigrant families directly. This parent workshop will be conducted in either Chinese, Spanish or Russian. Each session will be conducted specifically for a different group of parents.

All flyers, planning documents and feedback from the parents will be kept in the DOE drive.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Guidance meeting with immigrant families: TBD.
ENL meeting with immigrant ENL families: TBD.
Bilingual staff members support for immigrant families: TBD
Bilingual parent coordinators family engagement : TBD

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Guidance meeting: SEL learning for families and students.
ENL meeting with immigrant ENL families: How do I use native language to support my child at home?
Bilingual Staff meeting with immigrant families: Navigating through DOE and more. What do I do when I need help?

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Guidance meetings: CK Leung
Social Worker meetings: Luciana Gonzales
ENL meeting with immigrant ENL families: Eva Garriga , Arelis Carrion , Amy Seto and Ada Leung.
Bilingual staff meeting: Angela Task for Russian, Qiaona for Chinese, Mary DeJesus for Spanish.
Bilingual parent coordinator: Renee Peng, Julie Guevara

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),

- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified by letter, emails and phone calls. Event letters will also be posted in the school website.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All documentation of family engagement activities and notification letters, flyers will be kept in the DOE Google drive. Attendance sheets will be kept in FST room.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
