Justine Lucas

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 143Q The Louis Armstrong Elementary School

District Borough Number (DBN):

24Q143

Grades Served:

K-5

School Address:

34-55 112th Street, Corona, NY 11368

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Justine Lucas	Principal or Designee*	
Andrea Maniatis	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Faizuri Bautista	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Jennifer Cuasquer	District Council 37 (DC 37) Representative (staff), if applicable	
n/a	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
n/a	CBO Representative, if applicable	
Alexandra Goldman	Chairperson/Teacher	
Jessica Ng	Secretary/Teacher	
Gladys Ayala	Member School Liaison	
Angela Guzman	Member/Parent	
Liliana Peña	Member/Parent	
Carina Carriltenco	Member/Parent	
Irma Flores	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The Louis Armstrong School fosters the linguistic and academic development of all scholars in our learning community. We establish a linguistically and culturally rich community of learning where students are encouraged to take intellectual risks in a compassionate, inclusive, safe, and rewarding environment. Our instructional practices utilize a variety of research based approaches to provide meaningful, authentic instruction appropriate for the diverse needs of our student body. Providing multiple paths to success, incorporating scaffolds, and using rich and varied resources helps students strengthen their understanding of the content across all subject areas. Together, we adapt, create, engage, nurture, advocate, support, serve, and love. We stand firm that all students can achieve success and celebrate the collective and individual milestones of our children.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Located in the heart of Corona, Queens, P.S. 143Q – The Louis Armstrong School – is a dynamic elementary school that celebrates cultural richness, community, and academic excellence. Serving more than 1,500 students in grades Kindergarten through 5, the school fosters a warm, inclusive environment where every child is empowered to learn, grow, and lead.

With 70% of students identified as Multilingual Learners and 19% as Students with Disabilities, PS 143Q embraces the diversity of its student body as a driving force for innovation and equity. This diversity shapes the school's mission: to provide high-quality, inclusive instruction that meets the needs of every learner.

At the core of PS 143Q's instructional vision is a commitment to research-based, data-driven practices. In the 2024–2025 school year, the school continues to implement Into Reading/Arriba La Lectura and enVision Math, two comprehensive programs that prioritize language development, foundational literacy, and conceptual understanding in math. These programs are supported by a targeted focus on phonemic awareness, decoding, and academic vocabulary, ensuring all students build strong foundations in reading, writing, and mathematical thinking.

Learning at PS 143Q extends beyond the classroom. The school's state-of-the-art library, home to over 11,000 multilingual books, invites students to explore the world through literature. A robust dual-language program—offered in all grades—nurtures biliteracy and fosters deep cultural competence, allowing students to celebrate their heritage while preparing for a global future.

PS 143Q thrives because of its strong collaborative culture. Teachers, support staff, administrators, and families work in unison to promote academic achievement, social-emotional wellness, and community pride. Through regular

communication, workshops, and schoolwide events, families are active partners in their children's learning journey. The school's alignment with NYC Department of Education priorities ensures that equity, excellence, and engagement remain at the forefront.

In every hallway and classroom, PS 143Q embodies its values: diversity, curiosity, and high expectations. It is a joyful and rigorous learning community where every child's potential is honored and nurtured.

Briefly summarize the key initiatives your school will implement this school year.

This school year, PS 143Q will implement several key initiatives to support student achievement and equity. These include the continued rollout of Into Reading/Arriba La Lectura and enVision Math to strengthen literacy and math instruction, a schoolwide focus on foundational phonics and vocabulary development, and targeted support for Multilingual Learners and Students with Disabilities through inclusive, data-driven practices. The school will also deepen its dual language program across all grades and expand family engagement efforts to strengthen the home-school connection.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading/Arriba la Lectura	n/a
Math	K-5	enVision Math	n/a
ELA	K-5	MClass	n/a
ELA	K-2	Orton Giillngham	n/a
ELA	K-5	Waggle	n/a
Math	K-5	SuccessMaker	n/a
ELA	K-5	Boost Reading	n/a
ELA	K-5	i-Ready	n/a
Math	K-5	i-Ready	n/a
ELA	5	Luces	n/a

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-25 MCLASS data indicates that 39% of students K-5 scores at or above benchmark on the end of year assessment.	- Inconsistent implementation of Tier 1 literacy instruction across grade levels. - Limited use of data to drive small-group instruction. - Gaps in foundational reading skills instruction, especially phonics and fluency.	- Strengthen Tier 1 core literacy instruction through professional learning in the Science of Reading and OG. - Implement consistent progress monitoring and data meetings to adjust instruction. - Increase targeted small-group interventions for students below benchmark.
2024-25 MCLASS End of Year indicates that 78% of students	- Instruction focuses heavily on decoding accuracy but provides	- Incorporate daily fluency practice and explicit comprehension strategy

in grade 5 scored at or above benchmark in Reading accuracy (ORF Accuracy). However, they scored 50% in reading fluency (ORF) and 41% in basic comprehension (Maze).	limited practice in fluency and comprehension strategies. - Insufficient exposure to complex texts and vocabulary-rich content. - Lack of explicit fluency instruction and opportunities for repeated reading practice.	instruction. - Integrate vocabulary and background knowledge building into literacy blocks. - Provide professional development on balancing decoding, fluency, and comprehension instruction.
2024-25 MCLASS End of Year indicates that 37% of students in grades K and 1 scored at or above benchmark in Phonemic Awareness (PSF).	- Inconsistent or insufficient phonemic awareness instruction in early grades. - Limited use of targeted intervention for students demonstrating early literacy delays.	- Provide professional development on explicit, systematic phonemic awareness instruction. - Strengthen daily phonemic awareness routines in K–1 classrooms. - Strengthen Tier 2 intervention supports for early literacy.
The percentage of students scoring at the Commanding level in the Speaking modality increased from 24% in 2024 to 34% in 2025—a 10-percentage-point gain. Source: 2024 & 2025 NYSESLAT	Intentional instructional planning and collaborative data analysis cycles have strengthened alignment between language objectives and classroom practice.	Build on current success by strengthening peer collaboration and reflective practice focused on questioning and discussion techniques.
The combined percentage of students scoring Expanding and Commanding rose from 48% (2024) to 64% (2025), showing consistent upward movement toward proficiency. Source: 2024 & 2025 NYSESLAT	Consistent use of discourse-based instructional strategies, such as partner talk and guided conversation frames, has increased student engagement and confidence in speaking.	Continue to expand opportunities for academic discourse across content areas to deepen oral language proficiency.
The percentage of students in the Entering and Emerging levels decreased from 34% in 2024 to 18% in 2025, indicating stronger upward mobility through proficiency bands. Source: 2024 & 2025 NYSESLAT	Co-teaching and small-group structures have effectively supported differentiated oral language instruction across grades.	Sustain targeted small-group instruction for students approaching the Commanding level to accelerate final transitions to proficiency.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	39	By June 2026, the percentage of students on or above benchmark on the mCLASS Composite Score will increase by 10 percentage points — from 39% to 49% — demonstrating overall improvement in literacy for all students.
English Language Learners (ELL)	34%	By June 2026, the percentage of students who score at the Commanding level on the Speaking modality of the NYSESLAT will increase from 34% to 40%, a 6% increase, demonstrating an overall improvement in student discourse, vocabulary development, and aligned literacy practices.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement targeted small-group foundational literacy instruction during WIN (What I Need) time to strengthen students' phonemic awareness, decoding, and comprehension skills based on mCLASS data.

Root Cause Addressed:

Tier 1 instruction and intervention time have not been consistently differentiated to meet students' foundational literacy needs, particularly for early readers and multilingual learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use BOY, MOY, and EOY mCLASS data to form and adjust targeted small-group instruction during WIN time, focusing on foundational literacy skills (phonemic awareness, phonics, and fluency).
Provide ongoing professional learning for teachers on implementing effective small-group instruction aligned to the Science of Reading.
Develop WIN group plans that integrate HMH Into Reading routines and decodable text practice to reinforce core instruction.
Support teachers in embedding language scaffolds—such as visuals, vocabulary routines, and sentence stems—during small-group literacy lessons to support ELLs.

Expand classroom libraries and small-group materials, including bilingual and Spanish decodables, to support skill transfer and family engagement in literacy at home.

Key Strategy 2 (Optional):

Implement schoolwide structures that promote academic discourse and oral language development across all content areas through consistent use of speaking protocols, targeted small-group instruction, and data-driven reflection cycles.

Root Cause Addressed:

While students are making strong gains in language proficiency, sustaining growth toward the Commanding level requires continued emphasis on oral language practice, discourse structures, and teacher calibration in scoring and instruction. Strengthening these structures will deepen students' ability to communicate with academic precision and fluency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide PD on Accountable Talk, Collaborative Conversations, and other discussion protocols aligned to Danielson 3b.
Introduce schoolwide rubrics aligned to NYSESLAT Speaking proficiency levels (Entering ? Commanding).
During common planning, teachers co-develop language objectives and sentence frames aligned to unit content and language demands.
Conduct classroom walkthroughs focused on evidence of student discourse and language scaffolds.
Review speaking rubric and i-Ready data at instructional leadership and grade-level meetings to identify trends and next steps.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of small-group foundational literacy instruction during WIN time will be monitored through multiple structures and data sources at consistent intervals throughout the school year:

Instructional Walkthroughs: Conducted bi-weekly by administrators and coaches using the NYC Reads Implementation Tool to monitor fidelity to small-group instruction, foundational skill routines, and language supports.

Data Reviews: Held monthly during grade-level team meetings to analyze mCLASS progress monitoring data, decodable reading checks, and formative assessments to adjust WIN groups and instructional focus.

Coaching and Feedback Cycles: Conducted ongoing (at least monthly) by the Literacy Coach and AP to provide targeted feedback on small-group instruction and Science of Reading practices.

Collaborative Planning Sessions: Scheduled bi-weekly for ENL, AIS, and classroom teachers to align supports, review student progress, and plan next steps for multilingual learners.

Progress Monitoring Intervals:

BOY Benchmark: September 15 – October 7, 2025

Cycle 1–2 Progress Monitoring: October 23 – January 9, 2026 (Intensive groups monitored biweekly; non-intensive monthly)

MOY Benchmark: January 12 – February 3, 2026

Cycle 3–4 Progress Monitoring: February 9 – May 6, 2026 (Intensive groups biweekly; non-intensive monthly)

EOY Benchmark: May 11 – June 3, 2026

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Literacy-Focused Family Workshops: Host multilingual family workshops focused on building foundational literacy skills at home, including phonemic awareness, shared reading routines, and language development activities. Materials and sessions will be provided in families' home languages.	
09/01/2025	06/26/2026	Family Data Conferences and Goal-Setting: Hold one-on-one meetings between teachers and families to review student progress on mCLASS assessments and collaboratively set personalized literacy goals and strategies for home support.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

ENL teachers and bilingual instructional staff to co-plan and co-teach foundational literacy skills AIS providers and interventionists to support WIN time small group instruction Deans and instructional coaches to support classroom implementation and provide job-embedded coaching Parent Coordinator and Translation/Interpretation Services to support family engagement and multilingual communication School-based support team (SBST) to assist with targeted student support and progress monitoring

Instructional Resources

mCLASS Progress Monitoring platform and student assessment materials HMH Into Reading and HMH Arriba la Lectura (K–2 Core Curriculum with ELL scaffolds) Decodable texts in English and Spanish for classroom and home use Phonics manipulatives, visual supports, and language development tools Literacy take-home kits and caregiver-friendly resources aligned to foundational skills

Schedule Adjustments

Dedicated WIN (What I Need) time built into the master schedule for intervention and targeted small group instruction Weekly grade team and ENL planning blocks built into common prep periods Monthly professional development time allocated for foundational literacy and ELL strategy training Flexible scheduling for family workshops (offered during evening hours and virtually to accommodate family availability)

Other Resources Needed

Additional multilingual decodable readers for classroom libraries Professional development support for Science of Reading and language-rich instruction Continued access to translation services for family-facing materials and events Budget allocation for home literacy kits and materials for family engagement events

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
97% of teachers report that the school acts as a safe space for students and that classrooms are structured to enhance learning by minimizing disruptions. (Source: 2025 NYC School Survey – Teacher Section)	Consistent adult practices, clear routines, and proactive classroom management contribute to a strong sense of safety and predictability across classrooms.	Sustain these effective structures by extending consistency into shared and transition spaces (arrival, lunch, recess) to ensure safety practices are school wide.
97% report that the school proactively builds positive norms and high expectations.	School wide norms and expectations are clearly communicated by staff but are primarily adult-directed, limiting student ownership of maintaining those norms.	Empower students to take greater ownership of safety and community norms through student leadership roles, peer

		modeling, and restorative reflection routines.
87% report that student behavior is conducive to learning. (Source: 2025 NYC School Survey – Teacher Section)	While behavior is largely positive, occasional disruptions during unstructured times suggest a need for more consistent reinforcement of SEL and self-regulation strategies outside of the classroom.	Reinforce SEL and TCIS strategies school wide, ensuring students consistently apply self-regulation and problem-solving skills across all settings.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	87	By June 2026, the percentage of teachers who report that “student behavior in the classroom is conducive to learning” on the NYC School Survey will increase from 87% (Spring 2025) to 92% (Spring 2026) through consistent implementation of TCIS-aligned proactive behavior supports, explicit SEL routines, and student reflection structures that promote self-regulation and minimize disruptions to learning.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build sustainable, school-based TCIS capacity by certifying deans as TCIS trainers and launching a structured, ongoing training and coaching model to ensure all staff are equipped to proactively support student regulation and maintain a safe, positive learning environment.

Root Cause Addressed:

The school currently relies on limited external TCIS training opportunities, and there is no internal certification pathway to consistently train and coach new staff. This limits the reach and sustainability of trauma-informed and proactive behavior supports.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify and certify TCIS trainers: Select school deans and key support staff to complete TCIS trainer certification by Summer 2025.
Develop a TCIS implementation plan: Create a year-long professional learning calendar for initial and refresher trainings, aligned to PD days and after-school sessions.
Launch staff training cohorts: Begin the first cohort of TCIS participants in Fall 2025, ensuring a balance of teachers, paraprofessionals, and related service providers.
Provide coaching and practice cycles: Implement monthly follow-up sessions where newly trained staff model

proactive TCIS strategies and receive feedback.
Monitor and adjust: Track participation, certification completion, and impact on classroom climate through walkthrough data, teacher feedback, and incident trends to ensure at least 30 certified staff by June 2026.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

NYC School Survey

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Hold meetings to familiarize families with school rules and expectations.	
09/04/2025	06/25/2026	Partner with families to support the new initiatives.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Deans, guidance counselors, and designated support staff will serve as TCIS trainers. School-based coaches and administration will facilitate follow-up support and implementation monitoring.

Instructional Resources

TCIS manuals and training materials; SEL and behavior support toolkits; classroom visuals for proactive strategies; reflection and regulation tools for student use.

Schedule Adjustments

Designate training sessions and PD days for TCIS training and practice cycles. Include 15–20 minutes during monthly staff meetings for TCIS refreshers and peer sharing.

Other Resources Needed

Funding for TCIS certification fees, substitute coverage (as needed for training), and materials to support SEL and de-escalation spaces (e.g., calm corners, visuals, sensory tools).

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Schoolwide math proficiency increased from 27 % (2023-24) to 32 % (2024-25), a +5-point gain based on NYS Math Exam data (Grades 3–8)	Teachers are building consistency with NYC Solves/Envisions routines and emphasizing reasoning and collaboration across grades.	Continue strengthening implementation of NYC Solves/Envisions to deepen conceptual understanding and promote rich math discussions K–8.
Grade 5 math proficiency increased from 22% to 37%, a 15% improvement according to the NYS Math Scores from 2024 and 2025.	Grade 5 teachers are engaging students in rigorous problem-solving tasks and promoting multiple solution strategies.	Continue building teacher capacity to connect mathematical representations and reasoning, ensuring all students can explain and apply their thinking.

Grade 4 math proficiency increased from 32% to 39%, a 7% improvement according to the NYS Math Scores from 2024 and 2025.	Grade 4 teams are using assessment data to inform instruction and provide meaningful opportunities for collaborative problem-solving.	Strengthen use of small-group instruction and formative assessments to personalize support and extend students' reasoning skills.
Grade 3 math proficiency increased from 20% to 29%, a 9% improvement according to the NYS Math Scores from 2024 and 2025.	Early-grade teachers are focusing on hands-on learning and math vocabulary to build strong number sense.	Expand use of manipulatives, visual models, and math talk routines to reinforce conceptual understanding and confidence in problem-solving.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32%	PS143Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 10 from 32% to 42%, for All Students, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a cohesive, standards-aligned math instructional framework to strengthen conceptual understanding, math discourse, and data-driven instruction.

Root Cause Addressed:

Inconsistent Tier 1 instruction and limited use of data to differentiate mathematics learning experiences.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Adopt and fully implement NYC Solves curriculum with aligned unit planning and coaching cycles.
Provide ongoing professional learning on math discourse, problem-solving structures
Conduct grade-team data meetings bi-weekly to analyze math data
Engage instructional coaches and administrators in learning walks to monitor implementation fidelity and provide feedback.
Establish student goal-setting and reflection protocols in grades 3–8 to build ownership of math growth.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
PS143Q hosted over 30 schoolwide events in 2024–2025, including parent workshops, assemblies, wellness days, and literacy celebrations. However, few were explicitly framed around college and	With a strong culture of family and community engagement already in place, there is now an opportunity to more explicitly align select events to college and career readiness focus areas such as STEM, financial	Intentionally align a portion of existing events to college and career readiness focus areas (e.g., culture, multilingualism, reading, math, wellness, STEM), ensuring each includes clear messaging and

career readiness themes. [Internal Event Logs, 2024–2025]	literacy, multilingualism, and goal setting.	purpose connected to long-term learning pathways.
91% This school creates opportunities for parents to be involved in school activities and in their child's learning. (NYC Survey 2025 Category: Relationships with Families)	Families are eager for more structured exposure to long-term learning pathways. The school is well-positioned to build on this foundation by incorporating developmentally appropriate college and career awareness into existing programming.	Create an intentional event framework that weaves in college/career readiness across the year, using themes that are developmentally appropriate for elementary students.
98% families indicated that this school makes an effort to reach out to parents to engage them directly in the processes of strengthening student learning. (NYC School Survey 2025 Category: Relationships with Families)	The school has made significant efforts to include all families; ongoing refinement to outreach methods, translation, and scheduling will ensure even stronger access and representation across student groups.	Ensure inclusive participation in all events by leveraging home language supports, flexible formats, and partnerships that support STH and MLL families.
93% Program staff support parents/caregivers with making decisions about which schools or programs would be best for their child in the following school-year. (Category: Relationships with Families)	While staff provide strong support for immediate school transitions (e.g., Pre-K to K, K to 1), there is limited focus on building long-term family understanding of pathways beyond elementary school, such as middle school readiness or college savings programs.	Expand staff capacity and family education around long-term academic pathways through initiatives such as NYC Kids RISE, middle school information sessions, and early exposure to the concept of college and career readiness.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	25	PS143Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students who qualify for the program will Increase by 10 from 25 to 35 as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase family participation and activation of NYC Kids RISE Save for College Program accounts through structured, schoolwide outreach, events, and targeted support during key milestones.

Root Cause Addressed:

Many families are unaware of the program's benefits, unsure how to activate their child's account, or need direct support navigating the online system. Consistent school-based communication and guided activation opportunities are needed to ensure equitable access and engagement for all eligible families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Designate and train School Liaison and Team to lead NYC Kids RISE implementation and family engagement.
Use the Power BI Save for College Program Report to identify families who have not completed Building Block 1 and develop targeted outreach lists.
Host multilingual family workshops) to support in-person account activation.
Integrate NYC Kids RISE messaging into existing family events (Parent Teacher Conferences, K Graduation, Open House) and classroom financial-literacy lessons.
Use ClassDojo and SMORE to send reminders with activation instructions and QR codes to all participating families.

Celebrate progress publicly by updating the “Money Tree” poster and sharing completion rates at PTA/SLT meetings to build momentum.
Collaborate with community partners (CBOs, libraries, and local banks) to promote Building Block 1 and provide translation or technology support.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Evidence/Data Sources:

NYC Kids RISE Power BI Report (weekly updates of Building Block 1 completions)

Sign-in sheets from workshops, watch parties, and K graduations

Family outreach logs (calls, texts, Dojo messages)

Updated Money Tree Poster and newsletter announcements

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/26/2026	Highlight family success stories and milestone achievements (e.g., K Graduation, 529 Day) through newsletters, PTA meetings, and the “Money Tree” bulletin to celebrate participation.	PTA, SLT, Community Education Council 30
10/01/2025	06/26/2026	Provide targeted outreach and one-on-one assistance to families with low engagement or technology/language barriers to ensure equitable participation.	Parent Coordinator, Family Assistants, NYC Kids RISE Helpline (833-KID-RISE)

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Assistant Principal / School Liaison, Parent Coordinator & Pupil Accounting Secretary, Teachers & Paraprofessionals, Translation & Bilingual Staff

Instructional Resources

NYC Kids RISE Save for College Program Toolkit and Building Block 1 Completion Guide for school teams and families. Financial Education Curriculum Extensions

Schedule Adjustments

Designate time during Family Engagement afternoons, Parent Teacher Conferences, and NYC Scholarship Month (January) for activation support.

Other Resources Needed

Refreshments and small incentives (e.g., stickers, certificates) for family workshops and student participation.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Family event attendance during the 2024–2025 school year showed consistent engagement at major	While families are highly engaged in large events, more targeted outreach and varied formats (e.g., smaller	Expand the variety of family engagement opportunities and improve communication about

events like curriculum nights, performances, and cultural celebrations. (Internal Attendance Sheets, 2024–2025)	workshops, parent education sessions) could strengthen participation in learning-centered activities.	academic events to increase attendance and deepen learning partnerships.
Parent-teacher conference participation remained steady across most grades and programs, with strong attendance in early childhood and bilingual classrooms. (Internal Records, Fall & Spring 2024–2025)	Families are invested, especially in early years, but some may benefit from additional support to engage as students progress and learning needs become more complex.	Provide families with more tools to understand student progress across grade levels and expand flexible opportunities for conferences, including virtual and multilingual formats.
Many families attend events regularly and express a desire to be more involved in school leadership and planning (based on informal feedback to staff and PTA).	Families are eager to contribute, but some are unfamiliar with existing structures such as SLT or are unsure how to participate due to language or scheduling constraints.	Strengthen communication and outreach about decision-making bodies (PTA, SLT), and create more welcoming and accessible entry points for families to engage in leadership roles.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	40%	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Average number of parents/families attending each school-hosted academic or enrichment event will Increase by 10% from 40% to 50% as measured by Family Event Attendance Sheets and Community Coordinator Event Logs.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase culturally responsive and accessible family engagement opportunities by diversifying the types of events offered, expanding outreach efforts, and improving communication systems across languages and grade levels.

Root Cause Addressed:

While many families are eager to participate, some do not attend learning-centered or planning-focused events due to limited outreach in home languages, scheduling conflicts, or lack of clarity about event purposes and opportunities for involvement.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a multilingual family engagement calendar that highlights academic, cultural, wellness, and informational events, distributed monthly via email, paper flyers, and social media in families' home languages.
Offer flexible event formats (e.g., morning coffees, evening workshops, virtual options) to accommodate diverse family schedules and increase access.
Provide interpretation and translated materials at all major family-facing events and ensure outreach is accessible for multilingual and multilingual-learner families.

Host parent workshops and learning nights focused on topics requested through family surveys (e.g., literacy at home, supporting social-emotional development, navigating IEPs).
Train staff and parent leaders (e.g., parent coordinator, deans, grade teams) on inclusive outreach and welcoming practices to increase personal invitations, especially for underrepresented families.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of the family engagement strategies will be monitored through a combination of quantitative and qualitative data. The Parent Coordinator and administrative team will review monthly attendance sheets and event logs to track participation across grade levels, programs, and language groups. Feedback will be collected through post-event surveys and exit slips to assess the quality and accessibility of events. Grade teams and staff facilitators will also reflect on event outcomes during planning meetings to identify successes and areas for improvement. In addition, quarterly family engagement team meetings will be held to analyze data, adjust outreach efforts, and ensure strategies are reaching all families. Progress will be summarized mid-year and at the end of the year to evaluate growth toward the goal and inform future planning.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/15/2026	Host monthly multilingual family engagement events (e.g., curriculum nights, workshops, student showcases) to foster academic partnerships and community building	Administrators, coaches, PTA, Teachers
09/01/2025	06/15/2026	Collaborate with community-based organizations to provide family workshops on social-emotional learning, literacy, and navigating school systems	Administrators, coaches, PTA, Teachers

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Assistant Principals, Grade Team Leaders, Translation and Interpretation Services, Teachers, PTA members, and support staff for event facilitation and outreach.

Instructional Resources

Family workshop materials (e.g., take-home literacy kits, SEL tools), digital platforms for virtual sessions (Zoom, Google Meet), translation equipment, event flyers and promotional materials.

Schedule Adjustments

Evening and early morning event options, rotating staff coverage to allow participation in family events, dedicated planning time for staff involved in family engagement initiatives.

Other Resources Needed

Refreshments and materials for events, printed monthly calendars, feedback collection tools (e.g., surveys, QR codes), incentives for family participation (raffles, book giveaways), and collaboration with community-based organizations for workshop delivery.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In 2024–2025, Pre-K attendance was 89% (Source: New Visions Portal June 2025).	Some families face challenges attending consistently due to medical needs, family obligations, or a belief that attendance in Pre-K is more flexible.	Increase early-year communication and education efforts for families on the importance of consistent Pre-K attendance.
Kindergarten attendance in 2024–2025 was 90%, below the NYC target of 95% (Source: New Visions Portal June 2025).	Families may need additional support in building consistent school routines and understanding how early	Strengthen Tier 1 messaging and implement a system of Tiered Interventions specifically targeting K students with below-90% attendance.

	attendance impacts long-term academic outcomes.	
Grade 1 attendance was 92%, showing improvement but still below the citywide benchmark (Source: New Visions Portal 2025).	Some families experience recurring obstacles such as health-related concerns, transportation difficulties, or schedule conflicts that impact daily attendance.	Expand family support strategies, including regular outreach and case management, to reduce chronic absenteeism and reach the citywide goal of 95%.
Overall school attendance for PS 143Q reached 93% by June 2025, remaining below the NYC target of 95%. (Source: Insight Data, June 2025)	Although attendance initiatives have improved consistency, variations across grade levels and inconsistent family engagement in early grades have limited overall gains.	Enhance coordination between grade-level teams, guidance staff, and attendance liaisons to ensure consistent communication, track trends across grades, and promote a unified school wide attendance culture focused on reaching the 95% benchmark.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93	By June 2026, overall school attendance for all students at PS 143Q will increase from 93% (June 2025) to 96%, exceeding the NYC attendance benchmark, through implementation of a multi-tiered attendance support system that combines proactive family communication, targeted interventions, and consistent progress monitoring across all grade levels.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Operationalize a schoolwide Multi-Tiered Attendance Support System (MTSS-A) that integrates real-time data tracking, tiered family outreach, and coordinated case management—ensuring every student has the supports needed to maintain consistent attendance and meet the 96% goal.

Root Cause Addressed:

Although PS 143Q has strong attendance systems and communication structures, inconsistent early outreach and limited Tier 2 tracking for students showing early attendance decline have prevented the school from achieving the citywide benchmark. Strengthening proactive identification and follow-up for these students will improve consistency and overall attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Tier 1: Prevention & Awareness Launch a schoolwide attendance campaign at the start of the year highlighting the connection between attendance and achievement. Provide teachers with attendance dashboards and communication templates to reinforce positive messaging with families. Recognize classes and students with exemplary attendance through monthly celebrations and incentives.
Tier 2: Targeted Interventions Identify students falling below 90% attendance by October and assign them to the Attendance Team for bi-weekly review. Conduct family conferences and develop action plans addressing specific barriers (transportation, health, childcare). Track attendance improvement plans and provide follow-up supports.

Tier 3: Intensive Case Management Partner with guidance counselors, social workers, and CBO partners to support students with chronic absenteeism. Conduct monthly progress reviews to monitor intervention effectiveness and adjust supports as needed. Collaborate with DOE Attendance Office and community resources for high-need cases.

Initiate targeted family outreach, including phone calls, in-person conferences, and home visits coordinated by the attendance teacher, social worker, and parent coordinator.

Celebrate strong attendance with monthly class shout-outs, raffles, and recognition for students and families demonstrating excellent or improved attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance Dashboard (New Visions Portal): Reviewed weekly by Attendance Team; monthly by SLT.

Tiered Intervention Logs: Updated bi-weekly with student-level data and outreach documentation.

Monthly Attendance Reports: Shared with staff and families to celebrate progress and identify needs.

Quarterly Progress Checks: Leadership team analyzes trends by grade level, subgroup, and chronic absenteeism rate to adjust supports.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/15/2026	Host monthly attendance workshops and events for Pre-K, K, and Grade 1 families focused on building consistent routines, managing health-related absences, and understanding the impact of attendance on early learning.	Administrators, Parent Coordinator, PTA, Teachers
09/01/2025	06/15/2026	Implement a home-school communication system (calls, letters, text blasts) to notify and support families of students trending toward chronic absenteeism, including translation and interpretation services where needed.	Administrators, Coaches, Attendance Team, Social Worker, Community-Based Organizations (as needed)

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team (Assistant Principal, Attendance Teacher, Parent Coordinator, Social Worker), Classroom Teachers, Coaches, Translation Services, Office Staff, Community Associate

Instructional Resources

New Visions Portal for attendance tracking, NYC DOE Attendance Toolkit, family engagement flyers and materials, parent workshop slide decks and handouts

Schedule Adjustments

Biweekly attendance team meetings during prep or common planning time; designated windows for family outreach (calls, meetings, home visits); time allocated for monthly attendance celebrations

Other Resources Needed

Incentives for students and families (e.g., certificates, raffle prizes, classroom awards), printing and translation services, possible partnerships with local CBOs for family support services

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
NYS 2025 results show that 5.6% of students with disabilities scored proficient in ELA (up from 3.0% in 2024) and 8.5% in Math (down from 11.4% in 2024).	Inconsistent alignment between IEP goals and classroom instruction limits the fidelity of implementation. While	IEP Development

While ELA proficiency increased by 2.6 percentage points, overall performance for SWDs remains below 10%, indicating limited access to grade-level instruction and inconsistent implementation of individualized supports. (Source: NYSED State Assessment Data 2024 & 2025)	teachers document goals, progress monitoring cycles and data-informed instructional adjustments are not consistently embedded in planning across ICT and general education classrooms.	and Fidelity of Implementation
School-level reviews of IEP compliance (SESIS Reports, 2024–25) indicate that annual goals and transition plans for eligible students are completed, but documentation of student participation and individualized transition activities is inconsistent.	Pre-referral interventions and Tier 2 supports are in place, but the quality and consistency of intervention documentation varies by grade level. This limits the school's ability to fully analyze referral equity and ensure that eligibility decisions are based on instructional need rather than access gaps.	Transition Planning and Compliance
NYS ELA and Math data continue to show persistent performance gaps between SWDs and general education students—only 5.6% (ELA) and 8.5% (Math) of SWDs scored proficient in 2025. However, school referral data show a decline in new special education referrals over the past two years, suggesting that early intervention and MTSS supports are reducing unnecessary referrals.	Pre-referral interventions and Tier 2 supports are in place, but the quality and consistency of intervention documentation varies by grade level. This limits the school's ability to fully analyze referral equity and ensure that eligibility decisions are based on instructional need rather than access gaps.	Referral Process and Equity
OORS data (2024–25) indicate low levels of suspensions among students with disabilities; however, incident logs show that SWDs are over-represented in behavioral incidents linked to self-regulation and peer conflict. Teacher survey data (2025 NYC School Survey) show that 87% of teachers agree student behavior is conducive to learning, indicating overall improvement but continued need for targeted supports for SWDs.	While TCIS training and SEL structures are in place schoolwide, students with IEPs benefit from more explicit teaching of self-regulation and social problem-solving skills. Inconsistent implementation of behavior intervention plans (BIPs) and progress monitoring impacts discipline equity for SWDs.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	5.6	By June 2026, PS 143Q will strengthen the quality and implementation of IEPs for Students with Disabilities (SWDs) by increasing the percentage of SWDs scoring proficient on the NYS ELA State Assessment from 5.6% (Spring 2025) to 15.6%, representing a 10-percentage-point increase from the Fall 2025 baseline.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Establish a structured IEP progress-monitoring and instructional alignment system using i-Ready data to inform instruction, strengthen fidelity of IEP implementation, and accelerate literacy growth for students with disabilities.

Root Cause Addressed:

Limited coherence between IEP goals, instructional planning, and ongoing data analysis has led to inconsistent differentiation and uneven progress toward proficiency for SWDs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Analyze BOY, MOY, and EOY i-Ready Reading data to identify students below grade level and adjust instructional supports accordingly.
Provide quarterly professional learning for ICT and Self Contained teachers on using i-Ready reports to differentiate instruction and align IEP goals to curricular tasks.
Hold monthly case-management meetings between general education and special education staff to review IEP progress and share effective strategies.
Share individualized progress reports with families after each diagnostic window to increase transparency and support at home.
Analyze BOY, MOY, and EOY MCLASS Reading data to identify students below grade level and adjust instructional supports accordingly.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

i-Ready Diagnostics: Reviewed three times per year (BOY, MOY, EOY) to track SWD growth toward grade-level benchmarks.

SESIS Compliance Reports: Monitored monthly to ensure timely and accurate IEP implementation.

Instructional Walkthroughs: Conducted bi-monthly to observe evidence of data-driven instruction and scaffolds for SWDs.

Case-Manager Logs and Meeting Notes: Collected monthly to track student progress and next steps.

SLT Progress Reviews: Quarterly meetings to analyze growth trends and adjust supports as needed.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/01/2025	06/15/2026	Host quarterly SWD data and IEP progress workshops where families review i-Ready reports and learn strategies to support reading at home.	CCNY
09/01/2025	06/15/2026	Provide translation and interpretation during all IEP and data meetings to ensure multilingual families are included in decision-making.	DOE Translation & Interpretation Unit, Family Welcome Center

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Assistant Principal for Special Education, School-Based Support Team (SBST), special education teachers serving as IEP case managers, ICT and SETSS teachers, related service providers, and paraprofessionals supporting progress monitoring and implementation of IEP goals.

Instructional Resources

i-Ready Reading and Math Diagnostic platform, SESIS compliance and progress-monitoring reports, NYC Reads and NYC Solves curricular materials, IEP goal-tracking templates, and DOE-provided instructional scaffolds and accessibility tools.

Schedule Adjustments

Monthly case-management meetings scheduled during common planning time; PD sessions on i-Ready data analysis embedded in staff meetings after each diagnostic window; and quarterly IEP data reviews built into grade-team meetings.

Other Resources Needed

Funding for professional learning in inclusive instructional practices, translation and interpretation services for multilingual families, and materials for student self-monitoring (e.g., goal charts, reflection logs). Title II funds may also support additional co-planning time for ICT and Self Contained teachers.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students performing at the Well Below or Below on the mClass assessment.	Orton Gillingham, Heggerty, mClass lesson plans	Small group instruction and tutoring.	During School	Yes, mClass
Tier 2	Students referred by classroom teachers and/or parents for performing far below grade level in reading	Orton Gillingham, Heggerty Guided Learning Groups, Beable	Small group instruction and tutoring.	During School	Yes, mClass
Tier 3	Students who did not make significant progress during Tier 2 intervention.	Heggerty Orton Gillingham SPIRE, Guided Learning Groups	Small group instruction and/or one-to-one instruction.	During School	Yes, mClass

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Intervention with students exhibtiing 10 or more.	Attendance Monitoring	One-to-One	During School Hours	No
Tier 3	Students in Temporary Housing/Foster Care	Demonstrate effective coping skills and personal safety skills hen faced with a problem. This will allow them to create positive and supportive relationships with other students and adults.	One-to-One and Small Groups	During School Hours	No
Tier 2	Identifying long and short term academic, career and social emotional goals	Career Awareness/College Awareness	Group	During School Hours	Yes
Tier 2	Demonstrate Empathy	Respect for All	Group	During School Hours	Yes
Tier 2	Disability	Group Counseling-Students will demonstrate effective coping skills and personal safety skills when faced with a problem.	Group	During School Hours	Yes
Tier 2	Demonstrate Empathy	Respect for All	Group	During School	Yes

				Hours	
Tier 2	(Girls who have low Self-Esteem)Students will enhance awareness as it relates to their body image, self-love and healthy relationships.	Beautiful Me	Group	During School Hours	No
Tier 3	Students who have experienced Trauma/Death in the family/Abuse or Divorce	Crisis Counseling Intervention-Students will be able to demonstrate effective coping skills and personal safety skills when faced with a problem. Students will also create positive and supportive relationships with other students and adults.	One to One	During School Hours	NO
Tier 2	5th Grade Students	Middle School Awareness/Process students will demonstrate the ability to adapt to changing situation and responsibilities. This will allow students to demonstrate advocacy skills and ab	Group	During School Hours	No
Math Tier 2	Baseline/Benchmark Data; Level 1 or Low 2 on State Test	Envision Math - Math Diagnosis & Intervention System MAP growth, Success Maker	Small group instruction (WIN)	During School	Yes, Success maker
Math Tier 2	Baseline/Benchmark Data; MAP Growth	Envision Math - Math Diagnosis & Intervention System MAP growth, Success Maker	Small group instruction (WIN)	During School	Yes, Success make

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Our school communicates the essential components of MTSS through family workshops, informational flyers, and individual meetings during parent-teacher conferences. These communications explain the tiered system of support, how data informs decisions, and the school-wide strategies used to address academic, social-emotional, and behavioral needs. We also share this information through our school website, newsletters, and Back-to-School Night presentations to ensure all families have access to this foundational knowledge.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 interventions are provided with regular progress updates through multiple formats including monthly progress monitoring reports, parent-teacher conferences, and scheduled check-ins with intervention providers or support staff. These updates include specific data points (e.g., reading fluency scores, behavioral checklists), intervention goals, and adjustments made to support student growth. All communications are delivered in the family's preferred language to ensure clarity and access.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families of students receiving Tier 3 intensive interventions are active participants in the decision-making process through regularly scheduled parent teacher conferences. During these meetings, the intervention team reviews data, discusses progress, and collaboratively plans next steps with the family. Parents are encouraged to share insights about their child's strengths, challenges, and needs. Interpreters are provided as needed to support inclusive and meaningful collaboration in each decision.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Currently PS143Q has 427 students in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After a careful analysis of historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH) population, several key trends have emerged. STH students at PS143Q consistently demonstrate higher rates of chronic absenteeism compared to their housed peers, particularly among those living in shelters or frequently changing addresses. Academic achievement data shows that STH students are more likely to perform below grade level in both literacy and math, with gaps widening over time without targeted intervention. Additionally, social-emotional and behavioral concerns are more prevalent, likely due to the instability and trauma often associated with housing insecurity.

These trends inform the need for a multi-pronged approach that prioritizes consistent attendance outreach, access to academic interventions during the school day, trauma-informed counseling services, and targeted family engagement efforts. By addressing both academic and non-academic barriers, the school can create a more stable and supportive environment that promotes continuity, achievement, and overall well-being for students in temporary housing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

To support our Students in Temporary Housing (STH) population, PS143Q is planning to implement a range of academic, social-emotional, and basic needs services tailored to the challenges these students face. Planned services include:

Academic support through targeted small-group intervention during the school day for literacy and math

Attendance outreach and early intervention through our MTSS Attendance Team to reduce chronic absenteeism

Access to school supplies, uniforms, hygiene kits, and emergency clothing for new and returning STH students

On-site counseling and check-ins with a dedicated social worker trained in trauma-informed practices

Family outreach and case management support to assist with transportation, housing documentation, and connection to community-based resources

Translation and interpretation services to ensure families with limited English proficiency can fully participate in school decisions and services

These services were selected based on an analysis of school-level data and trends, and were prioritized in response to feedback collected from families through the STH Title I Survey. The survey highlighted needs such as transportation challenges, access to basic school items, and the desire for more frequent communication about academic progress. By using this input alongside data on attendance, academic achievement, and mobility, we are able to offer responsive supports aligned to the real experiences and needs of our STH students and their families.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Currently, three students in foster care are enrolled at PS143Q.

To support the unique needs of students in foster care, the school provides a range of targeted social-emotional and academic supports, including:

Dedicated social-emotional support through our guidance counselor and school social worker, who conduct regular check-ins and provide trauma-informed counseling services.

Priority access to academic intervention services, including small-group instruction in literacy and math based on assessment data and teacher input.

Case management and coordination with foster agencies and external service providers to ensure alignment between school supports and outside care.

Attendance monitoring and outreach to ensure consistency and identify early signs of disengagement.

Access to basic needs resources, including uniforms, school supplies, and meal support, to eliminate barriers to school readiness and participation.

Inclusive family engagement strategies, including outreach to foster families and caregivers, and translation services where needed to ensure clear communication.

Our staff is trained to maintain confidentiality while creating a supportive, stable school environment that promotes continuity, belonging, and academic success for students in foster care.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At PS143Q, we have several targeted supports in place to ensure students in foster care—including those newly transitioning into the system—receive the interventions they need to promote stability and success.

Upon enrollment or notification of a change in a student's foster care status, the school immediately activates a support plan that includes:

A welcome meeting with the school counselor or social worker to assess immediate needs and begin building a trusting relationship

A comprehensive academic review to determine if the student requires Tier 2 or Tier 3 academic interventions in literacy or math

Social-emotional check-ins and ongoing counseling sessions as needed, using a trauma-informed approach to help students process transitions

Access to school supplies, uniforms, and meals to ensure basic needs are met and reduce stressors that may impact learning

Close coordination with foster agencies and caseworkers, including sharing attendance and academic progress, and participating in team meetings as appropriate

Prioritization for after-school programs and enrichment opportunities, to build routine, connection, and a sense of belonging

To promote long-term success, we also ensure these students are monitored through our MTSS framework, with regular reviews of attendance, academic progress, and behavioral data to quickly identify and respond to emerging needs. Our staff receives ongoing training to maintain sensitivity and confidentiality while creating a nurturing and inclusive environment for all students in foster care.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing historical demographic, attendance, and achievement data for students in foster care at PS143Q, several key trends have emerged. Students in foster care often experience higher rates of absenteeism, particularly during times of placement changes or transitions between schools. Academically, many students enter with gaps in foundational skills, especially in literacy and math, likely due to interrupted schooling and limited access to consistent academic support. Social-emotionally, these students often demonstrate increased signs of anxiety, difficulty with peer relationships, and challenges adjusting to routines, which can impact classroom engagement and performance.

These insights highlight the need for proactive and coordinated services that address both academic and social-emotional needs. To improve support for this population, our school is focused on:

Rapid-response enrollment procedures and academic screenings to minimize learning disruptions

Early and ongoing counseling services that address trauma, transitions, and self-regulation

Consistent communication with foster care agencies to align school-based supports with external case plans

Regular progress monitoring through our MTSS system to adjust interventions based on attendance, behavior, and academic data

Staff training in trauma-informed practices to foster a safe, stable, and inclusive learning environment

By using these data trends to inform service planning and resource allocation, we can better meet the complex needs of students in foster care and create a school environment that supports their long-term stability, growth, and success.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At PS143Q, we implement several targeted Social-Emotional Learning (SEL) strategies to support students in foster care, with a particular focus on those in transitional grades such as Kindergarten, Grade 2 (transition from early to upper elementary), and Grade 5 (preparing for middle school). These strategies are designed to promote emotional stability, build resilience, and reduce the academic and behavioral challenges often experienced during periods of transition.

Key strategies include:

Individual and small-group SEL sessions led by our school counselor and social worker, focused on self-regulation, building relationships, and managing change. Students in foster care are prioritized for these services.

Check-in/check-out systems that provide daily emotional support and goal setting with a trusted adult, fostering a sense of consistency and belonging.

Social stories and transition toolkits for younger students to prepare them for changes in classroom expectations, routines, or school environments.

Peer buddy programs and structured recess groups to help build positive peer connections and reduce feelings of isolation.

Regular collaboration between the SEL team and teachers to ensure strategies are embedded in the classroom setting and adjusted based on individual needs.

Family and agency partnerships to align school-based SEL efforts with external mental health or wraparound services.

These strategies help students in foster care build emotional resilience, reduce behavioral incidents, and increase classroom engagement, which in turn supports academic progress. By providing consistent, trauma-informed SEL supports, our school helps foster a safe and supportive environment where students can thrive despite personal and structural challenges.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 143Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 143Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS143, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Weekly Parent Outreach enforcing the need for education enhancements at home provided by the Parent Coordinator, including

- Parent Workshops focusing on best practices at home supported by Coaches - Michele Murphy, Keisha Tinglin-Criner
- Parent Workshops focusing on Social and Emotional Support at Home supported by the Guidance Department - Lissette Youssef and Windis Jaquez,
- Parent Social Emotional Well-Being Workshops supported by Teacher, Antoniette Corbo (Digregorio)

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Align Curriculum:
Teachers will work with staff developer and Early Childhood AP to align 3K to PreK and Pre-K to Kindergarten standards to be certain children transition smoothly academically.
Parent Engagement:
Weekly Parent Outreach to discuss student progress and student social emotional learning.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$190,473	X	n/a
Title I, School Improvement 1003(a)	Federal	n/a		
Title II, Part A	Federal	$123,830	X	n/a
Title III, Part A	Federal	$95,082	X	Title III, Part B, C, D
Title III, Immigrant	Federal	TBD	X	Title III Immigrant Plan and Title III - Part B, C, D
Title IV, Part A	Federal	$12,991	X	n/a
Tax Levy	Local	$12,082,416	X	n/a

(Fair Student Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Justine Lucas
Assistant Principal (Where Applicable)*	Maciel Merino
English as a New Language (ENL) Teacher*	Kelly Osso
Teacher (if school has a bilingual program must be a bilingual teacher)*	Maciel Silverio
Parent/Guardian*	Juana Calle
UFT Chapter Leader	Andrea Maniatis
Special Education/Bilingual Teacher	Milagros Ramirez
PTA President	Faizuri Bautista
ML/ELL Coach	Jennifer Urquilla
ENL Teacher	Tanae Izumi
ENL Teacher	Stacy McFaul-Huang
Dual Language Teacher	Gabriela Ramirez
Common Branch Teacher	Stephanie Ramirez
Secretary	Ana Reyes
School Counselor	Lissette Yousef
Title I Parent Advisory Council Chairperson	Vanesa Cadena
Related Service Provider	Sofia Almeida

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

7

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

19

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

19

Number of ESOL certified teachers with a bilingual extension:

5

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

28

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

4

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

15

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1217

Total number and percentage (%) of current ELLs:

851 (70%)

Total number and percentage (%) of former ELLs:

126 (10%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

665 (78%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

186 (22%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 (0.2%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

221 (26%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	Self-Contained	Spanish	2020	1	1	1	1	1	1	0	0	0	0	0	0	0	6
TBE	Self-Contained	Spanish	2025	0	0	0	1	0	0	0	0	0	0	0	0	0	1
TBE	GE	Spanish	2025	0	1	1	0	0	0	0	0	0	0	0	0	0	2
DLBE	GE	Spanish	2008	2	2	2	2	2	2	0	0	0	0	0	0	0	12
DLBE	ICT	Spanish	2015	1	1	1	1	1	1	0	0	0	0	0	0	0	6
DLBE	ICT	Spanish	2025	0	0	1	1	0	0	0	0	0	0	0	0	0	2
				total: 4	total: 5	total: 6	total: 6	total: 4	total: 4	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

During Stand-Alone instruction, ENL teachers develop English language skills so that students can succeed in core content classes.

In Stand-Alone English as a New Language (ENL) classes, students receive ENL services and English language development instruction from a New York State certified teacher of English to Speakers of Other Languages (ESOL) in order to succeed in core content areas. As per CR Part 154 to meet the minimum requirement, teachers service students at the ENTERING level for 180 minutes and students at the EMERGING level for 90 minutes at a separate location.

The ML/ELLs serviced in the ENL Stand-Alone classroom settings receive all instruction by a dually certified (General Education and ESOL) classroom teacher. As per CR Part 154 to meet the minimum requirement, all ENL teachers service all students at the ENTERING level for 180 minutes and all students at the EMERGING level for 90 minutes within the classroom setting. According to the September 2025 RFSF report, our school is composed of 163 students who scored at the ENTERING and 208 students who scored at the EMERGING level on the Spring 2025 NYSESLAT and the Fall 2025 NYSITELL.

Within a Stand-Alone ENL class, students are grouped homogeneously when working in smaller groups in order to meet students' specific linguistic needs. ENL providers utilize student data and teacher observations to determine student grouping. During our Common Planning periods, teachers utilize analyzed ENL data by modality to create purposeful student groupings. These groupings are also informed by ongoing teacher observations of student performance and language use in the classroom. Teachers leverage students' strengths to build linguistic capacity in modalities that require additional support. Based on the linguistic demands of the task and students' proficiency levels in each modality, groups are strategically formed, scaffolded appropriately, and provided with targeted resources to support language development.

In addition, for EMERGING level students, instructional decisions are made regarding flexibility in Stand-Alone versus Integrated units of study, based on continuous assessment and student progress in English Language acquisition. This allows teachers to refine lessons and scaffold instruction effectively. During Stand-Alone instruction, ENL teachers focus on English language acquisition through the use of clearly defined language objectives, which support the development of listening, speaking, reading, and writing skills in English. These objectives are aligned with the students' language proficiency levels and are designed to help students access academic content while advancing their command of English.

Integrated ENL:

In accordance with Commissioner's Regulation (CR) Part 154, Integrated English as a New Language (ENL) instruction is designed to provide Multilingual Learners/English Language Learners (MLs/ELLs) with English

language development while simultaneously supporting access to core content instruction. Integrated ENL is delivered through a co-teaching model, in which a New York State certified teacher of English to Speakers of Other Languages (ESOL) collaborates with the classroom teacher to implement language development strategies within the classroom.

In an Integrated English as a New Language (ENL) classroom, ML/ELLs receive their mandated units of study according CR Part 154. ENTERING and EMERGING level students receive 180 minutes of integrated services in ELA, TRANSITIONING level students receive 90 minutes of integrated services in ELA and EXPANDING level students receive 180 minutes of integrated services in ELA. After students become COMMANDING as measured by the NYSESLAT, they receive 90 minutes of integrated ENL in ELA for two additional years. The integrated units of study are designed to continue to support students' English language acquisition during ELA and core content instruction. According to the September 2025 RFSF report, our school is composed of 163 students who scored at the ENTERING, 208 students who scored at the EMERGING level, 246 students who scored at the TRANSITIONING level, and 234 students who scored at the EXPANDING level on the Spring 2025 NYSESLAT and the Fall 2025 NYSITELL. In addition, we also have 92 students who scored at the COMMANDING level on the Spring 2024 and 2025 NYSESLAT.

Within integrated ENL units of study, students are grouped heterogeneously during whole group and small group instruction utilizing student data and teacher observations. In addition, classes are grouped heterogeneously, consisting of ML/ELLs, FELLs, and Non-ELLs. Thus, the ML/ELL levels in the integrated ENL classes range from Entering to Commanding.

During our Common Planning periods, teachers analyze data to create strategic partnerships and triads for listening and speaking activities. For example an Entering level student may be paired with a Transitioning level student or a triad with an Entering, Transitioning and Expanding students. They utilize ENL data by modality to form purposeful student groupings that support language development. These groupings are also informed by ongoing teacher observations of student performance and language use in the classroom. In instruction, Commanding-level students serve as language models to support the English language acquisition of their peers. Differentiated language scaffolds are provided based on students' ENL levels and teacher observations. During Integrated ENL periods, these scaffolds are further tailored to meet the linguistic needs of each group, promoting meaningful access to content and continued language acquisition.

Instruction is designed to embed language objectives alongside content objectives, ensuring that students are developing English language skills in reading, writing, listening, and speaking as they engage with grade-level content. Teachers also utilize students’ home language strategically as a bridge to learning, supporting deeper comprehension and building on existing linguistic assets.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Transitional Bilingual Education (TBE) program:
Currently we have six Transitional Bilingual Education (TBE) Spanish classes. These are 12:1:1 Special Education classes in grades K-5. English and Spanish instruction is delivered by a teacher who is certified in Special Education and who holds a Bilingual (Spanish) certification or extension as well. ML/ELLs are placed in TBE classes according to the language of instruction determined by each individual students’ IEPs. Within these specific classes, students are grouped homogeneously when working in smaller groups in order to meet students' specific linguistic needs in addition to their IEP goals.

The students in the TBE programs transfer home language skills from Spanish to English. Students receive 70% of instruction in Spanish and 30% instruction in English at the beginning of the school year. As the year progresses and

the students become more proficient in English, the percentage of instruction in Spanish decreases as the English instruction increases. Instruction is also differentiated for individual students according to their ML/ELL proficiency level. For example, the ratio of home language to English for Entering students is 70/30; for Emerging students is 60/40; for Transitioning students is 50/50; and for Expanding students is 30/70. In TBE programs, teachers also take several considerations when determining which language is best to teach certain concepts. Teachers consider carefully the rigor of instruction, student familiarity with concepts in the home language and English, and the academic language required for using and mastering concepts. When determining the amount of home language and English language used in instruction, teachers consider a number of factors including, but not limited to students' proficiency levels, educational backgrounds, content knowledge, and home language literacy skills. This allows for differentiated instruction that meets the individual student's needs.

Dual Language Bilingual Education (DLBE):

Dual Language Bilingual Education (DLBE) program:
Currently we have 12 Dual Language General Education classes and 6 Dual Language ICT classes. Dual Language (DL) General Education Classes consist of two classes in each grade. Each class consists of one teacher who holds a Bilingual license. The Dual Language teachers employ a 50/50 model where Spanish and English instruction is delivered equally. Classes are grouped heterogeneously, consisting of ML/ELLs, FELLs, and Non-ELLs. Thus, the ML/ELL levels in the Dual Language classes range from Entering to Commanding. All ML/ELLs receive instruction for the mandated units of study according to their proficiency level by the classroom teachers. The classroom teacher integrates ENL strategies in the content area and, in addition, provides Stand-Alone ENL instruction for Entering and Emerging students. Non-ELLs are placed in this setting due to the fact that their parents have expressed a desire for their child to achieve proficiency in both languages. The Non-ELLs can be from Spanish speaking homes, or from homes where English or another language is spoken primarily. In this specific program, students are immersed in instruction that supports their home language and culture.

Our Dual Language Integrated Co-Teaching (ICT) Classes consist of one class per grade ranging from grades K-5. Instruction will be delivered by a teacher who has a Special Education license, as well as a teacher who holds a Common Branch/Bilingual license. In some classes, one of the classroom teachers may also be TESOL certified. The teachers provide their ML/ELLs with the necessary strategies to meet students' individual needs as well as Special Education students' IEP goals. In addition, both teachers provide students with the mandated instructional minutes according to their ML/ELL proficiency level through a collaborative co-teaching approach. The classes consist of about 30 students, in which there is a maximum of 12 students with an Individualized Educational Plan (IEP) whose language of instruction is Spanish, according to their IEPs. The remainder of the class consists of a mixture of ELLs and Non-ELLs from Spanish speaking homes, or from homes where English or another language is spoken primarily. Students without IEPs are placed in this setting due to the fact that their parents have expressed a desire for their child to achieve proficiency in both languages. In this program, students are also immersed in instruction that supports their home language and culture.

Grade appropriate leveled texts (English/Spanish to support home language) will be used to support discussion. In addition, writing stems/sentence frames will be used to engage students in conversation with family members. Additional supports include, visual aids, read alouds, videos, vocabulary; computer based instructional resources. To develop student's early literacy skills, mCLASS, Heggerty in English and Spanish and OG will be used. To aide students with comprehending grade appropriate skills, the curriculum HMH Into Reading and Arriba la Lectura (HMH Spanish) will be used in the classroom in grades K-5.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

In order to ensure the mandated number of instructional minutes is provided according to students' English language proficiency level in each program model, administrators engage in ongoing yearlong recruitment based on availability of candidates holding proper certification. Hired pedagogues are aligned to class programs accordingly to meet C.R. Part 154.2 mandates based on students' most current NYSESLAT levels. Administrators and teachers collaborate to ensure that schedules are aligned to meet the mandated units of study in accordance to CR Part 154.2, based on students' ML/ELLs proficiency levels and program type.

According to the CR Part 154.2, students who have scored at the Entering level on the NYSESLAT receive the required 180 minutes of Stand-Alone ENL per week and 180 minutes of Integrated ENL/ELA per week. ML/ELLs who have scored at the Emerging level on the NYSESLAT receive 180 minutes of Stand-Alone ENL per week, 180 minutes of Integrated ENL/ELA per week. ELLs/MLLs who scored at the Transitioning level on the NYSESLAT receive either 90 minutes of Stand-Alone ENL or 90 minutes of Integrated Content Area in addition to the 90 minutes of Integrated ENL/ELA per week. Students who scored at the Expanding level on the NYSESLAT receive 180 minutes per week of ENL/ELA or other content area, these students are not required to receive minutes for Stand-Alone ENL. Students in these classes who scored at the Commanding level on the NYSESLAT receive a minimum of 90 minutes of Integrated ENL/ELA or other content area. These students are not required to receive minutes for Standalone ENL. Students in these classes that scored at the Commanding Level on the NYSESLAT are mandated to receive an additional two years of ENL instruction.

Teachers of ML/ELLs in Integrated ENL, Dual Language and Transitional Bilingual Educational programs ensure the mandated number of instructional minutes are provided according to the students' English language proficiency levels by scheduling Integrated and Stand Alone periods in their program. During our Common Planning periods, teachers, coaches and instructional leads analyze the ENL data for students and collaborate to deliver the correct number of instructional minutes.

Out-of-classroom ENL providers work closely with classroom teachers to ensure that English Language Learners (ELLs) receive the mandated number of instructional minutes based on their English language proficiency levels. These providers support the scheduling and delivery of both Stand-Alone and Integrated ENL instruction. During Common Planning periods, ENL teachers, coaches, and instructional leads analyze student ENL data and partner with classroom teachers to ensure compliance with instructional time requirements and to support targeted, language-rich instruction.

In addition, students who scored at the ENTERING to EXPANDING level on the NYSESLAT and are in a Transitional Bilingual program receive one Home Language Arts (HLA) unit of instruction. Students at the ENTERING and EMERGING levels receive a minimum two Bilingual Content Area subjects and students at the TRANSITIONING and EXPANDING levels receive a minimum of one Bilingual Content Area subject.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL
In order to ensure the mandated number of instructional minutes is provided according to students' English language proficiency level in each program model, administrators engage in ongoing yearlong recruitment based on availability of candidates holding proper certification. Hired pedagogues are aligned to class programs accordingly to meet C.R. Part 154.2 mandates based on students' most current NYSESLAT levels. Administrators and teachers collaborate to ensure that schedules are aligned to meet the mandated units of study in accordance to CR Part 154.2, based on students' ELL/MLL proficiency levels and program type. ELLs/MLLs who have scored at the Entering

level on the NYSESLAT receive the required 180 minutes of Stand Alone ENL per week and 180 minutes of Integrated ENL/ELA per week. ELLs/MLLs who have scored at the Emerging level on the NYSESLAT receive 180 minutes of Stand-Alone ENL per week, 180 minutes of Integrated ENL/ELA per week. ELLs/MLLs who scored at the Transitioning level on the NYSESLAT receive either 90 minutes of Stand-Alone ENL or 90 minutes of Integrated Content Area in addition to the 90 minutes of Integrated ENL/ELA per week. Students in ENL classes who scored at the Expanding level on the NYSESLAT are not required to receive minutes for Stand-Alone ENL; however, they receive 180 minutes per week of ENL/ELA or other content area. Students in Stand-Alone ENL classes who scored at the Commanding level on the NYSESLAT are not required to receive minutes for stand-alone ENL; however, they receive a minimum of 90 minutes of Integrated ENL/ELA or other content area. Students in Stand-Alone ENL classes that scored at the Commanding Level on the NYSESLAT are mandated to receive an additional two years of ENL instruction.

HLA
In order to ensure our students who are in a TBE setting are receiving one HLA class as per CR Part 154.2, we as a school have created schedules so that teachers are supporting students during their What I Need (WIN) period. Teachers have the flexibility of meeting with students either whole class, in a small group or one-on-one depending on the needs of the students and the skills being targeted. Students HL is used to tap into student's prior knowledge, as well as to build on students knowledge of specific skills.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school implements the Two-Way Dual Language Bilingual Education (DLBE) Program, also known as "two-way immersion." In this model, English Language Learners (ELLs) who share the same home language and English Proficient (EP) students—including native English speakers, former ELLs, and heritage speakers—are integrated for instruction and learn academic content in both English and the partner language.

In the Dual Language program, English Dual Language Teachers and ENL Providers collaborate to ensure that schedules are aligned to meet the mandated units of study in accordance to CR Part 154.2, based on students' ML/ELL proficiency levels and program type. All Dual Language students receive bilingual content area instruction, in accordance with CR Part 154.2. For Dual Language programs, a 50/50 model is implemented. Students receive 50% of the yearly instruction in Spanish and 50% of the yearly instruction in English. Both literacy and content are taught equally in both Spanish and English over the course of the program. Instruction is delivered in one language at a time without translation. Our DL self-contained and DL ICT programs extends from grades K-5.

In our Two-Way DLBE classrooms, English proficient students and ELLs are integrated for 100% of the instructional day. Instruction is delivered in both English and the partner language using a balanced model that supports language development and content mastery in both languages. This structure promotes collaboration and interaction among all students while supporting equity, inclusion, and academic excellence.

b. In which language(s) is each core content area taught?

Core content area instruction is delivered in compliance with the legislative mandates and directives for each ML/ELL program as described in CR Part 154.2. The Transitional Bilingual Education teachers and Dual Language teachers align their instruction according to content units of study and the Next Generation Learning Standards (NGLS). Teachers utilize Language Objectives to provide all students with equal access to the curriculum as well. The teachers employ scaffolding strategies to enrich home language development in addition to English language development in all content areas. HMH Into Reading and Arriba la Lectura materials are utilized to support stages of language and literacy development for our diverse populations. The HMH Into Reading and Arriba la Lectura curricula enable students of varied proficiency levels to increase their reading and writing skills with the implementation of a variety of strategies. To develop Math skills in the home language and the English language, we construct our lessons by bringing the language of Math that our ML/ELLs encounter during their Envisions instruction.
Dual Language (DL) program:
In Dual Language classes, students receive 50% of the yearly instruction in the Spanish and 50% of the yearly instruction in English. Both literacy and content areas are taught equally in both Spanish and English over the course of the program. Instruction is delivered in one language at a time without translation.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Core content area instruction is delivered in compliance with the legislative mandates and directives for each ML/ELL program as described in CR Part 154.2. The TBE teachers align their instruction according to content units of study and the Next Generation Learning Standards (NGLS). All teachers utilize Language Objectives to provide all students with equal access to the curriculum as well. The teachers employ scaffolding strategies to enrich home language development in addition to English language development in all content areas. HMH Into Reading and Arriba la Lectura materials are utilized to support stages of language and literacy development for our diverse populations. The HMH Into Reading and Arriba la Lectura curricula enable students of varied proficiency levels to increase their reading and writing skills with the implementation of a variety of strategies. To develop Math skills in the home language and the English language, we construct our lessons by bringing the language of Math that our ML/ELLs encounter during their Envisions instruction.

Transitional Bilingual Education (TBE) program:
In TBE programs, teachers also take several considerations when determining which language is best to teach certain concepts. Teachers consider carefully the rigor of instruction, student familiarity with concepts in the home language (Spanish) and English, and the academic language required for using and mastering concepts. When determining the amount of home language and English language used in instruction, teachers consider a number of factors including, but not limited to, students' proficiency levels, educational backgrounds, content knowledge, and home language literacy skills. This allows for differentiated instruction that meets the individual student's needs.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to the September 2025 RLER data, 78% (665 students) of our English Language Learners are classified as Newcomers, defined as students with 0–3 years of enrollment in NYCDOE schools. This significant proportion shapes our instructional planning and service delivery to ensure both compliance with mandates and the academic and linguistic development of all ELLs.

Effective Instruction for Newcomers is a priority at PS 143Q. For Newcomer ELLs, we ensure that they receive the mandated service minutes as outlined in CR Part 154.2. Instruction is then differentiated based on English language proficiency levels. For Entering and Emerging Levels, the focus is on helping students acclimate to their new learning environment while developing both conversational and academic language. Instruction emphasizes Advanced Literacies Hallmark 2: Talk and Discussion, using structured oral language tasks to build foundational communication skills and content knowledge in a low-stress, supportive setting.

Students at the Transitioning and Expanding Levels engage in more collaborative, talk-based learning. Teachers design opportunities for student-led discussions, cooperative group work, and project-based tasks during integrated content-area instruction. The goal is to increase both the quantity and quality of student discourse, promoting deeper engagement and language development.

Effective instruction for Developing ELLs is also a priority at PS 143Q. For ELLs who have progressed beyond the Newcomer stage and have been classified as Developing ELLs, instruction continues to emphasize meaningful discussion, but with a shift in focus. At this stage, we emphasize Advanced Literacies Hallmark 4: Vocabulary and Knowledge in the Disciplines. Teachers intentionally incorporate a small set of high-utility academic vocabulary words into lessons to help students build both the breadth and depth of content knowledge across subject areas.

For Newcomers, instruction relies heavily on visual supports and accessible language to make content understandable. Teachers and peers model language using various sentence structures, and Total Physical Response (TPR) is often used to connect language to meaning. Vocabulary instruction focuses on Tier 1 and Tier 2 words, along with cognates when possible, to build foundational language skills in a meaningful and engaging way.

In contrast, Developing ELLs engage with more complex language structures, including compound and complex sentences. Vocabulary instruction targets Tier 2 and Tier 3 academic words that deepen content knowledge. Language modeling by teachers and peers remains essential, but students also explore vocabulary through making connections with cognates, morphology, and engaging activities such as games and vocabulary notebooks. This approach supports students' growing linguistic sophistication and academic language development.

For both groups, a student-friendly, NYSESLAT-aligned speaking rubric is used to clearly communicate expectations for oral language development. This tool helps students understand the components of effective spoken language and supports their progress along the linguistic continuum. It also serves as a guide for self-assessment and reflection, promoting ownership of their language learning.

By tailoring instruction based on time in the system and proficiency levels, we ensure that all ELL subgroups (Newcomers and Developing ELLs) at PS 143Q receive the targeted support they need to thrive academically and linguistically. (Please note: We do not have any Long-Term ELLs, since we are a K-5 school.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to the September 2025 RFSF data, PS143Q has 2 identified SIFE students, which represents 0.2% of our ELL population. When a potential SIFE student enrolls, we follow the recommended interview process outlined in C.R. Part 154.2 to determine their SIFE status. Identified students complete the SIFE oral interview questionnaire and the Multilingual Literacy SIFE screener to assess their educational backgrounds and literacy levels. Additionally, all students—regardless of SIFE status—are screened using mCLASS as a universal tool to determine their starting points for Response to Intervention (RTI) and targeted support programs.

To meet the unique needs of SIFE students, our school employs multiple strategies to differentiate Instruction and support our students. Teachers create flexible and differentiated small groups that target individual student needs, ensuring personalized instruction. In addition, ENL and RTI teachers collaborate within classrooms to provide direct, targeted assistance for SIFE students alongside their peers. Collaborative teacher teams establish partnerships to promote consistency and scaffolded learning experiences.

SIFE students are placed in a bilingual setting. This setting supports cross-linguistic transfers between the home language (Spanish) and the new language (English). It also lowers the affective filter supporting a student's social-emotional well-being, which helps a student feel safe and supported in an academic setting.

Another important component of supporting our SIFE students is social-emotional supports. At-risk counseling is provided by our School Counselor, Intervention Specialist, and Parent Coordinator to address barriers to learning and support student well-being.

The school administration regularly reviews and adjusts programs to best support SIFE students. This includes thoughtful placement decisions, such as enrollment in our Dual Language program when appropriate, to foster both home language and English development.
To accelerate progress, we provide additional instructional opportunities beyond the regular school day, including before- and after-school sessions as well as Saturday classes. SIFE students receive intensified support from TESOL-certified teachers.
Instructional materials are utilized to ensure SIFE students make progress. Their progress is assessed, as students are continually monitored with mCLASS to track literacy development. Assessments in the SIFE students' home language, such as the Spanish LAB, also help inform instruction and growth. Instruction is carefully differentiated based on proficiency levels using leveled benchmark books and curricula such as HMH Into Reading and Arriba la Lectura.

For bilingual settings, mClass and HMH assessments are administered in Spanish and English. Therefore, students are assessed in both their home and new language. This provides data so staff can strategically support the student's home language, while simultaneously developing English language acquisition.

By combining careful identification, flexible instructional models, targeted academic supports, and social-emotional interventions, PS143Q ensures that SIFE students receive the comprehensive and differentiated education necessary to accelerate their academic and language growth.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to the September 2025 RLER data, 0% of our students are currently classified as Long-Term ELLs. Under C.R. Part 154.2, Long-Term ELLs are defined as students who have received English as a New Language instruction —either as part of a bilingual education program or a freestanding ENL program—for seven or more enrolled school years within the NYC DOE.

While we currently have no Long-Term ELLs, any students who might enter this classification in the future would be referred to Response to Intervention (RTI) services. RTI supports for Long-Term ELLs typically include remedial reading and language programs such as mCLASS, Orton-Gillingham (OG), Heggerty phonemic awareness, and Spire Decodables to address persistent gaps in literacy and language skills.

Developing ELLs, as defined by C.R. Part 154.2, are students who have received ENL instruction for four to six enrolled school years in the NYC DOE. According to the September 2025 RLER data, our school currently has 186 Developing ELLs, which represents 22% of our ELL population.

Since PS143Q serves grades K–5, many Developing ELLs may transition into Long-Term ELL status upon entering middle school. To proactively address their needs, we provide mandated ENL service minutes alongside targeted instructional strategies focused on Advanced Literacies Hallmark 3: Writing to Build Language and Knowledge.

Writing has been an instructional focus at PS 143Q, because this modality has been identified as the lowest-performing language modality across our school based on historical data and the September 2025 RLAT results. Therefore, to strengthen both language proficiency and academic content knowledge, we emphasize extending and deepening writing protocols aligned with Advanced Literacies Hallmark 3. This targeted approach supports Developing ELLs in building the critical skills necessary to avoid becoming Long-Term ELLs.

While we currently have no Long-Term ELLs, we are committed to providing Developing ELLs with intensive, writing-focused instruction to accelerate their language and academic growth, ensuring they continue progressing toward English proficiency and academic success.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to our September 2025 RFSF data, 126 students, representing 10% of our total enrollment, are categorized as Former ELLs.

According to the CR Part 154, to support Former ELLs in maintaining and further developing their English proficiency, our school provides a minimum of 90 minutes per week of integrated ENL instruction. While we currently have many ENL-certified staff members to ensure that all Former ELLs consistently receive the mandated instructional minutes,

we are also actively planning to hire additional ENL-certified staff. Teachers utilize the most recent data from the 2025 NYSESLAT to inform their small group instruction. This data-driven approach helps educators tailor their teaching by selecting appropriate research-based resources and strategies that promote the continued growth and mastery of English language skills for Former ELLs. By providing targeted, data-informed instruction and expanding our staff with additional ENL-certified teachers, we ensure Former ELLs receive the support necessary to sustain and build upon their language proficiency for academic success.

Since many of our staff are ENL certified, we are able to utilize Option D: Integrated English as a New Language (ENL) program. During ENL instruction, content area instruction is delivered in English. This instruction is supplemented with home language supports, such as usage of cognates, and other scaffolds, such as providing complex sentence structures. For our former ELLs, ENL instruction is delivered using the Integrated model of instruction.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to the Spring 2025 EDAT data, 27.6% (254 students) of our ELL students have one at-risk indicator, while 35.7% (328 students) have two at-risk indicators. Notably, 100% of our ELLs have at least one at-risk factor, with no students having more than seven indicators. The largest group, representing 35.7% (328 students) of our ELLs, have at least two risk factors.

We have noticed some At-Risk Trends and Indicators for certain subgroups. The Newcomers subgroup is the majority of our ELL population with a total of 745 students (81%). This reflects the challenges associated with recent enrollment and language acquisition. Students in Temporary Housing is a significant portion of our student population with 350 students (38%). ELLs experiencing temporary housing adds an additional layer of instability which affects academic progress. Another subgroup where we have noticed an at-risk trend is students whose data shows that 409 (44.5%) of our ELLs have been categorized as not meeting expected progress. This signals the need for targeted intervention.

We have identified other At-Risk factors. Additional indicators impacting our ELLs include being identified as a potential Long-Term ELL, and/or scoring a level 1 or 2 in English Language Arts and/or Math for one or two consecutive years. Our data reveals that the majority of our ELL students face multiple risk factors, with Newcomer status and housing instability being the most prevalent. These trends highlight the critical need for comprehensive academic and social supports tailored to the unique challenges faced by our ELL population.

To address at-risk trends—such as newcomer status, temporary housing, and limited ELP progress—we provide specific instructional and social-emotional supports. In terms of social-emotional supports, we host February and April Break camps for students in temporary housing. Throughout the week at camp, students engage in fun activities and have an additional opportunity to participate in small group activities. Since it is a small group setting, the teachers and other support staff have the opportunity to discuss the students feelings and further address their well-being. We also host newcomer activities, such as Paint and Sip, where students create a paining under the guidance of an artist, and can socialize with other Newcomers and their families. In addition, we host a Saturday Academy and a Sunday Academy to focus on the needs of our at-risk populations for both social-emotional development and making progress in English language proficiency. Additionally, we have our own after school program called Happy Corona, which is open to all students. During this after school program, staff provides homework help and small group instruction. Students participate in fun activities that support social-emotional well-being and English language acquisition.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the Spring 2025 EDAT data, 30 Former ELLs (39.5%) at our school have at least one at-risk indicator. No Former ELLs currently have more than four at-risk indicators.

We have identified trends among Former ELLs. An analysis of the data reveals the following key trends impacting Former ELLs. In terms of the former ELLs academic performance, 28 students (36.8%) scored a level 1 or 2 on the ELA State Test during the previous school year. In addition, 18 students (23.7%) scored a level 1 or 2 on the Math State Test, indicating continued academic needs in core content areas. Another at-risk indicator is housing instability. 19 students (25%) are currently living in temporary housing, which can negatively impact academic consistency and access to learning resources. Nearly 64.5% of our Former ELLs exhibit at-risk indicators, with academic underperformance and housing instability being the most prevalent factors. These findings highlight the importance of continued monitoring and targeted support for Former ELLs to ensure sustained academic progress and overall stability following their transition out of ENL services.

These trends are monitored and used to inform planning for Former ELLs. Our school closely monitors these trends through regular data reviews, including EDAT reporting cycles, academic performance tracking, and coordination with support staff such as guidance counselors, ENL Teachers and the Students in Temporary Housing Coordinator. This ongoing monitoring allows us to identify patterns and respond proactively. For instance, former ELLs who show academic or housing-related risk factors are flagged for additional interventions such as targeted small-group instruction, academic tutoring, check-ins with social workers, and referrals to external support services.

The data-driven insights gained from our trend analysis are used to design instructional planning, allocate resources, and tailor support services to address the specific needs of former ELLs. By continuously reviewing and acting on these indicators, we aim to ensure that former ELLs maintain academic growth and stability after transitioning out of ENL services.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the June 2025 RFSF data, the predominant home language among English Language Learners (ELLs) at PS143Q is Spanish, with 905 students (98.4%) identifying Spanish as their primary language.

In addition to Spanish, our ELL population includes students who speak: Chinese/Mandarin (9 students), Russian (2 students), Macedonian (1 student), Mandinka (1 student), Nepali (1 student), and Bengali (1 student).

Staffing and Communication Supports are important to ensure families are welcomed and well-informed. PS 143Q prioritizes hiring bilingual staff across various roles, including: Parent Coordinator, Family Workers, School Aides, Paraprofessionals, and Instructional and Pedagogical Staff. These team members play a vital role in bridging communication between the school and families, especially those who speak Spanish and Chinese, the two most commonly spoken home languages. All school notices and announcements are translated into Spanish and Chinese. For families who speak less common languages, teachers utilize the NYCDOE Translation and Interpretation Line to ensure that communication remains clear, inclusive, and respectful of every family's linguistic background.

To support learning in students' home languages, PS143Q offers academic supports, in addition to bilingual classes at every grade level, allowing Spanish-speaking students to access rigorous content while continuing to develop literacy and academic skills in both English and Spanish. This dual-language approach affirms students' cultural

identities and promotes biliteracy. All staff is required to completed the Language Access Training, which will equip staff with essential tools to better support families who prefer to communicate in a language other than English. In addition, staff participates in professional development about cross-linguistic transfers. Staff learns what this means and strategies they can use to leverage what students know in their home language to teach a new language (English). In addition, bilingual sound walls are utilized across various grade levels, so that staff can hone in on various aspects of the home language and new language to make meaningful connections. As for assessments for mClass, HMH, and envisions (math program) in bilingual classes, the assessments are provided using the home language strategically and/or side-by-side for English language development.

Through intentional staffing, translation services, and robust bilingual programming, PS143Q ensures that students' home languages are recognized, respected, and integrated into both learning and communication practices.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

According to the Spring 2025 EDAT data, 901 (97.9%) of ELLs at our school identify as Hispanic or Latinx, 1.3% as Asian, 0.2% as Black, and 0.5% as White. To ensure a welcoming and affirming environment for all ELLs, we prioritize inclusive communication, curriculum, and materials that reflect and honor students' diverse cultures and communities.

Our school supports project-based learning that supports and uplifts our community. Each grade level has a STEM class, in which our ELLs are empowered to develop language and content through a STEM curriculum. This work includes a student leadership component to amplify student voices through the presentation of STEM projects in the school-wide STEM fair. Grade Teams collaborate to ensure curriculum and assessments are inclusive, culturally responsive, and tailored to diverse learning styles, while also integrating current events. Our school implements the HMH Into Reading curriculum, which represents characters from diverse backgrounds. Instructional resources are developed with the needs of our students in mind, ensuring we are providing linguistic support so that student voices can be amplified during discussions bringing in various racially, culturally, and linguistically diverse perspectives. ELLs are actively included in CR-SE planning and delivery through various leadership and participatory roles. For example, one of the projects we worked on was through the NYC DOE Citywide Project-Based Learning Initiatives. Multilingual student ambassadors participated in representing our school in the District 24 PBL culminating presentation.

We also have equitable opportunities for school-wide leadership. Through these opportunities, students are able to provide input on school culture, climate, and culturally responsive initiatives. Student leaders co-facilitate peer orientation sessions for newly arrived ELLs, offering both linguistic and social-emotional support. We also have students that participate in Pawprints, which is our in-school civics magazine. They write articles about school events and various community events, such as projects to get additional books for our school, ending bullying, and stopping littering. Additionally, students participate in our school's Lion News Broadcast, where they have an opportunity to share and showcase different projects students in our school are working on.

Additionally, we are committed to ongoing professional learning, including diversity, equity, and inclusion training for staff. This year, all parent-facing staff are completing the Language Access training. Families will also be engaged and supported through various workshops and meetings hosted by our ENL team, STH Coordinator, Counselors, and PTA. As a result, families feel welcomed and encouraged to come to our school and reach out to staff for assistance with various needs, such as supporting their child or obtaining information about community resources.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Based on the Spring 2025 EDAT data, a total of 556 students were identified as Progress Eligible for English Language Proficiency (ELP) growth. Of these, 147 students—approximately 26.4%—met their ELP growth targets through a variety of methods. Specifically, 76 students (13.7%) met their annual progress targets through Method 2, 41 students (7.4%) exited ELL status by meeting proficiency through Method 1, and 30 students (5.4%) made progress through Method 3 by meeting Safe Harbor cumulative growth. However, 409 students (73.6%) did not meet sufficient progress, highlighting the need for continued and targeted instructional support to improve overall language proficiency outcomes.

In response to this trend, our school implemented a series of structured, data-informed common planning sessions across grade levels. These sessions focused on deepening staff understanding of the ELL identification process, the administration and structure of the NYSITELL and NYSESLAT exams, and the interpretation of key data sets, including RLAT and FURBY reports. Educators were guided through a detailed review of each section of the NYSESLAT exam by grade or grade-band, with particular emphasis on analyzing student performance across modalities—listening, speaking, reading, and writing. This analysis allowed teachers to identify individual student strengths and areas in need of support, enabling them to use stronger modalities to reinforce weaker ones.

Additionally, FURBY data was used to track student progress or regression within specific modalities, offering actionable insights that inform instruction and intervention. Teachers applied this data to tailor lesson plans, incorporate targeted skill-building activities, and create dynamic small group instruction based on students' specific linguistic needs. For example, if a class demonstrated a need for growth in listening comprehension, teachers integrated more listening-focused tasks into daily instruction. This strategic, data-driven approach ensures that instructional planning is both responsive and intentional, aimed at supporting ELLs in making measurable progress toward the next proficiency level on the NYSESLAT and ultimately achieving English language proficiency.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

An analysis of the Spring 2025 NYSESLAT data for both current and former English Language Learners (ELLs) reveals notable trends across the four language modalities: Listening, Speaking, Reading, and Writing. One of the most significant findings is that Speaking emerges as the greatest area of need, particularly among students in the earlier grade levels. Writing also presents challenges, especially in the upper grades, suggesting that while foundational writing skills may begin to develop in early elementary, students require continued, sustained support to achieve proficiency as academic demands increase. In contrast, Reading shows moderate levels of need across grade levels, and Listening consistently stands out as the modality in which students demonstrate the strongest performance.

These patterns have informed our instructional planning and support structures. For students struggling with Speaking, we incorporate student-friendly rubrics to help model strong verbal responses and provide targeted scaffolds based on proficiency levels. Entering and Emerging ELLs receive sentence starters to initiate and structure their oral responses, while Transitioning and Expanding ELLs benefit from sentence structures designed to deepen and refine their spoken English. These same linguistic supports are also used to strengthen writing development, particularly in early grades, where students are beginning to organize thoughts and express them in written form. For students at more advanced proficiency levels, we introduce structured paragraph writing strategies to help them construct cohesive, grade-level appropriate responses.

Instructional decisions are guided by ongoing analysis of student data during our Common Planning sessions, where

teachers identify trends by modality and proficiency level. This data-driven approach allows educators to design targeted interventions, build on students' strengths, and address specific areas of need. Listening, consistently the most accessible modality, serves as a foundation upon which other language skills can be strengthened. Meanwhile, the gradual improvement in Speaking and Writing—especially by Grades 4 and 5—demonstrates the effectiveness of intentional scaffolding and sustained language development supports over time.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to the Spring 2025 EDAT data, there is a clear and significant relationship between students' English language proficiency, as measured by the NYSESLAT, and their performance on other state assessments such as the ELA and Math exams. In particular, students at the Entering and Emerging levels of English proficiency tend to score lower on the ELA exam. For example, 31% of students who scored at Level 1 on the ELA also scored at the Entering or Emerging levels on the NYSESLAT, with only a small number—just four students—scoring at the Commanding level. Among students who scored Level 2 on the ELA, 19% were at the Expanding or Commanding levels, while 100% of students who scored Level 3 on the ELA were also at the Commanding level on the NYSESLAT. These findings suggest that students' English language development directly impacts their ability to demonstrate literacy skills on the ELA exam, which requires a high level of comprehension, academic vocabulary, and written expression.

A similar trend is observed in the Math assessment. While math is generally less language-dependent than ELA, students with higher English proficiency still tend to perform better. For example, 10% of students who scored Level 2 in Math were at the Entering or Emerging levels, while 24.3% were at the Transitioning or Expanding levels, and only 2.9% were Commanding. Among students who scored Level 3 in Math, the majority were at the Transitioning, Expanding, or Commanding levels, with only 1.3% at the Entering or Emerging levels. Notably, a few students at the Expanding and Commanding levels achieved a Level 4 in Math. This indicates that as English proficiency increases, students are better able to comprehend and respond to the language used in math questions, particularly when required to explain their reasoning or interpret multi-step problems.

These patterns highlight the importance of integrating language development into content instruction. Teachers use targeted strategies such as vocabulary instruction, sentence structures, and reading techniques to help students understand and respond to exam questions across subjects. For instance, students are taught how to identify key words and phrases in math problems to determine the correct operation, and they use structured language to explain their mathematical thinking. Similarly, in ELA, instruction is differentiated by proficiency level, with Entering and Emerging students learning to use simple sentences, while Transitioning and Expanding students are supported in using more complex structures.

Overall, these insights inform curriculum planning and instructional design across disciplines. They highlight the necessity of supporting English learners not only with content knowledge, but also with continued, strategic language development to ensure that students can fully demonstrate their academic abilities in all tested subjects.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Our school currently serves two students with Interrupted Formal Education (SIFE) and 221 English Language Learners (ELLs) with Individualized Education Programs (IEPs), representing 26% of our total ELL population. According to the September 2025 RFSF data, proficiency levels among ELLs with IEPs show that 18.1% are performing at the Entering level, 28.5% at Emerging, 35.3% at Transitioning, 18.1% at Expanding, and only 6.3% have reached the Commanding level. Analysis of the 2025 Spring NYSESLAT results reveals a continuing trend of underperformance in the writing modality within this subgroup. Writing remains a significant challenge due to the dual demands these students face—developing English language proficiency while simultaneously navigating learning challenges that impact cognitive and linguistic processing. Many ELLs with IEPs struggle with retaining,

organizing, and expressing language, particularly in complex academic tasks that require advanced written and oral communication skills.

To address these challenges, our school is actively working to close instructional gaps between English as a New Language (ENL) and special education services. We are implementing Orton-Gillingham-based literacy interventions and utilizing mCLASS assessments to inform targeted small-group instruction. A key strategy involves fostering collaboration among ENL teachers, special education providers, and general education staff. The school's Instructional Leadership Team plays a central role in promoting a rigorous, supportive, and inclusive learning environment for all students. Regular meetings are held with special education teachers and paraprofessionals to review best practices and ensure consistent implementation of IEP supports. These strategies are also integrated into common planning sessions across and within grade levels, strengthening collaboration and shared ownership of student success.

For our SIFE students, NYSESLAT performance is notably affected by limited or interrupted formal education. These students often face substantial academic gaps and underdeveloped literacy skills in their home language, making the acquisition of academic English particularly difficult. Furthermore, limited prior exposure to structured classroom environments can pose additional barriers to engagement and learning. In response, our school has implemented targeted academic interventions, increased access to language-rich instruction, and enhanced social-emotional supports to aid in students' acclimation and academic progress. SIFE students are strategically placed in bilingual programs to support second language development while leveraging their home language. Interventions such as Orton-Gillingham-based literacy instruction, mCLASS assessments in both English and Spanish, and the use of bilingual vocabulary across subjects are employed to accelerate learning. Upon registration, a dedicated support team is assembled to address the students' academic and social-emotional needs. Additionally, SIFE students are invited to participate in Winter and Spring Break academic camps, providing further opportunities to support their academic growth and language development.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

Not Applicable

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

Not Applicable

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

Not Applicable

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Not Applicable

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school is committed to providing English Language Learners (ELLs) with a high-quality academic experience that promotes deeper learning and long-term success. The Instructional Leadership Team (ILT) plays a central role in cultivating a supportive learning environment and setting high expectations for all students. To ensure ELLs are both challenged and supported, the ILT engages in ongoing professional development and actively recruits qualified educators who hold the appropriate certifications to teach multilingual learners (MLs)/ELLs.

Collaboration between administrators and teachers is essential in designing instruction that is responsive to students' English proficiency levels and program models. Instructional time is thoughtfully planned and tailored to meet the specific needs of ELLs. The ILT regularly reviews and refines the curriculum to align with the linguistic and academic needs of these students, ensuring that it reflects the four hallmarks of strong core instruction: engagement, rigor, targeted support, and meaningful assessment.

Instruction is grounded in research-based practices that promote language development alongside content mastery. In addition, instructional coaches play a vital role in supporting this work by providing ongoing professional development focused on core content areas, analyzing student data, and guiding staff in using strategies that effectively support ELL growth. These sessions help educators deepen their understanding of how to differentiate instruction, scaffold learning, and use data to drive instruction specifically tailored to ELLs' language development and academic progress.

Through continuous monitoring, coaching, and strategic adjustments, the ILT ensures that ELLs receive the personalized support necessary to thrive. These comprehensive and intentional efforts create an academic environment where ELLs can access deeper learning opportunities and reach their full potential.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's leadership team focuses on the areas below to ensure all ELLs have access to core instruction.

Collaboration and Professional Development: The Instructional Leadership Team (ILT) plays a key role in ensuring that ELLs have access to the core curriculum. They engage in ongoing professional development and yearlong recruitment of qualified teachers to ensure that educators with the appropriate certification are available to meet the needs of ELLs, as mandated by state requirements (C.R. Part 154.2).

Alignment of Instructional Minutes and Proficiency Levels: The ILT ensures that instructional minutes are aligned to the students' English language proficiency levels, based on the results of assessments like the NYSESLAT. This ensures that ELLs receive the appropriate amount of instruction, both in content and language, according to their proficiency levels.

Curriculum Support for ELLs: The ILT works consistently to ensure all teachers have the support and resources necessary to provide all Multilingual Learners (MLs) and English Language Learners (ELLs) with the scaffolds needed to meet the linguistic and learning demands. This guarantees that the instruction is accessible and relevant to all students, regardless of their language proficiency.

Research-Based Practices: By incorporating research-based practices and the four hallmarks of core instruction, the leadership team ensures that the teaching strategies used in the school are effective in supporting diverse learners, including ELLs.

Consistent Meetings and Alignment: Administrators and teachers collaborate regularly to align schedules and instructional strategies to meet the mandated units of study. This ensures that ELLs have equal access to the core curriculum and that their instruction is tailored to both their language and academic development needs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Each program model delivers core content using instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Language Objectives: Teachers consistently use Language Objectives alongside content objectives. This practice helps ensure that students are not only learning the academic content but are also developing specific language skills needed to comprehend and express the material. This integration aligns with the NGLS's focus on language development across all subject areas.

Scaffolding Strategies: Teachers employ scaffolding strategies tailored to each student's English proficiency level and home language literacy skills. Scaffolding might involve providing sentence starters, graphic organizers, or visual aids that help students engage with and understand challenging content. This method supports both content mastery and language development in line with NGLS.

Bilingual Instructional Methods: In Transitional Bilingual Education (TBE) programs, teachers use a strategic approach when deciding which language is best for delivering specific concepts.

Differentiated Instruction: In both TBE and Dual Language programs, teachers tailor their instruction based on individual students' proficiency levels, educational backgrounds, and content knowledge. This differentiated approach ensures students access grade-level content as outlined by the NGLS while supporting language acquisition.

Content and Language Integration: In Dual Language programs, content areas such as math, science, social studies, and literacy are equally taught in both Spanish and English.

Content Knowledge and Language Proficiency: Instruction in the school is designed to ensure students are meeting the rigorous expectations of the NGLS while developing proficiency in English and their home language. Teachers align their instruction with the NGLS by using content-rich curricula, ensuring that ELLs and MLs engage with the same grade-level material as their peers while also developing language skills through the use of targeted language objectives.

Balanced Literacy Approach: For Dual Language learners, the NGLS's focus on literacy is met by providing instruction in both Spanish and English. Literacy skills such as reading comprehension, writing, and speaking are developed in both languages.

Inquiry-Based Learning: The NGLS promotes critical thinking and inquiry-based learning. In both TBE and Dual Language programs, teachers might use inquiry-based projects that allow students to explore content through their home language and English.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers consistently engage in continued cycles of learning focused on adjusting teacher practice to positively impact student outcomes. Pedagogues use a range of instructional strategies and grade-level materials, including technology, in order to provide ML/ELLS with access to academic content areas and in order to accelerate English language development.

In all ENL programs, the school ensures that every student in every classroom is engaging with rich and inclusive curriculum materials and with appropriate assessments so that their needs are being met. In Dual Language programs and Transitional Bilingual Education programs, HMH Into Reading and Arriba la Lectura materials and mCLASS, are utilized to support stages of language and literacy development for our diverse populations. The HMH Into Reading and Arriba la Lectura curricula enable students of varied proficiency levels to increase their reading and writing skills with the implementation of a variety of strategies including small group instruction and tiered academic intervention with research-based scaffolds and resources. For ML/ELLs with IEPs, strategies that are outlined in the child's IEP are also used to support the child. To develop Math skills in the home language and the English language, we construct lessons that incorporate the language of math that our ML/ELLs encounter during their Envisions instruction. For students with IEPs, we use the goals outlined in the IEP in order to create supports that specifically meet the needs of ELLs with IEPs.

Teachers in Dual Language and Transitional Bilingual Education classes utilize Language Objectives to provide all students with equal access to the curricula as well. The teachers employ scaffolding strategies to enrich home language development in addition to English language development in all content areas. Teachers create tasks and activities that allow for students to build background knowledge or activate schema. Additionally, they are strategic as to whether students will employ the home language or target language when participating in certain tasks. In order to implement more technology and increase students' access to technology, teachers use a range of technological platforms so that students can practice and use a range of language modalities. For example, SuccessMaker and HMH platform programs.

b. SIFE

At our school, a variety of instructional strategies, grade-level materials, and technological resources are used to ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) have full access to academic content while accelerating their English language development. Particular attention is given to the needs of specific ELL subgroups, including Students with Interrupted/Inconsistent Formal Education (SIFE). Currently, we have seven identified SIFE students.

When a potential SIFE student enrolls, we follow the procedures outlined in Policy and Reference Guide to determine their SIFE status. This includes administering the SIFE Oral Interview Questionnaire and the Multilingual Literacy SIFE Screener. Regardless of SIFE identification, all students are assessed using the mCLASS universal screener to establish entry points for the multi-tiered framework, Response to Intervention (RTI), and Academic Intervention Services (AIS) and other targeted support programs.

To meet the unique needs of SIFE students and other MLs/ELLs, teachers implement a range of instructional strategies such as flexible and differentiated groupings, classroom partnerships, and integrated support from ENL and AIS teachers. These strategies are designed to build on students' current skill levels and provide scaffolded instruction in both English language development and content knowledge. Additional support services, including counseling from the School Counselor, Intervention Specialist, and Parent Coordinator, are available to at-risk students to promote academic and social-emotional success.

Academic and language acceleration is prioritized through extended learning opportunities, including before-school and after-school instruction as well as Saturday classes. When appropriate, SIFE students may also be placed in our Dual Language program to support both English and home language development. Instruction is delivered by TESOL-certified teachers, ensuring that students receive high-quality, linguistically responsive instruction.

The ENL team uses a wide range of instructional materials and resources tailored to students’ proficiency levels. These include leveled benchmark books, the HMH Into Reading and Arriba la Lectura curricula, graphic organizers, realia, manipulatives, and Total Physical Response (TPR) strategies. Instruction is further supported through multimedia resources such as videos and multi-leveled texts, which help to develop academic vocabulary and build background knowledge necessary for content area understanding. Spanish-speaking students are also assessed in their home language using the Spanish LAB to support bilingual development and accurate academic placement.

In collaboration with classroom teachers, ENL educators continuously plan and deliver differentiated instruction that incorporates vocabulary development, language-rich content activities, and culturally responsive practices. These strategies are aligned with CR Part 154.2 and are designed to help SIFE students and all MLs/ELLs thrive both academically and socially in their educational environment.

c. Newcomers

New admits are administered the NYSITELL for placement and are given the mandated services based on CR Part 154.2. ENL teachers help Newcomers acclimate to the school environment by giving a tour of the school and assigning a buddy to the child. School staff provide consistent check-ins with Newcomers and their families to ensure that they are feeling welcome and at ease. Instruction is content-based, and phonics and phonemic awareness are embedded within lessons to enhance intonation, fluency and Tier III vocabulary. Heggerty, OG, mCLASS, HMH Into Reading and Arriba la Lectura are the curriculum programs used within our school. The ENL providers and classroom teachers utilize these programs to help our newcomer students. Through Waggle, Raz-Kids, Imagine Learning and Arriba la Lectura, Newcomers have access to books in their home language as well. They also use glossaries, word-to-word dictionaries, translated computer software, picture dictionaries, and multicultural texts. To ensure that the various academic and linguistic needs of Newcomers are met, in accordance with CR Part 154.2, the ENL teacher, in conjunction with the classroom teacher, will provide ongoing instructional

strategies (vocabulary instruction, multi-leveled texts, videos, etc.) to support students' language development and academic progress.

d. Long Term ELLs

To ensure that Multilingual Learners (MLs) and English Language Learners (ELLs) have meaningful access to grade-level academic content and to accelerate their English language development, our school implements a range of research-based instructional strategies, materials, and technologies tailored to meet the specific needs of various ELL subgroups. While we currently do not have any officially identified Long-Term ELLs, we actively monitor students who are at risk of becoming Long-Term ELLs, using data from the September 2025 RLER report.

All identified MLs and ELLs are assessed using mCLASS as a universal screener to determine entry points for intensive groups during our WIN period, these groups focus on the students' areas of need, utilizing their areas of strength to further develop their English proficiency. Students who need further support will be identified and supported through Response to Intervention (RTI) and targeted support programs. For students at risk of long-term ELL status, instruction is designed to be both rigorous and supportive, with a strong emphasis on Tier II and Tier III academic vocabulary. These students engage in close reading of complex texts to build deeper comprehension and strengthen critical thinking skills.

ENL and bilingual teachers play a central role in planning and delivering differentiated instruction that supports language development within the context of core content areas. Instructional strategies include explicit vocabulary instruction, the use of multi-leveled texts, visual supports, videos, and interactive technology tools that provide accessible entry points into grade-level content. ENL educators work in close collaboration with classroom teachers to co-plan and share effective instructional practices. This ensures that language development is embedded throughout the curriculum and that instruction remains culturally and linguistically responsive.
To support students at risk of becoming Long-Term ELLs, we regularly monitor their progress and adjust instruction as needed. During Common Planning sessions, classroom teachers and members of the instructional support team analyze ENL data using the RLAT and FURBY reports. This process involves evaluating whether students made progress from the previous year, identifying strengths and areas for growth across each modality, and determining which students require additional support to advance their English language proficiency. In addition to these reports, teachers rely on observations, mCLASS data, HMH module assessments, and enVisions topic assessments to monitor student progress and adjust instruction accordingly.

To further support these students, we offer a variety of extended learning opportunities, including literacy-based morning programs, Title III enrichment, and Saturday Academy. These programs are designed to reinforce academic language, increase exposure to complex texts, and provide additional instructional support in a small-group setting.

In alignment with CR Part 154.2, our school ensures that the academic and linguistic needs of MLs and ELLs are addressed through consistent collaboration between ENL and classroom teachers, differentiated instruction and materials, and intentional, data-informed planning. This comprehensive approach helps prevent students from falling behind and promotes steady progress in both content mastery and English language development.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

In order to ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) receive the mandated number of instructional minutes aligned with their English language proficiency levels and program models, the school's Instructional Leadership Team (ILT) engages in ongoing professional development and year-round recruitment of certified staff. This strategic hiring process ensures that pedagogues possess the appropriate credentials to meet

the requirements of CR Part 154.2. Once hired, teachers are aligned to class programs based on students' most current NYSESLAT levels to ensure compliance and effective service delivery. Administrators and teachers work collaboratively to align schedules with the mandated units of study, adjusting for both students' proficiency levels and the type of ENL or bilingual program in place. Additionally, the ILT meets regularly to review and select curricula that offer multiple entry points and are designed to address the diverse linguistic and academic needs of MLs/ELLs.

For students who are identified as ELLs and having Individualized Education Programs (IEPs), teachers ensure placement in the least restrictive environment based on each student's specific learning needs and goals. There is an ongoing collaboration among general education, ENL, and special education teachers to ensure that instruction addresses both linguistic development and IEP goals. Instructional programming for these students is carefully aligned with their IEP mandates and English language proficiency levels. To further support ML/ELLs with IEPs, the school enhances both English and home language interventions, utilizing bilingual education to affirm students' identities and foster a culture of multilingualism. Teachers also work in partnership with speech and language professionals to integrate evidence-based strategies that can be applied in inclusive classroom settings. Academic interventions are carefully selected and implemented to match each student's unique learning profile and IEP objectives, ensuring comprehensive and personalized support.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language assessment is tailored in each program model—Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL)—to meet the distinct linguistic and academic needs of Multilingual Learners (MLs)/English Language Learners (ELLs).

In the ENL program, home language assessment primarily serves to inform instructional planning. For Spanish-speaking students, the Spanish Language Assessment Battery-Revised (LAB-R) is administered to determine language dominance and guide appropriate services throughout the year. ENL teachers also leverage computer-based programs in the HMH platform and use home-language instructional materials from curricula such as HMH and Envisions to support students in building English proficiency while valuing their first language.

In the Dual Language (DLBE) program, students' literacy skills in their home language are assessed through both formative and summative measures. The Spanish version of mCLASS (Lecturas) is used to monitor early literacy development in Spanish. The DLBE model follows a 50/50 alternating-day approach, with equal instructional time in English and Spanish. Students benefit from access to home language libraries, bilingual textbooks, and digital tools like HMH computer-based programs and Raz-Kids, which are integrated into instruction. Scaffolded instruction and small group work help reinforce skills in both languages, supporting a balanced development of biliteracy.

In the Transitional Bilingual Education (TBE) program, home language assessment is also conducted using mCLASS (Lecturas) in Spanish. For students at the Entering and Emerging levels, instruction begins with a 70/30 split—70% in Spanish and 30% in English—and gradually shifts toward more English as students develop greater proficiency. Home language development is supported through biliteracy resources such as HMH Into Reading, Arriba la Lectura, Envisions, and supplemental technology programs including HMH computer-based programs and Raz-Kids. These resources are aligned to promote both language and content mastery.

Across all three program models, teachers, instructional coaches, and administrators use data from home language assessments to inform instruction, provide targeted supports, and plan differentiated, scaffolded lessons that bridge home language skills with English development. This comprehensive, data-informed approach honors students' linguistic backgrounds while accelerating academic growth and English proficiency.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Not Applicable

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

The following systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models are available at our school.

Targeted Professional Development: In addition to general professional learning sessions, our school offers co-teaching workshops that focus specifically on effective co-teaching models, such as parallel teaching, station teaching, and team teaching. These sessions emphasize how ENL teachers and general education teachers can collaborate seamlessly in the classroom, sharing responsibilities for both content delivery and language development. For instance, during station teaching, the class may be divided into small groups, with each teacher leading a station to reinforce different aspects of content and language skills.

Coaching: Our school provides ongoing coaching where instructional coaches or experienced ENL teachers observe co-taught classrooms and offer real-time feedback. This support helps teachers refine their co-teaching practices, ensuring that they are implementing the strategies learned during professional development in their day-to-day instruction. Coaches may also assist in the co-planning process, helping to align content objectives with language goals and ensuring differentiation for students with varying English proficiency levels.

Common Planning Time: A key system in place is the common planning sessions that are scheduled across all grade levels. These structured sessions give ENL teachers and content teachers dedicated time to plan lessons together, discuss individual student needs, and ensure alignment between content and language instruction. During these meetings, teachers work together to develop lesson plans that incorporate both academic content and targeted language objectives, ensuring that lessons are accessible to ELLs and that language development is embedded into everyday instruction.

Data-Driven Instructional Planning: Grade meetings and data dives are a cornerstone of our collaborative practice. During these sessions, teachers not only analyze English language proficiency levels but also review student performance on classroom assessments, standardized tests, and language assessments such as the NYSESLAT. By examining this data, teachers can identify trends in student progress, areas of need, and adjust their co-teaching strategies accordingly. For example, if data reveals that a group of students is struggling with academic vocabulary, teachers may incorporate more explicit vocabulary instruction into content lessons.

Shared Resources and Instructional Materials: Teachers have access to bilingual instructional materials, language scaffolds, and technology-based programs like translation tools, visual dictionaries, and language learning apps (e.g., Imagine Learning, Raz-Kids). These resources support differentiated instruction within co-taught classrooms, ensuring that both teachers have the tools needed to provide individualized support. Additionally, teachers often collaborate to create shared lesson banks and resource folders where they upload materials that align with both the content curriculum and language development goals.

Use of Google Classroom: This platform supports co-teaching by allowing both the ENL and content teachers to share responsibility for posting assignments, providing feedback, and monitoring student progress. This system ensures that students have continuous access to instructional content, including language supports like sentence frames or vocabulary lists, and allows both teachers to monitor student engagement and performance.

Collaborative Teaching Structures: Co-teaching teams at our school embrace the philosophy of shared responsibility, where both the ENL and content teacher are equally engaged in planning, instruction, and assessment. To reinforce this shared responsibility, teachers co-develop assessments that measure both content mastery and language acquisition. For example, during a science unit, students may be assessed on their understanding of scientific concepts as well as their ability to use content-specific language in their explanations.

Interdisciplinary Collaboration: Co-teaching and collaboration extend beyond just ENL and content teachers. At our school, ENL teachers often collaborate with special education teachers and other support staff to ensure that ELLs with diverse needs receive holistic support. This multi-disciplinary approach ensures that all aspects of a student's learning are considered, from language development to content mastery and even social-emotional learning, contributing to a well-rounded educational experience.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's annual professional learning plan is intentionally designed to ensure that all staff—administrators, teachers, and non-pedagogical personnel—receive ongoing training focused specifically on the academic and social-emotional needs of Multilingual Learners (MLs) and English Language Learners (ELLs). Professional development opportunities are thoughtfully scheduled throughout the year to build staff capacity in key areas such as co-teaching strategies, integrating language and content instruction, and culturally responsive practices. These sessions foster collaboration between ENL and general education teachers, emphasizing effective co-planning and co-teaching models that support MLs/ELLs across all content areas. Our overall professional development calendar includes in-house staff (e.g. instructional coaches and administration) and outside resources, (e.g. Professional Learning Opportunities from the D24 Superintendent's Team) to target the academic needs of ML/ELLs since our school is 70% MLs/ELLs. Our goal for next school year is to have our school's Social Justice Committee support the school in aligning curriculum and instruction to histories, languages, and experiences of traditionally marginalized voices. Furthermore, a partnership was also made with CITE to provide low-cost Teaching English to Speakers of Other Languages (TESOL) extensions on school grounds at PS143Q for teachers with common branch licenses.

Additionally, the plan includes targeted workshops for non-instructional staff—such as counselors, family workers, and administrative personnel—to deepen their understanding of the unique social-emotional challenges MLs/ELLs face and equip them with strategies to create a welcoming, inclusive school environment. This holistic approach ensures that every staff member, regardless of role, contributes to supporting students' linguistic development and emotional well-being.

Professional learning is grounded in current research and aligned with district mandates and best practices, incorporating data analysis from state assessments and school-based progress monitoring tools. Ongoing coaching and follow-up sessions provide opportunities for staff to reflect, share successes, and continuously refine instructional strategies. By embedding professional learning focused on MLs/ELLs into our school culture, we promote equitable access to rigorous academics while nurturing students' social-emotional growth.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom

teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school has developed a comprehensive professional development (PD) plan to ensure teachers meet the mandated Continuing Teacher and Leader Education (CTLE) requirements for English Language Learner (ELL)-specific hours, in accordance with CR Part 154. To support staff in fulfilling this mandate, the school has secured partnerships with approved vendors who provide CTLE-eligible sessions during designated Professional Development time, in alignment with the UFT contractual schedule.

Additionally, staff members are encouraged to attend professional development opportunities offered by the District 24 Superintendent's team, many of which are specifically focused on the instruction and support of Multilingual Learners (MLs)/ELLs. These district-led sessions are also CTLE-approved and contribute directly to fulfilling teachers' certification renewal requirements.

To ensure accessibility and awareness, all correspondence from the District 24 Superintendent's team related to ML/ELL support and professional development—such as announcements and registration links for sessions like the Professional Learning Series (PLS) offered by CUNY-IIE (CUNY Initiative on Immigration and Education)—is shared with the full staff. Through this multi-tiered approach, our school provides consistent, relevant, and accessible opportunities for educators to deepen their understanding and improve their practice in serving MLs/ELLs while staying compliant with CTLE requirements.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At our school, we utilize MAP Growth and mCLASS assessments for students in grades K-5 to guide instructional planning for Multilingual Learners (MLs) and English Language Learners (ELLs). These screeners provide critical data that inform the formation of small instructional groups both within the classroom and for students eligible for Response to Intervention (RTI) or Academic Intervention Services (AIS). ML/ELLs who score below grade level on these assessments receive targeted Tier I supports in their classrooms, as well as additional instruction tailored to their ENL proficiency levels by their ENL teachers. Literacy programs such as mCLASS, Orton-Gillingham (OG), and Heggerty are employed to strengthen foundational skills for students struggling with grade-level content. Conversely, students performing on grade level benefit from small group guided reading lessons designed to support continued growth toward end-of-year reading goals. For ML/ELLs who score above grade level, enrichment opportunities are provided, often involving more independent assignments that target the language modalities that need the most support to foster ongoing progress toward NYSESLAT proficiency.

During regular Data Analysis Meetings, the team utilizes the ELL Data Analysis Tool to identify student needs and determine appropriate interventions that promote rigorous and equitable learning experiences. ENL providers collaborate closely with classroom teachers in common planning sessions to examine instructional practices, discuss student progress, and refine teaching strategies. This collaboration focuses on understanding what instruction each student receives, the methods of delivery, the rationale behind instructional choices, and how practices can be improved to better support student outcomes. Additionally, staff participate in professional development sessions aimed at deepening their skills in data analysis and enhancing competencies that support students' academic and linguistic growth. ENL teachers share data findings and effective strategies during these meetings to strengthen language acquisition and content learning. Furthermore, inquiry analysis teams analyze data to create targeted focus groups, providing additional tailored support to meet student needs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our school's targeted intervention programs for ELLs in English Language Arts (ELA), Math, and other core content areas are carefully designed to meet the diverse linguistic and academic needs of students across different proficiency levels and subgroups.

In English Language Arts (ELA), interventions for Newcomer and Developing ELLs focus on building foundational reading and writing skills. Programs such as mCLASS, Orton-Gillingham (OG), and Heggerty are used to develop phonemic awareness, decoding, and comprehension. Classroom strategies are visually reinforced to support student understanding and engagement. For Developing ELLs, there is a strong emphasis on academic language

development through techniques such as sentence deconstruction and reconstruction, chunking information, and the use of graphic organizers to scaffold complex texts. Bilingual dictionaries and bilingual books provide critical support, facilitating access to content in students' native language—primarily Spanish—while promoting English language acquisition. Writing instruction is structured to guide students from note-taking to crafting full paragraphs, fostering growth in both conversational and academic English.

In Math, our intervention program incorporates Successmaker, an adaptive and personalized learning platform that tailors instruction to each student's proficiency level. For Newcomer and Developing ELLs, math instruction includes language supports such as text modification, chunking, and the use of visuals to clarify math word problems and concepts. Bilingual resources and paraprofessional support further enhance comprehension by allowing students to approach mathematical content in both English and Spanish. This dual-language approach helps bridge linguistic gaps while building conceptual understanding.

Across content areas, our intervention services are primarily delivered in English and Spanish to meet the needs of our ELL population, ensuring equitable access to rigorous instruction while honoring students' home languages.

The instructional focus includes academic vocabulary specific to math, enabling ELLs to engage with key terms in both languages. Strategies like sequencing events and problem-solving scaffolds help students navigate more complex math tasks.

In Science and Social Studies, Newcomer and Developing ELLs engage with multi-level text sets that are centered around big ideas and rich content to deepen their understanding of academic concepts. For Entering/Emerging students, Hallmark #1—working with engaging texts—helps develop language skills through high-interest topics. For Transitioning/Expanding students, Hallmark #4—studying high-utility vocabulary—fosters a broader and deeper understanding of content-specific language in both Science and Social Studies.

Instructional strategies include the use of videos, vocabulary instruction, and multi-leveled texts to ensure students can access core concepts while building both English and Spanish language skills. Collaborative efforts between the RTI teacher and content-area teachers ensure that linguistic scaffolding is provided, helping ELLs excel academically across the curriculum.

The school also offers AIS (Academic Intervention Services) and a WIN (What I Need) period that target specific academic needs for ELLs. These periods provide focused, individualized instruction to address gaps in understanding, offering additional time for language development and content mastery in both English and Spanish. The RTI teacher collaborates with the classroom and ENL teachers to tailor these sessions to each student's unique needs, ensuring a comprehensive support system for their academic and linguistic growth.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At our school, data-driven decision-making is at the core of how we support Multilingual Learners (MLs)/English Language Learners (ELLs) across all grade levels through a Multi-Tiered System of Supports (MTSS), ensuring that instruction is responsive, targeted, and aligned with both the Instructional Leadership Tool and the MTSS Guide for MLs and ELLs.

Holistic Data Collection: At our school, we take a comprehensive approach to gathering data on ELLs across various domains. In addition to traditional academic assessments like the NYSESLAT and mCLASS, we gather data on a student's language development history (e.g., number of years in a bilingual or ENL program) and home language

literacy levels. This data helps in identifying students' needs at different tiers of support, particularly for students with inconsistent or interrupted formal education (SIFE) and potential long-term ELLs. By reviewing data in multiple contexts, we ensure that both academic and socio-emotional needs are met.

Tier 1: High-quality classroom instruction for all students – In the first tier of MTSS, core instruction is provided to all students, including ELLs, in alignment with CR Part 154.2 mandates. Instruction in Tier 1 is differentiated based on students' English proficiency levels (as measured by NYSESLAT or NYSITELL), home language skills, and other diagnostic tools. For example, students in Tier 1 may receive instruction that includes language scaffolds, such as visuals, sentence frames, and structured peer discussions, to ensure they can access grade-level content. Data from formative assessments and progress monitoring tools, such as mCLASS, informs ongoing adjustments to Tier 1 instruction to ensure it meets the diverse needs of ELLs.

Tier 2: Targeted small-group interventions– For students who require additional support beyond core instruction, Tier 2 interventions are implemented. These students are identified through progress monitoring data and assessments of both English and home language literacy. Tier 2 interventions may include small group instruction that focuses on specific language skills, such as phonics, fluency, vocabulary development, or reading comprehension. For example, if data shows that a group of students is struggling with comprehension, they might receive small group instruction with additional support in understanding academic language or key concepts in both English and their home language.

Tier 3: Intensive, individualized support– Students who do not make adequate progress in Tier 2 move to Tier 3, where they receive intensive, individualized instruction. The instruction here is more frequent and focused on the specific needs identified through continuous progress monitoring. For example, an ELL with significant challenges in both home language and English literacy might receive one-on-one instruction using a bilingual instructional approach. The school also considers socio-emotional factors and works closely with counselors and other support staff to address any additional needs that might be affecting the student's academic performance.

Use of Progress Monitoring Tools: Tools like mCLASS (K-5 Literacy) allow teachers to track students' growth in real-time across multiple literacy domains, such as phonemic awareness, phonics, fluency, vocabulary, and comprehension. The data collected from beginning-of-year (BOY), middle-of-year (MOY), and end-of-year (EOY) benchmarks, as well as bi-weekly progress monitoring, is disaggregated by ELL status, language proficiency levels, and home language literacy levels. This disaggregated data enables teachers to compare individual student progress against both classroom peers and broader benchmarks, allowing for more targeted instruction.

Formative and Summative Assessments: In addition to mCLASS, other assessments (e.g., classroom-based formative assessments, bilingual evaluations, and work samples in both English and the home language) are used to guide instruction. These assessments help teachers identify gaps in both content knowledge and language skills. For example, if a student's writing samples in both English and their home language show challenges with narrative structure, teachers might focus on strengthening writing through targeted interventions in Tier 2 or 3.

Ongoing Data Cycles: Data is analyzed in 6-8 week cycles to ensure continuous monitoring of ELL progress. During these cycles, teams of teachers, including ENL and general education teachers, review multiple data points to make informed decisions about which students require more support and what interventions will be most effective. These cycles include data dives where teachers collaborate to review progress monitoring data, adjust instruction, and set goals for individual students or groups of students.

Parent Communication: In accordance with MTSS best practices and CR Part 154.2, our school places a strong emphasis on keeping parents informed and involved in the process. Parents receive regular updates on their child's progress in both English and their home language. These updates include detailed information about the instructional strategies and interventions used, the staff members delivering the support, and the academic or behavioral goals set for their child. For example, if a student moves from Tier 1 to Tier 2, the school will explain the rationale for the additional support and outline how progress will be monitored. Meetings with parents, interpreters,

and bilingual staff help ensure clear communication, and families are invited to participate in decision-making about their child's education plan.

Multi-Disciplinary Teams: As part of the MTSS structure, our school uses multi-disciplinary teams that include ENL teachers, general education teachers, counselors, and other support staff. These teams meet regularly to review student data and provide input on interventions. For example, if a student is suspected of having a learning disability, the team conducts a bilingual educational evaluation to determine whether the student's academic difficulties are language-based or related to another underlying issue. This ensures that students receive the appropriate level of support and are not misidentified as needing special education services when the issue is primarily linguistic.

Data-Driven Leadership: Our school's Instructional Leadership Team (ILT) plays a pivotal role in overseeing the implementation of the MTSS framework for ELLs. The ILT uses the Instructional Leadership Tool for MLs/ELLs to guide decision-making, ensuring that data is used strategically to inform instructional practices. For example, if a data review shows that a particular grade level is struggling with academic vocabulary, the ILT might initiate professional development sessions focused on vocabulary acquisition strategies for ELLs, ensuring that all teachers are equipped with effective tools to address the issue.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Our school utilizes a variety of formative assessments to inform and drive instruction for Multilingual Learners (MLs)/English Language Learners (ELLs), ensuring that instruction is targeted and responsive to student needs across grade levels.

The mCLASS assessment is administered to all students in grades K–5 to assess foundational literacy skills. This tool provides valuable data on students' accuracy, fluency, and comprehension, giving both classroom and ENL teachers clear insight into the literacy development of ELLs. The data collected from mCLASS directly informs small group instruction and helps ensure that students are provided with the appropriate scaffolds and supports to access increasingly complex literacy tasks.

To support English language development, particularly in speaking and writing, teachers use student-friendly rubrics aligned with the 2024 NYSESLAT standards. These rubrics, along with end-of-module assessments from the HMH Into Reading curriculum and portfolio-based writing tasks, allow students and teachers to identify areas of strength and areas for growth. This formative feedback supports progress toward English language proficiency by clearly communicating expectations and guiding targeted instruction.

In mathematics, we use SuccessMaker and MAP assessments to evaluate both content understanding and language use. These tools provide actionable data that help teachers plan interventions, differentiate instruction, and support language acquisition in math contexts.

For recently arrived ML/ELLs, ENL providers assess literacy skills in the students' home language to better understand their academic background and inform instruction. This helps teachers implement appropriate scaffolds and use the students' native language as a bridge to acquiring English. Students enrolled in Dual Language or Transitional Bilingual Education (TBE) programs also take the mCLASS assessment in Spanish, ensuring that their literacy development is monitored in both languages.

Together, these formative assessments support a data-driven approach to instruction that is personalized, equitable, and aligned to each ML/ELL's linguistic and academic needs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the year, our school implements targeted assessments aligned to students' program models and language needs. For Spanish-speaking students in the English as a New Language (ENL) program, ENL teachers administer the Spanish LAB-R to assess language dominance. This data is used to inform instructional planning and ensure that ENL services are tailored to each student's linguistic profile.

In the Dual Language (DL) program, students are assessed in both Spanish and English as they develop bilingual proficiency. Formative and summative assessments are used across content areas, and literacy progress in Spanish is monitored through the mCLASS Lecturas screener. This supports the goal of maintaining and strengthening home language skills while developing English proficiency.

Similarly, students in the Transitional Bilingual Education (TBE) program are assessed in Spanish using the mCLASS screener to monitor literacy development in the home language. These assessments ensure that instruction is informed by ongoing data, allowing teachers to make responsive instructional decisions that support language development in both the home language and English.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The effectiveness of our ENL program, including both Dual Language and Free-Standing ENL models, is evaluated through a comprehensive review of data gathered from a variety of formal and informal assessments. Formal assessments include the NYSITELL, NYSESLAT for all grades, and NYS ELA and Math assessments for grades 3-5. Teachers use the data from these assessments to inform instructional decisions, such as forming targeted small groups that address specific student needs. Informal assessments—such as the ENL On-Demand Benchmark Assessment, conference notes across content areas, the NYSESLAT-aligned speaking rubric, and teacher observations—also play a critical role in guiding instruction and helping educators create data-driven, differentiated learning groups.

Our ENL providers and classroom teachers actively utilize the academic and linguistic continuum to deepen their understanding of students' proficiency levels. This approach supports the development of students' communication skills—both spoken and written—in increasingly diverse contexts and for a range of audiences. To target specific skill areas in listening, speaking, reading, and writing, literacy and math inquiries are conducted regularly. Programs such as Waggle, Writables, Boost, and SuccessMaker are employed to support ELA and math skill development for our Multilingual Learners and ELLs as needed.

During ENL data meetings, teachers, administrators, and instructional coaches collaborate to analyze assessment data and provide strategies and professional development tailored to address identified areas of need. Additionally,

ENL teachers use the On-Demand Benchmark Assessment, which aligns with the NYSESLAT rubric, to tailor their instruction to the precise language skills where their students require additional support. This ongoing data-driven cycle ensures that instructional design and curricular decisions are responsive, targeted, and effective in promoting academic and language proficiency growth.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

To ensure that all eligible English Language Learners (ELLs) are tested with the NYSESLAT annually, our school has developed a comprehensive administration plan that involves close coordination between school leadership, ENL teachers, the testing coordinator, and instructional coaches. The process begins with generating and reviewing ATS reports (RFSF) to identify all NYSESLAT-eligible students. Additional outreach is conducted to follow up on students with long-term absences to ensure their attendance during the testing window. Once NYSESLAT materials are received, the testing coordinator ensures that all test booklets are accounted for and that answer documents are printed through ATS.

All pedagogical staff will receive training from the testing coordinator on how to administer the Listening, Reading, and Writing sections of the NYSESLAT. ENL teachers, along with select additional staff members, will receive specialized training to administer and score the Speaking portion of the assessment.

Scoring will be conducted by a trained team of teachers and designated staff members. The testing coordinator and ML/ELL coach will lead the training to ensure that all raters are aligned with NYSESLAT scoring protocols, particularly for Speaking and constructed-response items.

To maintain compliance with C.R. Part 154.2 and ensure uninterrupted instructional support during the testing period, our school leverages its staffing model—composed largely of dual-certified ENL/general education and bilingual/general education teachers. These educators will continue to provide mandated services even while supporting testing. ENL teachers will work collaboratively with classroom teachers to embed language supports into daily instruction and share targeted strategies that ensure ELLs and former ELLs continue receiving high-quality instruction aligned to their linguistic and academic needs throughout the NYSESLAT administration period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former English Language Learners (ELLs) receive all necessary accommodations for state assessments in ELA, math, and science by following a structured, collaborative, and student-centered approach grounded in New York State guidelines. The process begins with a thorough review of each student's English language proficiency level, NYSESLAT scores, and ELL status, including former ELLs during the two-years after their score Commanding. Accommodations are determined based on individual student needs and are documented to ensure consistency and compliance.

For math and science assessments, eligible ELLs are provided with accommodations such as side-by-side test booklets in English and the student's home language, when available. This allows students to access content in both languages and better demonstrate their understanding of grade-level material. Bilingual glossaries are also provided during these assessments, giving students access to content-specific terms in both English and their home

language. The use of cognates is encouraged as a bridge between languages to support comprehension.

In preparation for these assessments, our school integrates these supports into daily instruction throughout the year. Students regularly engage with Tier 2 and Tier 3 academic vocabulary in all subject areas. Instruction includes the use of sentence frames, sentence starters, and paragraph structure outlines to help students develop their academic language and build confidence in reading, writing, and responding to complex tasks. These scaffolds not only support English language development but also ensure that students are familiar with the tools they will use during assessments.

In ELA assessments, where fewer accommodations are permitted due to the nature of the test, ELLs still receive supports such as extended time and if needed, a separate testing location to reduce distractions. While bilingual materials are not allowed on the ELA exam, students are supported throughout the year with targeted instruction that builds their ability to analyze texts, write extended responses, and apply academic vocabulary. This preparation ensures they are able to access the assessment with greater independence and confidence.

Classroom and ENL teachers collaborate closely throughout the year to ensure that accommodations align with instructional supports. Strategies used during instruction mirror those permitted during testing so that students are comfortable and familiar with the format and tools provided. Prior to the administration of state assessments, the testing coordinator verifies that all accommodations are correctly entered into state systems and provides training to proctors to ensure consistent and appropriate implementation.

Throughout the year, teachers work with students on test-prep materials in order to familiarize them with the format of the test. This also allows teachers to monitor the use of accommodations based on students' needs. This practice builds student confidence and ensures that they are able to demonstrate their best understanding of the subject being assessed.

Through ongoing differentiation, scaffolded academic language support, and careful planning, our school ensures that all current and former ELLs are equipped with the accommodations they need to demonstrate their knowledge and succeed on state assessments in ELA, math, and science.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school has a comprehensive plan to ensure that families of English Language Learners (ELLs) are provided with the required meetings, translation/interpretation supports, and follow-up documentation. As per the Policy and Reference Guide for Multilingual Learners/English Language Learners, newly enrolled students are administered the entire ELL identification process. During registration the Home Language Interview (HLIS) is completed by a trained pedagogue in the preferred language of the parent. After the HLIS is completed the trained pedagogue proceeds with determining if the student has a home language other than English and if the student is eligible to take the NYSITELL. Students who are eligible, are administered the NYSITELL to determine if they need English as a New Language services. Parents and guardians are provided the results of the NYSITELL with an Entitlement letter or a Non-Entitlement letter. As per the results of the NYSITELL, if the student is determined to be an ELL, parents/guardians are invited to the ELL Program Orientation, which is held for families of newly identified ELLs. During this orientation, families are informed of the three state-mandated program models—Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language (ENL)—regardless of which programs are currently offered at the school. The orientation also includes an overview of the Next Generation Learning Standards, assessment requirements, and academic expectations for ELLs. Parents are shown the official NYCDOE Parent Orientation video, available in 13 languages, which explains each program model in detail.

Supporting informed decision-making is important. Families are provided with the Parent Survey and Program Agreement Form in their preferred language. This ensures that parents understand the program options and are able to select the one that best meets their child's needs. If the selected program is offered at our school, the student is

placed into that program immediately and receives a full schedule aligned with the model. If the chosen program is not available, the school contacts the parent to present the two mandated options: (1) the student may remain at the current school and be placed in an available program, or (2) the student may transfer to a nearby school offering the selected program. The parent's decision is documented and maintained according to DOE policy.

We use multiple outreach strategies to facilitate attendance and family engagement, including flyers, phone calls, and personal invitations. We offer both morning and afternoon sessions, and for families unable to attend in person, we provide virtual or telephone orientation meetings. To ensure families can meaningfully participate, all meetings are supported by translation and interpretation services in the family's preferred language.

Our school also follows DOE guidelines for maintaining evidence of compliance. We keep organized records that include flyers, agendas, sign-in sheets, and copies of the completed Parent Survey and Program Agreement Forms. The original forms are filed in students' cumulative folders, while copies and related documentation are stored in secure program binders for accountability and audit purposes. This system ensures that our school consistently meets all requirements under CR Part 154 and actively supports families in making informed decisions for their children's education.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In compliance with the Policy and Reference Guide for Multilingual Learners/English Language Learners and to foster strong family partnerships, our school ensures that all families of Multilingual Learners (MLs) and English Language Learners (ELLs) are provided with an annual individual meeting that is separate from the required ELL Program Orientation and DOE-scheduled parent-teacher conferences. These meetings are designed to provide families with essential information about the goals of the ENL program, their child's language development progress, language proficiency assessment results (including NYSESLAT), and language development needs across all core content areas. Teachers also use this opportunity to discuss each student's individual progress in greater detail, offering parents a clear understanding of their child's academic and linguistic trajectory.

To ensure families are able to engage meaningfully, we provide translation and interpretation supports based on the linguistic needs of our school community. Whenever possible, bilingual staff members attend meetings to assist with translation. If a staff member is not available to translate in the parent's home language, teachers use the NYCDOE Translation and Interpretation Unit's phone line to provide real-time language assistance, ensuring that all families can fully participate in the conversation. We also have a presentation that is translated into Spanish and Chinese, so that families understand the goals of the ENL program, how their child's language development will progress, the results of their child's English language proficiency assessments, and their child's language development needs in all content areas. These topics are discussed during the required annual individual meeting with all families of ELLs.

These meetings are typically scheduled during Parent Engagement Time, allowing for flexible and accessible scheduling. Teachers conduct individual outreach through phone calls, and in-person communication, to coordinate meeting times that best suit each family's availability. This personalized outreach ensures higher rates of attendance and strengthens the connection between school and home.

To document and maintain evidence of compliance, our school uses a standardized parent letter that includes information about the student's current ENL proficiency level. During the meeting, teachers add a personalized comment summarizing the discussion. Parents are then asked to sign the letter, which serves as verification of their attendance and acknowledgment of the meeting's content. These signed letters are securely stored in accordance with NYCDOE policy, ensuring that our school remains in full compliance with documentation requirements while

keeping families informed and engaged in their child's educational journey.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Beyond mandated meetings and orientations, our school is committed to fostering inclusive and equitable family engagement by ensuring that all school communications are accessible in the language families best understand. All official correspondence is distributed in English, Spanish, and Chinese, which represent the primary languages spoken within our school community. Communications are sent via email, as well as through platforms such as SMORE, Class Dojo, and Instagram, ensuring that families receive timely updates through multiple channels.

To further support two-way communication, families are encouraged to use Class Dojo, which offers automatic language translation features. This allows parents to send messages in their home language, which are then translated into English for the receiving staff member, and vice versa. During any school-based parent meetings, we ensure that bilingual staff members are available to provide live translation when needed. If bilingual staff are not available for a particular language, we utilize the NYCDOE Translation and Interpretation Unit to ensure families can fully participate. These practices ensure that all families feel welcome, informed, and empowered to communicate with the school in a language they understand.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Beyond mandated meetings and orientations, our school is deeply committed to fostering family empowerment by creating inclusive and meaningful engagement opportunities specifically tailored to the needs of our Multilingual Learner (ML) and English Language Learner (ELL) families. All school correspondence is shared in English, Spanish, and Chinese, ensuring accessibility and inclusivity. We use multiple communication platforms—including SMORE, Class Dojo, and Instagram—to keep families informed and involved. In addition, all parent engagement activities are facilitated in these three languages to promote full participation and understanding.

To support family empowerment, we offer a wide range of culturally responsive and skill-building activities throughout the year. These include “Welcome Back” Parent Distribution Workshops, Bi-weekly Coffee with the Principal and Parent Coordinator, Weekly Parent Workshops, facilitated by teachers on topics such as Google Classroom, Class Dojo, Envisions, and more, Daily Device Distribution and Maintenance Support, “MyStudent Account” Activation Workshops, Middle School Application Workshops, Lunar New Year Celebration, “Literacy at Home” Parent Workshops, NYSESLAT and ENL Proficiency Level Information Sessions, Raz-Kids and Starfall Digital Literacy Workshops, and Family wellness activities such as Family Yoga.

These workshops and events are designed not only to provide academic support but also to build digital literacy, promote cultural inclusion, and strengthen the home-school connection. Our school determines the needs of our community through regular outreach, family surveys, ongoing conversations, and feedback gathered during Coffee with the Principal and other parent forums. This approach allows us to continuously adapt and refine our engagement efforts, ensuring that families of MLs/ELLs feel informed, empowered, and supported throughout the school year.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school is committed to ensuring that families of Multilingual Learners (MLs) and English Language Learners (ELLs) are aware of and encouraged to participate in family leadership opportunities, such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC). These opportunities are regularly promoted during Parent Association meetings, which are held throughout the school year. During these meetings, families are informed about the various roles they can take on to contribute to school decision-making and advocate for the needs of their children and the broader school community. To ensure accessibility and wide participation, the scheduling and details of these meetings are communicated to the families of ELLs through Smore newsletters, Instagram and ClassDojo. Invitations to these family leadership opportunities are provided in the language of preference to the families of our MLs/ELLs. In addition, families of ELLs are invited and encouraged to participate in parent volunteer opportunities throughout the school year. Welcoming families to our school allows them an opportunity to participate in a leadership role that promotes social-emotional and academic success. This approach ensures that all families, including those of MLs/ELLs, feel welcomed, informed, and empowered to take on leadership roles within the school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school actively cultivates a variety of culturally and linguistically responsive partnerships to support and enrich the experiences of our diverse school community. These partnerships are designed to promote cultural awareness, celebrate heritage, and enhance student learning through the arts and community engagement. One of our key partnerships is with the Louis Armstrong House, which provides live jazz performances and interactive opportunities that help students explore different musical genres and cultural histories. We also collaborate with the MIR Organization through their IQ Residency program, which strengthens students' instrumental abilities while educating them about the cultural origins of various musical instruments.

To celebrate Chinese heritage, we partner with the New York Chinese Cultural Center, which hosts Lunar New Year performances and offers afterschool classes such as Taekwondo, blending cultural exposure with physical activity. In recognition of African cultures, we host performances by the ZuZu Acrobats, which showcase the traditions of the Bantu culture of East Africa through acrobatics, live music, singing, and dance. In honor of Black History Month, our partnership with Prismatic Magic brings an educational laser light show that highlights the significant contributions of African Americans to U.S. history.

For our Newcomer students, we collaborate with the Hispanic Culture Arts organization to create meaningful cultural connections, and through CASA, we partner with Ballet Hispánico to provide instruction in diverse Latin dance styles, helping students deepen their understanding of Hispanic heritage. Additionally, our ongoing relationship with the local 115th Police Precinct enhances our school community through their involvement in events such as Respect for All Week, World Read Aloud Day, the annual Color Run, and the Change Tomorrow Today Wellness Event. These partnerships collectively foster an inclusive, respectful, and culturally rich environment that supports the academic and social-emotional development of all students.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ELL Identification Process is administered by licensed pedagogues trained in how to administer the identification process and in cultural competencies. The intake team for the Home Language Survey, NYSITELL, and Parent Orientation meetings includes:

Ms. Urquilla- Multilingual Coach
Ms. McFaul- ENL Teacher
Ms. Osso- ENL Teacher
Ms. Cook- ENL Teacher
Ms. Izumi - ENL Teacher
Ms. Pauta- ENL Teacher
Ms. Barreto - TBE Teacher
Ms. M. Ramirez- TBE Teacher
Ms. T. Caceres - ENL Teacher
Ms. Anastasiadis - Dual Language Teacher
Ms. Heckel - Dual Language Teacher
Ms. Castillo - Teacher
Ms. Hernandez - TBE Teacher

The Language Proficiency Team includes:

Ms. Urquilla- Multilingual Coach
Ms. Merino- Assistant Principal
Ms. Kikis- Special Education Designee
Parent/Guardian of each ML/ELL with an Individualized Education Plan

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**

- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school maintains a comprehensive, year-round process for identifying and supporting English Language Learners (ELLs), in full alignment with the NYC DOE's Policy and Reference Guide for Multilingual Learners/English Language Learners. This process ensures timely and accurate identification of all potential ELLs, including students with Individualized Education Programs (IEPs), and guarantees immediate access to appropriate instructional services—whether for current, former, or newly enrolled multilingual learners.

To prevent delays in mandated ENL or bilingual instruction, the school has established clear internal procedures. A dedicated ENL/ML Coordinator works closely with the school secretary, testing coordinator, Parent Coordinator and Special Education liaison to monitor new student registrations and identify those who may require ELL services. As soon as a student is flagged as a potential ELL, provisional support begins immediately from ENL teachers, ensuring uninterrupted services while the formal identification process is completed. For students with IEPs, the Language Proficiency Team (LPT) process is promptly initiated to meet the extended 20-day timeline, ensuring accurate evaluation of both language acquisition needs and disability-related services.

Following the Policy and Reference Guide, each step in the identification process is assigned to specific staff members to ensure timeliness and accountability. Upon enrollment, the school secretary checks whether a student is new to the New York State public school system or has attended a NYS school within the past two years by reviewing student records in ATS. If prior enrollment is confirmed, the ENL/ML Coordinator contacts the previous school to obtain all relevant data, including NYSITELL or NYSESLAT scores, ELL status, SIFE status, proficiency level, prior ELL service program, parent choice, and state assessment results. This information is then submitted to the ELL Transfers NY department in order to have all data transferred into ATS. If the student has no prior record or has been out of the NYS system for over two years, the full identification process is initiated.

A trained pedagogue administers the Home Language Identification Survey (HLIS) in the parent/guardian's preferred language. This includes a home language interview with the parent and student. Translation is provided by a bilingual staff member or the DOE Translation and Interpretation Unit if needed. The trained pedagogue determines the student's home language and NYSTIELL eligibility based on the HLIS parent questionnaire and student interview responses. Once the Home Language Interview is completed, the school's pupil accounting secretary enters the Home Language code in ATS, and the multilingual coach confirms the entry for accuracy in ATS.

If the student's home language is English, the ELL identification process concludes and no further action is needed. If a student with home language other than English is deemed ineligible for NYSITELL testing due to the student interview, the ELL identification process concludes, and ineligibility is recorded in ATS via the ELLO screen. If the student's home language is other than English and is deemed eligible for NYSITELL testing, a trained pedagogue administers the NYSITELL, using test materials printed from the RLBA function in ATS. Results are entered into the system within 10 school days of enrollment—or within 20 school days for students with IEPs.

For students with IEPs, the LPT plays a critical role in determining NYSITELL eligibility. The LPT includes the assistant principal, a certified ENL or bilingual teacher, the special education supervisor or designee, the student's parent or guardian, and an interpreter when needed. The team reviews multiple data points, including the HLIS, the LPT Parent Questionnaire, history of language use at home and in school, special education evaluations, and the IEP itself. If the principal agrees with the LPT recommendation that the student is eligible for the NYSITELL, a trained pedagogue will administer the assessment. If the principal agrees with the LPT recommendation that NYSITELL testing is unnecessary, the decision is sent to the superintendent for final approval. If approved, the ineligibility is recorded in ATS via the ELLO screen. If the superintendent disagrees, the NYSITELL must be administered within five additional school days, and parents must be notified.

Within five days of determining a student's ELL status based on NYSITELL results, the ENL/ML Coordinator sends parents the required Entitlement or Non-Entitlement Letter, using DOE-provided templates translated into the family's preferred language. If the student is newly identified and the home language is Spanish, the Spanish LAB-R is also administered within the same 10-day window to assess Spanish literacy.

The school also screens students for potential SIFE (Students with Interrupted or Inconsistent Formal Education) designation. A trained pedagogue completes this process using the NYSED Oral Interview Questionnaire, the Multilingual Literacy SIFE Screener (MLS), and the Writing Screener. SIFE status must be recorded in ATS (BNDC) within 30 school days of enrollment, based on gaps in formal education and performance in literacy and math relative to grade-level expectations.

Once a student is identified as an ELL through the results of the NYSITELL, the multilingual coach facilitates a mandatory Parent Orientation. Parents view the DOE's orientation video, which explains the three ELL program models: English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language Bilingual Education (DLBE). Afterward, parents complete the Parent Survey and Program Agreement Form to select a program model. If the selected model is available at the school, placement occurs immediately. If not, parents are informed of alternative options, including remaining at the school or transferring to a site that offers their preferred program. All communication is conducted in the parent's preferred language. The multilingual coach ensures program selection is entered accurately in the ELPC screen in ATS and that placement is finalized within 10 school days of enrollment. A placement confirmation letter is then sent home in the family's preferred language.

If, within 45 school days of enrollment, the school has reason to believe a student was misidentified as either an ELL or non-ELL, the Re-Identification Process may be initiated and repeated once. Between six and twelve months after re-identification, the principal reviews the student's academic progress. If the student has been negatively impacted by the re-identification, the principal, in consultation with qualified staff and the parent, may request a reversal of ELL status, pending superintendent approval. Families receive final notification of any status changes in writing and in their preferred language.

To ensure continuity of services, our school maintains an active monitoring system for both current and former ELLs. Current ELLs receive ENL instruction aligned to their proficiency levels, as required under CR Part 154. Former ELLs are monitored for two years following their exit, with regular reviews of both academic and language development. If needed, additional ENL support or academic interventions are provided to ensure continued success. Ongoing collaboration between ENL, general education, and special education staff ensures that all multilingual learners receive equitable, rigorous, and supportive instruction.

Through this structured, collaborative, and data-informed approach, our school remains in full compliance with DOE policy and is committed to the academic and linguistic success of every multilingual learner we serve.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maciel	Merino	Assistant Principal 12 Month	N/A	N/A
Jennifer	Urquilla	Teacher - Regular Grades - ESL	10/30/24	Y
N/A	N/A	N/A	N/A	N/A

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

N/A

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
CHINESE ANY	21	1.5%	19	1.38%	1	2
MOLDAVIAN	1	0.07%	1	0.07%	0	0
MANDARIN	0	0.00%	1	0.07%	1	2
NEPALI	1	0.07%	1	0.07%	0	0
ENGLISH	112	7.98%	105	7.64%	40	44
RUSSIAN	2	0.14%	2	0.15%	0	0
SPANISH	1265	90.16%	1244	90.54%	39	43

SESOTHO	1	0.07%	1	0.07%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
DOE Parent Notification Letters	We utilize NYCPS InfoHub templates for the covered languages. The DOE Website provides translated templates in 10 languages. If translation services are required in another language, we enlist the aide of the Office of Language Access.
Welcome Letter	We utilize bilingual school staff translates letters based on parents' preferred language. If translation services are required in another language, we enlist the aide of the Office of Language Access.
Event Flyers	We utilize bilingual school staff translates letters based on parents' preferred language. If translation services are required in another language, we enlist the aide of the Office of Language Access.
Report Cards	We utilize the computer-generated Spanish version
IEPs	IEP document translations will be submitted through the Office of Language Access.
Progress Reports	In-house progress reports translated by school staff based on parent's preferred language. If translation services are required in another language, we enlist the aide of the Office of Language Access.
ENL Mandate Parent Teacher Conference Letters	We utilize bilingual school staff translates letters based on parents' preferred language. If translation services are required in another language, we enlist the aide of the Office of Language Access.
N/A	N/A

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent/Teacher Conferences	For in-school parent-teacher conferences, bilingual in-house out-of-classroom teachers and paraprofessionals will interpret in Spanish and other preferred languages. Should additional interpretation services be required, we enlist the aide of the Over the Phone Interpretation (OPI) or On-Site Interpretation (OSI) via the Geneva Worldwide DOE vendor. For remote interpretation in-house out-of-classroom teachers and paraprofessionals will interpret in Spanish an other preferred languages. Should additional interpretation services be required, we enlist the aide of Online-remote Interpretation (ORI) via the Geneva Worldwide DOE vendor. Teachers invite interpreters to their Google Classroom meetings at their designated meeting times for interpretation assistance.
Parent ENL Program Selection Orientation	For Parent ENL Program Selection Orientation, bilingual in-house out-of-classroom teachers and paraprofessionals will interpret in Spanish and other preferred languages. Should additional interpretation services be required, we enlist the aide of the Over the Phone Interpretation (OPI) or On-Site Interpretation (OSI) via the Geneva Worldwide DOE vendor. Additionally, we will be utilizing Pocketalk translators which translate in 82 languages.
Parent Workshops	For Parent Workshops, bilingual in-house out-of-classroom teachers and paraprofessionals will interpret in Spanish and other preferred languages. Should additional interpretation services be required, we enlist the aide of the Over the Phone Interpretation (OPI) or On-Site Interpretation (OSI) via the Geneva Worldwide DOE vendor.
PTA Meetings	For PTA Meetings, bilingual in-house out-of-classroom teachers and paraprofessionals will interpret in Spanish and other preferred languages. Should additional interpretation services be required, we enlist the aide of the Over the Phone Interpretation (OPI) or On-Site Interpretation (OSI) via the Geneva Worldwide DOE vendor.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance,

nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency—such as a lockdown, fire, student attendance concern, or medical situation—our school is committed to ensuring timely and accurate communication with all parents in their preferred language.

Our primary communication strategy includes direct outreach via telephone, utilizing our bilingual out-of-classroom teachers, paraprofessionals, and other multilingual staff members to provide interpretation in Spanish and other commonly spoken languages. If additional language support is needed, we will use the NYCPS Over-the-Phone Interpretation (OPI) services to ensure that all communication is clear and accessible.

Additionally, during emergencies, teachers will use the ClassDojo platform to send alerts and updates in parents' preferred languages, leveraging the app's built-in translation features. This multi-tiered approach ensures that families are informed and supported, regardless of the language they speak.

We are committed to maintaining open and equitable lines of communication with all families, especially during critical situations.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-Based Staff on the WeLearnNYC learning platform, our school will communicate this requirement clearly at the start of the school year. Staff will be provided designated time during professional development days to complete the training. Completion will be tracked using an internal Excel spreadsheet, maintained by the school's administration team, to ensure full compliance.

In addition to the training, all staff will receive guidance on the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. This information will be covered during staff orientation and training sessions, which will be conducted either in-person or remotely at the beginning of the school year.

To support ongoing awareness and implementation of language access protocols, staff will receive digital copies of language access resources through email and a shared drive accessible to all team members. Our Galaxy-designated Language Access Coordinator (LAC) will be responsible for disseminating any future language access resources, updates, or changes in NYCPS policy. These updates will be shared promptly via staff-wide emails and uploaded to the shared drive to ensure staff have continual access to the most current information and guidance.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school is committed to ensuring that all families are informed about the language assistance services available to them in their preferred language. To achieve this, we will utilize multiple strategies and communication channels throughout the school year.

The NYCPS Translation and Interpretation Policy will be introduced to families during key parent engagement events, such as Parent Teacher Conferences, mandated ELL parent meetings, Parent Selection Orientations, and school-wide events like International Families Night and PTA meetings. This information will also be regularly shared through our school's social media platforms, including Instagram, and via the ClassDojo messaging application.

At the beginning of the school year, families will receive printed materials outlining available language assistance services in their preferred language. Prior to any in-person or remote parent meetings, families will be reminded that interpretation services are available through the DOE for languages beyond Spanish and Chinese, which are commonly used during our meetings.

To ensure clear visibility and accessibility, the "Welcome Poster," "I Speak" cards, and Language Identification (ID) Cards will be displayed prominently at the main entrance near the security desk. Additional copies of the "I Speak" cards and the Language ID Guide will be available in the main office, along with multilingual parent brochures.

Furthermore, resources such as The Parent's Guide to Language Access and the NYC Public School Guidebook will be shared digitally through ClassDojo to ensure all families have ongoing access to this critical information.

Through these combined efforts, we aim to foster an inclusive and informed school community where every family feels welcomed and supported, regardless of the language they speak.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Gathering feedback from parents is essential to improving the quality and effectiveness of our language assistance services. In addition to reviewing responses from the Office of Language Access (OLA)'s Translation & Interpretation Feedback Survey, our school uses a variety of methods to collect input directly from families in their preferred languages.

Each year, we analyze data from the Parent's Preferred Language Report (RCPL) to identify the home languages of our families. This information is instrumental in shaping our communication strategies and ensuring that all families have equitable access to school documents, services, and events.

To facilitate meaningful feedback, staff members are available to assist parents in completing surveys or forms in their native language. When a bilingual staff member is not available for a specific language, we utilize the NYCPS Over-the-Phone Interpretation (OPI) service to support families in real time. This ensures that all parents are able to share their experiences and voice concerns regarding language access without barriers.

In addition, feedback is regularly collected during parent engagement events such as Parent-Teacher Conferences, ELL parent meetings, and "Coffee with the Principal." During these gatherings, parents are encouraged to share their experiences with school communication, translation, and interpretation services. This feedback is reviewed by the School Administration and relevant stakeholders to inform ongoing improvements.

Through these consistent and inclusive practices, we are committed to ensuring that all families feel heard, respected, and supported in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

To foster an inclusive and supportive environment for all families, our school has taken intentional steps to improve language assistance services. The School Administration, in collaboration with the Parent Coordinator, Community Associate, STH Community Coordinator, and ML/ELL Coach, has established ongoing channels of communication to gather parent feedback and identify effective practices to enhance language access.

Monthly meetings hosted by the Administration and Parent Coordinator in partnership with the PTA provide a structured space to discuss parent needs and concerns. Feedback collected through these meetings is reviewed

collaboratively by School Administration, the Parent Coordinator, and the ML/ELL Coach to inform the development of school-wide initiatives that address language access and family engagement.

One such initiative is “Coffee with the Principal,” a bi-monthly open forum led by the Principal and other key staff members. This event is designed to amplify parent voice, foster dialogue, and provide parents with valuable resources to support their children at home. Presentations from the Guidance Department, ML/ELL Coach, and AIS team are regularly featured to address topics of interest and ensure families are equipped with helpful tools and information.

To further strengthen language support, the Administration actively identifies bilingual staff members and offers flexible scheduling to accommodate their roles in oral interpretation and written translation. In cases where a specific home language is not represented by school staff, we utilize the Office of Language Access and Over-the-Phone Interpretation (OPI) services to ensure families receive timely and accurate communication in their preferred language. All school-wide communication is translated or interpreted accordingly.

These initiatives have been well received by families, as evidenced by increased participation in school events and positive feedback regarding improved accessibility. Moving forward, we will continue to implement and refine these practices, using ongoing parent feedback to guide our efforts and expand our capacity to meet the diverse language needs of our school community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School,Saturday Academy

Total number of ELLs to be served in this program:

325

Grades to be served in this program. Select all that apply.

,3,K,1,2,4,5

Total number of teachers in this program:

30

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

27

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Our Title III-funded programs for the 2025–2026 school year will center on the Newcomer December/February/April PBL Enrichment Camp, Language Enriched Theater and the Arts program and Language Enrichment Clubs (Cheer, Media, Chess, Arts). These Title III-funded programs are designed to provide additional academic and language development support to English Language Learners (ELLs). Our programs specifically target Newcomer Multilingual Learners/ELLs (0–3 years) and Developing ELLs (4-6 years of ENL services). According to the October 2025 RLER data, our school is composed of a total of 661 Newcomers and 180 Developing ELLs. Students in the program will be grouped heterogeneously by grade and proficiency level. Classes will be led by an ENL-certified teacher. Instruction will be delivered in English, with strategic use of students' home languages for support.

The Newcomer December/February/April PBL Enrichment Camp, will run during the December, February, and April school recesses from 8:00 AM to 1:00 PM, and will serve 180 ELLs in grades K–5. The Newcomer December/February/April PBL Enrichment Camp is grounded in Project-Based Learning (PBL) to support literacy development, academic content knowledge, and social-emotional learning. Through integrated PBL units, students will explore themes across content areas, including science and social studies, while actively engaging in listening, speaking, reading, and writing tasks. Students will be grouped heterogeneously utilizing ELL data and grade level. There will be six groups of 32 students in each. Instruction will follow an integrated ENL self-contained teaching model or a general education and ENL service provider co-teaching model.

The Language Enrichment Clubs and Language Enriched Theater and the Arts programs will run either before school, after school or Saturdays. These after school programs will serve 140 students, 25 students in Cheer, 25 in Media, 25 in Chess, 25 in Art, and 40 students in the theater club in grades K–5. The Language Enrichment Clubs and Language Enriched Theater and the Arts program will support students in their content-area learning, language development and their understanding of grade-appropriate skills, in addition to supporting social/emotional learning. The curriculum for our programs will also incorporate core instructional tools such as Heggerty Phonemic Awareness, Orton-Gillingham, and HMH Into Reading/Arriba la Lectura, which are used during the regular school day to maintain instructional continuity. Students will be grouped heterogeneously utilizing ELL data and grade level with 25 students in Cheer, 25 in Media, 25 in Chess, 25 in Art, and 40 students in the theater club in grades K–5. Instruction will follow an ENL self-contained teaching model or a general education and ENL service provider co-teaching model.

Throughout each session for each of the Title III Programs, students will engage in hands-on, collaborative activities that support their academic and language growth. Activities in these programs will promote cognitive development aligned to the Next Generation Learning Standards and foster the use of metacognitive strategies, including self-assessment, monitoring tools, and student rubrics. Instructional strategies taught in these programs will include activating background knowledge, contextualizing new information through realia, utilizing graphic supports and verbal analogies, and building schema through meaningful connections to students' lived experiences. All activities will aim to accelerate students' progress through the language acquisition continuum and be tailored to students' language proficiency and academic needs. Student progress in each of our Title III Programs will be monitored using a combination of formal and informal assessments. Engagement and learning outcomes during the enrichment sessions will also be assessed through teacher observations and student project completion. At the end

of each of these Title III Programs, families will be invited to a presentation, where the projects the students worked on in each of these programs will be showcased.

Each of the Title III Programs will be overseen by a designated site supervisor, who will manage daily operations, including maintaining student attendance, compiling records, and communicating with families. Invitations and progress updates will be provided to families in their preferred language and will be documented accordingly. Supervision of the Title III programs is at no cost to Title III ELL funds.

By offering targeted instruction in a supportive and engaging environment, these Title III-funded enrichment programs will continue to promote equitable access to rigorous instruction for our ML/ELL students, fostering both academic success and long-term language proficiency.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The rationale for PS 143's Title III-funded programs is rooted in both qualitative observations and quantitative data that underscore the continued need to support English language acquisition and foundational literacy skills among our Multilingual Learners/English Language Learners (MLs/ELLs), with a particular focus on our Newcomer and Developing ELL population. According to the October 2025 RLER data our school serves 661 Newcomers and 185 Developing ELLs. Our programs specifically target Newcomer Multilingual Learners/ELLs (0–3 years) and Developing ELLs (4-6 years of ENL services), and are performing at the Entering, Emerging, Transitioning, or Expanding levels. Based on October 2025 RLAT results, our student population includes 154 students at the Entering level, 214 at the Emerging level, 247 at the Transitioning level, and 233 at the Expanding level. We analyzed these data sources and noticed that the ELLs in our school need further support in the modalities of Speaking and Writing. The Title III Programs in our school focus on these modalities, so that students continue to improve their English language acquisition. These students are enrolled across ENL, Dual Language, and Transitional Bilingual Education programs, and include both English Proficient students and ELLs with special needs.

Many of our students continue to experience the residual effects of interrupted learning due to the COVID-19 pandemic and school closures. As a result, targeted support is necessary to accelerate their language acquisition and strengthen foundational literacy skills. Project-Based Learning (PBL), language enrichment clubs and language enriched theater programs have proven to be effective at PS 143, particularly in enhancing students' English language development and overall engagement. Teachers have observed a notable increase in student participation and confidence in speaking, listening, reading and writing when engaged in PBL units and other enrichment activities. This approach provides students with authentic opportunities to use language meaningfully across content areas, promoting both academic and social-emotional growth. These outcomes affirm the need for a continued and expanded enrichment programs outside of the school day, to address the diverse linguistic needs of our ML/ELL population and ensure their progress toward English proficiency.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

PS 143's Title III-funded PBL Enrichment Camp will serve 180 Multilingual Learners/English Language Learners (MLs/ELLs) in grades Kindergarten through Fifth Grade. This program specifically targets Newcomer students (0–3 years of ENL services) and Developing ELLs (4-6 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills.

PS 143's Title III-funded Language Enrichment Clubs (25 students in Cheer, 25 students in Media, 25 students in Chess, 25 students in Arts) will serve 100 Multilingual Learners/English Language Learners (MLs/ELLs) in grades Kindergarten through Fifth Grade. This program specifically targets Newcomer students (0–3 years of ENL services) and Developing ELLs (4-6 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills

PS 143's Title III-funded Language Enriched Theater through the Arts program will serve 40 Multilingual Learners/English Language Learners (MLs/ELLs) 2 groups of 20 students. This program specifically targets Newcomer students (0–3 years of ENL services) and Developing ELLs (4-6 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills

The student population is drawn from data collected during the 2025 NYSITELL and 2025 NYSESLAT administrations, as well as the RLER data, which indicate a diverse range of proficiency levels and years of service among our ELLs. These include students performing at the Entering, Emerging, Transitioning, and Expanding levels of English language proficiency. According to the October 2025 RLER data our school serves 661 Newcomers and 185 Developing ELLs. Based on October 2025 RLAT results, our student population includes 154 students at the Entering level, 214 at the Emerging level, 247 at the Transitioning level, and 233 at the Expanding level. Participants in the program are enrolled in ENL, Dual Language, and Transitional Bilingual Education programs, and include both ELLs with disabilities and English Proficient students who benefit from continued language development support.

To ensure differentiated instruction, each teacher will lead a class that is heterogeneously grouped based on students' grade level and English proficiency. Teachers will participate in professional development to understand and analyze RLAT scores by modalities. This will allow teachers to create flexible groupings based on the students' proficiency in each modality. In addition, this strategic grouping allows teachers to provide targeted support while fostering peer-to-peer language development across modalities and proficiency levels. These groups will receive instruction aimed at accelerating language development and closing the learning gaps that persist due to prior disruptions from pandemic-related school closures.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Our December/February/April PBL Enrichment Camp will be held during the December/February/April breaks from 8:00 AM - 1:00 PM.

PBL Enrichment Camp (December)
Start: Friday, 12/26/2025, Monday, 12/29/2025, Tuesday, 12/30/2025
3 sessions/15 hours
Time: 8:00 AM - 1:00 PM (5 hours)

PBL Enrichment Camp (February)
Start: Monday, 2/16/2026 End: Thursday, 2/19/2026
4 sessions/20 hours
Time: 8:00 AM - 1:00 PM (5 hours)

PBL Enrichment Camp (April)
Start: Monday, 4/6/2026 End: Thursday, 4/9/2026
4 sessions/20 hours
Time: 8:00 AM - 1:00 PM (5 hours)

Cheer - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Media - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Chess - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Arts - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Language Enriched Theater and the Arts Program
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
52 sessions/104 hours (2 hours)
Time: 2:30-4:30 PM

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

For our December/February/April PBL Enrichment Camp, Language Enrichment Clubs (Cheer, Media, Chess, Arts) and Language Enriched Theater and the Arts program, the primary language of instruction is English. However, intentional and consistent home language support is embedded throughout instruction to ensure accessibility and deepen students' understanding of academic content. Support in students' native languages is provided through the strategic use of bilingual staff, translated materials, and scaffolded instructional practices that connect prior knowledge in the home language to new learning in English.

Supplemental resources and scaffolds—including cognates, bilingual glossaries, visual aids, and home-language aligned digital tools—are incorporated into lessons to reinforce key concepts and facilitate comprehension. These supports not only make academic content more accessible but also affirm students' linguistic identities and promote cross-linguistic transfer.

By delivering instruction primarily in English while integrating purposeful home language support, the program ensures that English Language Learners are meaningfully engaged with content and are simultaneously developing both academic knowledge and English language proficiency.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

In an effort to ensure all ELLs are serviced in our before and after school enrichment programs, teachers who support these programs are Bilingually or TESOL certified. This number is contingent on those teachers who apply to the posting and staff interest.

PBL Enrichment Camp (December)
7 Teachers who are Bilingually or TESOL certified

PBL Enrichment Camp (February)
7 Teachers who are Bilingually or TESOL certified

PBL Enrichment Camp (April)
7 Teachers who are Bilingually or TESOL certified

Language Enrichment Clubs
-Cheer (1 Teacher)
-Media (1 Teacher)
-Chess (1 Teacher)
-Arts (2 Teachers)

Language Enriched Theater and the Arts Program
5 Teachers who are Bilingually or TESOL certified

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

During our December/February/April PBL Enrichment Camps, Language Enrichment Clubs (Cheer, Media, Chess, Arts), and Language Enriched Theater and the Arts program, a comprehensive range of instructional materials and resources will be used to support Multilingual Learners (MLs)/English Language Learners (ELLs), with a focus on students who are Newcomers and Developing ELLs. These materials are selected to enhance complex literacy development, academic success, and social-emotional learning. Teachers will implement a variety of instructional strategies, including direct vocabulary instruction, use of multi-leveled and bilingual texts, video-based learning, and structured academic discourse protocols.

During our PBL Enrichment Camp, Language Enrichment Clubs (Cheer, Media, Chess, Arts), and Language Enriched Theater and the Arts program, teachers will facilitate PBL projects and other enrichment activities in which students will use various materials to complete their projects. To support continuity with classroom learning, our programs will incorporate core literacy resources already in use during the regular school day, including Heggerty Phonemic Awareness, Orton-Gillingham, and HMH Into Reading / Arriba la Lectura. These programs help reinforce foundational phonics, reading fluency, comprehension, and biliteracy skills, providing a cohesive and aligned instructional experience across settings. These materials are at no cost to Title III.

Additionally, students will engage with a wide array of supplemental instructional materials, such as interactive educational games, leveled readers, bilingual books, and multimedia resources. Visual supports—including graphic organizers, realia, manipulatives, and anchor charts—will be used to scaffold instruction and support oral language development. To encourage higher-order thinking and meet the demands of the Next Generation Learning Standards, students will complete project-based learning tasks that emphasize critical thinking, collaboration, and creative expression. Tools such as self-monitoring checklists, assessment rubrics, and progress-tracking charts will also be employed to support students' use of metacognitive strategies and foster independence in learning. These supplemental materials are at no cost to Title III.

All program materials purchased with Title III ELL funds are for hands-on activities that are consumables and will permanently stored in locked closets L227, L235 and L236. This ensures that materials remain organized, accessible, and available for distribution to teachers and students throughout the duration of the program. When the programs end, the ELLs take what they created home with them. This ensures that materials remain organized, accessible, and available for use by teachers and students throughout the duration of the program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school has developed a comprehensive implementation plan to ensure the successful rollout and ongoing management of our December/February/April PBL Enrichment Camp, Language Enrichment Clubs (Cheer, Media, Chess, Arts), and Language Enriched Theater and the Arts program. Parents and guardians will be notified of these programs through multiple channels—such as letters, phone calls, SMORE updates, and Class Dojo announcements—all provided in the family's preferred language to ensure accessibility and full understanding. Initial invitations and program information will be sent prior to the program's start, and ongoing communication, including student progress updates, will be shared throughout the duration of the programs.

To ensure compliance and accountability, our school will maintain detailed and organized records for all aspects of the Title III ELL-funded programs. These records will include copies of dated, translated letters sent to parents inviting their child to participate in the program, as well as documentation of ELLs served in each Title III ELL program. This documentation will consist of student rosters listing the names of the Title III teacher(s) serving the students, the ELLs' proficiency levels, and attendance for each date the program has taken place. In addition, teacher certification records and per-session time sheets will be maintained.

Further, our school will maintain records of all parent engagement activities related to Title III funded programs. The records for each activity that has taken place will include attendance sheets, invitations, translations, and presentations utilized with our families.

Professional development sessions related to the Title III program will also be documented, including attendance sheets with the names of participating teachers, dates, times, and duration of each session. Materials used during these professional development sessions will be retained as well.

All records will be kept in the ENL office L134.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The school's professional development plan under the Title III ELL program is designed to strengthen the instructional practices of educators working with Multilingual and English Language Learners (ML/ELLs). The initiative focuses on equipping teachers with effective strategies and resources to better support the language development and academic success of their students.

As part of the December/February/April Project-Based Learning Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program, participating teachers will engage in ongoing training throughout the school year that emphasizes English as a New Language (ENL) skills, curriculum implementation, and ENL pedagogy. Teachers will receive targeted instruction in effective literacy strategies tailored to the needs of ELLs, ensuring that students build strong foundations in the modalities of listening, speaking, reading and writing. Training will also include sessions focused on utilizing project-based learning to support content, enhance classroom engagement, and continue language development.

All professional development activities, including training sessions and related materials, will be at no cost to the Title III ELL funds.

Through this comprehensive professional development plan, the school aims to build educator capacity and create a more inclusive, supportive, and effective learning environment for ML/ELL students.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale for the professional development provided under our Title III ELL program is rooted in both qualitative and quantitative data that highlight the need for targeted support in foundational literacy, ENL instructional strategies, and compliance with state mandates regarding ML/ELLs.

Based on October 2025 RLAT results, our student population includes 154 students at the Entering level, 214 at the Emerging level, 247 at the Transitioning level, and 233 at the Expanding level. Additionally, October 2025 RLER data indicates that our school serves approximately 661 Newcomers and 185 Developing ELLs. To effectively serve our diverse student population, all teachers that work the Title III program, must be equipped with a strong understanding of ENL strategies, state regulations, and the ELL identification process. Professional development is therefore an ongoing, school-wide initiative delivered throughout the year by certified ENL teachers, dual language teachers, instructional supervisors, and our Bilingual/ENL Compliance point person, along with a DOE-contracted Orton-Gillingham (OG) consultant who provides structured literacy training. These sessions are strategically scheduled during designated common planning times and professional development periods, with monthly agendas and sign-in documentation to ensure accountability.

When analyzing our data sources, such as the RLAT for our ELLs overall proficiency levels and proficiency in each modality, in addition to mClass data, we noticed that our ELLs need additional support in the modalities of Speaking and Writing. As a result, we host professional Development sessions, in which teachers analyze student ELL data to identify specific trends. Other sessions focus on the use of resources, scaffolds and strategies to promote speaking and writing in multiple, complete sentences. In addition, professional development is centered around student-led discussions, emphasizing vocabulary development and utilizing various structures. Staff learn how to implement a student-friendly NYSESLAT-aligned speaking rubric, which is a tool students can use to develop their proficiency in the speaking modality. To support students' development of writing skills, professional development sessions also focus on utilizing various graphic organizers, sentence structures, and creating a cohesive response when writing.

The impact of professional development is measured qualitatively through PD self-reflections, ongoing in-house teacher surveys, and action plans, and quantitatively through analysis of student performance data, including mCLASS (K–5), MAP (K–5), and state exam results. Trends in our data—such as persistent challenges in foundational literacy skills observed through mCLASS and NYSESLAT results—indicate a clear need for continued professional learning in this area. Moreover, as our school works toward implementing school-wide protocols aligned with Hallmark #2 of the Instructional Focus—promoting talk and discussion to build both conversational and academic language—our Title III students have demonstrated ongoing reading growth, further supporting the effectiveness of our PD sessions.

In addition to foundational literacy and ENL-focused training, professional development includes sessions on project-based learning, where teachers explore the importance of hands-on, student-centered instruction that supports both academic content and language acquisition. These sessions guide educators in designing and implementing PBL experiences that encourage collaboration, critical thinking, and authentic use of language—key components in helping ML/ELLs develop both conversational and academic proficiency.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to

the Title III ELL program.

All teachers involved in the Title III ELL December/February/April Project-Based Learning Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program will receive ongoing professional development focused on effective Project-Based Learning (PBL) strategies to better support ML/ELL students. This includes certified ENL teachers, general education teachers with ML/ELLs in their classrooms, dual language educators, and support staff. Professional development will focus on the design and implementation of project-based units that promote inquiry, collaboration, and meaningful language use. Teachers will explore how PBL fosters deeper engagement and accelerates language development by situating learning in real-world, culturally relevant contexts. Training sessions will include modeling of PBL practices, planning time, and collaborative reflection to ensure alignment with ENL instructional goals. By equipping all Title III ELL program educators with the tools to integrate PBL into their practice, we aim to create language-rich, student-centered learning environments that enhance both academic outcomes and language proficiency for our multilingual learners.

As part of our ongoing commitment to supporting Multilingual and English Language Learners (ML/ELLs), our school's professional development plan under the Title III ELL program includes a structured calendar of targeted learning opportunities for educators throughout the year. The learning opportunities include Orton-Gillingham training, mClass data analysis, and utilizing ENL data from the NYSESLAT. These sessions are designed to build instructional capacity in foundational literacy, ENL pedagogy, curriculum implementation, and the use of data to inform instruction, with a particular emphasis on the integration of Project-Based Learning (PBL) strategies. These sessions are strategically scheduled during designated common planning times and professional development periods, with monthly agendas and sign-in documentation to ensure accountability.

Throughout the year, all Title III ELL program educators—including ENL and general education teachers, dual language educators, and support staff—will participate in these ongoing professional learning opportunities. By combining literacy-focused training, PBL integration, and data-driven reflection, this plan ensures that teachers are equipped to meet the diverse needs of ML/ELLs and foster both language development and academic achievement.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration information below:

September through June- December/February/April Project-Based Learning Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program.

September
Topic 1- Date and Time: Wednesday, 9/17/25 - Thursday 9/18/25 - Friday 9/19/25, Common Planning Sessions (1 Period -50 Min per Session); No cost to Title III

October
Topic 2- Date and Time: Wednesday, 10/15/25 - Thursday 10/16/25 - Friday 10/17/25, Common Planning Sessions (1

Period - 50 Min per Session); No cost to Title III
Topic 3- Date and Time: Thursday 10/23/25, Friday 10/24/25- 8:00 AM to 2:20 PM; No cost to Title III
Topic 4- Wednesday, 10/8/25 - Thursday 10/9/25 - Friday 10/10/25, Common Planning Sessions (1 Period -50 Min per Session); No cost to Title III

November
Topic 3- Date and Time: Friday 11/7/25, Friday 11/14/25, Friday 11/21/25 All Day - 8:00 AM to 2:20 PM; No cost to Title III
Topic 5 - Wednesday, 11/12/25 - Thursday 11/20/25 - Friday 11/21/25, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III

December
Topic 6 - Date and Time: Tuesday 12/16/25, Other Professional Work Time 7:30 - 8:00 AM (30 Min); No cost to Title III

January
Topic 7- Date and Time: Tuesday, 01/13/26, Other Professional Work Time 7:30 - 8:00 AM (30 Min); No cost to Title III
Topic 8- Date and Time: Wednesday, 1/21/26 - Thursday 1/22/26 - Friday 1/23/26, Common Planning Sessions (50 Min per Session); No cost to Title III

February
Topic 9- Date and Time: Wednesday, 2/11/26 - Thursday 2/12/26 - Friday 2/13/26, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III
Topic 10- Date and Time: Wednesday, 2/25/26 - Thursday 2/26/26 - Friday 2/27/26, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III

March
Topic 11- Date and Time: Tuesday, 3/10/26, Other Professional Work Time 7:30 - 8:00 AM (30 Min); No cost to Title III

April
Topic 12- Date and Time: Wednesday, 4/15/26 - Thursday 4/16/26 - Friday 4/17/26, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III
Topic 13- Date and Time: Wednesday, 4/22/26 - Thursday 4/23/26 - Friday 4/24/26, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III

June
Topic 14- Date and Time: Wednesday, 6/10/26 - Thursday 6/11/26 - Friday 6/12/26, Common Planning Sessions (1 Period - 50 Min per Session); No cost to Title III

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to be covered by month,

Participants participating in Title III programs receiving training,

Month of September
Topic 1- mCLASS Universal Screener - In this session teachers revisited the core purpose of administering the Universal Screener: mCLASS along with the importance of maintaining fidelity during assesments. Each grade band will explore the various measures being administered and examples of how students are expected to respond. Participants will receive testing window information and coding of student answers.

Month of October
Topic 2- Analyzing NYSESLAT Data and Trends- In this session, coaches will facilitate a data-driven analysis focused on supporting ENL students. The session will begin with sharing a school-wide ENL data snapshot, followed by individualized data from the NYSITELL and NYSESLAT. Teachers will have the opportunity to analyze their own class data, identifying patterns, trends, and individual student needs. A key component of the session is using the ENL Data Planner to help teachers group students based on the proficiency level for each modality (listening, speaking, reading, writing). With these groupings, teachers will be able to plan differentiated scaffolds and resources, tailored to the specific modalities students need to demonstrate their understanding of lesson content. This ensures that instruction would be responsive to the varying needs of students, allowing for targeted support based on how they engage with the lesson and demonstrate mastery of the skills being taught.

Topic 3 - Training for the programs such as OG (Part 1)- Participants will receive an introduction to Orton-Gillingham–aligned practices, exploring foundational principles and instructional routines that support structured literacy for multilingual learners.

Topic 4- Analyzing BOY assessments with mCLASS- Teachers will engage in a data-dive using BOY mCLASS benchmark results. Each grade band will analyze raw scores from the specified probes to determine the levels in which their students attained using the benchmark ranges. Thereafter, teachers will use Cycle 1 criteria to select students in need of Tier 2 intervention, along with plotting the precise location of how students performed within the bucket of ranges from Above to Well Below benchmark.

Month of November
Topic 3 - Training for the programs such as OG (Part 2)- Participants will receive an introduction to Orton-Gillingham–aligned practices, exploring foundational principles and instructional routines that support structured literacy for multilingual learners.

Topic 5 - Analyzing FURBY Report - The session will include an overview of FURBY data reports, where educators will be introduced to this data tool and how it can be used to analyze student progress. FURBY data reports provide a detailed snapshot of student performance, which helps educators identify trends, track growth, and make data-informed instructional decisions. Following the overview, the group will engage in a Data Analysis Protocol. Teachers will be guided through a structured process to interpret and analyze the data. The protocol emphasizes identifying and interpreting patterns in student performance, as well as implications for instruction. One key focus of the data analysis is the identification of "Cusp" and "Idle Performers" Students. These students are typically those who are on the verge of a significant shift in their learning trajectory- moving up to the next proficiency level and students who remained at the same proficiency level. The group will discuss strategies to support these cusp students, ensuring that they receive the appropriate scaffolds and opportunities to break through to the next level of proficiency.

December
Topic 6- Learning more about PBL (Rationale, Project Selection and Planning)- This session will provide an overview of Project-Based Learning, helping participants understand its impact on language development and begin planning meaningful, standards-aligned projects.

Month of January
Topic 7- Learning more about PBL (Rationale, Project Selection and Planning) - This session will provide an overview

of Project-Based Learning, helping participants understand its impact on language development and begin planning meaningful, standards-aligned projects.

Topic 8- Language Objectives- In this session teachers will deepen their understanding of effective language objectives by exploring each of their key components—language function, domain, supports, and content connection. The session will support participants in crafting clear, measurable language objectives aligned to content lessons, ensuring intentional support for listening, speaking, reading, and writing. Teachers will engage in crafting clear, measurable language objectives aligned to content lessons, ensuring intentional support for the target modality listening, speaking, reading, and writing.

Month of February
Topic 9- Analyzing Growth using mCLASS data - Participants will compare beginning- and mid-year mCLASS results to identify growth patterns, adjust instructional strategies, and plan targeted supports for students.

Topic 10 - Review of NYSESLAT Listening and Speaking Sections (Focus on the Speaking rubric)- Teachers in grades K - 5 will gain a better understanding of the NYSESLAT Speaking Rubric by analyzing indicators for each proficiency level. This session deepens understanding of the listening and speaking components of the NYSESLAT, with special attention to evaluating student responses using the speaking rubric.

Month of March
Topic 11- Learning more about PBL (Rationale, Project Selection and Planning)- This session will provide an overview of Project-Based Learning, helping participants understand its impact on language development and begin planning meaningful, standards-aligned projects.

Month of April
Topic 12- Analyzing Trends using mCLASS data - In this session, teachers will analyze mCLASS PM data to assess student and group progress, identifying strengths and areas of need for targeted Tier 2 instruction. Based on this data, teachers will select an intensive group for Cycle 3, focusing on students who require additional support in specific areas such as phonics, fluency, or comprehension. They will then create a SMART goal for this group that outlines clear, measurable outcomes students should achieve by the end of the next 6-week cycle, ensuring alignment with instructional objectives and guiding the focus of Tier 2 interventions moving forward.
"
Topic 13- Review of NYSESLAT Reading and Writing Sections (Focus on the Writing rubric)- Teachers in grades K - 5 will gain a better understanding of the NYSESLAT Writing Rubric by analyzing indicators for each proficiency level and dimension. This session deepens understanding of the reading and writing components of the NYSESLAT, with special attention to evaluating student responses using the writing rubric.

Month of June-
Topic 14- Analyzing EOY data using mCLASS- This final session focuses on reviewing end-of-year mCLASS data to measure overall student progress, reflect on program effectiveness, and plan instructional priorities for the upcoming school year.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Presenters by month,

Month of September

Topic 1- AP/ENL Coach/House Coaches

Month of October
Topic 2- AP/ENL Coach/House Coaches

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

To ensure thorough and accurate documentation of all professional development activities provided as part of our Title III ELL plan, our school will maintain a comprehensive system for organizing and storing all relevant records. For professional development sessions, we will collect and retain detailed agendas, sign-in sheets, presentation materials, and any handouts or resources distributed to participants. These documents will indicate the date, focus area, and target audience of each session.

Additionally, we will store physical copies of all documentation in L134 (ENL office) and digitally in the school shared drive. By systematically tracking and organizing this documentation, we will ensure that all professional development activities related to the Title III ELL program are fully accounted for, aligned with program goals, and responsive to the instructional needs of our educators and the academic growth of our Multilingual Learners. All documentation will be stored in the ENL office L134.

These professional development sessions are at no cost to Title III.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family engagement is a central component of our Title III ELL programs, rooted in the belief that strong partnerships between schools and families are essential for the academic, social, and emotional success of Multilingual Learners (MLs)/English Language Learners (ELLs). Our parent liaison and school counselors provide a robust series of monthly in-person workshops, designed to assist parents with ensuring their child's social, emotional, and academic success. Additionally, Coffee with the Principal/PTA is also offered monthly throughout the year to discuss various important topics related to the school and students.

Workshops are led by a collaborative team that includes ENL teachers, site supervisors, and instructional coaches. Topics covered include understanding language acquisition stages, language development strategies, navigating school resources and supports, strategies to promote literacy at home, and social-emotional development. Prior to the launch of any Title III program, families are invited to an orientation where they are informed of program goals, expectations, and the supports available to help their children succeed. Parents of students enrolled in the December/February/April Project-Based Learning Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, will receive invitations at the end of each program to participate in the showcasing of projects presented by students.

To celebrate our English Language Learners, honor their diverse cultural backgrounds, and support their unique needs, our school hosts a variety of parent engagement events. These include our Travel the World Cultural Fair, Painting for Students Celebration, and initiatives through our Newcomer Center. These events will be at cost to the Title III ELL Funds.

All parent engagement sessions are conducted in a welcoming, inclusive environment. Spanish-speaking staff are always on-site to provide interpretation, and Chinese interpretation is available upon request. For families who speak other languages, Over-the-Phone Interpretation (OPI) services are provided to ensure that all parents receive information in their preferred language. All communication, including invitations, reminders, and follow-up materials, are distributed in families' home languages and maintained on file by our Parent Liaison, along with attendance sheets for each session. These workshops are at cost to Title III ELL funds.

Through these efforts, we aim to foster a culturally responsive and inclusive school community in which families feel empowered, informed, and actively involved in their children's language development and academic success.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

To ensure that family engagement activities are purposeful and responsive to the needs of our multilingual learner (ML/ELL) families, our school relies on both quantitative and qualitative data sources. According to the September 2025 RFSF report, our student population includes 163 students at the Entering level, 208 at Emerging, 246 at Transitioning, and 234 at Expanding, based on the Spring 2025 NYSESLAT and Fall 2025 NYSITELL assessments. These language proficiency levels highlight the importance of offering targeted support to families across a broad spectrum of English development. Parent interest and needs are identified through in-house surveys, teacher and staff feedback, and input from the PTA/PA. Survey responses collected at the beginning of the school year helped us determine topics of interest and preferences for engagement formats and times.

One key area identified by families and staff was the need for a better understanding of the NYSESLAT exam. As a result, workshops were designed to introduce parents to the structure, purpose, and preparation strategies for the NYSESLAT across grade levels. These workshops provide opportunities for families to engage with sample materials and ask questions that support their child's academic growth.

To support language development through enrichment, we offer overviews for families of students participating in Project-Based Learning (PBL) Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts) and in our Language Enriched Theater and Arts program. These sessions explain how each program integrates English language development in fun, engaging ways aligned with student interests. Recognizing the unique needs of our recently arrived students and their families. In connection with our programs, families are invited to visit the school to view their children's work, observe their academic progress, and gain a deeper appreciation of their development in English language skills. This experience strengthens home-school connections and encourages continued language learning at home. Parents of students enrolled in the programs will receive invitations at the end of each program to participate in showcases featuring student projects.

To support our newly arrived students and their families, The Newcomers Center workshop is designed to address the unique needs of recently arrived students and their families, who often require additional support navigating the school system and accessing resources. Data from the NYSITELL assessments and registration interviews indicate a significant number of newcomers who benefit from targeted support. Feedback from teachers and parents has emphasized the importance of providing families with information about available resources, including language assistance and community connections. By equipping families with strategies to support their children's language growth and engagement, the Newcomers Center fosters a welcoming and inclusive environment that promotes equity and belonging for all students.

In addition to academic and informational workshops, we host our Travel the World Cultural Fair, a school-wide celebration that honors the diverse cultures within our community. Teachers host interactive booths that allow families to explore global traditions, art, music, food, and crafts while building cross-cultural understanding and community connection. This event also serves as a joyful way for families to see themselves and their cultures reflected in the school environment.

To ensure equitable access and participation, all communications are provided in English, Spanish, and Chinese, with interpretation available in additional languages as needed. Family input is continually gathered through PTA/PA

meetings, “Coffee with the Principal” sessions, and one-on-one meetings with teachers. These platforms allow parents to share their ideas, questions, and concerns, which directly influence the planning and refinement of future events. The School Leadership Team includes parent representatives who collaborate with school staff to ensure family perspectives are consistently considered in school decision-making.

Finally, we recognize the importance of building ongoing relationships between families and school staff. ENL teachers regularly meet with families during office hours and school events to discuss student progress, language goals, and individual successes. These experiences foster stronger home-school connections and encourage continued language learning beyond the classroom. Together, these thoughtfully planned activities reflect a comprehensive, data-informed approach to family engagement that values the voices, experiences, and contributions of all families in our school community.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In October, November, and December, workshops will provide parents with an overview of the NYSESLAT Test for each grade-level. During the workshops, parents will learn how to help their children prepare for the NYSESLAT and gain a better understanding of the purpose of this exam.

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers
Date and Time: six different dates (one for each grade level) in October, November, and December 7:30 AM-8:30 AM; No cost to Title III
Date and Time: six different dates (one for each grade level) in October, November, and December 2:30 AM-3:30 PM; At cost to Title III
Description: Parents will be introduced to the components/modalities of the NYSESLAT. They will have the opportunity to engage with sample texts, as well as be given time to ask questions. Survey will be e-mailed to parents to determine which day/date/time works best.

Preceding each week of the PBL Enrichment Camp in December, February and April, workshops will provide parents with an overview of project-based learning. During the workshops, parents will learn how to support their children in their language development and gain a better understanding of how PBL supports language learning.

PBL Enrichment Camp Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs
Date and Time: 12/9/25, 2/3/26, and 3/31/26 at 2:30 to 3:30 PM (in-person), At no cost to Title III
Description: Parents will be given an explanation/expectations of the December/February/April PBL Enrichment Camp, the benefits of PBL, and how to further supporting student's language and grade-appropriate skill development.

In addition, preceding the start of the Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, workshops will provide parents with an overview of programs. During the

workshops, parents will learn how to support their children in their language development and gain a better understanding of how language enriched programs support language development.

Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program- Overview of the clubs and program.
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III
Description: Parents will be given an explanation/expectations of the Language Enrichment Clubs, and Language Enriched Theater and the Arts program, the benefits of PBL, and how to further support the student's language.

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III
Description: Parents will be given an overview of the Newcomers Center, such as bilingual supports and resources, resources for Newcomers, the benefits of biliteracy and biculturalism, and how to further support the student's language.

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 4:00 to 6:00 PM (in-person), At cost to Title III
Description: A school-wide celebration of the many cultures represented in our community. Teachers host interactive booths highlighting different countries through traditional clothing, music, food, art, and hands-on crafts. Families are invited to travel “around the world” by visiting each booth, engaging in fun cultural activities, and learning more about the customs and traditions that shape our diverse school community.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers
Date and Time: six different dates (one for each grade level) in October, November, and December 7:30 AM-8:30 AM; At cost to Title III
Description: Parents will be introduced to the components/modalities of the NYSESLAT. They will have the opportunity to engage with sample texts, assessment expectations, as well as be given time to ask questions.

PBL Enrichment Camp Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs
Date and Time: 12/9/25, 2/3/26, and 3/31/26 at 10:00 AM (in-person), At cost to Title III
Description: Parents will be given an explanation/expectations of the December/February/April PBL Enrichment Camp, the benefits of PBL, and how to further support student's language and grade-appropriate skill development.

Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program Workshops - Overview of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 PM to 3:30 PM (in-person), At cost to Title III
Description: Parents will be given an explanation/expectations of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts programs, the benefits of these programs, and how to

further support student's language and grade-appropriate skill development.

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III
Description: Parents will be given an overview of the Newcomers Center, such as bilingual supports and resources, resources for Newcomers, the benefits of biliteracy and biculturalism, and how to further support the student's language.

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 4:00 to 6:00 PM (in-person), At cost to Title III
Description: A school-wide celebration of the many cultures represented in our community. Teachers host interactive booths highlighting different countries through traditional clothing, music, food, art, and hands-on crafts. Families are invited to travel "around the world" by visiting each booth, engaging in fun cultural activities, and learning more about the customs and traditions that shape our diverse school community.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers

PBL Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs

Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program Workshops - Overview of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program
Presenters: Teacher Leads/Coaches/APs

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs

*All family engagement activities are at cost to Title III

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified of Title III ELL family engagement activities through multiple communication channels to ensure accessibility and inclusivity. Notifications will be shared via Smore newsletters, Class Dojo messages, multilingual flyers posted on the school's official Instagram page, and invitations/letters sent home with students. All written communication will be translated into each family's preferred home language to ensure clear understanding and full participation. Additionally, interpretation services will be made available at all events to support real-time communication between staff and families, allowing parents and guardians to engage meaningfully in their children's educational experience. Many staff members speak Spanish, which is the language requested by most of our families. The staff members attend our family engagement events and provide real-time translation to families. Also, our presentations are translated into Spanish. Therefore, families can participate in engagement events by receiving information in a language they prefer. For other languages requested, we have staff member that speak Chinese, or we utilize over-the-phone translation services. This ensures that all families receive translation in their preferred language when attending family engagement events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To document outreach efforts, our school will maintain detailed records of all communications sent to families, including invitations, flyers, and emails. These materials will be kept in both English and the families' preferred home languages to ensure accessibility and compliance with language access policies. Attendance at all family engagement activities will be recorded using sign-in sheets that track participant names, contact information, and the events attended.

Additionally, records of interpretation and translation services provided during events—such as on-site interpreters or Over-the-Phone Interpretation—will be maintained, including the languages offered and the frequency of their use. This documentation will help ensure that all families receive appropriate language support and that the school can evaluate the effectiveness of its communication strategies. All records related to outreach, attendance, and interpretation services will be securely stored and readily available for program monitoring and compliance reviews in the ENL office L134.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

27

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Our Title III Immigrant-funded programs for the 2025–2026 school year will center on the Newcomer December/February/April PBL Enrichment Camp, Saturday/Sunday Academy, Language Enriched Theater and the Arts program and Language Enrichment Clubs (Cheer, Music, Chess, Arts). These Title III Immigrant - funded programs are designed to provide additional academic and language development support to English Language Learners (ELLs). Title III Immigrant students in our programs are those who were not born in the United States and who have not attended school in the U.S. for more than three full academic years. Based on the 2025/2026 School Year 2026 RFSF and RPOB results, our student population includes 409 immigrant ELLs, with 117 (28.6%) students at the Entering level, 118 (28.9%) at the Emerging level, 105 (25.7%) at the Transitioning level, and 69 (16.8%) at the Expanding level. Students in the program will be grouped heterogeneously by grade and proficiency level. Classes will be led by an ENL-certified teacher. Instruction will be delivered in English, with strategic use of students' home

languages for support.

The Newcomer December/February/April PBL Enrichment Camp, will run during the December, February, and April school recesses from 8:00 AM to 1:00 PM, and will serve 180 immigrant ELLs in grades K–5. The Newcomer December/February/April PBL Enrichment Camp is grounded in Project-Based Learning (PBL) to support literacy development, academic content knowledge, and social-emotional learning. Through integrated PBL units, students will explore themes across content areas, including science and social studies, while actively engaging in listening, speaking, reading, and writing tasks. Students will be grouped heterogeneously utilizing ELL data and grade level. There will be six groups of 30 immigrant students in each. Instruction will follow an integrated ENL self-contained teaching model or a general education and ENL service provider co-teaching model.

The Language Enrichment Clubs and Language Enriched Theater and the Arts programs will run after school and Saturdays. These after school programs will serve 100 students in grades K–5. The Language Enrichment Clubs and Language Enriched Theater and the Arts program will support students in their content-area learning, language development and their understanding of grade-appropriate skills, in addition to supporting social/emotional learning. The curriculum for our programs will also incorporate core instructional tools such as Heggerty Phonemic Awareness, Orton-Gillingham, and HMH Into Reading/Arriba la Lectura, which are used during the regular school day to maintain instructional continuity. Students will be grouped heterogeneously utilizing ELL data and grade level with 25 immigrant students in each group. Instruction will follow an ENL self-contained teaching model or a general education and ENL service provider co-teaching model.

Students in the Saturday/Sunday academy will engage in a data driven instruction around literacy and language skills in addition to mathematical skills. Teacher's will also continue to use online educational programs such as Raz-Kids, Waggle and Success Maker. The program will target 100 immigrant students who are also newcomer ELLs from both general education and special education classes. These students will be divided into 5 classes. Teachers will be using the workshop model to facilitate their instruction. The types of activities students are engaging in are the Four Hallmarks of Advanced Literacies to support the four modalities of language, where students are engaging in discussions, vocabulary support and writing tasks are aligned to a challenging on grade level text. Teachers will implement small group instruction where needed and all activities are differentiated to provide access to all students. The program will be supervised by a site supervisor and in addition, student attendance is being weekly monitored via a digital sheet that teacher's access using their school's 143q.in domain. All program notifications are translated in different languages via school staff.

Throughout each session for each of the Title III Immigrant Programs, students will engage in hands-on, collaborative activities that support their academic and language growth. Activities in these programs will promote cognitive development aligned to the Next Generation Learning Standards and foster the use of metacognitive strategies, including self-assessment, monitoring tools, and student rubrics. Instructional strategies taught in these programs will include activating background knowledge, contextualizing new information through realia, utilizing graphic supports and verbal analogies, and building schema through meaningful connections to students' lived experiences.

These activities are intentionally designed to enhance instructional opportunities for immigrant students who may be adjusting to a new educational system in the United States. Instruction will support students' cultural adjustment by providing opportunities for students to share their experiences, cultures, and prior knowledge as part of classroom discussions and project-based learning activities. Teachers will intentionally build background knowledge for students who are new to U.S. schools by explicitly teaching academic vocabulary, modeling expectations for classroom discourse, and introducing foundational concepts that support understanding of U.S. academic content. For students with Interrupted Formal Education (SIFE) or those with limited exposure to grade-level academic content, instruction will incorporate scaffolds such as visual supports, sentence frames, structured discussion protocols, and differentiated reading and writing tasks. These scaffolds will ensure that all immigrant students can meaningfully participate in rigorous academic tasks while developing both language and content knowledge.

All activities will aim to accelerate students' progress through the language acquisition continuum and be tailored to students' language proficiency and academic needs. Student progress in each of our Title III Immigrant - funded programs will be monitored using a combination of formal and informal assessments. Engagement and learning outcomes during the enrichment sessions will also be assessed through teacher observations and student project completion. At the end of each of these Title III Immigrant -funded programs, families will be invited to a presentation, where the projects the students worked on in each of these programs will be showcased.

Each of the Title III Immigrant Programs will be overseen by a designated site supervisor, who will manage daily operations, including maintaining student attendance, compiling records, and communicating with families. Invitations and progress updates will be provided to families in their preferred language and will be documented accordingly. Supervision of the Title III Immigrant programs is at no cost to Title III Immigrant funds.

By offering targeted instruction in a supportive and engaging environment, these Title III Immigrant funded enrichment programs will continue to promote equitable access to rigorous instruction for our ML/ELL students, fostering both academic success and long-term language proficiency.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

PS 143Q strives to embrace and welcome newcomer immigrant students into our school community and the neighborhood of Corona, Queens. PS 143's Title III Immigrant funded programs is rooted in both qualitative observations and quantitative data that underscore the continued need to support English language acquisition and foundational literacy skills among our Multilingual Learners/English Language Learners (MLs/ELLs), with a particular focus on our Newcomer ELLs population. Based on the 2025/2026 School Year 2026 RFSF and RPOB results, our student population includes 409 immigrant ELLs, with 117 (28.6%) students at the Entering level, 118 (28.9%) at the Emerging level, 105 (25.7%) at the Transitioning level, and 69 (16.8%) at the Expanding level. In addition, there two immigrant Non-ELL students. We analyzed these data sources and noticed that the immigrant ELLs in our school need further support in the modalities of Speaking and Writing. The Title III Immigrant Programs in our school focus on these modalities, so that students continue to improve their English language acquisition. These students are enrolled across ENL, Dual Language, and Transitional Bilingual Education programs, and include both English Proficient students and ELLs with special
needs.

Many of our students continue to experience the residual effects of interrupted learning due to the COVID-19 pandemic and school closures. As a result, targeted support is necessary to accelerate their language acquisition and strengthen foundational literacy skills. Project-Based Learning (PBL), language enrichment clubs, Saturday/Sunday Academy and language enriched theater programs have proven to be effective at PS 143, particularly in enhancing students' English language development and overall engagement. Teachers have observed a notable increase in student participation and confidence in speaking, listening, reading and writing when engaged in PBL units and other enrichment activities. This approach provides students with authentic opportunities to use language meaningfully across content areas, promoting both academic and social-emotional growth. These outcomes affirm the need for a continued and expanded enrichment programs outside of the school day, to address the diverse linguistic needs of our ML/ELL population and ensure their progress toward English proficiency.

The Saturday/Sunday Academy will focus on meeting the needs of immigrant students. We are establishing a Saturday Enrichment Program that focuses on supporting students in all areas of literacy, including reading, writing, speaking and listening, in additional to various mathematical practices. We will invite 100 immigrant students.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Title III Immigrant students in our programs are those who were not born in the United States and who have not attended school in the U.S. for more than three full academic years.

PS 143's Title III Immigrant-funded PBL Enrichment Camp will serve about 180 Multilingual Learners/English Language Learners
(MLs/ELLs) in grades Kindergarten through Fifth Grade. This program specifically targets Newcomer/Immigrant students (0–3 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills.

PS 143's Title III Immigrant-funded Language Enrichment Clubs (Cheer, Music, Chess, Arts) will serve about 70 Multilingual Learners/English Language Learners (MLs/ELLs) in grades Kindergarten through Fifth Grade. This program specifically targets Newcomer/Immigrant students (0–3 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills

PS 143's Title III Immigrant-funded Language Enriched Theater through the Arts program will serve about 40 Multilingual Learners/English Language Learners (MLs/ELLs) in grades Kindergarten through Fifth Grade. This program specifically targets Newcomer/Immigrant students (0–3 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills

PS143's Title III Immigrant-funded Saturday/Sunday Academy will serve 100 immigrant students. This program specifically targets Newcomer/Immigrant students (0–3 years of ENL services) who are performing at the Entering, Emerging, Transitioning, or Expanding levels to support English language acquisition and reinforce foundational literacy skills.

Based on the 2025/2026 School Year RFSF and RPOB results, our student population includes 409 immigrant ELLs, with 117 (28.6%) students at the Entering level, 118 (28.9%) at the Emerging level, 105 (25.7%) at the Transitioning level, and 69 (16.8%) at the Expanding level.

To ensure differentiated instruction, each teacher will lead a class that is heterogeneously grouped based on students' grade level and English proficiency. Teachers will participate in professional development to understand and analyze RLAT scores by modalities. This will allow teachers to create flexible groupings based on the students'

proficiency in each modality. In addition, this strategic grouping allows teachers to provide targeted support while fostering peer-to-peer language development across modalities and proficiency levels. These groups will receive instruction aimed at accelerating language development and closing the learning gaps that persist due to prior disruptions from pandemic-related school closures.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Our December/February/April PBL Enrichment Camp will be held during the December/February/April breaks from 8:00 AM - 1:00 PM.

PBL Enrichment Camp (December)
Start: Friday, 12/26/2025, Monday, 12/29/2025, Tuesday, 12/30/2025
3 sessions/15 hours
Days of the Week: Friday, Monday, and Tuesday.
Time: 8:00 AM - 1:00 PM (5 hours)

PBL Enrichment Camp (February)
Start: Monday, 2/16/2026 End: Thursday, 2/19/2026
Days of the Week: Monday, Tuesday, Wednesday, and Thursday.
4 sessions/20 hours
Time: 8:00 AM - 1:00 PM (5 hours)

PBL Enrichment Camp (April)
Start: Monday, 4/6/2026 End: Thursday, 4/9/2026
Days of the Week: Monday, Tuesday, Wednesday, and Thursday
4 sessions/20 hours
Time: 8:00 AM - 1:00 PM (5 hours)

Cheer - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
Days of the Week: Tuesdays and Wednesdays
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Music - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
Days of the Week: Tuesdays and Wednesdays
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Chess - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026

Days of the Week: Tuesdays and Wednesdays
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Arts - Language Enrichment Club
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
Days of the Week: Tuesdays and Wednesdays
52 sessions/52 hours
Time: 2:30-3:30 PM (1 hour)

Language Enriched Theater and the Arts Program
Start: Tuesday, November 18, 2025 End: Wednesday, June 10 2026
Days of the Week: Tuesdays and Wednesdays
52 sessions/104 hours
Time: 2:30-4:30 PM (2 hours)

Saturday Academy Schedule:
Start Date: Saturday, January 10, 2026
End Date: Saturday, June 6, 2026
Days of the Week: Saturdays
Total Number of Sessions: 20 Saturdays
Time and Duration: 9:00 AM - 12:00 PM (4 hours)

Sunday Academy Schedule:
Start Date: Sunday, January 11, 2026
End Date: Sunday, June 7, 2026
Days of the Week: Sundays
Total Number of Sessions: 20 Sundays
Time and Duration: 9:00 AM - 12:00 PM (4 hours)

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

For our December/February/April PBL Enrichment Camp, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program, the primary language of instruction is English. However, intentional and consistent home language support is embedded throughout instruction to ensure accessibility and deepen students' understanding of academic content. Support in students' native languages is provided through the strategic use of bilingual staff, translated materials, and scaffolded instructional practices that connect prior knowledge in the home language to new learning in English. Supplemental resources and scaffolds—including cognates, bilingual glossaries, visual aids, and home-language aligned digital tools—are incorporated into lessons to reinforce key concepts and facilitate comprehension. These supports not only make academic content more accessible but also affirm students' linguistic identities and promote cross-linguistic transfer. By delivering instruction primarily in English while integrating purposeful home language support, the program ensures that English Language Learners are meaningfully engaged with content and are simultaneously developing both academic knowledge and English language proficiency.

Number and Types of Certified Teachers

For each Title III Immigrant funded program, include number and type(s) of certified teachers.

In an effort to ensure all ELLs are serviced in our before and after school enrichment programs, teachers who support these programs are Bilingually or TESOL certified. This number is contingent on those teachers who apply to the posting and staff interest.

PBL Enrichment Camp (December)
7 Teachers who are Bilingually or TESOL certified

PBL Enrichment Camp (February)
7 Teachers who are Bilingually or TESOL certified

PBL Enrichment Camp (April)
7 Teachers who are Bilingually or TESOL certified

Language Enrichment Clubs
-Cheer (1 Teacher)
-Music (1 Teacher)
-Chess (1 Teacher)
-Arts (2 Teachers)

Language Enriched Theater and the Arts Program
5 Teachers who are Bilingually or TESOL certified

Saturday Academy
Five Teachers who are Bilingually or TESOL certified

Sunday Academy
Three Teachers who are Bilingually or TESOL certified

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

During our December/February/April PBL Enrichment Camps, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, a comprehensive range of instructional materials and resources will be used to support Multilingual Learners (MLs)/English Language Learners (ELLs), with a focus on students who are Newcomers/Immigrant ELLs. These materials are selected to enhance complex literacy development, academic success, and social-emotional learning. Teachers will implement a variety of instructional strategies, including direct vocabulary instruction, use of multi-leveled and bilingual texts, video-

based learning, and structured academic discourse protocols.

During our PBL Enrichment Camp, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, teachers will facilitate PBL projects and other enrichment activities in which students will use various materials to complete their projects. To support continuity with classroom learning, our programs will incorporate core literacy resources already in use during the regular school day, including Heggerty Phonemic Awareness, Orton-Gillingham, and HMH Into Reading / Arriba la Lectura. These programs help reinforce foundational phonics, reading fluency, comprehension, and biliteracy skills, providing a cohesive and aligned instructional experience across settings. These materials are at no cost to Title III Immigrant funds.

Additionally, students will engage with a wide array of supplemental instructional materials, such as interactive educational games, leveled readers, bilingual books, and multimedia resources. Visual supports—including graphic organizers, realia, manipulatives, and anchor charts—will be used to scaffold instruction and support oral language development. To encourage higher-order thinking and meet the demands of the Next Generation Learning Standards, students will complete project-based learning tasks that emphasize critical thinking, collaboration, and creative expression. Tools such as self-monitoring checklists, assessment rubrics, and progress-tracking charts will also be employed to support students' use of metacognitive strategies and foster independence in learning. These supplemental materials are at no cost to Title III Immigrant funds.

All program materials purchased with Title III Immigrant funds are hands-on activities that are consumables. They are stored in the designated classroom for the week. This ensures that materials remain organized, accessible, and available for use by teachers and students throughout the duration of the program. When the programs end, the ELLs take what they created home with them. This ensures that materials remain organized, accessible, and available for use by teachers and students throughout the duration of the program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Our school has developed a comprehensive implementation plan to ensure the successful rollout and ongoing management of our December/February/April PBL Enrichment Camp, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program. Parents and guardians will be notified of these programs through multiple channels—such as letters, phone calls, SMORE updates, and Class Dojo announcements — all provided in the family's preferred language to ensure accessibility and full understanding. Initial invitations and program information will be sent prior to the program's start, and ongoing communication, including student progress updates, will be shared throughout the duration of the programs. Evidence of parent notification will include dated copies of communications in families' preferred languages.

To ensure compliance and accountability, our school will maintain detailed and organized records for all aspects of

the Title III Immigrant-funded programs. These records will include copies of dated, translated letters sent to parents inviting their child to participate in the program, as well as documentation of ELLs served in each Title III Immigrant program. This documentation will consist of student rosters listing the names of the Title III Immigrant-funded teacher(s) serving the students, the ELL's proficiency levels, and attendance for each date the program has taken place. Student attendance records will be maintained by date and will clearly identify immigrant student names served in each session. In addition, teacher certification records including certification types for each teacher assigned to the program and per-session time sheets will be maintained. Copies of purchase orders and invoices related to Title III Immigrant expenditures will also be retained.

Further, our school will maintain records of all parent engagement activities related to Title III Immigrant funded programs. The records for each activity that has taken place will include attendance sheets, invitations, translations, and presentations utilized with our families.

Professional development sessions related to the Title III Immigrant program will also be documented, including attendance sheets with the names of participating teachers, dates, times, and duration of each session. Materials used during these professional development sessions will be retained as well.

All Title III Immigrant documentation will be stored in organized physical binders located in the ENL Office Lion 134.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The school's professional development plan under the Title III Immigrant program is designed to strengthen the instructional practices of educators working with Multilingual and English Language Learners (ML/ELLs). The initiative focuses on equipping teachers with effective strategies and resources to better support the language development and academic success of their students.

As part of the December/February/April Project-Based Learning Enrichment Camps, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program, participating teachers will engage in ongoing training throughout the school year that emphasizes English as a New Language (ENL) skills, curriculum implementation, and ENL pedagogy. Teachers will receive targeted instruction in effective literacy strategies tailored to the needs of ELLs, ensuring that students build strong foundations in the modalities of listening, speaking, reading and writing. Training will also include sessions focused on utilizing project-based learning to support content, enhance classroom engagement, and continue language development. All professional development activities, including training sessions and related materials, will be at no cost to the Title III Immigrant funds.

Through this comprehensive professional development plan, the school aims to build educator capacity and create a more inclusive, supportive, and effective learning environment for ML/ELL students.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The rationale for the professional development provided under our Title III Immigrant program is rooted in both qualitative and quantitative data that highlight the need for targeted support in foundational literacy, ENL instructional strategies, and compliance with state mandates regarding ML/ELLs.

Based on October 2025 RLAT results, our student population includes 154 students at the Entering level, 214 at the Emerging level, 247 at the Transitioning level, and 233 at the Expanding level. Additionally, October 2025 RLER data indicates that our school serves approximately 661 Newcomers and 185 Developing ELLs. To effectively serve our diverse student population, all teachers that work the Title III Immigrant programs, must be equipped with a strong understanding of ENL strategies, state regulations, and the ELL identification process. Professional development is therefore an ongoing, school-wide initiative delivered throughout the year by certified ENL teachers, dual language teachers, instructional supervisors, and our Bilingual/ENL Compliance point person, along with a DOE-contracted Orton-Gillingham (OG) consultant who provides structured literacy training. These sessions are strategically scheduled during designated common planning times and professional development periods, with monthly agendas and sign-in documentation to ensure accountability.

When analyzing our data sources, such as the RLAT for our ELLs overall proficiency levels and proficiency in each modality, in addition to mCLASS data, we noticed that our ELLs need additional support in the modalities of Speaking and Writing. As a result, we host professional Development sessions, in which teachers analyze student ELL data to identify specific trends. Other sessions focus on the use of resources, scaffolds and strategies to promote speaking and writing in multiple, complete sentences. In addition, professional development is centered around student-led discussions, emphasizing vocabulary development and utilizing various structures. Staff learn how to implement a student-friendly NYSESLAT-aligned speaking rubric, which is a tool students can use to develop their proficiency in the speaking modality. To support students' development of writing skills, professional development sessions also focus on utilizing various graphic organizers, sentence structures, and creating a cohesive response when writing.

The impact of professional development is measured qualitatively through PD self-reflections, ongoing in-house teacher surveys, and action plans, and quantitatively through analysis of student performance data, including mCLASS (K–5), MAP (K–5), and state exam results. Trends in our data—such as persistent challenges in foundational literacy skills observed through mCLASS and NYSESLAT results—indicate a clear need for continued professional learning in this area. Moreover, as our school works toward implementing school-wide protocols aligned with Hallmark #2 of the Instructional Focus—promoting talk and discussion to build both conversational and academic language—our Title III Immigrant students have demonstrated ongoing reading growth, further supporting the effectiveness of our PD sessions.

In addition to foundational literacy and ENL-focused training, professional development includes sessions on project-based learning, where teachers explore the importance of hands-on, student-centered instruction that supports both academic content and language acquisition. These sessions guide educators in designing and implementing PBL experiences that encourage collaboration, critical thinking, and authentic use of language—key components in helping ML/ELLs develop both conversational and academic proficiency.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers involved in the Title III Immigrant- funded December/February/April Project-Based Learning Enrichment Camps, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program will receive ongoing professional development focused on effective Project-Based Learning (PBL) strategies to better
support ML/ELL students. This includes certified ENL teachers, general education teachers with ML/ELLs in their classrooms, dual language educators, and support staff. Professional development will focus on the design and implementation of project-based units that promote inquiry, collaboration, and meaningful language use. Teachers will explore how PBL fosters deeper engagement and accelerates language development by situating learning in real-world, culturally relevant contexts. Training sessions will include modeling of PBL practices, planning time, and collaborative reflection to ensure alignment with ENL instructional goals. By equipping all Title III ELL program educators with the tools to integrate PBL into their practice, we aim to create language-rich, student-centered learning environments that enhance both academic outcomes and language proficiency for our multilingual learners.

As part of our ongoing commitment to supporting Multilingual and English Language Learners (ML/ELLs), our school's professional development plan under the Title III Immigrant- funded program includes a structured calendar of targeted learning opportunities for educators throughout the year. The learning opportunities include Orton-Gillingham training, mCLASS data analysis, and utilizing ENL data from the NYSESLAT. These sessions are designed to build instructional capacity in foundational literacy, ENL pedagogy, curriculum implementation, and the use of data to inform instruction, with a particular emphasis on the integration of Project-Based Learning (PBL) strategies. These sessions are strategically scheduled during designated common planning times and professional development periods, with monthly agendas and sign-in documentation to ensure accountability.

Throughout the year, all Title III Immigrant -funded program educators—including ENL and general education teachers, dual language educators, and support staff—will participate in these ongoing professional learning opportunities. By combining literacy-focused training, PBL integration, and data-driven reflection, this plan ensures that teachers are equipped to meet the diverse needs of ML/ELLs and foster both language development and academic achievement.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Schedule and Duration information below:

September through June- December/February/April Project-Based Learning Enrichment Camps, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program.

September
Topic 1- Date and Time: September 2025, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds

October
Topic 2- Date and Time: October 2025, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds
Topic 3- Date and Time: October 2026, All Day (5 Periods); No cost to Title III Immigrant Funds

November
Topic 4- Date and Time: November 2025, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds
Topic 5 - Date and Time: November 2025, Other Professional Work Time (30 Min); No cost to Title III Immigrant Funds
Topic 6 - Date and Time: November 2025, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds

January
Topic 7- Date and Time: January 2026, Other Professional Work Time (30 Min); No cost to Title III Immigrant Funds
Topic 8- Date and Time: January 2026, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds

February
Topic 9- Date and Time: February 2026, Common Planning Sessions (1 Period), No cost to Title III Immigrant Funds
Topic 10- Date and Time: February 2026, Other Professional Work Time (30 Min); No cost to Title III Immigrant Funds
Topic 11- Date and Time: February 2026, Common Planning Sessions (1 Period); No cost to Title III Immigrant Funds

April
Topic 12- Date and Time: April 2026, Common Planning Sessions (1 Period), No cost to Title III Immigrant Funds
Topic 13- Date and Time: April 2026, Common Planning Sessions (1 Period), No cost to Title III Immigrant Funds

June
Topic 14- Date and Time: June 2026, Common Planning Sessions (1 Period), No cost to Title III Immigrant Funds

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topics to be covered by month,

Participants participating in Title III Immigrant funded programs receiving training,

Month of September
Topic 1- Analyzing mCLASS Data and Trends

Month of October
Topic 2- Analyzing NYSESLAT Data and Trends
Topic 3 - Training for the programs such as OG

Month of November
Topic 4- Analyzing BOY assessments with mCLASS in addition to a BOY writing benchmark assessment
Topic 5- Learning more about PBL (Rationale, Project Selection and Planning)
Topic 6 - Analyzing FURBY Report

Month of January
Topic 7- Learning more about PBL (Rationale, Project Selection and Planning)
Topic 8- Resources and Scaffolds for ELLs

Month of February
Topic 9- Analyzing Growth using mCLASS data and other informal/formal assessments used during the PBL

Enrichment Camp
Topic 10- Learning more about PBL (Rationale, Project Selection and Planning)
Topic 11 - Review of the NYSESLAT Listening and Speaking (Focus on the Speaking rubric)

Month of April
Topic 12- Analyzing Trends using mCLASS data and other informal/formal assessments used during the PBL
Enrichment Camp
Topic 13- Review of the NYSESLAT Reading and Writing (Focus on the Writing rubric)

Month of JuneTopic 14- Analyzing EOY data using mCLASS and an EOY writing benchmark assessment/Next Steps

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Presenters by month,

Month of September
Topic 1- AP/ENL Coach/House Coaches

Month of October
Topic 2- AP/ENL Coach/House Coaches
Topic 3- AP/ENL Coach/House Coaches

Month of November
Topic 4- AP/ENL Coach/House Coaches
Topic 5- AP/ENL Coach/House Coaches
Topic 6- AP/ENL Coach/House Coaches

Month of January
Topic 7- AP/ENL Coach/House Coaches
Topic 8- AP/ENL Coach/House Coaches

Month of February
Topic 9- AP/ENL Coach/House Coaches
Topic 10- AP/ENL Coach/House Coaches
Topic 11- AP/ENL Coach/House Coaches

Month of April
Topic 12- AP/ENL Coach/House Coaches
Topic 13- AP/ENL Coach/House Coaches

Month of JuneTopic 14- AP/ENL Coach/House Coaches

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

To ensure thorough and accurate documentation of all professional development activities provided as part of our Title III Immigrant plan, our school will maintain a comprehensive system for organizing and storing all relevant records. For professional development sessions, we will collect and retain detailed agendas, sign-in sheets, presentation materials, and any handouts or resources distributed to participants. These documents will indicate the date, focus area, and target audience of each session.

Additionally, we will maintain a system where copies of all documentation are stored and accessible in room L134. By systematically tracking and organizing this documentation, we will ensure that all professional development activities related to the Title III Immigrant programs are fully accounted for, aligned with program goals, and responsive to the instructional needs of our educators and the academic growth of our Multilingual Learners. These professional development sessions are at no cost to Title III Immigrant funds.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family engagement is a central component of our Title III Immigrant programs, rooted in the belief that strong partnerships between schools and families are essential for the academic, social, and emotional success of Multilingual Learners (MLs)/English Language Learners (ELLs). Our parent liaison and school counselors provide a robust series of monthly in-person workshops, designed to assist parents with ensuring their child's social, emotional, and academic success. Additionally, Coffee with the Principal/PTA is also offered monthly throughout the year to discuss various important topics related to the school and students.

Workshops are led by a collaborative team that includes ENL teachers, site supervisors, and instructional coaches. Topics covered include understanding language acquisition stages, language development strategies, navigating school resources and supports, strategies to promote literacy at home, and social-emotional development. Prior to the launch of any Title III Immigrant program, families are invited to an orientation where they are informed of program goals, expectations, and the supports available to help their children succeed. Parents of students enrolled in the December/February/April Project-Based Learning Enrichment Camps, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, will receive invitations at the end of each program to participate in the showcasing of projects presented by students.

To celebrate our English Language Learners, honor their diverse cultural backgrounds, and support their unique needs, our school hosts a variety of parent engagement events. These include our Travel the World Cultural Fair, Painting for Students Celebration, and initiatives through our Newcomer Center. These events will be at cost to the Title III Immigrant funds.

All parent engagement sessions are conducted in a welcoming, inclusive environment. Spanish-speaking staff are always on-site to provide interpretation, and Chinese interpretation is available upon request. For families who speak other languages, Over-the-Phone Interpretation (OPI) services are provided to ensure that all parents receive information in their preferred language. All communication, including invitations, reminders, and follow-up materials, are distributed in families' home languages and maintained on file by our Parent Liaison, along with attendance sheets for each session. These workshops are at cost to Title III Immigrant funds.

Through these efforts, we aim to foster a culturally responsive and inclusive school community in which families feel empowered, informed, and actively involved in their children's language development and academic success.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

To ensure that family engagement activities are purposeful and responsive to the needs of our multilingual learner (ML/ELL) families, our school relies on both quantitative and qualitative data sources. According to the September 2025 RFSF report, our student population includes 163 students at the Entering level, 208 at Emerging, 246 at Transitioning, and 234 at Expanding, based on the Spring 2025 NYSESLAT and Fall 2025 NYSITELL assessments. These language proficiency levels highlight the importance of offering targeted support to families across a broad spectrum of English development. Parent interest and needs are identified through in-house surveys, teacher and staff feedback, and input from the PTA/PA. Survey responses collected at the beginning of the school year helped us determine topics of interest and preferences for engagement formats and times.

One key area identified by families and staff was the need for a better understanding of the NYSESLAT exam. As a result, workshops were designed to introduce parents to the structure, purpose, and preparation strategies for the NYSESLAT across grade levels. These workshops provide opportunities for families to engage with sample materials and ask questions that support their child's academic growth.

To support language development through enrichment, we offer overviews for families of students participating in Project-Based Learning (PBL) Enrichment Camps, Saturday/Sunday Academy, Language Enrichment Clubs (Cheer, Music, Chess, Arts) and in our Language Enriched Theater and Arts program. These sessions explain how each program integrates English language development in fun, engaging ways aligned with student interests. Recognizing the unique needs of our recently arrived students and their families. In connection with our programs, families are invited to visit the school to view their children's work, observe their academic progress, and gain a deeper appreciation of their development in English language skills. This experience strengthens home-school connections and encourages continued language learning at home. Parents of students enrolled in the programs will receive invitations at the end of each program to participate in showcases featuring student projects.

To support our newly arrived students and their families, The Newcomers Center workshop is designed to address the unique needs of recently arrived students and their families, who often require additional support navigating the school system and accessing resources. Data from the NYSITELL assessments and registration interviews indicate a significant number of newcomers who benefit from targeted support. Feedback from teachers and parents has emphasized the importance of providing families with information about available resources, including language assistance and community connections. By equipping families with strategies to support their children's language growth and engagement, the Newcomers Center fosters a welcoming and inclusive environment that promotes equity and belonging for all students.

In addition to academic and informational workshops, we host our Travel the World Cultural Fair, a school-wide celebration that honors the diverse cultures within our community. Teachers host interactive booths that allow families to explore global traditions, art, music, food, and crafts while building cross-cultural understanding and community connection. This event also serves as a joyful way for families to see themselves and their cultures reflected in the school environment.

To ensure equitable access and participation, all communications are provided in English, Spanish, and Chinese, with interpretation available in additional languages as needed. Family input is continually gathered through PTA/PA

meetings, “Coffee with the Principal” sessions, and one-on-one meetings with teachers. These platforms allow parents to share their ideas, questions, and concerns, which directly influence the planning and refinement of future events. The School Leadership Team includes parent representatives who collaborate with school staff to ensure family perspectives are consistently considered in school decision-making.

Finally, we recognize the importance of building ongoing relationships between families and school staff. ENL teachers regularly meet with families during office hours and school events to discuss student progress, language goals, and individual successes. These experiences foster stronger home-school connections and encourage continued language learning beyond the classroom. Together, these thoughtfully planned activities reflect a comprehensive, data-informed approach to family engagement that values the voices, experiences, and contributions of all families in our school community.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

In October, November, and December, workshops will provide parents with an overview of the NYSESLAT Test for each grade-level. During the workshops, parents will learn how to help their children prepare for the NYSESLAT and gain a better understanding of the purpose of this exam.

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers
Date and Time: six different dates (one for each grade level) in October, November, and December 7:30 AM-8:30 AM; No cost to Title III Immigrant Funds
Date and Time: six different dates (one for each grade level) in October, November, and December 2:30 AM-3:30 PM; At cost to Title III Immigrant Funds
Description: Parents will be introduced to the components/modalities of the NYSESLAT. They will have the opportunity to engage with sample texts, as well as be given time to ask questions. Survey will be e-mailed to parents to determine which day/date/time works best.

Preceding each week of the PBL Enrichment Camp in December, February and April, workshops will provide parents with an overview of project-based learning. During the workshops, parents will learn how to support their children in their language development and gain a better understanding of how PBL supports language learning.

PBL Enrichment Camp Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs
Date and Time: 12/9/25, 2/3/26, and 3/31/26 at 2:30 to 3:30 PM (in-person), At no cost to Title III Immigrant Funds
Description: Parents will be given an explanation/expectations of the December/February/April PBL Enrichment Camp, the benefits of PBL, and how to further supporting student's language and grade-appropriate skill development.

In addition, preceding the start of the Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program, workshops will provide parents with an overview of programs. During the workshops, parents will learn how to support their children in their language development and gain a better understanding of how language enriched programs support language development.

Language Enrichment Clubs (Cheer, Music, Chess, Arts), and Language Enriched Theater and the Arts program- overview of the clubs and program.
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III Immigrant Funds
Description: Parents will be given an explanation/expectations of the Language Enrichment Clubs, and Language Enriched Theater and the Arts program, the benefits of PBL, and how to further support the student's language.

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III Immigrant Funds
Description: Parents will be given an overview of the Newcomers Center, such as bilingual supports and resources, resources for Newcomers, the benefits of biliteracy and biculturalism, and how to further support the student's language.

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 4:00 to 6:00 PM (in-person), At cost to Title III Immigrant Funds
Description: A school-wide celebration of the many cultures represented in our community. Teachers host interactive booths highlighting different countries through traditional clothing, music, food, art, and hands-on crafts. Families are invited to travel “around the world” by visiting each booth, engaging in fun cultural activities, and learning more about the customs and traditions that shape our diverse school community.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers
Date and Time: six different dates (one for each grade level) in October, November, and December 7:30 AM-8:30 AM; At cost to Title III Immigrant Funds
Description: Parents will be introduced to the components/modalities of the NYSESLAT. They will have the opportunity to engage with sample texts, assessment expectations, as well as be given time to ask questions.

PBL Enrichment Camp Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs
Date and Time: 12/9/25, 2/3/26, and 3/31/26 at 10:00 AM (in-person), At cost to Title III Immigrant Funds
Description: Parents will be given an explanation/expectations of the December/February/April PBL Enrichment Camp, the benefits of PBL, and how to further support student's language and grade-appropriate skill development.

Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program Workshops - Overview of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 2:30 PM to 3:30 PM (in-person), At cost to Title III Immigrant Funds
Description: Parents will be given an explanation/expectations of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts programs, the benefits of these programs, and how to further support student's language and grade-appropriate skill development.

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs

Date and Time: TBD at 2:30 to 3:30 PM (in-person), At cost to Title III Immigrant Funds
Description: Parents will be given an overview of the Newcomers Center, such as bilingual supports and resources, resources for Newcomers, the benefits of biliteracy and biculturalism, and how to further support the student's language.

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs
Date and Time: TBD at 4:00 to 6:00 PM (in-person), At cost to Title III Immigrant Funds
Description: A school-wide celebration of the many cultures represented in our community. Teachers host interactive booths highlighting different countries through traditional clothing, music, food, art, and hands-on crafts. Families are invited to travel "around the world" by visiting each booth, engaging in fun cultural activities, and learning more about the customs and traditions that shape our diverse school community.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ELL Workshops- Introduction to the NYSESLAT (October, November, and December 2025/K-5 Parents)
Presenters: Classroom Teachers/ENL Providers

PBL Workshops - Overview of the December/February/April PBL Enrichment Camp
Presenters: Teacher Leads/Coaches/APs

Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program Workshops - Overview of the Language Enrichment Clubs (Cheer, Music, Chess, Arts) and Language Enriched Theater and the Arts program
Presenters: Teacher Leads/Coaches/APs

Newcomers Center - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs

Travel the World Cultural Fair - Overview of the Newcomers Center
Presenters: Teacher Leads/Coaches/APs

*All family engagement activities are at cost to Title III Immigrant Funds

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified of Title III Immigrant- funded family engagement activities through multiple communication channels to ensure accessibility and inclusivity. Notifications will be shared via Smore newsletters, Class Dojo messages, multilingual flyers posted on the school's official Instagram page, and invitations/letters sent home with students. All written communication will be translated into each family's preferred home language to ensure clear understanding and full participation. Additionally, interpretation services will be made available at all events to support real-time communication between staff and families, allowing parents and guardians to engage meaningfully in their children's educational experience. Many staff members speak Spanish, which is the language requested by most of our families. The staff members attend our family engagement events and provide real-time translation to families. Also, our presentations are translated into Spanish. Therefore, families can participate in engagement events by receiving information in a language they prefer. For other languages requested, we have staff member that speak Chinese, or we utilize over-the-phone translation services. This ensures that all families receive translation in their preferred language when attending family engagement events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To document outreach efforts, our school will maintain detailed records of all communications sent to families, including invitations, flyers, and emails. These materials will be kept in both English and the families' preferred home languages to ensure accessibility and compliance with language access policies. Attendance at all family engagement activities will be recorded using sign-in sheets that track participant names, contact information, and the events attended.

Additionally, records of interpretation and translation services provided during events—such as on-site interpreters or Over-the-Phone Interpretation—will be maintained, including the languages offered and the frequency of their use. This documentation will help ensure that all families receive appropriate language support and that the school can evaluate the effectiveness of its communication strategies. All records related to outreach, attendance, and interpretation services will be securely stored and readily available for program monitoring and compliance reviews.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.
