Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence

based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps

and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Clement C. Moore

District Borough Number (DBN):

24Q013

Grades Served:

3K, 4K, Kindergarten – Grade 5

School Address:

94-19 56 Ave. Elmhurst, NY 11373

Phone Number:

718-271-1021

Fax:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.
Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Dr. Yazmin Torres	Principal or Designee*	
Erin Davies	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Norma Gonzabay	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Josefina Difo	District Council 37 (DC 37) Representative (staff), if applicable	
Foteyne Mouzakitis	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Marjory Orlando	Parent	
Evelin Fnu	Parent	
Gem Hernandez	Parent	
Maryann Bongiorno	Teacher	
Martha Vivar	Teacher

	UFT	
	UFT	
	UFT	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Vision Statement

At P.S. 13Q, "Diversity is our Strength." We foster an inclusive environment where equity, respect, and empowerment enable every student to thrive.

Mission Statement

P.S. 13Q is committed to providing a high-quality education that cultivates culturally and linguistically diverse leaders who contribute meaningfully to a multicultural society and advocate for social justice.

Instructional Focus

P.S. 13Q empowers students by honoring their voices and choices, while promoting the use of targeted academic vocabulary to deepen comprehension and enrich overall learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 13Q is a vibrant and diverse community of learners, proudly comprising 822 students in grades 3K-5. Nestled in the heart of Elmhurst, Queens, our school is a beacon of inclusivity, striving to foster the highest academic standards in all our students. In the upcoming 2025-2026 school year, we are excited to present the following class configurations:

Two 3K, comprised of 15 students
One 4k, comprised of 18 students
Eight Kindergartens, comprised of 3 General Education classes, 1 ICT, 1 BL SC, 1 Spanish DL, 1 SC Class, and 1 Chinese DL.
Seven First Grades classes: 1 General Education class, 2 ENL Classes, 1 ICT ENL, 1 SC ENL, 1 Spanish DL, 1 Chinese DL.
Eight second-grade classes comprised one general education, two ENL, one ICT ENL, one SC ENL, one ENL SC, one Chinese DL, and one Spanish DL.

There are 9 Third-Grade classes: 1 General Education, 2 ENL, 2 ICT ENL, 1 SC Bilingual ENL, 1 ENL SC, 1 SC, and 1 Spanish DL.
Seven Fourth Grade classes: 2 General Education, 2 ENL, 1ICT ENL, 1 SC ENL, and 1 Spanish DL.

Eight fifth-grade classes comprised of 3 General Education, 1 ENL, 1 ICT ENL, 1 ICT, 1 SC ENL, and 1 SC.
Grades 3- 5 will continue to be departmentalized in the 2025-2026 school year.

P.S. 13Q will fully implement the HMH Into Reading program as part of the chancellor's Phase II Right to Read initiative. This program, which focuses on literacy and reading comprehension, will be supported by teachers trained in LETRS and the HMH curriculum to successfully implement best practices aligned to The Science of Reading and Scarboro's Reading Rope.

Our Instructional Focus:

P.S. 13Q empowers students by honoring their voices and choices, fostering the use of targeted vocabulary to deepen comprehension and enrich learning.

PS 13Q will continue to enhance rigorous differentiated strategies by creating personalized, culturally responsive, and data-informed learning paths and embedding daily formative assessments to support student growth. Students will further develop the skills of summary and analytical writing using logical reasoning, Writing Revolution strategies, and text-based evidence to support collaborative discussions, which will then transfer to stronger writing in literacy and math and develop the communication and collaboration skills that support college and career readiness.

We created a school-wide vocabulary initiative that aligns with this instructional focus. It includes text across multiple genres, an open-ended writing prompt, and writing rubrics aligned to the NGLS. The students take benchmark assessments three times a year, and the school administration/Instructional Leadership Team analyzes the data to inform instruction and accelerate student learning.

All students in Grades 3K-5 will continue developing and applying their interdisciplinary technological skills using Google Application and Computational Thinking STEM activities.

We will continue implementing and enhancing these successful practices in SY 2026-2026.

To augment existing SEL practices, we launch school-wide activities such as utilizing the Books of the Month, and the meaningful activities created by students in response to them, to encourage positive behavior that expresses kindness and appreciation. We have also adopted the "Mindful Morning" practices for teachers and students where they set intentions and goals for a productive day.

Another successful initiative is the use of computational thinking in the classrooms to develop problem solving and critical thinking skills. Teachers received refresher training during Monday morning professional development. The students are encouraged to use the cognitive vocabulary related to the CT practices in their discussions and writing.

The Physical Education Department has been integral in implementing an initiative that has increased physical activity among our
children. Each day, we begin with Jammin' Minutes, which fosters an environment where physical activity is valued. Another healthy initiative is the SMALL BITES/COMMON THREADS program, which focuses on healthy eating habits and nutrition. In addition, we have added a wellness room that teachers and students utilize. It offers healthy snacks to promote healthy eating and wellness. The school's wellness teacher will work with the students to create a SPACE garden with the hydroponic towers. Teachers are collaborating to roll out these initiatives and increase student engagement. Parents are showing an increased interest in
their children's education by joining the Parent Action team and attending more school events/programs.

Several school-wide events were held in the past year. They will be continued in 2025-2026, some of which include Kindness Wednesday, Fitness Fridays, Multicultural Night, Thanksgiving Luncheon, 5th Grade Carnival, 5th Grade Spelling Bee, Father's Day and Mother's Day Celebrations, Field Day, Book fair, Literacy and Math week, Star War Reads, Wacky Tacky Day, Character Day, Poem in a pocket, stomp out bullying, Clement C. Moore Day, Nutcracker

Project, Lotus World Dance, NYC Children's Theater, Arts Connection, Buddy Reading, Latin Dance, Arts for a Cause, and the Holiday sales.

We anticipate seeing the positive trends reflected in several of the goals outlined in this CEP. In particular, students and parents will hopefully surpass the anticipated goal set when they take their respective surveys later this year.

Student Demographics:

62% Hispanic
25 % Asian or Pacific Islander
7.9% Black
4.6% White
<1% Multiracial
<1% Native American

Briefly summarize the key initiatives your school will implement this school year.

P.S. 13Q will fully implement the HMH Into Reading program as part of the Chancellor's Right to Read Phase II initiative. Teachers trained in LETRS and the HMH curriculum will support students in building strong reading and comprehension skills using strategies from the Science of Reading and Scarborough's Reading Rope.

As part of the Civics for All Initiative, students in Grades 3 and 4 will complete two civics projects using the Passport to Social Studies curriculum. They will also take part in Project Soapbox, where they will give speeches about community issues. Students will celebrate Civics Week from March 10–14 and share their learning at the Civics for All Showcase on May 15, 2026.

In spring 2026, all students in Grades 3K–5 will participate in a school-wide STEM Expo, followed by the District STEM Expo. Students will use the Engineering Design Process to explore real-world problems and present creative solutions. These projects will also help students build important skills like teamwork, communication, and problem-solving.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Small group
Math	K-5	Savvas Envisions	Small group

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Across multiple years, early literacy performance shows a continued downward trend, signaling persistent challenges: --mCLASS (DIBELS 8th Edition) 2025: Only 49% of students scored at or above benchmark, continuing a multi-year pattern of underperformance in foundational literacy skills and reinforcing the need for targeted interventions. --ELA State Exam Proficiency (All Students Subgroup): * 2023: 50% proficient * 2024: 51% proficient * 2025: 45.9% proficient After a slight increase from 2023 to 2024, proficiency declined sharply in 2025, dropping more than 5 percentage points and falling below 2023 levels. Both assessment systems indicate persistent or worsening literacy outcomes, with stagnant benchmark performance on mCLASS and a notable decline in state ELA proficiency from 2024 to 2025. These trends point to a sustained need for strengthened, targeted literacy support.	Inconsistent implementation of structured literacy: Some classrooms may lack fidelity to evidence-based reading instruction aligned with the Science of Reading.	Implement structured literacy with fidelity and ensure all classrooms consistently deliver instruction grounded in the Science of Reading, including explicit, systematic teaching of

		phonemic awareness, phonics, fluency, vocabulary, and comprehension.
	Limited instructional time: Inadequate time devoted to foundational literacy skills, especially in early grades.	Increase daily instructional time for foundational skills by allocating sufficient, protected time in the daily schedule for targeted instruction in early literacy skills, particularly in grades K–2.
	Insufficient use of data: Teachers may not be using assessment data to effectively target skill deficits in phonemic awareness, phonics, and fluency.	Strengthen data-driven instruction by providing teachers with tools and training to regularly analyze DIBELS and other formative data, and to use it to inform small-group instruction and targeted skill practice.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	49	By June 2026, literacy for all students will improve by a 5 percentage points of students performing at or above benchmark on the mCLASS DIBELS 8th Edition assessment—from 49% to 54%.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a structured, research-based literacy curriculum aligned to the Science of Reading, supported by ongoing professional development, instructional walkthroughs with fidelity tools, and Professional Learning Communities (PLCs) that promote best practices and collaborative reflection on lesson implementation.

Root Cause Addressed:

Inconsistent implementation of structured literacy
-Adopting a structured literacy curriculum aligned to the Science of Reading.
-Providing ongoing PD and coaching to ensure fidelity.
-Using walkthroughs and fidelity tools to monitor classroom practice.

Limited instructional time
-Increasing and protecting daily time dedicated to literacy instruction (e.g., 90-minute block).
-Embedding skill-based routines throughout the school day.
-Creating dedicated time for intervention (e.g., WIN time) without pulling from core instruction.

Insufficient use of data
-Training teachers to interpret and act on mCLASS/DIBELS data.
-Holding regular data meetings to adjust groups and instruction.
-Using targeted resources linked to DIBELS subskills.
-Implementing progress-monitoring tools and dashboards to track growth.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule PD on DIBELS & Lectura (August & January)

Facilitate Monthly Data-Driven PLCs (Ongoing)
Provide Biweekly Coaching Support (September–May)
Conduct Small Group Planning Clinics (Quarterly)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress Monitoring Assessments
~Frequency: Every 6–8 weeks
~Purpose: Track student growth and identify those who are not on pace to meet benchmarks.
Tool: mCLASS DIBELS 8th Edition Progress Monitoring

Data Analysis and Review
~Monthly data meetings with instructional teams to analyze DIBELS data trends and student performance.
~Identify students needing Tier 2 or Tier 3 interventions.
~Monitor fidelity of intervention implementation.

Instructional Adjustments
~Use data to guide differentiated instruction and small-group planning.
~Provide targeted support for students not meeting benchmarks.

Professional Learning and Support
~Ongoing training for teachers on using mCLASS data, administering DIBELS, and implementing effective literacy strategies.
~Coaching cycles focused on foundational reading instruction.

Mid-Year and End-of-Year Benchmarks
~Compare BOY (Beginning of Year), MOY (Middle of Year), and EOY (End of Year) benchmark data.
~Assess progress toward the 5% increase goal.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/15/2025	06/17/2026	Host quarterly parent workshops on how to support early reading skills at home (e.g., phonemic awareness, decoding, fluency).	N/A
10/15/2025	06/17/2026	Organize monthly “Family Reading Events” where families engage in shared reading activities and literacy games.	N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In previous years, 58% of students in 2023 and 57% in 2024 responded favorably to questions about how we proactively support student learning—by setting high expectations, promoting supportive peer interactions, and offering strong guidance.	1. Inconsistent academic expectations and rigor across classrooms	1. Ensure alignment to standards and expectations through clear learning targets, common rubrics, and regular teacher collaboration with a focus on high expectation and academic rigor.
	Limited or uneven access to academic supports	Strengthen Tier 2 and Tier 3 intervention systems.
	Gaps in SEL	Train staff to embed SEL competencies

	integration with academic expectations	(e.g., self-management, growth mindset) into daily instruction.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	50%	By June 2026, physical and mental wellness among students will improve, as measured by 10 percentage points in Social-Emotional Learning (SEL) indicators—from 57% to 67%—on the NYC School Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Integrate culturally and linguistically responsive SEL lessons into core and ESL instruction by selecting materials that reflect students' diverse identities and languages, while addressing themes such as identity, belonging, and resilience for multilingual learners.

Root Cause Addressed:

1. Inconsistent academic expectations and rigor across classrooms

2. Limited or uneven access to academic supports

3. Gaps in SEL integration with academic expectations

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Reviewing this data point with staff and sharing the social emotional survey and its intended purpose
Schedule and conduct welcoming assembly with students
Track student progress and concerns based on their responses to the survey
Provide referrals to school psychologist, social worker, or external agencies when necessary

Share relevant student concerns with teachers, parents/guardians, and other support staff (as appropriate)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Baseline and Benchmarking
~Review baseline data from the 2024 NYC School Survey to identify specific SEL indicator trends for students.
~Establish clear benchmarks for growth toward the 67% target.

Student SEL Check-Ins
~Monthly or bi-monthly check-ins using short-form SEL screeners or reflection tools with the purpose of monitoring students' sense of belonging, emotional regulation, and support.
~Tools: Teacher-developed surveys, Panorama, or other SEL assessment tools.

Attendance & Behavior Monitoring
~Track attendance data, counseling referrals, and behavioral incidents as indirect indicators of wellness.
~Review trends quarterly to flag students needing additional support.

Targeted SEL Supports
~Implement and monitor participation in SEL interventions such as small-group sessions and peer mentoring.
~Document student participation and perceived impact through exit tickets or surveys.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Historically, and consistent with the MAP Growth end-of-year 2025 screener data, there is limited growth in student performance in Math, with only 46% of students performing at or above the 41st percentile [Spring 2025]. This indicates that more than half of the student population continues to fall below grade-level benchmarks, highlighting a persistent need for targeted academic interventions and support.	Gaps in foundational skills	Implement diagnostic assessments to identify specific skill deficits.
	Inconsistent use of data to drive instruction	Provide regular data meetings with coaching support to

		interpret MAP results.
	Inequitable access to tiered supports	Provide stronger Tier 2 and Tier 3 Supports.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46	By June 2026, there will be an increase by 5 percentage points of students at or above the 41st percentile, from 46% to 51%, for All Students, as measured by MAP Growth (Math).
English Language Learners (ELL)	24	By June 2026, there will be an increase by 5 percentage points of students at or above the 41st percentile, from 24% to 29%, for English Language Learners, as measured by MAP Growth (Math).
Students with Disabilities (SWD)	19%	By June 2026, there will be an increase by 5 percentage points of students at or above the 41st percentile, from 19% to 24%, for Students with Disabilities, as measured by MAP Growth (Math).

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Utilize MAP Growth data to identify and group students by learning needs, provide targeted Tier 2 and Tier 3 instruction, hold regular collaborative meetings to analyze data and plan interventions, monitor progress with short-cycle assessments, and adjust interventions every 4–6 weeks based on ongoing data analysis.

Root Cause Addressed:

1. Gaps in foundational skills

2. Inconsistent use of data to drive instruction

3. Inequitable access to tiered supports

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Analyze baseline MAP Growth Math data to identify student needs and skill gaps
Implement targeted small group instruction during math classes
Provide professional development on MAP Growth data analysis and implementation
Monitor student progress with monthly MAP Growth progress monitoring
Engage families with literacy workshops and home strategies

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure progress toward the goal of increasing the percentage of students scoring at or above the 41st percentile in math on the MAP Growth assessment by June 2026—our team will implement a structured and ongoing monitoring process throughout the school year. This process will focus on the fidelity of instruction, use of data, targeted interventions, and student progress. We will implement and monitor the following:

1. Instructional grouping - students will be grouped by MAP RIT bands and needs - this is provided by MAP based on RIT Bands

2. Small-group and intervention instruction - targeted instruction will occur for students below the 41st percentile

3. Use of data in planning - MAP and classroom data will be used to adjust instruction

4. Professional Development implementation - Teachers will apply strategies learned in PD (e.g., AP +1)

5. Family Communication - Families will be informed of progress and home support strategies. Family engagement will be monitored by ensuring that families receive regular updates on their child's math progress through progress reports, conferences, and take-home resources.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of 2025, 67% of students are enrolled in NYC Kids Rise, highlighting that fewer than half of eligible students are participating in the program. This enrollment rate indicates a continuing need to increase outreach, family engagement,	A key root cause of low participation in NYC Kids Rise is the lack of accessible, culturally responsive financial literacy outreach and support for families. Many families are not fully informed about the program's value or enrollment process, and those who need assistance with technology do not receive adequate, differentiated support. Additionally, existing engagement strategies do not effectively connect	Increase family financial literacy and expand access to the Save for College Program (NYC Kids Rise) to ensure all families are equipped with the knowledge, resources, and support needed to

and access to financial literacy and college savings opportunities.	financial literacy to families' personal goals, limiting relevance and motivation for participation.	plan for and invest in their children's postsecondary education.
		Enhancing family engagement
		Expanding outreach

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50%	By June 2026, increase student enrollment in NYC Kids Rise from 67% to 80% by expanding outreach, enhancing family engagement, and improving access to financial literacy and college savings opportunities, as measured by program enrollment data.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a comprehensive outreach and engagement plan that includes personalized communication with families, school-based workshops on financial literacy and college savings, community partnership events, and streamlined enrollment processes to make participation in NYC Kids Rise more accessible and appealing to all eligible students.

Root Cause Addressed:

A key root cause of low participation in NYC Kids Rise is the lack of accessible, culturally responsive financial literacy outreach and support for families. Many families are not fully informed about the program's value or enrollment process, and those who need assistance with technology do not receive adequate, differentiated support.

Additionally, existing engagement strategies do not effectively connect financial literacy to families' personal goals, limiting relevance and motivation for participation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Targeted Family Outreach: Send personalized emails, texts, and flyers to families of eligible students, highlighting program benefits and easy ways to enroll.
School-Based Workshops: Host financial literacy and college savings workshops for students and families during school hours and after-school events.
Community Partnerships: Collaborate with local community centers, libraries, and youth organizations to promote the program and provide enrollment support.

Streamlined Enrollment Process: Simplify the registration process with online forms, bilingual support, and step-by-step guidance to reduce barriers for families.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

~Progress Meetings: Regular check-ins (monthly or quarterly) with program coordinators, school staff, and outreach teams to review the status of action steps.

~Task Tracking Tools: Use project management tools or spreadsheets to track completion of outreach campaigns, workshops, and enrollment assistance activities.

~Data Dashboards: Maintain dashboards showing enrollment numbers, workshop attendance, and family engagement metrics, updated in real time.

~Feedback Loops: Collect input from families, students, and staff through surveys or focus groups to assess program accessibility and satisfaction.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/17/2026	Host family workshops and info sessions to familiarize parents and caregivers with college and career readiness goals starting in early grades.	Parent coordinator and teachers and administrators
10/01/2025	06/17/2026	Provide take-home materials and activities that encourage families to discuss careers and future goals with children.	Parent coodinator
10/01/2025	06/17/2026	Create family-school partnership programs that include community members as guest speakers or mentors to broaden students' exposure.	N/A

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Parent Coordinator, Secretaries, Paraprofessionals, Administrators

Instructional Resources

N/A

Schedule Adjustments

N/A

Other Resources Needed

N/A

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The NYC School Survey consistently shows family engagement trends around 90-92% favorable responses on family	1. Communication barriers 2. Scheduling and	1. Use multiple communication channels (print, phone calls, text messages, in-person outreach) to reach families with varying access and preferences. 2. Design meetings and events with family convenience as a priority and offer family

engagement indicators (specifically in 2022–2024 respectively). This reflects our existing commitment to family-school partnerships but highlights the challenge of improving already high levels.	accessibility issues 3. Cultural disconnect 4. Lack of opportunities for all families to feel represented	engagement events at varied times, including evenings and weekends. 3. Train school staff and leaders in cultural competency and implicit bias to build trust with diverse families. 4. Co-create engagement activities and materials with input from families representing different cultural backgrounds.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	55	By June 2026, there will be an increase in inclusivity and responsiveness to families, as measured by an increase in 3 percentage points in favorable responses on the NYC School Survey's family engagement indicators - from 92% to 95%.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Enhance family engagement by publishing a multilingual calendar of culturally relevant events communicated through multiple platforms; scheduling events at varied times and locations to increase accessibility; strengthening home–school communication with consistent outreach; and building staff capacity through professional development focused on welcoming practices and effective family partnership.

Root Cause Addressed:

1. Communication barriers

2. Scheduling and accessibility issues

3. Cultural disconnect

4. Lack of opportunities for all families to feel represented

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and distribute a multilingual family engagement calendar for the school year
Provide interpretation services and translated materials for all family events
Host at least two culturally responsive family events that reflect the diversity of the school community
Personally invite families who have not previously attended any school events (e.g., phone calls, home contact)

Solicit and review parent feedback after each major event to inform future planning

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Track availability and usage of translated materials and interpretation services across schools.

2. Survey families on clarity, language accessibility, and preferred communication channels,

3. Log event timings and formats: track the variety of times offered (evenings, weekends, virtual) to ensure adequate times and locations are available.

4. Survey families about convenience and barriers to participation.

5. Collect staff training data: number of educators trained in cultural competency and implicit bias and provide additional training when necessary.

6. Evaluate family feedback on cultural relevance and inclusivity of events and materials and develop next steps with leadership team.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/25/2026	Co-design communication materials with families from diverse backgrounds to ensure clarity and cultural relevance.	Parent Coordinator, Guidance Counselor, Principal, Assistant Principal, Teachers
10/01/2025	06/25/2026	Invite families to share their stories and customs as part of school activities, fostering mutual respect and understanding.	Parent Coordinator, Guidance Counselor, Principal, Assistant Principal, Teachers

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Historical trends show a significant drop in daily attendance rates, with parents not consistently bringing students to school. Current attendance rate stands at 92%, highlighting a growing concern for consistent student engagement.	Lack of transportation/parent did not bring student to school	1. Ride-Share Partnerships: Partnering with ride-share services like Lyft or Uber to offer discounted or free rides to low-income students can be a flexible solution, particularly for students in urban or suburban areas.
	School environment & engagement	Improved teacher-student relationships by providing teachers with professional development on how to recognize signs of emotional distress and how to engage with students from diverse backgrounds can improve relationships.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	28%	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 10 percentage points, from 28% to 18%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a tiered attendance monitoring system with schoolwide incentives (Tier 1), targeted outreach for students nearing chronic absenteeism (Tier 2), and intensive supports including case management for severe cases (Tier 3); celebrate attendance improvements at individual, class, and grade levels through certificates, announcements, and rewards; and prioritize early outreach and support for students in Temporary Housing, multilingual learners, and those with IEPs.

Root Cause Addressed:

1. Lack of transportation

2. School environment & engagement

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish an attendance team to monitor data weekly, identify at-risk students, and assign interventions
Launch a schoolwide attendance awareness campaign to educate families and students on the importance of daily attendance
Offer school-based support services (e.g., counseling, uniforms, referrals) to address root causes like housing, illness, or trauma
Provide multilingual communication about attendance expectations and supports

Track attendance data by subgroup (STH, MLLs, IEPs) to ensure targeted outreach and equity

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly: Attendance Team meets to review data and student progress

Monthly: SLT reviews subgroup trends and intervention impact

Mid-Year (Jan 2026): Evaluate Tier 2/3 success and adjust strategies

End-of-Year (June 2026): Compare year-end rate with baseline

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Based on historical data from annual IEP Review Checklists, staff may not be fully equipped to write compliant, individualized, and instructionally relevant IEPs.	1. Staff may not be fully equipped to write compliant, individualized, and instructionally relevant IEPs. 2. Inconsistent systems for	IEP Development and Fidelity of Implementation

	reviewing and monitoring IEP implementation lead to variation in quality and fidelity across classrooms or schools.	
Based on historical data from annual IEP Review Checklists, staff may have limited professional development focused specifically on transition planning (e.g., age-appropriate assessments, postsecondary goals, coordinated services).	1. Limited professional development focused specifically on transition planning (e.g., age-appropriate assessments, postsecondary goals, coordinated services). 2. Insufficient student and family involvement in the transition planning process.	Transition Planning and Compliance
Based on historical data from annual IEP Review Checklists, staff may have limited experience using data to differentiate between academic challenges, language acquisition, and potential disabilities.	1. Inadequate data use to differentiate between academic challenges, language acquisition, and potential disabilities.	Referral Process and Equity
Historically, and the most recent NYCPS IEP Review Checklist data and professional development records from 2022–2024 indicate limited training opportunities focused on culturally responsive practices and accurate disability identification. This gap has contributed to persistent disproportionality in special education referrals, particularly the overidentification of Black and Latino students and the under identification of multilingual learners.	1. Limited training on culturally responsive practices and disability identification.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	10%	By June 2026, increase the overall quality and fidelity of IEP development and implementation by 5 percentage points by providing targeted professional development and establishing consistent monitoring systems that ensure: 95% of IEPs are compliant, individualized, and instructionally relevant.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Enhance IEP team effectiveness by providing targeted professional learning on writing standards-based IEPs and incorporating student voice; implement ongoing IEP review cycles with actionable feedback; promote student participation through age-appropriate tools and self-advocacy training; and ensure leadership regularly monitors IEP quality and supports schools needing improvement.

Root Cause Addressed:

1. Lack of student voice present in IEPs

2. Lack of awareness for how school can support.

3. Students with learning disabilities, speech and language impairments, neurological disorders, and autism

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and deliver IEP alignment training sessions by Fall 2026
Conduct baseline IEP reviews (Fall 2026) to determine current alignment and student voice presence
Develop student self-reflection tools (e.g., surveys, sentence starters, goal-setting worksheets) by October 2026
Collect family feedback on the IEP process through short surveys or forums
Working with the district on developing PDs for writing quality IEPs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Quarterly IEP Quality Audits:
1. Conduct quarterly random sampling of IEPs across all schools using a standardized rubric.
2. Track compliance rates, goal specificity, and instructional relevance.

Professional Development Tracking:
1. Monitor attendance and engagement in targeted IEP training sessions (e.g., writing goals, legal compliance, transition planning).
2. Collect participant feedback to assess training effectiveness and identify needs for follow-up support.

IEP Implementation Fidelity Checks:
1. Use classroom observations, service logs, and teacher/self-report surveys to verify that services and accommodations align with IEPs.
2. Identify patterns or schools with fidelity challenges for targeted coaching.

Mid-Year and End-of-Year Reporting:
1. Provide comprehensive progress reports at mid-year and year-end summarizing audit results, training completion rates, and fidelity data.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/08/2025	06/17/2026	Parent and family workshop focused on understanding the purpose of the IEP and exploring strategies for families and students to actively contribute their voices in the IEP development process.	Parent coordinator and IEP coordinator

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs. Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 & 3	NWEA, Teacher Observation, Level 1 measured by bi-weekly Progress Monitoring Assessments	Scheduled MTSS periods	Small group and one to one (grades 3- 5)	during	No
Tier 2 & 3	NWEA, Teacher Observation, Level 1 measured by bi-weekly Progress Monitoring Assessments	Scheduled newcomer & entering level class	class size pull out	during	No
Tier 2 & 3	NWEA, Teacher Observation, Level 1 measured by bi-weekly Progress Monitoring Assessments	Amira	Small Group (Special Education students)	During	Yes
Tier 2	NWEA, Teacher Observation	Edmentum	Self-paced	During & After	Yes
Tier 2	NWEA, Teacher Observation	Beable	Small group (ENL Students)	After	Yes
Tier 2 & 3	NWEA	SPIRE	Grades 1 & 2 Scheduled pull out	During	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 & 3	DESSA	Aperture	Small group and One to one	During and After	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Our school is committed to ensuring that families understand the purpose and process of the Multi-Tiered System of Supports (MTSS). MTSS is a framework that promotes academic, behavioral, and social-emotional success for all students through layered levels of support. We recognize that family engagement is vital to student success, so we use a variety of strategies to communicate the components of MTSS clearly and consistently.

A) Family-Friendly Communication Materials
We provide brochures, handouts, and newsletters that explain MTSS in clear, family-friendly language. These materials outline:
-The three tiers of support
-How students are identified for additional support

Materials are translated into families' home languages as needed to ensure accessibility for all.

B) Back-to-School Events
During events like Parent Orientation school staff give brief presentations on how MTSS works in our building. Families learn how the school monitors student progress and what to expect if their child receives support beyond core instruction.

C) Individual Meetings & Progress Conferences
If a student is receiving Tier 2 or Tier 3 supports, we hold parent conferences or Student Support Team (SST) meetings to explain:

-Why the support is needed
-What specific interventions are in place
-How data is being tracked
-How families can help at home

D. Family Surveys and Feedback
To improve how we share and implement MTSS, we occasionally survey families about their understanding and experience. This feedback helps us adjust our communication and better support students and families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

We believe that strong communication between home and school is essential—especially when a student is receiving additional support through Tier 2 or Tier 3 interventions. We are committed to keeping families informed, involved, and empowered throughout the intervention process.

Families of students receiving Tier 2 or Tier 3 interventions receive formal progress reports approximately every 6–8 weeks. These reports include:
~The specific intervention(s) their child is receiving
~The frequency and duration of the intervention sessions
~The academic or behavioral goals being targeted

Ongoing Communication from Interventionists and Teachers

Teachers and intervention providers maintain regular informal contact with families through:
~Phone calls or emails

Opportunities for Feedback
We welcome and encourage family input throughout the intervention process. Families are given the opportunity to:
~Ask questions about their child's progress
~Share observations from home

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

We view families as essential partners in supporting students who receive Tier 3 intensive interventions. Because Tier 3 represents the most individualized level of support, family involvement in decision-making is critical to ensure that the interventions align with the student's unique needs and circumstances. We actively include families at each stage of the process.

Some of this is accomplished via initial intervention planning and ongoing progress review meetings and conferences, where next steps are developed for students.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

As of data from July 11, 2025 the below is a breakdown of student housing status and number of students:

D - Doubled up-131
H - Hotel/Motel-4
N - Form not returned -6
P - Permanent housing status-655
S - Shelter-11
T - Other temporary living situation-2

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After a careful analysis of the current and historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH) population, several key trends emerge that will guide how we tailor services and support:

Doubled-Up Housing (131 students) represents the overwhelming majority of our STH population.

Shelter (11), Hotel/Motel (4), and Other Temporary (2) housing situations are less common, but still critical to monitor.

Implication: Our STH support should prioritize students who are doubled up, recognizing that while they may not be visibly homeless, they face significant instability and overcrowding, which can impact learning and well-being.

Attendance and Engagement Trends
Historical data often shows higher rates of chronic absenteeism among STH students, particularly those in shelters or hotels due to transportation and scheduling challenges.

Students in doubled-up housing may also have irregular attendance, though to a lesser extent, due to inconsistent household routines or caretaking responsibilities.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

To address the unique challenges faced by our STH population, we have developed a multi-faceted support plan focused on academic, social-emotional, and basic needs. These services are designed to reduce barriers related to housing instability and promote student success.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Below are some of the social-emotional and academic supports typically available to students in foster care, designed to promote their stability, well-being, and academic success:

A dedicated staff member who coordinates supports, communicates with foster families and agencies, and advocates for the student's social-emotional needs.

Targeted SEL curricula or groups designed specifically for foster youth to foster self-awareness, social skills, and relationship-building.

Collaboration with behavioral specialists to develop individualized behavior support plans.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

1. A trained staff member acts as a primary point of contact for students in foster care and their caregivers.
2. Immediate review of academic records and placement to minimize learning disruption when a student transitions into foster care.1.
3. SEL groups tailored to address the specific needs of foster youth, such as building resilience and managing change.
4. Proactive outreach to foster families and caseworkers to address barriers, including transportation and scheduling challenges.
5. Opportunities to participate in extracurricular activities to foster a sense of belonging and community.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students in foster care frequently change schools due to placement moves; Increased rates of chronic absenteeism compared to peers; consistent underperformance in core subjects such as reading and math.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Incorporation of trauma-sensitive SEL lessons that focus on self-awareness, emotional regulation, and relationship skills; focus on building confidence, social connections, and organizational skills during transitions; training emphasizes positive behavioral interventions and culturally responsive practices; regular communication about SEL progress and ways families can reinforce skills.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. Q013, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. Q013 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the

Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. Q013 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Principal and administrator training focused on instructional leadership, data-driven decision making, and fostering professional learning communities (PLCs). The principal and leadership will provide:

-Training on evidence-based instructional strategies aligned with state standards.
-Professional development on differentiating instruction for diverse learners.
-Collaborative data team meetings to plan targeted interventions.
-Strategies to close achievement gaps among diverse student groups.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Our transition plans include the following components to ensure a smooth and supportive move for children and their families:

-Early childhood and elementary educators collaborate to align curriculum standards and learning expectations.
-Training focuses on understanding developmental milestones, instructional continuity, and effective transition practices.
-Information is shared about what to expect in kindergarten, how to support learning at home, and available resources.
-Early childhood teachers provide detailed information on each child's strengths, needs, and accommodations.
-Opportunities for preschool children to visit elementary classrooms and meet teachers before school starts.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated. For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	N/A	N/A	N/A
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	N/A	N/A	N/A
Title III, Part A	Federal	N/A	N/A	N/A
Title III, Immigrant	Federal	N/A	N/A	N/A
Title IV, Part A	Federal	N/A	N/A	N/A
Tax Levy (Fair Student Funding)	Local	N/A	N/A	N/A

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Yazmin Torres
Assistant Principal (Where Applicable)*	Foteyne Mouzakitis
English as a New Language (ENL) Teacher*	Andria Squillari
Teacher (if school has a bilingual program must be a bilingual teacher)*	Yesica Olivo
Parent/Guardian*	Gloria Flores
Teacher	
Parent Coordinator	Gloria Flores
School Counselor	
Related-Service Provider	
ENL Teacher	Juliann Duggan
ENL Teacher	Jesse Diaz

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

5

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

13

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

665

Total number and percentage (%) of current ELLs:

238 (36%)

Total number and percentage (%) of former ELLs:

61 (26%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

181 (75%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

61 (25%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1 (1%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

83 (34%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	SC	Spanish	2021	.5	.5	.5	.5	.5	.5								3.0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2021	1	1	1	1	1	1								6
DLBE	GE	Mandarin	2021	.5	.5	.5	.5	1	0								3.0
DLBE																	0
				total: 2.0	total: 2.0	total: 2.0	total: 2.0	total: 2.5	total: 1.5	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At P.S.13Q, English as a New Language (ENL) instruction for Multilingual Learners (MLs) and English Language Learners (ELLs) in grades K-5 is aligned with the New York State Bilingual Common Core Progressions and the New York State Next Generation Learning Standards (NGLS) for English Language Arts (ELA) and other content areas. The ENL program ensures rigorous, continuous instruction across academic subjects and is delivered primarily through a stand-alone pull-out model, providing the mandated minutes as required by CR Part 154.2. Students at all proficiency levels—including Entering, Emerging, Transitioning, and Expanding—are heterogeneously grouped in their classrooms. Stand-alone ENL instruction, provided by certified ENL teachers, uses curricula such as HMH tabletop lessons, English 3D for grades K-3, and English 3D Language Launch for grades 4-5.

At PS 13, the English 3D (Grades K–3) and English 3D Language Launch programs are integral to the ENL Stand-Alone program, providing structured, research-based instruction that accelerates English language development for Multilingual Learners. These programs focus on building students' academic vocabulary, oral fluency, reading comprehension, and writing skills through interactive, scaffolded lessons. In the Stand-Alone setting, teachers use Language Launch to help emerging English learners develop confidence using academic language through modeled sentence structures, partner discussions, and vocabulary practice connected to meaningful contexts. As students progress, English 3D further strengthens their ability to comprehend texts, express ideas in complete sentences, and communicate effectively using academic English. Through consistent routines and targeted language instruction, English 3D and Language Launch support students in meeting NYSESLAT standards and developing the linguistic and academic skills needed for success across all content areas.

MLs/ELLs at the Entering and Emerging levels, as identified by NYSESLAT or NYSITELL assessments, receive 180 minutes per week of focused stand-alone ENL instruction, targeting vocabulary development, listening, speaking, and foundational reading and writing skills. ENL teachers employ a variety of effective methodologies and strategies—including Total Physical Response, Modeling, Cooperative Learning, repetition, paraphrasing, slowed speech, visual aids, realia, sentence frames, digital media, and interactive technology—to enhance comprehension and support English language development across speaking, listening, reading, and writing. When appropriate, native language support, such as translation or home language resources, is also provided to reinforce understanding of key vocabulary and concepts.

Integrated ENL:

At PS 13, ENL instructional supports are thoughtfully embedded into the daily school schedule within the HMH Into Reading program to meet the diverse needs of Multilingual Learners (MLs) and English Language Learners (ELLs) across all proficiency levels. During the ELA block, certified ENL and classroom teachers collaborate to deliver differentiated whole-group and small-group instruction that targets specific English language development goals. Using data from the ENL Diagnostic Assessment Tool (EDAT), teachers continuously assess students' language proficiency and progress to plan and adjust instruction. This data-driven approach ensures that small groups are strategically formed based on students' language development needs, proficiency levels, and learning styles. Through intentional

co-teaching and the integration of language supports within HMH Into Reading, PS 13 provides targeted, equitable, and engaging literacy instruction that promotes both English proficiency and academic achievement.

At PS 13, ENL instructional supports are embedded throughout the HMH Into Reading program to ensure that Multilingual Learners (MLs/ELLs) at all proficiency levels can access grade-level content while developing English language skills. ENL and classroom teachers collaborate to integrate language objectives into literacy instruction, using scaffolds such as visuals, gestures, realia, and sentence frames for Entering and Emerging students to support comprehension and vocabulary development. For Transitioning and Expanding students, teachers provide differentiated small-group instruction that reinforces Into Reading skills through guided discussions, graphic organizers, and structured writing supports that gradually build independence. ENL Stand-Alone periods are aligned with Into Reading units to preview or review anchor texts, practice key vocabulary, and strengthen academic language used in reading and writing tasks. Through this coordinated and intentional approach, PS 13 ensures that English learners develop both English proficiency and literacy skills, fostering full participation and success in the Into Reading curriculum.

Additionally, recent Proficient/Commanding former ELLs receive 90 minutes per week of integrated language support embedded in the literacy block, focusing on refining academic language and literacy skills to ensure full access to content-area learning.

Throughout the school day, these ENL supports are seamlessly coordinated within the literacy schedule to promote both language acquisition and academic achievement, ensuring that MLs/ELLs receive appropriate scaffolding and differentiated instruction based on ongoing data and their evolving proficiency levels.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

At PS13Q, our Transitional Bilingual Education (TBE) program supports English Language Learners (ELLs) who share the same home language by providing opportunities to develop English proficiency while continuing to access grade-level content in their native language. This dual-language approach allows students to build academic mastery and English skills simultaneously, promoting academic success and cultural pride. The program is designed to gradually increase English instruction over time, carefully balancing the development of English proficiency with continued academic progress in the home language. This ensures students do not fall behind in content areas while building their English skills. As a result, students develop English proficiency through progressively increased English language instruction, maintain mastery of grade-level academic content in their home language, transition smoothly from TBE classrooms to monolingual English settings once proficiency is achieved, maintain multilingualism and multiliteracy, and cultivate pride in their own culture while valuing the diverse cultures and perspectives of all students.

For the 2025–2026 school year, PS13Q will offer three TBE classrooms for grades K–5: a K–1 self-contained Spanish classroom, a 2nd–3rd grade self-contained Spanish classroom, and a 4th–5th grade self-contained Spanish classroom. Daily instruction in both English and Spanish is carefully structured to support this gradual language shift. The bilingual curriculum integrates well-researched, standards-aligned programs delivered in both languages to promote comprehensive language development and content mastery. The HMH Reading Program and English 3D support literacy development, initially emphasizing reading and writing in Spanish while increasing English literacy components over time. The Envisions Math Program, Passport to Social Studies, and Amplify Science are delivered bilingually, allowing students to learn and practice academic concepts in their home language before gradually shifting to English terminology and instruction. This dual-language approach reinforces both content understanding and English language acquisition.

Classrooms are heterogeneously grouped by skill level to allow targeted small group instruction tailored to each student's linguistic and academic needs. Certified bilingual teachers facilitate this process, closely monitoring student progress and adjusting the balance of English and home language instruction to optimize both language development and content mastery.

Dual Language Bilingual Education (DLBE):

At PS 13, the DLBE program is designed to develop students' bilingualism and biliteracy by providing balanced, high-quality instruction in both English and the partner language. Students engage daily with meaningful content in both languages, building strong oral language skills and academic vocabulary. This immersive environment encourages natural language use and the transfer of knowledge across languages. Using research-based literacy programs in English and the partner language, students develop grade-level reading and writing skills in two languages, enhancing cognitive flexibility and deepening their understanding of language structures. The program also promotes biculturalism by integrating culturally relevant materials and activities that encourage students to appreciate and respect diverse cultures, preparing them to thrive in a global society.

The DLBE program maintains rigorous academic standards by aligning instruction with grade-level expectations across all subjects, including math, science, social studies, and literacy, taught in both languages. Classrooms are heterogeneously grouped to allow for targeted, skill-specific small group instruction, ensuring personalized support to meet the unique learning needs of all students. Instruction includes daily use of research-based curricula such as the HMH Into Reading Program (translated into Mandarin for the Chinese program), a Spanish literacy program, Envisions Math (available in English, Spanish, and Mandarin), Passport to Social Studies (in English, Spanish, and Mandarin), and Amplify Science (in English, Spanish, and translated into Mandarin). Activities focus on listening, reading, writing, and speaking to help students develop grade-level academic literacy and math skills in both languages.

The DLBE program at PS 13 equips students with the bilingual language skills, biliteracy, academic excellence, and cross-cultural competencies essential for success in today's interconnected world.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

To ensure the number of instructional minutes are provided according to students' English language proficiency level in each program model, administrators search for candidates who hold proper certification. In accordance with CR Part 154.2 hired pedagogues are assigned to class programs to meet students' instructional minutes. Administrators and teachers collaborate to ensure schedules are aligned to meet the mandated units of study according to their proficiency levels and program type.

In accordance with CR Part 154.2 regulation requirements, all ELLs who scored at the Entering stage of language development receive 360 minutes of ENL instruction per week (180 of stand-alone ENL and 180 minutes of integrated ENL/ELA); All ELLs/MLLs who scored at Emerging level also receive 360 minutes of ENL instruction per week (180 minutes of Stand-Alone ENL per week, 180 minutes of Integrated ENL/ELA per week); ELLs/MLLs who scored at Transitioning level receive 180 minutes of ENL instructional time per week (90 minutes of integrated ENL /ELA, 90 minutes of standalone ENL or integrated ENL/ ELA or Content Area); Students at Expanding level receive 180 minutes of ENL instruction per week in integrated ENL/ ELA or Content Area).

Students who reach Commanding level in NYSESLAT are former ELLs and receive 90 minutes of integrated ENL per week for two years after testing out. TESOL certified teachers collaborate with classroom teachers to deliver integrated ENL in the mainstream classroom. Stand-alone ENL is delivered by TESOL certified teachers in a pull-out setting or in small groups in the mainstream classroom. A bilingual certified teacher delivers integrated ENL instruction and provides small group instruction to deliver ENL standalone instruction to entering and emerging students.

To implement this, our 3 ENL teachers follow the push-in/pull-out model to deliver integrated and stand alone ENL instruction in accordance with CR Part 154.2. Each teacher works with two consecutive grades (K/1, 2/3, 4/5). If there is an imbalance in student numbers, teachers will work with additional grades to ensure mandated minutes are delivered. Teachers work with students in their regular classrooms for integrated sessions. For stand alone ENL, a separate location is used.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At PS 13, specific procedures are in place to ensure that all mandated ENL instructional minutes are delivered according to state regulations. TESOL-certified ENL teachers collaborate with classroom teachers through co-teaching and push in models to provide integrated ENL instruction within the mainstream classroom, ensuring students receive their required minutes in content areas such as ELA and Math. Stand-alone ENL services are delivered through pull-out sessions, monitored carefully to meet the required minutes for students at different proficiency levels. Scheduling is designed so that Entering and Emerging ELLs receive 360 minutes each week of stand-alone and integrated ENL, while Transitioning and Expanding students receive 180 minutes of integrated ENL weekly. Former ELLs are also provided with 90 minutes of integrated ENL weekly, as mandated.
Instructional minutes are tracked and reviewed regularly to ensure compliance and responsiveness to student needs. Adjustments are made based on language proficiency assessments, including NYSESLAT and NYSITELL, to align services with students' evolving language development. This system ensures that all English Language Learners receive the appropriate level of support to thrive academically and linguistically.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS 13 Q the self-contained model is followed for Dual Language Instruction. There is one Spanish/English two-way immersion class on each grade level in grades K through 5. There are three Mandarin/English two-way immersion classes: Grade K/1 Bridge, Grade 2/3 Bridge and Grade 4. The classes on each grade contain ELLs and English Proficient students. For each class, the teacher holds common branches and bilingual certification and speaks English and the heritage language. Instruction alternates daily between English and the heritage language, providing the foundation for the two-way immersion experience, and surpassing the minimum units of study requirement for integrated ENL and Home Language Arts.

At PS 13, English proficient students and English Language Learners (ELLs) are fully integrated through the Dual Language Bilingual Education (DLBE) programs. In each classroom, students from both groups learn together, benefiting from instruction that alternates daily between English and the heritage language—either Spanish or Mandarin. This two-way immersion model fosters bilingualism, biliteracy, and cultural understanding for all students. ELLs receive targeted support through both integrated and stand-alone ENL services, while English proficient students have the opportunity to develop and strengthen their heritage language skills. By learning alongside peers with diverse language backgrounds, students at PS 13 develop strong academic abilities and cultural competence, preparing them to succeed in multilingual and multicultural environments.

b. In which language(s) is each core content area taught?

In both the Spanish and Mandarin Dual Language Programs at PS 13, core content areas such as math, social studies, and science are taught in both English and the heritage language, with instruction alternating daily to ensure a balanced 50/50 split between English and the partner language. Additionally, during the week, students receive instruction in science and social studies delivered in English by a cluster teacher, complementing the classroom teacher's instruction of these subjects in both English and the heritage language. This structure supports students' bilingual development while providing consistent exposure to rigorous academic content in both languages.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Our school has 3 Spanish-English Transitional Bilingual Education (TBE) 12:1:1 classes - Grade K/1 Bridge, Grade 2/3 Bridge and Grade 4/5 Bridge. The goal of this program is to support English Language Learners (ELLs) by providing instruction in both the home language and English as students transition to full English proficiency.

Core Content Areas Taught Bilingually:
Math: Typically taught bilingually. Instruction begins in the student's home language to support content understanding and gradually transitions to English as students develop language proficiency.
Science: Often taught bilingually in the early grades to ensure students grasp complex concepts. Teachers may use the home language for conceptual instruction and introduce English academic vocabulary progressively.
Social Studies: Also commonly taught bilingually, especially in the lower grades. Instruction in the home language helps students engage with culturally relevant content while building background knowledge for future English-only instruction.
Students attend one period weekly, of science and social studies with cluster teachers. In these classes, instruction is delivered in English, with home language support whenever possible.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Our MLs/ELLs are composed of 76% of Newcomers, 24% Developing ELLs, 1.0% of Students with Inconsistent/Interrupted Formal Education (SIFE). There are no Long-term ELLs. In order to serve students equitably and maximize their opportunities for success, our MLs/ELLs are provided with effective, differentiated instruction based on a variety of data that informs both students common and unique needs.

Newcomers, who have been in an English language school system fewer than three years, are provided with small group/differentiated instruction in all grades. Teachers of ELL newcomers regularly assess student's progress and then use the data to determine their language and academic needs. To facilitate their language and content learning, teachers employ a wide range of ENL strategies such as Total Physical Response, language experience, modeling, graphic organizers, visual aids, technology, internet resources, digital media, Smart Boards, hands-on activities, and home language support to scaffold the lessons. Language structures, grade level key vocabulary and concepts are explicitly taught in context. ENL teachers use Science of Reading foundational strategies and routines as well as other essential Instructional Routines for ALL ELD Lessons for all students, HMH English 3D and children's books of different genres to provide small group/differentiated instruction.

Developing ELLs, who have been receiving ENL services for 4-6 years, are provided with high quality standards-based literacy and mandated Integrated ENL instruction in ELA or content-area subjects. In addition, small group/differentiated instruction is implemented 2-3 times per week by the classroom teachers who co-teach with the ENL certified teacher to address the needs of these ELLs, utilizing ENL strategies and methodologies. Peer support systems such as partnership reading, book clubs are also implemented to assist them in expanding their English language arts skills. Furthermore, all students are provided with access to technology-based literacy and content area programs such as HMH Reading Library (Rigby Readers), Boost, MYON, iReady, Amira, and Sora both in school and at home. Student progress is periodically evaluated, through NWEA, Mclass, iReady and HMH Module Tests and optional HMH weekly tests. Instructional plans are modified based on the evidence and data to further strengthen their language acquisition process and academic learning.

In addition, identified "at-risk" ELLs receiving service for 4-6 years are provided with targeted Academic Intervention Support Services within the Multi-Tiered System of Support (MTSS) framework. Students' academic growth is

assessed and reviewed regularly during RTI meetings by the Pupil Progress Committee, which consists of the Assistant Principal, the guidance counselor and the classroom teacher. These systems are in place to ensure that all resources and support have been exhausted before a student is referred for Special Education. If the interventions do not result in sufficient progress, students who require additional interventions may be referred for an evaluation for Special Education services. In addition, all Title III supplemental programs (afterschool) are offered to students in every ML/ELL subgroup.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At PS13Q, where 1.0% of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE), we differentiate instruction to meet their unique needs using English 3D in our stand-alone ENL program. This program supports SIFE students by simultaneously developing English language skills and grade-level content knowledge. ENL teachers employ a variety of instructional strategies—such as picture supports, vocabulary instruction, Total Physical Response (TPR), first language assistance, scaffolding, and differentiation—to build on students' prior knowledge and engage them meaningfully. Instruction is grounded in students' current skills through tools like word associations, KWL charts, and anticipation guides, while classrooms provide a print-rich environment featuring visuals, bilingual resources, and culturally relevant texts. Hands-on activities, including creating picture dictionaries, dramatizations, and interactive technology use, promote active learning and strengthen language acquisition. Teachers carefully moderate new vocabulary and provide frequent comprehension checks, allowing ample wait time and multiple ways for students to demonstrate understanding beyond writing. This approach emphasizes formative assessment to support SIFE students as they progress linguistically and academically toward grade-level proficiency.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently no ELLs are identified in the category. The following is our plan to support Long-Term ELLs, receiving services for 7 years or more, should the need arise. In Elementary schools, LTELLs are most often 5th grade students who have been retained at least once. In addition to mandated Integrated and Standalone ENL provided to all ELLs (including Developing and LTELLs) based on their proficiency level, support from AIS and progress monitoring would be provided to LTELLs. For example, as part of MTSS, students whose needs are not met by small-group instruction in the classroom, receive additional support via AIS. AIS providers would utilize Orton-Gillingham, Heggerty Phonics, and SPIRE during intervention sessions with LTELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to our October data, 9.17% of students are former ELLs who have achieved proficiency on the NYSESLAT within the past two years. Our former ELLs continue to receive transitional support in elevating their English language and literacy skills. They are provided with more than 90-minute instruction per week in Integrated ENL/ ELA or Content Area based on their instructional needs, as determined by formal and informal assessments, and the modalities of needs in the NYSESLAT. Instructional materials are carefully selected to help advance student's content-based knowledge and academic language. Peer-support systems such as partnerships have been established to provide additional support. All Title III programs (after school) , are also available to recently proficient ELLs in order to continue to support their English literacy advancement.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At PS13Q, some at-risk levels that might adversely affect ELLs are there are 251 (86.6 %) Newcomers, 115 (34.3%) ELLs are in Temporary Housing (students living with another family or living in a shelter) and 116 (34.6%) ELLs who did not demonstrate sufficient ELP progress (Spring 2025 NYSESLAT). The great number of Newcomers and students in Temporary Housing can result in lower scores on the NYSESLAT Exam. Newcomers can score low because they are new to the language and the country and struggle to demonstrate grade level ability academically and linguistically. ELLs in Temporary Housing are at a great disadvantage because hardships associated with these living arrangements often result in studying and school work not being prioritized or limited resources including time, space, homework help, and finances to dedicate to academic endeavors.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At PS13Q, some at-risk levels that might adversely affect former ELLs are 15 (26%) former ELLs scored Level 1 or 2 on the NYS ELA Test last year. There were 5 (9%) former ELLs who scored Level 1 or 2 on the NYS Math Test last year. There are 12 Former ELLs (15.8%) who live in Temporary Housing. A trend we notice is that former ELLs are affected by multiple at-risk factors. In an attempt to mitigate these factors, ENL teachers continue to provide former ELLs with 90 minutes of integrated instruction weekly.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLS with the largest representation at PS13Q are 325 Spanish, 49 Chinese, and 12 Nepali speaking students. Several teachers, paras, office staff, and the parent coordinator speak Spanish. One of our guidance counselors speaks Mandarin. Important information and/or parent notifications are translated into languages most commonly used in our school community. In addition, a telephone messenger service in different community languages is utilized to notify and remind parents of important school events. Over- the -Phone Interpretation Services for Schools are also available to all teachers. Translation services are provided for all parent meetings including PTA meetings, Parent-Teacher conferences and workshops by school pedagogues and/or interpreters from the DOE contracted Translation Agency.

Home language support is available across all areas to help ELLs, including newcomer ELLs, in learning and/or adapting to new school environments. Instruction in mathematics, science, social studies and content vocabulary is supported with students' home language, where appropriate, to build/activate students' background knowledge and increase students' conceptual understanding and engagement. English/Spanish bilingual Oxford Picture Dictionary for kids, English/Chinese Oxford Picture Dictionary and bilingual glossaries in 39 different languages are available to classroom teachers and students. In the classroom, ELL Newcomers are supported by a buddy system using triads, or partnerships with students who speak the same home language. ELLs at the Entering and Emerging level are encouraged to jot down ideas in their home language, whenever needed, before writing in English. In addition, the school library contains multicultural books in different languages, including, Spanish, Chinese, Korean, Bengali, Urdu, Arabic, etc. All students, including ELLs, are provided with access to borrow books from the school library.

Our self-contained Spanish and Mandarin Dual Language and Transitional Bilingual programs support English language acquisition by providing instruction in both the student's native language and English, creating a gradual and supportive transition to full English proficiency. In Dual Language programs, students develop literacy and academic skills in both languages, which reinforces content understanding and cognitive development while promoting bilingualism and biliteracy. Transitional Bilingual programs begin with instruction primarily in the native language to build foundational

knowledge, then strategically increase English instruction as students become more proficient. Both models serve as effective bridges by valuing students' home languages, reducing language barriers, and allowing students to access grade-level content while acquiring English in a structured, inclusive environment.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At PS 13Q, our English Language Learners (ELLs) represent a richly diverse student population: 49.1% identify as Hispanic or Latino, 0.4% as Asian, 1.9% as Black or African American, 4.8% as Multiracial, 1.1% as Native Hawaiian or Other Pacific Islander, and 42.8% as White. This racial and ethnic diversity is a foundational element in our planning and implementation of Culturally Responsive-Sustaining Education (CR-SE). We recognize that students' identities—cultural, linguistic, racial, and ethnic—deeply influence how they learn and engage in school. Therefore, our curriculum, communication strategies, and classroom practices are intentionally designed to reflect and affirm the cultural backgrounds and lived experiences of all students.

In alignment with the CR-SE Framework, we ensure that all ELLs are included in a welcoming and affirming environment. School communication is accessible and linguistically inclusive, using translation services and multilingual resources to reach all families effectively. For instance, all teachers use Class Dojo to maintain daily communication with parents, and the platform automatically translates messages into families' preferred languages, which strengthens home-school partnerships and supports students' academic and emotional growth.

Our curriculum is continuously reviewed and enriched to incorporate diverse perspectives, texts, and instructional materials that reflect the cultures, histories, and voices of our student body. Teachers receive ongoing professional development to strengthen culturally responsive pedagogy, ensuring they can meet the academic and social-emotional needs of every learner.

PS 13Q also provides extensive community resources to support newcomer families and ELLs, including translation services, multilingual community services maps, and instructional support. These efforts ensure that families feel seen, heard, and empowered to participate in their children's education.

To foster ongoing collaboration, our Parent-Teacher Association (PTA), in coordination with our Parent Coordinator and Guidance Counselor, hosts monthly meetings with families to share school updates, address concerns, and provide opportunities for family engagement. These meetings are inclusive spaces where parents from all backgrounds can contribute their voices to the school community.

Ultimately, PS 13Q is committed to enhancing educational practices through the CR-SE lens. Teachers and administrators work collaboratively to build inclusive, affirming, and high-expectation learning environments where all students—regardless of race, ethnicity, or language background—are supported to succeed and thrive.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to our Spring 2025 EDAT, 16.3% of students met progress by exiting ELL status, 25% met annual progress targets, 7.1% met safe harbor cumulative growth and 55.2% did not meet progress. Some trends noticed is that out of the 51.6% of students who did not meet progress, 69 students do not have any NYSESLAT history, therefore making them newcomers. Adjusting for students without data in this category, the majority of ELLs, attending PS 13Q for more than one year, demonstrated ELP sufficient progress as determined by the 2024 NYSESLAT and cumulative growth measures.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the Spring 2024 NYSESLAT, Students excelled in the speaking modality, and for students in first grade, Listening was an area of strength as well.

The following is a breakdown of each grade and the analysis of each grade's highest versus lowest performing modality based on the Spring 2025 EDAT. For students in first grade, Listening was an area of strength and Writing was the modality of greatest need. For second grade through fifth grade, Speaking was an area of strength and writing was an area of weakness.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

After reviewing the 2024 NYSESLAT and Spring 2024 ELA test results: - there were 21 total ELL/MLs who took the ELA exam in grades 3-5.62% scored a 1; 19% scored a 2; 19% scored a 3; and 0% scored a 4. The data shows a large gap between our ELL/MLLs performance versus non-ELL performance thereby emphasizing the need to focus on strengthening our core instruction, emphasizing on a schoolwide focus on Hallmark 3, writing to build language and knowledge.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Currently we have 3 SIFE student. 31% of ELLs have IEPs. According to the Spring 2025 EDAT, 1 SIFE student is Entering and 2 students are Emerging. For ELLs with IEPs, 9% are Entering, 22% are Emerging, 30% are Transitioning, 36% are Expanding and 3% are Commanding. The performance of our ELLs with IEPs and SIFE are similar to the growth of our non-ELL population. In examining these trends, the school has chosen to focus on Strengthening the Core Curriculum. The school's Instructional Leadership Team (ILT) works diligently to create a supportive environment and set rigorous expectations for every student.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

The Instructional Leadership Team at our school collaborates closely with English as a New Language (ENL) teachers to ensure that English Language Learners (ELLs) are supported throughout all phases of instructional design. An ENL teacher participates in ILT meetings and turnkeys initiatives to the ENL team. Information is also shared by ENL teachers and classroom teachers at grade level meetings.

These partnerships ensure that language learning is intentionally woven into all areas of the curriculum, making it a priority across subjects. For example, classroom programs are intentionally designed to focus on both language use and language development, embedding language skills in every lesson, whether it's math, science, social studies, or the arts. Furthermore, the classroom environment is structured to support language development through frequent exposure to oral and written English used in authentic and varied contexts. Teachers use models of language that demonstrate its application in real-world situations, whether in formal writing, collaborative discussions, or other academic settings. This exposure helps students not only improve their proficiency in the language but also understand the different purposes for which language can be used — from argumentative writing to scientific inquiry.

At P.S. 13Q, ENL teachers and classroom teachers regularly analyze the FURBY assessment results. This tool helps gain insights into the strengths and areas for growth of individual students across the four language modalities: listening, speaking, reading, and writing. Through this collaborative data analysis, teachers are able to identify specific language needs and tailor their instruction to meet the diverse needs of their students. Moreover, student placement is determined using a combination of both formal and informal assessments. The results of the FURBY assessment, alongside other data sources like mCLASS results, provide a detailed picture of each student's language proficiency and academic needs. This data-driven approach allows for the creation of dynamic groups — small, flexible groups of students that are organized according to their language proficiency levels, learning styles, and specific academic needs. These groups are regularly reviewed and adjusted based on ongoing assessments, ensuring that instruction remains responsive to the students' evolving language development. Through this holistic, data-informed approach, the Instructional Leadership Team and ENL teachers ensure that ELLs not only have access to high-quality instruction but also thrive in a classroom environment that supports language acquisition in meaningful and impactful ways. This process is part of the school's overall commitment to fostering equitable learning opportunities for all students, regardless of their language background.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team (ILT) plays a crucial role in ensuring that the educational experience is inclusive and equitable for all students, particularly Multilingual Learners (MLs) and English Language Learners (ELLs). The team provides a variety of resources that not only reflect the diverse linguistic and cultural backgrounds of all students but also actively work to eliminate cultural bias. These resources are intentionally designed to resonate with the varied experiences of students, ensuring that every child feels seen, valued, and understood in their learning environment. In addition, the ILT ensures that teachers across all grade levels have access to professional development (PD) opportunities beyond the classroom. These opportunities are vital for equipping educators with the knowledge, tools, and strategies necessary to offer high-quality, differentiated instruction tailored to the unique needs of each student, particularly those who are English language learners. Through these learning opportunities, teachers are supported in developing an understanding of the best practices in language acquisition, culturally responsive teaching, and strategies for promoting academic success for all students, regardless of their language background.

The English as a New Language (ENL) team is another key partner in this process. In collaboration with the ILT, they create and facilitate professional development sessions that empower teachers and other school professionals to become strong advocates for ML/ELLs. These training sessions help staff better understand the challenges faced by ELLs, such as language barriers, and provide concrete strategies to support these students in all areas of their education. Furthermore, a robust system of data collection and analysis is integral to this approach. Data regarding student progress is consistently gathered, shared, and analyzed, ensuring that all educators—both general education and specialized support staff—are informed about the academic standing of each student. This collective knowledge allows for targeted interventions and supports that are responsive to individual student needs and also ensures that students are assessed in a manner that is fair, equitable, and reflective of their true abilities. Finally, the ILT recognizes the importance of family engagement in a child's academic journey. It fosters an open and welcoming school culture that encourages families to take an active role in school activities and their child's learning process. By involving families as partners in education, the ILT helps to create a strong support network for students, fostering a sense of community and shared responsibility for student success.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core content instruction in our DLBE programs is delivered in English and the Home Language (Spanish or Mandarin), with 50% of instructional time devoted to each language. Instruction in our TBE program is delivered in English and Spanish, with a gradual increase in English instruction as students develop ELP. Instruction in our ENL program is delivered in English with home language support as needed, whenever possible. All programs include the mandated components of Integrated and Stand-Alone ENL, as follows.
Stand-Alone Model: Systematic English Language Instruction

The Stand-Alone Model focuses on providing explicit, targeted English Language instruction to English Language Learners (ELLs). The purpose of this model is to help students build a strong language foundation, ensuring they acquire the necessary skills to effectively navigate various linguistic situations. The core instructional objective is to help students gain control over a broad array of language functions, forms, and vocabulary within meaningful, real world contexts. This comprehensive approach ensures that students not only learn isolated language structures but are also able to apply these structures meaningfully in communication. To accommodate the varied levels of language proficiency within a class, differentiation is at the heart of the StandAlone model. Instruction is specifically designed to meet the diverse language acquisition needs of students, whether they are beginners or more advanced learners. Lessons are tailored to address the proficiency level of each student, ensuring that they receive the appropriate level of support to progress in their language development.

In the stand-alone model, we will be using English 3D. English 3D fosters English language development by providing

dedicated instructional time focused specifically on academic English skills. The program offers explicit instruction in vocabulary, grammar, speaking, reading, and writing, helping students build the language needed for success across content areas. Structured oral practice, including discussions and response frames, builds fluency and confidence, while high-interest, culturally relevant texts enhance reading comprehension and vocabulary. Integrated reading and writing tasks mirror academic demands, preparing students for evidence-based writing and structured responses. Ongoing formative assessments guide instruction and provide targeted feedback, while the supportive, low-risk classroom environment encourages participation, risk-taking, and language growth. Together, these elements ensure that multilingual learners in a stand-alone setting receive the focused, scaffolded support necessary to accelerate their English proficiency.

One key feature of the Stand-Alone Model is its connection to student background. Instruction takes into account students' prior experiences, knowledge, and cultural contexts, making the learning process more relevant and engaging. The goal is to make the language learning process meaningful by linking new language skills with what students already know, both in their homes and communities, as well as in the classroom. Furthermore, students' progress in language development is carefully monitored through ongoing assessment. The data collected from these assessments is analyzed to identify specific language gaps and to design instructional strategies that best address individual needs. Teachers use these insights to adjust lesson plans, ensuring that every student receives the support they need to succeed. In the Stand-Alone model, students are grouped heterogeneously by grade level, ensuring that they work with peers of various backgrounds and abilities. The class is taught by a K-12 certified ESOL (English for Speakers of Other Languages) teacher, who is highly skilled in addressing the language needs of diverse learners. This teacher not only provides instruction but also conducts assessments across all four language modalities—listening, speaking, reading, and writing. To maximize effectiveness, the ESOL teacher works in close collaboration with classroom teachers to align instruction with what students are learning across other subject areas. This integration of language and content instruction ensures that students are able to engage meaningfully with the material being taught in their regular classes. Teachers also incorporate collaborative learning strategies to increase student talk, engagement, and interaction. These strategies create opportunities for students to practice and refine their English in a supportive, interactive environment. The ENL teacher plays a crucial role in facilitating access to content, specifically through scaffolding techniques. By carefully breaking down complex texts and providing targeted support (such as vocabulary development, form recognition, and functional language practice), the teacher ensures that students are equipped to understand and engage with the content they are learning.

Integrated Model: Content-Driven Language Instruction
The Integrated Model aims to provide a more immersive experience for English Language Learners, where language learning is seamlessly connected to the content areas they are studying, such as science, math, social studies, and language arts. In this model, the goal is for students to fully access all content instruction in English, with the language objectives being directly shaped by the content area objectives. This ensures that language learning is not isolated, but instead deeply embedded in the subject matter that students are exploring. Lessons in the Integrated model are designed to provide comprehensible content instruction. This means that academic language specific to each content area is introduced in a way that makes it accessible to learners at varying levels of proficiency. Teachers "front-load" this academic language by introducing key terms, concepts, and structures before diving into the content itself. This ensures that students have the necessary linguistic tools to fully participate in and understand the lesson. Similar to the Stand-Alone Model, the Integrated Model emphasizes the importance of making connections to student background. By linking new content to what students already know from their personal experiences, cultural contexts, and prior academic knowledge, teachers create a bridge between the students' lived experiences and the academic content. Differentiation remains a central feature of this model as well. Instruction is tailored to meet the varying language proficiency levels of students in the class, ensuring that every learner receives the appropriate support to grasp both the language and content being taught. In terms of assessment, the Integrated Model places a strong emphasis on carefully monitoring students' understanding of both content knowledge and language objectives. Teachers analyze data from formative and summative assessments to determine students' strengths and areas for improvement. This continuous monitoring allows teachers to adapt their instruction and offer targeted support when necessary. Students in this model are grouped heterogeneously by grade level, and the class is taught by a certified ESOL teacher and a classroom teacher with common branches certification. In most instances, one or both teachers hold additional certifications in other areas, such as Special Education, Literacy, etc. As such, teachers are well-equipped to deliver

both language instruction and content instruction in an integrated manner.

Throughout the instructional process, the ESOL teacher remains committed to differentiating instruction and ensuring that all students receive access to both the grade level content and language learning they need to meet the demands of the NGLS. The integration of language development and content knowledge creates a holistic approach to teaching ELLs, empowering them to thrive academically and linguistically.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At PS 13Q, we use the workshop model structure to support Reading, Writing, Listening and Speaking. This includes research-based strategies such as strategy lessons, guided reading, interactive writing, conferring, shared reading, as well as specifically tailored instruction for our ELLs with IEPs which incorporate modified texts, visual supports, translated assignments, Myon, and BoomCards. Instructional strategies and materials include but are not limited to: modified and decodable texts, explicit phonics instruction (phonemic and phonological awareness) through Hegerty and Fundations, graphic organizers, small group instruction, guided & interactive reading, interactive & guided writing, and reading comprehension strategy lessons to target specific skills. For math: reading and solving word problems for meaning; work around computational strategies, the base 10 system, and number theory. Our school's instructional strategies are specifically designed to address these challenges of ELLs with IEPs through a combination of differentiated instruction, personalized support, and research-based strategies. Here's how each aspect of our approach pertains specifically to ELLs with IEPs:

1. Modified and decodable texts For ELLs with IEPs, reading comprehension can be especially challenging because they may not only be learning academic content but also acquiring English language skills simultaneously. Modified and decodable texts serve as an essential tool for: Providing Access: These texts ensure that ELLs can engage with the content at their level of language proficiency while still being exposed to grade-level concepts. Bridging Gaps: By adjusting the complexity of the text, students are able to read material that is more aligned with their current skills but still relevant to their academic growth. Visual Supports: Adding pictures, simplified language, and glossaries can help ELLs with IEPs better understand key concepts, providing scaffolding for both language and content.

2. Visual Supports: ELLs often benefit greatly from visual support as to aid in processing language visually or in a non-verbal way before grasping written or spoken language. This includes: Pictures, Diagrams, Charts: These can reinforce the meaning of words and concepts, offering context clues to help ELLs understand vocabulary and text. Graphic Organizers: Tools like Venn diagrams, concept maps, and KWL charts (What I Know, What I Want to Know, What I Learned) help students organize their thoughts visually and support comprehension. Interactive Tools: Online platforms like BoomCards are helpful because they provide engaging, interactive experiences that include visual elements, which can reinforce language skills in a meaningful way.

3. Translated Assignments For students who are still acquiring English, having assignments available in their native language is critical. This approach offers: Greater Comprehension: Translated assignments allow ELLs to demonstrate their understanding of content without being hindered by language barriers. It ensures that they aren't penalized for limited English proficiency and can access the same curriculum as their peers. Language Support: For ELLs with IEPs, translated assignments can also serve as a bridge to academic language, helping students translate academic vocabulary into their first language to support deeper understanding. Engagement: When students see that their native language is respected, they are more likely to engage with the material and feel confident in their ability to succeed.

4. Use of MyOn: MyOn provides digital books that are leveled and can be customized for each student. This tool supports: Personalized Reading: MyOn offers a wide selection of books that students can choose from based on their

interests and reading levels, helping to increase engagement and motivation. Language Support: Some MyOn texts are available with audio, where students can listen to the text while following along. This can support ELLs who are still developing English proficiency by reinforcing pronunciation, fluency, and listening comprehension. Flexible Pacing: ELLs with IEPs may need more time to process text. MyOn allows students to read at their own pace, which can help them absorb information more effectively.

5. Explicit Phonics Instruction (Hegerty and Fundations) Phonics instruction is crucial for ELLs with IEPs, particularly when learning to decode and understand English phonemes. Programs like Hegerty and Fundations can help: Phonemic and Phonological Awareness: These skills are foundational to reading in any language. For ELLs, they help break down the sounds of words, which is especially important in a language like English that has irregular spelling patterns. Multisensory Learning: Phonics instruction in these programs often uses visual, auditory, and kinesthetic techniques to help students learn the sounds and patterns of language. For students with IEPs, this multisensory approach can be particularly effective, as it caters to different learning styles and helps reinforce new concepts.

6. Interactive Writing and Guided Writing Interactive and guided writing are essential in providing scaffolding for ELLs with IEPs: Interactive Writing: By writing together with the teacher, ELLs with IEPs can practice sentence structure, spelling, grammar, and vocabulary with guidance. This strategy allows them to actively participate and receive immediate feedback. Guided Writing: In smaller groups, teachers can focus on specific writing needs. For example, an ELL student with an IEP who struggles with forming complete sentences might receive direct instruction on how to structure a basic sentence, gradually building up to more complex writing. Sentence Frames and Graphic Organizers: These tools help students structure their writing and generate ideas more easily, especially if they have limited vocabulary or find it challenging to organize their thoughts.

7. Collaboration Between Teachers Collaboration between general education teachers, special education teachers, and ESOL teachers is key to supporting ELLs with IEPs. Regular communication ensures: Consistency in Instruction: These students receive consistent and coherent support in all subject areas, both in language and content. Accommodations and Modifications: Teachers can ensure that the IEP accommodations (e.g., extended time, modified assignments, use of assistive technology) are properly implemented, and language needs are continuously addressed.

8. English 3D: English 3D supports English language development for ELLs with IEPs by providing structured, scaffolded instruction that aligns with their individualized learning needs. The curriculum incorporates visual supports, sentence frames, and step-by-step modeling, which help students access academic language in manageable ways. Its multimodal approach—including speaking, listening, reading, and writing—supports diverse learning styles and addresses common challenges such as expressive and receptive language difficulties. The program's strong emphasis on oral language and structured writing tasks aligns well with many IEP goals, while built-in formative assessments help monitor progress and guide instruction. Teachers further support this subgroup by integrating accommodations such as extended time, assistive technology, modified tasks, and strategic grouping. By aligning instruction with IEP goals and collaborating with special education staff, English 3D is effectively utilized to create an inclusive learning environment that fosters meaningful language development for ELLs with disabilities.

b. SIFE

Supporting SIFE Students
The Newcomer Pull-Out Program is designed to help students with Limited or Interrupted Formal Education (SIFE), in grades 3-5, thrive academically and socially. By providing targeted instruction in English language development and grade-level academic skills, the program bridges the gap between students' current abilities and the demands of the general education curriculum. The ultimate goal is to empower students to participate fully in school life and achieve academic success.

Key Instructional Strategies
ENL (English as a New Language) teachers use a variety of research-based strategies to support students across all content areas:

Visual Supports: Images and illustrations reinforce new vocabulary, concepts, and instructions.
Explicit Vocabulary Instruction: Direct teaching of tiered vocabulary critical to understanding academic content.
Total Physical Response (TPR): Pairing physical movement with verbal instructions to enhance comprehension, especially for beginners.
Activating Prior Knowledge: Connecting new learning to what students already know to deepen understanding.
First Language Support: Using students' native language when appropriate to reinforce concepts and accelerate learning.
Scaffolding: Providing graduated support that is gradually removed as students gain independence.
Differentiation: Tailoring instruction to meet students at their individual stages of language development.
Thematic and Standards-Aligned Instruction
Instruction is organized around thematic units that integrate content, language, and behavioral objectives. These units are aligned with: Next Generation State Standards: Ensuring all students meet rigorous academic expectations. New Language Progressions: Guiding students from beginner to advanced proficiency. Small group learning allows for individualized attention, supporting both immediate language needs and long-term academic goals.
Skills-Based and Literacy-Focused Instruction
Skill development is at the heart of the program:
Grammar, Spelling, and Academic Language: Embedded in lessons so students can apply English conventions in various contexts.
Content-Specific Language: Students learn to distinguish and justify vocabulary used in core subjects.
Evidence-Based Writing: Students practice supporting their ideas with evidence, building literacy skills linked to content understanding.

Literacy development is prioritized through:
Guided Group Work: Focused support in reading and writing tasks.
Advanced Literacy Skills: As students progress, instruction targets structured essay writing, complex texts, and cross-curricular knowledge.
Culturally Relevant Writing: Literacy tasks are connected to students' personal and cultural experiences for greater engagement.
Technology Integration
Technology is used to enhance learning and meet diverse needs:
Interactive Tools: Desktop computers, laptops, iPads, Smart Boards, and ELMOs facilitate engaging lessons.
Listening Centers: Improve listening comprehension and language acquisition.
Bilingual Resources: Glossaries, videos, and leveled books in students' home languages support understanding and independent learning.

Collaboration and Content Support
Core subjects—math, science, and social studies—are taught by content teachers, with ENL teachers providing language support through a push-in model. This collaborative approach ensures language development is seamlessly integrated into academic instruction. Stand-alone ENL sessions offer additional individualized support as needed.

Phonics and Literacy by Grade Level
Grades K-2: Focus on explicit phonics instruction, letter recognition, and decoding to build foundational reading skills.
Grades 3-5: Emphasis shifts to using visual supports and sentence starters to aid comprehension and guide written responses.

English 3D: English 3D supports SIFE (Students with Interrupted Formal Education) by providing a structured, scaffolded approach to academic language development that helps bridge gaps in both language and foundational skills. The program's consistent routines, explicit vocabulary instruction, sentence frames, and visual supports create a predictable and supportive learning environment, which is essential for students adjusting to formal education. English 3D's emphasis on oral language practice, culturally relevant texts, and integrated reading and writing tasks helps SIFE students build fluency, literacy, and academic confidence. While not designed specifically for newcomers, the curriculum can be adapted to meet SIFE students' needs through slowed pacing, pre-teaching, and additional guided support. By combining academic rigor with flexible supports, English 3D helps SIFE students develop the language,

literacy, and confidence needed to participate meaningfully in school.

c. Newcomers

At PS13Q, English as a New Language (ENL) instruction for Newcomers is grounded in a comprehensive, targeted approach designed to accelerate both linguistic and academic development for students who are new to English. Our methodology centers on building a strong language foundation while ensuring equitable access to grade-level content across all subject areas.

Instructional Framework: English 3D
English 3D supports newcomer English Learners by providing a structured and academically focused curriculum that, with appropriate scaffolding, helps build foundational language and literacy skills. While originally designed for more advanced English learners, its consistent routines, explicit vocabulary instruction, sentence frames, and visual supports make it adaptable for newcomers who are developing early English proficiency. The program's emphasis on oral language through structured speaking and listening tasks helps students build confidence and communication skills, while culturally relevant texts and scaffolded reading and writing activities introduce academic content in accessible ways. With modifications such as slower pacing, pre-teaching of concepts, and added language supports, English 3D can effectively serve as a bridge to mainstream instruction, helping newcomer ELLs gain the academic English and classroom readiness needed for long-term success.

Differentiation for Language Proficiency Levels
Recognizing that Newcomer students enter with diverse backgrounds and varying levels of English proficiency, our instruction is highly differentiated. Teachers adapt lessons using visual supports, tiered vocabulary, and interactive activities to meet students where they are—whether they are true beginners or progressing toward intermediate proficiency. This ensures that each student can advance at their own pace, building confidence and competence in both language and academic content.

Data-Driven Instruction and Collaborative Planning
Our instructional planning is firmly data-driven and collaborative. Teachers use ongoing assessments to track student growth and identify areas for targeted support. Regular common planning periods allow classroom teachers and ENL providers to analyze data from tools such as MClass, HMH, and Envisions, ensuring that instruction is responsive and appropriately challenging for all learners.

Ongoing Support through Teacher-ENL Provider Collaboration
Weekly collaboration between classroom teachers and ENL providers is a key feature of our program. These meetings focus on reviewing student progress, sharing best practices, and adjusting instruction based on current data. By integrating language development strategies into content lessons, teachers ensure that Newcomer students are supported in building both English proficiency and academic knowledge simultaneously.

Holistic Support for Newcomers
Beyond academics, our approach incorporates social-emotional support and cultural awareness, helping Newcomers feel welcomed and engaged in the school community. Visual resources, picture dictionaries, and support card sets are used to reinforce learning and foster independence. The program also provides tools for supporting linguistically diverse students and those with disabilities, ensuring that every Newcomer receives the individualized support they need to thrive.

d. Long Term ELLs

Currently, there are no L-TELLs in attendance. In the event that Long Term ELLs are in attendance, students are supported alongside ELLs in other subgroups, depending on their language learning and academic needs. When needed, L-TELLs are also eligible for support within the MTSS Framework. Instructional strategies similar to those used with SIFE and ELLs with IEPs are as follows.

Key Instructional Strategies
ENL (English as a New Language) teachers use a variety of research-based strategies to support students across all content areas:
Visual Supports: Images and illustrations reinforce new vocabulary, concepts, and instructions.
Explicit Vocabulary Instruction: Direct teaching of tiered vocabulary critical to understanding academic content.

Total Physical Response (TPR): Pairing physical movement with verbal instructions to enhance comprehension, especially for beginners.
Activating Prior Knowledge: Connecting new learning to what students already know to deepen understanding.

First Language Support: Using students' native language when appropriate to reinforce concepts and accelerate learning.
Scaffolding: Providing graduated support that is gradually removed as students gain independence.
Differentiation: Tailoring instruction to meet students at their individual stages of language development.
Thematic and Standards-Aligned Instruction
Instruction is organized around thematic units that integrate content, language, and behavioral objectives. These units are aligned with: Next Generation State Standards: Ensuring all students meet rigorous academic expectations. New Language Progressions: Guiding students from beginner to advanced proficiency. Small group learning allows for individualized attention, supporting both immediate language needs and long-term academic goals. Skills-Based and Literacy-Focused Instruction

Skill development is at the heart of the program:
Grammar, Spelling, and Academic Language: Embedded in lessons so students can apply English conventions in various contexts.
Content-Specific Language: Students learn to distinguish and justify vocabulary used in core subjects.
Evidence-Based Writing: Students practice supporting their ideas with evidence, building literacy skills linked to content understanding.

Literacy development is prioritized through:
Guided Group Work: Focused support in reading and writing tasks.
Advanced Literacy Skills: As students progress, instruction targets structured essay writing, complex texts, and cross-curricular knowledge.
Culturally Relevant Writing: Literacy tasks are connected to students' personal and cultural experiences for greater engagement.

Technology Integration
Technology is used to enhance learning and meet diverse needs:
Interactive Tools: Desktop computers, laptops, iPads, Smart Boards, and ELMOs facilitate engaging lessons.
Listening Centers: Improve listening comprehension and language acquisition.
Bilingual Resources: Glossaries, videos, and leveled books in students' home languages support understanding and independent learning.

Collaboration and Content Support
Core subjects—math, science, and social studies—are taught by content teachers, with ENL teachers providing language support through a push-in model. This collaborative approach ensures language development is seamlessly integrated into academic instruction.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Curricular flexibility for English Language Learners (ELLs) with Individualized Education Programs (IEPs) means thoughtfully adapting core academic content and instructional methods to ensure that learning is both accessible and rigorous. At PS 13, this is accomplished through a range of scaffolded strategies that break down the curriculum into manageable segments, using visual aids, vocabulary supports, and graphic organizers to help students grasp complex material without becoming overwhelmed. Assessments are modified by simplifying language, offering alternative formats such as oral presentations, or providing extended time, so ELLs can demonstrate their understanding in ways that align with their language proficiency and learning needs .

Differentiated texts allow students to engage with the same subject matter at varying levels of complexity, tailored to their individual proficiency. Instructional flexibility is further enhanced through collaborative teaching, where ELL, special education, and general education teachers co-plan and co-teach to provide targeted support while maintaining access to content-rich classroom experiences3. Teachers model academic language, use sentence starters, and create frequent opportunities for structured peer discussions and small group work, fostering communication and language acquisition in supportive settings. Specialized learning materials—including tactile, auditory, and visual resources, as well as technology and bilingual supports—are incorporated to accommodate diverse learning needs.

Scheduling flexibility is prioritized by integrating ELL services into core literacy blocks for uninterrupted, targeted language instruction, and by providing stand-alone periods for individualized support focused on language acquisition and IEP goals. Small group instruction during these periods ensures personalized attention and ongoing progress monitoring. Regular communication and collaboration among ELL, special education, and general education staff ensure that instruction is continuously adjusted to meet student needs, addressing both language development and IEP goals in a coordinated manner.
By maximizing inclusion through flexible grouping and the gradual release of support, ELLs with IEPs can participate with their peers, develop social language skills, and access rigorous content. This holistic, scaffolded approach leads to greater academic success, social integration, and more accurate achievement of IEP goals, ensuring that ELLs with IEPs receive the comprehensive, individualized support necessary for both language and academic growth.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Our Dual Language classes will serve both ELLs/MLs in need of English language development as well as English proficient students. Our program is designed to continue developing students' home language, as well as English skills while supporting English-proficient students in learning Spanish or Chinese. The dual language program model adopted by our school is the self-contained 50/50 model using the roller coaster model equal time. The goal is to give each language equal time by the end of the semester and to develop grade-level appropriate, bilingual, biliterate, and bicultural academic skills in both English and Spanish or

Chinese for all students. Home language support may be given in a variety of ways. Home language libraries and textbooks are available for ELLs/MLs who require it. Technology based programs such as Amira, mCLASS also offer home language support based on their assessments in English and Spanish or Chinese. Assessments are available in Spanish in core content Curricula, including, HMH Arriba la Lectura, which complements the English language program, Into Reading, and Envisions Math. Teachers in our Mandarin Dual Language program translate English language assessments to ensure that students are assessed in their home language and English.

While the percentage of instruction in English gradually increases in our TBE program, students continue to receive access to assessments in Spanish. Students have agency in selecting their preferred language to respond in for classroom exams but are able to reference the alternate language (English or Spanish) for support. Many students in our 12-1-1 TBE classes are also eligible for exams read aloud in accordance with their IEPs.

For State assessments that do not assess reading comprehension, ELLs/MLs and Former ELLs are permitted to take exams in English or their Home Language, and assessments are provided in both languages for reference, along with bilingual glossaries for one-to-one translations of specific academic vocabulary.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 13, collaboration between English as a New Language (ENL) providers and classroom teachers—including bilingual and dual-language educators—is fundamental to delivering differentiated instruction that meets the diverse needs of English Language Learners (ELLs). This collaborative model ensures that instruction is tailored to each student's English proficiency, as determined by the NYSITELL (New York State Identification Test for English Language Learners) and NYSESLAT levels, as well as individualized teacher notes and observations regarding academic progress, behavior, and language development.

ENL providers and classroom teachers co-plan and co-teach lessons, integrating both content and language objectives so that ELLs engage with academic material at an appropriate level of challenge. Instruction is further supported by a range of resources and supplemental materials, such as bilingual dictionaries, visual aids, digital tools, leveled reading books, and manipulatives, which help scaffold learning and make content more accessible.

The partnership between ENL providers and classroom teachers is evident in both push-in and pull-out service models. In the push-in model, ENL providers join the general classroom to support ELLs during lessons, promoting inclusion and allowing students to access content alongside their peers. The pull-out model, on the other hand, offers small-group instruction in a separate setting, where ELLs can receive focused language support tailored to their specific needs. Both models are used flexibly to maximize student growth. Ongoing communication and data monitoring are central to this approach; teachers and ENL providers use formal and informal assessments to track language acquisition and academic progress, adjusting instructional strategies as needed. Regular collaboration with other specialists, such as special education staff and instructional coaches, ensures that interventions are responsive and comprehensive.

A key strength of this model is its emphasis on cultural competence and sensitivity. Bilingual and dual-language teachers draw on students' home languages and cultural backgrounds to create a welcoming and inclusive classroom environment. By valuing and integrating students' cultural experiences, teachers help ELLs feel connected to the curriculum and supported as they navigate both a new language and a new cultural context. This holistic, collaborative approach not only supports language development and academic achievement but also fosters a sense of belonging and confidence among ELLs at PS 13.

Collaboration and planning time between an ENL provider and a classroom teacher are essential for ensuring that Stand-alone ENL instruction is purposeful, aligned, and supportive of students' academic success. When ENL teachers have dedicated time to collaborate with content-area teachers, they gain valuable insight into the academic vocabulary, key concepts, and language functions students will encounter in their general education classes. This allows the ENL teacher to intentionally plan Stand-alone instruction that previews or reinforces the language demands of content lessons—such as explaining, comparing, summarizing, or justifying—while maintaining a focus on language development. Through collaboration, the ENL teacher can also identify specific areas where students may struggle linguistically, and design targeted scaffolds, sentence frames, and practice opportunities to address those needs.

Ultimately, this joint planning ensures that ENL instruction is not isolated from the core curriculum, but instead equips English learners with the academic language and confidence they need to participate successfully in their content classes.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The Annual Professional Learning Plan at PS 13 is structured to ensure that all staff are continuously developing the skills, strategies, and knowledge necessary to effectively address the academic and social-emotional needs of Multilingual Learners (MLs) and English Language Learners (ELLs). Central to this plan is the allocation of dedicated time during Professional Development (PD) days every Monday, where all educators participate in focused workshops on essential topics such as explicit vocabulary instruction, integrating academic content and literacy for English learners, co-teaching strategies, culturally responsive teaching practices, and social-emotional learning.

These sessions are designed to be systematic, differentiated, and collaborative, aligning with best practices that place students' strengths and needs at the center of professional learning. In addition to in-house PD, teachers and administrators have opportunities to attend external workshops, conferences, and specialized training, with a turnkey model in place to ensure that new knowledge and effective practices are shared and implemented schoolwide.

To further support professional growth, staff have access to virtual professional learning platforms, allowing for flexible, individualized engagement and opportunities to connect with experts in second language acquisition. This comprehensive approach fosters a continuous cycle of improvement, equipping educators not only to deliver rigorous academic content but also to create inclusive, culturally responsive, and supportive learning environments where MLs and ELLs can thrive academically, socially, and emotionally.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's Professional Development (PD) plan is strategically designed to ensure compliance with New York State's Continuing Teacher and Leader Education (CTLE) requirements, particularly those outlined in CR Part 154 for supporting English Language Learners (ELLs). All certified staff are supported in completing the mandated 100 CTLE hours every five years, including the required focus on language acquisition—15% for most teachers and 50% for TESOL and bilingual educators. We partner with SED-approved vendors to provide high-quality, CTLE-eligible PD during designated times in alignment with the UFT contract. Our plan also incorporates specialized sessions from the Office of Multilingual Learners and other trusted providers, covering topics such as differentiated instruction, culturally responsive teaching, and effective strategies for multilingual learners. To extend learning beyond the classroom, teachers attending external workshops use a turnkey model to share practices with colleagues, while virtual platforms offer additional flexibility and access to second language acquisition experts. This comprehensive, collaborative approach not only ensures certification compliance but also builds instructional capacity to meet the diverse needs of ELLs and all students in our school community.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses iReady, MAP Growth, and mCLASS to guide instructional planning for our ELLs. These screeners play a critical role in guiding instructional planning for English Language Learners (ELLs) by providing data that identifies students' academic strengths, language needs, and learning gaps. Each assessment tool offers insights that inform targeted, differentiated instruction aligned to students' English proficiency levels and grade-level expectations.

MAP Growth (Measures of Academic Progress) offers adaptive assessments in reading and math that help identify where ELLs are performing relative to grade-level benchmarks. For ELLs, MAP data highlights specific skills that need reinforcement or acceleration, allowing teachers to group students strategically, select appropriate scaffolds, and align instruction with both content and language development goals.

iReady assessments provide diagnostic and formative data that pinpoint which standards and skills students have mastered and which require further support. This is especially valuable for ELLs, as it helps educators distinguish between language-related misunderstandings and true content gaps, ensuring that instruction addresses both academic and linguistic needs.

mCLASS focuses on foundational literacy skills through tools like DIBELS. For younger ELLs, mCLASS data is crucial in identifying early reading challenges, such as phonemic awareness, decoding, and fluency. It helps teachers implement early interventions and language-rich literacy instruction that supports biliteracy and language acquisition.

By analyzing the results from these screeners, educators can plan instruction that is linguistically responsive and data-driven—integrating vocabulary development, language structures, and content-specific skills. The data also supports goal-setting, progress monitoring, and collaboration between ENL teachers and classroom teachers to ensure that instructional strategies are aligned and responsive to each ELL's unique learning profile.

Data-driven instruction is further enhanced through regular Data Analysis Meetings, where educators and support staff review both formal and informal assessment data to identify student needs and determine the most effective interventions. The ELL Data Analysis Tool is used to guide instructional decisions and next steps. Professional development sessions enable teachers to deepen their understanding of assessment data and develop targeted instructional strategies, with ENL providers offering specialized insights into language acquisition. Collaborative planning meetings between classroom teachers and ENL providers focus on evaluating and refining instruction, ensuring it is personalized, research-based, and consistently aligned with student needs. These meetings also foster cross-curricular collaboration, allowing educators to share best practices and strategies across subject areas, ultimately supporting the academic and linguistic growth of all students.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Targeted intervention programs for English Language Learners (ELLs) in English Language Arts (ELA) at PS 13 are built on a foundation of differentiated, data-driven instruction and the use of high-quality resources. The HMH Into Reading tabletop lessons serve as a cornerstone, offering engaging, scaffolded instruction that addresses a range of language proficiency levels and learning styles. Supplemental materials—including literacy workbooks, digital tools, and interactive activities—further personalize learning, providing explicit instruction and opportunities for independent practice. Visual supports such as pictures, charts, and word walls are integrated throughout, offering essential context clues that aid vocabulary acquisition and concept comprehension, which is especially beneficial for ELLs.

Within the Multi-tiered System of Support (MTSS) framework, teachers use assessment data to identify ELLs who need additional support and tailor interventions to their specific language and academic needs. Programs like Fundations and Wilson target foundational literacy skills such as decoding and phonemic awareness, while differentiated strategies address content-specific vocabulary and comprehension. Instruction is broken into manageable chunks, and texts are modified to ensure linguistic accessibility without sacrificing rigor, allowing students to build understanding step by step.

Classroom strategies focus on integrating language development into content lessons. Academic language in math is supported through visual aids (diagrams, graphs, models) and explicit instruction in mathematical terms, while content-specific vocabulary is introduced and modeled across all subjects, often with visuals and native language support when possible. Texts are scaffolded with simplified language, highlighted keywords, and chunked information to reduce cognitive load and make content accessible.
Bilingual resources—including books, dictionaries, and paraprofessionals—are leveraged to bridge students' native languages and English, supporting comprehension and allowing students to draw on their existing language skills. Bilingual paraprofessionals provide direct instructional and emotional support, facilitating discussions and easing language barriers.

Beyond the school day, after-school language development programs and newcomer initiatives provide additional opportunities for ELLs and immigrant students to strengthen their English skills, adjust to a new culture, and build social-emotional resilience. These programs engage students in language-rich activities such as storytelling, writing, drama, and games, fostering informal language practice in a supportive environment.

Collaboration among ENL teachers, RTI staff, and classroom teachers is central to this approach. Regular meetings and data reviews ensure that interventions are closely monitored and adjusted as needed, and that best practices are consistently implemented across learning environments. This collaborative, multi-tiered model ensures that ELLs receive the targeted, responsive support necessary for both language acquisition and academic success.

We use SPIRE and Fundations Double Dose as reading interventions within Tiers II and III to support students struggling with foundational literacy skills. Fundations Double Dose is used at Tier II, providing 15–30 minutes of additional daily phonics instruction in small groups. It reinforces core Fundations lessons through repetition, modeling, and corrective feedback. Progress is monitored using unit assessments, skill checks, and universal screeners. SPIRE, used at Tier III, offers intensive, multisensory instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension. It is delivered in small groups or one-on-one for 45–60 minutes daily. Student progress is tracked through mastery checks, SPIRE assessments, and data from tools like DIBELS or mCLASS. Both programs ensure students receive targeted, data-driven support to build foundational reading skills and close learning gaps.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

To guide instruction for English Language Learners (ELLs) within a Multi-Tiered System of Supports (MTSS), our school relies on a comprehensive, data-driven approach that considers multiple facets of each student's academic and linguistic profile. Key data points include the number of years a student has participated in bilingual or English as a New

Language programs, literacy levels in both English and the home language, content area and socio-emotional needs—particularly for Students with Inconsistent/Interrupted Formal Education (SIFE)—and the unique needs of long-term ELLs. Additional data sources such as annual English language proficiency assessments (NYSESLAT), teacher recommendations from both bilingual/ENL and special education staff, bilingual educational evaluations, content area teacher input, and samples of student work in English and the home language are all reviewed to form a holistic picture of each learner.

Decisions about instructional support and interventions are made using these multiple data points, analyzed in context and over time, ensuring that instruction is responsive to each student's evolving needs. Parents are kept informed about their child's progress, the interventions in place, the staff involved, and the specific academic or behavioral goals being targeted. The MTSS framework itself is designed to provide scaffolded, tiered supports that address both academic and social-emotional development, with instruction tailored to individual proficiency levels as determined by assessments like NYSESLAT or NYSITELL.

MTSS groups are strategically formed using this data, enabling targeted, differentiated instruction that encompasses phonics, literacy skills, comprehension strategies, and a balance of language structure and contextual understanding. Ongoing assessments, such as mClass for K-5 literacy, are used to monitor progress, allowing educators to adjust instruction and interventions as needed to maximize growth. Regular review and collaborative discussion of this data among educators ensure the MTSS framework remains effective and responsive to the dynamic needs of Multilingual Learners (MLLs) and ELLs throughout the school year.

Within the MTSS framework, i-Ready, mCLASS, and MAP Growth are used as universal screeners to identify students' learning needs and guide targeted instruction. i-Ready provides diagnostic data in reading and math to help place students in appropriate tiers and tailor instruction. mCLASS focuses on early literacy skills, informing interventions for students struggling with foundational reading. MAP Growth offers adaptive assessments that track academic growth and help monitor progress over time. To address identified needs, research-based interventions such as Fundations and SPIRE for reading, as well as programs like i-Ready's personalized learning paths for math, are used. These targeted interventions, combined with ongoing progress monitoring, ensure students receive timely, effective support aligned to their specific skill gaps.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments are a cornerstone of effective teaching and learning, providing ongoing feedback that empowers educators to monitor student progress, adjust instruction in real time, and address specific learning needs. In our classroom, we employ a variety of formative assessments, each playing a vital role in shaping instruction and supporting student growth.

1. Weekly/Module HMH Assessments
These curriculum-aligned assessments evaluate students' understanding of key concepts and skills covered each week or module. They offer immediate insights into student learning, enabling teachers to identify trends, address gaps, and determine if concepts need to be retaught or if enrichment is needed for advanced learners. The data gathered ensures lesson plans remain responsive and aligned with students' needs.

2. mClass Assessments
mClass is an invaluable tool for assessing early literacy skills, such as reading fluency and comprehension. It provides real-time data on students' reading levels, decoding abilities, and vocabulary knowledge. This information allows teachers to deliver targeted interventions for struggling readers and track progress over time, ensuring instruction is tailored to each student's literacy development.

3. Fundations Unit Assessments
Focused on phonics, spelling, and word recognition, Fundations assessments help pinpoint areas where students may struggle with foundational reading skills. Results guide teachers in reinforcing specific phonics lessons or advancing students to more complex reading tasks, ensuring that instruction is both responsive and appropriately challenging.

4. Teacher-Created Assessments
Custom-designed by teachers to meet the unique needs of their students and curriculum, these assessments include quizzes, exit tickets, oral responses, and short-answer questions. They offer flexibility and immediate feedback, allowing teachers to quickly gauge understanding and adjust instruction as needed.

5. Checklists and Rubrics
Checklists help track completion of specific criteria or steps in a process, while rubrics provide detailed evaluations of the quality and depth of student work across multiple categories, such as content, organization, and creativity. Both tools offer students clear, actionable feedback and help guide future instruction.

6. Strategy Groups
Using data from all formative assessments, teachers organize students into strategy groups based on shared learning needs. These small groups allow for targeted, differentiated instruction—whether to reinforce foundational skills or provide enrichment for advanced learners—ensuring every student receives the support or challenge they need.

Using Data to Drive Instruction
The true power of formative assessment lies in the thoughtful analysis of results. By identifying patterns—such as recurring misconceptions or gaps in understanding—teachers can adapt their methods, materials, and groupings to address these areas. This data-driven approach ensures that instruction is personalized, proactive, and effective, helping all students reach their full potential.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our Multilingual Learners (MLs) and English Language Learners (ELLs) are assessed regularly throughout the academic year in both their home languages and English to ensure a comprehensive and accurate understanding of their language and academic progress. This multifaceted assessment process draws on a variety of tools and data sources, providing a holistic view of each student's development.

mCLASS Assessments in English and Spanish
mCLASS is a systematic, research-based assessment tool used to evaluate literacy development in both English and Spanish. By assessing students in their strongest language, we gain a more accurate picture of their true literacy abilities and academic strengths, ensuring that language proficiency does not mask their overall academic achievement.

HMH Arriba la Lectura Assessments (English & Spanish)
This comprehensive literacy program includes modules and assessments in both English and Spanish, measuring skills such as phonological awareness, vocabulary, fluency, and reading comprehension. By tracking progress in both languages, we support students' English development while also maintaining and strengthening their home language literacy—an essential component of academic success and bilingualism.

Module and Weekly Assessments in English and Spanish
Ongoing curriculum-embedded assessments in both languages provide continuous feedback on student performance. These regular check-ins allow teachers to monitor growth, identify areas needing support, and make timely instructional adjustments, ensuring that language acquisition needs are addressed in real time.

Formal and Informal Assessments
Alongside structured assessments, we utilize a range of informal methods—such as observations, student work samples, class participation, and oral language use—to gain deeper insights into student progress. These informal assessments add valuable context to formal data, capturing students' communication skills, problem-solving approaches, and day-to-day interactions.

Multiple Data Points Over Time
Our evaluation process is longitudinal, collecting data from various assessments, work samples, and observations across the year. This approach allows us to identify trends, track improvements, and pinpoint areas for intervention, ensuring that student growth is measured over time rather than at a single point.

Contextualizing the Data
All assessment data is analyzed within the context of each student's unique learning environment, home language, cultural background, and prior academic experiences. By considering these factors, teachers can provide more targeted, responsive, and effective support tailored to each learner's needs.
Through this comprehensive, context-driven assessment approach, we ensure that every ML and ELL receives the support necessary for academic growth, language development, and long-term success.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use a comprehensive suite of summative assessments to capture a clear snapshot of student achievement and growth, which is essential for evaluating and refining our Multilingual Learner (ML) and English Language Learner (ELL) programs. These assessments provide valuable data on both language acquisition and academic progress, guiding our instructional decisions and support strategies.

NYSITELL (New York State Identification Test for English Language Learners):
Administered to incoming ELL students, NYSITELL determines their initial English proficiency level. This foundational assessment identifies students who qualify for ELL services and informs individualized language development plans.

NYSESLAT (New York State English as a Second Language Achievement Test):
NYSESLAT measures ELLs' proficiency in reading, writing, listening, and speaking. By tracking students' language acquisition over time, it highlights growth and pinpoints areas where additional support may be needed.

ELA State Exam (English Language Arts):
While not exclusive to ELLs, the ELA State Exam assesses literacy skills—including reading comprehension, writing, and language use—providing important data on how well ELLs are progressing in both language and academic domains.

Math and Science State Exams:
These content-area assessments evaluate students' understanding of math and science concepts, helping us identify how language proficiency may impact performance in these critical subjects.
Once assessment results are received, we conduct in-depth data analysis using tools such as the ELL Data Analysis Tool (EDAT). This tool allows us to examine patterns in student performance, monitor language and academic growth, and identify specific areas where targeted support is needed. We also utilize at-risk indicators and analyze students' preferred modalities of learning (visual, auditory, kinesthetic) to further personalize interventions.

Regular data meetings among teachers, administrators, and instructional coaches are central to our continuous improvement cycle. In these meetings, educators collaboratively review assessment data, identify trends, and share effective instructional strategies. This collaborative process drives ongoing professional development, equipping teachers with new tools, methodologies, and interventions to better support ELLs.
By consistently using data to inform instruction, adapt curricula, and provide targeted interventions, our program remains responsive to the evolving needs of our multilingual learners. This ongoing cycle of assessment, analysis, and instructional refinement creates a dynamic learning environment where all students can thrive and achieve sustained academic and language growth.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

NYSESLAT Administration Plan
Testing Coordinator: Foteyne Mouzakitis
Key Responsibilities:
Ordering Exams: Ensure all eligible students are accounted for and that the correct number of NYSESLAT exam materials are ordered well in advance.
Planning & Scheduling: Develop a detailed test administration schedule and timeline, coordinating logistics for all testing sessions.
Collaboration: Work closely with the ENL Teachers to guarantee that all necessary accommodations and materials are in place for students who require them.

ENL Teachers: Andria Squillari, Jesse Diaz, Juliann Duggan
Key Responsibilities: Confirm that all current ELLs are identified and that their required testing accommodations are accurately documented.
Parent Communication: Send timely notifications to parents/guardians regarding the NYSESLAT exam, including test dates, procedures, and details about accommodations.
Materials Organization: Prepare and distribute all necessary testing materials to the appropriate locations prior to test administration.
Staff Training: Provide comprehensive training to all staff involved in administering and scoring the exam, ensuring strict adherence to state protocols.
Scoring Oversight: Supervise the scoring process, ensuring accuracy, consistency, and compliance with state guidelines.

Our NYSESLAT administration plan ensures that all English Language Learners (ELLs) are assessed annually in compliance with state requirements to accurately measure their English language proficiency and guide instructional planning. The plan begins with clear communication to families and staff about testing dates and procedures. ELL student lists are carefully reviewed and updated to include all eligible students, including newcomers and students with disabilities. Testing is scheduled during designated windows, with accommodations provided as needed to support students' participation. To guarantee full participation, teachers and ENL providers collaborate to track attendance and follow up promptly with any students who miss testing sessions. Additionally, progress data from the NYSESLAT is reviewed post-administration to inform instruction and program placement. Through this comprehensive approach, we maintain accountability and ensure every ELL receives their required annual assessment.

To ensure that all ELLs and former ELLs continue to receive mandated instruction during the NYSESLAT testing period, our school carefully plans testing schedules to minimize instructional disruption. Testing sessions are staggered and integrated into the school day in ways that allow students to remain engaged in their core and ENL classes when not testing. Teachers and ENL providers collaborate to create flexible schedules so that students can make up any missed instruction promptly. For former ELLs who continue to receive language support or monitoring, instruction is adjusted

but maintained through differentiated activities or small-group work during testing times. Additionally, classroom teachers incorporate language development strategies within their regular lessons to ensure continuity of support. This coordinated approach balances the need for accurate assessment with the ongoing delivery of mandated instruction, ensuring no student falls behind during the testing window.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our elementary school is committed to providing all current and former English Language Learners (ELLs) with the accommodations they need for state assessments, fully aligned with New York State regulations. At the start of each school year, we review and update records to confirm eligibility and accommodation needs for all ELLs and students who have exited ELL status within the last two years. Collaboration among ENL teachers, classroom teachers, and the testing coordinator ensures accurate documentation and implementation of accommodations such as extended time, separate testing locations, bilingual glossaries, translated or orally translated directions, and any additional supports specified in IEPs or 504 Plans. The testing coordinator manages schedules and locations to facilitate accommodations, with ENL staff providing support during testing. All staff receive annual training on accommodations to maintain consistency and compliance. Families are informed beforehand about the accommodations their children will receive and are encouraged to communicate any concerns. Post-testing, we review accommodation delivery to improve future processes. Through thorough documentation, clear communication, and teamwork, our school guarantees equitable access for ELLs and former ELLs to demonstrate their learning in a supportive environment.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At PS13, the registration process for students whose primary language is not English begins with an essential step to ensure that parents are well-informed and supported. Upon arrival, parents are presented with the Home Language Survey (HLIS) in their preferred home language, which helps determine the student's linguistic background. This survey serves as the first step in assessing whether the student may require English Language Learner (ELL) services.

Once the survey is completed, the student is interviewed to determine if they need to be assessed through the NYSITELL (New York State Identification Test for English Language Learners), which evaluates a student's proficiency in English. If the results indicate that the student requires further support in English language acquisition, the school proceeds with placing the student into an ELL program. In such cases, parents are then invited to watch the ELL Parent Orientation video, which is provided in their preferred language. The video provides essential information on the available ML/ELL models (Multilingual/English Language Learner programs) that are designed to support students' language development. The video also clearly outlines the rights of ELL students and their families, ensuring that parents fully understand the services their child will receive and their role in the process. After viewing the video, parents are asked to complete two important documents: ELL Parent Survey: This document gathers additional information about the student's linguistic background and helps determine the best program placement based on the parent's preferences and the student's needs. Program Agreement: Here, the parent officially chooses the specific ELL program they would like their child to be placed in. The available models are explained in detail, and parents are encouraged to make an informed decision.

To help ensure that the registration and orientation process is as smooth and convenient as possible, parents are given

some flexibility regarding attendance. They can either complete the orientation and paperwork on the same day of registration or, if needed, they can return on a scheduled day to finish the required steps. This flexibility is designed to accommodate parents' schedules and ensure they have enough time to thoroughly review the materials provided. Once the required forms are completed, they are copied for record-keeping purposes. The original documents are then placed in the student's cumulative file (a confidential record that tracks the student's academic and linguistic progress). Additionally, a copy of all forms is kept in the office of the ENL Coordinator, who oversees the management and support of ELL programs. Furthermore, as part of the orientation process, parents receive vital informational materials about their Bill of Rights, which outlines the legal protections and educational opportunities available to ELL students. Parents are also provided with detailed information about NYSITELL, NYSESLAT (New York State English as a Second Language Achievement Test), and other NYSED (New York State Education Department) resources. These materials offer insights into the goals and requirements of the ELL program, helping parents understand the larger educational framework in which their child will be learning.

All informational materials are provided in the parent's preferred language to ensure that families have full access to the resources they need. In cases where the materials are unavailable in the preferred language, the school relies on bilingual staff members and translation service units to bridge any language gaps, ensuring clear communication and support for every family. By implementing this comprehensive approach, PS13 ensures that parents are informed, supported, and empowered to make the best decisions for their child's language development and academic success.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The ELL (English Language Learners) Annual Parent Meetings are an essential part of maintaining effective communication between the school and families of students who are English Language Learners (ELLs). These meetings are designed to keep parents informed about their child's progress, language proficiency, and support in the ELL program. The process of scheduling and conducting these meetings is systematic and respectful of families' availability and preferences.

Scheduling and Notification: To schedule an ELL Annual Parent Meeting, the school reaches out directly to the parents, usually by sending a formal letter. This letter includes important details such as the date, time, and location of the meeting. Parents are given the option to attend the meeting in person or virtually, depending on their schedule and preference. The flexibility to participate either face-to-face or through a virtual platform ensures accessibility and accommodates various family situations. It is important to note that the ELL Annual Parent Meetings are distinct from Program Orientation and Parent-Teacher Conferences, both of which may occur at different times during the school year. This separation helps to focus specifically on the child's language development and progress within the ELL program. Content of the Meeting: During the meeting, ENL (English as a New Language), TBE (Transitional Bilingual Education), or DLBE (Dual Language Bilingual Education) teachers, as well as the ENL Coordinator, share important information with parents regarding their child's educational journey in the ELL program.

Key points discussed during the meeting include: Language Proficiency Results: Teachers will explain the results of the NYSITELL (New York State Identification Test for English Language Learners) or NYSESLAT (New York State English as a Second Language Achievement Test), which are assessments that measure the student's English language proficiency. The results are discussed in a way that helps parents understand their child's current standing in terms of English language acquisition and how it impacts their learning experience across subjects. Program Goals: The teachers will also inform parents about the specific goals of the ELL program in which the student is enrolled. This includes explaining the objectives for both language development and academic growth, ensuring that the child can achieve success in all content areas while improving their English skills.

Language Development Needs: A detailed discussion will take place about the language development needs of the

child, particularly in content areas such as math, science, social studies, and literacy. Teachers will highlight areas of strength and areas where additional support is needed, tailoring their feedback to provide clarity for the parents. Language Access and Support: In order to ensure clear communication, the school conducts these meetings in the preferred language of the parent. If a bilingual staff member is available who can speak the parent's language, they will assist in translating and facilitating the meeting. If bilingual staff members are unavailable, the school utilizes the Office of Language Access to ensure that the parent fully understands the content of the meeting.

Documentation and Record-Keeping: After the meeting has been conducted, the parent signs a letter confirming their attendance and receipt of the information discussed. This signed letter is then filed in the child's cumulative record as part of the student's official documentation. A second copy of the signed letter is kept on record in the ENL Coordinator's office for administrative purposes. Teachers also maintain a record of all the parents they have met with. This documentation helps track the completion of the required annual meetings for each student in the ELL program and ensures compliance with state and district regulations.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At PS13, we are committed to fostering a welcoming environment for all families by ensuring that everyone receives school communications and documents in the language they understand best. To achieve this, we provide all notification letters, announcements, and other important communication materials in the preferred oral and written languages of our families. This personalized approach helps families stay informed and involved in their child's education. We understand that effective communication is key to building strong relationships between the school and families.

To further support this, parents have several options for reaching out or responding. They can use the ClassDojo platform to send messages, allowing them to interact with teachers or school staff directly in their preferred language. Additionally, parents can call the school and request to speak with the Parent Coordinator or another staff member who can assist them in their language of choice. If the preferred language is not immediately available, we have a dedicated translation service that can be accessed to ensure clear and accurate communication. This service allows us to bridge any language gaps and ensure that every family has the opportunity to fully engage with school activities, events, and decisions that affect their children. Through these efforts, PS13 strives to create a more inclusive and accessible educational experience for all families, regardless of language barriers.

During the annual individual meetings with families of English Language Learners (ELLs) at PS 13, teachers discuss the goals of the English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language Bilingual Education (DLBE) programs, along with each student’s progress in English language development, assessment results, and language needs across all subject areas. Families learn that these programs are designed to help students develop proficiency in listening, speaking, reading, and writing in English while continuing to build and value their home language and succeed in all academic areas. Teachers share evidence of the student’s progress through classroom work, participation, and New York State English as a Second Language Achievement Test (NYSESLAT) results, explaining what the student’s proficiency level means and how it determines the type and amount of ENL, TBE, or DLBE support the student receives. They also highlight how ENL and classroom teachers collaborate to integrate language and content instruction across all subjects. The meeting concludes with setting individualized learning goals and sharing strategies for supporting language development at home, ensuring that families fully understand their child’s growth, progress, and the ongoing supports that PS 13 provides to promote bilingualism, biliteracy, and academic success.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 13, we are deeply committed to empowering families, particularly those of Multilingual Learners (MLs) and English Language Learners (ELLs). By celebrating the rich diversity within our community, we not only create a more inclusive school environment but also help families feel seen, heard, and valued. Over the years, we have developed a range of activities and programs that encourage cultural exchange and mutual respect among our students and their families.

Cultural Celebrations: Some of the most popular activities that allow us to showcase and celebrate various cultures include: Lunar New Year Performances: This event highlights the traditions and celebrations associated with Lunar New Year, providing students an opportunity to share dances, music, and cultural practices from East Asian countries. It's a vibrant and educational way to introduce students and families to an important cultural holiday. Latin Dance Showcase:

Our Latin Dance Showcase is a lively and dynamic celebration of Latin American culture. Students and their families perform traditional and modern Latin dances, fostering pride in their heritage while encouraging all attendees to learn about these cultures in an engaging way. Multicultural Night: This event has grown each year and is a beloved highlight of the school calendar. Families are invited to showcase their unique traditions, whether through food, art, music, or performances, creating an immersive experience for everyone to learn about and appreciate diverse cultures. Programs for Cultural Exchange and Learning: In addition to our cultural celebrations, PS 13 offers various programs designed to promote cross-cultural understanding and learning: Arts Connection: This program brings the arts into the classroom, with a focus on integrating cultural stories, art forms, and music from around the world. It encourages students to explore their creativity while connecting with the traditions of other cultures.

Inside Broadway: This program allows students to engage with Broadway professionals, learning about the performing arts and the diverse cultural stories represented in Broadway productions. It's a wonderful way to connect the performing arts with cultural history and identity. Paint Nights: These events bring families together to enjoy art while learning about different cultures through visual storytelling. Parents and students can create art based on the cultural themes explored in the classroom, building deeper connections through creativity. Game Nights: This event is a great way to build community, foster social-emotionality, and create a fun, relaxed environment for students, parents and staff. Family Fitness/Zumba: This event is an excellent way to promote health, wellness and family engagement. It can help families bond through movement, raise awareness about physical health and support an active school community. Movie Night: This event is a fantastic way to bring families together, raise school spirit, and even fundraise - all in a fun, low-stress format. NYC-ID: This program is part of a broader effort by New York City to make city services more accessible to students and families. This helps families gather necessary documents and educate students and parents about benefits such as free or discounted memberships at cultural institutions. Engagement with Families and Community Needs: At PS 13, we recognize that the needs of our community are ever evolving. To ensure that our programs and activities are responsive to the concerns and desires of our families, we actively listen and engage in meaningful conversations with them. We do this through various platforms, including: Parent-

Teacher Conferences: These conferences provide an opportunity for families to discuss their children's academic and personal development, share their concerns, and collaborate on ways to improve the educational experience. Parent Association Meetings: Our Parent Association is a vital space where parents can voice their opinions, suggest ideas for future events, and support school-wide initiatives. It's an essential part of building an open, collaborative relationship between the school and families.

Parent Coordinator Activities: The Parent Coordinator works closely with families, acting as a liaison between the school and the community. Through this role, we provide resources, answer questions, and ensure that every family feels supported. Coffee with the Principal: These meetings offer a direct line of communication between the principal and parents. By keeping these discussions open and ongoing, we can adapt our practices and initiatives based on what the community needs most. Through these efforts, PS 13 continues to foster a strong sense of community, where all families, especially those of MLs/ELLs, feel connected, valued, and empowered. The diverse cultures within our school are not only recognized but are celebrated, making PS 13 a truly inclusive and enriching place for all.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

PS13 is dedicated to ensuring that all families, particularly those of Multilingual Learners (MLs) and English Language Learners (ELLs), are fully informed and aware of various family leadership opportunities within the school community. To achieve this, our Parent Coordinator plays a central role in communicating these opportunities to families. We utilize ClassDojo, an online communication platform, to regularly post updates about leadership roles and volunteer opportunities, which are then pushed out to the entire school community.

This ensures that all parents and guardians have equal access to important information, regardless of their language preference. To further support inclusivity, all meetings and informational sessions related to family leadership—such as joining the Parent Association (PA), participating in the PA Board, taking part in the School Leadership Team (SLT), or

volunteering at various school events—are conducted in multiple languages. Our bilingual staff members facilitate this communication, making sure that non-English-speaking families are fully aware of these opportunities. In addition to digital communication, any paper notices or flyers sent home are carefully translated into Spanish and Chinese to accommodate the most common language preferences among our families. For families whose preferred language is not one of these, we utilize the Office of Language Access to provide support and ensure all information is accessible. This multi-faceted approach to communication helps foster a more inclusive, engaged, and active school community where every family feels valued and empowered to take part in leadership roles and school activities.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

PS 13 is proud to partner with a variety of programs that support the cultural and linguistic needs of our students, especially those who are multilingual (ML) or English Language Learners (ELL). These partnerships allow students to engage in creative and educational experiences that enrich their school life and promote the development of essential skills. Through our collaboration with Arts Connections and Inside Broadway, ML/ELL students and their families have the opportunity to express themselves through performances, celebrating their cultural backgrounds and fostering self expression.

The arts are a powerful way to build confidence, language skills, and creativity, helping our students feel connected to their community. In addition to arts programs, PS13 also partners with organizations that focus on academic and personal growth. Our partnership with the New York Hall of Science provides students with hands-on experience in computational thinking, enhancing their problem-solving, critical thinking, and communication skills. The Boys and Girls Scouts offer opportunities for leadership, teamwork, and community involvement, while Fit NYPD encourages physical fitness and wellness.

Other key partnerships, such as Common Threads, Little Bites, and Beautiful Me, support students by helping them develop valuable life skills and form deeper connections with their peers, families, and the broader community. These programs allow students to explore the world beyond the classroom, engage in meaningful activities, and build relationships that last. Overall, these collaborations help PS13 students grow in a holistic way—academically, socially, and emotionally— ensuring they are well-equipped to succeed in both their school life and the world beyond.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of our ELL identification team are: Andria Squillari, ENL Coordinator Edlin Castro, ENL Teacher Kristie Leone, ENL Teacher Juliann Duggan, ENL Teacher Yesica Olivo, ENL Teacher Jesse Diaz, ENL Teacher If necessary, the team consults with members of our LPT team to determine the status of the students.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At the beginning of the year, newly enrolled ELL families are welcomed with an orientation session with the ENL Team. During this meeting, families are provided with an overview of what ELL programs PS 13 has to offer, what to expect from their child as they transition to an English speaking school, and resources they can use at home to support their children. Throughout the year, ENL teachers serve newly enrolled ELL, current ELLs and former ELLs through the ENL integrated or stand alone model, bilingual and dual language programs. Also, our parent coordinator is available to help and support families when they have concerns, such as how they can access after care programs, community events, food distribution centers, and free parent education programs. When students are struggling to adjust, our school guidance counselors can meet with them to ensure they feel comfortable in our school. All communication and meetings are conducted in the parents preferred language and if a staff member is not available to translate in a particular language, translation units are utilized.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.

a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they

attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Gloria	Flores	Parent Coordinator		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	4	0.44%	4	0.44%	4	4
BENGALI (BANGLA IN BANGLADESH)	13	1.41%	13	1.43%	1	1
BURMESE	2	0.22%	2	0.22%	0	0
CHINESE ANY	62	6.75%	57	6.25%	5	5
FRENCH	4	0.44%	4	0.44%	0	0
HINDI	1	0.11%	1	0.11%	1	1
INDONESIAN (AKA BAHASA)	4	0.44%	4	0.44%	1	1

MANDARIN	4	0.44%	10	1.10%	6	6
NEPALI	15	1.63%	15	1.64%	0	0
ENGLISH	350	38.08%	342	37.50%	N/A	N/A
RUSSIAN	6	0.65%	6	0.66%	0	0
SPANISH	445	48.42%	445	48.79%	15	15
TEM (TEMBA/KOTOKOLI/COTOCOLI)	1	0.11%	1	0.11%	0	0
TIBETAN	1	0.11%	1	0.11%	1	1
UZBEK	5	0.54%	5	0.55%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Home Language Survey (HLIS)	DOE Website provides translated template in various languages, enlist help of the Office of Language Access
ELL Parent Survey and Program Agreement	DOE Website provides translated template in various languages, enlist the help of the Office of Language Access
ELL Entitlement/ Placement Letters	DOE Website provided translated template in various languages, enlist the help of the Office of Language Access
School Event Flyers/ Memos	Bilingual staff members translate flyers/ memos based on parents preferred languages, if translation services are needed in other languages, we enlist the help of the Office of Language Access
Report Cards	DOE provides translations in various languages, enlist the help of the Office of Language Access
IEPs	IEPs are available in different languages, enlist the help of the Office of Language Access

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Student Registration	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
Parent Orientation Meetings	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
Parent Teacher Conferences	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
Parent Association Meeting	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
IEP Meetings	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
End Year Celebrations-Stepping Up/Graduation	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
NYSESLAT Information Session	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access
Family Literacy Session	Translations provided by bilingual staff members, parent coordinator, guidance counselors, and Office of Language Access

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

(A) a school-wide emergency (i.e. lockdown, fire, etc..)
To ensure clear, effective communication during a school-wide emergency, PS 13 has communication strategies that accommodate parents who prefer to speak a language other than English:

1. Pre-identified Language Needs Survey and Registration: At the beginning of the school year, parents are asked to identify their preferred language for communication during emergencies. This is done through registration forms or during parent meetings. (i.e., HLIS, Blue Emergency Cards, etc) Language Profile Database: The school maintains a database of parents' language preferences, so in an emergency, school leaders can quickly identify which languages need to be addressed. 2. Bilingual Emergency Notification System Multi-language Text Alerts: The school uses a notification system that supports multiple languages (ClassDojo). Parents receive alerts in their preferred language regarding the nature of the emergency (lockdown, fire, etc.), along with clear instructions on what steps to take. Voice Messages in Multiple Languages: For families without text access, live voice messages are made in the identified languages. The message can include instructions, safety protocols, and key updates in a calm, clear tone.

3. Website/Social Media Updates Social Media Platforms: The school will use its social media accounts (Facebook, Instagram, etc.) to post emergency updates in various languages. This is crucial for reaching parents who may not check their email or phone alerts but actively follow school updates online.

4. Bilingual Staff and Interpreters Bilingual Staff Members: The school ensures that there are bilingual staff members available to assist in emergency communications, either by phone or in person. Staff may also help in relaying information to the Building Response team during an emergency. Interpreters on Call: For languages not covered by bilingual staff, the school enlists the Office of Language Access who can assist in translating emergency information quickly.

5. Paper-Based Materials Printed Translations: For families without internet access or phones, the school distributes printed materials (e.g., emergency protocols, evacuation routes) in various languages. These materials are backpacked home with the students, so parents are prepared.

(B) a student-specific emergency (i.e. student attendance, nurse/hospital visit, etc..).

For addressing student-specific emergencies such as attendance issues, nurse visits, or hospital referrals, PS 13 has communication strategies that ensure parents who prefer to speak a language other than English are informed quickly and accurately:

1. Pre-Identification of Language Preferences Enrollment Forms and Surveys: During the registration process, parents are asked to specify their preferred language for communication, especially for emergencies related to their child. This ensures the school has accurate information about each family's needs. (i.e., HLIS, Blue Emergency Cards, etc.) Ongoing Updates: If a parent's preferred language changes, they can update it easily via an online portal or by contacting the school office.

2. Multilingual Email Communication Personalized Emails: For more detailed communication (e.g., reports about a child's visit to the nurse or any specific health concerns), emails are sent to parents in the language of their choice. These emails include clear instructions, actions required, and any follow-up steps needed. Bilingual Support for Parents without Internet Access: For parents who may not have email access, the school uses phone calls or paper-based communication in parents' preferred language.

3. Direct Contact from Bilingual Staff or Interpreters Bilingual School Staff: When a specific need such as clarifying a student's medical situation or attendance issue, our bilingual school staff (nurses, office personnel, or counselors) make phone calls to parents in their preferred language. On-Demand Interpreters: In cases where bilingual staff is unavailable, the school enlists the help of the Office of Language Access who can assist in communicating with parents in their preferred language during emergencies.

4. Parent Portal and School Apps Multi-language Parent Portal/ School Apps: Parents can access their child's NYC Student Account to view attendance, grades, health updates, and other student-specific information. This platform is available in multiple languages so that parents can access real-time updates in their preferred language.

5. Printed Materials and Notices Emergency Information: Printed communication about student-specific emergencies (like attendance, medical visits,etc.) is sent home in students' backpacks. These documents are available in multiple

languages. Health/Attendance Information Flyers: When a nurse visit or other student-specific issue occurs, the school/nurse sends home a printed flyer with basic information about what happened, any steps that need to be taken, and any further follow up actions. These are available in the languages most commonly spoken by the school community.

6. Communication at School Events Language-Specific Staff Availability: At school events (like parent-teacher conferences, open houses, or meetings), bilingual staff members provide additional support to families. This includes assisting parents in understanding any student-specific issues related to health, attendance, or other concerns. Real-time Translation at Events: For any in-person meetings that require immediate discussion of a student's health or attendance issue, the school arranges for a translator or interpreter to be available during the meeting to facilitate communication (i.e. the Office of Language Access)

8. Emergency Health Notifications Immediate Nurse and Hospital Communication: If a student needs to be taken to a hospital, the school ensures that the parent's preferred language is considered in all communications. The nurse's office or administrative staff is trained to make quick calls to parents or guardians in their language, explaining the situation and giving them a chance to ask any questions. Language-appropriate Hospital Communication: If the student is sent to a hospital, the school will work

with the hospital (where possible) to ensure that medical staff can communicate in the parents' preferred language, helping to bridge any gaps in information about the students' health situation.

(C) If a parent has an emergency and needs to contact the school. In the event that a parent needs to contact the school due to an emergency, PS 13 has communication strategies in place that ensures all parents, regardless of the language they speak, can easily reach out and receive the necessary support: 1. Pre-Identification of Language Preferences Language Preferences Survey: At the start of the school year, parents are asked to indicate their preferred language for communication. This information is recorded in the school's database to ensure the school is aware of which languages need to be addressed during emergencies. (i.e., HLIS, Blue Emergency Card, etc.) Updating Language Preferences: Parents can update their language preference throughout the year by notifying the school via email, phone, or an online portal, ensuring that the school always has up-to-date information.

2. Multilingual Reception and Staff Support Bilingual Staff on Call: Our school ensures that there are bilingual staff members available during school hours who can communicate with non-English-speaking parents in their preferred language. This includes administrative staff, school nurses, or counselors who can answer urgent calls or help relay messages to the appropriate personnel.

3. Multilingual Emergency Contact Information Written Contact Information in Multiple Languages: The school provides important contact information (such as the main office number, nurse's office, emergency contact forms, etc.) in multiple languages on the school website and in printed materials. Parents also have access to emergency contact forms in their language, ensuring they know how to reach the school if an urgent issue arises. 4. Email Communication in Multiple Languages Emergency Email Support: In the event of an emergency, if a parent needs to email the school (e.g., in case of illness, family emergency, or another urgent matter), the school ensures that email replies are sent in the parent's preferred language.

Translation Services for Emails: If the school receives a message in a language that it does not support internally, we enlist the help of the Office of Language Access to respond quickly and accurately in the parent's language. This ensures that no parent is left without support due to language barriers.

5. In-Person Communication Support On-Site Language Assistance: For parents who come to the school in person due to an emergency, our school has bilingual staff available to provide on-site language support. Staff members are ready to offer assistance for emergency situations, such as discussing the child's well-being or addressing urgent requests. Use of Interpreters: If bilingual staff members are unavailable, the school enlists the help of the Office of Language Access, who can assist in real-time. This could include using a video or phone interpretation service for complex or time-sensitive matters.

6. Clear and Consistent Communication Procedures Consistent Emergency Procedures Across Languages: All parents, regardless of language, should be familiar with our school's emergency procedures and contact protocols. These protocols are made available in their preferred language through written documentation, school website, and communication apps. Communication During Emergencies: In cases of emergencies where a parent must contact the school immediately (e.g., during a medical emergency), our school has a quick-response communication system in place, ensuring that non-English-speaking parents can directly reach the appropriate school personnel who can assist them in their language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

In order to ensure that all staff complete the required Asynchronous NYCPS Language Access Training for School-Based Staff on the WeLearnNYC learning platform, time is allotted within the first month of school to ensure that staff are familiar with the "Best Practices for When to Provide Translation of Critical Written Communications to Parents" and "Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents." These two resources are shared with staff and time is provided for completion of the Asynchronous training during designated professional learning time when students are not in attendance. Teachers will maintain a copy of the Learning Module Completion Certificate to provide verification upon request. Completion will also be recorded on the WeLearnNYC learning platform.

The Galaxy-designated LAC will disseminate future language access resources and updates via email, virtual meetings, in person turnkey training, and by distributing resources, as appropriate. For virtual and in person trainings, attendance will be recorded and kept on file.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- **Language Access for NYC Public Schools Families brochure**

To ensure that our Limited-English Proficient (LEP) parents are fully aware of their rights to receive important school-related information in their preferred language, we implement a multi-faceted approach using various communication tools and platforms. Below are the key strategies and resources that we are utilizing:

1. Translated Signage Entrance and Common Areas: All signage in the school's entrance, main office, and key areas (e.g., cafeteria, hallways, nurse's office) will be provided in multiple languages to ensure that LEP parents can easily navigate the school and understand the services offered. Signage will include directions, office hours, emergency procedures, and contact information. Language Accessibility Notices: Clear notices will be posted in prominent areas, indicating that language assistance is available and offering contact information for further support in multiple languages. The "Welcome Poster", "I speak" cards, and Language ID Cards will be placed in the main entrance by the security guard. Additional "I speak..." cards and Language ID Guide will be placed in the main office along with Parent brochures.

2. Translated Brochures/Flyers/Letters Shared with Parents Registration documents will be given in the parents preferred language. Informational documents (i.e., school policies, program descriptions, and contact details, etc.) will all be translated into the parents' preferred language Regular school newsletters and flyers, including event announcements, school schedules, and policy updates, will be translated into the top languages spoken by LEP families. These will be distributed both digitally (via email and school websites) and in paper form. Letters regarding school closures, upcoming assessments, parent-teacher conferences, and other important notices will be translated, ensuring that LEP parents have full access to timely and relevant information.

3. Parent Engagement Events PTA Meetings: During Parent-Teacher Association (PTA) meetings, interpretation services will be provided for LEP parents. Notices for these meetings will also include information about language support, encouraging LEP families to attend and participate.
Workshops on Rights and Language Access: Workshops will be organized to educate parents on their rights to receive information in their preferred language. These workshops will also help parents understand the process for requesting

language assistance services.

4. Messaging Phone Applications School Messaging System (Text/Apps): We will use bilingual (or multilingual) messaging systems to communicate directly with parents through text messages and emails. These platforms will automatically translate messages into the parent's preferred language, providing notifications about school events, emergencies, and other key information. Phone Calls: Phone calls will be made to LEP parents, providing essential information in their preferred language. These calls will be available in multiple languages, and LEP parents will be given instructions on how to request additional language support if needed.

5. Parent's Guide to Language Access/ NYC Public School Guidebook The Parent's Guide to Language Access and NYC Public School Guidebook are available in parents' preferred languages. Links to these resources will be shared to LEP parents through ClassDojo, social media platforms and in print if requested by parents.

6. Ongoing Communication and Feedback Mechanisms Surveys and Feedback Forms: Surveys will be sent to LEP families to gather feedback on the accessibility of language services and to identify any areas for improvement. These surveys will be translated into the most commonly spoken languages in the community. Parent Coordinator: The Parent Coordinator will be available to assist LEP parents. She will provide direct support in navigating school communications and can help request translation or interpretation services when needed. By implementing these strategies, our school is ensuring that our LEP parents are not only aware of their right to receive information in their preferred language but are also supported in actively engaging with their child's education and the broader school community. This approach will foster greater inclusion, participation, and empowerment for all our LEP families.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parental feedback plays a crucial role in fostering and improving communication between families and the school community. In our school, the collaboration between English as a New Language (ENL) teachers and classroom teachers is essential for ensuring that parents' voices are heard and valued. To facilitate this process, we utilize a variety of communication platforms and opportunities in addition to the feedback received from the OLA's Translation & Interpretation Feedback Survey. These include the School Wide Survey, ClassDojo, Parent Teacher Association (PTA) meetings, Principal meetings, and parent-teacher conferences. These regular interactions and tools serve as valuable opportunities for parents to provide input, ask questions, and stay informed about their child's academic progress and school events throughout the year. We analyze the feedback from these platforms to make data-driven decisions, ensuring that our communication is accessible, inclusive, and effective for all families. A primary focus is to guarantee that every family has equal access to essential school documents, resources, and services, regardless of their background or primary language. We are committed to removing any barriers that might impede parental involvement. If a parent encounters any difficulties when completing surveys, or has questions about school information, we are proactive in providing the support they need. Staff members are always available to assist parents in their preferred home language, ensuring that language is not a barrier to participation. In cases where a staff member proficient in the parent's preferred language is unavailable, we are equipped to utilize the services of the Office of Language Access, including over-the-phone interpretation. These services help ensure that our communications are both accurate and easily understood, fostering stronger relationships between the school and families. By integrating these strategies and tools, we aim to create an inclusive environment where every parent feels their voices are valued in the school community, as well as empowering the parents to engage in their child's education.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

PS 13 has actively utilized the valuable feedback from parents to enhance our language services and improve communication across our school community. Recognizing the importance of clear and effective communication, we have implemented a policy where all staff members are expected to reach out to parents in their preferred language. This ensures that every family is provided with the necessary translation services and is able to engage with the school without any language barriers. We will continue to leverage our current resources to meet the linguistic needs of our families. This includes using tools such as ClassDojo, which allows for bilingual communication, and ensuring that bilingual staff members are available to assist when needed. Additionally, the Office of Language Access will be utilized to provide accurate translations for both written and verbal communication with parents who require assistance in understanding important school updates, notices, or surveys. In order to streamline communication and ensure that no parent is left behind, all letters and surveys intended for limited-English proficient parents will be sent home in the parent's preferred language. In cases where a specific language translation is unavailable, the Office of Language

Access will step in to facilitate communication. To further improve the accessibility of our services, all staff members at PS 13 will be provided with a comprehensive Language Access Handbook. This handbook will serve as a practical guide for staff to access translation services and resources when needed, ensuring that even if a bilingual staff member is not immediately available, staff can still find ways to assist parents and guardians in overcoming language barriers. Moreover, PS 13 is committed to an ongoing process of feedback collection. We will actively seek and listen to input from parents throughout the school year to ensure that all available resources and communication methods are being effectively used. This feedback will allow us to adjust and enhance our services, ensuring that we are meeting the needs of all families. As part of our commitment to excellence, we will also share best practices with our staff to continually improve our language access services. Looking ahead, PS 13 will remain proactive in exploring additional translation options and technological solutions that could further ease communication between the school and our diverse parent community. We are dedicated to fostering a more inclusive environment where every parent feels welcomed, informed, and able to fully participate in their child's educational experience.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

126

Grades to be served in this program. Select all that apply.

,2,3,4,5

Total number of teachers in this program:

12

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

8

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**

- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The school's 2025–2026 Title III program will include an ENL Afterschool Program designed to support SIFE (Students with Interrupted/Inconsistent Formal Education) and Developing English Language Learners at the Transitioning and Expanding proficiency levels.

The program will operate from Tuesday, November 18, 2025, through Thursday, April 23, 2026, meeting two days per week for two hours (2:30 p.m.–4:30 p.m.) for a total of 34 sessions.

The Title III Afterschool Program will serve students in grades 2–5 and provide explicit English Language Development (ELD) instruction focusing on reading and writing, while incorporating scaffolds that address all four language modalities: reading, writing, listening, and speaking. Instruction will utilize TEAM for ELLs (Teaching English Learners for Academic Language Mastery), an evidence-based instructional resource that builds academic language skills and supports success on the NYSESLAT and classroom assessments.

Student grouping will be determined using multiple data sources, including NYSITELL, 2025 NYSESLAT results, EDUR/FURBY data, and ongoing classroom assessments such as mCLASS and NWEA. Students will be placed in subgroups based on proficiency level (SIFE and Developing ELLs at Transitioning/Expanding levels) and grade level (2, 3, 4, and 5). Each group will have no more than 20 students to ensure individualized attention and targeted instruction. The goal is to strengthen students' English language proficiency and better prepare them for the New York State ELA and NYSESLAT exams.

Instruction will be delivered by four certified ESOL/Bilingual Education teachers, with the support of eight content area teachers. Lessons will incorporate TEAM for ELLs and MTSS-aligned scaffolds, including explicit vocabulary instruction, language models, visual supports, and multilevel texts to differentiate for student needs.

The program will be supervised by an Assistant Principal, who will oversee scheduling, staffing, and resource allocation, and ensure alignment with Title III goals and compliance requirements. Funding for the Supervising Administrator will not be paid at cost to Title III funding.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

PS 13 currently serves 238 English Language Learners (ELLs), representing 35.79% of the total student population. Of these, the Title III Afterschool Program will focus on 126 Developing ELLs with proficiency levels of Transitioning and Expanding in grades 2–5, as well as one identified SIFE student.

To monitor and support the academic progress of all ELLs, PS 13 utilizes multiple data sources and reporting systems, including the EDAT, FURBY, EDUR, and ILT reports, along with classroom-based assessments such as mCLASS, NWEA, and weekly or module assessments. These data tools are used to track student growth, identify areas of strength and need, and inform instructional decision-making for both core content and English as a New Language instruction.

The analysis of schoolwide and subgroup data highlights ongoing challenges for Developing ELLs at the Transitioning and Expanding levels, particularly in the reading and writing modalities. These students demonstrate the need for explicit, targeted instruction in academic language development to further their English language proficiency and comprehension of Next Generation Learning Standards (NGLS).

The data strongly supports the implementation of the Title III ENL Afterschool Program, which is designed to provide focused instruction in reading and writing using scaffolded supports through TEAM for ELLs and other ELD strategies. This program aims to accelerate students' language growth, strengthen academic literacy, and improve performance on both the NYSESLAT and New York State ELA assessments.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III ENL Afterschool Program at PS 13 will serve a total of 126 English Language Learners (ELLs) in grades 2–5 (26 students in grade 2, 33 students in grade 3, 37 students in grade 4, and 30 students in grade 5).

The program will target two primary subgroups: SIFE (Students with Interrupted/Inconsistent Formal Education) at all proficiency levels and Developing ELLs with proficiency levels of Transitioning and Expanding.

Instruction for SIFE students will emphasize foundational English language skills, explicit phonics instruction, and the development of content-specific vocabulary to strengthen basic literacy and oral communication. Instruction for Developing ELLs at the Transitioning and Expanding levels will focus on improving reading and writing proficiency, with explicit support in academic language and comprehension aligned to the Next Generation Learning Standards (NGLS).

The program aims to help students advance their English language proficiency, bridge grade-level academic gaps, and improve performance on both the New York State ELA and NYSESLAT assessments.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III–funded ENL Afterschool Program for SIFE and Developing ELLs will operate from Tuesday, November 18, 2025, through Thursday, April 23, 2026. The program will meet twice weekly, on Tuesdays and Thursdays, from 2:30 p.m. to 4:30 p.m., for a total of 34 instructional sessions.

The program will provide intensive English Language Development (ELD) instruction with a focus on reading and writing, supported by scaffolds to promote success across all four language modalities—listening, speaking, reading, and writing. Instruction will include explicit phonics and vocabulary development to strengthen foundational literacy and enhance overall language proficiency. Lessons will integrate research-based strategies and resources, such as TEAM for ELLs, to ensure that instruction is both rigorous and accessible for multilingual learners.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English will be the language of instruction for the Title III–funded ENL Afterschool Program.

Using reports such as the HLIS (Home Language Identification Survey), RLER (Review of Language and Educational Records), and RLAT (Review of Language Assessment Tool) for language identification and placement guidance, teachers will provide appropriate home language supports to facilitate comprehension and participation. These supports will include translated glossaries and cognate lists, visual aids labeled in students' home languages, digital translation tools, online and print bilingual resources, and peer support through classroom buddies.

Teachers will also encourage students to leverage all of their linguistic resources—including their home language, academic English, and conversational English—to promote deeper understanding and more authentic language use. Research supports the practice of integrating home language use, as it helps students build confidence, transfer skills, and develop proficiency in both languages while strengthening overall academic performance.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Title III–funded ENL Afterschool Program for Developing ELLs will be staffed by four ESOL/Bilingual-certified teachers and eight common branch teachers who will provide content area support. Each grade-level group (grades 2, 3, 4, and 5) will be assigned one ESOL/Bilingual-certified teacher responsible for direct English Language Development

instruction and one content area teacher to reinforce academic content and language connections. Each instructional group will include no more than 20 students to ensure individualized attention and targeted language support.

Instruction will incorporate TEAM for ELLs and a variety of instructional scaffolds to strengthen academic language development. Lessons will also include explicit phonics and vocabulary instruction to build students' foundational literacy skills and enhance proficiency across all four language domains—listening, speaking, reading, and writing.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Title III funded program will use the following supplemental materials:

TEAM for ELLs: Teaching English Learners for Academic Language Mastery is a comprehensive instructional program developed by Continental Press to support English Language Learners (ELLs) in acquiring grade-level academic language across all four language domains: listening, speaking, reading, and writing. The program is designed to reinforce curriculum content in science, social studies, mathematics, and language arts, providing structured activities that help ELLs develop the academic language necessary for classroom success and proficiency on assessments like the NYSESLAT.

The program will provide targeted phonics and vocabulary instruction to support English Language Development. For phonics, teachers will implement the Fundations intervention ("Double Dose"), a supplemental program designed to deliver focused lessons that address specific phonemic needs and improve oral reading fluency. The goal of these lessons is for students to make significant gains in foundational reading skills. In addition, teachers will use custom, teacher-created materials to explicitly build vocabulary and academic language, supporting students' growth across all four language domains: listening, speaking, reading, and writing.

Materials, which will be purchased using Title III funding, will be stored in the ENL Office - Room C33.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parent Communication in Preferred Language: Parents will be provided with information in their preferred language. This includes translating invitations to programs and other communications, as well as offering interpretation services when needed, such as ClassDojo and over-the-phone interpretation.

Monitoring and Documentation of Student Progress: Records will be maintained through ML/ELLs served in programs and monitoring academic progress. Attendance will be tracked and assessments such as mClass, NWEA, and HMH weekly/module assessments will be used to monitor student progress. Additionally, records will be stored in both physical and electronic formats ensuring compliance with documentation requirements.

By adhering to these practices, our program demonstrates a commitment to the policies set forth in the NYC DOE's Policy and Reference Guide, ensuring that ML/ELLs receive appropriate services and that their families are effectively engaged and informed.

Title III records are maintained in the ENL Office, room C33, along with other School Level-Critical ELL documents. Title III records that are maintained include invitation letters, staffing (OTPS), attendance, parent engagement, professional development, and purchase orders/invoices.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional development topics for teachers of our ELL (English Language Learner) students is essential for ensuring effective and inclusive education. Some topics that can be addressed to help our teachers better understand the unique needs of our ELL students are as follows:

Culturally Responsive Teaching
- Understanding cultural differences and how they influence learning
- Integrating students' cultures into lesson planning and classroom activities
- Creating an inclusive environment that respects diverse cultural backgrounds

Strategies for Supporting English Language Development
- Best practices for scaffolding language learning in both social and academic contexts
- Using visual aids, gestures, and other non-verbal strategies to support comprehension
- Differentiating instruction for varying levels of English proficiency
- Promoting language acquisition through content-based instruction

Language and Literacy Development Across the Curriculum
- Integrating language development into all subject areas, not just ESL classes
- Teaching academic vocabulary and language structures
- Encouraging students to use language in meaningful ways through writing, speaking, and reading activities

Assessment Strategies for ELL Students
- Effective methods for assessing language proficiency and content knowledge
- Formative assessments that provide insight into student progress
- Adjusting assessment methods to accommodate English language learners' needs

While most of our professional development sessions can be effectively delivered by in-house staff at no additional cost, we recognize the potential value in bringing in external experts to provide specialized knowledge and insights. These external resources could bring a fresh perspective, offer expertise in areas where our internal staff may not have deep experience, or introduce new methods and frameworks that could enhance our team's growth.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development (PD) initiatives at PS 13 are grounded in data derived from ongoing formal and informal assessments. We utilize results from NYSITELL and NYSESLAT, as well as data from FURBY, EDAT, and EDUR. Classroom-based assessments such as mClass and NWEA further inform our instructional planning.
Data is regularly shared during Instructional Leadership Team (ILT) meetings to guide targeted instruction and support strategic planning. Analysis of these data sources has revealed key trends:

Newcomer students often lack proficiency in phonemic awareness and foundational vocabulary.
Developing ELLs benefit from more explicit instruction in reading and writing to enhance their overall English language proficiency.

Strengthening these skills directly supports improved performance on ELA assessments and the reading and writing components of the NYSESLAT.
Our PD initiatives are designed to positively impact Multilingual Learners (MLs)/English Language Learners (ELLs) by equipping educators with effective strategies to enhance students' reading, writing, listening, and speaking skills. At PS 13, we believe that all teachers are teachers of MLs/ELLs. When educators are well-prepared, they can implement differentiated strategies to meet the diverse needs of their students.
PD topics remain flexible and responsive to the evolving needs of our students, ensuring that instruction remains relevant and impactful.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

A minimum of fifteen percent of required professional development (PD) hours for all teachers, as per CR Part 80, must be dedicated to language acquisition. This includes a focus on best practices for co-teaching and integrating language and content instruction for MLs/ELLs. For our BL/ENL teachers, at least fifty percent of required PD hours must be devoted to language acquisition aligned with their core content area. This includes emphasis on co-teaching strategies and integrating language and content instruction for MLs/ELLs.

All teachers, including those working in the Title III ELL program, will receive professional development during our weekly Monday morning sessions, as applicable. Best practices will be shared, and information will be presented by the ENL Department, other ML/ELL-certified staff, and administration. Any outside ML/ELL workshops attended by staff will be turn-keyed—shared with colleagues—in a timely manner.

To ensure our staff remain informed and empowered to meet the needs of ML/ELL students, the ENL Department will regularly share professional development opportunities.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

To support all teachers in delivering coherent instruction to Multilingual Learners (MLs) and English Language Learners (ELLs), a series of professional development sessions will be offered throughout the school year. These sessions are designed to build instructional capacity and deepen understanding of effective strategies for supporting language development.

From December 2025 until April 2026
Sessions: 3
Tentative Dates: Monday, December 1, 2025, Monday, February 9, 2026, Monday, April 20, 2026
Delivery Options: Monday PD sessions, Lunch and Learn sessions, Grade-level common planning time
Duration: Up to 1 hour

Topics Covered
ENL Proficiency Levels and Differentiation Understand the stages of English language acquisition and how to tailor instruction accordingly.
Developing Language Objectives and Scaffolds Learn to craft clear language objectives and implement scaffolding strategies to support content and language learning.
NYSESLAT Preparation and Administration Explore best practices for preparing students and administering the New York State English as a Second Language Achievement Test.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Sessions on the topics of ENL Proficiency Levels and Differentiation, Developing Language Objectives and Scaffolds, and NYSESLAT Preparation and Administration will include the following information:

Utilizing language objectives - teachers will learn to create and embedding language objectives when lesson planning
Speaking/Discussion Techniques - teachers will learn ways to improve purposeful talk within whole groups/small

groups/ partnerships
Scaffolding Techniques - using visuals, TPR (Total Physical Response), labeling, modifying texts, sentence starters/frames, home language use to process data, etc
Explicit vocabulary instruction - focusing on word knowledge and meaning, as well as comprehension using picture associations
Using Formal and Informal Data to Drive Instruction - reading data reports and using data to highlight areas of weakness and need
Developing culturally responsive literacy instruction - inclusive curriculum, language differences, student empowerment
Social Emotional Learning for Newcomers - welcoming languages and cultures, identifying emotions, etc

Professional learning activities will include presentation of information and resources in a lecture format with opportunities for Q&A and small-group activities embedded.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Providers for Title III ENL professional development activities

ENL Team: Ms. Squillari, Ms. Duggan, Ms. Diaz

In collaboration with:

BL/ DL Teachers: Ms. Rivera, Ms. Wang, Ms. Holmes, Ms. D'Angelo, Ms. Olivo, Ms. Lin, Ms. Gallegos, Ms. Keller, Ms. Cabale, Ms. W. Zhang, Ms. Vivar, Ms. Q. Zhang, Ms. Moloon

Administration: Dr. Torres, Ms. Mouzakitis

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

To ensure accurate recordkeeping and support professional growth:

In-House PD Sessions All agendas and attendance sheets for in-house professional development will be maintained on file in both the ENL office and by the supervising Assistant Principal.

External or Virtual PD Sessions For professional development sessions attended virtually or outside of the school building, teachers will receive a CTLE certificate, if applicable, as official proof of attendance.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At P.S. 13Q, encouraging family engagement in both school and community life remains a central priority of our school plan. We believe that strong partnerships between families and educators are essential to student success.

To foster meaningful connections, our school actively maintains and updates its website and social media platforms, ensuring families are informed, motivated, and aligned with our mission and activities.

Collaborative Support: Our Parent Coordinator works with ENL and Bilingual Teachers, Guidance Counselors, and the Instructional Coaches to offer workshops on topics that matter to families—ranging from parenting strategies and educational guidance to multi-subject learning support.

Our Goals are to maintain open lines of communication with parents and caregivers, provide resources and experiences that inform, educate, and empower families, as well as support families in assisting their children at home, in school, and within the broader community.

Through these efforts, we aim to build a welcoming and inclusive school culture where every family feels valued, informed, and equipped to support their child's learning journey.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At P.S. 13Q, family engagement is a key component of our educational approach. The primary goal of these activities is to educate and inform families, so they are better equipped to support and empower their children at home, in school, and in the community.
Insights gained through parent engagement activities help families reinforce the academic and social-emotional gains their children make during the Title III Afterschool Program.

To ensure our efforts are responsive to family needs, P.S. 13Q evaluates parent priorities and interests through parent surveys, and direct feedback from families during principal meetings, parent association meetings, parent orientation sessions, parent teacher conferences.

This ongoing dialogue allows us to tailor our engagement strategies and resources to better serve our diverse school community.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

P.S. 13Q is pleased to offer a series of Title III Parent Sessions designed to support families of English Language Learners. These workshops will provide valuable resources, strategies, and updates related to language development and family engagement.

To ensure accessibility, sessions will be held while students are in attendance, eliminating the need for childcare.

Tentative Session Schedule:
3 Sessions, 50 mins per session

ENL at Home - Tuesday, December 16, 2025 from 1:30 PM – 2:20 PM
Bi-Literacy and Biculturalism - Tuesday, February 10, 2026 from 1:30 PM – 2:20 PM
Understanding the NYSESLAT - Tuesday, April 14, 2026 from 1:30 PM -2:20 PM

Each session will include opportunities for Q&A, resource sharing, and community building.

Flyers and invitations will be sent in families' preferred home languages, and bilingual staff will be available to assist with interpretation.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

ENL at Home - This workshop is designed to help families support their children's English language development beyond the classroom. Parents will explore practical tools and strategies to reinforce language learning at home, building on what students experience during the school day and the Title III Afterschool Program. Learn how to use virtual platforms like Google Classroom, Duolingo, and other free resources to support English learning. Discover simple, effective language and literacy techniques that can be integrated into daily routines.

Bi-Literacy and Biculturalism Parent Workshop - In this session, families will discover the cognitive, social, and academic benefits of bilingualism and biculturalism. Learn how to support language development at home using everyday routines and conversations. Understand how schools use an asset-based approach to language acquisition, valuing students' home languages as strengths.

Understanding the NYSESLAT 2026 - This session will focus on the purpose of the NYSESLAT, understanding the test format, guidance on interpreting the report, and exploring strategies for students to succeed.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ENL at Home - ENL Department (Ms. Squillari, Ms. Duggan, and Ms. Diaz)

Bi-Literacy and Biculturalism - Dual Language Teachers/ Coach (TBD)

Understanding the NYSESLAT - ENL Department (Ms. Squillari, Ms. Duggan, and Ms. Diaz)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

To ensure inclusive and effective communication with all families, our school uses a multi-platform approach to share information about Title III English Language Learner (ELL) family engagement activities.

Families will be notified through event invitations and flyers translated into families' preferred home languages, ClassDojo messages for reminders and updates and school website/social media platforms for ongoing announcements

Translation and language access support is available through Bilingual staff members assisting in translating all communications into families' preferred home languages. For languages not covered by in-house staff, NYC Public Schools Translation Units are utilized to ensure accessibility. The NYC Public Schools Language Access Office and Title III-funded staff support the translation of parent memos and provide phone-based translation services when needed.

This comprehensive communication strategy ensures that all families—regardless of language background—can stay informed, engaged, and empowered to participate in their child's education.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To ensure full compliance with Title III requirements and maintain transparency in family engagement efforts, P.S. 13Q will implement a structured documentation process for all outreach, attendance, and interpretation services.

Physical Records: Invitations, agendas, and attendance sheets will be securely filed in both the ENL Office and with the supervising Assistant Principal.
Digital Records: Electronic copies of outreach materials and student participation lists will be stored in the ENL Drive, ensuring easy access and long-term retention.
Translation & Interpretation Logs: All language access services will be tracked using detailed logs maintained by bilingual staff and Title III-funded personnel, with additional support from the NYC Public Schools Language Access Office.

This system ensures that all Title III activities are properly recorded, accessible for review, and aligned with district and federal guidelines.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,3,4,5,2

Total number of teachers in this program:

12

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The 2025–2026 Title III Immigrant (including ELLs) After-School Program at P.S. 13Q is specifically designed to provide targeted, intensive support to immigrant students, including English Language Learners (ELLs). The program emphasizes the development of essential life-skills vocabulary and the strengthening of foundational language competencies across listening, speaking, reading, and writing. By offering structured, engaging learning opportunities outside of regular school hours, the program seeks to accelerate language acquisition, reinforce academic skills, and promote social-emotional growth. The program will run from Tuesday, December 9, 2025, through Thursday, April 23, 2026, providing a total of 32 instructional sessions. Classes will be held twice weekly, every Tuesday and Thursday, from 2:30 PM to 4:30 PM, allowing students two full hours per session to engage in meaningful, hands-on learning experiences.

Program Focus
The program centers on building life-skills vocabulary essential for success both in school and in everyday life.

Instruction progresses systematically from phonics and foundational literacy skills to social communication and academic language, ensuring students develop both functional and academic competencies. Activities are carefully designed to integrate listening, speaking, reading, and writing, with age-appropriate visual supports embedded throughout to enhance comprehension and engagement. The program is especially beneficial for Students with Interrupted or Inconsistent Formal Education (SIFE) and English Language Learners at the entering and emerging proficiency levels, providing a scaffolded approach that meets students where they are and supports steady growth.

Grouping and Instruction
Students will be grouped by grade level, with additional subgroups formed based on individual assessment data, including NYSITELL and NYSESLAT scores accessed through FURBY. Instruction will be delivered through a collaborative, team-teaching model in which English as a New Language (ENL) teachers partner with content-area teachers to provide integrated language and content instruction. This model ensures that immigrant students receive simultaneous support in English language development and grade-level academic learning. Instructional groups will be limited to no more than 15 students, allowing for individualized attention, ongoing progress monitoring, and the implementation of differentiated instructional strategies aligned to each student's strengths and areas of need.

The proposed activities enhance instructional opportunities for immigrant students by intentionally addressing gaps in academic background knowledge, cultural adjustment, and prior schooling experiences. Structured orientation sessions and ongoing small-group instructional supports help students acclimate to U.S. school expectations, classroom routines, and academic norms, thereby reducing barriers associated with cultural transition and limited familiarity with the U.S. education system. To build background knowledge for students new to U.S. schools, instruction incorporates explicit academic vocabulary instruction, visual supports, and real-world connections aligned to grade-level standards, enabling students to access content while developing foundational understanding.

For Students with Interrupted Formal Education (SIFE), targeted literacy and numeracy interventions are implemented to identify learning gaps and provide accelerated, scaffolded instruction. Teachers utilize flexible grouping, formative assessments, and individualized learning plans to ensure instruction is appropriately leveled while supporting progress toward grade-level standards. Additional instructional scaffolds, including teacher modeling, sentence frames, bilingual resources, and guided practice, support students with limited exposure to U.S. academic content and promote meaningful engagement in core instruction. Collectively, these activities ensure equitable access to high-quality instruction, promote academic growth, and support the successful integration of immigrant students into the school community.

Supervision and Oversight
The program will be supervised by the P.S. 13Q administration to ensure high-quality implementation, adherence to program objectives, and alignment with Title III Immigrant guidelines. Teachers will work collaboratively to share strategies, coordinate lessons, and continuously adjust instruction based on student performance and engagement, ensuring that all participants receive consistent, effective support throughout the program.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

At P.S. 13, we proudly serve a diverse student population, including 134 immigrant students, the majority of whom are English Language Learners (ELLs) with emerging English proficiency. These students—also known as "New New Yorkers"—were born outside of the United States, including Puerto Rico and Washington, D.C., and have attended school in the U.S. for fewer than three full academic years. They bring a wealth of experiences, languages, and strengths that enrich our school community.

To monitor the academic growth and achievement of all students, including ELLs, P.S. 13 uses multiple data sources such as EDAT, FURBY, EDUR reports, and information from the Staff Development Committee (SDC). Classroom-based assessments—including mClass, i-Ready, and HMH weekly/module assessments—provide additional insight into individual student progress, helping teachers tailor instruction to meet each student's needs.

Immigrant students face a variety of challenges when adjusting to a new educational system and culture. These can include language barriers, cultural adjustments, gaps in prior schooling, family-related concerns, limited support systems, and emotional or mental health struggles. Many of these challenges may go unnoticed as students focus on learning English. Addressing the social and emotional needs of immigrant students is therefore critical to their academic success. By recognizing and responding to the full spectrum of these challenges—academic, social, cultural, and emotional—educators and communities can create a supportive environment where students can thrive. Targeted social-emotional learning programs help immigrant students develop resilience and coping skills, which are essential for navigating both school and life successfully.

Newcomer students—those with emerging English proficiency who have recently immigrated—face additional challenges in communicating with peers, teachers, and the broader community. Life inside and outside the classroom can be stressful, and without adequate support, students may become discouraged or disengaged. To address these needs, P.S. 13 offers a structured newcomer after-school program, providing extra time and targeted instruction to develop foundational academic and language skills. Many newcomer students are learning English for the first time while adapting to a new country, school system, and culture.

The after-school program strengthens vocabulary and accelerates growth in listening, speaking, reading, and writing—skills critical for meaningful classroom participation. It also provides a safe and supportive environment where students receive individualized attention, practice language in real-life contexts, and build confidence. By reinforcing core literacy and language skills beyond the regular school day, the program helps close language gaps, increases engagement, and supports smoother integration into both the school community and broader society.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,

- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The 2025–2026 Title III Immigrant (including ELLs) After-School Program will serve approximately 134 immigrant students in grades 2–5. These students represent a rich diversity of linguistic, cultural, and educational backgrounds, which contributes to a wide range of academic and social needs. Many are adjusting not only to learning English as an additional language but also to a new school system, cultural norms, and social environment, making targeted support critical to their overall success.

Focus on English Language Learners (ELLs)
A key focus of the program is supporting English Language Learners (ELLs), particularly Newcomer students who scored in the Entering and Emerging categories on the NYSITELL and the 2025 NYSESLAT (New York State English as a Second Language Achievement Test). These students are at the earliest stages of English acquisition. While they are not yet proficient in English, they are actively developing foundational skills and making progress toward language proficiency. The program is designed to provide scaffolded, differentiated instruction that meets these students at their current level, supporting both language development and content-area learning.

Subgroups of ELL Students

Entering ELLs: Students in this category are beginning English learners who may recognize only a few words or simple phrases. They require instruction that is highly scaffolded and visually supported, using concrete examples, gestures, and modeling to build comprehension. Activities emphasize foundational language development and basic social communication skills.

Emerging ELLs: Students in this subgroup are beginning to use simple sentences and can understand basic English. They can engage in social conversations with support and are starting to participate in academic tasks. Instruction for Emerging ELLs focuses on structured language practice, building vocabulary, sentence formation, and comprehension skills through interactive and meaningful activities.

By tailoring instruction to these specific subgroups, the program ensures that each student receives targeted support that aligns with their current English proficiency level, promoting both rapid language development and academic growth.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Title III Immigrant (including ELLs) After School Program will operate from Tuesday, December 9, 2025, through Thursday, April 23, 2026, encompassing a total of 32 instructional sessions. Sessions will be held twice weekly—on Tuesdays and Thursdays—from 2:30 PM to 4:30 PM, providing students with two hours of focused, structured learning each day. This schedule is intentionally designed to accommodate students outside of regular school hours, ensuring that participation complements rather than conflicts with core academic classes. By offering consistent, targeted support, the program creates meaningful opportunities for students to strengthen essential language, literacy, and academic skills in a supportive, engaging environment.

.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

In the Title III Immigrant (including ELLs) funded program, English is the primary language of instruction. However, the program recognizes the critical importance of supporting English learners, including immigrant students, as they transition into a fully English-speaking educational environment.

Ready, Set, Go! Newcomers is designed for newly arrived English learners and includes several features to support students' home languages while they acquire English:

Dual-language support and visuals: The program uses clear, age-appropriate visuals alongside text to help students understand new vocabulary and concepts, bridging meaning even if English is still emerging.

Translatable content: Many lessons and key vocabulary lists can be translated or adapted into students' home languages. Teachers can provide instructions or explanations in the home language to reinforce understanding.

Teacher-guided scaffolds: The program includes guidance for teachers on how to provide support in students' native languages, such as using cognates, modeling concepts in both languages, or pairing students who share a home language for peer support.

Bilingual materials and resources (if available): Some versions of the program offer bilingual handouts or companion resources to give students additional support in their first language.

Flexible implementation: Teachers are encouraged to supplement the program with home language support strategies, including translating instructions, reading directions aloud in the native language, or allowing students to discuss concepts in their first language before producing English responses.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

The Title III Immigrant (including ELLs) After School Program will be staffed by a total of 12 certified teachers, ensuring that students receive high-quality, targeted instruction aligned with their academic and linguistic needs.

Certified ESOL/Bilingual Education Teachers (4):
Four certified ESOL/Bilingual Education teachers will lead instruction specifically designed to support English language learners in developing proficiency across all language domains. These educators bring specialized expertise in second-language acquisition, culturally responsive teaching, and scaffolded instruction. They will deliver lessons focused on vocabulary development, functional and academic language use, and literacy skills in reading, writing, listening, and speaking. ESOL teachers will also collaborate closely with content area teachers to ensure that students can access

grade-level curriculum while acquiring English.

Content Area Teachers (8):
Eight certified content area teachers—representing core subjects such as English Language Arts, mathematics, science, and social studies—will provide academic support that complements the language development work of the ESOL teachers. These educators will integrate differentiation, scaffolding techniques, visual supports, and structured instruction to make subject-area content accessible for students at beginning English proficiency levels. While they may not specialize in language acquisition, their expertise in curriculum and instructional strategies will help students develop both content knowledge and academic language needed for classroom success.

Collaborative Instructional Approach:
Together, the 12 certified teachers will work as a cohesive instructional team to create a supportive, inclusive, and language-rich learning environment. ESOL teachers and content area teachers will coordinate lesson planning, share student progress data, and align instructional practices to ensure continuity between language development and academic content. This collaborative model allows immigrant and newcomer students to receive comprehensive support—strengthening their English proficiency while also building the academic skills necessary for long-term success in the school setting.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

This Title III Immigrant–funded program will utilize Ready, Set, Go! Newcomers from Continental Press, a comprehensive instructional resource designed specifically to meet the needs of newly arrived English language learners. The program supports students in developing essential foundational vocabulary, building literacy skills, and acquiring the functional and academic language required for success both in school and in their everyday lives. Structured lessons include age-appropriate visual supports and culturally responsive content that reflect the diverse backgrounds of students, helping them make meaningful connections between their own experiences and the new concepts they are learning. By incorporating cultural references, real-life scenarios, and opportunities for students to share their personal experiences, the program fosters engagement, strengthens identity, and promotes a sense of belonging while building listening, speaking, reading, and writing skills.

To ensure smooth implementation and accessibility, all instructional materials will be stored directly in the classrooms where the after-school sessions are conducted, allowing teachers and students easy access during each session. Additional sets of materials will be securely stored in the ENL Office (Room C33) for organization, inventory, and supplemental use as needed. All resources and materials used throughout the program will be purchased using Title III Immigrant funds, ensuring that the program is fully supported and equipped to meet the linguistic, academic, and cultural needs of our newcomer learners.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

To ensure that all parents—especially those from immigrant backgrounds—can fully engage in their child's education, P.S. 13 will send program invitations in each family's preferred home language. Providing communication in parents' native languages promotes inclusivity, removes barriers, and ensures families have equitable access to important information. Throughout the program, updates, reminders, and feedback will also be shared in each parent's preferred language, fostering clear understanding and active involvement in their child's learning experience.

The school will use the ClassDojo platform to support ongoing communication between teachers and families. ClassDojo's real-time messaging feature includes built-in translation tools, allowing parents to receive and respond to messages in their chosen language. When additional translation assistance is needed, the school will provide supplemental support to ensure that every family can communicate effectively and stay fully informed.

To accurately track student participation and maintain accountability, detailed attendance records will be kept for all students enrolled in the after-school program. Teachers will take attendance during each session to monitor participation and identify students who may need additional outreach or support to attend regularly. These records will also help measure engagement and ensure that immigrant students are benefiting from the program's services.

Program teachers—including three ESOL/Bilingual instructors and nine content-area teachers—will monitor students' academic progress using a combination of informal and formal assessments. Informal assessments, such as teacher observations, classroom activities, discussions, and student work samples, provide insight into students' day-to-day growth in vocabulary, listening, speaking, reading, and writing skills. These observations allow teachers to adjust instruction to meet students' immediate language needs.

Formal assessments—such as mClass, i-Ready, and HMH weekly or module assessments—offer structured, data-driven measures of student progress over time. These tools help identify both areas of strength and areas that may require targeted support or intervention.

By combining informal observations with formal assessment data, teachers can tailor instruction, provide personalized support, and ensure that newcomer and immigrant ELL students make measurable progress—both within the after-school program and in their regular classroom environments.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional development for teachers of immigrant and English Language Learner (ELL) students is essential to ensure effective, inclusive, and culturally responsive instruction. Our program will provide targeted training to help educators understand and address the unique needs of immigrant and ELL students.

Culturally Responsive Teaching: Teachers will explore how cultural differences influence student learning and behavior. Professional development will focus on strategies for integrating students' cultural backgrounds into lesson planning and classroom activities, ensuring that instruction is relevant and meaningful. Additionally, teachers will learn how to create inclusive environments that respect and value diverse cultural identities, fostering a classroom climate where all students feel seen, heard, and supported.

Strategies for Supporting English Language Development: Educators will receive training in best practices for scaffolding language learning in both social and academic contexts. This includes using visual aids, gestures, and other non-verbal strategies to enhance comprehension, as well as differentiating instruction for students at varying levels of English proficiency. Teachers will also learn to promote language acquisition through content-based instruction, ensuring that students develop both academic knowledge and the English language skills necessary to succeed.

Supporting Social-Emotional Learning for Immigrant Students: Professional development will address the social-emotional needs of immigrant students, including the impact of trauma on learning and behavior. Teachers will learn strategies for helping students develop resilience and coping skills while navigating new cultural and academic environments. The training will emphasize creating safe, welcoming classroom spaces that build trust and confidence, allowing students to engage fully in their learning.

Family and Community Engagement: Teachers will be trained on strategies to build strong partnerships with immigrant families and communities. This includes overcoming communication barriers such as language differences and cultural misunderstandings. Educators will also learn how to host workshops and informational sessions that bridge the gap between school and home, empowering families to actively support their child's learning and integration into the school

community.

While most professional development sessions can be effectively delivered by in-house staff at no additional cost, the program recognizes the value of incorporating external experts. Guest speakers or specialized training programs can provide additional expertise, introduce innovative instructional strategies, and offer fresh perspectives that enhance the professional growth of our teachers. By combining internal and external professional development resources, we aim to ensure that all teachers are fully prepared to meet the diverse academic, linguistic, and social-emotional needs of immigrant and ELL students.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

PS 13 currently serves 150 immigrant students, including English Language Learners (ELLs), in grades 2–5. The rationale for providing professional development to support these students is multifaceted, addressing the academic, linguistic, social, and cultural challenges that can affect their success in school.

Language Support: Immigrant students, particularly ELLs, require specialized language instruction to access grade-level content. Professional development equips teachers with effective strategies for teaching English while making academic content more comprehensible. This includes scaffolding, differentiated instruction, and immersive activities that promote language acquisition, allowing students to develop listening, speaking, reading, and writing skills in meaningful contexts.

Cultural Sensitivity: Immigrant students bring a wide range of cultural perspectives, experiences, and learning styles to the classroom. Training teachers in cultural competence enables them to create inclusive environments, recognize and respond to the diverse needs of students, and approach challenges with understanding and respect. Culturally responsive instruction not only supports learning but also fosters a sense of belonging and engagement among students.

Academic Equity: Many immigrant students face educational gaps due to disrupted or inconsistent schooling in their home countries. Professional development helps educators identify these gaps and implement targeted interventions through differentiated instruction and evidence-based strategies, ensuring that all students have equitable opportunities to achieve academic success.

Social and Emotional Support: Immigrant students may experience emotional and social challenges related to acculturation, family separation, trauma, or adjusting to a new educational system. Professional development provides teachers with tools to support students' social-emotional well-being, helping to create safe, welcoming, and supportive classroom environments where students can thrive both academically and personally.

Collaboration and Family Engagement: Engaging immigrant families in their children's education can be challenging due to language barriers, cultural differences, or unfamiliarity with the U.S. education system. Training teachers in effective communication and strategies for family engagement ensures that parents can participate meaningfully in their

children's learning, reinforcing academic and social growth at home.

Professional development ensures that educators have the knowledge, skills, and confidence to meet the complex needs of immigrant students effectively. By addressing language development, cultural competence, academic equity, social-emotional support, and family engagement, professional development fosters a more inclusive, responsive, and equitable learning environment that benefits all students.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

As outlined in CR Part 154, all educators are required to dedicate at least fifteen percent of their professional development hours to language acquisition. This includes a focus on best practices for co-teaching and integrating language and content instruction to support Multilingual Learners (ML) and English Language Learners (ELLs). For bilingual (BL) and English as a New Language (ENL) teachers, this requirement increases to a minimum of fifty percent of professional development hours. This ensures that their training is closely aligned with the core content areas they teach, emphasizing effective co-teaching strategies and approaches to combining language development with academic instruction to maximize student learning.

To meet these requirements, all teachers, including those participating in the Title III Immigrant (including ELLs) program, will engage in professional development opportunities through a variety of school-based sessions. These may include weekly Monday morning meetings, common planning periods, "lunch and learn" sessions, and UFT Center professional development times. During these sessions, educators will learn and share strategies for language acquisition, co-teaching, and integrating language and content instruction. Sessions will be led by the ENL department, ML/ELL-certified staff such as bilingual and dual language teachers, and school administrators, fostering a collaborative approach to professional growth.

External professional development opportunities will also be incorporated. Teachers who attend workshops, webinars, or other training programs outside the school will participate in a "turnkey" process, sharing their knowledge and practical strategies with colleagues during common planning or designated PD sessions. This ensures that valuable insights gained from external resources are disseminated throughout the staff, allowing all teachers to benefit and apply effective methods for supporting immigrant and ML/ELL students in their classrooms.

Furthermore, to ensure our staff remains informed and empowered to meet the diverse needs of our immigrant and ML/ELL students, the ENL department will actively share a wide range of professional development opportunities. These will include both in-person and virtual options, such as webinars, workshops, and conferences. The ENL department will make every effort to provide ample opportunities for teachers to attend these sessions, ensuring they are accessible and convenient for all educators. This ongoing commitment to professional growth enables educators to stay at the forefront of language acquisition practices and continue providing high-quality, inclusive instruction for all students.

By dedicating a significant portion of professional development to language acquisition, social-emotional learning, and co-teaching best practices, we are committed to enhancing the academic outcomes of our immigrant and ML/ELL students. This approach ensures that all educators have the knowledge, skills, and tools needed to effectively support student success in both language development and academic achievement.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The schedule for professional development (PD) sessions will be finalized and communicated to staff at a later date. All Title III Immigrant professional development activities will consist of single sessions, each lasting between 30 minutes and one hour. The duration of each session will vary depending on the topic and the depth of content to be covered. Over the course of the 2025–2026 school year, the goal is to offer a total of three to four professional development sessions.

Professional development opportunities will be strategically scheduled to maximize efficiency and ensure accessibility for all staff. Sessions may be conducted during a variety of available time slots, including Monday morning PD meetings, “lunch and learn” sessions, and common planning periods. This flexible scheduling approach allows teachers to participate fully while accommodating the demands of their regular instructional responsibilities.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Possible Professional Development Activities and Topics to Be Covered

Culturally Responsive Teaching
Professional development in culturally responsive teaching will focus on helping educators understand how cultural differences influence learning and classroom behavior. Teachers will explore strategies for integrating students’ cultural backgrounds into lesson planning and classroom activities to create meaningful and relevant learning experiences. The training will also emphasize the importance of building inclusive classroom environments that respect and celebrate diverse cultural identities, ensuring that all students feel valued, supported, and empowered to succeed.

Strategies for Supporting English Language Development
Educators will receive training on effective strategies to scaffold language learning in both social and academic contexts. This includes using visual aids, gestures, modeling, and other non-verbal supports to enhance comprehension. Teachers will also learn to differentiate instruction to meet varying levels of English proficiency and implement content-based instruction that simultaneously builds academic knowledge and language skills, helping students achieve success in all subject areas.

Language Objectives and Scaffolding for Success
Professional development will guide teachers in creating clear, measurable language objectives for each lesson and in applying scaffolding strategies to support student learning. Educators will learn to break down complex tasks into manageable steps, provide structured supports, and gradually release responsibility to students. These strategies ensure that all learners, especially immigrant and ELL students, can access grade-level content while developing the language skills necessary for full participation in classroom activities.

Supporting Social-Emotional Learning for Immigrant Students
Training will provide teachers with strategies to support the social and emotional well-being of immigrant students. This includes understanding the impact of trauma on learning and behavior, fostering resilience and coping strategies, and creating classroom environments that are safe, welcoming, and supportive. By building trust and confidence, educators help students engage more fully in their academic and social experiences.

Family and Community Engagement
Professional development will include guidance on creating strong partnerships with immigrant families to enhance

student learning. Teachers will learn strategies to overcome barriers such as language differences and cultural misunderstandings, as well as techniques for hosting workshops or informational sessions that effectively bridge the gap between home and school. This training ensures that educators can involve families meaningfully, reinforcing student success and fostering a collaborative school community.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

ENL Team
Ms. Squillari, Ms. Duggan, Ms. Diaz

Bilingual/Dual Language (BL/DL) Teachers
Ms. Rivera, Ms. Wang, Ms. Holmes, Ms. D'Angelo, Ms. Lin, Ms. Olivo, Ms. Keller, Ms. W. Zhang, Ms. Gallegos, Ms. Vivar, Ms. Q. Zhang, Ms. Moloon, Ms. Cabale

Administrative Support
Dr. Torres, Ms. Mouzakitis

The professionals listed above work collaboratively to ensure that English Language Learner (ELL) students receive the academic and social support they need to succeed in an English-speaking environment. Through coordinated efforts, the ENL team, bilingual/dual language teachers, and administrative staff provide guidance, oversight, and targeted instruction that addresses both language development and content mastery.

The professional development activities designed by this team are intended to enhance educators' instructional skills, deepen cultural awareness, and provide research-based strategies for effective language acquisition. By working together and continuously building their expertise, these professionals are able to create inclusive and supportive learning environments where immigrant and ELL students can thrive academically, socially, and emotionally.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All professional development activities provided using Title III Immigrant funds will be carefully documented to ensure accountability and compliance with program requirements. In-house professional development agendas, session materials, and attendance records will be maintained on file for future reference. This documentation will include the date, duration, topic, and presenter for each session, allowing for accurate tracking of all activities conducted within the school.

For professional development sessions attended outside of the building—whether in-person or virtual—teachers will receive a CTLE (Continuing Teacher and Leader Education) certificate. These certificates will serve as official proof of attendance and completion, ensuring that external training is recognized and recorded. Copies of these certificates, along with any related materials, will be kept on file as part of the school's documentation of professional development funded through Title III Immigrant funds.

This comprehensive record-keeping system ensures transparency, demonstrates compliance with federal requirements, and allows administrators to monitor participation and outcomes. By maintaining detailed documentation,

the school can verify that all educators are receiving targeted training to support immigrant and ML/ELL students, while also providing evidence of effective use of Title III resources.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 13Q offers a wide range of family engagement activities designed to support the social-emotional learning (SEL) and overall development of our immigrant and English Language Learner (ELL) students. These initiatives are intended to foster emotional support, strengthen relationships, promote collaboration, and empower families to take an active role in their children's academic and social growth. Through these programs, families are equipped with the knowledge, resources, and strategies to support learning at home while reinforcing positive social and emotional skills. Key goals of our family engagement activities include building strong relationships, supporting emotional well-being, empowering families, fostering social awareness, and encouraging responsibility and decision-making among students.

Collaboration and Support:
All family engagement activities are developed and implemented collaboratively by the Principal, ENL Assistant Principal, Parent Coordinator, ML/ELL-certified educators, and Guidance Counselors, Ms. Slipczuk and Ms. DiSalvo. Workshops and events are designed to provide parents with practical tools, knowledge, and resources to support their children's academic, social, and emotional growth, creating a strong school-family partnership that enhances student success.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The rationale for family engagement activities at P.S. 13Q is grounded in the belief that active, informed, and empowered family participation is critical to a child's overall educational success. When families are engaged and supported, students benefit not only academically but also socially and emotionally. At P.S. 13Q, family engagement is viewed as a collaborative partnership between the school and home, with the goal of equipping parents and caregivers with the knowledge, resources, and strategies necessary to advocate effectively for their children, reinforce learning at home, and foster positive developmental outcomes. These initiatives are designed not merely to support students in their academic endeavors but also to empower families to cultivate nurturing, structured, and enriching environments—

both within the home and through broader community involvement—thereby creating a foundation for long-term success and well-being.

To ensure that family engagement efforts are meaningful and responsive, P.S. 13Q continually evaluates the evolving needs of families and tailors activities to address their unique circumstances and challenges. The school employs multiple feedback mechanisms to gather comprehensive insights and inform programming:

Parent Surveys: Regularly administered surveys capture parents' perspectives, interests, and priorities regarding school programs, workshops, and events. This data allows the school to design engagement opportunities that directly respond to families' needs, ensuring relevance and impact.

Chancellor Citywide Survey Results: By analyzing broader district-wide survey outcomes, P.S. 13Q gains insight into overarching trends, challenges, and areas of need among families across the city. This alignment enables the school to integrate citywide educational priorities while remaining attentive to the specific context of its school community.

Direct Parent Feedback: Ongoing, face-to-face communication through Principal Meetings, Parent-Teacher Conferences, Parent Association Meetings, and Parent Orientation events provides rich qualitative data. These interactions allow school leaders to identify challenges, celebrate successes, and co-develop strategies to support students academically, socially, and emotionally.

Through this multi-layered approach, P.S. 13Q ensures that family engagement is not a one-size-fits-all initiative but a dynamic, responsive, and strategic effort. By actively listening to families, responding to their feedback, and creating opportunities for meaningful involvement, the school fosters strong partnerships that enhance student learning, strengthen the home-school connection, and empower families as active participants in the educational process.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Coffee with the Principal (Monthly)

Parent Association Breakfast (Monthly)

My Schools Account Help (November 5, 12, 19, 26, 2025) 2:30-4:30pm

Middle School Applications (November 5, 12, 19, 2025)

Thanksgiving Luncheon (Friday, Nov 21, 2025) 5:00-7:00pm

Paint Night (TBD)

Fitness Fridays (Monthly)

Pajama Movie Night (November 7, 2025)

Family Game Night (TBD)

Multicultural Night (May 2026)

Winter Wishes (December 2025)

Coat and Backpack Program (September/Ongoing)

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Coffee with the Principal (Monthly)
Overview: Current demographics, Title I and Title III programs, the budget, grants, parent workshops, safety matters etc.

Parent Association Breakfast (Monthly)
Overview: Foster connection and collaboration between families and the school. This informal gathering provides parents and caregivers the opportunity to engage with school leaders, ask questions, share feedback, and learn about academic programs, school initiatives, and upcoming events. Families also receive resources and guidance on supporting their children's learning, social-emotional development, and community involvement. By creating a welcoming and inclusive environment, the monthly breakfast strengthens the home-school partnership and empowers families to actively support their child's academic and personal growth.

My Schools Account Help (November 5, 12, 19, 26, 2025) 2:30-4:30pm
Overview: Support parents in accessing their and their child's MySchools account and provide information on how and why to use the MySchools account.

Middle School Applications (November 5, 12, 19, 2025)
Overview: A session designed to help parents navigate the middle school application process. This may include understanding the application requirements, deadlines, and tips for choosing the right school for their child.

Thanksgiving Luncheon (Friday, Nov 21, 2025) 5:00-7:00pm
Overview: A community event where families can come together to celebrate Thanksgiving with a shared meal. This event may also feature performances, games, or activities to promote school spirit and family engagement.

Paint Night (TBD)
Overview: Families are invited to create their own work of art with the Art Teacher.

Fitness Fridays (Monthly)
Overview: Families are invited to get moving and stay active regularly on Friday Afternoons with the Physical Education Teacher

Pajama Movie Night (November 7, 2025)
Overview: Families come to school in their PJs to have a fun night of movie-viewing with PS 13 administrators, teachers, and staff.

Family Game Night (TBD)
Overview: Families are invited for an evening of traditional games and family fun with PS 13 administrators, teachers, and staff.

Multicultural Night (May 2026)
Overview: A celebration of the diverse cultures within the school community. Families are invited to share their cultural heritage through music, dance, traditional clothing, and food. This event fosters a sense of community and encourages

cultural understanding and respect.

Winter Wishes (December 2025)
Overview: PS 13 Administrators, Teachers and Staff promote togetherness and joy during the holiday season by donating and soliciting corporate donations to send every student home with a gift before Winter break.

Coat and Backpack Program (September/Ongoing)
Overview: Students are provided with backpacks and school supplies during registration and students are provided with winter coats on an as needed basis in preparation for cold weather.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Coffee with the Principal (Monthly)
Principal

Parent Association Breakfast
Parent Coordinator and Parent Association President

My Schools Account Help (November 5, 12, 19, 26, 2025) 2:30-4:30pm
Parent Coordinator

Middle School Applications (November 5, 12, 19, 2025)
Guidance Counselor

Thanksgiving Luncheon (Friday, Nov 21, 2025) 5:00-7:00pm
Parent Coordinator, Administration, and Parent Association

Paint Night (TBD)
Art Teacher

Fitness Fridays (Monthly)
Physical Education Teacher

Pajama Movie Night (November 7, 2025)
Parent Coordinator

Family Game Night (TBD)
Parent Coordinator

Multicultural Night (May 2026)
Parent Coordinator, Administration, Teachers, Staff, and Parent Association

Winter Wishes (December 2025)
Administration, Teachers and Staff

Coat and Backpack Program (September/Ongoing)
Parent Coordinator

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

At P.S. 13Q, ensuring that families are fully informed and able to participate in Title III Immigrant (including ELLs) family engagement activities is a top priority. To achieve this, the school employs a comprehensive, multi-tiered communication strategy designed to remove barriers related to language and accessibility. All invitations to workshops, events, and informational sessions are translated into families' preferred home languages to guarantee inclusivity and ensure that every parent or caregiver can fully understand the information provided.

Communication is disseminated through a variety of platforms to maximize reach and accessibility. These platforms include ClassDojo, the school website, social media channels, and printed flyers sent home with students. By utilizing multiple modes of communication, the school ensures that families receive timely notifications and have multiple opportunities to access information in the format that is most convenient for them.

Bilingual and multilingual staff play a key role in facilitating clear communication. Whenever possible, documents and materials are translated by qualified staff members into the home languages of the families. In cases where staff proficiency is limited, the school partners with The Office of Language Access to provide professional translation services. This office supports the translation of memos, newsletters, and other communications into a wide range of languages, and also provides over-the-phone interpretation to assist non-English speaking families in understanding important information.

To further support ongoing engagement, the school leverages ClassDojo to provide automated reminders, updates, and notifications about upcoming meetings, events, and deadlines. Information is also consistently updated and maintained on the school's social media platforms, creating multiple touchpoints for families to stay connected with the school community. By combining personalized translation support with technology-driven communication strategies, P.S. 13Q ensures that all families, regardless of language proficiency, have equitable access to information, can actively participate in their child's education, and are empowered to support their child's academic, social, and emotional growth.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All invitations, event agendas, and attendance records for family engagement activities will be meticulously documented and securely maintained by the Parent Coordinator. To ensure accessibility and inclusivity, all communications will be provided in each family's preferred home language, allowing parents and caregivers to fully understand and engage with the content. In situations where in-house translation capabilities are limited, the school will collaborate with The Office of Language Access to provide professional translation and interpretation services, ensuring accuracy and clarity. This multi-layered approach guarantees that every family, regardless of language proficiency, has equitable access to information, can actively participate in school events, and is empowered to support their child's academic, social, and emotional development.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
