Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The Randolph Holder School for Social Justice - P.S.253Q

District Borough Number (DBN):

27Q253

Grades Served:

3K-5

School Address:

1307 Central Avenue, Far Rockaway NY 11691

Phone Number:

(718) 327-0895

Fax:

718-327-0964

School Contact Person:

Benita Lachner

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Christiana Vasquez	Principal or Designee*	
Diana Vosswinkel	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jessica Cruz	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Nicole Coleman	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Tiantha Fields	CBO Representative, if applicable	
Kimberly Mullan	Member/ Teacher/SLT Chairperson	
Giselle Ruiz	Member/Teacher	
Mark Shaban	Member/Teacher	
Ana Perez	Member/Teacher	
Michelle Herrera	Parent/PTA Vice President	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Rachel Molloy	Assistant Principal	
Ashley Perez	Parent Coordinator	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At the Randolph Holder School for Social Justice, students are immersed in an inclusive and supportive learning environment where real-world, high-quality learning experiences help them to achieve their academic, social, and emotional goals.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

At RHS, our 520 students represent a diverse student body here in Far Rockaway. According to Portal by New Visions, student ethnic group representation includes: 59% Latino, 32% Black, 3% Asian, 2.5% White, 1.9% Native American, and .9% Multi-Racial. Subgroup representation in the general population reflects 21% multi-lingual learners, and 32% students with disabilities. 100% of students receive free lunch, and 13% of our students live in temporary housing.

Briefly summarize the key initiatives your school will implement this school year.

The school leaders, educators, paraprofessionals, and staff of RHS will continue to work in collaboration with our community based organization, The Child Center of New York (CCNY) in order to support all students and families. There is a committed effort to create opportunities that help each student reach their academic, social, and emotional goals.

In order to support the academic growth of each student, we will continue to ensure teachers have opportunities for common planning in grade teams, and continued professional learning throughout the year. We will be implementing the resources created in collaboration with our Ready Gen consultant from the 2024-2025 school year. This will continue to ensure our teachers have aligned lessons that support the strengthening of vocabulary, fluency, reading comprehension, and writing. Teachers will continue to use Heggerty and Really Great Reading to build foundational skills in the lower grades. Teachers in grades 3-5 will receive training on interventions such as the REWARDS program to provide more targeted small group instruction (ability-based groups). All students in grades K-5 will have a WIN period (Whatever I Need) 4 times per week, where teachers will have the ability to provide enrichment and tier 2 interventions. The literacy block will have opportunities for students to practice reading fluently with decodable books. All classrooms have received a new classroom library filled with decodable readers that are also aligned to the HMH Into Reading modules. iReady will also be used schoolwide to support student growth in reading and math. In mathematics, teachers will continue to use Mathometry (formerly known as K5 math) fluency centers and number talks to support students in building conceptual understanding. Teachers will also learn and implement

some of the mathematical shifts. The administration team will conduct instructional walkthroughs with groups of teachers using the JESA Framework. This will build staff understanding of the Danielson Framework and expectations. There will be continued intervisitations amongst HMH and math ambassadors.

Afterschool programs will be held for students to provide opportunities for tutoring and enrichment, multi-lingual learners, and targeted reading intervention. In addition, we plan to continue partnerships with mental health facilities, Addabo Health Clinic for student physicals and immunizations, and supply vision and dental programs throughout the year for all students. The schoolwide PBIS Framework will continue to support positive behaviors throughout the school building. Attendance initiatives from last year will continue such as a morning soccer program for chronically absent students, celebrations for perfect attendance, "Plants as Pets" initiative, and Dojo points for attendance. Celebrations for students of the month and honor roll will continue this school year. The PTA and parent coordinator will host events and workshops throughout the school year to promote parent engagement and involvement.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Math	K-5	Envisions	
ELA	K-5	HMH Into Reading	
Phonics	4K-2	Really Great Reading	
Phonemic Awareness	K-2	Heggerty	
Math	K-5	Mathometry (formulary known as K5 Math)	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students Performing At or Above Benchmark, Acadience EOY Grades K-2= 38% (K-48%, 1st-33%, 2nd-34%)-June 2025	Students' inability to accurately decode words, therefore unable to read texts accurately and fluently	Improve phonics instruction aligned to the science of reading. Provide more intervention for struggling readers. Ensure opportunities for students to practice reading fluently are embedded daily into literacy block.
Students Performing At or Above Benchmark (Level 3 and Level 4) according to EOY NWEA MAP Growth Projected Proficiency	Students' lack of fluency when reading texts. Students also lack vocabulary and background knowledge, therefore they are unable	Provide more intervention for struggling readers in grades 3-5. More professional learning opportunities for educators in grades 3-5 aligned to Science of Reading. More opportunities for students to read and practice reading fluently. Improve vocabulary practices, and

Summary Report in Grades 3-5: 18.1% of students	to comprehend texts presented.	provide more opportunities for students to build background knowledge.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	38%	By June, 2026, literacy for students in grades K-2 will improve, as measured by a 5% increase, from 38% to 43% of students in grades K-2 performing at or above benchmark on the Acadience EOY.
All Students	37%	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 37% to 42%, of Percentage of students scoring at levels 3 and 4 on the NYS ELA Exam .
All Students	69%	By June, 2026, percentage of K-5 students scoring between 1-3 years below grade level (tier 2 and 3 students) in ELA will decrease by 5% (28 students), from 69% (362 students) to 64% (334 students)as measured by the iReady Reading Screener Results .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In order to address the priority needs based on our hypothesized root causes, the following strategies will be implemented:
-WIN (Whatever I Need) period 4 times per week; Tier 2 intervention during these win periods (MTSS)
-grades 3-5: MTSS period will be ability-based small groups (students rotate among teachers in the grade to work in homogenous data-driven groups)
-More aligned intervention supports for teachers in grades 3-5
-Flex of special education teacher schedules within ICT classrooms and ENL teachers to provide intervention during WIN periods
-specific reading intervention afterschool program
-more aligned literacy blocks across grade bands
-implementation of lesson plans and resources created with ReadyGen consultant during 2024-2025 school year
-intervisitations (horizontally and vertically)
-implementation of fluency time during literacy block
-enhanced use of morphology wall (embedded within literacy block in grades 3-5)
-implementation of iReady program

Root Cause Addressed:

-Students' inability to accurately decode words
-Students' difficulty with reading accurately and fluently
-Students lack of vocabulary and background knowledge

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Creation of teacher schedules to ensure aligned WIN periods to allow for ENL/special education teacher support to deliver intervention
Extra period of common planning each week for every grade team to lesson plan
Professional learning for REWARDS intervention program
Analyze data after BOY assessments to begin afterschool reading intervention program early
Professional learning for iReady program

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-iReady Data
-Acadience Progress Monitoring Data (where applicable)
-Observations
-Checklists (for intervisitations and observations)
-Weekly HMH Into Reading assessments

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Reading Workshop K-2	The Child Center of New York/Parent Coordinator
		Test Prep Workshop 3-5	The Child Center of New York/Parent Coordinator
		Early Reading Workshops (3K and PreK)	The Child Center of New York/Parent Coordinator
		Honor Roll Ceremony 3 times per year	The Child Center of New York, Staff, PTA, Parent Coordinator
		Monthly Principal's Newsletter with Book of the Month, Strategies for Parents, and Resources for Home	Principal
		Monthly Parent Square "Resource Post"	Staff

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Special Education Teachers, ENL Teachers, The Child Center of New York, Afterschool Intervention Teachers, Parent Coordinator

Instructional Resources

HMH Into Reading, RGR, Heggerty, REWARDS , iReady

Schedule Adjustments

Alignment of WIN/MTSS period

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A24 Infractions for 2024-2025 School Year (OORS): 40; 27.5%	Need to build student empathy, self-regulation, and coping strategies	Explicit instruction in self-regulation and coping strategies. Clear routines and expectations throughout school building to ensure consistency. Create a more safe and calm cafeteria experience.
A33 Infractions for 2024-2025 School Year (OORS): 63; 42.76%	Need to build student empathy, self-regulation, and coping strategies	Explicit instruction in self-regulation and coping strategies. Clear routines and expectations throughout school building to ensure consistency. Create a more safe and calm cafeteria experience.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	27%	By June, 2026, physical and mental wellness for all students will improve, as measured by a 5% decrease, in percentage of A24 infractions from 27% to 22%, per the OORS reports.
All Students	43%	By June, 2026, physical and mental wellness for all students will improve, as measured by a 5% decrease, in percentage of A33 infractions from 43% to 38%, per the OORS reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Reconstruct Indoor Recess to create a more calm, inclusive, and safe cafeteria experience for all students. Students will have options of activities to do after eating lunch to build community and allow exploration of hobbies and interests.
-Positive Behavior Specialist Position: This new position will provide support for challenging behaviors across the building.
-Refine and continue to implement PBIS framework (Dojo Points)
-Implementation of Strategies from spring Responsive Classroom Training
-Bi-Monthly PBIS Assemblies (Community Meetings)

Root Cause Addressed:

-Explicit instruction in self-regulation and coping strategies
-Clear routines and expectations throughout school building to ensure consistency
-Create a more safe and calm cafeteria experience.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Organize and create a system for indoor recess: Ensure cafeteria staff are trained on system and can implement with efficacy
Ensure PBIS framework is aligned to student needs: Make adjustments form 2024-2025 school year to better support student engagement this SY

Plan bi-monthly PBIS assemblies (community meetings)
Ensure parents are informed of student expectations
Clarify and refine Student Code of Conduct

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Monthly Dojo Points
-OORS Reports
-Incident Reports

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Parent SEL Workshops	The Child Center of New York, Parent Coordinator, PTA

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

The Child Center of New York, Positive Behavior Specialist, Parent Coordinator, PTA

Instructional Resources

Class Dojo, PBIS Framework (ROAR Behavior Matrix)

Schedule Adjustments

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Projected Proficiency Summary Report: Percentage of Students Performing At or Above Benchmark (Level 3 and 4) according to NWEA MAP Growth Math Grades 2-5: 27.1%	Students lack fluency with number facts (addition, subtraction, multiplication, division), and conceptual understanding around various math principles/concepts. Teachers are not comfortable with effectively building mathematic conceptual understanding in students.	Professional Learning for Staff

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32%	The Randolph Holder School for Social Justice will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at levels 3 and 4 will increase by 5% from 32% to 37%, as measured by NYS Math Exam results .
All Students	97% (496 students)	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of K-5 students scoring between 1-3 years below grade level (tier 2 and 3 students) in Math will decrease by 5% will Decrease by 5% from 97% (496 students) to 92% (471 students) , for All Students, as measured by IReady Math Screener Results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In order to address the gaps in mathematical conceptual understanding, the following strategies will be implemented:
-Continued used of Mathometry (K5 Math) Fluency Centers and Number Talks across grades K-5
-Focus on mathematical shifts
-Use of iReady program to support student growth and learning
-Aligned small group math centers to target students' needs
-Continued professional learning for teachers in mathematics
-Intervisitations to "lab sites" (classrooms of math ambassadors)

Root Cause Addressed:

The strategies above will address: students lacking fluency with number facts (addition, subtraction, multiplication, division), and conceptual understanding around various math principles/concepts. it will also support teachers' comfortability with effectively building mathematic conceptual understanding in students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure all teachers and classrooms have structures and resources to implement number talks and fluency centers
iReady professional learning sessions
Clarification of small group math centers

Schedule intervisitations to math ambassadors' classrooms

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Math workshops for parents	The Child Center of New York, Parent Coordinator

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
# of Field Trips/Career Related Events students engaged/participated in during the 2024-2025 SY: 4	Need more effective planning for career related events	Support for planning team for career related events
# of Financial Literacy lessons students were taught during the 2024-2025 SY: 0	Financial Literacy not prioritized in prior years by NYC Public Schools	Support STEM/Financial Literacy Cluster Teacher

# of Civics for All students were taught during the 2024-2025 SY: approximately 250 students (grades 3-5)	First year implementing Civics for All	Professional Learning for Social Studies Cluster teacher

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	4	<PS253Q> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the number of field trips/career related events that students engage with at school for all students will increase by 2 from 4 to 6 as measured by the number of fields trips/career related events.
All Students	0	<PS253Q> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the number of financial literacy lessons for all students will increase by 10 from 0 to 10 as measured by the number of financial literacy lessons taught in grades K-5.
All Students	250	<PS253Q> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Number of Civics for All lessons for All Students will Increase by 323 students from 250 to 573 as measured by Number of all Civics for All lessons.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Allocate time in the beginning of the year for teacher teams to plan field trips related to various careers/career fields
-Assemble a planning committee to meet monthly to plan at least two career/college related experiences for students
-Creation of a STEM/Financial Literacy Cluster: Administration to support cluster in implementing financial literacy lessons for Spring semester
-Provide the Social Studies cluster teacher with the HMH-Civics for All alignment tool

Root Cause Addressed:

-Lack of access to financial literacy learning opportunities
-Lack of access to career/college exploration

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule meetings to collaborate with CBO, Parent Coordinator, PTA, Social Worker, and other staff to plan career/college experiences
Map out financial literacy curriculum for grades K-5 for spring semester using NYC Public Schools resources
Schedule time in Professional Learning Calendar for teachers to plan field trips

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Incorporation of parents and families in career/college events	The Child Center of New York, Parent Coordinator, PTA
		Financial Literacy workshops for parents	The Child Center of New York, Parent Coordinator, PTA, Financial Literacy Cluster

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Parent Interaction Data on Parent Square, 77% 2024-2025 School Year	Parents need more guidance and instruction in using Parent Square	Opportunities for Parent Square Training
Percentage of Parents Contactable on Parent	Parents frequently change phone	More Effective System

Square, 98% 2024-2025 School Year	numbers	for Updating Contact Information in Parent Square and for the School
Average Parent/Family Attendance for Workshops (non-events), 10 Families out of 469 Families (2.1% average) 2024-2025 School Year-Workshop Sign-In Sheets/Sign-Up Spreadsheets	Parents/Guardians may not fully understand what the workshop is about or how it may be relevant to their child's life. Timing of Workshop	More Clear and Relevant Workshops with Flexible Timing
Average Parent/Family Attendance for Events (non-workshops), 150 Families out of 469 Families (31.9% average)-Event Sign-In Sheets/Sign-Up Spreadsheets	Timing of Event	Notice of Events/Combining Events to Ease Attendance for Parents at Events

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	77%	PS253Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents interacting with the Parent Square platform will increase by 5% from 77% to 82% as measured by Parent Square Data Reports.
Parents of English Language Learners (ELL)	93%	By June, 2026, the percentage of parents responding positively to the survey question "Since the beginning of the year, how often have you communicated with your child's teacher about your child's performance" will Increase by 3% from 93% positive responses to 96% positive responses as measured by Panorama Survey.
Parents of All Students	31%	<PS253Q> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents attending school events will increase by 9% from 31% to 40% as measured by event sign-in sheets.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Workshops on utilizing Parent Square
-Monthly workshops and events for families with Parent Coordinator/PTA/Title 1
-Monthly Parent Square posts
-PAWS: Parents-Principal Alliance to Witness Success (Monthly meetings with parents and guardians to receive feedback and develop action plans)
-Meet the Teacher Night
-Year-At-A-Glance Calendar
-Continued Parent Square Sign-Up for new students
-Continued Parent Square support

Root Cause Addressed:

-Lack of awareness/knowledge in using Parent Square
-Flexibility/timing of workshops

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure Child Center of New York is informed of all new admits to enroll family members in Parent Square
Have a booth at events or workshops to inform parents on how to use Parent Square
Develop a year-at-a-glance calendar to inform families of all events and workshops for the year so they can plan

accordingly

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Parent Square Support and Sign-Up	Child Center of New York, Parent Coordinator, PTA
		Year-At-A-Glance Calendar	Child Center of New York, Parent Coordinator, PTA, Administration

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Child Center of New York, Parent Coordinator, PTA, Administration

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Yearly Attendance Rate (87%), NYC Public Schools Insight, 2024-2025 SY	Historically low attendance during half-days and before breaks, low attendance during winter months, parental difficulties with laundry, students' lack of desire/anxiety to attend school	Supporting Parents, Engaging Students
Chronic Absenteeism Rate (51%), NYC Public Schools Insight, 2024-2025 SY	Historically low attendance during half-days and before breaks, low attendance during winter months, parental difficulties with laundry, students' lack of desire/anxiety to attend school	Supporting Parents, Engaging Students
Yearly Attendance Rate for Students with Disabilities (85%), New Visions Portal,	Historically low attendance during half-days and before breaks, low attendance during winter months, parental	Supporting Parents,

2024-2025 SY	difficulties with laundry, students' lack of desire/anxiety to attend school	Engaging Students
Yearly Attendance Rate per grade (3K/PreK-89%, K-84%, 1st-84%, 2nd-88%, 3rd-88%, 4th-86%, 5th-90%) New Visions Portal, 2024-2025 SY	Historically low attendance during half-days and before breaks, low attendance during winter months, parental difficulties with laundry, students' lack of desire/anxiety to attend school	Supporting Parents, Engaging Students

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	87%	By June, 2026, the Yearly Attendance Rate for All Students will increase by 3%, from 87% to 90%, as measured by the Insight Attendance Reports.
All Students	51%	By June, 2026, the percentage of chronically absent students for All Students will decrease by 3%, from 51% to 48%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The following strategies will be implemented to support the increase of the school attendance rate, and the decrease of the school's chronic absenteeism rate:
-Focus Grade of 5th Grade: Students will track their own attendance and at the end of the month, they will be able to turn in their attendance calendar for Dojo points if they missed only between 0 and 1 days
-Monthly 100% Attendance Incentives (certificates, wrist bands, feature on RHS Rockstar Wall)
-Double Dojo Points on Mondays, Fridays, and days before/after breaks
-More calm and inviting indoor recess during winter months
-Monthly parent messages about attendance
-More frequent attendance reports from New Visions (once at the start of the year for all students, once in October if child has already missed two days, with report cards each marking period, and as needed based on patterns)
-Morning Soccer Program (to target students with potential attendance issues)
-Parent Workshops (embed attendance focus within parent workshops)
-Restructure chain of command for attendance to create more effective outreach
-Attendance challenges throughout the school year (students must meet the challenge in order to participate in a specific activity or assembly)
-Loving Laundry program

Root Cause Addressed:

Ensure students feel comfortable and safe within their classrooms and throughout the school building, classroom/school activities are engaging and inclusive, and learning is accessible for all learners, therefore causing them to want to come to school every day. This will target the following root causes:
-Historically low attendance during half-days and before breaks,
-Low attendance during winter months
-Parental difficulties with laundry
-Students' lack of desire/anxiety to attend school

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Support parents/guardians in helping their children attend school every day

Root Cause Addressed:

Action Steps:

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP Reviews: 3 out of 8 Strong Alignment Across PLOP, Recommended Services, and Goals	Improvement Needed in IEP writing and development of all staff members	IEP Development and Fidelity of Implementation
		Transition Planning and Compliance

		Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	3 out of 8	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve alignment of IEPs across the PLOP, recommended programs and services, and annual goals by an increase of 4, from 3 out of 8 to 7 out of 8 , as measured by IEP Reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

-IEP Checklist
-Sample IEPs
-Review of IEPs prior to finalization
-New Teacher Report Form
-IEP Meeting Checklist
-Parent and Student Input Forms
-Support for new special education teachers

Root Cause Addressed:

Ensuring IEPs contain robust amounts of information
Ensuring alignment across the school: Clear expectations for IEPs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct BOY Professional Learning for all special education teachers
Special Education Teacher Resource Hub containing checklists, samples, parent/student surveys
RHS Staff InfoHub: Special Education Teacher Section
New Teacher Report
Clear Process for Finalization of IEPs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
		Special Education Workshop for Parents	CBO/Parent Coordinator
		Distribution of Ask and Share Documents when IEP Notice is sent home	Parents/Families
		Parent Surveys for IEPs	Parents/Families

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	NWEA MAP Growth Assessment Data (ELA) - performing well below benchmark, Acadience - performing just below benchmark	Heggerty, Sounds Sensible, SPIRE, UFLI	Small group and one-to-one	During	Yes
Tier 2	NWEA MAP Growth Assessment Data (ELA) - performing just below benchmark, Acadience- performing just below benchmark	Into Reading, Edmentum	Small group	During	Yes
Tier 2	Acadience ORF	Really Great Reading	Small Group	During	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
				during	no
				during	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

112

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Hygiene Kits
Backpacks
Uniforms
Food Bank
Afterschool Programs

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

1. Provide at risk counseling as identified by school based support staff and teacher

2. Provide necessities, including school supplies and toiletries

3. Educational support and priority to after-school programming

4. Parental workshops to support social emotional well-being

5. Provide outside referrals and follow up as needed

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

At part of our outreach and support of all of our identified students, we will offer both in-house RTI as well as after school programs targeting the identified areas of weakness. We will utilize our beginning of the year screeners across Math and ELA, to identify the areas of focus.

In addition, we will offer an after school program specific to the needs of our MLL/ELLS.

Identify students who are new to the country and were not in school in their native country. Use an after-school program to teach basic skills, how to write your name, letter formation, introduction to the English Language, basic math skills

Furthermore teachers will continue to analyze formative and summative assessments to target specific students and supports in continuous data cycles within their grade bands.

At the middle of the year we will identify the promotion in doubt students and offer additional opportunities to assist them and re-identify our EOY potential holdovers (Tier 3) and close to grade strugglers (Tier 2) for Summer enrichment.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

All teachers within the school are identified by their NY State license and area of concentration when being selected to offer Tier 2 and Tier 3 supports. This includes having ELL certified staff support the ELL after school instruction.

During the year we verify this with the NY State BEDS Survey.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

All teachers within the school are identified by their NY State license and area of concentration when being selcetd to offer Tier 2 and Tier 3 supports. This includes having ELL certified staff support the ELL after school instruction.

During the year we verify this with the NY State BEDS Survey.

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 253Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 253Q will support parents and family members of Title I students by:
-providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
-Parent workshops before each marking period
-providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
-fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
-providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand via Parent Square
-providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- provide parent tutoring activities (health and nutrition, anti-bullying, Family Literacy)
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational

accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a monthly school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

Develop a school specific survey that is distributed at the beginning of the school year.
During PAWS (bi-monthly meeting with Principal), solicit help from parents for specific events

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 253Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

* Utilizing Parent Square as a means of school and home communication tool.

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

notifying parents that they are welcomed in their child's classroom at a mutually agreed upon time with the teacher and administration.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;

- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

We have established partnerships with Generation Ready to establish coaching cycles throughout the year. All staff will be trained on the implementation of Into Reading ELA program aligning state standards to core instruction as well as writing. All staff will also be trained on the implementation of number talks and fluency centers to build conceptual understanding in Math as well as the Math Shifts.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

RHS preschool teachers are receiving training in LETRS and will begin to implement pre-phonics curriculum in the classroom using Really Great Reading. which grades K-2 use for phonics. Pre-K teachers are also getting trained in their new curriculum, Creative Curricula, which focuses on social-emotional, physical, language, and cognitive skills. RHS Pre-K teachers also receive coaching from Generation Ready build their pedagogical knowledge of literacy so that students are prepared for Kindergarten.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
CCNY	All students, parents	Push In classrooms to support students and parent workshops	SEL
CCNY	SWD, STH, ELL	Attendance	Daily Attendance, mentoring
CCNY	SWD, STH, ELL	Push In classrooms to support students	ELA, Math

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The Child Center of NY will work in collaboration with the principal, social worker, teachers, parent coordinator, and other leadership members at The Randolph Holder School for Social Justice. After analyzing the fiscal year's budget, the Community School Director (CSD) will meet with the stakeholders of the school community and assess the needs of the community as a whole. Money will be spent on programs and resources targeted specifically to students and families in need based on a variety of assessments.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

In collaboration with members of the SLT of RHS, the CSD will encourage families to attend monthly family event starting at the beginning of the school year. The CSD will engage families through monthly workshops, food pantries, and other interactive programs through special events and holidays. During these events, held virtually and in person, the CSD will introduce families to The Child Center of NY explaining the various services the agency offers. In so doing, assessments will be provided in the form of questionnaires written in English and Spanish. Families will be encouraged to answer the questions with the incentive of earning various small prizes. Based on the data provided from the events, practical measures will be taken to accommodate the needs expressed by the families. Throughout the school year, frequent communication with families will take place regarding their child's development socially and academically.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

CCNY at RHS offers health and wellness programs throughout the school day as well as during after school programming. Subcontractors and consultants are intentionally selected to enhance the overall student and family experience at RHS. These resources promote healthy SEL. Wellbotics uses instructional robots to leverage Science, Technology, Engineering, Art, Math, and Mindfulness (STEAM +M) to increase problem-solving skills, communication, and cooperation amongst children facing family trauma, students who face challenges focusing in the classroom, as well as students with behavioral challenges. Using a five-step instructional design, each workshop consists of 90-minute sessions. Wellbotics workshops meet for four to six consecutive weeks. The experience builds connections while helping children understand possible effects of family trauma and/or Adverse Childhood Experiences (ACEs). Students also learn strategies to help cope with social emotional effects known to accompany trauma.

PS 253Q (RHS) to increase school attendance, improve academic performance specifically ELA. The Community School Director (CSD) will work closely with the social worker and parent coordinator assisting in parent engagement events. The CSD will engage in progress monitoring by providing in-school social emotional support for students by implementing lunch clubs and behavioral intervention when needed. The CSD will meet with the members of the SLT to monitor attendance and participate in family outreach when necessary to boost student attendance.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

On a weekly basis, the CSD will monitor the attendance records and collaborate with administration and teachers to implement a sustainable plan when gauging specific attendance targets. Incentives, awards, and recognition will be used to engage chronically absent students to encourage attendance. The CSD has created a Success Mentoring Program led by the Youth Advocates who will push into classrooms to work exclusively with students who are falling behind academically as well as those students who require additional emotional support. The intention of the program is to help students understand the importance of attendance.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in

temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Members of the SLT will collaborate with the CSD to provide additional support needed to reach our English Language Learners, students in temporary housing, and students with disabilities. The CSD will provide push-in support in the core academic areas such as math and ELA via extended programming. Assessment will be based on teacher referral. Through collaboration with subcontractors, additional support will be added in the form of Expanded Learning Time to target students who are in need of academic intervention.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Christiana Vasquez D'Egidio
Assistant Principal (Where Applicable)*	Jennifer Sullivan
English as a New Language (ENL) Teacher*	Jugena Cela
Teacher (if school has a bilingual program must be a bilingual teacher)*	Gabby Herrera
Parent/Guardian*	Jessica Cruz
Teacher	Angelic Astone
Parent Coordinator	N/A
School Counselor	Cristina Guzman
Related-Service Provider	Kristen Devoe
Other (Name and Title) ENL Teacher	Chantelle Registre
Teacher	Cindy Ramirez
Teacher	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

526

Total number and percentage (%) of current ELLs:

121 students 23.1%

Total number and percentage (%) of former ELLs:

47 students 9.0%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

107 students 88.4%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

14 students 11.6%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 students 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3 students 2.5%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

30 students 24.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DL	Spanish	2015	1		1	1										3
DLBE	BSE	Spanish	2015		1												1
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The freestanding ENL program has a push-in/pull -out model for the stand alone services. Entering and Emerging students will receive 90-180 minutes of standalone ENL services weekly by a certified ENL provider. The ENL program is implemented as per Part 154.2 in that standalone ENL will develop language skills so that students will succeed in content areas. The students are grouped together heterogeneously in that there are mixed proficiency levels in each group. The students are also grouped by grade.

Stand-alone ENL services are provided through pull outs, where students work with a certified ENL teacher in small groups. Stand alone instruction is Aligned with the school's reading curriculum HMH and math curriculum envision. ENL teachers collaborate and plan with classroom teachers to provide wholesome instruction.

Our Instructional absolutes include :Learning Target and Success Criteria, Standards-Aligned, Data-Driven Instruction, Differentiation and Progress Monitoring (Checks for Understanding),Explicit Instruction/Gradual Release Model,Engaging students actively, Collaborative, student-led discussion and group work.

Students are progress Monitored regularly. Tier 3 students will be monitored weekly. Teachers will address this subgroup during common planning. Additionally progress monitoring results are discussed at biweekly ILT meetings and at the end of each month ENL team meets with the principal to discuss progress.

Integrated ENL:

The freestanding ENL program has a push-in/pull -out model for the integrated services. The ENL program is implemented as per Part 154.2 in that integrated ENL will build language skills through content areas. The students are grouped together heterogeneously in that there are mixed proficiency levels in each group. The students are also grouped by grade.

Integrated ENL services are provided through push in, where the ENL teacher collaborates with the classroom teacher and pushes in the classroom during ELA instruction in order to support ENL students. ENL and classroom teacher are constantly collaborating and planning together to provide ELL students with instruction tailored to their needs and proficiency levels.

Former ELLs will continue to receive services for 2 years through integrated ENL services.

Integrated ENL utilizes the parallel teaching model. HMH resources are utilized and differentiated using the ENL

support suggestions by HMH. ENL teachers will join common planning sessions on Monday and Tuesday mornings from 7:30-8:00 AM.

Our Instructional absolutes include :Learning Target and Success Criteria, Standards-Aligned, Data-Driven Instruction, Differentiation and Progress Monitoring (Checks for Understanding),Explicit Instruction/Gradual Release Model, Engaging students actively, Collaborative, student-led discussion and group work.

Students are progress Monitored regularly. Tier 3 students will be monitored weekly. Teachers will address this subgroup during common planning. Additionally progress monitoring results are discussed at biweekly ILT meetings and at the end of each month ENL team meets with the principal to discuss progress.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

n/a

Dual Language Bilingual Education (DLBE):

The Dual Language Program has mixed proficiency levels (heterogeneous grouping). The bilingual classroom teacher will provide integrated ENL services during her ELA and Math instruction in both English and Spanish. As per Part 154.2, standalone and integrated ENL services will be provided during ELA and English content area instruction. Integrated ENL services will be provided during daily ELA instruction. Additionally, the ENL teacher will also support and provide standalone pull-out services for the entering/emerging ENL students in the dual language classrooms while following the current curriculum pacing.

Instructional resources include HMH and Arriba Lectura.

Our Instructional absolutes include :Learning Target and Success Criteria, Standards-Aligned, Data-Driven Instruction, Differentiation and Progress Monitoring (Checks for Understanding),Explicit Instruction/Gradual Release Model, Engaging students actively, Collaborative, student-led discussion and group work.

Students are progress Monitored regularly using acadience and i-ready. Tier 3 students will be monitored weekly. Teachers will address this subgroup during common planning. Additionally, progress monitoring results are discussed at biweekly ILT meetings and at the end of each month ENL team meets with the principal to discuss progress.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Students receive 360 minutes per week of ENL for the Entering and Emerging students. These students receive 180 minutes of standalone services by a certified ENL teacher and 180 minutes of integrated ENL services by two individually certified teachers(co-teaching). The
transitioning and expanding students receive 180 minutes . The transitioning students receive 90 minutes of integrated ENL and 90 minutes of flexible ENL instruction. The expanding students receive 180 minutes of integrated ENL. The commanding students will receive 90 minutes of ENL services. These services are built into their daily schedules.
HLA is taught 180 minutes per week in our Dual Language Program. Math is also taught 50% of the time in Spanish and 50% of the time in English. Science and social studies are also taught 50% in English and 50% in Spanish.
We utilize the monthly EDUR to ensure STARS programming matches the actual mandated minutes students are getting. Some systems that our school has to ensure the mandated number of minutes are provided within our ENL program are, each ENL teacher has a master schedule detailing the mandated time required for ELL students.

For ENL/ELA we continue to provide standard based ELA lessons. This year our school is using HMH Into Reading for ELA. We are also incorporating digital resources such as Really Great Reading, Imagine Learning, Lexia, Class Kick to support authentic instruction. Each ENL teacher creates a schedule to provide the students with the mandated minutes; entering and emerging students receive a minimum of 360 minutes per week and transitioning and expanding students receive a minimum of 180 minutes per week, commanding students to receive services through integrated instruction in the core subjects.

Scheduling is done by the ENL Coordinator to ensure the mandated number of minutes is reached for each student. This is also programmed into STARS. Classroom teachers will receive this schedule and ENL teachers push into WIN periods.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Our students receive a specified amount of standalone ENL and Integrated ENL instruction according to the CRPart 154 mandates. Standalone instruction will develop English language skills to ensure success in core content areas. The instruction will be given by a certified ENL Teacher. The instruction will include a set of instructional practices that will help strengthen English language acquisition.

Stand-alone ENL instruction will incorporate the use of a variety of engaging texts, opportunities for rich discussion, daily writing and increased use of high academic vocabulary. Small groups from each grade will receive small group differentiated instruction in a separate location based on each ELL's English language acquisition grade, proficiency level and academic needs.

Our integrated program is designed to build English skills through content language instruction. This will ensure students on the same grade level are also programmed into the same classroom. When the ENL teacher pushes in she has an assigned group. Students in the entering level require 360 minutes, with 180 in a standalone setting and 180 in an integrated setting. Students at the emerging level require 360 minutes with a minimum of 180 minutes in an integrated setting and 90 in a stand-alone setting. Students in the Expanding Level require 180 minutes in integrated setting. Lastly, students who scored in the Commanding Level will receive 90 minutes of instructional support in either stand alone or an integrated setting.

All integrated ENL services are provided during our ELA instruction. All stand-alone required are provided in small group pull out sessions. Home Language Arts instructional minutes are taught 180 minutes per week in our Dual

Language Program. Math is also taught 50% of the time in Spanish and 50% of the time in English. Science and social studies are also taught 50% in English and 50% in Spanish. This ensures that our DLBE program in alignment with CR Part 154 Units of Study.
All ELLs are programmed into STARS and will be serviced according to NYS mandates.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The DL model used, is the self -contained model, in which we alternate between English and Spanish days for math and ELA instruction. During the identified days, 100% of the time is allocated to the days language. Our English proficient students and our ELLs are integrated for the entire school day .

Our Instructional absolutes include :Learning Target and Success Criteria, Standards-Aligned, Data-Driven Instruction, Differentiation and Progress Monitoring (Checks for Understanding),Explicit Instruction/Gradual Release Model, Engaging students actively, Collaborative, student-led discussion and group work.

Instructional resources include HMH and Arriba Lectura as well as the Spanish Version of Envisions.

b. In which language(s) is each core content area taught?

Math is taught in both English and Spanish 50/50
Social Studies and Science as well are taught 50/50
Students are progress Monitored regularly using acadience and i-ready. Tier 3 students will be monitored weekly. Teachers will address this subgroup during common planning. Additionally, progress monitoring results are discussed at biweekly ILT meetings and at the end of each month ENL team meets with the principal to discuss progress.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomers - 107 students 88.4%. All Newcomers are provided with individual instruction using phonics, grammar, developing listening skills along with reading, writing, and speaking. Number sense and basic math skills and strategies would also be part of the daily curriculum. Instruction is also aligned with the school's reading curriculum HMH Into reading and Math curriculum Envisions. In addition to providing a classroom/school community that is welcoming and supportive. Students receiving services for less than 3 years (Newcomers) would receive instruction in oral language skills, basic communication skills, writing, reading, speaking and developing listening skills. Our plan for ELL's receiving service for 1-3 years (newcomers) would focus on vocabulary building, listening and speaking. We use phonics instruction to build language, encoding and decoding skills. Newcomer students will receive help in listening, speaking, reading and writing in English during push in integrated ENL services, as well as Standalone, during pull out sessions from a certified ENL teacher. Our ENL Teachers collaborate with classroom teachers to support and provide necessary scaffolds for all their lessons to better support our newcomers.

Other/current data sources we utilize to make instructional decisions, in order to provide differentiated effective instruction are, Insights and New Visions.

Additional support is provided in Tier 2 and 3, ENL, and classroom instruction to support gaps in their language acquisition. Instruction for these students is enriched through scaffolds such as digital content, visuals, repetition, modeling, classroom buddy (ies), hands on activities, audio, digital translation tools, picture dictionaries, glossaries and cognates.

We will also Rigby's on Our Way to English Newcomer Kit to introduce students to basic language, high frequency word activities.
In addition our new comers will be encouraged to participate in our Tittle III ELL after school program.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Our school has 3 SIFE students 2.5%. Our SIFE students will develop their language acquisition during all core content instruction. Our instruction for SIFE students will heavily promote communication skills (listening, speaking), phonics, academic vocabulary development (through picture vocabulary, visuals, multisensory instruction, word walls, picture dictionaries) as well as building on background knowledge and prior knowledge (culture and language as a resource) in order to support them in building language acquisition while mastering grade level standards. Focus is place on SEL, provide a sense of community, supportive classroom and school communities. Families can communicate with the school via Remind and participate in school events such as PA meetings , family events hosted at the school and by the school (family fun night, dances, meet the teacher) where translation is available. Importance is placed on differentiated instruction based on data, needs exhibited by students, prior knowledge, teacher observation.

Other/current data sources we utilize to make instructional decisions, in order to provide differentiated effective instruction are, Insights and New Visions.

In addition services for SIFE differ from those provided to Developing or Long-term Ells, because focus is placed on building English language skills and vocabulary, communication skills. Instruction provided for our SIFE students align with state standards, school curriculum and utilizing SIOP as resource. Focus on scaffolding, instructional grouping to suit the needs of our SIFE students, buddy system, modeling, hands on activities realistic expectations, and check for understanding. Our SIFE students will receive help in listening, speaking, reading and writing in English during push in integrated ENL services, as well as standalone, during pull out sessions from a certified ENL teacher.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Long term Ell's - 0% Currently our school doesn't have any long-term ELLS. Our plan for ELL's receiving service for 4 to 6 years (developing) would focus on academic vocabulary building, reading comprehension, writing skills and listening skills and developing speaking skills. We also provide our ELLs with a great deal of reading materials of different genres, culturally and linguistically relevant instruction, communication opportunities, utilizing prior knowledge and home language as resources, which provide opportunities for our ell (available for long term ELL if needed) to communicate. ENL strategies will be used such as CALLA, Q-TEL and SIOP as a resource. Our plan for long term ELL's includes receiving intervention services both in and out of the classroom provided by the intervention teacher which focuses on complex language (visual, speaking activities-group work), deconstructing and reconstructing sentences, communication strategies (visuals, home language) and vocabulary (visuals, shades of meaning).

Our plan for long term ELL include differentiated instruction to support comprehension of school curriculum and subjects. Long term ELLs need opportunities to practice their communication and language skill so buddy systems, modeling of communication strategies, school projects/activities, and group work which are already in place will support this need. Opportunities for constructive feedback and checks for understanding is necessary therefore ample opportunities for communication will provide this. After school enrichment programs along with classroom instructional plan of action that is tailored to the students' needs. The students will be provided with a variety of reading materials from different genres. We will provide strategies to develop comprehension, vocabulary and language acquisition. Services for Long-term ELLs differ from those designed for Developing students because their services include individualized support from an intervention teacher, and a greater emphasis is placed on academic Interventions through TIER 3 and communication skills and development.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

This year our school has - 47 former ELL students 9.0%. Former ELLs (in years 1 and 2 after testing proficient will receive additional ENL intervention in the classroom. In addition to support such as use of graphic organizers, use of home language, comprehension, reading and writing strategies, visuals, and small group instruction. These students will be given additional literacy and content area support for 2 years. ENL teachers provide integrated ENL services in their classroom. Certified ELL teacher will push in and support our former ELLs through small group instruction during ELA.

Progress monitoring will continue for these FELLs as provided in class through, i-ready and Acadience, and other Into Reading beginning, middle and end of year data and assessments. We will continuously review their data such as classroom tests and other school assessments to determine if the level of support can remain the same or needs to be modified for student success.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

EDAT At-Risk indicators show that 88.4% of our ELL population are new comers , and of those students, 28.9% of are in temporary housing. 34.7% of our ELLs did not demonstrate sufficient ELP progress.
EDAT also shows that 10.7% of our ELL students are level 1-2 in ELA and 12.4 % are level 1-2 in Math. One trend that we identified this year is that we have a larger percentage of our ELLS that are in temporary housing compared to last year as well as a higher percentage of students that received a 1-2 in both ELA and math.

The highest percentage is in the category of Newcomers and ELLs in temporary housing. Having to move from place to place affects our ELL students greatly therefore they fail to demonstrate yearly ELP progress as well as score above 1-2 on state assessment.

The at-risk category our school would prioritize and that will need the most targeted support is, 34.7% of our ELLs did not demonstrate sufficient ELP progress. Other/current data sources we utilize to make instructional decisions, in order to provide differentiated effective instruction for our students who didn't demonstrate sufficient ELP progress are, Insights and New Visions.

Once we have identified the at-risk ELLS using EDAT AS well as various Formative and Summative measures, we offer them seats in our after school and/or provide at-risk sessions to support them. This includes pull-out and direct conversations with the classroom teachers to further the student's development and awareness for SEL support. As with all students, attendance has a major impact on ones learning.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

EDAT shows that 44.7% of our Former ELL students, scored 1 or 2 in ELA last year, and 38.3% of our Former ELL students scored 1or 2 in Math last year. Additionally 14.9 of these students are in temporary housing.
At risk indicators also show that 19.1 % of our former ELL students have 2 risk indicators and 12.8% have 4 risk indicators. The student's social emotional well being is affected by these factors and affect the students academic/ENL performance and confidence. This lack of stability negatively affects the ENL student's academic performance and puts a strain on learning a new language. The constant moving creates a lack of stability hence making it difficulty for the student to optimally perform in school. As well as lack of family support due to the

parents not knowing the language. In addition, a lack of resources or access to resources also puts a strain on the students school performance and ability to learn the language.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language with the largest representation at our school is Spanish.
In class, educators use the HMH Into Reading program that has an ELL component to it such as Into Reading Arriba La Lectura. Our school is also able to use the Spanish component for our Math curriculum. The availability of Multilingual Learner Support is specific for the ELL population. The program consists of visuals, vocabulary development, root words, and origins of words that can make learning for our ELLs easier. In order to better support communication and learning we offer a Dual Language program in Spanish.

In an effort to be inclusive, we translate all school wide documents into Spanish, as well as provide translation services for all events. With respect to learning, we are continuously sourcing resources (including curriculum resources) in Spanish to accommodate our learners and their families. This includes staff, re-writing curricula as needed and/or providing comparable resources. In addition, we also purchased additional resources in Spanish. We have also added multicultural library books in our classroom libraries to expand our representation of our ELLS.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Spanish Speaking: 114 Bengali: 4, Chinese 1, Gujarati 1, Haitian Creole 1. All students in the building are part of our CRSE plan. This past year we Implemented Mind UP to support students becoming well rounded citizens, as well as monthly activities to support students' development of both recognizing and addressing themselves. We have cultural events that includes families with food, attire and dance. Some instructional practices we are implementing to support our MLLs are; scaffolding with home language support, TPR, activating background knowledge, pre-teach vocabulary (cognates) with picture support, continued differentiated lessons with small group support. This year we are also introducing See, Think. Wonder, which fosters curiosity, activate background/prior knowledge critical thinking and engagement, as well as offers the possibility to use English Language in a meaningful way. We also have a Smart Board in each classroom as well as a laptop cart. These electronic resources are used

interactively with students to serve both as a visual and manipulative support. With respect to the CR of CRSE, we have been engaging in PLO to better understand how to amend curricula to be more culturally responsive to our students.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

While reviewing our data we noticed that the majority of students who met ELP growth is in the lower grades. The majority of our Kindergarten, first and second grade students moved up one proficiency level. Some other trends we notice in reviewing the English Language Proficiency growth is; 32.1% of our students met progress by Exiting ELL status, 49 students met the annual progress target, this is 10.3% and 3.8% met safe harbor commutative growth. Additionally, 42 students or 53.8% did not meet ELP sufficient progress English Language Proficiency. We noticed that our growth this year is similar to last year's data.
However this year we have a higher percentage of students who did not meet ELP progress. For the students who did not meet ELP progress we will identify, set goals and progress monitor for the 2025-2026 SY so that they can meet the Safe Harbor Growth score.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

After reviewing the EDAT 2024 we have observed that our ELL subgroups such as ELLs with IEPs show that most students, especially students who are in an ICT setting are progressing and have moved up at least one proficiency level. For example, they have moved from entering to emerging and from emerging to transitioning and from transitioning to expanding. The results are impacted by the utilization of pull-out and push-in ENL small group instruction as well as working with the classroom teachers and clusters. The ENL teacher provides strategies and materials to supplement the instruction to assist the students' learning and models the strategies in the classrooms. However, our ELL students with IEPs who are in a self-contained setting as well as our SIFE students are struggling to make progress and at times they regress one proficiency level. In addition, these students are also reading and writing below grade level. These students need additional support in all four modalities.

The trends that we have observed are:
Most of our ELL students scored high in speaking in all grade levels. Our kindergarten and first grade students scored better in speaking, the majority of our second and third grade students scored well in all four modalities.

A modality where improvement is mostly needed across all grades is writing.
To address the areas of need we will provide more opportunities for daily writing instruction, and utilize the curriculum writing support resources. Student progress will be monitored and analyzed by teacher teams and the ILT.

Other/current data sources our school would utilize to inform and strengthen the instructional approach are:
Document students' ability to use Functional and Academic Language in writing.
Additionally, when a student does not seem to be making adequate progress in writing, we will use diagnostics, such as collecting and analyzing oral language and writing samples, to gain more in-depth insights into specific strengths and instructional needs.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

ELA & NYSESLAT: we looked at data from the EDAT as we compared the 2024 NYSESLAT to the 2024 ELA exam. Out of the 24 ELLs that took the ELA, 15 of the ELLs scored at Level 1. These ELLs were Emerging, Transitioning, Expanding, and Commanding. 7 ELLs scored at Level 2 on the ELA, 3 were Expanding and 4 were Commanding. Also 2 commanding students scored a level 3 in ELA.
Math & NYSESLAT: We looked at data from the EDAT as we compared the NYSESLAT to the NYS Math Exam. Out of the 28 ELLs that took the NYS Math Exam, 14 ELLs scored at Level 1. These students were at all NYSESLAT proficiency levels, including Commanding. 9 ELLs scored at Level 2 and scored Emerging and Commanding on the NYSESLAT. 4 ELLs scored at Level 3. The ELLs that scored at Level 3 on the Math Exam scored Transitioning, Expanding, and Commanding on the NYSESLAT. 1 Commanding student scored a 4 on the Math exam.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Trends reflected in the NYSESLAT results of our ELL subgroups include our students with IEP's and our SIFE students. The performance results of the students with IEPs indicates that a majority of our students with IEPs performed at the emerging level (44%, 12 students) and transitioning level (33%, 9 students). This performance results may be impacted by the students disability, combined with learning a new language. The performance results of the SIFE students indicates that all (2) SIFE students performed at the entering level. This performance results may be because SIFE students have none or limited formal instruction, may have experience trauma, unfamiliar with school culture, routines, academics, and/or other issues or needs unknown to the school that is negatively affecting the student.

To help improve these results, students with IEPs ; need IEP to be used as a resource, differentiated instruction, small group instruction, specialized instruction such as direct instruction, other intervention services such as after-school. To help improve the results for SIFE students; SIFE students need a welcoming school and classroom community, support during academic instruction such as use of home language, specialized instruction via direct instruction to cater to their individual needs, opportunities to explore the new language and culture with low risks such as group projects, school events, and supportive staff to create relationships to elevate or recognize the other non obvious needs the SIFE students may have and SEL support.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

To provide ELLs with a high quality academic experience there will be an option for students to enter a Dual-language program setting where the students can receive instruction both in their current language and their newly acquired English language. Instruction is accessible for these students to make the academic progress needed as well as accessible for parents to support them at home.

ENL teachers will closely work and plan with classroom teachers. We will hold regular data meetings, to discuss student progress and instructional priorities/adjustments based upon need and language proficiency. We will disaggregate data for ENL students in school wide assessments. We will analyze ENL student performance separately in benchmark assessments to identify trends. We will compare ENL student progress with overall class trends to adjust instructional support. We will use the data to inform our small-group instruction & intervention. Teachers will provide a balanced delivery of instruction that addresses ELL's foundational reading and writing skills, and their reading and language comprehension skills that develops their conceptual/background knowledge around topics and themes.

Based on this data we will :
Group ENL students strategically based on language proficiency and content needs.
Design targeted small-group instruction with scaffolds such as sentence frames and guided practice, to support classroom instruction.
Provide explicit vocabulary instruction based on common language gaps observed in the data and curriculum's vocabulary focus.
Build background knowledge around topics and themes

In addition, we will develop co-teaching models where ENL teachers and classroom teachers analyze data and co-plan lessons. We will ensure that co-planning is a reciprocal process, allowing both teachers to learn from each other to better support ENL students throughout the school day.

Within the classroom, teachers can incorporate culturally relevant materials and encourage students to share their cultural perspectives and knowledge. This helps to create an inclusive and supportive learning environment that

respects and appreciates the diversity within the ELL population.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our School Leadership Team continuously considers our MLLs/ELLs in our school's instructional design. One of our ENL teachers is part of the SLT team. The team also includes parents of ELL students. These parents can provide experiences upon which to build language acquisition and that instruction is culturally responsive. Since our school is roughly 60% composed of MLL's, including both ELL's and SIFE students, we consistently identify research and best practices for all stakeholders (teachers, parents and students) to support overall student success. This includes a PLO series targeted at MLL/ELL strategies for teachers utilizing both a review of prior learning as well as new strategies. This can include contextualizing learning by reflecting and placing value on students native cultural values, norms and languages when implementing the curriculum and adapting instruction to accommodate the acculturation needs of students.

In making decisions about the instructional design the team looks at data from EDAT, Acadiance screeners and Really Great Reading assessment benchmarks to provide a learning path for our ELL students that includes scaffolds, Tier 3 interventions and supports for our MLL/ELL students. Our EDAT shows that 28.6% of our ELL students are in temporary housing. Here the leadership team can leverage our CBO to provide support to those families providing resources that are needed. This year our ILT is using benchmark data to create a Scaffold toolbox for our ELL students. Professional Learning opportunities are planned to support teachers in their efforts to utilize culturally and linguistically responsive practices. These PD's for teachers highlight the different resources that can be included in daily use of instruction for our ELL students in our classrooms. Our ILT team then collaborate on picking out these resources that will help support the needs of all students that include ELL and Special Ed. PD's are provided to the parents of ELLs to assist them with home instruction and support.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the ENL program, all content areas are taught in English using current approaches and methods. We use a hands on, visual and auditory method in order to include all 4 modalities of learning (listening, speaking, reading and writing). Language Experience Approach, Total Physical Response, Q-TEL, Culturally and Linguistically Responsive Core Instruction and CALLA are also methodologies that are used to foster language development and meet the demands of Next Generation Learning Standards.
The ESL program uses English to teach the students. HMH Into reading, Really Great Reading, Heggerty, Time for Kids, Scholastic news (with Spanish Version included) and Comprehension Strategies Kit as well as Envisions are used to teach the ELL students content area knowledge, concepts, literacy and thinking skills.

In math,K-5 Number talks are a newly introduced classroom routine that builds on mental mathematical thinking through the use of articulation allowing students to understand numerical relationships. In addition, math fluency centers are also a part of the math instruction that provides a solid foundation for more complex mathematical thinking. These math fluency centers encourage exploring different strategies for solving problems which can be beneficial for ELL's as it allows them to access concepts through various approaches.

All of these content areas use scaffolds for the ELL students including, talk time, visuals, graphic organizers, sentence starters, sentence frames, anchor charts, TPR and videos. Teachers have scaffold bins and individual students have scaffold folders. Our program model follows the Gradual Release of Responsibility framework (I do. We do, You Do) in all content areas. We utilize manipulatives in math to build conceptual understanding and are

implementing Number talks and Fluency Centers to build academic and content specific vocabulary.

Content is delivered in the ENL Stand-alone setting and the ENL integrated classroom.
The integrated and stand alone teachers will co-plan lessons with the classroom teachers using HMH materials. If data suggests students need more support in in a particular area the ENL teacher will plan accordingly. Teachers will provide a balanced delivery of instruction that addresses ELL's foundational reading and writing skills, and their reading and language comprehension skills that develops their conceptual/background knowledge around topics and themes.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Our school has implemented RGR and Heggerty which provides curriculum online support for not only the students in the classroom but the parents at home. Some of these resources include, Spanish Instructional Animations, Spanish Articulation videos, Spanish Skill Routine videos and Home Resources. RGR provides the learning playground for students and parents to spiral the skills by unit that are taught in class. We use small group instruction during our push in and pull out models. We also have implemented Ability Groups this school year which allows ELL students to work in smaller ability based groups and focus on specific content like phonics, reading comprehension, or test prep. We utilize TPR throughout our building, as well as explicit vocabulary instruction, through the use of the Frayer model. We also use Imagine Learning Math and Literacy to accelerate English language development for our ELL students. All ELL students have access to Edmentum to use in class and at home. Visuals are used as instructional strategies for our ELLs.

HMH provides an online adaptive curriculum, Arriba! Lectura; ¡Arriba la lectura! provides a culturally relevant and ethnically diverse text sets build cross-disciplinary knowledge and serve as a springboard for writing and discussion. It provides a flexible instructional model . It also includes extensive writing strategies and the Foundational Skills component, which is specific to the Spanish language which is embedded within the context of culturally diverse literature that promotes students' literacy growth and Spanish language acceleration.

b. SIFE

P.S. 253Q ensures that all SIFE have access to engage with grade level content by having the ENL teacher meet regularly with classroom teachers to provide strategies to assist the students. Some strategies include: TPR, text engineering, word banks, chunking the text, visuals, scaffold bins/folders, Graphic Organizers, 3 Reads protocol, and CUBES.
Classroom teachers, also, have access to books and materials in the students' native language to ensure all subgroups have access to and engage in grade level learning.
For our SIFE students we provide in-house assessments to identify Literacy levels or skills in their Native language, as well as assess Mathematical understanding, to create a differentiated approach to instruction for this subgroup. Some mathematical scaffolds used are applying Transfer, utilizing reading strategies for reading and solving word problems. In addition, number talk is utilized to encourage class discussion through the incorporation of language stems. We create Language rich classroom environments through the utilization of an interactive word wall, and dual language dictionaries. We provide this subgroup with multiple entry points to access current grade level content. In addition we provide instruction in their native language.

c. Newcomers

P.S. 253Q ensures that all Newcomer subgroups have access to engage with grade level content by having the ENL teacher meet regularly with classroom teachers to provide strategies and co plan to assist the students. HMH Into Reading curriculum provides ENL support aligned with each unit. Strategies include TPR, text engineering, word banks, chunking the text, visuals, scaffold bins, See-Think-Wonder/Graphic Organizers, 3 Reads, and CUBES. Classroom teachers, also, have access to books and materials in the students' native language to ensure all subgroups have access to and engage in grade level learning. Students will also work on the Really Great Reading Vocabulary Playground (online tool), Edmentum, and Heggerty. Newcomers are also paired with a buddy. We create Language rich classroom environment in both English and Spanish, anchor charts and graphic organizers are used for additional support. We provide this subgroup with multiple entry points to access current grade level content. In addition, we provide instruction in their native language. Our newcomers are also invited to attend our Title 3 after-school program. Technology is also utilized to support this subgroup.
The systematic, sequential, cumulative and explicit foundational skills curriculum, that uses decodable text in standalone to develop ELL's reading and writing skills are the following: Really Great Reading, LETRS, HMH (Into Reading) Heggerty (phonemic awareness). For Tier 3 multisensory curriculums such as Spire are used. To provide instruction for unfamiliar sounds and words curriculum such as above are used with emphasis on how the sounds are produced physiologically using the sound walls which show visual on how the mouth, tongue and teeth are used to make sounds. For words, word studies; breaking up the words such as root word base words front loading or defining the words, using suffixes, prefixes. These strategies help new learners to understand the language, find similarities in their language (cognates) to further understand the words. Using activities to make connections with the words such as cooking when learning about words associated with cooking. Students interact with the words speaking, listening, writing and reading the word or sound. Above all teaching in a conducive environment where students feel comfortable to take risks learning new sounds.
During stand-alone block, objectives that include speaking, reading, writing and listening are used. Also, the ENL HMH component (Tabletop Book) for small group ENL instruction. Whole group instruction is used also differentiated to further understanding. For instance, if the theme is in HMH is community, the lesson will be more specific in small group focusing on further understanding of the vocabulary words. This may include more visuals, cognates, activities to provide new connections or supporting prior knowledge. A text with the same theme or concept can be used for Newcoming students.

ENL Teachers in Planning Sessions:** ENL teachers will participate in Morning PD Planning, Common Planning, Grade Team Conferences, and 1/2 Day Planning sessions. During these meetings, they will engage in the same work with the HMH resources: reading the texts together, unpacking the standards, analyzing the skills, co-developing success criteria, and formulating questions while anticipating student responses. They will also exchange strategies. This collaboration is crucial for aligning our efforts and ensuring consistency.

ENL stand alone teachers will solely use the HMH resources when pulling students out of class. This ensures we can monitor the effectiveness of these materials and provide our students with consistency across their learning experiences. During pull-out sessions, students may also continue working on the texts they are reading in class.

Both Integrated and Stand alone teachers will utilize HMH resources and materials. Stand alone teachers will either frontload or reteach material

d. Long Term ELLs

P.S. 253Q ensures that all Long Term students have access to engage with grade level content by having the ENL teacher meet regularly with classroom teachers to provide strategies to assist the students. Some strategies include TPR, text engineering, word banks, chunking the text, visuals, scaffold bins, See-Think-Wonder/Graphic Organizers,

3 Reads Protocol, and CUBES. Classroom teachers, also, have access to books and materials in the students' native language to ensure all subgroups have access to and engage in grade level learning. In addition, we try to identify if students are not making adequate progress based on any social emotional aspects. Teachers continue providing targeted supports pertaining to modalities, as well as, scaffolds during instruction. Some instructional strategies used with these subgroup are; small group instruction with teacher support, graphic organizers, pre teach academic vocabulary (frayer model), chunking of the text to support text comprehension. These students will also be able to develop vocabulary in the Really Great Reading Playground (Online Tool).

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school uses curricular, instructional and schedule flexibility to enable diverse ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment through after school programs, small group instruction, and trips to create background knowledge and allow them access and entry to the curriculum.

We have ELL students in our general education and ICT classes; ELL students are not placed solely because of language-they are placed based on several factor which take the whole child into consideration. Some manipulatives that are provided are anchor charts, vocabulary cards, Math Talk Stems, Sentence Starters, Rekenrek. Dual Language classrooms have dual labeled areas.

Assessments are provided in native languages; Map Growth assessments have testing accommodations such as read aloud in Spanish and in HMH visual representation of the test on the SmartBoard as well as the option to take the exam digitally on the iPad. Students have extended time and separate locations as well.

The ELL-SWD are also in the same classes with the mainstream students in after school programs and in small group instruction. There is opportunity for ELL students to interact and learn from their English speaking peers through classroom discussion and interactions. Teachers use progress monitoring between baseline assessments to ensure students are moving toward their goals. We continually use instructional flexibility (based on NYSESALT data) to target modalities during our after-school Title 3 program.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Native language is used in ENL classes on a need basis. Multicultural story books and multicultural content area books are available in classrooms where there are ELL's. Math worksheets are available to students and teachers to assist non-English speaking students. There are also English/Spanish dictionaries and Google Translate to assist these students as well. Class anchor charts, word walls, and labels are in both English and other languages. All family correspondence are translated to a student's home language. For The Dual Language Program, we use HMH Arriba La Lectura and trade-books in English and Spanish. We also use Spanish versions of HMH Into Reading (Arriba La Lectura) and Envision math workbooks. Since we have a 50-50 Dual Language program all content areas are taught and assessed in both English and Spanish. In our HMH Into Reading Arriba la Lectura, we are able to use both weekly and end of module assessments in our students home language. This allows for students to show their understanding of the module skills in their native language. Arriba la Lectura also allows for writing to be assessed when students take their critical response assessment to show their thoughts in their writing. In our Envisions math curriculum, we are able to assess our students on a daily basis using the programs Daily Quick checks in Spanish. The program also provides a Spanish end of topic math assessment that students are able to take. Home support and resources are also provided in Spanish. We also use Spanish reteach and enrichment math worksheets that provide reinforcement or challenge the students thinking for each lesson.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At Ps 253 we will develop co-teaching models where ENL teachers and classroom teachers analyze data and co-plan lessons. We will ensure that co-planning is a reciprocal process, allowing both teachers to learn from each other to better support ENL students throughout the school day. Our ENL, bilingual and classroom teachers hold regular data meetings to discuss student progress and instructional priorities/adjustments based upon need and language proficiency.

Our ENL and classroom teachers utilize HMH -Houghton, Mifflin,Harcort for our Language Arts program (Reading and Writing), Really Great Reading RGR (Phonemic Awareness in K-2) and Envisions for math curriculum.

Classroom and ENL teachers participated in the curriculum professional training. During our shared planning sessions teacher plan, exchange resources and share data, which is utilized to improve instruction and support for students in a collaborative environment.

In addition, the collected data is used for planning, grouping, small group instruction, and support. Ell support is provided to classroom teachers through planning, push in, and co-teaching. In addition, ENL teachers support by providing scaffolds, anchor charts, language stems, word banks, and opportunities to activate prior knowledge, and vocabulary development. Also, there are opportunities to express cultural diversity and language proficiency. All students are provided with opportunities to participate in classroom community building.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our professional learning plan establishes short- and long-term guidance for professional learning and its implementation. Our overall, annual professional learning plan begins with data analysis at the start of the year by the ILT to set professional learning goals to meet the needs of students and specifically, special populations such as ELLs. The ILT begins with a needs analysis. These needs emerge from data through a process of analyzing data about students and subgroups of students such as ELLs. These needs are then studied by the ILT to understand what might be causing or contributing to them. Academic and social emotional goals are created and specify the broad outcomes of professional learning for all educators and non pedagogical staff.
Our dual language teachers attended professional learning for HMH Arriba La Lectura provided by the district to reinforce our ML reading content delivery. Bilingual and ENL teachers attended LETRS training. We will also embed PL opportunities for ENL teachers in foundational skills which, will bridge to practice in the Stand-Alone ENL and Integrated ENL during small-group differentiated instruction, after core instruction. By building in systematic, scaffolded, and collaborative professional learning, the plan ensures that all staff members contribute to an inclusive environment where MLs/ELLs thrive academically and socially.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

With our ever growing ELL population, our educators are all teachers of ELLs. With this in mind, all teachers of ELLs are made aware of the on-going professional development opportunities and CTLE hours made possible through district and the office of NYC Department of MLs/ELLs. We will explore having ENL teachers attend PLs provided by Literacy Collaborative. We ensure that our educators are aware of and are able to address ELL needs therefore all teachers and administrators receive professional learning related to serving ELLs as required by Commissioner's Regulations Part 154, whereas 15% of all teachers' professional learning hours, and 50% of all professional learning hours for ENL teachers, will be targeted to the specific needs of ELLs. We will provide targeted professional learning focused on utilizing technology to promote student independence and engagement, providing effective and meaningful feedback, and promoting peer to peer interaction. We know that collaboration or cooperative learning with peers who have mastery in English or are non ELLs is an impactful practice, in which we will provide appropriate professional development.. Focused professional learning opportunities will be offered in, but not limited to, the following areas:

• Implementing collaborative models of instruction: co-planning, sharing best practices to support standards-based curriculum accessibility for ELLs;

• Progress monitoring: analyzing and interpreting data to inform instructional decisions; differentiating instruction; designing lessons that accelerate learning; and utilizing formative and summative assessments to identify and address instructional gaps;

• Implementing language-based strategies in all four modalities and teaching language skills across a standards based curriculum;

• Utilizing digital tools that cultivate independent learning, critical thinking, and student engagement; and

• Building positive relationships/rapport among teachers, students and parents/guardians.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessment tools that are used to assess the early literacy skills at our school include Acadience, I ready ELA/MATH, Really Great Reading, and in-house assessments and performance tasks.

Additionally we use Edmentum and Imagine Learning to guide instructional planning. We also utilize LETRS Phonics and Word Reading Survey as an option before ELL students take the next scheduled screener after receiving 5 months of instruction. The data provides insight into the type of instruction, what needs to be taught and/or what areas the students have mastered. It also tells us which students have not mastered specific skills or concepts and need additional assistance. It provides the teachers with insights into the reading level the students are on at each grade level so the teachers know how many students are on grade level in reading and how many are below grade level. It also tells us whether students use higher order thinking skills when reading. It also shows which students need more help with targeted interventions to meet NGLS.

The data helps inform the school 's instructional plan by showing areas of need in the literacy program and helps us target which students need additional intervention. It also shows whether the programs in place are working to meet the students ' educational needs. As the teachers plan in common planning they will use the data to guide their unit and daily plans. They will use a data protocol to guide them through this process and progress monitor regularly.

As we implement both formative/summative assessments and progress monitor, we frequently reflect and refine our practices, to address the needs of the students.

We also provide PD's to parents to assist them with home instruction and support. As an ENL team we have identified our groups, and are pushing into classes to assist, as well as pulling out to meet our mandated expectations. Furthermore, we have begun engaging in staff PLO highlighting Best Practices in MLL/ELL instruction from the District provided Mini- language Development Institute (MLDI) sessions. In addition to listed assessments above, we will also be implementing the NYC DOE SEL Screener to support Chancellor's Instructional Principles and Academic Priorities as it relates to developing and strengthen and welcoming and affirming school environments. This assessment will allow us to identify which individuals may need at-risk as well as inform schoolwide PD around SEL. We have adopted the mind up curriculum for SEL.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our intervention plans for ELL's include ENL Support, Dual Language Classrooms, Bilingual Programs, and RTI (Response to intervention). Such interventions are provided in both English and Spanish when applicable. There are

after school programs that address the needs of students in grades 1-5 who are performing at Level 1 in Math and/or Literacy. These ELL students are entering, emerging, transitioning, and expanding students who are below level on assessments, performance tasks and state tests.

Modeling strategies are used in Math, Literacy and other content areas to support ELL's with access to the curriculum. Other interventions include instructing students in academic language and writing non-fiction pieces.

In addition our literacy block is 90 minutes long. The second half of the 90-minute block is designed for small group instruction. All classrooms engage in data-driven small group instruction based on progress monitoring and class-wide trackers. We also implement the SPIRE and Edmentum program for at-risk students, including at-risk ELL students. Differentiating instruction, language stems, graphic organizers, and visuals which, is considered a targeted intervention phonics program that is systematic, sequential and cumulative for word recognition and language comprehension using decodable texts.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In order to guide instruction for ELLs within the MTSS/RTI framework, the classroom teachers monitor the students at the Tier I level. This process ensures that ELLs receive appropriate instruction and interventions based on their language proficiency, academic progress, and social-emotional development.

At the Tier 1 level, ELL students are provided access to grade-level curriculum through purposeful grouping, scaffolds, visuals, differentiated text/materials. Based on Map Growth, RGR, I-ready Acadience, Edmentum and classroom assessments, teachers provide meaningful lessons, set challenging academic goals and build abilities through scaffolds such as dialogue, language stems, questioning and sharing ideas. At this level, the teacher uses weekly unit reading tests, performance tasks, classroom assignments and class participation to determine who needs further assistance.

The teachers use the data from these assessments to see which students have not mastered certain skills or concepts and need to be re-taught. Our school uses data to target instruction to students' individual needs. We practice building background knowledge and vocabulary through various scaffolds and supports. In order to address pre-requisite skills for struggling students teachers will use small group instruction. Once assessments are administered, data is used to determine the type of Tier II instruction some of our ELL students will receive. Classroom teachers analyze data collaboratively to identify the specific needs of students who did not master the Tier I instruction and may need more targeted intervention. The same applies to students who benefit from Tier III instruction because they did not make progress in Tier II. Data such as Map Growth, Progress Monitoring Trackers, class work, checklists, exit slips, class participation, formal and informal assessments used during these smaller groups are evaluated to see if the child is progressing successfully with the provided supports. Progress monitoring is captured in a progress monitoring tracker.

Our school ensures that ELLs receive timely, targeted, and culturally responsive supports that promote both language acquisition and academic success.

Classroom teachers work with out of classroom personnel to improve the Tier II and III services. The out of

classroom teacher uses different strategies, provides more frequent support, and/or uses a more intensive program, to try to help students master skills and concepts. If the child still does not make any progress, the teacher meets with the School Based Support team.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments are essential tools for teachers to gather feedback on student learning and adjust instruction accordingly. Here are some of our formative assessments commonly used to drive instruction:
Quizzes-short focused quizzes that test students' understanding of recent lessons
Exit tickets- Quick prompts at the end of a lesson where students summarize what they learned or answer a question based on the targeted skill(s) taught. Checks for understanding during each part of the explicit instruction model are an instructional absolute.

Classroom Observations- monitoring students during activities and noting their engagement, participation, and understanding
Anecdotal Records- Keeping brief notes on student behaviors, interactions and progress during class activities
Open ended Questions- Asking questions that require more than Yes/No answers to gauge depth of understanding and language development

Think-Pair Share- students think about a question, discuss with a partner and then hare with the class allowing the teacher to assess comprehension through dialogue
Self Assessment- Students reflect on their own work and learning using rubrics, success criteria and/or journals.
We also utilize the LETRS Phonics and Word Reading Survey to assess and monitor ELLs' progress in word recognition acquisition.

In Grades 3-5 the LETRS survey is given to identify which correspondences and patterns the student have learned, and
which ones the students needs to be taught.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

ENL teachers work with content teachers to identify areas within a lesson where students will benefit from home language support. Intentionally grouping with others that are bilingual in the ELLs home language and English is a strategy that works well. Also, teachers use technology in their planning and practice.

There are some instances where using the student's home language in the classroom may be necessary are understanding directions and connecting vocabulary so students who have a solid understanding of their home language and can connect new English words to the known words for success in the classroom. A way we do this is by incorporating cognates within our reading lessons. The goal is for students to use their home language intentionally to access English. Our role is to teach students to value their language as a tool for comparing, accessing, and contextualizing information. We assess the use of home language support in teacher team meetings, such as ILT.
In our HMH Arriba la Lectura, we use the Spanish ELL scaffold instructional strategies that help build both language use and understanding of the skill taught in each lesson. These ELL strategies are targeted for each modal of

language. When planning in our Envision math curriculum we consider the ELL scaffolds for Spanish speakers that are incorporated within each lesson that promote both home language and English acquisition. These helps when students are taking their end of topic assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We evaluate the effectiveness of our ENL program and Dual Language program by analyzing various, summative assessment data.

New York State Identification Test for English Language Learners (NYSITELL) will be used to determine the level of English support and to plan a program for each student based on their strengths and needs in each of the four modalities of listening, speaking, reading and writing. Our ENL teaches uses the overall school curriculum in ELA and Math to align instruction.
In addition, we will use standardized achievement tests, e.g., New York State English as a Second Language Achievement Test (NYSESLAT) to measure English proficiency on a yearly basis in the four language domains (listening, reading, writing, and speaking), NYS state ELA, state Math, and state Science exams.

Our ILT engages in data inquiry every school year prior to the school year starting. They together identify areas of strengths, weaknesses as well as gaps. The team then uses such results to create targeted action plans outlining instructional practices to be used and new assessments to be given in an effort to measure student outcome. The team also looks at the growth level of the students to be sure that students below grade level are making typical progress and if they are not they refer students to the School based Support Team.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan includes training ENL providers and other pedagogues using materials and webinars provided by the state and district. We will inform the school community of the dates of the test and what the test entails in a general meeting.

Each school year, the ENL point person, Ms. Cela, coordinates the administration of the NYSESLAT and becomes familiar with the NYSESLAT School Administrator's Manual. ENL teacher, Ms. Cela, uses the ATS report RLER to identify students who are eligible for the NYSESLAT. ENL Teachers disseminate translated letters to families informing them of the NYSESLAT schedule. As a team, we select the dates and grades to test eligible students within the administration window. Within the administration window, students are receiving the appropriate number of ENL minutes by their ENL teacher. Those responsible for administering the NYSESLAT are certified teachers and administrators that attend training on NYSESLAT administration and scoring. Materials are accounted for and secured throughout the administration window.

ELLs and former ELLs will continue to receive mandated services during the testing period. During testing periods our ELL teachers will dedicate the morning to testing and the afternoon to provide ELL services.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At P.S. 253 current and former ELLs receive necessary accommodations for state assessments. At our school we develop individualized plans for our ELL students. For ELLs with disabilities, IEPs or 504 Plans are developed to outline specific accommodations.

Regarding accommodation during assessments, various supports are provided. In mathematics, tests may be provided in their native languages. Furthermore, additional support such as allowing breaks is implemented. Extra time is allotted for state and classroom assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Upon registration parents are informed of all three ML/ELL program models. They are also invited to an orientation via an invitation through Parent Square. At this orientation they receive information about our schoolwide programs and assessments, as well as the program goals and requirements for all three program models. Translators and Interpreters are present at these meeting.

Additionally, we also provide them with an orientation section on the Next Generation Learning Standards and assessments. During these orientation sessions we outline school expectations for our English Language Learners and highlight resources available to families.
During the parent orientation meetings, parents/guardians are provided with an explanation of each ELL program model offered in NYC. The parent video describing the three programs is always presented in the parents preferred language. In addition, translation and interpretation services are provided throughout the meeting. During this meeting we capture parent choice selection, and then after this, the parent's choice is updated on ATS.

Attendance is captured with sign in sheets and kept on file in the ENL office. Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files, as well as in our ELL compliance binder.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual meetings are scheduled and conducted throughout the year in which we discuss student's progress in their identified program. At these meetings parents and teachers discuss strengths and areas of needed support for each child. Anecdotal data and Assessment data is also reviewed with the parents. Parents are asked what types of supports are needed, if any, at home. Parents are provided with a translator if needed from the school-based support team, colleagues, and or Language Line for NYC DOE translation during any and all phone or in person meetings. We will also use Phone DOE interpreters for meetings done over the phone. All evidence of this required annual individual meeting will be maintained in our ELL compliance.

Annual Individual meetings discuss goals of the ENL program, language development progress, English language proficiency assessment results, and language development needs in all content areas are discussed during annual individual meetings with families of ELLs.

Our school's plan to ensure the Annual Individual Meeting is provided to parents/guardians of all ELLs, is the following; We will create an excel spreadsheet and record all Annual Individual meetings. At the end of the year, we will generate/print a record page for each student and put them into their folders. Parents are reminded about the meeting with a phone call or message on Parent Square.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Parents are asked about their preferred language for communication in the HLIS on ATS. Documents sent home are translated to the language of choice using the info hub and/or translators. Additionally, Parent Square is our online communication tool and automatically translates to parent's language of choice. At the school we have several bilingual staff members to interpret for in-person communications. Families are able to use Parent Square messaging as a way to initiate communication with the school in their preferred language. Parents can call the school and ask for interpreters to communicate with staff. Our school will use a staff member and or telephone interpreters.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

To determine the needs of the community the school surveys ML/ELL parents. Outreach is made to community organizations in which parents identify as a need for them. Our CBO, CCNY, will also conduct resource fairs and family nights to meet the needs of our school community. Our school hosts a Hispanic Heritage Month event, pot lucks, multi-cultural assemblies and family nights. In addition, Discovery Day is another opportunity for parents to come into the school community. Our school has "PAWS" Parents/Principals Alliance Witness Success, where the school principal meets once a month with the parents and guardians. In addition, our school host monthly PTA meeting which provides opportunities for families to get involved in the school community and find resources.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Parent leadership opportunities are advertised through written (Flyers) and online communication (Parent Square). They are given out at least two weeks before the elections or respective meeting. Parents are also given reminders through Parent Square in which are translated to their language of choice.
We will also organize events that celebrate different cultures and invite families to share their traditions. We will the use these opportunities to inform them about leadership roles and how they can get involved. Our current PTA which include current parents with students in the school organize many family activities such as family night, Family Fun Field Day organized by Title 1, and multicultural events. All PTA meetings are open to all family members and are held with a translator to assure all can understand. During such events parents are made aware of different family leadership opportunities such as PTA, SLT and CEC.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school currently partners with adult educational programs that teaches English as a Second Language at night. The program is offered at the school at night. Other partnerships include CBO Community Based Organization, and PTA- Parent Teacher Association.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our school is creating a future where students achieve their full potential through the power of family-school partnerships. We are focused on parent empowerment and amplifying parent voice. Every month the principal has monthly tea and talks with parents. At this event parents are encouraged to become part of the school's decision-making process.

We currently have a bilingual Guidance Counselor and PTA President who reaches out to support our MLL/ELL families.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ELL Coordinator

Billingual Teacher

Special Ed Teacher

Assistant Principal

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS 253, the structures and process in place for identification of English Language Learners year-round is done in
accordance with the Commissioner's Regulations Part 154. The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs). If a student has been in NYS public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level. At the time of registration, families are given a home language survey in the parent's preferred language to identify what the primary language in the household is. The home language of the student is determined by a trained and licensed pedagogue. In most cases, pedagogues and/or support staff who speak the majority language (Spanish) in our building are used for translation support to our parents. If no one is available, we use the Language Access phone number to translate. We have a team of pedagogues trained and part of the ELL Identification Team. The parent will speak to the school secretary who will then locate a member of the team to assist in this process.

If there is a newly enrolled student entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent. If a student is identified as potentially MLL/ELL after the HILS and informal interview, he or she will take an English proficiency test called the New York State Identification Test for English Language Learners (NYSITELL). This test helps us to identify the level of English proficiency in each student. If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish LAB within the 10 days.

Parent notification letters are then sent to the parent in the parent's preferred language. Parents are notified of their child's ELL status and results of the NYSITELL. Parents are invited to a Parent Orientation. The orientation will explain the three program models and answer any questions the parents may have regarding the programs. After parents/guardians view the video, explains these models, parents will be given ELL Parent Survey & Program Agreement Form (in the parents' preferred language), where they can indicate their program selection. The parents must return the completed and signed form within five school days. These ELL Parent Survey & Program Agreement Forms will be placed in the student's cumulative folder.
The student is placed in the program that the parent selected.

Our school proactively plans for the ELL Identification Process so that it does not interrupt the provision of mandated ENL instruction to current, former and potential ELLs by using any of our other trained intake staff besides our ENL teachers. If our ENL teachers are not available, our other trained intake staff meet with new families to welcome them and determine home languages. We have three pedagogues as part of our identification team. Our school secretary makes an appointment with the incoming students family for registration, and one of the pedagogues from the identification team is helping her with intake based on availability. Also intake appointments will be scheduled during ELL Coordinators prep and office hours.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Christiana Vasquez

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Phillis	James	Parent Coordinator - Annual	12/05/2024	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	0.36%	2	0.36%	1	1
BENGALI (BANGLA IN BANGLADESH)	7	1.25%	7	1.26%	1	1
DARI/FARSI/PERSIAN	2	0.36%	2	0.36%	0	0
FRENCH	1	0.18%	0	0.00%	0	0
HAITIAN CREOLE	1	0.18%	1	0.18%	0	0
NAHUATL	1	0.18%	1	0.18%	0	0
ENGLISH	280	49.82%	279	50.36%	20	20

SPANISH	268	47.69%	262	47.29%	5	10

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Flyers/Invitations	Flyers are translated and printed and/or posted to parent square
IEPS	IEPS are translated and to home language by staff members and any documents sent home are printed and sent home in English and the students home language
Progress Reports/Report Cards/Benchmark Assessment Data	All progress reports, report cards and benchmark assessment data is printed for parents in English and the preferred language if the language is anything other than English.
Community Events	All community affairs and events shared with the school community is is printed for parents in English translated to the preferred language in our communication platform Parent Square
Monthly Newsletters	Translated by staff members and posted to parent square. Parent square will also translate to a parents preferred language of choice automatically.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Multilingual Staff members will be available for interpreting virtually or in person. We also have interpreting devices and the interpreting hotline.
Safety Town Hall	Multilingual Staff members will be available for interpreting virtually or in person. We also have interpreting devices.
Parent Workshops	Multilingual Staff members will be available for interpreting virtually or in person. We also have interpreting devices and the interpreting hotline.
Principal Tea and Talk	Multilingual Staff members will be available for interpreting virtually or in person. We also have interpreting devices.
PTA	Multilingual Staff members will be available for interpreting virtually or in person. We also have interpreting devices.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the case of an emergency the school will communicate with parents who speak a language other than English electronically. We will use parent square app and the app will translate the emergency message to the parent's preferred language. If a parent needs to contact the school they can call and the school secretary will call the interpretation hotline and we will communicate through the interpreter.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

In the beginning of the school year the LAC will hold a meeting with the staff to review CR-A663. The school will ensure that all staff members complete the required NYCPS Language access training for School-based Staff on WeLearnNYC learning platform by ensuring they send their certificate and emails to the LAC and assistant principal after they complete the required training. These will be kept on file.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The school will inform parents about the available language assistance in their preferred language by hanging the multilingual welcome poster and other multilingual signage in the main entrance of the building near the school safety agent. During orientation parents are notified of their rights to receive information in their preferred language and will be provided with the Language Access for NYC Public School Family Brochure and a calendar of monthly events held at our school.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We use parent surveys to get feedback from parents who prefer a language other than English about language translation and interpretation services the school used throughout the year. We also ask for feedback at our last principal tea and talk about these services and how we can improve for the next school year.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

One thing we did to improve our language assistant services is leverage out PTA president. Our current PTA president has helped us increase language assistance at school events because she has a great relationship with our Spanish speaking families. We plan on leveraging our PTA president to get feedback from families on how we can improve language assistance services. One example of how we have done this in the past is by purchasing more portable interpretation devices for assemblies and school events.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

70

Grades to be served in this program. Select all that apply.

,1,2,3,4

Total number of teachers in this program:

3

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

During this academic year, RHS P.S.253Q will host an after-school enrichment program for MLLs\ELLs. Our after-school experience will be
versatile and differentiated, offering in-person student engagement. Our program will begin in October and conclude in May 2026.

Students serviced in this program will include MLL students.

The after-school program will be four times a week from 2:30-4:30.
The instruction will be delivered by ENL and Bilingual certified teachers. A special ed teacher will also support the after-school program for our ENL students with IEPs. Students will be grouped by proficiency levels, For example we will have a group of 1-2 entering and emerging grade levels as well as one with transitioning and expanding level. the same system will be used for all grade levels. Each group will receive instruction tailored to their needs and proficiency levels.

Differentiated instruction will be used to meet the needs of all students. Some of the strategies include native language support, scaffolding such as modeling, graphic organizers, picture walk discussion, See-Think Wonder, think-pair-share, prompts, and sentence starters. We will also use prior knowledge and text representations (transform words into pictures). In addition, ELLs will engage in additional practice in preparation for the test and supporting learning English. All students will practice and work on all four modalities, Speaking, Listening, Reading and Writing.

Other funds will be used by our school to supplement the program.

The language of instruction is English.

The program will be supervised by the Assistant Principal. The supervisor is at no-cost to Title III ELL allocation. Part of the program is the supervisor's regular work day (30 min) and there are also other programs that will be supervised at the same time.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

During this academic year, RHS P.S.253Q will host an after-school enrichment program for MLLs\ELLs. Our after-school experience will be
versatile and differentiated, offering in-person student engagement through small group instruction. Our program will begin in October and conclude in May 2026.

According to the results from Spring 2024 NYSESLAT, our data shows that of 121 students who took the test only 25 students met progress by exciting ELL status, 8 students met annual progress target and only 3 met safe harbor cumulative growth. Additionally we had 42 students who didn't meet progress. Additional data we will use to group our students will be Acaidence for students who are in grades k-2 and map growth for students who are in grades 3-5.

We will group students according to their NYSESLAT levels (Entering, Emerging, Transitioning and Expanding). The students will consist of SWD, ELLs and SIFE. In addition we will look at MAP growth and Acadiance data to target our instruction for the program.

Students serviced in this program will include MLL students. We will provide many opportunities for ELLs to engage in vocabulary development, listening and speaking strategies, comprehension strategies and structured writing activities.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

There will be 70 MLL students in the program for grades 1-4. We will have four groups and each group will consists of 15 students.

This program will start in October and end in May. It will include 3 ENL/Billingual and 1 Special Education teacher. At each session, the ENL teachers will provide instruction to the 2 groups of students. The program will focus on enhancing student performance in math, literacy and content area topics. Differentiated instruction will be used to meet the needs of all students.

For our newcomers, SIFE and students with IEPs, we will use picture walk discussions, native language support and sentence starters.

For our developing and IEP students, we will use modeling, graphic organizers, think-pair-share and prior knowledge strategies supported by a Special Education Teacher.

For our long-term ELL students, we will use graphic organizers, prior knowledge, think-pair- share and text representations as strategies to enhance comprehension and language learning.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The after-school program will start in October 27, 2025 and go till May 21, 2026.

The sessions will be on Monday -Thursday each week from 2:30 - 4:30 p.m for a total of 80 sessions. We will host sessions, each of which will be for 2 hours, 4 sessions each week.

The afternoon program will cater to the needs of our ELL students in grades 1-5. There will be 15 students in each group. We will group students according to their NYSESLAT levels (Entering, Emerging, Transitioning and Expanding). The students will consist of SWD, ELLs (4-6 years) and SIFE. We will provide intensive instruction to each group simultaneously, while targeting content and literacy skills identified as needing improvement. Data sources including: EDAT, NYSESLAT scores, ELA scores, NYS math scores, Acadience Screener, MAP Growth Assessment and other benchmarking data (Really Great Reading and HMH Into Reading) will be analyzed to determine students' needs.

Since our schedule and duration greatly exceeds our available allocation ($22,412), other school funds will be utilized to support the program.

The Program schedule/duration aligns with our schools SBO because we are a PROSE School, and our school day hours are 7:30-2:20

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction is English. Scaffolds will be provided for students to support them in their home language. Afterschool teachers are fluent in Spanish, and they will be able to better support students in their home language. Home language support will be provided through the use of bilingual dictionaries, bilingual anchor charts, bilingual labels, bilingual vocabulary cards, bilingual word banks, bilingual word lists, and bilingual word walls.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be four after-school teachers. Three of the teachers are ENL Certified, and one teacher has a Special Education License to target the ENL students with disabilities. There will be three groups of students. Group one will be 1st-2nd grade group two will be 2nd-3rd grade and group four will be 3rd-4th grade. Each group will be taught by an ENL certified teacher. The special Education teacher will work with all groups to support students with

disabilities. We will use flexible grouping during our instruction that meets the instructional needs for all learners. Teachers will team-teach these groups.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The program will focus on enhancing student performance in math, literacy and content area topics. Differentiated instruction will be used to meet the needs of all students. Some of the strategies include native language support, scaffolding such as modeling, graphic organizers, picture walk discussion, See-Think Wonder, think-pair-share, prompts, and sentence starters. We will also use prior knowledge and text representations (transform words into pictures).

For the beginners and newcomers, we will use picture walk discussions, native language support and sentence starters.

For the transitioning level students, we will use modeling, graphic organizers, think-pair-share and prior knowledge strategies.

For the expanding ELL students, we will use graphic organizers, prior knowledge, think-pair- share and text representations as strategies to enhance comprehension and language learning.

The language of instruction is English.

The following books and materials will be used in the Title III program: Options Comprehension Strategies Kits A and B, Time for Kids Non-Fiction Readers and Talk About Books, News ELA, Read Works, Imagine Learning, Edmemtum, and Really Great Reading. This program is designed to help raise the level of comprehension, speaking and listening skills as well as students' confidence as they grow in the English language.
All the materials used for afterschool are at no cost to Title III. They are also used only for afterschool and are distinct from those used during the school day.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent**

engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.

Flyers will be sent home in English and the students' native language to notify parents of the after-school program opportunity. Attendance will be taken daily. Copies of the flyers and attendance forms will be kept in the office along with the roster of teachers who are implementing the program. Teachers will keep anecdotal records to drive their instructions and conference notes. Teachers will also reference classroom data from classroom teachers to help drive instruction.

Attendance will will be taken each day and kept on file in the ENL office along with signed permission slips.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Staff Development will be ongoing throughout the year. Teachers will receive training Aligned with the Hallmarks of Advanced Literacy, we will enhance 21st century skills as it relates to ELLS/MLLS. There will be three cycles of PD's and teachers will receive professional development support from school based staff and/or district support opportunities and outside consultants. Additionally we will have PD from Curriculum Development Consultants. This professional development support will be focused on content, strategies and best practices used to help the ELL's in the Title III Program.

Our professional development will take place once a month 7:00-7:30 in the morning, and it will be at cost to tittle III.

One of the professional development sessions will be designed to enhance teachers' ability to leverage learning platforms and resources to deepen students' conceptual understanding. Content area literacy, and data analysis will will continue to be internal professional development topics. Additionally, some of the professional development activities we will offer include ESL strategies to help teachers
guide ELL instruction. Teachers and support personnel working in the Title III program will attend all the staff development sessions.

Action Plans will be worked on as well. Agendas and attendance sheets for each session will be kept in the main office. The PD's will positively impact the progress of ELLs as teachers receive a variety of strategies to design an individual learning progression, towards proficiency for every student.

During the professional development, agendas and attendance sheets will be given out. Both of these items will be maintained in the ELL compliance binder. The professional development will be provided at cost to the Title III funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Based on the Acadience and MAP data, all teachers of ELLs need to increase their language and literacy development skills to design and deliver curriculum, instruction and assessment in core content areas. Additionally, patterns/trends identified in data that justifies the rationale for the Title III PD plan for teachers of ELLs are in-house teacher surveys, teacher observation data.

Professional development is needed to help our teachers understand the strategies needed to help teach the ELLs/MLs in their classes. Professional development support will be focused on content, strategies and best practices used to help the ELL's in the Title III Program. The PDs will positively impact the progress of ELLs because it will enhance teacher practice. In addition, when possible, teachers will be sent to outside professional development provided by the district ELL support team. Adding our knowledge of how to teach ELLs/MLs using these various strategies will ensure support of students' language acquisition.

Teachers will receive professional development support from school-based staff. This will be at cost to Title III.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers and support personnel working in the Title III program will attend all the staff development sessions. The teacher that will receive supplemental professional learning opportunities, are Gabby Herrera , Cindy Ramirez and Shameeka McDuffie. These teachers include ENL, Dual Language and Special Edu action Teachers.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Staff Development will occur Monday-Thursday during Professional Development/Planning time 7:30-8:00am). Staff Development will be in person. Teachers will sign up for any additional Professional Opportunities offered throughout the year which may include a series as opposed to only one day.

There will be a total of 2 sessions, the schedule for the PDs is as follows.

Wednesday, November 5th 7:3-8:00am
Wednesday, January 7th 7:30-8:00

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

One of the professional development sessions will be designed to enhance teachers' ability to leverage learning platforms and resources to deepen students' conceptual understanding. "Talk Moves" and content area literacy, will continue to be internal professional development topics. All teachers and support personnel working in the Title III program will attend all the staff development sessions. ENL teachers providing Title III services will be trained in ELA and math. ENL study groups will take place to determine best practices and best strategies to meet the needs of each student. Also, a school wide focus is embedding scaffolds into our daily lessons to increase student participation and engagement. We will deliver PD on appropriate scaffolds to support our ELL students.

Topics to be covered include,
November: Review of Resources and materials to be used for the Title III Afterschool program
January: ELL Data Review for the Title III afterschool program

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Our ENL specialist Jugena Cela will provide training session and Professional Development. No Title III funds will be used for outside consultant/vendor.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Records, including agendas, attendance sheets, training materials and shared resources will be maintained in the ELL compliance binder.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parental involvement is an integral part of a child's school life, especially an English Language Learner. Our goal is to provide parents with resources that will enable them to make informed decisions about their child's education.

Prior to initiating the program, a conversation with parents will take place. This conversation will occur during the After-school Parent Orientation". Parents will be notified of the weekly flow of their children after school regimen, what the children are expected to learn and how they can be supportive to their child's academic journey while at home. Parents will be given resources and guides to better support their children at home. Parents will be given an opportunity to learn what their children are learning as the ENL teachers expose them to samples of work at each grade level. The second workshop will be entitled, "Helping Your Child at Home". This meeting will be conducted by the ESL teachers. The parents will be notified of this meeting through letters/emails sent home in their native language and phone calls. Meetings will be recorded for parents to use at their leisure. The schedule of parent engagement activities will be as follows:

November 2025 After school Parent Orientation Ms. Ramirez, Ms. Herrera. Ms.Jugena Cela, ENL Coordinator
January 2026 Goal Setting Ms.Herrera , Ms. Ramirez Teacher/Ms. Jugena Cela,ENL Coordinator

Interpreters will be available to translate into the parents' native language. Electronic translation units will also, be used at these meetings to mitigate barriers, helping to support parents in being a part of the conversations. Each parent workshop will be 45 - 60minutes. Flyers will be sent out in English as well as the parents' preferred language. Agendas will be given out at each meeting and attendance will be taken. Copies of the flyers, agendas and the attendance sheet will be kept in the office and in the classroom of the teachers' Flyers will be sent out in English as well as the parents' preferred language. Agendas will be given out at each meeting and attendance will be taken. Copies of the flyers, agendas and the attendance sheet will be kept in the office and in the classroom of the teachers' implementing instruction.

All parent programs for the 2025-2026 school year will occur in person. This will be at cost to Title III.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parents of students participating in the Title III LEP instructional program are attending the Title III LEP parent engagement activities. Parents will be given an opportunity to learn what their children are learning as the ENL teachers expose them to samples of work at each grade level.

The second workshop will be entitled, "Helping Your Child at Home". This Parent engagement opportunity will use data from parent surveys taken at one on one meetings with parents asking how we as a school can support them at home. This meeting will be conducted by the ENL teachers, and parents will engage in different activities that will help them better support their children at home. Additionally, teachers and parents will work together to set goals and find ways to improve student education at school and at home.

We will closely work with our PTA and parent coordinators to come up other ideas on what the parents are interested in learning about to improve their child's education.

The parents will be notified of this meeting through letters/emails sent home in their native language and phone calls. This component is at cost to the title III LEP Plan.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule for parent meetings is as follows:

November 4th 2025, After school Parent Orientation. Ms.Jugena Cela, ELL Coordinator, Ms. Gaby Herrera , Bilingual Teacher, Ms. Shameeka McDuffie Special ed teacher
January 2026, Goal setting, Helping Your Child at Home Ms.Jugena Cela, ELL Coordinator, Ms. Gaby Herrera, Bilingual Teacher, Ms. Shameeka McDuffie Special ed teacher

There will be a total of 2 sessions.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

In the first workshop November 2025 parents will be given an opportunity to learn what their children are learning as the ENL teachers expose them to samples of work at each grade level.

The second workshop Monday, January 26, 2026, will be entitled, "Helping Your Child at Home". This meeting will be conducted by the ESL teachers.

The parents will be notified of this meeting through letters/emails sent home in their native language and phone calls. Meetings will be recorded for parents to use at their leisure.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The providers that will facilitate these workshops will be Ms.Jugena Cela, ELL Coordinator, Ms. Gaby Herrera , Bilingual Teacher, Ms. Shameeka McDuffie Special ed teacher

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Interpreters will be available to provide the information into the parents' native language. Electronic translation units will also be used at these meetings to mitigate barriers, helping to support parents in being a part of the conversations. Each parent workshop will be 45 - 60 minutes. Flyers will be sent out in English as well as the parents' preferred language. Agendas will be given out at each meeting and attendance will be taken. Copies of the flyers, agendas and the attendance sheet will be kept in the office and in the classroom of the teachers' Flyers will be sent out in English as well as the parents' preferred language. Here at RHS we use the communication platform Parent Square, and all communication and flyers can be translated to the user's preferred language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

After sending home invitation flyers and letters dated and translated about the activity, copies of these notifications will be kept on file. Parents will also receive notifications about such events on parent square. In addition, we will take attendance during the workshops and maintain these sheets in our files. The PowerPoint presentations will be maintained in our google drive.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

22,412
