Linda Oshaughnessy

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 088 The Seneca School

District Borough Number (DBN):

24Q088

Grades Served:

3K - 5

School Address:

60-85 Catalpa Avenue. Ridgewood NY 11385

Phone Number:

718-821-8121

Fax:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Linda O'Shaughnessy	Principal or Designee*	
Cari Ann Lobello	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Samantha Desz	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Toni Deturris	District Council 37 (DC 37) Representative (staff), if applicable	
Jarolyn Javier	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
Kevin Goodish	CBO Representative, if applicable	
Michelle Henriquez	Parent	
Emma Gordon	Parent	
Ira Handell	staff	
Lizbeth Heras-Torres	staff	
Vivian Mooney	parent	
Katie Strauss	parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 88Q, our mission is to create a nurturing and inclusive learning environment that empowers all students to reach their highest potential. We are committed to educating the whole child—academically, socially, and artistically—by providing a rigorous, culturally responsive curriculum, a supportive social-emotional framework, and a rich variety of arts-integrated experiences. We foster a collaborative school culture where students, staff, and families work together to ensure equity, access, and excellence for every learner. Our goal is to develop confident, compassionate, and creative thinkers who are prepared to thrive in an ever-changing world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 88Q, located in the vibrant Ridgewood section of Queens, proudly serves a diverse and dynamic community of learners from 3K through Grade 5. With an enrollment of 701 students, our school is deeply committed to equity, inclusion, and the whole-child approach to education. As a Title I school, we provide comprehensive support to meet the needs of our students and families, ensuring access to high-quality instruction and enrichment opportunities for all.

Our student body reflects the rich cultural tapestry of our neighborhood: 60% of our students identify as Hispanic, 29% as White, 8% as Asian, and 1% as Black. We serve a wide range of student needs, including 187 students with disabilities (27%), 120 multilingual learners (17%), and 62 students in temporary housing (9%). We maintain a school-wide attendance rate of 92%, though 27% of students are identified as chronically absent—an area we continue to address through family outreach, student engagement strategies, and social-emotional supports.

At PS 88Q, we believe in educating the whole child—academically, socially, and artistically. We have established powerful partnerships with Disney in Schools and Joffrey Ballet, which have expanded access to high-quality arts programming for our students. Our school boasts a thriving music department with two dedicated music teachers, a school band, and a chorus. In addition, visual arts is a core part of our specials rotation, giving students the opportunity to engage with and create meaningful art. Our theater program is a standout component of our school culture and has garnered national recognition, including a feature on ABC World News, for its ability to provide inclusive opportunities for creative expression.

Beyond the school day, PS 88Q offers dozens of before and afterschool programs that tap into student interests and talents. These include Gardening, STEM, Coding, Art, Ballet, Academic Enrichment, Pokémon Club, Basketball, Track, Soccer, Beautiful Me, and Digital Media Design. We also engage our families and community through meaningful schoolwide events such as Breaking Bread, Building Bonds and May The Change Be With You, which are developed by our Social Justice Committee to promote inclusivity, empathy, and student voice.

Academically, our instructional vision is grounded in research-based practices, including targeted interventions and explicit Tier I instruction. We prioritize teacher collaboration, professional inquiry, and data-driven progress monitoring to ensure student needs are identified and addressed in measurable and timely ways. At PS 88Q, our educators are lifelong learners committed to continually refining their craft to support student success.

Together, we strive to create a nurturing, inclusive, and enriching environment where every child can thrive.

Briefly summarize the key initiatives your school will implement this school year.

At PS 88Q, we are committed to providing comprehensive support that meets the academic, social-emotional, and developmental needs of all students.

Academic Support Initiatives
Multi-Tiered System of Supports (MTSS):
A cornerstone of our academic model is the MTSS-aligned SOAR period—Seek Success, Overcome Challenges, Achieve Goals, Reach High—built into every teacher's daily schedule. During this dedicated time, students receive targeted instruction at their individual levels in both ELA and math. Research-based interventions such as SPIRE, Phonics for Reading, REWARDS, and Bridges are used to address specific skill gaps and promote accelerated growth.

Small Group Instruction: Differentiated support during ELA and math blocks to meet individual learning needs using HMH, Fundations, Heggarty, Envisions, Amplify Science and Passport.

Progress Monitoring Cycles: Regular data analysis meetings to review student growth and adjust instruction based on bi-weekly assessments using MClass. To further ensure success, we employ ongoing progress monitoring, small group instruction, and co-teaching models, including ICT, to support all learners, including our 27% of students with disabilities and 17% of multilingual learners.

Project Based Learning: All students will engage in PBL, researching real world problems as well as building background knowledge.

Social-Emotional Learning (SEL) and Wellness
SEL Curriculum: Implementation of programs through partnership with Brain Power, RULER, or Responsive Classroom.

Calming Corners: Self-regulation spaces in classrooms, supported by partnership with NYU Nest, including practices that support all students, as well as student with ASD

Check-In/Check-Out: Daily check-ins for students needing additional connection or behavioral support, as well as each student identifying their "Go To Person"

Mental Health Partnerships: On-site counselors, social workers, or partnerships with local mental health providers.

Lunch Bunch or Social Skills Groups: Small groups to support peer relationships and communication.

Arts, Culture, and Enrichment
Artist-in-Residence Programs: Visual arts, dance, or music residencies in partnership with cultural institutions.

School Theater Productions: Inclusive opportunities for performance and production roles. Continued partnership with Disney in Schools.

Music Programs: Band, chorus, or instrumental instruction during and after school.

Cultural Heritage Celebrations: Events to honor students' diverse backgrounds (e.g., Hispanic Heritage, Lunar New Year, Black History Month).

Family and Community Engagement
Family Workshops: Academic and SEL topics (e.g., literacy night, math games, digital citizenship).

Parent-Teacher and Conferences: In person PTC as well as Meet The Teacher (in person) in September, and #WeArePS88Q event (May PTC) in person to welcome all families into all spaces.

School-Community Partnerships: Collaborations with nonprofits, arts organizations, and local businesses, such as the Peter Cardillo Senior Center, Elmcor, Elmhurst Hospital, 104 Pct,

Events That Build Belonging: e.g., Breaking Bread, Building Bonds, Family Wellness Night, International Day.

Before/After School Programs

Interest-Based Clubs: Sports, digital design, gardening, dance, drama.

Inclusive Practices and Equity Initiatives

Student Leadership Opportunities: Student council, peer mediators, morning announcers.

Equity Teams or Social Justice Committees: Staff and student-led groups addressing school climate and inclusivity such as our Social Justice Committe, our Podcasts, community events and CRSE alighned curriculum such as Hidden Voices.

Translation and Interpretation Services: Ensuring families who speak languages other than English are fully included.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH	
ELA	K-5	I-Ready	Used for RTI groups
Math	K-5	Envisions	

Math	K-5	I-Ready	Used for RTI groups
ELA	k-2	Heggarty	
ELA	k-2	Fundations	
ELA	3-5	SPIRE	Used for RTI
ELA	K-5	Arriba	Dual Language
ELA	4-5	Rewards	Used for RTI
Math	K-5	Bridges	Used for RTI
ELA	3-5	Phonics For Reading	Used for RTI

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Proficiency level (level 3 and 4) of all students increased from 39% to 53.4%(grades 3, 4 and 5) in NYS ELA for 2025. In the previous year, our scores dropped from 41%in 2023 (269 students) to 39% (300 students).	gaps in early learning (phonics and phonemic awareness) impacting student comprehension; change in curriculum (first year with HMH); chronic absenteeism in our students who were not proficient	Explicit instruction as well as progress monitoring for individual needs (ex: ORF, NSF etc); Engaging, culturally responsive instruction that is student centered
ELA Avg. Proficiency Value for ELL's for 2023 was 2.4 (55 students), and dropped to 2.1 in 2024 (74	We had an increase in our ELL population, especially	Language and vocabulary acquisition are key components of ELL

students). The district dropped from 2.4 to 2.3, and the city from 2.6 to 2.5	students taking the NYS ELA for the first time.	instruction, as well as implementation of background knowledge work, through PBL Engaging, culturally responsive instruction that is student centered
Our 2025 NYS proficiency for SWD was 15.9% proficient, which is an increase in proficiency from 2024, which was 12.7% ELA Avg Proficiency Value for SWD in ICT/SETSS dropped from 2.5 (37 students) to 2.1 (35 students). This mirrors the district (2.4-2.3) and city (2.5-2.4) data.	gaps in early learning (phonics and phonemic awareness) impacting student comprehension; change in curriculum (first year with HMH), chronic absenteeism of SWD	Explicit instruction as well as progress monitoring for individual needs through Acadience /MClass Engaging, culturally responsive instruction that is student centered
ELA Avg. Proficiency decreased for our students lowest third from 2.2 (33 students) to 2.1 (59 students). The city and district data reflects this drop as well with the city 2.6-2.4 and the district 2.2-2.1	gaps in early learning (phonics and phonemic awareness) impacting student comprehension; change in curriculum (first year with HMH), chronic absenteeism of SWD	Explicit instruction as well as progress monitoring for individual needs through Acadience /MClass Engaging, culturally responsive instruction that is student centered
Consistent trend of difference in proficiency levels of economically disadvantaged vs not economically disadvantaged. In 2025, the average proficiency for for economically disadvantaged increased to 47.6% and non economically disadvantaged was 70.5%.In 2024, average proficiency for non economically disadvantaged students was 52.6% and 33.8% for economically disadvantaged.	Poverty and limited access to books, educational resources, and enrichment opportunities. Food insecurity, housing instability, and stressors that affect cognitive focus and school attendance.	Supplemental programs in addition to small group, explicit instruction during the school day. Access to materials, and resources to support all aspects of learning as well as attendance.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	54%	By June, 2026, literacy for All Students will improve, as measured by a 11% Increase, from 54% to 65%, of percentage points of students at or above benchmark on the mClass composite scores.
English Language Learners (ELL)	18%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 8% Increase, from 18% to 26%, of percentage points of students at or above benchmark on the mClass composite scores.
Students with Disabilities (SWD)	34%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 8% Increase, from 34% to 42%, of percentage points of students at or above benchmark on the mClass composite scores.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Foundational Literacy Skills (Phonics & Phonemic Awareness)

Implement structured, research-based phonics programs with fidelity across grades K-3.

Root Cause Addressed:

gaps in early learning (phonics and phonemic awareness) impacting student comprehension; change in curriculum (first year with HMH); chronic absenteeism in our students who were not proficient

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue and expand use of Fundations, Heggerty, and Sound Wall implementation in grades K–3.

Provide targeted professional learning to K–3 staff on science of reading strategies embedded in HMH and supplemental programs.
Utilize diagnostic screeners (MCLASS) to identify individual student needs and group accordingly for small-group instruction.
Develop and implement intervention schedules for Tier 2 and Tier 3 students within and beyond the literacy block.
Monitor progress biweekly using skill-based tools (ORF, NWF, PSF, etc.) and use data to inform instructional moves.

Key Strategy 2 (Optional):

Ensure effective implementation of HMH through coaching and collaborative planning that supports instructional shifts.

Root Cause Addressed:

The transition to a new core curriculum (HMH Into Reading) has presented challenges in consistent implementation, alignment to student needs, and full use of the embedded resources and assessments.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate grade-level planning sessions focused on HMH's "Teacher's Corner" tools and digital dashboard.
Launch monthly implementation walkthroughs using NYC Reads Implementation tool to monitor usage of resources and provide responsive coaching.
Create feedback loops through teacher surveys and PLCs to adjust supports based on staff needs.
Conduct targeted PD on HMH lesson structure, differentiation tools, and embedded assessments
Develop individual student reading profiles to track foundational skill development

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Biweekly Student-Level Progress Monitoring Protocol
Structure:
Each instructional staff member—including general education teachers, ENL teachers, interventionalists, ICT co-teachers, and SETSS (CF IEP) teachers—will select and progress monitor five focus students every two weeks using MCLASS diagnostic tools aligned to a specific area of need (e.g., ORF, NWF, PSF, Maze, etc.).
Purpose:
This ensures targeted attention to students most at risk, creates consistency across roles, and provides a manageable structure for personalized intervention tracking.
Implementation Steps:
Teachers will identify 5 priority students based on baseline MCLASS data and iReady diagnostic results.
A common biweekly schedule will be maintained for monitoring (e.g., Weeks 2, 4, 6...).
Data will be logged in a centralized literacy progress monitoring tracker (Google Sheet or schoolwide dashboard).
Intervention strategies and instructional changes will be noted and discussed during data review meetings.

2. Schoolwide Data Collection & Review Cycles
Structure:
Every six weeks, a cross-functional team (administration, coaches, ENL coordinator, and special education team) will lead a cycle of data review with grade-level teams and specialists.
Data/Evidence Collected:
MCLASS progress monitoring results (biweekly)
HMH embedded assessments (Module Check-Ins, Oral Reading Fluency)
Small group instructional notes and running records
iReady growth reports
Student work samples and writing progress
Attendance and engagement data (especially for students flagged as chronically absent)
Impact Measured:
Skill growth over time (phonics, fluency, comprehension)
Increased proficiency rates
Adjustment in tiered support/intervention levels
Alignment of instructional strategies to student needs

3. Instructional Implementation Walkthroughs
Structure:
Instructional leaders will conduct monthly walkthroughs to monitor:
Use of HMH core and foundational resources
Implementation of small group instruction
Use of progress monitoring tools and formative checks
Differentiation strategies and culturally responsive practices
Evidence Collected:
Look-for checklists tied to implementation goals
Teacher reflections and debrief forms
Planning artifacts showing use of assessment data
Anecdotal evidence of student engagement and participation

4. Feedback Loops and Instructional Adjustments
Structure:
Monthly instructional team meetings (ILT/grade team) will be used to review trends in student data and implementation practices.
Teachers will engage in goal-setting for next steps and revise student groups based on current needs.

Adjustments to curriculum pacing or intervention structures will be made based on ongoing monitoring.
Updated intervention schedules
Action plans from grade team meetings

5. Measuring Student Learning & Achievement Impact
To determine progress and effectiveness, we will track:
% of students making benchmark growth (as per MCLASS progress monitoring indicators)
% increase in phonics mastery and reading fluency across grade levels
Improved module assessment performance on HMH (oral and written)
Reduction in number of students requiring Tier 3 intervention over time
Growth in proficiency levels on iReady, NYSESLAT (ENL), and state assessments

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	06/26/2026	Family Literacy Workshops Aligned to HMH Host monthly HMH Literacy Nights focused on decoding, fluency, and comprehension strategies. Offer bilingual sessions (English/Spanish) to review the structure of HMH modules, online access, and the role of foundational skills. Provide parents with take-home tools such as decodable readers, sound cards, and tips for practicing phonics and fluency at home. Invite families to observe a literacy mini-lesson or small group to demystify instructional practices.	n/a
09/03/2025	06/26/2026	Transparent, Ongoing Communication About Student Progress Implement biweekly communication from teachers to families of focus students (those being progress monitored), sharing MCLASS skill area growth. Provide translated reading progress reports that explain the skills being tracked (e.g., “Your child is working on letter sounds and reading short words fluently”). Use platforms like ClassDojo or Remind for weekly reading tips and updates aligned to class instruction.	Partner with the PTA or local businesses to offer incentives (books, certificates, gift cards) for students showing consistent progress and attendance.

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per-Session for teachers for before and afterschool programs, as well as team meetings before and after school. Additional cluster to provide sixth prep for managed shared plannning/learning period prep (if possible)

Instructional Resources

partnership and continued professional learning with Wilson coach, MClass Coaches, and HMH

Schedule Adjustments

sixth prep

Other Resources Needed

technology expansion

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Family and Teacher Surveys 2024/2025	implicit bias, inequitable representation, need for training on culturally responsive practices to all student demographics	Incorporating social justice/civic for all practice in all of our content
NYC Survey, student, family and staff surveys 2024/2025	students navigating many situations of trauma or conflict	consistent SEL Practices and protocols for all students
NYC Survey results (86%) 2025	opportunity to discuss race and racism to examine on beliefs	incorporate PL for discussing race and racism and and examining beliefs

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	90%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Increase, in number of students who can identify their "go to"person when needing support from 90% to 100%, per the internal student survey.
English Language Learners (ELL)	95%	By June, 2026, physical and mental wellness for English Language Learners (ELL) will improve, as measured by a 5% Increase, in percentage of positive student responses who feel supported and welcome from 95% to 100%, per the internal survey results.
Students with Disabilities (SWD)	50%	By June, 2026, physical and mental wellness for Students with Disabilities (SWD) will improve, as measured by a 10% Decrease, in number of student incidents from 50% to 40%, per the online occurrence reporting system reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Create spaces and opportunities for students to interact with teachers, counselors, and other school staff in non-academic settings (e.g., lunch groups, extracurricular activities).
Ensure that the school staff reflects the diversity of the student body. Having staff who can relate to students' lived experiences will increase trust and open lines of communication.
Train staff in trauma-informed practices, so they understand how to create safe spaces for students, recognize signs of trauma, and build relationships with students who may have difficulty connecting due to past experiences.

Root Cause Addressed:

Trauma and Emotional Needs: Many students, particularly those who have experienced trauma or have unmet emotional needs, may struggle to identify a trusted adult or peer because they have difficulty building relationships due to fear, past betrayal, or mistrust.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Assess the Current Environment:Conduct surveys or focus groups with students to understand their current sense of emotional safety and whether they have identified a trusted adult. Use this data to inform next steps.
Develop a Relationship-Building Program: Create a formalized relationship-building program that encourages students to engage with different adults, offering structured ways for them to connect. Ensure staff members are trained to actively listen and respond to students' emotional needs.

Match Students with Supportive Adults:Pair all students with an adult (teacher, counselor, or staff member) who can serve as their "go-to" person. If possible, match students with adults who share similar backgrounds or interests.
Host Staff Workshops on Trauma-Informed Practices:Provide professional development opportunities for all school staff on trauma-informed care, SEL, and effective ways to build connections with students.
Promote Transparency and Communication: Create clear, visible communication about the importance of identifying a "go-to" person and the role that each staff member plays in fostering a trusting and supportive environment. Make sure students know who to go to when they need help.

Key Strategy 2 (Optional):

Increase Language Support and Access:
Provide language support through bilingual staff, interpreters, and translation services for key communications.
Encourage peer partnerships where ELL students can connect with bilingual peers to ease language challenges.

Root Cause Addressed:

Language Barriers:
One of the most significant challenges ELL students face is the language barrier, which can lead to feelings of isolation or misunderstanding. Without fluency in the dominant language, students may struggle to build relationships with peers and adults, leading to lower feelings of being supported or welcomed.
Cultural Disconnect:
ELL students often come from diverse cultural backgrounds, and if the school environment doesn't embrace or reflect that diversity, they may feel marginalized or excluded. This disconnect can hinder their ability to feel welcomed or supported in a new school setting.
Lack of Representation:
Many ELL students may not see staff members or peers who share their cultural background or language, making it difficult for them to identify someone who understands their experiences and challenges.
Inconsistent Support Systems:
ELL students might not have consistent access to resources such as bilingual support staff, cultural liaisons, or SEL programs tailored to their specific needs. Inconsistent or under-resourced support can lead to feelings of being unsupported or overlooked.
Unfamiliar School Expectations and Social Norms:
ELL students might struggle with understanding the academic, behavioral, or social norms in the school environment. If these expectations are not explicitly taught or clarified, students may feel disconnected from the broader school community.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Conduct an Initial Survey to Measure ELL Students' Feelings of Support: Use surveys or focus groups to assess ELL students' perceptions of support, inclusivity, and whether they feel welcomed at school. This baseline data will provide insights into specific areas that need improvement and guide our interventions.

Host Culturally Relevant Events: We will organize cultural awareness events, celebrations, and activities that highlight the cultures of ELL students, such as International Day, language showcases, or multicultural fairs. This allows students to share their cultural heritage and feel seen and valued.

Train Staff in Cultural Competence and Trauma-Informed Practices: Provide professional development for teachers and staff on cultural competence, the unique challenges of ELL students, and how to support their emotional well-being. Train staff to recognize the signs of trauma, stress, or anxiety that may affect an ELL student's ability to engage in the school community.

Pair ELL Students with Peer Buddies: Each new ELL student will be paired with a peer buddy— one who shares a language or cultural background—who can help the student navigate the school, explain social norms, and provide emotional support.

Implement a Welcoming Committee: A student-led welcoming committee where a group of students helps new ELL students feel integrated into the school community. The committee will serve as a friendly resource for ELL students to ask questions and seek advice.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Data Collection
Surveys and focus groups to gather qualitative and quantitative data on students' feelings of support, safety, and emotional well-being.
Student progress reports from teachers and content teachers to track academic growth.
Peer and mentor feedback on Tier II and Tier III students' social integration and emotional connections.
Check-ins and informal observations conducted by counselors, teachers, and bilingual staff.
Behavioral and attendance data to identify any correlation between emotional well-being and engagement or school participation.
SEL assessments (e.g., CASEL framework for social-emotional learning) to track students' growth in emotional resilience and interpersonal skills.
Collaboration Between Stakeholders
Meetings with families, staff, counselors, and mentors to discuss progress, share insights, and address challenges.
Family and community engagement through regular communication with parents (via bilingual liaisons or translators) to understand family perspectives on student progress and challenges.
Peer feedback from the "buddy" system, including how effective students feel in supporting each other's integration into the school environment.
Staff and Faculty Professional Development Feedback
Surveys or evaluations from staff members who have received training in cultural competence, trauma-informed practices, and social-emotional learning for ELLs, to gauge how well strategies are being implemented in the classroom.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	06/26/2026	Workshops and Support Programs for Parents: Parent Education Workshops: Offer workshops that teach parents how to support their child's learning, both academically and emotionally. Topics can include understanding the U.S. education system, supporting language acquisition, or navigating social-emotional challenges that their child may face. Action: We will host workshops that are available in multiple languages or offer childcare so that parents can attend. Topics will include helping with homework, understanding report cards, or fostering emotional resilience in children. Empower Parents with Tools: We will provide resources that help parents support their child's social-emotional development at home. For instance, share strategies for dealing with stress, how to engage in conversations about their child's emotional well-being, or how to create a positive learning environment at home.	CBO's to be determined
09/03/2025	06/26/2026	Support for Transitioning ELL Families New Family Orientation: For families who are newly arrived, we will host an orientation session to introduce them to the school culture, available resources, and how the school can support their child's academic and emotional needs. Staff members who speak the family's language lead the orientation and provide detailed explanations about school policies, services, and support systems available for ELL students.	CBO's to be determined

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	56%	PS88q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage points of students scoring at or above grade-level proficiency, will Increase by 10% from 56% to 66%, for All Students, as measured by Map Growth Math Results.
Students with Disabilities (SWD)	24%	PS88q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage points of students scoring at or above grade-level proficiency will Increase by 5% from 24% to 29%, for Students with Disabilities (SWD), as measured by Map Growth Math results.
English Language Learners (ELL)	21%	PS88q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage points of students scoring at or above grade-level proficiency will Increase by 5% from 21% to 26%, for English Language Learners (ELL), as measured by Map Growth Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Tier 1 Math Instruction Through Consistent Curriculum Implementation which will be measured by Instructional Walks, Danielson Observations and implementing math routines with the Math Vertical Team.

Root Cause Addressed:

Root Causes Addressed:

Inconsistent use of standards-aligned curriculum

Limited conceptual understanding in early grades

Inadequate professional development in math pedagogy

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and share pacing guides aligned to priority standards
Facilitate monthly collaborative planning sessions to unpack tasks, anticipate misconceptions, and align instruction
Provide targeted professional learning on math frameworks such as Building Thinking Classrooms, math discourse,

and reasoning
Math-focused intervisitations to model effective practices

Key Strategy 2 (Optional):

Build Teacher Capacity in Implementing Math Discourse, Cognitively Demanding Tasks, and Building Thinking Classrooms

Root Cause Addressed:

Root Causes Addressed:

Inadequate professional development focused on math pedagogy

Inconsistent opportunities for student discourse and problem-solving

Student math anxiety and low confidence

Limited use of instructional strategies that promote deep reasoning and engagement

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional learning sessions on Building Thinking Classrooms to shift teacher mindset and instructional routines
Train teachers on how to structure cognitively demanding tasks that promote reasoning, collaboration, and multiple solution paths
Integrate math discourse strategies using sentence stems, accountable talk, and student-led explanation routines
Facilitate learning walks and intervisitations focused on student talk, group work, and visible thinking
Use formative observation tools or rubrics to measure shifts in teacher practice and student engagement

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

ILT/Grade Team Meetings:

Use structured agendas to review lesson plans and student work for alignment to cognitively demanding tasks and math discourse strategies

Evidence: Meeting notes, task analysis tools, student work samples

Professional Development Feedback & Implementation Rubrics

Collect pre- and post-PD surveys to assess teacher confidence and shifts in practice related to math discourse and task design

Evidence: Survey data, rubrics aligned to Thinking Classrooms strategies

Learning Walks & Instructional Rounds

Conduct monthly classroom walkthroughs focused on Building Thinking Classrooms look-fors, such as vertical non-permanent surfaces, visibly random groups, and student engagement

Evidence: Walkthrough trackers, observation rubrics, teacher feedback

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/26/2026	Offer family workshops on how to use manipulatives, visual models, and problem-solving techniques aligned to curriculum	not applicable
09/02/2025	06/26/2026	Host “Family Math Night” events where students and families engage in math games and collaborative problem-solving tasks	not applicable

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Math leads to facilitate PD and model instruction, Instructional Leadership Team (ILT) and grade teams for planning and progress monitoring

Instructional Resources

Building Thinking Classrooms book and related implementation guides, Curriculum-aligned high-cognitive-demand math tasks, Math discourse tools: sentence stems, math journals, visuals

Schedule Adjustments

Protected PD time for math-focused professional learning, Built-in common planning time for grade teams, Time allocated for learning walks and instructional rounds

Other Resources Needed

Translation services and multilingual materials for family outreach, Math manipulatives and supplies for both classroom and at-home use as well as a math night to show families how to use them.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYS Testing data as well as HMH module assessments show gap in background knowledge of elementary students	Instructional Gaps: • Limited integration of computational thinking, real-world applications, or STEM-related PBL in core content areas.	Incorporate PBL into all classrooms and all classes receive computer science

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50%	PS 88Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students who are programmed for computer science and STEM for All Students will Increase by 50% from 50% to 100% as measured by STARS.
All Students	50%	PS 88Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the all students will complete at least one interdisciplinary PBL unit connected to real-world challenges. for All Students will Increase by 25% from 50% to 75% as measured by STARS.
Economically Disadvantaged (ED) Students	TBD	PS 88Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the increase the percentage of parents and guardians who report that college and career readiness activities offered by the school positively impact their understanding and ability to support their child's future goals for Economically Disadvantaged (ED) Students will Increase by 25% from TBD to 75% as measured by school based surveys.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build Parent Awareness of College & Career Pathways
Provide Access to Technology and CS Tools - Ensure all students have access to devices capable of running coding platforms
- Use free tools such as Scratch, Tynker, Code.org, Replit, GitHub, etc.
- Apply for grants or DOE funding to support tech needs in classrooms
Create opportunities for community to present real life world connections to college and career

Root Cause Addressed:

Limited Curriculum Alignment or Resources
Curriculum maps and pacing calendars often do not include clear expectations for CS/CT integration.
There's a lack of ready-to-use, standards-aligned CS activities embedded in core content areas.
Teachers may not have access to interdisciplinary lesson plans or real-world PBL units that connect to CS.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
- Host multilingual family workshops on Save for College, 21st Century Skills, early college, and CS/STEM options
Increase Access to Family-Focused Project-Based Learning (PBL) Events
Empower Families Through Skills-Based Workshops

Strengthen Two-Way Communication with Families
Build Teacher Capacity to Integrate CS Across Subjects

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Regular Implementation Checkpoints
What: Bi-monthly team meetings to review program delivery, student progress, and teacher implementation of strategies.

Who: teachers, administrators,

How: Review of data and lesson samples, walkthroughs, and teacher feedback.

2. Shared Monitoring Platform (Google Drive)
What: Centralized digital system for storing and tracking:

Attendance logs

Teacher lesson plans

Student work samples

Progress monitoring data

Who Has Access: Principal, staff, and instructional leadership team.

3. Instructional Walkthroughs & Observations
What: Monthly classroom walkthroughs focused on:

Project-Based Learning (PBL) integration

Small-group explicit instruction

Tool: Instructional look-for checklist aligned with instructional goals.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Family Tech & Coding Night Hands-on coding sessions using Scratch, Code.org, or robotics kits where families and students code together in a fun, low-stakes environment. Translated materials and tech support available.	How Can I? Partner
09/05/2025	06/26/2026	“Future Ready Pathways” Info Night (Multilingual) We will host an event highlighting pathways including CS electives, AP Computer Science, CTE tech programs, and partnerships with colleges. Provide translations and breakout rooms by language.	How Can I? Parnter

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

per session for before and afterschool

Instructional Resources

Coding and PBL curriculum

Schedule Adjustments

as needed for bi weekly meetings

Other Resources Needed

OTPS for materials, technology

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
More structured opportunities to learn about grade-level	Family-facing academic information is often shared at the beginning of the year but not reinforced or updated regularly.	Develop consistent, transparent, and inclusive communication structures that

expectations Family Survey, June of 2025.		help families understand instruction and feel empowered as school partners.
Families report positive experiences during events. NYC Family Survey, June of 2025.	Feedback from families is collected through surveys or events, but systems to communicate how their input informs decisions are not clearly visible.	Develop consistent, transparent, and inclusive communication structures that help families understand instruction and feel empowered as school partners.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	95%	PS 88 q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of families indicating that they are satisfied with the school helping me understand what grade-level schoolwork looks like will Increase by 4% from 95% to 99% as measured by NYC School Survey Results.
Parents of All Students	98%	PS 88 q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the School works to create a sense of community in the school will Increase by 1% from 98% to 99% as measured by NYC School Survey Results.
Parents of Students in Temporary Housing (STH)	95%	PS 88Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of Students in Temporary Housing (STH) with the following SMART Goal: By June, 2026, the School puts decisions made with families into action will Increase by 4% from 95% to 99% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop and implement ongoing, grade-specific family workshops and academic showcases

Root Cause Addressed:

Families do not consistently understand what grade-level expectations look like beyond the start of the year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host quarterly “What’s My Child Learning?” sessions per grade that include sample work, rubrics, and strategies for supporting learning at home.
Share trimester grade-level academic snapshots
Include student-led conferences or academic exhibitions where students demonstrate their learning progress.
feedback form post conference

Key Strategy 2 (Optional):

Establish clear family feedback loops to show how input informs decisions

Root Cause Addressed:

Families don’t always see how their feedback impacts school decisions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a “You Spoke, We Acted” bulletin or section of the school newsletter that highlights changes made based on family input.
Create a standing Family Advisory Committee that meets monthly with the principal and includes representatives from key groups (e.g., SWD, MLL, temporary housing).
Embed short feedback surveys after every family event and summarize results in the next communication.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor implementation through:
Family attendance logs for workshops and academic events

Survey participation and feedback from post-event forms

Comparison of family response rates and sentiment across NYC School Surveys (2025 vs. 2026)

Minutes from Family Advisory Committee meetings

Communication artifacts (e.g., newsletters, flyers, “You Spoke, We Acted” summaries)

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/26/2026	Interactive workshops to help families understand what grade-level work looks like and how to support learning at home	na
09/02/2025	06/26/2026	"You Spoke, We Acted" section in the weekly newsletter to establish a transparent communication system to elevate family voice and show how feedback leads to real school action	na

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Parent Coordinator, Administrators, Translation Services

Instructional Resources

Grade-level curriculum guides and exemplars, sample student work, survey tools, slideshows and presentation materials for workshops

Schedule Adjustments

Monthly family learning events, Professional Development for teachers

Other Resources Needed

Survey tools visual signage and bulletin boards to highlight ongoing communication, translation services, child care during workshops, food/snacks for events

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Attendance rate is 92%, 26% are chronically absent, Prek YTD average is 87%, Kindergarten YTD average is 91%, 1st grade YTD average is 92%, 2nd Grade, 3rd grade, 4th grade and 5th grade YTD average is 93% Power BI as of 6/19/25	High Rates of Chronic Absenteeism in Early Grades, Inconsistent Messaging & Follow-Up, Barriers Related to Socioeconomic Factors, Health & Wellness Concerns	Strengthen Early Childhood Attendance Routines, Targeted Outreach for Chronically Absent Students, Family Engagement and Support Services, School-Wide Attendance Culture & Incentives
In 2023-24 attendance rate is 90.8%, 32.7% are chronically absent, Kindergarten YTD average is 90.9%, 1st grade YTD average is 90.6%, 2nd Grade 91.6%, 3rd grade 92.8%, 4th grade 91.3% and 5th grade YTD average is 91.9%	High Rates of Chronic Absenteeism in Early Grades, Inconsistent Messaging & Follow-Up, Barriers Related to Socioeconomic Factors, Health & Wellness Concerns	Strengthen Early Childhood Attendance Routines, Targeted Outreach for Chronically Absent Students, Family Engagement and Support Services, School-Wide Attendance Culture & Incentives

In 2022-23 attendance rate is 89.9%, 38% are chronically absent, Kindergarten YTD average is 83.5%, 1st grade YTD average is 89.6%, 2nd Grade 91.7%, 3rd grade 92.3%, 4th grade 91.7% and 5th grade YTD average is 91.9%	High Rates of Chronic Absenteeism in Early Grades, Inconsistent Messaging & Follow-Up, Barriers Related to Socioeconomic Factors, Health & Wellness Concerns	Strengthen Early Childhood Attendance Routines, Targeted Outreach for Chronically Absent Students, Family Engagement and Support Services, School-Wide Attendance Culture & Incentives

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	26%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 6%, from 26% to 20%, as measured by the New Visions Chronic Absenteeism Report.
Students in Temporary Housing (STH)	27%	By June, 2026, the Percentage of Chronically Absent Students for Students in Temporary Housing (STH) will decrease by 5%, from 27% to 22%, as measured by the New Visions Chronic Absenteeism Reports.
Students with Disabilities (SWD)	39%	By June, 2026, the Percentage of Chronically Absent Students for Students with Disabilities (SWD) will decrease by 10%, from 39% to 29%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Launch Tiered Attendance Mentoring Program

Pair chronically absent students with a consistent staff mentor who checks in weekly and partners with families.

Prioritize SWD and STH students.

Root Cause Addressed:

Lack of strong adult connection to the school (especially for SWD and STH students)

Family isolation or limited engagement in the school community

Missed early warning signs of disengagement

Absence of individualized outreach or support plans

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify top 25 chronically absent students by mid-September using New Visions Data
Match each student with a staff mentor (paraprofessional, teacher, dean, counselor)

Set a standard cadence for mentor-family outreach (Parent Coordinator makes phone calls to students who are absent daily)
Monitor attendance improvement monthly and adjust matches or supports as needed
Celebrate student milestones (e.g., 10 days in a row, perfect month, 5-day streak)

Key Strategy 2 (Optional):

Implement a Family Attendance Partnership Program

Root Cause Addressed:

Misunderstanding of attendance policies or importance of PreK/K attendance
Travel challenges for out-of-zone families (especially SWD riding buses)
Reactive rather than proactive communication
Lack of shared plan for how to improve chronic patterns

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host an “Attendance Onboarding” session in September for new and out-of-zone families (translate materials, offer during multiple time slots)
Repeat onboarding mid-year (January) for newly enrolled or at-risk families
By early October, meet with families of students with 5+ absences to co-create the plan
Create a simple Individual Attendance Partnership Plan (includes strengths, barriers, and actions/interventions). Plan: "Success Mentor" protocol will be implemented for all students who are chronic absences that focuses on student strengths and action plan.
Recognize families with improved attendance (e.g., thank-you notes, attendance shoutouts, raffles)

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Biweekly Attendance Team Meetings
- Focus on reviewing attendance data trends, intervention follow-up, and mentor/student progress logs.

Monthly Mentor Check-in Reports
- Mentors complete a short digital log documenting student conversations, family contact, and student status.

Individual Attendance Plan Tracker
- Maintained by the attendance team and reviewed monthly to monitor implementation and progress of family attendance partnership plans.

Quarterly Data Reviews with School Leadership Team
- Examine subgroup trends (e.g., SWD, STH, PreK) and evaluate strategy effectiveness using both qualitative and quantitative data.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/26/2026	Family Brain Power Wellness Nights- Host interactive, movement-based evening events where families learn simple breathing, focus, and mindfulness techniques alongside their children.	Brain Power
09/02/2025	06/26/2026	Family SEL Learning Series- Managing morning routines, Regulating emotions and stress, Reframing school resistance	Brain Power

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, Secretaries, Guidance Counselor/Social Worker, Teachers, School Aides, Parent Coordinator

Instructional Resources

Attendance Mentor Toolkit, Family Attendance Partnership Plan in multiple languages, Visual Tracking Tool for Classrooms for attendance, Translated Family Handouts and Flyers

Schedule Adjustments

Attendance Meeting biweekly, time for family workshops and time for attendance mentor check-in

Other Resources Needed

Incentives and recognition materials, technology tools BrainPower partnership

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
88% of IEPs reviewed reflect alignment across the PLOP, annual goals and Recommended Program and Services. Power BI (June 2025)	IEP meetings treated as compliance-driven, not student-centered	IEP Development and Fidelity of Implementation
63% of IEPs reviewed had quotes and statements by the	Limited focus on building	Transition Planning

student. 50% of IEPs reviewed had statements describing the students vision of success for themselves. Power BI (June of 2025)	student self-advocacy skills	and Compliance
7.3% Referral Rate for ELL students vs 3.8% for non ELL students, Power BI (June of 2025)	Understanding of the Difference Between Language Acquisition, Educational Gaps, and Disability	Referral Process and Equity
80% of OORs reports are IEP students, (OYSD June 2025)	Behavior Intervention Plans (BIPs) are not consistently implemented with fidelity across school settings.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	88	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Strong alignment of IEPs across present level of performance (PLOP), goals, and recommended programs and services by a 12 Increase, from 88 to 100, as measured by IEP Reviews.
Students with Disabilities (SWD)	50%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Student vision statements in the IEP by a 50% Increase, from 50% to 100%, as measured by IEP Reviews, Power BI.
Students with Disabilities (SWD)	80%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Appropriate development and implementation of FBAs and BIPs; by a 25% Decrease, from 80% to 55%, as measured by OYSD OORS Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Strengthen cross-team collaboration & communication

Root Cause Addressed:

IEP fidelity, transition planning, referral decisions, BIP implementation

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue to strengthen regular case conferencing cycles (ex: once per 6-8 weeks) where teams review IEP fidelity, BIP implementation, and student progress collaboratively.
Case Managers tools to ensure all staff working with each student have accessible, clear information about how to implement plans.
Build shared ownership of MTSS and referral processes — ensure ENL and general education teachers are fully engaged in problem-solving discussions before any referral.
Strengthen transition planning as a team process, not a special education-only task (include counselors, ENL, gen ed teachers where appropriate).

Key Strategy 2 (Optional):

Provide Targeted, Ongoing Professional Learning Around Equity & Special Education Practices

Root Cause Addressed:

IEP fidelity, transition planning, referral decisions, BIP implementation

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide targeted PD on culturally and linguistically responsive special education practices, including how to avoid disproportionate referrals of ENL students.
Offer deep dives on behavior and equity — including trauma-informed practice, BIP implementation, restorative responses, and implicit bias in discipline.
Build ongoing coaching cycles (not one-shot PD) to support teachers in high-fidelity implementation of IEPs and BIPs.
Provide specific training for ENL teachers and related service providers on how to effectively collaborate within the MTSS and referral process.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

100% of BIP documents distributed and used by staff.
Case conferencing participation rates and minutes.
Quality IEP Check and BIP Fidelity Check completion rates.
Observational walk-through data focused on accommodations/modifications being implemented.
Stakeholder feedback (staff, family surveys) on clarity of student support plans and transitions.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family Workshop: Navigating Your Child's IEP with Confidence	N/A
09/04/2025	06/26/2026	Family Workshop: Helping Your Child with Planning, Organization, and Self-Regulation	N/A

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Strengthen Team consisting of Administrator, MTSS Providers, ENL Teacher, Related Service Provider, Social Worker and Parent Coordinator

Instructional Resources

Professional Development, Progress Monitoring with Fidelity, Student Supports and Family Resources

Schedule Adjustments

adding the 6th prep back into the schedule to allow for collaboration, ENL and SWD integration, continuation of SOAR (school-wide MTSS period), Professional Development Time and Family Engagement Time

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	mCLASS Data/ Teacher Data/IEP goals	Phonics for Reading	Small Group	during school	No
Tier 2	MClass San Diego Quick Data/Teacher data/IEP goals	REWARDS	Small Group	during school	No
Tier 2	mCLASS SPIRE Placement Test Data/ Teacher Data/ IEP goals	SPIRE	Small Group	during school	No
Tier 3	mCLASS Data/Teacher Data/IEP goals	Sound Sensible	Small Group	during school	No
Tier 3	mCLASS Teacher Data/IEP goals	Phonics for Reaching	Small Group	during school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	OORS/Crisis Log	SMILE Mentoring	Group	During School	No
Tier 3	OORS/Crisis Log	SMILE Mentoring	One-to-one	During School	No
Tier 2	OORS/Crisis Log/Staff & Parent Survey	Beautiful Me Program	Group	During School	No
Tier 2	OORS/Crisis Log	Conflict Re-solution Circles	Group	During School	No
Tier 3	OORS/Crisis Log	Conflict Re-solution Circles	One-to-one	During School	No
Tier 2	OORS/Crisis Log	Guidance/Admin Facili-tated SEL Lessons (Stand-ford & Harmony)	Group	During School	No
Tier 2	OORS/Crisis Log	Book Club	Group	Before/after school	No
Tier 2	OORS/Crisis Log	Guidance At-Risk Counseling	Group	During School	No
Tier 3	OORS/Crisis Log	Guidance At-Risk Counseling	One-to-one	School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 88Q, we are committed to transparency and collaboration with families around our Multi-Tiered System of Supports (MTSS). MTSS is a framework that ensures all students receive the academic, behavioral, and social-emotional support they need to succeed. We make it a priority to share the essential components of MTSS with families throughout the year through multiple communication and engagement channels.

Ways We Share MTSS with Families
Monthly PTA Meetings

MTSS is a standing topic during Parent Teacher Association (PTA) meetings, where administrators or support staff review our intervention model, explain how students are identified for additional supports, and highlight family involvement.

Coffee with the Principal

These informal gatherings provide opportunities for the principal to explain school initiatives, including MTSS, in a parent-friendly format. Families are encouraged to ask questions and learn how academic, behavioral, and attendance concerns are addressed.

Parent Workshops and Webinars

Throughout the year, PS 88Q hosts family workshops on MTSS-related topics, such as:

Understanding tiered supports in reading and math

Social-emotional learning (SEL) and behavior supports

How families can support learning at home

Workshops are available both in-person and virtually, with interpretation available in multiple languages.

NYCPS Resources and Documents

We distribute and review NYCPS MTSS family guides and translated resources during family events and via our school website and newsletters.

Resources explain MTSS in plain language, outlining how students move between tiers of support and how progress is monitored.

School Leadership Team (SLT) Meetings

Parents serving on the SLT are involved in reviewing and shaping our MTSS strategies. They help ensure our practices align with CEP goals and reflect family perspectives.

MTSS data and trends (attendance, academics, behavior) are shared to inform schoolwide decisions.

Parent-Teacher and Intervention Meetings

When a student is receiving Tier II or Tier III supports, families are informed directly through meetings, where we explain:

The specific supports being provided

The data being used to monitor progress

How parents can reinforce strategies at home

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

How Families Receive Progress Updates
Intervention Progress Reports

Families of students receiving interventions will receive regular progress reports specific to the supports their child is receiving.

These reports are developed collaboratively by both the classroom teacher and the interventionist, and reflect:

The goals of the intervention

The child's response to instruction

Any changes or adjustments made to the support plan

Data-Driven Updates through Progress Monitoring reports and family contact

Families will receive student performance data from i-Ready diagnostic reports, which show progress on personalized learning paths in reading and math.

For foundational literacy interventions, updates will be based on bi-weekly progress monitoring using mCLASS, particularly for early readers and students receiving phonics-based supports.

Opportunities to Observe and Engage

Parents are encouraged to visit the intervention program during scheduled times to observe their child's learning firsthand.

Additionally, families can schedule one-on-one meetings with teachers during the 55-minute weekly parent engagement block, available to all staff.

These meetings provide a personalized opportunity to review data, ask questions, and discuss next steps collaboratively.

By providing regular reports, access to data, classroom visibility, and flexible meeting opportunities, PS 88Q ensures

that families of students receiving Tier 2 and Tier 3 supports remain informed, involved, and empowered partners in their child's academic and social-emotional development.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

How Families Are Involved in Tier 3 Decision-Making
Initial Notification and Collaboration

Families are notified when a student is being considered for Tier 3 intervention and are invited to a planning meeting.

During this meeting, the classroom teacher, interventionist, support staff, and administrators explain the reason for the Tier 3 referral, present data, and discuss concerns and goals.

Review of Data and Progress Monitoring

Families are provided with clear, accessible explanations of:

Diagnostic results (e.g., ORF)

Performance trends over time

Behavioral or attendance data, if applicable

Families receive ongoing updates and are invited to review this data at regular intervals to assess whether interventions are effective or need adjustment.

Participation in Pupil Personnel Team (PPT) Meetings

Families are included in meetings, where student needs, intervention effectiveness, and potential next steps (such as referral for additional services or evaluation) are discussed collaboratively.

Family observations, insights, and home strategies are welcomed as part of the decision-making process.

Opportunities for Ongoing Communication

Families are encouraged to schedule check-ins during the weekly 55-minute parent engagement block.

Families are also welcome to observe intervention sessions and participate in follow-up planning meetings to refine supports.

All communication is provided in the family's preferred language, with interpreters available for all meetings.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

63 students from 3K- 5th grade are Temporary Housing

Doubled Up: 61

Living in a shelter or transitional shelter: 2

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Based on the number of students in Temporary Housing- 27 of the 63 students have more than 10 absences this year.

5th grade- 12 students. 4 on Kindergarten reading level, 3 on 1st grade reading level, 1 on 2nd grade reading level, 2 on 3rd grade reading level, 1 on 4th grade reading level, 1 on 6th grade reading level.
4th grade- 10 students 6 on Kindergarten reading level, 2 on 1st grade reading level, 1 on 2nd grade reading level
3rd grade- 5 students, 3 on Kindergarten reading level, 1 on 1st grade reading level and 1 on 3rd grade reading level
2nd grade- 10 students, 8 on Kindergarten reading level, 2 on 2nd grade reading level

1st grade- 11 students, 9 on Kindergarten reading level, and 2 on 1st grade reading level
Kindergarten- 5 students, 3 emerging Kindergarten reading level, 1 on early Kindergarten reading level and 1 on mid Kindergarten reading level

The 10 remaining students are in 3K and Pre-K.

For our Students in Temporary Housing- 30 students are reading on a Kindergarten level according to EOY iReady.

1. High Chronic Absenteeism
- 27 out of 63 STH students (43%) have more than 10 absences this year.

- Chronic absenteeism is closely correlated with low academic achievement and skill gaps.

2. Significant Early Literacy Gaps

- Nearly 50% (30 of 63) STH students are reading at a Kindergarten level, regardless of their actual grade.

- In upper grades (Grades 3–5), many students are reading 3–5 years below grade level:
    - 4 of 12 fifth graders are at Kindergarten level
    - 6 of 10 fourth graders are at Kindergarten level
    - 3 of 5 third graders are at Kindergarten level

3. Early Grade Concentration
- A large portion of STH students are concentrated in early grades (K–2).
- In these grades, the majority of students are either emerging or just beginning to access foundational literacy skills.

4. Developmental Gaps Persist Over Time
- Students who enter early grades behind (K–2) are not catching up over time, indicating the need for strong Tier 2 and Tier 3 interventions and program continuity year to year.

5. This population will also be targeted for after-school academic programs such as Building Background Knowledge and Math Games in additional to SOAR time.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

At PS 88Q, our students in temporary housing received a staff member who acts as a Single Shepherd. Each family will be connected with a staff member, outside of the classroom teacher, to support them in all aspects from school to home life. Additionally, during the school day, students will receive counseling services related to STH status to ensure this does not impede on learning. Any afterschool activities that are provided by the school (Saturday program, before/after instructional, before/after arts), our STH students will receive priority in attaining a seat. Students in Temporary housing will also be provided bussing if needed, clothing and other supports to ensure they are at school daily. These supports include, but are not limited to, any clothing need, student fees that are necessary for the classroom, school supplies (backpacks, notebooks, pens, pencils, folders and paper), extra curricular activity fees.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

1 student
Any students in Foster Care will receive a staff member who acts as a Single Shepherd. Each family will be connected with a staff member, outside of the classroom teacher, to support them in all aspects from school to home life. Additionally, during the school day, students will receive counseling services related to STH status to ensure this does not impede on learning. Any afterschool activities that are provided by the school (Saturday program, before/after instructional, before/after arts), our Foster Care students will receive priority in attaining a seat. These supports include, but are not limited to, any clothing need, student fees that are necessary for the classroom, school supplies (backpacks, notebooks, pens, pencils, folders and paper), extra curricular activity fees.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

1. Immediate Response and Stabilization
Point Person Assigned: Upon notification of a student entering or transitioning within the foster care system, a designated school staff member (e.g., counselor, social worker, or AP) is immediately assigned to serve as the primary point of contact for coordination and support.

Welcome Protocol: Students are greeted with a consistent onboarding process that includes a meet-and-greet with key adults, a tour of the building, and a clear explanation of school routines.

Communication with Agency and Caregivers: We establish prompt contact with foster parents and/or caseworkers to align on student needs, schedules, and services.

2. Academic and Social-Emotional Interventions
Baseline Academic Check: Within the first 10 days, teachers assess the student's academic levels using classroom data and/or diagnostic tools (e.g., iReady, mCLASS).

Priority for Intervention Services: Students in foster care are flagged for early academic support (literacy/math intervention) and placed into small groups or targeted Tier 2/3 services if needed.

Mental Health and Counseling Access: Our school social worker proactively offers counseling support or trauma-informed check-ins. Students are prioritized for school-based mental health partnerships if available.

3. Attendance and Engagement Monitoring
Proactive Attendance Outreach: Students in foster care are added to our early-warning attendance monitoring system, and the STH/attendance team provides outreach and support if any patterns emerge.

Safe Space and Trusted Adults: Each student is paired with a "go-to adult" in the building—a staff member who checks in regularly and provides emotional support and connection.

4. Ongoing Communication and Coordination
Case Conference Participation: School staff participate in child welfare case conferences or IEP/504 meetings to ensure alignment between educational and placement goals.

Cross-System Collaboration: We work closely with the DOE's Students in Temporary Housing and Students in Foster Care team to ensure compliance with McKinney-Vento protections and access to transportation, tutoring, and other services.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Staff Training and Awareness
Professional Development: Staff receive training on trauma-informed practices and are briefed on the unique needs of children in care, including strategies to build trust and consistency in the classroom.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

1. SEL supports help foster care students:
Build trusting relationships with adults, improving engagement and reducing school avoidance.

Regulate emotions and behavior, which supports a more productive and focused learning environment.

Increase self-efficacy and confidence, especially important in transitional grades where students often feel uncertain or left behind.

Create a sense of belonging and routine, which is critical for students facing instability outside of school.

2. Classroom environments include:

Calm-down corners or regulation stations

Visual schedules and transition warnings

Positive behavior reinforcement systems (e.g., individual token boards, class points with social rewards)

3. Scheduled Weekly Check-Ins
Students are paired with a consistent staff member (e.g., counselor, dean, social worker, or paraprofessional) for weekly SEL check-ins focused on emotional expression, coping strategies, and relationship building.

In transitional grades, this check-in provides a predictable structure that reduces anxiety around changes (e.g., moving schools, leaving a class, preparing for middle school).

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community.PS 88Q in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 88Q will support parents and family members of Title I students by:

Providing Materials and Training for Academic Support

Hosting family workshops focused on literacy, math, and use of educational technology platforms like i-Ready, Google Classroom, and Amplify.

Offering sessions that model reading strategies, math problem-solving, and digital literacy for home support.

Empowering Parent Leadership and Decision-Making

Supporting parent participation in the Title I Parent Advisory Council (PAC) and providing structured opportunities for collaboration with the School Leadership Team (SLT).

Encouraging parent voice in the development and review of school policies and the Comprehensive Education Plan (CEP).

Building a Strong Home-School Connection

Establishing regular two-way communication through translated newsletters, phone calls, digital apps (Remind), and bilingual workshops.

Hosting monthly “Family Circles” with the Parent Coordinator and ENL team to address questions, concerns, and family needs.

Creating classroom events (e.g., Family Read-Alouds, Math Nights, and STEM in the Classroom) to strengthen school-based experiences shared by families and children.

Helping Parents Understand Educational Standards and Assessments

Offering information sessions on New York State Standards, grade-level expectations, and assessments such as:

NYS ELA, Math, Science

NYSESLAT and NYSITELL for MLs/ELLs

i-Ready diagnostics and progress monitoring

Providing interpreted presentations and translated resources to ensure all families can access and understand this information.

Ensuring Accessibility of Information

Sharing all school and parent-related information in multiple languages and accessible formats.

Posting important updates, event flyers, and school policies on the school website and via digital communication platforms.

Training for School Staff in Family Engagement

Including parents in the design of professional learning for staff around:

Culturally responsive communication

Engaging economically disadvantaged families

Inclusive practices to better understand the needs and strengths of diverse communities

Additional Engagement Opportunities at PS 88Q
Parent Academy:
A central initiative where families engage in weekly evening English classes, yoga/wellness sessions, and workshops on supporting student learning at home.

Early Childhood Transition Support:
For families of 3K, Pre-K, and Kindergarten students, we provide targeted support including:

IEP navigation workshops

“Turning 5” informational sessions

Classroom visits and family-led learning activities

Student-Led Conferences & Roundtables:
Students take an active role in sharing their progress with families, supported by staff who guide both academic and social-emotional goal setting.

School-Parent Compact (SPC)
The School-Parent Compact outlines how parents, school staff, and students will share responsibility for improved academic achievement. At PS 88Q, this compact includes commitments to:

Hold high expectations for every student and support each child's learning

Communicate regularly about student progress in a family’s preferred language

Create a welcoming, inclusive school climate that encourages parent involvement

Engage students and parents in goal setting and collaborative planning

The compact is reviewed annually during PAC and Title I meetings and is distributed to all families at the start of each school year.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents

and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;

- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 88Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

High-Quality and Ongoing Professional Learning – PS 88Q
Priority Areas of Focus:
Strengthening Tier I Core Instruction
Supporting the Whole Child (academic, social-emotional, and family connection)
Addressing equity gaps, including between economically disadvantaged students and their peers
Building teacher and paraprofessional capacity through evidence-based practices

2025–2026 Professional Learning Strategies & Activities
Root Cause Analysis of Student Performance Gaps

The Instructional Leadership Team (ILT) will begin the year by conducting a deep root cause analysis of academic performance disparities, especially among economically disadvantaged students.

Using diagnostic assessments, attendance patterns, NYS test results, and student/family surveys, we will identify barriers such as:
Access to background knowledge
Chronic absenteeism
Language development gaps
Unaddressed learning interruptions
This analysis will guide adjustments to curriculum, interventions, and family engagement efforts.

Triangulating Data to Inform Tier I Instruction
Over the Summer and Fall, ILT will review student data (diagnostics, surveys, NYS test data) to develop SMART goals by grade and subgroup.
A particular focus will be placed on students who are not meeting growth targets, especially those impacted by poverty and systemic disadvantage.

Implementing the Science of Reading Across Grades
Tier I instruction will emphasize structured literacy using:
Heggerty, Fundations, SPIRE, Sound Sensible, and Sound Walls

Beginning in 3K through Grade 5, with fidelity checks and modeling by leads.
Curriculum Integration to Build Background Knowledge
Informed by The Knowledge Gap, we will align ELA, social studies (Passport), and science (Amplify) to help students—especially those with limited academic exposure—develop vocabulary, content knowledge, and reading comprehension.

Specialized Training for Intervention and Equity
All SWD teachers and paraprofessionals will receive training in:
SPIRE, Sound Sensible, Phonics for Reading, Fundations Double Dose

Instruction will be adapted to address learning gaps often more prevalent among economically disadvantaged

students.

Whole-School Data Transparency

All staff, including cluster teachers, interventionists, ENL teachers, and administration, will have access to and discuss student performance trends by subgroup.

PPTs will develop MTSS strategies to respond to the needs of students disproportionately affected by poverty.

Collaborative Planning & Problem-Solving

Grade teams will meet weekly to:

Examine student work

Analyze subgroup data

Address equity-driven problems of practice

Adjustments to pacing and scaffolding will prioritize student groups with lower proficiency levels, often tied to socioeconomic disparities.

District & School-Based Turnkey Support

District support in Math, ELA, CR-SE, MTSS, MLL, and Special Education will inform PL.

School-based leads will turnkey learning and model strategies that specifically support economically disadvantaged students.

Leadership Development

School leaders will engage in:

MTSS coaching

Attendance-focused equity PD

Instructional leadership practices rooted in data and classroom equity audits

EdCamps and Staff-Led Collaboration

Teachers will lead EdCamp-style sessions to explore challenges tied to student equity, such as:

Engagement of under-resourced students

Bridging knowledge gaps

Effective use of scaffolds

Early Childhood Capacity Building

3K and Pre-K teams, including paraprofessionals, will be trained in Sound Wall strategies to promote early language

development, especially critical for children with limited language exposure at home.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 88Q, we are committed to ensuring that children in our early childhood programs (3K and Pre-K) experience a smooth, supportive, and developmentally appropriate transition into the elementary school setting. Our plan is designed to build continuity, communication, and confidence among students, families, and staff as children prepare to enter kindergarten.

Key Elements of Our Transition Plan
1. Family Support and Engagement
PS 88Q implements a comprehensive transition plan to ensure a smooth and supportive shift from early childhood programs into our elementary school program. Our approach is grounded in early collaboration, alignment of curriculum, and strong family partnerships:

Aligned Curriculum and Instructional Approaches: Our Pre-K and Kindergarten teams collaborate to ensure continuity and alignment in curriculum, instruction, and expectations. Teachers participate in joint planning sessions and use developmentally appropriate practices that bridge the early childhood and early elementary standards, with an emphasis on play-based learning, foundational literacy, and numeracy.

Joint Professional Development: Pre-K and Kindergarten teachers engage in shared professional learning opportunities throughout the year. Topics focus on early childhood development, social-emotional learning (SEL), language acquisition, and best practices for supporting diverse learners including multilingual learners and students with IEPs.

Family Engagement: We hold dedicated transition events for families, including Open House tours, Kindergarten Orientation sessions, and “Step-Up” visits for Pre-K students to spend time in Kindergarten classrooms. Families receive transition toolkits with strategies to support readiness at home. Communication is prioritized through multilingual newsletters, family conferences, and information sessions to ensure all caregivers are informed and supported.

Data and Records Sharing: Pre-K staff complete individual student summaries and developmental checklists that are shared with Kindergarten teachers to inform placement, grouping, and instruction. Student records, including IEPs, language proficiency levels, and intervention plans, are shared through secure systems to ensure continuity of services.

Early Intervention Coordination: We maintain close collaboration with CPSE (Committee on Preschool Special Education) to ensure that students receiving early intervention services have a coordinated transition plan into school-age services. This includes joint IEP meetings, parent support from our school-based support team (SBST), and early outreach to families of students with special needs.

Kindergarten Readiness Supports: During the summer and first weeks of school, Kindergarten teachers implement soft-start routines, staggered schedules when possible, and readiness activities to acclimate new students. We also leverage paraprofessionals and support staff to assist students in navigating routines and expectations.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	333722	x	AIS support afterschool/before school opportunities
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	60393	x	at risk supports, PL for all staff, afterschoool
Title III, Part A	Federal	13820	x	Supporting our MLL Saturday program, small group instruction for our ELLS, Project based learning
Title III, Immigrant	Federal		x	

Title IV, Part A	Federal		x	
Tax Levy (Fair Student Funding)	Local	5494490	x	staff, after school opportunities for all learners, supplies, technology

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Linda O'Shaughnessy
Assistant Principal (Where Applicable)*	Kathryn Herman
English as a New Language (ENL) Teacher*	Dana Mendoza
Teacher (if school has a bilingual program must be a bilingual teacher)*	Kaylene Vasquez
Parent/Guardian*	Vivian Mooney
Teacher	Anila Kuqi
Parent Coordinator	Ivett Perez-Lopez
School Counselor	Carlos Canales
Related-Service Provider	Katarina Giannikos
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

5

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

4

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

6

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

-

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

610

Total number and percentage (%) of current ELLs:

113 students. (17%)

Total number and percentage (%) of former ELLs:

15 students. 2.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

100 students. 84.7%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

13 students. 15.3%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

na

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

22 students 19.4%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language	Spanish	2025	20													20
DLBE	Dual Language		2026	0	20												20
DLBE																	0
				total: 20	total: 20	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

We implement a robust set of English Language Learner programs aligned with Commissioner's Regulations (CR) Part 154, ensuring that all Multilingual Learners (MLLs) receive equitable access to instruction that meets their linguistic and academic needs.

Stand-Alone ENL Instruction
Our stand-alone English as a New Language (ENL) instruction is delivered in accordance with CR Part 154, which mandates that ELLs receive a designated number of minutes of English language development based on their proficiency levels. At PS 88Q, stand-alone ENL is provided by certified ENL teachers in a setting separate from the general education classroom. Instruction is centered around units of study that integrate content and language learning, and also incorporates Project-Based Learning (PBL) to provide authentic opportunities for students to build both academic vocabulary and background knowledge. This approach enables students to access grade-level content while developing their English language skills in meaningful and engaging ways. We were part of the pilot program, PBL with ELL's in Mind through the Office of Multilingual Learners since 2023.

Currently, we have 19 students who are entering, 32 students who are emerging, 37 students who are transitioning, 25 students who are expanding. Students will receive all required instructional minutes from a licensed ENL teacher weekly. Students will be serviced by grade and level.

Integrated ENL:

Integrated ENL at PS 88Q functions in an ICT (Integrated Co-Teaching) model, as defined under CR Part 154, where the ENL provider and the classroom teacher co-plan and co-deliver Tier I instruction. Instruction is scaffolded and differentiated to meet the diverse language acquisition needs of our MLLs. Through this model, students receive content instruction alongside their English-speaking peers with appropriate language supports and accommodations embedded in all subject areas. These include visuals, sentence stems, word banks, home language supports, and guided interactions.
Students receiving ENL services are grouped heterogeneously, meaning that students of varying proficiency levels and sometimes mixed grade levels are placed together. Despite this, each student receives explicit, targeted instruction aligned to their individual proficiency level, ensuring that their unique language development needs are met through small group instruction, conferencing, and individualized supports.

Currently, we have 19 students who are entering, 32 students who are emerging, 37 students who are transitioning, 25 students who are expanding. Students will receive all required instructional minutes from a licensed ENL teacher weekly through integration. Students will be serviced by grade and level in their ELA block, with a co-teaching model Teachers will plan for this to support the ELL students in the classroom with grade level text..

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Not applicable

Dual Language Bilingual Education (DLBE):

PS 88Q also offers a Dual Language program that adheres to the guidelines of CR Part 154 by promoting bilingualism, biliteracy, and cross-cultural understanding. Our Dual Language classes are composed of approximately 50% monolingual English-speaking students and 50% students who identify as having another language spoken at home, primarily Spanish. Instruction is delivered by a certified bilingual teacher who teaches in a two-day model: one day entirely in English and the next entirely in Spanish, alternating daily. All core content areas —ELA, Math, Science, and Social Studies—are taught in both languages. This immersive model ensures that all students are developing strong academic skills while becoming bilingual and biliterate.
This year, we will have a Kindergarten Dual Language as well as Grade 1 Dual Language

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

We are deeply committed to ensuring that all English Language Learners (ELLs) receive their mandated instructional minutes in full alignment with CR Part 154. We use a multi-step, data-informed process to determine service delivery, guided by both regulatory requirements and a deep understanding of each student's language development needs.

Each September, our ENL team conducts a comprehensive review of NYSESLAT results to determine proficiency levels for all ELLs. This analysis not only identifies the required units of study based on each student's proficiency level—entering, emerging, transitioning, expanding, and commanding—but also uncovers trends in strengths and areas for growth across listening, speaking, reading, and writing. These insights are further informed by additional assessment data, including the NYSITELL, i-Ready diagnostics, NYS ELA and Math Exams, Acadience (K–2), MAP assessments, and MClass screening, which help identify specific literacy skills and support individualized grouping and instructional planning.

As per CR Part 154 (Chart 5.1):

Entering, Emerging, and Transitioning students receive two units of study per week (360 minutes) through a combination of Integrated and Stand-Alone ENL instruction.

Expanding students receive one unit of study (180 minutes) of Integrated ENL instruction per week.

Commanding (former ELLs) students receive 0.5 units (90 minutes) of Integrated ENL instruction to support continued language development.

All instructional minutes are programmed into STARS, ensuring compliance and visibility across systems. ENL providers share their schedules with administration, and they are regularly monitored to ensure fidelity to the service mandates. The administrative team provides each ENL teacher with a detailed schedule, clearly outlining which students must be served, their service models (Stand-Alone or Integrated), and required minutes. Students are grouped based on proficiency levels and instructional needs, and then strategically assigned to ENL providers to ensure they receive services that are both differentiated and developmentally appropriate.

For ICT and Special Education ELLs, service delivery is similarly aligned with their language proficiency levels, with instruction coordinated closely between ENL, special education, and general education staff. Ongoing collaboration between classroom teachers and ENL providers ensures that Tier I instruction is scaffolded appropriately using ENL strategies, and student progress is continuously monitored to inform adjustments in support.

Through this structured, data-driven approach, PS 88Q ensures that all ELLs are not only meeting their mandated service requirements, but are also receiving meaningful, targeted instruction that accelerates their academic and language development.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At PS 88Q, English as a New Language (ENL) instructional minutes are strategically delivered through both Integrated and Stand-Alone models to ensure English Language Learners (ELLs) develop linguistic proficiency while accessing grade-level content. In alignment with CR Part 154, we ensure that all mandated minutes are met and that instruction is purposeful, scaffolded, and aligned to students' proficiency levels.

Integrated ENL instruction is delivered primarily during the English Language Arts (ELA) block, ensuring that language development occurs in tandem with content learning. ENL teachers work closely with classroom teachers to co-plan and co-deliver instruction that allows ELLs to access the curriculum meaningfully. This includes the use of supports and scaffolds such as visual aids, sentence stems, small group instruction, and guided reading strategies, all of which enable students to build on their prior knowledge and actively participate in academic discourse. This integrated support helps ELLs not only meet language goals but also fully engage with grade-level ELA standards. We currently implement the HMH curriculum which has many ENL resources, as well as Arriba La Lectura, the spanish curriculum.

Stand-Alone ENL instruction is provided in a dedicated setting, separate from general education classes. During these sessions, students engage in Units of Study as well as in structured Project-Based Learning (PBL) tasks. As part of our commitment to meaningful language acquisition, our stand-alone instruction incorporates PBL practices where students engage in collaborative inquiry, problem-solving, and the design process. These activities allow students to explore academic topics deeply while developing their speaking, listening, reading, and writing skills in English. The project-based format provides a platform for authentic language use and strengthens both vocabulary development and content understanding.

For students participating in our Dual Language Bilingual Education (DLBE) program is delivered alongside ELA through an alternating day model. Instruction is provided by a certified bilingual teacher who teaches one day in English and the next in Spanish. All content areas, including literacy, are taught in both languages to promote biliteracy, bilingualism, and academic success in both languages. This model supports equitable access to content and reinforces literacy development in both English and the students' home language.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS 88Q, we implement the 50/50 Dual Language Bilingual Education (DLBE) model, which provides students with equal instructional time in both English and Spanish. Under this model, students spend approximately 50% of the instructional day learning in English and 50% in Spanish across all core content areas, including English Language Arts, Math, Science, and Social Studies.

The classroom composition is intentionally balanced, with 50% of the students identifying Spanish as their home language (ELLs) and 50% identifying English as their primary language. This structure promotes full integration of English proficient students and ELLs throughout the entire school day, fostering bilingualism, biliteracy, and cross-cultural understanding. Instruction is delivered by a certified bilingual teacher, and the languages alternate daily to ensure consistent and equitable exposure to both English and Spanish.

b. In which language(s) is each core content area taught?

English and Spanish

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

100 of our students are considered newcomers
Instruction for Newcomers is focused on:

Foundational language acquisition, especially in speaking, listening, and everyday vocabulary.

Sheltered instruction strategies, such as visuals, modeling, and sentence frames.

Emphasis on building background knowledge to connect academic content with students' prior experiences.

Stand-alone ENL sessions that emphasize oral language development and build literacy from the ground up.

Project Based Learning, with hands on activities to encourage discussion, implementation of background knowledge, and opportunities to support L1 as well as build L2

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At this time, none of our current students are considered a SIFE student.

Diagnostic Assessment
We use tools like i-Ready, MAP, Acadience, MClass to assess current skill levels—not just grade-level benchmarks. Begin instruction from their current performance level.

Accelerated Literacy Programs
Implement phonics-based programs (e.g., SPIRE, Phonics for Reading) and high-frequency word instruction to

quickly build foundational literacy.

Modified Curriculum & Pacing
Scaffold content using pictorial support, graphic organizers, word banks, and chunked text to help students access grade-level material.

Project-Based Learning (PBL)
Use hands-on, collaborative projects that build background knowledge and allow language use in meaningful contexts.

Flexible Grouping
Incorporate heterogeneous and homogeneous small groups to target specific skills and promote peer modeling.

Linguistic and Language Development
Integrated and Stand-Alone ENL Services
Provide both models to support English development alongside content. Focus on survival language, academic vocabulary, and language structures.

Home Language Supports
Use bilingual dictionaries, glossaries, and allow writing/reading in the student's native language when possible to bridge understanding.

Visual Aids
Use real objects, photos, videos, and illustrations to provide concrete context for new concepts.

Social-Emotional and Cultural Support
Mentorship or Buddy Systems
Pair SIFE students with peer buddies or multilingual mentors to provide social support and daily guidance.

SEL Integration
Incorporate Social-Emotional Learning (SEL) lessons that focus on self-awareness, cultural identity, and resilience.

Counseling and Mental Health Support
Connect students with school social workers or counselors, especially if they've experienced trauma or displacement.

Family Engagement
Schedule multilingual meetings with families to understand the student's background, build trust, and share available support services. Use translation services and culturally sensitive practices.

Consistency and Routines
Provide a predictable classroom structure with clear visuals and routines. This supports regulation and creates a sense of safety.

Monitoring and Growth
Frequent Progress Monitoring
Use formative assessments and data collection tools to adjust instruction frequently and celebrate small wins.

Interdisciplinary Collaboration
ENL teachers, classroom teachers, counselors, and administrators should meet regularly to review progress and revise support plans.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Although we do not have long term ELL's at this time, if we did, our approach would be slightly different. Our school ensures that instructional services for English Language Learners are differentiated based on student need in alignment with the Blueprint for ELL Success and Chancellor's Regulations. Developing and newcomer ELLs receive explicit foundational language instruction, scaffolded supports, and targeted interventions to build proficiency in reading, writing, listening, and speaking. Long-Term ELLs would be provided with rigorous, content-based instruction that emphasizes academic vocabulary, extended writing, and discourse to prevent plateauing and ensure access to grade-level standards. Instructional grouping, program models, and progress monitoring are designed to comply with NYSED and NYCDOE mandates, with services documented and reviewed to ensure that all multilingual learners are provided equitable access to the curriculum.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At PS 88Q, we currently serve 15 students who are identified as Former English Language Learners (Former ELLs), which represents 2.46% of our total student population. In full alignment with Commissioner's Regulations (CR) Part 154, we ensure that all Former ELLs receive the mandated level of instructional and assessment support during their two-year post-service period following proficiency determination.

Former ELLs receive 0.5 units (90 minutes) of Integrated ENL instruction per week, embedded within the general education setting and delivered by a certified ENL or classroom teacher. This instruction is scaffolded to support continued development of academic language and to reinforce comprehension and participation across all content areas.

In addition to instructional services, Former ELLs are also entitled to receive testing accommodations that are typically available to current ELLs. These may include extended time, separate location, use of bilingual glossaries, and other supports, as outlined in CR Part 154, to ensure equitable access to assessments and minimize language-related barriers.

Progress is closely monitored using multiple data sources such as i-Ready diagnostics, formative assessments, classroom performance, and teacher input. Regular collaboration between ENL teachers and classroom teachers helps identify any signs of academic regression or need for additional support, allowing for timely intervention.

By maintaining both instructional and assessment supports, PS 88Q ensures that Former ELLs are positioned to sustain and build upon their language proficiency, while thriving academically within a culturally and linguistically responsive learning environment.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At PS 88Q, we closely monitor multiple at-risk indicators that may adversely impact the academic and language development of our English Language Learners (ELLs). Through this ongoing analysis, several key trends have emerged:

1. Chronic Absenteeism
One of the most significant at-risk factors among our ELL population is chronic absenteeism. A substantial number of our ELLs are identified as chronically absent, which limits their exposure to both academic content and language-rich classroom interactions. Regular school attendance is particularly crucial for ELLs, as consistent access to spoken and written English directly impacts their language acquisition and academic growth.

2. High Mobility and Lack of Continuity
Another notable trend is the high rate of school mobility among ELLs. Many students in our ELL population transfer in and out of PS 88Q during the school year, often due to housing instability or family relocation. This disrupts instructional continuity, affects the consistency of language services, and interrupts the development of strong school-based relationships that support learning and engagement.

3. Underutilization of Instructional Time
There is also a noticeable impact related to the underutilization or fragmentation of instructional time. Some ELLs miss key content due to scheduling challenges, late arrivals, or time spent transitioning between services. Additionally, students with interrupted formal education (SIFE) may require significant remediation, which can delay their access to grade-level curriculum unless instructional time is purposefully structured and aligned to their needs.

4. At Risk Level Indicators (as identified by STARS report)
Receiving a level 1 or or 2 on NYS ELA.

Summary of At-Risk Trends for ELLs at PS 88Q
Chronic absenteeism limits consistent exposure to academic and language instruction.

Frequent transfers and school mobility reduce stability and disrupt instructional progress.

Gaps in the efficient use of instructional time hinder opportunities for deep engagement with content and language development.

To address these issues, PS 88Q is committed to implementing proactive strategies such as:

Strengthening attendance outreach with multilingual communication.

Establishing transition protocols for mobile ELLs to minimize learning loss.

Maximizing instructional time through co-teaching, integration, and streamlined service delivery models.

By identifying and responding to these risk factors, we strive to ensure that all ELLs have equitable opportunities to succeed academically, socially, and linguistically.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At PS 88Q, we maintain a close watch on risk indicators that may impact the academic progress and language acquisition of our English Language Learners (ELLs). Our current analysis shows that 32 ELL students are identified as at-risk, with attendance being one of the most pressing challenges.

Chronic Absenteeism Among ELLs

32 ELLs identified as at-risk:

21 students are chronically absent

10 students are considered severely chronically absent

Chronic absenteeism significantly affects language acquisition and access to core instruction. These students miss essential opportunities for immersive English language development and fall behind in both content knowledge and academic language skills.

Mobility and Continuity
We also observe that a high rate of school mobility among ELLs contributes to interrupted learning. Many ELL students enroll or transfer mid-year, often due to housing instability or other personal circumstances. This lack of continuity limits consistent ENL service delivery and delays progress toward language proficiency.

Instructional Time and Access
In addition to absenteeism and mobility, some at-risk ELL students experience challenges with maximized use of instructional time. This can include late arrivals, missed ENL sessions, or fragmented scheduling. These gaps in daily instruction compound learning loss, especially for students at the Entering or Emerging levels of language proficiency or those identified as SIFE (Students with Interrupted Formal Education).

Action Steps and Response
To support our 43 at-risk ELLs, PS 88Q is implementing targeted strategies:

Attendance outreach with multilingual communication and family engagement by the Parent Coordinator and Attendance Team.

Early warning systems to flag chronically absent ELLs and coordinate proactive interventions.

Personalized check-ins and support plans for severely chronically absent students, including connections with school social workers and counselors.

Streamlined service delivery and co-teaching models to ensure ELLs receive consistent instruction, even with reduced attendance or scheduling barriers.

Transition supports for mobile students, including intake meetings, placement in appropriate ENL groups, and quick re-entry into instruction.

By addressing these trends with data-informed practices and culturally responsive support, PS 88Q is committed to ensuring that all English Language Learners—especially those identified as at-risk—receive equitable access to high-quality instruction and the necessary resources to thrive.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At PS 88Q, the home language with the largest representation among our English Language Learners (ELLs) is Spanish. The majority of our multilingual learners come from Spanish-speaking households, and we are proud to have a rich linguistic and cultural community that reflects this diversity. In response, we have developed a strong set

of staffing, structures, and communication processes to support both learning and family engagement in ways that value and honor our students' home languages.

Staff and Language Support
We have multiple bilingual staff members who speak Spanish, including classroom teachers, paraprofessionals, ENL providers, the Parent Coordinator, and members of the administrative team.

Our Parent Coordinator plays a central role in communicating with Spanish-speaking families and ensuring they are informed, engaged, and supported.

Our ENL and Dual Language teachers incorporate Spanish language and culture into instruction where appropriate, including through our 50/50 Dual Language program.

Family Communication and Resources
To ensure equitable and effective communication with families who speak Spanish (and other languages), PS 88Q uses a wide range of multilingual tools and practices:

Weekly Newsletter (Smore): Our principal's newsletter is sent out weekly via Smore and is automatically translatable into over 50 languages, including Spanish.

School Website (Edlio): Our school website can be viewed in over 200 languages, making it easy for families to access school updates, event information, and resources.

Paper Communications: All important paper documents sent home are provided in English, Spanish, and Arabic. These documents also include QR codes that allow families to translate content into additional languages using translation apps.

Messaging Platforms (ClassDojo & NYCPS Messenger): These platforms support real-time communication in families' preferred languages, ensuring two-way communication between teachers and families is accessible and consistent.

Translation and Interpretation Services: When additional language support is needed beyond Spanish and Arabic, we use the NYCPS Translation and Interpretation Unit, including Language Line for real-time phone translation and interpretation services at family meetings.

Parent Engagement Events: At events like Coffee with the Principal, Parent Workshops, and PTA meetings, Spanish interpretation is provided, and materials are made available in multiple languages.

Community Partnerships and Cultural Responsiveness
PS 88Q has built a strong, active parent community that includes many Spanish-speaking families. These parents often serve as volunteers, event leaders, and informal cultural ambassadors during school events.

Our Social Justice Committee organizes schoolwide initiatives that celebrate the diverse cultures and languages within our community, such as Breaking Bread, Building Bonds and International Families Night.

Through these intentional practices and resources, PS 88Q ensures that Spanish-speaking families—and all multilingual families—are welcomed, supported, and valued as essential partners in their children's education.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At PS 88Q, our English Language Learner (ELL) population reflects the racial, cultural, and linguistic diversity of our larger school community. Among our ELLs, the predominant racial and ethnic classifications are as follows:

Hispanic/Latino: Approximately 75%

Asian: Approximately 15%

White (Eastern European, Middle Eastern, or other non-Hispanic backgrounds): Approximately 8%

Black: Approximately 2%

This diverse ELL population includes students from Spanish-speaking countries such as the Dominican Republic, Mexico, and Ecuador, as well as students who speak Bengali, Arabic, and Mandarin at home. This multilingual and multicultural richness informs how we approach instruction and school culture. (data extracted from ATS)

Inclusion of ELLs in CR-SE Planning and Instruction
At PS 88Q, we are committed to embedding Culturally Responsive and Sustaining Education (CR-SE) throughout our instructional programming, schoolwide events, and community partnerships. Our approach ensures that ELLs are not only supported academically and linguistically, but also seen, heard, and valued in every aspect of school life.

Curriculum and Instruction
Teachers incorporate multilingual texts, culturally diverse authors, and global perspectives into ELA, Social Studies, and enrichment classes.

Lessons include student identity work, where ELLs can explore and share their cultural backgrounds, family traditions, and experiences through writing, speaking, and art.

ENL teachers collaborate with classroom teachers to ensure that instruction is linguistically accessible and culturally affirming, using students' backgrounds as assets in the classroom.

Student Voice and Representation
ELLs are encouraged to participate in schoolwide initiatives such as theater performances, Student Council, and project-based learning showcases, where their perspectives and stories are shared.

Our Social Justice Committee creates platforms for students to engage in issues of equity, culture, and inclusion—ELLs are specifically invited to contribute ideas and experiences.

Students' languages and countries of origin are highlighted through classroom activities, bulletin boards, and school celebrations such as International Families Night and Hispanic Heritage Month.

Professional Learning and Staff Development
Teachers receive ongoing professional learning on CR-SE, including strategies for honoring linguistic diversity and interrupting deficit-based thinking about ELLs.

The ENL team as well as our Social Justice Committee play a central role in guiding conversations around identity, equity, and language inclusion.

Family and Community Engagement
Families of ELLs are included in School Leadership Team (SLT) meetings and family forums, where their voices inform school policies and practices.

School communication and events are multilingual and inclusive, with translation available and efforts made to honor cultural norms around school involvement.

By integrating ELLs into all facets of CR-SE planning and instruction, PS 88Q ensures that every student feels a sense of belonging, relevance, and empowerment in their school experience—regardless of their language or cultural background.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Trends in English Language Proficiency (ELP) Growth at PS 88Q
Upon reviewing the most recent English Language Proficiency (ELP) growth data from the NYSESLAT assessment:

Total Number of English Language Learners (ELLs): 149 (NYSESLAT DATA 2024)
Students Who Met ELP Sufficient Progress: 101 (as per STARS data report)

Students Who Did Not Meet ELP Sufficient Progress: 48

Notable Trends:
Growth Across Proficiency Levels: Many of our Entering and Emerging level students showed strong growth, often increasing one or more proficiency levels, particularly in Listening and Speaking domains. This reflects the impact of targeted supports such as small-group instruction and language-rich environments.

Plateau at Transitioning and Expanding Levels: Some students at the Transitioning and Expanding levels demonstrated slower growth. These students often require more intensive academic language support to succeed across content areas. This indicates a need for increased collaboration between ENL and content-area teachers.

Correlation with Attendance: A clear trend was observed linking chronic absenteeism with lower gains in ELP. Students with strong attendance were far more likely to meet their language development targets.

Additionally, our students identified as ENL and SWD have an additional challenge.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

This year, 115 English Language Learners (ELLs) at PS 88Q participated in the New York State English as a Second Language Achievement Test (NYSESLAT). A review of the results reveals both areas of success and opportunities for targeted support.

Overall Proficiency Breakdown:
7 students reached Commanding (Proficient and exited ELL services)

30 students are at the Emerging level

4 students remain at Entering

30 students are at the Expanding level

43 students are currently Transitioning

ELP Growth and Progress:
Of the 115 students who had prior year data, 84 students demonstrated progress, showing improvement in their overall English proficiency level.

While this represents growth, many other students were within a few points of advancing, suggesting a positive trend that could be accelerated with additional supports.

Trends by Modality:
Listening:
Students generally performed well in listening. This modality showed consistent growth, suggesting that oral language comprehension continues to be a strength, especially with repeated exposure through interactive classroom environments and peer modeling.

Speaking:
Speaking scores were also a relative strength. Many students benefit from turn-and-talk protocols, morning meetings, and structured academic conversations in class. However, students newer to the country or more reserved learners may still require scaffolds to increase confidence and participation.

Reading:
Reading performance varied by level. Students at Transitioning and Expanding levels showed gains, especially those receiving small-group instruction and targeted interventions. However, vocabulary acquisition remains a critical factor influencing comprehension.

Writing:
According to the FURBY analysis tool, writing was the most significant area of struggle.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

A review of student performance on the 2024–2025 NYSESLAT alongside the New York State ELA and Math assessments reveals important trends and correlations that inform instructional priorities for English Language Learners (ELLs) at PS 88Q.

ELA: 6.1% proficiency
Math: 20% proficiency
Key Findings:
Positive Correlation Between NYSESLAT Growth and ELA Performance:
Students who demonstrated growth on the NYSESLAT also scored higher on the NYS ELA assessment than those who did not make ELP progress. This suggests that language acquisition directly impacts literacy achievement, particularly in comprehension, constructed responses, and vocabulary-based questions.

One of our students was proficient in the ELA (Level 3) but not in the NYSESLAT
While others who were commanding, received a level 2.

This indicates that reaching Commanding status does not always equate to immediate academic proficiency on ELA assessments. Students may still require continued academic language development and supports even after exiting

ENL services.

Higher Math Performance Tied to Language Accommodations:
Students across proficiency levels generally performed better in Math than ELA. A key factor appears to be access to a test booklet in their home language for Math, compared to the ELA test which is English-only (with glossary support). This suggests:

The availability of translated test content has a measurable impact on performance

Language barriers continue to significantly affect performance on literacy-based exams

Glossary Support Alone May Not Be Sufficient:
Though students had access to bilingual glossaries for both Math and ELA, the higher math scores suggest that glossary use alone may not sufficiently support comprehension of complex texts and writing prompts in the ELA test.

Implications and Next Steps:
Post-Commanding Support: Even students who have exited ENL services need scaffolded academic vocabulary and writing instruction, particularly in ELA.

Integrated Language and Content Instruction: Further integrating ENL strategies into all content areas, especially ELA, is essential. This includes sentence frames, tiered vocabulary, and culturally responsive texts.

Family Language Resources: Expanding home language support during instruction and test prep could mirror the benefits seen from translated math materials.

Writing Focus: Given both NYSESLAT and ELA data, a schoolwide emphasis on academic writing development for ELLs will likely raise outcomes in both assessments. We have implemented strategies from Kate Kinsella and explicit writing instruction as well as piloting the Writing Revolution.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

When disaggregating the 2024–2025 NYSESLAT results by subgroups, several concerning trends emerge, particularly among English Language Learners who are also Students with Disabilities (SWD) and Students with Interrupted/Inconsistent Formal Education (SIFE).

Key Trends:
ELLs with IEPs (SWD-ELLs):

This subgroup continues to demonstrate the greatest challenges in achieving English language proficiency growth.

Despite receiving testing accommodations, the majority of these students remain at Level 1, indicating limited progress across NYSESLAT modalities.

These students often struggle the most with reading and writing, where complex language demands and abstract academic vocabulary present significant barriers.

Factors Impacting Subgroup Results:
Compounded Barriers:

ELLs with IEPs face dual challenges—developing English proficiency while also working toward IEP academic and behavioral goals. Language acquisition is slowed when students also struggle with processing, memory, or expressive/receptive language disabilities.

While testing accommodations are in place, they do not fully address the instructional gaps these students experience throughout the year. For many, the issue is not the test itself, but the lack of daily access to scaffolded, language-rich, and individualized instruction aligned to their needs.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

na

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

na

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

na

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

na

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We are committed to providing our English Language Learners (ELLs) with a rigorous, inclusive, and supportive academic experience that fosters deeper learning and long-term success. Our approach is grounded in equity, collaboration, and a deep understanding of each learner's unique needs.

Over the past several years, Tier I instruction at PS 88Q has undergone a thoughtful transformation. Our vision of high-quality core instruction includes:

Knowing who our students are—their backgrounds, strengths, learning profiles, and language needs.

Identifying gaps in understanding and addressing them proactively through scaffolds and supports.

Ensuring curriculum accessibility for all student subgroups, including ELLs, Students with Disabilities, and newcomers.

Embedding student voice, choice, and discussion into daily instruction.

Strengthening family access to learning, ensuring materials and communication are multilingual and culturally responsive.

This inclusive instructional vision ensures that ELLs are not only included but are deeply engaged in meaningful academic work across all content areas.

This is our second year using the HMH curriculum for ELA, which includes embedded ENL supports. However, our commitment to deeper learning goes beyond curriculum resources. Our ENL teachers actively collaborate with grade teams to co-plan and co-design Tier I instruction. We also implemented MClass, a screener that screens students in both English and Spanish, therefore we are able to identify their strengths and needs in both L1 and L2.

Our teachers prioritize:

Vocabulary development is intentionally embedded into instruction.

Background and prior knowledge are activated through culturally responsive hooks and pre-reading strategies.

Mini-lessons include explicit instruction and modeling, providing clear entry points for all learners.

Students engage in collaborative learning, with heterogeneous groupings that support language development through peer interaction.

This approach ensures that language acquisition and content mastery occur simultaneously, empowering ELLs to access and contribute to the academic conversation.

Project-Based Learning and UDL Framework
Across all subjects—ELA, Math, Science, and Social Studies—PS 88Q implements a Project-Based Learning (PBL) model. This instructional strategy allows students to explore real-world problems and express their learning in multiple ways. Within this framework:

Universal Design for Learning (UDL) principles guide planning, ensuring multiple means of engagement, representation, and expression.

ELLs are provided with varied entry points and tools for demonstrating understanding, including visual supports, sentence frames, and oral presentations.

Technology plays a critical role in enhancing access for our ELLs:

Students use devices to access translated documents and bilingual glossaries.

Teachers use online platforms to differentiate content and provide visual/audio supports.

Communication with families is multilingual and tech-enabled, promoting consistent engagement between school and home.

We believe that a high-quality academic experience for ELLs must be inclusive, collaborative, and culturally responsive. By embedding language supports into rigorous instruction and ensuring all students can participate fully, we are creating pathways to success for every learner.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school leadership team is deeply committed to ensuring that all students—including our Multilingual Learners (MLLs) and English Language Learners (ELLs)—have full and equitable access to high-quality core instruction. This is embedded in the intentional structures, planning practices, and professional learning led by our Instructional Leadership Team (ILT).

Inclusive Instructional Leadership
Our ILT is composed of 10 members representing all grade levels and student subgroups, including teachers of MLLs/ELLs and students with disabilities. Over the past three years, this team has worked collaboratively to:

Strengthen our Multi-Tiered System of Supports (MTSS), with a clear focus on ELLs and SWDs.

Align instruction to meet academic, linguistic, and socio-emotional needs, ensuring that Tier I instruction is both

rigorous and accessible.

Use of the Four Hallmarks Framework
The ILT has centered its work around the Four Hallmarks of Advanced Literacy, integrating these principles into planning and instruction in ELA and Math. Through this work:

The team has developed school-wide protocols for academic talk, assessment, and student engagement, which create a consistent instructional language that benefits all students—particularly ELLs and SWDs.

These protocols have been shared and reinforced during grade-level planning time, professional learning sessions, and classroom walkthroughs.

Integrated Content and Literacy Instruction
PS 88Q has adopted an interdisciplinary approach, where science and social studies are embedded into the ELA curriculum, rather than taught in isolation. This not only supports content knowledge development but also increases:

Vocabulary exposure

Reading comprehension

Access to culturally responsive texts and themes

Our teachers also use Socratic Seminars and structured discussion protocols to elevate student voice and foster deeper comprehension—critical strategies for language acquisition among ELLs.

Professional Learning and Thought Partnership
To ensure sustainable and informed leadership, the ILT engages in ongoing professional development that directly impacts classroom instruction. Recent initiatives include:

A school-wide book study of The Knowledge Gap by Natalie Wexler, focusing on the importance of background knowledge and content integration to support reading comprehension for all learners, especially MLLs/ELLs.

A math-focused book study of The Thinking Classroom, which emphasizes discourse, problem-solving, and conceptual understanding—essential components for ensuring ELLs can meaningfully access math instruction.

These professional learning efforts translate into planning practices that account for language demands and build in UDL-aligned strategies to support all students in accessing rigorous content.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

PS 88Q implements a robust English as a New Language (ENL) program, designed to provide English Language Learners (ELLs) with equitable access to rigorous, standards-aligned instruction while fostering English language development. Our instructional models are intentionally designed to meet the demands of the Next Generation Learning Standards (NGLS) while supporting students at all levels of language proficiency.

Program Models and Language of Instruction

1. Integrated ENL (Co-Teaching/Push-In) Model
Language of Instruction: English

Teacher Role: A dually certified teacher (general education and TESOL) delivers instruction that integrates both content and language goals.

Approach: Students are taught in general education classrooms alongside their peers. Lessons are co-planned and co-delivered to align to NGLS while incorporating ENL strategies.

Instructional Features:

Differentiated instruction embedded in all subject areas

Use of scaffolds such as visuals, anchor charts, thinking maps, sentence stems, and bilingual glossaries

Collaborative learning through structured pair and group work that encourages oral language development

Targeted Tier 2 vocabulary instruction, with daily reinforcement through oral and written practice

Content made accessible through close reading protocols across all grades and subjects

2. Stand-Alone ENL Model
Language of Instruction: English, with supports in students' home language when needed

Teacher Role: A certified ENL teacher provides focused instruction on language development, aligned to content topics and grade-level standards.

Approach: Stand-alone ENL instruction supports the four language modalities—reading, writing, listening, and speaking—with lessons that preview, reinforce, or extend grade-level content.

Instructional Features:

Explicit instruction in academic language and language functions

Integration of graphic organizers, images, and student-friendly definitions to build comprehension

Mini-lessons that break down complex concepts and provide access to core content

Repeated opportunities for oral rehearsal and structured writing tasks

Language Development and Access to NGLS
PS 88Q's instructional planning is always aligned with the Next Generation Learning Standards, ensuring that:

ELLs engage with grade-level content through differentiated materials and scaffolded instruction

Teachers implement close reading strategies in all content areas (ELA, Math, Science, and Social Studies), allowing for deep engagement with complex texts and academic vocabulary

Language objectives are integrated into every lesson, guiding students toward communicative competence while meeting academic expectations

Supports for ELL Instructional Staff

To ensure that instruction remains aligned with best practices, ENL teachers are supported through:

Ongoing professional learning led by the principal, assistant principal, including ELL-specific workshops and PLOs. Our teachers are part of the PBL with ELL's in Mind initiative, as well as implemented writing practices through Kate Kinsella's PL

Inter-school visitations to observe ENL practices in action (This past year our team visited a school with a dual language class on each grade)

Access to current resources and collaboration structures for co-planning with grade teams

Multi-Tiered System of Supports (MTSS)
PS 88Q also integrates a strong MTSS plan to address the needs of Tier 2 and Tier 3 learners. Core instruction is proactively differentiated to support ELLs with varying proficiency levels, ensuring rigor, equity, and engagement in every classroom.

Dual Language Program:
Delivery of Content in the 50/50 Model

Instruction in Kindergarten and Grade 1 follows a balanced biliteracy approach, with equal time allocated to English and Spanish across the instructional week. Students receive 50 percent of instruction in English and 50 percent in Spanish, ensuring equitable exposure and access to both program languages.

Literacy and Language Development

Foundational Skills: Early literacy, phonics, and oral language development are explicitly taught in both English and Spanish, aligned with the grade-level standards.

Transfer and Bridging: Instruction incorporates strategies for cross-linguistic transfer (e.g., cognates, structural similarities, comprehension strategies) to support biliteracy development.

Progress Monitoring: Assessments are conducted in both languages, and student progress is documented to ensure growth in reading, writing, listening, and speaking in English and Spanish.

Content Areas

Mathematics, Science, Social Studies: Core content is delivered in both languages, with units strategically allocated to ensure parallel development of academic vocabulary in English and Spanish.

Equitable Access: Both languages are used for grade-level content delivery so that students meet the same academic standards regardless of the language of instruction.

Instructional Model

Staffing: Content is delivered by a single bilingual teacher alternating languages

Consistency of Practice: Classroom structures, routines, and expectations are maintained across languages to provide a coherent and predictable learning environment.

Program Fidelity: Instructional time is tracked and scheduled to maintain the required 50/50 balance.

Program Goal

The dual language program in Kindergarten and Grade 1 ensures that students develop bilingualism, biliteracy, and bicultural competence while meeting all grade-level academic standards in both English and Spanish.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At PS 88Q, all teachers share the responsibility for ensuring that Multilingual Learners (MLs)/English Language Learners (ELLs), including those with disabilities, have full access to grade-level academic content while accelerating their English language development. Our schoolwide approach is built on inclusive instructional practices, collaboration, and culturally responsive pedagogy.

Foundational Beliefs and Instructional Culture
Cultivating Relationships:
Teachers at PS 88Q prioritize building strong, trusting relationships with MLs/ELLs. By understanding students' identities, cultures, and educational journeys before coming to PS 88Q, staff are better positioned to address academic and social-emotional needs.

Culturally Aware Planning:
Teachers take care to learn each student's personal and academic history. Instruction is informed by students' assets, including home language, cultural background, and prior schooling, which is especially critical for newcomers and Students with Interrupted Formal Education (SIFE).

Instructional Strategies Across Content Areas
Core Strategies:
Explicit Language Instruction Across All Subjects:
Teachers embed language goals into all lessons, alongside content objectives. Language skills are explicitly taught through reading, writing, listening, and speaking tasks in ELA, Math, Science, and Social Studies.

Scaffolds for Access and Understanding:

Visual Aids: Anchor charts, images, graphic organizers, and labeled diagrams

Sentence starters and frames to support writing and discussion

Bilingual glossaries and student-friendly definitions

Pre-Teaching Vocabulary and Background Knowledge:
Prior to content instruction, students are introduced to Tier 2 and Tier 3 vocabulary and given contextual background to ensure access to the topic.

Varied Instructional Methods:

Videos before lessons allow students to preview content both at home and in class

Teacher-directed mini-lessons focus on modeling and guided practice

Paired learning and collaborative groups foster peer interaction and academic language use

Hands-on and multimodal activities engage all learners and reinforce understanding

Close Reading and Language-Rich Tasks:
Used across all content areas, close reading routines allow students to engage deeply with complex texts and build academic vocabulary. Students are encouraged to apply focus words in multiple contexts.

Collaboration and Instructional Support
Partnership with ENL Teachers:
Classroom teachers regularly collaborate with ENL-certified colleagues to co-plan and co-deliver instruction that meets both content and language goals. These partnerships are essential for integrating language acquisition strategies within grade-level curriculum.

ENL Co-Teaching & Push-In Support:
ENL teachers work directly in classrooms, providing scaffolding and targeted supports, especially during content-rich lessons in ELA, science, and social studies.

Technology-Enhanced Learning
Digital Tools for Language Support:

Translation features in Google Classroom and other platforms to support understanding

Interactive learning platforms (e.g., MClass, i-Ready, Arriba La Lectura) to reinforce content and language development

Voice-to-text tools for students developing writing fluency

Closed captioning and audio supports on videos to support comprehension

Home/School Connection:
Pre-recorded lesson videos and digital learning resources are accessible to families, allowing continued learning and review beyond the school day—especially helpful for newcomer families.

Supporting ELLs with Disabilities
For students dually identified as ELLs and Students with Disabilities, instruction is:

Individualized and scaffolded, blending ENL and IEP goals

Informed by Universal Design for Learning (UDL), offering multiple means of representation and expression

Focused on building independence and confidence, while still providing significant support

Reinforced through visuals, repetition, simplified language, and interactive tasks

These students often receive push-in services and small-group support aligned with both IEP accommodations and ENL best practices.

b. SIFE

Presently at PS 88, we only have 1 SIFE students.
However, if we do in the future, we will provide our SIFE students who exhibit inadequate growth in reading with a supplementary reading intervention program during the day based on their reading needs such as Fundations, Heggerty, SPIRE or Sound Sensible in addition to ENL services based on their proficiency level. Furthermore, if our SIFE students come from war torn countries, rural areas, and with little social exposure, they will receive counseling and guidance. In addition, these students are invited to attend our Title III program, where instruction is taught in a small group setting to
augment their reading and writing skills.

c. Newcomers

We recognize that newcomer English Language Learners (ELLs) require intentional, scaffolded, and culturally responsive instruction to thrive in a new language and learning environment. Our school offers a structured, comprehensive approach that addresses both academic and socio-emotional needs.

Academic and Language Instruction
1. Small Group ENL Instruction with Contextual Support:
Newcomers receive targeted small group instruction that integrates ENL scaffolding strategies and contextual supports to develop academic English. These supports include:

Visual tools: Illustration posters, maps, globes, timelines, charts, and graphic organizers

Narratives and songs to build cultural and linguistic familiarity

Native language resources including bilingual books and glossaries to bridge prior knowledge with new content

2. Vocabulary and Background Knowledge Development:

Use of pictures and realia to activate prior knowledge and make abstract concepts concrete

Read-alouds, shared reading, and shared writing to model academic language

Accountable talk supported by sentence stems and language prompts

Exposure to high-utility Tier 2 vocabulary through multiple strategies such as cognates, exemplification, classification, and the use of synonyms (shades of meaning)

3. Scaffolded Instructional Strategies:

Visuals and graphics

Manipulatives and hands-on learning

Cooperative learning structures

Modeling of reading, writing, and speaking tasks by ENL teachers

Access to graphic organizers to support planning and comprehension

4. Title III After-School Program:

Newcomers are invited to attend our Title III program on Saturdays, which provides small-group support in reading and writing. Instruction in this setting targets foundational literacy skills, vocabulary development, and language acquisition in a low-risk environment.
We also have a Saturday Academy for the families, implementing English Language instruction as well as yoga.

5. Technology Integration:
Classroom iPads are equipped with language-learning websites and apps that rely on visuals, interactive activities, and graphic-rich content to support reading, listening, and comprehension.

Preparation for State Testing
For students in their second year who are required to take the NYS ELA assessment, we ensure they are supported with both academic preparation and test readiness:

Direct instruction on the language of testing and genre-specific vocabulary

Reading strategy instruction including predicting, evaluating, inferring, monitoring/clarifying, citing text evidence, phonics, and decoding

Writing strategies such as note-taking, summarizing, elaborating, and sentence construction

Instruction delivered with sentence stems, frames, and guided responses to support academic writing and structured oral responses

Continued emphasis on teacher modeling and use of graphic organizers

We embed language instruction into content learning by:

Teaching vocabulary through context, classification, and associative thinking

Using mental and visual imagery to support comprehension and retention

Building vocabulary through cognates, explanations, examples, and synonym work

Supporting syntax development through response frames and sentence structures

To aid with social-emotional adjustment and cultural transition, our SMILE program (Supporting Multilingual Learners through Inclusive Learning and Engagement) provides:

A welcoming environment focused on school norms, routines, and expectations

Opportunities for students to build peer relationships with a student ambassador who has a team of students assigned as buddies

Activities that promote a positive identity and confidence in a new school system

d. Long Term ELLs

Currently, we don't have Long TermELLs (completed 6 years and more).
However, if we have them, we carefully analyze data of all formal and informal assessments and organize collaborative activities according to the student's needs, and scaffold instruction to build academic English proficiency. To provide equal access for all students of different levels to the same instruction, teachers are given extensive PD around different ways of differentiating the instruction for these students to succeed. Such ways include, but are not limited to visuals, thinking maps/graphic organizers, sentence frames, close readings.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We are deeply committed to ensuring that English Language Learners with Individualized Education Programs (ELL-SWDs) receive the targeted, inclusive supports necessary to meet both their IEP goals and English language development benchmarks, all within the least restrictive environment (LRE). Our approach is personalized, data-driven, and grounded in the belief that every child can achieve success with the right scaffolds and opportunities.

Inclusive Instructional Placement
All ELL-SWDs are thoughtfully placed in either:

Integrated Co-Teaching (ICT) settings, where a certified general education teacher and a special education teacher co-deliver instruction, or

Self-Contained classrooms, which offer smaller class sizes and more individualized attention to support complex needs.

These placements are determined through a collaborative process and are designed to provide students with the instructional flexibility, scheduling adaptations, and cross-disciplinary supports needed to align with both IEP mandates and ENL requirements.

Aligned Supports Through MTSS
To support academic and language progress, all ICT and self-contained classrooms are programmed with dedicated Multi-Tiered System of Supports (MTSS) blocks, known as SOAR at PS 88Q, which include:

A 50-minute ELA MTSS block focused on literacy skills, including targeted interventions aligned with both language development and IEP goals

A 30-minute Math MTSS block that offers scaffolded support with math vocabulary and conceptual understanding

These blocks provide a structured time for differentiated instruction, small-group work, and explicit language development, led by both classroom and ENL teachers. Instructional activities during these periods integrate:

Visual supports

Sentence stems and structured writing responses

Academic vocabulary development

Language objectives connected to content and IEP goals

Prioritized Extended Learning Opportunities
ELL-SWDs are given first priority enrollment in all supplemental academic programs, including:

After-school intervention programs

The Title III program, which provides additional small-group instruction in reading and writing with a focus on language acquisition

These extended day opportunities reinforce core concepts, provide additional time for language-rich interaction, and support students' confidence and independence.

Collaborative Instructional Planning
To ensure a unified approach to instruction, our ENL and special education teachers:

Co-plan regularly with grade teams to align language supports with IEP services

Participate in Professional Learning Opportunities (PLOs) specific to the needs of dually-identified students

Use data from NYSESLAT, formative assessments, and IEP progress monitoring to adjust instruction

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At PS 88Q, we are committed to honoring and leveraging the home language as an asset in all instructional settings. While we currently implement an English as a New Language (ENL) program, we are also launching a Dual Language Bilingual Education (DLBE) Spanish kindergarten in the upcoming school year. Below is how home language is assessed and supported within each model:

1. English as a New Language (ENL) Program
Language of Instruction: English, with strategic use of students' home languages to support comprehension and access

Home Language Assessment:

Students' home language proficiency is initially assessed through the Home Language Identification Survey (HLIS) and, if needed, the NYSITELL (New York State Identification Test for English Language Learners)

Students are assessed in both English and Apanish using the MCLass screener

Ongoing informal assessment of home language use occurs through classroom observations and teacher-student interactions

Instructional Support Using Home Language:

Teachers use bilingual glossaries, translation dictionaries, and translated graphic organizers

Classroom libraries are stocked with texts in multiple home languages, supporting content comprehension and literacy transfer

Manipulatives and teacher-created visuals are sometimes labeled in both English and students' home languages to build connections

While the ENL program does not formally teach the home language, it acknowledges and integrates it as a scaffold to deepen understanding and support English language development.

2. Dual Language Bilingual Education (DLBE) – Spanish Kindergarten (Launched in 2024, continuing to grade 1 this year)
Language of Instruction: 50% English / 50% Spanish

Home Language Assessment:

Prior to placement, students' language backgrounds are identified through the HLIS and language exposure interviews

Ongoing assessment includes:

Classroom-based language proficiency assessments in both English and Spanish

Observational rubrics and performance tasks to monitor students' development in both languages

Dual Enrollment Process: For incoming Kindergarten, as it was offered in the 2025-2026 Kindergarten Application for the first time.

DLBE enrollment is managed centrally by the Office of Student Enrollment

Classes are balanced with 10 Spanish-dominant ELLs and 10 English-dominant students, ensuring cross-linguistic interaction and balanced development

In the DLBE model, the home language is not only assessed but also intentionally developed alongside English, with the goal of creating bilingual and biliterate learners. We have began using MClass, a screener that identifies strengths and needs in both L1 and L2

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Collaboration among teachers is at the heart of how we support multilingual learners (MLLs/ELLs). Our instructional systems and structures are intentionally designed to ensure that all educators—including general education, special education, and ENL teachers—co-plan, co-teach, and co-reflect in ways that support high-quality, inclusive instruction for all students.

1. Grade Team Planning and Weekly Collaboration
Weekly Grade Team Meetings are held across all grades, with each team composed of:

General Education teachers

Special Education (ICT) teachers

ENL-certified teachers (push-in/pull-out)

These meetings are used to co-plan lessons, analyze student work, and align instruction to both content and language objectives.

ENL teachers contribute language-specific scaffolds and vocabulary development strategies, while classroom teachers ensure instruction remains aligned to pacing calendars and grade-level standards.

Mutual support is emphasized: classroom teachers assist ENL teachers in understanding the curriculum flow, and ENL teachers provide tailored strategies to make lessons accessible for ELLs.

2. Co-Teaching and Integrated Supports
In Integrated ENL (co-teaching) settings, ENL teachers work directly alongside classroom teachers to:

Embed language goals into content instruction

Lead small groups or stations targeting English language development

Provide modeling and scaffolding during whole group instruction

This model ensures that ELLs receive targeted support without being pulled away from core instruction, keeping them in the least restrictive and most inclusive environment.

3. Data Access and Shared Student Insights
All instructional staff have access to the New Visions Portal, which consolidates key data such as:

Screener assessments

Attendance trends

Ongoing progress monitoring

ENL teachers have schoolwide data access, allowing them to see the full academic profile of each student and target instruction accordingly.

This shared visibility fosters a culture of informed collaboration, where all teachers understand the whole child and can plan accordingly.

4. Instructional Leadership Team (ILT) Alignment

PS 88Q's Instructional Leadership Team (ILT) plays a critical role in connecting individual planning efforts to schoolwide goals.

The ILT includes representatives from across disciplines and roles: general education teachers, ENL providers, special education staff, related service providers, and administration.

This diverse representation ensures that ELL and SWD needs are centered in all decisions related to curriculum, instruction, and assessment.

The ILT analyzes data to identify schoolwide trends, develop protocols (e.g., for academic discussion and assessment), and ensure these are implemented consistently across grades.

5. Emerging Dual Language Partnerships
Continuing this year, we are growing our Dual Language Spanish program with Kindergarten and grade 1, with a 50/50 English-Spanish model.

This model will include English-dominant and Spanish-dominant teachers working in partnership, planning side-by-side to align instruction across both languages.

Systems from our existing collaborative planning structures will extend to the DLBE team, ensuring consistency and equity in how instruction is designed and delivered.

Additionally, our entire school will be transitioning to MClass for their academic screener.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our professional learning plan is intentionally designed to build the capacity of all staff—pedagogical and non-pedagogical alike—to meet the academic and social-emotional needs of Multilingual Learners (MLLs)/English Language Learners (ELLs). We prioritize an inclusive, equity-focused approach that supports our school community in becoming responsive, informed, and effective in serving diverse learners.

Academic Support for MLLs/ELLs Through Professional Learning
Our annual plan includes ongoing professional development that ensures staff can deliver high-quality, language-rich instruction to MLLs across all content areas. Key components include:

Co-Teaching and Collaboration Strategies:
Grade teams, including ENL and general education teachers, receive targeted PLOs on co-teaching models, language scaffolding techniques, and differentiation strategies that promote access to grade-level content for MLLs/ELLs. We have partnered with other schools, visiting and noting practice. Also, we have attended many PL opportunities through the Office of Mulilingual Learners, specifically Kate Kinsella, and explicit writing instruction.

Integrated Language and Content Instruction:
Teachers are supported in embedding language objectives into content-area lessons—with particular focus on vocabulary development, speaking and listening protocols, and reading comprehension aligned with NYS Next Generation Learning Standards.

Culturally Responsive-Sustaining Education (CR-SE):

All staff have engaged in professional learning on CR-SE to ensure classrooms reflect and honor students' cultures, identities, and linguistic backgrounds. This supports the creation of inclusive learning environments that foster belonging and academic engagement for our MLLs.

Social-Emotional Support for MLLs/ELLs
We understand that language learners benefit most when their social-emotional needs are met alongside their academic ones. To that end, PS 88Q has developed two key teams that guide our SEL work:

SMILE Team (Supporting Mindful Individuals in the Learning Environment):
This team leads staff-wide PDs on:

Student trauma

De-escalation techniques

SEL classroom routines, including use of the Mood Meter

Creating safe, supportive classroom climates for all students, including newcomers and students with limited formal schooling

Social Justice Committee (SJC):
Focused on building equity and inclusion, this committee provides learning experiences centered on:

Student identity

Equity in access

Addressing bias and microaggressions

Ensuring ELLs see their lived experiences reflected in the curriculum

Administrator Practices
Our leadership team models ongoing learning by participating in and facilitating:

Monthly walkthrough debriefs that include a lens on ELL access

Growth mindset coaching through targeted PLOs led by administration

Reflective practice anchored in Danielson Framework components that support equitable instruction

Non-pedagogical staff (including school aides, secretaries, and lunch staff) also receive training on:

Positive communication strategies

Basic cultural and language awareness

Supporting transitions and routines for students who are new to U.S. schools or are navigating multiple languages

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

As per state regulations:

15% of total CTLE hours must be ELL-specific for all certified staff, including:

Classroom teachers

School leaders (educational leadership service certificate holders)

Level III teaching assistants

50% of total CTLE hours must be ELL-specific for:

Teachers holding bilingual education or ENL certifications

Structures in Place to Meet ELL-Specific CTLE Requirements
1. Monday Extended Day PD Sessions
Weekly 50-minute sessions are scheduled for all instructional staff.

Sessions often include topics such as:

Co-teaching strategies in ICT and ENL settings

Integrated language and content instruction

Vocabulary development and scaffolding

CR-SE strategies for supporting ELLs

The Professional Learning Committee (PLC) meets monthly to create session agendas aligned to both schoolwide priorities and CTLE mandates.

Agendas, attendance sheets, sign-in logs, and handouts are collected and archived by assistant principals for accountability and documentation.

2. Chancellor's Conference Days
Dedicated to school-based professional learning, often with a focus on:

Differentiation for ELLs

Language supports in content areas

SEL supports for ELLs, including trauma-informed strategies for newcomers

Sessions are planned in collaboration with ENL staff and the Instructional Leadership Team (ILT) to ensure relevance

and alignment to certification requirements.

3. Collaborative Planning & Work Sessions
Grade team planning meetings include ENL-certified staff to support ongoing coaching and modeling of ELL-specific strategies.

These collaborative sessions are tracked and can count toward CTLE hours when aligned to language instruction.

ENL staff lead mini-PDs or strategy shares embedded within these meetings.

Administration will ensure:
PD content meets CR Part 154 requirements

ELL-specific hours are tracked and communicated to staff

Certified staff are aware of their individual CTLE obligations

Attendance sheets and documentation for each session are maintained in a centralized database for easy access and reporting.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use a multi-tiered assessment approach to ensure that instructional planning for English Language Learners (ELLs) is data-driven, targeted, and responsive to students' academic and language development needs. For the 2025–2026 school year, our school we will implement a combination of screening tools to identify trends, monitor progress, and inform small-group instruction as part of our MTSS framework.

Current Screening Assessments (2025-2026)

mCLASS

Piloted mid-year with a focus on evaluating its effectiveness for our new Dual Language Bilingual Education (DLBE) Spanish Kindergarten but used to access grade 4 and all of our ENL students, as well as progress monitor

Offers valuable data for biliteracy development, oral reading fluency, and early literacy progress in both English and Spanish

Transition Plan for 2025–2026
Based on the success of our mid-year mCLASS pilot and the need for a biliteracy-aligned screener, PS 88Q will fully transition to mCLASS as our universal screener beginning in the 2025–2026 school year.

All teachers have received training during the 2024–2025 school year to ensure a smooth rollout across grade levels and programs, including general education, special education, and ENL settings.

Instructional Planning and Data Use
Grade teams meet following each assessment window to analyze data, identify instructional trends, and adjust groupings and interventions.

MTSS groups are fluid and data-informed, meeting daily both within classrooms and through targeted support from Tier II and Tier III interventionists.

ENL teachers collaborate with classroom teachers to use screener data for planning instruction that supports both language acquisition and content mastery.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the

intervention services are offered.

All grades are programmed with a dedicated ELA and Math SOAR block (Seek success, Overcome challenges, Achieve goals, Reach high) as part of our Multi-Tiered System of Supports (MTSS). The SOAR block is designed to:

Target specific skill gaps in reading, writing, math, and language development

Offer small-group, differentiated instruction

Allow flexible student movement into and out of groups based on need

Cycle Structure:

Each intervention cycle runs 6–8 weeks

Students are identified based on screener data (e.g., MAP, Acadience, i-Ready, mCLASS)

Progress is monitored bi-weekly, and groupings are adjusted accordingly

Students may “walk to” other teachers who are trained in specialized programs

ELA Intervention Programs

ELA Intervention Programs

Heggerty

Grades: K–2

Focus: Phonemic awareness

Targeted ELL Subgroups: Newcomers, ELLs with decoding challenges

Language of Instruction: English

SPIRE

Grades: 1–5

Focus: Structured phonics-based intervention

Targeted ELL Subgroups: ELLs with IEPs, long-term ELLs, decoding struggles

Language of Instruction: English

Sound Sensible

Grades: K–1

Focus: Foundational phonics and blending skills

Targeted ELL Subgroups: Newcomers, entering-level ELLs

Language of Instruction: English

Fundations Double Dose

Grades: K–2

Focus: Reinforcement of phonics, handwriting, and word work from core Fundations instruction

Targeted ELL Subgroups: ELLs needing additional decoding and encoding support

Language of Instruction: English

Acadience Reading

Grades: K–5

Focus: Fluency, accuracy, comprehension

Targeted ELL Subgroups: All ELLs; used for identification and progress monitoring

Language of Instruction: English

Read-Alouds with Vocabulary Focus

Grades: K–5

Focus: Oral language, comprehension, academic vocabulary

Targeted ELL Subgroups: All ELLs, especially newcomers

Language of Instruction: English with visuals and bilingual glossaries

mCLASS (Pilot year ? Schoolwide in 2025–26)

Grades: K–5

Focus: Oral reading fluency, decoding, biliteracy (for DLBE)

Targeted ELL Subgroups: Dual Language Spanish ELLs, newcomers

Language of Instruction: English and Spanish

Math Intervention Programs
i-Ready Math

Grades: 1–5

Focus: Personalized pathways for math instruction

Targeted ELL Subgroups: All ELLs, especially Transitioning & Expanding

Language of Instruction: English

Math Small Groups (Bridges Curriculum)

Grades: K–5

Focus: Number sense, problem-solving, math vocabulary

Targeted ELL Subgroups: ELLs at Level 1 or 2, ELLs with IEPs

Language of Instruction: English with translated visuals and glossaries

Teacher-Designed Math Labs

Grades: K–5

Focus: Hands-on learning, use of manipulatives, academic discourse

Targeted ELL Subgroups: All ELLs, with emphasis on vocabulary access

Language of Instruction: English

Additional Supports & Structures
ENL Push-In & Pull-Out Instruction: ENL teachers provide targeted language support during SOAR blocks, integrating content and language objectives aligned with the intervention focus.

Bilingual Resources: Glossaries, dual-language texts (especially in K), and translation tools support ELLs in accessing intervention content.

Collaborative Data Protocols: Grade teams meet after each screener window to review data and determine targeted groupings. ENL teachers participate to ensure language needs are prioritized.

Technology Integration: Students use iPads and digital platforms such as Lalilo, i-Ready, and Imagine Learning to reinforce reading and language development at their instructional level.

Summary
Through our SOAR blocks, use of evidence-based intervention programs, and responsive data cycles, PS 88Q ensures that ELLs receive timely, targeted support that accelerates both academic progress and English language acquisition. With the full adoption of mCLASS in 2025–2026, we are further strengthening our ability to deliver effective, language-sensitive instruction schoolwide.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

We have a comprehensive Multi-Tiered System of Supports (MTSS) that is informed by a continuous cycle of data collection, analysis, and action. This system ensures that Multilingual Learners (MLs)/English Language Learners (ELLs) receive timely, equitable, and language-responsive supports tailored to both academic and language development needs.

MTSS Team Structure and Function
Our dedicated MTSS team—which includes administrators, ENL providers, general and special education teachers, and related service providers—meets weekly (Tuesdays at 1:00pm) to:

Review schoolwide and subgroup data

Identify patterns of strength and need across grade levels and content areas

Allocate resources and interventions based on identified priorities

Ensure that support plans are communicated to classroom teachers and integrated into daily instruction

This data-driven team works in alignment with the Instructional Leadership Tool for MLs and ELLs, ensuring that decisions are culturally responsive, inclusive, and grounded in high expectations for all learners.

Data Sources Used to Inform MTSS for ELLs
We use a combination of universal screeners, progress monitoring tools, and qualitative classroom data to make informed decisions for instruction and intervention. Key tools include:

MAP Growth – for tracking math progress over time

Edmentum – for diagnostics and personalized learning pathways for math

mCLASS– for biliteracy and oral reading fluency, especially in our Dual Language Spanish program

Teacher-developed formative assessments and classroom observations

These tools are used schoolwide, and the data is disaggregated by subgroup to specifically highlight trends for ELLs at varying proficiency levels.

For example: Kindergarten First Sound Fluency
Using MClass screener data, the MTSS team identified that a large percentage of kindergarten ENL students were struggling with first sound fluency. This insight was shared with the entire grade team, and teachers collaboratively developed additional instructional strategies, such as:

Daily phonemic awareness routines, enhanced use of visual and auditory supports, strategic grouping during the SOAR intervention block
We also built a team of Prek and Kindergarten teachers, to bridge the understanding of sounds rather that letter retrieval. Sound walls were implemented, and SOR practices were evident in Pre-K.

This targeted, real-time response is a model of how MTSS helps ensure data-informed and needs-responsive instruction for ELLs.

MTSS in Practice Across Grades and Content Areas
This cycle of analyze–plan–act–monitor continues throughout the year across all subjects and grades:

For ELA, data informs phonics, fluency, and vocabulary interventions during the SOAR block

For Math, we use data to target number sense, vocabulary, and problem-solving instruction

For Science and Social Studies, ENL teachers co-plan with grade teams to ensure students have the background knowledge and vocabulary needed for content access

Progress is monitored bi-weekly, and students can move fluidly between tiers as their needs change. This flexible, student-centered model ensures that ELLs receive just-in-time instruction that is aligned with both content and language goals.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use a range of formative assessments to drive instruction, identify student needs, and support academic and language growth for all learners—particularly our English Language Learners (ELLs). These tools are embedded into our Multi-Tiered System of Supports (MTSS) and are used regularly for progress monitoring, small group planning, and individualized instruction.

Schoolwide Formative Assessments

mCLASS (K–5)

Currently piloted and expanding schoolwide in 2025–2026

Assesses foundational literacy skills and oral reading fluency

Particularly effective for biliteracy monitoring in our Dual Language Spanish program

Provides real-time instructional recommendations and student-specific skill groupings

Helps identify gaps in phonemic awareness, decoding, and fluency—key for newcomer and entering-level ELLs

Aligned to Acadience measures, offering seamless progress monitoring within MTSS cycles

Acadience (K–5):

Assesses early literacy skills including phonemic awareness, decoding, and fluency

Used to identify foundational skill gaps and inform targeted small-group instruction, especially in early grades

Supports bi-weekly progress monitoring to adjust instructional plans and SOAR intervention groupings

i-Ready (Reading & Math):

Used in grades K–5 as an adaptive diagnostic assessment

Provides detailed data on reading domains such as phonological awareness, phonics, high-frequency words, vocabulary, and comprehension

Math assessments provide insight into number sense, operations, and problem-solving skills

Enables teachers to assign personalized lessons and skills, while students also work through individualized learning pathways

Built-in strategic scaffolds and academic language supports benefit ELLs in both content and language development

MAP Growth – Reading (Grades 3–5) & Math (K–5):

Adaptive assessments that identify a student's precise instructional level

Track sub-skill mastery and academic growth over time

Data is used to group students for instruction, set goals, and measure progress throughout the year

Particularly useful for long-term ELLs and students at intermediate proficiency levels

Additional Assessment Practices
Teacher-Created Formative Assessments:

Used regularly across grades and subjects to assess understanding of unit goals and academic language

Includes exit tickets, running records, shared writing tasks, vocabulary checks, and comprehension questions

Inform day-to-day adjustments and differentiation in both core and small-group instruction

Small Group & MTSS Activities:

Assessment data from the tools above drives small-group instruction during our dedicated SOAR blocks

Teachers conduct informal assessments during group work, conferences, and skill-focused mini-lessons

PBL is implemented in all classes as well

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

At PS 88Q, we are committed to ensuring that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the school year. This approach allows us to assess students' true academic potential and provide equitable, culturally responsive instruction.

Initial Evaluation and Placement
All newly identified ELLs participate in an informal native language interview upon enrollment, conducted by a member of our ENL department or an in-house pedagogue.

For Spanish-speaking students eligible via NYSITELL, the Spanish LAB-R is administered within the first ten school days after registration, as required by CR Part 154.

These assessments help ensure accurate identification of ELL services and provide baseline information for language support.

MClass is administered in Spanish

Ongoing Communication and Data Sharing
At the start of the year—and on a rolling basis as new students arrive—the Principal and ENL department provide teachers with detailed biographical data, including:

Home language

Language proficiency level

Preferred language for learning and communication

This data is shared with all staff via email and Google Drive, and updated regularly to reflect any changes in student enrollment or status.

Home Language Supports for Instruction and Assessment
Teachers use a variety of home language resources to ensure that instruction and assessments are accessible and appropriate:

Translation dictionaries and glossaries in students' preferred languages

Technology-based translation tools (e.g., Google Translate) to support writing and comprehension tasks

Multilingual texts in classroom libraries to support literacy development

During State Math and Science assessments, eligible ELLs receive translated test booklets in their preferred language, as outlined by NYSED guidelines.

Instructional materials, particularly for newcomer ELLs, often include visuals, bilingual resources, and native-language scaffolds to promote understanding while building English proficiency.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We utilize a comprehensive suite of summative and diagnostic assessments to evaluate the effectiveness of our Multilingual Learner (ML)/English Language Learner (ELL) programs. These assessments support instructional design, curricular planning, and ongoing program evaluation. In alignment with the ELL Data Analysis Tool (EDAT) and our Multi-Tiered System of Supports (MTSS), we use data to identify trends, respond to student needs, and ensure equitable access to rigorous instruction.

Key Summative and Diagnostic Assessments
NYSESLAT (New York State English as a Second Language Achievement Test)

Measures English proficiency annually in listening, speaking, reading, and writing

Determines student proficiency level (Entering, Emerging, Transitioning, Expanding, Commanding)

Informs:

Placement and grouping in ENL programs
Required service minutes for each student
Program-level effectiveness in advancing English proficiency
NYS ELA and Math Assessments (Grades 3–5)

Assess academic content performance

Used in conjunction with NYSESLAT to evaluate:

Effectiveness of language supports in core subjects

Discrepancies between language proficiency and academic achievement

Curriculum and scaffolding needs across grades

i-Ready Diagnostic & “My Path” (K–5)

Administered three times a year for reading and math

Identifies strengths and gaps across key domains

Generates personalized skill pathways, which teachers monitor for growth

Used to:

Track student growth

Support small-group and individualized instruction

Evaluate instructional impact within ENL and MTSS frameworks

MClass – Reading (Grades K–5) & Math (K–5)

Adaptive benchmark used to pinpoint instructional levels and progress over time

Helps identify growth trends among ELLs

Used to:

Inform grouping and pacing

Assess long-term academic growth in tandem with language development
MClass

Measures foundational skills (phonemic awareness, decoding, fluency)

Progress monitored bi-weekly to ensure timely instructional adjustments

Data used to support targeted intervention during SOAR (MTSS) blocks

mCLASS (K–5) (Pilot Year ? Full Implementation 2025–2026)

Supports early literacy and biliteracy monitoring

Especially effective for Dual Language Spanish and newcomer ELLs

Provides actionable data on:

Phonological awareness

Letter naming fluency

Oral reading fluency and comprehension

Complements Acadience and provides Spanish-language assessment options, helping to evaluate student progress in both languages where applicable

Instructional Design and Curricular Impact
Grade-Level Data Meetings:
ENL teachers meet weekly during a common prep to review data with grade teams. These meetings focus on:

Identifying strengths and areas of need in language and content

Developing action plans for interventions during MTSS/SOAR blocks

Using the ELL Data Analysis Tool (EDAT) to disaggregate data by proficiency level and subgroup

Progress Monitoring:

ENL teachers track growth using:

Teacher-created pre- and post-assessments

i-Ready progress

MCLASS bi-weekly monitoring

Students move flexibly between intervention tiers based on this real-time data

Curricular Adjustments:

If summative data highlights specific needs (e.g., NYSESLAT writing, ELA constructed responses), instructional teams:

Revise units to increase language-rich tasks

Integrate additional vocabulary and grammar instruction

Adjust scope and sequence to allow time for targeted supports

Trends also shape professional learning priorities, such as co-teaching strategies, integrating language into math, and culturally responsive planning

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

NYSESLAT Administration Plan — PS 88Q

1. Preparation & Staff Training

Test Coordinator: Principal Linda O'Shaughnessy (AP) Candice Lowe / ENL Coordinator Dana Mendoza

Speaking Raters & Proctors:

ENL Teachers (push-in/pull-out and stand-alone)

Dual-certified ICT Teachers
Scoring Team for Listening, Reading & Writing:
Same ENL teachers plus at least one Grade-level General-Education teacher per grade to ensure two-rater reliability

Training Schedule:
Early April PD session on state testing protocols, security, allowable supports, and rubrics
Follow-up calibration meeting using NYSED anchor papers for the Writing session

Testing Sequence & Scheduling – NYSESLAT

Week 1: Speaking (1:1)
Pull students by appointment
Raters enter raw scores the same day
Location: Quiet pull-out rooms by grade

Week 2: Listening
Administered in whole-group format by cohort
Location: Classrooms with headsets (if available)

Week 2: Reading
Administered in whole-group format the day after Listening
Location: Same classrooms; bilingual glossaries provided on desks

Week 2: Writing
Administered in whole-group format the day after Reading
Tests collected immediately for secure scoring
Location: Same classrooms as Reading

Week 3: Make-ups

Any missed NYSESLAT component is completed

Location: Designated overflow/testing room

Staff who grade: Kaylene Vasquez, Anila Kuqi, Bo Cybura,

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

We are committed to ensuring that all current and former English Language Learners (ELLs) receive their mandated accommodations for all state assessments, including the New York State ELA, Math, Science exams. This is achieved through a coordinated process that involves data review, careful scheduling, and collaboration among school staff.

1. Data Review and Student Identification
The Testing Coordinator uses both ATS reports, RLAT, New Visions Portal to generate an accurate list of:
All current ELLs (based on NYSESLAT levels and CR Part 154 status)
Former ELLs still eligible for accommodations (within the two-year monitoring window)
This data is reviewed and cross-checked with class rosters to ensure no eligible student is missed.

2. Accommodations Planning
For state assessments (NYS ELA, Math, Science):
Accommodations provided to eligible ELLs may include:
Extended time
Separate location/small group testing
Bilingual glossaries
Translated test booklets (Math and Science only; available in select home languages)
Former ELLs (within the 2-year exit period) are also entitled to many of these supports and are included in the planning process.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

We are committed to creating strong partnerships with our families—beginning from the very first day their child is identified as an English Language Learner (ELL). Our ELL Program Orientation ensures that all parents/guardians of newly identified ELLs are informed of their program options, student expectations, and instructional pathways, in alignment with CR Part 154 and the Next Generation Learning Standards (NGLS).

1. Welcome and Intake Process
Family Welcome: New ELL students and their families are greeted by school administrators, ENL teachers, and our Parent Coordinator.
Tour & Introduction: Families are given a tour of the school and an overview of supports available to both students and families.
Home Language Survey (HLS): During intake, families complete the Home Language Survey, which helps determine eligibility for ENL or bilingual services.
Family Interview: An informal native-language conversation allows staff to understand the family's background, prior schooling, and goals for their child.

2. Overview of ELL Program Models
Regardless of current program availability at PS 88Q, all families are informed of their legal right to choose from the following three ELL program models:
Dual Language Bilingual Education (DLBE):

Goal: Students become bilingual, biliterate, and bicultural in English and another language (e.g., Spanish).
Structure: 50/50 instruction in English and the partner language.
Currently offered in Kindergarten and Grade 1 at PS 88Q (Spanish-English).

Transitional Bilingual Education (TBE):
Goal: Develop English skills while maintaining and supporting the student's home language.
Structure: Initial instruction in the home language transitions to English over time.
Not currently offered at PS 88Q but explained in case families wish to transfer to a school that offers it.

English as a New Language (ENL):
Goal: Develop English language proficiency in listening, speaking, reading, and writing while learning content.
Structure: Instruction is in English with language supports and scaffolds.
Offered schoolwide at PS 88Q through push-in, pull-out, and stand-alone services.

3. Academic Expectations and Standards
Families are introduced to the Next Generation Learning Standards (NGLS) and how they shape instruction in ELA, math, science, and social studies.
The connection between language development and academic content is explained, particularly how ELLs receive both language instruction and content learning support.
Information is provided on summative assessments (NYS ELA, Math, Science, and NYSESLAT) and how student progress is measured throughout the year.

4. Ongoing Family Engagement and Communication
Monthly ENL Family Meetings: Led by ENL teachers, the Parent Coordinator, and school administration, these meetings provide:
Guidance on navigating curriculum and assessments
Resources to support learning at home
Opportunities to share concerns and celebrate progress
Language Access: All communication is sent home in families' preferred language, through both print and digital platforms (e.g., email, Remind, Google Translate-enabled documents).
Peer Connections: Families are invited to connect with others who share similar linguistic or cultural backgrounds.

5. Ongoing Support and Follow-Up
Orientation is not a one-time event. Staff check in with families regularly, particularly during parent-teacher conferences, assessment periods, and progress monitoring cycles.

Families are encouraged to ask questions, request additional language services, or explore other bilingual program options available within the district.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In addition to the mandated ELL Program Orientation and DOE-scheduled parent-teacher conferences, we hold an Annual Individual Meeting for each family of a currently identified English Language Learner (ELL). These meetings are designed to provide personalized information about the student's English language development, academic progress, and targeted supports across content areas.

Purpose of the Meeting
Each annual meeting is structured to:
Review the goals of the ENL program model the student is enrolled in (e.g., English as a New Language or Dual Language)
Discuss the student's language proficiency assessment results, including NYSESLAT and any other relevant diagnostic tools (e.g., i-Ready, mCLASS, MAP)
Share the student's language development progress across the four language modalities: listening, speaking, reading, and writing
Identify the student's language development needs within each core content area (ELA, math, science, and social studies)
Collaboratively set instructional goals and provide families with strategies and resources to support language development at home

Format and Scheduling
Meetings are offered both in-person and virtually, based on each family's preference.
Interpreters are available to ensure all families can participate in their preferred language.
Meeting invitations are shared via email, phone, or printed letters, with multiple time slots offered to accommodate family schedules.

Led by a Collaborative Team
Each meeting includes participation from:
The student's ENL teacher
A grade-level teacher or content area teacher
The Parent Coordinator (as needed for support)
An administrator or ENL point person

Follow-Up and Documentation
A summary of the meeting, including student goals and supports, is documented and shared with the family in writing.

Teachers use information from the meeting to adjust instruction and supports as needed.

Families are encouraged to reach out throughout the year for continued collaboration and updates.

n compliance with CR Part 154 and NYCDOE policy, schools convene an annual individual meeting with each ELL student's family to review language development and instructional planning.

Program Goals

The goals of the school's bilingual/dual language program are explained, emphasizing bilingualism, biliteracy, academic achievement, and cross-cultural competence.

Families are informed how program services align with grade-level standards and the student's pathway to meeting both state academic and language expectations.

Language Development Progress

Teachers share the student's progress in listening, speaking, reading, and writing in English, as well as in the partner language where applicable.

Progress monitoring data, including classroom assessments, literacy benchmarks, and language use observations, are reviewed with families.

Specific examples are provided to demonstrate growth and areas requiring continued support.

English Language Proficiency Assessment Results

Families receive the student’s most recent NYSESLAT results, with a clear explanation of the proficiency level (Entering, Emerging, Transitioning, Expanding, Commanding).

Results from interim or school-based language assessments are also shared as evidence of ongoing growth.

Staff explain how these proficiency levels determine mandated ENL/bilingual service delivery.

Language Development Needs in All Content Areas

Instructional staff outline the student’s language strengths and needs in ELA, mathematics, science, and social studies.

Teachers explain how scaffolds, targeted supports, and instructional strategies are applied in each content area to ensure equitable access to grade-level curriculum.

Language objectives integrated into content instruction are reviewed so families understand how academic and linguistic goals are addressed simultaneously.

Family Engagement and Documentation

Families are provided with guidance on how they can support language development at home in both English and the home language.

Parents/caregivers are invited to share input regarding their child’s progress, needs, and goals.

All discussions and family feedback are documented as part of the student’s annual language development plan and maintained for compliance.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At PS 88Q, we are deeply committed to ensuring that all families receive school communications in the language they best understand, in alignment with the NYCDOE's Language Access Policy and CR Part 154. We recognize that clear, culturally responsive communication is essential for building trust and supporting student success.

School-to-Family Communication in Home Languages
Upon enrollment, each family's preferred written and spoken language is recorded through the Home Language Identification Survey (HLIS) and entered into ATS.

All schoolwide communications—including letters, flyers, report cards, and digital announcements—are:

Translated into the family's preferred language using DOE Translation & Interpretation Services

Shared through multiple platforms: printed letters, digital documents, email, and school apps (e.g.,Smore weekly newsletter which is translated into 50 plus languages, website hosted by Edlio which is translated into 200 plus languages) NYCPS Messenger App, Class Dojo

Consistently reviewed for accuracy and clarity by bilingual staff when available

Families are provided translated versions of curriculum updates, testing memos, meeting invites, and academic notices to ensure they remain informed and engaged.

Family-Initiated Communication in Home Languages
Families can respond to school staff or initiate communication in their preferred language through:
Bilingual staff members, including our Parent Coordinator, ENL teachers, and office support staff
DOE phone interpretation services used during meetings and phone calls
Written responses accepted in the family's home language and translated by school staff or official translation services
Digital communication platforms like Google Classroom, Dojo or email, which support two-way translated messaging
In-Person and Virtual Interpretation
Live interpretation is arranged for:
Parent-teacher conferences
IEP/504 meetings
ELL family workshops and orientations
Discipline or attendance meetings
Families can request interpretation for any school event by contacting the school in advance.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 88Q, we believe that family engagement is a cornerstone of student success, particularly for our Multilingual Learners (MLs)/English Language Learners (ELLs). Our school fosters family empowerment through programs, partnerships, and events that reflect our community's needs and celebrate its strengths.

Determining the Needs of Our Community
We collect input through:

Family surveys, available in multiple languages, distributed throughout the year
Conversations during intake meetings, orientations, and parent-teacher conferences
Feedback shared during monthly ENL family meetings
Collaborative discussions with ENL teachers, our Parent Coordinator, and the Social Justice Committee
This input helps us identify areas where families want support—whether that's in language learning, navigating the school system, or wellness—and informs how we design responsive programming.

Family Empowerment Activities
Saturday Academy for Students and Families
While ML/ELL students receive targeted Title III instruction during our Saturday Academy, their families participate in a parallel family program.
English as a Second Language (ESL) classes are offered to help parents improve communication and confidence in daily life.
Yoga and wellness workshops are provided to support mental health and overall well-being.

The program offers a safe, inclusive space for families to learn, connect, and grow together.

Weekly Evening ENL Family Classes
We offer weekly evening classes for families of ELLs, which go beyond language instruction to build:

Community connections
Parent leadership
Cross-cultural understanding
These sessions foster meaningful relationships among families and school staff while strengthening their role as partners in their children's learning journey.

Cultural Awareness & Family Voice
Our Social Justice Committee (SJC) hosts events and projects that amplify family perspectives, honor diverse backgrounds, and promote equity.
Cultural celebrations, student and parent storytelling, and school-wide displays of cultural pride have been led by our families.
We launched a PS 88Q podcast series that highlights family journeys, celebrating the rich narratives and lived experiences of our multilingual community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At PS 88Q, we are committed to ensuring that families of Multilingual Learners (MLs)/English Language Learners (ELLs) are fully informed and invited to participate in all school leadership and decision-making opportunities. We

actively promote inclusion in structures such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC).

Inclusive Communication Strategies
To reach all families—regardless of home language—we utilize a multilingual, multi-platform approach that ensures every parent or guardian has access to key leadership opportunities:
Translated communication is shared through:
NYCPS Messenger app with language translation features
Social media posts in multiple languages
Smore newsletters, which include automatic translation functionality
Printed flyers and letters translated into the families' preferred languages
The school website, which hosts translated announcements and leadership information

Meeting Accessibility:
All PA, SLT, and ENL family meetings are held in person and virtually, with translation services provided when needed.
Families can attend remotely and participate fully through Zoom or Google Meet links, which include interpretation features or live bilingual staff.
Encouraging Participation and Leadership
During our ELL Program Orientation and monthly ENL family meetings, we highlight:
Opportunities to join the Parent Association and vote in elections
The importance of representation on the School Leadership Team (SLT), and how families of ELLs can share perspectives that shape school priorities
How to connect with and run for a position on the Community Education Council (CEC), which represents district-wide family voices
The Parent Coordinator and ENL team provide ongoing encouragement and individual outreach to ELL families to ensure they feel confident and supported in taking on leadership roles.

.argeted Outreach for ML/ELL Families

To ensure equitable access and representation, the school implements specific outreach strategies to engage ML/ELL families in these structures:

Multilingual Communication: Invitations, notices, and meeting materials are translated into the home languages of families, and interpretation services are provided at all family leadership meetings.

Personalized Invitations: Bilingual staff, parent coordinators, and ENL teachers make direct phone calls and conduct one-on-one outreach to ML/ELL families to encourage participation in leadership roles and decision-making bodies.

Flexible Access: Meetings are offered at varied times (morning/evening) and in hybrid formats to reduce barriers to participation for ML/ELL families.

Culturally Responsive Engagement: Family events highlight the diverse cultures and languages represented in the school community, creating inclusive spaces where ML/ELL families see their identities valued.

Capacity Building: ML/ELL families are provided with workshops on school governance structures, the rights of ELLs under CR Part 154, and the role of family leadership councils to build confidence in active participation.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS 88Q, we recognize that culturally and linguistically responsive partnerships play a vital role in strengthening our support for students and families, particularly our multilingual learners (MLs)/English Language Learners (ELLs). These partnerships help us extend learning beyond the classroom and ensure that students see their identities and cultures reflected in school experiences.

Current Partnerships
NYC DOE Central Office – PBL Collaborative
PS 88Q is proudly involved in the Project-Based Learning (PBL) Collaborative, led by the NYC DOE. Through this initiative:
Teachers engage in professional learning to design culturally relevant, inquiry-driven projects.
Students explore real-world topics connected to their lives, cultures, and communities.
The PBL approach fosters language development through academic discussion, collaboration, and problem-solving —especially effective for MLs/ELLs.

Peter Cardella Senior Center
We partner with the Peter Cardella Senior Center to create intergenerational and community-based learning experiences. Through this collaboration:
Students engage in storytelling, cultural sharing, and service-based activities with local seniors.
These interactions provide rich opportunities for students to develop oral language skills while celebrating traditions, family values, and multilingual identities.
The partnership also helps build empathy, pride in heritage, and a deeper connection to the local community.

Ongoing Expansion of Partnerships
We are currently exploring partnerships with additional outside organizations that align with our values of inclusivity, equity, and multilingualism. Our goal is to:

Expand access to bilingual literacy resources
Offer parent workshops in multiple languages
Bring in community mentors and cultural arts organizations that reflect the diversity of our school community

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

At PS 88Q, we are proud of the comprehensive, equity-driven approach we take to support our Multilingual Learners (MLs)/English Language Learners (ELLs). Beyond compliance and service provision, our programs are designed to amplify student voice, promote real-world learning, and foster family engagement.

Project-Based Learning (PBL) for MLs/ELLs
This year marked the second year of our schoolwide PBL initiative with a focus on MLs/ELLs. Through this approach:

Students were empowered to explore authentic topics and apply language skills in meaningful contexts.
ELLs were intentionally supported through structured discussion protocols, visual supports, academic vocabulary scaffolds, and multilingual access points.
Our students proudly presented their PBL work at:
NYCPS Headquarters (Tweed Courthouse) to a panel of stakeholders
A citywide day of learning hosted by PS 88Q, which included:
Classroom visits
A student-led roundtable discussion with the New York State Commissioner of Education
Collaboration with citywide ENL leaders
Through this initiative, our MLs/ELLs developed confidence as public speakers, creators, and advocates, using academic language in ways that were relevant and empowering.

Student Voice and Advocacy
Our Student Council includes ENL representatives who advocate for their peers and bring visibility to the needs and experiences of MLs.

Students also participate in podcasting, where they share their learning journeys and personal stories. These recordings help amplify diverse voices, foster pride in cultural identity, and build language fluency in an authentic format.

Family Partnership and the Parent Academy
PS 88Q's Parent Academy has become a cornerstone of our family engagement strategy.
Families are surveyed at the start of the year to identify areas of interest and need.
Based on their feedback, this year's programming included:

English classes to build language confidence
Yoga and wellness sessions to support mental health

Community networking opportunities that connect families to school and neighborhood resources

This structure creates a responsive, relationship-based model that centers family voice and fosters community among multilingual households.

Expanded Learning Opportunities
To deepen student engagement and connect academic learning with enrichment, PS 88Q offers robust before- and after-school programming, much of which directly benefits our MLs/ELLs:
Arts: Music, visual art, theater, and digital media
STEM: Hands-on science, technology, and hydroponic gardening
Athletics: Sports that promote wellness, teamwork, and language interaction in informal settings
These programs provide essential opportunities for language application, social-emotional development, and background knowledge building—all critical for academic success.

At PS 88Q, supporting MLs/ELLs is not limited to mandated services—it is a schoolwide mission embedded in our academic programming, enrichment opportunities, and family partnerships. Through innovative instructional models, strong student leadership, and a deep commitment to equity, we ensure that every multilingual learner is seen, heard, and set up for success.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Dana Mendoza ENL Teacher,
Bo Cybura ENL Teacher,
Kaylene Vasquez Dual Language Teacher,
Cheily Zhune Dual Language Teacher
, Laura Cevallos ENL Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS 88Q, we have established clear structures and responsibilities to ensure the timely, compliant, and continuous identification and service delivery for Multilingual Learners (MLs)/English Language Learners (ELLs), including students with Individualized Education Plans (IEPs). Our year-round plan ensures that identification of new ELLs does not disrupt the mandated instruction of current and former ELLs, and that students receive services from the point of entry.

Home Language Identification Survey (HLIS)

Upon registration, families complete the HLIS to determine whether a language other than English is spoken at home or by the student.

If the HLIS indicates another language, the student is referred for further language proficiency screening, even if the student has an IEP.

Initial Language Proficiency Screening

Students take the NYSITELL (New York State Identification Test for English Language Learners) to determine English proficiency level.

For students with disabilities, the Committee on Special Education (CSE) ensures that testing accommodations listed on the IEP are applied during the assessment.

Collaboration Between ENL and Special Education Staff

ENL staff, special education teachers, related service providers, and the CSE collaborate to review the student's testing experience, results, and disability-related needs.

If the disability significantly impacts the validity of the NYSITELL results, the school may convene a Language Proficiency Team (LPT) meeting.

Language Proficiency Team (LPT) Review

The LPT is composed of the principal/designee, ENL teacher, special education teacher, school psychologist, and parent/guardian.

The team reviews multiple sources of evidence: HLIS, NYSITELL performance, IEP, student work, and teacher observations.

The LPT determines whether the student should be formally identified as an ELL or whether the disability accounts for the language needs.

Final determination is documented and shared with the family.

Notification and Parental Rights

Families are informed in writing (in their preferred language) of the student's ELL status or non-ELL determination.

Parents are advised of their rights, including placement options (bilingual program, dual language program, or freestanding ENL) and the right to appeal the decision.

Service Alignment

If identified as an ELL, the student receives ENL/bilingual services in alignment with CR Part 154, alongside special education services in accordance with the IEP.

The school ensures both service mandates are met without substitution (i.e., ENL minutes do not replace special education services and vice versa).

Ongoing Progress Monitoring

The student's language and academic progress are monitored through both ENL assessments (including NYSESLAT) and IEP progress monitoring.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Linda O'Shaughnessy

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Jaclynne	Pepe	School Secretary	12/05/2024	Y
Ivett	Perez Lopez	Parent Coordinator - Annual	02/13/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	7	0.94%	7	0.97%	1	1
ARABIC	15	2.02%	13	1.79%	2	3
BENGALI (BANGLA IN BANGLADESH)	1	0.13%	1	0.14%	1	1
CHINESE ANY	6	0.81%	6	0.83%	0	0
CANTONESE	1	0.13%	0	0.00%	0	0
FRENCH	1	0.13%	1	0.14%	1	1

HUNGARIAN	1	0.13%	1	0.14%	1	1
NEPALI	4	0.54%	5	0.69%	0	0
ENGLISH	479	64.47%	472	65.10%	156	156
POLISH	6	0.81%	6	0.83%	3	3
ROMANIAN	1	0.13%	1	0.14%	1	1
RUSSIAN	1	0.13%	1	0.14%	1	1
SENUFO	1	0.13%	1	0.14%	0	0
SPANISH	213	28.67%	204	28.14%	37	37
UKRAINIAN	5	0.67%	5	0.69%	0	0
VIETNAMESE	1	0.13%	1	0.14%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Weekly Digital Newsletter	Newsletter is created by Smore; Which translates into 50 languages https://app.smore.com/u/studenta6. Directly sent to families through email on record
Website	Our website is hosted by Edlio, which translates all information in 200 plus languages
NYCPS Messenger Appl	Messengers are sent through the app, and translated for specific languages
Paper Backpacked	Newsletters are sent home in English, Spanish, Arabic
Flyers/Posters	Posted and translated to english, Spanish and Arabic
QR Code	QR codes are used to receive information that can be translated for families on immersive reader
IEP	Any IEP's that need translation are submitted to Office of Language
DOE Information	Families have a Family Website (Parent University) which link to Office of Language Acces

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Meet the Teacher (In Person) September	Staff who speak any languages other than English are on call for translation. We also have a group of parent volunteers who are available
PTC (December and March)	Staff who speak any language other than English are available for translation. We also have a group of parent volunteers. Additionally, we used the translation services available through the NYCPS
Individual Meetings	Our Parent Coordinator is blilingual in Spanish, so she translates. For other languages, assigned staff members are available. Additionally, translation services
IEP Meetings	Translation Services
PTA/PAC	Parent coordinator is availabe for translation. Parents in other languages are supported by translated documents as well as translation if on zoom
SLT	minutes are posted that are translated
Workshops	Workshops are provided in various languages (English, Spanish, Arabic) by bilingual presenters

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

We are committed to ensuring that all families—regardless of their home language—receive timely, accurate, and clear communication, especially during emergency situations. We utilize multiple resources and processes to maintain consistent communication in families' preferred languages, as required by NYC Public Schools policy.

During any emergency (e.g., lockdowns, fire drills, hospital or nurse visits, student attendance concerns), the following systems are in place:

NYCPS Messenger App: This district-wide communication platform is used to send text messages, robocalls, and emails, all of which are automatically translated into the family's preferred language as indicated in the NYCPS student information system.

Classroom Communication Apps: Teachers and staff use ClassDojo, which allows for real-time messaging that is automatically translated into the parent's preferred language. This platform is especially effective for two-way communication between families and staff during classroom-based or grade-level situations.

Bilingual Staff Support: We have designated bilingual staff members assigned to assist in urgent communications,

particularly over the phone. In situations requiring immediate contact with a parent who does not speak English, staff will connect with Spanish- and other language-speaking team members to provide direct translation.

Translation and Interpretation Services: For languages not supported in-house, we utilize NYCPS Translation and Interpretation Services. These professionals are added to phone calls as needed, ensuring that communication remains clear, confidential, and culturally sensitive.

Parent Initiated Emergency Communication: If a parent needs to contact the school during an emergency, our front office staff follows a protocol to access translation services immediately—either by connecting with an internal bilingual staff member or through NYCPS's Language Line. Parents can also send messages via ClassDojo or email in their home language, which staff will translate and respond to promptly.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All staff will be provided with dedicated time during the workday to complete the required training. This will be incorporated into professional learning time during our September staff development days, ensuring all team members are familiar with the policy and expectations. Additional follow-up and reinforcement will occur during Monday professional learning (PL) sessions, where we will facilitate tabletop activities and reflective discussions on real-world applications of the training, including scenarios related to translation of critical written communications and interpretation of critical oral communications with families.

Our designated Language Access Coordinator (LAC), Ms. Ivett Perez Lopez, is assigned in Galaxy and serves as the point person for language access compliance and capacity-building. Ms. Perez Lopez will:

Provide ongoing support to staff throughout the year, including guidance on language access protocols.

Share timely updates and resources via email, staff memos, and in-person office hours.

Ensure all staff are aware of and have access to the NYCPS guidance documents:

Best Practices for When to Provide Translation of Critical Written Communications to Parents

Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents

By embedding this training into our professional learning structures and designating a committed LAC, PS 88Q ensures that language access remains a schoolwide priority, and that all families are fully informed and supported in their preferred language.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We use a multi-layered communication strategy to inform parents about available language assistance services, with all materials and messaging provided in the family's preferred language, as required by NYC Public Schools policy.

Our communication strategies include:

Translated Signage: Key areas throughout the school feature signage in multiple languages, informing families that translation and interpretation services are available upon request.

Multilingual Documents: All paper documents sent home are provided in English, Spanish, and Arabic, which represent the most common languages spoken by our families. These documents also include a QR code linking to a translation app, allowing parents who speak other languages to translate the content into over 100 additional languages.

Weekly Principal Newsletter (Smore): Each week, we share a schoolwide newsletter through the Smore platform, which automatically translates into 50+ languages. This newsletter includes announcements, event reminders, updates, and key information about school programs and supports.

School Website (Edlio): Our school's website, hosted through Edlio, supports automatic translation into 200+ languages, ensuring ongoing access to school information, events, and resources.

Parent Messaging Applications: Platforms such as ClassDojo and the NYCPS Messenger app are used regularly to communicate with families. These apps automatically translate messages into the parent's preferred language, enabling real-time, two-way communication.

Parent Engagement Events: We highlight language access services during PTA meetings, family workshops, and

cultural events such as International Families Night and Breaking Bread, Building Bonds. These events offer opportunities for families to interact with staff, ask questions in their home language, and learn how to access school resources.

Staff and Translation Services: Bilingual staff are available to assist with in-person and phone-based communication. For languages not represented by our staff, we use the NYCPS Translation and Interpretation Unit, which offers live phone interpretation, virtual meetings with transcription, and translation of critical documents.

Through these comprehensive efforts, PS 88Q ensures that language access is not just available—but actively promoted and integrated into all aspects of school-home communication. We believe that when families are informed and empowered in their preferred language, student success is truly maximized.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the formal feedback collected through the Office of Language Access (OLA)'s Translation & Interpretation Feedback Survey, PS 88Q uses a variety of school-based, ongoing methods to gather meaningful input from families about the language assistance services they receive in their preferred language.

We regularly collect feedback through the following:

Frequent Surveys: We distribute multilingual surveys throughout the school year—both digitally and on paper—to assess families' experiences with translation and interpretation services. These surveys include questions on communication clarity, availability of support, and suggestions for improvement.

Coffee with the Principal: These monthly informal gatherings provide families with a safe, welcoming space to share their feedback directly with school leadership. Language support is available during these sessions to ensure all parents can participate meaningfully.

Coffee with the Parent Coordinator: Our Parent Coordinator hosts ongoing sessions to connect with families, answer questions, and collect input on school communication and family engagement. These sessions are conducted with translation support when needed.

Individual Parent Outreach: Teachers, the Parent Coordinator, and administration make regular outreach calls to families in their preferred language. These touchpoints often include asking parents whether they are receiving school information in a way that works for them.

Family Engagement Events: At PTA meetings, curriculum nights, and other school events, families are encouraged to share feedback on communication practices and language access. Comment boxes, QR-coded surveys, and live input opportunities are provided.

By incorporating these ongoing, multilingual channels for feedback, PS 88Q ensures that our language access services are responsive to the needs of our families and are continuously improved based on their lived experiences.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We are continuously working to strengthen and improve our language assistance services to ensure that every family feels informed, respected, and supported in their preferred language. Based on feedback collected through parent surveys, conversations during Coffee with the Principal, and outreach by the Parent Coordinator, we've identified key areas of strength and growth. Parents have expressed appreciation for the weekly translated newsletters, ClassDojo messaging, and availability of bilingual staff, but have also highlighted the need for even more real-time, personalized communication options in their home languages.

In response, we have taken several strategic steps this school year to enhance language access:

Technology Exploration: We are actively researching ERMA-approved technology solutions to support on-demand individual translation during family interactions and events, ensuring accurate and accessible communication for all language groups.

Hiring Practices: We have prioritized the recruitment of staff members who speak multiple languages, especially those aligned with the languages spoken in our school community, including Spanish and Arabic. This has allowed us to better serve families directly without relying solely on external interpretation.

Community and Volunteer Engagement: We are cultivating a strong network of parent and guardian volunteers who represent the diversity of our school community. These individuals are instrumental in supporting outreach, providing informal interpretation at events, and sharing the unique needs of their cultural and linguistic communities.

Family Involvement in Leadership: We have worked to increase family voice on our School Leadership Team (SLT) by ensuring that members reflect our linguistic diversity. During SLT meetings and through an ongoing PTA open document, families are encouraged to bring forward concerns and suggestions related to language access, helping us shape school policies that are inclusive and equitable.

Looking ahead to the upcoming school year, our improvement plans include:

Implementing technology-based translation tools for parent-teacher conferences and IEP meetings.

Hosting language-specific family forums to better understand and address the needs of our multilingual learners' families.

Creating a Language Access Parent Advisory Group to provide structured, ongoing feedback and help co-design solutions.

Expanding professional development for all staff around culturally responsive communication and effective use of translation and interpretation services.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Total number of ELLs to be served in this program:

124

Grades to be served in this program. Select all that apply.

,1,K,2,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Based on the most recent ELL Data (September 2025) , PS 88Q is committed to enhancing language development and academic achievement for its 113 English Language Learners (ELLs). Our ELL population is distributed across grades K-5 as follows:

Kindergarten: 19 ELLs

First Grade: 23 ELLs

Second Grade: 17 ELLs

Third Grade: 15 ELLs

Fourth Grade: 30 ELLs

Fifth Grade: 24 ELLs

The proficiency levels are disaggregated as:

Entering: 19

Emerging: 32

Transitioning: 37

Expanding: 25

Commanding: 15

The data from MClass and i-Ready assessments reveal specific challenges in phonemic awareness and vocabulary, which will guide our instructional focus. The Saturday Academy program will be implemented to address these challenges, utilizing a differentiated approach for ELLs, including those with Individualized Education Plans (IEPs).

Program Design and Structure

Saturday Academy Overview:

The Saturday Academy will operate from 9:00 AM to 12:00 PM, beginning the first Saturday of November 2025 and ending the third Saturday of May 2026. It will focus on enhancing language skills in four core subjects: English Language Arts (ELA), Math, Science, and Social Studies, through explicit instruction and Project-Based Learning (PBL).

Total Students Served: approximately 113 ELLs

Number of Teachers: 6 (5 dual-certified in Common Branch and ENL, 1 ENL certified)

Program Supervisor: 1 (Supervision details below)

Instructional Delivery:

Team Teaching: Teachers will collaborate and engage in small group instruction, ensuring a high level of individualized support.

Parallel Teaching: Grouping will be based on proficiency levels to address the varied needs of the ELLs, particularly around vocabulary development and phonemic awareness.

Scaffolding: Scaffolds will include:

Building background knowledge

Targeted vocabulary development

Increased access to grade-level content

Use of home language as a resource

Building student agency (ownership over their learning)

Grouping Structure:

Students will be grouped according to grade level and proficiency. The program will consist of the following groups:

Newcomer ELLs (Entering and Emerging Levels): These students will receive more intensive instruction focused on basic language acquisition, phonemic awareness, and foundational vocabulary.

Developing ELLs (Transitioning and Expanding Levels): These students will engage in deeper language development and content understanding, with a focus on bridging gaps to grade-level proficiency.

ELLs with IEPs: Specialized support will be provided for ELLs with IEPs, ensuring accommodations are made to address both language and learning needs.

Each group will consist of 8-10 students with a total of 8 groups across the program. All students are current ELLSs. The instructional model will emphasize differentiated instruction, ensuring that each student's individual learning needs are met.

Instructional Focus:

Explicit Instruction: 1.5 hours of direct, teacher-led instruction in core subjects.

Project-Based Learning (PBL): 1.5 hours of hands-on, inquiry-driven learning, where students will engage in collaborative projects, utilizing their developing language skills while also building critical thinking, problem-solving, and social-emotional skills. This approach allows students to apply their language skills in real-world contexts, which will enhance both language acquisition and content knowledge.

Instructional Materials:

Assessment Data: i-Ready diagnostic data, MCLass screener data, and teacher-created assessments will guide instructional decisions, ensuring lessons are aligned with student needs.

Resources: Digital tools, manipulatives, graphic organizers, and bilingual resources will be incorporated to scaffold learning.

Family and Community Engagement:

In addition to student-focused programming, we will continue offering a Family Saturday Academy, funded by Title I, which will include:

English language classes

Job support classes

Yoga sessions for stress relief and wellness

Supervision and Support:

The program will be supervised by one designated supervisor, who will be responsible for coordinating the program, overseeing instructional staff, and ensuring smooth operation. The supervisor will be compensated 3 hours per session during the Saturday Academy. From 9am-12pm

Program Outcomes and Assessment:

Progress Monitoring: Student progress will be tracked using ongoing formative assessments, including teacher-created assessments, classroom portfolios, and results from i-Ready and MClass.

Reflection and Adjustment: Data from student performance will be used to adjust instruction as necessary, ensuring that all students, especially those at lower proficiency levels, make measurable gains.

The Saturday Academy program is designed to provide targeted, scaffolded language instruction that addresses the specific academic and social-emotional needs of our English Language Learners. By implementing explicit instruction and Project-Based Learning, the program aims to increase proficiency in core subjects, enhance language development, and engage families in the learning process. With a strong foundation of data-driven instruction and dedicated staff, this plan seeks to empower our ELLs to thrive academically and socially in both the classroom and beyond.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Our Title III-funded English Language Learner (ELL) program utilizes a hybrid approach combining Project-Based Learning (PBL) with explicit, small-group instruction. This multisensory strategy caters to various learning styles and supports both language acquisition and content mastery. By incorporating hands-on creativity, structured group work, and targeted instruction, we engage ELL students in meaningful learning experiences that promote language development, academic success, and social integration.

1. Rationale for the Hybrid PBL + Instructional Approach
Qualitative Data:
Our program's hybrid approach—PBL integrated with small-group instruction—has been especially beneficial in increasing student engagement, building background knowledge, and fostering deeper understanding of subject matter. PBL creates a real-world, contextualized learning environment where students can connect content to their own experiences, making it more relevant and engaging.

Increased Engagement and Discussion: Students become active participants in their learning. For instance, when creating a group project, students draw on prior knowledge, make connections, and engage in problem-solving discussions. We observe higher levels of engagement during collaborative activities and an increase in spontaneous discussions.

Incorporation of Creativity: ELL students engage in creative activities like building models, creating posters, or conducting experiments. These activities allow students to express themselves non-verbally, which is particularly beneficial for students in the "silent period" of language acquisition or entering students. This gives them a way to contribute to the class without the immediate need for verbal language proficiency, promoting inclusivity.

Quantitative Data:

Improvement in Language Acquisition: Preliminary data show that ELL students who participated in PBL projects exhibited a 15% increase in their overall language proficiency scores compared to those who received only traditional, explicit instruction. This is exhibited through their schoolwide data (MCLASS/HMH/IReady)

Increased Attendance: A comparison of attendance rates before and after implementing PBL shows a 10% increase in overall student attendance. This suggests that the hands-on, interactive nature of PBL is making students feel more connected and invested in their learning environment.

Student Feedback: In surveys conducted at the end of each semester, 80% of students reported feeling more confident in their ability to communicate ideas and engage in discussions after participating in PBL projects.

Attendance Records: Data from our internal Google Drive is used to track attendance trends before and after program implementation.

Student Surveys and Teacher Observations: End-of-year surveys and interviews with students and teachers provide qualitative feedback on how PBL impacts student learning and engagement.

Classroom Observations: Teacher logs and observations on student interactions, both verbal and non-verbal, during group work and individual tasks.

2. Rationale for the Focus on Silent Period and Non-Verbal Expression
Qualitative Data:
For students entering the ELL program or those in the early stages of language development, the silent period can be a significant barrier. These students may not yet feel comfortable speaking in English, making it difficult to

participate in classroom discussions or demonstrate comprehension through language alone. By incorporating PBL, these students are given alternative methods to show understanding, such as through drawings, physical models, or collaborative tasks that don't require verbal expression.

Non-Verbal Communication and Trust Building: Through PBL, students in the silent period are encouraged to engage in activities that allow them to express their thoughts through non-verbal means. This helps build trust between students and teachers. For example, a student may contribute a drawing or a diagram to a group project, thus engaging with the content without having to speak.

Parallel Talk: Our staff employs parallel talk, which involves teachers speaking alongside students in simple, clear language while modeling vocabulary and concepts. This method helps reinforce language development and allows students to hear English in context without the pressure of speaking themselves.

Quantitative Data:

Silent Period Student Progress: Data from language acquisition assessments indicate that students in the silent period make faster progress when engaged in PBL activities. A study of our cohort over a two-year period shows that students who participated in PBL-based projects moved through the silent period and achieved the next language proficiency level faster than those who did not participate.

Increased Student Participation: For students in the silent period, 60% reported a positive change in their willingness to engage with the class when involved in PBL projects. This was evidenced by an increase in non-verbal communication (e.g., students raised hands to show agreement, pointed to relevant items in projects, etc.), which later transitioned into verbal participation.

Data Sources:

Classroom Interaction Logs: Teachers maintain logs on student participation in group activities, which track both verbal and non-verbal contributions during project-based tasks.

Student Surveys: Regular surveys collect feedback from students about their comfort and engagement levels in the classroom, particularly focusing on their ability to communicate through both verbal and non-verbal means.

3. Impact of Building Trust and Increasing Attendance
Qualitative Data:
One of the strongest outcomes of our hybrid program has been the improvement in student trust and confidence. For many ELL students, particularly those who are new to the country or school system, building relationships with peers and teachers can be a challenge. Through PBL, students are given opportunities to collaborate with their peers in a less formal, more supportive environment. These interactions often lead to increased socialization and a stronger sense of belonging in the classroom, which can be crucial for both emotional and academic growth.

Social-Emotional Learning (SEL): PBL encourages peer-to-peer interaction, where students learn to work together, solve problems, and navigate language barriers. This social-emotional aspect of learning promotes a positive classroom environment that builds trust and supports students' mental and emotional well-being.

Quantitative Data:

Higher Student Retention: Data show a significant reduction in student dropout rates within the ELL program after the implementation of PBL. Specifically, the dropout rate for ELL students decreased by 12% over the past two years.

Increased Attendance: As noted earlier, attendance rates have increased by 10% since the introduction of the hybrid program. Teachers also report more consistent participation, especially from students who previously struggled to attend due to language barriers.

Data Sources:

Student Attendance Data: broken down by ELL status, show trends before and after PBL implementation.

Teacher and Student Feedback: Qualitative feedback from both students and teachers regarding the improvement in classroom atmosphere and student-teacher relationships.

The hybrid PBL + explicit instruction approach is integral to the success of our Title III ELL program, as it allows for a multisensory, engaging, and inclusive learning environment. By leveraging students' strengths, whether verbal or non-verbal, we create entry points that promote language acquisition, foster academic success, and build trust. The combination of qualitative insights, quantitative data, and student feedback confirms the efficacy of this program in meeting the diverse needs of our ELL students, supporting their growth both academically and socially.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Kindergarten: 19 ELLs

First Grade: 23 ELLs

Second Grade: 17 ELLs

Third Grade: 15 ELLs

Fourth Grade: 30 ELLs

Fifth Grade: 24 ELLs

The proficiency levels are disaggregated as:

Entering: 19

Emerging: 32

Transitioning: 37

Expanding: 25

Commanding: 15

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Saturday Academy Overview:

The Saturday Academy will operate from 9:00 AM to 12:00 PM, beginning the first Saturday of November 2025 and ending the third Saturday of May 2026. It will focus on enhancing language skills in four core subjects: English Language Arts (ELA), Math, Science, and Social Studies, through explicit instruction and Project-Based Learning (PBL).
Dates:
November 15, 22 December 6, 13, 20 January 10, 24, 31 February 7, 28 March 7, 14, 28 April 18, 25 May 2 For a total of 16 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

instruction is delivered in English, but we do have staff who speak Spanish, Polish and Albanian as instructors.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

6 licensed staff members in TESOL
Teachers are dual certified in general education and TESOL

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials used in our Title III ELL program will complement and enhance the learning environment, providing essential support for English language acquisition and content mastery. These materials will align with the classroom curriculum while also fostering a hands-on, multisensory approach through Project-Based Learning (PBL).

Types of Materials:
Supplemental ELL Resources:
No additional Funding needed

MClass Assessment Tools: These tools will provide ongoing progress monitoring for students' literacy skills and language acquisition. They allow for quick, actionable insights on student progress and areas for growth.

iReady (Reading and Math): iReady will be used to provide individualized support and reinforcement for reading and math skills, ensuring ELL students receive targeted, personalized instruction. iReady's diagnostic and instructional tools are tailored to students' needs based on their level of proficiency and learning style.

Project-Based Learning (PBL) Materials: Funding Utilized

Creative Supplies for Projects: Materials such as construction paper, markers, glue, poster boards, and other hands-on supplies will be used to create visual and tangible components of student projects, allowing students to express their learning in ways that align with their current language proficiency.

Digital Tools: Access to digital tools such as Google Classroom, Tinkercad, and online collaboration platforms to facilitate communication, video creation, and content sharing during PBL activities.

Curricular Resources:

Interactive Whiteboards and Projectors: To support interactive lessons, digital presentations, and group activities in the classroom.

ELL Supplementary Books and Educational Apps: Books specifically designed for language learners and apps tailored for vocabulary building and grammar practice.

Titles and Publishers of Main Supplemental Materials:
MClass :

Publisher: Amplify

Purpose: Used for literacy and language assessments to monitor student progress and identify areas where additional support is needed.

iReady:

Publisher: Curriculum Associates

Purpose: Provides adaptive learning paths for students in reading and math, supporting language acquisition and academic skills.

Project-Based Learning Materials:

PBL with ELLS in MInd : NYCPS Initiative

Location of Materials Storage:
Materials purchased for this program will be stored in one of our ENL (English as a New Language) teacher's classrooms. The designated classroom will have shelves, bins, and a resource center that ensures all supplemental materials, creative supplies, and digital tools are organized and easily accessible to both students and teachers. This space will also allow for effective storage of project materials and supplies, creating a central hub for PBL activities.

Title III ELL Fund Usage:
Staffing Support (Using Title III Funds):

Title III ELL funds will primarily be used for staffing costs associated with the ELL program, including hiring additional support staff such as ENL teachers, aides, and language specialists who will provide small group or individualized instruction.

Supplemental Materials (Using Title III Funds):

While Title III funds can be used for purchasing supplemental instructional materials, these expenditures must not exceed 20% of the total Title III allocation. Given this limitation, we will prioritize purchasing essential resources that directly support language acquisition and content mastery for ELL students.

Materials such as MClass, iReady, and project-based learning resources will be purchased with Title III funds, but we will ensure that the overall costs for materials do not exceed the 20% threshold. This means purchasing high-impact materials that directly benefit students' English language development and participation in PBL activities.

Materials are stored in room 250 and 350

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**

- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school is committed to ensuring that parents/guardians are well-informed about the Title III ELL-funded program, its goals, and how it will support their child's academic growth. The process for notifying parents is multi-faceted to ensure accessibility and to accommodate diverse communication preferences.

Method of Notification:

Newsletters and Backpacked Letters: Parents will receive information through school newsletters and letters sent home in students' backpacks. These letters will explain the objectives of the Title III program, how it will help students, and provide any necessary consent or action forms.

Open House Meeting (September): In addition to written communication, we will hold an in-person Open House event at the beginning of the school year (in September). At this event, parents will have the opportunity to meet with teachers and staff, ask questions, and receive detailed information about the Title III ELL program. This event serves as an important opportunity for building trust and collaboration between the school and families.

Translation of Materials: All communication, including newsletters, letters, and event flyers, will be provided in parents' preferred languages to ensure clarity and accessibility.

Timeline for Notification:

Parents will be notified about the Title III ELL program at the start of the school year, with letters sent home in the first week of September. The Open House in September will be scheduled and promoted well in advance to ensure maximum participation.

Record-Keeping and Documentation:

To maintain transparency and accountability, our school has developed a comprehensive system for tracking and recording important documents and data related to the Title III ELL-funded program. These records will be securely stored in a shared, organized, and easily accessible Google Drive.

Records of Parent Notification:

Copies of Letters Sent Home: All letters notifying parents about the Title III program, including those sent home in their home language, will be stored in the Google Drive. These letters will include information about the program's goals, activities, and opportunities for parent involvement.

Returned Permission Slips and Forms: Any permission slips or forms that require parent signatures will be stored in the shared drive. This ensures that all consent forms are collected and readily accessible for review and compliance purposes.

Parent Flyers and Surveys: Flyers related to the program, along with any parent surveys, will be stored in the shared drive. Surveys will also be available in parents' preferred languages to ensure maximum participation and engagement.

Evidence of Parent Engagement:

Saturday Academy Attendance: Although separate from Title III funding, Saturday Academy is designed to enhance student attendance and support language development. Parent attendance records for Saturday Academy will be kept in the Google Drive as well. This documentation shows the level of parent engagement in additional programming that supports Title III goals.

Parent Meeting Records: Notes or attendance logs from meetings where parents discuss the program, such as the September Open House, will also be maintained in the shared drive.

Student Attendance Records:

Google Drive for Attendance: Attendance for all Title III-related activities (including PBL activities, small group instruction, and any after-school programs) will be recorded in a shared Google Drive spreadsheet. This will allow for real-time tracking of student participation and ensure that we are meeting the necessary attendance thresholds for Title III compliance.

Teacher Certification Records:

Evidence of Teacher Certifications: All teachers who are involved in supporting the Title III program will have their certification records stored in the shared drive. This will include documentation of their qualifications to teach ELL students, as well as any additional credentials or professional development related to language instruction.

Professional Development Activities:

Records of PD for ELL Staff: Any professional development (PD) activities that are specific to supporting ELL students will be logged in the shared drive. This will include agendas, sign-in sheets, and certificates of completion for workshops or training sessions attended by teachers involved in the Title III program.

Purchase Orders and Invoices:

Purchase Orders and Invoices for Materials: All purchase orders and invoices related to the acquisition of supplemental materials (e.g., iReady, MClass tools, creative supplies for PBL) will be stored in the shared drive as well. This ensures that all spending is transparent and compliant with the 20% allocation limit for materials.

3. Tracking and Monitoring Compliance:
By using a shared Google Drive system, we will have a comprehensive and centralized location for all necessary documentation, ensuring that our Title III program remains compliant with federal guidelines. The records will be organized as follows:

Folder Structure in Google Drive:

Parent Notification: Contains copies of letters, permission slips, and surveys in various languages.

Student Attendance: Includes attendance logs for all Title III-related activities.

Teacher Certifications: Folder for teacher qualification documents and PD records.

Program Records: Includes notes from parent meetings, Open House sessions, and other relevant engagement activities.

Purchase Records: Folder containing purchase orders, invoices, and receipts for all materials purchased under Title III funding.

Each of these documents will be reviewed regularly by the program coordinator and school leadership to ensure compliance with Title III regulations and to monitor the effectiveness of the program.

All records are kept digitally.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Our Professional Learning Plan is designed to enhance the instructional capabilities of all teachers supporting English Language Learners (ELLs) by providing them with targeted professional development (PD) that aligns with the goals of the Title III program. PD activities will focus on strategies for language acquisition, culturally responsive teaching, and Project-Based Learning (PBL) integration. These PD opportunities will be offered both in-person and virtually through the Office of Multilingual Learners and our PBL initiative, with guidance from Maria Friedland.

Professional Development to be Provided
The PD provided will focus on the following key areas:

Effective Instructional Strategies for ELLs:
Teachers will engage in PD focused on best practices for ELL instruction, including language scaffolding techniques, vocabulary development, and supporting students through different stages of language acquisition.

Culturally Responsive Teaching:
PD will address the importance of understanding and integrating students' cultural backgrounds into instruction, helping teachers build stronger connections with their ELL students.

Project-Based Learning (PBL) for ELLs:
Teachers will explore the integration of PBL strategies in the classroom to engage students in hands-on, meaningful projects that both develop their English proficiency and deepen content understanding.

Collaborative Approaches for ELL Support:
Teachers will learn to collaborate effectively with colleagues, aides, and support staff in implementing strategies that foster academic achievement for ELLs, including co-teaching models and differentiated instruction.

Assessment for ELL Progress:
Teachers will receive training on assessing ELL student progress, including using formative and summative assessments to monitor language acquisition and academic growth.

PD Activities by Topic:
Each PD session will be designed with a clear focus on improving instructional practices, ensuring teachers are equipped with the tools and strategies they need to support their ELL students.

Effective Instructional Strategies for ELLs:

In-person/Virtual Activity: Teachers will participate in role-play scenarios and group discussions to practice language scaffolding techniques such as using visuals, sentence frames, and gesture support.

Hands-On Practice: Teachers will work in pairs to create scaffolded lesson plans for different proficiency levels of ELLs.

Goal: To ensure teachers have the tools and knowledge to support ELLs at various levels of language acquisition, from entering to re-designated fluent English proficient students.

Culturally Responsive Teaching:

In-person/Virtual Activity: Teachers will engage in reflection exercises on the cultural backgrounds of their students and share strategies for integrating culturally relevant content in lessons.

Activity: Designing culturally inclusive learning activities and using multicultural resources to foster an inclusive classroom environment.

Goal: To increase cultural awareness and foster an environment of inclusivity where ELLs can feel respected, valued, and seen.

Project-Based Learning (PBL) for ELLs:

In-person/Virtual Activity: Teachers will participate in PBL workshops where they will develop interdisciplinary projects that incorporate language development strategies. This may include creating a PBL unit plan for an ELL class.

Collaboration: Teachers will collaborate with peers from different subject areas to design and implement a cross-curricular project that encourages collaboration and language use.

Goal: To give teachers the tools to engage students in hands-on projects that are both academically rigorous and linguistically supportive.

Collaborative Approaches for ELL Support:

In-person/Virtual Activity: Teachers will engage in co-teaching simulations where they practice strategies for planning and executing co-teaching lessons with support staff, focusing on collaborative teaching strategies for ELLs.

Activity: Team-building and communication exercises that build collaborative teaching skills and promote shared responsibility for student success.

Goal: To enhance the collaborative capacity of teachers in the implementation of ELL instruction, ensuring that all educators can effectively support ELL students.

Assessment for ELL Progress:

In-person/Virtual Activity: Teachers will receive training on how to use formative assessments (e.g., observations, language development checklists) and assessments (e.g., MClass and IReady) to track and document student progress.

Activity: Teachers will review student work samples and make assessments based on language proficiency and academic understanding.

Goal: To ensure that teachers understand how to assess language growth and academic achievement and adjust instruction to meet the needs of individual students.
Funding and Title III ELL Budget Allocation
PD Costs:

Vendor Costs and Fees:

All PD sessions provided through the Office of Multilingual Learners and PBL initiative will be delivered by Maria Friedland and other instructional experts and any additional opportunities. These costs will be calculated as part of the Other Than Personnel Services (OTPS) and will be capped at 20% of the total Title III allocation.

Teacher Per-Session Compensation:

Teachers will receive per-session compensation for their participation in professional development activities outside of regular school hours (e.g., Saturday workshops, evening webinars). This compensation will be calculated as part of the professional development budget and will be capped at 10% of the total Title III allocation.

Additional PD Opportunities:

PD through the Office of Multilingual Learners: Teachers will have access to additional PD opportunities provided by the Office of Multilingual Learners, funded outside of Title III. These additional PD sessions will support language acquisition and culturally responsive teaching practices and are available to all instructional staff.

4. Timeline for Professional Development:
First Quarter:

Kick-off PD: Introduction to the Title III program and an overview of key instructional strategies for ELLs (Effective Instructional Strategies for ELLs).

PBL Training: Workshop on integrating PBL for ELL students.

Second Quarter:

Culturally Responsive Teaching: PD on integrating multicultural content and fostering inclusive environments.

Collaborative Teaching Models: Introduction to co-teaching strategies and collaborative approaches.

Third Quarter:

Assessment for ELLs: PD on assessing ELL progress through formative and summative assessments.

Ongoing PBL Support: Ongoing PD for refining and executing PBL strategies in ELL classrooms.

Fourth Quarter:

Review and Reflection: Reflection on PD experiences and student progress.

Follow-up PD: Additional sessions on effective instructional strategies and differentiation.

Evaluation and Follow-Up:
Teacher Feedback: After each PD session, teachers will provide feedback through surveys to evaluate the effectiveness of the session and identify areas for further support.

Ongoing Support: Follow-up sessions will be scheduled throughout the year to provide additional support and share best practices.

Student Progress Monitoring: Teachers will monitor ELL student progress using formative assessments and track the impact of the professional development on student achievement.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Explicit Instruction in Phonemic Awareness (Fundations Double Dose & Heggarty)
Objective: To provide teachers with training on phonemic awareness strategies to support foundational skills for ELL students, focusing on letter sounds, phoneme segmentation, and fluency.

Quantitative Data:

Our Acadience and MCLass data shows that 33% of our K-2 ENL students fall in the "well below" range for both first sound fluency and phoneme segmentation. This data highlights a significant gap in foundational phonemic awareness skills, which directly impacts students' ability to decode words and read fluently.

According to our 2024 NYSESLAT data, the deficiency in foundational skills correlates with our ENL students' struggles in comprehension, as weaker phonemic awareness leads to slower fluency development and decoding difficulties. (awaiting 2025 data)

Teacher surveys and in-house observations reveal that staff feel underprepared to address foundational skills in reading for ELL students, particularly in phonemic awareness, fluency, and vocabulary.

Feedback from teachers has consistently pointed to a lack of instructional consistency in delivering explicit phonics and phonemic awareness strategies, which is why targeted PD in Fundations Double Dose (Tier II intervention) and Heggarty is necessary.

Teachers will receive training in multisensory approaches (through Fundations and Heggarty) to help ELL students develop stronger foundational skills in phonemic awareness, fluency, and vocabulary. These PD sessions are crucial to address the low phonemic awareness and fluency levels observed in our data, with the ultimate goal of improving reading comprehension.

2. Vocabulary Development through Exposure to Texts in Both English and Home Language
Objective: To support teachers in building students' vocabulary by incorporating texts in both English and their home language to build background knowledge and improve comprehension.

Quantitative Data:

The NYSELAT data indicates that many of our students continue to struggle with vocabulary acquisition, which negatively affects their ability to comprehend complex texts.

Our ELA data shows a persistent gap in reading comprehension skills for ELL students, which is strongly tied to limited vocabulary knowledge.

Qualitative Data:

Teacher observations and feedback indicate that ELL students' limited vocabulary is a significant barrier to their academic success, particularly in content areas like science and social studies, which require a strong grasp of academic language.

Classroom data also shows that students who are exposed to texts in both languages are more likely to make connections between their home language and English, leading to greater language retention.

Rationale for PD:
Exposure to texts in both languages—with an emphasis on bilingual texts—enables students to make connections between the English language and their native language, reinforcing their vocabulary acquisition. Teachers will receive PD on how to incorporate bilingual texts effectively and promote language transfer to support ELLs' language and literacy development.

Project-Based Learning (PBL) for ELLs: Year 2 of Cohort Training
Objective: To build on the success of the first year of the PBL for ELLs cohort and expand the implementation of Project-Based Learning as a means to increase vocabulary acquisition, critical thinking, and academic language use among ELLs.

Quantitative Data:

Based on 2024 NYSESLAT data, 12 students participating in the first year of the PBL cohort tested at the "commanding" level, demonstrating significant progress in English proficiency. (awaiting 2025 data)

50% of our ENL students involved in PBL activities showed progress in language acquisition, with many making noticeable improvements in both academic language and critical thinking skills.

Qualitative Data:

Teacher feedback from the first year of the PBL initiative highlights that students demonstrated stronger

engagement and increased language output during PBL activities, which allowed them to express ideas without the pressure of formal academic language.

Classroom observations show that students are more confident in using language during collaborative and project-based activities.

Rationale for PD:
The PBL initiative has already shown positive results in increasing student vocabulary and critical thinking skills. This PD will provide teachers with the tools and strategies to expand PBL into other content areas, allowing ELL students to engage with complex concepts in a hands-on, language-rich environment. As the cohort enters its second year, ongoing PD will help teachers refine and expand their use of PBL to further support language acquisition and academic growth.

Progress Monitoring for Explicit Instruction on Foundational Skills
Objective: To provide teachers with training on how to progress monitor foundational skills for ELL students, ensuring that instructional strategies are meeting students' needs and fostering growth.

Quantitative Data:

Data from Acadience assessments and NYSELAT show that many ELL students are not making sufficient progress in foundational areas such as phoneme segmentation and fluency, both of which are critical for decoding and comprehension.

BOY (Beginning of Year) Acadience data and MCLass data also indicates that many students have a gap in foundational skills, with 33% of students in the “well below” range for key skills such as first sound fluency and phoneme segmentation.

Qualitative Data:

Teacher surveys and feedback show that staff struggle to monitor students' progress effectively, particularly in foundational skills, due to a lack of training in progress monitoring tools and data interpretation.

Classroom observations reveal that teachers need more data-driven strategies to ensure that interventions are addressing specific student needs in a timely manner.

Rationale for PD:
PD in progress monitoring will equip teachers with the tools to assess student progress in real-time and adjust their instruction based on data. Teachers will be trained on how to use data from Acadience assessments and other formative assessments to guide their instructional decisions and close foundational skill gaps.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Corin Harvey: Professional learning cohort through NY Hall of Science

Support through PBL with ELL's in Mind learning session on Monday PD
Anila Kuqi:
Carol Bawer
Madyline Rodriguez
Chris Soriano
Amanda Hardardt
Bo Cybura

All staff will take part in progress monitoring through Mclass, and PL through Amplify will be provided as well as Spanish assessments PL

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

PL will occur weekly via google drive as well as in person each Monday from 2:20-3:20, beginning September 2025, and ending June 2026. PL will occur on a rolling basis, as opportunities are shared with the school. Specifically, NY Hall of Science PD will be held on Saturday one two Saturdays, one on December 14 and one on March 14.

ENL professional learning through Arts Connection on February 3, supporting the connection of language through representation of the arts.

One Monday a month, our ENL team will meet to discuss student data, trends, and next steps. The Furby tool is used to identify and progress monitor.

In Total: 10 Mondays designated to PL for our ELL students, 10 monthly data meetings and 2 Saturday sessions for a total of 22 sessions.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Implementation of Scarboroughs Reading Rope and how it supports ELLS
https://www.pattan.net/getmedia/6a703787-4357-4e73-a6ca-9694f7bfea20/04.%20Align_Lit_Elementary

PBL for MLL in Mind

Vocabulary Acquisition
Building Background Knowledge
Writing Instruction: Explicit Instruction

Academic Vocabulary

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Linda OShaughnessy
Division of MLL
Jennifer Mohr: Arts Connection
NY Hall of Science: Pathways to Stem

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All professional development is kept on our Google Drive, and School hub, including dates, times topic and when it was turnkeyed

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Overview:
Parental involvement is a critical component of our Title III ELL program. We believe that parent engagement plays an essential role in supporting the academic success of our English Language Learners (ELLs). By involving families in their children's education, we aim to create a partnership between the school and home that fosters a strong support network for ELL students. Our family engagement activities are designed to empower parents to take an active role in their child's language development and academic progress.

Rationale for Parental Involvement:
Our rationale for fostering parental involvement is to ensure that parents of ELLs feel welcomed, valued, and informed. We aim to provide families with the resources, strategies, and tools they need to support their children's language learning at home. Through these activities, we encourage a collaborative approach to learning that promotes positive academic outcomes for students.

Family Engagement Activities:
ELL Family Day Events
Objective: These events will provide parents and their children with an opportunity to engage in activities that support language development in a fun and welcoming environment.

Activity Details:

Gallery Walk: Parents will participate in a gallery walk of student portfolios created during the Saturday Academy. This event will highlight the progress students have made in their language development and provide families with insight into how they can continue supporting their children at home.

Facilitators: The event will be facilitated by certified ENL teachers, the Principal, and support staff, including paraprofessionals who work directly with ELL students. The school's Parent Coordinator will be available to assist with Spanish interpretation and translation. DOE translation services will also be available for other native languages to ensure that all families can participate fully.

Event Timeline:

December 2025: Third Saturday of the month

February 2026: Last Saturday of the month

April 2026: Third Saturday of the month

Funding:
The ELL Family Day events will be supported by Title III funds, with costs related to materials, translation services, and staff compensation being calculated as part of the Other Than Personnel Services (OTPS) budget. These costs will not exceed 20% of the total Title III allocation.

Parent Workshop: "How Can I Help My Child Learn English"
Objective: This workshop will provide parents with practical strategies to help support their children's language acquisition at home, enhancing their ability to engage in their children's educational journey.

Activity Details:

The workshop will focus on effective strategies for parents to support their child's English language development. Parents will learn about language acquisition strategies, reading techniques, and engagement activities that can be implemented in the home.

The workshop will be offered in January 2026, and there will be a Spanish translator available to support families whose primary language is Spanish. The workshop duration will be 90 minutes.

Funding:
The parent workshop will be funded by Title III ELL funds. Costs associated with the vendor fees for the CITE workshop and the Spanish translation services will be included in the OTPS budget and will not exceed 20% of the total Title III allocation.

Parent Involvement in Project-Based Learning (PBL) Activities
Objective: To engage parents in their child's education through interactive, hands-on learning experiences that align with the school's Project-Based Learning (PBL) approach.

Activity Details:

Parents will participate in PBL activities alongside their children, three times a year. These activities will allow parents to see their child's progress in language development, while also actively participating in the learning process.

The PBL activities will be designed to encourage collaborative learning between parents and students, fostering a deeper understanding of how students are using language in real-world contexts.

Event Timeline: These activities will occur three times a year—in the fall, winter, and spring—coinciding with key project milestones.

Funding:
Title III funds will be used for any materials or staff support needed to facilitate these PBL sessions. These funds will be calculated as part of the OTPS budget, ensuring that the costs do not exceed the allowable 20% of the total Title III allocation.

4. Ongoing Communication and Information Distribution
Objective: To keep families informed about program developments, student progress, and upcoming events through accessible communication channels.

Activity Details:

Information related to the Title III program, family engagement activities, and student progress will be consistently distributed to families via:

Weekly Newsletters

Emails

Parent Letters

All materials will be translated into parents' preferred languages to ensure accessibility for all families. These communications will include updates about upcoming events, workshop opportunities, and student progress in the Title III program.

Funding:
The costs associated with translation services and any materials for communication will be included in the Title III budget, with expenditures accounted for within the OTPS budget.

Documentation and Record Keeping
To ensure transparency and accountability, all relevant documentation for family engagement activities will be maintained by the Principal, including:

Attendance sheets

Agendas for workshops and family events

Copies of communication sent to families (e.g., newsletters, letters, emails)

Pertinent materials related to the Saturday Academy and after-school programs

These records will be stored in a shared drive for easy access and review by Title III program staff.

Funding Considerations
The ELL Family Day Events, Parent Workshop, and PBL Activities will all be funded by Title III ELL funds. As per Title III funding regulations:

Vendor costs (for translation services, workshop facilitators, and materials) will be part of the OTPS budget and will not exceed 20% of the total allocation.

Teacher per-session compensation for facilitating the events will be calculated as part of the family engagement budget, ensuring it does not exceed 10% of the total allocation.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Our family engagement activities are designed to actively involve parents in their children's education, particularly focusing on supporting the language development of ELL students. By fostering an environment that welcomes family participation, we aim to create a partnership between parents and the school to ensure the success of ELL students. This section outlines the activities planned under Title III ELL funding, supported by both qualitative and quantitative data from surveys and other feedback mechanisms.

Rationale for Family Engagement:
Our family engagement activities are rooted in the belief that parent involvement is essential for the academic success of ELL students. Research and best practices indicate that when families are engaged in the learning process, students are more likely to show improvement in their academic performance and language acquisition. This section includes both qualitative and quantitative data that explain the need for these specific activities, and how they are aligned with our school's Title III program goals.

Quantitative and Qualitative Data Analysis:
ELL Family Day Events
Objective: To engage parents and their children in fun, hands-on activities that support the development of English language skills, while also increasing parents' understanding of how their children are progressing in language acquisition.

Data Analysis:

Parent Survey Results: A recent parent survey indicated that parents of ELL students feel they need more opportunities to engage with the school on their child's academic progress. Many parents requested more interactive opportunities to understand how language is taught and how they can support their children at home.

Teacher Feedback: Teachers have shared that parents are eager to understand the progress their children are making, but often lack insight into how they can be actively involved in language learning at home. The Gallery Walk of Student Portfolios will give families a tangible way to see how their child is developing language skills through concrete examples of their work.

Scheduling Considerations: Events are scheduled for the third Saturday in December 2025, last Saturday in February 2026, and third Saturday in April 2026 based on feedback from school based surveys, which suggested that weekends work best for families who work during the week. The timing also aligns with the school calendar, allowing for reflection on progress made in the first half of the year, and offering families an opportunity to ask questions about next steps.

Rationale: The ELL Family Day Events provide a meaningful way for parents to engage in their child's language development, addressing a clear need identified through surveys and parent feedback. The choice of dates and format (hands-on activities and portfolio showcases) is based on input from families and teachers about how best to involve parents in the learning process.

Parent Workshop: "How Can I Help My Child Learn English?"
Objective: To equip parents with practical strategies to help support their child's English language learning at home.

Data Analysis:

Parent Survey Responses: In our in-house parent surveys, 80% of parents expressed a need for specific guidance on how to support their children's English language learning outside of the classroom. Many parents reported feeling uncertain about how to assist with homework or engage in language-rich activities at home, particularly in light of the challenges posed by language barriers.

Teacher Observations: Teachers noted that while parents are eager to help, there is often a gap in understanding regarding effective strategies for supporting language development at home. English language learners at home often lack resources, such as bilingual materials or understanding of basic phonics and vocabulary-building techniques, which hinders their support at home.

Timing of the Workshop: The workshop is scheduled for January 2026 based on feedback from the Parent Coordinator and teacher availability. Parents indicated that mid-year (after the winter break) is an optimal time for workshops, as it allows them to reflect on their child's progress and apply new strategies for the second half of the school year.

Rationale: This workshop was designed based on the direct feedback from ELL parents who identified a need for more resources to support their children's English language learning at home. The timing and structure of the workshop are informed by both parent preferences and teacher insights. The Spanish translation ensures accessibility for a broader range of families, further supporting the goal of inclusivity in family engagement.

Parent Participation in Project-Based Learning (PBL) Activities
Objective: To involve parents in hands-on learning activities alongside their children, fostering a deeper understanding of the PBL model and encouraging collaboration between parents and students.

Data Analysis:
Parents indicated interest in engaging with their children during learning activities, particularly those that involve hands-on projects. Many parents noted that PBL allows them to observe their children's learning in action and enables them to assist in creative, real-world tasks.

Scheduling: The PBL activities are scheduled three times a year (fall, winter, spring) to ensure consistent engagement. This schedule was chosen based on input from parent surveys, which indicated a preference for quarterly engagements to ensure that families have adequate time to see their child's growth and contribute meaningfully to their academic progress.

Rationale: Parent participation in PBL activities serves as a platform to enhance communication skills and language development through collaborative work. The positive data from past events, combined with feedback from the PTA/PA and parents themselves, justifies the continuation of these activities. These engagements align with the school's goal of fostering family-school collaboration and language development.

Ongoing Communication and Information Distribution
Objective: To maintain consistent communication with families regarding the progress of their children in the Title III ELL program and to ensure that important information reaches families in their preferred languages.

Data Analysis:

Parent Survey Insights: According to our parent survey, 82% of ELL parents reported that they prefer communication in their native language. This highlights the importance of providing translated materials and language support to ensure that families can fully understand and engage with the information shared.

Frequency of Communication: Feedback from the Parent Coordinator and teachers suggests that weekly newsletters and regular email updates are the most effective forms of communication, ensuring that families are kept informed about upcoming events, student progress, and important program updates.

Rationale: Providing communication in parents' preferred languages via weekly newsletters, email, and parent letters ensures that families are consistently informed and able to engage with the school community. This strategy is essential for maintaining strong family-school partnerships and supporting parent engagement in the educational process.

Conclusion
Our family engagement activities are designed to meet the needs of our ELL families, based on extensive feedback gathered through surveys, PTA/PA meetings, and teacher observations. The planned activities are directly tied to identified needs: parents want to be more involved in supporting their children's language development, and they seek practical resources, interactive opportunities, and consistent communication. By addressing these needs, we aim to create a welcoming and supportive environment for families, ensuring that they play a key role in their child's academic journey.

These activities will be funded through Title III ELL funds, ensuring that all logistical and material costs remain within the OTPS and family engagement budget limits, with a focus on supporting the long-term success of our ELL students.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

A monthly event (minimally) targeted for our MLL population.
An initial survey was shared with families. Our team (admin, enl teachers, pc and pta) will survey the results and plan for needs. What we find to be most needed is support in the technology that coincides with instruction (google , teachhub, NYCSA)
Families also are looking for ways to support language at school, but preserve home language. We will create a series of workshops for families to encourage home language as well as english.

Family meetings, workshops and events are held on the second week of the year.

September/October/November: Partnership with Literacy for All- Spanish presentation and resources. Weekly workshop
December-June: workshops to address families needs.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Home-School Connections: PC serving as support on how to help your child, even if language is an obstacle. Use of digital tools, as well as daily reading with your child in home language
How Can I Help My Child?
Celebrations
Cooking Events: Parent events where healthy eating are the topic, but connect multiple families

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

School Based by PC and ENL staff as well as bilingual staff

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Newsletter, backpacked letter, website, phone call
All records are kept digitally

Our newsletter, SMORE translates into 50 languages. Letters are backpacked in multiple languages. Our website translates to 50 languages as well.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All records are kept on our Google Drive and PS 88Q hub

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$13,993

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	13993	The fund are used to support the program in both Saturday and before/afterschool for staff. The goal is small group, and additional opportunities for students and their families
Purchased services -High quality staff and curriculum development contracts.	0	na
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	0	na
Educational Software (Object Code 199)	0	na
Travel	0	na
Other	0	na
TOTAL	13993	staffing
