Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Maspeth Elementary

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
David Berkowitz	*Principal or Designee	
Tracy Ivanic	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Kristine Deesena	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President, 2024-2025	
Theresa Bethge	District Council 37 (DC 37) Representative (staff), if applicable	
Ciara Crogan	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Marie Lopez	Parent	
Brett Mollison	Parent	
Rebekah Kallas	Parent	
Sandra Liapis	Parent	
James Pepe	Staff	
Nicole DeLeo	Staff	
Nicole Fuller	Staff	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Jillian Johnson	Assistant Principal	
Matthew Carneiro	Assistant Principal	
Doreen Keegan	Instructional Coach	
Angela Gallo	Teacher	
Susan Mohan	ENL Liaison	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement: Maspeth Elementary School is committed to providing each student an exemplary educational experience promoting high expectations, inspiring a sense of social responsibility while supporting each student's physical, social and emotional needs.

Vision: A public community school, cultivating exceptional socially responsible thinkers, prepared for the future.

Core Values:

Learning
Learning is an active, joyful process of discovery where students are challenged to ask essential questions, solve problems in disciplined and creative ways, and construct substantive understandings under the guidance of passionate and inspiring teachers. We are committed to reflection, evaluation, evolution and innovation as means to improve teaching and learning. Learning extends beyond the classroom to instill in students a sense of mission and purpose as citizens of the larger community and world.

Respect
We have a high regard for oneself and others. This includes self-worth, pride, physical well-being, contentment, peace, humor, appreciation for differences and individuality, fairness, and tolerance.

Academic Potential
We believe all individuals are capable of learning and are entitled to opportunities needed to fulfill their individual potential and become lifelong learners. All students will be provided with a variety of instructional approaches to support their learning and demonstrate their achievement.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Established in 1930, P.S. 153 serves approximately 761 students in grades 3K through 5 in the Maspeth neighborhood of Queens. Our community is home to many new immigrants, mainly from Colombia, Ecuador, Mexico, Dominican Republic, China, Egypt, and Poland. Our diverse student body includes 47% Hispanic/Latinx, 38% White, 13% Asian, and 1% Black students, with 18% English Language Learners and 18% Students with Disabilities. We are proud to host established Gifted & Talented and ASD NEST programs in grades K–5, alongside a growing Dual Language Polish program currently serving students in PK–4. Approximately 66% of our students qualify for free lunch, and our average attendance rate for the 2024–2025 school year was 92%.

Our schoolwide core values, developed collaboratively with our community, affirm that learning is an active and joyful process of discovery that challenges students to ask essential questions and construct deep understanding. Guided by this philosophy, we have prioritized high-impact instruction in reading, writing, and mathematics.

Over the past three years, we have implemented targeted literacy initiatives to improve student outcomes in ELA. These efforts include the SPIRE and REWARDS programs for Students with Disabilities, expanded use of Fundations (including double-dose and intervention groups), Heggerty Phonemic Awareness, and data-driven small group instruction. We also launched a literacy-intensive program for general education students in grades K–2 performing below grade level. Collectively, these efforts have led to measurable gains in proficiency and progress as evidenced by 2024–2025 Acadience Reading Screener results.

In mathematics, we continue to align instruction to the K–12 Math Shifts, supporting teachers with math routines such as Which One Doesn't Belong, My Favorite No, and Number Talks. Educators use multiple data sources to inform instruction and deepen content knowledge.

We are also committed to supporting the social-emotional growth of all students. We implement the Responsive Classroom approach to foster classrooms that are safe, challenging, and joyful. In addition, we utilize RULER to build emotional intelligence and promote positivity, and integrate Brain Power Wellness to support holistic well-being and community connection.

Beyond the school day, over 150 students participate in afterschool programming provided by the Greater Ridgewood Youth Council. Activities include sports, drama, art, cheerleading, and academic support—offering enrichment and reliable childcare for families.

Briefly summarize the key initiatives your school will implement this school year.

This year, our primary focus is building teacher capacity to deepen understanding of the science of reading. Our goal is for educators to design, enhance, and deliver structured reading lessons that are systematic, cumulative, and explicit. To support this, teachers will engage in professional learning offered in-house, through DOE and District workshops, and with direct coaching from our Wilson Fundations and HMH partners—continuing the literacy initiatives launched last year.

Instructional integrity and consistency will be measured through walkthroughs using selected tools aligned with the NYC Reads Literacy Shifts. We will also continue to prioritize data-driven, targeted literacy interventions to ensure that every student learns to read well.

In mathematics, we will emphasize high-quality instruction aligned to the K–12 Mathematics Shifts. Building on strategies introduced in 2024–2025, we will expand teachers' instructional repertoires through ongoing professional learning.

Understanding that student well-being is fundamental to academic success, we remain committed to integrating social-emotional learning in every classroom. Practices from Responsive Classroom, RULER, and Brain Power Wellness will ensure that all students feel both physically and emotionally safe.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations

ELA	K-5	HMH Into Reading	
ELA	K-2	Wilson Fundations	
ELA	K-2	Heggerty Phonemic Awareness	
Math	K-6	enVision Math 2020	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
57% of Kindergarten students scored At or Above Benchmark (Spring 2025 Acadience	Student performance in foundational literacy skills has remained largely static across assessment windows. In both Winter and Spring 2025, only 58% of students met the benchmark for Phoneme Segmentation Fluency, indicating no measurable growth in phonological awareness. Nonsense Word Fluency showed minimal improvement, increasing from 66% to 69% of students at or above benchmark. This limited progress is attributed to several instructional and structural factors: Students struggle to consistently identify letter sounds versus letter names, impacting fluency on timed assessments. Inconsistent scheduling and management of back-	Our school requires a structured, daily literacy block for all classes to ensure adequate time for explicit instruction, small group differentiation, and center-based practice.

Reading Screener) 38% of Kindergarten students made Typical or Better Progress (Fall, 2024 to Spring, 2025 Acadience Reading Screener)	to-back literacy periods limit opportunities for explicit instruction, small group work, and center-based practice. Teachers require expanded professional development in the science of reading, as well as norming in Acadience administration and scoring protocols. Additional training is needed to support effective analysis and instructional use of reading data from multiple sources (Acadience, Fundations, Heggerty).	There is a critical need for targeted teacher training in the science of reading, effective administration of assessments (e.g., Acadience), and strategic analysis of literacy data to inform instruction. Students need increased opportunities for deliberate practice in fluency and accuracy, with a specific focus on building automaticity in letter-sound recognition to strengthen foundational reading skills.
55% of First Grade students scored At or Above Benchmark (Spring 2025 Acadience Reading Screener)	Approximately half of first grade students are below benchmark in Oral Reading Fluency - Whole Words Read (ORF-WWR) which may have impacted composite scores for the grade. Grade-level HMH module texts are read to students. Students may not have ample ample opportunity or time to read complex texts themselves, causing them to struggle when required to read ORF passages with automaticity. Condensed format of ORF passages in Acadience is unfamiliar to students who use HMH MyBook or decodables regularly. Students may have difficulty tracking the dense text and are slowed down on the timed assessment. MyBook and decodables use larger font and more white space, making it easier for students to track. Inconsistent scheduling and management of back-to-back literacy periods limit opportunities for explicit instruction, small group work, and center-based practice. Teachers require expanded professional development in the science of reading, as well as norming in Acadience administration and scoring protocols. Additional training is needed to support effective analysis and instructional use of reading data from multiple sources (Acadience, Fundations, Heggerty).	Our school requires a structured, daily literacy block for all classes to ensure adequate time for explicit instruction, small group differentiation, and center-based practice. There is a critical need for targeted teacher training in the science of reading, effective administration of assessments (e.g., Acadience), and strategic analysis of literacy data to inform instruction. Students need increased opportunities for deliberate practice in fluency and accuracy, with a specific focus on building automaticity in reading longer passages to strengthen foundational reading skills.

59% of Second Grade students scored At or Above Benchmark (Spring 2025 Acadience Reading Screener)	The percentage of second grade students at or above benchmark in Oral Reading Fluency - Whole Words Read (ORF-WWR), declined from 58% in Winter 2025 to 54% in Spring 2025. The percentage of second grade students at or above benchmark in Oral Reading Fluency - Retell declined from 80% to 57% between Winter 2025 and Spring 2025. The percentage of second grade students at or above benchmark in Oral Reading Fluency - Accuracy showed a slight increase from 66% to 68% between Winter 2025 and Spring 2025. Grade-level HMH module texts are read to students. Students may not have ample ample opportunity or time to read complex texts themselves. Causing them to struggle with ORF passages on the Acadience assessment. Student background knowledge may not be sufficient to aide in comprehension of more complex Acadience passages. Condensed format of ORF passages in Acadience is unfamiliar to students who use HMH MyBook or decodables regularly. Students may have difficulty tracking the dense text and are slowed down on the timed assessment. MyBook and decodables use larger font and more white space, making it easier for students to track. Inconsistent scheduling and management of back-to-back literacy periods limit opportunities for explicit instruction, small group work, and center-based practice. Teachers require expanded professional development in the science of reading, as well as norming in Acadience administration and scoring protocols. Additional training is needed to support effective analysis and instructional use of reading data from multiple sources (Acadience, Fundations, Heggerty).	Our school requires a structured, daily literacy block for all classes to ensure adequate time for explicit instruction, small group differentiation, and center-based practice. There is a critical need for targeted teacher training in the science of reading, effective administration of assessments (e.g., Acadience), and strategic analysis of literacy data to inform instruction. Students need increased opportunities for deliberate practice in fluency and retelling, reading longer passages to strengthen foundational reading skills.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	57%	By June, 2026, literacy for all Kindergarten students will improve, as measured by a 10% increase, from 57% to 67%, of students scoring at or above benchmark on the Acadience Reading Screener.
All Students	55%	By June, 2026, literacy for all first grade students will improve, as measured by a 10% increase, from 55% to 65%, of students scoring at or above benchmark on the Acadience Reading Screener.
All Students	59%	By June, 2026, literacy for all second grade students will improve, as measured by a 15% increase, from 59% to 74%, of students scoring at or above benchmark on the Acadience Reading Screener .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen teacher capacity in grades K–2 by deepening understanding of the science of reading, enabling educators to design, enhance, and deliver structured literacy instruction that is systematic, cumulative, and explicit. This strategy includes leveraging core instructional materials to ensure consistency and alignment across classrooms.

Root Cause Addressed:

Inconsistent teacher knowledge and application of evidence-based reading practices, including limited training in the science of reading, administration and scoring of Acadience assessments, and data-informed instructional planning. Educators require expanded professional development and norming to effectively analyze and integrate data from multiple sources (e.g., Acadience, Fundations, Heggerty) to drive targeted literacy instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule a minimum of three walkthroughs using the NYC Reads Implementation Tool Indicator 1, Fundations Tier 1 Self-Study Checklist, and Heggerty Fidelity Checklist to measure consistency and coherence across classrooms in Grades K-2.
Schedule professional learning for teachers in the science of reading (NYC Reads, District 24, Ideal Learning, Lexia, HMH).
Provide Phase 2 Wilson Fundations training for K-2 teachers and build school capacity to sustain the work by

enrolling key staff members in Fundations Certification Program.
Create differentiated professional learning opportunities for teachers on administering and scoring Acadience Reading Screener prior to the opening of the Fall Periodic Assessment window. (Refresher training for experienced users. Comprehensive training for new users.) Follow up with Acadience data analysis training near the middle of the Fall Periodic Assessment window. (In-house training, NYC Reads) Select key staff to be trained as Acadience Mentors.
Restructure reading data dives. Executive cabinet and Instructional Leadership Teams will focus on school and grade data and share findings with all staff. Classroom teachers focus on class and individual student data to plan for whole group instruction, targeted small groups, and skills-based reading centers.
Schedule back-to-back literacy periods (blocks) for all classes to allow adequate time for explicit, rigorous lessons and intentional practice of reading skills in small groups and skills-based centers.
Schedule weekly common preparation periods to promote greater collaboration among grade-level teams.
Schedule teacher intervisitations to create deeper understanding of rigorous reading instruction and consistent view of best practices in the science of reading.

Key Strategy 2 (Optional):

Implement targeted small-group interventions led by ICT special education teachers utilizing the 18-period ICT model and, pending budget and staffing, a supplemental morning program. Student groups will be strategically formed based on performance data from Acadience Reading, LETRS diagnostics, and Fundations Unit Tests to ensure instruction is responsive to individual learning needs.

Root Cause Addressed:

Student performance data from Winter and Spring 2025 Acadience assessments indicate limited progress in foundational literacy skills across early grades. In Kindergarten, 58% of students met the benchmark for Phoneme Segmentation Fluency in both Winter and Spring, reflecting no measurable growth in phonological awareness. Nonsense Word Fluency scores showed only a slight increase, from 66% to 69% at or above benchmark, suggesting minimal gains in decoding skills. In first grade, approximately 50% of students remain below benchmark in Oral Reading Fluency – Words Read Correctly (ORF-WRC), highlighting ongoing challenges in fluency development. Second-grade outcomes reveal a decline in ORF-WRC benchmark attainment from 58% to 54%, and a significant drop in ORF-Retell from 80% to 57%, indicating regression in reading comprehension. Although ORF-Accuracy improved marginally from 66% to 68%, overall trends suggest that current instructional practices and interventions may not be sufficiently accelerating literacy growth for all students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Analyze Acadience screener data to select students falling below benchmark and follow up with LETRS diagnostic assessment to pinpoint specific skills students struggle with and that may be hindering ability to read words correctly.
Create and schedule groups. Determine starting point and plan of action for each student group.
Provide teachers with appropriate supplemental materials, including Fundations Targeted Instruction Resources and Acadience Progress Monitoring Resources.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Our school administrative and instructional leadership teams will regularly review teacher schedules, observation data, walkthrough notes, student performance metrics (including Acadience, Fundations, and LETRS assessments), family reports, and professional learning feedback and survey results to monitor implementation fidelity, inform instructional adjustments, and ensure alignment with CEP goals.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/18/2025	09/19/2025	Family literacy survey sent via Parent Square.	
10/21/2025	10/22/2025	Print and send home Fall Acadience family reports.	
12/04/2025	12/04/2025	Literacy Night & Book Fair	
02/24/2026	02/23/2026	Print and send home Winter Acadience family reports.	
06/16/2026	06/17/2026	Print and send home Spring Acadience family reports.	
		Family Workshop - Phonics and Phonemic Awareness.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, Literacy Coach, AIS Providers, Wilson Coach, HMH Coach, District Instructional Leads, Parent Coordinator, PTA

Instructional Resources

Wilson Fundations, Wilson FUN HUB, Heggerty Phonemic Awareness, HMH Into Reading, SPIRE, REWARDS

Schedule Adjustments

Teacher schedules will have back-to-back literacy periods (block) and a minimum of one grade-level common prep per week. Adjust teacher schedules to accommodate intervisitations.

Other Resources Needed

Substitute coverage for teachers participating in off-site literacy workshops and study groups with Wilson or Fundations coaches. Per session for morning intervention programs and teachers working Family Literacy Night.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Code A24, Minor Physical Altercations constitutes 64% of incidents. (OORS Report, June 2025) Code A07 Engaging in Verbally Rude or Disrespectful Behavior, constitutes 19% of incidents. (OORS, June 2025) 100 total A24 and A07 incidents reported (OORS, June 2025)	Large number of students gathered from different classes in schoolyard for recess. Competitive sports games among students have resulted in increased physical and verbal altercations. Students traveling independently floor to floor via staircases during arrival. Congestion and instances of running causes Increased likelihood of physical incidents such as pushing or bumping.	Promote student self-regulation and conflict resolution. Improve current lunchtime, recess, and arrival systems and structures to reduce physical and verbal altercations.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	100	By June, 2026, physical and mental wellness for All Students will improve, as measured by a decrease of 25, in the number of incidents coded A24 and A07, from 100 to 75, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Enhance arrival, lunchtime, and recess systems and structures to promote student safety, support positive peer interactions, and reduce the incidence of physical and verbal altercations through increased supervision, clear routines, and proactive behavioral supports.

Root Cause Addressed:

Unstructured transitions and large, mixed-group gatherings during lunch and recess have contributed to an increase in physical and verbal altercations, particularly during competitive play. Additionally, unsupervised student movement across floors during arrival, including congestion and running in stairwells, has elevated the risk of physical incidents such as pushing and bumping. These patterns highlight a need for more structured supervision and clearly defined routines to support student safety and positive behavior.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Alternate recess activities on different days so that smaller numbers of students participate in each activity at one time.
More opportunities for students to engage in enrichment activities that allow them to engage in low-stress, high-interest activities with students who share the same interests as them.
Reduce number of students playing soccer at one time with incentives for positive behaviors. Create system by which students earn points or tickets to play soccer by following rules in classroom during the week. Tickets can be

redeemed for soccer time during recess. Involve students in the management of the system (e.g. Student monitors collect points sheets from teachers weekly and distribute tickets).
Create consistency in lunchtime routines from one lunch period to another (activities, screen time). Incentivize positive lunchroom behaviors by setting a goal and reward (e.g. We are looking for the class with the cleanest table and floor. That class will get first pick from the games cart.) Involve students in the implementation of the system (e.g. Student monitors manage games cart and distribute games to tables).
Beginning of the year student assembly or livestream with administration outlining behavioral expectations and clear consequences for breaking school rules.

Key Strategy 2 (Optional):

Promote student self-regulation and conflict-resolution.

Root Cause Addressed:

Large number of students gathered from different classes in schoolyard for recess.

Competitive sports games among students have resulted in increased physical and verbal altercations.

Students traveling independently floor to floor via staircases during arrival. Congestion and instances of running causes Increased likelihood of physical incidents such as pushing or bumping.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Classroom virtual assemblies devoted to topics such as confidence building, anti-bullying, friendship, and proper school conduct 1-2 times per month. Guidance counselor will create schedule containing a list of monthly topics, and will record 15-20 minute presentations on each topic. Teachers will play the presentations during homeroom or 7th period, allowing students to discuss topics and strategies with each other. Shorter presentations break up topics into smaller chunks to hold student attention and increase understanding.
Create more opportunities for students to engage in enrichment activities that allow them to engage in low-stress, high-interest activities with students who share the same interests as them.
Hold wider variety of family events to allow students to interact with each other in low-stress, high-interest activities to build community and create a welcoming and inclusive environment for all. New school events will be based on suggestions by parents who responded to the June, 2025 Family Events Survey.
Station adults in stairwells during morning arrival when students transition from cafeterias to classrooms and students stand outside classroom door at 8:15 a.m.

Principal conducts beginning of year parent meeting via Zoom during Open School Night. Establish behavioral expectations and consequences. Incentivize parent attendance with a reward given to students whose parents attend the full meeting and fill out Google Survey.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
An average of 60% of students scored at or above benchmark (41st percentile) on the Spring, 2025 MAP Growth Math screener.	Instructional outcomes reflect a need for expanded teacher training in the mathematics, as well as ongoing support in using data to inform targeted instruction. Current practices do not consistently provide the rigor necessary to close achievement gaps or to extend learning for students demonstrating grade-level mastery. Inconsistent alignment of instruction to the NYCPS Mathematics Instructional shifts may limit student access to and engagement with grade-level mathematics.	Strengthen instruction through expanded training in the NYCPS Mathematics Instructional shifts to provide greater access to grade-level mathematics for all students.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	60%	P.S. 153 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the average percentage of students scoring at or above benchmark will Increase by 10 percentage points from 60% to 70%, for All Students, as measured by MAP Growth Math screener results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Expanded teacher training in the NYCPS Mathematics Shifts for all K-5 teachers.

Increase the rigor of whole class and small group math lessons.

Partner with SOLVED math instructional coach to focus on teacher planning and lesson structure.

Root Cause Addressed:

Teachers Strengthen expanded training in the NYCPS Mathematics Instructional shifts to strengthen instruction and provide greater access to grade-level mathematics for all students.

Students need more rigorous instruction to close achievement gaps, and to challenge students who demonstrate grade-level skills mastery.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule on-site professional learning for teachers with SOLVED mathematics consultant.
Create math instructional expectations.
Restructure math data dives. Executive cabinet and Instructional Leadership Teams will focus on school and grade

data and share findings with all staff. Classroom teachers focus on class and individual student data to plan for whole group instruction, and targeted small groups.
Schedule teacher intervisitations to create deeper understanding of rigorous mathematics instruction and consistent view of best practices in the teaching of mathematics.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monitor implementation through ongoing analysis of student performance data (e.g., MAP Growth, enVision Math Topic Tests & Tasks, Exact Path reports), instructional artifacts (e.g., lesson plans, schedules, walkthrough tools), and teacher development metrics (e.g., Danielson ratings, ILT minutes, professional learning plans, surveys, and intervisitation reflections).

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Human Resources

Administrators, AIS and SETTS Providers, District Instructional Leads, SOLVED consultant, Parent Coordinator, PTA

Instructional Resources

enVision Math; Exact Path

Schedule Adjustments

Adjust teacher schedules to accommodate intervisitations and study group attendance

Other Resources Needed

Substitute coverage for teachers participating in off-site math workshops, intervisitations, and study groups with SOLVED consultant. Per session for morning intervention programs and teachers working on Family STEAM

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, 91.8% of surveyed 3rd and 4th-grade students reported having clarity or partial clarity about their future career interests, with 58.7% stating they know the job they want to pursue and 33.1% indicating they have some idea. Only 8.3% reported uncertainty. Notably, 99% of students were able to name at least one job they know something about, reflecting broad foundational	Students' career interests are shaped by increased exposure to digital media and social platforms, which highlight non-traditional roles such as	Strengthen students' understanding of the real-world qualifications,

exposure to career concepts. Additionally, 51.2% expressed interest in non-traditional careers—such as YouTuber, Streamer, Gamer, and Race Car Driver—highlighting a growing trend toward digital and creative industries and underscoring the importance of expanding career exploration beyond conventional pathways.	YouTuber and Gamer, as well as by familial influence, with many students identifying careers based on family members' occupations or endorsements.	responsibilities, and pathways associated with their career interests to support informed exploration and goal-setting.
Survey data indicates that 68% of students prefer collaborative learning environments, favoring partner or group work over independent tasks. This suggests a strong inclination toward social and interactive instructional strategies.Subject preference trends reveal that Art (63%) and Physical Education (66%) are the most favored disciplines, highlighting student engagement with creative and kinesthetic learning experiences. In contrast, core academic subjects such as Reading (17%), Writing (26%), Science (28%), and Social Studies (12%) received significantly lower interest ratings, suggesting a need to explore more engaging, student-centered approaches in these areas to boost motivation and relevance.	Students may struggle to engage with core academic subjects due to limited access to collaborative support, perceived difficulty for those below grade-level, and the stress associated with frequent assessments, making these subjects feel less inclusive and accessible than Art and Physical Education.	Increase student engagement in core academic subjects by strengthening relevance to real-world applications and career interests, fostering motivation, and deeper connections to future goals.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	0	P.S. 153 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, all students in grades 4-5 will have four direct interactions with four professionals from outside of school staff discussing careers and pathways, and will attend two assemblies about college and career as measured by program attendance.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Invite professionals from diverse fields to engage with students through career talks and interactive sessions, expanding exposure to real-world opportunities, fostering connections between academic learning and practical applications, and supporting the development of essential skills such as communication, collaboration, and problem-solving. Invite college students to come talk about the college experience, majors, extra curricular activities and clubs and answer student questions.

Root Cause Addressed:

Students' career interests are heavily influenced by media exposure and family input, often centering on high-visibility or familiar roles rather than a broad spectrum of career options. Without intentional connections between core academic subjects and diverse career pathways, students may struggle to see the relevance of their learning, leading to decreased engagement and limited exploration of future opportunities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
In fall, survey school staff and families regarding professionals who may be willing to visit the school.
Develop and administer student surveys in the beginning, middle, and end of the year to measure interest and knowledge of different careers and their connection to what students are learning in school.
Schedule assemblies and school visits.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

School Visit and Assembly Attendance

Student Self-Assessment Surveys (Beginning, Middle, End-of-Year) - Change in student responses regarding career knowledge, interests, and understanding of their learning preferences as a result of participating in visits with professionals, assemblies, and career research.

Student Career Research Posters - Students demonstrate understanding of the pathway (education, training, experience) leading to employment in a particular field and connect current learning to the job they hope to do one day.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	09/15/2025	Engage families and community members by inviting them to share their career experiences with students through school visits and presentations, fostering stronger school-home connections and expanding students' awareness of real-world career pathways.(Google Survey)	PTA, D30 City Council Member, Local Businesses,
03/09/2026	03/09/2026	Invite families to Career Day presentations by students.	N/A

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

PTA, School Staff, Parent Coordinator, Guidance Counselors

Instructional Resources

Career Research Guides

Schedule Adjustments

Grade 4 and Grade 5 teacher schedules may be adjusted for visits by professionals, and student assemblies.

Other Resources Needed

N/A

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The average	While the school has consistently offered familiar events with strong	Expand the variety

rating regarding the variety of school events hosted in the 2024-2025 academic year was 4.06 out of 5.0 stars. (Family Survey, June 2025)	attendance and positive feedback, family survey data suggests a desire for greater variety and innovation in programming, indicating that limited event diversity may be hindering broader engagement and opportunities for community-building. The family survey indicated an interest in expanding already popular events such as Phys Ed Night, suggesting other sports nights such as soccer or ping pong. The survey also indicated an interest in different types of events such as a carnival, movie night, talent show, walkathon, and disco night.	of school events to enhance family engagement, foster stronger school-community connections, and respond to diverse interests expressed in family feedback.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	2 new events in the 2024-2025 school year	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal:To increase the variety of school events, a minimum of 3 new events will be held within the 2025-2026 school year as measured by the School Wide Event Calendar.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase the variety of school events by offering a minimum of three new experiences during the 2025–2026 school year, selected in response to parent/guardian feedback from the June 2025 Family Events Survey, to strengthen family engagement and foster inclusive school-community partnerships

Root Cause Addressed:

While the school has consistently offered events with high attendance and positive family feedback, the limited diversification of programs has not fully addressed evolving family interests. June 2025 Family Events Survey responses indicate a desire to expand popular events like Physical Education Night and introduce new formats such as a carnival, movie night, talent show, walkathon, and disco night, highlighting a need for more varied and responsive engagement opportunities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Update the 2024-2025 school events calendar for 2025-2026, adding dates for three new school events.
Consult Parent Coordinator, SLT, PTA, and Decorating Committee to select new events based on responses to the June 2025 Family Events Survey.
Determine staff member(s) responsible for coordinating each event.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 Attendance Rate is 92% for all students (Insight Attendance Report, June 2025)	Attendance outreach efforts have been hindered by inconsistent communication access, with some families unable to receive messages via phone, email, or Parent Square, one of the school's primary platforms, limiting the effectiveness of engagement and follow-up strategies. Families of younger students may underestimate the academic impact of frequent absences due to minor illnesses, weather, or family obligations. Additionally, challenges with morning	Strengthen phone and digital communication systems to ensure all families, particularly those of chronically absent students, can reliably receive school outreach. Provide targeted support to increase Parent Square access and usage across the school community. Strengthen family engagement by increasing awareness of the academic

	transitions and arrival routines contribute to lateness and occasional non-attendance, reflecting a need for stronger awareness and support around attendance expectations.	impact of student absences and equipping parents with strategies to support younger children's emotional regulation and successful school transitions.
2024-2025 Attendance Rate is 87% for PK students and 90% for Kindergarten students. (Insight Attendance Report, June 2025)	Families of young children may be more apt to keep them home for minor illnesses, poor weather, or family obligations without fully understanding the impact of absences on academic achievement. Some younger students still struggle with transitioning into the building during morning arrival which may result in lateness and families keeping students home.	Increase parent awareness of the impact of absences on academic achievement. Equip parents with strategies to support younger children who may struggle with emotional regulation.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	92%	By June, 2026, the Attendance Rate for All Students will increase by 3%, from 92% to 95%, as measured by the Insight Attendance Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Improve phone and digital communication with families of all students, including those of chronically absent students or those who are at risk of being chronically absent. Ensure all families understand how to use Parent Square and are given assistance with setup.

Root Cause Addressed:

Attendance outreach efforts hampered by difficulty contacting families via phone, email, or Parent Square. Specifically, numerous parents report to Attendance Team members that they cannot access Parent Square, which is one of the primary communication methods used by our school.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Send home flyers and display posters in key school locations regarding Parent Square setup and usage.
Conduct in-person and remote workshops on Parent Square setup and usage.
Principal conducts beginning of year parent meeting via Zoom during Open School Night. Establish behavioral expectations and consequences, as well as attendance. Incentivize parent attendance with a reward given to students whose parents attend the full meeting and fill out Google Survey.

Key Strategy 2 (Optional):

Implement targeted family outreach and education initiatives that highlight the impact of student absences on academic achievement and social-emotional development, fostering a shared commitment to consistent attendance.

Root Cause Addressed:

Families of young children may not fully understand the cumulative impact of frequent absences due to minor illnesses, weather, or family obligations, on academic achievement, leading to lower prioritization of consistent school attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Hold remote and in-person parent workshops in early fall and mid-winter parent workshops.
Include the topic of attendance in the September Open School Night meeting with parents, which will also cover behavioral expectations and consequences.
Include the topic of attendance in September Open School Night teacher presentations. Provide teachers will slides and/or articles on the impact of attendance on academic performance and social-emotional wellbeing.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To support SWD students we have special education teachers as well as NEST trained staff provide support through lunch bunch groups and interventions.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	63	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Quality of specially designed instruction statements and implementation of specially designed instruction by a 22% Increase, from 63% to 85%, as measured by IEP review tool .
Students with Disabilities (SWD)	36.8	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Timeline of IEP completion (referrals open greater than 60 days) by a 16.8 Decrease, from 36.8 to 20, as measured by IEP compliance data from the special education dashboard review tool.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To improve overall specific statements of specially designed instruction for targeted student needs, teachers will receive tailored ongoing professional development around identifying and implementing specially designed supports for their student needs. Resources will be available digitally through school systems (such as padlet) and support of the IEP teacher and Nest coach/special education liaison.

Root Cause Addressed:

Teachers newer to special education or the IEP process would have support in aligning student needs to specially designed instruction and more senior teachers would have support around improvement of their alignment and specificity.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Opening year professional development to support teachers in identifying and implementing SDI
Follow-up support through regular special education meetings throughout the year
Create in-house tool for the IEP teacher and Nest coach to use when reviewing IEPs in-house (annuals)
refer to in-house supports and staff

Key Strategy 2 (Optional):

Increase compliance rate for all referrals by ensuring timeliness in IEPs being completed within 60 days through follow-up support centrally for evaluations requiring outside providers/language needs/assistive tech evaluations and informing teachers of the RTI process and MTSS model prior to referral.

Root Cause Addressed:

IEP referrals closed within 60 days through team support in follow-up of evaluations and possible decrease in overall referrals through support around RTI supports and MTSS.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
working with school assessment team to follow-up on outstanding evaluations
Continue to inform staff around the referral process and utilizing RTI and MTSS prior to referral

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Goal focused on improving Quality: The primary structures to progress monitor specific statements around specially designed instruction are the central IEP reviews (IEP REVIEW DASHBOARD TOOL QUESTION 24) and the in-house IEP review SDI checklist utilized by the IEP teacher and Nest Coach/special education liaison during IEP reviews (annuals). Through carefully designed and tailored ongoing professional development around identifying student needs and aligning targeted specially designed instruction, teachers will improve in the specificity of their specially designed instruction statements as well as its implementation. The data gleaned from the Central IEP reviews and the in-house IEPs around the specific statements of Specially Designed Instruction should increase and impact instruction, student learning and achievement through the careful identification of student need, along with Specially designed instruction alignment and provide students the targeted support required to meet their annual goals.

Goal focused on improving implementation: The primary structure to progress monitor improved IEP compliance for referrals open longer than 60 days is the special education dashboard tool. Through follow-up support from in-house case managers and special education liaison team regarding requests for outside needs for assistive technology and language support for evaluations, as well as continued information and support around the referral process, such as RTI and MTSS. Through compliance timeline improvement, students will receive the special education services and/or mandated related services they need in a timely manner.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/05/2025	06/15/2026	Parent workshops and support sessions and/or parent teacher conferences with case managers to speak to the specially designed instructional support and carryover at home	
09/05/2025	06/15/2026	Parent workshops and support sessions and/or parent teacher conferences to speak to parents about the RtI process, MTSS and targeted in class instruction prior to referral process	
09/05/2025	06/15/2026	Parent involvement in the IEP process (parent surveys and parent voice in the IEP)	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP teacher, Nest Coach, Special Education Liaisons, parent coordinator, case managers/providers

Instructional Resources

IEP guidance documents around specially designed instruction, padlet, In-house created SDI checklist, information regarding the referral, RTI and MTSS guidance

Schedule Adjustments

Use of professional development blocks, other professional work time as wall as prep periods

Other Resources Needed

Central data pulls through special education dashboard and Central IEP reviews

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2/3	Data from universal screeners (MAP, Running records, Acadience), data from Tier 1 assessments.	Sound sensible	one to one, and small group instruction	During school (before /after depending on staffing and budget)	No
Tier 2/3	Data from universal screeners, data from tier 1 assessments, data from tier 2 intervention if tier 3 is needed. LLI is a powerful, short-term intervention, that provides daily, intensive, small-group instruction, which supplements classroom literacy teaching. Students who are about a year below grade level will have access to this support.	Fountas and Pinnell Leveled Literacy Intervention (LLI)	Small group	During school	No
Tier 2/3	Universal screeners (MAP), Tier 1 data, IXL placement and advancement data IXL offers personalized learning plans for each student. Students can choose from the array of problems tuned to their skill level or teachers can recommend problems to individual students to target trouble spots. Students are given targeted instruction based on assessment data.	IXL math program	One on one	Before, during or after school.	Yes
Tier 2	Universal screener data, data from tier 1 fundations implementation to determine the need for tier 2 Fundations is an explicit and highly systematic word study program designed to be combined with the existing literature-based reading curriculum. It is a Tier 2 program for	Fundations	whole class, small group or individual instruction	During school, after school (ENL)	No

	students in need of strategic and targeted intervention. Instruction is provided by the classroom teacher and/or an interventionist. Available to all students whole class and small groups targeted intrstuction to students who are currently below grade level.				
Tier 2/3	Universal screener data, tier 1 assessment data Target specific phonemic awareness skills. Intervention lessons can use the curriculum that matches the student's grade level. Available to all students whole class and small groups to students who are currently below grade level.	Heggerty Phonics	small group or individual instruction	During school	No
Tier 2/3	Universal screener data (MAP, Running records), Fundations tier 1 and 2 data. Spire is a research-proven reading intervention program for your lowest performing students. Students who are two years below grade level can access this support.	S.P.I.R.E.	small group instruction or individual	During school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
R.U.L.E.R	RULER is a systemic approach to SEL developed at the Center for Emotional Intelligence. RULER aims to infuse the principles of emotional intelligence. tier 2 or 3 interventions are available to students who are experiencing or at risk of academic or behavioral problems.	tier 2 or 3 depending on group size	small group or individual support	during school	No
Responsive Classroom	tier 2 or 3 interventions are available to students who are experiencing or at risk of academic or behavioral problems.	tier 2 or 3 depending on group size	small group or individual support	during school	No
Social Development Intervention	Students with ASD who struggle with social skill development	tier 2	small group	during school	No
At-Risk counseling	Student who are experiencing behaviors, are lacking social skills	tier 2	small group or individual support	during school	No
Lunch Bunch	Students struggling socially/emotionally at lunch or recess	Tier 2	Small group	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Families are notified if and when a student is selected to participate in any type of academic and social intervention. For RTI services, parents sign an agreement. Parents sometimes offer input on the scheduling of the intervention. For example, when possible programs are set up before or after school to avoid students missing instructional time during the day.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

The intervention provider updates families on student progress.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

When cycles of intervention end, parents have a say on if students continue in future cycles. If little to no progress was made, parents are part of the decision making progress in terms of opening an evaluation for their particular student.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

According to the (RATH) we have 5 students listed as THS, 34 students doubled up.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Overall our school does not have a large portion of students in temporary housing (less than 5 percent). Students will chronic absenteeism become part of our attendance plan where they receive personalized goals from staff members to check-in. They are offered at risk counseling as well as academic intervention services including before and after school options.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

PS 153 is committed to ensuring equitable access and support for students in temporary housing through a range of targeted services provided annually:

Essential Supplies: At the start of each school year, students receive backpacks and school supplies. Clothing, including school spirit wear, is provided as needed.

Enrichment Opportunities: The PTA generously funds field trips for STH students to ensure full participation in school experiences.

Family Support: Gift cards are distributed during the holiday season to support entire families, including siblings who may not attend PS 153.

Responsive Assistance: When teachers identify specific student needs, the school acts promptly to provide necessary resources to support academic and social success.

Dedicated Funding: A designated budget line aligned to the McKinney-Vento Act ensures sustained support for STH services.

Extended Learning: Before- and after-school programs are available to promote academic growth and enrichment beyond the school day.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

2 students for majority of the year (parent recently got custody)

At risk counseling (if needed)
Academic intervention support (if needed) Morning and during school hours

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

We currently do have any students in foster care.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Our 2 former foster care students were supported with attendance and lateness concerns. Staff worked with foster care provider to ensure students were present and on time.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At risk counseling available.
Responsive classroom structures
R.U.L.E.R practices

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community.PS 153Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 153Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 153Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

Title I monies have allowed us to make strategic decisions aligned to our CEP goals to reduce chronic absenteeism, increase proficiency levels for our English Language Leaners, and improve mental and physical wellness for our students. We have used Title I funds to reduce class sizes in the primary grades and to create three AIS positions. Both initiatives allow for greater individual support and one-on-one interactions between students and teachers, thereby promoting academic and social-emotional growth. In addition, we have invested professional development for teachers in the Ruler social emotional learning program. We expect that the supportive environment created by implementing the Ruler program, will positively impact student outcomes.

In addition, we are aware that parental involvement is crucial to achieving our CEP goals. We have included in our CEP, plans for a parent book club, parent workshops on social emotional learning with our guidance counselors, and Special Ed and ENL family nights. Title I monies will be used to fund these events.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation

services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;

- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title 1

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

High quality professional development is in alignment with PS 153s CEP goals and strategies. We firmly believe that all students can receive rigorous New Generation Learning Standards instruction when teachers fully understand the content and can utilize effective instructional and pedagogical practices. To accomplish this, teachers participate in a myriad of professional development opportunities. To ensure consistency and thorough understanding of practices, the principal and/or Assistant Principal participate in most professional development opportunities alongside teachers. In addition to school level PD, consultants specializing in key areas will support teachers alongside literacy and literacy coaches. In addition, we will work to provide additional professional development for teachers, paraprofessionals, guidance counselors, and administrators. School administration and HMH provide in- and out- of classroom support to teachers and paraprofessionals. Differentiated professional development, designed to support new teachers, content-area teachers, Special Education teachers, etc. Mentoring systems in place for newly hired DOE teachers. Weekly teacher team meetings Weekly professional development as per UFT contract Utilization of the Danielson Framework.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	33,088	x	
Title III, Part A	Federal	16,080	x	
Title III, Immigrant	Federal	0	n/a	n/a
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local	5,669,442	x	

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	David Berkowitz
Assistant Principal (Where Applicable)*	Matthew Carnerio
English as a New Language (ENL) Teacher*	Susan Mohan
Teacher (if school has a bilingual program must be a bilingual teacher)*	Nicole Kopczynska
Parent/Guardian*	Kristine DeSena
IEP Teacher	Haleh Brown
Parent Coordinator	Omayra Syevens
School Counselor	Diane Kabinoff
Coach	Doreen Keegan
Assisitant Principal	Jillian Johnson

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

9

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

4

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

11

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

679

Total number and percentage (%) of current ELLs:

155 22.8%

Total number and percentage (%) of former ELLs:

35 5.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

146 94.2%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

9 5.8%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

27 17.4%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DL	Polish	2021	1	1	1	1	1									5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Public School 153Q is a school with a diverse, multicultural population housing grades 3K-fifth grade. The school has organized MLs/ELLs into selected classes in kindergarten through fifth grade, to facilitate the servicing of MLs/ELLs by a licensed certified ENL teacher. Currently, all MLs/ELLs are serviced by an appropriately certified ENL teacher in a Freestanding English as a New Language program, providing stand-alone and integrated instruction as per CR Part 154. Students receive English language development instruction taught by a New York State certified ENL teacher to acquire the English language needed for success in core content areas (English Language Arts, Social Studies, Science, and/or Mathematics). Stand-alone ENL is implemented in a separate time devoted to English language acquisition and English language development aligned to the grade level content and standards. Our primary goal of the Stand-alone component is language development. During stand-alone instruction, ELLs receive 180 minutes with ENL teachers who focus on skills such as vocabulary and conceptual development. The work covered in these sessions builds on classroom learning in English Language Arts, Science, and Social Studies. It addresses specific needs presented by ELLs. ENL teachers provide direct reading and writing instruction targeted to student levels in the stand-alone model. During stand-alone instruction, ELLs build literacy independence by focusing on language development. During Stand Alone ENL, students who are only beginning to learn English will work in small groups with an ENL teacher to build basic vocabulary, literacy, and communication skills. The ENL teachers implement the HMH English 3D program for stand-alone instruction. MLs/ELLs in Kindergarten through fifth grade are serviced by a dually licensed certified ENL/Common Branch teacher in self-contained, grade level classrooms among non-ELLs. MLs/ELLs are grouped by mixed proficiency levels (Entering, Emerging, Transitioning, Expanding and Commanding), All MLs/ELLs in the ICT, SETSS, and Special Education self-contained classes in grades K-5, are serviced by a licensed certified ENL teacher using a combination of the stand alone and integrated model of instruction. All MLs/ELLs in each program model are grouped heterogeneously, with mixed proficiency levels. ENL Teachers provide access to videos/media to provide comprehensible input and build prior knowledge. Teachers utilize home language support as use of translations and post sentence stems for students to use for group discussions. Teachers provide visuals and user-friendly definitions to target vocabulary. Students receive core content area and English language development instruction, including the use of the home/primary language as support and appropriate ELL instructional support to enrich comprehension.

Integrated ENL:

All MLs/ELLs are serviced by an appropriately certified ENL teacher in an integrated instruction setting as per CR Part 154. All MLs/ELLs are grouped by mixed proficiency levels (Entering, Emerging, Transitioning, Expanding and Commanding). The percentage of MLs/ELLs by proficiency levels is as follows: Entering ELLs make up 8.2%, Emerging ELLs account for 11.5%%, Transitioning ELLs represent 20.5%, Expanding ELLs constitute 39.3%, and Former ELLs are at 20.5%. In grades K-5, MLs and ELLs who are in (ICT), (SETSS), and self-contained special education classes receive support from a licensed, certified English as a New Language (ENL) teacher. The certified ENL teacher(s) and common branch teachers have time for common planning so they can co-plan units and lessons to ensure that the needs of the MLs/ELLs are being met. ENL teachers take into consideration the linguistic demands

of the content so that MLs/ELLs can achieve the grade level standards. They plan purposeful scaffolds within the lessons and build background knowledge to support their ELLs. All MLs/ELLs in each program model are grouped heterogeneously, with mixed proficiency levels. MLs/ELLs will be supported in the four modalities. Teachers planning and delivering instruction collaboratively will continue to provide support for the Ells. Teachers provide access to videos/media to provide comprehensible input and build prior knowledge. To support the language needs of the MLs/ELLS teachers will provide different versions of leveled text for students to preview. MLs/ELLs work with a variety of texts with rich content and build language through discussions. The ENL teacher in an integrated instruction setting builds MLs/ELLs language by focusing on high-utility vocabulary through rich texts. The ENL teacher incorporates visual texts, digital texts, printed text that represent various cultural and ethnic groups to build language and knowledge of content. During Integrated ENL, ENL teachers will co-teach with classroom teachers in ELA, social studies, math or science. Students receive core content area areas (English Language Arts, Social Studies, Science, and/or Mathematics) and English language development instruction including home language support and appropriate ELL scaffolds. All MLs/ELLs are serviced by an appropriately certified ENL teacher in an integrated instruction setting for 180 minutes.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

For the 2025-2026 school year the Dual Language Polish program is from kindergarten to fourth grade. The dual language program teaches students in two languages: English and their home language Polish. The home language and English are used equally. The goal of this program is for students to be able to read, write, and speak in both English and Polish. The Polish Dual Language classes are made up of both English Language Learners who share the same home language and English proficient students. The focus of the program is for students to learn how to speak, read, understand, and write in two languages, and learn about and appreciate other cultures. Students get part of their instruction in English and part in the home language (Polish), but the content is the same as in classrooms that are English-only. The dual language model that is incorporated into P.S. 153 is the self-contained model. The environment of the classroom, including text and resources, reflects both languages. The children stay together all day in one classroom for all periods, including clusters. English proficient students and ELLs are integrated into 100% of the instructional day in this self-contained model as they are always learning together. The core content areas are split 50/50 in terms of what language they are being taught in. Reading and writing literacy skills are taught in both languages once in the morning and once in the afternoon, respectively. Vocabulary is introduced in both languages; this is done to support English proficient students and to create a bridge between the two languages where the languages meet. Instruction is designed to include both languages through a content allocation schedule that lays out which languages are incorporated into each content area. There are clear times during the day where the switch occurs from Polish to English. Emergent literacy skills are taught in both languages. The children complete projects and assignments in both languages, depending on what core content area is being taught. Emergent literacy is taught simultaneously.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures the mandated number of instructional minutes for English Language Learners (ELLs) by aligning ENL services with student proficiency levels. New Arrivals, Entering, and Emerging students receive four 45-minute stand-alone ENL periods and four 45-minute integrated ENL/ELA periods each week, totaling 360 minutes of ENL instruction. Transitioning and Expanding students receive four 45-minute periods of integrated ENL/ELA instruction, for a total of 180 minutes per week. Commanding students receive 90 minutes per week of integrated ENL support in ELA, Science, and Social Studies. The ELL Coordinator collaborates directly with ENL teachers, content-area teachers, and DL staff to create schedules that guarantee each student meets their required minutes. Scheduling is reviewed regularly to prevent conflicts, and adjustments are made as needed. ENL teachers coordinate across grade levels to ensure that mandated minutes are provided consistently and equitably based on proficiency levels.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The ENL program has 10 (will update Fall 2025) appropriately certified ENL teachers who service the MLs/ELLs population according to the State and City mandates, following the instructional goals of the NYS Next Generation Learning Standards in Reading, Writing, Language, and Mathematics and the implementation of the New York City Framework for Great Schools. MLs/ ELLs in the ENL program for special education (SETSS, ICT, SE) receive the mandated number of instructional minutes through the push-in model of instruction in literacy by an ENL teacher who adapts the curriculum, infusing ENL strategies and supports for students of all proficiency levels. The Push-in ENL teacher adapts the curriculum by infusing ENL strategies for students of all proficiency levels. MLs/ELLs in grades Kindergarten through fifth grade are grouped by grade in self-contained ENL classes and receive instruction with ENL strategies throughout the day from a dually certified teacher. New arrivals, entering students, and emerging students receive four 45-minute units of stand-alone ENL instruction and four 45-minute units of integrated ENL/ELA instruction. This amounts to a total of 360 minutes of ENL per week. Transitioning and Expanding students receive four 45-minute units of Integrated ENL/ELA instruction for a total of 180 minutes per week. Integrated ENL instruction in ELA, Science, and Social Studies is provided to commanding MLs for a total of 90 minutes per week. Home language supports are provided using translanguaging strategies by certified ENL teachers within the curriculum. The ENL teachers provide students with the use of home language support by providing students with text in their home language as a scaffold to access grade- level content. The school ensures a culture of multilingualism through bilingual education.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The dual language model that is incorporated into P.S. 153 is the self-contained model. The environment of the classroom, including text and resources, reflects both languages. The children stay together all day in one classroom for all periods, including clusters. English proficient students and ELLs are integrated into 100% of the instructional day in this self-contained model as they are always learning together.

b. In which language(s) is each core content area taught?

The core content areas are split 50/50 in terms of what language they are being taught in. The core content area is taught in that one language for the entire year. Reading and writing literacy skills are taught in both languages once in the morning and once in the afternoon, respectively. Mathematics is taught in Polish throughout the year, although vocabulary is introduced in both languages. This is done to support English proficient students and to create a bridge between the two languages where the languages meet. Social studies is taught in the English language. Science is taught in the Polish language.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

We currently have 95% of Newcomer ELLs. The Newcomer ELLs have received ELL services for 0 to 3 years by a certified ENL teacher. The Newcomer ELLs receive English as a new language instruction, as a component of their freestanding English as a new language program, for a total of zero (0) to three (3) enrolled school years. Newcomer students receive a welcome packet with directions, activities, basic vocabulary with picture supports, and important school information and contact information. Differentiated instruction is a core tenet of instruction schoolwide for all MLs/ELLs across proficiency levels. Newcomers receive differentiated instruction for acquiring vocabulary, word work, guided reading, and scaffolded instruction to allow students access to learning standards in the school setting. ENL classrooms include labeling, word walls with picture supports, charts, and instructions with picture supports. Ipads are used in the classroom for language support. When planning to support our Newcomer ELLs, ENL teachers plan for home language supports by placing Newcomer ELLs and non-ELLs with a shared home language to participate in the same groups. We provide additional support by assigning teachers who speak the newcomer's home language to newcomer ELL students who speak the same language. ENL teachers teach newcomers the language and language skills required for content learning by making meaning clear through visuals, demonstrations, and other means. They also give students multiple opportunities to produce language. When facilitating lessons, ENL teachers include visual supports, gestures, and repetition to build oral language proficiency. ENL teachers design learning opportunities that integrate reading, writing, speaking, and listening to support Newcomers. ELLs' home language(s) and culture(s) are used by the ENL teacher in bridging prior knowledge to new knowledge, and in making content meaningful and comprehensible. We currently have 5% of Developing ELLs. The Developing ELLs have received ELL services for 4 to 6 years by a certified ENL teacher. The ENL teachers provide effective services for the developing ELLs by helping students build on and extend their strong communicative oral language, support their development of the language and literacy necessary for academic purposes. The ENL teachers receive support and are provided time for student-level data analysis, participate in collaborative curriculum mapping, ongoing planning and reflection, and professional development on best practices for Ells. In addition to the school-wide practices, there are several strategies and instructional structures teachers use in the classroom to help support developing ELLs as they learn content and academic English. The ENL teachers use effective modeling and visual and verbal scaffolds to support students through cooperative learning and partner work. ENL teachers plan strategically for oral language development through class presentations, debates and discussions and develop both content and language objectives for their lessons. Effective instruction for Newcomer

ELLs focuses on foundational language skills like listening comprehension, speaking, reading, and writing. It utilizes visual aids, simplified language, and sentence frames to support comprehension. Developing ELLs focus on acquiring academic English. This includes mastering content vocabulary, complex grammar, and idioms. They utilize graphic organizers, engage in close reading, and participate in cooperative learning activities. Expectations for these students are higher, involving extended writing and presentations at grade level. Newcomers, on the other hand, concentrate on developing basic English skills. This includes learning survival vocabulary, using sentence frames, and reading simplified texts. While newcomers are building foundational skills, developing ELLs are working to refine their academic language and enhance their higher-order thinking skills. Additionally, Title III extended day, before/after school programs are made available for all MLs/ELLs.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, 0% of our English Language Learners (ELLs) are classified as Students with Interrupted Formal Education (SIFE). Our English as a New Language (ENL) teachers are well-equipped to support SIFE students by activating their prior knowledge and using scaffolding strategies such as word associations, KWL charts, and graphic organizers. Our classrooms are designed as print-rich environments filled with visuals (maps, charts, signs) that complement the texts used. Additionally, teachers utilize leveled texts, materials in students' native languages, and bilingual glossaries to enhance access to content.

To further support SIFE students, ENL teachers create hands-on, interactive learning experiences. These include student-created books (written, illustrated, and recorded), dramatizations, SMART Board activities, and the use of manipulatives. Teachers also increase wait time and promote collaboration through cooperative learning groups. Recognizing the need for explicit literacy instruction for SIFE students, they integrate language and content instruction, providing intensive support in areas such as decoding, fluency, and comprehension.

Our program ensures that SIFE students have access to tiered interventions, including Tier 3 intensive supports, translanguaging practices, and extended learning opportunities such as Title III morning and after-school programs. Although we currently have no identified SIFE students, our ENL program is ready to implement trauma-informed practices, targeted literacy interventions, and supportive environments to address their academic and language needs. These interventions include intensive literacy instruction (covering phonics, decoding, guided reading, and writing supports), academic scaffolds (like graphic organizers, leveled texts, bilingual glossaries, and manipulatives), and extended learning opportunities (after-school, Saturday, or summer programs). Furthermore, our school employs trauma-informed and culturally responsive practices, offering small-group counseling, peer mentoring, and flexible supports to ensure that SIFE students can develop both language and academic skills in a safe and supportive environment.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We currently have 5% of Developing ELLs. The Developing ELLs have received ENL services for 4 to 6 years by a certified ENL teacher. Our developing ELLs receive 180 minutes of integrated ENL/ELA services by a certified ENL teacher. ENL teachers provide developing ELLs with lessons that involve reading, writing, speaking, and listening to deepen their understanding of the content being taught. The ENL teachers provide effective services for developing ELLs in push-in model and pull-out model of instruction by designing lessons that focus on academic vocabulary. ENL teachers provide multiple direct exposures to target words in multiple texts and contexts so students could have various opportunities to use the words with personalized meanings. To further support the needs of the Developing

ELLs, the ENL teachers engage the students reading and writing and their understanding of the content being taught by using several instructional strategies such as KWL, sentence walls, sentence stems, discussion webs and graphic organizers. ENL teachers provide Developing ELLs with opportunities to engage in peer collaborative activities throughout the day in reading, writing, math, social studies and science. Developing MLs/ELLs receive differentiated instruction based on need. Small group instruction in word work and guided reading are used to meet vocabulary, comprehension, and fluency needs based on formal and informal assessments in reading. Ipads are used in the classroom for language support. Scaffolded instruction allows developing MLs/ELLs access to the grade level content and standards. Additionally, Title III extended day, before/after school programs are made available for all MLs/ELLs (newcomer, developing, long-term, former, SIFE) to help them further their Academic English as well as content area concepts. We currently have 0% of Long-Term Ells. Instruction for long-term ELLs is different from instruction for developing ELLs. Instruction for Developing ELLs focuses on the foundational English language skills students need to begin learning. ENL teachers use vocabulary organizers, sentence frames, and guiding questions to help ELLs develop their English skills. Long-term Ells receive targeted support in developing the academic vocabulary necessary for academic success. ENL teachers provide direct instruction in academic vocabulary, focusing on the meaning of words and how they are used in various contexts. ENL teachers use a variety of methods, such as listening to audiobooks, reading texts, and engaging in discussions, to help long-term ELLs learn and retain new vocabulary.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The percentage of students who are former ELLs is 8%. We currently have 55 former ELLs across grades 1–5. Our former ELLs are provided with 90 minutes of integrated ENL/ELA services delivered by a New York State–certified ENL teacher. Instruction is designed to strengthen English language development while supporting success in core content areas such as English Language Arts, Social Studies, Science, and Mathematics. Commanding students continue to receive explicit practice in reading comprehension strategies, writing organization, and oral academic language. Teachers provide support such as graphic organizers, anchor charts, sentence starters, bilingual glossaries, and word banks to help students engage with complex texts and multi-step writing assignments. Commanding students are intentionally paired with peers for partner and group work to encourage use of academic language, discussion, and peer modeling. Supports are embedded into Science, Social Studies, and Math so that commanding students can apply language skills across multiple disciplines. ENL and classroom teachers collaborate to review student writing samples, formative assessments, and participation data. Commanding students are monitored for two years after exit, with documentation of academic performance, assessment scores, and teacher feedback to ensure they continue to meet grade-level expectations. If gaps are identified, additional scaffolds and interventions are put in place. The 90 minutes of services are embedded into the instructional day and coordinated with classroom teachers.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The most prominent at-risk trend for our ELL population is the high percentage of Newcomers and students with a Level 1 risk indicator. The newcomers that are at risk at level 1 are 94.2%. This includes 146 Newcomers who require intensive support in acquiring foundational language and literacy skills. Additional risk indicators show that 27.7% of ELLs fall into Level 2, while Level 3 at risk level show 4.5% and 3.9% at level 4. These patterns highlight that the majority of our students are still in the earliest stages of English acquisition. Academically, these students need highly differentiated instruction, including vocabulary development, word work, guided reading, and scaffolded support. Many require double doses of literacy foundations through programs such as LLI and Spire Reading. Small group instruction and targeted interventions are necessary to accelerate growth. Social-emotionally, the large proportion of Newcomers highlights the importance of providing transition supports, scaffolding, and structured

routines. Building students' confidence through tailored instruction not only supports language growth but also fosters stronger engagement in the classroom.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The percentage of former ELLs with a number 0 risk indicator is 97.1%, The percentage of former ELLs with a number 2 risk indicator is 2.9%, Using data from the EDAT tool we identify the at-risk former students and plan targeted instruction accordingly. The trend for former ELLs is that the majority of our former ELLs have 0 risk indicators. In 2023 1.5% of former ELL tested out of the NYSESLAT. The following year, in 2024, the figure rose to 3.7%. This data indicates a clear trend of increasing ELLs testing out.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation in our school are Spanish, Polish and Chinese. Across the grades, we have 102 ELLs who speak Spanish, 25 Ells that speak Polish and 9 Ells that speak Chinese. Students who speak Spanish at home and score below proficiency on the NYSITELL are administered a Spanish LAB-R to determine language dominance. Title III funds provide entering MLs/ELLs with the preparation they need to take the content area State exams in Science and Mathematics which will be administered with English and home language editions simultaneously, translated version or interpreter. Math chapter tests are available in Spanish for Spanish-speaking newcomers. We have ENL teachers and paraprofessionals that speak Spanish and Polish, and they provide language support to their students. We also have staff members that speak Arabic and Italian. We also provide on the phone translators to support parents' home language and promote positive communication. Our parent coordinator also speaks Spanish to support communication and learning at PS153.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

In our school, we have 49.7 % of ELLs that have an American Indian or Alaskan Native ethnicity, 10.7 % Asian ethnicity, 1.3% multiracial ethnicity, o.% Native Hawaiian ethnicity, Black 1.3% and 36.9% White ethnicity. Teacher teams plan units of study to incorporate principles of culturally responsive teaching. The ENL teacher collaborates with the classroom teacher and design lessons to take into consideration students' backgrounds, social experiences, prior knowledge, and learning styles. The ENL teachers focus on key things in their classroom to promote culturally responsive education, they embrace an assets-based perspective, place students at the center of learning, value students' linguistic and cultural backgrounds and challenge and supporting students. The ENL teachers will use our students' native language to help them understand key vocabulary and encourage students to continue learning their native language. Placing ENL students at the center of learning we teach our Ells the curriculum. The ENL teachers' model what they expect using content and language objectives in their lessons. The ENL teachers use multiple means to make meaning comprehensible. The ENL teachers include in their planning the cultures and backgrounds of their Ells. Students share their experiences and bring in information from their home country and parents are invited to the classroom to contribute to the learning environment. PS 153 also host a multicultural night for all parents and students to learn about different cultures.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

We had 30.1% of students met progress by exiting ELL status. 28.9 % of students met annual progress target. 6% of students met safe harbor cumulative growth. Progress not met by students was 34.9%. In the spring of 2024, 25 students exit ELL status, compared to only 10 students in the spring of 2023. Students that meet annual expected progress are on track to exit ELL services. The trend shows that the number of students testing out is increasing each year.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The 2024 NYSESLAT data reveals a consistent trend that MLs/ELLs score lower in writing and/or reading, and higher in speaking. Using data from the EDAT tool is also used to identify modality strength and weaknesses to plan targeted instruction accordingly. ELLs that scored entering was 8.2%, ELLs that scored emerging was 11.5%, ELLs that scored transitioning was 20.5% , ELLs that scored expanding was 39% and former ELLs that scored commanding was scored 20%. A key highlight was that 39% of ELLs scored expanding. The 2024 NYSESLAT showed that the Speaking and Listening modalities demonstrated clear strength across grades K-5. Writing was the most common need across grades K-5. Using the latest data from the EDAT and the Furby tool, we identify at-risk students and plan targeted instruction. We use data from NYSESLAT scores, EDAT,EDUR and the FURBY tool to design small group instruction throughout the school day and our Title 3 programs. The EDAT and FURBY tool identifies how many points needed for students to have scored at the next higher proficiency level on the 2024 NYSESLAT. We had11 ELLs students who scored expanding and needed 10 points or less to exit ELL status. Using this data, we plan targeted instruction to support our Ells.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship shown in the 2025 data is that English Language Learners (ELLs) on the NYSESLAT, ELA, and Math assessments are performing at similar levels, with most students concentrated at the lower proficiency bands (levels 1 and 2) ELA: 66.7% of ELLs scored at level 1 and 22.9% at level 2, while only 10.4% reached levels 3 and 4. Math: 41.1% scored at level 1, 37.5% at level 2, and 21.4% reached levels 3 and 4. On the 2025 NYSESLAT 30% were at Entering, 15% at Emerging, 25% at Transitioning, and 30% at Expanding and 35 students scored proficient. Across all assessments, the majority of current ELLs remain between levels 1 and 2 on the ELA & Math assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We have 20.5% of ELLs with an IEP. We had 10 ELLs that have an IEP scored expanding on the 2024 NYSESLAT. We had 3 Ells that have an IEP scored commanding on the 2024 NYSESLAT. We had 9 ELLs that have an IEP scored transitioning on the 2024 NYSESLAT. We had 2 ELLs that have an IEP scored emerging on the 2024 NYSESLAT. We had 1 ELL that have an IEP scored entering on the 2024 NYSESLAT. The root causes that contribute to these results is that the NYSESLAT is measured on a Four-part modality. Students with IEPs perform well on speaking and listening. Students will disabilities have a greater difficulty to score well on the Reading and Writing modalities. It becomes more challenging for the students with IEPs has the test complexity increases from grade to grade. A key

highlight was that 40% of our ELLs with IEPs scored expanding. On the 2025 NYSESLAT, the proficiency breakdown was as follows: 30% of students were at the Entering level, 15% at the Emerging level, 25% at the Transitioning level, and another 30% at the Expanding level. A total of 35 students scored proficient.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Supporting ELLs is crucial for our school as the teachers strive to provide an inclusive and enriching educational environment. Placing ELLs at the center of learning we teach our ELLs the curriculum. The ENL/Bilingual teachers' model what they expect using content and language objectives in their lessons. The ENL/Bilingual teachers use multiple means to make meaning comprehensible. They include in their planning the cultures and backgrounds of their ELLs. ENL/Bilingual teachers create a classroom where students feel appreciated, safe and comfortable. Providing structured support will help ELLs grasp new concepts and skills. ENL teachers integrate language learning into all subjects, teaching subject-specific vocabulary along with academic skills. They focus on speaking and writing skills and use tools like sentence frames/language prompts to support speaking skills. Scaffolding language learning by providing vocabulary lists, language models, and graphic organizers that assist students in understanding and expressing complex ideas related to the content leads to a deeper learning. Literacy instruction is infused with ENL strategies of scaffolding, visualization, vocabulary development, graphic organizers, translanguaging and development of oral language. Differentiated instruction, guided reading, modified guided reading and interactive writing are used to meet the needs of individual students to help them reach grade level learning standards. ENL teachers give students tools and resources that assist them in their learning process. The ENL/Bilingual teachers use collaborative learning strategies which allows ELLs to practice their language skills in real-life contexts while building connections with their peers. The ENL/Bilingual teachers provide ELLs with multiple opportunities throughout the day to engage in conversational-style learning with their peers so that they can practice their oral language skills. Working collaboratively fosters a culture of community in the classroom. By providing appropriate support, ENL teachers help ELLs thrive academically and socially.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

School leaders aim to create a solid support system for all students, and a support system is especially necessary for English language learners (ELLs) who face a number of challenges throughout the school year. The instructional leadership team reviews formative and summative data of sub-groups including MLs/ELLs in the school, as well as considers teachers input when designing curriculum and/or making modifications to curricula. In addition, ILT members look for guidance from certified ENL teachers, literacy/curriculum coaches as well as district specialist

during the instructional design process. The school's leadership team facilitates and monitors implementation of all shifts and practices required by the NYC DOE, including the adoption research-based curricula and explicit instruction. ENL/Bilingual teachers receive professional development in the curriculum to support multilingual learners. The school leadership team ensures that ELLs have access to core instruction by providing ENL/Bilingual teachers with professional development to meet the needs of all ELLs. Literacy instruction incorporates ENL strategies, including scaffolding, written strategies, visualization, vocabulary development, graphic organizers, reading and writing connections, and oral language development. Differentiated Instruction is used to meet the needs of individual students and help them grasp the core instruction.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

HMH Into Reading addresses the whole child academically, physically, and socially so that all students can truly read and write with understanding. HMH Foundational Literacy Skills are grounded in science-based reading methods that have proven how students acquire reading skills, HMH Into Reading provides comprehensive, explicit, and systematic instruction in foundational literacy skills, aligned with a research-based scope and sequence that provides students with a foundation to become confident, independent readers and writers. HMH Into Reading supports Grades K–5 teachers as they help students on their paths as emerging readers and writers with the flexibility to adapt Foundational Skills instruction to meet all students' needs, while immersing students in successful reading and writing experiences. HMH Into Reading provides daily, explicit, systematic whole group instruction, small group instruction, teacher conferences, independent reading and writing, and sharing for instruction. Literacy instruction is infused with ENL strategies of Scaffolding, Sheltered English, Verbal and Written Strategies, Visualization, vocabulary development, Graphic Organizers, Reading to Writing Connections, Translanguaging and development of Oral language. Differentiated instruction, guided reading, modified guided reading and interactive writing are used to meet the needs of individual students to help them reach grade level learning standards. We integrate the 4 modalities of listening, speaking, reading and writing. Additionally, the content areas are used as vehicles for ENL instruction to prepare the MLs/ELLs for state standardized exams in Science and Mathematics, as well as reading and writing in the content areas. The teaching of Content Area and Literacy has both language and content goals. Sheltered English is used in presenting densely worded concepts. The language and content points are explicitly taught and assessed through individual and group within the literacy instruction. ENL and classroom teachers employ instructional strategies that include the use of visual supports, bilingual materials, use of cognates, and the use of home language partners for MLs/ELLs, allowing students to access the content. Our English Language Learners who scored Entering / Emerging on the NYSESLAT/ NYSITELL receive individualized instruction four times a week using the HMH 3D English program. Using data from the EDAT & FURBY tool we identify modality strengths and weaknesses to plan targeted instruction accordingly. The dual language programs in grades K-3 instruct students in two languages: English and their home language, Polish. The home language and English are used equally. The program's purpose is for students to become proficient in reading, writing, and speaking in both English and Polish. Students receive part of their instruction in English and part in the home language (Polish), but the content is equivalent to that of English-only classrooms. The children remain in one classroom for all periods, including clusters.The core content areas are split 50/50 in terms of the language of instruction. To help ELLs foster language development ENL/Bilingual teachers use different teaching methods. For example, they create an environment with lots of language and use visual and auditory supports. They also use strategies that focus on communication. ENL/ bilingual teachers explicitly teach new vocabulary and use activities that are interesting and engaging.The School Leadership Team, classroom and ENL/Bilingual teachers use the results of standards-based baseline and benchmark assessments in Literacy and Mathematics, State ELA and Math data from the previous year, and the NYSESLAT & EDAT to plan instruction that meets the demands of grade level learning standards. All instruction is data driven. We believe that instruction and planning must be data driven. ENL instructional approaches and methods align with Next Generation Learning Standards by focusing on integrated language and

content instruction. ENL/Bilingual teachers provide scaffolds for language development, ensuring all ELLs have meaningful access to standards-based instruction.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

We currently have 15.4 % of ELLs with IEPs (will update Fall 2025). Teachers of MLs/ELLs with IEPs begin with knowing their students' level of language proficiency in both their native language, as well as the new language being learned along with their IEP goals. Then the same premise that applies to all students learning in a second language applies to students with special needs. All students are given opportunities to practice using the language in context with appropriate support in various modalities. Teachers in all content areas make use of videos, digital books, audio, data displays, simulations and concept maps. Students that vision is a concern use visual display options such as screen magnification, adjusting font size on IPADs, enhancing text to make it bigger to see. Students with a reading a disability use audio books, videos, text-to-speech, and are given extended time to complete assignments. To also maintain and accelerate English Language development teachers use both linguistic and non-linguistic methods to represent key vocabulary, labels, symbols, icons (4 corner vocabulary, TPR, acting it out, video-clips, bilingual tools (glossaries/dictionaries), songs, chants, graphics, word learning strategies, etc..) to support comprehension of concepts. Teachers also identify key ideas and critical information with tools such as graphic organizers, outlines, and concept maps. Additionally in all content area learning teachers provide appropriate scaffolds based on language proficiency in all modalities (reading, writing, listening and speaking). Teachers begin instruction at the students' current level of understanding and provide teacher support to assist the student in reaching the next level of mastery. Scaffolds used include scaffolds for reading, writing, listening and expressing ideas (routine scripts, sentence starters, academic language frames, signal words, collaborative academic discussions, teacher-led read aloud, pre-reading/during reading, partner reading, audio supported reading, oral brainstorming, read-write-pair-share, peer editing, author's chair, deepen vocabulary meaning (shades of meaning, transforming words into other parts of speech, idioms, collocations, academic fixed expressions), extend oral and written language practice by providing academic language frames organized by proficiency level, and apply oral language and vocabulary knowledge to academic writing by way of prewriting, editing, modeling predictable patterns and combining sentences. Computer programs are provided to all students, including MLs/ELLs, for use in school and remotely to provide support and practice in literacy and math (I-Ready, Lexia, Reading A-Z, Raz Kids, Epic, and IXL). ENL teacher uses the push-in model for MLs/ELLs in self-contained Special Education classes where the grade level curriculum scaffolded and adapted to address individual needs of these students. Academic language is explicitly taught using ENL strategies, home language support and differentiated instruction. Shared reading, language experience, close reading of grade level texts, guided reading and writing are strategies used. In addition, various modes of differentiation, such as learning styles (visual, aural, kinesthetic, tactile), tiered materials, tiered tasks, flexible groupings, and technology are used. In addition MLs/ELLs with IEPs who scored Entering / Emerging on the NYSESLAT/ NYSITELL receive individualized instruction four times a week using the HMH 3D English program.

b. SIFE

We currently have 0% SIFE students. SIFE are defined as MLs/ELLs who, upon enrollment, have had at least two years less schooling than their peers, and function at least two years below expected grade level in reading and in

mathematics. To help SIFE students understand the curriculum, we focus on integrating language instruction, providing support for learning, and building on their strengths and knowledge from prior knowledge. Translanguaging and tiered classroom interventions, including tier 3 intensive interventions for MLs/ELLs academic success, would also be implemented within the freestanding model for SIFE students in the school setting. Teachers of Students with Interrupted Formal Education (SIFEs) use a variety of instructional strategies and grade-level materials to ensure access to academic content and accelerate English language development. These strategies include differentiated instruction, comprehensible input, and the use of visuals and technology. For example read aloud or play audio versions of texts helps students hear and process language. To help SIFE students learn new words and understand their meanings, teachers introduce vocabulary and key concepts first. This helps students learn new words and ideas before reading or engaging in activities.

c. Newcomers

We currently have 94 % of ELLs that are Newcomers. Newcomer students receive a welcome packet with directions, activities, basic vocabulary with picture supports and school-based vocabulary with picture supports. Differentiated instruction is a core tenet of instruction schoolwide for all MLLs/ELLs across proficiency levels. Newcomers receive differentiated instruction for acquiring vocabulary, word work, guided reading, and scaffolded instruction to allow students access to learning standards in the school setting. ENL classrooms include labeling, word walls with picture supports, charts, and instructions with picture supports. Ipads are used in the classroom for language support. When planning to support our Newcomer ELLS, ENL teachers plan for home language supports by placing Newcomer ELLs and non-ELLs with a shared home language to participate in the same groups. We also assign teachers with knowledge of a home language to newcomer ELL students with the same home language. ENL teachers teach the Newcomers the language and language skills required for content learning by making meaning clear through visuals, demonstrations, and other means and give students multiple opportunities to produce language.Our English Language Learners who scored Entering / Emerging on the NYSESLAT/ NYSITELL receive individualized instruction four times a week using the HMH 3D English program. The HMH 3D English program provides explicit instruction in the four domains, reading, writing, speaking, and listening. The program focuses on developing language and academic vocabulary.

d. Long Term ELLs

We currently have 0% of ELLs that are Long Term. Long-term ELLs receive support through small group instruction and classroom interventions. Long-term ELLs receive vocabulary and language instruction in a small group setting, based on their language needs, to allow them access to the academic content. Teachers use specific strategies to support long-term MLs/ELLs in accessing grade-level content and accelerating English language development. These strategies include scaffolding, comprehensible input, and incorporating visuals. Tier 3 intensive interventions are available for long-term ELLs as needed.ENL Teachers engage long-term ELLs in discussions, group work, and hands-on activities. These activities promote language use and interaction. ENL teachers support long-term ELLs by explicitly teaching and reinforcing language through modeling, sentence frames, and graphic organizers. We make the Title III extended day and morning programs available for long-term ELLs to help them enhance their reading and writing skills. We use the EDAT, EDUR, and FURBY tools to target small-group instruction.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The needs of MLs/ELLs-SWDs are met by creating a flexible schedule that allows students with disabilities to participate in ENL classes with non-disabled peers, within the framework of the required ENL service hours in

reading, writing, and the content areas of Math, Science and Social Studies, depending on their individual abilities. MLs/ELLs in the Integrated Co-Teaching classes work with the general education teacher, special education teacher and the ENL teacher (push-in and pull-out models) and receive small group instruction to achieve their goals. An ENL teacher uses the push-in model for MLs/ELLs in self-contained Special Education classes where the grade level curriculum scaffolded and adapted to address individual needs of these students. ELLs who also have IEPs are placed in least restrictive environment. We discuss student's ELL status, in depth, before any IEP considerations. During PPT meetings we carefully review the student's data and decide whether we can on move forward with evaluation. The PPT forms include specific ELL data. We are aware of the similarities between ELLs language deficiencies and special education needs. Students are carefully selected and grouped based on their needs. Students are offered accessible literacy programs as reading interventions during ELL services. Teachers are aware of multi-tier approach to literacy and use different literacy programs to meet all students' needs. IEP student's goals are written with focus in grade level standards. Students' goals are a big part of teacher's planning. Students are placed based on their strengths and weaknesses, and flexible scheduling is offered whenever it's available. Student IEPs are reviewed each year to determine the least restrictive environment. Students who are on or above grade level can be mainstreamed into general education classroom for certain subjects. This ensures that they are placed in their LRE for each subject. This includes ELL who are also SWD students. Students are also pulled for small group instruction within the classroom to provide the support and reteaching they need to be successful. Teachers use the same curriculum across the grade, but have the flexibility to provide supports, scaffolds, reteaching, etc. as they see fit. Lessons may be stretched out to ensure all students are successful.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the Polish Dual Language (DL) program, student assessment is based on a combination of standardized and teacher-created evaluations. For grades 1-4, assessments from the Nowa Era curriculum are used to measure student progress in reading comprehension, writing, grammar, and overall language skills in Polish. Additionally, students in grades K-4 are assessed using teacher-developed phonics and grammar assessments, which help track their foundational language development and mastery of key linguistic concepts. This balanced approach ensures that students receive comprehensive evaluations that align with both curriculum standards and their individual learning needs.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

In the ENL programs and Dual Language Programs, co-teaching can be characterized as a collaboration between a general education or content teacher and the English as a New Language teacher. Teachers co-plan, co-deliver, and individualize instruction for all students in the class. They work together creatively to accommodate the language proficiencies, cultural diversity and educational backgrounds of the students in the class. Shared or common planning time is essential to support all ELL program models and achieve success. The collaboration among teachers is essential to support ELLs. Co-planning a lesson together, discussing questions related to ELL instruction are all support systems for co-teaching. ELL educators also hold professional development session on what the ELL

teacher (or team) does and how they can work with colleagues. Classroom teachers and ENL teachers collaborate to plan together to provide supports and scaffolds to meet language needs of MLs/ELLs and Former ELLs by their proficiency level within the content.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The classroom teachers in all grades are provided Professional Development in teaching MLs/ELLs. PDs include the techniques of differentiated learning, Sheltered English, Modified Guided Reading with ENL infused strategies, explicit teaching of Academic language used in problem solving, and an ENL-infused content area curriculum. ENL and classroom teachers jointly plan and assess instructional and language goals to meet the needs of the MLs/ELLs. ENL teachers are given the opportunity to attend workshop offerings from the Division of Multilingual Learners and HMH Into Reading when offered, including online professional learning such as QTEL training. Title 3 funds have been set aside for workshops and teacher resource guides that showcase the very best reading strategies for MLs/ELLs. These workshops are given to teachers and support staff via Professional Development days and/or on a Saturday. The Center for Integrated Teacher Education will provide teachers with a daylong workshop focusing on supporting MLs/ELLs in literacy. Professional development will also be provided for HMH 3D English program. Webinars will also be offered through Colorincolorado.org for distance learning. ENL teachers will also have professional learning during teacher team meetings (in-person and/or Google Meets). Professional Learning is planned that is devoted to instruction of MLs/ELLs by the classroom teacher. This professional learning is given by the ENL teachers at the school. Teachers also attended Fundations and Heggerty professional development . The following are some of the topics to be covered:

1. Supporting MLs/ELLs within the HMH Into Reading Curriculum - Participants will learn scaffolding methods that will provide MLs/ELLs access to the complex texts in the reading and writing curriculum. Participants will work with the curriculum to infuse ENL strategies to support students.
2. Academic Language - Participants will learn how to boost language acquisition by using academic language and key words to support reading comprehension, interpretation, and synthesis, specifically in the reading of non-fiction.
3. Guided Reading - ENL Strategies for Success in Reading - Participants will learn how to support MLs/ELLs to read complex text and progress in reading levels by using specific strategies to modify guided reading and meet the language needs of MLLs/ELLs during small group instruction.
4. Writing - Participants will study our MLs/ELLs' writing and plan for high-leverage teaching in response.
5. Scaffolding Mathematics for MLs/ELLs - Participants will learn how to scaffold word problems for MLs/ELLs to access content (Engage NY).
6. CITE- Writing Instruction to Support ELLs
7. The HMH 3D English program - Provides explicit instruction in the four domains, reading, writing, speaking, and listening. The program focuses on developing language and academic vocabulary.
8. CITE-Social/Emotional Learning (SEL) for ELLs
9. PD with Wilson Coaches- Instruction on explicit instruction a systematic approach in critical foundational skills.
10. PD with the ENL Coordinator- Integrating language and content instruction; Data driven planning; NYSESLAT; ELL Annual Parent Meetings

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional learning opportunities will be built into our school's year-long Professional Learning Plan, which includes meeting on Monday afternoons, during our Teacher Team Meetings, and on Professional Learning days. ENL teachers and classroom Teachers are given the opportunity to attend workshop offerings from the Division of Multilingual Learners, CITE, and HMH Into reading, HMH 3D English, when offered. ENL and classroom teachers receive professional learning regarding language acquisition and the NYS Next Generation Learning Standards with co-teaching strategies and integrating language and content instruction for MLs/ELLs through in-house sessions and outside workshops. Workshop leaders prepare the agenda and keep an attendance record. All agendas and attendance records, from in-house and outside sessions, are kept in our ENL binder for the school year.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Literacy skills are assessed through Acadience Reading Assessments and MAP Assessment System in grades K-5. We use the data to plan for interventions, tier two and tier three students receive Spire, double dose Fundations, and/or LLI and are benchmarked and progress monitored by Acadience. Students receive Acadience progress monitoring to make sure they can transfer skills taught. Small group reading instruction is developed for at risk students to address their reading difficulties. For writing in grades K-5, we will use the Wrap Up the Topic writing performance task and for math we use IXL diagnostics. MAP will also be used for Reading and Math assessments in grades K-5. MAP assessments are used to measure a student's growth in Mathematics and Reading. IReady is also used for screening assessments. All interventions offered in our school are based on data collected by the above assessments. Based on collected student data, the ENL teachers plan instructional groups to the students that demonstrate a need for more intensive academic support.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

MLs/ELLs receive tier 2 and 3 interventions with the SPIRE Reading intervention program, Sound Sensible, LLI (Leveled Literacy Intervention) Fundations, Heggerty Phonics intervention programs. Students are identified using the Acadience Reading Assessments, performance-based assessments, curriculum-based measurements, and the screening process for these programs. Computer programs are provided to all students, including MLs/ELLs, for use in school to provide support and practice in literacy and math (I-Ready, Lexia, Reading A-Z, Raz Kids, Epic, 3D English and IXL). MLs/ELLs who scored below standard on the State assessments receive intervention in either ELA and Math, depending on their needs. Transitioning and Expanding MLs/ELLs receive targeted, small group instruction based on academic need (reading, writing and/or mathematics), which was determined from student assessment data. In addition, intervention is provided through the differentiation of instruction by the classroom teacher and the ENL specialist, who use formal and informal testing data, as well as observations of performance, to develop targeted instructional strategies and determine methods for dealing with academic issues. Teachers monitor on an ongoing basis to determine if the students' learning and achievement increases. Commanding students need the continued support to maintain academic progress. All commanding students who pass the NYSESLAT are offered the same MLs/ELLs modifications on standardized testing for a period of two years. Commanding students are placed in designated ENL classrooms that include non-ELLs, where they benefit from the services of a certified ENL teacher who maintains the skills of English. The AIS/ENL teachers use diagnostic assessments to identify specific areas of difficulty and create targeted intervention groups. Targeted AIS reading services are provided in English for our Newcomer ELLs in grades K-5 (Sound Sensible, SPIRE). We currently have 94 % of ELLs that are Newcomers across grades K-5. School teams look at data from benchmark, unit, and daily formative assessments. They use this data to plan small groups and targeted centers. There are also additional small groups, these include pull-out SPIRE (explicit phonics instruction for grades 2 and up), Sound Sensible, and double-

dose Fundations. Students are chosen for these groups based on their performance on standard tests. Using MOY Acadience data, Fundations targeted intervention groups during the school day is also implemented for K-2 ELLs. ELLs in grades 3-5 need more support in understanding key ideas, details, and connections. Teachers use writeable materials in small groups to help students identify and break down questions. EnVisions math small group work is based on MAP assessments and EnVisions Math test assessments. ENL/Bilingual teachers work in small groups throughout the day and use anchor charts and graphic organizers to support understanding of key concepts. Targeted small groups are based on student needs, as determined by MAP and Envisions test results. Additionally, ELLs utilize IXL to reinforce learning.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Data is being collected through different platform such as Acadience, HMH, and MAP. Teachers are given time during PL to analyze the collected data with their colleagues and plan based on the needs of their students. School teams analyze benchmark, unit, and daily formative assessment data to plan small groups and targeted centers. Our school also has AIS/RTI services provided by reading specialists daily. All programs used to help students' academic skills are research based and hands on. Tier 1 services are provided in the classroom, but tiers 2 and 3 are provided in small groups by AIS/RTI teachers outside of the classroom. We are currently using Fundation, Spire, Heggerty, 3D English, IReady, LLI, AIS math intervention, to fill the gap for our MLs and ELLs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Literacy skills are assessed through Acadience, HMH, and MAP. Assessment Systems in grades K-5, performance tasks in writing and mathematics. In the early grades, the Fundations Phonics program lays the groundwork for life-long literacy through a systematic approach in critical foundational skills. Orton and Gillingham, Fundations and Heggerty (Scientifically based Language Arts Instruction) provides phonemic awareness, systematic phonics and vocabulary instruction to kindergarten, first grade and second grade MLs/ELLs Teachers of MLs/ELLs in grades K-2 use 1-1 interactions of students reading to monitor reading fluency. MLs/ELLs participate in the district-wide HMH Into Reading literacy curriculum, where the teacher engages MLs/ELLs in a comprehensive, explicit, and systematic instruction in foundational literacy skills, aligned with a research-based scope and sequence that provides students with a foundation to become confident, independent readers and writers. MLs/ELLs also participate in read alouds, language experiences, shared reading, close reading of grade level texts, one-to-one conferring, small group instruction, guided reading and independent reading. MLs/ELLs are also engaged in writing instruction through modeled writing, shared writing, guided writing, independent writing, and interactive writing. All MLs/ELLs are provided with differentiated instruction that will cover all content areas, including literacy, mathematics, science and social studies to meet and exceed the Next Generation Learning Standards. ENL teachers work collaboratively with their grade level colleagues in planning instruction and developing scaffolds for MLs/ELLs. Teachers participate in study groups and professional learning surrounding the HMH Into Reading curriculum, HMH 3D English, Fundation, Spire, Heggerty, IReady & LLI. ENL teachers attend monthly meetings where curriculum and data are reviewed. Teachers use formative assessments to achieve a shared understanding with their students. ELLs of all proficiency levels benefit from formative assessment, which helps them develop their language skills. ENL/Bilingual teachers use the self-reflection mode with their ELLs. Teachers use sentence stems and have students compare their own

writing to track their progress. ELLs also have the opportunity to respond to feedback anonymously. ENL/Bilingual teachers also use student to student and student to teacher modes where students use their white boards in small groups to provide shared responses and use reflective writing in their academic work.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students who speak Spanish at home and score below proficiency on the NYSITELL are administered a Spanish LAB-R to determine language dominance. Title III funds provide entering MLs/ELLs with the preparation they need to take the content area State exams in Science and Mathematics which will be administered with English and home language editions simultaneously, translated version or interpreter. Math chapter tests are available in Spanish for Spanish-speaking newcomers. In the Polish Dual Language (DL) program, student assessment is based on a combination of standardized and teacher-created evaluations. For grades 1-4, assessments from the Nowa Era curriculum are used to measure student progress in reading comprehension and overall language skills in Polish. Additionally, students in grades K-4 are assessed using teacher-developed phonics and grammar assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Growth in the four modalities of language learning, namely listening, speaking, reading, and writing, will be measured by administering the appropriate grade-level NYSESLAT. State ELA and math assessments in grades 3-5 are given to MLs/ELLs. The four modalities will be taught using the content area as a vehicle of language learning. The success of MLs/ELLs depends on their knowledge of the academic language of the content areas, as well as the exams they must take. The 2024 EDAT data clearly shows that the modalities of need are writing and reading. Students will continue to be held to the same rigorous standards in literacy and content area instruction as native speakers of English. The EDAT is also used to target specific subgroups of ELLs, which allows teachers to measure progress toward the goal of English proficiency and target intervention for at-risk populations. Four certified teachers provide tier 3 interventions (small group instruction using Leveled Literacy Intervention, Spire, Fundations, and Heggerty) to students reading below grade level, including MLs/ELLs. Tier 1 and 2 interventions are provided in the classroom through the core instructional program and differentiated, small group instruction by the classroom/ENL teacher.Using data from the EDAT tool identifies modality strengths and weaknesses, allowing for targeted instruction planning. ELLs that scored entering was 8.2%, ELLs that scored emerging was 11.5%, ELLs that scored transitioning was 20.5%, ELLs that scored expanding was 39%, and former ELLs that scored commanding was 20%. Writing was identified as the most common need across grades K-5. Using the latest data from the EDAT and the FURBY tool, we identify at-risk students and plan targeted instruction throughout the school day and our Title 3 programs. MLs/ELLs who scored below standard on the State assessments receive intervention in either ELA and Math, depending on their needs. Computer programs are provided to all students, including MLLs/ELLs, for use in school to provide support and practice in literacy and math (I-Ready, Lexia, Reading A-Z, Raz Kids, Epic, 3D English and IXL).

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the

assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Susan Mohan is our ELL Coordinator who is a licensed certified ENL teacher. Mrs. Mohan is responsible for the administration of the NYSESLAT. She trains the ENL teachers on the process for administrating the NYSESLAT. There is a testing schedule created based on ELLs grade bands and MLs/ ELLs with IEPs testing accommodations. The testing groups are designed based on IEPs testing accommodations and grade bands. The ENL teachers use a system that the ELL coordinator has in place for testing, we use testing binders and testing rosters to ensure all students are tested and that the required documentation is stored in a NYSESLAT binder for that year. ENL teachers sign testing tracking logs for the testing materials that are signed out and returned. The ELL coordinator trains the ENL teachers on scoring the speaking and writing modalities. The ELL coordinator is responsible for scanning all the NYSESLAT answer documents and bubbling in the student's testing accommodations if needed. The ELL coordinator packages the testing materials. The ELL Coordinator is responsible for reading the NYSESLAT testing manual and attending professional developments pertaining to NYSESLAT. Mrs. Mohan, Mrs. Enriquez, Mrs. Brown and Ms. Ramirez are responsible for administering and scoring the assessment. The testing schedule is created to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period. The ENL classroom teachers continue to provide services to all ELLs and former ELLs during the testing period. The ENL teachers also attend the NYSESLAT professional development offered by the district.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ELL Liaison and Testing Coordinator work closely to ensure that current and former ELLs receive necessary testing accommodations by sharing information from City and District training with each other and with teachers, so that all are aware of accommodations for which students are eligible. The Testing Coordinator is regularly updated by the ELL Liaison on the status of all new admits and is responsible for ensuring that teachers understand and provide necessary testing accommodations for all exams in accordance with NYSED guidelines.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Susan Mohan is our ELL Coordinator who is a licensed certified ENL teacher. Mrs. Mohan is responsible for the intake and identification of ELLs year-round. She trains the ENL teachers on the process for the identification of ELLs. There is a schedule in place which trained pedagogues are available to support the arrival of families and administer the HILS and the HLIS interview. The ENL teachers use a system the ENL coordinator has in place for registration, we use identification binders to collect all the required documentation for the identification of ELLs. The ELL identification process is completed within 10 school days and any child with an IEP is the process is completed within 20 days. If a student is identified as an ELL, the parent is invited to a parent orientation meeting. Families receive translated orientation flyers, and the information is also on parent square. The parent coordinator works together with the ELL Coordinator to ensure parents understand what is discussed at these meetings. Translation is provided if needed. Parent orientation meetings provide parents with an explanation of each ELL program model offered in NYC. The parent video also describes the three programs in the parents' preferred language. Parents choose a program of their choice and ask questions and are informed about all ELL programs, after-school programs, state assessments that are given throughout the year. All attendance/agendas are kept in the ENL Binder.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At the ELL annual parent meeting, parents will receive key information about their child's school progress in academics and language skills. The input of parents is vital for the success of any educational program. The ENL/ Bilingual teachers schedule individual meetings with parents of MLLs/ELLs to discuss goals, language development progress, NYSESLAT and periodic assessment results, and language development needs in all content areas. Using data from the NYSESLAT and the FURBY tool, ENL teachers discuss NYSESLAT results and language proficiency levels with parents. The parents' home language will be considered before the meeting to provide appropriate translation, either by a staff member or the translation over the phone system, as needed. The ENL/Bilingual teacher is responsible for maintaining a log of the meeting. An annual meeting form is kept in a binder and a copy is placed in the student cumulative record. The annual parent meetings take place from January to March, in-person, zoom, or telephone. All ENL/Bilingual teachers have an ELL annual parent meeting binder to keep all agenda and forms.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

P.S. 153Q uses the Home Language Survey to determine the primary language spoken by the parent of each student enrolled in the school, and if such language is not English, whether the parent requires language assistance to communicate effectively with the school. With this information, oral and written translation services are provided so that parents are involved with their child's educational growth. Translation services also allow parents to be actively involved in voicing their concerns at PTA functions, parent/teacher conferences, etc. Our school recognizes that newly arrived immigrant children and their parents/guardians, bring with them a wealth of knowledge of language and culture. PS 153's Title 3 program provides ML/ELL parents/guardians with the opportunity to learn the English language through workshops given by the parent coordinator and the ENL teachers. All parents receive notices, flyers, and invitations to workshops in their home languages and we also use parent square as the main form of school communication.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

PS 153 strives to build relationships with families of MLs/ELLs, getting to know their strengths and stories, and creating a welcoming environment is essential to a successful school year. We determine the needs of our community by learning about our ELL families which provides an important foundation. We focus on students' ethnic and linguistic backgrounds; we learn about the situations from which they have come from. Together the Parent and ELL Coordinators help match students and their families with the appropriate services and programs. We strive to create a welcoming, safe environment where families and students are given the tools to become successful. ENL teachers, literacy coach, guidance counselors, and the Parent Coordinator and ELL Coordinator facilitate parent workshops on various topics including homework help, instructional strategies, community supports, and social-emotional supports. Parents will be notified via Parent Square and through our Parent Coordinator. The key to productive and positive parent engagement is a good flow of communication between school and home. Based on the need for parent involvement at our school, the parent coordinator shares with parents through professional developments how important it is to increase parent engagement at school and at home. November through June. P.S. 153Q will also be hosting school-wide parent engagement events (STEM Night, Family Fitness Night, Paint Night, Book Fair Event, Winter Concert, Game Night, Art Show and Multi-Cultural Family Night). Each year, PS 153 hosts a Multi-Cultural Family Night which is one of our biggest events at our school. Our ENL /Dual Language department host Multicultural night, we invite our families to join us for a fun night of multicultural activities where families "travel the world," by learning about different cultures, music, dances and food from around the world.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

PS 153 ensures families of MLs/ELLs are aware of family leadership opportunities. It is critical to provide families access to schooling and information in their home languages. Building positive partnerships with ELL families in essential to supporting the students. The parent coordinator provides translation services and supports family

leadership opportunities. Parents are notified on parent square and in our school monthly newsletter. In addition to encourage attendance flyers, emails, Google classroom and Class DOJO platforms are used to notify parents.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

PS 153 focuses on a family-school-community partnership. We engage families in meaningful and culturally appropriate ways, and families take the initiative to support their children's development and learning. We work together with the community and try to listen to parents, support them, and ensure they have the tools to be active partners in their children's school experience. We have in place bilingual resources and staff programs to help parents understand how to support their children's education, and parent liaisons who can connect the school and families to linguistically and culturally diverse community resources. Our Parent Coordinator, ELL Coordinator and Language Access Coordinator all work together to develop partnerships between schools, families, and the community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Public School 153Q ensures that MLs/ELLs have equal access to all school programs, including academic standards, cluster programs, Arts residencies, extended day programs, and school-wide events like STEM Night, Family Fitness Night, and Multi-Cultural Family Night. MLs/ELLs also participate in Title III Supplemental After-School Programs, focusing on literacy and language acquisition. A Title III Morning and Afternoon Program is offered for newcomers, based on NYSITELL/NYSESLAT scores, with an emphasis on foundational language skills.

The Greater Ridgewood Youth Council provides an after-school program that offers homework help and extracurricular activities, available to all students, including MLs/ELLs, through an application process. Information on these programs is shared with parents in their home languages. The Parent Coordinator/Language Access Coordinator is available to assist families.

Classroom teachers and ENL teachers collaborate to plan and provide scaffolds tailored to the language needs of MLs/ELLs and Former ELLs, based on their proficiency levels within content areas. Professional learning opportunities are integrated into the school's year-long Professional Learning Plan, with sessions held on Monday afternoons, during Teacher Team Meetings, and on Professional Learning days. Teachers also have access to workshops offered by the Division of Multilingual Learners to enhance their knowledge of language acquisition.

P.S. 153Q hosts monthly workshops for ML/ELL parents/guardians to support their children's learning at home. Each year, the school organizes a Multi-Cultural Family Night, where parents contribute food representing their cultures, and teachers prepare activities, games, and performances to celebrate the school's diversity.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Susan Mohan serves as the ELL Coordinator and a licensed ENL teacher. She oversees the intake and identification of ELLs year-round and trains ENL staff in the process. Mr. Brown and Mrs. Enriquez, both ENL teachers, are also members of the ELL identification team. Together, they administer the Home Language Identification Survey (HLIS) and interview, maintain documentation, and ensure all identifications are completed within 10 school days (or 20 days for students with IEPs). All members of the ELL identification team are pedagogues and serve on the Language Proficiency Team (LPT) to ensure DOE compliance. Required documents such as the HLIS, interview forms and all parent letters and forms are organized and stored in the ELL Compliance Binder to ensure accountability and accurate record-keeping.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school follows the NYC DOE Policy and Reference Guide for MLLs/ELLs to ensure all students who may need English language support are identified and receive mandated instruction without interruption. The ELL Coordinator, Mrs. Susan Mohan, leads the process year-round by overseeing registration, administering the Home Language Identification Survey (HLIS), and interview to determine eligibility for ENL services. She collaborates with the Parent Coordinator, who welcomes and orients new families in their home language, and with ENL teachers Mr. Brown and Mrs. Enriquez, who assist with identification and immediate instructional support. A well-organized registration system and scheduled staff availability ensure the process is completed within DOE timelines—10 school days for most students and 20 days for students with IEPs. The school also monitors ELLs and former ELLs through ongoing assessments and teacher collaboration to ensure that all students continue receiving appropriate ENL and academic support throughout the school year. Together, this team guarantees that identification is completed efficiently and according to DOE timelines.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

David Berkowitz

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Susan	Mohan	Teacher - Regular Grades		
Omayra	Syevens	Parent Coordinator - Annual	02/05/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),New York City Schools Account (NYCSA) Student Profile,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.09%	1	0.09%		
ARABIC	15	1.37%	15	1.37%		
BENGALI (BANGLA IN BANGLADESH)	6	0.55%	7	0.64%		
CHINESE ANY	33	3.01%	32	2.93%		
CZECH	1	0.09%	2	0.18%		
KOREAN	1	0.09%	1	0.09%		

MANDINKA (AKA MANDINGO)	2	0.18%	2	0.18%		
NAHUATL	2	0.18%	2	0.18%		
NEPALI	0	0.00%	1	0.09%		
ENGLISH	688	62.72%	679	62.07%		
POLISH	69	6.29%	75	6.86%		
RUSSIAN	4	0.36%	4	0.37%		
SPANISH	271	24.70%	269	24.59%		
TIBETAN	1	0.09%	1	0.09%		
UKRAINIAN	3	0.27%	3	0.27%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School Opening Documents Calendars Parent-Teacher Conferences School Closings/Early Dismissals After School Programs Testing Dates Discipline Code Parent Letters Discipline Code Respect for All Brochures GRP Parent Letters	Messages will be disseminated using the ParentSquare Messaging System, Teacher emails, parent calendar and meetings.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Meet the Teacher Night Parent Teacher Conferences PTA Meetings Family Information Nights Family Literacy Fair Family Math Fair Parent Workshops ELL Parent Meetings Daily Guidance counselor calls to parents	Teachers in our building who speak multiple languages will provide translation services. Over the phone translation is also available during conferences.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

As per the Chancellor's Regulations A-663, P.S. 153Q provides each parent whose primary language is a covered language and
who require language assistance services with a copy of the Bill of Parent Rights and Responsibilities, which includes their
rights regarding translation, and interpretation services. Forall meetings involving our parents, our school posts in a conspicuous location at or near the primary entrance, a sign for the covered languages, indicating the availability of interpretation services. Translated signs, in the covered languages, are downloaded from the central translation unit. The
school's safety plan contains procedures for ensuring that parents in need of language assistance services are not prevented
from reaching the school's administrative offices solely due to language barrier. We send home school letters, flyers, brochures in parents preferred language. PS 153 also uses parent square to communicate with parents through email and text
providing language assistance as needed.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school designated Susan Mohan our ELL Coordinator, and Omayra Syevens our parent coordinator, as our school LAC. They will turnkey and make school staff aware of the available language access resources. Some resources that are available to parents are the “I Speak” cards so parents can request assistance in their language. The Office of Language Access also makes available a Language Access Kit to our school, that includes various language access resources, including a Multilingual Welcome Poster to display at the main entrance of the school, along with the Multilingual IEP Poster, where parents request free translation services and the Language ID Guide. The parent coordinator and the ELL coordinator work together to ensure that all parents are well-informed in the language of their choice. Many staff members are also available for translation services throughout the year. We also use the translation services provided through the DOE to translate school forms and flyers regarding school events.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

All parents have the right to information about their child's education in a language they understand. When the students enroll in our school, we ask parents about the language that they would like to use when communicating with our school. This helps our school identify the language needs so we can provide an interpreter or translated documents to the parents. We use parent square to send out all notifications to parents and we translate in multiple languages. During parent orientations, parent meetings and parent workshops we inform parents that we have available translation and interpretation services. We translate documents containing critical information regarding a student's education. The Office of Language Access also makes available a Language Access Kit to our school, that includes various language access resources, including a Multilingual Welcome Poster to display at the main entrance of the school. We provide parents with I Speak Cards to ensure proper communication. We also contact the office of Language Access or contracted vendor(s), for written translation services, on-site interpretation services, and over-the-phone interpretation services.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

To provide students with the best education possible, we need to determine how well he or she understand, speak, read, and
write English. To keep parents informed, we ask parents to complete a school registration Home Language Survey (HLS) form. The HLS provides valuable information to our school. When receiving important information from the school, parents indicate what language they prefer to receive school notifications. Parents also complete a registration form that specifically asks what language they would prefer to communicate with the school. In part 3 of the HILS, parents are asked these two supplementary questions: In what language would you like to receive written information from the school? In what language would you prefer to communicate orally with school staff? The home language survey (HLS) is a questionnaire given to parents or guardians that helps schools identify which students are potential ELLs and who will require assessment of their English language proficiency (ELP) to determine whether they are eligible for language assistance services. The HLS is translated into multiple languages. Parents also receive "I Speak" cards to request assistance in their language. The Office of Language Access also makes available a Language Access Kit to our school, that includes various language access resources, including a Multilingual Welcome Poster to display at the main entrance of the school, along with the Multilingual IEP Poster, where parents request free translation services and the Language ID Guide. The parent coordinator and the ELL coordinator work together to ensure that all parents are well-informed in the language of their choice.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

ELL families are entitled to information about their child's schooling including enrollment, parent-conference meetings, and any services the school provides, such as ENL or special education in a language they understand. To improve language services next year, we will implement a reliable translation process. It is important to establish communication with parents, as well as the necessity for a translation process that is reliable. To improve school home communication, we will be scheduling home-school communication time into the school day for e-mails or phone calls. We have many staff members who can translate in multiple languages. We will be using the translation services provided through the DOE to translate school forms and flyers regarding school events. Parents also receive Welcome Folders during registration, which include key school information, basic school supplies, and educational activities offered to our ELL families. Our school will also be hosting an Enrollment night, in which families can learn about the enrollment process and school policies with interpreters on hand. We also will be purchasing the Pocket talk Language Translator Device. This device is a two-way translation device enabling authentic, accurate communication for 82 languages. The parent coordinator and the ELL coordinator will host many

family events and parent workshops to ensure that all parents are well-informed about their child's education throughout the year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

108

Grades to be served in this program. Select all that apply.

,2,3,4,5,1,K

Total number of teachers in this program:

9

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Title 3 after school program is offered to our MLs/ELLs. An after-school program to provide newcomer MLs/ELLs with supplemental language instruction. Title 3 after school program would help students with new language acquisition. The focus is for the ENL/ Bilingual certified teachers to provide direct instruction using flexible grouping in grades K-5 twice a week. The after-school program will integrate speaking, listening, reading, and writing. Students will build competence in all four literacy skills. Direct instruction will be provided to teach vocabulary words, as well as multiple opportunities to interact and use the words in writing and speaking. Our MLs/ELLs' will participate in collaborative learning as it encourages peer-to-peer learning and provides opportunities for language practice. Teaching key vocabulary is an effective way to support the learning of our multilingual students. Studies have shown that there is a strong correlation between vocabulary knowledge and student achievement. The home language supports that we are providing are English, Spanish, and Polish. The research shows that incorporating the use of ELLs' home language will result in levels of academic success. Our latest EDAT data shows that 94% of our MLs/ELLs are Newcomers. Using the latest data from the EDAT and the Furby tool, we identify at-risk students and plan targeted instruction. We use data from NYSESLAT scores, EDAT,EDUR and the FURBY tool to design small group instruction for our Title 3 programs. We currently have the following percentages for English Language Learners (ELLs): 30% are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level. To support the learning of MLs/ELLs grade-appropriate libraries in the content areas of Social Studies, Mathematics, and Science will be purchased to help the ELLs practice reading strategies in their home language. Bilingual glossaries and dictionaries will be provided for all our MLs/ELLs. ELL teachers also use IPADs to support language and vocabulary with visuals for their newcomer students. Visuals and multimedia will help to promote understanding. Newcomer supplement resources will also be purchased for our Title 3 program. The after-school program will be led by 9 teachers, with 12 students in each group a total of 9 groups, organized by grade and language proficiency. The ELL Coordinator Susan Mohan and assistant principal Matthew Carneiro will supervise the afternoon program. The regular workday hours for the supervisors are from 8:15-2:35 and will get paid per session at the current contract rate. This will be at cost to the Title III.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The data analysis from the latest NYSESLAT and NYSITELL assessments is used to guide small group instruction for all before-and-after-school programs. Our focus for the Title III after-school program will be to support reading to enhance language proficiency, expand and enrich language learning experiences, improve skills in speaking,

listening, reading, and writing, and master new vocabulary.Our latest EDAT data shows that 94% of our MLs/ELLs are Newcomers

Currently, the distribution of English Language Learners (ELLs) shows that we have the following percentages for English Language Learners (ELLs): 30% are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level. The Title III after-school program is crucial for supporting language development across all proficiency levels. Students in the entering and emerging stages, who make up nearly half of the ELL population, require intensive support to build foundational vocabulary, comprehension, and confidence in using English. Transitioning learners benefit from targeted instruction designed to strengthen their academic language and fluency.

The Title III after-school program for expanding students will focus on enrichment opportunities to refine their skills, including advanced writing, critical thinking, and preparation for standardized tests. Using data from the latest NYSITELL and NYSESLAT assessments, EDUR & EDAT our Title III programs will provide direct instruction in reading and writing. We will also utilize data from the FURBY tool to design targeted small-group instruction for our Title III programs. The ELL data analysis has highlighted the need for small group instruction, specifically in reading and writing across grades K-5.

Certified ENL/Bilingual teachers in grades K-5 will work with multilingual learners (MLs) and ELLs two times a week, on Wednesdays and Thursdays from 2:40-3:40pm. These teachers will deliver direct instruction using flexible grouping strategies. In the dual language Polish program, students will learn in both English and their home language, Polish, during the after-school sessions. In the ENL program, students will receive instruction in English with support in their home language to facilitate learning in reading, writing, and speaking English.

The Title III after-school program will prioritize small-group instruction for our MLs and ELLs, emphasizing phonological awareness, phonics, reading fluency, vocabulary, and comprehension. ENL teachers will assist our newcomer ELLs through shared reading lessons that develop print awareness, concepts of print, and phonemic awareness of letter-sound relationships. They will also teach strategies for understanding the meanings of vocabulary words using decoding skills. The primary focus will be on enhancing vocabulary and comprehension skills through shared reading texts.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Nine certified teachers will work with multilingual learners (MLs)/ELLs in grades K-5 twice a week from 2:40 to 3:40 PM. Our Polish/English dual language students in grades K-4 will also meet after school twice a week with a bilingual certified teacher. The MLs/ELLs will work with dual-language Polish teachers, focusing on phonics and literacy instruction in both English and Polish. The goal of this program is to enable students to read, write, and speak in both English and their home language, allowing them to become bilingual and biliterate while achieving academic excellence in two languages. Students will also develop cultural awareness.

In grades K-2, five certified teachers will support our entering and emerging ELLs. They will concentrate on shared reading, foundational skills, as well as reading and writing skills. These ENL teachers will incorporate shared reading

lessons with a primary focus on print awareness, concepts of print, and building phonemic awareness. Vocabulary and comprehension skills will be taught through shared reading texts, and they will meet twice a week during the after-school program.

One certified ENL teacher will provide support for newcomers in grades 4-5 who only speak Spanish, offering direct instruction in both English and Spanish. The focus for this group will be on improving literacy and phonemic awareness skills. In grades 2-3, two certified teachers will concentrate on reading, writing, and vocabulary for entering and emerging ELLs. Another certified teacher will work with transitioning and expanding ELLs in grades 3-5, meeting twice a week to improve writing skills with an emphasis on comprehension of both fiction and non-fiction texts.

Students will receive instruction in English with support in their home language to help them learn to read, write, and speak English. We used data from the NYISTELL, NYSESLAT, EDAT, and the FURBY tool to design the ENL groups. An additional morning program for grades K-1 MLs/ELLs who are at risk will be offered in January, as determined from EDAT and/or teacher recommendations based on student assessments. This program will provide these students with literacy support from a licensed ENL teacher, focusing on comprehension of fiction and non-fiction texts.

Currently, the distribution of English Language Learners (ELLs) shows that we have the following percentages for English Language Learners (ELLs): 30% are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level.Each targeted ELL subgroup will have a certified ENL/Bilingual teacher with 12 students in each group. Teachers will provide direct instruction using flexible groupings. Home language supports include English, Spanish, and Polish. An estimated 108 students in grades K-5 will participate in the Title 3 after-school program. Technology, such as iPads, will be incorporated to support students in their language development.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III after-school program for our multilingual learners (MLs) and English language learners (ELLs) is based on the latest NYSITELL and NYSESLAT scores. Nine certified teachers will work with MLs and ELLs in grades K-5. The program will meet twice a week, on Wednesdays and Thursdays, after school. Sessions will be held from 2:40 PM to 3:40 PM. The program will run from November 2025 to June 2026. An additional morning program for grades K-1 MLs/ELLs who are at risk will be offered in January on Wednesday and Thursday 7:15-8:00am, as determined from EDAT and/or teacher recommendations based on student assessments. The goal of the Title III program is to help students acquire the skills to read, write, and speak in English. We utilize data from the NYSITELL, NYSESLAT, EDAT, and FURBY tools to design the ENL groups and inform our instruction. ELLs will be grouped in classes of 12 based on their grade level and language proficiency.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Each targeted ELL subgroup for each before/ after school program will have a certified ENL/Bilingual teacher with 12 students in each group. ENL/ Bilingual teachers will be providing direct instruction using flexible groupings. The language of instruction is English, Spanish, and Polish. Spanish and Polish will be used to provide home language support. Our ENL-certified teachers speak both Spanish and English and the Certified Bilingual Teachers speak English and Polish. The target language of instruction will be English. The language support will be provided by bilingual teachers proficient in English, Polish, and Spanish. IPads will also be used to support students with language learning. In addition to support home language, books and digital text materials and bilingual glossaries will be used.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Nine certified teachers will lead a program that meets twice a week on Wednesdays and Thursdays from 2:40 PM to 3:40 PM, starting in November 2025 and ending in June 2026. The goal of the program is to improve students' reading, writing, and speaking skills in English. We will use tools such as NYSITELL, NYSESLAT, EDAT, and FURBY to group students effectively. Additionally, an early morning program for at-risk grades K-1 multilingual learners (MLs)/English language learners (ELLs) will begin in January. This program will be held on Wednesdays and Thursdays from 7:15 AM to 8:00 AM, as determined by EDAT and/or teacher recommendations based on student assessments.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

To support the learning of MLs/ELLs grade-appropriate libraries in the content areas of Social Studies, Mathematics, and Science will be purchased to help the ELLs practice reading strategies in their home language. Bilingual glossaries and dictionaries will be provided for all our MLs/ELLs. ENL teachers also use IPAD to support language and vocabulary with visuals for their newcomer students. IPADs programs will be purchased to enhance reading and language development for newcomer ELLs in grades K-5 as Newcomer supplement resources will also be purchased in grades K-5. Reading texts shared reading texts, phonemic awareness intervention kits, and guided reading texts will be purchased for grades K-5. Reading materials will also be purchased in Polish and Spanish to support MLs/ELLs' home languages. New York TEAM Toolkits in grades K-5 will be purchased. New York TEAM

Toolkits features structured activities in writing, speaking, listening, and reading and will help ELLs develop grade-level academic language needed for success in the classroom and on the NYSESLAT. Benchmark Hello program will be purchased for grades 3-5 to develop oral language and vocabulary. This program provides Newcomers with the need-to-know basics and fundamental English. Lessons will embrace primary language, prior knowledge, and cross-cultural understanding. Benchmark Express program for grades K-5 will also be purchased to enhance English language development program that reinforces foundational skills and promotes language proficiency. The main supplemental materials will be purchased from Attanasio & Associates, Benchmark, Mastery Education, Continental Press, Sundance Newbridge Publisher, and McGraw-Hill Education, Inc. All these materials that will be purchased are exclusively for our Title III programs. All materials purchased will be at cost to the Title III ELL program. All materials will be stored in the ENL office room 200.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Susan Mohan, our ELL Coordinator, will oversee the program and assistant principal Matthew Carneiro will supervise the program . All documents, including parent notification letters, purchase orders, and invoices, will be organized in the Title III ENL binder. The Title III binder will be in room 200. Parents will receive notifications and flyers about the Title III programs via Parent Square, and all flyers will be translated into multiple languages. Our parent coordinator and ELL coordinator will communicate directly with parents. We will utilize translation services provided by the DOE to translate school forms and flyers.

We will use data from the EDAT and FURBY tools to design small group instruction for our Title III programs. Each ELL group will be taught by a certified ENL/Bilingual teacher, who will provide direct instruction using flexible groupings. The home languages supported in the program are English, Spanish, and Polish.

The before and after-school program will serve students in grades K-5, with approximately 108 students expected to participate. Nine certified teachers will work with multilingual learners (MLs) and English language learners (ELLs) in grades K-5, meeting twice a week with 12 students in each group. The program will take place on Wednesdays and Thursdays from 2:40 PM to 3:40 PM. Additionally, a morning program in January will be held on Wednesdays and Thursdays from 7:15 AM to 8:00 AM.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Based on our data analysis using the NYSESLAT/ NYSITELL scores, there will be professional learning opportunities to enhance and support the instructional needs of our ENL students. We have the following percentages for English Language Learners (ELLs): 30% of ELLs are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level. Our ENL/Bilingual teachers in grades K-5 will be attending workshops throughout the year. ENL and classroom teachers jointly plan and assess instructional and language goals to meet the needs of the MLs/ELLs. The Bilingual Certified dual language teachers will engage in professional development focused on implementing high-quality bilingual instruction. Title III funds have been set aside for ENL/ Bilingual Teacher workshops across grades K-5 and teacher resource guides that showcase the very best reading strategies for MLs/ELLs. These workshops are given to teachers and support staff via Professional Development days. ENL and classroom teachers receive professional learning regarding language acquisition and the NYS Next Generation Learning Standards with co-teaching strategies and integrating language and content instruction for MLs/ELLs through in-house sessions and outside workshops. By providing the ENL/ Bilingual teachers with professional learning opportunities, teachers will be able to make instructional decisions for their MLs/ELLs. Professional learning opportunities will be built into our school's year-long Professional Learning Plan, which includes meeting on Monday afternoons, during our Teacher Team Meetings, and on Professional Learning days. ENL teachers and classroom Teachers are given the opportunity to attend workshop offerings from the Division of Multilingual Learners, and HMH Into Reading, HMH 3D English when offered. The HMH 3D English PD will be funded by Title III ELL Funds ($1,400) . All agendas and attendance records, from in-house and outside sessions, are kept in our ENL binder for the school year in the ENL Office, Room 200. ENL teachers will also receive training on NYISTELL/NYSESLAT state assessments. Our ELL coordinator will also attend professional developments throughout the year offered by the district. Professional development for our ENL/ Bilingual teachers will be provided throughout the year. All Title III professional development and OTPS expenditures described in this plan fall within Title III allocation limits, including no more than 10% of the total allocation for professional development and no more than 20% for OTPS, in accordance with Title III requirements.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

We have the following percentages for current English Language Learners (ELLs): 30% of our ELLs are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level. The NYSESLAT data reveals a consistent trend that MLs/ELLs score lower in writing and/or reading, and higher in speaking. We use data from the EDAT tool to identify modality strength and weaknesses to plan targeted instruction accordingly. Our Title III professional development for ENL/Bilingual teachers will focus on teaching academic content and writing to ELLs. This professional development will provide ENL/Bilingual teachers with the tools they need to target and improve reading, writing, and academic language for all learners across all grade levels. They will be able to identify the differences between social and academic language, analyze the academic language demands of a text, and examine research-based strategies. ENL/Bilingual teachers across grades K-5 will undoubtedly benefit from attending workshops that teach how to scaffold core curriculum units for multilingual learners. Our professional development is dedicated to language acquisition in alignment with core content area instruction. We focus on the best practices for co-teaching strategies and integrating language and content instruction for English Language Learners. We will provide ENL/bilingual teachers with the professional learning opportunities they need to create effective literacy instruction for MLs/ELLs across grades K-5. The teachers will focus on improving MLs/ELLs reading, writing, and vocabulary skills. Our in-house teacher surveys and teacher observation data prove the necessity of a Title III professional development plan for teachers of English Language Learners (ELLs). Acadience and MAP Growth data shows we need to increase professional learning and support for ENL/Bilingual teachers in core programs (HMH Into Reading and Wilson Fundations) and intervention programs (SPIRE, Sounds Sensible). We also need increased training and support for ELL stand alone instruction. ENL teachers receive professional development in the HMH 3D English program for entering and emerging students and this PD is funded through Title III monies. This professional development training provides support for ELL stand alone instruction four times a week. We also use ENL/Bilingual teacher input to shape the Title III professional development program. All agendas and attendance sheets are kept in our ENL Compliance Binder in the or the school year in the ENL Office, Room 200.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All certified teachers across grades K-5, attend workshop offerings from the Division of Multilingual Learners and HMH when offered, including online professional learning. Our certified teachers in grades K-5 will be attending workshops focusing on writing and reading. They will attend professional development throughout the year to meet the needs of Multilingual Students. The ELL Coordinator provides professional development to all teachers working in the Title III ELL program. ENL teachers receive professional development in the HMH 3D English program for entering and emerging students. This stand-alone instruction is given to entering and emerging students four times a week. In addition, ENL and Bilingual teachers across grades K-5, attend in-house professional learning workshops twice a month. The Nuts and Bolts of ELL-Related Items for School Administrators and ELL Coordinators. ENL

Teachers will also receive training on the NYSESLAT and the requirements for the ELL annual parent meetings. The ELL Coordinator also attends district compliance meetings throughout the year and provides ENL teachers with professional developments on topics discussed at the liaison meetings.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

ENL and Bilingual teachers across grades K-5, attend in-house workshops and attend ENL workshop offerings throughout the year in-person and online. All agendas and attendance records, from in-house and outside sessions, are kept in our ENL binder for the school year. Teachers in grades K-5 will be attending an HMH 3D workshop that focus on writing, reading, listening and speaking. This workshop will be held virtually on Monday afternoon January 26 from 3:15 to 4:15 p.m., and second session will be March 9 from 3:15 to 4:15 p.m. All agendas and attendance sheets will will be stored in our ENL Compliance Binder in the ENL Office, Room 200.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Our ENL and bilingual teachers in grades K–5 will engage in a range of professional development opportunities through ELT NYSUT, CITE, District 24 professional development, and various in-house sessions, offered both in-person and online. According to recent NYISTELL/NYSESLAT data, 94% of our English Language Learners (ELLs) are newcomers, while the remaining 6% are in the developing stage. We have the following percentages for current English Language Learners (ELLs): 30% are at the Entering level, 15% are at the Emerging level, 25% are at the Transitioning level, and 30% are at the Expanding level.

HMH 3D English professional development funded by Title III monies will address the needs of students at the Entering and Emerging levels, teachers will receive on-going targeted training in the HMH Reading & Writing, HMH 3D English program, available virtually. The HMH 3D English Program Training equips educators with the tools necessary to effectively implement the curriculum for students at the Entering and Emerging levels. This comprehensive professional development initiative is designed to empower our teachers with the knowledge and skills needed to support the diverse learning needs of our ELL population.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The name of providers: Division of Multilingual Learners, Maribel Enriquez, Andy Brown, and Susan Mohan, ELT for our ENL/ Bilingual teachers will be provided throughout the year. We will use Title III funds to provide a 3D English HMH professional development session facilitated by Genevive Holmes from HMH.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All agendas and attendance records, from in-house and outside sessions, are kept in our ENL binder for the school year. Susan Mohan our ELL Coordinator maintains all documents related to the school year Title III funds for professional development in the ENL Office, Room 200.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 153Q provides MLs/ELL parents/guardians with the opportunity to attend monthly workshops so that they can better assist in the education and learning of their children at home. Parents are invited to participate in parent workshops throughout the year focusing on ways parents can support their child with reading writing, math, and technology at home, ways to create an environment for reading at home, and how they can use their native language to support their child. ENL/Bilingual teachers, literacy coaches, guidance counselors, ELL coordinators, and the Parent Coordinator will facilitate these parent workshops. Classroom teachers of MLs/ELLs also have workshops for their parents. We will be providing parent workshops on various topics including homework help, instructional strategies, community support, and social-emotional support. Parents will be notified via Parent Square and through our Parent Coordinator. The Parent Coordinator and the ELL Coordinator will also be hosting workshops together focusing on supporting parents' and students' language needs. The parent coordinator and the ELL coordinator work together to ensure that all parents are well-informed in the language of their choice. While these activities are not funded through Title III monies they are geared toward families of ELLs.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The parent workshops are designed to address the needs of families and provide them with the tools necessary to support their children's learning at home. Parents complete surveys about activities, events, and topics of interest,

and the results are used to coordinate meaningful family engagement opportunities throughout the year. The key to productive and positive parent engagement is clear communication between school and home. The Parent Coordinator and ELL Coordinator emphasize through professional development that family engagement is essential to student success. Staff conduct workshops to help parents support their child's learning both at home and in school. These workshops also teach parents how to navigate online school portals, class websites, and parent-teacher apps to stay informed about academic progress.

Our school recognizes that newly arrived immigrant families and multilingual parents bring a wealth of cultural and linguistic knowledge to our community. PS 153Q's Title III program offers ML/ELL parents and guardians workshops led by the Parent Coordinator and ENL/Bilingual teachers from September 2025 through June 2026. Workshop topics and events include:
- Enrollment workshops and school open houses (January 5, 2026. 6:00 pm to 7:00 pm virtually)
- Helping Your Child Succeed in School - Exact Path (January 22, 2026 6:00 pm to 7:00 pm virtually)
- Ensuring Success for English Language Learners: What Parents Should Know (December 16, 2025 6:00 pm - 7:00 pm virtually)
- NYSESLAT Parent Workshop (March 26, 2026 9 am -11 am)

In addition, PS 153Q will host several school-wide parent engagement events throughout the year, including Art Night, STEM Night and Multi-Cultural Family Night. These events provide opportunities for families to connect, learn about instructional strategies, and celebrate cultural diversity within the school community. PS 153Q uses the Home Language Survey to determine the primary language spoken by each student's family. If a parent's preferred language is not English, translation and interpretation services are provided to ensure effective communication. These supports allow parents to be active participants in PTA functions, parent-teacher conferences, and orientation sessions, and to engage fully in their child's educational growth. We do use Title III funds to support our Multicultural Night which is an event specifically for ELL families.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Parent Coordinator, with the support of the ELL Coordinator and ENL teachers, will host a total of five parent workshops and school events, each lasting one hour. These workshops will focus on supporting both parents' and students' language development needs. ENL teachers will lead interactive sessions to guide parents in supporting their child's learning at home and in school. The sessions will run from September 2025 through June 2026.

Workshop topics include:
- Enrollment workshops and school open houses (January 5, 2026. 6:00 pm to 7:00 pm virtually)
- Helping Your Child Succeed in School - Exact Path (January 22, 2026 6:00 pm to 7:00 pm virtually)
- Ensuring Success for English Language Learners: What Parents Should Know (December 16, 2025 6:00 pm - 7:00 pm virtually)
- NYSESLAT Parent Workshop (March 26, 2026 9 am -11 am)

In addition, PS 153Q will host school-wide parent engagement events such as Art Night, STEM Night, and Multi-Cultural Family Night each year. Parents are invited to participate in these workshops throughout the year, focusing on ways to support their child with reading, writing, math, and technology at home, while using their native language to reinforce learning. These workshops provide families with strategies and information to strengthen home–school communication, reinforce English language development, and increase parent participation in their child's academic success.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Our Title III ELL Family Engagement Program will provide parents with the tools and information needed to help children transition successfully into school. These workshops will focus on academic, social-emotional, and well-being support, as well as practical strategies for helping students thrive both at school and at home.

Parent workshops will cover topics such as:
- Helping Your Child Succeed in School - Exact Path (January 22, 2026 6:00 pm to 7:00 pm virtually)
- Ensuring Success for English Language Learners: What Parents Should Know (December 16, 2025 6:00 pm - 7:00 pm virtually)
- NYSESLAT Parent Workshop (March 26, 2026 9 am -11 am)

Parents and guardians will learn how to support reading, math, and technology skills at home; create an environment that encourages reading; and use their child's native language to reinforce learning. The goal of these workshops is to strengthen family-school partnerships, enhance understanding of educational programs and policies, and build confidence in supporting children's learning at home. Our Parent Coordinator will assist families in understanding school dynamics and creating an inclusive environment where all parents feel welcome and involved in their child's education. In collaboration with the Bilingual School Psychologist and ELL Coordinator, we will host informational sessions for Pre-K and Kindergarten registration. These sessions will explain the application process through the DOE, including the steps needed even if the child is already enrolled at PS153, and information for families whose children may have an IEP.

In addition, PS 153Q will host several school-wide family engagement events, including:
• Art Night
• STEM Night
• Family Fitness Night

Our annual Multi-Cultural Family Night is specific to our ELL families and celebrates the many cultures represented in our school community. Parents are invited to share traditional foods, while students and teachers host activity stations and performances highlighting global games, music, and dance. Information regarding all programs and events will be made available in parents' home languages. The Parent Coordinator/Language Access Coordinator will ensure translation services are provided through the DOE as needed.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Every year we host a multicultural night for our ELL families which is in supported in part through our Title IIII funds. The event is on November 24, 2025 from 5:50 to 8:00 pm. Classroom teachers, ELL coordinator, parent coordinator, paraprofessionals and school administration attend and participate in the event. The event includes learning about different culture through art activities and music. As well a food from various cultures. Also included were dance performances through vendor Queens Dance Festival. Susan Mohan our ELL coordinator coordinates the event. Approximately 240 families members attend this event.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

The parent workshops will address the needs of the parents and provide them with the tools they need to support their children at home. The key to productive and positive parent engagement is a good flow of communication between school and home, we use the parent square app to provide communication with parents, teachers, administrators, specialists, coaches, and the parent-teacher organization. Parent square is our main platform to communicate with families. We also notify parents through email, phone, and flyers that we send home in multiple languages. Our school designated Susan Mohan our ELL Coordinator, and Omayra Syevens our parent coordinator, as our school LAC. Some resources that are available to parents are the "I Speak" cards so parents can request assistance in their language. The parent coordinator and the ELL coordinator work together to ensure that all parents are well-informed in the language of their choice. Many staff members are also available for translation services throughout the year. We also use the translation services provided through the DOE to translate school forms and flyers regarding school events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All agendas, sign-in sheets, and attendance records from family engagement activities and parent notifications are maintained in the ENL binder for the current school year in room 200. Electronic copies of communications and documentation are also stored securely for reference and compliance purposes in room 200. Interpretation and translation services are coordinated through the DOE Translation and Interpretation Unit, as well as the Parent Coordinator, to ensure all families have equitable access to information.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

13,315 w/o Fringe

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	9,315	Per session for Title III after school program or family engagement activity
