Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Nicole Avila	Principal or Designee*	
Wladimir Lacrete	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Theresa Ianelli	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Alison Middleton	Member/Teacher	
Rubene Mueller	Member/Paraprofessional	
Maria Petkanas	Member/Teacher	
Theresa Pendergast	Member/Parent	
Quentin Mezetin	Member/Parent	
Kia Butler	Member/Parent	
Shavell Bogle	Member/Parent	
	Member/ Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of P811Q is to promote challenging educational and functional opportunities that will enable all students to become participating, fulfilled members of a multicultural society. This will enable students to maximize their independence and potential in inclusive environments within our public schools and the global community. P811Q is committed to supporting the development and implementation of comprehensive programs, which enable students to maximize their potential in environments within our public schools and the larger community. P811Q will achieve this mission by placing and educating students in programs that integrate academics, technology, related and support services, occupational training, recreational/leisure activities, career education, and community-based instruction. The services will be driven by Individualized Education Plans (IEPs) developed in consultation with parents and students. The students and families of P811Q are encouraged to make choices throughout the students' educational careers. The participation in the Individualized Transition Planning process will further help to direct the ongoing delivery of services, even after the students' public-school experience has ended.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P811Q serves students ages 5 through 21. 60% of our students are in elementary school, 10% of our students are in middle school; and 30% of our students are ages 14 – 21. These students are served in a variety of class ratios, grouped in K-2, 3-5, 6-8 and 7-12 grade bands, rather than traditional grade levels, to meet their unique needs:

- The 12:1:1 classes are designed for students with academic and/or behavioral management needs that interfere with the instructional process and require additional adult support and specialized instruction.
- The 8:1:1 classes are designed for students whose needs are severe and chronic and require constant, intensive supervision, a significant degree of individualized attention, intervention and behavior management.
- The 6:1:1 classes are designed for students with very high needs in most or all areas including academic, social and/or interpersonal development, physical development, and management. Classes provide highly intensive individual programming, continual adult supervision, a specialized behavior management program to engage in all tasks, and a program of speech/language therapy (which may include augmentative/alternative communication).
- The 12:1:4 class is designed for students with severe and multiple disabilities with a variety of challenges that may include: nonverbal communication and/or limited language development, emerging cognitive and physical development, pre-academic functioning skills. Classes provide a program that follows an adapted curriculum with alternative access to instruction, training in daily living skills, development of communication skills, sensory stimulation, and therapeutic interventions.
- The inclusion students are fully included with their general education peers while supported by special education teachers, paraprofessionals, and Related Service Providers, as specified on their IEPs.
- The English as a New Language learners (ENLs) are served in a bilingual classroom, self-contained ENL

classrooms, through itinerant ENL teachers and/or supported by Alternative Placement Paraprofessionals (AP Paras).

Briefly summarize the key initiatives your school will implement this school year.

- We are continuing to implement Really Great Reading and HMH Into Reading in grades K-5 this year with the continued expectation that all elementary students be exposed to modified General Education curricula.

- We are expanding our career readiness/vocational programming across all of our high school and elementary school classes.

- We are implementing new curricula across grade bands: ABLLS, Essentials for Living, and Pathful.

- We are continuing to pilot MAP growth for standardized elementary students.

- We are implementing a pilot tiered vocational program that focuses on students transition readiness. This includes establishing a transition team that focuses on student independence on a day to day level, students participation in the IEP process, transition readiness checklist for staff and families, and a roadmap of skills that can help students become employable members of society.

- We are establishing a parent engagement committee to coordinate opportunities for in person and remote events that are both culturally responsive and provide opportunities for all families to engage, regardless of their availability.

- We are continuing to emphasize our Strive for 5 best practice framework and will continue to support our school community in data collection and analysis practices.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	Elementary	Really Great Reading, HMH Into Reading	
Math	Elementary	HMH Go Math	
ELA	Intermediate	Really Great Reading, HMH Into Reading	
Math	Intermediate	HMH Go Math	
ELA	Middle School	Standards-based school created curricula, Lexia, Essentials for Living	
Math	Middle School	iXL, Attainment	

ELA	High School	Essentials for Living, Pathful, Standards-based school created curricula	
Math	High School	iXL, Attainment	
ELA	Transition	Essentials for Living, Pathful, Standards-based school created curricula	
Math	Transition	Attainment, IXL	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
SANDI data from SY 24-25 shows that students are making positive changes in their reading skills.	We aim to see that students demonstrate a positive change in their reading scores from the beginning of the year to the end of the year.	Foundational and functional literacy skill development
P811Q MAP Growth pilot program from SY 24-25 showed students increased in the ELA scores.	Students in grades K-5 are utilizing HMH, standardized curriculum, to learn foundational literacy skills.	Students need access to [modified] grade level content
SANDI ELA data from SY 24-25 with standards Level 1, R.1 (Items 3, 8,14,17, 20, 25,26,37), show only 50% of students made progress from the BOY to the EOY.	Level 1, R.1 items focus on foundational literacy skill development	Students continue to require instruction that focuses on foundational literacy skill development.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	86%	By June 2026, P811Q students in grades 3-12 will improve their literacy development by making a positive change on the SANDI Reading Subtest as measured by a 3% increase, from 86% to 89%.
Students with Disabilities (SWD)	49%	By June 2026, students in grades K-2 will increase their Receptive Language skills as evidenced by a 5% increase in scores on the SANDI Reading (Level 1, RI.1) subtest from 49% to 54% and a 5% increase in scores in ABLLS Section C from 12% to 17%.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

SANDI Reading Subtest

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Identify and provide targeted interventions for students with no progress or negative progress in the SANDI Reading Subtest. Use data to pinpoint specific areas of weakness within the SANDI subtest across elementary, middle, and high school levels. Provide training for staff on SANDI training.
Provide training for staff on using SANDI assessment data effectively and incorporate it into instructional planning.Offer workshops that focus on data-driven instruction and specialized strategies for students with disabilities.

Root Cause Addressed:

Curriculum Gaps: Our students are receiving differentiated or accessible reading instruction that aligns with their needs. We are revamping our current curriculum, in order to appropriately scaffolded for our students.

Teacher Training: Address any gap in teacher familiarity with the SANDI subtest and effective intervention strategies for students with disabilities. Ensure staff members receiving enough targeted professional development (PD).

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Conduct quarterly SANDI data reviews by grade band to identify students showing no growth or regression in reading. Use findings to drive instructional decisions and intervention targeting.
Develop and implement individualized or small-group intervention plans based on student SANDI subtest data. Monitor progress biweekly and adjust instruction as needed.
Facilitate monthly professional development focused on using SANDI data to inform instructional planning. Include training on specialized reading strategies for our students. Include a PD on utilization of PIL charts to further enhance small group instruction.
Implement reading curriculum aligned to SANDI data and student IEP goals (HMH, EFL's & Lexia). Gather teacher feedback from varying stakeholders.
Create a PD tracker to monitor participation in SANDI-related training. Use the data to ensure equitable access and follow-up coaching for staff as needed.

Key Strategy 2 (Optional):

Offer in-person coaching and modeling of effective reading strategies that align with SANDI assessments. Schedule regular classroom observations and follow-up coaching sessions to support staff in implementing evidence-based strategies. Offer standardized curriculum for students in K-2 to expose them to specific skills training. Continuously assess student progress and adjust strategies as needed. Conduct BOY, MOY, and EOY SANDI assessments to monitor progress, analyze data, and revise instruction accordingly.

Root Cause Addressed:

Coaching & Modeling: Some staff members lack confidence or experience in implementing evidence-based reading strategies aligned to SANDI and the curriculum. There is a need for more hands-on, job-embedded professional support to bridge the gap between training and classroom practice.

Ongoing Progress Monitoring: Progress monitoring systems need to be consistently used to inform instruction across classrooms. Without regular checkpoints and structured data analysis, instructional adjustments are delayed or misaligned with student needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Pair teachers with coaches or peers for in-class modeling of evidence-based reading strategies aligned to SANDI. Follow sessions with reflective debriefs focused on Strive for Five practices like specially designed instruction and student-friendly goals.
Conduct monthly classroom walkthroughs focused on reading instruction and SANDI alignment. Share patterns and

targeted feedback in team meetings to support growth.
Facilitate embedded PD sessions on using BOY, MOY, and EOY SANDI data to inform instruction. Emphasize Strive for Five practices such as data-driven instruction and student self-assessment.
Launch data cycles within grade teams using SANDI results to guide short-term planning. Meet every six weeks to reflect on impact and adjust strategies.
Celebrate classrooms effectively implementing Strive for Five and data-informed instruction. Share these examples during PD or in newsletters to encourage schoolwide adoption.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of key strategies will be progress monitored through instructional walkthroughs, coaching logs, and SANDI data analysis cycles. We will track frequency and quality of in-person coaching sessions, teacher participation in PD, and alignment to Strive for Five practices during observations. Student-level SANDI BOY, MOY, and EOY data will be analyzed to assess instructional impact and inform mid-year adjustments. Teacher reflections, lesson plans, and intervention tracking sheets will also serve as evidence of implementation fidelity and progress toward student learning outcomes.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Host family workshops that explain the SANDI Reading assessment, student progress reports, and how families can support reading at home using accessible strategies and tools.	Parent Coordinators, Teachers, Coaches
09/01/2025	05/29/2026	Share IEP reading goals and SANDI progress updates with families during parent-teacher conferences, with supports translated into student-friendly language for home reinforcement	Parent Coordinators, Translation Services, NYCSA
10/01/2025	06/26/2026	Create take-home reading kits/homework with visual supports, sentence starters, and prompts aligned to curriculum and classroom strategies modeled during literacy lessons.	Related Service Providers, classroom teams

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional coaches, literacy leads, special education teachers, and related service providers will be leveraged to support implementation of reading interventions and model evidence-based strategies. Administrators and data team members will lead SANDI data reviews and monitor progress.

Instructional Resources

SANDI Reading Subtest, adapted literacy curricula, visual supports, sentence starters, student-friendly goal displays, and data tracking tools will be used to guide instruction and monitor student growth.

Schedule Adjustments

Dedicated time will be built into the weekly schedule and PD calendar for coaching, data analysis, and collaborative planning. Push-in and pull-out models will be structured to support targeted reading interventions without disrupting core instruction.

Other Resources Needed

Translation services and family-friendly materials to support literacy at home, printing of take-home reading kits, and possible funding for additional intervention staff or supplemental literacy tools.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, 14 staff members across 811Q received TCIS or TCIS-DD training. (Internal tracking)	Stakeholders on de-escalation teams need formal crisis training to support students effectively.	Increase the number of trained staff in TCIS and TCIS-DD to ensure all students are supported by trained adults.
P811Q Schoolwide de-escalation tracker from SY 24-25, showed a decrease in the number of times the de-escalation team has been called from September (41 calls) to June (17) calls.	Students may have a challenging behavioral moments that require assistance from P811Q de-escalation team members.	More staff being trained in how to properly/appropriately de-escalate students in need.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	14	By June 2026, the number of 811Q staff who receive TCIS and TCIS- DD training will increase from 14 to 20 when compared to the 2024-2025 school year.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Identify students with Behavior Intervention Plans (BIPs) and high rates of de-escalation calls to determine which staff members should be prioritized for TCIS and TCIS-DD training. This strategy focuses on leveraging data to match student need with trained adult support, expanding the pool of qualified staff and increasing safety across the school.

Root Cause Addressed:

Not all staff who regularly respond to student crisis behaviors have been trained in TCIS and/or TCIS-DD. As a result, there are gaps in consistent, safe, and supportive de-escalation practices across sites, settings and shifts.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify students with BIPs and high de-escalation incidents to determine staffing needs for crisis support.
Create a list of staff members who are part of crisis response or support teams and have not yet received TCIS or TCIS-DD training.
Schedule and conduct three TCIS/TCIS-DD training sessions throughout the 2025–2026 school year.
Track attendance and certification status to monitor progress toward the training goal.
Review the effectiveness of training through debrief meetings, incident logs, and potential reductions in BIP/BSP

services.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation progress will be monitored through the TCIS Certified Staff List, maintained by the administration and reviewed after each training cycle. We will collect and analyze data on the number of staff trained, compare it to identified staffing needs, and assess alignment with students who have BIPs and frequent crisis incidents. Additional data sources include de-escalation call logs, incident reports, and follow-up debriefs with trained staff to evaluate implementation effectiveness and determine if further supports or reductions in BIP/BSP services are appropriate.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host family workshops to explain positive behavior supports, de-escalation strategies, and how TCIS principles are used in the school.	Parent Coordinator, Administration, Counselors
10/01/2025	05/29/2026	Share behavior intervention plan (BIP) processes and updates with families during IEP or support meetings to build transparency.	Parent Coordinators, School Psychologists, Classroom Teams

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

P811Q Trained Trainers, behavior coach, crisis support staff, counselors and administrators will be responsible for identifying training needs, supporting implementation, and monitoring fidelity. TCIS-certified trainers will facilitate professional development sessions for designated staff.

Instructional Resources

TCIS and TCIS-DD training materials, behavior intervention templates, de-escalation protocols, and follow-up coaching tools will be utilized to reinforce skills and strategies post-training.

Schedule Adjustments

Time will be allocated within the school year calendar for staff to complete TCIS and TCIS-DD training. Dates for training will be selected in September for the school year ahead. Crisis team members may receive coverage to attend full-day training sessions across three cycles during the year.

Other Resources Needed

Funding to support the cost of training materials and facilitators, printed behavior plan updates for families, and potential stipends or extended time for after-school training sessions.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, 4% of students across 811Q moved to a more inclusive setting or class ratio. (Internal MIS/IEP tracker)	Need for awareness among staff and families about the full continuum of inclusive options. School program structures and schedules may not always support smooth transitions to new settings.	There is a need to expand inclusive opportunities for students who demonstrate readiness to move into a less restrictive/more inclusive setting.
According to the MIS/IEP tracker, Related service providers have either decreased the number of sessions (out of 406 caseloads, 77 saw a decrease) or have increased (out	Training for school stakeholders around mandates and placement recommendations.	There is a need to expand inclusive opportunities for students who demonstrate readiness to move into group

of 406, 22 increased) the number of individual to group mandates.		mandates or no longer need as many service mandates.
According to the MIS/IEP tracker, there has been 23 instances of students with 1:1 paraprofessionals making a positive change (full time para to .8, removal of 1:1 para, group inclusion from .8 to .5)	Paraprofessionals need modeling and support to facilitate success in more inclusive environments.	Training for staff to understand how students move up the continuum of services.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	4	By June 2026, the percentage of P811Q students moving to a more inclusive setting/class ratio will increase from 4% to 6%.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide targeted training for school staff on the continuum of inclusive settings, including real-life examples, case studies, and implications for scheduling and support. This training will build staff capacity to identify students who may benefit from a shift to a more inclusive class ratio and foster schoolwide alignment around inclusive placement practices.

Root Cause Addressed:

Lack of familiarity with the full range of inclusive program options. Understanding of how to scaffold student transitions to less restrictive settings. Missed opportunities for students who are ready to progress on the continuum of services.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with the PD planning team to design professional development on inclusive settings and class ratios.
Schedule and deliver targeted trainings for teaching staff, service providers, and related teams on the inclusive setting continuum.
Review IEPs and current class ratios to identify students with potential for movement to less restrictive environments.
Engage families in workshops that explain inclusive program options and how supports follow students across settings.

Use internal trackers and MIS data to monitor student transitions and adjust programming as needed to support successful inclusion

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation will be monitored through internal IEP review trackers, MIS placement data, and PD attendance records. The administrative team will track which staff members complete training on inclusive settings and analyze IEP meeting notes and class rosters to identify students eligible for more inclusive placements. Progress will be assessed by reviewing the number and percentage of students who successfully transition to a less restrictive setting and by gathering feedback from staff and families about the clarity and impact of the placement process.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host family workshops to explain inclusive class ratios, the continuum of services, and how students are supported during transitions.	Parent Coordinator, Transition Coordinator, Administration, Coaches, Classroom Teams
10/15/2025	05/29/2026	Share individualized inclusion-readiness updates during IEP meetings and invite families to observe inclusive classrooms.	Parent Coordinators, School Psychologists, Classroom Teams
10/15/2025	06/26/2026	Provide translated resources and visuals outlining what inclusive settings look like at P811Q to build transparency and trust.	Translation Services, Related Service Team

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, school psychologists, RSPs, special education teachers, paraprofessionals, and family coordinators will be involved in training delivery, student review meetings, and IEP updates related to inclusion readiness.

Instructional Resources

PD materials on inclusive practices, visual supports for explaining placement options, internal IEP readiness checklists, and sample class schedules demonstrating inclusion models.

Schedule Adjustments

Time will be allocated within PD days for training on inclusive settings. Additional coverage may be provided to allow staff to attend IEP meetings, inclusion walkthroughs, and planning sessions.

Other Resources Needed

Translation services and printed materials for families, potential consultation from D75 inclusion specialists, and technology to support student access across multiple settings (e.g., portable AAC, mobile supports).

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
May 30, 2025- 57 students aged 18–22 were participating in community-based worksites	Limited availability of business partnerships in the local community to support student placements.	Increase access to community-based worksite placements to ensure all eligible students aged 18–22

		gain vocational experience.
May 30, 2025- 3 students completing their NYCPS program participated in travel training	Travel training referrals are not consistently embedded into transition planning conversations or IEP meetings	Strengthen transition planning structures by embedding travel training into IEP discussions and individual transition plans.
SY 24-25- IEPs and transition plans have inconsistencies in reflecting real-world readiness skills in areas of travel training or job site experience. (P811Q/D75 Transition Tracker, IEP tracker)	Care Managers and outside support teams are not always involved in IEP discussions around work readiness and adult services. There is no centralized or living transition planning document (like an ITP) to guide staff and family decision-making over time.	Build a system that connects Care Managers, school staff, and families around shared employment and independence goals.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	57	By June, 2026, the number of P811Q students aged 18–22 participating in community-based worksites will increase by 24 from 57 to 81 as measured by internal tracking systems: P811Q Vocational Organization tracking sheet, Work-Based Learning (WBL) Partnership Log, and P811Q Transition Tracker.
Students with Disabilities (SWD)	3	By June, 2026, the number of P811Q program completers who participate in travel training will increase by 2, from 3 students to 5 students, as measured by P811Q Transition Tracker and an internal P811Q Travel Training Log.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Marketing & Outreach to Community Workplaces: Use engaging campaigns to showcase success stories, career benefits, and student testimonials through social media, school websites, and community events.

Develop Strong Industry Connections: Partner with businesses to offer mentorship programs, internships, and site visits that make WBL experiences more appealing.

Integrate WBL into Core Curriculum: Embed work-based learning elements into regular coursework, making participation more seamless for students. We aim to implement the Pathful curriculum for students that will be engaging in classroom vocations and community work sites.

Engage Parents & Guardians: Inform families about the long-term advantages of WBL, ensuring they actively support student involvement. Ensure families are aware of the process and future benefits of work-based learning for their children.

Expand Career Pathways: Include diverse industries and professions to appeal to a broader range of student interests.

Root Cause Addressed:

Students and parents may not fully understand WBL opportunities or their long-term benefits. We can address this by increasing visibility through social media, success stories, and targeted communications. Some families may worry about workload, safety, or career relevance. Proactively addressing concerns and educating parents strengthens student support.

Local businesses may not recognize the value of WBL or be unsure how to participate. We aim to solve this by actively building relationships, demonstrating mutual benefits, and simplifying involvement. If opportunities cater to only a few fields, student interest may be limited. Increasing variety in placements allows more students to find relevant experiences.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a review and assessment of current community-based worksite partnerships to identify gaps in industry representation.
Collaborate with the transition team to identify and prioritize potential businesses for student vocational opportunities.
Develop and distribute outreach materials (e.g., brochures, school website updates, slide decks) to introduce P811Q's work-based learning program to prospective partners.
Facilitate meetings with interested businesses to explain program expectations, student supports, and benefits of partnership.
Secure agreements with new business partners and begin coordinating logistics for student placements.

Key Strategy 2 (Optional):

Individualized Instruction: Travel training should be adapted to each student's abilities, interests, and transition goals. This may include personalized route planning, adaptive techniques, and real-world travel scenarios.

Accessibility Focus: The curriculum must incorporate tools, technologies, and strategies that address diverse student needs, including mobility challenges, sensory considerations, and cognitive accommodations.

Embedded in the School Day: Integrating travel training into daily instruction ensures consistent exposure and practice. Students can participate in hands-on exercises, guided outings, and classroom discussions to reinforce key concepts.

Pre-Travel Preparation: Before engaging in real-world travel experiences, students can build foundational skills through classroom-based simulations, map reading, safety discussions, and problem-solving exercises.

Partnerships with Local Agencies: Collaborating with transit organizations, disability advocates, and community stakeholders can provide additional resources, expertise, and opportunities for students to gain confidence in independent travel.

Ongoing Support and Assessments: Regular evaluations and check-ins allow educators to adjust strategies based on student progress, ensuring continual growth and readiness for post-transition travel.

Root Cause Addressed:

Students lack early exposure to travel training principles before reaching the transition phase. This gap means that when their transition time arrives, they have little practical experience with independent travel. Without individualized instruction, existing programs may not adequately address the varied cognitive, physical, or learning

needs of students. A standardized curriculum can leave behind those who require tailored supports. Travel training often operates as an add-on or extracurricular activity rather than being integrated into daily schedules. This disjointed delivery can result in inconsistent practice and insufficient repetition to build confidence.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review student IEPs and identify eligible students ages 14+ who may benefit from travel training aligned to their post-secondary goals.
Develop or revise a travel training readiness rubric or checklist to assess current student independence and areas for growth.
Provide PD to staff responsible for transition planning (e.g., related service providers, teachers, paraprofessionals) on how to support travel skill development.
Pilot pre-travel training sessions within the school building using visual supports, simulated routes, and role play (e.g., MetroCard use, locating exits).
Engage families through workshops or individual meetings to increase understanding and buy-in around travel training opportunities and student safety planning.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring Goal 1:
The transition team will meet monthly to monitor the expansion of community-based vocational placements for students aged 18–22. Staff will use the P811Q work-based learning tracker, review partnership outreach logs, and analyze student placement data to assess progress toward expanding worksite participation. Observational notes from job coaches and feedback from site supervisors will be used to determine student readiness and alignment with IEP goals. Progress will be discussed in transition meetings and used to adjust placement plans or support needs throughout the year.

Implementation Monitoring Goal 2:
To monitor implementation of travel training opportunities, the transition team will review the NYCPS travel training tracker, confirm referrals submitted through DOE pathways, and document internal pre-travel skill development for eligible students. Meeting notes and planning tools will be used to verify which students have completed required readiness benchmarks and IEP mandates. Progress will be tracked during quarterly reviews, and data will be used to identify additional students who may benefit from participation before the end of the school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	10/31/2025	Host family information sessions on the NYCPS travel training program and eligibility requirements	NYCPS Travel Training Office, Transition Coordinator
10/01/2025	11/28/2025	Conduct family workshops to explain vocational worksite opportunities and expectations.	Community Business Partners, Transition Coordinator
12/01/2025	01/30/2026	Provide ITP-focused IEP workshops with Care Managers and transition staff to support planning.	Care Management Organizations, Transition Coordinator
02/01/2026	03/20/2026	Share monthly newsletters highlighting student worksite success stories and training milestones.	Classroom Teams participating in WBL, Transition Coordinator
04/15/2026	06/05/2026	Offer multilingual parent meetings to review supports available for independent travel and work.	Translation services, Transition Coordinator

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Transition coordinators, school psychologists, classroom teachers, paraprofessionals, and Care Managers will support ITP development, IEP alignment, and student training sessions. Community-based worksite partners and the NYCPS Travel Training team will assist with instruction and monitoring.

Instructional Resources

P811Q's ITP (Individualized Transition Plan) template and checklist, student travel readiness assessments, vocational readiness rubrics, training materials from DOE travel training, and employer-developed task lists at partner worksites will be used.

Schedule Adjustments

Students participating in travel training or community-based worksites may need flexible program times or release periods. IEP meetings with Care Managers may be scheduled outside typical cycles to support transition planning.

Other Resources Needed

Translation services for multilingual family engagement, MetroCards for eligible students participating in training, and administrative support to maintain updated trackers for ITPs, MIS mandates, and WBL participation.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024 NYCSA enrollment report, only 69% of families had active NYCSA accounts.	Limited outreach in families' preferred languages; lack of in-	Increase enrollment in NYCSA, particularly among families of

	person support at IEP meetings or events.	students with disabilities.
Based on the internal Site Based In-Person Family Engagement Attendance Data 2024-25, P811Q has seen an overall increase (from 104 in December 2024 to 166 in May 2025) in the number of families attending P811Q events.	More in person events with translation services and access to technology for families to attend.	Need translation services and technology at events to help families sign up for NYCSA.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of Students with Disabilities (SWD)	69	By June, 2026, the percentage of parents/guardians enrolled in NYCSA will increase by 29% from 69 to 90, as measured by NYC Family Access Portal and NYCSA Enrollment Reports .

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Launch a targeted NYCSA enrollment initiative focused on families of students with disabilities by utilizing P811Q's family engagement team. This includes providing multilingual workshops during family-facing events, developing visual step-by-step guides for registration, and offering one-on-one support sessions with school staff to assist families in setting up and accessing their NYCSA accounts.

Root Cause Addressed:

Many families are not fully enrolled in NYCSA due to limited digital literacy, lack of awareness about its purpose, and the absence of individualized support for account setup, especially among multilingual or families of new admits.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule multilingual NYCSA workshops during existing school events (Back to School Night, Parent-Teacher Conferences) to introduce families to the platform.
Create and distribute printed and digital visual guides (including translated versions) for NYCSA registration, sent home in backpacks and shared via ClassDojo.
Designate school staff members (parent coordinator, data team members, family engagement team members) to provide one-on-one NYCSA registration assistance for families by appointment and during arrival/dismissal windows.
Monitor and analyze NYCSA enrollment data monthly, disaggregated by class and language, to identify outreach gaps

and adjust engagement efforts accordingly.

Celebrate classroom-based NYCSA milestones publicly (“Class with Most Sign-Ups” bulletin board) and incentivize participation through school-wide acknowledgments.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of NYCSA enrollment efforts will be monitored through monthly data reviews using the NYC Schools Account (NYCSA) administrator dashboard, disaggregated by site and class. The data review will be lead by P811Q's data team. More specifically, the data team in collaboration with the family engagement team will track participation rates, workshop attendance, and one-on-one family support sessions. Internal logs will document when resources were distributed and which families received registration help. Progress will be discussed at monthly cabinet meetings and shared with classroom teams to target outreach and ensure equitable access. Feedback from families will also be collected during events and used to refine communication strategies and technical support offerings.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/09/2025	10/15/2025	Host NYCSA launch sessions during back-to-school events and IEP meetings to support account setup and login.	Parent Coordinators, Family Engagement Team
10/16/2025	12/19/2025	Distribute multilingual visual guides and video tutorials for NYCSA navigation during family engagement nights and via classroom folders.	DOE Translation Services, Family Engagement Team
01/06/2026	02/27/2026	Offer one-on-one tech support workshops for families with limited access or digital fluency.	P811Q Technology coordinator, P811Q Data Team
03/03/2026	04/17/2026	Send monthly family reports through NYCSA to encourage regular account use and visibility of student information.	Parent Coordinator, Family Engagement Team, Data Team
04/13/2026	06/19/2026	Conduct an end-of-year NYCSA celebration for families who consistently use their accounts, and gather feedback to guide next year's plan.	PTA, parent Coordinator, Admin, Classroom Teams

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Technology Coordinator, classroom teachers, and paraprofessionals to assist with family outreach and account setup during school events and IEP meetings.

Instructional Resources

NYCSA multilingual family guides, translated DOE video tutorials, QR codes for account setup, printed step-by-step login handouts, and digital bulletin board space for reminders.

Schedule Adjustments

Designated NYCSA support times during Family Engagement Tuesdays and select evening/weekend events; use of IEP meeting slots for one-on-one NYCSA walkthroughs.

Other Resources Needed

DOE-provided NYCSA data reports to track account activation, laptops/iPads for on-site family sessions, and DOE translation and interpretation services for real-time language support.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2024–2025 NYCPS attendance reports from Insight Attendance Tracker, P811Q's overall attendance rate was 88%.	Families of students with disabilities may not consistently report absences, and some students miss school due to chronic medical issues, fatigue, or lack of transportation.	Improve student attendance and reduce chronic absenteeism by building stronger systems for family communication and interventions.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	88	By June 2026, the overall attendance rate for P811Q students will increase from 88% to 90%, as measured by Insight Attendance Tracker.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish a multi-tiered system of attendance support that includes real-time data tracking, individualized outreach, and stronger family-school partnerships. The strategy will leverage our existing attendance teams to regularly review Insight data and identify at-risk students early. We will implement tiered interventions including positive reinforcement for good attendance, wellness calls, home outreach, and partnerships with community-based organizations for families experiencing chronic barriers.

Root Cause Addressed:

Capacity for personalized family outreach and lack of consistent intervention strategies when early warning signs of chronic absenteeism arise.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Utilize the Insight Attendance Tracker weekly to identify students with emerging or chronic absenteeism patterns, and flag them for immediate outreach.
Implement tiered intervention protocols, including initial wellness calls, follow-up home visits by the attendance team, and scheduled parent meetings for students missing 10% or more school days.
Launch a monthly attendance celebration recognizing students with improved or perfect attendance to promote positive reinforcement.

Provide professional learning for staff on the impact of chronic absenteeism and culturally responsive family engagement strategies to reduce barriers.

Partner with Care Managers and community agencies to support families with chronic needs such as housing instability or medical concerns that affect consistent attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of chronic absenteeism strategies will be monitored by the school's Attendance Team, which meets weekly and includes school aides, unit coordinators, attendance teachers, counselors, and administrators. This team will use the Insight Attendance Tracker and Chronic Absenteeism Reports to review weekly attendance data, identify trends, and flag students needing tiered interventions. The team will document outreach efforts, interventions, and follow-ups in a shared log and analyze monthly attendance rates to assess progress toward the 90% target. Success will be determined by consistent improvement in attendance metrics and reduction in chronic absenteeism cases across all monitored periods.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host monthly attendance-focused family workshops to discuss routines and resources.	NYCPS Attendance Office
09/04/2025	06/26/2026	Conduct ongoing home outreach and support calls from attendance staff and counselors.	School Counselors, Social Workers
09/04/2025	06/26/2026	Share family-friendly attendance data reports and NYCSA sign-up resources.	Parent Coordinator
09/04/2025	06/26/2026	Offer interpretation and translation services during attendance meetings and outreach.	DOE Translation Services

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance team consisting of school aides, unit coordinators, attendance teachers, counselors, and administrators who meet weekly to monitor student attendance and coordinate family outreach.

Instructional Resources

Insight Attendance Tracker, Chronic Absenteeism Reports, and attendance intervention toolkits provided by the district.

Schedule Adjustments

Protected time for weekly attendance team meetings; early morning or late-day slots allocated for family outreach calls.

Other Resources Needed

Translation services for multilingual family communication; funding for parent engagement events and transportation assistance where applicable.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
73% of students aged 14–22 attended their IEP meetings (Student Participation Google Form, from Sept. 2024 to June 2025)	Students are not consistently taught self-advocacy or given routine	IEP Development and Fidelity of Implementation

	opportunities to participate in their IEP development.	
Only 2% of students moved to more inclusive settings or experienced increased independence through reduced paraprofessional support (P811Q Compliance Record, from Sept. 2024 to June 2025)	Limited structures are in place to assess student readiness for independence and inclusion; staff are not always trained to support inclusive transitions.	Transition Planning and Compliance
The special Education Student Information System (SESIS) indicates that 100% of our students have IEPs.	We are a D75 school that specializes in students with disabilities.	Referral Process and Equity
Observational data shows ~12 students lead components of IEP meetings (IEP Rubric Pilot, 2024–2025)	Staff report limited confidence and training in coaching students to speak up and lead parts of the IEP conversation.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	73%	By June 2026, the percentage of students aged 14 to 22 attending their IEP meeting will increase from 73% to 75%, as measured by the P811Q IEP Tracker.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Establish and sustain a dedicated Transition Team responsible for promoting student participation in IEPs. This team will design and implement structured instruction that teaches students what an IEP is, their role in the process, and how to advocate for themselves. The team will also create individualized, adapted communication materials to help students have an active voice during IEP meetings.

Root Cause Addressed:

Explicit instruction and accessible tools to understand and participate meaningfully in their IEP meetings, leading to low engagement and limited self-advocacy.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional learning to transition team members on teaching self-advocacy skills and facilitating student participation in IEP meetings.
Develop and distribute adapted materials (visual supports, communication boards) that support students in understanding and navigating their IEPs.
Schedule and facilitate small group or 1:1 instructional sessions to teach students what an IEP is, their rights, and how to contribute meaningfully.
Track student attendance at IEP meetings using a shared participation Google Form and review trends quarterly.
Highlight student participation through bulletin boards, newsletters, and classroom recognition to reinforce the importance of student voice.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress toward this goal will be monitored by the transition team, who will meet monthly to review student participation data collected via the Student Participation Google Form. The team will analyze trends in IEP attendance across age groups, identify students not yet participating, and adjust instruction or supports as needed. Additional data sources will include IEP attendance pages and anecdotal feedback from case managers. The transition team will track professional learning completion logs and the distribution and use of adapted materials. Progress checks will occur in alignment with the Progress Reporting Tool (PRT) submission windows.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	12/19/2025	Host IEP information sessions and workshops for families to learn about student voice, IEP participation, and transition planning. Provide translated materials and interpretation services to support full participation.	District 75 Translation Services, Parent Coordinator, NYC DOE Office of Family and Community Engagement
01/05/2026	03/20/2026	Implement monthly progress updates via Google Forms and letters to families about student progress toward transition goals, with opportunities for family feedback and discussion.	Transition Team, Related Service Providers, District 75 Transition Office
03/01/2026	06/12/2026	Involve families in student-led IEP prep through meetings and materials that support students communicating preferences and goals.	Transition Team, Special Education Teachers, Bilingual Social Workers

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Transition Team members, including speech providers, SETSS teachers, related service providers, and assistant principals, will support student preparation for IEP participation. Bilingual social workers and parent coordinators will assist in family communication and student self-advocacy.

Instructional Resources

Adapted IEP planning materials (visuals, sentence stems, and symbol-supported guides), communication devices, and student-friendly IEP templates will be used to help students prepare for and actively participate in their IEP meetings.

Schedule Adjustments

Time will be built into instructional periods and related service sessions for direct instruction on transition planning and IEP self-advocacy. Scheduled time will be allocated during advisory or cluster sessions for students to rehearse participation in mock IEPs.

Other Resources Needed

Translation services, printing budgets for personalized IEP visuals, and family outreach support tools (e.g., mailers, translated tip sheets, interpreter scheduling).

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	IEP Data Collection/Progress Monitoring	Instructional Grouping	1:1 Instruction	During School	Yes
Tier 2	IEP Data Collection/Progress Monitoring	Instructional Grouping	Small Group Instruction	During School	Yes
Tier 2	IEP Data Collection/Progress Monitoring	Instructional Grouping	Targeted Instruction to Generalize Skills	During School	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Data Collection	Behavior Modification	Individualized Behavior Systems/Behavior Support Plans & Token Boards	During School	No
Tier 3	Data Collection/Progress Monitoring	Behavior Modification	Behavior Intervention Plan/FBA/BIP/1:1 Paraprofessional Support	During School	No
Tier 3	In-place supports are not sufficient	Behavior Modification	Onsite De-escalation Team	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

We share this information with families during monthly family support group meetings and monthly town hall meetings. We also invite families who are on SLT to join our monthly school safety meetings to discuss our mutli-tiered support systems in regard to student behavior/de-escalation calls.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families typically receive weekly updates from classroom teams regarding students behavior and intervention plans. Teachers use ClassDojo to communicate with families during 55 minute remote parent engagement.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families of students receiving tier 3 intensive interventions are contacted by classroom teams, school counselors, school psychologists, and anyone else that interacts with the child throughout the day for a case management meeting/check in. Case management meetings review how the child is currently doing, how the child has been responding to interventions and the team overall reflects on the progress to determine if any changes need to be made. In some cases HIPPA forms are sent home with the students so the team can contact and medical professionals that are involved with the case at home.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

45 total students in Temporary Housing

27 doubled up

16 shelter

2 hotel

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Parents of STH students face a lot of personal challenges in day-to-day life such as basic needs, mental health supports, language barriers, and transportation. We will continue to stock our food pantries and "clothing closets" at our sites. We plan to hold mental health resources during our family support groups this year due to a growing need.

We will monitor new admits and keep a record of students placed in temporary housing and have our parent coordinator conduct frequent outreach.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Instructional devices with mobile network support/hotspots; provision of non-digital instructional textbooks and resources, in-school food pantry and clothing provision, distribution of book bags, hygiene, and school supplies.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

1

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

School counselors and social workers provide consistent support through check-ins and access to therapeutic services. Academic interventions are tailored to address gaps caused by transitions, and progress is closely monitored. Collaboration with caregivers and caseworkers ensures continuity of care, while transition planning supports long-term success.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

N/A

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P811Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P811Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P811Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Nicole Avila
Assistant Principal (Where Applicable)*	Nicole Zurita
English as a New Language (ENL) Teacher*	Marsi Ashafi
Teacher (if school has a bilingual program must be a bilingual teacher)*	Yaniree McGrath
Parent/Guardian*	Yormary Penagos
Teacher	
Parent Coordinator	Sonja Sylvers
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

1

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

560

Total number and percentage (%) of current ELLs:

25%

Total number and percentage (%) of former ELLs:

.4%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

40.7%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

20%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

39.3%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

5.7%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

99.3%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Special Class	Spanish	2025-26			.33	.33	.34									1.00
DLBE																	0
DLBE																	0
				total: 0	total: 0	total: 0.33	total: 0.33	total: 0.34	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In a stand-alone ENL class, students receive English language development instruction taught by a NYS certified teacher of English to Speakers of Other Languages (ESOL) to acquire the English language needed for success in core content areas. Following this model, the ENL teachers bring the ENL students out of their classrooms and take them to a separate location for ENL instruction based on IEP-mandated ratios. MLs/ELLs work intensively in small heterogeneous (mixed proficiency levels) groups or individually on targeted language acquisition skills and content areas such as science, social students, health, and math. Instruction is specifically designed to enhance student choice and voice in learning while focusing on language acquisition skills and vocabulary building.

ENL teachers plan collaboratively and proactively with classroom teachers to empower students to pursue passions while classroom teachers ensure curricular alignment and an appropriate instructional pace. Stand-alone groups are organized based on learning goals and objectives. When planning the ENL stand-alone schedule, ENL teachers consider the students' classification on the IEP, student-staff ratio, students' ages, and the CR Part 154 mandates, and make every effort to provide MLs/ELLs with the mandated number of ENL instructional units. In the stand-alone model, alternate placement paraprofessionals accompany the students when they are pulled out for ENL services.

Integrated ENL:

Students receive core content area and English language development instruction, including the use of the home language as support, and appropriate ELL instructional support, to enrich comprehension.

ENL teachers provide MLs/ELLs with language acquisition instruction and intensive vocabulary support by utilizing a variety of ENL methodologies and specially-designed language instruction materials. Within the Integrated Model, ENL teachers co-teach with classroom and/or cluster teachers in all content areas that follow the school-wide curriculum/monthly instructional themes. Every effort is made for MLs/ELLs to receive the number of units of ENL instruction as per CR Part 154. MLs/ELLs also receive content area instruction by certified special education teachers.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

P811Q does not have any students enrolled in a TBE. See above for student enrolled in our DLBE program.

Dual Language Bilingual Education (DLBE):

Our DLBE class is an 8:1:1, grades 2-4 class. at one P811Q site. The students in this 8:1:1 are on varying levels of proficiency as reflected by their scores on the most recent Spring 2024 NYSESLAT report. These students are ungraded and classified as students with cognitive disabilities. Differentiated instruction is provided throughout the day. Students are grouped by level of language fluency and academic proficiency for instruction whenever possible. The classroom teacher is special education certified teacher with a bilingual extension who would provide all ENL minutes. Standalone and integrated ENL both take place within the literacy block.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

P811Q ensures the mandated number of instructional minutes is provided according to students' English language proficiency levels in each program model, ENL and Bilingual. When planning our organization, we strategically place our ENL students into classes together to maximize group size which supports the number of minutes required.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Special education teachers provide ELA within their special classes. Our ENL teachers provide standalone and integrated, with special education teachers. Our Bilingual Certified Special Education Teacher provides Home Language Arts to the bilingual students in her Mixed Group special class.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

All the students are Spanish speaking ELLs, some of whom require bilingual education as per their IEP while some are recommended for ENL only.

b. In which language(s) is each core content area taught?

English, Spanish

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

P811Q does not have a TBE class.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to our Spring 2025 ELL Data Analysis Tool, 40.7% (57) of ELLs at 811Q are newcomers in the 2024-25 school year. At P811Q, services to newcomers includes developing initial literacy in a native language, fostering a nurturing environment to facilitate language production in English, and/or assignment of alternate placement paraprofessionals to ELLS with a Bilingual recommendation who receive only ENL. The administrative team and staff members at P811Q work hard to ensure a comprehensive, age appropriate, differentiated, standards-based curriculum is in place to support all of our MLLs/ELLs and ensure Newcomers have additional supports available to improve basic English language skills (reading, writing, speaking and listening). Newcomers who meet the age requirement will take part in NYSAA. Newcomers have a greater emphasis on basic literacy skills while Long Term ELLs have a greater focus on academic vocabulary with a reduced emphasis on basic literacy skills.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to our Spring 2025 ELL Data Analysis Tool, 5.7% (8) of ELLs at 811Q are SIFE students in the 2024-25 school year. The supports provided to SIFE students are similar to those outline above for our Newcomers as we have found that their needs are very similar when it comes to language acquisition. In addition, they will receive scaffolded academic instruction across content areas, support with school routines and basic academic skills. The focus is on developing initial literacy in a native language, fostering a nurturing environment to facilitate language production in English and/or assigning an alternate placement paraprofessional to SIFE students who have a bilingual recommendation but are only receiving ENL services.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to our Spring 2025 ELL Data Analysis Tool, 20% (28) of ELLs at 811Q are considered developing and 39.3% (55) are considered Long Term ELLs in the 2024-25 school year. The ELLs in the developing group, will continue to receive interventions. Differentiated instruction is provided according to language proficiency levels and individual learning needs. Our school will continue to implement comprehensive, age-appropriate, differentiated, standards based curriculum to support MLLs and ELLs with significant disabilities to develop and enhance basic English language skills and knowledge in all subject areas. Our diverse population of MLLs and ELLs also can participate in our Saturday Title III program to further enhance their language skills and social communication skills. All instruction and instructional materials for Long Term ELLs are modified, adapted and differentiated to meet their unique learning styles, communication needs and current levels of English proficiency. These students follow a specially designed curriculum to empower them to comprehend concepts in English, retain new knowledge and perform novel tasks, communicate to the best of their abilities, and participate in both the classroom and school-wide activities. Individually designed and assessment based homework is assigned for Long Term MLLs/ELLs to have additional opportunities to improve the English language skills they both need inside and outside of the classroom.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to the Spring 2025 ELL Data Analysis Tool, .4% (2) of P811Qs MLL/ELL population is considered a former ELL. One former ELL is an inclusion student and is receiving mandated instruction with their community school peers in their classes. The other former ELL is in a self-contained class and is receiving mandated instruction within their class through small group instruction. As a school we are providing students who are former ELLs with two additional years of support, including project-based learning and other instructional services.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

MLLs/ELLs at P811Q require a longer prior of time to become English proficient due to their multiple disabilities, which include cognitive delays, learning disabilities, physical, visual or hearing impairments, and autism. Their performance on the yearly state and local assessment tests fluctuate for the aforementioned reason. After matching attendance records of MLLs/ELLs at P811Q with their daily school performance data in all subject areas as well as their performance on the yearly state and local assessments such as NYSAA and SANDI/FAST, those who attend school on a regular basis tend to perform better in learning and acquiring needed English language skill, gleaming more insights and retaining more knowledge from a variety of content areas than those who are frequently absent from school. As per the Spring 2025 ELL Data Analysis Tool, 1.4% of our Ells have as many as 10 at-risk indicators and 31.4% have at least three at-risk indicators. We have noticed that their attendance tends to affect their achievement, especially during specific testing periods.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

MLLs/ELLs at P811Q require a longer prior of time to become English proficient due to their multiple disabilities, which include cognitive delays, learning disabilities, physical, visual or hearing impairments, and autism. Their performance on the yearly state and local assessment tests fluctuate for the aforementioned reason. After matching attendance records of MLLs/ELLs at P811Q with their daily school performance data in all subject areas as well as their performance on the yearly state and local assessments such as NYSAA and SANDI/FAST, those who attend school on a regular basis tend to perform better in learning and acquiring needed English language skill, gleaming

more insights and retaining more knowledge from a variety of content areas than those who are frequently absent from school. As per the Spring 2025 ELL Data Analysis Tool, 1 of our former ELL students has 2 at risk factors and the other one of our former ELL students has 6 at risk factors.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The Home Language Identification Survey (HLIS) for the 140 MLLs/ELLs currently enrolled at P811Q reveals that the first four major home languages are Spanish (71), Bengali (30), Chinese (16), and Arabic (6). Students whose IEP recommendation is bilingual service, but for whom no bilingual class placement exists, are assigned alternative placement paraprofessionals. When a need arises to hire new paraprofessionals, preference is given to applicants who speak the native languages of bilingual students. Continued efforts are made to place MLs/ELLs who speak languages other than English in the same classes in order to provide them with the required ENL units as per CR Part 154 mandates and facilitate peer tutoring and social communication/interaction. Licensed ENL teachers provide mandated ENL services in a stand-alone/integrated program. The alternate placement paraprofessionals are involved in collaborative planning with ENL teachers, participate in students' IEP meetings and parent-teacher conferences, and conduct ongoing communication through notes and phone calls with the students' parents about the MLs/ELLs' individual learning needs. The alternate placement paraprofessionals are provided with professional development opportunities to acquire the knowledge and skills related to ENL instruction and bilingual education. The Bilingual teacher for the Spanish TBE/MGC class conducts lessons using the Home Language support in all content areas during the majority of the day based on the students' learning needs and their NYSESLAT scores/levels. Some of the paraprofessionals in the TBE/MGC class speak the home language of the students. The classroom library also contains a plethora of non-fiction as well as age and content-appropriate books that are published in English and Spanish. Students also have access to Sora, a vast digital library that emphasizes diversity and Culturally Responsive-Sustaining Education (CR-SE). Sora is particularly beneficial for our MLs/ELLs because books are available in 10 languages, including English, Spanish, French, and Chinese, with some books available in over 20 languages. Whenever feasible, school notices are sent home in both English and the parents' preferred languages, such as Arabic, Bengali, Chinese, Korean, and Spanish. Translation and/or interpretation services are also provided by the school's translation and interpretation team when parents are invited to attend meetings and/or school-wide events, such as holiday celebrations and parent engagement nights.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Among the 140 MLLs/ELLs currently enrolled at P811Q, 25.7% are White, 40% are Asian, 13.1% are American Indian or Alaskan Native, 16.4% are Black, 8.6% are Native Hawaiian or other Pacific Islander, and 3.6 % are Multiracial. These students can further be divided into two ethnic groups, with 72 of Hispanic origin and 68 of Non-Hispanic origin. MLLs/ELLs at P811Q are included in the planning and delivery of Culturally Responsive-Sustaining Education (CR-SE). Our curriculum is enriched with the beauty of our students' cultures and unique life perspectives, and provides multiple opportunities for students to partake in colorful celebrations that highlight their unique cultural identities, such as Hispanic Heritage Month, Black History Month, and Asian Pacific Islander Heritage Month. We have also worked diligently to create student-centered and nurturing learning environments for our MLLs/ELLs to ensure that our Bilingual and ENL programs are culturally responsive to the diverse and unique learning needs of our students. This way, we can affirm their cultural identities, foster positive academic outcomes, develop their abilities to connect across lines of difference, elevate historically marginalized voices, empower our students as agents of social change, and contribute to individual student engagement, learning, growth, and achievement through critical thinking. We strive to incorporate our MLLs/ELLs' cultural and language backgrounds into the instructional planning

and programming to the best extent possible. We invite our MLLs/ELLs and their parents/guardians to share their cultures and traditions with the school community and voice their opinions or suggestions as to what cultural topics and contents they hope to be included in the school curriculum. Schoolwide activities include dance parties, assemblies, cultural celebrations, and Title III programs that celebrate our MLs/ELLs' cultures, especially where our MLLs/ELLs play roles in planning for each school year. We also remain open to any creative ideas as to how we can execute best practices in implementing the Culturally Responsive-Sustaining Education (CR-SE) framework as well as continue to provide rewarding educational experiences for our MLLs/ELLs.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 ELL Data Analysis Tool, 2 students met ELP progress by exiting ELL status, 7 students met annual ELP progress target and 99 students did not meet ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Looking at the results of the NYSESLAT, it is clear that the majority of our MLL/ELL population is in the Entering proficiency level with 78 of the 127 tested being at that level. This is representative of our population as many have cognitive disabilities that affective their communication and language skills. A majority of P811Q students participate in alternate assessment and therefore the NYSESLAT is not an appropriate tool to measure students' ELP. When looking at trends from other assessments like SANDI, we see that our MLL/ELL students require more support in listening.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Since all our MLLs/ELLs at P811Q have IEPs, the performance on the NYSESLAT exam mimics their performance on other state assessments. Those who are alternately assessed through NYSAA, perform at their appropriate cognitive level, as that assessment is tailored to meet the needs of our MLLs/ELLs that have significant disabilities. One expanding ELL did not pass the ELA Regents and one commanding ELL received a level I on the ELA Regents, this data is found on page 14 of the Spring 2025 EDAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

At P811Q, all of our Ells have IEPs. A total of 127 ELL students with IEPs (78 Entering, 22 Emerging, 14 Transitioning, 11 Expanding, 2 Commanding, took the 2024 NYSESLAT exam. Trends reflected in the NYSESLAT results of ELL subgroups such as Ells with IEPs and SIFE are these students may perform at lower levels based on their language, literacy, academic, socio-cultural, and emotional needs, as well as length of time spent away from the learning environment. Self-esteem is generally impacted. Consequently, P811Q creates sound structures for family and peer support and opportunities for all students to use their home languages as a resource, ensuring all students have access to appropriate technology and the requisite skills to access the curriculum and additional educational resources.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

All of our ELLs are on track towards graduation to receive a skills and achievement credential.

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

All of our ELLs in grades 11-12 have a documented post-secondary plan in SESIS.

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

P811Q has a strong support system in place to ensure our ELLs are currently on-track to graduate. For example, our school offers comprehensive and welcoming intake orientations, home visit arrangements, block scheduling, thematic/project-based units, extended day supports, flexible scheduling, and active family engagement. Our staff carefully considers the needs of each ELL student using flagged indicators, and matches support to their individual needs. Our administrative team also regularly reviews student progress and the effectiveness of supplemental support. The varied indicators for each ENL student as well as their progress in those areas are closely monitored. Progress data for subgroups of MLLs/ELLs is evaluated to determine the effectiveness of supports for specific student needs.
The majority of or MLL/ELL population graduate with a certificate as they participate in alternate assessment.

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

A majority of P811Q students are alternately assessed. All of our students are on track to receive a skills and achievement credential.

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

The Instructional Leadership Team (ILT) considers MLs/ELLs in the school's instructional design. The team meets monthly to create a purposeful plan of action through cycles of inquiry-driven professional learning to provide multiple pathways to incorporate the combined practices outlined in Teaching Advanced Literacy Skills using the principles of Culturally Responsive-Sustaining Education (CR-SE) school-wide. In the 2024-2025 school year, the school ILT will continue to incorporate into staff development and the teachers' day-to-day best practices of "P811Q - Strive for Five."

The ILT ensures that teachers utilize a variety of diverse texts which feature big ideas, rich content and multiple perspectives, discussions to build language and knowledge, use of extended writing as a platform to build language and knowledge, and the implementation of sets of high-utility vocabulary to support MLs/ELLs with improving language skills and knowledge across content areas. A Bilingual teacher, speech language pathologist, and Assistant Principal are all members of the team.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team (ILT) ensures that ELLs have access to core instruction/curriculum through the purchase and implementation of curriculum HMH Into Reading, Really Great Reading and Attainment Math. These curricula are all part of the district's CORE curriculum. With the implementation of HMH Into Reading, teachers received and will continue to receive coaching to ensure instruction is aligned to literacy skills. HMH Into Reading also has a Spanish version, HMH Arriba, that the bilingual teachers have access to in order to enrich their instruction in their home language.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Transitional Bilingual Education (TBE)/MGC and ENL Program: Bilingual and ENL teachers apply research-based instructional approaches and methods in order to foster language development and meet the demands of the Next Generation Learning Standards. The TBE/ENL teachers deliver the core contents in English (and/or Spanish if it's a TBE or DL class) using ENL strategies (e.g., TPR, LEA, etc.) guided by the research tied to Advanced Literacy and incorporating Culturally Responsive-Sustaining Education (CR-SE) practices to facilitate student learning. Academic vocabulary instruction is provided via the use of adaptive storybooks, non-fiction books, storyboards, Boardmaker symbols and SymbolStix. Writing instruction is delivered through the use of rubrics, graphic organizers, peer-to-peer editing, communication boards, and augmentative communication devices, as needed. Lessons and the classroom environment are specially-designed to encourage rich discussion between and among the students.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELL students at P811Q are students with IEPs. All instruction and instructional materials are age and grade-appropriate, research-based, specially designed, modified, and adapted to meet students' unique learning styles and communication needs. All materials are differentiated based on individual student needs and English proficiency levels. The students follow a modified curriculum to permit them to understand concepts, learn new tasks, retain knowledge, communicate to the best of their ability, and participate in classroom activities.

The teachers of MLs/ELLs of P811Q use instructional strategies and grade-level materials, including technology, to provide access to academic content areas and accelerate English language development. They organize vocabulary instruction within content-based units of study and grade-level materials that involve reading, writing and dialogue. They collaborate with the classroom teachers to select a small set of useful and complex words that compliment the unit of study with word-learning strategies. Students may study the selected vocabulary words using multiple methods to develop their oral and written language skills across content areas such as ELA, Math, science and social studies. For example, they will learn a small set of thematically related vocabulary to deepen their understanding of the content.
The following strategies are used with students with disabilities: Whole Language Approach, Multi-sensory approaches, modeling and social scripts.

Materials that we use: Communication devices, communication boards, PECS (Picture Exchange Communication Systems), Vizzle, Boardmaker, SymbolStix, Powerpoint, Google Slides, ebooks and adapted materials.

b. SIFE

SIFE students at P811Q require a longer period of time to become English proficient due to their interrupted formal education coupled with multiple disabilities, cognitive delays, and learning disabilities. ENL teachers collaborate with classroom and cluster teachers to provide SIFE students with language acquisition and vocabulary support by using carefully-selected ENL methodologies and meaningful, age-appropriate instructional materials that are based on students' current levels of English proficiency, individual learning needs, and preferred modalities of our MLs/ELLs.

Instructional strategies and grade-level materials include technology to provide access to academic content areas and accelerate English language development. Vocabulary instruction is infused within content-based units of study that involves reading, writing, and dialogue. In addition, ENL teachers collaborate with classroom teachers to select a small set of complex, useful words that compliment the unit of study with word-learning strategies. SIFE students

may first learn a small set of thematically-related vocabulary to deepen their understanding of the content. The following strategies are used with SIFE students with disabilities: Whole Language Approach, multi-sensory approaches, modeling, and relevant social scripts. Materials that we use to deepen understanding and accelerate learning for our SIFE students include communication devices, communication boards, Picture Exchange Communication Systems (PECS), Vizzle, Boardmaker, SymbolStix, PowerPoint, Google Slides, Sora, ebooks, and adapted materials.

c. Newcomers

ENL teachers collaborate with classroom teachers to select a small set of complex, useful words that compliment each unit of study with word-learning strategies, and Newcomer students are taught thematically-related vocabulary and key concepts to deepen their understanding of grade-level content. The following strategies are used with Newcomer students with disabilities: Whole Language Approach, multi-sensory approaches, modeling, and relevant social scripts. Materials that we use to deepen understanding and accelerate learning for Newcomer students include communication devices, communication boards, Picture Exchange Communication Systems (PECS), Vizzle, Boardmaker, SymbolStix, PowerPoint, Google Slides, Sora, ebooks, and adapted materials.

Newcomers may receive tutoring support and an academic buddy to develop initial literacy in the home language, as well as a nurturing environment to facilitate language production in English, and/or assignment of alternative placement paraprofessionals. Newcomers who meet the age requirement will take part in the NYSAA.

d. Long Term ELLs

All instruction and instructional materials are specially-designed, research-based, modified, and adapted to meet students' unique learning styles and communication needs. All materials are differentiated based on students' ages and grade levels, individual student needs, and English language proficiency levels. All instructional strategies are adapted to diverse learning styles of our students. The students follow a modified curriculum to permit them to understand concepts, learn and retain new tasks, communicate to the best of their ability, and participate in the classroom activities. These students require more than six years to become English proficient. Considering their ages, there is an emphasis on functional literacy and communication that will support students in their post-secondary settings.

Technological materials that we use to deepen understanding and accelerate learning for Long Term students include communication devices, communication boards, Picture Exchange Communication Systems (PECS), Vizzle, Boardmaker, SymbolStix, PowerPoint, Google Slides, Sora, ebooks, and adapted materials.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school uses curricular, instructional, and scheduling flexibility to enable ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment. We apply a collaborative team approach, which includes Special Education teachers, TBE/ENL teachers, speech, occupational and/or physical therapists, who co-plan their instruction and work together on schedules and lesson planning. Teachers work together simultaneously to enlighten classrooms of students. Teachers work as a team to reinforce learning and provide assistance to students, as needed. Teachers also share ideas, resources, and strategies to provide specially-designed instruction tailored for each individual student.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

ENL and Bilingual teachers make sure home language support is assessed and delivered in each program model. ELL students in Transitional Bilingual Education (TBE) receive Home Language Arts (HLA) instruction. ELL students in the ENL program receive content area instruction in English with home language support and appropriate scaffolds from the teachers and AP paraprofessionals for students with Bilingual recommendations in their IEPs. Alternate placement paraprofessionals are utilized when needed to support the home language.

Students in the bilingual class are assessed in their home language during HLA and Spanish core content. Alternate paraprofessionals assess language via classroom self-assessment's that are translated in their home language, they monitor and log progress in SESIS. Bilingual speech therapist assesses home language for students who receive bilingual speech.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

At this time, 811Q does not offer language electives as our students are exempt from the LOTE requirement per their IEPs.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At P811Q there are multiple systems and structures that support co-teaching and collaboration. The first being our extended day on Mondays, where teachers receive professional development in multiple areas of instruction. During this time there is opportunity for teachers to unpack and plan for instruction. At 811Q we also hold weekly department meetings where teachers collaborate and co-plan around the curriculum and discuss modifications for our students, including ELLs.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The P811Q Professional Development (PD) Committee meets regularly to plan for the professional learning sessions that are facilitated throughout the school year for all staff, which includes administrators, teachers, and non-pedagogical staff. PD sessions incorporate learning specifically related to the academic and social-emotional needs of MLs/ELLs. The school administration ensures that teams of teachers and paraprofessionals collaborate to create presentations based on the assessed needs of the school with an emphasis on goals embedded within the Comprehensive Educational Plan (CEP) of the school. The MLs/ELLs are one of the targeted groups of students within the plan. Therefore, PDs are purposely planned to promote the social-emotional learning for these students, which infuse culturally responsive teaching strategies and the research-based Hallmarks of Advanced Literacy. These meetings are held during Chancellors' Regulation days, during allotted monthly school-wide meetings, and include administrators, teachers, paraprofessionals, and related service providers. Attendance is taken for staff and the sessions are recorded in order for all staff to have access to the training.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development plan is created in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

P811Q will offer professional development that will outline the following topics: the procedures for identifying MLs/ELLs at five proficiency levels, the criteria and process for identifying and supporting MLs/ELLs with disabilities, address parental rights, teacher responsibilities for recording and reporting MLs/ELLs-related data, and so on. In order to help our staff members meet the CTLE requirements, we are encouraged to check the district and the RBERN@Fordham website regularly for related professional development opportunities. Related information will also be shared via email and the school's informative newsletter, published at the start of every week. As part of the professional development plan, specialized training is offered by the PD planning committee to promote methods to enhance co-teaching strategies and collaboration between TBE/ENL teachers and classroom staff. This will help provide teachers and paraprofessionals with high-quality support, feedback, and direction to improve their instructional practice. Training is conducted to train teachers on how to design and deliver instruction that is culturally and linguistically appropriate for all diverse learners, including those with Individualized Education Programs (IEPs).

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Informal translated diagnostic assessments are utilized as screening assessments and are provided to students prior to units of study. Bilingual teachers adapt assessments based on students' proficiency levels in English and Spanish. P811Q uses the district-wide assessment Student Annual Needs Determination Inventory (SANDI-FAST) in order to guide instructional planning for our ELLs. We analyze, discuss, and use data to address interventions and determine students' performance on specific skills. Data drives all instructional planning and grouping.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Intervention programs that P811Q has access to and pilots is Lexia for our MS/HS classes and Waggle for our K-5 classes.

In ELA, we use Lexia for middle and high school ELLs and will continue to use HMH Into Reading and Really Great Reading with our elementary ELLs. In Math we use Attainment across all grade levels. In Science, teachers modify lessons from Mystery Science and for Social Studies, the students work with Unique because it is a multi-disciplinary curriculum. All of these programs are offered in English. HMH Into Reading is also offered in Spanish.

P811Q will also offer Sora, a quick and seamless way for students to access and delve into digital books that emphasize diversity and Culturally Responsive-Sustaining Education (CR-SE). Students can log in using their school credentials and access hundreds of ebooks and audiobooks on virtually any device. This digital collection is available at any time, and fosters autonomy by encouraging students to partake in their own independent reading adventures. Sora is particularly beneficial for our MLs/ELLs because books are available in 10 languages, including English, Spanish, French, and Chinese, with some books available in over 20 languages.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

One of P811Q's instructional practices is data driven instruction. We ensure that all of our students who are considered ELLs receive instruction that is specially designed based on data informed decisions. Some tools that P811Q uses is our Data Forms Handbook, which is a resource that provides data tracking tools for our teachers.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use teacher-created assessments (such as quizzes, questioning, worksheets, and IEP-related data sheets). We also utilize Next Step Star rubrics (school-wide rubrics), and self-assessments to inform understanding and drive instruction. In addition, P811Q alternately assessed students to participate in the SANDI-FAST formative assessments. Students' data may be used to create appropriate groupings for ENL classes as well as differentiated instruction based on Levels of Performance in SANDI.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our ENL and Bilingual teachers ensure that MLs/ELLs are evaluated appropriately in their home languages throughout the year. Once a language other than English is found to be the primary language utilized at home, a teacher and/or a paraprofessional who speak the home language of the student will conduct initial interviews with the parents to gather information about the history of home language utilization and the students' levels of English language proficiency. The Home Language Identification Survey (HLIS) both in English and the student's home language and a thorough interview are utilized during this process, as delineated in the ELL Policy and Reference Guide.

In addition, in the ENL program, we have alternate placement paraprofessionals who speak English and students' home languages. They support students who have IEP Bilingual recommendations but receive ENL services. In TBE/MGC and Dual Language programs, teachers create assessments to evaluate their students' home language/Spanish.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSESLAT and ELA, Math, Regents for our Standardized ELLs are utilized to evaluate the effectiveness of our ML/ELL programs and to inform instructional design and curricular decisions for these students.
Teachers evaluate the success of our ML/ELL programs by reviewing the students' performances on the NYSAA and SANDI/FAST. Teachers also evaluate success by looking at students progress on their IEP goals.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the

assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan includes administrators, TBE/ENL teachers, and Site Coordinators. The staff attend informative, well-planned PD sessions provided by the district to schedule, administer, and score the test. Testing sessions are scheduled in order for students to continue receiving their services during the NYSESLAT administration period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

100% of our students have IEPs, we refer to our students testing accommodations page and incorporate what is outlined there for each individual student.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At P811Q, we plan our ELL program Orientation Meeting to coincide with the first round of Parent Teacher Conference in September. We send home a flyer in multiple languages and invite the families of all newly identified ELL students to join a zoom meeting to go through the slideshow provided by the NYCDOE about the ENL programs being offered

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

ENL and Bilingual teachers at P811Q meet with parents/guardians of ELL students at least once a year, in addition to parent-teacher conferences, initial parent orientations, quarterly progress meetings, or other scheduled meetings provided for parents or guardians, to discuss the goals for the program, their child's language development progress, English language proficiency assessment results, and language development needs in all content areas. This additional meeting includes school staff necessary to sufficiently inform parents/guardians about the student's program. These meetings are conducted with a qualified interpreter/translator in the language or mode of communication the parent/guardian fathoms best. We keep record of these meetings on a digital spreadsheet.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

In classrooms with ELLs, we encourage our staff to use apps like Class Dojo and Remind that provide translation for them and allow communication between school and family to flow as smoothly as possible. P811Q also uses the DOE messaging application provided through teach hub which translate emails, texts/SMS and voice messaging for 9 supported DOE languages. We also make note of our ELL students on our organization so that all staff is aware that these student and families might need translation services.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

As mentioned above we do indicate students who are identified as ELLs on our organization. We invite parents to be involved in the school community through monthly family support groups, monthly town hall meetings Principal Avila and a multitude of in person events. During our virtual events, we provide live Spanish translation. During in person events, we provide live translation through staff members who have been identified as speaking languages other than English. Our Title III program is also open to not just our own students but to their families to participate.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The PTA at P811Q always has a segment during the monthly Town Hall Meetings where they share information on how to join and what they are working on. These meetings are translated into Spanish and since they are on zoom, participants have the capability to used closed captioning to translate to many other languages.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

P811Q is always looking for ways to better support our students and are open to developing new culturally and linguistically responsive partnerships to benefit our learning community. The school does not have any partnerships with Community Based Organizations (CBOs) at this time.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of the ELL Identification team include our site coordinators and ENL teachers.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

During the intake process at P811Q, the unit coordinators facilitate the completion of the Home Language Survey. If during this process they identify the student as having a language other than English, an ENL provider or member of the ELL Identification team is asked to come in and review the responses. to the home language survey. We then meet as a team to review the responses and determine if the student will identify as an ELL.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Nicole Avila

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Ariel	Swotinsky	School Secretary		Y
Sonja	Sylvers	Parent Coordinator - Annual		Y
Nicole	Zurita	Special Ed Assistant Principal 12 Month	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	3	0.50%	2	0.33%	1	1
BENGALI (BANGLA IN BANGLADESH)	19	3.14%	17	2.83%	4	5
CHINESE ANY	21	3.47%	12	2.00%	4	4
DARI/FARSI/PERSIAN	2	0.33%	2	0.33%	0	0
HAITIAN CREOLE	3	0.50%	3	0.50%	2	4
KOREAN	7	1.16%	7	1.16%	1	2
MANDARIN	0	0.00%	8	1.33%	2	2

NEPALI	1	0.17%	1	0.17%	0	0
ENGLISH	452	74.71%	450	74.88%	455	455
PILIPINO (A.K.A. TAGALOG)	1	0.17%	1	0.17%	1	1
PUNJABI (A.K.A. PANJABI)	0	0.00%	1	0.17%	0	0
RUSSIAN	3	0.50%	2	0.33%	0	0
SPANISH	93	15.37%	92	15.31%	16	18
URDU	0	0.00%	3	0.50%	1	5

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Letters from the principal, emails and emergency announcements	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.
Flyers	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.
Family Support Group Invitations	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.
Emergency Blue Cards	Translated Emergency Blue Cards distributed
HLIS	Translated Home Language Identification Surveys provided
NYS Testing Dates	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.

SLT/PTA letters	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.
School Workshop Letters	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors.
Letters for a specific child or IEP related information	Translated by staff or using templates/forms from the InfoHub/DOE language access resources. Further outreach will be given through phones calls and interpretation when applicable by bilingual staff on the Translation and Interpretation Team during Parent Engagement times. Languages that cannot be covered by our school staff will be contracted to outside vendors. IEPs will be translated by the Office of Language Access.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Intake/HLIS Meeting	Our in-school interpretation and Translation Team members are available at multiple sites and will be redeployed when needed to support families. Languages that cannot be covered by our staff will be contracted to outside vendors.
Parent Teacher Conferences	Our in-school interpretation and Translation Team members are available at multiple sites and will be redeployed when needed to support families. Languages that cannot be covered by our staff will be contracted to outside vendors.
IEP meetings	Our in-school interpretation and Translation Team members are available at multiple sites and will be redeployed when needed to support families. Languages that cannot be covered by our staff will be contracted to outside vendors.
SLT Meetings	Our in-school interpretation and Translation Team members are available at multiple sites and will be redeployed when needed to support families. Languages that cannot be covered by our staff will be contracted to outside vendors.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In case of an emergency and a parent who prefers to speak a language other than English contacts the school, the school staff will connect them with a bilingual staff that will communicate with them in their native language. Other sources of communication include Class Do Jo, Google Classroom and other virtual means will be used. Phone Interpretation services will be set up if there is no availability of a bilingual staff member. Languages that cannot be covered by our staff will be contracted to outside vendors.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

We will designate one of our extended day professional development sessions as the time to complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Welcome Poster in the entrance of the school. Language ID Guide at the security desk and main office, Parents and Guardians will receive written communication advising them of their rights to translation and interpretation services, Parents of new admits will be informed of their rights by the Pupil Accounting Secretary and will be give a copy of the Chancellor's Regulation A-663 Attachment A: Parent's Bill of Rights and Responsibilities in their preferred language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

During the 55-minutes of Parent Engagement time per week, staff who speak parents' home language will ask parents about the quality and availability of translation services that our school provides throughout the year. Staff will report that feedback to their supervising assistant principal. We will send a parent survey to gather information regarding our language assistance services to drive future improvement efforts.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

This year, besides providing Spanish Translation via a staff member we also showed families how to enable translated closed-captioning on Zoom to allow them to choose their language to better support their understanding of the content being shared. We will continue to improve our language assistance services by creating a posting for staff who speak other languages to work outside of their contracted hours to aid in translation of meetings and notices.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Total number of ELLs to be served in this program:

16

Grades to be served in this program. Select all that apply.

,5,9,10,11,12,3,4,6,7,8

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Title III - Enhancing Pre-Vocational Skills for Multilingual and English Language Learners via Joint Action Routines (J.A.R.S.) - 811Q Title III Culinary Cultural Creations and Communication Stations (811 Bodega). The program will be accomplished in person for 20 sessions on Saturdays. There will be two groups of 8 students at one 811Q sites. There will be 2 teachers one for the elementary group and one for the Middle School/High School Group and 2 paraprofessionals for each group. Instruction will be delivered by the ESOL/bilingual teacher with the support of the paraprofessionals using a 1 teach 1 assist teaching model. The program will be supervised by 1 administrator who will be paid through the Title III ELL budget. ELLs will engage in Joint Action Routines (JARS) in order to create international and healthy dishes. Through the JARS, they will increase their vocabulary and develop communication skills.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

According to our ELL Data Analysis Tool, 811Q has 140 ELLs out of 560 students, which is 25% of our student population. Of those ELLs, 40.7% of them at Newcomers, 20% are Developing, and 39.3% are Long Term ELLs. The Spring 2024 NYSESLAT data shows that 91.7% of our ELL students have not met progress. This data shows the need for more programming for our ELL students, like the Title III program, to further develop their English Language Skills specifically in vocabulary acquisition and communication skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III Program will serve a total of 16 ELLs with IEP ratios of 12:1:1 and 8:1:1. There will be two groups of 8 students. The program will take place at the main site, as we have a full kitchen available for use. It will be open to 8 students in grades 6-12 for our MS/HS Group and will be open to 8 students in grades 3-5 for our elementary group.

We currently have a very small middle school population at our main site which is mostly high school aged students which will allow us to combine the age groups into one group of the Title III program. The students who would participate in this program would be a combination of Newcomer ELLs, Developing ELLs and Long Term ELLs.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

There will be 20 sessions from November 2025 to May 2026 on select Saturdays from 10:00 a.m. to 12:00 p.m.

The site will have a supervising assistant principal (AP).

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

This program will be taught by licensed pedagogues in English to enhance students' listening, speaking, reading, and writing skills. Based on students' language needs, paraprofessionals who speak additional languages will assist as needed to help facilitate communication and learning.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be two (2) certified TESOL/Bilingual Teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**

- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials to be purchased include food and packaging materials for the program. Food purchased will be culturally-relevant and healthy, reflecting the collective habits, rituals, beliefs, values, lifestyles, and cultural practices of our learning community. This will help ensure that our students are eating a diet rich in vegetables, fruits, and foods that aren't highly-processed and can boost their physical and mental well-being. We are therefore allotting $236.50 per session for 20 sessions to purchase fresh fruits, vegetables, and other healthy food items. Funds will also be spent on refreshments for parents who will attend in person instructional sessions.

Regarding assistive technology, augmentative communication devices (Go-Talk 9 Augmentative Communication Devices), already purchased and in use at the three sites, will be programmed to reflect pertinent Title III instruction. Teachers will utilize "Give Me 20" boards, vocabulary boards, visual schedules, and PECS communication books. These additional materials have either already been purchased or created by teachers, are currently in use in classrooms, and will be used in the Title III Program. All students require Specially-Designed Instruction (SDI).

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

811Q will maintain records digitally of all ELLs served by this program which will be monitored by the administrator at the site.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Through the Title III program funds, we would hold three (3) two hour professional development sessions for all staff including the two ENL/bilingual teachers, 1 administrator and four paraprofessionals. During our three professional development workshops, funded by Title III ELL funds, staff will learn how to deliver the curriculum with fidelity, incorporating visuals in an engaging way to meet the needs of the MLs/ELLs, and apply specific strategies for teaching them. These professional development sessions will give participants the tools and skills needed to be effective and to facilitate learning that will positively impact the progress of the MLs/ELLs enrolled. This will include modifying classroom instruction to be more hands-on and account for non-verbal students, infusing more choice educational charts, vivid realia and visuals, and Total Physical Response (TPR) learning experiences.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Though we have previously implemented a similar Title III program, the staff continues to need professional development to further enhance the instruction in building communication skills. Each year there is also new staff that participates in the program that have not previously received the training. As our NYSESLAT data shows, our ELL population still requires support in developing their English language skills and communication skills with 91.7% of our ELLs not meeting progress. Our staff needs training on how implementing a JARS can help support the development of these skills. This is also driven by our observation data from the 24-25 school year, which shows

teachers are still developing in the area of questioning and discussion.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Two (2) ENL/Bilingual teachers and one (1) supervising assistant principals will meet to integrate what they have learned into lesson planning. The four (4) paraprofessionals will also attend to become familiar with the content and research that teachers use to prepare for sessions.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Due to teachers working across various work site locations, these professional development sessions will be presented remotely during after-school hours in the period from October 2025 to April 2026 for 3 sessions for 2 hours each session which is a total of 6 hours.

PD session, which will be scheduled to take place on Wednesdays from 4:00PM to 6:00PM. The assistant principal, whose official hours of work Tuesdays through Fridays end at 3:15 PM, will also be paid starting at 4:00 PM for each remote PD session.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The topic to be covered in the first PD session is "Culturally Responsive Teaching and the Brain" by Zaretta Hammond (Sage Publications, 2015). Teachers will be implementing strategies from the book into their lesson plans. The topic to be covered at the second PD session is “Using Joint Interaction Skills.” The topic to be covered in the third PD session is, “Furthering Zaretta Hammond’s Research to Infuse Culturally-Responsive Learning Strategies.” Reading and reviewing the aforementioned research will help ensure the members of the Title III team are well-grounded in applicable strategies to enhance teaching and learning in the Title III Program.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Two (2) ENL/Bilingual teachers will collaboratively present the PD materials to the participants.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All documentation, such as attendance and materials, will be maintained by the admiistartors electronically.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Three parent engagement meetings will provide families with opportunities to learn how to incorporate visual support and technology to increase language and pre-vocational skills at school and at home, as well as participate in the work we will be doing with the students.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Three parent engagement meetings will provide families with opportunities to learn how to incorporate visual support and technology to increase language and pre-vocational skills at school and at home, as well as participate in the work we will be doing with the students. Our Spring 2024 NYSESLAT scores show that 91.7% of our ELL students did not make progress. Involving the parents and giving them supports to implement at home, will provide the carry over needed for students to make progress. Through parent surveys, the parents who have previously participated in this program have advocated for the need to continue the learning.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**

- **Days of sessions, and**
- **Time and duration of sessions.**

To accommodate the needs of parents/guardians of our ELL students who live and work in various locations around New York City, the three two-hour parent engagement sessions will be held remotely from 4:00 pm to 6:00 pm, with approval from the principal. There will be a two hour parent orientation session held remotely after school hours on a Wednesday in November 2025, prior to the start of the Title III Program, to answer any queries parents of ELLs may have. A two hour parent engagement session will be held remotely on a Wednesday in February 2026 to provide support to increase visual support and technology to increase language and pre-vocational skills at school and at home. A final two hour parent engagement session will be held in April 2026 prior to the completion of the Title III Program in the spring, to denote progress and inform parents of strategies being used in the Title III Program and update parents on progress.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The Title III team will create an orientation meeting to educate families about the overall Title III Program-Communication through Culinary Creations, ENL methodologies, visual supports, and CR-SE. The first parent engagement will serve as an orientation. The second parent engagement meeting in February 2026 will update parents on students' progress, and suggest strategies parents could use to further support their children. Paraprofessionals will help to serve as translation and interpretation services for parents. The final parent engagement to be held in April 2026, prior to the completion of the Title III Program in the spring, will denote progress and update parents on students' progress.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The ENL teachers and program administrator will facilitate the three parent engagement meetings.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified by phone calls, flyers, and a Title III newsletter, all will be available in English and their preferred language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The Title III administrator will maintain documentation of attendance and resources created for family engagement activities electronically.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Allocation Amount ($):

25226

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):- Per session -Per diem	Direct Instruction Total: $15,759.60 Professional Development Total: $2,363.94 Subtotal: $18,123.54	Direct Instruction: Saturdays: 2 ENL/Bilingual teachers x 20 sessions x 2 x 73.07=$5,845.60 4 paraprofessionals x 20 sessions x 2 x 43.07 = $6,891.20 1 Supervisor x 20 sessions x 2 hrs x 75.57 = $3022.80 Professional Development: 2 ENL/Bilingual teachers x 3 sessions x 2 hrs x 73.07= $876.84 4 paraprofessionals x 3 sessions x 2 hr x $43.07 = $1,033.68 1 Supervisors x 3 sessions x 2 hr x 75.57 = $453.42
Supplies and materials -must be supplemental - additional curricula, instructional materials -must be clearly listed.	$4730.00	Food purchased for program: $236.50 x 20= $4730.00
Family Engagement Workshops	Subtotal: $2,363.94	Workshops for Parents: 2 ENL/Bilingual teachers x 3 sessions x 2 hrs x 73.07= $876.84 4 paraprofessionals x 3 sessions x 2 hr x $43.07 = $1,033.68 1 Supervisors x 3 sessions x 2 hr x 75.57 = $453.42

TOTAL	$25,217.48
