Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Joanne Seminara School of Law and Medicine

District Borough Number (DBN):

20k413

Grades Served:

kindergarten and first grade

School Address:

280 Senator Street Brooklyn NY 11220

Phone Number:

347-991- 7047

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Saher Said	*Principal or Designee	
Ariana Amato	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Danie Duka	Staff	
Dana Hickey	Parent Association President	
Veronica Medina	Title I Parent Advisory Council Chairperson	
Anne Smank	School Leadership Team - PTA Treasurer	
	District Council 37 (DC 37) Representative (staff), if applicable	
Melissa Wong	PTA Secretary	
Resy Rayess	School Leadership Team / Title 1 Alternate	
Diana Fahmy	Staff	
Sydney Van Cott	Staff	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to develop students' skills academically as well as socially and emotionally to become independent thinkers and to persevere as lifelong learners. We continue nurturing a community of students that value diversity and embrace the power of overcoming challenges.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 413 is a newly established elementary school located in District 20, serving students in Kindergarten through Grade 5. Currently, we are exclusively serving Kindergarten and First Grade, with a plan to add one grade level each subsequent year until we reach full expansion.

For the 2025–2026 school year, we will have two Kindergarten classes, each with 20 students. One of these will be a General Education class, while the other will follow an Arabic Dual Language model. We will also have two First Grade classes: one General Education class and one Integrated Co-Teaching (ICT) class, which will be led by two certified educators to support a diverse range of learning needs. The ICT class will serve 12 students, ensuring a more individualized approach to instruction.

Approximately 45% of our students are Multilingual Learners who are in the early stages of English language acquisition. Additionally, 11% of our students are identified as students with disabilities. The majority of our student population speaks Arabic, Spanish, and Mandarin Chinese.

As a school, we are deeply committed to providing students with early exposure to various career pathways, particularly in the fields of law and medicine. In support of this vision, our school has been approved for smaller class sizes, with Kindergarten through Grade 3 classes capped at 20 students.

We are proud to partner with several organizations that enrich our students' experiences. Through our collaboration with NYU Langone Dentistry, a fully equipped dental office will be established within our school's nurse suite. We also maintain strong partnerships with the Covenant Ballet Theatre of Brooklyn and Grandma's Love, both of which support our students through arts education and literacy development.

Briefly summarize the key initiatives your school will implement this school year.

In Literacy, our instructional focus will center on strengthening the connection between phonics instruction and the use of decodable texts. As students build phonemic awareness and develop a foundational understanding of letter-

sound relationships, teachers will design purposeful learning experiences that allow students to engage with texts aligned to the phonics skills being taught. We will implement the "Read, Talk, Write, Talk" instructional cycle to ensure students access grade-level texts, engage in meaningful discussions, and demonstrate comprehension through written responses.

In Mathematics, instruction will follow an inquiry-based approach that encourages students to make their thinking visible. Students will explore multiple problem-solving strategies using manipulatives such as ten frames, connecting cubes, open number lines, and the Rekenrek. This hands-on approach promotes conceptual understanding and helps students demonstrate their reasoning in solving word problems.

For Science and Social Studies, lessons will be structured using the 3Ls Approach: Literacy, Language, and Learning. This framework ensures that each lesson is designed to support both content knowledge and language development. Instruction will include a variety of scaffolds such as word play activities for introducing Tier 2 and Tier 3 vocabulary, sentence frames, and other linguistic supports. Teachers will guide students in unpacking "juicy sentences"—rich in content and language—focusing on the function of the sentence, its meaning, and how it connects to the larger text. Lessons will also include text-dependent questions to deepen comprehension. In addition, students will participate in weekly arts and STEAM activities to further enhance their learning across disciplines.

Throughout all content areas—including reading, writing, math, science, and social studies—we will incorporate text engineering strategies. This approach utilizes a combination of scaffolds to provide students with access to complex texts, helping them unpack unfamiliar vocabulary and concepts, and ensuring equitable entry points for all learners.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
HMH Into-Reading	Kindergarten & First Grade		
Fundations & Haggerty	Kindergarten & First Grade		
Envision Math	Kindergarten & First Grade		

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the End-of-Year Acadience Reading Composite Score, 76% of students performed at or above the benchmark level.	Tier 2 and Tier 3 reading interventions need to be more consistently implemented and progress monitored.	Strengthen early reading intervention and support systems to improve outcomes for students performing below benchmark.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	56%	By June, 2026, literacy for All Students will improve, as measured by a 24% Increase, from 56% to 80%, of Percentage of students scoring at benchmark and above benchmark on the Acadience .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

As a first step, our teachers will continue working on strengthening Tier 1 instruction. They will also, implement targeted Tier 2 and Tier 3 ELA interventions with fidelity, aligned to core instruction and informed by progress monitoring data in their dedicated WIN Period. SLT and ILT members will analyze beginning-of-year assessment data to develop school-wide protocols for ELA/Reading enhancements that address individual student needs. Interventions will be responsive to student performance and delivered by trained staff to strengthen foundational reading skills and increase the percentage of students meeting benchmark expectations.

Root Cause Addressed:

Foundational Skills Improvement

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a beginning-of-year reading screener to identify students in need of targeted interventions.
Use diagnostic assessments to pinpoint specific foundational skill deficits for students flagged by the screener.
Provide small-group instruction aligned to identified skill gaps, delivered with fidelity and adjusted based on student progress.
Develop and maintain intervention rosters and schedules, ensuring students receive required support time daily or weekly.

Conduct regular progress monitoring to assess student growth and regroup students based on data.
Provide professional learning focused on intervention delivery, progress monitoring, and data-based decision making.
Both ILT and grade-level inquiry teams will review student data regularly to identify trends, evaluate intervention effectiveness, and plan responsive next steps.
Communicate student progress with families during PTCs and scheduled intervention updates; provide strategies for at-home support.
Provide structured calibration and refresher training for all staff administering Acadience to ensure fidelity of assessment procedures and accurate baseline data.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The school will use multiple structures to progress monitor implementation of key strategies and action steps. Grade-level inquiry teams will meet biweekly to review progress monitoring data, including student assessment results, intervention trackers, and attendance in targeted instructional groups. ILT meetings will be used monthly to analyze schoolwide trends and ensure fidelity of Tier 2 and Tier 3 implementation. Evidence collected will include:

-Universal screener and diagnostic assessment results

-Biweekly progress monitoring data

-Intervention group rosters and attendance logs

-Teacher intervention plans and data trackers

-Observation notes from instructional walkthroughs

-Student work samples and performance tasks

This data will be reviewed collaboratively to make adjustments to instruction, professional learning, and intervention delivery to improve outcomes for students performing below benchmark.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host a Family Literacy Night to introduce families to school-wide reading goals, share strategies for supporting literacy at home, and provide take-home resources aligned to foundational reading skills.	
09/04/2025	06/26/2026	Curriculum Night to introduce Into Reading and its resources to families.	
09/04/2025	06/26/2026	Data chats with families to review Acadience and i-Ready results and individual student progress.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, Classroom Teachers, AIS Providers, Instructional Coach

Instructional Resources

iReady, Acadience, Fundations, Haggerty, Sounds Sensible, and HMH Into Reading

Schedule Adjustments

Dedicated intervention blocks during the school day, flexible small-group time within the literacy block, and scheduled common planning time for data analysis and progress monitoring

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to OORS reports from the 2024–2025 school year, approximately 7 behavior-related incidents (A018 & A024) were recorded.	Students have not developed self-regulation skills. Students are not consistently engaging in daily SEL routines.	Students need increased support in developing self-regulation skills to promote a safe and emotionally supportive school environment.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	7 incidents	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 30% Decrease, in number of behavior-related incidents (A018 & A024) from 7 incidents to 5 incidents, per the OORS reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

OORS Reports

Enter a Key Performance Indicator

Number of behavior-related incidents (A018 & A024)

Baseline:

7 incidents

Enter the date for the baseline data:

2024-2025 School Year

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

No more than 2 incidents recorded by December 2025

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

No more than 4 cumulative incidents by March 2026

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

No more than 5 cumulative incidents by June 2026

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a schoolwide Social-Emotional Learning (SEL) initiative focused on developing students' self-regulation skills and reducing behavior-related incidents. Teachers have been receiving trainings on the RULER Approach where Classroom Charters are created as well as Mood Meters. We will continue working on Meta Moment by exploring different strategies to manage emotions.

Root Cause Addressed:

Students have not developed self-regulation skills.

Students are not consistently engaging in daily SEL routines.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students will participate in weekly SEL lessons focused on emotional regulation, empathy, and problem-solving.
Students will engage in daily morning check-ins and SEL warm-up activities to support emotional readiness.
Students who demonstrate behavioral challenges will receive targeted SEL interventions and check-ins.
Teachers will be trained during our allotted PD and receive ongoing support to deliver lessons consistently and with fidelity.

The SEAL team will review OORS data monthly and provide staff with trends, support strategies, and intervention plans.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be monitored through monthly SEAL/Safety Team meetings, where OORS behavior data (A018 & A024) and SEL lesson completion rates will be reviewed. Informal classroom walkthroughs will be conducted to observe SEL routines and check-in implementation. Attendance logs from staff professional development sessions and student participation in restorative circles will also be tracked. Feedback will be gathered from staff and students through short surveys and reflections to assess the impact on school climate and self-regulation skills.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host quarterly SEL Family Nights to model regulation strategies and promote SEL routines at home.	
09/04/2025	06/26/2026	Send monthly SEL newsletters with strategies, student highlights, and tips for managing emotions at home.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

The SEAL Team, parent coordinator, administrators, parents, and classroom teachers

Instructional Resources

Student self-regulation tools, digital platforms, restorative practices toolkit, monthly SEL family newsletters, and a teacher resource folder.

Schedule Adjustments

Dedicated weekly time for SEL lessons; daily time built into morning routines for check-ins and regulation strategies; adjusted PD schedules to include SEL-related professional development.

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
After analyzing End of Year iReady Math diagnostic data from June 2025, 68% students performed below grade level in overall math proficiency, indicating early gaps in foundational math understanding.	Need for more differentiated instruction to address varied learning needs, limited student discourse and opportunities for productive struggle, and a high number of new teachers still developing instructional practices.	Strengthen Tier 1 math instruction and interventions in early grades to build foundational math skills and increase overall proficiency.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	14%	P.S.413 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students on or above grade level will Increase by 60% from 14% to 74%, for All Students, as measured by i-Ready Math Diagnostic results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Tier 1 math instruction and targeted interventions by supporting teachers in implementing the Next Generation Mathematics Standards with an emphasis on data-driven planning, student discourse, and differentiated small-group instruction.

Root Cause Addressed:

Need for more differentiated instruction, limited student discourse, and a high number of new teachers still developing instructional practices.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional development and coaching will be provided to support teacher capacity in differentiation, lesson adaptation, and rigorous instructional planning.
Schedule consistent AIS and small-group instruction for students identified as below grade level in math.
Administrators will conduct regular classroom walkthroughs and provide timely, specific feedback aligned to instructional goals.
Teachers will implement math talks and structured student-to-student discourse routines in classrooms.
Teacher teams will meet regularly to review i-Ready and enVision assessment data, identify trends, and adjust

instruction to meet individual student needs.
Students will use i-Ready math lessons in class and at home, set personal learning goals, and monitor their growth.
Administrators will conduct regular classroom walkthroughs and provide timely, specific feedback aligned to instructional goals.
Inquiry and PPT teams will meet bi-monthly to review student progress and determine targeted interventions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be monitored through analysis of i-Ready diagnostic results, enVisions assessments, classroom walkthroughs, and teacher team meeting notes. Administrators and instructional coaches will look for evidence of differentiation, student discourse strategies, and small-group instruction through walkthroughs and coaching sessions. Data from RTI and inquiry meetings, along with student work samples, will be used to assess instructional impact and student progress. Feedback from observation cycles will guide support for teachers. Progress will be tracked and discussed during monthly data reviews and professional learning communities.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host a family workshop on understanding i-Ready data and the importance of completing lessons at home.	
09/04/2025	06/26/2026	Conduct ongoing data chats with families to review student progress and set learning goals.	
09/04/2025	06/26/2026	Host family math events that engage families in interactive, standards-aligned activities designed to strengthen math skills and build confidence in learning together.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional coach, classroom teachers, paraprofessionals, PD consultants and school administrators

Instructional Resources

enVision math and iReady Diagnostic Assessment

Schedule Adjustments

Common Planning time for teacher collaboration, dedicated intervention blocks, and time allocated for instructional coaching and professional development.

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2024 NYC School Survey, 95% of parents agree that the school helps prepare their child for college, career, and life after high school. However, there is limited student exposure to structured career exploration or curriculum-based experiences aligned to specific fields.	Absence of a structured, school-wide career exploration framework. Limited access to authentic, real-world experiences (e.g., career speakers, field trips, and project-based learning) in law, medicine, and other high-demand fields.	Students need increased exposure to and preparation for specific college and career pathways, particularly in high-interest, high-

		demand fields such as law and medicine.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	2	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Number of structured career readiness programs and activities offered during the school year for All Students will Increase by 6 from 2 to 8 career readiness experiences as measured by School programming and enrichment activity records.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop and implement a structured, schoolwide career exploration program that provides students with direct exposure to various career pathways through real-world experiences.

Root Cause Addressed:

Absence of a structured schoolwide career exploration framework and limited access to authentic, real-world experiences due to the school's early stage of development and limited resources.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Partner with local professionals and organizations in fields such as law, medicine, and other fields to provide career panels and guest speakers that introduce students to real-world careers.
Plan and schedule quarterly career exposure experiences (e.g., industry-specific field trips, or virtual tours) to introduce students to various professions and spark interest.
Develop and implement weekly elective lessons that introduce students to foundational concepts in law, medicine, and STEAM through hands-on, age-appropriate activities that support early career exploration.
Provide professional learning for staff on integrating career awareness themes into ELA and social studies.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be monitored through monthly review of enrichment calendars documenting guest speakers, career panels, and field trips, as well as student work samples and instructional walkthroughs to observe elective implementation. Teacher feedback on student engagement and walkthrough evidence will be used to assess the integration of career awareness into ELA and social studies instruction. Parent and student feedback will be gathered through school-created surveys, checklists, and informal check-ins to gauge interest, engagement, and the perceived impact of activities. Regular feedback loops will be established with students, teachers, parents, and administrators to reflect on current practices. The Instructional Leadership Team will review monthly data and adjust programming accordingly. Additionally, the SLT will include college and career readiness as a standing agenda item to engage stakeholders in evaluating program outcomes and informing next steps.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Invite parents and community members to share their career experiences with students by leading classroom activities and discussions.	
09/04/2025	06/26/2026	Add college and career readiness to the monthly SLT meeting agenda and gather feedback from stakeholders to inform and strengthen programming.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, School Leadership Team, parent coordinator, instructional leadership team, school-based support staff, and community volunteers (e.g., parents, local professionals)

Instructional Resources

Career-themed read-aloud books, hands-on interactive materials, and STEAM kits.

Schedule Adjustments

Weekly elective periods for career-focused instruction; monthly time slots for guest speakers or career day events; collaboration time for teachers to plan integration into ELA and social studies, and to develop and refine elective lessons.

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2025 NYC School Survey, 96% of parents agreed that their	Limited communication, lack of inclusive engagement opportunities, or unclear expectations about the parent-teacher	Improve communication and increase meaningful opportunities for all families to engage in their child's learning,

child's teacher treats them as a partner in educating their child.	partnership—especially for families with language or scheduling barriers.	ensuring every parent feels included and valued as a partner in education.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	96%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of parents who agree that their child's teacher treats them as a partner in educating their child will Increase by 2 percentage points from 96% to 98% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build stronger partnerships between families and educators by increasing transparency, communication, and opportunities for collaboration that empower families to engage in their child's education.

Root Cause Addressed:

Families may not feel empowered to voice concerns, give feedback, or collaborate in decision-making about their child's learning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create and distribute family newsletter that highlights classroom learning and opportunities for involvement.
Conduct family-teacher data chats during report card conferences and after major assessments.
Provide ongoing translation and interpretation services to ensure all families can access meetings, materials, and school updates.
Invite families to participate in classroom visits and community-building events that foster collaboration, showcase instruction, and strengthen the home-school connection.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be monitored through parent attendance logs, family event sign-in sheets, and feedback surveys. Parent engagement data from the NYC School Survey and participation records from family workshops and classroom visits will be reviewed during SLT meetings to assess progress and identify next steps.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Invite families to participate in classroom visits and family learning walks to observe instruction and build connections between home and school.	
09/04/2025	06/26/2026	Family workshops to build capacity in supporting learning at home, including report cards, online tools, and classroom strategies to reinforce skills.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, parent Coordinator, teachers, instructional coach, and SLT

Instructional Resources

N/A

Schedule Adjustments

Dedicated time during the school day and after school for family events and classroom visits. Flexibility in scheduling events (e.g., offering sessions in the morning and evening) to maximize family participation

Other Resources Needed

N/A

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to Insight data from the 2024–2025 school year, 24% of students are chronically absent, meaning they have missed 10% or more of the school year. This level of absenteeism poses a risk to student academic progress and long-term success.	Frequent absences due to illness. Extended family travel during the school year. Limited parent awareness of the academic impact of chronic absenteeism.	The school must reduce the number of students who are chronically absent by addressing barriers to consistent attendance.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24%	By June, 2026, the Percentage of students chronically absent for All Students will decrease by 6 percentage points, from 24% to 18%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a multi-tiered system of support to reduce chronic absenteeism, including consistent communication with families, incentives, and targeted interventions based on attendance data.

Root Cause Addressed:

Frequent absences due to illness, family travel, and limited parent awareness of the academic impact of chronic absenteeism.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will conduct outreach (calls/texts/messages) after student absences to check in and encourage return.
Letters will be sent to families of chronically absent and chronically late students outlining attendance rates and offering support.
Monthly attendance team meetings will be held to review data, identify trends, and create individualized support plans.
Launch a monthly attendance awareness campaign with visuals, newsletters, and messaging in multiple languages.
Identify and provide Tier 2 supports for students with 5+ absences (check-ins, goal setting, mentor support).

Implement incentive programs to recognize improved or consistent attendance.
Conduct parent workshops on the importance of daily attendance and its link to academic progress.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The attendance team will monitor progress through monthly reviews of Insight and New Visions attendance data to identify trends and track individual student attendance. Records of parent outreach (calls, letters, and meeting notes) will be collected and reviewed. Implementation logs will track which students receive Tier 2 supports or interventions. Incentive participation and workshop attendance will also be monitored. Progress will be assessed by comparing monthly chronic absenteeism rates and analyzing improvement in identified student groups.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Attendance-focused family workshops and information sessions to raise awareness about the impact of chronic absenteeism and share tips for promoting regular attendance. Bilingual materials and interpreters provided.	
09/04/2025	06/26/2026	Monthly communication (letters, texts, or phone calls) to families of chronically absent students, offering resources and attendance support.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, classroom teachers, attendance team, parent coordinator, district attendance laison

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Collegial IEP reviews and classroom observations from the 2024–2025 school year indicate that many IEPs included appropriate SDI and supports; however, these were not	Teachers need clearer guidance and targeted PD to effectively integrate	IEP Development and Fidelity of Implementation

consistently observed in classroom practice. Walkthroughs and SIT discussions revealed a gap between documented supports and their implementation during core instruction.	SDI and IEP supports into core instruction.	
Based on 2024–2025 internal IEP reviews, staff are still developing familiarity with compliance timelines and best practices for writing compliant, student-centered IEPs.	Staff are still being trained on compliance timelines and best practices for developing compliant IEPs.	Transition Planning and Compliance
2024–2025 school-based observations and team meeting notes indicate inconsistent implementation of MTSS protocols.	Staff are still becoming familiar with MTSS and early intervention protocols. There is no standardized system to track intervention data prior to referral.	Referral Process and Equity
According to the 2024–2025 OORS reports, 25% of students with disabilities have been involved in disciplinary incidents, compared to significantly lower or no incidents among their general education peers.	Many teachers are new and still developing effective classroom management skills.	Equity in School Discipline
Based on the 2024–2025 i-Ready Math Diagnostic Growth Assessment, 0% of students with disabilities have met their typical annual growth targets.	Gaps in progress monitoring and adjusting instruction based on data.	Increase the percentage of students with disabilities meeting typical annual growth targets in iReady math diagnostic.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	0%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities, we will improve the percentage of IEPs with clear evidence of SDI and supports used in instruction by a 50% Increase, from 0% to 50%, as measured by Classroom observation data and student work samples.
All Students	2	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, we will improve equity in the referral process by ensuring data-based decision-making and intervention prior to referral by a 50% Decrease, from 2 to 1 referrals without MTSS documentation, as measured by Referral tracking system and MTSS documentation logs.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Provide targeted professional development and collaborative planning time to build staff capacity in implementing IEP supports and Specially Designed Instruction (SDI) with fidelity during core instruction.

Root Cause Addressed:

Teachers need clearer guidance and targeted professional development to effectively integrate SDI and IEP supports into core instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate professional learning sessions focused on SDI, IEP implementation, and instructional strategies for students with disabilities.
Conduct IEP support workshops to help teachers align IEP goals with daily instruction and strengthen implementation of SDI and supports in the classroom.
Implement classroom walkthroughs to monitor IEP implementation.
Provide coaching and support for teachers based on observation data and IEP review outcomes.

Key Strategy 2 (Optional):

Implement a standardized MTSS data collection and monitoring system school-wide. Provide ongoing professional development for staff on early intervention protocols and MTSS implementation, with a focus on using data to inform decisions.

Root Cause Addressed:

Staff are still becoming familiar with MTSS and early intervention protocols. Additionally, the school lacks a consistent system for tracking intervention data, which hinders early identification and equitable support for students prior to referral.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate professional learning for staff focused on MTSS tiers, early interventions, and data-informed decision-making.
Develop and implement a school-wide system to document and monitor academic and behavioral interventions.
Hold regular MTSS meetings with instructional teams to review student data and determine next steps for support.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

SIT meetings will be used to review IEP quality and MTSS documentation. IEP implementation will be monitored through checklists and classroom walkthroughs. Referral tracking logs and intervention records will ensure MTSS protocols are followed before referrals. Evidence will include observation notes, coaching logs, and SIT documentation. Progress will be measured by increased IEP implementation fidelity and fewer referrals without MTSS data.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host IEP information sessions to help families understand the special education process, timelines, and their role in developing their child's IEP.	
09/04/2025	06/26/2026	Host a MTSS workshop to explain intervention tiers, how students are supported, and how families can contribute to goal-setting.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Administrators, instructional coaches, teachers,

Instructional Resources

IEP review rubrics, SDI implementation checklists, DOE special education guidance tools

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student has not made adequate progress in Tier 1 instruction over a period of time.	Foundations-Double Dose	Small Group	During the school day	No
Tier 2	Student has not made adequate progress in Tier 1 instruction over a period of time.	HMH: Daily lesson content reinforced in small group	Small Group	During the school day	No
Tier 3	Student has not made adequate progress in Tier 2 and assessments.	Sounds Sensible	Small Group or 1:1	During the school day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student has difficulty resolving peer conflicts or managing peer relationships,	Restorative Circles or Conflict Resolution Sessions	1:1 or small group with teacher or principal	During the school day	No
Tier 2	Student struggles with attention, focus, or self-regulation in the classroom	Behavior Support Check-In (CICO) or Zones of regulatoin	1:1 or small group with teacher or principal	During the school day	No
Tier 3	Student exhibits ongoing, intense emotional or behavioral challenges that interfere with learning	At-risk individual counseling & Behavior Intervention Plan (BIP)	1:1 sessions with school counselor or or external provider	During the school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school shares information about MTSS through family workshops, newsletters, and during parent-teacher conferences. These communications explain the tiers of support, how students are identified, and what interventions may look like at each level.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 supports are provided with regular progress updates through scheduled data chats, parent-teacher conferences, and follow-up meetings with intervention providers or support staff.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are actively involved through regular communication, collaborative meetings with school support teams, and participation in the development or review of intervention plans. Their input is considered when adjusting strategies to support student progress.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

s

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

N/A

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

N/A

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 413, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 413 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- Providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- Fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- Providing assistance to parents in understanding City, State and Federal standards and assessments;
- Sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- Providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- Actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- Engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- Ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- Support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- Maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- Conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- Provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- Host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- Schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- Hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- Encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- Establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- Encouraging more parents to become trained school volunteers;
- Providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- Developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- Providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 413, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- Conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- Convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- Arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- Respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- Providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- Involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- Providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- Ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- Ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- Notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- Planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- Creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- Assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- Sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- Supporting parental involvement activities as requested by parents and family members;
- Ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- Advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- Monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- Ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- Check and assist my child in completing homework tasks, when necessary;
- Read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- Set limits to the amount of time my child watches television or plays video games;
- Promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- Encourage my child to follow school rules and regulations and discuss this Compact with my child;
- Volunteer in my child's school or assist from my home as time permits;
- Participate, as appropriate, in the decisions relating to my child's education;
- Communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- Respond to surveys, feedback forms and notices when requested;
- Become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- Participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- Take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- Share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- Attend school regularly and arrive on time;
- Complete my homework and submit all assignments on time;
- Follow the school rules and be responsible for my actions;
- Show respect for myself, other people and property;
- Try to resolve disagreements or conflicts peacefully;
- Always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

school wide Title 1

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.

For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Saher Said
Assistant Principal (Where Applicable)*	N/A
English as a New Language (ENL) Teacher*	Danie Duka
Teacher (if school has a bilingual program must be a bilingual teacher)*	Fatima Eddahbi
Parent/Guardian*	Veronica Medina
Instructional Coach	Diana Fahmy
Parent Coordinator	Samar Soubhieh
Bilingual Para	Aliaa Saadallah
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

1

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

62

Total number and percentage (%) of current ELLs:

30 Current ELLs - 47%

Total number and percentage (%) of former ELLs:

0 Former ELLs - 0% Former ELLs

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

30 Newcomers - 47%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

0 Developing ELLs - 0% Developing ELLs

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 Long Term ELLs - 0% Long Term ELLs

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 SIFE ELLs - 0% SIFE ELLs

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

5 ELLs have IEPs - 16% of ELLs have IEPs

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language	Arabic	2025-2026	1													1
DLBE																	0
DLBE																	0
				total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

For our second year at the new school, we have two kindergarten classes and two first-grade classes. One kindergarten class will be an Arabic Dual Language class, while the other class is a general education class. In first grade, we have two classes: one class is an Integrated Collaborative Teaching (ICT) class, and the other class is a general education class.

Instruction for Multilingual Learners (MLs) and English Language Learners (ELLs) will be provided through standalone programs within the school. Mandated services will be offered to students at the Entering and Emerging proficiency levels, based on the NYSITELL for kindergarten and the NYSESLAT for first-grade students. Students in general education classrooms will be pulled out by class to receive these standalone services. In the Arabic Dual Language class, standalone services will be delivered by the classroom teacher, who holds both early childhood certification and an Arabic Bilingual Extension.

Integrated ENL:

The integrated part of instruction is provided by the classroom teachers who hold both early childhood as well as TESOL certification. Instruction is provided during ELA block by providing multiple scaffolds based on students' proficiency level. The integrated ENL service ensures that students have access to grade level standards with strategically selected scaffolds to ensure students' engagement and comprehension.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

We have an Arabic Dual Language Program in kindergarten and bilingual supports to meet the CR-154 services will be provided by the classroom teacher. In addition to ELA, students receive 1 period a day of home language arts.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures that English Language Learners (ELLs) receive the mandated number of instructional minutes according to their English Language Proficiency Levels (Levels 1–5) in alignment with New York State guidelines. This is accomplished through careful programming in STARS for both the Free-Standing ENL and Dual Language programs.

In the Free-Standing ENL program, students receive both stand-alone and integrated ENL instruction from classroom teachers who hold dual certification in TESOL and Common Branch. This ensures that instruction is both linguistically appropriate and academically rigorous.

In the Dual Language program, instruction is provided by the certified teacher in Early Childhood Education and who also possess a Bilingual Extension in Arabic. This supports both language development and content mastery in both English and the target language.

To monitor and adjust ENL services, our school utilizes the monthly EDUR report. This tool provides valuable insights into the implementation and compliance of ENL programming in STARS, including:

Verification of mandated ENL instructional minutes based on students' proficiency levels (Levels 1–5)

Current percentages of Home Language Updates and Home Language Identification Survey completions

Percentage of students who have completed the NYSITELL (New York State Identification Test for English Language Learners), along with a list of student names in an accompanying Excel spreadsheet

Percentage of completed ELPC screens, confirming that the ELL parent notification and service option have been entered in ATS

Spanish LAB-R data, showing the percentage of Spanish-speaking students who did not pass the NYSITELL and are therefore required to take the Spanish LAB-R

These tools and practices ensure that all ELLs are appropriately identified, placed, and served in accordance with state mandates, and that adjustments are made in a timely manner to meet students' evolving needs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Our Stand Alone minutes are provided outside of the classroom by the ENL teacher, while Integrated ENL services are delivered directly within the classroom. In the Arabic Dual Language program, the Home Language Arts (HLA) minutes are taught daily by the classroom teacher. Teachers' program cards reflect the daily schedule, including the HLA periods as well as the designated times for both standalone and integrated ENL services.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school has implemented a Two-Way Dual Language (TWDL) model, where students receive instruction in both Arabic and English. The school day is equally split between the two languages:

50% of the instructional day is conducted in Arabic

50% of the instructional day is conducted in English

This balanced approach aims to foster biliteracy, bilingualism, and cross-cultural understanding for all students. It supports both native Arabic speakers and native English speakers in becoming proficient in both languages while mastering grade-level academic content.

We are following the 50:50 model for grades K-5, using a "roller coaster" approach. Instruction alternates between Arabic and English daily, with lessons in one language in the morning and the other language in the afternoon. The next day, instruction continues in the language used the previous afternoon, with the switch occurring again in the afternoon. This structure ensures that students are exposed to both languages every day, enhancing their learning experience.

b. In which language(s) is each core content area taught?

As of now, all content areas will be taught in both English and Arabic.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

All 30 ELLs are Newcomers representing 100%. We do not have Developing or long-term ELLs.

Our teachers utilize a range of ENL strategies to support our newcomers including visuals, graphic organizers, sentence frames, anchor charts, word play activities to build Tier 1, Tier 2 and 3 vocabulary. Since a lot of newcomers are at the early stages of acquiring English as a new language, our teachers continue building students' phonemic awareness and utilize decodable text sets. Teachers strategically select decodable texts that are aligned to the letters and sounds students learn during Fundations. In addition, our teachers developed activities in their instruction where the read, talk, write, talk cycle is included in each lesson where the text becomes the center of activities. Students are provided with sentence frames when they turn and talk and also during their writing to develop their fluency by using complete sentences. Discourse routines are infused in all content areas to develop oral fluency. Students have access to words to know list that
aligns to the HMH Into Reading modules and the decodable text from Fundations and HMH.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0% of ELLs are SIFE

Supporting Students with Interrupted Formal Education (SIFE) in an English as a New Language (ENL) setting requires intentional, scaffolded, and trauma-informed strategies. These students often have limited literacy in their home language and face gaps in academic content knowledge due to disrupted schooling, so they benefit from targeted supports that address both language development and foundational academic skills.

Here are some effective ENL strategies to support SIFE students:
1. Scaffolded Language and Content Instruction

Use visuals, realia, and gestures to support comprehension of both academic content and English vocabulary.

Graphic organizers (e.g., Venn diagrams, timelines, concept maps) help structure thinking and bridge gaps in background knowledge.

Sentence frames/starters guide language production while building confidence in speaking and writing.

2. Build Foundational Literacy Skills

Provide explicit instruction in phonics, phonemic awareness, and decoding—especially important for students with limited or no literacy in their home language.

Use leveled texts that match students' reading levels but maintain age-appropriate content.

Interactive read-alouds with shared discussion help build vocabulary and comprehension.

3. Culturally Responsive Teaching

Validate and integrate students' cultural and linguistic backgrounds into the curriculum.

Provide opportunities for students to share their experiences, fostering identity and self-worth in the classroom.

Avoid assumptions about what students "should" know based on age or grade level—focus on growth and learning potential.

4. Language Experience Approach (LEA)

Use students' spoken language to generate written text, then use that text for literacy instruction.

This supports a strong connection between oral language, reading, and writing development.

5. Targeted Vocabulary Instruction

Teach tiered vocabulary (everyday, academic, and content-specific words) in context.

Use repetition, multiple exposures, and meaningful practice through games, visuals, and real-life application.
6. Build Social-Emotional Support

Create safe, predictable classroom routines to reduce anxiety and increase a sense of belonging.

Use peer mentoring or buddy systems to support social integration and language practice.

Recognize and be sensitive to potential trauma or displacement experienced by SIFE students.

7. Small Group or Individualized Instruction

Provide intensive, small-group instruction focused on literacy and language development.

Use diagnostic assessments to identify specific gaps in skills and tailor instruction accordingly.

8. Integrate Technology Thoughtfully

Use apps or tools that reinforce basic literacy, vocabulary, and language acquisition (e.g., Imagine Learning, Raz-

Kids, or Rewordify).

Encourage digital storytelling or voice recording to build language fluency.

9. Collaboration with Other Educators

Co-plan with content area teachers to ensure language supports are embedded in all instruction.

Work with guidance counselors, social workers, and family liaisons to provide wraparound support for students and families.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0% of students are Long Term ELLs

Instruction for Long-Term English Language Learners differs from that of Developing ELLs and Newcomers in several key ways due to their differing language proficiency levels and educational backgrounds. Long-Term English Language Learners typically have conversational fluency in English but continue to struggle with academic language, especially in reading and writing. Instruction for these students should focus on developing academic vocabulary, refining grammar, improving writing skills, and strengthening reading comprehension.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

0% of students are former ELLs

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Attendance has been a key focus for us, especially for students who travel abroad for extended vacations. We're working on strategies to address this issue, as it can have a significant impact on students' learning and continuity. It's a challenge, as these extended absences can disrupt their academic progress.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

There is no trends since all of our students are new admits and we do not have currently former ELLs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At our school, the English Language Learners (ELLs) with the largest representation primarily speak Arabic as their home language, followed by Spanish. In recognition of the linguistic and cultural assets these students bring, our school has established several supports, structures, and processes that honor and integrate their home languages into the school community.

To support Arabic-speaking students and families, we have bilingual staff members, including teachers, school secretary and paraprofessionals, parent coordinator who speak Arabic and assist with both instruction and home-school communication. Our Dual Language Program offers instruction in both Arabic and English, providing students the opportunity to develop full bilingualism and biliteracy while accessing academic content in both languages. In addition, important school communications such as notices, newsletters, and surveys are translated into Arabic, Spanish, and Mandarin to ensure families are fully informed and engaged.

We will continue seeking bilingual Spanish candidates to support our school needs. In the meantime, we collaborate with other schools within our district as needed to provide support as needed to our school community.

We utilize the Language Line and NYC DOE translation and interpretation services for real-time language support during parent meetings, conferences, and school events. Our parent coordinator and ENL team work closely with families to ensure their voices are heard and that language is never a barrier to participation. Instructionally, we incorporate culturally relevant texts and allow students to use their home language as a bridge to English, especially during the early stages of language development. Through these systems, our school demonstrates a strong commitment to valuing and sustaining students' home languages while supporting their success in English.

We have ordered translation devices that staff utilize with students and parents based on needs during the school day and during school events.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Fifty percent of our ELLs are Hispanic, while the other 50% are classified as White (Non-Hispanic). We take into account the cultural backgrounds of our ELLs when planning daily instruction. Students are encouraged to share stories about their names, and parents are invited to participate in our monthly Family Friday events. Each day, teachers have 15 minutes after arrival to engage students in Social Emotional Learning activities from the HMH Into-Reading core curriculum, where they watch videos and learn strategies for identifying and managing their emotions. Teachers, in collaboration with their students, have also created a Classroom Charter and use the mood meter as part of the RULER approach to emotional intelligence.

During Spanish Heritage Month, parents volunteered and worked with classroom teachers to plan arts and crafts projects that celebrated diversity. This year, for Spanish Heritage Month 2025-2026, the school hosted a dinner with a live music band in the cafeteria, which was attended by many students and parents.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Last school year, we had seven ELLs, of which six students took the 2025 NYSESLAT. One student, however, was unable to take the exam as the student traveled overseas and could not return due to challenging circumstances the student family was experiencing. Of the six kindergarten students who took the 2025 NYSESLAT, all showed progress. Four students moved from Entering to Emerging, and two students moved from Emerging to Expanding.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Last school year, we had seven ELLs, of which six students took the 2025 NYSESLAT. One student, however, was unable to take the exam as the student traveled overseas and could not return due to challenging circumstances the student family was experiencing. Of the six kindergarten students who took the 2025 NYSESLAT, all showed progress. Four students moved from Entering to Emerging, and two students moved from Emerging to Expanding.

All students started at the Entering level based on the NYSITELL when students entered kindergarten and all students showed progress. Students showed progress in speaking and struggled in writing.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Last school year, we had seven ELLs, of which six students took the 2025 NYSESLAT. One student, however, was unable to take the exam as the student traveled overseas and could not return due to challenging circumstances the student family was experiencing. Of the six kindergarten students who took the 2025 NYSESLAT, all showed progress. Four students moved from Entering to Emerging, and two students moved from Emerging to Expanding.

As of now, we only have kindergarten and first grade. There is no other state assessments administered beside the NYSESLAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

All ELLs showed progress, moving up one to two proficiency levels on the 2025 NYSESLAT, except for one student who remained at the same proficiency level due to extended absence for more than half of the school year.

Of the seven ELLs, three students had IEPs. Two of these students showed progress on the 2025 NYSESLAT, moving from Entering to Emerging. The third student, who remained at the Entering level, was absent for more than half of the school year and was not present during the assessment period.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At P.S. 413, our goal is to make grade-level content accessible to all students, including ELLs and those with special needs. To increase student engagement, our teachers use a variety of scaffolds to support all learners. Total Physical Response (TPR) is incorporated during Haggerty, Fundations, and certain word play activities. Teachers also focus on unpacking Tier 2 vocabulary using various word play strategies to build students' language skills. Additionally, anchor charts and differentiated graphic organizers are used during the HMH Into Reading literacy block to help make learning more accessible.

In math instruction, students have access to a variety of tools and manipulatives that allow them to make their thinking visible and deepen their understanding. The read, talk, write cycle is part of our daily instruction, ensuring that students are actively engaged in all aspects of learning.

We also continue strengthening Tier 1 instruction through the gradual release model. Teachers explicitly model the "I do" part of the lesson, followed by the "we do" portion, where students try the new skill with some support. Finally, during the "you do" part of the lesson, students apply their new learning independently before sharing with the whole class. This approach has been carefully implemented and monitored to ensure that our Tier 1 instruction effectively supports student learning.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership Team ensures that instructional materials are tailored to support Multilanguage Learners (MLLs). Teachers have been collaborating with our instructional coach during planning sessions to select appropriate scaffolds from the HMH modules. These include strategies like zooming in and zooming out on specific parts of the text, front-loading Tier 2 and Tier 3 vocabulary, Text Engineering, and regularly incorporating the read, talk, write cycle in daily instruction.

We are also going to work on unpacking science and social studies units using various scaffolds to teach both content and language. As part of the literacy shifts, we are focusing on the effective use of decodable texts during

the Fundations block. This approach strengthens the transfer of new learning from sounds to words and sentences in decodable books, which focus on the same skills presented in the lessons, giving students time to apply their learning and make connections.

We've ordered many sets of decodable texts for classroom use, and students are also sent decodable books home weekly to practice. Teachers have received training on best practices in math instruction to support all students, including MLs. This training includes setting clear learning targets and success criteria, beginning each lesson with number or dot talk to build conceptual understanding, and designing tasks that are challenging and encourage meaningful conversation using math vocabulary.

To make students' thinking visible, they are given time to use manipulatives like ten frames, connecting cubes, rekenreks, and number lines, as well as opportunities to draw and explain their responses. We are also introducing the Three Read protocol and using exemplars in math to further support all students, including ELLs.

Additionally, students have access to iReady in reading and math both at school and at home. Parents have received clear instructions on how to use this resource to enhance their child's learning. Teachers may assign specific skills based on students' needs or allow them to work on their personalized learning paths, which are created by iReady based on their responses to the Beginning of Year assessment.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the Freestanding ENL program, core content is delivered in English by a classroom teacher who holds both Early Childhood and TESOL certification. Teachers use a variety of scaffolds to help Multilingual Learners (MLLs) access grade-level standards, including front-loading vocabulary, utilizing students' home language as needed, providing sentence frames, and explicitly modeling the use of anchor charts and graphic organizers.

In the Dual Language program, core content is taught in both English and Arabic, following the roller coaster model. The classroom teacher employs a range of scaffolds in both languages to increase student engagement and build independence. These include Echo Reading, Choral Reading, and partner reading to develop fluency, as well as using the gradual release model to support students' language development and foster their independence.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

The teachers for MLs/ELLs-SWDs use various instructional strategies to provide access in the academic content area and accelerate English language development by using Google Translate, Immersive Reader, sentence stems, National Geographic online, word play activities, graphic organizers, audio books, and small groups with differentiated instruction.

b. SIFE

We currently do not have any SIFE students

To provide Students with Interrupted Formal Education (SIFE) equitable access to grade-level academic content and accelerate their English language development, our teachers of Multilingual Learners (MLs)/English Language Learners (ELLs) implement a range of targeted instructional strategies, scaffolded materials, and technology tools across core content areas. These supports are carefully selected to address both academic gaps and language needs.

Instructional Strategies

Scaffolded Instruction: Teachers break down complex tasks into manageable steps, using visuals, graphic organizers, sentence frames, and modeling to support comprehension and language production.

Sheltered Instruction (SIOP model): Teachers embed language objectives within content-area lessons (ELA, Math, Science, Social Studies) to ensure students are simultaneously building content knowledge and English proficiency.

Language Experience Approach (LEA): Students dictate stories or explanations in their own words, which are then used as texts for reading, writing, and language analysis.

Frontloading Vocabulary: Teachers introduce key academic and content-specific vocabulary before a lesson using visuals, realia, and interactive activities to build background knowledge.

Native Language Support: When possible, instruction or explanations in the students' home language (especially Arabic and Spanish) are used to build bridges to content and clarify misunderstandings.

Flexible Grouping: Teachers use small group and one-on-one instruction to target individual gaps in literacy, math concepts, and academic vocabulary.

c. Newcomers

Teachers plan their core curriculum where they utilize a range of scaffolds to support ELLs. Also, teachers utilize HMH vocabulary cards, anchor charts, graphic organizers and videos. In addition, HMH provides multiple scaffolds to support MLLs for each lesson that are differentiated based on the students' proficiency levels.

d. Long Term ELLs

We currently do not have any long term ELLs

To support Long-Term English Language Learners (LTELLs) in accessing grade-level academic content and accelerating their English language development, our teachers implement targeted instructional strategies, use scaffolded grade-level materials, and integrate technology to address the unique needs of these students—many of whom are orally fluent in English but continue to struggle with academic language, especially in reading, writing, and grammar.

Instructional Strategies

Academic Language Development: Teachers embed explicit instruction of academic vocabulary and language

structures into content-area lessons across ELA, Math, Science, and Social Studies. This includes teaching sentence variety, transition words, and content-specific terminology.

Genre-Based Writing Instruction: Long Term ELLs will receive focused support in writing across genres (argumentative, explanatory, narrative) with modeling, sentence frames, and peer feedback, helping them develop clarity and structure in academic writing.

Targeted Grammar Instruction: Based on formative assessments, teachers provide mini-lessons on persistent grammar issues (e.g., verb tenses, subject-verb agreement) in meaningful contexts tied to their content work.

Close Reading with Scaffolds: Teachers guide students through complex texts using text-dependent questions, chunking, annotation strategies, and collaborative discussions to build comprehension and vocabulary.

Oral Language Development: Strategies like academic discourse protocols, Socratic seminars, and structured group discussions support the development of formal spoken English and critical thinking.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Currently, we have five ELLs with IEPs, three in first grade and two in kindergarten. The ENL teachers collaborate closely with the Special Education Teachers when planning lessons, ensuring that the students' IEP goals are reviewed and integrated into the planning process. Teachers consistently monitor students' progress toward their goals and meet periodically with parents to share updates on their progress and the impact of their current learning.

One of our special education teachers attended a district 20 training and shared her new learning with the staff by presenting a professional development session on Specially Designed Instruction. She highlighted key components from students' IEPs and recommended scaffolds that all teachers working with these students can use to increase engagement and enhance learning.

The progress of our ELLs with IEPs is monitored during our Circular 6 meetings, where we discuss HMH weekly assessments, performance tasks, Fundations unit assessments, and Envision math daily and unit assessments. After completing the Beginning of Year Acadience Screener, we identified students who would benefit from Tier 2 and Tier 3 additional support, and we have planned to monitor their progress every two weeks. Some of these students are ELLs with IEPs that receive additional support during the school day.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At our school, Spanish-speaking students who are identified as English Language Learners and did not pass the NYSITELL are assessed using the Spanish LAB-R, in accordance with New York State requirements. This assessment provides valuable information about students' Spanish language proficiency, supporting appropriate instructional placement and bilingual service delivery.

In addition, to support our Arabic Dual Language Program, our school will develop and implement Arabic language assessments specifically designed for our kindergarten cohort. These assessments will be aligned to early childhood learning standards and will measure students' oral language development, vocabulary acquisition, and foundational literacy skills in Arabic. The goal is to monitor bilingual development, inform instruction, and ensure that students are progressing in both English and Arabic within the two-way dual language model.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At our school, we have established intentional systems and collaborative structures to support co-teaching and professional partnerships across all ELL program models, including Integrated ENL, Stand-Alone ENL, and the Dual Language Bilingual Education program. These systems are designed to ensure that instruction is both linguistically responsive and academically rigorous for Multilingual Learners (MLs)/ELLs.

Co-teachers have 5 common preps each week. They meet with the out of classroom ENL teacher during planning per session that we have started from the beginning of the school year in cycles focusing on literacy, math as well as science and social studies.

Co-plan lessons using research-based instructional models including the gradual release model to support Tier 1 instruction. Differentiate instruction and scaffolds based on language proficiency levels.

Analyze student work and adjust instruction based on formative assessment data

In the Dual Language program, our teacher is planning with the other kindergarten teacher weekly to ensure alignment in content, language development, and utilizing different strategies across both languages of instruction.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's professional learning plan is designed to build staff capacity to effectively address the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs) across all program models, including Integrated ENL, Stand-Alone ENL, and Dual Language. Through ongoing, embedded professional development such as weekly professional learning sessions on Wednesdays from 2:50 PM to 4:10 PM as well as grade-level PLCs, instructional coaching, and targeted co-teaching support, educators deepen their understanding of language proficiency levels and learn to design content-based lessons with clear learning objectives and success criteria.

Additionally, staff receive guidance on academic vocabulary development, and effective dual language instruction to promote biliteracy. The plan also prioritizes social-emotional learning by equipping teachers to create culturally responsive and trauma-informed classrooms, build strong relationships with ELLs and immigrant students, support newcomer transitions, and engage families across language barriers.

Teachers participate in professional learning sessions on Wednesdays from 2:50 to 4:10, where they engage in activities such as unpacking HMH modules, analyzing data from module assessments, and reviewing writing

performance tasks. Additionally, teachers track student progress using Acadience screener data and progress monitoring, which helps identify areas for targeted small group instruction followed by formative assessments to evaluate the effectiveness of instruction. As part of the HMH curriculum, teachers incorporate Social Emotional Learning (SEL) components at the start of each module, introducing SEL anchor charts and activities aligned with the module themes. As a PROSE school, there is also a dedicated 15-minute block each day for SEL activities, utilizing HMH resources along with mindfulness exercises.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

To meet these requirements, our school offers a series of ELL-focused professional learning sessions throughout the year, which are embedded within our existing school-wide PD calendar. Topics covered include, but are not limited to: explicit instruction with a focus on the gradual release model, effective use of decodable text, setting clear learning targets with aligned success criteria, frameworks for teaching mathematics, best practices for math instruction, and the "Math Practices Look Like" tool. Additionally, teachers have received training on Specially Designed Instruction to help them identify appropriate scaffolds in students' IEPs, ensuring that support is provided across all content areas throughout the day.

As part of our school's professional development plan to meet the required ELL-specific continuing education hours for teacher and leader certification renewal, the principal will be providing professional development to staff during professional development time on Wednesdays from 2:50 PM to 4:10 working closely with teachers to implement various scaffolds that address the needs of our ELLs. This begins with analyzing data such as NYSITELL results, screener data (including Acadience for ELA and iReady for math), and daily formative assessments and progress monitoring.

Data is used to identify students' strengths and areas of need, allowing teachers to provide targeted Tier 1 and Tier 2 instruction. This includes using questioning and discussion techniques to monitor comprehension and guide instructional next steps. At P.S. 413, we are committed to the belief that "All means All"—ensuring that all students, including subgroups, have access to grade-level content with the appropriate scaffolds. These strategies are reinforced through our professional development plan, which includes training from the principal, district staff, and our HMH coach.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At P.S. 413, we use the Acadience screener for ELA and the iReady screener for math. Our kindergarten and first grade teachers analyzed the Acadience Beginning of Year data to identify students performing below or far below grade level. These students are then assigned progress monitoring on Acadience every two to three weeks. Additionally, data from the iReady math screener was reviewed, and after consulting with an iReady coach, students will receive 45 minutes each week of targeted math instruction through iReady My Path to address specific skill gaps.

Our screeners are not only administered three times a year, but are also used regularly to monitor and support student progress.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

To support early literacy development, our school will implement Sound Sensible as a Tier 3 targeted intervention for kindergarten and first-grade students who show significant need. This intervention, delivered in English 4–5 times per week by a trained teacher, will focus on building essential phonological awareness and foundational reading skills. Eligibility for Tier 3 services will be determined based on students' performance on the Acadience Beginning-of-Year Screener and the Acadience Survey, specifically targeting students who score between 0% and 20%.

In addition, Tier 2 support will be provided in small groups by the classroom teacher within the classroom setting, also in English. This instruction will be based on screening and progress monitoring data and will focus on students who are approaching benchmark levels and need strategic support to accelerate their progress.

These multi-tiered interventions are designed to provide differentiated, data-driven instruction that ensures all students build a strong foundation in early literacy. As a school, we are focusing on strengthening Tier 1 instruction to reduce the number of students who require Tier 2 and Tier 3 support.

By the end of January 2026, we will analyze the middle-of-year screener data and adjust our plans for Tier 2 and Tier 3 support based on the most recent data. Parents will be informed about any changes or adjustments to these plans.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses a Multi-Tiered System of Supports (MTSS) to ensure that all kindergarten and first-grade students receive high-quality, differentiated literacy instruction in English.

At the Tier 1 (core instruction) level, all students receive daily, grade-level instruction from their classroom teacher. The instruction is explicit and includes modeling of new skills, frontloading of vocabulary, and the use of anchor charts to unpack the text. Teachers follow a gradual release of responsibility model, "I do, we do, you do" allowing students to observe, practice, and apply new learning in a structured and supported way.

For students who are approaching benchmark levels and need additional support, Tier 2 small group instruction is provided in English by the classroom teacher within the classroom. These small groups are formed based on data from the Acadience Beginning-of-Year Screener and ongoing progress monitoring. The focus of Tier 2 is to reinforce specific skills and accelerate student progress.

For students with significant literacy gaps, Tier 3 targeted intervention is provided using Double Fundations and/or the Sound Sensible program. This intensive instruction takes place 4–5 times per week and is delivered in English by a trained teacher. Tier 3 services are provided to students who score between 0% and 20% on the Acadience Beginning-of-Year and Middle-of-Year screening data.

This tiered approach ensures that all students receive the level of support they need to build strong foundational literacy skills.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At P.S. 413, teachers implement a comprehensive system of formative assessments to monitor student learning, guide instruction, and support the academic and language development of all students, including Multilingual Learners/ELLs. Key tools include the Acadience Benchmark Assessments, administered multiple times per year to evaluate foundational literacy skills and determine the need for Tier 2 or Tier 3 interventions. For students receiving targeted support, Acadience Progress Monitoring is conducted bi-weekly to track growth and inform instructional adjustments.

In early grades, teachers use Fundations daily checks and unit assessments to monitor phonics, decoding, and handwriting development. Additionally, the HMH Into Reading curriculum provides daily formative checks, Module Assessments, and Performance Tasks at the end of each module. These performance tasks allow students to demonstrate mastery of reading, vocabulary, and writing skills by drawing on the knowledge and strategies developed throughout the module. Teachers use this data to identify trends, target instruction, and differentiate support.

Teachers also analyze i-Ready diagnostic and instructional data, which is reviewed bi-weekly. One-on-one student conferences are conducted to unpack results, set academic goals, and support student ownership of learning. In the Arabic Dual Language Program, teacher-created assessments aligned to both NYS standards and Arabic language proficiency goals, such as oral language checks, vocabulary tasks, comprehension assessments, and writing samples are used to track bilingual development.

Student progress from all assessments is regularly shared with families to strengthen home-school collaboration. This multi-layered, data-driven approach ensures instruction at P.S. 413 is responsive, targeted, and equitable, helping every student thrive academically and linguistically.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the year, our school follows a systematic approach tailored to the linguistic backgrounds of our students. For new admits whose home language is Spanish, we administer the Spanish LAB-R assessment to accurately gauge their literacy skills in Spanish. This allows us to identify their strengths and areas of need in their home language, which informs instruction and support in both Spanish and English.

For kindergarten students enrolled in the Arabic Dual Language program, we use Arabic language assessments developed by the classroom teacher. These assessments are aligned with grade-level standards and designed to measure students' oral language, vocabulary, and early literacy skills in Arabic. By regularly evaluating students in their home languages, we ensure that their bilingual development is supported and monitored throughout the year, allowing for more targeted and effective instruction.

This commitment to home language assessment helps us provide equitable, linguistically responsive instruction and promotes biliteracy, while also enabling timely interventions that meet each student's unique needs.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At the end of our kindergarten students' first year, the NYSESLAT was the only summative assessment available to measure their English language proficiency growth. Out of the 7 ELL students tested, 6 showed measurable growth in their proficiency levels. Of these, four students advanced by one proficiency level, and two students improved by two proficiency levels. The only student who remained at the same proficiency level had significant attendance challenges, having been chronically absent for over 80 days due to traveling overseas and being unable to return to the United States until late in the school year because of unforeseen circumstances. Overall, the NYSESLAT results reflect strong progress for the majority of our kindergarten ELLs despite challenging circumstances.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our school is committed to ensuring that all English Language Learners (ELLs) are tested annually with the New York State English as a Second Language Achievement Test (NYSESLAT) in full compliance with state mandates. To achieve this, we have established a detailed plan that involves collaboration among multiple staff members and clear procedures to guarantee timely administration, accurate scoring, and uninterrupted instruction.

Administration and Scoring:
The NYSESLAT is administered by certified educators who hold TESOL or ENL certification, including ENL teachers, bilingual teachers, and special education teachers trained in ELL assessment protocols. The school ENL coordinator oversees scheduling and logistics to ensure all eligible students are tested. After administration, scoring is conducted by trained staff members, including the ENL team and designated teachers, following state scoring guidelines to ensure accuracy and consistency.

Ensuring Full Participation:
Prior to testing windows, the ENL coordinator collaborates with classroom teachers, administrators, and the school registrar to generate a comprehensive list of current ELLs. Families are informed about testing schedules and the importance of participation. For students with attendance challenges or new admits, the school implements make-up testing sessions to guarantee that all eligible student complete the assessment by the due date.

Mandated Instruction During Testing:
To ensure that all ELLs and former ELLs continue to receive their mandated ENL instruction during the NYSESLAT testing period, the school follows a coordinated instructional plan:

Scheduling: Testing sessions are scheduled in small groups or individually during times that minimize disruption to core academic instruction and ENL services.

Coverage: When students are testing, their classroom teachers and ENL instructors collaborate to provide alternative instructional activities or small-group work for non-testing students.

Instructional Continuity: ENL teachers adjust their schedules to provide targeted language development before or after testing sessions. For students not testing on a given day, ENL services continue as usual.

Communication: Teachers keep detailed records of students' testing schedules and instructional minutes to ensure compliance with mandated instructional time requirements.

Through this structured approach clear staff roles, effective scheduling, family communication, and instructional planning, our school guarantees that all ELLs are assessed annually with the NYSESLAT and continue to receive uninterrupted, high-quality ENL instruction during the testing period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

As of now, our kindergarten and first grade students do not have to take any state assessments beside the NYSESLAT.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

To fulfill the CR Part 154 mandate, our school provides a comprehensive and high-quality ELL Program Orientation for parents and guardians of all newly identified English Language Learners (ELLs). This orientation ensures families are fully informed about the ELL identification process, their rights, and the program options available under New York State regulations, including Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL) regardless of whether these models are currently offered at our school.

The session includes detailed explanations of each program's goals and requirements, with a focus on developing English language proficiency, supporting academic achievement, and, where applicable, fostering home language development. Families also receive information on the Next Generation Learning Standards, key assessments such as the NYSITELL and NYSESLAT, and school-wide expectations for attendance, academic performance, and language development. Materials are provided in families' preferred languages, and interpretation services are available to ensure full understanding.

Importantly, the orientation includes a dedicated time for parents to ask questions and express concerns. The school principal is present and actively engages with families, addressing their questions directly and providing clarity on any issues raised. This creates a welcoming and collaborative environment where families feel heard, valued, and empowered to support their child's educational journey. Orientation sessions are documented to ensure full compliance with CR Part 154 and to confirm that all ELL families have access to this essential information.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our ENL teacher will schedule annual meetings with parents to discuss their child's current language proficiency levels, as well as short- and long-term goals for language development. The teacher will use a Google document to track students' names, along with the meeting date, will add comments after completing the meeting. The school has a copy of the google documents' template for each ENL provider on file and once all documents completed, the ENL coordinator will print and save a copy for school records.

Meetings can be held before or after school, either in person or virtually, to accommodate parents' preferences and schedules.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

The school's Monthly Calendar and Monthly Newsletter are translated and sent home to families in their preferred language of communication, as indicated during registration.

Our bilingual staff are available to provide on-site translation services as needed to support our diverse parent community.

Additionally, the Microsoft Translator app is used for real-time translation when necessary.

We have also purchased translation devices, which are available for use by teachers and staff as needed.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

In collaboration with the parent coordinator, teachers sent out a survey to families to identify topics of interest for future workshops, which the school will offer based on parent feedback.

After parents have completed their interest survey of workshops, teachers by grade organized workshops virtually reflecting parents preference covering topics including understading my child's assessments, how to support my child at home in reading and math. Our Title 1 1% funds will be utilitzed as well to provide targeted parent workshops based on the survey results as well covering topics about social emotional needs and how to manage student behavior at home.

Each month, parents are invited to Family Friday, where they meet with the teacher to learn about the activities students are participating in that day. After the discussion, parents visit the classroom to observe the activities firsthand. During these visits, students continue their work, and parents can witness the learning process. At the end of the visit, parents are provided with a tool or strategy they can use at home to support their child's learning.

Additionally, we have hosted our first family potluck for the 2025-2026 school year, where each family will bring a dish that represents their cultural background.

Parents are also invited to participate in Career Day, where they can visit the school and share their personal stories and career experiences with students.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

As a new school, we had our elections for SLT and PA as well as for Title 1 where all directions were translated in different languages based on the parents' interest.
Translations will be provided during PA and SLT meetings if needed to ensure that all parents have access to topics under discussion.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We currently have a partnership with Gandma's Love non profit organization that donated books to our students and engaged in a read a loud of the donated book. Also, we were able to collaborate in organizing for a food drive to support community members in need of help before the holidays.

Our school partnered with Brooklyn Ballet and students will present a performance by the end of the school year during their stepping up ceremony. A residency art and movement partnership is established where students will receive a total of 10 coaching sessions that will support the end of year performance.

We also partnered with Community Board 10 and in the process of planning to teach students about the important role elected officials play in our Bay Ridge community.

The Arab American Association has been supporting our school and connecting with parents informing them about different opportunities and careers available in the Bay Ridge Community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

At P.S. 413, our goal is to create a joyful and inclusive learning environment where students' differences are not only celebrated but fully embraced. We recognize that English Language Learners (ELLs) are learning English as a second or third language, but they also bring a wealth of knowledge and experience from their first language. We honor their input by meeting them where they are and supporting both their academic and social-emotional needs.

Our school values bilingual education, and we're committed to expanding our offerings. Once resources allow, we plan to introduce foreign language instruction as early as kindergarten.

We're excited about our partnership with NYU Langone Dentistry, which will bring a full dental office to our nurse's suite, offering free dental services to our students.

Our school has great potential for growth, and we're excited to continue improving with the support of our District 20 team members and parents.

Starting in January 2026, we'll begin offering a cooking class to teach students about healthy eating habits. The class will consist of 10 sessions, one per week, and will include two parent workshops focused on healthy eating and cooking.

Additionally, we've launched an enrichment after-school program this year, offering activities such as soccer, arts and crafts, and foreign language classes.

As a team, we strive to provide our students with a meaningful learning experience that is not only academically enriching but also enjoyable.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

School Principal / ENL coordinator
ENL Teacher
Special Education Teacher
Dual Language Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Based on the NYC DOE Policy and Reference Guide for MLs/ELLs, when a new student is admitted, the principal is notified to begin the interview process. After conducting the interview, the principal will determine if the student is a new admit or a transfer from another DOE school. If the student is a new admit to the DOE, the parent will be provided with the Home Language Identification Survey. Based on the survey responses and the interview, a decision will be made regarding the student's eligibility for the NYSITELL. Parents will also be informed about the various bilingual program options available in the NYC DOE and asked to complete the parent selection forms.

If the student is eligible for the NYSITELL, the principal will administer the assessment within 10 school days for students in the general education setting, or within 20 school days if the Language Proficiency team determines eligibility. Once the assessment is completed, the principal/ENL coordinator will scan the answer sheet into ATS to determine the student's proficiency level. If the student's home language is Spanish and they do not pass the NYSITELL, the student will take the Spanish LAB-R within 10 school days for general education students or 20 school days for students with an IEP.

A parent orientation will be held in the parent's preferred language, where the principal will address any questions

regarding bilingual education and provide information about the available bilingual programs, including Freestanding ENL, Transitional Bilingual, and Dual Language programs.

Entitlement and Non-entitlement letters will be sent home in the parent's preferred written language based on the RAPL ATS report.

Finally, the ATS system will be updated to reflect the student's home language code and confirm that the orientation has been completed.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Saher Said

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Samar	Soubhieh	Parent Coordinator - Annual	02/27/2025	
Saher	Said	Principal - Elementary		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

RAPL - ATS report

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	10	15.38%	10	15.38%	3	3
CHINESE ANY	1	1.54%	1	1.54%	0	0
ENGLISH	44	67.69%	44	67.69%	4	4
SPANISH	8	12.31%	8	12.31%	1	1
Russian	2	3.08%	2	3.08%	1	2

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Newsletter	Translations are completed by staff members
Events Flyers	Translations are completed by staff members
Open House Slides	Translations are completed by staff members

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

Family Fridays	Translations are completed by staff members
School Leadership Team Meetings	Translations are completed by staff members
Coffee with the Principal	Translations are completed by staff members
Parent Teacher Conferences	Translations are completed by staff members
Parent Workshops	

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Our school is committed to ensuring clear and timely communication with all families, including those who speak a language other than English. During emergencies such as lockdowns, fires, student attendance issues, or medical situations (e.g., a nurse or hospital visit), we use a combination of the following resources and processes to ensure parents receive information in their preferred language:

Translation and Interpretation Services:

We utilize the NYC Department of Education's Translation and Interpretation Unit (TIU) to provide real-time interpretation in over 200 languages.

Bilingual staff members and designated language liaisons are available onsite to assist with urgent communication when needed.

Multilingual Messaging Systems:

We use communication platforms such as SchoolMessenger, Operoo, or Kinvo, which allow us to send emergency alerts, text messages, voicemails, and emails in the family's preferred language.

Important written notices are translated and distributed through these platforms to ensure accurate information reaches all families.

In-Person and Phone Support:

For phone calls, we can initiate three-way calls with interpreters through the TIU or Language Line service to

facilitate direct communication between staff and non-English-speaking parents.

Front office staff are trained to identify language needs and follow established protocols to ensure immediate language support is provided.

Emergency Contact Forms and Language Preferences:

At the start of the school year, families are asked to complete emergency contact forms and indicate their preferred language. This information is stored in our student information system and referenced whenever emergency communication is necessary.

Parent-Initiated Emergencies:

If a parent needs to contact the school in an emergency and does not speak English, they may call the school, and an interpreter will be arranged immediately through the DOE's language support services or bilingual staff.

Through these measures, we aim to ensure that all families are informed, supported, and empowered to respond appropriately during emergencies—regardless of the language they speak.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure compliance with NYCPS language access policies and to support equitable communication with all families, our school has established a structured process to guarantee that all staff members complete the required asynchronous NYCPS Language Access Training for School-Based Staff on the WeLearnNYC platform.

1. Training Completion Process
At the start of the school year, our Language Access Coordinator (LAC) will provide staff with clear instructions for accessing and completing the Language Access Training via WeLearnNYC.

Completion of the training will be monitored and tracked through WeLearnNYC's reporting tools and school-wide professional development attendance records.

Deadlines for completion will be communicated at staff meetings and via email, and reminders will be sent to those who have not completed the training.

Completion status will be reviewed by administration, and staff who have not fulfilled the requirement will receive follow-up reminders and support.

2. Familiarity with Language Access Best Practices
The LAC will facilitate a brief overview session during staff meetings or professional development days to highlight the key points from the DOE's:

Best Practices for When to Provide Translation of Critical Written Communications to Parents

Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents

Copies of these documents will be shared digitally and stored in a centralized staff-accessible location (e.g., Google Drive, internal staff hub).

Staff will be encouraged to consult these guides regularly and seek support from the LAC for language access-related questions or scenarios.

3. Dissemination of Language Access Updates and Resources
The Galaxy-designated Language Access Coordinator (LAC) will serve as the main point of contact for all language access communications.

Any updates from NYCPS or the Translation & Interpretation Unit will be promptly shared via email and reinforced during staff meetings.

New or revised language access resources will be added to our school's shared drive and reviewed with staff as needed.

The LAC will also maintain a Language Access Bulletin, distributed periodically, summarizing key updates, available supports, and best practices.

Through these structured steps, our school ensures that all staff members are trained, informed, and equipped to meet the language access needs of our diverse school community.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school is committed to ensuring that all families are aware of and can access language assistance services in their preferred language. We use a variety of methods to inform parents, ensuring communication is accessible, inclusive, and culturally responsive:

1. Translated Signage
Multilingual signage is prominently displayed throughout the school building—including the main office, parent coordinator's office, and entry points—to inform families that free interpretation and translation services are available upon request.

Signs include the "Point to Your Language" poster, which helps identify a family's preferred language so that appropriate language support can be provided immediately.

2. Printed Materials
Families receive translated brochures, flyers, and letters at the beginning of the school year and throughout the year. This includes:

The "Language Access for NYC Public Schools Families" brochure, which outlines interpretation and translation services.

School-specific materials, such as parent handbooks, event notices, and emergency contact forms, provided in the family's home language.

3. Parent Engagement Events
Language access services are highlighted at parent-facing events such as:

Back-to-School Night

PTA meetings

Parent-Teacher Conferences

International Families Night

Interpretation is made available at these events, and the school's Language Access Coordinator (LAC) provides an overview of how families can request language support for written and spoken communication.

4. Messaging Applications
We use multilingual communication platforms such as Operoo, TalkingPoints, or SchoolMessenger, which allow messages to be sent and received in the family's preferred language.

These platforms ensure real-time, two-way communication and reinforce that language support is always available.

5. Direct Support
The Parent Coordinator and LAC are available to answer any questions parents may have about language services and can assist with arranging interpretation for meetings or translating key documents.

By using multiple methods of communication, our school ensures that every family knows their language rights and can engage fully in their child's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through the Office of Language Access (OLA)'s Translation & Interpretation Feedback Survey, our school uses several methods to gather input from families regarding the quality and effectiveness of language assistance services provided in their preferred language. These include:

1. School-Based Surveys
We administer custom school surveys throughout the year—either digitally or on paper—translated into families' home languages. These surveys include specific questions about the clarity, timeliness, and accessibility of translation and interpretation services.

Surveys are distributed during key events such as parent-teacher conferences, family nights, and workshops to increase response rates and capture a wide range of feedback.

2. Parent Engagement Events & Focus Groups
During PTA meetings, Title I parent meetings, and multilingual family events, we allocate time for open discussion or facilitated focus groups where families can share their experiences with language access services.

Bilingual staff or interpreters are present to ensure families can comfortably express feedback in their preferred language.

3. Informal Feedback Channels
Our Parent Coordinator and Language Access Coordinator (LAC) regularly engage with families and are available to receive informal, real-time feedback via phone, email, or in-person meetings.

Comments, concerns, or compliments regarding language support are logged and reviewed by the administration to identify patterns and areas for improvement.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

This year, our school improved language assistance services by expanding the use of platforms like TalkingPoints and Operoo for multilingual communication, ensuring interpreters were available at all major events, and distributing translated materials like the Language Access brochure to families.

Feedback from the OLA survey and school-based input showed that families appreciated interpretation support but wanted more consistent access to translated classroom-level communication.

For the upcoming school year, we plan to:

Ensure all staff complete the WeLearnNYC Language Access Training

Provide quarterly reminders to families about available language services

Work with teachers to translate classroom updates

Launch a brief annual language access survey to guide ongoing improvements

These steps will help us build more inclusive, responsive communication with all families.
