Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 69 Vincent D. Grippo School

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
JoAnn Yenzer	Principal or Designee*	
Janine Martucci	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Ling Jing Tang	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Carlyle Gee	District Council 37 (DC 37) Representative (staff), if applicable	
Mandy Yu	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Stefania Bressi	Member/ Teacher	
Gordana Buchanan	Member/ Teacher	
Evelyn Chan	Member/ Teacher	
Na Lin	Member/ Parent	
Linyan Chen	Member/ Parent	
Juan Li	Member/ Parent	
Huiyun Lin	Member/ Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Lisa Fung-Fernandes	Assistant Principal / CSA	
Amanda Pisino	Assistant Principal / CSA	
Patricia Coluccio	Parent Coordinator / Parent	
Dana Marinaro	Literacy Coach / Teacher	
Gordana Buchanan	Math Coach / Teacher	
Margaret Schwerdtman	IEP Teacher	
Nancy O'Sullivan	ENL Teacher	
Lillian Chen	Language Access Coordinator/ Teacher	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of Primary School 69 is to provide rigorous instruction to improve student learning for academic, social and emotional success for all aligned with the Framework for Great Schools. Together, we create a welcoming environment for all, including staff, students and families. Our work is grounded in collaborative, trusting, respectful relationships where all voices are valued and appreciated.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 69 is proud to be named Vincent D. Grippo School in honor of the late superintendent of Community District 20. Our school opened in September 2002 on the border of Sunset Park and Bay Ridge. Our school continues to provide a safe, supportive and challenging environment and experiences where students can succeed. Everyone in our school community aims to work toward a shared goal. With trust, our shared goal of student achievement will be reached. Our school is committed to provide students with an equitable and excellent education.

Our curricula is aligned with the Next Generation Standards for all academic subjects and the Culturally Responsive-Sustaining Education framework. Our Literacy program utilizes HMH Into Reading texts with an implementation of teacher-created lessons and unit planning crafted by grade level teacher teams with Literacy Coach support. In addition, K-2 classroom teachers will be implementing Wilson Fundations. ENL and SETSS teachers, and a library teacher provide further support for teachers and students. Our mathematics program, enVision Math 2.0, is implemented during a Math block and supported by a full-time Math Coach and grade level team teachers. Our Science program is aligned with the NYSSLS, the NYC K-5 Scope and Sequence, and the NYC STEM Framework. Students enter a state-of-the-art Science Lab. The Science curriculum is supported by Amplify Science programs in grades K through 5. Our Social Studies program follows NYS Standards and the NYC K-8 Scope and Sequence. It is supported by Unit Guides from the K-8 Passport to Social Studies curriculum. Civics for All and Soapbox will be implemented across all grade levels. Selected students on Grade 4 will work with a teacher to prepare for the Districtwide Soapbox and the Citywide Mikva Challenge.

Our school has adopted a 6-day schedule to provide students with opportunities to participate in all non-content area subjects. The Academic curriculum is supplemented by a strong fine arts program including Music, Band, Visual Arts , Chorus, and the Violin Program. Teachers work to include more project-based activities with a focus on small group instruction and higher order thinking skills . The school has engaged in implementing the Hallmarks of Advanced Literacy to support all language learners. Students are equally engaged in team talk, accountable talk, and grand conversations. Technology is an integral part of our instructional program. All classrooms, including the Library, Civics, Science Lab, Art Studio, Yoga, Gym, Music and Library, are equipped with Smart Boards and every student has access to a device. Our school is fully wireless and students/staff have a dedicated NYCPS account. A

full-time Computer Technician provide ongoing support of the program by facilitating workshops and maintaining hardware and software. The school is highlighting efforts to integrate STEM+A (Science, Technology, Engineering, Mathematics and Arts) into the school curriculum.

We have relationships with outstanding arts organizations to complete this dynamic framework. All Arts curriculum is developed in alignment with the NYC DOE's Blueprint for the Arts, the Next Generation Standards and Danielson's Framework for Teaching. Additionally, P.S. 69 is pioneering the development and use of formative assessments in the visual arts. P.S. 69 has formed relationships with several outside agencies including Brooklyn Public Library, Musical IQ, Dancing Classrooms, TADA! Youth Theater, Noel Pointer Foundation (Violin), and the Brooklyn Chinese American Association, a local community-based organization to support the Arts curriculum. We will focus on providing students and families with programs that highlight visual, musical and theatrical arts.

At P.S. 69, students grow intellectually, socially and emotionally. Social Emotional Learning has been integrated into daily routines. Students and staff have embraced these experiences and carried them within the school, as well as in their lives outside of school. Since September 2015, P.S. 69 has been involved with Leader in Me. The 7 Habits of Highly Effective People are instilled in the staff, students, and families. These habits are seamlessly integrated into daily routines and curriculum. Professional development is ongoing.

Habit 1: Be Proactive
Habit 2: Begin with an End in Mind
Habit 3: Put First Things First
Habit 4: Think Win-Win
Habit 5: Seek first to understand, then to be understood
Habit 6: Synergize
Habit 7: Sharpen the Saw

Since Spring 2016, staff members, including teachers, paraprofessionals, and office staff, were trained in Mindful Schools to add positive behavior supports in the school.

With this in mind, our vision is for students to become enthusiastic lifelong learners and productive citizens. P.S. 69 will provide a safe and fair environment in which the school staff, with the support of parents and community, guide the children toward respecting others, understanding the varied cultures of our society, and striving for behavioral and academic excellence. All students will be prepared for a rapidly changing world and be able to access information, solve problems, think critically, make decisions and work productively with others. Ongoing communication and collaboration among classroom teachers, support staff, administration, and parents will be present to produce an integrated program for all students. Every experience helps build a student's ability to read, write, listen and speak, which helps them to be successful in all areas.

Briefly summarize the key initiatives your school will implement this school year.

We plan to implement the Leader in Me in all classrooms. With the Leader in Me, students will set an Academic goal and a Social Emotional goal. This will be calculated three times a year with a celebration. Our Student Lighthouse will expand and include responsibilities such as the Wellness Council and the Sustainability Council. The Wellness Council will meet and organize events to promote healthy lifestyles and making healthy choices. The Sustainability Council will meet with the administration, kitchen staff and custodial staff to promote activities to reduce, reuse, and recycle. The Student Council will meet with the administration and student body to discuss student-led service learning such as Participatory Budgeting.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Adaptations will be indicated on the literacy maps with scaffolds and supports for ELLs and SWDs.
MATH	K-5	Savvas Realize enVisionMath 2.0	Adaptations will be indicated on the pacing calendar with scaffolds and supports for ELLs and SWDs.
ELA	K-5	Wilson Fundations	Adaptations will be indicated on the literacy maps with scaffolds and supports for ELLs and SWDs.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the 2024-2025 EOY iReady Reading diagnostics and Acadience, students in Grades K-2 have not reached their grade level norm projected growth.	Our school used a research-based, systematic phonics instructional program, called Really Great Reading. However the program did not provide enough multi-sensory components to support the students with internalizing and transferring to reading.	Students need to internalize the letter names and sounds in order to decode and encode, develop strong phonetic principles and phonemic awareness.
Looking at the data from NYS ELA 2025 while 74% achieved proficiency 26% of our	Traditionally foundational skills are taught in Grades K-	Need to provide more targeted intervention and differentiated

students were below proficiency on the NYS ELA exam. Looking closely at the data of our current fourth and fifth graders, 17% are ELL learners which includes our Bilingual students and 8% are our SWD. Of these students 5% are both ELL learners inclusive of our Bilingual learners and SWD.	2, yet we have a growing number of newcomers in Grades 3-5. Additionally this meets the needs of our MLLs and SWDs. These students also need strengthening in their foundational skills.	support for students in the area of foundational literacy. Additionally, based on our item skills analysis, our current fourth and fifth-grade students will need strengthening in the Reading Standard of identifying key ideas and details within a text.
Based on the 2024-2025 EOY iReady Reading diagnostics, students in Grades 3-5 have not reached their grade level norm projected growth.	For General Education students, there was not enough time devoted to standards-based data driven small group instruction.	Standards-based data driven small group instruction using multiple data sources I-ready screener, HMH weekly assessments, HMH student short responses and performance task work.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20%	By June, 2026, literacy for All Students will improve, as measured by a 40% Increase, from 20% to 60%, of students scoring at or above grade level on the iReady Reading Diagnostics.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Wilson Fundations as the research-based, multi-sensory, and systematic phonics instruction and strategies as outlined in NYC Reads for all students in Grades K-2. This will help our students decode words and read words accurately and fluently.

Root Cause Addressed:

Students need to internalize the letter names and sounds in order to decode and encode.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development opportunities for teachers and staff. Teachers analyze student work during Professional Learning Community time. In addition, there are common planning periods when teachers can plan with the grade and literacy coach. Double Planning periods for refining practices aligned to the D 20 UBD HMH Literacy Maps. The Literacy Coach collaborates with the HMH Coach to develop professional learning tailored to meet the needs of our teachers and students. Professional Learning is aligned with the NYC Reads Guidance Document, K-5 Literacy Block Guidance, The Science of Reading, K-5 Small Group Instruction Guidance and Explicit Instruction.
Teachers engage in monthly Curriculum and Instruction Team meetings to review data and discuss strategies and scaffolds to support students in various subgroups. MTSS meetings are built in every 6-8 weeks. High quality interventions are selected to meet the specific academic needs of struggling students. Students receive the right support at the right time and interventions are progress-monitored and adjusted as needed.

Implementing and train staff in research-based, multi-sensory phonics instruction such as Wilson Fundations and Heggerty in K-2 to strengthen foundational literacy. As well as researched based interventions to support the work we are doing within the MTSS framework

Small Group Instruction supports meeting students where they are at on the learning continuum. Targeted Tier 2 and Tier 3 interventions and supports and met outside of the Core Literacy period and during WINN.

Every grade level, K through 5, administers HMH Weekly Assessments. Additionally, performance tasks and writing published pieces are an integral part of the learning This is part of a more rigorous expectation in English Language Arts aligned with the Tier I Core Curriculum, NYC Reads and the Science of Reading.

Provide ongoing professional learning on the Effective Mathematical Teaching Practices and how it is embedded into our Core Envision Math program.

Provide Profession Learning on ways to enhance the use of decodable texts in the classrooms to strengthen foundational literacy (Blend It Books, Start Right Readers, Structured Literacy Lessons, K-2 I-ready Magnetic Readers).Eyes on Text where children are reading, writing and discussing what they are reading.

Teachers, Coaches, and administrators will plan collaboratively to provide opportunities to discuss and share effective strategies and resources.

Vertical and grade level teacher teams will work with administration and coaches to analyze student data from Acadience, iReady, HMH assessments such as the weekly assessments, performance tasks and student work samples to identify and plan for standards based reteach groups to support next steps for student success. (Graduate Relay Work)

Key Strategy 2 (Optional):

Creative scheduling will provide teachers with professional learning time above the contractual requirements which includes data driven team meetings, Curriculum and Instruction/MTSS Team, and Leader In Me/SEL Team
Plan and deliver lessons aligned to the D20 Universal By Design for Learning HMH Module Maps HMH D20 UBD Maps and include Instructional Core Guiding Questions into our planning which includes:
What do we want students to learn?
How will we know they have learned it?
How will we respond when learning has not occurred?
How will we respond when learning has already occurred?
Supporting students to be able to make their thinking visible: What am I learning? Why am I learning it? How will I know I have learned it?

Look closely at the data to close the gap for students in grades 3-5 who are below or far below grade level with Tier 2 and Tier 3 support of interventions.

Root Cause Addressed:

The data shows the need for us to strengthen the foundational skills of our students. Literacy starts with strong foundational skills. A shift to use Wilson Fundations K-2, a multisensory approach and systematic explicit instruction, will help our students to be successful in decoding words accurately and fluently. While traditionally, foundational

skills are taught in grades K-2, we have increasing numbers of newcomers in Grades 3-5 who need strengthening in this area. Similar to early childhood, these students need targeted intervention in foundational skills. Additionally, this meets the needs of our subgroups, including students with disabilities, bilingual students, and bilingual students with disabilities. For the 2024-2025 school year we provided intensive intervention during and after school for our bilingual classes using the Phonics For Reading Intervention which proved to be very successful.
Include four WINN Periods every cycle outside the Core periods. Three periods for classroom teachers to close the literacy learning gaps with time for Tier 2 and Tier 3 small group instruction. This is a achieved with the scheduling for additional cluster coverage so the classroom teacher can pull his or her small group. One period with an additional support staff pushing in with the classroom teacher to develop meaningful targeted Tier 2 and Tier 3 groups based on data.
Provide Professional learning for all teachers on Data Driven Instruction (Relay and Teacher Teams) and on approved Appropriate Intervention Programs based on student specific need within the MTSS framework.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Committed to close the literacy learning gaps of our students by scheduling time outside the Core for Tier 2 and Tier 3 small group instruction.
Every 6-8 weeks meet for Data Driven Grade level team meetings and MTSS team meetings to move students between programs and tiers of support where we can adjust dosage or skill focus for students not making progress, continue intervention for students making progress, graduate students who no longer need intervention.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

During the core literacy period engage students in reading, writing, listening, and speaking activities with support from standards-based anchor texts. Within each module, students are immersed in literacy skills and strategies from grade-level anchor texts from HMH Into Reading supplemented by supporting texts, essential questions will arrive from the themes in HMH Into Reading. At the end of each module, a performance task is administered, and a weekly assessment is given for vocabulary, writing, and comprehension.

To support progress monitoring we use a combination of formative, benchmark and progress monitoring tools,

writing rubrics to measure progress made by our students. In addition, three times a year, students will take an iReady Reading Diagnostics and Acadience screener to see growth over the course of the school year.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Conduct parent meetings and workshops to learn about the ELA curriculum and plan resources for parents to help their child in ELA instruction.	
09/04/2025	06/26/2026	Present and interpret data with parents and provide online resources to support ELA instruction at home.	
09/04/2025	09/30/2025	Each Grade will create a virtual video for parent orientation in September to outline expectations for curricula and how to support the students at home.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, coaches, grade-level instructional team, Instructional leadership team

Instructional Resources

ELA curriculum, assessments

Schedule Adjustments

Schedule professional learning periods during the school day, per session for working outside of the school day

Other Resources Needed

Technology, one-to-one devices, Google classroom

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2024 Leader in Me MRA results, we saw that students are in need of strengthening in the area of positive wellbeing, prosocial behaviors, and trusted relationships.	Students lack self-confidence. Students need additional supports to access the grade level curriculum.	Social Emotional Learning
According to 2024-2025 OORS, 63% of the occurrences were infraction codes A24 (pushing, shoving).	Students are not aware of personal space. Many early childhood students were born during the pandemic.	Students need to learn about self awareness, self regulation and personal space. Behavior matrixes have been created for all school areas, including the hallways, cafeteria, and

	Classroom size affected student behaviors.	auditorium to set a standard for behavioral expectations.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	55	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20 Decrease, in Number of Level 3 incidents from 55 to 35, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop systems and structures that support students to have a strong social-emotional toolbox, which includes strategies of stop, think, and choose, as well as taking a meta moment supported by a mood meter check-in.

Develop a comprehensive safety infrastructure and systems, including staff training, collaboration with external partners, and the implementation of safety and security best practices. We will be implementing a combined Social-Emotional Learning curriculum including Leader in Me, Yoga, SELLA, and Mindful Schools.

A strong social-emotional toolbox is important for students to become resilient. When students feel safe, seen, and heard, they can reach their fullest potential. We take care of the whole child, and our students receive a well-rounded education coupled with strong academics, visual arts, music, and SEL. We have established a Sensory Calming Room as a way to be proactive for our students who struggle regulating their emotions. This has become a safe space for students to be in the present moment.

Expand implementation of physical and mental wellness supports, including Physical and Health Education and related initiatives. This should include the articulation of school/district Wellness Councils, wellness committees, and wellness partnerships, etc.

Expand social, emotional and mental,l health supports via district-based initiatives.

Root Cause Addressed:

We see that students are in need of strengthening in the area of positive well-being, prosocial behaviors, and trusted relationships. Building self esteem during school activities and recess.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development opportunities for teachers and staff. Coordinate a calendar for teachers and staff to implement and receive feedback.
Implement a self-reflection at the beginning of the year for students to set goals.
Plan for monthly health and wellness events led by the Student Wellness Council Lighthouse Ambassadors.
Schedule cluster programs such as Yoga and Mindfulness, Social Emotional Learning, and Physical Education to serve all students.
Establishing a Sensory Calming Room as a way to be proactive for our students who struggle regulating their emotions. This has become a safe space for students to be in the present moment.
Establishing a recess program where students engage in physical activity and teamwork.
Establishing a Kindness Leadership Club with the school counselors.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will be implementing a combined Social-Emotional Learning curriculum including Leader in Me, Yoga, SELLA and Mindful Schools. Through Yoga and SELLA, the teachers will be taking observation notes on the students. They will check in with the students using google forms and conversations during club or class times.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2024	06/27/2025	Conduct parent meetings and workshops to introduce the SocialEmotional Learning curriculum and plan resources for parents to help their child in mental and physical wellness.	
09/05/2024	06/27/2025	Provide online resources to support social emotional learning at home.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, PA, SLT, Wellness Council with student ambassadors

Instructional Resources

Social emotional learning curriculum, Leader in Me, SELLA, Mindful Schools

Schedule Adjustments

Parent engagement hours during the week, family fun nights, schedule daily social-emotional learning instruction

Other Resources Needed

technology, zoom

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the 2024-2025 iReady Math End of Year diagnostic assessment, 37% of students in grades K-5 are one level or more below grade level.	Language demands of word problems and lack of working out problems in a collaborative group setting	Increase grade level norms projected growth in the area of math for students in grades K-5.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	Estimated BOY is 25%	PS 69 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 45% from Estimated BOY is 25% to 70%, for All Students, as measured by iReady Math Diagnostics.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

- Strengthen mathematics instuction, including via screener administration and multi-tiered systems of support (MTSS).
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs.
- promote rigorous, differentiated goal-setting to close achievement gaps in mathematics for marginalized student groups. The priority groups are students with disabilities, English language learners, and Hispanic students.

Root Cause Addressed:

- not an adequate amount of time for students to interact with math manipulatives and working out word problems in a collaborative environment.
- need to build stronger foundational math concepts

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
We will be implementing the enVision Math 2020 during a daily math block and supported by a full-time math coach. Students will be instructed through the workshop model. Every grade level K-5, administers assessments at the end of each unit in conjunction with the math curriculum. This is part of a more rigorous expectation in Mathematics as detailed in the Citywide Instructional Expectations. The students will be taking the i-Ready Math diagnostics three times a year.
Provide professional development opportunities for teachers and staff. Teachers analyze student work during

Professional Learning Community time. Teachers can plan with the grade and coach. The math coach will provide teachers with a math pacing calendar.
Teachers engage in monthly Instructional Leadership Team meetings to review and discuss strategies and scaffolds to support students in various subgroups.
Meet regularly with parents and School Based Support Team to provide adequate services and supports beyond the school day
Review, develop, and implement language protocols that support the Next Generation Mathematics Standards, such as conversation protocols and sentence frames for math word problems to help students formulate their own word problems. To integrate writing, the coach and teachers will create journal activities.
Review i-Ready Assessments and group students according to skills for small group instruction. Provide afterschool opportunities for students scoring below average on i-Ready Assessments.
Participating and implementing instructional rounds within the school building and with District 20 schools with a target subject and population.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Human Resources

Administration, coaches, Grade level instructional team, Instructional Leadership Team

Instructional Resources

Math curriculum, assessments

Schedule Adjustments

Schedule professional learning periods during the school day, per session for working outside of the school day

Other Resources Needed

technology, one-to-one devices, Google classroom

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Civics for all was introduced to all students and students participated in Soapbox NYC.	Need additional training for teachers.	Increase exposure to Civics for All and Soapbox NYC
Fourth grade students participated in the Soapbox NYC and fifth grade students were part of the Student Lighthouse.	Need to establish roles and responsibilities for team members	Increase student voice in the classroom and school

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	60%	PS 69 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of Grade 5 students who received the Certificate of Civic Readiness for All Students will Increase by 20% from 60% to 80% as measured by Civics for All Readiness Tracker.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementing Civics for All curriculum and Soapbox NYC. Increase targeted club and/or afterschool program for students for Soapbox NYC.

Ensure students are developing a strong plan by expanding Save For College (529 Accounts) for students (K-4) and providing 1:1 advising (K-12) via college/career advising and awareness.

Ensure students build career readiness skills by expanding access to and completion of financial literacy and computer science (K-12).

Root Cause Addressed:

Need additional training for classroom teachers.
Need to establish roles and responsibilities for team members.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development opportunities for teachers and staff. Teachers analyze student work during Professional Learning Community time. Teachers can plan with the grade and coach. In collaboration with teachers and the coaches, unit plans will be provided.
Teachers engage in monthly Instructional Leadership Team meetings to review and discuss strategies and scaffolds to support students in various subgroups.

Review, develop, and implement language protocols that support NYS Learning Standards, such as conversation protocols and sentence frames to integrate writing, the coach and teachers will create journal activities. This will help students develop a stronger sense of writing and delivering speeches.
Targeted club and/or afterschool program for students to prepare for the Soapbox NYC.
Participating in professional learning within the school building and with District 20 schools.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will be implementing the Civics for All curriculum during a Social Studies period twice a week and supported by a coach. Students will be instructed through the workshop model. This is part of a more rigorous expectation in Social Studies as detailed in the Citywide Instructional Expectations.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Conduct parent meetings and workshop to introduce the new Civics for All curriculum and plan resources for parents to help their child.	
09/04/2025	06/26/2026	Present and interpret data with parents and provide online resources to support instruction at home.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, coaches, Grade level instructional team, Instructional Leadership Team

Instructional Resources

Civics for All curriculum, Soapbox NYC, Mikva Challenge

Schedule Adjustments

Schedule professional learning periods during the school day, per session for working outside of the school day

Other Resources Needed

technology, one-to-one devices, Google classroom

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC School Survey Parent Involvement in School	Families do not speak the same language as the teachers and staff	Help parents stay engaged and involved in their child's education.

NYC School Survey Parent Involvement in School	Families are not comfortable bringing issues and concerns to the school	Actively address parent concerns and suggestions, demonstrating a commitment to collaboration and responsiveness.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	94	PS 69 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families indicating that they are satisfied with the education their child is receiving will Increase by 6 from 94 to 100 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

- Develop stronger partnerships with families through effective engagement to build awareness of parent leadership opportunities (e.g. PA/PTA, School Leadership Teams, Citywide and Community Education Councils, etc.)

- Parent survey, Parent outreach

Root Cause Addressed:

- Families do not speak the same language as the teachers and staff
- Families are not comfortable bringing issues and concerns to the school

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct surveys and seek feedback from parents to understand their needs, expectations, and areas for improvement
Keep parents informed about school news, upcoming events, curriculum updates, and student progress through regular newsletters or updates.
Recognize and appreciate parents' involvement and contributions to the school community. This can be done through certificates of appreciation, public acknowledgments, or regular communication highlighting the positive impact of parent engagement on student success.

Encourage teachers to reach out to parents proactively, providing updates on student progress and sharing strategies for supporting learning at home.
Implement effective communication platforms, such as a dedicated parent portal or online messaging systems, to facilitate regular and convenient communication between parents and teachers.
Provide information and communication in multiple languages to cater to the diverse linguistic backgrounds of parents. This can include translated documents, multilingual staff, interpreters, and multilingual communication platforms or newsletters.
Organize workshops specifically designed for parents to enhance their understanding of the education system, curriculum, and teaching methodologies. These workshops can provide guidance on how parents can support their children's learning at home and establish effective communication channels between parents and teachers. The focus of the workshops can include literacy, math, social studies, science, social emotional learning, English as a second language, and testing.
Promote cultural sensitivity and awareness within the school community by organizing cultural celebrations, promoting diverse perspectives, and providing resources that highlight different cultures, traditions, and backgrounds.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Conduct surveys and seek feedback from parents to understand their needs, expectations, and areas for improvement

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family workshops focused on literacy, math, social studies, science, social emotional learning, and testing	
09/04/2025	06/26/2026	Surveys to gather feedback from families	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, parents, parent coordinator, teachers, school based support teams

Instructional Resources

HMH Into Reading, Envision Math, Passport to Social Studies, Civics for All, Amplify Science, Leader in Me

Schedule Adjustments

Flexible Communication Methods: This can include face-to-face meetings, phone calls, emails, text messages, online platforms, or virtual meetings, allowing parents to choose the method that works best for them

Other Resources Needed

Zoom for virtual meetings

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Daily attendance drops on Mondays, Fridays, and before/after holidays.	Parents/ Guardians work different shifts/ multiple jobs. They are unable to bring or pick up students. During the school, families extend weekends and recess to visit out of state or out of country.	Improve attendance for our most vulnerable students

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	8%	By June, 2026, the Percentage of Chronically absent students for All Students will increase by 4%, from 8% to 4%, as measured by the Insight Dashboard for Attendance and Chronic Absenteeism.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

- Identify students who have been chronically absent the previous year
- One-to-one family meetings with students who are severely chronically absent

Root Cause Addressed:

Parents/ Guardians work different shifts/ multiple jobs. They are unable to bring or pick up students. During the school, families extend weekends and recess to visit out of state or out of country.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review attendance rates for all students and identify students who have be chronically absent the previous year.
Run RSCA and RRSA to calculate attendance rates. Celebrate students who have achieved an average attendance rate of 95% or above at the end of the first marking period with Attendance Leader awards.
Establish an attendance team to meet every two weeks to review attendance rates and develop attendance success plans for CA students.
Continue to embed Social Emotional Learning curriculum throughout the school day. Leader in Me is designed to teach 21st century leadership and life skills. Students will set and meet their personal goal for increased attendance rate.

Develop a school-wide school culture that promotes a sense of safety, respect and personal responsibility, where students feel connected and know that someone notices, in a caring manner, when they missed school.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Run RSCA and RRSA to calculate attendance rates. Using RPAL, acknowledge students who have perfect attendance monthly. Celebrate students who have achieved an average attendance rate of 95% or above at the end of the marking periods. Using New Visions portal to monitor chronic absenteeism rates.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Inform parents of the school's attendance plan through the website, parent meetings and workshops.	
09/04/2025	06/26/2026	After identifying students and families who are chronically absent, school will provide assistance to families. Such outreach is essential for identifying barriers to attendance — hunger, access to health care, homelessness, transportation or other challenges — and the supports or resources that would help improve attendance.	
09/04/2025	06/26/2026	A key component of the engagement is helping families understand what their children are learning when they are are in school and the negative effects of chronic absenteeism on realizing their hopes and dreams for their children.	
09/04/2025	06/26/2026	Engage other agencies and families in the process so they can use their insights to shed light on the challenges and get engaged in coming up with realistic solutions that draw upon the assets they can bring to bear.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, teachers, attendance team (pupil accounting secretary, school counselor, attendance school aide, attendance teacher, social worker, school psychologist, nurse, parent coordinator)

Instructional Resources

Resources from NYC Public Schools, District 20, and AttendanceWorks.org

Schedule Adjustments

schedule professional learning for teachers and attendance team during the school day, per session for working outside of the school day

Other Resources Needed

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
According to 2024-2025 iReady Reading Fall to Spring Progress, 50 out of 116 Students with IEPs made "no change."	There was not enough time devoted to standards-based data driven small group instruction.	IEP Development and Fidelity of Implementation

N/A	N/A	Transition Planning and Compliance
According to 2024-2025 iReady Reading Spring Composite Scores, 40 out of 116 students who are both SWDs and ELLs scored below and well-below the benchmark.	Students did not have enough years in NYC Public Schools to determine if language or disability is the factor for scoring below and well-below benchmark.	Referral Process and Equity
According to 2024 OORS Student Summary Report, in the subgroup Students with IEPs, 124 occurrences were indicated as the accused and 46 occurrences were indicated as the victim.	Students have difficulty with change in daily schedule and with self-regulation.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	40	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the number of students who are performing below and well-below benchmark on the iReady Reading Screener by aligning IEPs across present level of performance (PLOP), goals, and recommended programs and services by a 20 Decrease, from 40 to 20, as measured by iReady Reading Screener.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Promote rigorous, differentiated goal-setting to close literacy achievement gaps for marginalized student groups. The priority student groups are students with disabilities, English language learners, and Hispanic students.

Root Cause Addressed:

There was not enough time devoted to standards-based data driven small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Based on screener data from iReady and Acadience, students in the bottom 16th% were identified as needing Tier 2 and 3 academic intervention. Tier 2 and 3 instruction includes Wilson Fundations and Spire.
Students will receive ENL services in group settings on a daily basis based on their language proficiency.
Students are scheduled with the provider during literacy and/or content area periods to engage students in one-on-one or small group instruction.
Teachers engage in monthly Instructional Leadership Team meetings to review data and discuss strategies and scaffolds to support students in various subgroups
Participating and implementing instructional rounds within the school building and with District 20 schools with a target subject and population.

Key Strategy 2 (Optional):

Alignment of IEPs across present level of performance (PLOP), goals, and recommended programs and services

Root Cause Addressed:

Students did not have enough years in NYC Public Schools to determine if language or disability is the factor for scoring below and well-below benchmark.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment
Ensure “impact of disability” statements reflect the effect of the student's disability on access, participation and progress in the general education curriculum
Ensure that programs and services mandated on each student's IEP are delivered
General Education Teachers, Special Education Teachers, and Related Service Providers revise curriculum to align it to standards aligned annual goals
Review program and service recommendations during monthly PPT meetings.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Three times a year, students will take an iReady Reading Diagnostics Assessment.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Conduct parent workshops to discuss the IEP process and the services provided for students with IEPs.	
09/04/2025	06/26/2026	Conduct parent workshops to provide parents with resources to support their child's academic and social-emotional growth.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Administration, SBST, school counselor, IEP teacher

Instructional Resources

Literacy curriculum, math curriculum, SPIRE, Fundations

Schedule Adjustments

schedule professional learning periods during the school day, per session for working outside of the school day

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Screener below 40% and reading skill gap confirmed by a diagnostic. Acadience Survey adminstered below the 40% on i-Ready screener.	Explicit Instruction	Small Group Instruction (4-5 students) at least 4-5 times a cycle	During school	yes
Tier 3	Screener (Acadience and i-Ready)below 20 achievement percentile and confirmatory diagnostic (Acadience).	Sounds Sensible, SPIRE, Phonics for Reading	Intensive Reading Intervention (1-3 students) 4-5 times a cycle	During School	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student experiences challenges developing social or emotional skills and those gaps in skills present challenges for academic and/or social functioning.	Leader in Me, Calm Corners, PBIS Matrix, RULER Mood Meter Calming Sensory Room, Mindfulness Practice Small group social skills instruction	small group	During school	No
Tier 2	Challenging or disruptive classroom behaviors persist after general classroom management techniques or interventions have been implemented	Leader in Me, Calm Corners, PBIS Matrix, RULER/ Mood Meter, Behavior Contracts, Behavior Intervention Plans	individual	During school	No
Tier 3	Student presents with a specific social or emotional need that would benefit from therapeutic intervention in an individual setting.	Leader in Me; RULER, Mindfulness Practice, Calming Sensory Room, Individual Counseling	individual	During school	No
Tier 3	Student presents with a need for daily, individualized support in order to access and fully participate in the classroom setting.	Leader in Me; RULER, Mindfulness Practice 1:1 paraprofessional	individual	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

MTSS components will be shared with families through
- family letters
- paper fliers, email
- parent workshops about topics on, but not limited to, academics, social emotional learning supports which include RULER/Mood Meter and Mindfulness Practice, Visit to the Sensory Calm Room for Yoga/Mindfulness parent workshops, PBIS and Leader in Me
-Screener Data reports sent home BOY, MOY and EOY
-Families of students selected to receive Tier 2 or Tier 3 intervention will receive a letter explaining the intervention, need and frequency.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

After the Tier 2 or Tier 3 cycle, parents will receive a progress report about the student progress. Parents will also receive the family report from the Acadience screener or iReady Reading screener, as well as secondary progress monitoring assessments.
-Families of students in Tier 2 or Tier 3 receive detailed intervention reports every 6–8 weeks, outlining the instructional plan and actionable strategies for home support.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Teachers and support staff (related service providers and administrators) will meet with families to discuss the Tier 3 intervention and explain the program and the progress monitoring involved. After the 6-8 week cycle, parents will be invited to discuss the results from the Tier 3 intervention. The families will be notified of the instructional plan and actionable strategies for home support.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

There are 29 students identified as Students in Temporary Housing. They are doubled up.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

We will use the STH Title I Survey to determine the services aligned to the student's needs. This will help us determine how the funds would be used to ensure that the students are ready to come to school every morning.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

In determining how STH Title I funds will be used, the school will pull data from Insight, ATS reports (such as RATH) and the New Visions Portal, as well as informal survey and parent meetings. Based on this data, the STH liaison and the administration will determine the goods and services that will will help the students and families.

The school will use the STH Title I funds to purchase goods which may include clothing, school uniforms or school

branded apparel, health and hygiene items, school supplies, technology equipment, school day field trip costs, and parent engagement events. The school will also use the STH Title I funds to provide school day academic supports, afterschool enrichment programs, mental health emergency intervention services, attendance improvement student supports, medical/dental/vision services, and emergency transportation costs.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There are no students in foster care who are currently enrolled at the school.

We will plan for emotional and academic supports according to the needs of the students and the families. At the school, we have 2 school counselors, a school psychologist, a social worker, and a family worker. We also have several staff members who speak different languages, such as Chinese, Spanish, Arabic, and Urdu.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

We will meet with the students and families with the Attendance Team which includes members of the SBST to determine the needs of the families. Students and families are greeted at the door at arrival and encouraged to pick up their students at dismissal. There is a DYCD afterschool in the school which can provide afterschool services if needed. The Pupil Accounting Secretary will provide an adult family member with a transit card and the student with a transit card or request bus service.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students in foster care will be monitored for attendance and achievement throughout the year. We will use current data to support the needs of the students. There will be frequent communication with the families about attendance and achievement progress.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Students will be immersed in a welcoming and engaging environment. Students will be provided services as needed. Students can meet with the school counselors and social worker. They can ask to visit the Sensory Garden as a place to unwind, to find belonging, and to practice self regulating strategies when faced with academic or behavioral challenges. Students will participate in a mindfulness and yoga class every 7 days.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 69, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 69 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 69, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

On-going Professional Development in literacy is offered by the Literacy Coach throughout the school year to all grade levels with focus on comprehension, building vocabulary, word study and the rigor embedded in the HMH Into Reading curriculum and the Next Generation Learning Standards performance tasks.

On-going Professional Development in mathematics is offered by the Math Coach throughout the school year to all grade levels with focus on the Savvas Realize enVisionMath 2020 methodology of teaching mathematics and the rigor embedded in the formative assessments.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

While there is no Pre-Kindergarten program at the school, prospective families receive a packet over the summer to prepare for Kindergarten. Upon request, parents can also tour the school. There is a Parent Orientation meeting in September. Parents are invited to meet with the teachers to learn about school/classroom routines and the curriculum. The Parent Coordinator and PTA host a welcome meeting and workshops. Monthly letters from the principal and calendars are translated and sent home to facilitate communication and make families feel more welcome. The SBST and IEP teacher reach out to families to continue Early Intervention services for students with IEP.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
C4E Class Size	Federal	1,341,791	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
Contract for Excellence	Federal	758,151	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
Title I SWP	Federal	838,548	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
Title IIA supplemental/ carryover	Federal	13,480	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
IDEA	Federal	300,490	x	Priority 1-5, Chronic

				Absenteeism, IEP, MTSS
Title III LEP/ LEP carryover	Federal	48,274	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
Tax Levy (Fair Student Funding)	Local	5,770,846	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS
Tax Levy (other)	Local	1,953,221	x	Priority 1-5, Chronic Absenteeism, IEP, MTSS

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	JoAnn Yenzer
Assistant Principal (Where Applicable)*	Lisa Fung-Fernandes
English as a New Language (ENL) Teacher*	Nancy O'Sullivan
Teacher (if school has a bilingual program must be a bilingual teacher)*	Lillian Chen
Parent/Guardian*	Ling Jing Tang
Parent Coordinator	Patricia Coluccio
Related Services Provider	Amy Walford
School Counselor	Su Xian Wu
Coach	Gordana Buchanan
Coach	Dana Marinaro

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

11

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

5

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

558

Total number and percentage (%) of current ELLs:

311 (55.73%)

Total number and percentage (%) of former ELLs:

93 (16.67%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

265 (85%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

46 (15%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

69 (22%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	ICT	Mandarin	2024	1	1		1										3
TBE	GE	Mandarin	2002		1	1											2
TBE	GE	Mandarin	2023					1	1								2
DLBE	GE	Mandarin	2025	2													2
DLBE																	0
DLBE																	0
				total: 3	total: 2	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The Stand-alone English as a New Language (ENL) program at PS 69 provides instruction in English with home language support to emphasize English language acquisition. The instruction is to develop English language skills so that students can succeed in core content courses. Advanced Literacy strategies are also implemented and is delivered by a certified ENL teacher. These stand-alone students are grouped by ENL levels of Entering and Emerging and are grouped homogeneously by grade. Entering and Emerging students are programmed for 180 minutes of stand-alone ENL. The stand-alone ENL period focuses on writing, word study , phonics and vocabulary. Wilson ,Into Reading and Hougton Mifflin Harcourt Publishing resource materials are also used in instruction. The four modalities of English language acquisition, speaking, listening, reading and writing are spiraled in these lessons.

Integrated ENL:

The integrated ENL instruction focuses on English language skills through content area instruction with emphasis on vocabulary and comprehension. It is delivered by a certified ENL teacher co-teaching with a content area teacher. Integrated ENL instruction include content area subject matter using Advanced Literacy strategies and Speaking and Discussion Protocols and Techniques. Into Reading as well as HMH scaffolds are infused into small group lessons. All ELLs and former ELLs up to two years after exiting ELL status still receive testing accommodations and small group instruction.

Integrated ENL instruction is delivered through a predominantly push-in collaborative model.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

Transitional bilingual education (TBE) programs are designed so that students develop conceptual skills in their home language as they learn English. All instruction is aligned with the Next Generation Learning Standards to accelerate student achievement. TBE programs are predicated on transferring literacy from a student's home language to a student's new language (English). Students acquire literacy most effectively in the language most familiar to them. Skills used in home language acquisition (eg. making sense of print, using writing to communicate, playing with language structure, developing vocabulary) are skills that a student can use for faster and more successful acquisition of English literacy.

In TBE programs, students transfer home language skills to English by spending instructional time primarily in the home language before steadily transitioning to English. The model of the TBE programs is 60% English and 40% Mandarin. At the beginning/entering level, TBE students are expected to receive 75% of instruction in their home

language and 25% in English. As a student's English proficiency increases, more of his or her instructional day is spent learning in English. In TBE programs, teachers must make several considerations when determining which language is best to teach certain concepts. Teachers must consider carefully the intellectual demand of concepts, student familiarity with concepts in the home language and English, and the academic language required for using and mastering concepts.

Dual Language Bilingual Education (DLBE):

At PS 69, there is a comprehensive ENL program that integrates standalone and integrated instruction across K-5, alongside a Dual Language program starting in Kindergarten. ELLs are grouped heterogeneously, ensuring compliance with CR Part 154.2 guidelines, which mandate 360 minutes per week of ENL instruction for entering and emerging students. Within this framework, entering and emerging students receive 180 minutes of standalone ENL instruction and 180 minutes of integrated ENL instruction. Emerging students initially start with 90 minutes of standalone ENL instruction at the beginning of the school year and transition to 90 minutes of integrated ENL instruction as the year progresses. This approach not only supports language development but also facilitates integration into the broader academic curriculum. It allows for tailored instruction that meets the diverse needs of ELLs, fostering both linguistic and academic growth throughout their educational journey at PS 69.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The mandated number of instructional minutes is provided according to proficiency levels in our TBE and ENL program. We identify all ELLs according to their proficiency levels of entering, emerging, transitioning, expanding and commanding and the teachers are programmed accordingly. For our ENL program, entering and emerging level students are programmed for 360 minutes; transitioning and expanding students are programmed for 180 minutes; and commanding students are programmed for 90 minutes. ENL instructional time for the TBE program is delivered within the Literacy block which is 2 periods a day.

Bilingual instruction for grades K-5 are provided according to the following program model. Students in the beginning stages receive native language instruction and English instruction using a 60/40 ratio of Chinese and English respectively. Students in the intermediate stages receive native language instruction using a 50/50 ratio of Chinese and English. Students in the advanced stages receive native language instruction using a 25/75 ratio of Chinese and English. Native Language instruction is delivered in blocks of 50 minute periods daily according to the Language Allocation Policy Guidelines for Transitional Bilingual Programs. As the year progresses, the teacher shifts increasingly towards English instruction in line with the students' emerging language proficiency. ENL instructional time for the TBE program is delivered within the literacy block, 2 periods a day.

In line with the Commissioner's Regulations, Part 154, all of the Bilingual teachers differentiate instruction according to students language levels. The bilingual classes extend the literacy block, when needed, in order to accommodate the varied needs of the bilingual learner.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The core content areas taught bilingually are literacy, math and social studies. The following is a 7 period day schedule for a Chinese TBE
class. One 150 minute Literacy Block (ENL) This includes Word Study, Reading Workshop and Writing Workshop.
One 50 minute Math Workshop (Chinese/English)
One 50 minute Content Area- Science, Social Studies (Chinese) One 50 minute Native Language Arts (Chinese)

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

PS 69 uses the side-by-side side model for kindergarten. English and Mandarin instruction are taught 50/50. Dual language students learn 50% of the lessons in Mandarin Chinese across all subjects (reading, writing, math, social studies, etc.) and 50% of the lessons in all subjects in English. All core content areas are taught in both English and Mandarin. Emergent literacy is taught simultaneously. In kindergarten, we use the alternate day language model. There will be alternate full days in Chinese and English (students switch teachers/classrooms each day). Our school runs on a 7-day cycle.
On Day 1, Class A would learn in the Chinese teacher's classroom, and Class B would learn in the English teacher's classroom.
On Day 2, Class A would be with the English teacher, and Class B would be with the Chinese teacher.
On Day 3, Class A would be back with the Chinese teacher, and Class B would be back with the English teacher; and so on.

b. In which language(s) is each core content area taught?

English and Mandarin

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

The core content areas taught bilingually are literacy, math and social studies.

The following is a 7 period day schedule for a Chinese TBE class.
One 50 minute Word Study
One 50 minute Core Literacy Writing ENL)
One 50 minute Core Literacy Reading (ENL)
One 50 minute Math Workshop (Chinese/English)
One 50 minute Content Area- Science, Social Studies (Chinese)
One 50 minute Native Language Arts (Chinese)

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At PS 69, the percentage of ELLs that are Newcomers is 85%. For the Newcomer subgroup, teachers effectively differentiate services and instruction by using visual aids, graphic organizers, sentence stems and TPR Total Physical Response for comprehensible input. Phonics and word study using the Heggerty Phonemic Awareness as well as Dolch sight word lists are taught to develop primary literacy skills. These effective services differ from those provided to Developing ELLs by focusing on direct, explicit, multisensory, structured, sequential, way to teach literacy when reading and writing. Teachers continue to use linguistic scaffolds from Into Reading HMH publishing such as visual aids, anchor charts, graphic organizers, and sentence stems for goals related to classroom activities. Bloom's taxonomy and levels of questioning are modeled and practiced by both teachers and students. Teachers plan for interactive language practice such as turn and talk, small group discussions and presentations to extend learning in English.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

There are no SIFE students at our school.

SIFE that enter our classrooms bring varied experiences both inside and outside of school. It is important for teacher to find ways to draw daily on student language, knowledge and experiences and use them as a bridge to help students access new language and new content. Teachers will establish routines for repeated exposure to academic thinking. Teachers will explicitly teach methods and strategies and align them to the Hallmarks of Advanced Literacy. Teachers will maximize opportunities for students to participate and hold them accountable where they share ideas and work collaboratively. Teachers will embed strategies such as Think-Pair-Share, daily writing, and peer and self assessment (Glow and Grow). Teachers can provide language frames at different levels to support language production such sentence frames and sentence starters/partial sentences. Teachers will explicitly model language structures and embed opportunities for students practice decoding and speaking in complete sentences. Students who are still learning to decode should focus on picture clue strategies and phonics based decodable texts

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

There are no Long-Term ELLs at our school.

Instruction for Long-Term ELLs will be differentiated based on the strengths of the students. The classroom environment will promote students to communicate in their native language and English. Students will have opportunities to communicate in small group settings where they engage in the four modalities of speaking, listening, reading, and writing. Students will be programmed for Stand-alone ENL class and/or Integrated ENL. Teachers will help students select and set goals for reading, writing, language, speaking and behavior. Teachers will group students strategically, either homogeneously or heterogeneously, for specific purposes to complete the task and to share and respond to work. Teacher will embed opportunities for structured oral language development, provide curricular materials that are connected to student's background and interests. Teachers will build in routines to teach essential vocabulary and language structures. Teachers will provide a text-rich environment with mentor text models. Teachers will engage with parents to create multilingual word walls displaying content specific vocabulary written in students' home languages. These practices will connect language environments where students can learn in literacy-based English language and their home language.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The percentage of former ELLs at our school is 41% They are provided 90 minutes a week of integrated ENL and core content individualized learning support and assessments that measure language and academic progress to improve academic outcomes for these students. Small group instruction is emphasized. Teachers continue to give linguistic support in the academic language of content instruction. Teachers emphasize higher order questioning strategies to encourage discussions, conversations and writing for academic and creative purposes.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Data from Spring 2025 ELL Data Analysis Tool EDAT:

We have ELLs with 1-6 at-risk indicators with a majority of the ELLs with 1 at-risk indicator.
56.9% have 1 at-risk indicator
30.5% have 2 at-risk indicators
12.5% have 3-6 at-risk indicators

91% of ELLs with at-risk indicators are Newcomers (0-3 Years of ELL Service). According to the EDAT report, being a Newcomer ELL is considered At-Risk.

33.8% of ELLs with at-risk indicators are ELLs who did not demonstrate sufficient ELP Progress on the Spring 2024 NYSESLAT.

5.8% of ELLs with at-risk indicators are ELA: ELLs who scored level 1 or 2 last school year.

Poor attendance can increase the chance for students being at-risk. As of June 2025, our school's year-to-date average attendance rate is 97%. With our high attendance rate, we have less students with a high number of at-risk indicators.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The trends that are noticed for at-risk levels for former ELLs at our school is that they scored above level 2 on the ELA and Math state exam. In this subgroup, there are 96 students who are former ELLs, which is approximately 18%.

Data from Spring 2025 ELL Data Analysis Tool EDAT:

We have Former ELLs with 0-3 at-risk indicators with a majority of the Former ELLs with 0 at-risk indicators.

82.8% have 0 at-risk indicator
11.8% have 1 at-risk indicator
5.4% have 2-3 at-risk indicators

This shows most of our former ELLs are not at-risk. The highest percentage of at-risk indicators for former ELLs is 16.1% were ELA: Former ELLs who scored Level 1 or 2 last school year. The next highest percentage of at-risk indicators for former ELLs is
3.2% were in both Math: Former ELLs who scored level 1 or 2 last school year and ELA: Former ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The largest representation of ELLs in our school speak Mandarin and several dialects of Chinese. There are staff members that speak and write the language that have assisted with communication with the parents. Our CBO, Brooklyn Chinese American Association, has also provided translation during parent teacher conferences. As soon as a parent contacts the school, the secretary asks for the parent's preferred language. Once the language is determined, a staff member is contacted to help with translation. If the staff member is not available, we will contact the Translation Line to support the parents.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Our school's ELL's racial and ethnic classifications are as follows:

Student Demographics
Asian: 89%
Black: <1%
Hispanic or Latinx: 6%
Native American: <1%
Native Hawaiian/Pacific Islander: 0%
White: 4%
English language learners: 49%
Students with IEPs: 19%
Economic Need Index: 91%
Female: 44%

Male: 56%
Neither female nor male: 0%

As our ELL population is over 40%, planning and delivery of curriculum, including Culturally Responsive and Sustaining Education, is integrated into our Literacy and Social-Emotional Learning units. We will continue to build experiences in the curriculum where educators create student-centered learning environments that affirm racial, linguistic, and cultural identities; prepare our students for rigorous learning; and empower students as agents of social change.

Welcoming and affirming environment
When students and families first enter the school building, they are greeted by staff. The school supports families by communicating with families in English and their native language. Translation is provided through a bilingual staff member or through the use of online translation services. In collaboration with the Parent Coordinator and Parents Association, the school supports the families with workshops and resources. The integration of Leader in Me curriculum and activities will create a culture of leadership and empowerment for our staff and students. Students, families, and teachers will be taught directly and indirectly the 7 habits of highly effective people. The school will encourage the change in paradigms where "Everyone can be a leader. Everyone has genius. Change starts with me. Empower students to lead their own learning. Educators and families partner to develop the whole person."

High expectations and rigorous instruction
As part of the Leader in Me, there are opportunities for students to hold leadership roles in the classroom and in the school. Students in Grades 4 and 5 have the opportunity to join the Student Council and the Wellness Council to promote schoolwide initiatives. The school has a dedicated Civics teacher who facilitates students in civic engagement activities such as Soapbox and Participatory Budgeting. Throughout the Tier 1 literacy curriculum, the students are engaged in project -based learning.

Inclusive curriculum and assessment
During professional learning, the teachers are engaged in adapting the Tier 1 Literacy curriculum to support the diverse populations at the school. The ENL and bilingual providers are present at planning to support the MLLs by providing them with language supports and scaffolds. On each grade level there are teachers of Students with Disabilities that contribute strategies to make the lesson accessible to all students. Lessons are developed with multiple entry points.

Ongoing professional learning and support
The school and UFT formed a professional learning committee to focus on how teachers can support students of racially, culturally, and linguistically diverse backgrounds. Teachers are provided opportunities to attend citywide professional learning. The focus of professional learning is to align it to the state standards and to increase student engagement and student achievement.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 EDAT, the summary of Spring 2024 NYSESLAT results and English Language Proficiency progress showed the following

22.5% met progress by exiting ELL status
10.0% met annual progress target
1.9% met safe harbor cumulative growth
65.6% progress not met

It is noted that the number of students who tested out of NYSESLAT decreased in the past year which confirms that higher percentage of students where progress was not met.
Students tested out- Spring 2024 was 36
Students tested out- Spring 2023 was 57

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The data patterns reveal that ELLs taking the NYSESLAT are making gains throughout each proficiency level, especially from transitioning to the expanding level. There are increases from Entering, Emerging, Transitioning, and Expanding levels. Of the 311 ELLs who took the NYSESLAT, 100 were in the Expanding level, 65 in the Transitioning level, 68 in the Emerging level and 78 in the Entering level. The modality of strength for grade 1 was Reading, grade 2 Speaking. For grade 3 it was Listening, and both grade 4 and 5 Speaking,. The NYSESLAT data informs us that our students are making annual increases in both progress and proficiency according to the ELL Data Analysis tool.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

We inform our ELL program and evaluate our assessment outcomes, using the NYSESLAT, NYS ELA, and Math state tests. We also look at the ELL Data Analysis Tool to help us design instructional and intervention programs for specific subgroups of ELLs. The data patterns reveal that ELLs taking the NYSESLAT are making gains throughout each proficiency level, especially from transitioning to the expanding level. For the ELA levels a majority of our ELLs are scoring at level 1 and 2 while a minority is scoring level 3 and 4. For the Mathematics test, the percentage of ELLs are performing similarly in both levels 1 and 2 as well as 3 and 4.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Currently, we have 69 ELL students with IEP and no students with SIFE. There are 35 students who scored at the Entering/Emerging levels and there are 34 students who scored at the Transitioning levels. Students with IEP have difficulty processing materials for comprehension and may need directions and instructions read and reread. Many have speech and language difficulties. Some of our students are also learning to regulate their emotions before they can proceed onto academics.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

The instructional approaches and methods used are the Advanced Literacy Model and Sheltered Instruction Observation Protocol Model (SIOP) to provide ELLs with a high quality experience that leads to deeper learning. ELLs are fully integrated into daily content curriculums with scaffolding to support comprehensible input as well as critical thinking in the 4 modalities of reading, writing, speaking and listening.
The key components of SIOP are the following: highlighting key concepts or vocabulary, using visuals and graphic organizers, modifying speech, modeling structure, and practicing skills within structured activities. These are scaffolding techniques that build language skills as well as critical thinking skills in literacy and core subject areas.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At PS 69, our Instructional Leadership Team considers and discuss ELLs in the school's instructional design. Weekly grade meetings with literacy and math coaches are in place to support the efforts for the planning of ELLs. Additionally, there are monthly planning professional development periods in literacy for each grade level. These planning periods include emphasis on all ELLs and their subgroups. Reading and writing lessons are planned to include Advanced Literacy instruction to promote ELL achievement. This includes teaching literacy and content simultaneously with high order questioning strategies. Emphasis may include ELL and special ed modifications to scaffold instructional practices. Language standards and objectives are incorporated to inform our instructional goals. Student progress may be discussed for further implementation of language acquisition goals.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core content is delivered in the Chinese Bilingual and ENL program to integrate academic and English language instruction for success in the content subject areas. The instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Next Generation Learning Standards. These approaches are based on the Advanced Literacy Model and Sheltered Instruction Observation Protocol Model (SIOP). The Advanced Literacy Model is based on 4 Hallmarks that advance ELLs for literacy and knowledge with specific protocols for teaching. The SIOP model makes academic instruction comprehensible by providing extra context support to the learner to enrich language development. We align both of these instructional model with the Into Reading adapted curriculum to differentiate instruction for ELLs to make content comprehensible. The key components of SIOP are the following: highlighting key concepts or vocabulary, using visuals and graphic organizers, modifying speech, modeling structure, and practicing skills within structured activities. These are scaffolding techniques that build language skills and content vocabulary. These language and instructional approaches and methods foster language acquisition that are able to meet the demands of the Next Generation Learning Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of ELLs and Students with Disabilities provide access to academic content using specific instructional strategies and grade level materials. There are seven special education teachers that provide this additional support to at-risk students, ML/ ELL students and bilingual students with special needs. There are 6 monolingual ICT classes and 3 bilingual Chinese ICT classes. There are also 3 Special Education 12-1-1 bridge classrooms. The special education teacher aligns instruction with the classroom teacher in the ICT setting providing support to the students. One strategy is to modify the content materials used in the subject area being taught. Another strategy is to scaffold materials learned by using graphic organizers, and pre-teaching vocabulary for conceptual knowledge in learning new information. S.P.I.R.E. is a scientific based reading intervention program used with SWD-ELL students who struggle with reading. It is designed to build reading success through an intensive structured spiraling curriculum. In addition, Wilson Fundations by Wilson (a language training program) aligned with the Orton-Gillingham method is used to accelerate phonemic awareness and strategies for students. This program is also available on-line to students. These programs all reinforces specific skills for literacy and comprehension targeting students weaknesses. It engages student's interest and knowledge base using both fiction and non-fiction text. It promotes individualized and independent student work. Goalbook is also a tool used by the teacher to develop individual learning goals for their SWD_ELL students with multiple entry points of access . In addition The Really Great Reading program is integrated during word study to support reading instruction that is interactive, explicit, structured, and multisensory. This further helps to engage ELL students with IEPs. Home language materials used for students of ML/ELL-SWDs include NYS word-to-word content area dictionaries to align to content area subjects such as science, math, and social studies and bilingual libraries both non-fiction and fiction. Google translator may also be used on the ipad for direct translations of text if necessary in written and audible form. An instructional strategy used for home language instruction is "Preview, View and Review " In this strategy the teacher first provides students with a quick introduction to the lesson in the native language; then the lesson is given in English; and finally, a short summary is provided in Chinese. Another strategy to develop academic language is to provide multiple points of entry for their students according to their English proficiency level. For example, all students will be working within the same content area but the teacher will be able to create different supports for their students to access the content and academic language.

b. SIFE

There are currently no SIFE students at PS 69K.

SIFE that enter our classrooms bring varied experiences both inside and outside of school. It is important for teacher to find ways to draw daily on student language, knowledge and experiences and use them as a bridge to help students access new language and new content. Teachers will establish routines for repeated exposure to academic thinking. Teachers will explicitly teach methods and strategies and align them to the Hallmarks of Advanced Literacy. Teachers will maximize opportunities for students to participate and hold them accountable where they share ideas and work collaboratively. Teachers will embed strategies such as Think-Pair-Share, daily writing, and peer and self assessment (Glow and Grow). Teachers can provide language frames at different levels to support language production such sentence frames and sentence starters/partial sentences. Teachers will explicitly model language structures and embed opportunities for students practice decoding and speaking in complete sentences. Students who are still learning to decode should focus on picture clue strategies and phonics based decodable texts.

c. Newcomers

For the Newcomer subgroup, teachers differentiate by using visual aids, graphic organizers, sentence stems and TPR (Total Physical Response) for comprehensible input. Phonics and word study using the Orton-Gillingham methodology, Heggerty Phonemic Awareness as well as heart word and high frequency word lists are taught to develop primary literacy skills. Essential and foundational skills for decoding in reading and writing are highlighted in the Wilson program, and HMH program Into Reading. Critical vocabulary and vocabulary strategies are taught for each module and unit for further comprehensible input. Special attention is given to practice these words in speaking, listening and writing.

d. Long Term ELLs

These students are serviced through an integrated classroom setting. ENL teachers work with their classroom teachers to modify content and provide appropriate language supports. Based on students' performance and language levels, ELL providers may provide one-on-one or small-group instructions for struggling ELLs or those who need to work further on specific learning targets. ENL providers also provide language objectives that can make academic language more accessible to ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

All MLLs/ELLs-SWDs achieve their IEP goals by using flexible scheduling for a least restrictive environment. Flexible scheduling is implemented for both general education students, ICT classes as well as for ELL students in a 12-1-1 model. Using the least restrictive environment, the ELL students that are approaching standards in the 12-1-1 class are mainstreamed into general education content area classes. For the general education MLLs/ELLs with an IEP, the reverse programming is implemented. Students who are struggling in a subject area will be given several periods a day in a 12-1-1 class. This flexibility in scheduling in a least restrictive environment will help MLLs/ELL-SWDs in general education and special education class attain English proficiency. For instructional flexibility, there is tiered support system of At-Risk SETSS in place. In addition, targeted scaffolding support is included in the mainstream classroom or resource room. To support meeting their standards-based IEP goals, meaningful and regular consultation, planning, support, and coordination are all within the meeting times of special education teachers and related service providers. All special education teacher and support personnel for MLLs/ELL-SWDs are included in curriculum planning meetings. There will also be three Integrated -Co teaching services for grades kindergarten, first and second grades. The are two teachers—a general education teacher and a special education

teacher will work together to adapt materials and modify instruction to make sure the entire class can participate. Flexible grouping and collaborative teaching is a key component for instruction to match learning tasks based on the curriculum and learner's strengths, needs, and interest.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Native language support is delivered in the Chinese bilingual classes with bilingual books for their libraries. Additionally, teachers create their own materials in Chinese to support a bilingual learning environment in content areas such as math, social studies, and science. In the TBE classes, for native language arts, teachers design curriculum that is aligned with HMH Into Reading. They gather and design lessons that reinforces skills taught in ELA. Assessments are teacher created. In the Dual Language classes, the teachers use Chinese Made Easy and weekly and unit assessments are embedded in the program.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Systems and structures are in place to support integrated co-teaching for ELL program models in terms of programming for ELL and bilingual teachers. ELL teachers have been programmed in the push-in model mostly in literacy blocks and this includes additional periods of support for bilingual teachers. When planning for the upcoming literacy modules, ELL providers attend the sessions according to the grades they service. During the planning sessions, the classroom teachers and ELL providers review the skills taught in the module and develop supports and scaffolds for the MLs/ELLs. These sessions are dedicated to collaborative discussions on critical topics such as data-driven instruction and backward design in lesson planning, etc. To streamline collaboration and ensure continuity, every teacher contributes to a shared and editable weekly planning document.

As a school, we have used different models of co-teaching to ensure the delivery of instruction is to develop the language and literacy competencies of MLs and ELLs whle building their content-area knowledge and skills. The co-teaching models may include
1. One Group: One Leads, One “Teaches on Purpose”
2. One Group: Two Teach the Same Content
3. One Group: One Teaches, One Assesses
4. Two Groups: Two Teach the Same Content
5. Two Groups: One Pre-teaches, One Teaches Alternative Information
6. Two Groups: One Reteaches, One Teaches Alternative Information
7. Multiple Groups: Two Monitor and Teach

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the

academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The professional development plan for MLLs/ELL personnel and classroom teachers include mandated and optional professional development within and outside of school. Classroom, MLs/ELL and bilingual teachers participate in workshops offered by the NYC Department of Education, Department of English Language Learners and Student Support , United Federation of Teachers. The focus of in-house professional development at PS 69 is providing support for all students including the MLs/ ELLs using the NYC Into Reading and enVision Math programs. Professional development sessions are conducted weekly by grade with the literacy and math coaches. Teachers and coaches also meet for extensive planning after each unit of study. The literacy and math coaches provide extensive support to both classroom and ENL and Bilingual teachers to implement the complexities of this challenging curriculum. This is an ongoing process throughout the school year and teachers share-out student growth and strategies implemented. The following is an outline of professional development related to MLs/ELLs

- Supporting MLs/ ELLs through Social Emotional Learning for Staff and Students
- Overview of Core curriculum with a focus on supports and scaffolds for MLs/ ELLs in Savvas Realize and HMH Into Reading
- Reviewing and analyzing data from Acadience and iReady screeners to determine how to group students by skills and to develop lessons
- Ongoing professional learning to incorporate strategies to support learning for MLs/ELLs in Literacy such as visual cues, graphic organizers, and language models
- Ongoing professional learning to review the instructional practices in Math
- Using Leader in Me to deliver direct and indirect lessons to teach the 7 Habits
- Prompts and Questioning. Building opportunities to model language use
- BOY/MOY/EOY Reflections and Celebrate Growth
- Become familiar with "Word Selection Matrix" to target a small set of academic vocabulary for deep learning in each module
- Review Biliteracy and the Literacy Shifts
- Review language allocation and literacy instruction to build bridging, transferring and trans-languaging opportunities

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The 15% of total hours for all certified faculty and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development through on-going in-house training conducted by the assistant principals and literacy and math coaches during our 7-day cycle and Monday after professional learning sessions. The Literacy and Math coaches turnkey material shared at District and citywide meetings. ENL Teachers attend the planning sessions and then continue to develop and refine supplemental plans to support comprehension through key vocabulary and ESL scaffolds. Our professional development plans allow us to share out and become resource staff for all teachers across grades. In addition, ENL/Bilingual teachers attend professional development conducted by NYCPS Division of Multilingual Language Learners and District 20 Office of EL/MLL.

Attendance records and agendas are maintained for every professional development meeting by coaches, teachers, and administrators. All documentation is available in the school's Google shared drive with hardcopies in binders.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessments used for Grades K-2 Reading is Acadience and for Grades 3-5 is i-Ready. At grade level meetings, teachers analyze the assessment data and embed scaffolds and supports for ELLs. The instruction will take place during small group instruction where students are grouped by skills and needs. Teachers will analyze iReady BOY and MOY data to form small groups and focus on the skills that students need. The data can also provide insight into who needs foundational support.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The targeted intervention programs for ELLs in ELA, Math and other core content areas include additional resources from the Tier 1 HMH Into Reading Curriculum. All ELLs have access to Tier 1 HMH Into Reading curriculum, including English language development in small group instruction with the classroom teachers.

Teachers will be using Wilson Fundations to build a strong phonics foundation for Grades K-2. A more targeted intervention for foundations will be Heggerty or Spire Sounds Sensible.

Teacher will be using Phonics for Reading for Grades 3-5. A more targeted intervention will be Spire.

Students in targeted intervention programs are grouped according to needs and abilities for specific scaffolded support in all the core content areas such as math, social studies, science, and literacy.

These students are also included in our after-school programs. The Afterschool program will target students based on proficiency level. The following data is used to identify students that require targeted intervention programs for instructional support; NYSESLAT scores, Into Reading assessments, ELA and Mathematics scores, and informal teacher observations. NYSESLAT scores identify at risk ELLs that have not made progress in learning English. Into Reading assessments and i-Ready diagnostics will identify at risk ELLs that have not made progress in reading and math. ELA and Mathematics results inform us of ELLs that fail to meet standards. Informal teacher observations help us take a closer look at daily students performance and interactions.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 69 has Multi-tiered System of Supports (MTSS): a data-based decision-making framework for school teams to coordinate evidence-based instruction and intervention to match the dynamic learning strengths and needs of students. This prevention oriented approach integrates academic, behavioral and social-emotional supports across a continuum of tiers to ensure that all students have access to the right level of support at the right time. The MTSS team will analyze data from screeners and formative assessments to determine the supoprts MLs/ELLs students will need. The team will meet regularly to academic and social emotional learning goals for our students. This prevention oriented approach integrates academic, behavioral, and social-emotional supports across a continuum of tiers to ensure that all students have access to the right level of support at the right time.

All students receive Tier 1 instruction in the classroom. The Tier 1 curriculum includes HMH Into Reading for Grades K-5 and Foundational Skills with Wilson Fundations for Grades K-2. HMH Into Reading is evidence-based, culturally and linguistically aligned, and supports students in language skills. With the HMH approach, students are presented with grade-level texts and supplemental theme related texts. HMH Into Reading provides opportunities for students to read, write, and speak. Students are encouraged to work individually and discuss collaboratively. Weekly assessments are conducted to monitor progress.

When students demonstrate a need and is not showing progress and failing to meet the benchmarks of Tier 1, teachers create Tier 2: targeted supports or interventions- small group. The small groups are led by the classroom teacher, ENL teacher, and/or coach. Students work in small groups targeting on specific skills. These goals may be based on literacy skills, phonics skills, or math skills.

When students demonstrate a greater need and is not showing progress and failing to meet the goals from Tier 2, they will receive Tier 3 interventions: individualized intensive support or intervention with 1-3 students. The Tier 3 groups will meet at least 4 times a week with a trained specialist using a research-based program. Tier 2 is a supplement to the instructional core.

The goal of the interventions may include code-based skills (phonological/phonemic awareness, decoding, fluency) and meaning-based skills (academic vocabulary, oral language, written language, reading comprehension).

For Tier 2/3 interventions, we follow the PLUSS Framework where teachers
- frontload critical vocabulary and prime background knowledge
- model language use
- use visuals and graphic orgranizers
- are systematic and explicitly model and provide guided practice
- strategically use home language to help transfer a concept into English.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments used to inform and drive instruction include HMH Into Reading weekly assessments, selection quizzes and performance tasks. Student published pieces and projects are used to assess writing and speaking. Teachers on the lower grades take informal inventory of the letter and sound recognition, word identification, letter and sound correspondences, and comprehension checks. Reading behaviors are recorded individually. The insights of this data provides diagnoses of MLLs/ELL subgroups and their reading behavior needs.

For example, Newcomer MLLs/ELLs may need to focus on decoding and phonological awareness as well as syntax and visual cues to further comprehension. For Developing MLLs/ELLs emphasis may be on expressive language to reflect deeper understanding of texts read. All of these assessments help the schools instructional plan to target MLLs/ELL learners reading strengths and weaknesses to differentiate instructional practices in the classroom. Data-driven small groups are formed during literacy blocks based on the insights of this data.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In the bilingual classes, teachers organize portfolio assessments for their students. This includes a benchmark to assess reading comprehension, keywords in vocabulary development and writing a short paragraph. This is done after each unit to assess students Chinese development in literacy so they are appropriately evaluated in their home language throughout the year. For our third grade, fourth grade and fifth grade bilingual classes the Chinese Reading Test is administered annually to evaluate reading comprehension in their native language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The school uses data from the summative assessments, such as NYSESLAT, ELA, and Math, to evaluate the effectiveness of the ML/ELL programs. Using the NYSESLAT data and the EDAT, the school is able to determine how the students performed in reading, writing, speaking, and listening. The data is drilled down to the grade level and the levels of proficiency to determine the next steps to move students to the next proficiency level. Using the ELA data and the item analysis tool, we are able to drill down to the specific grade level the standards-based skills. This is an ongoing process where teachers assess, evaluate, discuss and plan. Student outcomes are analyzed to indicate progress or lack of. In addition, there are teacher-made skills-based tests to assess reading and vocabulary to form strategy and skills groups for all MLLs/ELLs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan includes the Administrators, Literacy and Math Coaches and ENL/ Bilingual team members. The testing coordinator and assistant principal runs the ATS report RLER to determine the students eligible to take the NYSESLAT. The testing coordinator creates a schedule, outlining the students, teachers, room numbers, time, date and IEP accommodations, to administer all parts of the NYSESLAT. Training is provided before test administration. The ENL coordinator turnkeys training to the ENL teachers to administer the Speaking portion of the NYSESLAT. ENL teachers will test students other than the ones they service during part of the day so that they are able to continue to provide instruction to the ELLs and former ELLs. Other teachers and staff are trained to administer the multi-session NYSESLAT.

After the administering each session, the testing coordinator/ assistant principal will scan answer documents and

run the scanning report to ensure all documents were uploaded to ATS successfully. The ENL staff and assistant principal will create a schedule for the scoring of the Writing portion and transposing answers from the booklets to the answer documents.

Parents are notified about testing dates and expectations. The bilingual teachers and ENL teachers continue to service the ELLs for mandated students during the testing period. Mandated services resume with the classroom teacher and the ENL providers. Former ELLs receive small group instruction in ELA with the classroom teacher.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing coordinator ensures all current ELLs and former ELLs receive accommodations for state assessments by identifying all ELL students as well as Special Education ELL students on ATS reports RLER , RLAT and RSPE. We also have a in-house rosters that identify students with mandated services.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

After administering the NYSITELL, the ELL department will send out letters of entitlement and non-entitlement letters to parents/guardians. These letters include information on NYSITELL results, a student's ELL status and inform parents/guardians of their right to seek review of ELL status determination. The entitlement letter invites the parents/guardians to attend a parent orientation to inform them about the different ELL programs available in our school or district. The school schedules the meeting for the orientation just after morning arrival to accommodate families who are dropping off their child.

At the orientation, parents receive information in their home language about ELL programs and they will be able to ask questions about ELL services. The orientation is conducted by a trained pedagogue in English with interpretation services from various staff members. At the meeting, parents/guardians are provided with information on the three ELL programs types (Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language), Next Generation Learning Standards, assessments, and school expectation for ELLs.

At the end of the orientation, parent will fill out an ELL Parent Orientation Checklist to confirm that they have the information needed to make decision for their child. In addition, parents will receive an ELL Parent Survey and Program Agreement form that will allow them to make a final decision regarding the services that they want their child to receive. This information will be made available in their home language. If a parent/guardian requested a program and one is not available at the school, they can be asked if they would like to be added to a list maintained by the school or follow the procedures to offer the parent/guardian and ELL bilingual program transfer.

Attendance sheets are kept in a binder. If parents/guardians were not in attendance at the orientation meeting, a staff member will send out a second notice for an additional parent orientation or contact them by phone to schedule an appointment.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The school provides parent workshops to explain the goals of our program, language development progress, how to read the language proficiency assessment results and language development needs in all content areas. If parents, request further clarification we meet them individually to explain. Additionally, the reports are further explained with the ENL provider individually during parent teacher conferences. We share a power -point presentation to show the parents the different aspects of our ENL program, language proficiency levels and how we assess language development progress. An overview of ENL modalities as it relates to ENL content area instruction is also presented. After the power-point, ELL teachers facilitate further discussions for their child's needs. Questions are answered on an individual basis for clarifications and concerns. Translators are provided for interpretation of the power-point presentation as well as questions and answers.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Families are able to respond or initiate communications in their home language by having interpretation services within the school building. The primary language group in PS69 is Mandarin Chinese and there are interpreters available daily. The other languages are Spanish, Arabic, Urdu, Italian and Russian in which interpretation is also provided by our staff. There is a Language Access Coordinator to assist in these services. If necessary the Translation and Interpretation Unit of the NYCPS is available.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

ML/ ELL family empowerment at PS 69 is visible daily throughout our school with a strong relationship between administration
and parents. The Parent Teacher Association and School Leadership Team make shared decisions about school policies and
events that affect our students. Monthly meetings are an integral part of this collaborative process. Please see the activities ofmonthly events below coordinated by our Parent Coordinator, Patricia Coluccio.

Sept - Parent Meet and Greet for Incoming Kindergarten Students. School Leadership Team Meeting Parent/ Teacher Curriculum meeting , Health and Wellness Event Parent Teacher Association meeting , Ragamuffin Parade

Oct- Preparing for Middle School Application Parent Association Meeting , Getting Ready for Parent /Teacher Conferences, School Leadership Team Meeting.

Nov – Parent Association Meeting, Health and Wellness Event, School Leadership Team Meeting , Open House for grades K-5 parents, Literacy and Math parent workshop with coaches, District 20 Family Support Workshop

Dec – Parent Association Meeting. Understanding the Math Curriculum , School Leadership Team meeting, Health and Wellness Event, Title I meeting.

Jan – Parent Association Meeting, Department of Transportation Vision Zero, Health and Wellness Event, Title I Family Event, Incoming Kindergarten Parent Tour In- person.

Feb- Parent Association Meeting, Title 1 Parent Workshop: Helping Your Child Succeed in School. Title I PAC Meeting, Parent Wellness Event, School Leadership Team Meeting.

March-April Parent Association Meeting- Parent Nutrition Class , Family Art Afternoon, Health and Wellness Basketball Event. CITE Title 1 Parent Workshop : Financial Literacy , Parent Workshop ; NYSESLAT Exam, Family Fun Night -TADA. School Leadership Team Meeting.

May - June - Parent Association Meeting - Election of Officers. Family Fun Night - TADA School Leadership Team

Meeting.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Different platforms of outreach ensures families of ML/ ELLs are aware of family leadership opportunities for our school community and Department of Education. Translated letters with information and dates are sent home as well as access through our PS69K website. The school calendar is also given to each student with times and dates for family events and meeting . Another platform used by the Parent Association is GAMA and email. There is also a Parent Information Corner and PS69 Parent Association bulletin board in the entrance of the school. All minutes for the School Leadership Team meetings are recorded and posted on the SLT bulletin board.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We have a relationship with the Brooklyn Chinese-American Association (BCA) founded in 1988 as a community-based not-for-profit human service agency in response to the growing needs of the Asian-American communities in the Sunset Park, Borough Park, and Bay Ridge sections of Brooklyn. Their mission statement is the following: BCA aims at addressing the needs and concerns of the Asian-Americans as well as acting as liaison between the Asian-American community, the government and various private and service organizations in order to promote a congenial relationship among them. Its overall goal is to make the neighborhood a better and more prosperous place for New Yorkers of any descent to reside in, and in turn, contribute to the betterment of our Borough and City as well.
BCA conducts after school programs at PS 69 that includes homework assistance and recreational activities for our students.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

The plan has been updated based on the needs of the students, therefore offering bilingual ICT classrooms on selected grades and bilingual education for K-5. We are starting a new Dual Language Bilingual Education Program (DLBE) in Mandarin/English.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ELL identification team includes the following members who are certified pedagogues:
Assistant Principal
ESL Coordinator
Language Access Coordinator
ESL / Bilingual teachers

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The English Language Learner (ELL) Identification Process includes 4 steps: (1) the administration of the Home Language Identification Survey (HLIS), which includes an interview with the student and parent to determine the student's home language, (2) determination of eligibility to take the New York State Identification Test for English Language Learners (NYSITELL), (3) the administration of the NYSITELL, (4) the administration of the Spanish LAB to newly identified ELLs whose home language is Spanish.

When a new admit is enrolled , the parent is given a Home Language Identification Survey (HLIS) form included in the registration application. This Home Language Survey form is provided in their native language . A trained certified bilingual/ENL pedagogue assists the parents in filling out this form. Bilingual translators or the NYC Translation Unit is used if needed. After the parent fills out the form, an interview is conducted by a trained bilingual/ ENL pedagogue. Both the parent and child are interviewed in order to determine what language the child speaks predominately at home. Once the trained bilingual/ENL pedagogue gathers the Home Language Identification Survey Form and conducts the oral interview, the OTELE code is indicated on the HLIS form. The form is then given to our school Pupil Accounting Secretary who enters the language on ATS. If a parent indicates a

language other than English and the certified bilingual/ENL pedagogue conducting the interview determines that the language indicated by the parent does not reflect the child's dominant language, a notation is indicated on the HLIS of this occurrence. If the HLIS form indicates a language other than English, and the informal interview determines that the student speaks a language other than English, they are eligible to be administered the NYSITELL as the formal initial assessment. This assessment is used to determine eligibility for ESL services. After the NYSITELL exam is administered, answer documents are immediately scanned into ATS via the attendance scanner. The RLCB Scan Report is run to indicate the students' levels of proficiency. For the students whose HLIS indicates Spanish and have been determined to be eligible for services, the Spanish LAB is administered to determine language dominance. The identification and placement process is conducted within the first ten days of enrollment.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Lillian	Chen	Teacher - Regular Grades	10/30/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	18	2.65%	20	2.96%	2	2
CHINESE ANY	559	82.33%	536	79.41%	15	15
CANTONESE	0	0.00%	1	0.15%	5	5
MANDARIN	3	0.44%	24	3.56%	15	15
ENGLISH	56	8.25%	52	7.70%	75	75
RUSSIAN	5	0.74%	5	0.74%	1	1

SPANISH	32	4.71%	30	4.44%	2	2
URDU	5	0.74%	6	0.89%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendar	The parent coordinator and secretary coordinate the events of each month. Calendars are emailed or shared in a Google Drive for translation by the Language Access Coordinator.
Emergency Contact Form	NYCPS provides written translation and in-person, virtual and over-the-phone interpretation services through Office of Language Access
Permission slips	Letters are created and shared in a Google drive for translation by a bilingual staff member.
Lunch Form application	Online platform provides translation
Attendance Policy and Plan	The attendance coordinator drafts the plan. The plan is emailed or shared in a Google Drive for translation by a bilingual staff member. Document can also be submitted to the Office of Language Access for translation.
Family Handbook	Family handbook is created and shared in a Google drive for translation by a bilingual staff member. Document can also be submitted to the Office of Language Access for translation.
Monthly Principal newsletter	Letters are created and shared in a Google drive for translation by a bilingual staff member.
Media Consent Form	NYCPS provides translation
Internet Acceptable Use	NYCPS provides translation

Policy	
Cell Phone Policy	NYCPS provides translation
Parent Flyers	Letters are created and shared in a Google drive for translation by a bilingual staff member.
Afterschool invitation letters	Letters are created and shared in a Google drive for translation by a bilingual staff member.
Afterschool acceptance letters	Letters are created and shared in a Google drive for translation by a bilingual staff member.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent teacher conferences	When the teacher makes an appointment with a parent, the teacher asks if interpretation is needed. If needed, the teacher will request a interpreter by notifying the main office to make arrangements for a bilingual staff to be present. Teachers and staff will also use the Oral over-the-phone interpretation services to request an interpreter. Meetings may in-person or held virtually over Zoom.
Curriculum conference	Teachers meet with the parents on each grade level. At each grade level, there will be a teacher/staff member to translate. Meetings may in-person or held virtually over Zoom.
Parent engagement meetings	When the teacher makes an appointment with a parent, the teacher asks if interpretation is needed. If needed, the teacher will request a interpreter by notifying the main office to make arrangements for a bilingual staff to be present. Teachers and staff will also use the Oral over-the-phone interpretation services to request an interpreter. Meetings may in-person or held virtually over Zoom.
Parent workshops	Interpretation may be provided through the vendor. If needed, a parent association member or staff member may translate for in-person workshops.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, families are contacted by language-specific staff members via phone, letter, website, or
social media. Teachers and staff will also use the Oral Over-the-Phone Interpretation Services to request an interpreter. We have directed parents to visit our School website frequently as it will be updated often. We will be using DOE Messaging as a communication platform to send out written notifications of any school-wide emergency and student-specific event. We will also be able to email families from information gathered from Emergency contact Forms or ATS. Letters to backpack home are also distributed by the teacher through Google Classroom.

In the event of a student-specific event, families will be contacted by a language-specific staff member or through written notice. Teachers and staff will also use the Oral Over-the-Phone Interpretation Services to request an interpreter.

If a parent has an emergency and needs to contact the school, the secretary will field the call and ask if the parents needs a translator.
At parent meetings, it is emphasized that when parents call the school and need translation, they should ask for their preferred language such as "I speak Chinese." Once the language is determined, we will contact a language-specific staff member to speak to the parent. Parents can also contact school through email or social media using their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Language Access Coordinator will attend training offered by the Brooklyn South Borough Office. At the beginning of the school year, during the Chancellor's Day for Professional Development, the Language Access Coordinator will inform teachers of the Chancellor's Regulation A-663 and the Translation and Interpretation Unit which offers written translation, on-site interpretation in 90 languages, and over-the-phone interpretation services in 350 languages.

All staff will complete the required asynchronous NYCPS Language Access training on the WeLearnNYC platform during Monday Professional Learning or Chancellor's Day in November.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The school will fulfill the Chancellor's Regulation that families with Limited English will be provided with a meaningful opportunity to participate and have access to programs and services critical to their child's education. Upon entering PS 69, parents are greeted with signs offering Language Services displayed in the main entrance and then repeated outside the main office. These signs are posted in every identified language from PS 69K. Additionally, a language Identification Card is on the counter inside the main office. This card is presented to non-English speaking parents, so that they may find their language and identify it to office staff. Over-the-phone interpretation services are also available from the NYCDOE Translation and Interpretation Unit; this phone number is listed on the language Identification Card. Translators will be provided when needed at workshops and Parent Association meetings to ensure each family will receive all communications based on their home language survey. Letters sent home will be translated into the dominant languages of need (Chinese, Spanish, Arabic) to support communication.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parents are welcome to voice questions, suggestions, and concerns to the school. The Parent Coordinator can direct the parents to the appropriate person(s) and/or necessary resources. The Parent-Teacher Association holds monthly meetings to inform parents of events and to invite parents to voice concerns. Parents can also bring issues and concerns to the monthly School Leadership Team meeting. A focus group of parents inclusive of all cultures and languages represented in our school will be asked to meet to gather feedback and improve practices. Informal surveys will be conducted throughout the school year to gather feedback on parents' needs.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

From our surveys, we noticed that parents need oral translation more than written language. During all parent meetings, we have provided language-specific translators to support our families.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

170

Grades to be served in this program. Select all that apply.

,2,3,4,5

Total number of teachers in this program:

15

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

13

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

There are approximately 311 ELLS at PS 69K. We are targeting 179 students in grades 2-5 Entering, Emerging, Transitioning, and Expanding ELLs to support language development in the 4 modalities of listening, reading, speaking, and writing in an After-School Program. Based on both the NYSESLAT, i-Ready Diagnostics, and Into Reading assessments, emerging, transitioning, and expanding students are invited to this program. The rationale for the program is linked to content areas of academic English for ELLs needing further instruction in reading and writing. This program provides additional direct instruction to improve academic achievement in content subject areas. Pending funding, Entering students may be invited to participate in a newcomer program for literacy and oral language instruction. The subgroups and grade levels of students in grades 2-5 to be served are approximately 39 entering students, 30 emerging students, and 38 transitioning students. Pending funding, 72 expanding students. The schedule and duration of the program will be held approximately from January through May. It includes 8 sessions at 2.5 hours each week.

The quantitative data analysis includes ATS reports, RLAT and RESI. ELL student data are then merged to create the EDAT (ELL Data Analysis Tool) which helps us to analyze student's growth, needs, and trends according to exam and attendance histories. Qualitative data analysis includes teacher observations and recommendations of students for the ELL program. The 2 1/2 hour program will be organized accordingly. There will be approximately 15 classes for grades 2-5. For students, the 4 strands of listening, speaking, reading, and writing will incorporate content-area topics. The topics included in each strand will be in four content areas (conversational language, academic language arts, academic science, and academic social studies) across listening, reading, writing, and speaking strands. This focused program is organized around the Next Generation state standards. Reading comprehension skills are reinforced for literary and informational texts, complex texts, fluency, academic language, and writing. Additional scaffolding materials will include but not limited to Merriman-Webster online dictionaries.

The following is a sample session for the emerging, transitioning, and expanding students in grade 2.
2:30-3:00 Speaking, Academic Science
3:00-3:30 Listening, Academic Science, Amphibians
3:30-4:00 Reading, Academic Science, How do amphibians stay safe?
4:00-5:00 Writing, Academic Science, Answer text based questions

The language of instruction will be in English, however, home language support will be provided to students with the use of bilingual dictionaries, Cambridge Dictionary (dictionary.cambridge.org), and translate.google.com.

The materials used for the Title III program will be purchased with Title III funds. The types of materials to be used will reflect the 4 key principles of language acquisition, listening, speaking, reading, and writing. The lessons are based on thematic units that are content-based with greater use of academic language. ELL students are then able to practice the skills of listening, reading, speaking, and writing for English fluency. The lessons are scaffolded in order for students to gradually increase their understanding of the content vocabulary. Pending funding, entering and emerging students from grades 2-5 will be using materials focusing on students speaking, listening, reading and writing skills. Supplemental materials may include multiple activities for the beginning stages of English language acquisition. This includes practice with fluency and sentence structure as well as word choice and academic

language. It is designed specifically to give students practice in oral language development and comprehensive literacy instruction.

There will be approximately 15 ESL/Bilingual teachers on staff. The on-site supervisor will be paid from Title III funding. The supervisor will oversee student arrival, dismissal, attendance, and the method of delivery of instruction. Teachers will take attendance at the beginning of each session and send down the attendance to the main office. The supervisor will also serve as the instructional leader in supporting teachers as they implement the program. Based on historic programming data, if there are non-ESL licensed teachers needed to serve students for this program, they will be supported by an ESL certified coach.

Parents will receive all translated notifications related to the Title III program in their preferred home languages. All notifications pertaining to this program will be sent out in English and preferred languages to meet the families' needs.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

There are approximately 311 ELLS at PS 69K. We are targeting 179 students in grades 2-5 Entering, Emerging, Transitioning, and Expanding ELLs to support language development in the 4 modalities of listening, reading, speaking, and writing. Based on both the NYSESLAT, iReady Diagnostics, and Into Reading assessments, entering, emerging, transitioning, and expanding students will be invited to this program. The rationale for the program is linked to content areas of academic English for ELLs needing further instruction in reading and writing. This program provides additional direct instruction to improve academic achievement in content subject areas. Pending funding, Entering students are invited to participate in a newcomer program for literacy and oral language instruction. Pending funding, 72 expanding students.

The quantitative data will include the RLAT, iReady diagnostics, module assessments, and math unit assessments. For Grade 2, we will also be looking at Acadience data.

Using the EDUR and EDAT data, along with the FURBY tool from Fordham RBERN, the data compares the scale scores of the NYSESLAT 2024 and NYSESLAT 2025. The data from RLAT helped us determine the levels of proficiency for each modality The trend shows that students were gaining more proficiency in Speaking yet were declining in Writing.

Using iReady BOY data, students were sorted by the relative placement and overall placement.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**

- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The subgroups and grade levels of students in grades 2-5 to be served are approximately 39 entering students, 30 emerging students, and 38 transitioning students. Pending funding, 72 expanding students.

Projected Grade 2: Entering: 7 Emerging: 8 Transitioning: 8 Expanding: 30
Projected Grade 3: Entering: 8 Emerging: 18 Transitioning: 22 Expanding: 18
Projected Grade 4: Entering: 9 Emerging: 1 Transitioning: 4 Expanding: 16
Projected Grade 5: Entering: 15 Emerging: 3 Transitioning:4 Expanding: 8

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The schedule and duration of the after school program will be held approximately from January through May. It includes 8 sessions at 2 1/2 hours each week.

The following is a sample session for the entering, emerging, transitioning, and expanding students in grade 2.
2:30-3:00 Speaking, Academic Science
3:00-3:30 Listening, Academic Science; Animals are Unique
3:30-4:00 Reading Academic Science, Amphibians
4:00-5:00 Writing Academic Science, How do amphibians stay safe?

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

All instruction will be conducted in English. Letters to families and parent meetings will include translation.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be approximately 15 ESL/Bilingual teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials used for the Title III program will be purchased with Title III funds. The types of materials to be used will reflect the 4 key principles of language acquisition, listening, speaking, reading, and writing. The lessons are based on thematic units that are content-based with greater use of academic language. ELL students are then able to practice the skills of listening, reading, speaking, and writing for English fluency. The lessons are scaffolded in order for students to gradually increase their understanding of the content vocabulary. These materials have multiple activities for the beginning stages of English language acquisition. This includes practice with fluency and sentence structure as well as word choice and academic language. It is designed specifically to give students practice in oral language development and comprehensive literacy instruction.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

There will be a record of invitations sent to the families about the program. Acceptance letters will also be sent to the families about the session dates and times. Class roster and attendance sheets will be created. Attendance will be taken at the beginning of each session.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The school professional development program for Title III teachers will include curriculum development and design for an after-school program. Teachers will organize content area instruction alongside ESL strands of listening, speaking, reading, and writing. Skills and strategies for reading focus are highlighted to maximize comprehension of content. The schedule and duration of the Friday program will include ongoing sessions for students from January to May. Prior to the first student session in January, there will be 2 hours devoted to teacher learning and preparation. Additional PD topics may include, Teaching in Themes, Scaffolding Content Vocabulary in Social Studies and Science, Incorporating Listening and Speaking Activities for ELLs, and Incorporating Reading and Writing Activities for ELLs. Highly qualified and experienced ESL and Bilingual teachers who are NYS certified will provide the training for these sessions. An ESL licensed coach will support any common branch teachers in the classroom by modeling ESL strategies. These PD sessions are included as part of the Title III budget.

These PDs will positively impact the performance of the teacher and teaching of ELL students in the following ways:
- teachers will share best practices to reflect further on effective strategies for language acquisition,
- teachers will discuss and evaluate learners' progress to streamline instructional practices for optimal learning.
- data analysis will further help teachers to reflect and refine instruction based on students' needs.

All records for professional development will be maintained with attendance sheets, and agendas.

The result of this day is an updated map of lessons and pacing for the delivery the instructional materials.

ELL and Special Education modifications are included for each grade for each unit of study.

All teachers are able to participate collaboratively in purposeful, relevant planning to address the needs of our diverse ELL learners. Additionally, teachers attend professional development sessions and conferences offered by the Department of English Language Learners and Student Support.

Teachers are planning, creating, and collaborating on materials using the school's Google Shared Drive.

The Title III program will be funded as follows: 60% direct to instruction, 10% to professional development, 10% to parent engagement, and 20% to OTPS.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The school professional development program for Title III teachers will include curriculum development and design to support our teachers in strengthening the skills of our 55 Teachers will organize content area instruction alongside ESL listening, speaking, reading, and writing strands. Skills and strategies for reading focus are highlighted to maximize comprehension of content. These PDs will positively impact the performance of the teacher and teaching of ELL students in the following ways:
- teachers will share best practices to reflect further on effective strategies for language acquisition,
- teachers will discuss and evaluate learners' progress to streamline instructional practices for optimal learning.

The school will be using data from iReady, NYSESLAT, teacher input and formative assessments. Teachers have reviewed their class data using RLAT, iReady, HMH Into Reading, Math, and Acadience. During professional learning sessions with the coaches, they have expressed a need for more professional development in regards to teaching ELL students. Most classrooms have at least 20% current ELLs and 10% students with IEPs. The Instructional Leadership Team identified areas of need and found that specific considerations need to be addressed for students with IEPs and ELLs during the Title III afterschool program.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Highly qualified and experienced ESL and Bilingual teachers who are NYS certified will attend and provide the training for these sessions. The initial professional development session will take place before the student sessions start. The session will be 2 hours and ongoing coaching will be provided for teachers who do not hold ESL and bilingual licenses.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The schedule and duration for the preparation of the afterschool program will be conducted in one session in January for 2 hours. The session will be conducted from 2:30-4:30 PM on a day other than Monday and ongoing coaching will be provided for teachers who do not hold ESL and bilingual licenses.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Teachers will organize content area instruction alongside ESL strands of listening, speaking, reading, and writing. Skills and
strategies for reading focus are highlighted to maximize comprehension of content. Additional PD topics may include, Teaching in Themes, Scaffolding Content Vocabulary in Social Studies and Science, Incorporating Listening and Speaking Activities for ELLs, and Incorporating Reading and Writing Activities for ELLs.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

ENL teachers- Mannor Wong, Nancy O'Sullivan, Donna Pollari, Lillian Chen

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

There will be an agenda of the professional development session. Teachers will receive a pacing calendar and materials for the sessions at the professional development session.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Throughout the Title III program, parents will have the opportunity to meet teachers, ask questions, and reflect on students' achievements. Bilingual teachers will provide translations for parents. All correspondences with parents are translated into their preferred language. The NYC Department of Education's Translation & Interpretation Unit will be used for families when necessary. Parents will receive all notifications related to the Title III program in their preferred languages. All notifications about this program will be sent out in English and preferred languages to meet the community's needs. At this time, the parent workshops will be conducted virtually through Zoom. Virtual meeting information will be posted on the school website and sent to parents through email or a parent notification platform. Highly qualified and experienced ESL and Bilingual teachers who are NYS licensed will provide all parent engagement activities for parents in the Title III program throughout the year. All records will be maintained including agendas, attendance sheets, and invitations in parent's preferred language. The parent engagement activities throughout the school year are designed to inform and assist parents to be involved in their children's education and school life. Teachers invite Families into their classrooms for parent engagement activities throughout the year which include but are not limited to publishing parties, project-based learning activities, and multicultural celebrations. This provides authentic experiences for celebration and learning. Family Fun Night is a monthly event organized by the PA in collaboration with the Parent Coordinator and Administration to engage parents in community and school activities. Events include and are not limited to movie nights, multicultural dances and performances, holiday celebrations, and art /literacy workshops. Translators are available and parents are informed of all meetings and workshops in their preferred language. Workshops for parent engagement are conducted by administrators, coaches, the parent coordinator, and ESL/Bilingual teachers as well as literacy and math coaches. ELL parents are notified of all activities through a monthly calendar of school events, the PS 69K school website, and a monthly parent bulletin board. The Office of Adult and Continuing Education offers an ESL class three evenings a week at PS69K for parents to learn English and support their children in school. Fifty-five minutes of remote Parent engagement time is done weekly by our teachers for parent outreach and engagement. Parents of ELLs are also on the School Leadership Team to participate in school-wide decision-making. The parent coordinator invites parents to monthly workshops that include a range of topics. Some scheduled workshops are as follows:
- Family Fun Nights
- Virtual Family Field Trips
- Multicultural events with ArtsConnection
- Multicultural and Content Area Topic Events with Cosmic IQ
- Tai Chi for Kids with Cari Shurman

Workshops presented by CITE include:

- Homework without Tears
- Improving Study Skills
- Internet Safety
- Assertive Discipline practices for parents
- Raising a self-reliant child
- Anger management/ Conflict resolution
- Time management
- Summer Learning

Additional workshops posted on the Parent Coordinator Page may include:
Nutrition Workshops, Cornell University
NYU Langone, Center for Early Childhood Health and Development
Parents as Learning Heroes: Tips and Resources for a Different Kind of School Year Workshop
Post Secondary Pathway Fair with Children's Aid
New York Transit Museum Virtual Field Trip
Intrepid Sea, Air and Space Museum Virtual Field Trip
Workshop Common Sense-Education, Digital Learning, and Well-being all Ages
Brooklyn Public Library events
Museum of Chinese in America events

All events listed above may be held in person or virtually. Partial allocation of the Title III funds will be used for outside vendors to assist in securing the funding to hold these engaging events with our families. Various Outside Vendors include: Arts Connection, Cosmic IQ, CITE presentations, and Tai Chi with Cari Shurman

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The parent engagement activities throughout the school year are designed to inform and assist parents to be involved in their children's education and school life. We encourage them to be active in the learning process and through the Title III funding we can ensure that they are parents as learning partners. The focus is on student success with a well-rounded education which includes strengthening academics by targeting all four modalities of reading, writing, listening, and speaking as well as social-emotional development. During monthly PA and SLT Meetings, we survey the families to include them in the decision-making process and to ensure that their voice is heard. We also have open communication with families and consider all requests made by the parents, PA, or SLT. Additionally, careful consideration is given to BOY/MOY/EOY I-ready and Acadience Screener Data with a close look at the performance of our ENL learners to determine strengths and areas to grow. This determines the workshops provided for families to support them in transferring the learning to the home. We want our families to feel supported and strengthen the home-school connection. Based on needs the activities are strategically planned and worked into our calendar. Transparency is key and the parents are notified well in advance when the activities are being held to ensure active participation.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In collaboration, the Administration, ENL Team, and Parent Coordinator work on a schedule.

Family Fun Nights:
-Once a Month on a Friday from September 2024-June 2025
- Approximately 1.5 Hours

Parent Workshops followed by PA Meetings
Nutrition Workshops, Cornell University to support healthy eating
NYU Langone Center for Early Childhood Health and Development
CITE Special Workshops
-Once a Month from September 2024-June 2025
-Approximately 1.5 Hours

Workshops on Strengthening all Four Modalities: Reading, Writing, Listening, and Speaking across all Content Areas Facilitated by the Literacy & Math Coach and ENL Providers
-Four times a year September 2024-June 2025
-Approximately 1.5 hours

SEL/Leader In Me Workshops Facilitated by School Counselors and Yoga Mindfulness Teacher
- 2 times a year Fall and Spring 24-25
-Approximately 1.5 hours

Outside Vendors (Arts Connection and Cosmic IQ) Multicultural Family Events
-2 times a year Fall and Spring 24-25
-Approximately 1.5 hours

Parent Engagement Activities in the Classroom (Publishing Parties, Project Based Learning Activities, Multicultural events)
-Four Times a Year 24-25
-Approximately 1.5 hours

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The topics of the parent workshops include a focus on student success with a well-rounded education which includes strengthening academics by targeting all four modalities of reading, writing, listening, and speaking as well as social-emotional development, Leader in Me, and parenting strategies to use at home and the arts. We want our

families to feel supported and strengthen the home-school connection. Based on needs the activities are strategically planned and worked into our calendar. Focus is placed on the Arts as they foster critical thinking skills, and enhance creativity, problem-solving abilities, and visual literacy. Social Emotional Development/Leader In Me to support students in the ability to center themselves and regulate their emotions. We want them to see the leaders in themselves. Lastly, supporting the families by building strategies to help their child at home, strengthening the home-school connection.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

We have partnered with CITE Center for Integrated Training and Education and ArtsConnection, as well as Cornell University Cooperative NYC which provided parents with guidance on healthy eating and lifestyle. In addition, we have partnered with Cosmic IQ to support multiculturalism and make content area topics and concepts more meaningful.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents and families will be notified by backpacking letters home, through the school website and through an online platform. The school will distribute flyers and notices to families. Flyers and notices are translated into preferred languages by a staff member or through a translation website and proofread by a staff member. Emails are sent through GAMA which offers translation and flyers can be sent as attachments. Phone calls made to parents will be made by a staff member who speaks the parent/guardian preferred language or through the over-the-phone interpretation in over 250 languages through the NYCPS' contracted vendor, LanguageLine Solutions.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Flyers and letters sent home to families will be kept on file and attendance sheets will be maintained by the Parent Coordinator.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
