Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Sarah Pinto	Principal

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

September 18th, 2024

1. Analyze: Data Variation - Identification

April 16th, 2024

2. Analyze: Data Variation - Share and Explore

May 28th, June 7th, June 11th 2024

3. Analyze: Survey Data

June 18th, 2024

4. Listen: Student Interviews

May & June of 2024

5. Envision: Reflect and Synthesize

July 15th, 2024

6. Plan Writing and Revision

June, July, August 2024

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously.

THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd

Section 4: School Summary

Accountability Status

Accountability Status: **TSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Located in the heart of Manhattan's Lower East Side, PS 20 Anna Silver is a vibrant and inclusive Pre-K–5 public school committed to cultivating academic excellence, student voice, and a strong sense of community. As a proud Title I school serving a richly diverse student body, PS 20 offers dual language programs in Mandarin and Spanish, comprehensive Special Education services, and a wide range of enrichment opportunities that support the whole child.

We welcome students from across New York City and are dedicated to fostering joyful, culturally responsive learning environments where every child feels seen, heard, and empowered to lead. Our school serves as a hub for family engagement and community partnerships, ensuring that all students are supported academically, socially, and emotionally.

With a focus on equity, innovation, and global citizenship, PS 20 prepares students not only for success in school, but also for leadership in a rapidly changing world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 20, The Anna Silver School, is a Title I public elementary school located in Manhattan's Lower East Side and proudly serving students from 3K through 5th grade. As part of NYC's District 1, our school is deeply committed to educational equity, inclusion, and academic excellence for all learners.

In addition to our general education programming, PS 20 offers two rigorous dual language programs—Mandarin-English and Spanish-English—supporting bilingualism, biliteracy, and cross-cultural competency. Our student body reflects the diversity of our city and world:

84% of students come from economically disadvantaged households

27% are living in temporary housing

25% are English Language Learners

20% are Students with Disabilities

Students speak over 10 different home languages

At PS 20, we educate the whole child through a rich and inclusive curriculum. All students receive weekly instruction in music, dance, visual arts, science, physical education, and technology. Our hydroponic garden program offers hands-on, inquiry-based science learning, with students engaged in planting, growing, and harvesting food—starting as early as Pre-K through the use of classroom hydroponic tower gardens.

Each student at PS 20 is equipped with an individual digital device (iPad or Chromebook), which supports their development of 21st-century skills, including foundational exposure to coding and digital literacy.

Our arts partnerships connect learning to cultural exploration and social studies, enriching the student experience through annual music and dance residencies. We proudly collaborate with leading cultural institutions such as Paul Taylor Dance Company, Third Street Music School, Ajna Dance Company, National Dance Institute, and Rosie's Theater Kids.

Instructionally, PS 20 implements the EL Education curriculum for literacy and Illustrative Mathematics for math—both aligned to the Next Generation Learning Standards. These high-quality, research-based programs support critical thinking, collaborative learning, and academic rigor across disciplines.

PS 20 remains steadfast in its mission to prepare students to thrive as thoughtful, capable, and compassionate contributors to their communities and the world.

Briefly summarize the key initiatives your school will implement this school year.

During the 2025–2026 school year, PS 20 will focus on two major school-wide initiatives aligned with our commitment to academic excellence, equity, and whole-child development.

First, as part of the citywide NYC Reads initiative, PS 20 will continue to implement high-quality, evidence-based literacy instruction to ensure all students become strong, confident readers utilizing the EL Education curriculum in K-5th grade classrooms. This initiative is grounded in the science of reading and supports early literacy development through structured, explicit instruction and aligned curriculum materials. In addition, PS 20 will implement a strong Tier 2 and Tier 3 program to include targeted small group instruction that is skilled based.

Second, PS 20 is in the process of applying for eligibility to become an authorized International Baccalaureate (IB) World School through the Primary Years Programme (PYP). The PYP is a globally recognized framework that emphasizes inquiry-based learning, intercultural understanding, and student agency. This initiative reflects our school's vision to cultivate global citizens who are curious, compassionate, and capable of tackling real-world challenges. Learn more at ibo.org.

Together, these initiatives will deepen instructional quality, promote equity, and prepare students to lead with clarity, cultural intelligence, and innovation.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and	Grade Band	Digital and/or Print	Adaptations

Math Only)		Curricula/Program	
EL Expeditionary Learning	K-5th grade	Print and Digital	We also incorporate Fundations, Spire, UFLI, and Heggerty, as well as integrate social studies & Civics For All into our literacy curriculum.
Illustrative Math	K-5th grade	Print & Digital	IM will be used by all K-5th grade classrooms for Tier 1 math curriculum
iReady	3rd-5th grade	Digital	iReady will be used for all 3rd-5th grade classes as both a screener and supplemental digital math instruction
Zearn (Math)	K-5	Digital	n/a
Creative Curriculum	Pre K	Print and Digital	n/a

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

PS 20 has implemented a focused, data-driven approach to instructional improvement aligned with its designation as a Targeted Support and Improvement (TSI) school by the New York State Education Department. As part of this work, PS 20 engages in monthly progress monitoring meetings with District 1 leadership and the school's administrative team to closely track student growth, review implementation benchmarks, and inform timely instructional adjustments.

Strategic weekly planning sessions have been leveraged by instructional teams to analyze screener and in-class assessment data, allowing for the formation of targeted small groups and the delivery of explicit, differentiated instruction. These practices ensure that every student receives responsive support tailored to their academic needs.

In partnership with District 1 representatives, multiple teachers and grade-level teams have participated in collaborative professional learning to enhance instructional effectiveness and promote consistent implementation of new curriculum initiatives. These efforts are designed to build instructional coherence, deepen teacher capacity, and accelerate student achievement.

Staff are expected to bring student data into every planning and decision-making space. This commitment to evidence-based dialogue ensures that all action plans and next steps are grounded in a shared understanding of student performance, fostering a culture of continuous reflection, accountability, and growth.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

During the 2024–2025 school year, PS 20 experienced a notable decline in enrollment, with a decrease of over 50 students compared to the previous year. This included a 6% reduction in Multilingual Learner (MLL) enrollment, which has required strategic adjustments in both staffing and scheduling to ensure continued instructional quality and appropriate service delivery.

Approximately 27–30% of PS 20's student population are Students in Temporary Housing (STH), a group that faces significant challenges impacting consistent school attendance and academic engagement. Chronic absenteeism remains a critical barrier to learning across all student groups, but its impact is especially pronounced among students in temporary housing and other historically underserved populations.

The high rate of chronic absenteeism has directly affected academic growth, limiting students' ability to benefit from core instruction, interventions, and enrichment opportunities. Addressing attendance barriers—through targeted family outreach, wraparound supports, and increased access to community-based services—continues to be a priority in PS 20's school improvement efforts and TSI (Targeted Support and Improvement) planning.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

As part of its ongoing commitment to improving school culture and student well-being, the PS 20 Social-Emotional Learning (SEL) Team conducted a schoolwide audit using the CASEL "Indicators of Schoolwide SEL" rubric. The

audit included analysis of the NYC School Survey and an internal student survey to assess perceptions of safety, belonging, and support.

Key Findings from the NYC School Survey (Spring 2025):
Staff Perceptions:
50% of staff reported that students bully other students some of the time.
35% of staff indicated that students do not respect the ideas of their peers.

Participation Rates:
Teacher participation: 68%
Family participation: 38%

Key Findings from Internal Student Survey (Grades K–5):
School Enjoyment & Belonging:
68% of students in Grades 3–5 reported that they are only sometimes happy to come to school.
59% of all surveyed students said they feel accepted in school, while 34% said they feel accepted some of the time.

Student Perception of Adult Support:
67% of students in Grades 3–5 said they have an adult to talk to if they need support.
85% of students in Grades K–2 reported having a trusted adult in the building.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In first grade: 18% increase of students at or above benchmark. 24% decrease in students well below benchmark from the BOY (Beginning of Year) to EOY (End of Year). 18% increase - the number of students at/above benchmark almost doubled (Acadience, 2025)	First grade changed their phonics program to UFLI by mid October	Reassess Phonics instruction school wide
Overall reading proficiency, based on Acadience screeners, does not show significant increase, as evidenced by 33% of RCS (Reading Composite Score) in BOY moving to 35% of RCS in EOY being proficient. (Acadience, 2025)	Screeners are solely in English and are also timed. Upper grade Maze does not support subtests that help teachers in revision of instruction.	Reassess screeners for upper grades and for non

		English speaking families
Academic screeners show significant increase when looking at specific subtests such as the ORF (Oral Reading Fluency). (Acadience, 2025)	Screeners are in English only. Reading Composite scores do not show full picture of progress. 28% of overall population does not speak English as a first language. 98% of ENL students are within the entering or emerging category.	Reassess screeners for upper grades and for non English speaking families

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	By June, 2026, literacy for All Students will improve, as measured by a 15% Increase, from 35% to 50%, of reading proficiency on the Acadience Screeners (K-5).

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Quarterly grade level planning days scheduled prior to the launch of new modules throughout the SY 25-26 so that teachers will define a clear, standards-aligned bar of excellence for ALL students prior to teaching modules and units. Advance cycle of learning focused on improving 1a: Demonstrating Knowledge of Content and Pedagogy within ELA instruction, which also includes an increased understanding of how grade level standards align to learning target so that teachers can teach target-aligned lessons because they have defined the thinking they want to hear and read from students in module tasks and articulated how standards spiral throughout the curriculum. Monday Professional Development session focused on access for exceptional students to EL curriculum so that ALL students will be engaged in lesson due to teachers defining scaffolded learning targets and tasks which align to their needs. Utilizing student work protocol to plan future instruction based on data from EL Module Assessments (mid and end) so that teachers can intervene earlier to address student gaps and build on strengths, without sacrificing module pacing for the sake of reteaching.

Root Cause Addressed:

The action plan will focus on literacy and reading proficiency, especially among subgroups of students. By identifying and targeting instruction and other factors that impact reading proficiency, the goal is designed to improve long term academic outcomes.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Quarterly grade level planning days so that teachers will define a clear, standards-aligned bar of excellence for ALL students prior to teaching modules and units.

Advance cycle of learning focused on improving 1a: Demonstrating Knowledge of Content and Pedagogy within ELA instruction, which also includes an increased understanding of how grade level standards align to learning target so that teachers can teach target-aligned lessons because they have defined the thinking they want to hear and read from students in module tasks and articulated how standards spiral throughout the curriculum.

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

n/a

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Instructional Walkthroughs
- Once every two weeks by the principal and assistant principal, using the NYC Reads - ELA Implementation Tool - K-5, to gather data, provide direct feedback to teachers, and to plan for professional development, based on alignment to this initiative.
- Learning Walks with ILT, focused on improving 1a: Demonstrating Knowledge of Content and Pedagogy within ELA

instruction

Data Team Meetings (ILT, Grade Teams, and MTSS)
- Review student progress monitoring data (ex. Acadience, running records, mid and end of unit assessments, leveled learning, LETRs assessment) to determine effectiveness of Tier 1 instruction, and identify students needing Tier 2/3 interventions.

Student Work Protocol Reviews
- Monday Professional Development, ILT and Grade Team Meetings will be used to analyze student work, planning future instruction based on data from EL Module Assessments (mid and end), enabling teachers to intervene earlier to address student gaps and build on strengths.

Progress will be determined through triangulated data, including:
- Student achievement growth on ELA state assessments, formative assessments, Acadience screeners, and reading benchmarks
- Increased percentage of students reading on or above grade level
- Reduced number of students in need of Tier 2 and Tier 3 interventions over time
- Improved teacher instructional practice as evidenced by walkthrough trend data

All implementation monitoring will be documented through ILT, MTSS and Monday PD meeting notes, Pre-K-5 data doc, and end-of-cycle google forms, allowing leadership to continuously adapt strategies to ensure all students learn to read well.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/11/2025	05/07/2026	Bilingual Family Literacy Workshops	Henry Street After School
10/21/2025	05/19/2026	Family Literacy Leadership Team (Sub-committee of SLT)	PTA

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per diem will be used to obtain substititues that allow for teachers to receive professional development sessions.

Instructional Resources

Additional EL supplemental resources will be purchased to support a more diverse library.

Schedule Adjustments

Programming to allow common planning days and periods will be created.

Other Resources Needed

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

n/a

Evidence-Based Intervention Category

n/a

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Learning survey shows 46% of staff feel students bully other students some of the time. In addition, 35% of staff say students do not respect the ideas of their peers.	Lack of Tier 2 and 3 SEL resources to be used in classroom. Tier 2 and 3 supports are typically used by school counselor or social workers,	Reduce incidents or bullying or perceived bullying
Overall teacher participation was 68% and family participation was 38%	Survey was long with many questions families and staff felt they did not fully understand	Create internal surveys for families and staff to complete quarterly throughout the year that breaks down the NYC learning survey into smaller priorities

67% of 3rd-5th graders said they have an adult to talk to if they need support, 85% of students K-2nd	In the upper grades, there is a larger staff to student ratio. Students are expected to be more independent. Departmentalization occurs in lower grades.	Create opportunities for upper grade students to activate and connect with teachers outside of their classroom.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	67%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20% Increase, in favorable responses on questions related to safety from 67% to 87%, per the School SEL Questionnaire.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Reduce Incidents and Perceptions of Bullying:
Implement school-wide SEL practices that emphasize respect, empathy, and community-building, with a particular focus on peer interactions. Expand classroom-based Tier 2 and 3 SEL interventions through teacher professional learning and collaboration with counseling staff. Ensuring consistent implementation of Sanford Harmony in all classrooms with supplemental programming from BrainPower.

Enhance Data Collection through Targeted Internal Surveys:
Develop and administer quarterly internal surveys for staff and families that break down the broader NYC School Survey into focused areas such as student voice, adult-student relationships, and perceptions of safety. This will allow for more responsive, real-time adjustments to programming and climate initiatives. The SEL team will implement and revise the survey accordingly, sharing the information with SLT members without identifying information.

Increase Positive Student-Adult Relationships in Upper Grades:
Create structured opportunities for upper-grade students to form meaningful connections with staff outside of their core classrooms. This may include mentoring programs, advisory groups, lunchtime clubs led by faculty, or SEL-focused check-in periods that promote relational trust. Upper grade teachers will received targeted professional development sessions both on and off school grounds from BrainPower.

Root Cause Addressed:

According to the NYC School Survey, 50% of staff reported that students bully others some of the time, and 35% of staff noted that students often do not respect the ideas of their peers. While 85% of students in grades K–2 say they have an adult they can talk to for support, this number drops to 67% for students in grades 3–5, highlighting a concerning gap in adult-student connection as children progress through the grades. Additionally, participation in the NYC School Survey was moderate, with 68% of teachers and only 38% of families responding, which may limit the full visibility of school climate issues.

The current model lacks Tier 2 and 3 SEL (Social-Emotional Learning) supports embedded within the classroom environment. These supports are typically provided by counselors or social workers, rather than being integrated

into daily instruction by teachers. Moreover, the larger staff-to-student ratio in upper grades, coupled with an emphasis on student independence, further limits personalized adult support. The departmentalized structure in lower grades can also inhibit deeper student-teacher relationships.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement schoolwide tier 1 SEL curriculum 3k-5th grade. Ensure effectiveness of implementation with non evaluative observation cycle tied to intervisitation and learning opportunties for staff.
BrainPower will partners with students teams (Student council) to build peer conflict managers that can support other students in need.
BrainPower, in collaboration with school staff, will offer parent workshops and activities for supporting students SEL needs at home.
SEL team, consisting of 2 social workers, 2 classroom teachers, guidance counselor, and admin will program and implement tier 2 and 3 lunch groups, advisory groups, and conflict management groups.
Two school based mental health clinics will support tier 3 student needs with in house individual therapy, sibling and peer therapy, and Home Based Crisis support if applicable.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will progress monitor this goal quarterly by administering internal student and parent surveys that focus on school climate, peer relationships, and adult-student connections. These surveys will provide real-time feedback aligned to priorities from the NYC School Survey. In addition, we will analyze behavior referral rates and OORS (Online Occurrence Reporting System) data to track trends in bullying incidents and peer conflict. This combination of perception and incident data will allow us to assess the effectiveness of our SEL interventions and adjust supports as needed throughout the year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	BrainPower, in combination with the SEL team, will offer 6 workshops throughout the school year to support with SEL stratgies and activities for both students and families. This will support integration of school strategies into their home life.	BrainPower
09/08/2025	06/26/2026	Our school based mental health teams, Henry Street Mental Health Clinic & University Families Thriving, will support Tier 2 and 3 families with virtual and in school workshops to support positivie parenting techniques and strategies.	University Settlement and Henry Street Settlement house.

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per Diem will be provided to covers substitutes during professional development sessions with BrainPower. School counselor and social worker will recieve per session to support planning before and after school.

Instructional Resources

Sanford Harmony resources will be purchased to ensure access to curriuclum schoolwide.

Schedule Adjustments

SEL team will meet weekly and need programming to accomodate mandated schedules as well as teacher schedules.

Other Resources Needed

n/a

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
56% of the student population has made typical progress or above in Acadience from BoY and MoY.	English language proficiency has increased. A new curriculum has been implemented school wide.	Continue to break down standards and skills within curriculum and progress monitor throughout the year.
Overall math proficiency based on Acadience screeners shows some increase, from 23% in BoY to 30% in MoY.	Professional development tied to new curriculum supported teachers understanding of standards and pacing.	Implement continued math professional development and connect with D1 office for continued teacher coaching.
51% of students identified as Hispanic/Latino	English language	Implement alternative math

showed typical or above typical progress from BOY to EOY on math acadience screener. This is 5% lower than overall student population.	proficiency has increased, however the math screener is english only.	assessment to progress monitor math fluency and computation separate from reading comprehension.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	57%	PS 20 Anna Silver will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the typical progress or better in math Acadience screeners will increase by 13% from 57% to 70%, for all students, as measured by Acadience K-5.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To accelerate math fluency for ENL students and Students with Disabilities (SWDs), the Special Education Team will meet regularly to analyze student data and co-develop targeted math fact fluency routines. These routines will be implemented with consistency across classrooms at a minimum of three times per week, beginning in September 2025, and will be reflected in lesson plans and instructional schedules. The goal is to build automaticity with foundational math skills, supporting students' access to more complex mathematical concepts.

Starting in November 2025, the Special Education Team will utilize the diagnostic features of iReady for Math to identify specific areas of need and inform Tier 2 interventions. These diagnostics will help differentiate instruction and guide the formation of small instructional groups within general education and ICT settings.

Additionally, Special Education Teachers will receive targeted support in developing and maintaining a weekly schedule for data review and small group instruction. This structure will ensure consistent progress monitoring, flexible grouping, and timely instructional adjustments. Support will include collaborative planning with instructional coaches and dedicated time for professional development focused on evidence-based strategies for math fluency and intervention.

This multi-tiered approach—combining regular data-driven team meetings, embedded fluency routines, diagnostic assessments, and structured small group instruction—will ensure that ENL and SWD students receive consistent, targeted support to strengthen their math fluency and overall achievement.

Root Cause Addressed:

Lack of Consistent, Targeted Fluency Practice:
Many ENL and SWD students lack daily opportunities to build automaticity in math facts due to limited structured fluency routines. By embedding math fact fluency three times per week in all relevant classrooms, this strategy ensures consistent, repeated practice that is essential for long-term retention.

Insufficient Use of Diagnostic Data to Inform Instruction:
Without regular, strategic use of assessment tools like iReady, students may not receive the personalized support

they need. Implementing iReady diagnostic analysis beginning in November allows educators to pinpoint specific skill gaps and provide targeted Tier 2 instruction based on actual student need.

Limited Small Group, Tiered Instruction in Math:
Often, small group instruction for math is underutilized or inconsistently implemented, particularly for students who need additional support. This strategy includes support for Special Education Teachers in developing structured weekly plans for data analysis and small group intervention, ensuring these students get regular, focused instruction.

Fragmented Collaboration Between Special Education and General Education Staff:
Without dedicated time for Special Education teams to analyze data and co-plan, instructional approaches may be inconsistent or misaligned. Regular team meetings to review data and co-create routines promote shared ownership and instructional coherence.

Instruction Not Differentiated for Language or Learning Needs:
ENL and SWD students often need scaffolded instruction that addresses both language acquisition and learning differences. This strategy builds in tools and time to tailor support based on diagnostic data and student profiles.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and introduce math fact fluency routines to be used school-wide in ICT and special education settings. Ensure routines are implemented three times per week and are reflected in lesson plans starting September 2025.
Schedule bi-weekly Special Education Team meetings to analyze student data, share progress, and adjust fluency routines. Use these meetings to ensure alignment across classrooms and consistent implementation of Tier 2 supports.
Begin using iReady Math diagnostic assessments with targeted students in November 2025. Train special education and general education teachers to analyze iReady data and use it to inform small group instruction and fluency support.
Provide Special Education Teachers with coaching and planning time to build a weekly schedule that includes time for: -Small group Tier 2 instruction -Ongoing data review and progress monitoring -Monitor the integration of this schedule into classroom practice.
Conduct regular classroom walkthroughs, lesson plan reviews, and data checks to ensure fidelity of implementation. Use progress monitoring tools (e.g., fluency checks, iReady growth data) to evaluate the effectiveness of routines and adjust supports as needed.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Focus Area: Special Education Team Meetings for Data Analysis and Math Fact Fluency Routines
Action Steps:

The Special Education Team will meet weekly to review student data and adjust instructional strategies to support math fact fluency.

Detailed meeting minutes will be recorded and include:
-Specific data analyzed (e.g., iReady diagnostic results, class assessments, math fluency scores)
-Action items resulting from data analysis, such as instructional adjustments or changes to fluency routines
-Modifications to lesson plans based on identified student needs

Data/Evidence to Collect:
-Student math fact fluency data (baseline and ongoing)
-Sources: Fluency assessments, Acadience results, and iReady Math diagnostics

Documentation of instructional adjustments:
-Number and type of changes made to lesson plans as a result of data analysis

Lesson plan review:
-Evidence that math fact fluency routines are embedded consistently across instructional time

Indicators of Progress:
-Improvement in student fluency assessment scores over time
-Increased consistency and alignment in lesson plans, as evidenced through walkthroughs and reviews
-Clear documentation of data-driven instructional decisions in meeting minutes and lesson modifications

Focus Area: Support for Special Education Teachers in Implementing Data Analysis and Small Group Instruction
Action Steps:

-Provide ongoing observations and feedback sessions with Special Education Teachers focused on:
-Implementation of Tier 2 small group instruction
-Use of data to plan and differentiate instruction

Data/Evidence to Collect:
-Weekly small group instructional plans and data analysis schedules

Observation notes confirming that:
-Tier 2 instruction is occurring regularly
-Instruction is differentiated based on diagnostic and formative data

Indicators of Progress:
-Fidelity in executing the weekly data analysis and instruction schedule
-Improved instructional quality in small group settings, with targeted interventions aligned to student needs
-Observable increases in student engagement and academic progress (e.g., fluency mastery, improved benchmark/test scores)

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/16/2025	05/14/2026	Family Informaiton Session based on grade level curriculum and standards. These sessions will be offered virtually.	School grade level staff.
09/15/2025	06/25/2026	SLT Math Game Night will be in person and offer families an opportunty to engage in math with their children. In addition, resources will be presented by CBO and PTA.	Henry Street Settlement House & PS 20 PTA members

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per Diem will be used to hire substitutes for professional development opportunitites and planning days.

Instructional Resources

iReady will be purchased as a diagnostic platform

Schedule Adjustments

Programming will include departmentalization for math for all bridge classrooms and upper grade 4th and 5th grade classrooms.

Other Resources Needed

n/a

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

n/a

Evidence-Based Intervention Category

n/a

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Enrollment has fluctuated both all students and within our dual language programs over the last 3 years.	COVID and new New Yorkers arriving from the other countries	Maintain our 2 dual language programs through rigorous instruction focused on multilingualism
Families have expressed through our internal	Arts has been imbedded in our	Find sustainable ways to

survey that the arts have drawn them to PS 20. All students at PS 20 engage in a dance residency throughout the year.	vision and mission. Our CEP goals and SLT has focused on expanding art programing	continue funding programs for the arts. Diversify art programming.
75% of students eligible have enrolled in NYC Rise. 64% of Kindergarten students.	Kindergarten is the first year of eligibility for NYC rise	Create opportunities and access to higher education opportunities for all students.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	75%	PS 20 Anna Silver will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for all students will increase by 25% from 75% to 100% as measured by NYC Rise enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a comprehensive, culturally responsive outreach and engagement campaign designed to increase overall student enrollment and NYC Rise program participation. This will include multilingual family workshops, targeted enrollment support, and strategic community partnerships. The school will actively promote the NYC Rise program during Family Fridays, parent-teacher conferences, and other family events, ensuring families understand the program's benefits and application process. Dedicated staff, including the parent coordinator, will provide personalized, one-on-one enrollment guidance and support, focusing on connecting eligible students and families to NYC Rise resources and opportunities.

Root Cause Addressed:

Limited family awareness and understanding of the initiative and its benefits for college and career planning, compounded by language barriers and restricted access to digital resources. These challenges hinder effective engagement and contribute to low student enrollment and participation in the NYC Rise program.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Organize regular workshops in multiple languages that explain the enrollment process and highlight the benefits of the NYC Rise program. These sessions will be held during Family Fridays, parent-teacher conferences, and community events to maximize attendance.
Create clear, culturally relevant brochures, flyers, and digital content about the NYC Rise program and general

enrollment procedures. Ensure these materials are accessible in the primary languages spoken by families in your community and distribute them through schools, community centers, and local organizations.
Train school staff, including the parent coordinator, to offer one-on-one assistance to families during school events and by appointment. This includes helping families complete enrollment forms, navigate digital platforms, and understand NYC Rise eligibility and benefits.
Establish partnerships with local cultural centers, religious organizations, and community groups to co-host events and spread awareness about enrollment opportunities and the NYC Rise program. Leverage these trusted networks to reach families who may have limited access to school communications.
n/a

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the progress of our key strategies and action steps aimed at increasing overall enrollment and NYC Rise program participation, we will establish the following primary structures and data collection methods:

Enrollment Tracking:
Maintain up-to-date records of student enrollment numbers overall and specifically for the NYC Rise program. Monthly reports will be reviewed by school leadership and the parent coordinator to identify trends and areas needing additional outreach.

Event Attendance and Engagement Logs:
Track attendance at multilingual workshops, Family Friday information sessions, and community partnership events. Collect qualitative feedback through surveys or brief interviews from participating families to assess their understanding of enrollment processes and NYC Rise benefits.

One-on-One Support Documentation:
Keep detailed logs of families receiving personalized enrollment assistance, noting common questions or challenges. This data will help tailor future workshops and support services to better meet family needs.

Data from these sources will be reviewed quarterly by the leadership team to adjust outreach strategies, improve family engagement practices, and ensure alignment with our goal of increased enrollment and participation.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Monthly family friday events will include opportunities for information sessions or workshops offered directly after targeting NYC Rise enrollment and benefits, as well as Enslish classes.	Henry Street Settlement, PTA, ENL teachers
09/08/2025	06/26/2026	Information sessions will be offered throughout the year, covering Tier 1 curriculum, Tier 2 and Tier 3 MTSS supports, grading policies, and strategies for families to support academic success at home.	Henry Street will provide childcare during these sessions if in person

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

ENL teachers will be provided per session to support multilingual family workshops. Teachers will be provided per session to support students & families during extended day oppotunities such as Springboard.

Instructional Resources

Materials needed for families for NYC Rise

Schedule Adjustments

Extended day opportunities and programming of ENL teachers to support parent workshops once a month.

Other Resources Needed

n/a

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
April Family Friday saw an increase in parent participation in every grade and	A communal pep rally and climate scavenger hunt	Enhance cross-grade and cross-program family engagement opportunities to sustain and increase parent participation consistently

program except 2nd and 3rd grade which remained the same from March.	across grade levels allowed families to access families and students from other classes and programs.	across all grade levels, with a particular focus on 2nd and 3rd grades where participation has plateaued.
In person events such as SLT Math night, Winter luncheon, and Party in the park had more than 3 times the attendance than virtual PTA meetings and virtual family workshops.	In person events offered childcare for non school age students and often times a meal.	Increase family participation in school events by prioritizing in-person gatherings that provide supportive services such as childcare and meals, addressing barriers that limit virtual event attendance.
Incease percentage of families requesting art programming and language exposure for all students at 24-25 PTA meetings. SLT has monitored an influx and decrease in Chinese speaking and Spanish speaking students into the dual language programs from year to year changing DL ratios.	Change in neighborhood demographic, influx of newcomers to New York City from other countries.	Adapt dual language program offerings and family engagement strategies to respond to shifting neighborhood demographics and the changing linguistic needs of newcomer families, ensuring equitable access and balanced enrollment in dual language programs. Additionally, align these efforts with the school's pursuit of IB eligibility.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	3	By June 2026, 100% of PS 20 Anna Silver families will attend at least five schoolwide family engagement events during the school year, including Family Fridays, wellness events, and schoolwide performances, as measured by PCAR attendance records.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The school will strengthen authentic family–school partnerships by redesigning Family Fridays as inclusive, curriculum-aligned learning experiences that promote shared responsibility for student success. Each month, the school will implement an interactive learning theme such as STEM, Wellness and Movement, or the Arts aligned to grade-level instruction across content areas. Classroom and specialty teachers will collaborate in planning and facilitation, offering rotating classroom visits and hands-on learning opportunities that invite families into the instructional core and support understanding of student learning. In addition, 3 of the 10 family friday events will be an opportunity for schoolwide community gathering such as Black History Wax Museum in February, Lunar New Year, and a school pep rally.

To foster a welcoming, culturally responsive environment, the school will provide translation services and intentionally create opportunities for families to share their cultural knowledge, languages, and expertise as valued assets in the learning community.

The school will measure participation, gather feedback, and assess families' sense of connection to the school. NYC Learning Survey data will be reviewed to inform continuous improvement and ensure Family Fridays remain responsive to family needs, interests, and strengths.

Root Cause Addressed:

Family engagement events have not been consistently interactive across the whole school, leading to limited participation and connection between families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Redesign Family Fridays to provide interactive, curriculum-aligned learning experiences that promote meaningful family engagement and community building.
Create monthly themes (STEM, Wellness and Movement, arts, etc.) that align with curriculum and all subjects. Include specialty teachers in planning and presentation and offer rotating classroom visits and hands on learning.
Provide translation services and invite families to share about their own cultural knowledge.
Use quick surveys after each family Friday to assess engagement and get ideas for future improvements.
Create a cross-functional planning team that includes administrators, classroom teachers, specialty teachers, and parent leaders to design monthly, curriculum-aligned Family Friday themes. The team will meet regularly to ensure activities reflect instructional priorities, promote shared responsibility for student learning, and intentionally incorporate family voice.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The school will use multiple structures to monitor the implementation and impact of the Family Fridays family engagement strategy. A Family Fridays planning team, including administrators, classroom teachers, specialty teachers, and parent leaders, will meet regularly to review implementation progress, coordinate upcoming themes,

and reflect on family participation and instructional alignment.

To monitor implementation fidelity, the school will collect and review sign-in sheets, attendance data disaggregated by grade level, and documentation of teacher participation, including lesson plans, schedules, and artifacts from interactive learning activities. Evidence of instructional impact will include family participation in classroom-based activities, samples of student work generated during Family Fridays, and teacher reflections on family understanding of curriculum and instructional practices.

To assess family engagement and perceived impact on student learning, the school will administer brief post-event surveys in multiple languages following each Family Friday. Survey data will be analyzed to measure family satisfaction, accessibility, and sense of partnership with the school. The school will use this data, along with attendance trends, to identify strengths, barriers, and opportunities for improvement.

Impact on instruction, student learning, and achievement will be monitored through teacher feedback, observation notes, and analysis of relevant academic indicators aligned to Family Friday themes (e.g., student engagement in STEM activities, application of learning strategies). Findings will be shared with staff and family representatives to support data-informed adjustments and continuous improvement.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Initiate family event on the last friday of each month. Allot planning time for teachers to meet as grade teams for alignment of these events. Collect sign in sheets to assess participation.	Henry Street Afterschool, PTA,
01/31/2026	06/27/2026	Integrate specialy teachers into schoolwide community event planning to create opportunities for schoolwide events on Family Friday such as Black History Month celebrations.	n/a

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per session for staff to plan as a team for redesign of FF, reorganizing staff schedules for FF to ensure all teachers are with families first period on the last Friday of the month.

Instructional Resources

Depending on the month's theme, ensuring all classrooms have necessary supplies for events. Ensuring all classrooms have access to Hidden Figures curriculum

Schedule Adjustments

First period on Fridays all students will be schedule with their homeroom teacher

Other Resources Needed

Materials for Lunar new year such as a Dragon Dance team will be needed to support event.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall 48% of students are chronically absent	Transportation Childcare chronic illness (mental and physical health) housing and food insecurity	Reduce chronic absenteeism in all student population
64% of students in Shelters are chronically absent	Transportation Childcare chronic illness (mental and physical health) housing and food insecurity	Reduce chronic absenteeism in all students in temporary housing
64% of students who identify as hispanic are chronically absent	Transportation Childcare chronic illness (mental and physical health) housing and food insecurity	Reduce chronic absenteeism in all students in the hispanic population

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48%	By June, 2026, the percentage of chronically absent students for all students will decrease by 10%, from 48% to 38%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen family partnerships by:

Launching a school-wide attendance initiative at the start of the school year that educates families on the importance of regular attendance and available supports for establishing consistent routines.

Rebranding Family Fridays to align with the attendance initiative, fostering stronger connections among families and the school community.

Implementing a data-driven outreach system to identify students with early signs of chronic absenteeism and provide timely, targeted interventions.

Creating a school-wide attendance incentive program that recognizes and celebrates students with high or improved attendance.

Root Cause Addressed:

This approach addresses chronic absenteeism by improving consistent communication with families, increasing their understanding of the impact of missed school days, and strengthening home-school partnerships to enable early identification and support for students at risk of chronic absence.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Beginning the school year by launching a school wide attendance initiative.
Outreach to all families explaining the importance of attendance, and supports for consistent routines.
Rebrand Family Fridays as part of the attendance strategy by connecting all families to the community.
Implement an outreach system by using data to identify early interventions for students who are chronically absent.
Create a school wide attendance incentive program by celebrating high or improved attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation Monitoring:
To effectively monitor the implementation of our attendance strategies, we will utilize a combination of quantitative and qualitative data reviewed regularly by the leadership team and attendance committee.

Attendance Data Tracking:
Weekly and monthly reports will be generated to monitor individual student attendance patterns, chronic absenteeism rates, and overall school-wide attendance trends. This data will be used to identify students needing early intervention and to evaluate the effectiveness of outreach efforts and incentive programs.

Family Engagement:

Track participation rates in Family Fridays (rebranded for attendance), attendance initiative events, and workshops. Feedback surveys will be collected from families to assess awareness of attendance importance and satisfaction with communication and supports provided.

Intervention Follow-Up:
Document all outreach and intervention activities, including personalized communications and supports offered to families of chronically absent students. These logs will help evaluate responsiveness and guide adjustments in strategies.

Impact on Instruction and Learning:

These data points and monitoring processes will be entered and updated regularly in the Progress Reporting Tool (PRT) within the iPlan Portal throughout the 2025-26 school year to guide continuous improvement.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/19/2026	Host interactive workshops in multiple languages during Family Fridays that educate families about the importance of consistent attendance, its impact on academic success, and available school supports. Provide one-on-one enrollment and attendance support during these sessions, including assistance with setting up daily routines at home.	Childcare and meals will be offered to encourage participation by Henry Street Settlement House.
09/08/2025	06/19/2026	Organize a school-wide pep rally combined with a climate scavenger hunt that brings together families from different grades and programs to build a stronger community connection. This event will also serve as a platform to share information about attendance initiatives and the NYC Rise program.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Per Session opportunties for attendance team members to organize and plan schoolwide initiative. Per Diem coverage for external professional development offered by district and city with chronic attendance focus.

Instructional Resources

n/a

Schedule Adjustments

Weekly attendance team meetings with be scheduled for specific staff.

Other Resources Needed

n/a

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
100% of IEPs reviewed (8 out of 8), showed parent voice evidenced in the PLOP. 87% of IEPs reviewed who had paraprofessionals recommended for	New curriculum roll out, aligned with NYC Reads. FBA team meets regularly to monitor paraprofessional and BIP	IEP Development

behavior, had a goal for the paraprofessional in addition to a BIP. 50% of IEPs reviewed showed that current curricula does not provide alignment to IEP goal instruction.	implementation. IEP goals do not always align with grade level standards when written.	and Fidelity of Implementation
The school did not reach 90% of services provided to student programs or related services.	We lacked funding for a special education teacher in Kindergarten and bilingual mandates were mostly served in English.	Transition Planning and Compliance
We had 31 initial referrals for special education services this year. This is an 11.9% increase from the previous school year.	A universal early childhood speech screener resulted in increased referrals for speech only services. An increased population of ENL students were at the school for more than one year which resulted in increase bilingual referrals.	Referral Process and Equity
8 FBA's were initiated this year and conducted by the FBA team resulting in 7 BIPs and 4 1:1 paraprofessional added to student recommendations. What is the participation of students with disabilities in student teams? Need data	Increase in parent requests from outside providers. Increased rate of crisis for identified crisis.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	42%	By June, 2026, Student with Disabilities will see a 20% increase in students displaying typical or above typical progress on Acadience Math screeners, from 42% to 62%.
Students with Disabilities (SWD)	60%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve in planning for targeted skills based small group math instruction to align with progress monitoring of goals in the IEP by a 20% Increase, from 60% to 80%, as measured by Progress monitoring tool in Math Acadience.
Students with Disabilities (SWD)	0%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve overall student proficiency by a 50% Increase, from 0% to 50%, as measured by Acadience Math proficiency.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a structured, data-driven approach to targeted small group math instruction for Students with Disabilities, aligned with IEP goals and progress monitoring, to improve student growth, proficiency, and the quality of IEP implementation. This includes:

Planning and delivering differentiated small group math instruction based on IEP goals and student data.

Regularly collecting and analyzing progress monitoring and benchmark data to inform instructional adjustments.

Providing ongoing professional learning and coaching for teachers to strengthen fidelity in aligning instruction to IEP goals.

Using data to adjust interventions, groupings, and supports in real time to ensure measurable growth in math outcomes and mastery of targeted skills.

Root Cause Addressed:

A lack of growth among Students with Disabilities who are proficient in mathmatics.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review Acadience Math benchmark and progress monitoring data monthly to identify SWD students' skill gaps. Use this data to form targeted small groups aligned to IEP goals and specific math skills needing reinforcement.
Develop and implement lesson plans for targeted small group instruction that directly addresses IEP goals and supports students in making measurable progress on Acadience Math skills. Include scaffolds, differentiated activities, and evidence-based practices.
Offer ongoing training and collaborative planning for special education and general education teachers focused on aligning small group instruction to IEP goals, using progress monitoring data, and implementing evidence-based math strategies effectively.
Review progress monitoring and benchmark data with the instructional team to measure growth toward goals (typical/above typical progress, small group alignment, and overall proficiency). Share findings in team meetings and adjust instructional strategies, supports, and professional learning as needed to ensure continuous improvement.

n/a

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The school will monitor implementation of targeted small group math instruction for Students with Disabilities through monthly instructional data team meetings with administrators, special education and general education teachers, and intervention providers. Acadience Math benchmark and progress monitoring data, lesson plans, small group schedules, and classroom observation notes will be reviewed to ensure instruction aligns with IEP goals and evidence-based practices. Teachers will use this data to adjust groupings, pacing, and supports as needed. Additional evidence, including intervention logs and teacher reflections, will inform professional learning and instructional decisions. Data will be analyzed to track growth in student progress, alignment of instruction to IEP goals, and overall math proficiency, ensuring timely support for students and continuous improvement in teaching and learning.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/19/2026	Family Math night with a focus on small group activities that support individual student needs.	Henry Street Afterschool, PTA
01/05/2026	06/26/2026	Know your rights workshop for families of students with IEPs	n/a

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Per sesion for family math night, Per diem for special ed planning days, IM professional development sessions

Instructional Resources

Family math night kit, Family Facing SOPM

Schedule Adjustments

n/a

Other Resources Needed

Coordination with FACE, SBST and CSE teams for parent facing materials

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Aprendo Lleyendo	Behind grade level in Spanish reading and writing	Reading and writing intervention	Small group	Before, During & Afterschool	No
Spire	Students reading at least 2 years below grade level that have a mastery of vowel sounds.	Reading and writing intervention	Small group	Before, During, & Afterschool	No
Great Leaps	Students showing deficits in math and/or reading fluency	Math and reading intervention	One-to-one	Before, During, & Afterschool	No
UFLI	General education students performing far below grade level (Level 1) in reading.	Reading	Small group	Before, During, & Afterschool	No
Sound Sensible	Students well below grade level in phonological awareness	Phonological awareness and phonics	Small group	Before, During, & Afterschool	No
Do the Math	Students well below grade level in Math	Math intervention	Small group	Before, During & Afterschool	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
School Counseling for non mandated students (Tier 2)	Students with low level infractions	Group counseling as needed with family consent	Weekly groups based on whether infraction involves peer(s) or individuals actions	During school hours	No
School Counseling offered for non mandated students (Tier 3)	Students with high level infractions	Individual and group counseling as needed with family consent	1:1 or group based on whether infraction involves peer(s) or individuals actions.	Before, during, and after school hours	No
School Based Mental Health referral (Tier 3)	Students with high level infractions	1:1 therapy with certified Mental Health therapist	1:1 therapy sessions with family support and resources offered	Before, during, and after school hours	No
SEL Lunch groups (Tier 2)	Students with low level infractions involving peer interactions	Role play and problem solving	Weekly groups based on infractions	During lunch periods	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Our MTSS overall process and components are shared with families, in a large group setting, through our PTA meetings and Parent Orientations, as well as through Parent Teacher Conferences, and other individual family meetings. In all of our meetings and family communication (ex. calls, email, Bloomz), we provide language options for families to receive information through their preferred language. For example, in our virtual PTA meetings, by choosing a channel based on language.

During our PTA meetings and Parent Orientations, the Principal reviews the levels of academic and social emotional support available, as part of our Multi-Tiered System of Support. The levels are explained (Tier 1 - Core Instruction, Tier 2 - Targeted, and Tier 3 - Intensive), as well as the process of how students are identified as needing additional support through screeners, as well as 6 week cycles of learning and assessment, parent and teacher requests. After 6 weeks of consistent Tier 2 or Tier 3 intervention, it is expected that students will show some growth. It is shared with families that if students do not show growth, the MTSS team, in communication with all staff members working with a student and their family, will determine if additional supports or different supports are needed. Some students may be referred to the SBST Team for a full evaluation, with parent consent or when a request is made by a parent.

During the PTA meetings and Parent Orientations, the Principal also introduces the screeners that we use for Math, English Language Arts, and Speech. Families learn that one way that we use these screeners is to identify students who are performing below grade level and may need additional small group academic support. Our speech providers also review the screener they use to identify students in Pre-Kindergarten and Kindergarten who may benefit from speech intervention. Families are respected partners in their child's learning. We encourage families to reach out to their teacher(s) and/or administration, if they have any questions or concerns about their child's academic or social-emotional growth. The MTSS team works with families to provide additional supports for students, including before and after-school, to maximize Tier 1 instruction during the school day.

Teachers also review the components of MTSS with families during parent-teacher conferences and other individual meetings with families. Teachers reach out to parents, through their preferred method of communication, to keep them informed of their child's progress and if their child is performing below grade level. They discuss the supports provided by the classroom teacher, and the supports available through our MTSS team. Teachers explain that they are able to provide both Tier 1 and Tier 2 instruction in the classroom, and that students may receive Tier 3 support from an intervention teacher or service provider, who is part of the MTSS Team. Before an intervention teacher or provider begins working with a student, they reach out to the family with the classroom teacher, to discuss and develop plans together, and answer any questions.

In addition to Tier 2 and Tier 3 supports, we also share with families that we offer a community walking bus for families in the neighborhood that have difficulty getting their children to school on time or with chronic absenteeism. This component of MTSS is facilitated by the School Counselor and Social Worker, in collaboration with the MTSS and Attendance Team. The school counselor and social worker walk to the families house in the morning, who are in need of and have consented to receive this support, and walk the students to school.

Another component of MTSS that we offer to our families, based on assessments, both academic and social emotional, is flexible programming. With flexible programming we are able to create individualized schedules for students who need it, that we draft with students and their families, in collaboration with staff that works with the student, including MTSS team members. This programming is also for students who are far above grade level and may benefit from spending time in the grade above, in a specific content area, as part of a differentiated instructional plan.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive updates on their child's progress in Tier 2 targeted and Tier 3 intensive intervention, through their preferred method and language of communication, as part of 6 week cycles of learning.

The MTSS team meets weekly to discuss students who are currently receiving Tier 2 and Tier 3 interventions, as well as new requests for support from teachers, parents or administration. During these meeting the team analyzes assessment data to determine if the program and support plan that has been developed, in communication with the classroom teacher and family, is effective based on the progress or lack of progress a student is making.

As a team, in collaboration with administration, the MTSS team has agreed to provide families with updates on student progress, every 6 weeks. This update may be through a phone call, an in-person or virtual meeting, through email or backpack mail, depending on each family's preferred method of communication. If a parent reaches out between these 6 week cycles, the intervention provider will respond and provide additional updates as requested.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Our MTSS team works with families to determine the best option for intervention with them. Sometimes parents would prefer their child receive intervention before or after school, and we work with our team to find staff members available whenever possible. Sometimes there are multiple areas that a student needs intervention in, and we work with the family to set goals, and determine what to prioritize, reducing the amount of time a student is out of their classroom across the week.
If students are not making any progress, after 6 weeks of Tier 3 intensive intervention, we discuss this lack of progress with families and other potential changes we could make to support them. For example, a different intervention program or other changes to their daily schedule.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Total number of STH: 84

Doubled up (with friends or relatives because they cannot find or afford housing): 11
Living in a shelter or transitional shelter: 72
Living in a hotel/motel: 1
Living in a car, bus, or train: 0
Living in a park or public place: 0
Living in an abandoned building: 0

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

One trend that we've noticed is the vast majority of our students in temporary housing are ENL students who are Russian, Spanish, Chinese or Haitian.
We have hired a second ENL teacher and social worker to provide support with housing, language and mental health.
We have also expanded our attendance team and initiated a community walking bus to support with transportation to school.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students in Temporary Housing are supported with bussing or Metrocard transportation if preferred. PS 20 maintains a full food pantry which is fully stocked each Thursday with shelf stable food and fresh fruits and vegetables. PS 20 has community washers and dryers and provides detergent necessary for laundry services. All STH are given necessary supplies for school, such as book bags, art and writing supplies, winter jackets, shoes, clothes, and hygiene products. We offer school or mental health counseling for both students and adults. In addition, every Friday, the school supports students with obtaining immunizations and up to date physicals with our partnership with Betances. Students in Temporary housing are also given a 1:1 staff member to support with attendance issues that may arise throughout the year. An onsite social worker, affiliated with our CBO Henry Street Settlement, works with families in STH to support housing transitions to Tier 2 housing if consent is given.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently have one student in foster care, enrolled in our school, for the 25-26 school year.

We have the following social-emotional supports available to students in foster care: individual counseling, group counseling, therapy, family support services, and crisis intervention.

Individual Counseling: Students in foster care are offered counseling sessions with our social worker or school counselor. These sessions are planned to address specific emotional and psychological needs, including trauma, grief, and issues related to placement changes. Students are encouraged to express themselves and work through any feelings that may hinder their ability to engage in school or build relationships.

Group Counseling: Group counseling provides a safe and supportive environment where students can connect with peers who may have similar experiences. This helps build a sense of community and reduces feelings of isolation. Topics may include managing stress, building self-esteem, and coping with separation from family.

Therapy and Family Support:
The school partners with Henry Street Mental Health Clinic, and Families Thriving, to ensure that students in foster care have access to additional community-based resources, including therapy, family support services, and crisis intervention. These agencies may also assist in stabilizing the student's home life and advocating for the students emotional well-being.

We also have staff members, including teachers, administrators, and support staff, who are trained in trauma-informed care to understand the impact of adverse childhood experiences and how these can affect behavior, learning, and relationships. This approach ensures that students in foster care receive sensitive, empathetic support, with an emphasis on creating a safe and predictable environment.

We also offer designated safe spaces, including a Buddha Booth, where students can retreat to when feeling overwhelmed. These spaces are calm, comfortable environments with access to mindfulness tools, calming

activities, and support staff to help the student regulate their emotions.

We have the following academic supports available to students in foster care: individualized academic plans, academic case management, extended day, enrichment and extracurricular activities,

Individualized Academic Plan: In collaboration with the student's caregivers, caseworkers, and academic team, an individualized academic plan is developed to meet the specific academic needs of students in foster care. This plan takes into consideration the student's prior academic history, individual learning style, and any interruptions to their education due to placement changes. The goal is to provide individualized interventions and accommodations that allow the student to grow academically, while also building on their strengths. Teachers differentiate their instruction to meet the unique needs of students in foster care. This may include modified assignments, additional time for tests, or the use of assistive technology to support learning. Teachers also use formative assessments to gauge each student's progress and adjust instruction as needed.

Academic Case Management: The school assigns a designated staff member to serve as an academic case manager for students in foster care from the MTSS or SBST Team. This case manager helps to track progress, monitor academic performance, and ensure the student has access to necessary resources. The case manager also acts as a liaison between the school, family, and any outside agencies involved with the student.
The school regularly monitors the progress of students in foster care through parent-teacher conferences, academic meetings, and social-emotional check-ins. The academic case manager, along with relevant school staff, adjusts the student’s support plan as needed to address any academic, emotional, or behavioral concerns that arise.

Extended Day: Students in foster care are provided with access to after or before school academic programs or academic enrichment classes. These programs are designed to help students improve foundational skills in areas such as reading, writing, and math.

Special Education Services (if applicable): If a student in foster care has a disability, the school provides special education services as outlined in the student's Individualized Education Plan or 504 Plan. This may include additional support such as speech therapy, occupational therapy, counseling, or other specialized services. Special education staff work closely with foster care caseworkers to ensure that services are integrated into the student’s overall support plan.

Enrichment and Extracurricular Activities: To help develop a sense of belonging and boost confidence, students in foster care are encouraged to participate in extracurricular activities such as sports, arts, and leadership programs. These activities provide students with opportunities to build relationships, explore their talents, and develop leadership skills.

Regular communication is maintained between the school, the student’s foster care caseworker, and the foster parent or guardian. The caseworker plays an important role in supporting the student’s academic progress by ensuring that any placement changes, family dynamics, or personal struggles are communicated to the school. This collaborative approach ensures that the student receives continuous support, even during times of transition.

The school encourages active participation from the student’s foster family or guardian in the student’s education. Workshops, family nights, and school meetings are organized to help foster families understand how they can support their child's learning and emotional development at home. We believe that a strong partnership between the school and caregivers contributes to the student’s success.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Our school ensures that students in foster care, particularly those transitioning into the system, receive the comprehensive and targeted interventions necessary for stability and success. By providing timely academic assessments, trauma-informed emotional support, individualized academic plans, and ongoing collaboration with community-based organizations, we help these students build a foundation for success based on resilience, stability, and achievement.

Academic and Social-Emotional Assessment: Students who are newly entering foster care are immediately assessed both academically and social-emotionally. This is done in collaboration with the student's caseworker, foster parents, and previous school (if applicable). The assessment allows the school team to identify any gaps in academic knowledge or emotional needs due to instability, trauma, or prior school experiences.

Referral to Support Services: Based on the initial assessments, students may be referred to the MTSS team for relevant services, including individual or group counseling, therapy, and/or academic intervention. We ensure that students in transition have access to additional support without delay, allowing them to adjust to their new environment and feel safe and supported.

Orientation and School Integration: Newly transitioning foster students participate in an orientation program to help them acclimate to the school environment. This program includes introductions to key staff members, such as counselors, social workers, and classroom teachers, a tour of the school, and opportunities to meet other students. A buddy system is in place, where a peer is assigned to help the student navigate the first few weeks in the school. This peer support promotes a sense of belonging and connection, which is crucial for students experiencing the disruptions of foster care transitions.

Transition Plans: A transition plan is developed for each student entering foster care, with input from school staff, the student's caseworker, and foster caregivers. The plan outlines specific goals, interventions, and services to help the student adjust academically and emotionally. This plan is reviewed regularly and adjusted based on the student's evolving needs. For students moving between multiple foster placements, the school ensures a seamless transfer of academic records and emotional support services, so students do not fall behind or feel disconnected from their education.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing citywide data (due to a low number of students in foster care at our school), the following trends emerged:
- Over 40% are classified with disabilities, which is double the citywide average
- Roughly 50% consistently miss 10% of school days; attendance rate often below 80%
- Frequent school changes, often two or more per year, increase risk of poor outcomes
- 80-85% not proficient in reading and math (grades 3-5)
- Suspension rate nearly 4× higher
- Students in foster care consistently experience academic instability, disengagement, and exclusion that undermines their learning trajectory.

These insights can be used to improve services and support by:
- MTSS Team: Creating an academic and social-emotional support plan, including assigning a case manager, based

on initial assessments.
- Attendance Team: Early monitoring, outreach, home visits, and transportation coordination, including use of the community walking bus if local.
- SBST Team: Review and expedite IEP assessments for foster students with disabilities, to improve services and reduce suspensions.
- Professional Development: Providing staff training in trauma and equity, including data insights around disproportionality and evidence-based behavioral strategies.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Our school implements a comprehensive support system for vulnerable populations, including students in foster care, with an additional planning for 5th grade, as a transitional grade within our school.

Here are some specific strategies we use to to ensure targeted Social-Emotional Learning (SEL) support for foster youth:
- Individualized transition planning and case management: Foster students in 5th grade are assigned a counselor or social worker who helps develop a transition support plan. These plans help identify emotional needs and environmental stressors, ensuring students receive proactive support during pivotal educational transitions.

- Foster care liaison: Our social worker and school counselor serve as a foster care liaison or partner with agencies like ACS and CBOs. These liaisons ensure continuous communication between caregivers, caseworkers, and our school, reducing disruptions and promoting consistency in services and expectations.

- Targeted SEL programming and small group interventions: Our school uses the SEL curriculum Sanford Harmony, founded in building healthy relationships to promote strong communities and a deep sense of belonging. These sessions build emotional regulation, resilience, and social skills while providing a safe space for students to express themselves and process trauma.

- Check-in/Check-out system: Students are paired with a mentor or staff member they meet briefly at the beginning and end of each day to set goals and reflect. This structure offers emotional consistency and helps students develop self-monitoring skills and accountability, key for managing both behavioral and academic expectations.

- Restorative Practices: Our school prioritizes restorative circles, peer mediation, and trauma-sensitive approaches to behavioral incidents. The goal of this approach is to reduce suspensions and promote healing, accountability, and trust-building among students who may have experienced instability or loss.

- Academic Support and SEL Integration: Teachers are trained to embed SEL into academic instruction and differentiate based on emotional and behavioral cues. This reduces stress in the classroom and provides scaffolds for students who may struggle with concentration, anxiety, or lack of motivation due to external stressors.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school’s Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research demonstrates a strong link between effective parent engagement and student achievement. In alignment with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), PS 20 The Anna Silver School is committed to developing and implementing a parent and family engagement policy that sets clear expectations and goals for meaningful involvement. This policy aims to strengthen the partnership between families and the school to support student success. Parents are encouraged to stay informed and take an active role in planning and decision-making by participating in the School Leadership Team, Parent Association (or Parent-Teacher Association), and the Title I Parent Advisory Council. Their involvement as trained volunteers and valued members of the school community is essential.

Support for Parents and Family Members of Title I Students

PS 20 The Anna Silver School is committed to supporting the parents and family members of Title I students by providing the following:

1. Academic Support for Families
Offering materials and training to help parents support their children's academic achievement, particularly in literacy, math, and the use of technology.

Assisting parents in understanding city, state, and federal standards and assessments.
2. Parent Involvement in Decision-Making
Providing information and training to help parents effectively participate in planning and decision-making related to their child's education.

3. Home-School Partnership
Fostering a supportive and collaborative home-school relationship to help parents monitor and support their child's progress.

4. Accessible Communication
Sharing information about school programs, meetings, and activities in formats and languages that all parents can understand.

5. Professional Learning for Staff
Offering professional development opportunities for school staff, with input from parents, to enhance outreach, communication, and cultural competency, thereby strengthening relationships within the school community.

Parental Involvement and School Quality

Parent and Family Engagement Policy

PS 20's Parent and Family Engagement Policy is developed through a thoughtful assessment of the needs of all parents/guardians, including those of Multilingual Learners/English Language Learners (ML/ELL) and students with disabilities.

The school community—through the meaningful involvement of parents and family members—conducts an annual evaluation of the policy's content and effectiveness with Title I parents to help improve the academic quality of the school. Feedback from surveys and forms is used to design strategies that better support families and strengthen the Title I program. These findings are maintained by the school.

Development of the Policy
To ensure broad participation, the policy was created in consultation with:
-Parents of Title I students
-Members of the Parent Association (or Parent-Teacher Association)
-Members of the School Leadership Team
These representatives were also asked to gather additional input from the wider parent community.

PS 20 will:
-Involve Parents in Planning & Evaluation:

Actively engage parents in the planning, review, and evaluation of the Title I program as outlined in the School Comprehensive Education Plan (SCEP), including implementation of the Parent and Family Engagement Policy and the School-Parent Compact.

-Collaborate on Title I Set-Aside Funds
Include all parents in discussions and decisions about the 1% Title I set-aside funds allocated to support family engagement activities such as literacy workshops and parenting skills development.

-Ensure Proper Use of Funds
Use Title I funds specifically to support activities detailed in the Parent and Family Engagement Policy and School-Parent Compact.

-Support Parent Leadership
Strengthen school-level committees with parent participation (e.g., SLT, PA/PTA, Title I Parent Advisory Council), providing technical support and leadership development training.

-Maintain a Parent Coordinator
Employ a Parent Coordinator (or designated staff member) to serve as a liaison between the school and families. The coordinator will:

-Provide workshops based on parent needs
-Promote a welcoming school environment
-Maintain a monthly log of family engagement events
-Submit regular reports to the central office
-Host parent workshops such as parenting skills, curriculum and assessment expectations, literacy and academic support at home, accessing community services, and technology training

-Provide opportunities for parents to better understand accountability measures such as:
ESSA/State accountability system
Student proficiency levels
School Quality Report, Learning Environment Survey, and more

-Annual Title I Parent Meeting
Host a required annual meeting to inform parents about the school's Title I programs and their rights and responsibilities under Title I, Part A, Section 1116 of ESSA.

Hold Additional Meetings
Schedule flexible, quarterly meetings—both in the morning and evening—to share updates on school initiatives and gather parent input.

Ensure Language Accessibility
Translate all critical school documents and provide interpretation during meetings and events, as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
Creating and distributing a comprehensive Parent/Family Handbook
Ensuring each grade has a grade parent
•Hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;

•Encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
•Supporting or hosting Family Day events;
•Establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
•Encouraging more parents to become trained school volunteers;
•Providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
•Developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
•Providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 20 The Anna Silver School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the partnership between families and the school in support of student achievement. This Compact outlines how parents, school staff, and students will share responsibility for improving academic performance and describes how a strong school-parent partnership will help all students meet State academic standards.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

•Using academic learning time efficiently;
•Respecting cultural, racial and ethnic differences;
•Implementing a curriculum aligned to the State Learning Standards;
•Offering high quality instruction in all content areas;
•Providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA).

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:
Creating and distributing a Parent Handbook that outlines familial expectations for the school year.
Hosting beginning of the year Parent Orientations with sessions dedication to help families understand how to use and interact with Bloomz.
•Conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
•Convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
•Arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
•Respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
•Providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
•Involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
•Providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
•Ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
•Ensuring that staff will have access to interpretation services in order to effectively communicate with limited English-speaking parents;
•Notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
•Arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
•Planning activities for parents during the school year, e.g., Parent-Teacher Conferences.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

•Creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
•Assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
•Sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
•Supporting parental involvement activities as requested by parents and family members;
•Ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
•Advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs.

II. Parent/Guardian Responsibilities

•Monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
•Ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
•Check and assist my child in completing homework tasks, when necessary;
•Read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
•Set limits to the amount of time my child watches television or plays video games;
•Promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
•Encourage my child to follow school rules and regulations and discuss this Compact with my child;
•Volunteer in my child's school or assist from my home as time permits;
•Participate, as appropriate, in the decisions relating to my child's education;
•Communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
•Respond to surveys, feedback forms and notices when requested;
•Become involved in the development, implementation, evaluation and revision to the Parent and Family

Engagement Policy and this Compact;
•Participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
•Take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
•Share responsibility for the improved academic achievement of my child.

III. Student Responsibilities

•Attend school regularly and arrive on time;
•Complete my homework and submit all assignments on time;
•Follow the school rules and be responsible for my actions;
•Show respect for myself, other people and property;
•Try to resolve disagreements or conflicts peacefully;
•Always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers at PS 20 participate in weekly planning sessions—including grade-level, program, and co-teaching meetings—for Dual Language, Special Education, and General Education programs (Pre-K through 5th grade). The school partners with external staff developers for literacy, math, and social-emotional learning (SEL), utilizing support from vendors, the district, and the city.

This year, PS 20 adopted the EL (Expeditionary Learning) curriculum for English Language Arts (ELA) and has collaborated with city, district, and EL staff developers to ensure consistent implementation. In fall 2025, the school will continue working with EL staff developers to integrate Social Studies and the Civics for All initiative into the ELA curriculum.

Additionally, PS 20 provides targeted professional development in Illustrative Mathematics and offers focused support for the rollout of Tier 2 and Tier 3 math interventions.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 20, all 3K, Pre-K, and Kindergarten students undergo preventative speech and language screenings conducted by a licensed speech-language pathologist to support early identification and intervention. In alignment with NYSED's focus on early childhood development and equity in access to services, this initiative ensures that language development is proactively supported from the earliest grades. Evidence-based strategies are shared with both educators and families to promote language acquisition throughout the year. Students identified as potentially at risk receive additional speech services in accordance with state guidelines.

As part of the enrollment process for 3K, Pre-K, and Kindergarten, teachers collaborate with the Pupil Accounting Secretary to engage families in comprehensive story-gathering conversations. This practice helps identify each child's strengths, learning needs, and any existing supports, ensuring a culturally responsive and student-centered transition into school.

To further ease the transition, students are invited into classrooms during the year prior to enrollment. These visits introduce them to the learning environment and teaching staff, while also providing informal opportunities—such as book exploration and classroom tasks—that inform instructional planning for the following academic year.

PS 20 will also host a structured orientation for incoming families in June 2025. This event is designed to equip families with resources, strategies, and learning opportunities to support student growth and engagement over the summer months, consistent with New York State's commitment to family-school partnerships and continuous learning.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$280,067	X	ELA, Math, Attendance
Title II, Part A	Federal	$21,197	X	ELA, Math
Title III, Part A LEP Carryover	Federal	$8,378	X	ELA, Attendance, ENL
Tax Levy (Fair Student Funding)	Local	$2,936,963	X	ELA, Math, Special Education, SEL, Attendance
Title 1 1003a TSI/CSI PS	State	$38,880	X	ELA, Math, Attendance, ENL
n/a	n/a	n/a	n/a	n/a
n/a	n/a	n/a	n/a	n/a

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Sarah Pinto
Assistant Principal (Where Applicable)*	Carrie Orr
English as a New Language (ENL) Teacher*	Maura Lenahan, Inna Djaniants
Teacher (if school has a bilingual program must be a bilingual teacher)*	Elizabeth Ma/Dual Language Teacher
Parent/Guardian*	Guilan Zhang
Teacher	Jennifer Rivera, Second and Third Grade General Education Teacher
Parent Coordinator	Tina Mo
School Counselor	Jessica Espinobarros
Related-Service Provider	Cely Traje
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

295

Total number and percentage (%) of current ELLs:

80 current ELL students (27.12%)

Total number and percentage (%) of former ELLs:

1 former ELL student (0.34%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

77 Newcomer ELL Students (26.1%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

3 Developing ELL students (1.02%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

5 SiFE students, (1.69%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

12 ELLs with an IEP (4.07%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	N/A																0
TBE	N/A																0
TBE	N/A																0
DLBE	GE	Spanish	2015	1	1	1	1	0.5	0.5								5.0
DLBE	GE	Mandarin	2010	0.5	0.5	0.5	0.5	0.5	0.5								3.0
DLBE																	0
				total: 1.5	total: 1.5	total: 1.5	total: 1.5	total: 1.0	total: 1.0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

MLLs/ELLs receive stand-alone ENL services, by a certified ENL teacher.
The students are grouped by grade band (ie. Kindergarten - 1st) and by proficiency levels. Students at Entering and Emerging levels receive 180 minutes of Stand Alone ENL services per week and students at a Transitioning level will receive 45-90 minutes of Stand Alone services per week. If there are a large number of students that are at the same proficiency level, then we will group those students based on both grade band and proficiency level.

During Stand Alone ENL sessions, the ENL teacher provides supports in English language development through speaking, listening, reading, and writing activities. The ENL teacher uses grade level standards and assessments to design coherent instruction, which emphasizes language development. Through differentiation and scaffolds, the ENL teacher incorporates grade level content to reinforce vocabulary and concepts that students will encounter in their classrooms. The ENL teacher provides opportunities for read aloud, shared writing. oral language practice, and through games and songs.

Integrated ENL:

MLLs/ELLs who are at an Entering and Emerging proficiency level receive 180 minutes of Integrated ENL services per week. Students who are at a Transitioning level receive 90-180 minutes of Integrated ENL services per week. Students who are at an Expanding level receive 180 minutes per week.

MLs/ELLs in the Dual Language program receive integrated ENL/ELA services in their classrooms by a certified bilingual or ENL teacher. MLs/ELLs who are not in the Mandarin or Spanish Dual language program receive integrated ENL/ELA by a certified ESOL and Common Branch teacher.

Students in the Dual Language program are provided differentiated supports with scaffolds in place to help them access the ELA curriculum. Student scaffolds are created based on their proficiency levels and formative assessments throughout the school year. The students that are not in the Dual Language program are given the same supports by an ENL teacher that pushes into the classroom during ELA instruction.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

MLLs/ELLs who are in a Dual Language program receive integrated ENL/ELA services in their classroom by a certified bilingual or ENL teacher. In addition, if applicable, these students (Entering, Emerging, and/or Transitioning proficiency levels) receive stand-alone ENL services by a certified ENL teacher.
MLLs/ELLs who are at an Entering and Emerging proficiency level receive 180 minutes of Integrated ENL services per week. Students who are at a Transitioning level receive 90-180 minutes of Integrated ENL services per week. Students who are at an Expanding level receive 180 minutes per week.

Students in the Dual Language program are provided differentiated supports with scaffolds in place to help them access the ELA curriculum. Student scaffolds are created based on their proficiency levels and formative assessments throughout the school year.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

MLLs/ELLs who are at Entering or Emergent proficiency levels receive 180 minutes of stand-alone ENL services per week. In addition, these students receive 180 minutes of integrated ENL/ELA per week.
MLLs/ELLs who are at Transitioning and Expanding proficiency levels receive 180 minutes integrated ENL/ELA services per week.

MLLs/ELLs in the dual language program receive their integrated ENL/ELA minutes in the classroom with a certified bilingual or ENL teacher, while MLLs/ELLs not in the dual language program receive their integrated ENL/ELA minutes with a certified ESOL and Common branch teacher.

The ENL teachers (Maura Lenahan and Inna Djaniants) and classroom teachers who are certified in TESOL (Jennifer Rivera and Elizabeth Ma) discuss programming ELLs on the first day of school using data from the RLAT report. Once additional students are registered and the ELL identification process is completed the ENL teachers determine which grade level band is appropriate for those students.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

For the students in the ENL Program, ENL instruction is offered through a combination of Stand-Alone and Integrated ENL minutes, which are determined by the student's English proficiency level. For example, Entering level students will receive 360 minutes of ENL services per week (180 minutes will be Stand-Alone and 180 minutes will be Integrated). During Integrated ENL/ELA instruction, ENL teachers may co-teach or support ELA instruction in the student's classroom.

For the students in the Dual Language Bilingual Education (DLBE) Program, ENL instruction is offered through a combination of Stand-Alone and Integrated ENL minutes, which are determined by the student's English proficiency level. For example, Entering level students will receive 360 minutes of ENL services per week (180 minutes will be Stand-Alone and 180 minutes will be Integrated). During Integrated ENL/ELA instruction, ENL teachers may co-teach or support ELA instruction in the student's classroom. In this program, in addition to ENL supports provided by the ENL teacher, the students receive Home Language Arts taught in the home language by a bilingual-certified teacher. Students receive equal instruction in both languages (e.g., 50/50 model).

If the classroom teachers holds an ESOL license, the integrated minutes can be delivered by the classroom teacher based upon the student's proficiency level in the classroom. The MLL teacher will pull-out students to deliver standalone minutes in a small group setting, based on the grade and proficiency level of the students.

If the classroom teacher does not hold an ESOL license, the ENL teacher will deliver integrated minutes in the classroom if there are a large enough number of students in that particular class. The ENL teacher will use the pull-out model in a small group setting to deliver standalone ENL minutes, based on grade and proficiency levels.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Spanish and Mandarin Dual Language programs follow a self-contained and side-by-side rollercoaster model. The Mandarin Dual Language classes follow a self-contained model where one teacher teaches in both languages. The Spanish Dual Language Kindergarten and 1st grade classes follow a side-by-side model where there are two teachers (one teaches English, while the other teaches Spanish). Our Pre-K, 2nd, 3rd, 4th, and 5th grade Spanish Dual Language program follows a self-contained model where one teacher teaches in both languages.

In Grades K--5, the Dual Language program follows a 50/50 model. In this model, students will receive instruction in the target language for 50% of the day, while the other 50% of instruction will be in English. 100% of English proficient students and MLLs/ELLs are integrated.

b. In which language(s) is each core content area taught?

In the Dual language programs the classroom teachers teach core content in both languages.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

There are 84 Newcomer ELLs, which is 94.4% of the ELLs in our schools.

For students at an Entering/Emerging proficiency level, instruction focuses on incorporating all four domains (reading, writing, listening, and speaking), with a strong emphasis on explicit modeling. Newcomers will practice letter sounds and phonemic awareness activities, while also being provided with sufficient visual and vocabulary support during each lesson. Each lesson will incorporate photographs and word charts that students can refer to throughout the lesson and during their independent work. The teacher will model how to use sentence starters and sentence frames with repetition of Tier 1 words, so that students can begin to form simple sentences in their speaking and writing. In addition to receiving ELL services, Newcomers are also monitored by the MTSS team in order to provide immediate Tier III supports throughout the school year.

While Newcomers will participate in hands-on projects, the developing and long-term ELLs will receive more integrated instruction in content areas, such as Science and Social Studies. The Developing or Long-term ELLs will be expected to explore and access vocabulary more independently with their peers. These ELLs will be expected to create expanded sentences and elaborate more on their ideas in their speaking and writing.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Six students, or 6.7% of our ELL population are SIFE students.

In order to differentiate and plan effective instruction for SIFE students, the MLL teacher collaborates with classroom teachers and the MTSS team weekly. We analyze assessment data to determine the needs of SIFE students, so that we
can have a specific understanding of what the student can do well and what needs to be focused on to improve academic achievement in future lessons.

While trying to ensure that SIFE students continue to have access to grade level content, the MLL teacher, along with the classroom teacher will create lessons that provide additional scaffolds, such as visual support, word banks, sentence frames, and support of classroom charts. It is important to fully integrate SIFE students into the classroom with peers, so purposeful partnerships are important for ensuring that SIFE students can work with other students, who may be more advanced in terms of their English proficiency.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

P.S. 20 currently has 0 Long-Term ELLs.

For Long-Term ELLs, instruction may consist of the MLL teacher working with the classroom teacher to design Integrated content area activities and project-based learning activities for these students. Long-term ELLs can continue to enhance their language development by focusing on exploration activities in subject areas, such as Science and Social Studies. The MLL teacher can provide resources and support as needed.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

One student, or 0.3% of our ELL population are former ELLs.

For formers ELLs, instruction may consist of the MLL teacher working with the classroom teacher to design Integrated content area activities and project-based learning activities for these students. Former ELLs can continue to enhance their language development by focusing on exploration activities in subject areas, such as Science and Social Studies. The MLL teacher can provide resources and support as needed and can collaborate with the classroom teacher to design small-group activities in the classroom.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

There are several at-risk levels that might adversely affect the ELLs at P.S. 20.

94.4% of our ELLs are Newcomers, which is 84 students in our ELL population. With such a large number of Newcomers, it is important to be able to design activities that enable them to access content at a beginning level. It is important to ensure that all Entering/Emerging level students are scheduled weekly for their 8 periods per week of instruction. In order to be able to provide accurate minutes of services to all ENL students, PS 20 has two full-time ENL teachers. Additionally, all bilingual and teachers with teacher certification work with some ENL students to provide weekly integrated instruction.

Another at-risk factor for ELLs at our school is that 69 students, or 77.5% of our ELL population are currently in temporary housing. This factor often affects the student's attendance in school and ability to get proper rest and nutrition at home, which then affects their learning and progress in school.

Additionally, another at-risk trend that affects ELLs in our school are a Level 1 or 2 on the ELA and/or Math state exam for 1-2 years and did not demonstrate sufficient progress in English language proficiency.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

PS 20 currently has 1 former ELL in our school.

The at-risk trends that adversely affect former ELLs at our school are receiving a score of 1 or 2 on the ELA and/or Math State exam for 1-2 years.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation at P.S. 20 are Spanish (60 students) and Chinese (22 students).

Our school has 19 staff members who speak Spanish fluently and 10 staff members who speak Chinese fluently. In order to support communication and learning in these home languages, our school uses these staff members to offer oral translation as needed before, during, or after-school for families, as needed. Translation is provided for all meetings, such as parent-teacher conferences, SLT and PTA meetings, when the MLL teacher, classroom teacher, or additional staff members schedule the translation needed ahead of time with appropriate personnel. For each meeting, the language translation needed is determined and then based on their schedules, staff members are assigned to attend the meetings.

In addition, if written communication for families needs translation, then staff members who speak the home language, such as Spanish or Chinese, will translate the communication before it is sent home.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs in P.S 20 are 39.3% are American Indian or Alaskan Native, 24.7% are Asian, 16.9% are Black, and 19.1% are White.

ELLs are being included in the planning and delivery of CR-SE when the MLL teacher, classroom teachers, and administration incorporate a welcoming and affirming environment into each classroom. Each environment aims to learn about student cultures and communities, develop close relationships with students & families, incorporate social-Emotional Learning Programs, and include activities and materials that affirm student identities. For example, we celebrate Hispanic Heritage Month in September/October, Lunar New Year in January/February, Black History Month in February, Asian American, Native Hawaiian and Pacific Islander Month in May.

In addition, High Expectations and Rigorous Instruction, and Inclusive Curriculum and assessment are ways to include ELLs in the delivery of CR-SE. Activities can include, Project-Based Learning on Social Justice Issues. and student Leadership opportunities, in school teams, such as Student Government. Designing inclusive curriculum, where multiple races, genders, and identities are included is essential and it is important to have students as the codesigns of instruction, once assessment data has been analyzed.

Professional development for staff members is also an important component for ensuring that instruction and curriculum are non-bias and incorporate the diverse backgrounds of students and families in our school.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In reviewing ELP growth at P.S. 20, 23 students were reflected in the NYSESLAT 2024 group and 1 student met progress by exiting ELL status, 1 student met the annual progress target, 0 students met Safe Harbor cumulative growth, and 21 students fall into the progress not met category.

39 ELLs at PS 20 currently have no NYSESLAT 2024 level and no prior testing results. 50 students at P.S. 20 have a 2024 NYSESLAT score, and 28 students have a valid NYSESLAT 2024 score, but no previous exams.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When looking at the results of the 2024 NYSESLAT, 33.3% of students scored at an Entering level, 41.2% at an Emerging Level, 13.7% at a Transitioning Level, 9.8% at an Expanding Level, and 2% scored at a Commanding Level.

Some information that stands out with regard to the 2024 NYSESLAT is that 5/17 students who scored an Entering Level were 1-10 points away from moving onto an Emerging level and 5/21 Emerging students were 1-10 points away from moving onto a Transitioning level. 4/7 students at a Transitioning level were 1-10 points from moving onto an Expanding level and 1/5 students was 1-10 points away from moving onto a Commanding level.

In relation to the other modalities, the Speaking modality is an area of strength for ELLs in our school, since 5 students in Grades 3-5 scored in the higher range on this modality. and 4 students in Grades K-2 scored in the higher range on this modality. 2 students in Grade 1 and 5 scored at a high level in the Reading modality and 1 student in 3 scored at a high level on the Listening modality.

The writing and listening modalities shows the greatest area of need as only 2 students showed an area of strength in this modality.
31/51 students show that the Writing modality is an area of need.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

All students who scored at the Emerging, Transitioning, and Expanding levels scored a Level 1 on the ELA state assessment. 4 students who scored at an Emerging level, 1 student who scored at a Transitioning Level and 2 students who scored at an Expanding Level, scored a Level 1 on the ELA, 1 Commanding Student scored a Level 2 on the ELA. No Entering level students took the ELA in 2024.

For the Math exam, 2 students who scored Entering on the NYSESLAT, 5 students who scored Emerging, 1 student who scored Transitioning, and 1 who scored Expanding, and 1 student who scored Commanding, scored at a Level 1 on the Math state test. No ELL students scored at a Level 2 on the Math state exam. 1 student at an Expanding level scored a Level 3 on the Math test, 1 student at an Entering Level scored a Level 4 on the Math assessment.

All ELLs who took the 2024 ELA and Math state tests scored at either a Level 1 or 2. Their English proficiency levels as reflected by the 2024 NYSESLAT however does not necessarily correlate to their performance on the ELA test. The students who scored on the NYSESLAT at Transitioning or Expanding levels reflect higher levels of English

proficiency according to the NYSESLAT, whereas on the ELA state test, they scored at Level 1. The Student who scored
at a Commanding level on the NYSESLAT scored at a Level 2 on the ELA.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

6/51 students who took the 2024 NYSESLAT exam are flagged for IEPs. 2 students who tested at an Entering level in English proficiency is a SIFE student.

4 students with IEPs scored at an Emerging level, 1 student with IEPs scored at a Transitioning level, and 1 student scored at an Expanding level. Students with IEPs have made progress in moving their proficiency levels from Entering levels. There are a higher number of students (4) at Expanding Levels than students with IEPs. No students with IEPs tested at an Entering level, while 17 students without IEPs tested at an Entering level.

There were only 2/51 SIFE students who took the NYSESLAT in 2024. Both of those students scored at an Emerging Level. The SIFE status of these students could directly impact English proficiencylevels, because the student had interrupted schooling, may not have been exposed to content in the home language or English, and may be participating in school for the first time. As of Spring 2025, only 2/6 SIFE students are reflected in our school data. since 4 of our SIFE students are Newcomers and did not take the NYSESLAT 2024.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

ELLs are provided with a high-quality academic experience through careful planning and collaboration among teachers, targeted instruction based on assessment data, and interaction that combines explicit modeling, exploration, vocabulary support, and project-based learning.

The ENL teacher will collaborate frequently with the classroom teachers in order to plan effective, thematic lessons that align with the standards and the grade-level curriculum for each student. Lessons are designed to engage all learners by including aspects of student culture, individual interests, and exploration components. Students are encouraged to use all four modalities (reading, writing, listening, and speaking) in each lesson. The ENL teacher will refer to assessment data in order to design lessons to support the specific needs of each group of ELL students in different grades and at different proficiency levels.

When working with the ENL teacher, vocabulary support and visual aids are provided to enhance student language and provide the foundation needed to challenge each student to use a variety of sentence structures when completing tasks in reading, writing, listening, and speaking. In addition, project-based learning activities aligned to the ELA curriculum provide students with hands-on activities that push them to think critically about a variety of content area topics, while promoting classroom discussions among peers.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT includes teachers in the Dual language program and an ENL teacher. When looking at data, the ILT takes into account whether the student(s) are MLs/ELLs. They also consider whether they are newcomers, long term ELLs or SIFE students.
Our school's instructional goals are to have second grade students reading on grade level, improving early childhood literacy practices (incorporating specific programs daily, such as Foundations, SPIRE, Heggerty and Words Their Way), giving student's agency in their voice, choice and ownership throughout the school day, and creating culturally responsive sustainable practices in our curriculum.

Our school's instructional goals are to have all students improve their writing proficiency, improving early childhood literacy practices (incorporating specific programs daily, such as Foundations, SPIRE, Heggerty and Words Their Way), giving student's agency in their voice, choice and ownership throughout the school day, and creating culturally responsive sustainable practices in our curriculum.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In our stand-alone ENL program, instruction is entirely in English (with strategic use of students' home languages for support). When students are pulled for stand-alone ENL, the focus is on building foundational skills in English. Students will practice all four modalities (speaking, listening, reading, and writing) in each small-group session. The focus for stand-alone ENL services will be on building vocabulary, conversational skills, Tier 1 words, phonics skills, and proper sentence structure in English. Students will also add details to ideas when speaking by referring to sentence prompts and using pictures and labels to help support all four modalities.

In our integrated ENL program, instruction is entirely in English (with strategic use of students' home languages for support). Some students will receive instruction by their certified General Education and TESOL teacher in their primary classroom. Other students will receive their integrated ENL instruction by being pulled out of their classroom with a certified General Education and TESOL teacher. When students receive integrated ENL instruction, lessons will be designed to align with Next Generation Learning Standards in core content areas for their grade-level. Instruction is differentiated and scaffolded based on students' proficiency levels and IEP goals. Thematic units are used in order to incorporate Tier 2 and 3 vocabulary, while also integrating Social Studies and Science into the four modalities.

In our Dual language programs instruction is done 50% in English and 50% in the target language (Spanish or Mandarin). In the Dual Language program, students are taught all subjects in all content areas (ELA, Math, Social Studies, and Science) in both languages equally.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of MLLs/ELLs use a variety of instructional strategies and grade-level materials to provide access to academic content areas and accelerate English language development. Instructional strategies include explicit modeling of teaching points and daily goals set for students, hands-on activities, small group instruction, which includes "I do, We do, You do," methods of instruction. Students can engage in exploratory activities where they develop a question about a topic and then conduct a hands-on activity or research in order to find the answer, especially in Science or Social Studies content areas. Daily instructional activities incorporate all modalities (listening, speaking, reading, and writing) in order to accelerate student language development, The use of visuals, color coded words, sentences, charts, visual vocabulary word banks, and sentence frames also provide students with English language support. All students use an iPad (K-2) or ChromeBook (3-5) for instructional purposes in order to access Google Classroom, Clever, Level Learning, and other educational apps, which can be used to support their IEP goals.

Grade level materials, such as leveled texts, tiered vocabulary words, high frequency words, and games based on

English proficiency level can be used to help students access content areas and language as well.

Speech Pathology, School Counseling, Physical and Occupational therapy, and Special Education support services and programs are offered to ENL students as recommended by their IEP team and evaluation. When necessary, these services are offered in their preferred language if assessed that this is needed.

b. SIFE

When students that are identified as SIFE enroll in our school they will have the opportunity to participate in our ENL recovery program, which will be offered before school (extended day program), after-school, and during a possible Saturday Academy, pending funding. Offering these additional times for SIFE students throughout each week, will ensure that they have access to ongoing support in content areas and access to grade level content. Each environment will offer differentiated instruction and targeted support needed for ELLs to have access to grade level content.

SIFE students will also be offered in school supports by the MTSS (Multi-Tiered System of Supports) team in specific content areas, as well as, parenting workshops and support. We offer small group targeted push-in and pull-out services based on students academic assessments. In addition, extended day will be offered to support MLL SIFES, utilizing Title III funds.

Additionally, SIFE students are provided devices (ie PocketTalks) that provide support in both their home language and English, which can help to accelerate their English Language development. Students also have access to individualized programs, such as Level Learning (Boost) and Imagine Learning (Language and Literacy), which assess the student on their English proficiency skills in all four modalities. After assessing the student, the programs create self guided and interactive supports for each student.

c. Newcomers

ENL recovery will be offered before school (extended day program), after-school, and during a possible Saturday Academy, pending funding. Offering these additional times for newcomer ELLs throughout each week, will ensure that they have access to ongoing support in content areas and access to grade level content. Each environment will offer differentiated instruction and targeted support needed for ELLs to have access to grade level content. In addition, Newcomer students utilize a theme based curriculum both stand alone and integrated ENL services.

In order to support Newcomer families, we provide legal support, a clothing donation drive on Saturdays, laundry services and food pantry. By supporting the needs of families, we are also supporting the social-emotional and academic needs of our newcomer students.

Additionally,Newcomer students are provided devices (ie PocketTalks) that provide support in both their home language and English, which can help to accelerate their English Language development. Students also have access to individualized programs, such as Level Learning (Boost) and Imagine Learning (Language and Literacy), which assess the student on their English proficiency skills in all four modalities. After assessing the student, the programs create self guided and interactive supports for each student.

d. Long Term ELLs

ENL recovery will be offered before school (extended day program), after-school, and during a possible Saturday Academy, pending funding. Offering these additional times for Long Term ELLs throughout each week, will ensure that they have access to ongoing support in content areas and access to grade level content. Each environment will offer differentiated instruction and targeted support needed for ELLs to have access to grade level content. In addition, Long Term ENL students will receive additional in school MTSS services in specific content areas depending on assessments.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The ENL teacher works closely with all providers of students who are ELLs with IEPs. The ENL teacher and all providers of the child with an IEP make every effort to push into the classroom when possible to ensure the child is pulled out of their primary classroom as minimally as possible. The ENL teacher and service providers in the school share their schedules with one another to ensure that each ELL will receive all of their minutes for ELL services, while also not disrupting any additional services from other providers. The ENL teacher meets with the special education teacher and providers to ensure the academic and English language goals of the students are being targeted. The ENL teacher attends all IEP meetings in regards to the child to provide updated information on the child's English language acquisition progress.

The Special Education Teacher and ENL teacher work together to differentiate the ELA curriculum in order to meet the goals set for ELL students with IEPs. Planning days are provided for Special Education teachers and Providers, such as the ENL teacher to meet and discuss the needs of specific students. The Special Education teacher and ENL teacher work together to plan activities to meet the goals of students in a variety of environments.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Initially, all students whose home language is Spanish and who receive a proficiency score of Entering, Emerging, Transitioning, or Expanding on the NYSITELL will take the Spanish Lab exam in order to determine their home language proficiency. In addition, all ELL students who enter in 3rd grade or above participate in a SIFE screener to determine whether the child has had any interrupted formal education. In addition, the ENL teacher will interview the parents in order to discuss the child's previous schooling.

Students in the ENL program are provided opportunities to express themselves through the four modalities in their home language. The ENL teacher works with the student to make connections between the home language and the content that is being taught in English.

Students in the Dual Language program are frequently assessed by their bilingual teacher in their home language using Level Learning assessments, ELA and Math assessments that are adapted by the teacher in order to align with the school-based ELA and Math curriculum.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

The ENL teacher co-teaches and collaborates with classroom teachers for all program models. The ENL teacher will attend Grade Team meetings in order to collaborate with teachers across grade levels and plan lessons that reflect state standards and the curriculum pacing calendars. The ENL teacher will also schedule times during prep periods to join co-teaching planning teams, so that the needs of specific ELL students can be discussed and addressed. During these meetings, assessment data is discussed, planning for instruction and flexible grouping, and resources are shared among teachers. Teachers create and share resources, such as vocabulary word banks, writing stationary, and thematic art projects based on themes being studied in each grade level.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

All of our staff at P.S. 20 incorporates learning specifically related to the academic and social emotional needs of MLLs/ELLs throughout the day and the school year. Our goal is to establish a culturally responsive framework when planning our lessons. Our upper grade teachers and paraprofessionals are all trained in using restorative circles in their classrooms. Our lower grade teachers and paraprofessionals are trained using Stanford Harmony Social Emotional Learning.
Our ENL teachers (Maura Lenahan and Inna Djaniants) provide professional development to teachers and paraprofessionals on how to support MLLs/ELLs in the classroom who need additional SEL instruction. They offer strategies of using visuals, scaffolds, and differentiated lessons to help MLLs/ELLs. They model how to create a classroom environment that any student, regardless of their language proficiency, can feel independent and have ownership in their learning.
In addition, our ENL teachers participate in a year long Learning Series offered by District 1 where they given strategies on how to support our MLLs/ELLs in academic instruction. As a result our ENL teachers then turn key the information to colleagues and help create differentiation through scaffolds to support language and SEL growth for our MLLs/ELLs. This occurs during during grade team meetings and co-teaching planning periods.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Teachers are invited to attended professional development workshops throughout the year that focus on supporting ELLs in their classrooms. This includes workshops led by District 1 and UFT Teacher Center. These workshops focus on how to differentiate and scaffold instruction, provide language support, and creating bilingual materials.

ENL teachers and bilingual education teachers are also offered professional development where they can focus on Project Based Learning, so that they can learn about ways to incorporate content areas, such as Social Studies and Science into their instruction for ELL students. Our ENL and dual language teachers attend various workshops throughout the school year to provide academic support for our MLs/ELLs. ENL teachers attend monthly MLL/ELL Learning Series led by Luz Rojas (MLLs/ELLs Service administrator in District 1). Our dual language teachers attend yearly professional development offered by Level Learning.

All teachers keep track of their CTLE hours of professional development on a shared google spreadsheet.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The assessments being used to guide instructional planning for ELLs are Acadience, Fountas and Pinnell Running Records, iReady (Grades 3-5), LETRS Phonics and Word Reading Survey Administration, and EL Performance Tasks.

The data obtained from these assessments is used to design instructional activities in the classroom and helps the teacher to determine what interventions are appropriate for ELLs based on their performance on each assessment. Students are placed into groups based on their reading and writing levels. Once students are placed in groups based on their level, instruction can include small group or one-on-one conferences. Students are exposed to a variety of instructional activities, such as games, uses of visuals, listening activities with use of headsets and technology, partner activities with students of similar proficiency levels, and a variety of explicit instruction for phonics based activities. Based on the data from these assessments, teachers offer Tier 1 and Tier 2 supports for students in the classroom. These supports include UFLI, Sound Sensible, Spire, Great Leaps, and Reading Rescue.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

P.S. 20 offers targeted intervention programs for ELLs in ELA and math. ELL students are offered whole class UFLI and Words their Way to build phonics, phonemic awareness, reading fluency and vocabulary as a Tier 1 support. Students who need additional support are provided small groups using guided reading, Sound Sensible, and Spire as Tier 2 supports. In addition, students are offered Tier 3 supports in small groups or one-on-one using Reading Rescue, and Spire.
All Tier 3 intervention supports are offered only in English. Our dual language teachers offer Tier 1 and Tier 2 supports in the classroom using the Targeted language. For example, our Spanish dual language teachers use Level Learning.
Teachers also offer Tier 1 and Tier 2 intervention in math. Teachers provide technology, math manipulatives, math stations, and small group instruction.
Tier 1 and 2 supports are provided to all ELLs subgroups in ELA and math. Primarily Tier 3 supports are offered to ELLs who are long-term ELLs as they have a strong foundation in speaking and listening but need additional supports in reading and writing.
Our Newcomers and SIFE students have access to online programs, such as Imagine Learning, and Boost through Level Learning. These online programs assess individual students and set individual goals for those students in English. Our SIFE students receive additional phonics support using Sound Sensible and/or UFLI. At this time, we do not have Long-Term ELLs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

P.S. 20 has an Instructional Leadership team that consists of administration and a group of teachers that have different roles in the school building (ELL, Special Education, Bilingual, School Counselor). We also have weekly grade team meetings and vertical planning meetings in grades across programs that allow teachers to meet weekly and analyze assessments to guide instruction. PS 20 also has a MTSS (Multi Tiered System of Supports team) that meets weekly to discuss the assessment data, needs, and future plans for students.

When looking at assessment data, each team will identify and notice trends for ELLs and determine specific ways to support them based on their proficiency and grade levels. Instruction is based on both state standards, school curriculum calendars, and assessment data. Once the assessment data is analyzed by the ILT and grade teams, the teachers and administration work together to come up with Tier 1 and Tier 2 supports for students. The RTI time will meet and discuss supports that are needed if the ELL student is not making enough progress with the Tier 1 and Tier 2 supports that have been put in place.

In the beginning and middle of the school year, students in every grade are administered the Acadience screener in literacy and math. Using this data, the MTSS team creates a list of students who need additional Tier 2 supports in the classroom. In between the screeners, teachers administer weekly progress monitoring assessments based on the lesson taught to the small group of students that week. The MTSS team will analyze the progress of these students in a shared spreadsheet and then provide further intervention (Tier 3) if needed.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments being used to guide instructional planning for ELLs are Fountas and Pinnell Running Records, Acadience Screener, LETRS Phonics and Word Reading Survey Administration, and EL Performance Tasks. and teacher-created assessments.

The data obtained from these assessments is used to inform and drive instruction and instructional activities in the classroom are designed based on the results of these assessments. These formative assessments help the teacher to determine what interventions are appropriate for ELLs based on their performance on each assessment.

Students are placed into groups based on their reading and writing levels. Once students are placed in groups based on their level, instruction can include small group or one-on-one conferences. Students are exposed to a variety of instructional activities, such as games, uses of visuals, listening activities with use of headsets and technology, partner activities with students of similar proficiency levels, and a variety of explicit instruction for phonics based activities. Based on the data from these assessments, teachers offer Tier 1 and Tier 2 supports for students in the classroom. These supports include UFLI, Sound Sensible, Spire, and Reading Rescue.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In the Dual Language classrooms, ELLs are appropriately evaluated at three benchmarks throughout the year in their home language. Target language teachers use Level Learning in order to assess the students reading proficiency in Chinese and Spanish.

For writing, the target language teachers use a translated version of the EL Performance task rubrics. Students are given the opportunity to publish their writing in English or their home language.

Teachers evaluate students in their home languages at the beginning, middle, and end of the school year in order to inform and drive their instruction in the student's home language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The NYSESLAT and ELA exams are used to evaluate the effectiveness of our ML/ELL programs.

These summative assessments enable teachers to design instruction and make future curricular decisions based on student assessment results. These assessments provide a wide range of information regarding student performance in the four modalities (speaking, listening, reading, and writing). The teacher uses the raw scores of individual modalities in order to create small groups and provide the targeted instruction needed for each student within each modality. The raw scores of individual modalities allows teachers to set individual goals for each ELL student in each modality. For example, while students may be at the same proficiency level, they may need support in different modalities within that level.

Teachers can analyze and compare the results of each student's NYSESLAT and ELA exam in order to make sure that there are no discrepencies between what the child needs for Reading and Writing instruction.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

ELLs and former ELLs continue to receive services during the tested period as the ENL teachers, Maura Lenahan and Inna Djaniants , is not pulled for testing administration or scoring. Teachers within the school building will help to administer the NYSESLAT as well as out-of-classroom teachers to ensure that mandated services are not interrupted.

The school testing coordinator, Carrie Orr, will help to organize and distribute testing materials. The testing coordinator creates a shared google spreadsheet to keep track of all students who have been tested.

Classroom teachers communicate via Bloomz app (parent communication app) to ensure all families are made aware of the upcoming tests and the dates the tests will be administered. All families of ELLs also receive a letter that is translated into their home language informing them of the upcoming test. If a child is absent on the day the test is administered the attendance team will call families to ensure the child will attend school the following day to

make up the missing session of the test during the testing window.

One classroom teacher per grade will administer the NYSESLAT for students in that grade.
ELLs with testing accommodations on their IEPs will take the NYSESLAT in a separate location with a special education teacher.

All scoring is done in one school (P.S. 20) and the NYSESLAT Speaking and Writing assessments are scored by trained teachers who do not work directly with the ELL students

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school has created testing documents that are shared with administration, testing coordinators, and test proctors. The testing documents include spreadsheets that focus specifically on student accommodations for state testing. This spreadsheet will include the student name and a checklist of the accommodations that are provided for that particular student. When state testing begins, each proctor will attend a training offered by the MLL teacher to review the accommodations and be given a checklist along with the student test, that states what accommodations that particular student has for the state test.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

As a part of the ELL Identification Process, once the NYSITELL has been administered, the family/guardians will receive a translated Entitlement letter inviting them in for ELL Program orientation. The MLL teachers, Maura Lenahan and Inna Djaniants, coordinate and schedule all parent orientation meetings for ELL students. In order to ensure that there is adequate attendance, the MLL teachers offer meetings in the mornings and afternoons (before and after school) and in person or via Zoom. The parent orientation meetings are offered at 8:30 am and at 2:45 pm in order to accommodate different family needs. If a family is not able to attend the parent orientation on the first date that is given, the MLL teachers will coordinate another day and time and invite those families in again to ensure attendance and that each family receives all of the information that they need throughout the year.

An attendance sheet is created and kept for each meeting and placed in a Compliance binder after the meeting, in order to keep track of who was present at each meeting. The MLL teachers, Maura Lenahan and Inna Djaniants, ask that the families who attend sign the attendance form next to their name and provide their email address so that they can receive translated resources after the meeting. The attendance forms for each orientation meeting are dated and list the teachers and translators who participated in the meeting. The attendance form is kept in the MLL teacher compliance binder in order to ensure accurate record keeping for these meetings throughout the year.

During orientation, the MLL teachers and translator will show the orientation video in the family's preferred language. The MLL teachers refer to the home language survey to ensure that each family has access to their preferred language and then asks the appropriate translator to join for the meeting. If we do not have a person in the

school that speaks the family's home language, we will use the over the phone translation. All forms provided to families during the orientation, such as the Program Agreement and Parent Survey are also translated into the family's preferred language.

Parents/guardians will learn about the programs offered at PS 20 (Dual Language and ENL) and learn about the opportunities they have if they prefer their child attend a Transitional Bilingual program in another school within the district. Families will also receive information about ELL program options, ELL Transfer, ELL assessments, and academic standards. There is an opportunity during the ELL Program orientation for families to ask questions about the programs offered and they will also be given time to complete the Parent Survey and Program Agreement during the orientation. After the orientation, families will receive translated resources via email or print out, so that they can help support their child at home.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The ENL teachers, Maura Lenahan and Inna Djaniants schedule an annual meeting at the beginning of November to meet with families of ML/ELL students in order to discuss the goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas.

The ENL teachers, Maura Lenahan, Inna Djaniants, and staff members who help with translation, such as Elizabeth Ma (Dual Language Mandarin K/1 Teacher) and Jacqueline Benitez (paraprofessional, who speaks Spanish) attend these meetings. All communication to families is done through letters that are translated in the parent's preferred home language and sent home with the child.

In addition, families are notified of the individual meetings via email and Bloomz (our school social communication app). Parents are given the opportunity to meet in person or via Zoom in order to discuss individual student progress, ask questions about the program, or to discuss assessments, such as the NYSESLAT. The MLL teachers create PowerPoint slides that describe the role of the MLL teacher, the goals for ENL students throughout the year, and shares information about the program models in the school. During these individual meetings, parents will receive information on assessments such as Acadience and NYSESLAT in order to better understand their child's proficiency levels in English. Sharing these assessment results will also help parents to understand the progress that their child is making as the goals that have been set by teachers in order to ensure that progress continues to be made throughout the year.

In addition, the MLL teacher sends home translated letters throughout the school year. Progress reports are sent home mid-year and at the end of the school year with student report cards. These reports inform parents of the student proficiency levels and what they are learning at that point in time, along with their goals in the program. Translated letters are also sent home to families before the NYSESLAT and then after the NYSESLAT scores are generated.

In order to keep track of attendance, Maura Lenahan and Inna Djaniants create attendance sheets for each meeting that are signed by parents who attend the meeting and then are filed in the compliance binder for record keeping.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

PS 20 ensures that families receive all school communications and documents in the language they best understand by referring to ATS and the student's home language survey.

Once the family's preferred language is determined, the school will send home translated letters or use oral translators in the school building to communicate with families. All school wide letters, flyers, announcements, or emails are sent home and translated into Spanish and Chinese. If additional written translation is needed, an appropriate pedagogue will provide translation into additional languages.

Teachers have been given "Pocket talks," which have assisted in oral translation for a wide variety of languages for meetings and question/answer discussions with families.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

In order to determine the needs of our community, PS 20 uses the feedback provided by families in the DOE School Survey. According to the DOE School Survey, 93% of families responded positively to questions about strong family/community ties. P.S. 20 finds the link between family and school necessary for building and empowering our school community, especially with our language learners. Based on the data collected from families in the DOE School Survey, we have implemented several family engagement activities and workshops, during the school year.

In order to welcome families into our school on a monthly basis, we host a monthly Family Friday for all families to come into classrooms and work with their children on projects or to observe learning in the classroom. Translation is provided based on the preferred language of the families in each class. Families have the opportunity to learn strategies from the classroom teacher that they can apply at home with their children.

P.S. 20 creates activities that highlight the cultures and traditions of our diverse community by inviting families in for Lunar New Year Celebrations, Hispanic Heritage Month activities, Black History Month learning walks/ class museums, and cultural feasts in classrooms throughout the year.

Families are invited to pot-luck gatherings in our school cafeteria after special celebrations, so that they can get to know one another and speak to staff members and other students.

Aside from family events offered at our school, monthly workshops for families are also offered. In October, parents are offered a workshop called, "Exploring the Digital World; Ways to Keep Kids Safe Online." In November, parents will be offered a workshop called, "Healthy Habits and Happy Parenting; Building Routines that Work for Your Family." In December, families can attend a workshop called, "Stress Less, Smile More; Family Fun in Building Coping Skills Together." In January, families can attend, "Playful Connections; Enhancing Social Skills Through Playful Moments." Workshops will continue to be offered each month for the remainder of the school year that can foster family engagement in our school community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Families of MLs/ELLs are invited throughout the year to either join or participate in the PTA and SLT. Meetings are offered monthly and parents can either join the teams or attend the meetings to hear what is being discussed. Each team consists of a variety of school personnel and members of our school community, which represent multiple cultural backgrounds and linguistic preferences.

On the last Friday of September, parents are invited to attend a meet and greet that is organized by the PTA. During this meeting, the PTA shares ways that families can get involved in the PTA, SLT, etc.

Throughout the year, the PTA holds additional meet and greets after every Family Friday (which is held on the last Friday of every month at 8:20 am). These meetings provide families with information about leadership opportunities in the school and the Community Education Council.

Every class in the school sends home a family survey at the beginning of the school year to make families aware of leadership opportunities in the school, such as Class Parent, volunteer/chaperones for field trips, and organize cultural celebrations. The survey enables families to respond share how they would like to volunteer and participate throughout the school year.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

P.S. 20 has several partnerships that support the interests and needs of our school community. These partnerships give our ELLs opportunities to try a variety of activities, exercise their individual talents, and speak to individuals within and outside of our school community in their home languages.

New York Cares, Rosie's Broadway Kids Dance Program, Paper Bag Players Theatre Group, Paul Taylor Dance, Ajna Dance Company, National Dance Institute, and Third Street Music School are the culturally and linguistically responsive partnerships that we have at P.S. 20. The celebrate students cultural and language using story gathering, dance, music, and art. Students begin to learn about others cultures. Families actively participate in open classrooms and school assemblies throughout the year.

Partnerships are for Pre K-5 students and each grade can participate in specific partnerships each school year. These partnerships enable students to learn dances from other cultures, select and read books in their home language if they choose, and create projects in their classroom with volunteers from the New York Cares Program.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our school fully integrates ML/ELLs into our classroom instruction across grades and programs. Our specialty classrooms (music, art, science, PE, tech), uses students stories and experiences to drive instruction.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of our team include a member of the administration, 1 or more ENL teachers, a classroom teacher, the Centrally funded IEP teacher, a special education teacher, and a related service provider, typically either a speech therapist or school counselor. We work to ensure that at least one member of our ELL identification team speaks Chinese and another member speaks Spanish, since we offer a dual language program in each of these languages.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Upon admitting a new student to the NYC Public School system, the school secretary, Tracey Arrington) and parent coordinator (Sue Teng Mo) informs the ENL teachers (Maura Lenahan and Inna Djaniants) to interview the parent and child that is being enrolled. If the ENL teacher is providing mandated instruction to current MLs/ELLs then another trained pedagogue (Elizabeth Ma, Jennifer Rivera) will conduct the interview with the parent and child.
If translation services are needed, a teacher, school aide or paraprofessional will translate the questions the ENL teacher or another pedagogue asks the parent and child. In the case that we do not have an in-house translator then we will use over-the-phone translation services.

In addition, the MLL teacher will make every effort to schedule times outside of school hours for families to complete the home language survey and student interviews. An additional licensed ESOL teacher (Elizabeth Ma or Jennifer Rivera) will test students for NYSITELL, while the MLL teacher continues to instruct ENL students in push-in or pull-out sessions. Parent
orientations are scheduled before or after school, as a parent of the mandated Parent Engagement minutes. When orientations are scheduled, the MLL teacher makes sure to invite all parents/guardians of students going through the ELL Identification process, to ensure that as many as possible are completed at one time. Also, the MLL teacher secures translation needed for each group of families attending orientation and times before and after school are

offered to try to make sure that a large number of families can attend.

Due to the large number of ENL students in our school, the two ENL teachers work together so that all students continue to receive mandated instruction. The ENL teachers do this by having one teacher provide mandated instruction to all MLs/ELLs based on grade bands, while the other teacher works on the ELL identification process. Throughout the year, as new students enroll in school, the ELL ID team refers to the ELL Identification Team schedule, which indicates who will conduct the HLIS, student interview, administer NYSITELL, administer Spanish Lab (if needed), and coordinate the Parent Orientation.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Sarah Pinto

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Inna	Djaniants	Teacher - Regular Grades - ESL	11/06/2024	
Maura	Lenahan	Teacher - Regular Grades	11/06/2024	
Yue Teng	Mo	Parent Coordinator - Annual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
CHINESE ANY	47	10.56%	35	7.9%		
CANTONESE	1	0.22%	2	0.45%		
EWE	1	0.22%	1	0.23%		
FRENCH	3	0.67%	3	0.68%		
MANDARIN	0	0.00%	11	2.48%		
ENGLISH	294	66.07%	293	66.14%		
PASHTO (A.K.A.	1	0.22%	0	0.00%		

PUSHTO)						
PORTUGUESE	2	0.45%	2	0.45%		
RUSSIAN	1	0.22%	1	0.23%		
SERBIAN	2	0.45%	2	0.45%		
SLOVAK	1	0.22%	1	0.23%		
SPANISH	91	20.45%	90	20.32%		
(AMERICAN) SIGN LANGUAGE	0	0.00%	1	0.23%		
TIBETAN	1	0.22%	1	0.23%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent flyers, emails, Invites to school events (conferences, Family Friday, celebrations)	School wide written communication is sent home in English, Spanish, and Chinese. This written communication is translated by a staff member that speaks and writes in the preferred language. If there are additional preferred languages that are needed for translation in documents, the school either asks a staff member who speaks/writes in the language, such as French, Russian, Bengali to translate or contacts the DOE Translation line for assistance.
IEP	School wide written communication is sent home in English, Spanish, and Chinese. This written communication is translated by a staff member that speaks and writes in the preferred language. If there are additional preferred languages that are needed for translation in documents, the school either asks a staff member who speaks/writes in the language, such as French, Russian, Bengali to translate or contacts the DOE Translation line for assistance.
ELL Documentation (Home Language Surveys, Entitlement Letters, Orientation resources, Program Agreement, Parent Surveys)	The documents needed for families who have children going through the ELL Identification Process can typically be found in the ELL Policy and Reference Guide. Translation is provided for these written documents in a wide variety of languages. If there are additional preferred languages that are needed for translation in documents, the school either asks a staff member who speaks/writes in the language, such as French, Russian, Bengali to translate or contacts the DOE Translation line for assistance.
Bloomz (Parent-Teacher communication app)	Teachers and staff members can use the Bloomz messaging app to communicate with families individually and whole-class on a daily basis. The Blooms app will automatically translate into the family's preferred home language. The Bloomz app supports translation for 243 languages.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance.
Back to School Curriculum Night	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance. PowerPoint presentations that are used to share information with families during this meeting are also translated into Spanish and Chinese.
End of Year Curriculum Night	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance. PowerPoint presentations that are used to share information with families during this meeting are also translated into Spanish and Chinese.
PTA and SLT Meetings	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance.
ELL Parent Orientation	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the

	appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance. Parents watch an informational video that is shared in their preferred home language and they receive resources to support their child's English language learning in their preferred language after the meeting.
Kindergarten Orientation	Translation is provided by staff members who speak the preferred language of families attending the meeting. The preferred languages of families are determined prior to the meeting and the appropriate personnel are added to the meeting schedule, so that they can attend and translate in the languages needed. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance. PowerPoint presentations that are used to share information with families during this meeting are also translated into Spanish and Chinese.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Our school Building Response Team (BRT) assigns specific roles to staff members in the event of an emergency. Staff members are specifically assigned to contact families that need translation in particular language. For example, staff members who speak Spanish will receive a list of students that they are assigned in a particular grade in the class Emergency Folder and contact the families whose preferred language is Spanish.

In a student specific emergency, our school has an Attendance Team that consists of staff members who speak in a variety of languages. These staff members contact families on a daily basis in their preferred language if there is an issue with attendance.
If a student is sick and visits the nurse or needs to go to the hospital, appropriate staff members who speak the family preferred language will be called upon to communicate with the child's family by phone.

If a parent has an emergency and needs to contact the school, the parent will be able to communicate with a staff member in the Main Office. There is translation in the Main Office for families who speak Spanish and Chinese and then additional staff members in the school building speak Russian, Turkish, Bengali, and French. If there is not a staff member on site that speaks the preferred language of the family, then we will contact the DOE Translation line for assistance.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure that all staff at our school complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents, our school can implement the following structured plan:

1. Administration will send a formal communication to school based staff, outlining the requirement to complete the training and its deadline. Administration will also Introduce the training during a staff meeting, emphasizing its importance in supporting families with limited English proficiency (LEP).
2. Teachers and staff will be provided with a guide to logging into WeLearnNYC and locating the training module and a designated staff member or tech lead can assist with login or access issues.
3. Our staff uses a shared spreadsheet and tracking system to monitor staff progress in their Professional Development and asynchronous meetings throughout the school year. Teachers will be reminded via email throughout the school year if they have not completed their training.
4. Administration will distribute DOE Guidance and share summaries of Best Practices for Translation of Critical Written Communications and Best Practices for Interpretation of Critical Oral Communications.
5. Administration will appoint a staff member to serve as the Language Access Liaison. The Galaxy-designated LAC will attend LAC training sessions throughout the school year and they will share new information with staff members in Grade Team meetings and during Professional Development time.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Parents are made aware of their right to receive information in their preferred language when they complete their child's Home Language Survey. During that time, they meet with the MLL teacher and staff members who are providing translation. When they fill out the survey, they are asked to indicate their preferred language for receiving both oral and written communication from the school. The information regarding their language preferences are shared with administration, the school secretary, and the child's classroom teacher.

Classroom teachers and staff in the school Main Office that communicate with families regularly keep class lists that include the family preferred language of communication, so that each time brochures, flyers, or school letters are shared with parents, they are sent home in the preferred language.

Teachers and staff members can use the Bloomz messaging app to communicate with families individually and whole-class on a daily basis. The Bloomz app will automatically translate into the family's preferred home language. The Bloomz app supports translation for 243 languages.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The mechanisms that our school uses to gather feedback from parents are the New York City School Survey, Parent Teacher Conferences, and monthly events at our school, such as Family Friday.

The New York City School Survey, provides parents with an opportunity to share their feedback about the language services that they are receiving, so that the school community can reflect and make improvements.

During meetings, such as Parent Teacher conferences and Family Friday events, several staff members, who speak the preferred languages of families, such as Spanish and Chinese are present to gather feedback and communicate with limited-English proficient parents. The staff members providing translation will share any parent concerns, questions, or feedback with appropriate school staff.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has implemented the feedback to improve language services by making sure that translation is scheduled ahead of time for meetings with parents, such as Parent Teacher conferences, Back to School Night, Family Friday, and PTA and SLT meetings. Spanish and Chinese translation are always available for families in oral and written communication because of the large number of staff members in our school that speak these languages. Our school has made sure to review all of the preferred languages of families that speak other languages, such as French, Russian, Portuguese. As a result, our school has included "Pocket Talk Translators" in classrooms and at meetings
where the staff member does not speak the child or parent's preferred language and translation is needed. This will ensure that all families have access to their preferred language in our school community.

Some of the feedback from limited-English proficient parents that we have received is that it is a challenge for them to support their child's English learning at home. Parens have expressed that it is difficult for them to understand what units of study their child is learning in the classroom. As a result, teachers send out monthly newsletters, that are translated into the parent's preferred language, which provides information about each unit of study in each content area, that will be focused on for that month. In addition, one way that our school plans to improve for next year is to ensure that homework assignments are sent home with directions and questions translated into the home language in order to enable parents to support their students learning at home.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

93

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

We will offer an academic enrichment program to all current ELLs and former ELLs (those who have tested out in the past two school years) after school. All ELLs will be given the opportunity to participate in this program. This includes newcomers, long-term ELLs, former ELLs, and ELLs with IEPs. This program will be offered to all ELLs in all subgroups in grades K through 5. Students will be taught in a small group setting. Students will be divided into groups based on their grade level, K-1, 2, 3, 4-5. Due to the large number of MLL students in Grades 2 and 3, those grade bands will be put into separate groups for the enrichment program.

Our afternoon academic enrichment program will be offered from 2:50 pm-4:50 pm on Tuesdays and Thursdays. This program will last a total of 18 weeks. The program will start the week of December 2, 2025 and will end the week of May 6, 2026. The four teachers who will be working with these students will be certified ENL and bilingual teachers who also hold a General Education license. In order for the four teachers in this program to collaborate, use assessment to drive instruction, and share resources/materials, a total of nine hours of planning time will be needed, so that each teacher has 4 hours of planning. Ensuring that the four teachers have 12 hours of planning time will enable them to meet in order to discuss MLL student progress within their groups and determine next steps for each student throughout the 18 weeks of the program.

All instruction will be taught in English and will focus on a thematic curriculum that will primarily focus on building English language proficiency in all four modalities (speaking, listening, reading, and writing). It will also focus on increasing literacy skills in target language (Spanish & Chinese).

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

It is important for current and former ELLs to have the opportunity to engage with other students and teachers in enrichment programs that focus solely on using the English language. This after school enrichment program provides ELL students with ample time to participate in engaging thematic learning activities. These activities will help to improve student vocabulary in English and increase their ability to successfully use all four modalities (speaking, listening, reading, and writing) in English. This enrichment program provides students with small group and direct instruction with certified ENL and bilingual teachers, which enables them to target the language needs of each ELL in the group.

According to the Spring 2025 EDAT, 94.4% of MLL students in our school are Newcomers. This ELL funded program is really important for enabling these students in Grades K-5 to have the opportunity to work with certified teachers

and peers on projects and phonics based activities in order to enhance their English learning. With such a large number of Newcomers, it is important to be able to design activities that enable them to access content at a beginning level. This enrichment program will give MLL students the opportunity to engage with other students in the program in a small group, low-risk setting, while providing MLLs with integrated content based exploration and hands-on activities that will peak their interest and enhance their vocabulary skills in English.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

We will offer an academic enrichment program to all current ELLs and former ELLs (those who have tested out in the past two school years) after school. All ELLs will be given the opportunity to participate in this program. This includes newcomers, long-term ELLs, former ELLs, and ELLs with IEPs. This program will be offered to all ELLs in all subgroups in grades K through 5. Students will be taught in a small group setting. Students will be divided into groups based on their grade level, K-1, 2, 3, and 4-5.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Our afternoon academic enrichment program will be offered from 2:50pm-4:50pm Tuesdays and Thursdays. This program will last a total of 18 weeks. The program will start on December 2, 2025 and will end on May 6, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

All instruction will be taught in English and will focus on a thematic curriculum that will primarily focus on building English language proficiency in all four modalities (speaking, listening, reading, and writing). We will be utilizing Expeditionary Learning as a Core literacy curriculum and Eureka Math Squared as our Core Math curriculum for MLL students.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There are four teachers that will work in this enrichment program with our MLL students will be certified ENL and/or bilingual teachers who also hold a General Education license.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials that will be needed for the enrichment program are leveled guided reading texts, thematic books by genre, charts, visual aids. In addition, general supplies for project based learning such as art supplies for students will be purchased to support creation of individual projects at the end of each thematic unit. Subway passes will be needed for possible Saturday field trips. We project using $634.00 towards supplies necessary for our four groups of ELLs to use over their 18 weeks in the Enrichment program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The school will maintain attendance records for students who attend this program. Extensive outreach by the teachers and attendance team will be used to reach out to students who do not attend regularly. Attendance records will be kept on our digital extended day system.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

PS 20 will be offering additional support to our ENL students due to an increase in the EL population this past year. We will also be focusing much of our work on the writing modality which has shown in NYSESLAT scores as a modality in need of improvement for all PS 20 ELL students. Our program will offer students support for language development focusing on the 4 modalities (Speaking, Listening, Reading, Writing). Participating staff will receive training on the 4 modalities, how to utilize the data from the EDAT to support students, and evidenced curriculum that will support student growth.

Professional Development with occur 1 day a month between November-May during after school hours. The ENL teachers, Maura Lenahan and Inna Djaniants will spearhead professional development. They will share resources with staff members that can be used to support ELLs in the classroom and with families at home. Outreach to our BCO will also be utilized throughout the process to support obstacles or data trends that arise throughout the program.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

At PS 20, we have a diverse population of students, who speak different languages and have a variety of learning needs. Professional development for classroom teachers and participating staff is a crucial part of supporting ELLs and moving them to higher achievement levels. When the ENL teachers are able to work alongside classroom

teachers, resources and supports for students can be consistent and used school wide. Monthly professional development sessions for classroom teachers will provide PS 20 with alignment across grade levels and between the ENL program and classroom environment for students.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Classroom teachers in Grades K-5 will receive training each month in order to work with the ENL teachers to support ELL students. In addition, these classroom teachers will receive resources and strategies that they can use in their own classrooms to support ELLs as well.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

During monthly professional development time after school, participating teachers will receive training in order to deliver instruction to ELLs. This groups of teachers will meet one day per month after school, between December 2025 and May 2026.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to be covered in our school's professional development program include:

-Resources used to teach ELLs in four modalities (speaking, listening, reading, writing)
-Addressing diverse needs of ELL students based on proficiency level
-Ways to develop vocabulary of ELL students
-Analyzing data from the EDAT in order to support student growth
-Using student assessments to drive instruction and create small groups based on common English proficiency levels

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Maura Lenahan and Inna Djaniants, the ENL teachers, will be working with teachers in the school in order to provide Professional Development that enables staff members to supports the needs of ELL students in PS 20.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

During professional development sessions, attendance sheets will be kept both digitally and printed in a file in the office. If professional development occurs off site, teachers are required to submit a copy of registration and a culminating narrative detailing what they have learned and how they will apply the knowledge to future instruction.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

During the 2025-2026 school year, the ENL teachers provide weekly opportunities for families of ELLs to meet virtually and in person to discuss their child's academic progress in English language proficiency. The ENL teachers also join all meetings families of ELLs have with their classroom teacher to listen to any concerns parents/guardians may have about their child's academic progress and how they can be supported. The ENL teachers, alongside the classroom teacher, also provide resources or extensions of classroom activities that could be completed at home in order to improve the child's English proficiency.

Families of ELLs have the opportunity to join and participate in their child's classroom routines/activities the last Friday of every month (Family Friday). The ENL teachers model lessons/activities that families could also replicate at home to support their child. Families are also invited to in school and community activities that are offered throughout the school year (ie. Costume Parade, Autumn Festival, Lunar New Year, Art Festival, Music Concerts, and Science Fairs). Families of ELLs attend PTA meetings and workshops to learn how to support their children to achieve academic success. These workshops are targeted to support all families (ie. families of students with IEPs, families of ELLs) and are either led my teachers, parents, or community members. In the beginning of the school year the classroom teacher and the ENL teachers meet with all families to discuss their child's personal interests and get to know the families as the school year begins.

Parents are notified by teachers via email, phone call, virtual meeting, or letters in their preferred language when parent engagement activities are led by the classroom teacher. When parent engagement activities are led by the school or the school community they are notified weekly by the principal through the Principal's Newsletter to Families. Additionally, our digital platform team share translated flyers on Instagram, Facebook, Twitter and WeChat. Our parent coordinator surveys all families to ensure the school has updated information of families preferred method of communication and their contact information.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

It is important to provide parents/guardians a variety of opportunities to engage with and meet with teachers and school staff throughout the school year. Parent engagement positively impacts the performance and achievement of students, especially ELLs. As a school, it is important to ensure that parents/guardians receive information in their preferred language and have time to receive information as well as ask questions throughout the school year. When parents and families are engaged in their child's learning, they can work at home to help support and reinforce what the child is learning in school. We feel that it is a necessary part of building a community and enables our teachers and staff to get to know families on a personal level, tap into the individual interests of each child, and create a cohesive environment where there is a continuous bridge between school and home life for students.

The School Leadership Team utilizes attendance sheets from Family Friday events and parent workshops. A SLT survey is used to access family needs in addition to the McKinney Veto survey sent to all families. Between these surveys, the SLT engages in action planning and progress monitoring of family events, engagements, and revisions to the family event timeline and content. The New York City Learning Survey is also utilized once a year to identify the needs of parents by sub group.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Daily- September 2025-June 2026:
-Our digital platform team share translated flyers on Instagram, Facebook, Twitter and WeChat. Our parent coordinator surveys all families to ensure the school has updated information of families preferred method of communication and their contact information.

Weekly: September 2025-June 2026:
-The ENL teachers provide weekly opportunities every Monday (Sept. -June) from 7:40 am-8:15 am and every Tuesday from 2:45 pm-3:30 pm for families of ELLs to meet virtually or in person and discuss their child's academic progress in English language proficiency. The ENL teachers also join all meetings families of ELLs have with their classroom teacher to listen to any concerns parents/guardians may have about their child's academic progress and how they can be supported. The ENL teachers, alongside the classroom teacher, also provides resources or extensions of classroom activities that could be completed at home in order to improve the child's English proficiency.

-Parents are notified by teachers via email, phone call , virtual meeting, or letters when parent engagement activities are led by the classroom. When parent engagement activities are led by the school or the school community they are notified weekly by the principal through the Principal's Newsletter to Families.

Monthly: September 2025-June 2026:
-Families of ELLs have the opportunity to join and participate in their child's classroom routines/activities the last

Friday of every month (Family Friday) from 8:20 am- 9:05 am. The ENL teachers models lessons/activities that families could also replicate at home to support their child. Families are also invited to in school and community activities that are offered throughout the school year (ie. Costume Parade, Autumn Festival, Lunar New Year, Art Festival, Music Concerts, and Science Fairs). If the last Friday of the month falls on a holiday, the families will be invited the week prior.

-Families of ELLs attend PTA meetings once a month virtually and have the option of attending up to 6 family workshops a year to learn how to support their children to achieve academic success. These workshops are targeted to support all families (ie. families of students with IEPs, families of ELLs) and are either led my teachers, parents, or community members. In addition, a winter luncheon is provided each year in the month of December where families meet each other and learn about their classmates families. During SY 24-25, 197 community members attended, 87% of which were families of ENL students.

-In the beginning of the school year in the month of October, the classroom teacher and the ENL teacher meet with all families to discuss their child's personal interests and get to know the families as the school year begins.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to be covered during Parent Engagement meetings can include:
-discussions/question and answer sessions regarding student progress
-Supports/Extension Activities that parents can do at home with students
-PTA Meetings
-Orientation to discuss child's needs/interests
-Family Friday
-Cultural Celebrations (ie. Costume Parade, Autumn Festival, Lunar New Year, Art Festival, Music Concerts, and Science Fairs).
-Workshops targeted for families of students with IEPs or students that are ELLs

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Maura Lenahan and Inna Djaniants, the ENL teachers, typically provide Parent Engagement sessions for families of ELLs and works alongside classroom teachers in grades K-5 to offer families support for ELL students.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are notified by teachers via email, phone call , virtual meeting, or letters when parent engagement activities are led by the classroom teacher. When parent engagement activities are led by the school or the school community they are notified weekly by the principal through the Principal's Newsletter to Families. Additionally, our digital platform team share translated flyers on Instagram, Facebook, Twitter and WeChat. Our parent coordinator surveys all families to ensure the school has updated information of families preferred method of communication and their contact information.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All family engagement activities include a digital or written sign in sheet which includes the parent's name, email or phone number, child's name, and date. All documentation is organized and presented to the SLT team monthly.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

NOT conceptually consolidated (must complete Part E of this document)

Allocation Amount ($):

20,938

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$17,424	4 teachers for 18 weeks, 4 hours a week at a rate of $60.51 an hour
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$2,880	Teacher salaries for 12 hours of planning across 4 teachers (2 hours per teacher)
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	$634	Student supplies for extended day such as notebooks, folders, pencils, art supplies, portfolios, textbooks
n/a	0	n/a
n/a	0	n/a
Other	0	n/a
TOTAL	$20,938	total of all services
