Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S./I.S. 127Q Aerospace and Science Academy

District Borough Number (DBN):

30Q127

Grades Served:

3K, PK, K, 01, 02, 03, 04, 05, 06, 07 and 08

School Address:

98-01 25th Avenue East Elmhurst, NY 11369

Phone Number:

718-446-4700

Fax:

718-397-7645

School Contact Person:

Carmen Montas

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Carmen Montas	Principal or Designee*	
Brett Sillman	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Lisetti Robles	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Qiana Levine	CBO Representative, if applicable	
Sofia Kourounis	Member/SLT/Teacher	
Brian Smith	Member/SLT/Teacher	
Laura Hulsaver	Member/SLT/Teacher	
Michelle Marmol	Member/SLT/Teacher	
Nile Yohay	Member/SLT/Teacher	
Marlene Rossi	Member/SLT/Parent	
Ruth Pineda	Member/SLT/Parent	
Janet Perez	Member/SLT/Parent	
Mariah Ali	Member/SLT/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement

At P.S./I.S. 127, we are committed to fostering the social and emotional growth of all students while cultivating self-motivated, lifelong learners who are college and career ready. Through the implementation of the Next Generation Standards, our staff will support students in developing independent critical thinking skills by embedding Advanced Literacy across all content areas."

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S./I.S. 127Q Aerospace and Science Academy is a 3K-8 community school located in East Elmhurst, New York. We serve a diverse student population, with more than sixteen different languages spoken. Our student demographics include 81% Hispanic or Latinx, 10% Asian, 7% Black. Fifty-five percent of our students are English Language Learners and 13% have an IEP.

As a school with a strong focus on aerospace and science, we provide our students with unique opportunities to engage in STEM-related learning experiences, which are integrated across all grade levels to enhance critical thinking, problem-solving skills, and cultural competency. This year we are broadening our Science and Aerospace-focused partnerships with Aviation High School and Vaughn College, and preparing our 8th grade students to take the NYS Biology Regents.

Briefly summarize the key initiatives your school will implement this school year.

This year, we are strengthening support for our English Language Learners (ELLs) by expanding the role of our ENL providers into a collaborative team approach, ensuring comprehensive support for staff, families, and students. We have also added a Math Coach position to enhance strategic math planning across all grades, building on the strategies learned from Relay and TS Hoard. Additionally, we have introduced a daily Academic Intervention Services (AIS) period, allowing for targeted support and enrichment based on student needs.

The success of these initiatives will be monitored through regular assessments, teacher feedback, and student progress tracking, allowing us to make data-driven decisions to refine and enhance our instructional strategies."

Focused strategic long term planning of all subjects and all grades including unit beginning/end dates, strategic lesson choices, and assessment type and dates to ensure a student progress, and effective teaching of required

standards
Streamlined MTSS process that focuses on student evaluation and progress with decision-making points accessible to all key stakeholders--teachers, providers, SBST, admin
Continued implementation of the Literacy Shifts 6-8 and expectations of connections between Social Studies and Literacy instruction
We will continue to offer the opportunity for our Middle School students to strive for induction into the National Junior Honor Society
All 8th grade students will be enrolled in a Living Environment course with the goal of taking the Regents exam in June
Increased algebraic thinking instruction in Math, to support full 8th grade Algebra I regents by 2029
Eligible 7th graders will be invited to enroll in an Algebra course in addition to their 8th grade math course, with the goal of taking the Algebra I Regents at the end of 8th grade
Implementation of instructional program that outlines minimum number of periods of math, phonics, reading and writing in K-5, similar to the Academic Policy for Middle School
To continue the implementation of HmH Literacy curriculum, and additional strategic planning for all other subjects, circular 6 professional period options will include common planning, teacher-led professional development, adapting curriculum, among other options for all grades
Support dual language teachers with HmH literacy planning for translanguaging for more efficient instruction in both languages
Parent engagement will become a focal point and will include
--Parent Square communication platform ambassadors
--Open house week allowing parents to visit child's classroom
--Both evening and morning PTA meetings
--Principal and Assistant Principal personal parent calls to invite them to events
--a robust parent volunteer initiative for classroom volunteers, event volunteers, trip volunteers, parent-to-parent support volunteers, class parents
--a parent-run Girl Scout group to help support SEL and girl leadership to address the trend of bullying and negative self-esteem

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading /Arriba la Lectura	Modified to align to the K-5 NYS Next Generation Learning Standards
ELA	6-8	Into Literature	Modified to align to the Middle School NYS Next Generation Learning Standards and using FreshLit and Common Lit for Spanish support
MATH	K-8	enVisions Math	Modified to align to the NYS Next Generation Learning Standards
SCIENCE	8	Scale Science/Living Environment 8th grade	Modified to align to the New York Next Generation Science Standards

Social Studies	K-8	Passport to Social Studies & Civics for All	Modified to align to the NYC SCOPE AND SEQUENCE
ELA	K-2	Heggerty/Estrellita	
ELA	K-3	Fundations/Estrellita/Lunita	
SCIENCE	K-7	Amplify Science	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase of 5% from last year's EOY24 from 32% to 37% of all K-8 students scoring at	Lack of background knowledge. Teachers often introduce new vocabulary without first building the foundational context students need to fully understand and retain the words, which not only hinders vocabulary acquisition but also negatively affects overall reading comprehension. Without a solid foundation of background knowledge, students struggle to make meaning of what they read, even when they can decode the words.	Vocabulary & Comprehension these two domains show the least amount of growth. Vocabulary grew by 22% but less than half the school is on grade level. Comprehension grew by 11% but overall less than half of the school is on grade level, whereas more than half of the school is on grade

or above grade level in EOY25 i-Ready diagnostic		level for phonics and high frequency words.
12% of ELL K-6 students scoring at or above grade level in EOY25 mClass screener	Lack of culturally responsive, and language-sensitive phonics instruction that simultaneously builds their English language proficiency and decoding skills. Additionally, limited exposure to academic English and insufficient support in transferring their home language literacy skills contribute to delays in mastering phonics and reading fluency.	English Language Learners Foundational Literacy Progress
23% of SWD K-6 students scoring at or above grade level in EOY25 mClass screener	Teacher's familiarity of IEP goals. Teacher's differentiation of instruction for SWIEPS strategies. Sped teaches finding difficulty in identifying correct entry points for students to access the curriculum. Insufficient targeted, multisensory instruction that addresses their unique learning needs, combined with inconsistent opportunities to practice foundational decoding skills within meaningful contexts. Without explicit, systematic phonics instruction tailored to their individual profiles, these students have difficulty developing automatic word recognition, which impedes their overall reading development.	Students with Individual Educational Plans Foundational Literacy Progress

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	37%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 37% to 47%, of percentage of all students at or above benchmark levels on the i-Ready diagnostic.
English Language Learners (ELL)	12%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 13% Increase, from 12% to 25%, of percent of K-6 ELL students at or above benchmark levels on the mClass screener.
Students with Disabilities (SWD)	23%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 13% Increase, from 23% to 36%, of percent of K-6 Swieps at or above benchmark levels on the mClass screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

33%

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish a cohesive, standards-aligned instructional framework with embedded, targeted intervention and professional development.

This single strategy encompasses the need for:

Instructional Cohesion: Implementing an Instruction Plan, establishing non-negotiable Foundational instructional practices, and ensuring equitable phonics instruction across the Dual Language program.

Targeted Intervention: Implementing a monitored Multi-Tiered System of Supports (MTSS) process, including the dedicated 30-minute AIS/Enrichment period and specific support for prior year's students (PID).

Capacity Building/PD: Strategically using your Sustainability Team Teachers as Lead Literacy Teachers for common planning, providing targeted PD (Generation Ready Support), and employing licensed teachers for all core subjects.

Add a 30-minute AIS/Enrichment Period every school day
Create an Elementary Instruction Plan that outlines the minimum periods each grade should teach of each subject
Employ Licensed teachers for all Core subjects
Establish non-negotiable Foundational instructional practices
Establish a monitored MTSS process as of September, starting with MTSS support for all PID students from last year
Using the 24-25 Sustainability Team Teachers as Lead Literacy teachers for common planning
Strategically provide PD to lead teachers with Generation Ready Support
Ensure equitable allocation of English/Spanish Phonics instruction in K-2 Dual Language
Employ a Phonics/Word Work program (Just Words) for grades 4 & 5 that builds on the K-3 work

Root Cause Addressed:

Lack of a systematically implemented, culturally responsive instructional model that prioritizes building foundational background knowledge, academic vocabulary, and integrated language and literacy development.

Prioritize Background and Vocabulary Pre-Instruction: Implement a non-negotiable instructional practice requiring teachers to explicitly pre-teach critical background knowledge and academic vocabulary using culturally and linguistically responsive methods (e.g., visuals, realia, home language connections) before introducing new texts or concepts.

Integrate Language and Phonics Instruction: Ensure K-5 instructional plans and professional development focus on an integrated approach to phonics and language acquisition (particularly for Dual Language learners and English Language Learners). This must include:

Sufficient exposure to academic English across content areas.

Explicit strategies for leveraging and transferring home language literacy skills.

Differentiated, language-sensitive phonics instruction that addresses the challenge of large class sizes.

Optimize Class Size/Ratios for Foundational Literacy: Strategically allocate resources (e.g., co-teachers, push-in support) to reduce instructional ratios during core phonics/decoding blocks to allow for more personalized, small-group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Inform teachers of schoolwide data goals
Provide professional learning and coaching support around prerequisites and background knowledge
Implement lab classroom visits for teachers to observe best practices around vocabulary instruction
Increase student led discussions using structured discussion protocols and teacher modelling
Explicit instruction on vocabulary and comprehension strategies that uses gradual release (I do, we do, you do)
Professional development on phonics
Continue MTSS periods
Lab classrooms that model sound walls, morphology walls, word walls
Parent workshops about programs such as mClass, i-Ready, Epic, etc.
K-8 ENL teachers will work with classroom teachers to address lesson planning to address needs of ELL and students and their instruction

Accommodations for students with IEP will be reviewed for compliance and continued need
Progress monitoring will be implemented through mClass for K-6; and through i-Ready for 7-8
Hold Special Education teachers accountable to provide explicit instruction and to monitor against students' IEP goals
Use ENL providers to inform GE teachers of the breakdown of students' modalities (reading, writing, speaking, listening) to help focus instructions on students' lowest scoring modalities.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
N/A
N/A
N/A
N/A
N/.A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1) mCLASS screening results will be reviewed after each benchmark period:
--Students scoring well below benchmark will automatically be labeled for intensive support either during MTSS period

or MTSS
--Students scoring below benchmark will be provided strategic support during MTSS
--Students scoring at or above benchmark will be monitored to ensure maintaining growth during core instruction
2) i-Ready diagnostic results will be reviewed after BOY:
--Students scoring 2 or more grades below will automatically be labeled for intensive support
-----might include ELLs--therefore addressed by ENL support
-----might be SwD --therefore further review to address IEP goals by Sped teacher or Speech providers
-----if GE will automatically be labeled for intensive support either during MTSS period
--Students scoring 1 grade below will be provided strategic support during MTSS period
--Students scoring at or above benchmark will be monitored to ensure maintaining growth

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	10/31/2025	To initiate Parent involvement and their awareness of student achievement we will make a concerted effort to have parents enrolled in Parent Square (school communication platform), NYCSA (so that parents can view student documents, My Schools (so that parents are prepared to apply for PreK, K, 6th grade & HS).	n/a
10/01/2025	06/26/2026	To facilitate Parent involvement hold PTA meetings one month in the evening and another month in the morning, invite keynote speakers to provide parenting lectures, provide school progress figures--prior year ELA/Math/Science State results, BOY & MOY, Parent Survey Review, etc. Workshops will be added as needed based on SLT Meeting Feedback	n/a
09/04/2025	09/19/2025	Parents invited to an Open House week where two grades per day will be visited to meet teachers in person and see students in action. At open house will be invited to virtual meeting to hear what's in store for the year and how they can help	CBO - NYJTL to explain their new homework help program
10/01/2025	05/29/2026	Each Literacy/ENL teacher K-8 will use one Common Planning period as a parent engagement period to present student progress to select parents (on/above, below, far below), and give parents specific ideas for home support	n/a
12/01/2025	12/19/2025	Each grade band 3, 4-5, 6-8 will hold parent meeting to explain to parents what students need to learn and how parents can help support ELA testing	n/a

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Assistant Principals, ELA Content Leader Team, ELA Lead Teachers, Instructional Coaches, Model Teachers, ILT, ENL Teachers, Classroom teachers

Instructional Resources

HMH Into Reading K-6, Into Literature 6-8, Heggerty K-2, Fundations K-3, Just Words, Sound Sensible, Spire, Phonics for Reading

Schedule Adjustments

Program Schedules are adjusted to include 1) a 30-minute AIS/Enrichment period 2) Common Planning periods for implementation planning and progress monitoring discussion

Other Resources Needed

Supplemental Material Resources as needed throughout implementation

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In 2024 and 2025, 49% of students share areas of potential bullying, as per the NYC School Survey. 59% of students responded favorably to the question, at this school students harass, bully, or intimidate each other because of their gender, gender identity, gender expression, or sexual orientation. This is a 5% increase based on the 2024 school survey. 48% of students responded favorably to the question, at this school students harass, bully, or intimidate each other online. This is down 2% on the 2024 school survey.	Official SEL program not implemented with fidelity by all teachers Influx of STH students with different cultural norms Cyberbullying through social media platforms at home not able to be monitored by school Digital citizen lessons only taught by tech teachers Students do not know the differences between bullying and conflict	Reduce bullying and/or perception of bullying
In 2024-2025, 11 Principal suspensions were given. 2	Official SEL program not implemented	Reduce

students received more than 1 principal suspension. 0 Superintendent suspension were given.	with fidelity by all teachers Title III and STH programs not well attended by students most in need of support due to lack of afternoon busing Lack of timely availability of outside mental health support Influx of STH students with different cultural norms. The need for additional restorative practices in the classroom.	principal and superintendent suspension
Only 45% of students state an adult checks in to find out how they are doing only 50% of students report students treat each other with respect 85% of students state teacher treat them with respect 53% of students state they have the resources and opportunities to address mental health concerns.	Official SEL program not implemented with fidelity by all teachers Misunderstanding of cultural norms Lack of knowledge of similarities of countries of origin	Creating classroom communities. Continued partnership with Western Queens for at risk counseling
MS students still using cellphones during recess to record, text and make calls 30% of all OORs reports occurring during lunch/recess only 66% of students state feeling safe when at school.	Not all staff following/enforcing school rules Too few school aides / school aides not knowing their roles Recess materials not used effectively	Create a safer recess time. Continued use of Yonder Pouch Protocol

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	49%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 4% Decrease, in percentage of potential bullying from 49% to 45%, per the NYC School Survey conducted in April 2026
All Students	47%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% Increase, in percentage of students who have time to talk about their feelings and emotions from 47% to 52%, per the NYC School Survey.
All Students	61%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Increase, in percentage of student to student trust from 61% to 71%, per the NYC School Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

SEL will become a whole school approach with support for teachers/staff as well as students. Equality Education will provide monthly workshops for teachers and staff with titles such as Emotional Intelligence, Goal Setting & Stress Management, Innovation Planning, Growth Mindset, Teamwork & Collaboration, among others

For the Student portion of SEL: We've created a weekly themed approach that will allow all to participate. Monday=Shout Out Monday(give a shoutout to anyone in class or out of class); Tuesday=Snowball Toss Tuesday (write your worry, toss to someone and discuss it away);Wednesday= Appreciation, Apology, Aha Wednesday (students give an appreciation, apology or Aha); Thursday=Rose & Thorn Thursday (share one positive, share on negative, reflect); Friday=Friendly Friday(students lift each other up by writing friendly anonymous notes, practice positive self-talk, teachers use storytelling to give pep talks.

SEL will extend to the families. Parents will receive a monthly calendar with daily SEL ideas. Some may connect to the activities students are doing in school. Promote parent share-time during PTA meetings and coffee with the Principal, to highlight which activities they connect to best.
Work with the shelter liaison to support families. Dean incorporates a restorative Discipline approach following the Assertive Discipline methodologies of Lee Canter Using the philosophy of "In the Classroom", use approaches to discipline that will cause the least amount of
disruption of students being in class. Incorporate trauma and anxiety-reducing techniques in the classroom

Daily check-ins (2 minute of Positive Reinforcement) conducted by the Middle School Dean and Restorative Coach
Creation of Middle School Student Wellness Team composed of the Assistant Principal, Dean, and School Counselor
100% ILOG Contact Rate
100% Parent Outreach on Middle School OORS Incident Reports
Parent Conferences for ALL accused and victims in a bullying incident
Behavior Trackers for accused students
Hallway monitoring during transitions and morning arrivals.
All School Counselors provide support counseling to the students involved in bullying situations.
All School Counselors also support peer conflict resolution groups for students.

Root Cause Addressed:

Implement a school-wide SEL program. Monitor its execution in the classrooms, cafeteria during lunch, and school yard during recess. Follow up with families about their home portion.

Promote more understanding of cultural differences and likeness through more inclusive school events-Black Spice, and trips-Jamaica Center for the Arts, Museo del Barrio,etc. Celebrating learning about all cultures--Hispanic-Heritage Month, Rosh Hashanah/Yom Kippur, Diwali, Lunar New Year, Holi, Ramadan, Eid, Flag Day, Juneteenth, Fashion shows, etc

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Share Teacher SEL PD plan with teachers
Share Student/Classroom SEL plan with teachers and students
Share Home/Student/Classroom SEL plan with parents
Restorative and SEL Groups by Restorative Coach and Dean
Counselors schedule and implement Expectations Assembly, Sexual Harassment Assembly, Respect for All Assembly,
Update in-school survey as needed; administer survey end of October, end of January
Work with grade teams/ILT to identify diverse trips appropriate by grade
School Counselors will continue to support students as needed
Schedule Monday PD days for Equality Education staff SEL meetings
Create SEL bulletin boards on each floor to showcase class activities
Continue to implement support devices such as the Turbobo Calming Dog in all 3K-8, school counseling, SBST, RC, and Dean's offices.
Increase the rate of student referrals to outside counseling as well as school based counseling clinic: and referral agency Western Queens & Coalition Hispanic Family Services
Life Skills classes for MS, Grades 3 & 1st.
MS has an SEL Club

Key Strategy 2 (Optional):

N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use the in-school survey created last year which replicates the NYC Student Survey questions. The survey will be administered in early November and late January.
After each survey administration, the results will be reviewed and results addressed either by administration, dean/restorative coach or teachers.
Questions will be clarified as some of the results are suspected of being misunderstood
For 2025, 373 out of 415 MS students have completed the survey. Teachers will be held more accountable to administer both the in-school survey and the NYC Student Survey.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly coffee with the Principal breakfast	
09/04/2025	06/26/2026	Family workshops: trainings on restorative practices	
09/04/2025	06/26/2026	Parent Leaders: work with parent leaders on restorative practices	
09/04/2025	06/26/2026	Hold PTA meetings in the evening and mornings on alternating months	
09/04/2025	06/26/2026	Inform parents about the SEL program plans; follow up on during monthly meetings	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance Counselors, Restorative Coach, Dean, Teachers, Administration, Parents

Instructional Resources

Equality Education, Home-grown Mindfulness Program, SEL Strategies

Schedule Adjustments

Programming to include a few morning minutes for SEL, MS done during at least one period per class daily and Friday Advisory and plus Schoolwide Assemblies

Other Resources Needed

charts, post-it notes, looseleaf paper, bulletin board

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
6% of 2nd grade students performed on or above grade level on EOY25 i-Ready, as compared to 11% of 2nd grade students on EOY24 i-Ready, which is a 5% decrease.	Lack of teacher training in strategies to support students in math. Insufficient differentiation or scaffolding in math instruction. Limited collaboration between classroom and ELL teachers. Inadequate use of visuals, manipulatives, and language supports during lessons. Curriculum not adapted to meet both language and math learning needs. Minimal progress monitoring tailored to ELL students' specific challenges. Common planning only twice a month to address math instruction.	Strengthen 2nd grade math instruction for ELL students.
35% of all students scored on or above	Geometry is often taught at the end of the year/or not at all and not in time for EOY diagnostic. Geometry is very vocabulary heavy which our	Strengthen Geometry

grade level in geometry EOY25 i-Ready Math as compared to 24% geometry EOY24 i-Ready Math	ELL population struggles with. Geometry requires visuals and hands on manipulatives that teachers do not have and or are not utilizing in the classroom.	instruction for all students.
34% of 8th grade Students performed proficiently on Biology Regents.	Students may be receiving hands-on or inquiry-based science experiences, but not enough practice with Regents-aligned questions or tasks. Biology is language-rich, and students who are not proficient may struggle with vocabulary,, and scientific terminology.	more periodic assessments in Science needed to predict state test outcomes.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	6%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percent of all ELL students on or above grade level on benchmark will Increase by 5% from 6% to 11%, for English Language Learners (ELL), as measured by i-Ready math diagnostic.
All Students	35%	By June, 2026, the Percent of all students on or above grade level benchmark in geometry will Increase by 11% from 35% to 46%, for All Students, as measured by i-Ready math diagnostic.
All Students	34%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percent of Biology Students performing proficiently on Biology regents will Increase by 6% from 34% to 40%, for All Students, as measured by Biology teacher created assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Add the role of Math coach to support program implementation, vertical alignment, testing sophistication
Add a 30-minute AIS/Enrichment Period every school day
Work with district to determine feasibility of adding advanced math course--Algebra 1; begin with small group in 2425; support 5th and 6th grade math instruction to infuse more algebraic thinking to prepare for increased number of
students in 25-26
Infuse the Math Shifts into curriculum planning beginning 24-25
Begin planning for possible math program change in 25-26
Implement periodic assessments for Science using the NYC Performance tasks as a way to measure student's performance against standards and as method to gain data in preparation for test prep
Include Math Enrichment as an Advisory in Middle School

Root Cause Addressed:

Lack of teacher training in strategies to support students in math.
Insufficient differentiation or scaffolding in math instruction.
Limited collaboration between classroom and ELL teachers.
Inadequate use of visuals, manipulatives, and language supports during lessons.
Curriculum not adapted to meet both language and math learning needs.
Minimal progress monitoring tailored to ELL students' specific challenges.
Common planning only twice a month to address math instruction

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue District 30 Math Lead PL Series with proper time for lead turnkey to appropriate teams
Ensure proper time allocation for teacher planning around math instruction
Ensure all grades k-8 are implementing New Math Shifts that was created by the district to allow for more problem solving and create discourse
Hold all stakeholders accountable for adhering to pacing calendar and assessment deadlines through check ins with teachers and conversations in common planning meetings.
Support and guide teachers planning for differentiation to meet all students needs
Create a space for special education teachers to plan for explicit instruction to monitor against students' IEP goals
Review of grade and class level data after assessment windows will be a priority and included in the PD calendars to the year
Math leads providing PL to staff to implement district math shifts.
Accommodations for students will IEP will be reviewed for compliance and continued need
Progress monitoring will be implemented through I-Ready for K-8. For I-Ready, teachers will hold students accountable for lesson completion and passing rate
Create opportunities for students to engage in STEAM activities through field trips, after/before school clubs/programs, and curriculum supplements
Create a STEAM space for students to showcase and engage in STEAM activities

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

i-Ready diagnostic results will be reviewed after BOY:
--Students scoring 2 or more grades below will automatically be labeled for intensive support
-----might include ELLs--therefore addressed by ENL support
-----might be SwD --therefore further review to address IEP goals by Sped teacher or Speech providers
-----if GE will automatically be labeled for intensive support either during MTSS
--Students scoring 1 grade below will be provided strategic support during MTSS period
--Students scoring at or above benchmark will be monitored to ensure maintaining growth

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Family math game night activities	Partnered with CBO's, teachers, and parent coordinator
09/08/2025	06/26/2026	Family STEM Nights	Partnered with CBO's, teachers, and parent coordinator
09/08/2025	10/15/2025	To initiate Parent involvement and their awareness of student achievement we will make a concerted effort to have parents enrolled in Parent Square (school communication platform), NYCSA (so that parents can view student documents, My Schools (so that parents are prepared to apply for PreK, K, 6th grade & HS).	
10/01/2025	06/26/2026	To facilitate Parent involvement hold PTA meetings one month in the evening and another month in the morning, invite keynote speakers to provide parenting lectures, provide school progress figures--prior year ELA/Math/Science State results, BOY & MOY, Parent Survey Review, etc. Workshops will be added as needed based on SLT Meeting Feedback	
09/04/2025	09/19/2025	Parents invited to an Open House week where two grades per day will be visited to meet teachers in person and see students in action. At open house will be invited to virtual meeting to hear what's in store for the year and how they can help CBO - NYJTL to explain their new homework help program	
10/01/2025	05/31/2026	Each Math/ENL teacher K-8 will use one Common Planning period as a parent engagement period to present student progress to select parents (on/above, below, far below), and give parents specific ideas for home support	
12/01/2025	12/19/2025	Each grade band 3, 4-5, 6-8 will hold parent meeting to explain to	

		parents what students need to learn and how parents can help support Math testing	
01/06/2025	06/26/2026	Financial Awareness Classes	JA Finance

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Assistant Principals, Math coach, Math lead teachers, SLT, math teachers

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
During the 2024-2025 school year, all 120 8th grade students across 5 classes attended 2 college visits via CUNY Explorers Program.	Part of the Dean's goals was to increase college visits	It would be best to start exposing students to colleges starting in 6th grade. This would allow them to have explored up to six colleges by end of 8th grade.

Career Day was held May 2025 for all students 3K-8th grade.	Increase students' awareness of different future careers.	Students will be able to gain a better understanding by having more guests from different careers attending the career day. Also having students complete surveys of their experience during the Career Day in 2026.
Attempted to schedule 7th grade HS visits	High Schools do NOT host visits, but they do provide Fairs	Develop stronger relationships with HS admins
Students unaware of how what they are learning in Elementary and middle school will be used a future career.	Vertical alignment of all content is not explicitly understood amongst students & teachers	Add relevance to learning targets PBL should be added to all subjects and where applicable PBL should be interdisciplinary
Hosted High School fair for 7th and 8th grade students with 20 schools attending.	Expose 7th and 8th grade students to the different High Schools that are available for them to apply to when in the 8th grade.	Open up the High School fair to 6th grade students as well. This way by the time they reach 8th grade they are more focused on the schools they are interested in and are better able to complete their High School Application. Inviting more High Schools to expose to students to more High School possibilities outside of just DOE schools.
64% Building Block 1 Completions EY25, an 11% increase from 53% EY24	Lack of awareness of program benefits. Correspondence wasn't always in parents' home language.	NYC Kids Rise save for college program

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	64%	By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 15% from 64% to 75% as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

All public-school Kindergarten students upon registration is automatically enrolled in the NYC KIDS RISE save for college program. This program grows with them until they are college ready. The money can be used towards fees, books, computers etc. If they choose to not attend college the money can be used towards learning a skill, etc. plumbing, electrician. These are small steps to big dreams and provides parents with a sense of hope and security. Parents are encouraged to combine the funding with their own 529 plan if desired.

Root Cause Addressed:

Lack of awareness of program benefits. Correspondence wasn't always in parents' home language.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
closely monitoring who the inactive program participates are from the previous year
Communicate with both the students and their families in their home language to encourage and inform them about the program benefits
Follow-up weekly with students still indicated as incomplete through the RISE dashboard
Hold an information/sign-up session before the Nov. 4 deadline for all students from the previous year
Educate Kindergarten parents early in the year about program benefits

Allow parents who want to decline participation the opportunity to do so within the designated window, so their status no reflects negatively on our reports.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

	parents home language. Meetings not engaging	
N/A	N/A	N/A
N/A	N/A	N/A

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	60%	By June, 2026, more inclusive and responsive engagement from parents of all students will Increase by 5% from 60% to 65% as measured by NYC School Survey Results.
Parents of All Students	10%	By June, 2026, the alignment on building stronger school-home partnerships, improving communication, and welcoming environments that encourage active participation from all families will Increase by 10% from 10% to 20% as measured by Parent Coordinator Activity Reports (PCAR).
Parents of Students in Temporary Housing (STH)	15%	By June, 2026, families in school community activities in PTA meetings will Increase by 15% from 15% to 35% as measured by Parent Coordinator Activity Reports (PCAR).

Priority 5 Progress Measures and Targets

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To strengthen parent involvement and increase awareness of student achievement, we will make a concerted effort to enroll all families in key communication platforms, including ParentSquare (for ongoing school communication), NYCSA (to access student records and IEPs), and MySchools (to support informed decisions around Pre-K, Kindergarten, middle school, and high school admissions). To promote greater engagement, PTA meetings will be held alternately in the morning and evening to accommodate diverse schedules. We will also invite keynote speakers to deliver parenting workshops and informational sessions, and provide regular updates on school progress, including prior-year ELA, Math, and Science State Exam results, BOY and MOY data, and NYC School Survey findings. Additional workshops and resources will be added in response to feedback from School Leadership Team (SLT) meetings to ensure the programming remains responsive to family needs.

Root Cause Addressed:

low parent participation in PTA meetings is the need for more inclusive and responsive engagement strategies, as reflected in Parent Survey data, and a lack of fully aligned family engagement efforts that build strong school-home partnerships, improve communication, and create welcoming environments that actively involve all families—particularly those historically underserved.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parents will be invited to participate in an Open House Week, during which two grade levels will be featured each day, allowing families to visit classrooms, meet teachers in person, and observe students engaged in learning. As part of the event, parents will also be invited to attend a virtual information session to learn about the academic focus for the

year and explore meaningful ways they can support their child's education at home and in partnership with the school.
To enhance family involvement and support student learning by regularly communicating student progress and providing actionable strategies for home support.Each Literacy and English as a New Language (ENL) teacher, serving grades K–8, will allocate one common planning period per week specifically for parent engagement. This dedicated time will focus on direct communication with select parents regarding their child's academic performance and guidance for supporting literacy and language development at home.
Each grade band (3, 4–5, and 6–8) will host regular parent meetings designed to inform families about the academic standards and key learning objectives students must achieve, with a focus on English Language Arts (ELA) testing. These meetings will provide parents with a deeper understanding of curriculum expectations, assessment formats, and timely updates on student progress. Additionally, practical strategies and resources will be shared to empower parents to effectively support their child's literacy development and test preparation at home, fostering stronger school-family partnerships to improve student outcomes.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
One shelter alone accounts for 94 of our chronic absentees. Data source is from New Visions Portal and DOE Insight Tool.	Parents need to attend immigration appointments and do not have child care support. Shelter rules do not allow parents to babysit each other's children when no childcare is available. Other factors include busing issues, behavioral health, shelter transfers, and medical appointments. Parents are still adapting to the educational protocols here in NY.	Uniforms/School Supplies After School Activities After School Tutoring Academic Help During School Field Trip Costs Coats/Clothes/Food
In 24-25 an average of 100 students arrive late on a daily	Busing issues Immigration/Doctor appointments Parent working night shifts Students delayed playing in the playground upon	Parents need busing support/or OMNY cards Child care support.

basis. Most students who arrive late are chronic latecomers.	arrival Students getting breakfast at deli or Dunkin affecting their arrival time Distance from home to school	Parents' inability to ask for support.
Pk attendance is 91%, Kindergarten attendance is 90%, 1st grade attendance is 92%	Parents don't see the harm in absences in the lower grades. Parents not being able to correctly identify when to keep their child due to illness. Medical appointments scheduled during school days/hours Parents have moved and having transportation issues; not informing school they have moved	Parents need busing support/or OMNY cards for the parents Child care support. Parents' inability to ask for support

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	55%	By June, 2026, the the percentage of chronically absent Students in Temporary Housing (STH) will decrease by 10%, from 55% to 45%, as measured by the New Visions Attendance Reports & DOE Insight Tool.
All Students	76%	By June, 2026, the number of students arriving late for All Students will decrease by 14%, from 76% to 50%, as measured by the New Visions Attendance Reports.
All Students	29%	By June, 2026, the percentage of chronically absent for All Students will decrease by 4%, from 29% to 25%, as measured by the New Visions Attendance Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

By June 2026, the chronic absenteeism rate for All Students will decrease by 4%, from 29% to 25%, as measured by the New Vision Chronic Absenteeism Report.

By June, 2026, the chronic absentee rate for STH students will decrease by 10%, from 55% to 45%, as measured by the New Visions Chronic Absenteeism Report.

Root Cause Addressed:

Parents need to attend immigration appointments and do not have child care support. Shelter rules do not allow parents to babysit each other's children when no childcare is available. Other factors include busing issues, behavioral health, shelter transfers, and medical appointments. Parents are still adapting to the educational protocols here in NY.

Parents don't see the harm in absences in the lower grades. Parents not being able to correctly identify when to keep their child due to illness. Medical appointments scheduled during school days/hours. Parents have moved and having transportation issues; not informing school they have moved.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
For all goals, the school created/implemented attendance incentives: Monthly Class Attendance Contest (the highest attendance rating classes in each grade band received a prize sponsored by PTA); Perfect Attendance Raffle (10 students were randomly selected on a monthly basis and provided 2 game tickets to a sporting event); Attendance Champion Ribbon (Students with perfect Attendance received a colored ribbon each month to place on their backpacks as they accumulate 3 ribbons, they can claim a prize at the PTA Store).
In addition, parents are invited to attendance meetings hosted by the attendance team to address the importance of attendance.
On a quarterly basis, the school counselors identify chronic attendance students and provide attendance letters with student RISA highlighting the importance of attending school everyday.
Biweekly meeting with the attendance team. During the meeting, the team discusses open 407, chronic attendance students and any student of concern. The Student Council is invited to meetings as well.
Remind teachers of the need to use parent engagement time to reach out to chronically absent student families on a daily bases using Parent Square.
Assigned school aides conduct daily parent outreach for students that are absent; ILOG entries are inputted daily.
School Counselors will refer families to agencies to support with child care.
School will continue to provide busing to STH students and work with shelter liaisons/case workers. OMNY cards are provided to other students.

Key Strategy 2 (Optional):

By June 2026, the late arrival rate for all students will decrease by 14%, from 76% to 50%, as measured by the New Vision Report.

Root Cause Addressed:

Late Arrival Students

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School Counselors will meet with parents and students to discuss underlying factors that contribute to school lateness

Most improved school incentives: Students will receive raffle tickets for coming to school on time to receive a prize from the PTA store.
School Counselors will refer families to agencies to support with child care.
School will continue to provide busing to STH students and work with shelter liaisons/case workers. OMNY cards are provided to other students.
N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The School Counselors monitor student attendance by running monthly RPAL and RRSA reports from ATS. In addition, on a quarterly basis the School Counselors send chronic absence letters with student RISA reports home to
parents. All interventions are ilogged on ATS. Weekly 407 reports are reviewed by the School Counselors and outreach is completed. New Vision reports are used to collect data and monitor school wide attendance on a weekly basis.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	06/17/2026	Continue to make attendance/lateness a key point of communication at the PTA meeting by the Principal in Spanish and English.	N/A
09/04/2025	06/26/2026	Counselors monitor and communicate attendance by grade to parents; chronic attendance letters are sent with student RISA; Counselors conduct parent workshops about attendance offering AM/PM sessions.	N/A
09/04/2025	06/26/2026	Counselors communicate/implement attendance incentives via parent square	N/A
09/04/2025	06/26/2026	Teachers/ school aides conduct outreach regarding student absence	N/A

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP Review Dashboard	Consistent monitoring to ensure that all aspects of the Individualized Education Program, including goals, related services, and accommodations, are closely linked and work together to support the student's educational need. Effective	IEP Development

2024-2025	implementation of IEP by using curriculum aligned to standards and provide for multiple entry points and opportunities for success for all types of learners. Continued monitoring of accurate encounter related service dates and that management needs are implemented.	and Fidelity of Implementation
IEP Annual Review 2024-2025	Delays in transition planning and compliance have been observed, primarily due to gaps in teacher preparedness, inadequate professional development opportunities, limited engagement, and insufficient time allocated for task completion	Transition Planning and Compliance
SESIS	Ensuring an equitable referral process for special education services is essential to accurately identify and support all students who need additional assistance. It is important to follow procedures that minimize bias and barriers, promote timely and appropriate referrals, and ensure every student—regardless of background—is first given the opportunity to engage in the general education curriculum with intervention services before being considered for special education evaluation.	Referral Process and Equity

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	85%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve alignment across the Present Levels of Performance, annual goals, and the recommended programs and services within a student's IEP by a 10% Increase, from 85% to 95%, as measured by IEP Review Dashboard.
Students with Disabilities (SWD)	75%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve transition planning with understanding the students strengths, interests, and preferences to help them design a plan to work toward a successful future—whether that means further education, employment, or independent living by a 15% Increase, from 75% to 90%, as measured by IEP Annual Review Report.
Students with Disabilities (SWD)	78%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve timely completion of IEPs to ensure compliance and, more importantly, to provide students with disabilities uninterrupted access to the support they need to succeed by a 12% Increase, from 78% to 90%, as measured by SESIS Annual Review Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), all stakeholders—including educators, families, service providers, administrators, and students—will work collaboratively to ensure IEPs are cohesive, student-centered, and outcomes-driven. This strategy focuses on three key areas: improving alignment among Present Levels of Performance, annual goals, and recommended programs and services; enhancing transition planning by incorporating each student's strengths, interests, and preferences to support successful pathways to postsecondary education, employment, or independent living; and ensuring the timely completion of IEPs to maintain compliance and provide uninterrupted access to essential supports and services. Through consistent training, data-driven monitoring, and shared accountability, we aim to build a more effective and equitable IEP process that meets the diverse needs of all students with disabilities.

Root Cause Addressed:

present level of performance is aligned to measurable annual goals, percentage of IEPs that are completed in a timely manner and that include clearly defined Specially Designed Instruction (SDI) targeting specific skill deficits, conceptual gaps, or strategy needs to ensure students with disabilities are better supported in accessing and progressing within the general education curriculum; coordinated set of activities and measurable post-secondary goals

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide targeted training for IEP team members on writing cohesive, data-driven IEPs. These sessions will be held monthly, starting at the beginning of the school year and continuing as needed. The School-Based Support Team, alongside supporting staff, will facilitate this training to promote greater confidence and consistency in IEP development.
An IEP Review Protocol will be implemented to strengthen alignment across Present Levels of Performance (PLOP), goals, and services. Collaboratively, special education teachers, case managers, psychologists, and related service providers will develop a checklist review tool to ensure consistent alignment. Once finalized, this tool will be shared with all relevant staff. As a result, each completed IEP will clearly demonstrate strong connections between student needs, annual goals, and recommended services.
Collaborative IEP planning meetings will be conducted with key team members to review student data and draft aligned content. These meetings will be scheduled in advance of each IEP meeting to enhance coherence and ensure individualized planning is accurately reflected in the final IEPs.

Teachers will monitor student progress according to each student's IEP goals through regular progress monitoring. Updated assessment and progress data will be utilized to inform all IEP components, supporting data-driven decision making. Progress monitoring of goals will occur and be reviewed quarterly, aligned with the student's monitoring schedule or concurrent with report card distribution.Annual goals will be directly connected to the strengths and needs identified in the Present Levels of Performance. The Present Levels will accurately reflect the student's current functioning, ensuring that goals and recommended services are responsive and tailored to individual needs.
Timely feedback will be provided on drafted IEPs, with one-on-one coaching offered as needed on an ongoing basis. This support will be delivered by the Assistant Principal of Special Education, the School-Based Support Team, and Model Teachers. Their collaboration will ensure comprehensive feedback aimed at enhancing the quality and alignment of all IEP components.
Equip students with self-advocacy and goal-setting skills to actively participate in IEP meetings, and provide families with resources and guidance to support collaborative transition planning
Connect students with experiential learning opportunities—such as internships, job shadowing, or community-based instruction—and collaborate with external partners including colleges, agencies, and employers.
Offer ongoing professional development on effective transition planning and ensure annual review and revision of transition components to reflect students' evolving needs and goals.
Establish and maintain a centralized IEP calendar that includes all key due dates for annual reviews, evaluations, and triennials, supported by automated alerts and digital tools (e.g., SESIS, Google Calendar) to proactively notify case managers and administrators and ensure timely completion of all IEP components.
Assign and monitor IEP case managers by designating a lead case manager for each student responsible for scheduling, coordinating, and drafting the IEP. Ensure equitable workload distribution across staff and set clear internal deadlines—such as drafting IEPs at least 30 days before the official due date—to allow sufficient time for review, revisions, and meaningful parent input

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The School Intervention Team (SIT) meets monthly to review students' Individualized Education Programs (IEPs) and make informed recommendations for instructional support and related services. The SIT team prioritizes the alignment of specially designed instruction (SDI) with each student's unique learning needs and measurable progress toward IEP goals. During these meetings, a structured progress monitoring schedule is implemented to ensure that IEP goals are clearly defined and measurable,student progress is tracked consistently and accurately and all components of the IEP (goals, services, accommodations, present levels of performance) are aligned to support student growth and access to the general education curriculum.This process promotes instructional consistency, data-driven decision-making, and IEP compliance in accordance with federal and state regulations.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Establish regularly scheduled general IEP meetings to review and reinforce parents' rights and responsibilities	
09/04/2025	06/26/2026	Teachers must use parent engagement time to communicate student progress and individual needs to parents on a consistent basis.	
09/04/2025	06/26/2026	Monthly Parent Workshops: Navigating Your Child's IEP and Engaging in the Educational Planning Process;Understanding the Different Learning Environments	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

SBST team, Special Education Teacher, Related Service Providers, Counselors, Parent Coordinators, and Administration

Instructional Resources

evidence-based curriculum materials, assistive technology, adapted texts, visual supports, and intervention programs

Schedule Adjustments

Student and teacher schedules will be adjusted as needed to accommodate school activities and assemblies while ensuring continuity of instruction and adherence to students' IEP-mandated services. Programming decisions will be made collaboratively by school leadership, special education staff, and related service providers to maintain equitable access and minimize disruption to learning and support services.

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	All students scoring 1 and 2		Small Group	Daily	no
Tier 2	ELA K-8 I Ready Diagnostic results - 2 grade levels below selected by teachers, based on teacher assessments, and observations. K-6 Reading mClass	Classroom teachers will use the iReady toolbox. Setts teacher will provide support based on NYS Standards.	K-6 Small Group intruction based on mCLASS and i-Ready data (5-6 students), 6-8 Small Group instruction based on iReady data. (5-6 students)	Daily	Yes
Tier 3	ELA K-8 iReady Diagnostic results - 3 or more grade levels below selected by teachers, based on Tier 2 intervention	Targeted Intervention: Sound Sensible or SPIRE used by IEP Teacher to support select students. Setts teacher providing support based on NYS Standards. Based on Acadience in K-2 small group instruction.	Small Group (1-3 students)	2-4 times a week during the school day	Yes
Tier 2	Math K-8 I Ready Diagnostic results - 2 grade levels below selected by teachers, based on teacher assessments, and observations.	Classroom teachers will use the iReady toolbox. Setts teacher will provide support based on NYS Standards.	Small Group instruction based on iReady data. (5-6 students)	2-3 times a week during the school day	yes
Tier 3	Math K-8 iReady Diagnostic results - 3 or more grade levels below selected by	Targeted Intervention: K-8 Teacher Tool Kit. Setts teacher providing support based on NYS Standards.	Small Group (1-3 students)	2-4 times a week during the school day	yes

	teachers, based on Tier 2 intervention				

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Observations by: Teacher School Counselor Restorative Coach	Mandated school Counseling/At-Risk Counseling	Small Group	During the school day	No
Tier3	School Counselor Observation	Individual counseling	One-to-one	During the School Day	No
Tier 3	School Counselor/Parent referral	Western Queens In school Clinic	One-on-one/ Group	During the school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Parents are explained MTSS as a proactive, data-driven framework that supports academic, behavioral, and social-emotional development for all students. It is shared through:

School website and Parent Square
Parent workshops
Back-to-school nights or curriculum nights

The key MTSS components described are:

Tiered levels of support (Tier 1, Tier 2, Tier 3)
Universal screening
Progress monitoring
Data-based decision making
Evidence-based interventions

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive regular updates on their child's progress through data reports, adjustments to interventions or supports and are given opportunities to provide feedback

This is shared via:

Parent-teacher conferences
Digital platforms (Google Classroom, ParentSquare)
Phone calls

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are invited to participate in:

Student Support Team (SST) meetings
Individualized Education Plan (IEP) or 504 Plan meetings
Goal-setting conferences where intervention plans are discussed

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Number of students in temporary housing who are:
Doubled up (with friends or relatives because they cannot find or afford housing):
Living in a shelter or transitional shelter:
Living in a hotel/motel:
Living in a car, bus, or train:
Living in a park or public place:
Living in an abandoned building
*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

As of 6/17/25: Number of STH Students: 229 STH students as per New Visions Portal

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The Title I survey showed that families need uniforms, coats, tutoring, mentoring, parent activities, afterschool programs. This allowed us to determine that we needed to provide:

-full uniforms to all STH students - vendor came on a Saturday to measure and thereby secure the uniforms that fit students.
-in November we will purchase coats for all students - parents will complete an order form
-an afterschool ENL program will be offered from December to April
-a homework help program will be sponsored at the shelter
-an early childhood mommy and me program will be sponsored at the shelter on Saturdays
-to encourage students staying for the afterschool programs, private buses have been contracted to shuttle the students to shelter at 4:30pm
-Family holiday Dinners will be offered in school

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Guidance counselors and parent coordinator work closely with the Liaison at the Students in Temporary Housing to determine support for parents and student(s).
Guidance counselor and classroom teacher work closely on monitoring students attendance and social emotional needs
Administration work closely with classroom teacher, guidance counselor and parent coordinator to identify and provide targeted supports to parents and students
To support our students in Shelter and other Housing Placements we will provide funds and support as needed including:

Support
Counseling Outside referrals for Parents and Students (Ie. Child Center of New York,)
Life Skills Support (Elmcor)
Parent Workshops
After School Program Eligibility (Academic Intervention
Provision of Devices for Academic Use/ Intervention & Enrichment
Transportation (Student Metro Cards)
Alternate transportation to allow STH to attend afterschool programs

Funds:
Medical, Vision and Dental Expenses
Clothing including Uniforms
Student School Supplies
Class Trips and Student Dues Funded

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS/IS 127Q Aerospace and Science Academy, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS/IS 127Q Aerospace and Science Academy will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Through the Title 1 allocations we will be able to provide parents with workshops on how to understand the NYCDOE System of education and what we have to offer our students.

Parental Involvement and School Quality

The PS/IS 127Q Aerospace and Science Academy Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.-The ENL Coordinator has provided teachers with student proficiency level. He will provide a parent workshop on how to support their child on the NYSESLAT at home. Provides strategies for teachers of MLL students.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- Our Parent Coordinator (or a dedicated staff person) continues to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed

needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

-During parent engagement time, teachers provide parents with student data and share strategies how to support their child at home.
-During the school year, we provide parents with workshops on how to support their child in ELA, MATH and are presented by the coaches and teachers by grade band.
The UFT Teacher center has planned a series of Habits of the Mind workshops to share strategies.
The PTA President participates of the District 30 Habits of the Mind book club.

Encouraging School-Level Parental Involvement

The PS/IS 127Q Aerospace and Science Academy will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS/IS 127Q Aerospace and Science Academy, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve Academic proficiency. Students and Parents are provided with Academic Contracts that outline the Academic expectations and at home strategies to attain Academic Proficiency in ELA and Math based on our Instructional Focus

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

-parents are provided with the following communication platforms: Classdojo, Remind, and google classroom access as an additional form of communication.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

-Parents receive a phone call when the student is absent and after three latenesses, parents are contacted.

II. Parent/Guardian Responsibilities

- Monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- Ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- Check and assist my child in completing homework tasks, when necessary;
- Read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- Set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- Encourage my child to follow school rules and regulations and discuss this Compact with my child;
- Volunteer in my child's school or assist from my home as time permits;
- Participate, as appropriate, in the decisions relating to my child's education;
- Communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- Respond to surveys, feedback forms and notices when requested;
- Become involved in the development, implementation, evaluation and revision to the Parent and Family

Engagement Policy and this Compact;

- Participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- Take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- Share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- Attend school regularly and arrive on time;
- Complete my homework and submit all assignments on time;
- Follow the school rules and be responsible for my actions;
- Show respect for myself, other people and property;
- Try to resolve disagreements or conflicts peacefully;
- Allways try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Queens North Professional Learning Opportunities

Instructional Leadership Framework Team Professional Learning Opportunities

Queens North Instructional Lead Coaching for Administration and Teachers

Curriculum aligned Professional Learning Opportunities (Webinars, Virtual Meetings,)

Peer to Peer Inter-visitation

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Transition Team consists of the Early childhood AP , Pupil Personal Secretary, Parent Coordinator, and Early Childhood Guidance Counselor. This team works collaboratively to ensure that Students and Parents are supported as they move from Preschool to Early Elementary with the provision of Review of Citywide Protocols, Schoolwide Protocols, Parent Concerns, Student Concerns through Parent Workshops and weekly Parent Outreach. Designated support staff works with the related service providers (at risk and or mandated)
to provide services as prescribed for our students as they transition. Vertical alignment is evidenced as the Early Childhood Curriculum is aligned to the Early Elementary School Programs as it relates to the overall learning standards that should be met as the students transition.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	1,059,255	x	5C,6
Title I, School Improvement 1003(a)	Federal	782,654	x	5A, 5B, 5C
Title II, Part A	Federal	46,335	x	5C
Title III, Part A	Federal	57,893	x	5C, ELL Sub Group , LEP
Title III, Immigrant	Federal	19,959	x	ELL subgroup
Title IV, Part A	Federal	5,491	x	5C
Tax Levy (Fair Student	Local	9,441,044	x	5C,6

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Carmen Montas
Assistant Principal (Where Applicable)*	Jenny Moscoso
English as a New Language (ENL) Teacher*	Harold Mejia
Teacher (if school has a bilingual program must be a bilingual teacher)*	Gabriel Cotto
Parent/Guardian*	Lisetti Robles-Arias
Teacher	Lynette Perez de Jesus
Parent Coordinator	Lincia Hamilton
School Counselor	Yvette Andino
Related-Service Provider	Valentina Faulisi
Special Education Teacher	Natalie Londono
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

20

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

10

Number of certified ESOL teachers not currently teaching ENL:

4

Number of teachers who hold both content area/common branch and ESOL certification:

17

Number of ESOL certified teachers with a bilingual extension:

3

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

9

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

1

Total number of teachers with LOTE certification providing World Language instruction:

1

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1,013

Total number and percentage (%) of current ELLs:

Total number of current ELLs: 497 or 49.1%

Total number and percentage (%) of former ELLs:

Total number of former ELLs: 92 or 9.1%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

Total number of Newcomers: 409 or 82.3%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

Total number of Ells who are Developing ELLs: 67 or 13.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

Total number number of Long-Term ELLs: 21 or 4.2%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

Total number of Students with Inconsistent/Interrupted Formal Education: 12 or 2.4%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

Total number of ELLs wiith an Individualized Education Program: 78 or 15.7%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

No

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	TBE	Spanish	2024	0	0	0	0	0	0	0	0	0	0	0	0		0
TBE				0	0	0	0	0	0	0	0	0	0	0	0		0
TBE				0	0	0	0	0	0	0	0	0	0	0	0		0
DLBE	DLBE	Spanish	2010	1	1	1	1	1	1	1	1	1	0	0	0		9

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In classes where the classroom teacher is not dually certified, students receive standalone services by a licensed ENL teacher. The TESOL teacher goes into the class to provide ENL instruction, including scaffolds to help students meet the target language standards. If an ENL student in an ICT or 12:1:1 class has an IEP that requires bilingual instruction, we provide these students with a language paraprofessional if the Special Education Teacher does not hold a bilingual extension; this service is given in addition to required ENL minutes of instruction by a licensed ENL teacher.

Students at the Entering and Emerging levels receive at least 360 minutes per week of ENL instruction (180 standalone and 180 integrated), and Transitioning and Expanding level students receive at least 180 minutes per week of ENL instruction. FELLs are given 90 minutes of ENL support per week for the first two years after exiting the ENL program, as per Commissioner's Regulation Part 154. In grades kindergarten through eighth grade, multilingual instructional strategies are used by our ELL service provider to develop literacy skills such as reading comprehension, oral reading accuracy rate, and writing.

ENL Standalone services are provided for students in K-5; ENL Standalone services are provided for students in grades 6-8, by a TESOL-certified teacher who remains in the student’s classroom to work with them in providing scaffolds and prerequisites to meet ELA standards. ENL classes remain as a group for all content instruction

Integrated ENL:

We provide Integrated ENL instruction delivered by both content-certified teachers and TESOL-certified ENL teachers. Students in these classes represent all proficiency levels—Entering (EN), Emerging (EM), Transitioning (TR), Expanding (EX), and Commanding (CM)—as determined by their NYSITELL and/or NYSESLAT scores. Instruction is delivered in accordance with CR Part 154 regulations.

Students at the Entering and Emerging levels receive a minimum of 360 minutes of ENL instruction per week (180 minutes of standalone instruction and 180 minutes of integrated instruction). Students at the Transitioning and Expanding levels receive at least 180 minutes of ENL instruction weekly. Former English Language Learners (FELLs) continue to receive 90 minutes of ENL support per week for two years following their exit from the ENL program, as mandated.

Instructional time is strategically planned through flexible grouping and differentiated instruction to meet the diverse needs of learners. Teachers integrate ENL strategies into lessons by using scaffolds that promote independent learning and support language development. Both content-area and TESOL-certified teachers adapt curriculum materials based on student proficiency levels, utilizing the New Language Arts Progressions (NLAP) as a framework.

To ensure cohesive instruction, ENL and content-area teachers engage in 90 minutes of common planning time

dedicated to integrated ENL instruction. Additionally, ENL providers meet weekly with classroom teachers who support ELLs and FELLs to analyze student data, co-plan instruction, and monitor progress.

A strong emphasis is placed on the development of both social and academic language through structured opportunities for student discourse, aligned to the Next Generation Learning Standards. This collaborative model between content-area and TESOL teachers ensures that multilingual learners have access to grade-level content and are supported in achieving academic success in the target language.

Our ENL service providers deliver integrated instruction across core subjects in alignment with CR Part 154 and the Policy and Reference Guide for Multilingual Learners/English Language Learners.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

At P.S. 127 Q, the Spanish Dual Language program spans from Pre-Kindergarten through 8th grade. All dual language classes are taught by certified bilingual teachers and include both English Language Learners (ELLs) and English-proficient students. To support language development and promote continuity, dual language students remain together as a cohort from PK through grade 8 whenever possible.

The program follows a 50/50 dual language model, in which students receive instruction in English for 50% of the time and in Spanish for the remaining 50%. This is implemented by alternating full days of instruction in each language—one day entirely in English, followed by the next day entirely in Spanish—throughout the school year.

For literacy instruction, the HMH Into Reading program (grades K–5) and Into Literature program (grades 6–8) are used in both English and Spanish, alternating by day for reading and writing instruction. Teachers incorporate opportunities for cross-linguistic connections to support language development in both languages.

enVision Math is used in grades K–8 and is taught in English and Spanish on alternating days. The Amplify Science curriculum is implemented in grades K–7 in both languages, while Scale Science is used for Grade 8 biology instruction. The NYCDOE Passport to Social Studies curriculum is also delivered in English and Spanish on alternating days for grades K–8.

In addition, Dual Language classes receive at least one 50-minute period per week of Home Language Arts (HLA) instruction, during which translanguaging strategies are used to strengthen vocabulary and language development in both English and Spanish.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The school ensures that all English Language Learners (ELLs) receive the mandated number of instructional minutes based on their English language proficiency levels, in accordance with the Commissioner's Regulations, CR Part 154. These regulations guide the identification and service of ELLs in each instructional model.

We monitor student schedules through STARS programming to ensure that students are appropriately programmed to meet the required ENL instructional minutes. Standalone ENL classes are taught by certified K–12 ESOL teachers. Integrated ENL instruction is delivered by teachers who hold both ESOL and Common Branch certifications in the elementary grades, or by ESOL and content-area certified teachers in grades 7 and 8.

To support co-teaching models, we employ two certified teachers per class: a certified ESOL teacher paired with a certified K–6 elementary teacher at the elementary level, and a certified ESOL teacher paired with a certified content-area teacher in grades 7 and 8.

Our Spanish Dual Language program is taught by dually certified bilingual teachers who hold Common Branch and Early Childhood licenses. Across all instructional models—Standalone ENL, Integrated ENL, and Dual Language—scheduling is designed to meet the required instructional minutes for ELLs, as outlined in the NYC Academic Policy for grades K–5 and 6–8, and aligned to students' individual English proficiency levels.

Teachers serving ELLs and Former ELLs (FELLs) receive student-specific English proficiency data, which is obtained from ATS reports (RLAT/RESI). This data is used to tailor instruction and ensure student needs are met across all program models.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL, English Language Arts (ELA), and Home Language Arts (HLA) instructional minutes are scheduled in alignment with the mandated requirements outlined in the Commissioner's Regulation CR Part 154. These instructional blocks are built directly into teachers' programs to ensure compliance and support student language development.

For example, all Dual Language classes receive one dedicated HLA block per week, in addition to 50% of their instruction in English and 50% in Spanish across content areas. This approach reflects our strong belief that supporting students in their home language accelerates their English language proficiency.

Standalone ENL instruction is provided during the ELA period. The languages spoken by cluster teachers—such as those in art, music, and physical education—are also considered when building schedules to support language consistency throughout the day.

ENL students in monolingual Special Education and ICT (Integrated Co-Teaching) classes receive ENL push-in services from a licensed ENL teacher. Students at the Entering and Emerging proficiency levels receive 360 minutes of ENL instruction per week, while students at the Transitioning and Expanding levels receive 180 minutes of ENL instruction in addition to 180 minutes of ELA instruction weekly.

All schedules for Standalone and Integrated ENL instruction are created based on the required number of instructional minutes for each proficiency level, ensuring that each student receives appropriate and targeted language support.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language program follows a 50/50 model within a self-contained classroom setting, where students receive 50% of their instruction in English and 50% in Spanish over a two-week cycle. This is accomplished by alternating the language of instruction each day—one day entirely in English, followed by the next day entirely in Spanish. By the end of each two-week cycle, students receive an equal number of instructional days in both languages.

In grades K–8, English Language Learners (ELLs) and English-proficient students are grouped together and remain in the same class for all content area instruction, promoting language development and academic achievement in both English and Spanish.

b. In which language(s) is each core content area taught?

All core content areas are taught in English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At PS 127 Q, there are 1,013 active students, of whom 497 are current English Language Learners (ELLs) and 92 are Former English Language Learners (FELLs). Among the current ELLs, 409 are identified as Newcomers, 67 as Developing ELLs, and 21 as Long-Term ELLs. At this time, 2.4% of the ELL population is classified as Students with Inconsistent/Interrupted Formal Education (SIFE), and 15.7% are ELLs with Individualized Education Programs (IEPs).

Newcomers receive extensive language supports that include a social-emotional component and target-language immersion. They are welcomed through a classroom buddy system that pairs each student with a peer who speaks their home language and serves as a strong English language model. Classrooms feature visual supports to help Newcomers communicate essential phrases such as “May I ask a question?” and “May I go to the bathroom?” ENL classrooms are print-rich environments, equipped with sentence starters and visual aids that support students in expressing their thinking and learning across all content areas, including reading, writing, math, science, and social studies. In addition, Newcomers are invited to participate in our Saturday Academy, which offers instruction in both the target language and their home language, as well as extracurricular activities such as art, music, and dance.

Developing and Long-Term ELLs receive targeted academic interventions in English Language Arts, mathematics, social studies, and science. Each student is connected with an intervention specialist who provides supports through the Multi-Tiered System of Supports (MTSS) framework. During daily MTSS time, teachers utilize mCLASS interventions in reading and math to strengthen foundational skills. These students also receive additional academic support in ELA and math through after-school programs designed to accelerate their language and content proficiency.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Out of 497 English Language Learners (ELLs), 2.4% are identified as Students with Inconsistent/Interrupted Formal Education (SIFE). Effective instruction for SIFE students includes the mandated ENL standalone and integrated instructional minutes, supported by a licensed ENL teacher who provides targeted, standards-based Tier I

instruction and small-group academic interventions. These students also engage in grade-level i-Ready reading and mathematics lessons, receive teacher-created scaffolds across all content areas, and benefit from home-language support through our Saturday Academy, which offers literacy, math, and extracurricular programs. In addition, content materials are provided in students' home languages as side-by-side instructional supports.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

The school currently serves 21 Long-Term English Language Learners (ELLs), representing 4.2% of the total ELL population. Effective instruction for Long-Term ELLs is guided by individualized needs assessments and data-driven plans that emphasize small-group, standards-based interventions using mCLASS literacy and math resources.

Developing ELLs receive both standalone and integrated ENL instruction aligned to their English language proficiency levels. Instruction is scaffolded to support language acquisition during Tier I content instruction as well as during ENL standalone lessons. Students are regularly assessed using i-Ready and mCLASS (K–6) to identify specific areas of need, which are addressed through targeted instruction during daily MTSS intervention time.

For students who are both Long-Term ELLs and have Individualized Education Programs (IEPs), instruction is developed collaboratively among the ENL teacher, classroom teacher, and special education teacher. This collaborative approach ensures that students receive all mandated services and accommodations as outlined in their IEPs, while also supporting both their language development and academic progress.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Our school currently serves 92 Former English Language Learners (FELLs), representing 9.1% of our active student population. These students continue to receive support services for an additional two years after achieving a Commanding proficiency level on the NYSESLAT or earning a Level 3 or higher on the New York State English Language Arts (ELA) exam in conjunction with an Expanding proficiency score on the NYSESLAT.

Former ELLs receive small-group language support for 90 minutes per week through an integrated instructional model within the content areas. In addition, these students continue to receive testing accommodations on both formative assessments and New York State exams for two years following their exit from ELL status.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The trends observed from EDAT and assessment data indicate several important patterns regarding our ELL population. A significant proportion of students are newcomers, with 409 ELLs (82.3%) having received zero to three years of ELL services. This suggests that the majority of our ELL population is still in the early stages of English language development. Additionally, housing instability is a notable factor, as 177 ELLs (35.6%) are in temporary housing. This figure closely mirrors the 34.4% of ELLs who did not demonstrate sufficient English language proficiency (ELP) growth on the Spring 2024 NYSESLAT, suggesting that housing instability may be correlated with slower language development due to inconsistent attendance, limited access to learning resources, or increased stress.

Academic performance gaps are also evident. In Math, 38.6% of ELLs scored at levels 1 or 2, compared with 29.2%

in ELA, indicating that ELLs are struggling more in Math than in literacy, despite the expectation that language barriers might primarily impact reading and writing.

The implications of these trends point to the need for close progress monitoring and careful examination of our intervention practices. Specifically, the school plans to study mCLASS reading and writing interventions through vertical and horizontal inquiry teams, reflecting a focus on data-driven instructional improvement. MTSS periods will be embedded for K–8 ELLs alongside mandated ENL minutes, demonstrating a multi-tiered approach to addressing both academic and language needs.

Instructionally, intensive support will be provided for newcomers. Since these students have limited exposure to ELL instruction, foundational language development will be emphasized alongside content learning, including scaffolding, sheltered instruction, and explicit vocabulary instruction. Targeted supports will also be provided for students in temporary housing, including additional academic and social-emotional supports to mitigate the effects of housing instability. Afterschool programs during the week and on Saturdays will provide these students with access to grade-level instruction.

Math instruction will also be targeted for intervention. The high proportion of low Math scores indicates a need for language-rich instruction and scaffolds that allow ELLs to access problem-solving tasks effectively. Academic language support will be integrated into Math lessons to enhance understanding of concepts and word problems.

Data-driven instructional adjustments will continue to guide teaching practices. mCLASS and other formative assessments will be used to track reading and writing progress, allowing teachers to differentiate instruction, group students strategically, and adjust interventions as needed. Vertical and horizontal teams will align curriculum and interventions across grades to ensure consistency and cumulative skill development.

MTSS integration will ensure that ELLs receive targeted Tier 2 and Tier 3 interventions without losing access to core instruction. This structured intervention model will help close gaps in both language proficiency and academic performance.

In summary, the data reveal that a large proportion of ELLs are newcomers and/or experiencing housing instability, which is closely linked to slower English proficiency growth. ELLs are struggling more in Math than ELA, highlighting the importance of language-focused content instruction. Instruction should be scaffolded, targeted, and data-driven, with MTSS and intervention blocks embedded into ENL schedules to support both language and academic growth.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The data for former ELLs at PS 127 Q Aerospace Science reveal concerning trends in academic performance over the past two school years. On the New York State ELA test, the percentage of former ELLs scoring at levels 1 or 2 increased significantly, rising from 27.2% in 2022-2023 to 47.8% in 2023-2024. Similarly, on the New York State Math test, the proportion of former ELLs performing at levels 1 or 2 also grew, from 32.6% to 41.3% over the same period.

These trends indicate that a growing number of former ELLs are struggling to meet grade-level expectations in both ELA and Math. The increase in low performance suggests that former ELLs may require additional targeted support, as challenges in academic language development or gaps in foundational skills may be hindering their ability to access grade-level content independently. The parallel rise in low performance across both ELA and Math highlights that these difficulties are not isolated to literacy but extend into content areas that also demand strong language

comprehension and problem-solving skills. Overall, these trends underscore the need for ongoing monitoring, focused interventions, and supports to address persistent achievement gaps among former ELLs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The most represented home language among our English Language Learners (ELLs) is Spanish, spoken by 462 students. Spanish is followed by Arabic with 9 ELLs, and Bengali, Haitian Creole, and Urdu with 5 ELLs each. Additionally, Chinese is spoken by 3 ELLs; Portuguese and Russian by 2 ELLs each; and French and Nepali by 1 ELL each.

Through our hiring practices, we ensure that school personnel reflect the linguistic diversity of our student population and are proficient in the parents' preferred languages of communication. In addition, we utilize the Office of Language Access's approved over-the-phone interpretation and translation services to communicate with families who speak low-incidence languages. This service is used during key school events such as student registration, Parent-Teacher Conferences, and Open Houses to ensure all families have equitable access to information and engagement opportunities.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S. 127 Q, our English Language Learner (ELL) population represents a diverse range of ethnicities: 50.7% identify as American Indian or Alaskan Native, 4.8% as Asian, 5.2% as Black, 2.0% as Multiracial, 1.6% as Native Hawaiian or Other Pacific Islander, and 35.6% as White.

ELL students are actively included in the planning and implementation of Culturally Responsive and Sustaining Education (CR-SE). Teachers participate in ongoing professional development focused on integrating CR-SE principles into daily instruction. During common planning time, educators collaborate to customize curriculum materials and instructional strategies that embed culturally responsive practices alongside standards-based learning.

For example, teachers work together to present content and learning experiences that meet the diverse needs of ELLs by identifying and removing bias in teaching materials, assignments, and resource allocations. They also modify the curriculum to ensure rigorous learning opportunities that promote active listening, critical thinking, collaboration, and meaningful dialogue. Additionally, teachers create multiple pathways for students to express their learning and strengthen family engagement in culturally responsive ways.

P.S. 127 Q fosters a welcoming and affirming environment by celebrating students' cultures through Character Education (Grades K–5), Advisory (Grades 6–8), parent workshops facilitated by guidance counselors, and collaborative events organized with community-based organizations.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The data on student growth in English language proficiency at PS 127 Q Aerospace Science reveal several clear trends. First, only a small proportion of ELLs are making significant progress toward English proficiency, with 16% exiting ELL status, 15% meeting the annual progress target, and 9.4% achieving safe harbor cumulative growth. This indicates that while a few students are achieving expected gains, the majority of ELLs—59.6%—are not making sufficient progress.

Additionally, the number of students exiting ELL status has remained consistent over the past two years, with 46 students testing out in both Spring 2023 and Spring 2024. This suggests that despite ongoing interventions and supports, overall growth rates are stagnant and that systemic challenges may be limiting broader progress across the ELL population.

Taken together, these trends highlight the need for intensified, targeted support for ELLs, particularly for the majority who are not meeting sufficient progress. They also indicate a potential gap between instructional strategies and the students' current language development needs, signaling the importance of reviewing and adjusting interventions to increase the rate of English proficiency growth.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The team analyzed the results of the New York State English as a Second Language Achievement Test (NYSESLAT) and identified several notable trends. First, the total number of test takers increased by 100 students, from 323 ELLs in 2023 to 423 ELLs in 2024. Among the 497 active ELLs, 111 had no NYSESLAT history, and 9 had no 2024 NYSESLAT scores. The number of ELLs without prior NYSESLAT history decreased from 207 to 111. Additionally, the number of ELLs who tested out in Spring 2023 and Spring 2024 remained consistent.

When examining 2024 NYSESLAT proficiency levels, the largest group of ELLs scored at the Expanding level, representing 29.3% of the total. Following this, 25.8% scored Emerging, 20.6% scored Transitioning, and 13.5% scored Entering. Notably, the percentage of ELLs at the Entering level decreased from 15.6% to 13.5%, indicating slight growth in English language proficiency overall.

A modality of strength analysis showed that for both 2023 and 2024, Speaking was the strongest modality for ELLs and former ELLs, followed by Listening, Reading, and Writing. Conversely, Writing consistently emerged as the area of greatest need. The number of ELLs scoring low in Writing increased from 70 in 2023 to 124 in 2024, likely influenced in part by the increase in the total number of test takers.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The school looked closely at the Spring 2024 NYSESLAT, the 2024 ELA exam, and the 2024 Math exam to find relationships between the test results for 3rd to 8th grade test takers. The data shows that 172 students took the ELA exam. From the group of Commanding NYSESLAT ELA test takers, 12 scored a level 1, 12 scored a level 2, 6 scored a 3, and 0 scored a 4 on the ELA exam. The majority of NYSESLAT test takers (71 students) scored at an Expanding level and a level 1 on the ELA exam. When considering the Spring 2024 NYSESLAT and the 2024 Math assessment, we calculated that there were 239 test takers. From those students who scored Commanding on the NYSESLAT, 5 scored a level 1, 17 scored a level 2, and 8 scored a level 3 in the Math test. A near commensurate number of students scored Expanding on the NYSESLAT and a level 1 or 2 on the math (30 Expanding and a level 1 in Math and 31 Expanding a level 2 in Math.)

Our overall analysis finds that a correlation exists but is not strong. Higher NYSESLAT proficiency tends to align with slightly higher Math and ELA scores, but there are many outliers. ELA results show a weaker correlation than Math, as even Commanding students are scoring low on the ELA exam. Some possible reasons include, NYSESLAT measures English language proficiency, not full content mastery; ELA and Math exams test content knowledge and academic language, which may lag behind conversational or general language proficiency.

Other factors like instructional gaps, test-taking skills, or prior schooling could affect these results.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Based on the 2024 NYSESLAT data, 70 out of 423 ELL test takers were identified as students with IEPs. Among these students, the majority scored at the Expanding level (22 students), followed closely by Transitioning (21 students), Emerging (12 students), Entering (10 students), and Commanding (5 students). The largest concentration of ELLs with IEPs scored within the Transitioning and Expanding levels.

Additionally, seven test takers were identified as Students with Inconsistent/Interrupted Formal Education (SIFE). Of these students, four scored at the Entering level and three scored at the Emerging level. We assert that these students scored in the lower English proficiency levels primarily due to their Newcomer status, having been in the United States for fewer than three years. Consequently, they have not yet had sufficient years of academic instruction to develop Cognitive Academic Language Proficiency (CALP) in English.

Several factors may also be impacting students' academic performance, including limited prior schooling or gaps in foundational academic skills, especially for SIFE students; language barriers that make accessing grade-level content in English challenging; adjustment to a new educational system and cultural differences that can affect engagement and confidence; the need for differentiated support in both language acquisition and content area instruction, especially for students with IEPs.

External factors such as socio-economic challenges, access to resources at home, and varying levels of family support for academic development.

By understanding these contributing factors, the school can design targeted interventions, including MTSS supports, dual language scaffolds, and individualized instruction, to help students improve English proficiency and academic outcomes.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

The school provides English Language Learners (ELLs) with a high-quality academic experience that fosters deeper learning through the Instructional Leadership Team (ILT), which monitors and invests in essential components of core instruction. The ILT also examines and shapes the school-wide culture to ensure that the climate supports optimal learning conditions.

Families are acknowledged and welcomed through the parent coordinator, Parent-Teacher Association, and multilingual literature from the Office of Language Access. Cultural and linguistic backgrounds are valued via open houses with translation services, cultural festivals, and library materials in students' home languages. Structures are in place to orient new students and families, including tours of shared spaces such as the cafeteria, auditorium, gymnasium, library, main office, and bathrooms.

Classrooms are print-rich and feature survival phrases and language scaffolds to promote meaningful conversations during content learning. Teachers receive embedded coaching from Relay Graduate School and Gen Ready to deepen their knowledge of Next Generation Standards and their alignment with ELA and mathematics curricula. Professional learning includes onsite coaching, intervisitations, and feedback sessions on curriculum and instructional goals that support ELLs. Teacher needs surveys guide the ILT in selecting professional development through NYC DOE's Office of Multilingual Learners (OML), the New York Statewide Language RBERN, and the City University of New York.

The school implements the evidence-based Fundations program from kindergarten through grade 3, providing daily instruction in sounds, spelling, and meaning. Dual language programs use a coherent, aligned core literacy approach across English and Spanish. Elementary and middle school students use HMH Into Reading and Into Literature to build content knowledge while supporting cross-linguistic transfer and metalinguistic awareness. Teachers plan instruction that connects grade-level texts and tasks to students' prior knowledge and identities during grade-level common planning and vertically aligned dual language meetings. Curriculum is frequently modified, enhanced, and scaffolded for ELLs through ongoing assessments, including iReady and mCLASS. Assessment data informs strategic small group instruction via MTSS Tier 2 and Tier 3 interventions.

The ILT and service providers collaborate to avoid scheduling conflicts, ensuring students participate in all activities

and receive mandated services. ELLs also have access to afterschool and Saturday programs, such as Title III, NYS Math and ELA Test Prep, Saturday Academy, chorus, and sports. Equal access is ensured by providing written notices and permission slips in students' native languages, bilingual staff support during programs, and bilingual office personnel available to answer questions and follow up with families as needed.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team (ILT) at P.S. 127Q is deeply committed to ensuring that all Multilingual Learners/English Language Learners (MLLs/ELLs) have equitable access to a strong, standards-aligned core curriculum that is both engaging and inclusive. The team prioritizes the use of culturally and linguistically responsive instructional materials that reflect students' diverse backgrounds and foster rigorous academic achievement for all learners.

Comprising the administrative team, the UFT Teacher Center representative, the testing coordinator, mathematics coaches for Grades K–8, model teachers, the UFT chapter leader, the Bilingual/ENL Coordinator, and the IEP teacher, the ILT functions as a cohesive unit dedicated to advancing the school's mission and vision. Together, members continuously evaluate and refine these guiding principles to make explicit the school's purpose in supporting MLLs/ELLs and other diverse student subgroups.

The ILT monitors the implementation of the school's mission and vision through the analysis of both quantitative and qualitative data. This process allows the team to identify and provide supports for students at risk of academic difficulty, ensure accurate and timely referrals for special education services, address the unique needs of diverse learners—including students in transitional housing, students with disabilities, newcomers, ELLs, and Former ELLs (FELLs)—and strengthen instructional practices, resources, assessments, and tiered interventions that promote academic growth and equity.

Regular ILT meetings foster collaboration and provide targeted support for teachers, with a strong focus on effective instructional strategies for ELLs and students with disabilities. All professional development (PD) opportunities, whether in-house or external, are coordinated by the ILT to ensure alignment with teacher needs and schoolwide instructional goals. To identify areas for professional growth, staff surveys and data analyses are conducted throughout the year. Based on these findings, the team develops targeted PD sessions designed to enhance teacher capacity and instructional effectiveness.

Teachers at P.S. 127Q also participate in ongoing workshops provided by the NYC Department of Education's Office of Multilingual Learners (OML) and the Regional Bilingual Education Resource Network (RBERN) at New York University. These workshops emphasize key practices such as language transfer, scaffolding, and differentiated instruction. Educators who attend external PD sessions are encouraged to turn-key their learning to colleagues during grade-level and department meetings, promoting a collaborative culture of shared expertise.

Monolingual teachers work closely with ENL teachers to strengthen instruction for ELLs by integrating specific strategies such as language scaffolds and structured supports that facilitate students' transition from social to academic language proficiency. Differentiated professional development is also provided through model lessons conducted by literacy coaches and lead teachers, who open their classrooms for demonstration lessons followed by reflective debriefing sessions. These experiences encourage collegial dialogue, professional reflection, and the direct application of learning to daily instructional practice.

To further support staff development, open periods are designated for teachers to request resources, guidance, or individualized assistance. Literacy coaches and teacher mentors play an integral role in providing ongoing support, ensuring that professional growth remains an embedded part of the school's culture of continuous improvement.

P.S. 127Q offers a rich array of programs and enrichment opportunities designed to provide ELLs with a well-rounded educational experience. During the school day, students participate in special subjects such as physical education, movement, music, art, technology, Spanish, library, science lab, and writing. Students with IEPs or mandated services receive speech therapy, occupational therapy, physical therapy, SETSS, or counseling as needed. The administrative team collaborates closely with service providers to ensure that all services are scheduled appropriately, allowing students to participate fully in both academic and enrichment programs without conflicts.

Beyond the regular school day, P.S. 127Q offers after-school and Saturday programs, including Title III enrichment, NYS Math and ELA Test Preparation, NYSESLAT Test Preparation, Saturday Academy, chorus, and sports programs. The school is committed to ensuring equitable access for all ELLs to these opportunities. Communication about after-school and enrichment programs is provided to families in their home languages, and bilingual staff members are present during these sessions to support students who are not yet proficient in English.

The bilingual office staff—including secretaries and school aides—play a vital role in maintaining strong family engagement. They assist parents with inquiries, provide translation and interpretation services, and conduct follow-up communications to ensure that families are well informed about programs, services, and supports available to them.

Through the ongoing collaboration of the Instructional Leadership Team, teachers, and support staff, P.S. 127Q ensures that every Multilingual Learner and ELL receives the instruction, resources, and opportunities necessary to achieve academic success and language proficiency. This collective commitment to data-driven instruction, culturally responsive practices, and professional growth sustains a schoolwide culture of excellence, inclusion, and equity.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At P.S. 127Q, we provide a comprehensive continuum of English as a New Language (ENL) services that includes Dual Language (English/Spanish) classes, Self-Contained ENL classes, and both Standalone and Integrated ENL instruction.

Because our learning community is linguistically and culturally diverse, our instructional approach emphasizes differentiation to meet the unique needs of all students. Our English Language Learners (ELLs) represent a wide range of languages, cultural backgrounds, interests, learning styles, and literacy levels. They also demonstrate varying degrees of proficiency and strategy mastery, which requires a flexible and responsive approach to content, process, and product design in classroom instruction.

We use the NYSITELL and NYSESLAT proficiency levels to guide instructional planning and provide appropriate supports for each student. During integrated (EN, EM, TR, EX, CM) and standalone (EN, EM) models of ENL instruction, teachers are encouraged to incorporate the Advanced Literacies Hallmarks into their daily lessons by following these guiding structures:

Create a Hook Before Teaching – Teachers begin lessons with an engaging activity that captures students' interest and connects to the lesson topic.

Build Background Knowledge – Teachers actively build schema before introducing new material, using visuals, videos, and rich print resources to make content comprehensible for students in early stages of language acquisition.

Develop Vocabulary – Teachers pre-teach essential vocabulary using explicit, multisensory techniques such as matching actions with words and modeling target language in meaningful contexts. Students are expected to use new vocabulary in class discussions and written responses.

Increase Student Engagement – Teachers plan authentic discussion questions that promote classroom dialogue and critical thinking. This structured oral interaction supports students' development of higher-order thinking skills, which in turn strengthens their writing.

Provide Actionable Feedback – Teachers give specific, constructive feedback that guides students in improving academic performance and deepening language proficiency.

Our school actively supports teachers in implementing the Gradual Release of Responsibility (GRR) model to foster independent learning. We have also developed an Instructional Essentials Guidance Document to align all teaching practices with the New York State Learning Standards and the Blueprint for ELL Success.

Support for Newcomer ELLs

Newcomer students are warmly welcomed into our school community and supported to feel comfortable, secure, and included. To facilitate their transition, teachers implement a buddy system that pairs newly arrived ELLs with peers who share the same home language and serve as positive English language models. Teachers design classroom experiences that allow newcomers to listen to and use English in small-group activities, collaborative projects, and meaningful peer interactions.

Targeted academic interventions in ELA, mathematics, science, and social studies are provided during the school day and through after-school programs to ensure newcomers receive comprehensive linguistic and academic support. Newcomers are also encouraged to attend the after-school program to build academic skills and form social connections within the school community.

Support for Continuing, Transitional, and Long-Term ELLs

Our instructional plan for ELLs receiving services for four to six years includes intensive daily academic support in language and content areas. The Transitional Student Support Plan ensures that ELLs who have met the proficiency criteria on the NYSESLAT continue to receive appropriate testing accommodations and ELL support for two years after exiting the program, in accordance with NYSED policy.

For Long-Term ELLs (LTELLs), we develop individualized needs assessments and create data-driven instructional plans that target specific literacy and mathematics goals.

For ELLs with disabilities, instruction is collaboratively planned and implemented by the ENL teacher, classroom teacher, and special education (IEP) teacher to ensure compliance with IEP mandates. Lessons are differentiated and scaffolded to provide necessary accommodations and modifications. Our inquiry-based curriculum encourages teachers to meet regularly in inquiry teams to analyze data and identify the needs of struggling readers—particularly ELLs and ELLs with IEPs—to bridge learning gaps and accelerate progress.

Former ELLs receive 90 minutes of mandated integrated ENL instruction per week within the content area to support their continued language and academic development.

Dual Language Program Model (English/Spanish)

At P.S. 127Q, the language of instruction is English, except in our Dual Language (DL) program, where English and Spanish are used on alternating days. In the DL classrooms, both English-proficient students and ELLs spend 50%

of their instructional time in English and 50% in Spanish, with strict separation of languages by time, subject, and theme to promote balanced bilingualism and biliteracy.

The Dual Language model follows a self-contained structure. A typical student schedule includes literacy, writing, and word study taught in the language of the day. Mathematics instruction is delivered daily in either English or Spanish, depending on the rotation. Science and social studies are taught three times per week for fifty minutes each, also in the language of the day. Students additionally participate in special subjects such as music, writing, and movement, taught by cluster teachers for forty-five minutes, scheduled intentionally to align with the day's target language.

The Dual Language program currently serves students from Pre-Kindergarten through Grade 8, promoting high levels of academic achievement, bilingualism, biliteracy, and cross-cultural understanding.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers use NYC DOE approved curricula such as HMH Into Reading, HMH Into Literature, Passport to Social Studies, Amplify Science, Civics for All, and Math enVisions to deliver rich language and vocabulary instruction while differentiating and scaffolding for both ELLs and students with IEPs. Specific scaffolds used for ELLs and ELLs with IEP students include building background knowledge (HMH Into Reading and HMH Into Literature Semantic Maps and Vocabulary Webs), targeted vocabulary development (HMH Into Reading and Into Literature Vocabulary Picture Cards), increasing access to grade level text (Learning A-Z and Raz-Kids Plus online platform), cognate study, and electronic read aloud resources (HMH Into Reading and HMH Into Literature platform read aloud).

Teachers meet during their common planning period curriculum to create maps based on the curriculum and Next Generation Standards. Using this, they create unit plans in which they incorporate scaffolds such as webs, videos, sentence frames, word banks, translations, and cloze reading articles. Teachers incorporate the pacing by adding dates and assessments to track student progress. During common planning, teachers will do research using NYC READS resources to ensure students have access to grade level curriculum. Teachers will meet once a week during their common planning and make changes as needed to their unit plans to accommodate the needs of their students.

b. SIFE

SIFE students are immediately identified through home language surveys, teacher reports, and BESIS data collection. The school informs all teachers and providers that these students do not have adequate literacy or writing skills in their native language to transfer over to the target language. The assessments and methods used for them are adjusted accordingly. In many cases it is necessary to provide basic phonics and mathematics computation lessons to these students; in addition to immersing students in content-area learning. Our SIFE students are also offered academic intervention services through our RTI providers and ICT cluster teacher. SIFE students receive priority placement in our Title III instructional program. In some cases, a SIFE student with little to no formal education may be referred to a school within the district that has a bilingual program at the appropriate grade level. Newcomers in grades 6, 7, and 8 may be referred to IS 235, a middle school solely for newcomers. Upon completion of one school year, they can return to P.S./I.S. 127Q. Newcomers to our school develop English language skills as they are immersed in content-area learning. English language skills are taught through the content areas

using scaffolds such as sheltered English, concrete materials, and prior knowledge. The goal is to align English language learning with the content that is being taught in the classroom. This gives the students the support they need to participate fully in the classroom lessons. Since newcomers are tested in ELA after one year of being enrolled in an English Language School System, it is crucial that we use this short time period effectively. In order to accelerate literacy, BICS (Basic Interpersonal Communication Skills) and CALP (Cognitive Academic Literacy Proficiency) are developed simultaneously by using everyday social language to widen students' knowledge base of academic vocabulary. Newcomers are also provided with support during the school day with integrated ENL and academic interventions through AIS providers.

c. Newcomers

Newcomer students are warmly welcomed into our school community and supported to feel comfortable, secure, and valued. To promote social and linguistic adjustment, teachers implement a buddy system that pairs newly arrived ELLs with peers who share the same home language and also serve as positive English language models. Classroom teachers create purposeful opportunities for newcomers to listen to English and interact with peers through small-group activities, collaborative learning, and classroom projects that foster language development and build confidence.

Targeted academic interventions in English Language Arts, mathematics, science, and social studies are provided during the school day and through extended-day programs. Newly enrolled ELLs, including those newcomers who have received zero to three years of ENL services, are encouraged to participate in our after-school program, where they receive additional academic support and opportunities to form social connections within the school community.

Instruction across grades follows a consistent, standards-aligned curriculum that is scaffolded through the use of videos, digital print resources, and multiple entry points to ensure that newcomers can access grade-level content. DOE-approved curricular materials in literacy, social studies, science, and mathematics are strategically adapted to meet the needs of ELL newcomers. These include background knowledge organizers, visual vocabulary cards, picture-assisted discussion prompts, language frames for peer conversations, and online learning platforms featuring text-to-speech tools in English and Spanish. These supports collectively promote language acquisition, content comprehension, and equitable access to high-quality instruction for all newcomer students.

d. Long Term ELLs

Similarly, our instructional plan for Long Term ELLS are ELLs who have received English as a new language instruction, as
a component of their bilingual education or freestanding English as a new language program, for seven (7) or more enrolled school years in the NYC DOE involves intensive daily academic support. Our plan for our Long Term ELLs involves creating individual needs assessments and creating a data driven plan that focuses on literacy and math. Our plan for special education students involves collaboration between the ENL teacher, the classroom teacher and IEP teacher to ensure that all our special education ELLs are serviced as per their IEP and are receiving proper accommodations and modifications. Furthermore, we seek to meet the needs of these students through inquiry-based curriculum and strong RTI structure. Our inquiry team has been studying the needs of our struggling reading students, looking closely at students with IEPs who have lost ground in the past year and implementing targeted small group instruction to bridge the gaps. This targeted small group instruction is delivered through program based RTI periods in which teachers support with deepening background knowledge, development vocabulary, and skill based interventions.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

ELLs identified as having special needs are in self-contained special education classes, Integrated Collaborative Teaching classes, or a SETSS program. Teachers and providers who work with these students are provided with a copy of the student's IEP as per the Standard Operations Procedures Manual for Special Education. The instruction for these students is based on their data as well as their IEP goals. Students with learning disabilities are instructed with strategies such as previewing and reviewing information in a text, hands-on activities in the content areas, visual and auditory aids, peer tutoring to build confidence and native language support through providing text in the native language. Our ELLs in special education also receive small group instruction as well as one on one instruction. We maximize the amount of time that our ELL-SWIEPs spend with non-disabled peers in a number of ways. Our Integrated Collaborative Teaching classes which are inclusion models, begin at the Kindergarten level several years ago and now span from Kindergarten through grade eight. The IEPs of our SWIEPs also state that they only require special education settings during the core subjects. This allows them to be with the general education students during music, art, and gym as well as recess. Our school trips are also arranged by grade with special education and regular classes combined. In addition to these strategies our students with social or emotional disabilities are provided with counseling services through our guidance counselors. Positive behavior is reinforced through a school-wide system through our School core values of believing in ourselves and belonging to our school, and supported by administrators, teachers, staff, Dean and Restorative Coach.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Spanish-speaking English Language Learners (ELLs) are evaluated in their native language using the Spanish Language Assessment Battery (LAB) shortly after registration. In addition, Spanish-speaking students at the Entering proficiency level are assessed with i-Ready Math in Spanish to determine their mathematical understanding in their home language. Potential Students with Interrupted or Inconsistent Formal Education (SIFE) enrolled in our Dual Language and ENL programs are also screened using New York State's Multilingual Literacy SIFE (MLS) Screener, which provides valuable information about a student's vocabulary, reading, and writing proficiency in their first language.

Classroom teachers and ELL providers further assess literacy skills in the native language through reading and writing conferences, allowing for a more holistic understanding of each student's language profile. For students who speak lower-incidence languages, language abilities are evaluated using sight-word and simple writing tasks administered by staff members fluent in those languages. Additional formative assessments, such as the Estrellita and Lunita assessments, are used to monitor progress and guide native language instruction.

The results of all native language evaluations are used to inform instruction and are shared with parents during conferences to discuss the student's background, prior educational experiences, and academic needs. In the Dual Language program model, students are assessed in all core content areas in both English and Spanish to ensure balanced bilingual development.

Our school also implements mCLASS DIBELS 8th Edition and mCLASS Lectura to assess K–6 ENL students in Spanish, providing data on foundational literacy skills that help teachers deliver targeted instruction and support bilingual literacy growth.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Spanish is the language elective offered in grades 7–8. Our school supports MLLs/ELLs in earning the NYS Seal of Biliteracy by providing a Dual Language Program from PK–8, alongside world language instruction in Spanish to prepare students for the World Language Checkpoint A Exam and to earn two high school credits. Our Data Specialist programs students in STARS to ensure they receive the appropriate language credits.

Students in the PK–8 Dual Language Program receive 50% of their instruction in Spanish across content areas, ensuring consistent bilingual development and academic growth in both languages.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

P.S. 127 Q supports co-teaching and collaboration among teachers for ELL programs by securing weekly grade based, common planning with classroom teachers along with ENL providers. In addition, to grade based common planning time, vertically aligned common planning time is dedicated to dual language teachers in cohorts from Pre-K to 2nd grade, 3rd to 5th grade and 6th to 8th grade. During this planning time, teachers collaborate on planning for ELLs, FELLs, SIFEs, and ELLs with IEPs to study standards, choose and design assessments, develop learning experiences, choose materials, make curricular modifications, ensure targeted, standard based instruction, small grouping based on data.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

P.S. 127 Q will offer several staff-development sessions for our ENL/Bilingual teachers as well as our monolingual staff. Professional Learning for SY 2025-2026 will be planned over the summer.

These sessions will take place on staff-development days as well as during the common preparation periods. There will be a series of ongoing workshops. Below are some of the topics:

1. NYSESLAT and NYSITELL Assessments and Rubrics
2. NYSESLAT and NYSITELL data analysis to drive instruction
3. mCLASS DIBELS 8th Edition Screener, Progress Monitoring, and Instruction
4. mCLASS Lectura Screener, Progress Monitoring, and Instruction
5. Spanish LAB Assessment
6. Estrellita and Lunita Program Training for Bilingual Teachers
7. Phonics for Reading: Phonics Instruction for Older Students
8. Spire Foundations: Sounds Sensible
9. Wilson Language Training: Just Words
10. iReady Reading and Math training
11. Ready Generation training (K to 5th grade)
12. Relay Math training (6th to 8th grade)
13. Leveraging the Instructional Leadership Tool for ML and ELLs
14. Leveraging the Student-Level Decision-Tree
15. The Sanford Harmony Program Webinars
16. Planning and Implementing of Culturally Responsive and Sustaining Education (CR-SE)
17. HMH into Reading, HMH into Literature, and HMH English 3D

18. enVision Math Training
19. Paraprofessional training (translating strategies and classroom management)
20. NYC Public Schools Math Collaborative Professional Learning
21. Chancellor's Day Professional Learning to Address the Linguistic Demands of ELLs

The professional development committee which consists of the administrative team, teacher center representative and literacy coaches. The team meets regularly and collaborates to provide support to all teachers with an emphasis on ELL and special education strategies. The team streamlines and organizes all of the professional development activities that take place inside and outside of the school so that they are appropriate for each teacher's needs. The PD committee also distributes surveys to staff so that they can determine the areas that teachers require professional development in. We also offer staff development to both monolingual teachers and teachers of ELLs on language transfer issues through workshops offered by NYC DOE's Office of Multilingual Learners, NYU RBERN, and the City University of New York. A system has been put into place to ensure that teachers who attend these workshops have the opportunity to turn-key the information to the rest of the staff. The PD committee works with teachers in using ELL strategies, scaffolding, and language structures needed in order to transition students from social language proficiencies to academic language proficiencies. Differentiated professional development is offered to pedagogues by literacy coaches in the form of model lessons targeting specific teacher needs. Demonstration lessons in the classroom are followed up by a debriefing session, highlighting best practices observed in the lesson, teacher feedback, possible follow-up classroom visits, and further coaching opportunities. Debriefing sessions are designed to create a foundation for collaborative teaching discussions that allow for pedagogues to connect the PD sessions offered to daily classroom practices. Open periods are also offered as an opportunity for teachers to request any additional resources, assistance, or support that may still be required. In addition to ELL staff development, our staff will receive further training through our literacy coaches and teacher mentors.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional learning for the 2025–2026 school year will be planned over the summer to ensure a structured and impactful approach.

Our school provides high-quality professional development that is of sufficient intensity and duration to have a positive and lasting impact on teachers' classroom performance. We utilize Title III funds to send teachers and school building leaders to citywide and nationwide professional development opportunities. In addition to external PD, our school offers targeted professional learning for all ENL and Bilingual teachers. We will use our school-based UFT Teacher Center staff and resources to fulfill Continuing Teacher and Leader Education (CTLE) requirements for recertification as per CR Part 154.

The Bilingual ENL Coordinator, in collaboration with the ENL Assistant Principal, plans and turnkey professional learning sessions based on the Office of Multilingual Learners (OML) District Liaison Meetings. During these sessions, teachers engage in: Action research projects to directly apply strategies in classrooms, data analysis to inform instruction and interventions, and traditional workshops and seminars focusing on best practices in ELL instruction.

Topics of interest for ELL teachers that will be addressed in professional learning include:

Differentiation strategies for multi-level classrooms

Sheltered instruction and scaffolding for content-area learning

Language transfer and supporting bilingual learners

Supporting newcomers and long-term ELLs

Using formative and summative assessment data to guide instruction

Integrating technology to support language acquisition

Culturally responsive teaching practices

Strategies for supporting ELLs with IEPs or other learning needs

Implementing the Hallmarks of Advanced Literacies in ENL instruction

Effective feedback and progress monitoring for ELLs

Teachers will also be encouraged to attend district, city, and other professional learning opportunities that provide CTLE credit in language acquisition, ELL strategies, and bilingual education. This professional learning plan ensures that educators are equipped with the skills, strategies, and knowledge necessary to meet the diverse needs of our multilingual learners.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

For the 2025–2026 school year, i-Ready will serve as the primary diagnostic assessment for students in grades K–8. mCLASS DIBELS 8th Edition will be administered in grades K–6, along with the mCLASS Lectura Pilot for grades K–6. The mCLASS progress monitoring tool will be used to track student progress throughout the year. Spanish literacy will be assessed through the Estrellita and Lunita diagnostic assessments in grades K–2, and through HMH Arriba la Lectura assessments in grades 2–8.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

P.S. 127 Q has a comprehensive academic intervention plan that serves all students, including English Language Learners (ELLs). Targeted interventions in literacy, mathematics, and science are provided throughout the school year by classroom teachers and ENL providers. Daily small-group, individualized instructional periods focus on academic support, with a strong emphasis on reading assessment, skill development, and raising reading levels. In all classrooms, students receive scaffolded reading support, and teachers document student growth while providing concrete, immediate feedback.

In addition to in-class support, ELL students have access to after-school programs and Saturday Academy, providing further academic reinforcement. During standardized testing, accommodations are provided, including the use of bilingual dictionaries, and tests may be made available in students' native languages as needed.

Explicit ENL and ELA instruction is ongoing to meet the needs of beginner, intermediate, and advanced ELL students. Entering and Emerging ELLs receive instruction through HMH English 3D during standalone ENL periods. Transitioning, Expanding, and Commanding ELLs are instructed using HMH Into Reading, HMH Into Literature, and enVisions Math programs. These programs provide differentiated instruction aligned with grade-level curriculum and are designed to teach listening, speaking, reading, and writing skills specifically for ELLs. Lessons incorporate scaffolds such as manipulatives, flashcards, audio resources, charts, and visual supports to promote language development and support transitions to grade-level content.

Our school employs a variety of instructional strategies aligned with ENL/ELA standards to support students' literacy and language development. These strategies include role-playing, shared reading and writing, interactive writing, guided and independent reading, read-alouds, graphic organizers, cooperative learning, and opportunities for accountable talk. ENL instruction also integrates pictures, games, Total Physical Response (TPR), dramatization, text representations, manipulatives, chants, songs, poems, and charts to enhance language acquisition and engagement. Students are encouraged to work across all cognitive domains, including higher-order thinking skills such as analysis, synthesis, and evaluation. Phonics and vocabulary instruction are embedded in daily lessons, and real-

world experiences, including class trips, provide additional opportunities for discussion, language reinforcement, and application of content. Numeracy and scientific reasoning are supported through hands-on activities, and content connections in science and social studies are reinforced through literature and thematic instruction.

Formative and summative data, including NYSESLAT results, guide instruction and help teachers identify gaps across all modalities. In addition, RTI periods are integrated into teacher schedules to provide MTSS Tier 2 and Tier 3 supports, including progress monitoring, structured literacy instruction (decoding, fluency, comprehension, writing), and opportunities to discuss intervention strategies and student progress with families.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

P.S. 127 Q uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS) by systemically and evaluating student progress through a problem-solving cycle. This problem-solving cycle is used by the Instructional Leadership Team (ILT) to analyze school-wide data as well as grade level, inquiry team meetings. This systemic work for identifying and meeting the needs is ongoing as it includes five distinct steps: 1. An initial review of data 2. Determining strengths and needs. 3. Planning and Implementing supports 4. Monitoring progress and making adjustments 5. Evaluating outcomes. During our initial review, the teams consider what the screener data shows, if the instructional core is working for all student subgroups, determines an initial hypothesis of causes of student performance, and additional data or diagnostics is needed. During our second step, we make comparisons between ELL subgroups, uncover student areas of strength and need and gain insight from students and families to learn further information about them. The third step requires teams to analyze practices and supports to meet the needs of grades, classes, content areas and subgroups. The fourth step includes monitoring progress and asking questions such as "Are we making progress toward individual, group, and school-wide goals for student achievement through the instructional core and interventions?" Lastly, teams evaluate outcomes to surmise if the system of support is effective for all subgroups and if all students are attaining equitable opportunities to meet benchmark levels.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At P.S. 127 Q, we use iReady Reading and Math Diagnostics, enVisions Math beginning, middle, and end of year assessments, mCLASS Reading assessments, HMH Into Reading and Into Literature module assessments, HMH Into Reading and Into Literature writing performance tasks and rubrics to assess the literacy skills of all students. Teachers administer these assessments in the Fall, Winter, and Spring. These assessments help teachers determine students independent as well as instructional reading levels. In addition, this data is aggregated and analyzed with teacher teams as part of the inquiry process. As such, teachers are able to identify the gaps in student learning and create data driven plans for each student.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our school utilizes mCLASS Lectura to assess K–6 English as a New Language (ENL) students in Spanish. This assessment provides data on foundational literacy skills and supports teachers in delivering targeted instruction that promotes bilingual literacy development. In addition to formal assessments, classroom teachers and ENL providers evaluate students' reading and writing skills in their native language through individualized reading and writing conferences.

For students who speak lower-incidence languages, language proficiency is evaluated using sight word recognition and simple writing tasks, administered by staff members who are fluent in the student's home language. Our curriculum also incorporates unit-based assessments from Estrellita and HMH Arriba la Lectura, both of which are used to monitor progress and guide instruction in Spanish literacy.

Assessment results are systematically analyzed to inform instructional planning and differentiate instruction according to each student's linguistic and academic needs. The outcomes of all native language evaluations are shared with families during parent-teacher conferences, which provide opportunities to discuss students' prior schooling experiences, academic history, and progress toward biliteracy goals.

Additionally, newly enrolled ELL newcomers are assessed with i-Ready Math in Spanish to determine their mathematical content knowledge and skills in their home language. These results allow teachers to better understand students' prior knowledge and to tailor mathematics instruction that builds on their existing strengths while supporting language development.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We evaluate the success of our program for ELLs using multiple data sources, including the NYSESLAT Exam, New York State English Language Arts (ELA) and Mathematics Exams, iReady ELA and Math, mCLASS Reading and mCLASS Lectura, the Estrellita assessment, and school-created Next Generation-aligned writing assessments.

NYS ELA and Mathematics exam results are analyzed to identify areas of student deficiency, particularly within the ELL subgroup. This data informs instructional focus on priority standards and guides academic pacing calendars to ensure targeted support.

Data from the NYS ELA Exam, mCLASS, iReady ELA, and NYSESLAT is triangulated to identify students for targeted instruction during MTSS periods and afterschool programs. During the school day, students are grouped for MTSS Tier 2 and Tier 3 interventions, facilitated through teacher schedules with embedded RTI periods. Afterschool programs group students based on language proficiency, with instruction aligned to priority standards.

The school continually uses this data to support English as a New Language (ENL) students' language development. For example, iReady data indicates that ELL students need focused support in priority standard R4: "Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone." Ongoing iReady assessments are used to monitor progress, guide instruction, and track growth into the next school year.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT Roadmap at P.S. 127Q outlines a detailed timeline of tasks, assigns staff responsibilities, and ensures full compliance with all procedures related to the administration of the New York State English as a Second Language Achievement Test (NYSESLAT). The Bilingual ENL Coordinator and the Testing Assistant Principal collaborate to develop the testing schedule and assign testing locations based on each student's accommodations and assessment grade band.

Testing locations and proctor assignments are determined according to the number of students within each grade band and their testing needs. Whenever possible, preference is given to teachers who have previously proctored the NYSESLAT and who are familiar to the students. This practice helps reduce student anxiety and promotes a comfortable, supportive testing environment.

To prevent any interruption to mandated ENL instruction, NYSESLAT scoring is conducted after school hours. The school posts a NYC DOE per session opportunity for scoring, ensuring that ENL teachers can participate in the scoring process while students continue to receive their regular services during the instructional day.

The Bilingual ENL Coordinator, ENL standalone, and integrated providers participate annually in NYSESLAT Norming and Scoring professional development sessions provided by the NYC DOE Office of Multilingual Learners (OML). Prior to the scoring of each grade band, the ENL team conducts internal norming sessions to calibrate scoring practices and ensure consistency with state guidelines and NYSESLAT rubrics.

Additionally, the Bilingual ENL Coordinator and Assistant Principal hold a staff testing meeting prior to the start of the NYSESLAT administration period. This meeting reviews the testing protocols, expectations, proctoring assignments, and security procedures to ensure all staff are informed and prepared.

Through this structured process, P.S. 127Q ensures that the administration of the NYSESLAT is carried out with fidelity, fairness, and efficiency, while maintaining uninterrupted services for all Multilingual Learners/English Language Learners (MLLs/ELLs).

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school structures time for the IEP teacher, ENL Coordinator, Testing Coordinator and classroom teachers to work collaboratively to ensure that the accommodations identified on the IEP are up to date for ELLs with IEPs. The team creates testing location sheets for state exams that stipulate all of the testing accommodations for exams for each student, including the Specialized High School Admissions Test, NYS ELA, NYS Math, Science/Biology, World Language Checkpoint A (Spanish) exam, and the NYSESLAT exam.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The ELL Program Orientation to inform parents/guardians of newly identified ELLS about ELL options is conducted in the parents' preferred language of communication, including low incidence languages using over-the-phone translation services from a NYC DOE approved vendor. The ELL Program Survey and Parent Agreement form is also presented to the parent in their language of choice. The Bilingual ENL Coordinator contacts parents via phone calls and sends an Entitlement Letter of ELL service in the language of choice for written communication with an appointment time and contact information. The parent is given the choice of receiving the ELL Parent Orientation on-site at the school or virtually. Copies of the Entitlement Letter of ELL service and the ELL Program Survey and Parent Agreement form are kept in the students' cumulative records.The Parent orientation is offered to parents of NYSITELL elligible students, during registration to ensure parents are educated in all the MLL Programs the state has to offer. If students do not qualify for ENL services after taking the NYSITELL, parents are informed with a determination letter. The Bilingual/ENL Coordinator maintains records of parent orientation completion by entering the information on the ELPC Screen and keeping the original parent agreement and determination letters in a binder for reference.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual Individual Meetings are conducted once each year, as required by Commissioner's Regulation (CR) Part 154, to review and discuss the goals of the English as a New Language (ENL) program, students' language development, English proficiency assessment results, and academic needs across all content areas. These meetings are organized and led by the student's ENL teacher, separate from regular parent-teacher conferences, and scheduled at times that are convenient for families. In addition to the ENL teacher, other instructional staff—such as general education teachers, special education teachers, speech pathologists, and occupational or physical therapists—participate to ensure a comprehensive discussion of each student's progress and support needs.

Professional resources, including A Parent's Guide to the New York State Next Generation English Language Arts and Mathematics Learning Standards and the Parent's Bill of Rights for New York State English Language Learners, are shared with families as part of the meeting's discussion materials. When a teacher is not fluent in the parent's preferred language of communication, the school utilizes the NYC DOE-approved over-the-phone language interpretation service to ensure full accessibility. Evidence of each Annual Individual ENL Meeting is maintained in the student's cumulative record, and additional documentation is kept by the Bilingual ENL Coordinator in the school's Critical ELL Compliance Binder.

To identify the linguistic needs and communication preferences of families, the Bilingual ENL Coordinator downloads the RPOB and Parent Language Preference (ATS) reports and analyzes the NYC School Quality Survey results. This information guides the school in providing appropriate language supports and tailoring outreach to meet the needs of its multilingual community.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

P.S.127 Q ensures that all school communications and documents are in the languages families best understand by attaining this information during the new student registration process. Parents let school personnel know in the Home Language Identification Survey (HLIS) what language they would like to receive information verbally and in written form. This information is then entered into the Automate the Schools (ATS) system which informs school personnel to produce letters, automated messages, and robocalls in their preferred language. The school also uses Parent Square to send online messages which translates English into a multitude of languages in real time.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

P.S. 127 Q parent involvement includes orientations and mandated ELL conferences; however, our parent outreach extends much further. Our parents are involved in our volunteer program called Learning Leaders Program. We also have a full-time Parent Coordinator who works collaboratively with the ELL Coordinator throughout the year to organize and conduct workshops for parents for parents of ELLs during the school week and Saturdays. The Parent Coordinator and ELL Coordinator organize events several community-based organizations (CBOs) and local colleges such as Vaughn College, LaGuardia Kiwanis, LaGuardia Community Outreach, NYC Kids RISE, and Queens Mental Health Professionals. These events include family living workshops, job and health fairs. CBOs offer their services to help our parents and students improve themselves socially, academically, and financially. CBOs like Elmcor Youth and Adult Activity Inc. provide recreational as well as educational activities for our students. PS 127 Q's Title III program provides ELL parents with family literacy and language acquisition workshops. These events train parents to assist their children at home with developing good study habits and literacy skills in English. This year, we plan to continue offering workshops to provide families with social emotional support, as well as understanding the learning standards, promotional criteria, and state assessments. The Title III parent workshops are given by members of our staff who are bilingual so the home language can be used, if needed. We are also planning a series of three two-hour workshops will be held on different topics to accommodate the schedules of the parents. The topics of the workshops will be as follows: The NYSESLAT Exam and its components: How to help your children make gains in listening, speaking, reading and writing; The NYS Assessment Calendar, and how to help your children do their best; Using iReady to improve your child's progress. In addition to the aforementioned workshops, we have International Day festival, School Leadership Team (SLT), Fall Harvest Festival, Coffee with the Principal, and Title I meetings that the parents partake in as influential stakeholders and decision makers.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

P.S. 127 Q ensures families of ELLs are aware of leadership opportunities through different means such as 1. electronic communication 2. new student registration 3. school flyers and brochures 4. monthly calendars 5. messengers and robocalls and 6. teacher outreach. Our school uses online applications such as Parent Square, Facebook, Instagram, and Class Dojo which have translating capabilities to inform parents about leadership

opportunities. These opportunities for parent engagement include fundraisers, Parent Teacher Association (PTA) and School Leadership Team (SLT) meetings. Parents are also informed about these opportunities for involvement in school affairs through the new student and family orientations. These events are conducted by the Parent Coordinator, Guidance Counselors, and Bilingual ENL Coordinator and they are supported with NYC DOE approved translation services for those families who speak low incidence languages. Also, the Family Coordinator produces and displays literature with information from the Office of Language Access and special upcoming events on school monthly calendars and the main entry lobby. Additionally, automated messengers, robocall, teachers, and paraprofessionals support these events with outreach during UFT and NYC DOE contractual parent engagement time.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Culturally and linguistically responsive partnerships that support the needs of the school community are Elmcor Youth and Adult Activity, Inc., Queens Mental Health Professionals, Columbia University, LaGuardia Kiwanis, LaGuardia Community Outreach, and NYC Kids RISE. These community-based organizations (CBO) and professional partnerships with universities and colleges support the school with educating families on family living, finances, physical well-being, and mental health.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The titles of the members of the ELL identification team are the following pedagogues:

Harold Mejia, Bilingual ENL Coordinator
Harold Mejia, Language Access Coordinator
Sofia Kourounis, ENL Provider
Stephanie Deluise, ENL Provider
Anna Necakov, ENL Provider
Sofia Hussain, ENL Provider
Farhanun Binok, ENL Provider
Panagiota Kostoglou, ENL Provider
Natalie Londono, Bilingual IEP Teacher
Fabiana Ursi, Bilingual Speech Provider

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

ELLs are welcomed into P.S. 127 Q Aerospace Science year-round by staff that follows the NYC DOE Policy & Reference Guide for MLs/ELLs. The staff includes the Bilingual ENL Coordinator, the Pupil Personnel Secretary, and the School Based Support Team (IEP Teacher, Bilingual Social Worker, Bilingual Family Worker, Bilingual Psychologist.) The trained staff adhere to the ELL Identification Process which mandates that each potential ELL undergoes its steps within 10 school days of enrollment or 20 school days for students entering with an IEP. This process includes those ELLs who have been discharged from NYC / NYS public schools for two years or longer. Upon registration, the home language of the student is determined by a trained and licensed pedagogue. The parent completes the Home Language Identification Survey (HLIS) in their preferred language. Interpretation and

translation services are provided by the Language Access Coordinator utilizing resources from the Office of Language Access, including over-the-phone translation services. It is then determined whether the student is eligible for the New York State Identification Test for English Language Learners (NYSITELL), and subsequently the Spanish LAB (for a Spanish Speaking ELL.) Once these exams are administered can scanned into the Automate The School (ATS), the Bilingual ENL Coordinator notifies parents of their child's ELL status with a letter of Entitlement to ELL related services in their preferred language. The Bilingual ENL Coordinator also identifies Students with Interrupted/Inconsistent Formal Education (SIFE) status using the HLIS interview and diagnostic questionnaires and tests from the New York State Department of Education website (http://www.nysed.gov/bilingual-ed/schools/students-interruptedinconsistent-formal-education-sife.) If the student is an ELL, a parent is invited to a parent orientation meeting. At the orientation, parents are provided with an explanation of the different ELL programs provided in NYS; the NYS parent video describes its' three ELL programs in the parent's preferred language. During this meeting parents are encouraged to ask questions, so they are well informed about the decisions that they make concerning their child's education. Interpretation and translation services are made available during this meeting. Following the parent signing the Parent Survey and ELL Program Agreement form, the ELL student is placed in an appropriate setting; in addition, the parent receives an ELL Placement Letter. If an ELL program that is selected by the parent is not available at our school, they are offered a bilingual transfer to a school with that program in accordance with NYC DOE policy. If the parent chooses for their ELL student to remain in the school, they are placed in an English as a New Language class. The school keeps track of "parent choice" so that when the minimum thresholds are met, we can open the ELL program of choice. Additionally, parents are notified that they have 45 days to appeal the ELL status of their child (ELL Reidentification Process.)

Newly registered current ELLs or former ELLs are identified via a data check on ATS on the day they are enrolled into our school. Then, they are programmed on STARS Classroom. These current ELLs and former ELLs are programmed for standalone and integrated minutes of instruction with licensed pedagogues according to the recommendations made from CR Part 154-2 English as a New Language (ENL) Units of Study and Staffing Requirements.

Compliance letters related to English Language Learner (ELL) testing—such as Exit Letters after the NYSESLAT, Continued Services Letters after the NYSESLAT, Entitlement Letters after the NYSITELL, Non-Entitlement Letters after the NYSITELL, and Placement Letters after the NYSITELL—are formal communications composed and written to parents or guardians. These letters ensure that families are informed about their child’s English language proficiency status, eligibility for or exit from ENL services, and the type of instructional program their child will receive. They are required by the New York State Education Department (NYSED) to maintain compliance with state and federal regulations, promote transparency, and support parental involvement in educational decisions regarding their child’s language development and academic progress.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Carmen Montas

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Harold	Mejia	Teacher - Bilingual	10/302025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

N/A

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	13	0.91%	14	0.99%	0	0
BENGALI (BANGLA IN BANGLADESH)	13	0.91%	18	1.23%	2	2
CHINESE ANY	12	0.84%	9	0.63%	0	0
FRENCH	3	0.21%	3	0.21%	0	0
HAITIAN CREOLE	7	0.49%	7	0.49%	0	0

MANDARIN	0	0.00%	3	0.21%	0	0
NEPALI	0	0.00%	0	0.00%	0	0
ENGLISH	375	26.33%	357	25.12%	25	25
PILIPINO (A.K.A. TAGALOG)	1	0.07%	1	0.07%	0	0
PUNJABI (A.K.A. PANJABI)	2	0.14%	2	0.14%	0	0
PORTUGUESE	1	0.07%	1	0.07%	0	0
RUSSIAN	1	0.14%	1	0.07%	0	0
SPANISH	988	69.38%	995	70.02%	16	16
TIBETAN	1	0.07%	1	0.07%	0	0
URDU	6	0.42%	9	0.63%	0	0
WOLOF	1	0.07	1	0.07	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Individualized Education Plan	The school plans to utilize the Office of Language Access (OLA) services for translating Individual Education Plans (IEP) into the parent's preferred language of communication, including low incidence languages.
Parent Notification Messenger	The parent notification messenger will make robot calls in the parent's preferred language of communication based on the parents' information located on the Home Language Identification Survey (HLIS) that is uploaded on the Automate the Schools (ATS) system.
Schoolwide Parent Notification Letters	Schoolwide Parent notification letters will be sent in English and the parent's preferred language of communications based on the information located in the Home Language Identification Survey (HLIS). Designated teachers and other staff will translate letters. Also, the school plans to use the Office of Language Access (OLA) for document translation into low incidence languages.
Home Language Identification Survey	The Home Language Identification Survey (HLIS) will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication.
Entitlement Letter after the NYSITELL	The Entitlement Letter after the NYSITELL will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication,
English Language Learner	The English Language Learner Program Selection and Parent Survey will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication.

Program Selection and Parent Survey	
Program Placement Letter	The Program Placement Letter will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication.
NYSITELL Determination Form	The NYSITELL Determination Form will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication.
English Language Learner Continued Entitlement Letter	The English Language Learner Continued Entitlement Letter will be downloaded from the New York City Department of Education's Infohub in the parent's preferred language of communication.
English Language Learner Exit/Non-Entitlement Letter	English Language Learner Exit/Non-Entitlement Letter will be downloaded from the New York City Department of Education's InfoHub in the parent's preferred language of communication.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	The school will make over-the-phone translations in a multitude of languages including low incidence languages via the approved New York City Department of Education vender for language translation. Also, the school will utilize its own personnel who can provide translation to families.
Family Living Workshops	The school will employ translators from the approved New York City Department of Education vender with real time translation during parent workshops. Also, we will use bilingual staff to provide translation.
New Student Registration	The school will provide interpretation services via the approved New York City Department of Education vender to provide language translation during new student registration interviews. The school will also use its own personnel to provide translation services to parents.

NYC Kids RISE	The school will use bilingual personnel to provide onsite translation to parents. In addition, we will use interpretation services from the New York City Department of Education's approved vendor for parents who speak low incidence languages.
International Night Festival	The school will use bilingual personnel to provide onsite translation to parents. Additionally, we plan to use interpretation services from the approved New York City Department of Education vender for parents who speak low incidence languages.
School Open Houses	The school will use bilingual personnel to provide onsite translation to parents. Additionally, we plan to use interpretation services from the approved New York City Department of Education vender for parents who speak low incidence languages.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In case of a school-wide emergency like a lockdown or fire, the school will communicate with parents who speak a language other than English through robocalls and an online communication platform called Parent Square. The school will write and send messages in languages other than English through both means. If we encounter a student-specific emergency such as attendance or a nurse/hospital visit, we will use school personnel that speaks the families' language of preference or the approved New York City Department of Education vendor for low incidence languages. When a non-English speaking parent needs to contact the school in an emergency, the school will use the services of its bilingual personnel or make a three-way phone call via the over-the-phone interpretation and translation service.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-Based Staff via the WeLearnNYC learning platform during designated professional development time, in accordance with the contractual agreements between the New York City Department of Education (NYCDOE) and the United Federation of Teachers (UFT). Teachers, guidance counselors, and members of the student support team—including the dean and the restorative practices coach—will be provided sufficient time to complete the 30-minute training to ensure compliance.

This training equips staff with essential knowledge of the principles, procedures, and best practices outlined in Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. To verify completion, the principal will collect confirmation emails from staff indicating successful completion of the training.

Additionally, the school's Galaxy-designated Language Access Coordinator (LAC) will review Chancellor's Regulation A-663 with all staff during the school's beginning-of-year meeting. The LAC will also share information about the school's official communication platforms, including ParentSquare, and highlight key parent engagement opportunities such as Open Houses, Meet the Teacher Night, and Parent-Teacher Conferences. These efforts are designed to ensure that families with limited English proficiency are fully informed and actively engaged in their children's education.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The school will ensure that all parents are informed about the availability of language assistance services in their preferred language through multiple channels and touchpoints. Information will be shared using Office of Language Access (OLA) materials, including multilingual welcome signs and brochures prominently displayed at the main entrance. Parents will also be informed during key interactions and events such as new student registration interviews, Meet-the-Teacher conferences, Coffee with the Principal meetings, Parent ENL classes, and school-wide events like the International Day Festival.

To further promote awareness, the Parent Coordinator and the Parent Teacher Association (PTA) will distribute the Parent's Guide to Language Access, which outlines families' rights to receive important school information in their preferred language. This guide will be made available in print and digital formats, and translated versions will be provided as needed.

In addition, we will include language access information in our outreach efforts during Pre-K, kindergarten, and middle school open houses. These events are key opportunities to connect with families and emphasize their legal right to interpretation and translation services for all essential school-related communications.

Our goal is to ensure that all families, regardless of their language background, feel welcomed, respected, and fully informed about their rights and the support services available to them throughout their child's educational journey.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The school plans to gather feedback from parents about the language assistance services they receive, ensuring it is provided in their preferred language. This will be done through end-of-event questionnaires at family gatherings, monthly "Coffee with the Principal" meetings, debriefs following Parent-Teacher Association (PTA) meetings, and consultations with the School Leadership Team. Additionally, we will analyze data from the New York City Department of Education's School Surveys to better understand and address parents' language needs.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

The school has reviewed parent feedback from the Office of Language Access and Interpretation Feedback Survey in collaboration with our Language Access Coordinator and Parent Coordinator to assess and enhance our practices. Additionally, we have utilized web-based platforms such as ParentSquare and Facebook to engage with parents in multiple languages. Furthermore, the school remains committed to hiring staff who are proficient in the most commonly spoken languages within our community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

497

Grades to be served in this program. Select all that apply.

,3,4,5,6,8,7,2,1,K

Total number of teachers in this program:

23

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

21

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S. 127 Q's Title III program provides English Language Learners (ELLs) in grades K–8 with supplemental academic support through an ELL Afterschool Program. The program is scheduled to operate on Wednesdays and Thursdays from 2:30 p.m. to 4:30 p.m., beginning in November 2025 and concluding in March 2026. Each grade level, from kindergarten through eighth grade, will have two dedicated classes, totaling 18 classes overall. Accordingly, the program plans to hire 18 teachers, with priority given to certified educators who hold TESOL certification or a bilingual extension. The language of instruction for the afterschool program will be English.

The instructional design is tailored to meet the specific language development levels of participating students. Entering and Emerging level ELLs will use Ready, Set, Go! NEWCOMERS published by Continental Press, in combination with Raz-Kids Plus electronic read-alouds. Transitioning and Expanding level ELLs will engage with NYSESLAT Rehearsal Plus Instruction published by Rally Education to enhance their proficiency across all four modalities—Listening, Speaking, Reading, and Writing—aligned with the NYSESLAT framework and the Next Generation Learning Standards. Instruction will also focus on building test-taking strategies to support student achievement on state assessments.

To further support language acquisition and academic enrichment, a Saturday Academy is tentatively scheduled to run from the second week of January through May 2026. Sessions will be held from 8:30 a.m. to 11:30 a.m. This component will include targeted academic intervention, enrichment activities through the arts and sports, and home language instruction in Spanish to reinforce bilingual literacy. In parallel, parents of ELLs will be offered ENL classes to support their own English language development. The program will conclude with a culminating event where both students and parents will have the opportunity to showcase their learning and growth.

The student component will incorporate ENL instructional methodologies that promote literacy development. Materials used will differ from those used during the regular school day and will include workbooks and teacher guides from Raz-Kids Plus thematic units and i-Ready. All necessary supplies—including student workbooks, teacher guides, bilingual dictionaries, notebooks, folders, pens, pencils, and paper—will be provided to both students and teachers to ensure a well-resourced learning environment.

Instructional strategies will include role-playing, reader's theater, and Advanced Literacy techniques such as shared and interactive writing, guided and independent reading. Instruction will be scaffolded to support diverse learners through pre-teaching vocabulary, utilizing graphic organizers, and promoting cooperative learning to encourage accountable talk and build oral language skills. Additional supports will include the use of visuals, games, Total Physical Response (TPR), dramatization, manipulatives, chants, songs, poems, and anchor charts to reinforce comprehension and engagement.

Home language support will be an integral part of the program. Translanguaging strategies will be implemented to help students make meaning of lessons and activities, and bilingual dictionaries and glossaries will be used to support vocabulary development. Technology will also be leveraged to provide access to digital resources in students' home languages, further supporting bilingual and biliterate growth.

The entire program will be supervised by licensed school building leaders in accordance with NYCDOE per-session guidelines. Supervisors will ensure that the instructional program is implemented with fidelity, student progress is monitored, and all sessions are conducted in a safe, inclusive, and academically rigorous environment.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Out of 480 ELLs, 19.5% are Entering (94 students) and 27.5% are Emerging (132 students). This means 47% (226 students) of the ELL population are in the early stages of English acquisition, requiring intensive, supplemental language instruction beyond the core program.

A significant number of students are struggling with academic achievement, as evidenced by the State Exam scores: 75.6% (161 out of 213) of test takers scored a 1 on the ELA State Exam and 51.6% (129 out of 250) scored a 1 on the Math State Exam in 2025. This correlation between early ELP levels and poor academic performance in ELA/Math justifies supplemental instruction designed to integrate language development and content knowledge.

The fact that the "highest percentage of ELLs are expanding" is a positive note, but the goal is for students to reach the Commanding level and eventually be exited from ELL services. Supplemental LIEP activities are needed to focus on the more nuanced academic language required to exit the program and succeed in general education.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The 2025 NYSITELL/NYSESLAT results will be triangulated along with the June instructional report in order to strategically select the students from kindergarten to 8th grade to participate in the after-school program. We will prioritize ENL student subgroups including newcomers, students with special with disabilities (SWD), long term ELLs, and SIFEs in order for them to develop their skills in all modalities and be exposed to curriculum and instruction aligned to the New Language Arts Progressions and Culturally Responsive-Sustaining Education (CR-SE). Currently, 82.3% of our ENL students are newcomers, 4.2% are long term ELLs, 15.7% are students with IEPs, and 2.4% are designated as SIFEs. Our program will help these ELL subgroups with a focus on phonemic awareness, phonics, vocabulary development, reading comprehension strategies, and math skills.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The ELL After School Program will meet Wednesdays and Thursdays from 2:30 pm-4:30 pm starting in November 2025 and end in late March of 2026. The Saturday Academy will begin the second week of January and culminate in mid-May. It will start from 8:30 am to 11:30 am.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

For this Title III funded program, the target language of instruction will be English and Spanish, as it is the home language of the majority of the students enrolled at our school. Teachers will use translanguaging between English and Spanish to make connections through the use of cognates and grammar correlations. Also, the students' home language support will be provided via bilingual dictionaries in English and the home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

We intend to hire 21 certified TESOL or bilingually licensed common branch teachers and 2 specialist art teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Notebooks, iPads, Ready, Set, Go! NEWCOMERS, NYSESLAT Rehearsal, Plus Instruction curriculum, Raz Kids Plus thematic units of study, and iReady to support students in all modalities. Ready, Set, Go! NEWCOMERS, NYSESLAT Rehearsal and Raz-Kids thematic units of study are exclusively for Title III and are different from curricula used during the regular school day. We will utilize Estrellita and Lunita resources among other programs that will be

researched and purchased for Spanish language instruction.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The school will maintain records of ELLs served in this program by 1. maintaining evidence of parent engagement/notification of the supplemental program including copies of dated/translated letters to parents reflective of the current school year and Title III policies, a description of the program and copies of needs assessments surveys for parents 2. Evidence of ELLs served for each Title III LEP supplemental program class including rosters, proficiency levels, and attendance sheets 3. Teacher certification including screenshot from the TEACH website indicating teacher and certifications, per session time sheets 4. Parent engagement including attendance sheets, invitations, translations 5. Professional development including attendance sheets with teacher's names, dates, times, and duration of the event and pd materials and 6. Purchase orders and invoices.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

P.S. 127 Q is dedicated to delivering high-quality, differentiated professional development for ENL, bilingual, and monolingual teachers through bi-weekly sessions aimed at enhancing instructional practices and improving student outcomes for English Language Learners (ELLs). These sessions focus on key areas such as:

Data Analysis: Utilizing NYSESLAT and NYSITELL data to guide instructional decisions.

Success Criteria: Implementing NYSESLAT rubrics to establish clear success criteria for speaking and writing tasks.

Sentence Construction: Strategies to support sentence formation and writing development.

mCLASS and mCLASS Lectura: Using these screeners to support literacy development in both English and Spanish.

iReady: Integrating iReady data to create personalized learning paths for students.

Dual Language Programs: Training in Estrellita and Lunita literacy programs for Dual Language teachers.

Relay Math: Strategies for middle school math instruction (grades 6–8).

Generation Ready: Support for K–8 teachers in strengthening instructional practices.

Social-Emotional Learning: Approaches to support the social-emotional and academic learning (SEAL) of ELLs.

These professional development opportunities are not only extended to ENL and bilingual educators but also to monolingual teachers, fostering a school-wide understanding of second language acquisition, curriculum adaptation, and data-driven differentiated instruction. PD sessions occur during designated professional development Mondays, Chancellor's Staff Development Days, and common planning periods.

Instructional Focus Areas Include:

Data-Driven Instruction: Analyzing NYSESLAT and NYSITELL data to refine teaching strategies.

Rubric-Driven Success: Using NYSESLAT rubrics to set measurable success criteria for speaking and writing tasks.

Writing and Sentence Construction: Strategies for building strong writing foundations.

Social-Emotional Support: Tailored strategies for supporting ELLs' social-emotional academic learning.

Foundational Literacy: Leveraging mCLASS and mCLASS Lectura to support literacy development in both English and Spanish.

Personalized Learning Paths: Using iReady data to create targeted learning pathways for students.

Dual Language Literacy: Training in Estrellita and Lunita for Dual Language classrooms.

Math Instruction: Relay Math for grades 6–8 to enhance middle school math instruction.

Teacher Practice Support: Using Generation Ready to refine instructional practices across K–8.

A Professional Development Committee consisting of ENL teachers, ENL self-contained educators, and the Bilingual ENL Coordinator regularly reviews school-wide data to identify areas requiring additional support. This committee curates and organizes both in-house and external PD opportunities, ensuring they align with teachers' specific needs. Furthermore, P.S. 127 Q collaborates with the Office of Multilingual Learners (OML), the UFT Teacher Center, RBERN/NYU, and CUNY to offer targeted workshops. Teachers who attend external PD are encouraged to share their learning during common planning time or Tuesday PD sessions.

Instructional Coaching is also available through literacy coaches and model teachers, who provide demonstration lessons followed by collaborative debriefs. These debriefs are designed to highlight best practices, gather teacher feedback, and schedule follow-up coaching or classroom visits. Teachers can also use open prep periods to request additional resources or support.

In-house PD records, including attendance sheets and session agendas, are maintained by the Bilingual ENL Coordinator. Please note, Title III funds will not be used to support these professional development activities.

To ensure full participation, PD sessions are scheduled to avoid conflicts with the after-school ENL program. In the rare event of a scheduling overlap, substitute coverage will be arranged.

Finally, teachers will receive an additional 30-minute planning period each week after student instructional hours to prepare lessons and incorporate newly learned strategies into their practice.

This structured approach ensures that all teachers have the support they need to continuously improve their practice and better serve the needs of multilingual learners.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The data analysis from the ELL Data Analysis Tool (EDAT) highlights a significant challenge for English Language Learners (ELLs), particularly in their ability to meet progress on the NYSESLAT assessments. Specifically, 59.6% of eligible test takers did not meet progress on the Spring 2024 NYSESLAT, which raises concerns about how effectively ELLs are acquiring language proficiency and academic skills, especially in writing. This data signals that a large portion of ELLs are struggling to meet expected progress benchmarks, and it underscores a need for targeted professional learning to address these gaps.

Key Findings from the EDAT:

Consistent Writing Struggles: Both the 2023 and 2024 test results consistently indicate that writing is an area of significant need for ELLs. This trend suggests that ELLs are facing persistent challenges in articulating their thoughts clearly and effectively in written form. Writing often requires not only language proficiency but also academic skills such as structuring ideas, using proper grammar, and demonstrating higher-level thinking through writing. This is compounded by the challenge of mastering content-area knowledge in English.

Need for Tailored Instruction: The data suggests that the current instructional strategies may not be meeting the specific needs of ELLs, particularly in writing. If a majority of ELLs are not meeting progress benchmarks, this points to potential gaps in how teachers are providing support in areas such as vocabulary acquisition, sentence structure, writing conventions, and complex text comprehension—all of which are critical for academic writing.

Disproportionate Gaps in Writing Skills: Since writing is a consistent area of weakness in both years of testing, it could indicate systemic or instructional issues that have not been adequately addressed over time. It may also suggest that while listening, speaking, and reading may show some progress, writing remains a persistent hurdle due to factors such as limited academic vocabulary, language transfer issues, and a lack of scaffolding in writing instruction.

Why Professional Development is Crucial:

To address these identified needs, professional learning for teachers is essential to ensure that they are equipped with the strategies, tools, and frameworks needed to help ELLs improve their writing skills. The following key areas would be critical for professional development:

Culturally Responsive-Sustaining Education (CR-SE):

Cultural Relevance: Teachers need to develop strategies to make writing instruction culturally relevant for ELLs. CR-SE emphasizes the importance of validating students' cultural backgrounds and lived experiences, helping ELLs feel seen and heard in the classroom. This can increase engagement and motivation to write, as students see the value in expressing themselves through writing.

Building Connections: CR-SE also encourages making connections between students' home languages and cultures and the academic content they are learning. By fostering these connections, teachers can provide scaffolds that support ELLs in transferring skills from their home languages to English.

Alignment with the New Language Arts Progressions:

Comprehensive Writing Development: The New Language Arts Progressions offer a framework for developing writing skills across different grade levels. Teachers need professional learning on how to effectively use this

framework to scaffold students' writing from simple sentences to more complex compositions, ensuring that they are meeting developmental milestones.

Differentiated Support: These progressions also emphasize the need for differentiated instruction, where writing instruction can be tailored to ELLs' specific language proficiency levels, from beginner to advanced. Teachers need to be trained on how to assess where each student is in their writing development and adjust instruction accordingly.

Hallmarks of Advanced Literacies:

Writing as a Complex Process: Teachers need professional learning on how to teach writing as a complex, recursive process that includes prewriting, drafting, revising, and editing. For ELLs, this process requires an understanding of both language structure and content.

Metacognitive Strategies: Teachers can benefit from training on how to teach metacognitive strategies that help ELLs reflect on their writing and self-monitor their language use. These strategies help students internalize the writing process and develop the ability to identify and correct their mistakes independently.

Integration of Oral and Written Language: Given that writing is often linked to speaking and listening for ELLs, professional learning should address ways to integrate oral language development with writing. This could include oral brainstorming, peer discussions, and collaborative writing activities that help ELLs process ideas before translating them into written form.

Assessment and Feedback:

Formative Assessment: Teachers also need to be trained on how to use formative assessments effectively to monitor students' writing progress and identify areas where additional support is needed. Regular feedback on writing can help ELLs understand what is working and where they need to improve.

Building Writing Rubrics: Training teachers on how to use and develop writing rubrics that are specifically designed for ELLs can guide both instruction and assessment. These rubrics should be clear, culturally sensitive, and aligned to the specific challenges ELLs face when writing in English.

Impact of Professional Learning:

With professional learning aligned to CR-SE, the New Language Arts Progressions, and the Hallmarks of Advanced Literacies, teachers will be better prepared to implement differentiated, culturally responsive, and language-focused writing instruction. This will not only help ELLs improve their writing skills but also ensure that they make progress in other academic areas where writing is essential for success (e.g., science, social studies, and math).

By addressing the specific needs identified in the EDAT report, such as the persistent challenges in writing, teachers can begin to close the achievement gap for ELLs, ultimately improving their ability to meet the progress expectations on the NYSESLAT in the future.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers in the Title III program engage in ongoing, in-house professional development focused on analyzing NYSITELL and NYSESLAT data to inform targeted small group instruction. Additionally, they participate in specialized sessions offered by the NYC Department of Education's Office of Multilingual Learners (OML), the UFT Teacher Center, the New York Regional Bilingual Education Resource Network (RBERN), and City University of New York (CUNY). These comprehensive professional learning opportunities ensure teachers are equipped with the latest research-based strategies and tools to effectively support the academic growth of English Language Learners (ELLs).

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Sequential professional development sessions will be held monthly during designated professional learning time and common planning periods, as needed, from September 2025 through June 2026. Each session will be 60 minutes in duration.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Analysis of NYSITELL Data for Targeted Instruction

Review of NYSESLAT Data to Inform Instructional Strategies

Progress Monitoring through mCLASS and mCLASS Lectura Data

Success Criteria for NYSESLAT Speaking Performance

Success Criteria for NYSESLAT Writing Performance

Effective Sentence-Level Supports for Language Development

Strategies for Supporting Social-Emotional and Academic Learning in Multilingual Learners (MLs)

Evaluating Instructional Materials and Resources for MLs/ELLs

Use of Target Language Testing Materials for MLs/ELLs

Vertical Alignment and Planning for MLs/ELLs from Kindergarten through 8th Grade

Integrating Culturally Responsive Pedagogy in Writing Instruction

Building Academic Vocabulary through Writing

Developing Critical Thinking and Writing Skills for MLs/ELLs

Formative Assessment Strategies to Track Writing Progress

Scaffolding Writing Instruction for Multilingual Learners

Peer Review and Collaborative Writing Techniques for MLs/ELLs

Differentiating Writing Assignments to Support Diverse Language Proficiencies

Using Data to Adjust Writing Instruction for ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Providers for the professional learning will be decided by the Instructional Leadership Team (ILT) at 30Q127. We will use the resources and services from the NYC DOE Office of Multilingual Learners (OML), the UFT Teacher Center, the New York Regional Bilingual Education Resource Network (RBERN), and the City University of New York (CUNY).

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The school will track all professional development activities within this program by maintaining comprehensive records, including attendance logs with teacher names, dates, times, materials used, and the duration of each session. These records will also include relevant purchase orders, invoices, and any additional documentation supporting the completion of each professional development event.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At P.S. 127 Q, family engagement is a cornerstone of our school community and begins at the very start of the school year with parent orientations. This commitment continues year-round through a variety of initiatives designed to foster meaningful partnerships between families and the school. The principal, assistant principals, parent coordinator, and the bilingual ENL coordinator work collaboratively to plan and facilitate ongoing workshops for parents of newly enrolled English Language Learners (ELLs).

We actively encourage parents to participate in decision-making processes by inviting them to join the School Leadership Team (SLT) and take part in school-wide events that strengthen the connection between home and school. The principal also hosts monthly Coffee with the Principal meetings to share important updates, listen to family concerns, and build trust within the school community.

Our school partners with community-based organizations (CBOs) such as Columbia University to offer Nutrition Workshops and with Kids RISE to help families plan and save for college. These workshops are inclusive and accessible, with all information provided in families' preferred languages. We leverage both our bilingual staff and the NYCDOE Office of Language Access for interpretation and translation services, including for families who speak low-incidence languages.

To further strengthen communication, we use ParentSquare—a digital platform that supports two-way communication via app, text, email, or browser. It automatically translates all messages into each family's preferred language, ensuring clear and inclusive communication between parents, teachers, and school staff. In addition to general school updates shared by administrators and the parent coordinator, staff members can send private, personalized messages to families of students they serve.

These family engagement efforts are not funded through the Title III Program and are instead supported through school and community resources. Our goal is to ensure every family feels informed, valued, and actively involved in their child's educational journey.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

P.S. 127 Q's Title III program will provide ENL (English as a New Language) parents with family literacy and language acquisition classes designed to improve their listening, speaking, reading, and writing skills in English. In addition, family engagement activities will focus on practical applications such as the use of technology, mock job interviews, resume development, English for the workplace, and family living skills.

When planning program activities, we use both informal and formal data to assess parent needs. Informal data includes conversations with parents, while baseline assessments help us better understand their language proficiency levels. Quantitative data, such as information from the ELL Data Analysis Tool (EDAT), reveals that a significant portion of our ELL population—specifically 177 students, or 35.6%—live in temporary housing. Through this program, we aim to enhance the skills and improve the overall quality of life for our students and their families.

We anticipate serving two cohorts of 30 parents each. Based on enrollment, we plan to offer one class for parents at the beginning proficiency level and another for those at the intermediate to advanced level. To accommodate parent schedules, classes will be held once a week in the morning from December 2025 through March 2026. Program materials such as textbooks, bilingual dictionaries, and general supplies will be purchased to support instruction.

To ensure maximum participation, parents will be notified about classes and workshops through multiple channels, including flyers posted on ParentSquare, the school's Facebook Parent Involvement page, Instagram, the P.S. 127 School Website, letters, SchoolMessenger, phone messages, and personal phone calls. All communications will be sent in parents' preferred languages. We utilize bilingual in-house staff and the NYCDOE Office of Language Access for translation and interpretation services as needed.

All documentation—including agendas, attendance sheets, and invitations in parents' preferred languages—will be maintained by the Parent Coordinator and Bilingual ENL Coordinator to ensure accountability and program effectiveness.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

We host "Coffee with the Principal" once a month, and the guidance counselors offer monthly parent workshops. Additionally, the Parent Coordinator partners with community-based organizations (CBOs) to provide valuable resources to parents. These sessions will be held weekly in the mornings from December 2025 to March 2026, with each session lasting approximately 60 minutes.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Chronic Absenteeism
School Budget
Student Attendance
Curriculum
Study Habits
Family Living
Personal and Online Safety
Resume Building
Health and Nutrition
Therapy
Counseling

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Title III activities will have contributions from the following stakeholders a part of the school community: Carmen Montas (Principal), Lincia Hamilton (Parent Coordinator), Karol Parra, Annette Otero, Yvette Andino (Guidance Counselors), and Harold Mejia (Bilingual ENL Coordinator).

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

The school will use various communication channels, including social media (Facebook, Instagram, and the school website), Robocall messages, ParentSquare, and printed flyers/letters sent home in backpacks, to reach parents. All communications will be provided in parents' preferred languages. Translation services will be handled by our in-house bilingual staff. Additionally, parents who speak low-incidence languages will have access to interpretation and translation services through the NYC DOE-approved over-the-phone service.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The school will maintain records of family engagement activities within this program, including attendance sheets, invitations, translations, evidence of interpretation services, and PowerPoint presentations.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,6,7,8

Total number of teachers in this program:

8

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Our Immigrant program will take place on Saturday mornings and one afternoon during the week and will be supervised by one of our Assistant Principals. RPOB was run on ATS to identify eligible students. The activities are planned as follows:
-English Language Arts:
--ENL teachers will support English Language development with a concentration on Oral language skills through Readers Theater and Theater Arts for students in grade 4 through support of teaching artists from LEAP.
--Students in grades 3-6 will participate in a Cultural Arts program in which they will learn various visual art forms and engage in journaling with a social emotional focus
-students will complete i-Ready individualized lessons
-Art Education

--Students in 1st and 8th grade will practice English and Spanish oral language development through support of teaching artists from Arts Studio residency program.
--Middle School students will participate in an intramural soccer program and will be encouraged to speak in English to practice vocabulary and develop oral language fluency skills.
All parts of the program will include SEL instruction so that students understand that school is a safe place to be on Saturdays and any day of the week.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

-English Language Arts:
--29.46% of our ELLs scored in the bottom 1/3 in Speaking modality on the NYSITELL and NYSESLAT. Second Language learners need to develop both BICS and CALP in order to build on their oral language skills. Theater arts in a fun, safe environment where all levels of ELLs will feel comfortable expressing themselves.
--Only 30.2% of our ELLs scored proficient on the ELA exam last school year.
-Art Education:
--95% of our 1st and 88% of our 2nd grade students scored one or more years behind in the i-Ready vocabulary section. Learning art terms and describing their artwork will help to increase early language skills.
--39% of our 3rd grade students scored one or more years behind in the i-Ready vocabulary section. -35% of our 4th grade students scored one or more years behind in the i-Ready vocabulary section. -51% of our 5th grade students scored one or more years behind in the i-Ready vocabulary section. Students in 3rd and 5th grade will practice English and Spanish oral language through support of teaching artists from Arts Studio residency program.
--86% of our Immigrant students come from countries where soccer is the number one sport.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

English Language Arts:
---LEAP - Total 60 4th-6th grade students. Including all ELL subgroups (Newcomers, Developing ELLs, SIFE, Former ELLs, Ever ELLs, Never ELLs)
---All grades 225 students. Including all ELL subgroups (Newcomers, Developing ELLs, SIFE, Former ELLs, Ever ELLs, Never ELLs)-

Art Education:
---All grades 225 students. Including all ELL subgroups (Newcomers, Developing ELLs, SIFE, Former ELLs, Ever ELLs, Never ELLs)-
-Sports
---All grades 225 students. Including all ELL subgroups (Newcomers, Developing ELLs, SIFE, Former ELLs, Ever ELLs, Never ELLs)-

-Parent Engagement and Instruction:
--Parents will be provided English as a Second Language classes lead by one of our bilingual teachers.
--Parents will be provided parenting classes by Western Queens Consultation Center

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

All programs will take place on Saturday as a Saturday Academy from 8:00 am to 11:30 am. The start date is expected to be January 24, 2026. The sessions will be split into three components to allow for all students to take part in academics as well as SEL, arts. The program will run for 10 weeks (10 sessions) through May 3, 2026.

The teacher training will take place between 1/6/26 to 1/24/26.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

English Language Arts: LEAP LOI is English

Art Education:
Art Studio residency program LOI is English and Spanish .

Sports: Intramural sports LOI is English and Spanish.

Parent Engagement and Instruction:
Parent ESOL LOI is English
Parents parenting classes LIO is Spanish

Number and Types of Certified Teachers

For each Title III Immigrant funded program, include number and type(s) of certified teachers.

2 Bilingual certified teachers
6 ENL certified teachers
All teaching artists and Sports coaches are Bilingual

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

i-Ready - no cost (purchased full year licenses)
Heggerty Teacher's Guides - no cost
Estrellita, Lunita and Escalera kits - no cost
Arts & Craft materials for Cultural Arts program - at cost
Journaling notebooks for students - at cost
Props for Theater arts performance - at cost

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

All extracurricular programs include rosters that contain demographic and academic information about subgroups. These rosters are used to take attendance and pre and post data.
The program will be monitored by an Assistant Principal and the ELL coordinator to ensure high rates of attendance and monitoring of student engagement and progress.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The professional development required for this program include:
-Heggerty program - introduction to Heggerty online self-paced training - at no cost
-i-Ready customization and tracking online self-paced course - at no cost
-Estrellita, Lunita and Escalera 3-hour online training per program for all teachers - at cost
-SEL program online training - at no cost

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Teachers need per session to complete online training outside of school hours that will enable them to teach the programs in these sessions. Additionally, teachers need to sure up their knowledge of programs to be used for AIS support during Tier 1 instruction. This training is also available online and can be completed during afterschool

hours.

Our OORs reports total so far this year (as of 12/3/25) is at 100. This number is 25% higher than last year at this time, and many of these reports are incidents that have occurred with our immigrant students. Our teachers need professional development on how to implement additional age-appropriate SEL strategies that are trauma-informed and culturally relevant.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers will be paid 60 minutes per week to continue professional development for the literacy program and SEL program and to meet with the teaching artists on PD for how to connect the literacy components to the arts portion. Once a month the 60 minutes will be used to continue professional development with program supervisor on using data to further differentiate the literacy instruction.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

-Phonics for Reading to be completed online 12/8 - 1/24 - 2.5 hours
-Spire - to be completed online 12/8 - 1/20
-SEL - to be completed online 1/6 - 3/15

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Science of Reading
Phonological and Phonemic Awareness
i-Ready customization
Art education connection with literacy

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

-Generation Ready
-Curriculum Associates
Estrellita, Lunita, Escalera - online - Estrellita, Inc
i-Ready - Curriculum Associates

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All teachers attending online PD will provide email confirmation of their attendance.
In person PD attendees will complete an attendance form.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

RPOB was run on ATS to identify eligible students/parents.
For at least 4 of the 10 sessions of the program, while students are participating their learning activities, parents will attend a "Chat with an admin over coffee", followed by ESOL lessons and presentations and culminating with a parenting workshop.
--Parents will be provided English as a Second Language classes lead by one of our partner Coalition for Hispanic Families
--Parents will be provided parenting classes by Western Queens Consultation Center"
--one evening in the Spring we will conduct Family Game Night to engage families in fun academic challenges

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

One of the most requested services from our parents both on School Survey and during parent meetings is adult ESOL classes . This year's most attended parent workshops have been the ones sponsored by Western Queens Consultation Center with an average of approximately 30 parents attending all 4 weeks. We will capitalize on the momentum to continue parent participation. This may be included in the parent engagement section.

Parent activities during the program hours allows the parents to only make one trip to bring and pick up their child. While we have them in school, we will try to provide as much support as possible with things they cannot normally do during the week. The coffee chats will allow admin to provide support with technology, academics Q&A, and other school-related matters. Parenting workshops are in the top 10 requested parental support requests on the School Survey.

For parents, a 10-week commitment for their participation may be too much, therefore the required parent attendance will only be 4 sessions.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

From January 24, 2026 to May 3, 2026, every other meeting week from 8:00 am to 11:30 am each session.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

The coffee chats will allow admin to provide support with technology, academics Q&A, and other school-related matters. Parenting workshops will include Managing Fighting and Aggression, Managing Disobedience, Hassle Free Shopping, Developing Good Bedtime Routines, The Importance of School Attendance.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Bilingual Teacher
Guidance Counselor
Western Question Consultation Center
Coalition for Hispanic Families

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parent Square online communication platform which provides two-way communication between parents and teachers. The platform translates communication into parents' native language and back to teacher's language. Backpacked letters in both English and Spanish, and when available in the other DOE languages.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Staff will maintain attendance logs of all parent participation by date. Parents will be given a calendar of workshop days and will be reminded via Parent Square online communication platform.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

18,995

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		Theater Arts program
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		
Educational Software (Object Code 199)		Teacher subscription to PD
Travel		
Other		
TOTAL	18,995
