Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Joseph F. Lamb

District Borough Number (DBN):

22K206

Grades Served:

K – 8th

School Address:

2200 Gravesend Neck Road Brooklyn, NY 11229

Phone Number:

718 743 5598

Fax:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Anne Marie Corrado	Principal or Designee*	
Yizhak Yakubovich	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Florence Wang	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Melanie Abad	District Council 37 (DC 37) Representative (staff), if applicable	
Caroline Chu	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Rochon Evertz	Member/UFT	
Karen Naidoo	Member/UFT	
Marilyn Jackle	Member/UFT	
Carolyn Cicarello	Member/UFT	
Ivy Siu	Member/Parent	
Dmitri Kalantzis	Member/parent	
Demetra Foti	Member/parent	
Micaela Iancu	Member/Parent	
Maria DiGiacomo	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS/IS 206 we are dedicated to a continuing tradition of excellence in an ever-changing world. Within a safe and supportive environment, we provide a relevant, high-quality education and prepare our diverse student body for future endeavors. We honor achievement and promote pride in ourselves, in our school, and in our community

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS/IS 206 is a K-8 school which represents a diverse community of learners which includes twenty six different languages. We are committed to our student achievement through the arts and supportive curriculum. We support all of our learners with an extensive English as a second language teaching staff and special needs staff. We also provide regents preparation and administration in math and science. We offer before and after school programs and our doors are always open to the school community. We order numerous family programs to support parent involvement and support. We support the whole child and community at 206.

Briefly summarize the key initiatives your school will implement this school year.

Implementation of HMH Into Reading and Into Literature
Project Based Learning in Middle School
Restorative Justice
Civics for All
Dream Squad

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-8	HMH Into reading and Into literature	
Math	K-8	Illustrative Math	

Ela and Math	K-8	I Ready	
Phonics	K-2	Fundations	
Phonics	K-2	Heggerty	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to June 2025 EOY i-Ready results, 51% of students schoolwide were at or above grade level in reading.	Students continue to struggle with basic phonics. Only 40% of Kindergarteners are at or above grade level according to their Acadience Composite Reading score. Upper Elementary and MS teachers do not have sufficient training to provide intervention in phonics. Students are not reading enough independently during school or outside of school. Many students do not have regular access to books.	Provide comprehensive phonics intervention systems for all grade levels across the school. Train teachers in targeted Phonics Intervention Programs. Provide targeted support to rising first graders to help more students achieve grade level reading in Acadience.

According to June 2025 i-Ready results, 47% of students were at or above grade level in Vocabulary.	PS/IS 206 is home to 453 MLLs, which represents 1/3 of the school. Students are struggling to master academic vocabulary as they learn English. PS/IS 206 has no coherent vocabulary program across the grades, other than HMH Vocabulary resources.	Research and implement a schoolwide Vocabulary program.
In Kindergarten, 40% of students scored at or above grade level in the EOY Acadience Reading Composite Score.	Students are learning phonics but have limited opportunities to apply what they have learned to reading at school.	Retrain K teachers to ensure that they are providing ample time for application of phonics. Restructure reading block to carve out more independent reading time. Provide additional support to rising first graders.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	29.5	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 29.5 to 39.5, of percentage of students scoring at or above grade level on the iReady Benchmark Assessments.
All Students	28%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 28% to 38%, of percentage of students scoring at or above grade level in iReady Vocabulary on the i Ready Benchmark Assessment Vocabulary Strand.
All Students	45%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 45% to 55%, of percentage of students at or above grade level on the Composite Reading Score on the Acadience Benchmark Assessments on the Acadience Benchmark Assessment Data.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Struggling students within 16th percentile for literacy will be identified during the summer and provided with targeted intervention programs beginning in early October.
Admin will form an AIS team to meet monthly to review and discuss student progress, as documented through AIS team meeting agendas and minutes.
Admin will provide training in Phonics Intervention programs to teachers in grades 4-8.
Admin will support teachers in providing classroom interventions to support struggling students.
i Ready Academic Sprints will continue, beginning in the Fall of 2026. The goal will be to have students in Sprint Group to reach stretch growth in an effort to close achievement gaps.
Admin will work with school librarian to reinstate the Open Access Library Program.
Admin will form a committee to work on establishing a productive working relationship with the Nostrand Ave Library.
Admin will form a committee to bring back Book Fairs and Book swaps to encourage student reading both inside and outside of school.
Admin will mandate reading logs for all students and provide incentives for students who read regularly.

Root Cause Addressed:

Lack of knowledge of Phonics instruction for teachers in Grades 4-8.
Lack of Targeted Phonics intervention for struggling students.
Lack of student access to books outside of school.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Professional Learning on Phonics Intervention Programs for teachers in Grades 4-8.
Professional Learning for all teachers on use of data driven analysis to drive small group instruction.
Collaboration with Nostrand Ave Library to bring in programs to the school and encourage library visits.
Development of After School Programs for the purposes of Intervention beginning in October of 1925.

Key Strategy 2 (Optional):

Provide targeted support in phonics for rising first graders to ensure more students are reading on grade level when they enter second grade.

Root Cause Addressed:

Students are not applying phonics to reading after learning about the sounds.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Reorganize Kindergarteners so most of the beginning ENL students are in 1 of 4 classes. Assign ENL teacher to work with two classes and increase the time they spend in each class to provide extra support.
Provide interventions for struggling students beginning in October 2025.
Create an AIS team for Grade One that meets monthly to track and analyze student progress.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will create an AIS team that will monitor student progress:

Grades 4-8:
AIS team will examine I ready data to monitor student progress. Teachers of intervention programs will use secondary screeners to monitor student progress on a monthly basis.
AIS team will also monitor progress of Academic Sprint students to see if they are using i Ready on a regular basis, in an effort to help students attain stretch growth to close achievement gaps.

Grade One:
AIS team specific to grade one will meet monthly to analyze student progress and discuss strategies to move students. Data from secondary screeners, administered monthly, will be used to track progress.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/22/2026	Families of struggling students will be invited to monthly workshops to help them better understand how to support students at home.	Brooklyn Public Library
10/01/2025	06/22/2026	Families of rising first graders will be invited to workshops designed to help families help students practice phonics skills at home.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Use of teachers to create AIS team; Grade One teachers to present workshops to help families learn how to support students at home; Teachers and Literacy coach used to develop programs to help families learn how to work with students at home.

Instructional Resources

Fundations and Heggerty in Grade One; HMH Resources in Grades 4-8

Schedule Adjustments

Creation of WIN (What I Need) period to provide students with designated time for intervention.

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to OSYD Hourly Incident Analysis Report, 72% of school's behavioral infractions occur between the hours of 10 am - 2pm, primarily during lunchtime.	Our school is under construction and we have limited access to the schoolyard. Students are unable to play during recess. Student time is unstructured.	Increase the number of adults supporting students in the cafeteria. Provide additional administrative support to Middle School floors when the MS Assistant Principal is on lunch duty. Increase the number of conflict resolution training opportunities for students Increase variety of lunchtime clubs available to students. Provide additional support for socially vulnerable students.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	72%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in the percentage of incidents occuring during lunch hours from 72% to 62%, per the OSYD Hourly Incident Analysis Report.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

At the beginning of the year, we will hold an assembly regarding behavioral expectations at lunch and in the classroom. This assembly will be repeated periodically on an as needed basis.Guidance counselors will increase conflict resolution and peer mediation training for students. We will also increase the number of activities that students in Grades 6-8 can participate in during lunch (Student Volunteers Program, Lunchtime Basketball, Clubs, Tutoring). Teachers will offer clubs during lunch hours.

Root Cause Addressed:

Student struggles to resolve conflict to be supported through peer mediation and conflict resolution traning. Lack of student activities during lunch.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Counselors will increase peer mediation and conflict resolution training.
Assign a MS staff member to be in charge of Student Volunteer Program.
Increase activities available to students during lunch, including teacher sponsored clubs.
Provide professional learning on conflict resolution for teachers.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

PS/IS 206 Admin will review Hourly Occurrence Reports on a biweekly basis to track the number and type of incidents that occur. Admin will also meet with guidance team to check on participation in additional lunch time activity offerings on a monthly basis.
Progress will be documented through meetings and agendas.

PS/IS 206 will also examine Hourly Occurrence Report data at monthly safety meetings to hold us accountable to community.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/11/2026	06/26/2026	School will notify families of opportunities to partake in lunchtime activities.	
09/11/2025	06/26/2025	The school will host workshops on restorative practices/peer mediation for families.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Utilize Administrative Team and School Safety Team to analyze OSYD Hourly Occurrence Data. Have teachers run lunchtime clubs and sports programs.

Instructional Resources

N/A

Schedule Adjustments

Programming meetings at a time that school staff and parents can attend.

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to EOY iReady data, 52% of students in Grades K-8 are at or above grade level in mathematics.	Students need additional interventions in mathematics. There is no schoolwide intervention program for mathematics. Teachers need more support in small group interventions in mathematics.	Research and identify a research based mathematics intervention program.
According to EOY iReady data, 47% of students in Grades K-8 are at or above grade level in the Geometry strand.	Students struggle with geometric terminology. Geometry units are often taught later in the year.	Create a schoolwide program to help students master geometric terms and concepts.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	21.3%	PS/IS 206 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students at or above grade level in Mathematics. will Increase by 10% from 21.3% to 31.3%, for All Students, as measured by i-Ready Benchmark Results in Math

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-The Admin of PS/IS 206 will form a committee to identify a research based Mathematics Intervention to be used schoolwide.
-Students who are struggling in Mathematics will be given an opportunity to participate in an after school academy to develop Math skills, beginning in October of 2025.
-The school will continue to participate in Academic Sprints in Mathematics to ensure that students will achieve stretch growth in the upcoming school year.
PS/IS 206 will continue to provide training to teachers on:
-analyzing student data and use it to plan for interventions
-Mathematics Intervention Programs

Root Cause Addressed:

Closing learning gaps in Mathematics for all students.
Developing capacity to analyze student data to form intervention groups.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Admin will form a committee to research and identify a Mathematics Intervention Program
Train teachers on Mathematics Intervention Program

Provide training for teachers on data analysis to create small groups for Mathematics intervention.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will create an AIS Committee with the purpose of collecting and analyzing school mathematics data for tracking purposes.
-

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/03/2025	06/24/2026	Meet with parents to discuss Mathematics Instructional Goals and Intervention Plans for the year.	PS/IS 206 Parents' Association
10/03/2025	06/24/2026	Offer family workshops to help parents work with their children on math at home.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Engage Administrators and teachers in the creation of a data analysis team to study Math Data trends.

Instructional Resources

Use Illustrative Mathematics resources and other viable research based programs for intervention

Schedule Adjustments

Create a WIN Period so that students can receive necessary support. Mandate small group instruction in Mathematics to close gaps.

Other Resources Needed

Professional Learning to support teachers in Mathematics Data analysis to drive small group instrcution.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the NYC Student Perception Survey, only 63% of Middle School students agreed or strongly agreed that they had an opportunity to learn about careers or think about their future.	Career Experiences are not cohesive schoolwide.	Plan and implement "Career Day" Events specific to Grades 6-8.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	63%	PS/IS 206 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the the percentage of students in Grades 6-8 who agree or strongly agree with the statement, "At this school, I have the opportunity to learn about different careers and to help me think about my future." for All Students will Increase by 12% from 63% to 75% as measured by NYC Student Perception Survey for PS/IS 206.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PS/IS 206 will create a committee consisting of Admin, parents, teachers, guidance counselors and Middle School students to plan and implement career day experiences, high school fairs/tours and middle school fairs and tours.

Root Cause Addressed:

Lack of cohesive college and career readiness programming

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Convene a College and Career Readiness Committee to meet at least monthly and more frequently as needed.
Create a Student survey to assess career interests
Guidance Team to work together to create Middle School and High School Fairs
College and Career Readiness Committee to design and implement College and Career Fairs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor and document progress through collection of Minutes and Agendas from College and Career Readiness Meetings.
We will also survey students every three months and ask "At this school, I have the opportunity to learn about different careers and to help me think about my future" to track student responses to the survey question.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/03/2025	06/26/2026	We will send out flyers and newsletters advertising college and career readiness events.	
10/03/2025	06/24/2026	We will invite families to both present and participate in College and Career Readiness events.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Work with teachers, parents, students and guidance counselors to plan college and career readiness events.

Instructional Resources

Research to see if there are resources available to support College and Career Readiness events.

Schedule Adjustments

Program students in Grades 6-8 to attend college and career readiness events during school.

Other Resources Needed

Build a working relationships with local colleges and high schools to organize tours.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYC Schools Survey-74% of 8th grade families say they communicate regularly with teachers about their child's performance. This is the lowest average in all of the grades.	No system monitoring	Create specific expectations for

	family communication	communication schoolwide
2025 NYC Schools Survey- 65% of 8th grade families say they attended a school meeting, a school event or parent teacher conference. This is the lowest averages in all of the grades.	Lack of Advertisement of School Events	Create system for updating 8th grade families on schoolwide functions.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	65%	PS/IS 206 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of 8th grade families who say they attend a school event or parent teacher conference will Increase by 10% from 65% to 75% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PS/IS206 will develop a comprehensive plan to improve communication with Grade 8 Families. We will publish a monthly calendar and a bimonthly newsletter to update families on what to expect in 8th Grade. Admin will create a system of notifying 8th Grade Families of events in multiple formats including Email blasts, texts, hard copies of invitations to events, PA announcements and student generated public service announcements. Food, drinks and homework passes will be given out as incentives for attending Grade 8 functions.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Form a committee to oversee planning of grade 8 events
Create a yearlong event calendar mapping out events in advance
Communicate events in multiple formats

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Send out survey question to families 3 times a year to monitor progress towards goals (October, January and May). Committee will convene to evaluate data collected through surveys and adjust plans as needed.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/16/2025	06/26/2026	Beginning in October of 2025 and ending June 2026, send out bimonthly newsletters advertising upcoming events for Grade 8	
09/26/2025	06/26/2026	Beginning in September of 2025 and ending June 2026, send out monthly calendars advertising upcoming events for Grade 8	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, admin to serve on committee to plan and implement events and communications

Instructional Resources

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions Portal June 2025 -19% of students chronically absent	Students travel back and forth between countries or some families take vacation during school.	Better Systems and structures to address absences with families.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	19%	By June, 2026, the Percentage of Chronically absent students for All Students will decrease by 3%, from 19% to 16%, as measured by the New Visions Portal Attendance data.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In late August/Early September, Admin will meet to identify students in Level 1 (lowest attendance schoolwide) and generate a list. The attendance team will focus on Outreach to this group throughout the year and call parents to discuss poor attendance and offer support. The attendance team will create incentives for students to come to school (special snacks or privileges).

Root Cause Addressed:

Lack of family understanding in regards of importance of attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Admin meets to identify students
Attendance team meets biweekly to monitor target outreach to group.
Create incentive program for good attendance for target group.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The attendance team will monitor attendance of target group on a biweekly basis.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/19/2025	06/26/2026	Send out monthly tips for good attendance to families.	
09/05/2025	06/26/2026	Attendance Team will reach out biweekly or as needed to families to offer support	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Admin, guidance counselors and teachers to serve on attendance team.

Instructional Resources

Flyers, banners and posters promoting attendance

Schedule Adjustments

Time for attendance team to meet.

Other Resources Needed

N/A

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
23-24 School Quality Snapshot- 95% of IEP students at PS/IS 206 recieved their program in full	Monitoring of programming and review of compliance reports	IEP Development and Fidelity of Implementation

24-25 SESIS Management Report from Referral through IEP- 6 IEPs were out of compliance	4/6 IEPs out of compliance where in a language other than English	Transition Planning and Compliance
24-25 School Survey- 62% of multiracial families answered favorably to the question, "If I suspect my child needs supports and services, I know the next steps and how to get supports at my school."	Information about how and when to seek help not readily accessible to families.	Referral Process and Equity
OSYD 3 Year Suspension Rate for Race, Gender and IEP- The number of IEP students suspended during the past 3 years has decreased.	Counseling to provide students with techniques to manage conflic	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	82%	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, we will improve Ensuring that all families know how to get extra help when their children are struggling, particularly access to intervention programs that would prevent the necessity of a referral. by a 6% Increase, from 82% to 88%, as measured by NYC School Survey.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

PS/IS 206 will develop parent materials to give families access to action steps to get assistance when their child is struggling. We will hold meetings for families to inform them of the intervention processes in school, how they are implemented and how families can help their own children at home.

Root Cause Addressed:

Lack of family access to referral process and intervention program information.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS/IS 206 staff develops flyers and graphics in multiple languages explaining what to do if your child is struggling.
PS/IS 206 will develop workshops for families to both understand intevention programs, the referral process and how to assist their children.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor progress towards our goals through administering surveys to all families and disaggregate the data to subgroups and compare the percentage of each subgroup that responds favorably.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/26/2025	06/26/2026	Hold bimonthly workshops to offer support to families with interventions	
09/30/2025	06/26/2026	Create and distribute materials about referral process to intervention programs.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Teachers, parent coordinator and special ed staff to create committee to create and implement workshops

Instructional Resources

Creation of flyers in multiple languages advertising events and explaining processes.

Schedule Adjustments

Time for Committee to meet and work on materials

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Orton Gillingham	Recommendation by SIT team and assessment	Decoding and Fluency	Pull out group	during school	no
Spire	Recommendation by SIT team and assessment	Decoding and Fluency	Pull out group	during school	no
Math intervention	Recommendation by SIT team and assessment	I ready	Pull out group	during school	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At risk counseling	recommendation	individual and small group counseling	one to one and small group	in school	no
Sapis counseling	preventative	Substance Abuse prevention	small group	during school	no
Physical Education Programs	Student interest	Wellness	small group	before during and after school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

PS/IS 206 will share the intervention process and resources at parent meetings. A section of bimonthly newsletters will be devoted to MTSS information. Information about MTSS will also be included in parent handbooks.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students who receive Tier 2 or Tier 3 supports will receive progress reports on a monthly basis or as needed.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

If Tier 3 interventions are required, PS/IS 206 AIS Team will meet with families to discuss the rationale for the interventions and the plan for support for the six week cycle. After 6 weeks, the AIS Team will meet with families to provide an update on progress and determine next steps.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

70

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

In the 24-25 school year, Guidance counselor Tina Aspinall worked with school based translators to reach out to families of STH. Families were invited up to school for a breakfast and school personnel supported families in completing the surveys in multiple languages. After reviewing survey data, most families asked for after school programs to support their children academically. Families also requested food and clothing.
Families also expressed that they felt isolated and wanted to connect more with other families in temporary housing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

- School supplies and support for the family
-Funding of all school activities

- At risk counseling and support
-After school program targeting STH students
-Urban Advantage Field Trips for STH Families
-We created a non-perishable food pantry and provide students to families over long weekends and holidays

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school’s Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community.PS/IS 206 in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS/IS 206 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS/IS 206 , in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers and Admin will receive coaching and staff development from HMH
Teachers and Admin will receive training in new math program

School community will be provided with all professional development opportunities provided by city and state.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Aligning kindergarten curriculum and support with pre schools

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	n/a	n/a	n/a
Title I, School Improvement 1003(a)	Federal	n/a	n/a	n/a
Title II, Part A	Federal	n/a	n/a	n/a
Title III, Part A	Federal	n/a	n/a	n/a
Title III, Immigrant	Federal	n/a	n/a	n.a
Title IV, Part A	Federal	n/a	n/a	n/a
Tax Levy (Fair Student	Local	n/a	n/a	n/a

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Anne Marie Corrado
Assistant Principal (Where Applicable)*	Hanan Fahmy
English as a New Language (ENL) Teacher*	Helen Rada
Teacher (if school has a bilingual program must be a bilingual teacher)*	Bronislava Schterk
Parent/Guardian*	Florence Wang
Teacher	Amanda Melluso
Parent Coordinator	Jennifer Hom
School Counselor	Elizabeth Costello
Related-Service Provider	Lisa Kerrigan
English as a New Language (ENL) Teacher	Diana Perchekly
English as a New Language (ENL) Teacher	Danielle Fernandez
English as a New Language (ENL) Teacher	Kristine Cicero

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

9

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

5

Number of teachers who hold both content area/common branch and ESOL certification:

7

Number of ESOL certified teachers with a bilingual extension:

3

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

5

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

3

Total number of teachers with LOTE certification providing World Language instruction:

3

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1,521

Total number and percentage (%) of current ELLs:

457 - 30.17%

Total number and percentage (%) of former ELLs:

146 - 9.64%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

380 - 83.2%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

61- 13.3%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

16 - 3.5%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1 - 0.2%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

57 - 12.5%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Russian	2017-2018	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Students are heterogeneously grouped in their classes with ML/ELLs, Former-ELLs, and Non-ELLs. All Entering and Emerging students are placed in ENL groups-according to grade level-or grade bands (kindergarten, grade 1-2, grade 3-4, and grade 5) and receive stand-alone ENL instruction from a certified ENL teacher. Entering students receive 360 minutes of ENL instruction. 180 of these minutes are integrated and 180 minutes are stand-alone. Emerging students receive 360 minutes of ENL instruction: 90 minutes of stand-alone ENL, 180 integrated ENL, and 90 minutes of flexible ENL instruction. Transitioning students receive 180 minutes of ENL instruction; 90 minutes are integrated and 90 minutes are flexible. Expanding students receive 180 integrated minutes of ENL instruction. Commanding students receive 90 minutes of integrated ENL instruction.

Our stand-alone ENL Program is a rigorous, systematic program of English language instruction using second language acquisition methodologies such as: The Natural Approach, Total Physical Response, and scaffolding (modeling, bridging, contextualization, schema building, graphic organizers, questioning, text re-presentation, metacognition, and working in cooperative groups), providing access to content area instruction through the use of various instructional supports.

New York State regulations determine how many units of ENL instruction each student receives according to his or her English proficiency level on the New York State English as a Second Language Achievement Test (NYSESLAT) or the New York State Identification Test for English Language Learners (NYSITELL) for newcomers. All ELLs participate and are afforded equal access to all school programs including the general education and special education programs.

Integrated ENL:

All ML/ELLs receive integrated ENL instruction in their classroom from a certified ESOL and common branch/ content area teacher who collaborates with the classroom teacher. All ELLs receive 180 minutes of integrated instruction, with flexibility in programming offered to Emerging and Transitioning ELLs for up to 90 minutes. Former ELLs receive 90 minutes of ENL instruction from their ELA or classroom teacher in small group instruction for up to two years.

All ML/ELLs are expected to engage in their daily lessons and participate in activities that are fully aligned to the NYS Next Generation Learning Standards. Our entire ENL program features high quality instructional practices that assist in the academic development and achievement of ELLs. ALL ML/ELLs participate in a rigorous, research-based literacy program, HMH, which embeds the Science of Reading approach and its five components: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Classrooms are print rich with libraries consisting of leveled readers and different genres. Teachers provide instruction to engage MLL/ELL students in rigorous

academic activities that promote conceptual and linguistic development in all disciplinary areas such as science, social studies, the arts, physical education and technology to achieve college and career readiness skills.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Our school does not have a Transitional Bilingual Education Program.

Dual Language Bilingual Education (DLBE):

The 2017-2018 school year was the first year we offered a Russian dual language program beginning in kindergarten. The program is a self-contained classroom that is one day in English and one day in Russian (50/50) in grades kindergarten to third grade. The class is made up of 50% of Russian native speaking ENL students, and 50% of non-ELL students. The program has grown into fifth grade in the 2022-23 school year.
In kindergarten, the program is implemented as such: reading, phonics, and writing is taught in English only. Shared reading, read alouds, social studies and some math is taught in Russian and English. In first grade to third grade, all content and literacy areas are taught in both English and Russian. In grades 4 and 5, students follow a departmentalized model. Some content areas are taught solely in English, while other subject areas are taught in Russian by a Russian dual language teacher. The current school year 2025-2026 services K-5 Russian Dual Language. We also offer Russian as a Foreign Language to Grades 6 and 7. Based on the 2024-25 monitoring for instruction and compliance, our school will implement a pilot program to strengthen our Dual Language program for the 2025-26 school year.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

As per CR Part 154, our staff is organized to ensure that all students receive at least the minimum mandated number of instructional minutes according to their NYSESLAT proficiency level. In order to do this, before school starts, the ENL staff and the administration looks at the NYSESLAT data and groups the students by grade level and proficiency level. We then add in all the new admits and transfer students within the first 10 days of enrollment. We ensure all students are identified by running the RLAT in ATS. This report gives us the scores on the NYSESLAT so we can verify that all students are put on the entitled list to be serviced. The number of students and periods will be determined when we receive NYSITELL and NYSESLAT results. An ENL teacher is assigned per grade to support students in their core subjects, and provide the mandated minutes for entering and emerging students. The Russian Dual language classes are taught by certified bilingual education teachers. An ENL teacher also provides additional support as a stand alone ENL provider for the Entering and Emerging ELLs. Additionally, all ENL students are programmed into STARS Classroom, which requires location, minutes, and an ESOL certified provider. We constantly check in with STARS and ATS to ensure all mandated minutes are met. As our ML/ELL population has grown, our ESOL-certified team has grown as well to ensure all students are serviced.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

English as a New Language instructional minutes are delivered by a certified ENL teacher. The teacher works with Entering, Emerging, and Transitioning ELLS in terms of flexibility in scheduling. The students can be grouped across the grade. English Language Arts is delivered through integrated co-teaching by the ENL teacher working collaboratively with a general education and/or a special education teacher. Home Language Arts instructional minutes are delivered by a certified bilingual education teacher in the students' dual language classroom.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

We currently have a Russian dual language program that has grown from Kindergarten to fifth grade in a self-contained model. The program is a self-contained classroom that is one day in English and one day in Russian (50/50) in grades kindergarten to third grade. The class is made up of 50% of Russian native speaking ENL students, and 50% of non-ELL students. The program has grown into fifth grade in the 2022-23 school year. After the fifth grade class graduates and begins middle school, the students are integrated into the general education population. They will no longer be in a self-contained Russian dual language model. However, Russian language will be taught as a content area subject by a Russian language teacher.

b. In which language(s) is each core content area taught?

Core Content area is taught in both English and Russian. In kindergarten, the program is implemented as such: reading, phonics, and writing is taught in English only. Shared reading, read alouds, social studies and some math is taught in Russian and English. In first grade to third grade, all content and literacy areas are taught in both English and Russian. In grades 4 and 5, students follow a departmentalized model. Some content areas are taught solely in English, while other subject areas are taught in Russian by a Russian dual language teacher. The current school year 2025-2026 services K-5 Russian Dual Language. We also offer Russian as a Foreign Language to Grades 6 and 7. Based on the 2024-25 monitoring for instruction and compliance, our school will implement a pilot program to strengthen our Dual Language program for the 2025-26 school year.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Our school currently has 380 Newcomer ELLs, which make up 83.2% of our ELL population. Newcomers mostly range from pre-production stage to speech emergence, where they might be in the silent period, have limited comprehension, produce a few words or simple sentences. Newcomers need exposure to the alphabet, lots of recognition work, manipulatives, visuals, realia, and repetition. Home language can be used when appropriate. Teachers mostly check for comprehension by using physical responses, such as drawing, pointing, or gestures. Teachers incorporate social-emotional learning to help them adjust to the new school.

Newcomer ELLs are given a variety of supports as they enter our school. For example, we provide all newcomers with an ENL binder which contains vocabulary with visuals, phonics supports, high frequency and sight words, sentence stems, scaffolds, and glossaries in their native languages. Newcomer students who test as Entering and Emerging levels receive four periods of stand-alone ENL as well as four periods of integrated ENL.

Long term ELLs often need the most support with reading and writing. We support them by working with classroom teachers to support students in these areas. For example, these students work in small groups for guided reading and writing, in order to strengthen their skills. They are also supported with vocabulary relative to their content areas.

Long term ELLs may need more support with their writing and content areas, whereas developing ELLs may need more support with phonics, vocabulary, and speaking skills.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We have one Student with Inconsistent/ Interrupted Formal Education (SIFE) in our school, Wich makes up 0.2% of the school population. We use the SIFE oral interview questionnaire and the Multilingual Literacy SIFE screener if necessary. Based on student and family interviews, we look at their needs and share the resources the Department

of Education provides, such as accommodations for testing, translated resources, bilingual dictionaries and glossaries, and parent engagement opportunities. The ENL department collaborates across content areas to support these students as they develop content knowledge, language for academic purposes, and literacy skills.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Our Long-Term ELLs are 16, making up 3.5% of the ELL population. Developing ELLs make up 13.3% of our students population, a total of 61 students. Developing and Long Term ELLs often need most support with reading and writing. For these students, we support them through integrated instruction. We provide scaffolds as needed. We continue developing cognitive skills and academic language both oral and written through small groups supports, conferences and partner work. Teachers use graphic organizers, lists, and brainstorming to help contextualize learning. Teachers provide sentence stems to organize their oral language and writing. Long-Term ELLs may still demonstrate difficulty with fluency due to the increase of academic language and vocabulary. We foster skills needed for independent learning to help them make the transition into becoming fluent multilingual learners.

For our developing students, who are able to respond in simple sentences and have greater receptive skills in comparison to their expressive abilities, instruction will focus on activities that are designed to:
-Develop higher level of language use in the content areas by supporting the development of Tier II and and Tier III vocabulary
-Encourage the use of reading comprehension strategies (summarizing, sequencing, inferring, comparing and contrasting, drawing conclusions, self-questioning, problem solving, relating background knowledge, distinguishing between fact and opinion, finding the main idea)
-foster self-monitoring skills

Strategies used for these developing students are:
-Modeling the writing process through brainstorming activities that are visually displayed via graphic organizers, charts, and think-alouds
-Explicitly teaching grammar, spelling and punctuation rules, as well as, the format for writing essays, reports, poetry and letters.
-Conferring with students to identify strengths and areas of need . These conferences provide data to drive instruction to further support our students.
-Small group instruction and partner work
-using Google Translate as a communication tool

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Our 146 former ELLs make up 9.6% of our students population. Former ELLs receive a minimum of 90 minutes a week up to two years of instructional services from an ENL teacher as integrated ENL services or small group language support from their ELA teacher. ENL teachers collaborate with classroom and content teachers to ensure that these students are receiving continued support, despite having demonstrated proficiency in the English language.

Some structures put into place to support these learners are:
-Modified/leveled activities
-Bilingual dictionaries
-Glossaries
-Continuing to focus on building academic language through the use of modeling and visual support

-Creating metalinguistic awareness within students by highlighting root words, affixes, cognates within texts, and idioms
-small group language support provided by the ELA teacher

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Of the 457 ELLs, according to the EDAT data, we have 44 ELLs in temporary housing. Our potential long-term ELLs are 41, or 9% of the school population. Those are students who have been receiving ELL service for 5 or 6 years. We have 380 newcomers (83.2% of ELL population) and 171 students who did not demonstrate enough ELP progress on the Spring 2024 NYSESLAT. 31.7% of ELLs scored Level 1 or 2 in the state Math exam in the year 2023-24, and 32.6% scored Level 1 or 2 in the State ELA exam in the year 2023-24.
We noticed that the data on the state exams might correlate with the years of service: newcomers make up 83.2% of our ELL population, which means they might not have enough years to develop academic language (5-7 years). The students who have scored Levels 1 and 2 for two years in a row dropped by almost half (16.6% for Math and 14.2% for ELA). This indicates that as students are in school, they build up their language skills. Students in temporary housing might not have a stable consistent environment.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the EDAT data, the largest at risk indicator is reflected on the ELA and Math state exams. For Math, 22.6% scored Level 1 or 2 last school year. This number dropped slightly to 15.1% for students who scored Level 1 and 2 for the last two consecutive school years. For ELA, 34.9% scored Level 1 or 2 last school year. This number dropped to 21.9% for students who scored Level 1 and 2 for the last two consecutive school years. We noticed that about 1/3 of our former ELLs are consistently struggling with state exams even after scoring out of the NYSESLAT, specifically in ELA.

There appears to be a direct correlation between attendance and student academic performance. Many students that are struggling academically are often late or absent.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language of ELLs with the largest representation is Russian, followed by Chinese, Uzbek, Spanish, Ukrainian, Tadzhik, Arabic, Georgian, Turkish, Urdu, among a few others. We as a staff work as a team to facilitate translation and support for students and their families. On our staff we have many multilingual personnel. The staff is composed of speakers of Russian, Uzbek, Tajik, Turkish, Ukrainian, Polish, Hebrew, Arabic, Urdu, Spanish, Mandarin, Cantonese, Vietnamese, and French. All our communication is translated. We continue to use technical translation devices and apps, as well as glossaries and dictionaries to support our students. Translators are available to assist with communication between families and staff. We also use the DOE translation services to assist parents.

We as a staff work as a team to facilitate translation and support for students and their families. On our staff we have many multilingual personnel. The staff is composed of speakers of Russian, Uzbek, Tajik, Turkish, Ukrainian,

Polish, Hebrew, Arabic, Urdu, Spanish, Mandarin, Cantonese, Vietnamese, and Haitian-Creole. All of our communications are translated. We continue to use Google Translate, as well as glossaries and dictionaries to support our students. Translators are available to assist with communication between families and staff.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

56.5% of our students are white, 35.9% are Asian, 5% are American Indian or Alaskan Native, and less than 3% total makes up Black, multiracial, and Pacific Islander. Students are exposed to authors and texts of various cultures, ethnicity, and religions. Our school recognizes culturally specific holidays and months such as Eid, Lunar New Year, Black History Month, Hispanic Heritage Month, Women History Month, and Asian Pacific Islander month. Our school prides itself on recognizing and celebrating all cultures. Options are given for students observing religious holidays such as a non-food activity instead of lunch for students who are observing Ramadan. Students are included in all classroom activities. We bring real world problems into our community and think of solutions. We ensure our pedagogy uses current materials and primary resources that are culturally relevant and authentic. We promote and teach empathy through our social emotional learning (SEL) time embedded into the day and lessons. Our lessons are culturally relevant, authentic, and support equity.

Students are exposed to authors of various cultures, ethnicities, and religions. Our school recognizes culturally specific holidays and months such as Eid, Lunar New Year, Black History Month, Asian American Pacific Islander Month. Our school prides itself on recognizing and celebrating all cultures. Options are given for students observing religious holidays such as a non-food activity instead of lunch for students who are observing Ramadan.
All ML/ELLs are integrated in the general education classrooms. There are no self-contained ENL classes. Students are taught the same curriculum as all other students. An ENL teacher collaborates with the classroom teacher to provide modifications to the lesson plans, and co-teaches with the classroom teacher. Also, notices that are sent home are offered in all languages represented in our student population and uploaded on Google Classroom streams. Since we are a Title III school, we are able to provide programs after school and on weekends. We partnered up with Puppetry in Practice where families collaborate and create new learning experiences with their children. We also provide a family language learning class, where parents and their children come together to learn English. We also create partnerships with community-based organizations to provide services for families, such as vision and dental care.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

81 students met progress by exiting ELL status (25.1%), while 52 students met their annual progress target (16.1%). 19 students, or 5.9%, met safe harbor cumulative growth. 171 students (52.9%) did not meet ELP sufficient progress. Although the RLAT shows students make progress, they are still not meeting the ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When observing the NYSESLAT results from last school year, we noticed the school overall performs better on the speaking modality. In terms of area of need, our students struggle most with writing.

ELLs often struggle with comprehension, decoding, writing, and the listening portion of the test. The data indicates that students who do not meet ELP sufficient progress may take longer to test as COMMANDING on the NYSESLAT.

Some things that we note may impact the results for these subgroups are:
-The length of the test. Though untimed, it's broken up into three days
-The listening section is monotone which can be a distraction.
-The reading selections are above their reading level and/or not relevant.
-The comprehension questions are written in a complicated way.

Some students continue to score as “Expanding” for several years in a row. Students who are able to relate to and connect with certain passages often score better.

8. What is the relationship between students’ performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

We noticed a correlation between students’ NYSESLAT scores and ELA/Math assessments. Students who are struggling with their English acquisition will also struggle on the ELA test, since there are complex reading passages and diverse writing tasks. Similarly, for the state math test, students who struggle with reading comprehension will have difficulty reading word problems on the test, and will therefore struggle with the test and score lower.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We have 57 ELLs with IEP (12.5%) and one SIFE student. The trends that we notice are that ELL students with IEPs and SIFE often struggle with the NYSESLAT. These students struggle with comprehension, decoding, writing, listening, and sometimes speaking. The data indicates that students with IEP's/SIFE may take longer to test as COMMANDING on the NYSESLAT. According to the EDAT, of the students with an IEP designation, 14 are emerging, 15 transitioning, 21 expanding, and 12 are commanding. Additionally, there is an overlap of IEP Identification and Long-Term ELL Status, research indicates a substantial overlap between students identified with an IEP and those who become long-term ELLs. And there are mislabeling concerns because reducing language abilities to a single score based on one assessment may mislabel students with diverse strengths and needs, potentially leading to inappropriate programming choices.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

All ELLs are integrated into the classroom experience provided for all learners at PS/IS 206. Students are provided with language learning supports: a print-rich classroom with visual anchor charts, mentor texts to show final work, desks set up in collaborative groups, leveled and content based labeled visual libraries with books from different genres and cultures, and visual resources such as vocabulary lists, visual reference charts and binders. Teachers provide ample opportunities to share their thinking through strategic partnerships and triads (pairing ELLs with another student who shares their home language and a strong English speaker). Our current instructional literacy program, HMH, offers opportunities to deepen their learning through digital individualized programs such as Waggle and Amira. These tools offer a personal tutor to each child according to their areas of need.
Teachers have developed self driven centers and collaborative activities to enhance the current unit the students are working on. In these centers, they can work on a current reading comprehension skill they are practicing, read decodable texts, work on Readers' Theater, or even represent their understanding of a text by creating posters, character cards, or write poetry. All of these learning experiences help our students deepen their learning and increase their language production in English.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team (ILT) consists of teachers from all grades and departments, including an ENL teacher. This year, the primary focus of the ILT team is to develop teacher knowledge and capacity using the HMH curriculum and assessments. The team works with all grade teams and the Dual Language program on analyzing reading readiness data from Acadience, iReady diagnostics, and HMH assessments. Upon analyzing the data, we observe which students are in need of more academic support in specific areas. Teachers then use other assessments like WIST and Walpole McKenna Decoding Inventory to assess student mastery of phonics and decoding skills, and further use this data to develop intervention groups and support with strategies for boosting literacy skills. We collect samples of student writing and small group work for inquiry to analyze the success of the strategies that were implemented. We implement explicit language learning strategies and cultural representation in the curriculum. This year, the school also used the data to support growth in literacy skills through after school programs. Students were offered additional opportunities for growth through after school literacy intervention, ENL

support, STEM and arts.

Teacher teams look at data across grade levels and make adjustments to curriculum as necessary to support our ML/ELLs. Every month, teachers meet with the literacy coach and the HMH staff developer to look over the data and discuss trends and next steps needed. Data is shared using Google Excel spreadsheets accessible by all teachers through a shared Google Drive. Teachers meet as a team weekly to discuss students' progress and collaborate to modify and adjust units of study to meet their needs. We have departmentalized fourth and fifth grade. This allows students to receive higher quality instruction in all areas. ENL teachers analyze the NYSESLAT scores by modality and proficiency level to create small groups based on students' needs.

Students receive support in a variety of ways. These students can be placed in heterogeneous classrooms and receive the support of an ENL teacher, a special education teacher, or both. Students with disabilities may be in an integrated co-teaching classroom or a self-contained classroom for part of the day, with the opportunity to participate in advanced math, ELA, and content classes. Students may receive decodables and leveled texts to support their learning in academic content areas, along with visuals, word banks, and glossaries. Assignments are modified. Material will also be presented to students through the use of technology to engage and appeal to all students. Teachers may use animated presentations or videos and present it on the SmartBoard, or have access on a device such as an iPad or a Chromebook. Teachers use Google Translate as a communication tool. Teachers offer ongoing and flexible small group instruction. Students receive an I Can Read Binder where they have access with visual vocabulary lists, anchor charts, and shared reading texts. Teachers display anchor charts and visual vocabulary lists for language support. Teachers model sentence stems and academic language throughout the day. Graphic organizers are used to contextualize learning. Teachers collaborate across the grade and vertically to maximize learning instruction.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Since the year 2023-2024, the school uses HMH into Reading for grades K-5 and HMH into Literature for grades 6-8 in English as the primary curriculum. This curriculum is science-based that includes essential elements of literacy and also contains scaffolds for multilingual learners. The program contains assessments, where data will be collected and used for small group instruction. HMH also offers texts that are rich and culturally relevant. Texts are presented visually and accessible to all students in print and digital. Core content is delivered using multiple modalities to meet students across levels. Students have opportunities to listen, speak, read, write, and explore hands-on activities in small groups and whole class experiences. In the dual language classrooms, core content is delivered in both languages depending on alternating days.

In the classroom, we model reading and writing through read-aloud and think-aloud, pairing beginners with a more dominant English speaker who can guide and support them while also modeling grade level appropriate language. Students may also be paired with speakers of their home language to offer comprehension support in a triad partnership. We provide cooperative group activities that beginners can participate in by performing tasks such as listing, labeling, categorizing, responding and answering questions. Visual support is provided during shared reading and writing. Students participate in shared experiences such as trips, neighborhood walks, and shows. Teachers plan instruction around themes to maximize opportunities for ELLs to acquire language and concepts. Vocabulary is introduced and developed by using visual supports as well as context based examples. ML/ELLs are encouraged to use bilingual dictionaries for home language support during reading and writing activities in order to clarify meaning.

We model reading and writing through read-aloud and think-aloud, pairing beginners with a more dominant English speaker who can guide and support them while also modeling grade level appropriate language. Students may also

be paired with speakers of their home language to offer comprehension support in a triad partnership. We provide cooperative group activities that beginners can participate in by performing tasks such as listing, labeling, categorizing, responding and answering questions. Visual support is provided during shared reading and writing. Students participate in shared experiences such as trips, neighborhood walks, and shows. Teachers plan instruction around themes to maximize opportunities for ELLs to acquire language and concepts. Vocabulary is introduced and developed by using visual supports as well as context based examples. ML/ELLs are encouraged to use bilingual dictionaries for home language support during reading and writing activities in order to clarify meaning.

For our developing students, who are able to respond in simple sentences and have greater receptive skills in comparison to their expressive abilities, instruction will focus on activities that are designed to:
-Develop higher level of language use in the content areas by supporting the development of Tier II and and Tier III vocabulary
-Encourage the use of reading comprehension strategies (summarizing, sequencing, inferring, comparing and contrasting, drawing conclusions, self-questioning, problem solving, relating background knowledge, distinguishing between fact and opinion, finding the main idea) foster self-monitoring skills

Strategies used for these developing students are:
-Modeling the writing process through brainstorming activities that are visually displayed via graphic organizers, charts, and think-alouds
-Explicitly teaching grammar, spelling and punctuation rules, as well as, the format for writing essays, reports, poetry and letters.
-Conferring with students to identify strengths and areas of need . These conferences provide data to drive instruction to further support our students.
-Small group instruction and partner work
-using Google Translate as a communication tool

Teacher teams look at data across grade levels and make adjustments to curriculum as necessary to support our ML/ELLs. Data is shared using Google Excel spreadsheets accessible by all teachers through a shared Google Drive. Teachers meet weekly to discuss students' progress and collaborate to modify and adjust units of study to meet their needs. Teachers are currently working on aligning content area units to our ELA reading and writing units to make learning more meaningful for all students. Additionally, we have departmentalized fifth and fourth grade. This allows students to receive higher quality instruction in all areas. ENL teachers analyze the NYSESLAT scores by modality and proficiency level to create small groups based on students' needs.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

When teaching ELLs with IEPs, teachers maximize their comprehension input by using multiple modalities. Teachers model strategies and show exemplars, provide tools for self-monitoring, use flexible small groups based on needs and interests, and strategic partnerships. Students are provided with graphic organizers, vocabulary charts, personalized anchor charts and word walls. Students are provided book baggies that contain a variety of leveled books, as well as interest-based and content books. Teachers incorporate technology to deliver visual friendly lessons using the SmartBoard and videos. Students have access to technology through iPads and chromebooks. Some useful ways to incorporate technology in the classroom are using digital read alouds on Epic, Unite for

Literacy, Storyline Online, Sora, Raz-kids, Reading A-Z, ReadWorks, NewsELA, Starfall, Learning Chocolate, and BrainPop.

Students receive support in a variety of ways. These students can be placed in heterogeneous classrooms and receive the support of an ENL teacher, a special education teacher, or both. Students with disabilities may be in an integrated co-teaching classroom or a self-contained classroom for part of the day, with the opportunity to participate in advanced math, ELA, and content classes. Students may receive leveled texts to support their learning in academic content areas, along with visuals, word banks, and glossaries. Assignments are modified. Material will also be presented to students through the use of technology to engage and appeal to all students. Teachers may use animated presentations or videos and present it on the SmartBoard, or have access on a device such as an iPad or a Chromebook. Teachers use Google Translate as a communication tool. Teachers offer ongoing and flexible small group instruction. Students receive an I Can Read Binder where they have access with visual vocabulary lists, anchor charts, and shared reading texts. Teachers display anchor charts and visual vocabulary lists for language support. Teachers model sentence stems and academic language throughout the day. Graphic organizers are used to contextualize learning. Teachers collaborate across the grade and vertically to maximize learning instruction.

b. SIFE

At PS/IS 206 we are constantly differentiating instruction for all our MLL/ELL subgroups. We use the SIFE oral interview questionnaire and the Multilingual Literacy SIFE screener, if necessary. Based on student and family interviews, we look at their needs and share the resources the Department of Education provide, such as testing accommodations, translated resources, and Parent Engagement opportunities. In addition, the ENL department collaborates across content areas to support these students as they develop content knowledge, language for academic purposes, and literacy skills.

c. Newcomers

Newcomers are students who have recently immigrated and have very limited English language skills. They are at the Pre-Production stage of Second Language Acquisition. Instruction is modified for newcomers by focusing on building vocabulary, developing listening comprehension, modeling reading and writing, using visuals, realia, and providing active contextualized engagement activities. A combination of different second language acquisition strategies (The Natural Approach, TPR, scaffolding) are used to introduce the students to school routines and basic English language skills. At this stage, teachers may utilize the student's native language to ensure the students' understanding of content area subjects while the student is acquiring English, as well as for social emotional support. We also have available bilingual picture dictionaries in many of the languages spoken at our school. Students have access to many computer programs and subscriptions to assist in their language acquisition such as RazKids, Epic, Reading A-Z, BrainPop, BrainPopJr, and BrainPop-ELL. In addition, we have a collection of bilingual/native language reading books in the school library and online that all students can check out to read during the reading block.

To ensure fairness and equity for our new incoming students, we provide assistance using staff as interpreters and pairing the new student up with a former-ELL or a MLL/ELL who shares the same language. Teachers accompany the new student around the building to familiarize them with the structure and the school community. Additionally, we hold workshops for parents to learn the English language and meet and collaborate with other families.

Some strategies employed to support our newcomers are:

- modeling reading and writing through read aloud and think aloud
- pairing beginners with a more dominant English speaker who can guide and support them while also modeling grade level appropriate language. Students may also be paired with speakers of their native language to offer comprehension support in a triad partnership.
- providing cooperative group activities that beginners can participate in by performing tasks such as listing, labeling, categorizing, responding and answering questions
- supporting shared reading and writing with visuals
- participating in shared experiences such as trips, neighborhood walks, and shows
- planning instruction around themes to maximize opportunities for ELLs to acquire language and concepts
- introducing and developing vocabulary by using visual supports as well as context based examples
- encouraging ELLs to use bilingual dictionaries for native language support during reading and writing activities in order to clarify meaning

d. Long Term ELLs

For students who are identified as needing extension of services because they did not meet the performance standard, they will receive Academic Intervention Services (AIS) by one of the specially trained AIS teachers, in addition to the instruction they receive from a certified ENL teacher. Some of the programs used for academic intervention are Orton-Gillingham and Spire in the elementary grades and Rewards and Phonics for Reading in the middle school grades. iReady is used to assess and provide individualized lessons based on academic needs.

These students are discussed at monthly School Implementation Team meetings to ensure progress is being made in Reading, Writing, Listening, and Speaking. For the students who fall into the sub-group of not meeting the standard in reading, both the classroom teachers and ENL teachers work collaboratively to improve reading comprehension, fluency, accuracy, and decoding skills by using the workshop model as a foundation of all reading instruction. Students receive direct and explicit instruction on fundamental literacy skills they are lacking.

Students are grouped according to the skill they are working on. All lessons are aligned to the learning standards to ensure that students have access to grade level texts. Short-term and long-term goals are set for each student with the ENL teacher and classroom teacher. Curriculum maps have been designed by grade level teams with input from the ENL staff that incorporate the Next Generation standards. Teachers confer with students one-on-one and then group students according to specific strategies that need to be practiced and mastered. Mentor texts are used to introduce the new genre of the unit.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Teachers familiarize themselves with IEP goals. The IEP is shared with all the teachers who work with the child. ENL teachers work with classroom teachers and service providers to ensure there are no scheduling conflicts. All students are taught the same curriculum with appropriate modifications. ENL teachers collaborate with the general education teacher to modify lessons to have multiple entry points to meet the needs of the diverse learners in the classroom. Additionally, teachers use assessments to create groups for guided reading and flexible groupings for strategy lessons. Students are serviced based on IEP needs, not program needs. Students are mainstreamed and placed in the least restrictive environment. Middle school students are programmed individually to suit their strengths and areas of need. Students may be in an advanced ELA class, and receive ENL integrated instruction in their social studies class.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Native language support is incorporated into ENL instruction throughout the day. We accomplish this several ways. One strategy we utilize is partnering ELLs with a native language speaker. We provide word-to-word glossaries and bilingual dictionaries in students' native languages. We have books in classroom libraries in their native language. We provide interpreters--either peers or staff members when needed. During class discussions, group instruction, small group instruction, or one-on-one, students can use a variety of ways of communication, such as pictures, representations, drawings, technology programs that offer translations, and an interpreter to help them in both languages. Google Translate is used to communicate with students in their home language, and students can use the dictation tool to verbalize what they want to write. You can also use it to scan written text in their home language and translate it into English.

Teachers informally assess home language literacy skills to support transferring skills from one language to the other by interviewing the student. We use Google Translate to check for understanding, vocabulary use, and knowledge of content. We use surveys and informal observations. Students are allowed to write in their home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Grades 6 to 8 have Spanish as a world language. Students are prepared for biliteracy by receiving two years of instruction in Spanish in grades 7-8. 6th graders are also introduced to Spanish as a foreign language. The Spanish proficiency test is administered in 8th grade so the students are appropriately placed in their respective foreign language levels in high school. Additionally, we offer Russian as a foreign language to grades 6-8 as an enrichment program and to enable student choice due to our high population of Russian speaking ENL students. This allows for our students to build their biliteracy and highlight their home language and biculturalism.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

ENL teachers work with classroom teachers in various integrated co-teaching models to deliver instruction for all ELLs. They might deliver a lesson together, or deliver the same lesson to a small group. ENL teachers also support students in small groups to reinforce previous skills taught. In grades 4-5, dual language teachers work in a departmentalized setting, where they collaborate with another teacher to deliver core ELA and Math in separate classrooms. The Russian dual language teacher instructs ELA and Home Language literacy to his/her class while his/her partner teacher instructs the math and content area.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The professional development plan for all MLL/ELL personnel (ENL teachers, general education, special education teachers, cluster teachers, paraprofessionals, related service providers, guidance counselors, SAPIS worker, secretaries, and anyone else that have ELLs in their classes) is coordinated by our administration in conjunction with the staff. Teachers are encouraged to seek out Professional Development opportunities which they feel will help them become more effective teachers. The administrative staff collaborates to combine ideas and find opportunities for teachers to participate in effective professional development and planning for teachers. Teachers take initiative to share best practices with their coworkers to support our MLL/ELL population.

Additionally, ENL teachers upload resources into a shared folder on Google Drive which is accessible to all members of our school staff. Staff may access these materials and use them at any point in the school year to support their students. An equity team was formed, which consisted of teachers from every grade level, who meet to discuss how the school is promoting equity to all students. The equity team conducted teacher-led workshops with a focus on sensitivity and equity for all students regardless of race, gender, ethnicity, and culture. We have time dedicated to Social Emotional Learning daily. At times, guidance counselors push into classrooms to teach whole group lessons on conflict-resolution and building positive self-esteem. Teachers are trained in Restorative Justice to teach conflict-resolution strategies, promoting mediation and not punishment. District 22 is also part of a pilot program called Ambassadors where teachers in all content areas meet monthly to discuss best practices, and have study groups to strengthen their pedagogical practices. Moreover, some teachers participated in a Fordham University program where half the tuition is supplemented to receive their ENL extension certification.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Staff attends ongoing professional development sessions offered by the NYCPS Literacy Collaborative and by the Brooklyn Field Support Center. Curriculum staff developers, such as HMH and Advanced Literacies, collaborate with classroom teachers in curriculum development and monthly professional development sessions. The ENL teacher collaborates with his or her respective grades during these sessions. Administration encourages all staff to attend workshops that offer CTLE hours during Chancellor's Professional Development Conference days, after school, weekends, and even during school hours to improve their practice. In the upcoming school year 2025-2026, we will have time built in the schedule for professional development.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

NYC Performance Tasks, Lexia, Iready, Acadience for K-2, NYSESLAT scores, ELA and Math state scores, and HMH Module Assessments are the screeners used to guide instructional planning. We use the data to create small groups, and modify the material.
We do these screening assessments 2-3 times a school year to see the progression and modify groups as we see their growth. We look at their needs and plan accordingly. The data provided from assessments in the classroom informs us of the current performance of ML/ELLs as well as their progress in their literacy and math skills.

In grades K-2, we used Acadience for ELA and iReady for math. iReady ELA and Math are the screeners used to guide instructional planning in grades 3-8. We use the data to create small groups, and modify the material.

These screeners are used for all students in the school. If students are in need of additional support, then more specific screeners are used in order to determine what additional skills and strategies the students need. These screeners include, but are not limited to Phonics for Reading placement tests, WIST assessment, Walpole McKenna Decoding Assessment, and Sand Diego Quick Assessment.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Students receive Academic Intervention Services (AIS) by one of the specially trained AIS teachers, in addition to the instruction they receive from a certified ENL teacher. Some of the programs used for academic intervention are Orton-Gillingham and Spire in the elementary grades and Rewards and Phonics for Reading in the middle school grades. iReady is used to assess and provide individualized lessons based on academic needs.
We also offer intervention during the after school programs. Teachers create programs that address the needs of a small group of students. The programs target language and literacy skills. They provide opportunities for additional vocabulary support and social interaction among peers. During the 2024-25 school year, our school looked at the data and recognized the students scoring at the lowest percentile in ELA. We assessed their areas of need using the Walpole McKenna Decoding inventory and SPIRE assessment in Grades K-3 and the San Diego Quick Assessment in Grades 4-8. Once we obtained more data, we created intervention groups where the classroom teacher offered 30 minutes of intervention for three times a week, as well as assigned iReady lessons. Students were also invited to receive more intervention during after school programs, where the groups were small and the teacher supported them with strategies to help boost their literacy and English language skills.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

When the data indicates that our current ML/ELLs are scoring at a significantly lower level than our non-ELLs, a committee consisting of the principal, assistant principal/special education supervisor, the school psychologist, the school social worker, occupational therapist, physical therapist, speech providers, ENL teachers, SAPIS counselor, guidance counselor, AIS/SETSS/IEP teacher, and classroom teachers meets to discuss ways to intervene. The results from assessments are also used to assess the need for Tier Two and Tier Three interventions.
RTI intervention go as follows: Tier 1 - intervention in the classroom - adjustments to the classroom setting, teaching methods, or teacher support from an ENL teacher used at this level. Students can be placed in small groups, they can receive peer tutoring, they may participate in guided reading groups, and they may have multiple entry points to help them progress using targeted technology (chromebooks, ipads). Teachers will differentiate instruction to reach all learners.
Tier 2 - intervention in addition to the classroom intervention is given twice a week for fifty minutes each day in groups of four to six students. In grades K-2, additional instruction is provided by an AIS teacher. State test scores, local assessments, and classroom assessments are used to determine student needs of tier 2 interventions. Programs include Wilson, Fundations, Orton-Gillingham, Spire, Great Leaps, Rewards, Phonics for Reading, and guided reading are used Tier 2 - intervention in addition to the classroom intervention. In order for students to move from tier 1 to tier 2 and above, teachers must present students to the School Implementation Team. All students, including MLL/ELLs, must complete Tier 1 through Tier 3 services before moving to the special education services. PS 206 has Arabic, Chinese, Russian, Uzbek, Urdu, Vietnamese, Turkish, and Spanish speaking staff including teachers and paraprofessionals who assist in determining the need of services for students. MLL/ELL students that are referred for special education services are evaluated in their native language.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments used by our school to guide instructional planning for MLL/ELLs in Grades K-8 are HMH Module Assessments for reading and Illustrative Learning for math. In addition, students in grades K-8 are given the Lexia and i-Ready assessments which measure their growth in ELA and math. K-2 also uses Acadience for ELA. In grades K-5, the reading assessments are given in September, January, and May. Math assessments are given prior to and after the completion of each module. Teachers use conference notes, checklists (both teacher and student made), as well as student work with rubrics to identify progress and areas of need. In addition, students complete a pre and post assessment portfolio piece per unit in all content areas. NYSITELL and NYSESLAT scores from the previous year are analyzed to drive instruction and place students in appropriate and flexible learning groups. In grades 8 students follow individualized schedules which place them in classes according to their scores from the previous year's ELA and Math tests and teacher input. Middle school students complete a pre and post assessment for each math unit. In ELA, middle school students follow the HMH into Literature curriculum. Students complete an on demand writing assessments prior to each writing unit as well as a post assessment after each unit. Additionally,

Teachers have been using apps like Raz-Kids to assign leveled books for informal reading levels, where the student records him or herself reading a teacher-selected text orally, then retelling the major parts of the book, and finally answering questions about the text.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Once the students are assessed through the NYSITELL, Spanish speaking students are evaluated in Spanish through the Spanish LAB. We use google translate and translated glossaries to support students during assessments. Teachers informally assess home language literacy skills to support transferring skills from one language to the other by interviewing the student. We encourage students to write in their native language. We use Google Translate to check for understanding, vocabulary use, and knowledge of content. We use surveys and informal observations. Students are allowed to write in their home language. We create portfolios by grade where each child observed/tested has their own section. We collect the data and share it via Google spreadsheets on a shared drive. Next year, we are hoping to use the Multilingual Literacy Sife Screener to determine students' literacy levels in their home language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We look at the data from the NYSITELL, NYSESLAT, as well as the results of the New York State ELA, Math, and Science assessments. iReady diagnostics is used as a baseline assessment, and performance tasks are also analyzed to observe student progress. Many of these assessments are ongoing and interdisciplinary projects are also used. Data spreadsheets are created monthly and contain students' levels and observation notes which inform us how much progress our MLL/ELLs are making as well as areas of need. Student work is collected into portfolios, which are handed year by year to their next teacher.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Student groups are scheduled for each session of the NYSESLAT. The teachers administering the NYSESLAT are:
-Diana Percheckly- ENL Teacher
-Jennifer Goldstein- ENL Teacher
-Danielle Fernandez- ENL Teacher

-Karolina Baj- ENL Teacher
-Kristine Cicero- ENL Teacher
-Yana Shifrina- ENL Teacher
-Helen Rada- ENL teacher
-Edith Laby- ENL teacher
-Carolyn Ciccarello- ENL teacher
-Mahsuda Khoja - ENL teacher

Teachers work on a rotating schedule to administer the test, so that we are able to continue to service our students during this time. In addition, ENL teachers continue to collaborate with classroom teachers, and provide support, scaffolds, and modifications for classroom teachers to use so that students are supported.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Both ENL providers and classroom teachers interview the students about their preferences in language accommodations. The various testing accommodations for English Language Learners are provided as needed. They are entitled to time extension on all exams, and a separate location. If they request or require additional time on a state test, we provide them with a quiet location to continue and complete the exam without feeling pressure when everyone else is done. When creating the testing schedule, we ensure they are not in larger groups. Additionally, ELL students are entitled to bilingual dictionaries and/or glossaries to provide direct one to one translations of words.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

After a child is assessed and determined to be entitled to ENL services, parents are invited to come to the school to learn about the programs offered in the NYC public schools. They receive the entitlement letter in their language of choice when available. They are given a choice of dates and times to fit their schedule. At the Parent Orientation, they watch the video in their preferred language. If their language is not available, we have printed scripts in several languages to help them follow along. An ENL service provider is always present during this meeting to answer any questions. We also include interpreters who may assist if needed. Parents are informed of the models present in our school (ENL and Russian Dual Language), the current level of the student, along with supports and strategies we use to help them increase their language skills. We also review the upcoming NYSESLAT they will take in May in addition to other state and school assessments. School routines and classroom expectations are discussed. The ENL team has the parents sign an attendance form and provide a short agenda of the meeting. The ENL team collects names of families interested in Dual Language programs other than Russian. After the meeting ends, parents receive a placement letter informing them of the program choice they selected and/or the program their child was placed in sent in their language of choice when available.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The ENL team provides office hours for parents who would like to meet and discuss their child's progress. Parent meetings are done in person, virtual via Google Meets, by phone call, or email if preferred. The ENL team keeps a log of interactions with parents. ENL teachers keep a checklist or log with all their students' names and keep track of the times they held a conference with a parent to discuss academic progress.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Upon registration, parents indicate their preferred language for written and oral communication in both the Home Language Identification Survey (HLIS) and in the Emergency Contact Card. School letters are sent home in multiple languages. The school often uses multilingual staff members to make phone calls when necessary. The ENL team surveyed all staff members, recorded the languages other than English spoken and written, and shared the final data with the entire staff. Parents usually request for translation, often use Google Translate or another devices to translate for them, or bring a relative to translate for them.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS/IS 206, we strive to keep our families informed and involved. We offer parent meetings to inform them of what is expected and how they can assist their children with regards to testing (ELA, Math, and NYSESLAT). We also offer parent meetings to explain the Summer Rising Program and assist with registration. We schedule great events that involve family participation. These events include Craft Nights, multicultural dinners and family potluck dinners. Families are invited to a variety of performances including multicultural dance, science, music and Broadway Junior. Local Police are invited to give workshops on bullying and interact with families. Puppetry in Practice provides weekly, virtual, interactive workshops where parents and children can participate together. We're also offering Family Fun Saturdays with Puppetry through art and movement. All families, regardless of language proficiency, can participate. in partnership with the Coalition for Healthy School Food, the school offered Family Dinner Night, where families learned about healthy food options offered in school lunch menus and were able to sample healthy foods provided to students. Farmers Markets are held in the afternoon where a variety of produce is given away. All parents are invited to monthly town hall meetings (school wide and district-wide) and are provided translation if needed.
Parents are also invited to a variety of assemblies that focus on different themes and awards such as, Music performances, Broadway Jr., grade level productions and "Student of the Month". English classes are also provided to parents weekly.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The Parent Association holds monthly meetings. Notices are sent home with invitations to attend monthly PA meetings, as well as posted on the Google Classroom, school website, and sent via email. Parents are encouraged to reach out to the School Leadership Team (SLT) and address any issues they feel needs to be discussed. A Parent Association representative attends the School Leadership meetings and serves as a bridge between the PA and the SLT. These meetings offer a venue for parents to have their voices heard and questions answered.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

PS/IS 206 has many partnerships with organizations offering opportunities to engage in multidisciplinary learning. These include visual arts, drama, movement, physical education, science, literacy, math, and hands on exploration. Students can participate regardless of language proficiency level. Some of these programs include:
-NYC Ballet
-NYC Center/ Alvin Ailey
-Cultural Pass
-Puppetry in Practice (for art and dance)
-Food Education Program
- Farmer's Market
-Brooklyn Public Library
-Junior Achievement
-Coalition for Healthy School Food
-Quiver Farm Projects
-Microgreen (gardening)

Additionally, the parent coordinator provides cultural experiences such as participating in the Cool Culture and Urban Advantage. Students who participate in the program can attend free museum and zoo visits, as well as participate in events in the NYC parks. We also participate in after school programs with Puppetry in Practice both virtually and in person, during the school day, after school and weekends. Classroom teachers, in alliance with ENL teachers, take the classes to the library, help set up accounts, and teach them how to use the services in the library.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

The school has joined the Dream Squad Initiative, where two ENL teachers, two Middle School classroom teachers, and two administrators, collaborated with other schools and discussed ways to better assist migrant families. This upcoming year, we plan on developing a team of student ambassadors who will assist newcomers in the Middle School. These students will guide them through the first days of school, offer language support in their home language, and help them accommodate into the school environment. The team developed a Welcome pamphlet that includes a map of the school, list of teachers, key words and phrases to know for school, and the norms and values followed by the school community. One of the Dream Squad's goals is to establish a culture of respect and value diversity.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

We have a team of ten ENL teachers that are responsible for the intake and identification of ELLs:
Diana Perchekly
Kristine Cicero
Yana Shifrina
Danielle Fernandez
Karolina Baj
Helen Rada
Jennifer Goldstein
Carolyn Ciccarello
Edith Laby
Mahsuda Khoja

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ENL team has created a schedule where each day there are 2 assigned ENL teachers who will assist with the registration process of new admits and complete the Home Language Identification Survey. We also use our designated ENL Assistant Principal Mrs. Fahmy so that we can ensure that there is no interruption of instruction. All necessary forms are available to use in different languages and organized and labeled in a filing system. We have a small private space where we take the students to do our informal assessment and interview.

If a student has been identified as having a language other than English the NYSITELL will be administered. The ENL teacher that is assigned to the class that the new student was placed, will administer the NYSITELL to see if the child is entitled to services. Then parents are invited to meet with a member of the ENL team to go over program

selection and orientation describing the school's routines, expectations and assessments.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Anne Marie Corrado

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jennifer	Hom	Parent Coordinator - Annual	02/05/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school,Other (Please specify in the next question)

If Other was selected, describe the resource here:

Registration application for transfer students within NYC DOE school, Classroom teacher emergency contact form

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARMENIAN	3	0.12%	1	0.04%	0	0
ARABIC	43	1.67%	44	1.71%	2	2
AZERBAIJANI (AKA AZERI)	2	0.08%	2	0.08%	0	0
BENGALI (BANGLA IN BANGLADESH)	1	0.04%	2	0.08%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
ELL Compliance Papers	We use the translated copies provided by the NYCDOE website. The document is sent to the parent in the child's homework folder.
school flyers	Flyers are translated using Google Translate, Canva, and support staff. Flyers are sent home in the child's homework folder and posted on Google Classroom, parent social media page, and sent via email to all parents.
School Surveys	We use Google Forms to create and translate the surveys. The surveys are posted on Google Classroom, parent social media page, as well as the links are sent out to parents via email and text.
newsletters	Newsletters are translated using Google Translate, Canva, and support staff. Newsletters are sent home in the child's homework folder and posted on Google Classroom.
invitation letters to after school programs	Invitations are translated using Google Translate, Canva, and support staff. Phone calls are also made by either a staff member who can translate or the NYC DOE translation unit to ensure parents understand the purpose of the program.
Classroom letters	Classroom letters are translated using Google Translate and/or Canva, and support staff. Teachers share the classroom letters on their Google Classrooms or send a copy home in the child's folder.
Lunch forms	Lunch forms are provided in English and Spanish. Parents are encouraged to come into the school building and a staff member who can translate can assist them with filling out the form. Also,

	parents are encouraged to fill them out online in their preferred language.
Registration forms	We use the translated copies provided by the NYCDOE website. We provide oral translation by using support staff or a translation device.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Registration for new admits or transfer students	Translation is provided by school staff members, use of a translation device, or translation services if necessary.
Parent Orientation for ENL Services	Translation is provided by school staff members, use of a translation device, or translation services if necessary. We use the translated videos offered by the NYSED website, as well as translated scripts for other languages.
Parent Teacher Conferences	Translation is provided by school staff members, community members, and translation services if necessary. Google Meets also has the option of translating using subtitles. We also offer the option of email conferences with confirmation of receipt which can be translated by Google.
IEP Meetings	Translation is provided by school staff members, use of a translation device, or translation services if necessary.
Annual ELL Parent Meeting	Translation is provided by school staff members, use of a translation device, or translation services if necessary.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, the information is sent as a robocall in English, followed up by email and text messaging, which can be translated on an individual basis. If the emergency is student-specific, a staff member who speaks the parents' language contacts the person via phone call. We also utilize translation services to contact parents as well. If the parent needs to contact the school in an emergency, the parent can either call the school or attend in person and request translation. A staff member who speaks their language
will come and assist. If their language is not available, we use translation services, a translation device, or translation apps such as Google Translate.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school will ensure the staff will complete the NYCPS Language Access Training during professional development time embedded in the work week. Our designated LAC will keep monitoring language access policy updates and inform the staff as needed, as well as provide professional development for new staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

During the incoming student's registration, the parent will indicate their preferred language of communication in the application, the emergency contact, and the Home Language Identification Survey (HLIS). The information is collected and documented into ATS. Anytime the parent comes into the building or calls the school, the school inquires if translation is necessary. A school sign is posted (in all available languages) near the primary entrance to the school indicating the room where a copy of the notice for parents regarding language assistance services can be obtained.

We have posted from the Translation and Interpretation Unit a written translation of the signage and forms required under Section VII of the Chancellor's Regulation A-663 in the primary language of the parent. The language identification guide is available in the office for
parents to reference what language they require translation services for. The staff in the office, administration, and the school safety agent all have the phone number for the Translation and Interpretation Unit. The office also has a list of staff members who can support parents with oral and written translation in other languages.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parents are invited to attend annual parent teacher meetings for English Learners, where we informally ask them about language services and support in addition to the child's ENL services. The Parent Association has a Facebook page where parents receive information and are able to contact school staff about any inquiries they may have. The school website often sends out Google Forms asking for feedback on many school services, including translation. We also conduct town hall meetings with translators. We collect feedback and concerns from parents. The school communicates to parents via email and text messaging. If we cannot reach our parents, we either use translation services or reach out to school staff who can communicate in the parents' home languages to make a phone call or speak to the parent in person.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

According to the Overall Rating for Relationships with Families from the NYC School Survey, 95% of parents responded positively to communication with the school, and 96% of the parents responded positively to the questions regarding family and school trust. For the next school year, we will continue to survey parents on any needs and services they may require. We will continue to offer translation for every meeting and town hall. We plan to translate more outgoing parent handouts and provide more visual labels and posters in multiple languages around the building community. We intend on building a closer relationship with the Parent Association in our school to have parents assist other parents who need more support.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

200

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5,6,7,8

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The program will consist of an after school and Saturday program in partnership with Marquis Studio and Puppetry in Practice. The program will involve a combination of five ENL certified and five content certified teachers. The program will begin in December 2025 and end in May 2026. The program will be STEAM-based and will focus on language development. The primary language of the program will be English however there will be native language support by teachers and paraprofessionals in the program. The groups will be composed of diverse learners at different levels of their English acquisition to help build on their language skills, model language, promote social interaction, and to express our diversity and multiculturalism through various art mediums (music, dance, arts).

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Two of the biggest needs for our ELL students are to develop their language skills and to have the experiences needed to enhance their language development. The program will focus on immersion in multi-media and different arts mediums to meet the individual needs of students and to build their skills through high-interest activities.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The program will consist of students of all grade levels (K-8) grouped according to their respective grade level. It will include students with IEPs, newcomers, and English Language Learners of all proficiency levels.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will run from September 2025 through June 2026, and it will take place on Wednesdays-Fridays from 2:35-4:35pm, with a Saturday session every month from 9am-12pm.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The programs will be in English with Home Language support through the use of multilingual speaking staff and inclusive materials.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We will have 5 ENL teachers and 5 common branch/content area teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

We will use Shop DOE, Staples, and other DOE-approved vendors to shop for materials needed to create puppets, book making, animation, music, dance, and other multimedia activities.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parents are informed at least two weeks in advance about the programs their child was invited to, as well as its purpose. Parents receive an invitation to fill out, which is translated into their respective Home Language. The letters are collected and saved into their cumulative records folder. Our school reaches out to the parents with the help of a multilingual staff member or through the use of the DOE translation services in case the parent has not replied or is unsure of the program. The attendance is collected both written and digitally and is shared with the office staff. A posting goes out for teachers to apply. Out of all the teachers that apply, preference is given to ENL or Bilingual-certified teachers. Purchase orders are reviewed and submitted by the securement secretary. She usually collects the packing slips after the orders are received by the staff members who need them. For parent engagement activities, parents sign in on attendance slips and receive an agenda for the day. The forms are collected and stored along with all the other events.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Last year, the ENL Department provided professional development for classroom and content teachers on how to apply best practices for teaching ELLs in a diverse classroom setting. This year, we will continue providing professional development, with a focus on NYSESLAT data/support and language development in the classroom when the ENL teacher is not present. We also have HMH curriculum specialists provide ongoing professional development on small group instruction and digital tools for language development. We are focusing on amplifying writing instruction.
We are planning to bring outside institutions to come and support teachers of ELLs. Some potential providers are NYS TESOL, UFT, CUNY II, TESOL International, NYSABE, Center for Applied Linguistics (CAL), AERA, and Literacy Squared to support our Dual Language program.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

According to the EDAT, we have 380 newcomers (83.2% of ELL population) and 171 students who did not demonstrate enough ELP progress on the Spring 2024 NYSESLAT. Our potential long-term ELLs are 41, or 9% of the school population. Those are students who have been receiving ELL service for 5 or 6 years. 31.7% of ELLs scored Level 1 or 2 in the state Math exam in the year 2023-24, and 32.6% scored Level 1 or 2 in the State ELA exam in the year 2023-24. This data informs us students need language development to help increase language comprehension. We also look at the responses from our teachers in surveys and from the data analysis of students

performance in summative assessments to confirm the need in professional development in language development and writing practice (productive language skills).

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

We will provide professional development for teachers during in session PD hours and on per-session opportunities. HMH curriculum specialists meet with each grade level monthly and provide support for ELLs and small groups. CTLE is offered for teachers who need it. Professional development will be ongoing as per the needs of the staff.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Professional development will begin in September and go all the way to June 2026, and will take place once a month for an hour.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

We will work on language development, STEAM-related activities, arts programs, and multimedia use in the classrooms.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Some potential professional development providers we are thinking of are:
-NYS TESOL
-UFT

-CUNY ii
-TESOL International
-NYSABE
-Center for Applied Linguistics (CAL)
-Marquis Studios
-Literacy Squared

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Agendas are distributed both in print and through a shared Google drive. Teachers usually sign the attendance as well as fill out Google Forms which collect the information. All the information is collected into a shared drive and is also built into a binder for presentation purposes. All teachers are encouraged to keep a file of all their professional development for teacher growth, CTLE, and for documenting.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school is a diverse community of families. We represent over 20 languages and many countries. Family engagement activities revolve around the celebration of culture and diversity. We host multicultural nights, opportunities for STEAM related programs, food education, and academic and language support at home. We also offer monthly evening remote meetings where families can engage with their children on arts related activities along with a teaching artist.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The school collects information from parents via Google Forms. The school sends the link via email and posts the link on the school website and social media page. The data we collect informs us what are the needs of the families and what are some topics of interests they would like us to provide for the school community. Based on the trends we observed, families participate more during after school events.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

These ELL family engagement activities will take place once a month in the evenings for two hours from September 2025 to June 2026 and once a month on Saturdays for three hours beginning January 20256 to May 2026.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

We will cover language development through STEAM related activities and the arts. We will focus on multicultural celebrations that represent our school community. We will highlight special holidays pertaining to our school community, such as Halloween and Valentines Day. We will host craft nights, dances, and festivals. We had family arts night, where families came to paint, learn dance, and pop-up books, interactive reading, and puppetry making. We will inform families of healthy choices, such as ongoing food education and farmers' markets. We will host again a family pot luck, where families celebrate their multicultural heritage by bringing dishes from their countries. Families have the opportunity to interact with each other and learn more about the school community.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

For next year, we are planning on expanding the Food Education Program, where families learn about healthy food choices. English Language learners have the opportunity to expand their language skills while learning about food and trying out delicious meals. We have partnerships with Coalition for Healthy School Food who helped bring two Farmers markets and have a family dinner night. Our goal is to expand the program to more grade levels across the school.

We also had Puppetry in Practice work with families on virtual meetings for 20 weeks of the year. Families were able to produce puppets together according to a theme. This upcoming school year, we are planning on bringing a new vendor, such as Marquis Studio, to collaborate with families.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**

- **How interpretation supports will be provided at events.**

Families will be notified of the Title ELL family engagement activities via school emails, posts on the school website and social media parent page, phone calls, and text messages. Flyers will be translated using Canva and distributed on Google Classroom, via email, and also sent in the child's homework folder. At the event, we have multilingual staff who can support with interpretation.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Agendas are distributed to parents. Parents sign the attendance sheet upon arrival. These documents are then placed in a binder and saved onto a shared drive to access digitally. All parent notifications are kept in a binder and also saved in the school drive for documentation.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$49,863

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5,6,8,7

Total number of teachers in this program:

10

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The program will take place after school and Saturday academy.
Students will participate in fun interactive activities with our partners from SunDog Theater and Coalition for Healthy School Foods to help them adapt and be acquainted with the new environment and community while learning and excelling academically.
The students will be grouped in groups of 20 and there will be two groups per grade bands for grades K-8. Entering and Emerging language learners will be included in groups.
Instruction will be delivered by teacher teams (General Education teachers, ENL teachers and teaching artists)
The program will be supervised by the administration team. Administration work hours are 7:00am to 3:00pm. The agreeable allocations from the Immigrant grant funds will be utilized per session.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

According to the students' data from NYSITELL, NYSESLAT, Beginning of Year screeners, and HMH End of Module Assessments, immigrant students showed progress after participating in after school programs.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

100 students in grade K-2
100 students in grades 3-5
50 students in grade 6-8
Students will be strategically grouped based on their English proficiency levels and academic performance.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The programs will run between October 2025 and June 2026.
Students will meet after school on Wednesdays, Thursdays, and Fridays
40 sessions, 6 cycles with 8 sessions per cycle
Students will meet right after school at 2:25 for Elementary and 2:40 for Middle School. Each session will be two hours long.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Languages of instruction will be English and Russian with some translation and interpretation support in Chinese, Uzbek, Spanish, and Arabic as needed.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

4 ENL Certified Teachers
2 Dual Language Certified Teachers
2 General Education Teachers

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Arts and Crafts, notebooks, pencils, post it notes, and folders. These materials will be provided by the school at no cost to Title III immigrant fund.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Records and supervision will be in partnership between teacher leaders and administration. Digital records will be maintained by the teacher working in the program and will be monitored and saved by administrators.

The school's plan for implementation is to interview and recruit DOE-approved partners who can provide our students with interactive multicultural programs that help them build confidence in their identities, strengthen their sense of belonging, and develop the language and social skills needed to thrive in a new environment. These programs will celebrate students' diverse backgrounds while promoting cultural exchange, mutual respect, and inclusion within the school community.

ENL teachers, Dual Language teachers, General Education teachers, and school administrators.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Teachers will participate in ELA and ENL related professional development series to better support the students academically and linguistically.
Professional development will be provided by the school's ENL team and Literacy coach at no cost to the Immigrant fund.
Teachers who will work in the program will be provided common planning time to prepare for the program. Planning time will be paid by the Title III Immigrant funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Students' data will be shared with the teachers working the program.
Teachers will administer a pre assessment in the beginning of the program and a post assessment at the end of the 8 sessions to determine students' gains and needs.
Data from the program will be shared with the ENL team and classroom teachers so they can continue to work with the students to help them succeed.
Data sources are iReady, Acadience, HMH end of module assessments, and classroom observations and teachers' notes.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers working the program will continuously be provided with professional developments that will help them better understand the students' needs.
Teachers will be surveyed before, during, and after the program to determine the level of support they will need and professional development will be provided according to the survey data.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Teachers will be provided with two professional development sessions prior to the beginning of each cycle. This is a total of 12 professional development sessions.
Professional development sessions will take place on the days and times the programs will run between October and June. Two sessions before each cycle.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Vocabulary
Foundation
Language focused arts and crafts activities

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

School's ENL Team
School's Literacy Coach, Alfonsina Giordano
SunDog Theater
Coalition for Healthy School Food

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Attendance sheets and agendas will maintained

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Families will participate in hands on snacks making activities with their children in the school cafeteria
Families will also be invited to participate in a field trip to tour New York City using Circle Cruise Line. Family engagement activities will utilize Title III Immigrant funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Family engagement activities are designed to strengthen connections between immigrant families and the school community, improve student outcomes, and empower parents as active partners in their children's education. Analysis of school data and community feedback indicates that families benefit most from programs that build language access, cultural understanding, and knowledge of academic expectations in the U.S. school system.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Family Engagement sessions will be held twice in the fall and twice in the spring.
The trip will take place in the spring.
A total of four snack making sessions in the school cafeteria and one family trip around the city of New York using Circle Cruise LIne.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

For each Family Engagement activity, a list of recommended vocabulary words will be shared and utilized throughout the session to help the families acquire some necessary daily vocabulary words. Furthermore, families will be provided with materials to make the snacks while participating in listening activities and discussion opportunities to strengthen their linguistic skills. Families will also celebrate their children's success in the afterschool program and have the opportunity to speak with teachers to learn more about their children's progress, classroom experiences, and ways to support learning at home. These meaningful interactions will not only enhance communication between families and school staff but also foster a welcoming environment where parents feel valued, empowered, and actively involved in their children's academic and social development.
For the trip, families will be provided with translated articles about New York City and the famous landmarks so they can have the necessary background information before going on the trip.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Coalition for Healthy School Food
Circle Cruise Line

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Flyers and notices will be created and translated to the families preferred home languages
Flyers will be printed and distributed to students to bring home.
Flyers will also be shared digitally through the school's website, and DOE messaging app.
Interpreters will be hired to help the parents during the family engagement events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Attendance sheets, sign up forms, and communication records will be kept by school administration.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		
Educational Software (Object Code 199)
