Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

East Elmhurst Community School

District Borough Number (DBN):

30Q329

Grades Served:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
*Rachel Staroba	*Principal or Designee	
*Jessica Baity	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Patricia Rivera	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
VACANCY	DC37	
Dolores Gomez	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for high schools)	
n/a	Student Representative (Required for high schools)	
Frank Smith	CBO Representative, if applicable	
TBD	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Emma Gonzalez	Parent	
Lana Vogelle	Staff	
Paola Salgado	Staff	
Katerina Hadjipavlis	Staff	
Elizabeth Diaz	Parent	
Juana Bautista	Parent	
Ana Pinon	Parent	
Meg O'Rourke		

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission
At East Elmhurst Community School, children learn by doing, by taking risks and by learning from their mistakes. Through the arts, writing and content based dialogue, children develop and refine their own opinions and solutions regarding local and global issues. Through daily family engagement and collaboration, children experience consistency between home and school and have a collective network of nurturing support that allows them to become the fullest expression of themselves.

VISION
Graduates of East Elmhurst Community School will be: curious and courageous critical thinkers who are active, interdependent, culturally and personally aware community members.

CORE VALUES
Curiosity – How do you challenge your knowledge and beliefs?
We create space to engage in the productive dialogue of opposing views so that we can peacefully resolve conflict AND create solutions far better than those we could have created alone. We lean in to discomfort and grow the most during periods of the greatest discomfort.

Courage – How do you exercise your power and how do you respond to your mistakes?
We have the courage to speak our minds, stand up for our beliefs, and do what is right, even when no one else will; doing this does not mean that we are unafraid – it means doing so in spite of being afraid. Courage also means seeing failure as an opportunity to grow and learn...as a natural step along the continuum of success. We stand in our agency and, through our studies, build the skills and knowledge so that we may advocate thoughtfully and strategically.

Community– How do you support your community?
We build community by developing into the fullest expressions of ourselves AND supporting and advocating for others to be able to do the same. We develop into our fullest expression by being creative, engaging in the journey of understanding and the pursuit of knowledge, and through our contributions to society. As we are all interdependent and interconnected in our community, we push others' thinking, create space for dialogue, and advocate for all members to also fully self-express. We do this because when even one member of our community is denied an opportunity to succeed; this limits the community's overall capacity and, therefore, all members of our community.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

East Elmhurst Community School is located in the heart of Queens, serving a students of predominantly Ecuadorian and Mexican heritage. Many of our families have come recently from their countries seeking opportunity and education for their children. Arriving at school, our students already have a strong sense of family and community and they bring that sentiment from home, thereby making East Elmhurst Community School a second home - an extension of their greater (and global!) community. With Lucy the Lion as our mascot, we are #ThePrideOfEastElmhurst!

We are home for approximately 461 students. 39% of our students are classified as MLL's; 20% have IEP's;

Founded in 2013 by a group of dedicated veteran teachers, we work every day to live out Paulo Freire's vision for a truly dialogical learning community, whereby teachers, students, and families work collaboratively to create our school's structures, rather than using a top down approach to leadership. We also deeply value the arts and strong family ties to create a well-rounded and balanced instructional program for our brilliant and curious students.

We see our work as a journey into revolutionizing the way we "do" education. While our students are largely classified as "English Language Learners," we just think of them as children who are on the journey to becoming the fullest expression of themselves, while honoring their gift of bilingualism! Here, you will not hear the term "ELL student;" you will hear English and Spanish spoken by both children and adults as we all grow in our language acquisition.

We have 3 core practices that facilitate our school being a "temple of learning:"

1. The Arts - The arts teach children to make good judgments about qualitative relationships. With the arts, it is judgment rather than rules that prevail. The arts teach children that problems can have more than one solution and that questions can have more than one answer. The arts celebrate multiple perspectives. There are many ways to see and interpret the world. The arts teach children that in complex forms of problem solving, purposes are seldom fixed, but change with circumstance and opportunity. Learning in the arts requires the ability and a willingness to surrender to the unanticipated possibilities of the work as it unfolds. The arts make vivid the fact that neither words in their literal form nor numbers exhaust what we can know. The limits of our language do not define the limits of our cognition. The arts teach students that small differences can have large effects. The arts traffic in subtleties. The arts teach students to think through and within a material. All art forms employ some means through which images become real. The arts help children learn to say what cannot be said. When children are invited to disclose what a work of art helps them feel, they must reach into their poetic capacities to find the words that will do the job. The arts enable us to have experience we can have from no other source and, through such experience, to discover the range and variety of what we are capable of feeling. The arts' position in the school curriculum symbolizes to the young what adults believe is important. I believe the arts will open up the world for our students, creating access, manifesting compassion, and allowing our little ones to experience a richer and more meaningful life as they seek to make our world a better place. (Elliot Eisner)

2. Teacher Teams/Collegiality - "The use of professional learning communities is the best, least expensive, most professionally rewarding way to improve schools. . . . Such communities hold out immense, unprecedented hope for schools and the improvement of teaching" (Schmoker, 2005, pp. 137–138). Our teacher teams work collaboratively to plan, conduct inquiry, evaluate the results of assessments and to provide the collegial support needed to be a passionate, engaging, and effective teacher. At our core, we are public servants dedicated to creating spaces for children and their families to become the next generation of agents of change. The work is demanding and, at times, gut-wrenching. In our school community, no one is alone. We support one another to be the best we can be for our students.

3. Family Engagement – Supreme Court Justice Sonia Sotomayor once said that getting families involved and bringing them to the table to be active participants in their children's education is the most important thing we could

do as a school community to ensure the success of our students. For us, this means not just informing families of their child's progress, but sitting with them and providing the spaces to support them in being educational partners. In our community, the approach of "it takes a village" means that our students are cared for not only by their own family, but by all of our families. Each child is nurtured by many moms, grandmothers, and dads to become the best young person they can be. We take a collective responsibility for the success of each young person that walks through our doors.

In the spirit of collegiality, we work together to maintain our culture of #Community, #Curiosity, and #Courage! Examples of our work and partnerships include:

*After School Program with Smith Preparatory
*Saturday Enrichment Academy (Arts, Chess)
*Lunch/After School Clubs
*After School Enrichment courses (the arts, academics, and other enrichment)
*Chess in the Schools
*Arts Infusion (lyric study, painting study, classical music study)
*Dual Language
*Parent Leaders (trained parent volunteers)

Since partnering with Smith Academic Enrichment, a community partner with strong ties to the neighborhood, our NYS ELA scores have risen ten points, 36 to 46%, and our NYS Math scores have risen 14%, from 41 to 55%. Additionally, having a community partner who works so closely with our day school staff to cross train after school tutors in SoR practices, our BOY mClass grew twenty points, from 34 to 54% reading proficiency (K-5) based on composite scores.

Briefly summarize the key initiatives your school will implement this school year.

Focus on building staff capacity and schoolwide coherence

Instructional Focus:
Teachers and staff will work in teams to analyze student data to differentiate instruction based on student need which will increase overall student achievement.

1. TEAMS
Staff and teacher teams will be supported to build capacity using the PLC structure, as defined by DuFour and DuFour. This includes grade team PLC's, the Instructional Literacy Team, the Instructional Math Team, the Attendance Team, and the Wellness Team.

2. DIFFERENTIATION
Staff will work as PLC's to establish (and strategically remove) scaffolds to allow all children access to learning and resources.

3. MTSS
Teams will use data to identify students in need of tiers 2 and 3 interventions and provide research based approaches to support students/families.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	
Math	K-5	Illustrative Mathematics	Context for Learning Mathematics, Building Fact Fluency
Foundational Skills	K-2	UFLI	Fundations

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
54% of students reading at grade level (mClass EOY 2025) Schoolwide, accuracy is 69% while fluency is 45%. Grade 1 Accuracy: 59% Fluency: 57% Grade 2 Accuracy: 54% Fluency: 44% Grade 3 Accuracy: 67% Fluency: 44% Grade 4 Accuracy: 79% Fluency: 45% Grade 5 Accuracy: 88% Fluency: 52%	Gaps in fluency: reading accuracy is higher than fluency and the gap increases by grade. There is a gap between accuracy and fluency due to insufficient rehearsal and, thus, children are required to utilize more working memory for decoding and syllabification. If unaddressed, the problem compounds over years, leading to difficulty with comprehension as children are using all working memory just to decode the text. Fluency gaps need to be addressed using research based practices. When this cannot be addressed in the classroom through tier 1, children need additional tier 2 and/or tier 3 interventions.	Increase focus on reading fluency through independent and small group reading during ELA block

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45	By June, 2026, literacy for all students will improve, as measured by a 25 increase, from 45 to 70, of percentage of students scoring at/above grade level in Reading Fluency (ORF) on the mClass Screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Coherent structures for the reading block of ELA, which include a minimum of 30 minutes of reading each day. During this time, students will engage in one of the following learning activities aligned with their individual goals based on mClass screener and progress monitoring:

1. Independent reading with response to reading
2. Book Club reading/dialogue with collective response to reading
3. Timed fluency practice with UFLI passage (matched according to data)
4. Teacher led Tier 2 small group with learning target drive by data

Root Cause Addressed:

There is a gap between accuracy and fluency due to insufficient rehearsal and, thus, children are required to utilize more working memory for decoding and syllabification. If unaddressed, the problem compounds over years, leading to difficulty with comprehension as children are using all working memory just to decode the text.

Provision of time to for daily practice for decrease working memory load for children and also allow teachers more time to troubleshoot fluency struggles during small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Coherence of Reading Block schoolwide, led by Instructional Literacy Team, with a minimum of 30 minutes daily for

eyes on text/reading across all grades.
Teacher Team (PLC) Inquiry Cycles on fluency, led by Reading Intervention Teacher/Literacy Coach
Professional learning on working memory, automaticity, and supporting readers struggling with fluency, led by Reading Intervention Teacher/Literacy Coach.

Key Strategy 2 (Optional):

Tier 3 fluency interventions by special education teachers and Reading Intervention Teacher using Phonics for Reading and/or UFLI for students who do not make adequate growth via tier 2 small group work in the classroom. This work is led by the Instructional Literacy Team, who meets regularly to monitor student progress and provide supports to teachers/students. (MTSS)

Root Cause Addressed:

Fluency gaps need to be addressed early using research-based programs. When this cannot be achieved in the classroom, children work with the Reading Intervention Teacher for daily fluency work for a least one cycle. Once growth is sustainable, they are returned to receiving only tiers 1 and 2 in the classroom.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify all students with gaps in accuracy and fluency as per mClass (Instructional Literacy Team)
Group students based on need/grade
Assign teacher and intervention program
Weekly progress monitoring
Shifting groups as needed

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To support teachers with implementation, school leaders will regularly visit reading instruction to offer support and feedback, as needed.

There is a focus, this year, on the following elements of Danielson, during observations:

1. 1e COHERENT INSTRUCTION - Teachers will use progress monitoring data (including mClass and teachers' notations) to intentionally organize instructional groups to support student learning. Specifically, during the reading portion of the ELA block, school leaders will support teachers to adhere to the structures of time during the block (explicit teach, followed by time on text and small groups). Additionally, support will be provided via literacy coach and professional planning period to review data, set small flexible groups and plan for those groups.

2. 3c ENGAGING STUDENTS IN LEARNING - Teachers will use data to intentionally group students based on the most high leverage skill of focus. They will work in teacher teams with our literacy coach to plan those small groups to support students' area of growth.

School leadership will track Danielson ratings for these two domains and share with teams to make strategic decisions on PL and/or individualized teacher support.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	05/29/2026	Regular family workshops on the Science of Reading, including sharing family Padlet of resources	Smith Academic Enrichment (after school CBO) to partner with Literacy Coach to share data and support reading skills after school
10/01/2025	06/26/2026	Reading Nights - Nights to read with your children and connect with teachers of reading	N/A
02/04/2026	02/04/2026	Read Aloud Day	N/A
10/01/2025	05/29/2026	Monthly read alouds by school leadership to each classroom	
12/01/2025	03/20/2026	Scholastic Book Fairs at PTC's	Scholastic
09/04/2025	06/26/2026	Inchy's Bookworm Vending Machine tokens for awards on Fridays	Book Vending
09/04/2025	06/26/2026	Weekly Family Newsletter from PC	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Reading Intervention Teacher/Coach, special education teachers

Instructional Resources

mClass assessment, UFLI, HMH Into Reading, Fundations materials, decodable readers, texts for students of interest after mastery of ORF

Schedule Adjustments

Use of ICT teachers for tier 3 interventions for struggling readers

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYC Teacher Survey - 77% have "a lot" or "some" access to school based supports to assist in behavioral/emotional escalations?	Shifting needs of school community, shifts in parenting, significant increase in access to technology (especially social media), need for shift to trauma informed practices and away from PBIS and behaviorist approach to discipline/support	Teacher training and access to prevention, inclusion, trauma informed practices, supporting families, reduction in unlimited tech access

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	77	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 23 Increase in the percentage of adults that have access to school based supports to assist in behavioral/emotional escalations from, 77 to 100, per the NYC School Survey Results.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

School Based Survey

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Shift Crisis Team into Wellness Team, with the goal of redirecting the focus to prevention and deeper understanding of trauma informed practices instead of reactive and punitive approaches to discipline. The Wellness Team will:

1. Continue to provide Tier 1 PBIS supports (weekly awards, celebration of milestones and accomplishments)

2. Provide IN HOUSE regular trainings to understand the brain science behind behavior and offer generalizable practices to support building a positive classroom culture that prevents crises and addresses emotional needs of students.

3. Work with a pilot group of teacher volunteers to establish full trauma informed classrooms with no classroom based PBIS supports with the goal of generalizing practices to share and roll out over time, as the community is prepared to do so. (Recognizing that some students with special needs may need concrete rewards, at least initially, until they can internalize regulation).

4. Offer weekly triage for teachers who are struggling to meet the needs of their students/classroom

5. Continue to offer crisis services, as needed, but not without emphasis on tier 1 preventative practices

6. Offer family workshops and videos on boundaries, structures, technology, social media, and other topics as requested

Root Cause Addressed:

Building teachers' toolboxes, more deeply those who are prepared to shift from behaviorism to trauma informed

Rebranding of our role in being preventative, not reactive, in addressing crisis

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Rebranding the Crisis Team to the Wellness Team
Regular teacher trainings (tier 1)
Teacher pilot group to largely eliminate PBIS approach (behaviorism) and replace with trauma informed practices

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
iReady Diagnostic Data Spring 2025: 16% Mid/Above Grade Level	Teacher support need in unpacking math standards, triangulating assessment data, and creating small groups to address student areas of growth	More targeted professional learning with classroom teachers and strengthening of Instructional Math Team

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	16%	East Elmhurst Community School will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students at "Mid or Above Grade Level" will Increase by 17% from 16% to 33%, for All Students, as measured by iReady Math Diagnostic.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthening and empowerment of the Instructional Math Team to support teacher teams (PLC's) with utilizing iReady diagnostic data, NFA data (K-2) and IM checkpoints to modify instruction, especially through the use of small groups and ongoing corrective feedback.

Teacher teams will set goals as a grade team and with students to motivate and monitor growth.

PLC's will work in inquiry cycles to review data, shift practice, and monitor impact, with the support of the Instructional Math Team. The IMT will also lead regular professional learning during and after school to unpack standards and support colleagues with creating small groups to address areas of growth.

*Teachers will also utilize resources from iReady to prepare for the diagnostic exams, maximizing students' ability to demonstrate their knowledge and understanding on the assessment.

Restructuring of the math block: Six periods/week
4 Illustrative Math lessons (as per pacing calendar)
1 CGI/Small Group (based on student data)
1 Reteach/Small Group (based on student data)

Root Cause Addressed:

Designated space for teachers to review math data, unpack standards, understand the math diagnostic, and plan for small group instruction to address areas of growth with students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Instructional Math Team (IMT) reviews iReady and NFA data with teams
IMT supports colleagues with coherence assessment plan for the year
IMT supports teacher teams to unpack units + standards
IMT supports PLC (teacher teams) with cycles of inquiry
Teachers utilize iReady "Prepare Your Students for the Diagnostic resources

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Students learning will be monitored via iReady Diagnostic but triangulated with IM checkpoints, end of unit assessments, and NFA data (K-2).

To support teachers with implementation, school leaders will regularly visit reading instruction to offer support and feedback, as needed.

There is a focus, this year, on the following elements of Danielson, during observations:

1. 1e COHERENT INSTRUCTION - Teachers will use progress monitoring data (including mClass and teachers' notations) to intentionally organize instructional groups to support student learning. Specifically, during the math block, school leaders will support teachers to adhere to the structures of time during the block (4 IM lessons, 1 CGI/Small Groups, 1 Re-teach). Additionally, support will be provided via IMT members and professional planning period to review data, set small flexible groups and plan for those groups.

2. 3c ENGAGING STUDENTS IN LEARNING - Teachers will use data to intentionally group students based on the most high leverage skill of focus. They will work in teacher teams with our IMT members to plan those small groups to support students' area of growth.

Priority 3 Family and Community Engagement

Family and Community Engagement

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
44% have completed BB#1 for Kids Rise CSA	Lack of awareness	Increased outreach and celebration of families/children

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students participating in building block 1 for All Students will Increase by 16 from 44 to 60 as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Creation of designated spaces for Parent Coordinator to assist with Kids Rise Registration, including office hours and being present at arrival. Additional sign up's at Parent Teacher Association Meetings.

Root Cause Addressed:

Ongoing exposure for families and support with enrollment, which is often a barrier for families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Set weekly meetings with Parent Coordinator, during which review Kids Rise Dashboard
Have ATS list of all students and laptop at all events and arrival
Enroll families at all events
Invite Kids Rise/Workshops at PTA's for families on CSA's

Key Strategy 2 (Optional):

College/Career Week in May to coincide with 5/29 Day (it is also a short week and will help boost attendance)

TUESDAY: Your Future is So Bright Day (wear your favorite sunglasses)
THURSDAY: Staff/students represent their/their family's alma mater with College Gear
*5/29 Day: sign up for the Kids Rise Savings Account!
FRIDAY: Career Day! Dress up as your future career and listen to presentations from guests about their careers and educational journeys

Root Cause Addressed:

Connecting students to innovative and non-traditional careers is essential in our community. Many of our students want to become teachers because they love their teachers! But, there are many pathways to financial sustainability and financial independence.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule visits from individuals with diverse career experiences, including financial planners and financially independent people
Schedule and market events
Seek feedback from students and families

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

I will meet weekly with our Parent Coordinator to review the Kids Rise Dashboard and monitor planning efforts for College and Career Week.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Opportunities to enroll at arrival, PTA, and office hours with Parent Coordinator	Kids Rise Staff
10/06/2025	05/29/2026	Finance/Entrepreneur Student Clubs	TBD
09/25/2025	06/11/2026	Parent Workshops on financial literacy, building a business, savings, and financial independence	TBD

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator

Instructional Resources

TBD

Schedule Adjustments

None

Other Resources Needed

TBD

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Attendance at family mornings 2024-2025	insufficient advertising, insufficient explanation of what parents will see and why	Framing the visit, with focus on instructional approaches in literacy and mathematics

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	1	East Elmhurst Community School will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents attending at least 1 Family Instructional Morning will Increase by 24 from 1 to 25 as measured by Family Instructional Morning Sign In Sheets.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Assistant principal partners with Parent Coordinator to create monthly workshops for families to frame the visits (either math or literacy) and coordinate classroom visits so families so see our instructional focus and philosophies in practice with their children. The workshops will also include strategies to support at home and glean parent input on the impact they see in their child's progress. Workshops should not be only giving information to families, but also a dialogue to include families voices.

Root Cause Addressed:

Instructional practices have shifted with SoR and as the needs of children have changed. Parents are our children's first teachers in the home; dialogue is necessary to create greater connections and ensure success of each child.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
AP and PC plan calendar of workshops and classroom visits (Family Instructional Mornings), targeting key points to share with families
Schedule is set and shared with community
Workshops are developed with key questions to ensure dialogue and not just giving information to families
Family Instructional Mornings reminders are send and executed

Families complete feedback forms for PC to inform next workshops

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly sign in sheets and family feedback forms will indicate percentage in attendance and impact, as well as inform next steps for future Family Instructional Mornings

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	06/26/2026	Advertise Family Instructional Mornings	PC
10/01/2025	05/29/2026	Execute family Instructional Mornings, including seeking feedback	PC, AP

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Assistant Principal

Instructional Resources

HMH, decodables, chapter books, UFLI, Illustrative Math, Do the Math, math centers from CKing Ed consultant

Schedule Adjustments

Teachers alter schedules to accommodate the focus of either literacy or mathematics

Other Resources Needed

Phonics resources for families to support development, math games

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
32% of students chronically absent (New Vision Portal 2024-25 SY)		

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Using resources from Attendance Works, the primary root cause of chronic absenteeism in our community is "misconceptions of the impact of absences." These include:

*Absences are only a problem if they are unexcused
*Missing 2 days per month doesn't affect learning
*Lose track and underestimate TOTAL absences
*Assume students must stay home for any symptom of illness
*Attendance only matters in the older grades

The Wellness Team will absorb the Attendance Team to address the primary elements that support positive attendance, at the center of which are healthy relationships with at least one at least one adult in the school community, using the Attendance Works Student Absenteeism Worksheet to consider tailored supports for students who have/had chronic absences.

https://www.attendanceworks.org/wp-content/uploads/2019/06/Causes-for-Student-Absences-Worksheet-CFL-040925.pdf

1. Academic challenge and engagement
Is the student struggling academically? Consider what skills and content the student has missed because of their absences as well as other instructional needs.

Does the student need accommodations to benefit from classroom instructions? (e.g. peer support, access to computer, breaks, material presented in different ways, etc.)

Is the student having trouble accessing the classroom material due to language barriers?

Do you suspect that the student has an unidentified disability?

Are there barriers to studying at home?

2. Healthy Relationships

Does the student have a positive connection with at least one adult at the school? If yes, who is that person?

Does the student belong to any clubs, programs or other activities at the school?

Is the student part of a positive peer group at school?

Does the student exhibit any worrisome anti-social behaviors?

Have you met with the parent/caregiver to discuss attendance concerns?

3. Belonging Connection and Support
Are there any clubs, programs or resources before or after school that might help engage the student?

Are there cultural, language or other types of barriers that require extra effort on the part of the school to work with the parent/caregiver?

Do the parents/guardians recognize the importance of and support regular school attendance?

Is the student exposed to race, disability, cultural or LGBTQ biases?

Has the IEP/504 team met recently to review and revise the student's educational plan?

4. Adult and Student Well-Being and Emotional Competence
Does the student exhibit anxiety due to separation from parent/caregiver?

Does the student struggle with organizational tasks?

Does the student avoid difficult social or academic situations by staying away from school?

Has the student identified the reasons for missing school?

Has the parent/caregiver identified specific barriers to attendance?

5. Physical and Emotional Health and Safety
Are there conditions in the classroom, cafeteria or other school areas that affect the student's health or safety? (e.g. mold or other asthma triggers, animal dander, food allergens)

Does the student require health or mental health-related treatment that interferes with attendance?

Are there problems in the home that contribute to frequent absences? (e.g. parental illness, homelessness, childcare, the health or mental health of the parent/caregiver)?

Are transitions difficult for the student? (e.g. entering the school building, moving from class to class)?

Have there been any reports of bullying?

The Wellness Team will also provide regular messages to families about their child's attendance, along with info sheets from Attendance Works, to support education of families about the importance of regular school attendance and punctuality.

Root Cause Addressed:

By looking carefully at each child, we are able to tailor our supports based on the needs of the child and family.

Through regular mailings to families about their child's attendance rate, along with info sheets on the importance of attendance, we support the education of families and address that many families do not keep accurate count of the number of absences. They also assume that excused absences do not count against their child's learning.

By absorbing the Attendance Team into the Wellness Team, we are addressing the needs of the whole child and family, instead of focusing separately on attendance and then on children's well being

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Convene Wellness Team to establish roles and structures, including schedule for mailings
Assure access to New Visions
Keep log of chronically absent students and monitor progress
Complete Worksheet for each chronically absent student

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The New Visions Portal for Chronic Absenteeism will be used to monitor progress.

Attendance/Chronic Absenteeism Family and Community Engagement

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
NYC School Survey 2025: 73% families report their child receives what they need to achieve their IEP goals	Increased need for differentiation in both general education ed/inclusive settings and self contained settings	IEP Development and Fidelity of Implementation

		Transition Planning and Compliance
NYC School Survey 2025: 92% of parents respond favorably: if my child needs additional learning supports and services, I know the next steps to get support at my school.	Lack of understanding of MTSS process by classroom teachers	Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	73	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve equitable access for IEP students to supports and services needed to achieve their IEP goals by a 27% Increase, from 73 to 100, as measured by NYC School Survey.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Regular communication with families by IEP teacher, via surveys and monthly workshops, to garner parent feedback and support families with using school based progress monitoring data to share student growth and areas in need of support.

Regular workshops and instructional focus on differentiation for students of all abilities in order to access the core instructional program and to have their areas of need met during small groups and/or related services. Feedback to teachers through cycles of observation and feedback with a strong focus on 3d and 1e.

Root Cause Addressed:

Building parent knowledge and working with families as PARTNERS who know their child best. Additionally, arming families with data to track their child's progress and better advocate for their child's needs during meetings and IEP convening.

Building teacher knowledge and shifting mindset from antiquated practice of RtI, where student is taken from the room for intervention, to MTSS, where students' needs are met during the second half of each instructional period's small group work.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish monthly IEP Family Workshop dates, topics
Support roll out of "centers" or small group instruction during reading and mathematics through whole school training during PL time on Mondays
Support individual teachers during observation cycles in 1e and 3d through modeling, intervisitation, and support from in house mentors/coaches
Regular family surveys to determine impact

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitored through parent surveys (in addition to NYC School Survey) 3 times/year, specifically asking families about their child's goals, how they are being addressed, and what supports are being provided to ensure goals are met.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/11/2025	06/26/2026	Survey 3x/year to garner feedback on school supports for children meeting IEP goals	PTA
10/02/2025	06/26/2026	Monthly family workshops for those with IEP's for dialogue and support in advocating for their children	IEP Teacher
10/01/2025	06/26/2026	Instructional mornings for families to see differentiation being implemented in the classroom	Teachers, PC

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP Teacher, SBST, Parent Coordinator, Pupil Accounting Secretary

Instructional Resources

Math Centers from CKing Education, Decodables and chapter book sets, UFLI, Do the Math, Phonics for Reading

Schedule Adjustments

Change of reading block to include 30 minutes of eyes on text, math 6 times week (4 Illustrative Math, 1 centers/CGI, 1 re-teaching and small groups)

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
ROAR 1-3 Literacy Intervention, Tier 3	Far below grade level, as per mClass screening	Phonics for Reading	Small group	During school	No
Newcomers (Tier 3)	Arrived within 1 year, lacking in English phonics as per mClass	Phonics for Reading	Small group	During school	No
Tier 2	Below grade level, as per mClass screening	UFLI	Small group, grouped by grade team as per inquiry work	During literacy block	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Newcomers Groups	Referred by the ENL Coordinator during intake	Counseling/Tutorials	Small group	During School	No
Social Skills/Play Groups	Brought to the Child Study Team by classroom teacher or provider	Counseling	Small Group	Recess	No
At Risk Counseling	Brought to the Child Study Team by classroom teacher or provider	Counseling	one-to-one	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

MTSS essential components are shared via school website and Handbook. Additionally, teachers will share MTSS components during parent meetings on Talk with Teacher Tuesdays (once/month).

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of children receiving tiers 2 and 3 interventions will receive copies of the progress monitoring data from mClass.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are invited to meet with intervention teachers and/or classroom teachers during Talk with Teacher Tuesdays or via phone conference to discuss how their child is progressing.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

101 total students identified as STH

Doubled up: 81
Other temporary living: s
Shelter: 19

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Many of our STH families and students were unable to access after school supports, thus we identified the need to increase supports during the school day to allow for access for all students.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Materials - STH students are provided with all necessary instructional and extraneous materials (school supplies, uniforms, emergency food, trips, etc.)

School Wide Enrichment - a wide array of arts, sports, and liberal arts clubs based on students interest

After School Academic Support - small group supports across all needed disciplines

After School Care - through Smith Academic Enrichment

Flexible Schedules - 7:30 - 8:00 breakfast and early drop off program with homework help, sports, emotional supports, and socialization

Brighter Bites - Food Distribution

Triage - connection to services, medical supports by Wellness Team

Therapy, Support Groups - in school and via referrals to outside agencies

Community Garden - therapeutic, building community, access to fresh food

Trips to cultural institutions - free shows at Carnegie Hall, Queens Theatre, Thalia Theatre

Access to home language - Numerous bilingual staff, many of whom also experienced immigrating to the US

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

For the 2025-2026, we currently do not have any students identified as being in foster care.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

N/a

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

In the past, our social worker has worked with the child, foster families, birth family, and foster care agency to ensure continuity of services, aligned supports, and provide the best mandated or at-risk service to meet the needs of our children.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

This is noted above but, additionally, academic concerns will also be addressed via the Child Study Team so we ensure our children have a village advocating for them to receive all the support they need.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. East Elmhurst Community School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. East Elmhurst Community School's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

East Elmhurst Community School will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

East Elmhurst Community School's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support

services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

East Elmhurst Community School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teacher teams meet weekly in PLC's during a "professional" period in order to review student data and make decisions around:
1. Reteaching
2. Small group instruction (centers, guided groups)
3. Curricular alignment to standards
4. Student progress and small group impact

PLC's will utilize data protocols for reflection from All Things PLC (DuFour and DuFour).

Teachers will also have the support of a math consultant from CKing Education to support execution of CGI (cognitively guided instruction) and to utilize data to form small groups.

Teachers will also have the support of an in house Literacy Interventionist/Coach to support with unpacking of reading and writing units and aligning learning targets to standards and engaging learning materials from HMH Into Reading.

Additionally, our instructional focus this year is: Teachers and staff will work in teams to analyze student data to differentiate instruction based on student need which will increase overall student achievement. As such, school leaders will focus instructional observations/feedback cycles on 1e, Designing Coherent Instruction and 3c, Engaging Students in Learning.

1e: Designing Coherent Instruction
Designing coherent instruction is the heart of planning, reflecting the teacher's knowledge of content and of the students in the class, the intended outcomes of instruction, and the available resources. Such planning requires that educators have a clear understanding of the state, district, and school expectations for student learning and the skill to translate these into a coherent plan. It also requires that teachers understand the characteristics of the students they teach and the active nature of student learning. Educators must determine how best to sequence instruction in a way that will advance student learning through the required content. Furthermore, such planning requires the thoughtful construction of lessons that contain cognitively engaging learning activities, the incorporation of appropriate resources and materials, and the intentional grouping of students. Effective practice in this component recognizes that a well-designed instruction plan addresses the learning needs of various groups of students; one size does not fit all. At the highly effective level, the teacher plans instruction that takes into account the specific learning needs of each student and solicits ideas from students on
how best to structure the learning. This plan is then implemented in domain 3.

The elements of component 1e are:
• Learning activities
Instruction is designed to engage students and advance them through the content.
• Instructional materials and resources
Aids to instruction are appropriate to the learning needs of the students.
• Instructional groups
Teachers intentionally organize instructional groups to support student learning.

• Lesson and unit structure
Teachers produce clear and sequenced lesson and unit structures to advance student learning.
Indicators include:
• Lessons that support instructional outcomes and reflect important concepts
• Instructional maps that indicate relationships to prior learning
• Activities that represent high-level thinking
• Opportunities for student choice
• Use of varied resources
• Thoughtfully planned learning groups
• Structured lesson plans

3c: Engaging Students in Learning
Student engagement in learning is the centerpiece of the Framework for Teaching; all other components contribute to it. When students are engaged in learning, they are not merely "busy," nor are they only "on task." Rather, they are intellectually active in learning important and challenging content.

The critical distinction between a classroom in which students are compliant and busy and one in which they are engaged is that in the latter, students are developing their understanding through what they do. That is, they are engaged in discussion, debate, answering "what if?" questions, discovering patterns, and the like. They may be selecting their work from a range of (teacher-arranged) choices, and making important contributions to the intellectual life of the class. Such activities don't typically consume an entire lesson, but they are essential components of engagement.
A lesson in which students are engaged usually has a discernible structure: a beginning, a middle, and an end, with scaffolding provided by the teacher or by the activities themselves. Student tasks are organized to provide cognitive challenge, and then students are encouraged to reflect on what they have done and what they have learned. That is, the lesson has closure, in which teachers encourage students to derive the important learning from the learning tasks, from the discussion, or from what they have read. Critical questions for an observer in determining the degree of student engagement are "What are the students being asked to do? Does the learning task involve thinking? Are students challenged to discern patterns or make predictions?" If the answer to these questions is that students are, for example, filling in blanks on a worksheet or performing a rote procedure, they are unlikely to be cognitively engaged.

In observing a lesson, it is essential not only to watch the teacher but also to pay close attention to the students and what they are doing. The best evidence for student engagement is what students are saying and doing as a consequence of what the teacher does, or has done, or has planned. And while students may be physically active (e.g., using manipulative materials in mathematics or making a map in social studies), it is not essential that they be involved in a hands-on manner; it is, however, essential that they be challenged to be "minds-on."

The elements of component 3c are:
• Activities and assignments
The activities and assignments are the centerpiece of student engagement, since they determine what it is that students are asked to do. Activities and assignments that promote learning require student thinking that emphasizes depth over breadth and encourage students to explain their thinking.
• Grouping of students
How students are grouped for instruction (whole class, small groups, pairs, individuals) is one of the many decisions teachers make every day. There are many options; students of similar background and skill may be clustered together, or the more-advanced students may be spread around into the different groups. Alternatively, a teacher might permit students to select their own groups, or they could be formed randomly.
• Instructional materials and resources
The instructional materials a teacher selects to use in the classroom can have an enormous impact on students' experience. Though some teachers are obliged to use a school's or district's officially sanctioned materials, many

teachers use these selectively or supplement them with others of their choosing that are better suited to engaging students in deep learning—for example, the use of primary source materials in social studies.

• Structure and pacing

No one, whether an adult or a student, likes to be either bored or rushed in completing a task. Keeping things moving, within a well-defined structure, is one of the marks of an experienced teacher. And since much of student learning results from their reflection on what they have done, a well-designed lesson includes time for reflection and closure.

Indicators include:

• Student enthusiasm, interest, thinking, problem solving, etc.
• Learning tasks that require high-level student thinking and invite students to explain their thinking
• Students highly motivated to work on all tasks and persistent even when the tasks are challenging
• Students actively “working,” rather than watching while their teacher “works”
• Suitable pacing of the lesson: neither dragged out nor rushed, with time for closure and student reflection

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Kindergarten Families are welcomed with summer Kindergarten Orientation event

Pre-School children are invited to connect with and visit K classes to prepare for their transition

School secretary has established relationships with Pre-K pupil accounting secretaries to ease transition of records

*Center based learning to ease into the transition from smaller to larger classes

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title 1 SWP	Federal	301,794	X	All
Title 1 SWP Carry Over	Federal	15,427	X	All
Title 1 SWP Carry Over Parent Family Engagement	Federal	154	X	All
Title 1 SWP STH	Federal	100,345	X	All
Title 3 LEP	Federal	17,040	X	All
TL FSF	State	4,405,681	X	All

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Rachel Staroba-Hallenbeck
Assistant Principal (Where Applicable)*	Claudia Rerrie
English as a New Language (ENL) Teacher*	Isabel Vercosa
Teacher (if school has a bilingual program must be a bilingual teacher)*	Mayra Gonzalez
Parent/Guardian*	Juana Bautista
Teacher - IEP	Jessica Baity
Parent Coordinator	Karen Xicotencatl
School Counselor	Stephanie Pachucho
Related-Service Provider	Angela Giraldo
Other (Name and Title)	Niki Cheras (ENL teacher)
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

8

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

8

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

438

Total number and percentage (%) of current ELLs:

156 (35.6%)

Total number and percentage (%) of former ELLs:

39 (8.9%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

128 (82.1%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

28 (17.9%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

7 (4.5%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

45 (28.7%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2013-14	1	1	1	1	1									5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL As a small school with only three classes per grade -one Gen-ED, one ICT and one Dual, East Elmhurst Community School places students in heterogeneous classes. All classes in each grade have students who are English Language Learners, as well as former ELLs and non-ELLS. The dual certified teacher (Common Branches/TESOL) or the Bilingual certified teacher provides the mandated stand-alone minutes to students who, in accordance with CR Part 154, are required to receive stand-alone ENL services. The school's ENL coordinator (also dual certified Common Branches/TESOL), provides ENL services to students, especially Newcomers, in a stand-alone method. Students are grouped according to their age and proficiency level and work in small groups with a focus on ENL units of study.
Mandated minutes are allocated based on students proficiency levels, as per CR Part 154:

Integrated ENL:

East Elmhurst Community School offers classes for English Language Learners in Dual and Integrated English as a New Language. Integrated ENL classes are provided by a dual certified teacher (TESOL and Common Branches), who plans for and delivers the required ELA or content area units of study, as per CR Part 154. English Language Learners are provided with the appropriate modifications, scaffold and support necessary based on their proficiency level in the previous year's NYSESLAT, or NYSITELL for Kindergarten students and newcomers, score. Teachers designed meaningful and engaging units of study with rigorous academic content, providing opportunity for ELLs to practice receptive and expressive language skills combined to assist their academic and linguistic growth.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

.
N/A

Dual Language Bilingual Education (DLBE):

East Elmhurst Community School offers a one-way Dual Language (DL) class from Kindergarten to Fourth grade. Preference for the program is given to English Language Learners, since Dual is an ELL entitled program. The instruction is delivered in the roller coaster model, across ELA and all content areas. Both languages are provided equal space to be developed academically, using a weekly schedule - one week in English, one week in Spanish. Similar to the English as a New Language program, students in the Dual program will be able to have rich experiences and be supported according to their needs, in both languages.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

More than a third of students at East Elmhurst Community School are classified as English Language Learners. However, nearly all of our students speak another language(s) - in addition to English - outside of school. As such, ENL methodology is paramount to all instructional work in our community in order to meet the needs of all language learners: preserve, and increase, English proficiency and the native language (in the Dual program). EECS believes in the inclusion and push-in services to support our students' language acquisition needs. ELLs receive support of English Language Arts, and Home Language instruction, via the classroom teacher with multiple certifications; or push-in support from a qualified/certified ENL teacher. Teachers work in grade team groups (and across grades) to develop meaningful lessons that incorporate the skills of listening, speaking, reading and writing. The school follows the mandated instructional minutes as per CR Part 154. Students receive mandated services according to their NYSESLAT or NYSITELL proficiency level. The school ensures the mandated instruction minutes are provided by following CR Part 154-2 Units of Study requirements for each of the ELL program models we offer - Dual and ENL. The ENL coordinator oversees that teachers are up-to-date with their NYS certification and that current, and former, ELLs are receiving mandated integrated and/or stand-alone ENL.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL Program: East Elmhurst Community School has mixed ability classes where students acquire language skills and receive language support from one another. With classroom instruction delivered by dual certified teachers and push-in/pull-out support, students also benefit from small group instruction, pre-teaching and ESL methodologies. Some strategies used across all classes, with emphasis on our ELLs, are:
1) Pre-teaching vocabulary - Pre-teaching concepts in the L1 for easier transition into L2 (when necessary).
2) Break up text and activities into small, manageable chunks.
3) Provide visual word banks, sentence frames (sentence starts for Entering/Emerging ELLs) for written responses
2) Translanguaging, where students may produce in their L1 to reflect their receptive understanding of L2 content. Over time, they are able to produce more in the L2 without the L1 support.
3) Total Physical Response, where students and teachers use gestures, acting out, body/facial expressions and physical movements to reinforce communication in the L2.
4) Small group work, with explicit language skills embedded.
5) Access to the information/content in the L1 via texts and/or video.
6) Non-textual visuals with entry points for all language learners. Every grade level uses daily painting study as a precursor to early literacy skills, such as main idea/details, compare/contrast and fact/ opinion.

Dual Language Program: The core content areas are divided the following way based on the language is taught in:
Reading, Writing, and Phonics: English and Spanish
Math: English & Spanish
Science: English
Social Studies: Spanish
The instructional approaches and methods that the dual-language program focuses on are oral language,

metalinguistics awareness, and flexible grouping. The alternate weekly mode provides many opportunities for students to have conversations and debates in both languages to foster oral language development. More in depth, the dual language teacher focuses on the many factors within metalinguistic awareness. They facilitate a space where students can compare, think, and reflect on how the two languages come together and support each other for growth. For example, during a Social Studies lesson, a lot of the vocabulary words in Spanish are very similar to those in English. Establishing those common prefixes and the idea of cross-language creates a sense of power and ownership about being multilingual students. Flexible grouping is another factor that takes place within all our content area lessons in a dual language classroom. The teacher makes a conscious plan to make those designated groups based on the needs that she/he identifies within the classroom. It could be groups of home-language proficiency, cross-language proficiency, or based on levels.
The different kinds of materials (digital or physical) that teachers use in the classroom supports the ENL and Dual programs. Into Reading, which is in English and its adapted Spanish program, Arriba la lectura, both have Language Development lessons that support student's learning. Its digital component, Amira, also supports oral fluency and vocabulary growth in both English and Spanish.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language model implemented at East Elmhurst Community School is self-contained. This means that each dual classroom, from grades Kindergarten through Grade 4, has one teacher that teaches both in English and in Spanish to one group of students. During the whole instructional day, both English proficient students and ELLs are integrated 100% of the time.

b. In which language(s) is each core content area taught?

The core content areas are divided the following way:
Reading, Writing and Phonics: English and Spanish.
Math: English and Spanish.
Science: Spanish
Social Studies: English .

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The percentage of ELLs who are Newcomers is 82.2 %. Newcomers who have Spanish as their L1, are offered the opportunity to participate in the Dual program, with the intent to use their academic L1 to support the development of L2. Regardless of their first language, newcomer students are exposed to the same curriculum as their peers, but receive extra scaffolding instruction to best align to their linguistic needs. Since language engagement and vocabulary are directly linked, teachers work on a target, structured system to develop academic vocabulary across the grades. The approach to newcomers may differ from that provided to Developing ELLs because we need to take into consideration their adjustment to the new environment and school culture. Teachers use lots of visuals, gestures (TPR) and simple language.A new procedure to the way we connect Literacy and the Arts, provides a deeper, and more structured, language experience approach. This integration of Arts and language develops students' communication skills, vocabulary and word knowledge, assisting the growth of reading and writing skills, especially for newcomers. Most newcomers also receive the extra support of standalone ENL (as per CR Part 1254 requirements), which helps students develop English language skills needed for success in core content areas.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

East Elmhurst Community School uses the NYS Multilingual Literacy SIFE Screener to determine SIFE status. This school year, the percentage of SIFE students is 4.5 %. Once we identify an ELL as a student with inconsistent or interrupted formal education, we provide a small group with a teacher who uses home language support and explicit teaching structure to make language more accessible at the student's current level in L1. We also use technology to reinforce content in the L1, and possible placement in the Dual Language class (if Spanish is L1). SIFE students receive reinforcement lessons in foundational skills and are invited to participate in our after school Literacy Reading Club and Homework Helper.
The effectiveness of instruction for SIFE students always takes into consideration their acclamation to new settings, services and emotional support. East Elmhurst Community School assures SIFE students specific needs are taken into consideration and that they use their strengths in the L1 to support their development in L2. We provide a

welcoming, low anxiety cultural diverse environment for ALL students.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

The percentage of Long-Term ELLs is 0%. In previous years, we addressed the needs of Long-Term ELLS by pinpointing and diagnosing the lack of skills/strategies that prevented progress. These needs were addressed through differentiated instruction, small group work, and RtI services. If the child is presenting as proficient in the L1, but struggling in the L2, we can use translanguaging and leverage the home language to reinforce English skills and vocabulary. If the child struggles in both L1 and L2, despite extensive interventions based on targeted diagnoses, we would set a meeting and, with parental consent, consider referral for evaluation.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The current percentage of former ELLs is 8.9%.These students present as many educational needs as current ELLs, and the school continues to provide them with the mandated unit of study, as per CR Part 154, delivered by a certified teacher. Former ELLs receive small group language support in ELA, Math and/or Core Content area, to strengthen their language proficiency. Classroom strategies, such as think-pair-share, context setting, academic vocabulary instruction and a culturally responsive curriculum, are some of the practices teachers use to support former ELLs.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Based on the Spring 2025 ELL Data Analysis report, the at-risk levels that might adversely affect ELLs at our school are the following categories: Newcomers (0-3 years of ELL service) and ELLs in Temporary Housing. Since Newcomers are the majority of ELLs in our school, and almost half of those ELLs are in temporary housing, we can see the link between these two at-risk categories affecting ELLs at our school.
East Elmhurst Community School understands that in order to learn, students need to have a stable living situation. We also understand that target support may be non-academic. We work closely with families to provide support and guidance. We understand that families go through difficulties and some situations are out of their control. Our community associate does a preliminary assessment of new families in order to determine the urgency of their need. Our social worker and the guidance counselor work closely with Newcomers, providing group support among peers and helping these students acclimatize to new changes in their lives. The social worker also provides meetings and opportunities for parents to share needs, concerns and frustrations. The school works closely with a Community Based Organization that has the means to provide support (clothes, food, and medical services) and guide families in the right direction, with the goal to bring stability and, hopefully, language and academic growth.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Based on the Spring 2025 ELL Data Analysis report, the at-risk levels that might adversely affect Former ELLs at our school are the following categories: Former ELLs in Temporary Housing and Math: Former ELLs who Scored Level 1 or 2 Last School Year. We understand that students in temporary housing might struggle with the lack of a stable living situation and we, as a community, continue to work closely with families to provide support and guidance. On the academic level, we continue to support and strengthen the language development of all Former ELLs with small group language support in ELA, Math and/or Core Content area. Teachers work closely with a Math consultant to bring mathematical language across the grades, establish Math language routines and increase the use of visuals to illustrate mathematical concepts. Former ELLs academic levels, as well as individual social-emotional needs, are taken into consideration for better support and continued growth academically and linguistically.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language with the largest representation at East Elmhurst Community School is Spanish. The majority of our ELL students have Spanish as their home language (92.5%), and the majority of non-ELLs also speak Spanish at home. We understand that the home language is a valuable resource and the school has a growing Dual Language program that provides the academic support for ELLs, and uses the L1 (Spanish) as a resource to learn skills and language connection.
East Elmhurst Community School uses the Home Language Identification Survey and Emergency Blue Cards (available in different languages) to identify parents' preferred language of communications. Many teachers, and most of the non-classroom staff, are fluent in Spanish, making it easier to communicate with and understand parents' culture. The parent coordinator uses Kinvolved (which has simultaneous translation) to make important announcements and the school's website and Facebook page (in house translation) are also used to share information with the community . We cannot forget the ELLs who don't have Spanish as their home language. Luckily, we have a diverse staff that can converse in Mandarin, Haitian Creole, Portuguese and Bengali. These individuals are able to translate and make parents feel at home during meetings and presentations. East Elmhurst Community School also uses the Department of Education approved over-the-phone and translation services when needed.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The ethnic classifications of ELLs at East Elmhurst Community School is majority Hispanic (93%), which includes Hispanics, Latinos or all other cultures of Spanish origin. The racial classifications are a mix of American Indian or Alaskan Native, Black, Multiracial, Asian and White. We are seeing a small increase of Arabic and Indian-Asian (from Bangladesh and Pakistan) students. All students, ELLs and non-ELLs, are included when planning and delivering a culturally responsive and sustainable education. East Elmhurst Community School creates a welcoming and affirming environment for all students, with an emphasis on culturally responsive materials that reflect ELLs' backgrounds and experiences. Our social worker uses restorative justice circles to welcome students back into learning and to better understand ELLs, and non-ELLs, interest and challenges. We foster a rich, inclusive and engaging curriculum by having high expectations for all students. Also, we nurture an atmosphere where students take responsibility for their actions in a group, but also have a voice to express their values and cultural diversity.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Based on the Spring 2025 ELL Data Analysis Tool, the majority of ELLs in our school (56 %) did not meet progress in the 2024 NYSESLAT. This is a reflection of our Kindergarten students, newcomers and transfers from another state who do not have sufficient data to calculate ELP progress. We cannot change these facts, but continue to support students' academic language acquisition in hopes that they will show sufficient progress in the coming NYS exams. We also want to look, and acknowledge, the students who met ELP sufficient progress. The data shows that 44 % of ELLs met the annual ELP progress by either exiting ELL status or meeting growth between two recent NYSESLAT exams. These results demonstrate that teachers are supporting ELLs development in receptive and expressive language.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The NYSESLAT results from previous years (2023 and 2024) give us a clear idea of areas that are progressing well and areas we need to improve in order to better support our ELLs. In the lower grades (K-2), students, overall, scored well in listening and reading. Upper grade students (3-5) scored well in speaking and reading. The trend shows that lower grade ELLs need improvement in Speaking, and upper grade ELLs shows Listening as a modality that needs improvement. As a whole, the school needs to improve student's writing skills, and each cohort (K-2 and 3-5) needs to address its particular needs in Speaking and Listening.

The development of oral language is closely linked to the development of vocabulary in the target language. Since language engagement and vocabulary are directly linked, teachers work on a target, structured system to develop academic vocabulary across the grades. A new procedure to the way we connect Literacy and the Arts, will provide a deeper, and more structured, language experience approach. Teachers will use works of art and lyrics of music to develop language, with a strong emphasis on using background knowledge to develop oral language. This integration of Arts and language develops students' communication skills, vocabulary and word recognition.

In regards to writing, a new look at our writing units of study will take into consideration that developing encoding skills is essential and it goes simultaneously with developing decoding skills. Teachers will work in grade teams and with a literacy consultant to develop lessons that use language supports to guide effective development in reading and writing. HMH Into Reading, our literacy curriculum, supports consistency throughout the grades and assists teachers on scaffolding instruction to best align to students' linguistic needs. Another aspect teachers address is the explicit instruction of academic vocabulary. The growth of vocabulary is a critical element in the growth of student knowledge. A larger vocabulary can help students express thoughts more accurately and effectively, in all modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship between students' performance on the NYSESLAT and the ELA is one that shows ELLs demonstrate progress, across the grades, in reading comprehension. Although the data shows that the majority of ELLs scored level 1 or 2 in the ELA exam, we also have ELLs scoring at level 3 on the ELA and expanding on the NYSESLAT, resulting in exiting ELL status. Students demonstrate use of skill/strategies when reading and answering text connected questions. The correlation is true to writing: ELLs struggle with writing in both the ELA test and NYSESLAT. This trend made the school step-up and develop a plan to incorporate more writing in the content areas,

both in Science and Social Studies, with recommendations for shifts in practice with more small groups with explicit fiction and nonfiction writing instruction.
The data from the 2025 EDAt shows a different relationship between NYSESLAT and the NY State Math results. ELLs demonstrated a stronger proficiency in Math across testing grades. This trend might be a result of students' option to take the test in their native language or even having a test in their native language and in English side-by-side, which allows them to refer to concepts in L1 and translate when needed.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Based on the data from the Spring 2025 ELL Data Analysis Tool, the trends reflected in the NYSESLAT results of ELL students with IEPs shows that these students are acquiring language and moving on their proficiency levels, when compared with non-ELLs with IEPs. The goal is to move up on their proficiency level and avoid plateauing, which could result in placing some of these students as potential Long-Term ELL.

The trends for Students with Interrupted/Inconsistent Formal Education (SIFE) reflect a familiar situation: all SIFE students at East Elmhurst Community School are newcomers and the majority is in temporary housing. These students have two or more at-risk factors that might affect their academic and language development. Teachers and service providers look beyond the language barrier and disability to ensure the instructional components are adequate and accessible.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

East Elmhurst Community School provides ELLs with high-quality academic experience by providing an array of services that will lead to deeper learning, academic and personal growth. We offered target language instruction that is tailored to meet our ELLs diverse language needs and abilities. We also teach language skills in context, integrating language development with content. Teachers scaffold, by breaking down tasks into manageable steps, and provide support as needed. The school also uses assessments (benchmark and progress monitoring) and feedback to regularly monitor progress and guide language development .

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

East Elmhurst Community School Instructional Leadership Team recognizes the strengths and assets of our students and the diversity they bring to the classroom community. The ILT team takes into consideration practices that will support students to become skilled readers, detailed writers and critical thinkers. The ENL pedagogues who are part of ILT, represent the interests and needs of our ELL population. They are knowledgeable of the school's ELL population and exams data across domains, and skills, to improve the opportunities and programs available for ELLs. The ILT team has implemented structures across grades to support instruction school wide, for ELLs and non-ELLs. It promotes deeper inquiry around consistent structures to build shared knowledge, and professional learning among the school staff. The ILT also takes into consideration the unique needs of ELLs (students with IEPs, students in temporary housing, potential long-term ELLs), and works to build up the school's core instruction across the grades.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

ENL Program: East Elmhurst Community School has mixed ability classes where students acquire language skills and receive language support from one another. With classroom instruction delivered by dual certified teachers and integrated/standalone support, students also benefit from small group instruction, pre-teaching and ESL methodologies. Some strategies used across all classes, with emphasis on our ELLs, are:
1) Pre-teaching vocabulary - Pre-teaching concepts in the L1 for easier transition into L2 (when necessary).
2) Break up text and activities into small, manageable chunks.
3) Provide visual word banks, sentence frames (sentence starts for Entering/Emerging ELLs) for written responses
2) Translanguaging, where students may produce in their L1 to reflect their receptive understanding of L2 content. Over time, they are able to produce more in the L2 without the L1 support.
3) Total Physical Response, where students and teachers use gestures, acting out, body/facial expressions and physical movements to reinforce communication in the L2.
4) Small group work, with explicit language skills embedded.
5) Access to the information/content in the L1 via texts and/or video.
6) Non-textual visuals with entry points for all language learners. Every grade level uses daily painting study as a precursor to early literacy skills, such as main idea/details, compare/contrast and fact/ opinion

Dual Language Program: The core content areas are divided the following way based on the language is taught in:
Reading, Writing, and Phonics: English and Spanish
Math: English & Spanish
Science: English
Social Studies: Spanish
The instructional approaches and methods that the dual-language program focuses on are oral language, metalinguistics awareness, and flexible grouping. The alternate weekly mode provides many opportunities for students to have conversations and debates in both languages to foster oral language development. More in depth, the dual language teacher focuses on the many factors within metalinguistic awareness. They facilitate a space where students can compare, think, and reflect on how the two languages come together and support each other for growth. For example, during a Social Studies lesson, a lot of the vocabulary words in Spanish are very similar to those in English. Establishing those common prefixes and the idea of cross-language creates a sense of power and ownership about being multilingual students. Flexible grouping is another factor that takes place within all our content area lessons in a dual language classroom. The teacher makes a conscious plan to make those designated groups based on the needs that she/he identifies within the classroom. It could be groups of home-language proficiency, cross-language proficiency, or based on levels.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

As a small school, we are able to offer highly tailored instruction that builds a positive learning community as students connect with peers and teachers. High quality plans and curriculum materials are used in every classroom for all students. Teachers plan for ELLs with IEPs with attention to language support and intervention, in L1 and L2. Some to the strategies and support for ELLs with IEPs are:

* breaking instruction into small steps, providing regular, realistic feedback,
* use of student's background knowledge as springboard to new concepts,
*use diagrams, graphics and pictures to increase vocabulary,
* explicit, but realistic, instruction.
Service providers - speech teachers, OT and PT, work collectively with classroom teachers to provide the best support and strategies for ELLs with IEPs.

b. SIFE

East Elmhurst Community School uses the NYS Multilingual Literacy SIFE Screener to determine SIFE status. Once we identify an ELL as a student with inconsistent or interrupted formal education, we provide small group in a Standalone ENL who uses home language support (including the use of cognates) and explicitly uses language structure to make language more accessible at the student's current level in L1. We also use technology to reinforce content in the L1, and possible placement in the Dual Language class (if Spanish is L1). SIFE students receive reinforcement lessons in foundational skills and are invited to participate in our after school Literacy Reading Club and Homework Helper. The effectiveness of instruction for SIFE students always takes into consideration their acclamation to new settings services and emotional support. East Elmhurst Community School assures SIFE students specific needs are taken into consideration and that they use their strengths in the L1 to support their development in L2. We provide a welcoming, low anxiety cultural diverse environment for ALL students. We also offer a social-emotional support group for these students.

c. Newcomers

Newcomers are the largest group of ELLs at East Elmhurst Community School. The use of instructional strategies and support provides newcomers with the opportunity to speak, listen, read and write in English and Spanish (for students in the Dual program). The implementation of a new literacy curriculum (HMH Into Reading) supports consistency throughout the grades and supports teachers on scaffolding instruction to best align to students' linguistic needs. Since language engagement and vocabulary are directly linked, teachers work on a target, structured system to develop academic vocabulary across the grades. A new procedure to the way we connect Literacy and the Arts, will provide a deeper, and more structured, language experience approach. Teachers will use works of art and lyrics of music to develop language in all modalities. This integration of Arts and language develops students' communication skills, vocabulary and word knowledge, reading and writing skills.

d. Long Term ELLs

The key to support long term ELLs is to pinpoint and diagnose the skills/strategies that are preventing progress. These needs should be addressed through differentiated instructions, small group work, and RtI services. If the child is presenting as proficient in the L1, but struggling in the L2, we can use translanguaging and leverage the home language to reinforce English skills and vocabulary. If the child struggles in both L1 and L2, despite extensive interventions based on targeted diagnoses, we would set a meeting and, with parental consent, consider referral for evaluation.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

.
Students who are ELLs with IEPs are placed based on their IEP recommendation. Also, the school looks at who they are as learners, not solely by their disability classification. As a small school, we are able to offer highly tailored instructional programs with progress monitoring. Teachers, along with service providers, the school psychologist, administrators and parents, discuss students' strengths and struggles, and find the least restrictive environment to support growth and promote academic success. Teachers in the self-contained classes are constantly working in conjunction with the Special Educ. teacher on the grade's ICT class to find the best setting for students, based on their skills. One example is one of our ELL with IEP struggles with literacy, but excels in Math. With parental consent, we adapted his IEP program for 15 periods of ELA in 12:1:1, 6 periods of Math in ICT, and the remaining subjects in the General Education setting. He received the necessary academic support, and was able to use his strengths to support growth in other areas.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

We are fortunate to have in-house staff to conduct running records in the home language to ensure progress in the L1 and to ascertain content/skill knowledge. We know skills in L1 will later be transferred to English (L2) with time, dedication and small group work. A comprehensive language curriculum in L1, Arriba la lectura, provides rich reading instruction with assessments that mirror the ones from the English reading curriculum. The school also uses mClass as its benchmark assessment tool. We use mClas to benchmark Dual classes' students in Spanish. The data is used to compare growth in both languages and assign students to small groups where they will work on specific target skills.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

As a small school, with only three classes per grade, collaboration among teachers is crucial. Even though we offer Dual Language and ENL classes, all classes have students who are English Language Learners, and teachers work as a grade team to design systems and structures to support ELLs and non-ELL students. Teachers plan lessons and units as a group and tailor it to the needs of ELLs. Language objectives are a part of these structures, and teachers revise their lessons to inform instruction and language support. Teachers also collaborate to design centers, both in ELA and Math that focus on vocabulary development, providing ELLs with support and resources.
East Elmhurst Community School takes great pride in the fact that the school is founded on strong collaboration

among teachers. Teachers not only are encouraged to design their units of study, but also to modify them to suit the needs of all learners.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Every year, East Elmhurst School community works around constructive, purposeful professional development to all staff. These professional development sessions aim to build around strengthening our instructional core practice across the grades and improve teachers' strategies to support ELLs students' language development and academic skills. Grade teams will continue to work closely with data from mClass screening and IReady results to see how they can support ELL students during literacy by looking at the strategies and basic early literacy skills students need and/orare missing in order to move to the next grade level. With the addition of UFLI (University of Florida Literacy Institute) approach to phonics instruction, East Elmhurst Community School incorporates professional development that supports and increases teachers' skills. Our school also encompasses more professional development around literacy by using the arts/ lyric study to support ELLs to develop vocabulary and cognitive thinking skills in the second language. As our professional development continues, we cannot forget the social emotional needs of all students, especially after all our community went through during the pandemic, and the large influx of newcomers who experienced trauma. Teachers, administration, and non-pedagogical staff will receive training from our Social Worker on how to approach and deal with stress and anxiety. In order to be the best they can be, our staff needs to focus on social-emotional wellness, for themselves and our students.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

During their initial conference with principal and assistant principal, teachers discuss their needs/desires for professional development throughout the school year, based on their certification requirements. In order to meet the professional development (PD) requirements as per CR Part 154, the following happens:
a) Teachers will have the opportunity to attend professional development provided by the DOE through the Core Literacy and Professional Learning office.
b) Teachers will have the opportunity to choose from a variety of learning series offered by the NYS Statewide Language RBERN at NYU or Fordham University (which grants CTLE hours),
c) The Dual language teachers received special training from District 30 ML/ELL Bilingual instructional coach on how to better support students' learning within the new HMH Arriba, Arriba Literacy curriculum.
d) The whole school will receive weekly professional support in literacy from a literacy specialist. This work will focus on the development of staff around the components of HMH Into Reading and how to frame the units of study around the Next Generation Learning Standards

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessment East Elmhurst Community School uses to guide instructional planning for ELLs is mClass (English and Spanish). We started using it this school year (2024-25) and found it extremely helpful with forming small groups for instruction; creating RTI groups and cycling kids before benchmarks . The whole school uses I-Ready for Math and K-2 supplements its Math screening with NFAs, which measures students' knowledge and skills in mathematics and their ability to apply that knowledge to problem-solving.
Teachers of ELLs will use the data to address interventions in the classroom - creating groups to target specific skills that are needed and also recommending students to RtI. The Instructional Leadership Team, and the newly created Math Leadership Team, provides the school's grade teams with a structured process to analyze the data. Teams adjust the instructional core based on the overall trends they observe for each subgroup.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The targeted intervention programs are available for all content areas, for students who are ELLs and non-ELLs as well. The classroom teachers provide targeted small group interventions when needed and adjust their groups accordingly, to fit students' needs. UFLI, a comprehensive, research-backed phonics curriculum is used to support phonics work along with a balanced literacy program. For next school year, we will use Leveled Literacy Intervention (LLI) for intensive, small groups with upper grades. Teachers also use S.P.I.R.E as an intervention program to target at-risk students in a pull-out model. Science and Social Studies support take place during small group instruction by the classroom teacher, who scaffolds and differentiates instruction to best support the students. The school uses the data from mClass to identify basic literacy skills that students need to acquire in order to develop as fluent readers. A WIN (What I Need) - period will be established to provide schoolwide intervention to struggling learners at increasing levels of intensity to accelerate their rate of learning. These students will use Sounds Sensible as a Tier 3 approach. As a K-5 school, East Elmhurst Community School heavily emphasizes ELA during interventions. English Language Learners receive culturally and linguistically responsive instruction support in Tier 2 and Tier 3 (when needed). Teachers use scaffolds and linguistic accommodations consistent with student's language proficiency levels to ensure comprehensible input. Instruction uses ENL strategies and native language support (if

needed), focusing on transferring of skills and development of expressive and receptive language.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

East Elmhurst Community School uses data to drive instruction with the goal for ELLs to access academic content and accelerate English Language development. The Multi-tiered System of Support (MTSS) framework helps the school target instruction and interventions based on students' needs. The Instructional Leadership Team works closely with grade teams to ensure that all students have access to the instruction and interventions they need to be successful. The school MTSS uses screeners (mClass) and I-Ready data to identify ELLs' academic skills in reading and math. The school will use the Student-level Decision-tree process as a tool to analyze the school's data to guide instructional planning for ELLs within the Multi-tiered System of Supports. Based on the components of the MTSS framework, grade teams design high-quality core-curriculum instruction grounded in culturally responsive instruction. This provides ELLs greater access to the general curriculum and fosters a community of learners, leading to language and knowledge development and ensuring a culturally responsive orientation to teaching. Tier 1 instruction provides ELL students with target instruction, classroom engagement and active learning which support oral language development and academic language development. The ILT works closely with grade teams to support teachers with Tier 2 and Tier 3 interventions. These interventions supplement the core-curriculum instructions and support the language development of ELLs, with the clear intention of avoiding over referring students to special education.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

East Elmhurst Community School uses Into Reading end-of-module assessments to provide ongoing feedback to teachers, and students, helping to identify areas where there is need for extra support or where teaching strategies need adjustment. In the lower grades, K-2, these assessments will be specifically to the passages that directly address Next Generation Learning Standards R1-R9. Grades 3-5 also uses running records assessments to track and monitor results at both the classroom and upper school level. Early childhood classes use weekly assessments for early grades: concepts of print, letter/sound identification and high frequency words.
For writing, teachers use pre and post on-demand assessments to evaluate growth and guide future planning. Teachers also administer alternative texts for running records (a detailed assessment tool used in reading instruction to capture a child's reading process by recording their oral reading word-by-word and text comprehension/retell) when growth is noted through formative assessment (conferring and guided reading groups). This data provides teachers with clear next steps for each reader/writer, directs students' goals and drives teaching points when large class trends are noted.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Dual language classes use mClass Spanish as a benchmark screening. ENIL-American Reading Company reading assessment in Spanish is used for running records in L1. Teachers assess students' vocabulary in L1, using ENIL-American Reading Company guidelines for vocabulary/ language idioms according to students' level and grade. Estrellita early concept assessments are used in early childhood (K-2) Dual classes. Dual language teachers also implement HMH Arriba la lectura assessments to measure student's comprehension in L1, at the end of each module.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

East Elmhurst Community School teachers use the ELA, Math and NYSESLAT results to guide instruction planning and practices. The data provided by these state assessments is used by teachers to set educational goals necessary for ELL students to continue individual academic progress, using their strengths to support their needs on each modality. The ENL teachers use Fordham's FURBY NYSESLAT data to guide planning and strategies to support ELLs.
BOY, MOY and EOY mClass and IReady data is analyzed schoolwide and used for reflection, celebration, and adjusted plans for the following school year.
East Elmhurst Community School has allocated time for grade teams to look at specific data from previous year summative assessments and reflect on the instruction taking place in classrooms. A self-reflection on curriculum and daily classroom instruction and structures, based on data, will lead teachers to evaluate how to adapt curriculum to better serve the needs and academic growth of ELLs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

East Elmhurst Community School uses the NYSESLAT School Administrator's Manual to plan for the test's administration. The ENL and the Special Ed. coordinators are both ENL certified teachers and are familiar with the procedures of testing. Students are tested by certified teachers, who are trained before and provided with a copy of the Administrator's Manual. When possible, an ENL certified teacher in each grade is assigned to test students from his/her grade. Both current and former ELLs mandated services are not interrupted during the test window administration. The Speaking component is administered by a teacher who is not the student's teacher and is scored at site. The writing responses are scored by teachers who are familiar with the procedures and the writing rubric for each grade band. Teachers don't score their own students' tests. Teachers will be offered per session for the organization and scoring of NYSESLAT, if needed.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

English Language Learners, current and former, receive the mandated necessary accommodations during NY State exams. First, the test coordinator and the ENL coordinator work closely and use the RLAT report to identify ELLs and former ELLs who are entitled to testing accommodations. ELLs and Former ELLs eligible for testing accommodations may receive the following:
* Time Extension (if applicable)
* Separate Location (if applicable)
*Bilingual Glossaries and Cognates list - provided by NYU Steinhardt Bilingual Glossaries
* Translated Editions – for Math and Science exams
* Writing Responses in the Native Language – for Math and Science exams
If the student is an ELL with an IEP, the IEP coordinator and the classroom teacher also collaborate to ensure the student is receiving the testing accommodations accordingly.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Parents of newly identified ELLs are invited to attend a program orientation at the beginning of the school year, after NYSITELL administration. The ENL coordinator tries to group parents accordingly, based on parents' preferred language. A presentation explaining the purpose of the meeting is followed by the NY State informative video. Afterwards, the coordinator informs of the school's current available programs, expectations and opportunities for ELLs. The presentation is followed by a Q and A session. The school's staff helps with translation for meeting with parents whose language is spoken among the staff. Otherwise, the ENL coordinator uses Linguistics International interpreter services to translate and better communicate with parents. If parents/guardians are unable to attend in-person meetings, a virtual meeting will be offered. Parents are also encouraged to attend introductory open houses explaining development needs of students in each applicable program, and also the development and stages of language acquisition, in order to make a stronger school-home connection. Evidence of this orientation is in the form of a signed attendance sheet and also a dated/signed copy of the Parent Agreement, which is kept with other ENL records.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The ENL coordinator and/or the classroom teacher, meet with parents once a year to discuss goals, language development and assessment results. An annual meeting of ELLs is being planned for next school year (2025-26). It's purpose is a celebration of bilingualism and an opportunity for the school to share and inform families of ELLs about:

a) the development and stages of language acquisition,
b) the benefits of the program their child is enrolled in,
c) what their classes look like day to day,
d) when and how their language development is assessed,
e) how families can support teachers as partners in their child's instruction.

The ENL coordinator uses Linguistics International over-the-phone interpreter services to translate and better communicate with parents, if necessary. If parents/guardians are unable to attend in-person meetings, an over the phone meeting will be scheduled. Evidence of these meetings is in the form of a signed attendance sheet.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

School uses ATS reports to ensure families receive school communication in the language they best understand. School uses NYC DOE OLAS to translate documents in the language that parents' best understand. We have also started using a new device that assists with oral translation and is helpful to initiate communication with parents whose language is not spoken by any staff member. Pockettalk is a voice/text device that supports over 85 languages and is designed for instant conversation translations.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school understands that parents' participation in their child's education is a strong factor for academic and emotional support. By connecting with parents in the community, the school will positively impact ELL students. The school determines the needs of the community by maintaining an open communication with parents through surveys; meetings (there's a monthly Coffee with the Principal meeting, where informal conversations bring up needs among the community); PTA meetings; and student's data analysis, among other things. Each month a family calendar is distributed to parents offering a variety of parent workshops to support students in English Language Arts, Mathematics and the Arts. Some topics that will be: improving literacy skills in school and at home, reading behaviors according to levels, word work, utilizing technology as a resource, Math games at each grade level, and home support in writing reading responses. The parent coordinator has established a Parent Resource Center and a lending library, where parents can access instructional materials. In addition, the school has recognized the need for ENL Adult classes for parents and guardians, and classes are now being offered to East Elmhurst Community School parents at the school. This amazing opportunity was developed to empower parents and support their own language acquisition needs.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The school's Parent Coordinator is in constant contact with parents to assist and inform about family leadership opportunities at the school and in the district. The parent coordinator provides a series of professional development (during school hours and after school hours, in order to accommodate parents' schedule) in which parents are informed of such opportunities. The principal also holds a monthly meeting "Coffee with the Principal" in which opportunities for family leadership among the community are presented and discussed.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

East Elmhurst Community School ensures that administration, teachers and other school staff have professional development opportunities to help them assess their own cultural viewpoints and biases, set high expectations for all students, acknowledge diverse learning styles, use culturally responsive pedagogy, and effectively engage diverse families and community members. The school partners with an after school program that has strong ties to the community and supports students with language and academic work in a constructive manner. Another partnership is Capulli Mexican Dance Company, which designs educational and cultural experiences within the performing arts that are a celebration of past and present cultural legacy. Students tell stories using the language of the music and dance, and bring their cultural background to enrich our community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

At East Elmhurst Community School,

* We want all students to acquire the knowledge and skills necessary to be agents of change in the world. Language is a tool for doing this.

*As students are acquiring languages (either English or Spanish), give them space to produce in their L1 or to mix L1 and L2 until they have sufficient language to produce in just one.

* Also allow students to supplement their work with manipulatives and drawings to demonstrate their understanding of content.

*Bilinguals mix languages, both in their thinking and in their verbal communication.

*Our goals are for students to grasp the content, formulate an idea and support it with facts, and to master academic language in one or both languages to prepare them for high performing high schools and universities.

* We encourage translanguaging. If the goal is content and not English speech or literacy, allowing a student to respond in their strongest language makes sense.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Rachel Staroba-Hallenbeck - school principal
Claudia Rerrie - school assistant principal
Isabel Vercosa - ENL coordinator
Jessica Baity - Sp. Education/IEP teacher
Yamileth Pernett - school psychologist

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The structures and process for intake and identification of ELLs occurs according to the Policy and Reference Guide for MLs/ELLS. The first step is an in-person completion of the Home Language Survey (in the parent's preferred language). This step is done by a NYS certified pedagogue. If the student's home language is other than English, the certified teacher will interview the student (whenever possible) to assess his/her ability to listen and speak English. In order to not disrupt mandated instruction for ELLs and former ELLs, the principal posts a per-session opportunity for after-school hours. Preference is given to teachers who speak Spanish and are able to communicate with parents and incoming students.

For the coming school year, the school's social worker is incorporating the administration of the ACE questionnaire to incoming students during the registration process. The ACE (Adverse Childhood Experiences) consists of 10

questions of events that happened in the early years and that could result in trauma. The goal is to have information to better understand how to work together with families and support your students' health and well-being.

The principal, assistant principal, ENL coordinator, IEP teacher and the school psychologist are all part of the Language Proficiency Team, which reviews incoming students' IEP and makes recommendations. Students who are determined eligible for the NYSITELL are administered the test within 10 days of enrollment. Incoming Kindergarten students are tested in the first 10 days of school in September. The ENL coordinator and IEP teachers are responsible for administering the NYSITELL. Newly identified ELLs whose home language is Spanish, are administered the Spanish Lab.Letters of entitlement and non-entitlement (in the parent's preferred language) are sent home and a Parent Orientation meeting is scheduled.

During the Parent Orientation, the ENL coordinator gives a brief overview of the ELL identification process and presents the NY State Department of Education parent orientation video (in the parent preferred language). At the end of the meeting, each parent receives an ELL Parent Survey and Agreement Form. The school's parent coordinator is also present at this meeting.
After the forms are returned, the ENL coordinator ensures parent's options are entered into ATS. Placement letters (in the parent's preferred language) are sent home. If a parent did not return the ELL Parent Agreement, a placement default letter is sent home. The ENL coordinator is also responsible for accurately completing ELL enrollment into STARS, ensuring staffing requirements and units of study meet CR Part 154 requirements.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Karen	Xicotencalt	Parent Coordinator		y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),New York City Schools Account (NYCSA) Student Profile,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	3	0.65%	3	0.66%	0	0
BENGALI (BANGLA IN BANGLADESH)	3	0.65%	3	0.66%	1	1
URDU	1	0.22%	1	0.22%	0	0
CHINESE ANY	2	0.43%	2	0.44%	0	1
HAITIAN CREOLE	1	0.22%	0	0.00%	0	1
NEPALI	1	0.22%	1	0.22%	0	0

ENGLISH	132	28.51%	127	27.85%	54	54
PILIPINO (A.K.A. TAGALOG)	1	0.22%	1	0.22%	1	1
PORTUGUESE	3	0.43%	2	0.44%	2	2
RUSSIAN	1	0.22%	1	0.22%	0	0
SPANISH	313	67.60%	312	68.42%	28	28
TURKISH	1	0.22%	1	0.22%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Report Cards	Use of NYCDOE translated documents for covered languages. We also submit a translation request, with a NYCDOE vendor, when necessary.
Progress report	Use of school's multilingual staff to translate documents. We also submit a translation request , via NYCDOE vendor, in languages the school staff is not proficient.
Blue cards	utilize the NYCDOE InfoHub template for covered languages
ENL Parent letters	Utilize the NYCDOE InfoHub template for covered languages
IEPs	Submit translation request via the Office of Language Access
PTC flyers	Utilize the NYCDOE InfoHub template for covered languages
School events	Use of school's multilingual staff to translate documents. We also submit a translation request, via NYCDOE vendor, in languages the school staff is not proficient.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent	How do you plan to offer interpretation services? Please outline the procedures

workshops, PTCs)	and resources in place to ensure timely access to interpretation for parents.
Parent Teacher conference (including Meet the Teacher) in person and remote	School staff provide support with interpretation services. We utilize OPI Services or on-site interpretation services provided by NYCDOE vendors, for languages not spoken by school's staff.
IEP meetings (in person and remote)	School staff provide support with interpretation services. We utilize OPI Services or on-site interpretation services provided by NYCDOE vendors, for languages not spoken by school's staff.
Parent engagement time (weekly)	School staff provide support with interpretation services. We utilize OPI Services or on-site interpretation services provided by NYCDOE vendors, for languages not spoken by school's staff.
Parent Orientation Meeting for ELLs	School staff provide support with interpretation services. The ENL coordinator hands out translated documents available from InfoHub and parents watch the video (available at the NYSED webpage) in their preferred language.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

East Elmhurst Community School uses announcements to make school wide announcements in the event of an emergency. Kinvolve is an application designed to improve communication between schools and parents. It offers two-way translation, enabling communication in the parents' preferred language. The school's website and Facebook page are also used to make announcements.

During an individual student emergency, the school utilizes its multilingual staff and NYCDOE OPI services. Classroom teachers use ClassDojo app (which offers instant translation in several languages) to communicate directly with parents. This app has proved to be very effective for communication between the school community and parents/guardians.

When a parent, who prefers a language other than English, needs to contact the school in case of an emergency, we will first try a staff member who speaks the parent's preferred language. If no staff is available, we will contact the NYCDOE OPI service for interpretation.
During the 2024-25 school year, we started using Pocketalk as a new voice/text translator device during in-person meetings. It provides simultaneous interpretation in over 100 languages, and parents had positive comments about it. We will continue for the 2025-26 school year.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the beginning of the school year, the Language Access Coordinator will make sure staff members are aware of required NYCPS Language Access Training and turnkey Chancellor's Regulations A-663 and resources available at NYCDOE platforms.

The principal will share the best practices documents with staff and notify of the WeLearnNYC training. Teachers will email the LAC their training completion certificate, as proof of attendance.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

East Elmhurst Community School will use the multilingual "Welcome Poster" to remind parents that our school is able to assist/ communicate in their preferred language.
We also have the "Parent's Guide to Language Access" brochure available to parents with the "I Speak" card for a parent to request language services in their preferred language.
Parents are informed about these resources during Parent Orientation and Meet the Teacher meetings at the beginning of the school year.
The school also uses Kinvolve, a message system that allows families-school communication in real time, to send parents important information regarding school's events, student's attendance and important notifications.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

An annual survey, regarding language translation and interpretation services provided all through the year, is sent to parents who prefer a language other than English. Templates are available at the Office of Language Access, on InfoHub. For languages that are not covered by NYCDOE, the school will use OPI services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

The school has improved its language assistance services to parents who prefer a language other than English by expanding its resources and making sure parents know, and have access, to all of them. One feedback we received was that parents would like a 'faster' (more on the spot) way of communicating. We then implemented ClassDojo, an app that allows teachers and parents to communicate via text, or video, with simultaneous translation.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

156

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,K

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

9

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The percentage of students at East Elmhurst Community School who are English Language Learners (ELLs), and whose families came recently to the U.S, is around 36 %. Within our instructional program students are actively engaged in an Arts infused balanced literacy program that includes visual thinking strategies (VTS). During this time, students observe and dialogue around different paintings each week, using 3 questions: 1) What's going on in the picture? 2) What do you see that makes you say that? 3) What more can we find? The purpose of these questions is to: 1. developing oral language and building vocabulary; 2. exposing children and engaging them in prominent works of Art; 3. building the skill of formulating an opinion and backing it up with facts. While we provide ESL classes and the 50-50 Dual language model, many of our students benefit from additional time to work with foundations of language, and early literacy skills. Additionally, we create extensive space for families to learn about and participate in our instructional program, through curriculum workshops and Learning Leaders, a program that teaches and guides parents to help in the classroom. As such, we have created a school enrichment/supplemental program and an arts and sports infused Saturday Arts program. The after school programs are offered to newcomers and developing ELLs in grades for K-5. We also offer the program to ELLs with IEPs and formerELLs. The following are after-school programs offered to our ELLs (Newcomers and Developing ELLs have priority:

1) After school Gardening Club: offered to all students, with priority given to ELLs in 3-5. Students learn about plants and gain hands-on experience in planting fruits, vegetables and flowers. Students develop vocabulary and use background knowledge to cultivate the land. Students also help with the development of structures for the garden (building flower boxes, greenhouses, water fountain, etc.).
Gardening support English language development in several ways:
Vocabulary development: learning specific vocabulary related to plants and science,
Communication skills: students observe, ask questions and discuss about plants
Gardening also promotes group work and collaboration among students.
Gardening support English language development in several ways:
* Vocabulary development: learning specific vocabulary related to plants and science,
* Communication skills: students observe, ask questions and discuss about plants
* Gardening also promotes group work and collaboration among students.

2) NYSESLAT practice group: Using the data from school's screening (MClass) and also the scores from NYSITELL and 2025 NYSESLAT, we will focus on small groups targeted to the needs of students. The ENL coordinator, along with the Data Team, monitors reading levels and student's progress. Teachers use Benchmark Phonics Intervention progress monitoring and Heggerty Phonics as resources to address fluency, comprehension and phonemic awareness. These materials are distinct from those used during regular school hours. We believe that early childhood is the most important time to focus on gaps in student performance - as the gap is the smallest and this is the time when children acquire literacy early skills that are the foundation for all future learning. The after school program will also address practice in listening and speaking, creating a springboard to support students for the NYSESLAT.

3) A new after-school club, Academic Support, will be offered for the 2025-26 school year. It will be offered to 1-2 students, with priority given to ELLs in grade 1. The focus is phonics and math foundational skills. Students will

review and reinforce standards from Kindergarten, as well as first grade standards.

These programs will start in October 2025 and run until May 2026. The title III program will be offered after school, on Wednesdays and Thursdays. School will maintain an attendance record, which will be used to share with parents in case of considered absences. Research shows that school's absence has a direct effect on learning achievement.

Material needed include: leveled reading materials (provided via a subscription to Reading A-Z and Raz Plus-ELL edition), writing boards, Heggerty materials (purchased via an online subscription). For the 2025-26 school year, East Elmhurst Community School will also continue to use materials from Benchmark Phonics Intervention and Benchmark Access to English Express. These materials are exclusive to Title III use.

For the 2025-26 school year, East Elmhurst Community School will continue its Saturday Arts program. While academic classes are vital to support ELLs, we also believe in the power of the arts and sports to motivate, celebrate and provide context for learning language. Students will be able to choose Saturday classes in piano, guitar, contemporary dance. All Saturday music and dance classes are conducted in English.
Next year, the school will continue to offer a Saturday Soccer Academy for our students, with priority to ELLS. The practice will not only develop students' soccer skills, but will also incorporate group techniques, SEL and a quarterly report describing student's progress and next steps.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The after school programs are offered to newcomers, developing and long term ELLs in grades for K-5. We also offer the program to ELLs with IEPs and former ELLs. The following are offered to our ELLs (Newcomers and Developing ELLs have priority), before and after school hours:

 1) After school Gardening Club: offered to all students, with priority given to ELLs in 3-5. Students learn about plants and gain hands-on experience in planting fruits, vegetables and flowers. Students develop vocabulary and use background knowledge to cultivate the land. Students also help with the development of structures for the garden (building flower boxes, greenhouses, water fountain, etc.).
Gardening support English language development in several ways:
* Vocabulary development: learning specific vocabulary related to plants and science,
* Communication skills: students observe, ask questions and discuss about plants
* Gardening also promotes group work and collaboration among students.

2) NYSESLAT practice group: Using the data from school's screening (MClass) and also the scores from NYSITELL and 2025 NYSESLAT, we will focus on small groups targeted to the needs of students. The ENL coordinator, along with the Data Team, monitors reading levels and student's progress. Teachers use Benchmark Phonics Intervention progress monitoring and Heggerty Phonics as resources to address fluency, comprehension and phonemic awareness. These materials are distinct from those used during regular school hours. We believe that early childhood is the most important time to focus on gaps in student performance - as the gap is the smallest and this is

the time when children acquire literacy early skills that are the foundation for all future learning. The after school program will also address practice in listening and speaking, creating a springboard to support students for the NYSESLAT.

3) A new after-school club, Academic Support, will be offered for the 2025-26 school year. It will be offered to 1-2 students, with priority given to ELLs in grade 1. The focus is phonics and math foundational skills. Students will review and reinforce standards from Kindergarten, as well as first grade standards.

These programs will start in October 2025 and run until May 2026. The title III program will be offered after school, on Wednesdays and Thursdays. School will maintain an attendance record, which will be used to share with parents in case of considered absences. Research shows that school's absence has a direct effect on learning achievement.

Using the data from school's screening (mClass) and 2025 NYSESLAT scores by modality, we will focus on small groups to targeted the needs of students and increase ELLs oral and academic skills. The ENL coordinator, along with the Data Team, monitors reading levels and student's progress, via mClass progress monitoring and benchmark assessments.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

After school programs are offered to newcomers, developing and long term ELLs in grades for K-5. We also offer the program to ELLs with IEPs and former ELLs. Newcomers and Developing ELLs have priority for before and after school programs.
The Gardening and Running clubs are offered to ELL students in grades 3-5.
Saturday Arts and Soccer clubs are offered to all ELLs. Since these clubs are offered on a weekend, we constantly check for attendance to make sure students, and their families, are taking advantage of the extra curriculum activities.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

These programs will start in October 2025 and run until May 2026, with a total of 30 weeks.

The after school clubs will be offered on Wednesdays and Thursdays, for one hour after school.

School will maintain an attendance record, which will be used to share with parents in case of considered absences. Research shows that school's absence has a direct effect on learning achievement.

The Saturday academy also runs from October 2025 until May 2026. Each session is one hour. The Soccer academy will have a grand finale with the World Cup, a celebration of sportsmanship.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

1) After school Gardening Club: language of instruction is English. Teacher is dual certified and provides support in L1.
2) After school Running club: language of instruction is English.
3) All Saturday classes are provided in English.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There are a total of 10 teachers working in the program.
They hold ESL and bilingual certifications. Nine of these teachers are dual certified - with common branches and either a ESL or a bilingual certification.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Material needed include: leveled reading materials (provided via a subscription to Reading A-Z and Raz Plus-ELL edition), writing boards, Heggerty materials (purchased via an online subscription). For the 2025-26 school year, East Elmhurst Community School will also continue to use materials from Benchmark Phonics Intervention and

Benchmark Access to English Express. These materials are exclusive to Title III use.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

School will maintain an attendance record, which will be used to share with parents in case of considered absences. Research shows that school's absence has a direct effect on learning achievement.

Using the data from school's progress monitoring (mClass), school will monitor students' academic progress and needs. Teachers of Title III clubs will maintain an open communication with classroom teachers and review the ELLs who have extra support in the Title III programs after school.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

East Elmhurst Community School professional development plans for Title III program teachers, and support staff, will take place throughout the 2025-26 school year. We believe that all teachers are teachers of ELLs and, for this reason, all teachers will be provided with opportunities to support delivery of instruction for all ELL students. Teachers are provided the opportunity to work at their grade level to write/adapt lessons, design rubrics and assessments, look at students' work and modify instructional practices based on students' learning. Grade teams meet weekly, every Monday after school, in a total of 40 sessions throughout the school year. These are at no cost to Title III. Dual Language teachers meet in-person weekly for 30 minutes. The ESL team also has a weekly meeting: every other Tuesday 3:10 pm from to 3:45pm. Both teams share their ideas and practices with the whole school during the monthly faculty conference meeting.

Teachers work specifically on strategies for raising student's outcomes in reading and writing, and support ELLs in all stages of language acquisition. Because each grade has over 50% English Language Learners (and also, most students speak another language in addition to English at home), all literacy based professional learning and planning must accommodate for ELLs. This year the school will focus on: develop reading and aligning the units of study to the Next Generation Learning Standards, on demand writing and developing students' vocabulary and ideas, targeted/strategic small groups, and maximizing conferring to provide feedback on strengths and next steps. These were chosen to support our community of ELLs in providing necessary support in the Tier 1 setting that enhances student growth.

Teachers also receive additional support on curriculum days where the grade team plans-out/modify units of study and assessment procedures to impact ELL students. Previously, teachers also completed visitations with other schools to compare best practices each semester during the school year. Specifically, our school has partnered with PS 149q and PS 228q to observe and collaborate to implement best practices in the Dual Language program.

The professional learning opportunities will support our ELLs by strengthening our teachers' ability to deliver Tier 2 interventions and , most specifically, by maximizing our small group instructional practices to meet our ELLs at their current entry points. Each professional learning opportunity will be recorded with both an attendance sheet and guided with an agenda.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Professional development is an essential component of a teacher's professional growth. East Elmhurst Community School strives to support its teachers in enhancing their practices and consequently become stronger teachers of all students, not only ELLs.
Classroom observations , curriculum incorporations and lesson plan development are some of the qualitative data that supports the need for professional development. Teacher's own reflection and need for support and/or student data analysis (either NYSESLAT or mclass) are some of the quantitative data that supports the need for professional development.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

East Elmhurst Community School professional development plans for Title III program teachers, and support staff, will take place throughout the 2025-26 school year. We believe that all teachers are teachers of ELLs and, for this reason, all teachers will be provided with opportunities to support delivery of instruction for all ELL students. Teachers are provided the opportunity to work at their grade level to write/adapt lessons, design rubrics and assessments, look at students' work and modify instructional practices based on students' learning. Grade teams meet weekly (in-person or remote), in a total of 40 sessions throughout the school year. These are at no cost to Title III.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

* Every Monday, from September 2025 to June 2026, grade teams meet after school. School leadership will provide a variety of professional activities based on current unit of study and teacher team's needs/request.

* Every Wednesday, from September 2025 to June 2026, grade teachers have a 50 minutes professional learning period with a Math consulting.

* From September 2025 to June 2026, Dual Language teachers meet, every other Wednesday, in-person after school for 30 minutes.

* The ESL team also has a weekly meeting: every other Tuesday from 2:30 to 3:00 pm.

All these are at no cost to Title III.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

For the 2025-26 school year, the school will continue to focus on: develop reading and aligning the units of study to the Next Generation Learning Standards, on demand writing and developing students' vocabulary and ideas, targeted/strategic small groups, and maximizing conferring to provide feedback on strengths and next steps. Early grades (K-1) will focus on early foundational skill. These were chosen to support our community of ELLs in providing necessary support in the Tier 1 setting that enhances student growth.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

*Every Monday, from September 2025 to June 2026, grade teams meet after school. School leadership will provide a variety of professional activities based on current unit of study and teacher team's needs/request.

* Every Wednesday, from September 2025 to June 2026, grade teachers have a 50 minutes professional learning period with a Math consulting.

* From September 2025 to June 2026, Dual Language teachers meet, every other Wednesday, in-person after school for 30 minutes.

* The ESL team also has a weekly meeting: every other Tuesday from 2:30 to 3:00 pm.

All these are at no cost to Title III.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Each professional learning opportunity will be recorded with both an attendance sheet and guided with an agenda.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parent Engagement opportunities targeted towards parents of ELLs take place throughout the 2025-26 school year to engage parents, reinforce school-home relationships and increase their support to academic proficiency to all ELL students. By connecting with parents in the community, it will positively impact our ELL students. Each month a family calendar will be distributed to parents offering a variety of parent workshops to support students in English Language Arts and Mathematics. Some topics that will be addressed: improving literacy skills in school and at home, reading behaviors according to levels, word work, utilizing technology as a resource, Math games at each grade level, and home support in writing reading responses. The ENL coordinator, along with other teachers, provides monthly workshops to parents of current ELLs, with the goal to connect parents in the classroom. Parents become learners by going over the curriculum and getting a taste of everything students are learning. Parents are presented with resources, strategies and tutorial videos that are helpful for them to support their child from the comfort of home. These workshops happen the first Tuesday of each month, during parent engagement time: 2:45-3:45 pm. These workshops are at no cost to Title III. We also need to take into consideration the many struggles that families in our community who have recently arrived in the USA. Our social worker provides meetings (in-person and virtual) to give parents the opportunity to share their ideas, their needs, concerns, frustrations and to ask questions. Additional topics will be developed according to needs, after receiving parents' feedback. We use google forms to find the best common themes parents would like us to address. These both encourage families to participate, have a voice in the community and embrace the school's spirit. Technology and nutrition classes are provided to parents on a weekly basis to support their learning. Parents are notified of these activities via the school's Facebook page, school's website, Kinvolve and family calendar. Translations and interpretation arrangements are made in writing through our bilingual Parent Coordinator. With presentations and meetings, most staff at the school community are bilingual and available to provide language support to families, as needed. No one is left with a question unanswered or concerns unheard because of a language barrier. While Spanish is the most prominent language, we also have staff who are bilingual in Mandarin, Haitian Creole, Portuguese, Urdu and Bengali. We coordinate with our bilingual families to support Arabic speakers and also utilize translation services and over-the-phone interpretation by DOE vendors. Parent participation is tracked by the Parent Coordinator through sign-in sheets and a tracking spreadsheet

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parent Engagement opportunities targeted towards parents of ELLs take place throughout the 2025-26 school year to engage parents, reinforce school-home relationships and increase their support to academic proficiency to all ELL students. Our school uses school' surveys (online and on-paper) to assess parents' concerns, needs and suggestions for families engagement.
We use google forms to find the best common themes parents would like us to address. These both encourage families to participate, have a voice in the community and embrace the school's spirit. Qualitative data analysis from Learning Leaders, a focus group that discuss concerns, suggestions and experiences (with inside help in the classroom), is used to implement family engagement activities throughout the school year. During these engagements, parents are presented with resources, strategies and tutorial videos that are helpful for them to support their child from the comfort of home.
These workshops are at no cost to Title III.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

From October 2025 to May 2026, family engagement activities happen the first Tuesday of each month, during parent engagement time: 2:30 pm to 3:30 pm. These workshops are at no cost to Title III.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parent Engagement opportunities targeted towards parents of ELLs take place throughout the 2025-26 school year to engage parents, reinforce school-home relationships and increase their support to academic proficiency to all ELL students. By connecting with parents in the community, it will positively impact our ELL students. Each month a family calendar will be distributed to parents offering a variety of parent workshops to support students in English Language Arts, Mathematics and the Arts. Some topics that will be addressed: improving literacy skills in school and at home, reading behaviors according to levels, word work, utilizing technology as a resource, Math games at each grade level, and home support in writing reading responses. The ENL coordinator provides monthly workshops to parents of current ELLs, with the goal to connect parents in the classroom. Parents become learners by going over the curriculum and getting a taste of everything students are learning. Parents are presented with resources, strategies and tutorial videos that are helpful for them to support their child from the comfort of home.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Karen Xicontecatl - parent coordinator

Isabel Vercosa - ENL coordinator

Chelsea Atupana - Community Associate

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

We use google forms to find the best common themes parents would like us to address. These both encourage families to participate, have a voice in the community and embrace the school's spirit. Technology and nutrition classes are provided to parents on a weekly basis to support their learning. Parents are notified of these activities via the school's Facebook page, school's website, Kinvolve and family calendar. Translations and interpretation arrangements are made in writing through our bilingual Parent Coordinator. With presentations and meetings, most staff at the school community are bilingual and available to provide language support to families, as needed. No one is left with a question unanswered or concerns unheard because of a language barrier. While Spanish is the most prominent language, we also have staff who are bilingual in Mandarin, Haitian Creole, Portuguese, Urdu and Bengali. We coordinate with our bilingual families to support Arabic speakers and also utilize translation services and over-the-phone interpretation by DOE vendors. Parent participation is tracked by the Parent Coordinator through sign-in sheets and a tracking spreadsheet.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parent participation is tracked by the Parent Coordinator through sign-in sheets and a tracking spreadsheet.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

N/A

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	N/A	N/A
Purchased services -High quality staff and curriculum development contracts.	N/A	N/A
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	N/A	N/A
Educational Software (Object Code 199)	N/A	N/A
Travel	N/A	N/A
Other	N/A	N/A
TOTAL	N/A	N/A

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

11

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

As we enter our 13th year, we understand the growth and changes in our community. Our rational for the direct instruction supplemental program is to address these changes, meet the needs of all students academically and emotionally. The supplemental program will take place after school, on Mondays, Wednesdays, Thursdays and Fridays. A Saturday Arts Program will also be offered. It will run from October 2023 until May 2026.

Within our instructional program students are actively engaged in an Arts infused balanced literacy program that includes visual thinking strategies (VTS). During this time, students observe and dialogue around different paintings each week, using 3 questions: 1) what's going on in the picture? 2) What do you see that makes you say that? 3) What more can we find?
These serves three purposes:

1. Developing oral language and building vocabulary;
2. Exposing children and engaging them in prominent works of Art;
3. Building the skill of formulating an opinion and backing it up with facts.

While we do use both ESL methodology and the 50-50 Dual language model, many of our students benefit from additional time to work with foundations of language, and early literacy skills. Additionally, we create extensive space for families to learn about and participate in our instructional program, through curriculum workshops and Learning Leaders, a program that teaches and guides parents to help in the classroom. As such, we have created an after school enrichment/supplemental programs and an arts infused Saturday Arts program.

The program is offered to immigrant students (including ELLs). Using the data from school's screening (MClass) and also the scores from NYSITELL and 2026 NYSESLAT, we will focus on small groups targeted to the needs of students, specially those who are receiving Tier 2 intervention within our MTSS initiative. Teachers use Heggerty Phonics resources and teacher created materials to address fluency, comprehension and phonemic awareness. These materials are distinct from those used during regular school hours.

1) Literacy Reading Club - students work in small groups of 15 or less, to address deficiencies and receive explicit language instruction for 1 hour/weekly after school. Students are selected based on their ELL proficiency and reading levels.

2) Homework Help Club - club where students receive extra support in reading, writing and Math. Students have access to the school's resources to complete homework.

3) Chorus Club - students engage in music and musical notation. It strengthens cognitive functions, improves memory, and boosts problem-solving abilities. Music language is universal and this club offers a powerful outlet for children to explore and express complex emotions.

EECS rational for the Title III Immigrant funded program is to increase the comprehension and literacy skills of ELLs, increase students' sense of community and make school a safe heaven for families. We also provide social development groups in our after school program to develop the abilities of our immigrant students, specially SIFEs, because the emotional aspect of learning (academically and a new language) is a very important aspect when developing a foundation.

Many teachers in our school are licensed in both ESL/Bilingual and Common Branches. In order to support all learners in acquiring English, teachers provide support through numerous ESL methodologies, including tapping into prior knowledge, acting-out known stories, and pictures cues. The incorporation of the Arts into daily literacy instruction also provides additional visual cues for learners and has yielded tremendous results in building academic language that translates into students' reading and writing improvement. We also build on vocabulary by using academic vocabulary words across grades. Material needed include: decodables, writing boards, and Heggerty materials (purchased via an online subscription).

For the 2025-2026 school year, East Elmhurst Community School will continue its Saturday Arts program. While academic classes are vital to support ELLs, we also believe in the power of the arts to motivate, celebrate and provide context for learning language. Students will be able to choose Saturday classes in piano or guitar. A Soccer Academy will also be available on Saturday. All Saturday classes are conducted in English.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The scores of 2025 NY State exams are the sources of our quantitative data analysis to support implementing an after school program to support student achievement. Quantitative data from 2025 ELA shows that 58% of grade 5 students and 55% of grade 4 students are below grade. If students do not have a strong foundation in reading and writing, they will also perform below in Math and Science. NYSESLAT data analysis shows that 22% of our ELLs have regressed in their proficiency level. Using the Furby tool as a data source, teachers analyze the modalities at which students are struggling and focus their instruction to support students' language acquisition and subsequently, a development in their language proficiency level. Qualitative data from teacher observations indicate that students struggle with time management, organization, and homework completion, resulting in lower grades and decreased motivation. Parent surveys further support this, respondents expressing interest in an after-school program that provides homework assistance and enrichment activities. By addressing these gaps, our after-school program aims to improve academic performance, increase student engagement, and foster a love of learning.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

East Elmhurst Community School uses RPOB report from ATS to identify eligible students for these extra curricular programs. The programs are offered to immigrant students in grades K-5 , with a preference to ELLs who are newcomers and SIFE.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The supplemental program will take place after school, on Mondays, Wednesdays, Thursdays and Fridays, from October 2025 to May 2026. Week sessions meet after school for one hour, from 2:30 pm to 3:20 pm.

A Saturday Arts Program will also be offered. It will run from October 2025 until May 2026. Saturday meetings happen from 9:00 am to 11:00 am.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction is English.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There are 11 teachers in this program. They hold Common Branches, Special Education, TESOL and Bilingual certifications.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Material needed include: decodables, writing boards, and Heggerty materials (purchased via an online subscription). We also want to support, and prepare, ELLs for the NYSESLAT. Teachers will focus on the four language modalities: listening, speaking, reading and writing. Supplementary materials for this practice are prep books from Attanasio & Associates, and teachers' access to Learning A-Z ELL Edition (distinct subscription) and EPIC (reading with visuals/audio). These materials are exclusive to the program use.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional**

development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.

East Elmhurst Community School will maintain records by taking attendance at the beginning of each session. Students' attendance, and participation, is a crucial point for student achievement. Parents will be contact and school will make sure students are attending sessions regularly. The school's principal is constantly monitoring the program's attendance and is in contact with parents. The school's Parent Coordinator reviews attendance records from Saturday sessions and is in direct contact with parents via Kinvolve.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The professional development plan is an important focus at East Elmhurst Community School for a variety of reasons. First, our school has witness a changing in the population in the last three years. The new influx of newcomers throughout these years, and a growing demographic of ENL students, has increase the need for small group support and teachers' training. Our school has highly certified teachers, including 10 dual ESL certified teaches (ESL-Common Branches) and 7 Bilingual Certified teachers. Even with this scenario, the school has teachers with less than five years of experience, making teacher's support and growth in practice the big focus and undertaking of the professional development.
Teachers will engage in professional development with a strong focus in ESL strategies and the best practices to use a culturally responsive practice when building foundational skills and developing oral language with ELLs. Also, teachers in grades 3-5 will receive support in designing/ adapting literacy units for students with interrupted formal education (SIFE).
Teachers will engage in a series of professional development provided by NYU and Fordham University RBERN center. These professional developments will be at no cost for the Title III Immigrant funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Due to the changing in the school community, the influx of newcomers, East Elmhurst Community School understands the importance of a solid professional development plan across grades K-5 and also a need to provide support to out-of-classroom staff, with strong focus on ESL strategies and the development of oral language. The rationale for this is an outcome of the 2025 ELA and NYSESLAT scores, benchmarks assessments (mClass) data in conjunction to teachers' voice on the needs for supports that will help drive academics, curriculum development and authentic assessments for all students at P.S. 329q.
An important tool that teachers at East Elmhurst Community School are using to better understand NYSESLAT data is the Furby tool, which is provided with the help of Fordham University RBERN center. Teachers attend professional development sessions at Fordham, with focus on our school's ELL population and its needs. Teachers develop differentiated instructional plans that are both data-driven and deeply responsive to student needs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

The teachers to receive training are across all Dual Language classes (grades K-3) and all teacher who service ELL students in classrooms. As the NYC Blueprint for ELL/MLL Success states, "All teachers are teachers of English Language Learners/Multilingual Learners", and teachers who work before and/or after school will also receive professional development. Social workers and the school counselor will also receive training to provide support in the lunch groups that take place with newcomers to provide emotional support. This ongoing professional development will happen virtually and in-person.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The schedule and duration of this training will run in a 6-8 week cycle, for two periods a week and it will run from October through May. Grades will alternate weekly between literacy and Math professional development.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The topics to be covered include, but are not limited to:
* supporting ELLs in small group work and centers (in literacy and math),
* Developing oral (entering and emerging) and academic language (transitioning and expanding)

* Developing after-school groups that provide social-emotional support for ELLs,
* Improving communication with parents.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The providers will be District 30 ML & ELL services' school support (Dual Language classes), Julie Mullan (Literacy K-5), Eric Siegel (Math), the RBERN Center at Fordham University.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

The school will make sure to keep:
• Record of each activity that has taken place (attendance sheets for professional development events including teachers that attended, dates, times, duration of session)
• Powerpoint or other PD materials

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parent Engagement is at the core of our school values at East Elmhurst Community School. We try to give as many opportunities as
possible to include parents and provide learning opportunities for parents to support their students. Our school also believes in fostering
these activities in all areas of the whole child especially for our newcomers. The RPOB report was run on ATS to identify eligible families. We know how important it is to provide a safe space with social, emotional, and community based opportunities for our newcomers. We also recognize the challenges that have taken place getting parent and community involvement back in the schools post pandemic. Our school currently has goals in our CEP and parent engagement plan to do the following that is listed below with the best intent of always improving parent practice. These activities will be at no cost to Title III Immigrant funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

P.S. 329q constantly works to rebuild opportunities to get parent involvement into our schools as much as possible because

parent involvement is at the core of our school. There is a benefit to having parent involvement in both the social and academic
outcomes of all children, especially the newcomers: it is crucial because it gives students a strong family-school connection, which translates to better attendance, better social engagement, and stronger desire to learn. Immigrant students, and families, will benefit from parental involvement and bring them to feel part of our school and a member of our community of learners. We want to provide a strong foundation for these learners, and at the same time we want parents to be part, and be aware, of all that is happening in their child's school. East Elmhurst Community School has an open doors policy for parents. They are part of our family and responses from surveys are one of the data sources used to justify these activities. Surveys are posted on the school's social media platforms or Kinvolved.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The following schedule takes place for some parental activities that take place for all parents :

1. Parent Engagement Tuesdays - This takes place every Tuesday, for 40 minutes so parents have the opportunities to speak with all staff and classroom teachers. It will happen from September 2025 to June 2026.
2. Family Event Night: This takes place twice a year in the evening from 4 pm -7 pm to give parents to interact with teachers, their
students, and celebrate student work across the school community. One event will be in September 2025 and another in June 2026.
3. Parent/ Teacher Instructional Mornings: Once a month during the school calendar year.
4. Family Art and Drum Shows: This builds opportunities for parents and students to build capacity across the school. Dates will be announced.
5. Coffee Conversations with the Principal: This hourly meeting takes place once a month, from October 2025 to May 2026, to engage parents within the school community.
6. Parent Leaders - group of parents volunteers who work in conjunction with classroom teachers to maintain and organize classrooms. It runs according to parents' availability, from October 2025 to June 2026.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

The following schedule takes place for some parental activities that take place for all parents:

1. Parent Engagement Tuesdays - topics to be covered include students' progress and classroom engagement, parents' questions and concerns.
2. Family Event Night: it gives parents an opportunity to interact with teachers, the community and to celebrate student work across the school community.
3. Parent/ Teacher Instructional Mornings: Once a month during the school calendar year, parents are invited to come into the classroom and observe a lesson.
4. Family Art and Drum Shows: This builds opportunities for parents and students to build capacity across the school.

5. Coffee Conversations with the Principal: topics covered are school's affairs and events, plus parents concerns and questions to the principal.
8. Parent Leaders - group of parents volunteers who work in conjunction with classroom teachers to maintain and organize classrooms.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The providers are as follows:
1. School Staff for Parent Engagement (Ms. Karen X)
2. Family Night and Parent/Teacher instructional mornings: School Staff
3. Family Art and Drum Show and Parent Leaders : Parent coordinator (Ms. Karen X.)
4 . School Principal (Rachel Staroba)

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents are notified of these activities (in English and their home language) through Class Dojo which all classroom teachers use, on
social media such as our East Elmhurst Community Facebook page, or with individual phone calls to remind parents of important events.
Bulletins (in English and Spanish) are also sent home when applicable. We also post signs outside of the school and on the school's website and Facebook pages. The parent coordinator is in constant contact with families via Kinvolve.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Record of each activity that has taken place (attendance sheets, invitations, translations, evidence of interpretation, PowerPoint presentations)
