Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Vince Lombardi Elementary School

District Borough Number (DBN):

20K204

Grades Served:

Pre-K through Grade 5

School Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Roseann Sainato	Principal or Designee*	
Carly Eckman	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Debra Thompson	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Salina Yuen	District Council 37 (DC 37) Representative (staff), if applicable	
Jennifer Lee	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Alfredo Campos Jr.	Member/Parent	
Nour Elferri	Member/Parent	
Bonny Tan	Member/Parent	
Salina Yuen	Member/Staff	
Laura Bonomolo	Member/Staff	
Brittany Bugge	Member/Staff	
Alexandra Cagliostro	Member/Staff	
	Member/Staff	
	Member/Staff	
	Member/Staff	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

As a school community, it is our core belief that students learn best when meaningful connections and relationships have been established among teachers, students, and peers.

When all students feel safe, supported, and respected, we enable them to become risk-takers, high-level thinkers, and problem solvers by providing them with opportunities to participate in meaningful and rigorous learning tasks, productive discourse, and collaboration with peers.

We believe a student-centered approach to learning takes place when students' strengths, needs, learning styles, and interests are understood and valued. Such an approach allows for all students to take ownership of their learning and receive the support, scaffolds, and differentiation needed to increase their engagement and deepen their understanding. This will lead students on a path to meet the demands of the Next Generation Learning Standards and to achieve 21st Century success.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 204, the Vince Lombardi School, has been a staple in the Bensonhurst community since 1929. Our current school enrollment is 1,026. Our school serves students in grades Pre-Kindergarten through Grade 5. Our ongoing goal is to respect, appreciate and celebrate the diverse cultures in our school community by providing a Culturally Responsive and Sustaining Education for all students. Our student population is comprised of many ethnic backgrounds including Hispanic (22.97%); American Indian/ Alaskan Native (.88%); Asian (58.67%); Native Hawaiian/Pacific Islander (.09%); Black (.29%); White (16.37%); and Multi-Racial (.69%). 24.3% of our students are English Language Learners and 20.8% are Students with Disabilities.

We strongly believe that it is our responsibility and commitment to develop life-long learners. We are dedicated to providing our students with a rigorous and comprehensive Instructional program, as well as, supporting them in developing their social-emotional and personal skills so that they may become respectful, hard-working, collaborative citizens. In ELA, we will continue implementing Into Reading (HMH), which is a comprehensive, rigorous, hands-on, standards-aligned approach to literacy. In mathematics, we implement Eureka Math. In the content areas we implement Amplify Science, Passport to Social Studies, and Civics for All. As a school, we focus on knowledge building and student to student discourse to deepen conceptual understanding across subject areas. Technology is an integral part of our instructional program. All curricula are fully aligned to the Next Generation Learning Standards as well as Advanced Literacy. All classrooms are equipped with iPads and Smartboards/Promethean Boards. Our literacy, math, and science programs have online resources for teachers and

students via Ed, Engage NY, and Amplify Science websites. We purchased an additional 300 iPads for our K-2 students and Chrome laptops for our students in grades 3-5 so that students can be part of the school-wide technology-based programs such as i-READY, Eureka, and Raz Kids.

An after-school program facilitated by the Neighborhood Improvement Association (NIA) provides students with homework support and instruction in dance, fitness and art. We also work with Imagination Creation, which is an arts program that supports students in learning about various periods of time such as the American Revolution and Colonial times. Bakers and Shakers is another partnership we have made. Throughout the school year, they provide our students the opportunity to learn baking and cooking skills.

Our school strongly believes in supporting the members of our community by participating in multiple fund raising activities, such as Relay for Life, Food/Clothing Drives, and the March of Dimes Wonderwalk. Participating in these activities instills a sense of citizenship and provides our students with opportunities to learn the value of helping others.

Parents and families are a vital part of our school community and we pride ourselves in fostering positive, inclusive relationships with families in where ongoing and open communication consistently takes place among all stakeholders. We continually work to communicate with parents about school-wide activities through translated letters, the GAMA platform, and our school website (www.ps204k.org). We regularly update our website to share all pertinent information. The Google Classroom website along with the teacher's unique class Remind 101 application/Class Dojo, gives families the opportunity to consistently be updated with valuable information.

In the 2025-2026 school year, our school will be comprised of one full-day pre-kindergarten class; seven kindergarten classes (one 12:1:1, 2 ICTs, one Dual Language, 3 Gen Ed); eight first grade classes (one 12:1:1, 3 ICTs, one Dual Language, 3 Gen Ed); eight second grade classes (one 12:1:1, 3 ICTs, 4 Gen Ed); nine third grade classes (two 12:1:1s, 2 ICTs, 5 Gen Ed); eight fourth grade classes (one 12:1:1, 2 ICTs, 5 Gen Ed); and nine fifth grade classes (one 4/5 12:1:1 bridge, one straight 12:1:1, 2 ICTs, 5 Gen Ed). Fifth grade will remain departmentalized, with one teacher for ELA/Social Studies and a partner teacher for Math/Science. We have four physical education/health teachers, one music teacher, two art teachers, one science teacher, two Civics teachers, and one technology/media teacher. Our school currently has one Academic Instruction Services (AIS) provider for English Language Arts, capturing our struggling readers, one Special Education Teacher Support Services (SETSS), and one Individualized Education Program (IEP) teacher. Servicing our Multi-Language Learners (MLLs) are five English as a New Language (ENL) teachers that provide integrated and stand-alone instruction. We will have two Mandarin Dual Language classes (one in Kindergarten and one in first grade). We also have two curriculum coaches who support teachers in their planning and professional learning aligned to our curricula and the NGLS. Also included in our staff are related service providers for Speech, Occupational Therapy, Physical Therapy, Adaptive Physical Education, Counseling and Hearing Education Services. We also have a Dean who supports students' social and emotional needs.

Briefly summarize the key initiatives your school will implement this school year.

For the 2025-2026 school year, our school will continue to implement key educational programs across various subjects. We will use the HMH Into Reading curriculum for ELA and the Eureka program for mathematics, ensuring continuity in literacy and numeracy instruction. Social Studies will be taught using the Passports curriculum, while Amplify Science will support science learning.

Teachers in grades K-2 as well as our Special Education teachers will continue utilizing Heggerty and Fundations (K-3) for phonics instruction, strengthening foundational literacy skills. Many educators trained in the 2024-2025 school year will implement Orton Gillingham instruction, and additional training opportunities will be available based

on teacher interest and budget.

Additionally, we remain committed to the Civics for All initiative, which includes celebrating Project Soapbox to encourage student engagement in civic discourse.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Print: Into Reading (HMH) Digital: ED Platform	
Math	K-5	Print: Eureka Digital: Eureka InSync	
Foundational Literacy	K-3	Fundations/Heggerty	K-5 12:1:1 Sound Sensible, SPIRE and OG

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY i-Ready data (2025) 61% of all students grades K-5 are on or above grade level with the lowest domains in vocabulary (51%), comprehension of literature (55%) and informational texts (43%). K-2 overall average proficiency 79% and grades 3-5 overall average proficiency 56%.	Not an adequate amount of time reading independently and having books in hand. Students need support in ability to process text	Increase reading level proficiency for all students grades K-5, especially in the domain of comprehension

	and understand academic vocabulary	
EOY Acadience data (2025) 41% of all students in grades K-2 are below or far below grade level in reading with accuracy and fluency.	Lack of strategic planning for core foundational skills. Teachers may not be utilizing data from Acadience to inform whole and small group instruction.	Decrease the percentage of students in K-2 to are reading below and far below grade level in reading.
		Implementation of progress monitoring to track student growth using Acadience and i-Ready. Initially, BOY data will be used for strategic planning and lesson implementation to meet students needs. Student growth will be continuously monitored using progress monitoring tools on Acadience, as well as formal and informal assessment data from programs like Fundations, Orton Gillingham and HMH. Data will be used to track student progress and guide instructional decisions. Data team meetings will analyze data and identify ways to strengthen Tier 1 and Tier 2 instruction. It will also be used to assess the needs of teachers to determine next steps for professional learning.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	61	By June, 2026, literacy for All Students will improve, as measured by a 4% Increase, from 61% to 65%, of students scoring on or above grade level on the EOY i-Ready Reading Diagnostic data.
All Students	41%	By June, 2026, literacy for All Students will improve, as measured by a 10% Decrease, from 41% to 31%, of percentage of students in grades K-2 reading below or far grade level standards

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Students will work in targeted small groups based on need.

Root Cause Addressed:

Increase reading level proficiency for all students grades K-5, especially in the domain of comprehension

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning with i-Ready consultants - separate sessions for K-2 and 3-5. Engage teachers in a professional learning session to demonstrate how to access and analyze various data reports, to identify student needs, form instructional groups, tailor instruction accordingly, conduct data chats and monitor progress.
Use of a shared curriculum to support daily instruction - Teachers in grades K-5 will implement HMH Into Reading, a comprehensive, standards-based literacy program which follows the Workshop Model (Gradual Release of Responsibility Framework) and addresses all Four Hallmarks of Advanced Literacy with fidelity.
Curriculum coaches will provide ongoing coaching support to all grade levels to continue to unpack NGLS standards, identify standards and skill addressed in each lesson and analyze the demands of the standard and the lessons to put supports and scaffolds in place that will enable underperforming students, students with disabilities and English Language Learners to fully engage with challenging content.
Teacher teams will plan together to determine appropriate accommodations, supports and scaffolds that facilitate

access to grade level content for all students, especially students with disabilities and English Language Learners. Teacher teams will also analyze formative and summative module data and academic screener data to prioritize the learning needs of students and plan targeted small group instruction.

Teachers in grades 2-5 will incorporate test readiness/sophistication strategies into current curriculum to prepare students for the Spring 2025 NYS ELA assessment.

Teachers in grades K-3 will implement daily foundational literacy instruction aligned to the Science of Reading using Fundations and Heggerty (whole group instruction) and decodable texts (small group, differentiated instruction). Teachers will use a structured literacy approach to address foundational reading standards including phonemic awareness, decoding and encoding as well as decodable readers to allow for the transfer of foundational skills to text

Teacher in grades 4-5 will implement foundational literacy skills lessons in small group reading instruction (as needed) and meaningful independent reading to build more content and domain-specific knowledge. Small group instruction will be utilized to reinforce working with complex texts to deepen comprehension of text and content, reading and speaking fluency, writing practice (grammar, usage, mechanics), and vocabulary/word study (morphology).

Administrative team will conduct instructional rounds to ensure that professional development is impacting classroom instruction.

English Language Learners at the Entering and Emergent levels engage in a minimum of 45 minutes per week of language and literacy from the online program: Imagine Learning. Classroom teachers will collaborate with ENL teachers to review reports from Imagine Learning, Acadience and i-Ready to monitor progress and provide more individualized standards based instruction.

Students will work on their individualized learning paths within i-Ready. Students will participate in two 20 minute i-Ready instructional sessions per week on their Individualized learning path.

Students with Disabilities, specifically students in 12:1:1 classes in all grades K-5, will participate in 30-minute daily OG lessons to improve decoding and encoding skills.

Key Strategy 2 (Optional):

Students will engage in whole group and small group lessons that align with Acadience outcomes.

Root Cause Addressed:

Lack of strategic planning for core foundational skills. Teachers may not be utilizing data from Acadience to inform whole and small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning with Acadience consultants supporting teachers in analyzing data and making instructional decisions based on student needs
Students with Disabilities, specifically students in 12:1:1 classes in all grades K-5, will participate in 30-minute daily OG lessons to improve decoding and encoding skills.
Teachers will administer the Acadience screener to students in grades K-2 to identify students in need of additional intervention in the areas of phonemic awareness, phonics, accurate and fluent reading, and reading comprehension. Students performing far below grade level will be identified and will receive targeted Academic Intervention Services where they will receive Orton Gillingham as Intervention as well as small group reading instruction utilizing decodable texts.
Teachers in grades K-3 will implement daily foundational literacy instruction aligned to the Science of Reading using Fundations/ Orton Gillingham, and Heggerty (whole group instruction) and decodable texts (small group, differentiated instruction). Teachers will use a structured literacy approach to address foundational reading standards including phonemic awareness, decoding and encoding as well as decodable readers to allow for the transfer of Fundations skills to text.
Teachers in grades K-3 will actively engage students in daily opportunities to engage in partnership and independent reading, focusing on accuracy, fluency, and comprehension. During this time teachers will monitor students' reading and apply appropriate strategies to support decoding, accuracy, and fluency while reading aloud.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Administrative instructional walkthrough rounds

Analysis of report card grades in ELA

Analysis of progress monitoring data from Acadience

Analysis of student data from i-Ready personalized instruction report and standards mastery report

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent workshops focused on understanding more about the Science of Reading and Into Reading curriculum approach to content-based literacy, the NYS Testing demands and how these address the NGLS.	
09/08/2025	06/26/2026	Data chats with families regarding Acadience and i-Ready diagnostic results and students' individualized instructional usage.	
09/08/2025	06/26/2026	Parent workshop webinar - Understanding i-Ready diagnostic reports in preparation for PTC	CurriculumAssociates

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Admin team, curriculum coach, HMH and Generation Ready consultants, classroom teachers, AIS providers, ENL teachers, parent coordinator

Instructional Resources

HMH Into Reading curriculum, Heggerty, Orton Gillingham, FUNDATIONS, i-Ready, Imagine Learning

Schedule Adjustments

common planning time, per session funding, substitute coverages for professional learning

Other Resources Needed

iPads, Chromebooks, SmartBoards, manipulatives, budget to support human and instructional resources

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYC School Survey indicated that 85% of teachers responded favorably to social-emotional questions (decrease of 5 from 2024). -80% favorable responses to the question, "How many adults at this school recognize disruptive behavior as social-emotional learning opportunities." -89% favorable responses to the question "How many adults at this school have access to school-based supports to assist in behavioral/emotional escalations?" 2025 NYC School Survey indicated that 74% of teachers responded favorably to questions related to classroom behavior (decrease of 14 from 2024) -78% favorable responses to the question "How many students listen carefully when given directions?" -82% favorable responses to the question "How many students follow the rules in class?" Mid year NYC Stars Classroom Report Cards show 80.6% proficiency in Academic and Personal	Need for additional PD in the area of SEL implementation and classroom management Need for routine implementation of SEL programs	Increased Social Emotional learning and improved classroom behavior. SEL lessons conducted weekly starting in October 2025.

Behaviors overall. OORS data from the 2024-2025 school year indicates that there were 159 level 3-4 infractions. Many of these incidents were related to students inability to effectively resolve conflicts and navigate social disagreements.	throughout the school day.	
2024 NYCPS Safety and School climate 4.07 out of 4.99	Language barriers affect communication with parents and students.	De-escalation Training to proactively respond to unwanted behavior. Training begins in October 2025
		Utilize translation services and devices to increase communication. -Remind -Class Dojo -In house translators -Language Access training

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	85	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% Increase of favorable responses to questions related to social-emotional items from 85% to 90%, per the the NYC School Survey.
All Students	159	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in number of level 3-4 infractions from 159 to 143, per the Online Occurrence Reporting System Reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Weekly SEL lessons/assemblies aligned with the HMH social emotional competencies embedded in modules

Professional development for teachers in teaching Social Emotional Learning skills.

Common planning time for teachers to integrate SEL lessons into existing curriculum maps and pacing calendars.

Root Cause Addressed:

Need for increased Social Emotional learning and improved classroom behavior

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement a behavioral program (with common language that teachers will utilize when students' behaviors have the potential to disrupt learning within the classroom
Staff members (teachers, dean, paras, support staff) will participate in professional development related to de-escalation and emotional regulation (TCIS, restorative practices)
Cluster and classroom teachers will implement the SEL component of the Into Reading literacy curriculum. The Into Reading SEL component focuses on teaching students CASEL's five competencies of social and emotional learning: Self-Awareness, Self Management, Responsible Decision-Making, Relationship Skills, Social Awareness. Teachers will utilize the SEL anchor charts and Show and Teach slides to teach students about the five competencies. Students

have opportunities to discuss and journal their ideas about each competency and how it relates to the texts they are reading in each module.
Students will participate in SEL assemblies that address the five competencies as well as habits of character such as kindness, respect, empathy, mindfulness, and positive thinking.
Paraprofessionals will participate in professional development sessions to better support students who may required behavioral intervention and de-escalation.
Partner with Student Advisory Council to focus meetings and plan events around social emotional learning and respect for all
PBIS systems (Bee Bucks) focused on self-regulation are in place to establish behavior supports needed to improve social, emotional, behavioral, and academic outcomes for all students
OORS incident data for classroom infractions are presented, analyzed, and discussed at the monthly School Safety meetings to monitor progress towards our goals.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will create google surveys for staff and families aligned to the social-emotional learning questions on the NYC school surveys and distribute them according to the progress monitoring dates over the course of the school year. In

addition, Online Occurrence Reporting System (OORS) reports will provide the data to determine a decrease in the number of level 3-4 infractions.

Surveys will be distributed:

11/17-11/30

2/1-2/28

6/1-6/28

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Workshops for parents to assist families in applying SEL strategies at home.	
09/08/2025	06/26/2026	Referrals to Community Based Support organizations (as needed)	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

classroom teachers, school counselors/guidance department, dean, SBST, administration, PPT team,

Instructional Resources

books, Into Reading SEL Components

Schedule Adjustments

PPT meetings, Crisis Team meetings, assemblies, planning time

Other Resources Needed

Other Resources Needed funding to support human and instructional resources

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY i-Ready data (2025) 57% of all students grades K-5 are on or above grade level and 43% of all students are still 1 or more grade levels below	1. Lack of conceptual understanding - Students rely on procedural explanations of solutions 2.Teachers must prioritize the 8 Effective Teaching Practices that promote the 8 Standards for Mathematical Practice 3. Students can't read the question or understand what they're being asked 4. Over-scaffolding by teachers - students need more opportunities to engage in productive struggle and student to student discourse	Increase math level proficiency for all students grades K-5

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	57%	P.S. 204 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the the percentage of students on or above grade level will Increase by 8% from 57% to 65%, for All Students, as measured by EOY i-Ready Math Diagnostic .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

small group instruction

Root Cause Addressed:

Lack of conceptual understanding - Students rely on procedural explanations of solutions

Must prioritize the 8 Effective Teaching Practices that promote the 8 Standards for Mathematical Practice

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning with i-Ready consultants - separate sessions for K-2 and 3-5 - to demonstrate how to access and analyze various data reports, to identify student needs, form instructional groups, tailor instruction accordingly, conduct data chats and monitor progress will be implemented to strengthen students' mathematics skills, fluency and conceptual understanding.
Eureka Math will be implemented to strengthen students' mathematics skills, fluency and conceptual understanding.
Teachers will plan lessons focused on conceptual understanding and incorporate the 8 Effective Teaching Practices that promote the 8 Standards for Mathematical Practice within every lesson. Learning targets, activities and tasks will

focus on what students will understand rather than what students will do.

Teacher teams will plan together to determine appropriate accommodations, supports and scaffolds that facilitate access to grade level content forall students, especially students with disabilities and English Language Learners. Teacher teams will also analyze formative and summative module data and diagnostic data to prioritize the learning needs of students and plan targeted small group instruction.. Teachers will incorporate the use of mathematical tools and manipulatives to deepen students' conceptual understanding of abstract mathematical concepts.

Teacher teams will analyze the language demands of math lessons and put supports and scaffolds in place to enable English Language Learners to fully engage with challenging mathematical content. Teachers will also encourage the use of multiple representations (numerical, pictorial models) to help English Language Learners explain and justify their thinking while engaging in mathematical discourse with peers.

Teacher teams will meet to analyze student work and use data to identify a change in instructional practice that will accelerate learning fora specific group of underperforming students.

Teachers will administerEureka Math mid and end of module assessments for each module. Teacher teams will analyze results and strategic planning (whole group, small group, individual) will take place to target the skills not mastered as identified by the assessments

Curriculum coach will provide ongoing coaching support to all grade levels to continue to unpack NGLS standards, identify standards and skill addressed in each lesson and analyze the demands of the standard and the lessons to put supports and scaffolds in place that will enable underperforming students, students with disabilities and English Language Learners to fully engage with challenging content

Administrative team will conduct instructional rounds to ensure that professional development is impacting classroom

Students will work on their individualized learning paths in i-Ready.

Key Strategy 2 (Optional):

student-centered activities including a word problem at the start of every lesson (partnerships, group work, productive struggle)

Root Cause Addressed:

Over-scaffolding by teachers - students need more opportunities to engage in productive struggle and student to student discourse

Must prioritize the 8 Effective Teaching Practices that promote the 8 Standards for Mathematical Practice

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will provide opportunities for student-to-student mathematical discourse by including a daily application problem in each math lesson in which students must interpret a word problem, choose an operation, plan a strategy to solve, explain their thinking and justify their reasoning. The focus will be for students to move from procedural explanations to explaining why they performed particular operations.
Teachers in grades 3-5 will implement one open response problem per month to be used to track progress across the year. Problems will be aligned with Eureka math unit topics.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Analysis of report card and assessment data in math from 2023-2024 to target specific areas of need (Dec2025, March2026, June2026)

Analysis of i-Ready instructional usage report and personalized instruction report (Nov2025, Feb 2026, June2026)

Analysis of Advance data in the areas of Planning and Preparation, Instruction and Assessment (Jan 2026, May 2026)

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent workshops focused on utilizing Eureka math parent resources, problem solving, and facilitating talk to explain/justify thinking.	
09/08/2025	06/26/2026	Data chats with families regarding i-Ready diagnostic results and students' individualized instructional usage to coincide with each marking period.	
09/08/2025	06/26/2026	Parent workshop webinar - Understanding i-Ready diagnostic reports in preparation for PTC	Curriculum Associates

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Admin team, curriculum coach, i-Ready PD Consultants, classroom teachers, AIS math providers

Instructional Resources

I-Ready, Eureka Math, Rally

Schedule Adjustments

common planning time, per session funding, substitute coverages for professional learning

Other Resources Needed

iPads, Chromebooks, SmartBoards, manipulatives, budget to support human and instructional resources

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYC School Survey Results indicate 69% of favorable responses to questions related to the quality of student discussions -82% of teachers responded favorable to questions about students participating in class discussions -65% of teachers responded favorably to questions about students building on each other's ideas during class discussions -53% of	Lack of explicit instruction and practice in discussion skills - need schoolwide discussion protocol Need for more consistent questioning at higher DOK levels built into the existing	increase the quality of student discussions

teachers responded favorably to questions about students using data or text references to support their ideas -84% of teachers responded favorably to questions about students respecting each other's ideas -61% of teachers responded favorable to questions about students providing constructive feedback to their peers/teachers	curriculum. Inadequate time and protocols built into current curriculums for student discussion. 24% of the population are English Language Learners and lack confidence in oral language skills.	

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	69%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the number of favorable responses to questions related to the quality of student discussions for All Students will Increase by 6% from 69% to 75% as measured by NYC School Survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers will plan lessons using scaffolds for ELL students

Establish a school-wide discussion protocol

Root Cause Addressed:

Increase the quality of student discussions

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will plan lessons using scaffolds using Language Progressions and the four modalities as a guide. (Sentence frames, sentence starters, talking prompts)
ENL teachers will push into and pull out (stand alone) of classrooms to support students in grade level curriculum.
Teachers will implement a school-wide discussion protocol across subject areas throughout the instructional day
Entering and Emerging ENL students will have access to Imagine Learning and will participate in 45 minutes per week on their individualized path to develop language skills for discussion.

Teachers will incorporate student discussion time into the curriculum on a regular basis, tying the discussions back to the essential questions of the unit under study.
Teachers will receive professional development on Questioning and Discussion techniques. Talking and discussion to build knowledge is identified as one of the shifts in Advanced Literacy needed to achieve the knowledge and skills required for 21st Century learning.
Teachers will plan and provide instruction and assessment that includes a variety of higher order questions for all student levels.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Hiring of additional ELL teachers
ELL Students and families in all grades will have access to Rosetta Stone to improve theri English proficiency

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring data as evidence for this goal will be collected from NYC December, March and June Stars Report Cards - Listening, Speaking and Language Overall category.

Administration will encourage learning walks and instructional rounds around questioning and discussion in the classroom.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
01/26/2026	06/12/2026	Adult English classes	NIA
09/27/2025	06/27/2026	Monthly Parent Meetings with translation services provided	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

AIS and ELL Teachers push in and pull out

Instructional Resources

Language Progressions, Imagine Learning, OG, Fundations, Google Translate, Adobe, NYSESLAT Test Prep Book, Tabletop Lessons (HMH) , Measuring Up

Schedule Adjustments

Push in and Push Out Schedules, After School and/or Morning Programs

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024 NYC Parent Survey indicated that: 93% of families responded favorably in the area of Strong Family and Community ties. 88% of parents responded favorably	Many parents' schedules can not accommodate being present in the building during the school day	Improved communication between

when asked about the frequency at which school staff communicates with families about how to help their child learn (which reflects a 3% decrease from 2023) 95% of parents responded favorably when asked about how often they have seen their child's projects, artwork, homework, tests or quizzes (which reflects a 2% decrease from 2023)	(child care, employment) Many families do not speak English and therefore do not attend events, meetings, workshops if translation is not available. Parents do not understand the NGLS and the curricula shifts	school and home

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	93%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of favorable responses to questions related to strong family-community ties (parent involvement in school and outreach to parents) will increase by 3% from 93% to 96% as measured by NYC School Survey results..

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide more opportunities for families to participate in their child's learning and communicate with teachers

Root Cause Addressed:

Many parents' schedules can not accommodate being present in the building during the school day (child care, employment)

Many families do not speak English and therefore do not attend events, meetings, workshops if translation is not available.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parent workshops on how to communicate with your child's teacher
Providing translation services for all parent teacher meetings and workshops
Regular outreach to families during parent engagement time to communicate about students progress - focused on both celebrations of success and areas in need of additional support in home languages using translatio services when necessary
Monthly calendars notifying families of school-wide events (assemblies, workshops, PTA meetings) sent home (hard copies backpacked and virtually via GAMA/Remind/Class Dojo) and posted on school website.

In person beginning of year curriculum conferences and November PTC hosted by classroom teachers to introduce families to grade level expectations and curriculum and student progress Conferences will have a virtual option.
Curriculum newsletters posted on school website for families across subject areas rolled out prior to the start of each unit/module
Monthly workshops for families hosted by the parent coordinator based on responses to a parent interest survey . Topics may include bullying, internet safety, homework help, nutrition, and gentle parenting.
PTA meetings with guest speakers (admin, teachers, curriculum coach) to present a deep dive into curriculum across subject areas including Into Reading, Eureka Mathematics, Amplify Science, Passport to Social Studies and Civics for All, Social Emotional Learning and ENL.
Schoolwide family events including daytime and evening Winter Concert, gift sharing assembly, evening holiday sing along and Festival of Lights
Teachers will host one family engagement event in their classroom over the course of the school year such as a publishing celebration, culminating project celebration, cultural diversity celebration, etc.
Ongoing outreach to families utilizing Remind, Class Dojo and/or DOE Messaging with translations to home languages
Updated school website containing all current information (events, curriculum newsletters,etc.) available in parents' preferred languages.
Partnership with PTA to host afterschool and evening events (movie nights, art nights, etc.)
Parent and family engagement events and activities provided by the Parent Advisory Committee (PAC) such as "Crack the Case", Cutest Cookies, and International Culture Night

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Internal Parent surveys

Monitoring of Parent Engagement Logs

Monitoring of attendance at school events

Monitoring of monthly family events, meetings and learning opportunities at various times day and evening

Family Survey Dates:

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

administrators, classroom and out of classroom teachers, curriculum coach, parent coordinator, PTA

Instructional Resources

Into Reading, Eureka Math, Amplify Science, Passport to Social Studies and Civics for All, school website, i-Ready, Remind, Class Dojo and/or DOE Messaging

Schedule Adjustments

per session for after school events and workshops, substitute coverage for meetings and workshops offered during the school day

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based upon attendance reports from Insight and New Visions, the chronically absentee student rate for ELLs was 26% for the 2024-2025 school year.	1. Many ELL students travel back to their home country for extended periods of time resulting in extended absences that place students in the chronically absent subgroup with no opportunity for recovery. 2. Housing insecurities and family transience required direct support	Improve chronic absenteeism for all ELLs
Based upon attendance reports from Insight and New Visions, the chronically absentee student rate for SWDs was 23% for the 2024-2025 school year.	Students live far and are absent often due to travel, changes in family dynamic, illness.	Improve chronic absenteeism for all SWD

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	26	By June, 2026, the Percentage of Chronically Absent Students for English Language Learners (ELL) will decrease by 3%, from 26 to 23, as measured by the New Visions Chronic Absenteeism Reports.
Students with Disabilities (SWD)	23	By June, 2026, the Percentage of Chronically Absent Students for Students with Disabilities (SWD) will decrease by 3%, from 23 to 20, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

incentives for high attendance rates, improvement and reduction of chronic absenteeism and lateness

Root Cause Addressed:

Housing insecurities and family transience required direct support

Many ELL students travel back to their home country for extended periods of time resulting in extended absences that place students in the chronically absent subgroup with no opportunity for recovery.

Students live far and are absent often due to travel, changes in family dynamic, illness.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify students that have a history of chronic absenteeism and assign trusted adults to make connections with them beginning on the first day of school. Success mentors will be members of the attendance team. Mentors will identify barriers to attendance, encourage students to come to school, and speak with them about exciting things they have to look forward to in school.
Create an attendance team responsible for monitoring attendance data, engaging students and families, recognizing good and improved attendance, and identifying students who require personal outreach. Attendance team will meet biweekly throughout the school year.

Regular updating of family phone numbers and addresses
Attendance awareness campaign in all classrooms and displayed outside of auditorium for students and families to track attendance rates and trends
Use of social media platforms to share photographs of events taking place in school and reminders of upcoming events as a means of promoting a positive image of attending school regularly
Letters sent to families of chronically absent students and chronically late students notifying them of their child's attendance rate and offering support as a means of improving attendance rate.
Incentives for improved attendance rates, highest attendance rate per grade, etc.
Utilize DOE Messaging system and ATS to make daily robo-calls to absent and late students; Outreach from teachers after absences
Parent workshops about the importance of good attendance, establishing routines, staying healthy

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	06/26/2026	Parent/Family workshops on the importance of good attendance	PTA, Attendance Works
09/15/2025	06/26/2026	Ongoing articulation and strong partnership among families and support staff such as Parent Coordinator, Counselor, and Social Worker

Additionally, alignment between management needs and instructional planning was inconsistent across grade levels and programs. In walk-throughs and co-planning meetings, it was also noted that some new or early-career special education teachers expressed uncertainty around how to define management needs as instructional access tools versus general classroom supports.	-Lack of shared examples or models of high-quality PLOP sections that integrate SDI and management needs cohesively. -Limited collaboration time for special educators to discuss language and expectations in writing meaningful PLOPs.	IEP Development and Fidelity of Implementation: -Develop shared language and internal exemplars of instructionally meaningful management needs that directly align to students’ areas of need and SDI. -Provide coaching and modeling on how to describe supports that promote access to instruction as well as address behavioral needs. -Implement a system for IEP quality reviews that provides constructive feedback prior to finalization, specifically in the area of management needs. -Strengthen teacher capacity in linking student needs (academic, social-emotional, executive functioning) to targeted SDI in both the management needs and other sections of the PLOP.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	70%	By June 2026, to strengthen the coherence and implementation of IEPs for all Students with Disabilities (SWDs) we will increase the inclusion of Specially Designed Instruction (SDI) within the Management Needs section of the Present Levels of Performance (PLOP) that is clearly aligned with other areas of the PLOP (academic, social/emotional, physical, and management), from 70% prior to review to 100% prior to review, as measured by IEP review protocols.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Staff will be provided with professional development in the areas of SDI and drafting quality IEPs. In addition, the team will provide examples of how to incorporate SDI within the management needs section and throughout the PLOP. Models will be shared with staff in order to provide examples and ideas.

Root Cause Addressed:

-More professional development needed on writing quality IEPs, particularly around the function and instructional purpose of management needs.

-Lack of shared examples or models of high-quality PLOP sections that integrate SDI and management needs cohesively.

-Limited collaboration time for special educators to discuss language and expectations in writing meaningful PLOPs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
-plan and schedule professional development sessions to build a deeper understanding of SDI
-plan and schedule professional development sessions to help draft quality IEPs- specifically ways to include SDI in the management needs and PLOP
-provide models and strong examples of well-written Present Levels sections and management needs do the team has a shared vision of how to draft this
-provide sessions for new teachers to offer additional support in SDI and drafting IEPs
-offer optional “lunch and learn” or other creatively scheduled sessions to provide teachers more time to collaborate, share and grow in these areas

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Collegial IEP reviews will be conducted frequently in order to help align the data and SDI in the present levels section to clear statements in the management needs of the IEP. In addition to group IEP reviews, a special education team member will review all IEPs for the school prior to finalization and provide feedback to teachers in this area. They will also collect data to see monitor the percentage of IEPs that have aligned SDI within the management needs prior to review so that progress can be assessed and changes to actions steps made if needed.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Provide informational workshops or written guides to families (Tier 1) that explain the Present Levels of Performance (PLOP), Management Needs, and how SDI supports their child's success.	PTA & Parent Coordinator to help disseminate tools and information to families regarding SDI.
09/04/2025	06/25/2026	During annual IEP meetings (Tier 2), we will ensure parents have meaningful opportunities to ask questions about SDI recommendations and how they connect to classroom instruction.	SBSTtomhelp,ensure families receive guidance and support regarding SDI in meetings

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Supervisor of Special Education, IEP Teacher, SETSS Provider, and School Based Support Team, related service providers

Instructional Resources

Goalbook and the professional development sessions included within the yearly subscription,

Schedule Adjustments

IEP Teacher and other special education staff may offer optional sessions during their lunch or prep periods to support staff in improving SDI within the management needs and PLOP

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
tier 3	Students scored below the 21% on primary academic screeners. Results were confirmed with secondary screener (Acadience Survey)	Phonics for Reading 3-5, Sound Sensible K-2, Rewards 4-5	Push-in/Pull-out Small Group Instruction (3-4 students) 4-5 days a week	during school	no
tier 2	Students scored betwwen the 21-40% on primary academic screeners. Results were confirmed with secondary screener (Acadience Survey)	Phonics for Reading 3-5, Sound Sensible K-2, Rewards 4-5	Push-in/Pull-out Small Group Instruction (4-6 students) 3 days a week	during school	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student has difficulty regulating their emotions	At-Risk Counseling	1:1 or small group sessions with guidance counselor	during the school day	no
Tier 2	Student is exhibiting difficulty focusing, paying attention or remaining in their seat.	Sensory Path	1:1 with Crisis Team Member	during the school day	no
Tier 2	Student has difficulty finding a solution to a conflict they are experiencing.	Conflict-resolution	small group with guidance counselor	during the school day	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Families are informed of the schools approach to MTSS at several points throughout the school year. Families are initially introduced to school wide data and students' academic needs during meetings with the Parent Teacher Association and School Leadership Team. The school develops and shares a clear academic plan to address the needs of students for the current school year. At this time, parents are informed of the programs that have been chosen to close achievement gaps with an explanation of program selection. In addition, teachers have an opportunity to describe components of intervention during Curriculum Conferences held in September in grade bands.
As individual students are selected by the AIS team, AIS providers communicate with parents to request the approval of services and provide the parents with a description of the support that will be provided including: program, frequency and duration.

Dates and time frames for sharing with families:
September/October Meetings with families to introduce the MTSS structure: PTA and SLT meetings
June Meetings with family to provide a summative report of MTSS structure and data.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Throughout the year the achievement gaps of students selected for services is monitored and shared with individual parents during Parent Teacher Conferences. School wide data is continuously shared with the Parent Teacher Association and School Leadership Team to keep families abreast of school wide progress. Data is collected using Orton Gillingham and Fundations formative assessments, Acadience Screeners and i-Ready diagnostics. Individual score reports and progress is shared with parents during spring Parent Teacher Conferences.
Students enrolled in MTSS will receive progress reports every 6-8 weeks.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are included in the decision making process during meetings with the School Leadership Team and Parent Teacher Association. Parents are given the opportunity to share their thoughts and opinions about existing programs and can offer suggestions to the team to further school improvement.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

31

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

1. Language Support:
Many STH students benefit from English as a Second Language (ESL) services. Additionally, offering English classes for parents helps families better engage with the school community, increasing their comfort in expressing concerns and needs.

2. Academic Intervention:
One-on-one and small group tutoring can provide targeted academic support, helping students overcome learning gaps and succeed academically.

3. Family Engagement and School Supplies:
Providing school supplies tailored to each family's specific needs fosters inclusion and ensures students are prepared for learning. When families feel supported by the school, their level of engagement increases significantly.

4. Food Security and Nutrition:

Food insecurity can negatively impact students' attention and energy levels. A school-based food pantry can help ensure families have access to nutritious meals, directly supporting student well-being and academic performance.

5. Basic Necessities and Hygiene:
Access to essential household items such as laundry detergent and personal hygiene products can ease financial burdens and improve students' overall health and school readiness.

6. Transportation Support:
Transportation challenges, often due to distance or instability, can be alleviated by providing Metrocards for students and their guardians. This support ensures consistent and stress-free travel to and from school at no cost to families.

7. Stability and School as a Safe Haven:
For families who experience frequent moves, the school can serve as a stable and caring environment. Building strong relationships within the school community helps students feel safe, supported, and ready to learn.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students in temporary housing are provided with academic and social-emotional support as well as ensuring their basic needs are being met. Academic support includes offering at-risk academic intervention services, providing basic school and art supplies, covering the cost of field trips, ensuring the student has access to remote learning devices and enrolling the students in after-school programs (if available). Social-emotional support includes at-risk counseling and trauma-informed classroom activities. The STH liaison regular checks in with the student and family to assess unmet basic needs and may provide clothing, hygiene products, financial assistance for transportation to and from school, assistance with busing and metro cards, and assistance with meals.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

n/a

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

n/a

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

n/a

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 204, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 204 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology, such as Google Classroom, Remind, and DOE Messaging;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children (School Website - Curricula Support/Newsletters)
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs (both in-person and virtually), meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys (i.e Google Forms) will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent-Teacher Association, as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions (i.e. Google Surveys) regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent-Teacher Association and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: Promoting Social Emotional Learning and Mental Health (i.e building confidence, developing a growth-mindset, self-regulation, etc.) parenting skills, understanding grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- promote teacher office hours for parent engagement (remotely), as well as schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement virtually and in-person by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a virtual Parent Resource Center on the school website linking instructional materials for parents;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 204, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing ELA, Math, Science and Social Studies curricula aligned to the Next Generation Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships virtually and in-person and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles (Acadience, i-Ready and classroom-based assessments) for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff virtually and in-person by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member (Google Forms, DOE Messaging and Remind Messages);
- arranging opportunities for parents to participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents virtually and in-person by:

- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

ELA - HMH/Into Reading professional learning partnership for teachers and administrators

Eureka Math Equip - Great Minds professional learning for teachers and administrators

Supportive Environment - SEL and trauma informed professional learning for all staff members

Quality IEPs - Goalbook professional learning for teachers

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We help transition pre-school children for Early Childhood programs to our elementary school program by hosting a parent orientation in September. When we receive records from Pre-K programs we share them with our kindergarten teachers so they are able to identify student strengths and areas of need.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Roseann Sainato
Assistant Principal (Where Applicable)*	Brittany LaGala
English as a New Language (ENL) Teacher*	Rita Grech
Teacher (if school has a bilingual program must be a bilingual teacher)*	Dan Dan Xie
Parent/Guardian*	Nour Elferri
ENL Teacher	Agnes Bolski
ENL Teacher	Alexandra Cagliostro
ENL Teacher	Shannon Reilly
Parent Coordinator	Salina Yuen
Curriculum Coach	Donna Terranova

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

5

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

5

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

996

Total number and percentage (%) of current ELLs:

242, 24.3%

Total number and percentage (%) of former ELLs:

105, 10.5%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

213, 88%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

29, 12%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

61, 25.2%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Mandarin	2024-2025	1	1												2
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

As per CR Part 154, to deliver stand-alone ENL instruction, we pay close attention to NYSITELL and NYSESLAT proficiency levels to make certain that stand-alone ENL instruction is taught to all Entering and Emerging ELLs by one of our New York State certified TESOL teachers for at least 180 minutes per week. The primary goals of stand-alone instruction are language development aligned to grade level content and standards and to support our students in acquiring proficiency in English so that they may be able to achieve success in the core content areas. This includes ELA, Mathematics, Science and Social Studies.

Stand-alone instruction is delivered in our ENL program for our ELLs as per CR Part 154.2 in the following way:

Each of our five out-of-classroom ENL teachers provides 180 minutes per week of stand-alone ENL instruction to ENL students from heterogeneously grouped classes. Three ENL teachers work primarily with K-2 students and two work primarily with 3-5 students. Stand-alone instruction takes place in a separate location and at a separate time from the integrated, content-based ENL instruction (see co-teaching model below) to support students in achieving the Next Generation Learning Standards by focusing on the Science of Reading as well as the Advanced Literacies. In addition to our out-of-classroom ENL teachers, we have one dual certified teacher (TESOL and Common Branches) teaching a third-grade stand-alone ENL class. This class has been created heterogeneously, with a mix of students at all levels, including commanding.

Integrated ENL:

As per CR Part 154.2, to deliver integrated ENL instruction, we make certain all ELLs receive integrated ENL instruction aligned to content area and language development, including home language supports, by one of our New York State certified ESOL teachers for at least 180 minutes per week. Our ENL integrated instruction takes place during content area learning. Our ENL teachers examine and take into consideration the linguistic demands of the content in which they are supporting students and then develop language objectives accordingly.

Integrated ENL instruction is delivered in our ENL program for our ELLs as per CR Part 154.2 in the following way:

Each of our five out-of-classroom ENL teachers provide a minimum of 180 minutes per week to their students of integrated ENL instruction using the co-teaching model. Our ENL teachers work alongside common branches teachers to create instructional goals that support language development. They rely on literacy, content and language objectives to make it clear what students will be able to do and understand by the end of the ELA lesson and/or unit in order to support students as they work towards meeting the Next Generation Learning Standards by

focusing on the Advanced Literacies. The ENL teacher supports the classroom teacher in planning and incorporating scaffolds within the lesson to jointly deliver instruction and facilitate a knowledge-building environment in content area instruction. Our third-grade stand-alone ENL teacher provides these integrated minutes to her classroom students to ensure that they are receiving the necessary mandates.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

During the 2024-2025 school year, we opened our first Dual Language Program. This program is a two-way program, which offers our ENL students and native English speakers the opportunity to build speaking, listening, reading, and writing skills in English and Mandarin. We began with one kindergarten self-contained class, and we will be continuing with a first grade self-contained class this year. We will be using the day by day model during the 2025-2026 school year, which means the teacher will alternate between English and the partner language (Mandarin) each day. Both of our Dual Language teachers will have a bilingual extension and be fluent in Mandarin and English in order to provide the necessary instruction to our students. The class will be composed of 50% ELLs and 50% English proficient students. The ELA program we use is HMH Into Reading, and the Math program we use is Eureka Math. The students also receive instruction in Social Studies and Science through the Passport to Social Studies curriculum and Amplify Science. Students in the Dual Language program who are identified as ELLs receive stand-alone ENL/ELA instruction for the leveled required minutes of instruction. Students receive the same rigorous curricula in Chinese. Through this program, students will have the opportunity to attain cross-cultural competencies within a linguistically and culturally diverse community.

As per CR Part 154.2, Integrated and Stand-alone ENL instruction are delivered to our ELLs in their DLBE class by their DLBE teacher. Because our DLBE teachers holds a bilingual certification and are teaching in a bilingual program, they will be able to provide the ENL component of the bilingual program to her students so that their students may develop their conceptual skills in Mandarin and English.

In order to further enhance and strengthen the instruction within the DLBE model, our DLBE teachers will collaborate together and with our ENL teachers during grade-band common planning times and their weekly vertical inquiry ENL team, to ensure our students develop bilingualism and biliteracy based on high proficiency levels in two languages, English and Mandarin. Students in this class will receive a minimum of 180 minutes per week of stand-alone ENL instruction, a minimum of 180 minutes per week of integrated ENL instruction, and a minimum of 180 minutes of home language arts instruction taught by their DLBE teacher.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

We ensure the mandated number of instructional minutes is provided according to students' English language proficiency levels by aligning students' units of study requirements to their NYSITELL/NYSESLAT proficiency levels. All students are then programmed in STARS Classroom to make certain CR Part 154 mandates are being met. We check STARS Classroom each morning to ensure there are no "action items" surfacing in the way of ELLs not being programmed properly. We also pay close attention to the monthly EDUR reports to ensure compliance and alignment.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our Freestanding ENL program model, instructional minutes are delivered as follows:
• For students at the Entering and Emerging levels, they receive 4 periods (180 minutes) of standalone ENL instruction and 4 periods of integrated ENL instruction for a total of 8 periods (360 minutes) per week. The integrated ENL instruction they receive in their classroom is for ENL/ELA instruction. We also often provide students at the emerging level with 90 minutes of content area instruction within their stand-alone instruction.
• For students at the Transitioning level, they receive 2 periods (90 minutes) of integrated ENL/ELA instruction and 2 periods of integrated instruction in a content area for a total of 4 periods (180 minutes) per week. There is the flexibility with this group to fully service them with integrated ENL instruction for four periods per week rather than break their instruction up into 2 periods stand-alone/2 periods integrated.
• For students at the Expanding level, they do not receive any stand-alone ENL, but rather, are fully serviced with integrated ENL instruction in either ELA or in a content area (depending upon the recommendation of the classroom teachers) for 4 periods (180 minutes) per week.
• For our former ELLs, we service them for two years following a score of Commanding on the NYSESLAT or following a score of Advanced on the NYSESLAT with a level 3 or 4 on the NYS ELA exam. They are provided with a minimum of 90 minutes per week of small group learning within their classrooms by their classroom teacher.

In our Mandarin Dual Language program, instructional minutes are delivered in the same manner as they are for our Freestanding ENL program (combination of stand-alone and integrated) and are taught by our certified Mandarin DLBE teacher to her DLBE students within their classroom. Home Language Arts is also delivered within our DLBE model by our DLBE teacher for a total of 180 minutes per week.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

For the 2025-2026 school year, we will be utilizing a day by day model, where the Dual Language Teacher alternates between English and the partner language (Mandarin) each day. The class will be composed of 50% ELLs and 50% English proficient students.

b. In which language(s) is each core content area taught?

Each core content area will be taught in both languages, as each day the teacher will alternate which language she teaches. On Monday, she may teach all content areas in English. On Tuesday, she will continue teaching all content areas in Mandarin so that students have equal exposure to both languages.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Of the 996 K-5 students at P.S. 204, 242 (24.3%) of them are ELLs. The composition of our ELLs subgroups are as follows:

88% (213) of our ELLs are Newcomers and 12% (29) are Developing ELLs. We currently do not have any students considered long-term ELLs. We do not have any SIFE students. Our services for Newcomers differ from those provided to our Developing ELLs in several ways. Currently, our Newcomer ELLs can be found in all grades (Kindergarten through fifth).

Newcomer ELLs often enter with limited English proficiency and require foundational language support. Instruction prioritizes oral language development, phonological awareness, and decoding skills grounded in the Science of Reading. Through structured programs and targeted small-group instruction, teachers focus on building vocabulary, sound-symbol relationships, and early fluency. This work is integrated with content-area learning, using visuals, translations, and interactive strategies to establish academic background knowledge and support comprehension.

In contrast, Developing ELLs—who tend to demonstrate stronger skills in listening and reading—benefit from instruction that builds on these strengths while addressing needs in productive language skills like writing and speaking. Teachers use rich texts and scaffolded protocols to deepen comprehension, strengthen written expression, and expand academic vocabulary. Strategic tools such as graphic organizers, front-loading, and structured discussions help students access rigorous curriculum content and prepare for high-stakes assessments.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We currently do not have any students considered SIFE students. When we do have SIFE students, students are invited to attend Title III after school programs for ELL students that provide the opportunity to work collaboratively in small groups and address their language and literacy needs. These students may also be eligible to receive Academic Intervention Services (AIS) with our Reading Recovery teacher. A translation buddy is assigned to these

students in their classroom to help them navigate the school environment and classroom routines. Instruction is conducted in English with home language support.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We currently do not have any Long-Term ELLs (receiving 7 years or more of ELL services). When we do have Long-Term ELLs, it typically indicates the student was retained at some point in their elementary school experience. In order to best meet the needs of a Long-Term ELL, we ensure that their services differ from the services that are designed for Developing ELLs. To provide Long-Term ELLs with the targeted instruction they require, we analyze NYSESLAT data by modality to determine areas of relative strength and areas of weakness. We also analyze screeners, such as the iReady Diagnostic data, as well as formative assessments such as Acadience and classroom assessments. Based on the results from multiple sources of data, we target our classroom and ENL instruction with more intensive scaffolds in reading, writing, listening, and speaking such as small group classroom instruction, intentional grouping/peer support, and provide Tier II and/or Tier III Responses to Intervention. Intensive scaffolds include differentiated graphic organizers, focus questions to guide reading and writing, word banks, physical movement activities, and explicit modeling.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The current percentage of students considered former ELLs is 10.5% (105 students). We provide services to our former ELLs in the following ways:

For our former ELLs, we provide them with 90 minutes of weekly small-group instruction within their classroom community provided by their classroom teacher. We look at the vast array of assessments they take to determine whether they are meeting grade level standards or are performing below grade-level standards. We also make certain they have the appropriate testing accommodations for the two years after they score commanding on the NYSESLAT (use of bilingual glossaries, and simultaneous use of English and alternative language test additions).

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The trends we notice about the at-risk levels of ELLs at our school are the more years students spend receiving ELL services, the greater number of at-risk indicators they present. The majority of our ELLs (213 students) are newcomers with 0-3 years of ELL service. This was our largest at-risk indicator. Students with one or more at-risk indicators are most likely to be Developing ELLs, some of whom are also considered Potential Long-Term ELLs. The most common at-risk factor for these students is in the area of having scored a Level 1 or 2 on the ELA and/or Math exam, as well as not having made any growth on the NYSESLAT. Our students with the greatest number of risk factors are often our 4th and 5th grade IEP students. Attendance further influences their achievement. ELLs who have an average attendance percentage less than 95% often have more than one risk factor associated with them, including the ELP Growth Risk. In addition, 12% (29 students) are currently in temporary housing and this is a risk factor that can negatively impact their progress.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The majority of our former ELLs (86.7%) do not have any at-risk indicators. However, the ones that do have at-risk indicators related to their scores on the NYS ELA and Mathematics exams. 9 students had 1 risk factor, 3 students had 2 risk factors, 1 had 3 risk factors, and 1 had 4 risk factors. 12 former ELLs scored a level 1 or 2 on the ELA last school year, and 1 of them also scored a 1 or 2 on the 2022-2023 and 2023-2024 ELA. 6 of our former ELLs scored a level 1 or 2 on the Math exam last school year, and 2 of them scored a level 1 or 2 on the 2022-2023 and 2023-2024 Math exam. The majority of these students are our fifth graders who have now graduated from our school, however, these are students that either have IEPs or have been receiving Academic Intervention Services RTI for 2 or more years.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation at our school are Chinese (102), Spanish (74), Russian (52) and Arabic (4). In order to support the communication of both students and their families, we provide ongoing opportunities for our bilingual staff to work alongside students during the school day and to communicate orally and in writing with families who need support (both during and after school hours). We do this by hiring and empowering bilingual teachers, paraprofessionals, and school aides, as well as our Parent Coordinator and members of the School Assessment Team. We put structures and processes in place for communication that are fully aligned with the Language Translation and Interpretation plan as well as Chancellor's Regulations A-663 to support communication and learning.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classification of ELLs at our school include Asian, American Indian/Alaskan Native, and White.

Our school is committed to embedding the principles of the CRSE Framework into every aspect of teaching and learning. Ensuring an inclusive and equitable educational experience starts with curricular planning. Our grade level planning teams work together with ENL providers to identify the best practices, supports and ways to communicate with our diverse population. We collaborate to strengthen Tier 1 instruction through the use of knowledge building, vocabulary and visuals to scaffold instruction for our students with diverse learning needs. ENL providers also collaborate with teachers during professional learning opportunities so that our MLL's are represented in our learning, planning and implementation. Collaborative planning occurs at the team meetings to ensure that our MLL's in all settings receive the support they need to meet the demands of the curriculum. In addition, our ENL service providers attend grade level meetings and meet with individual teachers to plan for integrated instruction.

Here's how we address each principle of the CRSE:

Welcoming and Affirming Environment:
We foster a school culture that celebrates diversity through events like International Culture Night, which engages families in sharing music, food, clothing, and traditions. Assemblies and parades for holidays such as Diwali and Lunar New Year highlight cultural heritage and affirm students' identities. The launch of our very first Mandarin Dual Language class reflects our commitment to linguistic inclusivity and community responsiveness. Our staff includes members who speak multiple languages, and when students are new or need support, we make every effort to

ensure they can speak with someone in their native language. This helps students feel safe, welcomed, and understood from the moment they enter our school. We incorporate the SEL component of HMH Into Reading, which aligns with CASEL's five core competencies: self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. This integration supports students' emotional well-being and helps them build meaningful connections across cultures.

High Expectations and Rigorous Instruction:
The Into Reading Curriculum, now in its third year of implementation, supports rigorous literacy development while integrating culturally relevant texts. Performance tasks at the end of each module challenge students to analyze diverse perspectives and express their ideas—often in their native languages—to deepen engagement and critical thinking. Our instructional approach aligns with Advanced Literacies, promoting analytical skills and high-level comprehension through structured protocols and prompts. We provide student leadership opportunities through Student Council, where students campaign for leadership roles and are elected by their peers. This process fosters civic engagement, public speaking, and responsibility, while affirming students' voices and agency within the school community.

Inclusive Curriculum and Assessment:
Classroom libraries are curated to include texts representing multiple cultures and languages, ensuring students see themselves and others reflected in literature.Each module in the Into Reading Curriculum includes opportunities to explore themes such as empathy, integrity, problem solving, and respect for others, helping students connect across areas of difference. We utilize Civics for All to promote civic engagement, critical thinking, and student voice. This initiative encourages students to explore identity, justice, and community through inquiry-based learning and discussion, fostering a deeper understanding of their role in society. Assessments are designed to be culturally responsive, allowing students to demonstrate understanding through varied modalities and perspectives.

Ongoing Professional Learning:
Teachers participate in ongoing professional development focused on CRSE principles, including how to analyze curriculum texts for cultural relevance and responsiveness. Professional learning sessions emphasize strategies for integrating students' identities into instruction and fostering inclusive classroom practices. We consistently encourage our teachers to participate in professional learning related to ELLs and CRSE. Teachers are then asked to turn key this information to other staff members who may benefit from it. One PD our ENL teachers presented last year was "Translanguaging: Leveraging Students' Home Languages in the Classroom." Furthermore, staff are encouraged to reflect on their own cultural lenses and biases to better support all learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

When we look at ELP growth, we see that 88 students (57.1%) met ELP progress while 66 (42.9%) did not. 55 students (35.7%) met progress by exiting ELL status. This means that 35.7% of students exited ELL status by scoring commanding on the NYSESLAT or Expanding on the NYSESLAT and either 3 or above on NYS ELA. 29 students (18.8%) met the Annual Progress Target between the two most recent NYSESLAT exams, and 4 students (2.6%) met the Safe Harbor Cumulative Growth for cumulative progress between the most recent year and their initial NYSESLAT English language proficiency level..

In Spring 2023, we had 50 students who tested out of the ENL program. That number increased to 55 in Spring 2024 which was 35.7% of all eligible students.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Based on the results of the data from the 2024 NYSESLAT, we were able to conclude that our students made great strides in the Speaking modality as compared to the previous year's results. In terms of trends, and according to the data from the 2024 NYSESLAT, Writing was a relative weaknesses for our ELLs across grades, although different grades did yield different results. The biggest increases in Writing need were in second grade and fourth grade. We attribute the difference in Speaking and Writing data results (lower grade vs. upper grade) to differences in the time, attention and foundational skills curriculum provided to our upper grade students. When we look at the results of the NYSESLAT, we see that 55 students (25.6%) scored Proficient, 61 students (28.4%) scored Expanding, 35 students (16.3%) scored Transitioning, 44 students (20.5%) scored Emerging, and 20 students (9.3%) scored Entering. The majority (54%) of students scored Proficient or Expanding.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

For students who scored Commanding on the NYSESLAT, the vast majority scored a Level 3 or 4 on the NYS ELA exam. Therefore, the majority of our ELLs are meeting the learning standards for their grade as evidenced by their assessment data on the ELA. Additionally, when we looked at our students who scored Levels 1 and 2 on the ELA exam, we notice that these students have scored Emerging, Transitioning, or Expanding on the NYSESLAT. We are, therefore, able to determine that when students do not score proficient on the NYSESLAT (CM), they also do not meet grade level standards (ELA exams are a level 1 and 2).

Unlike the ELA, which shows a close connection between receiving a level of CM on the NYSESLAT and a Level of 3 or 4 on the NYSESLAT,we see more varied results when anaylyizng math data. Students who scored a Level 3 or 4 on the Math exam received scores on the NYSESLAT ranging from Entering to Commanding. This can be due to the fact that students have the opportunity of taking the NYS Math exam in their home language. Therefore, they are not required to demonstrate English proficiency in order to meet the math standards (in English). Additionally, we see students who scored at the Commanding level of proficiency on the NYSESLAT score a Level 1 or 2 on the Math exam. We can determine that students with English proficiency do not necessarily demonstrate math proficiency as well.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The trends reflected in the NYSESLAT related to ELLs with IEPs demonstrates that our ELLs with IEPs are Developing ELLs who also fall into the category of Potential Long Term ELLs. Our ELLs with IEPs consistently score at the Transitioning or Expanding levels on the NYSESLAT. As noted previously, our students who score Commanding on the NYSESLAT score level 3 or 4 on the ELA. Our ELLs with IEPs are not scoring at a level 3 or 4 on the ELA. The connection between the 2 areas is reading far below grade level. Many of our 12:1:1 students are reading close to 2 years below grade level while many of our ICT students are reading 1 or more years below grade level. Therefore, low reading levels account for the trends we see on the NYSESLAT related to ELLs with IEPs. Since we do not have any SIFE students, we cannot determine trends reflected in the NYSESLAT related to SIFE students. We conclude that when students are reading far below grade level, their ability to score Commanding on the NYSESLAT is in jeopardy. Therefore, low reading levels are a major factor impacting the results of these subgroups. We believe a secondary factor, and one that impacts reading comprehension, is difficulty working with processing academic vocabulary.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school is committed to providing English Language Learners (ELLs) with a high-quality academic experience that fosters deeper learning and long-term success. To achieve this, we embed core academic content into both ENL stand-alone and integrated instruction. ENL teachers closely collaborate with classroom teachers to align lessons, ensuring that language support reinforces what students are learning in their content areas.

Instruction is scaffolded with intentional strategies such as front-loading and translating vocabulary, incorporating content-rich texts in multiple languages, and using sentence frames, visuals, and graphic organizers. These supports make rigorous content accessible and meaningful. Small group instruction is used routinely to address the individual needs of ELLs and promote engagement in a more personalized setting.

We also believe that strong communication between school and home is essential. At the start of each module, families receive letters outlining key vocabulary, essential questions, and skills their children will be learning. To cultivate academic discourse, ELLs participate in structured discussions with both peers and native English speakers using school-wide discussion protocols like Think-Ink-Pair-Share.

Additionally, with our school's recent approval for Class Size Reduction, we've prioritized hiring teachers with TESOL certification and bilingual extensions. This expansion strengthens our capacity to deliver targeted instruction and sustained support throughout students' elementary education.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's leadership team ensures that English Language Learners (ELLs) have full access to high-quality core instruction and curriculum through a strategic focus on data-driven decision-making, instructional support, and inclusive practices.

A foundational priority is knowing our students well. At the start of the school year, we administer the Acadience screener in Grades K–2 and the iReady Diagnostic in Reading and Math for Grades K–5. These assessments help

teachers and the leadership team identify each student's strengths and areas for growth, allowing us to tailor instruction effectively and ensure our ELLs are supported from the outset.

With our Class Size Reduction initiative, we are able to cap K–3 classrooms at 20 students and Grades 4–5 at 23 students, enabling more individualized instruction and increased opportunities for small group work—crucial for language development and content access. We also leverage technology such as iPads and translation tools to make instruction more accessible to students who are literate in their home languages.

Hands-on instruction is a cornerstone of our approach, particularly in math. Teachers use manipulatives and visuals to help make abstract concepts concrete and understandable. Across subjects, ELLs engage with the same rigorous content as their English-proficient peers, with supports built in to ensure comprehension and participation.

Our leadership team meets quarterly as part of the School Development Committee (SDC) to address student learning outcomes, with a strong emphasis on ELL needs. We actively solicit feedback from teachers and design professional learning opportunities accordingly—such as a recent hands-on iReady Math workshop—ensuring that teachers are equipped with the tools they need.

In ELA, we implement HMH Into Reading with fidelity, requiring 150 minutes of daily literacy instruction in Grades K–2 and 120 minutes in Grades 3–5 using the "I do, we do, you do" model. To support Structured Literacy and the Science of Reading, we've introduced sound walls to emphasize phoneme-grapheme connections and decoding, alongside the teaching of "heart words" to help students remember irregular spellings. These initiatives are especially impactful for ELLs acquiring literacy in English.

To further enhance accessibility, our leadership team provides vocabulary-building strategies through HMH's visual word cards and ensures that vocabulary aligns across texts and content areas. We've also reorganized classroom libraries by module and topic to foster background knowledge and deepen engagement. In Grades 3–5, we support family engagement by sharing translated versions of classroom texts to bridge school-home understanding.

Through these deliberate actions, our leadership team not only promotes equitable access to curriculum for ELLs, but actively cultivates an environment where all learners are supported and expected to thrive.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core Content is delivered in both the ENL model and the bilingual models through our rich, content-based curricula. This includes Into Reading (ELA), Eureka Math, Amplify Science and Passport to Social Studies.

Content is delivered to ELLs during classroom instruction and Integrated ENL Instruction. ENL teachers and classroom teachers collaboratively plan and implement ELA, mathematics, science, and social studies lessons that are aligned to Advanced Literacy strategies and NGLS through the use of multi-level, non-fiction, expository texts focused on a thematic unit of study. Students are explicitly taught to read, write (writing genre-based pieces, summarizing, answering text-based questions, note-taking), to listen and to discuss non-fiction content, thereby, building a conceptual understanding of the topic while applying high-utility vocabulary to support their comprehension and discussion of the subject matter. A variety of texts are included so that students have access to texts written at different levels and from different perspectives on the same topic. Students read and deconstruct complex texts and work to answer text-dependent questions through partnership and small group work (school wide protocols are in place such as: "Think-Ink-Pair-Share", "structured talk" and "turn and talk")

ENL teachers teach content in this manner in both the stand-alone model and the integrated model. ENL teachers

use tools such as Total Physical Response, sentence/paragraph frames, enlarged photographs, multi-media, maps, articles, and academic vocabulary supports to scaffold instruction to allow for multiple entry points.

Students in our Mandarin DLBE class receive similar instructional approaches when core content (Into Reading, Eureka Math, Passport to Social Studies, Amplify Science) is delivered. A main difference, in terms of content delivery, for the students in our Dual Language class is the vast number of texts, charts, and other material that are accessible to them in Mandarin. Our Dual Language class is print-rich in both English and Mandarin. Language development is also fostered with families as we send home fiction and non-fiction texts and trade books in both English and Mandarin. Students receive instruction in both languages in all content areas.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of MLs/ELLs use the following grade-level materials to provide access to academic core content areas and accelerate language development:
English Language Learners at the Entering and Emerging levels engage in a minimum of 45 minutes per week of language and literacy from the online program: Imagine Learning. Students are identified by their teachers and provided access to accounts so that they may begin instruction in their home language and transition to English through the course of the program. ENL teachers review reports from Imagine Learning bi-weekly to monitor progress and provide more individualized attention based on area of need (standards-aligned).
English Language Learners who are considered Developing ELLs have full access to all academic core content areas through a combination of the Into Reading curriculum (ELL supports and scaffolds embedded in the planning and implementation of each unit and module) and support from our ENL providers in their classroom setting.

For our ELLs who have been identified as having special needs, we follow IEP mandates to ensure students' learning goals are met. Our special education teachers, general education teachers and ENL teachers collaborate to design effective instructional programs for these students so that their English language skills improve while their disabilities are taken into consideration. They work to promote Advanced Literacy skills by developing students' knowledge of words and language found in academic texts and talk and ways to organize their writing. Teachers, therefore, design instructional activities that increase vocabulary development, improve listening skills, and refine oral and written language abilities. They do this while ensuring that ELL-SWDs have access to academic content areas (pushing-in during content area instruction in the classroom) while working to accelerate their English language development. Teachers use the appropriate grade level and skill level curricular materials including, Eureka Math, Into Reading, Fundations/Heggerty, Passport to Social Studies, and Amplify Science. In addition, they use an abundance of supplementary materials such as fiction and non-fiction big books, enlarged posters/photographs containing diagrams, maps, graphs, etc., and the SmartBoard and/or Elmo document camera. We also have materials in our students' home language available to teachers and students, such as bilingual dictionaries, translated versions of texts, and trade books.

b. SIFE

Although our school currently does not have any Students with Interrupted/Inconsistent Formal Education (SIFE), we are prepared to implement evidence-based strategies that provide access to grade-level academic content while accelerating English language development. First, we focus on activating prior knowledge and building background knowledge, which is a key component of our HMH Into Reading curriculum. We make sure to use culturally

responsive materials and visuals to connect new concepts to students' lived experiences and incorporate students' home languages and prior knowledge through translanguaging strategies. Teachers also make an effort to begin lessons with concrete experiences (hands-on activities) before introducing abstract concepts. Since HMH has multiple objectives that could be identified for each lesson, our ENL teachers integrate language objectives with content objectives in every lesson. They also scaffold instruction using sentence frames, word banks, graphic organizers, and anchor charts and provide multiple opportunities for students to engage in oral language practice through structured turn and talks and "Think-Pair-Shares". As with other groups of English Language Learners, targeted small-group instruction is essential to building phonemic awareness, decoding, and basic math skills. Furthermore, ENL teachers co-plan and co-teach with general education teachers to ensure language support is embedded in all content areas.

Instructional Strategies:
Front load vocabulary to support knowledge building
Include visuals, diagrams and anchor charts to deepen comprehension of topic or vocabulary
Incorporate multimodality projects into modules
Hands-on learning opportunities in science and math
Kinesthetic word association for new vocabulary and concepts
Translated text presented in connection with English text

c. Newcomers

For newcomer ELLs who have been in US schools for fewer than three years, we implement a program of study that addresses their specific needs. We work to establish a language foundation through vocabulary-building activities that incorporate listening and speaking. We choose a small set of high-utility vocabulary that students will need to access their texts and to communicate orally and in writing. We use the selected target words often when speaking and writing and encourage students to do the same in their speaking and writing. We also incorporate a heavy emphasis on beginner phonics skills that will lead to further developments in reading and writing (through Fundations/Heggerty/Orton Gillingham) . We use the Into Reading literacy program and incorporate the use of content-based modules with multiple entry points embedded in the planning and practice. We utilize all recommended ELL scaffolds and supports into daily instruction. Additionally, since students who have been in the country for one year or more are required to take the NYS ELA exam, we teach our upper grade students comprehension strategies to support their ability to correctly answer multiple choice and constructed response questions after reading grade level passages.

d. Long Term ELLs

We do not have any Long Term ELLs. However, when we have long term ELLS who have completed six years of ENL instruction, we again analyze the results of their NYSESLAT and classroom assessments to determine their strengths and areas in need of improvement. We then utilize small group instruction to meet their instructional needs. We provide these students with Tier II and Tier III instruction and make certain they are receiving the proper level of support to make the necessary progress.

Classroom teachers provide scaffolds and supports such as differentiated graphic organizers and texts to ensure that students are able to demonstrate understanding of the content being taught. They also provide students with sentence frames, sentence starters, checklists, etc. to ensure that students can complete grade-level tasks.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

In order for ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment we use the following curricular, instructional and scheduling flexibility:

We use curricular, instructional, and scheduling flexibility to meet the diverse needs of ELL-SWDs within the least restrictive environment. ELLs in both ICT and 12:1:1 special education programs receive ENL stand-alone instruction alongside their general education peers based on their proficiency level. They also receive ENL Integrated instruction in their special education classes so that the ENL teacher and special education teacher can collaborate and plan to ensure that students' disabilities are taken into careful consideration. We make certain to be very strategic with both forms of instruction to make certain that there is still time throughout the school day for the other IEP-mandated pull-out services of Speech/Language, OT, PT, and/or APE to take place. Monitoring that students receive services in the least restrictive environment is crucial and we accomplish this by strictly adhering to IEP guidelines.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language support is delivered in ENL and DLBE classes through the support of bilingual resources such as libraries, Imagine Learning, and online literacy sites that house bilingual texts. Additionally, as stated previously regarding DLBE, our DLBE teacher teaches home language arts to her students daily. She uses Chinese texts and media resources aligned to the content that students are learning in ELA (Into Reading) as an integration of language and instruction.

Home language support is assessed through the Imagine Learning Diagnostic Assessments that measure progress in home language literacy and progress in English literacy (for Entering ELLs), as well as state exams such as science and mathematics that are administered in a student's home language, should they prefer.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Our ENL and bilingual teachers are included in planning and instruction throughout the school year. Systems and structures for supporting co-teaching and collaboration among classroom teachers and ENL teachers include:

-Planning days where classroom teachers and ENL teachers collaborate to plan lessons and identify supports and scaffolds to help ELLs succeed in the General Education classroom
- The use of a shared planning template across each grade level, where teachers share ideas regarding the learning objectives, materials, and differentiation they will provide to students
-Planning with our HMH Coach, including observing model lessons and debriefing
- Intervisitations for our DLBE teachers

As we continue our Dual Language program, our Dual Language teachers will be included in all of our planning sessions. They will also meet with the ENL teachers at our weekly meetings in order to plan for effective bilingual instruction and analyze data from our beginning of year, middle of year, and end of year diagnostic screeners (iReady, Acadience) in order to drive instruction. Our Dual Language teachers will also meet and plan with their grade-level colleagues during common planning time to ensure they are meeting grade-level expectations and making necessary adjustments to their instruction.

At P.S. 204, we encourage open communication between all staff members. We encourage our teachers to provide professional development sessions for one another when necessary, as they learn best when it comes from experts in the field.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our overall, annual professional learning plan ensures that all staff incorporate learning specifically related to the academic and social emotional needs of MLs/ELLs. Our administrators do this by creating a weekly professional learning plan for all teachers and paraprofessionals at our school. This plan is shared amongst the admin team in a living document (Google Sheet) so that the needs of staff are reflected in weekly professional learning opportunities.

We adhere to the professional development requirements as per CR Part 154.2 in where 15% of total hours for all teachers is designated to ELL specific professional development and where 50% of total hours for ENL teachers is designated for ELL specific professional development. We will continue to work to meet these mandates by using the professional development time on Monday afternoons (2:20 - 3:20pm). We will assemble teachers in Professional Learning Communities, grade bands, by teacher need, by teacher request, and ELA/content area.

Our School-based Development Committee (SDC) consists of lead teachers for each grade and out-of-classroom providers. There is an ENL teacher on this committee who turn-keys information to the other ENL teachers in our building. The purpose of this committee is to gather ideas from teachers regarding what professional learning experiences they feel would be most helpful and effective for their teaching practice this year. Many of our teachers have expressed that they would like more support with helping their ELL students meet the expectations of the new curriculum. Therefore, our Monday professional learning time has mostly been devoted to learning about the major literacy shifts, the Science of Reading, and unpacking standards and utilizing backwards design to plan for instruction. We have also been utilizing our HMH Coach, Janet Steinberg, to help us model and plan lessons that meet the needs of all students (including ELLs and SWDs). Our ENL teachers are using the HMH language objectives to plan for stand-alone and integrated ENL instruction. ENL teachers have also been working hard to plan alongside classroom teachers to ensure students are receiving all the support they need even when ENL teachers are not in the classroom.

Our SDC meets four times per year to analyze data, identify root causes, and discuss ways to meet the needs of ALL students, including MLs/ELLs. We analyze NYS testing data as well as our iReady results from the ELA and Math Diagnostics.

We send teachers to professional development sessions provided by the Brooklyn South Field Support Center, the Division of Multilingual Learners, as well as, by the district, UFT, and private educational facilitators so that they may turnkey the valuable and pertinent information they learn from these sessions to all teachers of ELLs during our

school's designated professional development time. A large focus of the PD we provide for all ELL personnel at the school has been dedicated to the Instructional Leadership Framework, the Next Generation Standards and the Four Hallmarks of Advanced Literacy. This school year, as we begin our third year of implementation of HMH Into Reading, we will focus on the writing component. We will also continue to focus on language acquisition in alignment with core content area instruction, best practices for co-teaching, and integrating language and content instruction for ELLs (as per the ELL Policy and Reference Guide).

The assistant principal responsible for ELLs attends ongoing professional development sessions made available by the Brooklyn South Field Support Office as they become available. Our goal continues to be that our teachers of ELLs and the assistant principal attend a minimum of one professional development session a month outside the school building to turnkey the information learned during their professional learning sessions for both the classroom and content teachers in the school. In order to prepare for the opening of our new Dual Language program, our assistant principal attended three Bilingual Education Symposiums along with our parent coordinator and lead ENL teacher. The assistant principal then turn-keyed the information they received to other administrators, teachers, and SLT members.

Our assistant principals, instructional lead teachers, ENL teachers and Curriculum Coach provide ongoing professional development to teachers in supporting ELLs as we focus on implementing the Next Generation Learning Standards across subject areas. We also send them any professional learning opportunities we receive from the district in order to support the ELL population.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

To ensure compliance with CR Part 154 and support certification renewal for all staff, our school has developed a professional development plan that prioritizes ELL-specific CTLE hours. In alignment with state mandates, all certified faculty—including holders of professional certificates in classroom teaching, educational leadership, and Level III teaching assistant certificates—are expected to complete 15% of their CTLE hours in ELL-specific professional development, while bilingual and ENL teachers must complete 50%. Our school tracks CTLE participation through sign-in sheets, agendas, and certificates of completion, with oversight provided by the assistant principal responsible for ENL instruction. Staff are regularly informed of their CTLE obligations and receive guidance on how to document and submit hours.

We offer a variety of ELL-specific professional development opportunities throughout the school year. Weekly Monday professional learning sessions (2:20–3:20pm) frequently include topics such as scaffolding strategies, co-teaching models, and culturally responsive instruction. When budget permits, we supplement these with Lunch & Learn sessions focused on practical classroom strategies for supporting ELLs. These may be presented by a CTLE approved vendor when available. Additional opportunities are provided during the summer and during the school day. Last year, several teachers participated in CTLE-approved workshops from Elevated Learning Services, which were held during the school day with coverage provided for those who opted to attend. This summer, we promoted CTLE-approved virtual workshops from HMH focused on supporting ELLs, and many of our new teachers participated. While professional development offered by the Brooklyn South Field Support Center is often high-quality and relevant, it is typically not CTLE-approved; therefore, we prioritize sourcing professional development from vendors and organizations that meet CTLE criteria. All of the work we've done with our HMH coach has been

CTLE approved, and many of these sessions have focused on meeting the diverse needs of all learners, including ELLs.

ELL-specific professional learning is embedded into our curriculum implementation. ENL teachers participate in all curriculum-related PD to support both stand-alone and integrated instruction. Our ELA coach and lead teachers turnkey district training to staff, with a focus on “Making HMH Content Comprehensible to ALL Learners.” Grade-level teams engage in data meetings to analyze student work and collaboratively plan scaffolds that support ELLs’ access to grade-level content. The assistant principal overseeing ENL regularly shares CTLE-approved PD opportunities via email and staff meetings. While participation is voluntary, we ensure that ample opportunities are available for all staff to meet the required hours. We also actively engage CTLE-approved vendors to lead sessions during our Monday PD blocks, further supporting our staff in meeting certification renewal requirements.

To further support our growing population of ENL and Bilingual students, our teachers will participate in professional development sessions through the NYC Regional Bilingual Education Network. Teachers will be paid per session to participate in these sessions after school hours to support planning and instruction. Teachers are encouraged to participate in Pro Learner opportunities that are specific to ENL/MLL teachers so that they can learn affective strategies and supports for instruction.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The main screening assessment we use to guide instructional planning for our ELLs is i-Ready. The i-Ready Diagnostic and Instruction program is a standards based online assessment and instructional program focused on providing individualized instruction to each student based on their performance level. Students take three diagnostic assessments over the course of the school year. These assessments are adaptive to student performance and adjust based on the answers the student provides. The diagnostics assess a broad range of skills, including skills above and below a student's chronological age, to pinpoint a student's independent ability level and identify the specific skills the student needs to work on in order to make progress towards proficiency of grade level standards. In ELA, the diagnostic assessment measures student performance in six domains: Phonological Awareness, Phonics, High Frequency Words, Vocabulary, Comprehension of Literature, and Comprehension of Informational Texts. In Math, the diagnostic assessment measures student performance in four domains: Numbers and Operations, Algebra and Algebraic Thinking, Measurement and Data, and Geometry. Each diagnostic assessment produces an individualized report for each student that provides insight into the student's strengths, areas of need, and annual growth expectations, with clear next steps for instruction within each domain. This individualized report offers detailed item analysis and suggested resources for addressing gaps and reteaching standards.

We use the data from these reports to address the interventions needed. Each student is automatically placed on a personalized learning path of online lessons tailored to their needs. These lessons are designed to provide rigorous grade-level content and scaffolded support to build on existing knowledge and achieve independence. i-Ready provides opportunities for English Language Learners to acquire content knowledge and acquire and use language that increases in complexity. Teachers monitor student progress on these lessons using the instructional usage report. Teachers also use the students' individualized reports, as well as the instructional groupings report and the standards mastery report, to provide data-driven small group instruction based on the identified areas of need.

Based on the screening data, the teacher tailors his or her instruction to meet the specific areas of need in order for the student to make progress toward meeting a specific standard. This may be through intentional grouping, small group instruction, etc. Teachers use this screening data to identify where students need more support. For example, if a teacher indicates that a student needs targeted phonics and/ or phonological support, they will use Fundations, Heggerty, and other interventions to support that student during small group instruction.

If a student needs more support in writing, the teacher may provide differentiated graphic organizers, brainstorming webs, or sentence starters to give students access to the content being taught. Teachers are also utilizing a school-wide protocol this year of "Think-Ink-Pair-Share" to encourage students to share their ideas with a partner and jot down their ideas before sharing.

Our students in Kindergarten through second grade also take the Acadience screener three times per year.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We provide targeted intervention programs for English Language Learners (ELLs) across all grade levels in ELA, Math, and other core content areas. Our primary subgroup focus is students who have been receiving services for three or more years and continue to perform at Level 1 or low Level 2 on classroom and state assessments.

We implement a pull-out model where Academic Intervention Services (AIS) providers work with small groups in a separate setting. Instruction is tailored using assessment data from i-Ready Diagnostics, Acadience, classroom-based tools, and Into Reading unit/module assessments. Lessons are aligned to each student's most significant areas of need. We use Fundations and Heggerty to address phonics and phonological awareness deficits. Many of our AIS and ENL teachers have also been trained in Edwards Orton-Gillingham (OG) strategies to support decoding and fluency skills in struggling ELLs.

Students participate in the i-Ready Math Diagnostic three times a year, with Spanish-speaking students permitted to take the assessment in Spanish, if needed. Results are used to group students for differentiated instruction. AIS providers and classroom teachers use these insights to deliver targeted lessons in English while incorporating home language supports like bilingual math reference guides to scaffold understanding.

We ensure ELLs receive academic support in science and social studies, with materials such as bilingual glossaries, translated graphic organizers, and guided readings. Teachers scaffold academic vocabulary and background knowledge to make content accessible.

All interventions are primarily offered in English, with supplementary support in students' home languages where appropriate (e.g., use of bilingual dictionaries, Spanish-language diagnostics). Our Title III After School program reinforces reading, writing, listening, and speaking skills, aligning instruction with classroom content and student interests.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses data to guide instruction for all of our students, including ELLs, within a MTSS. This year, we have scheduled data meetings that take place two days every three weeks for each grade level. During these data meetings, we analyze student work to support our planning and instruction for Tier I intervention. Our ENL service providers attend the grade level meetings that they service, so that all of our pedagogues are on the same page and we have consistency across our integrated and stand-alone ENL instruction. Module lessons are regularly enhanced, scaffolded, and tailored by grade-level teams to promote advanced literacy instruction for culturally and linguistically diverse learners. Teachers will then use this information to tailor their instruction to the unique needs of students based on data and planning for their delivery of standards-based instruction.

Once a month, our bilingual school psychologist holds PPT meetings, where the AP in charge of ENL is present, as well as an ENL teacher to ensure that we serve the needs of our ELLs. Whenever a teacher brings an ELL's academic progress to our attention, we take careful consideration to identify the student's language proficiency level, home language, cultural background, and years of ELL service. At the beginning of each school year, our AP in charge of ENL creates a digital spreadsheet with all of this information and shares it with key members of our administrative team and PPT members to ensure that the leadership team is knowledgeable of their ML/ELL

population.

For each English language learner who scores below expected levels of performance on outcomes-based measures, such as the NYSESLAT, ELA and math assessments, or on literacy and math screening measures, such as Acadience and/or iReady, we must determine additional supports to provide the student, taking into consideration evidence such as the following:
• Number of years of instruction in a bilingual education or English as a New Language program
• English and home language literacy
• Content area and socio-emotional support needs of students with inconsistent/interrupted formal education (SIFE)
• Results on the annual English language proficiency assessment exam (NYSESLAT)
• Information from the bilingual education or English as a New Language teacher
• Information from a content area teacher
• Information from the parent or guardian
• Samples of student work in English and, if possible, in the home language

As members of the school's PPT, our responsibility is to identify and support students who are at-risk and ensure accurate and timely referrals for Tier 2 and Tier 3 intervention. After 6 weeks of Tier 1 classroom instruction, teachers may also identify students who need more support. This information must be validated by multiple forms of data and brought up at our monthly PPT meeting, which includes members of the School Based Support Team, administration, our AIS providers, guidance counselors, and our Centrally Funded Interventionist and SETSS teacher. At this meeting, there is a discussion about the strengths and needs in the student's home language and English. If agreed upon, the student begins receiving intervention 3-5 times a week in addition to Tier 1 core instruction with the classroom teacher. They are administered progress monitoring assessments twice a month to ensure adequate progress is being made. This intervention is revised, intensified, or removed as needed based on a student's progress. Students are placed in groups according to their individual learning needs. Our AIS teachers provide comprehension groups for students struggling with comprehension, as well as phonics and decoding groups for students who need more support in that area. These interventions are always discussed with the parent before they begin and parents must sign off consent for their child to receive AIS services. They are given regular updates from their AIS teachers and encouraged to meet with them to discuss any questions or concerns that may arise.

Throughout the year, our teachers have access to professional learning, coaching, and feedback aligned to school curriculum and instructional goals in support of ELLs. This will be our third year working with an HMH coach who provides teachers with professional learning about Tier I instruction in the HMH Into Reading curriculum. She also looks at data with our teachers to indicate areas of need. Many of these professional learning and coaching sessions have focused on providing appropriate supports and scaffolds for our ELLs. Scaffolds for grade-level tasks, content, and texts are strategically designed and provided across classrooms based on English proficiency levels and home languages of ELLs. Our ENL teachers also participate in these coaching sessions.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use a variety of formative and curriculum-embedded assessments to guide our planning and instruction for our English Language Learners as we focus on placing data at the core of our efforts to improve literacy. They include:

Reading (decoding, comprehension, fluency, accuracy):
In the Into Reading literacy curriculum, assessments include end-of-module assessments and selection quizzes.

Fundations unit assessments are also used as part of their foundational skills instruction for grades K-3 to check on mastery of taught letter sound combinations (phonics and phonological awareness).

Additionally, note catchers, exit tickets and graphic organizers are used repeatedly throughout the units as a way to assess students progress towards daily learning targets. The information gathered from both formative and summative assessments is analyzed for trends and used to form small groups that focus on differentiated instructional approaches to meet the needs of all students, especially English Language Learners.

Mathematics:
Students are assessed in mathematics at the middle and end of each Eureka Module. All teachers, and specifically ENL teachers, analyze answers and explanations to word problems to guide instruction for their students. Based on scores (using up to a 3 point open- ended/short response rubric), teachers assist students in developing mathematical vocabulary, procedural explanations, and arguments/justifications. All teachers in our school use a variety of formative assessments throughout their math unit that enable them to quickly and accurately adjust their instruction to meet their students' needs. These include a daily application problem (open-ended), fluency "sprints", exit tickets, work completed on dry erase boards, "show what you know," surveys, turn and talks and/or structured math talk protocols, and observation/circulation during partnership and small group work.

Science:
Students are taught science content using the shared Amplify Science curriculum and 3-Dimensional learning approach. There is an assessment system for each unit designed to provide teachers with actionable and diagnostic information about students' progress toward their 3D learning goals (science practices, disciplinary core ideas, cross cutting concepts). Formal and informal assessments provide opportunities for students to demonstrate their understanding and reveal their thinking at the beginning of a unit (prior to teaching the content) through a Pre-Unit Writing Assessment and at the end of a unit through a Post-Unit Writing Assessment in where they are required to argue and/or justify their solutions to a scientific problem posed to them. Additional formative assessments include "on-the-fly" assessments and critical juncture assessments that are administered throughout each unit.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We ensure that ELLs are appropriately evaluated in their home languages throughout the year by doing a needs assessment of our ELL caseload. Through the needs assessment, we determine which students in grades 3, 4 and 5 need to have the NYS Math and NYS Science tests administered in their native languages.

For those students, we make sure they receive both an English and an alternative language edition of the test simultaneously. This is available in Spanish, Chinese, Russian, and Arabic. If we have students who need assessments in languages other than these, we seek out bilingual staff members or hire interpreters from a Department of Education contracted vendor so they can provide oral, direct translation/interpretation of the English edition of these tests. In addition to state assessments being administered in home languages, our Imagine Learning computerized program also assesses students in their home languages.

In both our ENL program and DLBE program, home language support is delivered through the use of bilingual classroom libraries and the Imagine Learning Program. In our DLBE classrooms, our DLBE teacher provides language support and assessment to her students throughout the day. Students are also encouraged to speak and write in their native language while developing English language skills in all of our programs.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use several summative assessments to evaluate the effectiveness of our ML/ELL programs, including the New York State English as a Second Language Achievement Test (NYSESLAT) and the NYS ELA and Math exams. These assessments provide critical insight into both language proficiency and academic achievement for our Multilingual Learners (MLs)/English Language Learners (ELLs).

Data from these assessments—along with the ELL Data Analysis Tool (EDAT)—guide key instructional and curricular decisions. For example, trends from the NYSESLAT help us adjust language development goals and scaffolding strategies, while the ELA and Math scores are used to identify gaps in content knowledge and target priority standards in literacy and numeracy across grade levels.

In addition to summative data, we cross-reference with diagnostic tools like i-Ready to drill down into students' specific skill deficits and strengths. Our ENL vertical inquiry team meets bi-monthly to analyze EDAT findings in conjunction with classroom-based formative assessments. These meetings drive the design of targeted supports, inform professional development priorities, and ensure that curriculum planning is responsive to emerging needs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our NYSESLAT administration adheres to the following steps:

We begin the NYSESLAT administration process by first identifying a NYSESLAT coordinator to be responsible for the coordination and execution of all aspects of NYSESLAT administration. Our NYSESLAT coordinator attends all NYSESLAT administration and scoring training provided by the Borough/Citywide Office (BCO) and makes certain she is well-versed with NYSED's NYSESLAT School Administrator's Manual. The school wide testing coordinator attends The Office of Assessment Spring Test Coordinator Training which Covers NYSED and DOE policy regarding school operations, test security, and test administration for state assessments administered in the Spring, and turnkeys all relevant information to the NYSESLAT coordinator.

The next step of the process is to identify eligible students. We do this by cross-checking the current ELLS we have programmed in STARS with the ATS RLER report. We print out the list of students eligible to take the NYSESLAT. We use this list to inform families in their preferred language of communication. We communicate with families by emailing families translated copies of NYC DOE's information on NYSESLAT for families and the NYSED NYSESLAT Parent Guide in the family's preferred language.

After communicating with families we design a schedule. We make certain we plan for student accommodations when grouping students to ensure that students with disabilities are provided the testing accommodations specified in their Individualized Education Programs (IEPs) or Section 504 Accommodation Plans (504 Plans).

We then administer the NYSESLAT to all eligible students in grade bands. For our school this includes: K, 1, 2, 3-4 and 5. We administer speaking to all students individually and Sessions 1, 2 and 3 (Listening/Reading/Writing) to all students in small groups. We understand that testing times are simply estimates since the NYSESLAT is an untimed test.

We make certain to plan for continuity of instruction so that our ELLs and former ELLs can still receive the CR Part 154.2 mandated stand-alone and integrated ENL services during the testing window. We do this by making certain not to keep the administration of L/R/W to longer than the minimum number of days required. We also have all ENL teachers administer the exam to their own students so that we can expedite the administration period.

All test proctors are trained to administer and score the NYSESLAT following multiple training sessions on NYSESLAT administration as well as sessions focused on Speaking scoring and Writing scoring facilitated by the NYSESLAT coordinator.

We ensure that all test materials are kept secure. We keep the packages sealed until the first day on which the test is administered, with the exception of the scoring materials for the Speaking session.

Proctors understand they may not use cell phones or other electronic devices to duplicate test materials and should keep their own communications devices away.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

ELLs with IEPs receive accommodations that apply both to ELLs and students with IEPs, as appropriate. ELLs with IEPs are tested according to their IEP accommodations for all state tests (NYSESLAT and ELA/Math/Science). The administrative team meets with our school psychologist regularly to ensure that we are meeting the needs of our students with IEPs and we stay up to date on any testing accommodations that are added before state testing begins. We create a master list for each grade, so we know how to group students and which teachers should administer these assessments.

All ELLs and former ELLs for up to two years after testing out are eligible for ELL testing accommodations, in addition to any accommodations on their IEPs or 504 plans.

ELLs who have been in the country less than one year are exempt from taking the ELA State Test. For this reason, we keep track of all students' NYC admit dates when they enter our school.

ELLs may use bilingual glossaries when taking State examinations in all subjects except world languages. The bilingual dictionaries and glossaries may provide only direct one-to-one translations of words.

For the Math and Science State Tests, ELLs may use both English and an alternative language edition of the test simultaneously. However, they are instructed to record all their responses in only one language. If we cannot get a specific alternative language (low-incidence language), we utilize one of our bilingual staff members or hire a human translator to give the student an oral translation of the English edition. Translators receive copies of the English edition one hour before administration. ELLs may also choose to write their responses to the open-ended questions in their home languages. We then use bilingual staff members or hired translators to translate the responses before sending them back to the testing company.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Within the first 10 days of each school year, we hold an ELL Parent Orientation meeting to inform parents/guardians of newly identified ELLs of ELL program options. We also review the components of all three program models (DLBE, TBE, and ENL) whether we have all of them or not. We also share information regarding our school's curriculum, expectations for ELLs, State and classroom assessments, and the Next Generation Learning Standards. In order to plan and prepare for this meeting, we follow the following steps:

1. Determine the languages spoken and identify how many translators are needed. Send home invitations in parents' preferred languages.
2. Create an agenda and sign in sheets for Parent Orientation meeting (preferably in the morning after parents drop off their students).
3. Create a PowerPoint with all pertinent information stated above.
4. Distribute parent selection forms in parents' preferred languages.
5. Distribute flyers with information about NYSESLAT and programs.
6. Individual iPads given out to parents with videos played in parents' preferred languages.
7. Provide a list of schools with DL/TBE programs.
8. Parent survey is displayed on projector in English. Translators stay with parents to translate and assist in the completion of the form. ENL teachers are also available to assist.
9. Host a Q&A with translators available.

10. Bilingual teachers hold individual virtual session with AP and ENL teacher present.
11. ENL team reviews parent selection forms. Parent selection is entered into ATS within 10 days of admittance.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school provides annual individual meetings with families of ELLs to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Beginning at the start of the school year, after the initial mandated parent orientation meeting is held, individual meetings are held with families on an ongoing basis by their child's ENL teacher and/or classroom teachers. Families are invited to attend in-person or virtual meetings during parent engagement time so that they may be updated on their child's progress and areas in need of improvement in regards to language acquisition using the most recent assessment results (NYSITELL/NYSESLAT, curricular assessments, classroom observation, and diagnostic assessments). For parents who are unable to attend conferences in school, phone conferences or Google Meets are held. The provisions for interpretation that we make for families include the use of the services of the translation and interpretation line and/or bilingual staff. The provisions for translation that we make for families include the DOE Messaging Communication Platform, Remind App, Class Dojo, Google Classroom, email, and the school website. ENL teachers are available to attend meetings scheduled by the child's classroom teacher throughout the school year. ENL teachers keep a written record of all annual individual meetings with families (including phone conferences and outreach), as well as, copies of progress reports sent home to families. The ELL Coordinator distributes forms to assist ENL teachers in keeping a standard record of all meetings and phone conferences that are held with families.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We ensure that families receive all school communications and documents in their preferred language by utilizing students' home language form to create a master list of languages. This list is given to teachers at the beginning of the year and a copy is also placed in the school aide's room where copies are made, so that they can make and send home copies in parents' preferred languages. We also utilize the DOE Messaging app to post important documents and events. This app translates communication into parents' preferred languages. Families are able to call the school and request to speak with a staff interpreter to respond or initiate communication with administration or any staff member. When there is no staff interpreter available, we utilize our over-the-phone interpretation, Language Line Solutions. Our school website also gives parents the option to view information in their home language.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Beyond mandated meetings and orientations, the following ML/ELL family empowerment activities are included: We will provide families ongoing opportunities to engage in their child's educational experience, including ways to assist their children in making the progress necessary to meet grade level standards. One way this is done is for families of ELLs to work alongside the ELL Coordinator and Parent Coordinator to experience the learning that their child is doing in school. Embedded in this learning will be English-language support for the families that attend these activities. These parent engagement activities will be taking place in- person, as well as virtually through Zoom. In addition to curriculum learning opportunities that focus on addressing learning loss for families of ELLs, the parent coordinator will also provide ELL Parent Engagement opportunities to support families on topics that include:
-What is the Into Reading curriculum that students experience at PS 204 and how can I assist my child at home?
-What are the components and expectations of Eureka Math? What can I do to support my child’s conceptual understanding?
-What are the expectations of the Next Generation Learning Standards?
-What Formative, Summative and Standardized Assessments (curriculum- based assessments, i-Ready and Acadience assessments, NYSESLAT, etc.) will my child be taking this year and what can I do at home to best prepare them for this work?
-How to build Family Literacy using online resources
-How to request additional academic support for my child In addition to the above workshops (many of our parents attend school wide events when they are offered.)

Our parents and families are invited to attend all grade performances, Student of the Month and Awards Assemblies, Halloween March of Dimes Walk, Gift Sharing Assembly, International Culture Night and the Dance Festival. Families are notified of all school-wide events via our school-wide DOE Messaging system, emails, the monthly calendar, and the school website. We hire interpreters to assist with all four of our Parent-Teacher Conferences. We send home notices to families in advance asking them if they will need interpreter assistance and which language they prefer to use. Teachers then sign up for interpreters ahead of time and communicate this information with families so that there is no miscommunication in regards to student performance and achievement. Many of our staff members also provide translation assistance daily.

Our school determines the needs of our community through surveys and conversations with families at our monthly PTA meetings and PTA Board Meetings. One example of a survey we sent out was a “Cultural Connect Survey”. We asked families to complete this survey in an effort to have a better understanding of the various cultures within our school community and to incorporate their ideas and traditions into our school culture. We also take feedback from our Title I PAC members and SLT Parent Members into consideration when planning events or activities to involve our ELL families in their child’s school. Our Parent Coordinator also attends the PTA Board Meetings with the Principal to ensure that she is meeting the needs of our parents and can support them appropriately.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We ensure that families of MLs/ELLs are aware of family leadership opportunities (such as PTA, SLT, and Title I PAC) through wide-spread notifications of these meetings every month. These notices are sent via DOE Messaging and translated into families' preferred languages. Notices of parent elections for PTA, SLT, and Title I PAC are also sent home and translated into the various languages families speak. When necessary, we utilize our bilingual staff to reach out to parents who are interested in holding one of these positions to explain the duties and responsibilities.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We have partnerships with Chinese Community Based Organizations (CBOs) that assist our families with childcare, homework help, tutoring and after school activities. These CBOs include UCA, Chan Tutoring, Excel, Scholar Zone and JL Ling Hang. These CBOs are stationed in the playroom and auditorium everyday at dismissal to ensure that students get to their after school programs safely. They communicate with our parent coordinator and other staff members at PS 204 to ensure a collaborative working relationship. These programs are staffed by adults who can speak Chinese and assist students with their individual education needs. They also communicate with families when needed to express any concerns or issues students may be facing in school or after school.

During the 2024-2025 school year, we also partnered with NIA to provide our parents with Adult English Classes. This is a successful partnership that we would like to continue next year.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of our ELL identification team include the ELL coordinator and our ENL teachers, who are TESOL certified pedagogues.

2-Dual Language Teachers
1-TESOL Teacher
5- ENL Service Providers- The service providers are designated to specific grade levels for integrated and standalone instructional models

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ELL Identification Process is completed by the members of our ELL Identification Team for each student within 10 school days of enrollment if they do not have an IEP and 20 days of enrollment if they do have an IEP.

Prior to administering the Home Language Identification Survey, the pupil accounting secretary will check the enrollment status of each newly admitted student. As stated in the Policy and Reference Guide for MLs/ELLs, if the student has been in a NYS public school within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment score, and proficiency level. However, if the student has been outside of NYS public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

A member of our ELL Identification team, who is a trained and licensed pedagogue, assists the parent in completing the HLIS in the parent's preferred language. If we do not have a bilingual staff member available in the parent's preferred language, we utilize DOE's translation and interpretation hotline.

The member of the team then conducts an interview with the parents and student in English and their home language. The member will review the documents that are provided by the parent related to the child's academic experience. The member will conduct an assessment in English and in the student's home language to determine the level of literacy.

The member of the team uses this data to determine NYSITELL eligibility. As stated in the Policy and Reference Guide, if they newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) will recommend eligibility to the principal who will share this recommendation with the superintendent. The team will wait for final approval from the superintendent.

If the student is eligible, he/she will be administered the NYSITELL. Based on the results of the NYSITELL, parent notification letters regarding ELL status are sent to the parent in the parent's preferred language. Additionally, if the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish LAB.

A parent orientation meeting will take place for all ELLs. Parents will be invited to the meeting in their home language. A member of the ELL Identification Team will conduct the meeting making certain interpreters are available. As stated in the Policy and Reference Guide, the purpose of the parent orientation meeting is to provide parents with an explanation of each ELL program model offered. A video in the parent's preferred language will be shared describing the three models. Based on the parent's selection, their child is placed in the ELL program that the parent selected. If the ELL program is not available in the school, the parent will be offered a placement at a different school. As stated in the Policy and Reference Guide, if the ELL remains in the school, the ELL is placed in English as a New Language (ENL) and the school keeps track of parents choice so that when minimum thresholds are met, they can open the ELL program of choice.

As part of the parent notification process, parents are informed that they have 45 days to appeal the ELL status of their child (ELL Reidentification Process).

Copies of letters and parent notifications regarding ELL identification are kept in the student's cumulative files and in an ELL binder.

Our school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former, and potential ELLs. The pupil personnel secretary informs the ENL team when there is a new admit. The members of the ENL team designate a day when to have the appointment and one member will do the registration. This is done on a rotational basis so that there is minimal interruption of mandated instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Roseann Sainato

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Brittany	Bugge	Assistant Principal 10 Month	10/30/2024	Y
Rita	Grech	Teacher - Regular Grades	11/06/2024	Y
Nancy	Luong	Guidance Counselor	12/05/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.07%	3	0.22%	0	0
ARABIC	28	2.10%	28	2.10%	0	2
BURMESE	2	0.15%	2	0.15%	0	0
BULGARIAN	0	0.00%	1	0.07%	0	0
CHINESE ANY	429	32.13%	334	25.02%	2	6
CANTONESE	1	0.07%	48	3.60%	0	3
GEORGIAN	2	0.15%	1	0.07%	0	1

ITALIAN	1	0.07%	1	0.07%	4	4
MANDARIN	1	0.07%	59	4.42%	2	3
ENGLISH	552	41.35%	534	40.00%	All	All
ONEIDA	0	0.00%	1	0.07%	0	0
POLISH	1	0.07%	1	0.07%	1	1
RUSSIAN	98	7.34%	100	7.49%	3	3

SPANISH	205	15.36%	207	15.51%	4	4
TURKISH	0	0.00%	1	0.07%	1	1
TADZHIK (AKA TAJIK)	0	0.00%	1	0.07%	1	1
URDU	3	0.22%	3	0.22%	1	1
UKRAINIAN	1	0.07%	1	0.07%	0	0
UZBEK	8	0.60%	6	0.45%	1	1
VIETNAMESE	1	0.07%	1	0.07%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Welcome Packets	Documents are translated by bilingual staff or via the Translation & Interpretation Unit. We also utilize the DOE Messaging communication platform to send text and email blasts to families in their preferred language.
PTA Meeting Notifications	We utilize the DOE Messaging communication platform, our school website, and social media to post and send text and email blasts to families in their preferred language.
School wide Event Notifications	We utilize the DOE Messaging communication platform, our school website, and social media to post and send text and email blasts to families in their preferred language.
Middle School Application Information	We utilize the DOE Messaging communication platform, GAMA, our school website, and social media to post and send text and email blasts to families in their preferred language.
Parent workshop Notifications	We utilize the DOE Messaging communication platform, GAMA, our school website, and social media to post and send text and email blasts to families in their preferred language.
MLL/ELL Related Notifications	Documents are translated by bilingual staff, the NYC DOE Info Hub and/or via the Translation & Interpretation Unit. We utilize the DOE Messaging communication platform to send out text and emails to families of MLL/ELLs in their preferred language.

Promotion Letters	Documents are translated by bilingual staff, the Info Hub or via the Translation & Interpretation Unit.
Behavior Contract	We utilize the DOE Messaging communication platform, GAMA, our school website, and social media to post and send text and email blasts to families in their preferred language.
Summer School Letters	Documents are translated by bilingual staff, the Info Hub and/or via the Translation & Interpretation Unit. We also utilize DOE Messaging to send out text and email blasts to families in their preferred language.
Parent Teacher Conference Notifications	We utilize the DOE Messaging communication platform, Google Classroom, and Remind notifications to notify all families of PTCs. We allow parents to request the language in which they prefer to conduct their PTC. Once we receive their requested language, our ELL Coordinator (AP) creates appointments with interpreters from Geneva Worldwide as well as in-house interpreters. We send text and email blasts to families in their preferred language confirming the time of their appointment.
Report Cards	Documents are translated by the NYC DOE Info Hub.
After School Notices	We utilize the DOE Messaging communication platform, our school website, and social media to post and send text and email blasts to families in their preferred language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Registration	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
In-Person and/or Virtual Parent Teacher Conferences	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
Promotion Meetings	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
IEP Meetings	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
Curriculum Night	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish,

	Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
ELL Parent Orientation	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
ELL Annual Parent Meetings	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.
NYSESLAT Parent Workshop	We utilize our bilingual staff for Spanish, Chinese, Russian, Urdu, Italian, Polish, Turkish, Georgian and Arabic. We also use the over-the-phone interpretation service languages other than the ones listed above.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

When we are permitted to share information related to a major school emergency, we share the information on our translated website and via the DOE Messaging communication platform. DOE Messaging has the ability to reach all families immediately. Messages that are sent out via DOE Messaging will be received in different languages by phone and via email in a parents preferred language. For individual student emergencies, we call parents immediately to inform them of the situation. We utilize our bilingual staff to make these phone calls in the parent's preferred language, or we use the over-the-phone interpretation service provided by Language Line Solutions to communicate with families. If a parent has an emergency and needs to contact the school, we will connect the parent with a bilingual staff member who speaks their language, or we will dial in the over-the-phone interpretation service to communicate with the parent.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the first faculty conference of the school year, Chancellor's Regulations are reviewed with the entire staff and each staff member is provided the links to the regulations. The Language Access Coordinator turnkeys all information regarding the school's language translation & interpretation procedures during faculty conferences. The Language Access Coordinator ensures staff members are aware of Chancellor's Regulation A-663 requirements and informs staff of the available language access resources, including bilingual staff in the building and the over-the-phone interpretation and translation services offered through the Department of Education. This information is shared through staff meetings, faculty conferences, memos, and other inter-school communications on an ongoing basis throughout the school year. All staff members are provided with the tools, information, and resources they need to ensure that parents who require translation and interpretation may receive what they require. This year, since all staff is required to complete the asynchronous NYCPS Language Access Training, the Language Access Coordinator will share the best practices documents at the first staff meeting and notify them of the required WeLearn training. The principal will ask staff to share their completion emails to track staff progress.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

In alignment with Chancellor's Regulation A-663, our school ensures that all parents are informed of available language assistance services in their preferred language through a variety of accessible and proactive methods:

Translated Multilingual Posters:

At the main entrance, prominently displayed multilingual signage includes The Parents' Bill of Rights, The Parents' Guide to Language Access, The Language ID Guide at the security desk, A multilingual welcome poster and other translated materials in the nine most common non-English languages spoken in New York City.

Printed Materials:

Families receive a copy of the Bill of Parent Rights and Responsibilities, which outlines their rights to translation and interpretation services. Brochures and flyers related to school events, services, and policies are routinely translated and distributed in families' preferred languages.

Parent Engagement Events:

Interpreters are available during key school events such as:

Registration

Parent-teacher conferences

Special education meetings

Curriculum nights and other school-wide gatherings

During orientation, parents are explicitly notified of their right to receive information in their preferred language.

Messaging Applications:

The DOE Messaging platform is used to communicate with families in their preferred language. Each time parents are invited to the school, reminders about available language assistance services are included in the message.

On-Site Support:

Our parent coordinator is available to assist with translation and interpretation as families enter the building or visit the main office with questions or concerns.

Through these combined efforts, our school is committed to fostering an inclusive and linguistically accessible environment for all families.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Our school will email families the Parent Survey and Language Access form from the Language Access Handbook at the close of the school year to better understand the effectiveness of the language assistance the families received during the school year. The responses we receive will be shared with the Parent Coordinator and administration and will be used to improve communication between families and staff. We will also use the responses from the NYC School Survey to guide our language services for next school year. The following questions will help us evaluate this information:
"My child's school communicates with me in a language that I can understand."
"Language translation and interpretation are readily available for all family events at my child's school."

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

In the past, we have used parent feedback to guide us in providing the most effective method of interpretation for face-to-face meetings such as parent teacher conferences and IEP Meetings. For example, when families share that they feel most comfortable with their interpreter being physically with them during an IEP meeting, we work to ensure our in-person bilingual staff the time and opportunity to meet with families. For the ENL Parent Orientation workshop at the beginning of year, we have bilingual staff available to translate and group parents according to their home language. The slides are also translated and provided to parents in their home language so they can follow along with the presenter. For the upcoming school year, we are working on providing translation for our virtual PTA meetings which are held once per month. We recently ordered and received translation earbuds that we will be testing out over the summer.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

Approximately 65

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Our school serves 958 students, including 228 English Language Learners (24%). To support our ELLs beyond their mandated ENL instruction under CR Part 154.2, we will implement a Title III-funded After School Enrichment Program that provides supplemental, language-rich experiences focused on literacy development and oral language practice.

Program Schedule
Days: Wednesdays and Thursdays
Time: 2:20 PM – 3:50 PM
Duration: January through April

Instructional Programs:
Wilson Fundations will be used to provide supplemental activities for phonemic awareness, phonics, fluency and comprehension. Geodes and Just Right Readers will be the text sets used to reinforce foundational skill instruction, build reading stamina and practice fluency and comprehension.

Program Activities:
The program will engage ELLs in reading, writing, listening, and speaking through interactive and developmentally appropriate activities that extend their language learning in meaningful ways:

Shared Reading Experiences: In younger grades, teachers use big books to model fluent reading and build comprehension. Students respond to questions throughout the reading to deepen understanding.

Written Responses to Reading: Students write reflections or summaries to reinforce comprehension and develop expressive language.

Literacy Centers: Students rotate through centers that include:
Listening to audiobooks
Using the Imagine Learning app for personalized language practice
Engaging in vocabulary games and sentence-building activities

Small Group Instruction: While students work independently, teachers provide targeted support to small groups based on their instructional needs.

Student Grouping:

Students will be grouped by grade
Total Groups: 5
Estimated ELLs per Group: 12-15 students
Total ELLs Served: Approximately 65 students
Grouping will be flexible and responsive to student needs and interests.

Instructional Delivery:

Instruction will be delivered by licensed ENL teachers and licensed common branch teachers using:
Collaborative teaching
Small group facilitation
Student-led inquiry and peer interaction

Supervision:

The program will be supervised by the Assistant Principal overseeing ENL instruction.
Regular Workday Hours: 7:00 AM – 3:00 PM
Per Session Supervision Hours: 3:00 PM – 4:00 PM (1 hour per session)
Supervision will be funded through Title III ELL funds.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Our data continues to show significant gaps in foundational literacy skills among our ELLs, particularly in Reading. When comparing 2024 and 2025 NYSESLAT data, we see that the majority of students (50 students) decreased in the Reading modality. Based on our beginning-of-year i-Ready Reading Diagnostic, only 7% of ELLs in grades K-2 and 2% of ELLs in grades 3-5 were performing on or above grade level. While Entering and Emerging students with fewer than five months of instruction were exempt from this screener, the results still raised concern for our leadership team. Each year, we observe a widening gap between student performance and grade-level expectations.

Further analysis of our 2025 NYSESLAT results revealed that our greatest area of need is Reading, especially among Entering and Emerging students. The breakdown of ELLs by grade level is as follows:
Grade 1: 42 students
Grade 2: 29 students
Grade 3: 25 students
Grade 4: 39 students
Grade 5: 44 students

To address these gaps, we designed a supplemental after-school literacy program focused on foundational skills and oral language development. We prioritized invitations to Entering and Emerging ELLs, as they are most in need of intensive support.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

To supplement our ELA curriculum, we will be providing our ELLs in grades 1-5 with further scaffolding and support (both content and skills-based) in our Title III After School program. Students in these grades will further dive into content for one half of the after-school block and further dive into phonics, fluency, and phonemic awareness for the other half of the block. This will ensure continuity with what they are learning in the school day, but provide them more opportunities to consolidate their content-based learning and experience an additional hands-on approach to their skill-based learning.

All Entering and Emerging ELLs in grades 1-5 will be invited to this program.

Students Invited by Grade Level (Entering/Emerging ELLs)

Grade 1: 10 students
Grade 2: 10 students
Grade 3: 10 students
Grade 4: 13 students
Grade 5: 23 students

In total, approximately 66 students will be invited based on their English proficiency levels and instructional needs.

ELL Service Profile
60/66 of these students are Newcomer ELLs (0-3 years of service).

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The after school program will run two days per week (Wednesdays and Thursdays) from January 7 through April 1 for a total of 22 sessions. The program will take place after regular dismissal from 2:20-3:50 PM.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The primary language of instruction for the Title III Immigrant-funded after-school program will be English, with intentional integration of home language supports to enhance comprehension and reinforce foundational literacy skills.

To support students' knowledge-building and language development, we incorporate texts and tools that connect to their linguistic backgrounds. One key resource is our partnership with Just Right Readers, which provides decodable books aligned to students' i-Ready and/or Acadience data. While the books themselves are in English, each one includes a QR code that links to a short phonics lesson in the student's home language. These lessons are available in over 20 languages and are designed to mirror the phonics instruction students receive during their after-school sessions.

This approach allows students and families to:
Reinforce phonics instruction at home in a familiar language
Build cross-linguistic connections that support English acquisition
Engage more confidently with reading materials and classroom content
By embedding home language access into our supplemental literacy program, we ensure that immigrant students receive culturally and linguistically responsive support that accelerates their English language development while honoring their linguistic identities.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The number and types of certified teachers will depend on who applies, but we would like to have 1 bilingual teacher, 2 ENL teachers, and 2 common branch teachers to support this after school program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

To ensure our after-school program provides supplemental instruction beyond the school day, we will utilize materials that are not part of the core curriculum and are specifically selected to support English Language Learners in developing literacy and language skills.

Types of Materials:
As our school transitions into the use of Orton Gillingham approach and its Adaptive Literacy Curriculum, we have decreased the use of Wilson Fundations as a tool for instruction. We will be utilizing the Fundations program

materials we have including the "Double Dose" instructional materials for intervention for our ELL students. To further fluency and comprehension we will use resources like Geodes and Just Right Readers in alignment with Fundations pacing to meet the needs of our students.

Personalized Decodable Texts (Just Right Readers) for small group instruction
Big Books for shared reading experiences in younger grades
Trade Books (physical and e-books) in students' home languages
Digital Resources including lesson plans, graphic organizers, and instructional videos

Storage Location:
All purchased materials will be stored in the Title III Resource Cabinet located in the Main Office. Digital materials will be accessed via secure teacher accounts.

Title III ELL Funding:
Just Right Readers will be purchased using Title III ELL funds, as they are custom-created for this program and not used during the school day. These materials include three monthly shipments of personalized decodable texts based on students' iReady and Acadience screener data. The purchase also includes access to digital instructional resources tailored to student needs. Additional Phonics for Reading workbooks will be ordered for the Title III program to provide instruction to students who are not receiving Tier 2 or Tier 3 instruction with this resource. All other materials (big books, trade books, Geodes) will be sourced from existing school resources or other funding streams. The cost of materials purchased with Title III ELL funds will not exceed 20% of the total allocation, in compliance with program guidelines.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

We will maintain records of students served by doing the following:

1. Inviting ELL students in Grades 1-5 who are Entering/Emerging (using the RLAT as a guide).
2. Keeping a spreadsheet of students to be invited.
3. Sending out invitations to parents of ELL students and keeping a record of those who return the signed parental consent form.
4. Creating attendance rosters for each class with the teacher's name, the dates of the program, and the students who are placed in that class. Teachers will be responsible for submitting attendance for each session.

The assistant principal in charge of the ENL department will monitor the program. Five teachers in total will administer the program. We will also have one secretary in the main office while the program is taking place, and we will invite paras if the students who require a para decide to attend.

In the fall, we will send a survey to staff to gauge how many teachers would be interested in applying to teach the program. We will then put up a posting with the qualifications and responsibilities and teachers will submit their applications. Once the teachers are confirmed, we will begin inviting students to the program and creating classes based on the number of students who accept the invitation. Then, we will hold professional development for our teachers in order to train them for this program. This will be at no cost to the program, because the assistant principal will run the professional development session.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

To support the effective implementation of our Title III-funded supplemental ELL program, our school will provide targeted professional development for all teachers working with English Language Learners, with additional specialized training for those servicing students in the after-school program.

All classroom teachers will receive professional development focused on enhancing instruction for ELLs across content areas. The PD will be aligned with best practices in literacy, data-driven instruction, and culturally responsive pedagogy. Teachers in the Title III After School Program will receive additional training on using Just Right Readers and their accompanying digital resources. Professional development will be provided to the teachers who are working the afterschool program for grades 3-5. Teachers will participate in Phonics for Reading training prior to the start of the program. Additionally, teachers will be given training for the administration of benchmark assessments to determine students' instructional needs. Data analysis will also be included in the preparation of teachers who will be supporting entering and emerging students attending the program.

Activities by Topic:

Backward Design for ELLs
Learn to plan units and lessons with ELL needs in mind, starting from desired outcomes

Science of Reading in Foundational Skills
Explore phonemic awareness, decoding, and fluency strategies tailored for ELLs

Scaffolding the Read–Write–Think–Talk Protocol
Practice embedding structured oral and written language routines into lessons

Hallmarks of Advanced Literacy
Apply academic language, text-based evidence, and metacognition strategies

Using i-Ready, Acadience, and Into Reading Data

Analyze data to drive instruction and differentiate for ELLs during the school day

Differentiation in the After School Program
Use data to group students and tailor instruction in the Title III program

Just Right Readers Implementation
Learn to use personalized decodable texts, digital lesson plans, and grouping tools

Title III ELL Funding:
Teacher Per-Session Compensation for PD related to the Title III After School Program will be funded through Title III ELL funds, not to exceed 10% of the total allocation.

External Vendors may be used to deliver select PD sessions, particularly those focused on:
Science of Reading integration
Advanced literacy strategies
Just Right Readers implementation

Vendor costs will be calculated as part of OTPS and will not exceed 20% of the total allocation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

To best support all teachers who deliver instruction and services to ELLs, including the teachers from the Title III program, we will be utilizing the resources from Teacher's Corner (Into Reading: ED) as well as our HMH coach. The resources from ED enable teachers to assess and group students for small-group differentiated instruction, view modeled reading and writing lessons showcasing best practices, and incorporate ELL methodology for vocabulary/word work/comprehension and writing. Our ENL teachers will also support classroom teachers in planning for appropriate supports/scaffolds for their English Language Learners.

In a survey sent out this school year (2024-2025) to evaluate the professional development experiences our teachers received, one question asked, "Which areas would you like to focus on for continued growth in the spring or the upcoming school year? " 53.3% said they were most interested in professional learning sessions regarding strong literacy instruction (reading/writing), 40% chose analyzing data for small group instruction, and 33.3% chose strategies to support ENL students (teachers were able to choose more than one topic).

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to

the Title III ELL program.

All ENL out-of-classroom teachers, bilingual teachers, and 2 teachers per grade in grades K-5 will receive professional development in the area of supporting our ELLs. Teachers working in the Title III ELL program will receive ongoing professional development when we begin training for the program. They will also receive access to the "Just Right Reader" website, which gives them access to lesson plans, graphic organizers, and other student and parent resources. They also have access to virtual "Science of Reading Symposiums", which are helpful not just in our Title III program, but in planning for our literacy curriculum, HMH Into Reading.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers will receive this training during the school day (common planning/professional learning time). More information will be provided once we have our Professional Development calendar set for the 2025-2026 school year.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to be covered include:
-How can I use the components of backward design to address the needs of my ELLS?
-How can I ensure I'm incorporating practices from the Science of Reading into my foundational skills instruction?
-How do I most effectively scaffold the read, write, think, talk protocol that is embedded in each lesson for my ELLs?
-How will focus on the four Hallmarks of Advanced Literacy in my planning and implementation support my ELLs?
-How can I use the data resources from i-Ready, Acadience, and Into Reading to drive instruction for my ELLs?
-How can I use the data resources from i-Ready, Acadience, and Into Reading to differentiate instruction for the ELLs in my after school program?

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Brittany LaGala, Assistant Principal
Donna Terranova, Curriculum Coach
Anthony Francesco, HMH Coach

Outside vendors TBD

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

In order to maintain documentation of professional development provided to staff using Title III ELL funds, we will keep all agendas, attendance sheets, email correspondence, and presentations on file at P.S. 204.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

To strengthen the partnership between school and home, our Title III ELL program will offer a series of family engagement activities designed to empower families of English Language Learners with tools, resources, and strategies to support their children's academic and language development.

Planned Activities by Topic:

Title III afterschool & Family Engagement
Families will be invited to celebrate students growth throughout the program. Parents will be encouraged to join their children during the afterschool session to apply learned foundational skills and partner read with parents. At the end of the program, parents will be invited to join the teachers and students in a growth celebration. Teachers and students will showcase their academic growth with presentations that represent students' improvement in reading, writing, listening and speaking.

Understanding ENL Services & Language Access
Families will attend workshops explaining ENL instruction, CR Part 154 requirements, and their rights to translation and interpretation services.

Supporting Literacy at Home
Parents will learn how to use read-aloud strategies, phonics games, and home language books to support literacy development.

Using Digital Tools to Support Learning
Hands-on sessions will guide families in using Imagine Learning, i-Ready, and other platforms to reinforce language skills at home.

Navigating School Data & Assessments
Families will be trained to interpret NYSESLAT, i-Ready, and Acadience reports to better understand their child's progress.

Celebrating Multilingualism & Culture
Events such as International Family Night will showcase student work, cultural performances, and multilingual storytelling to celebrate linguistic diversity.

Facilitators & Format:
Sessions will be led by ENL teachers, administration, parent coordinators, and instructional coaches. Translation and interpretation services will be provided in families' preferred languages. Materials will be distributed in multiple languages to ensure accessibility.

Title III ELL Funding
Teacher per-session compensation for family workshops will be funded through Title III ELL funds, not to exceed 10% of the total allocation. External vendors may be contracted to deliver specialized workshops (e.g., digital literacy, culturally responsive parenting), with costs calculated as part of OTPS, not to exceed 20% of the total allocation. Materials and refreshments for family events will be funded through Title III where appropriate and allowable.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

In order to best support parents of ELLs, we will be providing families ongoing opportunities to engage in their child's educational experience, including ways to support families in supporting their children at home and assisting their children with meeting grade level standards. We plan to send a survey to parents in the fall, asking them which family engagement activities they would like to participate in.

In the beginning of the school year, we send home a "Cultural Connect Survey" asking parents about their cultures, holidays, and traditions. We used this information to plan upcoming events and celebrations throughout the school year.

Administration then coordinated with our Title I PAC members, who sent out a survey asking parents to indicate which activities they were most interested in. These findings led us to host our very first "International Culture Night". We chose to host this event during Respect for All week, and asked families to share their cultures with one another. It was a night full of music, food, and live performances. We hope to use Title III funds to continue this tradition next year.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**

- **Time and duration of sessions.**

We will have one day per month (coinciding with the after school program) for families to work alongside the ELL Coordinator and Parent Coordinator to experience the learning that their child is doing in school (one hour per session). Embedded in this learning will be English-language support for the families that attend these activities. These parent engagement activities will be taking place in-person as well as virtually through Zoom.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

In addition to curriculum learning opportunities, the parent coordinator will also offer ELL Parent Engagement opportunities to support families on topics that include:
-Working towards the achievement of the Next Generation Learning Standards
-Formative, Summative and Standardized Assessments (curriculum-based assessments, i-Ready Diagnostic and Acadience Assessments, NYSESLAT, etc.)
-Building Family Literacy using online resources
-How to request additional academic support for your child
-Understanding the components and expectations of their child's content-based ELA and Math Curriculum (Into Reading, Fundations/Heggerty and Eureka Math).

Other workshops conducted by our Parent Coordinator include:
Dial-a-Teacher
Bullying Versus Conflict
Save for College
Financial Literacy (Apple Bank)
Growth Mindset
Nutrition
Internet Safety
Summer Rising

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent Coordinator: Salina Yuen

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified via our school-wide Remind system, DOE Messaging, the monthly calendar, and the school website. Anytime we send hard copies home, they are translated into parents' preferred language. We have bilingual staff members on site who are able to assist in translation.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will maintain documentation of family engagement activities and notification to families by keeping copies of flyers sent home, agendas for workshops, and attendance sheets on file at P.S. 204.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

5

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

PS 204 serves approximately 216 immigrant students, 60% of whom are current ELLs. All ELLs receive mandated ENL instruction during the school day per CR Part 154.2. Title III Immigrant funds will supplement our Title III after-school literacy program to expand access for immigrant ELLs in grades 1–5, including those who are Transitioning and Expanding.

Program Schedule
Days: Wednesdays and Thursdays
Time: 2:20 PM – 3:50 PM
Duration: January 7, 2026 – April 1, 2026
Location: PS 204 classrooms

Activities & Instructional Enhancement
The Title III Immigrant-funded after-school program provides supplemental literacy instruction for Transitioning and Expanding ELLs in grades 1–5. All instructional materials and strategies used in this program are distinct from those used during the school day, ensuring compliance with Title III Immigrant guidelines.

Wilson Fundations will be used to reinforce phonemic awareness, phonics, fluency, and comprehension. Although the school is transitioning to Orton Gillingham for core instruction, Fundations will be used only in the after-school program as a supplemental resource.

Geodes and Just Right Readers will be used exclusively in the after-school program to build decoding skills, reading stamina, and comprehension. These text sets are not used during the school day and were purchased specifically for Title III programming.

Program-Wide Activities All students will engage in developmentally appropriate, language-rich activities that promote reading, writing, listening, and speaking:

Literacy Centers with rotations that include:
-Listening to audiobooks
-Using the Imagine Learning app for personalized language practice
-Vocabulary games and sentence-building activities
-Written Responses to Reading to reinforce comprehension and expressive language
-Small Group Instruction using Just Right Readers and phonics videos to provide targeted support based on students' instructional levels and language proficiency
These activities are designed to extend students' language learning in meaningful, engaging ways that complement —but do not duplicate—their in-school ENL instruction.

Student Grouping
Students will be grouped by grade level
Total number of classes: Approximately 5
Estimated ELLs per group: 12-15 students
Grouping format: Whole group instruction with small group rotations for targeted support

Instructional Delivery
Each class will be led by one certified teacher.
Instruction will be delivered through a combination of whole group teaching and small group rotations.
Teachers will use scaffolded strategies aligned with students' proficiency levels and academic needs.

Supervision
One of PS 204's Assistant Principals will supervise the program on Wednesdays and Thursdays.
Supervision is funded by Title III Immigrant funds.
Regular workday hours: 7:00 AM – 3:00 PM
After school supervision hours (paid per session): 3:00 PM – 4:00 PM (1 hour/day, 2 days/week)
The supervisor will oversee attendance, instructional quality, and coordination among staff, ensuring fidelity to the program's goals and compliance with Title III Immigrant requirements.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

At PS 204, our ENL teachers implement scaffolded supports aligned to the Into Reading curriculum during Standalone ENL instruction. These supports include listening and discussion protocols, vocabulary-in-context strategies, scaffolded questioning, and differentiated graphic organizers for writing. Our vertical ENL Inquiry Team meets regularly to analyze student data, refine instructional methodology, and align curriculum to standards-based success criteria in speaking and writing. The goal of this team is to embed academic language instruction across all modalities—reading, listening, speaking, and writing—both during the school day and in supplemental programming.

Despite these efforts, our data continues to show significant gaps in foundational literacy skills among our ELLs, particularly in Reading. When comparing 2024 and 2025 NYSESLAT data, we see that the majority of students (50 students) decreased in the Reading modality. Based on our beginning-of-year i-Ready Reading Diagnostic, only 7% of ELLs in grades K-2 and 2% of ELLs in grades 3-5 were performing on or above grade level. While Entering and Emerging students with fewer than five months of instruction were exempt from this screener, the results still raised concern for our leadership team. Each year, we observe a widening gap between student performance and grade-level expectations.

Further analysis of our 2025 NYSESLAT results revealed that our greatest area of need is Reading, especially among Entering and Emerging students. The breakdown of ELLs by grade level is as follows:
Grade 1: 42 students
Grade 2: 29 students
Grade 3: 25 students
Grade 4: 39 students
Grade 5: 44 students

To address these gaps, we designed a supplemental after-school literacy program focused on foundational skills and oral language development. We prioritized invitations to Entering and Emerging ELLs, as they are most in need of intensive support. However, with the Title III Immigrant funds, we will now be able to invite Transitioning and Expanding students based on space availability and identified need through:
-NYSESLAT Data
-Classroom assessments
-ENL service history
-Years of Service
-Teacher observations

This targeted approach ensures that Title III Immigrant funds are used to support students with the greatest need for supplemental instruction in literacy and language development.
Data Sources Used:
-i-Ready ELA Diagnostic (Fall 2025)
-NYSESLAT 2025 results
-Classroom-based formative assessments
-ENL and classroom teacher observation and recommendation

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Our Title III Immigrant-funded After School program will serve Grades 1-5, with a primary focus on Newcomer ELLs. These students will receive explicit, supplemental instruction in phonics, fluency, phonemic awareness, and comprehension, reinforcing and extending the foundational literacy skills introduced during the school day. After analyzing NYSESLAT data along with years of service and gathering input from ENL teachers and classroom teachers, we plan to invite specific Transitioning and Expanding students as space and budget allows.

Students Invited by Grade Level (Entering/Emerging ELLs)
Grade 1: 10 students
Grade 2: 10 students
Grade 3: 10 students
Grade 4: 13 students
Grade 5: 23 students
In total, approximately 66 students will be invited based on their English proficiency levels and instructional needs.

60/66 of these students are Newcomer ELLs (0-3 years of service). As we continue to receive responses, we will expand invitations to include select Transitioning and Expanding students in grades 1–5. These students will be identified through NYSESLAT data, classroom assessments, screener results, and ENL teacher recommendation, as needing additional support in foundational literacy and oral language development.
This tiered approach ensures that Title III Immigrant funds are used to support the most linguistically and academically vulnerable students, while maintaining flexibility to serve additional students based on need and capacity.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Title III Immigrant-funded After School ENL program at PS 204 will run for 25 sessions over the course of three months, providing consistent, supplemental literacy instruction to eligible immigrant students.

Program Details
Start Date: January 7, 2026
End Date: April 1, 2026
Days of the Week: Wednesdays and Thursdays

Time: 2:20 PM – 3:50 PM
Session Duration: 1 hour and 30 minutes per session
Total Number of Sessions: 22

Scheduled Session Dates
January 7, 8, 14, 15, 21, 22, 28, 29
February 4, 5, 11, 12, 25, 26
March 4, 11, 12, 18, 19, 25, 26
April 1

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The primary language of instruction for the Title III Immigrant-funded after-school program will be English, with intentional integration of home language supports to enhance comprehension and reinforce foundational literacy skills.

To support students' knowledge-building and language development, we incorporate texts and tools that connect to their linguistic backgrounds. One key resource is our partnership with Just Right Readers, which provides decodable books aligned to students' i-Ready and/or Acadience data. While the books themselves are in English, each one includes a QR code that links to a short phonics lesson in the student's home language. These lessons are available in over 20 languages and are designed to mirror the phonics instruction students receive during their after-school sessions.

This approach allows students and families to:
-Reinforce phonics instruction at home in a familiar language
-Build cross-linguistic connections that support English acquisition
-Engage more confidently with reading materials and classroom content
-By embedding home language access into our supplemental literacy program, we ensure that immigrant students receive culturally and linguistically responsive support that accelerates their English language development while honoring their linguistic identities.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

The Title III Immigrant-funded after-school program will be supervised by certified staff members who are available to stay on-site during program hours. While final assignments are still being confirmed, we anticipate that supervision will be provided by a combination of teachers certified in TESOL (ENL) and Common Branches.

Supervisors will be responsible for:
-Overseeing student attendance and safety
-Supporting instructional staff and monitoring lesson delivery
-Communicating with families and coordinating logistics

-Ensuring program fidelity and alignment with Title III Immigrant goals

If supervision is funded by Title III Immigrant, supervisors will be compensated for their time outside of their regular workday:
Regular workday hours: 7:00 AM – 3:00 PM
After-school supervision hours (paid per session): 3:00 PM – 4:00 PM (1 hour/day, 2 days/week)
Final supervisory assignments will be confirmed prior to the program start date and will be documented in accordance with Title III Immigrant compliance requirements.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

To ensure our after-school program provides supplemental instruction beyond the school day, we will utilize materials that are not part of the core curriculum and are specifically selected to support English Language Learners in developing literacy and language skills.

Instructional Materials:
The following materials will be used exclusively in the Title III Immigrant-funded after-school program:
-Personalized Decodable Texts (Just Right Readers) for small group instruction
-Big Books for shared reading experiences in younger grades
-Trade Books (physical and e-books) in students' home languages to support knowledge-building and cultural relevance
-Digital Resources including lesson plans, graphic organizers, and instructional videos aligned to foundational literacy goals

As our school transitions to the Orton Gillingham approach and its Adaptive Literacy Curriculum, we have reduced the use of Wilson Fundations in core instruction. However, we will continue to use existing Fundations "Double Dose" materials as a supplemental intervention tool for ELL students in the after-school program.

To further fluency and comprehension, we will use Geodes and Just Right Readers, aligned with Fundations pacing.

Title III Immigrant-Funded Materials:
Just Right Readers will be purchased using Title III Immigrant funds.
Each student will receive two rounds of personalized decodable texts.
Estimated cost: Approximately $4,000-$5,000
This purchase is within the allowable 20% materials cap for the Title III Immigrant allocation.

Storage Location
All physical materials purchased with Title III Immigrant funds will be stored in the Title III Resource Cabinet located in the Main Office.
Digital materials will be accessed via secure teacher accounts and managed by the program coordinator.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

We will maintain records of students served by doing the following:

1. Inviting ELL and Immigrant students in Grades 1-5 who are Entering/Emerging (using the RPOB and the RLAT as a guide).
2. Keeping a spreadsheet of students to be invited.
3. Sending out invitations to parents of immigrant students and keeping a record of those who return the signed parental consent form.
4. Inviting Transitioning and Expanding students based on seat availability and student data
4. Creating attendance rosters for each class with the teacher's name, the dates of the program, and the students who are placed in that class. Teachers will be responsible for submitting attendance for each session.

One of our assistant principals will monitor the program. Five teachers will administer the program (depending on students who accept the invitation). We will also have one secretary in the main office while the program is taking place, and we will invite paras if the students who require a para decide to attend.

We have sent a survey to staff to gauge how many teachers would be applying for the program. We will then put the posting up and teachers will submit their applications. Once this plan is approved, we will begin creating classes based on the number of students who accept the invitation. Then, we will hold professional development for our teachers in order to train them for this program. This will be at no cost to the program, because the assistant principal will run the professional development session.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

To best support all teachers who deliver instruction and services to ELLs and immigrant students—including those participating in the Title III Immigrant-funded after-school program—PS 204 provides ongoing, collaborative professional development through weekly Professional Learning Communities (PLCs).

Format and Schedule:
Day: Mondays
Time: 2:20 PM – 3:20 PM
Structure: Grade-band teams, content-area teams and targeted groups based on teacher need or request
Focus Areas

Professional development sessions are designed to deepen instructional practice and enhance support for multilingual learners. Key focus areas include:
-Planning instruction aligned to the Next Generation Learning Standards (NGLS)
-Selecting and implementing lesson- and unit-aligned scaffolds
-Strengthening student-centered learning practices
-Supporting second language acquisition within core content instruction
-Fostering social-emotional learning (SEL) through the Into Reading curriculum

PD Topics and Activities
Teachers will engage in the following professional learning sessions during the 2025–2026 school year:
-ENL Professional Learning: Analyzing NYSESLAT results to inform instruction
-Inquiry & Data Analysis: Examining BOY, MOY, and EOY data (Acadience, iReady, NYS assessments) and identifying next steps
-Progress Monitoring: Using formative data to group students and adjust instruction
-Instructional Planning: Applying clear learning intentions and success criteria

-iReady Integration: Leveraging diagnostic data for targeted literacy support
-Oracy Development: Supporting oral language growth through writing strategies

Funding
All professional development sessions will be provided at no cost to Title III Immigrant funds.
Sessions will be led by an assistant principal, district representative, ENL teachers, and/or curriculum coaches.
No vendor costs or teacher per-session stipends will be charged to the Title III Immigrant allocation.
This professional development plan ensures that all instructional staff are equipped to deliver high-quality, supplemental instruction that meets the academic and linguistic needs of immigrant ELLs.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The professional development provided under our Title III Immigrant program is designed to address instructional gaps and build teacher capacity in supporting immigrant ELLs. Each PD activity is grounded in both quantitative data (student performance metrics) and qualitative data (teacher feedback, observations, and inquiry team analysis).

NYSESLAT data from 2025 revealed persistent gaps in Listening and Reading among the majority of our ELLs. Teachers expressed uncertainty in how to scaffold instruction for ELLs across content areas.

Beginning-of-year i-Ready and Acadience data showed that only 7% of ELLs in grades K-2 and 2% in grades 3-5 were performing on or above grade level in ELA. Teachers requested support in interpreting diagnostic data and planning responsive instruction.

Classroom observations indicated inconsistent use of formative assessments to group students for targeted instruction. Teachers asked for guidance on using progress monitoring tools to adjust instruction.

Our walkthrough data from last school year showed that learning objectives were often unclear or not aligned to language goals. Teachers requested support in making learning targets explicit for ELLs.

Teachers expressed a need for deeper understanding of how to use i-Ready data to differentiate instruction for ELLs. This was especially relevant for those teaching in the after-school program.

All professional development activities will be provided at no cost to Title III Immigrant funds. Sessions will be led by internal staff including assistant principals, ENL teachers, and curriculum coaches.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers receive professional development in regards to ELLs. Our coaches and ENL teachers receive more outside training, and bring back beneficial information to share with administration and classroom teachers. Teachers working the Title III After School Program will receive professional development before the program begins, and during the program to ensure that they are using the skills and strategies necessary to meet their students' needs. Once students take the Middle of Year iReady Diagnostic, all teachers (including those teaching the Title III After School Program) will meet to analyze and discuss this new data and use it to guide their instruction.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Teachers receive training from our curriculum coach and their immediate supervisors during the school day (common planning/professional learning time - Mondays 2:20-3:20 PM, and it is ongoing). There are 34 Mondays this school year, which is why we ensure that at least 5 of them are related to our ENL and/or immigrant students.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topics to be covered during planning sessions and/or professional learning sessions include:
-How can I use the components of backward design to address the needs of my ELLs and/or immigrants?
-How do I most effectively provide scaffolds in each lesson that meet the needs of my ELLs and/or immigrants?
-How will focusing on the standards in my planning and implementation support my ELLS and/or immigrants?
-How can I use the data resources from iReady, Acadience, Into Reading and Eureka Math to drive instruction for my ELLS and/or immigrants?

For teachers specifically teaching in the program:
-How can I use the data resources (formative, summative, observations) to differentiate instruction for the ELLS and/or immigrants in my after school program?

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

We have partnered with a coach from HMH to engage in ongoing continuous learning and improvement cycles focused on increasing access to all learners through meaningful scaffolds and supports. We also send teachers and our parent coordinator to professional development sessions provided by the Division of Multilingual Learners and by the district, so that they may turnkey the valuable and pertinent information they learn from these sessions to all teachers of ELLs and immigrants during our school's designated professional development time. This partnership will focus on the HMH coach supporting the administration in facilitating grade-band specific and sub-group

specific (ELLs/immigrants) professional learning for the staff, as well as supporting individual teachers in differentiating their instruction so that they can provide the appropriate scaffolds and supports for their English Language Learners and immigrants.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

We will maintain documentation of professional development provided by keeping agendas and attendance sheets for each professional development session. We also keep a record of any survey responses collected throughout the school year.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

In order to best support parents of ELLs and immigrants, we will be providing families ongoing opportunities to engage in
their child's educational experience, including ways to support families in combating learning loss (where applicable) and ways to assist their children in meeting grade level standards (closing the gap). Our parent coordinator provides monthly workshops for parents about ways to help students with homework, how to read their child's report card, iReady Diagnostics and reports, and Social Emotional Learning.

We will also be inviting parents to participate in our school-wide "International Culture Night" on May 6, 2026. We plan to use our Title I 1% Set Aside Funds to support this event, so it will not be funded through our Title III Immigrant funds. College Awareness Day is another family engagement activity we began last year. All parents, including immigrant parents and parents of our English Language Learners, were invited to participate. This event will not be funded by our Title III Immigrant funds.

Another event that we recently hosted for all families was our "Crack the Case" family engagement event hosted by Togetherhood. This event was funded by our Title I 1% Set Aside Funds. You can find a description of this activity below:

Crack the Case: A Forensics STEM Workshop
Oh no—a burglary has taken place, and only the best detectives can crack the case! In this interactive STEM workshop, students will become investigators, using science and problem-solving to uncover clues, narrow suspects, and catch the culprit. Through three engaging forensic challenges, students will explore the exciting world of forensic science in a way that's both educational and fun.
The storyline can even be tailored to our school community—maybe the principal stole all the after-school snacks, or the doorman's dog ate the birthday cake (again)! Either way, students will love piecing together evidence to solve the mystery.
Event Details: Location: P.S. 204 Date: October 22, 4–5 PM – Grades K–2
October 23, 4–5 PM – Grades 3–5

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

In the beginning of the school year, we send out a "Culture Connect Survey" to families in order to identify ways we can include all families in our school community. Many parents indicated that they would like to see children share their culture and family traditions with each other to form a mutual respect. One of the questions on the survey was, "How would you like to see us celebrate your culture in our school?" One parent responded, "Host a cultural carnival." Another parent stated, Up to the creativity of staff, same way any other culture that will be celebrated either independently or with a multicultural day that teaches the school community about different cultures though bringing in or presenting facts , history , art , food , music and fashion." Many parents shared the same sentiments and requested dressing in cultural attire, inviting parents to share food, and holding some cultural nights that parents can take part in.

Based on these survey responses, we decided to make International Culture Night a school-wide event during our spring Parent Teacher Conference night on May 6, 2026 so that all staff members and families could participate.

Our parent coordinator also provides workshops for parents based on the needs of our school. Currently, one-third of our students are ELLs or former ELLs, and 60% of our ELLs are immigrants (according to the RPOB report). Therefore, they are an integral part of our school community, and we like to provide them with workshops that will help them improve their child's educational experience.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Our Parent Coordinator will invite families to attend her monthly sessions through DOE Messaging (translated invitations). These workshops are held once a month for one hour. International Culture Night will take place on May 6th from 4:30-6:30 PM. See below for a list of parent workshops that are offered each month:

October 2025 – Middle School Workshop, Crack the Case Family Engagement Event, Bullying Parent Workshop

November 2025 – Family Game Night

December 2025 - Save for College, Attendance

January 2026- Financial Literacy (Apple Bank)

February 2026- Lunar New Year- Dumpling Making

March 2026- Cookie Decorating, Lorax Puppets (hosted by Togetherhood)

April 2026- Internet Safety, Earth Day- reusable bags

May 2026- Family Fun Night

June 2026- Summer Rising

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

In addition to curriculum learning opportunities, the parent coordinator will also offer ELL/Immigrant Parent Engagement opportunities to support families on topics that include:

-Working towards the achievement of the Next Generation Learning Standards
-Formative, Summative and Standardized Assessments (curriculum-based assessments, i-Ready Diagnostic Assessments, NYSESLAT, etc.)
-Building Family Literacy using online resources
-How to request additional academic support for your child
-Understanding the components and expectations of their child's content-based ELA and Math curriculum (Into Reading and Eureka Math)

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent Coordinator: Salina Yuen

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified via DOE Messaging, email, flyers, and our school website. Notification of these activities will be translated into parents' preferred language through the Info Hub as well as OLA's Translated Templates. Interpretation supports are provided by staff members at in-person events. Any virtual events will provide

interpretation supports through Zoom translation. We have also purchased translation ear buds to support our in-person interpretation needs.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will maintain documentation of family engagement activities and notifications to families by keeping records of all flyers, emails, and DOE messages sent home. We will also keep copies of attendance sheets, agendas and surveys we send out to families.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
