Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 176 The Ovington School

District Borough Number (DBN):

20K176

Grades Served:

Kindergarten-Grade 5

School Address:

1225 Bay Ridge Avenue Brooklyn, New York 11219

Phone Number:

718-236-7755

Fax:

718-331-9188

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Elizabeth Culkin	Principal or Designee*	
Chrisanty Giannopoulos	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Gerta Bircaj	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Ginny Ng	District Council 37 (DC 37) Representative (staff), if applicable	
Michelle Lopez	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
Andy Vasquez, NIA	CBO Representative, if applicable	
Diana Parrella	Member/Teacher	
Michelle Moran	Member/Teacher	
Marylou Sorenson	Member/Teacher	
Brandy Li	Member/Parent	
Winni Chan	Member/Parent	
Angelica Bove	Member/Parent	
	Member/Parent	
n/a	Member/Student Council President,pending 2026-25 election	
Qin Zhu	Parent Community	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Jessica Jarczynski	Position: SEL	
Katie DeNisco	Position: ESL/ MLL Coach / Multiple Language Learners	
Caitlin Palumbo	Position: IEP Special Ed Coordinator	
Suzanne Kelly	Position: Assistant Principal	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement
P.S. 176 is a diverse, collaborative, Title 1 School-wide Project school community dedicated to achieving academic excellence for every child. Through a high quality standards-driven curriculum, a nurturing environment where every child can discover, explore and reflect on ideas and concepts, the development of civic, social and technological strategies necessary to contribute to a global community and the strong belief in creating a lifelong love of learning, we commit our children, our parents, ourselves and our resources. We align to the Chancellor's and District's goals:
Priority 1 All students learn to read well
Priority 2 All students are physically and emotionally safe
Priority 3 All students have a high-quality academic experience
Priority 4 All students graduate college and career ready and have a strong plan and pathway to economic security
Priority 5 All districts and schools are more inclusive and responsive for parents and families, including having more
families choose NYS Public Schools

Vision Statement
PS 176 aligns to the Chancellors goals and District 20's initiatives for the 2025-26 school year. We envision our school, as a professional community of learners, where all members – students, parents and staff are engaged in learning. Our shared focus is to empower all students with high academic skills, positive and varied social experiences and civic responsibilities that will enable every child to participate as a contributing member of a democratic society. We believe that every child must have the opportunity to communicate effectively, think critically, possess technological skills for an informational society, gather information to make intelligent decisions and have the necessary job skills to earn a decent wage – this commitment begins at the elementary level of formal schooling. To this end, we commit ourselves and our resources to provide every child entrusted to our care a strong academic foundation and lifelong love of learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 176, The Ovington School is a large urban elementary school nestled in Dyker Heights, Brooklyn NY. We have 952 students enrolled in our school, 38 % of our students are English Language Learners, 23 % of our students are Students with Disabilities.

We have a diverse school population in which 66 % of students are Asian, 20% of students are Hispanic, 11 % of students are Caucasian, 0.8 % are Multiracial and 3% are Russian/Ukrainian. 89% of our students qualify for free

lunch.

PS 176 Our school's curricula aligns to Next Generation Learning Standards. We begin our journey with our literacy programs HMH, INTO READING, NYC PS READS, Wilson: Fundations, K-3, Wilson: Just Words, Grades 4 -5. For foundational literacy: LETRS training for teachers, Envision Math, Social Studies: Civics for All , Passport, and in Science: Core Knowledge.

We have a STEAM Maker Lab, Hydroponic Lab and an Engineering/ Robotics Lab for students to deepen their understanding in Science. We also have a excellent ARTS program; Violin, Cello, Percussion Band, Chorus, Dance Studio and Visual Arts programs for all students to engage in. Our OTTER Broadcasting Studio provides students with the opportunity for Project Based Learning as they connect to students across the globe on issues of sustainability, climate control and impact on our oceans and marine life. We continue our work in the Billion Oysters Project, Boat Works, The Whale Mobile as we deepen our understanding in STEAM

Our technology provides opportunities for students to experience through Virtual Reality the effects of global warming on our coral reefs, and need t initiate ways to protect the Earth's resources.

This year, we continue to deepen our work in Financial Literacy for our students setting high expectations in all curricula areas for ALL STUDENTS, and encouraging student leadership and independence through Paideia Socratic Inquiry Circles.

Our children's voice and choice is respected and honored as ALL STUDENTS engage in discourse based on text evidence, details and reasons. Students are independent thinkers who take ownership over their own learning and using a wide variety of assessments : HMH module assessments, rubrics, checklists, learning progressions on grade level, to engage all students in self-reflection, self-assessment and goal setting. Teacher feedback to students is provided and student to student commentary, via Gallery Walks, encourages students to provide feedback with intent.

Strong Professional Development components in all curricular areas, are differentiated to meet the needs of teachers, paraprofessionals, and administrators based on surveys and observations. On-site coaches , inter-visitations, observations and instructional rounds to assess fidelity to Next Generation Learning Standards

Data Analysis
Based on a Needs Assessments and the June 2025, NYSED Instructional Report, HMH Module Assessments and NYC PS Reads, I-Ready screeners administered three times a year using Acadience, I-Ready Reading and I-Ready Math, we based our goals in Reading and Math on sub-skills analysis in Literacy and Math using I-Ready data for specific student groups.

Briefly summarize the key initiatives your school will implement this school year.

This year we initiate and align our key goals to the Chancellors Five Goals for the 2025-26 school year:

" Literacy is the foundation for all learning. By making an investment in our children’s reading development, we are investing in their future, our city’s future, and the future of generations to come. It’s our responsibility to ensure every child and teacher has the tools, resources, and support needed to unlock their full potential and open every door of opportunity to every child."

Priority 1: All students learn to read well. NYC READS initiative
The Science of Reading
Into Reading
Foundational Literacy Initiatives: LETRS Training Grade 2/3
HMH Into Reading Literacy Program
Progress Monitoring Into Reading Modules assessments
Paideia Socratic Inquiry
NYCDOE Screeners Acadience/I-Ready

Foundational Literacy Training
LETRS Training 25 teachers Second Grade/Third Grade
Wilson Training: Fundations/Just Words
Vocabulary Cup Challenge - Global Platform
Scripps Spelling Bee
Boat Works
The Whale Project
Chancellor's Climate initiative project
United Nations Goals Project
United Nations Youth Presentation
Global Project
Otter Broadcasting Pod Casts
Ted Talks
Science/Math Olympiad
LEGO TAG Challenge

Priority 2: All students are physically and emotionally safe.
Book of the Month, SEEAL SCOOP Family Newsletter to families, Buddy Benches, Brag Tags, Parent workshops

Priority 3: All students have a high quality academic experience:
All curricula aligned to Next Generation Learning Standards
Monthly newsletter for all families on ways to support their child in school
Robotics/Engineering Lab, Maker Lab, Hydroponics Lab, Global Platforms aligned to the United Nations Goal Project, Otter Broadcasting Studio, Student Pod Casts

Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security.
Financial Literacy initiative,
Stock Market Game,
PENCIL Inc, Partnership
Current Parents who work on Wall Street presentation to students
Principal for a Day,
School Store operated by Student Council -Participatory Budgeting

developing experiences in Financial Literacy for real world issues

Priority 5: All Districts and All Schools are more inclusive and responsive for parents and families including having more families choose New York City Public Schools, (NYCPS)
Providing a warm and welcoming environment for students and their families
Providing students with lots of experiences -
Competitive Dominoes Challenge
Minecraft

Student Green Guardians and Sustainability working in communities
taking responsibility and ownership for the land we love
The Boat Works Project
The Whale Mobile Program\Coastal Windmills

Multi-Media tools to provide experiences for students, global platforms to explore wonderings and ideas in student communities across the globe.

Continuous Progress Monitoring, using HMH Module Assessments, I-Ready, Acadience Screeners, to support all students and early identification of students in need of Multiple Tiers of Student Support (MTSS)

Literacy is the foundation for all learning. By making an investment in our children's reading development, we are investing in their future, our city's future, and the future of generations to come. It's our responsibility to ensure every child and teacher has the tools, resources, and support needed to unlock the full potential of every child and open every door of opportunity and experiences for our students

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading NYC PS Reads I-Ready Screener Acadience Screener	n/a
ELA	K-5	Arriba La Lectura/ Kindergarten, Grade 1, Grade 2	n/a
Foundational Literacy	K-5	Wilson: Fundations K-3, Wilson: Just Words, 4-5. Heggerty NYC PS Reads LETRS Training for Teachers/paras Vocabulary, SPIRE. TCM Vocabulary, Vocabulary Cup digital platform Scripps Spelling Bee	n/a

MATH	K-5	Envision Math Exemplars	n/a
MATH	K-5	I - Ready	n/a

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 iReady ELA Diagnostic: All students 60% Hispanic: 41% MLL: 27% SWD: 32%	All students need support in idiomatic phrases, words with multiple meanings, academic, vocabulary, MTSS will monitor marginalized sub-groups our, Hispanic Students, MLL's and Special Needs students	Students need targeted instruction in reading comprehension, with an emphasis on inferencing, academic vocabulary, and text-dependent analysis. Teachers should use scaffolded questioning, small-group guided reading, and explicit vocabulary instruction to support Hispanic, MLL, and Students with Disabilities in developing deeper comprehension and the ability to infer meaning across genres.

Acadience May/June 2025 All K 69%, G1 73%, G2 59% Total: 67% Hispanic: 37% MLL: 31 % SWD: 35%	All Students need support in early literacy foundations, the development of oral language, phonological foundations and print knowledge, differentiate the instruction for the marginalized sub groups our, Hispanic Students, MLL's and Special Needs Students	Students need continued development in early literacy foundations, including phonological awareness, phonics, and oral language development. Instruction should be differentiated to meet the needs of diverse learners, particularly MLLs and Students with Disabilities, through multisensory strategies, explicit phonics instruction, and progress monitoring to ensure mastery of grade-level reading skills.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	60%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 60% to 70%, of students on or above grade level (with intentional focus on our marginalized subgroups) on the iReady ELA Screener.
All Students	63%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 63% to 73%, of students on or above grade level (with intentional focus on our marginalized subgroups) on the Acadience screeners (foundational literacy) three times a year.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit teaching of foundational literacy skills, focusing on inference-making, understanding main idea, summarizing, building background
knowledge, ensuring that there are book clubs where children are reading each and every day on paper and digital platforms. Tier 2 small group instruction for students who need scaffolded learning in order to meet the diverse needs of all of our learners.

Root Cause Addressed:

Based on data analysis we have determined that all students need support in early literacy foundations, phonological awareness, oral language acquisition, and knowledge of print. Due to these ares of concern, instructions must be differentiated for marginalized subgroups , including our hispanic students, MLLs, and SWDs. This was evidenced in our Acadience and iReady results and classroom performance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development around foundational literacy through LETRS for teachers in grades 2/3 and classroom support in LETRs three times a year for teachers in K-1, who have just completed their LETRs training.
We will use more multimedia to enrich background knowledge for all students
Professional development with HMH docent around leveraging paired passages for comparing texts and citing

evidence in short response constructed responses
Teacher teams focus on backwards design to ensure all students meet grade level priority standards

Key Strategy 2 (Optional):

Students will engage in peer critique reading circles and choral read alouds focusing on texts that include idiomatic expressions and academic vocabulary. These instructional practices will strengthen student comprehension through discourse, student voice, and repeated exposure to academic language. Our marginalized subgroups will benefit from scaffolded support through MTSS- aligned small group instruction embedded.

Root Cause Addressed:

Students need support in understanding idiomatic meanings and academic vocabulary to build comprehension. Also, we must ensure our MTSS systems are effectively monitoring , supporting, and adjusting to the needs of our marginalized subgroups including Hispanic students, MLLS, and SWDs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Build partnerships with Museum of Natural History, Liberty Science Center, Brooklyn Botanical Gardens, Math Museum, for all teachers to build both background knowledge and experiences for students.
Students will engage in book clubs twice a week and engage in Student Led Read alouds to discuss perspectives
Prioritize weekly small group instruction targeting ares of concern (inferencing and summarizing)
Professional development centered around MTSS:focusing on evidence based data driven tiered system of supports that addresses the academic and social emotional needs of all students. Providing structure for schools to prioritize the needs of the whole child ensuring all students receive the supports they need to be successful learners. Conference: MTSS Integrated Virtual Summer Conference on August 13th, 14th 8:30-4:00.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Administer assessments (iReady and Acadience) to students three times a year: September (Fall) BOY, January (Winter) MOY, May/June (EOY) EOY.
2. Use reports (Pupil Pathway, Standards Growth, Growth Monitoring) monthly to monitor progress towards goals and instructional groupings.
3. Review MTSS Tier 1 & Tier 2 support plans twice a month to ensure the targeted intervention put into place for the MLLs, Hispanic Students and SWDs are being implemented, reviewed and adjusted based on the needs of the students.
4. Analysis of data from HMH weekly assessments and performance tasks twice a month with a focus on vocabulary and inferencing development. Work from small group lessons will be looked at closely.
5. Instructional Rounds will be conducted on a monthly basis to check for evidence of book clubs, discourse, peer critique circles, usage of academic language and idioms within the classroom discussions, scaffolded supports and differentiated instruction for targeted subgroups.
6. Monthly data meetings will be held to review progress and update instructional plans based on data from iReady, Acadience, and classroom work.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/02/2026	Family Reading Activities such as word study, or family read alouds at home to increase fluency and accuracy for all students Welcome families in each month to participate and engage in learning. Invite families in to engage in the celebration of modules (reading and writing)	Family Spooky Reading Night, All Star Reading Teams, Beach Party (cross grade reading partnerships) Parents reading to students Parent Celebrity Readers Building HOME libraries for students Family workshops on HMH Literacy, Foundational Literacy Family workshops Cite, ReimaginED Math, Cultural Family Trips, Parents surveyed by Parent Coordinator, and SLT to elicit topics of interest for parent/family workshops, survey parents to gauge their understanding of and perspectives on the HMH curriculum
09/05/2025	06/02/2026	Under the Umbrella Family workshops on read aloud and partner reading with students telling tall tales and using voice expressively to tell your story Fall and Spring for families small schoolyard	Family Workshop with Literacy Building HOME libraries for student activities and games to play at home. Family Spooky Reading Night, Cinema under the Stars, Parent Coordinator Book Lending Library, Maker Faire, Soap Box Derby, Recitals and Concerts, Art Fair, implement a drama club,Inside Broadway and Ballet Tales - storytelling and comprehension through art

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Coaches, Instructional Leadership Team, Response to Enrichment, PPT, SIT, Crisis, MTSS, Cabinet and Admin, Professional Development vendors

Instructional Resources

Students surveyed books: Students get to choose books for their Book Baggies aligned to grade level texts, Graphic Novels, Favorite Authors, Book of the Month , classroom libraries, Stamped for Kids, specialized titles to build diversity and equity forall student groups to have role model heroes

Schedule Adjustments

Dedicated weekly time blocks for Tier 2 small group instruction, literacy based events and workshops will be build into the monthly/bi monthly school calendar, Genius Hour built in last two periods of each Friday for enrichment of cirriculum

Other Resources Needed

Parent special invitations for class/school events throughout the year: Family Spooky Reading Night - it's hauntingly fun for everyone! Beach Party Celebrity Readers, Take your Dad to School - Dads reading aloud to small groups of students, Student's Writing Celebrations, Student of the Month

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
********2025-2026 NYC school survey, 99% of families responded favorably to the question "At this school my child is safe". However, 22% (14 individuals) of faculty and staff responded "some of the time" to "At this school students bully, harass or intimidate each other".	Social interactions and foundational social skills were limited over the past few years. Students are continuing to build on foundational social skills, yet continue to require more support with cognitive, interpersonal and intrapersonal competencies.	Social Emotional Competencies - a need for a measurable and actionable social and emotional learning (SEL) program to provide a common lens and language for students, staff and families.
As per OORS Data for school year 2025-2026, there were 39 infractions. As per anecdotal data and OORS	Students are continuing to strengthen social awareness and problem solving skills. Students need	Continue to cultivate a safe, supportive and inclusive school community where all voices and

investigations many infractions were related to students' inability to effectively navigate social disagreements.	support to navigate social conflicts. Pedagogues will benefit from professional development to model social problem solving and explicitly teach social awareness.	choices are honored and respected. Emphasis on kindness and respect. Brag Tag campaign for all students to be Kindness Ambassadors

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	***78%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 12% Increase, in percentage of positive faculty and staff responses to survey questions about student safety and bullying from ***78% to ****90%, per the NYC School Survey Results .
All Students	34	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in number of Level 3 infractions from 34 to 24, per the Online Occurance Reporting System (OORS).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

NYC School Survey

Enter a Key Performance Indicator

Teacher and student responses to a school created Google Survey that is aligned to the Supportive Environment Framework questions on the NYC School Survey.

Baseline:

**** 78% favorable responses from NYC School Survey "At this school students bully, harass, or intimidate other students" as reported by teachers; baseline for students to determine with google survey in Sept.

Enter the date for the baseline data:

June 2025 (staff); Sept. 2025 (students)

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

83% positive responses from school created google survey for teachers "At this school students bully, harass, or intimidate other students"

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

85% positive responses from school created google survey "At this school students bully, harass, or intimidate other students"

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

90% positive responses from school created google survey "At this school students bully, harass, or intimidate other students"

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Student of the Month, Honor Roll, and Kindness Store initiatives Class Dojo points for all students to recognizing the positive character traits that our students, staff and community strive for - Buddy Benches, Peer Mediation, Classroom Serenity Centers, Sensory Pathways, The PS 176 SEEAL team will align school counseling programs to the HMH social emotional competencies embedded in stories The SEEAL SCOOP family newsletter will focus on the book of the month, teaching social and emotional
competencies and activities to reinforce strategies across home environments.

Root Cause Addressed:

Enabling students to deescalate issues prior to bullying with a deeper understanding of kindness and respect for all students knowing that students have the "power" to initiate discussions that are inclusive in all aspects for self regulation instead of the name calling or the use of physical actions - keep it positive and kids need to walk away knowing that they can address the issue on another day.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS 176 SEEAL team will horizontally align school counseling program to HMH Into Reading social emotional competencies. Teachers will utilize embedded SeL curriculum from Into Reading as well as supplemental explicit SeL lessons for all students
P.S. 176 has developed an SEL Book of the Month to continue to strengthen social emotional skills across all domains: self-awareness, self-management, social awareness, responsible decision making and relationship skills. The

curricular materials and resources were carefully curated to help elevate diverse perspectives and will align with the domains in each HMH Into Reading module.
SEEAL Scoop: A family newsletter designed to share the book of the month, social emotional competency and activities to reinforce the strategies across the home environment. The newsletter is translated into multiple languages (Spanish, Chinese, Arabic and Russian) to meet the linguistic needs of our school community.
Guidance Counselors push into classrooms once a week to social emotional learning (problem solving, self regulation) using Move This World curriculum and other tools and resoruces

Key Strategy 2 (Optional):

School counselors/social workers will facilitate "Coffee with the Counselor" workshops to support parents in meeting
their child's social-emotional needs and providing support for common concerns.

Root Cause Addressed:

Social interactions and foundational social skills were limited over the past few years. Students are continuing to build
on foundational social skills, yet continue to require more support with cognitive, interpersonal and intrapersonal competencies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Staff will engage in professional development through partnerships with Child Mind Institute and in-house multidisciplinary teams to provide strategies and support with fostering student social-emotional well-being, problem solving and strengthening social skills.
Peer mediation, Buddy benches, Classroom Serenity Centers with timers that the student controls as they self regulate, are just some of the tools to use for students to find their voice after giving the issue that has sparked the controversy, some time management that needs to follow. Teaching into self- awareness and self-control are critical for students to learn and yoga breathing moves help a lot for students self-regulate
PS 176 will establish a Student Council comprised of grade three, four and five students. Student council members will use their voice to participate in discussions to initiate, guide and lead school improvement efforts.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

PS 176 will create google surveys for staff and students aligned to the supportive environment framework of the NYC school surveys and distribute them according to the progress monitoring dates over the course of the school year. In addition, Online Occurrence Reporting System (OORS) reports will provide the data to determine a decrease in the number of level 3 infractions.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/02/2026	P.S. 176 will host parent workshops, learning opportunities and activities related to building social emotional competencies, empowering students and families.	Child Mind Institute, CITE, Zumba Weill Cornell Healthy Nutrition Parent 8 week certification program for Healthy Eating recipes for home Classes in Spanish, Mandarin and English, School counselors/social workers
09/05/2025	06/02/2026	SEEAL Scoop: A family newsletter designed to share the book of the month, social emotional competency and activities to reinforce the strategies across the home environment. The newsletter is translated into multiple languages (Spanish, Chinese, Arabic and Russian) to meet the linguistic needs of our school community.	Move This World trainings for staff

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Staff, Families, Community Resources, Parent Coordinator

Instructional Resources

Coaches, Teachers, Para, Staff, curricula materials, digital devices, 21St Tech tools in global platform

Schedule Adjustments

increasing blocks of time for targeted areas of concentration

Other Resources Needed

n/a

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
I-Ready Math Diagnostic: 2025 61%	Students lack of prior content and strong emphasis on vocabulary - students inability to visualize abstract concepts. Students struggle with envisioning mathematical models and using mathematical summary statements to explain their thinking. Students lack of understanding and connecting the benefits of using math manipulatives	Students need targeted support in understanding geometric concepts through hands-on experiences and real-world applications. Instruction will focus on building spatial reasoning and using visual model to connect geometry to problem-solving and measurement.

I-Ready Math Diagnostic: 2025 74%	Students lack of prior content and strong emphasis on vocabulary - students inability to visualize abstract concepts. Building mathematical models using mathematical summary statements to explain their thinking. Students struggle with completing multi-step problems and real world application	Students require consistent practice with number sense, fluency, and computation using multiple strategies. Instruction will emphasize conceptual understanding of operations, connections between representations and application to multi-step problems.
I-Ready Math Diagnostic: 2025 65%	Students lack of prior content and strong emphasis on vocabulary - students inability to visualize abstract concepts. Building mathematical models using mathematical summary statements to explain their thinking.Students lack of understanding and connecting the benefits of using math manipulatives	Students need greater exposure to interpreting, representing, and analyzing data through authentic tasks. Instruction will integrate measurement concepts with real-life contexts to strengthen reasoning, accuracy, and data interpretation skills.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	61%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students on or above grade level will Increase by 10% from 61% to 71%, for All Students, as measured by iReady Math Results for Geometry .
All Students	63%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the on or above grade level will Increase by 10% from 63% to 73%, for All Students, as measured by iReady Math results in Measurement and Data .
All Students	72%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the on or above grade level will Increase by 10% from 72% to 82%, for All Students, as measured by iReady Math Results in Numbers and Operations .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Building Mathematical models with students with emphasis on real world problems and the use of manipulatives

Root Cause Addressed:

Many of our students are second language speakers. By building mathematical models student learn math vocabulary, math summary statements and math operations to solve problems

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review and analyze online data skills and strategies for all classrooms, grades, and school to determine areas of strength and challenge. Create RTI math supports for small group instruction on grade and across grade bands to differentiate instructional strategies/skills for all students. Use of online mathematical programs, Go Math and I-Ready Assessments to deepen student reasoning and thinking. Strengthen student voice and leadership in mathematical small group work with student teacher leaders. Continue to focus on mathematical vocabulary and use of manipulatives to model situations or problems. Gallery Walks for students to share their thinking with peers.
Teachers use Professional Development such as Reimagine Ed and one on one coaching. Students participate in math competitions such as Math Olympiad amongst the grade and other schools within the districts. Teachers will complete inter-visitations to colleague's classrooms to observe highly effective teachers in mathematics. Teachers will participate in professional development with math coaches and administration to strengthen geometry instruction in the classroom through modeling hands-on real world examples.

Key Strategy 2 (Optional):

Error Analysis

Root Cause Addressed:

We are implementing error analysis strategies to address the root causes of low mathematical performance. Through structured reflection on common misconceptions and procedural mistakes, students will strengthen conceptual understanding, use academic vocabulary with greater accuracy, and develop the reasoning skills needed to tackle multi-step and real-world problems.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Student enrichment and global projects during the Genius Hour: Infinity Project teaching exploration periods will enrich mathematical thinking and reasoning, with a focus on real world problems, and specialized programs for accelerated learning, such as Algebra for All. Global platform with broadcasts from our OTTER Broadcasting Studio throughout the year.
Instructional Rounds to observe student mathematical builds, use of math vocabulary in student discourse, and mathematical summary statements to analyze thinking
Provide additional Math Professional Development for teachers during Monday PD blocks twice a month

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Administer the assessments to students (i-Ready Diagnostics, classroom assessments, exit tickets, iReady Pupil Pathway) three times per year BOY, MOY, EOY to measure students progress and growth across grades and across the school.
2. Data analysis for the results iReady screeners, iReady Student Pupil Pathway, iReady Toolkit will occur after each assessment window to identify trends, adjust instruction, and target interventions.
3. Implement MTSS to strengthen students math skills and strategies. MTSS team meetings will meet every 4-6 weeks to analyze tier 2 and tier 3 students to progress monitor and cycle students in and out of interventions as needed.
4. Progress monitoring will occur every 4-6 weeks for students receiving tier 2 and tier 3 supports using i-Ready growth reports, exit tickets, and formative classroom assessments.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/02/2026	Parents receive monthly letter with curriculum that will be covered and real world math activities to do at home. Teachers invite parents to join celebrations such as Gallery Walks and Celebrity Parent Read Alouds. Parents also participate in our Gallery Walks to build mathematical models.	Coaches, Classroom Teachers, Administration, Cabinet members
09/05/2025	06/02/2026	Parents receive I-ready usage and lesson completion at their level with additional resources to work on in small group, at home, and after school programs. Students have Math libraries at home. These Math books were elicited from students after teacher read the stories aloud to them. The Math Home Libraries are based on student choice/selection.	Coaches, Classroom Teachers, Administration, Cabinet members

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Reimagine Ed , Math Coaches and MTSS supports

Instructional Resources

Go Math, I-Ready assessments toolkit and student pupil pathway, Math programs loaded onto student i-pads., Exemplars, Building Mathematical Math Models, Context for Learning

Schedule Adjustments

Morning program (Mighty Minions) with small groups of students in need of MTSS based off the NYS Math results 2024, I-Ready assessments 2024

Other Resources Needed

Supplemental materials, Exemplars, Manipulatives, Virtual Bead Strings, additional support staff, iReady math toolkits

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
For the most part, young people learn financial literacy and personal finance skills from their parents, both explicitly and subconsciously. If a parent is struggling to deal with finances themselves, there may not be time or even a conversation about how children should approach their finances as they become adults. This leads to less awareness and knowledge of financial processes and can result in ill-informed decisions,	Limited opportunities within the current curriculum for students to engage in	Integrate financial literacy instruction across grades to build students' understanding of

again, perpetuating the cycle of poverty from generation to generation. If schools had a more hands on approach to teaching children about personal finance, making it a regular lesson in their curriculum (say one hour per week) then there wouldn't be a dependence on children to ask their parents about financial matters, and they could gain access to reputable, trustworthy, independent financial lessons from industry experts. As a society, it's our duty to create independent, confident citizens of the future, and that mission starts with financial literacy. NYCDOE Save for College: NYC Kids Rise, 529 fund, 445 families participated in this program	authentic financial decision-making experiences. Lack of explicit instruction around budgeting, saving, and fiscal responsibility at the elementary level.	budgeting. Provide students with real-world opportunities to apply financial concepts through school-based initiatives such as the student store, fundraising projects, and Participatory Budgeting.
2025 an analysis of students understanding of fiscal responsibility based on Participatory Budgeting revealed the need to teach student fiscal responsibility	Students demonstrate limited understanding of real-world applications of financial concepts such as profit, cost, and savings. Need for increased integration of financial literacy within student leadership programs such as Student Council and Participatory Budgeting to promote hands-on learning.	Strengthen college and career readiness by equipping students with foundational skills in money management, goal setting, and decision-making.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the the Daily Dow Jones stock profit/margin for All Students will Increase by 10% from 45% to 55% as measured by the Daily Dow Jones stock profit/margin indicator.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Research stock purchases to increase financial gain by 30%, Analyze stock market trends and profit

Root Cause Addressed:

Investment strategies to grow profits and the need to research companies prior to purchase of shares

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Financial Literacy Research committee will research Stock Market Game, Financial Literacy Platforms for elementary school students. Parent Coordinator will meet with parents to introduce the new program and components: Student saving accounts, Financial Literacy Games, and Stock Market game teams. Set up with local banks student savings accounts. Develop awareness for families for financial literacy vocabulary
Teacher PD for Financial Literacy, Pencil Inc, Docent , Financial Literacy Game Platforms, Stock Market partnership with traders Parent docents to share their background in financial literacy on a monthly basis. 3-5 clubs Stock Market Clubs School Store operated by Student Council using Participatory Budgeting grant to learn buying/selling/profit margin/ stock inventory/ordering K-2
Students will work with Investment Brokers to gain an understand of the stock market, investing/ profit /loss margins Morgan Stanley, Goldman Sachs, Stock Market Game

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation progress will be monitored bi-weekly through teacher lesson plans, student work samples, and formative assessments aligned to the stock market unit. Teachers will use exit tickets, project rubrics, and Google Classroom submissions to track understanding of key concepts such as profit/loss margins and market structure.
Data sources will include:
Student performance on Daily Dow Jones tracking logs and reflection journals
Class discussions and research reports on company shares and market comparisons
Student presentations analyzing pioneers such as Warren Buffett and his impact
Progress will be reviewed during monthly grade-team meetings and documented in the Progress Reporting Tool (PRT) each cycle to ensure growth and alignment to financial literacy standards.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/02/2026	Financial Literacy Seminars	PENCIL INC. collaborative partner in this initiative for Financial Literacy. Pencil Inc, will provide Guest speaker on in person/virtual to support student Stock Market trading. PS 176 families have been survey and the PC has prepared a list of parent volunteers who will come on Friday afternoons to school to chat with students/teachers as they learn the value of money. Morgan Stanley /Goldman Sachs brokers who meet with students to discuss trends in markets
09/05/2025	06/02/2026	Parent workshops	Our parent coordinator will offer financial workshops led by community financial experts to increase awareness of saving and investing funds.

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Financial Literacy Consultants from Morgan Stanley/Goldman Sachs and Parent Community, Notification to Families, PENCIL INC Partnership with Investment/Banks Stock Market Game for students and families with Parent Coordinator,

Instructional Resources

PENCIL INC: Financial Literacy docent, PENCIL INC Family workshops, Stock Market Game, Financial Literacy Games, School Partnership with TD bank for student school accounts

Schedule Adjustments

Family Financial Literacy Morning Seminars, Establishing Student Bank Accounts, School Store Participatory Budgeting Grant Student Council operated

Other Resources Needed

Continued outreach to PENCIL INC throughout the year, Monthly Parent presenters on topics for Financial Literacy. Otter Broadcasting Studio with weekly details on P 176 investments and market trends

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Family participation in school events and workshops decreased as	Limited flexibility in scheduling events during non-working hours has made it difficult for families with evening work	Increase family participation in school events and workshops by improving accessibility and communication. This

shown in the Panorama Family Engagement Survey and event attendance logs. The data indicate a decline in engagement among working families and multilingual households, creating a gap compared to previous years.	shifts or childcare responsibilities to attend. Additionally, communication and outreach strategies have not been fully accessible (e.g., limited translation or last-minute notifications), reducing participation among ELL and lower-income families, both factors within the school's control.	will include offering hybrid event options (in-person/virtual), early outreach with translated invitations, and events scheduled at varied times to accommodate diverse family schedules. These steps directly address the root causes and aim to raise participation by at least 15% by June 2026.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	91%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parental involvement will increase will Increase by 5 from 91% to 95 as measured by New York City School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement flexible and tiered family engagement opportunities to increase parent participation that meets the needs of varying parent schedules and availability. These opportunities include but are not limited to offering virtual meeting options, hosting events at multiple time selected by families, and sending home digital and printed summaries of events and meetings for those who were unable to attend.

Root Cause Addressed:

These strategies, when implemented, reduce barriers while promoting equity in access to information. We hope to strengthen the school-home connection by meeting families where they are.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Creating a warm and welcoming environment for our parents and our students! An increase in parent participation in school activities: Parent Coordinator survey for workshops, parent zumba classes, parent craft classes, PTA activities, Parent Engagement Tuesday afternoons to support student learning or SEL sessions for parents via Guidance Counselors using Miracle Morning or Move this World Video clips School activities: Parent Engagement Tuesday, Classroom Writing Celebrations, Spooky Reading Night, Halloween Parade, Make a Wish Lanterns, Take Your Dad to School Day, Thanksgiving Food Drive, Winter Holiday activities for all cultures, Parent book case to display artifacts from families cultural celebrations, Maker Faire, Field Day, Parent Rescue Readers for students, school trips, SEL Family activities throughout the year, increase student enrollment and build capacity
Administer a family survey to gather input on preferred engagement times, and allow families to select the format of

meetings (virtual, in-person) and other communication methods.
Distribute recordings of meetings, summaries and other materials and resources from meetings to families who were unable to attend.
We will track attendance and participation by event time top help evaluate the effectiveness of school outreach and adjust accordingly.
Family " Data Talk" nights to explain report cards, iReady reports, and how to support growth in academics at home

Key Strategy 2 (Optional):

Too address the limited in-person family participation, PS 176 will prioritize creating a warm and welcoming environment where all students and families feel comfortable entering the building. This includes greeting families warmly, offering culturally responsive events, and ensuring the office and teachers engage all families with kindness and respect. By cultivating a school culture that values every family's presence, we aim to strengthen and build trust within the school and increase family engagement in academics as well as school events.

Root Cause Addressed:

Some families might feel uncomfortable entering the school building due to past experiences in other environments, language barriers, or a sense of lack of connection to staff. By intentionally fostering a positive and inclusive environment, the school builds trust and ensures families know their child education as well as the family itself, is valued.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
An increase in parent participation in school activities: Parent Coordinator survey for workshops, Parent Zumba classes, parent craft classes, parent trips to museums and resources in NYC. PTA activities, Parent Engagement Tuesday afternoons to support student learning or SEL sessions for parents via Guidance Counselors using Miracle Morning or Move this World Video clips School activities: Parent Engagement Tuesday, Classroom Writing Celebrations, Spooky Reading Night, Halloween Parade, Make a Wish Lanterns, Take Your Dad to School Day, Thanksgiving Food Drive, Winter Holiday activities for all cultures, Parent book case to display artifacts from families cultural celebrations, Maker Faire, Field Day, Parent Rescue Readers for students, school trips, SEL Family activities throughout the year
The schools will display multilanguage signage and visuals throughout the school to reflect the diversity within the school community.
Survey families throughout the year, beginning, middle, end to gather feedback on how welcome they feel and use the data to adjust outreach efforts and adjust the plan accordingly.

Invite parents in to immerse themselves in student's everyday learning while displaying student work to celebrate and allow families to feel pride and investment within the PS 176 building.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Parent attendance logs to track parent engagement
Family participation surveys-three times a year, beginning, middle and end to gauge how welcome, informed and involved families feel.
Parent feedback forms after events- these will help gather immediate input on clarity, usefulness and accessibility.
Outreach content logs-calls, texts, Dojo messages
School climate survey results- parent domain- monitor shifts in family satisfaction, communication, and a sense of belonging
PTA/STL attendance logs - to notice trends in attendance for each of these meetings

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/04/2026	After School Programs for Grades 1-5	NIA, Events, trips, homework help, clubs, Paint with Someone Special
09/05/2025	06/04/2026	Theater Performance/Dance Consultant/The Arts	Inside Broadway Theater Performance Behind the scenes Broadway Plays, Ballet Tales, Hip Hop Show, Poetry Contest, Halloween Window Painting Contest
09/05/2025	06/04/2026	Invite families in once a month to engage in classroom learning	Teachers partner with parents and invite them in to immerse in classroom learning and celebrations.

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Teachers, Paraprofessionals, Admins, Partnerships with The Arts, CBO partnerships

Instructional Resources

Move This World curriculum, Ballet Tales, Inside Broadway curriculum, Civics for All, Painting program

Schedule Adjustments

Are needed to ensure that all students/families are welcomed to participate in school activities. Master programming to ensure families, student accessibility

Other Resources Needed

n/a

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, 13% of students were deemed chronically absent as per INSIGHT, for the total school population 11% of 1072 students were chronically absent this school year, 2024-2025	Lack of confidence in language, families afraid to ask for help when needed, families taking international trips to visit family abroad.	Current MLL
As of June 2025, 13% of students with IEP's were deemed chronically absent as per INSIGHT	Lack of confidence in school, social emotional needs including anxiety and difficulty with transitions.	Students with an IEP

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	13%	By June, 2026, the percentage of chronically absent students for English Language Learners (ELL) will decrease by 4%, from 13% to 9%, as measured by the Insight data reports.
Students with Disabilities (SWD)	13%	By June, 2026, the percentage of chronically absent students for Students with Disabilities (SWD) will decrease by 5%, from 13% to 8%, as measured by the Insight data reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance incentives for students and families, Family Movie Night for student/families that achieve a 5% growth as
measured by daily attendance

Root Cause Addressed:

Lack of confidence in language, families afraid to ask for help when needed Parent workshops in English, Google translate, Interpretation telephone number for parent/teacher to chat

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Mailing home parent letters in September about the important of attending school each and every day
Create incentives for students to come to school, dojo points, ice cream parties, extra recess, visiting the hydroponic labs
Providing students with clothes back pack and winter jackets due to economic needs and not able to afford appropriate clothing

Key Strategy 2 (Optional):

Continue to foster a positive and engaging school culture ensuring that students feel connected to the school community and are excited to attend school. This is achieved through engaging academic experiences and activities such as: assemblies, spooky reading night, movie nights, school spirit days, pumpkin patch, cultural celebrations, musical performances (holiday concert, spring concert), genius hour, Maker Faire.

Root Cause Addressed:

Students with disabilities lack confidence attending school, provide experiences for student to multiple museums for students to explore different ideas and create projects of interest based on their trip to the museums, zoos and aquariums

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students who are listed at-risk for being chronically absent will be recommended for student and parent meetings (in person and virtual) with school counselors/social worker and attendance team members to identify barriers for attendance. School counselor/social worker and family will work together to create a plan to increase attendance that may include: check-in/check-out, targeted at-risk counseling sessions, big buddy, school monitor opportunities.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

By monthly instructional rounds
Parent workshops on Attendance
Students attendance awards
Parent/child movie night

Classwide incentive-Monthly Movie bulletin board
Alarm Clocks for all students that are chronically late and absent
Brag tags for chronically absent students that improve their attendance each month
Monthly Parent Classroom Visits
5 and 10 day absent letters are sent home weekly to keep parents informed of their child's current attendance

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Family Movie Night, Parent involvement in parent workshops and PTA meetings	Teachers, Parents, Admins, Parent Coordinator and Guidance Counselors
09/05/2025	06/26/2026	Invite parents to school for writing celebrations in classrooms	Teachers, Parents, Admins, Parent Coordinator and Guidance Counselors
09/05/2025	06/26/2026	Continuing to foster a welcoming and supportive school climate for all families and community members. Open door policy for families to visit and receive support for a variety of needs. Strengthening school to home communication with increased teacher and faculty outreach to parents via class dojo, phone calls, and in-person parent engagement	Teachers, Parents, Admin, Parent Coordinator, Guidance Counselors/Social workers

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School aides reach out to families for daily attendance, Attendance Committee monitors daily attendance for all students week/month/year

Instructional Resources

Families letters sent home to alert families of the number of absences and the effect on the student's learning. Parent meetings over absences affecting the child's instructional program and academic progress

Schedule Adjustments

Attendance meeting monthly to ensure student academic progress Pupil accounting, supervising school aide, Assistant Principal, Guidance Counselor, and Parent Coordinator

Other Resources Needed

Brag Tags, Attendance competitions, Awards for students and families

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
iReady, Acadience, and HMH assessments along with Goalbook are used to create Quality IEPs and annual SMART goals to develop stronger IEPs	New teachers, new curriculums, adjustments to planning, and Professional Development	IEP Development and Fidelity of Implementation

SESIS IEP Compliance Report 5% of IEPs are not fully implemented	Lack of paraprofessional availability and bilingual special education programming, and students awaiting D75 placement	Transition Planning and Compliance
Disproportionate referrals from certain grade levels (2nd grade) using PPT Agendas and Google Forms	Testing grade concerns	Referral Process and Equity
2024-2025 OORS Report: 37% of IEP students have incidents as accused	Difficulty navigating negative social interactions, challenges with self regulation	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	85%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the number of annual goals being progress monitored at the same time as report cards by a 10% Increase, from 85% to 95%, as measured by SESIS Advanced Reports Progress of Measurable Annual Goals .
Students with Disabilities (SWD)	28%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve our Mainstreaming opportunities by a 10% Increase, from 28% to 38%, as measured by SESIS Advanced Program Recommendations and SESIS/STARS Linkage Report .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SESIS Advanced Reports Progress Measurable Annual Goals

Enter a Key Performance Indicator

the number of annual goals being progress monitored at the same time as report cards, IEP Development and implementation, IEP services, annual goal progress monitoring, meeting annual goals by next annual

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To strengthen staff capacity to consistently implement and progress monitor annual IEP goals through collaborative planning, professional development, goalbook, and data driven instruction.

Root Cause Addressed:

Lack of sufficient training for general education teachers, special education teachers, providers, and new teachers. Time management to complete IEPs and difficulties in integrating IEP goals into daily instruction. The recent switch to new curriculums, adjustments to planning, and lack of Professional Development.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate monthly IEP progress monitoring check-ins with SETSS, ICT, general education teachers, and providers
Conduct professional development aligning lesson planning with IEP goals and progress monitoring
Utilize digital programs, Goalbook, to download and research progress monitoring tools to track student data and share with the students IEP team
Schedule review meetings with the IEP team and families to increase collaboration in student progress and recommendations
Creating a team across each grade to review progress monitoring reports and ensure timelines are met

Key Strategy 2 (Optional):

Implement new inclusive instructional practices that support special education teachers, general education teachers, and SETSS teachers, to include Universal Design for Learning (UDL), Specially Designed Instruction (SDI), and culturally responsive education framework to increase access and participation in general education classrooms.

Root Cause Addressed:

Limited support of inclusive instructional practices within general education classrooms and inconsistent implementation of mainstreaming and inclusivity, which reduces opportunities for students with disabilities to be integrated meaningfully in general education settings.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Balance student groupings to promote inclusion
Provide training opportunities for general education teachers focusing on UDL, SDI, and differentiation
Create peer buddy and inclusive social groups to foster easy transition, belonging, and participation
Intervisitations and class walkthroughs focused on best practices with feedback
Include MTSS and inclusive practices in problem of practice for instructional rounds

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be progress monitored through multiple data points and collaborative structures. IEP progress check-ins will be documented monthly in team meeting notes and shared via the iPlan portal. Lesson plans will be reviewed for alignment to IEP goals and use of UDL/SDI strategies. Digital platforms such as Goalbook and progress monitoring tools will track student growth and be reviewed bi-monthly by the IEP team. Intervisitations and instructional rounds will include targeted feedback on inclusive practices. Evidence such as attendance at PDs, student grouping artifacts, and family meeting logs will be collected. Student IEP goal mastery and participation data will be analyzed during data cycles to determine impact on learning and access to instruction.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent workshops to be held through the school or community where applicable for parents to attend Parent Counseling and Training. Families will be invited to learn the process and different strategies to implement with their child to ensure IEP team communication and alignment.	IEP/ PPT/SIT teams, Teachers, Administrators, Parents, parent coordinator, guidance counselors, related services providers, child mind institute, include nyc, sinergia
09/04/2025	06/26/2026	Schedule review meetings with the IEP team and families to increase collaboration in student progress in their annual goals and recommendations, sharing progress toward IEP annual goals at the same time as report cards.	IEP team/ PPT/SIT teams, Teachers, Administrators, Parents, parent coordinator, guidance counselors, related services providers
09/04/2025	06/26/2026	Parent workshops to explain the process and understanding how parents are a vital part of their child's IEP Team. School will provide shared calendars and Notice of IEP meeting notices to ensure completion of a child's IEP from the IEP Team. Parents will be provided with their Procedural Safeguards and progress monitoring updates of their child's annual goals.	IEP/ PPT/SIT teams, Teachers, Administrators, Parents, parent coordinator, guidance counselors, related services providers, child mind

			institute, include nyc, sinergia

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP Teacher, Special Education Liaison, PPT Team, Crisis Team, SIT Team, Goalbook Representative Erika Hernandez, Child's IEP Team

Instructional Resources

Goal Book, SESIS, STARS, Compliance Reports, ATS Reports, Google Share Drive, Microsoft Team Calendar

Schedule Adjustments

Increasing time for School teams to meet and discuss a child's IEP for appropriate Programs/Services. Setting up a set/scheduled time with Parents for Parent Workshops in regards to the IEP and it's process

Other Resources Needed

Goalbook -Quality IEPs and Progress Monitoring templates/resources, Scheduled Time for trainings and meetings

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Morning Sunrise ELL digital platform 7:30-8:00 a.m. Monday through Thursday	NYSITELL/NYSESLAT Level Entering Emerging Transitional Ells invited to the morning program	Digital platform personalize learning CAI/CMI Both Tier 2 and Tier 3, Phonics for Reading for Tier 3 students	Small groups of students of 4	Mornings Monday - Thursday 7:30-8:00 a.m.	YES Tech based with visuals and audios to learn language cadence high frequency word base
New Beginners After School Program	ELL/SWD ELL Entering Emerging Transitional levels invited to after school program	Phonics for Reading for Tier 3 students	mini lesson, small groups, partnerships one to one conferring Shared Reading Guided Reading differentiated to meet the needs of diverse learners	After School Tuesday Wednesday 2:30-4:30 p.m.	YES, Imagine Learning Max Scholar for Word Study I Ready Reading TCRWP ELL UOS Up the Ladder Reading Up the Ladder Writing
The Genius Hour: The Infinity Project STEM based activities	All students especially students who need support work in small groups/partnerships	STEM based activities where students program robots, create solar stoves, rockets We love this for our struggling students because they actually excel and take the lead in many of the activities Tier 2 Phonics for Reading for Tier 3 students	Partnerships, small groups conferring circles Gallery walks Peer Review Student led small groups Student led seminars Ted Talks Pod casts	Thursday afternoons 2:30-4:30 October to April	Minecraft Wifi.com Jamboards, Global Platforms with TCRWP international schools robotics labs hydroponic labs maker labs Student led Student

					choice Student voice

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3 - At-Risk Individual Counseling	Students may be referred to PPT by a teacher and/or parent. PPT team will determine the need and develop a goal for short-term service.	School Counseling	Individual	During the school day	No
Tier 2 - Individual Positive Behavior Supports	Students will be identified through the following indicators: chronic absenteeism, below grade level, OORS reports.	Positive Behavior Supports and Incentives	Small-group	During school day	No
Tier 2 - Restorative Practices/ Repairing harm/relationships	Students will be identified through the following indicators: OORS reports, Teacher and/or parent referral.	Restorative practices and repairing relationships through SeL	Small-group	During school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Family workshops and information sessions are held quarterly to explain how students are identified and supported through MTSS. Tuesday Family Engagement sessions take place bi-monthly, providing one-on-one and small group opportunities for parents to review student progress and goals. Teachers communicate ongoing updates via Class Dojo and Google Classroom, ensuring consistent collaboration and transparency. Families receive updates on student progress each marking period and progress reporting. Parents are invited in each month to participate in MTSS small groups.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Teachers schedule frequent 1:1 family engagement meeting to discuss student progress based on data. Families receive monthly progress reports detailing student improvement. Student intervention plans will be shared periodically with families which include intervention goals, methods, and timelines.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Notify families when Tier 2 interventions are not sufficient and explain what Tier 3 means. Gain consent if required. Hold collaborative problem solving meetings with teacher teams to jointly discuss potential causes, strategies and interventions. Teachers will share regularly progress via collected data. Families will bring critical insight into their child's strengths, stressors, and background. Encourage families to help set realistic goals and reinforce skills at home with suggested activities or tools. Give resources or training if needed.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

As of June 2024, there are 27 (2.38%) Students in Temporary Housing:

24 students are "doubled up"
3 students are "other temporary living situation"

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

STH Funding is used for students and their families. Funds purchase school uniforms, shoes, clothing, back packs, winter coats, books, umbrellas, sweaters, underwear, student supplies. All students are free to have school breakfast and lunch. Students in after school program receive free snacks.
Students/families have metro passes when needed to attend school each and every day.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

P.S. 176 strives to support Students in Temporary Housing and their families. Upon notifying the school of housing status, families are provided with pertinent information about school selection options (remain in same school with free transportation or immediately enroll in the local school). In addition, they are provided with information for eligible programs including: at-risk counseling, free lunch, access to health care and free after-school programs. Students are provided with uniforms and backpacks filled with all necessary school supplies. Throughout the year, these supplies are replenished and uniforms are replaced. P.S. 176's STH liaison, school counselor and school administrators regularly communicate with families to assess needs. Students who are in need of academic support are invited to join after-school programs, AIS small group-instruction and extended learning times (when applicable).

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of June 2025, there is 1 student currently enrolled in foster care. He has an IEP and receives counseling twice a week. He also receives small group targeted academic and SEL instruction.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Upon enrollment, the student in foster care received immediate access to all school supports to ensure stability and continuity of learning. The school's counselor provides weekly counseling sessions and regular check-ins to address emotional and social needs. The student receives free breakfast and lunch, and all required school supplies and uniforms are provided. Academic supports include small-group instruction and progress monitoring through MTSS. The family and caseworker are in ongoing communication with school staff to ensure consistent attendance and engagement. Transportation is coordinated as needed to maintain consistent access to school.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Although our current population includes only one student in foster care, historical data indicates that students in temporary or foster care often demonstrate higher rates of mobility and attendance challenges compared to their peers. These factors can impact academic consistency and social-emotional well-being. To address this, our school ensures immediate access to all necessary materials and supports, including school uniforms, supplies, and meals, to remove barriers to attendance and participation. Staff monitor attendance and academic progress closely and

coordinate with counselors and caseworkers to provide timely interventions and maintain consistent engagement.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Our school utilizes a multi-tiered support system that provides individualized social-emotional and academic interventions. The student in foster care participates in weekly small-group counseling sessions focused on coping skills, resilience, and self-regulation. The counselor and social worker maintain ongoing communication with the student's foster family and caseworker to ensure alignment of supports. Check-In/Check-Out systems help monitor emotional well-being, while trauma-informed practices strengthen relationships and reduce behavioral disruptions. Peer buddy and orientation supports are also in place to ease transitions and promote a sense of belonging within the school community.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. P.S. 176 believes in parents as partners. We strive to build strong family-community ties through fostering a welcoming and inclusive school culture. The purpose of the school-parent compact is to establish a common understanding of home and school responsibilities in order to assure that every child achieves a standard of excellence in a nurturing environment that fosters core values of cooperation, respect, understanding and trust.

Support for Parents and Family Members of Title I Students

PS 176 will support parents and family members of Title I students by:

- Providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology. This is done through various workshops including, but not limited to, parent engagement time, Reading and Writing with Your Child, workshops facilitated by ELL teachers, classroom teachers and community-based organizations.;

- Providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children via meet the teacher night, parent-teacher conferences, monthly class newsletters, and parent workshops. in the Science of Reading, Literacy Shifts, On Grade level text, Small Groups, Station Teaching meetings with parents inviting them to join our classrooms Literacy Periods

- Fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress through consistent two-way communication, social-emotional and parenting workshops facilitated by CITE and community-based organizations.

- providing assistance to parents in understanding City, State and Federal standards and assessments through parent information sessions, NYSESLAT and State Testing workshops.

- sharing information about school and parent related programs, meetings and other activities disseminated via letters backpacked home, ClassDojo, phone calls, and posted on the school website in multiple languages.

- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community including Trauma Informed Educational Practices, Culturally Responsive Education and Equity.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, conducts an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information is maintained by PS 176.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- Actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;

- Engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and

parenting skills;

- Ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;

- Support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;

- Maintain a Parent Coordinator to serve as a liaison between the school and families. The Parent Coordinator will provide parent workshops based on the assessed needs of the parents of children who attend the school as determined by quarterly parent feedback surveys. School Pedagogues, Contracted Vendors and Community-Based Organizations will be solicited to provide varying workshops. The Parent Coordinator, pedagogues, and school faculty will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- Conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- Provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;

- Host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;

- schedule additional parent meetings, e.g., quarterly meetings, with flexible times and modalities, such as meetings in the morning or evening; phone calls, virtual meets and in-person meetings, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;

- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

PS 176 will further encourage school-level parent and family engagement by:

- Hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year including, theme nights, Read with Me, Mommy and Me, Saturday School, Gardening Club, Homework Help etc.

- Encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;

- Supporting and hosting bi-monthly Family events;

- Establishing a Parent Resource Center/Area or lending library; instructional materials for parents;

- Encouraging more parents to become trained school volunteers;
- Providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- Developing and distributing a monthly classroom newsletter and updated website page designed to keep parents informed about school activities and student progress;
- Providing school planners/folders and access to ClassDojo for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 176, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement as well as develop expectations and objectives to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards/Next Generation State Standards
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

P.S. 176 will support home-school relationships and strengthen communication by:

- conducting parent-teacher conferences in November and March during which the individual child's achievement will be discussed as well as the goals of the School-Parent Compact;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the P.S. 176's Title I status and funded programs and their right to be involved;
- ensuring consistent two-way communication through additional meetings at other flexible times and formats, e.g., morning, afternoon and evening, phone call, virtual meet, in-person, classdojo student learning portfolios. When necessary and when funding allows, transportation stipends and/or child care will be provided for families who cannot attend a regular meeting;
- respecting the rights of limited English proficient families by translating all pertinent documents and providing interpretation services for phone calls, workshops and meetings in order to ensure participation in their child's education;

- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in multiple formats (e.g. Class Dojo, backpacked letters, phone calls etc.) in multiple languages;

- parents are invited to participate in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and the School-Parent Compact. Google surveys will be distributed in November and March to illicit feedback from the school community;

- pedagogues and school faculty will provide parents with timely information regarding their child's performance profiles and individual student assessment results and other pertinent individual school information during parent-engagement time, parent-teacher conferences, phone calls and scheduled meetings;

- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

P.S. 176 will provide parents reasonable access to staff by:

- ensuring that staff will have access to in-house and DOE contracted interpretation services in order to effectively communicate with limited English speaking parents;

- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;

- arranging multiple opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities including, but not limited to, open-school night, parent engagement time, family workshops, school trips homework help, and Read with Me etc.

- planning activities for parents during the school year, e.g., Parent-Teacher Conferences, Family Craft Time, Multicultural Night, Holiday Feast, Pumpkin Patch, Reading/Game Nights, Cinema Under the Stars, Mommy and Me, Gardening Club, Student of the Month Celebrations etc.

I. School Responsibilities: Providing General Support to Parents

P.S. 176 will provide general support to parents by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;

- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities including the following topics Learning Standards, Navigating School Technology, Homework without Tears, NYSESLAT and NYS Exams, with multiple dates and times as dictated by parent survey responses;

- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;

- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 30 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

All teachers are highly qualified with NYS Certification in their teaching licenses
Teachers, Paraprofessionals, Administration and Staff participate in professional development with on site staff developers, coaches
institutes, specialty groups and workshops provided during the day and on Monday Professional Development.
SEAL, CSRE are targeted goals for responsive classrooms to accelerate student performance

All teachers participate in professional learning in word study, vocabulary, literacy, math and other curricula initiatives.
Teachers and paras participate in book clubs: Teaching with Clarity, Cultivating Genius, Hallmarks for Advanced Literacies, Cultivating Knowledge,
The Handbook for Enhancing Professional Practice : Using the Framework for Teaching in your School. NYCDOE Office of Equity and Access webinars, Anthony Francesco, HMH Coach on-site for literacy, ReimaginED staff developers, National Geographic staff developers, and Paideia with Jeremy Spielman.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Outreach to Pre-K students and their families in Spring to welcome them to our school. Video tour of Kindergarten presented in a virtual meeting with parents. Postcards mailed in July /August to all families in our school to welcome our children back. August walk throughs for parents who wish to participate in an onsite visitation.

Building Home Libraries for students and their families

Providing school uniforms, coats and essential clothing for students as needed.

Providing family workshops topics elicited from parent surveys

Providing through our Family Coordinator Parent workshops for " arts, dance, yoga, and trips

All entering Kindergarten students received a book baggie filled with books to create classroom libraries at home. Notebooks, markers, crayons, pencils were included for students to illustrate stories. Students received word packet game activities.

On our school website the games are displayed for parents to view. Each bag also included STEM projects for students to explore over the summer.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Title 1 SWP	$1,212,937	x	
Title I, School Improvement 1003(a)	Federal	$223,070	x	
Title II, Part A	Title 2	$34,274	x	
Title III, Part A	Title 3	$9441	x	
Title III, Immigrant	Federal	$34,274	x	
Title IV, Part A	Title 4	$393,197	x	
Tax Levy (Fair Student	FSF	$8,678,109	x	

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Elizabeth Culkin
Assistant Principal (Where Applicable)*	Kelly Grogan
English as a New Language (ENL) Teacher*	Vicky Peng
Teacher (if school has a bilingual program must be a bilingual teacher)*	Karina Estrella
Parent/Guardian*	Winni Chan
IEP Teacher	Michelle Moran
Parent Coordinator	Qin Zhu
	Michelle Moran
Assistant Principal	Suzanne Kelly
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

14

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

10

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

11

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1069

Total number and percentage (%) of current ELLs:

304; 28.44%

Total number and percentage (%) of former ELLs:

187; 17.49%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

257; 88.9%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

32; 11.1%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

52; 17.1%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language Gen Ed	Spanish	2023-2024	1	1	1											3
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL is taught by a NYS-certified English to Speakers of Others Languages (ESOL) teacher and/or a teacher who possesses Common Branch K-6 with a bilingual extension (for DLBE). Stand-alone ENL is implemented as mandated by CR-Part 154. The students are grouped heterogeneously in each ENL class. ELLs/MLLs who are deemed at the Entering/Emerging level by NYSITELL or NYSESLAT receive 180 minutes of Stand-alone ENL while students at the Transitioning level receive 90 minutes of Stand-alone ENL.

Integrated ENL:

Integrated ENL is implemented either through the co-teaching model or taught by a dually certified teacher. These students are grouped heterogeneously. In the co-teaching model, both teachers share their expertise in teaching English language through the content areas. The teachers also use differentiated instruction by working in small groups to maximize student learning. ENL methodologies and academic language are used to provide a scaffold for the ELLs/MLLs so that they have access to the content areas while developing their academic skills and English language acquisition. ELLs/MLLs who are deemed at the Entering/Emerging level by NYSITELL or NYSESLAT receive 180 minutes of Integrated ENL during ELA periods. Students ate the transitioning level receive 90 minutes of Integrated ENL during ELA periods. Students at the Expanding level receive 180 minutes of Integrated ENL during ELA or another core content area period. Students who are commanding (up to two years) receive 90 minutes of small group instruction during ELA or another core content area.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A - P.S. 176 does not have a TBE program at this time.

Dual Language Bilingual Education (DLBE):

During the 2025-2026 school year, P.S. 176 will have one DLBE Kindergarten class, one DLBE First Grade class and one DLBE Second grade class.

The students are instructed in English and the target language of Spanish. The ELL proficiency levels of students are heterogeneous. Stand-alone ENL services are provided by a teacher possessing Common Branch K-6 with a bilingual extension as follows: ELLs/MLLs who are deemed at the Entering/Emerging level by NYSITELL or NYSESLAT receive 180 minutes of Stand-alone ENL and 180 minutes of integrated ENL while students at the Transitioning level receive 90 minutes of Stand-alone ENL and 90 minutes of integrated ENL. Students at the expanding level receive 180 minutes of integrated ENL during ELA or other core content area periods. Students at the commanding level receive 90 minutes of small-group instruction during ELA or another core content area period.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The results of the NYSITELL and NYSESLAT, whichever is most recent, are used to determine student's proficiency levels. The ENL coordinator programs the students in STARS Classroom and updates the school roster by class/proficiency level. Students are programmed as follows:

Entering/Emerging ELLs/MLLs are programmed for 360 minutes (2 units of study) of ENL per week, 180 minutes (1 unit of study) of Stand- alone ENL, and 180 minutes (1 unit of study) of Integrated ENL

Transitioning ELLs/MLLs are programmed for 180 minutes (1 unit of study) of ENL per week, 90 minutes (.5 units of study) of Stand- alone ENL and 90 minutes (.5 units of study) of Integrated ENL.

Expanding ELLs/MLLs are programmed for 180 minutes (1 unit of study) of Integrated ENL per week.

Commanding ELLs/MLLs are programmed for a minimum of 90 minutes (.5 units of study) per week in small group instruction that provides rich language use, collaboration, problem-solving, and targeted content-based Learning.

Each month, an RFSF report from ATS is cross-referenced with the programming and action items on STARS as well as the EDUR report to ensure that students are receiving mandated services as per CR-Part 154. Any discrepancies are checked by a member of the ENL team and rectified in STARS and school programs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ELL/MLL services are delivered through three models: stand-alone ENL, integrated ENL, and two-way Spanish Dual Language Bilingual Education (DLBE). All models follow CR Part 154 guidelines, with instructional minutes determined by students' English proficiency levels as identified on the NYSITELL/NYSESLAT.

In both the stand-alone and integrated models, instruction is provided either by a dually certified teacher (Common Branch and ESOL) or through a co-teaching model where an ESOL teacher works alongside a Common Branch teacher. Stand-alone ENL focuses on language development and is scheduled separately from content area instruction, while integrated ENL supports students in accessing grade-level ELA standards within the classroom. Students are grouped heterogeneously within their classes.

In our Spanish Dual Language program, instruction is provided in both English and Spanish. The Common Branch teacher holds a bilingual extension and delivers instruction in both languages according to the 50:50 model. English Language Arts and Spanish Home Language Arts are each delivered in their respective languages, supporting biliteracy and content understanding across the curriculum.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our two-way Spanish Dual Language Bilingual Education (DLBE) program integrates native English speakers and Spanish-speaking Multilingual Learners/English Language Learners (MLs/ELLs) in the same classroom. The program follows a 50:50 alternate-day language allocation model. Students receive full-day instruction in one language (English or Spanish) and alternate to the other language the following day. Instruction is not translated; instead, it builds on concepts taught the previous day, with teachers making intentional cross-language connections. This model supports bilingualism, biliteracy, biculturalism and academic achievement in both languages.

b. In which language(s) is each core content area taught?

All core content areas are taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A - P.S. 176 does not have a TBE program at this time.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

As per the Fall 2024 EDAT, approximately 257 students, representing 88.9% of our English Language Learners, are identified as Newcomers. These students are typically in their first year of enrollment and require targeted support to build foundational language and literacy skills while adjusting to a new academic and cultural environment.

Instruction for Newcomers is designed to be highly scaffolded and accessible. Students are often partnered with peers who share the same home language to support social-emotional adjustment and peer-to-peer language modeling. Instructional strategies include the consistent use of routine language supports such as sentence stems, visual aids, and bilingual glossaries. When appropriate, translated materials are also used to support comprehension. Technology such as Amira and Imagine Learning provide adaptive, individualized language and literacy practice. Teachers emphasize small group instruction to deliver foundational literacy, reinforce vocabulary, and monitor progress through formative assessments. Newcomers are given frequent opportunities to engage in all four language domains, listening, speaking, reading, and writing, across content areas, using multimodal approaches that include speaking frames, visuals, and kinesthetic learning. At its core, instruction is differentiated based on students' language proficiency levels and time in the program, ensuring that each learner receives the support needed to access the curriculum and make meaningful progress in English language development.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

As of the most recent EDAT, there are currently no students identified as Students with Inconsistent/Interrupted Formal Education (SIFE) at PS 176. However, our school is prepared to support SIFE students through a responsive, asset-based approach that values students' lived experiences and leverages their background knowledge to build academic language and confidence. Instruction for SIFE students is guided by the SIFE Bridges Literacy Manual and the SIFE Equity Project curriculum, both of which help address instructional gaps through targeted support in literacy, numeracy, and content knowledge. Instruction is scaffolded, culturally responsive, and focused on bridging foundational academic and language development needs. Key strategies include emphasizing foundational literacy through small group and individualized instruction, using students' home language as a resource whenever possible,

and incorporating bilingual materials and visual supports. Teachers provide explicit instruction in academic routines, classroom expectations, and content-specific vocabulary, while also creating meaningful opportunities for students to connect their lived experiences to classroom learning. Formative assessments are used regularly to monitor progress and guide instruction. SIFE students may face unique challenges adjusting to a new school environment, so creating a welcoming, affirming, and structured setting is a priority. Teachers also work closely with families to build trust and foster consistent communication.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

As per the Fall 2024 EDAT, 0% of students are considered Long-Term ELLs. However, 5.2% (15) students are considered potential long-term ELLs. Instruction for Long-Term ELLs differs from that of Developing ELLs in that it is more targeted and data-driven, with a focus on addressing persistent gaps in academics. Multiple data sources, including i-Ready, HMH Module Assessments, Go Math Assessments, NYSESLAT results, classroom observations, homework, and classwork, are used to identify specific areas of need. These areas are addressed through a Multi-Tiered System of Supports (MTSS), with data reviewed every six weeks to monitor student progress and adjust instruction as needed. Digital tools such as Amira, Waggle, Writable, and Imagine Learning are integrated into instruction to provide personalized practice and additional support in reading, writing and math. Unlike Developing ELLs, who may still be building basic language skills, Long-Term ELLs often need support in mastering more specific language and vocabulary support to fully engage in grade-level academic curriculum.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

As per the Fall 2024 EDAT, 17.8% of students at PS 176 are identified as former English Language Learners. These students continue to receive targeted language support for two years after reaching proficiency. This includes 90 minutes per week of integrated ENL instruction delivered through a small-group model, designed to reinforce academic language and support continued success across content areas. In addition to instructional support, former ELLs remain eligible for testing accommodations such as separate testing locations, use of bilingual dictionaries or glossaries, access to alternate language editions for Math and Science assessments, and the option to provide written responses in their home language where permitted.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

As per the Fall 2024 data, 100% of our ELL population has at least one at-risk indicator, with 45% having one indicator, 41.2% having two, 5.5% having three, 2.1% having four, and 3.1% having five and six at-risk indicators respectively.

The most common at-risk factor of our school's ELL population is being identified as a Newcomer (0-3 years of ELL service), comprised of nearly 88.9% of our ELL population. These students often enter with limited English proficiency and varying levels of formal education in their home countries, which contributes to lower initial performance on assessments. Our instructional team responds to these needs with a focus on inclusive classroom practices, strong routines, and relationship-building. Teachers are highly skilled at integrating newcomers into the classroom community through culturally responsive teaching, visual supports, structured peer interactions, and small group instruction tailored to language proficiency levels.

In addition, 31% of our ELLs did not demonstrate sufficient ELP progress based on their Spring 2024 NYSESLAT scores, indicating the need for more intensive and targeted language instruction.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

9% of our Former ELLs have 1 at-risk indicator, 6.9% of our Former ELLs have 2 at-risk indicators, .5% of our Former ELLs have 3 at-risk indicators, and 1.6% of Former ELLs have 4 at-risk indicators. 82% of our Former ELLs have no at-risk indicators. This shows that the majority of our Former ELLs do not have any at-risk indicators, which is a vast difference from our current ELL population. The most common at-risk indicator for Former ELLs is "Former ELLs who scored Level 1 or 2 on the previous school year's ELA State Test," suggesting the need for further support with academic language/vocabulary, writing and reading comprehension.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The most commonly spoken home languages among our ELL families are Chinese, Spanish, and Russian. We have several staff members who are fluent in these languages and regularly support communication with families. Daily updates, messages and SEEAL Scoop Newsletters are translated through platforms like Class Dojo, GAMA, or with the help of bilingual staff and translation tools such as Google Translate. For school-wide meetings, we provide interpretation services through Geneva Worldwide and use phone-based interpretation for lower-incidence languages to ensure all families have access to important information. Throughout the school year, we offer a range of parent workshops in Mandarin, Spanish, and English, with Russian translation available. These workshops provide families with information about the curriculum, strategies for supporting homework and test preparation, and guidance on navigating their child's educational experience.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic breakdown of our ELL students is as follows: 23.5% American Indian or Alaskan Native, 59.9% Asian, 0.3% Black, 1.7% Native Hawaiian or Other Pacific Islander, 14.2% White, and 0.3% Multiracial. Our school fosters a welcoming and affirming environment for all students, grounded in the principles of Culturally Responsive and Sustaining Education. Our curriculum is inclusive and reflects the diverse backgrounds of our student body, while also maintaining high expectations and rigorous instruction. Teachers incorporate students' cultural backgrounds into lessons and texts, create opportunities for students to share their perspectives, and adapt materials to reflect the diversity of the classroom. Multilingual learners are also supported through scaffolds that affirm their home languages as assets, not barriers. Through our MTSS framework, we provide targeted supports in students' home languages as needed. Staff engage in ongoing professional learning focused on differentiation, cultural responsiveness, and effective strategies for teaching multilingual and multicultural learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

A total of 40.7% of our ELLs (94 students) met progress by exiting ELL status, demonstrating strong language development. An additional 16% (37 students) met their annual progress targets based on NYSESLAT performance, and 4.3% (10 students) achieved safe harbor cumulative growth, indicating steady progress toward proficiency.

39% of our ELLs (90 students) did not meet sufficient ELP progress this year. It is important to note that 74 of these students were in their first year of service and therefore had no prior NYSESLAT scores for comparison, which limits our ability to measure year-to-year growth for this group. This suggests that a significant portion of students not meeting progress were newly identified and will likely show more measurable growth in the following year.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Overall, speaking and reading emerged as strengths across most grades. While, writing emerged as the greatest area of need, especially in grades 2-4.

In the reading modality, grade 1 scored the strongest (41), while it slowly decreased in grades 2-4 (22, 12, 3, respectively) and rebounded slightly in grade 5 (8). This indicates that reading strength declines as grade level increases, which could be attributed to the increasing difficulty of academic vocabulary and complexity of reading content.

The writing modality was the area with the highest area of need across grades. Grade 5 emerged with the most strength in writing (29), with grades 2 (7) and 4 (8) needing the most support in this modality. This trend indicates that a need for target wiring instruction and scaffolds to support students use of academic language and ability to produced extended written responses.

Listening was a common strength in early grades, specfically grade 1 (32) and 2 (27). There was a decrease in grades 3 (11) and 4 (8), before rising again in grade 5 (17). This trend indicates that early elementary students benefit from auditory supports, which could be leveraged in the upper primary grades to support comprehension.

Speaking is a relative strength across all grades, particularly in grades 3 (40) and grade 5 (34). This suggests that oral language fluency increases as grades level progresses and reinforces the need to continue promoting academic discourse in early elementary classes.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

For the ELA assessment, the majority of students at the Entering, Emerging, and Transitioning levels (2, 7, 14, and 17 students respectively) scored at Level 1, while Commanding students (32) were more likely to score at Level 2 or higher. This trend aligns with NYSESLAT data, particularly in the area of writing, which remains a key area for growth. Since the ELA exam places a strong emphasis on written responses, the lower performance among students with lower English proficiency is consistent with what we see in their language development needs.

In Mathematics, students at the Expanding and Commanding levels were more likely to score a Level 2 or higher, while most Entering and Emerging students scored at Level 1 or 2. Notably, 63.9% (60 out of 108) ELLs across all proficiency levels scored a Level 3 or 4 on the 2024 NYS Math exam. This stronger performance may be due in part to the availability of alternate language versions of the assessment and the option to respond in students' native languages.

We do not administer Regents Exams at the elementary school level

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

As of June 2025, PS 176 does not currently serve any students identified as SIFE.

Among our ELLs with IEPs, the proficiency levels are as follows:

12.5% (2 students) are at the Entering level
19% (8 students) are at the Emerging level
32.1% (18 students) are at the Transitioning level
18.6% (18 students) are at the Expanding level
7.4% (7 students) are at the Commanding level

The largest subgroup of ELLs with IEPs falls at the Transitioning level. While this shows that many of these students are making steady progress in English language development, fewer students are moving beyond this stage. One factor may be the increased demands of academic language, particularly in writing, which is necessary to reach the Expanding and Commanding levels on the NYSESLAT. Additionally, ELLs with IEPs often require both language development and more intensive instructional supports. Thus, navigating these needs can present challenges that slow progress, especially in modalities like reading and writing.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and

are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

In order to set ELLs up for success, our teachers place a high emphasis on building background knowledges to allow students to be able to access grade-level texts and concepts that would otherwise be extremely difficult. Teachers strive to make content relevant and relatable to all students' lives so they will remain engaged in the classroom. Some of the tools used to do this are videos, virtual field trips, visuals, research-based assignments, inquiries, and student-led projects based on their specific interests.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team considers Multilingual Learners and English Language Learners in the schools instructional design by constant progress monitoring via Acadience, I-Ready Reading/Math Data from Individualized Online Programs such as iReady and Imagine Learning as well as the Screeners three times a year.

Our school's leadership team meets regularly and includes a diverse representation of pedagogues, including members of the ELL team and consultation with Dual language teachers. They review the quality of the learning environment for the school as a whole and within individual classrooms to ensure that teaching and learning activities are well-structured and culturally and linguistically engaging for the MLs/ELLs in their acquisition of the English language and academic content.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the Dual Language Spanish (DLBE) program, instruction is delivered via an alternate day model with a 50:50 allocation and designated time for bridging languages. The DLBE program uses Into Reading and Arriba La Lectura which allows for coherent design and transfer of literacy skills across both languages. The DLBE teachers utilize

backwards planning strategies to leverage and promote transfer of knowledge and skills in both English and Spanish. Math instruction is taught using Go Math in both English and Spanish.

Dually certified teachers design lessons that incorporate Clarity of Learning objectives aligned with a specific language objective to target language acquisition for all students, regardless of proficiency level. For Entering and Emerging ELLs, ENL teachers design
instruction with an emphasis on foundational language skills, differentiated to meet the needs of all learners. ENL teachers also provide scaffolded instruction to access engaging grade-level texts. ENL teachers use a variety of strategies such as vocabulary webs, sentence stems, and academic language structures to build depth of knowledge and give students opportunities to use the target language in different modalities.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Our school places a strong emphasis on the instruction of academic vocabulary in context. Teachers embed this strategy in all content areas. For literacy, teachers use online videos, visuals (i.e. frayer model), and anchor charts for teachers and students to access. These are great scaffolds for all MLL/ELLs, including those with IEPs. For science and social studies instruction, our school uses Passport Social Studies, Civics for All, Core Knowledge, and the Panorama National Geographic program which includes many videos, pictures, activities, and vocabulary pieces to aid comprehension for all students. Additionally, teachers assign work on online programs iReady (reading and math) and Imagine Learning to help accelerate English acquisition and practice literacy and math skills. ELLs use the Amira reading program (aligned with HMH) to practice decoding and fluency skills to accelerate reading progress. Early elementary classrooms gamify instruction including Go Fish (reading), math games (addition and subtraction fluency), Poof (vocabulary) aligned to the curriculum to support the diverse needs of IEP students.

b. SIFE

SIFE students require intensive supports to build literacy and/or math skills in their home language and in English. To support their progress the following strategies are used by our teachers:

--Culturally Responsive Teaching
--Language Support (bilingual resources, visual aids, gestures)
--Deliberate student partnerships/groupings
--Technology to aid instruction
--Bilingual books
--Family communication
--Differentiated and Scaffolded Instruction
--Explicit instruction of school/cultural norms and classroom routines

Curriculum/Materials:
--Literacy: Teachers use grade-level texts from HMH Into Reading curriculum to reach SIFE students so that they are receiving grade-level instruction, but our teachers scaffold in a way that allows an access point for the students.

--Math: Grade-level Go Math New York curriculum- This curriculum has materials that are wonderful for providing an access-point for SIFE students such as Waggle videos, hands-on manipulatives, and "reteach" opportunities in the workbooks. Additionally, the curriculum is available in Spanish for students who have a home language of Spanish.

--Science/Social Studies: Core Knowledge has a focus on academic vocabulary and provides visuals to go along with the words to aid students in creating the concept in their minds. Additionally, as a supplement, teachers can use the National Geographic Panorama program which provides amazing videos for students to watch to engage with content in a way that is visual and engaging and aids in building background knowledge.

Teachers continually engage with professional learning opportunities to refine their practices in serving all students.

c. Newcomers

For newcomers, the focus is on bridging language and cultural gaps through interactive, multimodal learning experiences that are both supportive and academically rigorous.

Newcomers have access to grade-level texts in both English and their home language when available, helping them make connections between their prior knowledge and new learning. Total Physical Response (TPR) is frequently used to support comprehension through movement, music, and play-based learning.

Instruction is highly individualized for newcomers, particularly those entering in grades 1–5 throughout the year. Teachers often pair new students with peers who share their home language and have stronger English proficiency to encourage social and academic support. Students also benefit from bilingual dictionaries with visuals and the New York State bilingual glossaries, which are provided to help with academic vocabulary in ELA, Math and Science.

Technology is essential in supporting language development. Programs such as iReady, Imagine Learning, and Amira are used to provide personalized reading support and frequent progress monitoring. These tools help students build foundational skills in phonics, fluency, vocabulary, and comprehension. Audiobooks (Sora) and Translated Into-Reading Focus Texts are also used to give students access to grade-level literature and content they may not yet be able to read independently.

d. Long Term ELLs

To support Long Term ELLs, instruction is designed to build academic language explicitly across all subjects. Teachers use scaffolded writing supports, such as sentence frames, graphic organizers, and guided writing models to help students develop more sophisticated written responses. Academic vocabulary instruction is embedded across subjects, with repeated exposure in multiple contexts to ensure deep understanding.

Long Term ELLs also engage in small group instruction that focuses on reading comprehension strategies, text-based responses, and writing across genres. Teachers use data from NYSESLAT, iReady, and classroom assessments to group students by specific language needs. Language goals are incorporated into content-area instruction, ensuring students are practicing reading, writing, speaking, and listening with grade-level materials that are made accessible through scaffolding and modeling.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

To ensure that ELLs with IEPs remain in the Least Restrictive Environment (LRE), we structure our ENL service schedule to prioritize push-in support (integrated) within general education classrooms. This allows students to receive ENL services while continuing to access instruction aligned with their IEPs, particularly in ICT settings. By remaining in the general education environment, students benefit from both language support and inclusive academic and social experiences.

The ENL, general education, and special education teachers collaborate regularly to monitor student progress, adjust instruction, and ensure that both language development and academic goals are being met. We also use flexible scheduling and groupings to provide additional support and enrichment opportunities, giving ELLs with IEPs increased access to rigorous content and meaningful peer interactions.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In both programs, basic home language is assessed when students first enter NYC PS schools through the Home Language Identification Survey (HLIS), which includes basic interview questions in both English and the student's home language.

In the DLBE Spanish program (grades K–2), students' home language proficiency is assessed in both English and Spanish across core content areas. In ELA, students are assessed using Into Reading in English and Arriba La Lectura in Spanish, along with mCLASS Lectura to monitor foundational reading skills in Spanish. In Math, students are assessed using Go Math in English and translated Go Math assessments in Spanish.

In the ENL program, home language is assessed more informally. Teachers use translated or teacher-created baseline assessments in ELA and Math to gauge students' prior knowledge and academic skills in their home language, particularly for Entering and Emerging level students.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Teacher teams meet regularly during common planning times and grade-level meetings throughout the week (at least 2 times per week). Classrooms with Integrated Co-Teaching (ICT) and ENL push-in support, to review student data, co-develop lesson plans with shared language and content objectives, and determine how they will divide instructional roles to meet the needs of their multilingual learners. ENL teachers also participate in weekly grade team meetings, where they contribute language-specific insights and collaborate with general education teachers to adjust instruction for ELLs based on current progress and performance.

Newer ENL teachers receive mentoring twice a week, along with ongoing coaching from more experienced teachers. Additionally, teams have opportunities to collaborate during professional development sessions on

Monday afternoons. To further support growth and share best practices, teachers participate in inter-visitations, allowing new teachers to observe colleagues and gather new ideas to better support their students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Over the course of the academic year, all faculty participates in a variety of professional learning opportunities to support the needs of MLs/ELLs. Several members of the ELL team regularly attend professional learning opportunities offered by the NYC Regional Bilingual Education Resource Network (RBERN). Recent topics have included Project-Based Learning is for ELLs, Using the Multilingual Literacy SIFE Screener (MLS), Supporting MLs with Adverse Childhood Experiences, and Building Academic Vocabulary and Communication Skills. These team members then turn-key their learning during our Monday afternoon professional development block by sharing strategies, modeling sample activities, and distributing ready-to-use resources. In addition, a member of the ELL team participates in the monthly District 20 ELL/Bilingual meetings and brings back relevant takeaways, including policy updates, lesson strategies, and effective models of co-teaching and scaffolding for MLs/ELLs. To support the social-emotional needs of our MLs/ELLs, all faculty participate in onboarding each year with our SEL curriculum partner, Move This World. A member of the SEL team revisits key practices with staff during follow-up meetings in November and March, tailoring the sessions to reflect the current needs and experiences of our multilingual learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In order to meet the professional development requirements as per CR Part 154.2: 15% of total hours for all teachers and 50% of total hours for Bilingual Education/ENL teachers, we partner with RBERN to offer CTLE eligible PD sessions. Each month we share a digital calendar with faculty that outlines the current offerings from RBERN. Sessions include: "Scaffolding Strategies for English Language Learners Through AI Integration", "Book Study: Teaching for Biliteracy", Strategies to Support Spanish Heritage Language Learners in the Classroom using AI", "Special Education Considerations for English Language Learners".

We keep records of the professional development activities digitally on Google Drive to keep track of the mandated hours teachers need to earn their NYS certifications renewal.

Our records include the following: Agendas showing the type of activity, location, duration, sponsoring organization, instructor, or presenter's name, attendance in the form of completion or other relevant documents supporting evidence of the attendance.

Additionally, the ENL Team shares monthly offering from Central to teachers so that they can engage in professional development opportunities related to language acquisition outside of the school building.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We utilize the following assessments to screen students: iReady Reading Diagnostic Assessments, iReady Math Diagnostic Assessments, Acadience Screeners, and Imagine Learning Diagnostic Assessment. Assessment data is reviewed monthly during grade level data meetings and ENL team planning sessions. Teachers use the results to inform decisions about student groupings, areas for small-group instruction, and differentiated supports within both the stand-alone ENL and integrated ENL settings. For example, if the i-Ready Reading Diagnostic reveals that a group of ELLs are struggling with vocabulary or phonics, ENL and classroom teachers collaborate to adjust their instruction accordingly, incorporating explicit vocabulary instruction, visual supports, and language routines into their lessons. Similarly, if diagnostic data reveals that specific students are struggling in particular areas, teachers utilize the iReady Toolkits for both Reading and Math. These toolkits provide targeted lessons that align to specific skills identified through i-Ready Diagnostics, allowing teachers to meet students at their current level. Moreover, throughout the year ENL and classroom teachers meet collaboratively to analyze trends across grade bands and adjust strategies based on shared patterns.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

PS 176 implements targeted intervention programs in ELA, Math, and other core content areas to support the academic and language development of ML/ELLs across all grade levels. Students are identified for Tier II and Tier III interventions through a combination of:
BOY, MOY, and EOY i-Ready diagnostic results, NYSESLAT, classroom-based formative assessments, ENL teacher data analysis and team meetings as well as student work samples. Progress is monitored through i-Ready growth reports, classroom-based assessments, AIS session exit slips, and classroom performance trends.

ELA Interventions:

Targeted Small-Group Instruction: ENL teachers provide small-group instruction focused on foundational literacy skills, vocabulary development, reading comprehension, and writing. Instruction is differentiated based on NYSESLAT modality-level data (Listening, Speaking, Reading, Writing) and i-Ready Reading results using Fundations, Just Words and Amira.

iReady Reading Toolkits: Based on i-Ready skill-level data, teachers use iReady Toolkits to deliver targeted lessons to address specific gaps, especially in vocabulary, decoding, and comprehension.

Reading AIS: AIS is provided in a small-group setting using Heggerty and SPIRE. SPIRE (Tier II and III): Focuses on phonics, comprehension, and fluency. Used with students needing intensive reinforcement in multiple areas of

reading. Heggerty Phonemic Awareness (Tier II): Delivered in K–2 as a supplemental resource to build oral language and phonemic awareness. This program supports ELLs in developing essential pre-reading and early literacy skills, with a focus on listening and speaking.

Morning Sunshine Club (Grades K–2) and Afternoon Global Scholars (Grades 3–5): Extended day academic intervention programs that focus on ELLs performing below grade level, with targeted instruction in reading and writing, aligned to classroom content.

Math Interventions:

Small-Group Math Support: ELLs identified through i-Ready Math diagnostics receive small-group instruction targeting specific skills such as number sense, operations, and problem-solving strategies.

iReady Math Toolkits: Based on i-Ready skill-level data, teachers use iReady Toolkits to deliver targeted lessons to address specific gaps, especially in vocabulary, number sense and operations.

Math AIS: AIS is provided in a small-group setting with students identified using multiple data points and after small group and iReady Math toolkits have not been as successful. These sessions target specific skill gaps (number sense, operations, word problem comprehension) and incorporate visual supports, manipulatives, and language scaffolds to help ELLs access the math content.

Morning Sunshine Club (Grades K–2) and Afternoon Global Scholars (Grades 3–5): Extended day academic intervention programs that focus on ELLs performing below grade level, with targeted instruction in math aligned to classroom content.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

We use multiple data sources, including NYSESLAT results, i-Ready diagnostics, formative classroom assessments, attendance and behavior data, and true peer comparisons, to identify instructional gaps and individual student needs. Grade teams meet regularly during common planning time to review this data and identify ELLs who may need support beyond core instruction. Grade leaders then bring this information to Instructional Leadership Team (ILT) meetings for further analysis.

In collaboration with ELL team members, we use the Decision Tree for MLs/ELLs to guide next steps. If the data suggests a class-wide need, the ILT and ELL team focus on strengthening Tier I instruction with scaffolds that are culturally and linguistically responsive. Progress is monitored in six-week cycles to track the impact of these adjustments.

If a student's progress is not aligned with that of true peers, the classroom teacher uses the data to identify strengths and areas for growth, and begins Tier II interventions. These are monitored in four-week cycles. For students who continue to show limited progress, interventions are intensified, including the use of the PLUSS framework with progress monitoring every two weeks. Data from these cycles is brought back to ILT meetings to determine whether Tier III supports are necessary and to plan next steps.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At PS 176, we use a variety of formative assessments to inform and guide instruction. For ELA, teachers utilize multiple formative assessment tools in the HMH Into Reading curriculum to inform instruction and guide next steps in reading, writing, speaking, and listening. These tools include weekly selection quizzes, module assessments, checks for understanding, and reading response tasks, which are integrated into daily instruction.

The weekly selection quizzes provide insight into students' comprehension of grade-level texts and academic vocabulary. Teachers use this data to make timely instructional adjustments, such as re-teaching a concept, modeling strategies, or providing additional scaffolds to support understanding. The module assessments, which occur at the end of each unit, offer a broader view of students' reading, writing, grammar, and language use. This helps teachers plan targeted instruction for the next unit, ensuring that gaps in understanding are addressed before moving forward.

Checks for understanding, such as color-coded annotations, turn-and-talks, self-assessed success criteria and exit slips, are used during lessons to monitor real-time comprehension and oral language development. These ongoing checks help teachers make decisions about pacing, grouping, and the level of support needed for individual or small groups of students. Teachers also analyze student writing samples to assess grammar, syntax, vocabulary usage, and overall fluency.

In math, teachers use Go Math or Envision formative assessments, including daily quick checks, lesson quizzes, and unit assessments, to track student understanding and skill mastery. Quick checks during lessons help teachers identify misconceptions or gaps in real time, prompting reteaching or adjustments to support small groups. Exit tickets or self-assessment success criteria measure short-term progress, while unit assessments provide a cumulative view of student growth over time. Teachers use this information to identify students who may require additional supports or enrichment and to plan differentiated tasks, sentence frames, and vocabulary supports that are responsive to the needs of MLLs/ELLs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In the DLBE Spanish program, students are assessed in ELA in both English and Spanish using HMH Into Reading and dual-language teacher informal assessments. In ENL classrooms, students are assessed in ELA in English. In Math, students are assessed in their native language using translated versions of unit assessments from Go Math. The data from these assessments informs teachers on the progress of the students related to both content and language knowledge. Teachers can use this data to drive instruction and make decisions on what language is necessary at certain points in the instructional day.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use a variety of summative assessments to evaluate the effectiveness of our ML/ELL programs, including the NYSESLAT, NYS ELA and Math exams, Science exams, and i-Ready diagnostics. The data we collect from these summative sources directly informs instructional and curricular planning.

The NYSESLAT serves as our primary measure of English language proficiency growth. We use the EDAT and FURBY tool data to examine progress across the four modalities (Listening, Speaking, Reading, and Writing). Trends in this data (both strengths and areas for growth) are used to refine our ENL instructional model, inform grouping decisions, and determine where scaffolds are needed. This data also supports planning for targeted ENL instruction within content areas, particularly in literacy-heavy subjects like social studies and science. To evaluate the overall effectiveness of our ML/ELL program, we use the EDAT's English Language Proficiency Growth section to determine the percentage of students meeting their expected growth targets each year.

In addition, we utilize NYS ELA and Math Exams to analyze ELL/ML subgroup performance compared to non-ELL students to evaluate how well our instructional supports are narrowing the achievement gap. Students whose scores indicate significant academic gaps are considered for Tier II or Tier III interventions through our MTSS process.

i-Ready diagnostics in Reading and Math are administered three times per year, and we use this data to track growth over time, flag areas of concern, and identify skills that require re-teaching or enrichment. The i-Ready reading data is especially useful in identifying early literacy gaps among ELLs and informing phonics and vocabulary instruction in ENL and classroom settings.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The ELL Coordinator, in collaboration with the Testing Coordinator, begins by generating and cross-referencing the ATS RLER report and LTPR to confirm that all currently identified ELLs are accurately captured and scheduled for NYSESLAT testing. This list is double-checked against current ELL rosters to ensure no eligible student is missed. A detailed testing calendar is created and shared with all relevant staff through a testing memo, which outlines testing windows, proctoring assignments, and procedures for each session. Prior to the closure of the testing window, we run LTDS to ensure that all eligible students were tested and answer documents were captured accurately.

To ensure appropriate staffing, we spread testing across multiple days. For the Speaking component, TESOL, Bilingual, Common Branch, and Special Education teachers are scheduled to administer only one day each, which preserves their availability to continue supporting students through mandated ENL instruction. For Listening, Reading, and Writing sessions (1-3), testing takes place during the morning hours, which allows teachers to provide mandated instruction in the afternoon. Former ELLs also continue to receive their support services during this period, and their schedules are adjusted as needed to avoid any disruption.

All NYSESLAT administration and scoring staff are appropriately trained. Our ENL teachers attended the NYCDOE District 20 training sessions for Speaking Administration/Scoring and Writing Scoring. The ELL Coordinator and a senior ELL team member turn-keyed the content for all involved staff. In addition, we utilized the MetriTech online training platform and associated handbooks to practice scoring questions independently, followed by norming discussions to address discrepancies in interpretation. For scoring, only TESOL-certified teachers are utilized. To maintain scoring integrity, teachers do not score the exams of their own students. Scoring is organized by grade band and is scheduled for one day each to ensure that students receive their mandated minutes the remaining four days.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At the beginning of each school year, we use data from the RFSF reports to create class lists of current MLs/ELLs and former ELLs, organized by proficiency level. These lists are shared with teachers to guide planning and support. Bilingual glossaries for ELA, Math, and Science are provided for all eligible students and made available in classrooms for use throughout the year. The lists are updated regularly to reflect new admissions/discharges.

Throughout the year, teachers administer Go Math assessments in both English and translated versions, where appropriate, to more accurately assess students' content knowledge. In February or March, the Testing Coordinator surveys teachers to identify students who may want to use a translated version of the NYS Math or Science Assessment and whether they prefer to respond in their home language (PBT vs. CBT format).

Teachers, students, and families collaborate in this decision-making process, using sample test items in both English and the student's home language to determine which format best supports the child. Prior to testing, class rosters that include designations for glossaries, alternate language versions, and other accommodations are shared with teachers for final review. These rosters are also cross-checked against the most recent RFSF and eligible test-takers data to ensure accuracy before test administration.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At the beginning of each school year, all families of newly identified ELLs are invited to attend an in-person ELL Parent Orientation Workshop. This session provides an overview of all three ELL program models, English as a New Language (ENL), Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE), as well as information regarding the specific models at PS 176 (ENL, DLBE K-2).

Throughout the year, as new students are identified as ELLs, we schedule individual orientation sessions with families at a time that works for them. A member of the ENL team contacts the family to arrange either an in-person meeting, a virtual orientation, or when applicable, a phone conference. These sessions are conducted by the ELL coordinator with interpretation services provided in the family's preferred language, either through over-the-phone translation or with support from a bilingual staff member.

During the orientation, families view the NYSED ELL Parent Orientation video, receive an explanation of the three program models, and are informed of which options are available at our school. The orientation also includes a review of the curriculum used (Into Reading, Go Math, Panorama), the types of academic and language assessments their children will take, and the supports in place to help them succeed.

Parents are guided through the process of completing the ELL Parent Selection and Program Agreement Form and Survey. Support is provided in their preferred language to ensure full understanding. We encourage families to ask questions and engage in discussion so they feel informed and confident in the program selection process. Before

concluding the session, we collect the completed parent survey and confirm that all required documents are submitted. A sign-in sheet and a log of all outreach and meeting times are maintained in the ELL binder, along with all critical ELL documents.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Each year, we hold individual meetings with the families of ELLs/MLs to discuss the goals of their child's language development program, review progress, and share assessment results. These 1:1 meetings take place during designated Parent Engagement time.

Teachers coordinate virtual meetings with families and ensure interpretation services are available using the DOE's Translation and Interpretation Unit or bilingual school staff, depending on the family's preferred language. During the meeting, ENL teachers explain the goals of the student's program (ENL or DLBE) and provide families with a clear understanding of the supports in place.

Teachers share language proficiency data using NYSITELL or NYSESLAT results and highlight student strengths and areas for growth across the four modalities: listening, speaking, reading, and writing. Performance Level Descriptions are reviewed to show what students are expected to know and do at each level of English proficiency. Additionally, teachers share the specific supports and instructional strategies they are currently using in the classroom to meet the student's language development needs. They encourage families to ask questions and engage in meaningful dialogue about their child's progress. When appropriate, teachers also offer practical strategies that families can use at home to reinforce language acquisition

To document outreach and participation, teachers keep records of meeting invitations, sign-in sheets, and attendance using Google Forms. Copies of all materials, including meeting logs and attendance records, are printed and stored in the ELL critical documents folder

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Upon registration, all families complete a Home Language Identification Survey (HLIS), which helps the school determine each family's preferred language for receiving notices and school communication. All school letters are routinely sent home in high-incidence languages, including Chinese, Spanish, Russian, and Arabic. If a different language is needed, translated materials can be provided upon request to ensure families stay informed and engaged.

Classroom teachers primarily use ClassDojo and GAMA to communicate directly with families. Both platforms offer built-in translation features, allowing parents to instantly translate messages into their preferred language. The Class Dojo platform affords opportunities for direct two-way communication with teachers and other school staff with messages being translated into preferred languages immediately.

For verbal communication, the school uses the DOE's Translation and Interpretation hotline, which provides live over-the-phone interpreters in a wide range of languages. When families visit the school in person and require interpretation, we either use this service or, when available, call on bilingual staff members who can assist with live translation.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Beyond mandated meetings and orientations, we offer a variety of workshops and activities throughout the school year designed to empower and engage families of MLs/ELLs. To ensure that the workshops reflect the interests and needs of our families, we regularly gather feedback through surveys, informal conversations, and input from our PTA and Parent Coordinator. Our PC works closely with community-based organizations and local businesses to plan meaningful and culturally responsive events. Topics have included nutrition, stress management, internet safety, bullying prevention, establishing bedtime routines, and homework support. We also host hands-on, family-centered activities like fall wreath making, painting workshops, snow globe crafts, and field trips to the Botanical Garden and the Statue of Liberty.

Each month, we host a Parent Visitation Day, where families are invited to spend a class period with their child, participating in an academic activity such as a publishing party, math lesson, or hands-on learning task. These visits give parents a firsthand look at their child’s learning experience and promote strong home-school connections. In addition, events like Spooky Reading Night, Cinema Under the Stars, Kindergarten Breakfast, and Mother’s Tea create welcoming spaces for families to engage with the school community in meaningful and engaging ways.

We also encourage family involvement through volunteer opportunities. Parents of ELLs/MLLs are invited to assist with weekly PTA ice cream sales during lunch, help at concerts and rehearsals, support the Maker Fair, and contribute to other large school events.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We ensure that our families of MLs/ELLs are aware of family leadership opportunities by communicating this information via ClassDojo School Story or GAMA which automatically translates into the preferred language. Hard-copies of translated documents are backpacked home, when available.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS 176, we host family workshops in a variety of languages, and the content of these workshops is chosen based on parent and family interest. The parent coordinator uses information gained from the school survey and interest surveys to plan further culturally and linguistically responsive workshops in the future. This school year, we partnered with Cornell University to offer nutrition and healthy eating workshops in Mandarin, English and Spanish. Each series of workshops takes place over the course of 8 weeks and parents have the opportunity to explore healthier takes on traditional dishes. To culminate the workshop, the families bring in a traditional dish to share. In addition, we facilitate numerous craft workshops that afford families an opportunity to share holiday traditions while creating an individual craft (i.e. wreath, picture frame). Multicultural celebrations throughout the year, such as the Holiday Show, Lunar New Year celebration, Spring Concert etc. are opportunities for us to partner with families to help teach traditional dances/songs to students in the dance club/chorus. Together with the arts department, students perform a multitude of dances and songs to celebrate various cultures and traditions. Families are invited to enjoy the show in-person or watch via YouTube.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We offer a range of experiences to support students and their families as they transition to our school community. All students, including MLs/ELLs, have access to our enrichment programs, which foster creativity, collaboration, and a strong sense of belonging. Students participate in hands-on learning through our Hydroponic Lab, Robotics Engineering Lab, and Maker Lab. In the arts, we offer a comprehensive program that includes string orchestra (violin and cello), band, chorus, dance, and visual arts.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Vicky Peng, ENL Teacher
Luok Shiang (Pan) Yong, ENL Teacher
Karina Estrella, DLBE K Teacher
Amy Liang. ENL Teacher
Lauren Lee, ENL Teacher
Cheryl Fitzgerald, ENL Teacher
Alma Agolli, ENL Teacher
Karen Tsen, ENL Teacher
Kelly Grogan, Assistant Principal

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

PS 176 follows all requirements outlined in the NYC DOE Policy & Reference Guide for MLs/ELLs to ensure that ELLs are identified efficiently and without disruption to mandated instruction. The identification process is completed within 10 school days of enrollment (or within 20 school days for students with IEPs).
To minimize disruption to instruction, we develop a schedule of available training and certified ENL or bilingual teachers who can assist with the Home Language Identification Survey (HLIS) and NYSITELL administration throughout the school day. This schedule is shared with the Pupil Accounting Secretary (PAS), who is responsible for alerting the designated staff member when a new student enrolls.

The process begins with the Pupil Accounting Secretary (PAS), who determines the enrollment status of each new student. If the student has been enrolled in a NYS school within the last two years, the PAS contacts the previous school to request any existing ELL records. If the student is new to NYS or has not been enrolled in the state in over

two years, the ELL identification process is initiated. A certified ENL or bilingual teacher, who is part of the ELL team, then administers the HLIS in both English and the student's home language using standardized DOE questions for each grade level. Translation is provided either by a bilingual staff member or through over-the-phone interpretation. Afterwards, the HLIS entry in ATS is completed by the ELL coordinator in collaboration with the PAS.

For newly enrolled students with an IEP, the Language Proficiency Team (LPT) facilitates the ELL identification process by conducting classroom observations, reviewing IEP documentation, and collaborating with the student's family. Based on this information, the LPT makes a recommendation regarding the student's eligibility for ELL services. This recommendation is then shared with the principal and submitted to the superintendent for final approval. For students who may have experienced interrupted or inconsistent formal education (SIFE), eligibility is determined using the resources provided by NYSED.

Once the HLIS indicates NYSITELL testing, the ELL Coordinator schedules the NYSITELL (and, if applicable, the Spanish LAB) within two school days. A certified teacher from the ELL team administers the NYSITELL. The ELL Coordinator sends home the required notification letters in the family's preferred language and if applicable, invites the parent or guardian to attend the ELL Parent Orientation.

During the ELL Parent Orientation, the ELL coordinator or trained member of the ELL team presents information on all three ELL program models available. The NYSED Parent Orientation video is shown in the family's preferred language, and interpretation services are provided throughout. Parents are encouraged to ask questions, and support is provided in completing the Program Selection and Agreement Form. Families are also informed of their right to appeal their child's ELL identification within 45 school days. The parent choice is entered into ATS by the ELL coordinator.

To ensure continued services, the ELL Coordinator maintains updated rosters of current and former ELLs (using RFSF) and shares them regularly with instructional staff via google drive.

Copies of ELL documents are placed in students cumulative record folder and ELL critical documents folder.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Elizabeth Culkin

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Vicky	Peng	ENL - Regular Grades		
Qin	Zhu	Parent Coordinator - Annual	02/27/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	7	0.41%	7	0.41%	2	2
ARABIC	31	1.82%	37	2.17%	2	2
BURMESE	1	0.06%	1	0.06%	0	0
CHINESE ANY	846	49.59%	612	35.92%	12	18
CHECHEN	1	0.06%	1	0.06%	0	0
CANTONESE	5	0.29%	47	2.76%	0	0
FRENCH	4	0.23%	1	0.06%	0	0

GEORGIAN	3	0.18%	3	0.18%	1	1
HUNGARIAN	1	0.06%	1	0.06%	0	0
HAUSA (HAOUSSA)	1	0.06%	1	0.06%	0	0
JAPANESE	1	0.06%	1	0.06%	0	0
MANDARIN	3	0.18%	208	12.21%	5	5
ENGLISH	447	26.20%	429	25.18%	50	50
PORTUGUESE	2	0.12%	2	0.12%	0	0
RUSSIAN	69	4.04%	67	3.93%	1	1
SPANISH	280	16.41%	280	16.43%	10	10
URDU	4	0.23%	6	0.35%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Teacher Conference Notices (Sept, Nov, March, May)	We utilize google translate and bilingual staff members to ensure accuracy and timely delivery. It is also posted digitally on Class Dojo or GAMA which provides simultaneous translations. For languages in which we do not have ample staff members to check translation, we will utilize OLA translation services.
Curriculum Presentations	We utilize google translate and bilingual staff members to translate slide decks that teachers use to facilitate curriculum night meetings. For languages in which we do not have ample staff members to check translation, we will utilize OLA translation services.
Letters from School Leadership	We utilize google translate and bilingual staff members to ensure accuracy and timely delivery. It is also posted digitally on Class Dojo or GAMA which provides simultaneous translations. For languages in which we do not have ample staff members to check translation, we will utilize OLA translation services.
Event Flyers (i.e. Monthly parent visitations, trip permission slips, concerts etc.).	We utilize google translate and bilingual staff members to ensure accuracy and timely delivery. It is also posted digitally on Class Dojo or GAMA which provides simultaneous translations.For languages in which we do not have ample staff members to check translation, we will utilize OLA translation services.
SEAL Scoop Newsletter	We utilize google translate and bilingual staff members to ensure accuracy and timely delivery. For languages in which we do not have ample staff members to check translation, we will utilize OLA translation services.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Virtual Curriculum Night (September PTC)	Bilingual staff members or over-the-phone interpretation is provided during the virtual meeting to translate the teacher's presentation.
Virtual Parent Teacher Conferences (Nov, March, May)	As teachers make appointments, they ask families if there is a need for translation services. Teachers then schedule appointments using bilingual staff members or over-the-phone translation services.
Parent Workshops (Virtual/in-person)	When possible, we contract vendors who provide workshops in multiple high-incidence languages. If unavailable, the Parent Coordinator will schedule bilingual staff members or Geneva Worldwide to assist with interpretation.
IEP Meetings	Bilingual staff members, DOE over-the-phone translation services.
Middle School Articulation Workshops	Bilingual staff members or Geneva Worldwide to assist with interpretation.
Kindergarten Parent Orientation (in-person)	Bilingual staff members or if available, Geneva Worldwide to assist with interpretation.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Teachers communicate daily with families through Class Dojo, which automatically translates messages, allowing for efficient two-way communication. School-wide messages (i.e. lockdown, fire, shelter-in) are sent through GAMA,

which provides translation options for both text and email.

In emergencies involving individual students we prioritize direct communication. Bilingual staff members are available to assist, and when needed, we use the NYC DOE over-the-phone translation service to ensure accurate and immediate interpretation. Families can also reach the school in their preferred language through these same channels.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure all staff members complete the required asynchronous NYCPS Language Access Training on WeLearnNYC and are familiar with best practices for providing interpretation and translation, our school will hold a faculty conference at the start of the year. During this session, we will review the goals of Chancellor's Regulation A-663 and outline expectations for language access compliance.

Staff will receive guidance on using DOE-provided interpretation services, including the over-the-phone service available in over 200 languages, and how to access written translation services through the Translation & Interpretation Unit. Teachers will also be trained to reference families' preferred language of communication, which is documented in ATS/NGSS and listed on the Blue Card.

Ongoing communication with families is supported through tools like Class Dojo and GAMA, which allow for automatic message translation, and the use of Google Translate when needed for informal communication. All critical documents are translated prior to being shared to ensure families can fully engage in their child's education.

Our Galaxy-designated Language Access Coordinator will be responsible for monitoring staff completion of the training, sharing updated language access resources, and providing reminders throughout the year during Monday PD time.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

All families receive the Parents' Bill of Rights and Responsibilities, which outlines their rights to language access. Multilingual signage and Achieve NYC posters are prominently displayed at the school's main entrance in the most commonly spoken languages in our community. In the main office, school safety agents and office staff have access to the Language Identification Guide and Translation & Interpretation brochures, which are shared with families as needed.

To further support awareness, we highlight language access services during parent engagement events, such as PTA meetings, Curriculum Night, and ELL parent orientations, where translation is provided by bilingual staff members, the parent coordinator, community volunteers or Geneva Worldwide Interpreters. In addition, we use Class Dojo/GAMA, which allows automatic translation of messages, so that ongoing school communication is accessible to all families.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through OLA's Translation & Interpretation Feedback Survey, PS 176, gathers input from families through multiple channels to better understand their experiences with language assistance services.

We regularly invite feedback during parent engagement events, including PTA meetings, parent workshops and parent-teacher conferences, where bilingual staff or interpreters are present to support communication. The parent coordinator also checks in informally with families and relays concerns or suggestions to school leadership.

Additionally, we use Class Dojo and schoolwide digital surveys, translated into families' preferred languages, to gather input on how well parents feel supported in communication.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on informal feedback gathered during parent-teacher conferences, parent workshops and family events, many families have expressed appreciation for the use of Class Dojo for daily communication.

To strengthen these services, we have increased staff awareness of available DOE translation and interpretation resources through professional development, and we've designated specific staff members, including the parent coordinator and bilingual team members, to support outreach and ensure communication is clear and inclusive.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

150

Grades to be served in this program. Select all that apply.

,3,4,5,2,1,K

Total number of teachers in this program:

12

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

8

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

4

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The following programs are offered to MLs/ELLs in Grades K-5:

The Imagine Learning Morning Program for Grades K-3, running from November 2025 to April 2026, will hold sessions on Tuesdays and Thursdays from 7:30 a.m. to 8:00 a.m., totaling 36 sessions. This program supports students in building literacy skills through online platforms such as Imagine Learning and Amira. For students without access to digital devices at home, the program provides the opportunity to use these platforms during school hours. Instruction will include small-group sessions focused on foundational literacy skills, using strategies such as multi-sensory phonics, guided reading, and decodable texts. Decodable texts (Geodes) will be a key component of the program, offering students an opportunity to practice reading words that follow specific phonetic patterns. These texts are designed to reinforce letter-sound relationships and build decoding skills, helping students to become more confident and fluent readers. For English Language Learners/MLs, decodable texts (Geodes) provide an invaluable tool for reinforcing language acquisition. By repeatedly encountering familiar sound patterns and controlled vocabulary, ELL students strengthen their ability to decode and understand words, bridging the gap between oral and written language. While the teacher works with a small group, the remaining students will engage with the online platforms, which offer individualized learning paths tailored to each student's needs. The program is supervised by Principal Elizabeth Culkin (at no cost to Title III) and attendance will be recorded digitally by the teacher at the start of each session. Each session will include one certified teacher, one paraprofessional, and no more than 15 students per group.

The Global Scholars After-School Program for Grades 3-5 will run from November 2025 until April 2026, with sessions held on Wednesdays and Thursdays from 2:20 p.m. to 4:20 p.m., totaling approximately 36 sessions. This after-school program offers literacy and math development through interactive use of online platforms such as Imagine Learning which provide targeted support based on each student's strengths and areas of growth. Teachers will also utilize data from iReady, HMH, and Go Math assessments to inform small-group lessons designed to refine skills and enhance English language proficiency. Students will engage with "Focus on Reading" materials that cover essential comprehension strategies, including comparing and contrasting, recognizing sequence, and making predictions. These resources provide scaffolded support for building strong foundational skills in reading and critical thinking.In mathematics, the program incorporates the "Focus on Mathematics" series, which includes topics such as building number sense, using estimation, and introducing algebraic thinking. These math activities are designed to deepen conceptual understanding and problem-solving abilities, tailored to meet the varied learning needs of students. To support English Language Learners (ELLs) in building background knowledge and vocabulary, the program also integrates engaging, content-rich resources such as National Geographic videos, NewsELA articles, and field trips to the New York Aquarium. These experiences provide visual, auditory, and hands-on learning opportunities that help students connect new language to real-world concepts.

The program will include five groups, each with 15 students, totaling 75 students. Instruction will be delivered through small-group teaching, with lessons tailored to meet the needs of each student. Attendance will be recorded digitally.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The data analysis conducted for the Imagine Learning Morning Program for ELLs reveals that many of our Entering and Emergent MLL/ELLs would benefit from increased instruction in basic literacy concepts. According to data from the ELL Data Analysis Tool (EDAT), RFSF, and NYSITELL, as of December 2024, there are 38 Entering/Emerging ELLs in Kindergarten, 12 in 1st grade, and 17 in 2nd grade. Additionally, analysis of Acadience Beginning-of-Year (BOY) and Middle-of-Year (MOY) data shows that 29 Kindergarten ELLs, 24 1st grade ELLs, and 39 2nd grade ELLs are performing well-below or below benchmark in literacy, indicating a significant need for targeted support in basic literacy skills

The data analysis conducted to support the rationale for the Across the World for ELLs program reveals significant needs in literacy and academic skills among Entering and Emergent MLL/ELLs. Based on data from the ELL Data Analysis Tool (EDAT), RFSF, NYSITELL, iReady, Acadience, HMH module assessments, GoMath assessments, teacher observations, and EDUR, we identified key gaps in basic literacy and math. As of December 2024, 53 students scored at Level 1 or Level 2 on the 2023-2024 NYC ELA exam, and 19 ELLs had scored at the same levels in 2022-2023. Additionally, many of our ELLs show gaps in foundational academic skills, particularly those in testing grades who will need to take the NYS ELA and Math exams in the spring. The data further indicates a high percentage of at-risk students: 17 students with 4-6 risk indicators, 10 students with 3 indicators, and 77 students with 2 indicators. This information was used to prioritize newcomer students with the highest number of risk factors, followed by those in the lowest 16% of ELA and Math proficiency based on screener data. Observations from teachers and student work samples also support the need for increased literacy support, particularly in academic vocabulary and the ability to engage with grade-level texts. To address these needs, the program uses a combination of resources, including Amira AI Tutoring for individualized support, Into Reading materials aligned with grade-level curriculum, and National Geographic Ladders to provide differentiated reading materials. Instruction is structured into three parts: word study activities (e.g., word sorts, prefixes/suffixes, and multisyllabic words), modeling of skills and strategies through content-driven mini-lessons in Social Studies and Science, and small-group work based on students' needs. By addressing both foundational literacy and higher-order academic skills, the program aims to help students succeed in ELA, Math, and other academic areas.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Imagine Learning Morning Program for ELLs (Grades K-2)
There will be approximately 75 students in grades K-2 invited to participate in the Imagine Learning Morning Program.
The subgroups of ELLs invited are newcomers and developing with proficiency levels ranging from entering to transitioning.

Global Scholars ELLs Program
There are 75 students in grades 3-5 participating in the Global Scholars. After School program. The subgroups of ELLs invited are newcomers and developing with proficiency levels ranging from entering to transitioning.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Imagine Learning Morning Program for ELLs (Grades K-3)
- Feb 2026 to April 2026
- Approximately 36 sessions
- Tuesday and Thursday
- 7:30am - 8:00am (30 minutes)

Global Scholars ELLs Program (Grades 3-5)
- November 2025 to April 2026
- Approximately 36 sessions
- Wednesday and Thursday
- 2:20 pm - 4:20 pm (2 hours)

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The primary language of instruction is English. To support students' home languages, we provide translated portions of documents and utilize tools like Google Translate to assist with communication and instructional access. Additionally, digital platforms such as Amira offer customization for Spanish-speaking students, while Imagine Learning supports instruction in over 15 different languages, helping multilingual learners build literacy and content knowledge in both English and their home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Global Scholars After-School Program: 6 teachers total (6 ENL Teachers)

Imagine Learning Morning Program: 8 adults (2 paras, 3 ENL Teachers, 3 G.E. Teachers)

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials used for the Imagine Learning Morning Program:
Digital devices with access to the Imagine Learning and i-Ready programs, sight word flash cards, picture books to practice sight words and fluency.

Materials used specifically for Global Scholars program are the following:
Amira AI Tutoring, National Geographic Ladders and Longman Picture Dictionary in different translations. We are also differentiating instruction using online literacy programs that build the language skills tailored to individual needs through the use of Acadience, iReady and Imagine Learning, purchased by FSF/Tax Levy funds and Title III immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents/guardians are notified about Title III ELL-funded programs in their preferred languages through multiple methods in mid-October 2025. Printed letters are sent home in student backpacks, and all notifications are also posted on Class Dojo and sent via GAMA, which allows for translation into families' home languages.

The school will maintain detailed records for all aspects of the Title III ELL-funded programs, including:
- Student attendance: Recorded after each session and stored in a school-managed Google Drive, organized by class and date.

- Parent notifications: Copies of translated communications will be saved electronically and in a binder maintained by the Parent Coordinator.

- Teacher certifications: Records of teacher certifications for program instructors are printed from NYSED TEACH and are kept in teachers files in the main office.

- Professional development: Agendas, attendance sheets, and session materials for any PD related to Title III services will be collected and stored in the ENL critical documents binder.

- Purchasing documentation: Purchase orders and invoices for materials or services funded by Title III will be stored in the main office by the Purchasing Secretary/Procurement Liaison.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Our administrators, teachers and all staff working with MLs/ELLs will participate in ongoing Staff Development sessions with topics related to the Core Curriculum and effective strategies to support instruction for MLs/ELLs. ELL Instructional Support Specialists, Math and Literacy Coaches and School-Based Staff will conduct interactive sessions. Most workshops are at no-cost to Title III ELL funds.

Month	Topic	Provider
September 2025	Next Generation Learning Standards - Hallmark Series	ENL Staff
October 2025	Implementing MTSS Support MLs/ELLs	IEP/SE Teacher
December 2025	AI Supports for ML/ELL Teachers	Meg Hargrave
January 2026	TBD	
February 2026	Socratic Seminars (Paideia)	Jeremy Spielman

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Professional development is designed to equip teachers with the tools and strategies needed to differentiate instruction and effectively support multilingual learners (MLs/ELLs) across all four domains. Our planning is grounded in both quantitative data and qualitative feedback to ensure that the training we provide directly addresses student and teacher needs.

Student performance data from the i-Ready Spring ELA Diagnostic shows notable gaps between multilingual learners (MLs/ELLs) and their non-ELL peers. Only 2% of Grade 5 MLs/ELLs scored on grade level in ELA, compared to 5% in Grade 4, 42% in Grade 3, 24% in Grade 2, 20% in Grade 1, and 51% in Kindergarten. The overall average for MLs/ELLs was 27% on grade level, while 60% of non-ELLs were on grade level.

In math, the i-Ready Spring Diagnostic showed that 27% of Grade 5 MLs/ELLs scored on grade level, compared to 53% in Grade 4, 60% in Grade 3, 24% in Grade 2, 38% in Grade 1, and 47% in Kindergarten. The overall math average for MLs/ELLs was 42%, significantly lower than the 83% on-grade-level average for non-ELLs.

This performance gap highlights a clear need for targeted professional development focused on scaffolding instruction for language learners, academic language development across content areas, evidence-based strategies for reading comprehension, support for mathematical reasoning and problem-solving tailored to the needs of MLsELLs.

Additional insights are gathered through classroom observations, post-observation conferences, instructional rounds, and grade team meetings. Teachers collaborate with grade leaders and instructional team leaders to share their preferences and areas of need for professional development. This ongoing review of data allows for continuous reflection on the effectiveness of professional development. Teachers are encouraged to share best practices and discuss what is working well in their classrooms to foster an environment of mutual learning and growth.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All staff are invited to participate in the workshops listed above. The workshops are being offered virtually as well as in person.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

All workshops will take place on Monday afternoons from 2:30-4:00 pm. There will be 10 sessions starting from September 2024 to June 2025 taking place on the 1st Monday of the month.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

1. Next Generation Learning Standards - Hallmark Series

2. Cultural Responsiveness and Engaging Super Readers

3. Blueprint for ELL Success

4. MLs/ELLs in Special Education: Language Acquisition vs. Disability

5. Developing Oral Language Skills in the ENL Classrooms

6. Implementing Response to Intervention (RtI) Model to Support MLs/ELLs

7. Scaffolding Content Learning for MLs/ELLs

8. Unpacking the NYSESLAT & Target of Measurements (ToMs)

9. Exploring digital tools that enhance reading, talking, listening, and writing experiences for MLs/ELLs to foster equity and access

10. Tackling Text Complexity for MLs/ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

ENL Staff - Amy Liang, Vicky Peng, Karina Estrella, Pan Yong
Literacy & AIS - Meg Hargrave, AI, Anthony Francisco, HMH, Cassie Bates, Fundations
NYC RBERN - Various Presenters
SE Liaison - Michelle Moran
Tech Specialist - Tommy Lin

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We will maintain records of attendance and agendas for all professional development.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parent engagement activities targeted toward parents and families of ELLs that will impact higher achievement for ELLs are listed below:

--Homework without Tears
A parent workshop designed to support families in creating positive, stress-free homework routines at home. The goal of the session is to help parents understand how to establish consistent homework habits, reduce conflict around schoolwork, and build their child's independence and confidence.

--Reading & Writing with your Child
These sessions allow families to observe classroom instruction and participate in structured literacy activities alongside their children. The goal is to build families' confidence in supporting reading and writing at home while deepening their understanding of grade-level expectations.

- NGLS and NYS Exam Family Information Sessions
These sessions are designed to help parents understand the Next Generation Learning Standards, the NYSESLAT, and the NYS ELA, Math, and Science assessments. Sessions will be held both in-person and virtually, with interpretation provided in families' preferred languages.

--Online programs to support ELLs (iReady, Amira)
A parent workshop designed to help families better understand and support their child's use of two key online learning platforms: i-Ready and Amira. These programs are used regularly in school to build foundational reading and language skills, track progress, and provide personalized instruction for English Language Learners (ELLs).

These workshops will be hosted by the parent coordinator as well as the ENL team. Any outside workshop provider that requires payment will come from the Title III ELL program funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

PS 176, a Title 1 National Distinguished School with a diverse population, strongly believes in the importance of parent engagement in supporting children's education. To better understand the needs of our ML/ELL families, the Parent Engagement Committee conducted a survey via Google Forms, which included translations to ensure accessibility. The survey, along with feedback from parent and staff meetings and academic data, provided both qualitative and quantitative insights into the areas where families sought more support. Based on these responses, many families expressed a desire for workshops that would equip them with the skills to help their children's academic progress. Specifically, workshops such as "Reading and Writing with Your Child" were requested, which offer families the chance to observe and engage in the learning process while students participate in targeted small-group instruction and independent reading. Additionally, our ELL teachers host workshops focused on the rigorous demands of the Next Generation Learning Standards (NGLS) to help families understand grade-level expectations and become familiar with the NYS exams. To ensure strong family-community ties, social-emotional wellbeing, and academic success for targeted students, these workshops and activities will be offered both in-person and remotely. The Parent Engagement Committee partners with business and community organizations to plan and facilitate these initiatives based on the needs highlighted by the survey and ongoing feedback.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Reading and Writing with Your Child - Certified ELL teachers provide students and family's strategies to support literacy development during one hour parent-visitations (8:15am- 9:15am) sessions each month from September through June (10 sessions). Grades K is the 2nd Tuesday of each month, Grade 1 is the 2nd Wednesday of each month, Grade 2 is the 2nd Thursday of each month, Grade 3 is the 3rd Tuesday of each month, Grade 4 is the 3rd Wednesday of each month and Grade 5 is the 3rd Thursday of each month.

Homework without Tears- One session for approximately 1.5 hours. October 2025

Online programs to support ELLs (iReady, Amira) - 2 sessions (morning and afternoon), approximately 1 hour per session. November 2025.

NGLS & NYS Exams - Information sessions are held in March/April 2025 (Specific dates TBD) to familiarize families with NGLS, NYSESLAT, ELA, Math and Science State Exams.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Reading and Writing with Your Child
Next Generation Learning Standards & New York State Exams.
Homework Without Tears
Online programs to support ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Certified ESOL Teachers : Vicky Peng, Pan Yong, Nancy Lin, Florence Yan, Karen Tsen, Annie Quach, Helen Hung, Amy Liang, Alma Agolli, Yuhan Du, Cheryl Healy, Lauren Lee.

Parent Coordinator, Qin Zhu

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

All workshops, event opportunities, surveys and pertinent information is translated into home languages and disseminated via School Messenger, ClassDojo, hard copies backpacked home, phone calls, and posted on the school website.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will monitor attendance of workshops by utilizing Google Forms and/or a signed attendance sheet.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

9

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The Title III Immigrant funding will support our Imagine Learning Morning Program (Grades K-2) and Math Wizards/Treasure Seekers (3-5) after school program (Grades 3-5) for immigrant students and ELLs. The direct instruction supplemental program will be used to support language development, English and home language instruction, and academic achievement in all core academic areas. Based on data obtained through EDUR, RFSF, NYSITELL, RPOB, i-Ready, Acadience, HMH classroom assessments, Go Math classroom assessments as well as teacher recommendations, immigrant students including ELLs across all proficiency levels who require additional support in meeting grade level benchmarks are invited to participate in this program.

The after school program will begin in mid November 2025 and will run through April 2026. Students meet on Wednesday and Thursday from 2:20-4:20pm. Students in both programs are grouped according to grade level, with

no more than 15 students in each group, led by one certified teacher per group. Currently, there are 75 students and two dually certified teachers, and three Common Branch/Special Education teachers participating in the after school program.

The Imagine Learning morning program will commence in early Feb. 2026 and run through May 2026 on Tuesday and Thursdays from 7:30am-8:00am. Students will be grouped according to grade level with no more than 12 students, in each group, with one certified teacher leading each group. The total number of students and groups will be determined on participation and updated when the program commences in Feb. (Anticipated to be approximately 72 students with 6 teachers).

The Imagine Learning digital platform is used to increase student's verbal discourse so that they can better engage in all aspects of academic learning. Imagine learning provides students with visual supports, computer read aloud text and building background knowledge with visuals so that students acquire the language and knowledge necessary to increase academic vocabulary. Imagine Learning math provides opportunities for children to engage in mathematical builds in which students will then use to identify operations and utilize math vocabulary to develop summary statements. Thereby, building math fluency and conceptual understanding.
The languages for instruction will be English primarily but with the use of translation support will be offered in Mandarin, Cantonese, Spanish, Russian and Arabic.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Based on comprehensive data analysis (iReady, Acadience, HMH module assessments, GoMath assessments, teacher observations, EDAT, EDUR), we noticed that many of our ELL and immigrant students would benefit from increased instruction in basic literacy and math concepts, especially those who are in testing grades and will need to take the NYS ELA and NYS Math exams in the spring. Priority seats were offered to newcomer students with the highest level of at-risk indicators (17 students with 4-6 indicators, 10 students with 3 indicators, 77 students with 2 indicators), followed by the students included in the lowest 16% of ELA and Math proficiency as reported in screener data.

Imagine Learning is a digital platform. Since many immigrant students may not have unlimited access to personal devices and WiFi at home, we want to provide a time in the morning (K-2) afternoon (3-5) for students to come to school and have access to individual devices with these programs. Much of our data regarding students not being able to log into online programs at home comes from messages received by teachers from parents on ClassDojo and a digital survey sent by our parent coordinator, Qin Zhu.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

There are 75 students in grades 3-5 participating in the After School program. The subgroups of ELLs invited are newcomers and developing with proficiency levels ranging from entering to transitioning.

There will be approximately 72 students in grades K-2 invited to participate in the Imagine Learning Morning Program. The subgroups of ELLs invited are The subgroups of ELLs invited are newcomers and developing with proficiency levels ranging from entering to transitioning.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

After-School Program (Grades 3-5): This program will run from the middle of November 2025 until the end of April 2026. The sessions will take place on Wednesday and Thursday afternoons from 2:20p.m. until 4:20 p.m. There will be a total of 26 sessions.

Imagine Learning morning Program (Grades K-2): This program will run from Feb 2026 until May 2026. The sessions will take place on Tuesday - Thursday mornings from 7:30a.m. until 8:00 a.m. There will be a total of 26 sessions.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for all Title III Immigrant funded programs will be primarily English. Imagine Learning has some aspects of human-voices audio translations available in 15 languages. Translation technology will be available for teachers to use if necessary for student instruction, and teachers will use translation on ClassDojo or over the phone via translation services for parent communication regarding these programs.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

After-School Program: 3 teachers total (2 ENL Teachers, 2 Gen Ed Teacher, 1 Special Education)
Imagine Learning Morning Program: 8 adults (2 paras, 3 ENL Teachers, 3 Gen Ed Teachers)

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

After-School Program (Grades 3-5) and Imagine Learning Morning Program (Grades K-2): The materials used for this program include NYC DOE digital devices and Imagine Language and Literacy and Imagine Math digital platforms. These programs will be partially funded through Title III immigrant funds as the total cost of the digital platforms exceeds the grant amount. (Imagine Language and Literacy - ($ 18,000 Imagine Learning Math - $10,750)

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Parent letters are sent home inviting their children to participate in the respective programs.. Additionally, teachers will share invites via ClassDojo, which is manually translated with rationale for the program. To maintain records of students served in these programs, we will keep copies of all letters to parents inviting their child to participate in the program and finalized rosters of classes of students participating. Additionally, copies of all daily attendance sheets taken by teachers will be kept digitally to keep track of which students are present for sessions of the programs.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Administrators, teachers, and all staff working with ELL and non-ELL immigrant students will participate in ongoing professional development focused on core curriculum and strategies to make content accessible to all learners. These sessions will equip educators with effective techniques to support MLL and immigrant students in phonics instruction, oracy, student discourse, math fluency, vocabulary development, and social-emotional well-being. Title III immigrant funds will not be used for these professional development workshops.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The professional development workshops are designed to strengthen teachers' capacity to address the unique cultural, linguistic, social-emotional and academic needs of immigrant students who may be ELLs. By deepening educators' understanding of effective instruction, trauma informed practices, and culturally responsive teaching, we

can create a more equitable learning environment where immigrant students thrive. Additionally, when teachers collaborate, share resources and utilize evidence-based strategies, they build a strong team that positively impacts student achievement. Data that was used to support the need for professional development included 2024 School Survey responses (Cultural Awareness and Inclusive Classroom Instruction, Parent Additional Question Responses) , teacher anecdotal data, iReady and Go Math assessments as well as teacher surveys.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers in our school work with immigrant students, and therefore all teachers will receive professional development within the Title III Immigrant Program. The workshops offered by Fordham's Center for Educational Partnerships will be attended by the ENL Team consisting of 3 ENL teachers. These teachers will turnkey the information given at the meeting to teachers during Monday afternoon professional development time. The other workshops will be given by consultants and/or internal staff members during Monday afternoon professional development time to all other teachers in the building.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

--Ideas for iReady Data Chats (November 4th, 2025) TBD (1 Session)

- Wilson Fundations/ Just Words - TBD 2 hours (2 sessions)

-Identifying and Working with MLs with Learning Differences and Disabilities - October 16, 2025 , November, 6, 2025 2:30 PM - 4:30 PM
(2 Sessions)

- NYSED CR-SE Framework: Establishing a Welcoming and Affirming Environment. November 20, 2025 2:45 p.m. - 4:45 p.m. (1 Session)

--Best Practices for Assisting Immigrant Families with Homework Help (January 2026) TBD (1 Session)

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

- Ideas for iReady Data Chats (November 4th, 2025)
This workshop provides guidance on interpreting iReady data to inform instructional decisions and set personalized

goals with ELL and immigrant students. Participants will learn how to engage students in discussions about their progress, helping them become active partners in their own learning. Concrete ideas for developing targeted interventions and re-teaching will also be shared.

- Wilson Fundations/Just Words (TBD)
These sessions focus on explicit, systematic phonics instruction and targeted interventions for students needing additional support. Participants will explore techniques for teaching foundational reading skills, such as phonics, spelling, and handwriting, while also monitoring student progress. By the end, attendees will understand how to adapt instruction to meet diverse learner needs.

-Identifying and Working with MLs with Learning Differences and Disabilities (October/ November)
Topics that will be explored include: Current trends of multilingual learners and special education. Understanding the Individuals with Disabilities Act as it applies to multilingual learners in school settings. Applying culturally and linguistically sustaining multi-tiered systems of supports [MTSS]. Creating a sustained means of analyzing language education and special education programming to strengthen students' success.

- NYSED CR-SE Framework: Establishing a Welcoming and Affirming Environment. (November 20th)
This introductory session to the series will explore diverse cultures in our schools and classrooms as we welcome newcomers and all multilingual learners with the goal of delivering positive and inclusive experiences. This session will examine how to create student-centered learning environments where students will be socially, culturally, and linguistically celebrated. In addition, we will discuss how to develop teachers' and students' interpersonal skills and competencies. Connections will be made across lines of difference. We will consider a variety of learning strategies that accommodate diverse learning styles and backgrounds.

- Best Practices for Assisting Immigrant Families with Homework Help (January 2026)
Educators will explore strategies to involve immigrant families in supporting students' homework and academic progress. The session highlights multilingual resources, scaffolds, and techniques that build confidence and independence for both students and families. Participants will leave with actionable methods to strengthen home-school connections and improve learning outcomes.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

- Wilson Fundations/ Just Words - Cassie Bates

- iReady Data Chats - Norma Perez, iReady

- NYSED CR-SE Framework: Establishing a Welcoming and Affirming Environment - NYC Regional Bilingual Education Resource Network (RBERN)

- Identifying and Working with MLs with Learning Differences and Disabilities - NYC Regional Bilingual Education Resource Network (RBERN)

- Best Practices for Assisting Immigrant Families with Homework Help (January 2026) TBD (1 Session)

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

For all Professional Development sessions that take place using Title III Immigrant Funds, our school will maintain records by keeping agendas, attendance sign-in sheets, and minutes/notes from each meeting.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The list of workshops/activities provided to our ELL and Immigrant student families are as follows:

* Monthly Parent Visitations are designed to invite families into the classroom and become an active participant in their child's learning. Families participate in HMH, Foundational Literacy, Math, Science and Social Studies activities.

Kindergarten - 3rd Monday of each month (10 sessions)
Grade 1 - 3rd Tuesday of each month (10 sessions)
Grade 2 - 3rd Wednesday of each month (10 sessions)
Grade 3 - 4th Monday of each month (10 sessions)
Grade 4 - 4th Tuesday of each month (10 sessions)
Grade 5 - 4th Wednesday of each month (10 sessions)

* Virtual Parent Workshops: Best Practices for Parents to become partners in learning. Theses sessions will focus on supporting parents with understanding the curriculum, grade expectations, as well as resources available for support.

(TBD - 4 sessions)

* Holiday Wreath: Facilitated by Parent Coordinator, Qin Zhu, families will come together to create a Holiday Wreath to connect and celebrate community. This hand-on activity allows families to share traditions, exchange stories and learn about each other's cultural symbols.
December 12th 8:30am (1 Session)

* P.S. 176 Nutrition Workshop / Weill Cornell : This 8 session series provides guidance on how to make healthy, affordable meals using ingredients that may be unfamiliar while also honoring cultural recipes. Families can learn how to read nutrition labels, understand portion size, and make informed choices that support their child's health.

(English) 10/01/25, 10/08/25, 10/15/25, 10/22/25, 10/29/25, 11/05/25, 11/12/25, 11/19/25 (8 Sessions)
Time: 9am-11am

(Spanish) TBD (8 Sessions)
Time: 9am-11am

(Mandarin) TBD (8 Sessions)
Time: 9am-11am

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Parental involvement is key to student success. By building strong partnerships with parents, we are able to work collaboratively to boost their child's academic achievement. Our Parent Coordinator, Qin Zhu conducts surveys to ensure that we are meeting the needs of our families especially parents of ELLs and Non-ELL immigrants who are newcomers to the NYC school system. The parent coordinator and other school staff members work to create a welcoming atmosphere and provide translations to communicate effectively with teachers and administrators. In addition, the parent coordinator provides information and assistance to parents who apply for NYC School Accounts.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

* Monthly Parent Visitations:

Kindergarten - 3rd Monday of each month (10 sessions)
Grade 1 - 3rd Tuesday of each month (10 sessions)
Grade 2 - 3rd Wednesday of each month (10 sessions)
Grade 3 - 4th Monday of each month (10 sessions)
Grade 4 - 4th Tuesday of each month (10 sessions)
Grade 5 - 4th Wednesday of each month (10 sessions)

* Virtual Parent Workshops: (TBD - 4 sessions, 1 hour each)

* Holiday Wreath: December 12th 8:30am-10:00 am (1 Session)

* P.S. 176 Nutrition Workshop / Weill Cornell :

(English) 10/01/25, 10/08/25, 10/15/25, 10/22/25, 10/29/25, 11/05/25, 11/12/25, 11/19/25 (8 Sessions)
Time: 9am-11am

(Spanish) TBD (8 Sessions)
Time: 9am-11am

(Mandarin) TBD (8 Sessions)
Time: 9am-11am

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

* Monthly Parent Visitations are designed to invite families into the classroom and become an active participant in their child's learning. Families participate in HMH, Foundational Literacy, Math, Science and Social Studies activities.

* Virtual Parent Workshops: Best Practices for Parents to become partners in learning. Theses sessions will focus on supporting parents with understanding the curriculum, grade expectations, as well as resources available for support.

* Holiday Wreath: Facilitated by Parent Coordinator, Qin Zhu, families will come together to create a Holiday Wreath to connect and celebrate community. This hand-on activity allows families to share traditions, exchange stories and learn about each other's cultural symbols.

* P.S. 176 Nutrition Workshop / Weill Cornell : This 8 session series provides guidance on how to make healthy, affordable meals using ingredients that may be unfamiliar while also honoring cultural recipes. Families can learn how to read nutrition labels, understand portion size, and make informed choices that support their child's health.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

* Monthly Parent Visitations : P.S. 176 Teachers

* Virtual Parent Workshops: Body, Mind and Soul, Include, NYC, P.S. 176's Parent Coordinator, Qin Zhu,

*Holiday Wreath: Parent Coordinator, Qin Zhu

* Nutrition: Weill Cornell

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified of the Title III Immigrant Family Engagement Activities via notices sent home in students' backpacks, school messenger, and posts on P.S. 176's Class Dojo page. Additionally, schedules for these activities will be posted on the school website.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Copies of all invitations for family engagement activities will be kept for records, and attendance sign-in sheets will be maintained for all activities.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
