Timothy Miller

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Tim Miller	Principal or Designee*	
Kristin Martinosky	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Brenda Rivera	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Erika Rosado	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Alyssa Owen	3rd Gr. Teacher	
Demetra Kalaitzidis	Member/Teacher - SLT Chair	
Christina Tserbis	Member/Teacher	
Cindy Margarita Otero	Member/Parent	
Margarita Otero	Member/Parent	
Shirley Payne	Member/Parent

	Member/	
	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At P.S. 76 Queens, we recognize the individuality of every student and we strive to equitably provide each child with the academic excellence of a supportive and enriching learning environment. Administrators, teachers and paraprofessionals are committed to professional development to ensure that high-impact teaching pushes students to reach their fullest potential. We work to offer students an individually tailored, Next Generation-aligned educational experience in the least restrictive environment that will meet their physical, social, emotional, linguistic and academic needs. We aspire to offer students as much arts, technology and sports programming as possible, and we aim to grow students as agents of change by teaching into social issues and exploring students' intersectional identities and positionality within the world. Centering our local community, we work to deeply engage parents in a partnership to steward their children's education and help promote a true love of learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 76Q is a 3K-5 elementary school located in Long Island City, NY. We our a demographically diverse community made up of 66% Latinx families, 21% Black families, 5% Asian families, and 8% White families (mostly transnational, Arabic-speaking). Since the beginning of the 2022-23 school year, our school has been receiving many asylum-seeking families, the vast majority from Latin America. Student living in temporary housing now represent nearly one-third of our total student population.

Serving a largely minoritized constituency, we have worked hard to hire teachers over the last 9 years that ethnically and racially mirror the community. We are currently invested in hiring more Spanish-speaking staff members than ever before. We have also prioritized professional development on culturally responsive and sustaining teaching practices to ensure that our students and their families feel represented, have a say in policy making, and are at the center of all that we do and strive for. We also offer afterschool adult English as a Second Language classes for parents.

We offer robust curricula in all subject areas and are proud to employ HMH Into Reading and Arriba La Lectura as our primary curricula in ELA and Investigations as our primary math curriculum. We have also build out an increasingly comprehensive MTSS framework, which incorporates PBIS and tiered academic intervention.

Our English-Spanish dual language program has been growing since its inception 8 years and spans Pre-K to 5th-grade. Beyond dual language, in Kindergarten through 5th grade we offer ICT classes, Nest micro ICT classes, and self-contained settings. We also offer 3K and Pre-K classes, with ICT and dual language options as well. Our school offers an impressive array of arts programming, including an afterschool theater program and before-school wind ensembles.

Briefly summarize the key initiatives your school will implement this school year.

During the 2025-26 school year, our school will be using HMH Into Reading and Arriba La Lectura as our primary ELA curricula. Given this, ample professional development time will be spent with teachers and paraprofessionals to ensure that we are implementing the program with fidelity, extending the writing block to ensure a high volume of writing on every grade, and planning and facilitating daily centers for 1 of the 3 assigned ELA blocks to ensure students receive differentiated discussion and tier II and III intervention when necessary.

We will also be implementing an instructional focus on teachers and paraprofessionals aggressively monitoring students' academic performance in the moment while they work independently. We will partner with Teaching Matters to provide robust staff development for all classroom teachers. Aggressive monitoring means that teachers plan out laser-specific look-fors to assess as students work independently. They name out the look-for, circulate to check in on every student, give both written and oral feedback, and then repeat the process. Aggressive monitoring helps teachers make real-time instructional shifts so that no time is squandered; it helps develop students who are as independent as possible.

We will also be strategically working to decrease the number of chronically absent students. In mid June 2025, around 50% of our students were categorized as chronically absent, having missed 10% or more of the school year. Working with District 30 attendance specialists and a team of internal team members, our attendance team will meet weekly to analyze data, provide robust outreach to families, and help provide support proactively. The team will prioritize trust and relationship-building, as well as education/awareness about the detrimental effects of missing school. Building on this initiative, the school will provide increased support and awareness around wellness for all PS 76 families, including ongoing events to draw families into this learning.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading/Arriba La Lectura	CR-S Modifications
Math	K-5	Investigations	CR-S Modifications
Phonics	K-3	Fundations	
Phonemic Awareness	K-2	Heggerty	
Math Intervention	K-5	i-Ready Personalized Instruction	
Reading Intervention	2-5	SPIRE	
Reading Intervention	K-1	Sound Sensible	
Math Intervention	K-5	Do The Math	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall placement (mClass EOY Composite Scores, June 2025): 45% of students with valid scores are on or above grade level - At Benchmark or Above Benchmark—while 55% are below expectations	Limited differentiation for struggling readers or high performers—whole group teaching outweighing small group/targeted instruction. Insufficient use of data (BOY/MOY/EOY, i-Ready, mClass) to drive regrouping, reteaching, and intervention planning. Gaps in aggressive progress monitoring—students not consistently tracked, interventions not adjusted in real time. Chronic absenteeism impacting exposure to instruction and assessments. Intervention programs not implemented consistently or with	Phonological Awareness & Phonics: Many students likely lack strong decoding skills. Priority = strengthen Fundations/Heggerty/SPIRE fidelity and ensure daily, explicit practice. Fluency & Automaticity: Build regular fluency practice (timed readings, repeated readings, partner fluency work). Responsive Grouping: Use mClass/i-Ready/teacher assessments to regroup students more frequently instead of

(Below Benchmark or Well Below Benchmark).	enough frequency/duration (e.g., pull-outs replacing core time). Lack of coherence in small-group structures (rotations, co-teaching models, use of paraprofessionals).	waiting until the next benchmark. Daily Small-Group Rotations: Prioritize small-group reading with targeted skills work for Below/Well Below students.
Overall placement (mClass EOY Composite Scores, June 2025): Out of 95 Current ELL students with valid scores, only 13 students (13.68%) are on or above grade level—At Benchmark or Above Benchmark—while 82 students (86.32%) are below expectations (Below Benchmark or Well Below Benchmark).	Core instruction may not be scaffolded adequately for ELLs (e.g., visual supports, sentence stems, frontloading vocabulary), making it harder for them to access grade-level content. Many ELLs may have missed key early literacy milestones in their home language or English, resulting in underdeveloped decoding skills that impact reading fluency and comprehension.	Strengthen Foundational Literacy Skills Enhance Tier 1 Instructional Scaffolds for ELLs Increase Alignment Between ENL Services and Core Instruction Improve Use of Data to Inform Small Group Instruction
Based on mClass End-of-Year (EOY) Composite Scores from June 2025, out of 64 Students with Disabilities (SWD) with valid scores, only 27 students (42.19%) are performing At Benchmark or Above Benchmark, while 37 students (57.81%) are performing Below Benchmark or Well Below Benchmark.	Lack of targeted differentiation: Instruction may not be sufficiently tailored to meet the diverse learning needs of SWD. Insufficient use of formative data: Teachers may not be using ongoing assessment data to adjust instruction in real time. Chronic absenteeism or inconsistent attendance: Missed instructional time can significantly impact progress.	Use progress monitoring tools to track growth and adjust instruction accordingly. Provide professional development on evidence-based literacy strategies for SWD. Offer training on differentiation, scaffolded instruction, and IEP implementation in literacy blocks. Identify SWD with chronic absenteeism and develop targeted outreach plans.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48%	By June, 2026, literacy for All Students will improve, as measured by a 10% Decrease, from 48% to 38% , of 10% decrease in the number of students scoring Well Below Benchmark on the mClass Composite Scores.
English Language Learners (ELL)	8%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 10% Increase, from 8% to 18%, of at or above benchmark on the mClass Composite Score.
Students with Disabilities (SWD)	32%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 10% Increase, from 32% to 42%, of percentage of students at or above benchmark on the mClass Composite Score.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Deliver professional development focused on the Science of Reading, decodable texts, and comprehension routines. Implement a K–5 literacy instructional framework using structured literacy blocks (phonics, fluency, comprehension). Conduct monthly instructional walkthroughs checking for fidelity of program implementation and detailed differentiated planning. Build a library of decodable texts and complex read-alouds to support differentiated instruction.

Evidence of Progress - Create structured Tier 2 and Tier 3 intervention schedules aligned to mCLASS diagnostic data and teacher recommendations
Provide PD on MTSS protocols, small-group planning, and progress monitoring using mCLASS. Monitor Tier 2 and Tier 3 student progress biweekly using mCLASS progress monitoring tools. Hold monthly MTSS data meetings to regroup students based on need.

Root Cause Addressed:

Need for progress in Tier 1 instruction and/or intervention impact; Inconsistent implementation of research-based literacy practices (e.g., structured literacy, phonics instruction) across grades; mCLASS data may not be systematically analyzed to drive instruction; BOY screening not used to target skill deficits early enough

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Progress monitor student growth bi-weekly using mCLASS Progress Monitoring Measures

Contract Staff Developers to provide professional learning series about the Science of Reading
Grade Team meetings to review student data and identify students in need of interventions and plan and implement such supports
Ensure for fidelity of program implementation and detailed differentiated planning through instructional walkthroughs

Key Strategy 2 (Optional):

Identify and Group ELLs and SWDs Based on Foundational Reading Skill Gaps
Use BOY mClass data to identify decoding, phonological awareness, and comprehension gaps.
Form strategic small groups for ELLs and SWDs and assign appropriate reading interventions (e.g., SPIRE, Sounds Sensible, Fundations).
Ensure groups receive instruction that aligns to both IEP goals and language development needs.

Strengthen Tier 1 Reading Instruction with Scaffolds and Universal Supports
Train all classroom teachers to integrate visuals, anchor charts, sentence frames, and chunked tasks to support ELLs and SWDs.
Promote use of UDL strategies to provide multiple means of representation and engagement during whole-group and small-group reading.

Facilitate Regular Co-Planning and Co-Teaching in Literacy Blocks
Establish collaborative planning time for classroom teachers, ENL teachers, and special educators to align reading goals, language supports, and IEP services.
Encourage use of effective co-teaching models (e.g., parallel teaching, alternative teaching) tailored to student needs in reading.

Implement Data-Driven Reading Instruction and Progress Monitoring
Use mClass and other literacy assessments (e.g., running records, phonics checks) to inform small group targets and monitor progress toward reading and IEP goals.
Conduct regular data chats to adjust instructional plans based on student progress.

Promote Academic Language and Structured Oral Language Practice in Literacy
Embed structured opportunities for turn-and-talks, academic discourse, and use of sentence stems during read alouds, shared reading, and comprehension discussions.
Include AAC tools or visuals as needed for students with expressive or receptive language needs.

Root Cause Addressed:

Limited Differentiation: Small-grouping by skill gaps, targeted interventions (SPIRE, Fundations), and data-driven regrouping address uneven support.

Insufficient Data Use: Regular data chats, BOY/MOY/EOY analysis, and biweekly progress monitoring ensure instruction is responsive.

Weak Progress Monitoring: MTSS protocols, biweekly checks, and monthly regrouping close gaps in tracking and

adjustment.

Chronic Absenteeism: Strong Tier 1 scaffolds, structured literacy blocks, and Tier 2/3 supports help students catch up.

Inconsistent Interventions: Scheduled Tier 2/3 cycles, fidelity walkthroughs, and alignment to IEP/mClass data build consistency.

Small-Group/Co-Teaching Gaps: Co-planning, effective co-teaching models, and PD on rotations strengthen structures.

ELL Access Issues: Scaffolds (visuals, sentence stems), structured oral language practice, and UDL strategies make core instruction accessible.

Missed Early Literacy Milestones: Foundational skill grouping, structured literacy (K–5), and decodable/complex texts address decoding and fluency deficits.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use BOY mClass data to group students based on specific foundational skill needs (e.g., phonological awareness, phonics).
Provide PD on scaffolds for ELLs (e.g., visuals, vocabulary frontloading, oral language routines).
Review progress monitoring data (e.g., mClass progress checks, running records) biweekly.
Adjust groups and instructional targets based on observed growth or stagnation.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure effective implementation of our key strategies and action steps, our school will use a multi-tiered system of progress monitoring that includes instructional walkthroughs, data cycles, and collaborative planning structures. These systems will track both the fidelity of instructional practices and the impact on student learning and achievement.

Primary structures include:

Instructional Walkthroughs conducted to assess the implementation of structured literacy routines (e.g., phonics instruction, decodable text usage, and comprehension strategies). Observation trends and coaching feedback will be reviewed to inform professional development and support.

Student Data Cycles using mClass for K–5 and mClass progress monitoring will occur biweekly for Tier 2 and Tier 3 students, with benchmark data reviewed BOY, MOY, and EOY to assess growth in foundational skills, comprehension and fluency.

Grade-Level Team Data Meetings, will analyze formative and summative assessment data, identify student needs, regroup for small group instruction, and monitor intervention impact. Evidence will include student data trackers, progress graphs, and adjusted instructional plans.

Together, these structures will ensure that progress is continuously monitored, instructional practices are improved, and student achievement gaps are narrowed through intentional and responsive literacy instruction.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Staff will communicate specific reinforcement strategies with parents during, regular phones calls, PTCs and other contractual parent engagement times to inform of students' placement in intervention programs, their progress, and specific reinforcing strategies that parents can use out of school.	In house staff
09/04/2025	06/26/2026	Family-facing data reports for iReady, mClass, and NYSESLAT assessments are shared with families in November and March.	In house staff

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, AP, and, Special Education Intervention Teacher to facilitate PD for classroom teachers; to facilitate PD for classroom teachers; classroom teachers and the Special Education Intervention Teacher to facilitate ELA-related parent workshops

Instructional Resources

SPIRE, Sound Sensible, Fundations Amira, i-Ready, HMH, and Heggerty instructional materials, including workbooks and online assessments

Schedule Adjustments

Scheduled PDs; all students (including subgroups) will receive 3 targeted small group intervention periods per week

Other Resources Needed

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Data Trend: Level 1 incidents increased significantly as the school year progressed. While the early months (July–September) saw relatively low numbers (e.g., 4 in July, 1 in August, 28 in September), there was a steady rise through	Inconsistent Implementation of Tier 1 Behavior Supports: Schoolwide expectations (e.g., PAWS matrix, PBIS routines) may not have been explicitly taught or reinforced consistently, especially after the start of the year, leading to rising low-level behaviors. Lack of Early Preventative Interventions: Minor behavioral issues may not have been addressed with timely, low-level interventions in the fall, allowing behaviors to escalate and become more	Strengthen Tier 1 Behavior Systems Schoolwide Need for consistent, proactive teaching and reinforcement of schoolwide expectations (e.g., PAWS behaviors) across all classrooms and grade levels. Clear behavior routines must be embedded into daily instruction and transitions, especially after breaks. Implement Data-Driven Behavior Interventions Need to review behavior data (SWIS, OORS) regularly to identify trends by grade, time of year, or location and respond with targeted supports (e.g., additional

the winter and spring months, peaking in May with 51 Level 1 incidents. The total number of Level 1 incidents recorded across the school year was 315. This trend indicates a need for stronger preventative behavior supports and consistent Tier 1 behavior systems. Source: OORS Incident Level Report, generated June 2025	frequent later in the year. Staff Fatigue and Decreased Responsiveness Over Time: As the year progressed, staff may have become less consistent in using behavior management strategies or documenting interventions, contributing to an increase in Level 1 incidents. Limited Student Self-Regulation Supports: Students may lack explicit instruction in self-regulation, conflict resolution, or coping strategies, especially those with emerging behavioral or social-emotional needs.	supervision, structured activities). Increase Staff Capacity in Managing Low-Level Behaviors Staff need additional training and coaching in Tier 1 de-escalation strategies, logical consequences, and classroom-based interventions to address minor incidents before they escalate. Reinforce Student Social-Emotional Learning and Self-Regulation Students need structured opportunities to learn and practice self-regulation, problem-solving, and conflict-resolution skills, particularly those with recurring minor infractions.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	315	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20% Decrease, in the number of Level 1 incidents from 315 to 252 or fewer, per the OORS Incident Level Report.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Strengthen Tier 1 Behavior Systems and Expectations
Launch a schoolwide PBIS refresher in September and January, including reteaching of expectations in classrooms, hallways, and playgrounds.

Update and post visual behavior expectations in every classroom and shared space.

Integrate PAWS Bucks more consistently into daily routines and create grade-specific incentives to reinforce positive behavior.

2. Implement a Cyclical, Data-Informed Behavior Review Process
Conduct monthly SWIS and OORS data reviews during ILT and grade team meetings to identify spikes, hotspots, and trends.

Create behavior "heat maps" to identify when and where incidents occur most frequently.

Use findings to adjust supervision, reteach expectations, or add supports in high-incident areas.

3. Build Staff Capacity to Prevent and Respond to Low-Level Behaviors
Provide monthly PD or coaching cycles on behavior management strategies such as proximity, redirection, de-escalation, and restorative conversations.

Implement a quick-reference staff guide for Tier 1 and Tier 2 responses to common misbehaviors.

Share model videos or scripts for effective response strategies, particularly for new or support staff.

4. Embed Social-Emotional Learning and Student Self-Regulation Supports
Schedule dedicated SEL blocks weekly or integrate SEL mini-lessons into morning meetings.

Provide teachers and paraprofessionals with resources on co-regulation, mindfulness, and coping strategies.

Root Cause Addressed:

1. Inconsistent Implementation of Tier 1 Behavior Supports

2. Lack of Early Preventative Interventions

3. Staff Fatigue and Decreased Responsiveness Over Time

4. Limited Student Self-Regulation Supports

5. Infrequent Use of Behavior Data to Inform Practice

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct schoolwide re-teaching of behavior expectations in September, January, and after major breaks.
Ensure all classrooms and common areas display updated visual behavior expectations aligned with the PAWS matrix.
Track PAWS Bucks distribution and celebrate staff who model and reinforce expected behaviors.
Provide monthly PD and coaching on managing low-level behavior, de-escalation, and restorative practices.
Equip every classroom with a functional break corner including fidgets, visuals, and regulation tools.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

PBIS Committee (Monthly):
Track PAWS Bucks distribution, monitor fidelity of Tier 1 implementation (e.g., visual expectations, classroom routines), and plan reinforcement activities.

Admin Walkthroughs (Ongoing):
Observe classrooms for use of break corners, posted expectations, and consistent redirection strategies; provide feedback to staff.

SWIS Reports:
Track monthly frequency of Level 1 incidents; disaggregate by grade, time of day, and behavior type to determine hotspots and high-need students.

OORS Incident Reports:
Cross-check with SWIS data to monitor for consistency in documentation and identify any under-reporting trends.

PBIS Fidelity Checklist:
Use observation tool to monitor Tier 1 implementation across classrooms (e.g., posted rules, use of PAWS Bucks, break corner setup).

PAWS Bucks Tracking Logs:
Review quantity and distribution patterns to ensure positive behavior reinforcement is consistent and equitable across classrooms.

Staff Professional Learning Attendance and Feedback Forms:
Track participation in behavior-focused PD and gather feedback to assess shifts in practice and identify ongoing training needs.

Behavior Intervention Plans (BIPs):
Monitor development and implementation of BIPs for students who exceed Level 1 referral thresholds; track response to interventions.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Share the PAWS matrix and Tier 1 behavior expectations with families at the start of the year and after each school break.	
	06/26/2026	Offer family workshops on topics such as positive behavior strategies at home, building routines, and conflict resolution.	Ramapo

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

PBIS Team Members to lead data review, re-teaching campaigns, and incentive planning. Social Worker, Counselor, and Behavior Support Staff to support student reflection, SEL instruction, and intervention planning for students with repeated Level 1 infractions. Parent Coordinator to coordinate family engagement activities and workshops related to behavior and SEL.

Instructional Resources

PBIS Materials such as PAWS Bucks, signage, and classroom visuals to support consistent reinforcement of expectations. SEL Curriculum (e.g., Second Step, Harmony, or DOE SEL lessons) to promote self-regulation and problem-solving skills. Break Corner Materials including fidgets, visual supports, timers, and calm-down tools for all classrooms.

Schedule Adjustments

Dedicated SEL Time during morning meetings or advisory to embed behavior skill-building into the weekly schedule. Monthly PBIS Team Meetings and ILT behavior data reviews built into team planning cycles.

Other Resources Needed

Additional funding for schoolwide celebrations or student incentives to reinforce positive behavior. Access to behavioral data systems such as SWIS and DOE OORS to support regular monitoring. Potential support from CBOs or mental health agencies for small group SEL and family counseling services.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall placement (i-Ready Math Diagnostic, 6/24/25): Out of 337 students, only 139 students (41 %) are on or above grade level (Mid/Above = 23 %; Early-On = 18 %), while 198	Limited differentiation in Tier 1 instruction: Whole-group pacing often does not meet the varied needs of students significantly below grade level.	A priority need is to enhance Tier 1 math instruction by incorporating flexible grouping, scaffolded tasks, and differentiated supports that meet the diverse needs of learners, particularly those performing below grade level.

students (59 %) are at least one grade below expectations —43 % one grade below and 16 % two or more below.		
69% of Grade 2 students and 63% of Grade 1 students scoring below grade level on the June 2025 i-Ready Diagnostic,	Inconsistent development of foundational numeracy skills in the early grades, particularly in number sense, counting, and fact fluency.	A priority need is to strengthen early numeracy instruction in Grades K–2 through consistent schoolwide routines, targeted small-group instruction, and professional learning focused on number sense, fluency, and early math misconceptions to address foundational gaps before they widen.
Overall placement (i-Ready Math Diagnostic, 6/24/25): Out of 94 Current ELL students, only 18 (19%) are on or above grade level, while 76 (81%) are at least one grade below expectations.	ELL students may not receive consistent math instruction that is scaffolded for language acquisition, such as the use of visuals, sentence frames, or bilingual support. Teachers may not have sufficient training in integrating language development into math instruction, which can hinder students from fully accessing grade-level content. Some ELLs may have gaps in foundational numeracy skills due to interrupted or inconsistent schooling in their home country or during recent transitions.	Ensure that core math instruction is scaffolded and language-accessible, with strategies like visuals, sentence frames, and structured math talk routines. Teachers need professional learning on how to integrate language development with content instruction. Expand Tier 2 and Tier 3 math interventions that are tailored to both content and language needs of ELL students. Teachers need support to implement ongoing, formative assessments that help track ELL students' math progress and adjust instruction accordingly. Embed math-specific academic language instruction across all lessons to help students access word problems, directions, and explanations.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	11	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring on or above grade level will Increase by 30 from 11 to 41, for All Students, as measured by i-Ready Math Diagnostic.
English Language Learners (ELL)	0%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of current ELL students scoring on or above grade level will Increase by 25% from 0% to 25%, for English Language Learners (ELL), as measured by i-Ready Math Diagnostic.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Launch a Schoolwide Differentiation Planning Protocol
Grade teams will implement structured planning templates that require teachers to identify learner profiles, group students based on specific needs, and select aligned scaffolds, manipulatives, and discussion strategies.

2. Introduce Math Lab Intervisitations and Live Modeling Cycles
The school will establish a "Math Lab" structure in which teachers observe peer or coach-led model lessons that highlight effective differentiation practices. These sessions will include post-observation debriefs and co-planning opportunities to help teachers apply new strategies in their own classrooms.

3. Targeted Use of Math Formative Data Trackers
Teachers will pilot the use of visual or digital progress monitoring tools to analyze real-time student performance data. These tools will support teachers in making responsive instructional decisions, such as reteaching, regrouping, or extending learning based on students' specific skill development.

Root Cause Addressed:

1. Root Cause: Limited differentiation in Tier 1 instruction
Addressed by:

Schoolwide Differentiation Planning Protocol, which ensures that lesson planning is intentional about grouping, scaffolding, and instructional adaptations.

Math Lab Intervisitations and Modeling, which build teacher capacity to implement differentiation practices effectively in real classrooms.

2. Root Cause: Inconsistent use of real-time formative assessment to guide instruction
Addressed by:

Targeted Use of Math Formative Data Trackers, which help teachers make responsive, data-driven instructional decisions and adjust grouping or supports as needed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and introduce a standardized lesson planning template focused on grouping, scaffolds, and differentiation strategies. Facilitate a professional development session to train teachers on how to use the protocol effectively. Embed time in grade team meetings for teachers to co-plan using the protocol, with support from coaches and administrators. Review and provide feedback on lesson plans during biweekly check-ins to ensure alignment and implementation fidelity.
Identify and schedule lab classrooms where strong differentiation practices can be modeled. Create a cycle for teachers to participate in observations, debriefs, and planning sessions (e.g., once per unit or quarter). Partner teachers with coaches or peers to support strategy transfer from observed lessons into their own practice. Collect teacher reflections and track implementation evidence through follow-up classroom visits or planning artifacts.
Select or design a simple, visual formative data tracker aligned to priority math standards or skills. Train teachers on how to collect, interpret, and respond to formative data during instruction. Pilot tracker use in one grade per cohort, then scale based on feedback and success. Integrate tracker discussions into data meetings to support regrouping and instructional decision-making.

Key Strategy 2 (Optional):

Key Strategies to Improve Math Outcomes for ELL Students
1. Strengthen Language-Responsive Tier 1 Math Instruction
Provide ongoing professional learning for teachers on how to integrate academic language supports into math instruction (e.g., sentence frames, visuals, modeling mathematical discourse).

Embed cross-disciplinary language routines like Notice & Wonder and Compare & Contrast to help students engage with math content using familiar structures from ELA.

Use co-teaching and push-in ENL support to model and reinforce math talk routines and vocabulary development.

2. Implement Targeted, Language-Supportive Math Interventions
Identify ELL students in need of Tier 2 and Tier 3 support using i-Ready and classroom data.

Provide math intervention groups using programs or teacher-designed materials that incorporate language scaffolds and bilingual resources where possible.

3. Build Teacher Capacity to Use Formative Assessment for ELLs

Train teachers in formative assessment strategies that are ELL-inclusive, such as math journals, annotated visuals, and exit tickets with sentence stems.

Use data protocols in grade team meetings to monitor ELL student progress and adjust instruction responsively.

4. Embed Math Academic Language Across All Content Areas
Develop and post math language word walls and anchor charts in all classrooms, including translations where appropriate.

Promote the use of graphic organizers, manipulatives, and student-led explanations to reinforce vocabulary and conceptual understanding.

Root Cause Addressed:

1. Limited Access to Language-Supported Math Instruction

2. Inadequate Differentiation in Core Math Instruction

3. Lack of Tailored Math Interventions for ELLs

4. Insufficient Focus on Math Academic Language

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate monthly professional learning sessions focused on integrating language supports (e.g., visuals, sentence frames, academic discourse) into math.
Provide in-class coaching or intervisitation opportunities where teachers can observe effective math instruction for ELLs.
Ensure all interventions incorporate scaffolds, such as visual supports, manipulatives, and bilingual resources where appropriate.
Track progress quarterly using i-Ready, classroom-based assessments, and teacher-created tasks to adjust instruction.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure progress toward the goal of improving differentiated Tier 1 math instruction, the school will use the following structures and evidence to monitor the implementation and effectiveness of key strategies:

Primary Monitoring Structures:
1. Instructional Walkthroughs and Classroom Observations

Conduct regular walkthroughs using a schoolwide differentiation look-for tool aligned to the planning protocol.

Collect qualitative data on grouping practices, scaffolds, student engagement, and use of manipulatives.

2. Lesson Plan Reviews and Grade Team Check-Ins

Review lesson plans biweekly for alignment with the differentiation planning protocol.

Monitor inclusion of intentional grouping, specific scaffolds, and strategies to support below-grade-level learners.

Use collaborative planning minutes and planning artifacts as evidence.

3. Math Lab Participation Logs and Reflection Tools

Track teacher attendance in Math Lab cycles and collect reflection sheets that document takeaways and next steps.

Follow up with teachers to assess transfer of observed strategies into their own instruction.

4. Formative Data Tracker Reviews

Monitor usage of math formative data trackers across pilot grades, including frequency and accuracy of updates.

Use tracker data during data meetings to analyze student progress and inform regrouping and reteaching decisions.

Student Achievement and Growth Metrics

Compare beginning-of-year and end-of-year i-Ready Diagnostic placement data to measure changes in the percentage of students performing below grade level.

Track lesson pass rates and time-on-task in i-Ready Personalized Instruction as additional indicators of instructional impact.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	06/24/2026	1. Host Family Math Nights Focused on At-Home Strategies Families will be invited to interactive workshops where they learn simple, high-impact strategies—such as math games, number talks, and everyday problem-solving—to support their child's numeracy development at home. Materials will be provided in multiple languages to ensure accessibility. 2. Share Individual Student Math Progress Through Family-Friendly Data Reports Using i-Ready reports and classroom data trackers, teachers will send home quarterly progress summaries that explain a student's current performance level, growth targets, and how families can support at home. These updates will be paired with goal-setting conversations during parent-teacher conferences.	Teaching Matters

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Coaches: To support professional learning, lead Math Lab cycles, and facilitate planning protocol feedback loops. Grade Team Leaders: To guide weekly planning and data meetings using the differentiation protocol and formative data trackers.

Instructional Resources

i-Ready for Mathematics Used for diagnostic assessments, personalized learning paths, and formative data to guide differentiation. HMH Into Math Core curriculum providing access to conceptually rich math tasks and scaffolds aligned to grade-level standards. Teacher-Created or School-Designed Differentiation Planning Templates and Data Trackers New tools to structure instructional planning and progress monitoring in real time.

Schedule Adjustments

Dedicated Weekly Grade Team Planning Time Used for co-planning using the differentiation protocol and reviewing formative data. Scheduled Math Lab Intervisitations Covered by enrichment teachers or push-in staff to allow teachers to observe and debrief model lessons.

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Difficulty getting parents to activate their Kids Rise Save for College Accounts	Parents conceptually unaware of college as a driver of financial security	Outreach to parents to activate Kids Rise accounts

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50	PS 76 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students in Kindergarten will Increase by 50 from 0 to 50 as measured by Kids Rise enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase parent engagement and empowerment	Sign-in sheets from Family Friday events (monthly)	Inability to leave work/lack of interest

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	78	PS 76 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the the number of parents who attend Family Friday events will increase by 17 (from 78 to 95) as measured by Family Friday Sign-in Sheets.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
49% of students (198 out of 403) are identified as chronically absent, meaning they have missed 10% or more of the school year.	Families may not fully understand the impact of chronic absenteeism on student success or may face language or trust barriers that prevent consistent school communication.	Provide regular updates to families about the importance of attendance and how they can partner with the school to improve it.
63% of Black students (93 out of 147) are chronically absent, a rate that is 14 percentage points higher than the overall school rate.	Many students may face housing instability, lack of access to transportation, or responsibilities such as sibling care that interfere with regular attendance.	Connect chronically absent students to community-based services that address barriers such as transportation, health care, mental health, housing insecurity, or food insecurity.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	63	By June, 2026, the Percentage of Chronically Absent Students for Black Students will increase by 50%, from 63 to 32, as measured by the Insight Chronic Absenteeism Reports.
All Students	198	By June, 2026, the Chronic Absenteeism Rate for All Students will decrease by 40%, from 198 to 120, as measured by the Chronic Absenteeism Reports from Insight Beta.
English Language Learners (ELL)	30	By June, 2026, the Chronic Absenteeism Rate for English Language Learners (ELL) will decrease by 50%, from 30 to 15, as measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. Strengthen Tier 1 Attendance Systems and Early Intervention

Implement a consistent schoolwide attendance protocol with early warning flags, daily monitoring, and tiered follow-up actions.

Assign Attendance Point People (e.g., guidance counselors, teachers, social worker) to monitor and follow up with at-risk Black students weekly.

2. Launch Culturally Responsive Family Engagement Initiatives

Host listening sessions and family roundtables specifically for Black families to gather input, build trust, and identify barriers to attendance.

Partner with trusted community organizations and faith-based groups to connect with families and offer support/resources.

3. Develop Student Belonging and Motivation Campaigns

Implement student-led initiatives (e.g., attendance ambassadors, peer shout-outs, “on-time” challenges) that highlight belonging and representation.

Ensure Black students see themselves reflected in the curriculum and celebrated in school-wide recognitions.

4. Connect Students and Families to Wraparound Supports

Offer targeted supports such as home visits, check-ins, and referrals to community-based services for families struggling with housing, childcare, or health issues.

Use Title I or grant funding to provide resources like alarm clocks, MetroCards, or uniforms to reduce attendance barriers.

5. Monitor and Respond with Real-Time Attendance Data

Disaggregate attendance data weekly by race/ethnicity and grade level to track progress and identify emerging trends.

Use attendance dashboards and student success meetings to adjust interventions in real time.

Root Cause Addressed:

Strengthen Tier 1 Attendance Systems and Early Intervention

Launch Culturally Responsive Family Engagement Initiatives

External barriers such as housing instability, childcare, or health concerns

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Assign an adult point person to each chronically absent Black student for weekly check-ins and follow-ups.
Host quarterly listening sessions or “Family Voice Circles” specifically for Black families to discuss attendance barriers and co-develop solutions.
Partner with community-based organizations, churches, and cultural groups to extend outreach and provide culturally affirming support.
Develop classroom-based incentive systems tied to attendance (e.g., shout-outs, participation raffles).
Coordinate with the Parent Coordinator and school social worker to identify families experiencing barriers (e.g., housing, illness, transportation).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance Team Meetings (Biweekly):
Use Insight Dashboard data to review trends by subgroup (e.g., race, grade), identify at-risk students, and adjust interventions.

Family Engagement Logs & Surveys:
Monitor participation in family outreach events, listening sessions, and one-on-one support contacts to assess engagement and responsiveness.

Progress Monitoring for Assigned Student Supports:
Maintain intervention logs tracking check-ins, home visits, and referrals for students with chronic absenteeism.

Administrative Walkthroughs & Classroom Attendance Trackers:
Observe and review how attendance is promoted and monitored within classrooms (e.g., daily incentives, recognition routines, morning meetings).

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Organize quarterly family roundtables or listening sessions specifically for Black families to share concerns, build trust, and co-design solutions around attendance.	
09/01/2025	06/26/2026	Invite community representatives to co-facilitate family events or lead workshops on parenting, student motivation, or accessing services.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team (admin, guidance counselor, social worker, teacher reps) to analyze data and coordinate student-specific interventions. Parent Coordinator to lead culturally responsive family outreach and event coordination. School Social Worker & School Counselor to conduct home visits, support SEL needs, and coordinate mental health referrals.

Instructional Resources

Insight School Dashboard to track real-time, disaggregated attendance data and monitor chronic absenteeism rates by subgroup. TalkingPoints & ClassDojo for two-way family communication in multiple languages. Attendance Toolkit including student reflection sheets, behavior contracts, and incentive logs. PAWS Bucks/Positive Behavior Program to integrate daily attendance and engagement rewards.

Schedule Adjustments

Protected time for weekly Attendance Team meetings to review student progress and adjust plans. Designated time for home visits and family outreach conducted by social workers or support staff.

Other Resources Needed

Incentives for students (e.g., school supplies, snacks, certificates). MetroCards, uniforms, alarm clocks for families in need. Materials for family engagement events (e.g., food, supplies, flyers).

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Data Trend: Only 10% of all IEPs reviewed at PS 76Q in the 2024–2025 school year	Limited Awareness of IEP Team Responsibilities: IEP team members may not fully understand that recommending training or support for school staff is a permissible and encouraged	IEP Development

included recommendations for supports or training for school personnel on behalf of the student. This indicates a significant gap in planning for staff development and capacity-building to effectively implement student IEPs. Source: IEP Review Dashboard, generated June 23, 2025	practice within the IEP process to ensure student success. Lack of Systems to Identify Staff Training Needs: There may be no formal mechanism for identifying or documenting when teachers, paraprofessionals, or service providers require professional learning tied to specific student needs.	and Fidelity of Implementation
N/A	N/A	Transition Planning and Compliance
Data Trend: The rate of initial referrals for special education evaluations at PS 76Q has increased significantly over time. Specifically, the referral rate rose from 5.1% in 2022–2023 to 9.1% in 2024–2025, nearly doubling over a three-year span. Source: District Initial Referral Rate Report, generated June 2025	Inconsistent Tier 1 Instruction and Intervention: General education instruction may not be sufficiently differentiated to meet the diverse academic and behavioral needs of all students, leading to an over-reliance on special education referrals. Limited Implementation of MTSS (Multi-Tiered System of Supports): There may be a lack of systematic Tier 2 and Tier 3 interventions with progress monitoring before referring students for evaluation, causing students to be prematurely referred for special education. Increased Awareness or Misunderstanding of the Referral Process: Staff may have a heightened awareness of the referral process but lack clarity on when it's appropriate to initiate, resulting in more referrals without fully exhausting prior interventions.	Referral Process and Equity
Data Trend: Students with IEPs are referred at a higher rate than their non-IEP peers. Specifically, 39% of students with IEPs have at least one referral, compared to 29% of students without IEPs. Source: SWIS Equity Report, generated June 24, 2025	Potential Root Causes: The higher referral rate for students with IEPs may be attributed to several factors. Some staff may lack consistent training in differentiating behavior supports and implementing IEP accommodations with fidelity. Additionally, there may be gaps in professional development around trauma-informed practices and strategies for managing challenging behaviors. In some cases, staff may rely on referrals as a primary response to behavior rather than utilizing tiered interventions or reteaching expectations, leading to a disproportional impact on students with disabilities.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	39	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve disproportionality in behavior referrals between students with and without IEPs by a 10 Decrease, from 39 to 29, as measured by the SWIS Equity Report.
All Students	9.1%	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, we will decrease unnecessary or premature special education referrals by ensuring that all students first receive high-quality, differentiated Tier 1 instruction and appropriate Tier 2/3 interventions. by a 4.1% Decrease, from 9.1% to 5%, as measured by District Initial Referral Rate Report.
Students with Disabilities (SWD)	10%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Increase the percentage of IEPs at PS 76Q that include recommendations for supports or training for school personnel by a 40% Increase, from 10% to 50%, as measured by IEP Review Dashboard.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

5

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Strengthen the school's MTSS and IEP implementation systems by providing targeted professional development, establishing consistent protocols for behavior supports and referral decision-making, and embedding staff capacity-building (e.g., training recommendations within IEPs) into both instructional and IEP team practices. This strategy will ensure all students receive high-quality instruction, timely interventions, and that staff are equipped to meet diverse learner needs.

Root Cause Addressed:

Inconsistent Implementation of MTSS:
Teachers may lack a shared understanding of how to deliver Tier 1, 2, and 3 supports, leading to premature referrals for special education and missed intervention opportunities.

Limited Staff Capacity to Address Diverse Needs:
IEPs often fail to include training recommendations, reflecting a broader issue where staff may not have the tools, strategies, or support to effectively implement individualized supports.

Lack of Structured, Preventative Behavior Systems:
Disproportionality in behavior referrals may stem from inconsistent classroom management practices, limited access to de-escalation techniques, and absence of proactive, schoolwide behavior supports.

Disconnect Between IEP Content and Instructional Practice:
Annual goals, services, and supports outlined in IEPs may not align with actual classroom practices due to vague planning or lack of training on how to implement them.

Underutilization of Data in Decision-Making:
Without consistent use of data protocols, teams may make high-stakes decisions (e.g., referrals, service recommendations) without full consideration of student progress or needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide training for all instructional and support staff on MTSS tiers, referral protocols, progress monitoring tools, and evidence-based intervention strategies. Ensure Tier 1 instruction is differentiated and aligned with students' needs.
Update IEP team procedures to include a mandatory review of staff training/support needs, ensuring

recommendations for personnel development are considered and documented in SESIS when appropriate.
Train staff on proactive behavior supports, de-escalation strategies, and behavior data collection. Ensure that FBA/BIP processes are timely and that behavioral supports are documented and implemented with fidelity.
Before initiating a special education referral, require that documented Tier 1 and Tier 2 interventions are reviewed by the pupil personnel team. Use a standardized checklist to ensure fidelity of interventions prior to referral.
Create structures (e.g., data teams, case studies) for monthly analysis of student academic, behavioral, and IEP data (e.g., SWIS, referral rates, IEP content audits). Use these findings to inform next steps and identify staff training needs.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure fidelity and effectiveness of the key strategy and associated action steps, PS 76Q will use the following structures and data sources to monitor implementation and impact:

Primary Monitoring Structures:

School Implementation Team Meetings: Monthly review of student referral data, SWIS behavior data, and IEP quality indicators to assess progress toward goals and inform next steps.

MTSS Team Meetings: Bi-weekly meetings to track Tier 2/3 intervention implementation, analyze student progress

data, and review pre-referral documentation.

IEP Quality Review Cycles: Quarterly internal audits of IEPs to examine inclusion of training recommendations, alignment between goals and services, and adherence to compliance expectations using DOE IEP Review rubrics.

Professional Learning Feedback and Attendance Logs: Used to ensure that all staff receive relevant training aligned to the MTSS framework and IEP implementation needs.

Progress Monitoring Data:

SWIS Equity Report: Used to track reductions in disproportionality of behavior referrals between students with and without IEPs.

District Initial Referral Rate Report: Used to monitor changes in the percentage of initial special education referrals.

IEP Review Dashboard: Used to assess growth in the percentage of IEPs that include staff training recommendations and to review alignment of services, goals, and PLOPs.

Student Progress Data: Intervention logs, progress monitoring checklists, and assessment data (i-Ready, teacher-made assessments) will be reviewed to gauge student response to Tier 1–3 supports.

SESIS Documentation: Audits of SESIS for BIP implementation, FBA documentation, and evidence of training recommendations will support evaluation of procedural fidelity.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Teachers and related service providers will provide quarterly IEP progress reports that are aligned to the measurable annual goals in the IEP and distributed with report cards.	
09/01/2025	06/26/2026	Families are notified in advance of IEP meetings with a summary of agenda items and a parent input survey to be completed prior to the meeting.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Intervention Teacher to oversee MTSS implementation, IEP quality review cycles, and facilitate professional development on IEP best practices.

Instructional Resources

Intervention programs such as i-Ready, SPIRE, Heggerty, and Fundations for differentiated literacy and math instruction.

Schedule Adjustments

Dedicated MTSS team meeting blocks to review intervention data and determine next steps for students at risk of referral.

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Below benchmark in mClass	SPIRE	Small group	During School	No
Tier 2	Below benchmark in mClass	Fundations	Small group	During School	No
Tier 2	Below benchmark in iReady	i-Ready	Small group	During School	Yes
Tier 3	Below Benchmark in in SPIRE assessments	SPIRE	One-to-one	During School	No
Tier 2	Below benchmark in Acadience	Sound Sensible	Small group	During School	No
Tier 3	Below benchmark in iReady	Do The Math	One-to-one	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	More than 3 SWIS Referrals within a month	Check-In/Check-Out	One-to-one 5 minutes at arrival and at dismissal	During	Yes
Tier 2	More than 3 SWIS Referrals within a month	At-Risk Counseling/Social Group	Small group	During	Yes
Tier 3	More than 3 SWIS Referrals within a month and receiving Tier 2 supports	FBA/BIP	One-to-one	During	Yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 76Q, the school actively works to engage families as partners in the Multi-Tiered System of Supports (MTSS) by providing clear, consistent communication about the essential components of the framework and how it supports student success.

1. Parent-Teacher Conferences and Progress Updates
During parent-teacher conferences, teachers explain where the child is within the MTSS framework and share assessment data, intervention plans, and progress monitoring results. This allows families to understand how their child is being supported and what steps are being taken to meet their needs.

2. Family Workshops and Information Sessions
Throughout the year, the school hosts workshops (in-person and virtual) to help families understand how MTSS works, how interventions are chosen, and how they can support learning and behavior at home. Topics include literacy strategies, math fluency, executive functioning, and positive behavior supports.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 interventions at PS 76Q are kept informed through structured, ongoing communication that emphasizes clarity, collaboration, and transparency.

1. Check-Ins via Phone, Email, or Messaging Platforms
Teachers and interventionists maintain regular contact with families through Remind, phone calls, or email. These informal check-ins provide quick updates on student progress, attendance, engagement, and next steps.

2. Family Involvement in Progress Review Meetings
For Tier 3 interventions, families are invited to attend review meetings at least once per cycle (every 6–8 weeks) to discuss intervention effectiveness, any needed adjustments, and possible referrals for additional support (e.g., special education evaluation, counseling).

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

During Tier 3 planning, families collaborate with teachers, interventionists, and support staff to co-develop targeted intervention goals. Input from families is used to tailor interventions to the student's unique needs, including cultural and linguistic considerations, interests, and social-emotional factors.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Data from ATS on June 2025 -

Doubled up: 12
Living in a shelter or transitional shelter: 154
Living in a hotel/motel: 6

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After conducting a thorough analysis of historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH) population, several key trends have emerged.

1. **Demographic Trends**: Our data indicates that the STH population has been steadily increasing over the past few years. A significant proportion of these students come from diverse cultural and linguistic backgrounds, necessitating culturally responsive teaching practices and language support services.

2. **Attendance Trends**: The attendance data reveals that STH students have higher rates of absenteeism compared to their peers. This trend highlights the need for targeted interventions to address barriers to consistent school attendance, such as transportation challenges and family instability.

3. **Achievement Trends**: Academic performance data shows that STH students often lag behind their peers in key areas such as literacy and math. This trend underscores the importance of providing robust academic support both during and after school hours.

To address these trends, we have implemented several strategies to support our STH population:

- **In-School Academic Support**: We provide targeted academic help during school hours through small group instruction and individualized support. Teachers are equipped with resources and training to address the unique needs of STH students, ensuring they receive the attention and instruction required to close achievement gaps.

- **After-School Tutoring**: Recognizing the need for additional academic support, we offer after-school tutoring programs specifically designed for STH students. These programs provide a safe and structured environment where students can receive help with homework, reinforce their learning, and build essential skills.

- **Attendance Interventions**: To combat high absenteeism rates, we have established attendance monitoring systems and partnered with community organizations to offer transportation assistance and family support services. These efforts aim to reduce barriers to regular attendance and ensure students can consistently engage in their education.

Utilizing the STH Title I Survey was instrumental in selecting services aligned to the specific needs of our STH population. The survey provided valuable insights into the unique challenges and needs of these students and their families. Based on the survey results, we prioritized services such as:

- **Academic Tutoring and Enrichment**: Emphasizing the need for both in-school and after-school academic support to address learning gaps and reinforce classroom instruction.
- **Family Support Services**: Offering resources and assistance to help families navigate housing instability, access transportation, and connect with community resources.
- **Social-Emotional Support**: Providing counseling and mental health services to address the emotional and psychological needs of STH students, fostering a supportive and inclusive school environment.

By leveraging the data and insights from the STH Title I Survey, we have been able to implement targeted, evidence-based interventions that address the specific needs of our STH population, ultimately supporting their academic success and overall well-being.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Access to Clothing and Shoes: Recognizing the importance of proper attire, especially during winter, we provide access to clothes and shoes for STH students. This includes warm winter clothing, ensuring students are comfortable and prepared for all weather conditions.

School Supplies: We supply a full range of school supplies to ensure that STH students have all the necessary materials for their educational activities. This eliminates any barriers to participation in classroom learning and supports their academic engagement.

Groceries: To address food insecurity, we offer groceries to STH families. This ensures that students have access to nutritious meals, which is crucial for their health and ability to focus on their studies.

At-Risk Counseling: For students who need additional emotional and psychological support, we provide at-risk counseling services. These services help students navigate the challenges they face and support their mental well-being.
Transportation Assistance**: We offer bussing or MetroCards to ensure that transportation is not a barrier to attendance. This service helps maintain consistent school attendance, which is critical for academic success.

DOE Resources and Additional Support:

In addition to the above services, we leverage the following resources provided by the Department of Education (DOE):

Language Support: If families need to receive school information in another language, they can notify the school's principal or parent coordinator. Alternatively, they can contact the DOE at 718-935-2013 or email hello@schools.nyc.gov.

After-School and Enrichment Programs: For those seeking after-school or enrichment programs, the DiscoverDYCD website is an excellent resource. Families can search for services based on type, location, and age, including housing, family support, and immigration services.

Homework Help and Tutoring: Free support and tutoring are available through Dial-A-Teacher and the New York Public Library. These resources provide essential academic assistance to help students with their homework and reinforce their learning.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of the 2024–2025 school year, PS 76Q currently has one student enrolled who is in foster care.

Social-Emotional Supports Available:
Dedicated School Counselor: The student meets regularly with the school counselor for check-ins, goal setting, and emotional support.

Social-Emotional Supports Available:
Dedicated School Counselor: The student meets regularly with the school counselor for check-ins, goal setting, and emotional support.

SEL Opportunities: The student is invited to participate in sessions focusing on emotional regulation, resilience, and peer relationships, if appropriate.

Academic Supports Available:
Immediate Enrollment and Transfer of Records: The student was enrolled without delay, and all relevant academic records were requested and received promptly to ensure instructional continuity.

Academic Supports Available:
Immediate Enrollment and Transfer of Records: The student was enrolled without delay, and all relevant academic records were requested and received promptly to ensure instructional continuity.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Targeted Supports for Students in Foster Care:
1. Immediate Enrollment & Orientation
Students are enrolled without delay, even if records are not immediately available.

Upon enrollment, a staff member (typically the guidance counselor or social worker) meets with the student and caregiver to welcome them, explain available services, and provide a school orientation.

2. Point Person Assignment
Each student in foster care is assigned a primary contact (school counselor or social worker) who serves as their ongoing advocate within the school.

This staff member facilitates communication with the foster care agency, monitors progress, and coordinates supports.

3. Academic Interventions
Students receive targeted academic supports based on current performance, including:

i-Ready intervention pathways

Access to small group instruction

Progress is monitored, and interventions are adjusted based on data.

4. Social-Emotional Support Services

SEL programming includes access to:

Sessions focused on coping skills, self-regulation, and relationship-building

Crisis support and access to calming spaces when needed

Inclusion in PBIS recognition programs and school community events to foster belonging

5. Family and Agency Collaboration
The school maintains regular contact with foster care agencies to align on student needs, services, and attendance.

Caseworkers are invited to IEP meetings (if applicable), parent-teacher conferences, and support team meetings.

The Parent Coordinator offers assistance in navigating DOE systems and provides resources as needed.

6. Transportation Support
If remaining at PS 76Q is in the student's best interest, the school works with the DOE's Office of Pupil Transportation and foster care agency to ensure timely and safe transportation arrangements.

How PS 76Q Ensures Stability and Success:
Data-Driven Support Monitoring: Attendance, academic progress, and behavioral data are reviewed monthly to identify emerging needs and track stability.

Team-Based Approach: The school counselor, social worker, and AP meet regularly to review the status of any students in foster care and ensure a coordinated plan is in place.

Inclusive Practices: Students are included in leadership opportunities, clubs, and celebrations to reinforce positive identity and engagement with the school community.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Emerging Trends:
At PS 76Q, we currently have one student in foster care enrolled as of June 2025. After reviewing this student's attendance data, the following trends and insights have emerged:

1. High Frequency of Lateness Over Absences
Since enrollment, the student has had 4 absences but 17 instances of lateness, indicating a consistent pattern of difficulty arriving on time, rather than avoiding school altogether.

This trend suggests underlying logistical or emotional barriers tied to morning routines or transportation.

2. Morning Disruptions May Impact Academic Access
Frequent lateness likely results in missed morning routines or instruction (e.g., phonics, morning meeting), limiting access to foundational academic and social-emotional learning opportunities.

These missed moments can affect both academic readiness and the student's ability to build relationships and routines in class.

3. Potential Signals of Transitional Instability
As a newly enrolled student in foster care, the lateness pattern may reflect instability or stress related to home placement, adjustment to a new environment, or lack of consistent adult support in the morning.

How These Insights Can Be Used to Improve Support:
? Establish Consistent Morning Arrival Support
Assign a designated staff member to greet the student daily and assist with transitioning into the classroom calmly and confidently.

Provide a daily check-in/check-out system that builds routine and offers positive reinforcement for on-time arrival.

? Partner with Caregivers and Agencies
Coordinate with the foster parent and caseworker to explore and resolve root causes of lateness, including transportation delays, morning routines, or scheduling conflicts.

Maintain regular contact and share weekly attendance updates to foster collaboration.

? Track and Address Missed Instruction
Teachers should monitor the academic impact of missed instructional time, especially in core subjects like reading and math.

Provide targeted re-teaching or scaffolding to address learning gaps caused by late arrivals.

? Use Incentives to Encourage On-Time Arrival
Incorporate the student into schoolwide PBIS incentives (e.g., PAWS Bucks), and consider individualized rewards for improved punctuality.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Targeted SEL Strategies for Students in Foster Care

1. Assigned Adult Mentor and Daily Check-Ins
Every student in foster care is paired with a dedicated mentor (social worker, guidance counselor, or trusted staff member).

These adults conduct daily or weekly check-ins, offering consistency, a safe space for expression, and emotional regulation tools.

2. Restorative Practices and Calming Spaces

Students have access to break corners or calming spaces within the classroom or with a trusted adult.

3.Integration into Recognition and Leadership Programs
Students in foster care are intentionally included in schoolwide programs such as:

--PAWS Bucks (PBIS incentive system)

--Classroom jobs or leadership roles

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. PS 76 aims to continuously message expectations for meaningful parent and family engagement in the school community. Our school, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), aims to strengthen the connection and support of student achievement between the school and the families by focusing on tight home-school communication. Teachers and paras take advantage of contractual time to converse with parents, using messaging, email, phone calls and face-to-face meetings (in person and virtual). Attention is given to making sure parents know what is being taught and how their child is doing with both the general curriculum and with academic intervention progress monitoring. PS 76's approach to parent engagement equally prioritized feedback to parents on their child's social-emotional learning. Parents are kept informed of informed of short- and long-term planning by actively involving them in decision-making during PTA meetings, Family Friday

Debriefs with Principal Miller, SLT, and abundant information sent by the Parent Coordinator. Parents are encouraged to actively participate formally on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council and informally by simply making their voice heard at meetings or via email or face-to-face communication with school staff.

Support for Parents and Family Members of Title I Students

PS 76 - The William Hallet School supports parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;
- CBO Jacob Riis runs an after school academic, sports and arts program that allows parents to keep working until 5:30 PM five days a week

Parental Involvement and School Quality

PS 76's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent-Teacher Association, as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and

families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.
- Parents parents have been empowered to volunteer in the school. A group of volunteers, for example, help with late passes in the morning and walk young students to class, and assist with fundraising and translation in the office for new student registration and other tasks. Parents on the Title I Parent Advisory Committee last year helped allocate funding for intervention materials and choose a culturally responsive read aloud (Born on the Water - a lyrical picture book in verse from the 1916 Project) that each class from K-5 read aloud as part of their socially just units of study.

Encouraging School-Level Parental Involvement

PS 76 will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- offering adult English as a Second Language classes (beginning and intermediate)
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 76, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned with Next Generation Learning Standards;
- offering high quality instruction in all content areas - this includes a revamped core curriculum, which prioritizes phonics and phonemic awareness in the lower grades, and an added set-aside Acceleration block 4 day per week in which every student receives targeted intervention or enrichment in ELA and math.
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;
- messaging, phone calls, and email blasts to help parents stay up-to-date with school events and opportunities
- school website (www.ps76q.org) with staff contact info and numerous other resources, including policies, supply lists, SLT and PTA dates and links, etc.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family

Engagement Policy and this Compact;

- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Extensive PD is slated for intervention instruction focused on fluency and comprehension.

Our school-wide instructional focus will be on vocabulary instruction, so ongoing cycles of PD and impact monitoring are slated for the entire year.

We expect to revisit Math Talk Moves and other math routines in PD, and may schedule PD around how to teach specific standards depending on beginning-of-year screening data.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

All 3K and PK curricula are aligned to K-5 standards. 3K and PK will take part in all ULit PDs related to discussion, phonics and phonological awareness. 3K and PK parents will be invited to all ELA and math parent workshops. All PK assessment data is shared with K teachers.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$242,499	X	5C
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	$47,255	X	5C
Title III, Part A	Federal	$22,278	X	5C
Title III, Immigrant				
Title IV, Part A	Federal	$13,749	X	5C
Tax Levy (Fair Student	Local	$3,346,895	X	TB5C, 6

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Timothy Miller
Assistant Principal (Where Applicable)*	Fred Acquavita
English as a New Language (ENL) Teacher*	Sara Soliman
Teacher (if school has a bilingual program must be a bilingual teacher)*	Marisela Malcolm
Parent/Guardian*	Amanda Guzman
Teacher	Hyejin Rhee
Parent Coordinator	
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

6

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

3

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

NA

Total number of teachers with LOTE certification providing World Language instruction:

NA

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

NA

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

348

Total number and percentage (%) of current ELLs:

102, 29.3%

Total number and percentage (%) of former ELLs:

23, 6.6%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

101, 99.0%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

1, 1%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0, 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2, 2%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

12, 11.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2016-2017	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-Alone ENL is a separate time devoted to English language acquisition and development. Stand-alone instruction is provided by an NYS certified ENL teacher to meet the language needs for success in core content areas (ELA, Social Studies, Science, or Mathematics). The required amount of stand-alone ENL depends on the student's proficiency. ELLs identified as "Entering" will receive 180 minutes of stand-alone instruction, "Emerging" ELLs will receive 90 minutes, and "Transitioning" students can receive 90 minutes of their flexible time in stand-alone instruction. ENL teachers, in collaboration with classroom teachers, also use the NYSESLAT to determine the instructional needs of students.

In stand-alone ENL instruction, the ENL teacher will either push in to the classroom or pull out ELLs from the classroom to provide heterogeneous small group instruction for students of the same grade level focused on building language proficiency. The emphasis is on preparing students for the content area instruction they will receive from their classroom teacher by focusing on the fundamental of the English language and giving students the prior knowledge necessary to experience success. Stand-alone ENL instruction will provide students opportunities and support necessary to increase their Basic Interpersonal Communication Skills while building on their Cognitive Academic Language, which allow them to meet the goals set forth by the Next Generation Learning Standards.

The remaining ENL programming time is provided to students through Integrated English as a New Language (ENL) instruction.

Integrated ENL:

English as a New Language (ENL) Students receiving Integrated ENL/ELA instruction will be taught collaboratively by a common branch K-6 teacher and a TESOL certified teacher or by an individual teacher who holds both common branch and TESOL certifications. The allotted programming time for Integrated ENL/ELA depends on the student's language proficiency. ELLs identified as "Entering" and "Emerging" will receive 180 minutes of Integrated ENL/ELA. Students who are "Transitioning" will receive 90 minutes of integrated ENL/ELA. Students who are "Expanding" will receive 180 minutes of integrated ENL/ELA or other content areas of instruction. Students who are considered "Commanding" within the last two years will also receive a total of 90 minutes of ENL focused small group instruction in collaboration between their classroom teachers and the ENL teacher.

Our ELL and FELL students receive content area instruction by their classroom or cluster teacher, with support from the ENL teacher. These teachers collaborate to discuss how to implement instruction to meet the needs of the F/ELLs and provide the best strategies and practices. These strategies include visual vocabulary review and expansion, technological support, and small group instruction. The ENL teacher pushes into the classroom instruction through side-by-side teaching, parallel teaching, or through focused small group instruction during workshop time. These groupings can be homogenous or heterogeneous. Through all of the above strategies and

teaching models, teachers are working together to provide students opportunities and support necessary to increase their Basic Interpersonal Communication Skills while building on their Cognitive Academic Language, which allow them to meet the goals set forth by the Next Generation Learning Standards. ENL teachers, in collaboration with classroom teachers, also use the NYSESLAT to determine the instructional needs of students.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our school offers a Dual Language (DL) program in Spanish in all grades from Pre-K through 5th. The classes are designed to continue developing students' home language, as well as English language skills, throughout their years at PS76. Each class is comprised of approximately 50% students whose home language is Spanish and 50% students whose home language is English. The teacher provides instruction in both English and Spanish in all content areas. The class is another way for ELLs to receive ENL services as it is designed to develop the four modalities of language in both English and Spanish. Students in the DL program will develop new language skills, learn academic subject in two languages, and share culture. When ELLs reach proficiency on the NYSESLAT, they are still encouraged to remain in the DL program to continue their journey in bilingualism, biliteracy, and biculturalism.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

ENL, ELA, and HLA instructional minutes are appropriately delivered in each program model and meet the mandated number of minutes according to students' proficiency level. To ensure mandated minutes are delivered to the student, all involved teachers are informed of students' proficiency levels and mandates. A schedule is then created and entered into STARS to meet the mandates of all students' instructional minutes in ENL, ELA, and HLA.

Students identified as "Entering" will receive a total of 360 minutes per week broken down into two types – 180 minutes of stand-alone ENL with an ENL pedagogue and 180 minutes of integrated ENL/ELA. Students who are "Emerging" will receive a total of 360 minutes of ENL per week. These students will receive 180 minutes of integrated ENL/ELA, 90 minutes of stand-alone ENL, and an additional 90 minutes of either stand-alone ENL or integrated ENL with ELA or another content area. Students who are "Transitioning" will receive 180 minutes of ENL total, consisting of 90 minutes integrated ENL/ELA and 90 minutes of either stand-alone ENL or integrated ENL/ELA. Students who are "Expanding" will also receive 180 ENL minutes per week. They will receive 180 minutes of integrated ENL/ELA or another content area of instruction. Students who are considered "Commanding" within the last two years will also receive ENL services through alternate pathways. This means that Commanding students will receive targeted small group instruction in their classrooms embedded into the class ELA blocks. The small group instruction will be designed to specifically support the students' continuing language development. This instruction is designed in collaboration between the classroom teachers and the ENL teacher. Students who are in the Dual Language (DL) program receive HLA instruction as part of their daily academic instruction throughout all proficiency levels.

Students receiving stand-alone instruction are taught by a TESOL certified teacher. Students receiving integrated ENL/ELA instruction will be taught collaboratively by a common branch K-6 teacher with an TESOL certified teacher or by an individual teacher with both certifications.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the ENL model, students receive integrated ENL/ELA instruction in multiple ways - either in the classroom in collaboration with a common branch certified teacher and a TESOL certified teacher or by an individual teacher with both certifications. Students at Entering and Emerging levels will also receive stand-alone ENL instruction by a TESOL certified teacher. This instruction will take place in stand alone heterogeneous leveled groups focusing on ELA content area skills with scaffolds that help ELLs access the material. Commanding level students receive targeted small group instruction to further support their language development with material that is planned in collaboration between the ENL teacher and the classroom teacher.

In the DLBE model, students receive all ENL instruction (integrated and stand-alone) and HLA instruction in the regular classroom through daily instruction in both target languages. DLBE classes embed various scaffolds into all instruction to help ELLs access content material.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school offers a dual language program for Pre-K through 5th grades in English/Spanish using a self-contained model. English proficient students and ELLs are integrated 100% of the instructional day.

b. In which language(s) is each core content area taught?

Each core content area is taught in both English and Spanish as the class alternates daily from having an English instructional day, then a Spanish instructional day, then back to an English instructional day, etc. As the instructional day alternates between languages, there is equal distribution of language instruction. Each content area (ELA, Math, Social Studies, Science) is taught equally in English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Our school does not offer a Transitional Bilingual Education program.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

99.1% of our English Language Learner (ELL) students are newcomers. According to CR-Part 154, our newcomers receive 360 minutes of ELL instruction weekly. Effective teaching is achieved through the HMH program, including content and language objectives. Starts Right Readers, blend it books, fluency passages, and ELD table-tops are taught to jump-start second language development. Digital content, visuals, audio, digital translation tools, picture dictionaries, glossaries, cognates, translated graphic organizers, and front-loading vocabulary instruction facilitate effective instruction. We currently have no long-term ELLs. Our 1 Developing ELL has been invited to Saturday Programming, running September through December.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

2% of ELLs are SIFEs. SIFE students' skill levels are surveyed through various benchmark assessments in order to determine the specific learning needs of each student. Then, students are provided with intervention programs that build upon the knowledge students already have. Students may be receiving additional and/or off-level phonics, HMH intervention and math instruction in order to supplement the scaffolds they receive to access grade-level content in the classroom.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

None of our ELLs are considered Long-Term ELLs. However, for any student who has potential to become a LongTerm ELL, they would receive support in specific areas of need to remediate second language skills.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

6.3 % of students are former ELLs. Former English Language Learners (ELLs) will receive 90 minutes of integrated ELL instruction in the mainstream classroom for an additional two years after reaching a proficient level on the NYSESLAT. Former ELLs still receive testing accommodations for up to two years after exiting ELL status, including time and a half on NYS exams, language dictionaries in their home language, and exams offered in the native language when applicable and appropriate. In the small group instruction alternative pathway, our Former ELLs receive focused lessons targeted toward their needs as part of reading and writing workshops.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The current at-risk level that might adversely affect English Language Learners (ELLs) at our school shows that 76.5% of our ELL students are in temporary housing. Students in temporary housing face significant academic disadvantages, including higher rates of chronic absenteeism and lower test scores, stemming from instability, lack of resources like a quiet study space, inconsistent transportation, and poor living conditions that affect their health. They also experience social and emotional stress from traumatic living situations, disrupted community ties, and increased isolation. This housing instability also leads to frequent school changes and can result in disciplinary actions.

Additionally, 13.7% did not demonstrate sufficient progress in EnglishLanguage Proficiency on the Spring 2024 NYSESLAT, and 12.7% of our ELL students scored at level 1 or 2 on the Math state exam. We also have 99% of ELLs who are newcomers. We have specifically targeted support or newcomers through after school programming and intervention programs. These programs and opportunities will continue to be available for newcomers in the 25-26 school year. All teachers will receive support to make the classroom environment and academic content more accessible for newcomers.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk levels that adversely affect the former ELLs at PS 76 are as follows: 30.4% of former ELLs scored a level 1 or 2 in ELA last school year. 8.7% of former ELLs scored a level 1 or 2 in the school year 2022-2023 and 2023-2024 in ELA. 17.4% of former ELLs scored level 1 or 2 in math in the last school year. 4.3% of former ELLs scored a level 1 or 2 in the 2022-2023 school year, and the 2023-2024 school year in math. 8.7% of former ELLs are in temporary housing. Students in temporary housing face significant academic disadvantages, including higher rates of chronic absenteeism and lower test scores, stemming from instability, lack of resources like a quiet study space, inconsistent transportation, and poor living conditions that affect their health. They also experience social and emotional stress from traumatic living situations, disrupted community ties, and increased isolation. This housing instability also leads to frequent school changes and can result in disciplinary actions.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the most significant representation at our school are Spanish, Urdu and Arabic. Glossaries, bilingual dictionaries, translation apps, Google Translate, and mini-libraries are used in the classroom. Students are grouped with others who share the same home language when appropriate. Multi-cultural texts are an integral component of the ENL curriculum. Because of the large number of Spanish speakers, our school has a Dual Language program in Spanish that spans from Pre-K to 5th grade. 64% of ELLs in K-5 are in a Dual Language program. We have teachers and paraprofessionals who speak Spanish, Arabic, and Urdu, and these staff members readily contribute their multilingual skills to offer translation and interpretation as needed. All of our print and digital communications with families are delivered in English, Spanish, Arabic, Pashto, and Urdu. For all home languages that are not represented among the staff, we liberally use the translation and interpretation services hotline to provide interpretation for families during events and meetings.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

ELLs' racial and ethnic classifications at our school are 34.3% White, 8.8% Black, 2% Native Hawaiian or Other Pacific Islander, 3.9% Asian,
and 50% American Indian or Alaskan native. High expectations and delivery of rigorous instruction are set for our ELL population. Opportunities are created for students to ask questions, listen, and acknowledge the opinions of others. Students learn in a physical environment where they feel valued. Instructional content is connected with the daily lives of students. Our ELLs are highly considered when planning and delivering Culturally Responsive and Sustaining Education (CRSE). Through the CR-SE framework, we aim to value, celebrate, and leverage the cultural and linguistic diversity we have in all our classrooms. We have curated libraries throughout the school building of books and other texts that are representative of our diverse population and are representative of diversity and multiculturalism as a whole in order to provide windows to other cultures for our students. We have adopted translanguaging as a valuable method
for leveraging and encouraging multilingualism, and thus encourage all students to make linguistic connections and use home languages in their English literacy development and vice versa.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

There were a total of 34 progress-eligible students at PS 76. 35.3% of students met progress by exiting ELL status. 20.6% met the annual progress target. 2.9% students met safe harbor cumulative growth. There were 74.1% of students who did not meet progress. There are 50 ELL students without a 2024 NYSESLAT Proficiency Level. During the 2024-25 school year, only 6% of ELLs tested out of NYSESLAT, compared to 12% the year before. Kindergarten and Gr. 1 ELLs also saw especially slow growth. This has led to a revamping of core instruction in our K-2 dual language classes, in which phonics and phonological awareness are taught in both English and Spanish are taught every day.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The number of students who performed high in all four modalities increased from 2023 NYSESLAT to the 2024 NYSESLAT. According to the latest NYSESLAT data, Speaking was a strong modality for all grades and other modalities were represented as strengths in many grades as well. Writing scores also increased since the last administration of the test for the majority of students. Lower grades showed strengths in reading and writing, and upper grades showed significant strength in Speaking, Listening and Writing. Reading is a significant need in the upper grades, especially grades 4 and 5.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to the Spring 2024 NYSESLAT and Spring ELA comparison data, one entering student, one emerging , one transitioning student, and one commanding student scored a level 1 on the ELA Exam. One commanding student scored at level two. According to the Spring 2024 NYSESLAT and Spring Math comparison data, three expanding students, two emerging students scored a level 1 on the math state test. One entering level student, three transitioning students, and one commanding students scored a level 2 on the math state test. One expanding student and one commanding student scored a level 3 on the math state Exam. All of these students live in temporary housing. All will be offered differentiated Saturday and afternoon programming.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the Spring 2024 NYSESLAT data categorized by IEP designation, there are three students at the entering level, two at the emerging level, one at the transitioning level, one at the expanding level, and two at the commanding level. Additionally, based on the Spring 2024 NYSESLAT data for SIFE designation, there is one entering student and one emerging student with SIFE status who have taken the 2024 NYSESLAT. The biggest trend is that 76.5% of our ELL students are in temporary housing.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

NA

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

NA

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

NA

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school selects core curricula that are research-based and culturally responsive in order to provide all students, including ELLs, with a high-quality academic experience that leads to deeper learning. In ELA, math, science, social studies, and all cluster subjects, we focus on building vocabulary, schema, and academic language through inquiry, student-led discovery, and explicit instruction.

The curricula we use are HMH Into Reading, Fundations, and Heggerty for literacy, Investigations for math, Amplify for science, and Passport to Social Studies. Dual language students also receive Estrellita and Heggerty in Spanish instruction.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our Instructional Leadership Team (ILT) is committed to fostering a supportive and enriching learning environment that recognizes the strengths of every student while working to meet their physical, social, emotional, and academic needs. The team clearly articulates instructional and socio-emotional goals for all students including MLs/ELLs. In terms of instruction, the ILT deeply values the culture and language that the MLs/ELLs contribute to our school community. The ILT aims to not only honor and leverage the MLs/ELLs skills for the good of the community but also provide all necessary supports to ensure MLs/ELLs' success in academics. The team also maintains student data and analyzes the data closely to ensure that all students, including MLs/ELLs are receiving instruction that meets their needs precisely.

To that end, our school has worked to build a school-wide library of culturally rich texts with multiple perspectives that are disseminated throughout all classrooms. We have also worked to modify our core curriculum materials to be more culturally responsive and relatable to our students. We have existing protocols to teach and build academic language through math talks and accountable talk moves that are used uniformly through all grades. We also place value on the rich experience of developing writing skills to grow students' abilities to express themselves through writing. We also have school-wide protocols for vocabulary learning through practical strategies that encourage students to develop their own personal dictionaries of new words in order to encourage students to approach new

words with confidence and independence.

The ILT consists of: Tim Miller, Principal, Fred Acquavita, Assistant Principal, Demi Collazo, IEP Teacher, Sara Abdelaal, ENL Teacher.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Our ELL students receive content area instruction by their classroom or cluster teacher with support from the ENL teacher using the co-teaching model. These teachers collaborate to discuss how to implement instruction to meet the needs of the ELLs and provide the best strategies and practices. These strategies include visual vocabulary review and expansion, technological support, and small group instruction. In stand-alone ENL instruction, the emphasis is on preparing students for the content area instruction they will receive from their classroom teacher by focusing on the fundamentals of the English language and giving students the prior knowledge necessary to have success. Stand-Alone ENL instruction uses a combination of the components of the core ELA curriculum, HMH Into Reading, and other resources including Learning A-Z. Integrated instruction, on the other hand, allows the ENL teachers to take a small group and work on the specific content area instruction being taught by the classroom teacher that day using components of the HMH Into Reading curriculum. Within each model the teachers are working together to allow students the ability to increase their Basic Interpersonal Communication Skills while building on their Cognitive Academic Language, which will allow them to meet the goals set forth by the Next Generation Learning Standards.

In the ENL program model, most texts, including printed texts, digital texts, visual texts, and realia, are most often presented in English. However, texts are culturally inclusive and representative of various abilities, cultures, racial, and ethnic groups whenever possible, and, therefore, other languages in texts are valued and acknowledged. Home language supports are readily provided as they are available.

For students in the DL program, the instruction is aligned to the standards as well. However, this instruction is also taught in the home language, which in our school is Spanish. The language of instruction alternates each day so that students receive all content instruction in Spanish one day and English the next day. The pattern continues throughout the year, and any discrepancies are intentionally planned and discussed within the DL team in order to keep the program coherent among all grades. The bilingual content area licensed pedagogue collaborates alongside the grade team teachers within the building so that students are meeting Next Generation Learning Standard goals while working on the development of both Spanish and English.

In all models of language instruction, students are provided with engaging, content-rich text that is representative and diverse. Teachers work to create a class community that encourages rich academic discussion and written expression, providing scaffolds for students of all language proficiencies to engage in these activities. All program models lean into translanguaging so that students capitalize on their L1 while learning the L2. All classroom instruction is planned by considering scaffolds to help ELLs approach the content objective, as well as lesson-specific language objectives.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs with IEPs receive all IEP mandated services and all ENL instructional time with a certified ENL teacher, and/or bilingual extension teacher if the student is a part of our dual language program. All service providers collaborate with classroom teachers and ENL teachers to ensure that mandated services are carried out accordingly. They receive additional accommodations including language paraprofessionals as necessary. ELLs with IEPs receive instruction geared toward meeting Next Generation Learning Standard goals and benefit from scaffolds put in place in collaboration between the SPED teacher and the ENL teacher. The ENL teacher pushes into classrooms with ELLs with IEPs and work with SPED teachers to ensure language supports happen throughout the day for all ELLs with IEPs. Language supports include home language use, targeted academic vocabulary scaffolds, or activities that build background knowledge. They also receive tiered language and content supports to accelerate English language development. ELLs with IEPs are often integrated into intervention programs in small groups to scaffold learning. They also have access to iReady and other instructional programs on classroom iPads and laptops to supplement instruction and leverage technology. Continuous analysis of proficiency in the four modalities is monitored and adjusted to support English language development further.

b. SIFE

SIFE students receive support to access grade level content. Through our multi-tier academic intervention system, students are placed in instructional level small groups where teachers use intervention programs or teacher-created lessons to engage students in appropriately leveled learning. Through the support of small group instruction and collaboration between teachers and service providers, SIFE students receive instruction that is heavily scaffolded with strategies to fit their needs. The ENL teacher works with teachers to provide language-focused scaffolds as well. Some examples are sentence starters to promote access to content, home language supports, and use of technology. SIFE students are also provided with focused socio-emotional support through our SEL curriculum and time with school counselors.

c. Newcomers

All ELLs, including Newcomer ELLs, have access to engage with grade level content. Teachers collaborate with all service providers to plan high-quality instruction that uses inclusive materials and texts and incorporate school-wide academic protocols. The curriculum reflects skills and content taught across classrooms and scaffolded by strategies that fit each student’s needs. The ENL teacher works with teachers to provide language-focused scaffolds that support students; these include sentence starters, word banks, and planning language objectives alongside content objectives for every lesson.

All material is meticulously vetted and modified in order to address diverse perspectives, cultures, and backgrounds. Whenever possible, texts and materials are aligned to the histories, languages, and experiences that reflect the population of students we have at our school. Students are encouraged to make connections and self-reflect and engage critically with texts of multiple perspectives through questions and investigation. The curriculum remains the same for Newcomer students, but the culturally responsive curricular modifications enhance engagement. Appropriate scaffolds further the opportunities for Newcomer students to access the curriculum.

d. Long Term ELLs

We currently do not have any Long Term ELL students at our school. However, we pay close attention to potential long term ELL students to provide them with the support they need to access grade level content.

Through our multi-tier academic intervention system, students are placed in instructional level small groups where

teachers use intervention programs or teacher-created lessons to engage students in appropriately leveled learning. Through the support of small group instruction and collaboration between teachers and service providers, all students receive the scaffolded instruction they need to engage in grade level content. For Long Term ELLs, specifically, these interventions would be led by the ENL teacher who can provide language specific scaffolds and teach strategies based on students' individual needs. Potential Long Term ELLs engage in focused academic vocabulary study, close reading strategies to practices strategies to access grade level texts, and small group/partner work to use peers as resources. Language objectives are planned into core instruction to support both ELLs and FELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

To enable ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment, all teachers who service the ELLs with IEPs meet to discuss the academic and language goals in place. The Special Education teacher and the ENL teacher work collaboratively to align lessons and instructional strategies to meet the individual needs of the ELL with IEP. They come up with curricular modifications, various scaffolds, language resources, and instruction in small groups. Flexible scheduling and interventions are provided to support the ELL in the least restrictive environment. Differentiated planning takes place to address the needs of ELLs with IEPs so that ELLs scaffolds are accounted for alongside EIP goals. For example, if a students' IEP goals include increasing a students ability to discuss character traits, ELL-specific supports such as direct vocabulary instruction and language phrases to help students discuss and analyze character traits are woven into instruction.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language knowledge is valued and leveraged in every classroom through the framework of translanguaging. MLs/ELLs' home language backgrounds are celebrated and recognized, and teachers use every opportunity to help students establish connections between this knowledge and their developing knowledge in an additional language. Regular communication with families provides further information to teachers about the various needs for home language support for each student and family.

In the ENL program, students' diverse home languages are used to support students' English language development, including vocabulary development. Digital tools are used to leverage students' home language knowledge.

In the DL program, there is an abundance of Spanish language resources including books, digital texts, etc. and Spanish language arts is embedded into the program curriculum. Other core content areas are also taught in the Spanish language as the DL program alternates daily between English days and Spanish days.

Home language tools built into our curricula, including Arriba la Lectura, Amplify, Investigations, and Passport to Social Studies, are leveraged to support students' language development. As we adopt a new ELA curriculum this year, the Spanish language instruction and mirrored texts in Arriba la Lectura will be utilized heavily to support our ML/ELLs.

Home language proficiency data is drawn from Spanish MClass screeners, Spanish LAB results, and anecdotal data from teachers and families. The MLS is used on a case by case basis if additional information is deemed necessary.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Grade teams receive one period each week for common planning while students engage in socio-emotional learning with guidance counselors. During these periods, teachers are encouraged to collaborate with the ENL teacher, other service providers, as well as fellow grade team teachers in order to provide the best possible support for ELLs. Teachers are provided with extra time to collaborate and co-plan during various professional development time based on contractual hours.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Ongoing professional learning is dedicated to developing culturally responsive and sustaining pedagogy for all staff at our school. Under the guidance of school leaders, each grade team leader will lead weekly grade team meetings. These grade team meetings will consist of further investigation of culturally responsive teaching methods and strategies, curricular planning, consideration of student data, and continued training on trauma-informed instruction and strategies for social-emotional learning. The ENL teacher/coordinator attends each grade team meeting as time allows and foster conversations around English language development, home language development, and cultural considerations throughout data-driven instructional planning.

The ENL teacher/coordinator also provides ongoing professional learning on various MLL-related topics such as translanguaging, ENL scaffolds, etc. All staff engage in various professional learning opportunities provided by D30 and Central as well as other resources.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our current plan includes the mandated CTLE ELL specific hours for certification renewal as per CR Part 154.

The ENL teacher/coordinator pushes into grade team meetings to maintain an ELL-oriented framework in all ongoing professional learning.

Specific ELL-focused contractual professional development is provided throughout the school year focused on best

practices for co-teaching, integrating language and content instruction, translanguaging, ready NYSESLAT scores, enhancing oral language development in all grades to ratchet up students listening and speaking proficiency, etc.

All staff are also encouraged to attend various professional learning opportunities centered on ML/ELL instruction and support provided by D30 and Central as well as other resources. Professional learning continues as staff members attend a wide range of PLOs and return to turnkey information to colleagues.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses the MClass screener to guide instructional planning. We administer the screener at the beginning of the year, the middle of the year, and at the end of the year to gauge student progress and identify students who need supplemental support. The screener data is used by all teachers involved in a student's academic growth in order to determine instructional modifications and tier 2 and tier 3 level supports for the student. ELLs who are identified to need small group intervention through the MClass screeners are placed into small groups to receive intervention services in literacy and/or math. Primary grade ELLs may receive extra Fundations, Heggerty, or Sounds Sensible intervention instruction. Upper grade ELLs may receive SPIRE or other language specific intervention instruction. All ELLs may receive math intervention instruction through Do the Math as necessary.

ELLs' language proficiency and cultural background are taken into consideration when examining screener data. Therefore, data is always studied by a group of teachers, including the classroom teacher and the ENL teacher, and ELLs who may need intervention services are always placed into small groups with other ELLs under the guidance of the ENL teacher.

in the Dual Language program, Spanish literacy is assessed through Spanish running records and digital screener tools such as mCLASS. Based on EOY mCLASS data from May/June 2025, K-2 dual language classes have begun teaching phonics and phonological awareness in English and Spanish every day.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

All ELLs who are identified as below grade level receive intervention services. These intervention services are centered around extra Fundations time, Heggerty, and SPIRE/Sound Sensible for literacy, and HELPS for fluency. The Do the Math program is used for intervention in Math. Other intervention is implemented for ELLs in the form of small groups provided by the ENL teacher as needed in any content area. In ENL small groups, ELLs receive support through engaging in vocabulary work, building prior knowledge, and developing academic language skills necessary to access content area material. Based on EOY mCLASS data from May/June 2025, K-2 dual language classes have begun teaching core phonics and phonological awareness in English and Spanish every day. Students who continue to struggle in these areas will receive Spanish-language small groups, effectively double dosing their Spanish phonics and phonological awareness.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

For ELLs who are not making progress according to the NYSESLAT and who are scoring below grade level on screeners and formative assessments, we implement support services to address the academic needs of these students. We not only use the data from MClass screeners, various other formative assessments, and the NYSESLAT and state exams, we also take into consideration the number of years the student has been an ELL, English and home language literacy, and classroom teacher input. The support services for ELLs are aligned to Academic Intervention Services we already implement in our school for all students. For literacy, the ELL may receive additional instructional time in Fundations and/or Heggerty in small groups, or Sound Sensible or SPIRE in small groups. For math, the ELL may receive additional small group instruction in the Do the Math program or teacher-created small group lessons.

RTI services are provided to students, and the ELL's progress is closely monitored before referring the student for evaluation in cases there is a suspected learning disability as opposed to a language acquisition need.

The MClass screener data determines groupings for the intervention block and the program of instruction for intervention. Then students are progress monitored regularly to ensure that the intervention they receive is in line with students' specific and individual needs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

HMH assessments and Fundations unit tests are the main assessments for literacy that inform and drive instruction. Students' independent reading levels are used to form small groups for focused instruction and interventions and monitor student learning and growth. Other formative assessments include teacher-created assessments in various content areas, student writing pieces, Investigations assessments, Amplify assessments and comprehension checks, etc.

For ELLs, specifically, various teacher-created formative assessments are used to inform instruction. These are embedded into instruction as much as possible in a variety of formats, including comprehension checks, whole-class activities, reflective exit tickets, etc.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

MLs/ELLs in the DL program are assessed in their home language skills throughout the year as Spanish language arts is embedded into the program curriculum. More formal assessments are done through MClass Spanish and iReady.

Other ELLs are invited to use home language as much as they are comfortable for the purpose of leveraging and encouraging translanguaging skills in language development. Non-Spanish speaking ELLs' home language skills are also investigated through regular conversations with families who are reminded of the value of the home language and asked to share their observations about their children's home language development with teachers at school. Further resources from Arriba le Lectura are used to further support assessment.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The NYSESLAT and the ELA and Math state exams are used to evaluate the effectiveness of our ML/ELL programs. The NYSESLAT provides an understanding of student growth in English language proficiency and a school's annual federal and state accountability metric for ELLs. Students that meet annual expected progress are on track to exit ELL services. As the NYSESLAT measures the four modalities of language, the NYSESLAT results also give important information about students' strengths and needs in each modality. The state exams also reveal students' abilities in grade level content in reading, writing, and math. These results are useful for understanding how students at different English proficiency levels are demonstrating their proficiency in grade level content areas.

The NYSESLAT results determine students' language proficiency level, which is then used to determine ENL instructional minutes and placement in small groups with same-level peers who receive language instruction and support together. The state exam results also provide insight into the potential needs for intervention supports for ELLs.

According to the NYSESLAT 2024 data, 35.3% of students achieved Commanding level proficiency, who will continue receiving services through alternate pathways as Former ELLs. Many newcomers have also progressed to Emerging level proficiency. The specific needs of Potential Long Term ELLs and Newcomers will continue to be explored to promote continued progress for all ELLs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered annually during the mandated time window. Under the supervision of the Assistant Principal, the ENL teacher creates a testing schedule in order to reduce any loss of instruction time as much as possible and prevent test fatigue for students as much as possible. ENL/Bilingual Ed certified and NYSESLAT trained staff members are recruited to help administer and score the tests. Teachers who have helped administer and score in the past have included Dual Language program teachers, ENL certified classroom teachers, and the ENL coach.

The schedule is created strategically in order to ensure that all ELLs and former ELLs continue to receive the mandated minutes of ENL services throughout the testing period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All ELLs, both current and former, receive accommodations for state assessments. Test booklets are provided in a translated version into the student's home language when appropriate (e.g. for math), and students are also provided with glossaries based on their home language during the math state assessment. Students' tests are not timed and any additional accommodations mandated through IEPs are honored as well.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

There are multiple ELL Program Orientations scheduled in the beginning of the school year and in the late Winter in order to ensure families have every opportunity to attend. Parent sign-in sheets are maintained as evidence. These orientations are held in multiple languages, using staff interpreters and written translations. In these Orientations, the DOE orientation video is shown, families are guided through all ML/ELL program models available in the DOE, and they are presented with school policies and expectations and provided with community resources to acclimate them to the environment.

As new families register their students throughout the school year, there are many occasions where the families are presented with the orientation information individually through the video, presentation of resources, and an individualized tour/explanation of school policies and expectations.

All information is provided to families in their preferred language through multilingual staff, and/or over the phone interpreters.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In the beginning of each school year, the ENL teacher reaches out to families of MLs/ELLs to coordinate an annual individual meeting. This meeting covers topics including the goals of language acquisition program, student's language development progress, student's proficiency assessment results, and the student's language development needs across content areas. Families' preferred language and mode of oral and written communication is always noted, and translation and interpretation is provided during these meetings. Resources are also provided based on families' preferred language of communication. Throughout the school year, additional meetings are scheduled in order to keep families abreast of students' progress and to discuss any issues that may arise. As classroom teachers schedule meetings with families of MLs/ELLs, the ENL teacher remains informed and attends as many as possible. The ENL teacher is also always available during mandated meetings and orientations. Parents sign a sign-in sheet for accountability purposes.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All communication from our school is sent out in our most commonly preferred languages - Spanish, Arabic, Urdu, and Hatian Creole. Other families in our school who speak another language at home have indicated that their preferred language of communication is English. Every letter/flyer/newsletter is translated before they are sent.

Families can respond and/or initiate using their preferred language through communication apps like Class Dojo or What's App. Our main office has a dedicated phone that uses What's App in order to facilitate communication with many of our ML/ELL families.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS76, we believe that family involvement is an integral part of student success. Families of MLs/ELLs, along with all other families who are a part of our school community, are regularly invited to attend school events and activities to foster empowerment and involvement. We hold Family Fridays, where families visit their children's classrooms to participate in students' learning in various content areas. Families are always encouraged to reach out to classroom teachers to visit classrooms on other days as well. We invite families to various PTA events, Family workshops, student performances and recitals, family fun nights, trips, and other social events.

Families also have various educational opportunities including morning classes to learn technological skills, etc. Through all such activities, we hope to invite families to become a part of our school community and interact not only with teachers but also with administration and other staff members. Families' suggestions and requests are always encouraged for additional programs and services.

The Parent Coordinator reaches out to families to inform them of all upcoming events to increase their capacity to become involved in their children's education. Communication takes place through email and the school-wide call messenger, a text and voice mail message service available in multiple languages. Emails and flyers are always sent in multiple languages.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All communication regarding family engagement, including PTA communication, SLT communication, and information about the CEC are also provided in multiple languages and translated into families' preferred languages.

Our Parent Coordinator, Simone Garcia, in collaboration with the PTA board ensures all families, including those of MLs/ELLs are informed of all engagement opportunities.

The school determines what specific activities are needed by the school community by providing parents with

surveys in October and March. The surveys, available in all language, specifically ask parents to describe resources that would be helpful, including learning opportunities for them that PS 76 could facilitate.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We partner with a community-based organization called Jacob Riis Settlement. This organization works closely with our school and provides after school programming for all students housed in two locations in nearby community centers. This partnership ensures that all students have access to enriching programming that extends beyond the school day, also supporting families who need child-care beyond the school day. The Jacob Riis program provides various activities, sports, and arts in addition to extra academic support and homework help. A number of staff at the Jacob Riis Settlement also speak other languages represented by our ELLs (Spanish, Arabic, etc.), enabling additional support in home languages for our students who need it.

We also partner with a dance program called Ballet Hispanico, where bilingual instructors come to teach students dance and culture.

We have another partnership with the Arts for All program where bilingual teaching artists come to guide students through a multi-week project based learning experience, exploring stories, acting, art, etc. that culminates in a final presentation/show.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

NA

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Our ELL identification team consists of Sara Soliman, the ENL teacher and Hyejin Rhee, an ENL certified teacher.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ENL teacher is present at various registration events throughout the spring of the prior school year and summer with the Pupil Secretary to coordinate registration and identification of students whose home languages may not be English. The ENL teacher is also involved throughout the registration process in September. The ENL teacher administers the HLIS with newly registered students (who have not been in a NYS public school the last 2 years), administers the NYSITELL, conducts the Parent Orientation, and coordinates the Parent Choice paperwork. As new students register throughout the year, the Pupil Secretary notifies the ENL teacher who will meet the new student and family and administer the HLIS and move forward with the identification process if necessary. If the ENL teacher is unavailable at any time, an alternate ENL-certified teacher is called upon to take on the HLIS administration at the time of registration.

The ENL teacher's availability is readily accessible to the Pupil Secretary so they can be called upon to assist with registration and orientation of new students, especially MLs/ELLs. As new registrants arrive, the ENL Teacher and Pupil Secretary collaborate to guide families through the paperwork and the identification process, including the administration of HLIS and the Family Orientation. New students are administered the NYSITELL as needed and parents are informed of results and provided with orientation information to make informed choices about their program options. Students are pulled out during the morning blocks by the ENL Teacher to be administered various other screeners as needed (Spanish LAB, MLS Screener, etc.). All results are communicated with families, classroom teachers, administration, and other stakeholders in order to ensure that all decisions on students' programming are made accurately.

Alternate teachers are called upon as needed to ensure minimal instruction is interrupted as registration needs arise.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Timothy Miller

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Sara	Soliman	Teacher - Regular Grades	5/14/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

N/A

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.23%	1	0.23%	1	1
ARABIC	6	1.38%	4	0.93%	1	1
BENGALI (BANGLA IN BANGLADESH)	3	0.69%	3	0.69%	1	1
GUYANESE CREOLE (GUYANESE/ENGLISH-BASED)	1	0.23%	1	0.23%	0	0
HAITIAN CREOLE	1	0.23%	1	0.23%	0	0
ENGLISH	263	60.60%	268	62.04%		

PASHTO (A.K.A. PUSHTO)	1	0.23%	1	0.23%	1	1
PORTUGUESE	4	0.92%	4	0.93%	1	0
RUSSIAN	2	0.46%	2	0.46%	0	0
SPANISH	152	35.02%	147	34.03%	7	6

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendar	Staff translators for languages that are represented among staff translate these documents and any other languages are sent to OLA for translation.
PTA Notifications	Staff translators for languages that are represented among staff translate these documents and any other languages are sent to OLA for translation.
Parent Teacher Conference Notifications	Staff translators for languages that are represented among staff translate these documents and any other languages are sent to OLA for translation.
School Event Notifications	Staff translators for languages that are represented among staff translate these documents and any other languages are sent to OLA for translation.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Out of classroom staff who are available to interpret are scheduled accordingly to assist with interpretations. For any language not represented among staff, the over the phone interpretation line is used.
PTA Meetings	Staff members are scheduled to provide interpretations. For languages that are not represented among staff, OLA interpreters are called.
MLL Parent Orientation	Staff members provide interpretation for languages represented in the community. For any other languages, over the phone interpretation line is used.
Family Friday Workshops	Staff members provide interpretation for languages represented in the school community. For any other language, OLA interpreters are called.
IEP Meetings	If interpreters are available among staff members, they are scheduled to attend the IEP meetings and assist. If not, the over the phone interpretation line is used.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school emergency, parents will be contacted immediately using a copy of the updated RCPL which will be available in the Main Office, Nurse's Office, Teacher Emergency Folders, and the School Emergency Go Bags along with the phone number for the DOE contracted vendor, which is available for immediate interpretations.

Parents can call the school at any time. As the Main Office answers phone calls and realizes interpretation is needed, interpretation will be provided whether it is through a staff member or through the DOE approved vendor. Parents can also contact their child's teacher directly through email, Class Dojo, Remind, and various other methods classroom teachers have implemented for easy and direct communication with families.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The link to all the Chancellor's Regulations is given to staff to review and sign off on at our opening faculty conferences in September as part of our Administration Handbook. The parent coordinator emails all staff with the information for Phone Interpretation Services. Staff needs face-to-face interpretation services for parent conferences, school events, and meetings; they contact the parent coordinator, who will assist them with scheduling and booking a translator. Staff will receive language access training and the Language Access Handbook from the administration at the opening faculty conference in September.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

We will fulfill parental notification requirements for translation and interpretation services per Section VII of the Chancellor's Regulation A-663 by posting the Multilingual Welcome Poster at the main entrance and the Language ID Guide to Language Access. All parents are notified of their language access rights at registration and parent orientation and in the parent handbook. The Parent's Bill of Rights and Parents Guide to Language Access are shared and available from our parent coordinator. Both are referenced in our Parent Handbook, distributed to all families in September and any new registrations throughout the year. The Parent Handbook, monthly newsletters, and schoolwide announcements will be translated into the parents'/guardians' preferred language with pocket talk devices, Google Translate, the T & I Unit, or staff translators. At our beginning-of-the-year faculty conferences, we will disseminate information regarding Phone Interpretation Services and translation services to all our staff members. All teachers will have updated information on their parents' preferred languages on the blue emergency cards and from our Pupil Personnel Secretary or ELL teacher. The parent coordinator has DOE multilingual flyers and pamphlets she distributes to parents during the year. When invited to school events, parent-teacher conferences,and meetings, parents are reminded about available language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Feedback is received through the annual parent survey, a Language Access Survey, and open communication between families and teachers.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Thanks to feedback we have received over the years, we have focused more attention on ensuring that parents' preferred language of communication is updated often to reflect actual preferences, providing interpretation services at IEP meetings, conferences, parent events, etc. as necessary, and ensuring that teachers have the T&I phone number on hand at all times. We continuously monitor the distribution of home languages represented in our school community and adjust the translations provided for documents and meetings accordingly. We also survey the whole school staff annually to ensure a list of staff volunteers who can provide written/oral translation in various languages is available digitally and physically in the main office.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Total number of ELLs to be served in this program:

76

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

3

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The after school program specifically will incorporate sessions where students will reflect on their own identity and origins, engage in discussion with their peers about social justice issues and world events, and hone their language and academic skills through meaningful content.

Content of the programs will reinforce school wide instructional protocol for vocabulary, including the use of various filters to study vocabulary and practice using new words. Students will also receive intervention supports as necessary in addition to academic intervention programmed into the school day. Additional lessons in Fundations, Heggerty or supplemental curricula such as Sounds Sensible or SPIRE will be leveraged to provide the support students need. Math intervention will also be provided as necessary and curricula will be amended to provide scaffolds for ELLs. iReady will also be utilized to provide supplemental individualized instruction for students.

Student attendance will be tracked using a shared Microsoft spreadsheet, which will also be utilized to monitor student progress. Various assessments will be given throughout the programs to track student progress, including student writing, HMH assessments, Fundations assessments, and informal assessments like comprehension checks and student self-assessment surveys. NYSESLAT related practice questions will be used in the Saturday Academy as well as aforementioned regular assessments. Program notifications will be backpacked home during the regular school day, translated into appropriate languages. Teachers also use Class Dojo to maintain communication with families both formally and informally.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

At PS76, various data results from state testing, NYSESLAT, NYSITELL, and regularly administered school-wide screeners reflect the need for the subgroup of MLLs to receive instruction through supplemental programs. While there is abundant multi-tier academic intervention and focused and scaffolded instruction provided during the regular school day, supplemental time is deemed to only be helpful for our MLLs. The supplemental instructional time will not only provide additional academic support, but it will also be an opportunity for MLLs to engage deeper in culturally responsive curriculum both designed and modified by their own teachers.

The 2024 NYSESLAT data reflects that there is a significant need for students to receive support in writing and reading modalities. The supplemental program will promote development in all four modalities, but there will be an added emphasis on writing and reading comprehension due to the NYSESLAT results.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

All programs will aim to support MLLs in all subgroups, including Newcomers, Developing ELLs, Former ELLs, students in bilingual programs, etc. Students in the program will be in grades K through 5. All MLLs will be invited to register for all available programs. The specific numbers, grade levels, subgroups, and proficiency levels will be updated as registrations are received.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The after school program will begin in the fall (October 6, 2025) and last through the spring (end of May 14, 2026) 2 days a week (Mondays and Thursdays) from 2:30 to 4:30. The Saturday Academy runs from January through June and will consist of weekly 3-hour sessions from 9:00am-12:00pm.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

All programs, including the before/after school program and the Saturday Academy will be taught in English with L1s used as scaffolds and support.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

All programs will be taught by 4 certified bilingual teachers (extension) and 3 certified ENL teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Saturday Academy will primarily use Continental's New York ELLs for grades K-5 (a supplemental and distinct curriculum from those used for daily instruction). Other materials to be used include vocabulary supports, HMH supports, and other language supports to help students achieve success. The before and after school programs will heavily rely on teacher-created content, distinct from daily instructional curriculum, to drive instruction, and teachers in the program are highly encouraged to collaborate and plan together. They will align program content with the themes adopted as part of our school-wide culturally responsive curricular modifications built upon the HMH Into Reading curriculum.

In addition to the main teacher-created program content, MLLs in the program will also have access to iReady, Learning A-Z, and other supplemental material in use during daily instruction.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Student attendance will be tracked using a shared digital spreadsheet, which will also be utilized to monitor student progress. Various assessments will be given throughout the programs to track student progress, including student writing, HMH assessments, Fundations assessments, and informal assessments like comprehension checks and student self-assessment surveys. NYSESLAT related practice questions will be used in the Saturday Academy as well as aforementioned regular assessments. Program notifications will be backpacked home during the regular school day, translated into appropriate languages. Teachers also use Class Dojo to maintain communication with families both formally and informally.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional Development is planned for all teachers, including those who serve our MLLs. Professional development sessions are scheduled for Monday mornings from 7:00AM-8:00AM and during one period each week when grade teams convene.

Some specific professional development is planned for bilingual and ENL teachers. We provide reading and math benchmark data analysis PD 5 times throughout the year to support data tracking and assessment analysis. This PD series will begin 9/15 and will last until June. Members of the ILT will facilitate, including the Assistant Principal, Fred Acquavita and the Intervention teacher, Demi Collazo. Outside mCLASS consultants will be brought in to facilitate data dive PD as well.

All teachers of MLLs will participate in ongoing PD about our school-wide instructional focus. This PD series will begin in 9/8 and will continue throughout the year. The sessions will be facilitated by the Principal, Tim Miller and teacher leaders for specific subject areas. Teachers of MLLs will have opportunities to gather in a smaller group to discuss the application of instructional protocols for MLLs.

Our rationale is that well-trained teachers create well-performing students. The professional development will positively impact student progress because it will allow teachers to fully understand students' needs and provide the proper supports and scaffolds to meet the language acquisition needs of the students.

All outlined professional development to be provided at no cost to Title III ELL funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Professional Development is planned for all teachers, including those who serve our MLLs. Professional development sessions are scheduled for Monday mornings from 7:00AM-8:00AM and during one period each week when grade teams convene.

Some specific professional development is planned for bilingual and ENL teachers. All outlined professional development to be provided at no cost to Title III ELL funds.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Professional Development is planned for all teachers, including those who serve our MLLs. Professional development sessions are scheduled for Monday mornings from 7:00AM-8:00AM and during one period each week when grade teams convene. Topics to be covered include a long series of ELL-focused work with The Writing Revolution, as well as two PDs on the language objectives.

Some specific professional development is planned for bilingual and ENL teachers. We provide reading and math

benchmark data analysis PD 5 times throughout the year to support data tracking and assessment analysis. This PD series will begin 9/15 and will last until June. Members of the ILT will facilitate, including the Assistant Principal, Fred Acquavita and the Intervention teacher, Demi Collazo. Outside MClass consultants will be brought in to facilitate data dive PD as well.

All outlined professional development to be provided at no cost to Title III ELL funds.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Professional Development is planned for all teachers, including those who serve our MLLs. Professional development sessions are scheduled for Monday mornings from 7:00AM-8:00AM and during one period each week when grade teams convene.

ELL-focused PD centered on The Writing Revolution will be facilitated by staff developer Jane Yuille from Generation Ready; PDs on language objectives will be facilitated by Sara Soliman, our PS 76 ENL teacher.

Some specific professional development is planned for bilingual and ENL teachers. We provide reading and math benchmark data analysis PD 5 times throughout the year to support data tracking and assessment analysis. This PD series will begin 9/15 and will last until June. Members of the ILT will facilitate, including the Assistant Principal, Fred Acquavita and the Intervention teacher, Demi Collazo. Outside MClass consultants will be brought in to facilitate data dive PD as well.

Our rationale is that well-trained teachers create well-performing students. The professional development will positively impact student progress because it will allow teachers to fully understand students' needs and provide the proper supports and scaffolds to meet the language acquisition needs of the students.

All outlined professional development to be provided at no cost to Title III ELL funds.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Attendance for each PD session will be maintained through digital records, using MS Sheets on One Drive or MS Teams.

Content of PD sessions will be kept in record by saving slides and handouts in files.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops.

Multiple workshops are offered to MLL families throughout the year on a monthly basis. This usually takes place during Parent Engagement hours set aside on a weekly basis in the morning blocks 7:30-8:00AM or following monthly Family Friday events. Topics for these workshops include school-wide instructional protocol and specific resources to support MLLs at home. Translation and interpretation are provided for workshops. These workshops will be facilitated by the principal, Tim Miller, the parent coordinator, Simone Garcia, and any other pertinent staff members depending on the monthly topic. Specific dates will be added as they are planned closer to the beginning of the school year.

We also plan to host MLL families for classroom visitations on a monthly basis in order to provide families with insight into what their students' school days look like. Classroom teachers will host families, while the parent coordinator will facilitate sign up and check in. In addition, the ENL teacher will schedule check in meetings with MLL families at least twice a year (once in the fall, once in the spring) with an interpreter present if necessary, to maintain communication with families, provide information on student progress, and to field any questions or concerns MLL families may have.

Our MLL families work with staff to organize various social activities, such as Hispanic Heritage Week events, our Thanksgiving Feast, and our Multicultural Celebration. These events provide art, food, and social interaction between families, administration, staff, and students.

We always encourage our MLL families to participate in school activities and we do everything possible to make these activities easily accessible to them. Families will receive invitations and notifications in their preferred

language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops. Surveys revealed a request for parent workshops focused on iReady and oral language development for students in grades K-2. Survey data was triangulated with iReady data which early during the 2024-25 school year showed a need to increase students' ability to log into iReady independently at home to increase their overall number of minutes per week.

Multiple workshops are offered to MLL families throughout the year on a monthly basis. This usually takes place during Parent Engagement hours set aside on a weekly basis in the morning blocks 7:30-8:00AM or following monthly Family Friday events. Topics for these workshops include school-wide instructional protocol and specific resources to support MLLs at home. Translation and interpretation are provided for workshops. These workshops will be facilitated by the principal, Tim Miller, the parent coordinator, Simone Garcia, and any other pertinent staff members depending on the monthly topic. Specific dates will be added as they are planned closer to the beginning of the school year.

We also plan to host MLL families for classroom visitations on a monthly basis in order to provide families with insight into what their students' school days look like. Classroom teachers will host families, while the parent coordinator will facilitate sign up and check in. In addition, the ENL teacher will schedule check in meetings with MLL families at least twice a year (once in the fall, once in the spring) with an interpreter present if necessary, to maintain communication with families, provide information on student progress, and to field any questions or concerns MLL families may have.

Our MLL families work with staff to organize various social activities, such as Hispanic Heritage Week events, our Thanksgiving Feast, and our Multicultural Celebration. These events provide art, food, and social interaction between families, administration, staff, and students.

We always encourage our MLL families to participate in school activities and we do everything possible to make

these activities easily accessible to them. Families will receive invitations and notifications in their preferred language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process. We will hold family sessions once a month September through May (excluding April), for a total of eight sessions.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops.

Multiple workshops are offered to MLL families throughout the year on a monthly basis. This usually takes place during Parent Engagement hours set aside on a weekly basis in the morning blocks 7:30-8:00AM or following monthly Family Friday events. Topics for these workshops include school-wide instructional protocol and specific resources to support MLLs at home. Translation and interpretation are provided for workshops. These workshops will be facilitated by the principal, Tim Miller, the parent coordinator, Simone Garcia, and any other pertinent staff members depending on the monthly topic. language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process. Topics to be covered will include oral language development at home, math homework help from the parent perspective, and iReady log in support.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops.

Multiple workshops are offered to MLL families throughout the year on a monthly basis. This usually takes place during Parent Engagement hours set aside on a weekly basis in the morning blocks 7:30-8:00AM or following monthly Family Friday events. Topics for these workshops include school-wide instructional protocol and specific resources to support MLLs at home. Translation and interpretation are provided for workshops. These workshops will be facilitated by the principal, Tim Miller, the parent coordinator, Simone Garcia, and any other pertinent staff members depending on the monthly topic. Specific dates will be added as they are planned closer to the beginning of the school year.

We also plan to host MLL families for classroom visitations on a monthly basis in order to provide families with insight into what their students' school days look like. Classroom teachers will host families, while the parent coordinator will facilitate sign up and check in. In addition, the ENL teacher will schedule check in meetings with MLL families at least twice a year (once in the fall, once in the spring) with an interpreter present if necessary, to maintain communication with families, provide information on student progress, and to field any questions or concerns MLL families may have.

Our MLL families work with staff to organize various social activities, such as Hispanic Heritage Week events, our Thanksgiving Feast, and our Multicultural Celebration. These events provide art, food, and social interaction between families, administration, staff, and students.

We always encourage our MLL families to participate in school activities and we do everything possible to make these activities easily accessible to them. Families will receive invitations and notifications in their preferred language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process. Principal Tim Miller will provide these workshops, along with Sara Soliman, our ENL teacher.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops.

Multiple workshops are offered to MLL families throughout the year on a monthly basis. This usually takes place during Parent Engagement hours set aside on a weekly basis in the morning blocks 7:30-8:00AM or following monthly Family Friday events. Topics for these workshops include school-wide instructional protocol and specific resources to support MLLs at home. Translation and interpretation are provided for workshops. These workshops will be facilitated by the principal, Tim Miller, the parent coordinator, Simone Garcia, and any other pertinent staff members depending on the monthly topic. Specific dates will be added as they are planned closer to the beginning of the school year.

We also plan to host MLL families for classroom visitations on a monthly basis in order to provide families with insight into what their students' school days look like. Classroom teachers will host families, while the parent coordinator will facilitate sign up and check in. In addition, the ENL teacher will schedule check in meetings with MLL families at least twice a year (once in the fall, once in the spring) with an interpreter present if necessary, to maintain communication with families, provide information on student progress, and to field any questions or concerns MLL families may have.

We always encourage our MLL families to participate in school activities and we do everything possible to make these activities easily accessible to them. Families will receive invitations and notifications in their preferred language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

One of the most important components of our MLLs' success is the involvement and engagement of families in the learning process.

All notification to parents will be emailed in English, Spanish, Arabic and Urdu. Messages will also be sent by REMIND, a messaging app that translates text into parents' preferred language.

To facilitate communication, we provide translation services to all families including the families of our MLLs, based on the home language communication preferences.

MLL families receive surveys throughout the year to determine which additional programs, supports or workshops they would like to attend to support them and their children. Translation services are also available at all monthly meetings, included but not limited to PTA meetings, all Parent Engagement conferences, the four yearly parent teacher conferences, and workshops.

Classroom teachers will host families, while the parent coordinator will facilitate sign up and check in. In addition, the ENL teacher will schedule check in meetings with MLL families at least twice a year (once in the fall, once in the spring) with an interpreter present if necessary, to maintain communication with families, provide information on student progress, and to field any questions or concerns MLL families may have.

Our MLL families work with staff to organize various social activities, such as Hispanic Heritage Week events, our Thanksgiving Feast, and our Multicultural Celebration. These events provide art, food, and social interaction between families, administration, staff, and students.

We always encourage our MLL families to participate in school activities and we do everything possible to make these activities easily accessible to them. Families will receive invitations and notifications in their preferred language through flyers sent home with students and through communication through the DOE platform, and by email.

All workshops will be at no cost to Title III funds.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Attendance will be kept in record using written data digitized into MS Sheets on One Drive.

All event flyers/notices will be filed for the purpose of maintaining records.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$13,360

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

3

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Our ELL Afterschool Program (nearly all participants are immigrants) takes place on Monday and Thursday afternoon from 2:30-4:30 PM. Students are broken into K-1 (31 students), 2-3 (25 students) and 4-5 (11 students) bands. Each group has an 1 assigned teacher with ELL NYS certification. Instruction takes place both whole class and in small groups. Students engage in NYSESLAT test preparation activities to address all 4 language modalities: reading, writing, speaking and listening. The AP supervises the program. RPOB on ATS was used to identify immigrants.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Students in the Afterschool ELL program engage in NYSESLAT test preparation activities to address all 4 language modalities. Along with SWD, ELLs (most of whom are immigrants) are a subgroup at PS 76 that fall below other groups in ELA and math performance, as noted in iReady benchmark assessments and NYS ELA and Math exam scores. The program is meant to augment instruction for ELLs, who according to NYC Beta Insight have lower average attendance (81%) than the schoolwide average (86%).

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The afterschool program is specifically designed to target ELLs and immigrant students from all grades and all subgroups, from newcomers to commanding.

All grade levels are served.
K: 12 students
1st grade: 20 students
2nd grade: 21 students
3rd grade: 4 students
4th grade: 5 students
5th grade: 6 students
Total: 56

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program began October 15, 2024 and will run until May 30, 2025. Running every Monday and Thursday, there will be 54 total sessions. Each session lasts 2 hours, from 2:30-4:30.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The program is taught in English (with some Spanish-language scaffolds).

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

3 teachers are working the program; each holds TESOL certification.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Measuring Up workbooks, which are supplemental and distinct from daytime core instructional materials, were purchased for all students using Title III funding.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

We have created a shared Excel document that tracks students attendance.

The students work primarily from Measuring Up for the 2-hour duration of each session. Some phonics activities (at no cost to the program) are also used.

The following teachers with TESOL certification are working:
Jackie Veloza
Isaac Ortiz
Kristin Martinosky

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

All ELL- and immigrant-related PD will be facilitated internally, thus no Title III Immigrant funding has been used.

Teachers have engaged in NYSESLAT test preparation strategies and ELL Instructional Supports.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Our Ells (the vast majority are immigrants) are a subgroup that score lower that other groups on iReady and NYS ELA and Math data. Their average daily attendance (according to Beta Insight) is 87%, below the current school average of 89%.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

PD sessions for teachers and paras will be provided by our TESOL-certified ENL teacher during contractual PD time in house.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The PD session (1 total) NYSESLAT test preparation strategies and ELL Instructional Supports will be held on Monday, January 27, 2025 from 7:00 to 8:00 AM.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The NYSESLAT test preparation strategies and ELL Instructional Supports will cover NYSESLAT language modalities for students in Kindergarten, grades 1 and 2, and grades 3-5. Teachers will also engage in best classroom practices related to cognates, vocabulary instruction, translation, word work, writing supports, strategic groupings and translanguaging.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Our our TESOL-certified ENL teacher, Hyejin Rhee, will facilitate the PD.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Documentation will be archived in the form of an email from Principal Tim Miller instructing staff to convene for the 1-hour PD and the slide deck that the facilitator put together.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At no cost to Title III Immigrant funds, families of ELL students are invited to regular Family Friday events held once a month. They are invited to sit in their child's class during first period to view a targeted subject, such as reading, writing, math, social studies, or read aloud, and then during 2nd period, they debrief with Principal Miller in the auditorium. The debrief provides a time to go over Next Generation Learning Standards and help the parents understand how best to support their children with targeted learning at home by showing them simple pedagogical strategies. No Title III Immigrant funding is used to facilitate these events.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Along with SWD, ELLs are a subgroup at our school who score below other subgroups on iReady benchmark assessments and NYS ELA and Math exams. Parents often ask for help supporting their ELL kids at home.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Family Friday events for ELLs and immigrants have taken place or are scheduled to take place on the following days this year:
Sept 20
Oct 11
Nov 8
Dec 13
Jan 17
Feb 7
March 14
May 16

Total number of sessions: 8

Sessions always on Fridays, from 8:00-9:45 AM

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Parents will witness instruction in all subject areas, including reading, writing, math, social studies, science, and read aloud.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

All 38 NYS-licensed classroom teachers participate, as well as the parent coordinator and principal.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents receive emails and hardcopy flyers to let them know about Family Friday events. Written translation for emails and flyers is included in Spanish and Arabic. Oral interpretation for in-person events is provided in Spanish and Arabic as well.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We use sign-in sheets to track which parents have attended the events.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$6,813	
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		
Educational Software (Object Code 199)		
Travel		
Other
