Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Thomas C. Brown

District Borough Number (DBN):

31R044

Grades Served:

3-K through Grade Five

School Address:

80 Maple Parkway Staten Island, NY 10303

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Nancy Storms	Principal or Designee*	
Jennifer Jimenez	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Celeste Reyes	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Teyonna Johnson	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Rachael Bulla	Member/Chairperson / Teacher	
Sonia Rodriguez	Member/Teacher	
Laura Miller	Member/Teacher	
Cahshiria Hoilette	Member/Teacher	
Tabatha Romano	Member/Parent	
Danielle Delgado	Member/Parent	
Dyiesha Goodley	Member/Parent	
Celeste Reyes	Member/Parent	
Sarah Besson		

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

N/A or Not Applicable

1. Analyze: Data Variation - Identification

Reviewed data to identify achievement and attendance gaps--October 25, 2024 at 8:30 AM

2. Analyze: Data Variation - Share and Explore

Explored data trends and disaggregated findings--November 22, 2024 at 8:30 AM December 7, 2024 at 8:30 AM

3. Analyze: Survey Data

Reviewed NYC School Survey and other stakeholder feedback--January 10, 2025 at 8:30 AM January 31, 2025 at 9:00 AM

4. Listen: Student Interviews

Discussed student voice data and any interviews conducted--February 7, 2025 at 9:00 AM

5. Envision: Reflect and Synthesize

Synthesized data and voice to build shared priorities--March 7, 2025 at 9:00 AM March 28, 2025 at 9:00 AM

6. Plan Writing and Revision

Finalized goals, milestones, and CEP entries--April 25, 2025 at 9:00 AM May 30, 2025 June 13, 2025

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd
Nancy Storms	Principal	9/30	10/25	1/10	2/7	3/7	3/28	4/25	5/30	6/13	
Jennifer Jimenez	UFT										
M Curry	PTA President

T. Romano	parent										
D. Delgado	parent										
D. Goodley	parent										
C. Reyes	prent										
R. Bulla	teacher										
C. Hoilette	teacher										
Sonia Rodriguez	teacher										
L. Miller	teacher										

Section 4: School Summary

Accountability Status

Accountability Status: **TSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

PS 44 Thomas C. Brown School staff, parents and community are dedicated to the intellectual, personal, physical, social and emotional growth of our students. Students will be challenged to reach their maximum potential in order to provide a solid foundation of skills, knowledge and values that address the whole child.

PS 44 Thomas C. Brown School's vision is to create a learning community where every student becomes a future leader and lifelong learner. With a robust MTSS framework guiding instruction, tiered supports, and data driven decision making, students experience rigorous, meaningful, and engaging learning that promotes academic, social, and emotional excellence. In a safe and inclusive environment, every child is celebrated for their individuality and empowered to SOAR.

PS44 Thomas C. Brown School's staff, parents/ guardians, and community are dedicated to the intellectual, personal, physical, social, and emotional growth of every student. Through a strong Multi Tiered System of Supports (MTSS), all learners receive the differentiated instruction, interventions, and enrichment they need to thrive. We challenge students to reach their maximum potential and provide a solid foundation of skills, knowledge, and values that honor the whole child and drive achievement across all areas.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 44 Thomas C. Brown is in the north shore neighborhood of Mariner's Harbor in Staten Island. It services grades 3K-5 and is a standalone building. Currently, the school enrollment is approximately 471 students with the student demographics as follows: Asian 2.82%, Black 36.79%, Hispanic or Latinx 51.98%, Native American 0.56%, White 5.46%, Multiracial 1.88%. Hawaiian/Pacific Islander 0.38%, English language learners 8.29%, students with disabilities 36.53%, Economically Disadvantaged 93.22%, Male 51.98% and Female 48.02%.

There is a dual language program available in Spanish which offers instruction in both English and Spanish. This program not only offers a mode of delivering English as a new language but also serves as an opportunity for native speakers of both languages to become bilingual, bi-cultural and bi-literate by 5th grade.

PS 44 maintains relationships with several community organizations. There is a partnership with Staten Island Mental Health to help support students and their families with social/emotional development. Additionally, we have partnered with NYU to have an on-site dentist facility that provides basic dental needs for our students. We have two after-school partners--United Activities Unlimited (UAU) and New York Center for Interpersonal Development (NYCID). During the 2022-2023 school year, PS 44 became a Community School with NYCID as its community

based organization partner.

There are a number of arts organizations with which we partner in order to address the whole child in our academic day. We have partnered with Sundog Theatres and Ailey Dance Kids Residency to enhance and enrich our students' educational milieu. We have also partnered with Projectivity to have students and teaching artists co-design and create murals for exterior walls.

We have ongoing partnerships with The Teddy Atlas Foundation, Uncle Chase Foundation, Harbor Brothers 4 Life, Calvary Chapel, Staten Island Alumnae Chapter of Delta Sigma Theta Inc., Urban Hope for SEL supports, The Cook Group Law Firm and our partnerships with Stop and Shop for the creation of The Eagles Nest Food Pantry, The Helen Keller Eyeglass Program, Lens crafters Eyeglass Partnership, The Beacon Medical Center, and Make The Grade Foundation with Dr. Bob Lee of WBLS. We have partnered with Disney to provide our students opportunities to develop literacy skills through playwriting, musical composition and production. These organizations have consistently provided our students and families with additional resources and services.

Briefly summarize the key initiatives your school will implement this school year.

During the 2025-2026 school year, we will focus on four key areas: academics, STEAM, SEL and school operations. Below is a summary of the elements of each which we intend to strengthen:

*Culture of high expectations for all members of the school community
*Inter and intra-visitations to highlight best practices within the school community
*Vertical and horizontal grade team meetings
*Tier II and III interventions in both ELA and Math
*Core instruction
*Targeted professional development for teachers and paraprofessionals
*Expanding number of staff trained in research based interventions
*Student and staff accountability
*School wide PBIS system
*Social/emotional programs and activities
*Mentorship and peer support programs
*Character education and leadership development
*Outdoor learning and environmental awareness
*Logistical systems/structures management
*Capacity building

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations

ELA	K-5	Into Reading for K-5 Fundations (K-3 English phonics) Arriba la lectura (Dual Language--Spanish) Heggerty (K -2 English & Spanish phonemic awareness) SPIRE (comprehensive and multisensory reading intervention and instructional program)	MTSS, Tier 2 interventions, MAZE, Waggle, Writeable
ELA and Math	3K	Creative Curriculum by Teaching Strategies	3K curriculum maps, goals/benchmark planning, Gold Assessment
ELA and Math	PK	Creative Curriculum by Teaching Strategies	PK curriculum maps, goals/benchmark planning, Gold Assessment
Math	K-5	Envisions 2.0 Envisions Matematicas (Dual Language--Spanish)	Tier 2 interventions, MTSS

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

Below are the key strengths that contributed to the achievement of last year's annual goals:
*Strong building leadership
*Data driven decision making
*Effective team collaboration
*Coaching support
*Focus on student engagement and achievement
*Implementing core instruction with fidelity
*Consistent assessment and feedback
*Professional development
*Parent and community outreach

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

*Attendance
*Lateness
*Delayed implementation of instructional initiatives in some grades
*Limited access of technology/devices
*Limited parental involvement
*Behavior Intervention Plan progress monitoring fidelity

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

The SIG team interviewed 25 students in the targeted subgroup (black students). Students were asked the following questions:
What does feeling safe mean to you when you're at school?
What are you looking forward to in the next grade?
When your teacher teaches you something new, do you know what to do?
What is something you like about your teacher(s)?
Think about your best day at PS 44 and what made it your best day?
I learn best by/ when...
If you were in charge, what would you do to make PS 44 even better?
How do you get to school? If you are late, why?
When you are absent, what is usually the reason?
What is your favorite subject?
What is your least favorite subject?
Do adults at school listen to you/ help you when you need it?
How do you feel when you walk into PS 44?
Do you find it easy to complete homework? If not, what are some of the reasons why?

Students were chosen at random for the interviews. Students expressed that their teachers make them feel safe and

cared for and are looking forward to learning more in their next grade, specifically math and keyboarding. Most students were excited to become more proficient in math and mentioned future academic plans. Sixteen percent of students surveyed said they always understand what to do when presented with new academic material, however 64% claim to understand only sometimes and 20% usually understand. Students reported their teachers are “nice”, “helpful”, and feel they are treated fairly. Students enjoy school trips, and school-wide events such as the carnival and school performances. Contributing to the school’s garden is a special experience for students who participate. Students work best when participating in engaging activities such as working collaboratively with peers, using manipulatives, and creating artwork. They also acknowledge they learn best by paying attention. Students expressed desire for more trips and said they would make them free if they could so more students could participate. Some want better lunch options and more free time to play. Lateness was mostly attributed to transportation (missing the bus), or oversleeping. Some students reported running errands prior to school. Absences are generally attributed to illness. Some reported their families are “too tired” and agree to stay home. Fifty-two percent of students report their favorite subject to be math, and the rest prefer ELA or a combination of both. Thirty-six percent report ELA as their least favorite subject. Students feel like teachers listen to their concerns and help them when they need it. Students report that they feel happy and amazing when they walk into P.S. 44. They are ready to learn. Some students expressed homework is sometimes hard because they may not always have help at home. Other students expressed their appreciation for the after school programs that can help them.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

No

Community Schools

Yes

Elementary School Looping

Yes

Establish an Early-Warning Intervention and Monitoring System

Yes

Evidence-Based Instruction Implementation

Yes

Expanding Access to High-Quality Out-of-School-Time Programs

Yes

High Quality Instructional Materials

Yes

High Quality Tutoring

Yes

Incoming Student Induction Programs

No

Increased Learning Time

Yes

Instructional Coaching

Yes

Middle School Flexible Scheduling

No

Multi-tiered Systems of Support – Integrated (MTSS-I)

Yes

Ongoing Job-Embedded Professional Development

Yes

Principal Leadership Development

Yes

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Well Below Benchmark Progress in Oral Reading Fluency in Grades one through five (Acadience 2024-2025)	Students are entering the grade below level in reading.	Educators need to consistently utilize evidence-based instructional methods for teaching reading and progress monitor with fidelity.
Well Below Benchmark Progress in Reading Comprehension in Grades 3-5 (Spring 2025 MAP Growth, MAZE 2025)	Students are entering the grade below level in reading comprehension.	Educators need to consistently utilize evidence-based instructional methods for teaching reading comprehension and progress monitor with fidelity.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	35	By June, 2026, literacy for Black Students will increase by 6%, from 34% (N=72) to 40% (N=86) of black students scoring at or above benchmark as measured by the Acadience assessment..
All Students	120	By June, 2026, literacy for All Students will increase by 6%, from 37% (N=148) to 43% (N=172) of all students scoring at or above benchmark as measured by the Acadience assessment..

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience (Oral Reading Fluency)

Enter a Key Performance Indicator

Oral Reading Fluency

Baseline:

37% of black students in grades one through five are on or above grade level in Oral Reading Fluency.

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

37% of black students in grades one through five should be on or above grade level in Oral Reading Fluency.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

44% of black students in grades one through five are on or above grade level in Oral Reading Fluency.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

52% of black students in grades one through five are on or above grade level in Oral Reading Fluency.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience

Enter a Key Performance Indicator

Oral Reading Fluency Words Correct Per Minute

Baseline:

32% of all students in grades one through five are on or above grade level in oral reading fluency.

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

32% of all students in grades one through five should be on or above grade level in oral reading fluency.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

38% of all students in grades one through five should be on or above grade level in oral reading fluency.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

45% of all students in grades one through five should be on or above grade level in oral reading fluency.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Black students who are below level in reading will be identified and targeted for Tier 2 instruction in the classroom. Students will be progress monitored consistently. In literacy, FUNdations, Heggerty, and SPIRE will be taught with fidelity daily. The partner reading and paragraph shrinking protocols will be implemented in grades two through five to specifically target reading comprehension.

Root Cause Addressed:

Students are entering their current grade reading and comprehending below grade level.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students who are reading well below level in grades Kindergarten through five will be progress monitored weekly using Acadience.
Students who are below level in grades Kindergarten through five will be progress monitored bi-weekly using Acadience.
In grades Kindergarten through five, SPIRE will be taught in small groups, to students reading well below grade level, five days a week.
In grades Kindergarten through five, tier two FUNdations will be taught in small groups, to students reading below level, at least three days a week.

In Kindergarten through second grades, tier two Heggerty will be taught in small groups, to students reading below level, at least three days a week.
Students in grades K-5 will engage in Edmentum and Waggle platforms to further reinforce and remediate literacy skills 2-3 days per week.
In addition to weekly RPC coaching and bi-weekly HMH coaching, teachers will access Performance Suite including their virtual coach to strengthen core instruction and alignment.
Administration will conduct periodic non-evaluative walk-throughs focusing on fidelity, curriculum alignment, lesson structure and rigor.
Weekly data meetings with our MTSS team to review progress monitoring data

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Students who are reading well below level in grades Kindergarten through five will be progress monitored weekly using Acadience. Students who are below level in grades Kindergarten through five will be progress monitored bi-weekly using Acadience. SPIRE will be taught in small groups, to students reading well below grade level, five days a week. SPIRE uses a structured, systematic, and sequential approach, incorporating phonological awareness, phonics, fluency, vocabulary, and comprehension. Tier two FUNdations will be taught in small groups, to students

reading below level, at least three days a week. Fundations is a structured literacy program that focuses on teaching foundational reading, spelling, and handwriting skills. It's a multisensory program that uses a systematic and sequential approach to instruction, grounded in the science of reading. Kindergarten through second grades, tier two Heggerty will be taught in small groups, to students reading below level, at least three days a week. Heggerty focuses on the sounds of language, teaching children to hear, blend, segment, and manipulate sounds in words. The curriculum includes lessons on rhyming, onset fluency, phoneme isolation, blending, segmenting, and more.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	09/10/2025	Present literacy curricula and information packets to families during parent engagement evening workshop.	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID), Parent Coordinator
09/10/2025	11/13/2025	Consistent parent/guardian communication with ongoing updates on student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID)
11/13/2025	11/13/2025	Parent/guardian conferences to discuss specific and individual student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID), Parent Coordinator
11/13/2025	03/05/2026	Consistent parent/guardian communication with ongoing updates on student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID)
03/05/2026	03/05/2026	Parent/guardian conferences to discuss specific and individual student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID), Parent Coordinator
03/05/2026	05/21/2026	Consistent parent/guardian communication with ongoing updates on student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID)
05/07/2026	05/07/2026	Parent/guardian conferences to discuss specific and individual student progress	United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID), Parent Coordinator

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers (General Education and Special Education), paraprofessionals, Service Providers, Intervention Teachers

Instructional Resources

HMH Into Reading, SPIRE, Heggerty, FUNdations

Schedule Adjustments

Small group work to be scheduled within the literacy or MTSS blocks

Other Resources Needed

Touchscreen devices (i.e. iPad, touchscreen chromebook) for each teacher responsible for progress monitoring

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Substitute teachers will be utilized to provide coverage to teachers who need additional professional development and/or support. Substitutes will also be needed to cover teachers during inter-visitations, intra-visitations, and workshops in other schools. FUNdations kits and student consumables will be purchased for each classroom in Kindergarten through third grade. SPIRE curricula will be purchased for all special education teachers to use for small group work and/or self-contained classes. Heggerty teacher guides will be purchased for each class in grades Kindergarten through second grades. HMH student resources, consumables, and teacher guides will be purchased for each classroom in Kindergarten through fifth grade. Provide per session for staff when necessary. Refreshments and snacks provided during monthly data meetings. Touchscreen devices should be provided to all teachers administering progress monitoring. Ink will be needed to print benchmark assessments and passages for ongoing progress monitoring. Working promethean boards are needed to provide explicit instruction in literacy.

Evidence-Based Intervention Category

- SPIRE
- Heggerty
- Tier 2 FUNdations Levels K-3

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Across NYC School Surveys from 2021 to 2024, parent and student perceptions of safety remained high overall but showed variation year-to-year. "At this school, my child is safe" favorable family responses: 2021: 97% (32 responses) 2022: 88% (97 responses) 2023: 96% (153 responses) 2024: 97% (105 responses) While the overall trend appears positive, Black students in Panorama subgroup data (2023–2024) reported lower favorable responses on the item "I feel safe at this school" compared to other student groups. There is a consistent gap between family perceptions and student-reported feelings of safety, especially among Black students, which signals a need for focused intervention. Sources: NYC School Survey Family Reports (2021–2024) Panorama Student Survey Reports (2023–2024)	Schoolwide safety practices may not fully address the lived experiences. A lack of culturally affirming practices and underrepresentation in adult staff may contribute to lower perceptions of safety. Limited structures for student voice and agency in resolving	Increase student-reported safety among students to match or exceed citywide averages. Create consistent, visible safety protocols that are inclusive and student-centered. Build student trust through affirming relationships,

	conflict and shaping a safe environment.	community circles, and culturally responsive adult practices.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	70	By June, 2026, physical and mental wellness for students will improve, as measured by a 15% Increase in favorable responses from the 2024 baseline from 70% to 85% as measured by the Panorama Student Survey data and informal family surveys; indicating improved perceptions of physical and emotional safety among students as a result of school wide restorative practices, increased student voice, and consistent implementation of safety routines.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Informal school-based family surveys conducted three times during the school year (Fall, Winter, Spring) asking, “Do you feel your child is safe at school?”

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement trauma-informed restorative circles school wide to foster a culture of emotional safety and belonging.
Implementation of AIM Academy, a weekly workshop centered around student development of restorative circles and monitoring emotions in order to reduce negative student to student interactions.
Creation of an after-school program addressing Social emotional learning (SEL) for students in grades K-5.
Roll out school-wide Positive Behavioral Intervention and Supports (PBIS) system

Root Cause Addressed:

Student safety concerns are not always addressed through traditional behavior systems, and students report inconsistent adult responses to conflict and harm.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide staff-wide professional learning on trauma-informed practices and the principles of restorative justice, focusing on empathy, de-escalation, and the impact of lived experience on student behavior.
Launch weekly community circles in all grade levels where students can build relationships, express concerns, and co-create classroom norms.
Monitor outcomes using circle participation logs, student reflections, and informal check-ins to adjust implementation.

Establish safety routines (e.g., clear hallway transitions, adult presence during unstructured times) aligned with student input from surveys and walk-throughs.
Facilitate student-led conversations during circles about what safety means and how everyone contributes to it.
Use restorative responses to decrease student classroom removals due to conflict or other negative behaviors, prioritizing healing conversations over punitive actions whenever possible.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Panorama Survey Data: Used as the summative measure in Spring 2026 to assess overall progress.

In-House Safety Surveys: Administered to families three times during the school year (Fall, Winter, Spring) to monitor perceptions of safety.

SEL Teacher Goals (2025–2026):
Deliver Weekly SEL Lessons: Facilitate structured SEL lessons in classrooms once per week, with a focus on building emotional vocabulary, peer relationships, and conflict resolution aligned to safety themes. Foster Positive Student Rapport: Develop strong, affirming relationships with students through consistent presence in classrooms, hallways, and lunch periods to promote a culture of trust and emotional safety. Support De-escalation Practices:

Partner with paraprofessionals and classroom staff to implement trauma-informed de-escalation strategies by providing modeling, coaching, and reflection protocols.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Strategies to Support Family & Community Engagement: Host quarterly "Coffee & Conversations" events where caregivers can discuss school safety, ask questions, and offer feedback in a relaxed, welcoming environment.	PTA, School Safety Team
09/04/2025	06/26/2026	Strategies to Support Family & Community Engagement: Distribute short safety surveys using both paper copies sent home in backpacks and digital forms shared via Remind. Surveys will be translated and available at in-person events to ensure all families can share their perspectives.	Parent Coordinator, Translation & Interpretation Unit

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per diem substitute coverage for teacher release to conduct restorative circle planning and family engagement activities Per session hours for after-school safety task force planning, student focus groups, and family forums External CBO facilitators to support student safety initiatives and provide mentorship.

Instructional Resources

Trauma-Informed Practices toolkits Translated materials for multilingual family safety engagement SEL and Restorative Practice modules aligned to cultural responsiveness Printed materials for student safety campaigns (e.g., posters, norms, circle prompts)

Schedule Adjustments

Integrate short restorative check-ins into existing morning meetings or homeroom time once per week Embed brief student feedback discussions into existing classroom routines (e.g., Friday reflections, class meetings) Allocate time during existing PD days for staff to review safety perception data and refine classroom-based SEL strategies

Other Resources Needed

Printed safety visuals (e.g., posters, signage), Printed family safety toolkits, Laminated restorative circle norms, SEL-themed read-aloud books, Printing supplies (paper, ink, toner), Refreshments for family engagement events, Incentives (stickers, certificates, badges),

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
20% of Black students in grades 2-4 performed on or above benchmark on the End of Year MAP Growth assessment for the 2024-2025 school year	Black students need more explicit instruction to improve conceptual understanding in all operations especially measurement.	Improve achievement in students in the Black Subgroup meeting benchmarks according to MAP Growth Assesment
23% of all students in grades 2-4 met proficiency on the 2024-2025 MAP Growth EOY assessment. On the EOY MAP Growth Assessment, 17% of 3rd grade students	Students need more explicit instruction to improve conceptual understanding,	Improvement achievement in students meeting

scored in the 40th percentile, 29% of 4th grade students scored above the 40th percentile, 14% of 5th graders scored above the 40th percentile.	especially in the strand of measurement. Instruction variances between classes and grade levels.	benchmarks according to MAP growth assessments.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	20% Math proficiency (from NWEA Map Growth)	By June, 2026, the percentage of black students who score on or above the 41st percentile in Math will increase 10% from the baseline of 20% to 30% as measured by NWEA Map Growth.
All Students	23%	By June, 2026, the percentage of all students who score on or above the 41st percentile in Math will increase 7% from the baseline of 23% to 30% as measured by NWEA Map Growth..

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

30% for all students

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy: Targeted Interventions and Data-Driven Instructional Cycles

Targeted Interventions: Implementing specific, evidence-based interventions for students identified as needing additional support in math. This could include pull-out sessions, push-in support, after-school programs, or tutoring, with a clear focus on addressing identified learning gaps. Interventions should be specifically designed to accelerate learning for struggling students, particularly Black students who may be disproportionately represented in lower proficiency bands.

Data-Driven Instructional Cycles: Establishing a clear school-wide process for regularly analyzing NWEA MAP Growth data (and other formative assessments) to inform instruction.
This includes:
- Regular data team meetings for teachers to discuss student progress and identify areas of need.
- Using data to group students for differentiated instruction and targeted interventions.
- Monitoring the effectiveness of interventions and adjusting strategies as needed, including who is in your MTSS groupings for math.

Root Cause Addressed:

Based on the SMART goal and the key strategy, a primary root cause being addressed by PS44R is inequitable access to high-quality, effective math instruction and support, particularly for Black students, leading to foundational skill gaps.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and Implement a "NWEA MAP Growth Data Deep Dive" Protocol for Grade-Level Teams (New Initiative)
Establish a School-Wide "Tiered Intervention Matrix" for Math (New Initiative/Refinement)
Implement a "Progress Monitoring & Adjustment" Cycle for Interventions (Refined/Expanded)
Launch a "Math Interventionist Professional Learning Community (PLC)" (New Initiative)
Acquire and Integrate High-Quality, Research-Based Math Intervention Resources (New Initiative)
Use of digital platforms (Edmentum and Class Gaga) to reinforce mathematical concepts

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring: Primary Structures and Data/Evidence

Key Strategy: Targeted Interventions and Data-Driven Instructional Cycles

Action Steps:
1. Develop and Implement a "NWEA MAP Growth Data Deep Dive" Protocol for Grade-Level Teams.
2. Establish a School-Wide "Tiered Intervention Matrix" for Math.
3. Implement a "Progress Monitoring & Adjustment" Cycle for Interventions.
4. Launch a "Math Interventionist Professional Learning Community (PLC)."
5. Acquire and Integrate High-Quality, Research-Based Math Intervention Resources.

Primary Monitoring Structures and Corresponding Data/Evidence:

1. Grade-Level Data Team Meetings / Professional Learning Communities (PLCs)

2. Math Interventionist Professional Learning Community (PLC) Meetings

3. Student Progress Monitoring Data Collection & Review

4. School Leadership Walkthroughs and Observations

5. Annual/Bi-Annual Data Review & Strategic Planning Sessions

By utilizing these multi-faceted monitoring structures and collecting diverse forms of data, PS44R will have a clear and comprehensive picture of its progress in implementing the targeted interventions and data-driven instructional cycles, and most importantly, their impact on improving math proficiency for all students, with a critical focus on Black students.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	09/10/2025	Show Math curricula and information packets to families during parent engagement evening workshops.	Parent Coordinator, New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
09/10/2025	11/13/2025	Consistent parent/guardian communication with ongoing updates on student progress.	New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
11/13/2025	11/13/2025	Parent/guardian conferences to discuss specific and individual student progress	Parent Coordinator, New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
11/13/2025	03/18/2026	Consistent parent/guardian communication with ongoing updates on student progress.	New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
03/18/2026	03/18/2026	Parent/guardian conferences to discuss specific and individual student progress	Parent Coordinator, New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
03/18/2026	05/21/2026	Consistent parent/guardian communication with ongoing updates on student progress.	New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
05/21/2026	05/21/2026	Parent/guardian conferences to discuss specific and individual student progress	Parent Coordinator, New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)
09/10/2025	05/21/2026	In-class parent visitations for Family Math Games / Math Week Activities	Parent Coordinator, New York Center for Interpersonal Development (NYCID), United Activities Unlimited (UAU)

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers (General Education and Special Education), paraprofessionals, Service Providers, Intervention Teachers

Instructional Resources

EnVisions Math, NWEA Map Growth,

Schedule Adjustments

Small group work to be scheduled within the Math Block

Other Resources Needed

Touchscreen devices for each teacher responsible for progress monitoring

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Substitute teachers will be provided for coverage to teachers who will need additional professional development or support. Substitutes will also be needed to cover teachers during inter-visitations, intra-visitations, and workshops in other schools. "Resources provided to teachers if needed/ when program is picked." Refreshments and snacks provided during monthly data meetings. Touchscreen devices should be provided to all teachers administering progress monitoring. Ink will be needed to print benchmark assessments and passages for ongoing progress monitoring. Working promethean boards are needed to provide explicit instruction in literacy. Math manipulatives will be provided or renewed to for teachers who need them.

Evidence-Based Intervention Category

Digital Intervention Programs being considered,
1. HMH - Do The Math
9780358406501 Into Math Digital Student Resources Grades K-5 2020 Grades -1 - 5 Online 62.00
2. Edmentum - Exact Path
- $22 per student for Math intervention only
3. Lift off: Adaptive Intervention (Heavily integrated with map growth) - Grades 2-8
- No publicly listed price
"The Lift-Off Adaptive Intervention Curriculum, provided by Progress Learning, is a research-based program for reading and math intervention for students in grades 2-8. It doesn't have a publicly listed price on the Progress Learning website, but it is designed for use in Tier 2 and 3 intervention settings. The program utilizes diagnostic testing to identify learning gaps and then provides personalized instruction through a vertically aligned, engaging learning environment, according to Progress Learning."

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
While no formal baseline data exists, informal qualitative data from student surveys (2024-2025) revealed that students are more engaged when events connect learning to real-world experiences, such as field trips, gardening, family breakfasts, and live	Limited opportunities for students to connect their learning with real-world careers. Infrequent exposure to community members from diverse professional and cultural backgrounds. Family	Increase student access to diverse role models and real-world career paths through guest speaker events. Leverage high-interest events (e.g., breakfasts, performances) as platforms for learning and engagement. Develop

performances. There is a need to build upon this by expanding exposure to diverse career paths and role models.	engagement events are popular but underutilized for career and cultural awareness.	a sustainable schedule of community involvement that reflects the school's cultural diversity.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	75	By June 2026, in school exposure to college and career pathways will increase for All students from 30% to 75% attending at least one event, as measured by attendance logs and student survey results.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Staff-created student survey

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish a school wide Guest Speaker Series that invites professionals from culturally diverse backgrounds across a range of career fields to speak with students. This initiative will broaden student exposure to real-world career paths, and role models. The series will be developed in partnership with community organizations, local businesses, and parent networks, and will include classroom reflections and follow-up surveys to assess student impact.

Root Cause Addressed:

Students have limited exposure to diverse career paths and real-world role models. This contributes to low student engagement and limited awareness of future possibilities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Form a planning committee of staff, families, and students.
Survey students to determine interest in careers and guest speaker topics.
Develop a yearlong calendar of at least 6 events.
Promote events via school wide channels.
Collect student post-event surveys (digital forms for all)

Adjust the series as needed based on feedback.
Highlight student learning through school displays and digital platforms.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A designated planning team will meet monthly to monitor the Guest Speaker Series an JA BizTown Cycle. Meeting notes will document speaker scheduling, event logistics, and outreach. Post-event student surveys will be analyzed quarterly to assess impact on student awareness of career paths and cultural appreciation. Data will be reviewed in SLT meetings and shared during grade team/faculty meetings. Adjustments will be made based on feedback to ensure continued relevance and equitable access.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/26/2025	Invite families and professionals to participate in the Guest Speaker Series, offer virtual access and multilingual materials, and promote through newsletters and Remind/	Cool Culture, Urban Advantage, FDNY/NYPD, Port Richmond Culinary Institute, Staten Island Zoo, Local PTA, Parent Volunteers

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Substitute coverage for staff to plan and coordinate events during the school day; per session pay for after-school planning and outreach.

Instructional Resources

Student surveys, reflection templates, career visuals, and translation/printing services.

Schedule Adjustments

Flex blocks or enrichment periods used for events to minimize instructional disruption.

Other Resources Needed

Guest speaker appreciation materials (e.g., certificates), interpreter services, and basic setup needs for events, microphone etc.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Communication - The NYC School Survey 2023-2024 data reveals consistent communication gaps, most	The root causes of student and school performance gaps, particularly for English	Given the identified communication gaps, a high-leverage priority need for this school would be to improve

notably for English Language Learners and to a lesser extent for Hispanic or Latinx families, despite overall high positive communication perceptions across other demographics, with some racial/ethnic data missing.	Language Learners and Hispanic/Latinx families, are multifaceted, stemming from language barriers, cultural misunderstandings, historical mistrust, insufficient school resources, practical family constraints, and inadequate teacher preparation in cultural competency.	culturally and linguistically responsive communication with English Language Learner (ELL) and Hispanic/Latinx families, which is crucial for advancing equity and positively impacting student outcomes.
Family Involvement - The NYC School Survey 2023-2024 data reveals consistent communication and family involvement gaps, particularly for English Language Learners (except for performance-specific conversations) and Hispanic/Latinx families, despite overall high positive responses, while data for several racial/ethnic groups remains unavailable.	The identified student and school outcomes, characterized by communication and family involvement gaps—particularly for ELL and Hispanic/Latinx families—are primarily rooted in linguistic and cultural barriers, systemic inequities in engagement, and limitations in school capacity and staff training.	Based on the provided NYC School Survey data, a high-leverage priority need is to enhance culturally and linguistically responsive communication and engagement with English Language Learner (ELL) and Hispanic/Latinx families to advance equity and measurably improve student academic and holistic outcomes.
Family-School Trust - The NYC School Survey 2023-2024 data reveals consistent communication and family involvement gaps for English Language Learners and Hispanic/Latinx families, alongside a surprising trust gap for White families, despite overall high family-school trust and strong positive responses from Black families and those with students with IEPs, with significant missing data for other racial/ethnic groups.	The student and school outcomes, marked by communication and engagement gaps for ELL and Hispanic/Latinx families and a nuanced trust issue with White families, stem from persistent linguistic/cultural barriers, inconsistent engagement strategies, varying staff training, and specific perceptual mismatches despite high overall trust.	Based on the provided NYC School Survey data, a high-leverage priority need is to implement comprehensive, culturally and linguistically responsive communication and family engagement strategies, particularly for English Language Learner (ELL) and Hispanic/Latinx families, while also addressing specific trust perceptions among White families, to advance equity and improve student outcomes.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	79%	By June 2026, the percentage of families responding favorably to the NYC School Survey question "Someone at my child's program has helped me consider which schools or programs would be best for my child for next school/program year" will increase by 10 percentage points from 79% to 89%, as measured by the NYC School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy 1: Establish a Dedicated Family Advocacy Support Program (New Initiative)
This strategy addresses the decline in families feeling supported as primary advocates by creating a structured and accessible program specifically designed to guide them through future educational choices.

Root Cause Addressed:

The root cause that Key Strategy 1, "Establish a Dedicated Family Advocacy Support Program (New Initiative)," directly addresses is the decline in families feeling supported as their child's primary advocate when considering future schools/programs, as evidenced by the 11-point decrease in favorable responses to that specific survey question.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Action Step 1.1: Develop Program Framework and Resources BOY (Sept - Oct 2025): Design a comprehensive program curriculum for family advocacy support sessions (e.g., workshops on school choice, application processes, understanding different program types). Translate all core materials into the primary languages of the school's diverse family population (e.g., Spanish for Hispanic/Latinx families, and other relevant languages for ELL families). Identify and curate existing resources (e.g., NYC DOE guides, external community organizations).

Action Step 1.2: Train Designated Staff Liaisons BOY (Oct - Nov 2025): Identify a core team of staff members (e.g., guidance counselors, parent coordinators, selected teachers) to serve as "Family Advocacy Liaisons." Provide intensive professional development on school choice processes, effective cross-cultural communication, active listening, and building trust with diverse families. Training will include specific modules on supporting ELL and Hispanic/Latinx families' unique needs.
Action Step 1.3: Launch and Promote Advocacy Support Sessions MOY (Dec 2025 - Jan 2026): Begin offering small-group workshops and one-on-one consultation sessions for families on navigating school/program options. Utilize diverse communication channels (multilingual flyers, text messages, school app alerts, community partner outreach) to widely promote these services, emphasizing their availability in multiple languages and flexible scheduling.
Action Step 1.4: Track Family Engagement and Feedback MOY/EOY (Jan - May 2026): Implement a system to track family participation in the advocacy support program. Collect anonymous feedback after each session to gauge usefulness, clarity, and identify areas for improvement.

Key Strategy 2 (Optional):

Key Strategy 2: Integrate Future Planning Discussions into Existing Communication Channels (Modification/Refinement)
This strategy aims to embed discussions about future school/program options into routine, trusted communication points, making the support more organic and accessible, addressing the general communication gap identified for ELL and Hispanic/Latinx families.

Root Cause Addressed:

The root cause that Key Strategy 2, "Integrate Future Planning Discussions into Existing Communication Channels (Modification/Refinement)," primarily addresses is the inconsistent and non-integrated nature of guidance for future school/program options within existing school communication protocols.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Action Step 2.1: Systematize and Enhance Communication Channels for Future Planning BOY (Oct 2025) - MOY (Feb 2026): By October 2025, Mandate and provide resources for future school/program options to be a standard, linguistically and culturally accessible discussion point during all parent-teacher conferences, especially for transition grades, ensuring interpreter availability for ELL families. Concurrently, from January to March 2026, enhance report cards and progress reports with dedicated, multilingual sections guiding families to future schooling options and the Family Support Program. Simultaneously, by November 2025 through February 2026, leverage existing digital

platforms to create a central, multilingual "Future Schooling Options" section with targeted messages on key application deadlines and information sessions for relevant grade levels.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor implementation of our key strategies, we will use the following structures:

Family Participation Tracking
Data: Attendance at Family Support sessions, interpreter requests, multilingual outreach efforts.
Purpose: Monitor engagement, especially from ELL and Hispanic/Latinx families.
Frequency: Monthly review.

Staff Implementation Logs
Data: Records of future planning discussions during parent-teacher conferences.
Purpose: Ensure consistent integration of support across grades.
Frequency: Quarterly review.

Parent Feedback Surveys
Data: Exit feedback from workshops (in home languages).
Purpose: Measure session quality and relevance.
Frequency: After each session, analyzed mid- and end-of-year.

NYC School Survey Results
Data: Parent responses to the future planning support question.
Purpose: Track overall impact.
Frequency: At survey administration dates.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	09/03/2025	Educators will hold an orientation for 3K and PreK families to explain the curriculum and discuss expectations. At this time, educators will provide support with any necessary paperwork that needs to be filled out and address any family questions or concerns.	Teachers, Parent Coordinator, UAU, ENL Teachers, School Administration, Paraprofessionals
09/10/2025	09/10/2025	During Curriculum Night, we will review academic expectations and provide families with guidance to help them navigate the school year successfully. Parents will have the opportunity to ask questions and receive support or orientation on any topics where they may need assistance. Parent Coordinator will be available to assist families with NYC account access and any other technological support needs.	UAU, NYCID, School Administration, Staten Island Mental Health, Teachers, Paraprofessionals, Parent Coordinator
10/17/2025	10/17/2025	During our Hispanic Heritage Celebration, families will be invited to a vibrant showcase that honors and celebrates their cultural roots. This event is a meaningful opportunity to come together as a school community, uplift our diverse heritages, and welcome all families in a spirit of unity, pride, and shared identity.	Teachers, Parent Coordinator, UAU, School Administration, Paraprofessionals, PTA, NYCID
10/24/2025	10/24/2025	We will host a culminating celebration for Hispanic Heritage Month, where families are invited to come together and share food, culture, and personal experiences as part of our vibrant multicultural and multilingual community. This joyful event will allow us to celebrate our diversity, build connections, and honor the rich traditions that make our school community so unique.	Teachers, Parent Coordinator, UAU, School Administration, Paraprofessionals, PTA, NYCID
11/06/2025	11/06/2025	During Parent-Teacher Conference, teachers will discuss each student's academic progress, areas of support, and available social-emotional resources to ensure we are meeting the holistic needs of the students we serve.	UAU, NYCID, School Administration, Staten Island Mental Health, Teachers,

			Paraprofessionals, Parent Coordinator
12/19/2025	12/19/2025	During our winter celebration, families will be invited to a vibrant show put on by the students. They will get the chance to see the students dance and showcase their amazing winter art projects.	UAU, NYCID, School Administration, Staten Island Mental Health, Teachers, Paraprofessionals, Parent Coordinator
09/17/2025	09/17/2025	Families will be provided access and guidance to the Remind application, offering them a convenient and direct way to communicate with school staff. Through this platform, they will have the opportunity to ask questions, receive timely updates, and actively engage with school systems and supports. This will occur during the late afternoon hours to provide greater access to our families.	Parent Coordinator, Leadership Team and Teachers
10/06/2025	10/06/2025	We will host an IEP Information Session designed to help parents understand how to read and interpret their child's Individualized Education Program (IEP). The workshop will also explain the various classifications and services outlined in the IEP, empowering families to better advocate for their children’s educational needs. This occur during the morning and late afternoon hours.	Parent Coordinator, SETSS Provider, Leadership Team, SEIT Provider and School Assessment Team Members
01/28/2026	01/28/2026	We will host a Junior High School Application Support Workshop to guide families through the MySchools platform. This session will help parents understand the application process, explore available school options, and ensure they feel confident navigating the system.	Parent Coordinator, Leadership Team, designated fifth grade staff.
01/07/2026	01/07/2026	We will host a Kindergarten Open House where families will have the opportunity to meet our dedicated kindergarten teachers, learn about their instructional goals, and gain insight into the welcoming and supportive learning environment we provide for our youngest learners.	Parent Coordinator, Kindergarten Teachers, designated grade leader and Leadership Team
02/03/2026	02/03/2026	We will host a Summer Rising Information Session to inform families about the program, including key dates, application procedures, and available support to ensure successful enrollment. Parents will also receive guidance on completing the NYC School Survey and learn about its importance in shaping school decisions and improving family engagement.	Parent Coordinator, Leadership Team, Assigned Staff and UAU support staff.

03/10/2026	03/10/2026	We will host a Testing Information Workshop specifically for families of students in grades 3, 4, and 5. The session will address test-related anxiety, provide an overview of testing protocols, and offer strategies for supporting students at home. Families will also receive important information about accommodations and procedures related to the NYS exams. To maximize accessibility, the workshop will be offered both in the morning and late afternoon.	Leadership Team, Parent Coordinator and Assigned Staff.
05/19/2026	05/19/2026	We will host a Graduation Expectations Workshop for families of Pre-K, Kindergarten, and 5th grade students. The session will cover important information including ceremony details, milestone celebrations, and specific requirements such as dues for 5th graders. This workshop will help families prepare for these important transitions and ensure a smooth end-of-year experience.	Leadership Team, Parent Coordinator, PTA President and Assigned Staff.
03/05/2026	03/05/2026	During Parent-Teacher Conference, teachers will discuss each student's academic progress, areas of support, and available social-emotional resources to ensure we are meeting the holistic needs of the students we serve.	UAU, NYCID, School Administration, Staten Island Mental Health, Teachers, Paraprofessionals, Parent Coordinator

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Family Advocacy Liaisons (e.g., guidance counselors, selected teachers), translators/interpreters, and administrative support staff will be leveraged to plan, implement, and facilitate family engagement sessions and communication strategies. This may require additional funding via per session and/or per diem.

Instructional Resources

NYC DOE guides on school choice and program options, multilingual outreach materials, translated family-facing documents, and culturally responsive communication training modules will be utilized to support both families and staff.

Schedule Adjustments

Flexible scheduling will be implemented to offer workshops and support sessions during evenings and mornings. Time will be allocated during Monday PDs for staff training and planning related to family engagement strategies.

Other Resources Needed

Translation services, printing budgets for multilingual materials, digital tools for outreach (e.g., Remind, school apps), refreshments for family events, and access to space for workshops and consultation sessions. Additional funding may be needed for extended interpreter hours and family event coordination.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
32% of K–5 students at PS 44 were identified as chronically absent in the 2024–2025 school year (ATS/DOE Dashboard, 2024).	Ineffective follow-up and communication protocols for student absences.	Implement a multi-tiered attendance intervention system with daily monitoring, parent engagement, and targeted outreach.
Classrooms in specific "Official Class" codes show absenteeism over 40%, affecting overall student engagement (ATS, 2024).	Lack of SEL support systems and classroom-level early interventions.	Provide SEL support and mentoring in classrooms with high absenteeism rates.
Student survey results (NYC School Survey, 2025) show low ratings in school safety and belonging.	Unaddressed student conflict, bullying	Launch a school-wide culture and safety team to implement restorative practices and student-led peer initiatives.

	concerns, and weak restorative systems.	

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	32% chronic absenteeism (2023–2024 school year)	By June 2026, the school will reduce chronic absenteeism among Black students in grades K-5 by 4 percentage points-moving from a baseline of 32% to a target of 28% or lower-as monitored monthly via the iPlan PRT and Insight Tool dashboards.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

ATS Dashboard / STARS / iPlan PRT

Enter a Key Performance Indicator

Percentage of k-5 students with a year to date attendance rate below 90%, tracked monthly through ATS, Inisght, and reviewed during attendance team meetings.

Baseline:

32% of K- 5 students were chronically absent during the 2024-2025 school year.

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

BOY Target: Reduce to 28%

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

MOY Target: Reduce to 24%

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

EOY Target: Achieve 20% or lower

Attendance/Chronic Absenteeism Progress Measures and Targets

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement Tiered Attendance Intervention System

Root Cause Addressed:

Lack of consistent follow-up and early supports for students and families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch daily attendance monitoring with outreach protocols by May 2026.
Create an “Attendance Response Team” to track data weekly and call home for 3+ day absences.
Design and distribute welcome packets explaining school attendance policies.
Provide PD to teachers and paras on Tier 1 attendance messaging.
Use weekly recognition incentives (certificates, shout-outs, classroom awards).
Introduction and implementation of parent attendance workshops

Color coded attendance letters will be sent home to families with 3-5 absences, 5-9 and 10 or more.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress will be monitored using:
Weekly ATS attendance trends by grade/classroom
Monthly Attendance Team reports
Student SEL survey (fall/spring)
Log of family outreach efforts digital and shared with the attendance team)
PD attendance logs
Documentation of reward/incentive distribution
Color coded attendance letters will be sent home to families with 3-5 absences, 5-9 and 10 or more.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host monthly parent coffee chats on attendance and routines	NYCID, UAU, Staten Island Partnership
09/30/2025	06/26/2026	Color coded attendance letters will be sent home to families with 3-5 absences, 5-9 and 10 or more.	school staff
09/10/2025	06/26/2026	Invite families to curriculum night attendance presentation and family raffles	Community Businesses, UAU, NYCID support

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Active SIG/Attendance Team members responsible for implementing attendance initiatives, outreach, and data follow-up.Office staff support giving attendance information,

Instructional Resources

SEL curriculum (e.g., Second Step, Zones of Regulation), Attendance Toolkit, NYC DOE attendance templates and outreach materials and Attendcance works.

Schedule Adjustments

Morning check-ins in targeted classrooms; weekly attendance team meetings to review data and plan interventions as well as provide coverages for attendance staff as needed to support the initiatives.

Other Resources Needed

Printing supplies, attendance incentive rewards (e.g., brag tags), refreshments for family events, and family engagement materials to support attendance initiatives. Ink, color coded paper to mail home attendance letters, envelopes, and stamps and address labels. A school address stamp.

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

PS 44 will allocate SIG funding to support schoolwide attendance improvement initiatives that directly engage students and families.
Ink, color coded paper to mail home attendance letters, envelopes, and stamps and address labels. A school address stamp.

Evidence-Based Intervention Category

Allocate funds per month for monthly attendance celebrations to incentivize and recognize student attendance efforts.
Purchase "Brag Tags" for students who maintain 100% attendance. These tags will be distributed monthly and displayed on student book bags as a public symbol of achievement.
Provide per session to SIG team members/Attendance responsible for maintaining attendance data, conducting follow-up outreach, and coordinating intervention efforts throughout the school year.
Cover the cost of refreshments for families attending Back-to-School Night on September 10th, where the attendance team will launch initiatives, explain protocols, and build family partnerships to encourage attendance buy-in.
Subs as needed to help support initiatives and parent meetings that will be held during the day. Parent meetings that will take place in the evening, staff will be paid at the per session rate. Ink for printing certificates, card stock, attendance pencils, all fees related incentive trips (bus and admission fees as well as additional staff). Ink, color coded paper to mail home attendance letters, envelopes, and stamps and address labels. A school address stamp.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Annual review compliance is not exceeding 80% throughout the school year (Status of Annual Review Report 2024-2025)	Kindergarten Individualized Education Process (KIP) taking precedent, Administration Monitoring Compliance, Teacher Readiness	IEP Development and Fidelity of Implementation

		Transition Planning and Compliance
		Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	120 students	By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD) we will improve Timeliness of IEP completion by 12.3% from 77.7% (N=120 students) to 90% (N=139 students), as measured by SESIS and the Status of Annual Reviews Reports.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Teachers will complete annual reviews in a timely manner. Meetings should be scheduled at least five calendar days before the annual review date and finalized within ten calendar days of the meeting.

Root Cause Addressed:

Administration will be sure teachers have comprehensive and ongoing trainings to ensure the annual reviews are being completed appropriately. There will be accountability systems put in place by administration (i.e. keep track of annual reviews using an excel checklist format). The school based support team will create a plan to organize dates of three year reviews and/or reevaluations with the teachers to be sure the annual reviews do not go out of compliance in the interim.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Excel tracking sheet with annual review due dates to be monitored by administration
Ongoing professional learning for IEP development
Constant communication and planning between teachers, providers, administration, and school based support staff

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will complete annual reviews in a timely manner. Meetings should be scheduled at least five calendar days before the annual review date and finalized within ten calendar days of the meeting. Administration will be sure teachers have comprehensive and ongoing trainings to ensure the annual reviews are being completed appropriately. There will be accountability systems put in place by administration (i.e. keep track of annual reviews using an excel checklist format). The school based support team will create a plan to organize dates of three year reviews and/or reevaluations with the teachers to be sure the annual reviews do not go out of compliance in the interim.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
11/06/2025	11/06/2025	Progress check, family engage in action plan, home strategies support	Teachers, School Assessment Team, Administration
03/05/2026	03/05/2026	Progress check, family engage in action plan, home strategies support	Teachers, School Assessment Team, Administration
05/07/2026	05/07/2026	Progress check, family engage in action plan, home strategies support	Teachers, School Assessment Team, Administration

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Teachers, Service Providers, Administration, School Assessment Team

Instructional Resources

Schedule Adjustments

Teacher Coverages, Professional Development, School Implementation Team Meetings, Pupil Personnel Team Meetings

Other Resources Needed

Laptops, Professional Learning Opportunities, Ongoing IEP development reviews

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Grades K-5 - Fundations, SPIRE, Heggerty	Below Bench mark in phoneme segmentation fluency, nonsense word fluency, and/or oral reading fluency as determined by Acadience	Phonics	Small group	During school	yes
Tier 3 Grades K-5	MAP Growth below 41% achievement and well below benchmark scores in Acadience	Tier 2 FUNdations, SPIRE, MAZE	Small group	During School	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Student - Adult Mentors Tier 2 and 3	teacher recommendation	one-to-one mentorship	one-to-one	during school	no
NYCID - Tier 2 and 3	teacher recommendation	small group	small group	during school	no
Staten Island Mental Health - Tier 3	teacher /parent/SAT recommendation	counseling	one-to-one, small group	during school	no
United Activities Unlimited (UAU) Support Program	school recommendation	family and home support	family intervention	before, during, after school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Staff are in constant communication with families through the Remind App. Progress is shared at the teacher's discretion and parent availability. Teachers share academic progress and curriculum information on parent-engagement evenings and during parent-teacher conferences. NYCID counselors are in contact with parents weekly to update social-emotional progress. Staten Island Mental Health and the UAU Support Program are in constant communication with the parents/families and update them with student progress frequently.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Teachers reach out through the REMIND app, make weekly outreach, and report progress at the time of report cards.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

The parents sometimes request more support for their child based on teacher reports. Teachers also meet with parents to discuss academic and social-emotional progress. At these meetings, interventions are discussed and offered based on what the student needs and the resources available. The school assessment team may also support families when making and understanding decisions involving tier three intensive interventions.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

36

According to the Temporary Housing Address Report (RATH) there are 36 students currently in temporary housing.

Doubled Up: 23 Students
Forms Not Returned: 0 Students
Permanent Housing Status: 0 Students
Shelter: 11 Students
Other than Temporary Housing: 2 Students

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Analyzing Trends:

Demographic Trends:
Increased mobility: STH students often move between shelters, family members' homes, and other temporary housing arrangements, leading to frequent school changes.

Disproportionate representation: Students of color—are disproportionately represented in the STH population.

Language barriers: Some STH students come from households where English is not the primary language, which can create communication challenges between home and school.

Implications for Support:

Implement targeted outreach and enrollment supports that prioritize stability and continuity with student check in and family outreach.

Provide culturally responsive practices, translation services leading to language access services to ensure families understand their rights and resources.

PS 44 will work in coordination with the staff at the shelter location to ensure transportation, services and any additional supports are met.

Resources such as backpacks, schools' supplies, clothing, food and other essentials are provided (as needed)

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

All teachers and staff of students who are in temporary housing are notified of the importance of attendance for this student population through the tiered response protocol.
Social emotional support and at risk services are available for all students. The school parent coordinator is also aware of the families to provide assistance when needed.
Students will receive attendance support by the school attendance team, NYCID counselors, UAU mentors, that check in with students on a daily basis.
STH students will receive transportation assistance for bussing, through the school (PS 44) and O.P.T
School counselors and school social workers' will update and communicate with STH families and their supportive services.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently have 6 students in foster care.

Social-Emotional Supports Provided:
School Counselor and social worker support
SIMH (Staten Island Mental Health)

Regular check-ins with school counselors.

Trauma-informed counseling practices.

Small group and individual counseling sessions tailored to managing change, building resilience, and peer relationships.

Access to School-Based Mental Health Services:

Referrals to school-based mental health professionals or partnerships with local community providers.

Crisis intervention services as needed.

Access to therapy through partner agencies (e.g., ACS-contracted providers).

Mentorship & Advocacy:

Assignment of a staff mentor or trusted adult advocate for consistent support and relationship building.

Social-emotional learning programs and character education to help build self-esteem and emotional regulation with our Community based orginazations.

Foster Care Liaison Involvement:

Ensures educational rights are upheld.

Coordinates with the child welfare agency and caseworker to ensure student needs are met.

Academic Supports Provided:
Immediate Enrollment & Record Transfer:

Compliance with federal law ensuring no delay in enrollment due to lack of documentation.

Provisional placement in classes while records are requested.

Individualized Academic Monitoring:

Review of academic performance and personalized support plans.

Access to Title I services.

Regular communication with teachers to monitor progress and identify interventions early.

Tutoring & Remediation Services:

Access to in-school or after-school tutoring.

Referrals for academic support programs (including special education if needed).

Educational Stability Support:

Coordination of transportation to allow the student to remain in their school of origin when in their best interest.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Schools counselors and social worker work collaboratively with foster agencies, ACS (if needed), and the individual families to promote stability and success. We work on supports that focus on social, emotional and academic growth. Foster agencies make monthly visits/meetings and we discuss progress and supports that are working vs. those that need additional improvements.

Trauma-Informed Practices: Teachers and staff are trained to recognize and respond to trauma-related behaviors, creating safer, more supportive learning environments.

Individualized Academic Support: This includes tutoring, flexible scheduling to accommodate transitions or therapy appointments.

Mental Health Services: On-site counselors or referrals to community-based mental health providers help address emotional and behavioral needs.

Educational Stability: We collaborate with child welfare agencies to ensure students can remain in their school of origin when it's in their best interest.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Emerging Trends from Historical Data:

Enrollment Delays: Frequent placement changes often lead to school transfers, which disrupt learning and delay enrollment due and directly affects absenteeism.

Chronic Absenteeism: These students are more likely to miss school due to instability, transportation issues, or emotional hardships.

Data-Driven Interventions:

PS 44 uses predictive analytics to identify at-risk students early and provide targeted academic or behavioral support based on information that is shared with our support staff.

Cross-Agency Collaboration: Sharing data between child welfare and education systems helps ensure continuity of services and timely responses to placement changes.

Trauma-Informed Training: Equipping educators with tools to recognize and respond to the individual needs of our students.

Monitoring & Accountability: Regularly reviewing disaggregated data by race, age, and placement type can help identify equity gaps and tailor supports accordingly.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

PS 44 plays a pivotal role in creating a sense of safety and belonging for students in foster care as they progress from grade-to-grade.
Most of the strategies used are related to social emotional learning/supports:

Morning Meetings & Circle Time
Daily check-ins where students share feelings, build community, and practice empathy.
Establishes routine and predictability, which is crucial for students experiencing instability. It also fosters peer connection and emotional expression.
Calm-Down Corners
Peer Mentorship or Buddy Systems
Trauma-Informed SEL Curriculum
Staff Collaboration with Caseworkers

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

na

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

na

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

na

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 44, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families.

Support for Parents and Family Members of Title I Students

Build relationships first.
Host open houses, class tours, or informal meet-and-greets to create a welcoming environment where families feel seen and valued.
Communicate consistently and clearly. Scheduled newsletters, text updates, and multilingual communication help families stay informed and involved
Offer flexible opportunities. Provide events at various times (evenings, weekends) and offer virtual options so more families can participate.
Create two-way communication. Encourage feedback through surveys, suggestion boxes, or family advisory councils. Engagement is a dialogue, not a monologue.
Celebrate cultural diversity. Host multicultural nights or invite families to share traditions, food, or stories. This builds community and affirms identity.
Empower families as partners. Involve them in decision-making, curriculum nights, or classroom volunteering. When families feel ownership, engagement deepens.

Parental Involvement and School Quality

To increase and improve parent involvement and school quality, PS 44 will:

Improve student outcomes by Involving parents with the goal of better attendance, higher grades, stronger social skills, and greater motivation. We will improve school involvement by developing strong home-school partnerships which often results in better behavior, more respectful interactions, and a stronger sense of community.
The day before school officially begins, in the afternoon PS 44 will hold a meet and greet with parents to help ensure a smooth tranistion for parents and students.
Through equity and access and engaging our families, PS 44 will address barriers and create more inclusive environments.
We will actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family policy.

Engagement Policy and School-Parent Compact will be carried out by:

-Engaging all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
-Ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
-Support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent--Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
-Maintain Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
-Conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; understanding your child's IEP - Parent voice and student voice, becoming your child's best advocate. literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home; work closely with Community Based Organizations (CBO's) to offer Social/Emotional parent workshops ie Attendance.
-Provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State

accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
-Host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA; keep parents abreast of Title 1 - updates monthly at PTA meetings, invite parents to sit on monthly Title 1 committee meetings., Invite parents/guardians to Superintendent led "Livingroom Chats"; Keep parents/guardians abreast of all CEC updates, workshops, open committee seats, provide daily emails to families as per the guidelines of the CEC reporting tool/report.

Encouraging School-Level Parental Involvement

Encouraging school-level parental involvement is about building trust, creating access, and making families feel like true partners in the learning journey.

To Encourage School-Level Parental Involvement PS 44 will:

Create a Welcoming Environment for parents
Host regular open houses, family breakfasts, or “coffee with the principal” events.
Display student work and multilingual signage to reflect the school community.
Offer Flexible Engagement Opportunities
Schedule events at varied times (mornings, evenings, weekends).
Provide virtual options for meetings and workshops to accommodate working families.
Build Two-Way Communication
Use tools like text messaging apps, newsletters, and social media to keep families informed.
Invite feedback through surveys, suggestion boxes, or family advisory councils.
Empower Families as Decision-Makers
Involve parents in school improvement planning and curriculum nights
Establish parent leadership roles in PTA.
Celebrate and Leverage Cultural Diversity
Host multicultural nights or invite families to share traditions and stories.
Translate materials and provide interpretation services to ensure inclusivity.
Partner with the Community
Collaborate with local businesses, faith groups, and nonprofits to support family events and services.
Offer workshops on topics like financial literacy, college readiness, or mental health.
Train Staff in Family Engagement
Provide professional development on cultural responsiveness and effective communication.
Encourage teachers to make positive phone calls home

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S.44 - The Thomas Brown School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently; including free morning test prep classes for grades 3-5 and K-2 early literacy and math skills.
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and if this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

• conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;

• convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;

• arranging additional meetings at other flexible times, e.g., morning, evening both in person and/or virtual and providing (if necessary and funds are available) transportation or childcare for those parents who cannot attend a regular meeting; in addition, provide Parent Handbook equipping families with policies, school calendar, as well as provide information to assist in ease of communication with staff and Administration.

• respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;

• providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand; utilize the XEROX translations scanner and Pocket Talk to provide and communicate with parents that speak different languages and the use of Rosetta Stone for families of students in Dual language classes

• involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;

• providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;

• ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences; Curriculum Conferences.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by

prompting reading and responding to all notices received from the school or district;

- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

Follow the school mantra from morning announcements.
Attend school regularly and arrive on time; complete my homework and submit all assignments on time;
Follow the school rules and be responsible for my actions;
Show respect for myself, other people and property;
Try to resolve disagreements or conflicts peacefully;
Always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I (SWP)

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

All teachers have the appropriate certifcations for their current assignments. No teachers are teaching out of license. Highly qualified staff will be recruited, interviewed and selected to fill posted teacher vacancies through Open hire , network human resources administrator and teacher recruitment fairs.

The chief strategies for teacher recruitment at PS44 are:
-Recruit teachers who hold dual certifications in General Education and Special Education
-Recruit teachers who hold dual certifications in ENL and either General Education or Special Education
-Recruit teachers who have bilingual extensions (Spanish) to an existing certification

Due to the growing populations of students who are English Language Learners (ENLs) and Students with Special Needs, it is important to recruit teachers who are certified in ENL, Special Education, or who have bilingual extensions in addition to begin certified in General Education.

The chief strategies for teacher retention at PS44 are:

-Utilize the Danielson Framework to structure observations and conversations about instructional strategies and provide actionable ongoing feedback that is both formal and informal

-Foster an environment of agency and collaboration through planned teacher team meetings and creating systems that empower teachers to be decision makers and innovators

-Provide teachers with ongoing professional development that is specific and relevant to pedagogical needs.

Teacher retention is critical to the success of the instructional program at PS44. Teachers are supported and encouraged to grow as professional educators.

Teacher assignments at PS44 are based on:
-Areas of strength
-Depth of pedagogical Knowledge
- Depth of content knowledge
- Innovative practices
- Rapport with students and families

PS44 has a range of specialized instructional programs: Integrated Co- Teaching classes, Dual language Program, and ENL program. All of these programs require expertise and collaboration among teachers.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS44 primarily accepts Kindergarten students from several Pre-Kindergarten programs: the Pre-Kindergarten program at PS44, a Head Start Program, a little Lamb (community based organization), as well as, walk-ins from within the community and surrounding daycare facilities. Records and information are transferred from each of these programs to PS44; families entering their children into the NYCDOE for the first time will complete necessary intake documentation. The pupil accounting secretary is responsible for entering the information into the appropriate database and creates cumulative files for each new students. If a child has a pre school IEP , members of the school based support team executes a "Turning 5" evaluation. If a pr-K student requires an evaluation, the school will reach out to CPSE. The Pre-Kindergarten social worker holds numerous parent workshops throughout the school year to support parents as the students are preparing for Kindergarten. The curriculum at PS44 is aligned to the Pre- Kindergarten state standards and vertical alignment between the Pre-kindergarten curriculum and the Kindergarten curriculum is in place at PS44.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, SWP Carry Over	Federal	$279	X	
Title I SWP parent and family engagement	Federal	$5,879	X	
Title I SWP	Federal	$2400 $15,00	x	
Title I SWP STH	Federal	$3,100	x	

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
NYCID	All students	Family attendance support through mentorship. Mental Health/Social & Emotional	Priority: Family Engagement Annual Goal: By June, 2025, for Chronic Absenteeism for All Students will Decrease 10%, from 55% to 45%, as measured by Measures of Interim Progress (MIP), Insight tool and New Visions Portal.
Teddy Atlas Foundation	All students	Attendance Incentives	

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The foundation of PS44 & NYCID's partnership is collaborative learning, working together for common goals, partnership, and co-leading & co-learning initiatives. We will engage in weekly planning meetings to organize programs, review school data and funding to ensure equitable allocation of resources. In addition, we will conduct several asset and needs assessments in order to identify resources to leverage to meet student and family needs, support collaboration with community partners and key stakeholders.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

At PS44, we realize that community schools are built with the understanding that students often come to the classroom with challenges that impact their ability to learn, explore, and develop to their best potential. We. have implemented a Social & Emotional program that identifies students based on social emotional needs from data submitted by administration and teachers.

Students will engage in individual/group counseling sessions & community circles in order to develop strategies that will boost their coping and communication skills both in school and at home. In addition, strategies are shared with parents/guardians to ensure consistency of language, responses and coping mechanisms.

We will continue the attendance mentoring program where our community liaison (NYCID) conducts daily family outreach through phone calls & in person conversations thereby creating cohesive relationships to minimize chronic absenteeism.

Our goal is to host a minimum of two community events that will bring families & other community organizations together to offer resources and family-oriented activities.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

NYCID has customized the needs of PS44's student body and the community based on results of a comprehensive needs assessment, thereby enabling us to ensure services are targeted toward students and families who need them the most.

In partnership with PS44 and our Community School CBO (NYCID) collaborative leadership structure and other stakeholders, the Lead CBO (NYCID) has developed a portfolio of partnerships, resources, services and programs in the areas of health and wellness, social & emotional learning, conflict resolution supports and training as well as restorative justice. Programs include Morning Program, Saturday Academy, Reading Success Mentoring, Test Prep, School Violence prevention, Flag Football & Free after-school/summer programs.

The health and wellness of the whole child has been paramount at PS44. We have developed and maintained partnerships with Lens Crafters for vision care and NYU Langone Dental for in-house dental care (for all students whose parents sign them up for the free program) These programs include follow-ups during summer months. In addition, Happy Feet assesses, treats and maintains optimal foot care for students throughout the school year and through the summer at their location. The Department of Health provides scheduled in-house monthly doctor visits specifically for asthmatics who have not been seen by a doctor; so that 504's can increase thereby decreasing chronic absenteeism.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

NYCID school-wide absence prevention strategies include anti-bullying programs through Respect for All (RFA), social-emotional learning practices, personalized student settings, individual learning plans, access to physical and mental health supports and attendance incentives. In addition, to minimize obstacles. NYCID will be working closely with families to determine the reasoning for students' absenteeism and work with the family to put systems in place to assist the students to get to school. IE: bussing, 504, early arrival needs (Morning Program). Our Collaboration with NYCID has created a culture in which all teachers and staff purposefully develop relationships with students and their families and create opportunities for meaningful involvement.

Specific students, whose attendance is considered chronic, will be assigned mentors that offer academic supports, Supportive Counseling Programs (one-on-one counseling weekly or as needed) with CBO's Social Worker in an effort to make their school experience successful daily check-ins with the students as well as mentoring, parent engagement and home visits. The overall goal is designed to improve student attendance, social and emotional needs and academic performance.

Our CBO also meets weekly with the school's Attendance Team to discuss trends, collaborate on strategies to improve attendance, design attendance incentives as well as partner and work closely with the Teddy Atlas Foundation's "Perfect Attendance Incentive Program."

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Through community schools we make efforts to know students and families, as well as involve families and the community. We adhere to students' rights under the McKinney-Vento Act and the Chancellor's Regulation A-780 ie: free public education, have the ability to remain in their current school or choose a zoned school, not be denied immediate school enrollment and ensure transportation services. In addition, families will be provided with school uniforms and school supplies through temporary housing funding respectively.

We are respectful and culturally responsive as we correspond and interact effectively with students and families of all cultures, languages, classes, races, ethnic background, disability, socio economic status and other diversity factors in a manner that recognizes, affirms and values them. As a community school, we ensure that multi language learners and their families have access to all notifications, in person, virtually and over the phone communications in their preferred language. The Language Access Coordinator (LAC) also ensures that staff utilize the language access line, utilize the XEROX translating scanner and "Pocket Talk."

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Nancy Storms
Assistant Principal (Where Applicable)*	Cynthia Leonard
English as a New Language (ENL) Teacher*	Juan Camilo Trespalacios
Teacher (if school has a bilingual program must be a bilingual teacher)*	Sonia Rodriguez
Parent/Guardian*	
Parent Coordinator	Jesenia Benitez
School Counselor	Andrew Clark
Teacher/Subject Area	Cahshiria Hoilette
Teacher/Subject Area	Jennifer Lioce
Teacher/Subject Area	Rachael Bulla
Paraprofessional	Danielle Nichols
Teacher/Subject Area	Laura Miller

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

457

Total number and percentage (%) of current ELLs:

46 or 10%

Total number and percentage (%) of former ELLs:

10 or 2.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

37 or 80.4%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

9 or 19.6%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 or 4.3%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

9 or 19.6%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2011	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The Freestanding ENL program is a blend of stand-alone and integrated instruction. Students who are at the Entering or Emerging levels receive 180 minutes (4 periods) a week of stand-alone ENL instruction and receive 180 minutes (4 periods) a week of integrated ENL / ELA instruction. Students who are at the Transitioning and Expanding levels receive 180 minutes of integrated ENL / ELA instruction. Students at the Commanding levels receive 90 minutes of integrated ENL / ELA instruction. In the Freestanding ENL Program, Mrs. Sonia Rodriguez works with Multilingual Language Learners (MLLs) in Kindergarten, first, and second grades. Mr. Camilo Trespalacios works with MLLs in third, fourth, and fifth grades. All groups from Kindergarten through grade five are heterogeneous, with mixed proficiency levels in each group.

Integrated ENL:

The Freestanding ENL program is a blend of stand-alone and integrated instruction. Students who are at the Entering or Emerging levels receive 180 minutes (4 periods) a week of stand alone ENL instruction and receive 180 minutes (4 periods) a week of integrated ENL / ELA instruction. Students who are at the Transitioning and Expanding levels receive 180 minutes of integrated ENL / ELA instruction (the push-in component). Students at the Commanding levels receive 90 minutes of integrated ENL / ELA instruction. In the Freestanding ENL Program, Mrs. Sonia Rodriguez works with MLLs in Kindergarten, first, and second grades. Mr. Camilo Trespalacios works with MLLs in third, fourth, and fifth grades. Dual Language teachers in grades K, 1, 2, 3, 4 & 5 provide the mandated integrated ENL minutes to their respective students. All groups from Kindergarten through grade five are heterogeneous, with mixed proficiency levels in each group.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

We do not have Transitional Bilingual Education (TBE) programs at P.S. 44.

Dual Language Bilingual Education (DLBE):

Dual Language (DL) program: The Dual Language program serves MLLs who share a grade. Students who are at the Entering and Emerging levels receive 180 minutes (4 periods) a week of ENL (English has a New Language)

instruction and 180 minutes (4 periods) a week of integrated ENL and ELA instruction. Students who are at the Transitioning and Expanding levels receive 180 minutes (4 periods a week) of integrated ENL and ELA instruction. Students at the Commanding level receive 90 minutes (2 periods a week) of integrated ENL and ELA instruction. This is accomplished via student grouping into literacy groups targeted to provide either ENL instruction or integrated ENL/ELA instruction.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

In the Freestanding ENL program, MLLs who are at the Entering or Emerging levels will receive 180 minutes (4 periods) a week of stand-alone ENL instruction and 180 minutes (4 periods) a week of integrated ENL instruction. MLLs who are at the Transitioning, Expanding, or Intermediate levels will receive 180 minutes (4 periods) a week of integrated ENL instruction. Former MLLs who are at the Commanding or Proficient levels will receive 90 minutes (2 periods) a week of integrated ENL instruction. Commanding students will receive extra support in Literacy (English Language Arts). The Freestanding ENL program teachers have utilized a template provided by the Staten Island Borough Office to schedule their caseloads according to CR Part 154 mandates.

In addition to the ENL minutes, which are delivered as described in the answer above, the students in the Dual Language program receive 5 periods of ELA instruction and 5 periods of Spanish Language Arts of instruction each week. In the Kindergarten Dual Language class, Ms. Becerra provides both ELA and SLA instruction. In the Grade One Dual Language class, Mrs. Villasana provides both ELA and SLA instruction. In the Grade Two Dual Language class, Ms. Prado provides both ELA and SLA instruction. In the Grade Three Dual Language class, Ms. Vazquez provides both ELA and SLA instruction. In the Grade Four Dual Language class, Mrs. Suarez provides ELA and SLA instruction. In the Grade Five Dual Language class, Ms. Tehseldar provides both ELA and SLA instruction. The Dual Language teachers in Grades Kindergarten through 5th grade provide Integrated ENL instruction. The Dual Language teachers follow the roller-coaster model to ensure that a balance of English and Spanish instruction is in place.

The roller coaster model in dual language education uses a fluctuating approach to language instruction, with each day divided into periods of instruction in one language followed by instruction in the other. One day might start with English, then switch to Spanish for the afternoon, with the next day beginning with Spanish. This model aims to provide equal exposure to both languages throughout the day.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the Freestanding ENL program, MLLs who are at the Entering or Emerging levels will receive 180 minutes (4 periods) a week of stand-alone ENL instruction and 180 minutes (4 periods) a week of integrated ENL instruction. MLLs who are at the Transitioning, Expanding, or Intermediate levels will receive 180 minutes (4 periods) a week of integrated ENL instruction. Former MLLs who are at the Commanding or Proficient levels will receive 90 minutes (2 periods) a week of integrated ENL instruction. Commanding students will receive extra support in Literacy (English Language Arts). The Freestanding ENL program teachers have utilized a template provided by the Staten Island Borough Office to schedule their caseloads according to CR Part 154 mandates.

The students in the Dual Language program receive 5 periods of ELA instruction and 5 periods of SLA of instruction each week. The Dual Language teachers in Grades Kindergarten through 5th grade provide Integrated ENL instruction. The Dual Language teachers follow the roller-coaster model to ensure that a balance of English and Spanish instruction is in place.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At P.S. 44, we implement a self-contained Dual Language model. In our roller-coaster model, we provide 50% in English and 50 % in Spanish. English proficient students and MLLs/ELLs receive integrated Dual Language instruction as we have a self-contained model. In the self-contained model of dual language education, a single teacher instructs a group of students within a single classroom, providing instruction in both languages. This model contrasts with other dual language approaches where students might be pulled out for specialized instruction or rotate between different teachers. MLLs receive their ENL minutes within the 50% of English instruction in our self-contained Dual Language model. ENL students spend at least 85% of their time with English proficient students.

The Dual Language teachers in Grades Kindergarten through 5th grade provide Integrated ENL instruction. The Dual Language teachers follow the roller-coaster model to ensure that a balance of English and Spanish instruction is in place.

b. In which language(s) is each core content area taught?

In the Dual Language program, core content instruction takes place in both Spanish and English. The split between Spanish and English is roughly 50% Spanish and 50% English. The Dual Language program features a full Spanish language curriculum in Literacy, Science, and Math.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Not Applicable

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 44R, 37 out of 46 Multilingual Learners/English Language Learners (80%) are Newcomers. 2 out of 46 Multilingual Learners/English Language Learners (4.3%) are students with Inconsistent/Interrupted Formal Education (SIFE). To meet the diverse needs of the Newcomers, Cognitive Academic Language Learning Approach (CALLA) will be used. This approach is uniquely suited to the diverse needs of ELLs at P.S. 44R. For MLLs receiving no more than three years of language development support services, CALLA is vital to developing social and strategic listening skills while developing academic language skills. MLs/ELLs in this category face a double challenge, because these students are expected to develop both the social language they need to function within their community and these students expected to develop academic language to take the required New York State ELA and Math tests. In order to strengthen their linguistic acquisition, lessons objectives will be accessible to students by including, both content and language objectives. In comparison, for MLs/ELLs receiving four to six years of language development support services (developing), CALLA can be updated to help the students develop more sophisticated content area vocabulary and more complex written skills. CALLA rests on the premise that there are three types of knowledge: declarative (knowledge of facts), procedural (knowledge of "how" to do things) and metacognitive (relating prior knowledge to current learning task). Teachers who are engaged in the use of CALLA, are able to support the acquisition of academic language via the following strategies: modeling academic language, have students identify new words that they encounter in the text, provide practice in participating in academic discussions, create opportunities for using academic language, have students read and write in every content area, and teach learning strategies. This year, we do not have any long-term MLLs. In previous years, the long-term MLLs who have received more than six years of language development support services have had tremendous difficulty in acquiring reading and writing skills. An initial evaluation of these students revealed that these students are ELLs-SWDs. Long-terms MLLs are candidates for Tier 2 intervention via our Multi-Tiered System of Support (MTSS), including Fundations, SPIRE and Heggerty.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

This year at PS 44R, we have a total of 2 students or 4.3% of ELLs who are classified as SIFE. These two students are not proficient readers in their native language. We differentiate instruction by ensuring these two SIFE students receive phonemic instruction and have decodable readers available to them. Furthermore, they are supported in developing their number sense through small group instruction, reference charts and graphic organizers to scaffold instruction. CALLA is suited to the needs of these students through the intensive use of graphic organizers. Both the Readers Workshop and the Writers Workshop provide opportunities for small group instruction. We are using formative and summative assessments to gather information in order to effectively plan instruction and ameliorate gaps in formal education as we progress through units of study.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At this time, we do not have long term ELLs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At P.S. 44R there are 10 (2.2%) former ELLs. Three of the Multilingual Learner/English Language Learners who are former ELLs are in an ICT classroom setting and receive a total of 2 periods per week (90 minutes) of integrated ENL instruction in ELA. The other seven former Multilingual Learner/English Language Learners are in a Dual Language class and receive a total of 2 periods per week (90 minutes) of integrated ENL instruction by the Dual Language teacher in ELA.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to our early warning (at-risk indicator) report there are a total of 3 students or 6.5% of our ELLs who are potential Long-Term ELLs (5 or 6 years of service). ELA: ELLs scored Level 1 or 2 last school year = 12 students or 26.1% Math: ELLs scored Level 1 or 2 last school year = 13 students or 28.3% ELLs. In Temporary Housing: 9 students or 19.6% There are a total of 4 ELLs or 8.7% in grades K-5 with a risk indicator of 3. In addition, there are a total of 2 ELLs or 4.3% in grades K-5 with a risk level of 4. According to Insight, a total 18 out of 44 or 41% of current MLLs are chronically absent. Three out of 10 Former MLLs or 30% are chronically absent. Attendance of ELLs strongly influence their achievement because by attending classes regularly, the student is more likely to keep up with the daily lessons and assignments, and take assessments on time. Attendance promotes achievement, opportunity, exposure to all modalities of the English language and the social emotional wellbeing by belonging to the school community.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

It is important to consider that there are a total of 10 (2.2%) former ELLs. 3 of the Multilingual Learner/English Language Learners who are former ELLs are in an ICT classroom setting and receive a total of 2 periods per week (90 minutes) of integrated ENL instruction in ELA. The other 7 former Multilingual Learner/English Language Learners are in a Dual Language class and receive a total of 2 periods per week (90 minutes) of integrated ENL instruction by the Dual Language teacher in ELA. We examined all at-risk levels that might adversely affect former ELLs at our school and noticed that 4 former ELLs scored a 1 (40%) At this time, these are the more prevalent indicators for former ELLs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At P.S. 44 all of our students' languages are recognized, valued and celebrated. We have a total of 41 ELLs with the home language of Spanish, 2 with the home language of Urdu, 2 with the home language of Arabic, and 1 with the home language of Haitian-Creole. The home language of ELLs with the largest representation in our school is Spanish with 41 students or 82% of ELLs. Our school is a diverse, multicultural and multilingual community where we highlight our diverse heritage by celebrating holidays, customs and special events where we come together as a community. One example of this is our international night where parents, guardians, students and the P.S. 44 community as a whole come together to display the best of their cuisine, music and art. In addition, and to ensure we have equitable communication, student communication is sent in the parent's preferred language. Our multilingual staff members speak Spanish, Arabic, French, Russian, Sinhalese and Italian amongst other languages. This allows parents to have immediate translations, should there be a need. Furthermore, we utilize our translation services to ensure all parents have an equity of voice when communicating to our school members or attending meetings. Lastly, We have purchased the following resources to support families whose preferred language is other than english: Rosetta Stone, pocket talk and Xerox language/ copier/ scanner for documents.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S. 44, the following is the racial and ethnic classifications for MLLs: - American Indian or Alaskan Native - 15 students or 32.6% - Multiracial - 3 or 6.5 % - Asian - 2 students or 4.3% - White - 20 students or 43.5%. black- 6 -13.0%. We serve a diverse student population of ELLs. Teachers always strive to provide "mirrors" to students' own cultures, "windows" to other cultures and "sliding doors" to experience and share our cultures and the cultures of our community. With this in mind, reading becomes a means of self-affirmation and a transformative experience as part of a larger human experience. Some ways that we have become purposeful in ensuring this is done is by including additional titles in classroom libraries as well as, implementing a CRSE book of the month throughout each grade level. ELLs are included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE) by ensuring that the four principles are always present in lessons, activities and assignments. The four principles are: (1) welcoming and affirming environment, (2) high expectations and rigorous instruction, (3) inclusive curriculum and assessment, and (4) ongoing professional learning. For example, teachers promote an environment where students support and accept classmates, hold peers accountable to following mutually- agreed upon norms and assume the responsibility of creating an educational environment in which others feel affirmed and valued. Also, and by using talking (oral and written sentence stems) tools, students express respectful agreement or disagreement with opinions, validating the knowledge of peers, or challenging their viewpoints in constructive ways. At the same time, they also acknowledge and try to incorporate the ideas of peers respectfully, recognizing that other students may have vastly different perspectives, experiences, strengths, needs, and opinions.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

After reviewing the English Language Proficiency (ELP) growth we noticed the following trends: (1) A total of 5 or 19.2% met ELP by exiting ELL status; (2) A total of 6 of 21.3% met ELP by meeting annual progress target; (3) A total of 2 or 7.7% met ELP by meeting the Safe Harbor Cumulative Growth; and (4) A total of 13 or 50% did not meet ELP sufficient progress. In addition, we noticed that 3 out of 5 first grade students demonstrated a strength in reading. In second grade, the strength modality is speaking. 3 out of 7 second grade students demonstrated strength in speaking. In third grade, the strength is speaking. 2 out of 5 third grade students demonstrated strength in speaking. In fourth grade, the strength modality is also speaking, with 4 out of 10 students demonstrating this strength. Lastly, in fifth grade the strength modality is speaking, with 2 out of 8 students demonstrating this strength.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

A review of the RLAT reveals that in the Spring 2024 administration of the NYSESLAT: 36 of the 46 eligible ELLs took the NYSESLAT. 5 or 13.9% were a Former ELLs. 2 or 5.6 % at the Entering Level. 7 or 19.4 % scored at the Emerging Level. 7 or 19.4% scored at the Transitioning Level. 15 or 41.7% scored at the Expanding Level. Our students continued their trend of scoring higher in the oral language modalities of speaking and listening compared to modalities of reading and writing. Our students had similar trends in reading and writing scores.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

In the Spring 2024 administration of the ELA: 13 students scored a Level One (3 were emerging and 2 were transitioning, 7 were expanding and 1 commanding), 3 students scored a Level Two (all 3 students were commanding). In the Spring 2023 administration of the Math: 13 students scored a Level One (1 student was entering, 2 emerging, 2 commanding, 3 transitioning and 5 expanding), 4 students scored a Level Two (1 transitioning, 2 commanding, 1 expanding) and 4 students scored a Level Three (1 expanding, 3 commanding).

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

This year at PS 44R, we have a total of 2 student or 4.3% of MLLs who are classified as SIFE. We have 9 students or 19.6% of MLLs with IEPs based on the 2025 EDAT. Over the last few years, students who are identified as MLLs with IEPs has decreased due to the work of the Language Proficiency Team. This interdisciplinary team looks through multiple lenses to assess the viability of taking the NYSITEL for students with home languages other than English. Although writing was an area of improvement, we continue to provide support and structured writing opportunities to continue to solidify that skill. We also noticed that slow progress toward proficiency in reading is a trend for many of our MLLs with IEPs. As previously stated, for MLLs who have also been identified as SWDs, the English language skills (reading and writing) remain a huge challenge. The biggest struggle, in terms of reading, is stamina. The ENL teachers will be focusing on ways to develop greater concentration and stamina when reading academic content. The greatest challenge in terms of writing is the ability to synthesize and summarize information in writing. This

population of students has a wealth of ideas that get lost in the transition between their thoughts and their written responses. The ENL teachers will be focusing on strategies that will enable the students to more effectively synthesize and summarize information in writing. CALLA is suited to the needs of these students through the intensive use of graphic organizers. Both the Readers Workshop and the Writers Workshop provide opportunities for small group instruction. In the Writers Workshop, there is a rubric for teachers to assess student progress and a checklist for students to use to self-assess their progress for each writing unit. Through the use of self-assessment tools, students who are MLLs-SWDs have opportunities to think about their own learning. Small group instruction also provides an avenue of support for MLLs-SWDs. We currently have 2 students who are SIFE. However, all two students are Newcomers. We are using formative and summative assessments to gather information in order to effectively plan instruction and ameliorate gaps in formal education.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

Not applicable

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

Not applicable

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

Not applicable

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Not applicable

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At P.S. 44R, we prioritize creating a supportive and inclusive environment for MLLs to thrive academically through a high-quality academic experience. Here's how we ensure they receive a high-quality academic experience leading to deeper learning:
1. Tailored Instruction: We understand that MLLs have diverse needs and backgrounds, so we provide tailored instruction that meets individual learning styles and language proficiency levels. Our teachers undergo specialized training to effectively differentiate instruction and scaffold learning for MLLs.
2. Language Support Services: We offer comprehensive language support services, including ENL classes, Dual Language education programs, and language enrichment activities. These services help MLLs improve their English language proficiency while simultaneously mastering academic content.
3. Culturally Responsive Teaching: We embrace culturally responsive teaching practices that validate and celebrate the cultural and linguistic diversity of our MLLs. By incorporating students' cultural backgrounds into the curriculum, we create a more engaging and relevant learning experience that fosters a sense of belonging.
4. Collaborative Learning Communities: We promote collaboration among teachers, administrators, and support staff to develop strategies and interventions that effectively support MLLs' academic success. Regular meetings, professional development workshops, and collaborative planning sessions ensure that all stakeholders are actively involved in meeting the needs of MLLs.
5. Integration of Technology: We leverage technology to enhance language learning and academic achievement for MLLs. Educational software, online resources, and multimedia tools provide interactive and engaging learning opportunities that cater to diverse learning styles and preferences. Some of this software include: Rosetta Stone, Kids A-Z, Sora, My-on, Happy Numbers, Happy Letters and AMIRA.
6. Project-Based Learning (PBL): We implement project-based learning initiatives that promote deeper understanding and critical thinking skills among MLLs. By engaging in real-world projects and collaborative activities, students apply language skills in meaningful contexts while mastering academic content.
7. Parent and Community Engagement: We actively involve parents and the local community in supporting MLLs' academic success. Through parent workshops, family literacy nights, and community partnerships, we foster a strong support network that extends beyond the classroom.
By prioritizing these strategies, our school ensures that English Language Learners receive a high-quality academic experience that not only builds language proficiency but also fosters deeper learning and prepares them for success in a diverse and interconnected world.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional LeadershipTeam (ILT) considers MLLs in the school's instructional design by supporting diverse learners and providing strong core instruction. It is important to make sure every student in every classroom is engaging with rich and inclusive curriculum materials and with appropriate assessments so that we understand and meet their individual needs. Every week, each grade meets in horizontal teams to discuss data and assess whether or not the materials and strategies are supporting our MLLs. This allows us to modify, plan and strengthen core instruction. In addition, these practices allow us to address disparities in student learning outcomes. When considering MLLs in the school's instructional design we ensure that supports are in place across all curriculum areas and within the academic programs that we use such as: EnVisions 2.0 and IntoReading. Some of the work that has been promoted and executed in this field is the utilization of "Academic Talking Tools" school wide, which support and promote oral language development. In addition, a greater focus has been placed in tier 2 and 3 vocabulary, which directly correlates with units being studied in each grade. This in turn allows students to better respond and interact in classroom discussions and assignments. This has been accomplished by the implementation of the current curriculum and the co-planning of classroom and ENL teachers. This year we have implemented partner reading and paragraph shrinking as key strategies for ELLs to access core instruction.

Partner reading, which pairs ELLs with more proficient speakers, aids comprehension and vocabulary acquisition from academic texts. Paragraph shrinking helps ELLs summarize and extract essential information from complex materials. A school's leadership team supports these by providing professional development, ensuring resources, and monitoring implementation through classroom observations to create an inclusive learning environment for all students.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The Freestanding MLL program is a combination of stand-alone and integrated instruction. The ENL and the Dual Language Teachers both follow a similar structure for their lessons in intoReading and Arriba La Lectura. The general pattern is as follows: There is a whole group lesson in which the focus skill or strategy is introduced. After the whole group lesson, the students are split into small groups for targeted instruction on language and content skills. At the end of the lesson, the entire class re-groups for a whole-class share. The majority of instruction time is spent working with students in small groups. The language of instruction is English. Additional language support is provided to MLLs through the use of individualized word walls, the use of visual aids, and explicit grammar instruction when necessary. In order to meet the demands of the Next Generation Learning Standards, the ENL teachers will provide scaffolded support for both content area and language needs. The freestanding ENL program features instruction that is designed to meet the individual needs of the students. Differentiated instruction is critical during, both, integrated and standalone instruction. In the classroom, students are grouped homogeneously based on their adeptness with the lesson. This may mean that MLLs with various language proficiency levels are in the same group. In standalone instruction, students are grouped both homogeneously and heterogeneously by language proficiency. Scaffolding methods such as "Sensational Sentences", the increased use of visuals, personalized word walls, and "Think-Pair-Share'' will be utilized to support the development of academic language. Bilingual dictionaries are available to the students in their home languages and are indispensable resources for content area instruction. There are also home language books available in the school library. The ENL teachers provide content area support by providing the MLLs with strategies they can use to understand concepts in science, social studies, and math. As with teachers in the standalone ENL program, teachers in the Dual Language program offer content area support by providing the students with strategies that they can use to understand concepts in science, social

studies, and math. We implement a self-contained Dual Language model. In our roller-coaster model, we provide 50% in English and 50 % in Spanish. English proficient students and MLLs receive integrated Dual Language instruction as we have a self-contained model. MLLs receive their ENL minutes within the 50% of English instruction in our self-contained Dual Language model.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers or MLLs use SIOP (Sheltered Instruction Observation Protocol) when delivering content area instruction. This may include visual, auditory and kinesthetic support to increase engagement and understanding. For standalone, ENL teachers may use the ENL Stand Alone Units available in the NYC DOE TeachHub, which include language development with content specific units. For integrated instruction, IntoReading and Envision 2.0 are used for core instruction, and are supplemented with linguistic resources, such as graphic organizers, to make content more accessible to MLLs with IEPs. Computer based leveled reading programs, such as RazKids and MyOn, allow students access to diverse texts, build confidence and increase stamina. For MLLs in the lower grades, the instructional focus is on building a strong foundation in terms of literacy skills. In the upper grades, the instructional focus is on providing MLLs with the content area skills required for academic success. Across Grades Kindergarten through Five, the Literacy Curriculum is Into Reading for reading and writing and the Math Curriculum is Envision 2.0 Math.

b. SIFE

Our school has a plan to meet the needs of our 2 or 4.3% SIFE students. We follow this process: (1)grade-level and age appropriate placement, (2) identification as an ELL, (3) parent choice of program, and (4) instructional strategies geared towards newcomers. A SIFE student needs a lot of support in order to have access to an education. The guidance counselor and the ENL teacher will work with the classroom teacher to create an individualized plan to help the student. The ENL Teachers will utilize the SIFE Oral Questionnaire and MLS screener with any student who has been identified as a potential SIFE student. Both the Freestanding ENL and the Dual Language programs provide age appropriate services for MLLs. For MLLs in the lower grades, the instructional focus is on building a strong foundation in terms of literacy skills. In the upper grades, the instructional focus is on providing MLLs with the content area skills required for academic success. Across Grades Kindergarten through Five, the Literacy Curriculum is Into Reading and the Math Curriculum is Envision 2.0 Math.

c. Newcomers

To meet the diverse needs of the Newcomer MLLs, CALLA (Cognitive Academic Language Learning Approach) will be used. This approach is uniquely suited to the diverse needs of ELLs at PS 44R. For MLLs receiving no more than three years of language development support services, CALLA is vital to developing social and strategic listening skills while developing academic language skills. MLLs in this category face a double challenge because these students are expected to develop both the social language they need to function within their community and these students are expected to develop academic language to take the required New York State ELA and Math tests. Both the Freestanding ENL and the Dual Language programs provide age appropriate services for MLLs. For MLLs in the lower grades, the instructional focus is on building a strong foundation in terms of literacy skills. In the upper grades, the instructional focus is on providing MLLs with the content area skills required for academic success. Across

Grades Kindergarten through Five, the Literacy Curriculum is Into Reading for reading and writing and the Math Curriculum is Envision 2.0 Math.

d. Long Term ELLs

This year, we do not have any long-term MLLs. In previous years, the long-term MLLs who have received more than six years of language development support services have had tremendous difficulty in acquiring reading and writing skills. An initial evaluation of these students revealed that these students are MLLs-SWDs. Long-terms MLLS are candidates for Tier 2 intervention via an MTSS program.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

PS 44R has an array of strategies in place to allow for the diverse needs of MLLs-SWDs to be met within their least restrictive environment. MLLs -SWDs receive a range of services in accordance with their IEPs . MLLs- SWDs are also provided with accommodations and modifications that are appropriate to their specialized program. MLLs -SWDs can be placed into self-contained special education classes , into Integrated Co-Teaching (ICT) classes, receive SETSS services or receive related services only. In all situations, the student is placed into the least restrictive environment possible. Students are offered services that address their academic needs. Students are given the program on the continuum (SETSS, ICT class, and finally placement in a self-contained class) that is the least restrictive and best meets their needs. Where appropriate, mainstreaming into math and literacy lessons is utilized. In the Freestanding ENL program, general education and special education students are serviced together. Flexible scheduling is utilized to maximize the times that ENL providers and SETSS providers push into the students' classroom.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language support varies according to the type of program model. In the Freestanding ENL program, home language support is present through access to books in the home language. There is always home language support available to the students. We ensure MLLs are appropriately evaluated in their home languages throughout the year by providing on-demand speaking, reading and writing activities that allow teachers to better assess their native language proficiency.

In addition, we provide needs assessments through surveys, which are sent to families to better assess home language proficiency.

In the Dual Language program, instruction takes place in both Spanish and English. The split between Spanish and English is roughly 50% Spanish and 50% English. The Dual Language program features a full Spanish language curriculum in literacy and math.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

Not Applicable

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS44R, we have established robust systems and structures to support co-teaching and collaboration among teachers across all MLL program models available at our school. Here's how we facilitate collaboration for each program model:
1. Integrated Co-Teaching (ICT):
- Pairing: In ICT classrooms, we carefully pair a general education teacher with a special education teacher to ensure that the needs of all students, including MLLs, are met effectively.
- Planning Time: Teachers in ICT classrooms are provided with dedicated planning time to collaborate on lesson planning, instructional strategies, and differentiation techniques tailored to the diverse needs of students, including MLLs.
- Ongoing Professional Development: We offer ongoing professional development opportunities focused on co-teaching best practices, language acquisition strategies, and differentiated instruction to support MLLs in ICT classrooms.
2. Dual Language Bilingual Education (DLBE) Teacher Partnerships:
- Bilingual Team Collaboration: In DLBE programs, bilingual teachers collaborate closely to ensure that language development and academic content are integrated seamlessly in both languages.
- Cross-Curricular Planning: DLBE teachers engage in cross-curricular planning sessions to align language objectives with content standards and create cohesive instructional units that promote language development for ELLs.
3. Collaborative Professional Learning Communities (PLCs):
- Grade-Level Teams: Teachers within the same grade level collaborate in Professional Learning Communities to share best practices, analyze student data, and discuss instructional strategies for supporting MLLs across different program models.
- Data-Driven Decision Making: PLCs engage in data-driven decision-making processes to identify MLLs' strengths and areas for growth, develop targeted interventions, and monitor students' progress towards language proficiency and academic achievement goals.
- Informal Peer Observations and Feedback: Teachers participate in peer observations and provide constructive feedback to one another to enhance instructional practices and promote continuous improvement in supporting MLLs.

By fostering a culture of collaboration and providing structured support for co-teaching across various MLL program models, PS44R ensures that all teachers are equipped with the knowledge, skills, and resources necessary to meet the diverse needs of MLLs and facilitate their academic success.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

There are three approaches to the teaching and learning of English as a New Language that the Department of English Language Learner Support Services (DELLSS) supports.

The first approach is a constructivist approach in which teachers and students are partners in the creation of knowledge.

The second approach is a collaborative team based approach in which teachers of MLLs become partners with teachers of special education and teachers of general education students. In this approach, teachers are taught to view themselves as part of a larger instructional team.

The third approach is a reflective teaching approach in which teachers are taught to think critically about their teaching practices in order to affect change. Reflective teaching encourages teachers to keep effective teaching strategies and to discard ineffective teaching strategies.

All ELL personnel in the school will be exposed to constructivist, collaborative, and reflective teaching practices as part of the professional development plan. All teachers of MLLs are regularly informed of PD opportunities offered through the DELLSS.
Professional development for teachers who work with MLLs will be offered at PS 44R. PS 44R will offer professional development that embodies a constructivist approach, collaborative teaching, and reflective practice. The professional development to be offered at PS44R will target cluster teachers and classroom teachers that have a significant number of MLLs. Professional development will be provided throughout the school year.The ENL and Dual Language departments are exposed to outside professional development through events such as "La Cosecha" and the Regional Bilingual Education Resource Network (R-BERN); in turn have staff turn key to the rest of the colleagues. Ideally, bi-monthly department meetings will include opportunities for professional learning. Staff will share best practices, plan learning sessions and turn-key content from previous learning sessions. Staff will also engage in collaborative book studies on agreed topics.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our ENL and Dual Language teachers along with other staff receive regular invitations from the NYS/NYC Regional Bilingual Education Resource Network from Fordham University, which provides us with a variety of professional learning opportunities to meet the mandated Continuing Teacher and LeaderEducation (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development). We also attend Professional Developments offered by the Office of Multilingual Language Learners, which strengthens our knowledge in language acquisition and development directly addressing the needs of English language learners. Many in-person offerings come from the Multilingual Monthly (an aggregated collection of professional learnings) put out by the Division of Multilingual Learners. All staff is also provided with opportunities to attend in person/ virtual Professional Development that is geared towards the academic and linguistic needs of our MLL students.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At PS 44R we use the following:

1. Acadience Learning Online is a K-5 periodic assessment done three times a year (beginning of year [BOY], middle of year [MOY] and end of year [EOY]). This screener assesses reading readiness and performance on linguistic sub-skills.

2. NWEA MAP Growth is used to assess Reading proficiency for grades 3-5 and is also done three times a year (BOY, MOY and EOY).

3. NWEA MAP Growth is used to assess instructional areas in Mathematics for students in grades K-5.

We use the MTSS framework to guide our instruction for all students, including MLLs. In Tier 1, all students receive high quality core instruction in the classrooms. Lessons and independent work are differentiated to meet the needs of students.

Teachers will also provide students with resources and support to promote independent work. Supports may include individualized reference charts, mentor texts, paper choice, and/or reminder bookmarks. Teachers regularly confer and meet with student groups in reading and writing to support students in learning and mastering targeted skills. In Tier 1, math communication skills can also be a focus. We evaluate students' progress in Tier 1 core instruction through routine assessment as well as through periodic assessments. Grades meet regularly to analyze the data gathered through use of the periodic assessments.

Grades determine students who are in need of Tier II and Tier III intervention by reviewing the hard data and by discussing students holistically. For each cycle of intervention, the following are determined: 1. subskill 2. research based intervention 3. duration of cycle 4. frequency of progress monitoring 5. interventionist. Once the cycle is completed, grades meet again to discuss results and to determine which students are remaining and which students have made significant progress. Other students may also be cycled into the group. The targeted subskill may remain the same or may change, depending on the results of progress monitoring and data review.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We have implemented daily double period blocks of Math and daily double periods of ELA. Within these blocks, the full workshop model is able to be executed; including small group instruction. We also have supports outside the

school day. As part of our Title III plan, all MLLs are offered the opportunity to attend an after-school ENL Academy. This academy focuses on all four modalities of literacy: reading, writing, speaking and listening. The academy also offers support and preparation for the NYSESLAT exam. All students, including MLLs, are identified through the process described in number 9 for targeted intervention (Tier II or Tier III). Interventions include Great Leaps, SPIRE, Heggerty, Sound Sensible and Fundations. Math fluency is addressed using Great Leaps.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS44R currently implements a plan for Response to Intervention (RTI) or MTSS during the week for 50 minute periods. Students are identified for academic intervention based on lack of growth in literacy, as evidenced by independent reading levels and BOY Acadience screener. Students who have been held over, or who are reading two (or more) years below grade level are eligible to receive RTI services . Each round of instructional intervention lasts approximately four to six weeks . For the first four weeks , students (including MLLs as necessary) are identified who are in need of Tier 2 intervention. Students receive Tier 2 intervention for six weeks . At the end of six weeks , the students are assessed to gauge whether or not the instructional strategies were effective. Any additional Tier 2 students who do not show progress will receive three weeks of intensive instructional strategies. At the end of these three weeks, the progress of the targeted students will be measured. Students who have made progress will continue to receive core instruction (Tier 1). This RTI plan allows for Tier 2 and other at risk services to be introduced in a systematic way that is informed by ongoing progress monitoring.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

PS 44R focuses on reading instruction that is grounded in the Five Pillars of Literacy: Phonemic Awareness , Phonics , Vocabulary, Fluency, and Comprehension, plus writing. Both MLLs and English proficient students, in all grades, are evaluated for progress in phonemic awareness , phonics , and vocabulary (sight word) acquisition via the Fundations tracking tool and/or Acadience screener. The Fundations tracking tool is the assessment component to the Fundations curriculum. The data collected from the Fundations tracking tool, the Acadience screener and the MAP Growth is used to plan instruction. The data collected about the students' progress via the Fundations tracking tool, Acadience screener and MAP Growth is used to form small instructional groups . This data about literacy is also used to identify students who are in need of Tier II Intervention. One form of Tier II Intervention is the Response to Intervention (RTI)/ MTSS program, in which a teacher takes a small group of students who need extra support and works with them. Students who participate in the RTI/MTSS program have their progress checked after four to six weeks. The Fundations tracking tool, and Acadience screener results are entered and maintained in a digital platform.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

PS 44R uses HMH Into Reading and Arriba Lectura module assessments. We ensure MLLs are appropriately evaluated in their home languages throughout the year by providing on demand speaking, reading and writing

activities that allow teachers to better assess their native language proficiency. In addition, we provide needs assessments through surveys, which are sent to families to better assess home language proficiency. MLLs are informally evaluated in their home language through student work products in reading and writing (for upper grade students). For younger MLLs, evaluation is through teacher conferences and informal interviews as students are working independently. At registration, students are interviewed in English and their home language to determine their language proficiency. Students are provided with an array of materials in which they can access their home language: books written in their native language, translated books in which they can participate in book talk, nonfiction books in their native language for content reading and research projects. Furthermore, most students have access to digital devices via which internet web resources can provide materials for their learning.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

A review of the RLAT reveals that on the Spring 2024 administration of the NYSESLAT:

13 Entering
10 Emerging
8 Transitioning
15 Expanding
10 Commanding
10 Former ELLs

Our students continued their trend of scoring higher in the oral language modalities of speaking and listening than in the written language modalities of reading and writing. Our students scored the highest in speaking and the lowest in writing and reading.

In the Spring 2024 administration of the ELA:

Level 1 = 2 Emerging - 2 Transitioning - 7 Expanding

Level 2 = 1 Commanding

Level 3 = 1 Commanding

In the Spring 2024 administration of the Math:

Level 1 = 1 Entering - 2 Emerging - 3 - Transitioning 5- Expanding

Level 2 = 1 Transitioning 1 Expanding

Level 3 = 1 Expanding - 2 Commanding

We will continue focusing on skills based small group instruction and embedding explicit vocabulary instruction.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Both of our ENL teachers along with the MLL Intake Team will ensure that HLIS forms are completed correctly, parent interviews conducted, parent orientations held and NYSITELL administered, where applicable. We also consult the Language Proficiency Team when necessary to determine whether a student with an IEP whose home language is other than English should take the NYSITELL . During the NYSESLAT testing window, both ENL teachers administer the four components to all MLLs. During the testing window, MLLs/ FormerELLs continue to receive mandated services during the testing period by creating a detailed schedule which allows flexibility for testing and the continuation of mandated services. For example, assessments occur in the morning and services in the afternoon. Once the testing window is completed, a NYSESLAT scoring team is formed. This team consists of both ENL teachers, an early childhood teacher and an upper grade teacher.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At PS 44R, ensuring that current and former MLLs receive necessary accommodations for state assessments is a priority. Here's how we ensure this:
1. Identification and Documentation: We maintain accurate records of students' English proficiency levels and eligibility for accommodations based on their language proficiency assessments and IEPs. This ensures that all current and former MLLs who require accommodations receive them.

2. Individualized Accommodation Plans: For current MLLs, we develop individualized accommodation plans that align with their language proficiency levels and specific needs. These plans may include accommodations such as extended time, bilingual dictionaries, native language support (alternate language), depending on the students' linguistic backgrounds and proficiency levels.

3. Professional Development for Staff: We provide ongoing professional development for teachers and staff on the types of accommodations available for MLLs and how to implement them effectively during state assessments. This training ensures that educators are aware of the accommodations students may require and how to provide them in a fair and equitable manner.

4. Preparation and Practice: We offer practice opportunities for students to become familiar with the format and expectations of state assessments, including any accommodations they may receive.

5. Monitoring and Support: During state assessments, we closely monitor students who receive accommodations to ensure that they are implemented correctly and that students have access to the support they need.

6. Post-Assessment Support: After state assessments, we review the results for current and former MLLs to identify any trends or patterns that may indicate additional support needs. We provide targeted interventions or support services as necessary to address any academic gaps or challenges identified through the assessment process.

By implementing these strategies, PS 44R ensures that both current and former MLLs receive the necessary accommodations and support to participate fully and demonstrate their knowledge and skills during state assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Upon registration the ENL Team will follow the ELL's Identification process. Parents/Guardians will be invited to an orientation where a video is shown in their native language. This video explains the three (3) different program models: Dual Language Bi-Lingual Education, Transitional Bi-Lingual Education & English as a New language. After watching the video, they will be invited to ask questions.

During this time, teachers also provide parents with Next Generation Learning Standards, Assessments, School and Class Expectations for English Language Learners. In addition, parents/guardians receive academic resources such as websites, grade by grade testing expectations and ways to improve each language proficiency level. If our school does not have a transitional bi-lingual program, parents will be referred to the nearest school that offers the program.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school is committed to fostering strong home-school partnerships and ensuring parents of ELLs are fully informed about their child's educational journey. This meeting is distinct from and supplementary to both the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences, allowing for a focused discussion on language development.

Here’s how we will conduct these meetings:

1. Purpose and Focus: The primary goal of this individual meeting is to engage parents in a comprehensive discussion about their child's language development.
Specifically, we will discuss:
- The goals of the specific ELL program their child is enrolled in (DLBE/ ENL) and how these align with the student's needs.
- The student's language development progress across the four domains (listening, speaking, reading, writing), highlighting strengths and areas for growth.
- Detailed explanations of their child's language proficiency assessment results (e.g., NYSESLAT, NYSITELL scores), clarifying what these scores mean in terms of their child's current English proficiency level.
- Identified language development needs in all content areas (e.g., how the student is progressing with academic vocabulary in science, understanding complex texts in social studies, expressing mathematical reasoning, etc.).
- Gathering parental input regarding their child's progress, their goals for their child's language development, and any concerns they may have.

2. Meeting Content and Resources:
- During the meeting, school staff will present a clear, individualized overview of the student's progress, utilizing visual aids, data charts, and simplified language
- Relevant documents, such as individualized language proficiency reports and a brief overview of the program's goals, will be prepared and translated into the parent's preferred language for them to take home.

3. Action Planning and Follow-up:
- The meeting will conclude with a collaborative discussion to identify next steps, including any support strategies that can be implemented both at school and at home.

By providing these dedicated, individualized meetings with full language access, our school aims to strengthen parental understanding and partnership in supporting each ELL student's comprehensive language development and academic success across all content areas.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Parents/Guardians will receive communication/notifications in their preferred language.

Parents/Guardians will be able to correspond via REMIND and email in their preferred language utilizing the translate portion of the program. During the parent orientation, our families will be taught how to use Google Translate. In addition, we will utilize the NYCDOE Over-the Phone Interpretation Unit to offer live real time supports. Our school website offers translation powered by Google Translate in all languages.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Family empowerment is promoted throughout the school-year via family workshops that are conducted by ENL and classroom teachers. Families will be invited to an activity that they and their children can participate in together (example:
supporting your children with accessing online programs) periodically throughout the school year as part of the Title III Program. We also offer adult education classes and community resources such as: Work Force One, Metro Plus Healthcare, and nutrition programs. Families will be notified of these activities via announcements sent home with their children, posted on Google classrooms, Remind, phone calls from the Parent Coordinator as well as posted on our school website under the "Announcements" tab. Communication with the families will take place in English and Spanish, as well as any other native language spoken by the guardians (currently: Haitian Creole & Arabic). The family empowerment activities, such as the Spanish Heritage celebration of culture, will be organized by collaboration of school staff.

Family workshops are embedded in the ENL after school academy. In addition to these family workshops, there will be a culminating event to which families will be invited. Interpretation and Translation services will be made available to all families who require support in their native language(s). Families of MLLs are included in all events held at the school. In the Dual Language program, family workshops are offered throughout the school year. During the 2025-2026 school year, the Dual Language Parents will continue to meet to discuss concerns, celebrate successes, and consider future directions for the Dual Language program. Families of MLLs in the Freestanding ENL program and in the Dual Language program are invited to attend a series of family workshops throughout the year led by members of the DL/ENL Department.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Families of MLLs are made aware of family leadership opportunities and becoming active in the school community in the following ways: The PTA will send out the Willingness to Serve form outlining leadership positions within the PTA Executive Board as well as opportunities to volunteer for special events. Parents/Guardians are invited to also run for SLT positions of leadership where they can take advantage of learning about the school's CEP. In addition to

that, the Principal will host the annual Title 1 Parent meeting where parents are able to create committees and elect a chair person which will also sit on the SLT. The Parent Coordinator will share notifications sent by the District Office and CEC Council about open positions, meeting times and events.

A schedule of dates will be posted for these specialized committees in the glass case located at the entry way of the building and the schools monthly calendar. Lastly, the parent Coordinator will send out notifications via REMIND and back packed notifications dates as well it will be posted on the schools website.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

In order to support the cultural and linguistic needs of our school community, we partner with Calvary Chapel and District 79 (School 6) who supports the diverse needs of the community by offering Adult ESL/GED classes, social emotional supports, the arts and aid as a food pantry. United Activities Unlimited (UAU), New York Center for Interpersonal Development (NYCID) support families with free afterschool and summer programs which consist of cultural trips, academic support and social emotional support. The Beacon Medical Center, Urban Hope and Staten Island Mental Health will continue to offer health fairs, one-to-one tutoring, support families in crisis and ensure the needs and support of the whole child are met. Families are also encouraged to take full advantage of our in-house dentist which is hosted by NYU Langone Dental School Health Program, The Helen Keller eyeglass program as well as Lens Crafters partnership provides glasses once per year for students in need.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

None

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Our ELL identification team is composed of a diverse group of experienced pedagogues who bring expertise from various instructional backgrounds. The team includes:

Ms. Cahshiria Hoilette, Special Education Teacher
Ms. Libertad Villasana, Dual Language Teacher
Ms. Sonia Rodriguez, English as a New Language (ENL) Teacher
Mr. Trespalacios, English as a New Language (ENL) Teacher

Together, they collaborate to ensure accurate identification, appropriate placement, and meaningful support for our English Language Learners.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school takes a proactive and strategic approach to the ELL identification process to ensure that it does not disrupt the mandated instruction for current, former, or potential English Language Learners. We have a dedicated team of pedagogues who coordinate the screening, assessment, and placement processes efficiently, so that instructional time remains uninterrupted. Identification procedures are integrated into our enrollment protocols and scheduled at times that minimize impact on instructional blocks. Simultaneously, current and former ELLs continue to receive their mandated ENL and bilingual services without delay or reduction in frequency or intensity. Coordination with classroom teachers, the parent coordinator, and administration ensures a smooth process aligned with NYSED timelines and regulations.

The ELL Identification Process is completed within 10 school days of enrollment (or 20 school days for students

entering with IEPs). Upon enrollment, the student's ELL status is determined as follows:

If the student has been enrolled in a New York State public school within the last two years, we contact the previous school to obtain the student's ELL designation, prior assessment results, and proficiency levels. If the student has been outside of NYS public schools for more than two years, we initiate a full ELL Identification Process as part of reentry.

A trained and licensed pedagogue determines the student's home language through the Home Language Identification Survey (HLIS), completed in the parent's preferred language. Translation services are provided by bilingual staff, the DOE's telephonic interpretation services, or another high-quality translation provider. A bilingual interview with the parent and student is conducted to review prior academic history, assess literacy and math skills in the home language, and guide placement decisions.

The school's ENL teachers, Ms. Sonia Rodriguez and Mr. Juan Camilo Trespalacios, serve as the primary leads for the ELL identification process. They conduct student interviews, verify HLIS data, administer the NYSITELL (New York State Identification Test for English Language Learners) when appropriate. They are also responsible for notifying families of student placement decisions and ELL status in the family's preferred language.

In the event that Ms. Rodriguez or Mr. Trespalacios is unavailable, Ms. Cahshiria Hoilette, Special Education Teacher, and Ms. Libertad Villasana, Dual Language Teacher, are fully trained and prepared to assist in conducting interviews and ensuring that every step of the process is completed accurately and in alignment with state policy.

For students entering with an IEP, the Language Proficiency Team (LPT) are also comprised of members from the School Assessment Team, which reviews eligibility and submits recommendations to the principal, who obtains final approval from the superintendent.

If a student is identified as an ELL and the home language is Spanish, the Spanish LAB is administered by Mrs. Rodriguez or Mr. Trespalacios as required. Additionally, Students with Interrupted or Inconsistent Formal Education (SIFE) are assessed in accordance with NYSED guidance and tools, ensuring they receive the additional supports they need.

Once identified, families are invited to a Parent Orientation Meeting, where they are introduced by Mrs. Rodriguez and Mr. Trespalacios to the three ELL program models available in NYC. Presentations and materials are provided in the family's preferred language, with interpretation services available to ensure accessibility and clarity. Parents are encouraged to ask questions and make informed decisions about their child's placement.

If the family's selected ELL program is not available at our school, we follow DOE transfer policies to facilitate appropriate placement. Parents are informed of their right to appeal their child's ELL status within 45 days, triggering the ELL Reidentification Process. If this process is initiated, the principal conducts a review within 6 to 12 months for any student whose ELL designation was changed.

All parent communications and identification documentation are securely maintained in the student's cumulative file, ensuring transparency and accountability.

Our school is committed to fulfilling the instructional mandates for both ELLs and former ELLs. We regularly monitor student rosters and generate ATS reports to ensure compliance with the required instructional minutes. The ENL team works in close collaboration with classroom teachers to deliver instruction through co-teaching and stand-alone models, depending on students' individual needs and language proficiency. Former ELLs are monitored for a period of two years and continue to receive targeted academic support as needed. Our priority is to provide consistent, high-quality language instruction that fosters academic growth, equity, and student success.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Nancy Storms

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Juan Camilo	Trespalacios	Teacher - Regular Grades - ESL	10/04/2023	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	6	1.02%	5	0.85%	7	7
HAITIAN CREOLE	2	0.34%	2	0.34%	0	0
ENGLISH	474	80.75%	474	80.759%	42	42
SPANISH	102	17.38%	102	17.38%	30	30
URDU	3	0.51%	4	0.68%	0	

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendar	Our school policy is to create calendars in English and translated into Spanish. All calendars are sent home 2 sided. In addition to that, we have purchased the XEROX versallink C405 which translates documents into more than 20 different languages to support all families. Our goal is to always send home documents in the parents/guardians preferred language.
Remind App	REMIND is our schoolwide communications tool purchased to support the various languages of our stakeholders. Parents/Guardians can use the REMIND system to translate daily communications into any language thereby creating an ease of communication that provides equitable access to school wide happenings. Parents/Guardians not only receive schoolwide messages, but they can message teachers and the Parent Coordinator directly.
PTC Announcements	Our school policy is to send all documents home in English and in Spanish, due to the large number of Spanish speaking families in our community. Primarily, we use school staff for translation, however, we will work to ensure that we call upon the services of the Translation and Interpretation Unit for communication with parents in Urdu, Arabic, Russian and Haitian Creole when needed. We will make every attempt to provide translated documents in Urdu, Arabic, Russian and Haitian Creole. Our goal is to always send home a document that is in the parents preferred language. We utilize the Xerox translator to provide various languages to assist us in this endeavor.
Parent Handbook	The Parent Handbook is a resource that provides parents/guardians with our mission/vision statements. It will be used as a guide to ensure parents understand proper protocols, policies, have access to the city wide school calendar, key meeting dates such as PTA, Title 1 and SLT as well as PTC dates. In addition, it provides guidance of what to do for remote learning and inclement weather and provides a school directory.

IEPs	SESIS automatically will generate letters into the students home language. We will utilize the XEROX to assist in the translation of IEPs in addition to the translations unit.
PTA	Our PTA will send home all notifications of meetings and school-wide events in English and in Spanish, due to the large number of Spanish speaking families in our community, We will make every attempt to provide translated documents in Urdu, Arabic, Russian and Haitian Creole. Our goal is to always send home a document that is in the parents preferred language. We utilize the Xerox translator to provide various languages to assist us in this endeavor.
Letters from Nurse/Dentist/Health Offices	We will utilize the DOE provided letters in various languages to send home any health alerts. As needed, documents from the nurse and dentist will be translated into the families preferred home language.
Community Based Organizations/Morning & After School Programs/Enrichment	Our school policy is to send all documents home in English and in Spanish, due to the large number of Spanish speaking families in our community. Primarily, we use school staff for translation, however, we will work to ensure that we call upon the services of the Translation and Interpretation Unit for communication with parents in Urdu, Arabic, Russian and Haitian Creole when needed. We will make every attempt to provide translated documents in Urdu, Arabic, Russian and Haitian Creole. Our goal is to always send home a document that is in the parents preferred language. We utilize the Xerox translator to provide various languages to assist us in this endeavor.
Standard Parent/Guardian Communication Letters	We will use NYC Info Hub templates for all designated languages.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conference/Curriculum Conference	We maintain a dedicated team of Spanish, Arabic, and Russian-speaking staff members who provide direct interpretation services in these languages. For assistance with Urdu and Haitian Creole-speaking families, we will engage the Office of Translation & Interpretation. When necessary, we also utilize American Sign Language interpreters and access Guideline Interpretation Services, a verified DOE vendor. To further support our families, we offer a concise Google Slides presentation demonstrating how parents can enable Google Translate during parent engagement events. All notifications pertaining to parent engagement are disseminated via REMIND and email, allowing parents the flexibility to select their preferred language.
Parent Teacher Association	We maintain a dedicated team of Spanish, Arabic, and Russian-speaking staff members who provide direct interpretation services in these languages. For assistance with Urdu

	and Haitian Creole-speaking families, we will engage the Office of Translation & Interpretation. When necessary, we also utilize American Sign Language interpreters and access Guideline Interpretation Services, a verified DOE vendor. To further support our families, we offer a concise Google Slides presentation demonstrating how parents can enable Google Translate during parent engagement events. All notifications pertaining to parent engagement are disseminated via REMIND and email, allowing parents the flexibility to select their preferred language. Furthermore, we will leverage the Zoom chat feature to facilitate communication during meetings, enabling families to both hear and read content in their preferred language.
Parent Workshops	We maintain a dedicated team of Spanish, Arabic, and Russian-speaking staff members who provide direct interpretation services in these languages. To facilitate simultaneous translation during in-person workshops, we have acquired specialized translation headset equipment. Additionally, we will utilize American Sign Language interpreters and access Guideline Interpretation Services, a verified DOE vendor, as needed.
IEP Meetings	We maintain a dedicated team of Spanish, Arabic, and Russian-speaking staff members who provide direct interpretation services in these languages. To facilitate simultaneous translation during in-person workshops, we have acquired specialized translation headset equipment. Additionally, we will utilize American Sign Language interpreters and access Guideline Interpretation Services, a verified DOE vendor, as needed. Parents and guardians are also welcome to arrange for their own translators to accompany them to meetings.
Informal Parent Teacher Meetings	Communication will be supported by POCKETTALK, the NYC DOE Over-the-Phone Interpretations Unit, and designated staff.
SLT/Title 1/Title 3	We maintain a dedicated team of Spanish, Arabic, and Russian-speaking staff members who provide direct interpretation services in these languages. To facilitate simultaneous translation during in-person workshops, we have acquired specialized translation headset equipment. Additionally, we will utilize American Sign Language interpreters and access Guideline Interpretation Services, a verified DOE vendor, as needed.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, we will implement the following communication protocol to reach families:

1. Emergency Push Notifications: Emergency notifications will be disseminated via push alerts, delivered in each family's home language as recorded in the ATS system.
2. School-Wide REMIND Alerts: A school-wide REMIND alert will be sent, allowing parents to select their preferred home language for the message.
3. Email Blasts: Comprehensive email blasts will be issued to all registered contacts.

4. Multilingual Staff Support: We will ensure sufficient multilingual staff are available in the main office to assist with incoming phone calls during emergencies.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school is deeply committed to ensuring equitable access to critical information and communication for all our diverse families. We have a clear plan to ensure all staff are thoroughly trained and informed on language access best practices.

To guarantee that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, our school will implement a multi-pronged approach:

1. Mandatory Assignment and Tracking: The Principal or Assistant Principal will formally assign the WeLearnNYC training to all staff through official channels at the beginning of each school year. We will utilize the WeLearnNYC platform's tracking features to monitor completion rates.
2. Dedicated Professional Learning Time: We will allocate specific professional learning (PL) sessions, either during staff meetings or dedicated PL days, for staff to access and complete the training. This ensures dedicated time and resources for completion, minimizing burden on individual planning time.
3. Reminders and Incentives: Regular email reminders will be sent to staff, highlighting the importance and deadline for the training. We will consider offering small incentives or recognition for early completion to encourage engagement.
4. Support and Troubleshooting: The school's technology coordinator or a designated staff member will be available during designated times to provide technical support and answer questions related to accessing and navigating the WeLearnNYC platform.
5. New Staff Onboarding Integration: All newly appointed staff members will be required to complete the Language Access Training as an integral component of their initial onboarding process, with their completion meticulously tracked by the school's administrative team.

Familiarity with Best Practices for Translation and Interpretation:

To ensure all staff are familiar with the "Best Practices for When to Provide Translation of Critical Written Communications to Parents" and "Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents," we will:

1. Dedicated Review Sessions: During staff meetings, our Galaxy-designated LAC (Language Access Coordinator)

will lead focused review sessions of these crucial documents. These sessions will include practical scenarios and Q&A opportunities to solidify understanding.
2. Resource Dissemination: The LAC will facilitate the provision of readily accessible digital copies of both 'Best Practices' documents via our school's shared drive. Physical copies will concurrently be available in the main office.
3. Visual Reminders: We will display key takeaways and contact information for language access support in common staff areas (e.g., staff lounge, main office bulletin board) to serve as ongoing visual reminders.
4. Case Study Discussions: We will incorporate real-world case studies and examples during staff meetings to discuss appropriate application of these best practices in various communication scenarios, promoting critical thinking and shared understanding.

Dissemination of Future Language Access Resources and Updates by the LAC:

Our Galaxy-designated Language Access Coordinator (LAC) will play a pivotal role in ensuring that all staff members receive future language access resources and updates through the following methods:

1. Dedicated Agenda Item in Staff Meetings: The LAC will have a standing agenda item at all general staff meetings to share new DOE guidance, resources, and policy updates related to language access. This ensures consistent and timely dissemination to the entire staff.
2. Regular Email Communications: The LAC will send out concise email summaries of new policies, available resources, and upcoming training opportunities, leveraging the school's all-staff email distribution list.
3. The LAC will maintain a regularly updated, centralized digital repository for all language access resources. This hub, accessible via the school website and our internal staff platforms (e.g., Google Classroom, intranet), will include links to WeLearnNYC training, best practices documents, and contact information for translation/interpretation services.
4. Targeted Training Sessions: As new or updated resources become available, the LAC will organize targeted training sessions or workshops for specific staff groups (e.g., parent coordinators, guidance counselors, front office staff) who are most directly involved in parent communication.
5. Collaborative PLC/Grade Team Discussions: The LAC will provide guidance and materials to Professional Learning Communities (PLCs) and grade-level teams to facilitate discussions on how to integrate language access best practices into their daily routines and specific instructional contexts.

Through these systematic approaches, our school will ensure that all staff members are well-versed in language access policies and best practices, fostering a truly inclusive environment where all parents can effectively communicate with our school and actively participate in their children's education.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school is committed to ensuring that all parents and guardians are fully aware of and can easily access the language assistance services available to them. We employ a comprehensive, multi-faceted approach to inform families in their preferred language:

1. Translated Signage in Prominent Locations:
We will strategically place clearly visible translated signage throughout the school building, especially in high-traffic areas such as the main entrance, main office, parent coordinator's office, guidance suite, and cafeteria.
These signs will explicitly state that language assistance services (interpretation and translation) are available free of charge, how to request them (e.g., "Ask for assistance in your language," "Interpreters are available here"), and provide QR codes linking to our language access page.
Signage will be in English and the predominant home languages of our student population.

2. Brochures, Flyers, and Letters Shared with Parents:
Upon initial enrollment, all new families will receive the official Language Access for NYC Public Schools Families" brochure translated into their preferred language.
3. Our school will also create and provide welcome packets, helpful handbooks, and informational flyers, all translated into our families' main languages. These will be sent home at the start of every school year, given out during Back to School Night, and always available in the main office. Importantly, any key letters about school rules, student progress, or important events will always explain how families can ask for interpretation or translation if the information isn't already in their language.
4. Parent Engagement Events Highlighting Language Assistance:
At all major parent engagement events, such as Back to School Night, PTA meetings, and specifically our annual International Parents' Night, we will proactively highlight and offer language assistance services.
This will include:
Having a dedicated "Language Access" table at the entrance of events, staffed by our Parent Coordinator or

LAC, where parents can directly request an interpreter or learn more.

Announcements at the start of all presentations, in multiple languages, informing parents that interpretation services are available and how to access them.

Ensuring interpreters are present and clearly identifiable for one-on-one interactions.

5. Messaging Applications and Digital Platforms:

We leverage school-wide messaging applications (e.g., Remind or school-specific apps) to send out push notifications in parents' preferred languages about the availability of language services. This includes reminders before key events and general information about how to connect with the school in their home language.

Our school's official website will feature a prominent, easily accessible "Language Access" section, providing clear instructions on how to request interpreters or translated documents, along with links to relevant DOE resources. This section will be available in multiple languages.

6. Direct Communication from Staff:

All front office staff, our Parent Coordinator, and the Galaxy-designated LAC will be trained to consistently and proactively offer language assistance services when communicating with parents, particularly if there's any indication a parent may be more comfortable in a language other than English. This includes initiating conversations with "How can I help you? Do you need an interpreter?" in various common languages.

By integrating these diverse strategies, we aim to create a clear, welcoming, and accessible communication environment, ensuring that every parent feels informed and empowered to engage fully with our school community in their preferred language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Our school is committed to continuous improvement in providing comprehensive language assistance services. While OLA's Translation & Interpretation Feedback Survey is a valuable tool, we recognize the importance of proactively and directly soliciting feedback from parents in their preferred languages. Beyond the OLA survey, our school will employ the following methods to gather comprehensive feedback:

1. Direct Parent Coordinator/LAC Outreach:
   Our Language Access Coordinator (LAC) and Parent Coordinator will serve as primary points of contact for parents to provide feedback. Their contact information (phone, email) will be widely disseminated in multiple languages.
   They will proactively reach out to families, particularly those new to the school or those who have recently utilized translation/interpretation services, to check in on their experience and invite feedback.

2. Parent-Teacher Conference Language Access Check-ins:
   During parent-teacher conference sign-ups, and at the conferences themselves, staff will be trained to explicitly ask parents, in their preferred language, about their experience with language services provided for the conference (e.g., "Was the interpreter clear? Was the translated document easy to understand?").

3. School-Based Feedback Forms/Surveys (Multilingual):
   We will develop short, simple feedback forms or surveys specifically focused on language assistance services. These will be translated into the predominant home languages of our school community.
   These forms will be available in the main office, distributed at school events (e.g., PTA meetings, open house), and accessible digitally via QR codes or links on our school website.

4. Dedicated Discussion Time at Parent Meetings/Workshops:
   At PTA meetings, ELL parent workshops, and other school-wide parent gatherings, a dedicated agenda item will be included to discuss language access.
   With interpreters present, we will facilitate open discussion, allowing parents to share their experiences, suggestions, and challenges related to receiving information and engaging with the school in their preferred language.

5. Bilingual/Multilingual Suggestion Box (Physical & Digital):
   A clearly labeled "Language Access Feedback" suggestion box (physical) will be placed in an accessible area of the school, such as the main office or family lounge (room 218).
   Accompanying slips will be available in multiple languages.

A similar digital suggestion box or email address will be created, allowing parents to submit feedback electronically in their preferred language.

By integrating these diverse methods, our school will ensure that we consistently and actively solicit feedback from all parents regarding language assistance services, empowering them to contribute to the ongoing improvement of our communication and engagement practices. All feedback gathered will be regularly reviewed by the LAC and school leadership to inform policy adjustments and training needs.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school is dedicated to continuous improvement in language assistance for all families. Over the past year, we've focused on enhancing services through mandatory staff training on NYCPS Language Access protocols via WeLearnNYC and clear guidance from our LAC. We've also streamlined translation requests for critical communications and ensured key documents are multilingual, with our Parent Coordinator actively engaging families.

Feedback Results:
Parent feedback, collected through OLA surveys and direct communication, shows increased satisfaction with translated critical documents and interpreter services at formal meetings. However, areas for growth include improving the translation of informal communications (e.g., daily notices) and better support for less common home languages. Some parents also expressed a desire for more direct workshops in their native languages.

Plans for Further Improvements:
For the upcoming year, we will:
1. Implement a proactive multilingual communication strategy for all written materials, both critical and general.
2. Empower parents by clearly communicating their right to language services and simplifying the request process.
3. Increase bilingual staff visibility and capacity for daily interactions.
4. Offer targeted workshops delivered directly in home languages on key topics.
5. Refine our feedback loop with immediate, accessible digital surveys after services are provided, ensuring continuous improvement.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

35

Grades to be served in this program. Select all that apply.

,3,4,5,2

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The freestanding ENL (English as a New Language) and the Dual Language program share the following objective: to enable students to achieve academic proficiency in their new language (English). Students who achieve academic proficiency as determined by the NYSESLAT (New York State English as a Second Language Achievement Test) will be able to handle content area instruction in Englih. The ENL teachers have implemented the SIOP (Sheltered Instruction Observation Protocol) approach.

Title III funds for enrichment/supplementary activities will allow PS 44R to extend language instruction for ELLs beyond the confines of the school day. For the 2025-2026 academic year, an after-school ENL Academy will be created to provide ELLs with continued opportunities for language instruction, for content area instruction, and for language acquisition. The after school academy will give students an opporunity to dive more deeply into engaging lessons that incorporate reading, writing, speaking and listening. We will utilize the Finish Line New York ELL and workbooks for English Language Learners as well as resources curated by our ENL and DL teachers to support the four previously listed modalities assessed by the NYSESLAT.

This after school academy will run for 28 sessions (Wednesday and Thursday from 2:30pm to 4:30 pm -allowances made for holidays, etc.). One teacher will have 2nd and 3rd grade and one teacher will have 4th and 5th grade students. Co-planning time will be built in prior to the start of the program. A mid-program check-in will be scheduled as well so that both teachers and admin can consult on the efficacy of the program and make adjustments if needed. Projected dates of the program:

Wednesday and Thursday for 28 session from 2:30pm to 4:30pm.

Wednesdays and Thursdays:

November
19th - Planning Session (One hour session)

December
3rd, 4th, 10th, 11th, 17th and 18th

January
7th, 8th, 14th, 15th, 21st, 22nd, 28th and 29th

February
4th, 5th, 11th, 12th, 25th and 26th

March
4th - Mid point check-in/Culminating Presentation/Activity Planning (One hour session)
11th, 12th, 18th, 19th, 25th and 26th

April
1st
15th - Culminating Presentation
16th - End Session - Data (One hour Session)

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

This Title III-funded after-school academy is designed to provide targeted language development support for English Language Learners (ELLs), with a strategic emphasis on writing. The academy will offer instruction across all four language modalities assessed by the New York State English as a Second Language Achievement Test (NYSESLAT): listening, speaking, reading, and writing. In addition to structured skills-based instruction, students will engage in project-based learning (PBL) in pairs or triads to foster authentic language use, peer collaboration, and integrated skill development.

Quantitative Data Analysis:

Analysis of the NYSESLAT results indicates that a significant portion of ELLs scored at the Transitioning levels in the writing domain. Writing scores showed the lowest average performance across the four modalities. Interim writing assessments conducted by classroom teachers and ENL teachers during the 2024–2025 school year revealed that over many. ELLs demonstrated challenges in organizing ideas, grammar and syntax, and vocabulary usage. Previous after-school Title III programs had a positive attendance, indicating strong student interest and family support for additional instructional time.

Qualitative Data Analysis:

Educators consistently report that it is challenging for students to express themselves in writing and require explicit scaffolding, modeling, and time to draft and revise their work. Teachers have noted that students benefit from low-stakes writing opportunities embedded in engaging, meaningful contexts, such as collaborative projects. Conversations with multilingual families highlight a strong desire for more academic support opportunities beyond the school day, particularly in writing and oral communication, which families see as essential for long-term academic success.

This after-school ELL Academy responds to clearly identified needs in writing and overall language proficiency development. By combining targeted skills-based instruction with dynamic, collaborative projects, the program aims to improve student outcomes on the NYSESLAT and strengthen students' academic confidence. This initiative aligns directly with Title III objectives to increase English proficiency and academic achievement of English learners through high-quality supplemental programs.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

This Title III-funded after-school academy will serve English Language Learners (ELLs) in Grades 2, 3, 4, and 5. All ELLs in these grades, regardless of their current proficiency level, will be invited to participate.

Total Number of ELLs in Program:

A total of 35 ELLs in Grades 2 through 5 are eligible to participate in the program.

Grade Levels of ELLs in the Program:

Grade 2: 8 students
Grade 3: 6 students
Grade 4: 12 students
Grade 5: 9 students

ELL Subgroups and Proficiency Levels:

Newcomers:

26 students total across Grades 2–5
Grade 2: 8 students
Grade 3: 6 students
Grade 4: 6 students
Grade 5: 6 students

Developing ELLs:

9 students total across Grades 2–5
Grade 2: 0
Grade 3: 0
Grade 4: 6 students
Grade 5: 3 students

Long-Term ELLs:

0 students in Grades 2–5

By including students at various proficiency levels and subgroup classifications, the program ensures inclusive and differentiated instruction tailored to the linguistic and academic needs of each learner. Instruction will be scaffolded accordingly, with more intensive language development supports for Newcomers and opportunities for deeper academic language use for Developing ELLs.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The academy will begin with a planning session on November 19th, 2025, and conclude on April 16th, 2026.
Total Number of Sessions:
The program includes a total of 28 instructional sessions and 3 one-hour sessions designated for planning, midpoint reflection, and data review.

Days of the Week:
The program will be held on Wednesdays and Thursdays to ensure consistent, twice-weekly instructional support for participating ELLs.

Time and Duration:
Each instructional session will run from 2:30 PM to 4:30 PM, providing two hours of instruction per session.
Planning and consultation sessions will each be one hour in length.

Detailed Session Breakdown:

November
Nov 19: Planning Session (1 hour)
December (6 sessions)
Dec 3, 4, 10, 11, 17, 18
January (8 sessions)
Jan 7, 8, 14, 15, 21, 22, 28, 29
February (6 sessions)
Feb 4, 5, 11, 12, 25, 26
March (7 sessions total)
Mar 4: Midpoint Check-in/Presentation Planning (1 hour)
Mar 11, 12, 18, 19, 25, 26
April (3 sessions total)
Apr 1
Apr 15: Culminating Presentation
Apr 16: Final Session – Student Data Review & Reflection (1 hour)

As part of the planning meeting, teachers will develop an informational letter/permission slip in all home languages of our English Language Learners in grades 2-5. This letter/permission slip will be backpacked home with each student in grades 2-5 who are English Language Learners.

Each teacher will keep attendance records for their respective roster.

Student performance data (including classroom data, periodic assessment data and data kept by ENL teachers) will be gathered and aggregated to determine present levels of performance. This data will be monitored and a check-in will be done during mid-program check-in and after culminating presentation.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The primary language of instruction for this Title III-funded program is English, aligned with the goal of developing academic English proficiency across all four modalities assessed by the NYSESLAT: listening, speaking, reading, and writing.

Home Language Support:

To ensure accessibility and promote deeper comprehension, strategic use of students' home languages will be embedded into instruction in the following ways:

Bilingual Scaffolds: Teachers will provide bilingual glossaries, translated directions, and sentence frames to support comprehension, particularly for Newcomer students at the Entering and Emerging proficiency levels.

Peer Language Support: Students will be intentionally paired or grouped based on shared home languages (e.g., Spanish, Arabic, Mandarin), allowing for collaborative work and clarification when needed.

Multilingual Resources: Culturally and linguistically responsive texts, visuals, and anchor charts will be available in both English and students' home languages to support concept development.

Teacher Communication: Teachers with multilingual proficiency will use students’ home languages judiciously to clarify complex ideas, explain tasks, and provide feedback, especially during project-based learning activities.

The program's instructional design affirms and leverages students' linguistic backgrounds while prioritizing English language development, creating a supportive and inclusive learning environment that builds confidence and accelerates progress toward English proficiency.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Two teachers each with ESOL certification.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The program will utilize a range of high-quality supplemental materials specifically selected to support English Language Learners in developing academic language across all four modalities. Materials will include structured instructional resources as well as project-based learning tools aligned to student interests and content-area standards.

Types of Materials to Be Used:

Targeted language development workbooks and texts
Culturally responsive and multilingual graphic organizers, sentence frames, and accountable talk tools
Research texts (print and digital), visual aids, and manipulatives aligned to interdisciplinary project themes
Art supplies and presentation materials to support final project exhibitions
Writing journals and publishing tools for final writing products

Titles and Publishers of Main Supplemental Materials:

Finish Line New York ELL – Publisher: Continental Press
This resource is specifically aligned to NYSESLAT performance indicators and supports language development in reading, writing, listening, and speaking.

Teacher-Curated Tools
ENL and Dual Language teachers will contribute instructional tools such as accountable talk stems, bilingual scaffolds, and project-based planning templates developed in-house, aligned to NYS Next Generation ELA and Science standards.

Student-Designed Interdisciplinary Unit Materials
Materials for project-based learning units (e.g., STEAM or country study) will be selected in response to student interest. These may include nonfiction leveled texts, digital media, art supplies, and culturally relevant resources to support hands-on inquiry and writing production.

Funding and Procurement:

Instructional materials purchased for this program will be funded through Title III ELL funds, with strict adherence to the 20% cap on material expenditures.

Additional materials that extend beyond the 20% threshold (e.g., art supplies, consumables for student presentations, or materials for STEAM investigations) will be funded using OTPS (Other Than Personnel Services) funds.

Storage Location:

All Title III-funded materials will be securely stored in the ENL classroom and inventory documentation maintained by the ENL teachers.

Examples from Previous Years:

In one academy cycle, students engaged in a Country Study Unit, conducting research on global cultures and preparing procedural writing pieces describing how to cook traditional dishes. The unit culminated in a family event

where students presented published writing and shared culturally significant food.

In another year, a STEAM unit on rocket propulsion allowed students to study aerodynamics, design and test their own rockets, and reflect through writing and visual storytelling on their learning process.

These materials not only support targeted language development but also promote engagement, cultural relevance, and interdisciplinary connections aligned to ELL students' strengths and identities.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school is committed to ensuring a thoughtful, inclusive, and timely rollout of the Title III ELL-funded after-school program.

Implementation will include the following key steps:

Parent/Guardian Notification:

Families of eligible English Language Learners in grades 2–5 will be notified of the after-school academy through multilingual letters, translated into families' preferred languages as indicated in the NYCDOE's student information system (ATS).

Notifications will also be distributed through Remind messages (in the home language), and paper copies will be sent home with students.

Families will be asked to confirm participation by signing and returning a permission form, and translation support will be available for any follow-up conversations or questions.

Start of Program and Orientation:

The program will begin with a staff planning session in November, followed by a welcome message to families introducing the instructional focus and schedule. The ENL teachers will work with the administration to ensure all materials, student rosters, and communications are prepared prior to launch.

Maintaining Records:

Our school will maintain comprehensive and organized records related to the implementation and compliance of the Title III ELL program, as required by NYSED and the Title III ELL FAQ:

Parent Notification and Language Access:

Copies of all family letters and permission forms, maintained in both English and the families' preferred languages
Parent communication logs documenting outreach and follow-up (digital and physical copies)

Student Attendance Records:

- Daily attendance logs for all program sessions, tracked by assigned teacher
- Records will be entered and monitored by the ENL teacher and kept on file

Teacher Qualifications and Certifications:

Copies of NYS certifications for all staff assigned to the program will be stored in the Title III binder
Teacher rosters will indicate certification areas (e.g., ESOL, Bilingual Education)

Parent Engagement Activities:

- Documentation of any culminating events (e.g., student presentations, parent showcases), including invitations, photos, and family sign-in sheets
- Reflections or feedback collected from families attending program-related events

Professional Development Records:

- Agendas and sign-in sheets for any relevant Title III-related planning or training sessions for instructional staff
- Materials, handouts, or internal memos connected to PD topics such as NYSESLAT-aligned instruction or culturally responsive practices

Fiscal Records:

All purchase orders, invoices, and procurement documentation will be filed and coded in compliance with Title III spending regulations and given to the secretary for proper processing and storing.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

P.S. 44 is committed to building teacher capacity through sustained, collaborative, and meaningful professional learning that supports the success of English Language Learners (ELLs). Under the Title III ELL program, professional development (PD) will be provided to all members of the Dual Language (DL) Department and English as a New Language (ENL) teachers, all of whom serve multilingual learners across grade levels.

Overview of Professional Development Activities:

Book Studies and Collaborative Inquiry:
Teachers will engage in book studies focused on culturally responsive pedagogy, second language acquisition, and translanguaging practices.
A Google Form will be distributed to gather input from department members on book selections and topics of interest to ensure alignment with their needs and instructional goals.

Turnkey Professional Learning Cycles:
Select staff will attend external Title III-approved PD series and conferences (e.g., NYSABE, UFT ELL Institute, SIFE Training) and turnkey their learning to the broader DL/ENL team.
Topics may include scaffolding strategies, formative assessment for ELLs, integrating content and language objectives, and support for Students with Interrupted/Inconsistent Formal Education (SIFE).

Vertical Alignment and Instructional Coherence:
Monthly department meetings will focus on ensuring vertical alignment across grade levels, analyzing student language data (including NYSESLAT and formative assessments), and strengthening the fidelity of Tier 1 and Tier 2 instruction.

Rosetta Stone Program Training:
All DL and ENL teachers will receive targeted training on implementing Rosetta Stone with ELLs. The training will cover instructional integration, monitoring student progress, and family engagement strategies.

Title III After School Program PD:
Teachers participating in the Title III-funded After School Program for SY 2024–2026 will receive targeted PD to align instructional strategies with the needs of ELLs. Sessions will address literacy development, academic vocabulary building, and engagement strategies for small group instruction.

Funding Considerations:

Per-session for Teachers: Professional development activities involving teacher participation outside the regular workday (e.g., after-school PD sessions and turnkey presentations) will be compensated through Title III ELL funds, not to exceed 10% of the total allocation.
OTPS – Vendor Costs: If external vendors are used for any PD activities, their costs will be calculated as part of OTPS and will not exceed 20% of the total allocation.

Non-Title III PD Support: Where possible, professional learning will also be supplemented by in-house expertise and aligned with school-wide instructional initiatives to ensure sustainability and integration with broader academic goals.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development (PD) activities outlined in P.S. 44's Title III ELL program are grounded in both qualitative and quantitative data analysis and are designed to address identified instructional gaps and support the academic and linguistic development of our English Language Learners (ELLs).

1. Book Studies on Evidence-Based ELL Instructional Strategies

Rationale: Teachers indicated that they would benefit from deeper engagement with research-based instructional strategies for ELLs. As a result, the team selected Cultivating Knowledge, Building Language: Literacy Instruction for English Learners in Elementary School by Lesaux & Harris (ed. Duke) and Dual Language Instruction from A to Z to support enhanced literacy instruction and dual language pedagogy.

Data Sources: Teacher reflection and department meeting notes indicated a demand for shared language frameworks and content-aligned instructional strategies.

Data Trends: Book studies will promote shared understanding and evidence-based planning.

2. Vertical Alignment Sessions to Strengthen Instructional Continuity

Rationale: To ensure instructional coherence and seamless academic progression for ELLs, the Dual Language and ENL teams will engage in vertical alignment discussions. These meetings will focus on unpacking key content and

language standards across grade levels and improving alignment of scaffolds and supports.

Data Sources: NYSESLAT score trends revealed that while many students show progress year over year, academic language gaps persist, particularly in the transition from early elementary to upper grades.

3. Rosetta Stone Training and Implementation

Rationale: Based on collaborative review of student progress data and feedback from ENL/DL teachers, P.S. 44 has adopted Rosetta Stone as a supplemental tool for building foundational language skills. Training is necessary to ensure consistent and effective implementation.
Data Sources:
Internal ELL performance data, including classroom-based assessments and NYSESLAT domain scores, indicated a need for differentiated language practice and home-language supports, especially for newcomers and SIFE students.
Teacher input during planning meetings highlighted the need for tools with embedded progress monitoring, home access, and native language support.
Data Trends: Oral language development and vocabulary acquisition remain areas of need, especially among students in the Entering and Emerging proficiency bands. Rosetta Stone offers structured, individualized support aligned to these areas.

4. Ongoing PD Series for Title III After School Program Teachers

Rationale: To ensure the after-school program reinforces and extends core language instruction, teachers will receive PD sessions tailored to the needs of their ELL cohorts. These sessions will address literacy strategies, academic language routines, and engagement strategies specific to small-group instruction.

Data Sources: Observational data and teacher debriefs from program sessions.
Data Trends: While students benefit from additional instructional time, program efficacy varies by facilitator expertise and consistency of instructional practices. Professional learning will address this by aligning practices with in-school instruction and improving overall program fidelity.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers to Receive Professional Development

All teachers directly involved in the implementation of the Title III ELL program at P.S. 44, including those teaching in Dual Language and English as a New Language (ENL) settings, will receive targeted, ongoing professional development aligned to the needs of English Language Learners (ELLs). These educators will engage in structured professional learning throughout the school year to ensure high-quality, equitable instruction for multilingual learners.

While the primary focus of these professional development activities is on Dual Language and ENL teachers, P.S. 44 is committed to building a shared culture of inclusive and responsive instruction schoolwide. As such, we will extend opportunities for professional learning to general education teachers, special education teachers, and other pedagogical staff who work with ELLs in ICT, SETSS, and small-group settings.

Professional development sessions will include, but are not limited to:

Research-based instructional practices for language and literacy development;
Content and language integration strategies;
Culturally and linguistically responsive teaching approaches;
Policy updates related to ELL services and compliance;
Structured walkthroughs and collaborative lesson analysis;
Implementation of tools such as Rosetta Stone and other supplemental supports.

In addition, teachers working in the Title III-funded After School Program will receive specific professional development designed to align after-school instruction with school-day practices. This will include focused support on academic vocabulary, small group engagement, and monitoring student progress.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

P.S. 44 has developed a consistent and sustainable schedule to support ongoing professional development (PD) under the Title III ELL program. The following outlines the planned timeline, frequency, and structure of each activity:

1. Department Meetings and Book Study Sessions

Start/End Dates: October 2025 – June 2026
Total Number of Sessions: 9 sessions (1 per month)
Day of Sessions: Fridays during designated departmental periods
Time/Duration: 1 instructional period per session (approximately 45–50 minutes)
Focus: Book studies (e.g., Cultivating Knowledge, Building Language), turnkey sharing from external PD, vertical alignment of instruction, and discussion of content and language standards for ELLs

2. Monday Professional Learning (Schoolwide PD)

Start/End Dates: September 2025 – June 2026
Total Number of Sessions: 10 sessions (1 per month minimum)
Day of Sessions: Mondays
Time/Duration: Approx. 2:20 p.m. – 3:20 p.m.
Focus: Research-based instructional strategies, policy updates, culturally and linguistically responsive practices, and analysis of student ELL data

3. Rosetta Stone Training Sessions

Start/End Dates: October 2025 – January 2026

Total Number of Sessions: 2–3 sessions
Day of Sessions: Scheduled based on vendor availability and teacher planning time
Time/Duration: 60–90 minutes per session
Focus: Effective implementation of Rosetta Stone, progress monitoring, student engagement, and integration into classroom instruction

All professional development activities will be documented through agendas, sign-in sheets, and session artifacts (e.g., PowerPoint slides, handouts). This schedule ensures regular, relevant, and accountable learning opportunities for all staff serving English Language Learners under the Title III program.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Dual Language and ENL teachers have selected topical sessions in which they are interested:
En Comunidad Virtual Book Club

En Comunidad brings bilingual Latinx students' perspectives to the center of our classrooms. Through culturally and linguistically sustaining lesson samples, the book study will:

- Facilitate an examination of language practices in students' lives and texts, helping both learners and teachers think about their ideas on language.

- Explore ways of how to incorporate bilingual practices in social studies by leveraging students' lived experiences and texts

- Engage in storytelling and analysis of historical narratives impacting Multilingual Learners

- Explore ways in which students can engage in social justice projects

- Affirm poetry as a socioemotional, culturally, and linguistically responsive practice in supporting multilingual community

- Participants will be equipped with an e-copy of the book, a book study guide, and a padlet with accompanying resources

The Dual Language Department and ENL teachers were also interested in the book, Dual Language Instruction from A-Z. This book covers some of the following topics:

- Foundations of Dual Language Education

- The First Steps: Planning a Dual Language Program

- Planning for Instruction

- Teaching Academic Content

- Language Teaching in Dual Language Programs

- Putting It All Together

In addition, the Dual Language Department and ENL teachers would like to also explore the book, Cultivating Knowledge, Building Language. This book covers the following topics:

- What we know About Reading Development Among English Language Learners

- Understanding Oral Language for Literacy and the Special Case of Academic Language

- The knowledge- Building Classroom

- Provide Consistency by Organizing Lessons Within a Cycle

- Develop Academic Content Knowledge by Studying Big Ideas

- Develop Academic Vocabulary Knowledge by studying a Small Set of Words Deeply

- Unlock Language by Developing Word- Learning Strategies

- Extend Learning with Language Production Project

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Professional development activities under the Title III ELL program at P.S. 44 will be facilitated by a combination of internal and external providers, including experienced educators, professional learning platforms, and higher education partners. Providers include:

Pedagogues from the Dual Language and ENL Department at P.S. 44
Titles: ENL Teachers, Dual Language Teachers, Instructional Leads
These in-house experts will facilitate book studies, vertical alignment sessions, and turnkey workshops based on external PD they attend.

EdWeb.net
Title: National Online Professional Learning Community for Educators
EdWeb.net will serve as a platform for select webinars and self-paced professional development modules focused on multilingual learner support, culturally responsive practices, and literacy development.

CITE (Center for Integrated Training and Education)
Title: Professional Learning Provider for Educators
CITE will provide targeted training aligned to the needs of ELLs, particularly in the areas of instructional planning, language development, and school-home connections.

Additional guest speakers, consultants, or facilitators may be identified throughout the school year, depending on the evolving needs of the Dual Language and ENL team and the availability of Title III resources. All PD sessions will be coordinated and supervised by school leadership to ensure alignment with school goals and Title III ELL compliance.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

P.S. 44 will implement a structured system for documenting all professional development activities associated with the Title III ELL program.

For each session, the following records will be maintained:

Agendas detailing session objectives, topics covered, and alignment to ELL instructional goals
Attendance sheets/sign-in forms to verify staff participation
Presentation materials and handouts used during the sessions
Reflection forms or feedback surveys, when applicable, to assess impact and inform future planning
All documentation will be organized and stored digitally in a shared, secure school drive accessible to school leaders and program coordinators. Hard copies will also be kept on file in the main office for compliance purposes.

For activities funded through Title III ELL, records will clearly indicate:

The use of Title III funds (e.g., for per-session teacher compensation or vendor services)
The associated purchase orders, invoices, and timekeeping records
A log of professional development sessions funded by Title III, maintained separately for audit and reporting purposes
This recordkeeping process ensures transparency, supports accountability, and provides evidence of alignment with Title III ELL program goals and allowable use of funds.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 44 will implement a dynamic and culturally responsive family engagement program as part of its Title III ELL plan. The goal is to build strong home-school partnerships that support English Language Learners (ELLs) both academically and socially, while honoring and uplifting the rich cultural and linguistic assets of our families.

The program will begin with a community-wide Hispanic Heritage Month, scheduled for the last week of October. Families will be invited to:

Learn about educational supports and school resources available to multilingual learners
Share food, music, and traditions that reflect their cultural heritage
Participate in a celebration that fosters community-building and cultural pride
This event will serve as a welcoming and affirming kickoff to a year of inclusive family engagement.

Following this event, P.S. 44 will host a monthly Family Workshop Series, held on Tuesdays from 3:30 p.m. to 4:30 p.m., with a mix of in-person and virtual sessions. Topics will be designed to meet the evolving needs and interests of families of ELLs and may include:

Supporting language development at home
Understanding the NYSESLAT and school assessments
Accessing school and community resources
Navigating the NYC public school system
Literacy strategies and home reading routines
Social-emotional support and mental wellness for multilingual families
A Google Form will be sent to Dual Language and ENL department members to identify dates and topics of interest, ensuring that workshop content is relevant and responsive.

Use of Title III ELL Funds:

Teacher per-session compensation for planning and facilitating workshops may be funded through Title III ELL (not to exceed 10% of the total allocation). OTPS costs (e.g., materials, interpretation services, or guest speakers) may be covered through Title III ELL funds as appropriate, within the 20% vendor cost cap.

All events will be documented through agendas, attendance logs, and feedback forms to support ongoing

improvement and ensure compliance with Title III ELL family engagement requirements. This approach reflects P.S. 44's commitment to inclusive, asset-based partnerships that empower families and enrich the educational experience of multilingual learners.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

At P.S. 44, we recognize that strong home-school partnerships are essential to the academic success and social-emotional well-being of English Language Learners (ELLs). Our family engagement activities are intentionally designed to affirm families' cultural and linguistic identities while providing them with the tools and knowledge to support their children's educational journey.

Hispanic Heritage Celebration– Last Week of October

Rationale:
Hispanic Heritage Celebration serves as a culturally responsive and celebratory entry point for engaging families in the school community. By encouraging families to share traditional foods, attire, music, and stories, we foster belonging and respect for linguistic and cultural diversity, which are foundational elements for engaging multilingual learners and their families.

Data Sources:

Informal conversations with parents and feedback collected during parent-teacher conferences revealed a strong desire for more culturally affirming events and opportunities to showcase family heritage.
Input from the PTA and ENL parent meetings indicated a need for school events that build trust and strengthen communication between families and staff.
Attendance patterns from previous family engagement events suggested that activities scheduled in the afternoon, such as 2:30–3:30 p.m., allow higher participation among caregivers with younger children and flexible work schedules.
Monthly Family Workshop Series – October 2025 through June 2026 (Tuesdays, 3:30 p.m. – 4:30 p.m.)

Rationale:
To provide sustained support throughout the year, P.S. 44 will offer workshops to address the academic, linguistic, and socio-emotional needs of ELL students and their families. Topics will be selected based on input from families and educators to ensure relevance and impact. Sessions will be offered in both virtual and in-person formats to increase accessibility for families with varying schedules and technology preferences.

Data Sources:

Families highlighted the need for more guidance in navigating school systems, supporting learning at home, and understanding ELL services and assessments.
Teachers and ENL staff also identified frequent family questions related to language development, academic supports, and digital literacy, confirming the need for structured workshops.
Participation data from past events showed higher turnout on Tuesday afternoons, reinforcing the decision to schedule sessions from 3:30–4:30 p.m.

This family engagement plan reflects our belief that families are essential partners in education. By creating culturally affirming, informative, and accessible opportunities for engagement, P.S. 44 ensures that our multilingual families are equipped, welcomed, and empowered to support their children's success.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

P.S. 44 will implement a monthly and/or quarterly family engagement workshop series as part of its Title III ELL program, beginning in October 2025 and concluding in June 2026. These workshops are designed to support families of English Language Learners (ELLs) by providing information, strategies, and culturally responsive engagement opportunities.

Family Workshop Series Schedule:

Start Date: October 2025
End Date: June 2026

Total Number of Sessions: 5

Days of Sessions: Tuesdays

Time and Duration: 3:30 p.m. – 4:30 p.m. (1 hour per session)

Format: A mix of in-person and virtual sessions (presenter’s choice)

Confirmed Workshop Dates:
October 2025
December 2025
February 2025
April 2025
June 2025

Implementation Details:

A Google Form will be shared with Dual Language and ENL team members to select their preferred presentation date and topic.
Presenters will determine whether their session will be held in person or virtually. Those facilitating virtual sessions will create and distribute meeting links.
Presenters will also be responsible for direct outreach to families using multiple modalities (e.g., REMIND, written notices, phone calls) in families' preferred languages.
Each session will include light refreshments, printed materials, and family engagement incentives, as appropriate, within the allocated Title III ELL budget.

Documentation: Sign-in and attendance sheets will be collected at each session and submitted to the Parent Coordinator for proper filing (physical binder or shared digital folder). This consistent and accessible schedule ensures meaningful engagement while providing families with flexible options to participate and support their children's education.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

As part of P.S. 44's Title III ELL family engagement program, each monthly workshop will focus on a topic relevant to the academic success and language development of English Language Learners (ELLs). Workshops are designed to be practical, interactive, and culturally responsive, equipping families with tools they can use at home to support their children.

Planned Topics Include (but are not limited to):

Reading at Home: Fluency and Comprehension Activities (Grades K–1)
Strategies and hands-on activities to promote early literacy, including how to read aloud effectively and ask comprehension questions.

Doing Math with Items Around Your Home
Creative ways to reinforce math concepts using common household items and real-life situations, such as measuring, sorting, and problem-solving.

Preparing for the NYS ELA and NYS Math Tests
Overview of what to expect on the state exams, how to reduce test anxiety, and how to review skills and vocabulary at home.

Preventing the Summer Slide
Tips, routines, and resources to keep children reading, writing, and practicing math during the summer months to prevent learning loss.

Introduction to Rosetta Stone
A hands-on session for families to learn how to use the Rosetta Stone platform, monitor progress, and support language learning at home.

Each session will be delivered in the family's preferred language whenever possible and will include opportunities for questions, hands-on practice, and take-home materials. Topics were selected based on feedback from families,

input from teachers, and areas of identified student need. Additional topics may be added based on family interest and ongoing evaluation of engagement trends.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

All Title III ELL family engagement activities at P.S. 44 will be facilitated by members of the Dual Language and ENL Department.

Providers:

P.S. 44 Dual Language Teachers – Facilitators of monthly family workshops on academic strategies, bilingual development, and home-school collaboration.

P.S. 44 ENL Teachers – Co-facilitators supporting families with language development resources and interpretation.

Parent Coordinator – Support with outreach, communication, and recordkeeping for each session.

All facilitators are experienced educators who work directly with multilingual learners and their families. Additional presenters or collaborators (e.g., guidance counselors, literacy coaches, or community partners) may be invited based on the workshop topic and identified family needs. All sessions will be led in culturally responsive, family-friendly formats with language access as a priority.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

P.S. 44 is committed to ensuring that all families of English Language Learners (ELLs) are fully informed and able to participate in Title III ELL family engagement activities. To this end, we will use multiple, accessible methods to notify families and provide translation and interpretation supports.

Family Notification Methods:

Flyers will be distributed in student folders and posted around the school building.
REMIND messages will be sent directly to families in their preferred language.
Email blasts will be shared with all families via our school communication system.
Phone calls will be made for personalized outreach, especially to families who may need additional support or

reminders.
School website and social media will also be used to promote events and provide details.

Translation of Notifications:
All written notifications (flyers, REMIND messages, emails) will be translated into families' preferred languages, as indicated in school records and in alignment with NYC DOE language access guidelines. Materials will be translated by bilingual staff or through approved translation services.

Interpretation Supports at Events:
Interpretation services will be provided at all in-person and virtual family engagement events. Bilingual staff members will serve as interpreters when available, and additional interpretation support will be arranged through DOE or Title III resources when needed. Families will be informed in advance about the availability of language support to ensure full participation.

This multi-tiered communication approach ensures that all families, regardless of language background, are welcomed and included in our Title III ELL family engagement programming.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

P.S. 44 will maintain thorough documentation of all Title III ELL family engagement activities to ensure accountability, compliance, and continuous improvement.

For each event, the following records will be collected and organized:

Agendas outlining the topics covered and session objectives
Attendance sheets/sign-in forms to track family participation
Flyers and outreach materials used to notify families
Copies of translated communications in families' preferred languages
Photographic documentation (when appropriate) to capture family involvement

All documentation will be stored both digitally in a secure shared drive and physically in a designated binder maintained by the Parent Coordinator or school designee. This system ensures that the school can easily access records for monitoring, reporting, and planning future family engagement efforts.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$20,000

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	N/A	N/A
Purchased services -High quality staff and curriculum development contracts.	N/A	N/A
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	N/A	N/A
Educational Software (Object Code 199)	N/A	N/A
Travel	N/A	N/A
Other	N/A	N/A
TOTAL	N/A	N/A
