Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline

- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also

address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Helen M. Marshall

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Debra Rudolph	*Principal or Designee	
Christian Raio	*United Federation of Teachers (UFT) Chapter Leader or Designee	

Kathy Guerrero	*Parents' Association (PA)/President or Designated Co-President

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Helen M. Marshall School aims to nurture Corona-East Elmhurst students in becoming lifelong active participants in their own education, develop a sense of self and community and become responsible and compassionate members in our global society.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Helen M. Marshall school opened in 2010 to help alleviate over-crowding in District 24, specifically to support families in Corona and East Elmhurst. Since 2010, we have grown each year and currently serve approximately 510 students in Grades K-5. We have a Dual Language program that supports 125 students in kindergarten and grades one through five combined.

Our student demographics highlight that we are 92% Hispanic or Latinx, 5% Asian, 3% Black, and 1% Native American. Further, we have approximately 55% English Language Learners and 21% of our students have IEP's (Individual Education Plan).

We have a developed a strong partnership with New York Cares to support our students and families on an ongoing basis. For the last four years we have been a member of their School Success Initiative. Through this partnership we have been able to provide our families with learning and extra-curricular opportunities such as read-aloud sessions, social-emotional learning, science enrichment, yoga, math enrichment, sports and fitness, visual arts and crafts etc...

We work with Maspeth Town Hall, which provides our families with a fee-based after-school program Monday through Friday. During these after-school sessions, students receive homework help and participate in enrichment activities such as sports, drama, and visual arts.

For the upcoming school year, we have been awarded a partnership with The Department of Youth and Community Development (DYCD); and are currently interviewing to find the best CBO provider to support our school.

Briefly summarize the key initiatives your school will implement this school year.

The school will continue to prioritize our implementation of HMH. Last year, we implemented the Signposts, which are Notice and Note strategies for close reading and support post-reading discussions. In Grades K-3, we implemented a new Phonics Curriculum. Our ILT selected Really Great Reading, based on our school's learning about the science of reading through several staff members participating in LETRS. The program provides instructional materials to support our students in their development of foundational reading skills. For the upcoming school year and based on central guidance, we will be prioritizing the execution of a Launch Lesson in ELA and a midpoint check-in within every module so grade teams can analyze student work and data to make real-time adjustments.

Our school launched mCLASS two years ago and we recently learned that we will be continuing to use this screener to assess our students' literacy skills in both English and Spanish. This data platform has informed student groupings and allowed us to use data to make SMART MTSS decisions in our school. We will continue to use BOOST to progress monitor and ensure that students engage in active reading practice. We have a daily WIN block built into the master schedule for all grades and will

continue to combine the following grades when it comes to implementation: (2 and 3/4 and 5).

Our school's STEM Theme is Design Thinking. Next year, all grades will prioritize three science curriculum units, we selected one MY Science unit aligned to HMH and Amplify and two that will support the NGSS Science & Engineering practices from The League of Young Inventors. For example, the kindergarten unit will be Balancing Mobiles and Parachutes and Grade 4 will be Marble Runs and Building Bridges. Our fifth-grade staff will continue to implement the SAIL (Science and Integrated Language) curriculum, promoted by NYU. This NGSS-aligned instructional curriculum for fifth grade students was designed with a focus on English Language Learners.

In terms of literacy, we will prioritize active reading practices, formally outline our literacy block components (K-5) and further develop our teachers' understanding of the progression of phonics to support them with implementing systematic, explicit phonics instruction.

In terms of mathematics, last year we crafted a schoolwide mathematics summative assessment blueprint that increased the total number of test questions, the types of items on the assessment, and the point values for each item to support the interleaving of content and improve our students' learning of math content. For the upcoming school year, we will continue to prioritize the execution of a Launch Lesson at the onset of every topic to support the citywide shifts in mathematics. This Launch lesson will consist of a low-floor, high-ceiling task. Monday PD will include planning time to support the execution of these lessons. Midyear last year we acquainted all grade teams with the book entitled Mathematics Tasks for the Thinking Classroom. ILT will, for the upcoming year, outline criteria for low-floor-high-ceiling tasks so we can continue to craft and revise our tasks to provide cognitively demanding grade-level work to all learners, with an emphasis on sense-making, which is city-wide priority shift for the upcoming year.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH - Eng./Span. - Digital and Print	Pacing, Level of Support, Input/Output, and Alternate Goals (driven by a child's IEP)
Math	K-5	enVision Math 2.0 - Eng./Span. - Digital and Print	Pacing, Level of Support, Input/Output, and Alternate Goals (driven by a child's IEP)
Really Great Reading - Phonics Instruction	K-3	Digital and Print	Pacing, Level of Support, Input/Output, and Alternate Goals (driven by a child's IEP)
Heggerty - Phonemic Awareness	K-2	Print Only	Pacing, Level of Support, Input/Output, and Alternate Goals (driven by a child's IEP)
Bridges - Math Intervention	K-5	Digital and Print	Pacing, Level of Support, Input/Output, and Alternate Goals (driven by a child's IEP)

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall Reading Composite for our students in Grades K-3 based on mCLASS EOY data, administered in June 2025 that are At or Above Benchmark as it pertains to Word Reading Kindergarten 50% (32/65) Grade 1 46% (34/74) Grade 2 47% (34/73) Grade 3 40% (29/72) The Reading Composite since we have been using mCLASS is on an upward trend (EOY in 2023 - 28%-42%). We must continue this accelerated progress.	We are a mCLASS pilot school in Year 2 of implementation. The work period during our reading block still remains a challenge. More active reading by the students (eyes on text) is a priority.	More active reading practice by students during our daily reading block and WIN.
Word Reading Data for our students in Grades K-3 based on mCLASS EOY data, administered in June 2025 that are At or Above Benchmark. Kindergarten 42% (23/65) Grade 1 34% (25/74) Grade 2 41% (30/73) Grade 3 57% (41/72) Word Reading Data since we have been using mCLASS is on an upward trend (EOY in 2023 - 23%-34%). We must continue this accelerated progress.	We need more students to utilize what they know about letters and sounds to read the words on the page. They can't guess the word, based on recall or because they recognize the first letter in the word. They must work on blending the sounds to read the CVC words and develop orthographic mapping—the mental process that allows readers to recognize words instantly, without needing to sound them out every time.	More Active Reading and Dictation Practice

Fluency Reading Data for our students in Grades 1 through 3 based on mCLASS EOY data, administered in June 2025 that are At or Above Benchmark. K: - Fluency is not measured Grade 1 39% (29/74) Grade 2 49% (36/72) Grade 3 51% (37/72) Fluency Reading Data since we have been using mCLass is on an upward trend (EOY - 22%-42%). We must continue this accelarated progress.	Students need more phonics instruction, specifically with complex letter combinations and multi-syllabic words.	Explicit Instruction and practice in Fluency

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50%	By June, 2026, literacy for All Students will improve, as measured by a decrease of 10% points, from 50% to 40%, scoring Well Below Benchmark on the Word Reading component on the mCLASS component - Word Reading .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Leverage our EOY data to determine our starting point for Really Great Reading in Grades 2 and 3, since the curriculum is identical. Really Great Reading is a DOE approved foundational phonics curriculum. Our WIN Block groups will be organized based on BOY data in September and students will be progress monitored approximately every 2-3 weeks.
Further, we will organize our before and after-school programs in conjunction with our data needs, specifically targeting our students in Grades 2 and 3.

We will support this by teaching phonemic awareness and phonics explicitly, use decodable texts to reinforce sound-symbol relationships. Encourage writing as a way to reinforce spelling patterns and revisit high-frequency words in context, not just through the use of flashcards.

Root Cause Addressed:

We need more students to utilize what they know about letters and sounds to read the words on the page. They can't guess the word, based on recall or because they recognize the first letter in the word. They must work on blending the sounds to read the CVC words and develop orthographic mapping - the mental process that allows readers to recognize words instantly, without needing to sound them out every time.

This addresses the root cause because if the students have limited phonemic awareness, they can't blend words. Blending words with automaticity is important because it is a precursor to strong word reading skills and will support their reading comprehension.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Begin Really Great Reading in September for all grades and leverage EOY data from June 2025 to determine Grade 2 and Grade 3's starting point since the curriculum is identical.
Organize WIN groups across both of these grades in late September to support students where they are using BOY data. Then,

progress monitor the students on Fridays every two-three weeks and adjust student groups accordingly.
Leveraging the support from our mCLASS consultant (Mr. Silver) across the grades, with the following foci: active reading strategies using decodables, and a timed outline of the Literacy Block.
Use the decodable texts aligned to Really Great Reading to reinforce the sound-symbol relationships that are taught in the program, so the students have active reading instruction.
Organize PL sessions on Mondays that target the phonics progression for teachers.
Leverage the first 37 school days (September-November) by administering a diagnostic during the first week of school and begin targeted WIN instruction with those students. (Diagnostic - CORE Phonics Survey)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Create a progress monitoring schedule during ILT for the teachers to adhere to (every two-three weeks) at the beginning of every WIN cycle. (November/March)

Leverage cabinet meetings monthly to review student progress monitoring data easily and regularly directly from the mCLASS portal. (Word Reading)

Create student groups on the mCLASS platform so we can progress monitor 15 students across each grade level to gauge impact, with a priority focus on ENL's and SWD students.

Conduct walkthroughs during our daily WIN Blocks (November-March) to observe active reading by students in action. What are we seeing? Are students fake reading or reading aloud (Time on Text)? Are decodables being utilized by students? What are teachers doing well? What do they need to work on? What shifts in professional learning are needed? Which teachers could

be filmed/observed by others?

Use ILT meetings to map out the Pd. calendar per semester, to ensure that we prioritize Mondays to unpack BOY, MOY, and EOY to inform and revise student groups, when needed.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Conduct 'State of the School' segments during two-three Family Town Halls to share the status on this CEP goal and the progress or lack thereof to modify and revise.	NA
09/04/2025	06/26/2026	Develop 'Parent Academies' to educate them on how essential reading skills are taught and how to make reading part of family life at home.	Public Library

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, mCLASS Management Team, Administration/CEP Centrally Funded IEP teacher to support small groups as a means of prevention, HMH Coaches to prioritize outlining a full literacy block that includes essential copmonents

Instructional Resources

Core Phonics Survey, Phonics for Reading, Heggerty, Really Great Reading, HMH resources, and the mCLASS platform that contains grouping resources and materials to facilitate small group instruction

Schedule Adjustments

WIN Blocks are built into the Master Schedule by grade level, which is orchestrated in July 2025

Other Resources Needed

NA

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
91.1% (82/90) responded to a Parent Poll in May 2025 during a Family Town Hall that this DESSA competency should be a focus for the 2025-2026 school year. This represents a change in focus from last year's parent poll.	We received feedback from families that in the cafeteria and during lunch recess are two spaces that need more support. Most student conflicts don't start with malice; they start with misunderstandings, misread cues, or unmet emotional needs	Responsible Decision Making
OORS Data (2025-2026) Level 3 Infractions 75/163 = 46% Level 4 Infractions 45/163 = 27.6% Levels 3 and 4 combined 120/163 = 73.6% Total # of Incident Reported - 163 This is a trend we want to continue to decrease as in 2024 we had 85.5% (264/309) Levels 3 and 4 combined.	Some cafeteria configurations in terms of which grades eat together need to be revisited for the following school year based on an OORS analysis.	Reduce the % of Level 3 and Level 4 OORS reports
95% of the families responded favorably that they are made aware if there are any concerns about their child's social or emotional well-being. (2025 NYC School Survey - Parent Responses) In 2024, 93% of the families responded favorably that they are made aware if there any concerns about their child's social or emotional well-being. We want to continue this upward trend.	Parent Feedback is that they would like the school to engage children in more 'teaching and learning' when it comes to how they engage with their peers during social settings.	Parents are asking schools to place a stronger emphasis on the teaching social skills. (Regular Community Meetings - to promote Tier I support)

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	73.6%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a decrease of 8.6% points in the number of Level 3 and 4 OORS incidents from 73.6% to 65%, per the OORS Data.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Monthly Community Meetings will include a DESSA component, which will be responsible decision making. This will become a fixed teaching and learning space for our students' whole school. grounding relationship skills. We will turn those submitted reports into meaningful, skill-building scenarios to be used during monthly Community Meetings lead by the guidance counselor and the school social worker.

This instruction in real student experiences will make the learning more relevant, respectful, and resonant. We will turn anonymized reports into short narratives or role-play prompts. For example: “A student who was also absent the day before, felt left out when their friends group made plans to share their snacks during lunch. This turned into a public argument. How could this have been handled differently?”

Root Cause Addressed:

This addresses the root cause of the issue because there will be a constant space to support the teaching and learning of decision making, a social-emotional competency that includes problem solving, critical thinking, open-mindedness, honesty and integrity, and evaluating outcomes and alternatives.

Students with strong decision-making skills are more likely to avoid risky behaviors, resolve conflicts peacefully, and take responsibility for their actions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Community meetings will be calendared during the month of August, and responsible decision making will be the SEL focus.
Use restorative circles, fishbowl discussions, or partner role-plays to explore each scenario that was gleaned from OORS reports during monthly Community Meetings by grade level. (with an emphasis on Grades 2-4) Ask students to reflect: What went wrong? What emotions were involved? What relationship skill could have helped?
Invite students to co-create scenarios or share anonymous experiences they’d like to explore. Leverage this topic during Student

Council meetings. This will build ownership and ensures the content stays relevant.
A teacher survey will also be sent out to understand some common examples of conflict among students that occurs in the classroom and should be addressed during Community Meetings.
We will utilize monthly CRISIS meetings to unpack OORS data so we can monitor and adjust as needed. (understand location-based trends and the nature of the relational conflicts)
At-risk counseling will be provided to those students when OORS data trends are noted

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Community meetings will be held monthly, and we will turn anonymized reports into short narratives or role-play prompts.

Monthly Crisis meetings will monitor and review OORS data.

The teacher survey data will be reviewed and incorporated into out Community Meetings as it pertains to types of conflicts that should be addressed.

Review Community meeting agendas during Cabinet meetings to ensure that

Map out our school's conflict hotspots and design a student-led conflict audit with the support of our Student Council representatives in grades 2-5 during the month of December (shortly after taking office - November 2025)

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	A parent poll will be extended to families to also understand examples of conflict among students based on student testimony shared with families.	NA
09/04/2025	06/26/2026	Conduct a 'State of the School' segments during two-three Family Town Halls to share the status on this CEP goal and the progress or lack thereof to modify and revise.	NA

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Guidance Counselor, School Social Worker, and Classroom teachers who will be utilized to act-out scenarios

Instructional Resources

SEL curriculum resources and OORS report descriptions

Schedule Adjustments

Community meetings will be scheduled and built into the master schedule (7x during the school year) and at-risk counseling will also be provided for pointed students

Other Resources Needed

OORS incidents (trended gleaned from actual incidents that have been reported

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Spring 2025 (EOY) Math MAP data Grade 3: 53% of the students scored in between the 1-40th percentile Grade 4: 55% of the students scored in between the 1-40th percentile This is trend is consistent with NYS Math Exam data.	In Grade 4, fraction concepts take a big leap from basic understanding to more abstract and multi-step applications. This is a big content leap in teacher content and pedagogical knowledge.	Numbers and Operations - specifically fraction concepts (aligned to the Next Generation Standards)
Question Breakdown based on the June 2025 Instructional Report (NYS Math Exam) Grade 3: 8 Questions/9 points - 55% of questions correct Grade 4: 9 Questions/12 points - 55% of questions correct Grade 5: 15 Questions/17 points - 44% of questions correct Fraction concepts also connects to multiplication and division Arrays, equal groups, and number lines Inverse	Fraction Concepts - they continue to build and get more complex. Teachers are not engaging students in consistent, targeted small groups during the math block. 3rd Grade: Students are introduced to the concept of fractions—what they are, how to model them with shapes and number lines, and how to compare them. 4th Grade: They dive into equivalent fractions, simplest form, and start adding and subtracting fractions with like denominators. They also begin multiplying fractions by whole numbers. 5th Grade: Things get real - students learn to add and subtract with	Subskill Need - Fraction Concepts

relationships between multiplication and division Interpreting remainders in word problems	unlike denominators, multiply fractions by fractions, and divide whole numbers by unit fractions (and vice versa).	
89% of the families responded favorably that their child is progressing in math the way they would expect. (2025 NYC School Survey - Parent Responses) There was no change from the previous school year.	Struggles with literacy are easier to spot early, this has prompted our school to invest heavily in reading support programs, especially with our MTSS work - WIN Blocks across all grades.	Systems and structures are needed to support more math progress

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	41%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at the 41st percentile or higher in Numbers and Operations in Grades 4 and 5 will Increase by 9% points from 41% to 50% , for All Students, as measured by MAP results .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

All Math Topics in enVision Math 2.0 will begin with a Launch Lesson and be aligned to Math Bridges Intervention. This lesson will invite students to engage in a Low-Floor, High-Ceiling Math Task. (Shift # 2) This launch lesson approach is meant to develop sense making (Shift # 1) by helping the students connect their learning. Monday pd. time will afford the teachers to work in grade teams to plan out and revise their Low-Floor, High-Ceiling Tasks using school-wide criteria that will be created during ILT sessions in the fall. This key strategy addresses the Math Shifts (# 1 and #2) outlined by the DOE.

Math Bridges will give teachers access to an intervention program to facilitate Tier II intervention in the classroom.

Root Cause Addressed:

This addresses the root cause because the students will have regular 'touch points' that exposes them to rich engaging tasks. These tasks will provide cognitively demanding grade-level work to all learners. Further, the teachers will now have access to an additional resource (Bridges Intervention) to support their instruction when facilitating small group instruction. Bridges is organized into Volumes and Modules by concept. Each module is five lessons long (four instructional lessons + progress monitoring)

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Incorporate spiral review (interleaving) into our topic assessments to strengthen our students' retention of math content taught to date. Many of the questions we will use to spiral content will come from prior state exams (release questions) that are available to us online, with an emphasis on fraction concepts.
Prioritize Grade 4 and 5 teachers to participate in 'Core Four' to build capacity with Math Bridges Intervention program. Core Four members will administer the program diagnostic and select 5-6 students each to pilot the program in their respective classes. The target focus will be fractions.
Engage our school's ILT is crafting criteria for what makes a quality math task and use that to revise and plan math tasks.

Calendar Monday Pd. sessions that allow grade teams to meet and either plan or revise math tasks using the criteria we establish.
Organize a math program either before or after school that targets Grade 4 and 5 students who need additional support with fractions. (Fractions Action Lab/Fraction Fun Club)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use several ILT meetings during the month of September and October to establish math task criteria. This will build our teacher's capacity as they plan new tasks and/or revise them. Peer reviews of math tasks will be a structure that will take place in grade bands (K and 1, 2 and 3, and 4 and 5) to support their teaching and learning around the planning of these tasks.

Sense-making Questions: (Shift #2)
What information do we want to know about our students? / Will this task give us that information? How does this task connect to ideas that were just taught in the prior topic or build on what they learned last year?

Core Four will meet starting in October 2025 to identify focus students across the grade five classes, based on their BOY Math MAP data. Then, execute the Bridges Diagnostic, and implement several modules aligned to key essential fraction concepts. This will target content and skills under the umbrella of Numbers and Operations, which is a core cluster in Grades 4 and 5. We

will begin by targeting Grade 4 fraction concepts that remain a need and then move to more abstract and multi-step applications that are covered in Grade 5.

ILT will map out the pd. calendar for the school year during the month of September, to ensure that we prioritize Math Grade Team sessions at least once a month.

Use cabinet meetings to review our focus students' (approximately 15 students) from Grades 4 and 5 whom have been engaging in Bridges Intervention.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Conduct 'State of the School' segments during two-three Family Town Halls to share the status on this CEP goal and the progress or lack thereof to modify and revise.	NA
09/04/2025	06/26/2026	Conduct 'Parent Academies' that teaches them games and activities they can do at home to reinforce essential math concepts - specifically as it relates to fractions.	NA

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

D24 Math Instructional Lead, Members of Core Four, ILT members, and Bridges Staff Developer

Instructional Resources

Bridges Intervention Program and book resources from Peter Liljedahl - Mathematics Tasks for the Thinking Classroom

Schedule Adjustments

Organize time for ILT and Core Four to meet regularly - at least every two weeks (October-May)

Other Resources Needed

NA

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
85% of the families responded favorably that the school helps them to prepare their child for college, career and success in life after high school. (NYC School Survey 2025 - Parent Responses) This was a 2% decrease from the year prior.	Feedback to administration was that our College and Career Exploration Week in November is not enough to support college, career, and success in life after high school. We need to educate and inform our parents more about the middle school process.	Middle School Process (from beginning to end)
86% of the families responded favorably that the school provides resources to me and my child to prepare my child for college, career, and success in life after high school. (NYC School Survey 2025 - Parent Responses) There was no change from the year prior.	Families communicated that they also want information and resources about the middle school options besides the school that they are zoned for.	Understanding Middle School Choice to support their children's strengths and needs
86.8% of (79/91) families communicated via a parent poll in May	When students are prompted about	Clarify what is

2025 during a Family Town Hall that they want more information around the middle school process. 100% (91/91) of the families communicated via a parent poll that they want their children to be better informed regarding the leap to middle school to support a smoother transition. This is the first year that this data has been collected.	where they want to go to middle school; they responded - "I want to go to this school because my friends are going there." "My mom wants me to go there because it is nearby."	changing when their children transition to middle school

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	85%	PS 330 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Increase in parents responding favorably that the school helps them to prepare their child for college, career and success in life after high school through the middle school process for All Students will increase by 5% points from 85% to 90% as measured by New York City Survey (Parent Responses) .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent information sessions and Grade 5 community meetings will be the spaces used to educate and inform parents about the middle school process. Navigating the middle school process is a big leap for both students and their families. Topics during these sessions will include updates on enrollment, school policies, and opportunities to hear directly from sixth grade students and school representatives.

Root Cause Addressed:

This addresses the root cause because our families want more support when it comes to the middle school process for themselves and for their children. Middle school marks a shift not just academically, but socially and emotionally too. Students go from being the oldest in elementary to the youngest in a new environment, all while navigating more independence, changing friendships, and higher expectations. We want our parents to be empowered and make these decisions based on what they know about their own child. (social-emotional fit, learning styles, child's strengths/needs, specialized programs, commute and schedule)

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Structure monthly Community meetings so that they include a segment on the middle school process. Students in grade 5 will also be invited to keep a monthly journal so they can document their learning about the middle school transition.
Organize a College and Career Exploration Week for all students during the week of November 17 - prioritize segments specifically for Grade 5 students that addresses the middle school transition.
Use the Middle School process to invite the fifth-grade students to take a career inventory (RIASEC) survey to help them understand their interests and hobbies to support their parents and themselves with their middle school placement.
The guidance counselor will conduct information sessions and one-on-one meetings with the families to help them navigate the application process.
Use Parent Square to post and inform parents regarding Open Houses. Provide sample questions to ask at open houses or when

visiting schools. Share crucial deadlines in a timely manner.
Organize Family Town Halls that include the active participation of their fifth-grade child so they can serve as a support system for each other as they learn together about the middle school process.
Use an internal survey to measure how well we are supporting students and families through the middle school transition.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will analyze the RIASEC survey after our grade five students take it during their September Community Meeting to help them understand their interests and career paths. We will use these survey results to plan and organize College and Career Exploration Week + additional segments that will target the middle school transition. (Time management, peer relationships, digital citizenship, and self-advocacy)

Map out a list of topics in August that the school guidance counselor should cover during her middle school information sessions + calendar important deadlines as they become available. Parents already shared the following transition topics they would appreciate learning more about: digital life and safety, home-school communication, identify exploration, and peer pressure.

Calendar parent info. sessions in early September to explain the application information, academic expectations, schedules, and support services available in middle school.

Collect feedback from students and parents through the use of an internal survey. Use the month of August to draft an internal survey.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	01/30/2026	Use Family Town Halls to communicate with families' topics covered during Community Meetings that support the middle school process.	NA
09/04/2025	06/26/2026	Leverage ParentSquare to post important deadlines and share videos or virtual tours of middle schools.	Middle School Staff
09/04/2025	06/26/2026	Conduct 'State of the School' segments during two-three Family Town Halls to share the status on this CEP goal and the progress or lack thereof to modify and revise.	NA

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance Counselor, Parent Coordinator, Feature Speakers that we can secure to attend our Family Town Halls or our Community Meetings.

Instructional Resources

Middle School Videos or Virtual Tours, RIASEC Survey (paper format)

Schedule Adjustments

Plan monthly Community Meetings aligned to the Master Schedule for the school year

Other Resources Needed

NA

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
89% of parents responded favorably to the following question: The school offers a variety of programs, classes, and activities to keep my child engaged in school. (2025 NYC School Survey - Families) This was an increase of only 1%.	New York Cares has decreased the number of programs and classes they are able to offer the school. We also did not receive any Arts grants that were written in June 2024 for this school year.	Offer a greater variety of programs, classes, and activities to keep my child engaged in school.
15.5% (75/450) attended Maspeth Town Hall this year. (2024-2025) We were a full fee-based program, and parents had to pay $300.00 monthly. This is a decrease of 50 students from the year prior when we were under a partial grant (LEAP funding) and the fee was only $125.00 per student. Further,15 out of the 75 students that attended Maspeth Town Hall this year were funded with allowable school STH funds.	The increase in price for Maspeth Town Hall was not feasible for many families, especially for families with multiple children. The Sanctuary Village Center is now a DHS shelter, and fewer families received vouchers through the city to cover after-school services.	After-School programming that is more affordable for families that reside in East Elmhurst-Corona.

1 out 5 Grants (20%) written by the administrative team in June 2024 were awarded to the school during the 2024-2025 school year. The grants that were written were discussed during SLT meetings conducted in April and May 2024. In 2024, 4 out of 5 Grants that were written were awarded to the school.	More schools are writing grants to expand the variety of programs offered, expiration of pandemic-era relief programs, and the city is prioritizing small class size funding.	Leverage the interests, skills, and talents of school staff to support the school in offering a greater variety of programs and classes either before or after-school.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	89%	PS 330 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By May, 2026, the percentage of parents/families feel the school offers a variety of programs, classes, and activities to support their child's overall development will Increase by 4% points from 89% to 93% as measured by New York City Schools Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Leverage the summer (July-August 2025) to conduct field work to prioritize developing new partnerships and opportunities to bring in new programs, classes, and activities to our school. Further, research new grant opportunities and visit with local politicians to advocate for our school, build community support, and open doors to new resources.

Root Cause Addressed:

This addresses the root cause because the summer offers the time, space, and strategic opportunity—without the daily whirlwind of the academic year to plan. These partnerships can provide mentorship and tutoring programs, health and wellness services, cultural and arts enrichment, and
family engagement and wraparound support.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with local politicians and/or invite them to visit our school to discuss CASA funding and build community support.
Write grants to build new partnerships to expand the variety of programs, classes, and activities that are students are engaged in at school aligned with family feedback that was obtained.
Analyze the student survey results that was given to our 2024-2025 Student Council representatives in June 2025 to serve as an anchor for planning.
Poll staff to understand their interests, skills, and talents to leverage them to facilitate before and after-school programs during the school year. Create a 'Staff Talent Wall' with those results.
Utilize Family Town Halls to poll families regarding what types of programs they would like to see come to our school
Interview DYCD partners in July to support after-school programming for the upcoming school year.

Schedule and organize any Grants that the school receive and promote on school media and during Family Town Halls.
Poll parents during Family Town Halls

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Create an internal school survey modeled after the NYC Family survey and monitor those results across the year (October/February/May)

Schedule Family Town Halls for the school year in July 2025 and prioritize three of them to engage families in a parent poll to understand if we are making progress. (October/February/May)

Host student forums or focus groups on an ongoing basis throughout the school year to gather feedback in a collaborative setting regarding the programs, activities, and classes that are being offered (what's working and what needs a rethink).

Conduct an inventory check-in for new programs, classes, and activities to assess what's in place, what's needed, and how well resources are being used. (September 2025/January 2026)

Review our "Staff Talent Wall" that highlights our teacher's superpowers. Then, match teachers to programs, classes, and activities that reflect their strengths and that addresses what is needed.

Track enrollment numbers, attendance, and engagement levels across the year (during and after each program, class, and/or activity)

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
07/01/2025	07/21/2025	Invite parents to the join the school in the interview process as we identify a new DYCD provider for the upcoming school year.	Three DYCD providers that has been matched with our school
09/04/2025	06/26/2026	Conduct Family Town Hall sessions to share this CEP goal, understand needs and interests, and poll the attendees to monitor the school's progress towards this goal or lack thereof to modify and revise.	Community Partners that are invited to attend to our Town Hall to communicate firsthand how they are supporting our students.

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Community Assistant, STH Liaison, DYCD providers, School Staff, New York Cares, Grant Partners, and local politicians that represent Corona and East Elmhurst

Instructional Resources

Depending on the program, class, and/or activity - curricula and supplies may need to be purchased or copied

Schedule Adjustments

Master schedule must be reviewed and used to coordinate programs, classes, and activities

Other Resources Needed

Allowable school funds depending on the program, class, or activity that is organized

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per the New Visions Attendance Report, June 2025, the average attendance rate of all K-5 students is 91.45%. This is a slight increase from 2024. (89.89%)	Some students still struggle with adjusting back to in-person or regular attendance. Both parents/guardians may have to work one or more jobs and not be available to get child/children ready for school if they must leave home before students do. Students, who are walkers, may not be mature enough to get themselves ready for school and may stay at home. Parents who leave home before their children and who arrive after their child gets home, may not be aware that their child was absent from school. Lack of clear priorities and an awareness on why attendance matters Pandemic aftereffects (COVID-19) disrupted routines and made absenteeism more normalized.	We need to know exactly why students are absent in order to most effectively support each family, by using an improved communication system between families and school
As per the New Visions Attendance Report, June 2025, the average attendance rate for kindergarten is 89.8%, as compared to the average attendance rate for Grades 1-5, which is 92.62%. To date, 124 of 453 students or 27% are	Kinder families may not prioritize sending children to school. Poor time management - lack of routines. Unaware that they can still send the students to school; even if they are late Lack of sleep or poor health habits no sleep hygiene or lack of physical activity. Screen time before bed.	Instilling the importance of foundational academic and social skills to families of kindergarten students

chronically absent or have an attendance rate below 90%.		
As per the New Visions Attendance Report, June 2025, Students in Temporary Housing (STH) account for approximately half of the student population in each grade. Sixty four of 221 students or 29% of STH have an average attendance rate below 90%. Kindergarten has the highest rate of chronic absenteeism at 43%, followed by Gr 1, with 30%; Gr 3, 29%; Gr 4, 24%; Gr 5, 22%; and Gr 2, with 19%.	High immigrant population of new arrivals who may not have resources or a support system to sustain a high attendance rate throughout the school year Insufficient communication with families about attendance and Chancellor Regulations. Families may be under stress to find housing, may be food insecure, may have immigration and other appointments with their children. As a result of a lack of stability, children may also have anxiety and may not want to leave families to attend school Poor time management - lack of routines. Unaware that they can still send the students to school; even if they are late Lack of sleep or poor health habits no sleep hygiene or lack of physical activity. Screen time before bed.	Strong partnerships with the Case Managers that work with the families that are in the DHS Shelter that is associated with our school. Increase communication with parents around Chancellor Regulations & attendance. Supporting children and families with social-emotional support and other life skills to navigate a new system

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	91%	By June, 2026, the Attendance Rate for All Students will increase by 3% points, from 91% to 94%, as measured by the New Visions Chronic Absenteeism Reports.
Students in Temporary Housing (STH)	71%	By June, 2026, the Attendance Rate for Students in Temporary Housing (STH) will increase by 4% points , from 71% to 75%, as measured by the New Vision Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop a systematic process of communication between families and school around attendance.

Institute a school-wide process when students are absent, so that all staff members and all families are aware of and are in a position to support implementation of policies.

Root Cause Addressed:

Both parents/guardians may have to work one or more jobs and not be available to get child/children ready for school if they must leave home before students do. Students, who are walkers, may not be mature enough to get themselves ready for school and may stay at home. Parents who leave home before their children and who arrive after their child gets home, may not be aware that their child was absent from school. Therefore, the school may not be aware about why students are absent.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Administration, the PPS Secretary, teacher representative, Parent Coordinator, Guidance Counselor, SLT and Social Worker will create a system of communication between families and the school as it relates to attendance. The system will be housed in Google Drive and shared with teachers by administration and with families by the Parent Coordinator, Guidance Counselor and Social Worker.
The Parent Coordinator, Guidance Counselor and Social Worker will hold at least two workshops in September to teach new families how to use ParentSquare for effective communication with school staff; and provide a refresher for families, as needed. Parents will be notified with backpacked letters, phone calls and/or email. The Parent Coordinator will also post a flyer on the school's bulletin board for families.
The Parent Coordinator, Guidance Counselor and Social Worker will hold at least two information sessions for families in September, about the importance of attendance in kindergarten, as it relates to academic achievement and social emotional development.
Success Mentors will be assigned to targeted students in Grades 1 and 4 to monitor their attendance year-round.

Punch cards will be used as an easy visual to help the students and families see their own progress with regards to their attendance success.

Key Strategy 2 (Optional):

Select an SEL assessment to be administered by families to their child, in order to identify needs of students and their families; and provide targeted support.

Root Cause Addressed:

High immigrant population of new arrivals who may not have resources or a support system to sustain a high attendance rate throughout the school year

Insufficient communication with families about attendance and Chancellor Regulations.

Families may be under stress to find housing, may be food insecure, may have immigration and other appointments with their children.

As a result of a lack of stability, children may also have anxiety and may not want to leave families to attend school

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with families in September. Families will be notified about the date and purpose of the meeting. Families will be notified with backpacked letters, phone calls and/or email. The Parent Coordinator will also post a flyer on the school bulletin board for families. Teachers will also be notified about all meetings with families.
Facilitators will discuss the purpose of the meeting, the rationale for administering the social emotional assessment and the ways in which families could be supported.
The Parent Coordinator, Guidance Counselor and Social Worker will follow up with families to ensure all assessments have been completed and returned to the school or submitted via Google Forms, by September 30, 2025.
The aforementioned team will review the results of the assessment and tier students according to need. Students will be assigned a specific team member to work with.
The team will meet with the District's Attendance Coordinator as well as the Case Manager for DHS, by the second week in October, in order to ensure that they are very familiar with families, what they are experiencing and how best to support them.
The Parent Coordinator, Social Worker and Guidance Counselor will do weekly or monthly check-ins, depending on the attendance data. They will also hold bi-weekly meetings to report on their cases.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

New Visions Attendance Data will be checked on a weekly basis by team members for the students they have been assigned. Team members will follow up with the school secretary and classroom teacher regarding any student who is absent for one or more days; and, if necessary, they will follow up with families to provide support.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Provide supports to families, as needed in order to increase the rate of attendance	DHS
09/04/2025	06/26/2026	The STH Social Worker at our school will engage in regular attendance outreach with families to address immediate concerns and challenges.	NA
09/04/2025	06/26/2026	Conduct 'State of the School' segments during two-three Family Town Halls to share the status on this CEP goal and the progress or lack thereof to modify and revise.	NA

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
As per the 2024-2025 NYC School Survey, 97% of teachers believe they are able to develop appropriate IEPs for their Students with Disabilities There was no change in this data point as per the 2023-2024 NYC School Survey.	General Education teachers in ICT classes across all grades are not fully engaged in the development of the student's Individual Education Plan IEP's School-wide structures are needed to support annual goal progress monitoring. Drilling down to understand that the goal is realistic, achievable, and supports the students' needs.	IEP Development and Fidelity of Implementation
As per the 2024-2025 NYC School Survey, 75% of parents stated that the school helps prepare their child	Since this is a K-5 school, teachers may not consistently make explicit connections to high	Transition Planning and

for college, career, and success for life after high school. As per the 2023-2024 school year, 72% stated that the school helps prepare their child prepare their child for collegge, career, and success for life after high school. (This is a 3% point increase)	school, or college and career readiness in the classroom and in parent meetings.	Compliance
(21.9%) 99/452 students have an IEP across all grades cited in the June 2025 Central data system level report This is a slight upward trend since 2021 (88/454) 19.38%	This year we do have an influx of students that are currently undergoing the evaluation process.	Referral Process and Equity
As per the 2024-2025 NYC School Survey, 94% of parents of students with IEPs stated that conflicts are resolved fairly at their child's school. As per the 2023-2024 school year, 93% of parents of students with IEP's stated that conflicts are resolved fairly at their child's school. (This is 1% point increase)	Families may not fully appreciate the the school must adhere to Chancellors Regulations when deciding on consequences for behavior.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	21.4%	By June, 2026, to strengthen the implementation of IEPs for Students with Disabilities (SWD), we will decrease by 7.4% points, from 21.4% to 14%, the number of students who are not making progress on at least one IEP goal as measured by Standards Reports Progress of Measurable Annual Goals in SESIS.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Support both General Education and Special Education teachers in writing IEP goals, while putting systems in place to monitor and revise goals to ensure that they are specific and realistic.

Root Cause Addressed:

General Education teachers in ICT classes across all grades are not fully engaged in the development of the student's Individual Education Plan IEP's School-wide structures are needed to support annual goal progress monitoring. Drilling down to understand that the goal is realistic, achievable, and supports the students' needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct IEP reviews during monthly SIT meetings and discuss the students' academic progress towards their goals or lack thereof
Calendar department meetings that focus on the unpacking of elements of standards-aligned annual goals
Conduct IEP reviews during monthly SIT meetings with an emphasis on General Education teachers attending on a rotational basis
Review STARS reports regularly to ensure program implementation is reflected in STARS and resolve errors, as needed.
Professional learning about pedagogical practices that will support teachers in amplifying instruction to meet students' needs and IEP goals

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Conduct IEP reviews during monthly SIT meetings

Review STARS reports regularly to ensure program implementation is reflected in STARS and resolve errors, as needed.

Ensure that goals for IEP in September, and just prior to the due dates of each quarterly report card align with given expectations for the way in which IEP goals are structured.

Monitor attendance at IEP meetings to ensure gen ed teachers are present and contributing.

Further, review the PLOPs to see if gen ed teachers written feedback on student performance, behavior, and needed supports is reflected in the Present Levels of Performance (PLOP).

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/17/2025	06/26/2026	General Education and Special Education teachers of Students with Disabilities will meet with families during each Parent Teacher Conference and as needed, to discuss each student's goals, as per the IEP and how those goals will be implemented. Additionally, IEP goals will be attached to each SWD's report card and discussed with families.	Parent Association
09/17/2025	11/06/2025	The IEP teacher will conduct two Parent Sessions in September and November to better understand the components of the IEP, specifically the student's annual goals, and guide parents with respect to what questions to ask during their annual IEP meeting to understand their child's progress on annual goals and to add parent voice.	Parent Association

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.
Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support	Criteria for Determining Service	Program Type or	Service Delivery	When is Service	Technology-Based Tool

Indicate Tier 2 or 3		Strategy	Model (Small group, one-to-one, tutoring, etc.)	Provided? (Before, during or after school)	(Indicate Yes or No)
Tier II	MCLASS Data in conjunction with Roswell Chall diagnostic reading test data, when needed	Really Great Reading	Small group	During school hours	No
Tier II	MCLASS Data in conjunction with Roswell Chall diagnostic reading test data, when needed	Spire	Small group	During school hours	No
Tier II	MCLASS Results - students who lack the foundational reading skills (letter names, sounds, blends, etc...) This program will target students in Grades 1 & 2 and SIFE students in Grades 3-5.	Sounds Sensible	Small group	During school hours or before school	No
Tier II	Really Great Reading - students who lack a combination of foundational skills and fluency	Really Great Reading + Heggerty	Small group	During school hours - WIN Block (Grade 4 and 5 only)	Yes
Tier II	NYSESLAT Data	Title III Program	Small group	After-school or before school	No
Tier II	Math MAP screener results	After-school Test Preparation Support	Small group	After-school or before school	Yes
Tier III	Really Great Reading - students who lack a combination of foundational skills and fluency	Reading Great Reading + Heggerty	One-on-one or in partnerships	Before or after school	Yes
Tier II and III	MAP screener results	Math Bridges Program	One-on-One or in small groups	During school hours and before school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier III	Attendance Data	Success Advisors	One-on-One	During school hours	No
Tier II	OORS data/Teacher Referral	At-risk counseling support	Small Group	During and after school hours	No
Tier III	OORS data/Teacher Referral	At-risk counseling support	One-on-One	During and after school hours	No
Tier III	OORS data/teacher observations	Check In/Check Out System	One-on-One	During school hours	No
Tier III	Behavior Intervention Plan (BIP)	Individual Behavior Plan	One-on-One	During school hours	No
Tier I	OORS Data	Monthly Community Meetings (Focus: Decision Making)	Whole Class and Small Group combined	During school hours	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

This involves clear, ongoing, and accessible communication about the various aspects of MTSS. Here's how we share these components:

General Information and Overview of MTSS - Introductory Materials: We provide families with general information about MTSS during Family Town Hall sessions conducted by the Principal and the Parent Coordinator. These materials explain what MTSS is, why it's used, and how it benefits all students. One next step for this upcoming school year is also to create a dedicated section on our school website.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Tier 2 (Targeted) and Tier 3 (Intensive): When a student needs more support beyond Tier 1, families are informed via a physical letter or notice that is sent home with students in their backpacks from their provider about the specific supplemental interventions their child will receive, often in small groups. This includes details on the type of intervention, its duration, and the skills being targeted.

Parents receive regular updates on their child's progress through conferences, individual student support meetings, phone calls, and through progress reports that are sent home from the provider. The child's progress is gleaned from assessment data that tracks student progress. It assures families that decisions about their child's learning are based on real information.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are viewed as essential partners in the MTSS process. For students receiving Tier 3 supports, parents are invited to meetings where intervention plans are discussed and decisions are made. To ensure collaborative and informed support, our school actively involves families in the following ways:

Regular Communication:
Families are kept informed through frequent updates about their child's progress, including data on academic performance, behavioral improvements, and social-emotional development.

Collaborative Meetings:
We hold scheduled meetings with families—such as progress review sessions or Individualized Education Program (IEP) meetings—where parents or guardians can discuss intervention strategies, provide input, and share insights about their child's strengths and challenges.

Goal Setting and Planning:
Families are engaged in setting realistic, personalized goals for their child's intervention plan. Their perspectives help shape tailored supports that align with the student's needs and family priorities.

Ongoing Feedback:
Parents are encouraged to provide feedback on the intervention's effectiveness and suggest adjustments based on their observations at home or other contexts.

Access to Resources:

We connect families with resources and training opportunities that empower them to support their child's learning and progress outside of school.

By fostering open, two-way communication and partnership, we ensure that families are active participants in decisions affecting their child's intensive support, promoting better outcomes and sustained growth.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Doubled up (with friends or relatives because they cannot find or afford housing): 170
Living in a shelter or transitional shelter: 65
Living in a hotel/motel: s
Living in a car, bus, or train: s
Living in a park or public place: s
Living in an abandoned building: s

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

We identified several trends from the families that completed the STH Title I Survey.

We learned that our families are in need of food, clothing, and additional educational services, specifically after-school services. This year we purchased uniform attire to off-set the cost of clothing, food care packages (canned goods, cereal, oatmeal) to support our families who reside in a nearby relocation center with limited access to grocery stores and who only have access to a microwave and refrigerator in their respective rooms.

We also covered the cost of 15 students so they could engage in after-school activities sponsored by Maspeth Town Hall, our CBO. We targeted families in grades K-5 that did not have the financial means to pay Maspeth Town Hall's monthly fee and who were not eligible for a child care voucher through ACCESS NYC based on the current criteria.

Overall, there is a clear need for our school to host a COMPASS Elementary program in the near future so that our families have after-school support and services for their children.

Providing after-school counseling was recognized as an important priority in meeting students' social-emotional needs.

Uniform attire was purchased to off-set the cost of clothing so students can participate fully in school. Coats, hats, and gloves were also purchased to support our students during the winter months.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The following services are what we are planning to provide to support our parents and families who are STH, which will be grounded in the STH Title I Survey results:

-Counseling to help the students improve their social, emotional, and coping skills.

-School supplies (including attire) so that they can participate fully in school.

-Transportation (yellow bus service) and Metro cards to travel to/from school, where applicable.

-Food care packages. (specifically to be distributed before a long break)

-Meet with families prior to them moving into permanent housing to ensure a smooth transition.

-After-school support to help off-set the cost for working families.

-Resolve escalated student or family challenges, particularly regarding student transportation, school placement and registration, mid-year transfers, documentation of housing status, and other related issues.

-Conduct shelter, hotel or home site visits with families to share information about important services and supports and ensure that basic necessities (e.g., school material, transportation and supplementary educational services) are readily available.

-Serve as a liaison for families and students with shelter-based staff, school administrators, guidance counselor(s), attendance teacher(s), the Office of Pupil Transportation, and other support personnel, facilitating referral to school- and shelter-based supports (e.g., access to public benefits, attendance improvement and academic achievement, mental health supports, and other needed services).

-Access to academic and extra-curricular activities that are comparable to those offered to permanently housed students.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We have two students in foster care that are currently enrolled at our school. They are siblings. (Kindergarten and Grade 3) The following supports have been made available to them:

-Students receive transportation assistance through yellow bus arrangements.
-At-risk counseling from Mr. David Ortiz, our STH Social Worker
-After-school support on the days that the foster family pick them up from school versus ride home on the school bus
-Summer Rising enrollment at our school from 8-6pm
-MTSS referral supports to help identify and address student needs across academic, behavioral, and social-emotional domains.
-Wellness check-ins from Mr. Ortiz
-External counseling services for both boys have been secured via the foster family's insurance through the support of Mr. David Ortiz.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At our school, we recognize that students in foster care often face unique academic, social, and emotional challenges—especially those who are newly transitioning into the system. To support these students, we have established several targeted interventions and supports designed to promote stability, connectedness, and academic success.

Designated Point Person:
Each student in foster care is assigned a staff member (typically a guidance counselor or social worker) who serves as a consistent point of contact, providing check-ins, advocacy, and coordination with external agencies.

Immediate Needs Assessment:
Upon enrollment or identification, we conduct a review of the student's academic records, social-emotional needs, and any existing IEP/504 accommodations to ensure timely support.

Counseling Services:

In addition to in-school counseling, we coordinate with outside providers—often through the foster family's insurance—to ensure continuity of mental health care. For students requiring after-school support, referrals and scheduling assistance are provided.

MTSS Referrals & Tiered Supports:
Students in foster care are automatically reviewed through our MTSS (Multi-Tiered System of Supports) framework to determine if academic or behavioral interventions are needed. This includes small group instruction, trauma-informed practices, and check-in/check-out systems.

Attendance & Transportation Support:
We work with the DOE and child welfare agencies to arrange yellow bus transportation as needed, minimizing disruptions to school attendance due to placement changes.

6. Family & Caseworker Collaboration:
We maintain open lines of communication with foster families and caseworkers to ensure all parties are aligned and students receive cohesive, wraparound support.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After reviewing historical demographic, attendance, and achievement data for students in foster care, several important trends have emerged:

Lower Attendance Rates:
Students in foster care consistently exhibit higher absenteeism rates compared to the general student population. Frequent placement changes and transportation challenges often contribute to inconsistent attendance.

Academic Achievement Gaps:
There is a notable achievement gap between students in foster care and their peers, particularly in foundational subjects such as reading and math. These gaps in learning often get wider without intervention support.

Increased Need for Behavioral and Social-Emotional Support:
Data shows a higher incidence of behavioral referrals and social-emotional challenges among students in foster care, reflecting the trauma and instability they often have experienced.

High Mobility and Enrollment Changes:
Students in foster care often experience multiple school transfers, which disrupts their learning continuity and access to services.

These insights will be used in the following ways:

Prioritize Attendance Support:
Implement proactive attendance monitoring and interventions tailored to the unique circumstances of the foster care students.

Targeted Academic Interventions:
Leverage MTSS frameworks to provide tiered academic support, especially in reading and math.

Social-Emotional Services:
Expand counseling and mental health resources, to address the students' needs.

By understanding these trends and implementing data-driven strategies, we can improve the educational experiences and outcomes for students in foster care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At our school, we recognize that students in foster care—particularly those in transitional grades such as 5th or entering a new school environment—are especially vulnerable to academic and behavioral disruptions. To address these challenges, we implement targeted Social-Emotional Learning (SEL) strategies designed to build resilience, emotional regulation, and a sense of belonging.

These specific strategies include:
-Dedicated SEL Check-Ins with Counselors or Social Workers to address issues that arise
-SEL Skill-Building Groups to teach pointed SEL competencies
-Organize Orientation sessions for the students and their families to ease their academic and social adjustment.
-Collaboration with Foster Families and Caseworkers to foster a wraparound approach
-Tiered Behavioral Supports - focusing on goal-setting, self-regulation, and restorative practices rather than punitive measures
-Peer Connection Opportunities - to foster connections and reduce isolation

These targeted SEL strategies help stabilize students during vulnerable periods, reduce behavioral incidents, and improve classroom engagement. By addressing emotional and relational needs, the students are more prepared to access academic content, maintain positive peer relationships, and build the confidence needed to thrive at school.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. Helen M.Marshall, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Helen M. Marshall will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology.
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress.

- providing assistance to parents in understanding City, State and Federal standards and assessments.
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand and access.
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;

- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Helen M.Marshall in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed and how it relates to this Compact;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and if funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings, and other activities to parents of participating children in a format, and to the extent practicable, in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe

classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress, by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

We provide new teachers mentoring through the formal mentoring program and a buddy teacher, respectively. Our veteran staff members are selected and assigned based on their instructional strengths and past performance.

To ensure retention and support of our highly qualified teachers, our school promotes teacher leadership initiati

ves, such as Grade Team Leader, Instructional Leadership Team Member, Mentor Teacher, and Success Advisor.

Further, we hire teachers who are certified in their respective subject areas; and seek out teachers who have dual/triple certifications, language skills, and have unique talents/hobbies to support our students funds of knowledge.

A weekly common planning prep with grade team colleagues is built into the master school schedule to support coherence and the analysis of student work.

Our District provides professional development opportunities for administration, teachers, and paraprofessionals throughout the year.

Teachers/Staff: HMH and LETRS professional development opportunities will be organized to support teachers during the Monday professional development block (60 minutes). - (Section 5: Priority 1)

The focus for inter-visitations will be on supporting teachers with the Bridges math intervention program and implementing active reading strategies in the classroom.

Data Dives will be built into the master schedule to help teachers analyze data and monitor student learning to support our MTSS work, which occurs during our WIN (What I Need) block. To best address learning needs, we will combine students across the following grade levels during the WIN block - (Grades 2 and 3/Grades 4 and 5).

All of these strategies and activities will support Section 5: Priorities 1-5 and Section 6.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

A kindergarten application information session is conducted in January to address questions regarding the application process.

At PS 330Q, we make every effort to make the transition into Kindergarten a smooth one for all parents and students. Pre-K visits from nearby early childhood centers to our school are organized during the month of June.

Kindergarten orientation sessions are organized in August that include a school tour. Holding orientations by homeroom allows us to create more meaningful connections with parents and also invites the parents to connect with each other.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	345,188	X	Sections 5 & 6
Title I, School Improvement 1003(a)	Federal	25,899	X	Sections 5 & 6
Title I, High Needs Support for STH	Federal	14,089	X	Sections 5 & 6
Title III, Part A	Federal	39,698	X	Sections 5 & 6
Supplemental Support for Title I	Federal	32,619	X	Sections 5 & 6
Supplemental Support for STH	Federal	17,745	X	Sections 5 & 6
Tax Levy (Fair Student Funding)	Local	4,413,130	X	Sections 5 & 6

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written "Addendum Attached" and provided supplemental documentation to explain why the school was unable to obtain the individual's signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Debra Rudolph
Assistant Principal (Where Applicable)*	Marisa Wang
English as a New Language (ENL) Teacher*	Danielle Russo
Teacher (if school has a bilingual program must be a bilingual teacher)*	Emilia Diaz
Parent/Guardian*	Kathia Noceotl
Teacher	Elizabeth Reid
Parent Coordinator	Sulay Tapia
School Counselor	Jennifer Acosta
Related-Service Provider	Margarita Jimenez
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

6

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

446

Total number and percentage (%) of current ELLs:

218 and 55.6%

Total number and percentage (%) of former ELLs:

39 and 8.7%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

197 and 90.3%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

21 and 9.6%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 and 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 and 0.9%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

52 and 23.9

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Students that are Entering and Emerging receive 180 minutes of stand alone/pull out ENL services per week. Entering and Emerging students are grouped together by grade. Services are provided by ENL teachers with an ESOL certification, as well as teachers with a common branch license with an ESOL extension.

Students in the Dual Language and TBE programs receive Stand Alone ENL instruction from their classroom teacher who holds a bilingual license.

ENL providers design ENL instruction based on English proficiency levels per the NYSITELL and the NYSESLAT data. Stand alone ENL instruction focuses primarily on the oral and writing components of the NYSESLAT--both in preparation for the NYSESLAT but also as a supplement and support for the core HMH curriculum.

Integrated ENL:

The goal of integrated ENL is for students to build English skills so that they are prepared to be successful in their core classes. Students build English skills with an ESOL certified teacher and general education teacher in a co-teaching model. More specifically we expect all students to be able to write and speak with expanded sentences. For integrated ENL, instruction is delivered by an ENL teacher with an ESOL license alongside a general education teacher with a common branch license. Instruction is also delivered by a teacher with a common branch license with an ESOL extension.

Our instructional approach is grounded in the principles of Nonie Lesaux's Advanced Literacies. Teachers apply active pedagogy techniques like wait time, cold call, and midpoint adjustments during work time to foster student engagement and a student-centered classroom. Moreover, teachers consistently use established protocols like 'save the last word' and 'making meaning' to help students make meaning around the text and support students to engage in verbal discourse with their peers about the text. Teachers also have implemented The Keys to Advance Language and Literacy Development to support language acquisition in core instruction.

Our teachers emphasize the importance of exposing students to rich, grade-level text and use techniques like chunking and the protocols above to support students to make meaning and access the text individually and collaboratively. Teachers make use of students' home language in instruction to support learning. Alongside these instructional and pedagogical approaches, our school has shifted our literacy curriculum to HMH, because it is grounded in widely accepted research around the science of reading. This year we will emphasize the need to support struggling readers with explicit foundational instruction while also prioritizing the opportunities for students to use text to build relevant and engaging content knowledge as well as providing meaningful opportunities to listen, read, speak, and write across different content areas.

Students are grouped by different data points, and the method for grouping is dictated by the instructional needs of the unit lesson. For example, if students are reading an anchor text for a unit, students may be grouped by reading level as determined by their work on mCLASS or they may be grouped by content knowledge of the subject as determined by a pre-assessment to be administered at the beginning of each unit. The success of this grouping will be measured by formative assessment data and progress monitoring on mCLASS class and will facilitate groupings that change because of growth and also because of the particular needs of the lesson. ELLs are grouped according to these principles and we also look at ELL progress around

particular language targets. For example, if an ELL demonstrates proficiency around multiplying fractions, but not the language to explain it, this particular ELL may join a group with support around the language but not supports around the fraction work. ELLs who are at the entering, emerging, transitioning and expanding levels receive 180 minutes of integrated ENL instruction. Former ELLs receive 90 minutes of integrated ENL instruction.

In general, students are grouped by proficiency level. For whole group instruction, we use heterogenous partnerships. For small group work, we usually group expanding and transitioning students together, and then entering and emerging students together.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Our goal for the TBE program is to develop students' skills to become literate in English. n this way, our TBE teacher grounds every core class instruction in the student's home language and then differentiates according to language based on the student's English proficiency. For example, in math students may choose to explain their thinking in English or their home language. Moreover, for students who are more advanced with English proficiency, these students are assigned math problems without numbers so that students can more poignantly explore both the math concepts and the English language. We aspire to apply translanguaging practices which are grounded in the teacher's ability to understand the diverse linguistic repertoires of our students. To build this understanding, we prioritize time analyzing mCLASS data which points to the linguistic skills across Spanish and English and we use the NYSESLAT oral language rubric to determine English skills and the Spanish Lab to determine Spanish oral skills. Instruction in the TBE classroom is given by a Special Ed certified teacher with a bilingual extension.

Students are building content knowledge through rich and authentic texts in both English and Spanish. And, as needed, they receive phonics-rich reading instruction. And as they build content knowledge and reading proficiency, students are talking about these big ideas and, in turn, are building language and cultural concepts in both English and Spanish.

Our TBE stand alone programs emphasize and honor the linguistic and cultural assets of our students. We recognize their home language skills as assets for developing as humans and as English language learners. We reject the premise of alingualism and value their home language just as much as English. We do this by highlighting the richness and nuance that certain phrases and words in Spanish provide us. We also recognize and celebrate the different lexical pathways our multilingual learners have towards mastering academic vocabulary. For example some of our MLLs know the phrase "clear up" but do not know the word "clarify." While we would not use "clear up" in formal writing it is a phrase directly aligned to "clarify." Similarly, many of our Spanish language speakers may know the word "clarificar" but may not know the word "clarify". The Spanish equivalent is a powerful inside track to learning English academic vocabulary. And we also must celebrate this knowledge separately and apart from its relevance to English language learners as it is powerful for them as brothers, sisters, sons, daughters and as people and as students.

Dual Language Bilingual Education (DLBE):

In our K-2 Dual Language program, Spanish and English are alternated weekly. In grades 3-5 it is alternated by module. In this model, students are able to develop content specific skills in both languages. They also study phonics, literature, science and math in both languages. And across individual days, certain students will draw from their diverse linguistic repertoire to meet that day's learning target. For example, if the target is to add 3 digit numbers in 2nd grade and it is an English day, certain students who are more dominant in Spanish may use Spanish to describe their thinking but the teacher may identify targeted linguistic phrases like " I added ___ and ___" or " I combined ____ and ____"

We are using the curriculum HMH Into Reading and Arriba la Lectura because it is grounded in the science of reading. Students are building content knowledge through rich and authentic texts in both English and Spanish. And, as needed, they receive phonics-rich reading instruction. As they build content knowledge and reading proficiency, students are also talking about these big ideas and in turn are building language and cultural concepts in both English and Spanish.

Our dual language education programs are stand-alone initiatives that emphasize and honor the linguistic and cultural assets of our students. We recognize that their home language skills are invaluable for their development as English language learners

and reject the notion of alingualism, valuing their home language equally with English. By highlighting the richness and nuance inherent in certain phrases and words in languages such as Spanish, we affirm the cultural and linguistic wealth our students bring. Additionally, we celebrate the diverse lexical pathways our multilingual learners navigate towards mastering academic vocabulary. For instance, some of our multilingual learners might be familiar with the phrase "put off" but may not know the term "postpone." While "put off" is less formal and might not be used in academic writing, it closely aligns with "postpone" in meaning. Similarly, many of our Spanish-speaking students might be familiar with the word "postergar" but not the English equivalent "postpone." The Spanish term serves as a significant bridge for acquiring academic English vocabulary. Recognizing and celebrating this knowledge is essential, as it enhances their linguistic repertoire and acknowledges their cultural identity and personal growth as siblings, children, individuals, and students. In doing so, we aim to create an inclusive educational environment that values linguistic diversity and fosters academic excellence.

The Dual Language teachers group students in various ways. Students are in heterogenous partnerships to develop oral language. For small group work, students are groups homogenously. This way students are given appropriate work that meets their language and skill level.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

We follow guidelines set by CR part 154.

We do this by intentionally articulating our ELLs in 1-2 classes per grade so that our ENL teachers can serve our students in a co-teaching model. For students who are Emerging and Entering, our ENL teachers schedule 180 minutes of stand alone instruction.

Home Language Arts instructional minutes are also grounded in CR part 154 and our TBE teacher incorporates HLA instructional minutes in each of the core subjects and varies the number of minutes (360 vs 180) based on the needs of the individual students in her class. For example, in math students may choose to explain their thinking in English or their home language. Moreover, students who are more advanced with English proficiency are assigned math problems without numbers so that students can more poignantly explore both the math concepts and the English language.

In September, the ENL teachers meet to discuss caseloads to ensure that each provider can meet the mandate outlined in CR Part 154. In general, one ENL teacher teaches two grades. On occasion, an ENL teacher will have to service a third grade to meet the mandate.

DL and TBE teachers outline the number of minutes of HLA and ENL on their classroom schedules to ensure that the program mandates are met.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

According to CR Part 154, we deliver ELA and ENL minutes in a structured manner to ensure that English Language Learners (ELLs) receive the support they need to develop proficiency in English while also accessing the general education curriculum.

The amount of required ENL instructional time varies based on the student's proficiency level:
Entering and Emerging Students (Beginning and Low Intermediate): - Stand-Alone ENL: At least 180 minutes per week of direct English language instruction. - Integrated ENL: At least 180 minutes per week of English language instruction integrated within content-area instruction.

For Transitioning Students (Intermediate): - Integrated ENL: At least 180 minutes per week of English language instruction integrated within content-area instruction.

For Expanding Students (Advanced): - Integrated ENL: At least 180 minutes per week of English language instruction integrated within content-area instruction.

Commanding Students (Proficient): - Integrated ENL: At least 90 minutes per week of English language instruction integrated within content-area instruction during the first two years after becoming proficient.

In the Dual Language and TBE programs, students also receive HLA instruction. In our TBE program, students receive one period of HLA and one period of ELA a day. Students also receive one period of Integrated ENL
In the Spanish Dual Language program, students receive HLA instruction on Spanish days, and ELA on English days. In addition, there are two periods of ENL instruction

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Dual Language model is self-contained. One hundred percent (100%) of the day is integrated. Groupings vary based on the language target and the language of the day. We group students in the following ways:

-Heterogenous content needs with homogenous language needs: We do this when we create intentional scaffolds for language support and then in this type of grouping students rely on one another for content support.

-Homogeneous content needs with heterogeneous language needs: We do this when we create intentional scaffolds for content support and then students build on one another's strengths to meet the language target of the lesson.

b. In which language(s) is each core content area taught?

Spanish and English are the languages in which the core content is taught. On English days, Math, Science and Reading is in English. On Spanish days, Math, Science and Reading is in Spanish. It is 50-50.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

The core content areas, Math, Social Studies, and Science are taught bilingually.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The Percentage of ELLs that are newcomers is: 90.3%.

The Percentage of ELLs that are developing is: 9.6%.

Effective instruction for newcomers (recently arrived English Language Learners with little to no English proficiency) differs significantly from instruction provided to developing ELLs (students who have some English proficiency and are progressing towards fluency) in several key ways:

Newcomer ELLs:
1. We ensure that Instruction focuses on basic vocabulary, oral language, and essential communication skills.
2. We use simplified language, visual aids, gestures, and concrete examples to aid understanding.
3. We ensure high levels of repetition and practice to reinforce basic language concepts and vocabulary.
4. We make use of home language to aid in new language acquisition, as needed. We provide students with access to the texts read in ELA in their home language, if applicable, so students are able to comprehend the material before producing work in English.

Developing ELLs:
1. We apply a focus on academic vocabulary and language structures necessary for success in content areas.
2. There is increased attention on the use of more complex sentences, idiomatic expressions, and academic discourse.
3. There is greater Integration of language development with grade-level content instruction, emphasizing comprehension and application.

Instructional Strategies Newcomers versus Developing ELLs Newcomers:

1. We use sheltered instruction techniques, such as the SIOP (Sheltered Instruction Observation Protocol) model, to make content comprehensible.
2. We use visual supports, such as pictures, diagrams, and realia, to build understanding.
3. Furthermore, we provide extensive scaffolding, including sentence frames, word banks, and model dialogues.

Developing ELLs:
1. We use interactive activities, such as group work, discussions and debates, to promote language use in context.
2. We Integrate language objectives with content objectives, ensuring students develop language skills while learning subject matter.

3. There is increased attention on academic discussions that require students to use content-specific vocabulary and language structures.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.9% are SIFE.

Students with Interrupted Formal Education (SIFE) require specialized instructional strategies that address their unique academic and socio-emotional needs. Differentiating instruction for SIFE students involves tailoring teaching methods, materials, and support to bridge gaps in their education while promoting language development and academic progress. Here are key strategies that we use to effectively differentiate instruction for SIFE students:

1. Initial Assessment and Identification - Comprehensive Assessment: We conduct thorough initial assessments including the use of mCLASS to determine students' academic levels, language proficiency, and socio-emotional needs. Background Information: Our LAP team gathers detailed information about students' educational backgrounds, including the duration and quality of previous schooling, literacy levels in their first language, and any gaps in their education.

2. Personalized Learning Plans
- Flexible Grouping: We use flexible grouping strategies to allow SIFE students to work with peers at similar proficiency levels and with varying strengths, fostering collaboration and peer learning.

3. Building Foundational Skills
- Basic Literacy and Numeracy: Focus on developing basic literacy and numeracy skills with lower grade curricula in enVision and our new math fluency curricula called Benchmark Education. We often start with phonics, basic reading strategies, and foundational math concepts.
- Scaffolded Instruction: Provide scaffolded instruction that gradually increases in complexity. Use visual aids, manipulatives, and hands-on activities to make abstract concepts concrete and understandable.
- Language Development: We prioritize language development, integrating language objectives with content instruction. Use sheltered instruction techniques to make content comprehensible while building academic language skills.

4. Culturally Relevant and Responsive Teaching
- Cultural Connections: We incorporate culturally relevant materials and examples that reflect students' backgrounds and experiences. This helps make learning more relatable and meaningful.
- Valuing Background Knowledge: Recognize and build upon the knowledge and skills students bring from their previous experiences. Use their first language as a resource when possible to support understanding.

5. Social Emotional Supports
- Strategic partnerships and ice breaker activities to help students form friendships with peers that can support their progress.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

N/A

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

10% of our students are Former ELLs.

According to CR Part 154, we consistently work to ensure FELLs continue to succeed academically after reaching English proficiency. FELLs, also known as Commanding students, have attained English proficiency, but still require ongoing support to

maintain and build on their language skills. Below are the key components of our approach:

1. Continued Support and Monitoring For the First Two Years:
Integrated ENL Instruction: FELLs must receive at least 90 minutes of integrated English language development instruction per week. This means that within their regular content-area classes (e.g., ELA, Math, Science, Social Studies), there should be specific support aimed at developing their academic language skills. For the Former ELLs who are not in the Dual Language Program or a Stand Alone ENL class, an ENL teacher will push in to their class to provide them with the Integrated minutes of ENL instruction.

Monitoring Academic Progress: We continuously monitor the academic progress of FELLs with mCLASS and structured conversations with ENL teachers and grade teams after HMH module assessments are administered, in order to ensure FELLs are successfully participating in the general education curriculum.

Additional Support as Needed: If FELLs demonstrate academic difficulties, we provide additional academic interventions in the form of before school and afterschool support from Title III funds.

2. Instructional Strategies for FELLs: Integrated ENL Instruction:
Co-Teaching Models: We implement co-teaching models where an ESOL teacher collaborates with content area teachers to plan and deliver instruction that meets both language and content objectives.

Differentiated Instruction: Tailor instruction to meet the diverse needs of FELLs by differentiating tasks, materials, and assessments. Provide varying levels of support and challenge based on students' strengths and areas for growth.

Language Objectives: We incorporate language objectives alongside content objectives in lesson plans. This ensures that FELLs are continually developing their academic language skills in context.

Scaffolded Support: We use scaffolding techniques, such as graphic organizers, sentence starters, and visual aids, to help FELLs access complex content and language.

Academic Vocabulary: We focus on building academic vocabulary through explicit instruction, practice, and application in different contexts.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The largest issue and trend adversely affecting ELLs at our school is attendance. Specifically ELLs who are living in temporary housing which amounts to attendance percentages under 90%. Here are several ways in which attendance problems are affecting ELLs:

1. ELLs need regular practice in listening, speaking, reading, and writing in English. Frequent absences disrupt their continuous exposure to the language, slowing down their acquisition and proficiency.

2. Missing classes means ELLs are not consistently receiving essential instruction in subjects like math, science, and social studies, leading to gaps in their knowledge and understanding. This can make it difficult to catch up and understand more complex concepts later on.

3. Regular attendance helps ELLs build relationships with their peers and teachers, fostering a sense of belonging and integration. Absenteeism can lead to social isolation and difficulty in forming connections, which are crucial for language practice and emotional support.

For this reason we identify the students who are chronically absent and assign them to success mentors--staff members at our school who meet with these students 3x a day to celebrate their attendance and to determine barriers to ongoing attendance. Our social worker and parent coordinator also work together to follow up with families to assist them with ensuring that their children are able to come to school on time.

Our school celebrates perfect attendance and encourages families to strive towards meeting this goal.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk levels that might adversely affect former ELLs are: scoring at level 1 or 2 on the ELA exam, scoring at level 1 or 2 on the State Math exam, and residing in temporary housing.

Scoring at level 1 or 2 on the state exams indicates that there is a gap in skills where students are unable to meet state standards. While these students have become English proficient, it does not necessarily mean they are able to analyze grade level texts and make inferences. In addition, while achieving language proficiency sets students up for academic success, some may still be missing content knowledge in math and science.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish and Mandarin are the 2 languages other than English most represented at our school. Spanish is spoken at home by 93% of our families.

We value the home language of our students in the following ways:
1. We use signage and notices in multiple languages throughout the school, including common areas, classrooms, and administrative offices, to promote inclusivity and accessibility.
2. We provide ongoing professional development for educators on cultural competence and in Spanish in particular.
3. We identify language liaisons- Marissa Wang and Lena Hadoulis who can serve as resources for students and families, providing support in navigating school policies and procedures in their native languages beyond our Parent Coordinator.
4. We maintain a diverse collection of books, resources, and instructional materials in various languages that reflect the cultural and linguistic diversity of the student body--including particular books for Student of the Month that reflect the diversity of our learning community.
5. We encourage students to share their linguistic skills during class and community meetings fostering pride and validation of their linguistic abilities.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

As per the Spring 2025 ELL Data Analysis Tool, there are 236 ELLs: 225 are Hispanic, 11 ELLs are Non-Hispanic. Of the Hispanic ELLs, 79 are American Indian or Alaskan Native; 8 are Black, 63 are multiracial, 3 are Native Hawaiian or Other Pacific Islander and 72 are categorized as White. Of the Non-Hispanic ELLs, 2 are American Indian or Alaskan Native, 4 are Asian, 2 are Black, 2 Multiracial and 1 White.

Including English Language Learners (ELLs) in planning and delivering Culturally Responsive and Sustaining Education (CRSE) is crucial for the work we do at PS 330.

Here are several ways we include ELLs in the planning and delivery of CRSE:
1. We provide professional development for educators on cultural competence and the unique linguistic needs of ELLs. This includes ENL team-led PD in September and Parent Coordinator-facilitated sessions with parents to help teachers understand the cultural backgrounds and experiences that shape students' identities and learning styles.
2. We ensure that planning documents, instructional materials, and resources related to CRSE are accessible in students' home languages, facilitating meaningful participation and understanding. We do this by using the NYU CRSE rubric as a tool to reflect on the extent to which our planning materials meet the criteria for CRSE.
3. We use ParentSquare to solicit input from ELLs families regarding the planning and decision making processes related to

CRSE.
4. We involve students in classroom level CRSE activities in whichever language they prefer.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

After reviewing the data from the 2025 NYSESLAT, we have noticed several trends across grade levels at our school.

Fifty seven percent of ELLs who took the NYSESLAT met ELP sufficient progress. Ninety seven students improved one proficiency level, and thirty one students improved two or more levels.

Forty percent of ELL students did not move a proficiency level. Most of those students were at the Expanding level.

Ten students decreased a proficiency level.

Of the students who became commanding, most of them were in forth and fifth grade. In addition, five students exited out of ENL status by scoring a three on the ELA exam.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When we look at the results of the 2025 NYSESLAT, several things stand out. Fifty-seven percent of students moved up one or more levels. Forty percent of students stayed at the same level. Four percent decreased a level.

The data shows that students are overwhelmingly strongest in Speaking. Writing is the most challenging modality for a majority of our students. One the score breakdown of the NYSESLAT, writing is weakest area for most ELLs. Our school has adopted the program Writing Revolution to enhance the quality of students' writing. Teachers attend Professional Development sessions to learn and apply research-based best practices to develop writing.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Historically, most of the ELLs in our school who scored at the entering or emerging levels on the NYSESLAT, also scored at a level 1 on the NYS ELA exam. Additionally, a large percentage of ELLs who scored at the transitioning and expanding levels on the NYSESLAT also scored at a level 2 on the NYS ELA exam. In years past, one hundred percent of ELLs who scored level 3 also tested out of the NYSESLAT. This shows a correlation between English language proficiency in the NYSESLAT and the grade level academic demands needed in reading and writing to score level 3 on the NYS ELA exam. However, this year we had a large percentage of ELLs who scored at the expanding level on the NYSESLAT and also scored a level 3 on the NYS ELA exam. This shows progress in English language proficiency can help prepare students to meet and exceed grade level expectations.

A much larger percentage of ELLs who took the NYS Math exam scored a level 3 or 4, which varies greatly from that of the number of ELLs who achieved proficiency in ELA. While most students who scored at the lowest proficiency levels in the NYSESLAT also scored a level 1 on the NYS ELA exam, more than half of our students who fell in those respective proficiency levels also scored a level 2 in math. This data shows that the ELLs who fell in the lower achievement levels of the NYSESLAT were still able to apply their English language proficiency, as well as their content knowledge and skills in math to make meaning of the math problems and demonstrate a higher level of proficiency in the math exam than ELA.

Furthermore, Spring 2025 data shows that ELLs in all grades and all language proficiencies scored higher on the NYS math exam than that in ELA. In Grade 3, 21% of ELLs scored at either levels 3 or 4 in ELA, while 37.1% scored at those respective levels in math. In Grade 4, 12.1% of ELLs scored at either levels 3 or 4 in ELA, while 32.4% scored at those respective levels in math. In Grade 5, 8.3% of ELLs scored at either levels 3 or 4 in ELA, while 23% scored at those respective levels in math.

Overall, 13.8% of ELLs who took the ELA exam scored proficient compared to 30.6% to that in math. This data shows that overall, ELLs are able to use their English Language skills and apply this knowledge to access grade level content and expectations.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

IEP: Most of our ELLs with IEPs are at the Transitioning and Expanding levels. While many of them are strong in speaking, they need extra support in reading and writing. Additionally, there are 20% fewer ELLs with IEPs who fall in Entering or Emerging proficiencies, than ELLs without IEPs; and 82% of ELLs with IEPs have performed in the Transitioning, Expanding and Commanding levels, compared to 62% of ELLs without an IEP. This could be a result of the additional services that these ELLs receive that are mandated by their IEP. Eleven percent of ELLs with an IEP are Commanding, which is comparable to 13% of ELLs without an IEP who are also in that proficiency level.

SIFE: Our SIFE students scored at the Emerging level. These students have had interrupted education and need intervention to build foundational skills. Their low literacy skills in their L1 has impacted their progress in learning to read and write in English.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Culturally responsive teaching (CRT) plays a crucial role in deepening the learning experiences of English Language Learners (ELLs) at our school. Recognizing and valuing the diverse cultural backgrounds of students is key. Teachers incorporate students' native languages, cultural references, and experiences into lessons, making the content more relatable and engaging for ELLs.

1. Our teachers incorporate culturally relevant examples, texts, literature, and multimedia that resonate with ELLs' backgrounds. This connection helps students see the relevance of their learning to their lived experiences, making academic content more meaningful and accessible.
2. By scaffolding, teachers can modify instruction to meet students where they are in their language development, offering support like sentence starters, visual aids, and graphic organizers. These scaffolds support ELLs' understanding and expression of academic content in English.
3. Our HMH curriculum materials reflect diverse cultural perspectives, histories, and contributions. This inclusive approach helps ELLs feel represented and valued in the educational setting. HMH texts and materials are adapted to be more accessible, for example, chunking texts that simplify meaning or audio versions of reading materials in students' language.
4. Teachers select literature and resources to supplement texts in the module and for books of the month that depict characters, themes, and settings from diverse cultural backgrounds. This exposure broadens ELLs' worldview and fosters empathy and understanding of different cultures.
5. We also adapt instructional strategies to accommodate varying levels of English proficiency and prior knowledge. Providing choices in assignments, projects, and learning activities allows ELLs to engage with content in ways that align with their cultural strengths and interests.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

ELLs were pivotal in our decision to ground our professional learning series in Advanced Literacies the work of Dr. Nonie Lesaux. We do deep learning around how to support ELLs and general education students to:
-build knowledge in a literacy-rich environment
-Engage students in conversations about text, equipped with language skills to talk about the content
-build vocabulary so that they can make more meaning around text and have more tools to discuss ideas with peers.

The school leadership team also considered ELLS when deciding to switch curriculum to HMH. HMH better serves our Dual Language students because it has more resources and relevant text in both English and Spanish and it also incorporates rich phonics instruction to support our struggling readers.

Moreover, we reshaped our literacy block to include more focused time around foundational skills and space for Amira, a responsive tool we will use with our most struggling readers. We made these adjustments based on mClass ata which indicated more work on foundational skills needed to be done with our ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The core content provided in these curriculums is delivered using:
-HMH Into Reading is used in grades K-5
-HMH Arriba de Lectura - Dual Language classes K-5 along with the TBE Special Ed class
-Heggerty, a phonemic awareness and early literacy program grades K and 1
-Really Great Reading - phonics instruction in grades K-3
-Heggerty Spanish phonemic awareness version K and 1st grade Dual Language classes and TBE Special Ed class
-EnVision K-5
-EnVision Spanish version - Dual Language classes K-5 and TBE Special Ed class

In any unit of study, we consider the big ideas, the rich content that students would feel compelled to learn. This rich content should be relatable and authentic to students' needs and interests. In order for students to access these big ideas, we apply specific strategies to help them read and access text.

These instructional strategies include the following:
1. Frontloading text with explicit and intentional knowledge activation and building. These instructional experiences may or may not include rich text, but the purpose of these experiences is to give students enough background knowledge to make connections to the text they are about to read. Spanish is used.
2. As students begin to explore text (both written, visual and audio-visual) they will have opportunities to make personal connections and clear connections to the long term goals and projects of the unit.
3. As students interact with text, students have consistent protocols to read and talk about text. They also have the opportunity to participate in 3 different types of reading: choral reading, echo reading, and cloze reading.
4. As students interact with text, they use linguistic frames to access the text and express their thinking.
5. Alongside content targets, teachers also consistently post language targets that identify explicit rules of grammar, phrases, and sentence structures that are relevant and help students access the content of the lesson.
6. For each unit there is an end of module exam that is administered for teachers to track learning and analyze data for grouping students according to language development.
7. Students consistently have opportunities to reflect on their growth based on their own understanding of assessment criteria and based on teachers' feedback--in order to celebrate and refocus.
These strategies are consistently implemented in TBE, ENL and Dual language classrooms. The great variance is that some students may show more proficiency in Spanish versus English. And so when instruction is happening in a student's less dominant language, we need to use this information to inform grouping. Our teachers will group students based on language needs and content needs. In some cases, students may be grouped heterogeneously around content, and homogeneously around the language target of the lesson. And in some cases, this will be reversed. In all cases, we consider language needs and proficiency as an essential part of the lesson that needs attention. And this attention varies depending on the language of instruction and the needs of the student.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

Our teachers use a variety of instructional strategies and grade level materials to accelerate English Language development. We use our screener data from mCLASS to determine what interventions students may need.

Our K ELLs and our Newcomers use the recordings to hear and then revise sentences that reflect complete sentences and

greater command of vocabulary.

In grades 1 and 2, if our students score below, or well below grade level on mCLASS, students receive additional support on Boost during their class's reading block. In particular our Newcomers and beginning and transitional ELLs use recording devices to share their thinking in place of writing. Entering and Emerging students also receive Sounds Sensible to build phonological awareness and alphabet knowledge.

Newcomers in grades K-2 have started to use the supplemental curriculum, English 3D. English 3D is an explicit and interactive curriculum, which enables multilingual learners to acquire the language skills necessary for academic success. This program gives MLLs support in acquiring academic language needed to access grade level texts.

Our upper grade students and our expanding and commanding ELLs will also use Amira if they score Low or Low average on their mCLASS. We use Otter.ai or a transcription tool that will transcribe their oral contributions on paper. All students receive a literacy block of HMH core curriculum with certain classes receiving more phonics work based on needs of students as indicated by the mCLASS screener

b. SIFE

In order to support our SIFE students access grade-level content we start with counseling sessions with our social worker to ensure that our student is adjusting to this new educational environment. Additionally, we take measures to ensure our morning meeting time helps create a sense of belonging for this student so that he or she builds the trust and security to share more about themselves as a person and as a learner. With our SIFE students, we are extremely intentional about planning for challenges. We challenge our SIFE students with 1 skill or content area in a given lesson. For instance, if we are studying a new concept in math, we will lower the cognitive challenge in writing and speaking so there is one intentional cognitive push for each lesson. We lower the cognitive lift in writing by creating partially filled graphic organizers for our SIFE students or by removing the writing piece altogether and instead prompting the student to share their thinking orally. Of course, this all depends on the skills and readiness that each student has in the particular content area. We are also working on creating homogenous groupings around foundational skills in math and ELA across grades.

Will will create authentic opportunities for SIFE students to experience success and demonstrate their competence, interests and confidence. We as educators must then build bridges between these experiences and the intended content area.

These insights and these bonds will be especially important as we help build entry points into the learning activities.

All of our SIFE students receive core curriculum from HMH. In some cases students will engage in the read aloud function in Spanish as a first read before hearing it again in English.

c. Newcomers

We start immediate counseling sessions with our social worker to ensure that our Newcomers are adjusting to this new educational environment. Additionally, we take measures to ensure our morning meeting time helps create a sense of belonging for this student and so that he or she builds the trust and security to share more about themselves as a person and as a learner. These insights and these bonds will be especially important as we help build entry points into the learning activities. Moreover, it helps to build confidence and readiness to do the immensely difficult work of learning in a new language.

Our Newcomers will have access to native language translations but will have intentional opportunities to practice their English language skills based on a learning target progression created by our ENL teachers. These language learning targets are indeed the priority and so as needed, grade-level content will be translated so that our newcomers will be able to focus on the language targets.

All of our Newcomers receive core curriculum from HMH. In some cases students will engage in the read aloud function in Spanish as a first read before hearing it again in English.

d. Long Term ELLs

At this time we do not have any LT ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The strategies above extensively discuss how we support our ELLs with IEPS to achieve language proficiency and also meet the standards for their IEP goals. The foundation of this work is to determine their learning profile that includes not only their reading level but also their content knowledge, their speaking skills, and their interests as a student. Based on these data points we create language targets that inform our instruction and how we help our students' development as someone who can participate and critically engage with the English language.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In DL, Spanish data informs the work and learning that happens during days that instruction is in Spanish. In some cases, students may need more vocabulary instruction and/or foundational skills in Spanish. We use mCLASS to assess students' reading development in Spanish and English. In addition, students take HMH assessments and math exams in their home language in the modules that are taught in Spanish.

In TBE, we use mCLASS data to inform skillsets in Spanish and will reinforce and support the work and learning that happens in English. And similarly in our ENL program, our home language data will help inform an asset-based instructional model that leverages success in one language to support the work of learning in another.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N.A.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Supporting co-teaching and collaboration among teachers is crucial for effectively meeting the diverse needs of English Language Learners (ELLs) in schools. Here are several strategies we put in place to promote co-teaching and collaboration to support ELLs:

1. We provide professional development opportunities that introduce different co-teaching models (e.g., team teaching, parallel teaching, station teaching) and strategies for effectively implementing them in classrooms with ELLs.
2. We offer training on language acquisition theories, culturally responsive teaching practices, and differentiated instruction techniques tailored to support ELLs' linguistic and academic needs.
3. Our ENL teachers facilitate workshops or sessions where educators can collaboratively plan lessons, share resources, and develop strategies for supporting ELLs in co-taught classrooms.
4. We also strategically pair teachers based on their expertise, strengths, and experiences working with ELLs. For example, pairing a content-area teacher with an ENL specialist or bilingual educator can provide complementary support.
5. Furthermore, we define clear roles and responsibilities for each co-teacher in the classroom. Clarify who will lead specific instructional activities, provide language support, monitor student progress, and assess learning outcomes.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our overall annual professional learning plan ensures that all staff incorporate learning specifically related to the academic and social emotional needs of MLs/ELLs.

We focus on the Hallmarks in Advanced Literacies. Hallmark 1 is grounded in the belief that all students should have the opportunity to engage in rich texts and build big ideas and content that matter to kids. In order for texts to be rich, and for us to create opportunities for students to build big ideas that matter, several conditions need to be in place.

1. Educators create a rich text learning environment, where students foster a love of reading -Our educators need to be equipped with survey and inventory techniques to assess student interests in stories -Our educators need to be supported in creating physical environments that support access to varied texts, essential vocabulary, and varied realia to foster a love for reading
2. Educators cultivate reading and learning processes that support students in accessing text and making meaning of big ideas -Our educators need development around the power of protocols and how to align protocols with the intended learning goals -Our educators need opportunities to explore the fundamentals of differentiated instruction--how to differentiate respectfully and intentionally; always making sure to maintain flexible groupings, access to respectful tasks, and ongoing adjustments to instruction.
3. Educators plan for tasks and content that reflect students' identities and passions -Our educators need exposure to the potential and power of immersing students in a culturally responsive curriculum -Our educators need specific strategies to explore student identities and methods for students to share and connect with one another about their identities -Our educators need a framework for planning units that incorporate student identities and passions so that students are building knowledge that matters to them.
Members of our ILT, including one member of administration and an ENL teacher attend. Moreover, the entire ILT helps to inform the overall vision of the professional learning series, while the team above fleshes out the plan.

Our Professional Learning Plan also specifically addresses the academic and social-emotional needs of ELLs. The ENL team gives a PD focusing on teaching writing to ELLs. Teachers are provided with strategies to expand student sentences by adding details from 5W questions. By focusing on the sentence-level school wide, students will be equipped to then write longer pieces. Our Book of the Month series centers on social-emotional needs and is a launching point for classroom and small group discussions. Students then respond to these stories with pictures and written responses.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

15% of the 100 required professional development hours for all teachers will be focused on the following topics:
How to support a rich text learning environment, where students develop a love for reading. -more specifically, educators will learn how to assess student interests and create physical environments conducive to reading. This workshop will be facilitated by a team comprising a SPED teacher, general educator and an ENL team member from the ILT.

How to cultivate reading and learning processes to support students to access text and make meaning with big ideas. This workshop will be facilitated by ENL teacher Ms. Kelly and Ms. Russo who attended the Hallmark Series.

And lastly, educators will also attend a workshop on curriculum design that reflects ELLs' identities and passions. More specifically educators will engage with: specific strategies to explore student identities and methods for students to share and connect with one another about their identities; and a framework for planning units that incorporate student identities and passions so that students are building knowledge that matters to them.

For all bilingual and English as a New Language teachers who hold a professional license, a minimum of fifty percent (50%) of the required professional development hours will be working with our HMH consultant on how to plan and leverage HMH curriculum to support language and reading development. The following teaching points will guide these planning sessions:
1. How to integrate formative assessment into daily instruction
2. Approaches and strategies to use formative assessment data to inform groupings and language targets
3. Tools for differentiation

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use mCLASS screening assessment to determine ELL reading skill levels.

Based on this data, we create focus groups in which the ILT collaborates with teachers to develop instructional strategies to support students' development. Moreover, grade teams will progress monitor students using these programs and develop whole class and small group interventions based on this data. HMH mid-module assessments and end-of-module assessments are used to monitor and evaluate how well students apply reading, grammar, and language skills. After looking at data, student groups are created focusing on the skills students struggled with.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

For ELA we use Heggerty, delivered by pointed teachers in first and second grade as well as a trained school aide to support students who need phonics development. Grades 1-5 will also use Boost to target foundational literacy skill work.

We make time in the schedule to engage in this work by assigning each grade a pointed WIN block (a time where students get what they need around literacy). ELL subgroups are distributed according to their need in reading. For K-3 this means Really Great Reading Support, and for 4th and 5th grades we use Anita Archer's pointed phonics work. As needed, 4th and 5th graders who require additional reading support will receive Really Great Reading or SPIRE instead.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our Multi-Tiered System of Supports (MTSS) plan for supporting English Language Learners (ELLs) is designed to provide a comprehensive framework that addresses their diverse linguistic, academic, and socio-emotional needs.

Here's a structured outline of our MTSS plan tailored for ELLs:
Tier 1: Universal Supports 1. Culturally Responsive Classroom Environment - Strategies: Implement culturally responsive teaching practices that validate and incorporate ELLs' cultural backgrounds, languages, and experiences into daily instruction. - Professional Development: Provide training for all educators on culturally responsive teaching, language acquisition strategies, and understanding the unique needs of ELLs. 2. High-Quality Core Instruction, Differentiated Instruction: Offer differentiated instruction that accommodates varying levels of language proficiency and academic readiness among ELLs. Language Development: Integrate language development goals into core content areas, ensuring that language objectives are explicitly stated and supported with appropriate scaffolding. 3. Universal Screening and Progress Monitoring: Conduct regular language proficiency assessments to monitor ELLs' progress in English language acquisition and identify students who may require additional supports. Academic Progress: Use HMH weekly assessments and mCLASS to track academic growth and ensure ELLs are making adequate progress in core subjects.

Tier 2: Targeted Interventions 1. Small Group Instruction, Intensive Language Support, Targeted interventions such as small group instruction focused on language development, vocabulary acquisition, and comprehension strategies. - Literacy Interventions: Offer additional support with Sounds Sensible, SPIRE and Phonics for Reading, as needed, that address specific reading and writing challenges faced by ELLs.
And our LAP team will regularly review and revise the MTSS plan based on ongoing evaluation, feedback from stakeholders, and changes in ELL demographics and needs within the school community. On the school wide level, each grade has a period a day devoted to WIN - What I Need. During this period students will be grouped homogeneously to receive targeted intervention based on their area of need. The mCLASS screener will be used to form groups. For example, students who scored low on the fluency section of mCLASS will be grouped together, students who need support reading CVC words will be grouped together, etc. In addition, the WIN blocks are in grade bands - K/1, 2/3, and 4/5. Meaning that if a small group of 4th and 5th graders still need support with letter sounds, they can be grouped together. This intervention greatly benefits our SIFE students and some of our newly arrived ELLs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

PS330Q uses mCLASS to measure ELL progress in literacy. It assesses decoding, fluency and language comprehension. It is administered three times per year to the whole student body. Students in the dual language and TBE programs take this assessment in English and Spanish. Newcomer Spanish speaking ELLs also take this assessment in Spanish to assess their L1 literacy skills. The data from this benchmark assessment is used on the school level to create a school wide focus, ex: fluency, as well as on the grade and class level to drive instructional decisions. Classroom teachers also use this data for grouping.

Teachers also have focus students, which include ELLs, who are assessed weekly using mCLASS. ILT reviews this data bi-monthly and grade teams review this data on a weekly basis. Small group interventions such as pointed language targets and instructional strategies are developed during these consultations. Administration looks for evidence of adjusted instruction at the conclusion of these weekly data sessions. Focus students are also shared with administration and become one of the main topics during lesson debriefs with teachers, following an observation.

HMH module assessments are also used to inform and drive instruction. Every three weeks students are given an assessment based on the stories read and skills and strategies taught. This data is used to create small groups for focused instruction, as well as for planning review lessons for skills that need reinforcement.
Boost is a program new to our school where students in grades k-5 use this interactive literacy intervention app, in school and at home, to support literacy instruction. This program is based on the Science of Reading and is highly engaging for students. Parents are encouraged to have their children use this program at home as well. Teachers and administration can access the data from this program to monitor progress and note strengths and weaknesses.

Newcomer students are also using English 3D, created by Dr. Kate Kinsella. This program is an explicit and interactive curriculum designed to meet the unique needs of multilingual learners, enabling MLLs to acquire the language skills necessary for academic success. Teachers make use of assessments and data to monitor these students' progress with academic language.

For our dual language and TBE programs, HMH assessments are administered in Spanish for every other module taught. This way teachers have data points in both languages.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In our TBE and Dual Language classes, students are assessed with Oral assessments for speaking and mCLASS for reading. During state exams, students receive bilingual glossaries for Science and ELA and translated tests in Math. During MAP testing, students who have greater proficiency in a language other than English will test in their native language as well as English. We

use data from their native language to inform an asset-based plan for instruction. During unit exams, and other formative assessments, students also have access to bilingual glossaries for ELA and translations in math.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use the results of the NYSESLAT and the State ELA exam to evaluate the effectiveness of our ELL programs. The EDAT report analysis helps us see growth by grade, program, years of service and modality. We can then compare these results with the results of the ELA to see if any correlations can be made.

These results help inform our decision to create a WIN block - (What I Need) - A period a day is built into the schedule to provide intervention based on student needs.

These results also influenced the decision to use the Writing Revolution during staff PD. NYSESLAT results show that writing was an area of weakness for most of our ELLs. This program will help give teachers the tools to develop students' writing.

To improve speaking scores among Newcomer students, teachers will be implementing differentiated opportunities to Turn and Talk as well as integrating the use of visuals into lessons, to ensure that all students are able to participate.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Ms. Zytko, Ms. Kelly. Ms. Russo, Ms. Su and Ms. Hadoulis all help to administer the NYSESLAT. These teachers are our ENL teachers and Ms. Hadoulis has a Bilingual extension as a speech provider. Ms. Su is a part time English Language Development teacher who supports the Dual Language Program in grades 3-5. During this time, Ms. Zytko's classroom is covered by a sub so that when she is not administering the NYSESLAT she is able to service her students. Ms. Hadoulis' support allows Ms. Kelly to service her students when she is not administering the NYSESLAT. Ms. Kelly works with K-1 students during the year, Ms. Zytko works with 2 and 3 and Ms. Russo works with 4 and 5. During testing administration Ms. Zytko tests 4 and 5, Ms. Russo works with K and 1 and Ms. Kelly tests 2 and 3 allowing these staff members to test and evaluate students who they do not teach. Ms. Hadoulis tests K-5, ensuring each of our ENL teachers have time to service their students during testing administration.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former ELLs receive necessary accommodations for state assessments through careful planning and prepartion. Our uses the NYS developed ELA bilingual glossaries for the NYS assessments. These glossaries are used as test accommodations. In addition, students are entitled to the Math and Science bilingual glossaries in their home language. Current and former ELLs are also entitled to time extension (if applicable), Separate Location, Translated Editions for math and science, Oral Translations of “Low Incidence” languages (for math and science) and the option of Writing Responses in the Native Language (math and science). Classroom teachers collaborate with families and students to determine if these accommodations are what their student needs. Based on these conversations, classroom teachers indicate these decisions on a spreadsheet that is shared with the Test Coordinator. Students may are encouraged to use these glossaries during classroom instruction and assessments as well.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Under CR Part 154 regulations, we inform families of newly identified English Language Learners (ELLs) about program options and goals through a structured orientation process within 10 days of registration, or 20 days if a student has an IEP. We use the MLL/ELL Policy and Reference Guide as a Framework. We conduct ELL program orientations to inform families as follows:

1. For those students who require English services after collecting data pertaining to the NYSITELL, we send home the ELL Entitlement letter in both English and the home language to the parents offering 3 in-person parent orientation meetings in September. Attendance is taken by having the parents print their child's name, their name and their signature on an attendance form. This form is maintained in the ELL Binder for the current school year. During this meeting, we explain the different types of ELL programs available: TBE, Dual Language, ENL.
2. We provide details on how each program is structured, including language of instruction, curriculum content, and instructional strategies used to support language development and academic achievement.
3. We highlight the benefits of participating in each program option, emphasizing how they support ELLs' language acquisition, academic success, and cultural identity.
4. Our ENL team clearly articulates the educational goals and objectives of the ELL programs, such as achieving English proficiency, academic language development, and grade-level academic achievement.
5. The ENL team discusses how the programs aim to support the maintenance and development of students' home languages and cultural identities, promoting bilingualism and biculturalism.
6. The ENL team outlines the expected long-term outcomes for ELLs participating in the programs, including college and career readiness, socio-emotional development, and community engagement
7. Furthermore, the ENL team will provide an overview of the rights and protections guaranteed under CR Part 154 regulations, ensuring families understand their rights related to language access, program participation, and educational equity. At the conclusion of the orientation we gather feedback from families to assess effectiveness, identify areas for improvement, and tailor future orientations to better meet the needs of diverse families.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Under CR Part 154 regulations, sharing English Language Learners' (ELLs) progress with families is essential for fostering transparency, collaboration, and informed decision-making regarding their educational journey. Our guidelines and strategies for sharing ELL progress with families are as follows:

1. We establish a regular schedule for sharing student progress and NYSESLAT test results outside of the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences. These meetings are done during compliance periods or at another time the parents prefer, if they cannot attend the date and time given. Each ENL teacher has a compliance period built into their schedule which they use for administrative work for new admits that arrive during the school year, as well as for Annual Individual Meetings with parents.

2. ENL teachers have one-on-one meetings with parents to discuss goals of the program, langauge development progress, language proficiency assessment results, and language development needs in all content areas. These meetings are scheduled weekly by using the Annual English Language Learner Parent Meeting form. We give the parents the opportunity to have the meeting in-person or over the phone using the translation services.

3. During this meeting, the ENL team discusses the goals of the ENL program, the child’s progress in developing their language skills, the results of the most recent NYSESLAT results, and their child’s language development needs in all content areas detailing strengths, areas for growth, and progress toward achieving grade-level academic standards. The NYSESLAT report includes updates on language proficiency levels, noting advancements in listening, speaking, reading, and writing skills in English.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

ParentSquare is our primary tool used to ensure families receive communication and documents in their preferred language in format.

Through ParentSquare families can choose to receive a text or email and also identify their preferred language. Using translation software, ParentSquare effectively translates the communication into the user's language of choice.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Below are some examples of parent workshops and training that we use to foster empowerment for families of English Language Learners (ELLs). Meetings with families and collaboration with classroom teachers and the Parent Coordinator help determine their needs.

1. Navigating the Education System: A workshop that provides an overview of the school system, including how to communicate with teachers, understand report cards, and access academic support services.
2. Understanding Academic Expectations: Training sessions that clarify what is expected of students at different grade levels, including homework routines, standardized testing, and graduation requirements.
3. Language Support Strategies: Workshops focusing on effective ways to support language development at home, such as reading strategies, vocabulary-building activities, and bilingualism benefits.
4. Cultural Awareness and Integration: Sessions that explore cultural differences in education and provide strategies for integrating cultural strengths into children's learning experiences.
5. Technology in Education: Workshops on using educational technology tools and online resources to support learning, homework completion, and communication with teachers.
6. Parent-Teacher Communication: Training sessions on effective communication skills, including how to request meetings, ask questions, and advocate for their child's educational needs.
7. Preparing for Parent-Teacher Conferences: Workshops that guide parents on how to prepare for and participate in productive parent-teacher conferences, including understanding feedback and setting goals. We will offer these activities at the beginning of the year and use the survey function of ParentSquare to determine family interest. We will survey them periodically throughout the year as their perception of need may change based on how the year is going.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

In order to ensure families of MLLs are aware of family leadership opportunities we will introduce the following workshops:

Community Resources and Support: Information sessions that highlight local community resources, such as libraries, community centers, tutoring services, and immigrant support organizations. When possible we will host local representatives of these organizations and resources to add more detailed reports around involvement
.
Empowerment and Advocacy: Sessions that empower parents to advocate for their children's educational rights, understand school policies, and participate in school decision-making processes.

These workshops and training not only provide valuable information and skills to ELL families but also strengthen their ability to support their children's academic success and engage more fully with the school community. When possible, we will highlight

parents in the community, who have relevant experience, to explain how they navigated their leadership journey.

Our school utilizes surveys and Principal town halls to gain input on which activities are needed and desired by the school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We currently partner with various arts residencies that offer culturally and linguistically responsive learning opportunities for students.

In Kindergarten, we partner with Notes in Motion. Students are offered engaging and culturally relevant opportunities to learn cultural dancing techniques. Kindergarten also participates in a program called Puppetry in Practice where a teacher introduces students to imaginary play incorporating characters with diverse backgrounds. This enhances creativity, imagination, and social-emotional learning.

In grade 1, students are also offered engaging and culturally relevant opportunities to learn cultural modern and contemporary dancing techniques with the Notes in Motion program.

In grades 2 and 3, a theater organization called CASA (Cultural After School Adventures) leads students to find their unique voices and learn new ways to express themselves while acquiring confidence.

In grade 3, Notes in Motion provides students with the opportunity to learn a dance called K-Pop. K-Pop is a Korean genre of music originating from South Korea, encompassing diverse styles such as pop, hip-hop, R&B, electronic, and beyond.

In grade 4, Notes in Motion provides students with the opportunity to learn Bollywood dancing. Bollywood dancing is a vibrant fusion dance form that originated in the Indian film industry. It provides a fun and engaging way for students to exercise, building stamina, coordination, and flexibility while fostering a sense of community and cultural appreciation.

In grades 4 and 5, students engage in an after school bucket drumming program. This program helps develop a strong sense of rhythm, which is linked to improved language and reading abilities.

In 5th grade, students engage in a photography residency where they learn photographic techniques and develop their own film and subjects for an exhibition they curate. They also participate in various dance movements such as ballroom dancing (Ballroom Basix) and hip hop. These classes are also provided through the Notes in Motion.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

The ENL team is committed to helping our staff understand the function of content knowledge in reading comprehension and language acquisition. The ENL team is curating artifacts from their own work that affirm the importance of content knowledge with strategies that they use to build content knowledge and to assess and activate background knowledge. This work will be shared in September 2025.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Michelle Zytko, Danielle Russo and Melissa Kelly are our ENL teachers on the identification team as well as, our Speech Teacher and bilingual certified teacher, Lena Hadoulis, and our IEP teacher, Marisa Wang . All are pedagogues.

Danielle, Michelle, Melissa, Lina, and Marisa administer the HILS and interview parents and students. Based on the HILS responses and these interviews with students, Michelle, Danielle, and Melissa make the determination whether or not the students are eligible to be tested. Michelle, Melissa and Danielle administer the NYSITELL. This test is administered within 10 school days or 20 days if they have an IEP.

Paulina Del Pozo receives ELL status and ENL program choices designation in ATS. Melissa Kelly enters the ELL program in STARS.

The LPT team consists of an ENL Teacher, and IEP teacher and the Bilingual Speech and Language Teacher.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

When a new family comes to register their child, Paulina Del Pozo, the pupil accounting secretary, alerts an ENL team member to complete the HLIS with the parent. There is a daily schedule indicating which certified ENL teacher is designated to complete the HLIS with the family. Paulina alerts the teacher for that day. Our ENL teachers, Melissa, Danielle, and Michelle do most of the interviews. If the ENL teacher is not able to perform the process for that day, the IEP teacher, Marisa, or the bilingual speech provider, Lina, who both hold ESOL licenses, complete the HLIS with the new family. A translator is used if the pedagogue does not speak the family's home language to translate the questions on the HLIS. Our Spanish translators are Sulay Tapia, Parent Coordinator, and Margarita Carpio, School Aide. Our Portuguese interpreter is Andrea Ribero. Both English and the home language the family speaks are used. If another language is spoken other than Spanish, we either ask a teacher who speaks the home language to translate or we use the over-the-phone interpretation services for NYC public schools translation service. In addition, if the student is new to New York State or has been out of New York State public schools for two or more years, the HLIS is completed by our team of pedagogues and the same protocol is followed.

The designated pedagogue interviews the child in English and their native language using picture prompts and grade appropriate interview questions provided by NYS. Then the pedagogue interviews the parent in their preferred language and completes the HLIS questionaire. The ENL teacher also asks the parent/guardian about the student's academic history and reviews any documents from prior schooling. Also, the student's reading ability may be briefly assessed in English and their home language. These procedures are factored in when determining whether or not the student should be tested. If the student does not have an IEP, the pedagogue uses all of these factors to make a determination of the home language and whether the student should be tested for the NYSITELL. If the student has an IEP, the LPT process ensues and we will have a meeting with the parent. At this meeting we complete the LPT interview and make a determination which is sent to the principal.

During the first ten days of school, the ENL teachers administer the NYSITELL to eligible students. After their test is scanned and scores are produced, the Spanish LAB is administered when appropriate. Entitlement and non-entitlement letters are sent home in parents' native languages. The entitlement letters have information about the two Parent Orientation meetings held at the school.

Melissa, Danielle, and Michelle conduct Parent Orientation Meetings within the first 10 days to determine program placements. Marisa Wang, Lena Hadoulis or another Spanish speaker translates. If another language is required, a teacher who speaks that language joins the meeting or the translation services are used. Marissa also speaks Chinese, so if we need a Chinese translator, she translates. This is where the Parent Survey and Program Choice form is completed. The same individuals are our translators. Parents are informed that they have 45 days to appeal their ELL status.

At these meetings, the ENL team presents the information about the program choices. We also show the ELL Parent Orientation video provided by NYS in parents' native language. Information is shared about the programs currently offered in our school and nearby schools in the district. The ENL team assists parents in completing the Program Selection form.

After these meetings, the ENL team completes and copies the appropriate paperwork and places students into the chosen program. If the parent program choice is filled, Paulina calls to inform the parents to tell them that their child will be placed on a waiting list and that if a spot opens up, they will be contacted.

The ENL team also completes the Program Placement form and distributes them for students to take home.
During the process, the Dual Language teachers and TBE Special Ed teacher provide English and Spanish instruction. Teachers with ESOL provide ELLs and Former ELLs with English instruction. Classroom teachers are provided with ELL professional development throughout the year. They are instructed on ELL skills and strategies and use scaffolds to support the ELLs and Former ELLs in the classroom. Differentiated instruction is also implemented. Their mandated instruction is met according to CR Part 154.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.

b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Debra Rudolph

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school. We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Sulay	Tapia	Parent Coordinator - Annual	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	0	0.00%	1	0.19%	0	0
CHINESE ANY	8	1.44%	8	1.48%	2	2
FRENCH	4	0.72%	4	0.74%	0	0
MANDARIN	0	0.00%	1	0.19%	1	1
ENGLISH	97	17.45%	85	15.77%	58	58
PORTUGUESE	1	0.18%	1	0.19%	1	1
SPANISH	445	79.96%	438	81.26%	21	21
VIETNAMESE	1	0.18%	1	0.19%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Report Cards	The school utilizes the DOE translated versions of the standardized report card that are available in nine languages. Otherwise, in-house staff members are utilized or the services of the DOE translation unit in order to provide these written translations to parents in a timely fashion
Progress Reports	This document is translated by in-house staff members or by using the services of the DOE translation unit in order to provide these written translations in a timely fashion.
Health, Safety, and Discipline Related Forms	These written translations will be provided to the parents in in-house staff members or by using the services of the DOE translation unit in a timely fashion.
Permission slips for After-School Programs, School Events and Field Trips	These written translations will be provided to the parents in in-house staff members or by using the services of the DOE translation unit in a timely fashion.
Testing Reminders, Parent Handbook, Monthly Calendar, and General School News/Updates	These written translations will be provided to the parents by in-house staff members or by using the services of the DOE translation unit in a timely fashion. General News/Updates are now posted on Parent Square as well. This platform automatically translates the information we are communicating and sharing with families.
Student IEP's	The school utilizes central support to have a student's IEP translated through the Department of Education's Translation & Interpretation Unit. Otherwise, the school uses the services of a DOE contracted vendor, specifically for low-incidence languages.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
Parent Engagement Meetings	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
PA Meetings	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
SLT (School Leadership Team) Meetings	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
IEP Meetings (Initials/Triennials)	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
Parent/Family Workshops	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
Family Town Halls (lead by school staff)	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.
Student Learning Showcases, and Stepping Up Ceremonies	Oral interpretation services will be provided to the parents when needed. The school will utilize in-house staff members and/or outside DOE contracted vendors.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

We use Parent Square to reach parents who prefer to speak a language other than English because Parent Square's translation feature enables us to effectively communicate with ELL families in their native language. Families get notified via text and email. Having two real-time layers of communication is necessary and beneficial in the event of a school-wide emergency.

We use Parent Square to reach parents who prefer to speak a language other than English because Parent Square's translation feature enables us to effectively communicate with ELL families in their native language. Families get notified via text and email. Having two real-time layers of communication is necessary and beneficial in the event of a school-wide emergency.

If they do not respond within an adequate amount of time, we call them directly and lean on staff members who have oral language skills in that pointed language or rely on translation services.

If a parent has an emergency, they either report to the school directly or call via the phone. We rely on staff members at the school who have oral language skills in that pointed language to support or use translation services to support the parent so their needs are met.

At the onset of the school year we also take stock of the language preferences/skills of our families, and make them aware of other families who can serve as a language point for them, if they so wish. Often, this turns into a friendship. We believe that connecting with other parents builds school community.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Information pertaining to translation and interpretation services will be distributed to all staff members on September 4, 2025 during our in-person staff meeting and via email so that they are fully aware on how to use and access the translation and over-the-phone interpretation services from the Translation and Interpretation Unit. Further, a training session will be conducted during a Monday afternoon Pd. session on September 15, 2025 to inform staff members on all Language Access resources and answer any questions they have regarding Chancellor's Regulation A-663. New staff to our school are also given professional learning session on September 4, 2025 on how to maximize the features of Parent Square to the fullest to support their communication with families through the school year.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The Welcome Poster is prominently displayed in our school's main office entrance as well as a sign that lets parents know that interpretation services are available. All parents are provided with a Parents Bill of Rights and Guide to Language Access to inform them of their rights to interpretation. A Language Id. Guide is kept at the security desk and in the main office to assist parents/guardians.

The school also utilizes Parent Square as a follow-up for notices that are sent home and they receive this information via posts, emails, texts, or through an "all call". The messages and alerts are sent in the parent's preferred language and families can directly message us if they have additional concerns or questions. Oral interpretation services are provided to the parents when needed to support any parent engagement event held either in-person or remotely. Interpretation services will be provided by in-house staff, parent volunteers, and/or outside DOE contracted vendors.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parent surveys will be given in the language preferences of our parent community to collect feedback from families on the quality and availability of services. The surveys used will be crafted using the templates available from the Language Access Kit. Further, parents will be asked to complete feedback forms directly following a workshop in the language preferences of our parent community. This year the school has been maximizing the 'poll' feature on Parent Square to obtain feedback from families on a range of topics. The 'poll' feature is easy to access and user friendly. This communication platform alerts and messages the families in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Parent Square has a 'poll' feature that allows the school to obtain immediate feedback from families on a range of topics. This communication platform alerts and messages the families in their preferred language. Our Parent Association has been vital in providing school administration with feedback on how to improve language services.

We are a school that continues to receive new students, most of them are new arrivals to this country from South America and Africa. Through the intake process with families, we have learned that many of them demonstrate weak literacy skills in their own native language. Their feedback to us was to use more visual cues, and create video messages, whenever possible. We have responded to this feedback by using more direct language, incorporate visuals/photos when ever possible and present short videos to help us communicate with families.

Further, our calendars have user friendly icons that we keep consistent from month to month to support the usability of this document. For example, a group of people icon represents monthly PA meetings. During the 2024-2025 school year, we also prioritized posting videos and photos after every school event on Parent Square and Instagram. During this school year (2024-2025) we prioritized professional development for our teachers. We have received feedback from staff that expressed interest in the school implementing a Spanish language learning program for our non-speaking staff to enhance their ability to communicate with our Spanish speaking students and families. We secured a vendor this year, and we had ten teachers take advantage of this program and had a waitlist of interested staff. Each teacher received ten individual lessons that were conducted remotely with their instructor. We received positive feedback and our plan is to continue with the program next year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

165

Grades to be served in this program. Select all that apply.

,1,2,K,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the**

hours the supervisor will get paid per session.

Title III ELL Summary
Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:
When the program takes place (i.e., after school, before school, Saturday academy)
Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs
How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)
How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.
All Title III programs will be supervised by a school administrator to ensure program's effectiveness and to ensure students' language needs are being met. The supervisor's regular work day will be 7:30-3:30pm. Therefore, the supervisor will not be paid per session from Title III funds.Teachers will be observed and provided with actionable feedback. Administration will also make informal visits to monitor progress around recommended next steps.

The Foundational Skills Reading Program will take place before school.
All Title III programs will be supervised by a school administrator to ensure program's effectiveness and to ensure students' language needs are being met. The supervisor's regular work day will be 7:00-3:00pm. Therefore, the supervisor will not be paid per session from Title III funds.Teachers will be observed and provided with actionable feedback. Administration will make informal visits to monitor progress around recommended next steps.
Thirty students (Entering and Emerging) in Grades 1 and 2 will participate in the program. They will be grouped based on mCLASS and SPIRE data. Students will be grouped according to the mCLASS and SPIRE data, a widely used measure of early literacy skills in conjunction with administering a diagnostic tool to validate targeted needs. There will be 15 students in each group. Two certified teachers will work in this program with their respective groups.
We will use the Specialized Program Individualizing Reading Excellence (SPIRE) program. Students will engage in Multisensory instruction integrated throughout a 10-Step Lesson:

Day 1
Phonogram Cards: Review of letters and their sounds; decodable sight words are introduced or reviewed (5 mins)
Phonological Awareness: Rhyme Providing/Categorization, Sound Providing, Categorization/Identification, Blending, and Segmentation: Counting/Deletion/ Substitution. Some activities utilize a Phoneme Segmentation Sheet (5 mins)
Word Building: Build and manipulate words with letter tiles (5 mins)
Decoding and Sentence Reading: Develops Vocabulary and Comprehension (10 mins)

Day 2
Reading & Reading Comprehension: Students utilize a Word Find Sheet to identify and read new concept words (15 mins)
Sound Dictation (2 mins)
PreSpelling: The first word to be spelled in Step 9 is orally analyzed for its phoneme-grapheme relationships (3 mins)
Spelling: Words are dictated to the students, who repeat the word, spell it, and write the word, naming the letters as they write. After the word is written, students sound out the word and blend it. (5 mins)
Sentence Dictation: Students listen to and repeat the sentence the teacher dictates. They then write the sentence and proofread their writing.

STEAM
The STEAM program will take place before school.
Students will engage in the LEGO Education Science hands-on science investigations. All K-5 lessons in the curricula are aligned to Next Generation Science Standards (NGSS). Each session will be 45 minutes long. Students will explore and build unique solutions across Life Science, Physical Science, Earth and Space Science and Engineering Design domains. Lessons will target all modalities (listening, reading, speaking and writing) and students will build Tier 2 and Tier 3 vocabulary and further develop their language acquisition skills.

Transitioning and Expanding students will be targeted to participate in this program. There will be six groups in total, including

one group per grade (K-5); and approximately 15 students in each group. Kindergarten students will be taught 3 Modules, which will be 6 sessions. Students in grades 1 -5 will have 4 modules, and 8 sessions.

Instruction will be delivered by the science teacher, who will co-plan and team teach with a certified ESOL or bilingual teacher. Teachers will provide direct instruction to each group.

This Title III program will be supervised by a school administrator to ensure program's effectiveness and to ensure students' language needs are being met. The supervisor's regular work day will be 7:00-3:00pm. Therefore, the supervisor will not be paid per session from Title III funds.Teachers will be observed and provided with actionable feedback. Administration will also make informal visits to monitor progress around recommended next steps.

Gr 3-4 NYSESLAT Prep
NYSESLAT Prep will take place before school.
Thirty students (Emerging and Transitioning) in Grades 3 and 4 will participate in the program. Two certified teachers will work in this program with their respective groups and provide direct instruction.

Students will engage in activities that address all four modalities: Listening, Speaking, Reading and Writing. The structure of lessons will align with the NYSESLAT, so that students become familiar with the expectations of the NYSESLAT. Since the NYSESLAT consistently asks students to write about their own experiences, all ELLs, including the students who will participate in this program, will go on at least two field trips, including to the Queens Public Library at Corona and to the Queens Zoo. Learning activities will be designed to address all four modalities and will be structured similarly to the NYSESLAT.

This Title III program will be supervised by a school administrator to ensure program's effectiveness and to ensure students' language needs are being met. The supervisor's regular work day will be 7:00-3:00pm. Therefore, the supervisor will not be paid per session from Title III funds.Teachers will be observed and provided with actionable feedback. Administration will also make informal visits to monitor progress around recommended next steps.

The materials for this program will be paid for by Title III funding. The field trips will not be funded by Title III.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Foundational Skills Reading Program
Students in 1st and 2nd grades will participate in the Foundational Skills Reading Program. As per the 2025 NYSESLAT, the majority of ELLs in Gr 1 and 2 still fall in the lowest two Proficiency levels. Our Entering or Emerging students have a need to strengthen their proficiency in phonics and phonological awareness; and research indicates that students benefit from explicit instruction around foundational literacy skills. Our BOY mCLASS data also articulateS that our students lack nonsense word fluency. (NWF)

STEAM
The 2025 NYSESLAT data indicate that students' greatest strength is in the speaking modality. While the program will develop all four modalities, we will leverage this strength in order to increase proficiency in reading and writing. Research has shown that speaking in the classroom becomes an integral part of writing instruction, and helps develop students' thinking and communication skills.The curriculum reinforces the content that students will learn in their science curriculum, which will increase their content knowledge and, in turn, increase their confidence and willingness to participate in class and group discussions during the regular school day. Additionally, providing students with a curriculum in which there is a high interest and hands-on activities will help optimize teaching and learning. As per the curriculum, students will explore multiple paths to a solution, ask key questions, and work with their peers; kits are designed for use by up to four students together, in which each

student takes an active role in the lesson, which supports different learning abilities and develops collaboration and communication skills.

Our target subgroups are Transitioning and Expanding ELLs in K-5 The rationale is that these students are at the highest of the five proficiency levels and will be best equipped to fully immerse themselves in a high interest and rigorous curriculum that will support development of all four modalities, particularly writing which is the modality that most of our ELLs need to improve as denoted from an analysis of our NYSESLAT writing scores. Students will have explicit instruction in Tier 2 and Tier 3 vocabulary. Learning Tier 2 words will help students increase their lexicon across content areas, which will, in turn, support their reading and listening comprehension, as well as speaking and writing skills. Our aim is to increase students' language acquisition of English, so that they are able to attain the Commanding level of proficiency on the NYSESLAT or to at least improve one level (Transitioning to Expanding).

Gr 3-4 NYSESLAT Prep
As per the 2025 NYSESLAT, students consistently score the highest in the Speaking section of the NYSESLAT. It is therefore imperative that we work towards increasing student achievement in the other three modalities. While there is no specific preparation required for the NYSESLAT, our students are likely to do better if they are familiar with the structure, language and general expectations for each section of the exam.

Unlike Kinder, Gr 1, Gr 2 and Gr 5, the majority of ELLs in Gr 3 & 4 fall in the highest levels of proficiency (Transitioning and Expanding). We would, therefore, like to provide these ELLs with more support, in addition to instruction in the classroom, with the goal of attaining Commanding proficiency on the NYSESLAT.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Foundational Skills Reading Program
Thirty students in first and second grade who are Entering and Emerging ELLs will be selected for the Foundational Skills Reading Program. There will be 15 students in each group.

STEAM
There will be 15 students in each group, for a total of 90 students.
The grade levels include K-5
ELL subgroups are Transitioning and Expanding, ELLs that are majority 1-4 years.

Gr 3-4 NYSESLAT Prep
There will be 22-23 students in each group, for a total of 45 students.
The grade levels are Gr 3 and Gr 4.
ELL subgroups are Transitioning and Expanding, often 2-4 years.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**

- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Foundational Skills Reading Program
The Foundational Skills Reading Program will begin on October 1, 2025 and end on Thursday, December 18, 2025. There will be 22 sessions. The program will take place on Wednesdays and Thursdays, from 7:20-7:55am. Each session will last for 45 minutes.

STEAM
The STEAM program will begin on October 7, 2025 and end on May 1, 2026.
Kinder - Gr 5
Kinder - 6 sessions
Gr 1-5 - 8 sessions per grade
Total # of sessions: 46
Two days per week: Mondays and Fridays
7:00am - 7:55am
Each session will be 55 minutes long

Gr 3-4 NYSESLAT Prep
Sessions will take place on Wednesdays and Thursdays, from 7:00-7:55am. There will be 24 sessions. Each session will be 45 minutes long. NYSESLAT Prep will begin on Wednesday, January 21 and end on Thursday, April 30, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The Foundational Skills Reading Program
Instruction will be in English. Additionally, there will be home language support in Spanish, such as bilingual picture dictionaries, visuals, Total Physical Response.

STEAM
Language of instruction:
-English
-With home language support in Spanish, including the use of bilingual picture dictionaries, reference to cognates, Google Translate, visuals and videos in the students' home language; explicit connections will be made to content that students are learning during the regular school day and to their experiences at home and at school. Implementation of structural analysis (of prefixes, roots, suffixes) to support reading and making connections to how parts of words can be used to understand new/unfamiliar vocabulary. The teacher will explicitly model activities, including use of the vocabulary. Students will use Tier 2 and Tier 3 vocabulary in whole class and small group discussions; as well in their writing.

Gr 3-4 NYSESLAT Prep
Language of instruction:
-English
-With home language support in Spanish, including the use of bilingual picture dictionaries, reference to cognates, Google Translate, visuals and videos in the students' home language; directions will be provided orally and in writing; questions will be previewed and repeated before and after reading instruction/activities. Explicit connections will be made to content that students are learning during the regular school day and to their experiences at home, especially when completing reading and writing assignments.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Foundational Skills Reading Program
There will be two teachers certified in one of the following areas: bilingual certified teacher or ESOL.

STEAM
Two teachers with the following certifications: Students With Disabilities (Grades 1-6) & Childhood Education (Grades 1-6); ESOL or bilingual certification

Gr 3-4 NYSESLAT Prep
There will be two teachers certified in one of the following areas: bilingual certified teacher or ESOL.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials for the Foundational Skills Reading Program:
These materials will not be paid for with Title III funds.
- Teacher's Guide
- Phoneme Segmentation Chart
- Student Workbooks
- Phonogram & Word Cards
- Student Manipulative Kits
- Decodable Texts

Publisher: EPS Learning
Materials will be stored securely in the Book Room and/or closets in the classroom.

STEAM
These materials will be paid for with Title III funds.
- LEGO Education Science K-2 Class Pack
- LEGO Education Science 3-5 Class Pack
- K-5 Class Packs include
- 6 LEGO Education Science sets
- Charging station
- Two replacement packs
- 45 lessons aligned to NGSS

Resources include:
- Teacher Portal
- Getting started materials

- Lesson library

Teacher support
- Lesson Library
- Student-facing lesson presentations
- Teacher facilitation notes
- Rubrics

Standards-alignment, 21st century skills and pre-requisite knowledge
Materials are provided by the LEGO Education and the LEGO Group
Materials will be stored in a locked closet in the science lab
Materials will be purchased using Title III funds (approximately $8,500.00)

Gr 3-4 NYSESLAT Prep
These materials will be paid for with Title III funds. (approximately $1,800.00)
Teacher's Guide
Gr 3-4 Student Workbook
Materials will be stored and secured in the ENL office. (Room 203)

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The Foundational Skills Reading Program
Our target subgroup for the Foundational Skills Reading Program is 30 Entering and Emerging ELLs in Grades 1 and 2.

We will maintain records by creating online spreadsheets, using Google Sheets, to determine attendance and response from families to the invitation.
A copy of each teacher's certification or a screenshot from TEACH will be filed securely on Google Drive. Per session time sheets, purchase orders, records of professional development will be maintained by the payroll secretary for all Title III programs.

Title III notification letters will go into the child's cumlative record folder as required and mandated by policy.

We will use ParentSquare and/or email to communicate with the parents/guardians of participating students, in their preferred language, throughout the duration of the program. Initially, a letter will also be backpacked with students and, if necessary the teachers in charge will follow up to ensure that all parents/guardians are informed of the program, understand its aim and rationale and are enthusiastic about giving consent for their child to participate. Parents will be notified at least two weeks prior to the first day of the program, and will receive a reminder in writing as well as by phone, in the week prior. We will update parents about student progress and schedule updates via ParentSquare, backpacked letters and email.

We will maintain records by creating online spreadsheets, using Google Sheets to track attendance for each session for students in all grades and all responses from families regarding whether their child will participate. Student rosters will include

the names and proficiency level of each child. We will maintain copies of all letters sent to and received from parents. Letters will be dated and translated and will reference that it is a Title III Program. All records of parent activities will also be filed electronically and in a Family Engagement binder.

STEAM
The 2025 NYSESLAT data, teacher input, and attendance will be used in the selection of specific students from each subgroup who will participate in this program.

Gr 3-4 NYSESLAT Prep
Initially, the 2024 NYSESLAT data will be used to select Transitioning and Expanding ELLs in Gr 3 & 4. The data from the 2025 NYSESLAT results will be used to make the final selection.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The Foundational Skills Reading Program
Professional Development will be provided on:
Administering the Placement Assessment to place students in the appropriate level of SPIRE
How to Implement the Pre-, Mid- and Post Level Tests for SPIRE
How to Implement the 10 Steps of a SPIRE Lesson

In each session, teachers will watch videos, on how to administer assessments and lessons; and asked to reflect on and record:
What they currently do well
What they need to work on
Next Steps

Administration, along with teachers who are knowledgeable of and experienced with implementing the SPIRE program, will facilitate each professional development session. Records of attendance will be organized on our Shared Documents in Google Drive and/or hard copies will be organized in an attendance binder.

Teachers will be observed and provided with feedback to ensure that lessons and assessments are implemented with fidelity. Feedback will align with each teacher's next steps.

Professional Development will not be paid with Title III funds.

STEAM
Professional development for this program has been provided by the LEGO Group on how to effectively implement the curriculum. All facilitated professional learning will be led by a certified LEGO Education Academy trainer.

Teachers will also participate in a professional learning that focuses on teaching science to ELLs. These sessions will not be funded by Title III.
Integrating Science and Language for All Students with a Focus on English Language Learners
Module 1: Unpacking the NYS P-12 Science Learning Standards
Module 2: Science and Language with English Language Learners
Module 3: Science Instructional Shifts
Module 4: Language Instructional Shifts
Module 5: A Classroom Example
Module 6: Science and Language Assessment Shifts
Module 7: Formative Assessment in the Science Classroom

Professional Development will not be paid with Title III funds.

Gr 3-4 NYSESLAT Prep
District 24 provides yearly training to the ENL Department on preparing ELLs for the NYSESLAT. This team will turnkey this training to the entire staff and there are ELLs in K-5 classes:
- An Overview of the Item Maps for Kindergarten Through Fifth Grade
Performance Level Description/Target of Measurement

- Research-Based Best Practices for Teaching ELLs

- An Introduction and Overview of the NYSESLAT for Kindergarten Through Fifth Grade
Structure of the NYSESLAT for Each Modality
Routines to Optimize Student Performance on NYSESLAT

Professional Development will not be paid with Title III funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The Foundational Skills Reading Program
In an effort to improve ELLs' performance on the NYSESLAT we have decided to target the incoming first and second graders. The majority of our ELLs in those grades (82% and 59% of ELLs respectively) fall in the lowest ELL proficiencies: Entering and Emerging.

SPIRE is a research-proven program designed to "support Multilingual Learners in enhancing their reading, writing, speaking, and listening skills in English." The SPIRE program is designed to support Multilingual Learners in enhancing their reading, writing, speaking, and listening skills in English: SPIRE includes suggestions for spoken language and conversation in each lesson step. SPIRE lessons provide opportunities for students to read, write, listen and speak in English. Students are also able to apply the decoding skills they are taught, by reading decodable texts. Additionally, they practice reading words, sentences and passages. Instructional routines integrate students applying their listening skills to manipulate sounds and make new words, and are made aware of the differences in sounds from their home language and English: SPIRE Steps 1 & 2 include the use of Spanish cognates. The SPIRE curriculum would best support the needs of our students.

STEAM
Two instructors will co-plan and co-teach. Although both teachers have experience teaching ELLs, receiving training that specifically provides research-based strategies for teaching science to ELLs will support improved instruction and academic achievement. As per the NYCPS Multilingual Learners site, this professional learning series is "designed for science and language educators to improve classroom practices for instruction and assessment by engaging in tasks that promote science and language instructional shifts. These shifts are presented in the NYSED Integrating Science and Language for All Students with a Focus on English Language Learners webinars and
briefs. The data sources that support the need for professional development was the State science assessment results and our ELA state assessment results, especially informational text strands. To justify the professional development, Amplify based performance tasks and unit tests were analyzed.

Gr 3-4 NYSESLAT Prep

When we look at the results of the NYSESLAT, several things stand out. Fifty-eight percent of students moved up one or more levels. Thirty seven percent of students stayed at the same level. Four percent decreased a level.

Of those students that did not increase a level, half of them were Expanding. Of the 70 students that were Expanding last year, 19 tested Commanding and 51 remained Expanding. This shows that Expanding students need more targeted instruction to improve and become Commanding.

Therefore, teachers need to be provided with professional development that focuses on how to implement research-based best practices for teaching ELLs, the Targets of Measurement for each grade and the specific structure of the NYSESLAT in order to increase the number of students who increase one or more proficiency levels and move from Expanding to Commanding.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The Foundational Skills Reading Program
All teachers who deliver SPIRE lessons during the regular school day, will participate in professional development. Administration and/or teachers who are knowledgeable of and effectively implement SPIRE lessons will facilitate professional development. Sessions will take place during Monday PD.

STEAM
Both teachers for this program will participate in the CTLE Professional Development Series: Integrating Science and Language for All Students with a Focus on English Language Learners. Additionally, they will be observed regularly by an administrator and provided with feedback to improve the content knowledge and pedagogy (with a focus on teaching science to ELLs). Teachers' progress with implementing next steps will also be monitored by their supervisor

Gr 3-4 NYSESLAT Prep
All K-5 teachers will participate in all professional learning sessions during Monday PD time. Additionally, they will be observed regularly by an administrator and provided with feedback to improve the content knowledge and pedagogy (with a focus on teaching science to ELLs). Teachers' progress with implementing next steps will also be monitored by their supervisor.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Foundational Skills Reading Program
Professional Development will be provided on:
-Administering the Placement Assessment to place students in the appropriate level of SPIRE
-How to Implement the Pre-, Mid- and Post Level Tests for SPIRE
-How to Implement the 10 Steps of a SPIRE Lesson

Professional development will take place on one Monday in September - November, 2025
We will use Monday PDs time (1 hr sessions) for professional learning.

STEAM
September - December, 2025
-Virtual Coaching: 1 to 2 sessions from LEGO Education on implementing STEAM instruction for elementary schools.
2-hour session
-7 self-paced Modules - Professional Development Series: Integrating Science and Language for All Students with a Focus on English Language Learners
-1 hour per Module

Gr 3-4 NYSESLAT Prep
September - December, 2025
-An Overview of the Item Maps for Kindergarten Through Fifth Grade
Performance Level Description/Target of Measurement
-Research-Based Best Practices for Teaching ELLs
-An Introduction and Overview of the NYSESLAT for Kindergarten Through Fifth Grade
Structure of the NYSESLAT for Each Modality
Routines to Optimize Student Performance on NYSESLAT

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The Foundational Skills Reading Program
Professional Development will be provided on:
-Administering the Placement Assessment to place students in the appropriate level of SPIRE
-How to Implement the Pre-, Mid- and Post Level Tests for SPIRE
-How to Implement the 10 Steps of a SPIRE Lesson

STEAM

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The Foundational Skills Reading Program
All PDs will be conducted in person. Teachers will complete sign in sheets, which will be stored in the Professional Development binder.

STEAM
Records of professional development will be maintained by the administration. Teachers will be provided with proof of participation and submit hard copies or on Google Drive to the administrator.

Teachers will participate in a self-paced seven-module training on teaching ELLs. They will be provided with proof of participation with electronic documentation, which they will house in the Professional Development folder on Google Drive.

Gr 3-4 NYSESLAT Prep
All PDs will be conducted in person for Monday PDs. Teachers will complete sign in sheets, which will be stored in the Professional Development binder.

Title III documentation will be readily accessible in the event of an audit or monitoring visit. We will maintain documentation pertaining to our Title III program as outlined by policy, including evidence of: Parent engagement/notification regarding Title III programs; a Title III supplemental program invite letter, evidence of teachers participating in the Title III program, parent engagement activities, professional development activities and OTPS expenditures.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The Foundational Skills Reading Program
Professional Development for parents/guardians
Topics:
2-Day PD
Overview of the SPIRE Curriculum
Parents will receive a brief outline of the science of reading and will experience Steps 1-5 of an introductory SPIRE lesson for Level 1.
Parents will receive a brief outline of the science of reading and will experience Steps 6-10 of an introductory SPIRE lesson for Level 1.

1-Day PD
Similarities and Differences Between Letter and Sound Correspondence in English and Spanish
The facilitator will highlight the major differences in letter-sound correspondence:
https://www.colorincolorado.org/article/capitalizing-similarities-and-differences-between-spanish-and-english

Both languages use the Roman alphabet. That knowledge helps build a phonemic and phonological foundation.
30% to 40% of all words in English have a related word in Spanish. With similar sound, appearance, and meaning, these cognates help students transfer that word knowledge into their second language.
Except for a couple of word order exceptions (adjective before noun in English and noun before adjective in Spanish), sentences in both languages have the same basic structures (as compared to English and Chinese or other non-Latin derived languages).
Learning to read and write uses the same basic processes (phonemic awareness, decoding, fluency, comprehension, writing mechanics).
When teachers and students know these basic similarities between the two languages, it saves time and guess work as students transfer their knowledge of Spanish literacy into English literacy.

1-Day PD
Make and Take: Games for SPIRE
Parents make two sets of cards with letters, vowels, digraphs or words to play Go Fish with their child at home. Players will say the name of the letters/vowels, and read the digraphs or words aloud, when asking "Do you have...?"
Parents create Bingo cards for the letters, vowels, digraphs or words for SPIRE lessons

Name of Provider: Marissa Wang and Sulay Tapia, Parent Coordinator
These sessions will not be funded by Title III.

STEAM
Topics:

-What is STEAM?
Parents will receive an in-depth description of STEAM and an outline of the curriculum and what is expected for each session

-How the LEGO STEAM Program can help your children become more proficient in English
Teachers will demonstrate hands-on activities that students will participate in, during the course of each Module. Families will have an opportunity to also complete selected hands-on activities.
Parents will be taught about the ways in which these activities help develop their child's language acquisition.
These workshops will not be funded by Title III.

Gr 3-4 NYSESLAT Prep
-What is the NYSESLAT?
Purpose of NYSESLAT
Outline of Proficiency Levels
Rights of ELLs and Former ELLs to Services
Testing Out of NYSESLAT

-The Gr 3 and Gr 4 NYSESLAT Exam and How to Support Your ELLs at Home
Listening
Reading
Writing
Speaking

These workshops will not be funded by Title III.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The Foundational Skills Reading Program
The 2024-2025 School Survey, 88% of families of ELLs stated that the school "creates opportunities for parents to be involved in school activities and in their child's learning", as compared to 93% of families who do not have ELLs. In an effort to increase the rating of favorability we have aligned family engagement activities with the work that students do in class as well as in the Title III program. All families of ELLs who receive SPIRE intervention, either during the regular school day or during the Title III program, will be invited to participate. These activities will reflect what students are learning and will empower families in supporting their child(ren) at home.

STEAM
As per the 2025 NYC School Survey for Families, when families were asked about improvements that they would like to see at the school, the majority of parents (65 of 283 or 36%) responded that they would like stronger enrichment programs. A notable number of parents, (33 of 283 or 18%) requested more hands-on activities. This was the second highest number of parents who took the survey. The LEGO STEAM program is responsive to families requests.

Gr 3-4 NYSESLAT Prep
The 2023-2024 School Survey, 88% of families of ELLs stated that the school "creates opportunities for parents to be involved in school activities and in their child's learning", as compared to 93% of families who do not have ELLs. In an effort to increase the rating of favorability we have aligned family engagement activities with the work that students do in class as well as in the Title III program. All families of ELLs in Grades 3 and 4 will be invited to participate. These activities will support families in understanding the NYSESLAT and will empower families in supporting their child(ren) at home.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Foundational Skills Reading Program
Sessions will take place on Mondays from 2:30-3:30pm. The duration for each session is 1 hour.
Session 1: October 6th
Session 2: November 3rd
Session 3: December 8th
Session 4: February 2nd

STEAM
Sessions will take place on Mondays from 2:30-3:30pm. The duration for each session is 1 hour.
Session 1: Kindergarten - April 6, 2026
Session 2: Gr 1 - February 7, 2026
Session 3: Gr 2 - December 25, 2025
Session 4: Gr 3 - October 27, 2025
Session 5: Gr 4 - November 24, 2025
Session 6: Gr 5 - September 29, 2025

Gr 3-4 NYSESLAT Prep
Sessions will take place on Mondays from 2:30-3:30pm. The duration for each session is 1 hour.
Session 1: January 12, 2026
Session 3: February 9, 2026

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The Foundational Skills Reading Program
Families will be engaged in conversation, situational role-play, and video use during each session
Literacy and Language Development - strategies for building vocabulary and comprehension, and helping children with phonics and decoding (e.g., Nonsense Word Fluency practice) and the power of reading together: selecting books by level and interest

STEAM
Families will be engaged in looking at and reflecting on content presented by facilitators and videos, situational role play, hands-on-activities Encouraging curiosity and questioning at home, and helping families see the relevance of connecting science concepts to real-life experiences. (weather, nature, technology)

Gr 3-4 NYSESLAT Prep
Families will be engaged in looking at and reflecting on content presented by facilitators and videos. They will also analyze examples of NYSESLAT exams provided by NYS, and may observe what the Speaking section of the NYSESLAT is administered. Understanding NYSESLAT results and what they mean and supporting English development while maintaining home language.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The Foundational Skills Reading Program
All Foundational Reading Skills Program family engagement activities will be facilitated by Marissa Wang and Sulay Tapia, Parent Coordinator

STEAM
All family engagement activities will be facilitated by the Elizabeth Reid and ESOL/bilingual certified teacher.

Gr 3-4 NYSESLAT Prep
All family engagement activities will be facilitated by the teacher(s) selected to run the program.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified by backpacking a letter to each student who is invited to participate. Letters will be translated to the preferred language of each family. Teachers will also use ParentSquare to communicate with families, which includes an option for translation. Additionally phone calls and/or emails will be used to communicate with parents, as per their preference. Emails will be translated and a translator (who will be a member of our staff) will support teachers when they speak with families on the phone. Translators will also be present at workshops provided to families to support facilitators.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All PDs for Title III programs will be conducted in person. Families will sign in using hard copies of attendance sheets or they will complete a Google Form. Documentation will be maintained in the Family Engagement binder or securely on Google Drive.

The school will document outreach on a spreasheet located on Google Drive. Attendance will also be documented on a spreadsheet on Google Drive.

Agendas and sign-in sheets are hard copy documents that will be stored in a folder labeled in alignment the pointed Title III program for easy access.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

23,760 + 15,938 (Carry Over Allocation) = 39,698

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.

- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School

Grades to be served in this program. Select all that apply.

,2,3,4,5

Total number of teachers in this program:

2-3

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The plan for this program is to organize classes before school. Two teachers will work with 20 students who meet the following criteria according to MOY mCLASS data.

-Are in the red in Spanish and English
-Are in need of letter/sound recognition and need more basic phonemic instruction

Students will be divided into 2 groups of 10 students each. All students are immigrant ELLs, except for one, who is a non-ELL immigrant student.

Groups will be formed homogeneously based on the criteria above. Instruction will be delivered using SPIRE and Sound Sensible programs.

Programs will be delivered in English and home language will be used to support with directions. This program will enhance the instructional opportunities for immigrant students by supporting Students with Interrupted Formal Education (SIFE), as well as providing scaffolds for students with limited exposure to U.S. academic content. This program aims to lessen the widening gap

of grade level expectations and students' present literacy skills.

Students are not going to be grouped according to English Proficiency but instead will be grouped according to their phonemic skill needs as identified by mCLASS.

The Spire curriculum includes the following flow:
a. Phonogram cards to support letter/sound recognition
b. Word segmentation
c. Word building

Principal Rudolph will be physically present during instruction and Ms. Wang will support with successful mCLASS progress monitoring and analysis. Administrative supervision will not be an expense. Teachers are expected to progress monitor students every 3-5 instructional days in either PSF or NWF in mCLASS.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

We will primarily be using screener data from mCLASS. mCLASS is an assessment suite that assesses students on a range of foundational literacy skills. Our data shows that 60% of immigrant students scored well below on mCLASS assessments. On the 2025 NYS State ELA exam, 20 immigrant ELL students scored a level 1. This data along shows that there is a strong need for this program. Data from mClass screeners will be used to guide our focus to the specific skills that need to be strengthened.

For the select group of students who do not have letter and sound recognition, Sound Sensible is the program that will be used with them in conjunction with Heggerty to foster the student's phonemic awareness skills.

If there is a need identified around nonsense word fluency, then this will be a high priority focus for intervention. SPIRE is a research-based program, approved by the DOE to support students with these foundational literacy needs, which prioritizes blending and segmenting.

Formative assessment tools in Sound Sensible and SPIRE will be used to monitor daily session learning and progress monitoring will be done in the mCLASS suite. Once students in the Sounds Sensible group pass the fifth level they will 'graduate' from the program, and we will level them up with SPIRE.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

20-25 students will be in the program. All students are immigrants and all but one are ELLs.
Immigrant students from grades 2-5 will be invited.
All but one students are ELLs. All of the Ells are Newcomers.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will begin March 2, 2026 and run through April 30, 2026.

There will be 31 sessions in total.

The program will meet four days a week: Mondays, Tuesdays, Wednesdays and Thursday.

The time for each daily session is 6:55 to 7:55am, one hour total per day.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction is in English, although HL may be used for directions if needed, which in most cases will be Spanish. In some instances, the home language may be Chinese or French Creole.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Two Teachers, that are certified and that have a TESOL or Common Branch license K-6 or 1-6.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

We need to order additional SPIRE kits-which includes student books and letter tiles. These are program materials to support intervention that are not used during daily instruction. These materials will be at a cost as part of this program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Parents will be notified about the programs 2 weeks prior to the start date (February 9, 2026). A letter in both English and Spanish will be put together by our Pupil Accounting Secretary indicating the dates and times the program starts (Begins March 2,, 2026 - Ends April 30, 2026 Monday - Thursday 6:55 am - 7:55 pm). A tear off at the bottom of the parent letter will indicate whether or not the parent gives the child permission. Dates and times will be indicated in this part of the letter. If students do not return the tear off, phone calls will be made inviting students to attend as well.

We will use an online spreadsheet to monitor attendance and the mCLASS suite to progress monitor PSF and NWF.

Our teachers will engage in formative assessment using the components in Sound Sensible and SPIRE. We will progress monitor PSF and NWF using the mCLASS suite.

Our instructional cabinet will review the data in mCLASS to assess progress and determine which students need to level up using different resources and intervention materials.

Records and data, including parents' home languages will be maintained in a binder in the principal's office. This binder will provide the parent notifications in their preferred languages, ENL certified teachers who support the program (Michelle Zytko, Danielle Russo, Robin Kolodny), purchase orders and invoices to date for the program. Attendance will be maintained using a spreadsheet in Google Drive.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

We will offer various professional development opportunities for teachers centered around culturally responsive pedagogy This will strengthen student engagement and academic achievement for our newly immigrated ELLs. We will provide teachers the opportunity to explore AI tools such as Copilot and Notebook to assist in developing highly effective scaffolds and differentiated activities to help our newcomer immigrant students. We will also allocate time for SPIRE and Sounds Sensible trainings for the teachers who needs it although both are offered free of charge. Sounds Sensible and SPIRE kits will be purchased. During these professional development sessions, teachers will be engaged in how each program should be implemented. They will acknowledge that in each SPIRE lesson there are 10 mini lessons to assist students to achieve their goals. SPRIE 4th Edition Level 1 primarily focuses on CVC words and the use of high frequency words. Later lessons introduce digraphs sh, ch, th, wh, and ng. PD will also be provided in Sounds Sensible. Teachers will be engaged in how that program will be implemented. ELLs in this program will be introduced to letters acknowledging that words have beginning and ending sounds. These programs are researched based and are effective for students with limited exposure to US academic content. Other professional opportunities may be provided will be at cost to Title III Immigrant funds depending on the vendor.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

SPIRE is an excellent program to support basic phonemic development. Based on mCLASS data, 25 students in grades 1-6 combined requires this focus. In order for this subgroup of students to receive the reading support they need, our teachers need to be trained in SPIRE and Sound Sensible.

Around 50% of teachers are trained in SPIRE however ongoing training is needed to provide effective instruction for this program. We will also train teachers not currently included in the immigrant program, that are providing Tier 2 and Tier 3 intervention inside the classroom for immigrant students. Our goal is to have 100% of teachers trained in SPIRE and sound sensible to build classroom teacher toolkits to be able to provide effective classroom intervention for immigrant ELLs.

At this time, 5% of teachers are trained in AI tools that can be used to inform instruction for English Language Learners. There is a need for visual support and scaffolds in the SPIRE program to allow for immigrant ELLs to understand content. Teachers will be trained in various AI tools (co-piolot and google notebook) to support this need.

100% of teachers will receive ongoing M-class training from our implementation coach, Mr. Silvestre Acros. This is based on teacher feedback and survey results for a need to support implementation of the program for our school.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers will receive some form of Professional Development on working with immigrant students. All teachers will receive PD on culturally responsive pedagogy, using AI to create scaffolds for ELLs, and support in analyzing progress monitoring data for ELL subgroups.

In addition, teachers who are working the Title III immigrant morning program will all receive PD for the specific program they will use. Once the teachers who will be working this program are selected, they will complete a brief survey of their professional development needs regarding these programs. If they have not previously attended a professional development in SPIRE or Sounds Sensible, time will be allotted for them to attend a one day professional development. If they have attended a training session in the past, a one period refresher course will be given by the assistant principal, Ms. Wang.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The SPIRE and Sound Sensible trainings have not been scheduled yet and will be one day long. The trainings will be facilitated by an in-house trainer, Ms. Marissa Wang. Refresher training will be a 1 hour training on Monday February 23, 2026 from 3:00pm-4:00pm. Full day training for new participants will be held on February 25, 2026 from 8:00am-2:20pm

Teachers will be trained on various AI tools 1 day per month during grade team planning (1 period) the week of February 9th, 2026. Professional Development will be provided by an in house trainer trained in these tools (ENL teacher working with the respective grade)

On February 23, 2026, teachers will attend an mClass PD focusing on midyear analysis. This PD will be two periods long. Teachers will receive support on analyzing their Middle of Year data from their recent mClass assessments given to all students.

Culturally Responsive Pedagogy PD will take place Monday, March 2nd, 2026 during staff PD time from 3-4:00pm. This PD will be one hour long.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Culturally Responsive Pedagogy trainings/topics
-Teachers examining their own biases, cultural identities and assumptions
-Focusing on students' strengths and potentials,
-Use of inclusive literature
-Effective communication with students and families

AI Copilot, Notebook, HMH AI trainings/topics
-How to generate images to add to anchor charts and Google slides
-How to narrow in on differentiated instruction for entering/emerging ELLs
-How to provided appropriate scaffolds
-How to upload lessons to narrow in on specific elements of a lesson

SPIRE/Sounds Sensible
-program overview
-How to follow the 10 Steps
-How to use the hands-on materials

MClass
-Teachers will receive support on analyzing their Middle of Year data from their recent mClass assessments given to all students.
-Teachers will evaluate the growth and needs of their immigrant students and create groups for student needs

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The following programs: Sound Sensible, SPIRE training, teaching ELLs through AI tools, M-class training, Culturally Responsive Pedagogy and District leadership AI tools professional development, will be provided at no cost to the Title III immigrant funds

Training will be provided by:
Marissa Wang, Assistant Principal, certified in both programs (SPIRE/Sound Sensible) and qualified to lead/turnkey PD on culturally responsive pedagogy and AI tools.
NYC reads trainer certified to lead professional development on the programs
Mr. Silvestre Acros, Mclass implementation coach
ENL teachers trained in AI tools by District leadership

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

We will be using a google spreadhseet to document attendance and we will be using a google form to serve as an exit ticket for competency.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

One District, One Book is a program through Read to Them that we will introduce to our school and families to further strengthen a love of reading.

All families across our school read the same children's book at the same time, making reading a hot topic of discussion throughout the community. Each night, students read a book with their parents, caregivers or siblings, and then at school. This will foster that reading-aloud is a family activity, motivate the students to find a friend in the book, foster self-exploration/curiosity, promote oral language and expose the students to new words, thereby increasing their vocabulary and oral language skills.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

There is a great need to support strengthening our phonemic skills in the lower grades to reduce bigger reading gaps in the upper grades. Early intervention is paramount. This initiative will support the word recognition strand of the reading rope.

According to the data gathered to support this initiative, families self-report that they do not have the skills to teach their children how to read nor do they understand the irregularities in spelling and pronunciation. Furthermore, the complexities of pronunciation, grammar, and idioms found in the English language is uniquely challenging for many of our families.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,

- Days of sessions, and
- Time and duration of sessions.

1. A reading launch will happen which will include book give aways, and strategies to support excitement about the reading work ahead. (February 25th: 3-4PM)

2. While You Read: Home Resources – Increase family engagement. Support families with read-aloud tips and challenge them to complete a BINGO card with fun book extension activities. (March 11th: 3-4PM)

3. After you read: A time to engage in celebration, feedback and next steps. (April 22nd: (3-4PM)

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Please see the specifics that are noted above.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

It will be our staff but supported by Read to Them.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

We will use ParentSquare to email and text families about the activities.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will use an online google sheet to track attendance and a Google form to track participation across these family engagement activities.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
